JESUS
Christmas Day
DISCOURSE

Dec., 25th 1935 — Los Angeles, Cal.

SAINT GERMAIN:
INVOCATION:

Thou Wondrous "Mighty I AM Presence," the full Individualized expression of the Christ! we rejoice and call forth Thy Greatest Activity on this Christmas Day, that Thy Light may expand within the hearts of the students and of all mankind, to lift them into the fulness of that Perfection which Thou art. To-day as never before, clothe them with the conscious ability of their right and power to call Thy Love, Wisdom, and Power into action to fill their worlds with the Love, Peace, Harmony and the Abundance of all good which every heart sincerely craves. We thank Thee it is done!

The DISCOURSE

JESUS:

In the closing hour of this day, which has been set aside for more fully entering into the worship of the Christ Power, God Individualized in action, when mankind rejoices so exceedingly in blessing with gifts one to another, Oh that they might understand the fulness of their privilege to give attention and adoration to their "Mighty I AM Presence," with such earnestness

and determination that they would consciously release those Infinite Gifts of Perfection which the Presence ever holds ready to release into their use, at their earnest determined call.

My heart so greatly rejoices with the students, who have been brought under the radiation of Saint Germain and the Great Host of Ascended Masters, that words seem inadequate to express the great feeling of Love and Gratitude that goes out from my heart, as I witness the great blessings that have come to thousands throughout America and which are now spreading to other countries; knowing that with the assistance of the Great Cosmic Law, it is just the beginning of the great expansion and expression of this Great Light, which Saint Germain has brought forth.

In your appreciation and gratitude for all that has come forth, can you imagine our rejoicing in all that has been accomplished in one short year? Then, knowing how much greater will be the expansion of Light and freedom that will bless mankind during 1936, is it not worth all the conscious effort that all of the "I AM" students can make for their own freedom, and the freedom of those still looking for their one and only Source, the "Mighty I AM Presence"?

It really would be quite apropos to call Christmas, Christ Expansion, for with the joy that fills the hearts of mankind and especially the children on Christmas, it has been a sacred day in that the attention of mankind is more firmly held upon Myself, as Jesus the Christ, and it does enable the Christ Light within each heart to find greater expansion, than through the entire balance of the year.

To the students of the "I AM Presence," every day becomes a Christmas Day, and through the earnest determined call of the individual, the Wondrous Gifts of the Presence are released into the use of mankind.

No one thing, since my ministry 2,000 years ago, is of more vital importance to mankind than the chart of the "Presence," which is available to the students; for in holding the vision of the position of the "Presence" before the individual, it compels the outer consciousness to accept the Truth that the "Presence" is there—that it actually beats the heart of everyone.

Then, all must know with definite unquestionable assurance, that they can release without limit the intelligent activity and power, to accomplish every constructive purpose the outer expression may desire, and this without struggle or confusion. It only requires the earnest determined call of the individual to the "Presence," long enough, to dissolve the human shell of limitation that the personality has drawn about it, which has no power of itself except what the human gives to it.

To withdraw all power from human creation of yourself or others, and give it to the "Mighty I AM Presence" where it belongs, is the key that unlocks the Treasure-house of the Universe to flow in a ceaseless stream, into the Life of the individual, producing Its Perfection. This was the exact process that I used in my own experience, which enabled me to dissolve all undesirable qualities about individuals, and set them free in the Light of their own "Mighty I AM Presence." It was thus that I was enabled to perform the so-called miraculous healings.

To-day, any sincere student of the "I AM" can, with practice, produce those same miraculous healings and enable all, who will give sincere attention to the "Presence," to have complete and eternal freedom, from any undesirable creation or condition.

Beloved Children of the Light! every Ascended Master has through this simple but majestic process, set himself free from all human limitations. It only requires your sincere determined acknowledgment, acceptance and practice of the "Presence" to enable you to perform *any* so-called miraculous feat. All is a perfectly natural process when understood.

The beauty and marvels of calling the "Presence" into action to accomplish a given purpose, upon which the attention is fixed, is that it cannot fail; for the "Presence" knows no opposition in the entire Universe. Your sincere determined call is as though you withdrew the bolt that opens the flood-gates of the Universe; to rush to your assistance, to accomplish the requirements of your call.

We, who have passed through this experience and have attained our complete freedom, are truly enabled to be the Way-Showers, for those of mankind who have not yet attained their freedom; and those who can accept fully and joyously these words of Truth which I speak, not only can but will have their complete freedom.

Those, who allow the human creation of doubt and fear to prevent them feeling and accepting this Truth, must still go on generating more limitation, until their distress becomes so great that they frantically call with such intensity for relief, that they break through the human shell, and allow the power of the "Presence" to pour forth

and give release.

The Light and freedom brought to mankind during the past fourteen months is unparalleled by anything we have ever witnessed, since the height of the last great civilization on Atlantis. This has come about, through the assistance of the great Cosmic Law, which at this time is making possible such assistance, as has never been known in the history of the earth.

As this Great, Dissolving, Consuming Activity moves forth, all human limitation must dissolve and disappear and with it all human selfishness. The Truth, that this is the permanent Golden or I AM Age for the earth, easily explains this. Ways and means will open for this conscious acceptance of the "Mighty I AM Presence" to come to great numbers of children and young people, which will cause an astonishing transformation among mankind.

I urge the students everywhere, with all the Love at my command, to forget everything else you have ever studied. Stand one hundred per cent in and with your "Mighty I AM presence" and the "I AM DISCOURSES" by Saint Germain, and you will have such freedom, such joy, such accomplishment, that will forever dissolve all doubt and fear from your consciousness.

When such great freedom is at your door, just for your acceptance and application, can you understand, how great is our Love and Desire to fully enable you to grasp these simple majestic Laws, that you may have the same freedom which we experience? However, this can only come through your joyful willing acceptance and application of this Truth which we give.

I say to the students with so great a Love, have patience in your application, for no one knows when or how soon your "Mighty I AM Presence" may release Its full Power and Freedom into action. In your application, take your firm stand, that RIGHT NOW, I ACCEPT AND EXPERIENCE MY FULL AND COMPLETE FREEDOM FROM ALL HUMAN CREATION AND LIMITATION. Then as you go forward, try to feel the fulness of this, until you actually experience the completeness of it in the outer expression.

Be so determined in the refusal of acceptance of human creation and limitation, that it cannot, by any kind of suggestion, find a place to anchor in your world. This is so important, when you are moving in the midst of the tremendous impact of human discordant creation; but when you truly know that your "Mighty I AM Presence" is the only "Presence" and Intelligence acting, then you know you have the Full Power of the Universe to accomplish your freedom for you. Therefore, you cannot fail. It is not a matter of, can you succeed, but you must have it in this acknowledgment.

Today has been a banner day for mankind, because so many of the "I AM" students under Saint Germain are decreeing and sending forth into the mental and feeling world of mankind, such freedom for America and humanity as is only conceivable to us, as we know with the All-Seeing-Eye. Thus, is the greatest encouragement and strength given to the students everywhere, and only as their True Inner Vision clears will they fully understand how much this all means.

Having before you the tremendous accomplishment in the past forty years, then you must know, in the ever increasing intensity of the greater

creative activity, what must be accomplished in the next two years. For the first time since the height of achievement on Atlantis is the mass of mankind having the understanding and application of the "Mighty I AM Presence," that enables such transcendent achievement to take place.

As more and more of mankind receive and apply this wonderous freedom, which the I AM DISCOURSES give, with the assistance of the Great Cosmic Law, they will see and understand what a privilege is theirs to give this assistance.

The Ascended Host of Masters thank Donald and the students for their splendid decrees for the freedom of America and mankind. Their far-reaching power is tremendous. I wish that I might speak personally to all the students, who are so earnestly applying the Mighty Law of their "Mighty I AM Presence," yet do I have patience, knowing that opportunity shall arrive, as the greater destructive momentum of mankind is dissolved and consumed.

Often do I speak to the hearts of the students, as their Love is sent like an arrow to me. Thus, I AM in the hearts of all who call to me, or anyone or all of the Ascended Masters.

Let no one desire to transcend or replace these Beloved Messengers, in this Light and expression of the "I AM" that Saint Germain has given forth. They have proven their ability to stand in the Light and with no personal desire, carry unselfishly the Pure Unadulterated Message of the "Mighty I AM Presence," and until the Ascended Masters come forth in their tangible, visible bodies, they will remain the Direct Messengers of Saint Germain, Myself, and Others of the As-

cended Masters. It is only through their joyous and willing obedience to our slightest wish, that it has been possible to bring forth this expression and understanding of the "I AM" in the purity and clearness in which it is expressed today.

The students will be wise indeed, no matter how great their inspiration, to stand steadfast in their use of "Unveiled Mysteries," "The Magic Presence," "The I AM Discourses," and "The I AM Adorations and Affirmations," for those words are cups that carry the fulness of the Ascended Masters' Perfection into the consciousness of the individual; and there is naught else in the outer world today, that will carry this conviction with so great a power.

A tremendous effort will be made to anchor the full conviction and accomplishment of the Ascended Masters' Consciousness into the hearts and minds of the students at the Shrine Class and all future classes. Special arrangements have been made for this purpose, for the future activity of the work.

A great reception is planned for the students of the "I AM" at the Royal Teton on New Year's Eve. Saint Germain will describe this to you on New Year's Day.

Having observed the activity with the students and the great expansion of the Light within the hearts of so many, it has caused great rejoicing of all the Ascended Masters, to find, after so many centuries of earnest endeavor, at last the achievement so long sought.

We expect some great changes in governmental and international activities, and we want the students of the "I AM" and mankind everywhere to feel greatly encouraged.

We shall endeavor to make "The Voice of the I AM" the most sought after periodical of the day. Being the "Voice of the I AM" it should be. It is my wish and that of the Host of Ascended Masters, that all students of the "I AM" firmly decree this and stand by it. This will enable transcendent things to be done through it. We thank Mr. Sindelar for having accepted the charge.

My Love and Blessings and that of the Host of Ascended Masters enfold the students of the "I AM" everywhere and all mankind, for we are pouring forth through the mental and feeling world of mankind this day, when their attention is lifted to the heights, tremendous Consuming Power to dissolve forever all discord, and replacing it by the Mighty Constructive Activity of the "Mighty I AM Presence," to produce and sustain the glory of that Perfection, which we experience, and have it made manifest on earth.

I clothe the students of the "I AM" everywhere, in the Garment of the Ascended Jesus Christ, that they may know, feel and experience that Freedom, which I have and which "I AM." In the everlasting Light of Eternal Freedom, "I AM,"

JESUS THE CHRIST.

SAINT GERMAIN'S INVOCATION:

Thou Infinite "Mighty I AM Presence," Whose wonderous Light fills the Universe! we stand glorified in Thy Glorious Radiance. Like jewels sent forth for the finishing of the facets that produce such marvelous luster, so are the Children of Light, in the acknowledgment of Thy Wonderous Presence, being made the finished jewels of Thy Heart; for in their wonderous acknowledgment of Thee, is their ability to become the Perfect Jewel which Thou hast mounted in the human form, that may be Perfect or otherwise, according to the choice or decree of the outer self. We give praise and rejoice greatly, that the day is at hand for Thy Perfection to come forth in full power, to all who sincerely look to Thee.

The DISCOURSE

In describing to you the activity that took place at the Royal Teton last night, it is with a heart filled with joy and sincerest gratitude to the many, many students, who went forth in their higher mental bodies to the Royal Teton to observe the activities and receive the enormous blessing awaiting them there.

Seven thousand seven hundred students were guests of the Ascended Masters at the Royal Teton from ten o'clock last evening to four o'clock this morning. Not in 200,000 years has such a wonderous event taken place.

I may not name the students who were there, but those who were will never feel quite the same again. Many viewed the three bodies in the crystal caskets with great wonderment and as further activities with those bodies are again to take place, it was a notable event and means much to those who were observers.

The outer activity of mankind knows so little, even now, of the transcendent things that are in their midst, that it is with great blessing that we keep calling their attention to these things which seem unusual to the outer. This has a tremendous underlying purpose.

Cyclopea in directing the mighty currents of energy through the All-Seeing-Eye, and the call of the many students of the "I AM," drawing the walls of light around America, have rendered tremendous service, in that it has prevented a tidal wave striking the western coast, which was thought would have come into action the second of January, 1936.

I remind mankind of this service, that they may know the great protection and blessing that is being given them. How much more wonderful it is, that mankind might be enjoying the Tournament of Roses, than to be in the throes of a destructive activity. As was rendered on the eastern coast a little more than a year ago, so has a great service been rendered at this time to the western coast.

To the sincere students of the "I AM" all over America, I am sure this knowledge will be of great

encouragement and strength to them, to call the "Mighty I AM Presence" into action everywhere to dissolve and consume all human destruction, and replace it by the Perfect Activity of the "Mighty I AM Presence."

This year, the activity of sending forth the great Globes of Light, charged with a specific activity, were sent forth all over the earth, to discharge their Intelligent Energy to dissolve and consume the destructive activity of mankind throughout the earth. This, we trust, will bring about a greater stabilization and intelligent activity among all official activities of the earth, so as to bring about some very desirable changes.

The calling forth, by the students of the "Mighty I AM Presence" to fill all official places with Its Perfection, has given tremendous assistance, and we trust each day that activity will grow greater. How very great is our Love and Gratitude to the students throughout America, who are making this earnest call, thereby giving such blessed service.

It was decided last night that Cyclopea, the Silent Watcher and the Great Divine Director are to work in conjunction for the next three years, with the Legion of Light, to bring about certain harmonious accomplishment, which They alone can do. To the degree that the Students of Light understand this and give their conscious co-operation, will many astonishing things be made possible. Never in the history of the earth, has so much conscious blessing and protection been given to the earth, and this could only be given now, because of the incoming Age of Great Perfection.

The Mighty Sustained Uplift, that will come to the students of the "I AM Presence" from their

visit to the Royal Teton last night, will cause them to know and feel with great assurance the Mighty Stream of Light, into which they have entered.

The destructive forces in Europe are not finding the easy achievement they have anticipated, and we trust, that the fangs of the sinister activity may yet be completely drawn, and hundreds of thousands more set free in the mental and feeling world to call forth the blessing, protection, and freedom of the "Mighty I AM Presence" to produce Its greater and greater Perfection everywhere.

My heart goes out, so earnestly, to the few of the Beloved Students of Light, who have allowed themselves to be temporarily turned aside, from the Great Stream of Light and Intelligent Energy, which this activity and understanding of the "Presence" would bring forth for them, but such is the free will of the individual, and we can only call their "Mighty I AM Presence" into action to protect and bless them and one day, again bring them back into this understanding of the "Mighty I AM Presence," which is their freedom.

Perhaps, I should say to the Blessed Ones, that there were students in attendance last night from every class that has been held in America, and we trust the first of July, 1936, will enable as many more to attend or even a greater number, than were present last night.

Not in over four hundred thousand years, have so many students been prepared and permitted to visit a single retreat, as was experienced last night in the Royal Teton, showing how very great is the expansion of the Light within the hearts of mankind, and within the consciousness of the individ-

uals, that they may feel an interest and sincere desire for the great Perfection, which to some degree is felt within every human heart. Now the Students of the Light are coming to know with no uncertainty, the joy and Perfection which can be theirs.

Oh Beloved Students of the Light everywhere! I know you must feel with great assurance, that when you call your "Mighty I AM Presence" into action to produce a given constructive result, there is nothing to resist it—nothing in the entire Universe to prevent Its full Accomplishment. Oh! for the students to feel the majestic Truth of this, that when they make application, calling their "Mighty I AM Presence" into action, It cannot fail in any way. The Law of Its Being and their Being, is that It must fulfill that unto which It is directed.

Knowing that the "Presence" is all Perfection, manifesting all Wisdom, then it is certain that only harmonious and Perfect results can come from Its application. Oh! for the students to feel with a joyous heart, that when they call the "Mighty I AM Presence" into action, It simply moves forth, dissolving and consuming all human discord or destructive activity, and fills that place with Its Mighty Harmony and Perfection. This releases the fulfillment of every requirement, whether it be money, health, harmony, justice or the "Mighty Directing Intelligence" that all mankind need at this time.

Through mankind's attention, vision and power of qualification, individuals have the full scepter of dominion and key, that unlocks for them the great Treasure-house of the Universe, to fill their worlds with all the Perfection, that

any heart can desire.

I charge the feeling of every reader of this, with the full conviction that the "Mighty I AM Presence" that beats each heart, holds within Itself, ready to release at their call the fulfillment of every constructive desire of the heart. Knowing that it only requires the harmony of feeling and the sincere determined *call* of the student or individual, to release quickly everything desired from the "Presence," then they know that the words lack and failure are forever stricken out of their consciousness and use, for these are words and activities that the "Presence" never knows. They are but human distortions, which have no power.

I urge the students everywhere to STUDY—STUDY—STUDY: APPLY—APPLY—APPLY the knowledge of the "Presence" given in the I AM DISCOURSES with great determination, and complete freedom is yours.

These Great Laws do not apply themselves, or you would have long, long ago been Perfect Beings. Therefore, it is self-evident that it does require your determined application of this knowledge of the "Presence," to have the Perfection which It is and contains.

The Tall Master from Venus with His twelve associates started, last night, a tremendous service for the earth and its inhabitants. The nature of this activity, I may not describe to you at this time,but I call it to your attention, that through your attention, They can work to greater and greater advantage.

I urge the students everywhere: DO NOT YIELD to the fascination of the beautiful things you may see, but ever keep your attention an-

chored upon the "Presence," Who is the Giver of all your heart so fondly desires, for as long as your attention can be held upon the pleasant things you might see, so long are you retarding your reception of the blessings and freedom, which the "Presence" holds for you.

I see so many students, who are inclined to be held by the fascination of the things that they see, that I MUST SOUND THIS WARNING, to put them on guard and prevent their being caught in this subtle activity; for in your "Presence" and from your "Presence" is the only place you will find peace, rest, freedom, and the abundant supply of every good thing you require for use.

So again I say: "Mighty I AM Presence" take command of each mind and body! cause them to be non-recordant to anything but your Mighty Perfection! hold them so close in your embrace of Light, that they have but one desire—TO BE THY PERFECTION AND LIGHT.

In this most wonderful of New Years, which holds such blessings and freedom for so many, I rejoice beyond all words and clothe every student of the "I AM," with that great FEELING OF VICTORY, which I have for them and charge it with MY full Power and Feeling of Victory, that they may go forth dauntless in the acknowledgment of their "Presence" and Its application, so all may quickly have that Victory and Freedom which we have.

In the coming six months, I will do everything possible the Law of each one's Being permits to assist them to their eternal Victory.

BENEDICTION

"Mighty I AM Presence!" having transcended all human limitation and creation by our self-conscious effort and application of Thy Great Laws, we call the full Power of Thy combined Love, Wisdom, and Power into all-powerful action, to set every student of the "I AM Presence" free forever—eternally sustained by Thy Courage and Directing Wisdom.

Cause each one to *feel* the *full activity* of this hourly—daily—until every vestige of human discord and creation has forever disappeared from their pathways.

The Eternal Love of the combined Host of Ascended Masters enfold all and raise them into their Eternal freedom.

· EXPLANATION OF THE CHART ·

The Upper Figure in the chart represents the Electronic Body of the "Mighty I AM Presence," which is the individualized focus of God, who creates the physical body.

The circles of color around the Electronic Body represent the causal body. This is the accumulated good of all previous embodiments, and is composed of all substance constructively used in previous lives. It is a reservoir of energy constructively qualified, being the sum total of all previous Self-conscious effort toward Perfection.

The Rays of Light going forth from the "Presence" are the Divine Mind or Love in action, continually pouring out Its Gifts of Perfection into the use of the human personality.

The lower figure represents the physical body, surrounded by the Violet Consuming Flame, held within the Pillar of steely White Light pouring down from the "Presence." The White Light of the Pillar forms a wall of protection around the physical, emotional, and mental bodies and acts as an insulation to all discord and destructive creation of the outer world.

Between the Electronic Body and the physical is the Higher Mental Body which is the discriminating selective Intelligence, that knows the Perfection of the "Presence" and the imperfection which

the human has drawn about the physical body, but refuses to accept the imperfection. It knows the requirements of the physical Life, reaches into the "Presence" and draws forth whatever is needed to change outer conditions into Perfection.

When the student calls to his "Mighty I AM Presence" to surround him with the Electronic Circle of Protection and to pass through his mind and body the Violet Consuming Flame, the "Presence" instantly projects this Wall of Light and Violet Flame around the physical, emotional and mental bodies. Thus, the student of Light can move in the world and yet, be unaffected by the discordant destructive creation of other human beings, as well as the accumulated discord of humanity in the past.

Everyone must some day, sometime, somewhere consciously call forth this Pillar of Protection around his human personality, in order to cut himself free from the surrounding influence of the outer world and attain his Ascension.

This is the Law of the individual's Life and the way by which he becomes the Ascended Master and manifests Perfection in all his activities.

· AFFIRMATIONS ·

The Ascended Masters and the Messengers ask every student to feel his individual responsibility in calling the "Mighty I AM Presence" into action daily for the invincible protection of America and to keep his feelings harmonized that this may be done.

I AM Ascended Master Guards, raised up everywhere for all students of the Light and America, sealing them in the heart of the "Mighty I AM Presence" forever and keeping them in conscious communion with the Ascended Masters.

It is the Messengers' request that all students of the Light use this for every other student throughout the Earth.

THEY came—and they conquered without the blare of trumpets — practically unheralded — with no newspaper publicity—like the Arabs they came into town. Whom do I mean? Why the Ballards, of course.

A few lucky ones, who had read "Unveiled Mysteries," were thus prepared and attended their first lecture at the Friday Morning Club, in Los Angeles. By the next night, they were turning so many away that they had to take the larger hall. After a couple of lectures, they were compelled to move to the Trinity Auditorium—which they filled. The demand was so great that they had to give a second course also to packed houses at the Trinity Auditorium. Never had people been so stirred. The entire town was talking of our beloved Messengers, the Ballards, and their marvelous message.

They went to Santa Barbara—all who had cars and could go followed them. In Santa Barbara, they had two packed houses.

From there to San Francisco, where their fame had preceded them and eighteen hundred people awaited them. There also were Los Angeles people who could not get enough truth, so followed along. I met people who drove fifty miles to the lectures and fifty miles home each night. Never

have I seen a more sincere, studious group than that San Francisco class.

They went to Seattle where they accomplished a very great work for America. They met stubborn opposition there at first, but it goes without saying, they conquered. Before two days had passed, transcendent work was accomplished.

The Messengers returned to Los Angeles, where the entire town of right thinking seekers of the "Light" met them with open arms, filled the Trinity and turned hundreds away. The same tremendous success followed in Pasadena, where great things were accomplished, and in Long Beach countless healings took place during the lectures.

After a week at San Diego, they returned to Los Angeles and the Shrine, the largest auditorium in the world. People stood in line for hours before each lecture and that huge place was filled with such earnest, enthusiastic students, that when you entered the door you were flooded with such Peace, Love and Light that you felt as if you were just beginning to live, after years of groping in the dark.

Never will I forget the last day, it was truly a Love feast, the stage was beautiful with white floral pieces and decorations. Mrs. Ballard was a beautiful white lily with the face of a rose. Mr. Ballard and Don on either side of her were attired in white, and finally the staff all in white made a most impressive picture. Mr. Ballard was never more powerful and one seeing and hearing the Ballards could easily understand why St. Germain had chosen them as his beloved Messengers. Don was a dynamo, his voice rang out in that vast

place like a trumpet call to arms. They are the only people I ever met who really live the Life. I have been closely connected with them day and night and have always found them Loving, Helpful and Gracious, really living what they teach.

The lights were wondrous and everyone felt the Presence of the Ascended Masters. I personally felt such an out-pouring of Love that I expressed then, what I say now, "A lifetime of devotion and loving service could not half express my gratitude for the service these dear Messengers are giving to the world. They have become a blazing torch carrying the Light to countless millions of hungry souls, who have searched for years for this transcendent truth."

So when they went to other fields, our love and blessing went with them. May the Mighty "I AM Presence" protect, guide and guard them forever.

And now again, they are back and the entire state of California is welcoming their return. Again they have flooded our city with such Light as has never before been known.

Light, Light and more Light, "The Light of God that Never Fails."

YOUNG AMERICA

SAINT GERMAIN has given to the young people of America, in "The I AM Discourses," the Golden Key to every problem which can confront them throughout their entire lives. This work is His Gift of Love, Light, and Freedom to all mankind and does make heaven manifest on earth.

The young people of the new cycle, which has already begun, are the builders of the incoming civilization in America, and they must have revealed and explained to them the Ideal of the Ascended Masters. If they are shown an ideal that is transcendent, satisfactory, Perfect and yet possible of accomplishment, they will make their best effort in Life to overcome the imperfections and limitations which have bound the generations of the past.

However, the Ideal must be explained to them from the standpoint of immutable, inexorable, yet beneficent Law, so that they realize in applying it, they can obtain an one hundred per cent result, at all times. Then, they are enabled to *feel* a security which cannot come in any other way.

Only this teaching of the "Mighty I AM Presence" which contains the words of the Ascended Masters, enfolded in their Flame of Divine Love, can help anyone or solve any problem on earth today. It alone can release the Light required to be

the protection and strength which wins the Victory and brings in the Perfection all crave.

If the young people will call the "Mighty I AM Presence" into action at all times to teach them whatever they wish to know, still the feelings of the physical body and quiet the intellect, the "Presence" will reveal Its limitless Light and Perfection. This will enable them to feel a security, peace and joy, that will give them the impulse to make the greatest effort to be Perfection—the Ideal made Real.

We know the thing all young people need to use continually is: "Mighty I AM Presence"! take command of my mind, body, Being and world, charge me with Thy Ascended Master Self-control and management! express your Perfection in and through me forever."

Whenever the student desires a constructive activity say to the "Presence": "Mighty I AM Presence" give me that through Divine Love and keep it forever Self-sustained."

Our request to all the young people is, to call to your "Mighty I AM Presence" forever, in everything you desire to do and you will have miracles beyond your fondest dreams. We bless you, Beloved Ones of the Light, with the full Ascended Master Victory in all you desire to do.

Lovingly,

The Ballards.

YCLOPEA is that Great Cosmic Messenger from the Great Central Sun, who, for our earth has charge of and controls the Activity of the "All-Seeing-Eye of God."

This Great Presence, by the Outpouring of the Great Flame of Divine Love from His Heart and the projection of Mighty Light Rays to humanity and the earth, awakens and expands the activity of the Inner or True Spiritual Sight in the individual.

The Love which He pours out is the actual Energy and Substance from His Ascended Master Body.

He purifies and illumines the atmosphere of earth, by the focusing of gigantic Light Rays of pure Electronic Force, which He draws from the Heart of the Great Central Sun.

This Marvelous Being comes from out the Great Silence at the beginning of each cycle, to

pour out Love and Light that those activities may be intensified and expanded within the consciousness of mankind and the atmosphere of earth.

This Great One is the Presiding Being for the incoming Golden or "I AM" Age and is the Protecting Presence for America. That is the reason for the use of the symbol of the All-Seeing-Eye within the triangle, forming the cap stone to the pyramid on the Great Seal of the United States. This has just recently been put on the last issue of our one dollar bills.

The motto, "A new order of the ages," has definite reference to the new civilization, which is to come forth in America, of which Cyclopea is the great guarding Cosmic Master. Saint Germain is the authority for the activity of America, in the service which she is to give to the rest of the world, as the "Cup of Light of the 'Mighty I AM Presence'."

The Rays of Light, which pour forth from the Eye within the triangle at the top of the pyramid on the Great Seal, represent the actual Outpouring from Cyclopea, for He sees in all directions and pours out His Light and Love wherever needed upon earth.

From that Eye nothing can be hidden, for that Great Presence sees all things, sees through all things and sees Perfection everywhere—forever. Through His Mighty Light Rays pass the patterns of Perfection for mankind and the earth, for they are registered within the consciousness of humanity and the atmosphere of earth, in forms of Living Light to be fulfilled in physical experience.

The Triangle on the Great Seal signifies the Triune Activity of Cyclopea, the Silent Watcher and the Great Divine Director, completing the

work of building the new civilization in America and being its Controlling Intelligence, through Their Power of Vision and Light.

These three great Cosmic Beings control the expansion of the Light, in Its Cosmic Activity to our earth, as well as to our humanity. Saint Germain and Those working with Him control the expansion of the Light through the Ascended Master Activity and all is being brought forth into amazing Perfection, through Their combined Activity to bless this earth and mankind forever; that all may express the same great Glory, Freedom and Perfection that They manifest.

Cyclopea protects and guides our beloved America through Cosmic Activities, by the projection of stupendous Rays of Light, focused and poured through the Great Eye in the north wall of the Great Audience Hall, in the Retreat of the Royal Teton, as described in "UNVEILED MYSTERIES." Within that marvelous Sanctuary is the only place on this planet where that Activity takes place.

Until 1932, this Luminous Being only came from out the Great Silence once in a hundred years, to give His great Outpouring of Cosmic Light to our earth; but since then, He has come forth once in six months and poured out His great Release of Love, that floods the earth with His Light.

This will continue for the next one hundred years in order to hasten the Perfection which must come into manifestation in our earth on Cosmic Schedule. Those Rays will illumine the consciousness and expand the Light within the hearts of mankind everywhere.

In appearance, this Beloved Master is glorious

and magnificent to behold. His eyes fascinate one by the tremendous Light and Power that shines out through them, but the wisdom and Love that flow to the beholder bring such Peace, that one simply worships in silent adoration the Mighty Presence and Intelligence that can be so celestial.

Great Streams of White Lightning flash forth from His Head, a Ray of Divine Love blazes from His Heart and an intense radiance comes forth from the throat center.

The garments He wears are transcendently beautiful, the jewels which adorn them being condensations of Light that flash continually.

The adorable Presence of Cyclopea is tall, majestic and God-like in every detail, the very embodiment of the limitless Power of Light and Love and the beholder realizes that He wields Power and Authority that could control a system of worlds.

May the students of the "Mighty I AM Presence," America and the world know more of this Marvelous Being of Light and Love, and be forever grateful for the Gift He continually bestows so graciously upon all.

Cyclopea, Thou All-Seeing-Eye of God! may the "Mighty I AM Presence" bless Thee forever with our limitless Eternal Love and gratitude for the Transcendent Service Thou dost bestow upon mankind and this earth.

· AFFIRMATION ·

"Mighty I AM Presence"! I do this instant accept the fulness of this for which I have asked! if there is any human obstruction in my consciousness, take it out forever.

The Ascended Master, Saint Germain, is that Great Glorious Being who, in a former embodiment, was the Prophet, Samuel, mentioned in the Bible. He has labored throughout the centuries for the upliftment of mankind everywhere and is now working intensely for the protection and illumination of America. Having made the Ascension as Jesus did, He is now the Great Master who has charge of the new civilization to come forth in America, for which he has worked unceasingly during the past two hundred years.

In the Middle Ages, He was embodied as Saint Alban and gave great service to the Light, being martyred in that life and sainted because of His unselfish fearless stand for the Truth.

His last embodiment was that of Lord Francis Bacon, who was the son of Queen Elizabeth by her husband, Lord Leister, the Duke of Leister being His brother. He worked continually in that life for the upliftment of England, but because of the intrigue at court and the activities of that age, His work was not allowed to reach the height which could have been attained, had He been obeyed and His Wisdom heeded.

He did write the Shakespearean plays and that is why there has always been the controversy concerning them. Throughout these plays runs con-

tinually the Law of Life for which He has always labored and there are some five hundred instances in which the acrostic of the name, Francis Bacon, appears in them. They also contain cipher code, giving the Inner Instruction of a school of Initiates on the Continent to which He belonged. He also wrote a book on cipher code which is still the world's authority.

The name, William Shakespeare, under which He wrote the plays, signifies that it was the Will of the I AM that He shake the Spear of Wisdom at the darkness of ignorance, which all through the centuries has been His special activity, for the blessing and illumination of every age in which He chose an embodiment.

He was the one who inspired the people of Oberammergau to institute the custom of giving the Passion Play every ten years, in gratitude to God for replief from the plagues and distress which had visited them in that locality.

It is for this reason, that students everywhere should understand, that in no way are we trying to replace Jesus with Saint Germain. In the first place, who could? In the second, no *Ascended* Master ever does anything contrary to any other Ascended Master, for in the Ascended State, all is one Perfect Divine Activity and the co-operation is one of deepest Love and Harmony; but the Masters do not do each other's work and each gives a service to our earth with which no other Master interferes.

Saint Germain loves Jesus very, very deeply, having done so all through the centuries and because of His great devotion to the Light and great Perfection for which They both labor, He and Jesus are naturally working together now with

the Great Cosmic Messenger, known as the Great Divine Director, to bring forth the permanent Golden or I AM Age for our earth. This begins with the new civilization that is destined to come forth in America.

Jesus gave the public example of the Ascension and made the living, pulsating, Etheric Record in the atmosphere of this planet, which stands as a Magnet of Light drawing all mankind upward until they make the Ascension also. In making this Cosmic Record of His Ascension, He gave a service to our earth that no other Master has ever given or ever will give; but Saint Germain, being the Lord of the Seventh Ray, which is the activity of the Violet Ray and the controlling directing Intelligence for the new cycle of ten thousand years, is the Great Ascended Master who has been chosen to work with the Great Divine Director and Jesus to design and bring forth the Perfection and new civilization that is to be the permanent condition on our earth in the future.

Saint Germain illumined and raised His body in 1684, left England and the Continent for many years and went to the Hymalayan Mountains to work at the Inner levels of consciousness. He returned to Europe in the visible, tangible, Ascended Body, just previous to the French Revolution and would have prevented it had the people listened to His counsel; but they refused to accept His Wisdom and paid in suffering for that refusal.

He has worked for America for the past two hundred years and He is the Presiding Master under Whom she is to come to the fulfillment of her destiny as the "Holy Grail or Cup of Light," from which the rest of the world will drink—now—and in the future.

America is the heart of this planet and, as the heart, she must be protected and illumined, if the body is to survive. America must be the supply of Light to the rest of the earth, until the changes, which are to come, have brought order and peace to the balance of mankind.

Saint Germain's service is given by the outpouring of His Light and Love to the people of America and the world and also through their conscious co-operation with the Ascended Masters, the Angelic Host and the Legion of Light, for these are very, real, tangible Beings whose Love, Light and Power transcend all human concepts. They are ready at all times to give without limit, the fulness of Their Blessings and Perfection to our earth, but mankind must make the call from the physical octave of Life, in order to open the way for Their Great Perfection to flow into the daily experience of the individual.

It is only in this way that humanity can become free from its misery, degradation and limitation, because it must use its own energy to reach up and thus lift itself into the next octave of Life, in order to expand the Light and Perfection of the "Mighty I AM Presence," through its own Self-conscious effort and desire to be free.

The Triple Activity of the Great Divine Director, Jesus and Saint Germain for America is a service in which every student of Light can join, by giving Them conscious daily recognition and calling the "Mighty I AM Presence" into action to charge everybody and everything in America with Their limitless Outpouring of Light, Love, Protection and Perfection to blaze forth with such irresistible dynamic Power that nothing can with-

stand the mighty onrush of Its Glory, Freedom and Victory.

We ask all in America to make this call—daily —with intense sincerity and feeling, that all may receive the most powerful assistance possible in the shortest time.

· AFFIRMATIONS ·

We ask every student under this radiation to use the affirmation for charging the energy in the gas belts with the Ascended Masters' Divine Love, and the ones which call unto the Great Divine Director for the protection of America, at least three times a day, putting great sincerity, feeling and dynamic energy into the words as you think or speak them. They are as follows:

"Mighty I AM Presence"! come forth in Thy Infinite Ascended Master Power and charge all the energy in the gas belts of earth with the combined Divine Love of the Ascended Host, the Legion of Light, the Angelic Host and Great White Brotherhood, in such dynamic power that nothing can resist the Mighty Onrush of Its Light and dominion, eternally Self-sustained.

Mighty Divine Director! in the Name of the "Mighty I AM Presence," we call unto Thee as never before to come forth in Thy Infinite Power and release whatever Light and Activity is required, even though it be "That Light as of a thousands Suns" to protect our beloved America with an invincible wall of Electronic Force through which nothing can pass but the Perfection of the Ascended Masters.

THE INFINITE GIFTS OF LIGHT

ALL Perfection and Its Manifestation depend upon and are the operations of the Law of Light. Students everywhere should spend definite time each day acknowledging, accepting, loving and being grateful to the "Mighty I AM Presence" for Light, for all It is and for all It gives to them and the entire Universe.

It is the Light within the physical body that enables the muscles to move, the blood to circulate and its functions to be performed. It is the Violet-White Liquid Light flowing through the nerves that enables one to raise his hand. It is the Golden-White Liquid Light within the cells of the brain that enables Intelligence to direct the movements of the body. It is the Blue-White Liquid Light taken in through the breath that enables the lungs to move. It is the Golden-Pink Liquid Light within the heart that enables it to

beat.

It is Light, which is Self-luminous, Intelligent Substance that enables form to exist and everything in human experience depends upon Light, for without Light a Universe could not be.

When you vizualize Light, you give obedience in the highest seven ways to the "Mighty I AM Presence"; you obey the first commandment; you accept the "Presence"; you obey the Law of Love; you control the attention; you qualify everything with Perfection; you do the Will of God; and you refuse acceptance to human creation.

When you call the "Mighty I AM Presence" into dynamic action, to charge any person, place, condition or thing with enough Light, Perfection is the result. When the Light in the heart and the Light in the head meets the Light from the Great Central Sun, which is One with your "Mighty I AM Presence," then Perfection is made physically manifest and is eternally Self-sustained.

Any imperfect condition in the mind or body is simply the lack of enough Light from the "Presence" to fill that place with the Perfection of Itself, for Light is the manifestation of Its Perfection in and through the atomic structure of the individual and this earth.

When the individual calls the "Mighty I AM Presence" into the physical octave to release Its Light into the body, whether it be the body of the individual, the body of the nation or the body of the earth, That Light moves in and all conditions required to manifest Perfection are released into dynamic action.

Light simply illumines all with Its Perfection. It fills all with Its Substance and sets everything into Divine order harmoniously, thus establishing

love, peace and happiness.

People in the darkness, which may be physical, mental or emotional, lose their fear when they reach the Light. People lose their troubles when they use the Light. People lose their limitations when they love the Light. People lose all human qualities when they call the Light of the "Mighty I AM Presence" into action, for Light is the only thing they require in any and every activity of Life.

All individuals love to be out of doors, because the greater Light from the sun contains that which makes them happy. They intuitively love and feel that they require It. Everyone in reality is seeking happiness which only exists within Light. In a country that is controlled by those who let the Light rule, who love the Light and who release that Light into action, enabling the Intelligence necessary for its direction to be the ruling power and maintain Perfection, there is always abundance, success and happiness for all.

Then, it is high time for all, who want the constructive way of Life in America and the world, to wake up and understand this instruction of the "Mighty I AM Presence," that they may release the Light required to fill America and the earth with that Perfection which is the Divine Plan for every electron, atom, individual, planet, star, sun and system of worlds throughout space.

Do you like to live in a room or house without enough Light? Do you like to live in a country without enough Light? Do you want to live in a world without enough Light? Then it is you, every individual, who must call to God to flood the world with more Light.

Awaken—now—to the necessity of knowing the "Mighty I AM Presence" in Its Fulness and call unto It with enough intensity to release Its Limitless Light into everything you think, say, feel and do and blaze It forth at all times with such power that nothing can resist the Mighty Onrush of Its Perfection.

We ask every person in America to consider himself a committee of one to get this Ascended Master understanding of the "Mighty I AM Presence" before the people of America and the world, that they may know the Law of Light and call It into action—everywhere—to produce Perfection and set all free forever.

Let us all call unto the "Mighty I AM Presence," the Ascended Masters, the Legion of Light and the Angelic Hosts to flood all humanity, America and the world with a Tidal Wave of such Dazzling Light and Love, that It simply sweeps all with an irresistible outpouring of Its Mighty Perfection and produces Ascended Master Victory, Miracles, Freedom and Glory forever Self-expanding.

In the Ascended Masters' Infinite Power of the "Mighty I AM Presence" we bless you and enfold you forever in Their Eternal Light-Light-Light.

I AM the Miracle-Working Presence,
The Infinite Great Love-Flame;
I AM the Miracle-Working Presence
Of the Great God-Self, I AM:
I AM the Miracle-Working Presence
Conquering all by Its Great Might,
I AM the Miracle-Working Presence
And the Victory of LIGHT.

Therefore, when you call to ME, I answer you through avenues you dream not of. You cannot be deprived of money for things to use, when you call the "Mighty I AM Presence" into action, for I AM the ONLY INTELLIGENCE that can act,

ROYAL TETON

THOU MOUNTAIN OF LIGHT

THE word, Teton, means "Mountain of Light" and it has come down through thousands and thousands of years unchanged, from one of the earliest periods of Atlantis. Within this majestic giant of nature in our beloved America, dwells a Focus of Light, through the activity of the Ascended Masters that it is impossible to describe in words.

About two thousand feet down from the top of the mountain, there is located the Great Council Hall, wherein the Great Masters assemble and project Their Mighty Rays of Light and Love over America and the earth, to consume and purify the vortices of force, produced by the discordant and vicious activities of mankind.

Within Its Sacred Heart is the concentrated Outpouring of Light and Love from the Secret Love Star to our earth and to Whose Mighty Cosmic Power of Pure Divine Love, no words can possibly do justice.

Within Its Blessed heart is the limitless Outpouring of the Streams of Electronic Force that flow from the Seven Great Elohim of Creation to the humanity of this earth.

Within Its Mighty Heart repose the Ascended Masters' Gifts to the people of America and the world, already prepared, to serve them in the transcendent Perfection of the new age.

Within Its Secret Heart are safeguarded the only records on earth, of civilizations of which

the outer world has never heard and has no record at all.

Through Its Dazzling Heart pour the Great Rivers of Light from the twelve Great Cosmic Masters who control the expansion of Light on this earth and through mankind.

Into Its Blazing Heart come the Great Beings from Venus, who are blessing our humanity with the power of Divine Love that is the Supreme Authority forever.

The musical instruments that are to be used in the new age are already perfected and in use within the mighty chambers of this Retreat. They are made of substances of which the outer world as yet does not dream. Their tone is exquisite and perfect beyond all human concept and the new music is already written for the joy and blessing of the incoming activity.

The new art is already prepared, designed and ready to be given forth to the outer world at the appointed time. The magnificence, glory and Perfection of that which is to come forth in America, in the years just ahead, is so transcendent that all we have in the outer world today seems coarse and crude compared to the wonderful marvels with which the new age will be filled.

Oh, beloved students of the "I AM"! many wonderful things are being transferred to America from the other Retreats of the Ascended Masters, throughout the world, that they may be preserved to bless mankind in the new cycle.

When those Glorious Ascended Masters from Venus visit the Royal Teton each New Year's Eve and the first of each July, They bring a transcendent Activity of Divine Love and Light to bless our earth and its humanity with unspeakable Glory.

Royal Victor

Oh, that the blessed "I AM" students and the people of the earth might realize the fulness of what this means to them and to all. It is divine, transcendent, glorious and limitless in the Outpouring of Perfection which is released to earth in this manner and we ask the students everywhere to let your hearts sing in ecstasy with gratitude to the "Mighty I AM Presence" for this celestial blessing to mankind.

The Blessed Ascended Master, Lanto, is Head of the Retreat of the Royal Teton and we send to Him and All, who pour out Their assistance through that activity, our deepest Love and gratitude for all eternity for Their service to our earth.

In the north wall of the Audience Hall in the Royal Teton is located the Great All-Seeing-Eye of God to our earth and through This, the Great Cosmic Messenger, Cyclopea, directs the Almighty Power of the Ray of Light which that Great Presence pours out to perform Its gigantic Service for our earth.

Love, gratitude and service to the Light forever in deed and action is the only true way the student under this radiation can ever give even a slight return for all these Great Ones have given us.

Oh, Mighty Royal Teton! we salute Thee, Thou Mountain of Light—Thou Dazzling Temple of regal Splendor and limitless Love, we bless Thee forever for Thy Mighty Light.

"Mighty I AM Presence"! make me feel your Light coming through the flesh of this body so dazzling nothing else can ever exist within it.

SAINT GERMAIN'S MESSAGE

SAN FRANCISCO AFTERNOON CLASS

FEBRUARY 14TH 1936

BELOVED Children of the Light! this heart beats with yours so earnestly for your freedom, dissolving all limitation by the Great Light from within the Heart. It is expanding with great speed during these ten days, when it has been Our joy and privilege to minister in Our humble way, to increase and intensify your Light, to establish and cause It to be an ever-expanding radiance within you.

So do I ask you, beloved ones, to stand in and with the Light of your "Mighty I AM Presence," that you may continue with unabated assurance to go forward consciously, into your Eternal Freedom, holding in your hand the Scepter of Divine Power in the acknowledgment of your Presence; cutting yourself free from all human accumulation that has been drawn about you through the ages: and in the Power of that Violet Consuming Flame, consume everything less than the Perfection of your Presence, feeling and knowing the lightness of body, the freedom and clearness of thought, which the dissolving of your human creation brings to you; allowing the Glory of your "Mighty I AM Presence" to flow in, through and out into your world, perfecting and harmonizing everything.

Then, in the fullness of the repeated description given you by the Messengers, keep before you that mightiest of mental pictures, the Chart of

your "Mighty I AM Presence," showing so clearly, accurately and vividly your connection with your "Mighty I AM Presence," that you may have the Glory which It holds for you. As you continue to feel that Glory, do you actually begin to ascend into the greater and greater Perfection of that Presence, Whose Ray of Light and Energy beats each heart.

Make no mistake about it, beloved ones, that Chart is true and your eye-picture, which is the Reality, held active within your consciousness, will bring you into the Eternal Ascension—into the Electronic Body of the "Mighty I AM Presence," forever free—eternally free—from limitation. That is the journey for all mankind and by man must be made.

We offer you the privilege, the joy and means by which you may obtain this. We offer it with the Love of your "Mighty I AM Presence" and our Ascended Master Consciousness to give you strength, joy and the conscious ability to hold fast in the conscious acknowledgment of your Presence, that you too may enter into that Freedom which we experience.

Then, you extend your hands to the less fortunate, that they too may one day reach that state of Perfection, which is the goal for all mankind. Dear hearts, Freedom and the crown of that Freedom is at your door for your use, as definitely as if you took your Scepter of Dominion in physical form in your hands, by which you cut yourself free from the mistakes of earth, with your Violet Consuming Flame, consuming them that they may no longer exist. Blessed hearts, as the Law of your Being permits, you will ever find Us ready to be of added service.

Call to Us always! first to your "Mighty I AM Presence," then to the Ascended Masters who have all power, authority and ability.

Today, for the first time in the history of the class work, the Divine Director offers the privilege to you of calling to Him and will, through "THE VOICE OF THE I AM," extend this Great Privilege to all students throughout America. The Privilege of calling on the Divine Director, is offered to the students and to the degree that the Law of each one's Being permits, will He assist in setting aside human time for them, that they may more quickly enter into that Freedom.

This is a Privilege and Blessing which the outer cannot possibly comprehend. So, will you blessed ones accept this, as it is given you and the beloved students throughout America and the world.

Oh, blessed ones! how my heart longs to see you grasp the reins of dominion, in the acknowledgment of your Presence and with firm determination call your Presence into action with such invincible activity, that naught can longer stand before you. It is no imagination. It is a great wondrous Reality which stands ready for your use and, as the beloved Messengers have so lovingly endeavored to convey to you, stand as firm as the Rock of Gibraltar, but stand serene and do not let the problems of the outer world frighten you any longer.

To everything that arises before you, say: "No longer have you power to disturb me. 'Mighty I AM Presence'! sweep into this condition! dissolve it! replace it by your Mighty Perfection and hold all in your world forever!"

The glory of that Peace, dear hearts, is inconceivable. Call into action the invincibility of

your "Mighty I AM Presence" which is all good, money, health and harmony. The Presence holds all for you. If it needs to come through channels, the Presence does this for you and brings everything into the channel of Divine Love.

How great is our Love for you, Oh divine ones! for in my ministry to America for so long, which is now coming into visibility through the students of the "I AM," the fruition of this getting into action, can you imagine the joy of my heart?

Beloved students! try to realize that My Service for America is a divinely-decreed Activity, not that someone else might not have done it as well, but the Law of the Ray under which I operate makes Me the Authority for its activity.

All of the Ascended Masters, Jesus included, are working together with Me for this Great Perfection that shall, must and will come into action, for which America is the "CUP."

Beloved blessed hearts! the transcendent service which you can render in giving this Message of Light of the "I AM" to the young people of America and the earth is a service that is truly divine in both heaven and earth, because that which is coming in now, will come with the ENERGY of the "I AM" and will give such assistance as is inconceivable to the human mind at the present time.

So beloved ones, I, in my humble service, ask you to give to the fullest of your ability, your service to the "I AM," and for the freedom of America. Do not let appearances dismay or disturb you! We are that Great Cosmic Light which is pouring Its Activity to earth.

Try to take your mind off every political and national affair. Call your "Mighty I AM Pres-

ence" into action, with determination to produce in official places, that Light of God manifest through the personalities who are there and ever to increase that activity through your call to the "I AM." Then receive the happiness and joy that will fill America. I thank you.

SAINT GERMAIN.

SAINT GERMAINS MESSAGE

SAN FRANCISCO EVENING CLASS

FEBRUARY 14TH 1936

H children of the "Mighty I AM Presence"! in your search for Light and freedom, it has been My great Joy to bring to you the Ascended Masters' understanding and application by which we attained our Freedom from human inharmonies and made our Ascension. If you will apply it with the same earnestness that we did, you will have identically the same results.

These are Great Universal Laws which cannot fail and only require your earnest application. In the acceptance of your "Mighty I AM Presence," that actually rests above you and Whose Energy and Light beat your hearts, hold your *attention* on that Presence, for It enables you to give the needed application to free you from your human creation, that has bound you so long.

Beloved ones! can you and will you believe me, when I tell you, that you have lived hundreds and thousands of embodiments similar to these?

At last, the Great Cosmic Law has permitted this unusual assistance to come into the outer world, for It has never been given before, except in the Retreats of the world and then only to a few.

Under this beloved brother and sister, the Messengers, the Great Cosmic Law has permitted the Secret of the Ages to be broadcast, for your blessing and benefit and for the freedom of mankind. Today, the privilege that stands at your door is unparalleled in the history of the earth.

If you will harmonize your feelings, call your "Mighty I AM Presence" into action with sincere earnestness, the results are certain, unquestionable and powerful. In the Glory of that Light, even in this week or ten days which the Messengers have been in your midst, pouring forth so earnestly their Love, blessings and radiance, has your Light expanded tremendously. To me, It is very clear and definite and I say that for your encouragement.

Continue to hold your attention on the "Mighty I AM Presence." Continue to cause that Light to expand, until its Mighty Radiance becomes visible in your human form, bringing the Presence into action to bless you with Its Perfection.

Do not be weighted down, when you see mistakes have been made. Call on the Law of Forgiveness and set yourself free from them. Do not allow the outer consciousness to dwell upon them. Say: "Mighty I AM Presence"! sweep out of my mind and body all imperfection, that I have drawn about me through the centuries! Consume it! Cause me to think only of the Glory which Thou art! Release Thy full Power to flow forth in my world, to produce the Perfection and beauty which I desire.

Call your Presence forth to silence—forever—all human activity about you; to silence the outer mind and cause it to be still. Call your "Mighty I AM Presence" into action to fill your "cup," your human receptacle, with the fulness of that Pure Essence, unqualified by the discord of the outer world, that It may perfect and beautify your mind and body.

Then in that beauty see, feel and call your Presence into action to prepare the way: to lift you into your higher mental body and then, into your "Mighty I AM Presence" where you become the Ascended Being, where you are free—forever free—from the limitations of earth.

The earth is a mighty school-room—not an easy one—but in the activity of the "Mighty I AM Presence," it becomes a divine one. Then, we turn upon that which has been disturbing and say: "Is it possible thou didst once disturb me? Be thou gone, thou powerless human creation! No longer canst thou act in my world! No longer hast thou power to hold me in bondage! No longer hast thou power to bind the children of earth for thy day is finished forever! Be thou dissolved and consumed in the Violet Consuming Flame and exist no longer!"

We are grateful—eternally so—that the Great Law has permitted this knowledge to come forth to bless you and enable you to have your freedom.

May naught in the outer world turn you from the Glory of your "Mighty I AM Presence." Stand and receive the Glory of the Freedom which I shall bring you. I say, shall bring you, for it is true and in your attention to It, nothing can prevent the Outpouring of the Presence to glorify, beautify and perfect your world.

I decree, that: "NOW! inthe Universal Power of Eternal Light, 'Mighty I AM Presence,' set the children of earth free—forever—from their human creation! Enable them to rise into the octave above, into that Freedom of Light where the Power of the "Mighty I AM Presence" reigns supreme—unconscious of these conditions which have bound them.

Beloved ones, My Light enfolds you always into the fulness of your Perfection, into the fulness of your Freedom and Ascension. Feel the Radiation which I pour forth tonight and receive Its Mighty Glory.

As the Law of your Being permits, will I ever stand at your service to give every assistance possible, to enable you in the shortest time to free yourself: to know and feel the Peace that passeth understanding: to walk in the Light of your "Mighty I AM Presence," Whose Light illumines your pathway wherever you move without artificial light: and unto that day, when you fully realize within your heart the Freedom and Dominion that It gives you, only through the Power of Divine Love. Then, can you understand, apply and BE the Loving Presence of your "I AM" manifest in your world forever. I thank you.

SAINT GERMAIN.

· AFFIRMATION ·

"Mighty I AM Presence"! come forth in Thy Infinite Ascended Master Power and charge every policeman, fireman, aviator, postal employee, school teacher and government official in America with Saint Germain's and Jesus' Ascended Master Consciousness, Protection and Perfection forever Self-sustained.

"I AM" STUDY GROUPS

HE conducting of study groups for "I AM" students of the Ascended Master, Saint Germain, must be carried on for the purpose of giving assistance to him, in the work of protecting America and bringing the Ascended Masters' illumination to mankind, through Their instruction and understanding of the "Mighty I AM Presence."

Their principal purpose is to enable the people of America to understand the Ascended Masters' Teaching and, through that, give the assistance which *must* be given, if America is to have protection from the vortex of discord across the Atlantic and from cataclysmic disturbance.

Therefore, it is absolutely imperative that no discussion of any kind ever be allowed to enter, the entire time and attention during the group meeting being held — unwaveringly — on the reading of THE "I AM" DISCOURSES, THE MAGIC PRESENCE, UNVEILED MYSTERIES and THE "I AM" ADORATIONS AND AFFIRMATIONS.

This is Jesus' own request because the need of the present hour is so urgent, that unless the attention of the students is concentrated on the Ascended Masters and Their channel of help, there will not be enough Light released into the physical world and activity to give the protection required.

It is also the request of Jesus and Saint Germain,

that those, whose Inner Sight is open and who see what takes place during a group meeting, refrain from telling others what they see, as each individual is expected to keep his personal experiences guarded within his own heart as a sacred, silent, secret gift to him. If this is not done, the blessing to him is lost, for when he tells his experiences to others, he releases their energy into the surrounding atmosphere and hence, he does not receive the help intended for him.

Every student and group leader should at all times conduct himself as if Jesus or Saint Germain were present in the tangible body and do only that which they know these Great Ones would do.

All group meetings should be conducted in a manner that is intelligent, dignified, reverent, refined, loving and beautiful, that they may be the Ideal of the Ascended Masters made Real in the physical experience of mankind.

We never, at any time, allow anyone teaching this work to charge a fee of any kind and the individual who does so will not have the radiation of Jesus, Saint Germain or any other of the Ascended Masters, for this work has been given as a glad free gift of Love from the Ascended Masters and at no time is there ever to be a charge made for it.

This is stated unmistakably plain in the Discourses, for Saint Germain said in the very beginning, that this teaching must never be commercialized for private profit, and we do not, never have and never shall consent to anyone ever making a charge for it or using the students under this radiation for any commercial scheme.

We ask all students to keep this activity free

from all intrusion of those whose motives are selfish and commercial.

In all study groups, the students must not be allowed to lean on the leader but should assist the leader instead, to do the work for the protection of America and the illumination of all mankind, by pouring out peace and kindliness from his own "Mighty I AM Presence."

Being a leader of a group is not at any time for the exploitation of the personality of the leader, but it does mean that whoever takes the responsibility of a group must have enough Love, patience, humility, purity and Self-control to help those who come into the group, to dissolve their human creation and keep them encouraged, until they have made their own application long enough to be thoroughly anchored in the use of the "I AM."

The leader should at all times realize that when Jesus, Saint Germain and others of the Ascended Masters pour out Their Rays of Light and energy during a group meeting, that it becomes the leader's responsibility to see that none of Their energy is ever allowed to be clouded by discord or imperfection of any kind, for through a soiled consciousness Their Light will not pour.

Therefore, before each meeting, the leader and students should use the Violet Consuming Flame with great intensity, to purify the place in which it is held and at no time should anyone ever be allowed to smoke in that place previous to or following the meeting. If anyone comes to the meeting with the odor of alcohol on the breath they are not to be allowed to stay.

The work done in the local study groups is different from that of the large classes which we,

as Messengers, are holding, for the local groups should be composed only of those who have decided to serve the Light and America and, by perfecting themselves, be able to give still greater service.

Do not be satisfied with doing the best you can, but call your "Mighty I AM Presence" into action at all times to control you completely and forever produce *Perfection.*

PERFECTION is the goal and Law of the Ascended Masters and the "I AM" students of Saint Germain must become the living examples of Their Ideal made Real in all physical activities.

Group leaders, should at every meeting, open with an invocation, read a discourse, ask the students to visualize the various activities of the Light Rays, for the protection of America and for healing, and spend some definite time adoring the "Mighty I AM Presence" and giving praise and thanks to It for all Its marvelous gifts to the individual and the world.

Never allow any questions to be asked during the reading of any of the books or interruptions to take place because that breaks the Stream of Energy which is flowing through for the blessing that is to be received.

Jesus has asked that all students under this radiation put aside everything else they have ever studied and enter into such close communion and companionship with the "Mighty I AM Presence," that it will enable the Ascended Masters to give the greatest possible assistance and set all free forever in Its Dazzling Light, Glory, and Perfection.

Those, who are not willing to fulfill these conditions, should stay out of the groups.

YOUNG AMERICA

· THE FIRST LAW OF LIFE · · IS OBEDIENCE ·

"Mighty I AM Presence"! come forth in Thy Infinite Ascended Master Power! protect, illumine and control every young person in America and the world! charge them with the Ascended Masters' Perfect Obedience to Thy Mighty Presence! blaze through them the full Perfection of the Master Christ, grown to full stature and BE for them and all activity the only acting Presence, Power and Authority forever!

Blessed young people of America and the world! we make the above call to the "Mighty I AM Presence," assisted by the Ascended Masters, once an hour day and night, that the full Joy of Life may be yours and the Victory and Success of the Ascended Masters be your only experience forever.

You are the channels for Their Perfection to be expressed on earth, in the new cycle we have already entered. We, Their Messengers, point the Way to Their Light and give you strength and encouragement, until you have made your application of the "I AM Presence" long enough, to become anchored into the realization of what It can and will do for you. Then you can prove to yourself, through your own experiences, that It is the Inexorable Law of the Universe.

Try to realize that every thought, feeling and spoken word is a rate of vibration registered in

the substance of your mind, body and world, is instantly recorded and must produce its fulfillment in your physical experience.

In radio parlance, you are now broadcasting your own individual program of Life and tomorrow, next week, next month or next year—you—will be the audience, who must listen to its effect and experience its results.

Try to learn the wisdom and feel the Mastery that is—always—experienced by Perfect Obedience to the Law of Life. Try to realize that the only one, who has the right to command others, is he, who has first learned and given obedience—to Himself—the "Mighty I AM Presence."

Obedience is the first Law of Being, for the Substance of Light obeyed the Command of Intelligence to come forth from the Great Central Sun, before a Universe could manifest. So it is with all individual activity. Obedience is the Law of Order.

Without obedience of the lesser to the Greater, the lesser never could become the Greater. All that disobeys the Law of Harmony, which is the Law of Love, suffers until obedience to Its Infinite Eternal Authority is given lovingly, willingly, joyously and with no reservations.

Obedience does not mean slavery to human limitation, but it does mean continual loving communion with your own "Mighty I AM Presence," so close that Its Patterns of Perfection are always the only designs that are poured out through you into the Universal Substance around you, and therefore, the only experiences and creations in your world.

The Law of the "Mighty I AM Presence" is inflexible. It is the Law of Changeless Perfection,

changeless in Its quality, but ever expanding the quantity of Its Perfection throughout Infinity.

There is no happiness apart from this, for, in the Fulness of the Presence is the accomplishment you desire. In the Fulness of the Presence are the things that you require.

In Jesus' own words, I say to you: "Nothing is really important, but ALL OF GOD."

Blessed young people of America and the world! we ask your help for humanity and the world. Stand with all you are and have for the fulfillment of the Ideal of the Ascended Masters made Real and physically manifest on earth.

It is the only Activity in the Universe, that is worth the struggle and suffering of even one lifetime, let alone hundreds or perhaps thousands, that every individual has experienced on this planet.

The Ideal of the Ascended Masters is the Law of ever-expanding Perfection. It is practical, logical, satisfactory, joyous, consistant, worthy, Perfect and possible of attainment. It is the only Real Mastery there is, for by the Ascended Master control of the energy, flowing through one's mind and body, the individual becomes Master of circumstance, Victor over death, the Supreme Controlling Presence everywhere he moves—Lord of Life and the Giver of all — the Fulness of the "Mighty I AM Presence" forever.

The Luminous Presence

VISUALIZING the "Luminous Presence" of Jesus or any other one of the Ascended Masters is the most powerful way of creating a focus, through which the Ascended Master Consciousness acts in the physical experience of the individual, of nations, of mankind and of the earth itself.

There is no person, place, condition or thing that can resist the Mighty Ascended Master Power that can be focused through this Activity and if every student will train himself to use It in any and every activity—waking and sleeping—his own experiences will be all the proof he can desire of the Truth of which we speak, for it is the operation of an inflexible LAW, that has not been explained for use in the outer world.

The likeness of Jesus, or that of any Ascended Master, should be pictured clearly in the mind, the body made of intense dazzling White Substance and sending out long Rays of Light that

flash continually, quivering with the intensity of the Light held focused within and pouring through them into the person, place, condition or thing to be perfected.

In beginning to visualize the figure of any Ascended Master, ask your "Mighty I AM Presence" to show you the picture, clear and definite and to hold it in your consciousness and before your vision, that your concentration may be uninterrupted and powerful, for the instantaneous response to this is what we want you to have.

The color of the Rays of Light poured out can be changed according to the special activity required. The Body always remains DAZZLING WHITE, but the color of the Rays of Light poured forth is determined by the need of either the patient or condition to be assisted.

When the activity of Divine Love, Peace, Quiet, Comfort, or the ideas from the Pure Christ Mind are required, the Rays of Light pouring forth should be the color of molten gold, like sunshine on burnished gold, continually sparkling, if much energy is to be used; but very soft and opaque, if a soothing quality is needed. In the healing of children, the soft opaque golden color is the thing most frequently required and the sparkling activity is only used if the energy is low.

If the activity of pouring out Divine Compassion is required, the Rays of Light should be a delicate beautiful pink blending with the gold, the pink being the shade often seen in mother of pearl or the soft after glow of a beautiful clear sunset.

Whenever the purifying activity is required, whether it be the substance of the body, discord in the feelings or wrong thoughts in the mind,

which are patterns made of substance in the mental body, the Rays of Light, pouring their energy into the body or condition, should be an intense gloriously beautiful shade of violet, like that seen in the spectrum, the rainbow, the refraction of a pure white diamond or the lovely color in violet neon signs. The latter anyone can see in advertising signs illumined at night.

The Rays of Light, pouring out from the visualized form of an Ascended Master for healing or perfecting purposes, are a most powerful activity for they are substance energized and charged with the Ascended Master Consciousness, which supplies whatever is required to make their activity instantaneous and most powerful as well as Self-sustained.

When an increase of energy is required in the healing of a specific condition, the Rays of Light pouring out may be colored a very pale delicate shade of blue, like that of an electric spark, but know always when using this activity that the entire activity and the energy released is forever qualified with pure Divine Love and controlled always by the Wisdom of the Ascended Masters.

REMEMBER ALWAYS, that the calling forth of energy just to heal a body without bringing illumination to the mind will always bring punishment to the one who draws it forth and the power to bring it into outer activity will eventually cease. This is the reason why many, who have done healing in the outer world, have had the power of healing through various activities for a while and then, the ability to heal ceases and the individual himself passes out of the body. It is because the healing was done for a livelihood instead of for the purpose of illumining the indivi-

duals, through the experience which had made the healing necessary.

If all, who work to heal human bodies, could but realize that illumination of the mind so the individual stops the cause, is the first step to permanent healing, they would never use any energy to heal, unless the mind could be illumined too. This is more important than the individual can possibly realize and the Ascended Master will never use any energy to heal unless through that healing permanent illumination can expand.

The colors of red or black are never, never, never used by an Ascended Master and that is always one infallible means by which the student can determine what the force is that is acting.

In visualizing the "Luminous Presence" of Jesus or that of any other Ascended Master, the size of the figure should be visualized considerably larger than the body of the patient and, if the condition to be perfected be a locality, city or country, the figure should be visualized in gigantic proportions and always larger than the locality receiving the assistance.

The visualizing of the form of any Ascended Master is a transcendent activity of the Light, for the picture held in mind becomes in reality a CUP or receptacle into which the Ascended Master, whose likeness it is, pours His Rays of Light, which is an actual substance charged with His Infinite Energy and Ascended Master Consciousness of the Perfection desired.

The visualizing of a Sun of Dazzling White Light with the miniature likeness of Jesus or any other Ascended Master in the center, made of still more intense White Light with Rays of Golden Light radiating out from It, placed in the

middle of the forehead between the eyes, is a most powerful way of protecting the mind or consciousness in the mental body of the individual, from the suggestions of other human beings. If visualized and felt many times a day by the student, it will become a permanent activity, that guards that one's mentality from intrusion by outside forces. The student should become as aware of this, as he is of his hands and feet.

The visualizing of this same activity upon the forehead of everyone you look at, is a most transcendent blessing and protection to that one, and also qualifies all consciousness coming through it with that Ascended Master's Consciousness and Perfection whose likeness is within the miniature.

You cannot overestimate the importance of consciously visualizing this activity many times a day on your own forehead and that of everyone you meet or think about. There can only be one result from this—one action to all concerned—and that is an outpouring of the Ascended Masters' Perfection, Love, and Light to the one doing it and to all who receive it.

Know always, that the Light contains only Perfection and when visualized around one's self, another person, place, condition or thing, ONLY one effect can possibly be the result and that is peace, protection, illumination, and blessings to the giver and receiver of that visualizing activity.

There never, never, never can be any result from this but good because it is God the "Mighty I AM Presence" acting in the full Ascended Master Consciousness and Activity of Light, Love, and Perfection.

In using the "Luminous Presence" of an Ascended Master to protect a locality or activity,

visualize the likeness of the Ascended Master in Dazzling White within the center of a Blazing Globe or Golden Sun, with a touch of pink in it and from this see sparkling Rays of violet bluish lightning flashing down from it and forming a dome-like covering over the locality or activity. Then command: "Mighty I AM Presence"! take possession of everybody and everything here! sweep out everything human! sweep in all Perfection of the Ascended Masters and hold your control here forever in Ascended Master management, bringing all into Divine Order through Divine Love.

In visualizing the "Luminous Presence" of Jesus or any Ascended Master for healing, the picture in Dazzling White Light with a radiance of gold and violet should be held as clearly as possible and the patient's body seen to rise and disappear within it, knowing that all conditions of mind and body are illumined, perfected and absorbed into the Glory, Love, happiness and Perfection of the Ascended Master's Light.

Activities of individuals, groups, nations and the whole world can be raised into the vibratory action of the Ascended Master's Light, by visualizing the Ascended Master's Body in the Light, as described above and see all disappear into Their Perfection.

In creating and holding this visualized picture of an Ascended Master in dazzling Light, realize, understand and feel deeply that the actual Substance from that Ascended Master's Body, charged with His Ascended Master Intelligence and energized by His Flame of Divine Love, from the Heart of His own Ascended Body, actually is poured into that mental picture and held there, until the

person to be healed or the condition to be perfected has absorbed the Substance, Energy and Intelligence into that person's mind, body or the condition and they actually become the Ascended Master's Perfection in that Light.

This Activity is so wonderful, so marvelous, so transcendent that it is impossible to describe what transcendent miracles and accomplishments can be brought about through It. As this becomes a fixed habit in the consciousness of the student, he will find that he can control all through It and thus, be a constant outpouring of Perfection to all he contacts in thought or deed.

Oh! that all mankind might learn to do this, see, feel, know and experience the marvelous Perfection and Freedom which It always brings.

"Mighty I AM Presence"! make me accept this instant the LIMITLESSNESS of Thy Mighty Presence: the Self-luminosity of my flesh: the full activity of the All-Seeing-Eye and All-Hearing-ear of God; the instantaneous precipitation direct from the Universal of everything I desire for the Service of the Light: the full use in all my outer activities of all the POWERS of my Being: and the instantaneous fulfilment of my every conscious command of the "I AM" in full Ascended Master Victory and Freedom forever Self-sustained.

"Mighty I AM Presence"! take possession of my mind, body and world forever! control my feelings and see that nothing ever enters my consciousness again but the Ascended Masters' Perfection.

THESE Words of Jesus are still the command of all Ascended Masters to every individual on earth and are charged with the Flame of Divine Love from His and Their Hearts, clothing those Words with Substance-actual particles from Their Ascended Master Bodies.

Try blessed students to realize the fulness of what this means to you, for when you use the words of an Ascended Master, you are using Living Flames of Substance charged with that Master's Power to produce Perfection for you.

You must use them yourself in order for that Substance to locate in your mind and body. No one else can ever do this for you and that is the reason, why only by his own conscious effort can the individual ever gain his freedom and victory over the activity of the outer world. He MUST use the Ascended Master's words himself, for that is the actual release of Their Substance and energy which is the Perfection that the student desires.

Their Words are the Fire of Eternal Truth and Love, the Greatest Power and highest rate of vibration in the Universe, for when an Ascended Master speaks, His Words instantly become things and manifestation of their fulfilment is instantaneous and co-existant with His Decree.

The Ascended Masters' Consciousness and Understanding of the "Mighty I AM Presence" is the Resurrection of every individual—who accepts and uses them—into the octave of Perfection or Perfect expression of Life, which was, is and always will be the original Divine Plan for all Beings and activity.

"Awake! thou that sleepest"! is the constant call of the "Mighty I AM Presence" speaking Its Decree of Freedom to every personality continually; for the moment the Ascended Masters' Understanding of the meaning of the words, "I AM," touches even the intellectual consciousness of the individual, that moment his resurrection from the dream of discord, which is his outer human consciousness of imperfection, takes place and the first step to the ascension of his body begins.

"Awake! arise! and come into the arms of your 'Mighty I AM Presence' " is the constant call of the Ascended Masters and all who serve the light to humanity in the outer world, weighted down by its own thoughts and feelings which create its problems, confusion and limitations.

The individual only needs to place his attention on his own "Mighty I AM Presence"—his Electronic Body resting above his head—and keep looking at It face to face, to know and feel his problems and limitations letting go their hold upon him and his world, dropping away by their own weight into the Lake of Consuming Fire—the Universal Sea of Forgetfulness. He needs only to feel himself absorbed into the Great Flame of Divine Love, Its Radiant Wings of Light folded about him and holding him in the Dazzling Light of his own "Mighty I AM Presence," until he ascends and blends into Its own Blazing Body, eter-

nally free wherever he goes and Master of all activity in the Universe.

Each morning should be a glad new Easter to the student who has once contacted the Ascended Masters' Instruction of the "Mighty I AM Presence."

From the Ascended Masters' Octave of Perfection, these Great Ones are constantly pouring out limitless Light, Love and the comprehending Consciousness of Their own Beings. They project forth Their Knowledge of Truth from the All-Knowing-Mind of God, explain Its Law and clothe that Truth in the Flame of Divine Love from Their own Hearts, which means the actual Substance from Their Ascended Master Bodies. These are very Real and just because They are sometimes invisible does not make them any the less tangible.

An airplane propeller, whirling at very great speed, is invisible, but it is certainly very real and yet VERY tangible.

So it is with the Great Ascended Masters and, if it were not for the constant assistance of these Blessed Ones to our earth at this time, humanity's distress would be greater than it could bear.

"Awake! all who want the constructive way of Life! Stand to the Light and face your 'Mighty I AM Presence'! Understand the Fulness of Its Power to help you! Receive Its Mighty Invincible Protection and Freedom NOW AND FOREVER." This is the command of the Great Ascended Masters and Legion of Light to the humanity of earth.

The hour has struck for ALL who want the Light to stand to the Light in the unconditional surrender of all outer activity into the manage-

ment of the "Mighty I AM Presence" and the Ascended Masters, that the Fulness and Victory of Light, intended for mankind and the earth, may now blaze forth with Invincible Power and if need be, release that Light as of a thousand suns to consume all unlike Itself, that all upon earth may now bring forth the full Perfection of the Ascended Masters, as has been decreed from the beginning.

Another Great Release of Light will again flood the earth and mankind at Easter, through which the "Mighty I AM Presence," Jesus, all Ascended Masters, the Legion of Light and Angelic Hosts will expand the Flame of Divine Love within each human heart and through this, release into the all physical activity the Light required to illumine the consciousness of mankind with the Truth of the "Mighty I AM Presence."

All who desire the Light may reach up, open the door into the world of the Ascended Masters and come through into their own Eternal Victory and Freedom NOW, if they will but turn their attention to the "Mighty I AM Presence" and Ascended Masters and receive the help offered them so graciously, from the Realm of Eternal Perfection and Light.

At Jesus' Transfiguration, He poured out a Mighty Stream of His Light and Love to bless mankind and the earth. This took place at midnight. The Resurrection was the second and more powerful outpouring of His Light, Love and Blessing and took place at dawn, symbolizing the dawn of the New Understanding of the "I AM Presence" which began at that moment.

The Ascension was the third and most power-

ful outpouring and took place at noon, symbolizing the full Power of Light which is the Mastery over all activity forever.

May every individual on earth awaken this Easter to the Full Illumination of his own "Mighty I AM Presence," realize Its Mighty Love, accept the Fulness of Its Light, see It face to face and feel the ONENESS with That Glorious Being which is the only Reality of himself.

· EASTER SUNRISE SERVICE ·

FACING THE SUNRISE OF THE · "MIGHTY I AM PRESENCE" ·

" 'Mighty I AM Presence'! I face Thy Eternal Sunrise and noon-day Blaze and receive—NOW —Thy Mighty Presence, Radiance and Activity in all my activity visibly and tangibly manifest FOREVER."

(The above is the affirmation which we wish the students to learn and use every morning, if they sincerely want the Light. Saint Germain says: "If the students sincerely want to serve the Light, let them face the Sunrise of their "Mighty I AM Presence" and *stand* to the Light.)

SAINT GERMAIN'S DISCOURSE on VISUALIZATION

June 13th 1932 ·:· CHICAGO, ILL.

SAINT GERMAIN: INVOCATION:

"Mighty I AM Presence"! let the full Power of the Ascended Masters come forth through every individual on earth and control the activity of the vision of mankind, that all may see Thee face to face, know and feel the fulness of the Reality which Thou art.

The DISCOURSE

Let each one, during the advance and Presence of the Ascended Host at the Altar of His Silence, know that all are filled with Truth which comprehends all Truth, coming through the manifestation from the "Mighty I AM Presence."

Unless we recognize that we have within us the Truth, there is naught to comprehend the Truth that is given. Therefore, in all attendant instruction, it is wise to always know, that the Truth—the "Mighty I AM Presence" within us—is the comprehending Presence.

Out of the seeming Valley of Mystery, all things are revealed and a valuable watchword is—"Silence and wait." In this waiting, know that it is impossible for any Truth, for which we are ready, to be withheld from you.

There is an Inner and an outer Stream of Life, the same as there is an Inner and outer Presence, or rather, the One Presence of the "I AM" expressing the Inner and outer activity.

To reach a definite conclusion to an unfamiliar point, we but need to keep asserting, that—"We do know the Truth, through the 'Mighty I AM Presence,' the Master Presence within." With the attention fixed on this idea, we will find the film of Divine Wisdom from the "Mighty I AM Presence" moving through the camera of our outer vision.

You will note carefully that the outer vision of the human form is but the camera of the Master Presence within—the "Mighty I AM Presence." In your outer activity of the physical camera, as the distance grows greater and the detail more needful, the lens is intensified in both size and quality.

As we advance step by step, from the lower to the higher consciousness, the vision or lens of the consciousness is intensified or rather strengthened, according to the demand from both the Inner and outer activity.

The True Vision of the Presence is always Reality, for it cannot and does not see imperfection because the Law of its Being is Perfection only.

The Activity of the "Mighty I AM Presence" is Its LAW and is THE LAW and there is no other.

When there is a seeming lack, in the Activity of this Perfect Vision, it is because the fog of human consciousness has caused a film or haze to pass over the lens of the Vision. Keep acknowledg-

ing the idea of the Perfect Vision of the "Mighty I AM Presence" expressing through all outer activity.

When the outer is determined enough, that very determination, will with no uncertainty, call forth abundant strength to keep the lens of your vision sufficiently clear, so that you will readily detect any discrepancy or unreality that attempts to intrude from the outer activity of the mind.

Once you understand the importance of keeping the attention fixed firmly on the ONLY Creative Presence, the "Mighty I AM Presence,"—the Master within, above and around you, you will see how shortly, you can become Master of your Life, your world and your environment.

When an army goes forth to conquer by force of arms, which in reality is usurped force, where the leaders did not have the vision, the attempt failed and where they did have the vision, the effort succeeded.

The Vision clear and True is God's Mighty Presence, the "Mighty I AM Presence" and Power in action. It is God's Mighty Force expressed.

When the vision of a commander is fixed on Reality and conveyed to the army, then invincible courage, strength and power flow through, which accounts for every victory.

When the individual stands aside and stops looking to the outer self as the doer, the clear Inner Vision becomes the assurance of the accomplishment and the fulfillment of the Divine Plan takes place in manifestation.

When you KNOW there is something to be accomplished, then the outer mind must make its definite choice and do it.

When there is not a definite certainty in the outer consciousness, of exactly what is the Perfect thing to be done, call forth Wisdom from the "Mighty I AM Presence" to act, that only the Divine Plan be fulfilled. In such an activity use:— "God, the 'Mighty I AM Presence'! let your Wisdom reign in this matter NOW." This removes all uncertainty.

In the activity of protection, the Radiation of Love and the Power of Vision are two of the strongest activities for defense. Where the Vision is held PERSISTENTLY on God's active Perfection, which is the "Mighty I AM Presence," you must sooner or later cause that Absolute Perfection to manifest in your Life and affairs.

Through the outer activity of the mind is the most powerful way of achieving whatsoever you wish and that is why the Great Ones say: "God needs a body."

The student who will take the determined attitude, that his mind and body is a Temple of the Living God, the "Mighty I AM Presence," makes himself a Mighty focus for all of God's Perfection in Its Fulness.

You cannot possibly over-estimate the importance of visualizing. There has been so much confusion about visualizing that an effort must be made to clear it up.

TRUE VISION is the mental picturing within of whatsoever you wish to have expressed without. This MUST be done through the CONSCIOUS EFFORT. Through this simple conscious effort, you are Master of your Life, your environment and your world.

The Law of your Being is that, when you place a picture within the consciousness and hold it

there—UNWAVERINGLY—it can no more fail to be fulfilled than the Universe stop. People have not understaood what visualizing really meant. It is simply the activity of your own mental pictures that you wish fulfilled.

You cannot have a thought that does not contain the picture of that thought. Even an abstract thought creates a picture in your mind which is your concept of that thought. Most of the time, the outer consciousness is unaware that the picture is there. Hence, the necessity of constantly watching the outer mind and of making a conscious effort to place the right pictures within it.

You must get the consciousness and keep it—that nothing acts unless you cause it to act. Unless you know that there is ONLY GOD ACTING, which is the "Mighty I AM Presence," a thousand things will suggest themselves to your mind for acceptance, but it is your privilege and responsibility to make your choice.

You MUST CHOOSE, KNOW what you want and then VISUALIZE it. Through visualization, God, the "Mighty I AM Presence" has provided an emergency measure, by which the human mind can again repolarize to the Reality of God's Perfection, through the "Mighty I AM Presence."

Thought pictures itself all the time. The CONSCIOUS effort of controlling this picturing within is infinitely more powerful than the ungoverned miscellaneous picturing, which is the ordinary mental habit of the mass of humanity.

The indiscriminate picturing within has created humanity's present condition. How much more powerful then is the definitely directed visualizing, to bring into manifestation that which you want.

Keep before you forever that, when the desire is good, it is always the "Mighty I AM Presence" acting to produce it and is God's Will. God, the "Mighty I AM Presence," is the Power picturing the Perfection.

Keep before the mind, that what you want to accomplish is the only thing to consider, so long as it does not injure another. As the Christ, the "Mighty I AM Presence," command that it does not and then go forth to full accomplishment.

Thought, desire and vision are the triple activity of the One Great Presence, the "Mighty I AM Presence."

Thought is the idea—the Father.

Desire is the feeling—the Mother.

Vision is the form—the Son.

The CONSCIOUS VISUALIZING of the Rays of Light surrounding the top of the head forms the crown, making a receptacle for the Force from the Great Central Sun to flow into and out of the personality.

When either individuals or nations undertake to do away with the thought of God, the "Mighty I AM Presence," the Supreme ONE, the True power of vision has vanished. Therefore, the ultimate for them is disintegration. They may seem to thrive for a time, but they are only living on usurped energy and when that is used up, they simply stop.

The moment the ability to visualize, through the recognition of a Supreme Power stops, the accomplishment ceases. That is the reason for the statement: "Without the vision the people perish."

There are thousands in America who recognize a Supreme Presence, which enables a certain amount of energy to flow through and sustain it.

NOW the conscious understanding and effort of the "Mighty I AM Presence" has come forth and will sustain it still more powerfully.

In the thought, desire and vision is the Self-sustaining Power, if you can but be conscious of it in your use of them. In all activity that you start into motion, be always conscious that it is Self-sustained. Then you give it the full action and power that belong to it.

The Electronic Presence of the "Mighty I AM" is the Father of all activity. As you continue and consciously sustain these ideas, you generate a tremendous power. Go joyously on, knowing It cannot fail and you will find that this "Mighty Master I AM Presence" will reach out everywhere, control all things and you and your world will take on the Perfection of that Presence.

BENEDICTION:

"Mighty I AM Presence"! we give praise and thanks that Thou dost now release the full Ascended Master Activity of the ALL-SEEING-EYE and that Thou dost call the attention of mankind throughout the earth to "Thy Mighty Presence" and Perfection, that all may now receive the fulness of Thy Victory and Light—even with the speed of thought.

· AFFIRMATION ·

"Mighty I AM Presence"! come forth and annihilate all human concepts in me concerning finance, for "I AM ONE" with the Presence of all Thy Supply! make me know it! feel it! and manifest it forever Self-sustained, in the full outpouring of Thy Divine Love.

LET there be! LIGHT, LIGHT, LIGHT!" was, is, and always will be the first Supreme Command from the One Great Source, the "Mighty I AM Presence," announcing throughout Infinity Its Own Mighty Being and Glory.

This All-enfolding Presence, speaking forth from out the Great Central Sun, decrees Its preordained, Self-expanding Perfection for all manifested Beings, sustaining Its Activity until all consciousness and substance record the fulfillment of Its Irrevocable Command.

Wherever those words register within consciousness, whether it be in thought, feeling, word or deed, it is always the "Mighty I AM Presence" releasing the Perfection of Itself into substance

and controlling the vibratory action, until all fulfills the Eternal Plan of Perfection everywhere.

Light, Life, Love are the threefold activity of the "Mighty I AM Presence." Light, the Christ, the Flame are the threefold activity of the "Mighty I AM Presence." Light, Substance, Energy are the threefold activity of the "Mighty I AM Presence."

These activities seem to be separate, yet they are ONE and Their Source is ONE—the "Mighty I AM Presence." The Light, spiritually, mentally and physically illumines and controls harmoniously all It contacts.

The ability to think is an attribute of the Light. Therefore Oh beloved students! meditate on the Light and let your consciousness be so filled with Its Recognition, Glory and Perfection that nothing can ever again hold your attention but Its Blazing Presence.

Nothing will ever pay you such interest on your investment as the time and attention spent in acknowledging, accepting, adoring, blessing and calling into dynamic action the LIMITLESS LIGHT of your own "Mighty I AM Presence," to produce Perfection for you NOW AND FOREVER.

The Light *illumines* all by the Supreme Power within itself.

The Christ *perfects* all by the Supreme Power within Itself.

The Flame *consumes* all unlike Perfection by the Supreme Power within Itself and these three are ONE. All else has beginning and end. Only the "Mighty I AM Presence," the Christ, the Flame, the Light, LOVE is eternally, changeless, ever-expanding Perfection for all.

Light is Self-illumining eternally-sustained Consciousness.

Light is Self-expanding eternally-sustained Substance.

Light is Self-generating eternally-sustained Energy.

Light knows all Perfection.

Light contains all Perfection.

Light reveals all Perfection.

Light is Wisdom.

Light is Power.

Light is Love—the ONE AND ONLY Activity that cannot be used by those who do not serve the Light and that Presence, Power and Light is "I AM."

The plant instinctively turns to the Light and for that turning receives the blessings of the Light which are expansion, Perfection and Ascension. The same Great Cosmic Law will act in exactly the same manner to bless the individual, who will also turn to the Light and receive Its Blessings instantly showered upon him.

To the individual, who will let the Light from his own "Mighty I AM Presence" flow into his mind, body and world without the interruption of discord or lack of attention, the Treasure-chest of the Universe will pour out the limitless Gifts of the Ascended Masters to bless him forever.

May the "Mighty I AM Presence" charge every individual on earth with the Ascended Masters' Consciousness in such an irresistible onrush, that naught else can stand before the Mighty Power of Its Perfection, illumining, clothing and raising all into Its Eternal, Transcendent, Limitless Light-Light-Light—FOREVER.

MUSIC is the activity and thing most useful to the Ascended Masters, in the assistance which They give to mankind and this earth.

There is a difference between Musical Peace and ordinary peace because of the charge of energy that is released when the music is played. It is an actual charge of dynamic energy that pours forth into the atmosphere.

True Harmony or what is really the Music of the Spheres, always—without exception—contains first, exquisite, beautiful melody; second, constructive wonderful rhythm; third, marvelous transcendent harmony, producing ease and ecstacy in the feelings, always strengthening the mind and body of the listener.

Never does it contain any combination of tones that, when first sounded, are in the least uncomfortable to the feeling nature of the individual.

All sound that is constructive is comfortable to one's feeling, forever producing ecstasy, alertness, and peace, charging the mind and body with energy, producing purity, balance and Self-control within the individual who hears it.

Such sound is forever in agreement with the Eternal Law of Life, which is always an illumining and sustaining activity in all form. All sound that does not produce ease, comfort, poise and Self-control in the feeling of the individual de-

stroys, through continued shock, every form through which it passes.

Sounds that excite the feelings rob the individual of his Self-control and open his mind, body and world, wide to the discord and destruction of the outer activity of others.

For this reason, the Ascended Masters will bring forth the musical activity of the incoming Golden or "I AM" Age as quickly as possible through individuals, who, understanding the above, offer themselves to the Ascended Masters as channels through which They can work to release the harmony and new ideas for the Perfection that must pour forth, in all outer activity of mankind.

When a beautiful musical composition is played, energy qualified with beauty and harmony is set into dynamic action and a form composed of substance built up in the atmosphere.

The Ascended Masters, in the capacity of Angel Devas, always send Angels from the Music Temples to qualify the energy in all constructive music with Their Divine Love in dynamic action and direct It into human activities for the dissolving of discord and destruction, releasing to humanity the Ascended Masters' Beauty and Perfection.

If one, who is a musician, will turn his or her attention to the "Mighty I AM Presence" and the Ascended Masters, They will endeavor to use that one's musical ability to pour forth tremendous radiation and to use the musical forms built up to carry Their blessings to mankind.

If musicians, when they are producing or just preceding their music, will charge all musical activity with the awakening of the consciousness

of mankind everywhere to the Reality of the "Mighty I AM Presence" in full Ascended Master Consciousness, they will be able to give a transcendent service.

If the musician will dedicate himself or herself to the service of the Ascended Masters, They will accept the fulness of that dedication and give Their assistance without limit. If such students will call the "Mighty I AM Presence" into action in their minds, bodies and work, they will not only find health, courage and strength sustaining them but a transcendent joy and inspiration acting and filling their work with beautiful ideas and Perfection.

The students of the "Mighty I AM Presence" can always do the following when they hear good music, whether it be orchestral, band, choral, radio, victrola or solo music and thus, their opportunity to be of service to all mankind and the earth is without limit:

Look up to your "Mighty I AM Presence" a moment and pour out to It your most intense Love and then say: "Mighty I AM Presence!" come forth in Thy Infinite Power and charge this music with the Ascended Masters' Consciousness! command It to release Their Limitless Light and to awaken the consciousness of every individual on earth to the Full Truth of his own "Mighty I AM Presence"; to feel Its Glorious Reality; experience Its Mighty Miracles; win Its Eternal Victories; manifest the Ascended Masters' Perfection and gaze upon it face to face in eternal at-one-ment with the Infinite "I AM Presence"— forever MASTER of all he contacts, through the Supreme Dominion of Pure Divine Love — the MUSIC of the SPHERES.

"I AM" STUDY GROUPS

HE students should understand, that there is a difference between the Accepted Messengers and the Accredited Messengers.

Jesus and Saint Germain have both said that: "Saint Germain, Myself, or any other Ascended Masters are not giving out teaching of the "I AM" in the Western World, except through Mr. and Mrs. G. W. Ballard and their Son, Donald and those named to them and under them."

All, who have been named as Accredited Messengers, have each received a letter from Saint Germain through us and are subject to His Direction through us, until the Ascended Masters come forth in Their tangible bodies.

If any student wishes to know the Truth concerning any of the Accredited Messengers' activities, write us, the Ballards, direct and we will tell you the Truth and nothing but the Truth, no matter what any human being or all the human beings on the earth say or think, about this Gift of Light and Love from Saint Germain, Jesus and the other Ascended Masters.

We know the Truth and tell It fearlessly to all who want to know the Truth. Group Leaders are not Messengers neither Accepted nor Accredited, for the Messengers are those who have been given definite training under the Ascended Master, Saint Germain's, observation and have

proved to Him their strength and ability to carry the Light—unflinchingly—no matter what may be demanded of their personalities, which must be kept PURE and Perfect for the Service of the Light.

The study groups are for the purpose of helping every student to call his own "Mighty I AM Presence" into action, with such intensity, that the Light required for the protection of America can be released quickly and Infinitely. By the practice of calling the "Presence" into action for the service of the many, the student pours out the feeling and gains the strength that is imperative to anchor him permanently into the dynamic action of the Light, and through this, comes his own Eternal Victory and Freedom.

The Ascended Masters and we, as the Accredited Messengers, are giving forth Their Instruction and Help to mankind in this hour of the world's crisis, to release the Light of the "Mighty I AM Presence" and Their Outpouring for the protection and freedom of those, who want the Light.

This means that the Light is stripping everything of its disguise and therefore, exposing the motive in all that is not of the Light. The person had better never been born in any Life, than to come into these classes or groups of "I AM" Instruction, to get an Ascended Masters' Teaching in order to further schemes of selfishness or to bolster up old human ideas or disintegrating activities to try to fool mankind longer—for any motive whatsoever.

In this work, such individuals are not dealing with us, the Messengers, personally and never

will. They deal with the Wall of Light, which the Ascended Masters are releasing for the freedom and protection of the Children of Light.

We are here to give that freedom and protection to those who really want the Light. They shall have it—NOW—if they will keep their attention on their "Mighty I AM Presence" and stand to the Light.

The student should examine himself thoroughly and see if he be sincere in his desire for the Light. By that, we mean to seek this Instruction of the "Mighty I AM Presence" because he loves the Light more than anything else and loves to serve IT only.

The Light is the student's "Mighty I AM Presence," his very Life, and everyone should seek IT before everything else in the Universe. He should give IT all of himself, for from IT he is receiving all the good in his experiences, always has and always will receive GOOD and ONLY GOOD. IT is the ONLY SOURCE from which any GOOD permanent or otherwise can ever come.

If the individual or student be sincere in his desire for the Light, LET HIM STAND TO THE LIGHT! and FACE THE SUNRISE OF HIS "MIGHTY I AM PRESENCE"—FOREVERMORE PLACING IT FIRST IN ALL HIS ACTIVITIES.

This is no idle fleeting thing to do. It is no passing fancy, for it means that all the outer activities of his human self, the personality, must be brought into obedience to his "Mighty I AM Presence" with no uncertainty. This must be done with a glad loving feeling of surrender, which the human feelings do not always want to give. That is the battle which has to be fought

and won—by every human being—before his suffering can cease and he be free and at peace. It means, that every human feeling MUST be held under his calm inflexible control—in a steel-like grip—no matter whether it be pleasant or unpleasant to his personality.

It means, that the student's attention must be held inflexibly on his own "Mighty I AM Presence" in everything he can think, say, feel or do, for he must call IT into action at all times and practice ITS Presence in all he does.

It means that he really has only ONE THING TO DO, but he must do that ALL the time. It means that he must give the Presence his all and through himself, release ALL ITS PERFECTION for the blessing of ALL-forever.

To those who are fearless and determined enough to do this, there will be given tremendous assistance and the results will be far beyond all human concept, in their joy and blessing to him.

It is imperative that the students, who have never had any of this work before, be given the fundamentals in the discourses and the other books before entering the groups of older students, who are giving the assistance to America by visualizing the Light Rays.

After they have had the work in the three books and been given the work on visualizing, they could join the older groups provided they are entirely harmonious. However, it is wiser for them to form new groups and take their own responsibility for helping America and become SUNS of LIGHT to give that assistance.

BELOVED Blessed Youth of America! Divine Love is alive within you! consumes all unlike Itself and IS the ONLY ACTING PRESENCE within you forever, bringing everything into Divine Order through Divine Love, releasing the Ascended Masters' Amazing Perfection into and through you everywhere.

The "Mighty I AM Presence" is your way, your protection, your defense and your deliverance from everything human into everything Divine and IS your illumining, supplying, directing Presence, Power and Intelligence eternally controlling your Being and world by the Ascended Masters' Consciousness and Perfection of the "Mighty I AM Presence"! giving you Ascended Master Miracles and Victories in all you do and sealing you all forever in the Service of the Light.

We ask all students and individuals to make the above decree once a day for all young people throughout the earth, that they may receive the assistance required to enable them to do the work of the incoming age, which they have accepted by embodying at the present time.

Beloved young people everywhere! call your "Mighty I AM Presence" into action in everything you do! call forth Its Marvelous Directing Intelligence to clothe you in your eternal trans-

cendent Garment of Light and show you Its glorious new Ideas, that it wishes you to bring forth in the present and future! to release Its Limitless Light and Perfection into your world and to give you Ascended Master Victories and Miracles in everything you do, through the full illumination of your own "Mighty I AM Presence" forever Self-sustained.

Call forth the Invincible Courage and Limitless Strength of the Ascended Masters to carry you through any and every experience in life, for all educational activities are changing and being replaced by the happy, easy, harmonious, eternally Perfect way of conveying knowledge as the Ascended Masters do, through your call to your own Beloved "I AM" Presence.

The principal means of teaching in all the new activities is through moving pictures, for the right picture held before the eye helps the brain to receive the Perfect Ideas, conveyed from the "Mighty I AM Presence" and the Ascended Masters.

The child or children who are taught to look to the "Mighty I AM Presence" FIRST in all study work and ask It to illumine all that is conveyed by the teacher, will have amazingly rapid and Perfect results.

The necessary thing, for all children of school age to do, is to say: "I AM the Ascended Masters' Perfect Divine Memory" also "Mighty I AM Presence! illumine to me all this which I desire to know and tell me your full Eternal Truth about it."

The above will always solve every problem of both teaching and learning and is the Divine Way

of the Ascended Masters by which all knowledge is conveyed.

Try also, wherever you go, to arouse the feeling of patriotism in all who are of school age. Show them the sacrifice of the early pioneers and try to make them feel gratitude and appreciation, for all the blessings they are receiving today in America.

Set as the standard of conduct for your own Life the ideal and the pattern of Perfection, which Jesus, Saint Germain and the other Ascended Masters have manifested. INSIST that all you contact respect your ideal, if they are to continue in association with you because in this way, you can do tremendous things for your own freedom and the blessing of the world—everywhere—through the "Mighty I AM Presence."

We ask all the students under this Radiation to call the "Mighty I AM Presence" into action with Infinite Ascended Master Power to bless and release, into the outer use of the "I AM" SCHOOL and READING ROOMS, a lavish abundance of every good thing required, to make them an Ever-expanding Outpouring of LIGHT, LOVE, TRUTH, PROTECTION, ABUNDANCE, HEALTH and PERFECTION of the "Mighty I AM Presence" and Ascended Masters to all mankind, for the blessing of America and the earth —forever.

We ask you all to do this with dynamic energy, deep feeling and intense Divine Love and we bless you for it.

PRECIOUS Children of the "Light"! your hearts are reaching so earnestly to the Perfection of the Ascended Master Consciousness, of which you have come to know. As in the long ago, when we met to leave for humanity the Example which all might follow, so to-day has there come again the fulfilment of that Example which I left for mankind.

My heart rejoices that in the great adoration which has been poured out to Me, so has there entered into you that consciousness of the Ascended Master Activity, which it was my great privilege to use, in bringing My Victory and Example to you and the world. To-day you have a transcendent privilege in the broadcasting, as it were, of that Secret Knowledge which was given to me—the knowledge of the "Mighty I AM Presence" and Its Invincible Power to act in you, through you and for you, to manifest your full Perfection and Ascension, as was My great Joy and Privilege.

Not since my experience, in leaving that Example, has there been such Joy filling the hearts of those Great Ascended Ones, as is expressed to-day in bringing forth to the great mass of humanity, the Glory and the Means by which their freedom and Ascension comes about. The Great Wisdom is brought forth in the chart, which holds definitely before you the eye picture of the "Presence"—

that Mighty Wisdom and Mighty Energy which enables you to do all things Perfectly, under Its Mighty Direction.

So let me add My Joy to yours to-day, for the Great Light which has been brought to you in the conscious acknowledgment of the "Light of God that lighteth every man that cometh into the world." In your acceptance, that "I AM the Resurrection and the Life"—NOW, is the fulness of the eternal active Truth that—"I AM the Open Door which no man can shut." So to-day, let this Trinity of Activity become expressed in your Life to produce Its everlasting Perfection for you.

Even as I have joined our Beloved Saint Germain, in the endeavor to bring this Freedom to America and the world, so is it fitting on this day to add My View of that Great Reality. Oh, my beloved ones! stand firm in that which you have come to know as the "Great Majestic Presence" which beats your hearts. It can perform all action, all service, all Perfection for you, requiring only your attention to enable It to release the same Power,—the same great Love and Light—which it was My Privilege to release from that "Great Presence"—the "Mighty I AM."

Can you imagine, Oh beloved Children of the Light, the Rejoicing of those Great Ascended Ones, who have endeavored to minister to mankind through these many centuries? Yet only to-day, when the Great Cosmic Light has given Its Assistance to mankind and the earth, is it possible to see those experiences brought into Perfect Manifestation, which were the Glory and Light that came to the attention of mankind in that long ago. Experiences transcendent will come into fruition to-day for the great mass of mankind.

I plead with you, let not the appearance of the limitations of mankind longer hold you in bondage. In the acknowledgment of the Presence, the Power and the Glory of that Consciousness which was and is Mine, I give to you to-day the Power to anchor within your hearts, the "Active Presence" of that Ascended Master Consciousness, to lift you into the fulness of your Ascension, and enable you to consciously grasp the reins of your dominion. The acknowledgment of your Presence forever makes you free, and gives you the Power, the Energy and the Strength to lift you into full Freedom; into your Ascension, where once again, we will meet, clasp hands and rejoice in the service which we may again turn and render to those not yet having finished the great pilgrimage.

I extend to you My Eternal Blessing, My Courage and Strength, My Enfolding Presence in the Ascended Master Consciousness which is Mine, to enfold you like a Mantle of Light filled with all that you require for your Freedom and Attainment—to become ever active in your Life in the fulness of its achievement, and your Ascension. My Love abides with you, in you, active through you, forever. Remember! that we are never apart. As your Love comes to Me, so does it make it possible for Me to return upon that Ray of Light and to Bless you as the requirement may be.

All the Ascended Masters, and my Beloved Brother, Saint Germain, have made this possible. Unto Him we give all credit for having had the Courage, the Conviction and Strength to bring this forth to America and the world. We have all joined in that earnest Service to enable the Glory and Light to fill the hearts of mankind more quickly and sustain Its Eternal Victory.

In the Infinite Light of the Great Eternal Central Sun, we call the full currents of Energy from the Universe everywhere, to focus into America the "Cup of Light" of the coming Perfection—that you may all feel the Fulness of Its Radiance, quickening and expanding the Light within your hearts, unto the Fulness of that Freedom and Blessing, which every heart knows is Its purity and Its Perfection.

Again, My Love enfolds you forever, as does the Love of all the Ascended Masters, and all wish me to express their Great Love and Enfolding Presence to you, that you may consciously understand its Omnipresent Activity, to glorify you and lift you into your Ascension.

· AFFIRMATIONS ·

SAINT GERMAIN'S EASTER MESSAGE

AFTERNOON

April 12th 1936 - Pasadena, Cal.

LONG, Oh beloved students, have we waited for this day to give the assistance of the Great Cosmic Law. In the assistance of the Great Assembly of Ascended Masters, we have been able to render a service, heretofore not experienced among mankind and its far reaching activity will bring to many the realization of what I say to you.

The Glory of that Light once released within your hearts is dauntless. It continues to expand with the fulness of the Perfection of the Presence, which knows no resistance or interference. This has been established within you today. Accept the FULNESS of It and henceforth, say to human appearances: "You are powerless. No longer can you affect my world," and mean it. Then you will find that appearances will no longer disturb you.

Always speak with Loving Kindness to each other, and if necessary, still the outer until all human sense of irritation ceases; for in the future, with this greater, released Energy for your blessing and assistance, I plead with you to govern your feelings.

If you will do this, you will find that Perfection entering into action in your world, which you have craved throughout the centuries.

Instead of seeing limitations or shortcomings in

others, if there seems to be an appearance, say to that also: "You have no power. "My Mighty I AM Presence"! take command of that blessed one and express your Perfection. Then refuse to allow the mind to pass opinion about it.

Oh! the Love, the Joy, the Majesty that will enter your Life, if you will do this. You, who are heads of business activities of any kind, go into your place of business and pour forth such Love that none can resist Its Perfection.

If someone has made a mistake, say: "Oh! never mind, that has been the habit of mankind, but we call on the Law of Forgiveness: and we ask the "Mighty I AM Presence" to see that it does not affect you again. Then go forth and pour out your blessing to all and see what transcendent Activity and Success will come into your world.

I am speaking to you today with a Power and Radiation, endeavoring to convey to you the understanding of these simple things. Yet, they mean so much in your world. After we become Master of the smaller things, then the Presence says: "We will give you Mastery over greater things," and that is really true. If you cannot govern a few atoms of your body, how can you expect to govern another? After all, there is only ONE INTELLIGENCE to govern others, and that is their "Mighty I AM Presence."

So, with this great love, I say to you: "Stand guard over your world! over your feelings and allow it to manifest only harmony and good will to all. "Then you have nailed back the doors of doubt and fear and entered into the glory of the Transcendent Golden Light which is through that doorway.

Pour fourth to each other constantly, great blessings, for if one has made a mistake, that one needs the blessing to strengthen him, and if he has not, then your blessing will add to the glory which he already has.

Remember, Oh my beloved ones, there is no excuse ever for irritation or anger, and as you find it easy to govern these qualities that have acted in your Lives, you will find it so easy for blessings to become active in your Lives. Then you too will smile the smile of eternal Joy and Happiness and you will enter into your "Mighty I AM Presence" with Its Mighty Intelligence, Its Mighty enfolding Love, Its mighty accomplishing Activity, that makes all your efforts abound with every good thing.

My Love enfolds you always. I answer every call and remember! the Great Divine Director has offered you the Great Privilege of calling to Him. For those, for whom time and space can be set aside, it shall be done, that you may enter into the fuller glory of your "Mighty I AM Presence."

Today, the Great Assembly of Ascended Ones with open arms say: "Oh Beloved Ones! We love you with a Love that dissolves all else. When you can but harmonize your feelings, We can release a greater Power and Love to strengthen and bless you until the whole world seems ablaze with that Light which beats your hearts. So, if you can accept that and stand glorified in it, We can give you assistance not otherwise possible, for Our Great Desire is to see you free in your Ascended "Mighty I AM Presence," walking beside us again offering that same assistance to those not yet having reached Perfection—a joy, a service that no other activity in the Universe can bring."

So, in behalf of the Great Assembly, the Great Divine Director, Beloved Nada, the Master Jesus and Myself, we offer you our Love for your freedom, and with your permission stand guard to assist you to guard your worlds, that naught can enter but the Perfection, the Love, the Full Activity of your "Mighty I AM Presence."

· AFFIRMATIONS ·

Mighty Divine Director! we call unto Thee in the Name of the "Mighty I AM Presence" to release whatever Light and Power is required throughout America and the world to awaken the consciousness of every human being to the Mighty Reality of his own "Mighty I AM Presence" and to make him feel and accept the fulness of Its Light and Perfection even this hour claiming all into the service of the Light—forever.

"Mighty I AM Presence"! qualify every detail of this activity with the Ascended Masters' Amazing Perfection, management and control forever.

I refuse acceptance to everything but Limitless Light and Love.

"Mighty I AM Presence"! make your Divine Love alive and dynamically active within me (or ————)! consume all unlike Itself and see that It is the ONLY ACTING PRESENCE forever in me and my world.

The ASCENSION

ASCENSION Day is Thursday, May 21, 1936, and represents the fullest Outpouring of Light and Love which Jesus gave to our earth.

From twelve o'clock midnight, of May 21st, to twelve o'clock midnight of May 22nd, Jesus always gives an intensified Outpouring of His Rays of Light and Love to our humanity, charged with a limitless Focus of His Ascended Master Consciousness, Feeling and Victory of the Ascension.

To the students, who are determined to gain their Ascension at this time, this Outpouring from Jesus means far more than words can convey. Those, who will give an hour at twelve noon on Ascension Day to accepting this Glorious Gift and Radiance from our Mighty Brother, the Master Jesus, will feel unmistakably His Tremendous Ray of Light and Love, focused and poured out to bless all. If the student cannot give time at twelve noon, he can do so for an hour some other time of the day.

An individualized Ray of His Wonderful Energy and Substance will penetrate and enfold the mind and body of everyone, who gives Him conscious recognition in this way. On the Love and Light sent out to Him, He will come back a thousand fold, to bless forever with His Complete Freedom all who will turn their attention to Him on Ascension Day.

The students should as often as possible give conscious recognition, praise and thanks for the attainment of their own Ascension.

When one awakens in the morning, he can give praise and thanks that he is one day nearer to his Ascension. He can form the habit of qualifying all the energy in his Being and world with the Victory of his Ascension, for the more recognition he can give it, the quicker will he attain it.

He can say often: " 'Mighty I AM Presence!' take complete possession of my Being and world—NOW!—prepare me and see that I make my Ascension as soon as possible." This will open the way for greater assistance to be given him.

All should understand, that when one has made his Ascension, he becomes a wholly Perfect Being of such Beauty and Radiance that all who contact him, realize that he is superior in every way to all

other Beings. He is no longer subject to any of the limitations of the outer world, for he has the full use of the power of precipitation, can take his body anywhere he desires instantly, transcends time and space and is such an Outpouring of Light, Love and Peace, that all who contact him, know instantly, that He is a God Being manifesting marvelous Perfection in every way.

At the moment of Ascension, the Light from the individual's own Electronic Body releases through the physical flesh body, so powerfully that the vibratory action of the physical is increased to a rate in which no imperfection can register. Then the discords and imperfections simply melt into the Perfection of the Light, which is the Pure Substance from the individual's own "Mighty I AM Presence."

Where the physical body has red blood in the veins, at the moment of Ascension, it becomes a Liquid Golden Light pouring Its Radiance through the flesh until the Rays of Golden Light fill the aura.

The Light within the heart then begins to expand and intensify, until It fills the whole body and out to some distance around the body. The gravity pull of earth can no longer affect it, the body rises into the atmosphere and follows the thought, going instantly wherever the individual desires.

As an airplane propeller, when its speed is increased generates enough power to over-come the gravity pull of earth, so does the increase of Light in the flesh body generate the same kind of power to lift the body into the atmosphere. The Light in the body is *That Power* and over It nothing on earth has control.

It is all so natural, so normal, so majestic, so joyous, so self-evident and so satisfactory, that when the Law of Its Accomplishment is explained to mankind, there is nothing to longer resist the Mighty Truth and Law of Life which It is.

It is as simple and True as the radio, the electric light or a bird's flight and when the individual calls his "Mighty I AM Presence" into action, to take complete and eternal Control of all the energy and consciousness of his personality, which means his mind and body, he too will release into and through his body, the Light needed to increase their vibratory action, to the point where the body can rise into the air and become invisible or visible, as the Ascended Masters are able to do.

The individual then becomes the wholly Ascended Being of Light and Love, who is the Glorious Son of God, wielding Power without limit and manifesting forever the Fulfilment Authority, and Victory of Love—the only True Power in the Universe.

The Ascension into the Ascended Masters' Octave of Life is the manifestation of Perfection and the pre-ordained Divine Plan for every individual. It is the Goal of all physical embodiment and is the only thing of any real importance in the Life of all mankind.

Therefore, Oh Beloved of the Light, take the Scepter of your own Dominion—now—and accomplish the Final Victory with the assistance of those great Blessed Ascended Masters, who ever stand ready to give whatever help is required, when the student places his own "Mighty I AM Presence" before every outer experience in Life and is determined to have his Freedom forever.

The VIOLET CONSUMING FLAME

THE conscious use of the Violet Consuming Flame is the only means by which any human being can free himself from his own human discord and imperfection.

Aside from the Ascended Masters' explanation of what and where the "Mighty I AM Presence" is, the greatest possible assistance and blessing to mankind on this earth is the Ascended Masters' Instruction concerning the use of the Violet Consuming Flame.

Through Its use, They have dissolved all discordant creation of Their past lives and become the Ascended Beings of Perfection which They are today. Every human being must do the same thing sometime, somewhere, before he is free from his own human creation—past and present.

The student should understand, that the actual focusing, projecting and sustaining of the Violet Consuming Flame is done by his own "Mighty I AM Presence," for It is God's Flame of Pure Divine Love: but the part the student must do, is to call his Presence into dynamic action, to produce It and then visualize the Flame. This means to hold the mental picture of It passing through his mind, body and aura, from his feet up, through and around the body—cleansing them of all imperfection.

Thus, he can dissolve and purify all unnecessary, discordantly qualified substance and energy, which he has used in all lives. This lets the Pure Energy, Light and Perfection from his "Mighty I AM Presence" pour out Its Fulness to and through him without interference.

Individuals have not the slightest concept of what they have created through their thought, feeling and spoken words, even in their present lives, let alone all the hundreds and possibly thousands of embodiments they have lived through previously.

Nevertheless, all the substance and energy which they have used was given to them Pure and Perfect in the beginning, for the purpose of creating and expanding Perfection on this earth.

Through discordant thought, feeling and spoken word, humanity has created forms made of substance, energized by feeling and projected into the atmosphere about them. Most of these are too hideous and unpleasant to put the description into words. There is no human being who has not done this to some extent, in all lives past and present. All have felt discord and sent it forth in thought,

feeling and spoken word—most people a great deal more than they are willing to admit.

Nevertheless, the Law is the Law. Every human being uses energy and substance waking and sleeping. All are creating vibration and form, through the individual's consciousness every instant. The Law acts whether the individual be ignorant or wise and no one ever escapes.

It is through the great Infinite Divine Love and Compassion of the Ascended Masters, that the great Mercy of the "Mighty I AM Presence" acts. The Instruction in the use of the Violet Consuming Flame is the most merciful service any Being could render to humanity.

Through the individual's own God-conscious effort in using this Flame of Divine Love, he is able to consume all his past creations and purify his mind,body and world.

In this way, he never has to face his distorted creation, if he will use the Violet Consuming Flame with intense, steady determination.

Thus, he can reach up into the Ascended Masters' Octave of Life and begin to draw forth more and more of Their Perfection, until he manifests the completeness of Their Mastery—the attainment of his Ascension.

This is the Grace which Jesus taught and the only way—in heaven or earth—by which any individual attains the state of the Ascended Master and becomes free from all the limitations and inharmony of earth.

The GREAT ETERNAL LAW is: that every individual must purify his own creations by his own conscious application and use of the Violet Consuming Flame. It is not possible for anyone else to

do it for him. Since he created his imperfections and limitations, so must he uncreate and purify them, until all in his Being and world manifests Perfection. Then he is free.

The effect in the mind, body, Being and world of the individual who uses the Violet Consuming Flame, is to purify all the substance and energy in all his bodies—mental, emotional and physical. It quiets the whirls of vibratory action in the emotional body, dissolves the impurities in the flesh and consumes the wrong thought patterns in the mental body. In this way, he establishesHabits of constructive thinking, feeling and speaking.

The Violet Consuming Flame increases the vibratory action of both the mind and body, so the currents of Light and Energy from the Presence flow through in Perfect Balance bringing ease in the feelings, which is absolutely imperative, if health is to manifest and be maintained in the body.

The Violet Consuming Flame is a raising, transforming, purifying, vivifying activity of Pure Divine Love, from the Heart of God—the Great Central Sun, which is the "Mighty I AM Presence" of Infinity.

As heat melts wax, until it drops away by its own weight, and as the heat increases, the wax ignites being consumed by the fire; so does the Violet Consuming Flame melt away the impure substance in the physical, emotional and mental bodies of the individual, who visualizes It pouring through him and his aura, for a distance of about three feet in every direction.

The action that really takes place in the use of the Violet Consuming Flame, is that It increases

the vibratory action of the substance in the three bodies, to a rate in which no discord nor imperfection can exist, for these conditions can only exist in the lower rates of vibration.

In the use of the Violet Consuming Flame, which is the cleansing, harmonizing, uplifting and illumining Activity of the Sacred Fire, the Divine Love of the "Mighty I AM Presence," the student has the Ascended Masters' Power to set everything in his Being and world into Divine Order—harmoniously and permanently.

It but requires firm alert attention and an unyielding determination to have the same Great Freedom which Jesus revealed to mankind and which He and all other Ascended Masters are expressing and living in today.

All students in doing this should realize that the Violet Consuming Flame is the actual Energy and Substance of Divine Love from out the Great Central Sun, which each one's own "Mighty I AM Presence" draws into a concentrated focus, as a Flame and blazes through the bodies and aura of the personality, to set everything into Divine Order, so the Perfection of the Presence can express through the mind and body and out into the world of the individual.

It is utterly impossible for God's Love, Energy and Substance from the Great Central Sun to have any effect whatsoever in anyone's mind, body or affairs, except to produce ease, peace, harmony, abundance, illumination and Perfection. It is eternally impossible for It to create anything unlike Itself.

So the student should see how self-evident it is for any result to come from Its use but joy, Victory, Freedom and Perfection. Any other inter-

pretation or suggestion concerning It or Its use is but human vicious ignorance and fear and is not the TRUTH.

It is childish, ignorant and foolish for anyone to have any other concept about It, except the Glory and Beauty of Its Perfection. Anyone who says anything to the contrary about It shows, that the individual has not the slightest understanding about what the Ascended Masters mean. They have explained what the Violet Consuming Flame is and asked the students and mankind to use It, that all may have the same marvelous Freedom, Blessings and Perfection which the Ascended Masters continually manifest.

The student should think clearly enough to realize, that the personality cannot create a Flame and as the personality is the only creator of destructive qualities, all ignorant suggestion of fear and discord concerning the Violet Consuming Flame is but the concoction of the human intellect. That is self-evident.

The Violet Consuming Flame can only be focused, projected and brought into activity by the "Mighty I AM Presence." Only the PRESENCE is Lord of the Flame. This is the Flame of Divine Love—the very Energy, Substance and Intelligence from the One Great Eternal Source of All —the Great Central Sun.

Dear Blessed Students!do forever annihilate in your own consciousness any fear of Its use. If individuals fear to use the Flame of Divine Love from God's own Heart, what hope is there for them and who can ever help them? Not Jesus, Saint Germain nor anyone else can ever help the individual if Their Gifts of Victory, Freedom and Perfection are feared by the ignorant human intellect.

Remember, that fear and doubt are the two robbers of humanity's happiness. Use the Violet Consuming Flame, Precious Ones of the Light, and annihilate once and for all eternity everything in human consciousness, that attempts to limit or dominate you longer, by the suggestion of fear or doubt.

Freedom from every human limitation is yours, if you will dare to do as the Ascended Masters have explained. Freedom from musty old human concepts is yours by the use of the Violet Consuming Flame. Freedom from the karmic accumulation of centuries and old race beliefs of the ages is yours, if you will but apply the Ascended Masters' instruction and use the Violet Consuming Flame to clear away all, that disturbs or limits you.

Defy every ignorant, disturbing negative suggestion that confronts you. Blast it from the consciousness of mankind forever, that you may prove through your own individual experience, that the Light and Love of your own "Mighty I AM Presence" is the Supreme Controller of all conditions in your Beings and worlds.

Yield not one atom of power to any human suggestion of less than Perfection. Dare to be the Fulness of your "Mighty I AM Presence" in dynamic action, producing Perfection in your Beings and worlds. Shut your door to all that denies the Truth and possibility of Its fulfilment,in all your physical experiences.

Perfection is possible for every human being on this earth and when the individual is determined enough to keep his attention on his "Mighty I AM Presence," Perfection will manifest in all his Life's experiences.

The Violet Consuming Flame is what Jesus referred to when He said: "Moses brought Law but I bring Grace." Grace means the bringing of all into Divine Order, through Divine Love and this is done by the use of the Violet Consuming Flame —the ONLY WAY in heaven or earth, it ever was or ever will be done, because that is the way the Great Divine Law maintains Order permanently.

This is the Knowledge of the Sacred Fire, which has been co-existant with mankind on this earth from the beginning. It is the purifying Activity that the "Mighty I AM Presence" provides, by which the outer activity of the human personality may again be made to express the Divine Way of Life.

USE-USE-USE the Violet Consuming Flame around your mind, body, home, office and world, in all your affairs and your blessings will transcend your fondest dreams.

Oh! that the blessed doctors and nurses, who handle the discordant conditions of mind and body of afflicted human beings, but knew and would experiment with the Violet Consuming Flame and through It bring marvelous protection to themselves and limitless help to their patients.

They could then move in those conditions, give assistance without limit and yet be entirely untouched, by the reactions from the conditions they are trying to cure and yet, many times go down under themselves.

Oh! that the blessed school teachers might understand what transcendent accomplishment could come to those children under their care, by the use of the Violet Consuming Flame. They could teach almost indefinitely and yet feel no

sense of exhaustion. They could harmonize a room full of children with an Irresistible Power, that would make all a joy and privilege to work together for the good of all.

Oh! that business men might understand how by the use of the Violet Consuming Flame dishonesty, intrigue, crime and discord of every kind can be prevented in all outer activities of humanity and the Real, True marvelous Ascended Master Accomplishment mankind was meant to express, be experienced by every individual—NOW.

Blessed Ones of the Light! visualize the Violet Consuming Flame in and about your mind, body, home, business, country, and world—many, many times a day—until you become as conscious of Its existence in and around all you contact, as you are of your hands and feet.

Call your "Mighty I AM Presence" into action to release the Ascended Master Focus and Outpouring of the Violet Consuming Flame in and through all you do! to keep Its Action Self-sustained, in such a Mighty Onrush of Perfection, that naught can withstand Its Irresistible Presence and Power.

FEEL yourselves always surrounded by a Great Pillar of Violet Consuming Flame, the shade of the violet Neon signs, with the Flame flowing from the feet upward through the body to the top of the head and up into your own "Mighty I AM Presence."

Do this with great intensity at least fifteen minutes three times a day. In a few weeks or months, you will feel such freedom and ease in your bodies—such clearness in your minds and such victory in your affairs, that you will no longer wish to do anything but continue Its use.

If you wish an intensified action of Divine Compassion and peace, make the center of your Great Pillar of Violet Flame, a delicate shade of pink.

Realize deeply in your FEELINGS, that your power to visualize is the PRESENCE' Power of sight which is used to make the picture, and call the Presence into action to keep It forever Self-sustained. It is the Presence who projects the Flame and the Presence always answers every call—instantly.

This is all any student needs to be able to FEEL the Fulness of his Presence and see It face to face. Say often and feel deeply: "I AM always a Gigantic Pillar of the Violet Consuming Flame of Pure Divine Love, that transcends all human concepts and pours out through me—forever—all the Ascended Master Victory and Perfection from within Its Heart."

· AFFIRMATIONS ·

"Mighty I AM Presence"! take complete command of my mind, body and world and see that all problems vanish forever.

"Mighty I AM Presence"! see that I always speak only the words of Truth, the decrees of Love, the commands of Perfection and experience only the Miracles and Victories of the Ascended Masters, instantly and eternally manifest.

MOTHERS OF THE WORLD

THE Motherhood Expression of Life is that Activity of Divine Love, which gives of Itself in the Service of expansion. If the Love of the mothers of the world were withdrawn, humanity's discord would destroy mankind and the earth itself.

However, when we speak of Mother Love, we do not mean selfish possession for that is not Love. The Real Desire, which is God-Desire, within the heart of all mothers is that they want their children to express Perfection.

That thought creates a pattern and becomes a magnet to bring about the fulfilment, if Divine Love is always the feeling that is held by the mother.

The mothers of the world can release the limitless Power of the "I AM" to hold the Focus and Perfection of the Ascended Master, as the pattern to be fulfilled by the child or children who come into embodiment through them.

By taking the command: "Mighty I AM Presence"! hold Your Focus of Ascended Master Perfection in and around this precious child and make him (or her) always the Master Christ grown to full stature, Who forever speaks and commands with authority," and holding it steady with de-

termination, the mother can positively release Love, Light and Power which will mold the child into that Perfect Presence of the "I AM" and thus express full Mastery and Freedom.

If all the mothers of America and the world would do this a race of such God-like Beings would be born as would astonish the world and thus give a service beyond all words to describe.

We call the "Mighty I AM Presence" into action, with the Infinite Power of the Ascended Masters to bless every mother on earth with such boundless Light, Love and Perfection, that they flood the world with Its Radiance and draw every individual into the Full Perfection of his own "Mighty I AM Presence" through Divine Love.

MOTHER

By Godfre Ray King

How precious, the name of Mother!
Chancel for souls of men,
Who come Life's paths to conquer
And rise above Earth's sin.
The love that comes from Mother
Flows forth in joy to all:
She stands by those she worships
No matter how great the fall.

* * *

How wondrous thy gift, Oh Mother!
The temple not made with hands,
The Chalice of Cosmic Essence
The Law of earth demands.
With Love and Light transcendent
Poured out to souls on earth,
Can all gain God's Great Wisdom
Attained through each new birth.

Majestic, Thy name Oh Mother!
The soul's great strength in flight,
Thou hast caught Light's Ray descending—
Flashed down from Heaven's far height.
Each one must gain full Mastery,
Must conquer all human strife
And rise at last Victorious
The "Presence" and Lord of Life.

* * *

Thou Mother! art Queen of Heaven,
Sweet Parent of Love so pure,
Thy patience and great endurance
Is strength and anchor sure,
God's armor and great protection
For those you hold most dear,
To guide in paths of glory
Above earth's care—earth's fear.

* * *

Great blessings are thine, Oh Mother!
Thy heart is purest gold:
We hold Thy name in reverence
In Thy Love, we must unfold,
All rising higher and higher
Our goal we must attain
And enter the Gates of Freedom
In Cosmic Light to reign.

* * *

Sweet, precious, beloved Mother!
Of daughters and sons of men
Thou rarest of jewels, we love Thee
Crown Jewel of God's Diadem.
You lift this world with your glory
So angelic your smile, so sweet—
We feel in your blessed Presence
As though kneeling at Jesus' Feet.

I AM STUDY GROUPS

STUDENTS should consider every study group meeting as a sacred preparation, to draw them nearer to their Ascension, for all outpouring from the Ascended Masters and Angelic Host is for accomplishment of that Victory, that all humanity may be eternally free.

There is no Eternal Freedom nor peace for mankind, until the Ascension is completed because that is the whole purpose of human embodiment. It is the Outpouring from the Ascended Masters which enables mankind to attain this Victory, for Their Light and Love is a Magnet that draws every human being into the Ascended Masters' Octave of Life's Activity.

As the Rays of Light from the physical sun draw forth the dynamic action of plant life from within the seed, upward into full bloom and Perfection, so do the Rays of Light from the "Mighty I AM Presence" and Ascended Masters draw the Life Activity of the individual into the Mastery and Freedom which is the Ascended Masters' Octave of Life. Thus, the full Power and Perfection of the "Mighty I AM Presence" expresses Itself through the individual and expands its Perfection Infinitely.

In conducting study groups, both the leaders and students should realize that the Ascended Master Consciousness is the Directive Presence,

Power and Activity, controlling all by the ONLY REAL AUTHORITY in the Universe—DIVINE LOVE.

All should realize, that there is a vast difference between being directive and dictatorial. When one is directive, his every thought feeling word and act is charged and clothed with the feeling of Divine Love. Then only harmony, peace and Perfection can possibly be experienced by everyone concerned.

When the personality becomes dictatorial, it is only the human intellect acting and because the thoughts, feelings, and words are not charged and clothed with the feeling of Divine Love, the result is resistance and discord from other personalities.

Everyone, sometime, somewhere, on the path to his Ascension must meet and conquer this most unhappy of human experiences and the sooner he does it the sooner he has peace. The sooner he maintains all his activities in peace, the more of God—the "Mighty I AM Presence"—he has in action and hence, the quicker he attains his Victory over his human self and makes his Ascension.

All Perfection can be experienced by every individual in every study group, if the students and leaders will watch the above activity in themselves and ask the "Mighty I AM Presence" to control it in everyone else, but keep the human attention from watching other personalities.

In every activity of Life, the individual should realize that he must stop trying to reform other personalities and trying to compel them to do his personal will.

If in every activity of Life, the student will simply call the "I AM Presence" into action to

produce Perfection and then keep his own feeling calm, loving and at ease, the results will be infinitely more marvelous and Perfect, than his human consciousness could ever dream or imagine.

So we ask all "I AM" students, to govern their feelings completely and charge all the energy they send out with the Ascended Masters' Divine Love and direct it by the Ascended Masters' Wisdom and Intelligence. Then heaven on earth can and will manifest for all and be sustained.

Remember no good thing is ever done permanently except it be done with the feeling of Divine Love.

· AFFIRMATIONS ·

To all wrong conditions say: "Mighty I AM Presence"! release Your Infinite Ascended Master Power into this person and condition! remove it forever by Your Divine Love, see that it never touches my Being or world again, and set that Beloved One forever free.

"Mighty I AM Presence"! fulfill Your Divine Plan here instantly and keep It permanent.

"Mighty I AM Presence"! make Your Flame of Divine Love in my heart alive and dynamically active, as the all-controlling Presence and Power in my Being and world forever.

YOUNG AMERICA

OYALTY to your own "Mighty I AM Presence" is your first obligation to Life. From It, you are receiving your very existence, your Life, your body, your energy, all that is good and only good.

To It, you owe all and nothing should ever be of any consideration, but that "Glorious Adorable Presence."

If you are loyal to your God-Self, the "Mighty I AM Presence," you MUST of necessity *always* do the Perfect thing to everybody and everything else in the Universe.

Then, extend your loyalty to America where you have chosen to expand your Light this lifetime for her protection, blessing and Perfection.

Blessed young people of America! try to arouse the feeling of loyalty to the "Mighty I AM Presence" in mankind everywhere you go. Try to harmonize the feelings of the people you contact on your pathway in Life. Call always to your own "Mighty I AM Presence"—*first*—and then, if you need more instantaneous action than you seem able to draw, call directly to Saint Germain, Jesus, Nada, or the Divine Director, to assist you in attaining your Victory more quickly.

Without loyalty in the character of an individual, there is no basis, for Truth to anchor Its Blessings in that one's Life and experience. So try

to arouse everyone's loyalty to God—the "Mighty I AM Presence"—the Source of everyone's very existence and the Universe Itself.

Then try to make all *feel deeply* and realize the Power individuals have, to open the door of the Treasure-chest of the Universe, to flood mankind and the earth with Its limitless Blessings and Perfection, through their conscious acknowledgment and acceptance of the "Mighty I AM Presence" and the Ascended Masters. Make them *feel* their ability to call Its Mighty Directing Intelligence into action, in every activity to produce Protection, Freedom, Abundance and Perfection for all.

Make all realize, that they can only manifest what they desire of good in their own experience, when they ask it for all mankind; because the individual can only become free himself, as he gives freedom to all humanity.

We become free only through what we give, not by what we get. The Divine gives! The human receives! If the human is to experience the Fulness of Perfection, it must become Divine by giving Light, Love, Peace, Freedom, Blessing and the Perfection of the "Mighty I AM Presence" to all without any reservation whatsoever.

"Mighty I AM Presence"! charge all the energy coming into my mind and body with your Mighty Healing Power forever.

SAINT GERMAIN:

Thou Great Star of Light and Love! we are filled with great rejoicing that Thou dost again, after so long a time, project Thy penetrating Rays of Light upon the earth.

Through Thy Mighty Quality and Power, will the Mighty Light of Christ, the "Mighty I AM Presence," find entrance into the hearts of humanity, holding Thy Anchorage there, that Thou mayest hold and sustain the attention, until the Fulness of the Christ finds Dominion in the hearts of the children of earth.

We give praise with great rejoicing, that the Mighty Creator of all things and Thee has seen fit to shed Thy added Radiance to the children of earth once again.

GREETINGS:

I bring you Greetings from New Friends again.

I bring you Greetings and Hope from the New Radiance.

I bring you Love and Greetings from the Great Host of Light always.

THE DISCOURSE

One of the first things that all students should fix firmly in their consciousness, is the Truth, that they cannot divest their thought, feeling and spoken word of their creative quality and power.

This, firmly held before the consciousness of individuals, will do much and will explain, why it is so important that they control their thought, feeling and spoken word.

Mankind through the centuries has made the great mistake, of focusing the attention upon the human accumulation, instead of the Principle of Life within the individual, the "Mighty I AM Presence," which each one really is.

Even from outer observation, all who stop to think seriously must know that this Principle of Life, which we see everywhere manifest, is eternal and is the Activity of God—the Creator of all things visible and invisible.

Therefore, that Principle of Life within us is ONE in Quality and Power with the Creator of the Universe. Again, may I remind you, that you have for your conscious use ALL the Quality, Power and Activity of the "Mighty I AM Presence"—THE GOD-HEAD.

Then NEVER again forget your Limitless Possibilities. God, the "Mighty I AM Presence," thought, that which you see into form. That same Mighty Inherent Quality is in your thought—today. It is your privilege to use this Inherent Quality in creating Mighty Perfection in your individual world.

In this Mighty Creative Presence and Principle is that "Eternal Omnipresent Opulence." By opulence, I mean money, Love, Light, the Eternal Power of Activity, the Peace and Harmony of the same Quality and Fulness that is in the "Mighty I AM Presence" or Heart of the Great and Mighty Silence—the Great Central Sun.

With your Mighty Power of Free Will, there is naught in the Universe as authority for what you

shall think, feel or say or prevent you thinking, feeling and saying but yourself.

Then awake! Oh Students of Light! into the use —the conscious use—of this Mighty Power, naturally inherent within you.

There is a great mistake that mankind has long made and in bringing it to your attention, I wish to indelibly impress it upon your consciousness. It is this: Through observation, the outer consciousness of mankind has observed things, creation, from the standpoint of growth, when to the Student of Light, it should be looked upon from the standpoint of expansion.

Correct understanding will wipe out of the consciousness this inhibition or idea of growth. Growth, to the outer sense, requires a short or long period of time, according to one's comprehension or attitude toward it.

The idea of expansion will enable the individual consciousness to feel its liberty and freedom more quickly—now. It is our privilege to express and use the completed, perfected, form of the object, article or substance, which we wish to use.

This consciousness of expansion came about, through the recognition of expansion of the "Mighty I AM Presence"—the ALL-POWERFUL PRINCIPLE of LIFE—which animates, governs and directs the outer form.

It is time now, that individuals erase from their consciousness the idea of growth, which signifies more or less time, and enter into their God-given Freedom through expansion. Then live, move and BE that Fulness and Freedom in and of all things, which is everyone's birthright.

I will make a personal effort with whoever contacts this instruction, to assist all to erase from

their consciousness the idea of time and growth and to enter into the expansion of that Great God-Self, the "Mighty I AM Presence," wherein all they require or wish to bring into expression and use, is already within their worlds, awaiting their ability to open the door and call it forth.

Everyone, whom this instruction reaches, will have the ability to do this, with the assistance which will be given. We must come to the point, where the outer and the Inner are ONE and the recognition of this expansion of the God-Self, the "Mighty I AM Presence," is that ONENESS; or rather, the true ONENESS will come through this recognition.

There are a few individuals, who have recognized in a small way, that they now live and move in their own Perfected Worlds. The idea or consciousness, that there seems to have been a past, a present and possibly a future, has led the outer activity of the mind deep into the consciousness of growth.

The realization of the expansion of the "Mighty I AM Presence" in the individual, will enable all who get it to enter in and use this Perfect Kingdom with enormously greater speed and certainty. The students will be able to enter more fully into its great use.

Beloved students! try to realize with great intensity, that this Energy, which you are using every day even to lift your hand, has inherent within it, the Mighty Intelligence, Power and Activity of God—the "Mighty I AM Presence." Not having been aware of this tremendous Truth, it has unknowingly been requalified and charged with all kinds of limitation.

Another of the great mistakes that individuals make, is in taking entirely too seriously, the outer appearance and by that seriousness giving it certain power. For instance; a seeming accident happens and the great crowd of minds says: "Oh, that is awful," when it may be the best thing on earth for the individual and all connected with him.

The ideal of control would be for one to take the attitude, of always living in the poised restraint of the emotions. To the one who will do this, it will be a tremendous blessing.

THE LOVE STAR

Today, for the first time in two thousand years, the LOVE STAR, created and sent forth to this system of worlds by the Intelligence of the Great Central Sun, has begun to shed the Rays of Its Radiance upon the earth and today, the first Rays have touched the earth.

This Radiance was present at the birth of Jesus, also during His Ministry and withdrew at His Ascension. It has again appeared and will remain for more than a thousand years.

I assure you, this is an activity the astronomers will not detect with their physical instruments, but it is none the less tangible because of that; neither will there be any astrological records of it whatsoever.

Before, when this Star appeared, It held principally or dominant in Its Outpouring the Element of Love. This time, Its Radiance holds in perfect balance, Love, Wisdom and Power and is a part of the explanation of why we have said repeatedly, that the Christ Power will almost seem to intrude Itself, but only because of the quickening activity that has and will enter into the individual's consciousness.

This is why, those, who misuse the Great Energy and Privilege they possess, will find a tremendously quick reaction. This will become so observant that even the newspapers will speak of it, let alone the individual's recognition.

This, which I am voicing to you today, is broadcast o'er the land by Our Secret Radio of "The Middle Way." Why do I say, "The Middle Way"? Because, it holds in firm grasp the balance of the outer and Inner Activities.

All, who grasp and make sincere effort to utilize this, will find amazing experiences awaiting them, not for the gratification of any curiosity but for great rejoicing, that they at last recognize the use of their Supreme Heritage.

Those, who can recognize, that which has been stated relating to the Love Star and meditate on "It's Mighty Presence," will find themselves at times, as though held in the embrace of a Great Individualized Being. This will bring such a consciousness and sustaining uplift, that many times they will scarcely feel their feet touching the ground.

Do not misunderstand this statement. This will not make them less equal to cope with problems of experience, but rather the opposite, for this added Sustaining Power will often be of great astonishment to them. This is but a small illustration, of how tremendously the Power from the Love Star can be used to solve all things and make that solving permanent.

Furthermore, when the conscious Power of Divine Love is used to counteract and consume that which is unlike Itself, It is the Mighty Presence and Power of God acting.

E.W.B.—I saw the Rays from a Star focused

upon me, while resting, what was the Outpouring?

Answer: It was a mighty Reality and no mistake, because of the Incoming of this LOVE STAR, for you had been holding fast to the activity of Divine Love.

Why did I receive such a strong Current and Outpouring of Light, when I was calling for Divine Love as the healing action and also, when I use the phrase, "Venus, the Love Planet"?

Answer: Because you had been holding your attention upon the High Power of Venus, or the Great One who has charge of Venus. He already knew of this and was cognizant of the LOVE STAR.

For more than fifty years, the planets above the earth have been conscious of the Love Star, because Venus is the conscious assistance of the Power of Divine Love to the earth. This directing activity will affect many many things. It will cause a dissolving of the discordant element on this earth, and in no way will it intensify the disturbing reactions.

There are those who pray, beg and plead with God, when all about them, is all His Opulence to pour forth into their midst. They do not receive it because, they in their ignorance, do not know that it requires conscious preparation. Those, who do not consciously prepare themselves, will only receive a fragmentary part of that which those receive, who have made the preparation.

E.W.B.—What is the color of the Outpouring from the Love Star?

Answer: The activity of Its Light is almost like the play of a searchlight, in which you place be-

fore the lens various colors. Its own individual Color is liquid or molten gold, but the Controlling Intelligence is constantly qualifying It according to the demand in the various localities.

This is the first time Its Activity has ever played over all the earth. Two thousand years ago, Its Outpouring only included Judea, of which Bethlehem was the central focus.

E.W.B.—Will this Star pour out a still greater Power at Christmas?

Answer: Yes, because the consciousness of mankind is raised at Christmas and this, through long activity, has caused humanity to feel peace and a Radiance pouring through them at this time of the year. So it is a tremendous opportunity to utilize any additional force that is at hand.

E.W.B.—Was this the Star that lead the Three Wise Men?

Answer: No. The Star visible to the Wise Men was a Radiance from the Divine Self of Jesus, which at the moment of the Ascension caught up the outer form in Its Eternal Embrace.

E.W.B.—Was Jesus' manifestation to this earth, only a small part of His Work?

Answer: I think it well to give a much needed explanation, which your question brings out. According to the intensity of the individualization of every Great Master Presence, does that One draw from the Great Foundation Head all the Power, Authority, Wisdom, Love and Activity that is required at a given point of action.

The question might readily be asked: "Why did the Star appear to the Wise Men, so-called?

Answer: Because in a previous dispensation, They had been Associate Messengers of the Light

and Their recognition was indispensable to the work that was to be done.

You will notice, that there were three Wise Men and Jesus made four, which was the Cosmic "Squaring of the Circle" for that dispensation on earth. This enabled that activity to take place without interruption.

There are those questioning minds, who will say: "If God is ALL and Omnipresent, why are these manifestations mentioned of added assistance?

Answer: Because of all the fears, doubts and unbeliefs of the outer shell, built up by humanity. Thus, they would have far delayed the Cosmic Progress intended, by the use of their own free will. This Cosmic Progress must and does at all times come through on Cosmic Schedule.

An individual on his upward progress, without the Assistance of an Ascended Master, may poke along indefinitely, not knowing that he may reach up and through his "Mighty I AM Presence," contact those Great Ascended Masters, who have won the Eternal Victory over the earth and its activity.

One of the great Privileges and Provinces of the Ascended Host, is to aid those, who discover Their Presence and the great masses of humanity who do not; but those, who do not have the certain knowledge of Their Presence, can only receive a fractional part of that which comes to those, who do have certain conscious knowledge of Their Existence and Assistance to the earth.

Again, let me call the attention of the students to the Truth, that in looking to an Ascended Master for assistance, it is exactly the same as looking to your own "Mighty I AM Presence," except that Those, who have passed the way and attained full

Victory and Mastery, have the conscious knowledge of that Victory, with which to assist the one not yet ascended.

The following is a point very little understood and so often creates fear on the part of the student, concerning the "Masters of Light": The Masters at no time intrude themselves in any way upon the individual, but do respond in a wonderful manner, when the attention of the student is focused upon them. Their entire work with every individual, be he conscious student or not, is to help him FEEL a much quicker and more personal contact with his own "Mighty I AM Presence," his Divine Master.

When a student is fortunate enough to have conscious knowledge of the Ascended Masters of Light and Wisdom and works with them in conscious co-operation, it enables him to easily accomplish in one, two or three embodiments, what might otherwise take twelve or more to attain.

Then, is it not worth all the conscious effort and determination it takes to hold fast to these Great Ones and Their Teaching, to keep from poking along and waiting for the Great Cosmic Activity to prod one along and propel him forward, to the place where he should be?

There has been a great lull in the activity of occult students in the last forty years, because many in the outer groups and some on the Inner, did not receive the visible manifestation and expression they desired. The principle reason is, because as stated in UNVEILED MYSTERIES, many activities of the old order of the occult world are being transcended and that which is transcended becomes obsolete for further use.

This may be a shock and cause a roar on the part of some occult students, so it is up to me to catch the roar and consume it, but that does not alter the Truth.

The dispensation or cycle, which required the secrecy of occultism is closing and we no longer need that activity. There was so much fear within the old activity and the progress of the age was such, that it required the closest secrecy, concerning certain phases of the Law and even then, there were those who would turn and misuse it.

In the use of the Rays of Light, you have the Power to reveal without the danger of misuse, because that which the Light and the Figure of the Christ shows anyone, is for the blessing and service of Light and Love.

The Light reveals only that, for which the individual is ready; and any other idea concerning It, is but the imagination of the outer activity of the mind and is not the Truth from the "Mighty I AM Presence." The Light only recognizes Perfection and cares nothing about the outer foolish activity.

As the students hold themselves more and more in the Activity of the "Mighty I AM Presence," they MUST express more and more of Its Perfection.

I would add, that you consciously place within the Radiance of this Great Love Star, every discordant thing in your consciousness and world. Be conscious, that every discordant activity, individual and otherwise is caught within the embrace of this Mighty Radiance, until every discordant activity is erased and consumed. Every time the thought of such activity comes to your mind, know that it is consumed and that you do not have to repeat it.

Give your attention and adoration to the "Secret Love Star" and the Ascended Masters, for you cannot help but get a response—always.

Often the feeling of a band or something tight around the forehead, is a cap of Crystal Golden Light. It is placed upon the head of an individual, to hold steady a certain activity of the Radiance from your own "Mighty I AM Presence." At a certain point in every one's expansion of the Light, this is always done.

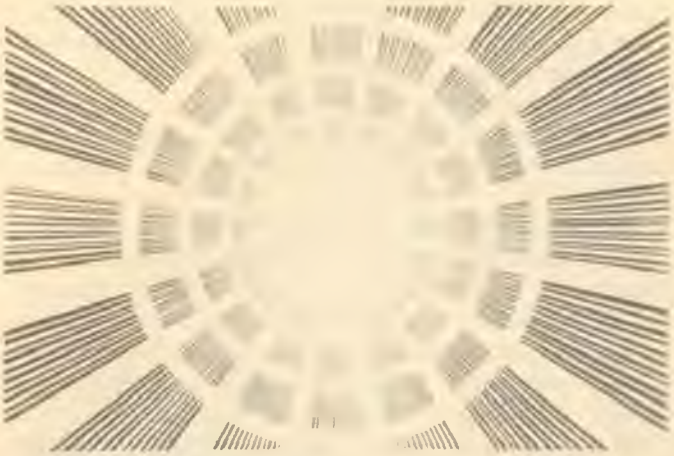
BENEDICTION

"Mighty I AM Presence"; Creator and Precipitator of all manifestation! we give praise and thanks that Thy Mighty Invincible Law is now in full and complete operation, in the consciousness of these, Thy Messengers, and that all feel the full import of this. Hold each in Thy Mighty Embrace unto the full conscious use of Thy Love, Wisdom and Power.

· AFFIRMATIONS ·

"Mighty I AM Presence"! take possession of my time forevermore and see that I use it only to expand Thy Perfection in every way.

"Mighty I AM Presence"! come forth and take possession of me! make and keep me always perfectly obedient to Thee and the Ascended Masters, that Thy fullest Perfection may forever express.



COSMIC LIGHT

THE Ascended Masters, through Saint Germain's Instruction concerning the "Mighty I AM Presence," are establishing Great Pillars of Their Light at various points in America to illumine, protect and supply, during the time of cataclysmic activity, those who serve the Light.

These Pillars of Light are Sanctuaries or Altars of Light direct from the Ascended Masters, for all who come into Them with full acceptance of their own "Mighty I AM Presence" and the Ascended Masters. The Light which forms these Pillars is a Mighty Stream of Electronic Force from the Great Central Sun, qualified with whatever the people need most for illumination, protection and freedom.

However, the people themselves must come into these Pillars of Light of their own volition, if they are to have Blessing and Protection, for the Light

does not seek out the individual. Human beings, having turned from the Light of their own free will, must return to It of their own free will, for their return to the Light must come about because they love the Light more than anything else in the Universe. Otherwise, it would not be permanent.

If human beings think they can use the Ascended Masters' Gift of Light and Freedom to bolster up some old method of teaching that is falling to pieces, because the Light which it had in the beginning has gone out, they had better never been born in this embodiment. They fail before they begin, if they attempt it.

We issue a definite warning to all who attempt to commercialize this teaching or prey upon students, who sincerely seek the Light, for the hour of reaction has already struck and only that which is True, Pure, Perfect and of the Light, "The Light of God that never fails," the Light of the Ascended Masters—can have protection, guidance and supply over the period of change.

The Ascended Masters are offering Their Light, Their Victory and Their Freedom—without limit —to assist every individual, who will sincerely turn his attention to his own "Mighty I AM Presence" and the Ascended Masters, and make definite determined effort to reach up and receive the help They offer.

The Great Ascended Masters plead with individuals everywhere, to harmonize their feelings and make the call to flood the earth with the Victorious Light of the "Mighty I AM Presence" and the Ascended Masters, but the people themselves MUST reach up and make the call, if they are to receive the answer.

We are entering the hour, the day, the age of the "Mighty I AM Presence," which is the Perfection of the Limitless Shadowless Light. That Light SHALL flood the earth with Its Dazzling Radiance and Perfection and whatever cannot stand That Light is consumed thereby.

The Light of the "Mighty I AM Presence" and the Ascended Masters is increasing hourly, for It will soon take possession of the whole earth. The Light knows Its Own and releases unto Its Devotees, the Fulness of Its Gifts—the Perfection of Itself.

Every instant of Eternity, all activity of every individual depends on Light—Spiritual, mental and physical Light. Therefore, we ask every student of Saint Germain to call constantly to the "Mighty I AM Presence" and Ascended Masters to release greater, greater, and greater Light! Light! Light! NOW, NOW, NOW throughout the earth, in such a Mighty Onrush of Its Irresistible Perfection, that nothing else can stand before Its Mighty Presence and POWER, controlling forever mankind, the earth and all that is therein.

The Ascended Masters are the channels through which comes all Light, whether it be for the individual, state, nation or the earth. Only enough Light can help humanity and the world, in this the eleventh hour of its greatest struggle.

Oh, "Mighty I AM Presence," Great Ascended Masters! Oh, Mighty Legion of Light and Great Angelic Host! we call unto Thee as never before, to flood the earth with that Light as of a thousand Suns and release—everywhere—Its Glory and Perfection, for the Eternal Blessing of the Children of Light, the earth and all that is therein forever.

AMERICA'S PROTECTION

THE first of this coming July is a time of very great importance to America and the students of the "I AM," because another Outpouring of tremendous Light and Perfection, for the assistance of America, mankind and the earth, will take place at that time.

The sincere Self-controlled students of Saint Germain's "Instruction of the I AM and the Ascended Masters" are the Guardians of America's Light and the channels, through which she can receive the Ascended Masters' Protection.

Therefore, we ask all the "I AM Students" to call with great intensity for the "Mighty I AM Presence" and the Ascended Masters to release the

Violet Consuming Flame of Divine Love throughout the earth, with the Power of a thousand Suns to consume all unlike Itself; to charge all the energy in the gas belts within the earth with the Victorious Love of the entire Host of Ascended Masters: to sieze possession of America and hold it with Invincible Power; and to fill Her with the Eternal Perfection of the Great Central Sun forever.

This Instruction of the "Mighty I AM Presence" is focusing Mighty Pillars of Light throughout America, to be maintained and expanded as sanctuaries of protection and supply, for the blessing of America and the world. The students and the people themselves must reach up and make the call to their Eternal Source, the "Mighty I AM Presence," and the Ascended Masters, in order to draw an individual Ray of Light and Its Activity into their own bodies, auras, homes and activities. It is absolutely necessary, that the individual make the call for the projection of this Ray of Light into him and his world, because it is the means by which he is consciously moved into constructive activities and localities where the protective Power is and will be anchored.

Without the Ascended Masters' Marvelous Directing Intelligence and projection of these Rays of Light, the individual has not enough harmony within himself at this time, to enable his own "Mighty I AM Presence" to control him so that It releases the Full Power, which is needed, when world changes occur.

This is NOT a suggestion of fear, but is a definite offer of Invincible Protection to those who have the wisdom to listen to it and do the thing, which is needed to co-operate with the Great Law,

that the Ascended Masters explain and of which They are the Living Examples and Fulfilment.

The students through their group activities, are the Guardians who have been prepared at this time, to do the work that does give the needed protection. We ask all the students to make the following call with the greatest intensity of their Beings but with Limitless Joy in their feelings, for Joy is God's Mighty Motor of Energy and Power and releases instantly into dynamic action, the fulfilment of whatever call is being made to the "PRESENCE of the Mighty I AM":

"Mighty I AM Presence"! come forth in Thy Infinite Ascended Master Power and release throughout America and the earth whatever is required, to consume all selfishness of mankind—NOW: to flood the world with That Light which casts no shadow and compels all It contacts to become Its own Mighty Limitless Perfection forever: to charge forth the most dynamic instantaneous action of the Violet Consuming Flame and the Secret Love Star: and to fill all with the Eternal Joy of Thy Great Freedom.

Call the "Mighty I AM Presence" into action to inspire every public official to do the Perfect Ascended Master thing that blesses, protects and brings Perfection to America and her people—NOW! to charge their beings and worlds with Saint Germain's and the Divine Director's marvelous directing Intelligence and Ascended Master control of all concerning America.

We thank all the students of the "I AM" for their marvelous untiring assistance. We call the "Mighty I AM Presence" and Ascended Masters into action to shower them with the Limitless Gifts from God's Treasure-House to bless them forever.

SAINT GERMAIN'S EASTER BLESSING

SUNDAY EVENING CLASS PASADENA, CAL. APRIL 12TH 1936

OUT of the Fulness of your Love comes Eternal Freedom, qualified by your acceptance, your acknowledgment, and as you intensify It within your heart by the call to your Presence, do you find release and relief from human discord.

The privilege that stands before you, in calling Perfect Health into your body is transcendent beyond description, and I plead with you, Oh my Loved Ones, call with all earnestness. Know that your Presence is the Mightiest Healing Agent in the world.

When you make your call, It, knowing no obstruction in the Universe, at once releases Mighty Currents of Energy, pouring them through your

bodies, sweeping out the cause and effect of all that is discordant; and to the degree that you refuse to give power to appearances, will you find speedy release and relief from disturbing things.

I plead with you in all earnestness, be fully sincere in your call to your Presence! know that Its Majesty and Presence beats your hearts, for you cannot be separated from It and live. Know, that in the great great privilege that is yours, the open doorway to your Freedom stands before you.

In the activity that has taken place today, a service has been rendered, of which you will not know until years have passed. As you become more attuned to your "Mighty I AM Presence," and with the Inner ALL-SEEING-EYE begin to observe the path that has been strewn with destruction, you will see the advancement which took place today and it will give your heart joy, great joy.

Oh, my Loved Ones! how earnestly we endeavor to serve you, to sustain, encourage and supply you with that which the Law of your Beings permits, to give you every assistance possible, to gain your freedom through your "Mighty I AM Presence."

There is naught in the world that can deny you; that can prevent you all having your Freedom. Only you, yourselves, through doubt and fear can close the door to that Freedom. Being the only creators of whatever comes into your worlds, then remember your authority, your absolute ability to release from your Presence, through your call, the Outpouring and Glory of all that is required to supply you with money: to give you health: to bring joy and happiness into

your lives and worlds and cause all good to be sustained there.

Oh, my Loved Ones, from now until the Shrine Class, I shall expect to find transcendent advancement and the Light within you expand into such Fulness, that your very Presence becomes a Healing Radiance to all it touches. Your "Mighty I AM Presence" stands ready to release Light without limit and to answer your every call. Just be harmonious in your feelings and give It the opportunity, that you may receive the blessings in store for you.

Beloved Ones! can you not understand that as you pass this way, I too, passed this way in my pilgrimage upon earth, through the same trials which you have, and may I say, in that time in which my Freedom came, it was far more difficult than today. Those, who openly declared their belief and staunch stand with God, had little chance of surviving. In those days, most of the work had to be held in secret, in caves and chambers that the outer world knew not of; but today, almost broadcast to you, are these same Transcendent Laws given for your Freedom.

Think, what it means to you, Dear Ones! think, how great is that privilege and opportunity, through which you—today—can obtain your Freedom from all limitation—then your Ascension.

Do not let your human conceptions tell you these things cannot be, for they ARE! They have taken place here in your America since 1929, showing the Eternal Proof of that which stands in your midst, unknown to you.

So I plead with you! stand staunch and firm with that Majestic Presence which beats your

hearts, the Governor of the Universe. Through your earnest determination and call, with great sincerity, the release comes—pouring forth Its Perfection and Glory without limit for the Freedom of your worlds.

Bless everyone upon whom your attention becomes fixed and do not let yourselves criticise or condemn! for that closes the door to you as surely as you do it, causing inharmony so great that the flow of Energy is stopped; and that inharmony opens your door to destructive forces of which you scarcely believe.

So Dear Ones, do not let anything cause you to criticise, condemn or become angry, for if you do, you are actually destroying yourselves. I say with all the Love of My Heart, Beloved Ones, the "Crystal Cup of Light" stands before you! accept and drink of Its Eternal Life. Its Eternal Freedom and inhale the Fragrance of that Transcendent Radiance poured out to you like a Great Majestic Light, flooding your Beings and worlds, filling you with Its Glory. Accept the Fulness of It and be FREE.

My Love enfolds you. I hear your every call, and as the Law of your Being permits, I never fail to answer. Do not, I say again, give power to human appearances. Take away all power you have been giving things, conditions and persons to harm you. They have no power, If you do not admit it.

In the Full Power of My Love, I bless you, Oh Beloved Ones. May the Eternal Light which I pour forth so bless you, that you enter quickly into your Freedom and have the Glory which the Ascended Beings experience and the Freedom which is Theirs.

MASTER OR MASTERED?

THOUGHTS and words build forms which are made of substance. These are energized and set into dynamic action by feeling. If the individual—because he is the "Mighty I AM Presence" individualized, having full power to create as God creates—builds forms that are beautiful and Perfect, energizing them with the feeling of Divine Love, then he is Master of his world.

If the individual does not create Perfection, which is the Law of Life, then his own discordantly created forms turn upon him, dominate and tear him to pieces, until he purifies them and makes everything in his world beautiful and loving, that Perfection may be expanded through it.

Every individual each moment is either Master of the substance, energy and consciousness in his world, using them always to create Beauty and Perfection or is mastered by the creations which he brings forth, until he will take the Scepter of his own Dominion and expand Perfection at his point of the Universe. He is the "Mighty I AM Presence" individualized and must expand Perfection for IT is the Law of Life—unchangeable —eternal—yet beneficent.

It takes very little energy to think a thought, but in one intense outburst of feeling, the individual releases energy of which he has no concept. The average person does not know, whether his thoughts and feelings come from his "Mighty I AM Presence," his human personality, from some other individual consciously directing thought and feeling to him, from the tramp thoughts and feelings of the mass of mankind today or those generated by humanity in the centuries past, which are still floating and vibrating, through the atmosphere of earth.

Unless, the individual understands what constantly surrounds him and makes some conscious effort to insulate himself by the Rays of Light from his "Mighty I AM Presence," he is a wide open playground for anything and everything that touches his consciousness and world, only a small part of which is his thought.

His feeling, which is part of his consciousness, is left wholly unguarded, and as ninety per cent of his energy is in his emotional body, this great reservoir of power is constantly being depleted, because he does not control his feeling and keep his Life Energy qualified constructively.

Every individual is using consciousness, substance and energy and is creating vibration every moment, waking and sleeping—whether he be wise or ignorant, good or bad, willing or unwilling. With every thought, feeling, word and act, he creates vibration. Whatever quality it contains, records first, in his own brain cells, next in the flesh of his body, then in his aura and affairs and at last, travels forth in the atmosphere to some definite objective or radiates out into the conditions surrounding him.

All discords of the outer activity are but rates of vibration, which means energy in motion. All rates of vibration can be controlled by the "Mighty I AM Presence." The human intellect and sense consciousness can only generate the lower vibratory actions and these can only be experienced by the human personality.

The vibratory frequencies of Light and Love can only be created by the "Mighty I AM Presence" and are the only rates of vibration, or radio waves, that can insulate or tune the consciousness of the individual out of the hypnotism of other human being's discordant thoughts, feelings, words and acts and their accumulation past and present.

Light and Love are the only vibratory frequencies that those, who do not serve the constructive way of Life dare not use, for to do so would be to annihilate their own nefarious activities.

Hypnotism is the domination of the human consciousness of one or more individuals, by the mere mental force of another individual or group. It acts by the power of suggestion through thought, feeling and spoken word.

Hypnotic control of an individual is very much more easily obtained, through the feeling than through the thought, because people do not know that this is possible and how it is accomplished. Most of mankind resent being dominated by the thought of another, but human beings are constantly being dominated through the feeling of discord, and because they do not see the cause that produces the feeling, allow it to control them to their distress and destruction.

Hypnotism through the feeling holds the mass

of mankind in bondage, because feeling is consciousness and the feeling of fear and uncertainty is the predominating consciousness of humanity today.

Any activity, that can stir the individual's consciousness into a disturbed feeling, is dominating him and his world and thus, using and controlling his Life and Energy as long as the individual allows that feeling to control him.

Anything that can disturb the feeling of an individual is stealing his Life's Energy to sustain itself, until the individual takes command of and holds control of his Power-House, which is his emotional body, and masters himself forever.

When he realizes what a tremendous reservoir of energy is his to use at any instant, and that pure joy is a Mighty Motor which generates limitless energy for his conscious direction, he will begin to glimpse his infinite possibilities and make the supreme effort to master himself.

Mankind is in its present condition, because it does not know that the individual must stand guard over all the energy in his being and world; and that he is responsible for the way he uses it—even for the energy he draws from the Universal through breathing. We should all realize deeply, that every breath we breathe is the Great Fire-Breath of Divine Love from the "Almighty I AM Presence."

Everyone uses tremendous energy all the time, waking and sleeping in every thought, feeling, word and act—infinitely more than we have any concept. All Life is a constant, infinite flow of energy, which the individual must either use to create and expand Perfection or be dominated by his own discord and that of others, until he will

fulfill his duty and obligation to Life, which is Himself—his own Individual Consciousness.

All hypnotism, no matter for what purpose it is used, is disobedience to the Law of Life—the "Mighty I AM Presence," because it is the domination of individualized consciousness by mental force which intrudes upon the free will of the individual. The Law is to be an Outpouring of Light and Love to expand Perfection, through the individual's consciousness.

Everyone is given Mastery over all energy, most of which is in his emotional body. Until he knows that and controls it completely, he is using his own Life to energize and sustain the very conditions of mind and body which are his distress and limitation.

An actor, consciously and at will, can generate any kind of feeling he desires to portray the character that he is representing. So can any and every human being generate consciously and at will, whatever feeling he desires to send forth, when he really is determined to do so; and there is no power in heaven or earth that can prevent him, when he calls his "Mighty I AM Presence" into action to release the feeling of Itself and Its Mastery through him to produce Perfection.

Destructive forces can only exist and have activity, because human beings waste their Energy —their very Life—through uncontrolled and discordant feeling, instead of using It to create Perfection.

The energy wasted by humanity in useless conversation every day is enough to lift and illumine a planet and its entire humanity, were it conserved and qualified with Perfection. The motto used in the Retreats for the students to follow has

always been: "Speak only, when thy words are more golden than thy silence."

Without energy, no destructive activity can come into existance or continue. So if the students of the "I AM" will guard all energy in their Beings and worlds, using it only to produce Perfection and qualifying it always with the Ascended Masters' Pure Divine Love, they can positively be Master of all conditions they contact. Then, instead of compelling by the mental force of the human will, as is the hypnotic practice of all destructive activity, they become Outpourings of such Mighty Perfection, that nothing can resist the Mighty Onrush of Its Presence and Power.

Therefore, the "Mighty I AM Presence" is the Law of Life and Its Conscious Application is obedience to the Activity of Divine Love, which means expanding Perfection, through all activities of the individual.

Thus, when all the energy flowing through the individual is sent forth with the command to produce Perfection, the "Mighty I AM Presence" is allowed to expand Its Light and Love and the Divine Plan for the individual is fulfilled.

The one who is determined enough to do this cannot lack for any good thing, because he becomes the limitless expansion of Light and Love—the fulness and limitless use of ALL good things to his Eternal Joy and Freedom.

This is Victory over all outer activity, Freedom for the individual everywhere he goes in the Universe, and the Ascension of the substance of this earth through the individual's own effort, into the more luminous activity of the Great Galaxy of Suns to which this system of worlds belongs.

· WARNING ·

To the students under this Radiation, we wish to give a warning for their protection and it is this: "Do not believe in or allow yourselves to be preyed upon by individuals, who come forth at various times and approach the students, offering to take them to any of the REAL RETREATS of the Ascended Masters.

When the student is ready to be received into the REAL RETREATS, the Master of that student will precipitate an invitation direct to the student, or come Himself in His Ascended Body to be the student's escort. The invitation will NEVER COME THROUGH ANOTHER PERSON. THE MASTER ALWAYS DOES THIS DIRECT HIMSELF.

No student of the outer world can ever get anyone into the REAL RETREATS of the ASCENDED MASTERS and money will never get anyone there—under any circumstances.

We explain this clearly, that the students may not at any time be fooled by those who are either self-hypnotized or dupes of the psychic sinister forces that masquerade under the guise of having the Light, and who play upon the credulity of sincere individuals, who are TRULY seeking the Light.

Many sincere individuals have unknowingly played into the hands of these unscrupulous individuals, who have made such offers at various times in our country and to even take students to other countries. Such things do not have our approval at any time and are not Ascended Master Activities.

When an Ascended Master is ready for a student to come to one of Their Retreats, He will either come in person in such Light, Glory and Dazzling Radiance about Him that there will be no uncertainty as to His Mighty Reality: or He will precipitate an invitation to the student direct from Himself in such a manner, that the student knows it is absolutely REAL.

Unless the student is approached in this way, never under any circumstances believe in or trust the miscellaneous variety of individuals, who promise to take students to a retreat for so much money.

The Ascended Masters' Activity never was and never can be bought for anyone's dollars—at any time—and the students all over the world should be made unmistakably aware of this TRUTH—NOW AND FOREVER.

· WE ASK THE WORLD ·

We ask the world, and individuals everywhere, if they have ever contacted any outer activity whatsoever—at any time through the centuries—that uses the Limitless Energy of God ALL THE TIME to call the "Mighty I AM Presence," the Ascended Masters, the Legion of Light and the Great Angelic Host into irresistible dynamic action to give every individual on earth the Blessings, Protection, Illumination, Freedom and Supply of the Ascended Master.

We and the student are constantly doing this for the students, mankind, America and the world and ask nothing in return.

We call unto the "Mighty I AM Presence" as never before to release that "LIGHT AND POWER AS OF A THOUSAND SUNS" to flood the earth with ITS ETERNAL PRESENCE AND DOMINION, that ALL may experience the Ascended Master's Victory, Freedom, and Perfection forever.

We ask ALL who stand for the Light, the Right and the Constructive Way of Life to do this also, that the most powerful release may take place for the Freedom of ALL.

"THE LIGHT OF GOD NEVER FAILS" and this Instruction, which the Ascended Masters have given on the "Mighty I AM Presence" and the Ascended Masters, is That Light. Reach up, Oh Beloved Humanity! and receive from the Mighty Treasure-House of the Universe ITS LIMITLESS ETERNAL GIFTS OF PERFECTION. WE BLESS ALL—FOREVER.

I AM STUDY GROUPS

BELOVED Students! when you mention the Great Ascended Masters, the Mighty Cosmic Messengers, the Great Angelic Host, the Beings from out the Great Silence and the Legion of Light, be intensely loving and reverent in your reference to them.

The use of Their Names releases, instantly, a great outpouring of tremendous Energy into dynamic action, qualified by Their Ascended Master Consciousness, for They are Great Suns of Life, Light and Love, ever expanding Perfection, through all who contact Them in deep loving sincerity, desiring to receive Their Greater Light.

This does not mean that we are to be long-faced, serious and sanctimonious, but it does mean to give Them the True, loving, gracious consideration to which They are entitled.

When we use things of great value in the outer world, we go to very great effort to guard them and do all humanly possible to take the best care of them, treating them with very great consideration.

How much more then, should we guard and value the actual Life, Energy, Consciousness and Substance which an Ascended Master gives, that humanity may be saved from their own destruction and blest with the joy and Perfection of these Great Ones.

Study Groups should be Heart Centers of the

Light and Love of the Ascended Masters, through which, They can pour to America and the world —at any moment—whatever is most needed, to purify the mental and emotional world of mankind and to maintain peace and Perfection in the activities of individuals everywhere.

Each student should keep himself so at peace, that the Ascended Masters' Radiation can be poured out through him at any moment, for the assistance of all he contacts, whether he knows when the Master is doing it or not. We should each be a constant flowing stream of peace, poise, ease, kindly assistance and gracious loving blessing to all that is.

Then, we are truly serving the Masters, in the way that is most needful and really assisting mankind enmasse, to reach their freedom in the shortest time.

Calm, poised, kindly, loving feeling—pure as the driven snow—is the most powerful assistance to mankind, yourselves, the Ascended Masters and the world. Without that kind of feeling, all outer effort for accomplishment is absolutely worthless to the "PRESENCE," the Ascended Masters or ourselves and is but a waste of time, energy and embodiment; because such outer work does not take us one step nearer our Ascension.

We might use all our energy to produce marvelous outer accomplishment, wonderful organization and management, but if the energy used does not expand the Presence, Feeling and Perfection of Divine Love, it is not being used to fulfill the Divine Plan of Life. Therefore, nothing that is built or accomplished without the FEELING of Divine Love can be used by the PRESENCE or the ASCENDED MASTERS.

Only activity which releases the FEELING of Divine Love, allows the Presence to expand Its Perfection through that activity. If the FEELING of Divine Love is maintained, the Perfect Ideas from the Presence will automatically be sent through into the use of the personality.

This is why the Great Ascended Masters plead with mankind continually to harmonize the FEELINGS, that They may bring into the use of the personality in the outer experience life all the Blessings, Freedom and Perfection which mankind is and always was intended to enjoy.

Saint Germain has said often: "Be as faithful as you can to the healing of physical distress, but keep your Inner Eye on the healing of the wounds of hate."

May every "I AM STUDENT" remember that forever and call to the "Mighty I AM Presence" and the Ascended Masters to release Their Divine Love, with such Irresistible Power into the consciousness of mankind and the earth, that Its Victorious Presence rushes forward—with the speed of lightning—and sweeps the earth into Its Mighty Embrace of Perfection forever.

· AFFIRMATIONS ·

"Mighty I AM Presence"! charge me always with the Ascended Masters' clear alert Consciousness and Perfect Concentration in all my activities.

"Mighty I AM Presence"! clear my being and world of all human habits and express Ascended Master Freedom in everything I think, say, feel and do—forever.

YOUNG AMERICA

BELOVED Young People of America! we plead with you to guard your feelings against all discord and learn to conserve your energy in every way. If you will do this, you will maintain your youth, beauty, health and strength in mind, body and affairs—indefinitely.

You are a tremendous reservoir of energy, which becomes power through use, when consciously directed to produce Perfection.

If you will watch this carefully now, you need never grow old, forgetful or incapacitated in any way; for incapacity of any kind—be it physical, mental, emotional or spiritual is simply the lack of controlling the energy, and substance in your mind, body and world. Instead of consciously focusing it to produce Perfection, it is allowed to be scattered, wasted or consciously directed to produce discord.

With your acceptance and understanding of the "Mighty I AM Presence," you do not need to repeat the mistakes, limitations and failures of old age, death and destruction, as has been the habit of humanity in the past. Instead, you can experience the Glory and Perfection of the Ascended Masters and be an Outpouring for Their Marvelous Directing Intelligence, to release Its Perfection everywhere through mankind and the earth,

to the joy of all and the Freedom and Victory of yourselves.

This opportunity is one of many centuries and every young person in America should be a radiant, glorious, joyful Being of Perfection to design and bring forth the transcendent marvels of the New Age, we have now entered.

Precious young people of America! we greet you everywhere. Those of you, who know the "Mighty I AM Presence," are the "Light Bearers" for America and we bless you hourly with the Ascended Masters' Protection, Illumination, Supply and Perfection, that America may be filled to overflowing with your limitless joy, Light and Perfection forever.

THE TRUE LORD'S PRAYER

OUR FATHER THOU ART IN HEAVEN, HALLOWED IS THY NAME (THE I AM). THY KINGDOM IS COME, THY WILL IS DONE ON EARTH, AS IT IS IN HEAVEN. THOU GIVEST US THIS DAY OUR DAILY BREAD AND FORGIVEST US OUR TRESPASSES, AS WE FORGIVE THOSE WHO TRESPASS AGAINST US. THOU LEADEST US NOT INTO TEMPTATION BUT DELIVEREST US FROM EVIL, FOR THINE IS THE KINGDOM, THE POWER AND THE GLORY FOREVER.

FUTURE APPEARANCES OF · THE MESSENGERS ·

Saint Germain has given permission, for another large class to be given at the Shrine Auditorium, on the above dates. We ask all the students to call the "Mighty I AM Presence" into action, to bless it with such an Outpouring of Light, Love and Blessings to the students and the people of Los Angeles, America and the world, as has never been experienced before upon earth.

SAINT GERMAIN'S DISCOURSE

ON THE OCTAVES OF THOUGHT. MOTHERS AND CHILDREN

AUGUST 29th 1932

SAINT GERMAIN'S INVOCATION:

Thou "Mighty Majestic I AM Presence!" God —in Action—we give praise and thanks for the Fulness of Thy Perfection made manifest—everywhere. Out of the fulness of Thy Life is the "River of Peace" ever flowing to enfold mankind. Make these Thy children ever abundantly receptive to Thy "Presence." Hold their attention fixed upon Thee, for Thou art the only Eternal Happiness.

Let Thy Wisdom ever fill their minds, directing them in the perfect way Thou dost wish them to go. Let them FEEL Thy Majesty in their consciousness. Let them be conscious that Thou are holding them within Thy "Magic Circle," centered within Thy Heart, that Thy Perfect Stream of Life flows through the minds and bodies of these Thy children and hold their attention ever fixed on Thee.

GREETINGS from the Great Host, the Cherubim and Deva.

THE DISCOURSE

Happiness is the Great Boon every individual is seeking. We find some orientalists saying, that bliss is the Ultimate State. It is only another expression for Happiness, but is not nearly so potent to the Western mind. To the Western mind happiness is "God in Action." To be conscious of seeking happiness is to be conscious of seeking God.

No permanent happiness is ever attained except through the adoration of God, the "Mighty I AM Presence," which is within, above and around the individual. HAPPINESS IS A POWERFUL ALCHEMY. IT IS ONE OF THE MOST POWERFUL PURIFIERS OF THE HUMAN THOUGHT, FEELING, MIND, BODY, AURA AND WORLD OF THE INDIVIDUAL. If the student but believed and would experiment with himself or herself, he would find that he *can* generate happiness at will.

For instance, suppose that an outer thing draws the attention and causes some phase of unhappiness. Knowing, that God, the "Mighty I AM Presence," is the ONLY SOURCE of happiness, then the student's first move would be to turn the attention to that GIVER OF ALL HAPPINESS and thereby he would tune in to the ONE SOURCE from which he is certain to receive.

The idea for the individual to follow is, that when he feels some kind of disturbance and wants to turn to God, he may do the following and get great help from it. Get up and go through the motions of taking off a garment that one does not want and, as he would hold the discarded garment in his hands, drop it into the Consuming Flame and know, that the disturbing element is consumed.

Then fix the attention on God, the "Mighty I AM Presence," with the Joyous Consciousness of FEELING and RECEIVING the Current of Happiness and Peace filling his mind and body. With a little practice in this manner, the student will soon be able to come to the point where he *can* draw this great happiness consciously and at will.

Every time he does this CONSCIOUSLY, he

will find that he is gaining strength in the accomplishment and will realize truly, that he *has* the ability to reach into the Heart of Happiness and there absorb its Fulness. This practice is always followed by an expansion of consciousness which is its natural result.

The student or individual who is inclined to allow personalities or conditions, that seem unusually close to them, to disturb them, should watch himself closely and instantly, when he finds the attention is being fixed on the outer consciousness, withdraw it and fill the person, place or condition with God, the "Mighty I AM Presence," and declare to himself: "I, THROUGH MY 'I AM PRESENCE,' CONSCIOUSLY FILL THIS PERSON, PLACE, OR CONDITION WITH GOD, THEREFORE, IN MY OUTER CONSCIOUSNESS, I POSITIVELY KNOW THAT ONLY THE RIGHT AND PERFECT ACTION IS TAKING PLACE THERE, TOWARD ME, AND FOR THEIR SUCCESS AND HAPPINESS."

With many individuals the love of family holds their attention entirely too much upon the outer appearances, and when they allow this to be done, they but intensify the thing that they do not want. If parents will take this attitude toward their children—"There is no personality acting in that one there is only—God in Action"! then they are doing the greatest thing in their power to help their children. At first, it may require considerable determination on their part to switch the current, but it is really no more difficult than turning the switch of the electric light in your room or pressing the button.

The reason individuals find it difficult to do this is because they do not nip disturbing conditions in

the bud. They allow a fierce momentum to get going and then, suddenly become aware they are in distress, never stopping to consider that they have allowed this thing to build, when by standing guard at the door of CONSCIOUS CREATIVE THOUGHT AND FEELING, THEY CAN CHECK IT AND STOP ITS ACTION IN THE BEGINNING WITH LITTLE EFFORT.

Again let me refer to the power of free will and choice. The individual alone is the governor and chooser of that which he will entertain and he or she is at all times and forever "MASTER OF THIS CONDITION NOW," BECAUSE THIS PARTICULAR ACTIVITY REQUIRES NO SPECIAL STATE OF GROWTH, BUT CAN BE DONE SUCCESSFULLY BY ANYONE WHO WILL SINCERELY TRY. Almost always the admonition to the child starting to school is that, if at first you don't succeed—try, try again.

In looking to the "Light" or toward God, the "Mighty I AM Presence," with sincerity, we cannot fail, because we not only have our own God power surging forth to our assistance, but there are other "Mighty Powers" watching all opportunity to help and FROM WHOM WE DO RECEIVE UNBELIEVABLE ASSISTANCE.

OCTAVES OF THOUGHT

I think it well to again refer to the octaves of thought, for these exist within the atmosphere the same as the strata exist within the earth. I think it may be wise to define to some degree these octaves.

The first we shall mention is the octave of crime, which is the thinnest in spite of all appearances at this time. The second is the octave of hate—considerably thicker. The third is the octave of anger

—much thicker. The fourth is the octave of criticism and condemnation—still much thicker—and is the prevalent octave in which a great number of humanity move unknowingly.

FROM THIS ON UP, WE BEGIN TO ENTER THE "LIGHT" and we find the octave of toleration, which is the will to give everyone freedom in thought and speech.
THEN WE ENTER THE OCTAVE OF JOY where we find ourselves rejoicing exceedingly in the recognition of the God Power IN us.
THE NEXT IS THE OCTAVE OF PURE LOVE, from which we feel UNMISTAKABLY the PRESENCE OF GOD, the "MIGHTY I AM PRESENCE," ACTING. FROM THIS WE COME INTO THE OCTAVE OF PERFECT HAPPINESS.

Whenever we allow our consciousness, which means our thought, feeling and spoken word, to dwell in the quality of any one of these octaves, we not only have of that quality whatever we have generated, but we open ourselves to the entire ourpouring from that octave upon which we dwell. This means the full accumulation of that quality generated by the mass of mankind—past and present. This exists within the atmosphere above the surface of the earth in which all individuals live and move.

This simple illustration will show how necessary it is to govern the thought, feeling and spoken word and make determined effort to enter into the higher octaves of consciousness. When we do so, we find that through these octaves, from tolerance on up, there is a condition just like a funnel with the small point down, direct from the Godhead which is constantly pouring Its "Presence,"

energy and substance into these octaves.

All octaves below that of Love are the creations of mankind—not God, the "Mighty I AM Presence." Mankind is the only one who attempts to divide God. God, the "Mighty I AM Presence," never attempts to divide Itself. God is ALL—everywhere present—to everyone who will accept this fulness of the "Mighty I AM Presence."

There is no use of students or individuals feeling that they cannot govern the outer form or the periphery of their thought, feeling and action, which the body is, for I know POSITIVELY that they CAN and MUST do it and the sooner they *take* the reins, *accept* their God-given Dominion and USE it, the quicker they will find True Happiness.

Already, the human or outer self has too long been the usurper of God's power, feeding the individual on husks and weeds, when it might hold the attention fixed on God, the "Mighty I AM Presence," and receive the nectar of Eternal Youth and Life and move in that octave of Perfect Happiness, God's Perfection — the Garden of Paradise.

REGARDING CHILDREN

When children of parents have reached the years of maturity, the greatest thing the parents can do is to consciously place these children in God's hands, which means to release them completely into the protection and care of each child's own "Mighty I AM Presence" and enfold them in the Rays of Light and Love from the Heart of the Electronic Body above the child.

Every time the Presence or thought of the child is in evidence, rejoice that God's Full and Perfect Intelligence is acting in his thought and

feeling, governing perfectly all outer action. This will release the child into the "Presence and Power of DIVINE Action" in a marvelous manner. The anxiety of the parent to the child is, in ninety per cent of the cases, the cause of a wrong action and especially so from the mother.

This is a tremendous truth that is little understood. The mother, having been the builder of the body of the child, by this I mean furnishing the substance by which the form was built, has made a personal line of contact with the child for that embodiment and if the mother but knew it, from the enlightened standpoint, she has the power to mold the child into the most wonderful Perfect Being or shall I say, hold the focus by which the child is molded into the Perfect Being.

On the other hand, if the mother allows anxiety, which is a subtle form of fear, to constantly govern her, her thought cannot help but go out to the child and may disturb it to the extent, that it would cause the child to be a complete failure. The above is an extreme instance when the mother has entirely an ungoverned thought.

This illustrates the great importance of parents knowing and feeling, that the child or children whom they love are AT ALL TIMES governed by the Perfect Intelligence of God, the "Mighty I AM Presence," and the moment that anxiety or fear attempts to intrude, consume it and replace it with the above firm consciousness, that THERE IS ONLY GOD'S PERFECT INTELLIGENCE ACTING IN AND ABOUT THE CHILD.

If all the mothers of America could UNDERSTAND this Wonderful Truth and LIVE IT, a majestic race would be born from that time on.

This is a "Great Natural Law" that has not been understood even among students to but a small degree. I have known many instances where the intense fear in the parent for the child, drew the child into the very thing they feared and it is one of the things that has delayed humanity's progress much. Sometimes the child is sufficiently advanced that unknowingly to the outer, it wards off to a large degree the fear and anxiety of the parents. This is fortunate indeed.

Let it be thoroughly understood, that I am in nowise criticizing or condemning the mothers, but I do intensely deplore the lack of understanding of this wonderful and vital point. I presume that Emily Cady understood this point clearer than any other teacher of the outer world today and she made a powerful sincere effort to convey this to her readers.

PROPHECIES

There are certain war conditions threatening. Through the Red activity, war would spread all over the world and our desire is to avoid the outburst of it before a certain condition can occur. If this can be done, it will do tremendous things to hasten the progress of humanity. Prophecies for centuries have held forth the idea, and it has become racial in the mind of humanity, that the greatest of all wars called the Armageddon would take place.

This, we think from the higher standpoint, was a great mistake. Humanity has been accepting, expecting and are determined to have it. In the first prophecy of this, it was to convey the thought, that it would take place on the invisible plane, without coming into physical action. We hope yet this may be done.

My personal opinion is that a cataclysm, which is inevitable, is preferable to the coming forth into physical action of the so-called Armageddon, for a cataclysm does not release hate and because of this, it would be much better for humanity. A certain amount of cataclysmic action is inevitable and it is not desirable that it should be avoided, for it releases certain things and seals certain things—greatly to the benefit and progress of humanity.

It *is possible* under secured dispensations, for the channel of the cataclysm to be changed or governed. If mankind could understand, that GOD FOREVER AND FOREVER ACTS THROUGH HIS MESSENGERS who are attuned to step down His Mighty Current of Force and Activity, then they would know that all cataclysmic or Cosmic conditions may be, to some more or less degree, regulated and directed.

WARNING

Here again let me express a very sincere warning to the student. Even knowing the inevitable, he should in nowise dwell upon it, but should, every time the thought of such an occurrence comes to the mind, declare—"THERE IS ONLY GOD THE 'MIGHTY I AM PRESENCE,' IN ACTION EVERYWHERE PRESENT." THIS BECOMES HIS OWN ARMOR OF PROTECTION.

If certain conditions can be consumed in Chicago in time, much of the progress here may be sustained and preserved. In calling forth the "Mighty I AM Presence" to consume these wrong conditions, KNOW THAT YOU ARE USING THE MAJESTIC FORCES OF THE CHERUBIM

AND DEVA which are anchored over Chicago to give protection. This enables the force to pour whenever the thought reoccurs.

NOTES

The principle thing in financial demonstration is to be determined in refusing to accept the idea that money or help is not present. Do not let yourself accept that the thing which you wish to use is absent. It only has an appearance of absence. YOU CAN JUST AS EASILY FIND $10,000 IN YOUR POCKET AS TEN CENTS.

SENDING AND RECEIVING THOUGHT ETC.

In the case of two individuals becoming attuned, in reality, they simply both tune into a Cosmic Force and It acts. There will come a time when a manifestation of the Ascended Masters will be appreciated and great benefit derived from it. It can then be used with splendid effect and in that case would be justifiable.

The intense element of smoking is what we would shun the most, for it opens the door to things we do not even wish to discuss.

BENEDICTION:

"MIGHTY I AM PRESENCE—" MIGHTY CHERUBIM! GRACIOUS DEVA! WE GIVE PRAISE AND THANKS TO THEE AND THE ALMIGHTY ASCENDED HOST FOR THY RADIATION — THY LOVE — THY PATIENCE TO BRING FORTH THE GREAT "INNER LIGHT" OF THESE LOVED ONES TO SERVE WITH THEE, AND LET ALL WHO COME UNDER THIS INSTRUCTION RECEIVE THY GREAT "INNER ILLUMINATION."

· THE GREAT DIVINE DIRECTOR'S · · DISCOURSE ·

Given to Sindelar Evening Class—June 17, 1936
Los Angeles, California

BELOVED Children of the Light! when I say "Light," It is the Light of God which beats your hearts and never fails. Its Glory expanding within you is not only the solvent of all your problems, but is the open doorway to your Ascension and Freedom from all problems. It *is* within your ability to decree and make your Ascension and, if not finished in this embodiment, then to establish that condition which does finish it in the next.

Mankind, after having gone through human turmoil and experiences in hundreds and perhaps thousands of embodiments, should be encouraged when we say to them, that *We know the Law unquestionably* and urge you to use That Law, which we know to be your Freedom and Ascension; to feel an eternal—an everlasting—encour-

agement to at least make an earnest effort for that Activity.

I tell you, Dear Hearts, that your limitations and the limitations which every "I AM" student has drawn about him, SHALL disappear and be erased. Co-operate with that idea, because YOUR CALL IS REQUIRED—IS IMPERATIVE—for your Freedom.

You are the creator of all that is about you and whatever limiting appearance is there. Therefore, you must realize and remember eternally, your imperative need and I shall endeavor to imprint this on your consciousness in Letters of Light, to call to your Presence and refuse acceptance to human limitations. If you will do this, Great Assistance will be given you to hasten that Freedom, either by setting aside all time and space, or by giving you a greater and greater consciousness of the Activity of your own "Mighty I AM Presence," which you require to hasten that Freedom.

I wish you to FEEL that this, which the Messengers have been bringing forth to you, must come into its climax—its dynamic anchorage in your consciousness. The Instruction in these words of the Ascended Masters is the LAW, by which They attained Their Freedom and Ascension. The things described are not idle human experiences, but are the Activity of a Great and Mighty Law, which is here for your use; but if you do not FEEL Its Reality, how can you have your Freedom.

Stand! as if there were nothing else in the world and Universe but the "I AM Presence." Call It into action, knowing the "I AM Presence" rushes to your assistance at this call. KNOW, that no

human creation can remain longer before that "Mighty Presence," to retard or interfere with Its Current of Energy, so long as you control your feelings harmoniously. Do not yield yourselves longer to these limitations, when you have this MIGHTY KNOWLEDGE, this Assistance, this Light before you, by which you can free yourselves.

I plead with you, Oh Beloved Ones, whom we love so greatly and in whom We see the earnest desire for Freedom, you who have rendered such faithful service for America, as well as for individuals, stand alone with your "Mighty I AM Presence." So shall you have your reward— although I see no heart which is looking for its reward, yet shall that reward come.

The Great Cosmic Light is descending into the earth, with greater and greater power and with greater and greater Illumination. Oh, Beloved Ones, I urge you to take advantage of that Great LIGHT, although you have only our word for It and that of the Messengers. Believe that IT IS TRUE! and as you know that, take advantage of this Great Assistance—unknown in the history of the earth before. Stand glorified in Its Radiance and Freedom.

Out of the Fulness of that Light is all that is required for your Freedom. That Light is Self-luminous Intelligent Substance. That Love—Divine Love—which you call forth from your Presence, is Self-luminous Intelligent Substance. Then, when you call to your Presence to perform a service, you not only call the Presence into action but the Light flows forth, to fulfill that which you decree into form (or freedom) and It cannot fail.

The Glory of that Light—the Great Cosmic Light, as well as the Great Light from Mighty Cyclopea and the Silent Watcher—think of It for a moment! is the Glory of the Great Host of Ascended Masters, who have gone the way before you. They are the Fulfilment of the Law, which is within the covers of the "I AM Discourses," and by which They obtained Their Freedom and Ascension.

I am taking advantage of this opportunity tonight to try and engrave in Blazing Letters of Light, this Mighty Truth and to bring strength and encouragement into your minds, that you may no longer question but call that Presence into action, with the full Power which It is, and allow It to do Its Mighty and Perfect Service in, for and through you; not only blessing yourselves and perfecting you but pouring that Mighty Radiance out in every direction—everywhere you move—to fill the earth with Its Glory, Its Power and Its Perfection.

Do not be dismayed by the human appearance of politics or other things. The Light of God is flooding this earth and definite changes shall come everywhere. Do not let doubt and questioning enter your minds, but receive the Full Power of This Light! Make your call which will be amplified by the Great Host of Ascended Masters, the Legion of Light and even the Angelic Host, for They have drawn close to the earth, by the Power of the Ascended Masters and are giving Infinite Assistance.

Beloved Ones of Los Angeles! stand together as one solid Wall of Light in your city and bring

Perfection, not only to yourselves, but to your city, to America and the earth. With thousands of the "I AM" students in Los Angeles, anything in the world can be done. Do you know how great the Power of Divine Love is? How every Law in the Universe responds and obeys THAT POWER and DECREE of DIVINE LOVE? Shall I let you into a secret?

Many parts of America have called for the Messengers and sort of feel that Los Angeles is being a little oversupplied with them. Why? Because that volume of Sincere Love sent up here is greater than anywhere else in America. In New York, in Philadelphia, in Washington, in Boston, in the cities of the earth, if such volume of Love had been poured forth, so could they have had the same things.

I try to show you the Activity and Power of the Flame of Divine Love and Gratitude sent up, how It becomes a Mighty Magnet in which the Mighty Divine Law answers and *always responds*. Let me say to you in closing with these few words: As One, knowing the Great Law, for the first time in thousands of years, have I sent forth a Great Message of this kind.

I want you to FEEL this Great Help NOW. I ask you, if you love your Presence and Us, Who are endeavoring to give every Assistance for your Freedom, will you refuse in the future to listen —every one of you—to any silly human gossip, criticism, condemnation and judgment of anything or about anybody? Instead, call your "Mighty I AM Presence" into action to produce Perfection everywhere you move and in everything you do, so that great marvels and mighty miracles will take place in your city.

Remember! that which that Messengers have said to you shall be fulfilled. The Ascended Host will walk and talk with you, as you do with each other, the time depending upon the sufficient harmony to be established among the students of America to whom they come.

This is why the Messengers have urged harmony in your feelings and the refusal of condemnation, criticism, judgment, anger, and hatred. Oh students! understand, Beloved Ones! the Ascended Host dare not come into your midst with Their Great Volume of Energy to let It be qualified by your anger, hatred and discord. Their Wisdom is too great, for They would not subject you nor the environment to a condition of this kind.

I tell you again, Beloved Ones of Los Angeles, you have a power in the intensity of your Group Activities to accomplish anything that your earnest, honest, sincere attention is focused upon. You have learned the Law: that the Presence will not act through discordant activity but remember, Beloved Ones, the Higher Mental Body of each one of you, which is your discriminating selective Intelligence, knows what your individual thoughts and feelings are, what degree of discordant quality you have drawn about you or still hold about you.

Remember this: that when you call forth the POWER of the Presence and then, something discordant happens to you, it is because you have not used the Violet Consuming Flame to consume the discord of which you know nothing, it having been drawn about you in a previous embodiment or experience. Then, when your attention brings it forth, it will act destructively, if you do not

use the Violet Consuming Flame, to keep any discordant activity you have drawn about you in the past—from coming forth in this embodiment. If you will believe this which I have said to you, and will with determination follow it, your Freedom WILL COME QUICKLY—EVERYONE OF YOU.

Do not ever be dismayed, if in your coming into the knowledge of the Presence, things of a discordant nature come forth and act in your present experience, for it is only because the Violet Consuming Flame has not been used with sufficient intensity in this embodiment.

Your "Mighty I AM Presence" never, never fails to respond and answer your call and It only seems not to do so, because discord has entered into your thought and feeling. It is only your call to the Presence that annuls the discordant activity of the energy and requalifies it, as it flows forth to fulfill your requirement. Oh, Beloved Ones! try earnestly to understand the simple means of this Activity of your Being, which you are making every waking moment. These explanations and activities are powerful—THEY ARE VITAL.

I voice to you the Love and Blessings of the Ascended Host, the Legion of Light and the Angelic Host, as well as Myself to guide you, that you may have the strength and encouragement henceforth, to stand your ground and with a sincere smiling face turned to your Presence, acknowledge, accept and FEEL that there are no longer two but just the "MIGHTY I AM PRESENCE" acting in and controling your human form.

Beloved Ones, convey everywhere you go—where you can have harmonous ears—that there is no death. Never did such a thing exist in the history of the world, for only the distortion of mankind's ideas have clouded the intellect, until human beings have imagined all kinds of things. Time after time, the Great Light is revealing to mankind, that there is no death. The individual who has passed on has but changed garments, as you do in the winter and summer—changed garments which gives them greater freedom. What a beautiful thing, Dear Hearts!

Yet the tragedy and sorrow in the misunderstanding of this Mighty Truth is appalling. The most beautiful thing on the face of the earth is the release of mankind into those other garments of a finer quality, that the individual might raise and be free from discord—for a while. Oh, do not ever again let the thought of death discourage you or the passing of someone. In that change of garments, think of it as a change into the Higher Garments of Light, which should be the greatest joy to every human being in the world.

The Blessings and Light, the courage and strength of the Great Host of Ascended Masters, the Legion of Light and the Great White Brotherhood THROUGHOUT THE EARTH call you into the PERFECTION of your "MIGHTY I AM PRESENCE," and as the Light of your Being or the expansion of the Light within your hearts permits, do They give every Assistance that is possible to quicken that Light and hasten your Freedom from the earth.

Our Love enfolds you always, until the Fulness of your Ascension,

THE GREAT DIVINE DIRECTOR.

SAINT GERMAIN'S BLESSING

GIVEN SUNDAY EVENING JUNE 7TH 1936 SEATTLE WASH.

SOFT as the fragrance of the rarest flower, your "Mighty I AM Presence" enfolds you in Its wondrous Radiance, clothing you in the Invincible Protection which enables you to hold your attention upon the Source of your Being, your "Mighty I AM Presence," that It may flood your world with Its Happiness, with Its Harmony, and Its Mighty Perfection, as your attention is held upon It.

Great is the Gift that has come to you in the knowledge of this "Mighty Presence"—your individual Presence of God which beats your heart, and is the Source, the release, the freedom for all of mankind who will turn their attention to that Mighty Presence and hold harmony within their feelings. The effort so simple, so majestic in its action, only requiring your earnest determined call to release such a mighty volume of that Mighty Energy into expression in your world, that all problems of discord vanish as mist before the morning sun, and the Happiness, the Harmony you have craved throughout your life may now be obtained—may now be sustained and forever active in your lives, homes and worlds.

I call your attention to-night to the Transcendent Service which the Great Divine Director

has called into action, for those blessed boys who changed their garments in the strife over seas. They are now to be called into the octave of the Ascended Masters to receive the knowledge of the I AM, the "Mighty I AM Presence" and then, when they return to earth again, to bring with them the full conscious knowledge that sets them free and enables them to make their Ascension in the next embodiment. This can be done for the first time in the history of the earth, owing to the Great Cosmic Law that is flooding the earth with Its Light and increasing daily.

He also wishes to say to all of mankind who touch this work, that every Love Gift which is given from the heart to sustain this activity of the "I AM" is amplified many times to the giver and it shall continue throughout the entire work.

May you know, oh Beloved Students the privilege that is yours in the service that you can render to yourself, your friends, your country in calling your "Mighty I AM Presence" into action to dissolve and consume in the mental and feeling world of mankind every disintegrating, discordant, destructive thought and feeling from the face of the earth. When you call your "Mighty I AM Presence" into action to perform this service the power of the Universe rushes into action until it is accomplished. Remember the transcendent privilege that is yours if you will but do this.

Freedom of every description is at hand for you, the door stands wide open to those who will harmonize their feelings, call their "Mighty I AM Presence" into action and stand forever glorified in Its Presence.

I extend to you and enfold you in the Love of the Great Host of Ascended Masters and the

Legion of Light with all the Love that I can command to produce Perfection for you, to fill your worlds and homes with Love, kindness and happiness, to give you the Ascended Masters' Strength and Courage, to help you call your "Mighty Presence" into action, to release Its powers and to dissolve forever all doubts and fears within your feeling and thought, that you may go forth a Free Being, untouched by the human thoughts and feelings about you.

I clothe you in this transcendent Tube of Light, invincible in Its Protection about you, that henceforth you may move in the world untouched by its discord. Will you accept that Gift of my Love and feel It forever sustained for your blessing? Feel free to call, upon your "Mighty I AM Presence" first, then to the Great Host of Ascended Masters and the Legion of Light for assistance, as the law of your Being permits, to sustain you until you have gained your full Victory and Dominion, free from human limitations and creations.

My Love enfolds you forever, Oh Beloved Students of Seattle, and I thank you for your Love, harmony and radiance which has poured forth during these ten days. We amplify that and return It to you a thousand fold to harmonize, beautify, perfect and supply your world with every good thing. May the Feeling of Divine Love, that goes forth from my heart to you now, be an ever sustaining Presence and Activity in moments when you feel hard pressed, commanding all discord to quickly vanish from your world and lift you—glorious and radiant—in the knowledge of your Presence and make you Master of your world.

PROTECT OUR CONSTITUTION OF THE • UNITED STATES •

BLESSED people of America! the Constitution of these United States is the instrument in the outer world by which the "Mighty I AM Presence" guards you, your families, your homes and your liberty. It is the Guardian Presence for our beloved United States and that is the same to you, as the house in which you live.

I plead with you to use everything in your Life and your world to defend the Constitution of the United States—to the utmost—against all attacks and changes, for as surely as you live, there

would be no peace, protection, supply or happiness for you and yours, unless that Constitution remains as the Plan and Power for governing those who live within the borders of the United States.

Our Constitution is perfect enough and powerful enough to govern the people of the United States and the whole earth forever, if government officials and the people themselves will obey the principles contained within It. The finest array of principles in the Universe compiled into any document will not produce Perfection, if no one obeys them. The trouble is not with the principles nor the document, but with the intent in the hearts of individuals to give obedience to them, and thus be blest by them.

Where there is the will to obey the Constructive Law of Life, Perfection is always experienced and the DESIRE to obey the Constitution must be generated and aroused within the hearts of the people themselves. Remember! the operating of a government is but the reflection of men's minds and, the obedience or dis-obedience to Law, is the reflection of men's feelings. When the people themselves *demand* that government officials obey the principles in the Constitution, only those who will obey, will be placed in positions of authority to run the machinery of the government.

Viciousness, selfishness, dishonesty and violence will destroy themselves, if the people will insist on obedience to the principles in the Constitution and give that obedience also, in their own individual activities.

Our Constitution was designed to cover all possible changes in the advance of civilization and will *never* be out of date. Its principles are eter-

nal enough to govern all mankind forever, if individuals and government officials will give obedience to those principles.

There is nothing wrong with the Constitution. The trouble lies in the feelings and the lack of willingness in the individuals themselves to abide by the principles, which are recorded within the Constitution, that order may be maintained in all outer activities.

It is a Divine Instrument and a marvel of Wisdom—great enough to fulfill the needs of our people up to this time—and the means by which we have attained our present successful achievement; for national distress has only come in our country when those principles in the Constitution have been disregarded. Distress will remain, until they are obeyed—by both government officials and every individual—in his own private as well as public activities.

The Constitution will take us on forever, no matter how great our activities become, if the people will accept It and see that Its mandates are fulfilled.

As surely as you breathe, Life for human beings born in the United States, will contain no happiness, if they are compelled to live under a dictatorship or autocracy—no matter whether that arrangement be openly acknowledged or subtly disguised.

The Constitution of the United States is a SUN OF LIGHT AND FREEDOM to *all* mankind, and was established through terrific struggle, suffering and sacrifice, that we of to-day might enjoy the blessings of this country in peace. The people of the whole world, who really want the Constructive Way of Life, love and admire the Con-

stitution of the United States and we, who are the beneficiaries of Its Light and Protection, should surely value It most.

Therefore, it becomes the sacred obligation of every individual who wants security, peace and the blessings of Life to defend It with all he is and has, even with his Life, if need be, for existence without It would be worse than death, under the regime of anything else but that Constitution. It is the wonder and admiration of the whole earth, and the People of the United States—from the cradle up—should be taught to appreciate and value the blessings which It secures to individuals, privileged to live in this Glorious Country of God.

The hour is at hand, when those who want the Constructive Way of Life must stand together as a Solid Wall of Light, to defend our Constitution of the United States with all we have. We, who live in America are to-day the beneficiaries of that, which the early patriots and pioneers gave their Lives to preserve for us. It is now our duty to preserve for our children, the priceless Gifts of Freedom and Happiness which others won for us.

There are plenty of people in America who know this, as we do, and who see clearly enough to know, that we must *now* give our all to protect America for posterity.

Therefore, let everyone feel the necessity to guard our Constitution and have the same loyalty for America as he does for his own home and body. We ask everyone in America to arouse the people's attention to the need of standing for our Constitution with determination to protect It—at all costs—and the "MIGHTY I AM PRESENCE" and Great Host of Ascended Masters will give

help *without limit* and release the Invincible Power of the Legions of Light, to give us the protection required.

Everything good mankind experiences in physical Life comes from and depends upon the Great Light of the Universe! Out of That Light comes all that is GOOD! Out of That Light came the Constitution of the United States. If the people will *look* to the LIGHT—*call* to the LIGHT—*love* the LIGHT—*demand* the LIGHT—*serve* the LIGHT—and *bless* the LIGHT—miracles unbelievable will be the experience and blessing of all mankind.

The Great Ascended Masters have said that: "If it be necessary for the protection of America, the Jewel in the Heart of God, then That Light, as of a thousand SUNS, will descend into the earth and consume all selfishness from the planet; but the people themselves must reach up and make the call for THAT LIGHT."

We decree that the LIGHT OF THE "MIGHTY I AM PRESENCE" and the GREAT HOST OF ASCENDED MASTERS shall bless and preserve the Constitution of these United States and we clothe It and all in America with the LIMITLESS SHADOWLESS LIGHT OF THAT "MIGHTY I AM PRESENCE"—FOREVER.

America! we love you. America! we love you. America! we love you. America we love you! America we love you and hold you forever in THAT GREAT LIGHT.

America! we love and bless you! Your Light shall blaze forth and cover the earth with Its Dazzling Radiance and release Its Eternal Perfection everywhere. Forever and forever we love you Our Blessed America.

The SHADOWLESS LIGHT

THOU Glorious Shadowless Light of Infinity! Thou "MIGHTY I AM PRESENCE"! Thou Light as of a thousand Suns! descend into earth, in such Dazzling Splendor and Power, that all absorb Thy Beauty and Perfection!

without limit—NOW—and flood the earth with Mighty Miracles of Perfection in all activities!

Bring to pass the Eternal Victories of the ages! Let every human being on earth see and feel the Almightiness of Thy Light, in such an Onrush of Thy Glorious Presence, that all become the Fulness of Thyself, Thy Joy, Thy Freedom and Thy Love forever.

Thou Beloved Shadowless Light of the "MIGHTY I AM PRESENCE"! Thou art the Great Treasure-House of the Universe! Let Thy Limitless Gifts of every good thing pour out upon the earth their Mighty Blessings and Happiness for all mankind, that a Great Song of Praise may burst forth from the heart of humanity in eternal gratitude, for Thy Splendor poured out to all!

Let Thy Pure Love flow forth from the Heart of the Secret Love Star and drench the earth with that Liquid Golden Light that bathes all in Its Ecstacy and Glory! Let the Full Ocean of Thy Supreme Joy overwhelm this world and make of it a Brilliant Sun of Everlasting, All-powerful, Limitless Light, that casts no shadow and in which only the Blazing Glory of Thy Perfection can forever dwell.

Thou Adorable Presence of All-pervading Infinite Light from out the Great Central Sun, we call unto Thee to bless us—with the FULNESS of Thyself—and hold us safe within Thy Mighty Diamond Heart forever.

We love Thee—we bless Thee, we accept Thee, we acknowledge Thee, we FEEL Thee, we praise Thee, we worship Thee—Thou "MIGHTY I AM PRESENCE"—the Eternal All-enfolding Light! The Light of God that NEVER fails—I AM THAT LIGHT—NOW—and forever.

I AM STUDY GROUPS

ROUP Leaders are not Messengers and the only Messengers under this activity are the original eight, who were made Messengers in Chicago in 1934. These all have letters from Saint Germain to that effect and are subject to His Direction through us, until He directs otherwise.

This is a very serious thing, for the ones who claim to be Messengers under This Activity without letters from Saint Germain through us, open themselves to serious consequences and vicious activities of the sinister force, for there are Great Laws under which these privileges are given and, unless They are obeyed, the reactions are grave indeed.

Accepted Messengers and Group Leaders should never allow anyone to interrupt the class work, by either questions or explanations of anything they might experience from a personal standpoint.

Group Leaders are not to explain the Inner bodies according to any other teaching, for Saint Germain's Request is to at all times, turn the attention of the students to the Electronic Body, as that is the ONLY SOURCE OF PERFECTION and there the attention needs to stay. He insists, that the Group Leaders and students do not become enmeshed in the machinery of the human personality, if they hope to have their protection, freedom and Victory in the Light.

He asks, that all class work be conducted in a dignified way, that is a credit to the Ascended Masters and not to do anything that calls forth ridicule from those observing, because of fanatical foolish activities of those who wish to attract attention to their own personal actions.

No Group Leader should smoke or drink for they cannot represent This Activity, if they do those things. This cannot be emphasized too strongly, for only those, who are determined to purify themselves and serve the Light, can hope to represent the Ascended Masters' Way of Life.

A body of students is a Sacred Trust to the Group Leader from the Ascended Masters and ourselves, and the Group Leaders and all concerned should remember this at all times, so as not to let this Transcendent Gift of Light and Freedom from the Ascended Masters be dragged in the mire of human foolishness.

We ask all to stand guard in this matter and call the "MIGHTY I AM PRESENCE" into action at all times, to produce dignity, purity, Love, poise and Perfection in all classes which are conducted under this Radiation, that they may always be an activity, which can be commended and worked through by the Ascended Masters.

The Ascended Masters will not give Their Radiation through a group where the Leader has impure personal habits. There can never be a compromise with such degrading things, and those who represent This Activity should understand this thoroughly.

BRAVE, Blessed, Young America! dare to be Idealistic, far far beyond the last generation. Stand for Ideals so pure, so true, so strong, so worthwhile that everything in them brings you joy unspeakable and Freedom Eternal.

Give the whole world an Ideal worth all the suffering of a million lives, if need be, but do not accept any suggestion from anywhere, that will drag you down into the habits of discord and discontent of other human beings on earth.

Be balanced, poised, genteel, pure, strong, dauntless and Divinely Natural as the Ascended Masters are, for the whole world is looking to you, the younger generation, to bring into the physical experience of the earth, the Light, Love, protection, ideas and Ideals required to solve the problems of the outer world and release mankind from the chaos of its own creation.

These characteristics and Ideals as well as the Power to bring them into physical expression come only from one Source, the "MIGHTY I AM PRESENCE" and the Ascended Masters. Therefore, hold fast to all They have brought to you, in this knowledge of the "I AM." USE IT CONTINUALLY and prove to the whole world that you—the Younger Generation in America—are strong enough to hold the balance, that is required

to save the people of the earth from the conditions of destruction, that are whirling in the outer world today.

Come! the Ascended Masters are holding out Their Hands to you, for you have chosen your embodiments at this time because you are the ones, who are strong enough to carry the Light and hold the Balance against the forces, that would drag humanity down into destruction.

We stand with, for and by you with all the Love, Light, Strength, Power and Protection of the "MIGHTY I AM PRESENCE" and Ascended Masters at our command, to help you hold the Light and win the Victory of the Ascended Masters—everywhere—for the blessing and protection of America and the world.

Stand! Yield not an inch to any outer thing that is less than the Full Perfection of the Ascended Masters and from this instant, things SHALL TAKE A TURN AND THE VICTORY AND LIGHT AS OF A THOUSAND SUNS SHALL COME FORTH IN AMERICA AND THE WORLD, TO BRING JOY AND PERFECTION EVERYWHERE—FOREVER.

We bless you Beloved Young America—everywhere—and hold you forever in the Limitless Shadowless Light of the "MIGHTY I AM PRESENCE," THE ASCENDED MASTERS AND THE LEGION OF LIGHT, that your Victory may be complete and instantaneous—NOW.

GLORIOUS MOUNT SHASTA

SHASTA! Oh Mount Shasta!
What Secrets do you hide,
What dwells within that heart of yours,
What Light does there abide?

Beneath your snowy peaks so bright
What blessings do you hold,
What knowledge do you guard so well
From those who seek too bold?

I think I hear you speak to me
From your pure heights above:
I feel and hear your answer now—
"There's just one way—through Love!

To him who knows that Presence well
And lives It too beside,
My secrets are an open book,
From him, I've naught to hide.

Learn well that Golden Key of Life,
It opens every lock:
With It, you may fling wide my door
For Love ne'er needs to knock.

Oh sons of earth, who seek more Light
Learn first Love's Great Command
Pour out Its Healing Golden Streams
And within my heart you'll stand."

SAINT GERMAIN'S INVOCATION

Thou Mighty Infinite Masterful Presence, I AM, Thou Ascended Jesus Christ, the likeness of which is the "Master Presence" within each son of God! we speak to Thee everywhere! Pour forth Thy radiant Majesty through the mind and heart, Thou "Mighty I AM Presence"! Let the Temple of God in each one become illumined with Thy Holy Presence, majestic in Its conquering Power.

We give praise and greatly rejoice that at last, the Mighty Conquering Presence is to take full command of Thy manifestation of all created things; and that peace on earth good will to man is at last to become realized and be made manifest man to man. It has come.

THE DISCOURSE

I wish now to make it clear that you here, and all who come under the Radiation of this Instruction from the Ascended Masters on the "Mighty I AM Presence," are those who have these many years come within the Violet Ray. The Ascended Presence of Jesus Christ, which is the "I AM" in each one of you, is steadily taking full command.

Ere long the "Great Mystery of Life," which is the "Mighty I AM Presence," will be revealed in

the heart of each one who comes under this Radiation. Let no one be deceived! The great prophecies of the centuries, in fact the end of the prophecies and their fulfilment is at hand; and from the fulfilment of the prophecies, God having spoken through man, will arise the Kingdom of Paradise —of Heaven upon earth.

The period of the struggle of creation, in the throes of this new birth, will be swift and to some terrible in its mighty manifestation, but know that it will bring in its train peace, happiness, and the Light of true understanding to the mankind remaining, which is sufficient to make everyone rejoice that through the centuries of this great expectancy, the righteous reward and devotion to God in man is bringing its true fruition.

From the passing of the eclipse of yesterday, begin the changes of the Great Spectacle, enormous in its dispensation. While everything moves forward and will continue to move under divine order, yet the closeness of this surging Inner Christ Power—the "Mighty I AM Presence"—is as though impatient to take its full command.

Try to have your students understand, that the very fact of sincerely seeking the "Light of God," if sought with sufficient sincerity and intensity, will cause all problems of the outer to be quickly and normally solved.

If individuals, finding themselves confronted by problems, would say:—"Mighty God in whom I recognize and feel Thy full Power of Action! Thou "Mighty I AM Presence"! solve this problem and do it quickly"—then calmly enter into the stillness, the Silence of that "Mighty I AM Presence," they would find and soon feel the peace, certainty and relief from that, which they

feel to be a necessary struggle in the outer to solve the problem.

It is the FEELING of struggle in the outer self that really CAUSES the struggle. To pour forth that Mighty Love and Devotion to God, always omnipresent, should without effort bring complete relief from all anxiety.

To seek God merely to solve a problem but partially opens the door, but to seek God, the "Mighty I AM Presence," with true sincerity and devotion for the "Light of God," would quickly cause all outer problems to be solved in peace and harmony, acording to the recognition of the "Mighty I AM Presence" in action.

Ask all those, to whom you can convey the idea, to be as conscious as their understanding will permit, that they are now held within the Violet Ray, acting under its beneficent Radiance.

Those who can should visualize this Violet Ray about them, within its center the qualifying Presence of the soft pink of Divine Love, and no one of great sincerity should need aught else than this, to find ALL outer activity conforming to its "Mighty Presence."

To make one's self a true student of the Light, the individual will hold unwaveringly the full consciousness of the "Mighty I AM Presence," the Ascended Jesus Christ, being the constant, invincible and only acting Presence and Intelligence in his mind, body, home and affairs. It is this steadfastness, no matter what the outer appearance seems to be, that most quickly brings the longed for peace and freedom.

Already upon the mental or invisible plane is spreading the Christ Radiance, likened unto the dawn of a glorious sunrise. Within a few years

the Radiance of that "Sunrise," which is of the Great Central Sun, will ascend into the heavens of Its Eternal Dominion. All, who hold themselves steady with faith and confidence in this "Mighty Light," will find such individual revelations taking place, as they at this time cannot possibly conceive.

I want to assure you with positive conviction, that these are not idle words, neither are they prophecy, yet shall you see them fulfilled beyond your fondest hope.

Those, who come under this Radiance with their determination to receive the Light, will find themselves able to say: "Mighty Master I AM Presence! speak to me"! and they will hear that Inner Voice as clear and distinct as you speak to each other.

To those who will listen, I want to assure them that the opening of the Sixth Seal, which is at hand, will make the comprehension of these Mighty Inner Truths clear in such a manner, the student will marvel that he has been on the periphery of this Great Truth so long, without more fully grasping Its true meaning.

Students and individuals should look within themselves and find wherein there have been unnoticed subtle things, that are binding them. Each one should joyously open his heart to the Truth, that reveals to him the things which need to be remedied.

Any rebellion within the consciousness should be put down as the GREAT OFFENSE AGAINST GOD, the "Mighty I AM Presence," that there may be nothing to interfere with the penetrating Rays of this Great Light. As I have tried to impress upon your minds from time to time, it is not

a matter of personalities, but it does mean to enter into the Truth and live it.

One of the most subtle forms of rebellion in the outer consciousness is concerning our little personal habits that we have formed through the centuries. As you pluck weeds from your garden, so should you pluck these habits from the outer consciousness. Pull them out by the roots that they have naught left by which they may grow again.

It is my great pleasure to put before you a Mighty Truth namely: that those mighty sincere desires of individuals in some instances, where they seem to have been long deferred, may speedily take form, bringing with them their Eternal Blessing, that is when they are righteous desires.

The earnest student is ere long to know and understand the true meaning of the words of Jesus—"I am the Resurrection and the Life." Each student should, in feeling himself within this Mighty Violet Ray, meditate on this wonderful and Mighty Statement—" I AM THE RESURRECTION AND THE LIFE NOW MADE MANIFEST."

Those beautiful souls who have so much loved the flower creation, ferns and shrubbery, will find such roses and many other flowers new to the earth, appearing from now on and they will have such rare beauty, that it will amaze and delight all greatly. At first, they will not be conscious of where these came from, but will find them appearing in the midst of their gardens. They will later find, that the seed and presence was projected from other spheres than the earth.

The lotus and new forms of the lily will come forth with such magnificence, beauty and fragrance, that their very presence will carry a vivifying, Life-giving Activity to the ones to whom they come. The marvelous change of the climatic conditions of the atmosphere will enable these flowers to be ever blooming; and the gardener and farmer, of the days that are coming, will find themselves no longer confronted with the struggle against weeds, as has been heretofore.

New species of grass will come forth that will make your lawns like a velvet rug; and you will no longer be required to listen to the rattle of the lawn mower. That of which I speak will grow to a certain Perfection where it will remain. This is but an intimation of some of the Perfection, that will be the joy of every sincere student of the Light.

Many will see some of this Perfection, but will still find it necessary to go out and change bodies to permit the manifestation of their Eternal Perfection, but they will hasten to return because they will find the here so like the heavenly world as it now exists, that they will not wish to linger there, but will want to get back into real action as it were. The time has arrived, when it is necessary to give forth some idea of this Perfection, for the students who grasp the idea and begin to visualize that beauty surrounding them, will hasten tremendously its presence into their Life and environment.

A very remarkable thing, that but few will be conscious of, is that the apples of this season will possess an essence in their substance which they have not heretofore had. Some other kinds of fruit will have this but in a lesser degree. They

are the peaches, oranges and tomatoes.

It would be well, if for a time you ate three apples a day. This will throw off the sediment in the body, without making it apparent. The more perfect tomatoes of this season have also contained this element that is being radiated forth.

Question: Will the plants of the future be free from vermin?

Answer: Saint Germain. Most assuredly.

All destructive force, when it reaches a certain point of activity, will destroy itself. To the human or outer, it sometimes seems a long time getting to that point, but it is so and has always been so. COSMIC ACTIVITY TOLERATES ONLY SO LONG MAN'S INHUMANITY TO MAN OR MAN'S DESTRUCTIVE ACTIVITY TO MAN.

From this time on, no individual can gain wealth or the renewal of wealth without knowing, that God, the "Mighty I AM Presence," IS THE FULL SOURCE, POWER AND INTELLIGENCE OF ITS PRODUCTION AND MUST BE GIVEN FULL CREDIT AS THE ONLY PRODUCING POWER. No human effort without the PRESENCE AND ACTIVITY OF GOD ever amounts to anything. Too long have human beings been the usurpers of that Power, and even in the usurping of that Power, the time has now come, when it will no longer be available to them.

Those who want to find peace, rest and success must FEEL AND, AS IT WERE, THROW THEMSELVES INTO THE ARMS OF GOD, AS A WEARY CHILD WOULD DO TO ITS MOTHER, AND THERE REST IN THE ACTIVITY OF THAT MIGHTY INNER PRESENCE—the "I AM."

Sanat Kumara's Daughter naturally acts under the Crystal Ray. All of the Ascended Host at intervals work with Jesus. The name, Kumara, is a title, so think of it as an authority. The Activity of the Kumaras is distinctly different from that of the Masters from the Central Sun. While the Kumaras come under the Activity from the Central Sun, yet Their Service to the earth is distinctly different. They are the Ones who offered of all the seven planets to take the earth under their supervision (wing).

As soon as the axis of the earth is changed, the Kumaras' work of countless centuries will have been practically completed. THERE WILL BE A FEW YEARS IN WHICH THEY WILL WALK AND TALK WITH THE STUDENTS OF LIGHT, WHO ARE TRULY AWARE OF THEIR PRESENCE, WHICH WILL BLESS THE STUDENTS UNTOLD, WHO RECEIVE THEIR FRIENDLY VISIT. THERE HAS NEVER BEEN SUCH AN OPPORTUNITY IN THE HISTORY OF THE EARTH AS AT PRESENT FOR THOSE, WHO HAVE ANY INCLINATION TO THE LIGHT AND EVEN FOR THOSE WHO HAVE NOT, TO BE RAISED ENORMOUSLY.

THIS IS THE FIRST TIME IN THE HISTORY OF THE EARTH, THAT THERE HAS BEEN A RESISTLESS IMPELLING ACTION OF THE CHRIST FORCE. NATURALLY THE "SILENT WATCHER" WOULD HAVE TO BE ONE FROM THE CENTRAL SUN WHOSE ACTIVITY IS INDEPENDENT OF THE LOGOS.

NEVER LOSE SIGHT OF THIS FACT FOR EVEN A MOMENT: WHEREVER WE GO IN CONSCIOUSNESS OR THOUGHT THERE

WE ARE. THE STUDENT WHO BECOMES AWARE OF THE "SILENT WATCHER" AND GOES TO HIM IN THOUGHT, CANNOT HELP BUT HAVE A RESPONSE. YOU CAN GO OUT TO THESE GREAT ONES IN CONSCIOUSNESS AND SAY: "SPEAK TO ME." YOU CAN DEMAND ANY CONSTRUCTIVE THING OF YOUR "MIGHTY I AM PRESENCE" AND IT WILL BE DONE.

The changes referred to above will come within the next ten years. Heretofore, long periods for the upbuilding of the new activity have been required. This time, in a few years, there will be accomplished what heretofore has required centuries of work, because the mechanical Perfection, for those who still require it, will not be lost as before. Following this there will come aerial transportation that has never been equaled on earth. It will be a still more perfect means of conveyance. The speed will hardly be limited, because of the earth currents that make any speed possible. Atlantis had this to some degree, but it will come in its fulness now. Airplanes will be made so all danger will be eliminated.

Donald: Where are you going?

Saint Germain: I am going home to-day. My present home is in the Alps. In some instances, the retreats will be changed and are already being transferred from one place to another. This present coming cataclysm will end the cataclysmic periods of the earth, because cataclysms only come through the destructive influence of the human and when that is removed, there will be no longer a cause for them.

E.W.B.: What should one do to stop a fire?

Saint Germain: You could call on the God of Fire to consume it or say: "I, as the Christ, the 'Mighty I AM Presence' spread my radiance over it" or you can command its obedience and visualize the Pink Light of Divine Love covering it.

· BENEDICTION ·

"Mighty I AM Presence" of the combined Ascended Host, Thou Light Eternal! we give thanks for Thy radiant expanding Presence, that Thou art more and more pouring Thyself forth into Thy manifestation to the children of God, that Thou dost dissolve all things unlike Thyself and dost release the Pure Activity of the individual self! Even so it is done.

Given by Mr. G .W. Ballard

THOU wonderous "Majestic Mighty I AM Presence," Thou Heart of America, the Glory of her achievement, her Supreme Directing Intelligence! Bring about Thy Perfect achievement! Oh America, the "Cup of Light" for the future! we love thee with a Love

everlasting, that the Great Cosmic Law should have chosen thee to be the "Cup of Light," the Great Crystal Cup filled with the pure Essence of the Light of God, filled with Its Mighty Intelligence, with Its Mighty Release of the Consuming Activity—that all discord, all destructive thought and feeling shall vanish from the earth, vanish from the feeling and mental world of mankind; and that Thou America dost stand forth the "Supreme Example of Eternal Love for the earth.

The Glory of God is made manifest on earth, that all human semblance of less than Perfection *shall vanish forever* from the earth. Even as the Declaration of Independence declared the Freedom of America upon earth, so shall it now be extended for the Freedom of mankind, even unto its Ascension, into the Light of God, the Heart of God from whence the individual can manifest, without limitation of any kind; and stand glorified as the Ascended Being, wholly free and Master of his world and all substance. So, we rejoice in being able to give expression on this day to the Record of Freedom for America, to bear witness to that Eternal Glory which is approaching with great speed. To-day Oh America, do we Love Thee, Beloved America, the Sweetheart of the world! Oh America, the Father of Light to the Nations of the world.

Thou Mighty Being of Whom the Goddess of Liberty is the Representation upon earth! spread Thy Radiance, the national colors over America to-day and let Thy Mighty Glorifying Energy be absorbed by every human being in America, glorifying the heart center with Love and Freedom for America now and forever sustained. No mat-

ter what else seems to have an appearance, *every heart shall stand for the Glory and the Freedom of America—NOW*—and be brought into the Eternal Perfection of the I AM Age, the Perfection of the last Golden Age—the Eternal I AM Age upon earth. So to-day we bow before the Majesty, the Mighty Intelligence, the Mighty Love that is making possible the Freedom of America and the world. We decree in the Name, Light and Power of the Great Cosmic Law, the "Mighty I AM Presence," the Legion of Light and the Great Host of Ascended Masters, that all destructive forces on the face of the earth be seized, bound and held inactive—until they willingly and joyously serve the Light, whether they be embodied or disembodied.

"Mighty I AM Presence," Great Cosmic Law, Legions of Light and Ascended Masters, seize and bind every condition, person, place and thing that has destructive quality or intent of any kind and hold them in obedience, until all willingly serve the Light. This is our Decree for America and the world, backed by the Mighty Power of the Great Cosmic Law, the Great Power of the "Mighty I AM Presence," the Governing Intelligence of the Universe, and the Mighty Host of Ascended Masters, the Legion of Light and the Great Host of Angels, Archangels, Angel Devas and Gods of the Mountains—all joined in action for the Protection and Freedom of earth, and the Glorification of that Golden Age which must come into activity now. *Let all destruction be dissolved before this Light*, as the mist before the morning sun and *let the Light of that Glory shine forever in its Dominion upon earth.*

TRANSCENDENT FREEDOM

THE Ascended Masters on July 4th, 1936, gave Their Third Specific Decree for the Complete Freedom of mankind and the earth. This forms the Triple Activity of Their Application of the Great Cosmic Law and before It no discord nor sinister activity can longer exist.

This Mighty Decree is the Freedom all mankind has been waiting for throughout the centuries, in order to open the way for the Great Cosmic Law to act with sufficient intensity and speed, to give the complete release that must take place, if humanity is to survive. It is the one thing that the whole earth needs most—*to-day*—in order to let the "*Mighty I AM Presence*" have the Greatest Expansion of Its Light and Love. Every human being on earth is benefited tremendously, whenever this Decree is issued for anyone or the whole of mankind.

This Mighty Decree, which the Ascended Masters sent forth on the fourth of July, for all mankind and the earth, released the first Wave of Its Action that moment, through every human body and the planet itself. Now, it becomes the duty and privilege of everyone, who understands the Law and call to the "*Mighty I AM Presence*," to issue that same Decree at least three times daily, until It sweeps forward with such intensity, that It clears away all obstruction to the full expansion of the Light, within both the individual and the very earth itself.

This MIGHTY DECREE is the Ascended Masters' Command to Legions of Angels of the Blue Lightning of Divine Love, to descend into the physical octave of earth: to seize, bind and remove from within and around every human being, the earth and its atmosphere all entities—carnate and discarnate. If they be carnate, to annihilate them, their cause and effect from existence forever! if they be discarnate, to take them to the Ascended Masters and offer them this Eternal Instruction of the "*Mighty I AM Presence*" for acceptance.

If the discarnate ones accept It, they are taken to the schools of the Ascended Masters, shown how to apply this Law and make their Ascension. If they will not accept this Glorious Light and make conscious effort for their Freedom, they are held bound until they willingly, gladly and lovingly accept this Eternal Law of Life and fulfill their own decree to make the Ascension.

When we refer to entities of human creation, we mean those thought forms created by human beings, through discordant destructive thoughts and words and energized by inharmonious feelings. These exist within the aura of every human being, until he gives the command to his own "*Mighty I AM Presence*" to consume them.

The use of the Violet Consuming Flame, as Saint Germain has instructed, if used daily with intensity, will dissolve and purify all these humanly created entities; but when the student calls through his "*I AM Presence*" direct to the Angels of the Blue Lightning of Divine Love, he can have the Assistance of these Blessed Beings, Whose duty it is to render help that the Ascended Masters decree, for all who make earnest call to complete their Victory quickly. This does not relieve the students of the necessity of using the Violet Flame, as they have been taught, but it enables the Flame to have much more instantaneous action and to release more power.

When we refer to the discarnate entities, we mean those human beings who have passed through so-called death. If they do not call to God with enough intensity, to draw the attention of an Ascended Master to cut them free from earth and take them to the Octave of Light: or if they have not the knowledge of the "MIGHTY

I AM PRESENCE" to which they can call and be taken out of the atmosphere of earth; they remain in the homes, localities and atmosphere in which they lived, while in the physical body.

These are known as earth-bound entities, for they do not know how to make a call, that will bring the Assistance of the Ascended Masters, to cut them free from their earthly appetites and conduct them safely through the earth's atmosphere, to the Octave of Light. In that Octave, they can be taught the Great Truth and Law of the "MIGHTY I AM PRESENCE." Then, through their own conscious effort, they can reach up for the assistance, that gives them the Eternal Victory of the Ascension.

The atmosphere of earth is loaded with these discarnate entities. They are good, bad and indifferent—some very vicious. They remain in the aura of the earth because their desires, being principally physical appetites, bind them here for further gratification. Why? Because they are still held within the emotional body, which does not dissolve at so-called physical death, unless cremation takes place. If this is done, they are freed to go through to the Octave of Light for assistance.

Not knowing how to get out of the earth's atmosphere, they attach themselves to those with whom they associated in the physical life, or to those whom they greatly disliked, many times to gratify their feelings of revenge, and even move about in the same houses or localities.

If they have had vicious desires, while in the physical embodiment, they can still gratify those desires from the psychic plane, through the body of anyone who will let them stay in his aura. This

is what accounts for all drink, smoke and sex obsessions, insanity, cruelty, viciousness, intense anger, jealousy, suicide, continued discord and destructive activity of every kind.

Mankind and students in general do not understand this condition in the slightest degree and hence, do not make the necessary effort to free themselves, from these destructive and disturbing conditions, that cause all the tragedy on earth.

However, the Great Law of Life will not operate Itself and until individuals get the Ascended Masters' understanding of Its operation, there is very little permanent help for humanity, until people can be taught the Law.

If all discarnate entities could be taken from the atmosphere of earth, ninety-seven per cent of all mankind's troubles would be solved, letting peace and harmony reign throughout the world, to the great joy and Freedom of the whole human race: and also to the blessing and freedom of the discarnates themselves.

Students and all readers should remember, that when we call Angels of the Blue Lightning of Divine Love to seize, bind and annihilate all humanly created entities, no one can annihilate God, which the Life in every human being is. Neither can Divine Love annihilate a human body. Therefore, the only things that can be annihilated are the discordant and vicious thought forms which hang around the bodies of most individuals.

These are the causes of all chronic diseases and limitations of every description. Such creations should be annihilated and the sooner the better for themselves and the whole earth. Please remember, Beloved Ones, that Angels of the Blue

Lightning of Divine Love never annihilate human bodies. The entities and the discord do that. So, there is nothing to fear in using this application of the Law and the call to the "Presence."

People often say: "But my loved one that has passed on was kind and I loved him very much." That is no doubt true, but do you realize, how much energy is absorbed from your world by such a discarnate being, Energy that your "MIGHTY I AM PRESENCE" gives you with which you should expand Its Perfection? You are not helping the disembodied one, by letting him hang around in your aura and absorb your energy, when he should be learning the Laws of Life and of the Universe, working to free himself and gain his Ascension. You are doing such an one an injustice, by enabling him to stay in the earth's atmosphere, instead of calling your "MIGHTY I AM PRESENCE" into action to take him through, to the Octave of Light where he can be taught how to gain his Eternal Victory of the Ascension.

In regard to discarnate entities, they are responsible for all insanity, vicious appetites, vicious actions, crime and contagious diseases. Many times, one's sense of physical exhaustion is due to nothing else but a discarnate entity in one's own aura, following him around and absorbing the energy from his physical body, in order to survive.

No end of business deals are blocked for years, by some discarnate entity who does not want someone to succeed because of vicious feelings of revenge, resentment, jealously and all the other unkind feelings, with which human beings are many times unfortunately filled.

In one case a man, who had not been able to get a position for five years, was told to dismiss all the entities in his body and world. He did as instructed with his wife's assistance and within twenty-four hours obtained a most remarkable position, which he still holds and that was months ago. This is the trouble in thousands of cases where people do not seem able to get work. If the students of the "I AM" and all readers of these books will do, as the Ascended Masters have requested, in using these Decrees, their own blessings will transcend their fondest dreams and the assistance to mankind and the earth will surpass all description. You will have instantaneous relief from distressing conditions, that have bound you for a life-time or perhaps many life-times.

Discarnate entities are also responsible for all mental and health conditions of long standings —ALWAYS. To deny that these entities exist is but ignorance of the forces that are acting and which every human being is struggling under to-day, whether he be good or bad, wise or ignorant. To deny a thing does not remove it from existence or having an effect in the physical experience of individuals and the earth.

Entities—carnate and discarnate do exist on this earth, but through his call to the "MIGHTY I AM PRESENCE" and the Ascended Masters, every individual has Complete Mastery over them and his world. He *can* clear all his activities from any such interference, if he will make this call as the Ascended Masters have requested the "I AM STUDENTS" to do. They did this for the entire earth and mankind on the fourth of July. Such is our opportunity to serve! it is our privilege and our duty, that the earth may be freed and we

ourselves have Complete Mastery over all in our own individual Lives and activities.

Aside from the knowledge of the "MIGHTY I AM PRESENCE" and the use of the Violet Consuming Flame, this call to seize, bind and remove all entities from the earth is the most transcendent help and blessing, that can come to every person in the world; and will bring the earth into Divine Order through Divine Love, quicker than any other one thing that can be done in the outer Life to-day.

We plead with all the "I AM STUDENTS" and individuals everywhere, to use the following affirmations at least three times a day, to keep your beings and worlds free from all entities—carnate and discarnate. Through this application, you will not only move forward in a world of Perfection of your own, but you will help to lift the load that weighs heavily upon all mankind and the earth itself; for even nature suffers from these entities and will not too long tolerate their interference with her Perfection. They are the causes of all cataclysmic activity, which is but the recoil of their own viciousness, returning upon them and consuming them from the atmosphere of earth, that mankind may have a fresh start to make further effort toward Perfection.

By the time the students have used these affirmations for a few weeks, they will find their affairs moving forward with great speed and no further interference from intermittant discord, that constantly distresses them. With the intense call to the "MIGHTY I AM PRESENCE," and Ascended Masters to send Angels of the Blue Lightning of Divine Love to seize, bind and re-

move all entities from humanity, the earth and its atmosphere, the Cosmic Light from the Great Central Sun will blaze with such intensity, that PERFECTION UNBELIEVABLE WILL COME FORTH—almost instantly—at the call of the Students of the "I AM." This is the instantaneous action we want you all to experience and so you shall.

· EVENING INVOCATION ·

Shrine Auditorium, Los Angeles, Calif.
July 4, 1936

Given by Mr. G. W. Ballard

THOU Universal "Mighty I AM Presence"! hold America, the Jewel within Thy Heart, in Thy wondrous Embrace of Light. Clothe America in the Glory of Thy Light! Govern her directly and through mankind, by Thy Mighty Directing Intelligence. Take command of all official places! take command of the industries of America! take command of the monetary activity, and glorify all with Thy Mighty Directing Intelligence, with Thy Mighty Governing Presence and fill all official

places with those whom Thou canst direct, who are strong enough to stand with Thee, filled with Thy Courage and Strength, dauntless before the face of humanity, ready to obey Thy slightest direction: thus enabling the Great Perfection already planned to come quickly into action for the blessing of mankind.

On this day and henceforth see, Oh Mighty Universal I AM Presence, that we enter into Thy Eternal Freedom of the Law of God, that was established for the freedom of mankind in all their physical activity. Transcendent and glorified was that Mighty Activity 160 years ago, and fill this period with the Complete Eternal Freedom for all mankind, thus enabling them to know their "Mighty I AM Presence" so vividly, so real, so tangible, that they may call It into action to enable them to make their Ascension and to have the Eternal Freedom of the Universe.

We call the Fulness of that Mighty Activity to take command, govern America and fill the world with the Glory of Its Fulness, unto the Perfection of those who serve the Light and even for those who do not. *Again, I ask that every force on the face of the earth that does not serve the Light be bound and held inactive,* until all serve the Light, whether they be carnate or discarnate, it matters not. Oh Mighty Power of the Divine Police of the Universe, seize all destructive activities and bind them into the Service of the Light. We make the call for all the earth, and we have the authority. Thank you, Great and Blessed Ones.

· OROMASIS, PRINCE OF THE · · FIERY ELEMENT ·

ROGERS CLASS—Los Angeles, Calif.,
Thursday Evening, June 25, 1936

PRINCE OROMASIS Speaks:

HOW grateful are We from the higher Octave of Light, Who come under the direction of the Ascended Masters, to find those of earth coming to a point in the consciousness and acknowledgment of their "Mighty I AM Presence" where they see, understand and feel the necessity of the call to the Ascended Masters, Legion of Light and Great Angelic Host, whom the Ascended Masters direct. As Prince of the Fiery Element, I am also under the direction of the Ascended Masters and at your

call have come. Again to-night at your second call, I responded and shall lead the Mighty Legions of Angels of Blue Lightning through the atmosphere of earth, to cleanse, purify and give the assistance to mankind that the thousands of students within human form are asking and calling for to-day.

Our gratitude is boundless that you, children of earth, have at last come to realize this great requirement—through the assistance of that Great and Mighty One, Saint Germain—and have begun to make your call for the release, not only of the energy from your own "Mighty I AM Presence," but the Outpouring of those Great Ones, who have passed from human experience into the Freedom of the Ascended Being. Having passed through everything that you, as Beings in human form experience, They are thoroughly able, have the Authority, have the Experience, have the Freedom by which They can direct you and point the way, if you will permit Them to do it.

The glory of such an achievement is transcendent and having come to a point of feeling the necessity for it, you actually are making yourselves a Blazing Sun of Light wherever you move, that Its Radiance may flow forth to heal, to bless and to prosper those you contact, although they might not yet understand the "I AM" or any of this Teaching. This is how, in moving among mankind, feeling and flooding forth the Glory and Radiance of the Presence, you bless *really tremendously* all with whom you come in contact. That is a transcendent privilege for everyone and impossible in the history of mankind, except for those who understand and accept the Intensification of the Radiance of their "Mighty I AM Presence."

Mr. Ballard speaks:

You must have noticed recently, how many things are coming forth, and how Great is the Response from those Great Ones, who have All Power to give the Assistance that mankind requires. Again to-night, I had not the slightest idea of what was to be given, but at your call the response came. The Great Ones wish you to know, that you have Their Great Assistance. This means the activity which our family and I too have called for, as the old saying goes, "Nigh on" to two years.

Do you not see, loved ones, how it never, never fails? The Light of God really, never *never* fails —and you are that Light. In your acknowledgment of your "I AM Presence" as the Presence beating your heart, you do really become that "Light of God that never, never fails." Oh, will you not realize that, dear hearts? In any human, limiting appearance that comes before you, realize *instantly:* "This human appearance is not true, it has no power in my world," therefore, dismiss it. Then in the Glorious feeling of your "Mighty I AM Presence" continue to issue your Decrees for Freedom. As the call of these beloved students all over America is now bringing its response, and as this Special Instruction has again been brought to your attention to-night, realize that no call ever fails to be answered. As your intensification grows, more quickly comes the response from those Great Beings, who are able to give the assistance, fulfill your Decrees, or shall I say, amplify them to the degree of fulfillment quickly.

Oh, it is wonderful, it is marvelous to find such

a response. As each one gives his attention so earnestly to the Presence the response will come more and more quickly, more and more powerfully, until at every call there shall flood down this Mighty Response with the speed of thought, to fulfill the requirements of the Children of Light. No longer shall the Children of the "I AM" be called children of the earth—but "Children of the Light."

I thank you, Oh Mighty Oromasis, Great Angelic Host, in the fulness of the Love of my "Mighty I AM Presence," that more and more powerfully, more and more quickly comes the Response from the Great Ascended Masters, the Legion of Light, the Great Angelic Host, and those Great Beings—the Mighty Divine Director, the Silent Watcher, Cyclopea, Arcturus, and the Great Ones from Venus. As to-night has come the Response from those Great Ones, so on the first of July will there come forth a Mighty Radiance from the Kumaras, and that other Group that come to minister from Venus.

Oh, dear hearts, please let nothing or no one ever cause you to feel, that this can be imagination: for the Great Ones do actually come in their tangible forms to minister to the children of earth. The Kumaras, have ministered so long, so long—yet the ignorance of mankind dares to say or even feels that this cannot be true. Oh let that ignorance of mankind be swept from the face of the earth, and replaced by the Intelligence of the "Mighty I AM Presence," that all the earth may know and feel the Glory and the Radiance of those Ascended Beings, who do come at mankind's every call, if individuals will but make it. I thank you.

· DESCRIPTION OF OROMASIS ·
· PRINCE OF THE FIERY ELEMENT ·

HEN Prince Oromasis manifests, He always comes surrounded by Clouds of Flame. He often wears a dainty crown of Sparkling Flame in Crystal Radiance like White Lightning. This Radiance many times surrounds His body and flows out beyond it, as if the Flames came forth from the White Lightning, pouring out the Violet Flames which consume all impurities wherever He passes by. He carries "The Rod of White Lightning." It is really His Scepter of Authority and through which, He draws the condensation of the Electronic Force, that He directs into special conditions to produce Perfection.

Everything about Him is the Activity of the Flame and He is magnificent to behold, radiating always an intense Feeling of the Victory and Majesty of Divine Love, as the only acting Presence and Power.

When the student begins to give definite recognition to the activity of the Violet Consuming Flame, the Prince Oromasis can give very great Assistance, if the student will give Him conscious recognition and Love.

As Prince of the Fiery Element He often projects an intense Golden Flame of Divine Love, through which the Light within the Heart of the Student expands and when He does this a feeling of the most Ecstatic Peace fills the mind, body and aura of anyone to whom He directs It.

May all students give the Prince Oromasis conscious recognition, Love and Gratitude, to every one's Eternal Blessing and Freedom.

"I AM" STUDY GROUPS

BLESSED Ones! in your Study Groups, we ask everyone of you to know ALL the teaching in UNVEILED MYSTERIES, THE MAGIC PRESENCE, THE "I AM" DISCOURSES, THE ADORATIONS AND AFFIRMATIONS and the VOICE OF THE "I AM" so thoroughly, that every question any student or person asks, you will be able to answer—instantly—by an affirmation, quotation or direction which is contained within those books; for the answer to anything and everything that any individual or all the individuals on earth can ask is given in them, or the way to obtain it is explained.

All Group Leaders and those who go out to teach this Work should know unmistakably, that they cannot improve upon the Ascended Masters' Instruction and should not try to interpret Their Teaching to anyone. The Ascended Masters have already done that in the books themselves.

Those, who give This Work forth, should read the instruction in the books to the students, asking them to MEMORIZE the Affirmations. Then at each Group Meeting, have all stand, speak the Decrees forth together and visualize the LIGHT RAYS which release the Special Activities required for America, mankind and the earth.

This is what SERVICE TO THE LIGHT means. It is the service all mankind should be taught to give, for the Freedom of the individual as well as

the mass, because only when the individual consciously, intentionally and definitely gives of himself, by making the call to the "Mighty I AM Presence" for the Freedom of all mankind, can he possibly obtain his own Freedom.

All Study Groups of this Ascended Master Activity, are for the purpose of teaching individuals everywhere, how to call forth the greatest Freedom for all humanity in the *Wisest* and *Most Powerful Way* and to provide the opportunity, to practice making the call and pouring out the LOVE AND LIGHT that must expand through this service, if they are to gain their own Freedom.

No student or person on earth can have his own Freedom and the Victory of the Ascension, until he does this for it is the only way the Ascended Masters have attained Their Freedom and Mastery. All who will do this and give in the same way will automatically free themselves and gain their Ascension also.

· AFFIRMATION ·

To all disturbing conditions say: "You have no power! get out of my being and world forever! the "MIGHTY I AM PRESENCE" of Infinity is in full possession here, RIGHT NOW—and I know it—bringing Ascended Master Perfection into manifestation instantly and keeping It forever Self-sustained.

BLESSED Young People of America! come with us into the most thrilling adventure of all your lives and experience—NOW—the greatest feeling of Freedom and ecstacy, which will be yours in using the following activity:

"Mighty I AM Presence," Great Host of Ascended Masters, Mighty Legion of Light and Great Angelic Host! send Your Legions of Angels of the Blue Lightning to seize, bind and hold inactive ALL discordant, destructive and human feelings, qualities, forces, persons, places, conditions and things in my being and world and all I contact FOREVER—and keep them inactive, until they willingly, gladly and lovingly surrender all to the "LIGHT OF GOD THAT NEVER FAILS" AND SERVE THE "MIGHTY I AM PRESENCE" and the ASCENDED MASTERS IN ETERNAL LOVE, GRATITUDE AND HUMBLE OBEDIENCE.

Use this dynamically, at least three times a day or oftener, to stop all resistance and opposition in you and your world, that you may have the Full Freedom and Mastery, which the Ascended Masters are waiting to release to you all—NOW.

Use this not only in and for yourselves, but in and for your associates and instructors in all educational activities, to prevent them pouring at

you the misinformation that is being taught in nearly all educational channels to-day.

This will protect you from human suggestions, driven at you by those who do not know the TRUTH and who do not serve the LIGHT. They unfortunately have injected themselves into the educational fabric of our modern experience and are a menace to themselves and all mankind.

You can render no greater service to yourselves, and humanity than to use this with great determination, feeling and power and we shall do it for you, until you are eternally free in your Ascension.

SAINT GERMAIN: INVOCATION:

Thou Mighty Infinite Radiant One, whose "Mighty I AM Presence" we bow before! Thou Mighty Ruler of the Universe!—we bow before Thy All-conquering Power! We accept fully Thy radiating Presence: We call to Thee, that Thy Presence go before us everywhere, mastering all conditions we contact and making us a channel, through which Thy Mighty Power flows.

We bring Love, Greetings and Blessings to America.

· THE DISCOURSE ·

Kindness is always the conquering power, both with human beings and animals as well. Out of the fulness of patience and the application of the Presence of Divine Love in all affairs, comes the sure and certain reward. There is no activity, where the consciousness or attention is held on the "Mighty I AM Presence," wherein the element of Divine Love is not active; but this Natural Activity may be greatly intensified, by adding your consciousness of the Quality of Divine Love to it. This is a subtle point which very few, not Ascended, realize.

Some will say, how is it we mortals may inten-

sify the Activity of God? I answer:—God, the "Mighty I AM Presence," acts through the free will of the individual, according to his acceptance; and the individual, being a part of God, being the same in Quality, has the right and power to increase and intensify *anyone* of the Natural Activities of God, upon which the consciousness is focused. If the sincere student will meditate on this particular activity, he is certain to receive much benefit.

When the consciousness of the student is held unwaveringly on the highest center, which is humanly termed the pineal gland and pituitary body, he is recognizing and inviting the currents, the Rays of Light and Love, from the Electronic Body of his own "Mighty I AM Presence" and also the assistance of the Mighty Advanced Individualizations or Ascended Masters from that sphere of activity.

This may be a shock to some, but as I have intimated before, personalities pray to God, thinking they are being answered by God direct; but I assure you, there are those Messengers, Who are the Watchers over mankind, Who are the dispensers of the Radiant Currents and Who answer all worthy demands.

The Messengers from the "Sun behind the Sun," which is the Heart of the Christ Power as we know it to-day, are the Mighty Messengers, Who are pressing forward in conducting this Radiance to humanity, in this radiant cycle, which has now begun.

In your Department Stores and Schools, there are heads of departments and teachers. This very grossly symbolizes the Higher Activity; for in all activity, where the Light is coming forth, the less

advanced are *always* being taught by the Higher. Even the Ascended Host as you know them, have Those, far in advance of Themselves, Who are their Instructors. This goes on infinitely and is an important thing for the student to understand.

I assure you, that through the centuries, I have never changed in the mode of giving forth the fundamental principles. To do so would be to cross currents, which would bring disaster instead of the good that I, in My humble Way, have been able to do.

The most vital thing in human activity, is the necessity of positively refusing to sit in judgment on the activity of another human being. To condemn, criticise, or feel curiosity in the affairs of another, except to wish them God-speed and that all is well, is not permissible for the real student or the one, who sincerely wishes to reach the highest attainment.

Students and individuals should always remember, that there is naught to say them nay in whatever they wish to do, or persist in doing, for they have the right and free use of this Mighty Energy of God, which is the principle of Life animating them. They may use this energy as they choose, until their experience causes them to face about and turn to the Light of their own volition.

At this point or conclusion, they may receive Great Assistance from those Who are more advanced than themselves, which often-times strengthens and enables them to hold fast to the Light, that at this point they might not have been able of themselves to do. Thus, you can see how very important it is, for the student to understand and fully accept the Presence and help of God's Messengers of Light.

In order that the students may not misunderstand this, I wish here to assure you, that this has not the slightest thing to do with so-called spiritualism, as outwardly understood to-day. The Ascended Being, Who has attained to limitless Heights of understanding, through His own conscious Effort, is as far in advance of the average individual, who through his lack of understanding has cast off the physical body, as Light is in advance of darkness.

One of the great stumbling blocks in the way of many earnest students, is the inclination to go to mediums, instead of looking to the "Mighty I AM Presence," the all-wise God above, within and around themselves. Visiting mediums is not permissible to the sincere student, because it again means, that he is dividing his own allegiance, for the Mighty God within us—*the One and Only God, Commands:*—"There shall be no other Gods before me." Whatever your attention is upon is your God, for there your energy is flowing and your energy is your Life.

Saint Germain spoke to Donald direct and said: "Your Love is like a mantle of fragrance to me, and that from each one of you has a different odor. The embracing Presence to-day is very wonderful."

THE LOVE RAY:

Divine Love is the Mightiest Presence and Power in the Universe, and when one learns to pour It into every condition less than Itself, he will come to know that he is focusing the core of that Mighty Ray into Its invincible outer Activity. This Ray of which I speak is the one, which has its own natural quality of impenetrability.

TO MAKE YOURSELF ABSOLUTELY INVINCIBLE:

Whenever there comes the idea of disturbance of any kind, no matter what the cause, it is your province as a "Student of the Light," to take your unyielding stand: "There is only God acting in that person, place or condition." Thus, you are giving power where it truly belongs and so, you allow the *Full Inner Power of the Current of Divine Love to flow.* To constantly practice this, with joy and certain recognition of your Inner Power of the "Mighty I AM Presence," will make you absolutely invincible.

Students often say in their application of the Law: "Oh, it didn't work." I say to you that:— It is absolutely impossible for it not to work, unless in some manner you had given power to the outer appearance.

The unfortunate thing with students is sometimes, the failure to notice the small manifestations of that Great Presence. As we are ever moving from the smaller to the greater, how can we receive the greater, if we are not giving recognition to the smaller? I assure you all of God's activity moves forward, in a perfectly logical manner.

The more recognition we give to the small manifestations, the quicker will we receive the greater. For instance, in the outer world of education, if the child did not learn its letters and how to combine them, how would it ever in the world become able to form words?

There is a quality within the personal self, that sometimes causes it to want to pass over the smaller things as of no value, and to use a modern phrase, "grab off the greater." However, there

is not the slightest difference in the activity of the Mighty Law, whether it be great or small in its accomplishment, if the student is sufficiently aware of the "Mighty I AM Presence" acting.

The student, who needs or thinks he does, some manifestation of the Presence to give him faith in accomplishing the greater, will find great benefit in meditating upon this humble endeavor to make clear the way. The moment a demand for a thing comes, it shows that it is forth coming.

RAISING THE BODY:

We first raise the body in consciousness. When we become conscious, *that it is possible for us to raise the body*, and take the determined stand to do it, that moment the Law of our Being is set into motion, to produce the perfected accomplishment.

I assure you that the Mighty Law, when given a chance through your outer volition, loses no time in utilizing the opportunity, unless at some time you change about and cease to recognize this, as a certain accomplishment. If you maintain this determination, you will find at some future time, that the force set in motion in the beginning for that purpose, never ceased for one moment to work for that end.

If we do not utilize the knowledge that God has already given, how can we expect to have more. This Instruction and Information is not given just to hear oneself talk, *but is Ascended Master LAW and Information placed at the disposal of the student*, and if he will look to his Master self, the "Mighty I AM Presence," for direction, he will be caused to use the right application at the right time, for the right thing required.

I say this, that where a great deal of information and application are given within a certain time, there is much given, so the student may select that which he needs at a specific time, for a specific purpose. If I allowed you to look to Me, the Instruction would defeat its own purpose. Never in the history of the world, has there been a time when so much instruction and information has been given forth, for the *Incoming Cosmic Christ is now in command.* Never has there been such Application and Assistance given to students, for the Cosmic Outpouring is omnipresent, helping the student who will give his attention.

SURYA

Surya is a Place as well as an Individuality. It is the name of one of the Individualized Activities of the Great Central Sun. It is impossible not to receive, what comes from the "Mighty I AM Presence" as an idea, when you really know that it is God sending or giving the idea.

AFFIRM OFTEN:

It is impossible for anything to happen anywhere in my Life but God's Perfect Activity.

NOTE:

When you give power to astrology, you are putting dynamite in your own pathway.

BENEDICTION:

"Mighty I AM Presence" from the Great Central Sun! we give praise and thanks for Thy Mighty Outpouring this day, for Thy Eternal Victory of Divine Love, that in Its Glorious Majesty holds Dominion—NOW—throughout mankind and the earth. We glorify Thee forever, Thou "Mighty I AM Presence."

· SAINT GERMAIN'S AFTERNOON · · DISCOURSE ·

Given to the Shrine Class—July 5, 1936

BELOVED students, who have gathered at this Great Assembly, please feel my deep Love and Gratitude, to you who are here and who have come so far, according to the human sense of distance, for your earnest endeavor is greatly rewarded. Your Life

henceforth will operate in a New Octave of calm serenity, as a Power has been given into the activity of your higher mental body, which will make many things possible quickly.

It is one of the greatest times of rejoicing in my humble efforts for mankind, to find the great, very great response to this knowledge of Freedom, which has been brought forth to you. Every word is a mighty active Law of Life—of your Beings. It is a glad free Gift of Love for your use, and as you use It more and more, the vastness of It will rejoice your hearts. You will comprehend and realize, that It is without limit. The Glory of your Life is here, if you will apply it. The Freedom, the Joy, the Victory of every heart —that which every heart craves—is before you, so simple, yet so Powerful and Majestic in Its Activity.

Beloved ones, My great Love and Gratitude pour out to you, for this beautiful transcendent service rendered the Messengers. It means tremendous things for you. Know *definitely* within your feelings, that no longer is there one single thing in the outer world, which can longer prevent the PRESENCE of your supply of money, health, happiness and Perfection, that you wish made manifest now. No longer can the things of the outer world, if you will believe this, interfere with you.

A Great and Mighty Law of your Being has been set into action—personally active for you. The Great Host of Masters and the Great Legion of Light extend to you Their Love and Gratitude, for the tremendous manner in which you have been able to accept and realize within your FEELING, the fulness of what this Instruction

means to you. It has no limit. There is no thing It will not do for you, when applied without FEAR, DOUBT OR RESERVATION. The Law of your Being, the Law of Life is Eternal Expansion—ETERNAL FORWARD PROGRESS.

No longer for the Student of Light—for the students of the "I AM Presence"—is growth considered. Does that really mean something to you? If you will recall, what the Divine Director has said to you and command for your forward progress—almost with the speed of thought—you will know that only your feelings can prevent it.

I plead with you, do not let your human self limit you longer. It has no power of itself, and as the Messengers have requested this day, keep the atmosphere of your world clear from disembodied entities. It is one of the most vital points at this time. As you do this, you will find a freedom heretofore unknown.

The atmosphere of earth is charged—filled—with those who cannot leave the earth. You will not only free yourselves, but give a service beyond any words to express, in clearing your world of that which pulls you down. Only recently, has the Great Law enabled this to be given forth in this manner. Will you feel the full import of it and what it means to you?

In behalf of the Great Ascended Host of Masters and the Great Legion of Light, Who join Me in pouring out Their Eternal, Their Ever-lasting Blessing and Assistance to enfold you, I convey Their Blessing to you. Henceforth, They are amplifying, assisting and expanding that Wonderous Light of the Presence, anchored within your hearts. It but requires your joyous obedience to the Great Law of your Presence and the

maintaining of harmony, for you to have the Fulness of this Blessing and Out-pouring, to remain continually active in and for you.

This has been a great home-coming. My family is truly being drawn together, for in those great civilizations that have been, we have known each other many times. Let us accept the fulness of all Perfection achieved during those times, and call the Violet Consuming Flame into action to consume all that is undesirable. This enables the release from the Great Storehouse of Treasure to take place, and through the call to your Presence it will pour out every good thing you require.

Do you realize, my precious ones, that just as a chest of jewels is placed before you in the physical world—available and at your service—so is the Treasurehouse of your Presence unlocked, through This Understanding, for you to accept the Jewels of Light, Freedom, Perfection, Love, Harmony and all that you require for use? It is all ready—available—and just as tangible as a chest of jewels of inestimable value, were it here before you in physical form.

I again congratulate the Messengers and those who go forth to teach from the books—especially the I AM Discourses. Remember all who wish to do this, that you are serving your Presence and to the degree, that you follow *with accuracy the Instruction in the books*, will you find your reward everywhere you move. I wish to say to those here, who may carry this Teaching forward, if you will go forth and teach earnestly and sincerely, you will require no other authority than your "Mighty I AM Presence." The Messengers have asked *all*, to hold steadfast to the Instruction within these books. If they will do

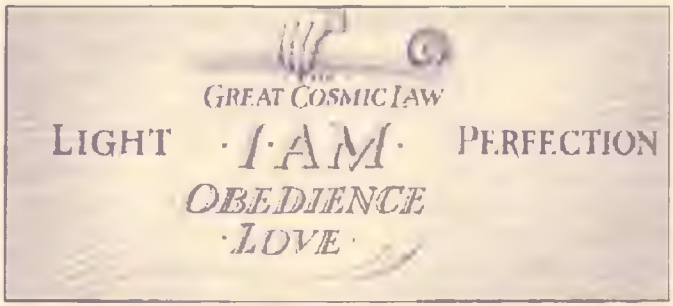
that, their success and Victory is assured. I say to you, as the Messengers have often told you, do not attempt to mix the intellectual knowledge you have had with This Simple Instruction. Take It, give It forth *as It is*, and your success is assured. Those who do not wish to do that, must wait, for in the SIMPLICITY of This Instruction is your Freedom.

My Love and that of the Great Ascended Host of Masters, the Great Legion of Light, and the Mighty Angelic Host, enfold you forever, Oh beloved ones, unto the Fulness of your Victory and Achievement. As you give your attention to them will, they come forth in a Mighty Radiance and serve you.

The Great Angelic Host, recently, because the Great Cosmic Law has made it possible for them to come into closer contact with the earth, now render a service in the dispensation of those Mighty Currents. The Angelic Host render a service to the earth, unknown heretofore. As you realize *this* and feel how tangible is the Blessing of the Ascended Host, you will know that It actually is a Self-luminous Substance which they pour forth. They make it available for your use, because It is the Glory and Light of your "Mighty I AM Presence"—ever expanding.

We decree your Eternal Freedom and Ascension, and shall STAND BY rendering whatever Assistance is permissible, until that victory is won. Will you join Us in the complete harmony of your feelings? Come! join us in our Great Octave of Freedom—forever free from all limitation—Master of all substance and all worlds.

In the deepest Love, We thank you and Bless you.



SAINT GERMAIN'S DISCOURSE GIVEN AT RATANA'S CLASS—PASADENA, CALIF.

June 21, 1936

BELOVED Students of the Light! how greatly I appreciate your loyalty and rallying to the Cause of the "Mighty I AM" and Its Majestic Activity. The Glory of that Light which beats your hearts is the Activity of your "Mighty I AM Presence." With harmony in your feelings, your sincere call for Its Activity to take command of your world—your mind and body—will release the fulness of that Intelligent Energy into action to give you the relief, the supply of whatever is required, to bring you happiness and comfort. It will cause you to feel your Glorious Victory in the acknowledgment of your "Mighty I AM Presence."

You cannot have the use of anything without acknowledging and accepting it, even in your outer world activity. Then, how much greater does that same Mighty Law act, in the acknowledgment of your Presence—the Only Giver—of anything good that ever came into manifestation in human experience.

Try to realize, as the Messenger just said to you, that the matter of undesirable activity and

the action of Perfection are simply a matter of your qualification of this Mighty Energy. It comes forth to serve you, wholly Pure and Perfect, to bring only Perfection and harmony into your world. If your feelings are discordant, then it must be qualified by the quality with which you clothe it, and then you must experience that in your world. Do you not see the imperative need of governing your feelings and holding them in perfect harmonious obedience to the Great Law of Life, your "Mighty I AM Presence"?

Do you realize, precious ones, that your "Mighty I AM Presence" which beats your hearts is your Christ-Self, ever standing ready to release Its magnificent, powerful energy to direct, to protect, to supply you with every good thing that your heart can possibly desire? It only asks one thing—your acknowledgment. Harmony in your feelings and your call to the Presence to RELEASE Its Mighty Energy and flood your mind, body and world, produces health, harmony and Perfection. Thus, the Presence fills your world with Its Glory, Its Mighty Healing Radiance, before which no human discord can ever stand. As you train yourselves to turn wholly to your "Mighty I AM Presence," I tell you beloved ones, there will not be a human being in the knowledge of the "I AM Presence," that will ever feel or experience inharmony or disease in his mind or body.

Through the great, great Assistance of the Cosmic Law, which is each day coming more and more into Its Power and Activity on the earth, there is given you assistance never before known in the histry of the earth. It makes possible the setting aside of time and space for individuals. It

makes possible the giving of this assistance and Power to the individual, calling the Mighty Violet Consuming Flame into action, to *free his world forever of every discordant thing.*

Think of it, beloved ones, not only in this embodiment, but all that has occurred throughout the ages, which has held you bound within its terrific force. Today, that is all being cut away, for you are surely and steadily being set free.

Once again, know and feel the Glory of that Mighty Current of Energy, consciously flowing in and through your mind and body, glorifying you with happiness never before known and—*impossible to be known*—except in your full consciousness of that Presence. So to-day, do I plead with you, oh beloved ones, let naught irritate or disturb your feelings, no matter what the provocation. Instantly, call your Presence into action, to silence all foolishness, and hold Its Dominion in your feelings—your FEELINGS—dear hearts. The Glory of the "Mighty I AM Presence" will continue to pour Its Mighty Energy forth, to perform Its Majestic Service for you, uncolored, unclouded by any human discord. Thus, you will see, how quickly your world will come into Divine Order and be blessed by Its Eternal Perfection.

I thank you, one and all for your loyalty to the "I AM," for your loyalty to America, the Jewel in the Heart of God, the "*Cup-Bearer of the LIGHT*" of the future—My Sweetheart, My Love. You, who have gone through the period of sweetheart and lovers, know the intensity of that Love. Then, can you imagine such Love ten thousand times amplified for My Sweetheart, America? Knowing, that It had to be the Bearer of the "Cup

of Light" for the future of the world, I in My humble Efforts have never stopped, until that day when I could find those strong enough to go forth and carry this Freedom—this Gift of the Light, the "Mighty I AM Presence."

As you love these Messengers, Oh dear hearts, can you imagine the feeling in my heart, that they have weathered the storm and gone forth to Victory, in the activity of carrying this Light to the people?

It is very wonderful, dear hearts, and many of you are and will be promoted to render transcendent service. Already in your Group Work, you ARE rendering transcendent service, more than you could possibly know, until you have seen with the All-seeing-eye, or until you have reached the Ascended state.

I urge you, beloved ones, never cease to call the Great Law into action for your Ascension. I tell you, there is no human being in embodiment today, who has any conception of how close he might be to that Freedom which his call for the Ascension is. The Ascended Masters know those, who are so near. Beloved ones, who of you knows, but that you may be one or more of those so near. Therefore, I urge you on and on and on, until the fulness of that Victory be attained. Oh, do you realize how insignificant are your human problems, although they seem so terrifying? Do you realize the magnificence of that Freedom, which you are calling into action, wherein all human problems must dissolve and disappear? *That Great Law* when called into action, dissolves *everything* unlike Itself.

My Love enfolds you always, unto the fulness of your Perfection.

· SAINT GERMAIN'S DISCOURSE TO THE · · MESSENGERS AND STUDENTS AT THE · · SHRINE CLASS—July 3, 1936 ·

EFORE the Ascended Host and those assembled here, I confer upon these Messengers a greater Joy, a greater Happiness, a greater Power of expression and expansion of the Light within. I confer upon them greater Power, to go forth spreading the Light. I charge the world and the atmosphere of each one, with a Power of attracting those students of the Light, who are seeking the Light—those who come in harmony and perfect accord for the Light—that this work may continue to expand, until all mankind has received This Knowledge of the "Mighty I AM Presence." I convey this Power also to those Messengers, who are absent, through the "Tube of Light."

THE WORLD IS READY, MANKIND IS READY FOR THE DISSOLVING OF HUMAN CREATION AND FOR THE EXPANSION OF THE LIGHT WITHIN EVERY HEART: until it recognizes, until it accepts, until it sees EVEN WITH THE OUTER SIGHT Its own God Presence, and so shall all humanity come to know Its own "Mighty I AM Presence," as the Messengers do: until that time, when We, Who have attained the Ascension, walk and talk with you as you do with each other. Such will be! make no mistake about it!

You my beloved ones, whom I consider My family, will you join Me in standing for this "Light of your Presence" with such earnestness and intensity, that the very Radiance of your Presence dissolves all seeming opposition? This is

·I·A
M·

your Great Privilege and you ARE ready.

I wish to use this opportunity to thank you, beloved ones of Los Angeles, for your loyalty, for your earnestness, for your determination to stand for your Freedom and the Light. You, in the knowledge of the Presence which beats your hearts, are dauntless before all human creation. You are Masters of your worlds in the acknowledgment of your Presence, but call It into action. Now that you have realized FULLY the NEED of harmonizing your FEELINGS, in order to allow the Presence to flow through, in order to perform any given service, sincerely do I congratulate you. Remember, you are responsible for your worlds. You have the Light before you, *use It, use It, use It* for your Victory and Freedom.

Can you imagine how great My Love is for you, who have been ready and willing to accept the Instruction which I have brought forth to you? ONE DAY YOU WILL KNOW THAT I AM NO MYTH. ONE DAY I WILL STAND BEFORE YOU IN THE TANGIBLE, VISIBLE FORM AND THEN YOU SHALL SEE WHETHER I AM REAL OR NOT. Can you imagine My Joy at having found those, and this good brother, before whom I can flash at any time that which I wish to convey, so your Ascension is assured? Does that sound ridiculous to you? Let me tell you It is no dream. It is a Mighty Reality and My Good Brother, Jesus has seen fit to join Me in this Great Activity at the present time for mankind. He left the example so long ago. Yet mankind turned away, because that knowledge was clothed with a falsehood, which made Jesus too Transcendent for anyone to reach or make effort to accomplish

the Victory He said they should. It was unfortunate indeed, but to-day the Great Cosmic Law has made it possible, to again bring this knowledge forth IN SUCH A PRACTICAL MANNER, that not an earnest soul on the face of the earth can find an exception to it, if the individual really seeks the Light. That is why, I want you to realize My gratitude to these Messengers and to you as Students of the Light, for the GLORY, THE COURAGE AND STRENGTH WHICH YOU HAVE DRAWN FORTH FROM YOUR "MIGHTY I AM PRESENCE," TO GO FORTH VICTORIOUS UNTO YOUR ASCENSION AND NOTHING IN THE UNIVERSE CAN STOP YOU.

Remember These Words and if you will accept them, They are Our Decree to give you that TREMENDOUS ASSISTANCE. My beloved ones, may the Fulness of the Light of your "Mighty I AM Presence," your Mighty Directing Intelligence, carry you forward DAUNTLESS before the face of mankind—FEARLESS in the acknowledgment of your "Mighty I AM Presence"—and ALL POWERFUL in your expression of carrying forth the Light. May your hearts ever be HUMBLE before those Great Majestic Ones! DAUNTLESS and FEARLESS before mankind and human creation. · REMEMBER in the knowledge of your Presence, you have but to say to all appearance and human creation: "You have no power" and it shall DISAPPEAR.

I congratulate you on your achievement attained thus far, and may it expand with great speed, unto the fulness of Its Eternal Blessing to mankind.

· SAINT GERMAIN'S EVENING ·
· DISCOURSE ·

Given to the Shrine Class—July 5, 1936

BELOVED ones, having sought so long and earnestly, and now having come to know your "Mighty I AM Presence," you have arrived home after long, long centuries of struggle, privation and limitations. To-day you are being surely set free, and the Love that has ascended from this class is the fragrance of roses to Us. We amplify, charge and return that to earth to bless you eternally, and to spread Its Radiance everywhere throughout mankind; that more, more and more individuals may feel the touch, the expansion of Its Light and be drawn as a mighty magnet into Its Radiance to become the Light.

You, to-day, have not yet fully become aware of the Freedom in whose door-way you stand. So to-night step through that door-way and begin to experience with vividness, all We have been endeavoring to convey, to you. My Joy and Gratitude are boundless to you for your loyalty, your sincerity, your earnestness and determination to have the Light; to have the Freedom which the knowledge of your "Mighty Presence" brings to you. It is a Mighty Law, a practical Law, an Invincible Law, by which you may free yourselves and your world from all the discordant creations that you have drawn about you throughout the centuries. Thus you stand free, in the Mighty Glory of the Presence which beats your heart.

To-day, We, the Ascended Host of Masters, rejoice exceedingly with you, for the expansion—the tremendous expansion of the Light—visible

to Us. It is within and about you. Your old saying, "Earnest effort is never lost," is a Mighty Truth, and the great sincerity, which has filled your hearts, is finding its reward in freedom, in happiness, in the consciousness that no longer, because you have made mistakes, are you subject to remain in them.

To-day, the Glory of that Light is filling the earth, assisted by the Great Cosmic Law. It has already—by innumerable manifestations—been observed in the sky. You, who are the "I AM" students, be not deceived! These manifestations in the sky are *Real,* not just an ordinary atmospheric condition, and as you accept the REALITY of these unusual manifestations, so will you find more and more of them appearing to the earth.

It is no idle dream, that mankind is entering into its Freedom. It is a mighty REALITY, the Mighty Law of your Being, the Law of Life; for as your attention goes to the Source of all Perfection—That, which your attention is on, you become. Remember this simple Majestic Law, and as the Messengers have plead with you, allow nothing in the outer world to hold your attention away from your "Mighty I AM Presence." Heed Our earnest Appeal, that you may have the fulness of your Glory NOW.

Remember, you do not have to wait! the "Mighty I AM Presence" acts instantly—according to the degree, that you remove your human creation from Its pathway. Silence your human consciousness! and then call the "Mighty Presence" into action. There is no reason, why you will not soon begin to have instantaneous manifestations; for they have occurred innumerable

times, in the classes throughout the country. Try to feel that. Do not limit yourselves, Oh beloved! Do not let your human limit you, the power nor the speed, with which your Presence may answer your call. If you do, you alone are to blame, but it CAN ACT INSTANTLY. Keep on accepting It, until you have the manifestation of Instantaneous Action at your call. How do you have courage? How do you have strength in the acknowledgment of your Presence? Do not let your human say to you: "I cannot do this or that." The Presence is the Operator—you make the call to compel the human to be silent, KNOW the Presence is ALL-POWERFUL to act at your call, and you will have it.

I do rejoice so greatly with you, in the power and the release, through which so many hundreds and thousands throughout America are bringing that Great Law into action. They are producing results, which a few months ago they could not have dreamed were possible. Yet they are ACTING daily, hourly in the classes and with individuals.

To-night, I extend to you the Love and the Blessings of the entire Host of Ascended Masters, the Legion of Light and the Mighty Angelic Host, the Gods of the Mountains, the Great Cosmic Beings, and remember the Mighty Divine Director; for He said to the students in India in the "Cave of Light": "Now you have become a part of My Love." Think what it means to you! to have the Attention, the Assistance of these Great Ones, Who have attained their Ascension through Self-conscious application and knowledge of their "Mighty I AM Presence." Their exact Application you have before you to-day. They stand as

a Mighty Vanguard for humanity, assisting, helping EVERYWHERE IT IS POSSIBLE to bring Freedom, from human selfishness upon the earth.

Remember your great and mighty privilege in calling the "Mighty I AM Presence" into action, in the mental and feeling world of mankind; to free them *forever* from all discord which has been drawn forth into the atmosphere of the earth. Can you, will you believe Me, when I tell you, that tremendous purification has already taken place even in one year? Oh, if there were only words in our vocabulary to convey to you, how great has been the service rendered by the earnest students of the "I AM," everywhere throughout America! Oh, that you might realize this! Some of you, who feel so humble, wonder how you could make a call, which would release such Gigantic Power into action. No matter how frail your human form, no matter how humble you feel—in the earnest call to the "Mighty I AM Presence," the Governor of the Universe—you release tremendous Power into action, to do Its Perfect work among mankind.

Realize, Oh beloved ones, the end of the centuries is at hand, the Glorification of the earth and mankind is at hand. You are so privileged to be one of the Vanguards in the calling forth of this Mighty Freedom. Think, what your privilege is to-day, Oh beloved Children of the Light! A privilege, can you believe me when I tell you, not known for many hundreds of centuries? Then, may it give you courage and strength to straighten your spines and say: "Mighty I AM Presence, no longer are there two of us, there is just You —Your Mighty Power in action, charging the atmosphere of earth with the Glory of your Pres-

ence; and *silencing forever* every, human, discordant thought and feeling—allowing the Glory of Your Mighty Presence to pour forth without limit, to bless the world and all mankind."

Truly you are, in the knowledge of your Presence, Children of the Light with an Invincible Power beating your hearts. May I remind you again, that when you call your "Mighty I AM Presence" into action, It knows no reservation or interference, It moves into action and performs the service. Every human, discordant or seeming opposition, dissolves and disappears before the Onrush of this Mighty Energy from the Presence; pouring into your world at your call to perform any given service. Naught in the Universe can say nay to this Mighty Presence. Try to feel that dominant feeling forever sustained within you. Your Presence could not fail—ever! Your *call* could not fail! and if it seems to do so, ask your Presence to take out of you—INSTANTLY—whatever seems to be the opposition, to the Allpowerful Outflowing of Its Energy to perform Its Perfect Work, in, through and for you. There is nothing in the outer world that the Presence cannot do. Your homes can be changed with the Presence and Power of such Divine Love, that It will silence every discord and set your world, your homes into loving Divine Order. Never be dismayed, if your application does not yet seem to fulfill your requirement. Go serenely, earnestly on. Then all of a sudden, you will see the seeming wall go down, and before you will stand the achievement you require.

Oh the Glory of this Mighty Light filling your minds, homes, bodies and world with Its Mighty Perfection, with Its Mighty Commanding Pres-

ence; until no longer can a single human doubt or fear ever beset you. Know that you, the Light within you—God, the "Mighty I AM Presence" —is your *Certain Victory* in every achievement. Every desire that is constructive in you and your feeling is God, the "Mighty I AM Presence" in action, and It could not fail.

We meet the various beloved ones, who see and feel that one desire after another has been fulfilled. In the understanding of their Presence, their desires will be more and more rapidly fulfilled. The knowledge of the Presence should fill every human heart with the Glory of Its Light and Achievement. Know it is *dauntless* before any human appearance! Be unafraid! and with a great calm serenity, call Its Mighty Presence into action to fill your world with Its Eternal Perfection.

Oh beloved ones, the Blessings of the Mighty Ascended Host, the Mighty Legion of Light and the Mighty Angelic Host, the Gods of the Mountains, and the Great Cosmic Beings, hold you so close in Their Mighty Embrace of Light, that *never again* will you lack for the courage, the strength and the joy, which is the release of the Mighty Energy flowing in and perfecting everything for you. We call the Fulness of these Blessings to enfold you. It is a Mighty Self-luminous Substance, which gives you courage and strength beyond your fondest imagination. Remember my words to-night—*this shall be permanently sustained within you*—a Mighty Power, acting more and more rapidly for you, filling your world with Itself.

Can you realize, can you FEEL the Joy of Those, Who have attained Their Freedom; when They see so many thousands rapidly approaching the time, when they too can step forth free from all human creation and limitation? Dear hearts, *may these words I speak to you to-night be a Living Light, active within you, within your feelings and consciousness forever,* charging you with the strength, the courage, the joy, the happiness which now brings to you, in action, the Glory of your Freedom FOREVER.

I rejoice with you in your strength, your loyalty, your tireless service to the Light, and for your Freedom. I pour forth My Deepest Gratitude to you all, for the *miraculous service* which you have rendered in this class. May the joy with which you have rendered it be a Living, Eternal Light always blazing forth before you—cleansing and purifying everything. As you go forward, *not a single obstruction is in your way.* This is My Decree for you.

My Love without limit enfolds you and My Joy is beyond expression, for after two hundred years My humble Efforts are finding Great Fruition. *Remember Saint Germain is no myth. One day when I shall stand before you in the tangible body, will you know* I AM REAL. *I thank you.*

MR. BALLARD'S REMARKS DURING THE AFTEROOON SHRINE CLASS
July 5, 1936

DURING this nine day class, each day, a certain Quality has been stamped, as it were, within your consciousness and active use, but what do you suppose is happening to-day? Those Qualities are lifted into the use of the higher mental body, to become AUTHORITATIVE and ACTIVE in your world and activity. To me, this is one of the most Magnificent things yet done for the students. Think of it! to have these Qualities of the Ascended Masters STAMPED within your CONSCIOUSNESS and FEELING! and then to be LIFTED as a culminating activity of the class, into the use of the higher mental body.

This means that the higher mental body, which is the Constructive Activity of your world, takes on the Quality of the Ascended Master Activity to give you the assistance DIRECT. Never, in the history of the earth before, have I known of such a thing being done; but it again goes to prove the Transcendent Things that are being made possible to-day, which have heretofore, never been done.

You certainly will see a Glory manifested in your lives and activities, dear hearts, that will give you Eternal Joy. It is MARVELOUS BEYOND DESCRIPTION and I do want to thank you. Oh beloved ones, I thank every one—who has given assistance in this class. Only the Ascended Ones know how great Our Gratitude, Thanks and Blessings are to you.

So, dear hearts, let every one now take OUR FIRM DETERMINED STAND in the acceptance of each one's Presence; for this which has been brought forth. We are qualifying it eternally sustained and active for you. Do not let anything else come in. Stand guard that the Fulness of this Power, which is now established for you, may act. Do not do anything that can interfere with It, and when we see you again, you will see transformation after transformation.

It is a never-ending joy to see the transformations which have already taken place within you. The Happiness, the Light, the Joy that is expressed through your faces is wonderful—very wonderful. So to-day, during the remainder of the service this afternoon and to-night, with all the calm Serenity and Joy of your "Mighty I AM Presence," ACCEPT and QUALIFY It eternally sustained and active within you and your worlds.

There is no intelligence, no power, nothing in the outer world that can possibly touch the Ability, the Authority and the Power of your "Mighty I AM Presence."

"I AM" STUDY GROUPS

BELOVED ones, as your Study Groups increase in numbers, be careful not to allow new students, who have not as yet learned the Affirmations, to enter the old Study Groups who are doing work for the protection of America and the charging of the energy in the Gas Belts.

The new students should be kept together, until they have had the Instruction long enough to have learned the Affirmations and until they have practiced the visualizing of the Light Rays. They should become accustomed to doing these things with the deep feeling of Love and happiness, which is necessary to release the Power required for this work.

After the new students have become thoroughly accustomed to these activities and realized the need of pouring out Divine Love into every condition, person, place and thing, then they can join the larger, original groups. In this way the Power of the Light expands and the service the student can give becomes greater. Then their own Freedom comes more into their every outer activity.

It is imperative that beginner's Groups be formed as soon as the older students are able to enter the original large groups. For service of this kind, Saint Germain and the other Ascended Masters are deeply grateful and it is the service all mankind needs to give, for the illumination and Freedom of all humanity and the earth.

COURAGEOUS young people, who have taken up the I AM work, we are depending upon you to help free your associates in educational business and social channels wherever you move in the outer world.

Every young person on the earth to-day needs all the help, the "Mighty I AM Presence," the Ascended Masters, you and we can give to help them hold firmly to ideals that will bring them protection, happiness and freedom now and in later life.

The younger people of the world need to have this Truth and Instruction from the standpoint of Eternal, Invariable Law and not from the outlook or viewpoint of scientific theory which changes almost as often as the fashions—or belief, faith, philosophy or psychology.

Until the "Mighty I AM Presence" is understood by all mankind, as an Immutable Law which is the principle of Life and Its conscious application, there can be no possible permanent solving of humanity's problems or the freeing of mankind from Its chains and limitations.

If you young people of America can realize, that the only door into the Ascended Master Octave of Life is through Their Instruction and application of the "Mighty I AM Presence," you will know that nothing in human experience is of

any value to any human being, but the conscious effort he makes to gain his Ascension.

Then you will be able to give the greatest assistance possible to your associates, your Instructors, your parents and yourselves and in giving that assistance you will be releasing yourselves and giving mankind God's greatest blessing forever.

THOU UNFED FLAME

H UNFED FLAME! of Life the Heart
Quivering, coursing through every part,
Flow on, expand, blaze from the Sun,
Thou Pure, All-radiant Shining One,
Thy Victory of Love's Great Day,
Illumine earth! show men Thy Way!

Oh Unfed Flame! Oh Source of all,
Great God Supreme to Whom we call,
In chariots of Thy Living Fire
Thy Legions come, man to inspire.
Take up our call, like clarion bell,
Thy Truth to every ear now tell.

Oh Unfed Flame! Whose Altar bright
Burns with Thy Pure Quenchless Light,
Pour forth to earth Thy Great Love-Ray
And in Thy Mercy, let It stay
To bless each one—man, earth and sea
Clothed with Thyself—at last all free.

Oh Unfed Flame! Life's Temple true,
We draw our every breath from You,
And so do Suns and Stars in space
All gaze on Thee now, face to face.
So too do we by Thy Great Might
Call forth Thy Flame, reach Thy Great Height.

Oh Unfed Flame! to Thee all yield
And Thy Great Quenchless Light doth shield
Thy children all, who journey far,
For dwell Thou dost in every star.
Thy Light in all is Love's own Grace
And Love can enter every place.

Oh Unfed Flame! God of the sky!
Thou Quenchless Light, All-seeing-eye,
All-pulsing Life, Great Cosmic Fire
Circling raising ever higher.
Into Thy Heart at will, we come,
God's Own Eternal Temple-Home.

Oh Unfed Flame! all Source of Love
Through Angel Host around, above:
Drench earth with Thy Pure Quenchless Light,
Raise all upon Their Pinions bright,
Thou Great Eternal Unfed Flame—
At last! Thy Holy Self, I AM.

Chanera.

I thank you for reminding me
To see my Presence face to face,
To be Its Glory and Its Grace,
To feel Its Love and Presence bright,

SAINT GERMAIN'S DISCOURSE
on the
HAWAIIAN ISLANDS

Royal Hawaiian Hotel, Honolulu, T.H.—
August 2, 1936

THE MESSENGERS' great desire to have me give something authentic, as to the cause of these Islands and their present condition, causes me to make this humble effort while the Messengers are in the environment.

Before the sinking of the Continent of Mu, there was one long mountain range traversing the greater part of the continent from northwest to southeast. There was an intersecting range coming at right angles, forming almost a T. These were the two highest ranges on the continent.

Two hundred thousand years ago at the great cataclysm, these mountain ranges were raised to their greatest height. The range going nearly east and west was on a powerful double gas-belt. This was largely responsible for the sinking of Mu.

After it sank, most of the higher peaks of both mountain ranges remained above the surface of the water ten to fifteen thousand feet, for they were ranges having many peaks eighteen to twenty thousand feet in height.

It was during the cataclysm of more than twelve thousand years ago that the great interior locked up gas was released with such terrific force, that it blew off the entire tops of the mountains which later formed these islands as they are at present.

Until two thousand years ago, all of these islands were active volcanoes; but after the Great Cosmic Power of Divine Love, released during the ministry and at the Ascension of Jesus, became active, most of them subsided and became dormant.

We brought the Messengers here at this time, and are endeavoring to release a sufficient Power of Divine Love, in order to change the course and currents of these gas-belts; so that, as the Continent of Mu again rises from its long sleep, these volcanoes will become forever inactive.

This would do so much to change the current of cataclysmic activity in other parts of the world. It might yet be necessary for the Messengers to go to the Island of Suva, to draw the Pillar of Light there to complete the rendering of this Service.

We are so grateful for the earnest tremendous service being given by the students of the "Mighty I AM Presence" throughout America. How great, how mighty, will the Beloved Students of the I AM one day find, is the Service being rendered by the Messengers. How tremendously REAL and TANGIBLE are these MIGHTY PILLARS OF

LIGHT AND CURRENTS OF ENERGY, which are being drawn to render this Service for mankind and the earth.

As this work expands and the tremendous intensification of the Outpouring from the Ascended Masters, the Legion of Light, the Mighty Angels—Dispensers of those Great, those Mighty Currents of Energy—goes forth, will the Beloved Students of the I AM begin to see the greater and greater manifestation of that Mighty Presence in all activities of mankind.

It may not be noticeable to speak of as yet, but I tell you a mighty change is coming in the hearts and feelings of great masses of mankind. To many, that Great Inner Feeling is unexplainable, but to the I AM Students, it is becoming more vividly clear each day.

Will you Beloved Ones rejoice with me and the Great Host of Ascended Masters in the mighty call of the I AM Students, which is making possible this Service to be rendered mankind? May I state again with greater firmness, the *imperative need* of the conscious calling of the "Mighty I AM Presence" into action, for it gives the Ascended Host, the Great Legion of Light, and the Mighty Angels the right—the authority—to render this Service; because whatever call is made to the "Mighty I AM Presence" MUST BE ANSWERED with imperative authority.

The great difference between the old idea of prayer (which is beautiful), and this mighty conscious call to the "Mighty I AM Presence"—God individualized—is this. The call to the "Mighty I AM Presence" is intensified a thousand fold or more by the power of qualification, through

nearly two hundred thousand students who are earnestly making this call to-day.

Words cannot describe the difference in the power acting in this conscious call to the Presence, knowing It has the Power of the Universe at Its Command, and that which acts through our former idea of prayer, thinking of God principally as an Omnipresence.

This conscious application of the "Mighty I AM Presence" makes every call a sure, certain answer, while in most prayer, it is a hoped for activity. I use this comparison to endeavor to more vividly show the students the imperative need of their sincere call to the Presence and the issuing of their Mighty Decrees.

May each one feel this Great, this *Mighty Reality*, as they read these words. Even as I am dictating these words, this Mighty Radiation goes out touching the consciousness of the students everywhere in America—quickening their feeling of joy and their great privilege to assist in this Great Work.

They have before them greater and greater evidence of the Glory which their call to the Presence brings forth into action. The earth's atmosphere is being rapidly cleared of the discarnate entities, who never could have freed themselves without the conscious assistance of the students and the "Mighty I AM Presence."

Surely, daily, hourly, more and more of the Students of the "Mighty I AM Presence" are feeling their great, humble privilege to serve mankind; for in this Service to mankind the individual finds himself free. May each one feel with *great intensity* this Freedom with the speed of thought.

Is it not wonderful, Oh Beloved Students, to have come to a point in your advancement or in the expansion of your own Light, when you *positively know* there is no resistance, obstruction or interference any longer in your world, because your "Mighty I AM Presence" is the ONLY ONE IN ACTION THERE?

FEEL THIS! OH SO DEEPLY, AND BE FREE! IN THIS FREEDOM TO ALL.

SAINT GERMAIN.

· SAINT GERMAIN'S AFTERNOON · · DISCOURSE ·

San Francisco, Calif.—August 30, 1936

PRECIOUS children of the Light, you have gathered here in the Radiance of these Great Ones, Who are so earnestly ministering to mankind, having drawn you beloved students, together, to become Blazing Suns of Light to pour forth Their Mighty Radiance of the "I AM Presence" everywhere you go; that others too may come to know of this Great Presence beating each human heart.

The time has arrived when all mankind must know this Presence. There is no other way of freedom. There is no other sustaining power. The Glory of the Light of the world beats your hearts. The FULNESS of LIFE beats your hearts.

The Eternal Unfed Flame is now released into the activity of the Earth, for the first time since the civilization referred to in the buried City of the Amazon. This should prove to mankind, if individuals think deeply upon Life, that a time of great advancement is again at hand, when all human discord—all human creation which has bound disembodied entities to the earth, has found its release. This is the Greatest Service ever rendered mankind, and as you go forward in your sincere efforts for Freedom and Victory, so shall you find greater ease, greater happiness, and greater speed in your earnest sincere effort for attainment.

To-day, We bring you Eternal Joy in knowing that within you and your consciousness during this class, there have been anchored certain qualities of the Ascended Masters, which will enable you to attain victories otherwise impossible. You, through your Love, may extend that Blessing to all other "I AM Students" throughout America and the world—an Unusual Service, I assure you.

You, my precious ones, have now arrived at a point where your service begins to take on a powerful activity, not with anxiety, but FEEL YOUR RESPONSIBILITY as you are entering into it. Guard your feeling and speech, for in that is the great open door-way to your Victory. If you will govern your feeling harmoniously and maintain it, let no unkind word pass your lips, then quickly shall you enter into that Mighty Freedom provided

at your door NOW. These are not idle words I am speaking to you, but words of Light and Truth. If you grasp this Explanation, apply it, feel the Truth of which I speak to you, then the greater part of your Victory is won.

As this great, this Mighty Love has come forth from you precious ones in the class during these ten days, so has It become a Mighty Fragrance as of a most delicate flower, which has made those Great Ones who have been ministering rejoice tremendously. That Radiance, that Fragrance has been used, amplified and will be returned to act in your world almost without limit. Notice I say —"Almost without limit."

Feel and see how great is your privilege, your ability through your "I AM," to render a service eternally. Do not feel overwhelmed when I say, see your responsibility. Feel in your requirements a very great joy, because your "I AM Presence" will do the work. Your simple activity is to harmonize your feelings and make the request—sometimes a dynamic call to the Presence, for a given purpose and it shall be fulfilled.

I want this class to spread the word everywhere you go, that henceforth, the governing of inharmony within your bodies will become tremendously easier. Rejoice! to think the time has come, when you can by calling your Presence into action, govern much more quickly, much more powerfully and with much greater ease, all human sense of qualification which registers as pain and disease in the body. I rejoice with you tremendously, that this time has arrived.

I want you, who have been under this radiation to feel—you will notice it is the first time this has been given—that in any emergency, after having

called your "Mighty I AM Presence" into action to produce the results, you may call upon ANY or ALL OF THE ASCENDED MASTERS TO GIVE ASSISTANCE. Is it not worth spending ten days to receive that?

The exaltation of the activity of your Inner Light during these ten days is beyond your fondest expectation, I assure you. Will you not accept Its Fulness, Its Active Presence and Power henceforth in your Life, your body, your world of activity? If you will but do so, things will come into divine order with a speed that will surprise you.

To-day, We of the Ascended State, offer this Service to the earnest students of the Light, and having gone through possibly a greater struggle than you in our attainment, We know your every requirement. NOW, the Great Cosmic Law and the Law of your Being is allowing greater and greater Assistance to be given. See, how fortunate you blessed ones are! How fortunate you are, to be living at a time, when you do not need to make the fight and struggle which We made in the Middle Ages. I consider it a time of supreme rejoicing for all mankind.

In spite of the almost terrifying outer experiences, yet having been in Europe yesterday, I assure you, that things are not as bad as they seem. Through the service rendered, of which you have been informed, the fangs of the serpent have been withdrawn. There has been withdrawn from the feeling of mankind, the quality and suggestion which can be intensified through anger, hatred or any discordant activity, which in the past has made it possible for the sinister force of the black magicians to reach mankind by the thousands. To-day, rejoice with Me in the service it has been

possible to render mankind, in step by step making everything easier, everything better for individuals to win their victories now.

Believe it, when I tell you, that it IS POSSIBLE for hundreds of the I AM Students in America to make their Ascension in this embodiment. Do not limit yourselves, I plead with you. Your Presence is ALL-POWERFUL and, If you give It FULL POWER of ACTION through your FEELING, is there anything It could not do for you? Look upon your charts, dear hearts, every night before you sleep and feel the fulness of Its power filling your Being to the full Victory and achievement of your Ascension.

I bless the students and beloved ones who received the idea that you decree in Great Groups, for great numbers to make the Ascension at once. Why not? Oh, do you not see, the Presence that beats your heart is never limited? If you conceive an idea and stand a hundred percent—a thousand percent with it—then you give the Presence full Power to perform that service for you. It is ALWAYS ready to do it.

These simple Words I am speaking to you do carry Tremendous Power into your consciousness and conscious activity. Will you not accept this Powerful Activity to give you every assistance—so much more than you can yet comprehend, that It may act unto the fulness of your Perfection?

How great is My Love for you Blessed Ones in this class, who have poured forth so great a Love to our Beloved Messengers, and really to each other. I see in your hearts that firm determination to pour Love to each other with a Power heretofore unknown. Oh, It is not only beautiful, but Powerful in Its activity for your Freedom.

I wish to thank the Beloved Staff for their blessed service in this class, all those who have assisted them, and the Blessed Ones who have supplied the music. I hold them all in My Wondrous Embrace of Light. These Blessed Ones who have come with the Messengers and poured forth so great a Love to you, they too I hold within My Embrace. This Blessed One here—your little dynamite—I have always held her in My Embrace of Light, many times in My Tangible Form—in My Tangible Embrace of Light. I want you all to know of her tremendous application, her powerful stand for the Light. I want her to know it and to publicly express it, that another one has been found for whom time and space has been set aside. Her service has been tremendous and I want you all to rejoice with Me in that Great Victory. It is a peculiar Law of Life, but it may not be interfered with, that we may not speak of, oftentimes even refer to a thing, until its accomplishment.

To-day I would like to say something else. You might think me a whimsical old Chap, or you might think I am endeavoring to prophesy, but there are a goodly number, if they keep up their present wonderful work, who will find time and space set aside for them before the end of another year. Will you also keep decreeing, which is very wonderful, that time and space be set aside for all for whom it is possible?

Do you notice how sort of chummy we are to-day? It is wonderful! just like a great family whose loving harmony fills the Radiance in the room with its wonderful fragrance. So to-day in all the Love of my heart, I leave with you my Love

eternally sustained. May it be so rare a Fragrance enfolding you, that you may consciously inhale It always. In time of need, will you consciously be aware of that Fragrance enfolding you for your assistance?

Oh Beloved Ones, call with all your hearts in great earnestness, with all your minds, with all your Beings to your "Mighty I AM Presence," to take command of each mind and body! produce Its Perfection through it! harmonize it and hold Its Dominion there, that you may hold yourselves so harmonized, that not a SINGLE MOMENT will be lost in the onward march of that great expansion of your Light, unto the Fulness of your Perfection and Ascension.

The Government—the new government—will require your service ere long. Ascend! and be ready to return and render that service. Ere long, you will have an Adoration that will rejoice you tremendously. Until then FEEL it coming.

You know it is not possible to preach to you. It is just talking to you from the heart and it is so wonderful. In the Fulness of your "Mighty I AM Presence," in the Fulness of the Power of the Ascended Masters, the Legion of Light and the Mighty Angelic Host, we now call forth the full release of that power into your service, to enable you to remain harmonious; to enable you to feel the greater Reality, Fulness and Activity of your Presence and to give you such a strength, conscious ability and power to qualify that you will not let a single feeling, thought or word go forth that you do not qualify with the Perfection of your Presence, now and instantly manifest, both for yourself and others.

So to-day, we leave with you that Blessing in the Fulness of Its Active Presence and I hold each one of you in My Mighty Embrace of Light for the joy, the Love, the conscious acceptance which you have brought into action in this class. May it ever grow greater and may every class in the future grow greater in the fulness, acceptance and conscious ability to apply these Great Laws quickly to your Freedom.

Remember, the Messengers have told you the two applications. If the gentler application is not producing results, then get dynamic — always with the most kindly feeling, but the MOST POSITIVE, and your results cannot fail to appear.

With all My Love, I bless you Precious Ones unto your full Ascension.

SAINT GERMAIN.

· AFTERNOON INVOCATION ·

San Francisco, Calif.—August 28, 1936
Given by Mr. G. W. Ballard

(The word HUMAN throughout all these writings, is used to mean discordant.)

BUT of the Fulness and Pure Light from Thy Great Heart, O "Mighty I AM Presence," out of the Great Eternal Flame, sent forth from the Great Central Sun, we call Thy Full Power into action to-day, to

sweep through the mental and feeling world of mankind! sweep out all irritation, all destructive thought and feeling from the face of the earth forever! We call that Mighty Activity to be sustained by Thee, Oh "Mighty I AM Presence" and Thy Great Unfed Light.

Great Unfed Light! for the first time in 400,000 years, we call Thy Active Presence to act among mankind and the world to-day. Sweep Thy Mighty Activity through the mental and feeling world to clear, purify and silence forever EVERY human destructive thought and feeling. No longer shall the Light brook any interference from that which breathes of war in America. So shall mind and body, if necessary, be shattered to stop all communistic elements and their activities.

This day shall there sweep forth through the mental and feeling world of mankind, the MIGHTY ACTIVITY OF THE UNFED FLAME, to silence every communistic activity, every person, place, condition and thing of that kind throughout America and the world! This Decree shall go forth. It need not be repeated, for Its Almighty Power shall act forever. No longer shall such vicious degrading things act in the mental and feeling world of mankind. The Cosmic Light has been sent forth to-day. So shall it act, until everything of that kind shall be silenced in America, and the world—forever. The day has come, when no quarter shall be given to any destructive activity again.

I speak in the Power and in the Voice of the Great Cosmic Law, before which no destructive activity can stand. The Great Cosmic Light shall come forth — descend into earth — and as the

Mighty Arcturus has said: "If necessary that Light, that Mighty Light as of a thousand Suns, shall descend into the earth, dissolve and consume FOREVER all human selfishness and discord from the planet"! I call that Mighty Light into action NOW, to do Its perfect work in America and the world. Let It go forth NOW and SILENCE FOREVER ALL destructive activity. Silence the human in every one who fosters war activity to sell munitions and fire arms—the creator of all wars that have been. To-day, we call this Great, this Mighty, Unfed Flame to sweep into the mind, the consciousness of every one who thinks, feels and tries to use destructive activity; silence all such consciousness forever. Make it powerless to speak anything but praise of God, the Source of all Light and Intelligence—the "Mighty I AM Presence."

We thank Thee, Thou Great, Thou Mighty Presence for Thy Decree issued here — for the Glory of Thy Great, Thy Mighty Light which has gone forth to-day. So shall this act in the memory of the students of San Francisco, in the memory of hundreds who are visiting here from other parts. It shall carry within their hearts forever the activity of that Mighty Decree. Know within the feeling that it is fulfilled!

To-day we offer our deepest praise and gratitude for that blessing rendered mankind. It will forever act, until the fulness of its accomplishment is attained and sustained, unto the Perfection of the incoming Mighty Golden Age, which brings in its turn only Love, harmony, the greatest achievement of Perfection, and Light. May every heart in the world turn this instant, through the feeling, unto God, even though they

don't know the "Mighty I AM Presence." They shall turn to God ONCE AGAIN and hold their attention there, until the day they know the "Mighty I AM Presence."

I say to that vicious force, the sinister thing that has endeavored to destroy the earth: "You have no power, ALL POWER IS TAKEN FROM YOU THIS HOUR AND YOU DISSOLVE INTO HELPLESSNESS FOREVER! You have frightened mankind for the last time. You have interfered with mankind for the last time. This hour, this day shall your power to influence mankind cease upon the face of the earth—forever."

"Mighty I AM Presence"! Seize! bind those two black magicians in Europe THIS HOUR! Take them! hold them bound that their influence touch Europe or the world no more. As that other black magician was taken and bound in San Diego, so shall these two be bound and their influence removed from the earth forever!

"Mighty I AM Presence," Great Host of Ascended Masters and Mighty Legion of Light! we call Thy Legion of Angels to seize and bind these two dark forces forever! seize, bind them and take them from the earth forever! Seize their emissaries! seize all who do not serve the Light! bind them and take them away from humanity, the earth and its atmosphere. You wretched creatures, who have sought to interfere with the Light and Its Expansion—the Light of the "Mighty I AM Presence," YOUR DAY IS DONE TO-DAY.

No longer do you have power to act! No longer, Oh humanity, are you subject to that sinister thing! No longer, Oh humanity, art Thou bound by the chains of the sinister world! No longer are Thy feet tripped up! No longer shall

Thou be detained from the Glory of Thy Wondrous Achievement, the Ascension into Thy Eternal Being.

This day, Oh humanity, Oh humanity, this day as the Great Cosmic Law has seen fit to come to Thy assistance, so shalt Thou find it much easier to come into harmonious sustained ease. There shalt Thou find the Great Outpouring from Thy Presence, to give and sustain perfect health in mind and body. Oh, that mankind and the students might see this day the release from distress, which will take place within twenty-four hours.

Many who have been helpless, so to speak, in body action, will suddenly find the perfect use of their bodies. Ears that have been stopped will hear! Eyes that have not seen will see! We give praise and thanks and rejoice for the whole of humanity's release and Freedom eternally sustained.

While this Mighty Unfed Light is doing Its Perfect Work, we call It into action and qualify It to produce Divine Justice to every one of mankind! Through It, let Perfect Divine Order be restored in the earth, and we command Love and kindness to fill every human heart! We demand Divine Judgment descend upon all who try to bring injustice upon their brothers or sisters.

To-day, Oh Mighty Unfed Light! see that this is recorded in the feeling of every one of mankind! Let the heart govern and no longer allow injustice to be done anywhere! Silence forever all criticism, condemnation and hatred throughout the mental and feeling world of mankind! hold that human activity silenced eternally. Cleave their tongues to their mouths, until they can no longer use those discordant activities. Then

give them dominion and obedience through their "Mighty I AM Presence," that the fulness of Its Power may flow like a mighty river and restore harmony in the feeling and heart of all mankind.

Blessed Saint Germain, and those Great Ones who are watching this activity! to-day we thank Thee in all humbleness for so humbly being a fragmentary part of Thy Great Activity. May every student throughout America FEEL this to-day. By their power of qualification and acceptance of the "Mighty I AM Presence," may they add the activity of their "Mighty I AM Presence" to this Great Freedom, which is sent forth into action to-day. We thank Thee that it be done with the speed of thought, and with the consciousness that the "Light of God never fails."

May this Mighty Decree charge the atmosphere of earth, as Saint Germain charged the room in Washington, D.C., in which the communistic element met, who were seized and taken into custody. No discordant word could ever be spoken again in that room! To-day, Oh Mighty Unfed Flame, charge the truth so that no longer can discordant words be spoken in the atmosphere of earth. We thank Thee it is done.

We thank Thee, Oh Mighty Ones. Long have I hoped for this day. Since my return from those experiences, long have I wished, long has my heart called for this Freedom for mankind, having seen that it must come. May we continue in our humble efforts more powerfully each day and call forth that Great Power to be released before which no human thing survives—no human discord—no human element. We thank Thee and bow before that Great Supreme Power in Its Majestic Activity. We thank Thee.

In the music, song, and Mighty Activity that is pouring forth here to-day is a Service rendered the earth beyond all description. The last of the powerful black magicians have been seized, bound and taken from the activity of the earth forever. So there shall now come forth a Great Flood of Light, which will enable mankind throughout the earth to awaken.

There will be released those long pent-up ideals. The young people, who have been tried by fire to be tempted to turn away from those ideals, will again call them forth. They shall stand firm to "The Light of God that never fails."

Oh, that all mankind might this hour know of the service rendered here. In that which I am about to say, please do not let any one ever ask me questions concerning it. With the seizing and binding of those two powerful black magicians, the animal forms of earth will withdraw. I cannot tell you whether it will be a short period or over a period of years, but this day starts the withdrawing of the animal forms from the earth.

While it may hurt some, the Mighty Truth is, that animal forms were created in the beginning, by these powerful black magicians. It has only been the Love of mankind, that has tempered the animal nature and made the domestic animal, for it is the fierceness in the feelings of mankind, that enables viciousness to still act within some animals.

May these words record in your memory with the conviction of Their Mighty Truth.

· SAINT GERMAIN'S EVENING · DISCOURSE ·

San Francisco—August 30, 1936

Mr. Ballard speaking:

AS SAINT GERMAIN flashes his words to you, before me in letters of Living Light, I shall repeat them to you. I keep my eyes closed, that I may hold a more powerful concentration on the words as they come so rapidly. So far I have always been able to convey them clearly and definitely; and if he speaks words concerning yourselves, will you kindly keep yourselves as receptive as possible that he may record that assistance in your consciousness, at least the radiation and do for you the greatest possible service.

· SAINT GERMAIN ·

Beloved students of the Light, we charge the Mighty Essence of the Electronic Power of the atmosphere into your minds and bodies, anchoring it there to perform its Perfect Service for you. You are no longer children of the earth, but Divine Beings. In the acceptance and recognition of your "Mighty I AM Presence," you enter into the Divine Activity of that Presence, through which,

limitations of every description, one by one, recede and disappear from your world.

In the use of your Violet Consuming Flame, you are clearing and setting your world free, allowing the Presence to bring it into Divine Order. Therefore, will you continue with dynamic application, if necessary, to bring forth and release a greater and greater intensification of that Mighty Energy from your Presence, until every vestige of human limitations have dissolved and disappeared?

In the Mighty Radiance which has been drawn to you in this class, are anchored these Mighty Words and they will remain permanently active in and for you. Kindly accept that and *feel* the full import of what it means to you. My humble efforts, to bring about a greater expansion of your Light, greater consciousness upon your heart, through your ability and call to release the Glory of your Presence into action, have not been in vain and I rejoice with you in the Mighty Victories you are gaining daily, hourly.

Will you not in your application continue to call to your Presence with determination? Sometimes, when you feel you are not having results, remember the human may not judge; but only as you with determination *refuse to give power to human appearance*, will you find your application coming dynamically into action and producing rapid results. I urge you with all earnestness to turn wholly to your "Mighty I AM Presence" —accepting no distracting thing—if you wish quick and speedy Freedom. Do not ever feel that there is anything greater in this world to perform a service for you, than your own "Mighty I AM

Presence." It is the Power of the Universe at your command, at your request. So feel this with *great intensity*, when you make your call. Qualify that Mighty Energy of the Presence with instantaneous activity. Then you will get the results, which will give you all the courage and strength you need, going on and on into your full glory and application, bringing to you *now and forever sustained*, that Freedom which every heart craves.

In your Presence is the only place you can find happiness. In your Presence is the only Power that can produce Perfection. In your Presence is the Light which illumines the way and brings to you your great, your Mighty Freedom. In your application and asking for the Ascension, remember, it is your "Mighty I AM Presence" who does the work.

You in your human feeling, thought and speech make the application, knowing that the Presence is the Power of the Universe raising you: dissolving the denser part of the atomic structure of your flesh form and raising the finer part into the higher mental body: then into the Electronic Presence of the "I AM," when you become the Ascended Being, wholly free from all limitations of every kind. Because mankind has made mistakes is no reason they need remain in them. Call on the Law of Forgiveness for every mistake that has been made, then forget it. In the joy and recognition of that Presence, *feel* Its Mighty Power flowing into action in your world and being to glorify you in all you do with Its Mighty Perfection; strengthening, encouraging, supplying, enlightening and wrapping about each one the Glory of Its Mantle of Light, forever sustained and active in Its Mighty Energy, ever present

with you, enfolding you and your world forever in Its Mighty Protection.

To-night from that Great Octave of Light, I clothe you in the Radiance of the Ascended Masters, that you may pour forth the fragrance of the rose, the fragrance of the lily, that all may feel the rarified, purified Radiance of your Being —no longer touched by human discord; filled with that Mighty Presence, that Mighty Power which is the perfecting activity: answering the call which you have made for your Perfection; and then lifting you into the full power of your Ascension, free — forever — from the binding chains of earth. Oh, what a privilege, what a joy, what an answer to the call of all Life! Do you realize, Oh precious ones, that all life expressing discord is imprisoned life? Think then! how that great stream and energy of life seeks to free itself from the binding chains which the discord of mankind has imposed upon it. Think! how that one day, when the human discord gets too great, Life releases Itself and says: "No longer shall the human bind me"! Just as gold gathered into great quantities, held within a given space, will one day release itself: so shall the Light within human beings, within human forms, one day, if the discord grows too great, release Itself. You see the constant manifestation of it, and throughout the centuries, when human forms have become too discordant, the Light within has released itself and set itself free from the human form.

To-day, you have the right, the privilege, the understanding, the scepter of power before you, to call that Mighty Perfection into action to glorify you, your world and activity with such harmony that the Life says: "Now, Oh My be-

loved, since you wish to allow Me to expand, since you allow Me my Freedom, then shall I give to you the Freedom which belongs to Me"; and that is how, when you give back to the "Mighty I AM Presence" the Life which has been loaned to you, then the Presence says: "Oh beloved, then shall We two become One. You shall raise into My Great Embrace of Light and there shall We two be One in the Activity of the Cosmic Light, flooding the earth with Its mighty purifying, glorifying, releasing and supplying Activity that gives to mankind Eternal Freedom from the self-created bondage of earth."

To-night We call forth that *full* and *mighty release* for *you*. Accept the Mighty Divine Director's suggestion, that it is possible to set aside time and space for many of the I AM students within the next year. Who knows which one of you shall be chosen? Many—for many—it *is* possible. We want you to know, that from the Great Octave of Light everything possible is being done for your happiness, comfort and Freedom. The glory of the healing activities which have taken place in this class, and even far distant from it, shall be the witnesses of the possibilities that stand before you—every one.

I call the Full Power and Blessing of the Great Host of Ascended Masters, the Mighty Legion of Light and Great Angelic Host to hold you close forever in the Mighty Embrace of Light, until you set yourselves free forever, from limitations of earth. Kindly accept this Mighty Assistance, Its Active Presence and Power to fulfil this decree offered for you.

My Love enfolds you forever unto your full Freedom and Ascension. I thank you.

· SAINT GERMAIN'S BLESSING ·
· FOR MUSIC ·

San Francisco Class—August 24, 1936

THROUGH the Infinite Power of your "Mighty I AM Presence" I bless you, Oh Beloved Ones of the Light, for each earnest effort you have made in prepar-

ing the music to bless and assist this class in San Francisco. We shall charge your beings to-night with such qualities of voice, with such Qualities and Activity from your "I AM Presence," that it will bring you blessings throughout the years: to make each one in the silence of his heart open the door of his heart, as it were, and accept the fulness of those Qualities—which may not be voiced, but to act within your being unto your Perfection and Ascension: then consciously close that door and hold this Great Gift and Blessing within the secret chamber of your heart, that it may forever act there and bless each one.

· BLESSING TO AUDIENCE ·

We bless the beloved visitors from all directions: we bless those beloved ones from Los Angeles: we bless the San Francisco students with the Voice of the "I AM" and Its Perfect Expression in speech and song. Will you be kind enough to accept this and allow it to manifest to your boundless joy? Henceforth this will go with you through the years, even unto your Ascension. We have said, that one day when the time was ripe, we would do certain things for the students and this is the beginning. May each one feel the Great Reality of the Words which I speak to act within him, his consciousness, mind and body without any limit. Do you know, Oh Beloved Ones, that it is only human suggestion that causes tension within the human form, in muscles or nerves? Therefore, this service rendered to-night will be to enable you to relax and allow your vocal organs to be used by your "Mighty I AM Presence" in speech and song, for you will be conscious of the change in quality yourself.

You will find that the Words I have spoken to you are not in vain. May you feel Their Full Power as quickly as possible, thereby hastening the activity of your "I AM Presence" to produce Perfection for you, in and through you, that you can, physically speaking, become a Blazing Sun of Light. Your heart is already a part of the Sun, from the Great Central Sun, the Source of all Light and Intelligence. Therefore, in accepting your Presence, which is the Individualized Activity of that Great Central Sun, you too through logical, practical activity can become a Blazing Sun NOW. May you be enabled to accept the Fulness of this Activity within your minds and bodies.

I call forth a blessing for Mr. and Mrs. Rogers; upon those who are assisting in the work, the helpers in every avenue; that they too may feel an activity wthin them — a blessing heretofore unknown: that they be consciously active, consciously conscious of that change within themselves: first within the heart, then within the entire body. I am calling your attention to this to-night, that you by your attention upon it, may open the door to the fulness of your acceptance. Without your attention upon it, only a partial activity can be attained in any part. Therefore, to-night the work is done, your attention can do the rest.

Today a joy fills this place with indescribable activity. May you feel it and carry it with you, enfolding you forever in its strength and courage, in its fulfillment unto your Perfection. I thank you, Beloved Ones.

· SAINT GERMAIN'S BREAKFAST · TALK ·

San Francisco, Calif.—August 31, 1936

Mrs. Ballard speaking:

N THE Name of the "Mighty I AM Presence," let us extend to our Beloved Saint Germain, who has been here as our honored Guest this morning, the invitation to be with us in His Visible, Tangible, Living, Breathing Body, the next time we come together, and may that be very soon.

Oh my beloved children of the past and present, I accept that invitation. Stand by patiently and one day, you shall see that my words never fail. You SHALL see me in the tangible, visible body, and may it be possible for you beloved ones to one day fill a great place and receive a precipitated banquet, to the Glory of the Presence, to the Glory of your Dominion and Perfection.

I too join the Messengers, Oh Beloved Ones of the Light, with my Love enfolding you in a Mantle of Light, that you may feel Its Radiance, Its Courage, Strength and Power, to assist you in your onward journey, glorified in the joyous consciousness of your Victory forever sustained.

I thank you in behalf of the Great Host of Ascended Masters, who are pouring forth Their Radiation. I sat at the honored place at your table to-day, with joy filling My Heart, knowing the Great Love that is being poured out by the "I AM Students" throughout America and the world. How great is that accomplishment for individuals and nations you shall one day know.

I want to assure you this morning, that after 200 or more years, in fact, over 400 years, those assisting and myself are seeing the fruits of our humble, earnest efforts over so long a time. Now in a few years will be accomplished, more than has been accomplished in 400 years, and I say this for your encouragement and strength. Stand dauntless in your "Mighty I AM Presence!" accept no interference or limitations! and the Great Ascended Host, the Legion of Light and Mighty Angels will give you assistance. Many times, you will find wonderful seeming miracles, yet all is a

perfectly natural activity and process.

The Love of the Ascended Host, the Legion of Light, the Angelic Host and Myself enfold you always, every "I AM Student" throughout the world and those, who shall yet enter our ranks in great numbers. So I thank you and Bless you, Oh Beloved Ones.

· MRS. BALLARD ·

It has been Saint Germain's desire, throughout a great many centuries, to some day bring forth a Nation of Masters. As that has been the great desire deep within His heart, so we as one, and you I feel as one with us, stand ready now to do everything in our power to help bring the fulfilment to Him of that which has been His Heart's longing for so many centuries.

I promise you Beloved Saint Germain, as You have brought this Instruction and Freedom to us, so shall we decree, that AMERICA SHALL BE THE NATION OF MASTERS that you have so long desired to bring forth! We stand with all we are and have at your command and call our "Mighty I AM Presence" into action to give us the Strength, to bring into manifestation for the rest of mankind, the fulfilment of the Desire of Your heart. That is the least we can do, for what You have done for us.

With the ever-lasting Love of the Quenchless Flame, we stand forever ready at Your Call and await Your Orders.

"I AM" STUDY GROUPS

S STUDENTS of the "I AM" call, either in their own individual activity or in the Group Meetings, for greater and greater Power of a spiritual nature, to be released through them for the blessing of all, they should never fail to call forth the Limitless Ascended Master Strength to hold them steady in the use of that Power.

Increased Spiritual Power means increased energy to be used and once it is called forth, it must be controlled and directed by someone or something. Being energy, it MUST be controlled and directed.

All Power should ALWAYS be used to expand Light, Love and the Perfection of the Ascended Masters. So the student must always be on guard, that at no time does the feeling of being able to operate the Law better than someone else, ever locate in the personal self: nor allow the feeling to arise that the personality has done something of importance.

All such feelings are subtle qualities of the human consciousness, that build very easily in every individual, unless he recognizes that they are subtle activities of the outer to hold the power and take the credit for the Blessing and Activity of God's Great Laws. Instead he should pass all praise, glory and credit for success up to the "Mighty I AM Presence" and the Ascended Masters.

All good that is done is always the Presence and Ascended Ones doing it and all that is not good is the human creation. So there is no reason in the world for the human to ever take credit for anything, but the mistakes that have caused discord in the past or present.

All desire to hold the credit for anything in the personal self is but a subtle activity of the outer, or human mind and feeling, to try to hold its dominion awhile longer. If students understand this, they can easily guard themselves against playing into the hands of those human suggestions, that would prevent their reaching quickly the Victory and Freedom of their Ascension.

HOME OF THE VOICE OF THE I AM
2600 South Hoover Street Los Angeles, California

BELOVED Young America! we call upon you to help us give a service to all mankind that has never been given before on earth in any age. If you will join us in sending forth the following Decrees for these specific Blessings to mankind, you must of necessity be the greatest beneficiaries of the Blessings we are calling forth to free all. If you will give these Decrees at least once every day for this great Freedom to all, we shall bless you eternally for that service and you, yourself, through it will be free also.

Decree One:

"Mighty I AM Presence," Great Host of Ascended Masters, Mighty Legion of Light, Great Angelic Host and Mighty Lords of the Flame from Venus! come forth in Thy Cosmic Authority, Power and Activity of the Quenchless Flame of Divine Love: seize, bind and annihilate all fear entities within and around every human being, the earth and its atmosphere: blast their cause and effect from existence this instant, replace them by Thy Eternal Light, Love and Perfection and—taking full possession of all outer activity —see that Thou art the only acting Presence forever sustained.

Decree Two:

"Mighty I AM Presence," Great Host of As-

cended Masters, Mighty Lords of the Flame from Venus and Thou Seven Great Elohim! Come forth in Thy Full Authority, Power and Activity of the Great Cosmic Law! set free the Life within all animal forms on and within this earth and its atmosphere! release it from all discordant, limiting qualities and through the Great Cosmic Action of the Quenchless Flame of Divine Love, place it in beautiful harmonious perfect forms forever sustained: and make it impossible for discord to ever again clothe that Life Essence! release it into the Service of Love, by Love, for Love and through Love forever sustained.

Decree Three:

Make these Reading-Rooms such Blazing Suns of Ascended Master Consciousness, Obedience, Self-control, Victory, Freedom and Perfection, that they enable all who contact them to gain their Ascension NOW and

expand that same activity to all mankind and the earth itself forever.

Decree Four:

Decree Five:

"Mighty I AM Presence," Great Host of Ascended Masters, Mighty Legion of Light, Great Angelic Host, Lords of the Flame from Venus and Great Cosmic Beings! come forth in Thy infinite Authority, Power and Instantaneous Activity of the Great Cosmic Law! precipitate Magnificent, Perfect Imperishable buildings — Temples of Light of the "Mighty I AM Presence" and Ascended Masters—into which the students under this Radiation can come together and call forth the Ascended Master Activity of the "Mighty I AM Presence" for the Freedom, Perfection and Ascension of all mankind and the illumination of the earth! charge forth through these Temples such Glory, Perfection and Love from the As-

cended Masters and Angelic Host as the earth has never before known in any age! through these Temples bring forth Thy Perfection in every person, place, condition and thing on this planet and keep It expanding the Beauty, Freedom and Glory of the "Mighty I AM Presence" forever.

Decree Six:

"Mighty I AM Presence," and Great Host of Ascended Masters, charge every piece of money and collateral that comes into my custody and use, with Saint Germain's, the Divine Director's Jesus' and Nada's Ascended Master Consciousness and Cosmic Activity of the Quenchless Flame of Divine Love! send it forth to awaken everyone who touches or uses it with this Ascended Master Understanding and Application of the "Mighty I AM Presence" in the full acceptance of Their Eternal Victory and the Ascension! see that all means of exchange throughout the world is qualified with and creates Ascended Master Purity, Balance, Satisfaction and Perfection wherever it goes and releases Light and Love into the commercial world with the Power of a thousand Suns to set mankind free forever! qualify this entire decree with the Instantaneous Eternal Ascended Master Activity of the Great Cosmic Law.

· SAINT GERMAIN'S AFTERNOON · DISCOURSE AT THE KANSAS CITY CLASS

Sunday, September 27, 1936

UT of your search, for Light and Truth, Oh beloved students, has come the True Reality, the knowledge of That which every human being throughout the centuries has sought—the whereabouts of your own "Mighty I AM Presence," the Glory of God individualized. To-day in this Transcendent Knowledge that has come forth, all mankind may be free, if they will. It only requires earnest, determined, application of the simple majestic Laws which are given and the acknowledgement in the feeling, of your "Mighty Presence" that rests above you, to have Freedom, Dominion and Infinite Achievement in your Life.

God, the "Mighty I AM Presence," is not only your Source of Life individually speaking, but is the Source of ALL Life in the Universe. Therefore, as the Messengers have said to you repeatedly, when you call your "Mighty I AM Presence" into action, the power of the Universe rushes forward to fulfil your requirements and It cannot fail, except through inharmony in your own feeling.

Will you not, Oh beloved ones, take your firm stand in the control of your human intellectual self and hold it in complete obedience to the Great Law of your Presence, which is the activity of Divine Love? Remember, that in the acknowledgment of your Presence and calling It into action, you have the balanced activity of Love, Wisdom and Power.

Heretofore in mankind's activity of prayer, individuals have recognized God, in a vast ma-

jority of their prayers as an omnipresence somewhere, therefore, only calling into action one point of the Triangle of Truth. Love alone without Wisdom and Power is not sufficient to cope with the condition that exists in the outer activity of the world to-day. Therefore, when you call your "Mighty I AM Presence" into action, you have fulness and balanced activity of Love, Wisdom and Power acting. That is why such tremendous results are produced in Its use.

Will you not, Oh precious ones of the Light, rise in the full Dominion of your "Mighty I AM Presence," silence forever all human obstruction, and receive the Glory which It will bring you? It requires on your part firm determination at first, to dissolve the old momentum—accumulations of discord—which rests in the atmosphere around you and of which you are wholly unaware; but if you will continue to call your Presence into action with firm determination, feeling sincerely that It is there, then the time is so short until you will have ample proof within your own experience, of the power which your Presence wields.

The Law of Life, the Law of your Being, is, that being the creator of the inharmony and discord that is in your world, you must make the call to your own "I AM Presence"—your own individualized Presence of God, your Christ-Self—to release a greater volume of energy and Light to dissolve that which you, the individual, have drawn about you, in your ignorance.

Until individuals will use the Violet Consuming Flame to dissolve the discord which they have drawn about them, they cannot have permanent progress or expansion of their own Light.

In the outer world, if you moved into a house filled with all kinds of bric-a-bac and furniture, and you had beautiful new modern furniture, how would you put the new furniture in, until you cleaned out the old? So it is to-day, in the accumulation of discordant destructive thought and feeling, with which you have filled your world. Then, there is only one means of permanent activity to clean it out, and that is the use of the Violet Consuming Flame to set you free. It will act with great power, if you will feel the Presence is passing that Violet Flame through your flesh, your feeling and your mental bodies. It will quickly dissolve and dispose of your discordant accumulation, so that you will never have to look upon it. Never desire, Oh Beloved Ones of the Light to look upon your human creation, I plead with you. God help you if you do. With the use of the "Mighty Violet Consuming Flame," you will never have to do that. One glimpse of your own creation and you would never wish another. So I say to you, the Infinite Power of the Cosmic Light has made it possible, for me to bring to you, this simple Transcendent Majestic Understanding and Application which is your Freedom, if you will apply it.

We in the Ascended State have made dynamically this same Application, this same Understanding of the "I AM Presence," which I have brought forth to you. If you do not believe it, then I cannot help you; but if you do, then your Freedom is here.

In this class as we have indicated, there has been another activity released for the students. By the Power of the Unfed Flame, it has been possible to charge the atmosphere of the Class

Room as the Messenger has described to you today. The activity is similar to that which it was Mr. Rayborn's privilege to experience in preparation for his Ascension. It is less powerful but still the same activity, because in a Class Room of the outer world, it would not be wise to bring the same intensity, as was in the Chamber of Light which has been protected for centuries from the discord of the outer world.

Will you not accept this as the Messenger has suggested, with its full Active Power released in your Life and world, to produce your happiness, your supply of all that is required, your Mighty Directing Intelligence, that you may go forward in a great, great calm serenity—no longer agitated or disturbed; so that the feeling body becomes adjusted, making possible a condition which enables these Great Currents of Energy to flow through uninterrupted? Will you not do this?

After so many hundreds of centuries, this Great Truth has been brought forth to you. Will you not accept It and apply It in your Life with earnest determination, which is the activity of the Inner will, to have your Eternal Freedom?

Could you—and you shall one day—know how great is the Love of the Ascended Masters and the Messengers for you, how great is the Determination of the Ascended Masters and the Messengers for you to have your Freedom. Will you not be as determined, as earnest as they are for your own Freedom? Only in years to come, will you know the Service that has been rendered your city during this class. Will you not accept it as an active part in your Life, so you may be a part of that Service?

I congratulate the beloved students of the Light, who have called their "Mighty I AM Presence" into action, which has made it possible for them to be in this class. Each class will contain henceforth a Mighty Divine Activity for the blessing of the students. I personally thank all the students for their labor, their determination to have the Perfection of the Light of the Presence that beats their hearts. They SHALL have it, if they will stand steadfast.

I want to offer one word of suggestion which I have never done in any class before. Beloved students of the Light, always give praise, thanks and gratitude for whatever has lead you up to this step—the Knowledge of the Presence—but I plead with you, do *not* hold on to the steps that have brought you here; for if you constantly refer to those steps in your feeling, you will find yourselves going up and down, up and down, up and down those steps. I am sure you get my meaning. When you have ascended those steps, it is not necessary to retrace them. If you do, you will find yourselves still in the old activity of the steps, which brought you to this point. Watch out for that.

Our Beloved Brother Jesus has asked, that all adhere one hundred percent to the teachings of the "I AM" and the Instruction and Application, by which We all have attained our Freedom and Ascension. Will you not do the same? It is infallable and, if it is not operating to your full desire, it is because unknowingly you have obstruction in your feeling.

If you will ask the "Mighty I AM Presence" to take out of you whatever the cause and effect of the obstruction is and replace it by the Ascended

Master's Understanding, Courage, Strength and Application, then you will be able to let the Presence release the energy, to accomplish any purpose unto which you direct it.

Oh beloved ones, in the fulness of My Heart's Love, I enfold you and carry forth to you the Love and enfolding Blessings of all the Ascended Masters and Legions of Light, unto Whom you have been calling. Feel Its Radiance enfold you, Its Courage and Strength sustaining you, carrying you forward, until you feel that full Dominion and Power within your own feeling world, of the Dominion of your "Mighty I AM Presence," your authority and ability to call Its Limitless Intelligence and Power into action.

Remember as a parting word, you are the authority in your world—to call Perfection into your world—which alone rests in your "Mighty I AM Presence," and the Freedom of you and your world depends upon your call to your "Mighty I AM Presence."

Again, may I say to you, my Love and Blessing together with that of the Ascended Masters and Legion of Light enfold you forever, unto your full Victory and Ascension.

· AFFIRMATION ·

"Mighty I AM Presence"! take possession of my entire Being and world and see that nothing less than Ascended Master Qualities ever pour through or contact me, mine and our world.

MIGHTY I AM PRESENCE

· SAINT GERMAIN'S EVENING DISCOURSE ·
· TO THE KANSAS CITY CLASS ·

September 27, 1936

ELOVED students of the Light, the Glory of your Freedom stands before you, a Wide-Open door, into which you may enter fully and completely at any time NOW, in the knowledge of your "Mighty I AM Presence." It is not a difficult activity. The Law, the application, the knowledge of the Presence is before you. Your part is to accept that your Presence is there, in your feeling, then to call Its Mighty Currents of Intelligent Energy into action, to produce the Perfection you wish to have manifest in your world. You alone must do this.

Assistance can be and is rendered you, but you must take the initial step, make your application, refuse acceptance of human appearances, as having any power longer in your world, and then as you call this Mighty Energy into action, you will find courage and confidence without limit sustaining your application, until the day when you have all the evidence you require to satisfy you that your Presence, through your application, will and does set your world into divine order. This everyone must prove for himself to make it a permanent activity in his Being and world.

You, who have had one or more of these classes, must have come to know the Great and Mighty Reality which this Knowledge is. The Great Cosmic Law has now permitted it to go forth, but until recently, It has only been given to a few students within the Retreats. Now, because of the assistance of the Great Cosmic Law, It is almost broadcast to humanity and ere long will be.

I want to thank any or all of the "I AM" Students who have been instrumental in bringing about the opportunities for the Messenger to broadcast this Mighty Truth. I want to say to those beloved ones: "You have rendered a service and little realize as yet what it means. One day you shall, for this activity is bound to come forth. One day the Messengers will have their own Broadcasting Station to spread this Mighty Truth to the world. I want you to know this and call your "Mighty I AM Presence" into action to bring it about, for it is another service you can render of inestimable value."

In this class, you have been clothed in an Activity which is a Mighty Sustaining Power. Will you not accept It in the fulness of Its Power—not in the intellect—but in the feeling of this Great and Mighty Reality. It has been a great pleasure to render this Service for your city and to stop an activity, that was fast throwing a lethargy over its inhabitants. So, to-day the Great Law has again manifested Its dominion and will continue to expand this Light. We rejoice with you in Our humble Efforts to render this Service for it has been done in Its fulness. We want you to hold the knowledge of this before your attention, so you too may be conscious, that naught in the world can longer delay your Freedom and the expansion of the Light, unto your complete Victory of the Ascension.

Does that word sound unusual? Does it still sound strange to you? It should not—an Activity so practical, so majestic in its Freedom. Think of it, dear hearts, your privilege to free yourselves forever from all pilgrimage upon earth; from its limitations, from its binding

chains; from its terrifying distress which so many of mankind have drawn upon themselves. The pity is, that individuals should have forgotten their Source so completely: but again let us replace that thought by rejoicing that they have found their way home. As persons lost in a forest, the wilderness of human concepts, they can find the Golden Pathway of Life standing open and clear before them, unto the fulness of the "Mighty Presence" and Its Freedom.

We thank you each and all for your Love to us, for your Love to the Messengers, to the Great Host of Ascended Masters and the Legion of Light, the Mighty Angelic Host, the Gods of the Mountains, the Great Cosmic Messengers and the Great Cosmic Beings—Who are making it possible for earth, to again shake itself free from the lethargy of human discord; from the hypnotic influence of human concepts, that sees only imperfection instead of the Perfection which beats each human heart.

The privilege, the blessing is yours, Oh beloved ones. You have your Scepter of Dominion in your hand. Wield it in the acceptance of your Presence, to your complete Freedom. No one can take the initiative for you! The Law stands before you for your application. If you will apply it, I can guarantee that every human being on the face of the earth who applies it earnestly, will be free FOREVER from the chains of earth and remain so, but it requires your application. Never doubt it.

So to-night, once again, we leave our Love and Blessing enfolding each one of you! The Ascended Masters, the Legion of Light and the Messengers enfold you forever in that Transcendent Light which knows only the continual expanding of

Itself, lifting you into the Eternal Freedom of your Electronic Presence. It is no imaginary thing, Oh precious ones, but a Glory Unspeakable—indescribable. It is yours, will you accept it and be free again?

Our Love enfolds you forever unto your Ascension. We thank you.

· AFFIRMATION ·

"Mighty I AM Presence," Great Host of Ascended Masters, Mighty Legion of Light, Great Angelic Host and that special group of Masters directly concerned with this Activity of the "Mighty I AM Presence"! release whatever Power and Love are required and give us our own Radio Broadcasting Station in a world hookup and see that we broadcast this Ascended Master Instruction of the "I AM" throughout the world daily for the freedom and Ascension of all mankind forever! We charge this decree with Saint Germain's, Jesus' Nada's and the Divine Director's Ascended Master Consciousness and instantaneous Fulfilment eternally sustained.

· THANKSGIVING IS SUPREME · · OUTPOURING ·

OH, Beloved of the Light, you who have come under the Radiation of Saint Germain and those other Ascended Masters, Who are pouring out Their Great Love, Light and Freedom to humanity through this Activity, you shall have the fullest supply of every good thing! We decree it now, and have always done so in this work. Saint Germain said from the beginning that, no one under this Radiation who made sincere, determined call to the "Mighty I

AM Presence" and worked to correct his own human discord in thought, feeling and spoken word, should lack for any good thing. He wants you and all mankind to have the fullest possible supply of every good thing required, to make your life and activity harmonious, joyous, easy and Perfect.

That is the Law of Life, of the Ascended Masters and of every Enlightened Being, who ever lived on this planet or any other throughout Infinity. That is why every day should be a Thanksgiving Day, for every human being on earth forever. Gratitude to Life for all It is and gives keeps the door wide open for Its Supreme Outpouring to come into the individuals' use. Gratitude is harmonious feeling and brings back Limitless Supply to the sender.

God is no pauper. Poverty is not spirituality. Lack does not produce harmony. Lack of any good thing is a constant reminder to the human personality, that it has depended on its own human effort or on some outer channel of activity, as the sustainer of the body and that it must harmonize the feelings.

God, the "Mighty I AM Presence," created the body from inside of Itself and is constantly supplying its energy and Intelligence from Within. The Presence is also quite capable of supplying it with everything else, if the student will call to his "I AM Presence"*first* for everything, *before* he looks to the outer channels for his supply.

Saint Germain has given us the Ascended Master's Golden Key for the limitless supply—on demand—of every good thing everyone desires, if each one will make the call to the "Mighty I AM Presence," as Saint Germain and these other Blessed Ascended Masters have instructed.

No matter what the individual requires for his own use, the first condition on which he receives it from the Supreme Source of all, is that he calls it forth into use NOT ONLY FOR HIMSELF, but for EVERY INDIVIDUAL on this earth as well.

When one calls the "Mighty I AM Presence" into action, to release a specific blessing to every individual on earth, and there are approximately three and one-half billions in embodiment all the time, the quantity of energy released in such a call would equal that which the individual releases by calling three and one-half billion times for that blessing to himself. This is what the Ascended Masters mean by "The tremendous power of co-operative action."

The student, if he understands the Ascended Master application of the "I AM Presence" does not need to repeat affirmations—parrot-like—to convince his feelings, that the manifestation he desires will come forth.

Instead, by one call, with intense feeling, to his "Mighty I AM Presence," to release what he desires into his own use and then expand it to the use of all, he accomplishes infinitely more in that call to his Presence than could possibly he done in any other way.

This is the GREAT SECRET. It is the Open Door to the limitless use of every good thing on demand. The way is so simple, so easy, so all-powerful, that anyone can prove this Mighty Law to himself, at any moment he makes the call to his "I AM Presence."

For instance, suppose one needs to pay some particular bill very much. He can say to his "Mighty I AM Presence" with INTENSE FEELING—which everyone can generate consciously

and at will:* "Mighty I AM Presence! through the Cosmic Activity of Thy Great Quenchless Flame of Divine Love, come forth! pay this bill for me today through Divine Love! see that every bill on this earth is paid likewise for the Freedom of all mankind!"

Send this decree forth with deep sincere feeling and the desire for every other person on this planet to have his bills paid, as well as your own! Thus, you can use every need of your own, as a reminder to do a service for all human beings, which will bring joy, ease, blessing and Perfection to every other person on this earth, bringing you also your complete freedom in *every* way.

This is the way the individual frees himself and in calling forth an action of the Great Law of the "Mighty I AM Presence" to bless and free others, it is impossible for the individual not to gain his own Freedom.

The Understanding of this, as a Law, has not been given before to the outer activity of mankind, until this Ascended Master Instruction of the "Mighty I AM Presence" was given forth by Saint Germain and the proof of the Mighty Truth, which it is, stands before everyone, in his own individual personal experience, who has made that call with the intense desire to set all mankind free.

NOTE: *

If you do not believe this, offer some one money to consciously arouse a definite feeling of some special quality, and you will see how quickly that one can do it. If one can arouse it for a little piece of paper (a ten dollar bill for instance) he can arouse it for the blessing of himself and all mankind, when he understands this Law. Actors and actresses do it. They have no trouble feeling the quality they wish to portray. So can all who sincerely desire to do it.

It is impossible for any human being to fail, when he calls the "Mighty I AM Presence" into action for the freedom of all. It is impossible for any human being on earth to have his own bills remain unpaid, if he will call with all the intense feeling of his heart everytime he pays his bills, for the "Mighty I AM Presence" to pay the bills for all the rest of mankind as well.

No one could possibly lack for so much as a meal of food, if he would call forth the Cosmic Activity of Divine Love from his "Mighty I AM Presence," to give him every meal he desires and, at the same time, ask that all individuals on earth be given meals equally as good as he is asking for himself, or better, if they desire them: and that they always give God, the "Mighty I AM Presence" the credit for giving those meals to them.

Remember, the action of the Great Law of Life is that seventy-five per cent of everything the individual creates, including the energy required to bring forth into manifestation, remains within the brain, body and aura of its creator, be it good, bad or indifferent. Therefore, one is always the greatest beneficiary of all blessings sent out to the rest of mankind, and also the greatest sufferer from discord sent out to others as well.

No matter what we create, three-quarters of our creation always remains within our own auras and worlds. That is because everyone's thoughts, feelings, and acts revolve principally around himself. When he comes into this Ascended Master Understanding of the "Mighty I AM Presence," and releases Its Limitless Power and Blessings for the Freedom of all mankind, it automatically follows that he himself must become free; for the greater part of his "Mighty I

AM Presence" acts through the individualization of himself.

The same thing is true of the physical sun or the Great Central Sun. Three-quarters of its Presence, Intelligence, Power and Activity is located within Its own form and Substance and only one-quarter of Its Life Energy goes out as Radiation into the rest of the Universe. The same is true of a candle flame.

Therefore, the Students of the "I AM" under this Radiation, knowing this, can easily realize how they can use every requirement and problem of their own, as a reminder to call the "Mighty I AM Presence" into action, to fulfil those requirements for all mankind: to solve those problems for all. Hence, the Student automatically becomes free himself, in giving this tremendous service to the many.

Understanding this, you can realize that you are no longer human beings, but you are Divine Beings. The Divine gives, the human receives. If the human is to manifest the Perfection of the Divine, it must become a Being of cause ONLY and that cause, the conscious expanding of all the Blessings and Perfection from the Individual's own "Mighty I AM Presence," for the Freedom of all.

Thus, in using the affirmations which call forth the Power of the "Mighty I AM Presence," to help all mankind make the Ascension, the individual, who makes that call MUST AUTOMATICALLY make his own Ascension.

Oh! Beloved Ones, do you realize what it means to work with intense sincerity and deep feeling for the Freedom of all? It is the greatest joy and privilege of all lives, to have had released

to us the Ascended Masters' Understanding of the "Mighty I AM Presence" which gives us the Power to render this assistance.

Never before in the experience of mankind has such Power and Assistance come forth for the Freedom of all the earth. Never before in the history of the planet, have great numbers of individuals, with the Ascended Master's Conscious Understanding of the Great Creative Word, "I AM," ever sent forth such powerful decrees with such great determination for the Freedom, Illumination and Ascension of all.

In this combined dynamic call, for mankind's Freedom and Ascension coming from the hearts of unascended beings, the Great Cosmic Law of the "Mighty I AM Presence" and Ascended Masters, is compelled to give everyone making that call, his own individual Freedom and Ascension also.

That is the privilege and obligation of every student who has come under this Radiation. May everyone work with all his might, that the Ascended Masters' Perfection may fill the earth and all mankind know Their same Great Freedom and Joy through the Power of the Great Quenchless Flame of Their Pure Divine Love and Eternal Unfed Light.

Let all remember to charge every day, with the Supreme Outpouring of every good thing forever, from the "Mighty I AM Presence" and Great Host of Ascended Masters, and send it forth for the freedom and blessing of all. Then everyday will be a Thanksgiving Day for the whole of mankind and the earth and all shall have the Supreme Outpouring intended for them from the beginning.

· MR. BALLARD'S INVOCATION ·
· SAN FRANCISCO, FRIDAY EVENING ·
August 28, 1936

IN the fulness of Thy Great Presence, Oh "Mighty I AM," again in deepest humble gratitude, do we offer our thanks and praise for the service rendered this afternoon. It means the Freedom of mankind and the earth. We give praise and thanks, that one day ALL mankind will come to know this also.

As the Great Law is released to do Its perfect work in the earth, so will the consciousness of all be lifted—lifted until the Glory of that Radiance clears both sight and hearing for all mankind. Then in the glory of Thy Great Victory, Oh "Mighty I AM Presence," shall ALL hear Thy words and see Thee face to face—until all the earth becomes filled with Thy Love and Harmony, Beauty and Perfection, thus fulfilling the Great Cosmic Pictures shown at the Royal Teton. They shall come quickly into that great Activity which is destined for the earth.

There is but one destiny for everything, mankind included, and that is Perfection. We do accept the fulness of that Great Outpouring tonight, glorified and amplified by the Great Host of Ascended Masters, and Legion of Light to stand *forever increasing* Its activity in the fulness of its mission—perfecting the earth.

Beloved Saint Germain, Mighty Divine Director, Beloved Master Jesus, Nada, Leto, Chananda, Beloved Lanto, and all the Great Ascended Masters who are ministering to the people of earth! this day as all have seen the Mighty Service rendered, so do we again bow before Thee and Thy Mighty Wisdom in action, with deepest gratitude. May I speak for all the students of the "Mighty I AM Presence" throughout the world—speak forth their gratitude and Love to that Great Intelligence Who rendered this Great—this Mighty service to the earth? So in great humility do I offer the Love of these students everywhere, to be amplified by Thee, to create greater and greater Perfection within and above the earth for all mankind.

MRS. RAYBORN'S ASSISTANCE TO TWO WHO SANG

THIS is one of the unusual things that has occurred. Mrs. Rayborn wishes me to say to these blessed ones, that she has found qualities within their voices which, if they care to give attention to her, she will endeavor to assist them in making their voices such as are never to be forgotten. Mrs. Nada Rayborn is the One referred to in "The Magic Presence", who sang in opera for many years before her Ascension. Once since her Ascension, she came and sang in the tangible form. I rejoice with these dear ones, that they are two whom she can assist, if they can realize as I do, what that means. It means Freedom and the Gift of Perfect Voice to these beloved ones.

I wonder, if you realize how these Great Ascended Beings have for many centuries watched the earth, searching for those whose attention could be drawn to Them that They might give Assistance. Without your attention to Them nothing can be done for you—it is not possible! but through your attention, directed to a given objective, anything upon the face of the earth can be done. Your attention directed to your "Mighty I AM Presence" FIRST and then, to one or more of these Great Ascended Masters—either masculine or feminine—makes it possible for Them to come back to you on a Ray of Light, releasing Energy and Feeling, that it is not possible for the human to release without Their Assistance.

There is nothing you can ask, dear hearts, that the Presence will not do, and anyone knowing the Presence certainly could NOT ask anything discordant. Will you not, beloved ones, call your Presence into action—with great determination, great earnestness and sincerity, to produce any quality, any condition, any Perfection that you want to have manifest in your world?

· AFFIRMATION ·

"Mighty I AM Presence" and Great Host of Ascended Masters! make every city in America an Alabaster City of Light, Love, Healing and Perfection, for the illumination of America and the whole earth forever.

· EVENING TALK AT THE SHRINE · AUDITORIUM ·

July 6, 1936—by Donald Ballard

THERE are two things which I want to touch upon. The first is something which has occurred to me, and, I believe, occurs to every one who has been brought up according to the modern scientific explanation of the outer world's activities. The second thing is something of great National import. That of

which I am going to speak is something that occurs to the young people particularly and others, who have had contact with the modern scientific world. It is concerning the Ascended Masters' ability to come and go great distances quickly and to make their bodies pass through solid substance.

We know that all the apparent miracles, such as the Ascended Host and those nearly Ascended produce, are only the operation of great Natural Laws. For instance, when an Ascended Master passes through physical substance, solid walls, or transports his body eight or ten thousand miles within five minutes, we know these things are not miracles. There is no such thing as a miracle. When properly understood, we see that so-called miracles are only produced by the use of certain laws which, as yet, are far beyond what the physical scientist has contacted. Nevertheless they are as exact and immutable as the laws which govern wireless transmission and X-ray.

Let us consider what happens, when the Ascended Master's body passes through physical substance. To understand this, let us look at its structure. We know, all physical substance is composed of minute particles called atoms. These particles are so small a million or more may be present in one pin head, and yet, infinitesimal as they are, they in turn are composed of particles yet smaller. These particles are arranged in patterns, similar to the way our planets are arranged around our physical sun.

At this point, we shall depart from the theories of the outer scientific world in our examination of the structure of physical substance. Here again, the Ascended Masters upset theory and guess-

work, with Their Infallible Knowledge of the Great Laws of Nature.

Contrary to the general opinion, the central nucleus of the atom is composed of a very light refined type of particle which is called the electron. Around this nucleus, arranged like the planets around the sun, are particles of a very dense nature which as yet have not been named. These dense particles are many times heavier than the electrons which are the nucleus of the atom and are what composes the denseness of our physical bodies. They are that which makes all physical substance seem dense. These tiny particles are separated by a tremendous distance in relation to their own size, so we see physical substance is not dense at all, but only seems so because our senses are amazingly crude.

We know, that the Ascended Master's Body is composed only of electrons or less dense particles of which the structure of physical substance is made. Therefore, we see how a body composed of this refined substance may pass unobstructed through physical objects. For the sake of a crude expression, the clearance between the particles which compose this substance of the Ascended Master's Body and that of the atomic structure of physical objects is so great, that one may pass through the other without any obstruction whatever.

Then, we can see what happens to our bodies at the time we make our Ascension. The dense particles, which compose the weight of physical substance, are thrown off and we are given a body of these electrons which are infinitely finer and more flexible and much more desirable as a vehicle, in which we may operate.

Another example of how crude our senses are, and how physical substance is not dense as it seems, is the fact that mercury, which is considered one of the most dense of substances, and the only metal which occurs in liquid form at ordinary temperature, will flow through bank vault steel, like water through a sieve at a pressure of 100,000 pounds per square inch.

Another thing which we may explain, so that it takes away all sense of miracles, is the use and the effect of the Light Rays. It matters not what their color or activity may be, they set up wave impulses akin to those sent out from the radio transmitter, or the X-ray tube.

We can and do set up these impulses in the octave of the vibratory spectrum, of a frequency very little higher than that which the scientist has contacted so far. I say "very little higher," because already in the laboratories of some of our great scientific corporations to-day, there are machines which are capable of recording these impulses and we get a definite physical effect. A few years ago, this was infinitely beyond anything science had contacted.

To understand exactly what happens, let us look at what we know to-day as the vibratory spectrum. From 32 vibrations per second to approximately 18,000 we have audible sound; that is, sound which we are able to hear with our ears. As the frequency of vibration is increased, we pass on through conventional radio waves into the Infra-red or heat waves. From there, we pass through a comparatively small portion of the spectrum in which we see visible Light.

As we pass on beyond the point of visible Light

in the spectrum, we contact the Ultra-Violet the X-ray, the Gamma Rays of radium, and still higher into the Cosmic Ray, which is the fastest vibratory frequency that science has recorded so far. However, slightly above and beyond this is a part of the vibratory spectrum, in which we set up impulses by our thought, feeling, spoken word and visualization of Light Rays.

Therefore, we see that when we send the Blue Rays of Divine Love forth, to consume the undesirable substance in a sick person's body, we, through sufficient calling to our "I AM Presence," are releasing the power to set up a wave of energy or rate of vibration, that goes forth and accomplishes that result, for it is just as effective in consuming an undesirable substance in the body, as the Ultra Violet Ray is when used in certain conditions by the medical profession, to consume undesirable substances within the body.

When we use these activities and when the Ascended Masters produce so-called miracles, it is only the operation of Great Cosmic Laws that create and control vibratory action, extended far beyond anything of which the scientific world has as yet dreamed. Therefore, we also see that the time is close at hand when outer physical scientists, through their own experiments will be compelled, to admit every word which Saint Germain and Others of the Ascended Host have spoken to these students of the I AM.

We see concretely how this shall take place. We see concretely the necessity for controlling thought and feeling; for every moment we are sending out these impulses, and whether Perfection or imperfection manifests in our lives depends

upon how many of these impulses are constructive and how many are destructive.

All of you know, that the present hour is a time of such great importance and such great National crisis, that it ranks with the winning of our Independence, and the removal from the face of the planet of the last trace of barbaric slavery. We are now in the midst of proving, that "The Light of God never fails." Shortly, we will be again called upon to select those who are to sit in the chairs of authority in our Government for another four years.

When the officials of our Government were selected the last time there was not this great group of 200,000 students of the "I AM" throughout the country, who could give assistance to the Ascended Host, in selecting those who would serve the Light. Let us go forth and use that power, that scepter of authority which is in our hands *now;* and call the "Mighty I AM Presence" into action to select those who serve "The Light of God that never fails," Saint Germain and the Ascended Host to guide the destiny of our Government.

We students of the "I AM" have seen the effect in our National affairs and those of the world, of the use of our scepter of authority, backed by the "Light of God that never fails," in wiping out many destructive claws of the sinister force. The Ascended Host designed our original form of Government for America and brought it into manifestation.

We, the students of Light, *have* the power to wipe *forever* from our borders *every* claw of the sinister force. Let every one of us call, NOW, unto Saint Germain and the Ascended Host to manifest Their Divine selection of those who are to sit in

the chairs of authority in our Government. As they take office and pledge themselves to support and defend the Constitution of the United States, let us give assistance by seeing them armored within that Great Sphere of the Blue Lightning of Divine Love, so that they may be forever sensitive to the commands of the Ascended Host, and non-recordant to all discordant suggestion and activity.

Let us put such an armor of Light around them, that they are impenetrable to any attacks of the sinister force. Thus, we have the greatest opportunity before us that any group of citizens the United States has ever had, to bring into manifestation quickly a Golden Age such as has never been known in the history of the world. Let us do this with all the power and Love of our hearts. In gratitude, let us render this service to Saint Germain and those others of the Ascended Host, who have seen fit to release unto us a knowledge and blessing that will bring into our lives such happiness, as is beyond the comprehension of the mass of humanity. Let us offer this as a prayer of gratitude to the Ascended Host.

It is fitting that there should be some way through which we could offer gratitude to the Ascended Ones, for the blessings we have received, rather than to be eternally asking for more. Not that we cannot ask for anything good that we desire, but from the Love of our hearts, let us devote some of our time to giving gratitude to Saint Germain. I ask this and I ask that we put our whole strength into bringing forth this Perfection, which the Ascended Host have decreed *shall* come into outer manifestation within the borders of our America.

· SEVEN TRANSCENDENT WEEKS ·

HE seven most transcendent weeks of the whole year begin at Thanksgiving and continue until two weeks after New Year's. The importance of the Outpouring of Light and Love at this time of the year from Jesus, all the Ascended Masters and Hosts of Light cannot be overestimated, for owing to the attention of mankind being focused upon Jesus at Christmas time, He and all who help humanity, pour out an intense activity of Light and Love to illumine and bless all.

The attention of the people being upon Jesus makes an opening or condition through which the Ascended Masters can give this Great Assistance, the people being receptive to His Consciousness and Outpouring because they are thinking about Him.

To all the I AM Students, who will give Him special time and attention every day over this period, He will project His own individual Rays of Light and Love, to enfold them for their Victory Freedom and Ascension.

It will be of tremendous benefit to every student, if during this time, each one will visualize the Luminous Presence of Jesus or Saint Germain, standing behind every physical body and watch it become absorbed into the Ascended Master's Body of Blazing White Light.

In holding this picture within the mind, the student creates a cup, so to speak, into which Jesus and the other Ascended Masters pour the actual Substance of Light, charged with Their Ascended Master Consciousness, Victory and Feeling of the Ascension. This increases the vibratory action of both the mind and body of everyone for whom this is done and qualifies them with

the Ascended Masters' Light, Love, Peace and Victory for the Freedom of all.

Miracles and healings beyond all description *always* take place when this service is given and we now ask all the students throughout America and the world, to do this visualizing with the greatest feeling and intense sincerity of Love, that Jesus and the other Great Ascended Masters may give the greatest blessing possible, to every human being NOW.

This means permanent release from distress for all mankind. We ask all students under this Radiation throughout the world, to give their help and make the condition that will enable this Cosmic Blessing to come forth most powerfully NOW.

The Outpouring and Radiation from Jesus, the Great Host of Ascended Masters, the Legion of Light and the Angelic Host will increase steadily, from Thanksgiving Day until the Conclave at the Royal Teton is finished. This Tremendous Light and focus of Ascended Master Power and Consciousness is held at Its intense activity, until the middle of January and is absorbed throughout the balance of the year.

We ask the students of the I AM throughout the world, to pour out their most intense Love, Gratitude and Blessing to Jesus and all the Ascended Masters during these Seven Transcendent Weeks, accept His and Their Great Assistance—calling to their own "Mighty I AM Presence" to release to all mankind and the earth, the Greatest Light and Love that has ever come forth on earth with the Power of ten thousand Suns, and set ALL mankind free *forever* in the Eternal Victory of their Ascension.

· MR. BALLARD SPEAKING ·

FOR the first time in my entire experience, since Mr. Rayborn went into the Sphere of Light in the Cave of Symbols, have I ever seen this. The entire atmosphere above you, may I use the expression, is loaded with roses. I thought a few moments ago, they must come forth into the physical, into tangibility, for it would only require a breath to release them into tangible physical form. That means tremendous things. The three colors which they use are white, pink and blue. If you ever saw a blue rose, as exquisite as these are, you would never in the world forget it.

When Mr. Rayborn and I went into the Temple of Light, we first were conscious of the pure fragrance of roses. All at once, the roses became tangible and physical, lying on the floor, couches, and chairs and remained afterwards. I want to tell you, if you will keep out all doubt, one day in these classes, that will take place and the roses will descend, one for every student in the room.

Thank you, "Mighty I AM Presence"! As this greater and greater intensity of the Radiation comes forth, we may expect any wonderful manifestation—not that we should look forward to it, but it is the Law, when we come to a certain point, for it comes into action and nothing in heaven or earth can stop it. Take your attention from it, and do not look for the manifestation. I merely call your attention to it this morning, because they were so near into visibility. I know this is one of the things planned for the future. It is planned for the students and anybody having doubt concerning my experiences, will know then they were real.

"I AM" STUDY GROUPS

ALL Study Groups should, at every meeting, first give acknowledgment to the "Mighty I AM Presence" in Its Cosmic Activity of the Unfed Flame, followed by giving an Invocation. All should sing the Adoration to Saint Germain, followed by giving a decree charging mankind everywhere with His Ascended Master Understanding and Use of the "Mighty I AM Presence." Then sing one of the songs to America giving a decree for her Ascended Master Protection and Perfection, eternally sustained.

Call to the "Mighty I AM Presence" to charge all your decrees with Saint Germain's Jesus', Nada's and the Divine Director's Ascended Master Consciousness, Instantaneous Fulfilment and Activity eternally sustained.

Then proceed with the Study Outline as in printed form. It is necessary that all the Study Groups follow the above request, in order to enable the Divine Director to do certain things for America, the students and mankind, which will release Transcendent Blessings for all.

In all these Study Groups, try to help all to pour out intense devotion and gratitude to the Presence and the Ascended Masters, because in pouring out that Love, it releases the student from his own discordant feelings and allows the Blessings which the Presence and the Ascended Masters wish to give, to begin to act immediately in the Life of the student.

The purpose of all Study Groups under this Radiation, is to enable the students to pour out their devotion and Love through giving the decrees that release the energy required to give protection to America and freedom to all mankind.

At no time should anyone ever attempt to explain or elaborate upon the teachings in the books, for they are the Words of the Ascended Master and are Self-explanatory. All the student needs to do is to read the words, be still and ask his own "Mighty I AM Presence" and Saint Germain, Jesus or any of the Ascended Masters to illumine the student's consciousness, with the Ascended Master's comprehension of what he wishes to know and all will be made self-evidently clear.

No unascended being can improve on the Ascended Master Instruction, Explanation or Words and to attempt to do so is human conceit and nonsense.

The Ascended Master Consciousness is what the students and mankind need to use, in *all* outer activities and the only way to have it become dynamically active for the individual, is for the student to call to his "Mighty I AM Presence" to charge him with Ascended Master Consciousness in all he thinks, says, feels and does. This is all he requires and will always bring illumination and freedom for all.

· DISCOURSE ST. LOUIS ·

October 12, 1936

BELOVED students of St. Louis, who have poured forth so great a Love, such great sincerity and loyalty to the Light, I congratulate you most sincerely. You have enabled Me to render a service for your blessed selves, not otherwise possible. Will you not continue to pour forth, even a greater intensification of your Love to the Light and to your "Mighty I AM Presence," that My Work may continue to expand and fill you with perfect health, joy and happiness; your world with the Perfect Activity of the "Mighty I AM Presence," producing harmony and successful achievement in everything, upon which your attention may be fixed?

I know the beauty of the Light within your hearts, the sincerity that is there, and as the Messengers have asked, will you not each one of you, hold your human intellectual self, in absolute obedience to your " I AM Presence," that the Wonderous Work started during this class may continue to expand, into the Freedom and Ascension for each one of you? It is possible for you to do this, a glorious possibility, wonderful to behold—real, Oh so real! As I have been in your midst these days, in My humble Way endeavoring to pour forth an Eternal Blessing, that will be forever active within you, so My Joy has been added to yours! I rejoice to see the joy, that has filled the Messengers while here in your midst.

Do you not see, Oh Beloved Children of the Light what all this means to your future Freedom? Every law, every faculty of your Being, which you are using daily, when turned consciously and

wholly upon the constructive activity, in the acknowledgment of your Presence, is the definite, certain, all-powerful assurance of your Freedom —quickly. You do not have to wait in this Understanding of your Presence. When your Presence becomes wholly the outer, the ONLY acting Intelligence, then do you not see, how all human outer activity must come into obedience to that Great Light, which is the governing Intelligence of the Universe?

Therefore, these words that I convey to you to-day SHALL carry their qualities into your consciousness, to become permanently active within you and give you their assistance: for instance, the activity, courage, strength, happiness, the power of achievement: perfect health to take command of your body and mind: then the strength of your "Mighty I AM Presence" called forth into action to hold peace, peace, peace, and harmony in your feelings AT ALL TIMES.

With that accomplished, there but remains the Outpouring of your Presence to fill your world with the Perfection which It is. With your command to the Presence for Its Intelligence to act, if you will so qualify it, the Presence will direct you unerringly and cause you to do the perfect thing at all times. Then do not let the human re-qualify it!

It is so very wonderful and so absolutely certain! Not a solitary uncertainty comes within the scope of the acknowledgment of your "Mighty I AM Presence." Remember that! There is NO uncertainty. It is definite, powerful—mathematically exact.

So to-day, I ask you to join Me in the continuous expansion of this activity which I have started

for you, and which you have called forth from your Presence, to be ever-expanding in its activity —ever active—giving greater health, greater activity, most powerful Freedom. Think of it! Think of it, Oh Precious ones! This acknowledgment, can so quickly sweep everything discordant out of your Life—every inharmony that has ever been! With the use of that Wonderous Violet Consuming Flame, think how everything that has held you bound so long, can quickly be dissolved and disappear! Will you not accept this and have the Glory and Freedom which it brings?

You have all authority in your world, through the acknowledgment of your Presence. There is none that say nay to you, for you have free will. Then feel, since you have come to know your Presence and take your firm determined stand, that no longer shall ANYTHING act in your mind, body or your world but your "Mighty I AM Presence." Then you will quickly have the Glory, which It is and which It holds for you.

Again I say to you, there is no uncertainty in this acknowledgment of your Presence. Your Presence IS above you, a glorious, Majestic Being of Light, Love, Wisdom and Power. Out here in the world of human mistakes, do you think for one moment there is anything that has any power to withstand the Out-pouring of the Great Light which dissolves everything unlike Itself? Do you not see that? Do you not see, how in the earnest call to your Presence, it only requires your call and harmony maintained in your feelings, to enable THIS GREAT Victory to be attained? Just as definitely as the sun brings you Light in the morning, will the Presence bring you Freedom and your Ascension.

The joy is so great that fills one's heart, in being enabled to carry forth this Knowledge which is the Freedom of mankind. After so many centuries of endeavoring to carry and convey to mankind the assistance which gives them their Freedom, to-day We are finding the fulfillment of those centuries of earnest effort, and Our Gratitude is indescribable. Now, that the Great Cosmic Light has enabled this Knowledge to go forth for the Freedom of mankind, We can begin to see the fruition, the Eternal Freedom for mankind—opening before us the Gates of Gold to the Golden City!

Think of it! think of it, Oh precious ones! to enter within those Gates that are standing wide open before you TO-DAY, which will never close except at your inharmony. You may enter into the fulness and vastness of that Great Light and Perfection which is there. You have unknowingly turned aside, yet not a word, a thought, a feeling of criticism or condemnation for your mistakes has ever gone forth from your Presence or Us; but Oh my beloved children, when you are ready, come home! Come home and have the Freedom—Eternal Freedom—which your Presence has waiting for you. God, the "Mighty I AM Presence," now coming to be known as your Mighty Individualized Presence of God which beats your heart, is your Home. Could anything be more Transcendent on the face of the earth or in heaven?

In those realms of Light, naught stands before the Glory of the Presence which beats each human heart. So to-day, I want you to feel, Oh My precious ones, how great is Our rejoicing, how great is Our Love, that has poured forth to you

during these seven days: and according to the harmony maintained in your feelings, will that Out-pouring continue to act unabated. In fact, It will increase for your Freedom, Blessing and your Ascension.

The Messengers have made it so clear to you, in the explanation of the Chart, how practical all is, and you find your Ascension is actually true. Will you not accept Its Mighty Reality and allow It to become active in your mind and your world?

Do you not see, loved ones, your Presence is the greatest healing Presence in the world? Oh do not become discouraged. If you make the call, for instance, for health and you do not see results. Say to those appearances: "You have no Power"! Then continue in your application to call your Presence into action. It will sweep every inharmony out of your body. It will act quickly! It will supply to you all that is required, as has been proven in thousands of instances among the students, when they make that call with the Power of their Presence, to give them health and Freedom not otherwise possible. So to-day, I say to you—let naught of the human bind you or prevent you from calling the Presence into action, to give you Its Freedom, and then the Ascension. It IS for you! It is here!

We can only endeavor to encourage and sustain you, until your call becomes intense enough, earnest enough and continuous enough to dissolve the human discord and human limitations, which you have drawn about you through the centuries. Then, you may have that Freedom.

Will you not join Me and the Messengers in this tremendous call to the Presence? Then stand

by it, until that accomplishment is made final? I thank you, for the realization and comprehension which is in your midst to-day concerning these words. I charge them—qualify them—to become ever active as LAW in your being, holding before your outer consciousness the Truth of this Mighty simple acknowledgment of your Presence. To the degree that you hold peace within your feelings, will you quickly have your Freedom.

In behalf of the Ascended Masters, the Legion of Light and the Mighty Angelic Host, I release to you Their Love and Blessing like a Mantle of Light, to enfold you forever in Its sustaining protecting Presence. Will you not accept and qualify It, through your power of qualification, to become ever active within and about you?

Our Love enfolds you forever in Its Transcendent Light and Love, raising, holding you at every step you have gained, unto the fulness of your Eternal Perfection.

SAINT GERMAIN'S EVENING DISCOURSE ST. LOUIS

October 12, 1936

H Beloved Children of the Light, even as the rarest flower sends forth its fragrance, so have you, in the Great Love that you have poured out, given forth a rare fragrance unto the Ascended Masters and the Legion of Light, through which They have been enabled to render you a Transcendent Eternal service. Through that Great Love, loyalty and earnestness to the Light, will come a very great Blessing and Freedom with a speed that will amaze many of you.

I offer to you My Gratitude for having a group, where the Messengers have not been, that is so anchored within the Light and the Understanding of what is given forth in the books, that it enables you to bring an intense enough release from

your "Mighty I AM Presence" to do this. I congratulate you. It but proves to My Humble Self, that My Desire to make this a Great Pillar of Light in your city has not been in vain. You are really very alert—I see by your decrees—and you know, We of the Ascended State love to answer those decrees, which enable Us to pour forth greater and greater Light and Freedom to mankind.

Will you believe Me, when I say, that in two years there has been released a desire for Greater Light, within four hundred thousand people? Does that astonish you? Many of them have not yet been touched outwardly, by this Current of Energy through the Messengers, but they HAVE BEEN touched and will come into the Radiance of this Understanding of the "Mighty I AM Presence" with very great speed. That should give you great joy, yet it is but the beginning.

So try to understand, My precious ones, the opportunity that stands before you. Do not ever intrude this Mighty Knowledge, but never lose an opportunity to pass on this Understanding of the "Mighty I AM Presence"; and urge EVERY ONE NOT to pull after them, that which has lead them to this point. Be grateful for all that has been, but do not try to renew the old worn out garments, by this new and marvelous release of the Light. Mankind should understand, that this is not taking something away from them, but giving them everything for the asking.

The old garments which have been but the clothing of a certain amount of Truth have NOT given you your Freedom. Now thank them for the service they have rendered. Put on the new garment—the Cape of the "Mighty I AM Presence" and wear That to the Glory of God, made

manifest through man. As you do this, you will find Transcendent Assistance always at hand.

Never be afraid to speak the unadulterated Truth of the "I AM"! With the Chart, you can give the eye-picture, the evidence to all who will listen, of the Truth of the "Mighty I AM Presence" which beats each human heart. Do not be afraid of ridicule, oh My beloved ones. This beloved Brother at one time was so timid, yet you see how fearless he is, in conveying the Truth and how he never minces words in doing it. Please do that also. Never intrude, but always give forth this Truth with the enthusiasm of the "Mighty I AM Presence" in action. It is always invincible, when you speak Its Truth. Do not fear. Your "Mighty Presence" will ALWAYS stand firm and unyielding with you, when you take a firm stand for the Mighty Truth which It is, to those with whom you come in contact.

Dear hearts, so many of the blessed ones throughout the country thought they should just lead people along gently, until they could get them up to this point. It is TOO LATE NOW. You do not have time to do it, dear hearts! Now is the need. It is unnecessary to go around Robbin Hood's barn. Your "Mighty I AM Presence" is within you, beating your heart, and is present beating the hearts of the ones to whom you are talking. You have the Chart, to show them the "Mighty I AM Presence," which is the Truth whether they believe it or not.

Be sure of that, Oh beloved ones, and be fearless! Do not wonder what you are going to say, to those who are seeking the Light. Say, " 'Mighty I AM Presence,' You speak that which is going to be spoken! You give your Radiance here and enable this brother or sister to accept the 'Mighty

I AM Presence' of which we are speaking." In that attitude, beloved ones, you can move through the earth and I say, that eighty-five per cent of the people whom you approach will, at least at the second attempt, accept the Glory of the Presence, because every human heart on the face of this earth is seeking this Presence, but does not know it.

Will you not feel the Full Courage of your "Mighty I AM Presence"? Allow it to speak, take command and do the things required—even as you do in solving your own problems! If you do not allow your "Mighty I AM Presence" to take command in solving your problems, then they must remain unsolved, but it is SO easy to say: "Now 'Mighty I AM Presence,' I have gotten into a mess. You take command and get me out of it, and do not let the human interfere with it." It is just so easy, dear hearts. We, Who have gone through physical embodiment and become free, know what you are going through. We know it is sometimes just a little kink in the intellect that still holds sway. You can just give it a little jerk and go on. You do *not* have to stay bound, Oh beloved! Do not let the human hold sway any longer. Arise! arise, Oh dear ones! into the Glory of your "Mighty I AM Presence" and snap all chains of human limitations—FOREVER.

To think that mankind, through human concepts, has allowed this condition of limitation to come about is appalling, when the Light of the Universe—the Intelligence of the Universe—the Power of the Universe beats your own precious heart. Do not let ANYTHING prevent you FEELING this Mighty Truth! for It WILL come into action AT ONCE with the Power of the Universe and set you free.

So to-night in my closing words to you, I want you to understand that you have the Blessing and Assistance of the Ascended Host, the Legion of Light and the Great Angelic Host, Who will come at your call to give you Assistance, if you will make your maximum effort and by that I mean, your earnest sincere call to the Presence. Say to human doubts and fears: "Get behind me! you have had your day, you have had a good time, but you do not have it any more. Now *I* am going to have *my* good time, in the 'Light of God that never fails"!

You know sometimes, dear hearts, you can make a thing let go by just a little bit of ridicule. You can also say to those sense activities: "Oh no! you cannot have power any more! that is human nonsense! 'Mighty I AM' silence it forever." In that way, you can stop the human activity which has bound you, but always be joyously enthusiastic in your application—not serious in any way—for in your joy is the fulness of that which you require.

To-day, in the Love of the Ascended Host and Myself, I Bless you, Oh precious ones, and call the release of the Mighty Intelligent Energy of your "Mighty I AM Presence," to take FULL command of you and your world, raise ALL into your Eternal Freedom and Ascension—forever free.

The need is very great to-day. It is an opportunity for serving, never before known in the history of the earth. Will you not use this opportunity? You, who are so able to spread the Light of the "Mighty I AM Presence," will you not do it? Then one day, when you have entered into the State where We are, and you can look back upon

the earth, you will say: "Was I ever there? Did I ever operate in that octave down there"? Then, it will seem so far away, that you will actually wonder, if you could ever have been there. This is how We to-day rejoice, rejoice, rejoice again and again, for every one who is sincerely reaching to the Light, for We do observe all. We know EVERY one who is in earnest—sincerely in earnest to the Light. Oh how We LONG for them to make their call, or shall I say, We long for them to make the call which makes it possible for us to assist them. You know there is no such joy in the world, as giving assistance to those who want the Light and to be free.

So you should not wonder, if We may help, but make your maximum effort, then leave the rest to the Presence. You can be assured if Our Assistance is needed, It is ALWAYS forthcoming. I am saying this to you to-night, trying to make It so real, so actual and bring It right into your very feeling, anchoring It there for powerful active service in the future. FEEL It for a few moments. FEEL this MASTERY of your "Mighty I AM Presence" anchored within your feeling, within your consciousness definitely. (Pause for a few moments) I thank you, that was very successful.

In behalf of the Great Ascended Masters, I extend to you Their Love and Blessing, as well as My own, to enfold you in Its Wonderous Presence, unto your Freedom and Ascension. Accept It and be free!

SAINT GERMAIN.

MR. BALLARD'S EVENING INVOCATION CINCINNATI

Will you not again accept these words which, I, the "Mighty I AM Presence" have spoken for your Freedom? "I AM" the Life of all creation!

We thank Thee, for having opened the Door for the blessing of these loved ones here. May they carry It forward with them forever. · SAINT GERMAIN'S AFTERNOON · · DISCOURSE CINCINNATI ·

October 27, 1936

FROM within the Glories of the Sacred Chamber within your heart, there has come forth during this class a rare Fragrance and beautiful Light, Eternal Evidence of the expansion of your Light, which has made the Radiance in this room so beautiful. I say this for your encouragement, for I want you to go forward from this day Victorious, charged with the Mighty Glory of your Wonderous Presence—the Presence that beats your heart—ever expanding, ever becoming more intense in Its Purifying Activity, until you constantly realize that you have really entered into the Kingdom. Where do you suppose that Kingdom is? It is your "Mighty I AM Presence."

To-day, there is taking place the Fulfilling of the Law—the explanation of many of the things which mankind has known, ever since our Blessed Brother Jesus left the marvelous example. To-day is bringing the Fulfilment, or shall I say the beginning of the Fulfilment of which He was the example.

Individuals and mankind, in the Knowledge of the "Mighty I AM Presence" being Supreme, become Masters of themselves and their worlds, according to the harmony which each one maintains within his feeling. Be not deceived—ever! *All* your progress—the expansion of the Light within you, depends ABSOLUTELY upon the amount of harmony that you hold within your feeling. Your thought will obey your feeling — always —because your feeling is your power house. Remember that! and after the Messengers are gone, stand guard with a firm serenity over yourself and your world.

There is no provocation in the outer world that ever warrants you being disturbed, when you know that all disturbance is but human creation and prevents the attainment of your goal. Once you understand the forces which are acting in and around you, and most of the time it is not yourself, then you will know how imperative it is to stand guard over your feeling world.

We have been taught throughout the centuries, that we should do something about our thought—we should govern it—but I tell you, it is NOT POSSIBLE to govern your thought without FIRST governing your feeling. This is why, in My Humble Effort to bring forth the correct Understanding of the Law of your Being—the Law of Life —which is so simple all may understand It; you

no longer grope in darkness, but endeavor to reach a PERMANENT solution of your problem of Life. After all there are no problems! There is just a misunderstanding of your Authority, for the Life that beats your heart is All-wise and All-powerful, because it is the Mighty God Presence—individualized.

Through this Understanding, all Ascended Beings have become such. It is not possible for anyone to Ascend, until the individual has a knowledge of the Presence, which is the Life of each one's Being—the True Image and Likeness of God.

Now then, KNOW your privilege, Beloved Students of Cincinnati, and I shall endeavor to convey to you, how great is My Love for you through the Power of Radiation, that will follow you individually. Now mark you, individually! After this class is finished, there will be no let down in any of you. Steadily and surely there is being anchored within the feeling of the students EVERYWHERE more and more of the Conscious Authority, the conscious FEELING of their Dominion in the acknowledgment of their Presence. Watch out for this! Do not accept human suggestions that would disturb you. Silence ALL human discussion within yourself and within your associates, if you would be free quickly. As the Messengers have told you time and time again, refuse absolutely to have an opinion, to criticize, condemn or judge another of your fellow students or groups. To the degree that you will do this, will you find yourselves quickly becoming more and more free, from ALL human limiting activity.

If the Power is anchored within your heart, the Intelligence is also anchored within the brain, in a Stream of Light coming down from the Presence.

Then remind yourself, that your Higher Mental Body knows ALL requirements and will release INSTANTLY from the Presence, EVERYTHING that you require, to produce Perfection in your world, if you will but keep your feelings harmonized LONG ENOUGH.

These things sound simple to you, but I tell you, beloved ones, through long centuries of experience, I know what is required for individuals, and if they will but listen and apply this Mighty Truth, not a thing in human existence can ever prevent their QUICKLY entering into the Great Freedom of their Presence.

You have poured forth so great a Love, such kindness here in Cincinnati and great has been the accomplishment. Only one thing is required. Stand guard over and protect the Light that has expanded from within your own heart! Keep harmony in your feelings and send good will to all. Realize! Good Will is GOD'S Will, the Will of your "Mighty I AM Presence." Do not allow ANY provocation of the outer world to longer affect you or disturb you. There is but One Law—One Life—One Presence—and that Trinity is supplying Life to your physical body every moment.

Many throughout America and the world have wondered and wondered: why human beings have physical bodies—why they were allowed to come into the limited condition in which mankind finds itself to-day. The reason is perfectly logical: because in past ages, when mankind was given free will, individuals steadily and gradually began to claim and hold the power in the form, in the outer activity of the mind, through the intellect. That lowered the rate of vibration of the structure of the bodies, until it has reached its present density.

That activity, having been the reason for lowering your own vibratory action and causing the density in which you find yourselves to-day, then in having the knowledge of your "Mighty I AM Presence," you CAN CONSCIOUSLY ASCEND from the point to which you descended. Mark you! it is *all* the activity of consciousness and feeling is consciousness just the same as thought.

Consciousness, which is feeling, is the means by which your feeling caused the density. Now watch, I plead with you! stand guard! so that not one thing comes in, to mar the great expansion of the Light which has poured forth in this Class. I assure you, IT IS VERY GREAT. I want that Light to continue, if you will let it, that you may very quickly be free, from these limitations which beset all mankind. They are not real. They are simply expressions of YOUR misunderstanding. All mankind has made mistakes. One, from the great standpoint, is no greater than another—All is the falling short of Perfection.

Watch, please, my beloved ones, for the Messenger has called your attention to it repeatedly and it is in "Unveiled Mysteries": the control of those three faculties which you are using constantly. They are SO powerful: your attention, your power of qualification and your visualization. Now, if you will use them in the knowledge of the Presence they become, shall I say, a thousand times more powerful to produce Freedom and Perfection, than they have been to gather about you imperfection, through the misunderstanding of their use.

Your attention, your power of qualification and your visualization, if used in the Understanding of the Presence, as you have been directed so

clearly, will produce the Full Power of the Perfection of your Presence into your world. It CANNOT fail, dear hearts. There is NOTHING can stand before the Outpouring of your Presence, except YOUR OWN FEELING.

Does it not sound even ridiculous to think that individuals have a faculty within them, because of the free will, that even shuts off the Out-pouring of the Perfection of the Presence, the Governor of the Universe? Yet it is true. Your free will is the means which COMPELS you to call the Greater Activity of this Presence into action for your Freedom, and It cannot be done without it.

So, in the Glory of that Radiance which is filling the room with such Joy, Happiness and such Freedom, it IS being anchored within your FEELINGS for CONSTANT active use. As you know the Messengers have so often said to you, this really is the age of speed. To-day let us use that speed for Freedom. It is true the step-up in the Cosmic Vibratory Action of mankind is tremendous.Therefore, this Great Limitless Assistance has been permitted to come forth for YOUR Freedom, and even your ASCENSION.

The Messenger has made it so clear to you through the Chart, how all the activities of Life are as practical as can be. Try to feel the Truth of It. Then it will give you a greater sense of your Authority and power to call the Presence into action, to produce the results that are needful.

Stand guard against ALL human appearances and speak to them in the Authority of your Presence, telling them that THEY HAVE NO POWER. This good Brother has produced such tremendous results through that one statement alone. Please take it up and use it. Say to all ap-

pearances: "You have no power"! and then it does NOT have. Do you not see in that positive, firm statement you stop—you annul—all which would intrude in your feeling and your world, to produce the effect you do not want? It is more, far more, than just those words. *Feel* that for a moment and see how tremendous it is in your world.

To say to a thing undesirable: "You have no power"! means that you have taken out of it ALL power to affect you and your world. It is gigantic. Then, when you follow that Mighty Decree, by calling your "Mighty I AM Presence" into action, to take command of you and your world, produce Its Perfection, take possession and *hold* Its Dominion, you have opened the door wide to that very thing you decree and it CANNOT fail to take place.

I rejoice with you, as do the Ascended Host, in the Love They have poured forth to you here. I rejoice again and again with you in the accomplishment of this class. The expansion of your own Light will ever continue. The Great Host of Ascended Masters, the Legion of Light and Great Angelic Host have come to rejoice and sing such great praise, that They have been called into action, to render this Wonderous Service for mankind. They are the Dispensers of those Great Currents of Energy. So think how great is your privilege to-day, to know of and understand how to call these Great Powers into action, to give yourself, the world and mankind its Freedom.

In the Love, Wisdom and Power of the Great Host of Ascended Masters, the Legion of Light, the Great White Brotherhood and the Mighty Angelic Host, We pour forth Our Personal Blessings

and enfold you in the Light of your "Mighty I AM Presence," which stands ever with Its Invincible Protection about you, with Its Mighty Directing Intelligence, with Its Mighty cleansing purifying Power sweeping in and through you, sweeping out instantly every imperfection—even from the atomic structure of your body—until you stand a Glorified Being, in the Light of your "Mighty I AM Presence"! ascended into your Eternal Freedom of the Presence—a White Fire Being from the Heart of Light.

Our Eternal Blessing enfolds you, until the day of your Victory—your Ascension.

Christmas Eve and from Saturday, December 26, to Sunday, January 3, inclusive.

"All is a glad free gift of Love and all are Welcome."

SAINT GERMAIN'S EVENING · DISCOURSE CINCINNATI ·

October 27, 1936

OUT of the Secret Chambers of your hearts has come the Mighty call for Freedom, not only from yourselves, but from those of humanity who have not yet heard of the "Mighty I AM Presence." To you, Oh beloved Students of the Light, is due great credit for your forward activity, in bringing this release to yourselves and thousands of others who are to follow.

Your great privilege now is to EXPAND your Light—without limit—everywhere you move, in the acknowledgment of your Presence and cause It to pour forth Its Light without limit. You

have before you the Glory of the "Light that lighteth every man that cometh into the world." Remember the Great Assurance given: "Call and I will answer you." This Assurance came from your own "Mighty I AM Presence" and cannot fail.

When you earnestly make the call through your FEELING, you WILL have the response of the Mighty Flow of Energy, in and through your bodies flowing out into your world, setting everything in divine order and producing harmony and Perfection for you, as well as in your environment and the conditions about you. You will see in this activity, Oh beloved ones, that it is not only yourselves, but as your understanding and Light expand and you begin to pour forth a greater Radiance, a greater Love, a greater Harmony, then ALL about you, in your home and your office must also feel It.

It is a far-reaching Mighty Agent of activity, that blesses all mankind with Its ever-expanding Radiance: and as the Messengers once said to you in class, if you throw a stone in the ocean, those waves and their radiation continue to expand almost without limit. So does your Radiance, individually speaking, go forth with unending activity, when you really know your "I AM Presence."

You must realize in observing the Chart, how your "Mighty I AM Presence" is the Governor of the Universe. There is no other authority, and in your choice—the use of free will—you become the *only* authority in your world, in the acknowledgment of your Presence. Will you not FEEL this and then, call your "Mighty Presence" into action without limit? Cause your FEELING to become

so anchored in the Authority of your Presence, that you *are* able to release whatever energy is required, whatever directing Intelligence, healing Power of the Presence and currents of energy, to release you from the human mistakes which you have made.

Mankind's world is full of mistakes, but because that is the case, is no reason why you must remain in them. Call on the Law of Forgiveness to your "Mighty I AM Presence" and then say: "'Mighty I AM Presence,' take command of me and my world! stop this human causation of mistakes! produce your Perfection and hold your Dominion here forever."

I wish you to know, as I am speaking these words to you, that they are being anchored within your FEELING, to give you the Assistance that is required, until you can feel the full Scepter of Dominion in your hands. Remember, use It of course always constructively!

I wish to make it plain to you, as this is the last opportunity for the present: that when you call your "I AM Presence" into action, if the human in its lack of understanding has a wrong motive back of the call, then the Full Power of the Discriminating Intelligence in your Higher Mental Body knows of it immediately. It will set into action those currents of energy, which annul whatever the mistake might have been, and bring Perfection out of that which might have been a human mistake. This is the Power and Greatness of the Presence of which you will have the use and thus prevent all mistakes in the future—if you can but realize it.

The Presence that breathes Life into you, furnishing the energy for your every action, is also

the Mighty Directing Intelligence. As your attention goes to It and gives It the privilege of releasing greater intensity of that Directing Intelligence, It will over-rule the human intellectual concepts, which have led you into so many mistakes. This is the great joy and privilege which My humble Efforts have brought to your attention for use, because all the Knowledge and Wisdom in the world is of no benefit, if not used. You must know that.

If you went to school and looked at your book on mathematics but did not try to solve the problems in it, you would have no benefit. So to-day, in the magnificent simplicity and magnitude of this application, you have the great privilege of calling into action for your blessing and benefit, Infinite Power and Wisdom and with It an Infinite Joy, taking away all anxiety and distress in which the human intellect is so prone to dwell.

So with you, Oh precious ones of the Light, great is Our Rejoicing and Love, that you are comprehending and FEELING the true import of this explanation We have brought to your attention, which you may utilize for your Freedom and Ascension. Dear hearts, do not think for a MOMENT ever, that the Ascension is not possible for you. I tell you, I have gone through the same experience as you and have come to the point of knowing—through actual experience—all the vastness of mankind's activities and mistakes. Then, I too know every detail of that, which you have to go through, have gone through and will yet. Therefore, it has been My Great Privilege to bring forth in simple marvelous Understanding, the Glory of that Knowledge which has given Us Our Freedom and Ascension, into the Eternal

Body of Light—the Electronic Body of the "Mighty I AM Presence"—forever free from all human limitations; forever free from all distress. To-day, We can look upon humanity free from human sympathy, but filled with Divine Compassion and Strength pouring forth to you the Great Strength and Energy which you require, which We could not do through human sympathy.

As the Messengers have told you, remember: "Human sympathy is agreement with imperfection and drags you down into the condition which you try to help. While Divine Compassion lifts you into the Octave where you can pour forth assistance WITHOUT LIMIT and lift the condition into the Higher Octave, releasing individuals FOREVER from their distress." This is the great privilege of every one of you, in the acknowledgment of the Presence.

You can, by calling the PRESENCE of the individual into action, release people from their limitations, release them from their distress. You can lift them into the Higher Octave where they can understand, comprehend, turn and apply the Law, that sets them WHOLLY free from every human condition and thing.

So to-night, it is My Great Joy, Oh beloved ones of Cincinnati, to rejoice with you. Think what it means! for more than 200 years, I have endeavored to render a Service to mankind! and only since these Beloved Messengers have gone forth, have I begun to see the Fruition of My earnest Effort, humble as it was. Can you imagine My Joy, My Gratitude to these Beloved Messengers, who have so courageously gone forth carrying this Message, this Mighty Instruction? I could not have imagined the dauntlessness with which they

have carried it forward. For the first time in two years since they started out, I commend them in public for the determined wonderful service, which they have rendered to mankind, and through the kindness of their hearts will continue to render.

I want you to know how greatly I appreciate the fact, that they have been strong enough to go forth and carry this Instruction untouched, because of their own powerful intense application of their "Mighty I AM Presence." I speak of this for your great, great strength and encouragement, that you may go forth *dauntless* in the face of humanity, FEELING the Power of your Presence, Its great calm Serenity, to direct you every moment in the fulness of Its Activity, to produce Its Perfection in your world.

Dear, dear hearts, FEEL how great is your privilege to have this Infallible Knowledge before you, for It will act exactly, mathematically, minutely, to the degree and intensity with which you call it forth into action. It is more definite than even the mathematics of the outer world. It will act to fulfil EVERY SINGLE CALL YOU MAKE, so long as you keep your feelings harmonized and allow no doubts to enter the intellect.

Now in this Knowledge of your Presence, whatever Strength you require in your mind and body, the Presence will supply. Whatever Courage you require, the Presence will supply. Whatever is within your being that is undesirable, the Presence WILL TAKE OUT AT YOUR REQUEST. Then do you not see there is naught left but the Great Simplicity of your Presence: nothing for you to do but remain harmonious and call your Presence firmly and earnestly into action, to pro-

duce Perfection in your world? Is it too much to ask? Even the blessed children can apply it with dynamic results.

So dear ones, I plead with you to-night to do this and I shall ever pour forth My Sustaining Energy to you for your Achievement. Go forward! allow no human interference! no gossip! naught that would turn your attention from your Presence or create distress within you. All such conditions are but human creation to deprive you of your Freedom a little longer. If you will understand this explanation and stand guard, you will have no difficulty in going forward quickly into your Great Freedom, the Open Door which stands before you.

I am very grateful to you, beloved students of Cincinnati, for the great Love and sincere kindness which you have poured forth to the Messengers. I am very grateful indeed, and one day you shall know how great is My Gratitude. How I may not tell you, but apply the Law of your Presence and you shall soon see why.

Can you imagine, Oh beloved ones, the Great Rejoicing of the Host of Ascended Masters, Who have gone the same way you have and have obtained Their Freedom. When They see others of mankind so nearly entering that Gateway of Complete Freedom, can you imagine how great Their Rejoicing is? You think you feel grateful and happy, rejoicing as you step by step gain your Freedom; but one day you shall know it is only a fragment of what the Great Ones feel and how much They rejoice with you. Think, if you can understand it, in Our calling your attention to Them how YOU can RECEIVE the Rejoicing from Them, to give you greater happiness and

strength as you move forward. Is it not a very marvelous thing to know, Oh precious ones, who have been so long in limitations, that the instant you turn your attention to the "Mighty I AM Presence" or to any one of the Ascended Ones—the Legion of Light or the Angelic Host, that They instantly come back to you in a Greater Stream than you can possibly imagine of Strength, Courage, Energy or whatever is required to give you help and assistance along the way. Will you feel It and will you do it, that you may have at any time all the strength, courage, directing intelligence, assistance and happiness you require at any given moment, to still and to stop all human activity?

Oh, My Loved Ones, the Open Door of Freedom is before you. I plead with you, allow naught of any description to discourage, to interfere or disturb your feelings, in making your powerful application to the presence, to bring Its Freedom and Perfection into your world.

It is My Great Joy and Privilege to pour forth the Love and Blessings of the Great Host of Ascended Masters, the Legion of Light, the Great White Brotherhood and the Mighty Angelic Host, to enfold you in Their Radiant Presence, to clothe you in Their Mantle of Light, which your human form absorbs. Absorb Its Purifying Essence into your flesh body, from within and without and bring Its great, great Harmony and Happiness to you. May you ever abide through your conscious command for harmony, in the Love, Intelligence and Enfolding Presence of These Great Ones, until you too stand in Their Midst, one with Them.

The Joy of Eternal Light enfolds you forever.

SAINT GERMAIN.

"Mighty I AM Presence"! anchor all my feelings so completely, powerfully and eternally in Your Presence and Authority, that it never again is able to act, unless qualified with the Fulness of Your Love and Ascended Master Consciousness—unchangeable forever.

"Mighty I AM Presence"! take complete possession of me forever and never again let any person, place, condition or thing deceive me! reveal to me all that I need to know at all times, and keep this activity forever sustained.

"Mighty I AM Presence"! come forth in Your Infinite Power of the Unfed Flame of Divine Love and compel all human beings to know, see and BE the Truth, the WHOLE TRUTH and nothing but the WHOLE TRUTH! crash into annihilation and oblivion forever all that is not the TRUTH and set every individual free, in the full ASCENDED MASTER CONSCIOUSNESS of his own "Mighty I AM Presence."

In the Fulness of the Presence
Is the Love that you require:
In the Fulness of the Presence
Are the *things* that you desire.

Divine Love is more than a principle. IT IS A SELF-LUMINOUS INTELLIGENT SUBSTANCE. Therefore, call to your Presence and say: "Mighty I AM Presence" fill my body at all times with Your Substance of Pure Divine Love and maintain it forever."

CHRISTMAS

CHRISTMAS DAY really symbolizes the beginning of the Ascension, for the Christ Child is born within the individual and begins to bring the manifestation of Eternal Perfection into his physical experience when the individual comes into the conscious recognition of his "Mighty I AM Presence."

The Christ is in reality the MASTER WITHIN! This means that the Higher Mental Body, the All-knowing-mind of God, has been given full command and possession of the substance, energy, being and world of the personality.

The word MASTER is an acknowledgment and acceptance of the fact that the renunciation has been made by the intellectual or outer activity of the mind and FEELINGS. This means the returning or giving back, into the control of the "Presence," all the substance, energy and management of all outer activities of the individual. This is the complete surrender of the human-self into the management of the "Mighty I AM Presence." The moment that has been sincerely, definitely and completely done in the *feelings* as well as the thought, the Christ Child has been born into the outer world.

From that instant, all activities for the individual and his world begin to rise into the vibratory rate of His Higher Mental Body. When this raising process is completed, the physical body becomes absorbed into the Higher Mental Body, and It in turn becomes absorbed into the Electronic Body

of the "Mighty I AM Presence." This is the practical, physical, vibratory action which takes place. The individual then becomes the Acended Being, Self-luminous, Self-sustained, free and Master of all substance and energy everywhere he moves in the Universe.

The bringing of presents to the Christ Child, really means the giving back into the control of the "Mighty I AM Presence" of all the things of the outer world. He, who is wise enough to do this, begins to ascend the steps of his own Temple of Light. At the top of these steps is the Open Door into the Octave of Light, the Home and Realm of the Ascended Masters—the Father's House.

Then, the prodigal Son has returned home, because the outer personal consciousness is the being who has taken the gifts and inheritance of the Father, the "Mighty I AM Presence," and wasted them in riotous living—discordant living. Every time the individual feels irritated or inharmonious, he has really created a riot in the cellular structure of his own physical, mental and emotional bodies.

Only the MASTER WITHIN, the Higher Mental Body, can restore harmony and order, because the Higher Mental Body contains the Discriminating Intelligence from the Presence, and only It knows what to do to re-establish Perfection which is the Law of Life—FOREVER—for all.

"The Father hath committed all judgment unto the Son," means that all discriminative, selective Power is focused and acts through the Higher Mental Body. "Mine eyes are too pure to behold iniquity," means that the Electronic Body is expanding Perfection through Itself and Creat-

ing Perfection at Cosmic Levels of activity, for It knows nothing of the problems and struggles of the human personality. The Great Plan of Life has focused all Power, that is necessary to govern the needs and activity of the physical experience of Life, into the Higher Mental Body. This is the Christ Self, the Master Within, for the Higher Mental Body can blend into the actual physical body or It can withdraw above it or stand beside it, according to the harmony or discord that is allowed to express in the feelings of the individual.

If the feelings become discordant, the Higher Mental Body rises entirely out of the physical body and stands above it connected only by a Silver Cord of Life-Energy, flowing down from the Electronic Body into the physical.

Let us all explain this Great Law of Life to all who are receptive, that the Christ Child within every human being may now be born—this Christmas season—through the Ascended Masters' Understanding of this "Mighty I AM Presence."

To all, who will accept the "Mighty I AM Presence" and call It into action to take command of *all* outer activities of the Individual, the Higher Mental Body then becomes the Master Christ, grown to full Stature. From then on, It always speaks and commands with authority. This is the assurance and Victory of the Ascension, for all who will accept and apply this Mighty Law of the "I AM Presence" for their Eternal Freedom.

We command in the full Authority of the "Mighty I AM Presence" that: the Master Christ, grown to full Stature, shall be from now on the ONLY ACTING PRESENCE in mankind throughout the earth forever.

"I AM" STUDY GROUPS

EACH Study Group should consider itself as a Holy Grail or "Cup of Light," which the Ascended Masters wish to keep full to overflowing and pouring out constantly to all who need it and for the protection of America and the world.

The intensity and power of that Light depends upon the harmony and purity of those who compose the group, for through a soiled garment that Light cannot shine. Therefore it is the duty and privilege of every student in the group and the leader to keep calling the "Mighty I AM Presence" into action to keep the group pure and Radiant with the Light of the Ascended Masters for the protection and illumination of all.

Whatever service you and the group wish to give should always be first qualified with the full Love of the "Mighty I AM Presence" and Ascended Masters in Its cosmic activity of the Quenchless Flame. The students should understand that it is imperative for them to quiet their feelings before coming to the meeting so they can bring as much joy, love and blessing as possible for the Ascended Ones to amplify and direct to the place it is most needed.

It would be well near the beginning of the meeting for all to give a decree for the ease, peace and comfort of everyone within the group and then expand this until it includes all mankind. Call with all the intensity of your Beings for the release of that Light and Love as of a thousand suns, for the healing of the nations forever.

PRECIOUS Young America! you are the Bearers of the Light for the "I AM Age"! To you, we must entrust the carrying on of the Work of the "I AM" brought forth by Saint Germain.

There is only one way to do that and it is to constantly keep calling for the Ascended Masters' Light and Consciousness in everything you do. This work can only be done by Their Ascended Master Consciousness, Light and Love. We ask you to charge everything in your Being and world many times a day with Ascended Master Consciousness, Obedience, Self-control, discrimination, management, Light and Love.

It takes Ascended Master Consciousness, which is "The Blazing Light of God that never fails," to dissolve the fog of human creation and distress. We are making that call for all of you. Will you make the same call for the rest of humanity? Some one must do it or mankind will never awaken from the sleep of human discord.

For every problem you, your associates or the rest of mankind have to-day, can only be solved by calling in the Light of the "Mighty I AM Presence." Say often: "Mighty I AM Presence"! take this ....into the Quenchless Flame of your Mighty Light and Love, where all dissolves instantly into Thy Almighty Perfection Eternally sustained.

· THE DIVINE DIRECTOR'S DISCOURSE · · AT SINDELAR'S CLASS ·

· *December 23, 1936* ·

UT of your hearts, Oh beloved students, there is coming the Light, *in Its fulness*, "that lighteth every man that cometh into the world." You who have so earnestly been reaching out to your "Great I AM Presence," the Source of all Light, Love and Intelligence of everyone anywhere in the Universe, have found peace and rest in action. Without action, Oh precious ones, there would come disintegration. So in your reaching forth, remember that you are not just reaching alone for yourselves—Oh far from it—but to bless the earth and all mankind therein; for in consciousness there is no expression; in feeling there is no expression; in energy there is no expression; in substance there is no expression without use.

So you see the Oneness of all things, when correctly understood, will bring to you a sense of Freedom, a sense of your responsibility to each other, until not a single one will wish to have or feel a single discordant thing; because they will know that they are affecting all others, at least in their environment, at least to some extent. Therefore, thinking of the other individual's happiness, they will not allow a thing to pass through their feeling that would bring unhappiness to others.

Is that not a beautiful thought, is it not a beautiful Truth to realize one's own responsibility to his fellow assistants, also to their environment and for instance, to your city? You want your city to become beautiful, perfect and peopled with those individuals who will manifest Divine Justice. Then, how are you to achieve that

in your individual activity, in your city, in your Groups which are so magnificent? By calling your "Mighty I AM Presence" into action as you are doing in this group.

Dear ones, the achievement through the issuing of these Decrees throughout America, is one of the most transcendent things in the history of the earth. I say this not not to pat you on the back, but that you may feel the Glory of your earnest achievement; for one day not so far distant, you will see the outer manifesting activity of what your Decrees have set into action, in the mental and feeling world of mankind.

Oh be patient, precious ones, in dissolving and consuming all of the old momentum. Fortunately, you do not see that which has been built up through inharmony and discordant thought and feeling. One must be patient until all that becomes dissolved, but as you call your Presence into action—aside from your use of the Violet Consuming Flame—this all naturally takes place. It becomes like a revolving wheel, until finally there is carried out of your world, dissolved and consumed, every undesirable thing.

That is why I say to you in our heart to heart talk to-night: Do not be impatient, if your achievement has not been all you wish so far; but remember all of the centuries, when you did not understand this Presence. Then, if you clear your world in a few weeks, a few months or even a few years is it not worth it?

Remember, We Who have gone the way unto that Great Perfection where We no longer hear tell even of such a thing as imperfection, except when we contact the world of human creations,

We know all that you require! We know all you have to go through and We also know that no human being ever did or ever will achieve Free dom, except by his own conscious effort.

Now to-day, in the understanding of your "Mighty I AM Presence"—the Greatest Source in the Universe of Love, Wisdom, Power and Directing Intelligence—you have at hand a means by which you may attain in a few weeks or a few months what would have taken you perhaps two or three embodiments to accomplish, in the absence of the understanding of that Great Presence. Therefore, have you not everything in the world to be encouraged about?

The individual who will stand serene, calm and poised in his own Self-control—in the acknowledgment of his Presence—will have no question in his mind of his certain achievement. Beloved ones, just look! to-day you have the assistance of the Beloved Messengers and of each other, when in times past there was no such thing as that. Every individual stood alone, *absolutely alone in his attainment*. To-day you have the Love, the co-operation and the decreeing for your Freedom, your supply, your Ascension.

As the Messengers have said to you, great is the privilege of issuing these Decrees in Great Groups in this manner; for then, if you have four, six or eight hundred people, you have four, six or eight hundred times your own earnest call, a thing that has never been permitted on the face of the earth before. You only have It now because of the Great Cosmic Light which is rushing into action in the earth, for that is the only thing that has made this possible.

I assert to you again: Never in the history of the earth has mankind had such great assistance. So never let your human self, which has held sway so long, cause you to feel one moment's discouragement or feel you are not attaining all that your heart desires. When you reverse the activity from within out, instead of without in then you find a raising, raising, raising and consuming all that is undesirable. As you call this Great Presence into action, you find suddenly all of this undesirable accumulation is gone.

Then you feel the clearness, the alertness and the Glory which words do not describe; but which the feeling knows in its great calm serenity and Perfection which it has reached. You to-day are reaching that Perfection so rapidly from within out; because that is the only permanent means of achievement and attainment that you can have which will stabilize you. The human is never dependable, you all know that; but to-day, when so much of the human is being set aside and you feel the greater calmness, serenity, peace and rest within you, then you know that is your signal to go on, on and on, until one day the Joy just expands from within the Light within your heart; until no longer is there a single feeling within you of anything but Gratitude and Love to the Great Presence which gives you Life.

Dear, dear ones, think of It! the Life that flows through your Being, the Great Source of all Perfection! Only by your power of qualification has It not produced the completeness of Perfection in, through and for you.

Now, when We have an opportunity to talk to you in this manner, just like a home heart to heart talk; will you not believe Me when I say

to you, that the most important thing in your whole experience is to *keep your feelings harmonized:* that the power, the energy, the Intelligence of the Presence can flow in, through and out into your world to do the things required; because without that you only have a fragmentary part of this activity?

Your power of qualification is so great. It has to act! The energy MUST take on the quality you give it by your feelings! Now, let us not just hear these words, but let us live them. Do not go on precious ones, believing that you still can find a loop-hole for allowing inharmony to act in your feelings and have the results you desire. You cannot do it; but if you will take your firm determined stand to cease allowing inharmony to register in you, then the Presence will quickly send Its power through to flood your world with the Perfection which It is.

Your Higher Mental Body, precious ones, knows everything you require. It is not an imaginary thing. It is a Great Reality—a form as tangible as you are; but It cannot over-rule your free will. Only as the Great Cosmic Law to some degree has permitted it, but not sufficiently yet to enable It to act—except within a few—is the law by which you have created all the discord, allowed to be set aside.

We use this opportunity to again and again strengthen, encourage and let you know that We stand ready at all times, to give you the Assistance which the Great Cosmic Law has provided at this time, or enabled to be given. Will you not take advantage of it?

Now do not be frightened when I say this; but

the Great Cosmic Law is not always going to permit this. In a few years, I may not say to you just how many, the Great Cosmic Wheel will have turned to a point where again such Tremendous Assistance cannot be given in exactly this manner. Therefore, I urge you, precious ones, and all everywhere, who are interested in this Inner Truth which Saint Germain has brought forth, to take advantage of *It now* in Its fulness at this time; when you have almost Limitless Assistance within your reach; when you can do within a few weeks what might afterwards take you years to accomplish.

To-night, I want you to know that never have you had so great a privilege. Many of you have had the evidence, in fact thousands and thousands of students have had such marvelous evidence of the Power of the Presence to act in their Life Stream, that they no longer question a single moment Its Full Power to act; so long as they can harmonize themselves sufficiently, to let Its Power and Energy flow forth unqualified by any discordant feeling within them.

To-night, remember again, you must use your Violet Consuming Flame, even when you are still; when your feeling is harmonious; because of the constant raising to the surface of the old discordant thing to be dissolved and consumed. Dear hearts, do not, do not ever get tired of doing these things that give you such Eternal Freedom. You get weary at your daily labors to feed and clothe yourselves, do you not? Yet you get up the next day and go on again at the same old process. Now, you have an opportunity in the acknowledgment of your Presence to set your-

selves forever free from all limitations, from all outer struggle of gaining a livelihood through the sweat of the brow—a thing that was never intended in God's Kingdom. Oh, for that day, when the Law permits Us to show you how, with the turn of the hand, everything you require for use can be released then and there! Yet mankind has brought itself into a state where individuals struggle, struggle and struggle and go through such unhappiness for clothing, shelter and comfort. Yet all is obtainable from the very atmoswhere about you!

When I say that, I mean the Octaves above where all Perfection is. It only requires a certain activity to lower it into your visibility and use; because the Universe is filled with the substance from which all form is produced whether it is your machinery, whether it is your trees, whether it is your bodies or whatever form comes into being. That substance fills the Universe and only requires an Intelligence to bring it into a definite focus, qualify it and give it the picture that it must fulfill, for it to do so. Is it not a simple process? I assure you it is, but because of mankind's thought and feeling, they have made it so seemingly difficult.

I want to congratulate our beloved Brother and Sister, Mr. and Mrs. Sindelar, in the beautiful loving wondrous work they have done in the Magazine under such great difficulty. May I say it has been wonderful training, and I congratulate you, my Brother, with all my heart. Out of it will come a great, great, great blessing to you. Oh never weary, my loved ones, of serving the Light; for when the Light turns about and begins to serve you in the fullness of Its power, then will

you rejoice at those wonderful days in which you served the Light. I say this to all of you.

You blessed ones who earnestly seek to serve the Light! Oh dear ones, when that is reversed and the Light from within you — from this Great Presence — begins to turn about and serve you, then will you know the Glory and the Power of those wondrous days you spent, in your earnest endeavor to serve the Light. Oh, that you may have the feeling that goes forth from My Heart to-night, as I speak these words to you. It MUST reach within your feelings and remain there. Let me repeat again: In your earnest endeavor to serve the Light it means, that one day the Great Light will reverse that activity and begin to serve you. Then the Gates of Eternal Freedom open wide and you are free from all struggle of any kind.

Precious ones! how little yet you realize what your radiation is to those about you. That radiation is as tangible to the feeling of the other individual, if they understood how to read it, as your written word is to each other. Therefore, the importance of Self-control and harmony within your feelings is so great, so do not unknowingly send out a feeling which will disturb someone else and cause them to lose their equilibrium for the moment.

Do you not see how great is your responsibility to your fellow Being? It is so very vital. *We are responsible for the vibratory action that goes out through our feeling* and its radiation is very tangible. Do you wonder, precious ones, sometimes when people call to Us so earnestly and yet their feeling is such a seething vortex of irritation and disturbance, that We could not get near? I marvel, that mankind or the students do not realize this

more than they do today, after all the earnest efforts of the Messengers.

Dear hearts, it is not in criticism or condemnation of anybody—but it is a Law of your Being and if you allow those things to take command of you, then you are responsible and you are delaying your progress. I will not say how long. That is why to-night, I take this opportunity to again prompt you to stand guard over your world, over your feeling which is the power-house of your world, and compel it to be harmonious and remain so.

Do you ever think that it is not outer things that irritate and disturb you? It is just your feelings. The human likes to pick upon one thing or another as an excuse for irritation and disturbance. It is just an excuse, but the cause dear hearts, please believe Me when I tell you, that the cause of everything is within you. If Love from the Presence is poured out everywhere, then you will meet that Love coming back from everyone else to you; but if some day, you are pouring out that Love and the same thing does not come back, well do not be discouraged about it. That will not be your fault; but continue to pour out Love just the same. Then one day, will you find never anything coming back to you, but that Great Loving Presence from everywhere.

You know the statement that you used to use: "I AM here, I AM there, I AM the Great God Presence acting everywhere." That is what We want to feel coming to us from everywhere, the Great Love of the Presence which must and does act through every human being, who will let It through every form that will give it the chance.

To-night, Oh beloved ones, there shall be an-

chored within your feeling world this balance of Self-control. You think you love each other. Do you think I Am old-fashioned, if I say to you, We love you so much more, so much more than you could possibly yet love Us or each other? That is what comes in the Freedom from human creation. You see, it is only the PRESSURE of human creation which makes the individual unable to register and have the full Feeling and the full Power of the Presence acting.

When you use the Violet Consuming Flame and call the Power of the Presence into action, remember that your determination is the outer activity of the Inner Will, which is the Presence. Therefore, at first it requires determination to stand your ground against your own human creation, that the Power of the Presence may go forth unqualified longer and dissolve and consume all the undesirable creation.

Oh dear ones, please do not be so concerned about the other fellow. Remember, when someone does something you do not like, he still has an "I AM Presence." Turn him over to his own "I AM Presence" and say: "Here, 'Mighty I AM Presence' you take care of this fellow down here"; and you will have relief and release. You will not let a feeling go out from you that will retard your Expansion of the Light. This is the tragedy, dear hearts, of irritation and disturbance in the feeling. It is but retarding your own feeling and progress and the Expansion of your own Light. Do you not see that is the whole of it? Oh it does not matter what someone else does! It does NOT matter! Keep your feelings harmonized that the unqualified Energy of the Presence, which is wholly Perfect,

can go forth to you and into your world to perform the required service. It is magnificent beyond all words—simple and within the reach of every one, but so magnificent!

To-night, does it sound presumptious upon My Part to say, just to look you right in the eye and say to you from My Heart: "While the Messenger has been giving you My Words, there is anchored within the heart of every one of you My Ray of Light, of Love and of Substance." I want to congratulate our beloved Messenger, Mrs. Ballard, for the marvelous idea she recently conceived of qualifying every one of the students with the Ascended Masters' Substance, which the student could no longer requalify. Is that not a marvelous thing?

Again, do you not see, precious ones, how step by step is released the fulness of the Understanding of the things required which gives you your Dominion? From what? From your human self and its creation; because that is all that is necessary. You do not have to worry about the other fellow.

To-night, I feel so close to you that I almost delight in using your own language and words to speak to you; that you may fully comprehend and feel this closeness. We, as Ascended Beings, We are not so untouchable and please do not feel that. We just love to be of service to you. Will you not *always* feel that? When the pressure seems a little too heavy say: "Beloved Ones of the Light I need help." It will ALWAYS come.

Once you know that YOUR Love and Gratitude to your "Mighty I AM Presence" is the Open Door to the Treasure-House of the Universe, to all Love, Light and Justice never can any injus-

tice be done you. In this day, when so many of mankind are feeling and preaching injustice, when you understand your Presence NEVER can any injustice ever act to you. The Presence is the *only thing* in the world that can prevent injustice being done to you individually, to your city, to your nation. Divine Justice is a Law of Life and when one knows his "Mighty I AM Presence" and earnestly, continuously, calls It into action, he will one day find the Full Power of Divine Justice acting within him or her or each one's world.

Oh dear ones, understand the simplicity of this Great Law and set It into action! Then stand by It, until the fulness of Its Power produces the results you require. That is what you want to do.

May I, in closing, congratulate you on the Great Love that you have poured forth and for the Love which you have poured forth to these precious Messengers? No matter what they have had to confront, the inharmony or whatever has been, still they go on pouring out only the Great Love of the Presence; for they know so well what it means to you. No matter how great the pressure has been, nothing has been able to change it. I congratulate them, even as My Beloved Brother Saint Germain has congratulated them, on one or two instances. So do I to-night, congratulate them on their ability to stand untouched by the inharmony about them and pour forth the Love which sustains and holds individuals from destruction.

I could point out to you conditions, that would give you such joy wherein they have stood unmoved, untouched by inharmony of which they were aware, and yet the individuals own destruction has been prevented by it. So dear ones, never

grow weary of loving and kindness. Our beloved Harry Roger's motto is a wonderful thing: "Be kind, be grateful, be reverent, be humble." Dear hearts it is the most wonderful thing in the Universe!

I wish I might show you records We have, for in this particular instance, We have kept records —not complete but nearly so—of the effect of the kindness of mankind to each other; how a kind word or a hand laid upon the shoulder of another will sometimes give encouragement and strength that will sustain that one indefinitely. Never withhold a sudden impulse to give a kind word or place your hand on the back, whether it be a man or a woman. Human opinion, in its great falsity thinks that if an individual, a man, lay his hand on a woman's shoulder in kindness that it could be misconstrued. Oh dear hearts, our beloved Messengers here have stood forth before the world; and if they feel the impulse to put their arms around a man or woman to give encouragement, they do it! No human being dares misinterpret it! That is the way mankind should be! So dear ones, with all the Love of Our Hearts and with your Love to your Presence and Us, We will all win the Eternal Victory quickly.

To-night has been a wonderful time, a wonderful hour of rejoicing; for not only just We who are here, but to the beloved students throughout the city, has this Radiance gone forth to-night, doing Its Perfect Work.

My good brother Charles, was not your call answered? We never fail to hear. I congratulate all the students everywhere, for their assistance in decreeing and bringing forth the new Press. We shall bless that new Press to-night and do you

know that even the substance of the Press can be charged with Intelligence to do many wonderful things? As I said, if My intuitive powers serve Me correctly many things will be done with it.

Again may I congratulate you my beloved Brother on your steadfastness, your willingness, your tireless work. From now on you will enter into greater ease, comfort and Perfection, in that Great Light and Perfection which is surging forth so earnestly from within you. Please convey My Love and Blessings to those two blessed young men who have been so steadfast in your assistance. It is wonderful, dear hearts, to work with a thing that so easily produces Perfection; but to work with a thing and produce Perfection which is beyond its ordinary capacity is quite another thing. So We want to give the greatest encouragement, and remember this is the third time I repeat these words to you to-night: Remember, dear hearts! In your great desire to serve the Light, one day the Light reverses that and says: "Now I shall serve you"—a most wonderful thing. Will you not all buckle on your armor? Continue to serve the Light! until that day the Light says: "Now I shall take my turn and serve you."

I thank you.

· THE GOD MERU'S TALK AT THE · · ROGERS' CLASS JANUARY 21, 1937 ·

MY CHILDREN OF THE LIGHT, in your song to-night acknowledging the Freedom of America, you brought forth the release of a Great Cosmic Power. As My Focus of Activity is in South America, so do I also join in the Freedom of the Americas and the world.

Children of the Light, be forever certain and reminded by the Great Host of Ascended Masters of the majestic privilege you have in rendering a service to the great mass, unknown in the

history of mankind. A few have had this privilege, but you to-day are Children of the Light of the many civilizations in which you have lived, sometimes higher, sometimes not so high. Yet in this embodiment you enter into the culmination, the balancing, of that which your Inner Light has sought in every embodiment.

To-night there is one who is in your city from South America, whom I have been watching for sometime. As you may have observed, We never lose an opportunity to watch the expansion of the Light in every one of the beloved Children of the Light; until the Light in each one expands to the point where We may give Assistance to quicken It into the fulness of Its Mighty Glory; that the individual may become a Blazing Sun of Light wherever he moves. Then We may envelope such an one and pour forth a Mighty Radiance.

Precious ones of the Light, Oh that you might fully, quickly, realize that you, even in the present state of the expansion of your Light, can become a Blazing Sun of Light wherever you move!

I say to our Blessed Children of the Light who are soon to go to Norway: We thank you for carrying the Light there. Remember you are rendering a transcendent service. We watch the blessed ones going here and there, and those who stand so loyally to this Instruction which Saint Germain has brought forth. Oh, how great will be that blessing to them. Oh, how quickly everything comes into Divine Order and is so sustained.

Watch! be alert Oh Precious Children of the Light. Silence every discord and inharmony that attempts to find expression in your world, either through yourself or outside. Then you will find

great calm, peace and serenity fill your world, filling your heart, until, when you call, there will quickly come the answer from the Presence. The Messengers have plead with you for harmony because there is the imperative need of harmony and stillness in your feelings. Once you realize this, you will find that in the stillness there will come *always*—quickly and clearly—the answer required. It cannot fail. Oh beloved ones! do you think that your Presence, the Governor of the Universe could fail? Do you not see how incredible such a thing would be and that it is only the human concept which longer prevents you from entering quickly into the Freedom which the Presence is?

Believe, Oh precious ones, the experiences of this good brother on Mount Shasta where the Light descended rendering a service so great! There is not one in this room—and this is no exaggeration—there is not one in this room, through whom that same service might not be rendered. I tell you, precious ones, your Presence is not limited to Its Activity in and through you, except by your feeling world. If you will feel the FULL AUTHORITY and Power of your Presence, and then be just so still, you will quickly find, that this Presence is a never failing release of all that is required.

THE HAPPINESS WITHIN YOUR FEELING IS THE GREAT GOLDEN KEY WHICH THE LIGHT OF YOUR BEING TURNS AND THE DOOR OPENS INTO YOUR FREEDOM. In the Presence is all you require, not yet possibly in outer manifested form; but the pattern or idea, the Intelligence for its Perfect Manifestation in

any required form is there, within the conscious acceptance of your Presence in your feeling world.

We wish all might feel this so clearly, so freely, Now, during the remainder of the time that I am speaking to you, because We always endeavor to render at least one service during a given period. Will you not feel with Me EVERYTHING within your being that has bound or limited you *let go?* I say: *All human creation that has limited or bound these Children of Light, LET GO! All human creation that has limited or bound these children of Light LET GO NOW!* and be replaced by the Full Power and Perfection of their "Mighty I AM Presence"—*in full Power and Action!* We accept this in the full power of Its activity, for every blessed one and qualify It to be eternally sustained in this MIGHTY ACTIVITY. Please, in your mental and feeling world, accept that your human creation IS FULLY SILENCED.

From each Great Focus in the atmosphere of earth there are being released Mighty Currents of Energy to help all individuals set themselves free. One comes from that Mighty Ancient Focus in South America, the Great Province of Peru, which once knew such Great Light in its outward expression. The Great Light, Oh beloved ones, is still there and ere long there will stream forth three Great Rivers of Light. The world, in spite of its appearance, is being bathed in the Glory of God, the "Mighty I AM Presence," and ere long hundreds of thousands will know their "Mighty I AM Presence."

In Norway, We once met many of those Great Beings of Light whose province it is to assist the children of earth. We, seeing that this Knowledge of the "I AM" is reaching so near Our Great Focus

once held there, I take this opportunity to thank those who will go forth and expand it there. In their quiet of the few past months, I want them to know it has been for the building up of Energy to go forth in this service. May this Blessed Trinity rejoice.

I wish to-night that I might talk heart to heart with each one of you and cause you to feel My Heart throb in that which I know is being quickened into action for you. As Beloved Saint Germain's Joy has been so great recently, so too are We feeling and pouring out to you Our Joy, that you have the simplicity of expression which brings such majestic action. In the simple words: "The Power of your Attention," do you not see, Oh precious ones, that it is the *simplicity of thought and expression which brings the great release of the powers of Freedom?* Only in the complications of expression is the Truth so often hidden. Ever shall Saint Germain be blessed for bringing this Knowledge of the "Mighty I AM Presence" forth in such simple language, that all may understand and apply it. So We are blessing Him as greatly as you are for that Great, Great Service He has rendered.

You know sometimes you are not always obedient. Sometimes We are not, in this way: Saint Germain had asked, that We refrain from commanding Him. Chananda said last night to Saint Germain: "I AM sorry to disappoint you, but I have got to do it." So you see We too are sometime disobedient, but We too call on the Law of Forgiveness and try to do better the next time. So will you not feel with us such great joy and happiness? Could vou conceive of anything that would give Us such Great Happiness, as to see the ex-

pansion of your Light and the Freedom that awaits you so near at hand? Oh, it is no longer a long drawn out activity. Just forget that part of it! It is not long any more. Just rejoice, Oh with so great a rejoicing, in every day calling the Power of your Mighty Presence into action to cleanse, to purify your mind, body, world and your homes! Oh those homes, Oh what a feeling! what a feeling is in that word "Home"! Every home in the world in outer manifestation should be a Sacred Altar of God in Action. What a world! what a heaven on earth that would be! Oh for that day—do not feel Me critical when I say this, but Oh for that day when once again mankind—notice this expression—is unpiled from on top of each other. Then, individuals will not worry whether their "Mighty I AM Presence" is in someone's else apartment. However, I would advise all not to worry about that even in the present state, let the Presence take care of it. You may be sure the "Mighty I AM Presence" is quite able to take care of Itself.

We see from that Great Field of Activity, the vicinity of Lake Titicaca, from which one day shall be released again Its Great Powers. Many of you will see and know this of which I speak. Remember that not so far from this Great Focus of Light there was one of the greatest destructive activities on the earth. There are caves in our Beloved Andes where one day, there was broken up the greatest focus of darkness on the earth. In that age, the final battle was won between the Light and darkness. THE LIGHT OF COURSE ALWAYS WINS, AND SO IT WILL AGAIN IN YOUR BELOVED AMERICA; IN OUR BELOVED AMERICA.

In your song to-night you touch deeply within My Heart. Hence, Great is My Joy to have been present with you and rendered a Service which it is My Privilege to give. May I remind you, just at this point, how great is this uplifting activity: how great is your happiness, when you have rendered some service to each other out here in your world of action? Then can you just imagine for a moment Our Great Joy, when We find an opportunity, sometimes even to Us wholly unexpected, to render a Service sometimes very far reaching? *To-night it is far reaching, from the Andes to the Sierras.* Does that sound like a long distance? Well it is not! That is the human concept which says so. To Us who have forgotten, so far as Our own Activity is concerned, that there is time and space, is it any wonder We feel there is no distance? It is possible for every one to become so conscious of his "Mighty I AM Presence," that he has no cognizance of time and space. To feel it or to be so imbued with this feeling, that you do the activities of the day as though it were an hour or perhaps a few minutes is joy unspeakable.

You know how often in your contemplation of the Presence, one, two or three hours pass and it seems but a few minutes? That is a slight intimation to you of what it really means to transcend time and space. The Great Cosmic Law is now permitting this to be done more and more for the children of earth. Thus it is hastening, quickening powerfully, your own call for the Freedom of all mankind. You, who are privileged to know your "Mighty I AM Presence" in ths way, will find yourselves a Thousand Petaled Lotus, Its Thousand Rays reaching out everywhere to bless, to heal, to prosper and enlighten.

Our Precious Lotus! We thank and Bless her for her ceaseless service and her great happiness in that service. I shall for one stand by and see that she never lacks for energy and strength. Your Love is Oh, so great in its outpouring to her, and I thank you with deepest gratitude. Notice, dear hearts, how the great earnest call to the "Mighty I AM Presence" dissolves and clears away all mists of human creation. A great number of the earnest "I AM" Students are fast surging forward into Its Great Peace at first: then the feeling of their Mastery over their worlds: then the feeling of a Great Love and Kindliness pouring out to ALL mankind which opens every door before them into whatever activity is required.

Oh precious ones, do you not see that those who have felt jealous and inharmonious, just fade out of the Light, blaming others, when only within themselves is the fault? Oh precious ones, so many of these are precious ones, whose Light is very great; but when they become caught in that snare of jealousy, criticism or condemnation, their own blessed door just closes temporarily and they feel alone in the world. I, with you to-night, call to the "Mighty I AM Presence" of each one of those precious ones, who have for one reason or another allowed themselves to feel unkind to the Messengers or critical: "Mighty I AM Presence," dissolve once and forever every human creation, cause and effect and set those blessed ones free in the Light, that they may have the freedom which is so near them.

If only mankind and the precious students could see that the moment a discordant feeling stirs within them, it is just the sinister human creation which would bind them longer in their

limitations and distress. Oh, that all might understand this and be so firm in their refusal to speak or accept from others any inharmonious expression, then their worlds would quickly be at peace, filled with the Glory of the Presence and the abundance of every good thing they require, for use in the Service of the Light.

The God Tabor, the God Himalaya and the God from the Swiss Alps join me in pouring forth to-night a four-fold Activity for your blessing, for your Freedom. May I ask you to accept the FULNESS of it to go forth and do its perfect work for you?

· AFFIRMATION ·

"Mighty I AM Presence"! Great Host of Ascended Masters, and Great Cosmic Beings! annihilate all fear, doubt, grief and hate entities within and around all mankind the earth and its atmosphere forever and replace them by the PERFECTION OF THE ASCENDED MASTERS ETERNALLY SUSTAINED AND SELF-EXPANDING.

· OUR USE OF WORDS ·

IN THIS Ascended Master Instruction of the "Mighty I AM Presence," the word human is always used synonymously with the word discordant, as distinguished from the Perfection of Divinity.

When the Ascended Master says annihilate or blast, the student and readers should realize, that you cannot annihilate or blast God or God's Activities from the Universe or anything that is truly of God. Nothing can be consumed, annihilated or blasted, but human creation and that needs to be. Please remember no one can annihilate or blast God.

Whenever the use of those words occurs in our decrees, the students and readers cannot possibly misunderstand this work, when they know that we say in our decrees: "Mighty I AM Presence" and Great Host of Ascended Masters come forth and annihilate or blast all destructive forces act-

ing within any channel." If the individual has any intelligence at all, he will see that we call to the "Mighty I AM Presence," which is the Godhead, and the Ascended Masters to do the annihilating or blasting; because we know that God is the only Doer of any constructive action. The only thing that God or the Ascended Master could do would be to annihilate or blast the discord and impure qualities that need to be annihilated and blasted.

The real action of the Law that takes place is, that the "Mighty I AM Presence" or the Ascended Masters project the Sacred Flame of Divine Love, which is the Highest Rate of Vibration in the Universe, into the condition that is destructive. This is the most Powerful use of the Pure Electronic Force and as it passes through any person, place, condition or thing simply purifies it, by increasing the rate of vibration to the point where no discord can any longer exist.

We have said repeatedly: "The Ascended Masters never use a destructive force and neither does the "Mighty I AM Presence," which is God — GOOD—in action." NEITHER DO WE EVER USE A DESTRUCTIVE FORCE. Therefore, any other interpretation of this *Magnificent Ascended Master Instruction*, which is FREEDOM FOR ALL MANKIND, is vicious, willful intentional distortion of the MIGHTY LAW OF THE "I AM PRESENCE," which is setting mankind free from just such viciousness that has bound human beings throughout the centuries.

We say to all, who try to distort, misinterpret or interfere with this Work: "You have no power! and your own viciousness shall return upon you and annihilate itself."

·FREEDOM·

· REGARDING PLEDGES AND OATHS ·

DEAR BLESSED ONES everywhere, who want the Light of God and your Eternal Freedom in that Light! realize always that *God will never bind you* and the human has no right to, and no power to unless you let it. Therefore, if you have given oaths and pledges in various activities in the years past before you became aware of this "Mighty I AM Presence" and the Ascended Masters, call your Presence into action to cut you free from everything that binds or limits or that would seek to hold you in its clutches in any way.

All such activities are but the bondage of fear and they keep their hold upon the people because fear is the weapon of the sinister force. When you become aware of your "Mighty I AM Presence" there is nothing in this Universe to fear or that can bind or disturb you, unless you accept it. If you do, then you give it your Life energy by which to live and torment you.

This Mighty Ascended Master Instruction of the "I AM" has come forth, from the Octave of Light above the earth, to set you free and there is no person, place, condition or thing that can bind or limit you, if you take your stand with your "Mighty I AM Presence" in the Light.

This is why we urge all the students to dare to be free in the full conscious use of all the Power of Love and Light from your Presence and the Ascended Masters, knowing that God, the "Mighty I AM Presence" in you is your certain Victory. There is nothing in the outer activity of the world that can bind or disturb you in any way, unless you fear. If you fear, you are not loving your

God, the Source and supply of your Life, which is the "Mighty I AM Presence."

If you will call your Presence into action to annihilate all fear and limitation of every kind in you and your world, and blast its cause and effect, you will find that you can quickly rise out of all feeling of fear and manifest the VICTORY OF THE LIGHT OF GOD WITHIN YOU.

Many occult schools and activities of the past used oaths during several previous cycles, but it caused such fear in the people that the sinister force got its clutches on them in that way. At that time ,the GREAT COSMIC LAW did not permit this Knowledge of the "I AM" to be given outside of the retreats. Since the release of the Cosmic Light which has touched the earth since 1929 in several waves, more of which are coming soon, the people everywhere must be offered the opportunity NOW to reach up and accept this LIGHT FROM THE ASCENDED MASTERS' OCTAVE, if they will. It is because of the Great Cosmic Law that the old occult activities of the last cycle have been set aside for the earth permanently.

This means more than you can possibly realize at the present time and it does not matter what any human being or all put together think about it, the Great Cosmic Law does not ask human beings' permission to run a solar system. We have told you and the world, the MIGHTY TRUTH OF THE ASCENDED MASTERS and we have Their Full Power and Authority back of us for all we say.

Therefore, he who knows his "Mighty I AM Presence" and dares to abide therein, is free in his Being and world forever. Blessed ones everywhere, who struggle in the outer activities of the

world! DARE TO TAKE YOUR FREEDOM IN THIS "MIGHTY LIGHT" OF THE "MIGHTY I AM PRESENCE" AND WHICH THE ASCENDED MASTERS OFFER YOU SO LOVINGLY, SO GRACIOUSLY, SO FREELY FOR YOUR ACCEPTANCE! TAKE YOUR FREEDOM BLESSED PRECIOUS ONES OF THE LIGHT AND BE THE HAPPINESS THAT IS YOUR BIRTHRIGHT FOREVER.

Life does not limit you! Love does not limit you! Energy does not limit you! Substance does not limit you! Then why allow anyone's human consciousness to limit you in any way by oaths or anything else? YOU HAVE FREE WILL! YOU MUST USE IT! When you *will* to stand with your "Mighty I AM Presence" 100% and harmonize your feelings, YOU ARE FREE! DARE TO BE FREE! DARE TO BE STRONG! DARE TO BE DIVINE AND THEN MANIFEST IT IN EVERYTHING IN YOUR BEING AND WORLD. YOU ARE THE ONLY AUTHORITY IN YOUR WORLD FOREVER! REMEMBER THAT ALWAYS!

· AFFIRMATION ·

MY DARLING "I AM PRESENCE"! see that every thought, feeling, word and act that goes forth from me this day, is clothed with the FLAME OF DIVINE LOVE FROM YOUR HEART and the Ascended Master Substance and is kept eternally sustained and Self-expanding.

"I AM" STUDY GROUPS

IN REGARD to new Study Groups where the individuals have never contacted this work before: It only takes about three meetings to explain what and where the "Mighty I AM Presence" is, who the Ascended Masters are and why it is necessary to give these decrees now and make the call to the PRESENCE for the protection of America and the Freedom of mankind.

Just as soon as they understand this much, they should be set to work giving the decrees, for the time is so short and the need grows greater hourly for the students of the "I AM" throughout America and the world to do this. Each individual's own personal protection depends upon his call to the "Mighty I am Presence" and the Ascended Masters for the FREEDOM AND PROTECTION OF "THE LIGHT OF GOD THAT NEVER FAILS" to flood the earth. THAT "LIGHT" IS THE ONLY THING THAT CAN STOP THE ACTIVITY OF THE DESTRUCTIVE FORCES IN THE OUTER WORLD TODAY.

Students do not need to have all the understanding of the rest of this Knowledge in order to start giving those decrees, for it is more imperative than ever before, that these decrees go forth into the atmosphere of earth—NOW—in order to give the Ascended Masters the opening through which to act and release the POWER NEEDED,

to sweep the Light in everywhere, to stop the destruction by the vicious forces that are trying to destroy our government and mankind.

After the third meeting any new student should be able to go through that STUDY GROUP OUTLINE and render the assistance to all which will be his own Protection, Supply and Freedom. It does not matter what anyone thinks about this. We are in an hour of national emergency and the students can now render the assistance which MUST BE GIVEN and GIVEN NOW, if the third episode of Washington's Vision is to be avoided in our Blessed United States of America, OUR COUNTRY, THE "I AM COUNTRY," THE LAND OF THE LIGHT OF GOD THAT NEVER FAILS, THE HEART AND LIGHT OF THE WORLD AT THIS TIME.

Therefore, we say to all students in every Group—new and old—as never before: STAND! YIELD NOT AN INCH TO ANY DISTURBING OUTER THING! AND CALL WITH ALL THE INTENSITY OF YOUR HEARTS FOR THE "MIGHTY I AM PRESENCE," THE ASCENDED MASTERS, THE LEGION OF LIGHT AND THE GREAT COSMIC BEINGS, TO DRENCH THE EARTH WITH THE COSMIC LIGHT AND THE SUBSTANCE FROM THE ASCENDED MASTERS OCTAVE OF LIFE, THAT ALL DESTRUCTIVE FORCES MAY BE BLASTED FROM EXISTENCE FOREVER AND THE EARTH AND MANKIND ONCE AGAIN KNOW FREEDOM AND PEACE.

BLESSED YOUNG AMERICA! get your Young People's Groups together and work as you have never done in your lives before, to give the decrees for the protection of OUR CONSTITUTION OF THE UNITED STATES OF AMERICA, THE UNITED STATES SUPREME COURT AND THE DECLARATION OF INDEPENDENCE!

THEY ARE THE SAME AS THE HEART OF YOUR BODY AND HAVE COME FORTH BY THE ASCENDED MASTERS' WISDOM, TO GUARANTEE FREEDOM AND PROTECTION TO THE AMERICAN PEOPLE! GIVE YOUR DECREES WITH ALL THE POWER OF YOUR "MIGHTY I AM PRESENCE" AND THE GREAT HOST OF ASCENDED MASTERS, TO RELEASE WHATEVER AMOUNT OF COSMIC LIGHT AND POWER IS NECESARY TO BLAST FROM EXISTENCE FOREVER ALL, AND ITS CAUSE AND EFFECT, THAT DARES TO INTERFERE WITH THE FREEDOM OF THE AMERICAN PEOPLE AND THE PROTECTION OF ALL THAT GUARANTEES THAT FREEDOM.

America needs you and all the strength and energy you have, to call to the GREAT COSMIC BEINGS for the release of whatever Cosmic Power is required to do this and do it NOW!

Keep happy, but do not let down for a second, in your determination to set America free from the vicious destructive forces that are trying to bring chaos into our Blessed Land.

Remember a thousand times a day! "THE LIGHT OF GOD NEVER FAILS" and call for the release of THAT LIGHT EVERYWHERE WITHOUT LIMIT WITHIN THE BORDERS OF AMERICA, and then to flood the earth.

There is assistance for the Young People's Groups, that can be given by those who are somewhere between the ages of twenty-five and forty-five, married or unmarried. If this group will encourage the younger ones, to come together and help them until they become anchored enough to conduct the activities themselves, they will be rendering a very great assistance to the younger people. All will then feel more closely drawn together when they come into the large groups for the general or specific decree work.

The reason we ask this is, because the Young People's Groups have a service to give in the incoming age which is different from that of any of the Older Groups, but they need to be assisted until they are thoroughly aware of what is needed and know how to give that service.

It is well also for every Young People's Group to give once at each meeting the following decree for the right educational activities throughout the world: "MIGHTY I AM PRESENCE," GREAT HOST OF ASCENDED MASTERS AND GREAT COSMIC BEINGS! COME FORTH IN YOUR COSMIC POWER AND AUTHORITY OF THE UNFED FLAME, "THE THREE TIMES THREE" AND THE COSMIC LIGHT!

ANNIHILATE ALL WRONG TEACHING FROM ALL EDUCATIONAL CHANNELS IN AMERICA AND THE WORLD! ANNIHILATE THE CAUSE AND EFFECT OF ALL THAT IS NOT THE ETERNAL TRUTH AND LAW OF LIFE OF THE "MIGHTY I AM PRESENCE" AND THE ASCENDED MASTERS! RELEASE THE FULNESS OF THE NEW EDUCATIONAL ACTIVITIES AND SEE THAT ALL HUMAN BEINGS IN THE FUTURE ARE TAUGHT ONLY THE ETERNAL TRUTH AND LAW OF THE "MIGHTY I AM PRESENCE" AND THE ASCENDED MASTERS!

At every meeting also give the decree for the protection of all activities of Aviation, Transportation, Communication, Public Utilities and Supply of the necessities of Life to all human beings in America and the world.

· AFFIRMATION ·

"Mighty I AM Presence"! clear my Being and world forever of every disturbing person, place, condition and thing and replace them by Yourself and the Ascended Masters' Perfection! keep my Being and world drenched forever with the Substance from the Ascended Masters' Octave of Life.

· JESUS' EASTER SUNRISE SERVICE ·
· DISCOURSE ·
· OAKMONT COUNTRY CLUB, GLENDALE ·

H Children of the Light, I call from the Great Central Heart of all Light—Arise! Awaken! Ascend! Oh children of the earth, into your Freedom in the acknowledgment of your "Mighty I AM Presence." Out of the fulness of that Glory, which your Presence holds for you, comes the fulness of all things.

This glorious morning symbolizes the Ascension from all human limitations. As the Light of the orb of the physical world ascends, so shall all one day ascend out of the limitations which individuals have drawn about them. Then, you stand forth glorified in the full acceptance of the Light which gives Life to all mankind. It holds, sustains and glorifies individuals again, again and again in the action of the outer world. From the outer activity, they may ascend out of all that which they have created and come again into the Glory of the Light, that Light of God, the "Mighty I AM," which never fails. Then, they become Its Great Heart of Light; Master of all the earth, of all the worlds they contact; Master of all substance, for all the earth is filled with the Light of God. Earth's substance is rapidly being transmuted into Light Substance, by the call of the Children of Light. The Onrush of the Great Cosmic Light shall do Its Perfect Work upon earth, never again to recede into the shadows of human creation.

To-day, We rejoice with you, Oh Children of the Light, in your willingness, in your joyfulness, in your determination to feel, to be, to have the

Glory of that Light which gives you Life. In the fulness of Its expansion through your human form, It is dissolving and dispelling all the undesirable qualities, and again allowing your Light to blaze forth—the Light of the World. Beloved ones, to-day in this opportunity, Our Joy is boundless to again voice to you Our rejoicing. It is the Light within you singing Its song of Praise, that all mankind may feel Its Glory ever expanding within. You have been so privileged, in coming to the point where you can hold your attention on your "Mighty I AM Presence," the great Source of all Light, the great Source of all supply, the great Source of all directing Intelligence!

To-day, are you entering again into the fulness of your birthright—the Kingdom of Heaven on earth. It is that, to which I endeavored to call mankind's attention centuries ago. You are beginning to understand and feel the full power of those Words—"The Kingdom of Heaven shall reign upon earth once again, unto the glory of mankind."

To-day, in the great privilege which is yours, in the great service which you may render, shall you abide in that Kingdom forever and ever and ever. As the Light within you expands, so shall that Kingdom become more apparent, more vivid, more powerful; until you, in the fulness of the realization and privilege which is yours, call forth from that Source of all Light, the beauty, Perfection, harmony, happiness and the Glory which It expresses. Then, shall you feel Its full Activity and import in yourselves, your world and the world of all mankind.

To-day, We have great reason for rejoicing.

You, who have chosen to come forth in the Glory of your "Mighty I AM Presence" and give this time to Its Praise and recognition, you and your world shall be flooded by the Power of the Light which is within you—your "Mighty I AM Presence"—your Heart of Light, anchored within your human form, in the full Power of this Mighty Expression.

Out of that Glory; out of that Presence; out of that Great Activity, your "Mighty I AM Presence," there is pouring forth greater and greater proof of Its Dominion. In your call to It, your human is silenced. Thus, you stop requalifying Its Perfect Energy. This will cause you to be the Perfect Being; it will cause you to express the fulness of the Light that beats your heart; until all the world observes the Radiance pouring forth at the call of the "Mighty I AM Presence," your Presence. America's Presence, the Land of the "Mighty I AM" is again feeling the Great Cosmic Light, surging into and through Its being—through its substance—until all mankind even as they walk forth upon the substance of the earth, will feel Its Mighty Currents surging in and through them. The very earth rejoices once again that mankind has ceased to impose upon it imperfection, which only the human can create.

So to-day, We rejoice that human discord is being rapidly dissolved. Once again, the whole earth rejoices in its ability to pour forth this Great Light which it once had.

Know that mankind is no longer subject to the mistakes that individuals have made; for in turning to the Great Source of all Light, people can feel that Light—Substance fill their Beings with Its Self-Luminous Intelligent Presence.

Mankind has thought of Me as a Self-Luminous Presence. As My Presence has been pictured to you, so shall all of you one day stand forth in your Self-Luminous Presence, pouring forth your Blessing to all mankind; until Its Light has become the dominant power everywhere throughout the earth. When you call for your own Freedom, Oh beloved Children of the Light, forget not those who have had less opportunity! Call for their release, for their Freedom. Call your "Mighty I AM Presence," through the mental and feeling world of mankind, to CHARGE FORTH! CHARGE FORTH! CHARGE FORTH—quickly! Its Mighty Awakening Active Presence, through the Power of the Light within each human heart, which is the "Mighty I AM Presence."

To-day, beloved ones, your privilege, your opportunity to serve is transcendent beyond your fondest hope, expectation or concept as yet. As you enter more and more into Our Consciousness and Activity of your "Mighty I AM Presence," you will have cause for rejoicing as never mankind has had.

We call forth the Great Cosmic Light. Will each one of you forget for the moment everything else? Just *feel* yourself caught up in that Great Cosmic Light—the Light of the World? Feel *only* that Great Light holding you in Its fond embrace and dissolving every limiting thing within every cell of your body? *Accept* this service *today* and *feel* it. Qualify it to be forever sustained and active in your mind, body, home, world and affairs and in every cell of your flesh body. Feel this NOW Oh beloved ones! (Silence)

Unto Thee, Oh Great Orb of Light, unto the

Mighty Intelligence within Thee, do We give Praise and Gratitude. We amplify Thy Blessing to mankind and make It active within each individual on earth, especially within those, who with joy have entered into this Great Stream of Light of the "Mighty I AM Presence." From to-day henceforth, We quicken this Light into a Mighty Balanced Activity for *all* mankind—to hold Love, Wisdom and Power in balanced action—to glorify each one in every earnest sincere effort, as he goes forth in the Service of the Light. May every Student of the "I AM" within the hearing of My Voice, *feel* It. May this amplifying activity reach into the mental and feeling world of those who are absent and act there with full power. May this Outpouring for their Glory and Freedom keep expanding within them, until It reaches into the environment in which they may be acting.

Beloved Students of the Light, try to feel how great is your privilege in becoming a Pillar of Light, in the acknowledgment of your "Mighty I AM Presence." It is the Light which fills your body and pours forth to all environment in which you move. Each of you can become just such a blazing Sun of Light, as this Sunrise represents to you to-day. You can *feel* yourself that Blazing Glory. Then, as you hold your human in subjection, harmonious in the great acknowledgment of the expansion of this Light, you will render a service unparalleled in the history of mankind.

To-day, will you not accept the fulness of your privilege, the fulness of your Light, the fulness of your Glory and Freedom which you will be able to carry forth to all mankind? No longer accept *anything* that comes from without, whether

through the spoken word, suggestion or otherwise. Turn wholly to your "Mighty I AM Presence"! accept *only* the *fulness* of Its Power! pouring forth through you Our Love, Light, Wisdom and Power. *Feel* the full harmonious expression of It always acting within you. Then no appearance, no expression of any kind can disturb or irritate you again, as you feel the Power, the Dominion and the Authority of the Light within your heart. Accept It, Oh beloved ones, as never before, in the fulness of Its Acting Presence and Power to glorify you and to sustain you with Its Mighty Invincible Courage. Know that no longer has human creation any power to act, to touch you or to come into your world.

To-day, We accept this for every one of the Children of Light here and elsewhere, throughout America and the world. We call forth the Eternal Light and the Mighty Blessing of the "I AM" *to act, to act, to act* within the heart of every one. We call It forth to *silence* the human accumulation, until Its Light pours through every one unto the fulness of Our Perfection.

Accept—charged into your world to-day—the *full* acceptance, the *full* conviction within your outer consciousness, of your ability to attain the Ascension. FEEL IT Oh beloved ones, FEEL IT in the fulness of the Cosmic Light of your "Mighty I AM Presence." *Feel* That of which I became the embodiment — the CHRIST LIGHT — flooding you and your world forever. We thank Thee, "Mighty I AM Presence."

· TWIN RAYS ·

THE Ascended Masters' Explanation of the Law of the "Mighty I AM Presence" concerning Twin Rays, is very definite and unmistakably plain. It is one of the things mankind needs to understand very much, and if understood would prevent a great, great deal of mankind's distress, most of which occurs through ignorance of this "Mighty Law of Life."

It is imperative, that every "I AM" Student know this activity of the Great Law of Life and give obedience to It, if he is to have his complete freedom and the Ascension.

When individualization from out the Great Central Sun takes place, the first activity is the formation of a body, made of Substance that looks like White Fire. From this White Fire Body two Rays are projected, within each of which is an Electronic Body, one with the masculine qualities predominant and the feminine submerged; the other with the feminine qualities predominant and the masculine submerged.

Each Electronic Body projects down into the substance of this physical world attributes of Itself, much as the roots of a plant go down into the earth. These attributes, acting through the human flesh body, form the intellectual and heart or feeling consciousness of the individual.

This portion of individualized consciousness goes through many physical embodiments, sometimes masculine, sometimes feminine, many times alternating. This re-embodiment of each Ray takes place again, again and again, sometimes hundreds and sometimes thousands of embodiments. It continues, until each individual manifests complete control in all outer physical activities, of all energy and substance. It is only

through the individual that the selective, discriminating, consciously directed Intelligence acts, to govern the flow of the Universal Substance and energy.

This means the attainment of Mastery. Mastery over what? Mastery over Substance and energy, by the conscious command of the individual, through the use of the Great Creative Word, "I AM," given by himself. This is the journey every individual has chosen to take of his own free will, through this world of physical substance, to expand the Perfection of the Great Central Sun through himself. This means through a physical body made of the atomic substance of this physical earth.

Each one having decreed his own journey, through the world of physical substance, must fulfill his own decree; for, being the Creator individualized, he is the ONLY authority in his being and world and MUST fulfill his own plan, to expand Perfection through himself in this world. This is how the Great Supreme Source of all Life and manifestation governs the Universe and its activities, through the individualization of Itself at various points in the Universe. Thus, every human being is the Creator, individualized; which means all the Authority, Power, Ability and Attributes of God—Life—are focused into the individual, to create and expand Perfection through a physical body.

When each Ray has through many embodiments in physical experience expanded into full activity all the attributes of Itself, manifesting complete control over all substance and energy everywhere It moves, then the Ascension takes place. The Ray that started out in a masculine body makes the

Ascension in a feminine body. The one that started out in a feminine body makes the Ascension in a masculine body. Thus, is the Perfect Balance always kept.

When the Ascension of both has taken place, each is the complete balance of all masculine and all feminine qualities within himself. Then the THREE FOLD FLAME of LIFE is completely unfolded, the individual becomes Master at Cosmic Levels of creation and does work with systems of worlds, as well as in this physical world.

Thus, that which came out of the Great Central Sun as One Flame becomes Three complete Flames, each of the same full Limitless Power and Activity as the Great Central Sun. This becomes the Cosmic Activity of the Power of the "Three times Three." The Electronic Body is the Power of the "Three times Three" for the human personality consciousness.

When both Rays have made the Ascension, then the individual works with systems of worlds instead of just in one world. This is the way the Godhead is ever expanding the Perfection of Itself throughout Infinity and keeping order throughout interstellar space. Thus, the Perfection of the Scheme of Creation is magnificent to behold — consistent, credible, satisfactory, immutable and beneficent always. All manifestation of and in the Universe is based on the control and direction of energy, which is Life.

People often think: If we are the Godhead individualized, the substance is from God, the energy from God, which after all is but another name for Life, and God is all Perfection—all Good —then how does it happen that discord is manifested here on earth and destruction seems to have such sway at times throughout the earth?

The Ascended Masters say: "The human intellectual consciousness, through using only a few of its God Attributes, has the capacity to form judgments and conclusions, just from the reports of the physical senses, without taking into consideration the full knowledge from within the Electronic Body, which is the Supreme Cause and ALL-KNOWING CONSCIOUSNESS from the Great Central Sun. Thus, if the intellect wants to know the Law of the Universe above it, then it must call forth and use the Intelligence which controls that above itself.

Thus the human intellectual consciousness has only fragmentary information upon which to make its decisions. Unless it calls for the full information to manifest Perfection, it falls short of the Perfection which is within Life, and which should be expressed; because it has forgotten to keep its attention upon the Supreme Source of its Being, the Electronic Body, and use ALL of its God-Attributes. The attention of the intellect has been focused into the world of form or upon the things of the physical world most of the time.

The Rays of Light—which are Life—flowing down from the Electronic Body into the physical body, do the same thing for it, that the Rays of Light—Life—from our physical Sun do for the plant life of our earth: because all expanding of Perfection, on any plane of Life, takes place by the projecting down of Life energy, through Radiation from that which is above into that which is below. All is a constant raising, expanding activity of Perfection. All energy and substance forever act under Law, but they do not discriminate. The discriminating Intelligence is located and acts through the individual who says: "I AM."

Returning to the Twin Rays: we want the students and readers everywhere to understand, that the supreme purpose of every human being's physical embodiment is to attain the Ascension as soon as possible; for that is the full expansion of the individual's Perfection, into and through the substance of this world. Everyone MUST do this some time, some where, and each one will continue to re-embody until he does accomplish it.

The First Commandment is the whole of the Law of Life: "THOU SHALT HAVE NO OTHER GODS BEFORE ME." Whatever our attention is on, is our God for the moment; because wherever our attention is, there our Life Energy flows and whatever the individual gives his Life to is his God. Since the Electronic Body is the Source of physical Life, then nothing should ever come before It in our Love, or activity of Life. This is why the Ascension is the whole purpose of physical embodiment, and winning that Victory should be the *main* business in Life for *every* individual.

If the student wants to find out who his Twin Ray is, instead of completing his own Decree to make his Ascension, then he is not serving the Light, which is his "Mighty I AM Presence" by placing It first. Hence, he disobeys the very first Law of Life he has made for himself and which rules throughout Infinity.

When an individual seeks his Twin Ray, the feeling that is impelling that one is but of the outer or physical consciousness. It matters not whether it be just for companionship or what is the desire within the individual. It is physical body consciousness and whoever dwells in that or seeks to find permanent happiness there must some day be disappointed, because it is but temporary. There-

fore, it must have beginning and end. That which is in obedience to the Law of Life is Perfection, therefore, permanent happiness.

The Source of Permanent Happiness is the "Mighty I AM Presence" and when the individual makes his Ascension, he not only attains permanent happiness, but he frees himself from all limitations and inharmony. Then he can give assistance, without limit of any kind, to all he contacts. He becomes all the word MASTER implies. He becomes Lord of Life and Victor over all in this world.

Now, we come to conditions that are pitfalls of unhappiness for thousands of people. Everyone craves happiness and feels that he has a right to have it, which he has; but—Permanent Happiness does not come from the outer activity of Life! Never did! Never will! It only comes from the "Mighty I AM Presence," because It is the Source of ALL Life, therefore, ALL Happiness.

It does not make the least bit of difference how harmonious and happy you might be with your Twin Ray if you did meet in the physical life. If one or the other should be married to someone else and obligations have thus been assumed, do not think for one moment that you can push those obligations aside and cause unhappiness for others, just because your Twin Ray comes along. You must carry out that which is a service you voluntarily assumed.

The sinister force through the centuries has used every excuse, to get individuals entangled in just such conditions, to create discord for as many as possible. That is why there is such distress in the family relationship of most of mankind today. That thing MUST stop now and forever if human

beings are ever to get out of the chains of their own misconduct.

Please remember, Blessed Ones of the Light, no one in this Universe knows who his Twin Ray is but the "Mighty I AM Presence" and the Ascended Masters. No unascended being can ever tell you. So do not let any human being, yourself or anyone else ever make you believe anyone is your Twin Ray. If it be necessary for you to know, Saint Germain or Jesus will give you unmistakable proof. Even if you met your Twin Ray and knew the full Truth, still that one must *never* come before your "Mighty I AM Presence" and the Victory of your Ascension.

So long as human beings keep their attention upon and crave body sensations, even though that be mental companionship, just so long will they stay in the slavery of fear, doubt, lack, misery and tragedy of every description. The one who wishes to be free from those channels of suffering MUST look up to his "Mighty I AM Presence" and, calling unto It to take complete command of all outer activities, give IT UNCONDITIONAL obedience. This will allow It to expand full Mastery and Perfection through the human personality, and thus the individual attains his Ascension.

The Source of each one's own Life MUST be placed before the gratification of the desires of the body, if anyone is to ever have permanent release from suffering. The condition is the same as if an individual built, finished and supplied a beautiful home for someone he loved. If the one using the home became so absorbed in the care and worship of it, that she forgot to give any recognition to the Giver and Supplier of the home,

the Giver would certainly withdraw and all would crash into ruins.

So it is and has been throughout the centuries with all mankind. Human beings have become so occupied with the sensations of the physical body and its demands that they have forgotten entirely their Source, the purpose and objective of Life. They have forgotten what they themselves have decreed for this physical life. Hence, all discordant experiences are but constant spankings, to awaken the human intellectual consciousness to obedience to the heart for the fulfilment of Life's Plan, which everyone who comes into this world has chosen to accomplish.

More than seventy-five per cent of everyone's Life Energy is located in the emotional or feeling body. Until that is ALL surrendered into the management of the Electronic Body which is Its Source and the Owner of all energy, misery and limitations will go on because the Law of Life is not being obeyed. The Law of Life everywhere in this whole Universe, is to give back to the Source of our Being the ever-expanding Perfection from within the Heart Center of Life. This means the complete control of all Life Energy at all times, for only then can Perfection get through.

Therefore, the duty of the "I AM" Students is to live in such close companionship with the Presence, that every outer activity is the expansion of Its Perfection. As that is allowed to take place, the body automatically becomes purified, luminous, and free from discord. Hence, it ascends into Full Mastery and the Divine Plan of Life is fulfilled, to the eternal ever-expanding joy of the individual himself and the blessing of all else in the Universe.

THE HAND OF MY PRESENCE

THE Hand of My Presence is held now in mine,
The Hand of My Presence makes all things Divine,
The Hand of My Presence points all now on high,
The Hand of My Presence holds all—you and I.

The Hand of My Presence fills me with Its Light,
The Hand of My Presence makes me dazzling bright,
The Hand of My Presence projects forth Its Flame,
The Hand of My Presence writes now the Great NAME.

The Hand of My Presence heals all man's distress,
The Hand of My Presence gives all—nothing less!
The Hand of My Presence wields Power and Love,
The Hand of My Presence holds mine from above.

The Hand of My Presence makes music and song,
The Hand of My Presence holds mine all day long,
The Hand of My Presence fills my heart with Peace,
The Hand of My Presence makes all discord cease.

The Hand of My Presence gives me all Its Power,
The Hand of My Presence does all every hour,
The Hand of My Presence sends forth Its Great Rays,
The Hand of My Presence holds my hand always.

THE EYE is the camera of the mind. To consciously use its visualizing activity is one of the easiest ways to help the memory retain information it wishes to hold.

Everyone should remember often, that through the activity of sight, the energy in the feeling body can be stirred into action instantly. Therefore, until mankind is taught the necessity for controling the attention, through the sight as well as through the thought, there is very little hope for permanent harmony in the Life of the individual.

Everyone from babyhood should be taught to demand obedience from his eyes, as well as from his hands and feet. The eyes should be taught to consciously see ONLY that which will produce PERFECTION in the mind, body and world of the individual. They should also be taught to shut out what is not PERFECTION, for the vibrations from everything the eyes rest upon flow back into the brain, body and world of the one who gazes upon them.

Therefore, let us begin to speak to our eyes with stern authority, commanding them to see only the Perfection of the PRESENCE in BLAZING

WHITE LIGHT everywhere we move.

Our first duty then is to observe carefully, PURE WHITE LIGHT wherever we see IT. Let us train ourselves to acknowledge and bless IT, by remembering that IT is the GIFT of our "Mighty I AM Presence" and without IT—the LIGHT—we cannot do anything. WITH IT WE CAN DO EVERYTHING.

The PURE WHITE LIGHT is the Store-house of all POWER and PERFECTION. Therefore, this month, let us practice making our eyes see a DAZZLING SUN OF PURE WHITE LIGHT descend from the HEART of our own "Mighty I AM Presence" and cover everything that we look at, which is less than beautiful and Perfect.

At first, it is easier to close your eyes and imagine this for a few moments and then call to your Presence to project It. Later, you will be able to do it with your eyes open. Do not get tense in doing this, but just feel a great joy in using this activity of the Light.

In this way, we shut off the flow of energy into our minds and bodies from those things that are not constructive. Then, as we hold the picture of the LIGHT focused as powerfully as we can for a few moments, we are illumining the imperfection and raising its rate of vibration to the point where its discord or imperfect qualities are not able to exist.

This is the easiest way to keep the eyes so busy doing something constructive, that they do not have time to wander around and rest on that which is not constructive. In setting this habit, call your 'Mighty I AM Presence" into action, to make you do it *all* the time and to make you *forget* to see all imperfection wherever you go.

Always remember that your ability to see anything is the Activity of the ALL-SEEING-EYE OF GOD, which the "Mighty I AM Presence" loans you for use in the physical world. You are held responsible, if you allow it to see less than PERFECTION!

Next month, we shall take up the release of special pictures and activities of the LIGHT.

· DECREES ·

"Mighty I AM Presence," Great Host of Ascended Masters, Mighty Legion of Light, Great Angelic Host and Great Cosmic Beings! we, the students of the "I AM" and the Ascended Masters, call on the Law of Forgiveness for all mistakes of all mankind past and present! we make the renunciation for all mankind and claim them all into the Service of the Light—NOW—in spite of all human creation! We give back into the Service of the Light ALL on earth and in its atmosphere. Take all NOW! Hold all NOW and forever, in the full activity of "The Light of God that never fails"! Take possession, produce Perfection and hold Your Dominion here forever.

"Mighty I AM Presence," Great Host of Ascended Masters, Mighty Legion of Light, Great Angelic Host and Great Cosmic Beings! release whatever activity of the Cosmic Light is needed to enable all sincere, determined "I AM" Students to make their Ascension together and as soon as possible, for the blessing and freeing of the rest of mankind. We thank Thee! Thou dost always answer our every call.

BLESSED Young People of America, do not fail to call your "Mighty I AM Presence" into action at least three times a day, to stand guard over you and see, that you do not accept any suggestion from anywhere, but YOUR "MIGHTY I AM PRESENCE" AND THE ASCENDED MASTERS.

People often say: "Is it not all right to accept good suggestions from others"?

The Ascended Masters say: "No! Stand alone and completely with and in your "Mighty I AM Presence," because then you stand within the LAW OF LIFE and thus you become THE LAW. If you will accept ONLY that which is from your Presence and the Ascended Masters, you will never make a mistake.

It is very easy to tell where any suggestion comes from. If it is Perfection, you KNOW it can only be from one Source—the Presence or the Ascended Masters, Who are ONE with your Presence.

If any thought, feeling, word or act comes to your consciousness that is less than Perfection, you KNOW it is of human creation and should be immediately dismissed from your being and world forever—and from that of all humanity. Remember whenever you call the Presence or the Ascended Masters into action to annihilate dis-

turbance from you and your world, always call for it to be consumed from all humanity, the earth and its atmosphere at once and forever.

This expanding of assistance to all humanity enables the Ascended Masters to give the individual his own release much more quickly. It enables a greater Outpouring of the Cosmic Light to come into the earth and its atmosphere. The more LIGHT we have, the easier it is to release and maintain harmony. The more PERFECTION we call forth for others, the sooner will we have our own.

When we stand within the LAW OF LIFE and call It into action for the blessing of all, we become the Invincible MAGIC CIRCLE OF PERFECTION, Self-sustained and ever-expanding from within Its own Heart, the "Mighty I AM Presence."

Therefore, Young America, stand within the Heart of Your "Mighty I AM Presence"! yield not an inch to anything less than Ascended Master Perfection, and from this moment, all outer activity MUST turn and serve you in Miracles of Perfection everywhere you move.

· AFFIRMATION ·

"Mighty I AM Presence"! take eternal possession of my power and activity of qualification, attention and vision! stop forever the action of all human qualities and use of those faculties! annihilate all momentum of human habit! see that only Your Feeling of such activities act in me and my world forever!

"I AM" STUDY GROUPS

IN holding the Twenty-four Hour Decreeing Groups, we ask the students to stay only as long as they remain rested and joyously enthusiastic in their feelings, while giving this Service.

Come in quietly, if the Group is in action. Join in the rhythm of giving the Decrees, with a happy energetic powerful feeling of unyielding stern determination, for the instantaneous fulfilment of every "I AM COMMAND."

Keep the voices low if the location of the Group is where it might disturb the rest of others, because in all our activity, kindliness and consideration for the harmony and happiness of others must always be maintained wherever possible.

One better stay only a half an hour or an hour and give the Decrees with energy and joy, than to stay all night in a feeling of weariness. Do not let yourselves get over tired in these activities, for then nothing is really accomplished.

Remember always: The Ascended Masters can only use energy that is qualified with harmony and joy! Therefore, let us all keep joyously active at all times. When we feel the need of rest stop and get it, for then we can do better work. Nothing is as important at this time as the giving of these Decrees.

Saint Germain has said, the safety of America and the release of the Cosmic Light depends upon

the intensity and Joy with which the students issue these Decrees. Therefore, no outer work is as important NOW as our service to the LIGHT OF THE "MIGHTY I AM PRESENCE."

· OUR NEW BOOKLET ·

IT IS our joy to announce the release of our most recent booklet, the "I AM DECREES," for use by all who wish to help in this Service of the Light; to bring Illumination, Victory and Freedom to mankind everywhere.

This booklet is a collection of "I AM Decrees," covering most of the special conditions into which we are calling the Activity of the "Mighty I AM Presence." Through the issuing of these DECREES, the Presence is pouring into those conditions the Light, Love and Substance from the Ascended Masters' Octave of Life.

The purpose of this book is to enable all to give and receive Limitless Help in this hour of world crisis. This means the individual, America and the world.

Every one can give and receive the Limitless Blessings of the "Mighty I AM Presence" by using these Decrees of the Ascended Masters for the protection and Freedom of America, as well as the rest of the world.

It does not take faith nor an intellectual understanding of this Ascended Master Instruction to release the action of the Law of the "Mighty I AM Presence," through giving these Decrees, for a

three year old child can call forth the Activity of the Presence and receive Its Manifestation as quickly as the most intellectual person. The call to the Presence simply sets the Law into action.

We send each copy forth, charged with the Cosmic Authority and Power of the "Mighty I AM Presence," as of a Thousand Suns of Divine Love, Light, Substance, Blessing and Perfection of the Ascended Masters; to illumine, protect, supply, set free and manifest the Victory of "The Light of God that never fails" for all who use or contact IT in any way.

May every "I AM STUDENT" and every human being in the whole world use the DECREES in this book continually until all mankind is free and out-pictures the Perfection of the Ascended Masters.

H Cherubim! Oh Cherubim!
Blest Beings of Pure Love,
Light's Guardians of Almighty Power,
Come forth Thy Presence prove!
To all mankind within the earth
Bring Peace and Ease and Joy!
Pour out Thy Pure and Holy Flame,
God's Gold without alloy.

Oh Cherubim! Oh Cherubim!
So radiant, dazzling bright,
Guard well the Streams of Essence Pure
From Thy Great Cosmic Height!
Enfold us too in Thy Love's Flame
Safe-guard us by Thy Might
And flood the earth with Substance Pure,
Love's Liquid Stream of Light!

Oh Cherubim! Oh Cherubim!
Thy Love, Thy Peace we call—
Supply, protect and enter now
Into the hearts of all!
Pure, True and Holy as Thou art
Make all earth's children too:
Release Thy Victory everywhere
And blaze Thy Presence through!

Oh Cherubim! Oh Cherubim!
From the Great Great Central Sun,
God's own Pure Messengers of Love,
With the "I AM PRESENCE" ONE!
Abide with us forevermore,
Within the UNFED FLAME!
Through MIRACLES SO REAL AND TRUE
Reveal the "GREAT I AM."

· SAINT GERMAIN'S DISCOURSE ·

· *Detroit Class—November 29, 1936* ·

HOU Infinite Light, Thou Infinite "Mighty I AM Presence" CHARGE! CHARGE! CHARGE these beloved Students of the Light with the fulness of Thy Infinite harmonious Action so qualified. Charge the Higher Mental Body of each one to qualify every feeling, so that it expresses only Thy Perfection, thus holding the human in obedience to the Divine Presence; that the quickest, the fullest possible expansion of the Light within each heart may come into action to set the individual free; not only from their limitations, but unto their Ascension.

This activity, Oh beloved ones, is always three fold; not only calling your attention to your Presence, in Our humble endeavor to have you accept It; but by the Radiation from the Ascended Masters, it is possible to clear the comprehension of each one, until tremendously greater speed of achievement may be attained.

You might be interested to know, that no great achievement in the world is ever accomplished except through the Radiance of an Ascended Being. Mankind does not often know from the outer standpoint, why a wonderful activity takes place. Therefore, many times transcendent things have been qualified by human concepts and lowered into a rate of vibration which deprived the individual of the blessing intended.

The Great Cosmic Light is rushing into the earth, making so much possible which heretofore could not have been. Then, when We ask you to do certain things for your Freedom, it means We see and know what you can actually do in that request.

In the Instruction of the Book of "I AM Discourses," there is the solution to every human problem; the answer to every question that the human asks. Will you use them, until you are in such clear definite contact with your own "Mighty I AM Presence," I mean by that, so clear the channel that you feel, see and hear Its Spoken Word to you through the Higher Mental Body, as definitely as you hear Mine? Then, will all human mistakes cease; because only in human concepts does one find mistakes occurring.

In the Ascended Master Consciousness there are no mistakes. So, if you will realize, it is within your province, your ability—by attention to your Presence—to make the channel absolutely clear for your direct release of good of every description; then you will understand, that no longer can human things interfere.

It is imperative at first, when you enter the Great Stream of Light, to be firm and positive against accepting human appearances; but the moment you recognize your Presence, they cease to have power. Remember, in your qualification —your power of qualification—you can do or undo. As you accept your Presence every activity in those qualities which you are unaccustomed to use, becomes intensified.

I want to give you this explanation to-night of why seeming discordant things occur, sometimes, to the students who have entered the Light. Because they have not or would not use the Violet Consuming Flame, the old momentum, set into action in past embodiments, rushes forward for redemption as you enter this Great Stream of Light; and all the activities of your being become quickened. If you will use the Violet Consuming

Flame; call your "Mighty I AM Presence" into action as these things arise; dissolve and consume them; it will not be possible for you to have an accident of any kind. However, mankind so often thinks, well I will use this awhile and then they forget it.

Do not hesitate to call your Presence into action, to stand guard over you and your world until your Ascension. Mankind needs protection as never before in its existence. You being the decreer of your world must not only qualify, but call into action, the qualities you wish to have manifest there. If you will do that, Oh beloved ones, your troubles will soon cease.

When I feel oftentimes the great agitation and anxiety of the students who want so much to be free; yet through the *feeling* they are still giving attention to those appearances which have no power; only as they accept them into their worlds; I long to hold them close in My Embrace of Light, until all that can be dissolved; but beings of free will must be taught to call into action consciously, the Perfection which they wish to have manifest. As they do that, they will have no difficulty in freeing themselves.

Beloved students, Our Love is very great and Our Gratitude very great, for the great Love you have poured out to the Messengers, to Us and for your generosity here. We thank you exceedingly and We rejoice with you, that the gates to your Freedom stand wide open before you. Enter in, Oh my precious ones, and feel the Fragrance of your "Mighty I AM Presence" flooding your beings and world. We rejoice as your Freedom and Victory goes forth through the feeling world. It carries forward a Mighty Radiance to heal, to

bless, prosper and enlighten. You, through this recognition, Oh my precious ones, become a Blazing Focus of Light, a Sun of Light, if you please.

Pour forth this Radiance everywhere you move. Do you see how great is that service; not only in setting yourselves free, but perhaps hundreds whom you do not know? They themselves know, that it was your Radiance which gave them the courage and strength to reach forth again, to grasp their Scepter of Dominion and go forth a Free Being of Light.

Oh my precious ones, how long We have waited for humanity to once again turn their attention to the "Mighty I AM Presence" which enables Us to do for them, what otherwise is impossible. A great number have come to accept their "Mighty I AM Presence," and make their call through these Mighty Decrees to set a Mighty Force into action in the mental and feeling world of mankind. Then, you not only have your own effort; but think of it Oh beloved ones, two hundred thousand times your own effort! Will you please still yourselves for a moment and feel this Mighty Truth? In the mental and feeling world of mankind, in all of you and in all the Students of the "I AM" everywhere in America and the world, there is no separation. Do you not see? Let us use a crude illustration: Say here is an octave and here in the lower edge of that octave, your heads are in this Radiance. That is a crude illustration of how in the mental and feeling world, there is oneness of consciousness. Therefore, when a Decree goes forth into the mental and feeling world of mankind, do you not see how every one of you —more than two hundred thousand—are receiving the blessing of the others in their Decrees? Do

you not see how you have entered into a Mighty Activity of the Infinite?

To-night, it has been made possible for Us to call this to your attention. The Messengers have asked you to love and harmonize with each other; that your mental and feeling world may be held in great calm serenity. Then, the Power of the Presence, called into action through your Decrees, does Its Work with great speed and accuracy—uninterrupted and uninterfered with by human feeling. Will you not see that Oh precious ones? Feel the Mighty Infinite Benefit which It brings to you! When you sometimes feel you have not the ability—stop for a moment and think, how you are having the Assistance of two hundred thousand people. Oh beloved ones, do you not see this? Contemplate it! Then feel the Infinite Courage generated by others; as well as the Assistance from your own "Mighty I AM Presence" —amplified by the Great Host of Ascended Masters. Do you not see how it becomes impossible for you not to have your Freedom, achievement and the expansion of your own Light?

It was a magnificent thing, when the Great Cosmic Law came to a point where it was first permissible, and then imperative, that these Mighty Decrees go forth in the mental and feeling world of mankind. You see the individual has been so prone to think, that his only concern was about his own little individual world. Yet, in this activity, one becomes a part of the whole and the whole is active for the one. Then, let Me remind you again: It is so tremendous when you call your "Mighty I AM Presence" into action. It knows no interference or resistance. It goes forth with the Power of the Universe to fulfill your requirements.

Do not ever forget these words my precious ones! Let them be emblazoned in Light, emblazoned in your forehead—your brain—to act there as well as in your heart; to remind you that your application of the Presence cannot fail ever; and that every single effort of yours becomes strengthened in use. As you make your application earnestly, you are gaining a momentum which shortly will carry you forward, bringing great speed of activity in your application, and in your requirements. You would have thought a few weeks before that it was incredible.

To-day, you have the Scepter of Power in your hands, grasp it firmly! Use it! Use it! Use it! Oh my precious ones, to call forth the Mighty Intelligent Energy of your Presence to go forth in your world, dissolving and consuming every discordant thing; replacing discord by the Perfection of the Presence and holding its Dominion there forever, all powerfully active.

Beloved ones, to-night, I leave with you Our Love, and Blessings, Our Sincere Appreciation of your every earnest effort which cannot fail in your Freedom and Achievement. I call forth the Blessings of the Great Host of Light to enfold you with Its Courage, Strength and Sustaining Power, until you become fully aware from within your own "Mighty I AM Presence" of Its Power to govern your world at your call every single moment. Then stand serene in Its Full Radiance and Activity. Be glorified by not only your Freedom from limitations, but by your Ascension into your Electronic Presence, the "Mighty I AM Presence" *forever free*—the Ascended Being, Master of all Worlds. I thank you.

· 1937 RADIO BROADCAST No. 1 ·
· THE "MIGHTY I AM PRESENCE" ·

THE Cosmic Moment has struck, Beloved Ones of America, when the Ascended Masters call you to Victory and Freedom in the Light.

Dear Ones, in this series of ten broadcasts, as I give you the ASCENDED MASTERS' INSTRUCTION on the "Mighty I AM Presence," which is the LAW OF LIFE, energy and vibration, you may wonder by what authority I give you this Mighty Knowledge. Mr. Ballard and I were chosen to be the Messengers of the Ascended Master, Saint Germain, because He has prepared us to render this service at this time.

For more than thirty years, we both earnestly sought for the Truth of Life, knowing that there must be some underlying Law, which if found, would give us the Freedom we craved. The answer to our quest came in 1930, right here in your own glorious America, on the side of Mount Shasta, when Saint Germain, Who is One of the Great Ascended Masters, came forth to Mr. Ballard and made it possible for him to have the transcendent

illuminating experiences which Mr. Ballard has recorded in his book, UNVEILED MYSTERIES, written under the pen name of Godfre' Ray King. A few months later, in the beautiful Wyoming Rockies and the Grand Teton of Teton National Park, Mr. Ballard was shown and taught the marvels which he has recorded in his book, THE MAGIC PRESENCE.

He was chosen by Saint Germain, because of previous association and preparation, to have and record these experiences, that the people of America and the world might know and comprehend the Great unknown and unacknowledged Assistance which is now being given to mankind by Himself and the other Ascended Masters, in the face of seeming distress and disorder in the outer world. Through this Understanding, the Great Ascended Masters are trying to arouse the people of America to make conscious determined effort to neutralize the destructive forces that mankind has generated.

If you wish to know upon what a *magnificent plan* the destiny of America is founded, and the benefits derived from a *conscious* understanding of the Ascended Masters' Law of Life, we point you to these two truly transcendent books—UNVEILED MYSTERIES and the MAGIC PRESENCE. As explained in the Foreword, the exact names, locations, records and treasures, including dates, are withheld *intentionally*, at the command of Saint Germain, for reasons that are obvious.

At the close of these experiences, Mr. Ballard returned to our home in Chicago where further explanation of this Mighty Law of Life—the "Mighty I AM Presence"—was given to us by

Saint Germain in person. In a series of seventy-three Discourses, He dictated the Ascended Master Instruction on the use of the Great Creative Word "I AM," and the "Mighty I AM Presence" which is GOD IN ACTION.

This Knowledge given to us was and is so *sacred*, so transcendent and so practical that Mr. Ballard, our son, Donald and I are devoting every moment of our lives to the giving of this Work to the people of America. We ask you not to believe a word we tell you, but to PROVE THE TRUTH OF EVERY WORD WE SAY. During the past two and one half years, we have stood before more than 225,000 people throughout most of the large cities of the United States of America and given forth this Instruction. We shall continue to do so, until all mankind is set free in the Knowledge of the "Mighty I AM Presence."

To-night, let us turn our attention to the Understanding of this MIGHTY PRESENCE, the INDIVIDUALIZED GOD-SELF of *EVERY* HUMAN BEING.

Down through the ages, mankind has thought of God as being everything from a kindly old gentleman sitting on a golden throne, to a great abstract principle or impersonal force working blindly and heartlessly throughout the world. We bring to you, dear ones, the Perfect logical, acceptable, heart-satisfying ETERNAL LAW AND TRUTH OF LIFE, THE TRUE EXPLANATION OF GOD, AS GIVEN US BY SAINT GERMAIN, JESUS AND THE OTHER ASCENDED MASTERS.

From out the Heart Center of Infinity comes forth the Individualized Presence of God, clothed in a body of Pure Light Substance. This Elec-

tronic Body abides immediately above every human being on earth and pours down into the human form, the Life, the Light, the Substance and Energy that enables the physical body to move, breathe and have Self-Conscious Life. This Individualized Focus of the Great Supreme Source of all Life, is the "Mighty I AM Presence." This is the GOD-SELF of every man. In this way, God —Life—governs the Universe by the Individualization of Itself, which every human being is in Reality.

The withdrawing of this Presence of—the Life energy—from the human form is what we know in the outer physical world as death. The eyes and ears of the body after so-called death, may remain in perfect form, yet the body can neither hear nor see; because the Great Stream of Energy which flows down from the Presence and allows the body to see, hear and move about, has withdrawn. This is what Jesus referred to when He said: "Of Myself, I can do nothing. It is the Father within that doeth the works," for He recognized and knew that Great Presence of God, the "I AM," and to It gave all acknowledgment in all accomplishment.

The "Mighty I AM Presence" of every individual, no matter what the worldly estate, is Almighty, Limitless Intelligence focused and dwelling in an Electronic Body of Blazing Pure Substance and Energy. This is the man referred to in the Bible, who is made in the Image and Likeness of God. It would have been a sad looking God indeed, if the human form of man was what had been referred to as God's Image; but now we KNOW that It is this Blazing God-Presence, dwelling immediately above every human form in full Perfection which is the Divine man.

This Blazing Beautiful Presence is the GUARDIAN ANGEL, spoken of down through the centuries. Many individuals have gazed upon their own "Mighty I AM Presence" and thought they were seeing a Glorious Being sent from God. This Individualized God-Self projects the Attributes of Itself down into the substance of the physical world, creates a body and operates it through the physical senses. It loans the physical body the use of certain attributes and endows it with an intellectual and Heart Consciousness, through which the God-Self should be allowed to expand Its Light and Perfection and which It always does, unless interfered with by discordant feeling.

If you doubt that this Great God Presence stands willing and ready to fulfill every constructive wish of your heart, the Ascended Masters say to you: "If you will call your Presence into action three times daily—*earnestly*—for five minutes, keeping your feelings harmonious, inside of ten days you would have the evidence in your own experience so strong that nothing could turn you aside." Say to your Great God Presence WHICH IS ABOVE YOU: " 'Mighty I AM Presence'! release into my world as Your Glad Free Gift of Love, this constructive thing which I so earnestly desire." Do this three times a day for ten consecutive days with *deep feeling*, keeping yourself harmonized and the sure and certain answer to this call will be all the proof you will need, to know that what we tell you is the Eternal Truth —the LAW OF LIFE.

The beautiful colored picture of this "Mighty I AM Presence" appeared in the February Issue of this magazine. Through the use of this eye picture of the PRESENCE, you can more quickly

comprehend It, and release Its Mighty Power in Its FULNESS through your body to heal, bless and release Its Perfection out into your world and to all you contact.

You may ask: "If each human form has a Perfect God Presence pouring into it God's own Perfect Substance, why is not the human being the out-picturing of this full Perfection?"

Here Blessed Ones, is the most illuminating Understanding of the LAW OF LIFE ever given to mankind. That Perfect substance and energy from the Presence, as It flows into the body of the individual, would remain Pure and Perfect and always out-picture Perfection; if it were not for the requalification, through discordant feeling and inharmony, with which the individual clothes his God-given Energy. Our work as Messengers of Saint Germain, is to show you Blessed Ones, how you can, through harmonizing your feelings and recognizing this Pure God Energy, allow It to sweep into your bodies, in Its original pure state and full Power, to cleanse and purify your worlds of everything undesirable. When you learn to do this, you will be fulfilling the commands which Jesus gave: "BE YE PERFECT, EVEN AS YOUR FATHER IN HEAVEN IS PERFECT. YE ARE GODS. THE THINGS I DO SHALL YE DO ALSO AND GREATER THINGS THAN THESE SHALL YE DO."

During the coming week, we shall give to you the practical application and use of this MIGHTY LAW OF LIFE.

Each evening as we close, we invite you to join us in a powerful loving decree for the blessing and perfecting of yourselves, your homes, America and the world. Tonight, we say: "MIGHTY

I AM PRESENCE! AND GREAT HOST OF ASCENDED MASTERS! POUR THE FULNESS OF YOUR LIGHT AND LOVE INTO EVERY BLESSED ONE WHO HAS LISTENED TO THESE WORDS AND TO EVERYONE IN THE WORLD! AWAKEN THEM INTO THE FULL TRUTH AND REALITY OF YOUR 'MIGHTY I AM PRESENCE'! SHOW THEM THE REALITY OF YOURSELF, AS THE ONLY DIRECTING CONTROLLING PRESENCE AND POWER IN THEIR DAILY LIVES! PRODUCE PERFECTION AND HOLD YOUR DOMINION WITHIN THEM AND THEIR WORLDS FOREVER! WHAT WE DECREE FOR OURSELVES, WE COMMAND FOR ALL MANKIND, THE EARTH AND ITS ATMOSPHERE!"

We enfold you in the Ascended Masters' Mantle of Light and Love to give you every good thing forever! and remember:

"The Light of God never fails"!
"The Light of God never fails"!
"The Light of God never fails"!

and "The Mighty I AM Presence" is that Light!

"Mighty I AM Presence," charge my entire Being and world with ten times more Peace, Poise and Ascended Master Self-control than I need to maintain Perfect Balance and obedience to you every moment and keep them eternally sustained.

The application to sign for the 100% Groups is no pledge, oath or anything of the kind. It is simply a reminder to the individual of the requirements needed to live up to the highest ideals. This is the shortest way to the goal of Freedom, and is but a means of helping the individual to the goal.

Therefore, we ask all everywhere to stop all criticism and discussion of the 100% Groups and of those who have been strong and unselfish enough to give the service which they render.

We ask all to bless, bless and bless the 100% Groups with all the Love of their beings, that the greatest service possible may be rendered everyone on earth through those Groups; so that the most may be accomplished in the shortest time for the Freedom of America and the world now.

We ask all to do this deep, deep, deep in the feelings and we decree, that not even the air shall carry a breath or wave of criticism against them, the service they give or those who have chosen to give that service. Everyone knows in his own heart whether he is doing right or wrong. No one can give obedience to the Great Law of Purity and Perfection for him.

Therefore, we call the "Mighty I AM Presence" of each one into action to seize, bind, hold inactive and remove all human qualities and creations within him and replace them all by the Ascended Masters' Eternal Obedience to the Light of his own "Mighty I AM Presence" in his own heart, and hold Its Mighty Perfection within and about him and his world forever self-sustained.

BELOVED Ones in the "I AM" School, feel that the Light is your Eternal Home, which you left for a while and now you are coming back into It.

Feel and see everything your heart desires coming to you out of the Great Globe or Sphere of dazzling White Light around your Presence, whose depths are exhaustless.

You have come forth from the Light. The Light is constantly pouring Its Gifts and Service to and through you for the Freedom of all.

Therefore, try to feel all the time that you live, walk, talk and act constantly in your own Great Pillar of Light—white with a radiance of gold—which is always around you, pouring down from your Presence.

Before you start to do anything, stop! send Love to your Presence for a moment and then remember: "Now I am calling my 'Mighty I AM Presence' into action here. It knows no resistance or interference of any kind, but proceeds with all the energy of the Universe to fulfill my Decree. So now I accept the instantaneous fulfilment of my call, and I thank you my Precious 'I AM Presence' forever." Then send up more Love to your Presence and just be happy in enjoying, in your feel-

· THE 100% GROUPS ·

THE Great Divine Director and Saint Germain wish it made unmistakably clear to all "I AM" Students that the 100% Groups are rendering a Service to the Light, America and the world which they alone can give.

The work which the Great Host of Ascended Masters wish to accomplish through them is of such a nature that certain requirements must be fulfilled if Their Assistance is to be given.

When specific work is to be done in definite channels, the amount of energy needed to accom-

plish that work must be released through the students in those Groups. When the energy is of a certain intensity, the minds and bodies of the students who are to direct it, must be pure and strong to a definite degree; so the energy released will go forth uncontaminated enough to do the work, for which It is called forth.

The requirements listed must be fulfilled in the daily Life of the Students and to every one who desires to fulfill them, the "I AM Presence" will give limitless Strength, Courage and Power to accomplish it.

The signing of those applications is to help the Student keep a check on his human self strong enough to let the work be done through him. It is all wholly voluntary at all times, but the agreement is between the Student and his Presence, and no one else is ever urged. All must be done because the Student obeys his own heart's call to give this service to America, and no one can do that for him.

It is the request of the Great Divine Director and Saint Germain, that if anyone is not intending to abide by those requirements, please do not sign those applications or come into those Groups; because remember, precious ones of the Light, in all this activity you are dealing with the Law of Energy and Vibration, and they do not discriminate. They obey the direction and take on the quality within the individual.

No one can be blamed or criticized for the action and existence of that Law. In the 100% Groups tremendous streams of Energy are released by the Ascended Ones to free all. No one should be blamed or criticized because he is willing to discipline his human self enough to enable this Mighty Service to the Light to be given.

ing, the thing you have decreed and see it coming to you out of the Great Globe of White Light around your Presence.

"I AM" STUDY GROUPS

WE wish to thank every Study Group in America and the world that has been issuing the Decrees for the protection of America and for Greater Blessing to all.

Dear ones, through your service in giving those Decrees, there can come such help and protection for America and the world as you at present cannot possibly imagine.

We thank you with all our heart's Love and Blessing from our "Mighty I AM Presence" without limit forever.

Miracles and healings unbelievable are taking place as a result of your Decrees, and we ask that you go on, and on, and on, with the Great Joy and Determination of your "Mighty I AM Presence" to continue giving them for the Perfection of all.

Saint Germain has requested that everyone qualify the Cosmic Light as It touches the earth with the instantaneous annihilation of all and its cause and effect that breathes of war, forever from our earth; and to replace all such activities and qualities with the Ascended Master's Pure Electronic Substance of Light, illuminating mankind, the earth and all that is therein by the Mighty Blaze of Its Glory controlling all forever, with the Mighty Power of Its Perfection.

Please give the Decree to prevent war in America and to stop war in Europe at least once a day and as much more frequently as your time and other activities permit.

We thank you, we bless you, we hold your hand until the victory of the "Mighty I AM Presence" fills all mankind, the earth and its atmosphere with Eternal Light and Freedom for all.

· DON'S TALK ON KINDNESS · · SINDELAR'S GROUP—MARCH 25, 1937 ·

THERE is one activity that has been brought to my attention of late which seems to be of more importance than any other one thing in the world, as far as maintaining happiness in our own lives is concerned. It is the radiation of kindness; for what we send out we inevitably receive back. In other words: "As ye sow, so shall ye reap."

Therefore, it seems to me very important that each one of us should three times a day or more, call to our Presence in a manner something like this: "Oh, 'Mighty I AM Presence' I call unto you to take charge of my human activity! See that I never send out an atom of unkindness, knowingly or unknowingly to any Child of the Light in the Universe." Do you realize, that the reason we have unhappiness in our world and people do things to us that make us unhappy, is because at some time, we have sent out the same feeling to some other one of God's children?

Therefore, it behooves us to give conscious definite attention to this particular point, for I see clearly as I have never seen in my Life before, that unless I and every other student of the "I AM"—and every one on earth—do this, we can not expect happiness in our own lives.

I feel that I cannot find words to make this point as strong to every one of you, as I feel it in my heart. Therefore, I call to Saint Germain to come forth and write this Law in letters of Living Fire in the hearts and minds of all the students of the "I AM" forever.

I know that this is the root of ninety-nine percent of the unhappiness of mankind. Let each and every one of us call on the Law of Forgiveness, that our past momentum of these undesirable thoughts and feelings can be consumed; that this energy be released into the Service of the Light; and whatever balance the Divine Law requires us to make for the wrong we have done in the past, may be made harmoniously.

There is a Great Mercy in the Divine Law, by which, through the activity of the Law of Forgiveness, we can make restitution for our past created discord in an harmonious way. In other words, if we have sent out hate to someone in the past, it does not mean that we must receive that much hate in return before we can make the balance to the Law; but rather, that we can give balance or off-set our past discordant momentum through service in an harmonious way. If any one of you had any concept of the tremendous discordant momentum everyone has built up in the past, you would realize this is the greatest Divine Mercy that could be bestowed upon mankind.

I feel to-night, that as in all the other Groups we have attended, someone must dictate and I do not want to take one moment of time from any one of the Beloved Ascended Ones who wishes to speak to you. I feel that I have brought forth the one most important point which has been shown me in a long time, and I hope it may help you.

· OUR MEMORIAL DAY BLESSING ·

SINCE Memorial Day turns the attention of the people in our country to those who have passed on, not only through war but through all other channels as well, we make the call: "Mighty I AM Presence" and Great Host of Ascended Masters send the Angels of the Blue Lightning of Divine Love to come and take all those who have passed out of the physical body into the Octave of Light and see that they receive this Mighty Instruction of Saint Germain on the "Mighty I AM Presence." Prepare them now, so they bring this Ascended Master Knowledge with them in the next embodiment and make conscious effort to their eternal Freedom of the Ascension. We call the Angels from the Violet Temple of Light to enfold them all in a Great Pillar of Violet Consuming Flame of Divine Love and hold It about them until the moment of their Ascension.

· OUR NEW BOOKLET ·

IT IS our joy to announce the release of our most recent booklet, the "I AM DECREES," for use by all who wish to help in this Service of the Light; to bring Illumination, Victory and Freedom to mankind everywhere.

This booklet is a collection of "I AM Decrees," covering most of the special conditions into which we are calling the Activity of the "Mighty I AM Presence." Through the issuing of these DECREES, the Presence is pouring into those conditions the Light, Love and Substance from the Ascended Masters' Octave of Life.

The purpose of this book is to enable all to give and receive Limitless Help in this hour of world crisis. This means the individual, America and the world.

Every one can give and receive the Limitless Blessings of the "Mighty I AM Presence" by using these Decrees of the Ascended Masters for the protection and Freedom of America, as well as the rest of the world.

It does not take faith nor an intellectual understanding of this Ascended Master Instruction to release the action of the Law of the "Mighty I AM Presence," through giving these Decrees, for a

three year old child can call forth the Activity of the Presence and receive Its Manifestation as quickly as the most intellectual person. The call to the Presence simply sets the Law into action.

We send each copy forth, charged with the Cosmic Authority and Power of the "Mighty I AM Presence," as of a Thousand Suns of Divine Love, Light, Substance, Blessing and Perfection of the Ascended Masters; to illumine, protect, supply, set free and manifest the Victory of "The Light of God that never fails" for all who use or contact IT in any way.

May every "I AM STUDENT" and every human being in the whole world use the DECREES in this book continually until all mankind is free and out-pictures the Perfection of the Ascended Masters.

AMERICA'S LIGHT

MERICA! AMERICA!
From Great Great Suns on high,
Flow Blessings now to those of earth,
To raise us—you and I.

A Messenger from Venus comes!
To bring Her Help to all:
On Golden Rays of Her Pure Light,
It answers your great call.

With lightning-speed and pinion bright,
Her Eagle from above
Now wings Its Way in Mighty Power,
To bring to earth Her Love.

Its Blessings flood you now with Peace,
Protection and all good,
The "Mighty I AM Presence" IS
Love's own True Brotherhood.

America! America!
Is God's Great "Cup of Light,"
Its Victory *shall* fill the earth
Till it is dazzling bright.

The Light of God can *never* fail,
So let your hearts rejoice.
"I AM" within America!
"I AM"! calls Her Great Voice!

The Great Divine Director's
Trial!

· THE DIVINE DIRECTOR'S DISCOURSE ·

· *Cleveland, Ohio—June 9, 1937* ·

ELOVED students of Cleveland, how We love you! Do you wonder, after all of your earnest call to Us, that We could not fail to respond to you, even for just one night? We love you Cleveland, all of you, and the only reason why the Messengers have not returned to you is because of the great need elsewhere. Will you not trust Us, Who see with the All-seeing-Eye of God, Who are wholly free from human limitations? Will you not trust Us to see and direct the Messengers where assistance is needed most? I am sure you are happy to do that, and one day not so long hence, they shall again be in your midst.

Beloved ones, the need to-day is not just that of your personal needs. It is the need of America and its protection. The need is for the protection of the world. Beloved students, you must surely understand that the world at large does not know of this Mighty Presence or how individuals can give the needed assistance. I assure you, beloved ones, that this Presence is the *Only Sustaining Power* in the world. Unless human beings consciously, through the intellect, heart and feeling world, know that the Presence is *ALL*, is in their hearts and gives them Life; there is no other sustaining power. This is what has been needed by all of mankind throughout the centuries, and to-day by America.

Dear ones, this Knowledge as Saint Germain has brought It forth, has not been known in this particular manner in the outer world in almost fifty thousand years. Fragments of It have been in the Retreats and the churches, but only the Great As-

cended Masters have known the Fulness of It. In the great need of mankind to-day, the Great Cosmic Law has seen fit to allow this Knowledge to come forth and be practically broadcast. It will soon be broad-cast over the earth, because of the great need of mankind to-day. Without this Knowledge of the Presence, you would ere long be in the same condition that is in Spain and Europe to-day.

If you saw, as We do, the under-current and seething vortex in Europe, your heart would almost stand still. That which is termed the sinister force, which is but human creation, directed by certain intelligences who have failed on the Pathway of Light, is always watching for an opportunity to draw the students aside from the Pathway of Light.

Beloved students in America, not only here in Cleveland, but all over the United States, you are facing this very same thing. Now, I am going to say to you to-night, for your own blessing and benefit, something I trust you will never forget. The Students of Light, thus far drawn under the Radiation of Saint Germain, are the vanguard of the incoming Golden Age. Such an activity is quite different from a condition wholly established. While you do not look at it from a reward standpoint, I say that you, who stand by your "Mighty I AM Presence" and call It forth into action, will find a reward and Freedom taking command of your Life, which I shall later on explain to you.

Why do I come and flash These Words before this good Messenger for your benefit? Never in the history of the earth has such a thing been done until this work began. The doubting Thomases can doubt all they please, but I assure you that the

Discourses dictated in Los Angeles, before the Pan Pacific Class and those following in New York, were dictated by the Great Ascended Ones Whose Names are given; and the unfortunate human being who tries to deny that, will meet his own wall of destruction coming back upon him. Not because anybody wishes it, but because it is the Law.

Beloved ones, I am going to make it very plain to you. Then, you must choose exactly what you will do with it. The amazing thing is that those of mankind who have studied metaphysics for years, or the various angles of Truth, do not seem to realize that the first fundamental Law of Life, which they have passed over, is that what you send out from your feelings and through your feelings, you are compelled to reap. It is the Law of Life throughout the whole Universe, and Oh, the pity that beloved humanity does not see it. Human beings will talk it from the intellect, but when it comes to responding in the feelings, they are as vicious as ever.

I tell you that to-day, in the need of mankind there is no tragedy so great or that can come upon one, as the drawing of the students aside from this Pathway of Light. Watch such individuals! They will reap their own destruction as sure as they send it out, because We must draw the Wall of Light around this work and these Messengers. Those who work against It must get back what they send out; not because We want it, but because it is the Law. We must protect the Work and the Messengers, and don't anyone forget it! The Messengers are wholly unconcerned about the raving wolves outside—wholly unconcerned! They have no power, and the Messengers know

they cannot affect the Work; but it is for your own protection, dear hearts, that I am speaking. When people pour into your world foolish silly gossip, you, who are not firmly anchored in this Understanding, waver and wonder. When you hear the silly falsehood about the books and the Work, you wonder if this Work is true. Dear hearts, you *know It is true!*

These beloved messengers have asked nothing of anybody in the world, but to love their own "Mighty I AM Presence." To think that they could be accused of deception or being dictatorial, when they pour out a River of Love all the time, working fourteen, sixteen and eighteen hours a day for your blessing and Freedom!

Now dear ones, do not be foolish about these things! Let Me say one word about this Beloved One (pointing to Saint Germain's picture). Beloved Children of Light, that Blessed One has worked for more than two hundred years for your beloved America, and has given Assistance as no other human being in heaven or earth has given to America. He is really the Father of your country. The beloved Washington, the beloved Abraham Lincoln were sustained by His Power.

Beloved ones, to-day America needs you as never before! That is why Saint Germain has brought forth this Work and these Mighty Decrees, that this Assistance could be given; because It goes forth in the mental and feeling world of mankind doing Its Work, even while you sleep. That is the need every human being and the Glory of this Mighty Power which is being called into action. It cannot and does not ever fail, when sincerely called into action, beloved ones.

Your Presence is the source of all Life, feeds

Life into your body, as is shown there on the Chart. You cannot be separated from It and live. Therefore, when you call It into action, the Law of Its Being and yours is, that It has to answer—It must answer you. It is only the doubts and fears within your human feelings which sometimes cause you to feel that the Presence does not answer you; but It *always* does. Even when you doubt, It is still answering. If you could only stop that doubt, still your feelings and have Love and harmony in your feelings, the currents of Energy of the Presence would flow through and fulfil your every call.

That is what you want to do. Oh dear hearts, do not give way to the appearance world any longer. Every thing that you see in the outer world of mankind is but human creation. It is discordant and but wants to destroy you. The discord has so clothed the points of Light which form the Light pattern of the human body, that Its Radiance is forgotten. When you give attention to your Presence enough, you will find this Light will begin to expand. At first, you will feel Its Radiance going out from you as tangible as water. You will find everything touching your world becomes harmonized and lovely. Then when you call to your Presence, you will find your call is answered almost instantly. That is what is before you, beloved ones.

This Great Cosmic Light which is flooding the earth is of immeasurable Assistance to you. Before mankind to-day is such Assistance as has never been given in the history of the world; because the incoming Golden Age must come in, even if the earth has to go through a terrific cataclysm. You do not want that? Neither do you

want the conditions that are in Europe or Spain to-day.

Beloved ones, there are those in your beloved America to-day who are trying every cunning conceivable means on the face of the earth, to bring just such conditions here in your America; but I say, by the Power of the Great Cosmic Light, IT SHALL NOT COME INTO YOUR AMERICA.

When Saint Germain, first began to conceive the idea of putting forth this Work, I tell you frankly, when He said He had two people in physical embodiment whom He felt were strong enough to carry this Message, I said: "Saint Germain, are you sure?" After a little further looking over the situation He said: "I shall try it out, and We shall see." To-day, He has proved His wisdom. Then, I saw He was determined and that there were those in America whose Light was expanded or bright enough to respond to His call. You are the people who lived in that long ago civilization—seventy thousand years ago. Do you realize that you are quite aged? You may not know it, but you are much older than that. Beloved ones, do you not see that Life knows no age? Life knows no lack of energy. Then what produces that result upon mankind? Inharmony and discord in the feelings, *and nothing else.*

Do you not know, precious ones, that you could not have pain or disorder in the body, if it had not first come into your feeling world BY discord and through discord? It would not be possible, dear ones.

Now please awaken to this to-night in the amazing Radiation which is here. The pouring out of your Love has called this forth. Will you, to-night, awaken every particle of Radiation

consciously within you, send it forth in the clearest comprehension and grasp these Laws as never before? Do it with dynamic powerful activity, so it will enable you to throw off all lethargy and human suggestions; just as if you threw your arms like that (motion of arms) and dissolved and consumed forever every particle of discordant creation which you have ever drawn about you.

We are ready to give every Assistance possible to every sincere student; but I tell you that every one who tries to turn the students from THIS LIGHT will receive no Radiation from any Ascended Master and remember that! Any human being that comes to you and says he is under the Radiation of some Ascended Master and is spreading discord, then you know that is a falsehood and do not be deceived by it.

Now, beloved ones, through the Glory of your Presence, which has come to a certain point of action within you in this expansion of your Light, you are in a position to set yourselves free, with Our Assistance, and do it quickly. The choice is with you. You MUST choose. Before two years are over your heads, you will know something of what I am talking about.

Beloved ones, for the first time since before the sinking of the last remnant of Atlantis, this Great and Mighty Assistance of the Ascended Masters and the Cosmic Beings has come forth to the earth; because the Great Cosmic Light has said: "No longer shall We wait for the mankind of earth. If human beings will not awaken and come into the Light and the Understanding of this Presence NOW, then Nature must do her work." You have heard the statement, no doubt, that Nature only

tolerates mankind's iniquity so long and then she rises and buries her opponent. That is before you.

The Messengers have told you: with sufficient call or a sufficient number calling from the octave of earth to the Ascended Masters, the Great Cosmic Beings and the "Mighty I AM Presence," that Protection can be given which will minimize the destructive activity for the earth. Through this call, We can direct the currents in the gas belts where they will do the least damage and mankind can be protected from the third episode in Washington's Vision. I tell you it would be fulfilled and would have begun ere this, if *This Work* had not been brought forth by Saint Germain.

Oh, the pity is that mankind does not yet understand what a marvelous unparalleled blessing is being poured out upon individuals all the time; but that cannot be kept up forever, unless enough of mankind will make the call. We still need more yet and that is why these beloved Messengers have not stopped even for rest. It will soon be three years that they have been going without rest or sleep half the time, in order to carry this Message to as many as possible.

I shall answer the call that the beloved Messenger made for you this afternoon. I shall call the Angels of Blue Lightning and the Sword of Blue Flame to sweep through your city every eight hours, take out every discarnate entity and dissolve and consume all possible of your own creations of the centuries. Is there any Greater Service that I could render you? From Our standpoint, I think not. This will be done! It has already begun to-day.

This good brother (Mr. Sindelar) has worked so tirelessly, that you might have the "Voice of

the 'I AM'," carrying the most recent Word of the Ascended Masters and Their Wonderful Blessing and Instruction to you. Think, he is a native of your own city! isn't that something to be proud of?

Now beloved ones, remember that as one in this Great Body of Light, the responsibility is with each one of you. Keep all inharmony out of your feeling, toward any person, place, condition or thing. It is not a matter of what it is; but keep your feelings still and harmonious that the Power of your Presence can come forth, not only to answer your call for America; but to fill your world with the Mighty Perfection which It is. The Perfection which you desire can come from no place else. Your Presence is the only place Perfection can come from, the only place where Perfect directing Intelligence can come from. This Mighty Intelligence from the "I AM Presence" is what individuals must have in action, if they are to free themselves from the conditions which they have accumulated throughout the centuries.

Beloved ones, let us be so practical. This great Law of Life, which the "I AM" is to you, is not anything unusual. It is the most practical Thing in the use of mankind to-day, even more practical than your radio or mathematics; because it so far transcends the power and action of these things which you are using in the outer world. If you will understand this, you will see how great is your privilege to accept, call your Presence into action and have the Blessing, Freedom and the Limitless Supply which It will bring forth to you.

Beloved ones, I know how all individuals among mankind have looked to outside things for their supply; but a few hours with their attention

earnestly turned to their Presence, which is their Treasure-house, would have released everything they require into their use, provided the feelings were harmonious and all doubts and fears dispelled. A little of that experience will so remove doubts and fears that they will no longer find a resting place in your world. Unless you practice the Presence, how can you know It is *infallible?* I tell you IT IS INFALLIBLE. It never makes a mistake and NEVER fails to answer your call; but if you insist on clothing that energy, as it comes forth into your world with your criticism, condemnation, hatred and jealousy, and all such qualities, then you cannot blame the energy for not producing Perfection in your world. The fault is quite your own.

I tell you beloved ones, mankind is at the parting of the ways. They must face the Truth of their own feelings, for these have deprived them of everything good on earth. Mankind must be ready to fully understand and say: "Mighty I AM Presence! I call on the Law of Forgiveness. I have made these mistakes. I want you to take command of my mind and world. Take possession and hold Dominion there." If you will earnestly do that, you will very quickly have all the proof in the world of the Power of your Presence to do these things; anything from the smallest to the greatest.

I want you to realize, dear hearts, that this is not an imaginary thing. It is not some fly-by-night thing that comes and disappears as quickly. This Light, which Saint Germain has brought forth, has come to stay until every one in America knows It and is free. Watch It expand in the next year for you will send your Love and Gratitude to Me, for having given you this Encouragement to-night.

I tell you, dear ones, that the Light of God, which is the "Mighty I AM Presence," cannot fail and only those will fail who turn aside from It. I plead with you, have no opinion about what someone else is doing. Stand wholly with your Presence, call It into action, keep your feelings harmonized and you will have all the proof any human being can desire, of the Power of your Presence to set your world into order and set you free. Unless one is willing to do that, can you blame anyone but yourself, if you do not have that Freedom? Surely not.

Now remember, beloved ones, We take no part in human ignorance or its effects. We but release and pour forth the Mighty Light Which dissolves all unlike Itself. Those who try to oppose that Wall of Light are dissolved by It. That is why I am talking plain to you to-night; because there are those in your midst who have been determined to try to disturb this Channel of Light. They have no power! and they will reap what they are sowing. Beloved ones, you do not have to be a part of that. We wish no unkindness to anyone; but We know the Law and there is no one who can stop Its action; because what human beings send out they must reap; but I want you, who are so earnest, to call to your "Mighty I AM Presence." Do not pass by that first fundamental principle of your Life, dear hearts.

After all, what do all of these puny little differences amount to? Oh, it is so foolish, dear hearts, to be disturbed about something, when after all, the only thing you need to do is to harmonize your world and all around you will come into the same harmony. Why? Because your Presence is the harmonizing Intelligence, and if

you will let that flow out, all in your world will want to be like It through the Natural Law.

So I say to you, dear ones, to-night at this opportunity, We brought the Messengers here to give you Our Encouragement and Strength and It will be sustained. You beloved ones will go forth with a power, courage, calm self-control and firmness which you did not know was there, I assure you. Watch it! Do you think I would take My time to come forth from the Great Cosmic Activities and speak These Words to you, if I did not know what I were talking about; if I did not know what My Rays of Light projected into your feeling world would do for you?

Now then, this may be something you have not understood. You have been calling to your "Mighty I AM Presence" for your Freedom from limitations, for your supply and your Ascension. This is an invitation to Me to help you. So, I have not asked your permission through your physical self; but your Higher Mental Body says: "Now they are calling for Assistance, will you go forth and give the Help?" We are here. I am here, and when I project My Rays of Light into your feeling world, remember that I do not waver. I hold those Rays of Light right steady, active in your feeling world, until the results are there, and if you do not want Me to do it, you had better tell Me so to-night.

I want every blessed one to know that these are Mighty Activities. They are a Power that you yet little comprehend. Of course I must govern the Power of those Rays of Light, according to the expansion of your own Light. Do you think I would project something that would harm you? Far from it! Instead, I pour forth that Quality

Which is anchored there—in you—for active use and I continue to expand It, even without your volition. That is what is being done for you beloved ones.

You will remember the Messengers have said to you: In the use, in the call to your "Mighty I AM Presence," It needs no permission from any one in the human form. Your "Mighty I AM Presence" is the Authority for you and your world. If you had only known this, poured forth all your Love, harmony and kindness to your Presence, you would have had It flood your world without limit with Its directing, purifying Activity, which would produce every good thing for you.

Do you know that such a thing IS possible for any person moving in conditions of limitation, as the outer world knows it? if such an individual will pour out Love and Blessings and hold the feelings harmonious, he will find his world flooded with good things, in the midst of great need?

Beloved ones, the Messengers' experience ought to be an eternal proof to all mankind of how the "Mighty I AM Presence" acts. They have told you how they went forth without money, when Saint Germain asked them to go. They said to the "Mighty I AM Presence": "Now this is your business, if you do not supply us we will go home," and they have been going ever since. Now that means, dear hearts, that these beloved Messengers applied the Law with dynamic energy, insistent and powerful. You have no idea what they have had to meet from human beings—from human beings! Yet, every condition has been handled through the calling of the Presence into action, without a single failure.

These beloved ones in charge of the "Voice of the I AM" have had similar conditions to meet, as Mr. Sindelar told you to-night; but where one stands a thousand percent with his own "Mighty I AM Presence" and calls It into action with firm determination, there isn't anything the "Mighty I AM Presence" will not do for you.

My Joy is very great to be with you to-night and to have been able to render this Service, to give you this Consciousness. To-night, that is My Great Joy. I want you to know, precious beloved ones of Cleveland, because the Messengers have not been here, you are not forgotten and never shall you be. Remember, beloved ones, that where the "Mighty I AM" speaks Itself, there is established a Pillar of Light in that city, and you will find Its Mighty Expansion here.

You have found yourselves, as you perhaps thought, tested time and again; but We do not look upon it as that. We just look upon it as a strengthening period, when every one must decide within himself whether he will serve the Light or otherwise. It is a matter of the expansion of the Light within mankind, beloved ones. It is not a matter of the desire of the Messengers or anything of that kind. It is mankind who needs this knowledge to set it free. You know the Messengers have never tried to intrude this upon any one. That should be something.

I am talking to you to-night in simple language, so you will understand the requirements that mean everything in the world to you in the immediate future. Stand firm with your Presence and say to all the appearance world: "You have no power! Get out of my world and stay out!" Then call your Presence into action and have the Blessings which It will bring.

Every Ascended Master—and there are thousands—has gone the Pathway you are treading. In some of those ages, when They won the Victory it was a thousand times more difficult than it is for you to-day. Remember, beloved ones, in many of the ages that have been, people sought all over the world, trying to find and gain entrance to those Places of Wisdom. The transportation from place to place then was far more difficult and inadequate than you have to-day. Men and women walked hundreds and hundreds of miles, with the hope that they might be admitted into these Places of Wisdom. To-day, in the comfort of these lovely auditoriums, with comfortable seats where your feet can rest, you have the Great Privilege of gaining an understanding that in those ages mankind would almost have given both arms to receive.

This is the Identical Application which was given Saint Germain, Jesus and Kuthumi, by which They gained Their Freedom and Victory over limitations. This Identical Application of the "I AM" as you have it to-day, was the very same application They used, by which They won Their Victory.

When I said many months ago to the people of America: If you want to be free quickly, then lay aside everything else you have known, take this instruction of Saint Germain, apply It and see how quickly you will be free; I only suggested it for your Freedom. When things or the previous knowledge which you have had has failed on every hand to produce results, then is it not valuable to you to try out something in which thousands are having the identical results, that you may have those same results and be free?

I say to every one who will apply this Law earnestly: "Refuse acceptance to human creation any longer! say to it: 'you have no power!' keep yourselves harmonious, call your Presence into action and you will have all the results any heart in the world can desire." If you will not do this, then I cannot help you.

Let no one condemn or criticize the Messengers. They are but faithfully and with the courage of a dozen people carrying this forward. I want to say this to you beloved ones, and to all students throughout America and the world: your Love pouring out to these beloved Messengers has been a Mighty Tower of strength against such criticism. Therefore, you are a part of this Great, this Mighty Activity of Freedom, which shall one day reign in America and then the world. Do not doubt it beloved ones! Do not let appearances scare you out. Straighten up your spines! call your Presence into action and fear nothing in the world! That is what counts! When sinister destructive things see mankind has the strength to call to God, the "Mighty I AM Presence," they will turn tail and run in a hurry! Believe it or not! We see it from the Higher Octaves. We see, that it is the fear they engender which scares mankind and keeps them from standing their ground. Thus the sinister force continues doing this destructive thing. Sweep it from the earth Oh Great Cosmic Light, and set mankind free!

One day, beloved ones, you shall know how magnificent beyond description, are these wondrous *Decrees* that you are issuing so faithfully and so wonderfully. They are releasing such tremendous power and energy. Through them, tremendous things are being done for mankind.

It will not be so long, until you will see and know what a wondrous part you have been in this Activity, when you are so willing to do it with such joy.

I say to you, beloved ones, in issuing these Decrees: "Issue them with Joy, Strength and Power. If you begin to feel tired physically, discontinue. Only issue those Mighty Decrees, when you are filled with that great enthusiasm, joy and energy. Five Mighty Decrees issued in that mighty enthusiasm, joy and energy is a greater release of power and assistance than ten Decrees issued, when you get tired on the last five."

Oh dear ones, will you not notice this? If you will charge yourself with the Energy of your Presence, you will not be tired ever in anything you want to do, or which is required to be done. When you start out in the morning, do not forget to charge yourself. Say: "Mighty I AM Presence! charge my mind and body with Your Energy today; with Your Directing Intelligence." Then you will have it. When you retire at night, say: "Mighty I AM Presence! hold my body in Your Wondrous Embrace of Light and while it sleeps enable me to recharge it with Your Limitless Energy! In the morning see that I am happy, joyous and filled with Your Directing Intelligence and Strength for the day." Beloved ones, that is how you win the Victory and Freedom. You cannot do it without this application. The Law does not apply Itself, otherwise you would be Perfect Beings now.

Our unfortunate critics say to you: "Well does that sound like the language of an Ascended Being?" Well you hear Me dictating to you! Beloved ones, if an Ascended Being or Cosmic Being

is not practical, then there is no such thing in the world. That is why We speak in the language used; sometimes your own slang, because it creates a certain feeling within you, for you are accustomed to its use.

Now then, dear hearts, one day you shall know We are quite as Real, quite as practical as you are. I think a little more so. So I want you to know, beloved ones, that this is no idle fancy; but a Mighty Law of the Universe which has gone into action to free mankind. Those who do not want to enter into the Stream and go along with It will drown outside. I repeat those words: "Those who do not want to come into This Stream of Light will drown outside, when they have once had this Opportunity." Does that sound as though I was wishing harm upon someone? Anyone can criticize Me all they like, but they will have to reap the result. Won't you understand that, dear hearts?

I can hardly let go of you to-night, because you are getting this so wonderfully. You are comprehending as you never did in your precious lives before, the need of all these simple things that give you your Freedom. I am rejoiced with you exceedingly, and may I come right into your own hearts and say with you: "I am so glad We did come."

You know you cannot always tell just what the human is going to do. You might say: "Well if We are All-knowing, why cannot We tell?" Because you cannot depend upon what the human will do. If We could, it would be the easiest thing in the world to clear out things and set you free; but the human says: "Oh boy, I am sure now and no person can influence me." Then someone comes

along and says: "You had better look out for those Ballards." Then your heart begins to flutter and you feel: "I wonder if that is true?"

Dear hearts, do not do that, when once you know how true these Messengers are and the Mighty Love that they pour out. There is no decent human being living that can deny it! They pour out a Love unparalleled in the history of the earth. I say it, because I know it! and you blessed ones, who are fortunate enough to realize that, will have such blessings as the world has never known.

I congratulate these blessed ones, who have had the Strength, the Light and the Courage within them, to stand by their own "Mighty I AM Presence" and the Messengers, who give forth nothing but Love and kindness.

Beloved ones, We do not want to keep you longer, but I want you to know how truly I have come into your hearts to-night. I love it, because when I can get into your hearts enough, you are soon free!

I congratulate these blessed ones who have stood so earnestly for the Light here; and also these blessed Group Leaders who have been so ready and willing to cast everything else aside, take hold of the "Mighty I AM" and have the Blessings which It brings.

Oh beloved ones, accept My Love and that of all the Ascended Masters, pouring forth to you and into your world, to give you the Courage and Strength to release the supply of every good thing you require, for your service in the Light. Will you accept this and just feel Those Qualities which I have anchored in your world to-night, begin right now to expand and give you My

Courage and Strength? Do you think I lack for Courage? Never! Therefore, I anchor My Courage and Strength in your feeling world for constant use and They begin action right now—not in the future—but *right now.*

Just accept that and each day feel: "The Divine Director told me only last night, that I have His Qualities. Now you human thing, get out! You do not scare me any more. I have the Power of Light within me that dissolves you. Human creation get out! 'Mighty I AM Presence' You are the only acting Presence and Intelligence." *Feel it* and continue to *feel it*, beloved ones, and see how quickly your troubles will cease. You know the greater percent of your troubles and worries never happen; and I trust I will be able to help you realize that much more quickly.

In the fulness of the Power of your "Mighty I AM Presence," the Great Host of Ascended Masters, the Legion of Light and the Great Cosmic Beings, I clothe you to-night in that invincible Tube of Light as shown on the Chart. I amplify It in your call to your "Mighty I AM Presence" who formulated It and then, through the Mighty Power of the Violet Consuming Flame. Mighty Violet Consuming Flame! right NOW answer Me! sweep through these minds and bodies! sweep through their worlds! dissolve now and forever every destructive thing they have ever drawn about them and set these Children of the Light free! Let them in the morning realize and feel this continuous enthusiasm, joy and uplift which will never let down; but will continue to expand until full Freedom is there.

My Love enfolds you, My strength upholds you, My Energy goes forth to fill your feeling world

and help you to hold such harmony, that no longer will you have to struggle for Self-Control. You will be so joyous, so harmonious, that your "Mighty I AM Presence" floods your beings and worlds *immediately* with the Success, with the Supply, with the Harmony which fills your world with Its Mighty Blessing.

Stand glorified to-night—Free Beings! Feel that! Feel what I feel! in what Freedom means! Oh beloved America We love you, the "Cup of Light" of the future! Oh Radiance of the Cosmic Light! be so powerful and come so quickly, that all human selfishness and discord fade from the earth forever. In the Power and Authority of the Great Cosmic Light, which I set into action to-night, silence forever all disturbance that causes strikes and limitation in great industries and in every other condition! Divine Justice *shall* reign! Divine Justice *shall* reign within our Government —the "I AM" country.

America We too love you! America We too love you! America We too love you, and no harm shall come to you! Oh people of America, awaken! awaken! awaken! unto the great need of to-day. Release! Oh Great Cosmic Light, Thy Assistance to mankind and stand guard over America with Thy Mighty Legions whose Sword of Blue Flame stands guard around the borders of America, and around every country whose people will harmonize themselves enough. No longer shall the destruction of earth continue!

To-night, THAT FIAT goes forth! No longer shall destructive qualities hold dominion within the earth! No longer shall mankind give way to those destructive forces which only want to destroy and nothing else! Mankind shall arise in the

strength of its own "Mighty I AM Presence" and throw off every destructive force within themselves and their environment! They shall call the "Mighty I AM Presence" into action to hold this Dominion forever! Then in the Glory of that Great Service rendered, all time and space shall be set aside for the children who have served so faithfully! Then, they shall quickly enter into the Ascension, free forever from the wheel of birth and rebirth! free forever from every kind of limitation! and in that Eternal Body of Light, as We are serving to-day, turn and assist the mankind following on.

Oh, the Glory of This Realization which is being anchored within your feeling world tonight. My Gratitude is boundless.

The Blessings of the Great Cosmic Light, the Ascended Host of Masters, the Legion of Light, and the "Mighty I AM Presence" of each one of you, through your Higher Mental Bodies, enfold you forever in Its Transcendent Light and hold Its Victory and Glory forever active within you. I thank you.

· DECREE ·

"Mighty I AM Presence"! show me the Perfect thing to do here and make me do it Perfectly! see that I do not accept nor RESPOND TO any suggestions from any person, place, condition or thing but Thee, and Thy Perfection! illumine the entire condition to me! tell me all concerning it and see that I never disobey or miss a direction or prompting from THEE! see that I am never surprised or off guard and that I never fail or make a mistake in a single thing.

THIS MONTH in our study of the LIGHT, let us begin to hold the following picture in mind and FEEL the tiny points of DAZZLING PURE WHITE LIGHT within every cell of our flesh bodies. You know it is quite as easy to feel this Glorious Light as it is to see IT.

Close your eyes comfortably! See and FEEL every cell of your body become a DAZZLING SUN of PURE WHITE LIGHT, so blazing that it fills your whole body. Then FEEL the Light become so bright, that your eyes can scarcely look into IT.

Rest in this Great White Light as long as you can, just enjoying ITS MIGHTY PURIFYING HEALING POWER. FEEL and see It pour through your flesh like water through a faucet, just bursting through with that Great Energy which It is. FEEL and see this PURE WHITE LIGHT, as tangible as water, sparkling and dancing with the great Joy and Power of Life which is your "Mighty I AM Presence."

Remember, this PURE WHITE LIGHT, which you SEE and FEEL is really the blood Stream of your Electronic Body and is condensed ELECTRONIC SUBSTANCE. It is absolutely PURE

and no discord of any kind can ever enter into IT. Discord like dirt on a window can shut in the Light within your body, but it cannot enter into this Light, any more than dirt can enter into the glass in the window.

Whenever there is anything discordant within the body, it is always due to a lack of enough of this PURE WHITE LIGHT within the body. So even from the most practical standpoint, to FEEL and SEE this Glorious Stream of Light from the Heart of your "Mighty I AM Presence," simply filling full to overflowing everything in your body and world means complete Dominion, Peace, Health, Opulence, Victory, Success and Freedom to all who will do it. FEEL this Mighty Light pour through your flesh and fill everything around you. Feel all the time that you move in a Great Pillar of this Ascended Master Light Substance, which pushes away from you and your world everything discordant.

Blessed Ones of the Light! BE the FULNESS of this LIGHT and have all the PERFECTION and BLESSINGS which IT is and brings to you.

· DECREE ·

"Mighty I AM Presence"! I NOW let You have full, complete and eternal sway in my Being and world! Take it and rule me forever!

"Mighty I AM Presence"! pour Your Radiance out through me so STRONG, that no discord can ever again exist in me or the world about me! (FEEL the quality and energy in the word, STRONG.)

Let such a powerful united call go up, that it compels an immediate Release of the COSMIC LIGHT with enough intensity, to stop every destructive force within our borders from any further activity.

The Great Divine Director said in Cleveland: "You had better issue only five DECREES with joyous enthusiasm and then stop, than to issue ten when you are tired on the last five." So please feel, that to do This Work now for the protection of America and the illumination of the world, is the greatest TRUST you have ever been given in any

or all lives. Stand true to this TRUST with all you are and have; and the "Mighty I AM Presence" and the Ascended Masters will stand true to you and show you what it means to serve the Light faithfully and well.

The Great Cosmic Light is now turning and serving those who have served It, and they shall *know* what It means in their lives from now on. PRECIOUS Young America! we ask you to arouse the FEELING in the people of our country to come into this LIGHT OF THE "MIGHTY I AM PRESENCE," and help make the call for America's protection as never before! Awaken the people everywhere to the crisis of the hour and show them how everyone's help is needed and needed NOW to call forth the action of the COSMIC LIGHT with enough Power, to let the Ascended Masters give America the protection she MUST HAVE AND HAVE NOW!

In all your Study Groups, see that once during every meeting, all stand and pledge Allegiance to our FLAG and give the DECREE for the protection of the Constitution of the United States of America, the United States Supreme Court, the Declaration of Independence, and read the American's Creed.

Give your DECREES for her protection with a joyous unyielding determination with which nothing can interfere. Give DECREES for the release into America and all her educational channels of the MUSIC OF THE SPHERES, the BEAUTY OF THE ASCENDED MASTERS, the Ascended Masters' Art for the "I AM AGE," the mechanical Perfection and full release of Ascended Master Miracles, Victories and success in all you do.

You have been entrusted with the work of bringing in the permanent Perfection for America and the world. Therefore, to that TRUST give the best you have and not only will the best come back to you; but you will free yourselves from every limitation, because you are giving this Service.

In all educational channels make them realize that the first principle of all education, is to put the Supreme Source of Life, the "Mighty I AM Presence," FIRST before all education. Then, the Ascended Masters CAN give you the right Ideas which will build the Perfection of the "I AM AGE." It is not possible for it to come in any other way.

In all you do, place the "Mighty I AM Presence" FIRST, then you have the door open from which can come all and more than you can possibly use. Do this always and have the Joy and Perfection which the Ascended Masters are waiting to release to you. IT CAN BE DONE. Let us DO IT NOW.

All radio activity on this earth has come forth from the *Light* and should now be in the Service of the "Mighty I AM Presence."

Blessed students and readers everywhere, we ask you to visualize with us, this picture and issue the following *decree* for all radio broadcasting stations on earth. In this way, a call goes up to the "Mighty I AM Presence" and Ascended Host of Light, from the physical octave of Life, which enables tremendous Glory and Perfection to be brought forth to bless every human being on earth forever.

VISUALIZE! every radio broadcasting station as a Great Temple of Violet Consuming Flame of Divine Love; the Towers made of the Ascended Masters' Substance of Pure Electronic Light. SEE every person within those stations as the LUMINOUS PRESENCE OF SAINT GERMAIN, JESUS AND THE OTHER ASCENDED MASTERS! SEE their bodies become the Ascended Masters' Pure Electronic Substance of Light, penetrated and surrounded by the VIOLET CONSUMING FLAME OF DIVINE LOVE.

In this way, the Presence illumines and raises the consciousness of every human being in those channels and at the same time withdraws and purifies all the energy that might go forth qualified with thought, feeling or consciousness that is less than the Ascended Masters' Perfection. This is the Way Ascended Master Wisdom redeems all

mankind, the earth and its atmosphere. After holding the above described picture in your mind a moment as clearly as you can, give the following DECREE:

"Mighty I AM Presence," Great Host of Ascended Masters, Mighty Cosmic Beings and Legions of Light! come forth in Your Full COSMIC AUTHORITY AND POWER of the UNFED FLAME, THE THREE TIMES THREE AND THE COSMIC LIGHT, THIS INSTANT AND FOREVER! take possession of every radio station on earth! turn them into ASCENDED MASTER TEMPLES OF THY LIGHT SUBSTANCE! PURIFY all their activity! make every human being within them a GIGANTIC PILLAR OF THY VIOLET CONSUMING FLAME OF DIVINE LOVE in Its most dynamic activity! turn every thought, feeling, word, all energy and vibration that goes forth from them into the ASCENDED MASTERS' VIOLET CONSUMING FLAME OF DIVINE LOVE! THROUGH THEM, CHARGE ALL YOUR PERFECTION FORTH INTO THE MENTAL AND FEELING WORLD OF MANKIND, THE EARTH AND ITS ATMOSPHERE! take possession, produce PERFECTION, and hold YOUR DOMINION everywhere—forever! and make this wonderful channel of blessing to mankind serve only the Light of God that never fails! We charge this DECREE with Saint Germain's, Jesus', Nada's and the Divine Director's Ascended Master Consciousness, Instantaneous Activity and Fulfilment eternally sustained; and we thank THEE THOU DOST ALWAYS ANSWER OUR EVERY CALL INSTANTLY AND IT IS DONE NOW!

· OUR NEW BOOKLET ·

IT IS our joy to announce the release of our most recent booklet, the "I AM DECREES," for use by all who wish to help in this Service of the Light; to bring Illumination, Victory and Freedom to mankind everywhere.

This booklet is a collection of "I AM Decrees," covering most of the special conditions into which we are calling the Activity of the "Mighty I AM Presence." Through the issuing of these DECREES, the Presence is pouring into those conditions the Light, Love and Substance from the Ascended Masters' Octave of Life.

The purpose of this book is to enable all to give and receive Limitless Help in this hour of world crisis. This means the individual, America and the world.

Every one can give and receive the Limitless Blessings of the "Mighty I AM Presence" by using these Decrees of the Ascended Masters for the protection and Freedom of America, as well as the rest of the world.

It does not take faith nor an intellectual understanding of this Ascended Master Instruction to release the action of the Law of the "Mighty I AM Presence," through giving these Decrees, for a

three year old child can call forth the Activity of the Presence and receive Its Manifestation as quickly as the most intellectual person. The call to the Presence simply sets the Law into action.

We send each copy forth, charged with the Cosmic Authority and Power of the "Mighty I AM Presence," as of a Thousand Suns of Divine Love, Light, Substance, Blessing and Perfection of the Ascended Masters; to illumine, protect, supply, set free and manifest the Victory of "The Light of God that never fails" for all who use or contact IT in any way.

May every "I AM STUDENT" and every human being in the whole world use the DECREES in this book continually until all mankind is free and out-pictures the Perfection of the Ascended Masters.

· SANAT KUMARA'S DISCOURSE ·

Shrine Class — July 5, 1937

WANT you to know, beloved students every one, Our Gratitude and Our Appreciation of your wondrous sincere efforts. We want you to know how clearly We see your Victory. We wish you to have this encouragement. Go forward my precious ones, Victory is yours. Falter not! Fear not! but go on and on, in the fulness of the acceptance of your Presence, so It may do for you, for mankind and America that which is so close at hand.

We find since the opening of this Class, that for which We could hardly have hoped, now being made possible. Will you accept this with Us, and in the future as the Messenger has requested, will you—because of Our Love—hold yourselves harmonious under every circumstance that the fulness of this Assistance, this flood of Light, may fill you and your world with Its Mighty perfecting activity? I assure you beloved ones, that you will never have reason to regret it, if you will acquiesce to this request.

We see a means of doing for you what seemed impossible, before the opening of this class. Will you accept Our Help in Its fullest activity within you? I want to say to those beloved ones visiting here from other points, that it was not just your desire to come that brought you here. There was a far greater reason. While your physical bodies are here, We can anchor at your points in the United States a certain Activity of Our Light and Power. I will make it clearer to you by saying, that We will make each one a focal point of the Cosmic Light, for special activities at those points.

You beloved ones, as yet, have little conception of what has been done through your call to the

Great Divine Director, in rendering this Service to the earth. We call your attention to this, because it means so much more in the accomplishment. Without your attention upon a given objective, only a small part of such accomplishment is possible. Where We have your co-operation through your attention, which in your Love for Freedom and Us, it makes possible the doing of limitless things.

I want to assure you to-night, your co-operation is making possible a greater Assistance to mankind, than you can possibly imagine at this time. Will you not be firm and strong in holding harmony in your feeling world? If you will allow Us to help you become what the Messengers have asked so many times, a Blazing Sun of Light, whose Radiance from your Presence pours forth, your Radiance will become the mightiest harmonizing activity, not only for you, but the world and environment in which you move.

Does it seem that I am placing an obligation upon you? Not at all, but I feel your Love strong enough to-night, to be certain that you will do this for Us—every one of you, and then shall you see not only the expansion of your own Light, but the dissolving of all discord from the earth.

I say to you that in many, many, many centuries, such an opportunity has not been offered. Why do you suppose, blessed ones of Los Angeles and elsewhere, the Messengers have come to you at regular intervals? Because We thought We saw this possibility. You have all felt that some unusual thing would take place in this class. It has taken and is taking place. Will you be patient, until greater outer manifestation of Our Presence is here?

It is difficult at first, for mankind to realize that these great Inner Powers of the Ascended Masters, the Legion of Light and the Cosmic Beings are REAL. They are MIGHTY and one day, not so far distant, you will all come to know the Truth of these Words, providing this is maintained as I have asked. We do not prophesy, but We state a Mighty Truth which can be fulfilled with your co-operation; but everything depends upon the harmony maintained. I am sure that through the great Love in your hearts, every one will, to the fullest of his ability, do everything and call each one's Presence into action, to enable all to be of the greatest assistance possible.

Will you beloved ones, visitors from other points, carry these Words home with you? Please do not be concerned about the happenings of unfortunate individuals, who might be discordant or vicious. The time has arrived, beloved ones, when the vicious activity of mankind has no power. We have waited for more than four hundred thousand years for this time, that blessed humanity might have this Assistance and Freedom. I trust to-night, each one of you will feel your true responsibility and great joy, in your privilege of being a part of this Great Service.

We expect to establish another activity of this kind in the East through which, like a great Rainbow of Promise, these two foci may act. I am sure you feel to-night as never before in this embodiment, the great, great Reality of which you are a part. Feel Our Joy and what it means to you individually, to be a part of this Great Service in the Light. It is no ordinary thing, beloved ones. Oh, that I might draw aside the veil and show you the reason for My Words. I may not do that

to-night, but be assured many, what seem to you now very wondrous things, will take place as mankind is prepared for them.

Go forward, beloved ones, with joy singing in your hearts, and fear no appearance of the outer world. Remember these Words I have said to you to-night—"All vicious destructive appearances of human activities no longer have power." If you will FEEL this, as My Words convey it to you, you will find that no thing in the world of the human octave will ever again affect you or disturb you. You will feel My great calm Authority and Victory of Love in you, in your home, in your environment and in your activity. As you move forward, you will become aware that no longer is your body just a physical body; but the Light of God, your "Mighty I AM Presence" is always moving before you, spreading Its Radiance everywhere.

I thank you for this opportunity, and remember! you are never alone! Shortly there will come forth certain Assistance to every sincere individual, which I may not mention to-night. Will you be kind enough to do this for Me: Silently before you retire at night, will you send Love and blessings to those individuals who have because of some outside influence, turned aside from this Pathway of Light? We do not want to see anyone fail anywhere. I do not mean, that you should be subject to their influence in any way; but in the silence of your own room, call to their "Mighty I AM Presence" to give them the assistance and cut them free from every hypnotic influence which would deprive them of the Freedom and the blessings which this Light holds for them. A great service can be rendered in that way. The Light will always one day claim Its Own; but in this assistance, you

can help those blessed ones greatly, by calling their Presence into action to cut them free from everything, which has led them astray.

I say to you to-night, beloved ones, this Light which Saint Germain has brought to you is the Greatest in four hundred thousand years, that has come forth to the earth. This Understanding which He has brought to you; this Presence, every detail, every Word of it is true. Every one, who wants to, can apply the Law and prove It true for himself and release the assistance they wish to give others.

Do not allow human opinions to deprive you of this Freedom. You are the beneficiary of Its Blessings. That is why I try to remind you, to hold the guard strongly about you and go on like a rocket into your Victory of the Light; for this Presence is the ONLY SOURCE in the Universe which can bring It to you, or bring you into It and sustain you. There is nothing else that you can find which will do it.

I say to you, as one Who has guarded the earth and its children for more than two million years, that This Work is True. It is the Greatest Truth brought to mankind in more than four hundred thousand years. If you will, or care to believe Me, then you will understand that this is not an ordinary Service being rendered mankind; but a Power of Infinite Cosmic Light and Glory unknown to the children of earth. Those who are proving It feel the Assurance, the Glory, the Peace and rest in the mightiest action mankind can have. You are coming to find, that there is rest in the action of your "Mighty I AM Presence." Will you remember that, beloved ones, and be free?

I thank you.

·SAINT GERMAIN'S DISCOURSE ·

Graduating Class — "I AM" School

June 25, 1937

ELOVED Children of the Light, I consider this one of the great joys that has been Mine in My Humble Effort to point the way in the most simplified manner, by which you could free yourself from the accumulation of the misunderstanding of Life. Do you realize that all limitations of Life, by which individuals have surrounded themselves, after all are just the misunderstanding of Life?

Now our precious ones, who have been so fortunate to-night, as to receive into their world an Activity and Power of the Ascended Masters, will see how great has been their privilege. As they give obedience to the Law of Self-control and harmony within thmselves, so shall their "Mighty I AM Presence" become quickly the ruling, directing Intelligence and activity of their worlds.

As students of the "Mighty I AM," you have all entered joyfully into the Greater Understanding of Life, where mistakes cease. Will you notice, I say to you: "where all mistakes and misunderstandings of Life cease." That is not an imaginary thing, but a Mighty Activity that is taking place in the Life of every one of you who is really sincere and in earnest.

You cannot give your attention to your "Mighty I AM Presence" earnestly and sincerely, without Its Perfection filling your world; and to the degree that you keep your feelings harmonious will It act quickly or require more of the human sense of time as you know it. Within the feeling world of each one of you a change is taking place so

rapidly, that some of you I am quite sure have a little difficulty in keeping abreast with it. You sometimes almost pinch yourselves, to see if you are the same individuals you were a short time ago, and it is very wonderful. You are not, any one of you, the same individual that you were even six months ago.

In all preparatory work in the feeling world of individuals, in which this change begins to take place, there is always more or less to some degree a feeling of struggle, until one comes to the point where he realizes, that to let go humanly brings rest and peace. As was the experience of this good Messenger, who found such rest and peace in allowing his "Mighty I AM Presence" do the work, so shall you experience the same wonderful release.

Now, that does not mean beloved young people or the older ones either for that matter, that we should just sit down and expect the Presence to do for us what It has to do through us. Remember that ALL the Presence does, It must do through you so far as your world is concerned; and through YOU MUST POUR THE PERFECTION of the Presence into your world, to have the results that you require.

I rejoice so very greatly with you. You know, I feel just a little whimsical to-night. Maybe I too am still a little boy; but I say to you frankly, I wish that the Law of your Being permitted Me to show you, with a wave of My Hand, what this nucleus means to you and to America. You have no idea, beloved ones, in your fondest imaginings what this means to-night; but you will see its manifestation, of that you can be sure.

Oh, what mankind throughout the centuries

would have given for this Understanding in all the centuries, in all the embodiments of struggle which individuals have gone through. Now mark you — in the lack of the understanding of Life, for that is all it means, individuals having forgotten that they really were Divine Beings, became entangled with their own human creations. To-day, the human creation of all mankind is fast being dissolved.

I never lose an opportunity of reminding you what your Mighty Decrees have meant and will continue to mean to mankind. Remember, beloved ones, those Decrees are going forth with dynamic power into the mental and feeling world of all mankind, because it is one. The mental and feeling world of mankind everywhere is one. Therefore, when these Mighty Decrees and Qualities, are being charged forth into the mental and feeling world of mankind, then you must see how stupendous is the activity which is going on.

Really the accomplishment in mankind to-day is very great, even at this time. The human creation of mankind is making its last stand, so to speak. It has struggled for supremacy and dominion, which it has held for so long; but to-day that human creation knows its defeat. It knows the Power of the Light, which is coming forth from the Great Cosmic Beings is bringing in the Eternal Victory. Within the heart of individuals whose attention has been called to the Power of their own "Mighty I AM Presence," is blazing the Victory and Power of Light and human creation knows its own defeat has come. Human creation knows that it is becoming powerless, to longer govern and hold its dominion over mankind, even though humanity be its creator.

The beauty, the magnificence of this Understanding of the great and Mighty Presence, beloved ones, is, that no matter what the creation of the individual may be; no matter what qualities have been registered within the feeling world of mankind, yet in the Understanding of this Great Presence, you know your Victory is certain. When you call forth the Mighty Power of the Violet Consuming Flame and charge your mental and feeling world with the mighty currents of Purifying Energy from the "Mighty I AM Presence," your call is always to some degree amplified by the Great Host of Ascended Masters. If your mistakes, even from the human standpoint might seem great, almost terrifying to some, still have they no power.

As you call on the Law of Forgiveness for all mistakes, your own and all humanity's, you enter into the full requirement of the Law of Life, to transmute them all into the Perfection of your Presence. Thus you can see the magnificent Mercy of the Presence in enabling you to call these Mighty Currents of Energy forth and use the Violet Consuming Flame to dissolve and consume every limiting discordant thing which you have drawn about you through the centuries. Always remember, the magnificent Mercy of the Great Law which enables you in a few weeks, a few months or at most a few years, to dissolve and consume the accumulation of thousands of years. Is it not worth everything in the world to make the effort and be willing to give sufficient obedience to gain the Victory?

Beloved ones, without obedience, and I mean by that joyful willing obedience, how can you expect the Victory which, notice, is infinite? Your

Victory in the acknowledgment of your Presence is not a fragmentary or temporary thing. It is the complete Victory of Life, *established now,* which goes on, and on, and on, in definite regulated pulsation from your "Mighty I AM Presence," as your Higher Mental Body sees the requirements in your particular activity.

This is why, beloved ones, the Understanding which it has been My Humble Privilege to bring forth, is the Real definite Eternal Understanding of Life, by which every human being who wants to, who is in earnest, can set himself or herself free. These Laws which I have brought to your attention are not imaginary things. They are the definite activities of the Almighty All-powerful Law of Life, which goes into action at your Decree, at your call, at your command, to produce whatever quality you call forth into action in your Life.

You have been qualifying your Life Stream by accepting the appearance of limitation and discord with those qualities.

I say to these precious loved ones to-night, know this: at your age you young people need not any longer allow your feeling to keep qualifying your world with imperfection or limitation of any kind. Your Presence stands waiting. The Higher Mental Body of each one of you is ready to release, at your call, everything required to fill your Life with courage, strength and happiness. It will release every good thing you require for your happiness, comfort and Service in the Light and to the Light. After all, there is only one service, beloved ones in all the wide world, that every heart is seeking and that is the Service of the Light. Then each one has come home to his own.

As long as the intellect will not accept the Light of the heart as the Directing Intelligence, so long will mankind remain in limitation and disturbance. When the intellect will accept and know that the Light of the heart is the Directing Intelligence, then the co-operation of thought and feeling becomes the Power of the Presence in action at all times, through each one. That is what you are gaining to-day, beloved ones, that is your Victory.

I want to anchor in your feeling to-night, the great mercy which is before mankind in the Understanding of this Presence; so you can dissolve, consume and dispose of all mistakes which have been accumulated through the centuries. You can do this in such a comparatively short time, because of the Assistance of the Great Cosmic Light, which makes it possible. As I stated to many of you just a few nights ago, Our Joy is so great, because for the first time in the history of the earth, the Great Cosmic Law permits Us to release more powerful forces into the world; to dissolve with Greater Power the discordant human creation which mankind has generated.

The Great Divine Director is giving this Tremendous Service to America and her cities, as well as to individuals, He is directing the Angels of Blue Lightning and those who wield the Sword of Blue Flame, to pass through these cities every eight hours, take out all discarnate entities, who cannot leave the earth's atmosphere, and at the same time dissolve and consume the humanly created thought forms. What do you think that means? Even the evidence of His Help is already in the atmosphere of those cities. You will find it more and more evident as the days pass; because these activities, beloved ones, do not wait for permission from mankind. The Divine Director has set

the Great Law into action and no human being's permission is asked. This is why It becomes so tremendous through Its Power to release mankind from limitation and lift humanity into the Fulness and Power of the Presence called forth into action.

Will you not accept this to-night, beloved ones? Oh the pity that ALL young people do not realize, that in this Understanding of their Presence they do not need to go through the distress of the older ones. Unless they are willing to take hold of the Scepter of Power which the Presence holds forth to them and assert Self-Control and Dominion over their feelings, they will lose the opportunity to set their worlds into Divine Order and have the Happiness and Perfection which could be theirs. I am so grateful there are so many young people who are taking advantage of this wondrous opportunity; for it will make their lives a Pathway of Light, happiness, success and achievement.

In the fulness of My love, I enfold you and these beloved ones who have graduated to-night. I place My Mantle of Light upon their shoulders, if they care to accept It, that It may remain as a protecting Presence to them. May the Great Light hold their attention without wavering unto the full Perfection which can be theirs. To you all, I say: I hold your hand in Mine in the fulness of the Power and Love which is of your Presence. May you quickly gain the Victory of Self-control, in the full conscious ability to be still enough, to be harmonious to allow your Presence at ALL times to be the *Only Directing Intelligence*, the governing and controlling Power of yourselves and your world, to produce its Victory and your Ascension. I thank you.

· PERFECTION IN COLORS ·

The illustration on opposite page is by our Blessed Messenger Mrs. G. W. Ballard

IN this explanation of colors and their effect upon the Life, health and supply of the individual, we state the ASCENDED MASTERS' LAW, from the standpoint of energy and vibration. From this no one can ever escape and it matters not what the human opinion of any one is, the GREAT ETERNAL LAW OF ENERGY AND VIBRATION does not change to suit the theories of human intellects that have but fragmentary information.

The GREAT ASCENDED MASTERS KNOW THIS MIGHTY LAW OF ENERGY AND VIBRATION IN ITS FULNESS and therefore, THEY ARE THE ONLY AUTHORITY concerning Its Mighty operation throughout the Universe.

Each color is a special rate of vibration which is its quality. In electrical parlance each color is a special frequency which is the manifestation of a definite form and quality.

It is only in the lower octaves of vibration that discord can register because when a certain frequency is reached, all becomes PERFECTION. In other words when the rate of vibration reaches into the ASCENDED MASTERS' OCTAVE OF LIFE, it becomes so rapid that only PERFECTION can exist within it.

Each rate has a special effect upon the mental, emotional and physical bodies of the individual, his pocket-book and world as well. It is the understanding of this that mankind needs to have, in order to correct destructive conditions and reach PERFECTION.

No one on this earth need ever expect health, prosperity, protection or happiness if that one insists on wearing black or red clothing or surrounds himself with those colors. There are absolutely no Life, health nor prosperity vibrations in black, for it is the absence of all LIFE. When the ASCENDED MASTERS make this statement, people often say: "Well what about the darkness of night provided by nature for sleep?" The real TRUTH is that the actual color vibration of the night hours is not black. It is dark BLUE, which is always an energizing vibration. Many ask about the red in our flag. That symbolizes the blood shed by the early patriots for the freedom of America, and when the discord within our land is consumed it will be replaced by gold as the Golden Age comes into full dominion.

The red of this planet has nothing constructive in it for our humanity, as the entire color vibration for human beings on this earth is GOLD. Those are not the words of the Messengers. They are the words and LAW of the GREAT HOST OF ASCENDED MASTERS. All red on this planet is a record of impurity and when that impurity is removed, the color instantly becomes GOLD.

Anyone can test this out. When fire is burning, the color of the flame indicates the amount of impurity in the substance being burned. For instance: When leaves and the debris of nature are thrown into the fire, the flame becomes golden, except when they have become contaminated by the impurities imposed upon them by the discord of human beings. The red in all physical fire is the impurity being consumed.

This is also true of the blood stream of the individual, for where the blood stream of the human

body is red, in the case of the ASCENDED MASTERS' BODIES, the blood stream is a LIQUID GOLDEN LIGHT. The only difference between the Unascended being and the ASCENDED MASTER is the impurity in the flesh structure, the mental and emotional bodies of the individual.

Notice, how even the outer world's use of the color red is always to indicate destruction. Even in the use of stop lights and danger signals, the red always means destruction, both physical and moral. IT IS IMPERATIVE THAT HUMANITY UNDERSTAND THIS, in order to stop the use of that rate of vibration which destroys all that they really are trying to accomplish.

STUDENTS especially should understand, that whatever color they surround themselves with, they ARE ABSORBING into their minds, feelings, bodies and worlds. This means the individual is MASTER OF EVERYTHING, every condition he contacts, if he understands and obeys this LAW.

Everyone absorbs through his eyes the quality of every color he looks at and through his eyes, that quality is recorded in his flesh. This is very evident when one waves a red flag to a bull, which the toreador does, to arouse all the destructive qualities within the animal. This being true of the coarse animal, how much more is it true of the sensitive human being in his every activity of the day. This is why babies and very young children cry when grown people dressed in black or red try to hold them. The children are infinitely more sensitive than grown people and feel the qualities in color much more keenly than do their elders.

One of the most disastrous effects of colors is in the use of the infra-red ray for so-called healing. It sometimes temporarily allays pain, but if those

using it could see what registered within or attaches itself to the emotional body of the individual, that they must handle days or weeks later, they would never use it the second time or want the second look at the vicious forms that it creates. LAW IS LAW dear people of earth, and no one ever escapes this MIGHTY LAW OF ENERGY AND VIBRATION.

Certain rates of vibration create a feeling of ease within the individual and others create the opposite. It is very evident therefore, that if one wants PERFECTION, comfort, happiness, prosperity, etc. he MUST DEFINITELY determine and control the rates of vibration flowing through his mind, body and world. The choice of color by which he surrounds himself is one of the most powerful and simplest ways of doing this and anyone can prove it for himself.

When it comes to the supply of money, energy or anything that the individual needs in his Life activity, it is impossible to attain or retain a sufficient supply of money, food, clothes, energy or any good thing, if black and red are used. *There is no prosperity, health or peace in black or red!* remember that always. When one shuts off the LIGHT from plant life, it dies. Black shuts off the LIGHT OF LIFE.

Now we come to the rates of vibration that contain the things that make mankind happy and PERFECT. These are, contained in the colors WHITE, GOLD, PINK, VIOLET, BLUE AND GREEN. Only when these colors are used in their clean clear bright shades are they the channels for the release of the PERFECTION ALL CRAVE. Dark dirty, pastel colors and shades are not constructive. One can have pale shades of any color

and still have it constructive; but the dull, muddy, dark colors are all destructive in their effect upon the individual's Life and its activities.

The greyish greens, greenish yellows, reddish browns, etc. do NOT contain anything the individual really wants in himself or his world. If the people would only govern these things in their dress and activity, which they could so easily, they would have full proof of this GREAT LAW. They would never again use those colors which are not of the PURITY AND PERFECTION OF THE ASCENDED MASTERS' OCTAVES AND SPHERES OF LIGHT—THE ONLY PLACE FROM WHICH PERFECTION EVER COMES.

The use of these colors in the channels of fashion and art is the hypnotic suggestion of the sinister force to drag down mankind resistance so they cannot hold to the ideals, Power and Victory of the Light which only manifests in clear, bright, clean colors. The Ascended Masters' ideals and Perfection are the only source of permanent happiness, and these are the Victory of the Light. Individuals who want the Victory of the Light, health, supply and happiness, will only wear and surround themselves with the clean, clear bright colors that contain Perfection, and which are the channels that release these blessings and gifts.

The colors all mankind need most to-day are WHITE, GOLD, PINK, VIOLET, BLUE AND GREEN! VIOLET purifies, strengthens, illumines, spiritualizes, raises and gives very great FREEDOM. GOLD soothes, illumines, harmonizes, and raises all into the ALL-KNOWING MIND OF GOD—the "Mighty I AM Presence." It also expands the activity of the Flame of DIVINE LOVE within the heart of the individual and prevents

irritation and disturbance in the feelings. It soothes all irritated nerve conditions.

Green and gold together act like a magnet to draw supply to the outer activity of the individual and to bring harmony and sustained supply for those who will use it.

Pink is the activity of Divine Compassion and Divine Love which extends mercy and forgiveness to all it contacts. It releases a tremendous healing power because of its soothing forgiving feeling and ease of Divine Love.

White is always the most powerful purity of the "Mighty I AM Presence" and contains all the other colors and their qualities. It purifies, illumines, perfects, raises, heals, and protects, because within the PURE WHITE LIGHT is the FULNESS of all good things, and it is the PRIMAL SUBSTANCE from which all form has come into being.

BLUE is energy, strength and power, but unless it is qualified with the ASCENDED MASTERS' CONSCIOUSNESS OF DIVINE LOVE AND DIRECTED BY THEIR WISDOM, it is simply electronic force, which is power. Power that is not qualified by Divine Love and directed by Wisdom will energize anything it contacts and therefore, should always be qualified with the ASCENDED MASTERS' CONSCIOUSNESS which only allows it to act constructively.

The colors all mankind need most to-day are open doors through which either constructive or destructive qualities come into your mind, body, feeling and world. You are the authority, as to what you wish manifested in your life and world. The LAW OF ENERGY AND VIBRATION IS ETERNAL, ABSOLUTE AND UNCONDI-

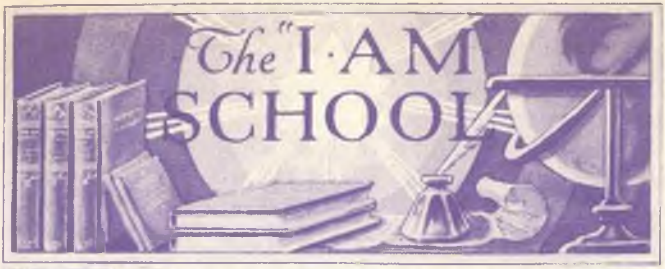
TIONAL. YOU ARE THE ONE WHO MUST CHOOSE, OPERATE IT, and then live in the results of your choice.

Good clean, clear bright colors are rivers of blessings from the REALMS of LIGHT—the SOURCE OF ALL PERFECTION. THE ASCENDED MASTERS ARE THE FULNESS OF THE PERFECTION ALL CRAVE. THEIR OCTAVE OF LIFE IS HOME FOR ALL WHO SEEK THE CONSTRUCTIVE WAY OF LIFE. OBEY THE GREAT LAW OF THE "MIGHTY I AM PRESENCE" AS THEY HAVE GIVEN IT AND THROUGH THAT OBEDIENCE BECOME THE FULNESS OF ALL PERFECTION AS THEY HAVE DONE! AND ONCE AGAIN KNOW THE VICTORY OF LIGHT AND THE FULNESS OF YOUR FREEDOM THROUGH THAT LIGHT!

· DECREES ·

"Mighty I AM Presence"! YOU are my atmosphere! see that "I AM" ALWAYS PERFECTLY COMFORTABLE!

"Mighty I AM Presence"! turn this condition of ..... into a GIGANTIC ASCENDED MASTER MIRACLE OF JOY, PEACE, PROTECTION, SUCCESS AND HAPPINESS AND KEEP MY FEELINGS LOCKED IN YOUR HEART FOREVER!



THE Rays of Light from the heart, head and hands of the Electronic Body above every human being are pouring out constantly. These Rays of Light are the Substance and Power of Divine Love from the Heart of the Great Central Sun, pouring through the Electronic Body of the individual.

When you call the "Mighty I AM Presence" into action to charge any person, place, condition or thing with Ascended Master Perfection, one of these Rays of Love, Light and Substance pours directly into the condition to be changed and, filling it with their Ascended Master Light-Substance, raises its vibratory rate until Perfection is manifest.

If wisdom, discrimination and right ideas are needed in any situation, the Ray of Light-Substance would come forth from the center of the forehead of the Electronic Body into the top of the head of the physical body and would fill the brain with blazing, dazzling White Light, which gives off a Radiance of Gold. This charges the mind with clear, alert, quick comprehension and a feeling of energy, exhilaration and the happiness that new ideas always bring.

If Divine Love and Compassion are needed in any condition, the Ray of Light-Substance would come forth from the Heart of the Electronic Body.

It would come down through the top of the head of the physical body, into the heart and blaze Its Golden Flame of Divine Love out through the heart. The Radiance from this Golden Flame would be a delicate pink and always fill the feelings with Divine Love, ease, peace, comfort and kindliness.

If actual energy and power are needed, a Ray of Light-Substance would come forth from the throat center of the Electronic Body, into the top of the head of the physical body and out through the throat center, charging forth a feeling of energy and power of accomplishment. The color of this Ray is white with a Radiance of Blue.

The Higher Mental Body of every one is the Selective Intelligence that determines what the individual needs; but if one is using a special activity of Love, Wisdom and Power, the duty of the intellect is to assist the Higher Mental Body by visualizing the Ray of Light-Substance pouring through the center whose special service is required.

Thus, for children in school or for anyone doing mental work, the visualizing of the Violet Consuming Flame passing through and around the physical body, and especially the brain and aura, clears the way. Then to feel the White Light-Substance from the Electronic Body flow down into the head and out through the center between the eyes, will give great clearness of mind and quick comprehension to the student.

It is just as important to bathe the mind and brain structure with Pure White Light as it is to bathe the body with pure water, for the Pure White Light refreshes, purifies and energizes the mental body and physical brain structure to the blessing of the individual.

IN every Group Meeting it is our request, that the chart be explained as Mr. Ballard does it in class; by reading the descriptions in the "Voice of the I AM"; for the reason that no one on earth can look at that chart or be reminded of its activities too often. The more everyone can remember that chart, see and feel Its action, the more POWER of Light and Love can come through and the more peace the individual will have.

Every time anyone contemplates the RAYS OF LIGHT pouring out from the Presence, he should remember that those are the STREAMS OF POWER that go forth to fulfill his Decree and are the answer to his call to the Presence. Every time the Presence does anything for you, one of those Light Rays goes forth, releases Its Substance and Energy of LIGHT into the condition and produces PERFECTION.

All should realize that these tremendous Streams of actual Substance, Energy and Power are charging forth continually and therefore are ready at every instant to rush into whatever needs Perfection and fill it full to overflowing with all that is good. TRY TO FEEL THIS BLESSED ONES and let it flow through into your mind, body and world—without interruption.

Blessed ones everywhere, every time you are conscious of your problems, look into the face of

your PRESENCE and see a Great Ray of Light go from Its Heart directly into the problem: see that LIGHT SUBSTANCE fill the problem full to overflowing with blazing dazzling White Light: see that problem disappear or become filled with whatever is required to replace it by PERFECTION. Then call your Presence into action to keep ITS PERFECTION forever sustained.

This IS the Power, Light and Substance of Divine Love fulfilling your call and is the activity and *Fulfillment of the Law.* Divine Love has a way and means by which it acts, to fulfill your requirements and this projection of the Light Rays from the Heart of your Presence is the PERFECT HARMONIOUS WAY of accomplishing all things.

· DECREES ·

TO ALL DISCORDANT FEELING SAY INSTANTLY: "STOP! you are not going to steal my Life to live longer to come back and torment me."
OR

"Get out of my way to MY PRESENCE! get out of my world forever! I AM VICTORY! I AM LIGHT! I AM LOVE! I AM FREEDOM! I AM MASTER—NOW!—EVERYWHERE I MOVE. I AM THE 'MIGHTY I AM PRESENCE' IN ACTION, IN AND THROUGH THIS FLESH BODY AND FROM NOW ON, I OCCUPY IT COMPLETELY FOREVER!"

PRECIOUS young people of America, we ask each one of you to feel himself personally responsible for maintaining harmony wherever he moves; for the greatest need today is for every individual to feel the responsibility and need to keep his feelings peaceful and joyous.

There is the greatest opportunity of all ages to call the "Mighty I AM Presence" into action, to harmonize all that is brought to our attention for the protection of America and the Victory of Light in ourselves.

It is extremely important that the young people and all of the "I AM" Students use the following Decree to qualify and govern the atmosphere within, around and above all the Americas; that the Ascended Masters may fill and charge it with Their Electronic Light-Substance so no destructive activities of any kind can act with our atmosphere.

If the young people *especially* will keep themselves harmonious and call into outer activity this powerful protecting Substance of Ascended Master Light into our atmosphere, it will make impossible the entrance of airplanes into the Americas which bring destruction or come with wrong intent to our people.

This would also make it impossible for poison gas to be released to harm or destroy any person, place, condition or thing in America.

Please use the following Decree at least three times a day from now on and always in your Study Groups: "Mighty I AM Presence," Great Host of Ascended Masters, Great Angelic Host, Mighty Legion of Light and Great Cosmic Beings, come forth at once in *Your Full Power* of the *Unfed Flame,* the Three times Three and the Cosmic Light! charge and qualify all the atmosphere within, around and above the Americas with the Blue Lightning of the Ascended Masters Divine Love, Light-Substance and Power. Fill it so full of this Blazing Presence that it instantly repels all activities unlike itself, and give the Americas this Mighty Invincible Protection now and forever without limit! Ever expand Its Almighty Victories of the 'Light of God that never fails,' and we thank Thee Thou dost always answer our every call.

· DECREE ·

It contains a series of Dictations by various Ones of the Ascended Masters before thousands of the "I AM" Students in the United States of America within the past year.

The purpose of these Dictations is to help the students and readers hold their attention upon the "Mighty I AM Presence" and that of the Ascended Masters and through this, quiet and purify the emotional or feeling body of such persons enough, to enable the Ascended Masters' Comprehension and Light to lift them into a closer communion with their own "Mighty I AM Presence."

Through the greater acceptance and feeling in each individual of the Reality of his own "Mighty I AM Presence," the Ascended Masters can charge each one and his world with more of Their Consciousness and Perfection.

· SAINT GERMAIN'S DISCOURSE ·
· SAN FRANCISCO CLASS ·
· *August 1, 1937* ·

The illustration on opposite page is by our Blessed Messenger Mrs. G. W. Ballard

IN deepest Love, I express My Gratitude to you—every one, beloved people and students of San Francisco; for that which it has been Our Joy and Privilege to do, in the assistance which We have been enabled to give. You have not known it, but before the Messengers came, your city was in great danger. We knowing it, timed the class here with direct intent, feeling confident that We could give the Protection and Assistance which was necessary, and it has been done.

Knowing all that has been accomplished for the students individually, as well as for your city, gives Us very Great Happiness. More perhaps than all, is this Mighty Activity which the Divine Director has chosen to give. In no one thing since the Messengers went forth, has such a powerful Activity, such Great Assistance, been given to the individual. Now, He has seen fit to give this Assistance to the young people of America.

Remember dear hearts, the Ascended Being is not limited in any way! I say to you, He *is* giving this Assistance to the Young people of America, especially in the Universities and Colleges throughout the United States; where so great, you will pardon Me if I use the word, "infamous" intent has gained some headway in the drawing the young people from the Light. However, that is being to a large degree dissolved and consumed. From those Colleges and Universities

will also be taken EVERY individual who puts forth destructive ideas. Such things MUST stop in our America! Purity of mind and body is the greatest need of the world today! Energy wasted may never be regained! In the mass of mankind, when individuals have emptied their reservoir of energy, not knowing the Presence, they do not understand how to replenish it. The explanation of this Law is the need of all the blessed ones of earth today.

We see and know, beloved ones, how many wonderful people there are in America, Oh such great loyal hearts! There are those whose Light is sufficient—I refer to those who have not heard of this work at all, yet whose Light within them is strong and powerful. The moment they could become aware of this Mighty Presence which the Chart represents, they would immediately enter into Its Great Power and Strength with added loyalty. Thus, they would give all and more assistance than is required to govern the conditions—even to controlling the energy in the gas belts.

Dear ones, I wish to state to you again to-day, that the only reason for the release of cataclysmic activity into the world is because of the discord of mankind which draws that energy to the surface. The scientist does not know it! the world at large does not know it, but We do! and this Knowledge and Understanding is being brought forth that mankind may protect themselves. The Presence, the Infinite Universe has limitless energy, but the individual who wastes it will find the time when he wishes to have it and then it is absent.

The Law of Life, beloved ones, makes no mistakes in its action. Mankind, in the lack of understanding may make very great mistakes; but that is not the fault of Life, the Energy, the Intelligence nor the Power which is flowing through. When you once understand that you are responsible for the way you use this Mighty Energy which flows in at the top of your head, anchors within your heart and then flows out into your world, you become responsible for its activity. If you use it destructively—by that I mean qualify it by discord, which produces destructive activities in your world—then you alone are responsible for those results. The energy is not responsible. The Presence, which is wholly Perfect, is not responsible. Even your Higher Mental Body is not responsible for what you do with your Life Energy. Therefore, feel your own responsibility now! By the power of your attention, you can change that current of Energy to lift you to the Greatest Height or drag you to the lowest depths. Without the Energy of the Presence there is no sustaining power.

I have watched at various points and there are four or five individuals in America who have had an opportunity of ten life-times. They are trying to put forth the idea, that God is within and is not above you. I warn you, dear hearts, against all such things. God is anchored within your heart—your "Mighty I AM Presence"—but the greater percent of that Mighty Intelligence and Presence, Which is a Form tangible and Mighty in Its Blazing Light, *is above you* from which you draw your strength, energy and Intelligence. If all of God were within you, you would be God-Beings manifesting Beauty, Perfection and the

command of all Substance in your world. The fact, that you do not manifest that Perfection, is proof that all of God is NOT within you.

Let no one confuse you by such a false statement, for unless you understand that your God-Presence is above you, from which you receive Life as this Chart indicates, you do not know where your sustaining Power is. That Chart is absolutely accurate! I pity the unfortunate individual who tries to distort this Truth. I ask you as Group Leaders, beloved ones, never fail once in your Group Activities to explain that Chart and to explain this very important point to the people. The great majority of your God-Presence IS above you. Its Ray of Light and Energy is anchored within your heart; but you have only a small part of Its Mighty Intelligence and Energy acting in your body as yet. Therefore, the FULNESS of God is NOT in your body. Make no mistake about that, otherwise you would be beautiful and Perfect and so would all mankind.

We are entering into a *powerful definite activity*, beloved students, and we do not want you to be sidetracked in any manner, by somebody starting that foolish idea. Everything which We have given you, and this good Messenger's description of this Chart *is accurate*. No one can misunderstand who wants to listen. His explanation of that Chart is absolutely accurate! All Group Leaders! please commit his explanation to memory so you may explain it to the students; so that each one gives the very same explanation. Group Leaders! do not begin to vary in the explanation of that Chart. When you are talking to individuals in the explanation of the Chart it is quite a different thing; but when you meet in

your Groups, let the description of that Chart be uniform. Then the new people coming in will not go out and say: "Well that Group Leader gave a different explanation from the other." If you will follow this good Messenger's description of that Chart you will find it accurate and of the greatest benefit.

The reason for uniformity throughout the United States is, that when the work is done, it gathers the Substance and Energy into a form like a great flower, a great Lotus, whose petals make up the whole Activity, by which this service is rendered to the earth. If there is one imperfect petal, then it affects the whole flower. Be careful dear ones, please do not ever have any *personal feeling* in this service which you are rendering; but try to feel entirely impersonal in the whole activity.

I seldom refer to anything of this kind but I want you here who have been so very precious to realize, dear hearts, that the more of these books which can be spread among mankind, the quicker will come the Freedom of humanity and the Protection of America. People need more than listening to something! They need that to which they can refer again, again and again; because the intellect does not retain in the memory but a small part.

For instance, take yourselves! In all that is said during these ten days, how much does the intellect retain outwardly? Very little! but in your feeling world there *is* the record of everything which has been said here. As your Light expands, you will find at any given moment you *can* recall what was said. In other words, according to your re-

quirement, it will flood forth into your use and action. Such is the magnificence of this Understanding of the Presence, which holds everything ready to serve you at any given moment. As your attainment increases and the expansion of your Light becomes sufficient, you will find that whatever you need floods forth.

Our blessed Donald has but to open his mouth and whatever is required floods forth. Many of you are coming to the same point. While I do not want to impose too great a responsibility, I shall expect to see Donald and Marjorie do much for the young people of America. They cannot hide much longer.

So dear ones, in the service of the Light is the Greatest Service in the Universe. Once you know your Presence, Which gives you Life, is really your Treasure-house and from It comes all supply of every good thing, Oh, then comes such joy!

To-day, while I am flashing these words to the Messenger and he is voicing them to you, I am endeavoring to charge into your feeling world the confidence—the TRUE FEELING of this one particular point: that your Presence is your Treasure-house of all the money or any good thing you require for use. In your call to your Presence, if channels be used in the activity of earth, then the Wisdom of the Presence will select the right channels to serve you in that particular capacity. Then it will be done through the Power of Divine Love and Wisdom.

I am trying earnestly to give you the true, full, complete FEELING of this Mighty Truth, for I assure you, there is no place in this Universe from which you ever receive one good thing, except your own God-Presence, Who *is* above you. You

have thought that channels out here and your human effort were the means of gaining your livelihood, the money you require for use. Well that is but the outer activity. The Intelligence which is used is not yours. The human form has only fragmentary intelligence, beside the atomic intelligence within the flesh structure of the body. All the Intelligence that is used for your accomplishment in the outer world is the Intelligence of the Presence.

Whether you know it or not, does not alter the Truth; but when you understand the power of your attention, the power of your vision and qualification, then you can co-operate with your Presence. In a comparatively short time, you can call Its Power forth with so much greater intensity, that It will flood out into your world harmoniously. That is the Law of your Presence. It is the Law of harmony. As Its Power pours forth sufficiently, It will harmonize your whole world, yourself included. Then as the Power of your Presence intensifies, Wisdom acts and you will naturally do the Perfect thing at the moment, whatever is required; whether it is your supply, whether it is your awakening, whether it is your service to others. The Wisdom of the Presence is the only Power which can do that. It does act, and as you become more vividly aware of It, you will find you *can* call the energy, the health, the Intelligence of the Presence to act quickly with the ease of breathing. It is natural! It is practical!

The activity of Life, your Presence, is the most practical thing in the entire Universe. We, the Ascended Beings, are the most practical Beings in the world because We understand the fulness of the Law, the fulness of its Inner and outer activity

in the human octave of mankind. Therefore, try to feel beloved ones, that there is not one thing impractical in this Understanding of God, your "Mighty I AM Presence," which is your Life in action. It is the greatest Power and Intelligence in the Universe, which every person in embodiment can have for use without limit. Remember! I say to you WITHOUT LIMIT. You but limit yourselves, in your lack of understanding or your inability to accept. The Presence and Intelligence is there; but the power of your attention is so almighty, it compels you to be whatever your attention is fixed upon. This is why We plead, We urge you continually, to realize and understand the power of your attention, which you ARE using every moment. If a thing is limiting, then the need is to take your attention from it! Place it where there is no limitation—on your Presence!

Now allow Me to make it plain to you to-day, that this activity nowise interferes with your daily activity, beloved ones. A moment of intense adoration and call to your Presence will do wonders. Then during the activity of the day when you have a lull of a few moments, quiet your attention and say: "Mighty I AM Presence! you are the only Intelligence and Power acting here." Just keep acknowledging It every time you have a few moments. Then go on serenely with your work, and you will find a great flood of Its Light fill you and all you do. For instance, in the morning when you arise and prepare for the day, stand and call to the Presence with intense Love and gratitude: "Mighty I AM Presence! charge my mind and body with Your Limitless Energy, with Your Mighty Intelligence, with Your Invincible Protection to-day! See that I do the perfect thing

I should do every moment! See that I make no mistakes! See that there is nothing hidden that is not revealed to me concerning my Life." My dear ones, in a short time you would become Wisdom in Action. There is naught in the world, but yourself that can say how much of this Presence you can call forth. There is naught can stop Its limitless action, but YOUR OWN FEELING.

I urge you, beloved ones, to believe this until you earnestly try it out; until you earnestly keep calling the Presence into outer action. I urge you, I prompt you, do not let your human discourage you at first! If you are not familiar with It, then you must keep calling the Presence into action to release Its Great Pillars of Light-Substance! Then you will see the manifestation of Its Perfection in your world, which will give you all encouragement until nothing daunts you, just like this good Messenger. He knows this Presence and nothing daunts him any more. He knows his Presence will dissolve and consume all that is undesirable. He KNOWS appearances have no power! That is what you need to know, concerning your financial limitations or anything which disturbs you. You MUST know, that appearances have no power, so far as your world is concerned. Then call your Presence into action to take command, produce Perfection and dissolve and consume every undesirable thing. Thus, you WILL have those results in your Life. You are the decreer of your Life, beloved ones, the decreer of your world, and according to the Power of your attention does this Mighty Energy produce Perfection or destruction.

One unfortunate thing which blessed humanity does is to listen to agitation which makes a

pretense of bringing a remedy. Instead, all agitation is the sinister claw creeping in! When it is too late, the people see the nefarious thing which has been done. They do not have the achievement or remedy, but are in a worse condition than before. Oh, that I could say to all the people of America: "Send out of your country EVERY AGITATOR who appears, and mankind would soon be free." The solution of everything in the whole world, individual and national is to call the Mighty Power and Wisdom of the Presence into action, to take command of the situation and bring Perfection and Divine Justice to all.

Whenever agitation comes in, discord is there and the feelings of both sides are stirred. Then the stubbornness of the human enters in and no solution is arrived at until the condition becomes so extreme, that they know something has to be done or war and destruction would follow. This is why, dear ones, there is no condition in the outer world ever comes to a solution by discord and agitation! Throughout the centuries, it has been the same. Then it ends, when the destruction grows to a certain point, by great devastating wars and cataclysmic activity.

All civilizations have ended the same way. In this wondrous Mountain of Light, the Royal Teton, the records are there, beloved ones, of every civilization which has ever been. The close of every record is the same each time. In every civilization, the downfall came through agitators disturbing the *feelings* of mankind. It grew and grew, until its momentum went beyond the reach and control of mankind. Do you know why that is possible?

What is happening in our beloved Europe and

the Orient to-day? The power of a momentum has been called into action which they are no longer able to govern. Dear ones, do not let that come into your America! I have loved you, I have loved America enough to work for her Freedom for more than two hundred years; because I saw then, as all of the Ascended Masters have seen, that America was compelled, not by choice, but was *compelled* to be the "Cup of Light" of the future! If she is not protected, the whole world is lost! Then after great destruction, all must be started over again.

Everything possible is being done by the Great Host of Ascended Masters, the Legion of Light and the Great Cosmic Beings for your assistance, for the protection of America. We are opening the way for these transcriptions to go forth where it is impossible for the Messengers to go; that the attention of mankind may be called to this "Mighty I AM Presence" and to these books, which WILL give people the Understanding of what is required, free the individual and protect America. It must come! We need more help from mankind from the physical octave; but I have confidence that through the Assistance which the Divine Director is starting into action now, there will come great help. The remainder will come through the transcriptions going forth to all parts of the United States.

Beloved ones, individually and in your Groups, decree for those transcriptions to be broadcast and the books flood forth everywhere; so in the quickest possible manner, may the attention of the people be brought to this Presence. In the books is the Chart which the transcriptions can not give. The transcriptions can call the attention

to the "Mighty I AM Presence." Then as the books flood forth, the people can have the explanation. It is given in every detail in those books. It will give the people the Perfect Understanding. The Messengers cannot reach all the people, it is not possible; but the day is near at hand, when the Great Auditoriums will be filled with earnest seekers of the Light, who will have the joy of this Mighty Radiation which has been present in this class. It is ever-expanding, ever-intensifying. The day will come when there will perhaps be seven places in the United States that the Messengers can go. Great numbers of people can go to them and receive this Mighty Radiation.

Beloved ones, may I attempt to cause you to feel to-day how great is the Love of an Ascended Being, to flood you and your world with that Ascended Master's Strength, Courage and Power of achievement? You are dauntless beings! You are no longer subject to your limitations or those of the appearance world. Remember! in anything that confronts you in the future, still yourselves and say: "Now I remember, that in the acknowledgment of my Presence, I am Master of this condition. Therefore, I do not accept any disturbance, any limitation! Divine Justice, through my 'Mighty I AM Presence,' descend into this and do your perfect work!"

I want to say to some of the individuals who have private problems, mines, leases, conditions in which Divine Justice needs to act: Oh beloved ones, if only one in the midst of such an activity would say to all such appearances: "You have no power! 'Mighty I AM Presence' project your Mighty Power of Divine Justice into it! take command of the mind and body of everybody

concerned! produce Divine Justice and hold your Dominion in them forever!" Precious ones, Divine Justice and settlement would be rendered quickly.

It is only because knowingly or unknowingly, you are accepting fear and are doubting the Power of your Presence to govern, that things are not adjusted immediately. Sometimes, as the letters have come to the Messengers, they show that some students feel their inability to apply the law. Please do not accept that dear ones! You have just as much ability as the Messengers to apply this Law. It is only because you lack confidence. Your Presence IS your Confidence, and if you have a feeling within you that you do not have the ability, power or strength, remind yourself: My "Mighty I AM Presence" is the Power acting! I DO have the Power to make the call which is required! Therefore, "Mighty I AM Presence" take out of my feeling world anything that is less than Your Courage and Strength. It is Your Courage and Strength that is acting in my body. I will not admit any longer my own fears, doubts and limitations." If you will take this attitude, precious ones, you will so quickly sweep out of your feeling world all of your own accumulation. Then, in the use of the Violet Consuming Flame, all disturbance will quickly stop; but you must be *quick*, you *must* be alert. At the slightest intimation of anything less than Perfection in you or your world, stop and say: "No sir, you have no power! 'Mighty I AM Presence' sweep in here and take command!" and It *will* do it.

You need sufficient practice to gain your momentum in the activity of your Presence, dear ones. Then, It will act quickly; but if you are unaccustomed to this and you begin to apply in a

half-hearted manner, you will find more or less disturbance until you assert your firmness and determination. Call your Presence into action with firmness! Then the appearance will know it is finished, and it will not try to disturb you longer.

When that which is human creation sees you are firm and determined, it will not bother you longer, I assure you. This is just sort of a crude illustration, but it applies. When you meet an angry dog and it rushes up as though it would devour you; if you are calm and fearless and look it in the face, it will stop. Then, if you start after it, it will run. If you run away from it, it will get you surely. Dear ones, it is so with the conditions and accumulation of doubt and fear in mankind. When such a thing sees that you fear it, it will creep up on you. When you are firm and say to it: "You have no power, get out!" it sees it has met its master and you will soon cleanse and purify your world of everything which through doubt and fear disturbs you or limits in any way. It is the only way, beloved ones. There is no other way to gain Mastery, except by your determination, application and calling your Presence into action. *There is no other way!*

I say to you, beloved ones, who are in the neighborhood of sixty years old: Because certain mistakes have been made in your Life, because your energy may seem to be lacking; in this Understanding of your Presence, if you will call Its Mighty Energy into action with determination, I tell you—any one of you—in six weeks CAN be as strong, firm and active as you were in your fullest youth; but you *must* be *determined*. Then,

the Presence will release Its Energy. I know many of you will have greater, quicker results, if you raise your hands, just as though you reached to your Presence and drew Its Energy in and through your body.

You can release this Energy and Intelligence from your Presence to charge your mind and body, until your whole being takes on the activity and appearance of youth. Do not admit nor accept this appearance of age! Still—I say, even that has no power to bind you! it has *not!* It is only because you have accepted the mass consciousness, that when you come to a certain number of years, you must take on the appearance of age. It is not true! It is but human creation and has no power!

Oh beloved ones, long before I won My Victory, something in Me knew that old age was not true, that the appearance of age was not a divine thing. Remember, My Love for Jesus was the thing that helped Me to win My Victory and gave Me the courage; because I knew in My Heart that He had won It. My Love for Him was and is very great. When I came nearer and nearer the point of My Ascension, more and more intense grew My Love to Him, because of the example He left to mankind. To-day, hand in hand, We, He and I, move through the Universe together. Because that Love was so great is why, hand in hand, We are serving the children of earth now.

There is no barrier to Divine Love in the Universe, dear hearts, and there is no opposition to It! When Divine Love and Blessings are poured out, It is the Power of your Presence that goes out and enfolds the individual, place or condition with Its Power. It dissolves all opposition! If the feeling be REAL and there is no response of dis-

cord or dislike in you, then your Love and Blessing poured out to an individual who is antagonistic to you, becomes Self-luminous Intelligent Substance, which enfolds that individual and dissolves his power of resistance and dislike.

Oh, it is all so Real! It is all so wonderful, if understood, dear ones! You, EVERY ONE, *can wield* that Power and nothing can hold It from you. Through your Power of Divine Love, precious ones, you are Master of your world. In the out-pouring of Divine Love and Blessing, your feelings are continuously held harmonious, until finally a great volume of the Power of the Presence is flowing through. Even with no particular volition on your part, will that Radiance go forth, as It does with the Messengers now. That Radiance will do Its work, harmonize and bring things into order again.

I wish to-day the conditions of your being permitted Me to draw the veil of human creation aside and show you, for a few brief moments, the accomplishment in your city; in your state, since the Messengers arrived. Beloved ones, you would leap into the Power of your Presence and remain there forever! Once you could see what was accomplished in so short a time, your courage would be dauntless forever. Even though I may not do that for your blessing to-day, still I am sure through My Feeling, My Words do carry the Truth and Confidence to you which give you your Victory, in the call of your Presence. Accept My Feeling! which does give you your Victory over every limiting condition that ever shows an appearance again in your world.

I convey the Love and Blessing of the Beloved Nada, the Beloved Master Jesus, the Mighty Di-

vine Director, Rex, Bob, Nada, Pearl and David Lloyd, whose Enthusiasm and Joy in His Service to you is boundless. He has never stopped an instant, since his dictation in Los Angeles. Since His return to service in and with the Messengers, He does not stop night or day. FEEL, OH FEEL! beloved ones, the Reality of these words that carry the qualities into your world which they are! FEEL the Mighty Truth, the Strength, the Power, the Courage, the Limitless Energy which is yours to command.

Go forth Oh my precious ones, go forth unto your Victory now! In the fulness of the Power and privilege which is Mine, I enfold you in the Presence, the Substance of My Love that it may enfold you and be absorbed into your mind and body; dissolving every imperfection which might be there; replacing it by the Ascended Masters' Self-luminous Intelligent Light-Substance that fills your body with the Perfection of the Achievement which My Ascended Master Consciousness is. May the fulness of your Glory, your Victory and your Ascension come quickly! In the meantime, may the full Power, Courage and Strength of your "Mighty I AM Presence" flood your being, world and activity with Its Infinite Power, produce Its Perfection, Dominion and the limitless good every blessed heart desires; for It cannot be withheld from you! I thank you.

The "Mighty I AM Presence" and Saint Germain

THE Cosmic Moment has struck, Beloved Ones of America, when the Ascended Masters, call you to Victory and Freedom in the Light!

In our previous broadcast, we turned your attention to the Great God-Presence—the "Mighty I AM"—which dwells as an individualized, active *Focus* of God, directly above every human being. This God Presence pours Its Own Pure Life, Substance, and Energy down into the human form, in a stream of Golden-White Liquid Light. This is the Light-Substance, which our modern scientists are finding to be within the nerves of the flesh body; for It flows through them as blood flows through the veins. When this Liquid Golden-White Light withdraws from the body, the individual experiences so-called death. In reality, there is no such thing as death. You could not die, if you wanted to, for you are Life-consciousness from the Heart of God. You cannot get out of the Universe, because you are Consciousness, and Consciousness is everywhere forever. What is more, you are the Individualized *Flame of Life*, from the Heart of the Great Central Sun, and your individualized identity is eternal.

You might step out of your physical body, as one does an old worn out garment that is no longer of service; but when you do, you are even more alive than before, because a great deal of the density and resistance is in the flesh body. Every night, when you put the physical body to sleep, you step out of it and go in a finer body to the "Octaves of Light" for both instruction and service, *except* when you get caught in the astral or psychic plane, which is what happens when you have nightmare or distorted dreams.

Such activities can only take place in the atmosphere of earth, up to an altitude of about 7,000 feet; because that is the only place where destructive vibration can accumulate or act. *The astral or psychic plane contains nothing of the Light! nothing of the Christ!* because the astral or psychic plane is simply the accumulation of discordantly qualified energy, released into the atmosphere by the vicious thoughts, words, feelings and actions of human beings—both embodied and disembodied. This is why individuals who do not go quickly through the earth's atmosphere, enfolded in their own Light and Love, get caught and experience the distressing conditions of nightmare, distorted dreams, hallucinations and psychic experiences. Mankind has these experiences! but does not know the Law that is acting and the Ascended Masters are the *only Ones* Who *really know* this *LAW*, from both the Inner and outer standpoint. Saint Germain took Mr. Ballard and myself and showed us the action of the Law in all these conditions, and we have the full authority and power of the Ascended Masters in all we do.

No one but the Ascended Masters is either an authority or knows the action of the Great Law in

all these activities; but if individuals will accept and understand this Law of the "Mighty I AM Presence," they will be able not only to govern themselves harmoniously, but to set others free to the joy, illumination and Perfection of all.

There are machines now in use which actually photograph the Light within the body. It is directly in proportion to the amount of this *Light-Substance*, which we allow to flow into the body *uninterrupted* by discord in the individual's feeling, that we have health, vitality, supply and successful achievement in our lives.

Dear ones, this presentation of the existence and Power of your own "I AM Presence," as the *Source* and *Supply* of Life, is a Mighty Real Eternal Law. It is not belief, theory, hope, conjecture, blind faith, nor human opinion. It is the great Principle of Existence, which man has been using and mis-using throughout the centuries. His ignorance of the Law does not keep him from the penalty of failures, which its wrong use always brings. All outstanding individuals who have ever achieved Victory in their lives, knew and recognized, that there was a Greater Power than their own human intellects, guiding them onward and upward. If this gigantic Universe and Systems of Worlds in which we live, were based and run on man's present intellectual concept, it would be a sorry looking Universe indeed.

Mr. Ballard and I come forth with the full Power and Authority of the Ascended Hosts of Light. We come only in Love and there is never any charge made for our Work and classes. There are no money nor political schemes in or back of this Educational Work. Being fully aware of the heavy penalty, which is automatically inflicted

upon all individuals who mislead fellow beings, do you think for one moment, we could have stood face to face with audiences which total over 500,000 people, in the principal large cities throughout America for the last two years and a half? With all the Power and Love of our hearts, could we have poured forth that which we knew was not true? Mr. Ballard, our son, and I, have stood in the visible tangible Presence of our Blessed Ascended Master, Saint Germain, many, many times, and in that of many of the other Ascended Masters. Often when our classes have been in session, Saint Germain has come to us in his visible tangible body, and given us further instruction for the carrying on of This Work, which is wholly under His Direction. To-night, we will tell you who Saint Germain is, and the part He has played in the destiny of America.

The time has arrived, when the Great Wisdom, held and guarded for many centuries in the Far East, has now come forth in America, at the command of those Great Ascended Masters Who direct, protect and assist in expanding the Light within mankind upon this earth.

The Great Ascended Master, Saint Germain, is One of those Powerful Emissaries from the Great Spiritual Hierarchy of Ascended Masters Who govern this Planet. He is the same Great Masterful One who worked at the Court of France previous to and during the French Revolution and Whose Advice, if it had been heeded, would have prevented the Revolution and saved that great suffering. It was because of His transcendent Divine Power, that He was referred to at the time as "The Wonderman" of Europe. He is eternally linked with America—past, present and future:

for a very important part of His Work upon this earth, is the purifying, protecting and illumining of the people of America, that she may be the carrier of the "Cup of Light" to the nations of the earth, in the Golden Age that is opening before us. His Ideal of the centuries is to bring forth an entire nation of Ascended Masters and America shall be that nation!

America's very Freedom, in the beginning of her existence was due almost entirely to His Tireless Efforts, in protecting and encouraging those responsible for her inception. The drafting of the Declaration of Independence, the Constitution of the United States, and the establishing of the United States Supreme Court were also direct results of His Help and Influence, and it was His Love, Protection and Guidance which sustained Washington and Lincoln during the darkest hours of their lives.

Saint Germain has brought this Light of the "Mighty I AM Presence" forth to the people of America since 1932, to again give the Instruction which it is imperative for the people of America to understand and apply, if they are to avoid the perils, which are destroying Europe at the present time.

He says, the people themselves Must make the call to the "Mighty I AM Presence" and Ascended Masters, if they expect protection, supply, Freedom and the Light to remain and act within this government, the land and the people. Therefore, whether you understand the Ascended Masters' Instruction of the "Mighty I AM Presence" or not at the present moment, we ask everyone within the borders of the UNITED STATES OF AMERICA, OUR COUNTRY, THE "I AM COUN-

TRY," THE LAND OF THE "LIGHT OF GOD THAT NEVER FAILS" to call to the "Mighty I AM Presence" and the Ascended Masters, with all the Love and Power of your hearts, for the "LIGHT OF GOD THAT NEVER FAILS" TO COME FORTH—NOW—in Its Cosmic Action and do within and for America whatever is necessary to FILL HER WITH THE LIGHT AND LOVE THAT IS REQUIRED TO MAINTAIN PERFECTION FOREVER!

This Beloved Brother of humanity, who Works untiringly for its Light and Freedom, is even now during the present hour in America working in the world of governmental affairs, pouring His Light, Love and Assistance wherever the individual maintains harmony in his feeling. He is giving His Light and Love for the protection of America, bringing about conditions that will bless her and through her the world. Not for many years ahead, will the people of America and the earth know how much of their good they owe to this Great Ascended Master, to Whom it is impossible to do full justice, except in deepest Love, Obedience and service to the Ideal for which He stands and unceasingly labors.

This intimate knowledge of His Activities in our country makes possible a feeling of close contact and Love for Him that becomes a living, tangible force in the Life of all those who turn their attention to Him. He accomplishes all service in the outer world by the projection of Light Rays, charged with His Ascended Master Consciousness, Divine Love, Peace, Courage and Protection. He pours These Rays of Light into conditions within our country which need purifying, harmonizing and energizing in order to help

stabilize the feelings of the people, so they will receive the correct ideas, that will solve their problems and bring forth the Perfection they crave.

We give a Decree now for the Light of the "Mighty I AM Presence," the Ascended Masters and the Angelic Host to blaze forth everywhere throughout our blessed United States of America; in such a Mighty Out-pouring of Ascended Master Consciousness and Perfection; with such an irresistible Power of Divine Love, that all destructive activities and their cause and effect within our borders, are annihilated instantly by the Mighty Onrush of Its Presence and Activity and keep It eternally sustained for the protection and supply of America, her people and the illumination of the earth!

Will you repeat phrase by phrase with us the following decree:

"Mighty I AM Presence," Great Host of Ascended Masters, Great Angelic Host and Mighty Cosmic Beings! sweep into America everywhere! Take possession of all within her borders, produce Perfection and hold your Dominion forever: for

"The Light of God never fails!"

"The Light of God never fails!"

"The Light of God never fails!"

And the "Mighty I AM Presence" is that Light!

BLESSED Precious Students of the "I AM" School, if you will memorize this poem on the GODDESS OF LIBERTY and say it over once a day, visualizing at the same time the following activity of the Light, you can give a tremendous service for the protection of America. All school children everywhere in our country should be taught to do this and to understand, that the GODDESS OF LIBERTY is a Magnificent Majestic Cosmic Being of Light, Love and Power, so gigantic, the human mind can scarcely comprehend the stupendous Service She gives.

That Mighty Cosmic Being is REAL! REAL! REAL! and ALMIGHTY. Oh, that the whole world might know this and have the blessing of the FREEDOM which She represents and has the Power to bestow.

The Statue of this Mighty Being in the New York harbor is a Focus of Her Mighty Light and Power. Into it are charged certain Currents of the Ascended Masters' Pure Electronic Force, which keep pouring into the atmosphere around and over our blessed land. Let every child and every human being within our borders understand that and be

grateful for this Great Silent Power which is constantly blessing our people.

Once a day at least, visualize the Gigantic Figure of the GODDESS OF LIBERTY in blazing dazzling White Light, the Flame in Her Torch GOLD and the Radiance pouring out from around Her of the Blue Lightning of Divine Love, encircling the whole of the UNITED STATES OF AMERICA and forming a wall of Electronic Light-Substance, from the Ascended Masters' Octave, to give *Invincible Protection* to our blessed land forever.

· GODDESS OF LIBERTY ·

BLEST Goddess of Liberty,
I send You my Love,
God's own freeing Power,
The "I AM" above!

Raise high Your Great Light!
Set all mankind free!
Illumine their way!
Give True Liberty!

Thy Torch now held high,
Illumines the world,
Thy crown of Pure Light
Is Victory Unfurled.

Thy Garments of Gold
Are Love's Gift so true;
Guard well our blest flag,
The Red White and Blue!

Thy Book held so close
Is God's Law—clear and true,
The Great Word "I AM"
Light's Presence come through!

Thy feet strong and firm
Tread only Light's Way:
Blaze forth Thy *Full Power*
In Victory today!

· DONALD BALLARD'S TALK ·
· YOUNG PEOPLE'S BREAKFAST ·
· SAN FRANCISCO ·
· *August 1, 1937* ·

WE pour out all our Love and Blessings of our hearts to all the young people here and to all throughout the United States; for in the hands of the young people lies the responsibility and special duty of protecting our United States of America. The young people have always had, as part of their duty, the carrying of the Light of Patriotism. Let us hold that Light High and blaze It forth to all the earth.

As the young people of America, let us take it upon ourselves to bring about and stand for respect to our Nation. Let us battle with the tool of Divine Love and Light which is ours, the effort being made by that which is seeking to destroy America; that which is seeking to cause the young people in our schools and colleges to sneer at our magnificent Symbol of Freedom, the Stars and Stripes. Let us release our Light and Divine Love wherever we go and have the opportunity to do so. Let us once and for all stamp out whatever would show disrespect to the one symbol among the nations of the world's Freedom.

America has been brought forth that the entire world may have Freedom, and unless the Freedom

of America is preserved, the Freedom of the world may fall. Let us consider it a sacred duty, to do our part to serve this end.

It is the young people who in the case of war are sent forth to face the physical tragedy, created by those who do not serve the Light. Why is this so? Because those who carry the Light are the ones which the sinister forces would like to destroy, and this time *our young people shall not be destroyed!* They shall go forth to the *Victory* which is rightfully theirs; bringing unto all, young and old alike, that Victory, that Glory of all human existence. They shall go forth preparing the way for the Ascended Host to release the Ascension in the Light to all humanity.

It is in a great measure the young people who can check the destruction of war; for should there be another war, it will not only be those on the battle fields who will feel the ingenuity of mankind's distorted and perverted activity of their God-given Wisdom. It will be each and every one of the civilian population, the motherhood of the race, the children in arms. Mankind's perversion of its God-given Intelligence has gone to such an extent, where if it goes on unchecked and it comes to the point of war, no one will be spared.

We all have a great duty to perform, but most especially those of us who are closely connected with such activities; for to the young people would fall the activity of using the machines of war, to rain destruction upon their own land. Should war break loose, inevitable destruction would be spread alike on both sides. This our young people shall NOT be subjected to! Never shall their hands be raised against our Nation! They in their hearts would never do such a thing!

So they shall *not* be forced into it by anything on earth. They and all the population of our nation SHALL hold the Light of God high; and if necessary, as was given forth in Washington's Vision, that Light as of a thousand suns SHALL blaze forth to seize and hold inactive all human destruction! The glory brought forth by our forefathers shall NOT be in vain! So shall it be! by the power of the "LIGHT OF GOD THAT NEVER FAILS."

BLESSED ones in the Study Groups everywhere and especially Group Leaders, it is of very vital importance at this time for all "I AM" Students to realize, that it is not enough to just keep yourselves harmonious for your own protection, success and attainment.

All under this Radiation should make it their BUSINESS, to definitely pour out everywhere they move, a powerful Stream of Divine Love and the Ascended Masters' Substance of Light. Through your call to the Presence, pour IT out unconditionally, no matter whether it seems to be needed or not. Then wherever you move, you are constantly providing the Substance the Ascended Masters need at every point, through which to expand THEIR RELEASE OF THE COSMIC LIGHT AND DIVINE LOVE.

If the "I AM" Students will do this always, then no matter where you are, the Ascended Masters

CAN use you at any and every moment, to bring about the consuming of discordant conditions wherever you may be. This is more important and of greater service and protection to America, than you will ever know until you are fully ASCENDED.

This service everyone CAN GIVE AND GIVE NOW, everywhere you move in the outer world's activities, and if you will do it, the blessings to you will be without limit.

This is what SANAT KUMARA meant in one of His recent Dictations, when HE said: "You are a part of MY LOVE and therefore, everywhere you go, you become Blazing SUNS of My Light and Love to move among mankind and release the Glory of My Victory, for the blessing of your fellow-man."

Group Leaders particularly! FEEL the imperative NEED to do this in your Groups at all times. Then, your Groups will expand without limit and your out-pouring of Divine Love and Light into them, will enable the greatest possible Assistance to be given for the FREEDOM OF ALL.

· DECREE ·

"MIGHTY I AM PRESENCE!" annihilate all that tries to discourage the Students of Light or delay their full VICTORY over all outer activity and the attainment of the Ascension! charge everyone under this Radiation with the Ascended Masters' limitless Courage, Strength, Love, Light, Wisdom, Power and Invincible Protection, eternally sustained and ever-expanding.

IT is our very great joy and privilege to announce the release of the ASCENDED MASTER DISCOURSES Volume VI of the Saint Germain Series. It contains a series of Dictations by various Ones of the Ascended Masters before thousands of the "I AM" Students in the United States of America within the past year.

The purpose of these Dictations is to help the students and readers hold their attention upon the "Mighty I AM Presence" and that of the Ascended Masters and through this, quiet and purify the emotional or feeling body of such persons enough, to enable the Ascended Masters' Comprehension and Light to lift them into a closer communion with their own "Mighty I AM Presence."

Through the greater acceptance and feeling in each individual of the Reality of his own "Mighty I AM Presence," the Ascended Masters can charge each one and his world with more of Their Consciousness and Perfection.

· SAINT GERMAIN'S TALK ·
· YOUNG PEOPLE OF SAN FRANCISCO ·
· AUGUST 1, 1937 ·

IT IS very vivid in My Memory, beloved ones, of our meeting here before in such joy and mirth, where an activity was established which has continued unto this day.

To-day, it is My Great Joy to inform you of an Activity which has been released at the call My Little Pal made this morning. You may not know it, but during the dictation of the "I AM Discourses," I gave him that name and I think I shall continue it, no matter how large he gets. Donald is My pal! and I shall always call him so.

The Divine Director in starting the Activity last night, of projecting the "DISC OF LIGHT" into the feeling world of the individual, is starting that Activity for the young people throughout America. It will be the MIGHTIEST PROTECTION of their morality, of their courage and strength which they *must have* to stand in the Light. Even though the outer consciousness is not yet aware of it, the Higher Mental Bodies of those young people are that Power and that Strength. Through this Activity of the Disc of Light, they will have more Dominion over the physical body than those who are not yet aware of their Presence. This Magnificent Activity for the assistance of the young people, is the thing which We had scarcely imagined could be utilized at this time for their protection.

Thousands of young people in America today who are not yet aware of this Mighty Understanding of the Presence and who, at the slightest

intimation of the Presence, if they could see the Chart, would immediately turn with full power in joy and loyalty to that Source of all Light. That is why to-day, We are rejoiced as We in the Ascended State seldom do rejoice; because the Divine Director has chosen of His own Volition to give this Assistance to the young people of America. I want to tell you beloved ones, that you can certainly rejoice with Us, in this Activity which will make for the fulness of what is needed for the blessing of America.

I suggest that all the "I AM" Students throughout America in their Groups, decree even with more intense feeling, than they have been doing, that there shall NOT be any war touch our country. Therefore, do you realize beloved Students of the Light, in your feeling of loyalty to America what My Feeling of loyalty to America is, after having done for two hundred years everything that the Law, the Great Cosmic Law, permitted for the blessing of America? To-day, We are having the fruition of that long and earnest Effort.

It is expanding with a speed I could hardly have imagined possible. It has gained momentum —just like a snow-ball coming down the mountain. When it starts the ball is small and not very rapid, but as it gains momentum the rapidity increases and the expansion also. That is how momentum in anything is gained. Naturally in that which is constructive activity, the momentum gains more rapidly than a destructive one. This activity is being called into the mental and feeling world of mankind to-day. It is enabling these qualities to be projected into the mental and

feeling world to assist them. I want to call your attention to the fact of how powerful and all-inclusive it is, in going forth in the world.

Only as you come near the Ascended State will you begin to realize the magnificent service that you have rendered in this capacity. Be assured there is no limit to the far-reaching power of that activity in the mental and feeling world; because all takes place first in the feeling world before it acts in the mental world, and that is what mankind has never known! People believed that their thought was the thing acting first; but in every instance where any understanding comes, it acts in the feeling world *before* it acts in the thought! This is what all are coming to know! In governing the feeling, you will find you have command of yourself and your world, in a manner which is impossible in any other way. In the governing of your mental and feeling world you have complete Self-Control. Realizing, that the feeling world is the first point of any activity, each one knows that he has the power to change his feeling by changing his attention. Therefore, it will regulate whatever attempts to act in the feeling world, as no other thing can do in human experience.

My Joy at the rising loyalty of the young people of America is without limit; for believe it dear ones, there is the most wonderful change going on within their feeling through these Decrees which have been issued. There has been a most wonderful change in the feeling world of the young people within the colleges and universities. There is a marvelous transformation. It will continue, as you call forth purity and protection of the young people of America. It will reach into

their feeling world and cause them to have courage and strength, to stand against the nefarious thing which is being projected into their world. We decree: "That thing has no power!"

Those young people SHALL have the Protection they require, to let the Power of their "Mighty I AM Presence" come forth into action and hold Its Dominion! The vicious thing which has been attempting to govern our schools has no power! Its seeming power shall cease from our Universities! Every professor in them, who fosters such nefarious things, shall be taken out! They shall be replaced by those who stand for purity and loyalty to our young people!

I want to say to you, dear ones: individually at least once a day, call your "Mighty I AM Presence" to charge forth and hold Its Purity and Dominion in the mental and feeling world of ALL young people of America, to give them strength. Every heart among our young people knows and feels those suggestions are wrong. Those vicious suggestions mean that they will be depleted of their energy and bcome decrepit old people, before they hardly reach middle-age. By the waste of their energy, they cannot hope to be beautiful, strong or able to release power that is of assistance to mankind in its requirement to-day.

Therefore, I for One, and the entire Ascended Host shall watch with Tremendous Power! We are charging into the feeling world of the young people Strength and Courage to stand against all which would drain them of their energy. They must have that energy to achieve the glorious Victory—their Freedom and Ascension! Dear people everywhere! you have the opportunity to

spread this Truth! Be firm and like dynamite! Take your stand in the Light! because the conserving of that energy will allow you to draw forth the Powers of the Presence without limit! to do that which is imperative and required to-day to win Light's Victory and set mankind free! for without our blessed young people, mankind would be lost!

Remember dear ones, young people of America! within the young people is the glory of the future. The older people, who have passed through these experiences and those without This Knowledge of the "Mighty I AM Presence," cannot restore, cannot replace the energy which they have wasted! Those of the older people, who are the "I AM" Students *can* replace that energy, if they *will;* but the young people, who do conserve it and call the Presence to charge their worlds with Its limitless Power and Energy, will be walking Gods on the earth. Then, the Powers of the Presence can flood forth at their command, to do the most powerful things that have been done since the last Golden Age on earth.

While I am speaking to you, THIS IS GOING FORTH THROUGH ALL THE EARTH, through the currents of the earth. The Divine Director has so adjusted the activity that It will reach into the feeling world of the young people everywhere. Once you gain an understanding of how the Ascended Ones enable these activities to go forth, you will realize it is almost inconceivable to the ordinary human intellect. Through the great determination of the people and their call so earnest and so wonderful, these arrangements have been made which have not been attempted for more than two hundred thousand years.

To-day, a Service is being rendered mankind that will show Its Out-picturing in no uncertain terms in the years just ahead. I want the young people to feel that you are Ambassadors of Light, pouring forth this Mighty Understanding of the Presence everywhere! Do not let any sneering remark ever daunt you in the least! Stand in the Great Dignity and Knowledge of your Presence! Fear nothing in the world! Then everyone will understand that you are sure of yourself! Individuals will be ashamed of ever having attempted to ridicule that which is the Power of the Universe, your "Mighty I AM," your own God-Presence! To-day, This Work is going forth with tremendous speed and power.

I want you to feel assured of it. As the young people become more and more active throughout the United States, and these Decrees go forth for them, it will cause courage to act in their feeling world and bring attention to This Work.

We are very grateful to Mr. Zinke and everyone who has made these Broadcasts and the Transcriptions possible. They will cause This Work to go forth and reach humanity with increasing speed. You will find within three or four months people all over the United States will be calling for these Transcriptions and arranging for their use. Then the great flood of Light will begin to fill the earth! Then you will begin to see the Mighty Activity of what the "Mighty I AM" can do for the earth and mankind! Beloved ones, be filled with the Glory of God, the "Mighty I AM Presence" and Its Dauntless Activity which has brought this to you! Older as well as the young people! stand as never before with dauntless courage and unyielding determination for the Light within all mankind to do Its Perfect Work!

Believe Me, Beloved ones, when I say to you the "Mighty I AM Presence" *is* coming into Its Dominion on earth! There is no question about it! As This Work goes forth, you will find everything will be held in abeyance, until the Power of the Light dissolves and consumes cause and effect of all this condition, and releases Its Power for the protection of America. Say to all destructive force: "You have no power! stay outside the borders of our America! You shall not enter!" As you send forth that command, you gather the Mighty Electronic Force with which the atmosphere is filled! By the Ascended Masters' Amplification, It will cause that Great Wall of Light actually to be built around the Americas, which will hold everything in abeyance.

Already Bob and Rex, Nada and Pearl are working in the field here with the young people with tremendous Power and Speed. They have been taught the use of these Light Rays. They can wield a Power that would astonish you! They can project a Ray of Light which would dissolve that pillar in one instant! Through another Activity, they can project a Ray of Light which would hold a dozen airplanes absolutely immovable in the air! Dear ones, that is how the preparation has gone on. As We have seen the destructive qualities acting in various avenues of earth, We must necessarily be prepared to govern these things, when it comes to a crisis, or all of humanity will be destroyed.

Dear ones, there are in the hands of the destructive forces of mankind to-day, poison gases and chemical activities that would destroy your city here, as the Messenger said last night, in fifteen

minutes! Those forces must be governed! That is why the call of mankind to-day is making this possible. Without that call, they would have been destroyed. As My Pal just said to you this morning, dear ones, it is not only those who would act in the capacity of soldiers for defense, but all innocent people would suffer as never before in the history of the earth. I tell you, dear ones, if you actually saw and knew the conditions in Spain today your hair would stand straight up. It is terrifying, the enormous destruction that is going on. I tell you, when human beings release destructive powers and qualities they are insane. Humanity knows not when to stop. The vicious forces seize upon it and urge and urge it on, until the people know not what they are doing. When it is all over, they awaken and wonder what has happened.

Dear ones, remember that the hypnotic action of the sinister force through the feeling is the most subtle thing! It creeps upon and gets into the feeling before individuals are even aware of it. That is how the last vestige of this sinister thing siezes upon the young people, through the sex, because that activity is so subtle that it creeps upon them before they even dream what is taking place. That is why I warn the young people of America to stand guard! The sinister force cannot reach you, except through that activity, because the guard already is established by the call to the Presence.

We must call all the young people to hold guard over all sex activity! This is why the Divine Director has utilized the projection of the "Disc of Light" into the feeling world of every young

person in America, in order for that protection to come about. It is just as though I held a precipitated cup in My Hand, containing a certain Liquid which would protect you absolutely, from any immorality in the rest of this embodiment. To-day, the "Disc of Light" is taking the place of that Precipitated Liquid, for the PROTECTION of the young people. I tell you dear ones, it is the Most Magnificent Service ever rendered, and My Gratitude is boundless!

I want to thank you beloved ones, for your Great, Great Love pouring forth in this most wonderful class. Blessed ones in San Francisco and Oakland, hold your Dominion! Your Presence is All-powerful! Do not let personalities or inharmony come into your world! Be so kindly and loving in your activity toward each other and to This Work, that nothing finds entrance to bring discussions or disturbance. I tell you as you do that the Power of Light will be released, until you all see Its Evidence. You will all rejoice not only in Its Infinite Activity, but in the Expansion of the Light.

Beloved Ones, as you become the harmonious example to mankind, they will see the dignity and the poise of both the older and younger people. They will say: "What have these people that is so wonderful? Why don't we have it?" With that great example before them, they will come in a flood to you for understanding.

As the Transcriptions go forth, dear hearts, your Groups will be flooded, if you maintain dignity of action before them. I ask you with all the Love in My Heart to be that example which all mankind will love to be like. As you do that, you will find your city will be flooded with the Glory

of the Presence and the "I AM" Students. Your places will not be large enough to hold them, because mankind must have This Knowledge today! It is Real! It is the Mightiest Effort ever made for mankind! It is Freedom! to every one who will apply It without question.

To-day, dear ones, the Law, the Scepter of Power is in your hands in the Understanding of your Presence. Mark you, dear ones, it is not any destructive activity. The Power of the Light drawn forth just moves into action and dissolves everything unlike Itself. Then the Light, the Power, the Perfect Activity comes about, to bring Perfection on earth and within the Life Stream of mankind. This is why, dear ones, for centuries and centuries mankind has felt within the heart, that such an Activity was possible, whereby conditions of the earth might be governed harmoniously, instead of through battle of any kind. Up to this time, it has always been a battle between the mental and feeling world of mankind individually, nationally and collectively.

To-day, as the Presence is called forth to govern the feeling world, all battle ceases within the individual. That feeling and activity naturally goes out into the world of mankind. It causes Dominion to come about through the Power of Divine Love. Harmony is the most Powerful Activity within the Universe for all mankind, individually as well as in the nation. That is the way We expect to gain this Great Victory! Whatever is gained through the Power, Release and the Expansion of the Light, becomes an eternally sustained activity for the earth. This is why the incoming Golden Age will be sustained indefinitely.

It is why without the knowledge of the Presence, any achievement or accomplishment of mankind is but temporary.

We ask you to rejoice with Us in the fact that all are entering into a permanently sustained activity of Perfection, which is the Infinite Power of the Universe.

With all the Love of My Heart, I thank you beloved ones. All the Law of your Life Streams permit, will be given you in every way possible. Remember, We stand ever at your service, ever at your call to give every Assistance possible.

We Love you, We thank you, We bless you with the Infinite Power of your "Mighty I AM Presence" and Our Love. I thank you.

V. THE POWER OF DECREEING by our Messenger Mrs. G. W. Ballard.

THE Cosmic Moment has struck beloved ones in America, when the Ascended Masters call you to Victory and Freedom in the Light!

For centuries mankind has been told: "Call unto Me and I will answer Thee! Thou shalt decree a thing and it shall be given unto Thee! Concerning the works of my hands command ye me. Prove me now, if I will not open the windows of heaven and pour you out a blessing until there is not room to receive it." Who of us has known the true significance of these marvelous statements and how to put them into action?

We have explained to you in the past few evenings the Power of the spoken word "I AM." When that Great Creative Word is spoken in the physical octave of earth, the full Power of the "Mighty I AM Presence" rushes forth to fulfill that which you decree through the use of "I AM." As we have told you, the Great Individualized Presence of God, the "Mighty I AM Presence," stands immediately above every human being, waiting to be called into action, through the conscious effort of the individual. We are—because

of our "I AM Presence"—truly God Beings, and because of this we are responsible for every activity which takes place in our lives. There is no such thing as coincidence anywhere in the Universe. Every activity has a cause. Therefore everything less than Perfection that takes place in our lives is the outcome of our own actions. Everything in the Universe manifests by the release of energy, which is Life. If the individual wants his full, happy eternal release from all that has been binding him through the centuries, he must realize that he is the only cause of all that he experiences. Therefore, if he be disturbed, he is his own disturbance, because he requalifies his Life energy with the feeling of disturbance. His feeling is his Life energy. His disturbing qualities are his own mental viewpoint and activity. The individual is always the only authority in his being and world. Every distressing condition everyone experiences, he either creates himself or permits to come into his consciousness or world and act there.

Some will say: "What about the dear sweet person, who even though that one be kind and loving, seems to have so little of this world's goods, while the individual who does not seem to be so kind and loving, will often have great quantities of wealth flow into his world?" Remember! Every instant every individual is dealing with and uses energy, substance and vibration. These do not discriminate, but obey the direction of individualized consciousness, which means the human being with free will who says, "I AM." Energy, substance and vibration always act under law. The individual's consciousness *is* that Law and is the discriminating directing power which moulds

substance into form, energizes it through the feeling, thus giving it quality and activity.

The individual uses and controls the substance, energy and vibration in him and his world through his own thought and feeling. Twenty-five percent of his Life energy is in his mind and seventy-five percent in his feeling. This means that the feeling causes manifestation three times more quickly than the thought.

What you put attention upon, you compel to come into your world, abide and act there. Therefore, those who have abundance of this world's goods have it because they have held their attention upon it, and most of their Life energy has become qualified with the object of their attention. Instead of wasting energy worrying about something else, learn to turn all of YOUR energy into decreeing for your own supply. Then keep your feelings harmonized, that it may flow into your world, so you too can have the fulness of all good things.

Take your mind off human beings and human channels! Put it on your Presence, and say with love and joy: "Mighty I AM Presence" release to me as a glad free gift of your Love, this house, automobile, organ, or any other good thing which you may desire for your comfort and happiness, including money!

The Great Law of the "Mighty I AM Presence" is: "Thou shalt have no other Gods before me." Anything your attention rests upon is your god for the moment, because through your attention you are pouring your Life—which is your energy —into it. For example: Suppose you want a good business. First it must be constructive, that means in agreement with the Law of Life, which is God

—Good—Perfection. Second, the Law of the "Mighty I AM Presence" says: "Call unto me!" First! Therefore, turn your attention to the "Mighty I AM Presence," still your feeling, which means hold your energy under your own control and keep it qualified with harmony, ease and peace. Say to your Presence: "Mighty I AM Presence!" come forth in your *full action* through me and give me this perfect business through Divine Love. You hold control of all the energy and substance in my being and world! Produce your Perfection and hold your Dominion in me and everything concerning this! Bring it to pass with the speed of thought, through the Flame of Divine Love from your Heart." Enjoy the fulfilment of this in completed accomplishment, especially in the feeling and exhilaration of joyously accepting it. Then forget it in your intellect, until the next time you apply the Law. Give this call and accept its fulfilment in your feelings three times a day without fail. Keep your feelings kind and joyous and you will have all your heart craves.

Let us take a financial problem—a bill to be paid. Say: "Mighty I AM Presence," give me $10,000—$50.00—$1,000 (or whatever amount you require) as your glad free gift of Love and see that I use it only in the Service of the Light." If you will call, your Presence will *always* answer; because it is ALWAYS trying to expand Its limitless Perfection and Blessings through you, to bless the rest of the Universe.

Let us take a health condition, say: "Mighty I AM Presence" this is your body! take possession of it! sweep through it *Your Purifying Stream of Energy!* sweep out everything that is less than

Your Perfection. Hold control and produce Your Perfection within me forever, and see that I do not again allow discord to requalify Your Perfect Energy. Charge me with Your Perfect Health and hold Your Dominion within me forever."

Suppose we take a Government problem, and give assistance, we say: "Mighty I AM Presence," come forth in your full Ascended Master Consciousness and Power everywhere in the Government of the United States of America! annihilate every force that does not serve "The Light of God that never fails!" blast the cause and effect of all destructive conditions within our borders forever and replace them by Ascended Master Love, Light and Perfection everywhere, and keep it Self-sustained."

In our Magazine, the "Voice of the I AM," we give each month comprehensive, dynamic Decrees that students can apply to their individual, personal, national and international problems and positively render limitless assistance to free and bless all mankind. In the issuing of these decrees, you can release God Power without limit, because energy becomes Power through use! When you call the "Mighty I AM Presence" or Ascended Masters into action to use that Power, it can only be qualified with Divine Love, which is Perfection for all.

In this Ascended Master Instruction of the "Mighty I AM Presence," the word human is always used to mean discordant, as distinguished from the Perfection of Divinity. When the Ascended Master says, "annihilate" or "blast," the students and readers should realize, that you cannot annihilate or blast God or God's activities from

the Universe or anything that is truly of God. Nothing can be consumed, annihilated or blasted, but human creation, because it is discord and that needs to be.

Whenever the use of those words occurs in our Decrees, the students and readers cannot possibly misunderstand *This Work,* when they know that we say: "Mighty I AM Presence" and Great Host of Ascended Masters, come forth and annihilate or blast all destructive forces acting within any channel." The individual will see that we call to the "Mighty I AM Presence," which is the Godhead, and the Ascended Masters, to do the annihilating or blasting; because we know that God is the only Doer of any constructive action. The only thing that God or the Ascended Masters could do would be to annihilate or blast the discord and impure qualities and they need to be.

The real action of the Law that takes place is, that the "Mighty I AM Presence" or the Ascended Masters project the Sacred Flame of Divine Love, which is the highest rate of vibration in the Universe, into the condition that is destructive. This is the most powerful use of the Pure Electronic Force of Light, and as it passes through any person, place, condition or thing simply purifies it, by increasing the rate of vibration to the point where no discord can any longer exist. Thus, through your call to the "I AM Presence" in the giving of these decrees, you can release Power without limit to produce Perfection for all! We have said repeatedly: the Ascended Masters never use a destructive force and neither does the "Mighty I AM Presence," which is God — Good — in Action. Neither do we ever use a destructive force.

Blessed ones, who have listened to this broadcast and to all everywhere we say to you: If you will dare to prove this Mighty Instruction of the Ascended Masters by calling to your own "I AM Presence," for whatever is necessary to produce Perfection in you and your world, ALWAYS HOLDING YOUR FEELINGS HARMONIOUS, your own experiences will be all the proof in the world that you want to know that we have told you the ETERNAL LAW OF LIFE WHICH ALL MAY USE WITHOUT LIMIT AND HAVE THEIR FREEDOM IN EVERY WAY, FROM DISTRESSING CONDITIONS THAT BIND BLESSED HUMANITY TO DISCORD.

Again to-night, we ask you to join us in a decree for the purifying and balancing of all money conditions throughout the world. We say: "Mighty I AM Presence," Great Host of Ascended Masters, Mighty Legion of Light and Great Cosmic Beings! come forth in Your Cosmic Authority and Power! charge every piece of money on earth with Your Flame of Divine Love, Light, Purity, Substance and Perfect Balance! see that it carries that harmonizing vibration into the mind, feelings and body of everyone who handles it, produces Joy, supply, Freedom and Perfection without limit for everyone on earth forever! for Remember always:
"The Light of God never fails"!
"The Light of God never fails"!
"The Light of God never fails"!
and the Mighty "I AM Presence" is THAT LIGHT!

"Mighty I AM Presence," and Great Host of Ascended Masters! blaze through me this Mighty Truth of the Ascended Masters everywhere I move with the Power of a thousand suns, until all mankind is free.

"Mighty I AM Presence," and Great Host of Ascended Masters! make my brain consciousness the crystal clear Ascended Master Concentration, Eternal Divine Memory, Infinite Patience and limitless Love from Their Octave of Light, instantly and infinitely manifest, eternally sustained and ever-expanding.

"Mighty I AM Presence," pour through me every second this day and forever your Mightiest Ascended Master Gifts of Divine Love to all I contact, and keep them instantly and Infinitely manifest, eternally sustained and ever-expanding.

"Mighty I AM Presence," Great Host of Ascended Masters, Great Angelic Host, Great Cosmic Beings and Great Cosmic Light! blaze in, round, through and above our Blessed United States of America, such a Mighty Flood of Ascended Master Light-Substance from the Secret Love Star, that It consumes instantly all unlike itself! and make it impossible for any destructive force to act within or contact our Blessed Land in any way. We thank Thee this is instantly manifest, eternally sustained and ever-expanding.

· PROTECTION IN COLOR ·

HE vibratory action of color for protection is just as important as it is in health and finance. People do not have the slightest comprehension of how very important good clean clear bright colors are for the protection, happiness, health and prosperity of every individual and his world.

Why? Because Light, pure glorious White Light is the Purity and Power of Life! The clearer the color you wear the more Light comes through it and therefore the more of Perfection you experience. No human being on earth need expect Protection, Perfection, Happiness, Prosperity nor any good thing to come to his mind, body or activity when habitually clothed in black, red or any of the dull, dirty shades of any color. The rates of vibration contained in those colors are all destructive to the feeling body of every individual and at the Inner level attract the same destructive rates of vibration from the mass stream or accumulation of discord in the atmosphere of earth.

Light is Life! Light is protection! Light is health! Light is prosperity! Light! spiritual, mental and physical Light is what everyone craves and needs.

Babies and very small children are very sensitive to colors and often cry and fear people who are dressed in red, black and other destructive colors when they come near them. Children are much more sensitive to color vibration than older people have any concept and if children were always surrounded by clean, clear, cheerful colors, especially the gold, pink, violet, Light blue and white, they would be very much more easily handled and guided to their Perfection.

Oh, Blessed Guardian Cherubim,
From Thy Great Home on high,
Come guard the children on our earth,
In Thy Great Love draw nigh!
Abide above our Blessed School
And guard Its Light so well,
That all who enter here in Love
Within Thy Peace will dwell!
Protect us by Thy Mighty Power
And seal us in Thy Flame,
That all their Presence see and hear
"I AM"! the Great Great Name!

"Mighty I AM Presence," and Great Host of Ascended Masters! pour through me and my work every moment without ceasing a perfect torrent of Ascended Master Light-Substance and take out the very last fragment of my human creation! keep It eternally self-sustained and ever-expanding. I thank you it is done NOW.

BLESSED ONES in the Study Groups everywhere! please do not expect nor ask the Ascended Masters to pour Their Energy, Their Light-Substance, Their Flames of Divine Love and actual Life-Essence from Their Ascended Bodies into a room where animals are kept in the home. Do not expect the wholly Pure and Perfect Being, which every Ascended Master is, to establish a Ray of Healing Power and Pure Light-Substance from Their Octave of Life for Study Group Activities and have animals in those homes, or rooms. The odor of the animal indicates its impurity. The Ascended Masters will not release an Outpouring of Their Mighty Power to maintain such a thing.

It is imperative that all understand the action of the Law concerning this from the standpoint of the energy released. The emanation from the animal is in the house where it is kept. That emanation is impurity and discord. It is a wide open door at every moment, a point of attunement and an invitation to the sinister force to reach through and act at any moment to create irritation, discord and destruction.

The Ascended Masters' Out-pouring of Light-Substance and Energy is highly concentrated Force and They simply will NOT release that to energize discord or animal qualities for anyone.

If you are going to be of greater service for protection to America and those who serve the Light, you must have the use of greater power. If you want more instantaneous manifestations from the Presence, it means you must be entrusted with a more intensified focus of energy.

If the Purity is not in you and your home, you simply cannot have the use of Power past a certain intensity. That is why all mankind is in its discord and limitation today. It has been loving animals and their qualities, instead of Ascended Master Purity, Qualities and Perfection. All limitation is impurity in the emotional body of the individual.

This does not mean that you love the life in the animal any the less, but you either do or do not want Ascended Master Qualities, Perfection and Power to set yourself and your fellowman free and to protect America. Ascended Master Qualities, Perfection and Power do NOT exist in the animal. Either you do or you do not want purity. Ascended Master Qualities, Perfection and Power depend on Purity for their Manifestation and Activity.

You must choose what you will have expressed in you and your world. If you love your animals more than the Light, the Ascended Masters and Perfection, then you must live in the limitation and discord which are the animal qualities. When you are in touch with the form of a thing, you ARE in touch with the Presence of that thing.

All animal life is imprisoned life. It is imprisoned in substance that has been qualified by discord, limitation and imperfection.

Some who have animals in their homes have

said: "Oh we have a marvelous Radiation from the Ascended Masters." That is quite possible when the Ascended Master is giving you the opportunity to realize what magnificent Perfection is Their Way of Life; but that Radiation cannot and will not continue nor increase and greater Power will not be given you with which to work, until purity is provided to safeguard the energy which comes from the Ascended Masters' Octave of Life.

However, until the individual sees this and loves the Presence and the Ascended Masters more than he does his dog, cat or other animals, and is willing to release those animals in his feelings, he cannot and will not be free. The individual often says: "Well I have called for the animal's release." He has in the intellect, but he still holds on to the animal in his feeling. Naturally the animal remains healthy and strong on the Life-energy of the individual's feeling.

This does not mean that at any time it is ever permissible to be unkind to animals; but it is the duty of every "I AM" Student to call the "Mighty I AM Presence" and Ascended Masters to free all animal life from its discord, limitation and imperfection: to release it into its own right channel of activity whose purity, beauty and Perfection are the only qualities which enfold it.

Everyone should realize with very great intensity the need of every possible effort to protect our Blessed Beloved America today! that need IS great enough to awaken every "I AM" Student, to his full responsibility and maximum effort to save America in this crucial moment and national crisis.

Everyone under the Ascended Masters' Radiation ought to be willing at this time to do everything in his power and put everything personal aside, to keep out of his mind, body, home, and America the conditions that are acting in Spain and the Orient this very hour!

Blessed People everywhere! Awaken! to the call of humanity for Light and Protection! Awaken! to America's call to you for help! Awaken to the opportunity of all centuries to expand the ASCENDED MASTERS' LIGHT AND HELP to humanity, through your own conscious cooperation with Them and help set your fellowman free!

PRECIOUS, precious, very precious Young People of America! feel your privilege and responsibility each one of you —personally—to Saint Germain, Jesus, Nada and the Divine Director of guarding the Light and Blessings which They have brought forth in America for her freedom and that of the world.

We ask each one of you to look back over the last three years and remember how much more you all have today than you did three years ago.

Our Blessed Ascended Master Saint Germain has said, that if it had not been for this Mighty Work of the "I AM" and the Decrees which the "I AM" Students have been giving, the last episode of Washington's Vision would have come into our America a year and a half ago. Today, with the momentum already gathered we must all do infinitely more for Our Country in the next year.

Watch carefully your feeling at all times and never allow excitement of any kind to control you; for when you are excited, your feeling body is left unguarded and anything can rush in and under sudden impulse cause you to do things you might regret the rest of your Life.

At this time especially, charge yourself every day with the Ascended Masters' Eternal Self-control, Obedience and Marvelous Directing In-

telligence. With this daily call to your Presence for this activity, it will enable the Ascended Masters to reach you at any moment and give whatever extra Help you require to win the Victory of the Light in everything you undertake.

You of all people in all ages have the most wonderful opportunities to bring in the Ascended Master Ideas and Perfection in every activity of your daily life. Think! what Ascended Master Ideas in governmental activities will do!

Think what Ascended Master Ideas in music will do!
Think what Ascended Master Ideas in architecture will do!
Think what Ascended Master Ideas in mining will do!
Think what Ascended Master Ideas in transportation will do!
Think what Ascended Master Divine Memory will do!
Think what Ascended Master Light Rays can do!

These are yours to use without limit Beloved Young America! These are your opportunities and responsibility. Come into your own Right Activity in the Ascended Master use of them and be free, eternally happy and Save America!

· ASCENDED MASTER DISCOURSES ·

Just released by SAINT GERMAIN PRESS

IT is our very great joy and privilege to announce the release of the ASCENDED MASTER DISCOURSES Volume VI of the Saint Germain Series. It contains a series of Dictations by various Ones of the Ascended Masters before thousands of the "I AM" Students in the United States of America within the past year.

The purpose of these Dictations is to help the students and readers hold their attention upon the "Mighty I AM Presence" and that of the Ascended Masters and through this, quiet and purify the emotional or feeling body of such persons enough, to enable the Ascended Masters' Comprehension and Light to lift them into a closer communion with their own "Mighty I AM Presence."

Through the greater acceptance and feeling in each individual of the Reality of his own "Mighty I AM Presence," the Ascended Masters can charge each one and his world with more of Their Consciousness and Perfection.

Those who heard these Dictations felt in no uncertain terms the Mighty Courage and Strength

from these Blessed Ascended Masters, while Their Words were being spoken. Many received instantaneous healing at the same time and all felt the charge of Power and Electronic Force into the room.

This book contains three beautiful color charts for the contemplation of the student. Each book is charged with the Ascended Masters' Mightiest Love, Light and Power to produce Harmony and Perfection for the Student who will accept them and really feel Their Truth and Reality. Everyone on earth *can* prove the *Truth* of this Mighty Law of the "I AM" and *no one* can prove it false.

May every human being on earth understand the Reality of these Great Ascended Masters, have the Blessing They so lovingly offer and be set free as they read this book.

The LIMITLESS LEGIONS of LIGHT

GREAT Legions of Light now fill the air,
Flashing Their Light Rays everywhere,
Clad in armor of Flame! Light-shod!
Coming to lift mankind to God;
Wielding Their Swords of Lightning blue,
Cutting Their Way earth's shadows through,
Their Great Power makes all surrender,
Obeying Love's Law and Mighty Splendor.

Great Legions of Light in Glory come,
Pointing the way to everyone,
Unto the Peace of Life's Great Law,
In Love Their Swords of Lightning draw,
They cut away all doubt and fear
And free mankind by Love's Light clear!
To set each one at last on high
Before God's Great All-seeing-eye.

Great Legions of Light! sweep through the earth,
To give mankind Love's own Great Birth,
In Power and Light no words can tell,
Their Fiat sounds like clarion bell,
In dazzling Flash of Cosmic Light,
They raise Their Swords and shatter night!
The Light bursts forth—the UNFED FLAME!
The Heavens all blaze and call—"I AM"!

· GREAT DIVINE DIRECTOR'S ·
· DISCOURSE ·
· BOSTON CLASS ·
· OCTOBER 3, 1937 ·

THAT, which I shall say to you this afternoon, beloved Students of Boston, I trust will enable you to feel a strength and full consciousness of protection, you have never felt before; and it is My Desire that this, which I shall say to-day, go forth in the Magazine; for I wish it to reach everywhere possible.

Regarding the attempts to interfere with the Messengers here, I begin with this statement. I say to all communistic destructive forces of America and the earth: "You are not dealing with these Messengers! you are dealing with the Forces of Light! Notice! I use the word, 'FORCES' "!

The Great Cosmic Light is coming into Its Dominion on earth, which *compels* Us to return upon destructive individuals who try to interfere with the expansion of This Light, the activity of their own destruction. We have been lenient so far; but We shall use every force at Our Command to protect the Messengers and This Work. To these destructive forces, individually or otherwise, I say to you: "You are dealing with the Ascended Masters! the Legion of Light! the Cosmic Beings! and the Great Cosmic Law, Which is the Law of every human being's Life.

I wish every individual and everyone who lends himself to destructive forces to hear or read these words! We wish earnestly to protect every individual from being made a claw of the sinister force, which is but destructive human accumulation; but when it is necessary, as it is at this time for the protection of America and its incoming

Perfection, We are compelled to use the Law. Now do not misunderstand Me. We *never* use a destructive force; but when mankind sends forth destruction and the Great Cosmic Law compels its return upon the individuals who send it out, then human beings alone shall be responsible for that which they send out.

This beloved Messenger protected the unfortunate young man yesterday who tried to intrude his destruction here; knowing that within him is a Light which could be expanded, but no longer shall *We* permit this!

I say to all the beloved students here, throughout America, the world and all Group Leaders: "You are responsible from this day, for the forces that you send out from your being. This is not Our Wish! It is the Cosmic Light, the Law that is compelling this! Now you may understand why the Messengers have pled, Oh! so earnestly and with so great a Love, for the students to be prepared for this moment; that they might have sufficient control of themselves and the forces which try to act through them, to govern all harmoniously, completely and permanently.

We shall give you every Assistance possible, because you cannot imagine Our Gratitude for all your sincere, loyalty; but now, precious ones, you are facing the Law of Life! That is why I say to all Group Leaders: "Be careful what you say! Be careful what you send out through your feelings! for you are responsible to those who come to you! I say to each Group Leader, you are not responsible for what another Group Leader does. You are responsible for your own acts and that which you radiate to your Group of Students. This is why you will see the greatest transformation in the

next few months. The students have not heretofore all felt their own responsibility. There are hundreds and thousands who have; but I say this for others' protection for they are precious. These earnest students throughout America and the world, who have turned to this Light, as they stand steady to-day, will find It brings Great Glory into their worlds.

Beloved people, This Understanding is not an ordinary activity. This is not just someone's human opinion which the Messengers are carrying forth. It is the Mighty Law of Life! your Life! the Life of every human being who has ever been in embodiment on earth. That law is taking Its Dominion now in the earth. The apex of the destructive forces has been reached! The communists and agitators of every description have reached the end of their rope! Their own vicious forces sent forth will be compelled to return upon them!

I offer this to them in all kindness that they may save themselves, if they will; but the vicious forces of the earth must realize fully, that they are not dealing any longer with the humanity of earth—with human beings! They are dealing with the Cause of the Universe! the *First Cause, which was and is Light!*

For your comfort, encouragement and strength, I say to you, that ten of the Ascended Masters could wipe out all armies of the earth that are not constructive. Therefore, beloved people, realize once and forever, that your Life is *That Light!* If you will, you may call forth the Power of *That Light* for your invincible protection! to go before you to harmonize, bless and perfect everywhere

you move; but you must be firm in refusing acceptance to the appearance world of what yet remains, which is less than Perfection. As long as you accept any discordant appearance, you feed your Life Energy into it to limit you. I plead with you, do not do that! You know the Law! You have all Self-control, through the Power of your Presence. If you are determined, you can do what you wish to do! Do not give any quarter to your own human self, when it tries to make you feel inability or to find any kind of excuse, which would try to prevent your complete obedience to the Light, the Law of your Life, which is Harmony.

Do you not see, how these things which would ordinarily create disturbance, do not effect the Messengers? Did not the Messenger go on in calm serenity last night, as though nothing was occurring, knowing the Powers that were here? In San Francisco, a man came into the audience with a revolver in his pocket, to take the Life of this Messenger and when he entered the door the desire just slowly faded out. Afterwards, he returned and accepted the Work; because he saw the falsehood that had been imposed upon him, concerning the sincerity and the Truth of the Messengers.

Many times similar things have occurred. That is why to-day, I have issued This Edict to the world, and I have ALL-power to stand by It! These Messengers, who pour forth only Love and kindness, and have never asked a single thing of any human being; but to love his own God Presence and have Its Perfection. They shall not be interfered with! nor shall they be harmed! and I say that to the whole world!

Therefore, beloved ones, as you go forth in This Activity remember, that the Life which beats your hearts, is your invincible protection in every way; in your individual activities and collectively.

I say to all of you, whether you wish to apply the Law of this Great Presence in your business or not; for your happiness, protection, Divine Justice, or whatever requirement in your Stream of Life seems most needed; observe the Chart and remember! This Light of your Presence called into action has within It all Intelligence, Power of Protection. If any one of you knew that fully, you could stand in the street with destruction falling all around you and you could not be touched.

In the preserving of certain records from past civilizations, the Ascended Masters and Cosmic Beings are able to seal them perfectly and hold them imperishable as long as they desire. To-day, in the bed of your Atlantic ocean, there are sealed buildings which were submerged by the sinking of the last remnant of Atlantis, which was in the Atlantic ocean. The Azores and Madeira Islands are the highest points of those mountain ranges. To-day, still sealed in the bed of the Atlantic, and which will one day come to the surface, there are those sealed buildings holding everything Perfect within them.

Try to feel, beloved ones, the Reality, the Tangibility of the Ascended Masters! the Legion of Light! the Great Cosmic Beings! and the Cosmic Light! The Cosmic Light from which comes all form is Self-luminous Intelligent Substance; as the Messengers have told you It would of Its own Volition produce only Perfection, except for human qualification. Therefore, you have the

understanding, the ability, the authority, to release the Power of your Presence to reverse, dissolve and consume every destructive thing; and replace it by this Self-luminous Intelligent Substance, which will make your world one of Perfection and happiness.

So far as your physical bodies are concerned, you can call the Presence to produce the Violet Consuming Flame to dissolve all discord. Then call forth from the Presence Its Ray of Light and Its Expansion, containing this Self-luminous Intelligent Substance, to fill your body with Its Perfection. It is the Law of your Life that it be done.

Beloved ones! do not just listen to the Messengers and then go on in your old habits. This Instruction is Life! It is Light! It is Law! You may be free, if you will; but it will not free you by Itself. You must make the call! You must apply It! Let no one think this Law will apply itself. If that were true, all humanity would have been Perfect and remained so. Therefore, to-day and in the future, be so firm! Do not forget these things!

After to-day, when the Messengers have gone on, hold your enthusiasm! hold with great firmness the Light, which has been released into your world. It will ever expand with great speed, providing you will hold harmony firm in your feelings. That is not difficult. It is very easy. So beloved ones, let Us help you. We want to; but We cannot help you unless you obey Us. You know I do not mean this from any personal sense; but when I say "obey Us" it means to obey the Law of your Life, which We know is acting within each one of you. You possibly do not know that yet; but We do, as clearly as We see your faces.

Therefore, if you can trust and believe in Us,

make your maximum effort in your own application; then you can be sure that everything and many times many miracles, so-called, would be performed for you; for it is only when you make your maximum effort, that We are permitted to release Our Power in Its fulness to give you Our Assistance.

Will you not observe with Me for just a few moments the Messenger's experience with Saint Germain. I am sure that all of you, who are familiar with This Work, have come to realize how very true It is. Therefore, see what was accomplished within him and with his beloved one. The great, great courage and sincerity which was within them, made it possible for Us to give them almost Infinite Assistance.

Now let Me explain it from your standpoint for a few moments. Knowing, as We did, their great loyalty and sincerity, do you realize how difficult it must have been for Us to withhold Our Assistance; that they might make their own application and attain the Victory; when We could have done such wonderful things for them so easily? Do you, whom We love more than anything in the world, realize that it is not easy for us to withhold Our Assistance when We see individuals here, there and at various points gaining such a magnificent Victory? Sometimes, We would just love to step in, give the Assistance and finish your Victory right then and there; but that is not the Law, precious ones.

The Law of Complete Victory is through your own application. Remember that even a hundred and fifty years ago, this could no more have been done than anything in the world; because you were under the old dispensation; the old occult

law. To-day all that has been changed. Instead of almost the torture of those days, you are entering into your Freedom through the Fragrance of the Lily. Do you quite understand what that expression means? It is the Radiance of the Ascended Masters. As you become more aware of Their Presence, you will find that every time One of Them is present, you will be conscious of Their Wondrous Fragrance; either the rose, the lily or some flower fragrance, for Their Radiance emits a delightful Fragrance from each One, because of Their Great Purity and Perfection.

Therefore, beloved ones, remember that We and you are never separated again. Through your Higher Mental Body, We shall always watch and stand guard. Try to feel this with Its Infinite Power, which takes away all anxiety from within your feeling world. This enables it to be so still, that every call to your Presence releases immediate action, immediate results. You can have that. Do not let your human cause you to doubt your ability! I am sure you do not doubt the Law; but many do doubt their ability to apply it. Do not do that! Your ability is quite sufficient.

It is true, beloved ones, you make the call and the Presence is the Doer! The Presence is the Accomplisher of what is required and Its Powers are Infinite. Will you not just grasp that now in this Radiance and feel it firmly? Hold it forever so in every call you make to your Presence, you are reminded to think that it is the Infinite Power coming from your Presence through you. You must steady yourself, be calm and let the Presence release Its Power at your call to do it. It is often anxiety and impatience within you which delays the fullfilment and that is because the need seems so great.

Very often and just recently, the Messengers have received many letters calling for help. In most instances, the appearance was so vivid before them, that they forgot momentarily the Power of the Presence. They had held their attention on the appearance and were calling to the Presence. Yet, their attention was overruling their call to the Presence, by at least seventy percent of their energy. So, do you not see why they did not have the results for which they were calling?

Precious ones! take this as an earnest reminder which you can always refer to, for it will go forth in the Magazine. Then whenever something disturbs you have that Magazine, when it comes forth, where you can refer to it. Your attention, Oh what it will do for you when once you really understand that you *can* govern it. It is not something that acts of itself. It is you! Your attention can only act through you! through your physical form! Therefore, you can change your attention and place it upon whatever you choose; and of course, if you change it from the appearance world to the Presence, you will have Its Perfection.

Remember! your old habits do not yield readily. Yet they really have no power of themselves. Now notice! What enabled your habits to be established? Your attention on the appearance world, by accepting it. Now, you know the Law and know that the appearance world is not the correct activity. Then you will be able to say first to the appearance world: "You have no power!" Then to your attention: "Now stop! Come back here where you belong. You are not going to limit me any longer. When I understand the Law and that which has been acting through you, then you are going to obey me. Come here!" In a short time

you will have no difficulty in making your attention stay where it belongs. Notice this, carefully! If you will turn to all problems, face them squarely and say to those problems: "Even though you are my mistake, still you have no power! I withdraw all power I have ever given you! You are helpless! dissolve before this Light which I call forth!" Then see how quickly you will feel your Full Mastery over the problems, which have terrified you.

Precious ones, will you feel so definitely that there would be no problems, if it were not for the misuse of your attention? They could not exist without your attention which feeds your Life into them. Do you not see how practical this Law is? Yet see how nearly every one is feeding his Life energy into his problms?

To-day, you shall go forth and be prompted through your Higher Mental Body of these things which I say to you. Even though there be an appearance of less than Perfection in your body, speak to that appearance and tell it that it has no power and mean it! Say: " 'Mighty I AM Presence' take out of me, cause and effect of this appearance and do it right now!" Do you think, that your Presence which gives you Life will not answer and do that? How can you think that? Only because, beloved ones, you have not given the Full Power back to your Presence where it belongs. All this Power you have given to the appearance world, all these problems; all of your Life which you pour into them is but encouraging them longer. The appearance keeps saying: "Just hold on a little longer and you will get a little more Dominion;" but you are not going to do that! That appearance world is soon to be made helpless to longer dominate mankind.

I use this opportunity to-day to speak to you in this way, because I know what the Great Cosmic Light is going to do. You have the utmost Assistance from even the Cosmic Light; because It is taking command and will make it so much easier for you to hold harmony within your feelings. Then your call to the Presence will produce much greater results if you will keep yourselves reminded of these simple things.

Let us fix this one point definitely. The Messengers have mentioned the three activities that are so powerful: your attention, qualification and vision. Now notice how you can draw all three of these activities into one, through the Power of your attention. Do you not see? We have never given this explanation just in this manner before; but We want you to have it so definitely. When your attention goes to your Presence, you are compelling your power of qualification and your vision to accept that upon which your attention is fixed; which is the Power of the Presence in action here. Then, do you not see how you have drawn all this into the one activity, the attention, which compels its Perfection to flow in and through you? Do you not see how, as We have given it forth, everything is coming more and more to one point of action, wherein it will be so much easier for you to hold your human activities steady, until the Power of the Presence flows forth sufficiently to give you the courage, strength, the assurance of the Powers of your Presence to govern you and your world?

I rejoice with you to-day in this tremendously charged atmosphere. I remind you, that in all the magnificent work done when the Messengers were last in New York, still in your city there has been

even more magnificent work done now. If the precious people of Boston understood this, the Love of the whole city would flood to these beloved Messengers. Did I not just say to you: "Be patient"? Then We must be patient. When We see the out-picturing of the fulfilment of these Great Laws, after so many centuries of limitations in mankind, can you imagine for one single moment Our rejoicing? We have waited century, after century, after century and at last, mankind is coming to understand and give the assistance necessary which is to lift them to their freedom. Can you imagine even a fragmentary part of what it means to Us? Do you wonder that the students love Saint Germain so greatly?

The entire freeing Activity is taking place within your feeling world as I am talking to you. Oh beloved ones, even though you do not see It, please accept It in Its full Infinite Freeing Power. The blessed one in this room who came here from a long distance, remember! from this day you are free! Your strength is your Presence and is not limited within your physical body! Accept that and never allow your attention once again to accept anything less than your full Strength, Joy and Freedom. Your mind is the Mind of the "Mighty I AM Presence" Perfect and All-powerful.

I say to every one, your health is in that Stream of Light which beats your heart! Let your Presence flood it forth; and remember, the Power of your attention of which We were speaking. Suppose you have called to your Presence and still a pain remains in your body—how does it remain? Because your attention is still upon it! You may not be aware of it; but your attention must be

there in order for that pain to find expression; because only through your attention could it have Life to feel. Will you not remember that?

All of these things are so simple and yet mankind has tried, the human intellect has tried, to make them so complicated; but the understanding of the activity of this Mighty Law is becoming more simplified each day. Do you not see how vastly different it is between accepting human opinion and being conscious that you are dealing with the Law of Life? Now you are dealing with the Law of Life! and Its Powers are Infinite to act in your Life. What I have said to you to-day should remind you, that in the acknowledgment of your Presence, you become the Master of yourselves and your worlds.

Many have inquired, well just how does one become an Ascended Master; what is and what makes one an Ascended Master? You have heard the Messenger explain to you the process by which an individual becomes an Ascended Being. Then realize for a moment, the difference between yourself, for instance, and Myself. Long ago, a very very long time ago, I set Myself free by this identical process; the identical Understanding of the "Mighty I AM Presence"; and I became the Cosmic Being that I am today. How did I achieve that? By the identical process of purifying and refining the physical structure of the body, until the earth could not hold it. Then it ascended into the next step which is the Higher Mental Body. Then It ascended into the "Mighty I AM Presence," when I became the Ascended Master! the Master of all force, Light and Energy.

The Ascended Being is one who has purified the physical body and brought it into the Ascension.

A Master who has not yet made the Ascension, has purified his physical body and functions most of the time in his Higher Mental Body; because your Higher Mental Body can come and walk on earth enveloping you or stand beside you. Your "Mighty I AM Presence" cannot do that; because the Radiance in the Circle of Light about It cannot come below your heart; but the Higher Mental Body can.

If you were to meet all of the genuine Masters who have not yet made the Ascension, you would find identically that activity. It would not mean, that they were suddenly functioning in the full Perfection of the Higher Mental Body; but it does mean, that at any moment if greater Power and Wisdom were required they could rise instantly into Its Activity and call the Higher Mental Body into action. Then, they would be functioning from the Higher Mental Body, which is the Power and Perfection from the Presence; but still they would not be Ascended.

This is exactly what Jesus did when He came forth from the tomb. He was in His Higher Mental Body and was Jesus the Christ. In prophecy His Name had come down with the command that He was to be Jesus the Christ. It was I, now do not get this confused—not the Messenger—but the one known as the Divine Director, Who is speaking to you, Who brought to Jesus This Understanding of the "Mighty I AM Presence." I was the Teacher of Jesus, Saint Germain and the Master Kuthumi; and that is the cause of My Great Love for Saint Germain. Although I questioned His Ability and that of the Messengers to have the strength to stand up against the outer world to carry this forth; but Saint Germain, having

known far more about their Life Stream than I did, because I had not taken time to look into It, said: "I shall try it out," and He has been proved correct.

Because the vibratory action of the Ascended Master's body is beyond the vibratory action of the physical structure of your brain, you do not see Him; but yet He is tangible, just as tangible as you are. Even your Higher Mental Body which you do not ordinarily see, being wholly pure and Perfect, naturally expresses in a more rapid rate of vibratory action than your physical body; but it is none the less tangible. You blessed ones are that Light! You are in physical bodies; but they are only the machines through which you operate. Your automobile in which you ride sometimes slows down; but still, when you give it more energy it will increase its speed. That is just what We are doing in this Mighty Understanding of the Presence. We are supplying the energy to your bodies which have accepted the lack of strength, the lack of energy, through the human sense of age.

Beloved students, think of My Age! Century upon century, upon century, has passed over My Head. Yet I am as youthful as any youth in the Universe. Such is the acceptance of Life in Its Fulness! Your Life never grows old! Your Life Stream is always full of energy, full of strength, full of Power. It is only the human in its limited concept which says: "I have not that strength." That idea is just in the human concept. It is not in your Stream of Life. Your Stream of Life is all Power and Strength and you cannot be deprived of It.

I am so grateful for that which you feel to-day and for the Freedom which is yours. You will

never forget this, because I have so decreed it! This which I have said to you to-day, every word of it, shall continue to act within every one of you! because My Love is the Motive Power which has entered into your feeling world and It will be the Prompter aside from the activity of your own Higher Mental Body. My Love shall act within you with Its strength and power! If you do not like Me about, it is just too bad! Notice! I have not even asked your permission to do it! Do you think that is an intrusion? I hope not! but I do so want you to feel your Victory to-day. Never lose it, for "'I AM' the Victory of Light in you"! Remember Those Words! for They shall blaze within your memory! "'I AM' the Victory of Light in you. 'I AM' the purifying process of your health; of Life, acting within you every moment, and 'I AM' the Power, the Presence, that silences every human activity within your consciousness, that it can no longer have power to accept imperfection.

"The human intellect of everyone shall subside, give obedience and accept the fulness of Life acting within each one of you; for 'I AM' the Presence, Power and Prompter of that." Your "I AM" and Myself are one! Therefore, I do not question you as to how you would feel! Because your "I AM" and Myself are one, I am not required to obtain your authority in producing Perfection in your world. Does this sound unusual to any or all of you? Can you, will you believe Me, when I say that the Presence of every one of you in this room to-day has said to Me: "Speak These Words to My beloved ones"? They are yours for action because the Power of Life commanded it to be so! I am amplifying that action within you; that you may more quickly have the full result of Its Active Presence and Power.

Will you do Me the kindness and honor to accept this with the full intent with which I give it; that it may assist you to be free quickly? I say to you every one: No matter what appearance confronts you, never again give it one moment's power through your attention; as having power to harm, limit or affect you. Say to it: "It has no power"! Turn to your Presence and remain there and you will find the appearance has disappeared.

Oh try it so earnestly, and remember you can act with intensity without tension. Many people trying to act with intensity become tense. Observe the Messengers. They act with dynamic power and yet, never is there a moment's tension. That is what you need to acquire. You need to be dynamic and forceful without tension. Tension tightens the muscular system and obstructs the action of the body. So in all your work, be as dynamic as you like, but watch out that you do not become tense in your nerves and muscular system. As you become more aware of your Presence you will find there is no inclination to do that.

In the fulness of the Powers of your Presence We issue the Edict for your Freedom quickly. Accept it in all that It means to you in your Freedom. Remember This Edict is the Law of Life! set into action within your feeling world to continue to move, until every discordant thing is dissolved and consumed within your world.

For all of you I have rendered an Extremely Great Service; the dissolving and consuming of two-thirds of each one's human creation and accumulation of the centuries. Will you not be courageous and strong enough to call the Presence into action to finish the last one-third? It ought to be easy! Remember, I am holding your hand

in that Victory! Then, do you not have the courage to do whatever is required to have it quickly? Try to feel that never again are you limited. Never again are you subject to the fears, the doubts and the disturbances, that were yours even yesterday.

May I ask something? How many in this room clearly feel that? Will you raise your hands? (all raised their hands) All praises be! It means, that you have accepted truly that which I have endeavored to convey into your world for your Victory. I thank you.

Great Cosmic Light in the requirement of each one of these Beloved Students here, those in America and the world, under the Radiation of Saint Germain; clothe them in Thy Mantle of Light with Its Infinite Protection; with Its Dissolving Activity; to dissolve every remaining part of every limiting thing. Then Mighty Cosmic Light charge into the feeling and consciousness of each one, the Infinite strength, courage and full feeling of their ability, to call their Presence into action to quickly set themselves wholly free.

As problems appear, call the Presence instantly into action, to solve and dissolve them; that no longer may they be beset by anxiety and distress. In acceptance of appearances which cause distress, they are giving full power to limitations, which no longer have any power in their worlds.

In the fulness of My Love, that of the Legion of Light, the Ascended Masters, the Cosmic Beings and the Cosmic Light, I enfold you unto your full Victory and your Ascension. I thank you.

ON Rays of Light in pink and gold,
Our Love we send forth to enfold,
To lift, to bless and to release
All those who seek and ask for peace.

These Rays go through to Realms above
To reach the hearts of those we love;
And gently passing on their way
Drop hearts of Flame to bless each day.

They lift, illumine and set free
All those who seek the Light and see,
That only Life can give them all
And to their Presence now make call.

Our Rays of Love so very bright
Do penetrate the darkest night
And show the Presence o'er each one
That waits above, a BLAZING SUN!

Thus, all respond when comes the Light
To lift them to the Greatest Height;
They hear the Mighty Word—"I AM"!
And see at last the UNFED FLAME!

OUR SEVEN GLORIUS WEEKS

November 25th to January 7th Inclusive

· OUR SEVEN GLORIOUS WEEKS ·

E again approach the season of the Seven Glorious Weeks, when Jesus' tremendous Outpouring is intensified to our earth. This period begins with Thanksgiving Day and steadily increases until January seventh, both days inclusive.

This gives us all the most powerful transcendent opportunity to again work in conscious co-operation with Jesus through His Outpouring.

Let us give Him daily time and attention, morning and evening, for at least five minutes each time. Feel Jesus in Golden-White Light standing behind each one and blazing the Flame of Divine Love from His Heart through our bodies. Let us feel It fill our bodies and environment, with such Light and Love that all becomes charged with His Mighty Power and FEELING of the Dominion of the "Mighty I AM Presence" in each one.

While we are feeling Jesus' Outpouring, let each one call his own "Mighty I AM Presence," to come forth and through Saint Germain's Mighty Instruction on the "I AM," pour forth Their Light so powerfully, that all who love Jesus will be enabled to accept the "Mighty I AM Presence" and do the things He told us all to do. No one can do the things He did unless he have this Understanding of the "Mighty I AM Presence," so It is the greatest help we can ever give to all.

EACH one in the "I AM" School should now begin the daily practice, at least morning, noon and night, of holding the picture of the Unfed Flame clearly in mind and at the same time feel It deeply.

Study the picture of the Unfed Flame as shown in the October, 1936, Issue of "The Voice of the I AM." Look at It steadily for some few minutes. Close your eyes and remember what It was like. Then recall every detail of It. If you do not remember quite clearly at first, open your eyes, look at It again for further detail and close your eyes to try it again.

When you can remember quite clearly, see the three Plumes of Flame very large around your physical body. The Golden Plume directly in front of you, larger than your physical body, blazing, sparkling and dazzling bright.

Then see the Pink Plume at your right side, slightly behind you and reaching from the floor to some distance above your head; the same as with the Golden Flame.

See the Blue Plume at your left side, slightly behind your left shoulder. Hold the picture of these Plumes of Flame large enough for them to meet and enclose you within them. Feel this with

all the Love of your heart and hold with very great joy.

Now see a tiny Unfed Flame within your heart, making the Three Plumes clear and distinct. Then make Them expand until they meet the Plumes of Flame enfolding you.

As the Inner and Outer Flames meet, feel deeply all the Perfection you desire in and around your body and filling your world. As you form the habit of doing this and feeling It deeply three times a day, such glory, miracles, Victories and success will be yours as you cannot even imagine.

May every human being on earth learn to do this and have the Perfection and Freedom It brings.

IT is Saint Germain's Request that all rotation of Group Leaders be discontinued everywhere throughout the country, except in the Group Leader Training Groups, where the individuals are being given an opportunity to conduct a Group before taking the responsibility of his or her own Group Activity.

It is all right to rotate in the Young People's Groups where the individuals are being given a chance to try out the conducting of a Group before taking a permanent one.

Outside of those two kinds of Groups every group should be led by the one who accepts the responsibility of conducting that Group and holding them harmonious, so the work of protecting America can be done.

It is Saint Germain's Request also that every Group be opened after acknowledging the Unfed Flame, by those in the Groups giving the four following decrees for Light. Say each three times:

1. Great Cosmic Light! come forth and do Your Perfect Work NOW!
2. The Forces of Light move into action with Full Power, and are Victorious NOW!
3. Mighty Arcturus! come forth in that Light as of a thousand Suns and consume all human selfishness and discord from the planet forever!
4. The Limitless Legions of Light now sweep across the face of the earth and all human darkness disappears.

These Decrees draw tremendous Light, Protection and Healing Power into the room and charge the very air with the Purity, luminosity and Perfection of the Light. They release tremendous energy and Light-Substance into the room which enables the Ascended Masters and Cosmic Beings to amplify It without limit and send It forth to accomplish the fulfilment of our calls.

PRECIOUS Young People of America, do not let the day go by without morning and evening standing in front of your Chart and raising your hands to your Presence. Then say:

"Mighty I AM Presence"! take complete possession of my Being and world and prepare me to give the greatest help possible for the protection of America! Show me the perfect thing to do every moment and make me do ALL perfectly! Pour through me whatever Power of Light is needed to protect our land! Make me a Perfect Channel through whom the Ascended Masters can charge forth Their Victory of Light instantly!

"Make me such a Mighty Pillar of The Ascended Masters' Activity of the Unfed Flame, that everywhere I move the Ascended Masters' Consciousness, Directing Intelligence and Discrimination charge forth to flood all with such a Mighty Onrush of the COSMIC Light, that It blazes everywhere and consumes all that is not of the Light."

Make the call daily for the "Mighty I AM Presence" and Great Cosmic Beings to send Legions and Legions and Legions of Light, to fill our Blessed United States of America with Their Mighty Glory and perfecting Activity!

Whatever activity seems to need more than ordinary Power of Light to handle it, make your call for the Great Cosmic Beings, to send the Legions of Light to sweep in, produce Perfection and hold eternal Ascended Master Control of the condition, for the freedom of all mankind and the Victory of the Light throughout the world.

The Legions of Light wield an Activity and Power of the Cosmic Light that all mankind cannot oppose, so make your call for Them, to flood in and fill the earth with Their Mighty Glory and Dominion forever!

· RADIO DECREE ·

WE ask all the students throughout America to give the following Decree for our Radio Broadcasts and Electrical Transcriptions. It releases amazing miracles, for, wherever the "I AM" Students have called the "Mighty I AM Presence" and Saint Germain to clear the air of all interference and see that our broadcasts and transcriptions come through clearly, they have always come through perfectly.

So as the Study Groups give this Decree, it will open the way for the Ascended Masters to clear the air currents of earth and let the broadcasts go through without interference of any kind. We ask this that the Ascended Masters' Words of the "Mighty I AM Presence" may fill the air throughout the world and set all mankind free!

"Mighty I AM Presence," Great Host of Ascended Masters, Mighty Legions of Light, Great Angelic Host, Great Cosmic Beings and Great Cosmic Light; Saint Germain, Jesus, Nada, Great Divine Director and the Mighty Gods of the Mountains! come forth in your limitless Cosmic Power and Authority! clear the air currents everywhere in America and throughout the world! see that our broadcasts, both personal and by Electrical Transcription, of this Ascended Master Instruction on the "Mighty I AM Presence" go everywhere without interference of any kind, carrying Perfectly This Ascended Master Victory of Light and Freedom to every human being on earth!

Make everyone on this planet hear these Words of Truth Perfectly! accept the "Mighty I AM Presence" and have the full Ascended Master Perfection which It is and gives to all!

Make every word as it goes over the air a Mighty Focus of the Unfed Flame to bring Balance, Peace, Purity, Protection, Supply, Health and Perfection to all mankind, the earth and Its atmosphere forever.

We thank Thee Thou dost always answer our every call and this Decree is instantly and Infinitely fulfilled, eternally sustained and ever-expanding.

· JESUS' DISCOURSE ·
· NEW YORK CLASS ·
· OCTOBER 24, 1937 ·

ELOVED Children of the Light, in the great Love that you have poured forth, it has made possible the achievement of the days just past and has drawn Me very very close to your hearts. Remember this is not my first visit to your city. I was here not many years ago in the tangible body and that one, whom I loved, (Dr. Robert Norwood) saw Me clearly.

I wish, to-day, that the churches throughout America and the world would receive Me as the "I AM" Students do, feeling and knowing My Reality; and that it is Myself actually dictating these Words, flashing them before the Messenger. However, that seems not to be the case and We must make the best of it.

My Joy in having an opportunity to speak My Love to the mankind of earth once again is very great. To-night will be the apex of certain Work from the Octaves of Light which We are doing for mankind and America. It is also reaching powerfully into Europe.

There are thirty-four present in this room to-night who were present at My Ascension two thousand years ago. Therefore, I feel somewhat at home. Most of you have come to know the Messengers were present at My Ascension also. Our beloved Lotus was the writer of those letters, the only accurate description of my Ministry and Ascension that has ever been given. It is your great privilege to have them to-day. In the many wonderful expressions I gave forth, I endeavored to

convey to mankind some understanding of the Great Eternal and Mighty Words, "I AM"! To-day, those Words are flooding forth again with Understanding.

Beloved ones, do you realize how great is your privilege to-day? You are privileged in having the explanation in great detail of how, where and what your God Presence, the "Mighty I AM" is; what It means to you; and how you may actually, in spite of all human mistakes, call Its pure mighty Energy forth into action to cleanse and purify your mind, body, world and activity; so that Its Great Perfection may once again come forth to the earth.

Try to understand the Power in the utterance of those words in ordinary conversation; not only in the act of decreeing, but in the common ordinary use of the words, "I AM." You cannot speak those words without a tremendous vibratory action going forth. Once the students realize that in the speaking forth of those words, they set the eternal Power of the Universe into action; then they will understand how they can quickly set themselves free from every binding limiting thing.

Do you beloved Students of the "I AM," who are so earnest, realize what it means to use the Sword of Blue Flame? Because of the great need of mankind to-day, This Special Activity has been called forth into action. Oh, not by the Messengers, but by Ourselves. Try to realize to-night, that We are Real tangible Beings, free from all limitations, wielding the Power of Infinite Light.

I shall remind you of a few instances which recall old memories. This good brother, the Mes-

senger, as the Roman soldier, wanted to give assistance with such a great Love—quite unusual in a Roman soldier. I knew the mission that I must fulfill, so I thanked him and rejected his offer of assistance. Then came the opportunity to assist him. Let Me assure you, I knew no distress throughout all that took place during the crucifixion. Mankind's interpretation and human concepts have colored those experiences unnecessarily.

In the Wisdom which was Mine, from the contact with the Great Divine Director, I received the Understanding of the "Mighty I AM Presence." It was then I decided, as I called Its Wisdom into action, in what way I should leave the example for mankind. It was My Great Joy, not sorrow to be that example. In the description written by our Lotus where my statement was: "You have been with Me in My sorrows, you shall now behold My Glory"; it was simply a matter of expression to designate the difference between the two activities. The people thought at the time that I experienced suffering, but I never felt any distress. I withdrew from the body on the cross. When it was placed in the tomb, I returned and performed what was required in the perfecting activity. Then I came forth in the Higher Mental Body, as the Messenger has described to you innumerable times.

To-night, I am trying to give you the feeling of the Reality, of how practical all these activities are. They seem to be transcendent miracles only because they are unknown. All is Life and Its definite Activity! You, to-day, may all experience the same thing! While it is not necessary for you

to go through the crucifixion as I did; yet all else that I attained is yours. There is no question about it. These Great Truths, these Great Laws, are given forth to you, by Those Who have won the Victory and made the Ascension.

I feel very grateful, that I was able to leave My Example in the blazing Etheric Record, beckoning to all mankind, until the day when they too stand with Us, in the Ascended Masters' Octave of Light.

I want to assure every one of you that all Ascended Masters, Myself included, are one; all are Perfect Beings. We are free from imperfection of every kind! Therefore, We are assisting each other in that which We wish to accomplish. Do you not see how practical it is, that Saint Germain and I should be working together. He loved Me so greatly, and was trained by the same Great Being by Whom it was My Privilege to be trained. Why would We not love each other? Why would I not assist him, in the Greatest Endeavor that has ever been attempted by one individual upon the earth?

Remember, these are My Words and let no human being on earth doubt it, when I say to you, that Saint Germain has performed the Greatest Service ever attempted by one Being on earth. With your continued assistance and the gathering of more of mankind, to give the call and assistance which He has asked for; you will see manifested upon earth, the greatest achievement ever known since the Second Golden Age upon earth!

It is My Determination, to break down within the concepts of mankind, the feeling that Saint Germain should not be acepted as Myself. I shall not give My Radiation to any one who questions

it. The Law of Life is compelling mankind to-day to turn to the One Source of Light, which is the "Mighty I AM Presence," as you know It to-day.

The remarkable thing about this Work is that you have before you this accurate Chart which brings your three faculties into one focus of action; your attention, your vision and your power of qualification. Again, if you will observe, it brings you the Trinity of Action of the Godhead—Love, Wisdom and Power! Father, Son and Mother! In you, in each human form, that Activity is represented by your attention, your vision and your power of qualification. The Trinity of Action is everywhere in Life, if understood.

Therefore, to-day in the magnificent Understanding which is before you, in this Knowledge Saint Germain has brought forth; It is accurate, unparalleled for mankind in the history of the earth. The pity is that all churches throughout America and the world do not take it up! Why should the churches oppose the greatest Light they have always been praying to?

What is there that the Messengers give forth that any decent human being should oppose? It is the Light which every human being has been praying to and calling for throughout the centuries! Why condemn it now, when It has come forth to bless mankind? But in spite of all condemnation, It SHALL DO ITS PERFECT WORK! Already many who condemned the Messengers are seeing their mistakes. It is not the Messengers they condemn. It is the Light, they are condemning, remember that! The Messengers are the bearers of this Light—this Mighty Eternal Truth Which is the Freedom of every one on earth, who

will apply It and stand by and with the Presence. The ones who do not accept, just deprive themselves of the great Freedom, of the Help, of the Perfection, of the Joy which We would so gladly give!

To-day, you know that it is your application of the Great Law of Life which releases into your body and world Its health and Perfection. If you cannot make such a small attempt to free yourself and stand by It, how can you expect to be set free?

Please convey this to people wherever you have the opportunity. Ask mankind, who question the Truth of this Light, what is there about It that anyone could not accept? The Messengers ask but one thing—to give your attention to your own God Presence, the "Mighty I AM," and have Its Freedom. Saint Germain has gone into great detail to explain the application in every condition that you might apply It to your Life. Is there anything wrong about that which mankind should refuse?

To be very plain, it is but the stubbornness of human concepts, just because This Mighty Light did not come forth through the churches or some angle of Truth to which they feel favorable, they reject It. To-day, beloved ones, the Truth is that the Great Light had to come through a wholly independent channel of activity. It had to come through those who were pure enough to carry the Light and allow It to expand. Saint Germain through long, long preparation made that possible.

To-day, in the glory of the blessing which is yours, rejoice in it, beloved ones. With great discrimination and kindness, reach all whom you

can. Ere long, avenues will be opened to spread this Light very much more rapidly; but the Messengers have been wise in holding the guard over everything, that the foundation might be strong. They have turned aside many things and Saint Germain in directing It has held It, until now Its foundation is good. It is firm and strong, to go on, and on, and on, until all the children of earth one day know this Great Presence and all that It means to them for their Freedom.

To-night My Joy and Gratitude are very great, for the acceptance of this most wonderful of all Truth and Light by so many of mankind to-day. Rejoice that you are a part of it; that you do not have to go through the experience of centuries ago. Blessed ones, this is not your first time of serving the Light. Many times have you been the vanguard of Light, or you would not be here to-day. That is the Great Law which all should understand. It is the Light within you which draws you to the Light and to this Understanding of the Presence. Surely you must realize, you would not be here, if the Light had not drawn you. You surely know that.

I ask you to watch the individuals who come and then temporarily turn aside. Their own Light has drawn and given them the opportunity; but the destructive qualities within them are just a little too strong yet for the present expansion of their Light. Such is quite a natural process within the human.

To-day, you think of Me as One Who performed miracles, so-called, of healing and various other things. Yet, to-day, the calls of the Messengers are performing thousands more healings than I per-

formed. Try to feel that. Oh dear ones, do not think or feel, because I have been the focus of attention of the church world, that there are not other wonderful Perfect Beings in a world of vast experience. There are planets without number inhabited by Great Beings of Light. Yet some of the blessed people of earth, still think that only this little planet is all in which there is Life and great Intelligence when back of all these Great Universes and planets is a Mighty Directing Intelligence.

How very wonderful it is, that you can realize this Mighty Truth and enter into Its great Expansion of Power and Light. Beloved ones, realize how fortunate you are that your Light has expanded enough, to allow you to accept this which is so simple. Yet It is so powerful and majestic in Its Action. Try to realize, that those who reject this Light are but depriving themselves of the Understanding to which one day they are compelled to come.

This Assistance of the Ascended Masters is not just for the present condition. It is an activity of the Light which is the Life of all human beings. It is the Life of the earth, including nature! The Cosmic Light is expanding within the earth, within human beings. This Light will compel everyone some day to accept the "I AM Presence" and there is not the slightest question about it. Anyone who refuses but delays the beauty, the joy, the happiness and the Perfection which could be his or hers, if each one could accept It at once, apply and enter into the Kingdom, which is the "Mighty I AM Presence."

The Kingdom to which I referred was the Pres-

ence, because I knew It. In those days, the Law would not permit—I mean your Law of Life—would not permit certain information to be given forth; because of the condition of the outer world and the density of the bodies of mankind. To-day, the Cosmic Light has said: "Now let this go forth and mankind may accept or reject"! but the Light within the heart, which is each one's own Life, will compel Its own activity of expansion.

It is because the Messengers know this, that nothing of human acceptance or rejection affects them in the least. They know it is a matter of expansion of the Light within every individual. When It has expanded enough, no one will reject It. The Cosmic Light is compelling that expanding activity to come forth.

Do you not see how practical all of this is, My Ministry included; but mankind has set My Activity upon a pedestal, when It is all natural and practical. That is why mankind has not had the results. While prayer is wonderful and beautiful, yet to-day your application in the call to the Presence and your Decreeing, is in the general activity of mankind a thousand times more powerful than the ordinary prayer. You are recognizing, accepting a Presence and Intelligence, a Power that is all Authority and Dominion. While in prayer, you are asking and looking to an omni-presence to help you. Sometimes you have prayed to Me and whenever it is possible, I have tried to answer; but many times the inharmony of the individual made it impossible for My Help to come through.

In the acknowledgment of your Presence and by the power of your Decrees, there is naught to stand between you and the Perfection of the Pres-

ence which you call into action. There is a vast difference between the understanding of the people during My Ministry and that which you are privileged to use to-day.

You have entered into the practical Understanding of the very identical Law I used, to produce My Freedom in the Ascension. Therefore, you have the same privilege to-day. Please understand this and know that I am a real tangible Being, still ministering to the children of earth; but in a manner that is according to your requirements to-day. Therefore, you have the privilege of attaining your Eternal Freedom, if you care to accept it.

We have thought many times: what would the majority of the church people do, if I were to appear in their midst? You see We know their every motive. We know what is in the heart, the feeling world of each one. When individuals preach the gospel and in their own hearts and feeling worlds do not believe in My Reality, how can I be there? Do you see what is the matter? Mankind should understand what they are doing. Oh, the fear among many; lest their human forms be deprived of a few meals! The fear of supply for the body! Oh do not, do not I plead with you, fear what shall happen to your body! It is that fear which deprives you of so many wonderful things. Give yourself into the hands of your Presence! Call Its Power into action! Then see how quickly all fears will vanish from you, beloved ones! Fears are but human creation! They are but concepts and do not belong to your Presence! If you will call your Presence earnestly into action, all fear must disappear; because the Radiance and Light of your

Presence called forth dissolves all unlike Itself. You must see that.

Doubt and fear are the two doors that must be opened and held open by the acknowledgment of the one Great God Presence, the "Mighty I AM." Do you not see how well that is illustrated in the blessed brother's picture of the "Open Door," which came forth here in your city? It is wonderful and beautiful. It is very wonderful because it gives you the eye-picture of your Presence, holding back the doors of doubt and fear. You must pass through them into the glories of Its Great Achievement.

It is wonderful, very wonderful! I often send My Blessings to Mr. Brooks for that picture. We and the Messengers shall always love him dearly, because mankind needs more than just an Inner intellectual concept of a thing. When you have before you the eye-picture of the Reality, again I say, it brings the Trinity of Action of your Presence into one focus which means the Victory.

That blessed one has given to the world far more than he yet dreams. This magnificent Chart of your Reality, is setting mankind free by the thousands everywhere; because you cannot contemplate that Chart without gaining the feeling of the Victory of your Reality; for your Presence is the Giver of all Life to you and everyone else. So try to feel It! In the magnificence of Its Glory and Blessing bow before Its Majesty and Presence! Let It be the Director of you and your Life, the Producer of Perfect Health in your body. Let It bring you balance of the mind in Its Beauty and Activity; the fearlessness and glory, the courage and strength, the power and energy which carries

you forward to your Mighty Victory—the Victory of Light!

To those earnest ones of New York and elsewhere from the United States of America, I offer My Blessing to-night, in the fulness of My Love and Freedom. Come into My Arms and let Me lift you unto the Glory of your Wondrous and Mighty "I AM Presence"; that you may comprehend, understand and feel Its full Glory flooding you and your world with Its Wondrous Perfection; with Its Mighty Dominion; with Its Invincible Protection and the Glory of the Light; carrying you forward into all Freedom and your Ascension, where one day We shall meet. I shall shake your hands and congratulate you on your Victory of Light! I thank you.

THE TALL MASTER FROM VENUS, known to us as VICTORY said in the Philadelphia class:

"Did you ever think what determination is? Determination is the Activity of your Life asserting Itself, to bring forth the Perfection which It knows It is, into your experience.

"I would like to have you memorize that statement for action. I think it will help you tremendously, to get away from the wavering idea of why you need to use It."

· GREAT DIVINE DIRECTOR'S DISCOURSE ·

· *Philadelphia Class—November 11, 1937* ·

BELOVED students of Philadelphia and America, I wish you to know something of the service that has just been started for America and her people. Sometimes one little realizes how great is the Inner Impelling

Force; or how the Great Presence, called into action, causes each individual to act in Divine Order for the accomplishing of a certain purpose.

Our beloved Virginia and Catherine were impelled to bring forth this adoration and praise to-day. Our beloved Lotus was impelled to make the call for which We have waited three years, ever since the beginning of This Work. Our America, your America, did come forth from the Light and her call to return it to the Light has made possible a Cosmic Activity to the earth!

Oh beloved ones, do you not see how a great earnest call to your Presence will, at the most unexpected moment, enable you to render a service inconceivable to the human intellect? Even as I speak the words to you, it is not comprehensible in the human intellect, as to the immensity of this which has been started to-day.

I have another great joy to offer you. Some of the students and the staff will remember that it was My Great Privilege to offer My Assistance to those blessed young men who passed on over seas, that they might come to the Octave of Light. I did not mention then how many accepted. Sixty-four per cent accepted at that time. Additional to that, including up until to-day, eighty-four per cent of those blessed young men have accepted My Invitation, to come into the Octave of Light and receive this identical Instruction on the "Mighty I AM Presence." It being My Privilege to make it possible, they will return into embodiment comparatively quickly and retain the complete memory of the instruction they have been given, in the knowledge of the "Mighty I AM Presence."

I am quite aware that you do not comprehend but a small part of what this means, but if you saw as I do what it means to the future of America, in the incoming Golden Age, I am sure many of you would rise from your seats by the power of praise and gratitude. Thus, is the Great Eternal Work going on—the Great Eternal Service. On this day, it is such a Great Joy to make you aware of this and let all of the "I AM" Students of America know of the Glorious Transcendent Service which has been given.

Allow Me to remind you, that beginning in the last Shrine Class, some Mighty Activity has taken place within every class which has been held by the Messengers. Please observe it! that it may give you the greatest courage and strength, to know the Reality of this Great Work and Service of the Light.

Blessed ones have been turned aside from this Wondrous Stream of Light. Some unfortunate beings come to listen and because of their previous revolving of resentment toward it, cannot even feel, see nor hear the great Love and Truth that is here. So to-day, I ask you to be strong. This Work the Messengers are giving is the Greatest that will ever be given on earth! Be assured of that! for there is no knowledge greater to come forth to mankind, than the Knowledge of their own "Mighty I AM Presence." It is the Goal of all human pilgrimage upon earth. If people are weak enough to listen to the foolishness of individuals who deny this Great Law, then those people are alone to blame, if their Freedom is cut off. The students see the sincerity, loyalty and truthfulness of the Messengers.

Remember, no longer can We withhold the return upon vicious individuals of that destruction which they sent out. I have sounded the warning a number of times. Yet these individuals go on pouring forth their viciousness in words and feeling. This is My last warning which I shall give. I want this to go into the Magazine, that all of the students of America may know this, for I shall not prompt the people again!

Those who put forth viciousness toward This Light and the Messengers will reap it IMMEDIATELY! This is in the greatest kindness and for their protection. If they will not listen, then they must reap! This goes forth to every one who tries to put forth viciousness toward This Work or the Messengers. There are no human beings in America so kind and who give everyone such Freedom as they do. Therefore, people who do not want to accept should be silent. I assert again, that We shall not allow the Messengers to be further bothered by the viciousness of human beings; for such individuals shall reap their own viciousness and silence it!

This is the Law of the Great Cosmic Light, the Law of Life which says: "My Life which I have loaned to human beings shall no longer be misqualified and distorted! My Life is purity and Perfection! Human beings have had centuries and centuries, in which to discontinue their discord and return to My Consciousness, their Home, from which they have strayed."

To-day, We offer the Understanding of the "Mighty I AM Presence" to mankind, in all Love and Kindness. The Messengers have battled the discordant conditions of mankind and have won

their Victory. Now, no longer shall they be even affected in any way, even by their attention; because all viciousness shall return upon the people who will not be silent concerning it, when it is projected against this Work and the Messengers.

Anyone can think, if you like, that this is the Messenger speaking these words; but you will find it is not. "I AM" the One, Whom they have told you is the Divine Director, a Cosmic Being of Infinite Power and Authority! and it will be well for everyone to believe that, for it is true!

Now dear ones, I offer this Assistance to-day, because of the great memory and of the Great Service that the Ascended Masters, the Legion of Light and the Cosmic Beings have rendered to the blessed young men who were released from their bodies in the recent world war, and to some who have been released since. I determined, when I saw the war activity going on, that once upon earth the young men who gave their lives for their country, should receive a reward not known on earth before, and it has been done!

Beloved ones, when individuals are offered, offered, offered the Law of Life; and they know in their hearts it is true, yet they allow the intellect or foolish gossip to turn them aside; they can blame no one but themselves. Now, I am strengthening you! In every class since the Shrine, I have rendered a Service to the students to help strengthen them; to give them the courage needed to stand in the Light of their own God Presence, the "Mighty I AM," and let It flood their worlds.

Some apparently have not been able to hold sufficient Self-control and have gone on in the same old ideas. However, We are patient. Where We see

the Light expanded enough; where there is hope that they will be restored, face about and give the needed obedience; then We are ready to stand by until they have won the Victory.

I say this to you to-day and to all the students of America, for We love you more than you can ever imagine: To Those who have been strong enough to stand against the gossip poured at them and remain in the Light, I say to you; "Beloved people have courage! for I shall see that conditions, at your call to your Presence, are so regulated that supply, happiness, courage and strength fill your being and world, with what you require for your Service in the Light"!

Human forces are fast fading from their dominion on earth! I offer this suggestion to-day, that all earnest sincere "I AM" Students may take this unto themselves. Knowing the Law of which I speak: then, if they will not maintain Self-control how can they blame anything or anyone if they fail? There is no provocation in human existence which warrants you becoming irritated or disturbed, when you have this Ever-lasting Blessing for your Freedom and your Ascension.

Dear people, these Messengers have told you, if you will decree for your Ascension in this embodiment and for any reason you do not accomplish it, when you come back in the next embodiment, you will accomplish it without any question in the world. Then, why can you not believe that? Why can you not bend every effort in your being, to live accordingly so that Decree may be fulfilled in your lives?

May this reach every "I AM" Student in the mental and feeling world this day! I am speaking

in the Power that rends asunder every destructive force which tries to beset you, beloved Students of the Light. It reaches into the mental and feeling world of every "I AM" Student in the world, and It shall do Its Work for them! If you will give Me the necessary obedience, Self-control and harmony in your feelings, I assure you that not one will fail to have the greatest rejoicing ever expressed in any human form in the consciousness of his or her Dominion and Self-control, over the human conditions which exists in the world to-day.

My Eternal Blessings, Courage, Love and Strength enfold you always! you who are here and all the Students throughout America and the world. I thank you for your attention.

"Might I AM Presence," Great Host of Ascended Masters, Mighty Legion of Light, Great Angelic Host and Great Cosmic Beings! blaze forth Your Mightiest Cosmic Power of the Blue Lightning of Divine Love into every person, place, condition and thing under This Radiation! Seal each one within the Wall of Blue Flame of Divine Love from the Ascended Masters' Octave of Life! and see that nothing ever touches them but the Ascended Masters' Perfection unto their Ascension!

· MR. BALLARD'S "I AM PRESENCE" SPEAKS ·

· *New York Class—October 21, 1937* ·

"I AM" the Presence, the Governor of the Cosmic Light, which has said to mankind: "No longer may destructive forces go forth to harm others! All human beings who send forth those forces must reap them! because it is the Law of Life, having come to the Power of Its action wherein Assistance to the earth must be given."

Mankind is responsible for the discord of earth! Therefore, the people must turn their faces to Me and have the release of My Power of the Violet

Consuming Flame! that enables them to be free from all human creation; from all discord and limitations, which they have created for themselves.

"I AM" the Presence, the Commanding Presence, which calls forth the Mighty Legions of Light to seize, bind and remove all discarnate entities; from all castles on the face of this earth; from all palaces; from all homes; from all apartments; from all mining activities; from all industrial activities; from the government of America! I say to all forces of human creation: "You shall no longer have Dominion over your creators, the children of earth"!

My Light shall sweep the earth with Its Infinite Power! My Glory, which mankind has called for in the intellect, shall now find Its Dominion through the heart! that by the Power of My Infinite Radiation going forth, shall the world of each individual be brought into subjection and the Dominion of the Light!

I call the Angels of Blue Lightning, the Legions of Light to stand guard over your America; My America; that every person who tries to bring destructive conditions, qualities or activities into America, shall cease to exist in his human form! Mankind, who still insist on being wilfully vicious, shall meet that viciousness, and quickly!

I, the "Mighty I AM Presence" have given mankind centuries to redeem themselves! Still, when My Messengers go forth through the centuries, does the stubbornness of humanity refuse to accept the promptings. Then, shall they who refuse, reap because their opportunity is here.

I say to mankind: "All, who will not give at-

tention to Me, the 'Mighty I AM Presence,' all who do not represent Me, shall find their great mistake. All who claim to represent Me and in their hearts do not, will meet their own creation returned upon them. No longer can deceit reign within the secret activity of mankind"!

I say to all the beloved students of My Presence: "Issue the following Decree, with the Power of My Presence: 'There is nothing hidden that shall not be revealed to the people of America in the underlying motives of those who would attempt to limit and destroy mankind'! Now! is everyone before the Light of My Presence! Now! shall everyone give accounting to Me, for My Life which all have used through the centuries"!

To you, Oh beloved Students of My Presence, I say: "Remember! you are privileged indeed. If you allow persons, places or conditions to intrude their feelings into your world and you turn aside from My Stream of Life, then shall you indeed wander in darkness."

The human destructive qualities may no longer be privileged to act to destroy My Children. The nations who refuse My Presence, even as they now know It, as God, by their own darkness will be compelled to perish from the earth. In every age, I have given mankind the opportunity, the warning, that individuals might reverse their momentum and change it, from the darkness of human creation to Me, their Light. For many centuries mankind has refused to heed that warning! Now shall mankind know what I have meant.

This day, I set My Legions into action in your government; in your city, the head of the finances of the world; to take command and bring all hu-

man beings into obedience to Me! All the doubts, condemnations and fears shall vanish from the earth and from the feelings of mankind! My Light shall fill the earth, and all shall ere long give complete obedience!

You, who have come to know Me once again, know your infinite privilege to issue My Decrees for the solving of all conditions in your America and the world. Do you not understand that you cannot voice these Decrees without My Presence, Intelligence and Energy? Therefore, "I AM" the Power acting through these Mighty Decrees, for the Freedom and the blessing of mankind.

I call My Legions to take command of the feeling world of mankind; to take from the feeling world of mankind their fear of disease and ill health; that they may stand forth in My Presence, the expression of My Health! The vicious human suggestions, which have created every conceivable discord, disease and disorder for mankind, shall vanish from the memory of mankind and the earth.

Stand in My Light and your world shall be filled with the Perfection and limitless Supply of every good thing Which "I AM"! Surely you must understand now, that the Presence of Life which gives you action and Intelligence is God, your "Mighty I AM Presence," Myself in action! Then, how, if you believe and feel that, can you doubt Me or fear what man might do, or what created conditions might do?

In the Power of My Presence which has the Infinite Power of the Universe ready to flood forth, set aside your human self, that My Powers now may flow forth and give you your hearts' desire.

What gives you your hearts' desire for Freedom, for Perfection, for the limitless use of all good things? "I AM" the Presence that gives that desire.

Now after many centuries, I must assert My Dominion in these forms which I have projected. How quickly, you may all enter into My Glory and Perfection if you will!

"I AM" the Presence that is Divine Justice done to My people everywhere.

"I AM" the Presence which shall act in your Supreme Court! in your government! in your people! to establish My Age, the Golden Age, again to mankind and give them this time a greater opportunity to return to Me forever! No longer shall human creation dominate My People! I say to all destructive forces of human creation through the earth, communistic or whatever destructive power that is acting through human form: "Now, you shall face Me! a Power with which you cannot cope! which you cannot harm, but which can make you helpless! This opportunity is offered.

I say to the individuals of the world, you shall no longer create wars to destroy My people! You shall no longer find pretenses to destroy the forms of each other! My Commands have gone forth to all parts of the world!

Let no one within hearing of My Voice ever have a single thought that this Messenger is the one who is creating these Words! "I AM" voicing My Own Words through this form!

Remember, Oh people of earth, when the shadows seem to fall around you, that "I AM" there in your heart! In the years ahead, you can have the Light or the darkness! I have brought Myself

forth to your attention. If mankind will not heed, then what I have commanded through the heart of every human being of this earth shall feel My Presence and Know It is Me.

As all discarnate entities are taken from the earth, so shall mankind once again live within My Presence and Its Activity!

Give your attention to Me, Oh children of earth, with such earnestness, that all human creation you have drawn about you may be dissolved immediately; that you may have My Joy, Happiness and Power acting within your human form to purify, cleanse and perfect your world; that the Light may hold Its Dominion within you forever!

I thank you all. For all My Children throughout the earth, this day shall the great change begin within each human being. How fortunate are those who have already felt that change!

My Messengers, the Ascended Masters, the Legions of Light, the Great Cosmic Beings and the Cosmic Light Itself, shall take their Dominion in the earth! It shall be done!

· DECREE ·

"Mighty I AM Presence"! instantly turn everything that comes to my attention into the most amazing Ascended Master Miracle, Substance, Power, Success, Victory and FEELING of Divine Love, Light and Happiness! into Thy most dynamic Action of the Unfed Flame, the "Three times Three" and the Cosmic Light that humanity and the earth have ever experienced and keep Them Eternally sustained and ever-expanding.

On Christmas Morn.

THE Breath of a Rose on Christmas Morn
Touched the earth as there was born
Him Whose Light and Radiant Love
Clothed the world from Realms above
With Substance pure and Power Supreme
In one unending Glorious Stream
Beloved Jesus, Great "I AM,"
The Word fulfilled to every man.

To Him in Love no tongue can tell
We pour our praise like golden bell
And call mankind to love Him too
That He earth's veil may now come thru
In Cosmic Light, the Great "I AM"
Forever pours Its Love to man
And all shall see His Victory now
And to His Mighty Power bow.

As Lord of Life and Light of Love
He comes in Splendor from above
And where He touches earth again
Lo! there comes forth the Unfed Flame!
Abide within It loved ones dear
Become Its Blazing Presence clear
Be Lord of Light! Be all Divine!
Be One with Him, let His Light Shine!

—Chanera

IN visualizing and using the Light Rays, each one should train himself to remember, that it is the Light within his body which does all things. Think! when you move your hand, that it is the Light within the nerves and muscles which makes them move. Stop occasionally and feel that Golden-white Light pouring through to do each task of the day.

When you think, realize that it is the Light in your brain cells which is your mental activity. Whenever you want greater alertness, visualize the blazing Golden-white Light flooding your head and see the marvelous change and ease with which you do all mental work following that.

When you are speaking FEEL, that it is a Ray of Light-substance flowing out through your mouth, which is making the sound you send forth.

When you are looking at something FEEL, that it is the LIGHT pouring through your eyes which gives you the Power to see.

When you are listening to something, FEEL that it is the LIGHT within your ears which enables you to hear. In this way, you will be able to project the Light Rays with very much greater power.

I AM STUDY GROUPS

EVERY Student Group under this Radiation should always have a Chart and the two pictures of Saint Germain and Jesus and a good sized American Flag at every meeting. This recognition is due our Presence, the Ascended Masters and our country, and we make the call to the "Mighty I AM Persence" to open the way and provide them for every Study Group under this Radiation.

These are focuses of Light Rays and Power from the "Mighty I AM Presence" and the Ascended Masters' Octave of Life, pouring forth constantly to the students during every meeting. All students new and former ones should have this thoroughly explained, so they can give the loving acceptance and co-operation which enables the Ascended Masters to release to them the greatest possible Assistance.

The Beginner's Group Outline will soon be in printed form and can be obtained from the Saint Germain Press. It is very vitally important that it be used in all Beginner's Groups, to give the greatest co-operation to the Great Divine Director for the protection of America and for the greatest Blessing to the students themselves. It is necessary that the activity be held uniform to enable the greatest release of Light, Freedom and Supply to the Students everywhere.

We ask all lovingly to do the above for the greatest blessing possible to be released at this time in all Study Groups for the blessing of all.

YOUNG AMERICA

EARN to rest in the Power of your "Mighty I AM Presence" and place all your activity within It, rather than to claw in your feelings to bring things that you need and wish to use from channels, that you know are filled with these things. This is a very subtle thing and people with good intent disobey the Law continually without realizing it, because they do not understand this point. Because there is plenty of what you need in someone else's use and custody is no reason to feel that your Presence wants you to have it from that channel, when you want it.

If the Young people of America will understand this point and call directly to their Presence, it will enable supply from all channels to flow in and release whatever you need. We so much want you to have the best there is or something better than you think you want in the physical experience.

Try to let your Presence show you what It wants you to have, for that will always be far better than you can even desire for yourself.

"Mighty I AM Presence," and Great Host of Ascended Masters! seize, bind and blast all human feeling, its cause, effect and record, in my mind, body, being, world, atmosphere and environment forever! and replace them by the Ascended Masters' Feeling, Consciousness, Light-Substance, and eternal Presence of the Unfed Flame instantly and infinitely manifest, eternally self-sustained and ever-expanding!

"Mighty I AM Presence" make me feel all of your light right now.

"Mighty I AM Presence!" Flood me with your Light without limit in all I do forever.

"Mighty I AM Presence!" make me rest in your activity to bring me the supply of every good thing from the channels it is wise to use at this time and that are always harmonious to me.

"Mighty I AM Presence!" we call for the protection of the young people of America as never before, and decree that the Mighty Cosmic Light shall burst upon and within them so bright that they all, every one within America shall have these books, this teaching, Ascended Master Victory, Success, Dominion, Freedom and the Light of the "Mighty I AM Presence" and Ascended Masters forever self-sustained, to the fulness of their Ascension NOW.

Ascended Master Light

IT is our very great joy and privilege to announce the coming release of ASCENDED MASTER LIGHT, Volume 7, of the Saint Germain Series, about January first by the Saint Germain Press.

It contains Dictations by the Ascended Masters and Great Cosmic Beings, which were given before thousands of "I AM" Students within the last few months.

There are no human concepts nor interpretations of any kind within them. Every Word is a "Cup of Light" carrying the Consciousness, Life, Energy, Feeling, Courage, Strength, Power and Light-substance direct from the Ascended Masters Who Dictated Them.

They are placed in printed form to release the Victory of the Cosmic Light to all who will accept the Freedom which They bring.

The Ascended Masters and Cosmic Beings are giving Their Assistance to every individual when the attention is upon Them while reading these books. At the same time They are pouring the most powerful Protection for our Beloved Land of America through the reader, while his attention is upon the Ascended Masters. America's Light and Freedom were established in the beginning, by the Help of these Great Ascended Beings and we, Their Messengers guard the Light in America with our very hearts.

Those who heard these Dictations felt and received the Light and Power released through Them and are the beneficiaries of the Blessings the Ascended Ones poured forth.

This volume contains three beautiful color charts for the contemplation of the student. Each book is charged by the Ascended Masters and Cosmic Beings with the greatest Power of Love,

Light, Freedom, Protection and Perfection for the individual and America.

The Blessings flowing continually through them will bring joy without limit to all who sincerely accept, apply the Instruction given and feel the Mighty REALITY and Truth contained within them.

This book is of very great import to our land of America, for through IT will flow tremendous Protection from the Great Cosmic Beings.

May every human being on earth understand the Reality of these Great Blessed Ascended Masters and have the Victory and Freedom which They so lovingly and patiently offer to all.

ECSTASY

I pledge the Unfed Flame a vow,
Its Glory all-commanding now,
I face my Source above and see
My Presence smiling down at me.

I feel Its Great Enfolding Love
Pouring o'er me from above,
I gaze into Its Glorious Eyes,
I hear It say: "Arise! Arise"!

I see Its Blazing Heart of Light,
Its Beauteous Garments dazzling bright,
I ask Its Help and do implore,
I hear It say: "Adore! Adore"!

I watch Its Light become a Sun
Whose Rays pour out to everyone,
I now behold These seem to blend,
I hear It say: "Ascend! Ascend"!

I must obey Its Mighty Call
Surrendering now my self, my all,
I do attain my Victory,
I hear It say: "All free! All free"!

Its Arms reach out and raise me high,
Its Light illumines all the sky,
I hear It say: "My Self now BE!
For I AM thee and thou art ME.

CHANERA.

· MR. BALLARD'S AFTERNOON ·
· INVOCATION ·

NOVEMBER 14, 1936

MIGHTY I AM Presence"! speak Thy wishes to these beloved students:

· "THE I AM PRESENCE" SPEAKS ·

"I AM" the Power that gives you all Freedom!
"I AM" the Life in you, that raises every outer

activity into the Fulness of My Perfection!

"I AM" the Authority in your life and world that now asserts itself, to produce the harmony necessary for your Freedom, accept this!

"I AM" the Power that knows no interference of any kind, from any human creation!

"I AM" the Wisdom that directs every one, who will give attention to Me, unto the fulness of each one's Freedom and absolute Glory of Life!

"I AM" the Wisdom, when invited, that prevents *all* mistakes of mankind!

"I AM" the Authority that silences every human destructive activity—when called into action to do so!

"I AM" the Presence that silences and places out of action every person, association or whatever sends forth destructive activity to My Presentation—through the other Ascended Masters and Saint Germain—of this Light and work!

The Great Cosmic Law has now answered Me, and I become the Authority, in co-operation with It, that enables *all* human destructive activity or interference with this Avenue of Light, to be *silenced*, and I ask you beloved students to WATCH it be silenced.

All unfortunate individuals in human form, who henceforth attempt to personally interfere with this Light, knowing the Love and Kindliness with which the Messengers have brought this forth, SHALL MEET the recoil of their own destructive creation, for the Great Cosmic Light no longer allows them to be protected.

To-day, for the first time since this Work has gone forth, have I, the "Mighty I AM Presence," asserted Myself in this Work. So let *all* understand, that when the Great Cosmic Law has come

to a point of activity, in which the authority of the human free will may be set aside for all destructive forces, then this Fiat, this Command goes forth. May the Light that beats each human heart, which sends forth through the feeling destructive activity, may that Light help them and preserve them.

Mankind has gone on through the centuries with their wilful dis-obedience to Me, the "Mighty I AM Presence." Now, the Law of the earth—which is the Great Cosmic Law—has said: "No longer shall Nature accept the iniquity, the discord of mankind." Therefore, we are facing, mankind is facing, the culmination of the accumulation of their destructive activities for centuries. That Law *must* now have Its reaction to the individuals—whoever, wherever they are—who refuse to enter into the necessary harmony for their Freedom and Protection. They *will* meet their own destructive activity, as surely as they breathe.

This Authority is spoken forth not to frighten any one, but to give all again, once again, the opportunity to set their worlds in order, by calling their "Mighty I AM Presence" into action, which will do it. If the human doubts and fears interfere with such individuals doing this, then the responsibility is theirs. They have the energy in the knowledge of My Presence, to call Me into action to perform this Service and It cannot fail.

The individual who wants to allow his human to longer cause him to doubt, fear and question, when the Great Law—simplified, all-powerful and majestic in Its Active Presence—is explained for his use, then he alone becomes responsible for what happens to him.

Do not make any mistake, this form you see before you has nothing to do with these words which "I AM" speaking. Look upon that Chart and behold your Reality! That Chart is absolutely accurate, giving you the eye-picture of your Glory which beats your heart. There is *no* mistake, *not one single one there.*

You, my precious ones of the earth, have the opportunity for your Freedom and *Ascension.* This Messenger, your good brother, with Love and Kindness hour after hour presents the Truth of this Chart to you, that you may know the Presence which beats your heart cannot be interfered with, when called into action to produce Perfection and supply in your world.

Will you not listen and obey My Fiat, My Command which has come forth to give you your Freedom NOW, after centuries of wandering in the maze of destructive creation? Will you not, oh precious ones here, listen to *Me* and forever silence all human gossip within yourselves *and others?* Take your command within My Presence to have the Light descend, as It did with this brother who stands before you, in rendering the service described in these books.

I pity the human personality who doubts the Truth within these books. They were brought forth at the Command of the Cosmic Law, the "Mighty I AM Presence" and the Great Host of Ascended Masters, to bring this Knowledge in Its simplicity for Freedom of the world. IT SHALL go forth until all the world knows it, regardless of all human beings on the face of the earth. Will you not accept this and have your Freedom, which My Presence will bring to you and your world?

No longer accept the human concepts of pain, disorder and disease in your mind, body and world; but stand fearless in the Glory of My Presence, which gives you Life and no longer tolerate these things, that have brought distress and limitation in the world of human activity.

The Light *is* within you! It beats your heart! In every cell of your body IS My Light, waiting there for you to turn your attention to Me, the Source of all Being; until that day when My Energy can be released at your call, to set you free in perfect health and with everything that is required to produce beauty, happiness and Perfection in your world of action.

The Glory of God, the "Mighty I AM Presence," can be manifest in and through you at *any* given moment, when you have silenced the human creation, which you have generated, and set it aside sufficiently, to let that energy go forth uninterrupted, unclothed by human feeling.

I speak to you, through the mental and feeling worlds. This hour, I speak to every "I AM Student" throughout America and the world: that all may feel this Radiation going forth to-day UNMISTAKABLY, to give them strength and courage to turn to Me and FEEL the Glory of My Mighty Intelligence and Energy released into their worlds, for It WILL give them ALL they require for their happiness and Freedom.

I remind you again, remember this form standing before you has nothing to do with these Words that are spoken to you this moment. This form through the attention—and let it be an illustration to you—this form called to Me, the "Mighty I AM Presence," to speak Its Wishes to you, and "I AM" speaking Them. Let it be a living example

to you, how your "Mighty I AM Presence" can answer every earnest, sincere call of the personality made to IT.

Stand glorified in My Light—the "Mighty I AM Presence," which beats your heart, for It knows no obstruction nor interference as It is called forth into action. If you are not having the Fulness of Its Power, it is because in your feeling world there is still something that is clothing Its Power with *your* feeling. Silence ALL feeling, when you call the "Mighty I AM Presence" into action, and let IT come forth with ITS Mighty Perfect Energy to cleanse, purify and sweep out of you and your world everything unlike ITSELF and IT will do so.

Oh my precious ones of earth everywhere, I pour forth this moment of opportunity, My Blessings, My Courage, My Strength, My Light into the mental and feeling world of all mankind throughout the earth; that from this day henceforth, there may be less of the human discord and its seeming authority, to hold sway through the feeling and speech of mankind.

May that Glory, which I send forth, reach all mankind through the mental and feeling world. Let *all* stand glorified in the knowledge of My Presence, which Saint Germain has brought forth. The Beloved Jesus, the Mighty Divine Director, Who are My Messengers, have also enabled you to have this Light, for They have come forth to give you Freedom and your *Ascension*. My precious ones, do not allow your human self to set aside the feeling which They pour out to you. I, your Presence, who beat your hearts, can enable you to have the Ascension even in this embodiment, and the authority is in *your call* to *your*

Presence. With your earnest effort, if you do not get the human out of the way enough now, then in the next embodiment it is assured.

Such is My Love, My Authority, My Intelligence which I give forth into your use and activity, to produce the Love, harmony, happiness and Perfection which every heart craves; for do I not know that My Light, which beats each human heart knows ME, when the attention is once turned to ME?

As the Messenger has told you, only when the human intellect turns the attention away from Me, does it again fall into the limitation of the human creation and its world.

Oh My precious ones, you whose hearts reach so earnestly to the Light, FEEL My Presence untouched by any human interference. Call ME, your "Mighty I AM Presence," into action, to clear your world of every discordant destructive thought and feeling. Then, through your human intellect and feeling, stand guard that you do not allow any impulse to cause you to say or feel one single destructive thing. Thus, My Love will pour out through your mind, heart and form to every one, dissolve and keep dissolving everything touching the individual's world; that My Intelligence may act; that My Love may enfold and keep everything, every activity, harmonious unto the fulness and happiness that all crave.

Feel My Blessings, oh precious children of earth, who stand at the Door of your Eternal Freedom from every human limitation, that ever existed in the world of outer activity. Feel DEEPLY, that because you have made mistakes, you do not have to live longer in them. Call on the Law of Forgiveness for every mistake that has been made,

past and present. Then, allow your "Mighty I AM Presence" to flood in and through you and into your world, Its Mighty Dissolving Perfection because It knows no interference, but proceeds to do all for you and produce Its Perfection everywhere.

Let this remain in your consciousness as Living Words of Light, that your outer memory may NEVER forget it in the world. So may you have this Mighty Truth, spoken for your active use every moment henceforth, and *feel* the Glory of Its Mighty Perfecting Presence acting in your world every moment.

Into the Glory of Light you enter! Into every cell of your bodies, enters My amplified Activity of the Light, until humanity shall become repellant to every discordant thing. Even the cells of your bodies shall take on My Perfection, to ever grow greater and greater in your Life and fill YOUR Life Stream only with My Perfection and Activity; for it may not be longer qualified by human discordant feeling. FEEL the Truth of this and make not only yourselves receptive to Its Activity, but keep knowing, that the Power which I have spoken forth into your minds, into the cells of your bodies to-day, goes forth with all-powerful Action to harmonize, to produce happiness and Perfection in your bodies.

This goes forth to every "I AM Student" in the earth to produce the same result! There is no Power in heaven or earth to stop it, for "I AM" the ONLY Activity, the ONLY Intelligence, the ONLY Substance, the ONLY Power to bring forth Life. Therefore, no longer shall Life be qualified with the inharmony of human creation.

I HAVE SPOKEN!

· SAINT GERMAIN'S AFTERNOON ·
· DISCOURSE CLEVELAND ·

November 12, 1936.

WISH to say just a few words to the students of New York, Philadelphia and Boston, and let you know My Gratitude for your loyalty to my humble efforts for your Freedom. It has been a very wonderful thing, to have watched you in your ministry and to have seen, as you have called to your Presence, how steadily and surely has all that is undesirable been dissolved and has disappeared from your world. Now, you may more clearly know what it means to *adore* your "Mighty I AM Presence."

Please do not feel disturbed by some who have seemingly turned aside, for I feel—this might be presumption on My part—but I feel My Love IS great enough to reclaim EVERY ONE who, momentarily, has succumbed to the claw of the sinister force. They are all precious to Me, and I am sure that no one can turn aside long, for the Messengers have never poured out anything but Love and Kindness to all everywhere. The human has not quite yet learned, to guard itself against human gossip.

Is it not an unfortunate thing for mankind, that after so many hours of Instruction, individuals have still succumbed and listened to the silly childish foolish gossip of vicious minds? Is it not strange? Yet it is not, when we look at it from the standpoint that human beings through many centuries have been steeped, as it were, in their own human concepts and discordant attitude toward things. So, we must be very patient with them. So will you, beloved ones, join me in that

patience to them? Call their "Mighty I AM Presence" into action, to cut them loose from anything that would draw them from the Pathway of Light.

All humanity will come to know, sooner or later, that This Instruction—all that in My Humble Efforts, I have brought forth—is REALLY TRUE and that this good Brother's experiences *are really true.* His experiences are the foundation upon which This Work is established. They are ALL true, and the individual who is unfortunate enough not to believe that—well, then he just must wait; but there is no occasion for battle about it, do you not see? So, do not battle with anything. Do not, I plead with you earnestly, beloved ones, please do not outwardly attempt to battle and correct human mistakes. You know, sometimes when you do that, it sets up a tremendous vortex of turmoil, which again must be dissolved. I say this, to all students from everywhere: Please study those books! Does it sound egotistical to you on My Part, when I say to you, there are no books in the world ever written like them, which carry such a powerful volume of Truth as each one of these books. You might read them fifty times, you might read them a hundred times, and still you will not have what they contain.

So will you, Oh precious ones, not be disturbed or dismayed by the attiude sometimes taken, by human individuals who have come into the pathway of Light. Remember what this good brother has said, and I agree with him in it; that no one can earnestly look upon that Chart and ever forget it; or ever long step aside from the pathway or the Stream of Light into which he has entered.

You see, the Light claims Its own, dear hearts, and that is why I ask you all EVERYWHERE from this time on, please take the wholly constructive activity about things. Do *not* battle personalities. If they are making mistakes, just call their "Mighty I AM Presence" into action, to correct conditions and then, be at peace in your own feelings. That is truly the way to correct and harmonize all things. This is the point: In the disturbance that may have been in some Group Activities throughout America, do you not see that if each one would only listen, really take upon himself his own individual responsibility, REFUSE to listen to gossip and accept nothing less than the Perfection of the Presence, do you not see, how impossible it would be for inharmony to ever start? Will you not do this—all of you?

Because I love you, every one Oh so much, and I know the Freedom you are gaining, far better than you yet do, for it *is* sure and certain. You cannot make a mistake long, in calling your Presence into action to produce Perfection in your world and hold Its Dominion in your mind and body. After all, that is the only perfect thing to do. First, call your Presence into action to hold Dominion in your mind and body and give you Its Self-control. Do you not see that? It is so truly magnificent. In previous activities, we have struggled to do the thing by the human part of us. I mean, that energy which is qualified by the human activity, but when you really once understand and know that the Presence, which beats your heart, is really there and once you feel It and call It into action, It will correct not only yourselves and give you Self-control, but *every* one else *everywhere.*

The mistake of all mankind is that they jump into a situation, humanly endeavoring to correct it, when they feel or think it is a mistake and of course a battle usually ensues; but that is not the correct way REALLY, because your Presence—if you remind yourselves that your Presence is All-wise and All-powerful—will *always* correct whatever the mistake may be. So is the Presence All-powerful, of the one you think is making a mistake. So take upon yourself the responsibility of maintaining harmony and control of yourself. If each one of you will do this, Oh heavens, what a magnificent manifestation of the Presence will come into your lives, individually and also into your Group Activities.

So transcendent will be the Light, the manifestation of *your* Perfection, that every one will rejoice forever and ever, that he has really come to understand the greatest requirement in the world is Self-control and each individual refusing to listen to or accept human discordant gossip.

I have taken advantage of this wondrous atmosphere in the room to-day, to speak to you Myself direct; that you might get My Feeling of the simplicity, the Truth of these Words.

Will you excuse this expression—as Mrs. Ballard said to you a few moments ago—and I am going to use a slang phrase, so be prepared for it! You are a blessed lot really and I want you to know, I too appreciate it, not that all the students are not lovely and blessed; but you have released into this room a beautiful thing, let us put it that way— a beautiful Radiance. It is so beautiful that you have caused Me to comment upon it. That should be encouraging.

I ask the visiting students here from all cities everywhere, to convey this to others for Me. Tell them just what I have said here, that the greatest, simplest and most majestic achievement is in calling *your* Presence into action to give *you* self-control and *refuse* to listen to or enter into destructive gossip. I call it "gossip," dear hearts, because it is nothing else. Humanity has believed that individuals were justified in that destructive kind of thing, but I tell you, more lives, more homes have been destroyed by the vicious gossip of humanity than anything else in this wide, wide world. So, will you always remember this and convey it wherever the opportunity offers? You cannot solve things by human battling. So, I take this up now, because henceforth, in the activity of the Messengers, the Appointed Messengers, the students and the Group Leaders everywhere, I wish you to convey this. Take the wholly constructive attitude. Do not be worried or distressed about any disturbing condition, either in the individual or in the enviroment; but just with that great calm serenity say: " 'Mighty I AM Presence'! You take command of that individual. You take command of that enviroment, that situation; sweep Your Mighty Energy into it, produce your Perfection and hold your Dominion there"! Then rest in that activity and do not allow your human feelings to accept anything else but the fact that the Presence—the Power of the Universe—has gone into the situation and It IS producing Its Perfection there. I want so much for you to get the simplicity of this and realize that it is *All-powerful.*

Again I thank you, Oh beloved visiting students and beloved students of Cleveland for your Love,

for your staunchness to the Light, to your "Mighty I AM Presence," and for the acceptance of My Humble Efforts. Mankind is coming to know that after all, This Instruction is not so unusual as it seems at first. While to some at first It seems transcendent, almost too much so to be true, yet every particle of It is just as *practical* as your outer daily living and activity. It seems transcendent, only because it is not understood, but when the attention becomes fixed upon a so-called transcendent activity sufficiently, well it all becomes just as natural as can be. It truly is. There is nothing transcendent in the Universe, when understood. Even in the marvelous things that the Ascended Masters, Jesus included, do, there is a perfectly Natural Law being used, although mankind has not understood it. So will you *not* feel this in the future?

I shall expect to see some wonderful transcendent things accomplished in your city. I thank you.

· AFFIRMATION ·

"Mighty I AM Presence"! take out of me and my world—this instant—*all obstruction* to You and the full Outpouring of the Ascended Masters' Perfection! Keep expanding that Almighty Eternally Sustained Perfection through me, for the blessing and Freedom of all.

· SAINT GERMAIN'S AFTERNOON · · DISCOURSE ·

Cleveland—November 16, 1936

OH beloved students of Cleveland, how great has been My Joy to see the Love, the enthusiasm and the loyalty to the Light that fills your hearts. It means your Freedom from every human limitation, no matter

what it may be. It is your Victory, your complete Freedom from the centuries of limitations in which you have lived, because all individuals unknowingly, when they have turned away from the "Mighty I AM Presence," have grown into the present density of human form, in which they act to-day.

Now all this is to be reversed. As it has been My Humble Privilege, to call the attention of all mankind once again to that Great and Mighty Majestic Presence, "The Mighty I AM," so will they come back home into that Magnificent Freedom which they once knew. Notice, I say to you "you once knew," for in ages past, you have known your Presence. That is why to-day, every heart which looks upon this Chart knows it has found its home; knows that it has returned after centuries of wandering in the maze of human creation, most of which is destructive. It is very wonderful to find that at last they *have entered* the door, the gateway of Freedom, again in the acceptance of their "Mighty I AM Presence."

Your Source of Life, Oh my precious ones, is the Mighty Current that carries into your mind, body and your consciousness, not only your conscious ability to free yourselves, but that Great Light which will glorify you and your world. Never forget, that the Light which one day will make your body Self-luminous, is Self-luminous Intelligent Substance, the finer part of the substance of which your outer structure is composed. This is how it *is* possible to dissolve the denser part of it, that the finer part may *ascend* into your higher mental body, then into the Electronic Body of the "Mighty I AM Presence," when you become the Ascended Being.

This is all very practical, so do not allow the intellect to say to you that this is something fantastic, it is an Eternal Law of the Universe. Let no human intellect be so foolish as to try to set It aside. I tell you the time has arrived, when It will no longer be set aside. The Great Cosmic Law is compelling EVERY human being to-day to reach out, whether he knows it yet or not matters little, but the Great Cosmic Law is COMPELLING him to reach out—like that—and *search* through the *feeling* for his Freedom.

This is why so many thousands, when they see this chart, recognize it as that for which they have searched. All hearts know instantly the *reality* of it. If the intellect would subside and let the heart have action, all would know IMMEDIATELY the Truth of its Reality and Presence.

So to-day you precious ones here, have entered into a joyous enthusiasm in the acknowledgment of your Presence, of which many of you are not even yet fully aware; but through the activity of the radiance poured forth in this class, you will become QUICKLY aware of it. Then, there will be naught of the outer really that can hold, bind or retard you from going forward quickly into your Freedom from limitation—and for many of you to your Ascension. Does that sound fantastic to you? No! No! my precious ones. There is no fantasy about it, but It is a Mighty Reality. Do not let the human intellect of yourselves or any one else interfere with your going on and on and on, into the Glory of that Presence which gives you Life. There is not a thing but yourselves, that can retard you from it or hold you back.

You do *not* have to accept *any* undesirable thing into your world, unless you want to. Do

you know this is a Great Law? Yet unhappy mankind thinks that individuals must accept discordant things. No! not at all! In the acknowledgment of your Presence, you do NOT longer have to accept ANYTHING in your world that you do not want. Anything that happens to have lodged —notice the word, anything that might have *lodged* in your world, can easily be removed by the Presence.

Do you not see, my precious ones, your Presence is the full Authority in your world when you call It into action? In the mistakes you may have made—the accumulation you may have drawn about you which is discordant, do you not see that it has no power before the Out-pouring from your Presence, when you call It into action? Then, you have turned away from the discordant accumulation that you have created and are looking to the Power House, the Authority for your world, and there is none other.

Therefore, when you use the Violet Consuming Flame or call the Presence into action to do it, IT IS DONE. Do not ever accept anything else. When you call your Presence into action to pass the Violet Consuming Flame through your physical, emotional and lower mental body, It does it then and there. Because you might not see it, makes no difference. It does the work. Please remember that, when you call.

When the Light begins to expand from your Presence anchored within your heart, and the Light within the cells of your body begins to respond to this Radiance which is thrown out about you, it is no imaginary thing, dear hearts. It is so real, although an Invisible Substance. If It is so qualified by you, you can move in this Tube of

Light untouched by the human discord of the outer world. Believe me! when I tell you that thousands and thousands of my students have proved this, even before this activity began.

To-day in my happy family, of more than two hundred thousand students, who are daily and hourly having their Freedom, through the application and acceptance of their Presence—can you imagine My Rejoicing to have found so many of My old friends? I wish you might feel the full import of that expression! "To have found so many of my old friends of long, long ago." Again here in this class, I find many with whom I was once very close in touch.

Do you know, my beloved ones, why I feel this Great Joy and enthusiasm in this class, quite unusual? Because you are, many of you, those who were with me in the civilization of seventy thousand years ago. Oh, does that sound like a long time? Not at all. In your Divine Memory, there is all of this. If I were to suddenly awaken within you your Divine Memory, you would see and know all that has been, as clearly as you read a book or a newspaper.

I try, the Messengers try, to enable you to realize how perfectly natural all these things are. Recorded about you is the Divine Memory of EVERYTHING, that has ever occurred in your entire experience of all lives. Does that sound like a lot has been gathered about you? It is very wonderful, when correctly understood, how you become the Master of all forces about you. It is really your Birthright.

So to-day, in this heart to heart talk with you, My Great Joy and Gratitude are boundless. When you have seen, as We in the Ascended State have

watched individuals through many centuries—watching EVERY opportunity to give Assistance, that they might gain their Freedom. Then you can know how We rejoice, when We really find that they are gaining it, through the knowledge of the Presence—a permanent thing. Then you too can imagine how great is Our Gratitude and Rejoicing.

Will you not stand in the Radiance of your "Mighty I AM Presence," henceforth, and allow no human intellectual concept to interfere with you in the slightest? Do not allow people to gossip, condemn or criticize in your presence. Kindly, but firmly silence it—*verbally if necessary*—and see how quickly you will enter into the Joyous, Marvelous Activity of your Presence, which will give you ALL the encouragement that any human being in the world needs, through Its Power and Efficiency to set you free. You will find a Joy filling your heart henceforth, that you have not known was possible for you to experience. Since the San Francisco Class, these certain Qualities are anchored within the feeling world of every one of the students who come into the classes. These Qualities remain with them, becoming an active Presence within their physical bodies and their worlds, to produce each Quality in activity and expression.

This is why, since the Messengers were in Honolulu, the Power of the Activity in the classes is tremendously greater than it was before and will continue to expand in the Strength, Energy and Power which is released. Each one will, henceforth, gain more and more rapid Freedom, as he comes into the Radiation that is released.

So I want you to know, that you have the privilege of calling upon Our Ascended Master Consciousness. I want you to realize to-day VERY DEFINITELY what that means. Our Consciousness, with which We have attained the Victory and Freedom from human limitations and gained the Ascension, knows every step of the way—knows *all* of the requirements. Therefore, if you call Our Ascended Master Consciousness into action to assist you, then the effort, the accomplishment is much more quickly attained, than through the consciousness which you ordinarily draw about you, for your unascended consciousness has not yet experienced this. Try to grasp this, comprehend Its meaning, I tell you, call the Ascended Master Consciousness to act in your world and only as you become Ascended, will you know how much that has meant to you.

It is My Privilege to extend to you the Love and Blessings, of the entire Host of Ascended Masters, who have become interested and are ministering through this activity. Shall I tell you a secret? Even the Messengers have not been aware of this, but within a few months more than 300 additional Ascended Masters, both masculine and feminine have become interested and are pouring forth Their Assistance in this work. This makes more than 500 who are directly pouring forth Their Radiance to mankind, as individuals become attuned to receive it. This means the Freedom of mankind.

These Great Ones, Who wield the Powers of the Cosmic Light, which *will* descend into earth in greater and greater activity, until all human selfishness is dissolved from the planet, are no idle fantasy, for that Light *is* coming more powerfully

into action, daily, to produce this Mighty result.

Will you accept the Blessings of the entire Host of Ascended Masters, including Myself? Accept our Radiance personally established, eternally active for your Blessing, Freedom and Ascension. It is My Humble Privilege to extend this to you, and feel assured that you may call upon Me at any time. To the degree that the Law of your being permits, will I give *unlimited* Assistance as will the Messengers.

I want you to know this. You blessed ones, who are visiting here from various parts of the country, do you know what this has meant to you, who made the effort to call the Presence into action, to provide the way and see that you got here? It has answered you. One day, you will see how great that is for you. Dear hearts, it shows the Light within you has become strong enough, to govern the activity of your outer world. I rejoice with you with all My heart, for the strength, staunchness and loyalty to the Light that beats your hearts. It is your Eternal Freedom. Keep at it dear hearts, until the Full Power of your "Mighty I AM Presence" is released into action, to produce every result of Perfection you desire or may require.

Oh let nothing turn you aside. In the fulness of that Great Cosmic Light, in the fulness of the Activity of the Ascended Masters, the Legion of Light and the Great White Brotherhood, We extend to you Their Blessings, to become ever active as Gratitude, Strength, Freedom, Happiness, Supply and your Ascension.

I thank you.

· SAINT GERMAIN'S EVENING ·
· DISCOURSE ·

Cleveland—November 16, 1936

AFTER the wandering of many centuries, we again have come home into the Acknowledgement, into the Understanding—at least in part—of that Life, that Principle of Life, the "Mighty I AM Presence" which is all Life, our individualized Presence of God.

All mankind throughout the earth is searching for this Understanding. Individuals do not know it yet in the outer, but after all there is not a human being on the face of this earth to-day, even the savage in the jungle, that is not looking for this "Mighty I AM Presence." Why? Because the Great Cosmic Light is streaming into the earth, with a very greatly increasing volume. This is why to-day, in the activity—the outer activity of mankind—a Power and Authority has come forth which heretofore has been unknown in the history of mankind, since the second Golden Age, more than a million years ago.

Now beloved Children of the Light, the opportunity stands before you of the Open Door into your Eternal Freedom, in which fear, anxiety and human limitations are unknown. Try to FEEL this in the Understanding of your Presence. Try to KNOW, that in the home-coming of the wanderer of the centuries, is the Eternal Release from those limitations that all human beings have drawn about them.

Never in the history of the earth have you had such an opportunity. Why? Because of the Onrush of this Great Cosmic Light and Assistance, for It is making possible, that which has never been possible before.

During the last Civilization of Atlantis, before the sinking of the last remnant, there was a Province in which the attempt was made to bring forth a Nation of Ascended Masters. It was accomplished to the degree that no one labored for anything. People sat at their tables and food, clothing and everything they required appeared. To-day, we are coming into that state again, on a spiral higher—two spirals higher. So individuals who can set aside the human concepts of what can and should be, will find themselves entering into this amplified Activity, with an ease, a grace and naturalness not for many centuries understood. Will you not take advantage of this?

The Messengers have plead with the students throughout America to do this. Yet—although it seems incredible—mankind still insists upon criticism, condemnation and entering into those inharmonious activities that shut out every good thing for the time being. Then individuals wonder why they do not get the health, strength and Freedom which they feel they should have. See quickly, my precious ones, why you can never gain the Victory in Eternity, as long as you allow discord to register in your feelings, or pass judgment upon another of God's children.

I have witnessed the activity of humanity for centuries. I know, the only stumbling block in the way of mankind, is their unwillingness to hold harmony in the *feeling* and their unwillingness to govern the sex activity. Those two activities must both be under control, before mankind will make *real* and *permanent* progress. The unfortunate thing is, that the outer world of mankind has made people believe the opposite of the Truth, and the people are laboring under it to-day; but the in-

dividuals, who will take their stand with their "Mighty I AM Presence" and push all human suggestions aside and hold them there, will go forward like rockets, into the fulness of Perfection and Freedom from all human limitations and their *Ascension*.

You must have this Mighty Energy of the Presence—the Fire of Life—raised into the Activity of your Presence again, in order to have the strength, courage and health to call your Presence into action, until Its Power rushes forth like an avalanche into your world and fills it with the energy and strength which you require. Stand guard over and against the human suggestions that beset you on every side and prevent you from having the joy, happiness and Freedom which your heart craves.

Beloved ones, there is no use mincing words longer. There is no use finding excuses for human mistakes. It does not do any good. It does not get you anywhere. Oh face yourself right now squarely. Do not fail to do it! Stand aside! Look yourself square in the face and say: "You human self! what have you been doing with this Energy of God"? You have been wasting it at every angle. You have been wasting it through irritation, in various avenues, through which you have released that marvelous Energy, letting it go forth, performing NO constructive service.

To-day, Oh beloved ones, you must make your choice and in the most magnificent manner that has ever been presented to mankind. You do not need to suffer. Imagine what it meant in the centuries past, when the individual had to pass through initiations of distressing character, in order to win his Glory and Freedom through his own

human creations. To-day, all of that severe activity is set aside and mankind here—right here in the open world—is getting its initiation every day, through natural methods. No longer does the individual have to go into Retreats and pass through those initiations, occult initiations, which were once demanded.

You can be eternally grateful, Oh beloved Children of the Light, that you do not have to go through those terrifying experiences—more mental than physical—but more terrifying because of that. To-day, you have the Power of your "Mighty I AM Presence" to call into action to set everything in Divine Order through the Power of Divine Love, Ease and Grace, never before experienced in the history of the earth. All this change has come because a Great Activity from the Great Central Sun, which furnishes the very Energy and Life to the student, has come into action, lifting the entire earth and its vibratory activity into the Light once again. Not only does It now go forth, but will continue to do so, for the creation of mankind no longer has any effect to stay Its Power and Action!

That is why your hour of choice has come! You must decide whether you wish to serve the constructive or destructive pathway of Life. Realize, that no matter what your intellect may want to do, if you allow discordant feelings to reign in your being, then you ARE serving the destructive pathway of Life, dear hearts. Do you not see that? EVERYTHING that makes you feel discordant or irritable is causing you to act in the destructive pathway. You do NOT have to accept that! You do NOT need to allow it to act within you, because you are the one who must decree for your world.

You have the Energy of the Presence to call into use and It WILL produce the result you desire, if you will call It into action.

Never complain again because your Presence does not act. It always DOES act, if you call It sincerely into action and stand by it. Do not make excuses for yourselves! Call your Presence into action and stand by IT, until the results manifest. It must act, because It is the Law of your Being. Do not allow anything to make you have self-pity again.

Human sympathy is agreement with imperfection. Divine Compassion lifts you unto the Heights above, where you can give ten times the assistance and not be drawn into that, with which you would be in human sympathy. Sympathy pulls you into the distress with which you are in sympathy. Divine Compassion lifts you up above the distress where you can give the service required and yet stand free, glorified by the Glory of your "Mighty I AM Presence" called into action. There is nothing greater in the whole Universe.

Beloved ones! straighten your spines! assert your Dominion in the acknowledgment of your Presence and stop all human action from this day forth! Go forward in the Glory of your Presence and be Free.

In your activity of the outer world of mankind's creations, do you not see that all outer industry and all activity of that kind is but the requirement of the human? In the higher octave none of that is required. The Ascended Master produces instantly whatever He requires, whether it be clothing or anything else, and I assure you We do not follow the fashion as you do.

Oh My Precious Ones, may I say to you one word about fashion. The outer commercial world influences mankind all the time, in order to gratify the commercial desire, causing you to use all kinds of fashions, in order to get your money away from you.

The Ascended Masters' Garments are the most beautiful in the world and cost the least. When do you suppose beloved mankind will wake up? *Be* your own designers in clothing, in food, in art, in your architecture. Then you will have the beauty of the Ascended Masters come forth into action in the earth and you will have Heaven expressed upon earth. That activity is just before you—not around the corner—but just before you.

My Precious Ones, I should love some day to show you what a good time We could have together. Oh my loved ones, We are not long faced individuals, but are filled with Joy, Happiness, Beauty and Perfection, by being free from human creations and limitations. Is it not a Joy! Oh, what a wonderful thing! Oh do not think for one moment, that We did not go through all you are going through, perhaps some things even more terrifying.

I feel very close to you dear ones here. Does that sound chummy? I mean it. I have been almost tempted to come forth and show Myself to you. Oh Beloved Ones, weary not in well doing—*it shall come about.*

How great is My Joy, to find those who can and do release so great a Love, so great an enthusiasm and joy in the acknowledgment of their Presence. Oh dear, precious ones, your Presence which gives you life CAN lift you into your Ascension, when

you will decree it EARNESTLY ENOUGH. Do not think that your mistakes out here, your sense of age or any of those things can deprive you of your Freedom. They cannot do it. It is only the human concepts within your *feeling*, precious ones, that hold you longer bound to the limitations of earth; that is all.

Oh just think! just the difference in two words —just the difference in two words—BOUND and FREE, and in the knowledge of your Presence you have Freedom RIGHT NOW. Will you not accept that and not let a single human thing come in, to disturb you in the future? Do not let anything prevent the Out-pouring of your Presence, for It WILL quickly dissolve everything else unlike Itself. Then you go Free into the Light of your Presence?

I am going to ask you beloved ones of Cleveland and the visitors here to begin the following activity at once: Contemplate your Chart—the Presence before you—I suggest the Chart because it fixes the eye-picture of your Reality in your vision Then lay your book down, or the Chart, close your eyes, feel this Ray of Light from the Presence, not only as the Ray comes through the top of your head and anchors within your heart, but FEEL that EXPAND, until It becomes a solid Pillar of Light enfolding you from head to foot. Then KNOW: that Pillar of Light IS Self-luminous Intelligent Substance. You observe that! Just hug It to you, and FEEL It do Its perfect work in your body, absorbed into every cell. Now FEEL this while I am talking to you. FEEL It absorbed into every cell of your body. Then feel your beauty, your health and Perfection having already taken command of your body—then and there. As you

repeat this process, you will be amazed at the transformation that will take place.

This is a distinct activity, aside from calling your Presence into action in the ordinary way. Make your call first, for the Presence to charge your mind and body with Its Perfection and hold Its Dominion. Then *feel*, VISUALIZE, SEE—MENTALLY SEE—this Pillar of Light from the Presence descend and envelope you in Its Self-luminous Intelligent Substance, which no inharmony within the atomic structure of the body can interfere with or prevent Its Action bringing harmony and Perfection into every cell of your body, youth and beauty into your appearance. Will you not do that and have the Glory, the Joy which It brings you?

Oh, I just long to take each one of you in my arms and then set you down FREE. You are so close to it, dear hearts, Oh don't let anything interrupt it. At the least intimation of inharmony, turn on it like a tiger and say: "Get out of my world, I will have no more of your nonsense. There is no provocation out here that is going to disturb me! Now do you understand that"? Then stand by your decision and be Master of your Feelings and world. Turn on it, the moment it shows an appearance. Do not wait! Just say: "Stop that nonsense, you have held your Dominion in my world for the last time. Get out!" It will get out. Furthermore, you ARE going to do it, which I rejoice greatly to see. Some day, when the Messengers come back to visit you again, We will not have to say, that you did not hold your own. We will be able to say with Rejoicing: "You have won your victory." Mark what I tell you!

How great is the Love of Myself, the Messengers and the Ascended Masters at the accomplishment here in this class, in the clearness and comprehension with which you have received this Instruction. Because you have poured forth so great a Love, it has cleared the comprehension so you are understanding more clearly. You are more alert, in the *feeling* of your ability to have the Victory through your Presence. It is very apparent to me. Oh my, I wish We might have had a couple more weeks; but then We just must divide up our time. You know, when We have lived without the sense of time and space, and then have to consider it down here, it seems rather peculiar. Yet after all, think what two or three years has meant in comparison with the centuries in which you have lived in limitation. Now, you suddenly find you can quickly get out of it. Is it not a point of great rejoicing? Marvelous beyond words!

How I love to meet old friends and to know that their Victory is certain. Oh it is so very wonderful! You must feel Our Great Joy, for It is pouring forth like an avalanche, has all week, and furthermore It is not going to stop. It is going to continue right on. Will you not believe that and accept It continuously every day? Individually FEEL the same Outpouring each day. You CAN do it.

I Decree to-night that this be a continuous Outpouring here in your midst, producing absolute harmony among all of you. For these blessed visitors, I decree NOW that the Power of the Presence, the Ascended Masters, the Legion of Light come forth! I call the Mighty Angels of the Blue Lightning of Divine Love to go before you into your cities! seize and bind all entities there, take them into the Octave of Light and keep them

bound! to stand guard over every "I AM Student" in all cities wherever you go, and the "Mighty Presence" to reach out Its hands and fill your Groups full to over-flowing with earnest, sincere seekers of the Truth.

Group Leaders everywhere! be fearless, be humble, be loyal to the Light, to your "I AM Presence." Then stand by this Work. There have been a few who have had the question in their minds: "Why do the Messengers ask the people and why did Jesus and Saint Germain ask the people, to stand by the "I AM Discourses" and the Work which Saint Germain has brought forth here." Why? Because, dear hearts, it produces results, that is the reason.

You have all the good you have accumulated from everything in which you have been interested in the past. It is not that you do not give thanks, praise and gratitude for everything you have received—whatever it has been; but now the *Open Door* stands before you in this.

One beloved individual has said, they question that Jesus would make such a statement, which He did in the Discourses, asking the people to stand by the Instruction which I have brought forth. It would be strange indeed, if Jesus did not know what he was talking about. He said it, only for the reason that this Understanding of the "Mighty I AM Presence" IS your *Freedom, Victory* and *Ascension.* Isn't that reason enough, why you should apply this Law in preference to other things which have not produced those results for you? It is not derogatory to anything else that has given assistance, not in the least, but this will produce the final result of your Ascension! Why not use it?

Oh Precious Ones, is it not curious how the human will concoct one thing or another to try to find excuses? Yet after all, We do have infinite patience. We Love and Bless each one and the individual that wants to waver and wait around a little while longer, well, God Bless him too. So you see, Precious Ones, We do not feel disturbed or anxious about anything of the kind; but just go serenely on, just go on and on to do this Perfect Work.

Dear Ones, in the fulness of the Great Light of your Presence, assisted by the Great Cosmic Law, enter into It and BE FREE NOW! Never in the world have you had such assistance. Aside from your own conscious effort, you have this Great Cosmic Light, these Great Beings—the Silent Watcher, the Mighty Arcturus, Cyclopea, Oromasis, Prince of the Fiery Element to assist you, and heavens knows, humanity needs it. There are a lot of things that need to be burned up, you know. All of these tremendous activities are giving assistance. There is a concentration of Light and Assistance from all the Retreats of the earth —Arabia, India, the Island in the Pacific—not charted—the Mighty Royal Teton, and all other places of Light on the earth. They are also concentrating Their Activity to bring this Light to humanity, because it IS every individual's certain and definite Freedom.

Oh take command of your worlds, Precious Ones! Call your Presence into action with FIRM DETERMINATION and then, the Presence will do the rest.

In the Mightiest Love of the Great Host of Ascended Masters, the Legion of Light, the Great White Brotherhood, and that Blessing which comes

from all the Retreats of the earth, I extend to you Their Love, Blessing and Their assistance, if you please, to your Freedom and Ascension.

In the Glory of that Light which beats your hearts, is the Joy of all the Octaves of Light. In all the earth there is but one Rejoicing, the Light that beats your heart. In the fulness of that Light, We call into action the intensified Love, Wisdom, Power and Activity of your Presence, to take command of all minds and bodies throughout the earth, produce Its Perfection, hold Its Dominion, silence and consume everything—every human discordant thing—that has ever been generated. In the Blessing of that Great Cosmic Light, We say adieu, but not good-bye.

"I AM" STUDY GROUPS

ELOVED Group Leaders and all students! the Ascended Masters ask you to stand guard more powerfully than ever before, over your attention, so that you keep it on the Presence and the Great Host of Ascended Masters *at all times*, no matter what the outer activity of your Life and work may be.

The Action of the Law of your Being is: Whatever your attention is on you connect with and bring into your world, as surely as if you threw a lasso around it and began pulling it to you.

There is a two-fold activity and responsibility in everyone's Life. The first, is to himself and to his world individually. The second is to those whom he contacts. For instance; whatever we let our attention connect with, that we *must* carry with its activity into our own individual Life and world.

When we turn the attention of others to certain things or activities, we become responsible for the reaction of the other individual to them. Whatever results they bring to the other person, we too must experience because we were the open door through which they entered.

Here comes the action of the Great Law: If we turn the attention of someone to a destructive activity and that one accepts it or does not exert effort enough to resist its activity, then if the person be swept into the downward path the main responsibility is ours. The reason this is so very important is, that it only takes one wave of vibra-

tion to turn an individual into the downward path. If that one be aspiring to Perfection and someone suddenly turns his attention to a destructive activity, it many times happens that the person needed just one more wave of energy in desiring Perfection, to have released the strength from the Presence which would have taken him into the full accomplishment of his Victory. If we interfere with his attention in such a case, then we become largely responsible for his failure to go higher at that time.

It is the Law of Life, that: if we are the channels through whom someone else is turned to the destructive path, then we must work with that one, to bring him back to the point where he was, when we turned him aside.

Therefore, in all Group Activities, as Group Leaders, you should see how great is your privilege to point individuals to the heights of the Ascended Masters' Glory and Ascension, through turning their attention to their own "Mighty I AM Presence." Therefore, never fail in your group meetings, to call with all the intensity of your Beings to the "Mighty I AM Presence" to forgive all human mistakes of all mankind—past and present—and claim everyone into the Service of the Light, *regardless* of all mistakes.

In this way, each one will be calling all individuals into the Pathway of Light and giving help enmasse that could not possibly be given otherwise. This particular Service to the Great Law is so gigantic, that we cannot overestimate Its importance and all, who will do this in their group activities, will also receive a tremendous release in their own efforts for Freedom.

It is very transcendent and brings Ascended Master Freedom and Victory for all.

BLESSED Young People of America! the Ascended Masters wish to impress upon you an activity and use of the Pure Electronic Substance of LIGHT, charged with the Ascended Masters' Consciousness; for It will bring you joy unspeakable and manifestation unbelievable of the Perfection every human being craves.

If you will make the effort to call your "Mighty I AM Presence" into action, to charge all the substance of your being and world with the Ascended Masters' Consciousness and ALL-POWERFUL PERFECTION in Its most overwhelming Action, you will be answered beyond your fondest dreams. It is very, VERY important for you to do this from now on, for the protection of yourselves and others.

The action of the LAW is this: The Pure Electronic Substance of Light, from the Ascended Masters' Octave of Life is charged with Their Ascended Master Consciousness, which NEVER-NEVER-NEVER can accept imperfection from anywhere in the Universe.

Therefore, when you call to your "Mighty I AM Presence" to charge ALL the Substance in your Being and world with the Ascended Mas-

ters' Consciousness and Substance of Pure Electronic Light, forever expanding PERFECTION from within Itself, it IS *eternally sustained;* because substance charged with Their Ascended Master Consciousness can never be requalified with any human discordant feeling or consciousness, no matter how disturbed anyone's human personality might become.

All the discordant sinister activity of all mankind combined CANNOT requalify one particle of the substance, that your Presence charges with Ascended Master Consciousness because Ascended Master Consciousness can never register human quality of any kind.

Substance and Consciousness from the Ascended Masters' Octave of Life is eternally unchangable, for It is Their Quality of Perfection eternally sustained. When the student calls his "Mighty I AM Presence" into action to fill his mind, body, Being and world full to overflowing with the *Substance* and *Consciousness* from the Ascended Masters' Octave of Life, the Presence *does* release that charge *instantly.*

When fifty-one per cent of the substance of the individual's Being and world becomes charged with the Ascended Master's Consciousness and thus becomes the Pure Substance from Their Octave of Life, it means, that Ascended Master Qualities, Activity and manifestation begin to control all experiences of that individual's Life.

Young people of America! please study this explanation thoroughly and OFTEN! Realize how infinitely powerful is its action and Power to produce Perfection for you and in your world. We give the following decree for this activity, for the Freedom of all: "Mighty I AM Presence"! charge

the consciousness, being, and world, of everyone who reads or hears these words, with the Ascended Masters' Consciousness, Illumination and Comprehension of their enormous importance: and the Understanding of what marvelous Freedom, Victory and Accomplishment they contain for the blessing and Ascension of every individual on earth.

May these words, in their full Ascended Master Illumination register in letters of Living Light and as Golden Flames of Divine Love within the brain, body and world of every human being on this planet—releasing Their Almighty Perfection everywhere for the Freedom, Perfection and Ascension of all mankind RIGHT NOW."

· AFFIRMATION ·

"Mighty I AM Presence"! You are the Love, Light, Wisdom and Power that keeps every disturbing person, place, condition and thing out of my Being and world from this moment, for I now ascend into Your world and "I AM FOREVER AT PEACE."

THE SINDELAR STUDIOS
2600 South Hoover Street Los Angeles, California

THE lower figure represents the human or flesh body; the upper figure represents the Individualized Presence of God, which is the Electronic Body of the "Mighty I AM Presence." Between the flesh body and the Presence is the Higher Mental Body, a form just as tangible in Its own Octave as your flesh body is here, but not illustrated on the Chart. It is your Discriminating Selective Intelligence. The Higher Mental Body knows the Perfection of the Presence and also the imperfection, the undesirable creation which the human has drawn about itself, but will not accept the imperfection into its world.

The Ray of Light, which goes from the Heart of the Presence, through the top of the head, anchoring within the heart of the flesh body, is the Life, the Light, the Substance, the Energy, the Intelligence and the Activity by which the physical body has Life and is enabled to move about. When your attention goes to the "Mighty I AM Presence," this Ray of Light and energy begins to intensify and expand, until the point of Light within every cell of the flesh body responds to it.

Then the process of throwing off of the denser qualities of the flesh body begins. As this intensifies, the Radiance forms a tube of Light about the flesh body. You can call the Presence into action to make It so invincible, so impenetrable that even a bullet cannot penetrate it. This becomes an "Invincible Wall of Light" enfolding you and no human thought, feeling or suggestion can penetrate It or disturb you in any way. This is one of the greatest needs of mankind to-day.

The Violet Flame flowing up, through and around the lower figure, represents the Violet Consuming Flame, which is released by your "Mighty I AM Presence," when you call for Its Action to be passed through you and your world to consume all discordant creation past and present.

The use of the Violet Consuming Flame is imperative. It is the only means by which all undesirable accumulation can be forever dissolved, consumed and its cause and effect annihilated. Every one should call the Presence into action to pass the Violet Consuming Flame from the feet up, through the physical, emotional and mental bodies like a blow torch, dissolving and consuming forever every undesirable thing or condition, which the human has drawn about itself. This is the *only means* by which you can become free from the wheel of birth and rebirth, free from the hundreds and perhaps thousands of embodiments in which you have lived. Any one who thinks it is not necessary or imperative to use the Violet Consuming Flame will find his great mistake, too late. There is no human being on earth that is an exception to this Mighty Law. Every one in

this world has felt discordant feelings, spoken negative words and thought, imperfect and discordant thoughts, which means just so much substance and energy qualified with discord, all vibrating within the body and around it in the individual's aura.

Every one, who has ever accomplished the Ascension, Jesus included, had to use this Violet Consuming Flame to dissolve his own human creation, before the Substance of his flesh body could vibrate at a rate that would enable it to ascend. All must do this some day and it is the only way by which anyone can free himself and become Master everywhere he moves in the Universe.

When you sincerely and firmly give attention to your "Mighty I AM Presence," your Ascension begins that moment. The practical part of this True Understanding is, that when you give your attention firmly to your Presence, the Ray of Light and Energy from your Presence begins to intensify and expand, causing the rapid expansion of the Light within every cell of your body, until the earth loses its attraction for the body. Then, as the attention continues to the Presence the finer part of the flesh body ascends and is absorbed into the Higher Mental Body. Thus, the transformation from the human into the Divine takes place, all sense and appearance of age leaves the face and body, the hair returns to its natural color and the clothing dissolves into the Garments of the Higher Octaves. Then the finer part of the flesh body is drawn into the Higher Mental Body, and It ascends into the Electronic Body of the "Mighty I AM Presence," when the individual becomes the Ascended Being, which Jesus, Saint

Germain and hundreds of others are. This is the individuals' Eternal Body of Light that never changes. The Ascended Being can raise or lower the rate of vibration of his or her body and make it visible or invisible at will, in the human octave. This is how the Ascended Masters appear and disappear at will. There is nothing spiritualistic about this. It is just a Mighty Divine Law of Life in perfect action, heretofore not understood.

The Ascended Master is as far above a disembodied individual as Light is above darkness. The Ascended Master is the Conqueror over so-called death, while the one who has passed through death has failed to hold the Mastery or Control of its substance and energy. Therefore, he must return in another baby body, grow up and try again to attain his Victory, by keeping his physical body harmonious long enough for his Presence to release through it the full Power of Light and Love, and thus expand the Perfection of Itself, which is the Ascended Masters' Victory—the Ascension.

The Color Radiance around the Presence represents the accumulation of all the good from all the past lives of the individual. It is a Great Storehouse of Energy which the individual has earned. This Great Energy will be released into physical use, when enough attention has been given to the Presence.

Around the lower figure or flesh form is the accumulation of whatever irritable, destructive qualities the individual has generated through the centuries. The great Mercy of the "Mighty I AM Presence" is, that few are ever permitted to see the discordant accumulation. This is why it is *imperative* to call the Presence to use the Violet

Consuming Flame each day, until this is completely dissolved and consumed.

At the left of the lower figure is Mt. Shasta, where some of the experiences of Unveiled Mysteries took place. At the right are the Teton Mountains where the Retreat—the Royal Teton is located. It is in this Retreat that the Great Assembly of the Ascended Masters meet twice each year, to render a Mighty Service of Light, Love and Perfection for the Freedom and Blessing of mankind and the earth.

PRECIOUS Children of the Light! After so many centuries, we meet again and it is with Greatest Joy, that I find great numbers of humanity who are accepting the Knowledge of the "I AM Presence" which Saint Germain has brought forth. It is so wonderful and so simplified, that they are having great Freedom and release.

As I have said in one of the former dictations, until I received this identical same Knowledge of the "I AM" which Saint Germain has brought forth, I did NOT know the example I was to leave mankind; but within forty-eight hours, I knew! and all was clear as I called My " I AM Presence" into action.

To-day, the greatest opportunity is before mankind, far greater than in the time of My Humble Efforts. Because of your transportation, your means of communication, thousands are being reached to-day where only dozens could be reached in My time.

Now then, Beloved Students of the Light, try to eliminate ALL doubts from your feelings, concerning the Reality of Myself or that it is Me speaking to you now. The Cosmic Law, if you understood, would not permit an Ascended Being to speak a falsehood. Therefore, if you cannot believe that it IS your Beloved Jesus, the Christ, that is speaking to you, then you are unfortunate.

We have been in this room every class since it began, just as tangible as you are, yet not having lowered the vibratory rate of Our bodies into

your physical visibility. Except through your feeling, you might have even wondered, if We were really here.

Now the time has arrived when this MUST be dispelled from the feeling of humanity. It is not a matter of your volition any longer, for the individuals who will not govern the human and bring it into self-control and obedience, will come into a condition where they are COMPELLED to give their attention to that Great Source of Life—the "Mighty I AM Presence."

Beginning to-day, the old world MUST CHANGE into the new. Inconceivable to the human, is the Assistance and Protection that has been given mankind in the past year alone; for it is one of the Greatest Miracles, so-called, performed on the face of the earth.

My precious ones, do you realize that never in history, even in the last three Golden Ages, has the release of this Knowledge of the "Mighty I AM Presence," as given by Saint Germain to-day, been released to the earth? Even in My day, only a part of this could be given. The statements that I gave were all that were permissible at that time —outside of the Retreats, which the world ignored. Can you imagine My Feeling to-day, Oh my beloved ones, when in the churches formed for My Reception, there has come such a lack of the FEELING of My Reality, that in many many instances, the doors remain closed to Me.

Mankind has become so enmeshed in its own human creations and concepts, that individuals will not allow the FEELING to become harmonized *enough* to enable them to receive the Truth and the Light. With Saint Germain and the Great

Divine Director, I have gone to various points on the earth and We have observed the Inner Activity of the FEELING of the heart of the church wherever we were investigating. In the intellect, the people were voicing My words, but in the *feeling* they were rejecting Me.

The day has come when individuals, *no matter in whatever avenue,* MUST *awaken* and call to their Source of Life. If they will do that, this knowledge of the "I AM" WILL come to them, from some source or in some manner. Mankind can no longer go on with the concepts that individuals hold to-day—whether it be in the misinterpretation of scriptural activity, or whether it be in your scientific world or wherever it is. Human beings are coming to a point where everything will stand still, until they give recognition to the "I AM Presence"—which is the Source of every human being, that ever came into existence. There is no longer infinite time for mankind to choose. Every one who would be earnest or honest with himself knows, that he is receiving his Life from some Source, which is Self-sustained; but it is only sustained to a certain period, for where so much inharmony has registered in the human form, that the Light will no longer sustain it and withdraws, the human form—the outer garment —no longer being of use, then the Life within it says: "I cannot waste any more time here." It then withdraws and builds another form.

If individuals will understand this and open their hearts, even to God as they have previously known It, now that the atmosphere is being charged through these Mighty Decrees, in the mental and feeling world of mankind with the understanding of the "I AM Presence," then

thousands upon THOUSANDS WILL become aware of an Individualized Source of their Being, which is Life, and they will be drawn through the books to an understanding of this *True, Real Knowledge* of the Source of Life.

I wish to digress just a moment and thank our beloved brother, Mr. Sindelar, for having fulfilled his promise to Me. When I said: that a Magazine should go forth, he took the responsibility. He has battled tremendous forces. He HAS won the Victory and, as We suggested, this Magazine —the "Voice of the I AM"—shall be "the most sought after Magazine in the world"; because of the Mighty Decrees that have gone forth and will continue to go forth for that Perfection. Why? Because it conveys the Truth of Life and the Acknowledgment of the Ascended Masters and the "Mighty I AM Presence," which is the most vital thing to mankind on the face of the earth to-day.

May I offer another suggestion to the Messengers and to Mr. Sindelar? In the February Issue of the Magazine, will you be kind enough to put in the Chart the size of a full page in color? This good Messenger will write verbatim, his worded explanation of the Chart, that it may go forth to mankind in the clearness with which he explains it.

Do you not see, Oh Beloved Ones of the Light, that an Ascended Master Activity HAS the Wisdom and the Power to carry out the Ascended Masters' own Decrees, when the call comes from mankind? As you have seen these things go forward to successful achievement and accomplishment, do you not see how and why IT IS *more* than a human activity, which makes it possible

for these things to go forth successfully, in the face of all the viciousness of mankind?

I speak these Words into the mental and feeling world of mankind, as well as to you blessed ones here. Will you blessed visiting students carry these Words everywhere? They will go into the Magazine, but in the meantime carry these Words to the students everywhere. The pleading of Saint Germain and the Messengers for harmony in your feeling has become imperative. From to-day, it will be impossible for those to be associated with the Messengers who do not hold absolute harmony in their feelings. The Messengers have had infinite patience, Love and Kindness, but now in this Activity—it is not a matter of their wish—the Light DEMANDS that the heart center of this Work from to-day on, be held in absolute harmony. Whether it is in the staff or those immediately associated with the Activity. The Great Cosmic Light DEMANDS it, because the EXPANSION of the Work this year WILL BE TREMENDOUS.

We Love every one of the children of earth, but the power drawn will be so great, that if individuals in the heart center or near it requalify that with unkind, discordant feelings, then they will compel themselves to be inactive. The Beloved Saint Germain has plead with mankind so kindly and yet, many do not feel the need of obedience to the simple things that He has asked. Now, I tell you with all the Love of My heart, Oh precious children of the earth, your Freedom is here, if you will but give obedience to the simple Instructions which He has given—yet they are Majestic in their Action.

We have watched over the activity and the progress of the beloved students everywhere. It

has been a joyful, most joyful thing. These Beloved Messengers have stood in the midst of such a seething vortex, kindly—often drawing within the human form a vicious vortex and consuming it, enabling the other individuals to be saved from their own destruction. Yet without a word, the Messengers, going on and on. Now, the Law will not permit that longer. They must have the harmony in which to act. Therefore, dear ones, so must YOU maintain the harmony within your feelings, if you are to go forward to your Freedom and Ascension.

This Beloved Messenger has made it so simple and practical to you—the Reality of the Ascension—and I back up every word he has said. It is true. The Ascension, when understood, is as simple as any of your laws of the outer world. It is a Natural Process, which the Cosmic Law has now permitted to be given forth, in such detail that no one, who is really in earnest, can fail to comprehend. I say to those who are critical, from whatever cause, you are but unfortunate. You MUST reap that which you send out and there is no Law to prevent it.

To the channels of partial Truth who are criticizing these Beloved Messengers because they have brought forth This Instruction, or rather, this Knowledge of the Presence which every heart seeks has been brought forth through them, I say: "Is it any wonder, students leave other avenues to seek the Source of Freedom? Should the Messengers be blamed because the student sees the Light, recognizes It and comes to it?"

How can humanity be so unkind, as to blane these Messengers who pour forth nothing but

Love and kindness, calling the attention of all to their own "Mighty Presence" which beats their hearts and gives them Freedom. Other avenues which have not this Truth now must either accept It or disappear.

Every human being on the face of the earth seeks his own individualized God Presence—"The Mighty I AM." Individuals will NOT be satisfied, NEITHER CAN ANYTHING IN THE WORLD BIND THEM LONGER until they do have this Mighty Law and Truth and the Freedom which It brings. Regardless of these Messengers or anything of the kind, all of mankind ARE seeking It *to-day*.

The Great Cosmic Law demands, that mankind finds its Source, if it is to go on into Freedom. That is perfectly logical. The pity of it is, that the teachers of other avenues of Truth cannot see this. It is not a matter of the Messengers, but it IS a matter of every heart seeking its own "Mighty I AM Presence." When individuals touch It, the heart KNOWS and NOTHING else can hold them long afterwards.

This Activity and Understanding of the "Mighty I AM Presence" could not have come forth through any old channel, because It would be a constant interference with the preconceived idea contained in that channel. This is why, I asked early in the beginning of the Magazine, that all discard EVERYTHING they had studied and accept this Knowledge of the "I AM" which is their CERTAIN, DEFINITE and POSITIVE Freedom. If you feel that We do not know, then We are unable to assist you. You MUST choose, Oh beloved ones!

To-day in the beginning of this wondrous year, I have taken this opportunity to express My earnest Love, Feeling and Assistance to every sincere student of the Light, to all mankind of course, but I mean these especially who have come into the knowledge of their own individualized God Presence, the "Mighty I AM." We are offering every Assistance at Our Command for your Victory, Therefore, if you can *feel* Our Reality, the Reality of My Words as I am speaking them to you, or flashing them before this Good Messenger, that you may have My True Feeling concerning this Knowledge, this should give you great encouragement and assistance.

Think of the blessed ministers throughout the orthodox world! Why can they not understand this Knowledge? They should preach It from their churches and fill those churches to over-flowing; but the human so often will not be governed. The pity is that such a condition exists! So to-day, I say to you, beloved ones, in the beginning of this year, you are fortunate—most fortunate indeed —that you have made this contact and feel so earnestly Its Reality. It is the ONLY Source of Freedom! Your "Mighty I AM Presence" is the ONLY Source of Sustaining Power — the only solution to the problems of the human throughout the world.

Beloved ones, don't hesitate, when the opportunity offers, to pour forth your feeling of the Reality of this Knowledge. Do not intrude it; but wherever the opportunity offers, pour forth YOUR FEELING of this Reality.

It is a most pitiful thing, the way some of the students have criticized these Beloved Messen-

gers. Oh dear hearts, do not think we do not know your mind and feeling. Do not do it, I plead with you, for your own sake and Freedom. These Beloved Messengers have not made one single mistake from the beginning. Individuals had to be given an opportunity and, if they were not strong enough for it, the fault was with the individual and not the Messengers. Let this be so clear that no one may longer do that. They are wholly unconcerned about it, but you precious ones—any one who does that, will one day find the door closed.

I want to say to the whole world: "Every human being who rejects My Beloved Brother, Saint Germain, rejects Me, and don't forget it." My Beloved Brother, Saint Germain, is just as Real as I am and is an Ascended Being. He is completing the Work which I started two thousand years ago. May the whole world understand that and give obedience to it. The childishness of human minds and concepts that have drawn forth distorted ideas concerning Me, the world should no longer accept. Therefore, dear ones, the Ascended Masters, and there are thousands of Them, are just as Real as I am, and one day you will all find it out.

In the meantime, try to believe an Ascended Being, who could not and dare not utter a word of falsehood and Who *is* the Authority, until the day when you can prove it to yourself, as this good Messenger did after years of earnest sincere calling. Do you not see that he could not be so firm and certain, if he did not actually know? It is only the Reality that gives one strength—such power and firmness. Mankind should be willing to in-

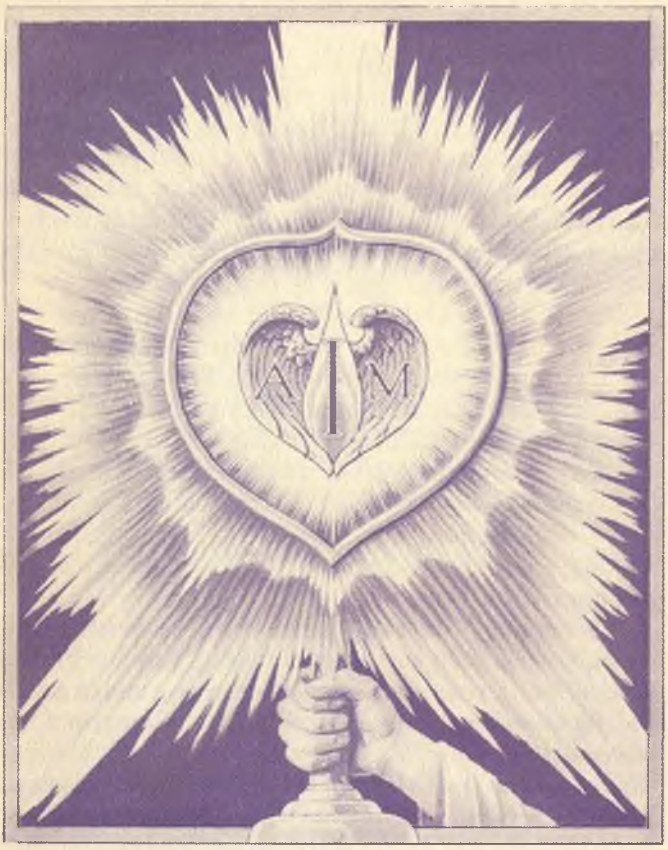
vestigate and find out; but not enter in with a critical condemnatory attitude, for in such an attitude they will learn nothing. It is IMPOSSIBLE to learn anything in that attitude. Therefore, beloved ones, stand firm in, through and by your "Mighty I AM Presence," which is the Truth of the Ascended Masters, and your world will be flooded by the Perfection which They are and represent.

No great accomplishment ever occurred in the physical world, without the Assistance of the Ascended Masters. Let no human being deny that! Because they do not see, know and become aware in the outer consciousness of that Assistance, makes no difference to the Truth of It.

To-day, I offer this in Great Firmness, in the greatest Love that is in My Being to command, that this go forth not only to you precious ones here, but to all throughout the mental and feeling world of mankind; to reach all mankind and give them a feeling of the Reality of this Great Truth Saint Germain has brought forth, that it may spread to every human being on the face of the earth, through which their Freedom and Ascension be attained. I thank you.

Mr. Ballard:

We thank Thee Oh "Mighty I AM Presence, Great Host of Ascended Masters, Beloved Master Jesus, we thank Thee Oh, so greatly, and may our Love express to you our Great Gratitude. May these words lift every one of the beloved I AM Students throughout America and the world, unto the Height of Perfection and hold them there, until their full Dominion and Freedom is accomplished.



· SAINT GERMAIN'S BREAKFAST TALK ·

Detroit, Michigan—*November 27, 1936*

MY precious Children of the Light, for just a moment will you try to feel My Happiness and Gratitude to you, not only for your loyalty to the Light and your "Mighty I AM Presence," but for your great

Love to the Ascended Masters and to the beloved Messengers.

I wish it were possible, possibly some day it will be, to suddenly flash visibly before you what it means from the Inner Standpoint for your beloved Messengers, whom you love so much, to have carried this Message forth. While to many it is unusual, so unusual, yet as they come to understand it, they find it perfectly natural, in fact the MOST natural thing in the world.

Mankind in the human activity is living the sub-normal Life really. We in the Ascended State are living just the Natural Life. That is why, We so earnestly in Our Humble Way endeavor to convey to you the FEELING of this Reality; for only as you enter into greater and greater Perfection, do you find how REALLY natural it is. Then, you look back upon the condition or experience, through which you have passed, and see how unnatural that was.

This is why, beloved ones, the Messengers constantly urge the need of harmony in the FEELINGS. I tell you, there is no one thing more needful in mankind to-day, owing to the great inharmony that is generated by mankind everywhere through the FEELING. Your feeling is your Power-House. So will you not, Oh precious ones, watch? I do not mean only from the human, but call your Presence—your Higher Mental Body to stand guard over your speech and feeling. Please listen to this carefully, precious ones! Every critical discordant feeling, thought or spoken word that goes forth from you is another barrier placed before you, preventing your Freedom.

I want so much to have you understand this, because you alone are responsible; and if you al-

low the human appearance or *any* provocation of the outer world to irritate and disturb you, then you alone pay the penalty for it. I mean by that, it just deprives you of the IMMEDIATE Freedom, which is possibly just there, waiting recognition.

In watching over the Expansion of the Light within the students, which We try to do so carefully, We often see blessed, precious ones just SO near that Inner Freedom. Yet a flash of irritation and disturbance draws the curtain again. If it were possible for Us to feel agony, it would be at that moment. So, I want you to feel how important it is and why sometimes, I impel the Messengers so powerfully to keep this explanation before you; because you must keep beating down this wall of human interference, that prevents you quickly entering into Freedom, from these many human limitations.

Will you not do this, precious hearts? I am very grateful there are so many blessed ones here from the various points, to carry this forward with them. I know the human is so difficult to control, but the Presence WILL control the feeling and speech of the individual, if really called earnestly in action to do so—that is Its Province. Your Higher Mental Body is the Guard. Oh that you might know how powerful a Guard your Higher Mental Body is, in your call to the Presence! You will notice, that I rarely refer to the Higher Mental Body; because when you call to the Presence, the Law of your Being and Life is: that your Higher Mental Body takes up your call, sets it into action, and operates it. So naturally, We must use the word "effort" because it requires

an effort on your part, to hold your attention to the Presence. Through that, you can allow the Presence to do all these things for you so beautifully. Won't you please call your "Mighty I AM Presence" to stand guard over your feeling and speech?

I say frankly to you: that you will have no trouble with your thought, if once the FEELING is controlled; but you CANNOT control your thought, if the feeling is left running rampant. Now, let us once and for all take such command, or call the Presence to take such command of your FEELING that no longer, no matter what the outer provocation is, will you allow discordant feeling to assert itself, through any outer disturbance or irritation of any kind.

I say this to you: Your Inner call which you just made for Our tangible, visible Appearance, has gone up with so great a Love! Oh dear ones, can you realize how close that is? However, this you MUST know, this you MUST understand: when We come forth in the tangible visible Body to you, lowering the rate of the vibration of Our Bodies—making them visible and tangible to you —a *tremendous* Electronic Force is released. One day, but not yet, we shall explain to you why it is so, when that powerful Electronic Force is released. Suppose I were to stand visible to you here, the Cosmic Law that We have now entered into, in Its Activity in the earth, does not permit Us to draw within Us this Electronic Force and hold it, as We have done previous to forty years ago. We MUST release this—NOW; for it is the Law of Our Being. To-day, if I stood visible before you here, I would be COMPELLED to release this Electronic Force which is within My Being. If

there were those in the room who were subject, let us put it that way, to irritation and disturbance, it would so charge them with its force, that it would make it very difficult for them, for days to come, to control the irritation. It would act through the quality which they had predominant in their feeling. Do you not see that?

Therefore, IT IS HARMONY WITHIN YOUR FEELINGS that is required, not only for the Expansion of your own Light, but for Our Visible, tangible Presence to you. We have endeavored in almost every conceivable way to convey this to the students. I want to say to the Appointed Messengers present, Beloved Ones, STAND GUARD AS YOU NEVER DID IN YOUR LIVES BEFORE, AND AT WHATEVER EFFORT UPON YOUR PART HOLD LOVE AND HARMONY IN YOUR FEELINGS. Do NOT allow anything to make you feel critical toward anybody.

The receding—let us put it more plainly—"the dying out" of the sinister activity of the earth, is in its last throes. That is why every once in awhile individuals feel a sudden powerful impact of some discordant thing. Now listen carefully to this, dear hearts: there is no thing discordant or destructive in all the Universe that can reach you, except through your irritated, discordant feelings.

I appreciate this opportunity of speaking to you and the Appointed Messengers who are present; because I tell you, that unless you hold ABSOLUTE HARMONY IN YOUR FEELINGS YOU ARE IN GRAVEST DANGER. If the Messengers did not understand that, they could not possibly have survived. *Even We could not protect them, if they did not understand this!* So I

say to the Appointed Messengers, even WE cannot protect you, if you do not maintain harmony in your feelings TOWARD EVERY ONE.

Do not allow appearances to effect you. I say this to ALL of you beloved students. Please carry this message *everywhere:* There is NOTHING in the outer world that warrants you becoming irritated. When you know this Law, precious ones, YOU MUST LIVE IT, because you have entered this Great Stream of Life and you alone are responsible. You do not have to accept these things. We have given you the Law, the Application—the Knowledge of the Presence—by which you CAN GOVERN ALL these things and it is imperative that you do so.

You do not see as We do, from the Inner standpoint, these forces which are playing upon you. You see, as the Messenger stated to you last night in class, the great powerfully generated discord of mankind throughout the centuries hovers here in the earth's atmosphere—just above the surface of the earth. Naturally, you and all mankind being its creator, you are COMPELLED to move in it. This is why you are urged so constantly, to call the Presence to draw Its Tube of Light about you, pass the Violet Consuming Flame of Divine Love through you and keep your atmosphere clear. You will find you have no difficulty in keeping your feelings harmonized, if you call the Presence to draw Its Tube of Light about you and pass the Violet Flame through you three times a day. You do not have to keep your attention on It constantly; but these things are imperative, and that is why I take this opportunity to PERSONALLY urge you again, because it is imperative at this

time. It does not matter what someone else does. IT *cannot* affect your world, if you remain harmonious. Will you please do that?

Please go forth from your breakfast this morning, with a powerfully amplified determination, to hold the Dominion of your "Mighty I AM Presence" — determined, that no longer shall ANY feeling of irritation ever again register within you. If you will call the PRESENCE to stand guard over you and prevent it, then irritation cannot act.

At this time, it is so imperative because of the human destructive creation, for that is all the sinister force is. Of course, there are those who have failed on the Path, whom We sometimes call black magicians. They have utilized the discordantly qualified energy, but the fault is all mankind's. If human beings did not generate the discord, it would not be there for use; but this is steadily and surely being wihtdrawn from the earth, because the powerhouse of this human destructive element has been withdrawn. It is only the remaining accumulation which is steadily being withdrawn. These Mighty Decrees for seizing and binding the entities have done SO MUCH for the earth already. How I Love and Bless those wonderous Groups of students who have so faithfully and earnestly issued those Mighty Decrees for seizing and binding the entities; not only releasing and freeing yourselves, but all mankind. I wish you might look for one moment into the invisible, so-called, and see the magnificient work which has been done, through the issuing of that one Decree alone.

Oh my precious ones, how great is My Love, Thanks and Gratitude to you all, the I AM stu-

dents throughout America and the world—for We are now having them in almost every nation —and for this earnest sincere loyalty to the Light, your "Mighty I AM Presence."

Do not think that We ever feel unhappy or disturbed because you do not always hold yourselves in complete harmony. We went through all this process which you have to go through. We know EVERY step of it and that is why We gave you the privilege and, urged you in fact, to use Our Ascended Master Consciousness; because Our Consciousness knows EVERY step of the way which the consciousness you have already drawn about you, does not yet know. Therefore, if you will *use Our* Consciousness, consciously calling It into action, it will ALWAYS respond. I wish I might find some way to anchor that within your FEELING. Consciousness is EVERYWHERE and the Ascended Master Consciousness is a wholly different thing in an Octave of Its Own. It cannot mix with the human consciousness. Do you not see; but when you call It into action, the Law of that Consciousness is: that when ANYONE calls It into action It MUST respond. Just the same, as if you suddenly projected your thought to Me — provided you have called to your Presence first— then, I am COMPELLED to answer you with an outpouring of that Radiance, on a Ray of Light back to you.

You may not quite understand it, but to your every thought, or shall I say — let us put it — FEELING, We do come back to you. Every feeling that goes out from you to one of Us, is a Thread of Light, so to speak, and if it is loving and kindly, it goes straight as an arrow to the One to whom it is sent. Therefore, We respond. How? By a greater

intensified Action, upon that Thread of Light back to you. When you feel the deep import of this, you will have some of the most astonishing results that it is possible yet for the human to imagine. I want you to know this, dear hearts.

You cannot be free, precious ones, until *all* irritation is dismissed from your feeling and held so. The danger of it at this time, and the reason why I urge you so earnestly to call the Presence to hold complete control of your feeling, is in the final withdrawing of this destructive force from the earth—I tell you, it is like a powerful serpent lashing its tail; trying to strike here and there like a dying force to hold its dominion, which it can no longer do. So I use this opportunity to prompt you, dear hearts. STAND GUARD OVER YOUR FEELING!

Precious ones, no accident in the world, so-called, can occur except there has been irritation in your feelings and criticism. Do NOT allow it to deprive you of your Freedom which is so close at hand. I feel so close to you to-day and I am so very near into visibility. Do not be discouraged beloved ones, it may yet come about.

With all the Love of My Heart, I extend to you the Blessings of the Great Host of Ascended Masters, the Mighty Legion of Light, the Great Angelic Host and the Great Cosmic Beings, Whose Attention has been drawn to the earth, by this tremendous and mighty call that has gone up. Oh, it is so very tangible, dear ones. Do not let your human feelings cause you to feel, because a thing is yet invisible, that it is not tangible to you. All these Rays of Light, that are invisible to the physical sight, are very tangible, very Real and very powerful. So, if you will realize and feel the Truth

of that, you WILL draw yourself into Our great intensified Feeling of this wonderful Reality of things; which will enable you to out-picture It in your lives in a most wonderful manner.

You are not subject to these limitations any more in the Knowledge of your Presence. It only means the harmonizing of your feeling and the call to your Presence with calm serenity in your feelings. Do not call to your Presence when you are all fluttery, agitated and disturbed. Do not do that! Still yourself first and in great calm serenity, turn your face to the Presence and say: "Mighty I AM Presence"! take command of this mind, body and feeling! Sweep out of it every cause and effect, that tries to create irritation. You take command and hold *Your* Dominion in my feelings"! Then see how quickly all subsides and you feel such happiness within.

The Blessings of the Great Cosmic Light, of the Great Cosmic Beings, of the Mighty Legion of Light, the Great Host of Ascended Masters, rests upon you and all the I AM Students throughout America and the world! With Its Mighty Activity through the feelings, qualify each one as a Blazing Sun of Light, to go forward and spread this Radiance everywhere. With Our Love, We ask you to accept this Blessing and expand It everywhere you move, through the kindliness and Love of your Presence.

The Glory of your "Mighty I AM Presence" *is* at hand, to produce Its Harmony and Perfection in your world. How quickly ALL human anxiety and distress will settle, when once you feel this and really accept it. So with Our Love, We enfold you unto the fulness of your Freedom from limitations and your Ascension. We thank you.

EVERY Study Group Meeting is a marvelous opportunity, which no one should miss, for calling the "Mighty I AM Presence" into action through every activity of the voice, to make the Voice of each one in the Group, the "Golden Voice" of the Ascended Master in both speech and song.

This will do so much to open the way for those who have good singing voices to gain the relaxation needed, It will enable the full Beauty and Perfection of the "Voice of the Presence" to be released into the outer activity at *all* times.

It will also make the speaking voice much more pleasant, beautiful, stronger and easier to use in every way to the enjoyment of all. These things are improvements for which we should all strive. When a student calls to his "Mighty I AM Presence" and the Ascended Masters to perfect *his* Voice, he should remember to extend that to every person on earth to the very great joy, freedom and blessing of all. Remember again: whatever you ask for yourself, by the *Limitless Power of the Presence* call it into action for all, and you *must* receive the fulfilment of your decree amazingly quick.

Also make the call in your Groups for the "Mighty I AM Presence" to make you sing with the "Voice of the Ascended Masters and the Angels" and also to make you hear Their Glorious Voices, singing Their Great Anthems of Praise

and Joy to all.

We now decree: "Mighty I AM Presence" come forth in Thy Cosmic Activity of the Unfed Flame and charge every "I AM" Student's voice with the Perfection and Joy of the Ascended Masters! Make us all sing like the Angels, that we may send up a Great Wave of Light and Love to help and bless all.

"I AM"
THE GREAT COSMIC LIGHT

· SAINT GERMAIN'S EVENING · · DISCOURSE ·

San Francisco—February 13, 1937

AFTER the experience of more than two years in the earnest endeavor to convey to you that Understanding of the "Mighty I AM Presence" which is your Freedom, it is most gratifying indeed, Oh beloved ones, to see the expansion of the Light within your hearts and That of all the students throughout America and the world. Again, I say, it is most gratifying to find that in all parts of the world those books have found their way, carrying their Light and their Freedom to all points of the globe.

We have been with you during the past ten days, and have with the greatest of joy felt the loving response within your hearts. We too rejoice exceedingly. I say this, that you may know this is only the beginning of the great Joy, the great Light, the great Freedom which is yours. As so many have entered into It sufficiently, to know there is really no limit to that which they may attain, I say to you tonight—and I try to put into it all the Love of My Being—I congratulate you blessed ones in San Francisco on the expansion of your Light, in spite of the seeming chaos that at times seems to be in your midst. Yet, steadily and surely have you gone forward in the greater and greater expansion and Perfection of that Presence of Life, which is your "Mighty I AM."

In your future work here, precious ones, remember that We are always pouring forth Our Radiance to you, where there is harmony; but We cannot do it where there is not. To those, who refuse to give obedience to the simple things We ask,

We cannot give Our Radiance; for without obedience nothing can be accomplished. Furthermore, We will not release great volumes of energy into the use of anyone, unless We are sure that one will not re-qualify it with anger, criticism, hatred or any of those qualities which are destructive.

One day, you shall know how great Our Love is for you and how earnestly We watch to guard everywhere. When the beloved Messengers are prompted to warn and guard you, please do not feel that they are interfering with your free will at any time. Such is not the case, but as Messengers they must convey the Truth. Always just remember that their Love is very very great for you, and that they will stand by always to give assistance. Oh beloved ones of the Light, whose very heart-beat is a throb of delight from your "Mighty I AM Presence," giving you Life! Life! Life! more and more and more Life! As you gain in your understanding and feel your authority to call forth this Great Intelligent Energy from your "Mighty I AM Presence," watch! stand guard! that you do not re-qualify it.

I am sure in this class as never before, you feel the greater and greater reality of this privilege which is yours, in receiving from your "Mighty I AM Presence" that limitless Intelligence, limitless Energy and greater and greater strength, more and more perfect health. I say to you with full assurance that no one can fail, if he has understood refusing acceptance of discordant appearances and conditions; and will earnestly call the Presence into action. All must have perfect health. It is the Law of your Being, precious ones, no matter what the conditions are, what the X-ray shows in anyone's body. The Presence releases

those Mighty Currents of Energy in and through the body and sweeps out every imperfection that is there. Won't you accept it? Won't you believe it? Let the Power flow through, to bring you perfect health! It is essential. If you are constantly harassed by the feeling of pain and distress in the body, you cannot give your fullest attention to the Presence, so that It releases the greatest volume. Therefore, sometimes one needs encouragement or strength and I trust there is no "I AM" student, that comes under this Radiation, who will not willingly, joyously give that.

I say to all of you beloved students, never allow yourselves to be impatient with those who come to you for advice or help. Do not ever answer them impatiently and do not ever refuse help. Do not refuse help. Do not ever say to one who comes to you: "You have an 'I AM Presence,' why do you not stand by it"? That would be unkind. You do not know the forces playing upon others which might have discouraged them. Instead, place your hand about such an one's shoulder and say: "MY BROTHER OR MY SISTER, MY HAND IS IN YOURS IN THE STRENGTH OF MY 'MIGHTY I AM PRESENCE' UNTIL YOU HAVE WON YOUR VICTORY. GO FORTH, CALL YOUR 'MIGHTY I AM PRESENCE' INTO ACTION AND I WILL HELP." Send them forth feeling that you are interested in their Victory.

We must know all that is going on, precious hearts, in your lives. Do you know that? Having entered into the Radiance of your "Mighty I AM Presence" in this Knowledge which I have brought forth, you invite Us to observe your world, otherwise We cannot help. Therefore, if We see you are impatient, We try to pour forth the Radiation

of Kindliness that will give you patience and strength to assist. Do not ever say anything or allow a feeling to go forth that would be discouraging.

Remember! allow no one to come into your midst individually or collectively who breathes a word of discord or condemnation of this Work! If you do, you will close the door. We do not wish you to do that, but We cannot prevent you, for every one under this Radiation is wholly given his free will to choose and always shall. We with all the Love and Joy of Our Hearts want to give you Freedom; but you must make your call to your "Mighty I AM Presence" and stand by It, then you give Us the opportunity to, through your "Mighty I AM Presence," intensify all activities until you have the courage, strength and power to resist ALL outer suggestions, that would deprive you or detain you from your full Victory. Will you not stand so firm by your "Mighty I AM Presence" and in It, that We can always give the Assistance required, whether it is health, strength, courage or Directing Intelligence? I say to you, all of you precious ones here: PLEASE DO NOT ACCEPT, that you cannot receive clear Directing Intelligence from your Presence. I have a great reason for saying this to you. There have been quite a number of students, who yet do not feel that they can call their Presence into action and receive the direction clear enough to be sure. Now precious ones, that is only because knowingly or unknowingly there has been some anxiety within you which has been disturbing you—disturbing the vibratory action of your being, of your nervous system. Therefore, if you will be still and say to your presence: "MIGHTY I AM PRESENCE"!

YOU HELP ME TO BE STILL, SO THAT YOUR DIRECTING INTELLIGENT ENERGY CAN GET THROUGH; THAT I MAY UNDERSTAND — THROUGH MY FEELING OR IN SOME MANNER — MAKE ME FEEL CLEARLY WHAT I SHOULD DO." As you do this, you will find in some manner DIRECTLY what is the thing to do; but watch out! Be sure you do not in the feeling, first begin to doubt that you are going to have the Directing Intelligence from your "I AM Presence." If you do, you start that vibratory action which is discouraging through your feelings, before you actually know it in the intellect. That feeling of yours is rather an unruly fellow, but you CAN govern it — the PRESENCE WILL.

This time in the class, Oh precious ones, so much has been accomplished. I rejoice with all My Heart and congratulate you. You will find that you will all go forth in such a great calm, confidence and Victory from to-night, as you have not thought possible to be attained in your outer activity. WE HAVE OFFERED TO HOLD YOUR HAND UNTIL THE VICTORY. MAY WE NOT DO IT? MAY WE NOT HOLD YOUR HAND UNTIL YOU ARE FREE, WHOLLY FREE FROM ALL LIMITATIONS, FEELING CLEARLY, POWERFULLY, DEFINITELY YOUR VICTORY? We shall be so happy to do it—always through the Radiation of your Wondrous Presence. Do you not understand that We, as Ascended Beings, are one with the "Mighty I AM Presence" of you who are not yet ascended; and that is how We have to know all about you, in order to give you the Assistance which is necessary?

It is so very wonderful, you must get My Feeling. With so great a rejoicing, I see how you have

become able to still yourselves. In this class, such a Radiance has poured forth, although you are not yet aware of It, but in a small way. Do you think, precious ones, that the Divine Director would have come here in your midst, pouring forth these Great Currents of Energy into your minds and bodies, if He had not seen that you were able to still yourselves enough, to have the full benefit of it? His Great Wisdom would not do that unless it was time, was right, was permanent. So I congratulate you of San Francisco and those visiting here, that you called your "Mighty I AM Presence" into action which made the way open and clear for you to be here. That in itself is a great Victory. I wish you might see in the atmosphere of mankind how many blessed ones have momentarily had good intent, but been sidetracked from this Radiation by some vicious suggestion. If you saw the number who had been turned aside from this class by the vicious suggestion from others, in which there was no Truth, you would be surprised. If that had not been the case, this lovely blessed place could not nearly have held them. The tragedy is theirs. You, who have had the strength to come in spite of all opposition, have the Victory.

Oh, that all mankind might understand, that all progress is due to their initiative. You have got to choose, precious ones! I speak to all mankind! —into their mental and feeling world—you not only must, but you are *compelled* to choose before the greater energy and power will be released, to come into your world and produce the Perfection which you wish. If you are sitting on the fence you will not get much help, but when you straighten up your spine and say: "'MIGHTY I

AM PRESENCE!' I AM 100% OR 1,000% WITH YOU! RELEASE YOUR MIGHTY POWERS INTO ACTION TO FREE ME AND MY WORLD." Do you think for one moment that Its Energy will not come forth? Let ME tell you IT WILL and with no uncertainty; but if there is wavering in your consciousness any doubt, do you not see that you are requalifying the energy and the Presence cannot do for you what It should and what you would like to have It do? Now many times, these things are acting in the feeling of mankind, mostly unconsciously. The individual is not outwardly aware of it, but if you will call your Presence into action, It will correct the condition.

I say to those who have been here for the first time: "IT DOES NOT MATTER WHAT YOUR DOUBTS MIGHT BE, IF YOU WOULD CALL YOUR PRESENCE INTO ACTION THREE TIMES DAILY EARNESTLY FOR FIVE MINUTES, INSIDE OF TEN DAYS YOU WOULD HAVE THE EVIDENCE IN YOUR OWN EXPERIENCE SO STRONG THAT NOTHING COULD TURN YOU ASIDE." The condition is, owing to the mass creation about mankind, that those who are not anchored, unknowingly listen to the falsehood about them which even turns them temporarily aside. Will you not explain this, Oh precious students, to those you contact that are partially interested? Because mankind does not understand the laws and forces acting upon them, they are often deprived of the great Freedom, joy and blessing that is waiting for them.

The Radiance in this class has surpassed anything so far and I want you, precious ones, to know that. In the fulness of my Love, I say to you,

if you wish Us to come twice a year—this year and next—We will come to you. I say for your blessing and Freedom, do not be worried about anything injuring This Work! All the vicious gossip does not amount to anything. Those unfortunate individuals are but destroying themselves! They are not injuring you or This Work. THEY CANNOT DO IT, but the pitiful thing is that they still think they can. I want to say to our blessed friends, the Christian Scientists: In their churches I am amazed that people who pretend to pour forth Love, would turn in viciousness against this Love, this Radiation of the Light and the Understanding of the "Mighty I AM Presence" which is the Source of all Life. This is the first time I have spoken My opinion; but I say to-day and you may carry My Word to them: "It is pitiful"! I tell you frankly — and you may carry this to all Christian Science churches throughout America and the world: "Unless they stop that, they will destroy every church and its attendance which they now have. I say this in all Love and Kindness. I wish to stop such a thing coming on; for great good has been accomplished through Christian Science, but I tell you frankly, EVERY SOURCE, whether it is Unity, Christian Science or whatever it is that attempts to bring disgrace upon This Work or condemns or criticises It will fail utterly and their churches will be empty! This Work opposes nothing in the world. It goes on presenting this Wondrous Presence — the "Mighty I AM"—which every human being on earth should be delighted to know about and understand; and because others have allowed suggestions to enter their ranks and fear, that this would empty their churches, they have turned in

many instances in vicious hatred to the Messengers and This Work. God alone pity them!

Unity has done the same thing, through the claw of the sinister force which has entered into their heart-center. I say this to you in all kindness, dear hearts. Watch! every source that has presented some part of the Truth That condemns This Work, will fail utterly, because the Messengers have never condemned any activity and never shall. They have presented this in their humble kindness and if people do not wish to come into this Mighty Truth of the "I AM," they should not condemn It. I stated in the Shrine Class, that the Messengers have carried forth bravely thus far and, by their powerful dynamic application, have held their own protection and carried the Work forth. Now then We shall fight their battles and they shall hold their peace.

I marvel at mankind who are too stubborn to believe the Mighty Truths recorded in "Unveiled Mysteries" and the "Magic Presence." We never —an Ascended Being will never—use a destructive force; but mark what I tell you! as described in "Unveiled Mysteries," the Mighty Host of Ascended Masters draw the Wall of Light and when the viciousness of the individual strikes It, their own viciousness rebounds upon them and they must handle it, if they can. That is the Law of every one's being! We do not wish to harm any one; but We shall not allow the Messengers to be harmed nor This Work. When those within humanity have been willingly strong enough to carry forth to a certain point, then the Great Law sweeps in and takes a hand. So I say to you, precious ones, We love the Christian Scientists, We love all Unity, We love all mankind; but the

viciousness that comes into their ranks SHALL NOT HARM THESE LOVED ONES, NEITHER SHALL IT HARM THE STUDENTS OF THE LIGHT! I say to you, beloved Cora Wickham, here in San Francisco: "MY HAND IS IN YOURS FOR YOUR FIRM, UNYIELDING STAND IN BRINGING THE LIGHT OF THE 'MIGHTY I AM PRESENCE' TO YOUR FRIENDS, THE CHRISTIAN SCIENTISTS. ONE DAY YOU CANNOT CARE FOR THEM ALL, SO MANY WILL COME. YOUR LOVING HEART AND KINDNESS WILL RENDER A TRANSCENDENT SERVICE AND IS RENDERING IT.

Every blessed one of the students here and Group Leaders, I enfold you in My Love, but do not feel inharmonious to each other. Whenever a feeling of discord or inharmony comes from one student to another or from one Group to the other, remember you can always know instantly, it is but a claw of the sinister force driving in, trying to destroy the great good you are doing.

Now you will notice, precious ones, the Messengers fear nothing. They are wholly unconcerned about all this silly criticism and falsehood which is spread by individuals, because they are not permitted to drive into This Heart Center of Light. I want you to understand here in San Francisco, you blessed ones, that We are back of you— *the Great Host of Ascended Masters* — and one day, you will know that WE ARE EVEN MORE REAL THAN YOU ARE. One day, you will know that We are not an imagination of this good brother. You will find that We are VERY REAL and We can be VERY TANGIBLE, but yet still invisible. Do not forget that!

Some of these people, who have tried to claim and prove discrepancies in those marvelous books, will one day cry out for mercy. Mark what I tell you! We abide our time, but mark what I tell you! You may spread it to the world: NO PERSON, PLACE OR THING SHALL EVER HARM OR DESTROY THIS WORK. It SHALL go on, until every one of mankind knows this "Mighty I AM Presence" and through it, all have their Freedom. I say this to you to-night, for your strength and courage and power and Freedom. To Us, the silly falsehood, condemnation and criticism is silly nonsense and has no power.

Remember, precious ones! To every appearance that is less than the Perfection of the Presence say: "YOU HAVE NO POWER"! AND MEAN IT IN YOUR FEELINGS; AND YOU WILL HAVE NO TROUBLE ENTERING YOUR WORLD OR DISTURBING YOU. It is true, absolutely true, the appearances or discordant forces in mankind have no power, except the thought and feeling that goes into them and feeds them with the Life Energy of the individual.

Look, precious ones, in your recent airplane accidents. Do you not see that from everything, which has such an appearance, a momentum goes forth? If it had not been for the *Decrees* which the blessed students of America have given that thing would have gained a momentum, until a dozen or more planes would have been destroyed. The sinister force wants just such a thing to start, so mankind may not be in close contact. I thank the Messengers and the students for issuing the Decrees to protect the Radio, because there has been a deliberate attempt that would try to interfere with the radio in America and the world; but

it shall not do it! I TELL YOU, MY PRECIOUS ONES, IN YOUR MIGHTY DECREES GIVING THIS PROTECTION FOR VARIOUS ACTIVITIES, YOU ARE RENDERING A SERVICE THAT WILL GO DOWN THROUGH ETERNITY. Then one day, when you are farther progressed in your Life, you will see the service rendered and the great intense protection which has been given America and the great industries. Precious ones, you have no idea how those marvelous Decrees have gone forth, to solve these conditions of strikes throughout America. GO ON WITH YOUR DECREES. CALL THE "MIGHTY PRESENCE" INTO ACTION THAT THEY MAY NEVER HAVE ANOTHER STRIKE. CALL DIVINE JUSTICE TO TAKE PLACE BETWEEN THE MEN AND CAPITAL — BETWEEN SO-CALLED LABOR AND CAPITAL. There is no labor, there is only one thing—a Divine Service. Beloved ones, please feel this in your outer activity of the world, and you will release yourselves from the feeling of labor or bondage. Wherever you are, whatever you are doing, you are serving this Great "I AM Presence" to your Freedom. Try to feel this and let it take from you all feeling of being in the bondage of labor.

You heard what Mrs. Ballard, our beloved Messenger, read you to-night of My activities, which are rather the directing of Great Currents of great forces and energy, than taking any part in the political activity. So it is! but America SHALL GO FORWARD! all official places SHALL BE FILLED WITH THE POWER OF DIVINE JUSTICE! and great harmonious activity SHALL ENTER INTO AMERICA AND HOLD ITS DOMINION here. Mark what I tell you!

Do not, I plead with you, longer give power to appearances of anything! whether it is in the government or your individual Lives. Say to that appearance: "YOU HAVE NO POWER! 'MIGHTY I AM PRESENCE' SWEEP INTO IT! PRODUCE YOUR PERFECTION AND HOLD YOUR DOMINION THERE—YOUR MIGHTY DIRECTING INTELLIGENCE." My precious ones, YOU CAN RENDER A SERVICE UNPARALLELED IN THE HISTORY OF THE WORLD. Will you not do it, for your Freedom and the Freedom of mankind?

I rejoice in the strength and power that is coming within many of the students—that strength drawn of the acceptance of the "Mighty I AM Presence," which makes them a Mighty Pillar of Light, moving through the world and spreading Its Radiance everywhere. So, I congratulate every earnest student throughout America and the world. I pour forth a Mighty Radiance to them for strength, courage and power to go forward victorious, in whatever their choice of activity is, that they may fill the world with the Beauty, Harmony and the Glory of the "Mighty I AM Presence" in action.

In the fulness of My Love I enfold you, oh beloved students with My Courage, with My Strength, with My Perfect Health, filling your minds and bodies until there is not a vestige of anything but Love and Harmony there, if you will allow Me. Jannary 14, 1937

PRECIOUS Children of the Light! it is My Great Joy to pour forth to you to-night My Radiance, My Love, and to establish a certain Quality, which I possess, in your heart and feeling world to become active there. If you will accept that, you will find Its outer Manifestation and see Its Activity.

First, before I go on with that which I shall say to you, I offer My Blessings upon our Precious Children of the Light, in their union, that the full Light of their "Mighty I AM Presence," amplified by the Great Host of Ascended Masters, may find Its full Activity in and through them: that music, art and the Wisdom of the Presence may act to bless them and all they contact eternally—ever

expanding in Its Activity and Blessing. I place My Kiss upon their brows, My Seal of Love upon their hearts, whose active Presence may be there to give them all that Life holds, in Its Great Perfection, released from the "Mighty I AM Presence."

I place My Kiss upon this brow (Mrs. Ballard), My Seal of Love upon her heart for that great, very great, service which this precious one has rendered and will continue to render; that she may ever be glorified with the great peace and poise which she has entered into so beautifully. I thank you each one for your great Love poured out. She is fulfilling a great mission in the world of mankind—one day she shall see and know how great.

To-night, We have such a sacred, joyous, beautiful opportunity to speak Our Hearts to each other. I call and enfold this precious one in My Mantle of Love and Happiness, Strength and Courage to continue ever expanding the Great Light of the Presence, that she may never feel exhaustion nor register age. To-night, We are entering into our heart's feeling world, that We may feel a joy and strength from the out-pouring of Love and Kindliness, because It is one activity to which the outer world has given so little recognition.

I place My Kiss upon each brow and will you try to feel It? I place My Seal upon each heart, to help you maintain Self-control in your feeling world, so that the greatest harmony in your feeling may be sustained, until the Great Out-pouring from the Presence releases Its full Power and Activity at all times. May It intensify Its Activity as required at any moment.

I offer My Blessing upon these two precious ones (Mr. and Mrs. Rogers)—the Child of Song and the Son of the Heart, for their great service. In the years just passed, when they were cuddling those little children into their home, giving so sweet, so wonderful a service to them, see how it was all a preparatory work for this Activity, and I assure that service did not go unnoticed by the Great Ones. Even as our Blessed Jesus has said: "Suffer little children to come unto Me, and forbid them not," so they served, blessing those precious children and teaching them to be humble, to be kind, to be grateful. Precious ones, who seek so earnestly your Freedom in the Light, I say to you: "*Be kind.*" Say and feel only kind words and feelings. It brings such a great release of all the Inner Powers within you that it is exquisitely beautiful.

This Great Preparation has gone on within each one of you. Now, We have come to this point where I too may be of assistance. Really, we are just a large family helping each other with Love and Kindliness. You feel so wonderful, when that great love and kindliness is pouring forth all the time. As that channel clears and clears and clears more and more, so one day, as occurred with this Precious Messenger, will the Light of the Presence descend, pour out and produce so-called miracles in your world.

The joy is so great with Us, in seeing and feeling the mighty progress that you have made. Do you know, do you feel, do you realize, My precious ones, who are here, what enormous progress has been made by your willingly and joyfully entering into the issuing of these Mighty Decrees, for the Freedom of mankind?

I congratulate these two precious ones (Mr. and Mrs. Rogers) for their courage and determination to establish a Group of this kind. It is very wonderful and will be more wonderful as you continue. I ask each one of you: never allow your human to make you feel there is anything tiring or laborious about this work or the issuing of the Decrees. It is a joy instead of being tiring or exhausting in any sense. It is exhilarating and tremendously strengthening! If you will feel this for an hour, preparatory to your entering the room, then you will be most receptive to the great strength which will fill your being during the meeting.

Will you believe Me, when I say that in the Triple Activity of the Light that has been drawn here, you are receiving much the same Activity that you would receive in the Retreat? This is being provided, intentionally, *purposely* for your blessing and benefit, because of your earnestness.

So, to-night, in the Great Radiance that is being poured forth, you have the Direct Activity from the Golden City, whose twelve Rays of Light are pouring into this room TO-NIGHT. I asked for It and It was granted. Will you not carry the memory of that with you? May I ask you to bring the memory of It each time you come into the room in this Group?

Do you quite understand what it means to willingly enter into an Activity of this kind, with almost a thousand people, precious hearts of the Light! to enter into an activity as one, to produce these results for your fellow-man, America and the world! then to receive individually that which must necessarily come from such an activity? It is so gracious.

Perhaps I am revealing a secret to you, however, I shall take the responsibility. Why do you suppose the Lotus is referred to as the thousand-petaled Lotus? Why do you suppose the name, Lotus, was given to our precious one here? At a certain expansion of the Light within your heart, Its Radiance takes on the form of the Lotus. Not only one Ray goes forth, but a THOUSAND RAYS. Do you not see that in the Freedom of the Ascended Masters, They may use a thousand Rays, if They will and—at will? Do you not see, precious ones, how great is your privilege, in your earnest sincere endeavor to reach this point and your Ascension? It gives you the full use of the Full Expansion of the Light within your heart, which becomes the Lotus. Infinite is your ability then to serve as you will, in your onward and upward progress to that point. Never has mankind in the outer world had this knowledge which our Beloved Saint Germain has brought forth, giving them the use in the outer world of these great and powerful Activities.

Do you realize that unless you took the initiative, as our good brother did in drawing together those who were willing to abide within certain requirements, that this could not have been tonight? Do you realize that? All of the MORE POWERFUL WORK must have a certain preparation for it. In mankind of the outer world today, there cannot be released the more Intensified Activity, until the individuals concerned have been ready to hold certain obedience within the outer self. Now that you have been willing to do this, many things are possible. Many things will be done through your activity, some of which you will know. Perhaps many you will not know until

later. Those, who are willing to serve without expectation of seeing the results, will one day see enormous results. To call the Presence into action as you have been urged to so often, not being concerned about what the results of the Perfection the Presence will produce for you, is the Ideal Activity. Just live in the great joy of calling the Radiance from the Presence to come forth in and for you and the Presence will take care of the results. Often, if the outer begins to expect results, either disappointment or something of its kind follows. Individuals do not have the fulness of the Great Expansion, which they otherwise would have, if the joy is selfish in calling the Presence into action. In leaving the results in the hands of the Presence, except when you require a specific need, you hold the outer in perfect obedience to the release of that which is required.

Now do not misunderstand me in this expression, because there are certain things which you need to specify, through your power of qualification and attention, to take place in the outer world. For instance, in the healing of the body: if some particular organ needs attention, call the Presence into action to take command there and produce Its Perfection. The same is true of the outer activity in your world. If a certain thing needs correction, call the Presence into action to take command there and produce Its Perfection. The same is true of the outer activity in your world. If a certain thing needs correction, call the Presence into action to take command and hold Its Dominion there. Those are specific activities; but in your general application of the Law, if you will not be concerned about the result, but just go on in the joy of calling your Presence into ac-

tion, one day you will, without solicitation, see the manifestation of the Majesty of that Activity which you have called forth. Perhaps in some quite different manner, than you might have imagined in your outer intellect. Therefore, the Wisdom of the Presence acting when you call It into action, will do things your outer could not even imagine, if left wholly free to do it. Thus, you can see definitely the two activities.

Remember, where there is a specific requirement, do not hesitate to use it. Call the Presence into action to project Itself at that given point; but in your general service in giving your Decrees, do not be concerned about the result. Just have the joy of calling the Powers of the Presence forth into action. I am sure you quite clearly understand Me. This is SO important.

In My Ministry through many centuries, I have always been interested in the Freedom of mankind. No matter what the Cosmic Activity was in which We were concerned, ALWAYS My thought returned to earth, knowing the great need. I knew that one day mankind would come to a point where there would be revealed to everyone the Understanding, the Manipulation of this Great Law of Life, which is your "Mighty I AM Presence." I knew that you would be able to bring it forth into such ever-increasing action, that not only you would be free and supplied with every good thing, but the whole earth would be freed from its human creation which has bound it for century upon century—thousands and thousand of years. Now this Activity, Oh precious ones, will NEVER cease upon this earth—never! It will ever increase and expand in Its Activity, until all mankind has heard this Knowledge of the "Mighty

I AM Presence," because it is that which all human beings in embodiment EVERYWHERE seek.

The nearest mankind has ever come to It in the outer world, is God as an Omnipresence, but that was not sufficient. However, when the Individual knows that he has not only God an Omnipresence, but God INDIVIDUALIZED, whose Rays of Light and Energy supply Life to the outer form: and that he can call and has the right, the authority, the privilege to call this Mighty Energy from the Presence into action in, through and about him, into his world of activity without limit: then mankind has found its home, has found its clear Pathway of Light to Freedom. Without the knowledge of the Presence, and we know this has been true throughout the centuries, without the knowledge of the Presence, there cannot and never has been a sustaining Power. It is not possible. Since the individual is a Self-conscious being, he must know from whence comes his Eternal Energy, his Life, not as an Omnipresence, but as an INDIVIDUALIZED PRESENCE, to whom he can speak and receive Its answer.

The Law of your being, Oh precious ones, is not will the Presence answer you, but It is COMPELLED to answer YOUR CALL EVERY TIME. If you do not seem to receive the answer immediately when you call, it is because too much inharmony has been registered in your feeling; but notice this—even though you are not immediately outwardly aware of it; when you have called the Presence into action and there is too much inharmony to act immediately, It stands waiting, until your feeling becomes sufficiently harmonized, then It comes forth, perhaps when you would least expect it, into your outer activity.

You have been informed of the use of the Substance from the Secret Love Star and the Substance from the Ascended Masters' Octave of Life, which cannot be requalified by your human discord. Then, you will see and understand IMMEDIATELY that you have entered into an Activity and that it is being released to you for use, through which the greatest service possible may be rendered to individuals in human form. Unless you use it, you cannot have but a fragmentary part of its benefit.

The individual who doubts this Truth cannot have but a fragment of Its use, for doubt will shut the door. I say to you earnest students, be careful of individuals who give themselves unusual names. In the outer world, today all is simplicity, earnestness, sincerity and loyalty to the Light. So do not be misled by this, that and the other thing that comes along; but stand serene forever with your "Mighty I AM Presence." It alone can give you your Freedom. Do not seek the many that come as teachers when you have come to know your Presence, dear hearts! I say this in all Love and kindliness; for as long as you allow your attention to be drawn here and there—to this, that and the other thing—you CANNOT have the fulness of the Power of your Presence, which is Perfection and Wisdom.

Now that you have learned this and have had the evidence, most of you, and many of you wonderful evidence of Its Presence and Power, then stand by that until you have the fulness of Its Activity coming forth. Your attention is ALL-POWERFUL, my precious ones! Where your attention is your Life Energy goes—even in the slightest thing! Suppose your attention is upon

the Presence and the Power is flowing through; then you suddenly turn your attention to some discord, you have switched your attention from Perfection to destruction! More than that, you have re-qualified the Wondrous Energy of the Presence which you had been calling forth into action for your Freedom! We try to make all of this Majestic Understanding so simplified, that one cannot help but understand Its True Use.

To-night, as My Love is pouring forth into your hearts and (Saint Germain insists that he interrupt with a few words. Saint Germain: "Precious ones I tell you that it is the rarest privilege for one in physical embodiment to receive the kiss of Nada upon the brow—feel it a Rare Privilege.) as you continue in Our Rejoicing, to hold more and more earnestly to the Presence, with firmer and firmer determination calling Its Mighty Energy into action, do you not see how you cannot long be in limitation, precious ones? It is not possible! A great, great Law is acting—the Mightiest Law in the Universe, which is your Law of Life! Always keep yourselves reminded that when you call your Presence into action, It is your Law of Life that is acting which is Perfection—ALWAYS producing Perfection, unqualified by human discordant feeling. Do you see, Oh precious ones?

My heart rejoices so exceedingly to see the many, many of you who are feeling this more and more clearly, and how within you there is growing that firm determination to allow no discordant thing to hold your attention for a moment. Oh My precious ones, who are so determined to do that, you will soon know your Great Freedom and happiness, beyond even your fondest expectations today. So I encourage you with My Love, with My

Courage, with My Strength to go on and on and on in the acknowledgment of your Presence, calling It forth each day more firmly, until finally Its Great Flow of Energy flows on and on like a mighty river, carrying all obstruction out of your way. Then you move in this Great Pathway of Light, clear, untouched, not knowing the slightest discord of the outer world. So it is your privilege, so it is your right, so it is your authority to move in this Pathway of Light, called forth from your Presence, which prepares the way before you.

Oh My precious ones, there is no happiness in the Universe so great as seeing mankind, through their own conscious application, being set free. Oh loved ones, to-night in the Great Radiance expanding from your hearts, blending as One Great Sun of Light above you, do you wonder that We are thrilled, as your terminology expresses it, with the Glory of your Freedom so near at hand; knowing that any desire which is constructive may be quickly brought into its fullest action by your call to the Presence?

Do you know there is no faculty, you might want to intensify and bring into use, you could not do quickly; if in calm, firm determination you call to the Presence to bring It into action? Suppose we take one who has ability as an artist. If that one would take five minutes three times a day and still himself saying with great calm firmness: " 'Mighty I AM presence' these are Your Hands, this is Your Brain. You take command of this Brain and these Hands! produce Your Perfection, Your Beauty through them!" It will be done quickly. Then to the voice and the musician: " 'Mighty I AM Presence' this is Your Brain, these

are Your Hands. (If it be instrumental music.) You take command and produce Your Perfect Harmonies never heard on earth before!" Before you are aware of it, precious ones, you would be doing wonderful things in the production of great compositions. Do not be mistaken in thinking the first might be great Perfection. It might, according to the harmony within you, but do not accept the first as Perfect. Say: "Oh this is all right, but let's have more and more Perfection!" Then you keep yourself open for greater and greater Perfection to come forth. Precious ones, may I prompt you? Do not get puffed up about your requirements. You see, that so often closes the door to further progress. Oh just be humble, happy, rejoice and give praise and thanks for all that comes, all the time calling for more and more Perfection.

You have all seen the marvelous changes in your voices, since the Great Tenor has seen fit to come into action to give His Assistance. It has been a Miracle so-called, performed. People, who have wanted to sing all their lives, have suddenly found all at once they could sing and very acceptably. Furthermore, I tell you precious ones; there is not one single thing your heart can desire to do that with this Instruction it cannot do, if you will continue with firm determination to call It into action to produce results. The Presence is the Intelligence, the Presence is the Energy, the Presence is the Doer, the Presence has the Power, the Wisdom the Authority to dissolve every limitation and all discordantly qualified substance—ALL—except the points of Light in the cells of your body. Do you not see, at so-called death, when Life withdraws that the so-called faculties and cells are

there, but no Life. Just think—and will you permit Me to use the word—what a frightful, distortion mankind has drawn about itself, in believing the loss of the body was death—as if Life could ever cease to be! So many of mankind have drawn themselves into such density, they cannot see beyond that density. They are not to be criticized or condemned, but they just have to wait, until something shatters that shell. Oh my, the things in the outer world which draw shells about themselves are small in comparison with the human shell, that individuals draw about themselves through discord.

You are having ALL of this explanation, the FULL power of the application which releases you from *every* single undersirable thing. You do not have to longer go on in these conditions which have caused you distress, but in great calm serenity, precious ones, turn with greater and greater firmness to your Presence! call Its Mighty Energy into action with greater and greater firmness, greater and greater joy. In this firmness of calling forth the Activity of the Presence there should be the greatest joy imaginable; for in that you KNOW IS PRODUCED Perfection, in which you alone can rest in Perfect Happiness.

Therefore, the attention to your Presence, the acceptance of this Energy and the consciousness of Its fulfilment in your requirements, is the Greatest Happiness that can possibly be conceived among mankind, when once individuals understand the fulness of Its meaning and that it CANNOT FAIL to produce all they require. As the Messenger has told you many times, if your results are not what you require, say: "Hold on now! there is something in my feeling that is knowingly

or unknowingly obstructing the way! 'Mighty I AM Presence' You take out of me, out of my mind and feeling world everything that is obstructing the Way of Your Perfection and Energy flowing through to produce Perfection for me out here." Then your results will be all you expect and require. Do not be discouraged, if you find the result is not as quick as you would like or as powerful; for if it is not, it is because something in your feeling has momentarily obstructed the way. If you will ask the Presence to take it out, IT WILL DO IT FOR YOU, but YOU MUST remain calm and serene.

These are simple and Majestic Laws, but they are powerful in their action. Will you not, precious ones, settle down into a powerful, definite application with such a firmness that your Presence always answers and know that It cannot fail? Then, as you make your call each time, it becomes more powerful until finally the result is instantaneous EVERY time you call your "Mighty Presence" into action. It must be so. There is not anything that can prevent it, but your feeling world.

So, precious ones, to-night My Joy is boundless in My Humble Effort to be of assistance to you. This Assistance which has been offered, with your full acceptance, will become eternally sustained and active within you, if you will allow Me, at your invitation, to give you greater and greater expansion of That which has been anchored within your feeling world. Now watch out! I see some of you thinking: "Well now I know Nada will help me." Yes, that is true! but do not forget you must help yourselves! You know in your buffet dinners what happens. You might go away hungry, if you did not help yourselves. So is it

true in the application of these Great Laws. If you do not help yourself, you may still be hungry. Do you see?

All of the Great Activities of the Presence are a duplicate of human effort in its *Perfect* State, you see! In your inspiration, in your instruction which you have received in the outer world in the various avenues, all have to some degree helped you. Precious ones, never be deceived in any way! There is no instruction of the outer world that has ever brought you the simplicity and clearness which the Instruction Saint Germain has brought you. He has left nothing unsaid. The Explanation is full and complete and if studied cannot be misunderstood; but do not just read the books once and then wonder why the Law does not act for you. Study them, apply them, become the Master of your world! It is within your right!

Oh My precious ones, when such Powerful Application is within your reach, Oh do not fail to apply it, so earnestly, so sincerely. Some of you will find quick results from your application. Others sometimes will go on and make application and do not see any immediate results. Often, you think: "What in the world is the matter? That person over there is having results! What is the matter with me?" *Do not let that feeling affect you!* You are not concerned with the other person's world—except to bless him! Just go on in your application, until you have your Freedom. The moment your attention goes off into some other individual's world, you are interrupting your own flow. Do you not see how it is? Precious ones, you can enter thus into a world of Great Joy and Freedom, because you know EVERY ONE

whom you meet and might want to help, has a "Mighty I AM Presence" that you can speak to. If you feel you have more ability than they, you can release the Power of the Presence into action to produce Perfection. This is the greatest joy you can have, to be able to release others from their limitations and bring Peace, Happiness and Perfection, into the mind and body of the individual.

I must prompt you, for I have seen this going on among the students. Do *not* feel you must physically rush into a condition in order to give help. If the condition seems to be of a serious nature, I mean invisible influences acting, do not feel you must physically rush into those activities—feeling you must get into action. Stop! Still yourself! and call the other person's "Mighty I AM Presence" as well as your own, to project Its Mighty Rays of Light into that person, place or condition to dissolve it. If there be entities, sieze, bind and take them away, produce Perfection and hold Dominion! There is nothing in the world that produces such results as that! Yet you stand back away from the condition—wholly free from the influence that is causing the trouble.

Precious ones, I have seen some of you blessed students rush in where "Angels fear to tread." That is not necessary I assure you. You being in this sensitized state—do not become afraid of becoming sensitive when I say this—your atomic structure touches the aura of a very vicious condition. If you are not on guard you will accept some of it in your feeling world. Instead of going physically into such a condition, if you will call on the Presence to project a Ray of Light into it, you will produce greater results and yet stand

wholly free. Many of you, if you go into a vicious condition, touch it in your feeling world and you may unknowingly connect with it. Watch out for this! Do not feel that you must physically rush into a thing. Yet, you can give assistance. It will be a wonderful thing if you will do as We explain and you will always stand free and protected.

As I look into your precious faces to-night, it seems to Me that the effort, if it may be called that, of centuries has come to its culmination. You and I have met many times! Does that sound strange? We are really old friends, but you do not yet quite know it. You see, We have met time and again in various embodiments where it has been My privilege to minister. So in coming to this point, the condition has been made ready. We are just old friends reunited after a long absence. So To-night in this Great Feeling, no longer can there ever be any separateness from Me to you, from Saint Germain to you, from Jesus to you, from the Divine Director to you, from the God Tabor to you.

One day, Oh My precious ones, you will learn how great is your authority and power to call ALL these great forces into action, to produce that which you require in the outer world; to cause the storm to cease and become obedient; to cause the rain to fall, when it is necessary and to hold it in obeyance, when it is not; to bless your ranches; to bless your homes and your lawns with the Perfection of the Presence; to cause your flowers and all to produce Perfection. You might also ask to be produced in your yards, things which have never been seen. Would that not be worth trying? Oh, if you precious loved ones in beautiful California and all climates of similar nature, only

realized how one or more could go out and call the Presence into action, to bless your orange groves; to bless whatever the activity or requirement might be! Right then and there see and feel that blessing coming into visibility!

In your recent activity, when the prompting came, *if even the students here* had suddenly called forth with dynamic energy: "Mighty I AM Presence, Great Host of Ascended Masters, hold in abeyance the frost that it may not injure that which mankind requires" it would have been done. Oh my precious ones! you CAN govern every outer activity in the acknowledgment of your Presence in calling it forth. All of these things are simple, yet ALL-POWERFUL and Majestic in their action. Do not let your human intellect say: "That is silly nonsense." Oh It CAN be done, but only as you prove the Law, do you gain confidence and courage. In a case of this kind, you CAN protect yourselves, your orange groves, your trees and crops and give protection to a great environment, if you will. As you call forth such protection in Lower California or wherever it is necessary, then you too would have protection for yourselves.

How We wish, We might convey this Knowledge to all these blessed ones throughout the whole of California, that they might have AT HAND CONSTANT PROTECTION and not ruin their vegetation and homes by the smudge. That crude activity has been a great protection, but do you not see how it would be wholly unnecessary, if the blessed ones understood the Law? At first, if enough of them had come together and issued these Decrees for protection, whether it was necessary or not, these other activities could not have

caused destruction. If the students would begin in the fall and call: "MIGHTY PRESENCE THROW YOUR RADIANCE OVER ALL THESE ORANGE GROVES AND SEE THAT NO FROST TOUCHES THEM THIS SEASON," DO YOU NOT SEE THAT IT CAN BE HELD IN SUSPENSE IN THE UPPER AIR WHERE IT COULD NOT HAVE HURT ANYTHING?

These are activities that We know *are true* and *can be used constantly*. We cannot *compel* you to use them, Oh precious ones, although they are instantly active; but We try to convey the feeling to you, that you CAN apply the Law in any given condition and have the results quickly. We call your Presence into action to give you Courage and Confidence in your application, so you know definitely It cannot fail and that It does produce instantaneous results. Then, as you gain a momentum you do it. *Oh the privilege is so great!*

My Love enfolds you, Oh precious ones, and the flow of Its Light quickens the Activity of the Light within you. We charge It with Courage and Confidence, born of the Ascended Master Activity, to sustain you in that Courage and Strength, until by your Self-conscious effort, you call It forth and have the results It produces, actually within your outer feeling. In this way, you release the fulness of the Ascended Masters' Courage and Confidence, through the results which you attain.

Oh My precious ones, to-night My Cup is overflowing with My Great Rejoicing in this opportunity to speak to you. My Privilege is of conveying in My Humble Way some Assistance, may It ever expand and bless you. May I ask this Group to each night when your closed Group meets here,

to just actually *feel* Our Presence, because We shall be here. Feel the glorifying, electifying Charge of the Ascended Master's Consciousness, taking command within your feeling and holding Its Dominion there so beautifully, so quietly, so serenely. Then straighten up and just feel that Great Light going out everywhere, going before you and clearing the way from all obstruction of human creation and limitation. Then, in the Great Light of your Presence you move forward, God the "Mighty I AM Presence" in action, which knows no resistance or interference. In such kindliness and gratitude pouring forth everywhere, every one will turn and wish to serve you. Only when you set up resistance do people turn away! When you release Love and kindliness, every one will wish to serve you and be with you.

My Love enfolds you always unto the Fulness of your Perfection and Ascension.

· AFFIRMATION ·

"Mighty I AM Presence"! we decree, that every vicious force in mankind, the earth and its atmosphere SHALL understand NOW AND FOREVER that it has met its MASTER, when it touches THIS ACTIVITY AND LIGHT OF THE "MIGHTY I AM PRESENCE" AND THE ASCENDED MASTERS. IT SHALL BOW and pass into oblivion for ever, by the POWER OF THE THREE TIMES THREE, the UNFED FLAME AND THE COSMIC LIGHT.

"I AM" STUDY GROUPS

WE ASK all Student Groups to give the recent decrees, published in "The Voice of the I AM," with the greatest Power and determination and the deepest feeling of their Beings, that various activities within our country may have a special Stream of Light directed into them, to bring forth the GREAT PERFECTION which should be expressing through them.

As they are activities effecting great quantities of people, because of their service to mankind in the channels of necessities, then we and the students everywhere should call the POWER OF THE GREAT COSMIC LAW OF THE "I AM" and the Ascended Masters to come forth harmonize, purify, take possession and operate all such activities, for the Blessing and PERFECTION of all; and demand that Divine Justice act in all of them forever, blessing the people without limit eternally.

This service of making the call MUST BE GIVEN by enough unascended beings—NOW—if America is to have her protection, illumination and PERFECTION. We ask every "I AM STUDENT" to feel his own personal responsibility and the need of this as intensely, as if the safety of the entire nation depended and rested upon him alone.

The small groups should not be disbanded when the large groups are formed, but should be retained and new students taught to do this with

all the power of their beings that America and the world may be blest. Saint Germain said to the students at the Shrine class January 1st, concerning the Group Activity:

"One human being wants to govern another and set up laws, when the Laws are in the books and in the Group Outline, which the *Divine Director has sanctioned—and asked be used.* Some unhappy individuals have accused Mr. Rogers of having brought out that Group Leaders regulation. Every word of it is from the books or the Magazine. He simply brought it together and it was blest and sanctioned by the Divine Director.

Now, blessed ones, and the visiting students and Group Leaders from various parts of the United States; please carry this everywhere for me: ANY GROUP LEADER THAT DOES NOT WISH TO FOLLOW THAT OUTLINE—PLEASE DO NOT BE A GROUP LEADER! We wish to bring a regulated activity that will be a Mighty Focus throughout the United States, for the Freedom, Protection and Blessing of mankind. If We cannot be obeyed, when We know the LAW and bring before you that, which We know will enable you to be FREE, then again We cannot help you. . IT IS SO IMPERATIVE AT THIS TIME!

Tremendous protection has been given the coasts of America! Do you want to undo that, beloved students everywhere, and let this cataclysm come forth and destroy all, just because you will not control your human impulses?

Now, precious ones, let us come into ONE GREAT PILLAR OF LIGHT in the future and make this year one of the most magnificent in the Victory of the "Mighty I AM Presence," that has ever been known in the history of the world! IT CAN BE DONE!

IN TIMES of great national emergency, do the "Students of the Light" have a chance to prove their Dominion over the outer world and let every human being know the full meaning of those Mighty Words: "The Light of God never fails."

Our aeriel transportation is an Ascended Master Activity. When anything tries to bring destruction upon it, it is truly a national emergency, in which the "Students of Light" should take supreme command. As this Activity is so closely connected with the youth of America, it seems fitting that they should take it upon themselves to make it, by their mighty power, impossible for destruction to ever touch our airlines again or any aircraft within the United States of America.

With the Great Perfection which is being brought forth in the new equipment now in use, it is almost impossible for an accident to happen through either mechanical failure or weather conditions. The personnel of the airlines is the most receptive, to the Assistance of the Great Ascended Masters, of any industry in the world, which leaves only one possible source for destructive activity. That source is consciously directed vicious force, from those same individuals who would give their lives to see a single "Student of the Light" fail to make his Ascension.

Therefore, it is the Decree of the Great Host of Light that: "Never again shall destruction touch the great service of aeriel transportation within the borders of this Land. This same Mighty Protection should be rendered all activities of transportation and communication.

Our great communication systems are included because, if attacked by these sinister activities in time of great emergency, the safety of our entire nation might be endangered. There are now in existance many ways of rendering radio and other communication systems worse than useless.

The public utilities should also be given great protection, for they supply the activities of Light and power. Think! what terrible distress human life would be forced to endure without Light and power—in both the Inner and outer activities of these necessities. The outer is but the symbol of the Inner and is in reality an Ascended Master Activity.

It is the duty of the "Student of Light" to issue such a Mighty Decree, for the protection of these activities, that they are forever maintained and sustained in the Service of the Light. As the Great Host of Light come forth to prove those Mighty Words, "The Light of God never fails," many of the great commercial activities, which in the past have given expression to selfishness and greed, will face about and serve the Light.

Why? Because there is a consciousness in the heart of every human being which knows, the only permanent Victory lies with the Constructive Way of Life. Therefore, do not hate these great industries for possible injustices of the past; but wherever you see anyone turning to the Light and standing for It, send him your Blessings and know he is YOUR BROTHER IN THE LIGHT.

In the early 1930s the Ballards established Saint Germain Foundation and Saint Germain Press, Inc., which under Saint Germain's Guidance, have expanded into worldwide organizations that offer to mankind the true Ascended Master Teachings on the Great Cosmic Words, "I AM"! Saint Germain Foundation strives to keep the "I AM" Ascended Master Instruction in Its pure, unadulterated form, free from any human interpretation, personal monetary gain, or proselytizing, as It is a Gift from the Great Ascended Masters and Cosmic Beings to bring Illumination and Perfection to mankind.

Hundreds of "I AM" Temples and Sanctuaries exist throughout the world, where the Teachings are applied in "I AM" Decree Groups. DEDICATION

HE FACSIMILE EDITION OF *The Voice of the "I AM"* 1938 contains the original text as written and edited by our Beloved Mr. and Mrs. G. W. Ballard, Accredited Messengers of the Beloved Ascended Master Saint Germain. The Magazine was designed and printed by Charles Sindelar in Los Angeles, California. Sindelar Studios continued to print the Magazine until 1942. Saint Germain Press, Inc. then assumed publication with Mrs. Ballard continuing as editor until 1970.

The Discourses in this Book were dictated by the Ascended Masters through Mr. Ballard. The articles were written by Mr. and Mrs. Ballard. It is the *True Instruction* from the Great Host of Ascended Masters and Cosmic Beings. This original Material, which contains a vast knowledge of the Great Law of Life never before given to mankind, is being reprinted in book form for the convenience of the "I AM" Students.

Following are the Words of our Beloved Mrs. Ballard:

. . . The requirement of a Group Leader is that every Group Leader study these Books. And I mean study them! Not just read them—I mean study and study and keep on studying. I keep studying myself,

even though I am editing new copy, and we're running new publications all the time; yet I go back over and I study and study and study those Books. And I tell you, if you will at least read, if it's only a few pages of one Discourse, before you go to bed at night . . . any time of the day that you've got a few moments, if you will only sit down and read a few pages of those first three Books, and keep on reading them, and then pick up your other . . . publications. Don't let the day go by that you don't study. And I mean study, because the average person's mind is not a student mind.

You can read things and still not study them. But, read, and read, and keep on reading so that you charge your mind and your feeling, the atmosphere about you and your affairs with the Radiation from the Words of the Ascended Masters—because it's the Ascended Masers' Radiation through those Words into you and into your affairs that enables your Calls to be fulfilled and your affairs regulated and yourselves to be cut free from distress. You just can't do it forgetting those Books.

People have got plenty of time to go out and do all the things they want to do, but when I have ten minutes I'd rather read those Books than do any other one thing in this physical world. It hasn't anything to do because some of Them came through me.

It is with Loving Gratitude to the Ascended Masters who have given us this magnificent Ascended Master Instruction to so live within the Ascended Masters'

World, that Their World of the Sacred Fire's Immortal Perfection becomes our pathway to the Victory of the Light.

It is our duty to our Country, our Nation, and the world to demand the Sacred Fire's Purity, and nothing else will set us Free. The duty is clear; it lies ahead of us. The Power is unlimited; our Victory is assured, but we must "Stand, Face, and Conquer" as the Ascended Ones have done. They are willing to show us how to do it now. To that end are we privileged beyond anybody else on this Earth.

I think I've never explained it completely to a Student Group. The Truth, the Information and Ascended Master Words that are given in the Saint Germain Series and *The Voice of the "I AM,"* on the Records and in our Decrees and in this Instruction is the ASCENDED MASTERS' FIERY CHRIST TRUTH AND INVINCIBLE LAW BY WHICH YOU CAN GAIN YOUR FREEDOM! There have been Volumes given. If everything that has been given were in print, we'd have a library of almost 500 Books of 500 pages a piece and that wouldn't cover it all. . . . There is not one thing They [the Ascended Masters] ask us to do that would be any injustice to Life anywhere; there's not a thing that isn't constructive.

Thank you for your Love of the Light, your Service to It, your willingness to stand in It. And now let us use that Sacred Fire to purify our Nation and forever

hold Ascended Master Victory and Freedom for the Earth.

LIGHT MY WORLD

IGHT My World in My Great Name"!
Is Life's own Call in Words of Flame!
In blazing Streams of heavenly Light,
Piercing the clouds of human night,
Calling to all mankind once more
To lift its heart and to adore
The Presence of the Great "I AM,"
The very breath in every man.

"Light My World in My Great Name"!
Let those Great Words of Mine acclaim
The Cosmic Day for all the earth,
For Light shall give mankind new birth!
In Might, in Pow'r, no tongue can tell
The Flame comes forth with man to dwell—
The UNFED Flame from out the Sun
Comes forth to bless and free each one!

"Light My World in My Great Name"!
Let every voice those Words proclaim!
Let every heart now feel them too,

· THE GODDESS OF LIBERTY'S DISCOURSE ·

· *West Palm Beach Class—December 5, 1937* ·

BELOVED children of earth, in My endeavor to assist the Ascended Masters in preventing the third episode of Washington's Vision, which it was My Privilege to give him, in the defense of America, the Great Cosmic Beings have come forth—the Silent Watcher, the Great Cyclopea, Arcturus, Victory and His Associates from Venus. By this all who are sincere may understand the great effort that is being made to assist mankind to their Freedom; in other words, prevent their destruction.

The devastation that has been planned for your America, make no mistake, would have begun more than eighteen months ago, if it had not been for the tremendous Power released by Saint Germain through the Messengers. The ignorance of mankind, in individuals' refusal to understand the Law of Life, has brought about the conditions which exist in the world to-day. Unless the feeling of mankind goes higher than human consciousness, in nowise can it find any place to receive assistance. The only Beings, Who can give the needed Assistance mankind requires to-day, are Those Who have gone through the Life which mankind experiences and Who have gained Their Freedom through this identical Understanding of the "Mighty I AM Presence," as Saint Germain has brought It forth. There is no other means of Freedom nor protection to mankind, individually nor for the nation.

We have watched throughout the centuries. Mankind, in the individual's endeavor to right conditions, gets deeper all the time into human creation. There is no release—no relief for mankind—until individuals come to understand their Source of Being, which is the Giver of all Life. That is the focal point. That Intelligence is represented by your own God Presence, upon this Chart before you. This was brought forth to give mankind the eye picture so everyone might fully understand, comprehend the position and know his connection with his Presence. Hundreds of thousands of people in the world have called to know how to make their contact with their own God Presence.

Saint Germain has shown you here your real

connection. He has shown that you have never been disconnected. Therefore, if you profit by it, you will find your Freedom and quickly. Too long has mankind believed in human power. Human beings have gone on in their depravity and unbelief, grinning and smiling in their own ignorance. Therefore, they have been wondering what makes the conditions in which they exist. Their very ignorance!

To-day, when the opportunity is offered mankind to free itself by calling on the Law of Forgiveness for those mistakes; and having found a Power direct from the Godhead of Life, then individuals have found a means by which assistance can be given. Every human being who will not understand his "Mighty I AM Presence," his Source of Life, will continue on the wheel of birth and rebirth indefinitely. It will be a long time before mankind has the opportunity it has to-day, in the great Assistance which is offered. We cannot tell you how long this Opportunity will be offered! It all depends upon the Great Cosmic Light that is flooding the earth and upon the willing obedience of enough of mankind.

I say this for the comfort of the sincere "I AM" Students: "Beloved ones, have no fear of the coming changes! Your Presence is the Governing Power of your Life! Unless you become over-fearful, It will always see that you are in the place of safety. Remember! the Laws of this world, the Laws of Life are not by chance. A definite Light, Power and Wisdom is directing things."

Will you remember to-night, that in the beginning of your nation, there was given the outpicturing, the warning, of its future? The two first episodes of that Vision have been fulfilled. It

should give mankind confidence that Wisdom was directing the Vision. Therefore, the third episode has been the greatest danger confronting mankind to-day. If it swept into America, the whole world would be in a seething vortex of destruction! Now, you can understand, what it has meant for Us to come forth and offer this Assistance.

When We see what is in the Life Stream of many, if it were not for the Great Wisdom, even We might wonder at the out-come. We know the Infinite Power of Light and what the Great Cosmic Light can do. Having given two promptings to the world, that in the final crisis, the Light as of a thousand suns shall descend into the earth and dissolve and consume all human discord and selfishness from the planet, it would indicate limitless Assistance.

As a greater number of people come to understand this Presence, then Our Hope rises for the mankind of earth. To-day, you, who are needing this Assistance, will be very wise if your human creation is such that you can accept it. It is not We who need the Assistance, but humanity which is in the condition of limitation. To-day the opportunity is before you. It is the solution, not only of your own individual problems, but of the nation's as well. There is only one means anywhere by which the permanent solution of anything can come, and that is by sincerely, firmly, calling your own God Presence into action. Those who will not do that will see the mistake too late.

When mankind is being offered every assistance possible and then it is seen that individuals are not interested in their protection or freedom, the Light withdraws! The Light does not have to seek mankind. Mankind must seek the Light! That has

been the difficulty with humanity in its previous understanding. It believed the Light, God, would seek mankind. Not so! Mankind by the individual's own volition created the conditions in which human beings live to-day. They must now by their call un-create or dissolve and consume those conditions, or they will remain in them. Therefore, beloved ones, take advantage of the opportunity which is offered.

From My position in the Cosmic Octaves of Light, I have chosen to come forth into the rooms, the buildings where these Classes are held, and pour forth My Radiance to you, that you might awaken and have these Blessings; that you might come into your Freedom by the True Understanding of your own Life. Yet there are those who come into the room with just the outer world's fulness in their minds, when they are facing the most serious condition ever confronting humanity on the face of the earth; a condition that either means the Freedom or the annihilation of mankind. Which will you have?

You have heard the Messenger say, that this Understanding is no idle thing. It is the Power of Great Wisdom which is bringing to individuals This Understanding. It is bringing the Solution of all problems and explains everything that exists. It is the Understanding that corrects the mistakes of mankind. If the individual will not correct these mistakes, then the Light from that individual will withdraw and he will remain in the darkness of his own creation.

Follow Me for a moment in the picture! You think, when you turn out the lights in your room, there is darkness. I tell you, it is not a fragment

of the darkness of one's own human creation. In the psychic or astral world, which is one and the same thing, the darkness in which those, who were once human, are bound, is a darkness so much more dense—so much more frightful—that there is not the slightest comparison. Does mankind want to go into that darkness? When human beings enter into that darkness, having left the human form behind, they remain a long, long time in that darkness. There are those, by the hundreds to-day, who are living in a small world of that darkness and density of their own creation! and they are calling, calling, calling for Light!

There are human beings moving upon earth whose darkness is far greater than that outside at night. This is why I have come forth to try to shatter that darkness and ignorance of mankind by releasing the Light and Its powerful vibratory Action which interpenetrates and dissolves the darkness. It is quite similar to when you come into this room and turn on these Lights. The darkness disappears! So, when We turn on the Light through the Vibratory Action of Our Own Radiance, so do We dissolve the darkness of human creation.

Will you be kind enough to feel deeply within your own being that the choice is yours NOW? You will not have a hundred years in which to choose! It may be only a few years. The opportunity is offered to you. I am speaking now, not only to those present in the room, but through those Mighty Currents of Energy, established in the feeling and mental world of mankind, I am making this Call to-night into the heart of the people of America. Awaken NOW! or sleep for a long time!

When once this Understanding has been offered there is no longer excuse for any further delay. It is said, in one of your expressions, that "opportunity knocks but once." I say to you, that opportunity has knocked at your door many times in every Life-time you have lived! but mankind is so satisfied in its limitations, that only now, when these Words of the Ascended Masters have come forth carrying the Qualities of the Ascended Masters, has mankind begun to awaken to its own Reality, to its responsibility, and to the need of your beloved America!

You, Oh people of America, should be as interested as I! Your Beloved Saint Germain two hundred years ago, came to bless your America and established Washington as its President. In the crisis of gaining the Victory of Liberty, I came as described in that Vision and gave to him the future of America. Saint Germain gave Washington the Power of Victory! for when his soldiers' feet were bleeding in the snow and he knew not which way to turn, this Wondrous Being, Saint Germain, came to his assistance.

To-day, beloved ones, there is coming to your assistance again the Host of Ascended Masters—not only one, not only two, but the Great Host of Ascended Masters! the Legion of Light! and the Great Cosmic Beings Who have before poured forth Their Radiance only from a great distance to the earth! Now, They have come forth in person, to render a Service for mankind. Is it possible, that human beings will not awaken and accept the Beauty, the Glory, the Protection and the Freedom which We offer?

To-night, Oh beloved ones, you rest in the arms

of Light. Be not like some, who have come into this Understanding and by the foolishness of human gossip, have turned aside to the husks of Life again. The choice is yours! You may have your Freedom or not! The choice is yours! We are offering you everything as a free Gift of Life.

If it were not the Power of Light, which the Messengers are wielding, do you think it would be possible to go forth in the world of discord and chaos of mankind as it exists to-day and receive the support for their activity by the Love of mankind? If this were not the Power of Light, do you think they could carry on this Activity where no one is ever asked for a dime? The Light within the heart of mankind has begun to carry forth this Light. Never in the history of the earth was such a thing known! Mankind is coming to know the Presence, the Treasure-house of the Universe; and what it means to give as a glad free gift of Love, all good. Then it receives all good, from the Presence of all Life.

There are many who are understanding this clearly and I rejoice with them. Precious students of Saint Germain, I love you because you have responded so sincerely and so earnestly to His Call. I thank you and I pour forth from My Fountain of Limitless Youth, Power and Divine Love, My Blessings to sustain, enfold and assist you in your onward journey and Victory.

How great is the Love of one Cosmic Being!—the human intellect could not possibly comprehend It! but in your heart you can know what that means. Try to live in your heart! Try to be the Light anchored within your heart! Then, let the Great Wisdom contained within that Light

flood your being and world. Let It carry you forward like a babe in its mother's arms, safe, protected, free from all discord. The child in the mother's arms does not fear. It is safe while it is in its mother's arms. So you to-day, Oh My children, are safe within the Arms of the Light which enfold you to-night, if you will but remain there.

Do you know, beloved ones, that I am your Cosmic Mother? The Goddess of Liberty—the Cosmic Mother, of the children of America—and because you are here, again there is no mistake. Try to feel that in Life there are no mistakes of any kind. In following the human impulses in mankind is where mistakes begin and finish.

As I hold you now in this Great Embrace of Light, try to feel yourself held in the Arms of your Great Presence of Light, just a child willing to give all necessary obedience to that Great Parent of Life. You think your homes are many here, but I say your home is there in the heart of your own God Presence, and there is none other! In that Home there is Perfect Happiness, the presence of all that is required for the activity of Life. You had forgotten it! Now that you have been reminded! will you not enter in and have all the fulness of all Life holds for you?

I commend you to the fulness of Perfection, to the direction of your own Great God Presence, the "Mighty I AM," to be free. Open the doors of your Being wide, for not only the Inpouring and the Out-pouring, but to bless all with whom you come in contact. Will you carry forth from this room to-night My Love, My Light, My Blessings, and when distress besets you, will you feel yourself cuddled up in My Arms? I thank you.

· THE "I AM" SPEAKS ·

MR. BALLARD'S AFTERNOON INVOCATION

· *West Palm Beach, Florida—December 5, 1937* ·

MIGHTY Infinite Power of Light Which is the Life of every form! "I AM" the Presence of Victory there! "I AM" the Strength, the Courage! "I AM" the Health! "I AM" the Mastery there! Let no human qualities longer try to obstruct My Way! "I AM" the Life beating each human heart! No longer shall I permit human qualities to obstruct My Way! Every human self give obedience to My

Light Which has given you Life through the centuries!

"I AM" the Power of Light! "I AM" the points of Light within every cell of your body that has waited throughout the centuries to take My Dominion! I say this to the outer form of every human being! This goes forth on the currents throughout the earth, into the mental and feeling world of mankind to do Its Perfect Work! Ere long the Light shall compel every human being, every human form, to give the necessary obedience to Me, the "Mighty I AM," that I may release them from all limitations and discord of earth.

"I AM" the Presence of Nature which demands its release from the discord of mankind. The earth —Nature—is calling for its release from the quality which binds it in imperfection. When that call comes, the Cosmic Light which "I AM," answers in the fulness of Its Mighty Power. When It reaches a certain state of vibratory action, the human form who will not give obedience becomes dissolved. Then must that Stream of Life wait a long time before such another opportunity.

I speak in My Own Authority, children of earth! If you will not give Me obedience, then I shall not be enabled, even through that Stream of Life, to withhold the results of the human creation which belongs to you!

"I AM" the Presence that creates only harmony and Perfection. Let all the world know once and forever, that no human creation, no discord was ever created except by the misuse of the energy through the Intelligence loaned to the human form.

To-day, I speak to you in My Own Authority, calling for obedience! This reaches into the mental

and feeling world everywhere. Mankind listen! Mankind everywhere, LISTEN! Give obedience, if you wish to profit by this greatest of all Opportunities in more than one million years upon earth!

In this opportunity to speak My Will to mankind, reaching all mankind, so shall My Dominion come!

"I AM" the Infinite Power and Out-pouring of Divine Love to every form who will ask for It.

"I AM" the Open Door in every human form which no man can close, except the one who is Guardian and acting within that human form.

"I AM" the Light of your heart filled with health, strength, courage, happiness—such happiness as no one yet in the unascended state has ever experienced!

Do not blame anyone but yourself, if you are not willing to give this needed obedience. "I AM" offering this Opportunity in the greatest Love ever poured forth on earth.

"I AM" the only Presence of all Life! My Words, expressing Myself, have now found attention from the children of earth.

"I AM" the Presence which has given you those Qualities of My Own, by which to govern your Life, and you have forgotten them! No longer, beloved ones, forget My Presence, for "I AM" your Life! "I AM" your breath! "I AM" the fulness of everything of Perfection which you are willing to accept! Stand in My Presence, Which you have come to know, and every discord shall be swept from your world and pathway.

Be not impatient! After centuries of having forgotten My Presence, Yet still is My Love forever the governing Presence, when admitted into action!

My Wondrous Messenger of Light, Saint Germain, has given you the opportunity to be free! I speak these Words to you to-day! They are Life acting forever in your human forms!

The simple thing I ask you to do, to give Me Full Dominion in those forms is to maintain harmony in your feelings and joyous determined call for the greater, ever-intensifying release of Myself, into your human form and world. May you realize this in its fulness to-day. Rarely do I speak direct to mankind, except through their feeling. Thousands of times I prompt mankind through their feelings, but the attention held upon the human desires forgets My Prompting! May that cease forever! Henceforth to you may My Prompting be clear, definite, powerful, so it cannot be misunderstood!

"I AM" the Presence of all Light Which holds you close in My Wondrous Embrace of Light, of Divine Love, of Authority, of Victory! Will you accept It to-day and let It go into action to set you free quickly? It remains with *you*!

My Love shall enfold you forever, and I shall stand waiting, waiting—I hope not long! but still shall I wait until you come home to Me. My Presence, represented there on that Chart, waits the home-coming of every one in human form. I hold My Arms out to you! Will you come home and abide in Me, and know no more the struggle of earth?

This day, which represents to all mankind their Freedom, you have before you the Law of Application, which will enable you to call forth My Powers, to quickly assist you into My Being, when We shall become ONE forever!

· WE THANK YOU ·

N the Name of the Ascended Masters and our own "Mighty I AM Presence," we wish to thank every "I AM" Student and all under this Radiation for their Christmas cards, gifts and for all they have done in the past year for this Service of the Light!

We call the "Mighty I AM Presence" and the Limitless Hosts of Light, to pour back to you such a Mighty Outpouring of Their Glorious Blessings of every good thing, that there is not room in your world to receive all the Good released into your use.

We thank you for your own precious selves, the Love you have sent forth, all you have given, your courage, strength and willingness to help us carry the Light and to give these DECREES. To all that you have poured out, we add all of our own and offer It to the Ascended Masters, to be amplified without limit and charging It with Saint Germain's Ascended Master Consciousness, give It to Him to do with as He knows best; for the protection of America and the illumination of all mankind.

We call the Ascended Masters to clothe you in Their Crystal Armor of Light-Substance and see that no disturbance ever touches you, your world, atmosphere or environment again. We love you, we bless you and hold you forever in the full Perfection of the UNFED FLAME,

Lovingly in the Service of the Light,

THE BALLARDS

· ARMOR OF LIGHT ·

LESSED "I AM" Students everywhere learn, to call your own "Mighty I AM Presence" and the Great Host of Ascended Masters, to clothe you in the Ascended Masters' Armor of LIGHT-SUBSTANCE from Their Octave of Life.

This ARMOR OF LIGHT is just as REAL and tangible as your physical garments which you wear every day. It is a condensation around you of the Pure Electronic Substance of Light from the Heart of your own "Mighty I AM Presence," charged with the Ascended Masters' Consciousness of ETERNAL INVINCIBLE PROTECTION.

It is made out of the same Substance of Light which you can see floating in the atmosphere around you on a sunshiny day. Anyone can see these tiny points of Light flashing and darting everywhere in the atmosphere. That is what the Ascended Masters speak of as the Substance of Light, for It can be focused and condensed into Liquid Light, then condensed farther into a tangible substance which is crystal clear, harder and far more brilliant than the purest diamond.

This Armor of Crystal Light, which the Ascended Masters have asked the students to visualize clothing themselves, is a very REAL, ALMIGHTY GARMENT. It is the Garment which the Ascended Masters Themselves wear, when They go into the psychic plane to release those who have been caught in that unhappy realm. All forces of darkness are terrifically afraid of the Dazzling White Light, which this Garment radiates forth into the surrounding atmosphere; and they know instantly that their end has come.

It is this INNER GARMENT of the ASCENDED MASTERS which was represented in the Armor used by the Knights, when going on the Crusades. The appearance of the Armor of Light is very very similar to that of steel or silver armor which the Knights of old wore in their quest for the Holy Sepulchre. Even the Helmet worn by the Knights, when drawn down over the face, hid the identity of the one wearing it.

In the same way, does the Ascended Master wear a Helmet of Light-Substance over His Face with only the Eyes visible, when blazing His Way into the psychic realm to answer the call of someone who is caught and bound by the vicious individuals there. When the Ascended Master approaches the one to be set free, He carries a Sword of BLUE FLAME and cuts the imprisoned individual free, from the octopus-like claws of the vicious forms which bind those unfortunate beings.

This is the ALMIGHTY TRUTH of those conditions of which humanity is almost wholly ignorant; but yet to which it is compelled to submit because of that ignorance. If human beings knew the LAW of the Ascended Masters concerning Light and understood the conditions in the psychic realm which bind humanity and create all vicious activities human beings experience, people would realize how imperative it is to call to the Ascended Masters for Help and to give obedience to Their slightest request.

Then, all vicious conditions in the earth and its atmosphere could be removed. Mankind could help release itself from its own miscreation and come through into the Victory of the Great Cos-

mic Light, which is the Eternal Freedom of the Ascended Masters.

Every morning when you arise, as you put on the garments of the physical world, never fail to Call your "Mighty I AM Presence" and the Ascended Masters, to clothe you in your Ascended Master Armor of Light-Substance; charged with Their Protecting, Harmonizing, Governing Power! and to keep you, your atmosphere and environment free forever from disturbance of every kind.

Blessed ones, who are moving in the outer activity of the world hours each day, this Mighty Armor of Light is one of the most Powerful Perfect Activities you can ever use; not only to protect and harmonize yourself, but to give assistance everywhere you move, for the purifying illumining and Perfecting of all conditions you contact.

Let no one be unfortunate enough to doubt or question the REALITY of this Mighty Ascended Master Activity! which we have just described above! Better had you never been born in this embodiment, than to doubt or ridicule an activity of the Great Law of Light, which means the Great Law of Life—YOUR OWN LIFE!

Just because individuals do not know of these Mighty Activities of the Law of Light does not take them out of the Universe nor exempt you from their action. When you stop to think, how very few hours you ever spent out of a whole lifetime even wondering about Light, much less actually trying to find out anything about the action of Its Law, you will realize how great is your own ignorance and that of all mankind, in regard to Light's Activity anywhere in the Universe.

Since the Ascended Masters are the living Fulfilment of the Great Perfection of Life and are the Directors of the Limitless Power of Light, through the projection of the Light Rays, then it is about time every individual listened to and applied this MIGHTY LAW to prove It for himself and have the Eternal Freedom which It always brings.

Light is Substance and whoever can accept the TRUTH of that statement and apply this Ascended Master Instruction concerning It, can become first, MASTER OF HIMSELF then, Master of circumstance wherever he moves, for the blessing and Freedom of all he contacts.

The Armor of Light is REAL! The Helmet of Light is REAL! The Sword of Blue Flame is REAL! Not one destructive result can ever come from the use of any of these; because your own "Mighty I AM Presence" and the Ascended Masters are the only ones who can create, use and sustain them! Therefore, call your Presence to use them daily to set you free and to help your fellow man, who knows not where to look for Light.

Visualize the Ascended Masters' Armor of Light-Substance around all who sincerely seek the Light and serve It! Visualize a Wall of the Ascended Masters' Light-Substance around and above our beloved land of America, charged with the activity of Light that repels everything which seeks to enter the Americas, that does not have constructive intent to their people!

Then, the Ascended Masters will take up your focus of that Light-Substance and amplifying It by the Power of the Cosmic Light, condense It into an Activity which shall forever guard the

Americas from the discord in the rest of the world.

Remember! you are Sons and Daughters of Light! You are the Guardians of the Light in America! America is the "Cup of Light" for the whole world! So wear your armor of the Ascended Masters' Light-Substance, Blaze the Victory of the Light everywhere you move! and become the Fulfilment of the Law of the "Mighty I AM Presence" here and NOW—a MASTER OF LIGHT! Illumining the Way for your fellow man, to win his Freedom in the Light also.

Then, you are truly an AMBASSADOR OF LIGHT FROM THE MOST HIGH, the Great Host of Ascended Masters, from the Octaves of Light, your Eternal Home!

· DECREE ·

"Mighty I AM Presence," Great Host of Ascended Masters, Mighty Legions of Light, Great Cosmic Beings and Great Cosmic Light! In the Name of the "Mighty I AM Presence," in the Name of the People of earth, in the Name of Life! blast all war, its cause, effect and record from mankind, the earth and its atmosphere forever! and replace it by the Ascended Masters' Directing Intelligence, Obedience and Perfection eternally sustained and ever-expanding.

The hour has come to see the shining face of your "Mighty I AM Presence"! Its slender Hands point you every minute to Victory and every second is now filled with Mighty Ascended Master Miracles of Perfection forever!

· "I AM" ·

· Saint Germain's Minute Men on Watch ·

PROTECTORS of America! Stand guard everywhere within our borders and hold the Ascended Masters' Victory of Light everywhere you move! Silence the tongue of every human being, who attempts to stir up discord among our people. Call to the "Mighty I AM Presence" for the release of such a blaze of Cosmic Light, that no human quality of viciousness nor discord can longer act to limit or distress our land.

You, the People of Light, in the business world can each do the work of ten thousand if you will

call the Great Cosmic Beings, to send Their Legions of Light into the physical octave of earth and bring forth the conditions of Perfection which must come into America NOW!

You, who spend many hours of each day in the business world, have a most glorious opportunity to apply this "Mighty Law of the 'I AM' " everywhere you go; calling It into action to produce Balance in all conditions you meet; and to wipe out all injustice in the industrial world.

The Ascended Masters WILL release Their limitless Power of the Cosmic Light; if you will make the call for It, in the Name of the "Mighty I AM Presence" and in the Name of the American People.

When enough people call for Light, with great sincerity to the Source of all Life, the "Mighty I AM Presence" and the Great Cosmic Beings, Life is compelled to answer! That answer is the expansion of the Light within every person, place, condition and thing, to the point where no discord can longer vibrate within nor attach itself to them. The vibratory action of Light is the same as the use of centrifugal force. When it reaches a certain frequency, it repels everything unlike itself. That intensity and Power of Light can only act in the physical experience of human beings, when It is called forth with determination; and directed to the accomplishment of a definite purpose.

Make your daily call to your own "Mighty I AM Presence" and the Ascended Masters to silence and wipe out every un-American activity within our borders; until the whole world realizes, that Americans love their country; and ARE able to release a Power of Light which compels the whole

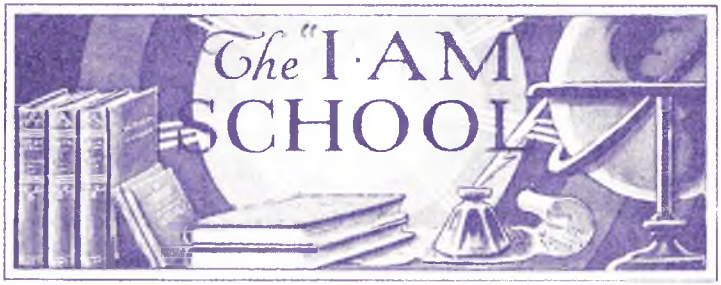
world to respect us and give the justice that is our due.

Light and Love are the two Activities, which sinister individuals and forces dare not use; because to do so would mean their own annihilation; but you, who stand for the highest Ideals in Life, CAN release the Power of Light and Love without any limit, through your call to the "Mighty I AM Presence" and the Ascended Masters. Your call opens the connection into Their Octave of Life, through which They direct Their Mighty Light Rays, into every condition less than the Perfection which is the TRUE WAY OF LIFE.

No matter what your business problems are, look at them squarely, and say: "Mighty I AM Presence" and Great Host of Ascended Masters! take complete control here! blaze into this condition Your Full Power of the Cosmic Light! turn it into a Mighty Ascended Master Miracle of Perfection, keep it eternally sustained and ever-expanding to bless all! Take your feeling and attention from it, keep yourself harmonious, especially your feeling, and see the marvels which will take place in your activities.

We wish to thank the student from Winter Park, Florida for that blessed one's help in the Radio Broadcasts. We bless you with all the Protection, Prosperity and Perfection of our "Mighty I AM Presence" forever.

—Mr. and Mrs. G. W. Ballard



BLESSED ONES in the "I AM" School, remind yourselves often, that your intellect which is in your head does not know the TRUTH about anything, unless it becomes illumined by the Light, which is the FEELING within your heart and reports Perfection to you.

All teaching of the past has failed to give mankind the Freedom of Life and the Victory of the Ascension; because the intellect was not made the servant of the Heart. The heart is where the individual's Stream of Life from his own "Mighty I AM Presence" is anchored; because the heart is the point of PERFECT BALANCE within the human body. The heart is a "CUP" of the physical substance of this world into which the UNFED FLAME descends to hold Its Balance and control of all outer activities of the human being.

This is why Jesus and all Ascended Masters have said: "As a man thinks in his heart so is he." As children of the "I AM" School, always notice how you FEEL about a thing before you start to do it. In every lesson you study, make yourselves become very still a few moments before you begin. Pour out Love, Peace, and Joy to your "Mighty I AM Presence," your teacher, to everyone in the

room and to the work you are to do. For a moment see all filled with blazing Golden Light. Ask your "Mighty I AM Presence" to show you the PERFECT THING to do, how to do it and make you do it perfectly. Then begin your work of doing it.

Everyone, who will obey this Request of the Ascended Masters, will become Master of himself. He will learn faster and with greater ease than in any other way, no matter what any human being tells you.

· DECREES ·

YOUNG AMERICA

BLESSED Young America, a call has come to us from the Children of the South American Continent, to have all the Children of America unite, in an embrace of Love; to send forth a stirring call for PEACE—the Peace to which the Christ of the Andes calls all mankind!

So we ask you, in the Young People's Groups, to take up that request and issue those DECREES for the Peace of the Americas, to be made ETERNAL by the Power of the "Mighty I AM Presence," the Great Host of Ascended Masters and the Great Cosmic Beings!

We call the Mightiest Power of the Cosmic Light to come forth, in the Name of the "Mighty I AM Presence," in the Name of the American People, and in the Name of Life! to so charge the Statues of the Goddess of Liberty and the Christ of the Andes, with the Ascended Masters' Invincible Protection that PEACE shall be made ETERNAL in, AROUND AND ABOVE the Americas, for the Illumination and Freedom of all mankind!

Therefore, to you, YOUNG AMERICA, comes the privilege of making the Words of Jesus: "Peace on earth, good will to men," a MIGHTY LIVING REALITY in the Americas! Through your call to the "Mighty I AM Presence," you CAN do that! We stand with you and do it also and the ASCENDED MASTERS WILL MAKE IT A LIVING REALITY FOR ALL MANKIND!

· MUSIC OF THE SPHERES ·

It is our very great joy and privilege to announce the first musical composition of the "I AM" Activity, brought forth under the Saint Germain Copyright.

It is GODDESS OF LIBERTY, a song dedicated in adoration of the Great Cosmic Being, the Goddess of Liberty who has guarded the Destiny of America since our beginning. Her great Love and protecting Care are offered so graciously to all who give Her their attention, in Love and devotion to their own "Mighty I AM Presence"!

The music is by Virginia Laferrara and the lyrics are by Catherine Rogers, whose victrola record of it will be available shortly.

We bless this song as the central diamond, in the heart of the musical compositions coming out under this Radiation; to serve Saint Germain and the other Ascended Masters in the Work They are doing through the channel of music.

We ask the Great Goddess of Liberty to charge it so powerfully with Her Protection and Freedom for the United States of America and all under this Radiation that its melody shall fill the land with Eternal Ascended Master Joy and limitless Blessings to all forever.

Ascended Master Light

IT is our very great joy and privilege to announce the coming release of ASCENDED MASTER LIGHT, Volume 7, of the Saint Germain Series, about January first by the Saint Germain Press.

It contains Dictations by the Ascended Masters and Great Cosmic Beings, which were given before thousands of "I AM" Students within the last few months.

There are no human concepts nor interpretations of any kind within them. Every Word is a "Cup of Light" carrying the Consciousness, Life, Energy, Feeling, Courage, Strength, Power and Light-substance direct from the Ascended Masters Who Dictated Them.

They are placed in printed form to release the Victory of the Cosmic Light to all who will accept the Freedom which They bring.

The Ascended Masters and Cosmic Beings are giving Their Assistance to every individual when the attention is upon Them while reading these books. At the same time They are pouring the most powerful Protection for our Beloved Land of America through the reader, while his attention is upon the Ascended Masters. America's Light and Freedom were established in the beginning, by the Help of these Great Ascended Beings and we, Their Messengers guard the Light in America with our very hearts.

Those who heard these Dictations felt and received the Light and Power released through Them and are the beneficiaries of the Blessings the Ascended Ones poured forth.

This volume contains three beautiful color charts for the contemplation of the student. Each book is charged by the Ascended Masters and Cosmic Beings with the greatest Power of Love,

Light, Freedom, Protection and Perfection for the individual and America.

The Blessings flowing continually through them will bring joy without limit to all who sincerely accept, apply the Instruction given and feel the Mighty REALITY and Truth contained within them.

This book is of very great import to our land of America, for through IT will flow tremendous Protection from the Great Cosmic Beings.

May every human being on earth understand the Reality of these Great Blessed Ascended Masters and have the Victory and Freedom which They so lovingly and patiently offer to all.

· JOHN THE BELOVED'S DISCOURSE ·

· *Lanning Group—December 21, 1937* ·

BELOVED ones of earth, how much more difficult it is to-day in acquiring understanding and the gaining of Freedom, than it was in that far off period, when so few of mankind were willing to give attention to the Great Source of their Being. They were not as fortunate as you are to-day. Only We, who had close contact with the Blessed Master, understand the Great Privilege that you have to-day.

In the comfort of your lovely homes and in your means of conveyance, you have freedom in innumerable ways. We trudged through the dust with a Staff. Who could at that time, even in their fondest imagination, realize the comfort with which you move about to-day? Yet, let us for a moment make the comparison. While all you have to-day is beautiful and wonderful, yet you have so much more to distract your attention, than

We had in those days so long ago.

This is the first time since My Ascension, that I have spoken directly to the people of earth. I marvel to-day at the progress that is being made. Even though the danger threatening is very great, yet is there great hope of avoiding all, that might be the most tragic destructive activity of the earth. Which ever way the tide of Life should turn, still will it be the end of all destructive forces on earth. If a sufficient number of mankind do not make the call which enables the release of the Powers of the God Presence to give the protection needed, then as the phrase has been used in your world of expression—"evil will destroy itself." It is not necessary for mankind to be destroyed in this readjustment of the whole earth. I am sure that even you, who already understand the "Mighty I AM Presence," know that clearly and definitely enough now to make the call with sufficient earnestness and determination to hold the balance, until more can be brought into this Understanding to make it complete.

Beloved ones, in all the Radiance that has been brought forth in your midst, surely no single one can fail to understand the REALITY of the Ascended Masters and the great effort which is being made for the protection and the blessing of mankind. You are so privileged in being able to give this assistance, and while I know not one of you seek any reward, yet for a moment contemplate with Me what that means. Your service today means the end, Oh beloved people, of all destructive forces upon the earth. You are the vanguards of this Light, the carriers of the Ascended Masters' Light, which alone can save the world.

Will you contemplate for a moment what a great privilege is yours and how by the natural Law of Life, must come that which you term reward; but which is the fulfilling of the Law of your Life. You perhaps would call it reward. I call it the fulfilling of the Law of your Life, which is positive proof that no earnest, sincere effort is ever lost. To-day, My whole Being is charged and filled with the Glory and Happiness of that in which We are privileged to join you and bring forth.

When I witnessed the Ascension of My Beloved Master, Jesus, tears streamed down My face for hours and I was wondering and wondering what I should do in His absence; little did I dream, how soon I would be privileged to join Him in that Great Octave of Light. You beloved ones are standing in a similar position to-day. Who of you, any more than I at that time, can imagine what is just before you? I say this to you in all sincerity. Who of you can tell Me just what is before you?

Do you know, beloved ones, only the Great Cosmic Beings can produce Real prophesy? The Great One, you have come to know as the Goddess of Liberty, gave Washington that amazing vision of the future of America and two of the activities have been fulfilled. Only a Cosmic Being can produce such accuracy! Even as this Great One has told you, at that time there seemed not the slightest possibility of the third episode being withheld. Notice carefully this if you will, for it means everything to you. Even as I did not know what was before Me, even as the Cosmic Light could not tell at that time what mankind would do or what response would come; still there has been a suf-

ficient response brought into action already, to give magnificent encouragement and show the great possibility of calling such Power of the Cosmic Light into action; for it will take command on earth and silence all human activities!

Think of it, beloved ones! Think what such a service means to mankind and the earth! Think what it means for you who are a part of it! Never on the earth was there such an opportunity! Never on the earth were people so blessed, as are those who have this opportunity to understand their Presence and call It into action.

Beloved ones, there are those unfortunate ones who have tried to spread among the students the idea that the Great Law was not being fulfilled. In a thousand ways in the past year is there evidence of the fulfilling of this Law. Let no one ever again voice that this Law is not the fulfilling of Itself. I say to you beloved ones, there are a few unhappy individuals in your midst who are spreading falsehood or attempting to bring disturbance against this Light. Silence it as you value your future! Refuse to listen to such foolishness! I am making one last appeal to you, beloved ones, who are so in earnest! Silence the tongue of every human being, who tries to spread discord against this Light. This Light is the only means which can save mankind from destruction!

Who shall say how much it requires to throw the balance into the destructive activity? I tell you that there has never been in the history of the earth, not even in the time of My Beloved Master Jesus, such evidence. There has never been such fulfilling of the Law and such Application as there has been in the past two years. There has never been such application of the Law of the

"Mighty I AM Presence," which the beloved Jesus called into action and which gave Him the Knowledge and Understanding of all that He was to do!

Beloved ones, do you not understand that individuals, who are seized upon by a frantic destructive desire which offers nothing good but is everything that is destructive, are just bringing on to you the greatest tragedy and destruction of the ages? Now this is Law, the Law of Life of which I Am speaking! Because of a few silly personal desires, beloved ones, is humanity going to allow those destructive forces to sweep into the students and throw the balance on the destructive side?

Remember what tremendous power your Mighty Decrees are setting into action! In every period, when the great destructive forces were about to swing into their dominion, every time there has come the warning to the people. Before every great destructive activity there has come the warning to the people! This time many people are listening! In the past, there were but few!

Shall I say to you to-night why you are so privileged? Before the last cataclysm, the last remnant of Atlantis disappeared, out of that vast population of a hundred and twenty million people, how many do you think listened to the warning that was given? Less than fifty thousand people! To-day, in your vast civilization, already more than three hundred thousand people are in earnest, in the acceptance of their "Mighty I AM Presence." They are calling earnestly Its Magnificent Power into action for the protection of America and the blessing of mankind.

I have been asked to give you this to-night, that you might realize what has been accomplished

and have the great encouragement which you need to-day. Even as firm as you are, when individuals say to you: "Well if this is the Law and It is so great, why is not greater protection given to mankind?" Who shall say in the puny human intellect, how great already is that protection being given? Beloved ones, as long as you listen to human falsehood and destructive activities, so long will you continue to fall under the foolishness of that destructive power, which is ready to be released upon you at any time.

To-day, I would suggest to you that in every Decree you put forth for the protection of America and mankind, you put the deepest feeling of your Being into It that It may go with the speed of lightning into the mental and feeling world and do Its Mighty Perfect Work.

The Greatest Masters of the world have recently joined to give this Assistance, because the crisis is near at hand! It is humanity who needs the protection, and if there is any human being on the face of this earth who thinks God is going to come down here and give you protection without your wanting it, then that one is wholly mistaken. Mankind alone is responsible for the conditions of the world to-day because of the hundreds of centuries in which individuals have lived, creating more or less destructive qualities in each embodiment. Mankind alone is responsible for this condition. If people do not want to be saved, if they do not want America and the world to be set free from destructive conditions, then who shall say what will be the result?

The Ascended Masters are willing, the Cosmic Beings are willing, the Cosmic Light is willing and the Legions of Light are willing; waiting, waiting,

waiting through the centuries. I am trying to-night to enable you to feel the full vital import of the position which you are in to-day. Therefore, in your city, in your environment, I ask you to silence every human being's tongue who tries to spread discord.

I have been informed to-day, since lowering the vibratory action of My Body to come into the atmosphere of earth, that in your city wonderful protection is being given against the communistic element and all destructive forces. Praise God it is so! Call blessings upon your officials here who want to give such protection! that they may have the strength to stand firm and unyielding, until every destructive force is wiped out of your city and from its people!

These are Mighty Truths, beloved ones! This is no condemnation of individuals. It is a calling once again of your attention to the requirements. When I come into your atmosphere, I must necessarily see and know something of you, the environment and conditions of this Great Work, and what It has been doing! Beloved ones, you have noticed, that every time the Messengers have been in your presence and then went on to other points of activity, how the destructive forces always try to rush in and destroy the good which was accomplished. At this time in your history, it has had the least effect of any time in the history of the world. I congratulate every one of you on your strength, to stand unyielding in the Light with your attention to your Presence; for if it had not been so there would be no hope.

Oh people of Los Angeles and vicinity, in your great Groups here, how magnificent has been the constant Mighty Impulse that has gone forth! Oh,

could you see sometimes what Power and Light has gone forth from this room, amplified by the Great Ascended Masters, the Legion of Light and the Cosmic Beings, you would give praise and gratitude forever for having been a part of it. In other Groups in your city, they have given forth their Mighty Call with great earnest feeling. It is this Mighty Assistance your beloved America and the world require to-day.

Your Beloved Saint Germain has worked so earnestly hoping and hoping. For twelve thousand years, He has waited, worked and tried for an opportunity to bring forth a nation of Ascended Masters. The opportunity is before you to-day, beloved ones!

To-night, I am asked to say something to you that I trust will give you redoubled courage, energy and strength. Three days ago, owing to the need, a Great Conclave was held at the Royal Teton. There was an Out-pouring to the earth from the Ascended Masters' Octave of Light. It was to see what could be done under the Great Law of Life, to help these earnest people of the earth who were making such an earnest call, for the protection of their America and the people of earth.

It was decided to concentrate all the forces and Power of Radiation possible, and through that Power and Radiation endeavor to bring a sufficient number in touch with This Understanding of the "I AM" to hold the balance of the Light, until the protection and work could be accomplished.

You will remember, as you have been told by the Messengers from the beginning, We, the Ascended Masters, nor the Cosmic Beings, cannot

compel mankind. Only the Cosmic Light can do that. We cannot compel mankind to do Our bidding. We can but cite the Law to the people. If they do not wish to apply the Law and call It into action by their own effort, their own energy, through this Power and the release of the Energy from the Great Beings of Light as is required; then We have reached Our limit, because the free will of mankind is paramount. Even to save them, We may not interfere with that free will, unless the Great Cosmic Light Itself does so.

For any human being to feel that God, the "Mighty I AM Presence," the Ascended Masters, the Legion of Light or the Great Cosmic Beings will step forth in spite of mankind and do these things is but childish foolishness. Every Assistance will be given to earnest sincere individuals who are making these calls, but the call must come from a sufficient number of humanity. That is why I speak of individuals who have spread vicious falsehood among the people of the earth! They are assisting the destructive forces of Life to annihilate you! Do you want to be annihilated? If you listen to individuals of that kind, you are inviting destruction upon yourself—upon all of you—who have been making such an earnest call for your release, freedom and the protection of America.

Now this is the Law of Life! Therefore, beloved ones, when these forces have tried everywhere to interfere with the spreading of the Light by the Messengers, is there any human being so foolish as to listen to that and allow further destruction to come in? The Messengers with dauntless courage, strength and power have gone

forth beating down all these vicious things and showing to the world that such forces have no power against them.

Look the Truth square in the face! Beloved ones I do not speak the Truth to make anyone fear, but I speak the Truth, that each one may make a redoubled effort, by a great calm firmness in your call and in the issuing of your Decrees so a greater power and energy will be released into the hands of the Great Beings to amplify and return for the protection of the earth and its people. That is why, beloved ones. Do you think We ever condemn individuals? Oh no! never in the world! but We do condemn all action of destructive qualities sent forth by individuals because it means the destruction of the earth, if the balance is not held to the constructive activities.

Therefore, beloved ones, to-night let us endeavor with a fuller, greater determination than ever to silence every destructive thought, feeling and action of individuals by calling the Power of the Presence into action to stop it forever. Beloved ones, in the fulness of that Great Power of Divine Love of which I have always been the embodiment, *Feel It releasing* into your world. I have mentioned these destructive qualities because the Power of My Great Love released is sufficient to hold the protection and balance and give you the courage and strength to silence forever all destructive conditions in your environment that the full Power of the Presence may go on Its Way unobstructed, to do Its Perfect Work.

Think of it! Think of it! Think what it means to you! to your city! Oh, do not wonder that I know something about the laws of earth. Every

Ascended Being knows all about the laws of earth and your needs. By the Light Rays We project, We can sweep over the earth and see the environment, the condition and the Help required. In one twelve hours We can cover the earth, and We know the need. We know the demands! We know the requirements!

Therefore, beloved ones, to-day I say again to you: Yours is the greatest privilege of the ages. When the Great Host of Light is willing to concentrate Its Power upon America and the earth and upon the beloved "I AM" Students, to give them greater strength and courage to go on; then is it not worth everyone's utmost effort in application, to co-operate and give to Those Great Powers of Light the energy from the earth which They must have? They imperatively require It to give the protection. If it did not have to come from you, do you not see that long ages ago, all mankind's destructive qualities would have been swept out of existence? Do you not see that? Surely you must. The call must come from mankind, because individuals are the creators of the conditions which exist to-day and through the ages.

Therefore, your privilege is great, is it not now? You are strong enough, to stand in the Light of your own Presence and make these calls which release the energy from the human octave—from human beings. Beloved ones, the emanation from human beings becomes the energy in your mighty calls which the Great Ones take up, amplify and return to the earth's atmosphere, to give Their Mighty Invincible Protection. That is the Law!

Then, do you wonder why I call your attention to individuals who try to undo the expan-

sion of the Light? Do you not see how tragic it is in your midst? We, from Our unlimited Vision and Reality, know that there never were two such interested, selfless human beings on the face of this earth as the Messengers are. Beloved people, every dollar that comes in from their books they put into This Work to save mankind and America. There is no human being interested in this Mighty Activity who has given a fragment of the cash money into this Activity which the Messengers have, besides their own magnificent courage and strength. I want you to know that!

Therefore, beloved ones, you beloved students everywhere, who have made it possible to carry on this Work, do you not see even those who do not understand can give help? Oh, I cannot refrain from speaking to-night of your beloved friend and benefactor, your beloved Mr. Zinke, who has so freely given of his money to spread the Transcriptions and the Radio Broadcasts. Oh, how We thank and bless him. Through the radio, beloved ones, and the Transcriptions are the greatest means to-day for reaching the people in the quickest possible manner. Therefore, it is going forth with ever-increasing activity.

Have courage, beloved ones! Have great courage! Go on and on, fearless, dauntless in this Mighty Work andActivity. The Conclave at the Royal Teton has released the Energy to help you, beloved ones, as never before in the world! to hold the balance of that Mighty Protection which is needed so much to-day. Saint Germain, Kuthumi, Morya, Chananda, and Cha Ara have come forth and within the past seven days, have all walked the streets of your cities! in Their tangible Bodies! and poured forth this Mighty Radiation to give

you blessed people the protection needed. Yet you are calling for Their visible, tangible Presence! I say to you, go on and on!

Oh beloved ones, bear with Me when I tell you that you blessed ones, even in the vast knowledge which you have gained in the Understanding of the Presence through that which Saint Germain has brought forth, you have but a fragmentary idea of what is going on in the Inner Activities and the atmosphere of earth, giving you the needed protection to-day. You cannot possibly comprehend but in a small degree, the Magnificent Invincible Activity that is going on through the Great Host of Light.

Beloved ones, you enjoy words, but the Power of the Radiation is the thing that does the Mighty Work! In your Mighty Decrees that go forth, it is the Power of the Radiation in the mental and feeling world of mankind which touches the Light within the heart. Through that Mighty Vibratory Action, the whole attunement of the individual is set anew and enables this Perfect Work to go on. Oh, do you not see that all the great Powers you use are invisible, beloved ones? Oh you must see that! Just the outer manifestation is but a fragment of the invisible power that even produces your lights, that produces the currents of energy which give you your radio. These Mighty Currents have been set into action through the atmosphere of earth. Oh be dauntless, beloved ones, go forward looking neither right nor left! Turn always to your Presence and call, call, call with great calm firmness for that Radiance to come forth which the Great Ones can take up, amplify and pour into the atmosphere of earth for the

protection, for the directing Power that mankind needs to-day.

So We thank you beloved ones. Will each one be kind enough to close his eyes for a few moments? Turn the attention with all earnestness to your own "Mighty I AM Presence," that through your attention may go the amplification of the Great Host of Light; because it must act through your Higher Mental Body. Let Its Power, Courage, Strength and Joy, which is the great Motive Power, fill your feeling world in this room; that never again may you know fear or feel limitation. In your dauntless attention to your Presence, know that It is the Infinite Power of all your requirements in action NOW! to produce results and everything that is needed in your world to-day. Feel It with deep sincerity!

SILENCE

Through that Infinite Power of Light, of Harmony, of Wisdom, of Love, with your Presence and Power of Divine Love, I clothe you to-night, Oh beloved ones, in the fulness of the active Power and Presence of their Qualities and substance; to charge you with the Power and Activity of your Presence; to hold you so close in Its Mighty Embrace of Light and Activity that no longer will you feel anything but Its fulfillment. May you feel the full Power and Glory of It established to-night, forever sustained and active—in, through and about you; making doubly powerful even ten times more powerful than that which you have been able to generate thus far. May the quality of this ten times charged Activity make up for the present the needed number of individuals. Try to feel that the Great Law of Life is not

limited! Let us try each day with such earnestness to call for the greater release of Power. Let us pour this forth to-night!

Will you join Me silently—in pouring forth Love and Gratitude without limit to all the students of the "I AM" throughout America who have given of their Love, money, energy, strength and assistance to this Great Light of all Life?

We take up that gratitude to-night which has been poured forth from all the students everywhere and the gratitude and Divine Love which the Messengers have poured forth for the assistance of the students through money, Love, energy, strength and courage! to go forth, and release the necessary assistance to give this protection to America, the people and the world. We thank you to-night, Oh Beloved Ones of the Light, and wish that We might take each one of you in Our Arms and cause you to feel how greatly We love you; how greatly We appreciate and pour forth Our Gratitude for your sake; for your courage, for your strength to stand for the Freedom and Light of America and the world! May this grow each day in greater intensification, until all feel the Eternal Victory of the Light, in Its Mighty Eternal sustaining Quality, Power and Activity!

I thank you.

· RADIO BROADCAST ·
· THE LAW OF FORGIVENESS ·

THE Cosmic Moment has struck, beloved ones in America, when the Ascended Masters call you to Victory and Freedom in the Light!

The Law of Forgiveness is the Great Freeing Power of Life! When we truly forgive a person, place, condition or thing, we give forth something to take its place which is better in every way. It is impossible to forgive in the intellect. That it not where forgiveness either begins or ends.

All forgiveness must take place in the FEELING of the individual, the FEELING BODY, which is a body of fine substance penetrating and enfolding the physical body. Many people say: "Well I have forgiven but I have not forgotten." Notice what has happened! The intellect has said that one ought to forgive everything; but the feelings are still holding a quality of hurt or sense of injustice.

Now that is the danger-point. Why? Because any such feeling held within the consciousness of the individual is qualifying the Life-energy flowing through the body to-day with the record of imperfection that happened yesterday or last week or last year or maybe many years ago. This is the thing that binds the whole human race to continued discord and they do not understand

what is happening. There are only three things in the whole Universe that cause mankind's discord and limitations. They are criticism, condemnation and judgment.

Such feelings, held within the emotional body, accumulate every time the mind reverts back to the incident; and if the personality dwells often on events that cause such a feeling to generate in the first place, the quality begins to fill the whole body and atmosphere of the individual. Then it flows out into that one's personal or business affairs. Soon the whole world of the individual becomes charged, as it were, with that quality which is predominant in the FEELINGS. The same as when you put your battery on the charger in a garage. It becomes filled with that vibratory activity and quality.

This is the cause for all disease, failure, financial loss and every kind of distress human beings on earth experience. In other words, these feelings are generated within the individual *by himself;* because the personality could not have its own way or thought that it had been treated unjustly.

Such a feeling held within the emotional body of the individual cannot hurt anyone but the individual who generates it; *unless* others who contact that one's radiation accept it into their activities. These feelings, held within the emotional body of the individual through the years, are what create continued distress and provide the energy for both carnate and discarnate entities to live upon, who only torment their creators.

Please remember, precious children of earth, who are struggling in the outer world to-day, with every thought, feeling and spoken word, you create a form of some kind. Thought forms would

forever remain inactive in the mental realm unless they are given life by the energy in the feelings. This is why everyone on earth should be taught to create thought forms of Perfection, into which his Life-energy is released, to expand the Perfection of Life to bless all. This expansion of Perfection must register in the individual's world because it must flow out through the substance of his brain, body and world in order to reach others.

If, however, he creates that which is not Perfection, then those forms come back and dominate him again, again and again; until he obeys the Law of Life—*blessing to all for all by all forever!*

The cause of every bit of suffering and limitation any human being experiences is in his emotional—his feeling body—and when the individual understands this, he can correct the whole condition and be free from any further discord in him and his world.

Now, we come to the remedy for the condition. If the individual will call on the "Law of Forgiveness," for ALL the discord he has ever generated in all lives—past and present—then amplify that call to include ALL mankind's mistakes, he will find such relief from his own discord as he can scarcely believe possible at this time.

Why should we not call on the "Law of Forgiveness" for all mankind? Is there anyone in this world who has not made mistakes? Do you realize that consciousness is ONE, substance is ONE, energy is ONE and what affects one affects all; because all are constantly moving in the atmosphere of earth where all these things act.

The individual who wishes to be released from distressing conditions CAN call to the "Mighty I

AM Presence" and Great Host of Ascended Masters to forgive all human mistakes and annihilate their cause and effect from mankind and the earth forever. If the individual will do this, he RELEASES all the accumulated feelings of discord which he has held within himself. When those are cleared out of his emotional body, his health returns; his world comes into divine order; his prosperity flows in; and once again he becomes harmonized ENOUGH, to let the constant flow of Perfection from his own "Mighty I AM Presence" flood forth into him and his world and that, which was imperfection, becomes Perfection.

Oh, blessed people of earth everywhere! it is so easy to forgive, when you realize that everyone else suffers as well as you; for different reason perhaps, but nevertheless, others are unhappy and in distress as well as you. If everyone could know what is in the other person's heart and feeling, no one would add a feather's weight to the suffering that is already being endured by blessed struggling mankind.

Human beings do not need criticism, blame or condemnation. They need to understand how to live Life according to the Divine Plan, by which Life created the whole Universe. When that is understood, the individual will want to automatically obey it because he has more joy doing so than anything else he can experience. Then he is through experimenting having his own way in the maze of outer activities that keep him tied to his limitations.

Any disease that human beings experience can be cured when the emotional body is purified; and the only purifying power in the whole Universe is the clean, fresh, pure energy flowing down

from the Electronic Body of the "Mighty I AM Presence." That Presence is above every individual. This will always release its Perfection everywhere in the world when called into action to do so by the consciousness of the individual, through the use of the great creative word—"I AM."

Every human being on the earth is creating something every moment waking or sleeping. Realizing, that nothing less than Perfection can ever be permanently satisfactory to anyone, then it simply means that, when the individual realizes this and calls the Mightiest Power in the Universe into action to produce or release Its Perfection into the physical activity of every human being, it must come into action. It must always be called forth to bless all.

Humanity's present consciousness is not solving its problems to-day! In its present state, it is certainly not at ease, contented nor secure. Then surely, it is time for mankind to awaken to the Consciousness of the Ascended Masters and have the Perfection which only They can give.

Each individual experiences in his world those qualities which are in himself. So, let us all join together in making a daily call to the "Mighty I AM Presence" and the Great Host of Ascended Masters to charge all mankind's consciousness with Their Ascended Master Consciousness in EVERYTHING that human beings do; that those ideas, those feelings, those creations may come forth which release the happiness, joy and Perfection that all crave.

All CAN do this! The "I AM" Students are doing it for all mankind every day! Will you, our Radio Audience, join us in your own homes and daily say to the "Mighty I AM Presence":

"Thou Infinite 'Mighty I AM Presence,' Great Host of Ascended Masters, Great Angelic Host, Mighty Cosmic Beings and Great Cosmic Light! come forth in your limitless Power of Light and Love! Speak to every human being's consciousness and say: 'Awake! awake! awake! to the Mighty Perfection of Life; and have your Freedom by turning your attention to the "Mighty I AM Presence"; and receiving the Ascended Masters' Consciousness into action in you and your world'."

USE! this Great Creative Word of God, "I AM," to release that which will bless ALL! Call that Mighty Presence into action to release limitless Ascended Master Intelligence into every human being on earth; to give all only those Ideas which produce Perfection everywhere, and to shut out all else. This is so practical! It is so REAL! It is so all-powerful! Try it, in your own personal affairs and see the great marvels which you can experience and be free!

Remember that nothing can exist without energy. If something is manifesting which is discordant or limiting, call your "Mighty I AM Presence" into action to take all energy out of it; re-qualify that energy with the Ascended Masters' Consciousness, Eternal Perfection and Protection and anchor It in YOUR BEING and world to maintain its blessing for you.

You can apply this to every human being on earth, America and the world. Surely humanity and the world need our help to-day as never before. So, we ask all to learn how to release this Mighty God Power from each individual's own Presence; to produce Perfection and give the assistance which will bless and help all.

We make the call now for a blessing to all: "Mighty I AM Presence" charge the Ascended Masters' Feeling of forgiveness into the consciousness of every human being on earth that all may have release from their distress! Annihilate all mistakes of mankind past and present! Replace them by Ascended Master Consciousness and Perfection everywhere; that the fulness of every good thing may come forth quickly to bless all.

"Mighty I AM Presence"! come forth in Your Limitless Power of the "Light of God that never fails"! Release to mankind everywhere Your Forgiveness, Perfect Intelligence and Directing Consciousness! Charge every human being on earth with the harmony necessary to bring balance in all outer conditions everywhere! Release to all abundant supply of money, food, clothes, homes, and the Perfect Activity each one should do! Release that Almighty Healing Power which Thou art, into every human body; and annihilate the cause and effect of all illness throughout the world! Annihilate the cause and effect of all debt, individual, national and international! bring perfect balance everywhere for the Freedom and happiness of all! Annihilate the cause and effect of all strikes! See, that all such conditions are adjusted in Perfect Divine Justice to all instantly! Bless all labor and all capital! Charge each with the desire to render Divine Justice to all! See that each receives Divine Justice from each other! charge every human being on this planet with the Ascended Masters' LIGHT, LIGHT, LIGHT! "THE LIGHT OF GOD THAT NEVER FAILS" —the only Power that can ever give mankind anything good! Release Thy Limitless Light and Love to all, for the Freedom of all!

We enfold you all to-night in the Mighty Glory and Perfection of the "Mighty I AM Presence," the Great Host of Ascended Masters and Their Limitless Light, for:

THE LIGHT OF GOD NEVER FAILS!
THE LIGHT OF GOD NEVER FAILS!
THE LIGHT OF GOD NEVER FAILS!

And the "Mighty I AM Presence" is that Light!

The hour has come to see the shining face of your "Mighty I AM Presence"! Its slender Hands point you every minute to Victory and every second is now filled with Mighty Ascended Master Miracles of Perfection forever!

· SAINT GERMAIN'S MINUTE MEN · · ON WATCH ·

THE Minute Men's Activity is a mighty opportunity to watch every opening in your every day work, to call the "Mighty I AM Presence" and Ascended Masters into action to blast every destructive force in business wherever you contact it.

Your avenue of service need not only be in business, but in every walk of Life. There are a thousand things each day that come to the attention of everyone, wherein the call to the Presence can be sent forth to release the action of the Ascended Masters' Light Rays. They will shatter the accumulation of vicious forces at the Inner level, be-

fore they can break forth as physical disturbing conditions.

Every time one touches conditions that are unjust in any outer activity; silently with *great feeling* CALL THE "MIGHTY I AM PRESENCE" INTO ACTION! to sweep into those activities and blast all that interferes with Divine Justice controlling everything within our borders forever!

As a help to all business efforts, one can say morning and evening: "MIGHTY I AM PRESENCE" AND GREAT HOST OF ASCENDED MASTERS! SWEEP YOUR DISSOLVING POWER INTO EVERY UNJUST ACTIVITY IN THE BUSINESS WORLD! BLAST THE CAUSE, EFFECT AND RECORD OF ALL SUCH CONDITIONS FROM AMERICA AND THE EARTH FOREVER! REPLACE THEM BY THE ASCENDED MASTERS' DIVINE JUSTICE IN ALL COMMERCIAL ACTIVITIES AND HOLD YOUR PERFECT BALANCE EVERYWHERE FOREVER.

Oh, there are a thousand ways in which everyone can help to draw forth the POWER OF LIGHT needed, to lift the chains that bind human beings to wrong conditions. Sooner or later every human being rebels against unjust conditions and takes his stand. Instead of allowing such things to come about and bring violence in their train, the individual, who accepts and uses this Mighty Ascended Master Power of the "I AM," can bring Mighty Ascended Master Miracles of Perfection wherever he applies this Law of Life.

The commercial and industrial world to-day surely need our assistance as never before! Then, let us all accept and use this Mighty Ascended

Master Power to free our fellow man; and in calling forth this action of the Law, we become directive silently instead of dictatorial verbally. Oh, if you only knew what that meant to struggling individuals who are so filled with fear that they know not which way to turn.

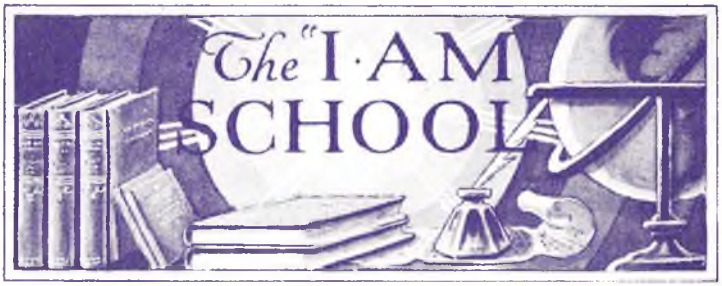
It takes strong, brave, powerful Champions of the Light to hold the CONSTRUCTIVE FORCES as the controlling Power in America NOW! but it must be done. The Ascended Masters will amplify your every effort, if you will but make the CALL!

You the Minute Men on Watch! Guard well every Constructive person, place, condition and thing within our land, by your call to the "Mighty I AM Presence" and the Ascended Masters. Then, the Forces of Light will serve you in ways of which you do not dream. He who serves the Light is served by the Light and knows only one result—VICTORY! by the Power of the Ascended Masters.

· DECREES ·

In the Name of my "Mighty I AM Presence," I decree that Divine Justice *shall* be established in all taxation and that all excess taxation *shall* be dissolved, consumed and wiped from the face of the earth forever.

"Mighty I AM Presence," Great Host of Ascended Masters, Mighty Legions of Light, Great Cosmic Beings and Great Cosmic Law, take up that decree and see that it is fulfilled with the speed of Lightning! and bring forth into outer activity NOW the Perfect Plan, that the Great Cosmic Beings have designed for our Beloved United States of America.



WE wish to extend our loving congratulations and limitless blessings to the entire "I AM" SCHOOL and DORMITORIES. We thank and bless Mr. and Mrs. David Lucas and Mr. and Mrs. Bert Andrews, for their loving protecting care of the blessed children entrusted to them.

The playlet presented at Christmas was far more than just a symbol of the Ascended Masters' Blessing to mankind. It released an Out-pouring of Light, that can never be understood by the intellect. The Inner Power of the Heart poured forth Its Blessing to all present and especially to the youth of America. We thank and bless without limit those precious ones who were responsible for it.

Lovingly and Gratefully in the
Service of the Light,
MR. AND MRS. G. W. BALLARD

It is our very great privilege and joy, in loving co-operation with everyone under this Radiation to make a daily call to the "Mighty I AM Presence" and the Ascended Masters to flood forth Their Limitless Protection, Perfection, Blessings and Supply of every good thing for the sustaining and perfecting of all concerning this "I AM"

SCHOOL AND THE DORMITORIES; to give Ascended Master Assistance and to bring those students who will be blessed and be the Blessing which the Ascended Masters desire to work through at this time.

Let us all give our constant determined call to release the fullest Blessings possible through this activity NOW and to ever expand it, until all the young people in America are given the opportunity to learn the Ascended Masters' Law of the "Mighty I AM Presence" and apply It for the Illumination and Freedom of all mankind.

Instruction

This month, visualize a GREAT DOME OF BLUE FLAME descend from the Ascended Masters' Octave of Light and cover the "I AM" SCHOOL AND DORMITORIES! making it impossible for discord, lack or any imperfection to ever touch them, the children, teachers or anyone within them.

Out of this GREAT DOME OF BLUE FLAME, which the "I AM Presence" and the Ascended Masters project, see pour forth limitless money, buildings and supply of every good thing, not only for the blessing and PERFECTION of the "I AM" Students but see it flood forth until it fills America and then the whole world to enable all to know of this Mighty Law and the Ascended Masters' Perfection for all mankind.

The Great Sanat Kumara has said that this is a SPECIAL INTENSIFIED ACTIVITY which all need from now on.

"I AM" STUDY GROUPS

OUR BLESSED Sanat Kumara has said: "Among all the students discrimination is so important; because I say to you, that individuals sometimes in their enthusiasm rush in where they release tremendously destructive forces upon themselves unnecessarily. I plead with all the students, do not do that! Would you like someone of your so-called enemies to come into your midst and create disturbance or silently be there to do work that you felt was against you? Do you see? These things are important, very important things! Where the Presence is acting fully, great discrimination is always directing. This is one of the greatest needs of the students today.

"Enough tragedy, enough destructive qualities are already acting; and if one stirs up a sleeping tiger, he is very apt to have a battle on hand. Let Me urge all, Students, the Group Leaders and the people who discuss This Work, to remember that the ground has been broken. Therefore, the important thing is to present the Truth through the Power of Divine Love; and do your work in Groups in your own environment, within your own Circle of Flame whether it be in your Groups here or individually.

"You are within this Circle of Blue Flame. If you saw It, a Circle of Fire, which is the Blue Flame, you would be delighted. I would suggest,

and We will cause It to be brought forth, that all individuals and Groups henceforth be conscious that they are always surrounded by this Invincible Blue Flame which is outside of your Tube of Light. It is a wholly different Activity from your Tube of Light! While both are protective, yet this is a Definite Activity of that Protection"!

· DECREES ·

"Mighty I AM Presence"! I demand Divine Judgment descend upon every person, place, condition and thing in this situation! release all within it from all human creation and consciousness! COMPEL Divine Justice to come forth this instant and Gigantic Ascended Master Miracles of Freedom, Perfection and Happiness to be the only thing that can possibly come out of it to me and all concerned! I thank You for this Victory NOW! eternally sustained.

"Mighty I AM Presence"! make the flesh of my body as TRANSPARENT, PURE AND PERFECT AS YOUR HEART, charged with the Ascended Masters' Eternal Youth, Beauty and Perfection forever! I thank you it is done.

"Mighty I AM Presence"! see that I FEEL ONLY Your Presence and Flame of Divine Love in every cell of my body, when I awaken in the morning, and keep THAT FEELING AND POWER eternally sustained and ever expanding.

BELOVED Young America! in facing the future activities of building the incoming Perfection for America, take your unyielding stand to be PURE in your secret thoughts and feelings, as well as your spoken word; absolutely sincere and honest in all dealings with all mankind; or you will not see your PRESENCE.

If you borrow either money or things, FEEL your responsibility and see that you return them to the one who was kind enough to accommodate you. Just because someone is kind and willing to make things easier for you is no reason you should fail to remember that the thing loaned to you should be returned. YOU MUST KEEP THINGS BALANCED in every way in your world if you expect to come into association with the Ascended Masters.

If conditions seem to be such that you are not able to make the full balance for what has been received, you can always keep calling the "Mighty I AM Presence" into action to release into your hands whatever is needed to give back to Life and to every individual, who will let your blessing into his world, ten times greater good than you received.

When you make your application, the Great Divine Law will always provide ways and means

by which FULL BALANCE can be established, at the call of the individual who is determined and sincere in his desire to balance all accounts back to Life and free himself. Then he can free others. To obey the above action of the Law of the "Mighty I AM Presence" enables you to look the world square in the face and feel an independence and yet a great humility that brings very great joy.

The following DECREE should always be given in all Young People's Groups: "MIGHTY I AM PRESENCE" and GREAT HOST OF ASCENDED MASTERS! KEEP OUT OF THIS CLASS ALL WHO ARE NOT PURE OR ARE NOT WILLING TO BECOME PURE! Make all who enter here as PURE AS THE ASCENDED MASTERS and hold that PURITY eternally sustained.

· NOTICE ·

Ascended Master Light, Volume VII of the Saint Germain Series, has been withheld, at Saint Germain's Request, until the new Radio Transcriptions were recorded.

That has been done and we will make every effort in pushing the Ascended Master Light and release it as soon as possible.

The ARROW of FLAME

AN Arrow of Flame from the Source of all Love,
Comes winging Its Way from Light's Realms above!
Quiv'ring Its Light—so great is Its Pow'r
Speeding to earth in this blest Cosmic Hour,
Cleaving Its Way, through the clouds of our earth,
Blazing Its Fire for mankind's rebirth,
Sweeping away All opposing the Light
Raising us swiftly unto Love's own Height.

An Arrow of Flame wings Its Way through the sky,
Flashing Its Call to the earth, you and I!
Going before us and showing the Way
Unto the Presence, Its Height and Its Ray!
Drawing again all who see by Its Light,
Raising, illumining, freeing to-night
Those of the earth who adore the "I AM"
And to whose Hearts comes Its Message of Flame!

· SAINT GERMAIN'S TALK ·

San Francisco Class—February 5, 1938

BELOVED Students, in Our endeavor to convey to you the importance of the need of harmony and protection for yourselves, for the city and for America; I am going to reveal to you some of My Activities within the week. The Messengers know that I have been absent a great deal. Well there was a very great reason for it.

I told you the other day that a certain destructive thing had been destroyed. I may not tell you the location of this of which I am going to speak; but a concentrated action was attempted in the orient and in Europe to band together certain aerial forces to bring destruction to our America. Five times, I intercepted their messengers. In the case of the last one, I was compelled to turn back upon him his own viciousness, which destroyed his physical body, in order to stop it from reaching its destination. Then, I sent back a message to them and the originators, who are very vicious and wholly within the claws of the sinister force. I said: "If you attempt further destructive activity of that kind and you start those planes for America, I will destroy everyone and the people that are in them! If you think that you are going to produce wholesale slaughter, in a country where I have found obedience and for which I have worked for two hundred years, then if necessary, I will destroy your whole army! and if you think I cannot do it, try it out"!

Beloved people, in the joy and happiness—shall I say of your tranquil world here—do not be deceived! The destructive forces are waiting, like

a leopard on a limb of a tree for its victim to pass under. They promised Me they would make no further attempt of that kind, and I talked with their emissary! Dear people, do you not see the need of the greatest possible harmony, from every human being in America?

The most wonderful accomplishment has been attained in this class. Yet the claws of the sinister force came so near to driving in again. How strange it is, when I have asked obedience of individuals and they ignore it; but I suppose We must be patient. That is why I say beloved ones: I never can quite tell what the human of individuals is going to do, you see! Therefore, I have to so carefully find out whom I can depend on. When I have found so many loyal ones in America, Oh can you imagine My Gratitude and rejoicing? Do you think it is for Myself? It is for you, beloved ones. We are free! Why cannot mankind understand that when We ask something, it is for your blessing and protection. It is not for Ours or from any wish to have you give obedience to Us. It is your Law of Life of which We are talking.

Therefore, beloved ones, I take advantage of calling your attention to it again; for We do not wish to take it up to-morrow. Oh, remember your responsibility to Life! your responsibility to maintain harmony! for Perfection and blessing to come forth. When so much has been achieved in this class, Oh I plead with you, go on, and on, and on in that great harmony which lets your Light expand, expand and expand until you are wholly free.

There are quite a number in this room who, with complete harmony maintained, would make their Ascension in this embodiment. Dear ones,

there is not a thing in the outer world which matters at all, in comparison to this obedience to your Life; for without it, you probably will not even be here nor have any place to be.

Beloved ones, We do not talk to hear Ourselves. Neither do We talk to frighten anyone; but We tell the truth as We always have. Through every civilization that has ever been, We and all the Ascended Masters have always told the Truth to the people. This time, We are having greater response than in the hundreds of civilizations that have gone out of existence. In many civilizations, which the people have been warned and prompted, only a hand-full, so to speak, in comparison with the great number of civilizations, gave any response. This time, We have the response of these wondrous precious people all over America who have believed what We have said. Through the power of their Presence and the issuing of these Mighty Decrees, We CAN govern any condition that exists, just as We have done to-day.

Perhaps, you will think We are getting very mathematical; but one and one-half of the three remaining percent needed for the protection of America, has been accomplished. Why are We keeping such close watch of these activities? Because of the vital necessity! I want to give you every word of encouragement possible; and I do thank you with all My Heart, for the magnificent service rendered in this class. I shall never forget it or cease to thank you! Let us go on, and on, and on; in greater and more powerful Radiation in every class.

Will every "I AM" Student in America stand guard and, if necessary, give their protection to the Messengers and This Work; against all un-

fortunate individuals who try to spread discordant newspaper reports? We shall reverse the intent of everything! Out of every discordant thing, shall come only more Light; for We shall turn it into a miracle of Perfection, to bring more people to the Light. If you will stand with the Messengers in their fearlessness, against all discordant reports, such reports will soon cease to be. Then the newspapers will see they cannot affect them.

This request is not anything against the newspapers; but is against destructive individuals who are claws of the sinister force in the employ of newspapers; for it is they who have been touched by these silly false reports. I tell you dear ones, you are becoming a power in the world! Do not forget it! The people and the destructive forces are seeing that these Decrees act! that they operate with definite power and precision! and they will grow more powerful every day! So shall they, for your individual blessing.

Certain conditions, which I may not describe, have been attained in this class where We can do tremendously more for the individuals within it. So please accept this Help.

I say to you in such great Love and kindness, that had I not been able to check this attempt which I have mentioned, there would have been no Shrine Class in July; because there would not have been any place to have it. That is why I say to Los Angeles and its blessed people, and to the great number of students there: "Call and stand guard over your city, for the whole world knows that there is the largest Group of Students in America." You, who are there, can give it pro-

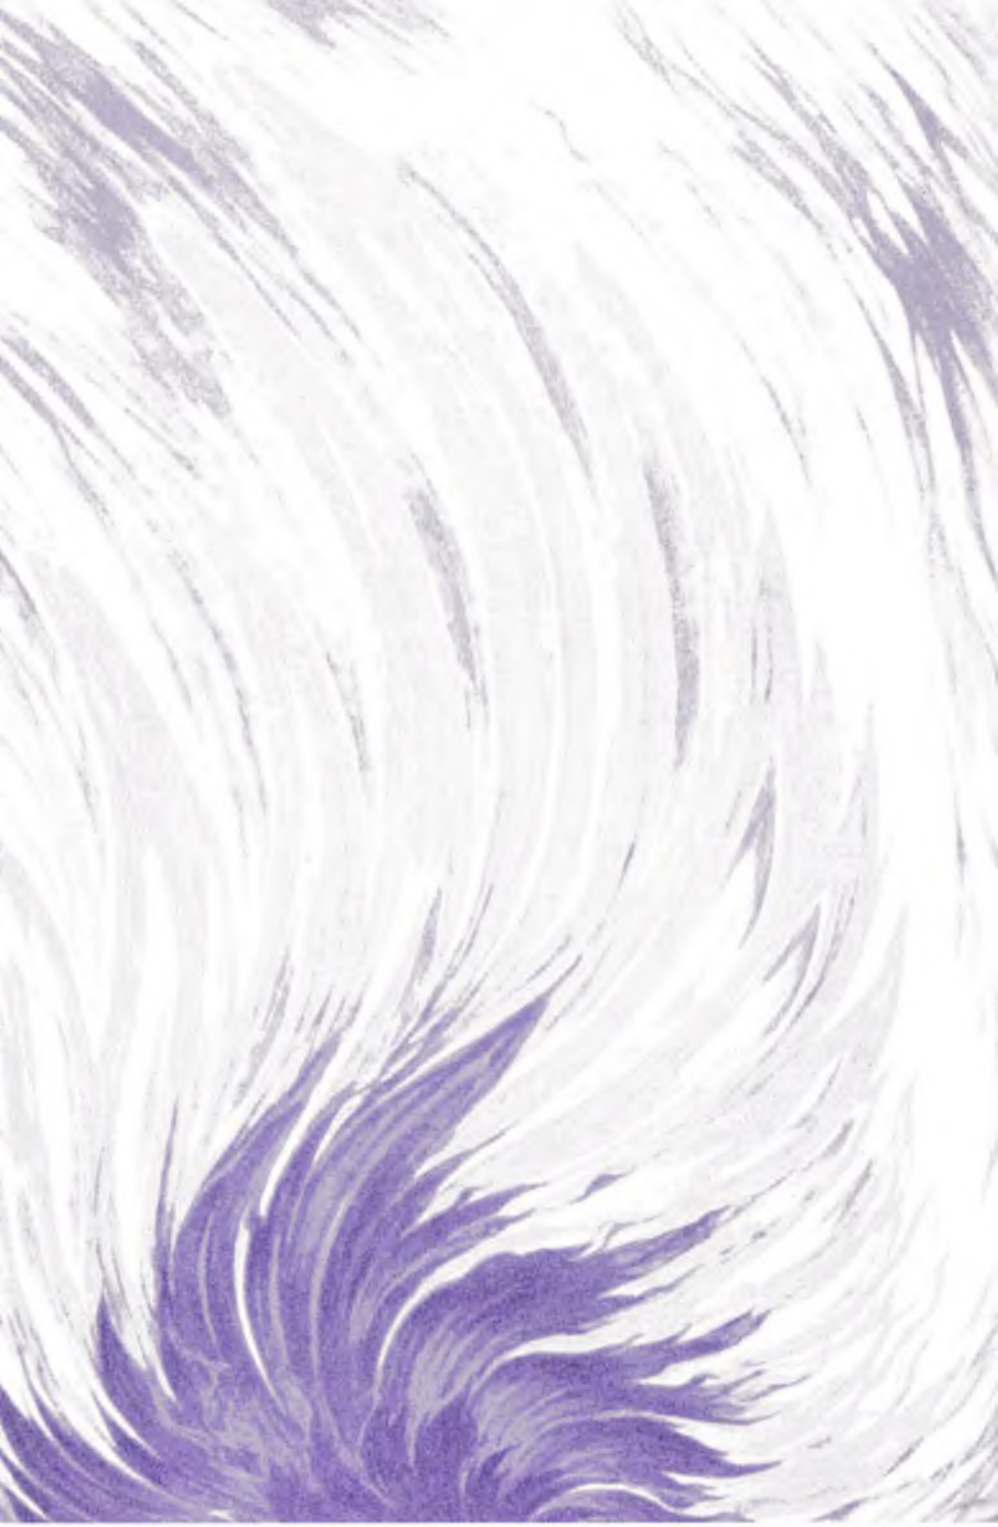
tection and have been doing so. Now, We shall release more Power into your individual Decrees and your Group Decrees, than you have ever had before.

I think now, however, I shall watch it! for I have been promised that no further attempts of this kind will be made; but those individuals can never be trusted, so long as they are claws of the sinister destructive force.

Therefore, I want you to know, beloved ones, how much We love you and how the Great Host of Ascended Masters are holding guard as never in the world before. I say this for your strength and encouragement: "You are never left alone." Every earnest "I AM" Student, who has entered this Stream of Life, even in his minutest human problems is never left alone. Dear precious people, again I say: "This is no idle fancy." It is a Mighty Activity of the Great Activity of Life. Feel It, abide in It and have Its Glory and Freedom. I thank you.

· DECREE ·

"Mighty I AM Presence"! I demand Divine Judgment descend upon every person, place, condition and thing in this situation! release all within it from all human creation and consciousness! COMPEL Divine Justice to come forth this instant and Gigantic Ascended Master Miracles of Freedom, Perfection and Happiness to be the only thing that can possibly come out of it to me and all concerned! I thank You for this Victory NOW! eternally sustained.



· VICTORY'S REQUEST ·

(Extract from Victory's Discourse at San Francisco Class—Feb. 6, 1938)

THE greatest menace to the American people is the nefarious dope being spread among them secretly! To-day, We have found the means of freeing them forever. You have no idea the inroad it has made in your America! By it, the sinister activity has wrecked the Nations of earth for centuries upon centuries. It has spread, as a sinister breath in the most cunning secret way, all over your America. It must be stopped for the protection of the young people of America! We need and must have them for the incoming Golden Age. We also need your blessed calls for their protection. The Great Powers of Light think We have found a solution for this problem; and through it, We expect to quickly absorb the whole thing throughout America. It will be done almost as secretly as it came.

You have no idea, precious people of earth, the danger which has confronted your young people of the entire Americas! Many unfortunate beings, who have been pretending to reveal this nefarious thing to your people, have been but the claws for its dispensing. Beloved ones, will you do Us the kindness—the Powers of Light—the kindness, to issue a Mighty Decree for the dissolving and consuming of all dope in America and the world? I shall ask the Messengers to put a paragraph in next month's Magazine asking the students all over America to issue this Mighty Decree, for the dissolving and consuming of all dope its cause and effect in America; to call directly to

the Forces of Nature for its annihilation and to no longer allow to be produced that from which it is made. Then, at your call, We will take up this activity and in all parts of the world where this substance has been grown, it shall wither and disappear.

I say this to you that you may know the far-reaching power of your call. Saint Germain has touched upon it but very little. Perhaps, you think war is your great danger to-day. So it is! but this poisonous breath and substance, which has been spread among the people, would unfit them to protect themselves if war came into your country. Then the sinister thing would seize upon the FEELING of mankind; and by the use of dope make them unfit to cope with their adversaries. This is why, to-night, I am asking all sincere students of America, individually and in your Groups, to make that one Decree. Even if you give no other Decrees, at least give these three: the one for seizing and binding of the entities; one for keeping war out of America; and this one for annihilating all dope.

It is incredible that the cunning of the sinister force can spread a condition of this kind, with such rapidity over the entire Americas. It is largely because in the large cities, things go on unnoticed which in the smaller localities would be quickly discerned.

· DECREE TO BLAST ALL DOPE ·

"Mighty I AM Presence," Great Host of Ascended Masters, Mighty Legion of Light, Great Angelic Host, Great Cosmic Beings and Great Cosmic Light! Saint Germain, Jesus, Nada, the Great Divine Director, Astrea, Archangel

Michael, Oromasis, Mighty Maha Chohan, Great Gods of the Mountains, Great Forces of Nature, the Goddess of Liberty and Mighty Victory!

Send Your Legions of Blue Lightning and the full Power of Your Blue Ray into all channels using dope in America and throughout the world!

Blast and annihilate all substance and equipment for making and using it! Seek out, seize, bind, hold inactive and remove — THIS INSTANT — all black magicians, their emissaries and claws—embodied or disembodied—who foster its manufacture, use and activity in America and the world!

Blast its cause, effect and record from mankind, the earth and its atmosphere forever!

Mighty Maha Chohan and Great Forces of Nature! withdraw and withhold all energy from all that grows or produces it; and make it wither and disappear forever! Replace it by the Cosmic Light-Substance from the Ascended Masters' Octave of Life in such a world Onrush, that it obliterates forever all that is not the Purity, Happiness and Perfection of the Ascended Masters.

· CLEANLINESS AND FOOD ·

Whether it be Group Leaders or students, Saint Germain says: "If you desire Our Radiation and Assistance do not eat onions, garlic nor use alcohol or tobacco. We cannot and will not intensify the energy within and around you, when such a thing is in the atmosphere.

"Do you know that those are the things that discarnates love? Those are the things which draw them! for they feed upon the essence from that which is sent forth from your body. Now at this time, it is IMPERATIVE that you keep your bodies very clean; if you wish the Radiance that We want to give forth to do this Tremendous Work."

· THE AMERICAN FLAG AND · · FOREIGN STUDY GROUPS ·

Blessed ones in foreign lands, when we asked all Study Groups to have an American Flag at each meeting, please do not get so far away from the Source and purpose of this Ascended Master Instruction as to think that we make such a request for any purely national reason.

AMERICA IS THE GRAIL OF LIGHT AMONG THE NATIONS OF THE EARTH!

That statement is not made, because we happen to be Americans. We have been natives of every country in the world many times; for we have had hundreds and sometimes thousands of embodiments. Therefore, you cannot justly feel that we are either prejudiced nor egotistical; for we always have and always shall give credit where credit is due. As Messengers of the Ascended Masters we work for all mankind unconditionally and without prejudice of any kind. However, America represents the OPEN DOOR among the nations of the world, into the Octave of Light of the Ascended Masters. We, as Americans, did not make that Law. It is simply because humanity began its physical embodiment on this earth in America; for it was the starting point of the human race on this planet.

When the journey is completed, mankind connects with the place from which it started out; for it opens into the Octave of the Ascended Masters, which is the next spiral above the human. America is an anchor of Light from which those, who really want the Light and serve it, can receive the Radiation from the Ascended Masters, to complete their journey.

We do not mean that there is no Light in the rest of the earth. There has been very Great Light in all countries of the world in former ages, often many times in the same country.

Now, the Ascended Masters have drawn Their Focus and Power of Light here. They know the reason for that and are the Authority for its action. We have nothing to do with the action of the Great Cosmic Law which brought this

about. However, the chaotic conditions in the rest of the world make most of the people unable, at this time, to hold their FEELINGS harmonious long enough for certain currents of ELECTRONIC FORCE from the Ascended Masters' Octave of Light to be held un-interrupted for the dissolving of the vicious activities which are now trying to throw the whole world into war and destroy all mankind.

We, as Messengers for the Ascended Masters, live but for one reason; and that is to work for the freedom of every individual on earth until all have made the Ascension. We have never been prejudiced against anyone for any reason and never shall be; but when the Ascended Masters make a certain request, we obey, knowing the Greatness of Their Wisdom and that They make no mistakes.

When we have visited other countries, we have never failed to love, honor and respect the flag of the country, whose guests we were. We were always happy and glad of an opportunity to honor and call forth blessings without limit, upon all within those countries. We shall always maintain that same Love, Honor and Respect to all whose guests we are; and be glad to have their flag present in the Study Groups there. The Ascended Masters would not wish us to do otherwise.

However, certain activities have been held in this country for the safe-guarding of mankind since its very beginning. One of those is the Radiation from the Great Cosmic Being, Cyclopea. That Great Presence has chosen to focus His Power and Work from here for the Freedom of all. Who are we to pass judgment on the Mighty Wisdom of such a Great Being?

Since the Ascended Masters' Focus of Light in America is the Open Door, through which we are now invited to pass to our Eternal Victory, let us be so deeply grateful that the hour has come when Their Great Presence opens the door and says: "ENTER IN."

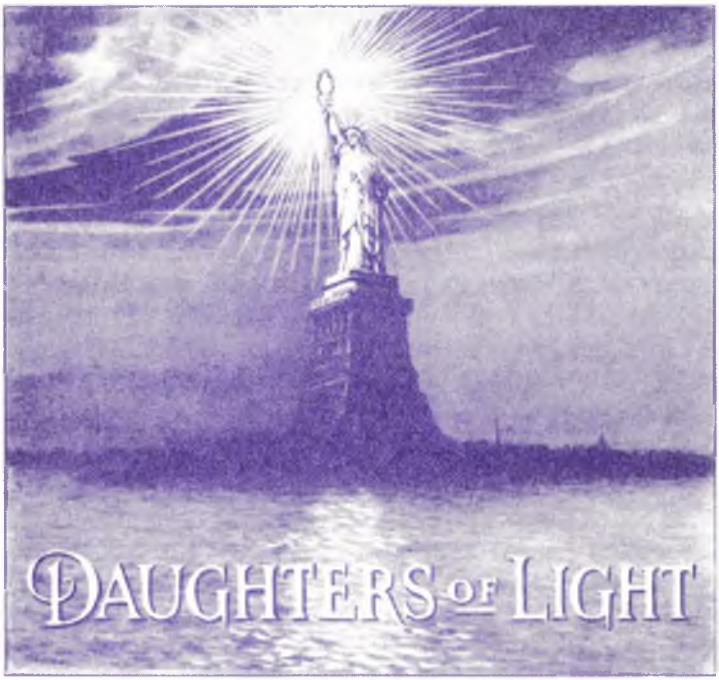
When we asked the Study Groups to have an American Flag in the room, it is because that Flag represents more than just a nation when used in OUR STUDY GROUP MEETINGS. It stands, at the present moment, for the FREEDOM OF ALL MANKIND. The Ascended Master, Saint Germain, was responsible for the freedom of our country and has worked for the freedom of every country throughout the centuries.

The American Flag represents His Offer of Freedom to all mankind NOW! This does not mean that anyone's loyalty to his own country should be less; but it is a recognition of the country through which the Ascended Masters are pouring Their Light for the protection of all mankind.

To every human being on earth, the American Flag represents the Ascended Masters' Protection this hour to all that serves the Light; which means all Constructive Forces throughout the world.

To everyone within the Americas ESPECIALLY, it represents the protection of the Ascended Masters, whose guests we are.

Therefore, we still ask every "I AM" Study Group to have an American Flag in the room; in loving respect to the Ascended Masters, Who are giving protection to the whole world this very moment, through Their Focus of Light in America.



THE Daughters of Light CAN render a powerful service under this Radiation, in those channels with which they are most closely connected.

Since the feminine temperament represents the qualifying or FEELING activity of the Presence; the most important thing all in these Groups can do, is to call the "Mighty I AM Presence" and the Ascended Masters to stand guard over the FEELINGS of all mankind; and to make it impossible for destructive qualities to ever register within or around human beings in the future.

Our first responsibility is: TO GIVE CONSTANT INVINCIBLE PROTECTION to the

children and young people of America—especially those of school age. Let us daily charge them with the Ascended Masters' Invincible Protection, Directing Intelligence, Courage, Strength, Power and Obedience to win and hold their Victory in the LIGHT NOW AND FOREVER!

Our opportunity is: To do definite DECREEING for the Ascended Masters' Purity, Protection, Happiness and Perfection to take possession of everyone in the home Life of all mankind. This is so very necessary at the present time.

Our Motto is: "We speak ONLY when our words are more golden than our silence."

Our object is: To make every word so golden, that the Ascended Masters' Perfection flows through us at all times and each one's voice becomes the Golden Voice of the "Mighty I AM Presence" in both speech and song; to live up to the Ascended Masters' Standard so closely, that we express Their Fulfilment of the Law of Perfection and pour It into all we contact.

Our joy is: To purify, harmonize, heal, illumine, bless, prosper and set free in the Service of the Light, all who touch our Radiance.

Our duty is: To draw forth the Light from our own "Mighty I AM Presence" with such intensity that it floods us and all we hold most dear, with Ascended Master Perfection forever.

Our Privilege is: To give Perfect co-operation to the Ascended Masters and do everything in our power to protect America from all that breathes of war.

Our constant call is: "Mighty I AM Presence" and Great Host of Ascended Masters! guard, per-

fect and set free ALL who sincerely seek and serve the Light throughout the world!

Our LIGHT is: The FULL POWER OF THE UNFED FLAME from our own "Mighty I AM Presence" and the Ascended Masters' Octave of Life.

Our Scepter of Dominion is: "I AM"—the Great Creative Word, that silences all unlike the Ascended Masters' Glory and Perfection.

We wish to start our service of purifying and clearing the FEELINGS of mankind by annihilating the mass accumulation of gossip in the atmosphere of earth; and its habit in the FEELING WORLD of the people—individual and en masse.

The opportunity in these Groups of the Daughters of Light is almost without limit; for through them we can render such help in the FEELING WORLD OF MANKIND, as will thrill you with its limitless possibilities.

Therefore, in your Groups will you make this your first DECREE, following your Invocation, opening and song: "Mighty I AM Presence," Great Host of Ascended Masters, Mighty Legion of Light, Great Angelic Host and Great Cosmic Beings! Blaze your Blue Lightning of Divine Love into the mass accumulation of gossip throughout the world! dissolve and consume it, its cause, effect and record; from mankind, the earth and its atmosphere forever! Replace every word of gossip with ten thousand words of kindness, blessing and PERFECTION; to carry forth the Ascended Masters' Divine Love, Light, Wisdom and Power in Perfect Balance; to heal and prosper all forever; and keep this MIGHTY BLESSING eternally sustained and ever-expanding.

The hour has come to see the shining face of your "Mighty I AM Presence"! Its slender Hands point you every minute to Victory and every second is now filled with Mighty Ascended Master Miracles of Perfection forever!

· SAINT GERMAIN'S MINUTE MEN ·

THE most paramount thing which every individual needs to-day, in the use of this Ascended Master Understanding of the "Mighty I AM Presence," is regular dynamic call to the Presence for the release of whatever is necessary to bring about the harmony required to produce Perfection quickly.

The student's call needs to be given at regular intervals, with intense determined FEELING for its quick fulfilment. When the student makes this application regularly, without a break over a certain period, the Ascended Masters then establish a certain definite rhythmic amplification of the energy released through the student's call. This hastens tremendously the fulfilment of the call.

However, the Ascended Master will not do this unless the student proves by his own willing obedience and actual continued regular application, that he is determined to obey the Law and Their request.

Every time the student calls his Presence into action to charge forth Its Light-Substance for the fulfilment of his need, a flow of that Light-Substance rushes forth into the mental picture or cup, wherein the Presence is focusing Its energy. This Light-Substance accumulates, by piling upon the form more and more of the Light-Substance already gathered, until the physical manifestation comes forth to fulfill your need.

If you could only see this Inner action of the energy and Light-Substance just once, you would never need another thing to urge you on, to the full accomplishment of your Eternal Victory. It is so magnificent, so Perfect, so REAL and so All-powerful that no one could ever again doubt this mighty action of the Law of energy and substance, which is the very Life of each human being. The Law of Energy and Vibration can never fail!

Whenever there is a lack of finance, it is always because the application is not made dynamically and continuously enough, to gather the force required to propel the flow of energy forward. When a student makes enough application and keeps his FEELINGS harmonious there is no power in heaven nor on earth which can prevent the call being fulfilled even beyond his heart's desire.

Saint Germain has likened the students application to a pile-driver. With every call, more force goes forth to move the thing for which you

are calling, closer into your use. It simply takes continued, dynamic, rhythmic call to the Presence to keep Its Power, which is Its Energy and Substance, flowing out with speed enough to bring quick release of the things needed.

There is nothing which can or ever will take the place of the individual's own application because his own Life energy MUST flow forth in order to provide the current of force needed for the fulfilment of his call to flow back into his world for use. It is just a matter of releasing the energy required to be the driving force which directs what you require back into your own world's activity. It is so simple, so mechanical, so practical, so sane, balanced and sensible that every straight-thinking human being cannot help but see the PERFECTION of the Great Law.

This Law is not an arbitrary force! It is the Flow of your own Life—your breath and energy to bring forth into form the thing you wish to use. Everyone has been doing it, when he sent out discordant thought and feeling in the past. Individuals throughout the world have out-pictured their discord in the outer world conditions of to-day.

Every thought, FEELING and spoken word, which the individual sends forth, is an energy impulse released into the air around that individual. It is ALWAYS sent forth in a definite form. If the FEELING be strong, it goes forth quickly by projection to its objective and then rebounds on a return journey to the one whose energy it is. Why? Because it is that one's own Life. It knows well enough the point in the Universe from which it went forth and to which it automatically returns.

It is this Law which everyone needs to understand. Then the individual knows he cannot fool himself; because nothing is hidden from himself and he never gets out of himself.

The other most important point which the student should watch about making his application is: never look to any human being nor channel in the world for anything. He must go straight to his Presence and stand by his agreement to let It have the opportunity of selecting where the thing needed is to come.

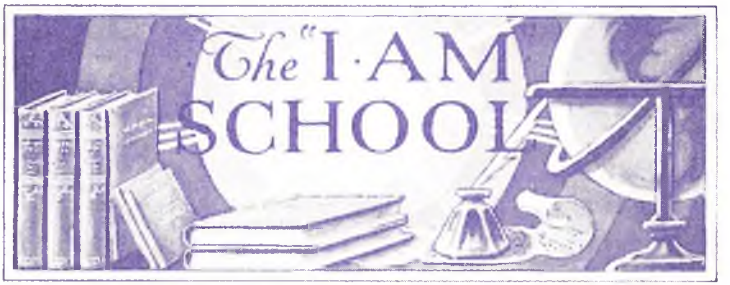
If people would never look to human beings or human channels, as a means of gaining what they need, the fulfilment of their desires would take place with a speed that would astound them.

We want each under this Radiation to have such instantaneous results from his call to the Presence that he stands as a living fulfilment of this Law at all times. Thus, he is a Beacon-light to help his fellow-man to become free also.

The Minute Men of Saint Germain, as a group CAN become just such a living fulfilment of this Law to their associates in the business world. That will carry weight as proof of Its Action. Then, others will automatically accept the good sense which It is; and make determined effort to their Freedom also.

· DECREE ·

"Mighty I AM Presence"! charge my entire Being and world with Your ALL-loving, ALL-powerful, ALL-controlling Heart by Thy most instantaneous, Infinite and Eternal dynamic Control in all I do forever!



ALL within the "I AM" School should begin practicing the visualizing of a Cross of Violet-Blue Flame, moving before you each day everywhere you go—clearing away every obstruction to the PERFECTION, you are calling forth from your Presence.

This is a very wonderful action of the Ascended Masters' Focus of the Unfed Flame. Each one CAN call It forth, to do tremendous things for the protection of everyone you wish to help. It is an Invincible Activity of the Unfed Flame, given by the Ascended Masters at this time to release unusually quick protection to all who call It forth with intense determination.

All forces that do not serve the Light FEAR the Cross of Violet-Blue Flame terrifically; because they know they cannot pass through It. They MUST BOW BEFORE IT AND STOP THEIR DESTRUCTIVE ACTIVITIES!

All destructive forces know they are helpless before this Mighty Power of the Flame. There is nothing we can visualize going before and clearing the way that can release a more dynamic Power of the Unfed Flame; for It is a direct Focus from your own Presence and the Ascended Masters and blocks the way of every destructive activity.

It is an action of the Flame from your own

"Mighty I AM Presence" and the Ascended Masters with which no destructive force will ever argue. They simply flee and dash everywhere to avoid contacting It. They know, if they pass through It every destructive impulse within them is consumed and their viciousness is blasted.

We ask all the "I AM" Students in the School, as well as other "I AM" Students, to visualize a gigantic Cross of Violet-Blue Flame rising out of the eastern part of the Atlantic Ocean and holding back from the Americas the war entity of Europe. Another Cross of Blue Flame should be held in the western part of the Pacific Ocean to hold back the war entity of the Orient.

As the students see this clearly and of gigantic proportions, holding back all war conditions of the rest of the world from the Americas, the Ascended Masters can focus Their Action of the Cross of Blue Flame with terrific Power and COMPEL all destructive forces in the rest of the world to STOP their insane destruction of human Life in the other countries as well.

The color of Blue in the Flame is like that of an electric spark with a touch of violet. It is such a concentration of the Ascended Masters' Electronic Force that it blazes high into the atmosphere and around the Orient and Europe, so that destructive individuals and activities cannot pass through to reach the Americas.

The Student should say: "Mighty I AM Presence" and Great Host of Ascended Masters! focus Your Cross of Violet-Blue Flame at these points with such Cosmic Power and Activity that nothing can come into the Americas but Your Almighty Victory, Power and Perfection of the Unfed Flame forever! Then expand Its Activity, until It consumes all destructive conditions throughout the world—forever!

SINCE the closing of the San Francisco Class, it has been more powerfully evident than ever, how much greater is the release of Power and Light by the Study Groups through both the DECREES AND SONGS when they are spoken or sung with a quick tempo.

Everyone in the last class experienced what it meant to increase the speed; because all felt the greater energy released and the sense of effort disappear instantly, as they spoke the DECREES rapidly.

When people come into the Study Groups after a day's work in the outer world, feeling sometimes a little weary; it will bring the most amazing recharge of energy, joy and rest to them if they will give the DECREES and sing the SONGS rapidly, so as to release a happy FEELING. They should send them forth with determination to protect America; that all mankind may be held in the Light and given enough strength, to keep them from going insane with war.

The ASCENDED MASTERS have reminded us of this again and again. They are giving us another reminder since the San Francisco Class; so the energy, which the students send forth in their DECREES AND SONGS, will contain the FEELING that the Ascended Masters can am-

plify. Then, They can pour forth more powerful protection for the students, as well as for America and all mankind.

Joy is the keynote of the Ascended Masters' Instruction in all They do. Yet, They maintain an humble dignity with it at all times. There is nothing solemn, austere nor unhappy in anything They do or teach. The Law of Life is JOY! but the JOY of praising Life! with an enthusiasm that releases greater and greater Joy and Perfection for the blessing of all.

Prayer originally meant praise! and surely everyone ought to be joyous, constantly giving praise to the "Mighty I AM Presence" and the Ascended Masters; for bringing forth Their Light at this time, to protect America and illumine all mankind.

As we sing and DECREE, the FEELING should AUTOMATICALLY become joyous when we realize that we can and do release those who are bound by their suffering; and that we are projecting the Ascended Masters' Light Rays with a Power, which compels all that does not serve the Light, to stop its destruction and dissolve before the PERFECTION OF LIFE.

To realize that we CAN wield this tremendous POWER OF LIGHT to stop all further destruction of mankind on this earth, should make the students under this Radiation the most joyously enthusiastic people on the face of the earth.

Therefore, SING! beloved ones as you have never done in any LIFE! DECREE as you have never DECREED before! RELEASE the FEELING AND POWER OF LIGHT needed to protect America and keep mankind sane until they

can be shown how to use the LIGHT to free themselves.

America needs clean, happy, enthusiastic, determined, straight-thinking people to blaze this LIGHT of the Ascended Masters, until all mankind sees the way once again unto PERFECTION.

· NOTICE ·

ASCENDED Master Light, Volume VII of the Saint Germain Series, has been withheld, at Saint Germain's Request, until the new Radio Transcriptions were recorded.

That has been done and we will make every effort in pushing the Ascended Master Light and release it as soon as possible.

Blessed "I AM" Students everywhere! please do *not* copy words nor music of songs, by various composers which are copyrighted, to put in your song-books. · OUR PRECIOUS BOB'S DISCOURSE ·

Young People's Breakfast—San Francisco
January 30, 1938

WHAT a very joyous thing it is to find throughout America these many, many groups of people; all feeling more and more each day the surge of Life within them, which is Eternal Youth.

As We have been observing, from the Higher standpoint, the activity within the FEELING world of individuals, We see what that activity of Life is actually producing. You yourselves see the change which has taken place in the features, in the coloring of the skin, in the various activities of manifestation on the surface of the students. That means the atomic structure of the body.

The day is rapidly approaching, when everyone will fully comprehend this Law; so that you instantly bring it into manifestation. Do you understand what to fully comprehend a thing means?

Will everyone of you charge yourselves, at least twice or three times a day and call forth into manifestation the Perfection of Eternal Youth? It does not make any difference what your personal human sense of age may be. The Life Stream, anchored within your heart, carries the

appearance and Perfection of Eternal Youth. You can call forth that quality into every cell of your body. You can COMPEL the cells—notice—you can COMPEL the cells of your body; to give obedience to your Life which is Perfection, which is Eternal Youth!

Yesterday was a day of rejoicing that I shall never forget. The activities which took place within the classroom were just another proof to Us of what the beloved students can do in releasing the Mighty Radiation, which met the Out-pouring from those Great Ones. I wish every human being in America could have seen the blending of your Radiation and that which those in the room released; as it met the Out-pouring from the Great Ones. Oh, that you could have seen the natural blending of it all. It is a thing I shall never, never forget!

Again, it is the eternal proof that mankind is coming into a rate of Vibratory action wherein they are actually blending with the Radiation of the Ascended Beings. Your Radiation, as it goes up, is blending with the Out-pouring which is coming down to join it; to bless you, to amplify, to intensify and to bring into your outer action the Perfection for which you are calling.

I was very greatly delighted to hear our beloved Lotus speak of her early experience. My experience was short, but terrific. I thank our blessed Lotus, for reminding you to-day of that which you can clear out of your world. If there is a sense of timidity, it will not let you do the things that your Presence wants you to do. So, I thank her very much for reminding you, to call the Presence into action to clear it out, if there is anything of that kind in your feeling world.

To-day, the young people need to keep free from timidity. Our beloved Donald is an example of how that can come about naturally, where there is no timidity or fear generated. The blessed School in Los Angeles is bringing poise and Self-control forth so beautifully. It is teaching the children to appear before audiences and giving them a freedom and ease of speech before people, which is necessary to every human being. Then, the Presence and those in the room who are assisting, can say and do the things that are necessary.

I want to make one explanation. You have heard the Messengers say many times, that Saint Germain before the Divine Director is as humble as a child. Many times the students have wondered about that statement. It is absolutely true! While Saint Germain, if He cares to exert it, can release identically the same Power as the Divine Director ordinarily uses; yet out of respect and honor to Those who have helped Them to that point, do They always retain a humble attitude. That is why Saint Germain to-day is as humble as a child before the Divine Director. Not that He cannot wield the same Power; but He never forgets that it was the Divine Director who helped Him to the point of His eternal Freedom. That is the respect we owe to those who help us.

In the case of Rex, Pearl, Nada and Myself, until you stand with Us, you never can know what Our Gratitude and respect is for those Wondrous Ones. To-day, Mrs. Rayborn's Gratitude and respect for Saint Germain is the most beautiful thing you could ever witness. That is why We want you to be clear in your understanding about some of these things; because they are all true, and why.

This is the second point, I want to bring to your attention. Knowing that your Presence is All-powerful, then the question has often arisen: Why call on the Ascended Masters? There have been many people who have for sometime obstructed their way, over that very question arising in their feeling.

The Ascended Master is One who is using the Inner Consciousness of His Achievement. Every particle of Consciousness, which He is using, is that through which He attained. The Consciousness, which the Higher Mental Body is using with the unascended being, is not the same consciousness as that of the Ascended Master Who has attained. Try to follow this closely. The Consciousness, which the Ascended Master is using, has attained and knows all the requirements of the human. When the Higher Mental Body cannot have sufficient dominion, in the human form and in the feeling world of the individual for any reason whatever, It calls into Assistance the Ascended Master, who projects the Ascended Master Consciousness into the FEELING WORLD of the individual. This enables the Higher Mental Body to do the thing It could not do without the Assistance of the Ascended Master.

Now is it clear to you how important the Ascended Masters are to you to-day? The world would be helpless without Them! There are a great many giant intellects who scoff at the idea of the need of an Ascended Master. Well they are unfortunate indeed. The one who has the giant intellect, so-called, is in a dangerous position, dear people; for without humbleness before the Great Presence of Life, little will ever be gained. No matter how great the Powers you wield, beloved

young people, never forget to always maintain a humbleness; which keeps your door open to the Perfection of Life.

I never in this embodiment, nor in My Attainment, had to experience egotism nor arrogance. I never knew what they were. Only since we came into the position in which we stand to-day, have I been able to observe those qualities acting within human beings. It is very pitiful; because such feelings are energy charged forth and qualified by arrogance, which is the downfall of every one who does not consume it.

If the Ascended Master does not look into the Life Stream of the individual to see what is there, and sometimes opportunities are given, the quality of arrogance which has been generated in many lives past, will suddenly surge forth and begin to assert itself. That is why beloved young people, Saint Germain and the Messengers have urged the need of the Violet Consuming Flame.

If the Messengers had not constantly called forth humbleness, it would have been impossible for this Work to have been done. Each day, each class, their feeling of humbleness grows greater before the Great Presence of Life and the Ascended Ones; because each time they know how helpless the world would be to-day, without the Ascended Masters and the Great Cosmic Beings.

Feel this deeply, beloved ones, every one of you! and do not misunderstand Me in this statement. When you have a need and you feel unable to cope with it, send your thought first to your Presence, then to some One of the Ascended Beings. If for any reason your Higher Mental Body is not permitted to release the energy and power required for a certain given purpose because of your dis-

cord and interference, It will call into action one of the Ascended Masters, Who will project the Ascended Master Consciousness into your feeling world to act there; until you yourself can gain the Victory. That is why, beloved ones, such magnificent activities have taken place in this class.

You will remember, almost without exception, the Messenger has always charged the room with the Ascended Master Consciousness; and then with the Consciousness of each One of the Ascended Masters' Presence and Activity. That sounds very simple; but let Me tell you, one day you will see what that has done for the people in those classes; especially for the ones who are not familiar with the Work; and even for those who are, still It goes on doing its tremendous work.

You may not understand it yet; but when his Decrees go forth like that, they go forth charged by his own Higher Mental Body for the blessing and Perfection of those present; also acting in the mental and feeling world of mankind and the students everywhere.

Let Me remind you dear ones, that in the past six months, the Activity is quite different from what it was before. At the time of the Great Himalya's Dictation in Ratana's Class, He first established CERTAIN CURRENTS through the atmosphere, which the Ascended Masters have utilized ever since. On them are carried, to every "I AM" Student in America and the world, the Radiation which is taking place in this class. That is why a constant stream of letters come from those who received the identical Radiation. It could only come through such CURRENTS established by those Great Cosmic Beings for that purpose.

Remind yourselves often of these activities. See how infinite is your privilege, how great is your blessing, in whatever manner you can co-operate with the Great Law of Life, for your own perfection and the assistance to America and her people.

Yesterday during the class, something reminded Me that such a short time ago, I stood in a limited physical body; and almost like the turning of a magic mirror, I was suddenly transformed, transplanted into another world and Oh, such a world! Out of human distress and limitations into a world of Eternal Light and Freedom! Blessed ones, when I have the opportunity to express My words, My Feelings to you, I try with all the earnestness of My Being, to charge into your feeling world My Feeling of that Victory. It seems almost incredible to-day with so little effort upon My part, that the change could have taken place. Saint Germain has never explained thus far, but He says ere long He will. Except in what He showed Us in the Cave of Symbols, I have never had and have not to-day one single desire to look back through My Life Stream. I could do it; but until that desire arises I will not. Think of it, through the Infinite Assistance which is at your command to-day, do you not see, precious ones, how almost any achievement is within your reach quickly?

Precious young people, We have seen many times, for Saint Germain has made a special effort to show Us, in connection with the Great Tenor, that which must come forth in music and the world of art. We see those blessed ones who have in past experience held steadfast to the highest ideals of art and music. We have two present with us today, who with sufficient earnest adoration

and attention to their Presence, can be channels for bringing forth the new and wondrous art which the outer world has not ever dreamed of—our blessed Mrs. DaCamara and our blessed brother here (Mr. Aguilar). May I shake his hand through the Messenger? With loyalty to the Presence and sincerity of purpose, beloved ones, there is no limit to the Perfection which you can bring forth.

I say to all of you, as you call your Presence to charge your mind, body and feeling world with Its Perfection, who of you shall say what sudden marvelous faculties might arise and come forth into action within each one of you, any of you or all of you? I wish this morning to so express, so charge into your feeling world this Mighty Truth. No one in the outer can possibly imagine what his firm unyielding contemplation of the Presence, would bring forth into expression through his mind and body.

I tell you, dear ones, it is an opportunity never known in the history of the earth; because to-day, it is not just your own humble efforts which are acting. You have the Power of the Universe, which you can call into action and which wishes to give you assistance. It is a wholly different condition from fifty years ago. Such a thing could not have been done then; but since the 7th day of the Shrine Class, the whole activity of the free will of destructive individuals has changed.

Let Me remind you of something, lest there arise in your consciousness a feeling of resistance. There are a few who are so un-informed in regard to the Great occult laws, that they still think the so-called occult laws cannot be changed. Who and what made those laws? Now notice this care-

fully, beloved young people! for if you do, you will never be tripped up. Who were the creators of those laws? The Great Cosmic Beings. They see the need of a change for mankind to-day. They see the need of unclothing those Laws by dissolving and consuming the human concepts which have gradually clothed them. The old occult laws in the world to-day contain only about thirty-five percent of the Purity and Reality with which they started out.

Just exactly the same thing has happened to your bible to-day. Because of its many translations, it is hardly recognizable compared to what its Reality was in the beginning. Everything suffers through translation, for human opinions are always imposed upon the original. So it is with the Great Laws. The Great Cosmic Beings, seeing that things were coming to a point where the misunderstanding of mankind was endangering individuals very existence; then the Great Cosmic Beings said: "This must be changed." The Great Law of Life must be brought forth in great simplicity, that mankind may understand. The Law of the "Mighty I AM Presence" will remain, because It is Eternal. This, which Saint Germain has brought forth, will never be changed; because it is the Law, stated in the clearness of the Ascended Masters' Consciousness and that is why. Do not ever have any feeling toward the Messengers, when they stand so dynamically for the purity of This Instruction; when they stand so unyielding in the requests which the Ascended Ones have made; knowing the need of mankind to-day.

Take for instance, the Outlines and those which will come forth, the use of the songs and all the

various things. Precious people, it is not a matter of human opinion concerning those things. It is the pattern which the Ascended Ones are making through that loving, kindly, harmonious activity which brings them to a point where, later, greater freedom can be given the individual's expression.

To-day, the need of mankind is for co-operation with the one Great Law, which the Ascended Masters have set forth as the greatest possible requirement and the greatest possible blessing. That is the only reason why the Great Ones have made these requests. If obedience is given to Their Request, then soon the students will come to the point where each one will be given greater freedom of expression, under the direction of his own Presence. As Yet, so few comprehend the distinction between stilling their human impulses and their call to the Presence. Thus, many mistakes occur.

Do you not see, precious ones, how eternal should be the gratitude to the Messengers for their firmness and unyielding stand in holding the blessed ones steady on the Pathway of Light? Saint Germain can let them know at any time whether a thing is correct or not. Will you always with greater happiness co-operate to the fullest of your ability, in holding steadfast to the requests of the Ascended Ones? They know the need of blessed humanity to-day, which will bring with greatest speed the Freedom and Perfection all crave. That is the need, and is why these things are done.

I am always very grateful when I can have an opportunity to talk to you just like a great family. When the Ascended Masters wish to bring about greater comprehension, a certain vibratory

action is set in motion. When that is accomplished it is released; but the individual must then use his own effort to retain it. This is why, in the glory of your opportunity to-day, it is the most wonderful thing in all human Life.

In all the activities of the students throughout America and the world, the Great Ones from the Ascended Masters' Octave have placed those on guard who are constantly watching. In every need and every call, the Great Light Rays are projected into the midst of the Groups; into the midst of whatever condition needs assistance; whether it be individuals or groups according to their requirement. There is not one moment when that assistance is not available. Will you not feel that? It would not matter where you were. If you were down here on Market Street and some emergency came about; instantly at your call, those Great Light Rays would come from some of the Great Ones to assist you.

Saint Germain wishes Me to say to you: that in your explanation of the Presence and the Great Ones; rather take the attitude of the projected Light Rays into your midst, than the actual Presence of the Ascended Masters. If They choose to come and be present well and good; but for the sake of expression and the feeling of the people, who are not yet quite familiar with the Reality of the Ascended Masters, you will find it tremendously more powerful, in explaining to others to say that the Mighty Light Rays are projected into our midst to-night or to-day, whenever your meeting is. You will find it conveys a different feeling to the people, who are not yet familiar with This Work.

You see the old idea of psychic or spiritualistic activity is still in the minds of many, who have been mixed up in those things; for they still hold on to those ideas. Dear people, convey wherever you go with great tremendous firmness; that this activity has nothing to do with psychic or spiritualistic activity! The Ascended Masters are as far beyond the dis-embodied spirits as Light is beyond darkness. The Ascended Ones are pure Beings! They are *not* dis-embodied spirits! They are individuals who, through this identical application of the "Mighty I AM Presence," have purified their physical bodies and raised them into their Electronic Bodies. Thus, They have become Ascended Beings.

There are unfortunate individuals, who have spread all over America, that This Work was purely psychic and spiritualistic. Such a statement about This Work is the greatest falsehood in the world! The students must counteract that wherever they go; for the people who do not know, sometimes unfortunately accept such wrong suggestions. So wherever you go, correct those things with a firmness that makes people know you mean business.

Yet how magnificent it all really is. In all the attempted interference with this Light, there really has been very little effect. It shows, and it should prove to all mankind, the Power and Radiation of These Great Beings. Otherwise such accomplishment would have been impossible; because various activities of Life have been disrupted — wholly and completely — by vicious gossip. You know there has never been such persistence in the world, as by some of these un-

fortunate creatures. Their time is short; but they certainly have been persistent. Yet how few have really been affected.

So I want you to realize, that in the glory of This Work and the Presence of all Life and Light, how It does flood in, governs all conditions and brings about Perfection. That is why you have been reminded so many times, to hold steadfast in your call to the Presence; because then only Perfection can fill your Life and world; but do not yield to the appearance. Then you will have all that your heart desires.

In closing may I add these words again: Precious hearts, who of you to-day knows what tomorrow might bring in the activity of your Presence through your mind, body and feeling world? There will be many people in this class whose entire human accumulation will be consumed. Saint Germain may tell you at the close of the class the number of people for whom it has been done; for this Work is coming into greater and greater activity.

We rejoice with so great a Love to each one of you. Oh how We rejoice, in your staunch firm determination and adoration to the Light. It means everything, dear ones. You CAN have your freedom the same as We have. If you could see Mr. and Mrs. Rayborn, Rex and Nada even today, how not twenty-four hours pass that They do not humbly before the Great Presence of all Light, give forth Their Gratitude for Their family's freedom. It is just an example of how with the feeling world kept undisturbed, the Presence of Life can lift all into Its Eternal Perfection.

May I remind you again that in the Rayborn

family such a thing, as desire to criticize, judge, condemn or have any opinion about a human being, was not in existence. That is one of the reasons why They had such rapid accomplishment. The same thing will happen to everyone, who keeps out of his feeling world every discordant thing. It is quite easy in your call to the Presence to hold the balance of Self-control in the human octave by checking every impulse that comes to say or feel some discordant thing. Then such conditions will just let down, recede and disappear from your Life.

I know. I see many times among the precious students how they feel it so difficult to control their feelings, but it is not. It really is not, if you check the first impulse that comes to SAY or FEEL something discordant. Then it does not start to gain a momentum. Then you are giving obedience through Self-control in the human octave, to that which you are calling forth of Perfection from the Presence. That is why you will gain the Victory very quickly, as you check every impulse which is discordant. Do not let it have expression. If it gains a moment's activity in the feeling, call on the Law of Forgiveness and see how quickly the feeling will let down.

I say this to the young people: you will in a short time gain absolute complete Mastery over your feelings, if you will watch that one point. Check every discordant impulse INSTANTLY wherever you are. Do not be afraid of the human opinions of your associates! Do not, dear young people, be concerned! If people do not like your determination to have Purity and Perfection, then the sooner they are out of your world the better; but do not yield your ideals to the impulses of the

human world. Stand with the Light of your Presence and you will have every cause to rejoice, in the years just ahead of you.

You are the Light of the world, beloved ones! You are the Light of the future for the rest of mankind! Hold that Light with greater determination! Carry it high! Be unconcerned about human opinions; but give obedience to the Divine Laws and to the human laws so far as they act in the outer world to produce Perfection. Do not feel, dear people, that because you have the understanding of the Great Presence of Life, that you can ruthlessly over-step the bounds of the human laws which are yet governing mankind. You do not understand all as yet. You can call the Presence into action many times to set aside or adjust those laws for the release of Divine Justice; but do not try to over-ride the human laws which are for mankind's protection. That would not be in accordance with Divine Order. As you go forward, watch that you give the greatest cooperation; first, with the Divine Law; then, the outer laws of mankind; and you will find the greatest happiness in the world flooding your Life, your world, your being.

With all the Love of Our Hearts, Nada, Pearl and Rex, Mr. and Mrs. Rayborn, Mr. Gaylord, Leto, the Great Tenor, the Goddess of Liberty, Victory and Astrea enfold you all in Their Great Love. The Great Astrea wishes Me to say just a word to you. In any emergency, at the slightest intimation of any disturbance, call Astrea with firm determination to seize and bind all entities about you or your world, to hold you and yours invincible against any contact of that kind; and

you will render a tremendous service. He will answer every call that the students make, and remember! when you make the call it is done! Never feel for one moment afterwards, that it has not been done. Then you will have quick and tremendous results.

With all the Love of My Being, I thank you and bless you.

EASTER'S HERALD

H, WORLD! awake! Behold on high,
A Cross of Blue flames in the sky!
A Silent Sentinel It stands
To flash again Life's Great Commands;
To search the world with Rays of Love
And draw all unto Light, above:
To Cosmic Spheres all free from strife,
Our Source, "I AM,"—The Lord of Life!

The Cross of Flame, as once before,
Reveals to earth the Open Door!
It shines across the starry space
And all will see It face to face;
A Guard It stands! ablaze, all bright!
A Messenger of Cosmic Might;
The One within this Cross of Flame
Comes forth from out the "Great I AM."

His Glory too, in Words of Light,
Reveals on earth His own Great Height:
His Cross of Blue now leads the way
And ushers in the Cosmic Day!
The Great "I AM"—the Central Sun,
Has sent to us this Flaming One,
Whose Power and Strength will never cease
To bring the earth ETERNAL PEACE!

—Chanera

· ASCENSIONS ·

Saint Germain's Instruction to the Cleveland Class—March 15, 1938

ELOVED sincere students of this Great Light, I have great rejoicing for you. Will those who are visiting here convey these exact words, at their earliest convenience, to the different parts of America?

On next Sunday, there will be ten Ascensions! five from the Cave of Symbols in America and five from the Retreat in Arabia. The five from the Cave of Symbols are your own beloved American people. Those from the Retreat in Arabia come from five different countries; one from South America; one from Australia; one from France; one from England and one from India.

This, beloved ones, is the beginning of that, which I have said to you from the beginning of This Work, would come forth. Providing the great sincerity, the great honesty and the great loyalty of this great group of students continue; it is not impossible that ere long, this may be produced in the outer world visible to all.

You will find that I have never once spoken a word or made a promise that has not been fulfilled! When I can have a group of people who will harmonize themselves enough and maintain it; then, I can promise you exactly what I can do for you; but I cannot do it, as long as the human is governing and there is wavering in the feeling world of the individual.

This is a very tremendous thing! It is the only time in the history of the earth, that this number of people will have made the Ascension in one day. Those from the Cave of Symbols will make

the Ascension at 2:00 o'clock; those from the Retreat in Arabia at 8:00 o'clock in the evening. That will be your time here (Eastern Standard time).

It is for the purpose, not only of their Freedom, but of releasing the power which will act throughout the future Ascension Days, as the Messengers carry the Light forth. This will be a living memory in the history of every "I AM" Student on the future Ascension Days at the close of each class.

These are great, Mighty, Realities, beloved ones! We are so eternally grateful to the students of America and the world, who are making possible these transcendent activities and blessings for the earth and mankind.

The remainder of this I may not disclose; but there is a far greater activity in It than you know. Will you accept It in your hearts; that Its active Presence and Power may start into action this moment, to produce that exact result for you? Remember, beloved ones! this is the Power of Light, your Life! which does these magnificent things. It is all as perfectly natural as your breathing. As mankind comes to feel this, then greater, greater and greater manifestation of this Great Perfection will come before the outer world.

These three and a half years, We have been trying to prepare individuals everywhere; and I congratulate our beloved Mr. and Mrs. Rogers for the magnificent activity of their Groups in California. It is a mighty eternal sustaining Power. Let Me say just a few words while you are standing; because I want these currents of energy to flow freely through your bodies.

Concerning the Power of Decrees! Your scrip-

ture says: "Decree a thing and it shall be established unto you." That was the Edict of the Godhead in the beginning! Mankind has long, long forgotten it! I have brought this forth to mankind again, to start forth the activity of these Mighty Decrees. Were you to see the Inner Activity you would be delighted. You have innumerable manifestations of Its Mighty Work in the outer activities; but most people over-look them. Yet they are there.

From the Inner standpoint, the magnificence of these Decrees is unparalleled in the history of the earth. Do not let any human being pretend to be an "I AM" Student and ever fail to give those Decrees, if you want to be free! You have got to give to be free! You can give no more mighty activity than in issuing these Decrees, with the earnest sincere determination of your being for the Freedom and blessing of yourself, America, her people and the world. That is why I take this opportunity, to-night, to assure you beloved people. There is no thing in your Life, so important, as issuing these Decrees for the Perfection and protection of America; for in doing so, you bring the same protection to yourself and your activity forever.

These are not temporary things! Every Decree you issue in your call to the "Mighty I AM Presence," to the Ascended Host or the Cosmic Beings, is an established activity which goes on and on. You have no idea nor concept how long! It goes into action, a Universal Power of action! As it is followed up with more and more decreeing it is gathering its Power to cleanse and purify the mental and feeling world of mankind; doing a

work that is inconceivable to the human. Do not let the human of anyone attempt to judge it! That Power is Infinite! That Light is limitless! The fulness of Its Glory will fill your world with Its Perfection; as you call It forth into action.

Therefore, beloved ones, My Love and Blessings enfold you all, for your earnest sincere and great determination to stand in the Light. Hold Its Glory flowing in and through your body and out into your world, to harmonize and perfect it forever! I thank you.

· DECREES ·

"Mighty I AM Presence," Great Host of Ascended Masters, Mighty Legion of Light, Great Angelic Host, Great Cosmic Beings and Great Cosmic Light! take out of my mind, body, being, world, atmosphere and environment ALL CONSCIOUSNESS AND FEELING OF WORK! Replace it by an UNENDING STREAM of the Ascended Masters' Joyous Thrilling FEELING OF VICTORIOUS ACCOMPLISHMENT and MIRACLES OF PERFECTION WITHOUT LIMIT IN EVERYTHING I DO FOREVER! and MAKE MY LIFE ONE GREAT SONG OF JOY TO ALL THAT LIVES!

"Mighty I AM Presence" and Great Host of Ascended Masters! keep my acknowledgment and acceptance forever off all but YOU, THE ASCENDED MASTERS AND PERFECTION!

"Mighty I AM Presence"! charge my Being, world, atmosphere and environment forever, with the Ascended Masters' Perfection of that Light which knows no opposite.

The hour has come to see the shining face of your "Mighty I AM Presence"! Its slender Hands point you every minute to Victory and every second is now filled with Mighty Ascended Master Miracles of Perfection forever!

· SAINT GERMAIN'S DISCOURSE · · MINUTE MEN ·

Kansas City, Mo.—February 27, 1938

BELOVED Minute Men of America, I greet you in the Name of America! In the Name of the Presence of all Life! In this central focus of our land, I trust that you will so live and so release the Powers of your Presence, that you can make Kansas City a powerful central focus of Light. While a specific locality is not so imperative; yet in the requirements of America to-day it is tremendously helpful.

In the beginning, I conceived the idea of establishing at least five different focuses of Light in America, which would balance the vibratory action from one point to another. That would en-

able Me to do more rapidly the things which I intend to do for America and her people; but I did not at first get sufficient harmonious response from the central cities to do it. Yet I do have hope.

Beloved ones, unless harmony can be maintained among the students and the groups, it is not possible for Me to do these things. Therefore, you gentlemen, who have a deep real understanding of the requirements of the business world, must necessarily feel the great need for the protection of America. Such protection can only come through the release of a Power that is more than human. Physical force cannot do this; but, if enough Power of Light is *not* released, then you will be compelled to use physical force to protect yourselves. No one wants that; because out of it comes the condition which cuts off the Life Stream and activity of individuals; and unfortunately our wonderful, wonderful young men.

I have never mentioned this, but somehow today I want to call your attention to the war conditions of the world past and present; which cut off the Life Stream of young men. What do you suppose gentlemen that means to the Great Cosmic Law and the Great Presence of Life? Oh no, that is not a part of Life, do not think it for a moment; that is the human self taking the reins of dominion in its own hands. Think of it! When I say this do not allow any feeling to stir in you, because that does no good. I say to you, We have the records and one day will show you those records! As you go forward and greater harmony is maintained it makes it possible for Us to bring forth your greater understanding.

We have the records and names of the individuals who, for more than six hundred years,

have been the instigators of war. We have the records of what were the causes and the results. In your universities to-day, you have a record of your students. We have a record of mankind; but the entire world has not believed it. Oh, some slight mention has been made here and there; but not sufficiently strong to anchor it within the feelings of mankind. We have the record of every single thing that goes on among humanity, bearing upon the Light or the expansion of its Light and progress.

Therefore, to-day, We are bringing this forth according to the requirement of mankind so individuals may realize that they are not wandering in a maze of human creations which are endless. True, people have to some degree been doing that, until this Understanding of the Presence of all Life was brought forth. Now, they know from whence they came and the goal of Life. The great eternal final goal is so apparent before you, is so near within your reach.

Shall I say something to you gentlemen that should be the most wonderfully encouraging thing in the world? All have made grevious mistakes; mankind is still doing it; but do you not realize that all mistakes are human creation and have no power except the momentary energy that has sustained them and caused their action? Try to feel this to-day as never before in your Life; for if you do, it will remove from you forever all self-condemnation.

When people come into this Light, a great many individuals begin to see their mistakes clearly. The human part of you then attempts to fill you with self-condemnation. I plead with you earnestly, never allow that to occur!

This is the point concerning all your mistakes. If you are willing, EARNESTLY IN YOUR FEELINGS, to call on the Law of Forgiveness to Life, for all the mistakes that you have made; then ask your "Mighty Presence" to correct them and see that you do not make any more; you have complied with the Law of Life. Then, you should forget all that is past. You cannot help it by revolving it in your mind; and if you do revolve it, you keep binding yourself to the condition which you should forget.

The same thing is true concerning the imperfections of your social Life, the conditions of your business Life. In revolving a thing over and over in your mind is how the feelings generate which sometimes bar you from future success. If a mistake has occurred, a wrong in your Life, call on the Law of Forgiveness, for the other person and yourself; and then wipe it out of your memory.

You might say to Me in connection with your business Life. Suppose a man has, as the human self claims, taken from you a lot of money which you believed belonged to you. Discordant feeling within you would prevent its ever being returned to you; even if the Law of Life saw the way to have it done. There are hundreds of people in America to-day from whom great sums of money have been taken. The Law of Life would have returned it, if they had kept their feelings harmonious toward the condition. Gentlemen, you cannot tell what the Inner Law—the Law of your Life—is doing; because you do not know how much the Light within you has expanded. Until you do know something definite about It, how can you tell the way Its Power and Light will act to bring Divine Justice to you?

To-day, in your understanding of the Presence and the calling forth of Divine Justice in your Life and world for yourself and all mankind, do you not see how you have complied with the Greatest Law in the Universe? In It there could not be a loss to you.

In the understanding of this Great Law, remember that mankind is but the custodian of that which is given into individuals' use. The Great Presence of Life is the owner of all there is in this Universe. Now the proof is that, when you come into embodiment, you do not bring anything with you, but Life, do you? You do not even bring the garments of the outer world; and when you leave these bodies, you only take Life with you, do you not? Of course many do not understand that. People think they do not take Life with them. Many think it is the end of all; but such is not the case.

These bodies are just garments which you wear, the same as the flesh garment is covered by the clothes you wear. In the same way, the Light pattern of your body is clothed by the flesh which you call your human form.

Therefore, in the correct Understanding of Life and Its Activity, all which is in Life is here within your own Stream of Energy. All that ever came into physical form, came through this Stream of Life and energy as an idea. Without this Intelligence and idea flowing through the brain and anchoring within the heart of the human form, there would be no means of conveying Intelligence by which mankind could act.

This point is the greatest thing in all human Life and experience. Once you understand this and see why Life brought forth all that is in physi-

cal form, then you can see and understand how your attention to this Great Presence of all Life will bring to you Its Limitless Powers; because it is the governing Intelligence of the Universe. It knows no opposite. There is no one thing in all human creation which can interfere with the Outpouring of this Great Presence and Energy which is Light.

You know that Light knows no opposition! Therefore, contemplate It and realize that this is *you*. It is the fulness of all Life, and your flesh body is but the garment that you are wearing here. It is the protection to the sensitive Light Form upon which the human flesh is gathered. When you remember that the Light pattern of your human form is composed of the points of Light within the cells of your body; you can see how you cannot be deprived of the greater expansion of this Light, when your attention is held anchored to this Presence of all Light.

Then what is acting? Not yourself, but the Power of this Light and Intelligence flowing into and through the brain. It is the Power of Light which causes it to act and give power to the brain intelligence. Intelligence is not in the brain! The structure of your brain is so prepared that only the Intelligence within this Stream of Light acts within the brain. Therefore, how could you be limited in the amount of this Intelligence that you call forth? You could not be!

It only requires that your attention be drawn to this in the outer world. Thus, it enables the Presence, through the Higher Mental Body, which is provided for action here in the human octave, to release Its Perfect Health steadily and surely into your mind and body. Through the Radiance

poured out from your heart, It releases a harmonizing All-powerful activity into the world around you. That Radiance goes into your business before you get there. It harmonizes and prepares the way so when you appear Its Light and Love have harmonized and prepared the way in your business for the successful accomplishment of what you desire as long as your motive is right and there is no desire within you to deprive anyone of that which belongs to him.

That is where individuals have wronged themselves and created such tremendous limitations. Having forgotten the Presence, they begin to feel and have thought more and more, that they must use some cunning scheme, to deprive their fellowman of things. That condition gentlemen, I am so grateful to say, is soon to vanish from the earth! The terrible condition of human selfishness, deceit, and treachery will soon vanish from the earth!

When I say "soon," think! You have lived hundreds of thousands of years in bodies of discord and limitation. Now, you are setting yourselves free with a speed that were you to see it from My standpoint, would astonish you beyond all words. Very great is the speed by which you are being set free from these conditions and limitations of the centuries.

Gentlemen, remind yourselves, especially before retiring, that your physical body is but the expression of your Great Stream of Light and Energy which is Infinite, Limitless Intelligence and Power. Therefore, if you give attention to your Presence, then the greater Power and activity of Life will flow forth into your world. Just as naturally as the Light appears and the darkness

disappears when you turn the Light on in this room; so, when you call this Light forth, does all discord which is but darkness, disappear from your pathway and world.

Remember! the Light flowing forth and going out from the heart is the Doer! It is the Power and Intelligence that harmonizes and brings about the Perfect conditions by which a successful achievement is attained. Unless you can apply this Law in the business world, you will find yourselves always in disturbance.

To-day, because of such a great accumulation of human discord, there is no opportunity to gain your Freedom. The discord has been charged into the very atmosphere in which you move. Unless you are willing to accept this Great Presence of Life as your Real Self, and understand that It has Infinite Power to help you, there is no possible means of you having greater assistance and Freedom. You cannot do it!

Not because I have the Understanding of Life; but, I say this for the first time, because It is the Truth! If one thousand of your most prominent business men from all walks of Life were brought together; if I could talk to them for two hours and they would give obedience to what I ask; the industrial world would be transformed inside of ninety days! because the need of the world to-day is in each one realizing that beyond his human form, there is his individual Source of Life. It is All-wise and All-powerful and is only waiting for the attention of the individual to turn to and recognize It, for this Presence to release Itself into the outer world in action.

Gentlemen, I plead with you, start in with definite sincerity and determination to have the Power

of your Presence come forth and take command of you and your world; to pour Its Mighty Radiance into your world and activity and see how quickly everything will change.

Look at the Messengers dear people! You surely need no further evidence in the world to make you realize the transformation which has taken place in their individual lives. The Power of the destructive forces against which they have been able to stand is unparalleled. The evidence is irrefutable to anyone who cares to observe honestly!

Therefore, you to-day stand in the same position. They have freed themselves, in the face of the most vicious forces! You can free yourselves much more easily; because you are not the focus for such destructive forces as they are. In some slight degree you are a focus. Whenever you enter this Great Stream of Life, you need more than ordinary protection; because as your Light expands within the heart, you also to some degree become a focus for destructive forces. They do not want to see the earth released from that which We term human creation, which is the discordant accumulation of mankind through the centuries, but it must come. The Great Cosmic Light, which is the Infinite Power of Life set into action, has said to the earth: "No longer shall this continue"! Mankind has made mistakes and has continued creating greater and greater distress and limitations. Now, the people must have a means that is more than human by which to release themselves from those conditions. To-day you have It; not only the Power and Presence of Life, but you have the means of which I am just speaking. It is imperative at this time for your success and that is the reason why it is necessary.

Unless you call the Presence to hold Its Invincible Protection about you, there is no safe guard. You are constantly catapulted by all kinds of feelings; and many times consciously directed for your failure! If you will call the Presence to draw Its Tube of Light about you, the discord in which you ordinarily move cannot reach you. This Mighty Tube of Light is no imaginary thing! Notice! All Power that comes forth from the Source of Life, the Infinite Presence of Life, is *Substance!* True it is of a higher rate of vibration, which the physical sight does not cognize; but nevertheless, It *is* Substance! This pure substance which is released by Your Presence, pours out a Mighty Radiance!

If you earnestly call the Presence to formulate Its Tube of Light and Invincible protection about you, in a short time, you will feel a great serenity and security. Then you will realize that is the reason. Look at this Messenger to-day, who as a lad was so very timid. There is not a thing in the whole world that he fears—not all mankind put together! Such is the security within this Tube of Light drawn about you by the Presence—not yourself! You make the call and you will at once begin to feel a greater serenity and security from disturbance. Then, when you want to think clearly you will be able to do so; because within this Tube of Light, in your call for a clear definite understanding and direction, the answer will be able to flow forth quickly and clearly. There will be no wavering or questioning in the mind, which so many of mankind experience; when they want to make a decision upon something that is important.

At once, you can have the clear directing Intelligence which you require for the successful achievement of your business activity, in your service to the Light or in whatever condition you are moving. Believe Me, gentlemen, I know because I have seen from both the higher and the outer standpoint, the accumulation of mankind through the centuries, my own included before My Ascension, and I know what it means!

I could take you one by one and read to you, as from a book, everything that has occurred in your Life Stream for hundreds of years; because the record is there. I read it just the same as you read your books. Those are points of understanding which the outer world is just now beginning to again understand.

I do not say this is absolutely certain, because you cannot depend upon what the human element of mankind will do; but from the apparent condition and present expansion of the Light in America; I would say that within forty years, there will be thousands and thousands of people in America who will be receiving crystal clear definite direction from their Presence; and there will be no mistake come forth.

Why is there a necessity of that? Because the Great Presence of Life will change outer activities and place in official places this Magnificent Activity, which will hold Divine Justice for mankind. It was so in the civilization referred to in Unveiled Mysteries of seventy thousand years ago. Before I withdrew from that civilization, it was magnificent! Because the free will of mankind might not be interfered with, that whole civilization dissolved and disappeared. They simply would not hold to the Great Perfection which they had

attained. You to-day must choose whether you are going to have the blessing of the Light or go on in your own limitations. I cannot say, you shall do thus and so. I can only point out to you the Law of Life and you can obey it or not.

Therefore, it is for you to choose to what degree you are going to apply this Law, which it has been My great Joy and Privilege to bring forth. There is not one Word which I have brought forth that is not the Law of Life! It applies directly to your own individual Life. Therefore, if you will understand It and realize that in all phases of your Life Stream's Activity, you can apply it with Infinite Power and precision; then you will know you are no longer limited to the conditions which you have drawn yourself into from the lack of understanding through having forgotten the Presence.

Unless you gentlemen will believe Me and understand the need of using the Violet Consuming Flame on yourselves and your world, you will not be able to hold your guard and be governed by your Presence without interruption. The reason is that around your human body, you have gathered this tremendous accumulation of discord which stands waiting to find expression. Make no mistake! We make no pretense about it. When you come into this Stream of Light, all the discordant accumulation which is your own Life-energy that you have used discordantly in the past, tries to rush forth to find expression. It will act, if you do not use the Violet Consuming Flame sufficiently to keep all discordant things dissolved as they come forth and try to find expression.

Each one who has used that earnestly has found his Life becoming tranquil and harmonized. Even when there would have been an accident, still it

was averted. We have had students who have had automobile accidents and things of that kind; and sometimes they were rebellious when those things occurred. They were told from the beginning, unless they would use the Violet Consuming Flame with firm determination, if there had been destructive qualities set into action in past lives, that energy would try to come forth and act in this. All destructive qualities must come forth and be dissolved if you are to be free.

Therefore, make no mistake about this Understanding. You are dealing with a Mighty Law of Life! It acts! and only as you give obedience to It, will It assist you to clear your world of all destructive limiting things. Then, you stand forth the Full Power and Action of the Purity and Perfection of Life which you once knew.

Does it seem incredible that you, who sit in this room to-day, once knew this Great Perfection and lived it? It is quite curious in one sense. There is not one in this room to-day, who has not known this Great Perfection and lived It. I consider that a very unusual thing; for not so far in our experience in This Work, has this been the case. It means this, gentlemen! that were you to give earnest sincere attention to your Presence and realize at all times—keeping yourselves constantly reminded—that it is the Presence, this Stream of Life and Energy which is flowing forth into your world; it would quickly transform everything in your lives. Your Presence knows no opposition, if you would allow It to flow and call It forth with great intensity.

The need to-day is the conservation of the energy in your body! We mean by stopping its waste

through critical condemnatory feelings, anger or misuse of the sex. It is imperative that you conserve the energy in your bodies, if the Greater Power of your Presence is to render Its service to you. Life originally intended this Stream of Life only for pro-creation of our kind. The Law of Life is for this Light to come down as far as the solar plexus and return again to the Presence. Such control enables the energy to be used to produce Perfection and success in your world.

You might say to Me: "Why does that energy not come down all the way then flow back to the Presence in order to produce success out here in our world?" Because you are living in the human element of limitation. The energy which comes down from the Presence and flows back would carry into the Perfection of your Presence the quality of discord from the human octave. The Higher Mental Body needs your energy held in control and kept harmoniously qualified in order to produce the Perfection for you in the outer world. That is why!

Again gentlemen; you must make the call to your Presence from the *human* octave, because that is where the imperfection and limitations are. Unless you furnish, by the release of your own energy, something by which the Presence of all Life and the Ascended Masters, the Legion of Light and the Cosmic Beings can give you Assistance, you cannot have it. That is why We have set into action this Mighty Decree Work; because in those Decrees, you release the FEELING, which is your human energy. I mean your qualified human energy from the human octave, is that which They require to produce Perfection for you. Otherwise, there would have been no need or lack of anything

on earth. There would be no imperfection, if We could release all good without your call. Do you not think the Great Cosmic Light would have done that long ago, if that were the True Action of Life's Great Law?

The evidence and proof are in the Chart, gentlemen, that this Law is accurate. There is no mistake in It, and the Instruction which has been brought forth for your release from all limitations, is the accurate Law of your Life. Unless you respond to It, unless you give obedience to It, you can only have partial success. It is so easy to obey It—really.

Gentlemen, I want to call your attention to three points which are vital in your Life. Let us take up the first one, the use of tobacco. Whatever the use of it is, whether smoking or in whatever form it is used; when that is continued over a period of years there forms a thick secretion and a dense substance in the brain. The density of it will not allow the finer vibratory action from the Presence to give you the direction which you want.

Everyone knows after a certain number of years and various conditions have been experienced, that you are not able to think with the clearness which you did as a youth. You are not alert! There is a cause for it. There are three causes! If you have used intoxicants, and even though you have not gone to any great extreme; if you use gin or alcohol, you will find the same thing occurring; because all intoxicants dull the finer vibratory action of the brain. Because of that, you cannot have the best results.

You do not understand it, but everything that goes into your stomach affects your appearance. Do you realize that? There is not one single thing that goes into your stomach which does not affect

your brain; because of the sympathetic nervous action within the nervous system.

When you put certain things in your stomach, you get such a headache you think you cannot stand it. Everyone I presume has experienced that. The minute anything goes into your stomach which causes over-acidity, it immediately creates a pressure on your brain and your head is in pain. That shows you there is not one part of your body which does not affect the others. For instance, an abnormal gas pressure can affect your heart. It can cause a pain in the foot through the sympathetic nervous action.

These are the things that the outer world does not understand. Some of the modern doctors do; but these are the action of the Law of Life which no one escapes. The Law of Life is no respecter of persons. It just acts according to the qualification you give It. There is no use trying to escape! You are always going to have Its action!

I thank you with such joy to-day, that I have this opportunity. If you will take up these simple yet majestic and Powerful actions of your energy, you will find that your whole Life will be transformed in a short time. It does not take so long, if you are earnest and determined.

Suppose you go out and play base-ball or foot-ball and probably many of you have; did you ever go into a game that you were not determined? Did you? If you are going into the Action of Life with that same sustained determination to have Its Perfection, to have the success upon which your attention is fixed in the outer activity, you will have it! because then your Life will flow into it. If you understand the need of harmony in your feelings, the Great Energy of Life will flow forth un-

touched and All-powerful. It will produce success in your Life and Perfection, as well as perfect health in your body.

I often observe as I move among mankind, especially the students, how they constantly accept some disturbing element in or about them. Well, blessed ones, if you continue to accept something of that kind, whether it is there or not, you would create it because whatever feeling is acting in you compels its action in your world. Therefore, if you take the firm stand: there is nothing can disturb me! then you draw a Wall of Protection around yourself and nothing does.

For instance, in some cases where individuals have been disturbed by dis-embodied entities and We remove them, they go right back to feeling the same condition because of the slight momentum that has been gained in the atomic structure of the body through the memory. If they would stand firmly by the fact that they had been removed, in a few days they would be completely released from any disturbance and have no further trouble.

If you have had some disturbance or illness and you keep reverting to it in your thought and feeling, you will have greater disturbance or ills. You are compelling it to produce greater imperfection because your attention is fixed upon it. Therefore, wipe out of your memory everything discordant which has been experienced up to this time. Then start anew in the full Power of your Presence and every time the mind starts to go back to something in the past, say: "Hold on! Stop! You are not going back to something in the past! You are going forward, not back"! How quickly you would regulate things and go forward.

After all, each one of you wants freedom, success and Perfection. You cannot get it by going back, can you? You can only get it by going forward! Now in this Understanding of Light, which is the Infinite Power of all Life, you can go forward to the success your heart desires like a rocket, in comparison to your previous activity.

I know there are many yet who would like to accumulate a certain amount of money, and why not? Providing there is no selfishness in it; providing you wish to do it for the blessing which you can give through it; the Powers of all Life will assist you to have it. Be sure, when it begins to accumulate, you do not forget about that. Do not forget the compact you made with Life, to use your money for the blessing of all. Then, you can have all the money in the world you want. Your motive must be right when you touch this Great Law, for your Life Stream will flow into anything you fix your attention on and hold it there steady. It cannot help but be successful.

The same way in the conditions of health and strength in your body. Man is supposed to represent the positive activity of Life. Therefore, with firm determination night and morning in the privacy of your own rooms, raise your hands to the Presence. There is not one who does not get a stronger feeling when he does do that. You actually form the symbol and you make yourself a cup into which the Power of the Presence flows. Regardless of that, reach your hands to the Presence and say: "Mighty I AM Presence! charge my mind and body with Your Directing Intelligence, Your Invincible Protection, and Your Enfolding Power of Divine Love; that I may pour It forth to harmonize and bless all." If you would continue to do

so, gentlemen, there is not one thing that would stand between you and the achievement you desire. Whatever your attention is fixed upon would come forth.

These are Laws, definite and powerful! They sound very simple, but it is the Power of your Life! It is the Power of all Life acting. Therefore, if you will do this, you will have no difficulty in setting yourself free from every limitation. You will fill and charge your feeling world with such happiness, courage and strength as you never dreamed was possible; because everything we are talking about is the Law of your own Life. Each one of you has this Great Presence of all Life above you, from which you can receive every good thing.

Now, I give you a prompting. You will meet people in the outer world who will say to you: "Oh no, that Presence is not there." If you listen to that, you will be deprived of Its blessing. I tell you that Presence IS there above everyone of you, and I know what I am talking about! Therefore, if you will accept It and call It into action, you will have all the proof you need or could wish for. I say to you no person these days will go forward to success who denies that Presence; because the Great Cosmic Law is coming to a point where mankind has either got to recognize this or go down under its own creation because mankind's own creation has become so powerful that you cannot stand up under it unless you have the Power of the Presence in action to assist you. There is no human being on earth who can withstand the power of his own creation without this Presence.

I try to cover every possible point that you may have all the assistance possible in this Understanding; but remember you are compelled to make this

application to release the energy from your physical world which We need to bring in the Perfection. Now, do not lose this point! Please do not lose it! In your call, in your Decrees there is the release of your own energy which the Ascended Masters and your Presence require to give you your Freedom. So please do not forget it if you want to be free.

Will you accept this one point, at least contemplate it? Few of mankind, up to this time, understood or had much of an idea just what their Life Stream wished them to do through the human form. You know many of you are so uncertain in just what service you should be active. If you will keep charging yourselves with the Power and Perfection of the Presence, before you scarcely realize it, clearer and clearer will come the direct service which you should render. It might sometimes be the most foreign thing you had ever contemplated; because your Life Stream knows exactly what you should do, and if you will give It a chance, It will tell you.

It does not mean that all must go out in the expansion of the Service of the Light; because there is great need in the business and industrial world for blessed ones who can call forth this Power of the Presence to pour forth Its Radiance in the business and industrial world, to bring about the Divine Justice and Divine Order which is required there.

To-day, you in the cities, I ask all to bless the farmers and charge them with the Ascended Masters' Intelligent Direction and Power of Light. You know the old habit—of course largely in joke, but sometimes serious—when you called your farmers hayseeds. What do you think your cities

would do without those farmers? Those vegetable growers? Dear, dear people, do not forget the source of your food! which at the present time is in the human octave. Call forth the Ascended Masters' Intelligent Direction, Power and blessing of Infinite Light upon the farmers and those who produce the food for the world. I tell you dear ones, it is imperative! What would your cities do if the growth of vegetation stopped for thirty days?

When in your government, there is the attempt to curtail and govern the growth of the vegetation for the food of mankind, it is tragic! They do not know that apparently; but through selfishness and the attempt to govern prices, they try to compel you to pay a certain amount. They deliberately try to *compel* you to do that! As sure as I tell you, a little more of that and nature will rebel! She always has! To-day, in this attempt at over-taxation, which has been the downfall of every civilization that has ever been on this earth, you can know you are reaching a dangerous point, when the great excess taxation begins; that is near the end! IT ALWAYS HAS BEEN!

So call to the Presence of all Life to project Its Divine Justice into the government and see that Divine Order and Divine Justice are established there. MEAN IT WITH ALL YOUR VERY LIFE! To-day, just the people in America who are issuing their Decrees, can govern those conditions through the Power and the projection of Light into those conditions.

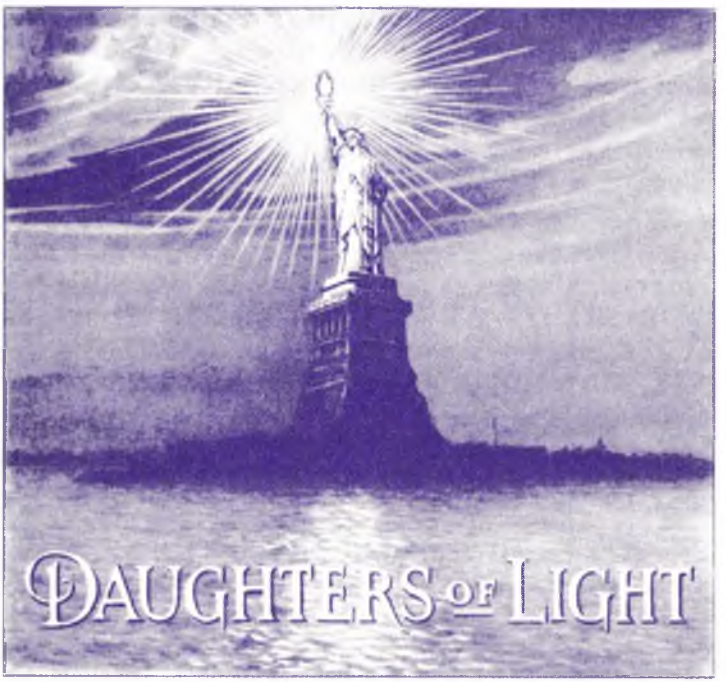
Therefore, I say to you gentlemen, to all of you, who will give earnest sincere attention to this Presence and to your Life; I assure you I will give every Assistance possible for your freedom, for

your success, for your health and strength! We are in no wise limited! With more than four hundred thousand people drawn under this Radiation, do you think that We are limited by that number to what We can do? Not at all.

Oh, if you realize that We are Real Tangible Beings, without limitation, who once lived in bodies as yours and have freed Ourselves by this identical application; then you will know you too can do the same thing. Look at your Blessed Bob, Rex, Nada and Pearl, Mr. and Mrs. Rayborn and David Lloyd, who so recently stood in bodies of limitation like your own. Yet They are free, wholly free to-day, wielding power that ten years ago would have seemed almost incredible to Themselves. Power which would be unimaginable. Yet to-day, They are doing it.

Therefore, as you know and understand these things, you too will know that in the call to your Presence, you allow It to set you free; make you successful; give you health; and there is nothing that can stand before it. Such Power is Light released! It knows no opposition! and remember that in your application.

My Love and Blessings enfold you always, and I thank you.



SAINT GERMAIN has asked us all to use the following: "Will you take your firm stand against growing old? Instead of showing the appearance of age show greater beauty and Perfection all the time; because of the Light of your Presence, BE Its out-picturing in the flesh. You CAN do this and you will then be the out-picturing of the Perfection of the Presence to the world. Mankind needs to see this to hold the attention upon it. Individuals need to see that you are really being the example of the Perfection, which the Great Presence and the Ascended Masters are.

"We have been observing the activity throughout America and the world. Within the last few days, We have been in Germany, Russia, France, England and some of the other countries. Seeing the poison that has been spread in the feeling world of those young people, really it is something that would almost wrench the heart, even of an Ascended Being. We see the magnificent youth of those countries whose minds are poisoned by this false pretense of the solution to the problems of the world. It is just drawing them into the meshes of a venemous thing which will one day be their destruction.

"I tell you beloved ones, Europe stands in the most dangerous position to-day that she has ever stood in her history. While the focuses of Light are small in the various countries, if it were not for them there would not be a hope for Europe today. I tell you, beloved ones, you have no idea what a small focus of Power does! In that nucleus of students in Belgium, through whom We are pouring the Power of Light to the limit and pouring Its Radiance out everywhere; it is doing tremendous work and your call over here is doing many wonderful things.

"Stand! as never before in the acceptance of the Power of the Light to take command of the minds and bodies of the people of earth! Trust the Great Cosmic Light as has been promised by the Mighty Arcturus and by the Great One, whom you have come to know now as the Goddess of Liberty! They have said: 'If necessary that Cosmic Light as of a Thousand Suns will descend into the earth and dissolve all human selfishness and discord from the planet.' That is the hope for mankind to-day.

"Therefore, in all your work, in all the Power of your Radiation you call forth and the calls you make, remember that you are speaking to this Power of Light of which the Ascended Masters, the Legion of Light and the Great Cosmic Beings are but activities."

"Mighty Cosmic Light"! come forth and take YOUR DOMINION on earth in such MIGHTY VICTORY, POWER AND ACTION, that none can resist the force of YOUR PRESENCE AND ACTIVITY.

"I AM" STUDY GROUPS

BLESSED Ones in the "I AM" Study Groups everywhere, our Blessed Ascended Master, Saint Germain in talking to the Staff and ourselves said, that the need of each individual's own application is greater than any realize. Every time we make intense application, it means that a greater release of Light-Substance has come into our minds, bodies and worlds and that is what must be done to requalify all in our world into Perfection.

The following is an extract from His recent Instruction to all: "You see THIS WORK is not just a matter of My walking in. I can go in and get what I want. There is no question about that; but this is the work of the students in preparation for the things which are to follow. There is no use of My going ahead and doing these things without sufficient application of the students in the environment, who are supposed to be a part of this. I cannot be after them all the time and tell them the demand. If they really refuse acceptance of the human appearance and call the Presence into action in a calm determined, earnest desire, the human will not ride in to make them uncertain which quality is acting.

"If individuals could forget each other for the time being, things would be more easily adjusted. People begin to blame one another and build upon things, until the first thing they know they create

a condition which has to be dissolved; because these days in the increased Power of the Cosmic Light, individuals are releasing energy and power of which they have little concept; especially when the feeling is charged with a little defiance or disturbance enters in. Much more feeling is released then than is even imagined. It seems so strange, when We have pled with the people so long, that they will still keep giving power to human appearances in the feelings when in the intellect they know the actual Truth that they have no power. We just have to keep on trying."

In the Name of the "Mighty I AM Presence," in the name of the People of Europe, in the Name

of the Light of God that never fails! we call on the Law of Forgiveness for all mistakes of Europe and all mankind! Wipe out all mistakes, their cause, effect and record, as if they never had been! bring forth in their place the MIGHTY PERFECTION FROM THE ASCENDED MASTERS' OCTAVE OF LIFE! AND RELEASE MANKIND FROM ALL IMPERFECTION FOREVER!

Great Cosmic Beings, seize all destructively qualified energy that is hanging in the atmosphere over Europe from previous wars! Seize all hatred, jealousy, dislike and destructive feeling and activity of every kind. Turn them all into the VIOLET CONSUMING FLAME OF THE ASCENDED MASTERS' DIVINE LOVE *FOREVER!*

Charge IT with the Cosmic Light-Substance, the Ascended Masters' Consciousness, Illumination, Peace, Protection and Perfection! Lower IT to earth again! Let blessed humanity absorb IT and be drenched with the Ascended Masters' FEELING, POWER OF PEACE, GLORY AND HAPPINESS ETERNALLY SUSTAINED, AND EVER-EXPANDING!

WE CALL ON THE LAW OF FORGIVENESS FOR ALL HUMAN bloodshed and call to You "Mighty I AM Presence" of every human being on earth, to the Great Cosmic Beings and to the Mighty Legion of Light! to requalify all human blood-shed that has drenched the earth—turn it into LIQUID GOLDEN LIGHT! to TAKE POSSESSION OF ALL MANKIND, THE EARTH AND ITS ATMOSPHERE! AND HOLD THEM WITHIN THE PERFECTION OF THE ASCENDED MASTERS FOREVER!

INFORMATION

The information given under the heading of "Young America" will be the Ascended Masters' help to the young people for their protection and illumination, as they are the builders of the new civilization and are the channels through which the Ascended Masters will give their Light for the use of the outer world in the Golden "I AM" Age.

This magazine is not an outlet for articles from the students, but is the outpouring of the help from the Ascended Masters and has no human concepts in it.

(A tribute of Love to the Washington Monument, at Washington, D. C.)

O, Mighty Silent Sentinel! to Him our country loves,
We gaze in rapture on thy height, as all around thee moves;
Enfolding thee in pink and white, the cherry blossoms blow,
Reflecting thee like beauteous gem, abides the pool below.

* * *

Oh, Mighty Silent Sentinel! e'er guarding our bright shores
And watching o'er our Blessed Land above its open doors,
Thy glory and thine own great height forevermore doth tell
The purpose of America—Light's Cup and Freedom's Bell.

* * *

Oh, Mighty Silent Sentinel! brought forth by Thee—"I AM,"
A Focus of Light's own Great Power—the Precious Unfed Flame!
Blaze Thou Thy Love, Thy Splendor bright! Let all Thy Peace hold sway,
Till Vict'ry true and Flames of blue reveal Thy Great Light Ray!

* * *

Oh, Mighty Silent Sentinel! of strength and courage rare,
Remind us often of Life's Gifts and God's own Loving Care,
The Mighty Source of Light—"I AM"! from whence we all have come
And Him whose Love hath set us free—our own George Washington.

· LADY MASTER NADA'S DISCOURSE ·

· *Bressler 100% Group—Washington, D. C.* ·

· *March 29, 1938* ·

BELOVED ones of the Light, out of the Great Light you came, into the Great Light you are returning. Did you notice that you are returning? Is it not a wonderful contemplation? Having entirely forgotten the Presence of all Life for so long, at last you are returning home into the Eternal Glory, the Eternal Embrace of Light, which is your own true Great Self, the "Mighty I AM."

To-night, let us completely forget everything in the world, except the Light which is in our hearts—the Light which alone comes from the Presence, the Source of all Light in the Universe. Then, you have for the time being become the fulness of that Light. As Our Precious Jesus said so long ago: " 'I AM' the fulness of that Great Light." That is not a recorded statement, but Jesus said it! When He came forth after receiving the Assistance from the Divine Director in which all of this Glory was revealed and made clear, one of His first statements was: " 'I AM' that Light; all that Light 'I AM'." All that Great Light is, you are! if you but realized it. You can be THAT right now!

Will you join Me for a moment in feeling, that RIGHT NOW you can be the fulness of that Light. As you accept the fulness of It, all else in your Life Stream and world is dissolved. It just disappears! This is why as mankind comes to know the few, just think of it the very few powerful fundamentals, you become anchored within them firmly. There is no wavering in the consciousness and feeling world. As we know all

that we call forth from Our Presence is the fulness of the Power of Light—knowing no opposite, We know We are in the call experiencing the answer. Would you like, all of you, to do that, to be that; and to experience instantaneous activity?

You know it is a long long time ago, yet, I can remember distinctly the first time I really became aware of it, and that was before I had My Freedom. You know there are certain experiences in your Life, right here in this achievement, which are outstanding and which will remain for thousands of years. They will be recalled often to your memory, because those are points of Victory in your Great call—in your great desire for freedom. They are very wonderful points of activity in your Life. Many times, you reach those points and for the moment recognize their importance. Then, as you go on, it so soon passes out of the memory.

May I remind you, to-night, of a magnificent thing? It is the transformation from your previous understanding to that which you now have, since you have come to know the Great Presence of all Life, your "Mighty I AM." Now notice this carefully please: to-day, every earnest, honest, sincere, determined effort and every moment that you spend with your attention held to your Presence, is making an Eternal Record of your Victory. It can never be erased; because that is the Victory of the Light. It is another explanation of what the Messengers have so often said: that whatever you gain, in your acknowledgment and call to the Light, becomes a permanent thing. It is just a little more than you understand at present as being permanent; for

the reason that your understanding to-day is a continuous activity and acknowledgment. In recording and making the Eternal Record of a thing, it is vastly more powerful and far-reaching in your Life than that which you at present understand.

Therefore, to-night let us enter into the Eternal Record of your—now mark you! of your accumulated calls to the Light up to this time, taking in everyone of your sincere calls. Let us accumulate that now! Try and feel what it means to accumulate that now into action. We can! and that is what I am going to do to-night! I am going to draw into action every earnest honest, sincere call that you have ever made to the Light. We draw all that into action to-night in your Life Stream! Will you be kind enough to accept that henceforth, that as you go forth you will find a greater added power to your calls.

As the Great Divine Director never loses an opportunity these days to watch wherein the human creation of individuals can be dissolved; so will that process go on in your midst to-night; for there are many here for whom it will be done. I wish you could see with Me with your All-seeing-eye, to-night, what that has meant to the world, to your America since the beginning —since He first began that Mighty Activity. Please understand that He would never have begun that, if you had not been making sincere call to your Presence and been using the Violet Consuming Flame. He will never do that for individuals who will not use the Violet Consuming Flame. Therefore, according to the earnestness with which you call the Presence to use it, may you quickly be free.

I want to impress upon you to-night as 100% Students the importance of all that occurs in your Life. You have entered into a new world. You may seem to be moving in the same old world, but yet you are not. You really are not! You are moving in the world of Light! This is why We have asked, and more so recently, all to remember constantly that all they ask, speak to and call forth is the Power of Light which knows no opposite; and which dissolves what seems to be its opposite. Then, you enter into an anchored activity of this Light.

Try to comprehend for a moment what that means. The Activity of the Light means the full Power of the Perfection of your Life, acting at your point in the Universe. As soon as you can acknowledge and accept in your feeling that all you are calling forth is the Power of Light which knows no opposite, that moment you are entering into the fulness of the Perfection of Life. If you still find yourself tripped up once in awhile or slipping back into the old habits, just stop! call on the Law of Forgiveness and say: " 'Mighty I AM Presence' You stand guard and see that I do not do that again"!

Oh beloved ones, will you please understand to-night you are not concerned about another human being in the world? You are only concerned with perfecting yourself. Oh no, there is no selfishness about that! It is a means of harmonizing yourself to the point where the Power of Light can take Its Dominion and glorify Itself by spreading Its harmony to all with whom you come in contact. This is the important thing today; and if you do not consider other individuals or personalities, you have no difficulty in holding

yourselves harmonious to the Out-flowing and Out-pouring of your Presence. This is the vital thing.

May I remind you, beloved ones, in so great a Love, in all that is being done for America; in all that is yet to be done; our Heart's call to the earth is for harmony in the feelings of mankind; so We may be enabled to pour forth this Great Release which can only come from Our Octave. It does not exist in the human octave; therefore, it must come from Us. Now notice, carefully: We must have a certain amount of your Life Substance released. In your call to the Presence, it enables Us to amplify and release enough added Power to do and to govern the things in the human or physical octave which are required to-day.

It is why the Messengers have pled for harmony in the feeling world of all the students and mankind everywhere; because without that, you are useless so far as the requirement, the great urgent need and the great emergency of today.

Beloved ones, many of the Great Ones have at least intimated that you are facing the greatest crisis on earth. Quite true! It is not anything to be frightened about; but it should be the greatest incentive for mankind to understand their "Mighty I AM Presence" and to give the utmost assistance through maintained harmony in their feeling. This must be given to the Great Ones, Who are the solution of all that is required for the earth to-day.

Think of it, your Beloved Saint Germain, for more than two hundred years has worked incessantly—perhaps I should say served incessantly—because there is no work from Our Octave. He

has served and tried from every angle to bring about a harmonious condition of enough of mankind so the Great Ones could release this Power; but He had to wait and wait and wait! Then, through the great loving obedience of the Messengers, He was able to prompt them at various points when the Great Cosmic Light was reaching certain intensity of the earth's requirements. In certain activities of the earth, by that instant obedience, He was able to render a service which was unparalleled. Some of this ere long you will hear about. Think! they never failed. No matter what the outer requirement was, they never failed to respond to that request, even to going great distances. Therefore, as you understand the imperative need of complete harmony in the feelings, which enables the release from the Presence to do these things; then you will see how no outer things at any time have the least inclination to disturb or affect you. That is the requirement —the great need to-day.

We stand facing the greatest so-called opposition to the Light ever known in the history of the earth; because the culmination of all the centuries—thousands and thousands of centuries of mankind's accumulation—is at hand. It must be determined whether this accumulation is going to act destructively or constructively. Therefore, everyone who is out of harmony, is adding to the weight of the destructive power. Is there any of you precious ones who want to be classed on the side of the destructive qualities? If you do not maintain harmony in your feelings, then you must necessarily be considered on the destructive side. Remember! it is not a matter of your intellect. Your intellect may decide a thing, but if

your feeling is not harmonious it may easily be the opposite. It is your feeling which counts, beloved ones, in this great requirement to-day. Therefore, will each of you consider yourself as a committee of one and do not add one feather's weight to the destructive side of Life?

Let Me try to make Myself so clear to-night, that it will forever remain active before your vision, before your attention and in your feeling world. Mankind has believed that persons, places or conditions were responsible for their inharmony. Such is not the case. There is only one cause and that is your feeling world—your own feeling world. If you respond to discord for any reason whatsoever, you are then placing yourself on the side of the destructive activity which is weighing the world down to-day. When you see this, you will no longer allow any person, place or condition to create a feeling of disturbance within you because you will know that it is just an activity of what Saint Germain terms the sinister force; which after all, is just human creation which wants to deprive you of your freedom. It is not persons, places or conditions, but it is just an activity of a destructive force which wants to hold you bound. If you have a feeling in you of disturbance, it is a prompting and should be a signal to stop everything instantly and still yourself.

Take your firm stand with the Presence and say: "Enough of that! No more shall that feeling touch my being! 'Mighty I AM Presence,' take it out, hold Your Dominion in my Feeling and see that these things do not occur again." Then, you will find it so easy to govern your feeling harmoniously; but always remember it must be in-

stantly! Let it be an instantaneous prompting that anything, which is inclined to disturb you, is not from the outer world. It may have an appearance but the cause is from within. Something touched your feeling world. You have the power to call your Presence into action to prevent it and stand guard to see it does not occur.

This is the imperative need at the present now more than ever because as we near the goal and Victory of the Light—not necessarily, but do not be surprised if things wax just a little more difficult. It should be the cause for the greatest rejoicing because it gives you the opportunity to release more of the Power of the Presence. Do you see that it is not making anything more difficult? It is just a rejoicing activity which gives you an opportunity to release a greater power of the Presence into action. That is what you need.

Beloved ones, Oh do not grow weary in your application to-day. Let Me assure you to-night, there is not one here who would not be the most rejoiced of beings, if the Law of your being permitted Me suddenly to make you aware of your actual achievement through your own application. Just because you have not seen the full power out-picturing of all that you require, that does not mean that it is not being done, that it is not being achieved; because, remember, you are working from within out, not from without in. You see heretofore you have been working from without in, but you drew a lot in that you did not want. We have reversed the whole process, so that from now on the cleansing, purifying process is taking place from within out. Suddenly, when you begin to see the quick powerful, definite out-picturing of your call, you will know

that your feeling world has become cleansed and purified, so the requalification is no longer going on.

Oh dear ones, what a magnificent thing it is to come to know of the conditions that have been acting in your feeling world, of which you have been wholly unaware. Think of it! It is such a short time since you have known it was necessary to control your feelings. You have always been trying to control the thought, but the feelings ruled always. When you know it has been the feeling that caused the difficulties in your activity, you can enter into the governing of all conditions by the Power of your Presence. This makes it a permanent thing, and you cannot fail in a single instance. Therefore, you are now, right now, the Master of yourself and your world. Will you accept that RIGHT NOW and let Me help you to feel it with full power?

You are the master over yourself and the energy which flows forth. How do I mean that? By firm determination in refusing any further destructive qualification of the Great Energy of Life, as It flows forth into your world to produce Its Great Perfection there. You see by that how easily and quickly all things in your Life would be reversed. Then, you enter into the fullest Perfection and Glory of your Power of Life because that is all we are talking about.

Try to feel this now as you never did before, even though you might have heard it a thousand times. Still, do I say to-night: "You are the Victory of the Light; because that Light is in your heart. It gives you Life! It gives action to your body! Therefore, it is the Master of your body. Accept It, feel It, determine that It shall be!

Then you will have It! but stand guard constantly. Be alert beloved ones! Be so alert at the slightest intimation of some feeling of discord. Stop it right then and say: "No sir! you once had dominion; but you are fooled this time. No longer have you any place in my world! Get out! and stay out forever! The door is locked!" Notice, beloved ones, the great joyous determination. Oh, it is not a long faced condition. It is a great joyous enthusiasm in the Victory of the Light.

Think of it, beloved ones, in these physical bodies you are anchored to-day to the Greatest Power in the Universe—the Power of Light which knows no opposite! Mankind runs around down here still believing it has an opposite. Do you not see how ridiculous it is? Let us make it so ridiculous, to-night, that no longer can the feeling even dare attempt to accept anything of inharmony. It is wonderful! It is wonderful! dear ones, and after all there is nothing, no person, place or condition to blame. It is just the accumulation of mankind trying to find expression through its creators. Perhaps you were not always its creator; but the mass accumulation of all mankind wants redemption. It really wants to be redeemed by being purified. It is simply pressing forth into action; but to-day with the wondrous "I AM" Students, it finds its action annihilated.

Every destructive thing which has wanted to harrass and hold you in its dominion now becomes dissolved and consumed before the Power of this Great Presence. Notice all of this! what is it? Do you understand, beloved ones, just what is acting? It is very important! because if you get this point clear in your consciousness, you will

have a wholly different feeling toward that which is irritating or has destructive qualities. It is just charged or qualified energy. Because it has been created by mankind, it is trying to find expression again.

Then, say to it: " 'Mighty I AM Presence,' through my Higher Mental Body You stand guard over my feeling world! Prompt me every time some disturbance tries to reach in and find action. Cause me to call You to use the Violet Consuming Flame and dissolve it right then." In this way, you are always two steps ahead of all destructive feelings and they will never find anything but the slightest intimation in your world; because you will have governed your feeling so completely. That is the blessing of the alert prompting.

You might say to Me: "Well, I am working all day, I get tired. I cannot always be so alert." Oh, your physical might say that; but your physical body is just the garment through which this Presence of Light is working temporarily. It can be permanently, do you see? Your Higher Mental Body which is releasing and supplying the energy to your human form never gets tired; never gets weary and It is always alert. Think of it. Do you not see how you acquire alertness? If you try to do it physically, of course you are apt to go to sleep; but if you call your Presence, which acts through your Higher Mental Body, to stand guard and keep you alert, how can you fail? It would be impossible. Then, you are always alert, because the Higher Mental Body is alway on guard.

This illustration should [illegible] of these Words. Look a

When they began to give out this Work, great numbers began to pile up in the attendance of the classes and so many calls came for assistance of every description, that they were considerably alarmed at one time how all was to be done. Saint Germain asked them, if they remembered they each had a Higher Mental Body, and they did. Then He said: "Perhaps you are not aware that you can call your Higher Mental Body, to stand guard and answer every call which is directed to you. It first comes to you through the feeling, which the Higher Mental Body always knows, because the feeling acts first." Then He said: "Charge your Higher Mental Body to render the service." It has done this to-day.

Do you see how easy it is to handle all conditions that exist and give the assistance, because the Higher Mental Body is not limited in the Rays of Light It can project forth? It is not limited in the quantity and Power of the Life which goes through in that Ray of Light. Then, do you not see that, if the full feeling were within the individual of the Supremacy and Power of the Light Ray which went forth, there would not be one thing in your Life which would not be handled instantly?

Now remember, you might readily say to Me then: "Well how about these individuals who do not always respond"? It is because they have free will. If individuals are too much out of harmony at the time assistance is offered they do not respond immediately. For instance, it might be through extreme pain in the body, or from one cause or another; but the feeling world is wherein [illegible] is Power knows no opmendous point, if you

get it. The Power of Light knows no opposite! Therefore, do you not see, even with the free will of an individual temporarily opposing through its feeling; yet that which was sent forth, will stand there like a Guarding Angel over the individual; waiting its opportunity to come in to harmonize all? Do you see how it is always enfolding you and all? I think you have not quite understood this. It is how the Power of Light is enfolding everyone when called forth into action. Many times the assistance sent forth acts in this way. The Messenger has noticed it a number of times in calling forth assistance to individuals. The pain or condition was such that they were not harmonized enough to let the help in instantly; but it stood guard and as soon as something enabled them to harmonize themselves enough, It rushed and did Its Work.

Do you not see, when you call forth the Power of Light and direct it to an objective it never fails to carry out your direction? If you understood fully how great your Power of qualification really is and called to your Higher Mental Body to sustain it; if it waited a hundred years, the fulfilment of your call would still remain there ready for action. When the individual or your feeling world was harmonious enough, your Perfection called forth would come through and manifest. You see the Power of your Presence through your call is infallible and that is what I am trying to convey into your feeling world to-night.

The Light which is anchored within your heart is the Light of the Universe, individualized by your own "Mighty I AM Presence." You are a part of It. That is why you have authority, you have the power, you have the freedom to call the

fulness of that Light into action; to harmonize, produce Its Perfection and supply in your world.

It is so magnificent. Shall I tell you beloved ones how wondrous, wondrous is the up-reaching of your hearts to-night, the acceptance of that Great Blessing which is offered in so great a Love? You are receiving It into action in the feeling world. Just let It be the most joyous memory in the days and weeks and months ahead; when every ounce of energy is needed to be released which We can amplify to render this service for America.

I may not call your attention to it, unless it is imperative; but if you knew even this hour what the accumulation over Europe would like to do, I think all real Americans would leap to their feet to-night and with all the power of their beings call the Powers of Light to give America protection. In the conditions that are to be governed, please do not individually allow your feeling to register anything concerning individuals or certain countries. It is all qualified energy of thousands of centuries, attempting to be galvanized into action for the destruction of mankind. Therefore, keep your attention off personalities! off countries! Do not even by a feeling, think they are responsible for certain things. It is not the countries. For instance, all the destructive qualities that have been generated and released over Russia. Russia itself is not to blame. That destructive force is but the accumulated qualified energy which the sinister force has seized upon and directed through individuals. This is the great mistake of mankind, in allowing the attention to be fixed upon individuals who are not responsible, except as they allow themselves to be

used. Blaming and condemning the individuals is not the solution. You might kill off two-thirds of the population and still there would be individuals out of harmony enough, to be seized upon by this accumulation of mankind and cause it again to act.

Do you not see that beloved ones? It is the accumulated discord of mankind which we should be concerned with to-day, not personalities, not conditions individually. For instance, in your cities and conditions of that kind, it is the accumulation of destructive qualities of centuries generated and created by all mankind. Therefore, we are dealing with qualified energy all the time. As we look at it in this way, we will find it much easier to keep ourselves harmonious. Then, we can call forth this Great Power of the Presence to reach out and enfold even a whole city. Who shall say to Me how great would be the help, if anyone of you to-night were to go into your room, quietly raise your hands to the Presence and say: "Mighty I AM Presence! pour forth your cleansing, purifying Radiance through me and let It embrace this city to-night"? Who of you can tell Me how far reaching and how powerful that call would become?

Remember, beloved ones, you must be much firmer in your refusal of acceptance to any appearance less than the Perfection you want. Do you see? Mankind unknowingly keeps accepting in the feelings that there is either some opposition or that there is something wrong. It keeps the feelings stirred and charged with the feeling and belief that there is something opposed to this Great Perfection they wish to call forth. It is why ofttimes your feeling world repels the very

thing you are calling forth; because the feeling being charged with discord or the refusal of acceptance of these outer things, allows the FEELING from the appearance world to act within the FEELING world of the individual. It keeps requalifying the glorious Energy of Life which you call forth in Its Great Perfection.

We have talked about your feeling world. Now, let us go a step further and see what it is that disturbs your feeling world. We have not said much about your ears and your tongues, have We? Well, if you voice gossip and discordant things your ears hear it. Do you not see that your ears are one of the open doorways into your feeling? We have never touched upon this before, but it is why mankind so easily accept false gossip; because that is one of the doorways into the feeling world. The main one is at your solar plexus, but your hearing is also another; and that is the reason why mankind finds it so difficult to refuse to listen to false gossip. Yet the Messengers have urged the students everywhere to stand guard over that feeling impulse because as long as you keep listening to and accepting false gossip or criticism or anything you do not want, you are constantly letting it act in your feeling world and it generates conditions which cause you to set up other causes.

It is not so intricate as it sounds, but I am sure you precious hearts are grasping to-night the need of everyone silencing such things. Do not let your tongues voice one unkind thing about a human being on this earth, if you want to be free. The time has come when this is absolutely imperative! Up to very recently you have been having time to govern these things, but no longer is that pos-

sible. Dear ones, We love you with a Love you cannot even imagine, but We love you so much that We must prompt you in the things which are bound to be your destruction, if you do not govern them.

I say to you and every earnest sincere "I AM" Student in America and the world: "If you want to avoid that which stands before you, never from this hour forth allow one unkind word to leave your lips. You are responsible"! I must say this: "You here in Washington perhaps have a little greater responsibility than other cities, because you are in the heart of the government here. You must, necessarily, because your physical bodies are here, become a greater focus of Light and harmony by which the Power of the Cosmic Beings, the Ascended Masters and the Legions of Light may pour forth Their Radiation here, to govern the conditions which mean Divine Justice to mankind. You see it is tremendous, beloved ones. Now do not get scared and run away from Washington, for you are here because you are strong enough to stand in the Light; and let Its Power flow through to do all that is required."

Notice, you are receiving greater Radiation. This is where you have the advantage over all other cities. You see there is always a balance in all things. While your responsibility is perhaps a little greater, yet you have the accumulated call of all the students in America and the world to assist you here because you are the Heart of the government. Therefore, it far over-balances your added responsibility. Then knowing that, I am sure you will do the utmost possible to give all the assistance which We require for your protection, for your freedom, for your Ascension.

Let Me remind you to-night, that the Ascension which is the most practical thing in Life, is within the reach of hundreds in America. Those five, who were set free forever, are just the beginning of what has been told you from the beginning of the Messenger's service. You are seeing the fulfilment of everything which has been said. If mankind is not too arrogant and stubborn, all will see it. The evidence before mankind is irrefutable, but if people are critical and vicious they do not see it and they will not see it, until they are in the throes of great distress.

The people who criticize the Messengers and criticize This Work—the Expansion of the Light, will meet such distress as no human being will ever wish to see because they are its creator. It is the action of their own Life qualified by them with destructive feelings and they cannot escape. No one can. No one can prevent it but themselves. Therefore, how unfortunate individuals are who yield to that unfortunate condition. They cannot harm the Messengers or the Work, but they will harm themselves and too late they will see it.

Therefore, beloved students, let no discordant word pass your lips in the future, that you may so quickly be free from all these conditions. Then, the Power released from your Presence will be so great, so powerful, that no one single thing will touch your world to mar its happiness, beauty and Perfection. This is what every heart craves. It is within the reach of every heart who will listen to these Words of the Ascended Master, Saint Germain, which He has made so real, definite and powerful to all. If individuals will not listen, then they must still reap the unhappiness. Therefore, We do the best We can to have mankind

understand, and of course Saint Germain's Victory at this time is unparalleled in hundreds of thousands of years.

Therefore, let us move on, and on, and on into the full power and Victory of the Light. I thank you.

"Mighty I AM Presence" and Great Host of Ascended Masters! annihilate forever out of my entire being and world ALL human feelings, qualities, desires, habits and activity — their cause, effect and record! Replace them by the Ascended Masters' Focus of the Unfed Flame and Its Mighty Out-pouring of Their POWER OF PEACE, THEIR POWER OF LIGHT & THEIR VICTORY OF PERFECTION in everything forever. I thank Thee!

"Mighty I AM Presence"! make every cell of my body blaze forth the UNFED FLAME charged with Saint Germain's, Jesus', Nada's the Great Divine Director's Sanat Kumara's, the Lord Maitreya's and the Secret Love Star's Ascended Master Consciousness, Light, Substance, Power and Activity in Its most dynamic Onrush! until It is visible to the physical sight of all who gaze upon me! Charge me forever with Their Ascended Master Eternal Youth, Beauty and Perfection! that I may stand forth a living example and the fulfilment of the Law! See that my "Mighty I AM Presence" comes through this flesh in Its Almighty Eternal Dominion. I thank Thee Thou dost always answer my every call!

· REMEMBER! ·

T has been Saint Germain's, Jesus' and the other Ascended Masters' Request from the very beginning, that whenever and wherever possible the Messengers, Students, Group Leaders and all those helping to carry and expand this Light to mankind, should come into the large ten-day classes, as often as they can. They should come at regular intervals, if possible, to keep charged with the Radiation of the Ascended Masters for the accomplishment of that which is done through them.

They do not mean that people should give up their positions and just follow around with no means of support or just trusting to any and every channel to care for them.

However, it does mean that it is imperative for those, who are giving this Light of the Ascended Masters on the "Mighty I AM Presence" to others, to come into the Radiation of the Ascended Masters focused into these ten-day classes at various points in our country; as the Radiation is given in those localities for their protection, supply and blessing.

Whenever anyone thinks he can draw as great a focus of the Ascended Masters' Radiation as They pour out in the large ten-day classes, for certain Assistance to America and the world; then that individual has certainly not understood the Inner Action of the Ascended Masters' Help for America and mankind en masse.

Saint Germain, Jesus and Nada entered into the Ascended State through the Assistance of the Great Cosmic Master, the Great Divine Director. We have come to this point of accomplishment and Freedom through the Radiation of our Blessed Saint Germain, Jesus and Nada.

If we were to for one moment feel that we did not need Their Radiation or further Assistance, because we have learned of the Great Divine Director's Presence, we would simply be full of human pride and conceit. There is nothing that would shut the door tight against any further Assistance from Him and Them quicker than that; and until that feeling went down, They could not do anything to help us out of the failure.

There is not one activity on the face of the earth to-day which is one-thousandth part as important to the Life of every individual, the safety of America and all mankind as the Assistance given the students, the country and the world through these large ten-day classes held in the principle cities of our blessed land!

Those, who are carrying on the Reading Rooms, the Study Groups or any of the other activities under this Radiation, need the Radiation, Strength, Light and special Assistance from the Ascended Masters, as it is given in these ten-day classes. All who have been present at regular intervals or whenever it was at all possible, especially the large Shrine Class in Los Angeles, have had the proof of what has been done for them to make their own activity and Service to the Light easier and more powerful.

The above has nothing to do with ourselves personally, as the Messengers, or from any desire to tell anyone what he should do; but it IS the action of the Law of Life throughout the Universe.

Since it was through these large ten-day classes that this Ascended Master Light was first brought to each of you, it stands to reason that the Greater and Greater Light and Assistance to the Messengers, the Students, America, mankind and the

world, will come forth in its next most powerful Out-pouring through the door provided for that purpose; until the Ascended Masters come forth Themselves in Their Ascended Master Visible Tangible Bodies.

We thoroughly and deeply appreciate and thank each one who has felt the great loyalty and service he owed to the group or activity where he has chosen to serve; but there is not one person under this Radiation who does not need the Radiation of these large classes—especially the Shrine Class at Los Angeles, as often as he can come. Those who are near should come as often as possible to receive the charge poured out there and carry ITS sustaining Power back into his own group or activity where he is holding the Light.

DEAR ONES, it is wonderful to love each other and have companionship, but after all—sometime, somewhere everyone of you must stand on your own two feet with your "Mighty I AM Presence." It does not mean, dear hearts, that you love others any the less; but I plead with you, do not keep reaching out to the human octave for the Presence and Power of Divine Love. It can only come from your "I AM Presence." You are Its Out-pouring! but if you try to reach to human beings for that

Divine Love which comes only from your Presence, you are going to meet disappointment of the most unhappy kind. It does not matter what your experiences have been or what they may still be, the Power and Solution lies alone within your own God Presence—your "Mighty I AM Presence."

The eyes of the world are now upon you. Unless you live the Truth and Dignity of the Ascended Masters, you will find here and there people trying to tear you and the Light to pieces. So I urge you to act with all the Dignity of the Ascended Masters in all your associations. It is the only way in the world that the proof, through manifestation, can come to the outer world of mankind. You cannot expect it to come from those who do not understand.

Do not misunderstand Me, I am not criticising anyone, but I see many things you do not. I only hope to guard and assist all into that Beauty and Wondrous Perfection which We so much want you to have.

We rejoice so extremely to see you all so happy and filled with the Radiant desire to go forward to your Victory in the Light. In being natural, being happy, you are doing the greatest thing in the world to speed your attainment.

(Extracts from Saint Germain's Talk at Cheyenne, September 1, 1937)

WHEN you find yourself suddenly confronted with some critical, irritable or disturbing condition, just hold yourself calm and steady. Say as few words as possible, and let the Radiance of your Presence harmonize things; so when you do begin to talk in a calm poised manner, it will have its effect. You know the nature of the human self, when it comes into something difficult, is to begin to chatter and talk with nervous energy. That more often undoes the thing or makes it worse than if the outer were just silent, until the Radiance of the Presence established the harmony to stop the argument, which is always resistance.

This sometimes happens with Officers on the highway. Sometimes a word of irritation would have set the whole condition into conflagration. No matter how irritated they get, if you will be calm and poised, whether you are in the wrong or not and say: "Well, I am sorry, Officer, something of this kind has occurred." Immediately, that will let down the pressure and irritation; and let the harmony and Radiance from the Presence handle the person.

I tell you there is not a thing you confront that cannot be handled, if the individual will hold his feelings in perfect poise. It is the greatest thing in the world! In the stillness of the human speech and activity is the SILENCE! which is the Power of the Presence. I mean that practically! Not that you have to sit down in the corner somewhere and go through all kinds of manipulations to get yourself quiet; but right in your outer activity of the world, refuse to let the human speak. Just maintain a feeling that is calm and poised. It will do what no speech could do in certain conditions of irritation.

Call forth the means of generating Power to do everything needed in every activity of the outer world to bless mankind with Perfect comfort, beauty, service and accomplishment; until all comes into the Perfection of the Ascended Masters' Octave of Life.

(Extracts from Saint Germain's Talk at Cheyenne, September 1, 1937)

NOW each one please notice this! A human being can revolve a certain idea or a certain activity within his consciousness, until he actually hypnotizes himself with the belief that the thing is correct; when he knows from his heart standpoint it is not. He revolves that idea until he gets a momentum built and whirling within his feeling world. Then, he really is no longer able to judge what is right and what is wrong. If We could only get mankind to instantly stop revolving any discordant idea, We could give so much more Help because that is where the danger lies and what produces such unhappy results. It is not the momentary thought or feeling of the thing which does the damage; but the continued revolving of that thing builds a power and momentum which is the destructive activity.

There come times or waves of irritation because you are tensed-up too greatly. In all activities, until you have reached the Ascended State, there should be rest periods every so often. In all such conditions, if the human self does not try to force it, your attention to the Presence and the calling of It into action will cause all outer actions to function naturally and normally. We have often used the phrase: "Balance in the human octave by Self-control the Powers that are called forth from

the Presence." It is so imperative for this to be done.

I am trying so much to have you understand that unless you have a balanced activity through Self-control and poise within the human octave, in these Powers that you are calling forth, you are not happy, you are not comfortable.

Oh dear ones, you are making such splendid progress within you, in spite of any appearance to the contrary in the outer world. Will you believe Me when I say I know that?

Sometimes, there comes the feeling that it takes time to accomplish a thing or there is a wavering feeling—Will it do it? Will it accomplish what I need as quickly as that? This is because the human has been subject to the limitation of time; but when such a feeling comes, say: "STOP! this instant! you have no power to act in my world! This Light is All-powerful, get out of my way"! You will soon have such Mastery, such governing activity within your own power of projection that you will feel there is not a thing you could not harmonize and do.

· SCOTLAND ·

E wish to thank the Blessed "I AM" Study Group in Scotland for their loving gift to help the blind. It is being used to translate the "Ascended Master Discourses" into braille.

We call the "Mighty I AM Presence" and Great Host of Ascended Masters to bless without limit forever, those precious ones of Light in Scotland for their great unselfish Love expressed so sincerely.

Our Beloved Master, Saint Germain, said that during the close of our recent class in Washington, D. C., the Ray of Love and Light from the "I AM" Students in Scotland came through with definite power and blessing.

We call all the Power of Light and Love from the "Mighty I AM Presence" to flood to them Its Mightiest Blessings and our eternal Love, gratitude and assistance until their Ascension.

Ever lovingly do we enfold your Beloved Scotland in the Victory and Eternal Protection of the Light of God that never fails.

· DRIPPING SUNSHINE ·

ITH Dripping Sunshine, Golden Dew,
I bathe the Earth with Peace anew;
I fill your world with Dazzling Light
And lift mankind to Love's Great
Height.

In Pow'r Supreme and Vict'ry True,
I blaze My Great Light Rays clear through;
And pierce the clouds of human night—
I raise My Scepter of Great Might.

From My Own Self, the Unfed Flame,
All worlds in space, all mankind came!
My Own Blest Word—the "Great Command"
Called through the ethers—Love! "I AM"

My Heart of Gold, then burst in Me
And out poured Light—eternally!
My Golden Essence—Pure and True
Released O'er earth and drenched it through.

So now My Life streams into all,
To carry forth My every Call;
And Who—pray tell d'you think "I AM"
The Word that all must use—My Name?

I come in joy, Oh, let me through
Your human world and let me do
All things your heart can ever know;
And stay with you where'er you go!

Pray, Who am I—this Mighty One?
Who is the Light within your sun?
"I AM" the Dripping Sunshine too—
You do know Me! for "I AM" you!

· GODDESS OF LIBERTY ·
· DETROIT CLASS ·

May 8, 1938

ON this day which represents Mother's Day for America—really the world, I feel as though I were a Mother to America; because I presented to Washington the future of America. The Vision was given not that it all had to be fulfilled, but rather to awaken mankind to their own Power of Light, that the last episode of that Great Vision shown him might be averted. Now all the Forces of Light are endeavoring to assist mankind to that end.

You will be greatly delighted to know that within a few hours Rex, Bob and David Lloyd have dissolved three of the planes which were stolen. In order to have the destructive forces understand that they were dealing with a Power with which they were unable to cope, the Ascended Ones allowed them, after having used the Consuming Ray, to seize Their Hands. Where those magnificent planes had been, there was just a streak of dust; and remember! those were metal planes! Rex, Bob and David Lloyd stood there, until they were discovered; and when the adversaries' hands seized their forms to destroy them, Our Blessed Ones dissolved within their grasp. Then, those destructive forces realized, they were dealing with an Invisible, but a Mighty Tangible Force! Thus, We trust that the one, to whom Saint Germain issued His Fiat, will realize He is ready to fulfill the Instruction which He gave.

If you and beloved mankind, will understand these tremendous Blessings and the great Protection which is being given you, I am sure there

is not one person who will fail to give the utmost of his Life Energy, released from the human octave, to give Us all that We require, to render this Service to mankind.

We are steadily and surely dissolving and consuming the discordant forces of the world. When you are battling for your Life, as you understand it even from the human octave, you would do your utmost would you not? If something attacked you in the physical octave would you not do your utmost to overcome it? Well this is far more important! But if enough of mankind do not awaken to this Service which is being rendered, they will have forfeited their right to continue here; and the earth will fold its mantle about it. Is it possible that mankind think We are just talking about things of the imagination; when gently as possible We are prompting the people everywhere about the conditions they are facing?

I do not mean that you, as "I AM" Students would be subject to this. Those who are earnest and sincere would not be, but the most of mankind would. Now there are many in their lack of understanding who will say: "Well why should humanity who do not understand, as they call it, suffer"? Mankind has had thousands of centuries to wake up! Life will wait no longer!

What do you think the Great Cosmic Light which is being released means? That is Life! It is concentrated All-powerful Life being projected into the atmosphere of earth to bless mankind! Remember this, when you hear people condemning and criticizing these Messengers and this Work! Those vile creatures without reason, without provocation, endeavor to prevent the people

having this Limitless Infinite Protection, which these beloved Messengers are carrying forth. Such beings should be ashamed to ever again look another human being in the face. This Light is your safety, mark what I tell you! and mankind had better appreciate it!

Saint Germain has been reviled by some unfortunate orthodox newspaper. That was a most unfortunate thing! for when they in their vicious ignorance revile a Being Who has been the Defender and the Protection of America for hundreds of years; then they will regret that they were born in this embodiment.

Dear people, you are dealing with a Mighty Power of Light, and vicious individuals will see their mistakes too late. You may be sure that We shall defend this Light and those Messengers and make no mistake about it. This Light goes on, and I was talking with Saint Germain a few days ago, seeing His magnificent Determination to set mankind free at last. The Great Cosmic Light permits Us to compel it, and if necessary release that Power of Light which will silence all vicious discord and feeling of mankind.

You who are so sincere, loyal and so earnest, cannot imagine what defenders you have. As this Great Cosmic Light takes a little more of Its Dominion, the Great Spectacle will release Itself into action; for the whole world shall see the action of Light! You have seen the action of lightning in your electrical storms? You—five hundred thousand students, have been calling into action the Power of the Blue Lightning! Do you know what that means? Do you know one day the momentum gained in that action, if necessary, will be released! and no matter how terrifying

it is to humanity, that Power shall be released! Then the vicious qualities in mankind will see whether they longer hold Dominion in the world or not!

Do you realize, beloved mankind, that the earth is the only place where such destructive forces and qualities exist? You have heard the fanciful tales that Mars was a great destructive planet and that Saturn was a destructive influence. Pitiful is the ignorance of mankind! To-day, you—mankind upon earth—are under the Eyes of the Planets of this System! Make no mistake about it!

Do you wonder why these most precious of Messengers have the indomitable courage and strength to go forth, in spite of the silly ridicule of mankind; carrying this Light in the face of the most destructive forces ever released on earth? Yet no one can touch them. Then, mankind should love them as you do. No two people ever had such Love and never had such hatred as is directed at them! To think, in the world of the church preaching Christ that there should be those so ignorant as to speak unkind words of these beloved ones; without provocation or reason of any sort. The churches have had the opportunity for thousands of years to set mankind free. For two thousand years, the church has had the opportunity to free mankind. Yet the people have grown into greater and greater bondage. When the Light of God comes forth through two humble human beings and that which is supposed to represent the Christ turns its destructive forces upon them—the pity! One day, they will see what they have done! (Applause)

This is not criticism nor condemnation of the

church, but it is the statement of Law! and the Law of Life! We are not concerned about organizations of any kind! We are concerned with the Truth of Life and mankind's understanding of it; and by that Power of Light mankind shall understand it! (Applause)

Do you think that We are going to allow Our earnest sincere efforts of hundreds of years to be interfered with, when the Cosmic Light has given Us permission to release certain Power of the Light? We do not have to use destructive forces; there are plenty already created to destroy themselves. We but turn that force back upon its creator.

Now remember, I call your attention to the few individuals who have turned aside from this Pathway of Light; who have had the opportunity of thousands of centuries, but they turned vicious. Then they too shall reap all that they have sown, because it is Life. Not that any person wishes it, but the earth has tolerated the iniquity of man to the last degree.

I say to all organizations, churches or otherwise in America: "Stop your attempted opposition to this Light or pay the penalty"! Humanity is dealing with the Power of Light! not these Messengers! Because they have had courage enough to carry this Light, unfortunate individuals vent their venom upon the Messengers. I want you students to understand this to-day, for We shall not touch upon the subject again. I want you to understand that mankind is dealing with Power of Light! and when It moves into action, everything unlike Itself dissolves and disappears before it! If that includes some of mankind's bodies, then shall it be so!

Do you wonder? can you not understand why the Messengers have pled, pled and pled with so great a Love and kindness, for the controlling of the feeling world of mankind? When this Light comes forth in Its Greater Intensity, what do you think you will do if the vibratory action of your body is not attuned enough to harmonize with that Great Power of Light? Then, you will understand why the Messengers have pled with you to govern the feelings!

I say to the students, you have not a great deal of time left in which to govern your feelings, but the opportunity is here. As the Messenger said to you, train yourself from this moment to shut out all anger, irritation and the desire to say vicious, unkind words to or about each other. You are being prompted as never in the history of the earth! I take this responsibility to-day upon Myself of this added prompting, for I love you more than you can know. I love you so much more than you love yourself, or than you love your Life; that I am determined to make every possible effort! That is why I have chosen to come into these classes and remain enthroned above the audience throughout the class, to pour forth this Radiance which is My great privilege. I see what is needful in each one and give It forth, anchoring It within their feeling world. If they would only do as We ask and keep themselves harmonious, how great would be their blessing. If We see one who will not control himself, We may release only a certain amount of energy there for to requalify It would destroy themselves. Therefore, we must watch hourly and see what can be done.

In these classes so great is the privilege of the students to be in the Radiance poured forth, during these ten or twelve days or more. No one could estimate the value of It and I congratulate you beloved ones of Chicago in having the Power and Action of Light within your human forms which drew you here in this great number. (Applause) Be patient, beloved ones, the time is near at hand, when the Power of Light will sweep Chicago! (Applause) Mankind should understand the importance of letting the Wisdom of These Great Ones, Who have come forth, regulate and govern what the Messengers do and where they go! Just be so happy, and I urge you do not be impatient! The Great Wisdom is acting at all times. Go on with your great calm firm determination to spread the Light in your city; calling the Power of Light to assist you, and then whatever Assistance is necessary can be given to expand that Light.

I urge you to realize that you are dignified representatives of the Ascended Masters and the Light They have brought forth. Can you wonder if mankind does not want to be like you, when you do things that are unbecoming to the physical being, let alone the Ascended Master? Then people say to you: "If that is what the Instructions do to you, we do not want it." Do you blame them for that? Therefore, the students have a great responsibility, in dignity of conduct and purity of thought and feeling. Make no mistake about it!

If you move beside one and your motive is impure or angered, or irritable, that goes forth to that individual. If you claim you are a repre-

sentative of the "I AM" and this Work, then they are repelled. That is why great discrimination should be used in the conduct and the movement of individuals about the country. I urge you with all My Heart to be very thoughtful in all that you do; then you can allow the whole world to see This Truth; because you are beautiful wonderful Children of the Light.

Do not be dismayed if sometimes you make a few mistakes. Just go on with greater determination, to cleanse and purify your world and allow the Presence to project Its Mighty Purity and Perfection forth to harmonize all that needs to be done for your world, and it will be done.

Therefore, beloved ones, in all that stands before you, remember you are the authority of your world. You must decide how this Great Energy of the Presence is going to act as It flows forth. You may in your intellect wish greatly to do certain things, but if your feeling is not responding to it, it cannot act. Your feeling must follow the desire of the intellect. You cannot hope for harmony as long as you allow your feeling to be angered, irritable or impure! You cannot do it!

As the Messengers have asked you, more perhaps recently, try to forget everything that has been in the past. Call the Presence to dissolve and consume the cause, effect and record of it. If you will earnestly do these things We can help you to erase the memory of every discordant thing which has ever beset your pathway or has ever acted through your human form; but We cannot do it, if you do not want it to be done!

It is such a simple thing that We ask, just harmony in your feelings. You know without My

saying it that inharmony produces only greater inharmony, discord and limitations. Do you enjoy discord? Oh no! No! no! but the feeling by its long momentum has outpictured its dominion over you for a long time! but it cannot hold it any longer!

Now when I say this, just please keep your seats. Out of the number of Chicago people who have come to this class, one hundred of that number have had their own human creation dissolved and consumed in its completeness! That is the reward, beloved Chicago, for the great application that you have made in recent months; and will you silently rejoice with Me and the Great Host of Ascended Masters? It means the opening of great Victory and Light for your city! Remember every earnest sincere effort is the memory of the Power of Light; and you, every one for whom the Divine Director has rendered that Great Immeasurable Service, are fortunate indeed.

Of those in Detroit, twenty-seven have had their entire human creation dissolved and consumed. Detroit has had a great opportunity; but because the students listened to very vicious gossip they have deprived themselves of this great great opportunity; but still the Light shall claim Its own in Detroit! The Light shall claim Its own in Detroit! I so decree it!

Will you be kind enough to just still yourselves and feel every vestige of doubt and fear dissolved from your feeling world once and forever? If you will accept this in your feeling now, it shall be done for you! Whether it be fear, illness, financial limitation or whatever the cause may be; silently call to your Presence while I release this

Power, so you may be set free from those qualities which have disturbed or limited you.

"Great Cleansing, Purifying Currents of Light! release Thy Power! Set these beloved ones free! Take out all doubt and fear of any kind whatsoever! Erase cause, effect and record! Blaze forth Thy Purity of the Light through the feeling world of each one! Hold Thy Dominion there! We thank Thee, Oh Great Powers of Light for this service rendered!

Mighty Astrea! stand guard over every sincere beloved student in America and the world! See that they are always invincibly protected against any influence from discarnate entities, black magicians or otherwise. Hold about them Thy Invincible Protection which You know how to maintain! Send them forth Thy Ambassadors of Light with Ascended Master Courage that stands for this Power of Light against every falsehood which has been spread, that all interference of mankind may go down forever"!

I say to you, beloved Daughters of the Light, today the Beloved Nada and the Queen of Light are rendering you a Magnificent Service. The mothers of the world will feel this day that which they have never felt in their experience. In It will come a recompense for all that they have passed through. May the Light enable all to understand that, this hour, they have received truly a Divine Blessing.

You, who are directly in the Radiance to-day, please rejoice. Feel it! and accept your Freedom in every way! Decree earnestly that all memory of discord in your experience be forgotten; that you go forward in the Freedom of True Obedience, which is the Action of Light; that you

stand in the Freedom and Glory of Its wondrous Activity, enfolding you henceforth; and as you move forward in this Great Service of Light, your courage, your strength, your energy may be without limit; and that you are free from the human sense of exhaustion.

Try not to think any more that what you do is labor. Do you not understand that the reason mankind becomes so exhausted, through a little physical effort, is because the word "labor" has been charged with exhaustion by the feeling of mankind. You do not have to go on under that any longer. Therefore, will you not think of your activity as a Divine Service, as a Service to the Light? Notice the difference! Then, you are calling forth the full Power and Action of Light! of Divinity! which is your own God-self, your "Mighty I AM". Then, you are giving proper recognition to the action which is the Power and Light of Your Presence flowing through the human form. Without that, you are subject to the human suggestions and conditions which are constantly about you.

If you only knew how important it is, you would use the Violet Consuming Flame with all the Power and feeling you have. Call the "Mighty I AM Presence" with all the Power at your command to establish and hold—Invincible—Its Tube of Light about you. You would experience happiness and harmony which would delight you forever. As long as you do not have this Protection, you are subject to the impact of human discord striking your feeling world and you respond to it in spite of yourself. These are imperative activities for you to use if you are to have protection.

I could point to you in this audience three hundred people whom the forces, the destructive forces, have tried to side-track from the Light, but did not succeed. That shows you the Power of your Light to hold Its Dominion over the shadows. All of you, who will earnestly do these few things, will find a new world has opened to you.

I wish to thank in person the blessed one from Chicago who is so desirous of rendering this good Messenger a Divine Service. May my Blessings ever enfold that one with all the Glory that I possess. Thus does the Power of Light steadily and surely take Its Dominion on earth through every conceivable condition.

Remember, trust your Light! Trust your Presence! Call to It with invincible determination, so you can have Its Supremacy of command in your world of action.

Do you understand what is meant by the "Great Command"? Hundreds of students have wondered at that expression in the books. It is there for a great purpose. I am exerting that "Great Command" today for your blessing! Contemplate It sometimes! and let the "Great Command" act within you and your world.

I rejoice with you every one that you have had this Supreme Privilege to-day! As this continues through the evening, may I request that you hold as great stillness as you can, between now and the time the evening service begins? Will you try and not have or discuss one discordant thing? Oh, it is quite all right to be happy, but if you will do this; that which awaits you to-night, can do its Perfect Work for you. If you do not under-

stand, please allow Me to help you to receive this Blessing.

The need to-day is the stilling of your feeling world so it is not vibrating like a trip hammer. You have this stillness more now than you have ever had in your life. I am sure everyone feels it—a great calm stillness within the feeling world of each one, the most wonderful thing. Decree and qualify it to be sustained forever within you.

I thank you for this opportunity and offer My Blessings to you always. Feel quite free in any emergency, after you have first called to your "Mighty I AM Presence" to call to Me; and I shall be very glad to answer by the Out-pouring of My Radiance through My Ray of Light to you.

Enter in, Oh children of earth, to the fulness of the Power of Light to lift you forever from all limitations that are the shadows of night. Stand in the Power of your "Mighty I AM Presence", calling forth Its Great Command to Lift you into Eternal Blessings. There, holding God's Hand, win your Eternal Victory over all creations of earth. There, in the glory of Eternal Light, enter into your Eternal Birth—the Birth of Light and Its full Dominion in your world!

I thank you and call the Eternal Blessings of Light to charge you with Its Mighty Happiness, Harmony, Dominion and Mighty Directing Intelligence that you may feel Its sustaining Power forever active and the Master of your world. I thank you.

BELOVED ones, who love music and who are interested in its activity, you can give co-operation to the Ascended Masters in the Assistance They are giving America and mankind by producing, charging and projecting good constructive music; for wherever you play or hear it, make the call to your "Mighty I AM Presence" and the Ascended Ones, to seize that energy and qualify it with Their Ascended Master Light and Power of the "I AM." Then amplifying it with all the Love, Wisdom and Power of the Ascended Masters, project it into various conditions which you know need correcting.

In the Victrola and phonograph records which have been released by the Saint Germain Press, anyone under this Radiation can call his own "Mighty I AM Presence" and then Saint Germain's, Jesus', Nada's and the Great Divine Director's Ascended Master Consciousness and Healing Perfecting Power of Light to be concentrated and directed into any special activity. You, yourself, can direct it to go to your loved ones and produce Healing, Protection, Supply and Perfection for that special person or condition.

It is one of the most marvelous ways by which anyone and everyone under this Radiation can

release unbelievable Victories, Miracles and Assistance to all who need Light, if this is done regularly and with definitely determined purpose and application.

The Mighty Marvel of this kind of help is that the music and lyrics used in these records give an acknowledgment to the "Mighty I AM Presence" and that automatically makes it impossible for anyone to ever qualify or use them for any destructive purpose; because the "I AM Presence" and Ascended Masters automatically annihilate any quality which is destructive and any wrong motive.

The same is true of the new songs which are being released. They are so charged by the Ascended Masters that no unascended being can ever change them.

So you see beloved ones you have unlimited Power of Light and you are always Master by the Power of Light.

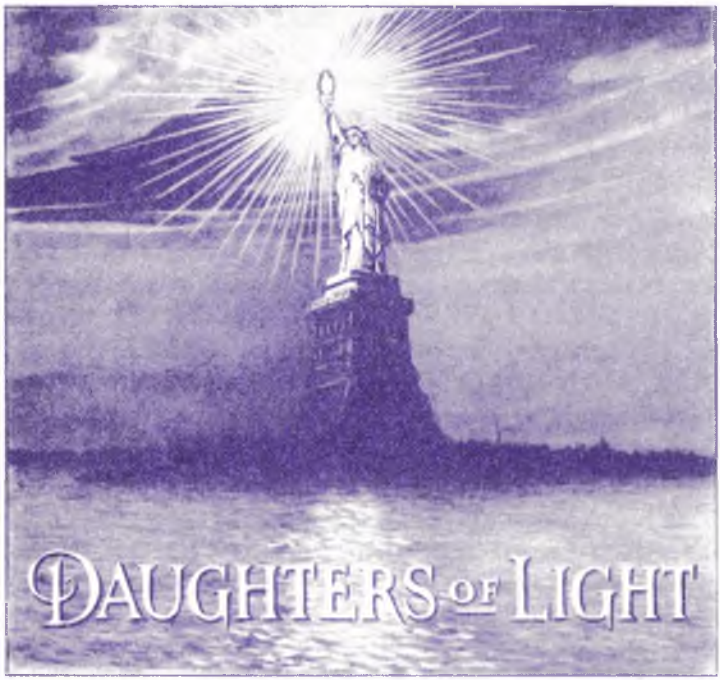
AT THE LEAST INTIMATION OF INJUSTICE SAY: "Mighty I AM Presence" and Great Host of Ascended Masters! project Your Mighty Blue Lightning and Light Rays into this condition! produce DIVINE JUSTICE HERE and hold IT eternally sustained.

or

"Mighty I AM Presence" and Great Host of Ascended Masters! RUSH into this and compel DIVINE JUSTICE to be given me NOW and FOREVER!



BELOVED Daughters of Light! we are taking up an intensified activity for the protection of the children and young people of America to be given them at the Inner Level. It will bring tremendous added protection, blessing and happiness to all.

If you are parents, it will be such a tremendous help and if you are not, it is a service you can all give which will bless the young people and you for eternity. Make the following call at least once a day for the protection of all children and young people:

"Mighty I AM Presence," Great Host of Ascended Masters, Mighty Legion of Light, Great

Angelic Host, Great Cosmic Beings and Great Cosmic Light! project an Invincible Wall of Light around the mental and emotional bodies of my child (or children) and all those in America and the world! Charge It with Your Ascended Master Power that annihilates instantly all suggestions and feelings from everywhere which are not Thy Purity, Balance and Perfection! Hold this Guard about them, until they gain their own momentum by their own application which gives them their Ascension."

The supplying of physical necessities to the children is only one third of the parents' responsibility. The protecting of the Inner bodies is the assistance we can give to hold them untouched and uninfluenced by vicious conditions and individuals until they can be taught this Ascended Master Instruction of the "I AM" and make the application needed to gather the momentum which becomes their permanent protection and power to win their own Victory of the Light forever!

IN SUDDEN DISTURBANCE SAY: "Mighty I AM Presence" and Great Host of Ascended Masters! RUSH FORWARD HERE! take command and hold Your Dominion forever!

· MINUTE MEN OF SAINT GERMAIN ·

(Extract from Saint Germain's Discourse to the Minute Men at Detroit)

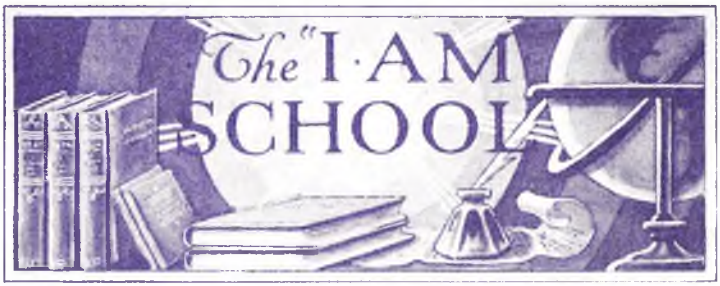
CONCERNING the condition in Russia to-day, gentlemen; if you knew and saw the truth of it, you would not sleep. You do not know one hundredth part of the tragedy that is going on there. You have no idea of the tragedy which has gone on in Spain. We see and know the conditions going on in the Orient to-day. That which We term the sinister force is a gathering and gathering of the forces and power of destruction—for wholesale destruction!

They are gathering and gathering power which will, one day, fan the arrogance and ignorance of the humans to attempt to drive its mighty destruction into your beloved country, America! If

you saw and knew, as I do, the conditions that are moving in your world to-day—THE INTERNATIONAL SPY SYSTEM—which is stealing from you, your heart's secrets; stealing the secrets from every nation which has made progress; the people would wake up! Mankind should awaken!

There is only One Power in the Universe which can ever make the people alert to these things. There is only One Power which can make them able to prevent such things. That is their call to this Mighty Presence—the "Mighty I AM"! It will so prompt them and make them alert and on guard, that even by the feeling touching a man in the outer world, they will know the motive which is there. That is what mankind needs to-day! There are thousands in America who are sufficiently sensitive in their feelings, to detect the motive of an individual who comes with a destructive intent.

The "Minute Men of Saint Germain" do Me great honor; and now I shall say something startling to you. To-day, the number of men, who have come into This Activity, could move the conditions of the earth; if you were in a position to gather together and issue these Mighty Decrees in one body. The Minute Men, who have already come into This Activity in America, are sufficient to control conditions and to bring Divine Justice everywhere in the industrial world and in the commercial world. You can govern conditions and dissolve all that causes distress and limitation in our land."



BELOVED ones in everything you desire to do for the blessing of America, yourselves or others, learn to send a Tube of Golden Light Substance from the Heart of your own "Mighty I AM Presence" to the person or condition you wish to help.

As you feel and visualize this Tube of Golden Light Substance like a tunnel connecting you and the object to which you are sending help, visualize the form of the thing you desire, going with great speed within the Tunnel of Light. See it go and manifest the Perfection you desire at the other end of the Tube. This is a most amazingly rapid way of giving limitless help.

In this use of the Tunnel of Golden White Light, you also have a means of direct communication, wholly secret, if you are serving the Light.

No destructive person can obtain the information in nor interfere with your communication reaching its destination; because the moment such persons or forces touch the Tube of Light which your "Mighty I AM Presence" projects from Its Heart, and yet large enough to include your physical body, that instant would the Light consume their motive and contact.

If you want to send your healing Flame of

Divine Love from the Heart of your Electronic Body to the person to be healed, see it travel within the "Tube of Light" and produce Perfection in the body of the one you wish to help.

FOR PAIN IN BODY

SAY WITH ALL THE DETERMINATION AND FEELING OF YOUR BEING: "I do not give you permission to ever feel pain again! I might have once but never again! NOW GET THAT! Through my 'Mighty I AM Presence' and the Great Host of Ascended Masters, 'I AM' FULL MASTER AND AUTHORITY IN MY FEELINGS FOREVER! and known or unknown —no feeling is ever again able to act in me or my world but the Perfection of my 'Mighty I AM Presence' and that is finished forever"!

* * *

ONE OF THE GREAT ASCENDED MASTERS HAS RECENTLY SAID: "Say to all human appearances: No longer dare you attempt to hold me in bondage! With my God Presence —the 'Mighty I AM'—I shatter and blast to pieces everything that has ever accumulated about me! and by Thy Violet Consuming Flame, IT IS CONSUMED THIS INSTANT AND I WALK FREE THIS HOUR FROM ALL HUMAN LIMITATION."

BLESSED "I AM" Student in every Study Group! if someone were to offer each of you $1,000,000 a week for holding your feelings harmonious, there would not be one person who could not maintain Self-control and Harmony; if money were his great need.

If you could do it for money, then you can do it NOW for the protection of yourself, your loved ones, your country and the sanity of all mankind.

The need for protection to all constructive persons, places, conditions and things; to America, mankind and the world to-day is the most imperative call of this hour. The maintaining of the sanity of the whole human race is a colossal responsibility and that is the paramount duty which stands before every "I AM" Student, every straight thinking American and person in the whole world this very moment.

You have ALL POWER to do your duty to Life and Light right now! through permanently maintained harmony in yourselves and your worlds. Then your calls to the "Mighty I AM Presence" and the Ascended Masters can go forth with instantaneous fulfilment and whatever amplification of your power is needed, the Ascended Masters can release instantly, if you maintain permanent harmony.

So long as the energy in your feeling world is held undisturbed no matter how destructive a force may be; it can not reach you unless a disturbed rate of vibration begins action in the energy of your feelings.

Then, will every one of you make an agreement with your own "Mighty I AM Presence" and the Ascended Masters that never again will they have any trouble with you, individually. Call your Presence into action with such determination to hold your feeling world harmonious at all times that every bit of energy in you and your world can be used at every instant by the Ascended Masters to protect you, your loved ones, America, mankind and the world!

"Mighty I AM Presence" and Great Host of Ascended Masters! charge my mind, body and world with Your Mighty Currents of Intelligent Energy; Your enfolding Presence of Divine Love; Your Invincible All-powerful Protection; Your Perfect Health, Youth and Beauty; and Your unending ever-expanding limitless Supply of every good thing including money; and make me use all in the Service of the Light forever! I thank Thee it is done with the Speed of lightning, the Joy of the Angels and in the Light and Power of a thousand Suns!

YOUNG AMERICA

PRECIOUS Beloved Builders of the Activities of Light in America! lift your hearts in joyous gratitude to the Great Ascended Masters Who are preparing the way for you this very hour.

As the manifestations of this Light of the "Mighty I AM Presence" come forth more and more powerfully and more rapidly, feel deeper and deeper humility before the Great Presence of Life, which is so ready and willing to release Its Blessings and Treasures into your use for the expansion of the Light.

No matter how great becomes your Power and success always remain humble and obedient before your "Mighty I AM Presence" and the Great Host of Ascended Masters and never fail to give all acknowledgment, praise and credit to your own "Mighty I AM Presence" and Those Blessed Ascended Masters Who are the Way unto the Ascension for all.

This humility and obedience in your feelings maintained with harmony and joy is the most powerful way to hold Invincible Protection for yourself and your world.

As you strive for these qualities in yourselves, call forth their expansion to take control in all mankind. Then all are more powerfully protected in the emotional and mental bodies. If they are safe-guarded, the physical automatically is protected.

· SCOTLAND ·

E wish to thank the Blessed "I AM" Study Group in Scotland for their loving gift to help the blind. It is being used to translate the "Ascended Master Discourses" into braille.

We call the "Mighty I AM Presence" and Great Host of Ascended Masters to bless without limit forever, those precious ones of Light in Scotland for their great unselfish Love expressed so sincerely.

Our Beloved Master, Saint Germain, said that during the close of our recent class in Washington, D. C., the Ray of Love and Light from the "I AM" Students in Scotland came through with definite power and blessing.

We call all the Power of Light and Love from the "Mighty I AM Presence" to flood to them Its Mightiest Blessings and our eternal Love, gratitude and assistance until their Ascension.

Ever lovingly do we enfold your Beloved Scotland in the Victory and Eternal Protection of the Light of God that never fails.

PEACE

· GODDESS OF PEACE'S DISCOURSE ·

· *Mrs. Fisher's 100% Group—New York City* ·

· *May 19, 1938* ·

OUT of the long forgotten past, the Great Presence of Life has called Me forth from the Great Inner Spheres of Light to render a service to the earth in co-operation with the Great Goddess of Liberty; and from to-night We shall walk hand in hand pouring Our Blessings to the earth.

I am informed by those who have been gathering the Great Power here, that it is possible to establish such a Focus of Light within your city that Its Great Blessing may find an anchorage in the density of mankind where the Great Light will again find Its Dominion.

To-night, while I am flashing the Words to this Messenger, will you endeavor with the greatest joy in your feelings to reach out to Me; that My Peace may find Its full Action in your consciousness and feeling world; that you will be able in your call to your Presence to release a Great Power of Peace? I would suggest that individually, every student before retiring would spend at least two minutes in the call to the "Mighty I AM Presence" and give adoration to Peace.

The world needs Peace as never before in its history and every available quality that mankind can utilize is being released into the earth. Therefore, feel your opportunity to render a service.

You have heard of the Recording Angel. This idea will convey to you something which I wish to charge forth to-night. The Recording Angel often referred to, is your own Higher Mental Body; and I find that the Great Ascended Masters have kept an accurate record of individuals on

earth. It might seem like a stupendous task; but when you understand that those Great Beings are not limited, then you will know how They hold the record of mankind available at any moment.

The individuals who have been drawn into this Great Stream of Light are those of the past who have had mastery over themselves to a very large degree; to the extent that they were able to perform many marvelous activities and services to the Light; but they were like those of to-day who by listening to falsehood are turned aside temporarily from the Stream of Light. You who have had these many promptings should be able to determine, at the slightest disturbance within your feeling world, to hold your Dominion in the Light.

Let Me say to you to-night, there is not one thing in human creation over which the Light does not have Dominion. Now please remember These Words! You have often been told that the Light you call forth knows no opposition, knows no interference. It is absolutely true, but do you realize the very Life which beats your heart is the Dominion of the earth? When you learn to give complete obedience to the Law of Harmony, then as you make your calls to the Presence of Light, not even the greatest power of so-called evil in the octave of earth, even attempts to resist the Power of Light.

I do trust you will all remember that, in every particle of the slightest application which you make, for if you remember and feel it sufficiently, you cannot help but see that this Power you have called forth is the Dominion in all you wish to accomplish. There is no human creation, nor concentrated force of darkness that even makes an attempt to interfere with It. Then do you not see

that even now, to-night, you have dominion over your world? If it does not seem to be so, it is only because you have not yet acquired the full feeling of the Dominion of Light which beats your heart. Try to feel it.

Oh as you observe the Chart, you must realize that it is accurate, a perfect eye-picture of your position to your own God Presence. Its Light is Life Eternal—forever expanding Itself on earth through Its Individualized Self. You think you are individuals, personalities, human beings. Perhaps all that is true, but what about the Life which is the Dominion of the Universe? It is you. You are considering your garment, which seems to be limited, yet it is not. Please do not give power to your garment. Your old suit of clothes gentlemen and ladies, the garments that you no longer wish to use, you cast aside. The garment of flesh which you are wearing, of itself is no more important without Life, than the discarded garment. That is positive and certain.

When you consider that in every cell of your body there is a Point of the Great Light which is the Power of the Universe, then how can one longer feel he is limited? It is because people have not given sufficient consideration to those Points of Light which are the pattern of the human form and hold the atomic structure together.

I feel definitely that you are at a point in the expansion of your Light where you can comprehend the fulness of this. While it is quite simple, yet it goes to the very depths of your Life and Being. The Light which actually this moment is beating your physical heart is the Life, the conquering Presence of the Highest Spheres in the Universe. For instance, as It is on your sister

planet, Venus, where such great Purity and Perfection reigns. Venus of Its own volition chose to assist your earth and has for four and a half million years. Is it not about time now to comprehend fully? It is within your grasp. Don't think these things are beyond your grasp, anyone of you. This Law has been brought forth in simple understanding which all may comprehend. Because these fundamentals of Life seem so simple, do not over-look them, I plead with you.

Why do you suppose Life has not called Me forth in hundreds of centuries, thousands of centuries? Because in the people there was not enough anchorage and understanding of the Light, the Presence of Life. I trust you will comprehend what this means to you to-night, in being a part of this Great Light. Without the expansion of your own Light, not only within your heart, but within the cells of your body, you would not be here; nor would the thousands of students in America, who are so loyal to the Light of their own Great Presence, have been interested.

I think someone has said to you: that forty years ago, according to your earthly time, it would have been almost impossible to have carried this message forth to mankind. Then you see by that, the enormous expansion of the Cosmic Light within the entire earth. Think of it! up until four years ago, perhaps we should say six years ago, scarcely anything was really known on the earth concerning the expansion of the Light within individuals. People touched upon those points occasionally, but no one comprehended or gave it scarcely a second's thought. When your Great Benefactor, Saint Germain, brought to your attention the enormity of your feeling and that it was your power-house;

then you can comprehend why you had so little results before.

No one, beloved ones, can have any permanent anchorage to the Light without having once looked upon this Chart. It is not possible for mankind to comprehend their Reality, without something before them which will keep their attention fixed upon Its Picture. In every human being's Life each one is constantly picturing what is in his feelings. In every feeling is its picure, its color. The Ascended Masters and the Cosmic Beings read your feelings more readily than you read a printed page; and that record is always accurate. A printed page may have within it many mistakes, but the Light of yourself, never! No deception can be practiced by any being in the world outside of the human octave; because his Light tells exactly what he is. In the expansion of your Light you stand an open book to the Ascended Masters and the Cosmic Beings and to your own Higher Mental Body of course.

Beloved ones, who have chosen to give what you call a one hundred percent loyalty to your Presence—I wonder if you quite realize what that means to you! It does not mean just so many words, but it means a very, very important step. It means that you have acknowledged Life in Its Great Purity and Perfection and that you are joyfully, willingly obedient to all which Life requires of you. Are you? I leave that for you to decide within yourself; but remember! you are dealing with Life relentless, but so beneficent. It cannot change Its Laws because you weep; It cannot change Its Laws because you are not willing to give Obedience. It cannot change Its Laws because of human opinions. Make no mistake about that.

It is so wonderful. These Great Beings have given many, many Dictations to the students of America carrying forth Their Mighty Qualities into the feeling world of the individuals; which few yet comprehend but slightly. Yet, you shall comprehend in its fulness. The speed with which you do so is determined by yourselves.

In the conditions which exist in your sister countries, how fortunate you are to-night, even in all that requires change and remedy here, how fortunate you are not to be there. For twelve hours with the Goddess of Liberty, I have been observing the conditions of earth, because it has been a long time since I was invited here, a very long time. Let us not contemplate how long, but realize to-day in a world where such human density has accumulated; that One, whose Love was so great and by the Out-pouring of that Great Love, has found those on earth who could—not a matter of your wanting to, but who could give the response necessary. Do you realize just what that means? Many times mankind want to do things, but they cannot give the response because their Light is not strong enough within.

The Goddess of Liberty has selected your America as the only available spot on the earth where there was a possibility of bringing forth the Eternal Divine Freedom for mankind. For so many hundreds of years that Great Presence has watched over this spot—America—and waited, and waited and waited for something to occur which would begin the awakening of mankind to their Real True Freedom. Then, do you not comprehend why the Love of the Great Ones is so tremendous for you? It is why They are so willing to over-look all short-comings within the individual;

and keep on trying, keep on pouring and pouring Their great purifying Power into the Life and feeling world of the individuals. They pour it into the environment to give them the strength to hold fast to the Presence of Life long enough to make their call to the Presence and use the Violet Consuming Flame; until they are purified enough to comprehend clearly and fully all that Life means to them; until they realize their great great obligation to Life.

How vastly different Life is compared to all that you comprehend in the outer world to-day. Life asks you no interest for its use. All that it asks is just your obedience. It is so little to ask, just obedience, and through that willing obedience would come the Glories of "the Light of God that never fails."

The out-picturing of that Mighty Decree issued so many times in the past four years is manifesting; and may I try to convey to-night how It has reached forth into the Highest Spheres? Your Beloved Saint Germain has told you that this Decree is the call for Freedom; for It is the call to the Power which knows no defeat; but He has not yet gone on and told you that this call, "The Light of God never fails," goes to the Highest Spheres from the densest planet. In this explanation, you can comprehend the words: that to the Presence and Power of Divine Love there is no barrier anywhere in the Universe. None whatsoever.

As the Great body of students have made this call, like a Mighty Arrow of Light it has gone to the Highest Spheres and that is why I am here tonight. Your call, beloved ones of earth, is the call of Life, the Edict of Life which calls forth Its Messengers from everywhere, to give what assist-

ance is necessary. Remember, the Mighty Edict issued by the Great Goddess of Liberty so long ago for your land. Your call and Her Call have brought Me forth to give My Assistance.

"Peace on earth, good will to man" shall be known in its full power and meaning and shall live in the hearts of mankind forever. Be of good courage, beloved ones, and let the Courage and Strength of your "Mighty I AM Presence," your Life, fill your being and world; giving you all that is required and making you able to give response to Life for all Life requires of you at this time.

Would it not be a most unhappy thing, if Life were to exact from you interest on all that you have used of Life through the many many centuries, when you have forgotten your "Mighty I AM Presence"? Would that not be a tragedy? I think it would, but Life has not said that. It has said: "My children, I wait! I wait! but now the Great Cosmic Life, the Great Cosmic Light has said: 'We cannot wait much longer' "! The Light of a planet is small or great according to the Light released through the individuals there.

You are the individualized Presence of Life. All that Life holds for a planet must pass through those individuals. That is why when mankind has forgotten the Source of their Life, the planet becomes dark and filled with limitation and discord; because there is not enough Light acting there to keep dissolved the limitations of the conditions of mankind's own creation in the lack of understanding.

You are so fortunate in even the comprehension you have thus far. It is only a small part of that which you will presently have, if you continue in your great adoration and firm determination to

your "Mighty I AM Presence," your Life, to have Its Great Light expand and fill your world. You have been taught to call It forth and project It into your world for action because Life is perpetual motion.

Some of the records which I have seen to-day, show that mankind have constantly in every age tried to bring into mechanical action the full activity of Life. They called it perpetual motion, when the very Life with which they are working is that activity. Not comprehending Life, they think they should have some mechanical appliance to convince them when the Life of their hearts is the greatest perpetual motion in the Universe.

To-night, try to feel the great privilege, the great blessing which is yours in all that is being called forth from the great Inner Recesses of Light in Our final endeavor to free the earth. Our Records show great devastation has already been prevented in your land. You can scarcely comprehend, I realize, how great has been that Protection and Blessing. Your city where you rest so serenely to-night would not have been here the past eighteen months, if it had not been for the call to the Light.

Try, beloved ones, Oh try, try, try so earnestly to comprehend all that this privilege of service means to you. I would like you to realize that in your service to the Light, everything is compelled to come into co-operation, even in your personal requirement. In your adoration to the Light, your intense desire to serve the Light, your human ability might seem small, but in the Power and Light of your "Mighty I AM Presence," how could you say: "I am just a humble individual, I do not quite understand how to release this power yet"? Every-

one of you can use the Ascended Masters' Words and call to the Presence. There is not one in America or the world who cannot make the call. Even a child can decree a thing, if the intellect is clear. Therefore, do not limit yourselves to what your intellect might think you are able to comprehend, apply or call forth. You cannot possibly tell, from the intellect what your "I AM Presence" is able or wants to do; but as you go on in great sincerity, great earnest determination, your feeling is the energy which fulfills your call. Your determination is the Power of the Presence holding you firm within the Light.

Remember there is not one thing, person, place or condition in the entire world which you need fear in the acknowledgment of your "Mighty I AM Presence," the Power of Light. There is no destructive force can stand before It. It might make an attempt to frighten you, but look it straight in the eye and say to it: "You have no power! my Presence of Light is the only Power! be thou dissolved or get thee hence." There is not one "I AM" Student in America, if he would take that calm firm stand, who would not control any condition which ever confronted him. No black magician nor destructive force has any power against the Student of Light.

To-day in my observation I have seen in Pasadena a beloved student whom a black magician attempted to destroy and who appeared to him in his terrifying body. That student straightened himself, looked the black magician in the eye and said to him: "You have no power"! and raising his left hand to the Presence pointed with the right. The Blue Flame went forth and that creature, who had had such power; who had destroyed

thousands and thousands of mankind, hid his face and said: "Don't, don't do that"! because he knew the Power of Light was in dominion.

Every "I AM" Student in America to-day has the same power, for there is nothing to fear. Such things beset mankind many times by the power of radiation. Beloved ones, if such a thing ever besets you and the feeling of fear comes over you, know instantly that your Power of the Presence of Light is the "Mighty I AM Presence." It is the dissolving Presence and Power, so fear nothing. There is not one thing in the earth to fear when you know your own God Presence, the "Mighty I AM."

I came into the atmosphere of your earth to-day and I saw the accumulation of mankind. Now, I am going to say something which should give you limitless courage and strength. You have called to the Divine Director and the Mighty Astrea with great earnestness; and fully one-third of the destructive accumulation of mankind has been dissolved and removed from the earth forever. That is a record unparalleled in the history of the earth in any age, since mankind began its descent from the acknowledgment of the Presence.

Never allow yourselves to contemplate or question too much concerning the Great Laws of Life or try to intellectually comprehend them. The fact is you are here in limitation and the important thing that you want is to get out of it and into your Presence of Light. Do not try to wonder why you are here or how you got in this condition. The fact is that you are here and now there is an opportunity to get out. Therefore, give your Love and adoration to the Presence. Give obedience, make the necessary application and keep it up

with determination, until every seeming barrier goes down. Do not yield to the appearance, just because you have made application and have not yet seen the full manifestation you require. If you give way, then you are lost, at least temporarily, unless you revive again.

There are some yet who think that Life owes them everything. Human beings owe everything to Life, and when they are willing to give everything to Life, Life will give back to them Its fulness; but you who have willingly gone away from Life and the fulness of Its beauty, strength and Perfection, must willingly come back to Life. Then stand! until Life enables you to release yourself from all that you have gathered about you.

Let Me call your attention to the magnificent Service the Divine Director is rendering for thousands of the students all over the world. It is not only just to you in America, but He is watching the other students in other countries, who have become so sincere to the "Mighty I AM Presence," the Source of Life. To thousands and thousands He is giving Assistance, dissolving and consuming the last vestige of their own human creation. Oh, that you might comprehend what this means to the earth; what it means to each one of you! Never forget that you are a part, an individualized Focus of the Great Presence of Life, the one Life, the one Substance, the one Energy which is within Life, within Light. You feel so separate from each other, and yet the same Life is beating each one of your hearts to-night. Then, why feel unkind to each other?

Oh the great, great mistake of mankind is that they think they are feeling unkind to each other, when it is unkindness to Life that is manifesting.

Suppose the limited personality does make mistakes; well, if you condemn it you are making a far greater mistake. Do you not see that you are condemning another activity of Life? The person who might be making mistakes could not make them without the misuse of Life. You may have misused Life too! Therefore, to condemn another means that you condemn your own Life, for that Life in the other is just the same as yours.

As mankind comprehends this more and more clearly, all desire within the human form will dissolve and disappear, even to having an opinion about another. You cannot progress as long as that condition exists; and since I have come to offer Peace to mankind and the earth, will you give all the obedience necessary to hold continued harmony in your feelings that I may render this Service for the earth?

You in America, who have come to understand this Great Presence, are the only hope on earth. Are you strong enough to-night? You have declared yourselves one hundred percenters, thousand percenters—are you strong enough to hear this to-night? You, who stand steadfast to the Light have released yourselves from this obligation of which I am going to speak; but mankind en masse has not. I do not mean those who have not necessarily contacted this understanding; because many whose Light is very great will ere long contact it. Then the fulness of their release will come forth; but the mass of mankind is responsible for all the destructive activity on earth. If the earth should fail at this time in sufficient expansion of its Light, then where would rest the responsibility? Let us face Life to-night, in Its True Great Fulness. Let us have not a quiver in our

feeling world as we face it; but to know that no destructive force ever came into action on or in the earth, except through human beings, so-called. If that expression had never come into being, mankind would still be divine beings.

Your words carry great power. Every word that goes forth from your lips carries a vibratory action, either constructive or destructive. Therefore, you see your responsibility to the Life which you are qualifying; every word you speak, every feeling that passes through your feeling world. It is nothing to fear, and Life has not said to you: "If you have made many mistakes I condemn you." Oh no! Life has said: "I just wait"! The limitless magnificent opportunities which Life has given mankind and is still giving cannot continue now indefinitely.

I say to you and every "I AM" Student in America who claims to be a one hundred percent student: "Be sure that you fulfill the Law of the hundred percent groups to your own Presence of Life, the 'Mighty I AM Presence.' " You are not dealing with each other in this world of human action. You are dealing with Life, beloved ones; and Life is so beneficent, yet Its Laws can never be changed for anyone. Life IS and Life is exact. It does exact obedience, if one wishes to attain Perfection. It is not a matter of any opinion in the entire world, but it is a matter of the Law of your very Life, which is the Vitality of your very being and the Intelligence that is acting. So let us remember that in the future; and when the slightest attempt at disturbance starts in our feeling world, still it instantly! and never allow a word to go forth from your lips that is not a blessing. If you wish My Assistance, this must be so!

The Divine Director, I understand, told the people last evening that They could not much longer give energy to those who would not give willing obedience. In all the joy that comes from obedience to Life, Life loans to you all Its Gifts; Its Blessings of health, strength, happiness and the limitless supply of your currency which you require these days. It is so long since I had any touch with those conditions, that it almost seems strange to come again where these conditions of earth are still acting.

I try to have you comprehend the fulness of your great privilege in the Service of the Light; for almost Limitless Assistance is being offered to you, by Those Who have the Power and Authority to give It. Mankind in the human octave make many promises, many of which are not fulfilled; not because of the lack of desire, but by the lack of sustaining power, to release all that is required to fulfill their promises.

So remember that your words are creators! Your feelings are creators which will one day confront you with all they are; unless you call your Presence to dissolve them in the Violet Consuming Flame. You are living under a Great Law. Mankind have not believed that. They are soon going to find it out! even the most skeptical in the world. Those whom I understand have condemned the Messengers will one day feel and know the great great mistake they have made.

Therefore, to-night, in all the great Peace, which is My Being, I command My Peace to enfold you now and forever. I command My Peace to become a part of you; to become a part of every "I AM" Student in America and the world this hour! I enfold them in My Seamless Garment of Peace!

and as they accept and feel Its Dominion, no one will be able to intrude inharmony into their worlds.

"Great Powers of Light! I call you to clothe these beloved Children of earth in My Seamless Garment of Peace! Release your Mighty Legions into Europe and the Orient! Wrap My Mantle of Peace about every human being there, and see that all desire for destructive activity is forever dissolved and consumed! There is no power but Light! Those who have made the mistake of requalifying Life into a destructive activity, shall cease. My Power of Peace shall enfold the earth!

Go forth in this Mighty Power until all mankind rest in Peace by the Divine Command of Life! By My Power of Life and Light, I call into action Legions of Light to descend into the earth and fulfill My Command! to dissolve about individuals all that is not of the Light! that they may wear My Garment of Peace! Those individuals, the few on earth, who have lent themselves to destructive powers and forces, I command to be silent and be at peace!

Great Legions of Light! take command of those individuals and see that My Words are fulfilled. Hold them in Thy obedience, until My Mantle of Peace shall enfold them and hold Its Dominion there forever.

I call the Power of Infinite Light to take Its Dominion everywhere on earth. Great Cosmic Light and the Power of the Great Central Sun, release Thy Power and Light Rays into the earth! See that mankind no longer continue to requalify the Presence, Power and Energy of Life with any destructive quality! Let all that Power of Light come into action, to-night! Let every heart beat-

ing in human form this hour, feel My Mighty Power which has gone forth and by Its Great calm quickening Activity, release the Light within the cells of each human body until It illumines the brain and the people comprehend the need of the Presence and Power of Light, of Life.

Oh, Thou Great Power of Peace! I call Thy Great Energy into action, to take command of every individual who has forgotten or willingly turned from the Presence of Life, the "Mighty I AM Presence"! Show them such manifestation as will wipe everything from their consciousness that is human or destructive.

Great Power of Light Thy Dominion has come! Assert Thy Dominion everywhere in the mind, body and feeling world of mankind.

To-day, I conveyed My Eternal Gratitude to the Great Divine Director for the Eternal Almighty Service which He has rendered; and to the Mighty Astrea, for steadily releasing like a mighty river, unfortunate individuals from the earth that they may be free! that the earth may be free from their accumulation and influence! Remember, when the Divine Director releases those individuals from the earth and takes them to the Octave of Light and to the Mighty Astrea, right then all their accumulation of the centuries is dissolved and consumed. Think what a Mighty Service is rendered to the earth and to individuals who could not possibly release themselves in centuries to come. It is being done because of the great demand of the Cosmic Light. Its Authority and Power has been released that this Service might be rendered the earth.

My Great Sister of Light, the Goddess of Liberty, joins Me in these words: "Great Powers of

Light! take Your Dominion on earth! take Your Dominion in the heart of every one of mankind! and see that the Power of the Violet Consuming Flame is released to dissolve and consume every particle of accumulation of the ages! Then, so charge all desire with Peace, the Activity of Light and Freedom, that the whole of America and her people stand as one Mighty Jewel in the Heart of God, releasing the energy in their call to the Presence of Life, which will enable them to render this complete service for the earth and quickly!

In the fulness of all the Power of Light, Love, Freedom, health, strength and courage, All Great Powers of Light! take Thy Dominion within every "I AM" Student in America and the world! for all shall be brought into It! Glorify them with Thy Courage and Strength to stand dauntless with Great Calm Power before the face of men who deny the Truth of the "Mighty I AM"! Glorify them, until all mankind shall come to see the Students of Light know the Truth of Life and stand by It in Its Ever-lasting Eternal Power and Glory, the out-picturing and manifestation of "the Light of God that never fails"!

Peace rest with you forever in Its ever-expanding Glory! May you be the out-pouring of Peace, Oh students of the "I AM," to America, her people and the world! I thank you."

· DECREE ·

"Mighty I AM Presence" and Great Host of Cosmic Beings! hold me forever enfolded in the Power of the Great Silence to produce Perfection instantly everywhere I move.

· MY AMERICA ·

"I AM" the Light of America whose "Cup" shall quench the thirst of all mankind, when they are obedient to My Light!

"I AM" the Light in the heart of every human being in America and My Light shall expand, expand and again expand, until It illumines all within her borders!

"I AM" the Light of every avenue of industry, commerce and daily Life of her people!

"I AM" the Light in every activity of capital which serves the American people in Constructive Channels!

"I AM" the Light that brought forth the Declaration of Independence, which I have decreed for the American People and they shall have My Freedom NOW!

"I AM" the Light that gave the Constitution of the United States to the American people FOREVER!

"I AM" the Light that protects It, which makes all powerless who oppose It!

"I AM" the Light in the mind of every straight-thinking American this moment!

"I AM" the Directing Intelligence within this Mighty Land of Light, which from this moment dissolves all that does not serve My Light!

"I AM" the Light that governs the future of America!

"I AM" the Light that governs the earth!

"I AM" the Light that governs the system!

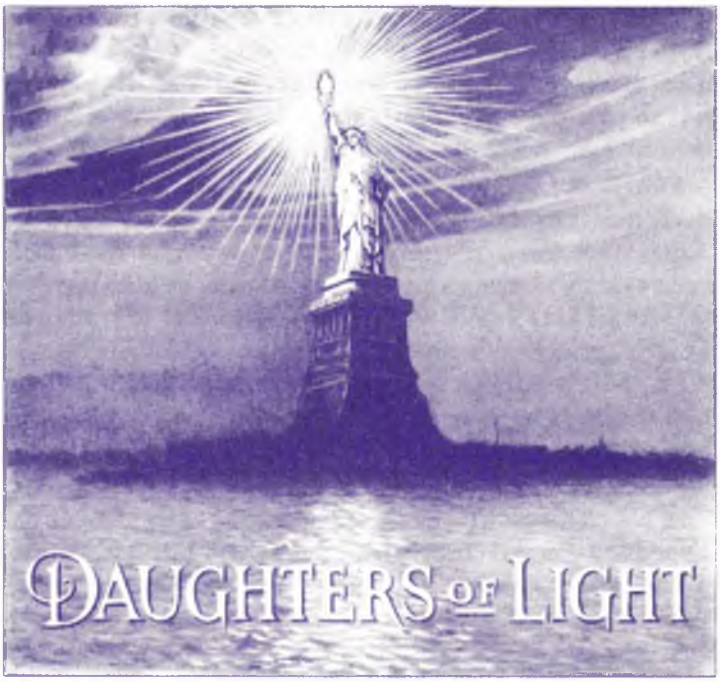
"I AM" the Light that governs the whole of creation!

"I AM" the Light of all that is!

This Glorious Land and its people shall have their Eternal Victory in the Light! for

America is mine FOREVER! FOREVER! AND FOREVER!

"I AM" AMERICA'S LIFE!



BELOVED Daughters of Light, you are the Open Door for the most amazing Perfection to come into every home in the Universe; through your own call for the Eternal Home of Light to be opened to everyone of the Children of Light.

Because of your natural position and influence in the home-life of the whole human race, your opportunity to do daily work through both your own private Decrees and those of the Daughters of Light Group, is the most wonderful of all services which any of us can give.

When conditions are not as harmonious as they should be, it is the most thrilling of experiences to

give your Decrees with dynamic power; either silently or audibly according to the need and conditions; then after your momentum is gathered, watch the response take place in the physical conditions which need improving.

Saint Germain said, that even if you were the only person in the home who wanted to serve the Light, if you would call your own "Mighty I AM Presence" into Action and the Ascended Masters; keeping your feeling harmonious and steadily using the Violet Consuming Flame; there is not one condition which would not yield to your call for Perfection.

However, it does take inflexible determination and steady daily dynamic application until enough energy is released to over-balance that which has been discordantly qualified.

Remember there is nothing in the Universe which can resist the force of a determined will when that will is decreeing and calling forth the Perfection of Life; which every constructive call is.

Then Daughters of Light, stand! yield not an inch to anything less than Ascended Master Perfection in all you do and decree; and Life, the "Mighty I AM Presence" and the Great Host of Ascended Masters, are bound to answer your call and you stand VICTORIOUS IN THE LIGHT, ETERNALLY FREE.

· DECREE ·

"Mighty I AM Presence" and Great Host of Ascended Masters! charge me forever with the GREAT COSMIC POWER OF YOUR PEACE and hold all I contact within it.

The hour has come to see the shining face of your "Mighty I AM Presence"! Its slender Hands point you every minute to Victory and every second is now filled with Mighty Ascended Master Miracles of Perfection forever!

· MINUTE MEN OF SAINT GERMAIN ·

BLESSED Minute Men in America, upon you devolves the responsibility of protecting every constructive line of business in our land. Since you are the ones who are moving in those channels, your opportunity is almost without limit because at your call to the "Mighty I AM Presence," Saint Germain and the other Ascended Masters; those Great Cosmic Beings who guide the destiny of our Beloved Land can and will do through you whatever is needed to wipe out the injustice which is seeking to disrupt business everywhere and to destroy our people.

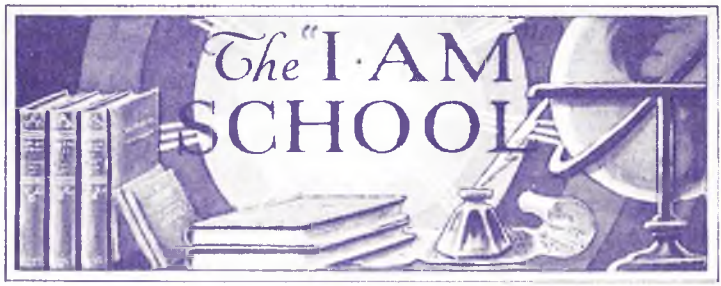
These Great Ascended Ones have said to us often: "If you will give Us the authority from the physical octave of earth, through your calls to the 'I AM Presence' and Ourselves, We can and

WILL release the Power of Light which will positively wipe out every bit of injustice acting in the business world and all activities of the American people."

We say to you again, unless the individuals who want the Constructive Way of Life turn to this Light and call It into action in every detail of their every day experience to protect themselves and their loved ones, their fortunes and their country, there is positively no help for them and no possible way by which they can be sustained in the future.

Therefore, use the following DECREE at least once a day for the correction of every condition that is imposing injustice upon our people:

"MIGHTY I AM PRESENCE," GREAT HOST OF ASCENDED MASTERS, MIGHTY LEGION OF LIGHT, GREAT ANGELIC HOST, GREAT COSMIC BEINGS AND GREAT COSMIC LIGHT! We call on the Law of Forgiveness for all mistakes of the American people! and in their Name, in the Name of the "MIGHTY I AM PRESENCE" and in the NAME OF THE LIGHT OF GOD THAT NEVER FAILS! release whatever Power of the Cosmic Light, the Violet Consuming Flame and the Unfed Flame is needed to blast, consume and annihilate all destructive forces within the United States of America this very hour! Annihilate their cause, effect, record and memory from our land and our people FOREVER! Replace them by the ASCENDED MASTERS' ALMIGHTY PERFECTION FOR AMERICA AND THE WORLD! KEEP IT ETERNALLLY SUSTAINED AND EVER-EXPANDING! AND WE THANK THEE THOU DOST ALWAYS ANSWER OUR EVERY CALL INSTANTLY.



BLESSED Ones in the "I AM" School, we thank you forever for the wonderful help you have given, through the issuing of your Mighty Decrees every day at school. They are of tremendous importance to Our Blessed America and please do NOT discontinue them during your vacation. Rather call forth still greater Power of the Light to do more in the fall when you come back. America needs every DECREE from every one within her borders every moment, to hold the control of the Light acting to bless our people.

It will be of limitless help for you to visualize Great Rays of Blue Lightning from the Retreat of the Royal Teton going into every destructive condition in America. SEE THEM GO FORTH LIKE GREAT BLUE SEARCH-LIGHTS and as They touch the condition SEE ALL DISCORD AND WRONG WITHIN THE PERSON, PLACE, CONDITION OR THING EXPLODED AND CONSUMED—INSTANTLY! SEE ALL THE WRONG COLLAPSE AND DISAPPEAR; as if you punctured a balloon and threw it in the fire.

Then, visualize arising directly out of this Mighty Lightning the FULL PERFECTION OF THE ASCENDED MASTERS TO TAKE THE

PLACE OF THAT WHICH HAS BEEN CONSUMED. Hold this with intense FEELING! Then, pour out your own Ray of Gold and Pink upon the whole condition and seal it within the Beauty and Perfection of the UNFED FLAME.

· DECREES ·

"Mighty I AM Presence," Great Host of Ascended Masters, Mighty Legion of Light, Great Angelic Host, Great Cosmic Beings and Great Cosmic Light! project Your Mighty Power of the Blue Lightning of Divine Love into every home on this planet! Annihilate all that causes unhappiness, limitation or imperfection of any kind! Annihilate their cause, effect, record and memory from mankind, the earth and its atmosphere forever! CHARGE into every home on earth the ASCENDED MASTERS' ALMIGHTY PERFECTION OF LIGHT AND MAKE THEM TEMPLES OF LIGHT! PALACES OF BEAUTY! ALTARS OF SAFETY AND SUNS OF DIVINE LOVE AND HAPPINESS TO BLESS ALL WITH ASCENDED MASTER PERFECTION FOREVER!

"Mighty I AM Presence," Great Host of Ascended Masters, Mighty Legion of Light, Great Angelic Host, Great Cosmic Beings and Great Cosmic Light! SWEEP THROUGH THE ATMOSPHERE OF EARTH and the mental and feeling bodies of every individual! BLAST, CONSUME AND ANNIHILATE ALL LETHARGY from them forever! make the LIGHT WITHIN EACH HEART burst with such ASCENDED MASTER POWER that all accept their own "Mighty I AM Presence" and give It Eternal Obedience forever!

BELOVED ones in the Study Groups everywhere, the Law of the Ascended Masters' Instruction is Expansion of the Light within every human being who comes into This Activity. The only way by which that can come about for all, is by loving co-operation each with the other, so the Light in all may have Its Dominion quickly.

There is no reason on earth for any Group Leader under This Activity, feeling that any other Group Leader could ever take any of the students away from him.

There should be hundreds of Groups into which the people can come and do the work of protecting themselves; their loved ones; America and the Light for all mankind. Saint Germain brought forth these Study Groups as Sanctuaries of safety for all who would turn to the Light and help to hold IT for the Freedom of the rest of humanity.

In doing the work which will give Freedom to all, the one who does that work must of necessity be free himself. Therefore, all Group Leaders should work in loving harmony with all other Group Leaders who are complying with the requirements.

Saint Germain has said repeatedly: "Your own Light cannot expand so long as you have an opinion about another."

Every community and its environment is the responsibility of the people who compose it. Therefore, all the "I AM" Students in each locality are expected to be the ones through whom the Ascended Masters will pour Their amplifying Activity of the Light, when protection is to be given either the locality or its people.

Every Group Leader and Group should be ready each moment and so harmonized that the POWER OF LIGHT can blaze through that one in Its most intense action to give the greatest assistance at all times.

Remember! there is no competition anywhere in this activity!

· DECREE ·

Great Ones, in Thy Great Cosmic Power and Authority over the Americas, in the Name of the "Mighty I AM Presence," in the Name of the Light of God that never fails; in the Name of the American people! we give you full power and authority to seize possession and withdraw forever all money, energy and supply from everything that would attempt to destroy our people or create discord within our borders. Take all such supply and purify it by the Cosmic action of the Violet Consuming Flame! charge it with Saint Germain's Consciousness of the "I AM" and anchor it in This Service of the Light, until every human being on earth is victorious in his Ascension.

Blaze forth Thy Authority! Take Thy Dominion! Reveal Thy Power! Loose Thy Victories! and set the American people forever free from discord and limitations of every kind! Hold them eternally obedient to the Light, and we thank Thee Thou dost always answer our every call.

YOUNG AMERICA

BLESSED Young America, feel the thrill of joy with us in holding the Hands of the Great Host of Ascended Masters Who are watching over you every moment. They are very close to you, precious Young People, much closer than you in the outer consciousness realize this moment.

Do daily work for the protection of all young people in our land and throughout the earth; so they do not respond to the mistakes of the human suggestions of destruction, which are being imposed upon them by those who have been failures in Life's Great Journey.

Realize: that unless those, who are offering you and other young people advice, are the kind of individuals to-day that you would care to be like; have nothing to do with the habits and teachings of such people in the outer world.

There is ONLY ONE PLACE from which anything satisfactory can possibly come and that is from your own "Mighty I AM Presence" and the Great Host of Ascended Masters. All that is less than Their Mighty Perfection, will contain suffering and disappointment for you.

You want PERMANENT HAPPINESS! It only comes from that Source which is PERMANENT PERFECTION. The ONLY CAUSE AND SOURCE OF HAPPINESS AND PERFECTION

IN THE WHOLE UNIVERSE IS THE ASCENDED MASTERS' OCTAVE OF LIFE. Some day ALL MUST attain and out-picture It; and the sooner you turn your attention to It, the sooner will you arrive at the solution of every problem; the accomplishment of your every Constructive Desire; and the Fulfilment of your Eternal Victory by the Power and Dominion of LIGHT!

· MUSIC OF THE SPHERES ·

IT is our very great privilege and joy to announce the release of three new pieces of music, which have come forth to carry tremendous blessing. They are charged with the Ascended Masters' Power of healing, illumination, protection and harmony to the "I AM" Students, America, mankind and the whole world. Their power to bless shall never cease, but instead shall ever increase.

The first song is LIGHT OF MY HEART, the music and lyrics of which both came through the Beloved Messenger, Mr. G. W. Ballard, who uses the pen name of Godfré Ray King. The likeness of the figure on the cover is that of his Higher Mental Body and the Light from Its Heart is charged into the music, lyrics and picture to go forth and release Its Perfection to all who hear, sing, play or contemplate it.

The second song LOTUS MY LOVE also came through Godfré Ray King and the likeness of the figure on the cover is that of the Higher Mental Body of Lotus Ray King. The Out-pouring from Its Heart charges the music, lyrics and picture to go forth to release Its Perfection to all who contact it.

The third song is THE ASCENDED MASTER YOUTH OF AMERICA, the music and lyrics of which came through Virginia LaFerrera; and which is dedicated to the Ascended Master Youth of America and the world. It is especially charged by the Ascended Masters with protection, blessings and the Power of the Light to bless all young people forever.

The musical arrangements have been made by Vinton and Virginia LaFerrera and the illustrations on the covers have all been done by Mae DaCamara.

Victrola Records have been made by Catherine Rogers and Virginia LaFerrera.

We wish to extend our love, blessings and gratitude to these blessed ones for their glorious assistance in helping them to be released for the use and blessing of the students. May the whole world sing these songs, be set free from all distress and stand eternally Victorious in the Light.

Price each $1.00 *Postpaid $1.15*

GREAT Beauteous Being Celestial,
Now flooding the earth with Thy Peace,
Spread o'er us Thy Mantle of Glory—
Through Thy Love make all discord
cease.

Wrap each one in Flame of Thy Splendor,
Lift all on the Wings of Thy Light,
Bless earth with Thy Radiant Presence,
Send forth Thy Pure Rays of Great Might.

Reveal now to all Thy True Power
That once again earth and Peace meet;
Let flow forth Thy Pure Golden Essence,
Thy Life feel our every heartbeat.

Fill all with Thy Love so transcendent
And raise us—Oh raise us—to Thee
Great Goddess of Peace from Thy Altar
Flood o'er us Thy Light—set us free!

Lo! It comes! a Great Blaze so Holy!
Real Thou art—Blest Goddess so bright!
At last Thine own Gift to earth's children
Shall be our Dominion and Might.

· SANAT KUMARA'S DISCOURSE ·
· DETROIT CLASS—May 8, 1938 ·

BELOVED students and children of earth; in bringing to you this vibratory action to-night, hold yourselves in obedience to the Great Law of your Life that the Mighty Victory may charge His Life, which is Victory, into your world.

The Radiation in this class has reached a very Great Height. May everyone be kind enough to accept It and call to his own "Mighty I AM Presence" to have it sustained, until the atomic structure is given time to adjust itself! Whatever sensation you have about your head or body, qualify it instantly with the Power of Light and Perfection, accept nothing else; for in the releasing of these Great Currents of Light and Energy by the Power of Our Mighty Rays, mankind may easily become Master of themselves and their world.

Today, there has begun the greater Mastery of the students! If everyone will give some conscious attention each day to this Victory, accepting the Power of his own "Mighty I AM Presence" as the full Power, Intelligence and Action of Divine Love, all will find themselves by the Ascension Day of the New York Class reaching a state of happiness and full Inner Consciousness of Dominion of which they have heretofore not experienced even a fragmentary part.

If mankind want and ask for proof, they will find it within themselves. Those who will give earnest attention and obedience to this slight request will find all the proof they want!

I have watched the ebb and tide of civilization after civilization in My Ministry to earth. At last

to find even this number of mankind so ready to give their attention to Life, to Light, to Love is greatly encouraging to Us. It will one day lift them free from all the earth and the encumbrances which mankind have imposed upon it; then will it find full release; for the Light of the earth must come through the heart of man. Mankind has hidden the Light of Life by disobedience and discord. They must awaken the Light or release It by adoration and attention to the "Mighty I AM Presence," the Source of all Life.

May each one feel this to-night with Its Infinite Power and action! May each one stand ever ready and obedient in everything that is required; calling with firm determination to the Presence of Life to direct, to protect and hold all within Its Radiance so powerfully that not one thing enters, but the Presence of Perfection. Everyone of you can do this! Some day, your Life will compel you to do it! Why not enter in now with the great Assistance which is being given, for such Help has never been known in the history of earth. Stand forth the Victory of your Light NOW!

For the information of many who have been inquiring in thought or otherwise, the Ascensions which will take place in the Cave of Symbols and Chananda's Home will occur at seven o'clock in the evening, Eastern Standard time. The Ascensions in the Royal Teton at the close of the Shrine Class will take place at nine o'clock in the evening, Pacific Coast time.

In all the attention given by mankind to Higher Ideals, never has there been the fulfilling of the Words of Jesus as now. His rejoicing is very great, to find humanity's attention has again been directed to the Mighty Words which He uttered,

and He finds great joy in giving this Assistance.

Will you, if your Love has been great for Jesus, feel yourself enfolded in His Luminous Presence, after you have called to your own "Mighty I AM"? Those, who have particular devotion to Him, will find great release in that respect, but I prompt you, beloved students, watch your feelings. Be prompted! Accept not one single thing, except Perfection in the things that you sense in and about your physical body and your head. As this Mighty Vibratory Action increases and intensifies, many may feel an unusual sensation about their heads and bodies; but accept It instantly as the Perfection of your Presence and let It do Its Perfect Work.

If you charge that feeling with fear you would be unfortunate, because It comes for your blessing. Accept It as such. Let your Presence govern all conditions and give you the Assistance that is required. You will find that this Active Presence and Power of Light means business! It is no longer waiting for mankind to give response; It has gone into action and the people will do well to give obedience and response to It!

Therefore, to-night through all that is being done in this room, may you go forth renewed Beings in the Light; your own Life. Could you see for one half hour the activity within the atmosphere of the room to-night, you would be transformed Beings, every one. One day, you shall see and know. Until that day, be patient and obedient to all that Life requires of you. Having so long forgotten the Source of your Life, then to remember It should be the greatest joy in the Universe; for in this re-establishing of the Divine Memory of man is the Glory of Its Freedom.

I offer Help to-night to everyone who has lacked Self-control either through health or through the governing of the feeling and its action in your feeling world. I offer you My Assistance! My Life! I came from Venus a long time ago to bless mankind and My Presence in the earth became known everywhere. The whole world knew It at that time. After a few aeons of time most of the people had forgotten My Presence. Yet, I continued on, and on, and on. Now My Ministry to the earth is being brought to a close. I too am offering My Life to you; to all humanity; for in My Life imparted to you, is the fulness of all "I AM" to-day.

It is not easy for the intellect to conceive such great Perfection, yet the feeling of every individual can and does accept It through the heart. The heart which is the Presence of all Life knows Its Own. Yet you to-day, through the attention of the intellect, until your Beloved Saint Germain brought This Understanding forth, were still believing the heart should be subjected to the intellect which only gathered its information from without. Still the heart is the direct interpreter of the Presence of Life. Therefore, when you act from your heart the fulness of all Life is brought into action naturally and perfectly; but when the intellect interrupts the action of the heart in Its Radiance, then you are in trouble.

Try to feel, try to let your Presence through your heart spread Its Mighty Radiance through your body; through your feeling world; into your outer world of activity; and let only the Glory of Life express to bring about Its Dominion. Then you will quickly understand and see the difference between the activity of your heart

and your intellect. The intellect is a magnificent servant, but your heart is the General and Commander and It commands always through the Power of Divine Love.

When you understand this and feel Its Inner Prompting through the feeling from the heart, you will respond to It. Then will quickly come, all that your heart desires.

Think of it! how long mankind have known and used the phrase—so very wonderful if understood—"As a man thinketh in his heart, so is he." It should be—"'As a man feeleth in his heart, so is he," for your thought is not sufficient. Your feeling is your Power. When you know that your feeling is the Power of Light acting through your heart for all constructive things, then you will understand that within you is Its Dominion right here in your physical body. Think of it!

You have felt the limitations and privations so greatly—having given so much attention to the human form. You have been fearful lest that form does not eat; lest it does not have shelter; when here in your own "Mighty I AM Presence" is the eternal sustaining Power of all Life. This Presence, Intelligence and Power produces the vegetables; produces Life in all the food substance that you take into your body. Then to think because you do not have this substance, you are deprived and that you hunger. Rather do you hunger for Light and Love and Freedom!

When I look into the hearts of mankind and see those whose pride would not let them express the Power of Divine Love thinking that it is unmanly or unwomanly—I do not mean by that physical caressing; but I mean the Out-pouring of Divine Love through the Light Rays—one to

another. The greatest mistake of mankind to-day is to think that they must have physical contact in order to express Love. The Greatest Love in the Universe is the Divine Love in Its Out-pouring through the Light Rays from your own heart, one to another; in which only Purity and Perfection reign.

Oh, that all mankind might understand this and feel the full Glory of Its protecting Presence; for the physical structure of mankind is charged with impurities. Is it any wonder that the mass of the people are led astray by physical contact in the desire to express Love? Not that it might not be the purest and most wonderful thing; but mankind, in the confusion of the discord and distortion of the outer world to-day, misconstrues and misinterprets even the purest motives.

Therefore, if individuals will pour out their Love to each other by the projection of Light Rays to the heart of one another, the feeling world will accept the Light. Then, people will feel the Out-pouring and great Purity of purpose, which that Light Ray carries because it carries no human concepts. It carries only Glory, Purity and Perfection. Then, all will feel and be blessed by Its Presence and Its Great Activity.

We stand to-night, beloved ones, in the Glory of the ages; in the presence of the two great opposites, the Light and the shadows. Knowing that no shadow exists without energy, then to withdraw energy from all shadows compels them to disappear from the experience of mankind.

Will everyone of you for every discordant thing you have ever sent forth, call your "Mighty I AM Presence" to reach Its Hands out and withdraw all energy, all Life, from every destructive

thought, feeling and activity you have sent forth? You are the authority in your world! Remember! you have the Power in your call to the Presence, to have It reach Its Hands forth and withdraw all energy you have wrongly qualified. Then in the Power of your Presence, recharge, requalify this energy and send it forth in your world, to produce Its Perfection there.

Beloved ones, you are no longer children who are helpless; children of human creation. You are awakening into the Light of your Creator, the 'Mighty I AM," whose Power is the Limitless Activity, the Governing Presence of the Universe as well as mankind. Charge It forth into your world and let Its Glory command every condition there into the Perfection of Life which It is. Then stand—the Master of your world in the fulness of Its Eternal Glory.

Because you have made mistakes is no reason why you should continue in them. Call on the Law of Forgiveness for all that have been yours and all mankind's included. Then feel the full Power, Mastery and Understanding that your call on the Law of Forgiveness brings to you. The charge of Light into your physical body will cleanse, purify it and set it free, even the atomic structure, until the full Force and Power of your Presence will lift the purified body into Itself. Then, you stand a smiling Presence upon the activities of the earth and all you have left behind.

Enter into the full Glory of the Great Octave of Light from which every heart came. Enter into the full Glory of the Great Group of Ascended Masters, from the Great Central Sun, as you have come to know It on earth; enter into your Divine Home, your Divine Inheritance.

Everyone is the Child of God, the "Mighty I AM," Whose Inheritance is all that Life contains; whose Blessing is all that Divine Love showers upon mankind. In adoration and attention to Life not only the Out-pouring of Love sets man free, but from the Treasure-house of the Presence comes the supply of everything that Life holds.

You think of the Treasure-house of the Presence as containing jewels and money. I say to you the Treasure-house contains every jewel of Perfection Life holds for you to release it into your world. Observe that Chart and behold the Glory which the Presence has gathered of the good which you have created through the use of Life; and know the day your attention has gained sufficient Power by being held to the Presence of Life, that good of yours will begin to release into your world. Then, you will find Life's Treasure-house has opened, carrying to you the treasures of Perfection gathered through the ages; holding it for you until the day of awakening when all individuals will stand in the Presence of all Life, Master of their worlds forever.

Call forth and accept this Power of Light! No longer allow the human with its frailties to hold its dominion over you; but charge forth hourly, if necessary, the Power of your Presence to take command of your feeling world; to hold it in obedience. Charge the points of Light in the cells of your body to expand their Light consciously, until that expansion dissolves all density and sets your body free in the Dominion of its own Light.

The Messengers have asked you repeatedly to never sleep at night, until you have called a

charge of the Mighty Energy from the Presence into and through your body and feeling world; sweeping out, sweeping out—FEEL this to-night as I draw My Hands over this form—feel those Currents sweep in, through and out at your feet! sweeping out every impurity and imperfection.

Great Powers of Light release now! sweep out! sweep out! sweep out of every human form all imperfection and impurity! Replace all imperfection by the Ascended Masters' Self-luminous Intelligent Substance that charges your body with Its Eternal Energy; with Its Mighty Purity and Perfection; with Its Limitless Energy; with Its Mighty Directing Intelligence; with Its Enfolding Presence and Power of Divine Love. This charge of Light will act within you automatically, until you find yourself becoming the harmonious expression of Divine Love and all the Glory It means in the outer manifestation.

Oh, could you see, beloved people of earth, the craving within the hearts of people for Love and kindness! The outerworld has become a seething vortex of discord, and because of that inharmony, many individuals do not receive Love even from those to whom they pour out Love. Then in discouragement, they think there is no such thing. Here in the Presence of your Life is the Out-pouring of Divine Love which would cause you to love divinely; which would cause everyone you contact to love you divinely. Its Intelligent Power of Divine Love, which is the only Real Power in the Universe, if called forth would act in and through you—all of you, your friends and associates.

The Harmony of Life, acting in the fulness of all your Presence contains, causes you to know

true happiness on earth. May you feel It now. May you call It to be sustained and ever-active within you until the fulness of your Life, your Love and the Mighty Wisdom which is from your Presence, by Its Directing Intelligence has taken Its Dominion in your mind, body and feeling world. Then It flows out into your world of action and brings Its Harmony, Peace, Rest and limitless Supply, always at hand. One day you shall reach forth your hand and receive that which Life holds for you in Its Mighty Gifts of Love. Then, mankind will sit at their tables and in adoration to the Presence find the abundance of all they require, just by asking from the heart.

Even now as you sit here and I am voicing these words, your Great Stream of Life with Its Glory flowing into your heart is the Majesty of Life! It is the Dominion of all that is expressed through the human form. If not re-qualified, It naturally would take Its Dominion of Perfect Health in the body and Perfect Command of the feeling world. Its harmonizing Activity goes out, and you find yourself moving in the Great Stream of Life—a Great Stream of Perfect Achievement and the Great Power which knows only happiness in Its action and expression among your fellowmen. Then, you enter into the Gifts of Life, the Joy, the Magnificence of all that is.

Carry this Feeling with you, beloved ones, in all Its Majesty and Power. Carry It with you and call Its Intelligent Powers into action. Thus, you will find the Beings of the Four Elements, because your Out-pouring of Divine Love is sufficient, gathering from the Four Elements into your use, the Perfection which those Elements hold for you.

Mankind stands at the door of eternal happiness

and Freedom. I invite you to enter in with Me! Enter into My Home in the Light, until you find your own! I invite you to-night! I invite every "I AM" Student in America and the world who is earnest and sincere, to come to Me in My Home, until each one has found his own and abides therein.

Did you ever have a friend who would invite you into that one's home; assure you of Perfect Eternal Harmony; and give you the Key to that Home, until you found and established your own? I offer you My Home! My Home where only Light and Happiness, Divine Love and Perfection reign; where all things bow to Me in obedience to that Victory of Life, which I AM"

I marvel that you do not yet feel the full import, the glorious import of the things you have at hand. Your song, "My Victory" what a tremendous thing. You sing and enjoy it; but in the future when you sing it, will you FEEL It is the Power of all Life speaking Its Command to you, and your physical structure is all of that? Then your song, the "Ascension." Those marvelous words of Life, which if you were to give full response in your feeling would transform you then and there, by the Power of the Harmony in which they are uttered. Remember, that melody came from the heart of Mu, where once reigned great great Perfection. As these great melodies come forth and you know who the Great Tenor is, how your being will thrill. When He choses to reveal Himself, then will flow forth His Harmony of the Spheres.

There are many to-day, even among the "I AM" Students who have called for many years to touch the Harmony of the Spheres. I say to you

to-night, enter in and receive their Mighty Glory. There is no longer a barrier between you and the Harmonies for which your heart has reached out; because your heart through its Power of Divine Love and acceptance is the direct current and connection which brings to you your desire. It is the Harmony of the Spheres which you have craved.

You have the Voice of your "Mighty I AM Presence" with Its clarion tones, its musical range and expression. Accept It and let It act! You have the Eyes of the All-seeing Power of God, which can know no imperfection. You have the All-hearing-Ears of God. Let this Power of your Presence, which is your sight and hearing, take command now and express Perfection through your human form. Then no condition, which you might have imposed upon the human form, can longer withstand this Vibratory Action. It compels obedience to all the nerves that bring back and establish Perfect Sight and Hearing.

Then, turn to the organs of your body. Command them to assert their Dominion and refuse acceptance into the body of that which over-rules them. The organs of your body are intelligent but because you have free will, they have been compelled to accept whatever you have imposed upon them. Call your Presence to regulate your appetites! Call your Presence to regulate and select the food that should be taken into your system, for no two are alike. Charge and call forth the Dominion of Light! Command every action of the body to be the Perfection of the "Mighty I AM Presence" for that is the Life which is acting within it and releases you from the imposing power of human suggestions.

Enter in now, beloved ones! into the Victory and Dominion over human qualities! Then, as you ascend in the ever-expanding intensifying vibratory action of your body, you will find Happiness and Freedom which is the result of obedience to Life now and forever sustained.

In the fulness of the Glory of your Mighty Presence of Life, I call forth the Blessings of Life upon you. I call forth the release of the accumulation of your good as quickly as possible. May you give sufficient obedience to allow It to come forth into your use quickly. Those whose human creation has been consumed can quickly find the release of the accumulated good of the centuries —if they will call for it! You have been subject to your discordant accumulation of the centuries. Let it be dissolved in the Power of the Violet Consuming Flame! Then, turning to your Presence, allow the accumulation of all good to enter your world, and be willing and sure you are giving obedience to that which you have asked to be done.

In the Power of Life, I bless you. Call for your Freedom and Perfection now and forever sustained; and in the Presence of all Life, I thank and bless you.

· SAINT GERMAIN'S DICTATION ·
· SHRINE CLASS—JULY 6, 1938 ·

N the great Victories of the Light that are being won, within a few hours the head of the communistic activity of the world will be executed. Seeing and knowing this was coming about, I watched for the power back of that activity; and sure enough, the black magician who had forced that man into that activity for more than twenty years in seeing his claw was to close its chapter, reached out for another, and that is his last reach. He will not trouble any more of mankind.

Now may I call your attention to how the head, the brain, of these destructive activities is simultaneously being no more. The war entity of the

world whose head was over New York, had largely to do with this communistic activity. Now the physical head and the invisible head are both removed from the earth forever. Do you not see, beloved ones, how the old time worn statement that "evil destroys itself" is really very true? Sometimes it seems a long time to wait; yet, the inevitable Law of Life is, that all destructive forces eventually destroy themselves.

I ask you to watch these unfortunate creatures who have tried to destroy the work of the Messengers and My Work. One of the worst ones in America is here in your city. Watch the reaction of their own destruction. It must return upon themselves—it is the Law of Life, so the Law will take its toll. Therefore, I trust, by Sunday I shall have still added joyful news for you.

Now, can you understand why We have drawn together this Mighty Class? It is no idle thing I assure you. It is a Power of achievement of the Light never known so far. Therefore, be patient beloved ones, to see the out-picturing of further activities—and some things in your own America that will I think amaze you.

Be of good cheer, and go on with all your earnestness in your Mighty Decrees. With all I might have said to you and the Messengers, you do not yet conceive of the fulness, the great Privilege, Blessing and Power which is yours in This Activity. Therefore, keep before you the Goal, beloved students of the Light, and remember the Mighty Cosmic Picture which was presented to the Messenger on his first visit to the Royal Teton. I tell you the way conditions look now, that Cosmic Picture may be fulfilled before seventy years.

Now, beloved ones, you have not heard Me ask one single favor have you? Not at any time. Tonight, I ask a favor of you, all of you! Won't you be kind enough with all the firmness of your being, to hold yourselves in as absolute harmony as possible for the next three months? We expect about the first of August certain things to take place for which We want to have all the forces harmonized for action.

I trust you! I depend on you, to give Me this one request; that We may do for you and for America, what I trust will be an Eternal Victory. You who are here from other parts of the nation, please carry this on your return and ask all to cooperate with it. I would be glad, if our beloved Harry will put this in his next letter. I also request this to be put in the next magazine; for it means much to you; it means much to America.

So if you will do this, great will be My Gratitude! How I shall endeavor in ways perhaps you could not imagine to repay you for that small effort. Remember, you are in the act of the Victory of the centuries! Rejoice that you can be a part of It!

I thank you with all My Heart.

"Mighty I AM Presence"! raise up Ascended Master Friends everywhere and bring forth Your limitless Out-pouring of money, supply, food, clothing, buildings, play-grounds and equipment for the "I AM" Schools and Dormitories and everything that is needed to produce Perfection for the children! Supply ten times more than we need for their upkeep and expanding activities in this Service of the Light.

· THE ASCENDED MASTERS' LAW! ·

THE appointed Messengers, Group Leaders, "I AM" Students, and everyone else in this Ascended Master Activity must understand and conduct themselves, and every detail of their service to this Light, according to the Highest Ideals and Principles of the Ascended Masters' Purity, Honesty, Honor, Integrity, Divine Justice, Cleanliness, Order, Humility, Gratitude and Kindliness at all times.

Our Standard is the Ascended Masters' Perfection and not one particle less than that is acceptable or permissible for those who are receiving the great Assistance, Love, Light and Blessings which the Ascended Masters have given us all so far in this Activity.

Our gratitude for all we have received should be proved now by each one being the Fulfilment of this Wonderful Law of the "I AM" in every detail of our lives as we move among the conditions of the outer world and of our fellow-man.

Then the rest of mankind will know that they too can become all that the "I AM" Students outpicture, and the Ascended Masters are.

Beloved "I AM" Students under the Ascended Master, Saint Germain, the eyes of the world are upon you! Do not allow yourselves to do that which will make your fellowman lose faith in the Highest Ideals of Life — This Ascended Master Law of the "Mighty I AM Presence"; for It is the Only Way in the Universe by which anyone can be sustained in his Constructive Activities, until his momentum of energy becomes great enough to give him his Eternal Victory of the Ascension.

There is not one thing in this Ascended Masters' Instruction of the "Mighty I AM Presence" which

any sane individual cannot accept; or which is not possible of fulfilment right here and now in this physical world. Everything the Ascended Masters do and teach is the operation of a perfectly Natural Law; and all is based on the action of energy and vibration which is each one's own life.

It is the only Source of Perfection, Freedom and Mastery that ever was or ever will be! It is as free as the air you breathe and will never bring you anything but happiness, if you will but obey Its Eternal Law and be one hundred percent loyal to your own Life.

In carrying forth this Mighty Help to mankind, we have never asked a human being for a dime! We have never asked for a student list from anyone and have not used the outer world's methods of advertising to gain the attention of anyone or draw students to us.

Our Radio Broadcasts are the gift of the Ascended Masters, the "I AM" Students and ourselves to our fellow-Americans that they may help to protect our Beloved Country, the United States of America.

Everyone on earth can prove this Ascended Masters' Instruction right and none can prove it wrong. Each individual must apply this Law and in so doing is his own proof of Its Eternal Truth.

MR. AND MRS. G. W. BALLARD

VERY IMPORTANT

T is vitally important and imperative that the "I AM" Students use the Decrees in the Decree Book and "The Voice of the 'I AM' "; as those Decrees are the Words of the Ascended Masters.

Their Decrees are the release of the Life, Energy, Thoughts, Feelings, Almighty Power and Full Victory of the Ascended Masters, right out here into conditions of the physical world.

That Release is far more important and powerful than any unascended being can at present comprehend; because the Ascended Master Words and the Consciousness which those Words convey, carry the full amount of energy required to produce Victory and Perfection wherever they are used.

An Ascended Master's Words carry the entire Life Pattern of the Ascended Master Who dictated them. Therefore, they contain full Ascended Master Victory and Perfection, which means the Feeling that is the Victory and Perfection you require.

No human being nor all on earth can ever affect or change that Energy in any way; because the Ascended Masters' Feeling is permanent Perfection. That is always Eternal Perfection, whether It be released in the Ascended Masters' Octave of Life or here in the physical world.

So "I AM" Students, do not make up your own Decrees and expect to have Perfection; because you will not get it. Only the Energy from the Ascended Masters' Octave contains the Complete Victory or Mastery of Life, through the Self-conscious attainment of the Ascension.

It is imperative for mankind to have the Radiation and Words of Perfection from the Ascended Masters' Octaves or else the people of earth will go on in their distress and limitation indefinitely.

This is the reason for Saint Germain and the other Ascended Masters bringing forth Their Mighty Understanding of the "I AM" charged with Their Radiation. Their Radiation is the Light, Life and Mastery which enables the people of earth to comprehend and apply this Mighty Law. That is the Power which enables the student to be sustained in his harmony until his Victory is complete. No one ever did or ever will attain It in any other way.

Do it instantly and harmoniously and keep us all supplied always with ten times more than we need in advance! What we have called forth for ourselves we decree for every human being on the earth who wants the Constructive way of Life, and we thank Thee it is done.

· "I AM" MUSIC ·

IT is the Ascended Masters' Request, especially Saint Germain's and the Great Tenor's that wherever there are "I AM" Choruses, the one in charge of the chorus understand very clearly: not to use any of your own outer world teaching methods in the singing.

What your former musical accomplishment or position was in the outer world is not important. What is required for the Ascended Masters' Work and which will bring forth the greatest Perfection is for each student, and the conductor of the chorus as well, to turn to his own "Mighty I AM Presence" and call It into action to sing through you and each one the full Perfection of the Ascended Masters.

The Great Tenor expects to render a tremendous Service to all the "I AM" Students and do something very wonderful with the voice of each one, when the Light reaches a certain intensity.

Any outer world training completely prevents His Assistance, because the singing teacher invariably in the feeling thinks he or she is doing or must do something to assist the "I AM" to let the tones through; when just the opposite is what is needed.

If the students and teacher will forget all methods of breathing and simply love their own "Mighty I AM Presence," they will so forget the body that the relaxation needed becomes automatic when one is feeling Love to his "Mighty I AM Presence" and sending that feeling forth on the words and tones he sings.

To simply Love the Presence and ask It to do all through you Perfectly enables the Ascended Masters to give the greatest possible Assistance; and it might interest you to know that any Ascended Master can with the wave of His Hand so relax the student and charge forth whatever quality is needed into anyone's voice that it will make him sing like the Angels or better than any human being has ever yet sung on earth.

Please give the Ascended Masters and the "Mighty I AM Presence" of each one the fullest opportunity to do what They have planned for the Perfection of the students.

The only possible assistance anyone in charge of a chorus can do is to keep all in perfect unison and watch for accuracy in notation and interpretation.

Please remember always, there is only One Perfect Musician in the whole Universe and that is your own "Mighty I AM Presence." Let It come through without the human telling someone else how. The "Mighty I AM Presence" is the how. Let It have Its own Way and see what Perfection will be the result.

The Ascended Masters have definitely and repeatedly asked ALL the "I AM" Students and singers to please sing ONLY the songs in the song book. Will you please do that so the musical pattern, through which the Ascended Masters are

pouring Their Energy, will be the same all over America and the world.

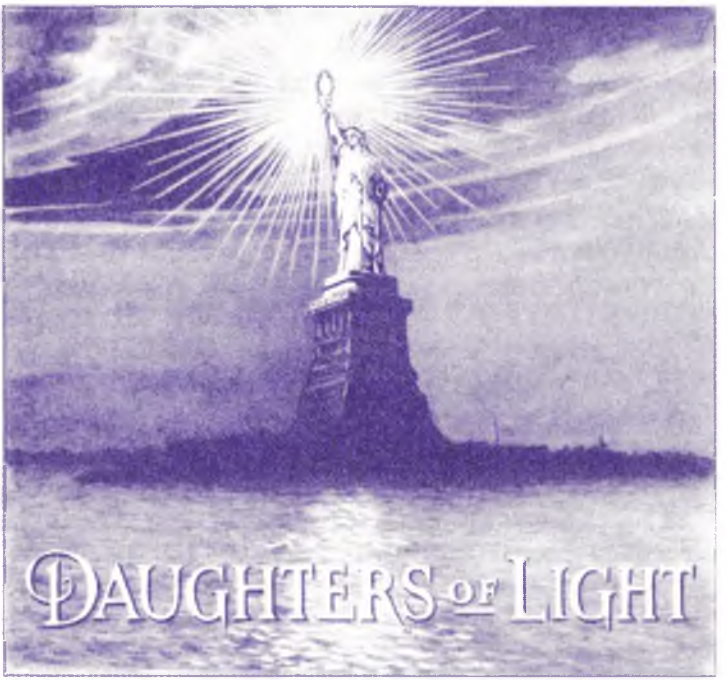
The musical part of this "I AM" Activity is not a try out ground for anyone's musical inspiration. It is a definite Stream of the Ascended Masters' Life Energy, wherein the melodies needed to do what They wish to do for mankind, have already been selected and are being released through our beloved Mr. G. W. Ballard and those close in the heart center of this Activity. They have been definitely attuned and prepared for this particular service.

If all will co-operate in this and give the Ascended Masters the full obedience They require, you will never have cause to regret it, of that be assured; and the greatest possible Perfection will be the result.

· DECREE ·

Every student should at night call the Presence to charge him with Its Eternal Peace, with Perfect Rest and Invincible Protection.

In the morning the first thing to do on awakening, say: "Mighty I AM Presence"! charge my mind and body with Your Mighty Directing Intelligence, with Your Invincible Protection! Pour forth Your Out-picturing of Divine Love and Harmony so powerfully through this body that everything touching its Radiance becomes like it. Prepare the way before me; harmonize all I contact and see that I do not send forth any feeling of inharmony this day. Take such command of my mind, body and feeling world that only Your Power and Intelligence act every moment.



PLACE yourselves on a Cross of Blue Flame of the Ascended Masters' Divine Love. Stand in front of your Chart and say to the Presence:

"Take the last fragment of everything human out of me and place it on the Cross of Blue Flame and hold it there inactive until it is consumed, its cause, effect, record and memory annihilated forever."

Call the "Mighty I AM Presence" to enfold your entire physical body within the Higher Mental Body; and never again let you act in any way except from within your Higher Mental

Body. Then, feel yourself always moving within It.

Call directly to the Archangel Michael to strike His Sword of Blue Flame into the very heart center of every bit of discord that dares to touch our young people, cut to pieces forever everything about them which is not the Purity and Perfection of the Ascended Masters and in one Mighty Sweep annihilate its cause, effect, record and memory forever.

See the Sword of Blue Flame strike into the center of every destructive condition and with a mighty suction draw it up into the Sword of Blue Flame instantly consumed. Then see the Unfed Flame occupy that place and release Its full Perfection forever.

Beloved Daughters of Light: try to out-picture all that is beautiful, sweet, refined, pure, true and becoming in everything you do all the time; especially in the selecting of the fashions in your clothing. It is far more important to be charming, beautiful, true, honest and honorable, than it is fashionable.

Do not, the Ascended Masters plead with you, use those styles which are just queer and taken from the savages and depraved people from any part of the world. Whatever carries the consciousness and form from those depraved channels of human existence builds those conditions into your mind, feelings, body and world.

Therefore, it is Self-evident that they do not contain Ascended Master Perfection which is our Law always. Obey It and have Its Limitless Happiness and Perfection.

The hour has come to see the shining face of your "Mighty I AM Presence"! Its slender Hands point you every minute to Victory and every second is now filled with Mighty Ascended Master Miracles of Perfection forever!

MIGHTY Minute Men of Saint Germain! go forward with all the Power of Light and determination at your command. Give these Mighty Decrees which the Ascended Masters have given to be used for the correction of unjust conditions in the business world and for the protection of America.

Little do you dream how much has already been accomplished at the Inner Levels by those Mighty Decrees of the "I AM" Students. Hourly will you see the out-picturing of their fulfilment in one thing after another, until the full force of the gathered momentum needed to bring instantaneous action floods forth and sweeps everywhere, to release Its Mighty Victorious Power in our Beloved Country.

Use all the determination in your being to call forth such dynamic Power of Light that It annihilates every unjust condition in America and wipes out forever all that attempts to create discord or destruction within our borders.

The destructive individuals and forces within our land are well aware that their plans have failed; and that the fear domination which they once sought to throw over our people is broken.

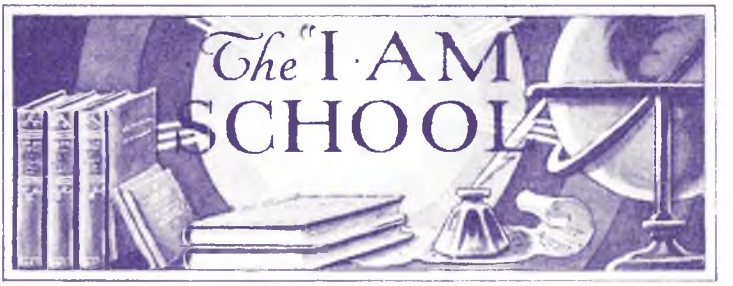
Their money power is gone! Their fear power is gone! The Power of the Light of the Universe, through the release of the Great Cosmic Light and the Power in the "I AM" Decrees is charging into the minds and feelings of our people the Ascended Master Courage, Strength and Power needed to shatter their grip on outer world conditions.

Therefore, release those Decrees with a Mighty Determination that knows no opposite; and let the Ascended Masters show you what they will do for you, your loved ones, our own Beloved United States of America and her people.

Stand! Yield not an inch to discord of any kind and your Blazing Light and Power shall change conditions everywhere into the Ascended Master Miracles, Victories of Perfection until all are free.

· DECREE ·

"Mighty I AM Presence" charge my entire mind, body and feeling world with the Ascended Masters' Feeling every instant and make it impossible for any other feeling to ever act but Their Almighty Perfection, eternally Self-sustained.



CONGRATULATIONS! blessed ones of the "I AM" School, with all our Love and Power of Light, upon the presentation of the closing scenes of "The Magic Presence" and the rest of the school program, given at the Shrine Auditorium the Monday following the close of the Shrine Class. The Radiation was tremendous and an Eternal Blessing of Light to everyone there and in this city.

Now you can render yourselves, your fellow-Students, your instructors and all in your families, a tremendous service by every day qualifying all you and they do, which heretofore has been called work, with the Ascended Masters Joy and Great Privilege of releasing your Life energy in harmonious activity, by which you are gaining your own Ascension.

If you qualify everything you do as Ascended Master Joy, Victory and Ascension, soon your Power of Light will become so great nothing else can longer exist in you and your world, and you are free forever!

"I AM" Study Group Leaders, please make it plain to all new people that after receiving the fundamentals in the Beginners' Group, through the activity of Its Outline, they are free to enter any of the other Study Groups, except the 100% Ones.

All students should have it made clear to them how necessary it is to read and study the books of the Saint Germain Series and "The Voice of the 'I AM'."

However, while they are reading and studying the books and magazines, still they can assist in the Group Activities for protecting America and correcting destructive conditions within our land, both locally and otherwise by following the Study Group Outline and giving their Decrees.

This enables each activity to keep expanding in its own natural safe way and all will receive the greatest help.

Group Leaders and all in our Study Groups, it is the Ascended Masters' direct Request and Instruction that all under this Radiation keep the physical body and clothing clean and free from body odors; and all should be careful about keeping the breath clean and sweet.

These might seem like personal things and rules for the individual to follow; but it is absolutely essential for the body to be clean inside and out,

if the mind is to do its best work and give the greatest opportunity to the "I AM Presence" and the Ascended Masters to bring forth the Perfection all desire.

Perfection is Perfection and through a soiled garment the Light and Purity of the Ascended Masters or the "Mighty I AM Presence" does not shine.

· DECREES ·

"Mighty I AM Presence" I call unto my Higher Mental Body and ask You to charge Your Golden Liquid Light into every joint in my body; and if there be an accumulation of substance which does not belong there, I ask you to dissolve that substance with the Liquid Golden Light and hold Thy Perfect Healing, by the harmonious power of Thy Light Substance in everyone of my joints.

"Mighty I AM Presence" reach out Your Hands and withdraw all the energy I have sent out this day that was not qualified with Ascended Master Light, Love and Perfection. Pass it through the Violet Consuming Flame, recharge it with the Ascended Masters' Light and Perfection and hold it to serve me tomorrow in the accomplishment of every constructive desire in my heart, and expand my accomplishment for the blessing of my fellow-man.

YOUNG AMERICA

BELOVED Young People of America, the Ascended Masters ask everyone of you to realize that the conventions of the outer world to-day must be obeyed and exist for a very good reason.

They were originally established to be a check on the unbridled play of the emotions. All uncontrolled feeling is an extreme danger to the individual; and the conditions, that result from lack of obedience of the feelings to the Law of Balance and Self-control, which means control by the God-Self or "Mighty I AM Presence," are always tragic in the extreme to all concerned. Mankind's every discord and limitation in the world to-day is due to uncontrolled feeling.

Therefore, the Ascended Masters and we ask ALL under this Radiation to stop all practices of what the world calls necking, kissing and hugging those of the opposite sex who are not your own relatives.

All such liberties lead to discord, suffering and tragedy sooner or later; and such things can and should be avoided by all under this Radiation.

This Ascended Master Activity stands for all that is Pure, Perfect, Dignified, Beautiful, Balanced, Refined, Cultured and Divine. Therefore, you stand before the whole world as the examples and fulfilment of Its Perfection.

Be the Ascended Masters' Perfection in every sense of the word, so that the rest of mankind may have a magnet of Purity and Perfection to help draw them up out of their mistaken concepts of Life and Its Activity. The Ascended Masters and we request this for your Eternal Happiness and Perfection and that of all mankind.

· WARNING ·

HE Ascended Masters and we have in this magazine stated before and do now again notify the public that we at no time ever have or ever shall give anyone permission to go among the students selling stock of any kind; nor to promote business ventures for any money making scheme whatsoever.

There are no money nor political schemes in nor back of this Ascended Master Educational Activity—never have been and never shall be! This Instruction of the "Mighty I AM Presence" is the True Law of Life and the Spiritual Illumination and Culture of the people.

It is brought forth in the interest of the Public Good, for the protection of America and her people. Every dollar that comes in goes back into the expansion of the Activity to bring more Light, Freedom and Perfection to more people until all mankind is free.

The Ascended Masters said in the beginning: "This Mighty Ascended Master Instruction and Light goes forward in spite of any human being or all on earth; until all mankind are free."

The Ascended Masters never start anything They cannot finish; and They wield great enough

Power of Light to fulfil Their own Decrees. They never use a destructive force and neither do we; but They and we do know how to send back to its creator every vicious destructive thought, feeling and spoken word sent against those who want the Constructive Way of Life.

We shall use that Knowledge to protect America, those who want the Light and ourselves.

· ANOTHER THING ·

Do not believe the claims of vicious individuals and impostors who claim the precipitation of babies or children. The Ascended Masters do not teach such deception and such reports are deliberate falsehoods. Everything the Ascended Masters teach or ever have taught is the result of a perfectly natural Self-evident God Law; which everyone can apply when it is explained.

The Ascended Masters never do anything fanatical, emotional, hypnotic nor unbalanced in any way; for everything they teach and do is sound, sane, good, true, balanced, satisfactory and fine in every way, and Perfection is always the fulfilment and result of the Law They give and apply.

· DECREE ·

"Mighty I AM Presence" blaze down Your Mighty Light Rays into this condition and by the Power of the Mighty Words "I AM", I command it to be turned into a gigantic Ascended Master Miracle of Perfection.

· RADIO ·

It is Saint Germain's and our request that the students do not make arrangements with any of the Radio Stations direct, but write us care of the Saint Germain Press.

All business arrangements must be kept uniform, honorable and paid for in advance all over the country in this Ascended Master Activity.

From the very start the Ascended Master, Saint Germain, has insisted that we make whatever application was needed to bring forth the money and conditions, which would enable all to give and get the best possible service and co-operation in the business world. This enables everyone's feeling to be in the most harmonious powerful state, for the Ascended Masters to use and it is imperative that all do that.

The Honor of the Ascended Masters, this Activity, yourselves and ourselves is at stake; and the only right way is that which Saint Germain has brought about and with which He asks all to cooperate.

Our Radio Broadcasts are not to fill up your groups nor to advertise this Ascended Master Instruction. They are the Gift of the "I AM" Students and ourselves to the people of America that they may rise out of their fear and use the Power of Light by their own individual call to the "Mighty I AM Presence" for the protection of our land, our people and the Constructive Way of Life for all mankind.

Saint Germain, the Other Ascended Masters and we have brought this Light to the "I AM" Students for their Protection, Supply, Healing and Freedom. They have been and are getting it. The Students must now, in order to have the

fulness of their own Victory, extend the same Ascended Master Help to their fellow-Americans and all within our land who want the Constructive Way of Life.

We must all give first and the return will automatically flow back. We must all at this time do everything in our power to protect our country and help others to give the Decrees which will protect them and America too.

We have been and shall continue to give our all, until all are free and Victorious in the Light forever.

· ASCENDED MASTER LIGHT ·

by The Great Cosmic Beings

It is our very great privilege and joy to announce the release of ASCENDED MASTER LIGHT, Volume VII of the Saint Germain Series.

It contains twenty-six Discourses all dictated by the Great Cosmic Beings, with the exception of one.

This book is tremendously charged with the Power of the Cosmic Light, by the Great Cosmic Masters whose Words it contains. Every Discourse carries its own special Radiation and Power of the Cosmic Light; and each Word is a "Cup" of the Life-energy, Light, Intelligence and Power of the Master who dictated it.

The purpose of such powerful Cosmic Radiation is to release the Qualities of the Cosmic Beings, into the feeling world and affairs of all who read this blessed book; to give protection, supply, harmony, health and Freedom to all who will accept them.

May every human being on earth read this book, accept Its Limitless Blessings and go forth free from all discord and limitation forever.

· NEW SONGS ·

· *Victory* and *The Minute Men of Saint Germain* ·

It is our very great privilege and joy to announce the release this month of two new songs—VICTORY and THE MINUTE MEN OF SAINT GERMAIN.

The likeness on the cover design of Victory is that of the Ascended Master Victory, Who is mentioned in Unveiled Mysteries as the Tall Master from Venus; the music being charged with His FEELING of VICTORY.

The likeness on the cover design of The Minute Men of Saint Germain is that of our Beloved Ascended Master, Saint Germain, in Golden Armor as He works with the Sword of Blue Flame at the Inner Levels. The likeness of Him is very remarkably accurate.

These songs come forth to carry tremendous Blessings to all. They are charged with the Power of Victory and Light to bring the Victory of the Light everywhere they are heard, sung or played, or the pictures contemplated.

They shall charge the "I AM" Students, America, mankind and the whole world with the Ascended Masters' Almighty Power of Light, until the Eternal Victory of Life takes Its Dominion forever.

The music came through our beloved Virginia LaFerrera and the lyrics through our beloved Catherine Rogers. We love, bless and thank these precious ones forever for all they have done; and our beloved Vinton LaFerrera for his assistance in the arrangement of the music.

· MUSIC OF THE SPHERES ·

T is our very great privilege and joy to announce the release of three new pieces of music, which have come forth to carry tremendous blessing. They are charged with the Ascended Masters' Power of healing, illumination, protection and harmony to the "I AM" Students, America, mankind and the whole world. Their power to bless shall never cease, but instead shall ever increase.

The first song is LIGHT OF MY HEART, the music and lyrics of which both came through the Beloved Messenger, Mr. G. W. Ballard, who uses the pen name of Godfré Ray King. The likeness of the figure on the cover is that of his Higher Mental Body and the Light from Its Heart is charged into the music, lyrics and picture to go forth and release Its Perfection to all who hear, sing, play or contemplate it.

The second song LOTUS MY LOVE also came through Godfré Ray King and the likeness of the figure on the cover is that of the Higher Mental Body of Lotus Ray King. The Outpouring from Its Heart charges the music, lyrics and picture to go forth to release Its Perfection to all who contact it.

The third song is THE ASCENDED MASTER YOUTH OF AMERICA, the music and lyrics of which came through Virginia LaFerrera; and which is dedicated to the Ascended Master Youth of America and the world. It is especially charged by the Ascended Masters with protection, blessings and the Power of the Light to bless all young people forever.

The musical arrangements have been made by Vinton and Virginia LaFerrera and the illustrations on the covers have all been done by Mae DaCamara.

Victrola Records have been made by Catherine Rogers and Virginia LaFerrera.

We wish to extend our love, blessings and gratitude to these blessed ones for their glorious assistance in helping them to be released for the use and blessing of the students. May the whole world sing these songs, be set free from all distress and stand eternally Victorious in the Light.

"I AM" LIFE!

IFE! Life! in Its ceaseless Out-pouring,
Like torrents that rush to the sea,
Is sweeping us all in Its Splendor
To Heights that forever are free.

The Power so great in Its Blessing,
That Life ever gives unto all,
Is coming from out the Great Silence
To answer you NOW, as you call.

It stands just above in full Glory,
Your own "I AM Presence" Supreme
Your Life! in Its Blazing Perfection
Is All Life—All Light's Mighty Stream.

Flow! Flow! then without interruption;
Expand Thy Great Self and Thy Love!
Life! Life! in Thy Vict'ry transcendent
Raise us now to Thy Realms above.

Enfold all the earth and its children,
In Thy Mantle of Peace wrap the world;
"I AM" is our passport to Freedom
Its Banners of Love are unfurled.

On! On! doest Thou flow, all Thy Action
So Perfect—Thy Beauty so bright!
Oh, sweep o'er the earth Thy Great Flame Breath!
Blaze forth Thy full Power and Light!

LIGHT'S MIGHTY VICTORY

· BELOVED VICTORY'S DISCOURSE ·

· SHRINE CLASS—JULY 17, 1938 ·

MR. BALLARD:

Beloved friends of America and fellow students, the Beloved Victory will speak His Words to you, as He flashes them before me in Letters of Light.

· VICTORY ·

TO-NIGHT, may all the world understand that the Power of Light mankind have used throughout many centuries, is the Source of your Being, the "Mighty I AM," whom all mankind one day shall know. People have been using this Power without discrimination—without Divine Intelligence, unless they express Perfection.

As I am speaking these Words to you to-night, understand that their Charge goes into your feeling world to hold itself sustained there until the Light within your heart awakens the consciousness and the intellect to comprehend those Mighty Vibrations from the "I AM Presence" of Life. This Light from your Presence will bring you into the great comprehension of what your Life means to you; for you have not thus far comprehended It.

You must understand, beloved friends of America and fellow-students, the difference between intellectuality and Intelligence. Intellectuality is what you gather from the world without, from the appearance world—merely human opinions. Intelligence comes from your own God Presence, the "Mighty I AM." Unless you are able to distinguish between these two, you will never have the Perfection which Life intends you to have.

Your intellect has power to draw conclusions without taking into consideration the Cause of Life, the causes that are acting within Life. Therefore, the intellect just from outer information cannot have correct conclusions; but Intelligence flowing from your own "Mighty I AM Presence" never makes a mistake. Neither will you, when you allow It to flow forth unhampered, unclothed, untouched by human qualification and power which rests within your discordant feeling.

Beloved friends of America, this Mighty Opportunity stands before you to-day. The Beloved Saint Germain, the Ascended Master, Saint Germain, Who has for more than two hundred years worked for your America, wholly unknown to the mass of humanity, shall now take His place before mankind and sustain it forever. He is the only Great Being who has seen fit to release His Mighty Power and Energy throughout these centuries. Through His Attempts in Europe, mankind failed to respond—failed to give action to His slightest Requirements. One whom He found to be responsive in the early life, later was seized upon and became the follower of the shadows until his physical form gave way, then he was released.

Therefore, beloved people, you are dealing with the Mightiest Law in the Universe, your own Life. There is nothing in the world that touches the Power which is within your own Life Stream, the Life which is beating your heart. Once you understand that and give your attention to the Presence of Life above you, the "Mighty I AM," you will find that you can call forth Its Power without limit; Its Intelligence; Its Energy; Its

Health; Its Strength; Its Action; Its Achievement. There is no permanent Power of Achievement outside of the Mighty Intelligence acting through your Life Stream, in and through your human form.

Mankind has thought the intellect was the power by which things were done; but it has no power of its own. When so-called death ensues what has become of the intellect? Mankind cannot refute these Great Laws and these Statements of Life. When a lifeless body lays before you, what became of that Life? What became of the action, the intelligence that was acting there, the power of influence? It was the Power of Light acting through that form, before the Life withdrew.

The Chart which the Messengers have, shows clearly and powerfully the reason for these Great Laws; why they are true; and what becomes of mankind's Life when so-called death takes command of the physical form.

I say to you, beloved friends of America, awaken and understand the Power of your own Life! You can if you want to! There is nothing to hold you from it except human concepts and vicious opinions of conceited individuals who had better awaken to their own Reality or pay the penalty for every destructive thought and feeling they send forth.

Unfortunately, people refuse to understand the simplest of the Laws of Life; that what they sow they reap! When the individual sends out destructive feeling, it does not matter from what cause, he is charging and filling his world with destruction which will one day destroy his physical body. I tell you, friends of America, in no uncertain terms to-night, that the individual these days

who insists on pouring forth destructive feeling will find himself very quickly losing his physical body; because of the Great Power of the Cosmic Light that is now releasing, intensifying the power of the energy to act within the bodies of mankind. Then, too late, will they see the arrogance and ignorance of the intellect.

The intellect is a wondrous servant when obedient to the heart; but taking its accumulation from the appearance world as the Authority of Life, is far from the Truth. Accepting the intellect's information as the Authority of Life is what has shut away from humanity all these many centuries, the Presence and Power of Light. No longer will the intellect be able to shut away from the individual the Power of Light and Its Understanding which is within every human heart.

Beloved ones, awaken Oh friends of America! Accept these Great Laws to give the assistance and protection to America that is so needed today if you want to have your homes, your freedom, Life in the world, and the gathering of peace which the Great Law of your Life has so decreed for America. It still requires your assistance through your mighty call.

Therefore, I say to you and those who have been fortunate enough to enter into this Great Stream of Life: Oh, how magnificent! How wonderful it is! Yet mankind have wandered about in the maze of human opinions. Beloved students, do not do that any more. Enter into the understanding of your own great Life! Read those books which give the full power of this Explanation. Oh my dear ones, if you have read them fifty

times, still may you read them fifty times more and yet they will be marvelous each time. You cannot comprehend with the intellect what is there, unless you have entered into the Power of the Quality that is there.

Let Me inform you to-night, that those Blessed Books have come forth step by step in their Power of Radiation. Unveiled Mysteries came first, calling mankind's attention to the conditions which have been and are to-day giving much Light. Next, came The Magic Presence, giving the full Power of the Great Achievement of the children; the Presence of the Mighty Divine Director and His powerful Activity to the earth.

Then came those Mighty "I AM" Discourses. Never was there such a thing written on earth! There will not be anything as important in perhaps the next hundred or two hundred years; for that Instruction is the Law of Life! your own Presence of Life! A Complete Explanation of Life is there for all who will set aside human intellectual opinions and study it with the desire to know and not to find some discrepancy.

I say to everyone who wants to study and know: that the Power of Vibratory Action in those books will reveal to you the clear and definite understanding of Life, your Life which you are using every moment.

Next beloved ones, came the Ascended Master Discourses. The Power in those words, which are the Ascended Masters' Cups and Qualities, is a Power unknown in the history of the earth. If you think this good Messenger was responsible for those Dictations, you are most unfortunate indeed. Those Glorious Dictations are by the

Ascended Masters whose Names are given; and therefore carry the Ascended Masters' Qualities into your world. Many of you who have been earnest and sincere have found and known them to be true.

Now comes the Ascended Master Light, carrying such tremendous Power from the Great Cosmic Beings. I want to say for your pleasure that the only one there who is not a Cosmic Being, David Lloyd, might well be considered one in His great enthusiasm; His great Love for the Messengers; and His tremendous Power released through His recent Ascension to assist you.

I shall call to your attention to-night some very vital things which have never been referred to before in this Class Work. You have seen mankind's mistakes and imposition of discord upon nature—more, however, in the past than the present. What do you suppose has made the deserts of to-day? Why are they barren? Because of the discord of humanity registered upon the earth centuries ago. In the coming activity, Nature is to be relieved from such conditions and there will be no such thing as a desert known within the borders of America after the change. Even your Death Valley will rise and become a garden spot.

Therefore, I say to you, beloved ones, in all that has been said to you, try to comprehend it clearly. Contemplate this Mighty Law of Life harmoniously, happily, and with no desire to try to prove anything wrong. Try to prove and see the Truth within this Mighty Work. The intellect has concepts of its own, and you can make yourself believe a falsehood just as quickly as the

Truth. That is what mankind have been doing.

To-night, with your kindly permission, I shall endeavor to cut away from you every doubt that has ever beset you. (applause) I have known nothing in My World but the Glory of Victories for hundreds of thousands of centuries. Therefore, I know what to do and how to do it to give you Assistance with your permission which must come through the Light within your own hearts. Not only must your outer willingness and intellect give permission; but it must also come from the Light within you. That is what we deal with —that will never fail Us.

Therefore, remember, you have Mighty Friends, beloved people! Do you quite realize that? Do you quite realize in your acceptance of the Ascended Masters and the Cosmic Beings, that you have friends of Mighty Power? (applause) Oh, fully realize this and know: that in your call to your "Mighty I AM Presence," it is the signal for all those Mighty Friends to watch, to stand guard with the Power of Their Mighty Light Rays, to give you instantaneous Assistance in any emergency.

Do not fear the conditions which exist in the outer world. Do not fear that something can harm you! In one Mighty call with the Sword of Blue Flame in your hands, you can dismiss anything from you, your world and its action. I say: You are not dealing with idle opinions. You are dealing with a Mighty Light! By that Power of Light which is within you, I shall charge into your feeling world this night the Power that no longer accepts doubt or discord of any kind. (applause)

You have gone far enough in the understanding of the Laws of your Life! You shall now brace up, straighten your spine; take the Scepter in your hand; and be the Master of yourself and your world. (applause) Conserve your energy in every way and I will show you in six months what you will do! (applause) I have not consented to return here without a very definite reason.

I say to you, beloved students, do not any longer let yourselves waver by human influence or opinions. Stand your ground with your "Mighty I AM Presence," and when you call It into action know that It cannot fail. Be firm and unyielding! What if it took you a few months or a few years to gain the Victory over yourself and the conditions of your world? What of it? You have for centuries and centuries, hundreds of centuries drawn yourselves into the present limitations. Then, if you can be free so quickly, is it not worth every effort in the world or every requirement of obedience to Life to have your Freedom and now? (applause)

I say to you as I did the beloved friends in the east: some day I shall take you with Me into My Garden—(applause) the Garden of Life with such Beauty and Perfection, such Power as the outer world will never conceive. You having the greatest Presence of Life beating your heart, then will you not give sufficient obedience to let Us assist you through your calls, to quickly set yourself free from all conditions that limit you? We want to do it, but We cannot do it for you! When you will make your sincere call and be loyal to your Life, your Light, your Presence; then We can do for you without limit; but the moment

there is doubt and wavering in you, We must recede.

I call your attention to these beloved Messengers, the most precious Beings on the face of this earth to-day. Look how they struggled for years just like the rest of mankind; and look to-day! When Saint Germain took this beloved Messenger, instructed him and sent him back to the world to carry this Marvelous Instruction to mankind, see how quickly everything changed in their lives. Not because they waited for Him, but because they were obedient and applied the Law with dynamic Power and energy. They are free Beings to-day and could leave you at any moment; but their great Love will not let that be done at present. (applause)

I want you to take notice, beloved ones of the conditions in this class. Thanks to you beloved students of Los Angeles and vicinity you were determined that no longer should such conditions exist as in the previous classes in the Shrine. (applause) You have all observed the vast difference to-day. (applause)

Read, Oh read, beloved ones, all that is before you. Do not look upon these precious Messengers with doubts or questionings, when you have seen the marvelous manifestations every time they return to your midst. How can anybody doubt their Divine Love and Power to release these Mighty Light Rays to change conditions? You do not yet know who is in your midst; you might be greatly amazed one day when We tell you. Dear ones, I ask you with all the firmness of your Being to take command of yourselves. What can the human senses give you in comparison to the

Great Power of Light? (applause) The human senses have brought you nothing but limitation and distress! Why cling to them longer, when your attention has been called to this Great Presence of Life! It will release Its Infinite Power to perfect any action in your world. I say to you, linger no longer in the human senses.

Be reminded! You are dealing with the Mighty Power of Life. I say to you to-night: "Give the same obedience required, as did the Messengers; hold continuous harmony in your feelings; make your earnest sincere call to your Presence, the 'Mighty I AM'; and then see what We can assist you to do in the next six months."

There is not one of you who cannot have the same eternal Blessing; but you cannot do it, if you think you can hide behind human shadows. Everything in your motive, everything in your intent, is known—and very clearly! You cannot deceive anyone. Oh, no one but yourself. Therefore, I say to you, take firm command of yourself and your feelings and hold all in obedience. So little is really required to allow the Great Stream of Power and Energy to flow in and through your body, to perform this wondrous service for you.

Beloved ones, it is each one of you whom We want to be free. Remember you are serving the Light for your own Freedom; and how fortunate those blessed ones are who have been drawn into the Heart Center of the Messengers—their Staff. One day, they will know what it has meant. You, whose Love is so great for them, remember you too have entered My Garden with them. (applause)

The blessed ones who do not wish to give obe-

dience to the request of the Messengers, which is Our Request, will find themselves unhappy indeed. Do you not understand—I am sure you do, most of you—that the Messengers from the human self never make a request in the world? While sometimes they seem very firm, it must be so! but there is no unkindness, no desire to infringe upon anyone's free will. It is a great pleading and firmness for obedience in mankind so all may have the happiness which they experience.

So I say to you to-night, be so happy. Never in a group of mankind was there such Power released with such volume as to-day in this room. We rejoice exceedingly, perhaps even more than yourselves, when We see this release coming forth. We know as long as that is maintained your Freedom is assured. (applause)

Those, who in their feelings criticize the Messengers, are criticizing Us and are shutting the door to their Freedom. Oh, it is not because of the Messengers; but because they represent the Light. They are living It! Therefore, make no mistake about it.

Remember, beloved ones, every effort, every means has been used throughout the centuries to try to awaken mankind. All teaching which has come forth has been but partial instruction. The old occult methods and all the various things which have been studied have not produced the results for mankind. Therefore, when you have this Great Understanding before you, which will give you the release, why not accept it? Why not apply It that you may so soon prove It to yourself? There is no question about It. There is no reason why mankind should not apply It. There-

fore, if you wish to be free, apply It as though your very Life depended upon It. Then you will release enough energy to accomplish the purpose to which your attention is given. Without your release of your Life Energy you cannot accomplish anything.

You have understanding enough of the Law to give the necessary obedience. Those, who now come into this Understanding, will have already charged within their feeling world your Mighty Decrees to the Light. So you are giving Assistance to mankind more than you can possibly imagine.

I say, beloved ones: "Go on, and on, and on, in your Mighty Decrees, in that joyous happy service to Life, to Light, to Love. Hold yourself cleansed and purified, free from every destructive feeling; and see how quick all your Life Activity will change." You cannot conceive its full possibility yet, but some of you have realized it to some degree.

No great accomplishment ever has taken place on your earth without the Light Rays from the Ascended Masters assisting that individual or group. Many times in accumulating wealth within a certain channel, it was done with a definite purpose through which certain achievements were accomplished in the world of industry or mechanics. To-day, the Great Light is going to govern these conditions. Mankind has had doubt and fear of loss, which they could not have had, if they but understood this Law. Now mankind will know the blessings and Perfection which is already in their midst, but not yet used.

In your call for the great release of Perfection and the Right Activities of Life, give your obe-

dience to Life and see what a great change will come. Look at the great change which has taken place in three and a half years; and see what the remainder of ten years will be, in the improvement of your mechanical world. You have seen in forty years the most amazing achievement. If it can do so much in mechanics, then by the Power of Light and the release of this Power from the Great Host of Light, do you not see that the step-up is a thousand times greater than it could be in mechanics?

Your transportation and all such improvements have made an amazing record, enabling you to reach each other quickly. Beloved ones, try to fully realize that all things with your "Mighty I AM Presence" are possible.

The adjustment of all conditions is certain; and the release of the limitless Intelligence which mankind needs to-day, to cope with the conditions that exist, will come forth. In the great Serenity of Life, humanity will see and feel their Dominion through the Power of Life and Light.

Therefore, beloved ones, remember that everything depends upon your obedience. I say to the young people: "If you believe that you can waste your energy and attain anything, then too late you will remember these Words. You are a target for the remaining sinister force of human creation and accumulation! Do not be deceived and do not respond to the sense impulse!"

There are those young people in embodiment now, who could be the outstanding minds of the world inside of five years—in art, music and all such activities; but as long as they secretly harbor feelings and waste their energy, they will never

attain those heights of accomplishment. So it is with everyone of mankind. You are not dealing with opinions, make no mistake about it! You are having promptings untold; and with a Power of Love unknown in the history of the earth. It is poured out for the sustaining of your Victory.

Therefore, if you cannot accept Us and the Perfection We offer, then We must say adieu. Then some day, when you find it is a mistake, it will probably have been too late. If mankind are stubborn in the intellect and determined to do just what they please, after Infinite Assistance has been offered and given, they will fail and be in the gutter of existence. There is no excuse for the lack of human obedience and Self-control in the understanding of this Great Law—this Great Presence. So I say to you, take command of yourselves to-night and forever and let the Great Power of Light flow out and through you to bring your fondest heart's desire.

In years to come, when in your Greater Freedom you will meet Me in Our Higher Octaves, or possibly at the Royal Teton, you will thank Me. (applause)

I extend to you the Infinite Power of Love, of Light, of Strength, of Courage from the Great Host of Light to assist you. Try to feel how Real it is and how those Great Light Rays projected for your blessing and benefit, are just as Real as this (pointing to microphone)—a finer substance, true; but none the less Real and tangible, and They are limitless while this is not. They have Invisible Substance, and with your proper attention and obedience to Life, they become an All-powerful Substance acting in your world, to hold

the Dominion you gain by every single effort. Everything is in your obedience. Everything in your Self-control, in obedience to Life, which you call forth, is your Dominion.

With My Love, My Light, My Victory I enfold you, until the day of your complete Freedom and your Ascension, joining Those who have left the earth to-day.

"Mighty I AM Presence" rush into this condition and stop it forever from my Being and world!

· "I AM" MUSIC ·

THE musical part of the "I AM" Activity is now taking on a very definite powerful action, for the assistance of both the students and all mankind. Through the right kind of music, a tremendous assistance can be given; because where the melody and harmony of a musical composition are really constructive, the Ascended Masters—at your determined call—will take up that energy which is already harmoniously qualified and direct it. After They have amplified it with Their ALMIGHTY POWER OF THE LIGHT RAYS and charged it with Their Ascended Master Consciousness, They project it into various conditions of discord. Thus, They can dissolve things at the Inner level and prevent them ever becoming physical in their action.

The proper kind of music is the thing most useful to Them, but the vibratory action of jazz and other destructive activities of so-called music is as destructive to human minds and bodies as cannons and bombs. There are physical instruments by which we can measure the vibratory rate of any energy impulse from music, color, food, chemicals or anything else by the same

LAW you use in the radio, telephone and the electric light.

The vibratory rates from jazz, the color red and meat all give the same vibratory effect as cancer. That ought to make humanity realize that we are telling them the TRUTH OF THE GREAT LAW OF LIFE. NO HUMAN BEING NOR ALL ON EARTH CAN REFUTE OR DENY THE EVIDENCE OF THESE PHYSICAL INSTRUMENTS; BECAUSE THEIR TRUTH IS SELF-EVIDENT and they are absolutely accurate beyond anything mankind has ever had.

Our Beloved Ascended Master, Saint Germain, has recently said that the "I AM" Students can render a tremendous service to all humanity and the world, by issuing the following DECREE; for the annihilating of all modernistic so-called music and art, their cause, effect, record and memory. If you will do this, in ten years their existence will hardly even be remembered.

All, who are especially interested in the channels of music and art, can give a great deal of help in this way. The following DECREE is especially for this use:

"MIGHTY I AM PRESENCE," GREAT HOST OF ASCENDED MASTERS, MIGHTY LEGIONS OF LIGHT, GREAT ANGELIC HOST, GREAT COSMIC BEINGS, GREAT COSMIC LIGHT, AND ALL WHO GOVERN THE ACTIVITIES OF MUSIC AND ART THROUGH THE PEOPLE OF THIS EARTH! COME FORTH IN THY MOST DYNAMIC POWER AND ANNIHILATE ALL DESTRUCTIVE ACTIVITIES WITHIN THOSE CHANNELS, THEIR CAUSE, EFFECT, RECORD AND MEMORY FROM MANKIND,

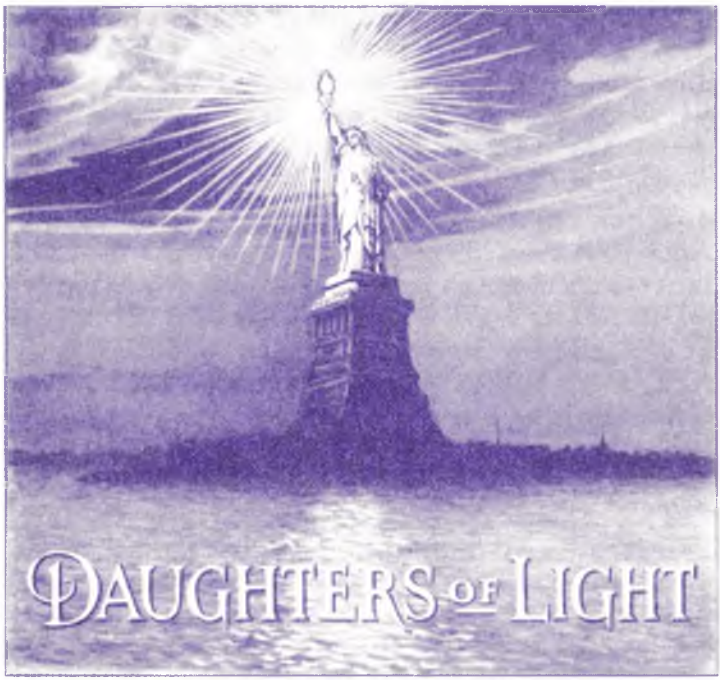
THE EARTH AND ITS ATMOSPHERE FOREVER! WIPE OUT ALL THEIR ACCUMULATED MOMENTUM! PURIFY WITH THE VIOLET CONSUMING FLAME AND REQUALIFY ALL THAT ENERGY WITH THE ASCENDED MASTERS' PERFECTION OF THE MUSIC OF THE SPHERES AND PERFECT BEAUTY IN ALL THESE ACTIVITIES. HOLD THEM ETERNALLY SUSTAINED AND LIFT ALL QUICKLY INTO THEIR FULL PERFECTION. WE THANK THEE IT IS DONE WITH THE SPEED OF LIGHTNING, THE JOY OF THE ANGELS AND THE LIGHT OF A THOUSAND SUNS.

· DECREES ·

"Mighty I AM Presence" and Great Host of Ascended Masters! silence the tongue and make helpless and inactive all attempts to interfere with or cast discredit upon this "I AM" INSTRUCTION OF THE ASCENDED MASTER, SAINT GERMAIN, AND THE VICTORY OF THE LIGHT IN AMERICA AND THE WORLD FOREVER!

"Mighty I AM Presence" rush into this and COMPEL DIVINE JUSTICE TO BE GIVEN ME WITH THE SPEED OF LIGHTNING.

"Mighty I AM Presence!" charge everyone for whom I call the Presence into action, with instantaneous, Infinite and eternal Ascended Master Acceptance of all the Miracles and Perfection I call forth, visualize and project; hold them eternally sustained and ever expanding.



BELOVED Daughters of Light, there is one infallible thing which you can all do that will give such happiness and freedom in the home and all the activities of your world that it will thrill you forever.

You have heard our Beloved Ascended Master, Saint Germain, many times say to you: "IN THE PRIVACY OF YOUR OWN ROOM, TURN UPON ANYTHING THAT IS DISTURBING OR VICIOUS TO YOU OR YOUR WORLD AND SAY TO IT: 'STOP! YOU HAVE NO POWER! GET OUT OF MY WORLD! I WILL HAVE NO MORE OF THIS HUMAN NONSENSE'."

I tell you when you thoroughly and completely determine that you will not stand for any more discord or viciousness in your mind, body or world, as sure as you breathe a breath this moment, that thing will begin to move out of you and your environment.

All destructive forces are like teasing children. They irritate, aggravate, torment and destroy your harmony, your health, your finance and your happiness, just as long as you permit them to do it; and the moment you decide with all the energy of your being that you will not have any more of their destruction or action in your world, they will leave you at once. All destructive forces hold their dominion over human beings through fear and uncertainty.

When you turn upon them and blast into them your command—that they have no power!—you immediately release a rate of vibration into their energy which requalifies its action in you and your world; and you begin to have peace and the MASTERY of the conditions about you.

You will never have complete permanent happiness, until you take this firm unyielding stand and maintain it. Remember! you cannot take any discordant or limiting condition into your Ascension or into the Perfection which you all desire. Then, there is only ONE THING TO DO and you must do it all the time; and that is to know that all destructive forces have NO POWER before your call to the "I AM PRESENCE" and the Ascended Masters' Light Rays which you project into a condition. So project them! with all the determination at your command; and keep on doing it, until they are forever annihilated.

THERE IS NO OTHER WAY TO PERMANENT HAPPINESS NOR ETERNAL FREEDOM.

The hour has come to see the shining face of your "Mighty I AM Presence"! Its slender Hands point you every minute to Victory and every second is now filled with Mighty Ascended Master Miracles of Perfection forever!

· MINUTE MEN OF SAINT GERMAIN ·

MIGHTY Minute Men of Saint Germain! stand together as one man and with all the energy at your command, look every disturbing destructive condition in the business world square in the face! FEAR NOTHING! TURN UPON EVERY SITUATION OF FINANCIAL LACK WITH A FIERCE DYNAMIC POWER THAT MAKES EVERYTHING IN YOUR MIND, BODY, BEING, WORLD, ATMOSPHERE AND ENVIRONMENT KNOW POSITIVELY, THAT YOU WILL NOT TOLERATE IT LONGER.

Go into your business office alone or in the privacy of your own room; and with an almost fierce UNYIELDING COMMAND SAY TO EVERY LIMITING FINANCIAL CONDITION IN YOUR MIND, FEELINGS, BUSINESS AND

WORLD: STOP! YOU HAVE NO POWER! GET OUT OF MY WORLD FOREVER! "MIGHTY I AM PRESENCE," SEE THAT IT STAYS OUT FOREVER! SUPPLY ME WITH THY UNENDING STREAM—TEN TIMES MORE THAN I NEED OF EVERY GOOD THING—INCLUDING MONEY! SEE THAT I USE IT ALL IN THE SERVICE OF THE LIGHT. HOLD IT ETERNALLY SUSTAINED AND EVER-EXPANDING.

If all Minute Men will stand together like this AS ONE MAN and issue these DECREES individually and collectively, with the dynamic POWER OF LIGHT you CAN POSITIVELY annihilate every destructive force in the business world, as surely as you give these Decrees.

The destructive forces in business MUST BE ANNIHILATED! You, who do not want them, are the ones through whom the POWER OF LIGHT must act in order to stop their existence!

Try to FEEL with all the determination of your Being the POWER OF LIGHT which your "Mighty I AM Presence" is and the authority you are to command the annihilation—the eternal annihilation of everything unlike your Great Presence of Life; whether that be in your own individual affairs or the business of the nation.

THE ASCENDED MASTERS HAVE DECREED THAT AMERICAN BUSINESS SHALL BE CHARGED WITH HONESTY, HONOR, INTEGRITY, RIGHT, JUSTICE AND BALANCE! THE GOOD CONSTRUCTIVE LINES OF BUSINESS SHALL NOT BE PREYED UPON BY FIENDISH INSANE INDIVIDUALS WHO DO NOT KNOW WHAT THEY ARE DOING!

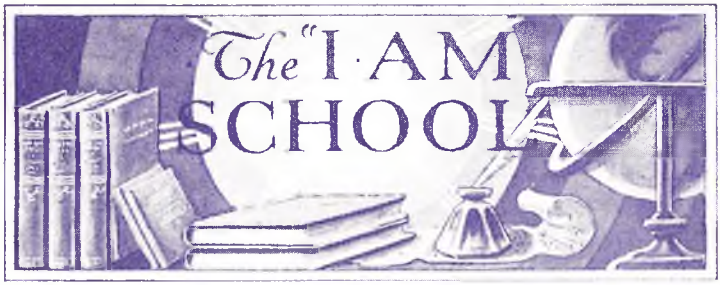
THEY SHALL *NOT* PASS INTO CONTROL OF OUR COUNTRY! THEY SHALL *NOT* DESTROY THE HONOR OF OUR PEOPLE! THEY SHALL *NOT* TAKE GOD OUT OF OUR LAND NOR OUR FEELINGS. THEY HAVE NO POWER TO EXIST LONGER! THE ASCENDED MASTERS ARE READY THIS MOMENT TO TURN THE FULL FORCE OF ALL THE ELECTRONIC POWER OF THE UNIVERSE INTO EVERY DESTRUCTIVE CONDITION OF OUR PEOPLE AND OUR LAND, IF ENOUGH PEOPLE WILL MAKE THE CALL.

YOUR CALL IS THE MIGHTY SIGNAL TO RELEASE THE TERRIFIC FORCES FROM THEIR OCTAVE. THEY SHALL SWEEP INTO EVERY ACTIVITY OF OUR PEOPLE AND WIPE OUT ALL THAT IS NOT CONSTRUCTIVE. THEREFORE, CALL AS YOU HAVE NEVER CALLED BEFORE AND YOUR CALLS *SHALL* BE ANSWERED BY THE POWER OF THE COSMIC LIGHT, WHICH ALL SHALL SEE AND OBEY!

· DECREES ·

Say to any disturbance: "YOU HAVE NO POWER! No longer do I feed my Life into you to give you power! NOW THAT POINT IS SETTLED FOREVER!"

"Mighty I AM Presence" and Great Host of Ascended Masters! annihilate the memory of all discordant experiences from my Life Stream forever!



THE blessed ones of the "I AM" School and Dormitories are to be congratulated at the progress which has been made over the last year and a half. There has been plenty to do; but we all grow only by that doing; and in the exercise of mastering the forces of the physical experiences, we release the energy from our own Life Stream qualified with the FEELING which is that MASTERY.

Therefore, beloved ones, let us set all things into Divine Order everywhere we move by full unconditional obedience in all our activities to the very highest requirements of the Ascended Masters and FEEL the great thrill of joy which such obedience always brings.

There are certain standards of behavior both at the school and in the dormitories which must be held absolutely inflexible. These are exactly the same personal courtesies toward each other that you would accord anyone or all of the Ascended Masters. It means that your personal behavior and everything you do every day in school, from the time you open your eyes in the morning until you close them at night MUST BE PERFECT. There is not one instant in between, when those requirements are not to be fulfilled.

Your first thought and FEELING when you awaken in the morning should be LOVE, GRATITUDE AND ADORATION to your own "Mighty I AM Presence," Saint Germain and the other Ascended Masters. Call your "Mighty I AM Presence" into action to charge you with all Its Perfection in everything you do. Then greet each of your associates in your room and those who are in charge of you, whether it be at the dormitories or the school, with a happy gracious: GOOD MORNING! Make it GOOD right to begin with by the kindness, Love and joy in your voice; just as if you said GOOD MORNING to Saint Germain or Jesus.

Bathe and dress yourselves with a joyous, rapid concentration which makes all know that you mean business and are attending to it in FULL PERFECTION. In all that you do, keep calling your "Mighty I AM Presence" into action to do it through you PERFECTLY, charging you with Its FULL VICTORY AND POWER OF LIGHT.

When the chimes ring to announce breakfast and you enter the dining room, remember! you are coming to the TABLE OF THE ASCENDED MASTERS. If you expect to sit in Saint Germain's Presence for a precipitated meal, every meal until that moment should be a preparation for His Coming. It should be a daily practice of the Refinement, Love, Courtesy, Beauty and Perfection which He is and which is His Way of Life! You cannot expect Him to want to dine with you, unless your table manners are the very best you can make them.

Remember, the Law of His Ray is that of Ordered Service—the Ritual of daily Life; the Dignity, Beauty, and Culture of His Octave of Life.

Some day, you must all be PERFECT enough to go into that Octave for He will never lower His Standards to the careless habits of the outer world. You must perfect yourselves by becoming like Him.

As you all stand behind your chairs in the dining room waiting to be seated, the boys and young men should seat the girls or ladies nearest to them and exert every effort to make yourselves helpful, agreeable and courteous in every way. No matter how much we have to do in this Activity, we always have time to be courteous, considerate and helpful in every way. That is Saint Germain's Natural Habit of feeling and action. Therefore, it must be ours too.

Do not bolt your food! Do not hurry! Tend strictly to business but take time enough to allow your food to be properly served, properly eaten and properly digested. Do not leave the table until you are completely finished. Be happy, relaxed and natural—Divinely natural, agreeable and thoughtful of others. At table, make definite effort to see that those around you are supplied and feel your responsibility in maintaining order, harmony, joy and all that will add to each one's enjoyment.

Every boy and young man in the "I AM" School and Dormitories should remember, that he is always an escort of the girl or young lady who is with him; for the "I AM" pupils are more than just children in school. You are representing the ASCENDED MASTERS' PERFECTION OF LIFE TO mankind. You must be the out-picturing of that Perfection some day and NOW is that day.

When the student body gathers around the

flag the first thing in the morning, stand facing the east and say: "*I face the Eternal Sunrise and noon-day blaze of my 'Mighty I AM Presence' and accept now Its Mighty Radiance and Activity visibly and tangibly manifest in my Being and world forever!*" Give the pledge of allegiance to OUR FLAG: "I pledge allegiance to the Flag of the United States of America and to the Republic for which It stands, One Nation Indivisible, with Liberty and Justice for all." Say the American's Creed: "I believe in the United States of America as a government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a Sovereign Nation of many sovereign States; a PERFECT UNION, one and inseparable; established upon those principles of Freedom, equality, justice, and humanity for which the American patriots sacrificed their lives and fortunes.

I therefore believe it is my duty to My Country to love It; to support Its Constitution; to obey Its Laws; to respect Its Flag; and to defend It against all enemies."—William Tyler Page. Then proceed with the studies of the day.

The students should be as courteous to their fellow-students, instructors, parents and friends as they would to our Beloved Ascended Masters, Saint Germain, Jesus or any of the Great Beings Who help us.

The students who wish to visit various places for instruction must at all times be properly chaperoned by one or more of the instructors or the heads of the school or dormitories. The conventions of clean, refined, well cultured, spiritual

behavior must be maintained at all times; and loving, willing obedience is our unconditional requirement at every moment.

Next month, we will continue along this same line of direction, to help all bring forth PERFECTION harmoniously, permanently and happily.

· *THINGS TO REMEMBER* ·

Life does not ask you to sacrifice any good thing! IT asks you to call forth EVERY GOOD THING to produce PERFECTION; for Jesus said: "BE YE PERFECT, EVEN AS YOUR FATHER IN HEAVEN IS PERFECT." You cannot be PERFECT when you are hungry, in rags or when you are uncomfortable. The Father, Jesus referred to, is your own "Mighty I AM Presence" which is the Owner and Giver of every good thing and never lacks for anything. The ONLY things you sacrifice in this Work are your troubles, your limitations, your pain and your problems. The word—SACRIFICE—means to make sacred by presenting to GOD. Then, if you will only sacrifice your troubles, by passing them into the Violet Consuming Flame of God, Which is your own "Mighty I AM Presence," then they do become sacred or all of God's PERFECTION. That is INTELLIGENCE! It is the LAW OF LIFE! It is the Grace Jesus taught! You cannot desire any Constructive thing without the action of Life. Then your call to your "Mighty I AM Presence" is LIFE calling forth COMPLETE FREEDOM within your human or through your human form. Never use the words "I wonder." When you wonder, the energy in your FEELING wavers and there is no pressure to drive it forth in stream of force to do what you want. Doubt is this action of energy.

BELOVED Ones in the "I AM" Study Groups, Our Beloved Ascended Master, Saint Germain, has been busy a great deal in Europe at the present time, giving every assistance possible to the people.

He and Others of the Ascended Masters, including the Goddess of Peace, have asked that the entire body of "I AM" Students do intense daily work, for the annihilation of the remaining destructive forces in Europe. Since the war entity was consumed, the viciousness of the sinister force knows no bounds; and its insane fury is striking everywhere in a last attempt to destroy as much as possible; before its own complete annihilation takes place, which it knows is certain and coming soon.

We recently sent this request to the principal Group Leaders in each city, asking them to notify all in their locality to give the following DECREE with determination and the ALMIGHTY POWER OF LIGHT; for the protection of our fellow-man in the rest of the world:

"MIGHTY I AM PRESENCE," GREAT HOST OF ASCENDED MASTERS, GREAT COSMIC BEINGS AND GREAT COSMIC LIGHT! COME FORTH INSTANTLY IN ALL THE POWER OF THE BLUE LIGHTNING AND BLUE FLAME OF DIVINE LOVE AT YOUR COMMAND! DISSOLVE, CONSUME AND ANNIHILATE

THE REMAINING ACTIVITY OF ALL DESTRUCTIVE FORCES IN EUROPE, THE ORIENT AND THE REST OF THE WORLD; THEIR CAUSE, EFFECT, RECORD AND MEMORY FOREVER! REPLACE THEM BY THE LEGIONS OF LIGHT AND THE ASCENDED MASTERS' LIGHT SUBSTANCE; TO TAKE POSSESSION, PRODUCE PERFECTION AND HOLD DOMINION THERE FOREVER! WE THANK THEE, GREAT SILENT WATCHER, IT IS DONE NOW!

The Cosmic Light Rays CAN DO THIS; and when you call to your "Mighty I AM Presence," you are calling to the HEART OF THE UNIVERSE AND THE GREATEST POWER THERE IS; to project those Light Rays into that condition and dissolve it. We ask you all to stand by and give this help to our fellow-man in the rest of the world; and let us go over the top as we did with the war entity.

The rest of mankind does not know how to help themselves. We have been trained to do this. Let no one fail to give his all NOW for the FREEDOM of all; and ALL will bring forth the VICTORY OF THE LIGHT EVERYWHERE.

· DECREES ·

"Mighty I AM Presence" and Great Host of Ascended Masters! MAKE me accept my full complete and unconditional FREEDOM this day and forever!

"Mighty I AM Presence!" rush forward! take command here! and hold YOUR DOMINION FOREVER!

BELOVED Young People, it is Saint Germain's request to all under this Radiation, especially the young people; that you do not hitch hike for any reason whatever.

He has given warning repeatedly during the large classes about this particular practice at this time. You cannot expect His protection, if you deliberately disobey His Instruction.

If you make your proper application and call to your own "Mighty I AM Presence," you will either have the money to take you in a proper safe manner or you will be able to go with people that you know, who are your true friends.

No REAL "I AM" STUDENT ever needs to do such things; and we ask you not to cast discredit upon this Marvelous Light and Gift which our Beloved Ascended Master, Saint Germain, has given us all for the protection of America, by doing such things. When He makes these requests it is for a far greater reason than any of you can ever know in the outer activity of your intellect; and if you really love Him, you will obey the requirements of this Law. It is for your blessing and that of all mankind.

We are trying to guard and help you, that you may guard and help others. If you do not choose

to obey what He has requested, do not ask for His or our assistance.

There are Inner Actions in such things of which, even yet, you have not the slightest concept. He and we know that and you do not; or you would not even be tempted to try it. After some tragedy or disaster has taken place is no time to have regrets. They will not do anyone any good.

You are all intelligent beings. You know the conditions which are around you on every hand. You know right from wrong. Some day, you must develop discrimination and Wisdom. There is no time sooner than NOW!

Therefore, will you all give willing co-operation in obeying Saint Germain's Request about this; and let Him help you to have the fulness of all good things to make you happy? He and we are trying to help you. Will you help yourself to avoid further suffering and danger?

Our Love enfolds you unto the FULL OBEDIENCE REQUIRED FOR YOUR ASCENSION: and may you be free quickly.

MR. AND MRS. G. W. BALLARD.

· DECREE ·

"Mighty I AM Presence!" I call on the Law of Forgiveness for all my mistakes and those of all mankind! You take command NOW of me and my world! Hold such Dominion, such Control of my feelings, that I always joyfully give obedience to your slightest requirement; and YOU SEE THAT I DO GIVE OBEDIENCE!

· RADIO ·

It is Saint Germain's and our request that the students do not make arrangements with any of the Radio Stations direct, but write us care of the Saint Germain Press.

All business arrangements must be kept uniform, honorable and paid for in advance all over the country in this Ascended Master Activity.

From the very start the Ascended Master, Saint Germain, has insisted that we make whatever application was needed to bring forth the money and conditions, which would enable all to give and get the best possible service and co-operation in the business world. This enables everyone's feeling to be in the most harmonious powerful state, for the Ascended Masters to use and it is imperative that all do that.

The Honor of the Ascended Masters, this Activity, yourselves and ourselves is at stake; and the only right way is that which Saint Germain has brought about and with which He asks all to cooperate.

Our Radio Broadcasts are not to fill up your groups nor to advertise this Ascended Master Instruction. They are the Gift of the "I AM" Students and ourselves to the people of America that they may rise out of their fear and use the Power of Light by their own individual call to the "Mighty I AM Presence" for the protection of our land, our people and the Constructive Way of Life for all mankind.

Saint Germain, the Other Ascended Masters and we have brought this Light to the "I AM" Students for their Protection, Supply, Healing and Freedom. They have been and are getting it. The Students must now, in order to have the

fulness of their own Victory, extend the same Ascended Master Help to their fellow-Americans and all within our land who want the Constructive Way of Life.

We must all give first and the return will automatically flow back. We must all at this time do everything in our power to protect our country and help others to give the Decrees which will protect them and America too.

We have been and shall continue to give our all, until all are free and Victorious in the Light forever.

We are determined that this GIFT OF LIGHT, TRUTH AND FREEDOM from the Ascended Masters to mankind SHALL BE PROTECTED and kept PURE, TRUE AND UNCHANGED—FOREVER—that mankind may receive its Eternal Freedom and the greatest possible Blessing.

We shall use our Full Power and our Full Right to maintain COMPLETE PROTECTION AT ALL TIMES.

· MUSIC OF THE SPHERES ·

IT is our very great privilege and joy to announce the release of three new pieces of music, which have come forth to carry tremendous blessing. They are charged with the Ascended Masters' Power of healing, illumination, protection and harmony to the "I AM" Students, America, mankind and the whole world. Their power to bless shall never cease, but instead shall ever increase.

The first song is LIGHT OF MY HEART, the music and lyrics of which both came through the Beloved Messenger, Mr. G. W. Ballard, who uses the pen name of Godfrè Ray King. The likeness of the figure on the cover is that of his Higher Mental Body and the Light from Its Heart is charged into the music, lyrics and picture to go forth and release Its Perfection to all who hear, sing, play or contemplate it.

The second song LOTUS MY LOVE also came through Godfrè Ray King and the likeness of the figure on the cover is that of the Higher Mental Body of Lotus Ray King. The Outpouring from Its Heart charges the music, lyrics and picture to go forth to release Its Perfection to all who contact it.

The third song is THE ASCENDED MASTER YOUTH OF AMERICA, the music and lyrics of which came through Virginia LaFerrera; and which is dedicated to the Ascended Master Youth of America and the world. It is especially charged by the Ascended Masters with protection, blessings and the Power of the Light to bless all young people forever.

The musical arrangements have been made by Vinton and Virginia LaFerrera and the illustrations on the covers have all been done by Mae DaCamara.

Victrola Records have been made by Catherine Rogers and Virginia LaFerrera.

We wish to extend our love, blessings and gratitude to these blessed ones for their glorious assistance in helping them to be released for the use and blessing of the students. May the whole world sing these songs, be set free from all distress and stand eternally Victorious in the Light.

· NEW SONGS ·

· *Victory* and *The Minute Men of Saint Germain* ·

It is our very great privilege and joy to announce the release this month of two new songs—VICTORY and THE MINUTE MEN OF SAINT GERMAIN.

The likeness on the cover design of Victory is that of the Ascended Master Victory, Who is mentioned in Unveiled Mysteries as the Tall Master from Venus; the music being charged with His FEELING of VICTORY.

The likeness on the cover design of The Minute Men of Saint Germain is that of our Beloved Ascended Master, Saint Germain, in Golden Armor as He works with the Sword of Blue Flame at the Inner Levels. The likeness of Him is very remarkably accurate.

These songs come forth to carry tremendous Blessings to all. They are charged with the Power of Victory and Light to bring the Victory of the Light everywhere they are heard, sung or played, or the pictures contemplated.

They shall charge the "I AM" Students, America, mankind and the whole world with the Ascended Masters' Almighty Power of Light, until the Eternal Victory of Life takes Its Dominion forever.

The music came through our beloved Virginia LaFerrera and the lyrics through our beloved Catherine Rogers. We love, bless and thank these precious ones forever for all they have done; and our beloved Vinton LaFerrera for his assistance in the arrangement of the music.

The CAVE of SYMBOLS

BEAUTEOUS Cave of Symbols so bright,
Focus of Blest Saint Germain's Great Light,
Temple of Power and Unfed Flame,
Glorious Source of the "Mighty I AM";
Pure spreads Thy Radiance over our Land,
Silent Thy Love, yet Great Thy Command,
Call now Our People unto Thy Height,
Shed forth Thine own Rays all dazzling bright.

Great, Great is His Love—America's Friend!
Joy, Peace, Perfection—Life without end!
Blaze forth His Splendor freely to all,
Hearing and answering each heart's call;
We now behold His Transcendent Light
Raised into Victory, Glory and Might,
Free ever free in Love we arise,
Gazing into Our Presence' own Eyes.

Then, as we stand the Master of Life,
Wielding the Power that stills all strife,
The privilege it is to serve, we know,
Giving the Gifts that Light can bestow;
Until like the Sun from Its Glorious Height,
We too direct Its Power—Its Might,
Releasing Its Treasures and Life's True Love,
We lift all on earth to Freedom above.

· MIGHTY VICTORY'S DISCOURSE ·
· HARRISON GROUP ·
· San Francisco, Calif., August 22, 1938 ·

ELOVED Children of the Light, in all that is required to-day in the need of mankind and in the need of America, I come forth to-night to charge into you, all San Francisco and vicinity My Power of the Victory of the Light. It is needed more than you know! The discord that has been released in your city during the past months by certain individuals, has made it imperative for great Assistance to be given; and therefore, you the Children of the Light who have stood firm and staunch to the Light, you shall have Our Assistance; and you *shall* be the Victory of the Light.

There is no power but the Light. There is no Power but Victory to the Children of Light; and by that Infinite Power, I charge My Victory into you and your feeling world. Your Victory is released by the Power, the energy from the physical octave that charges into the atmosphere the Power of Light and Victory which We shall wield; to govern the gas belts; to govern the conditions in your city; and to annihilate strikes from your city and the western coast forever. (applause—audience rising)

The individuals and the forces of darkness who have denied Our Reality, who have denied the Ascended Masters, shall feel the Power of the Victory of Light and the Ascended Masters. (applause) I want you to feel, beloved ones, what it means to serve the Light and to serve it honestly, earnestly and sincerely. Even though there be but three sincere to the Light, in your purity and strength of your "Mighty I AM Presence,"

still shall that Power of Light come into action at your call.

This city shall not be destroyed again! (applause) Let Me assure you, beloved ones. While I am sure not one of you is looking for any personal reward, yet you who have stood so firm to the Light, *are* beginning to see the evidence of that *great* privilege. Everywhere throughout America these Mighty Calls, these Mighty Decrees, are being answered more than you could possibly comprehend at this time unless you understood and saw with the All-seeing-eye; but I say to you, beloved ones, We *know* the Victory of the Light—WE ARE IT!

I tell you that when your calls are sincere and honest, there reigns in your heart a power with which no destructive force in this Universe can cope. Now remember that in your individual requirements; in your activity; in your calls for the protection of America, and We always mean North America. We shall include all North America.

I want you to understand, to-night, that having gained a momentum in your calls to the Powers of Light, you are at the open gate-way now where the greater manifestations will come forth; and I mean to everyone of you who is sincere. Remember the Ascended Master, Saint Germain, has told you from the beginning that the day was at hand when the people who served the Light shall be served by the Light.

In past ages, the Students of the Light—now notice this carefully—who through the various means of supposed attainment, occultism and all phases of metaphysics, went through privation indescribable. Why? Not because it was the Law

of Life; but because they only had a fragmentary understanding of that great Law of Life, which they were.

You to-day are fortunate indeed. In the understanding of the Great Presence of all Life, do you think for one moment that your "Mighty I AM Presence" is just for you? Your "Mighty I AM Presence" is the Governor of the Universe. Oh dear people, for heaven's sake, remember, and FEEL *that* with all the Power you have! You are not subject to any kind of limitation, once you are earnest and sincere in the acceptance of your "Mighty I AM Presence." Do not feel that you have to look anywhere else in the world. Your "Mighty I AM Presence" is more powerful than all people in human activity put together. It is the Power of Infinite Light. Dear people—remember that! in your application.

In your call, and according to the harmony in your feelings held sustained, will you feel and see made manifest—in the outer manifestation of your experience—the Power of Light from your Almighty "I AM Presence," when called into action.

I want you to feel that there is no Power *opposed* to you, beloved Students of the Light! I have charged into your feeling world My Victory and I have never known anything else throughout the centuries, but the Power and Victory of the Light! I command It to go into action in your feeling world and take Command there, in spite of your human limitations.

You shall not wander longer, questioning the Power of your Presence or Its Right to manifest in your experience, to bring forth that which is required. *We* mean business—I hope *you* do! Oh

dear people, just think of it! if you are as earnest, sincere and determined as We are to have you free, *you will be free!*

I tell you there is nothing in the world that can stand before you of limitation, distress or discord of any kind, when you know your "Mighty I AM Presence." Your Presence is the Victory of Light. How is it that I have always known the Victory of Light? Through My own "Mighty I AM Presence," which I became. Do you realize, beloved ones, why the Ascended Masters, the Cosmic Beings are Authority, are Power? Because They have ascended into and become the "Mighty I AM Presence." Do you realize that the Ascended Master or Cosmic Being is the "Mighty I AM Presence," with all the powers and the requirements of earth drawn into that Mighty Intelligence through His Ascension. He then becomes cognizant of all that is required down here, but never does until the Ascension takes place. All the requirements of earth are drawn into the Ascended Being and They know but One Power, the Power of Light!

Therefore, I say to you, beloved ones, do not accept again, ever once again, that there is any power of human beings, persons, places or conditions that can limit you, harm you or distress you in any way!

While I am talking to you to-night, such a Power of the Light Rays is released into the earth under your city and extending far into the ocean; and that power shall govern those gas belts. You beloved ones in this vicinity, one day will know what these Precious Messengers have meant to you and humanity. One day you shall know who they are. You do not know yet. I know, and one

day you will when you really awaken and realize the service they are rendering humanity. These poor unfortunate bedraggled individuals who criticize them, what a reaping. One day, too late, they will see that mistake and then be unable to find their way home.

The greatest opportunity there has been for more than a hundred thousand years is before you to-day. The unfortunate individuals who cannot see that, are most unfortunate indeed; but remember, the individual who cannot or refuses to comprehend, We do not consider. They do not exist so far as We are concerned, but the Light goes on. Its Mighty Power of expansion and action goes on with Its *Infinite* Power, and there is nothing in the world that can stop it.

Beloved ones! Look into Europe to-day! You see the destruction of nations by a few individuals who have but human power. Then tell Me, that the Infinite Power of Light is not greater? That the Infinite Power of Light cannot sweep those human beings from the face of the earth who refuse to serve the Light?

Do you not realize the Power of Light is taking Its Dominion on earth? Human beings have nothing to do with it! The Power of Light is taking Its Dominion, and the world will see it.

Behold your agitators, your communists, your destructive individuals who have cunningly sought throughout the world and have their claws on the Orient. Yet those claws are loosening every day. (applause). They tried to get their claws upon America and upon you blessed people; but only slightly did those claws reach out; only slightly have they reached the people of America. Those agitators, those destructive individuals, no

matter who or where they are, shall be searched out and shall leave those bodies or leave America! (applause)

When communists reach into your government, when the law of your land says no such thing shall be, then shall the Power of Light sweep them out of the government, and the Power of Light take Its Dominion and place the servants of the Light in official places. (applause)

You might at times think that We are standing idly by. Not when once We have put Our Hands forth and drawn within them the Sword of Blue Flame. Beloved ones, use the Sword of Blue Flame and do not be afraid of it! The Sword of Blue Flame is given into your hands to destroy all inharmony and discord! You do not do these things physically; but you make the call to the Presence in Its Mighty Wisdom, to act in the Power and Use of the Sword of Blue Flame; to dissolve all discord, treachery, deceit and destruction from the people of America. Dear people, if you are afraid to follow the Instructions the Ascended Masters have given you, then do not cry, if you fail individually.

There are students among the great number in America, who listening to foolish gossip, have been fearful of using these Mighty Decrees and the annihilating and consuming power. One day, they will wish they had used It. One day they will wish they had used It and rendered their added protection of the Power of Light, when they needed it.

Beloved ones, why do you think that there has been so much discord and so many attempts to destroy the Light in your city? Because centuries ago your Temple of Light was destroyed by one

who is embodied in your city to-day. That is why. That is why I come to you to-night to annihilate cause and effect of everything for which that individual has been the encouragement to the forces of darkness to pour forth into your city. That individual has no power! I withdraw all power to-night! (applause—audience standing)

While you are standing rejoice with Me that five of the black magicians who were using that individual and did centuries ago, were seized this afternoon. (applause) Behold, why and how was that done? I congratulate those of the Staff who have been making this call individually and you of the students; that the cloak of invisibility be withdrawn from the black magicians who had yet been in hiding, and it is doing its work, thanks to you all.

I tell you that these five black magicians had attained great power of the Light, when they failed and turned from the Pathway of Light. I will not go into the reason why, but they had the understanding and the Power to use the cloak of invisibility. I congratulate those, including our precious Lotus, who have conceived the idea to decree for releasing them; and our blessed Betty, who conceived that it might be possible that some of them had attained the power to clothe themselves with the cloak of invisibility. That was a great inspiration, for it has been true. Surely and steadily, and this is the proof of it, every one will be unclothed of that cloak of invisibility and be removed from the attempt to destroy mankind. (applause)

Now beloved ones, let us talk heart to heart. You are students of the Light. You have come

to know your "Mighty I AM Presence," the Greatest Intelligence and Power in the Universe. Now be firm and unyielding, whether it be Perfection in your physical body; whether it be your call for the protection of America; or whether it be the supply you want—do you not see, dear hearts, that nothing can be withheld from you in your calm, firm determination and your call to your Presence? Put aside the childishness that causes you to waver when something of the old conditions confronts you. It has no power!

You dear precious ones, do not yield any more to the old human wavering when something is required. Straighten yourself and say: " 'Mighty I AM Presence' you are the Power acting here. Take command of this thing, and if it is something that does not belong there, dissolve and consume it right now! I know my call releases your Power to do this! See that it is done!"

If it is your supply of money you want: " 'Mighty I AM Presence' remember, I call on the Law of Forgiveness for all my mistakes and for all mankind. I want the Light! I call out with every fiber of my being for the Power of Light to take command of my mind and body; to hold Its Dominion and to produce Its Perfection." Then, see how quickly all human conditions will dissolve and disappear before that command.

I want you to understand and to feel your Victory, your Power, your Dominion. You have understood your Presence long enough now to stop all wavering, doubt or questioning and release Its Mighty Power of Action into you and your world. When something is disturbing, say: "Stop that nonsense right now! I will have no more of it. I am the Out-pouring of the 'Mighty

I AM Presence'." Then how can discord register there and remain? Once you take that firm positive attitude, you will find that everything discordant will disappear quickly. As soon as you begin to recede a little and give that thing power, of course it surges and then you think: "I am done for again!"

I see blessed, precious, really strong students when a little something strikes them here or there or somewhere else and they say: "Oh dear!" instead of saying: "Stop that right now!" Oh, once you understand that you have the authority to command the energy of your body, to stop all pain or disturbance instantly and replace it by the Power of Light Substance, which the human cannot requalify, you will be so free.

Oh, dear ones, from to-night you will have very much less difficulty in handling your bodies and the conditions about you. (applause) Do you realize that in order to have the fullest results from your calls you must control your body? If your body is in pain or distress you are only having but a fragmentary part of your power, even at your intense call. Your body has held Dominion over you, compelling you to accept pain and distress. Now then, even though you are the cause of it, still does it *not* have power over you. That is the important thing!

You see, if only now and then one of you had made mistakes throughout the centuries, the story would be quite different; but since all mankind, without exception, have made these mistakes, then who shall say: "I AM better than thou?" Therefore, criticism, condemnation and judgment are out! You see I can use your phraseology as well as you can. It is out! Now re-

member that. IT IS OUT! (applause) When the temptation comes to criticize and your tongue does not act, remember criticism Is Out!

Oh beloved ones, is it not the most childish foolish thing in all mankind's experience—that silly idea of criticism, condemnation or judging some other one of God's children? Many times I have longed, when that was going on in the feeling of someone, to suddenly show that one the Light within the individual whom they were condemning. They would be the most amazed and surprised individuals you ever saw.

Think of it, beloved ones, with the Greatest Light and Power of energy in the Universe beating your precious physical hearts; and then to think mankind would continue to yield to a power outside of that Great Stream of Light! How can you do it? How did any of us ever do it? It has been so long ago, I forget how I did it. I suppose I did once upon a time; but it is a long long time ago; so long, I am glad it is forgotten.

Now just for a few moments will you try to comprehend as I flood the room with this Power of My Comprehension, will you try to feel what it means to be free, wholly free and happy? If you really believe in your Presence, if you really feel that it is there, how can you after a little contemplation, fail to comprehend and realize that you are free?

There is not one of you or any earnest sincere "I AM" Student in America or the world to-day, who could not just like that (motion of hand) turn with the Power of acceptance of his own Presence, and the refusal of acceptance of all outer conditions, and enter into his Freedom quickly. Some would do it within a few hours;

some within a few days; some within a few weeks, could enter into that Great Freedom quickly.

Therefore, to-night when I see the beloved students throughout America and many in other countries, who are calling so earnestly and really are making tremendous effort at Self-control and purity; then do you think that We will not project those Light Rays and give them the Courage, Strength and Power to go forth the Victory of the Light?

Why do you suppose I remained upon this earth with the Group of Those who are with Me? Because I saw the mighty effort of your Beloved Saint Germain; and you will never know until your Ascension what He means to you (applause —audience rising)

Since Saint Germain could not be here to-night, for He is in Europe rendering a mighty service, I convey to Him this instant your great Love, gratitude and adoration. When I have seen throughout America and the other countries the adoration that has gone forth to Him, then I say to you, there is not one thing within My Power that I would withhold from helping you to your Victory and helping *every* earnest sincere "I AM" Student in America to *that* Victory. Since, We have come to this point in the release of this Mighty Vibratory action; then We can more definitely begin to see wherein We can release greater Power to render the Service that is required.

While you are standing, will you just feel now these Mighty Currents flow in, through and around you, into your feeling world, and sweep into the Violet Consuming Flame under your feet this Mighty Releasing Power? Feel Its great Power

descend from each one's own "Mighty I AM Presence," directed by the Higher Mental Body; for It cannot produce anything but glory, happiness, Perfection and Freedom for you. Do not ever let your human qualify it with anything else.

Descend, Oh Mighty Power of Light! cleanse and purify each one! sweep out of the feeling world all conditions and qualities that are obstructing the way for each one. Replace them by Thy Power and Light-Substance, the Ascended Masters' Light-Substance.

Mighty Violet Consuming Flame, accept, dissolve and consume all imperfection! Release it into Thy Mighty Flame. Hold about each one Thy Mighty Action, Oh Mighty Violet Consuming Flame, until there is not one thing left that could limit or obstruct the great Out-pouring of Thy Light at the call of the individual to their "Mighty I AM Presence" for Its Out-pouring. Let the calls of every sincere one be answered with the power and speed of the Blue Lightning; that they may know and understand once and forever the Power and Authority of their Presence of Light; that the Glory of It may act instantly.

I congratulate those two blessed ones who felt so inspired and impelled to have this meeting here to-night. I am sure they did not realize just why, but a great purpose was in it; because here the Messengers had drawn this Mighty Focus time and again; and here I chose to release this Power to-night for the protection of your city. Will you not observe how when We choose to do something there is never any obstruction in the way where there are those who are really obedient.

You will always find, beloved ones, in your call to the Presence—if your world is harmonious and you are sincere in your service to the Light—just step by step wherever you need to move, the way will always be prepared. Oh, try to feel that, beloved students, more and more. Do not accept there is anything that can obstruct your way or that can harm you or limit you. You *have been* set free! but if you still insist on accepting that you are not, then you are very apt to not experience it.

Call the Power of your Presence into action and accept nothing but Its All-powerful direction; release of supply; and all that is required to send you forth the full Victory in the release of that. Your "Mighty I AM Presence" is the Victory of your achievement!

Beloved ones, to-night, in this room there is power enough to dissolve every vestige of anything that has ever been accumulated about you. Will you not accept it? Decree, call and qualify this Power here to-night to dissolve and consume everything that has ever been accumulated about you in the world! Accept it and be free! Then do not ever accept again, in the secret of your own chamber or to anyone else, that there is anything which has power to limit you any longer or to harm you or distress you.

I want you to feel that We are not talking idle nonsense. We are talking of a Mighty Reality; your own Life; to set your own Life into action for you for your eternal Freedom. Why do you not accept it? You say, I want to. If you want to, you will. You cannot help it, if you want to. When you intellectually say: "I will, I shall ac-

cept that!" watch that your feeling follows, joins with your intellect and says: "I too will accept that." Then you are there! Then, you will know that here, there and everywhere, you are free.

Beloved ones, when such Assistance is offered you, won't you form as great and firm a determination in your acceptance as We assert in trying to convey the fulness of Its Power into action in your feeling world? We are not so much concerned with your intellect; because it cannot obstruct the way, when once your feeling acts.

Dear ones, if you really understood the Power that is within your feeling, you would go forth from this room, to-night, wholly free beings in full command of your bodies, in full Self-control, and the governing of the energy that goes forth at your command. The authority is there within you. Your call is the Supreme Command to Life! It acts with Invincible Power; and so long as you maintain harmony in your feelings, there is no obstruction in your conscious Power of Qualification. Then, your calls WILL BE ANSWERED.

Now remember, to-night you have been released from all binding power, from all influence of suggestion. Do you know what that means? Do you know, how much you have been acted upon by suggestions in the past eight months? Well, that will not act any more. Just accept this in your feelings. (applause)

Now, beloved friends of Los Angeles, I have something to say to you. Since the two Temples once stood as the Power of Light in these two cities, Los Angeles and San Francisco; and since the one who was the instigator of the destruction of the Temple of Light in Los Angeles, is embodied there now; then, shall those two embodiments

have short duration. (applause) As the Power of Light asserts Its Dominion, the Life of those individuals who want right and justice, will assert Itself; and the destructively charged force released through those two individuals must return upon their creators. When it does, rejoice and know ere that takes place, that the black magicians, who operated through those individuals then and to-day, will all have ceased to function upon the earth.

Dear ones, you oftentimes blame individuals for being a claw of those powerful agencies of darkness. Once they are in those clutches, not understanding this Law, they are helpless; but when such individuals have touched this Stream of Light, have accepted and acknowledged their own "Mighty I AM Presence" and turned again to become the claws of those destructive forces, then is the penalty very severe. No one would wish to see what they must reap; but reap they MUST for there is nothing that can prevent it unless they turn to the Light and with all the power of their beings, call on the Law of Forgiveness and ask to be released from that penalty and promise. Then keep their promise to Life, that they would serve Life, until Life released them from all that had been. This is how even the most destructive forces COULD turn to the Light and once again enter Its Pathway and be free.

I say to you, observe the example before mankind everywhere; how the destructive forces throughout humanity never really win any Victory. Sometimes it seems to be temporary, but the end is always their downfall. Think of it, individuals who have been caught in those destructive forces come into embodiment and carry the de-

structive momentum through one embodiment after the other. When they reach a certain point and gain in their achievement from childhood; again the former destruction pours forth into action; because it is there, because they accepted it into their feeling world. Ofttimes, they continue failing in the entire embodiment, and what a pitiful thing!

All of you, who are here to-night, have failed so many times; and I do not wonder that I see the almost fierce determination which is within many not to fail this time. You cannot fail, anyone, if you will stand by your "Mighty I AM Presence." You have come to know It! It is Real! Mighty Real! The only Reality in this whole Universe is your "Mighty I AM Presence."

Why do you suppose Saint Germain chose to use that expression—your "Mighty I AM Presence"? Because it means that from the moment you look upon that Chart and accept in your feelings that the "Mighty I AM Presence" is there; you have become the "Mighty I AM" whose Presence is in action here and It says: "I am here to take command"; but if your feelings waver and doubt, then It waits.

Now beloved ones, the example of the Messengers is before you constantly. They raised themselves from poverty into the Freedom of the Light against the most destructive forces; and by the most dynamic application human beings ever made. You can do the same and as quickly if you have the same determination. Once you really know that no human creation, condition nor anything limits you, causes pain or distress in all the world, except that which is human creation, you can conquer it and be free.

You know very well God never created your pain and distress. God gave you a Mighty Power of Light within your human form. It is placed there to hold Its Dominion if you give It a chance. Since you have forgotten It and gave It no recognition, no acceptance; then you pay the penalty by human creation acting within your human form; because you gave it power to act. It has no power unless you accept it.

How do you accept it? The Messengers have explained the reason a number of times very vividly—by the Power of your attention. Your Life Stream comes into connection through your attention with the discord and destructive action; and the quality comes back and acts within your world. Then you know the Power of your attention. If you do not want that, keep your attention off all destructive forces—especially gossip, condemnation and criticism.

My dear people, what do you think one half hour will do in entering into or listening to vicious gossip, criticism and condemnation? You are charging your world with its action; and you will have it Out-pictured as sure as you breathe a breath! It might not come until weeks later, and then you wonder: "Oh dear, what is the matter?" My dear people, these are Laws of Life, no person in the Universe side-steps them, and why won't mankind understand? Why won't they feel the Mighty Reality of this Law and with a great firmness take command, hold Self-control, and stop these limiting and distressing things forever?

My dear ones, I have observed some of the blessed students and have seen them do some of the most gigantic things in their own Self-control

and the Victory that followed. When I see individuals alone stepping out of a family wherein great viciousness is—great opposition to their acceptance of the Light—that takes strength, beloved ones; but those blessed ones *are* going forth the Eternal Victory of the Light; and in all of them, I shall see that they have My Victory acting in their worlds. Not that I will not lend every Assistance possible to everyone who is sincere; but to think that there are human beings in this world who are so depraved, as to oppose those whom they claim to love; yet who want to seek Freedom of the Light. It is incredible, but it is done constantly.

Therefore, the students, wherever they find themselves must be strong enough to rise up, step forth and take their Dominion in the Light. There is no such thing as Love, when an individual tries to oppose one who wants the Light, and there never was. If there had been Love It would give them their Freedom. Where that great viciousness exerts itself, it is only animal desire that was there, not Love.

Let Me tell you, I have seen it acting among the students sometimes when their sex desire was opposed. The viciousness in that individual knows no bounds but that has no power to hold the Children of Light. Remember, beloved students, your every movement is watched, not only by your Higher Mental Body, but by the Ascended Masters. There is no such thing as deception. There is no such thing as hiding something, so do not try it. I am talking to you heart to heart tonight because Our Love is so great for you and We want you to be so free; but you cannot do it so long as there are lurking dishonest motives;

or just a slight inclination to side-step the truth. Tell the Truth, if the heavens fall! Individuals have tried sometimes to see how much they could deceive the Messengers, believing that the Messengers did not know everything that was going on.

Look upon these two forms to-night, they seem and are very humble, very natural; but they are so far beyond what these human forms seem to Out-picture, that you would be greatly surprised. Because they are firm enough and strong enough to hold obedience to the Light and hold the students who do not want to give obedience in line. Do not criticise them. They are the authority in This Work, and shall remain so. Remember that.

Beloved ones, to-night is one of the Glories of Life. Oh, that all of America might be as ready and willing as you are to accept the Power of Light. Within thirty days all conditions of limitation and distress would have disappeared from your America; but the Victory of the Light is expanding so rapidly.

Beloved ones, be of good courage. We sometimes feel it is not wise to tell all of the expansion that has taken place within ninety days; but it is tremendous. So I say to you who have been so earnest in these Mighty Decree Groups, your service is tremendous! We give you acknowledgment, and even though you do not see yourselves humanly Out-picturing all that; yet We know it and tell you for your encouragement and strength. We call your attention to it, because We do know; and until that day when you of your own self know definitely that which We now know; then We wish as a little compromise to give you the encouragement when it is due, when it is right and when it will be a strength

to you. Therefore, to-night will be one that you shall never forget; for I will remind you, if you try to forget it.

Do you realize, beloved ones, what your Goddess of Liberty means to you? I am not speaking of the Statue; I am speaking of the Reality—the Mother of the American people—the God-mother of you! Wondrous beyond all words; and notice in preparation for your coming, She in that great moment revealed to Washington the future of America; the episodes that were to take place, but because there were not sufficient individuals having the Understanding of Life, the first two episodes took place exactly as was shown.

The Goddess of Liberty saw, that if something more than ordinary was not brought forth to the assistance of mankind, they would perish completely in the third episode. That Great One was shown the Power of Light. How could that Power be released? Not by the Light Itself! Then, how did that Great Presence of Life know sufficiently clear to say: "If necessary that Light as of a thousand suns would be released to dissolve and consume all human viciousness and discord from the planet"? Then, that Great Presence must have seen that there would be enough of humanity awaken to the Power of their Presence; to make the calls which would enable the Power of the Cosmic Light to release Itself at a given time to do Its Perfect Work. Now you heard Me say, "a given time." That is not prophecy. A given time according to the call and the release of humanity.

I could say to you to-night: "If you will do certain things between now and to-morrow night,

I can tell you exactly what will occur the following week"; but if you refuse to do it or forget to do it, then that which I had told you would be wrong, would it not? It would not mean that I had made a mistake; but you had failed to fulfill your part. You see how simple, how majestic, how powerful these Laws of your Life are?

Beloved ones, let this great release which is coming to-night fill you with such joy and happiness that It is forever sustained in Its expanding Activity until your calls bring immediately the answer.

Beloved ones, I say this in so great a Love and kindness: the Great Divine Director said many months ago that if the Christian Scientists did not stop opposing this work they would empty their churches; if the orthodox world did not stop it they would empty their churches. Well my dear ones, if I were to tell you, to-night, how many churches have already been emptied and closed you would be astonished. Why cannot humanity be kind and those churches be filled with the Light instead of criticism and condemnation?

I think I should tell you to-night that one in Los Angeles who is preaching such viciousness, such falsehoods against the Messengers was one who caused the crucifixion of Jesus in that embodiment. That is how We know the Reality of Life; and when those individuals continue that destructive activity embodiment after embodiment, can you conceive of anything more pitiful in all the world? Watch out for human sympathy. Do not let it act. Arise in the Power of your Presence and call for their release; call the Archangel

Michael with the Sword of Blue Flame to descend and cut them free from further destruction. That is how you heap coals of fire of good upon the heads of destructive individuals.

What do you think it means? For instance, you who are gathered here to-night, what do you think it would mean, if before retiring, you were all to make an earnest call to the Presence of Life, the "Mighty I AM," and the Archangel Michael to cut these individuals free; annihilate cause, effect, record and memory from all which was impelling them into destructive activities, would you not render a service inconceivable?

That is why this Activity of the Light that knows no obstruction simply moves Perfection in; and these precious Messengers in all the viciousness that has been said about them, the falsehood and that force which has been projected at them, is unable to touch them; and they call blessings and the Power of Freedom upon those who act so viciously. Show Me any others of mankind who are willing to do it, or who do do it. People prattle about Christ-likeness. When you are able to call Blessings and the Great Presence of Life, to cut individuals free who are building up more and more destruction about themselves each day, is that not Christ-likeness? (applause)

Therefore, My beloved ones, go forth the Victory and Freedom of the Light, in the fulness of Light! In the fulness and command of your "Mighty I AM Presence," go forth the Victory of the Light! Hold that Purity and Perfection which has replaced the discord of the past to-night; hold It in joy and Its Mighty Activity within you!

Let it Out-picture the Glory which it is, in Its ever-expanding Activity in and about you forever.

I thank you, beloved ones for this opportunity to serve and may the Powers of Light hold you in My Victory of the Light forever. (applause)

As one brushes feathers away with the wave of the hand; so can one consume all dirt or unnecessary substance, by a wave of the VIOLET CONSUMING FLAME from the Hand of the individual's own "Mighty I AM Presence"; commanding everything in your Being and world to be maintained forever absolutely spotless and immaculately clean.

(Extract from the Goddess of Light's Discourse from the Class Broadcast in Oakland, California, Sept. 4, 1938)

BELOVED Children of the Light, do you quite understand that within you the Stream of Light and Energy that is beating your heart and giving you Life is all that you ever craved? In that Light is released all happiness, all supply and the governing of every condition. It will make your Life a perfect dream of beauty in action.

You have dreams, some pleasant and some unpleasant; but after all the Dream of Life, which means the full action and Perfection of Life, has been within the heart of mankind forever, and will remain forever. It is the Prompting of Life

within you which gives you in the stillness—in the quiet moments of your Life—the feeling to often day-dream, so to speak, of the Beauty and Perfection which you would so enjoy. To-day, there are many who are having fulfilled in their Lives, through their calls to the Presence of all Life, their desires for the happiness, beauty and Perfection, which they had thought were impossible of attainment.

We know it is not impossible, to attain Great Eternal Happiness; and many of the students to-day are also finding that it is not impossible. It is all quite practical, and as the Messenger has said to you so many times: "Try to feel, that all which ever has or ever will act within you is your own Presence and Power of Life, the 'Mighty I AM'." Its Wisdom is the most practical action of all that exists in, through and for mankind.

Individuals in the various orders of the world, in the attempt to hold within their own compass the direction of the Wisdom of the ages through the various orders, have clothed Life with mystery and misunderstanding. To-day, Life is revealing Itself to you in *Its Simplicity, in Its Magnificence, Its Majesty and Power.*

As you go on, and on, in your application of this Great Law and your study of It, I urge you to study, study and study constantly this Magnificent Work. Apply It and as you study, read and re-read these Magnificent Words of the Great Ones, realize they are Cups which carry OUR Power of Light into YOUR world. Remember, that as you study, study and hold your attention upon these Cups of Light, which are Our Words you will *anchor* the Power of Our Light within your feeling world; and you will have the Eternal Blessing of Its Great Power and Action.

The hour has come to see the shining face of your "Mighty I AM Presence"! Its slender Hands point you every minute to Victory and every second is now filled with Mighty Ascended Master Miracles of Perfection forever!

· MINUTE MEN OF SAINT GERMAIN ·
· SAINT GERMAIN'S DISCOURSE ·
· Oakland, Cal., Class—September 3, 1938 ·

BELOVED friends of Oakland and San Francisco and beloved "I AM" students, necessity compels Me to make certain revelations to you to-night, which you may accept or reject as you choose.

Secretly there has been spread in your vicinity an activity which pretends to be the Real Activity of Myself. That is not true. I have never had anything to do with that activity. The black magician who has his claws upon it is representing himself to be Me. Now, if the people want to believe him instead of My Words, they are quite free to do so; but I assure you, when that black magician, if he is not caught before, sees his failure which is before him now to-night, he will turn upon his victims; and God help those who are caught within his claws.

It is strange, that people can be so deceived. Beloved ones, this Ascended Master Instruction of the "Mighty I AM Presence" is not to destroy. It is to build. I AM BUILDING AN ETERNAL FOUNDATION FOR AMERICA AND THERE SHALL NOT ANY BLACK MAGICIAN NOR ALL OF THEM NOR THEIR CLAWS AMONG MANKIND DESTROY MY WORK! (applause) I would much rather not have to do this, but since it is imperative, I do not hesitate to tell the Truth. The responsibility is on Myself, not the Messenger; therefore, I say to you fellow-students and friends of America: "If you do not believe My Words go on; but one day, too late, you will KNOW that I HAVE told you the Truth.

I shall give you the full explanation. There have been various individuals, some of whom I dismissed from this activity for good reasons; some who have been their sympathizers; and some from other groups of people who have gone into that activity thinking to destroy My Work. Well, remember! destruction always returns upon its creator sometime, somewhere.

I bring forth only Kindness, Constructive Activity and the Wisdom of the Ages in those magnificent books, the SAINT GERMAIN SERIES. They will stand for hundreds of years as they are to-day, because they deal with the Truth of Life in greater fulness than anything that has ever been brought to mankind. Having My ETERNAL FREEDOM I should know what I am talking about.

If there is anyone in this room who thinks this is the Messenger talking, change your mind! HE IS VOICING MY WORDS THAT IS TRUE, BUT THEY *ARE* MY WORDS, NOT HIS. The world

is going to know that the Ascended Masters are Real Tangible Beings and VERY PRACTICAL.

The Life that is beating your own precious hearts this moment is the most practical thing in this Universe. There is not a thing in the whole Universe that IS practical *but* Life. Once you realize that, you will see how even in Our Octave where all this great Perfection is, still We are as practical as you and even more so; because We know the full Truth of Life, which you are beginning to understand.

From Maine to Seattle there are individuals, because they could not govern the Messengers and My Work, who have sought these four years to find some channel—some avenue—by which they could outwit and destroy My Work through the Messengers. In their hearts they know I AM REAL, but in their intellects they try to doubt. That is unfortunate for them.

Now beloved ones, I am standing right here in a body just as tangible as yours, while I am flashing these words to the Messenger. You might say to Me: "Well why don't you show yourself?" WHEN I GET READY I WILL, (applause) but remember! IN THIS TIME OF DICTATORSHIPS THERE ARE NO DICTATORS TO ME; (applause) AND THE DICTATORS OF THE WORLD HAPPEN TO KNOW ME QUITE WELL! They also know their dictatorships are of short duration. (applause—audience rising)

Beloved ones, while you are standing, please receive the Mighty Currents of Energy pouring to you, as I continue for a few moments. Now, let Me explain to you why I have become so very determined and so positive to the outer world, which I have not been heretofore.

When I am witness to the conditions of the nations of Europe for whom I worked for several hundred years; and because of their unwillingness to listen; and because they have been unwilling to give obedience to Life, they find themselves in the conditions of to-day—prisoners within a boundary of land! If they were prisoners in walls of stone, it would not be firmer. Why the humanity of those nations will stand for it is more than I can explain; except, that I know they will NOT ALWAYS stand for it. Arising among those people are those who will yet set them free. (applause)

Remember, in Russia they have been murdering one group after another. There may yet one arise within Russia who will be the Power of Light; and when that takes place, the transformation will be almost magical. Be of good cheer, the world has not gone to the dogs yet. (applause)

Believe Me when I say to you, beloved friends of America and fellow-students, some of you have no doubt witnessed airplanes in a tail spin. Well, some of these dictators are going to take a tail spin! (applause) Now, I say to all the destructive forces there are: "*Destroy Me if you can! You will find that an Ascended Being can walk right through your walls; and your locks and keys do not keep Me out;* and I say to all associations hiding behind the shadow of darkness: be careful that I do not stand beside you!

Beloved ones, when mankind come to the point where they are afraid to show their faces and talk from within darkness, any sane human being should know treachery and destruction is back of it.

Beloved ones, when Kuthumi and Morya

brought the knowledge of the Masters to mankind and the western world, Their first attempt was through Theosophy. They brought it forth and the present activity of spiritualism took it up and distorted it. Then, the black magicians seized upon spiritualism and concocted all kinds of materializing seances, trumpet seances, and every conceivable scheme to get the people into darkness. Well they did not get very far.

Now watch out, friends of America, the claws of the black magicians are out and whatever tries to pull you into darkness, you know it is destructive; and you had better be careful. When you listen to a voice outside of your own "Mighty I AM Presence," make the individual appear before you. You remember in the oracles of Egypt, when they began to speak from hidden sources the destruction of Egypt came. Once there were Real Oracles! Then the destructive forces seized upon that idea and placed human beings to speak within those oracles and the down-fall came.

To-day, in America there are those same individuals, the same diabolical action is trying to get its clutches upon beloved mankind and if mankind will listen to Me, those destructive forces will never succeed. I leave every human being wholly free to believe Me, the Messengers and My Work which I have brought forth, or not, as they choose. You will never find Me, you will never find the Messengers asking you to do anything except be loyal to the Presence of your own Life, the Perfection that It holds and your Almighty Freedom!

Anything that tries to bind you is your enemy and remember it! Therefore, I say to you to-

night, beloved ones of the Light, go forward in the Light and be free! These precious Messengers who have gone forth so fearlessly carrying My Work, what do you think My feeling is to them? (applause)

Do you know, that I have tried to bring this Ascended Master Instruction of the "Mighty I AM Presence" forth for six hundred years? When I thought I had Napoleon to the point where he would give obedience he failed Me; yet had he obeyed Me it would have saved all the wreckage of Europe since. He was, in the beginning, as obedient as you or the Messengers; but in an unguarded moment, through a condition which I do not care to mention, he opened himself to those destructive forces; and I could not get him to listen afterwards. I went to his apartments in Paris as a last effort, and placed a screen across the room. I walked in behind it one form and came out another to prove to Him the Power of Life; and still he would not believe, after he had evidence untold!

Therefore, in your seeking evidence of proof of Ourselves or Our Light, remember Napoleon! Beloved ones, the human ungoverned will *never* admit Perfection. Remember that! Until you, like the Messenger, make your human come into obedience and be silent, you will not know happiness in its fulness. He was fortunate at that moment, because ten minutes later, he never would have accomplished it; but unknowingly he was co-operating with the Great Cosmic Law.

You have seen, in the Work of the Messengers, everything suddenly stop in order to bring into action the Great Cosmic Law to co-operate with

your calls. That is the Power of Wisdom acting, beloved ones.

I love you, friends of America, every one, and I love you beloved students with a Power of Love that is unknown outside of Our Octave in which there is no human quality. It is the Power of Light that can lift you to the Heights, every one of you. You see how the Messengers have been lifted to their present height; and yet in their great Love and obedience to Me, everything they have is offered to Me and shall always be. Not because I ask it, but because they love Me; because they have found that I make no mistakes and have not deceived them once. Neither shall you, if you give Me that same obedience; for I ASK ONLY YOUR OBEDIENCE TO YOUR OWN LIFE, that I may assist you into Eternal-Everlasting Freedom.

I love you, beloved people of America! I love the people of America, because they are responding to the Presence and Power of Light; and very soon, as Life is offering Its Perfection to you today, We shall stand forth the Victory of America and her precious people! (applause).

I wish, through the hand of the Messenger by My Own Current, to congratulate our Beloved Lotus in her magnificent service to humanity; to the Light; to America. No stauncher friend of America or for the Freedom of mankind lives today. May you understand and feel that tirelessness in her service, using limitless energy to serve America. May the blessings of the Eternal Power of Light enfold her in Its Invincible Protection and release from the Treasure-house of her Presence all the jewels, all the gold, that she can use in the Service of the Light.

Friends of America, if you will stand firm enough, and long enough, to win the Victory of the Light in America, I shall show you some things that will forever lift you into the glory of the incoming Golden Age and the Perfection it means for every human being on the face of this earth and in America. I shall show you your Temples illumined without fixtures; for I shall place, within every Temple of Light, the Unfed Flame and the Luminous Globes of Light to stand eternally, illuming your places of worship. That is what stands before those who serve the Light! (applause).

Remember, beloved ones, the Glory of God, the "Mighty I AM" opens Its Arms to you and says: "Come home, my children, and live in the Beauty, the Perfection and the Blessings that Life holds for you in Its Limitless Abundance; and all that your heart has craved throughout the centuries shall then be yours in action, in use. The Beauty and Perfection of your homes and activities, which all mankind has craved throughout the centuries, shall be yours here upon earth; until you change your forms in the Power and Light of your Ascension. I thank you. (applause).

"Mighty I AM Presence" YOU stand guard over my feeling world forever and make it impossible for me to ever accept anything into my feeling less than the ASCENDED MASTERS' PERFECTION in all I do forever!

OH, Glorious Flag of America! of Light! and of Freedom! We bow before Thy Majesty and Glory and we kiss the Radiance that flows forth from Thy Mighty Presence.

We thank Thee, Oh Goddess of Liberty, for having brought forth this emblem of Thy Purity, Freedom and Blessing to America and the world. May all the world awaken to know and feel the full Blessing and Power of that which our Flag means to all. Its Blessings are not only poured out to America, but to all the world; for that Flag symbolizes the Light of the world. May Its Mighty Light take Its full Dominion and express everywhere in the hearts of mankind.

Oh, "Mighty I AM Presence" hold that waving splendor in the Cosmic Light over America until

the Golden Age finds Its full Dominion and expression in the world; peace on earth once again reigns; and all pour forth good will to man. In the fulness of all Life holds for each one, may all give obedience to Life and pour Love and kindness too.

· MRS. G. W. BALLARD'S BROADCAST ·

Seattle, Washington—September 17, 1938

The Constitution of the United States of America

BELOVED fellow-Americans, "I AM" Students and guests within our borders! the Ascended Masters in Their Instruction of the "Mighty I AM Presence" have asked all within our land to stand with dauntless courage, strength and power for the Constitution of the United States of America; the Declaration of Independence; and the United States Supreme Court—unchanged from their original intent and Divine Protection to America and all mankind.

They have asked us all to call the "Mighty I AM Presence" into action to charge our fellow-Americans with enough courage, strength and power to hold those Instruments of Perfection and protection forever acting and serving our people. The Ascended Masters have said:

"America's people shall *not* sleep longer!

America's children *shall* have Light's protection!

America's homes shall *not* be destroyed!

America's stand for right, justice and honor *shall* be resurrected and once more *grip* our people and *hold control.*

America's industry *shall* be cut free forever from *every* destructive individual.

America's money *shall flow among our people* to bring balance and supply to *all* who seek the *Constructive* Way of Life.

America's natural resources *shall* be protected and *governed* by the *Power of Light* to supply *our* people.

America's education *shall* be freed from all destructive false information and subversive effects.

America's people *do* want the Light!

America's people do *not* want a dictator!

America's people *shall not have a dictator!*

America's people are *not* cowards, and dictators *shall know that!*

America's commercial activities shall *not* be destroyed!

America's commercial activities shall *not* be held in the claws of those who are agents of foreign dictators"!

Fellow-Americans, you who live within our borders, and guests from other lands! to-day, we should all on bended knees give praise, thanks and gratitude to Life for all that America means to us and to the world; for our Constitution, and for what it means to all mankind.

The greatest illumined minds on earth have said that the Constitution of the United States of America was either a divinely inspired instrument or the early patriots built better than they knew. If they built better than they knew, then something more than human built through them; and brought forth our Constitution of the United States of America by the Power of Light!

That Constitution *is* a *Divine Instrument* and has for more than a century and a half been the admiration and ideal of every straight-thinking person throughout the world. Therefore, fellow-

Americans, give your *all* to protect America's Constitution *now* while there is yet time. Individuals and groups who have sought to limit its powers or destroy its protection to our people, should realize that the American nation is made up of those who fled from persecution in other lands. Such courageous persons, who have once tasted of the freedom and better things of Life which we have here, do not too easily forget the sacrifice they made to get here.

Those in positions of authority should be made aware that within our land there are those strong courageous Mighty People of Light. Those fearless, dauntless, determined Champions of the Light *are ready* now to annihilate every attempt to cripple an instrument that is the guarantee of every constructive thing, to every human being on the face of the earth forever. The Constitution of the United States of America means just that to all mankind and is the only Anchor of Light humanity has to the Ascended Masters' Victory and Dominion of Light.

The Ascended Masters have said: "Let those in positions of authority beware! The Powers of Light *shall* take Dominion of their own! The Powers of Light brought forth America! They brought forth the Constitution which guards her freedom; and no human being nor all who attempt Its destruction can stand before the Onrush of that Power of Light which once brought forth our Original Freedom. The Freedom of America was the beginning of the Eternal Freedom for all mankind and the earth from the discord of the ages.

There is a Great Law in the Universe that compelled the acknowledgement of the Power of God,

which is in the Oath of Office that those within our government must take upon entering office. Of their own free will, they agree to support the Constitution of the United States of America and to enforce its laws. Remember! when an individual by the Power of his own Life gives that promise, which is his Oath of Office, he has of his own free will, by the Power of his own Life, invoked the Power that rules all things well!

So, those who have not chosen to support the Constitution of the United States, *can*—before the Great Law of Life, be compelled by the *Power of Light* to do that which the human does not wish to do! Those, within our borders who cannot be grateful for the protection afforded them by our Constitution and for the supply of food and money they receive within our borders, are to soon learn what their ingratitude draws upon them.

Those who still earn their living here and who are the beneficiaries of the wealth, blessing and the protection of our Constitution and the Power of Light, should be grateful at least, that their good may continue. All are soon to know what it means for the constructive people within our borders to arise as one man; and in the Power of Light, wield the Dominion of the Ascended Masters' Light Rays; before which every destructive individual and force in the Universe is *compelled* to dissolve as mist before the morning sun.

The Constitution of the United States of America is a *Diamond of Light* among the nations of the world—the Diamond of Light that holds the only surviving hope mankind has, against the insane fiends who pose as dictators of the rest of the world! Sooner or later all within our borders,

who do not obey and serve the Constitution of the United States of America, shall be *compelled* by the feelings, by the Intelligence, by the Power of Light within the hearts of our people, to give way before the Onrush of the Cosmic Light that now goes forth to protect Its own.

America is ours to guard!

America is ours to love!

The Constitution of the United States of America is the Instrument and the Divine Protection given to us by the Power of Life to guard our Freedom and guard the sanity of mankind in the rest of the earth. Any human being who has not Intelligence enough to appreciate the good things guaranteed to him by that Constitution, has no right within our borders!

Beloved fellow-Americans, if you feel as the "I AM" Students do, and as the Ascended Masters do, you will *know* that We have thrown everything we have on the side of Light for the protection of the Constitution of the United States of America. We would rather give everything we are and have; or ever hope to be or have; for the protection of that Constitution and all it means to the people of America and the world; than to live here under any form of government wherein our Constitution is not permitted to be the activity that guards our destiny.

Life is no fool! The Ascended Masters are not fools! We are not fools! America *is* filled with strong, stalwart, courageous, fearless, dauntless American patriots, who are willing to defend America with all they have.

Every individual within our borders—man, woman and child, who has strength enough to call the "Mighty I AM Presence" and the Ascended

Masters' Light Rays into action to protect our Constitution, *will be answered* beyond their fondest dreams. Therefore, we are calling to your hearts, people of America! We are calling to your sense of honor; calling to your courage; calling to your Intelligence; calling to your Life, to come forth and give your assistance NOW; to support and to protect the Constitution of the United States of America, which is your *only security* of the future.

To think that within a land, supplied as we have been with the luxuries, the wonderful gifts and beauties of Life, that any such conditions should have been able to come about as we have experienced over the last twenty years, is an insult to Life.

Therefore, let you and I and every other straight-thinking person within our borders make up for lost time now; and call with all the intensity and Power of our beings, for the Great Host of Ascended Masters who brought forth our Constitution of the United States of America to release Their Power of the Limitless Legions of Light to stand guard over It that our people may go on with a guarantee of safety and at least as much prosperity and protection, as we have had in the last century and a half.

Everyone within our borders who loves America, should daily gaze upon the American Flag, our Star Spangled Banner! and in all the Power and Love of your heart, call the "Mighty I AM Presence" into action, to release Its All-powerful protection and Perfection to surround our blessed Flag with all the Power of Light that is needed, to hold our Constitution of the United States forever supreme within our borders. Let all

within our borders give daily thanks and gratitude to Life for the privilege of living under a government such as is given to us by the Constitution of these United States.

To you fellow-Americans do we call! Upon us all rests the responsibility of guarding that Divine Instrument! It is the Great Diamond among the nations of the world! Are you going to allow someone else to dim its Light or destroy its beauty and Perfection?

The Ascended Masters offer Their Protection and hold your hands. The "I AM" Students are a Legion of Light! That Constitution of the United States of America shall go on unchanged to guard our people against dictators of any kind —either from the rest of the world, or from within our own borders.

Thou Constitution of the United States of America! we say in all the Power and Light of the "Mighty I AM Presence," the Ascended Host, the Legions of Light, the Great Cosmic Beings and Mighty Cosmic Light! They stand guard over you forever! The Victory of the Light *shall blaze* within our borders and hold you eternally in control of our people.

· MUSIC OF THE SPHERES ·

IT is our very great privilege and joy to announce the release of three new pieces of music, which have come forth to carry tremendous blessing. They are charged with the Ascended Masters' Power of healing, illumination, protection and harmony to the "I AM" Students, America, mankind and the whole world. Their power to bless shall never cease, but instead shall ever increase.

The first song is LIGHT OF MY HEART, the music and lyrics of which both came through the Beloved Messenger, Mr. G. W. Ballard, who uses the pen name of Godfré Ray King. The likeness of the figure on the cover is that of his Higher Mental Body and the Light from Its Heart is charged into the music, lyrics and picture to go forth and release Its Perfection to all who hear, sing, play or contemplate it.

The second song LOTUS MY LOVE also came through Godfré Ray King and the likeness of the figure on the cover is that of the Higher Mental Body of Lotus Ray King. The Outpouring from Its Heart charges the music, lyrics and picture to go forth to release Its Perfection to all who contact it.

The third song is THE ASCENDED MASTER YOUTH OF AMERICA, the music and lyrics of which came through Virginia LaFerrera; and which is dedicated to the Ascended Master Youth of America and the world. It is especially charged by the Ascended Masters with protection, blessings and the Power of the Light to bless all young people forever.

The musical arrangements have been made by Vinton and Virginia LaFerrera and the illustrations on the covers have all been done by Mae DaCamara.

Victrola Records have been made by Catherine Rogers and Virginia LaFerrera.

We wish to extend our love, blessings and gratitude to these blessed ones for their glorious assistance in helping them to be released for the use and blessing of the students. May the whole world sing these songs, be set free from all distress and stand eternally Victorious in the Light.

Price each $1.00 *Postpaid $1.15*

· *Victory* and *The Minute Men of Saint Germain* ·

It is our very great privilege and joy to announce the release this month of two new songs—VICTORY and THE MINUTE MEN OF SAINT GERMAIN.

The likeness on the cover design of Victory is that of the Ascended Master Victory, Who is mentioned in Unveiled Mysteries as the Tall Master from Venus; the music being charged with His FEELING of VICTORY.

The likeness on the cover design of The Minute Men of Saint Germain is that of our Beloved Ascended Master, Saint Germain, in Golden Armor as He works with the Sword of Blue Flame at the Inner Levels. The likeness of Him is very remarkably accurate.

These songs come forth to carry tremendous Blessings to all. They are charged with the Power of Victory and Light to bring the Victory of the Light everywhere they are heard, sung or played, or the pictures contemplated.

They shall charge the "I AM" Students, America, mankind and the whole world with the Ascended Masters' Almighty Power of Light, until the Eternal Victory of Life takes Its Dominion forever.

The music came through our beloved Virginia LaFerrera and the lyrics through our beloved Catherine Rogers. We love, bless and thank these precious ones forever for all they have done; and our beloved Vinton LaFerrera for his assistance in the arrangement of the music.

INFORMATION

The information given under the heading of "Young America" will be the Ascended Masters' help to the young people for their protection and illumination, as they are the builders of the new civilization and are the channels through which the Ascended Masters will give their Light for the use of the outer world in the Golden "I AM" Age.

RAINBOWS

RAINBOWS of Beauty—Life's Promise Divine,
Gleam o'er the earth in white mist and sunshine
Pouring their blessings and message of Love,
Turning all hearts to the Presence above.

Rainbows of Power, Obedience and Light
Blend in our hearts, Their Heavenly Might
Drawing us up to our Victory Supreme,
The "I AM"—Our Source, Their Presence, Its Stream.

Rainbows of Promise so bright in the sky,
Crowns of Great Glory to bless you and I
Shedding their splendor, their Radiance so rare
Release their Perfection, past all compare.

Rainbows of Blessings come—one two and three
Expanding their gifts to all—you and me.
They pour out Light's Glory—Life's Mighty Plan
Dominion on earth and Freedom to man!

Rainbows Almighty—the Great Cosmic Light,
Cover Our Land with Its Glory and Might!
Swift comes Its Action in Justice to all!
Life in Its Vict'ry has answered our call!

MR. G. W. BALLARD

"As soon as our beloved Catherine began to sing the "CALL TO LIGHT," it was as though I were looking, consciously, knowingly and expectantly—although I did not outwardly know this—toward an entrance from the Ascended Masters' Octave. In a few moments, I saw a Crystal Door like a Great Diamond and around It was a Mighty Radiance. As this Door opened, the Goddess of Light stepped forth into the human octave. I never knew such a thing was possible, but She has opened the Door of the Ascended Masters' Octave to the earth. It is an unheard of thing in the history of the world, and means surely the Victory of Light to America. (applause)

"My gratitude was so great I sobbed within. It was almost uncontrollable, for to a small degree I know what that means to our beloved America, to our people, and especially to the beloved students who have been so earnest, sincere and faithful in their adoration to the Light and the Great Presence—the 'Mighty I AM.'

"We have called so earnestly that as soon as the Great Wisdom would permit, some Outer Manifestation would begin to take place in the presence of many people which would give them the satisfying conviction within, of the Reality of the Great Cosmic Light and Great Cosmic Beings.

"If mankind understood the Reality, the Power, the Beauty and the Perfection of These Great

Beings of Light—of course there is limitless evidence before them; but since humanity have so long been held within their own human discordant creation, it is not surprising that, occasionally, people require a little time to adjust to these greater Ideals and the Truth which their own Life actually is. So I think I shall never be impatient again at anything.

"Even with all that has been said, I did not know until to-night, the Power of the song, 'CALL TO LIGHT.' I felt It tremendously when It came forth and when Catherine sang It before; but I did not know until to-night what It means to you and our beloved America. It has opened the Door of the Ascended Masters' Octave, which will continue to pour Its Mighty Light-Substance into America and the earth.

"Since it occurred here in Chicago, will you all consider this a most sacred Sanctuary? There was a Divine Action in obtaining this lovely place. To-night, this Transcendent Out-pouring has been so fitting after the close of last night's class."

The Goddess of Light then dictated the following:

· GODDESS OF LIGHT ·

CHILDREN of earth, who have become the Children of Light, I greet you in the Name of Wisdom and the Power of Light! The Light which is within you is expanding with great rapidity; and may you retain and sustain this height of vibratory action to which you have been raised during the class which has just closed.

It is quite true, the "CALL TO LIGHT" is the song I sang and which brought Me release from that which the black magicians imposed upon Me

in an unguarded moment. By It, I freed myself and have been able to be instrumental in consuming the war entity of the world. How great has been My Privilege to be the One to open the Door into the Ascended Masters' Octave of Light; that the Great Light-Substance may continue to pour forth into America and the world.

Will you all, for this is to be conveyed later to the entire body of students, hold It a most sacred Memory for the remainder of your embodiment here; or until your Ascension, if you make it here in this embodiment? Hold forever a most Sacred Memory of this night; for to-night starts into action the Mighty Spectacle of the Cosmic Light! As this Light goes forth spreading Its Radiance, you will find, beloved ones, that all unkindness toward the Messengers and This Work will steadily and surely dissolve and disappear.

I said to Saint Germain: "this unkindness must no longer continue. These blessed ones have brought the Freedom to America and I believe, to-night, to the world or shall I say the earth. Let us rejoice that in their humbleness, they will not accept any credit to themselves but your great Love and that from the body of students which is ever increasing now with great speed and power, they pass to Us to render this Service to America.

We may not tell you, beloved ones, all the conditions that have existed up to to-night. It would be very unwise to draw your attention to the conditions that even exist in your America except enough that you may understand and make your maximum application. Enough is understood, to-day, to enable you to call forth the utmost Power in your application.

I am sure those of you who are here to-night would need no encouragement, were you to understand how the Mighty Decrees that have gone forth have released the people. You cannot possibly estimate in the outer the magnitude, the majesty, the power, the release that is coming to mankind—to thousands and thousands of people who have not yet touched the Ascended Masters' Understanding of This Work. It is so far reaching.

To-night, in this powerfully charged atmosphere, will you please understand that everything you put forth in your call to the Presence—in your Mighty Decrees for protection or otherwise —goes forth into the mental and feeling world of mankind, which is One throughout America. The Great God of the Air and the God Himalaya have so adjusted the Air Currents, that your call first passes throughout your America where the first need is greatest for the protection and awakening of the people of America into loyalty to America and the call that gives the protection; then to spread Its Radiance on and on.

The mental and feeling world of mankind are one. Please remember that in every particle of your application. Remember! when you call on the Law of Forgiveness, call on the Law of Forgiveness for ALL mankind's mistakes. Do you know what that one particular activity will do? You, as one atom in the body of mankind have the authority, have the right, to call on the Law of Forgiveness for all mankind; because many of humanity do not know that this is necessary. You who do know, have the right to call. By that call, one day, it will bring them to the point where they too will call on the Law of Forgiveness for their own and all mankind's mistakes.

Do you realize what a magnificent activity is in that one expression of Life? For centuries, mankind have made these mistakes repeatedly—again, again and again. Now, Life has offered the people the opportunity to step out; and in their call on the Law of Forgiveness and the use of the Violet Consuming Flame, dissolve and consume all that has been accumulated. They do have the right, the Power and the Authority to rise and step out of those accumulations of the centuries.

Therefore, take advantage of all that is being offered with such great Divine Love and Graciousness from the Great Beings of Light. Without Them, you would not last one year in the outer conditions that exist to-day.

Oh, what a pitiful sight it is, to see those who once loved the Light turn aside by listening to vicious gossip! One who lived so near the Great Light in the beginning of the Messengers' work, turned aside and the Light has almost closed away from her. What a pity! What a pity! It was all because of jealousy of the Messengers. Beloved ones, I think many of you know who I mean. Call for that one to be released; so she may again release the Light which was expanding so brightly within her and that would, even now, carry her forth into the great Freedom, which she of her own volition shut off. I say, try to help her.

So in all that you do, even if sometimes individuals caught in the clutches of human conditions become vicious, still call the Presence of Light, their own "Mighty I AM Presence," to enfold them; and to cut them free from the claws and the net-work of destruction into which they have been drawn. Ere long, that will become one

of your Mighty Decrees. A special Decree will be given of which you will be informed for that specific purpose. It will be to release those whose Light has been so lovely; and who have by evil influence been turned aside, that even those destructive forces may not hold them. It means a great deal, when an individual willingly determines to turn aside.

Let Me explain to you to-night: the Great Cosmic Law, the Great Cosmic Light through Saint Germain, has chosen these Messengers who are strong enough to live a clean, pure Life and stand against the impact of every bit of destruction of human viciousness. They have proved to you and your city their ability to do this. That should be an example to all mankind of the Power of this Light.

I want to say to you, that if good were not to come out of the experience which occurred at your class recently, this Messenger could have stood and without a word released the Power of a Light Ray and those individuals would still remain standing in their tracks; but he would not do it. Therefore, the Light has corrected and transmuted all that might have been viciousness into a great great blessing; and even the hearts of those who instigated the condition are in agony to-night.

Therefore, I urge you, beloved ones, to face all conditions of Life in a great calmness; in the Power and Peace of Light; then you will not be caused to do something that would mar the expansion of your own Light.

Remember, the experiences of this beloved Messenger recorded in those blessed books are true. His "I AM Presence" gave the Assistance to David

Lloyd in His Ascension here in the physical world; therefore, that same Power could have been released had it chosen to do so. There are no human persons nor creation that could stop it; but out of this occurrence has really come an Ascended Master Miracle, for which many of you have called. You can all well rejoice that the Messenger was strong enough and calm enough to go serenely on and let it take place. It has been the means of dissolving and removing from your Chicago forever the resistance which has been here for many years.

There are a few individuals yet who are feeling very vicious and unkind, but their viciousness will be returned upon them. I want you to know this to-night. In the Radiance which has been released here and now in the Out-pouring of this Cosmic Light, remind yourselves of It, please, every night as you retire to rest. Let your last memory on going to sleep be the Crystal Door which has opened and which is allowing the Great River of Cosmic Light, the Ascended Masters' Light-Substance, to pour forth into your America, into your industries and into all conditions in your government. I trust, ere long, you will see many satisfactory changes coming about. People will want to do the right thing because their hearts will have seen the Light. Their hearts will have understood, and through that understanding people will have the great desire to be constructive instead of destructive. Mankind has long, long been in the clutches of every sinister activity.

What do you suppose makes what you call a racketeer? There are but very few—perhaps one hundred people—in your America to-day who of

their own volition would be vicious. Think of it! only one hundred people in your America who would of their own volition be vicious. Not understanding the Law of Life they become irritable, jealous or disturbed and open themselves to the claws of the destructive forces and the discordant accumulation of mankind for hundreds of thousands of years. Then, you can understand why that pressure rushes in upon them and they act out things which many times they do not really want to do.

Just as the blessed one who made this charge against Our beloved Messenger, in her heart did not want to do it; but the vicious individual who got hold of her kept pounding at her until his vicious influence caused her to temporarily submit to that kind of thing. Her heart is good. The Messengers know that, and call constantly for her release.

I want you to understand, to-night, that all the earth begins its change to-night! I mean in a greater capacity. Of course the Great Cosmic Light which has been pouring forth Its Waves at regular intervals, has brought a vast change in the general mental and feeling world of mankind, as you observe, but this is a wholly different activity. The opening of the Crystal Door releases an Out-pouring of a concentrated Substance. It is to give added Assistance to the individuals who have turned their faces to the Light and who are loyal, sincere students under Saint Germain's Radiation.

There is one unfortunate person in your city who has believed that the Messengers were unnecessary and that she could do all they could. Through such an attitude it opened her to that

which has made things very difficult. Beloved ones, no one on this earth can take the place of these beloved Messengers. Now remember that! The Great Cosmic Light has made it so. When mankind have reached a certain rate of vibratory action there will be thousands in America who will have awakened. They will be so anchored within the "Mighty I AM Presence" and the Direction from It so clear, that there will not be the slightest confusion in that which pours forth from those individuals.

You must realize that anything which comes forth and disagrees with the Instruction of Saint Germain through the Messengers, is not correct. The Ascended Masters by flashing Their Words through this means I am using to-night, to express My own Feelings and Words to you, is the Way that assures Freedom from human concepts, human imperfection. This must be maintained until enough of mankind are so firmly anchored in the Light and so clear in the direction of the "Mighty I AM Presence," that no discrepancy or confusion can come in; but until that time arrives, the Messengers must remain the Authority under Saint Germain for keeping this clean, pure and untouched by human concepts.

I say to the Appointed Messengers, that at no time ever attempt to advise the students wherever you go. Keep turning them back to their "Mighty I AM Presence," and you will save yourself a lot of distress. If it comes to a point of vital importance, turn them to the Messengers. Therefore, all should be absolute harmony.

In the cities where the students are split into various factions and pulling apart; they must understand that such separation must cease. If

everyone of the students in those cities would stop giving attention to each other and instead, turn to the "Mighty I AM Presence," the right feeling would come about in all to give them perfect co-operation with each other. Do you not see how beautiful and how Perfect it would be? There are no such things as factions in the "Mighty I AM." It is only when the human tries to take dominion and dominate its fellow-man, that there is confusion among the students.

To-day, I say to all of you, since this release to-night has begun Its Mighty Spectacle in America, will everyone of you be so dignified, so kindly —yet firm in your speech and reference to This Work, that no one can find a flaw about it? Be absolutely fearless before your fellow-man in speaking of this Mighty Truth of the "I AM." You can well afford to! As you speak with firm confidence about your Great Presence of Life, the "Mighty I AM," mankind will feel your certainty, your assurance, and want to be like you.

I wish to admonish you to be very careful about using any kind of coarse jokes in reference to or in giving expression to This Work. People are expecting a great pure, dignified expression from the people who represent It. Therefore, in your great enthusiasm please be careful about that because if the human intrudes, it will take advantage of every opportunity to cause you to say things which are not proper to say in representing Our Work. If you will watch this particular thing you will find a great blessing to yourselves and an added Love from the people, which will rejoice you very greatly.

So you may try to have a little closer feeling of My Presence I want you to know that I am en-

throned just back of and above the Messenger, pouring My Radiance to you while he is voicing My Words. Try to feel It. Try to feel Our Reality. Please do not discuss this with each other; but just in the great calm feeling within yourself acknowledge and accept Our Reality. If you are getting the feeling of Our Reality and you begin discussing Our Presence with someone who does not believe that We are Real, their force rushes into your feeling world.

When you want to discuss something with an individual, if you are not on guard against what may come from them, it rushes into you and your world, for the feeling world of mankind is one. That is what has disturbed many many people. They are raised by their acceptance of Us and Our Radiation to a certain vibratory action; which makes them unusually sensitive to the vibratory action of the other individual as well. If one should prove to be ugly and unkind toward this Wondrous Light, then you receive the impact of that one's feeling and you become disturbed because you are not on guard for the moment. That is what has disturbed so many people.

Just be so firmly on guard in your thought, call and feeling, and on such guard in your speech that at no time do you say anything that could be construed to hurt each other's feelings. I know after awhile that will be impossible; but since many are still functioning in the human, the human is full of self pity and feels easily hurt. If you are hurt, you know you are in the human feelings because the Higher Mental Body could not be hurt by anyone's thought, feeling or speech. Therefore, rest serenely in Self-control in the acknowledgment of the Presence, so nothing can be

said or done that can disturb your feelings. Then, you become anchored and shortly you will see the dominion which is yours.

I thank you so very much for this opportunity to pour My Radiance forth to you. I wish to thank our beloved Virginia, our beloved Catherine and our beloved Vinton for the Radiance which was released this night; and I also thank you who were pouring your Love forth, for thus you amplified It with tremendous power. Remember, this song to-night, the "CALL TO LIGHT," Opened the Door of the Ascended Masters' Octave of Light, Whose River of Light-Substance pours to you in America.

I thank you and bless you forever with the full Power of Life in Its Commanding Presence, in, through, about, above you and into your world of activity to harmonize and produce Its Perfection, for your happiness, your success and for that to which your attention may be directed. May the fulness of Life find Its Perfect Expression through each one forever. I thank you!

· OUR ASCENDED MASTER MIRACLE ·

WE wish to express our deepest Eternal Love and Gratitude, and to thank every "I AM" Student for the Love, Loyalty, unflinching Courage, Self-control and Assistance with which all handled the intrusion of discord which attempted to touch the Chicago Class.

Mr. G. W. Ballard has never done a dishonest nor dishonorable thing in his entire life and never shall. We have never asked any human being for a thing, not even a dime nor a student list; and all who know us even slightly know THAT IS THE TRUTH!

We have given all and asked nothing in return. Everything we have tried to teach the people is only to help them to be loyal to their own Life, to the Highest Ideals in the Universe and our Beloved United States of America; that they and their loved ones may be protected from the viciousness and war that is whirling in the rest of the earth.

THIS ASCENDED MASTER INSTRUCTION is all that is honest, honorable, True, sound, balanced, intelligent, practical and Perfect. There is not one thing about it which any straight-thinking person cannot accept. It is brought forth in the interest of the public good for the illumination of the people, the protection of America and the Freedom of all mankind. Every human being on earth can prove this Ascended Master Instruction True; and no one can prove It false. It IS THE ONLY PERMANENT SUSTAINED POWER IN THE WHOLE UNIVERSE FOR ANY CONSTRUCTIVE ACTIVITY.

The Ascended Masters and we are determined to sustain every constructive person, place, condition and thing in America that the balance of all constructive forces may be maintained for the whole world!

Whatever anyone does in the defense and expansion of This Activity is just that much added protection and supply for himself, his loved ones, America and the world. We love America as few people can understand, because Our Country is the last hope on earth for the freeing of mankind from the discord into which it has been riding head-long to complete destruction.

Regardless of anything any human being does, this Ascended Master Instruction SHALL BE KEPT FOREVER FREE from human mistakes and viciousness. THERE SHALL BE ONE AVENUE OF ASSISTANCE TO MANKIND WHICH SHALL FOREVER REMAIN UNCONTAMINATED BY HUMAN SELFISHNESS AND MISUNDERSTANDING.

We all called in this Chicago Class for GIGANTIC ASCENDED MASTER MIRACLES AND VICTORIES OF LIGHT AND PERFECTION; to come out of even the slightest attempt to discredit or interfere with the FULL EXPANSION OF THIS LIGHT AND FREEDOM OF ALL MANKIND. THE RECENT OCCURENCE HAS TURNED INTO JUST THAT AND SHALL CONTINUE TO BRING ALL INTO THE FULL ACCEPTANCE OF THEIR OWN "MIGHTY I AM PRESENCE" UNTIL THEY ARE ETERNALLY FREE IN THE LIGHT.

Lovingly and Eternally with you in the Light,

MR. AND MRS. G. W. BALLARD

LESSED ones, and especially parents of children or those who have children under their care: PLEASE DO NOT TAKE STARCHES NOR PROTEINS AWAY FROM CHILDREN IN THEIR FOOD. They need both of these to build good strong muscles and should have the exercise necessary to release the energy which is contained within them.

When we have said for the majority of the grown people to stop eating too much sugar, starch and proteins, it is because the average person does eat too much of these particular substances and does not take exercise enough to help the body eliminate them.

When the body is overloaded with these three kinds of food, the mind becomes dull, the senses sluggish and the energy is used to throw off the excess food instead of being at the individual's command to use for constructive accomplishment.

IT IS JUST AS MUCH OF A MISTAKE TO ALLOW YOUR BODY TO BECOME TOO THIN AS IT IS TO ALLOW IT TO BECOME TOO HEAVY. BALANCE AND PERFECTION ARE ALWAYS THE LAW OF THE ASCENDED MASTER AND THAT IS THE LAW OF LIFE. It is the only sensible thing for anyone to do.

So in all you do, please remember to keep everything in your body and world in the right proportion; and you will thus be able to give your own "Mighty I AM Presence" and the Ascended Masters the greatest assistance to set you free.

DO NOT BECOME FOOD FANATICS! Use a good sound sensible balanced diet, without too

many things in the same meal. Three or four good, substantial, tasty things is a wonderful balance and if the body is kept clean and free from excess substance, there will be no abnormal craving for great quantities of food.

Feed the body what it needs to enable it to give the greatest assistance to you in your daily activity in the most efficient way; but take your mind off the body the rest of the time and do not let it constantly demand your attention when you should be co-operating with your "I AM Presence" to accomplish the most possible for the protection of America and the Victory of the Ascension for yourself.

This Ascended Master Law is GOOD SOUND SENSE—APPLIED ALL THE TIME. Every human being on earth CAN prove It right and no one can prove It wrong; but in order to prove It you must apply It and you are your own proof of Its Truth.

You MUST DRAW FORTH AND USE ASCENDED MASTER DISCRIMINATION IN ALL YOU DO, OR YOU WILL NOT BE OF ANY REAL ASSISTANCE TO YOURSELF OR THE ASCENDED MASTERS IN THEIR ACTIVITY OF HELPING MANKIND TO BE FREE.

We shall try and give one good recipe each month to help those who are in need of good tasty dishes, to have the right things to produce Perfection.

· MUSHROOM COMBINATION No. 1 ·

6 cups celery, washed and cut into inch-lengths.

1 box mushrooms, washed and cut into about inch-sized pieces.

Add to celery and fry rapidly in ¼ lb. butter until all are slightly browned. Add salt to taste.

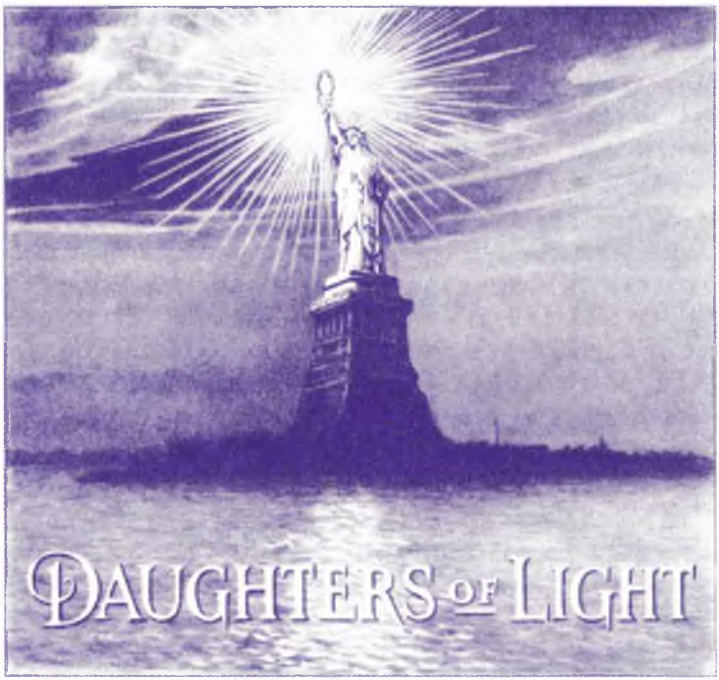
Add 1 heaping tablespoon savita and one pint hot water. Boil all together until savita is dissolved. Thicken slightly with flour. Stir constantly and simmer until creamy.

If you wish to make a quantity of this and something a little more substantial, add three cups of diced boiled potatoes.

· DECREES ·

"Mighty I AM Presence!" direct Your Currents through my optic nerves; through my eye-balls and annihilate cause, effect, record and memory of whatever has dimmed my sight! I call on the Law of Forgiveness for whatever has caused it! Charge my eyes with Your Perfect Ascended Master Sight forever!

"Mighty I AM Presence!" and Great Host of Ascended Masters charge this day (or condition) full to over-flowing with huge, enormous, stupendous, gigantic, colossal, Herculean Ascended Master Miracles and Victories of Light; instantly manifest, eternally sustained and ever-expanding; and see that there is nothing left but Thy Blazing Glory.



THE principal discordant qualities all of us should call to have annihilated for all mankind are anger, hate, injustice, resentment, jealousy, curiosity, self-pity, and irritation. None of these qualities can be taken by us into the Ascended Masters' Octave of Light!

Everything your eyes rest upon IF YOU FEEL IT—photographs instantly on the cells of your flesh. Never miss an opportunity to call on the Law of Forgiveness for the same qualities in yourself that you see in others. Say: " 'Mighty I AM Presence,' take out of my feelings everything

KNOWN or UNKNOWN that interferes with Your Light."

First, call on the Law of Forgiveness for any of these qualities in yourself and then for all mankind. Then, ask the Great Group of Ascended Lady Masters, who are directly in charge of this Activity, Astrea and the Archangel Michael to annihilate those same qualities in every human being on the face of the earth and in its atmosphere. Whenever you see these qualities ask that they be dissolved in every human being on the earth that very instant.

Do you realize that resentment or rebellion against injustice is the greatest chain, outside of fear, mankind has to-day? When humanity resent things that are not the Highest Purity of Life, their feeling of rebellion charges the very atmosphere we breathe with that same feeling of rebellion and it acts in us, if we do not shut it out. If our energy is qualified constructively our power is greater. If qualified destructively, then our struggle is greater!

Women are experiencing in a feminine body the results of the causes set up in other embodiments as men. Men are experiencing in masculine bodies the effects of the causes set up as women in former lives. In this way, each one compels himself to live under the conditions he has imposed upon others. If there is injustice, say: "That probably is what I did to somebody else," and never condemn! Say: "Thank God, this Ascended Master Instruction of the 'I AM' and Its Light are here. I have been given the Knowledge of the Presence to STOP the condition and I do understand how to lift mankind out of this state."
