Just thank God somebody showed you how to dissolve that much of the discordant pressure of earth. Put your own personal feelings and desires aside for the greater service to the whole. The whole can only be raised as the part is illumined and raised. Ask the "Mighty I AM" to take all discordant qualities out of your whole Life Stream. That means every activity of your Life all down through the centuries. Pour the Violet Consuming Flame upon them. Then charge that energy with the Ascended Masters' Purity and Perfection to give you your Eternal Victory of Light in this embodiment. That is your Scepter of Power, use it to serve your fellow-man and set all free.

Our Beloved Ascended Lady Master, Nada, said in Washington: "We are gathering all of that constructively qualified energy and are focusing it into your use for the instantaneous fulfilment of your call."

In daily contact with public servants in our country, feel obligated never to speak one unkind word to any public servant. Draw a wall of Light between you and the person and be silent. This will enable the Ascended Masters to do the greatest good for the other person. People in public service are a vortex of many lines of thought and feeling. Call for Light to be turned into the problem of every one for our duty is to lift the problems of the world.

Especially give your blessing to the policemen, firemen, aviators, postal employees, attendants in hotels and taxi drivers. Never radiate one unkind feeling to those people again. If you want the protection of the Ascended Masters from now

on, you must do this as They cannot give it to you, if you are going to continuously connect with the discord outside, through your feelings. The atmosphere is charged with forces that will dash in if you are not harmonious. You cannot speak a sharp word harmlessly. "We speak ONLY when our words are more GOLDEN than our SILENCE." Then, the Power of the Silence can protect us and render Its Greatest Blessings.

No matter how much injustice has been done to you in this lifetime, close the door! Lock it! and promise yourself, the "Mighty I AM Presence" and the Ascended Masters, that you will never again refer to any incident in your Life Stream, which is not the Happiness and Perfection of the Ascended Masters. Call the "Mighty I AM Presence" and the Ascended Masters to take into oblivion every record in your Life Stream that does not Out-picture Perfection.

Saint Germain told us one of the most amazing, encouraging things. Do you know that no discordant record in your Life Stream is a permanent nor eternal thing? Otherwise you would have an eternality of evil. The only thing that is eternal in your Life Stream is the Perfection which has been and which you call forth from now on through your own "Mighty I AM Presence."

Let us be, first of all, a Protecting Presence! Hold within yourself a great, calm Peace and if vicious forces try to drive in, say to the Ascended Masters: "Blaze your Wall of Light protection about me and see that nothing but your Perfection touches me."

The law will not work Itself. It requires your application. Do not sit down and read a book of

Discourses and think you will get your Freedom just from that! You must put your own Life energy into your application and make a business of it. You make a business of taking your money to the bank each morning, or whenever you go. Well, make a business of accumulating this Power of Light, not only for your own protection, but if you are going to protect and help others, you must have a momentum of energy great enough to be the pressure that propels Perfection to them, which like a magnet draws them up into Itself.

If your entire Life Stream is cleared, an Ascended Master will pour through you Power without limit to assist yourself and others; but you will have to balance this Power by Self-control of your thought and feeling in the physical body; and that means your innermost secret thoughts and feelings must be clean and pure enough for Saint Germain's and Jesus's Light to pass through.

This happens all over the world. In the atmosphere you know are the words that have been spoken by mankind and they are of all varieties. A great many words have gone into the atmosphere of earth that are very destructive. They are just cups of energy vibrating with that destructive quality. Sometimes in your meditations some of those words hammer in at you. When something drives in that is less than the Ascended Masters' Perfection, say: " 'Mighty I AM Presence,' I call on the Law of Forgiveness for that kind of consciousness in the whole human race. 'Mighty I AM Presence,' Great Divine Director and Great Host of Ascended Masters, sweep through with the Blue Lightning of Divine Love

and blast that kind of consciousness forever! Annihilate its cause, effect, record and memory from mankind, the earth and its atmosphere forever. Then seize that energy, purify it and send it forth like a mighty magnet to draw all humanity into the Ascended Masters' Purity, Freedom and Perfection of the Light."

Unless you understand the Inner activities of these things, you cannot wield Limitless Power. Keep silently pouring the Light into all conditions that need correction.

A gentleman in business who has been in This Work from the beginning holds himself perfectly calm and quiet and says: "I pour the Substance of Light into that person's mind and body and when that one wants to be ugly about something else I say: 'Look out! Don't say one word about anybody else that you don't want to take into your body. If you do, you will have to take it!' " He has had some of the most amazing experiences. He said: "I just sit there and when a lot of men begin to wrangle, I pour in the Light just like you turn on a fire hose. When it is flooded full of Light, everything is harmoniously adjusted."

The hour has come to see the shining face of your "Mighty I AM Presence"! Its slender Hands point you every minute to Victory and every second is now filled with Mighty Ascended Master Miracles of Perfection forever!

· Extract from Mr. Rayborn's Discourse ·
· in Seattle, September 25, 1938 ·

BELOVED Minute Men of Saint Germain, I say to you one of the most deadly things in America to-day, as the Mighty Victory has told you, is the subtle secret activity of dope. The marijuana weed, which has become so generally known among mankind, is destructive enough; but that is only the feeder to other things that absolutely wreck the feeling world of mankind. Remember, gentlemen, the tragic activity of those substances! All those things are substance! They are not like just a mental activity. They are substance and if that anchors within your feeling world, you are under its possession and claw.

Therefore, I urge you to watch! Stand guard

and under no condition take such a thing into your system; because it will begin to act in your feeling world and before you know it, your feeling has become wide open to the mass accumulation of destructive forces; your desire for the Higher Ideals is gone; and you sink under that nefarious thing. There are thousands in America to-day who are under that tragic, terrible influence. Only one who is familiar with the effect produced by it, can by looking into the eyes of the individual tell what is there. You do not realize how cunning the sinister force of human discordant creation is; because it will watch every individual, while in the presence of another. Unless you can detect it in the eyes, you will not know it is there in the other individual.

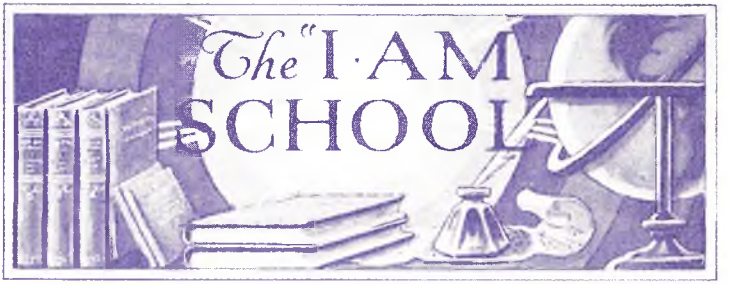
This point is so subtle, that the average individual would never detect it in the world. It is in the feeling world of the individual. This vicious substance goes forth by the power of radiation. For instance, if you eat onions or garlic you will find the odor going forth from your body and from every cell in your body. In identically the same way, this substance will go forth through radiation from the marijuana weed and produce the same condition in others. Dope flows through radiation and touches the feeling world of others. Then, the individual has been a part of putting that essence into the feeling world of another individual. If it continues, it will create the same desire within the individual and will draw them into its use and destruction.

Such is the responsibility of each one to his fellow-man. We have seen that operating. There is a man who is an aide in the government, or supposed to be. Yet, he has become such a user of

dope that his family are in the gravest danger and the family does not even dream of such a thing. His wife and two beautiful children are in gravest danger by the radiation which is going forth from him. We are determined to shut that off and not allow them to pay the penalty for his mistake! We are proceeding to erase that and cut it off from coming into their world; but We cannot do that for all mankind. Because of the Light of his wife and children the Great Law permits Us to give Our Assistance.

This is the condition that is existing in many parts of America to-day; and you who understand this as Minute Men of Saint Germain and the "Mighty I AM Presence," must make the call for Help. As We have the opportunity, We shall put this forth as often as possible to the Minute Men of America that they may make the call.

Now, gentlemen, you represent the Out-pouring of Life, the "Mighty I AM," into the business world. So far no special direct effort has been made to drive forth this Understanding into the business world; because certain other activities had to be brought forth first. Now it is time for the call to be made. Remember, that your call to the "Mighty I AM Presence" is a thousand times more powerful than any human effort you can make. Many times, following your call, you are impelled to make certain human effort. You will be *compelled* to do the right thing in the human effort, if you have made the call first; but do not always jump at conclusions in the prompting. Analyze and see whether it is wisdom or not. Then, soon, you will come to know the difference between a general impulse and the direct impulse from your Presence. This is important!



· Extract from Mr. Rayborn's Discourse ·
· in Seattle, September 25, 1938 ·

(The following is one of the most important things for everyone to remember in the use of his own Life and energy.)

PLEASE understand that the Power of Light is not something you have to drag forth by force; but your harmony and attention to your individualized Presence of Life, which is the "Mighty I AM," as you observe by the Chart, will naturally flow through you to do all for you perfectly. Life always has wanted to release Itself but, because of the discord in the feelings of mankind which constantly clothed It, the Higher Mental Body, which is the discriminating and distributing Intelligence for this Mighty Energy, saw how useless it was to release greater and greater energy of Life into the use of the individual when that one was constantly re-qualifying it with discord. This is why mankind have not had more of Life flowing through; because as long as they continue to re-qualify Life's energy with discord, it is a dangerous thing.

Do you realize your Life is the most Dynamic Power in the Universe? You can call forth and

charge all Life to be as powerful as you require; as I find Myself able to do now, and as I have seen Saint Germain and the Others do repeatedly. You can call forth and charge the Energy of Life to do what you decree; and that is all there ever is to act whether It be force or energy so-called or whatever It is that is acting. As you call It forth, you can concentrate It and cause It to be more powerful than the dynamite you use for blasting.

In the Activity of Life, the Great Ones use a Light Ray in preparing many places in the Universe that contain the Great Information which the Ascended Masters govern and protect. You use and I used in the mine, machine drills and electric drills to break down the formation; while They stand and concentrate a Ray of Light and can do more in ten minutes than four men with those drills can do all day.

This is the Power of Light and the Power of energy, which is Life, that can be drawn and foused upon a given objective for required activity.

I want you to understand why Life does not ordinarily release Its full amount of Energy. Do not blame Life for not giving you more because Life, if It did release Its Power when you are qualifying It discordantly, would explode the body. Why? Because your heart is the focus of this Great Light which is the Power of the "I AM Presence" and when you call It forth or release It through your body, It must act through your heart. If you would call It forth in a Ray of Light as the Chart indicates, independently of your body, discord could not occur; but when you call

It forth through your body, you must hold in balance by harmony in your feelings, the Greater Power of Life which you call forth. Do not forget this, because many of you are coming to the point of understanding in the call to your Presence, where you are able to release remarkable power and energy.

If you do not understand that you must hold harmony in your feelings, which is co-operation with your call to Life, you will produce destruction instead of constructive activity. Only constructive action is the intent of Life. Your Power of qualification is the most tremendous thing in your use of energy. Your attention to the Presence will release the energy but your Power of qualification must be governed if you are going to be free from the activity of the destructive forces.

Remember, as yet the human creation and destructive forces which mankind have generated, are still operative in and about humanity; not as they were even a year ago by far, but still enough to seize upon discordant energy or discordant feeling within you and cause that destructive force to intrude into your world—either into your body or into your business or any outer activity, which causes failure.

"Mighty I AM Presence!" annihilate this instant everything in my being and world that is less than Ascended Master Perfection!

"I AM" STUDY GROUPS

ELOVED "I AM" Students in all Study Groups, please do not allow the social activities of Life to enter into your Study Group Activities. This Ascended Masters' Instruction of the "Mighty I AM Presence" is brought forth for the PROTECTION OF AMERICA AND THE ILLUMINATION AND FREEDOM OF ALL MANKIND.

Every moment should be spent in giving your Decrees for the protection of all that is CONSTRUCTIVE in America and the world. Every hour counts and there is no time to be used now for amusing the human side of anyone. What social life anyone under this Radiation wants must take place outside the Group Activities.

We who are giving our all in the Service of the Light, know the hourly danger that threatens Our Beloved America and are more concerned with the protection of our fellow-man than we are with our own social amusement. The world has been amusing itself for centuries and the chaos of the present hour in the outer world is the result of being more interested in amusement than in obeying the Law of Life and obtaining our ETERNAL FREEDOM AND MASTERY.

Our Beloved Ascended Master, Saint Germain, has also requested that in our musical activities there never be allowed any whistling and that we do not use brass nor drums in the ladies' part of This Activity.

The Ascended Masters want us all to Outpicture the PERFECTION of Their Octave of Light and that will come about more and more rapidly, if all will accept the Ascended Masters' Standards in all we do. Most of the students are trying to be the Ascended Masters' Perfection very sincerely. We shall all keep on trying, until our Eternal Goal is attained and in the meantime do all in our power to raise all our activities as near the Ascended Masters' Perfection as we can.

We thank those under this Radiation for all that has been accomplished up to this time. With the momentum already gained, we should go forth into the Glorious Victory of the Light in all we do and bring forth Mighty Assistance to mankind everywhere. Let us all do that with our heart's deepest Love and Power; and may each one receive a thousand times more strength than in the past until the whole wide world is ETERNALLY FREE AND VICTORIOUS IN THE LIGHT!

· DECREES ·

"Mighty I AM Presence"! take out this pain! its cause, effect, record and memory and replace it by THY ETERNAL PEACE!

"Mighty I AM Presence"! charge the atmosphere over the United States of America with the All-seeing-eye and the All-hearing-ear of GOD! Reveal and remove forever every spy and all in our country and people which endanger our safety and constructive activities.

FOREIGN STUDY GROUPS

E wish to thank all the Foreign Study Groups who have been giving the Decree for the protection of the Constitution of the United States of America and for the wonderful heather sent to us from Scotland. May all you do in the Service of the Light be amplified back to you a million times to bless you and yours forever.

We call the "Mighty I AM Presence," and the Ascended Masters, the Great Angelic Host and all the Great Cosmic Beings and Powers of Light to pour to you all forever Their and our Mightiest Love and Gratitude and to fill you, your loved ones, your homes, your countries and the world with such VICTORY, POWER, PEACE, SUPPLY AND DOMINION OF THE ASCENDED MASTERS' LIGHT, as shall bring everything into Divine Order harmoniously and permanently.

May the heavens open and make every country in the world be a PERFECT PARADISE of Ascended Master Beauty, Purity, Happiness, Opulence, Freedom and Perfection and raise every human being on earth into their Ascension as quickly as possible.

We shall continue to call forth all the POWER AND VICTORY OF THE LIGHT OF THE "MIGHTY I AM PRESENCE" FOREVER; UNTIL THE LAST HUMAN BEING ON EARTH HAS MADE THE ASCENSION.

YOUNG AMERICA

· Extract from Mr. Rayborn's Discourse ·
· Seattle, September 25, 1938 ·

(The following is most important for the young people of Our Land.)

YOU must realize, that this Great Law with which you are dealing is a powerful force. It is very powerful energy. Therefore, remember that the most valuable thing to you is to understand that you must keep your feelings harmonious, if you are going to call forth this Greater Power of Life.

I am sure you do not see your responsibility to your business or any outer activity. If you are calling forth this Great Power and then you allow something to irritate and disturb you or make you very angry, you release the whole charge of that feeling into all the energy of your world in spite of anything you can do. If it exists in your feeling, if you have generated it, it goes forth into your world; then *you are responsible* for the failure of your outer activity or business. Most people will not even believe Us when they are told that this is the cause of failure in their own worlds but it is as true as I am telling you. Mankind alone are responsible, because of uncontrolled energy; and I mean by that anger, hatred or any of those qualities which release a charge of that discordant quality into your world.

Those discordant qualities in the individual's feeling are what produce limitation, failure and distress; but if you will understand this point and watch that you do not allow such feelings to generate and re-qualify the energy in your world, you will go forward quickly from one Victory to another in all you do.

Suppose you have an activity in your business that you especially want to make very successful; and you were to call forth a great charge of energy and project it into your business. This great charge which you call forth is the Power, the Love, the Wisdom of the Presence. If you did not hold harmony in your feelings or you did not understand this Law and re-qualified that energy destructively, then you would be responsible for the failure of your business. On the other hand, you can call that Power forth and hold yourself harmonious in spite of anything; you can hold the concentration of that steady and you would achieve success with a speed that would astonish any person who is not familiar with this Law.

Now, if you wish to achieve success, you know how to go about it. I tell you, Beloved Ones, if you have not a dime in your pockets to-day, there is nothing in the world can stand before you or between you and your abundance from Life, which is the Treasure-house of your "I AM Presence" if you will start to deliberately call It into action. I do not mean by that, you should proceed to accumulate a great amount of money regardless of what you intend to do with it. The service to Life is the *only proper use of money* and you can have all you want, to-day, if you

understand that because your Presence is your Treasure-house which will release it into your action and use.

Observe that Stream of energy from the Presence. (pointing to the Chart) It contains all that ever came into expression in Life. The idea, the energy, the Intelligence are there which have produced all good through all human beings. Therefore, as you understand that, you will see how human beings are never limited as to what they can call forth.

Then, you will feel your own ability to call forth this Greater Intelligence and Activity of Life, to come into your world of action and produce success and it is the only way permanent success can ever be established or maintained. Therefore, if you will give attention to this Ascended Masters' Instruction of the "Mighty I AM Presence" and try It out, you will see by your own experience the Truth which it is. All of these activities of Life mankind must prove to themselves. You can do Me the honor to believe I tell you the Truth; but you cannot know It, until you have proved It to yourself. That is why the Mighty Instruction which Saint Germain has brought forth to you is so important. You can *prove* the Activity, the Presence and Authority of Life which is manifesting through your own physical body.

That you may see why this Great Power of Life is also Its Mighty Intelligence, take your beloved Edison for instance. Through a few early experiences, he became convinced, that he had the Power to draw forth whatever he fixed his attention upon; and through that, many things

came forth upon which he had not fixed his attention; but the concentration enabled him to bring forth all of these marvelous things which it is your joy to experience and use to-day.

That is only one activity of this Mighty Activity. Anyone of you sitting in this room, who would still himself and concentrate on any given objective upon which you wish to fix your attention, can call that forth into your Life, a concentrated activity and experience. You can even see a building in its entire physical form. You are not limited, in anything you wish to fix your attention upon and hold it sustained; but the difficulty with mankind is in their not understanding this Law. They have not held their attention long enough upon a thing to allow the flow of Life to be sustained there, until the individual could see it. If they did, they would have the proof and manifestation of the Power of their attention and what it does to hold and concentrate the Power of Life, until It finds Its full expression.

If you care to take hold and apply this Law, you must be in earnest. You cannot afford to have any wrong motive in your being. If you do, you pay the penalty for it as sure as the world. There was a day, only forty or fifty years ago, when mankind could deceive each other and did do it, but it can seldom be done to-day; for the reason that the Great Cosmic Light is making all mankind alert; and they sense and feel the motive in other individuals in spite of all they can do. Therefore, shortly, it will be impossible for any wrong motive within individuals to be hidden.

Those who will take hold of the constructive

activity of Life will be able to render a service beyond your fondest imagination to-day. Only as you apply this Law and continue to call forth Its full Power, will the Inner impulse impel you into things. You will go from one thing into another successfully, until you find the full volume of Life acting within you to produce results. As you decide how this energy is going to act—for you are the decreer of your own world—you can at any time place your attention upon any constructive activity you choose and fulfill your fondest desire almost immediately.

In the past, mankind had to work up through years and years of preparation; but it is entirely different in your understanding of the "Mighty I AM Presence" and Its Mighty Focus which is before you. The speed and power of action in your call to the Presence, will cause an accomplishment to take place at this time in a few weeks or few months, that a hundred years ago would have taken years to accomplish.

· MUSIC OF THE SPHERES ·

T is our very great privilege and joy to announce the release of three new pieces of music, which have come forth to carry tremendous blessing. They are charged with the Ascended Masters' Power of healing, illumination, protection and harmony to the "I AM" Students, America, mankind and the whole world. Their power to bless shall never cease, but instead shall ever increase.

The first song is LIGHT OF MY HEART, the music and lyrics of which both came through the Beloved Messenger, Mr. G. W. Ballard, who uses the pen name of Godfré Ray King. The likeness of the figure on the cover is that of his Higher Mental Body and the Light from Its Heart is charged into the music, lyrics and picture to go forth and release Its Perfection to all who hear, sing, play or contemplate it.

The second song LOTUS MY LOVE also came through Godfré Ray King and the likeness of the figure on the cover is that of the Higher Mental Body of Lotus Ray King. The Outpouring from Its Heart charges the music, lyrics and picture to go forth to release Its Perfection to all who contact it.

The third song is THE ASCENDED MASTER YOUTH OF AMERICA, the music and lyrics of which came through Virginia LaFerrera; and which is dedicated to the Ascended Master Youth of America and the world. The likeness on the cover design of The Minute Men of Saint Germain is that of our Beloved Ascended Master, Saint Germain, in Golden Armor as He works with the Sword of Blue Flame at the Inner Levels. The likeness of Him is very remarkably accurate.

These songs come forth to carry tremendous Blessings to all. They are charged with the Power of Victory and Light to bring the Victory of the Light everywhere they are heard, sung or played, or the pictures contemplated.

They shall charge the "I AM" Students, America, mankind and the whole world with the Ascended Masters' Almighty Power of Light, until the Eternal Victory of Life takes Its Dominion forever.

The purpose of such powerful Cosmic Radiation is to release the Qualities of the Cosmic Beings, into the feeling world and affairs of all who read this blessed book; to give protection, supply, harmony, health and Freedom to all who will accept them.

· SAINT GERMAIN'S DISCOURSE ·

Washington, D.C. Class—November 8, 1938

BELOVED Children of the Light, I want you to see and feel the Reward which Life has chosen to give to certain individuals whose Stream of Life permits. In all ages past, the Ascension could only be made by taking the purified physical body into the Higher Mental Body, as the Messenger has explained to you. Through the Intercession of the Goddess of Light, the Goddess of Liberty and the Mighty Victory, Who went to Sanat Kumara, a Gift of Love is being offered to the mankind of earth.

It means this: There will be certain ones among the students for whom at the time of passing, not otherwise being able to complete the Ascension in this embodiment, the Purified Essence of the physical body will be drawn into the etheric body. In this way, they will be permitted to make the Ascension while the outer structure, the discord of the human form remains here. That Assistance is the most Magnificent Thing ever offered to mankind by Life.

Betty, be sure those Words are absolutely accurate, as I wish this to go forth in the magazine. Please, dear students, do not any one of you repeat those Words unless you have them verbatim as I have given them here. Let no mistake be made about this! When any one of the students throughout America or the world has been permitted to make the Ascension, at their Ascension, so called, I will inform you; and do not accept that as accomplished unless I do inform you. I do not want any mistake to go forth concerning this! It is very vital! It is a tremendous thing! That is what Life is offering you for your earnest determined sincerity and obedience to Life.

This Assistance will make it possible for thousands and thousands in America and the world to be set free from the earth forever, who would otherwise require another embodiment. In all the experiences of the ages, Sanat Kumara told Us Himself, that never had such a thing been permitted by Life. I say to the beloved students of America, see how great is the Gift of Life! I pity those who have turned aside from this Pathway of Light, some who could have had this blessing. Oh, the pity of it! By listening to foolish false gossip, it has turned them aside. They have withdrawn from this great opportunity, when the door was open almost before them.

This is what the Messenger was feeling, for he was out with Us, both he and Lotus, and he retained just the feeling and not the memory of the discussion. I want you to know this, my dear ones. Do you realize what it means to you, to have one in the human octave through whom I can give you clearly and accurately these Mighty Truths? Do you realize what that means to mankind? Then, vicious insane individuals criticize, doubt or condemn him. Do you not see? I do not wonder that the loyal students all over the world arise as one, when some harm threatens him; and still more firmly will mankind arise in the future.

These two whom I love so much, who have given such implicit obedience, are as humble as humbleness can be before the Presence of Life; before Me and before the Great Host of Light. That has made all this possible. Without them mankind would have been in the most seething vortex of war right in your midst to-day. Your Capital would not be here to-day! Believe this or not, beloved people! I know what I am talking

about; and the foolishness of mankind who do not believe this, would have had the opportunity to see that destruction, but for the loyalty of these beloved students all over America and the world whose hearts have been so good. They have been dauntless and with limitless energy have issued these Mighty Decrees almost for four years; three years with great intensity. This is just one of your Rewards which Life is offering.

I say to you, beloved ones, have good courage. To you who have had a struggle financially, if you will only allow Me, if you will only make your earnest determined application; I assure you that all obstruction will be removed from your pathway; so the Treasure-house of your Presence may open Its doors with a constant Out-pouring into your use. It does not make any difference to Me whether you see from the human standpoint or not, the slightest opportunity, the slightest means of bringing it about; your Life has thousands of doors which It can open to you, of which you know nothing in the outer.

I want you to have this encouragement, but remember the "I AM Presence" cannot open Its Treasure-house to you if you doubt Its Ability to do so; if you will not make sufficient application; or if you will not steady yourself and refuse acceptance to these appearances of limitations. Say to those appearances with determination and dynamic feeling: "You have no power! You cannot longer act within my world"! Take that stand! Then, accept your call to the Presence as all-powerful, as the Presence of Life calling to Itself to release from Its Treasure-house all It requires, all you require. After all, is it not the requirement of Life acting through your human form instead of your outer requirement?

You many times get so agitated and so positive in the feeling of the appearance of limitation, that the other cannot take its place. In all appearances of less than Perfection, you should still yourself. Then, say to that appearance: "You have no power"! Mean it with all your feeling. That is how you can stop such appearances from action in your world, until you can have the chance to call the "Mighty I AM Presence" into action to restore the fulness of Life, which is the abundance of every good thing.

If you allowed the Stream of Life to flow into your body from your Presence untouched by any human qualification, you would have abundance of every good thing inside of ten days. Be of good cheer! We are getting at this more and more firmly and more and more positive; until that day when you hold within you a positive certainty in your call to the Presence. Then, not one thing of your own human creation or anybody's else will dare attempt to touch you or make you longer feel limitation.

For other things which We wish to accomplish in this class, I am calling this to your attention to-day. I trust New York will rejoice with us again to-day. Since yesterday three hundred thirty-two thousand discarnates were removed from the environs of New York City. (applause —audience standing)

I marvel that all in the room do not feel the need of exercise; however, to you who do appreciate My Presence, I thank you. I thank you very kindly. Won't you be seated? I say to you very kindly, you who are in this room who refused to rise to My Presence lost a very great Blessing and Opportunity. This is not the Messenger talking to

you, much as you might believe it was. I am sorry for you. Beloved ones, one day when mankind find out We are so very Real, how disappointed they will be that they did not realize it sooner. Mankind every hour of their lives are being given opportunities which they do not see or even feel. The condition which binds them is within them, not with Us.

I ask you to watch, beloved students, in your blessed great sincerity, watch those who have criticized and condemned the Messengers and This Work! Just watch them and see what happens! That thing shall cease from our America. (applause—audience standing) I see almost everybody had the strength to get up this time. (applause) If a bomb were thrown into this room, I am sure you would all have plenty of action.

Beloved ones, I say again to you, in your Love and devotion poured out to the Messengers, it is a joyful means of releasing substance from the human octave, which We require. In the momentum gained since the Messengers entered into the previous Shrine Class, it has been amazing how the Love has increased and released. Remember, your Divine Love is Self-luminous Intelligent Substance. While you are standing—it will not do you any harm, dear ones, so please understand this—you release from your "Mighty I AM Presence" the Light-substance of Divine Love which We require. I am sure, quite sure, few of you have yet understood what We mean, when the Messengers and We have mentioned that it was necessary to release the Substance from your human octave.

Well what do you suppose that Substance is? Not a substance that is controlled by discord, surely you do not believe that. Your Divine Love

which is poured forth is Self-luminous Intelligent Substance.

My dear ones, if the Messengers had not called forth by pouring first the Great Power of Divine Love to you and released the Love that is within you, We could not have had this Substance to do the things We have done already. Then, it is the Power of Divine Love, Self-luminous Intelligent Substance, that goes forth from you which We require to do these Mighty Works that have been done. Thank you so much, and won't you be seated?

Beloved students, every one of you at least once a day, hold in your memory these words that I have uttered concerning the Ascension. As soon as the Messengers can, they will put this in the magazine so all can have it. I say again, do not quote These Words until you have them in the magazine, so you quote them exactly. With your attention upon this, great, very great will be the Blessing to many many people.

I told the Messengers in the very early Dictations and in some private conversations after the Dictations, that from time to time there would come forth, as the people were ready, more and more Powerful Activities of the Light from the Great Inner Octaves. I use the word "Inner" in this instance, because it signifies the activity and energy heretofore uncalled for by mankind.

I am trusting that at some time in one of the great classes, We may be able to draw before you, here, by Our own effort a Cosmic Screen; and show you some of the Inner activities that have taken place and the position the Messengers stand in the world to-day. That of course must necessarily depend upon the expansion of the Light

within the students; or in the body of students who happened to be together at that time; but We are planning many of those things which will delight you. It will not keep you from having to make your own application by any means, but it would be very satisfactory and very encouraging. Until those things come about, will you not have full confidence in your Great Presence of Life, your own "Mighty I AM Presence," which helps these things to come about?

We want to give you the Evidence that the feeling world of mankind is anxious to have, but We must abide within the action of the Law. We cannot go contrary to the Law of your own Life. We cannot do it! Therefore, as you realize this and see the necessity, then with a great, very great, calmness you will proceed to call the Powers of Light from your Presence into action through your body; into your feeling world and out into your world. In that Great Serenity, there will not be one slightest concern as to manifestation. There will just be the joy of the greater Out-pouring from the Presence, your "Mighty I AM." Then, there will come the great action of Life in and through you.

I know, Oh quite well do I know, when the pressure of outer things seems very great, it is not easy to give your attention to the Presence just because you love It; just because you want more of the Presence in your body and around you; but that is the Secret of all things. It is to want the Presence, the fulness of It first, then all manifestations must take place through It; because It is the governing Intelligence of all that ever will occur in your Life.

I am speaking now directly to the students who have had some time to understand and apply this Law. Please, the first thing you do in your application for whatever reason, just love and adore the Presence. Just want Its Pure, Perfect, Self-luminous Intelligent Substance to fill your mind, body, feeling world and your world of action. Then, I should not be surprised, if you would not have very much more powerful answers to your calls.

Thank you so much, beloved ones. (applause) Precious, beloved students, I am just going to say a few Words to try to convey to you how great is the Love of the Great Ones of Light; and I mean by that the Ascended Masters, the Legion of Light and the Cosmic Beings, because They have found such loyalty and sincerity within you in reaching to the Light, in reaching for your Freedom.

When I began This Instruction, few believed that it was possible in the present condition of mankind, for enough people to make the call to even have the Self-control that you have to-day; but I was determined in the final effort to save mankind to try it out. If it had failed, then I should never have tried again; but since it did not fail, it has been beyond the fondest imagination of anyone. When I first conceived and tried it out through a few; and I saw what was accomplished in the mental and feeling world of mankind by the issuing of these Mighty Decrees; I began to realize this was a means of achievement that had never been tried in the human octave before. That is why such great achievement has been possible.

I speak of the following because the greater

number of people are out there; since the Messengers' arrival in Oakland, California, on their way east, in Seattle, Chicago and here, the Power and the Substance released from those Groups in the west has been the most transcendent thing We have ever witnessed from the human octave. (applause) These Groups in the east, though less in numbers have been just as marvelous according to the numbers as those in the west. (applause) If you knew what that means to yourselves, your fellow students all over America and to the people who might not even believe this yet, you would be delighted. It is just beyond description. I would not Myself try to describe it to you. Once you get the full feeling of what This Ascended Master Instruction is doing in the mental and feeling world of mankind, then you will begin to feel how important your Service has been.

I know how important it is and My Love goes out and enfolds everyone of you every hour of the day; when I see the sincerity and the staunchness of the students in the face of all the vicious falsehoods which have been spread. It takes strength to stand against that, there is no question about it; but the Light in you is your strength always. That is why the Messenger this time here has tried to guard you so powerfully, in refusing acceptance to foolish gossip or listening to it. As quick as you refuse to listen to it from any human being, you will have happiness you never dreamed was yours and immediately.

I happened to be present back stage here the other day, when an individual asked the question: "Well, if we are not to listen to discordant discussions how are we to know or to convey what

is to be done in application"? My dear ones, you will hear plenty in spite of all you can do without seeking every means of information. Do not be concerned about the opportunity to know of the discordant things, because there will be plenty of opportunity for that; but to feel that you must listen to every discordant thing, in order to know what is to be done will eventually invite and fill your world with just the things you do not want.

There is a very great discrimination required in the use of these Laws. Your Higher Mental Body is your Discriminating Intelligence, if you will just call It into action. I do not mean call directly to your Higher Mental Body, but to your Presence for discrimination, then your Higher Mental Body will produce and cause it to act through you. Oh, so much is for your use, if you will only remind yourselves of its need. Some of these things sound so very simple and unimportant, but Oh, what they mean in your Life and application. So, do not pass over anything as unimportant.

Do you know and realize that the Saint Germain Series of Books is the most condensed Information ever given to mankind on the face of this earth? Therefore, I do not consider it too much effort to read, and read, and read them, until you make the Information and the Instruction which is there part of yourself. I am sure you will not either consider it too much effort. (applause)

I am going to say something to you, I have not said even to the Messengers and I am sure they will rejoice quite as well as yourselves. Those Volumes which you have bound here for your use, in Our Octave are bound in covers of Jewels. (applause)

The cover of ASCENDED MASTER LIGHT is made of Jewels, each one perhaps more magnificent than this one. (pointing to Mr. Ballard's ring) That is how We prize the Information that is there; (applause) and one day, you will find Those Books the Stairway to your Freedom—clear as crystal. It is made of Crystal Steps leading you into your Eternal Freedom.

I thank you so much and appreciate your great Love and kindness, that I was able in person to bring this to you to-day. You know you have an enjoyable time with each other here, so I am going to relate what happened to-day. I insisted that somebody else bring to you this Information and nobody would do it. (applause) So I found disobedience (not human however) even among Ourselves, but They insisted that I convey it to you Myself. (applause) I thank you very much.

Now dear ones, I have not said anything about what has been going on in the room since I am talking to you; but just accept all that is there. I tell you, beloved ones, the vibratory action is coming to a point in these classes where We can do so many wonderful things. They are not yet out-pictured to you, quite true, but yet you will see them.

I never dreamed in the beginning of This Work, that I would have such Mighty Powers and such Mighty Friends who have come of Their own volition to My Assistance. (applause) In your call, in your Mighty Decrees for Ascended Master Friends to be raised up everywhere, please keep it up. (applause) It is one of the mighty things in your application.

I thank you and bless you forever. (applause)

CHRISTMAS, of all seasons of the year, is the most glorious opportunity to come close into the Arms and Heart of Jesus Himself.

When the rest of mankind's attention is on Him, it is our very great opportunity to call the "Mighty I AM Presence," the Ascended Masters and Jesus to hold eternally sustained the recognition which the people give Him; and to charge them with the feeling of willingness to love Him and bless their fellow-men.

Christmas means so much to us all and it is so important to mankind individually and en masse. Each of us should be so grateful that there is a way by which we can call forth into action, all that He did and help others to do it also.

The Great Opportunity of Christmas is to be able to be with Jesus in His Own Octave of Life; and help minister with Him to those who are calling for assistance. Every night, we can join Him in His World and some day all our hearts

desire to do in the Service of the Light shall be made manifest to all.

Jesus represents an entirely New Day or Period of time for the earth and to each individual. Soon, the way will open for the Great Ascended Masters who are abiding in the Octave of Light, to take possession of Their own; and bring forth the Victory of this New Day.

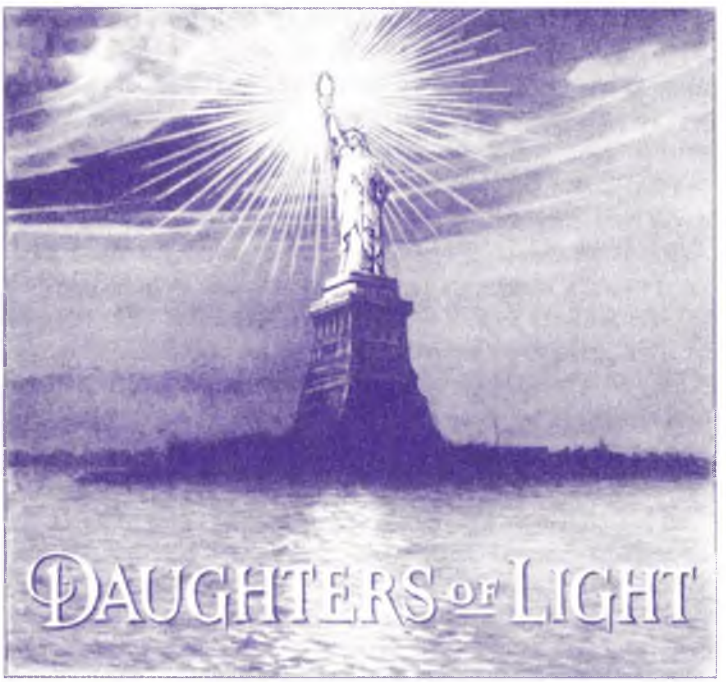
Blessed, Blessed Beloved Saint Germain, charge every human being with the desire for obedience to the Light; and may we charge all with the Ascended Masters' Light this Christmas tide and forever.

We, who know the REALITY of Jesus and other Ascended Masters, can focus His Almighty Power and Victory of the Light in, through and around every human being we contact; by visualizing His Luminous Presence raising every physical body we gaze upon into His Own Pure White-Fire Body.

To enfold every person, place, condition and thing in His Mighty Blazing Presence of Light, will bring Blessings, Assistance and Perfection unbelievable to every one who will try it out.

At Christmas time especially, because of the greater intensity of the Light, which He pours to all mankind, even the slightest recognition and acceptance of Him is amplified far beyond our slightest concept, to accomplish all possible.

Therefore, it is the greatest privilege and joy to know this Ascended Master Action of the Law, co-operate with Him consciously and to help do what He desires to do for all. May everyone know the thrill of lovingly doing all possible to bring forth all His Mighty Victories of the Light into full outer manifestation.



BELOVED Daughters of the Light, it is your very great privilege and opportunity to form the habit of blessing and charging everything you do, especially in your connection with the home, with some very definite quality that you know needs releasing.

In serving the food, you can and should call the "Mighty I AM Presence" and the Ascended Masters to charge it with all the Perfection of the Ascended Masters' Octave of Life; to command it to produce absolute Perfection in the mind and body of everyone who eats it; to command that there shall never be a shortage of food

for you, your loved ones or anyone in the whole world; to feel that every meal is an Ascended Masters' Banquet of thanksgiving and the reminder to call forth Life's limitless Gifts of Perfection to all forever; and to call forth the Power of Precipitation as the Perfect means of supplying all that is required.

Everyone can do the same thing in regard to their clothing or the clothing of others. Call the "Mighty I AM Presence" and the Ascended Masters to charge everyone's clothing with absolute spotlessness and immaculate cleanliness; charge it with limitless strength, beauty and Perfection at all times.

We can qualify every home as an Ascended Master Home of Light, a Temple of the Great Silence and an Altar of Security to all who seek and serve the Light forever!

Charge everyone within the home as the Ascended Master Being you desire each one to be and fill the home with Ascended Master Friends at all times. One can do this silently or audibly as circumstances permit.

Every home should be charged into a Temple of such Happiness that no other condition could ever come within it or touch it.

The beds in the home can be so charged with the Violet Consuming Flame that everyone rests in Perfect Peace at all times.

Every chair in the home can be charged with the Power of the Atomic Accelerator to harmonize, purify, heal, illumine and perfect the mind and body of everyone who sits in it.

The home can also be charged as a Holy Grail of Liquid Light to fill everyone with Perfection who enters its doors.

There is almost no limit as to what everyone within the home can do to produce Perfection and Blessing for all. Let us, the Daughters of Light, set into action the Force that definitely protects and perfects every home in America and the world; so through the home the greater purity and Perfection of Light may raise the whole.

BLAZE THE VICTORY OF LIGHT TO AND THROUGH OUR PEOPLE EVERYWHERE FOREVER!

The hour has come to see the shining face of your "Mighty I AM Presence"! Its slender Hands point you every minute to Victory and every second is now filled with Mighty Ascended Master Miracles of Perfection forever!

(Excerpts taken from Saint Germain's Dictation to the Minute Men of Washington, D.C. Nov. 6, 1938.)

IN no place on the face of the earth is there within the feeling of mankind what is in America today. It always has been for that matter. When something threatens our country, even people who have disagreed and almost hated each other, will rise as one in defense of our America, and you can depend on it.

In these Decrees that you are sending forth, gentlemen, it is the mightiest service that mankind has ever rendered; because you are acting directly upon the feeling world of mankind. You do not see that. You think a group of you are sending out these Decrees. You do not see the ul-

timate action of it, but I do. I know exactly where that energy goes and what it produces in the feeling world of mankind. Therefore, there is no power today in the present outer activity, which is as powerful as sending forth these Decrees by the great body of students. Six hundred thousand who are now doing it in America will hold the balance, until enough momentum can be gained; and control even individuals by those Decrees, so it will cause them to do the honorable, just and right thing.

This Power needs to be directed into your government today, for there is such treachery going on that mankind must arise and by these Decrees call forth the Inner Power of protection; because the Power of the Cosmic Light, the Power of the Ascended Masters and the Cosmic Beings must be released. If you do not quite understand this, please remember that They are Real and They are the only Saviors of mankind today. Mankind is not strong enough, even with what has been gained today, to yet hold the balance for the protection of America.

This will be conveyed to the Groups of Minute Men all over America. Call directly for the projection of the Light Rays by the Ascended Masters and the Cosmic Beings into your government, to produce Divine Order and Divine Justice and bring about the Perfect, permanent remedy for conditions. It is quite imperative at this time.

Individuals respond to destructive forces without knowing it and some respond because they want to. That is neither here or there; but to call forth the Power of Light to govern the feeling world of mankind, will bring Divine Order and

Divine Justice into the government, which is all that will be and is required.

You cannot take destructive intent or force out of the intellect. If there be an intent, if there be a desire in the feeling to commit wrong, it will act unless something stops it; but the intellect can desire without the feeling responding to it. Then it is only a temporary thing. In the conditions that are to be adjusted to-day a great part of their activity is yet in the intellect. It has not entered deep into the feeling. That is the thing which gives Me great encouragement. That is why these Decrees will prevent the intellect desire from entering into the feeling world, which makes it a positive force in action.

Therefore, in your Decree work you can annul a great deal of the conditions which have an appearance, because the activity as yet is only in the intellect. That is why I expect to accomplish so much in the next few months. The more We can remove from the invisible that which influences mankind in destructive activities, of course the more quickly will mankind respond.

In your assistance, remember you stand as one in authority for all mankind in your call to the Presence of Light, to project Its Mighty Light Rays into any condition; whether it be individual, city, state or government, to produce Its Perfection and hold Its Dominion there.

As you call forth the Light Rays, either from the Royal Teton, from the Retreat in Arabia, from the Cosmic Beings, the Ascended Masters or from the students to project their Mighty Light Rays into the activities of your government; It is all a Substance of Light that no human quality can

change. It simply goes into action. Now, suppose you are causing to be placed or focused one of those Light Rays upon an office in your government. That Light would remain in action there, until the service for which you had called it was accomplished. Try to feel this, gentlemen, because It is an Almighty action.

You might think, as a humble individual: "how could I have the authority"? Well, you have the authority of Life, which is beating your heart; your physical position has nothing to do with it. If you have the desire to call forth loyalty and protection for America, you have all the Authority of Life to act within your heart; which gives you the authority to make the call to the Presence of Life, the "Mighty I AM Presence" and to all the Powers of Light. You have the authority to project Its Light Rays into a given objective and hold them there, until the Power of Light dissolves all else and replaces it by Perfection, Divine Order and Divine Justice. That is the authority that every human being has, and there is no authority outside of it! There is no authority which can say you shall not do a certain activity for the protection of yourself and America.

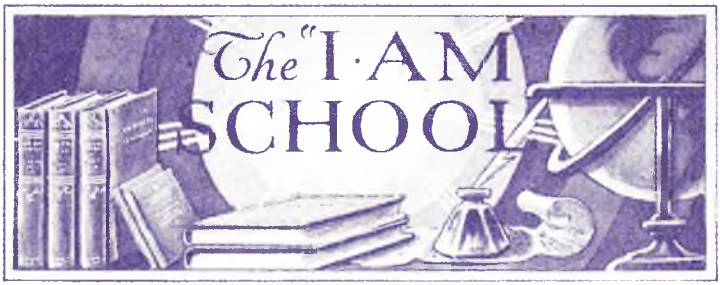
"Mighty I AM Presence" and Great Host of Ascended Masters! take complete possession of me and my world this day and forever! Make it impossible for any person, place, condition or thing to ever deceive, influence, irritate or disturb me again! See that I never feel anything less than Your Great Cosmic Power of Divine Love, Eternal Mastery and Peace!



THE years spent in the "I AM" School shall be such a remembrance of joy, of accomplishment, of Victory and of Freedom, that they stand out forever as a Great Beacon of Happiness and such an anchor of Light that no one will ever want to forget his "I AM" school Life.

Part of the training in every school is to give each one an opportunity to become master of himself so that he is always comfortable, natural and at ease yet calm, dignified and Self-controlled whenever he needs to express himself before his class-mates and teachers.

Beloved ones, every "I AM" School should be a Temple of Light and Happiness of the Ascended Masters' Instruction to help every one to do that which expands his own Light and releases Its Blessings to his fellow-man.

Every child in every "I AM" School should at least once a day face an audience of his class-mates and teacher; and call his own "Mighty I AM Presence" and the Ascended Masters to pour some definite Blessing to his audience, to all in the school and to America.

Every human being should become so much at ease, so natural and so comfortable before any

audience or group of people, that at any moment he can lead his fellow-students to do something which will bless all.

The "Mighty I AM Presence" and the Ascended Masters cannot release Their fullest Help, if fear, embarrassment, nervousness or any feeling of inferiority has control of the energy in his feeling.

The "I AM" Schools are and should always be the greatest enjoyment in the growing activity of every child and young person.

Every moment of every day in every "I AM" School should be a constant service to Life in the great Harmony and Consciousness of the Ascended Masters and the constant use of Their Light Rays.

· CONCERNING THIS ASCENDED · · MASTER INSTRUCTION ·

Given at Washington, D.C. November 6, 1938

THIS Activity is more than a beautiful philosophy for someone to use just to get a healing or prosperity treatment, or to pull someone out of problems and difficulties.

The Ascended Masters have brought forth this Knowledge of the "I AM" as a Great Altar of Safety. It is the Focus and Power of all the Light in the Universe, which means the constructive forces. It is an Altar of Protection for all who will turn to the Constructive Way of Life, accept It, apply the Law and gain their own Freedom. Therefore, those whose Light is not bright enough within themselves and strong enough to recognize the Truth from without and hold to the application of this Law, will naturally accuse us of everything in the world we never thought of; and since you who have been strong enough to hold to your "Mighty I AM Presence," release Its Light and bring yourself to this point, will probably be included also.

We have all been through the mill before and there is no use getting excited. When people criticize you, us or the Ascended Masters' Law, turn instantly to them and say: "Have you given as much good to mankind, America and the world in four years, never asking a dime for anything? Can

you hold your peace to the degree that the students under the 'I AM' Radiation have been doing"? The organizations that are condemning us accuse us of doing everything we have not done; and they say everything except the Truth. When those people will give their fellow-man as much good as has been given through this Radiation they will never say a word against It.

They have accused us of dominating our fellow-man. You know what I am going to say now is true, and these are statements you will need to make in order to definitely consume that which is not true.

We have never dominated anybody and we never shall!

We never intrude on anyone's free will! That is against the Law of Life, of the Ascended Masters and of ourselves. There is nothing hypnotic in this Ascended Masters' Instruction. There is nothing psychic or spiritualistic about It in any way! There is nothing hidden or occult about it! There is nothing emotional nor fanatical about it! This Ascended Master Instruction is not an ism or cult; It is the Education of Life, and It is based on the Law of Energy and Vibration.

We have never asked obedience to ourselves! Can our critics say as much? We have never asked human beings to do anything but obey the Law of their own Life, which is Harmony, Purity and Balance; and be loyal one hundred percent to the highest ideals of Life; and that means their own Life! We have only asked each human being to be loyal to his own Life, God in Action, which beats his own heart.

There are many things our critics do not know about the Ascended Masters; so their own ignor-

ance might have a great deal to do with their opinion about This "I AM Activity." It is just possible their own ignorance of the Laws of Life and of the Ascended Masters is what they see as mistakes, for the Ascended Masters never make any mistakes!

We never have and never shall get mixed up with politics; but we do call forth Purity, Perfection and the Victory of the Light into all political activities for the benefit of all mankind. Have they done as much?

When we plead for obedience, it is to the Law of Harmony that you may be healed and free. We only ask people to be loyal to every constructive principle in the Universe, the highest ideals of Life, the Purity, Perfection and Victory of Jesus; and to all the Ascended Masters through Their Ascended Master Understanding of the Words "I AM."

We have never opposed Law and Order in the democracy, but on the contrary have asked all students to obey and give blessing and protection to all policemen, firemen, aviators, public servants and help maintain Law and Order.

We and the "I AM" Students have obeyed Jesus more in four years than any other outer world activity. We have healed countless numbers in four years and enabled the people to heal themselves and others, and have never asked for a dime. By the calls and Decrees of the "I AM" Students and the Ascended Masters' Light Rays, war has been kept out of America for the past three years. Have our critics done as much?

The "I AM" Students have had four years of application of This Law and everyone who has sincerely applied it is today cleaner, happier, more

harmonious, healthier, more prosperous, younger, more beautiful. They are better, stronger, more loyal American citizens and better human beings. They are free from a great deal of their former distress. They are more satisfactory individuals for everyone else in the world to deal with than they were four years ago. Have our critics improved themselves as much?

The "I AM" Students love Jesus enough to believe that He told the Truth, when He said: "Do what I have done and even greater things." The "I AM" Students are doing more of the things that Jesus did than the outer world, for they ARE the out-picturing of more of His Perfection.

We never ask anyone to believe us, but have asked all to prove us, and prove the Truth of this Law themselves. We never have and never shall tell anyone in the world anything but the Truth!

This Ascended Master Instruction of the "I AM" is the Eternal Law of energy and vibration, which is your Life, and no one can prove It wrong. Everyone can prove It right and must some day understand It.

Who of those who have criticized the Ascended Masters or "I AM" Students have done as much for mankind in America in four years as This Activity? The "I AM" Students themselves are the living proof and fulfilment of the Truth which this Law is.

Mankind from now on must fulfill their own words or be exposed by the Law of their own Life. Now, let them take it! Those who prattle about Jesus had better do what He did or they will have to face the reaction of their own disobedience and ignorance. The "I AM" Students and ourselves are no more self-deceived, than you are when you turn on the electric light, the radio or the tele-

phone. The Ascended Masters' Instruction is based on exactly the same Law, and no one can deny It. Because our critics and others have not yet seen the Ascended Masters does not prove they do not exist or are not Real and Perfect! They are in the Universe. They are giving Protection to America and doing nicely. Their Presence, Light and Power shall continue to consume human ignorance and destruction until all are free, including our critics.

The Ascended Masters teach all the "I AM" Students to be honest and honorable in all their dealings with all mankind and Mr. Ballard has said: "Is anyone so depraved as to think that I would stand before three-quarters of a million people and lie to them about the most divinely sacred thing in the Universe—Life"?

We have never asked for a dime or student's list. We have given all and asked nothing in return. We have offered help and protection to all as free as the air they breathe. Have those who criticize this Activity done as much? All the Ascended Masters and ourselves have ever asked is for everyone to be honest, honorable, sane, balanced, sensible, clean, happy, beautiful, youthful and Perfect, until we enter into the Ascension.

Mr. Ballard has said: "Let no human being dare stand before me and say that I do not tell the Truth about This Law, or that I am self-deceived"!

Beloved ones, from now on, you the "I AM" Students have more and will continue to have more of the good things of Life than the rest of the world; because you are making the application and the Law is fulfilling your calls. So, as you stand before the rest of the world, remember you are at the apex and have the possession of what

the rest of the world wants, so do your work of protection!

Go on and blaze more, and more, and more of that Power of Light forth, until all realize you are Invincible; you are Invulnerable to everything but Ascended Master Perfection; and ultimately they will become really convinced that this Ascended Master Instruction is the Law and you are obeying It. That is what produces results. Later on, as the viciousness released into the atmosphere by mankind is consumed, these individuals will awaken and come around to have some of the good things too; but do not let your sympathy throw you off the track then. Such people do not become angels in a minute. Be kind at all times, but be firm and inflexible; and give no quarter to anything but obedience to the Law; and you will do those people the greatest good in the world.

You will contact many, use great discrimination and be on guard. There are two types—those whose Light is bright and those who are seeking the explanation of Life. When they see you, they see your happiness and Radiation and they will want it also. Do not be deceived, when once an individual has been vicious, let him prove to you he has changed before you accept him again into your association. Make such an one prove at least over a period of six months or a year that he really is obeying the Law, and do not be deceived by anyone.

This Ascended Master Activity of the "I AM" is a Mighty Power and Victory of Light! All that is not constructive shall give way before the Onrush of this Ascended Master Perfection of the Cosmic Light and none can stop it!

Therefore, stand true to the Light and the Light protects Its Own.

YOUNG AMERICA

BLESSED young people of America, do not accept under any circumstances any suggestion from the outer world, which would tempt you to lower your moral standard of conduct, which is the Purity of the Ascended Masters at all times.

Remember for century after century you have come into physical embodiment, married, raised a family and passed out through so-called death. In none of those former centuries did you touch the opportunity for the complete Freedom and Victory of the Ascension because you had not yet been given the Ascended Masters' Help in the knowledge of your "Mighty I AM Presence," which would enable you to attain the final Victory.

Now the Door into the Ascended Masters' Octave of Life is wide open before you, if you are through serving the outer world and your own desire to have your own way. Do you realize that through the centuries, it is because you wanted your own way, that you do not have God's Way of Perfection in your mind, body and world to-day? Your own way of feeling is the limitation and distress which binds you in the imperfection of your world.

Then it is time to be free from all human desires to have your own way. Instead, hold only one desire in your world and that is for the fulness of the Presence and Its Way of Perfection. Nothing else will ever bring you permanent Happiness nor Freedom.

· MUSIC OF THE SPHERES ·

IT is our very great privilege and joy to announce the release this month of two new songs which have come forth to do tremendous things to bless and free mankind.

Each of these two songs gives a very special service and shall never cease in the expansion of the Light they bring to mankind.

The music and lyrics both came through our Beloved Messenger, Mr. G. W. Ballard, who uses the pen name of Godfré Ray King.

"Son of Light" has been brought forth by the Ascended Masters and charged with Their Almighty Power of Light and Obedience, to enable greater Protection, Illumination and Perfection to come forth in and through every child and young person, to raise each one into the full Victory of the Ascension.

The Ascended Masters have said, that if parents and especially Mothers, will sing, play and listen to this song directing its energy to their own children and to those under their care or whom they love; through it, the Ascended Masters can give the Assistance needed to lift those to whom it is directed into greater obedience, Victory and Perfection of the Light; and even into the final attainment of the Ascension, when the definite call for that is made.

The Ascended Masters have said that every Mother who sincerely uses this song and makes the call for the Ascension of her children, will not only open the door for their Ascension, but will attain her own through that call also.

All individuals who love children and young people, whether they be parents or not, can render this Mighty Service to the younger gen-

eration and thus annihilate the effects of the destructive suggestions and activities which have been imposed upon them in the past.

Through this song gigantic and transcendent Cosmic Assistance is being offered to the people of earth in order to protect all constructive activities so they may survive in the future.

The Likeness of the figure on the cover is that of the Higher Mental Body of Donald Ray King (Donald E. Ballard). The music, lyrics and picture have been charged with the Light from Its Heart and the Ascended Master Power; to make all children and young people the Ascended Master Youth of America and the world.

CALL TO LIGHT

The "Call to Light" has been given by the Goddess of Light. The music and lyrics of the "Call to Light" were given to our Beloved Messenger, Mr. G. W. Ballard, direct by the Blessed Ascended Lady Master known as the Goddess of Light. It was the song She used and the Call She made which released Her from a most tragic condition, that had been imposed upon Her by the vicious forces which were trying to destroy the people She governed.

This intense Call for the Power of Light to give ETERNAL FREEDOM has been brought forth again into the outer world, that all who use It may also have their ETERNAL RELEASE from the binding chains of discord and destruction.

It has been especially charged with the Power of the Cosmic Light and the Ascended Masters' Victory of Life to do for all who use It exactly what It did for the Goddess of Light.

May all who sincerely desire to be released from the discord and limitations of earth use It

with a definite determined call for their complete and unconditional Freedom and the Victory of the Light of God that never fails.

Within It is the Power to give that Mighty Perfection! The Ascended Masters have definitely charged It with the Full Power of the Cosmic Light required to give complete release to all who are determined to have the Ascended Masters' Instruction, Happiness, Perfection and Freedom forever!

The Likeness of the Figure on the cover is that of the Blessed Cosmic Being, known as the Goddess of Light. She has been given that Name because of Her very great Light and Power to annihilate the destructive forces which have constantly beset mankind, when they have tried to hold to the Constructive Way of Life.

Through this piece of music, will flow at all times the Power and Light which She wields, to help set everyone free who will use It with sincerity and determination. It is a most Powerful Call to the Heart Center of Creation; and automatically compels the release of whatever Ascended Master Assistance is necessary to accomplish the Victory quickly.

The musical arrangements have been made by Vinton and Virginia LaFerrera and the illustrations on the covers have all been done by Mae DaCamara.

Victrola Records will be made by Catherine Rogers and Virginia LaFerrera very soon.

We wish to extend our Love, blessings and gratitude to these blessed ones for their glorious assistance in helping these songs to be released for the use and blessing of the students. May the whole world sing these songs, be set free from all distress and stand eternally Victorious in the Light.

· NEW SONGS ·

· *Victory* and *The Minute Men of Saint Germain* ·

It is our very great privilege and joy to announce the release this month of two new songs—VICTORY and THE MINUTE MEN OF SAINT GERMAIN.

The likeness on the cover design of Victory is that of the Ascended Master Victory, Who is mentioned in Unveiled Mysteries as the Tall Master from Venus; the music being charged with His FEELING of VICTORY.

The likeness on the cover design of The Minute Men of Saint Germain is that of our Beloved Ascended Master, Saint Germain, in Golden Armor as He works with the Sword of Blue Flame at the Inner Levels. The likeness of Him is very remarkably accurate.

These songs come forth to carry tremendous Blessings to all. They are charged with the Power of Victory and Light to bring the Victory of the Light everywhere they are heard, sung or played, or the pictures contemplated.

They shall charge the "I AM" Students, America, mankind and the whole world with the Ascended Masters' Almighty Power of Light, until the Eternal Victory of Life takes Its Dominion forever.

The music came through our beloved Virginia LaFerrera and the lyrics through our beloved Catherine Rogers. We love, bless and thank these precious ones forever for all they have done; and our beloved Vinton LaFerrera for his assistance in the arrangement of the music.

· NEW SONGS ·

Rainbow Rays and Rose of Light

T is our very great privilege and joy to announce the release this month of two new songs RAINBOW RAYS and ROSE OF LIGHT.

RAINBOW RAYS was first sung at the New York Class, where the Mighty Light and Action of the Rainbow Rays started forth; to release Its Perfect Balancing Activity of the Cosmic Light; to bring Perfection everywhere. The song was dedicated to the City of New York and carries a Powerful vibratory Action and Balancing Power to bless that city forever.

ROSE OF LIGHT was first sung and dedicated to the City of Los Angeles at the last Shrine Class. This song very definitely represents the unfolding Perfection of the "Mighty I AM Presence," which is the Life within the heart of every human being, and goes forth with a special Blessing to the City of Los Angeles.

These songs both came forth through our Beloved Mr. G. W. Ballard, both lyrics and music and carry tremendous healing Power and Blessings to all. They are charged with the Power of Light to bring Perfection to all who sing or contemplate them. We love and bless our Precious Mr. Ballard forever for his loyalty and obedience to the Light that he may be a channel for these Wondrous Healing Powers to flow through to bless humanity and set them free forever.

The Songs are available through the Saint Germain Press.
Price each $1.00. Postpaid $1.15.

Our beloved Catherine Rogers has made marvelous perfect Victrola records of these two songs that all may enjoy them for private healing Blessing.

The Victor Records of the Minute Men of Saint Germain and Victory recorded by the Minute Men of Los Angeles are now released for use in study groups or private contemplation and blessing for America's Protection.

· ARCHANGEL MICHAEL'S DISCOURSE ·

· Philadelphia, Nov. 15, 1938 ·

ELOVED ones, seeking the Light, how great is your privilege as you reach out to the Great Source of Life, your "Mighty I AM." It is the Greatest Intelligence, the Greatest Power of Action, the most Invincible Protection, when fully felt and called into action that mankind can have; then you have a right to feel greatly privileged.

I have not ministered to earth since My Ministry in France. I ministered then to the same individual who, this night, I begin to minister through in America, our beloved Joan of Arc.

You have been calling for the action of the Sword of Blue Flame. Now you shall have it! Mankind in their condition to-day are in the greatest need in thousands of years. Unless Divine Assistance comes to the people, they will perish under the conditions which are sweeping Europe to-day.

The Great Masters, the Ascended Beings, the Legion of Light and the Great Cosmic Beings are making every effort to give mankind the Assistance they require at this time; but humanity have not understood that they must give certain response; that they must make a call to Life, in order to have Its greater and fuller expression come into action through the human form.

The nations of the earth whose action is the feeling of the people of that nation, should be an example to mankind of what it means to change the attention from constructive thought, feeling and action to the destruction of the ages. You have read and studied various histories of the earth, largely telling you of the wars which have

swept the earth and the closing of civilizations; but this is one time when mankind shall not destroy itself!

The Great Cosmic Light has said that humanity shall blaze forth more Light and that means the expansion of YOUR Light. It is the Light Pattern of your human form, not only through your heart but within every cell of your body. The "I AM" Students are the only people on the face of this earth to-day, who have the slightest understanding of what is required of Life, by Life, to have Life.

The mankind of earth have so long forgotten their Source and turned from It, that Life is compelling them to come back to It again. Those who do not do it, will go out in destruction. Make no mistake about it, beloved people. The silly puny human beings, who believe they are sufficient unto themselves in just the human form in which they are manifesting, are strangely insane. The human being who thinks that his human form alone is sufficient is too childish and foolish to even be given consideration.

See what mankind has done throughout the ages. Except for the Assistance of this Great Presence of Life, the "Mighty I AM," they would have been sweeping the earth, to-day, with their destructive powers. The Messengers have told you that eighteen months ago war would have been in your America and it is true, quite true; because Europe had so planned it.

Now make no mistake, when We refer to Europe We are not condemning those countries; but the condition exists there and unless the people in America awaken, the same condition will exist here. I have come forth to give Assistance. Since

more than six hundred thousand people are calling for Me, I feel that it is My Duty to do what I can to Assist the earth and the people of America who have turned to the Light to stand firm and unyielding; and by that Power which I shall give them in moving among them, they shall wield the Sword of Blue Flame in their physical hands. They shall send forth that Power of Light which goes forth and dissolves human discord and destruction.

I want you to feel, beloved students, to-night this is no idle thing. Fear nothing in the future! No matter what condition confronts you! There still are individuals who will yet be seized upon by vicious forces and try to interfere with you, but they have no power! Now remember it! You, in the acknowledgment of your "I AM Presence," have the Power of a thousand people in calling the Mighty Light Rays, to silence all human discord and destructive qualities projected to your nation or to yourselves. I want you to realize, beloved students, that you are standing now at the time, when a little more firmness will send you forward into the Eternal Victory of the Light, beyond all mankind's ability at the present to comprehend.

It is no idle talk that the Great Cosmic Light will release Itself and sweep all human selfishness and discord from the planet, when enough of mankind are making this call. You, as Students of the "Mighty I AM," should understand what it means to call forth those Mighty Light Rays from your own Great Presence which beats your heart. Then you will understand, this Light being Invincible and knowing no opposite, is the Power that dissolves all discord which has been

accumulated in your land. If it attempts to intrude, it will have no power at your command!

You have friends Powerful and Mighty—the Ascended Masters, the Legion of Light and the Cosmic Beings. My dear people awaken! As students you have not yet sufficiently awakened to realize that your call is Supreme. You are not acting from the human form, you are calling to the Presence of Life whose Light Rays are All-powerful to go forward at your command and release the Power of Light in action, God, the "Mighty I AM" in action, before you and into your world of action. No human power has any activity to resist It. That is why, to-day, you stand as Masters of the world of human creation.

Therefore, hesitate not in calling forth this Mighty Power of the Light that stands Supreme. It has been waiting through the ages for the call of mankind. The people could not make it without this Ascended Master Understanding of Life. They could not make the call, until they understood that the Presence of Life is above them and beating their hearts. There is no human being on the face of this earth who can call and have a mathematically accurate answer to his call, until he knows the "Mighty I AM Presence" is there. When individuals do clearly know that in their feelings with full power, no one will make a call for a single thing and not be answered immediately. I want you to feel, beloved ones, that you are not subject to human conditions any longer when you know your Great Presence of Life and will call It into action with firmness in your feeling.

Therefore, to-night, I release to you in Philadelphia the Power of the use of the Sword of Blue

Flame. Mentally, picture It in your hands. Mentally, picture Its Mighty Force going forth throughout your city, dissolving and consuming every discordant human accumulation which has been gathered in your city. One of the Mightiest Activities in any of your cities of America is taking place here to-night. Over four hundred thousand discarnate entities will be removed from the City of Philadelphia, to-night. (applause—audience rising)

Beloved people of Philadelphia, while you are standing just let Me say a few words. Since Philadelphia is really the Cradle of Freedom and holds the Bell whose tones encircled the earth, even into the Great Octaves of Light, what do you suppose caused your Liberty Bell to break? The very power and sinister force who hoped one day to destroy humanity. The black magician who was the cause of it has been seized and removed from the earth. (applause) The day is not far distant, when that Bell will be transmuted into a metal which will pour Its Radiance forth to the physical sight of anybody. I ask you to await Its Mighty Manifestation.

Five of the twelve black magicians who remained in America have been seized, to-night, with these entities. (applause)

This Great Great Activity that is going on will bring mankind their very very Great Freedom for which they have been calling for centuries. You do not know it, but the Great Great Ones have been trying to give mankind Assistance. Not having sufficient attention from the physical octave of earth, They could not give it. To-day, since that attention is being given, the Great Powers of Light are taking Their Dominion on

earth. Beloved ones, as you make your calls to Life, try to feel all that Life means to you. Do not think Me harsh when I say that mankind has given Life no consideration whatsoever for many centuries! They have been using It and accepting It, yet never once pouring up one "I thank you." They have not had one consideration for the privilege of using Life. It is not a privilege for Life to use you; you are privileged to use Life.

You might say to Me: "Well how does it come about that I am here?" Because you chose to come here. Life did not force you to come. Your Higher Mental Body, which stands above your human form, is the Director of your Life Energy and chooses when and where you shall go. Your puny forms which sometimes feel so important, what do they do when Life chooses to withdraw?

You know, beloved ones, as well as I do that when a human form lies helpless before you in so-called death, the Life has withdrawn. All the faculties were there and still are, but why do those faculties not act? Because that body was compelled to have Life within it, in order to act through it. There is not a human being who can deny it. Therefore, never let the human feel important before the Presence of Life; but compel it to stay humble enough so the Power of Life may find harmony of action through that human form to produce Perfection, hold Its Dominion and spread Its Mighty Radiance everywhere.

Therefore, I say to you, beloved ones, the Power of Light, the Power of Life is ready to take Its Dominion on earth; and even in the face of the conditions in Europe to-day, it still can. The Power of Light can sweep into it and annihilate every human destructive quality that is there.

I ask you beloved Students of the Light indidually and in your Groups, to make at least one firm determined call daily for those Groups in other countries. They are so small in comparison to your great numbers here; but they are standing just as firm in their few numbers in their call for your protection here and for Europe as you are. Therefore, try to realize that those who are in the seething vortex of the discord there, are standing firm and making their calls for you daily. It is a great service. Who shall say what your call for Europe might do!

It is a battle between Light and darkness for the entire earth and unless America stands as the Cup of Light, you will scarcely know what the formation of your earth was compared to its form to-day. In the recent earthquake in the Pacific, it shifted the force of the gas belts through the earth to many points where greater effort and greater call are needed. The sinister force attempted to shift the pressure to this little spur of the gas belts that comes down from Boston, into New York and into your Philadelphia. The black magician who was directing it was caught in time, to prevent its force reaching to the ends of those gas belts. If that had occurred it would have acted in New York, and Philadelphia. (applause)

Beloved ones, you are most fortunate in having the understanding to-day of how to call the "Mighty I AM Presence" into action so the protection can be given. I ask you, as firm sincere students, to stand unyielding in the use of the Sword of Blue Flame in your hands and send forth that Mighty Power and Radiance to dissolve human discord about you. It will harm no one, but through you it will cause to be dissolved the hu-

man destructive feeling which is trying to sweep mankind under by its tremendous force.

I tell you to hold steady, beloved students, a little longer, until this Substance of which you were told in Washington is dissolved and consumed. Then, you will have come to a point where greater Assistance can be released for your Victory and the Victory of the Light here. These forces that hate so greatly and do all they can to spread discord everywhere, must be governed; sometimes by force! That is what We shall proceed to do.

Now gentlemen, since the masculine element is charged with the inclination to be pugilistic, let Me call your attention to its action. What do you think acts through your arm, first through your feeling world? The Power of qualified energy. Your hand would have no force without that qualified energy charged into it, would it? Therefore, when We tell you that We intend to use force where it is necessary, We mean just that! We mean the Force and Power of Light that can absolutely silence any human action! Mankind must have this assistance.

Therefore, as you call and continue this activity, be aware of what is taking place. It is not just so many calls each day which is needed, but it means a gathering of power, energy charged with the Power of Light, which you are calling forth into action. When you are calling so earnestly to your "Mighty I AM Presence," you are charging your feeling world with the Pure Substance of Light, which is energy of very high power. That is why there will be thousands of students in America in the near future who can say "STOP"! with a force that will fasten the

human form in its tracks. When mankind comes to see and understand that they are dealing with an Invincible Power with which they cannot cope, then they will begin to think and think deeply! think earnestly! Begin to think what Life is and what It means to them, and what they are doing with It.

My dear people, when you realize that mankind having given no thought nor attention to what they were doing with Life, yet constantly using It for discordant purposes, is it any wonder that humanity must take a stern firm determined stand to-day in order to reverse all the currents that have been qualified through the ages? It is a serious thing, ladies and gentlemen, a very serious thing!

I wish Saint Germain would see fit to release a goodly number of the students from the body, take them to Europe and the Orient and let them see and retain the clear memory of what is going on there. Then tell Me, if you want such a thing to come into your America.

Beloved ones, this opportunity is yours. It is still before you to win the great, the Mighty Victory of Light. There is only One Great Being remaining Who is yet to come forth and complete the Circle of Divine Power for the earth, and that is the Goddess of Purity. (applause—audience rising) When the way is sufficiently prepared, She will come forth and that will complete the requirements for the release of the Cosmic Light. I mean by that in Its greater commanding Presence and Power.

I give you great encouragement, to-night. While I am talking and giving to you and into your use that which your Higher Mental Body

will cause to come into action, the Mighty Sanat Kumara has focused His Mighty Light Rays into this room to assist you and those who are here for the first time, to awaken into the fulness of this Great Majestic Truth. As the Messenger said to you, there is not one thing in the whole of this Mighty Instruction which Saint Germain has brought forth that anyone on earth should not be happy, joyous and willing to accept. It is the explanation of all that has gone before; so utilize your opportunity to grasp this Great Understanding of Life. Apply It and have the Happiness and Freedom that has come to these beloved ones. (the Messengers) Let Life do for you all It wishes.

Do not think Me harsh, when I say it is time now for you to feel your obligation to Life and understand the correct use of Its Mighty Energy. It is not Life that is seeking you, but you who should be seeking Life, Its correct and Mighty Understanding and Its right application. That is the position mankind are in to-day. Life will not intrude Itself without your call, individually. Neither will the Ascended Masters nor the Cosmic Beings intrude Themselves into your world, unless you invite Them.

In the need of America, to-day, her people would be as helpless as infants, except for these mighty calls being made to the Presence of Life and to Those who have set Themselves free from the human limitations to which you are subject to-day. Every one of These Great Beings have once lived in human forms like yours. They have set Themselves free by this Great, this Mighty application of the Law, the "Mighty I AM." Therefore, if you care to give It your attention and application you will set yourselves free, not only from

illness and discord in the body; but from the financial struggle that has mankind to-day in its clutches; for scarcely one in America knows which way to turn.

We know the feelings of mankind. We know their fears. We know the torture that thousands and hundreds of thousands are going through to-day because of their fear of conditions; for they know not from one day to the next what is going to occur. With the intrigue that is going on in America, vicious individuals have been using the most subtle means of trying to spread destruction to mankind during the past five years. In four years, the great, the Mighty Inroad which has been made on those destructive forces by the calls to the Power of Light has been unparalleled throughout hundreds of thousands of years.

Do you think that any who are coming forth to Saint Germain's Assistance to-day would have come, if They did not see that He had stirred within the feeling world of mankind the conscious acceptance of the "Mighty I AM"? It is mankind's acceptance which has given Them the means of sustaining the gathering force and Power of the Light—that has enabled the Great Cosmic Beings and other Great Beings of Light to give the Assistance which mankind must have. There would not have been One of Those Great Beings come forth; for you will remember, only He and the Beloved Nada believed that two could be found in America, to-day, who would be strong enough to carry this Message and the Light. They were found, and they have proved themselves to the world. (applause—audience rising)

Just a little further along, you will begin to see such evidence of these mighty calls that have gone

forth. Think of it, they are reaching to the very Heart of the Powers of Light which govern this system. If mankind will not awaken through that which has already been stirred into action, then there would never be a chance of mankind's redemption from the limitations into which they have drawn themselves.

I want you as students, to feel your great, your mighty part in this awakening of mankind. Please feel, as you have been told numbers of times, that, in issuing these Mighty Decrees, you get the full force into them. I say to your beloved Frances, please do not take your Decrees quite so fast. Take them fast enough to gain the energy, but do not take them so fast that you do not get the full force into them. Just a trifle slower and you will get the full power and force that she is calling forth into them. It is very important. When you strike a certain intonation on the Words, "I AM," as the Washington Class did at least twelve times in succession; then you will realize the Power that the utterance of those Words means to you, who are an individualized Focus of God at your point in the Universe.

L.6 - R.24

The Words, "I AM," are the Mightiest Words in any language that ever has come forth in the use of mankind in four and a half million years. They are the Power of Light! They are the Signal to all the Forces of Light, when you utter Those Words, to come into action at your point in the Universe. They are an acknowledgement that you are God Beings and that the Power of Light in you is the Power of God, the "Mighty I AM." As you come to understand this more fully and feel more deeply Its Power and Action in and through you, then will you gain your Mastery. You will see the

outer manifestation so quickly, your heart will rejoice that you were strong enough to stand until the momentum gained its full power in action at your call. //

You, as sincere students, have seen the Messengers climb in four years from days and weeks of application until to-day in one mighty call they can have and do have, hundreds of times, instantaneous answers to their calls. This should be the greatest encouragement to the students, because they actually do it. It is not a matter of someone saying so, but where it took them weeks of application four years ago, the answer comes in one call to-day. That is the Power of momentum gained. It is the charge of Light, Self-luminous, Intelligent Substance into your feeling world, which stands there a Motive Power to charge forth at your Decree, at your call. At your projection of the Light Rays, the energy goes forth before you into your world to produce any given result.

You are dealing with a Mighty Power, not a power that is harmful, for It only consumes destructive forces. Do not fear that you are harming each other by the use of the Sword of Blue Flame or the Violet Consuming Flame. My dear ones, ALL this activity is governed by the Power and Wisdom of your "Mighty I AM Presence," through your Higher Mental Body. Therefore, dismiss forever all fear within you that any use and activity of this Mighty Law could harm anyone or anything. It *will* stop, silence and dissolve human discord, but God knows you want to do that, do you not? (applause.)

As a practical expression of Its Power—look at your homes in America to-day. Where can you find a home that is wholly harmonious? I am

asking you a very serious question, beloved ones. Then, how did that inharmony intrude into those homes which were once so happy? By the vicious sinister thing that came from Europe and from Russia where it had its origin. You know it in your America, to-day, as the communistic element, which has its many tentacles reaching out under various names. It is a force that is acting, dear people. It has almost undermined your great and blessed America; your great and blessed people.

Remember, beloved people, you who have been drawn into this Mighty Light of Saint Germain, of the "Mighty I AM Presence," are largely those who lived in that Great Civilization of seventy thousand years ago. You knew Him then. Why do so many of you, to-day, when you touch the "Mighty I AM" and see Him, feel you have come home? Because your heart knows it. The Light within your heart always knows! When you learn to respond to your heart action, then you will always know and feel the action of the Mighty Truth and Its Divine Direction.

Beloved people, always turn first in all this Mighty Assistance to your Presence of Life. Really feel and know the statement that has always been before you: "There shall be no other Gods before Me." That Me is your own "Mighty I AM Presence." When you make a god of something, of a human appearance, you have forsaken your own Life. How many people have made a god of money; a god of beautiful homes, a god of beautiful conveyances and all that kind of thing, and how do you do that? By the great power of your attention focused upon it, instead of on the Presence of Life, the "Mighty I AM Presence," which gave it to you.

Think of it! Whatever you have had in this embodiment or any other came to you from your Presence of Life or it would never have arrived. Why does the Understanding of the "Mighty I AM" silence so quickly all human conditions and bring about the release of happiness? Behold the Messengers before you, dear people! Most of you students know that in four years they have set themselves free. Without a dime, Saint Germain asked them to go forth and they have come into the Victory of Life, in the face of the greatest viciousness that has ever been directed at two people.

If they can withstand that, then there is a Divine Power which has given them strength and courage to be so fearless before mankind. It has caused mankind to come forth and acknowledge their own God Presence, call It into action and release the Freedom that is now being experienced by more than seven hundred thousand people to-day. These are proofs, if mankind wishes to look for them. When you prove the Law to yourself, when you prove It by your own application, you will know what proof means in the outer world; but you will never understand the Law fully until you apply it yourself.

Mankind are facing the culmination of the accumulation of the ages and are being compelled to prove the Presence of Life to themselves. That is why this Mighty Application has brought such great Power and Light and why It is reaching throughout America to-day.

Do you know, beloved students and friends who are here, these two humble individuals are known very definitely in every part of the world to-day? (applause—audience rising) If they did

not know their Law, that might not be such a happy thing. Remember, to be known to a world of which only a small percent wants to be constructive, is not such a happy acquaintance. Remember that and remember these two humble individuals stand before the vortex of the whole world to-day. Do you not think that Our Eternal Guidance pours to you for your blessed Love and calls! Think what your Great Love means—nearly eight hundred thousand people pouring forth to these two precious ones who have been so staunch in carrying the Light and Freedom to mankind. I want you to feel it, to-night, as you never did in your Life before.

That blessed one (Mrs. Ballard) who was once burned at the stake, will not be this time. (applause) Now, I want you to feel something with Me. Imagine what it meant at that time, when We were not permitted to interfere with the free will of mankind, not even with vicious individuals. We, after raising her up to save France had to stand by and see her burned at the stake. To-day, since the free will of vicious individuals may be withdrawn, the world is no longer at the mercy of the viciousness of mankind. You will pardon Me if I say it, but there are those in the orthodox world, to-day, who are preaching against these Messengers. They would burn them at the stake just as readily, to-day, as they did then, but thank God they have no power to do it. (applause)

Beloved ones, the most fortunate of mankind, you are living in an age of two great great extremes, the Light and the shadows. The shadows always dissolve before the Light! When this room is in darkness and you turn on the Light the darkness disappears. So, as you turn on more Light

of the Great Presence of Life by your calls, it becomes a far more powerful thing than turning on the switch that flashes the lights to illumine this room. Your call to the "Mighty I AM Presence" is the Power that turns the key to the Light of the Universe and the Light of the world. It turns the Light into the conditions of mankind about you and your America whom you love. Is that not the same Light and Power that dissolves the darkness in the room and dissolves the darkness in mankind? To not understand and use this Power of Light is the failure of mankind.

Do you not see when you understand the "Mighty I AM," there is no person in this world that can dominate you, or who can tell you that you must obey him? The priesthood of the time of your Beloved Ascended Master, Jesus, who crucified Him, tried to stop His expansion of this Light. Do you think, if the same conditions were here, to-day, that they would not do the same thing? Since mankind has been set free from such great great quantities of human accumulation, the Light is releasing more powerfully.

I know quite well there are those of mankind who have heard about the war entity of Europe being dissolved and they have said: "If that be true, then why does the war in Europe go on"? Be advised! The momentum of centuries is still holding its action in the feeling and habits of the people for sometime after the accumulation has been dissolved in the atmosphere over Europe. It is the same with you individually to-day. If you will not continue to use the Violet Consuming Flame, through and around your human form to purify your feeling world, you will never be free in ages to come, from that which has been your

accumulation of the centuries past. It will constantly come forth into outer action for redemption, and if you are not aware of it, whatever quality was charged into your feelings will act. If it be destruction, then it will find the same kind of destruction into which it will draw you in the outer world.

That is why I say, beloved students, use that Violet Consuming Flame as you value your Life and you will have no accidents, disturbance or illness of any kind, to mar your progress and the expansion of the Light within you. I wish you would call for the expansion of the Light in the CELLS of your body as well as your heart. Your beloved Harry Rogers, as you have heard him say so many times in his Contemplation Groups, calls for that definite action and it is well.

To-night, feel your Freedom! To-night, feel your Authority and Power in calling your "Mighty I AM Presence" into action. Be kindly, but be so firm and so determined to have the full Power of the Light of your "Mighty I AM Presence" in action in your world that not one human thing can intrude from the outside to mar your progress or the glory for which you are calling. It will come. There is no question about it, but you must be firm and unyielding.

We have observed thousands of students who have even wavered, but yet in that wavering reminded themselves that they must be firm and more firm. Then, as they continued in that greater firmness, all of a sudden the wall went down and they stepped forward in their Victory in almost every way. You too can have the Victory. Yield not to any human appearance which would try to make you believe that you have not succeeded in your application.

I am speaking directly to those of Philadelphia. You should rejoice as never before in your power to stand as you have here. You now are beginning to gain numbers rapidly. Mankind will see and understand that you are honorable, earnest, sincere people, seeking the Freedom and Power of Light blessing everything as you go along, but yielding to no destructive thing. Such is the position of the students to-day.

Be so kindly and so firm against human discord. I say, beloved Group Leaders of America, you must be more and more firm against any discordant element in your midst. Do not hesitate to have them taken out at once. (applause) Know that the Light is pouring forth Its Infinite Power to you. You are the Children of the Light. Please do not let your outer world position cause you to recede for one instant from the full feeling of your ability to call forth the Power of your "Mighty I AM Presence" to set you free, no matter what your position is to-day.

Saint Germain has said and I say to you, I can take one of the humblest individuals on the street and if such an one will give Me implicit obedience, I can raise him inside of five years into the Victory of Life; because the Light of God, the "Mighty I AM Presence" is acting within the heart of every human being. As soon as real earnest, sincere attention is given to the "Mighty I AM Presence," Its Light will expand, Its Power will intensify and Its Flow will go forth into the body and world of the individual, giving it the strength, power and the dominion to conquer the conditions of human accumulation which it confronts.

To-night, rejoice with all your hearts. Go forward in the Power and Victory of the Light and yield not to a single human appearance.

I thank you beloved ones, with all My Heart for your attention, for your Love, for your kindness. May the Power of My Love and the Power of My Sword of Blue Flame going forth before you clear the way and give you the courage and the confidence to stand immovable in the Power of the "Mighty I AM." Go forward Its Almighty Victory.

I thank you.

Saint Germain's Decree:

"Mighty I AM Presence" take out of my feeling world all sense of limitation and fear of lack of money. Replace it with the fulness of Your Presence and Your Limitless Abundance of all good things, including money.

Jesus said use before retiring every night:

"Mighty I AM Presence"! and Great Host of Ascended Masters, charge me and my world with happiness, Peace and the Victory of the Light.

Every morning:

"Mighty I AM Presence" charge me with absolute fearlessness of the appearance world and see that it no longer deprives me of my freedom.

Nada's Decree:

"Mighty I AM Presence," Great Host of Ascended Masters, Mighty Legion of Light, Great Cosmic Beings and Great Cosmic Light! charge every honest individual, lawyer, judge and official in our governmental activities, national, state and municipal with Your Power of Invincible Protection, Divine Order and Divine Justice for constant action; and cause all activity of circumstantial evidence to cease from mankind forever.

"THE NEW YEAR SPEAKS"

"Make me Oh, so Perfect,"
Says Nineteen Thirty-nine;
"Mighty I AM Presence"
Says, "yes, that's very fine,
I will do all you ask,
I can bless Oh, so well,
If you accept Me now
And live the Truth I tell!"

—*Chanera*

MR. AND MRS. G. W. BALLARD

· SAINT GERMAIN'S DICTATION ·
· SHRINE CLASS—December 29, 1938 ·

BELOVED students, that you may more fully realize how mighty are your Decrees, I call your attention to the short time you have been calling for the Goddess of Purity to come forth. Since the discordant substance within the atmosphere of America has been dissolved and consumed, in exactly twenty-three hours, one million discarnates have been taken from America. (applause) This has brought the condition of the atmosphere of earth to a point where the Goddess of Purity can come forth; (applause) and She will come forth from within the Great Silence next Sunday. (applause)

Now ladies and gentlemen, if you have outgrown the belief in Angels, be kind enough to change your minds. (applause) Preceding Her for hours, will the Angelic Host come within the atmosphere of earth. (applause) This is one of the Mightiest Activities that the earth has known in more than eighty thousand years. (applause)

Beloved students, you have heard Me discuss these things which have been accomplished since the Messengers were here six months ago. Such things are not just words. They are describing to you these actual physical results. Remember, all of this is within the atmosphere of earth and is the action of physical substance. When We tell you these things, beloved ones, it is because it is the Truth and for your great encouragement.

All mankind needs plenty of encouragement at this time, but you are having it, and while it is necessary for you to take Our Word for these things for a short time, yet you do see and have seen the changes in the out-picturing of conditions, as these various activities have taken place. So I say to you, be assured that the Great Powers of Light must see great achievement ahead, in order to have permitted the Goddess of Purity to come forth to the earth once again. (applause)

I will not try to explain to you why the Goddess of Purity is considered such a Sacred Being among all the Great Beings. Some day, I shall tell you the reason why.

My dear ones, ladies and gentlemen, I do congratulate you of Los Angeles and vicinity, as well as those visiting here for this tremendous determination to free America from all opposition to This Work. I thank you. You will be given unlimited assistance; (applause) and it is right that

it should stop. Always remember, in stopping it, you are working in perfect co-operation with the Great Law of Life.

The momentum of these Mighty Decrees, beloved ones, you can scarcely comprehend. Will you please always remind yourselves, that all very powerful action and force is invisible? Even in the mechanical action of the outer world, still is all that power and force invisible. You see the carriers of it, sometimes the generators, but you do not see the force itself. Therefore, why not accept Our Force which is always sent forth under Our Direction! Then, you will understand more easily and more fully why your Decrees are so powerful. One individual is powerful, but my dear ones, when you take two thousand people, or six thousand people together issuing these Mighty Decrees as you are doing in your Contemplation Groups and adoration here, do you slightly comprehend what it means?

Do you quite realize that last night in the Mighty Fiat which went forth in the release of the great power, energy and substance in your Decrees, it made possible the removing of this great number of entities from the earth! That was accomplished right here. Then, will you not have limitless courage and strength in giving your individual Decrees; in your work for America, in the adjustment of conditions in your transportation and industry; and in the other activities of America, of Life, which are now required for outer adjustment?

I tell you frankly you are a power, dear ones, and always a constructive power; because you are asking the Presence of Life to act. It is beyond the comprehension of the average individual as to

what the Presence of Life will do for you and through you.

As magnificent as the other classes of the Messengers have been, there has not been any that touches the transcendency of this in achievement. Much of it We have not spoken of so far, but We must allow Wisdom to guide as to what We shall speak of before the class. These are times of great achievement I tell you. Do you wonder that We love you so greatly and that Our Gratitude is so great that you are willing and have had the expansion of the Light within you to give this response to Life, to Light? We see how magnificent it is. Do you wonder that Our Love is so great to you in your staunch strong determination that this Light go forth victorious throughout America? It shall do so! (applause)

I am sure the majority while I am speaking to you have seen the wavering vibratory action in the atmosphere in this room over your heads. Of course It is going through your bodies the same way, but it is very tangible. I am sure a great number have seen it. This time It has been quite tangible in every class in its various activities and the colors used.

Have limitless courage and strength to go forward. Do not accept, beloved ones, individually, that there is one single thing in your Life which cannot be conquered by this Power of the Presence of Life. You are being given limitless Assistance, but do not think for one moment that We would hesitate, even without your asking, to render any Assistance that might be required in your great determination to be free. Do you know that every one of you who is sincere, is directly in touch with Our Vibratory Action all the time,

and the slightest call from you is known to Us instantly? It might seem strange, but it is quite natural. In our Octave, there is no limitation of any kind. Therefore, We can answer many as well as one.

I want you to feel how limitless is your Life and the Power of your Presence which you are calling forth into action. It is so magnificent. Oh, you are coming more and more into the great tangibility of It. Sometimes, you do feel more satisfied if you can reach out and touch It.

May you feel, to-night, all that is here of Our Great Courage and Strength. I am releasing this Great Courage and Strength to you which will remain. It is not a passing thing, but I want you to have it, because it means so much in your application. Then, you will be dauntless before a thing that has not seemed to yield. You will say: "Well, you might just as well obey, because you have got to do it." Feel it! Feel your independence toward anything that does not want to yield. Say: "Well, you might as well do it, because you have got to do it." Feel that! I tell you frankly, you will feel a Power and Command that will give you the assurance. Then, as you go on, you will find everything will come into action that you require.

I thank you with all My Heart, beloved ones, and may My Great Eternal Love enfold each one in Its Mighty Strength and Courage until that day, not so far distant, when We know each other a little better. (applause)

The hour has come to see the shining face of your "Mighty I AM Presence"! Its slender Hands point you every minute to Victory and every second is now filled with Mighty Ascended Master Miracles of Perfection forever!

(Excerpts from David Lloyd's Discourse to the Minute Men, New York City, Dec. 4, 1938)

GENTLEMEN, remember as you look at the Chart and see those Light Rays going forth, try to make yourselves feel their full Power and realize all that it means. You stand in the same position to-day as those who are being trained in the use of those Light Rays in the Retreat in Arabia. There is no thing on the face of this earth or anywhere else that is as valuable, as important, as the use of these Light Rays to-day. You may not see them, but when you call the Presence to project a Light Ray to render any service, that instant Its Light Ray goes forth; and if you can really feel that in the fulness of all it means, you will be able to absolutely render a service which is incredible to you at the present moment.

In the last five or six classes the Messenger has poured that forth like a river, trying to get the students everywhere to realize that this Power of Light knows no opposition. When called forth It goes forward into action that instant. As you close most of your Decrees with the call for It to be sustained, then It is sustained. The thousands of letters and telegrams of the instantaneous healings which take place show the Power of not only healing of the body and the remedying of all conditions which are not quite balanced but of the healing and solving of conditions in the outer world.

When you see and know that this is done, you will understand why you are not subject any longer to the limitations and conditions which the outer world has imposed upon itself. The appearance world you must understand is not real. It is only the Power accumulated by the re-qualified energy released by mankind. It is not an eternal thing. The Power of Light is eternal and a thousand times more powerful than all the appearance world put together. That is why you must understand this and become more and more firm in the following acknowledgment: "When I call this Light Ray forth into action to render this service for myself or someone else, It goes into action with the Infinite Power of Light and stays in action until the achievement is complete"! If you once fully understand this point, there is not one thing in the world you cannot accomplish; and remember you cannot harm anyone in this activity.

You cannot harm anyone by calling the Light Rays forth because They are Love, Wisdom and

Power acting in balanced form. They will dissolve all discord, all imperfection and viciousness, but They cannot harm anything that is good, because They are the fulness of good within themselves. That is what you need to understand and of which you need to remind yourselves in all your application and the Decrees you issue.

You have heard these Decrees issued for a long time. What do you think happens? To-day, you have stood and issued these Decrees as one voice. Their activity is the same as when you throw a stone in the water and you see these waves go out. Well These Decrees are a thousand percent, many thousands of times more powerful in the Radiance of the wave as it goes out. It not only carries the wave of vibratory substance, but it carries a Radiance and Power of Light as it goes forth and spreads into the mental and feeling world of mankind.

Nada's Decree:

"Mighty I AM Presence" charge and fill my being and world with Divine Order and Divine Justice.

Saint Germain's Words:

"Mighty I AM Presence" take command of my feeling and desire world and raise them into Your Heart and the full command of my Higher Mental Body.

Saint Germain's Decree:

"Mighty I AM Presence" take out of every human being under this Radiation the capacity for lying, deceit and treachery of every kind and replace those qualities by the Goddess of Truth in eternal possession of their consciousness.

N accordance with Saint Germain's Wish, we are asking all at the "I AM" Schools to dress in white for dinner and to make your evening meal the apex of your day's activities. It should be a time of great happiness and preparation for that day, when you will all sit down to a table at which He, Our Beloved Ascended Master, Saint Germain, shall preside as Host; and you and we as guests shall do Him the honor that belongs to Him, through the Love He has showered on us all.

Let no one sit down to a meal at the Masters' Table unless he or she is in immaculate attire and ready to receive his Ascended Host at any moment. No one knows the hour, day or moment when He might come to give you some very transcendent Blessing and Assistance. So be prepared to receive Him at any moment.

It is also another request that no one in the "I AM" School ever attempt to acquire collegiate habits. We are cultivating Ascended Master Habits, and they are always of the most refined type.

Shirts should be tucked in and kept in. Stockings and sox should be held up smooth with garters. Ties should be on and tied. The boys and

gentlemen should not sit at the table with sleeves rolled up or coats off. All should be as clean, formal and Perfect as though your Host were present; for if you provide a place for Him at the table, He will focus His Light and Power there for your blessing, or He may often ask one of the Other Ascended Masters to come in His Place and give you the Help and Blessing which They want you to have.

Preparedness is our watchword. Be it every day in every way and that means the very greatest refinement, obedience, co-operation and preparation to produce Perfection at any moment.

The dinner at the "I AM" School is an Ascended Master Ceremony of Perfection. Therefore, prepare accordingly and Be the Ascended Masters' Culture in all you do each moment.

Jesus' Words:

Three times a day: "Mighty I AM Presence" I accept the fulness of Your Perfection and Almighty Directing Intelligence, as the only acting Presence in my being and world.

Saint Germain's Words:

In the Name of the "Mighty I AM Presence"; in the name of the American people; in the name of the humanity of earth; in the Name of the Light of God that never fails, I decree that every spy in our Airial Forces and every activity of dope that has crept within our avenues of National Defense, shall be stripped from those activities with the speed of lightning; everyone revealed and Divine Judgment descend to take its toll and clean our country forever from all interference with out Airial Transportation.

"I AM" STUDY GROUPS

ONE of the most important of all the things the Ascended Masters have told us is what the Goddess of Purity said on New Year's Day, regarding Purity in the individual's own mind, body and world.

This also applies to Study Groups in the quality of the energy sent forth in the Decrees, which the Ascended Masters take up, amplify and charge with Their Perfection to correct human conditions.

The Goddess of Purity said that unkindness is an impurity because it is less than Perfection. Then, every thought, feeling, word and act which contains unkindness is a cloud of darkness cast over the points of Light in every cell of the body and in the atmosphere around the body.

No shadows of any kind for any reason whatsoever can ever go into the Octave of Light where all is absolute eternally sustained Purity; because It is Permanent Perfection.

Then, will everyone of the "I AM" Students in every Study Group please realize and remember that every thought, feeling, word or act of criticism, or discord toward any other Study Group or "I AM" Student is a cloud or shadow not only in the individual's own atmosphere, but upon the Light which Saint Germain, Jesus and the Other Ascended Masters have brought into the atmosphere of earth to help harmonize, sustain and

raise struggling suffering humanity out of its misery and limitation, to keep it from being completely destroyed.

As "I AM" Study Groups, you should be a blazing, shining Jewel of dazzling Light and Power from the Ascended Masters' Octave of Life to illumine and raise mankind. Remember, an unkindness to each other is an unkindness to Saint Germain, Jesus and the other Ascended Masters; because They have drawn you into Their own Light and Radiance to protect you. Will you help to protect yourselves and save mankind from annihilation by the destructive forces?

Saint Germain's Words:

"Mighty I AM Presence" You take command of my being and world! regulate my appetite and see that I eat the proper food.

Saint Germain's Words:

"Mighty I AM Presence"! charge my Selective Discriminating Intelligence into action in my brain, body and feeling world with Your Mighty Intense Action.

Nada's Words:

"Mighty I AM Presence," Great Host of Ascended Masters, Mighty Legion of Light, Great Cosmic Beings and Great Cosmic Light! let Thy Divine Judgment descend into all destructive persons, places and conditions in our governmental, industrial, commercial, financial, airial, and educational activities and compel Divine Justice and Divine Order to manifest everywhere. Wield Your Sword of Blue Flame into the heart center of all such activities, cut to pieces all discord and bring forth the Victory of the Light in America and to her people everywhere. We thank Thee it is done.

YOUNG AMERICA

Excerpts from the Goddess of Light's Discourse at the Shrine Class, December 24, 1938,

H, that you might fully realize the innumerable times the Great Ones have been sent to give you Strength and Courage to surmount the conditions which confront you and how many times the promptings from within have come and you allowed the pressure of the attention upon outer things to prevent your responding to that prompting.

To-day, the great blessing which is coming to the young people of America is magnificent. The change beloved ones, throughout your colleges and universities is very important. There is plenty of room for improvement yet, but still the change that has taken place is joyful beyond all words. Would you like to know how this great Law operates in that respect? Bob, Rex, Nada and Pearl, those beloved Children of the Light who are so enthusiastic, are so limitless in Their energy which They want to give forth to protect and bless the young people in America.

I say to the Ascended Master Youth of America and all young people who have come to understand this Presence: "My dear ones, if you really would be sincere in your call and give obedience, the heavens would open to you in the out-pouring, the out-picturing, of the blessings which would come to you; because the Great Power of Life is amplifying the slightest effort of the youth in the

call to Life for Its Perfection, for they must be the guardians of the Light of the future.

While you, as grown-ups, are rendering a mighty service to your America, as well as the children—far greater than you will know for many months to come—still the activity of the future must be considered as in the Ascended Master Youth, and that is no figment of anyone's imagination.

When that Name was given the Youth of America, it was given by the Cosmic Power. It established the attention of mankind upon this Perfection, that there might be produced the Ascended Master Youth of America. In your call to Life, in your call for the protection of America, the energy you have released by the issuing of these Mighty Decrees has furnished the Substance and Energy by which Bob, Rex, Nada and Pearl have rendered a service in your colleges and universities that is unparalleled up to this time. It is why I am grateful for the opportunity of calling this to your attention to-night.

At this season, the intensity of mankind is drawn to the height of the entire year toward harmony and Perfection. The outer world is largely forgotten for the moment in the great earnestness and intensity of reaching out to the Great Christ.

I am so grateful that in My Country of South America where I freed Myself, there is the Great Symbol, the Christ of the Andes. Can you imagine My Feeling when I saw that was to be accomplished? It belongs to South America. It belongs to North America; and I shall ask you to listen to something very wonderful on your patriotic night, something that has recently been discovered, showing you how the Forces of Light always protect. It is another instance of Its guarding your America, Our America. (Applause)

· NEW SONGS ·

IT IS our very great privilege and joy to announce the release this month of two new songs SON OF LIGHT and CALL TO LIGHT.

SON OF LIGHT was first sung and dedicated to Oakland, California. The Ascended Masters have said that every Mother who sincerely uses this song and with determination makes the call for the Ascension of her children, will not only open the door for their Ascension, but will attain her own through that call also.

All individuals who love children and young people, whether they be parents or not, can render this Mighty Service to the younger generation; and thus annihilate the effects of the destructive suggestions and activities which have been imposed upon them in the past.

Through this song gigantic and transcendent Cosmic Assistance is being offered to the people of earth in order to protect all constructive activities so they may survive into the future.

The younger generation is the most valuable asset mankind has to-day, for they are the builders of the future. We owe them all we can give for their Protection, Perfection and Victory of the Light! Let us all now do our part and help them without limit!

CALL TO LIGHT was first sung in Seattle, Washington, where Its Mighty Light, Radiation and Action started forth to bring complete Freedom and Illumination to all forever.

This Song is dedicated in Eternal Love and Blessing to the "Mighty I AM Presence" and the Goddess of Light, Whose release of the Cosmic Light is freeing mankind so rapidly from the

humanly created discord which has bound them through the centuries. This was the song She used by which She accomplished Her own Victory, Freedom and Ascension.

These Songs are available through the Saint Germain Press.

Price each $1.00 Postpaid $1.15

Victrola Records will soon be available of these two songs for daily use by the students and can be secured from the Saint Germain Press.

We wish to announce the release of a new Victor Record—Nearer Thee and Cross of Blue Flame—which may be secured through the Saint Germain Press.

Saint Germain's Words:

"Mighty I AM Presence"! dissolve and consume all mankind's disobedience, cause, effect, record and memory from the face of the earth, and replace it with Ascended Master Light Substance and Cosmic Divine Love.

Saint Germain's Words:

"Mighty I AM Presence"! see to it that the political forces have no power to sway the people of America, nor to change the decisions of Divine Justice, that energy shall be qualified by the Divine Justice of the Ascended Masters and released to our people everywhere.

Saint Germain's Words:

"Mighty I AM Presence"! charge me with the power of a million people when I issue my Decrees, and with every call I make blaze a million Light Rays into the condition to dissolve and consume cause, effect, record and memory of the discord and hold eternally sustained the Ascended Masters' Perfection in all I contained.

· WASHINGTON WE LOVE YOU ·

EORGE WASHINGTON, we love you,
Blest one whose Blazing Light
Illumines our America
And lifts her to the Height
Of all that Life intends to give;
Earth's shadows melt away,
Your "Presence" ever watching o'er
Brings in the Cosmic Day.

Blest Father of Our Country,
The Land of Light Supreme,
Release all Thy Great Victory,
Send forth on Lightning Beam
Thy Glorious Sword, Thy Flame of Blue;
Pierce human veils below
And rend apart all binding chains,
Full Triumph now bestow!

God's Guardian of Our Freedom,
Send forth Life's Greatest Call
For those who will respond to Life
And lift the hearts of all,
To Heights of Glory yet unknown,
To Realms in Cosmic Space,
Behold! the Light now answers you
And shines thru every face.

George Washington, we love you,
We know your heart so well,
The earth shall sing your praises e'er
And every tongue shall tell
The Law of Life—the "Great I AM,"
Be loyal thru and thru
And guard the gift you gave to us
Of red and white and blue.

George Washington, we love you,
Our Victory is won!

Among the nations of the world
She stands the Grail of Light!

· GODDESS OF PURITY'S DISCOURSE ·

· *Shrine Class—New Year's Day* ·

· *January 1, 1939* ·

CHILDREN of the Light, I bring to you from the Heart of the Great Silence My Blessings this day, eternally sustained; and, I trust, All-powerfully active in your feeling world for that which Life requires of you.

For more than one hundred years the call from the hearts of humanity has come to Me, but the voice of the outer was silent. To-day, the voice of the outer has made its call to Me. I AM here to remain in the Great Army of Light and restore to the beloved children of the earth that for which your hearts have called these many, many centuries. Can you understand how the heart can call so long without the outer response of the voice? Thus, Life has called and called and called, but the outer response was silent. At last, thanks to your Beloved Benefactor, mankind is beginning to awaken and their lips respond to the call of the heart for Purity, for Perfection.

In the release of Purity into the atmosphere of earth, into your feeling world, little do you realize, to-day, what one year can bring to you through obedience to that Presence of Purity.

You will be interested to know that at the time mankind began to recede from the Presence of Life, their conscious understanding of the "Mighty I AM Presence," your Great Divine Director went forward. I too went forward at that time, continuing in the Great Perfection of Life; but owing to the Quality of Life which I expressed, it was impossible for Me to remain in direct contact with the earth except as from within the Great Silence at intervals, I poured forth the release of Purity.

Since your call has brought this response, will you bear in mind this question in everything you do: "Is there anything that your call will not bring forth?" Try to feel this assurance to-day, in entering into this magnificent new year. No new year in your experience will be like this. Never, in the years of your present embodiments, has a new year meant to you what to-day has brought into action in your feeling world.

Will you be kind enough to stand while I give you My Charge and Blessing? Beloved Children of Light, I bring My

Eternal, My Ever-lasting Blessing of Purity and Perfection from the Heart of the Great Silence. I charge this into your world to-day, sustained in Its Mighty Action until everything within every cell of your body has found response to the Great Purity of Life. In It will be the restoration of the harmonizing activity of the Energy of Life as It flows into your body and back to the Presence to render Its Almighty Service to you. Then, the Fulness of all that Life has waited throughout the centuries to bring forth in Its release, will find action in your feeling world; in your mental world; and in the structure of your physical body, your flesh body; to bring Life's Purity into Its Dominion.

Will you silently offer your acceptance, first to your Presence of Life, the "Mighty I AM," and then to Me, that this Service may be made complete in its Anchorage and action in your world? I call for this to go forth to all the sincere earnest students who are absent in other parts of America and the world; to go forth by the Mighty Light Rays and render them the same Service to-day which is being rendered here; that the balance of this Activity may be held throughout America; and all other parts of the world where it will find a definite Focus.

I speak directly to the Higher Mental Body of each one to take up this Fiat of Life which it is My Authority and Privilege to give; cause It to be sustained and active, aside from My Own Effort in that respect; and bring Its Dominion into the world of mankind; not only in your physical structure, your flesh body, but in the atmosphere of earth. I ask the Great Cosmic Light to take this up and charge the atmosphere of earth with the Purity of Life from the Great Heart of the Great Silence and to replace the substance of mankind's creation, which has been consumed, with the Purity of the Substance of Life that Its Radiance may pour forth to assist mankind in bringing this redemption; in bringing this Dominion of the Purity of Life into action. It will make Beauty, Perfection, symmetry of form and the glory of all that the incoming Golden Age requires, come into the outer manifestation of the physical form; for understand, beloved ones, that in the incoming Perfection of Life, all form even to that of nature, must take on Its Perfect symmetry and beauty, for that is the Law of Life.

How in Perfect harmony with this requirement was the glorious song rendered, "The Presence of Beauty" which always comes with the Presence of Purity. May you feel this.

May you find Its complete out-picturing through both the ladies and the gentlemen in the fulness of Its Power, Its Perfecting Activity. I charge this to be eternally sustained and all-powerfully active in the feeling world of each one in Its cleansing, purifying activity, and the restoring of the Qualities of Life which have been absent so long.

In your acceptance, give response by Self-control until the Inner Activity of the expansion of that Purity and Perfection takes Its Dominion and requires little of your outer efforts to sustain it. Thus, is the fulfilling of the Great Law to-day. It is the last step which Life requires for entering into the Freedom of all Life, your Ascension.

When Purity takes Its Dominion in your feeling world, the desire for wrong qualification will quickly cease, the natural Dominion of Life will take Its Command and a River of Light will flow forth even greater in Its Intensity, until everything by which the earth has held you in its embrace will release and you will go free in the full Glory of Life.

I thank you and bless you with the Purity of Life, Its All-expanding, All-sustaining Glorifying Presence; and the Presence of Beauty joins Me in the performance of that service which will bring the Perfection of Life. I thank you so much.

Try to hold the fulness of all this means in your outer activity as well as the Inner Perfecting Activity which is going on. Remember, this is the final releasing of Life into Its Dominion and the release of Its Raising Power to act within your human form. Thus, Its Radiance spreads into your world of action to bring the answer to your calls so much more quickly.

Eight hundred years ago, I came forth for a few hours to view the people of earth and found that I was compelled to wait. Thus, to-day you can, I am sure, understand My Joy in finding mankind responding and in seeing the world being released from that unfortunate condition which has charged the world of the human octave with viciousness. That seems a very cruel word, but it is the only thing which expresses the quality of discord released by mankind and which has been charged into their activity by those who were still more determined that mankind should not be free.

Do you quite realize that after nearly three million years, mankind is responding from its downward trend? You know in your experience with each other, how very stubborn human qualities are. When that is acting you also know how seem-

ingly impossible it is for one to give response to obedience or accept it as their need; for when you are clothed with the density of long accumulation, mankind cannot see through. Mankind cannot comprehend that they are in need of these great Ascended Master Qualities of Life.

After all, think you not that there is a reason for the Names of the Goddess of Liberty, the Goddess of Peace, the Goddess of Light and Myself? Why do you think We are called as We are? Because as your Beloved Saint Germain represents the Seventh Ray, the Violet Ray of the earth; so do We represent these Rays of Qualities to the earth.

Why do you think your Goddess of Liberty came forth at the beginning of your nation? In fact was with your Saint Germain, the Great Presence who established it. Do you know that your Goddess of Liberty was watching over Saint Germain for many centuries in His Great Endeavor to bring Freedom to the earth through a nation? (applause) When He did not find response in Europe, He saw a new nation desiring to take form. He used that opportunity and you, to-day, are becoming the product of His magnificent Endeavor. Thus you are the children, for you have become the children of the Goddess of Liberty. (applause) You should feel very proud with humble pride for that privilege (applause) because as you go forward in this great determination which is apparent within you and the Light about you, will you understand clearly all She means to you.

Remember Her Intercession has called the Infinite Power of the Great Cosmic Light to your assistance. Now allow Me to call your attention to the intensification of that which She had planned. In the close of Washington's Vision She tells you that, if necessary, this Cosmic Protection will come to you; and instead of waiting, seeing the call of mankind She has already by intercession to that Great Power begun Its Great Release. (applause) So, through the great call for prevention, rather than cure, it is making so many things possible that would have been impossible otherwise.

I say to you: In all your association, stand guard over human suggestions which would deprive you of your Purity of Life and Its Action through the human form because this will hasten the Glory of your Freedom far more than words can convey; for as I mentioned, it is the last step of Life to Eternal Freedom. As your Great Ascended Master, Jesus, has said to you: "Death is the last enemy to be overcome." This step of Purity is also the means of avoiding that last step!

Behold! the presence of Life, the "Mighty I AM," has said to you and to the world of mankind, a New Dispensation has been offered, as an encouragement for mankind to give obedience to Life and, as the comprehension of all that means expands within you, will you be so joyfully ready to give all obedience which Life requires to allow you to enter into full Freedom.

I say to you, to-day, that in your response to My Quality of Life, there would not be one earnest sincere "I AM" Student in America and the world who would not be given the privilege of this Great Dispensation. (applause) Of course those who will not respond will not have the Blessing. Therefore, may the full power of your acceptance be able to receive all that has been offered you by these Great Ones of Light.

Henceforth, I shall join your Beloved Saint Germain in charging My Purity into every book that the Messenger autographs (applause) to hold and sustain that Quality about you. Will you who take advantage of that privilege, hold those sacred to yourselves, to hold that Quality of action in your world? In your homes, place them out of the handling of others, that you may have this Activity intensified in your world. We are determined to give you every Assistance possible because you have manifested such nobility, such strength. It is only the beginning of that which will be yours to wield for the blessing of others.

If you will make it a regular practice, before you sleep at night and on your awakening in the morning, to pour forth your blessings to all mankind, you will give Me great assistance to do for you all I wish. If I will not be intruding, I shall hold you within My Rays of Light. If there is anyone who does not wish Me to do it, send Me your thought at any time and I shall release you from any obligation; but all who wish It send Me your thought and feeling and you shall be held within My Radiance continuously until your Victory. (applause—audience rising) For sometime I cannot come too close, but as I pour My Radiance forth through the Limitless Light Rays, you will have the Blessing which I offer.

It seems so joyful that this should come about on this day, which may be explained to you before the close of this class. I am not authority for it, hence I am silent, but there is a reason for everything. You understand that in all Life's Activity there is no chance. Life acts according to Its Law and no person on earth may ever change that. As the mankind of earth come to give complete response, the legal activ-

ities of your world will also come into complete response and obedience to the Divine Law which will bring complete Divine Order and Divine Justice to mankind. May the Powers of Light hasten that day!

I have asked of Those Great Ones, your Friends, that I do not have to look upon Europe until this Service was rendered to the Children of Light to-day. Life is so patient. May I remind you, to-day, that since Life has been patient with you, will you not be patient with each other? Refuse with mighty determination to speak an unkind word to another; but every time such an impulse comes through habit, pour forth a blessing instead. Then, you will counter-act the desire to express unkindness or that which would bring unhappiness to another. This is one mighty step toward the restoring of Purity in your Life. If you will give this obedience, you will find it quite easy—a hundred times more so than it was even one week ago.

Therefore, in offering Our Blessing to you, We ask you to feel Our Reality, Our Tangibility. I am standing forth above this building. As My Ray of Light enfolds the building and within it My Ray of Light enfolding the Messenger, flashing My Words to him; so may you be forever held within My Ray of Light. You alone must decide. It stands ready to serve you at all times.

You stand, to-day, as if you were caught in the Power of a Great Radiance and lifted above earth's turmoil, and so you are. While you are upon the surface of the earth, still are you caught within that Great Radiance which with your command, will hold you continuously in Itself. No matter where you move among mankind in your service to the outer world, still will you hold that Great Radiance. Will you so decree it, so charge your world to hold It? No matter what occurs in your Life in the coming months, still retain the determination to hold this Great Radiance. Then step by step, you will find It is out-picturing in Its Completeness, in all that you require. (Won't you be seated?)

It is such a remarkable thing to Me—for I had not been informed of the changes which had been taking place within the earth—when I see the Great Light within you and the determination within It to carry forward and carry on to Perfection in its outer expression, it fills Me with great joy.

Do not think lightly of this dispensation which has been brought for your blessing or that which is offered by the Great Ones. These are not idle words. These are Qualities of Life which those who know how, are bringing for your

blessing, use and release. May you feel all that means to you and forever hold this Mighty Blessing in action about you. The choice is yours. You alone may choose what you shall accept into or reject from your world. You who have entered this Stream of Life have done so by your own volition, by the call of Light within you. We may not interfere with that. Therefore, the choice within you grows stronger and stronger and stronger. You must exercise your choice; but as I observe the great Assistance which has been given you and all that is still offered, I cannot see how it is possible for you not to choose the Right Way.

How can any one fail to choose the offer of Perfection? Human desires, human qualities last but for a time, but Perfection is forever! Since you have gone the great round of the wheel of re-embodiment, surely to-day when you are so near the Goal, you will continue on into that Eternal State of Perfection while the Door is held wide open by the Hands of Friends Who know how to complete the work and give you the Assistance required. May you be able to accept It in the fulness of Its Infinite Power and Action; in Its Eternally sustained Power. May a joy that has never before entered your world find Its Action to-day. May you enter into Its Completeness this year!

Remember, We are your Friends! Our Radiance and Power go with you wherever you move. May you at no time ever forget that. When you find yourself moving among the discordant things of those who do not understand, will you instantly remind yourself: "I move in the Presence of Life, of Light, of Perfection, of Purity, of Victory and of the substance of the Divine Director. Therefore, this discord cannot reach into my world. Pass thou on! I stand in the Radiance of this Presence of Life." You will find you will move on serenely, untouched by the conditions which remain yet within the earth's activity.

May your calls release such added Presence and Power that the last episode of Washington's Vision may be forever forgotten. (applause—audience rising)

My Love enfolds you forever! May It be the Strength, the sustaining Power that enables you to quickly come into the full Purity of Life; hence allowing these Mighty Qualities which have been anchored within your feeling world to find their full and All-powerful action until your Victory into your Purified Body of Eternal Light Substance.

I thank you and bless you forever. (applause)

· BELOVED K-17'S DISCOURSE ·
· *Shrine Class—New Year's Day* ·
· *January 1, 1939* ·

ELOVED Friends of the Light, since this is the day of many new beginnings, may I add another? (applause) Since there are those present in the audience who are looking for information, I shall give them some. (applause)

The Messenger said to you, I think it was on last Tuesday, that he felt the attempted opposition to this Great Light had been dissolved. It has on the Inner action of Life but there are still things to be done in the outer, concerning the people who have tried to gather information to defame This Work. I shall do the work of gathering a few records Myself. (applause) I shall bring forth the record of their lives in its completeness; and if any more of this interference is attempted, I shall proceed at once to do it.

The opposition to This Light is going down and to-day is the beginning! (applause) All those who have spread nefarious false-hoods concerning This Work, know they are telling the rankest lies. (applause) I happen to understand law too, and they have already perjured themselves enough to put them behind the bars the remainder of their lives. If they want to do that, then let them continue. I shall see that no more heckling of these Messengers continues. (applause—audience rising)

Beloved students in the future, do not hesitate to put down anything that tries to defame This Work. You have My permission! (applause) These individuals have been given plenty of opportunity to change their ways and to stop. Well their own destruction will stop them! This is not threatening, but just the plain Truth. I have found and We know every one of the individuals. We know the activities in America which have been started in such good faith, but in which spies and treachery have woven themselves until they have no semblance of that from which they started.

There are many innocent individuals caught in such things. Those individuals should awaken; and since the Goddess of Purity has seen fit to come forth, it is time all took their stand to stop ALL seeming opposition to This Work. (applause) The Messengers have held Invincible Protection and have battled the viciousness of mankind quite enough. Now, We shall find means to stop it. (applause)

Beloved ones, there has been throughout the centuries an Inner Secret Service in connection with certain ones of the outer Secret Service. You will notice that I am not hesitating to give this information. It will be well for all individuals to listen to that! America is going to have her protection! (applause)

Beloved students here and of America, your Mighty Decrees have been answered remarkably so far and they will be answered in a more and more remarkable way; but, since time is an essential in this, We shall take a part in physical action. Oh yes, Oh yes, I have a Tangible Body in which I move about in the outer world constantly and the greater part of my twenty-four hours are spent in the tangible body in the outer world! Therefore, there is nothing can be hidden from me (applause) and when I start out to get evidence I get it! (applause) So I say to all those destructive individuals, if you want to pit yourselves against Me, then let us get busy! (applause) Oh no, that is not a challenge, just the Truth!

Beloved students, let Me assure you, to-night, you have Mighty Friends which you still know not. (applause) I say to these beloved Messengers, who have stood so magnificently before the onslaught of the viciousness of mankind, you too have Friends that you still know not. (applause) You have many Friends in the outer Secret Service as well as the Inner; (applause) and these unfortunate individuals who have spread falsehood throughout America in all channels of activity and have tried in every conceivable way to bring disgrace upon This Work, watch that disgrace return upon them! (applause) Do not hesitate to help it along, beloved students. (applause)

Therefore, to-night, I want you to start this New Year—the most magnificent in many centuries—now notice—I say with authority, the most magnificent in many many centuries, and I mean magnificent for the Power of Light. (applause) The individuals, the most unfortunate in America, who have scoffed at the Idea of the Cosmic Light, will be sorry too late. They will find the Cosmic Light is a very tangible Substance which can wind Itself around them and hold them helpless. That Cosmic Light is directed by Great Almighty Beings. Do not forget it. Therefore, your calls to the "Mighty I AM Presence," the Powers of Light, will bring such fruition that it will give you great happiness.

You perhaps do not quite understand it yet, but through this Great Presence, the Goddess of Purity, Who has come

forth to bless the expansion of the Light, there has been brought forth an enormous release of Our Power which We required to go forth into Almighty Action. (applause) Therefore, we never do anything but just present the Truth and the individuals must choose what they wish to serve.

I met the beloved Children on their Way to Arabia and India and had the pleasure of Their company in the Mediterranean and Red Seas. You might be greatly surprised to know of the things you will do and of the places you will be within the next two years. A Mighty Activity, beloved Students of the Light, is taking place and when you begin to see Its Outpicturing in the physical octave, how ever-lastingly grateful will you be that you had strength enough to remain a part of this Great Light and Its expansion. (applause) Let Me say something very encouraging: "Many of you who have had somewhat of a struggle to stick to the Light will find your very great reward."

I bring you greetings from My Friend, My very good Friend, Mr. Gaylord. (applause—audience rising) You may have noticed that He has been very silent, but I assure you He, too, will be more in evidence in the future. He has been watching over South America for some years and really you would laugh heartily if I were to tell you of the things that he has prevented of foreign powers getting action in South America. (applause)

Will you be advised, beloved students, of what a Real Victory of such an achievement means? It means that, no matter what is to be done, you render that service in a great calm poised feeling with no unkindness. Is that not remarkable? (applause) In the service We render in bringing unfortunate individuals to justice, We are able to know what is Divine Justice for the individual; and therefore they get it, but not anything they have not earned. So be re-assured, beloved ones. You have seen a great deal of it, but with a speed that will surprise you, there will greater and greater Divine Justice take action in your America. (applause)

Remember, in whatever you individually confront, be calm, be poised. Let nothing disturb you. Then, as you call this Mighty Infinite Power of Light into action to your defense, to your protection or whatever it may be you require, know that you have the Most Powerful Friends there are and you are not forgotten ever. We are aware of what is going on everywhere and do you not think that We would come to your assistance when it was necessary?

You must be greatly on guard for, if you allow yourselves to become very angry in bringing Divine Justice to someone, We cannot assist you because you will be going contrary to the Great Law of Divine Justice which has no anger nor hatred within it. It is anger and hatred that have frustrated the greatest plans in the world. That is just what is happening in Europe to-night. (applause) Such great anger is manifesting at the seeming powers that be, that they are opening themselves wide to have their own destruction return upon them. (applause)

The entire world is going to see a greater transformation in the bringing forth of Divine Justice than they have ever thought possible. As this Great Light intensifies and the feeling world of mankind changes, and with considerable rapidity, you will find a transformation in mankind; for this Transforming Power has got to come through the feeling world of the people.

Since you were asked to make direct calls for Europe, you would be greatly surprised to see the change which is coming in the feeling world of many, many of those people; (applause) for the gathering power is being drawn for the Goddess of Light to strike in Europe. Have you observed that all this magnificent change is not just a local action? It is a world action, beloved people! (applause) Naturally the principal Focal Power must be here but It is spreading and reaching Its Power out with tremendous speed. The destructive forces are so astonished that their influence is waning so rapidly; and those whose word was once law have found it has lost its power. (applause)

I say to-night for your encouragement as you enter this New Year, enter it with a joy, a confidence, that does release the Power you require to give you freedom, supply, happiness and success in the service you wish to render the Light. It is no longer a matter of the discordant accumulation, which is rapidly vanishing from the world but all mankind will know that they are always abundantly supplied. (applause) Not only that, but quicker than you realize, there will come the defense of mankind one for the other and all will see that those worthy are supplied. (applause)

Do you not see the magnificent action and Power of Life which is bringing this change in the feeling world of mankind? It is so magnificent! All this is a permanent activity of Life. Since there is only one thing you can do and that is to

serve Life, those who become aware of that at this time are fortunate, most fortunate; because they will have gained their momentum, when others are just beginning to awaken.

So I say again, and I may repeat it several times: that you are most fortunate in having the strength of the Light within you to stand in the Service of Life, to your Saint Germain and the Messengers. You will find it is no idle thing, I assure you. You will find that this Power of Light means business and it has a good business head. It is not deceived by human suggestions, make no mistake about that. One day sooner than you realize, you too, will be able to discriminate and know the false from the Real, and there is nobody who will be able to trip you up or deceive you.

You would be surprised how delighted I am to-night. The Messengers have not suspected it, but I have been waiting quite a while for this. In fact, several times I have grown rather anxious, and you will find one day you have discovered another Friend.

Beloved ones, now to be just a little more serious, the greatest changes are taking place throughout your country, your beloved America, My beloved America, which would delight your hearts beyond all words. This I may not speak of just yet, but be assured that no longer is the watchful Eye of Life asleep. Soon within mankind, there will begin to act that Mighty Watchful Eye. I may be speaking a little out of turn; however, I am going to take this chance. There are a great many of you who were at the Royal Teton last night and I was there Myself.

One of the things which took place has never even been intimated to you, but I think I shall call your attention to it. You will remember in every Conclave the Activity of the All-seeing-eye is one of the Powerful Activities. Why do you think you went last night? For three great purposes. One was to begin the action of the All-seeing-eye within every one of you sincere blessed ones. That will enable your discrimination, your Selective Intelligence to come into much more powerful action. So will you accept the full Power of It in your feeling? Then, at least once each day, remind yourself of this and silently call the All-seeing-eye within you into action with firm determination. Remember, It is not missing in any of you!

You may be called upon to render services ere long in which you will need this. Let Me encourage you. Have no fear of any one in your power and service to the Light. Remember your

part is not to urge, but to draw individuals' attention to the "Mighty I AM" Instruction. Tell them where they can find the books and inform themselves. Then you have fulfilled your part. The obligation rests with them. So remember, if somebody rejects your offered information be happy just the same. You have fulfilled your part.

I want you to understand this to-night, because I observe that many of you at various times, have felt seriously disappointed as though you were not fulfilling all you desire, when you presented the Law to someone and that one did not accept it. Well, it is no fault of yours. Remember you are not responsible for someone's rejection of the Light. I want you to feel quite at ease in that respect. Always have the courage to tell one about the "I AM," if there be an opening. Direct the person to where he can be informed about it, and then go about your business.

Sometime again when I talk to you, I hope I will not see the slightest disappointment within the Radiance of any student because someone has rejected his offer of the Light. Do not do that, dear ones! Be happy and free!

In the world to-day when the need is great, a Great Presence appears! and when His Work is finished, He folds His Mantle about Him and disappears! Will you think about that! That Presence is with you and this time will not fold His Mantle about Him and disappear until the full achievement is here! (applause—audience rising)

My dear people, what a magnificent thing it is on the face of this earth to find this number of humanity ready to leap to their feet in response to the Power of Light and the Strength which will set them free; for the Light in man is strong enough to bring this response.

Friends of America! Friends of the Light! I rejoice, I congratulate you! I shall be very active in and about you for sometime. (applause) Remember to-night! I thank and bless you with the fulness of the Powers of Light and in gratitude to your service to Life, to Light. Thank you so much! (applause)

· DECREE ·

"Mighty I AM Presence" annihilate all jealousy, deceit, treachery and intrigue from my world forever.

· CONCERNING THE ASCENSION ·

(Excerpts from the Great Divine Director's Discourse, Shrine Class, January 8, 1939.)

O-DAY, in accepting the Vast Power and Freedom through the dispensation for your Ascension, I ask you beloved ones, please do not look upon this idly. Do not think it is just someone's imagination. It is a Reality, and remember, those who accept this Assistance and do enter into the Ascension will never in eternity return to this dense sphere of earth. They will function forever in their Purified Perfected Bodies as We are doing to-day.

Think of it—this is not said to make you feel bad, but to make you feel charged with the Current of Energy which is contained in My Words: some of you were with Me at the time so long ago, when I went forward and you chose to give your attention to the things of the world. Now, once again, we meet to go forward again together.

The Greatest, the Mightiest of all the Power of Understanding is this one point. To think, that through so many hundreds of centuries, you have played with the things of the outer world! In My choice to go forward in the Perfection which was Ours then, I have gone on into this Great Glorious Dominion and Authority over Life which makes it possible for Me to now give you the Assistance to-day. Please see what Almighty Progress has been made since those Children came to Chananda's Home in India with your Messenger. Think of it!

There were a few who received that great blessing. To-day, thousands and thousands within your America are being prepared for a similar thing. Do you not see what your calls and what

Saint Germain has meant to the world in bringing forth This Understanding of Life which has made all of this possible? Do you think for one minute, if you had not made the earnest sincere call to the Presence of Life, your "Mighty I AM Presence," and to Us, that these Things could have been done! It would have been impossible because you would not have made the necessary preparation.

While you do not know all you are doing in the outer activity of your Life, I say it is there; otherwise I would not be here, to-day, giving you this Opportunity and rendering this Service which you could scarcely estimate. The fact is, it is being done, which shows you have given the obedience and preparation for it. In your full acceptance of this and in not allowing your mind or feeling to waver by the suggestions of someone's unbelief, you will hold steady in this Mighty Blessing and Service which is offered you, to go forward continuously in that Mighty Expansion.

Thousands among the students, who would otherwise pass through the change called death within five years, will ascend into their Eternal Freedom. I say to all of you who come to that point where you would pass through the change, say to your people and give the firm command; that your bodies or the shell which remains visible of your body, remain on ice for three days, then be cremated and that no one touch those bodies for embalming.

Already in three different instances, those, who have made the change, which others not understanding thought was so-called death, have made the Ascension. In each instance there has not been one particle of Life remaining in the cells or struc-

ture of the flesh that remained behind, which is mechanical evidence of the Truth that they have made the Ascension.

There are quite a number who will make that change within a few months; but if you will follow this instruction, you will enable the full complete activity to take place that is required; and since to-day, your progress has prepared you very efficiently for this, it can easily and readily be done.

· DECREES ·

HARMONY SAYS:

"Mighty I AM Presence" and Great Host of Ascended Masters! charge my voice with the Ascended Masters' Quality of Thy Presence; and see that I ONLY think, feel, speak and sing Ascended Master Words Forever! Make me always speak and sing with the Golden Voice of the Angels.

"Mighty I AM Presence," Great Host of Ascended Masters! open every channel on earth and bring this Ascended Masters' Instruction of the "I AM" to the attention of every individual in the world; with a Power of Light that is IRRESISTIBLE, ALMIGHTY and ETERNAL until all accept their own "Mighty I AM Presence," obey Its Law, gain their Victory of the Light and come thru into the full attainment of the ASCENSION.

· THE CHART OF THE "MIGHTY I AM PRESENCE" ·

The Chart of the "Mighty I AM Presence" is a Focus for the Perfection of each individual's own Life and that of the Ascended Masters.

No one at this time can even begin to realize how important that Chart is and why such amazing Miracles take place constantly, for all who will hold their attention upon It at regular intervals each day.

The Law of Life is, that when you are in touch with the form of a thing, you are in touch with the Presence of that thing.

All pictures are a focus of Light-Substance from the Life Stream of that which they represent. Think that through and try to realize how important it is for each of us to know that when we contemplate a picture, we are instantly and *always* absorbing the qualities which it contains.

Then to contemplate the Chart of the "Mighty I AM Presence" by looking at It with the physical sight, means we are absorbing the Perfection of our own "Mighty I AM Presence" into the brain cells, the nerves and the flesh of our bodies every moment we gaze upon It.

As we do that daily, the Power from Its Heart flows into each one's heart who contemplates It. Is there any greater Healing Power in the whole of the Universe than the Source of each one's Life—the "Mighty I AM Presence"—the Flame within each heart?

As we gaze upon Its Eyes, we are absorbing the Perfection of the Eyes of God directly into our own eyes.

As we contemplate the Light Rays, Their Perfection and Almighty Power of Light are pouring into our brains, bodies and feeling worlds, the Almighty Action of Light which does produce instantaneous Perfection.

When we gaze upon the Hands of the "Mighty I AM Presence" in the Chart, the Rays of Light and the Gifts of Life are pouring directly into our hands, brains, bodies and the activity of our worlds.

Remember often, that the Chart of the "Mighty I AM Presence" is an outer Focus in the world of substance, form and action, of the Mightiest Inner Power in all the Universe.

Then to contemplate that Chart means you are drawing into your body and world Its full Perfection of Life, exactly as you breathe in the particles of Light which are in the atmosphere about you and yet of which you understand so little.

Stand in front of your Chart of the "Mighty I AM Presence" whenever possible and breathe into your flesh body all the Perfection of your own Electronic Body of which It is a Focus for you.

You cannot possibly have any result but Perfection and ever-expanding Perfection. The more you contemplate It, the more of Its Light will you receive.

This is what Saint Germain and the other Ascended Masters mean when They say: "In the Fulness of the Presence is the Love that you require! In the Fulness of the Presence are the things that you desire!"

May you feel the Fulness of all that Chart means and can do for you and absorb the Victory of the Light contained within It.

· WE THANK YOU ·

Beloved Students and Friends Everywhere:

WE WISH to thank you with all the Love and Gratitude of our hearts for your Christmas Gifts, your Love and all you have done in the Service of the Light. It has helped us more than you can realize to stand against that which is not of the Light.

—Mr. and Mrs. G. W. Ballard,
Don, Marjorie and the Staff.

BELOVED Daughters of Light, you who represent the feeling world of mankind have an amazing opportunity to release Limitless Ascended Master Power by a daily call to your own "Mighty I AM Presence" and the Great Cosmic Beings to flood forth the Ascended Master Divine Love from the Heart of the Great Silence into everything in your world.

This is an actual Substance. It is the Cosmic Light-Substance which our Beloved K-17 says, can wind Itself around any destructive individual or condition and hold helpless all that is of human discord. To this Light-Substance of Ascended Master Divine Love, there is no resistance nor interference.

There is resistance between human feelings, but never to the Cosmic Light Substance released from the Heart of the Great Silence. The Ascended Masters' Divine Love can never be requalified or misinterpreted by any human being, for It simply does not take on any human feeling.

So in your use of Divine Love always use the Words—"The Ascended Masters' Divine Love from the Heart of the Great Silence." The Daughters of Light can use this with tremendous results for the feeling world is your natural activity and in your position in the home, you can by the following call fill your homes with such Light and Perfection, that each one becomes an Altar of the Unfed Flame of the Ascended Masters' Divine Love at all times. Then those who enter your homes will feel the Purity which will harmonize all things for them.

Remember any irritation, criticism or feeling less than Ascended Master Harmony, Happiness and Perfection is an impurity in the energy in your world. Your call to the "Mighty I AM Presence" and the Goddess of Purity to release the Cosmic Light-Substance to fill your home will bring instantaneous ease, comfort and Peace.

"Mighty I AM Presence," Great Cosmic Beings and Beloved Goddess of Purity! fill my mind, body, home and world with Cosmic Light-Substance of the Ascended Masters' Divine Love! Hold bound, helpless, silent and inactive everything else forever! Raise everything in me and my world into the Purity of the Great Silence and hold all there forever! What I have called forth for myself, I decree for all mankind, the earth and its atmosphere, with the speed of Lightning eternally self-sustained.

The hour has come to see the shining face of your "Mighty I AM Presence"! Its slender Hands point you every minute to Victory and every second is now filled with Mighty Ascended Master Miracles of Perfection forever!

(Excerpts from David Lloyd's Discourse to the Minute Men's Meeting, New York City, Dec. 4, 1938.)

GENTLEMEN, when you meet something that seems opposing or resisting, take the joyous attitude—here is an opportunity to release a greater Power of these Light Rays and this Force of Light. When you meet a vicious force, qualify this Mighty Energy as it goes forth with the Force of Light; because you need it many times to beat down vicious conditions; because all viciousness is qualified energy which is destructive force and that force must have something greater than itself to control it.

You will find in this simple Real Understanding of Life, that there is not one thing which can oppose you. It would be impossible, if you understand this Law of the "I AM" correctly. While there may be resistance, it is just a signal to you

to turn on more Power. It is just as easy as if there were a key here within the reach of My Hand and I turned on one-third of your Power of Light. Many of your Powers are three-fold. It is as if I turned on the first one-third of the current; then I turned it again and released two-thirds; then turned it again and released the full force. That is exactly what you are doing in your call to Life.

At first, not because you would not like to, but ordinarily because of the conditions that have been established in your atomic structure, you turn the key only one-third. This is why in the beginning, you do not have the full force of the response to your call as you do later. After awhile, you learn to turn it on two-thirds; because the feeling that has gone down of the doubt of your own ability to release all you require. Later you can turn the key that turns on the full force of your Current of Life and, of course, untouched by your qualifications.

Oh, it is such a magnificent thing gentlemen; giving you the full Power and Authority over yourself and your world. It is so magnificent and it is so mathematically accurate. There is not a thing in your mechanical world that is half as practical because this is an eternal thing for use and activity in your Life. Your mechanical things may get out of order and sometimes, if you do not have the parts you delay its completion in order to get them from somewhere else. With Life the parts are always here! You never run out of parts! You never find them absent! Therefore, you see how completely practical is this application of Life.

Now friends, as long as you turn sincerely to the Light and pour forth kindness and good will,

you will find Us always ready, watching, to project a Light Ray to give you the Courage, Strength and Assistance you require. I want you to see and feel how unlimited We are in that respect. One of Us could project a Light Ray to each of you equally powerful; and yet, in no wise interfere with what We are doing, except to set It into action and cause It to be sustained. When you have friends of this kind, surely doubts and fears cannot longer beset you. Whatever condition confronts you, tell it it has no power! Then proceed to call a Light Ray into it and if necessary throw a bomb of Blue Lightning into it. That explodes all of the quality of discord and shatters it. You cannot harm the individual, but you will shatter and dissolve the viciousness and discord.

I can take a human form that is violently vicious and throw a bomb of Blue Lightning into that body and yet not harm the body; but I will shatter and dissolve the concentration of the vicious substance which was drawn into that human form. Now do you see how magnificent is this Power of Light? Of course if you qualify, or if I qualified, that with anger, I would shatter the human form; but remember! the Power of Light never has anger within It! The Power of Light never has a destructive force within It! It only acts as a dissolving force to discord.

· DECREES ·

"Mighty I AM Presence" take those individuals out of my association by their own free will and keep them out! Replace them by people who are eternally loyal to the "Mighty I AM Presence," Ascended Masters, this Light and all under this Radiation.

(Excerpts from Bob's Discourse to the "I AM" School, Tenafly, N. J., Nov. 19, 1938.)

HAVE a Motto, maybe several in your school rooms to keep the children reminded that the motive acting in the feeling, or in other words the attitude of the feeling acting within the individual, is the decreer of how the energy of Life is going to act for that one. If the motive and attitude be right, Life will charge the quality of Perfection into the energy going forth from that individual, which is an ever-increasing activity.

Beloved children, remember that as you hold the right motive in your feeling world, Life, being by far more powerful than any human quality, will take command. It will keep charging and building into your feeling world this Dominion of the "Mighty I AM Presence" and the Light which every human being in his heart really wants. The human desire is an activity of the human intellect —and when I say the "human intellect" I mean the brain activity.

I presume you have not had explained just what is taking place when reference is made to the human intellect. I want you to get a clear idea of it. There is a force-field in the structure of the brain, just the same as in the cells of the body. While it is

somewhat different in the brain than it is in the cells of the body, yet a similar condition is acting. There is a force-field in the brain which is charged with human qualities—the same as that surrounding the points of Light within the cells of the body. The force-field comprises what you term the human intellect. It is a gathered force which is qualified energy acting through the brain structure of the individual. It has been qualified by the reports of the appearance world which has not taken into consideration the Source of itself. It has accepted from the outside world the qualities of human conditions; all of which are more or less distressing and all are limiting.

When you give your attention to the Presence of Life, your "Mighty I AM," you are causing to be held in abeyance these human qualities of the force-field within the body and within the brain structure. As you do that, call forth Perfection through your attention to the Presence and then directly to the expansion of the Points of Light within the cells of your body, you will find a trinity of action taking place which brings the results so much more quickly within the entire human form, the intellect and the feeling world of the individual.

Try not to feel that this is abstruse. These are things which need to be understood in the school. You are dealing with a direct Current of Light. As you give attention to your "Mighty I AM Presence" above you which beats your heart, you will have more and more of Its Perfection. To the degree that you silence and hold in abeyance the human desires will your Perfection come forth more quickly.

Let us enumerate a few human desires so you

get the idea clearly. For instance, any kind of discord, criticism, condemnation or having an opinion about others is the thing that starts a feeling revolving within you, which after a while builds into a habit or becomes temporarily a dominant action in your Life. If you will give your attention to the "Mighty I AM Presence," giving obedience to Life, which is harmony within your feelings, the points of Light within the brain expand. Then, as the Presence pours forth this greater Intensity of Light, there naturally comes the expansion of the Light within your brain and body. In this way, the force-field which has been charged with human discord is dissolved.

Since the atomic pressure of the human discord of earth is so tremendous, one has to be very firm in holding the human desires inactive, until the time when the substance within the atmosphere of earth is dissolved and consumed by the Great Beings of Light. This time is coming very near. After the substance within the atmosphere of earth is consumed, dissolved—cause, effect and record—then you will find it is just like a great shadowy garment has been dissolved and you were released from it. It will be almost like you stepped out from a shadowy world into one of brilliant sunshine.

Humanity is struggling under this garment, the shadowy garment of their own creation; and you who are students to-day are the most fortunate of beings since you have begun to learn how to call the "Mighty I AM Presence" into action to dissolve and consume the accumulation of your own; and hold in abeyance that of others whom you might contact. Then you will find a happiness impossible in any other way, a courage and confi-

dence in your endeavor which holds you so steady.

As Mr. Rayborn so ably stated, each individual then becomes through the Power of his Presence, like an instrument of great hydraulic pressure. If you children do not understand that, let Me explain in a few words that hydraulic pressure is a tremendous force of water going through a great hose which forces water upon a given point. That pressure is sufficient in western mining to break down the side of a mountain, even to release great boulders weighing tons.

This is the pressure of the Light in the Presence through Its Currents of Energy which go forth at your call and becomes a great hydraulic pressure from your heart into your world of action; dissolving and consuming all discord or similar obstructions and releasing the pure gold of Life into your world.

"I AM" STUDY GROUPS

BELOVED Group Leaders and "I AM" Students, it is Saint Germain's Request that you use the songs in the Song Book in the keys given there. If you will give Perfect Obedience to this request, you will all find greater and greater Assistance from Harmony and the Other Ascended Masters and the Blessing directly to your voices will be tremendous.

The voices of many will be raised and amplified, until you will hardly recognize your own voice, because of the extreme beauty which will come forth.

Do not try physically to do any particular thing about your voice except to bless it and see that it never carries any feeling of strain or irritation in it; for that is the first place that irritation of the feeling expresses through the individual.

Please do not ask for special Group Outlines. The Great Divine Director has requested everyone, Minute Men, Daughters of Light, Young People and all, except the very small children in the Sunday School to hold steadily to the Study Group Outline. He needs this co-operation for the maximum protection He wishes to hold everywhere in the United States of America. That is the most vital thing in the whole world right now.

Let us stand true to His Trust in us and give full obedience now, that America may be kept out of war. If we do not annihilate the cause of war

through this Ascended Master Instruction applied in the mental and feeling world, then we will face the physical destruction of war.

So remember to love your country more than your own human desires and know that the Great Divine Director is wiser than all of us put together.

It is Saint Germain's Request that the soloists in the Study Groups be replaced by the entire Group singing, as there is a much greater amount of energy released. That energy is very important for America's Protection over the next year especially.

We sincerely thank and always bless all who have given their services, as soloists, with the fulness of all good things forever; but after all, the need of Our Country must transcend all other activities at this time.

Saint Germain's Words:

"Mighty I AM Presence" charge into my feeling world the full power of Your Feeling that when I issue that Decree to all human creation—"You have no power"! that it charges my feeling world and reaches out with such power, so far as my own activities are concerned, that there is not one thing or any human creation has power to touch my world or make me feel it.

YOUNG AMERICA

· *(Excerpts from Bob's Discourse to the Youth Group* ·
· *Los Angeles, Calif., January 2, 1939)* ·

OW We love you, beloved Ascended Master Youth of America, and We see in your hearts a mighty enthusiasm and great determination. Let Me remind you beloved Ascended Master Youth, in that for which you have been calling, remember your mighty call was answered in the Goddess of Purity coming for the first time to your city. For the first time in many centuries She came to the earth in direct contact with your city. Will you realize all that She means to you?

If the Light within you had not wished you to become the Purity of Life which the Goddess of Purity represents, you could not have made the call for Her Presence. She responded. Therefore, will you feel the full obligation to give the honor and respect to Her for which you called?

Allow Me to convey to you to-day, beloved ones, how important it is to withdraw every human opinion, every human desire, from the conditions which have held mankind in bondage and limitation. I say to you; We who have been set free, see and know the Laws that are acting upon you; and if you do not determine to give full response to that which Life requests of you to release Its Perfection, then you cannot possibly have it and you have no one to blame but yourselves.

Therefore, I prompt you with all the Love and Power at My command. Watch out for human suggestions! There are people you will meet and you will find they will intrude into your midst every once in a while, of your age and older who will try to drag down your ideals. Do not let them do it. When you find any such person in your midst, whether that one be of your own age or any older person who is giving you suggestions of immoral practice, throw him out on his ear if necessary. (applause)

I tell you beloved Ascended Master Youth, you are making yourselves the representative Ideal for the entire world. Blessed ones—do you quite fully realize it?—the whole world is looking to you in this Focus here for the Ideals of the Ascended Master Youth. We know that. While I would not wish you to feel an over-responsibility, it is a great responsibility. I want you to feel this morning all that this means to you, because, if a few of you fail to live up to those Ascended Master Ideals and leave an example of disgrace of any kind to the world, do you not see, the whole youth of the world will say: "Well if that is the Ideal brought forth and they cannot stand up to It, why should we?" never thinking for an instant that someone's else responsibility has nothing to do with their own responsibility to Life.

Beloved Ascended Master Youth, the need of the example to mankind of the Highest Ideals never was so important in this world as at the present time. You are at the dividing line of the Light and shadows; the shadows are rapidly disappearing but they are going to drag a good many down, if individuals are not absolutely firm.

When any one comes around you giving immoral suggestions throw them out and wipe that thing out of your midst, as you would a poisonous serpent. If one chooses in the purity of thought and feeling to marry and fulfill that sacred obligation, it is quite all right and it is quite their own business; but for all of the Ascended Master Youth to think that they must follow such an example, regardless of discrimination is a great mistake. This thing has swept over the Ascended Master Youth of our entire America, trying to drive into them the desire, that because someone else is married they should also marry regardless of consequences. Such is not the case. Wait, I urge you beloved ones! Wait for the sure definite prompting of your own "Mighty I AM Presence," and do not take the first impulse for granted. That is your great danger to-day, I tell you frankly; and unless you respond to the Ascended Masters' Directing Intelligence and use the Discrimination of your "Mighty I AM Presence," you will find yourself in grave danger.

We want to protect you. We see the forces which are playing upon you, that you do not; and you cannot imagine Our great Love for you. Since Life was kind enough to Us to set Us free from the temptations which the earthly activity holds for mankind; then do you not think that We want to do every-

thing to give you all the Assistance and Prompting within Our Power to help you hold the balance for the Perfection of Life, that you may manifest It and bring the happiness, the Beauty and Perfection which belongs to you into outer action?

Ascended Master Youth, you can have Oh, such Perfectly beautiful bodies and faces at your age now, by calling forth the constant charge of the Currents of Life, to keep Its Almighty Perfection flowing into your bodies. Not only that, but It will make you strong in your outer determination, which is the activity of the Inner Law of the Presence. It gives you the authority and the Power to stand your ground in any condition and to hold your Dominion through the Ideals which you know are right.

There is no one from a ten year old child on up who does not know and have the definite prompting if he is about to make a mistake; but because of the outer desires being strong, they often overrule the Inner prompting and will not give obedience to it. People do that constantly. It is only by practice, guarding, watching and calling your powerful Discrimination into action, which is your Higher Mental Body, that It can stand guard over you and do the things for you which are necessary.

· NEW SONGS ·

T IS our very great privilege and joy to announce the release this month of two new songs SON OF LIGHT and CALL TO LIGHT.

SON OF LIGHT was first sung and dedicated to Oakland, California. The Ascended Masters have said that every Mother who sincerely uses this song and with determination makes the call for the Ascension of her children, will not only open the door for their Ascension, but will attain her own through that call also.

All individuals who love children and young people, whether they be parents or not, can render this Mighty Service to the younger generation; and thus annihilate the effects of the destructive suggestions and activities which have been imposed upon them in the past.

Through this song gigantic and transcendent Cosmic Assistance is being offered to the people of earth in order to protect all constructive activities so they may survive into the future.

The younger generation is the most valuable asset mankind has to-day, for they are the builders of the future. We owe them all we can give for their Protection, Perfection and Victory of the Light! Let us all now do our part and help them without limit!

CALL TO LIGHT was first sung in Seattle, Washington, where Its Mighty Light, Radiation and Action started forth to bring complete Freedom and Illumination to all forever.

This Song is dedicated in Eternal Love and Blessing to the "Mighty I AM Presence" and the Goddess of Light, Whose release of the Cosmic Light is freeing mankind so rapidly from the

humanly created discord which has bound them through the centuries. This was the song She used by which She accomplished Her own Victory, Freedom and Ascension.

These Songs are available through the Saint Germain Press.

Price each $1.00 Postpaid $1.15

Victrola Records will soon be available of these two songs for daily use by the students and can be secured from the Saint Germain Press.

We wish to announce the release of a new Victor Record—Nearer Thee and Cross of Blue Flame—which may be secured through the Saint Germain Press.

· MIGHTY VICTORY'S DISCOURSE ·

San Diego, Calif.—January 22, 1939

BELOVED CHILDREN of the Light and friends, whether you understand it or not—if you are here for the first time—will you be kind enough to accept that which I offer you in the Power of Radiation tonight? While the Messenger is voicing My Words to you, understand that this which I give you is a tangible Current of Energy, flowing in and through your body to render you a service which words could not convey.

When from time to time We have offered to release these Currents of Energy into and through your body for a special purpose, We see and know the exact Activity, the exact condition that is produced by it. The Messenger does not see this, except in an occasional instance, but We see and know exactly what Our Currents of Energy released into your body and feeling world are doing. Therefore, We can say definitely what is accomplished at a given time. Were you to understand and give complete obedience to your Life, by continued harmony, following the requests which have been made, you would find yourselves in a position to in a short time be Master of yourselves and your world.

You have heard and read of the conditions of the Masters of India. That is REAL. Almost any human being these days can go to India and see some one of those Great Masters; but they are not Ascended Masters. Remember this condition of the release of the Cosmic Light to the earth has made it possible for hundreds to contact the Masters, if they so choose, by going to India and to certain places in the Orient; but I say to you, no

Master in this Universe can give you more than your Life can give you. No Real Master will do more than to call your attention to certain application and certain comprehension of the Law of your Life, if he is a Real Master; but the man who comes along and tells you he can make you a master for twenty-five dollars is rather stretching the Truth, and you will find plenty of people in America who tell you they can do that. I tell you they cannot! You can believe them or Me. It is not possible to confer upon another that which each one's own application must release from his Presence of Life.

Therefore, I say to you beloved students and friends, in the beginning of This Work and the Messenger's first visit to the Royal Teton, when I set aside the old occult laws for the earth to act no more, I knew what I was talking about; and that Fiat has gone forth and will forever remain in action upon this earth, regardless of any human opinions to the contrary.

Now then, beloved ones, understand this: you could go to India; you could contact these Masters; you could pay thousands and thousands of dollars getting there and getting back and when you got back, you would have to apply the Law if you got anywhere. You have the Law before you without a dime to-day and I am very grateful to see that so many of the students are releasing tremendous gratitude for this Mighty Truth; because you have everything that any Master can give you in this great application of the Law and it comes to you as a free Gift of Love.

All you are required to do is to make your call to the Presence of Life above you and feel that It is there. You do not have to have faith, but if you

will make your application, your faith will be boundless. In all that has been given you, if you listen to falsehood and discord and are disturbed and side-tracked by it, then the fault is yours. We cannot help you if you want to do that, but if you will stand by your Presence with firm determination and unyielding, you will have all assistance and the proof your Presence of Life will give you, will satisfy the most exacting; but you must want It more than anything in the world. You must want the Light for the Light Itself. If you are seeking the Light, beloved ones, because your pocket-book is empty, you have the whole action reversed.

Many have said: "Oh my dear, if I had the money supply, what I would do"! I wonder what you would do! Do not reverse the action of Life. In your willingness to serve Life, if you will give It obedience, Life will release into your hands all the money supply you require to go forth in the Service of the Light, and do not one of you doubt it for a second. My dear ones, you cannot look at the Presence with one eye and the conditions of the earth with the other and get results. You must keep both eyes there on your "Mighty I AM Presence" where they belong. When you have not been having the results that you require from your application, it is because your attention is divided.

This Law cannot fail to produce results, never did and never will unless you knowingly or unknowingly are allowing doubts and questionings in your application to act. Look, beloved ones, these Messengers have not had a single failure in their application. You have the same determination they have and they have rendered a service indescribable. There are thousands of people who

have been healed at one call of the Messenger's. My dear people, it is evidence for the whole world and if people are foolish enough not to believe that, well then they are unfortunate, but it stands before the whole world. What is a human opinion against the Truth which is there in evidence?

Mankind say: "Well, show me"! Well, good heavens, haven't they been shown? Haven't they been shown? (applause) Therefore, beloved ones, you are going to be shown a lot more before very long, and do not forget it. This great momentum is just getting well into action now, but when another million people are pouring forth these Decrees, you will see something!

Is it not strange, mankind in limitation and distress will allow one thing or another to interfere with them, when they could take hold and release themselves at once? Doesn't it beat the world? Think of it, that when mankind have before them the Infinite, Absolute Power to release themselves from all limiting conditions, they will listen to some twaddle of an individual who does not know a thing about it and believe the one who does not know, rather than We who do! Well, that is going to be of rather short duration.

Did you ever notice that in your Life, when something opposes you how very certain, definite and positive you get? Did you ever notice that? Well, I feel a good deal the same. If I am not greater than any human being in My Understanding and Power, then I will go back home. So watch! Mankind has asked for proof—they may get more than they want. Would you think that is possible? Well, it is.

You have acquired a very wonderful Friend, dear people, let Me assure you of that—K-17,

(applause—audience rising) and I would suggest that you hold on to Him with all you are. (applause) Now just why, dear ones? (Do you mind standing for just a few moments, while We release this Current of Energy for you, and while I am talking please accept It with all your hearts.)

In addition to what Saint Germain did this afternoon, I wish to release a Power of My Victory into your feeling world, to-night, to help you to gain self-control and release at your call a greater flow and Power of energy from your Mighty Presence of Life. This is quite possible, and I am glad to do it; but please do not question it afterwards. Just keep on accepting it until you see the full power of its out-picturing. That is the only way you can prove these things to yourself.

When We wish to give the Assistance, if to-morrow morning you say: "I think that is just so much talk," what assistance do you think you are going to get; but if you just keep on accepting, you will see the proof come forth which will satisfy you I assure you.

Why do I call your attention to this Great Friend of yours? Because His Activity is in your human octave. He moves in the tangible body constantly among mankind, and He is One of the few very Great Ones who does that and is doing it to-day. Many come forth for an hour or two hours for some service; but He moves constantly among mankind in the Tangible Body, releasing His Mighty Currents of Energy everywhere. Do not be surprised, He might move in your midst, if you invite Him.

Friends of Los Angeles, He might move in your midst! You think it is delightful to invite your friends in the physical body, do you not? Now

just think this over carefully. You are delighted to have harmonious friends come to visit you, are you not? Well, do you know These Great Ones, Myself included, are just as happy to visit you, and are far more powerful than your physical friends to render you Assistance and service. Do you realize that? (applause)

Before you sit down, I want you to determine, if you will, that you will never again think of Us as intangible and unreal. We want to render you a Service which nobody else can give. Please give Us the full opportunity. It is you who need this help. We could run along and have a good time, but what do you think is a good time to Us? What do you really think it is? There is no such good time in this whole vast world, there or here, as setting you free from human limitations. (applause) That is the greatest joy in the entire Universe.

Oh, my dear ones, I want to say just a word financially speaking. Please, if you are a little financially cramped for the moment, do not be discouraged. You might say to Me: "Those words do not supply my breakfast." How do you know they don't? I say to you, beloved ones, the great financial release to the Students of Light is so near to sweeping into action at your call, for heaven's sake keep up your call!

Let us talk heart to heart for a few minutes. Beloved ones, what do you suppose your calls for your financial freedom, for your health, for the Mighty Directing Intelligence of your Presence have been doing all these months? Do you think it has been just so much talk? My dear ones, do you not realize that your call to Life is a constantly increasing, intensifying action of the

greater Power of Life, flowing into action at your point in the Universe? It has got to produce results! It is not a matter of can It, but your call is the signal to Life and It has got to do It because Life has got to answer your call. Won't you see that?

Oh, do not let yourselves once again ever feel discouraged or down-hearted that your calls have not brought the answers to all you require. I plead with you with all My Heart, do not do it. Life is acting so far greater than you have as yet realized, if you will only give It a little more chance. I do not say "time" because your Presence of Life does not require time; but It has to get you into a sufficient harmonious condition where Its Mighty River of Life will flow constantly into action. It will bring to you the supply of money and everything else you require.

My dear people! you are talking to the Greatest Intelligence in the Universe in your call to the "Mighty I AM." The greatest Energy, the greatest Activity that there is. You look to human beings and expect them to assist you and you do get assistance, do you not? Suppose you go to a banker and he hands you out a supply of money, well, how does he get it? If you did not put it there, you probably would not get it out. (applause) When you call to the Presence of Life, which is your Treasure-house, your Presence becomes your banker; and the Presence is the Governor of all the banks there are. If you continue to make your call with undivided attention, It will see that you can have an ample supply in the bank, if you choose to put it there.

Therefore, I say to you that your Presence of Life, the "Mighty I AM" is the Greatest Banker

in this Universe and holds forever the continuous supply you require; not of so much coined money, but the Governing Intelligence which enables you to harmonize with the conditions in the human octave that will bring the release of your supply through natural channels.

In using that term or giving you further explanation of it—you call these outer channels "natural channels." That is why I used the expression, but after all the natural channel of all supply is your Presence of Life. Why wouldn't It be, since It put you here? Why wouldn't It, since Its Energy has given you action all these years? My dear people, is it not strange that mankind have used the Energy of Life embodiment after embodiment and never stopped to contemplate that the Supplier of Life, the "Mighty I AM Presence," could supply them with everything else just as abundantly as It had supplied them with Life, action and energy?

Oh, won't you understand that this Stream of Energy which flows in and gives action to your body, is the Carrier of everything your Life requires right out here? It is the carrier of the money supply; the carrier of your health; the carrier of your strength; the carrier of all you can use out here of everything It has within that Stream of Life.

When any one who assists you with money supply, with courage, strength or energy; the doctor who assists you to greater health, from whence does he get it? The Presence of Life, to whom you can go *direct* and get it! I say to you, my dear people, there is nothing that stands between you and the fulness of all Life holds for you, but your head. That is absolutely true! Do you know it is

your intellect which gives you unbelief; which gives you fear? Because your doubt is in your head. It is not in your heart. Then, do you not see that when mankind learn to act from the heart they will know no fear? They will know no doubts and will be able to release the Power of Life in Its Infinite Power of action.

Thank you for the comprehension that is acting within you to-night. I want you to see once and forever that your call to Life, the "Mighty I AM Presence," cannot fail to bring you the results. If it seems to, it is only because unknowingly you doubt or fear; or there is some condition acting that is still obstructing the way. If you will ask the Presence to take out whatever seems to be obstructing the way, you will find the Presence of Life will do it.

However, do not do like the lady who once wrote to the Messenger. She had been applying the Law, but had been so frightfully inharmonious and of course it could not act. She wrote the Messenger and said: "Now, if this 'Mighty I AM Presence' don't act pretty soon I will quit It." I wonder how she would ever quit her Presence of Life! Do you not see that such feeling is just pure resentment, because she would not let herself become harmonious enough to get the results?

Now dear ones, won't you please be kind enough to look yourselves square in the face this night before you sleep? Look in the mirror and look at yourself looking back at you. Talk to that one there and ask it if it does not feel ashamed of all that it has done to you through the centuries! There are many simple ways by which you can get your human self to let go and stop attempting to hold its dominion over you; and, to-night, in

releasing this energy, I am helping you to do this. I want you to see that toward whatever human qualities are still in you, you should take your determined stand that they shall act no longer.

Precious hearts, you who are so loyal in your application, only require a little greater determination to hold the harmony in your feelings so completely, that you would have the full and complete response at your call. Do not grow weary because you have not quite reached that dominion yet; but if you will continue, the Presence of Life will sweep everything aside and release Its great fulness into your use.

You are not talking to something imaginary! You are talking to the Greatest Intelligence in the Universe in your call to the Presence of Life, your "Mighty I AM Presence." It does not want to refuse you and never will, but if your feelings are too inharmonious to let the full Power and Purity of Life flow forth to render you the service and bring you the release, it is not the fault of Life. It is the lack of your Self-control. Do not blame anything but yourself. Oh, please do not blame your fellow-associates. All you have to do is harmonize yourselves, then those around you seeing your happiness and your great harmony will ere long want and determine to be like it.

So many times the students say to the Messenger: "Well, how is it that you never get ruffled up or disturbed?" Because he has learned better; because he has learned that every time he does that, he would have a lot to clean out of his own world, because the discord of the outer world would rush in. That is just the position you are in regarding your individual world to-day. Every time you get irritated or disturbed about some-

thing or somebody, you let the greater discord rush in upon you; then you have to throw it out. You know most of the time you have been throwing it out, and that is the reason your results have not been greater. Stop it coming in, then the outflow of your own Life will bring everything your heart desires.

Oh, this is Mighty Real, beloved ones. We rejoice so much that so many of you are entering into greater application and greater results. It is magnificent! Your Life will never fail you in the world, beloved ones, if you do not fail It. When I say there is not one condition in your body, there is not a condition in your world of action that you cannot quickly correct, I mean just exactly what I am saying.

My dear ones, you have not only your own application and call to Life, but you have the Presence of These Great Ones, Who offer in the kindness of Their Hearts the limitless Assistance which They can convey; and They only ask you to remain harmonious so They can give you the Assistance.

Dear ones, never get tired of Our reminding you that the Law of Life is: you have got to hold harmony in your feeling world if you want to be free, because you are going to hear it. It is the only thing in the world. The constant reminder is, that it has got to be done if you want to be free. It is so little. Life has poured forth through your innumerable bodies which you have occupied, Its constant flow of Life, Light and Energy. You have accepted It and offered not one thing back, until you came to reach this Understanding.

Unless you understand and see this, you are very apt to keep wandering around awhile longer

yet; but when you realize that you have used Life through thousands of embodiments similar to these and did not even offer back one "I thank you" to Life; then is it not time to wake up now and begin to pour back to Life gratitude and thanks for Its use?

You will say to Me: "Well, didn't Life put me here"? Now hold on to your chairs! Yes, Life did put you here a long time ago with beautiful Perfect bodies, with nothing between you and the Perfection of Life, then what got in? Your determination to go on independent of your conscious recognition and acceptance of Life. That is what got in between you and your "Mighty I AM Presence." It got more and more powerful, until you had forgotten your Source completely. Now you will have to come back to It again consciously, willingly, joyfully, or you will remain exactly where you are for a few hundred more embodiments.

I am talking to your hearts to-night, with all the Love of My Being, My dear people. I want to stir you and arouse you from that lethargy or unbelief that your Power of Life cannot release you immediately. It can do it! and if you are as determined as I am, you will have your release, and I MEAN IT. I love you enough and so do all the Great Ones to do everything in Our Power; but you will have to give certain obedience to Life in order to let Us help. That obedience is continued harmony in your feelings and your continued determined application.

Dear ones, do you understand why, when you first contact this Great Stream of Light, sometimes it does require very dynamic application to clear obstruction from your world and begin to let the

results flow forth in a constant steady stream? Well, would it be surprising when after long centuries and thousands of embodiments you have built up the human qualities and limitations? Would it be any wonder if you had to make dynamic application for a little while? It is Oh, such a little while in comparison with the thousands of years in which you were accumulating the other. Do you see that!

To-day, in a few months of dynamic application you could set yourselves wholly free, even though you had made all these mistakes of the centuries. Do you not see how Life is offering you everything on a golden platter, so to speak, and you only are required to make earnest application? It will free you! Life will free you, but you must want Freedom. You will have to make your application. As the Messengers have explained so many times, if your application has not produced the results you want, then one of two things is happening—either your application is not dynamic and continuous enough or there is some feeling or suggestion acting in your world that is obstructing the way. Only one of those two conditions could exist which would prevent Life from filling your world with every good thing you want. Find out which it is and then dismiss it.

You might say to Me: "Oh dear, I have tried to." You tried to probably with the Intellect, but you forgot all about the *feeling*. Your feeling is what determines whether you are rid of the thing or not. When you have released the thing from your feelings, you are free! Do you not see, your intellect cannot hold a thing in your world, if your feeling has released it once! That is what has been the matter. The feelings hold to habits, and it

is only the intellect that wants to be rid of them. Therefore, you must find out what is acting, what is happening, if you are not getting results. Then, you will be able to clear out whatever it is and go forward quickly into the full Victory of Life.

Think! Here I stand the Victory of All Life, pleading with you; having charged My Quality of Victory into your feeling world this hour, and for some of you that has been done several times. I not having known anything but Victory for century upon century; then, do you not see if you had the full acceptance of that which I offer, you would go forth to-morrow morning victorious in everything to which you would direct your attention and call the Power of Life into action to do? I mean that!

You could go forth to-morrow morning with the full acceptance of that which I have given into your feeling world this hour and not know once a single failure in anything. That is what this means, dear hearts. That is why, to-night, I have made such a tremendous Effort to charge Victory into your feeling world and give you the explanation while doing this, which would give you the full power and feeling of mastery over yourself and over conditions which you confront.

You are the master of those conditions by the Power of your call to Life. Please try to feel this now—when you call to your Presence of Life. If you raise the flood-gates in a dam and you saw the water pour forth as you raise that gate it would be tangible, would it not? I say to you, your call to the Presence of Life raises that flood-gate and lets the Power of Life pour forth into action into your world, just as tangible as the flood-gate in the dam which let the water pour through.

That is what I want you to get to-night, if you will. Feel that Power in your call to Life, Its Mighty River flowing forth into action into your world, and then tell Me if any limitation could remain there or that you could lack for any good thing. It is not possible. Life is the Authority, the Power. Human beings assume It, that is true, but in your understanding of Life, in your call to Life, no human being—if you so decree it—will ever assume authority over you again.

Now, young folks, I am not speaking to you, because if you are not of age you should obey your parents; but I am speaking to the grown-ups. Once you feel that authority and power of Life, beloved ones, there will not be one thing ever deprive you of that which you require any longer.

I want you blessed ones here to rise in the full power of your Presence, in the full power of your application, and do not once again accept in your feelings that a single thing can obstruct your way in your call to the Presence for anything you require. I want to help you. Do not think for one second that We are just here for to-night. We are always present by Our Rays of Light. You who have become a part of Us by receiving Our Quality into your world, how could We ever be separated from you again! My dear people, this is a Mighty Truth. I was about to say: "a serious thing," but it is not serious except that you be reminded how much you are having this indescribable Assistance.

Therefore, to-night, my beloved ones, please accept It. Be dynamic, firm and determined in your application and I assure you that the time will be so short until you will see, feel and know your mastery over all conditions. Oh, it is such a

joy, so magnificent. When We see you almost at the point of Freedom, and then your feeling begins to waver, my heavens, what do you think We feel? No words can possibly describe it.

My dear ones, sometimes the conditions about you are not such that We can project a Light Ray and spur you on for the moment; but if there would ever be a thing that would create agony in Us, it would be that moment when We see you so near the mastery and Victory and then your feeling begins to waver. Oh! how I long to rush in, but your Life is the dominion there, not Me. Great as My Power is, I must abide by the direction of your own Life Stream, remember.

I think this has been referred to once or twice before, but very seldom. I want you to have it, to-night, very clear and distinct. How do you suppose it is that you are here? How do you suppose that there are any students of this Great Light? Because the Light of your own heart was strong enough to bring you here or to make you the student which you are. Since that is the Truth, then if your Life has been strong enough to do that, and It has, know then your Life saw the way to your Freedom, did it not?

Then, how do you suppose it is that I am here to-night offering this Assistance? True, you have made the call verbally, but it takes more than that. Do you quite realize that it takes more than your outer call to bring Us to your Assistance? Do you not see that the call first had to come from your own Higher Mental Body? Then, you will say to Me: "Well, if my Higher Mental Body is all Perfect, why do we need the Ascended Masters?" Because We have passed through every condition through which mankind is passing. We have ac-

quired the Victory through the conscious application of the Law, which is as you have come to know the Ascended Masters' Instruction of the "Mighty I AM Presence." Therefore, Our Assistance *is* imperative. Otherwise We would not be taking Our time, would not be taking yours in Our endeavor to give the Assistance. You do not know how greatly Our Assistance is needed to-day.

Think of it, beloved ones, your beloved Messengers for five years have pled and pled and pled with mankind. The achievement of Victory has been great, there is no question about that, but We still want it to be a thousand times greater. It is not sufficient to stop now, but go on and on, until great numbers of mankind are so anchored in the application of this Presence, that never a thing will ever daunt them again. Just as you have seen the Messengers grow into this dauntless application, so can you do the same thing.

Beloved ones, the record of the healings, the release from every conceivable condition of thousands and thousands of people in America, would be the most amazing record that mankind ever held before their eyes if it were recorded; and it would take you months to read it. That is the proof before mankind of this Great Law.

That is why in leaving with you, beloved ones, to-night, this great Infinite Power of Light, remember while the Messengers are rendering service elsewhere, We are always standing guard; always ready to answer your call when you have called to your Presence first. If greater assistance is needed, then We are always ready; and if your acceptance were complete, there would not be ten minutes stand between your call and the answer

which would prove the Victory. Oh, that you could understand that and Oh, for the day when you do come to that fulness of understanding! You will not have ten minutes stand between your call and the release of that for which you have called. This is what We want you to feel to-night.

The opportunity may offer when the Messengers will come to you twice a year for two, three or four days or whatever time it might be. They are trying to arrange it. (applause—audience rising) Therefore, you see how in every way We are trying to give you every assistance that is possible. You have no idea what this means to you.

Think, to-day, of the immense saving that it has been to those who have come into the understanding of this Great Presence of Life—to call It forth into action for their health, for their supply and for all the things they require. You cannot pay somebody to do these things for you. You have become your own master of Life and that is beyond any value you could put upon it.

Your Presence of Life who is the Victor over all things, and Our Assistance, which can hold you sustained and anchored within that Power until you gain the full Victory of it yourself by your application, are the things which should not be thought of lightly. We offer this to you in the fulness of all Life wishes to give.

We are leaving you with a great, great Sustaining Power, beloved ones of San Diego and vicinity. Please accept It and know that in addition to your call, We are constantly pouring forth the sustaining power that holds you steady until you gain the Mastery yourself. Do not let yourselves get away from that. Just keep yourselves reminded that distance to Us makes no difference. Wherever

We are We can project a Light Ray to you and render any service instantly.

Oh, you cannot fail us! You must make your application, because if We see you are not doing it, We cannot give the help. It would be useless. If you should lean upon Us and not make the application, We would do you the greatest injury to pour forth the Power which would not give you the practice of application that means your Eternal Freedom.

You must make your maximum effort in application, then We will give you Assistance; but do not lay down on the job, because if you do We just cannot give it. If you don't make the application We cannot come forth and carry you along. That is the thing I want you to so clearly understand. It is you who want the Victory and it is by your application that it will come; but We can give you limitless Assistance in the meantime, but We cannot carry you. Your Life Steram will not permit it.

Your Life Stream is the Authority for you, not Me. Since your Life has called to Us for This Assistance, then We must render it to the fulness of its requirement, but you outwardly would not know what that Assistance was. So you see in all that We do, We are acting in co-operation with your own Life's call to Us first. Since you have been making the call outwardly, you naturally give Us more authority to act. That is the co-operation of the outer and Inner activity of your own Life Stream, and it is a magnificent thing.

This is why We are offering you such limitless Assistance, because you have been willing outwardly to co-operate with your Inner call to Life for Our Assistance and We will give it to the limit

your Life permits. You, of course, do not outwardly know to what extent that is, but you may be sure that We will pour it forth to the very limit We are permitted so you may more quickly gain this Mighty Victory and have the blessings of all Life holds for you.

I thank you, I love you and Bless you, beloved ones of San Diego. I trust that this Mighty Power released will be a sustaining Power which will last you throughout the year, to go forward in the Mighty Victory of Life. We add to your call for your Presence of Life to reach out Its Loving Arms and draw all into your midst to whom you can be of assistance. Oh, do not expect outer things to do that. Make your call to the Presence of Life. Its great Love, Wisdom and Power will bring the people into this Light, into this Understanding, who should be there. Do not try to get them by the hair and bring them in, because they would probably soon go out; but when the Presence of Life brings individuals they will come and remain.

Remember what the Messenger has said to you so many times: "No person in human form can look upon that Chart and ever forget it in the world." It is impossible! That Chart represents your Reality of Life—every one's Reality. The eyes looking upon that cause the Light of the heart to come into such action that the mind will never forget it in the world. Then what happens, when you look upon that Chart? Everything which comes before your vision makes its picture within your physical world; and that is why the Messenger has said that you cannot forget it because it is your Reality of Life. Once that picture is there within you, how could it get away?

It is the same as if you saw the Presence of this

Messenger stand visible before you, do you think you would ever forget it in the world? You are looking upon the symbol of your Great Presence. You cannot forget It. No one ever did or ever will. You are looking upon the Mightiest Focus of Life in this Universe—the Power of every human being's Life.

When I say to you no one can forget that Chart, I mean it, because your vision knows the Truth; your heart knows the Truth; and what do you think happens? Try to feel this more often, when you look upon that Chart and feel first Its Action within your heart. It releases the Power of Light anchored within your heart from the Great Presence of Life and it floods forth into the brain and the intellect. That is why it is so powerful, beloved ones. It is why This Activity cannot be stayed in the experience of mankind. It has got to do Its work. Oh, not because you or I want it to, but because it is the activity of Life which has gone into action through human beings and will one day take Its full Dominion through every human being who wears a human form in this physical octave. It must be, because the Great Presence of Life has said: "Now, the end has come! Mankind have got to come back home where they belong"!

You remember that mankind have had free will and choice for a long time. Now the Great Source of Life to this System of Worlds has said to the earth: "You will have to wake up! You will have to emit more Light!" Why do you suppose I am here? Do you think I came forth from Our Great Planet of Complete Freedom to dwell in your earth for fun? My dear ones, please understand that I am Real! I am here for your blessing! I am here for the Blessing and Freedom of mankind; because

of the Power of Victory which I wield. If you will allow Me, I will set the Power of Victory into action in your feeling world that will one day make you the Power of Victory in which I stand to-day. That is the service I wish to render you and it is no idle thing, I assure you.

So, to-night, as the Messengers go forth, feel how great is their Love. Feel how great is Our Love for you, and there are so many here whose Love and devotion to the Light is so great. Oh, my dear ones, be dauntless in your call to Life for Its great Blessing, Its great Power, Its great Freedom. Oh, it will quickly come forth, and so far as your outer requirements are concerned, say to your Presence: " 'Mighty I AM Presence,' put me in my own right activity of Service and see that I am abundantly supplied with all the money and all else I require." Be firm and issue that call! Then stand by it and there is not one of you who would not come into your own right activity and have the supply you require.

Oh, do not believe that conditions out here or human beings can deprive you of the money supply you require in the Service of the Light. My dear ones, do not do that once again. Do not give anything in the appearance world power to limit you longer. What does the human appearance amount to in your call to Life which will flow forth to you, harmonize your world and bring the supply you require?

Do you not see that you only have to deal with your Presence of Life? It will reach out Its Mighty Light Rays in every direction, govern all conditions acting in your world, harmonize and bring everything you require into your world for use; because you cannot have it except for use. When

you let go of those bodies you do not require these things of the physical world. If you had acquired a hundred million dollars you could not take it with you. You would not want to if you could, because in our Octave of Life there is no occasion for it.

Can you quite understand why We Who have no use for money, have no use for the things of the outer world; why We are fighting your battles for you and helping you to have it? Do you see it is only the Power of Divine Love in the name of all good which could enable us to come forth and try to give you this Assistance you need? What motive would we have if it were not good; if it were not the Power of Divine Love acting without human qualification which wants to help you to be free; which wants to help you out of this condition of limitations; that you may no longer give power to the things of the earth to bind and hold you in bondage?

May the Infinite Power of Divine Love and the Grace of the "Mighty I AM Presence" enfold you in Its Mighty Glory; clothe you in Its Armor of Light; send you forth Its Mighty Victory from tonight! I thank you.

· DECREE ·

FOR LITTLE CONDITIONS THAT CONFRONT OR TERRIFY YOU:

"You have no power! 'Mighty Presence of Life, my "Mighty I AM Presence," sweep into action here! Take command, produce Your Perfection! Clear my way and take me through into Your Perfection.

· GOLD ·

Mr. G. W. Ballard—Shrine Class
January 6, 1939

IN INDIA there are five great mountain peaks. Within one of those peaks has accumulated for hundreds of centuries a certain amount of gold during each century. There is gold enough in that one peak to a hundred times pay the debts of the world. I know this to be true.

Now then, you heard the call I made for the God of Nature and the God of Gold to come forth. I cannot give you the explanation just now, but it is a stupendous thing in reference to our financial activity and that of our vegetation and fruits.

You will see such marvels take place as you never thought possible, and if my feelings serve me right, largely will it take place within the next five years; and most all of you will live to see these things fulfilled.

Victory Said:

"Mighty I AM Presence," wipe out of my being and world instantly all doubt, fear and questioning of every kind and replace those qualities with the full acceptance, feeling and conviction of all the Ascended Ones offer for my Freedom and Victory. Blast and annihilate, cause, effect, record and memory of all obstruction to my full and immediate response to Their Assistance, and release my Eternal Freedom NOW. I thank Thee it is done.

IT IS time now for all who are concerned with the home and its activities to call into your homes an individual Ray of Cosmic Light-substance to fill and surround your home with all the Power and Perfection of the Cosmic Light.

Call for an individual Golden Flame from the Great Central Sun to fill and surround your home with all Its Purity, Power and Perfection.

Give this daily acknowledgment, acceptance and visualization and you will know a peace and happiness you have never experienced. The following Decree does release the answer to your call for the home:

"Mighty I AM Presence," Great Host of Ascended Masters and all the Great Cosmic Beings of Light! project an individual Ray of Cosmic Light-Substance and a Golden Flame from the Great Central Sun into and around my home and every home on earth; and hold all in Your Purity, Harmony, Power, Protection and Perfection forever!

The hour has come to see the shining face of your "Mighty I AM Presence"! Its slender Hands point you every minute to Victory and every second is now filled with Mighty Ascended Master Miracles of Perfection forever!

IF THE executives of all constructive lines of business would awaken to the stupendous Power they can call forth and set into action for the protection of each other and for the correction of all abuses in the business world, through this Mighty Ascended Master Understanding of the "I AM," not one would let the day go by without releasing these Ascended Master Light Rays into all business activities everywhere.

The time is past when anyone in the business world can have success, continue his activity, be sustained or expand his business unless he acknowledges that the Source of all Good in his world is God, his own "Mighty I AM Presence."

The Source of Life and the Giver of all action to all form has been denied, forgotten, ridiculed,

ignored and resisted so long by the discordant feelings and silly selfish ideas of ignorant human intellects, that the Source of Life has taken a hand in the awakening of human consciousness into some kind of intelligent comprehension of the Laws of Its own existence.

Life—the "Mighty I AM Presence" and the Great Host of Ascended Masters have issued a Fiat to the earth to stop all that denies its Source or it will cease to be supplied with any more of Life's energy and Substance.

It is because of this final decision of Life that everyone who knows this Law should make his maximum effort to correct all wrong conditions in the business world, because all constructive activities of business bless us. Let us now bless them and give them eternal Divine Justice and protection.

TO ALL DISCORDANT CONDITIONS:

"You have no power! I withdraw all energy, substance and directing power and pass it to the Great Presence and Ascended Ones, to cleanse, purify and return to hold that individual helpless from doing destructive things."

SAY: "That individual has no power! I withdraw all Power from him (or her) to harm any person, place, condition or thing in This Work."

USE OFTEN: "Mighty I AM Presence"! see that no person, place or condition has any power to harm, disturb or affect This Activity discordantly.

BELOVED ones everywhere, it is Saint Germain's Request that all orchestral music in this Ascended Master Activity be always held to the purely symphony orchestra instrumentation.

The strings and woodwinds are qualities that are particularly adapted to assist in the healing of the mind and body. It does not mean that the other instruments do not give happiness and blessing to the individual who plays them, but for the service rendered by the Ascended Masters in the Study Groups and large classes, the symphony orchestral instruments provide the quality of tone through which the Ascended Masters can assist the people best at this time.

We always bless and thank all who have offered their services in musical assistance in any way, but the Ascended Masters require certain qualities which are best provided by symphony instrumentation.

The Goddess of Light has said:

AT THE FIRST INTIMATION OF A COLD OR CONGESTION OF ANY KIND SAY:

"Mighty I AM Presence"! dissolve cause, effect and record of this! Sweep it out forever! (Be firm about it.)

BLESSED Precious Ones of the "I AM" School, lift your hearts every day to your own "Mighty I AM Presence" and the Ascended Masters and call forth from the Great Central Sun an individualized Pure Golden Flame. See It fold Itself around every person in the school and then around every person, place, condition and thing under this Radiation.

This is a special action which can only come forth at your individual call. It is a Cosmic Activity of the Golden Flame, but you can have an individualized focus of It if you call It forth daily for a Cosmic Service to bless all who seek and serve the Light. It brings a powerful calming, healing, peaceful action that penetrates all with those qualities in dynamic Cosmic Power.

It holds every human feeling stilled instantly, until all discord can be annihilated and the energy lifted into the command of your Higher Mental Body.

"I AM" STUDY GROUPS

LESSED Group Leaders, Saint Germain's most recent request at the close of the Oakland Class, was to continue your Decrees with powerful determination to withdraw and withhold all money, energy, power, influence and supply of every kind from all destructive individuals, who have been the claws and emissaries of the black magicians.

Many who have become wholly destructive must yet be taken from the earth and its atmosphere. The Ascended Masters wish to do this at once and will, if we continue to give these calls, until all vicious discarnates and individuals are bound and taken to the Octave of Light.

Saint Germain said, the feeders, so to speak, of all destructive individuals and discarnates were the black magicians who have all now been taken from the earth and its atmosphere. You will soon see all destructive individuals collapse and the dictators of the world will be no more. Even the dictators in homes will cease their domination for that action is being withdrawn from mankind.

The following Decree should be given daily with powerful intense (not tension) determination, until the remaining destructive individuals and discarnates are completely cleared from the earth. This will also remove the cause of most vicious crime.

DECREE:

"Mighty I AM Presence," Great Host of Ascended Masters, Mighty Legions of Light, Great Angelic Host, Great Cosmic Beings and Great Cosmic Light! withdraw and withhold all money, energy, power, influence and supply of every kind from all who have been the claws or emissaries of the black magicians and discarnate entities and all wholly destructive individuals. Make them collapse completely and hold them bound, helpless and inactive, until they serve the Light forever.

· DECREES ·

"Mighty I AM Presence" and all Great Beings and Powers of Light! withdraw this instant and forever all money, energy, Power, influence and supply from every person, place, condition or thing which attempts to oppose, harm, disturb, ridicule, distort or discordantly affect this Mighty Ascended Master Instruction, Victory and Freedom for mankind.

"Mighty I AM Presence," blast, annihilate and remove from my feeling world all treachery, deceit or other qualities that may have been projected or established in my feeling world by black magicians, entities or otherwise. I call to the Great Host of Ascended Masters and Cosmic Beings to replace that with the Purity, Perfection and Stability of Truth; which not only brings an activity, but an intensification of the Truth that my heart is craving to pour forth.

YOUNG AMERICA

BLESSED Young People of America begin, to-day, to charge your being and world three times a day with the Ascended Masters' All-powerful Divine Justice in all you do. Begin to put Divine Justice into your world and all its activities by a daily charge and call because you need to build a momentum powerful enough to qualify all you do in the years ahead to bring in the Perfection of the Ascended Masters for our country and our people.

The whole future cycle depends on you to release its blessings and upon your momentum of Divine Justice to enable Divine Justice to be a controlling power in the feelings of the mass of our people.

If you are to have Divine Justice fill your business activities as you grow in outer experience, you will have to charge forth your own Life's Power and quality of Divine Justice to provide a current of energy on which Life can send Divine Justice to you from the outer avenues of business and all other channels of activity.

The same thing is true of the money supply you require to make you independent, self-reliant, honest, honorable and balanced. These qualities must become your daily activity and, as you use the Power of your own Life to charge them forth into every avenue you contact, they become the predominant vibration around you and everything that comes toward you becomes raised into those qualities of Divine Justice and limitless supply.

Gain this momentum of your permanent Victory over every physical condition now!

· IMPORTANT NOTICE! ·

Lake Merritt Hotel,
Oakland, Calif.,
Feb. 23, 1939.

Precious Ones of the Light:

In regard to a letter that has been circulated in Los Angeles and vicinity concerning the disposal of the body of "I AM" Students at possible so-called death, we ask all the students to understand unmistakably that this does not come from us and to stop its circulation at once.

The Ascended Masters' Instruction and desire is that there always be a funeral service of dignity and honor to the one who has passed, with a loving blessing and call for that one's Victory of the Ascension.

Regarding the embalming, the instruction was given by the Great Divine Director in the February 1939 issue of the "Voice of the 'I AM' ", page 19, concerning what needs to be done to the physical body.

Please read this letter to all the students at your group meetings, and make it unmistakably plain that the requests in the letter which is being circulated never came from us and is not what the Ascended Masters have asked the students to do, concerning the disposal of the body at so-called death.

Each individual should be left free to make his own arrangements and please do not do anything fanatical or that causes distress for the family of those who have passed on. The Law of this work is to pour out Love, blessing and kindness and call the Presence into action to govern the conditions which affect the one passing; and the Ascended Masters will take care of the rest.

Our Love enfolds you with the Ascended Masters' Discrimination and Power of Light, to keep all harmonious and directed by Ascended Master Intelligence to maintain harmony and Perfection.

Lovingly in the Service of the Light,

THE BALLARDS

· NEW SONGS ·

IT IS our very great privilege and joy to announce the release this month of two new songs SON OF LIGHT and CALL TO LIGHT.

SON OF LIGHT was first sung and dedicated to Oakland, California. The Ascended Masters have said that every Mother who sincerely uses this song and with determination makes the call for the Ascension of her children, will not only open the door for their Ascension, but will attain her own through that call also.

All individuals who love children and young people, whether they be parents or not, can render this Mighty Service to the younger generation; and thus annihilate the effects of the destructive suggestions and activities which have been imposed upon them in the past.

Through this song gigantic and transcendent Cosmic Assistance is being offered to the people of earth in order to protect all constructive activities so they may survive into the future.

The younger generation is the most valuable asset mankind has to-day, for they are the builders of the future. We owe them all we can give for their Protection, Perfection and Victory of the Light! Let us all now do our part and help them without limit!

CALL TO LIGHT was first sung in Seattle, Washington, where Its Mighty Light, Radiation and Action started forth to bring complete Freedom and Illumination to all forever.

This Song is dedicated in Eternal Love and Blessing to the "Mighty I AM Presence" and the Goddess of Light, Whose release of the Cosmic Light is freeing mankind so rapidly from the

humanly created discord which has bound them through the centuries. This was the song She used by which She accomplished Her own Victory, Freedom and Ascension.

These Songs are available through the Saint Germain Press.

Price each $1.00 Postpaid $1.15

Victrola Records will soon be available of these two songs for daily use by the students and can be secured from the Saint Germain Press.

We wish to announce the release of a new Victor Record—Nearer Thee and Cross of Blue Flame—which may be secured through the Saint Germain Press.

JEWELS of LIGHT

Words of Jesus

AM' the Resurrection and the Life"!
Our Mighty Brother Jesus' Blessed Call,
So true, and all renewing midst earth's strife,
Yet bringing Light and Help to lift us all.

" 'I AM' the Resurrection and the Life"!
In Victory true those Words release the earth;
They were the Dawn of Freedom and the Light,
Still do they raise mankind to its rebirth.

" 'I AM' the Resurrection and the Life"!
The Light to all that none may take away;
Then stand and be Its Truth all blazing bright
And help to usher in the Cosmic Day.

" 'I AM' the Resurrection and the Life"!
Speak forth those Blessed Words forevermore,
Be all their Mighty Glory from His Height,
Your "Mighty I AM Presence" now adore.

" 'I AM' the Resurrection and the Life"!
The Great Decree of Him who leads us on,
The Glory of His Presence and Love's Might
Must bring to us our Vict'ry e'er the dawn.

" 'I AM' the Resurrection and the Life"!
The Greatest Power we can ever know,
Oh, be Its Great Dominion o'er earth's night,
It is the Greatest Jewel God can bestow!

CHARLES

· BELOVED MASTER JESUS' DISCOURSE ·

"I AM" Reading Room—Oakland, Calif.
February 15, 1939.

GREET you in the name of the Father, Son and Holy Spirit, which is the "Mighty I AM." May you feel and know this, tonight, as never thus far in your experience. May I be able to convey by the Power of Radiation while the Spoken Word is going forth, into your feeling world, the Reality of My Presence and the Reality of My Words, spoken so long ago, as I call some of them to your attention. The greatest of all those Words which We shall try to help you understand is what "Peace on earth, good will to men" means to the world to-day.

Your call, Oh Children of Light, friends of America and Students of the "I AM," has been and is rendering a service transcending by far anything that you yet conceive. It is even reaching far into Europe and the Orient. Your Beloved Saint Germain and the Goddess of Light are expecting and hoping presently to have most gratifying news for you. May that help you to see how far reaching is this Mighty Work, going on in the mental and feeling world of mankind. May you comprehend the fulness of all It means to you individually and then spreading to the world.

I rejoice with you to see the tremendous expansion of this Great Light and how steadily and surely all opposing forces are dissolving and disappearing. Only because mankind does not many times understand It, do they feel opposed to that which is the Only Activity of the Law that can help them. We know this. We know the "Mighty I AM" is the individualized Focus of all Life through the individual. It is the only and all-

powerful Eternal Source of Life that can bring Freedom to mankind and sustain it.

In Our experience as you have previously heard, it was by this application that I knew My Mission and how to fulfill it. Even upon Venus is this identical Knowledge and application being used as a natural activity of Life. It is not something extraordinary. The Understanding of the Law of Life, which is the "Mighty I AM Presence," is not an unnatural thing. It is not a mystic and unusual thing. Since your Life is beating your own heart and giving you Intelligence and action each day, then is It unusual? I think not. In all the manifestations of Life from the smallest to the greatest, mankind have been accustomed to think that something which is more than ordinary is so unusual and even miraculous. Yet, in all that I ever did or ever shall do there is not one thing miraculous about it. Even in the great things that all of you will one day do, there is nothing miraculous. It will be just the natural Activity of Life. That is what I would like to have you feel, if you will. Then, you will so much more easily and quickly enter into the fulness of your comprehension and your application. It is the only way, children of earth, that you can be free.

Every one alone is responsible and will set himself free by his own application. Great Assistance can be given, but you are the Focalized Power of Life through your human form. Since it is the human form which to-day is surrounded by and experiencing the accumulation of the past, then you alone must be the decreer of what is to manifest in your world. You do not have to permit that which you do not want.

To-day, to some degree you are being chal-

lenged, but nothing like We were at the time of Our Victory over human qualities. We were challenged by every force visible and invisible. You are having a similar experience, but very much less strenuous. Therefore, I say to you, in the Almighty Assistance that is being given mankind at this time, your achievement is far easier.

Beloved students who have been so successful in your application, think what one achievement does for you in the way of courage and strength for that which is to follow. It is a magnificent thing to realize how, when you have achieved one small thing, your courage builds. Then, when you meet the next and conquer it, again your courage rises into the fuller Power of the Presence of Life and that is natural. It must be so, because all Laws of Life are practical and natural; and so are all the great healings.

There is only one thing I did innumerable times which the Messengers have not called forth and that is the raising of the so-called dead. They have performed every other service of healing that I ever did in My Ministry. In other words, it has been done during the classes at their individual calls. There are hundreds of the students who are having this same magnificent response to their calls for healing and various activities. There is not one thing, beloved friends of the Light, that you cannot achieve or which you cannot have in your application because all the Powers of Life rush into action at your call, to render assistance. You but have to be reminded of this and feel it deeply within you.

You will no doubt be interested to know something of My earthly experience in the beginning of My Ministry. In all times and all ages the one

same Great Law is in action. When I began My Ministry I had had certain training for it; but I had not, by mathematical application, had the experience which proved to Me that I could do whatever I directed My Attention upon. I had to prove that Law just the same as you do. Perhaps I was not any more sure in the beginning of My Application than many of you are to-day, but I was determined. I knew the Law so accurately and I knew It only required My definite application. Quite true, I had no discord within Me. I had no conditions of that kind to contend with, but I did have to prove to Myself that My Application was the Authority of Life by actual experience. Intellectually I knew that; By the study of the Great Laws I knew that; but it is another thing when you prove it to yourself, for then you become the Law, the Great Law of Life.

It is why I say to you, beloved ones, who might not have had the full response to your application which you would like: "You are proving this Law steadily and surely, even though you cannot see it. In the outer, you are proving as steadily and surely as you are sitting here in these chairs this minute, that you are the Dominion of this Law; that you are the Dominion of Life, of Light, and the Director of Its Currents of Energy.

All you have to do, Children of the Light, is to continue. Be firm, unyielding, in your determination to prove through your application that you are the Dominion of the Light; that you are the Supreme Director of these Currents of Energy which go forth and by the Power of Light dissolve everything unlike Itself.

Suppose you were going down the street and you saw some obstruction in your way and by

reaching over the side of the walk and taking up what you think to-day is one of your search lights, you focused it upon the obstruction and caused it to dissolve and disappear. It would be the exact simile of that which you can do from the invisible standpoint.

You can call these Light Rays forth from your Presence, to go before you and clear away every obstruction which the human has placed there, whether it is yourself or through the attempts of someone else. I assert to you as others have that you are no longer at the mercy of human conditions! If you will assert the Authority of your Presence of Life, It will cleanse, purify and sweep your path-way clear of everything that limits or obstructs in any way. We all have to prove it, beloved ones, make no mistake about it! We all have to prove this Law, but since you are having such unlimited assistance to do it, why not quickly enter in and have all that Life wishes to give you!

We are here, to-night, in this Almighty Radiance. While you are in this Radiance with every heart throb, many of you feel that your call is All-powerful and that It is the Mighty Power of Light going forth to clear away all destruction. It does bring the release from your Treasure-house, your Presence, of every good thing that you require. Now notice, I used the word "require." Why did I not use the word "desire"? Because, in that which Life actually requires, It is compelled to release and send forth into your use. Your desire, if held to, will produce exactly what your desire is held focused upon. If you are mistaken in your desire and you call forth something you do not want, then you will be compelled to dispose of it. Notice the difference now between

your previous understanding and that which comes through the "Mighty I AM." In your call to the "Mighty I AM," you cause the Wisdom of that Great Presence of Life to act. Therefore, you need never be afraid of calling the Wisdom of that Presence into action to bring into your Life that which Life requires. It will make no mistake for the Wisdom of the Presence will act. Even though you had a desire for something in your activity here which was not Perfection, still would your desire be changed or corrected by the Wisdom of the Presence. It would produce exactly what you did require, and that is a very important thing in your application.

In all things, if you will call for the Perfection of those things, your power of qualification is added to your application to make it complete. Life Itself would naturally produce Perfection in whatever manifestation It contacted, in, through or before you; but since your power of qualification is great, the power of your attention is great and that of your vision, why not combine the Trinity of Action focused upon a given objective and have the result you desire?

Oh, do you not see, my beloved ones, that you are no longer at the mercy of anything? You are the Dominion of Light through your application, your attention and Power of It. Remember your Higher Mental Body. Once you strike a vibratory action where you really give It full Dominion, you will never know one moment's further distress. It will take command at your call, and silence the human completely. Then, Its Power of Action will flood forth like a mighty river directing and causing you to do the Perfect thing each moment.

Oh practice, practice earnestly, fully accepting the direction of your Presence. If you make mistakes, don't be discouraged! Go on more firmly than ever, for one day you must depend wholly upon your Presence of Life! Think of it to-day, so many thousands and thousands of your blessed people of America are entering into the Consciousness of this "Great I AM Presence"—until one marvelous thing after another takes place at their calls and their confidence grows daily. Ere long it will be complete in its fulness.

Try to feel with Me that you can know the conclusion from the beginning. Try to feel that were you to direct your attention upon an achievement which was wholly constructive, hold the vision and call the Mighty Currents of Energy into action to charge it hourly, it would quickly out-picture in your experience. Only as you see and experience the quick magnificent out-picturing of these words, will you gain the full confidence and victory to know, as the Messengers do, that there is no such thing as failure in your call to the Presence of Life. If they have the courage and confidence to continue a call for a year or more to accomplish a given objective, as in the two things which have been accomplished within two days, then should you not hold the same confidence and courage in your Presence of Life; and continue to make your application until the Victory stands forth before you? This is a sure way to bring yourself into the full Power and Dominion of your own Life Stream; and when I say that, of course I mean through the direction of your Higher Mental Body which is your Presence!

Remember, do not separate your Higher Mental Body and your "Mighty I AM Presence." They

are one insofar as the action of the currents of energy, of Life and Power is concerned; but the Higher Mental Body is the Director, knowing both conditions, the Inner and the outer; but because of that there is no separation between your Higher Mental Body and your Presence of Life, the "Mighty I AM." They are one, and as you enter more into the full comprehension and understanding that the Power of Life flowing through you, is your "Mighty I AM Presence" directed by your Higher Mental Body, then will you stand the Dominion of that Light wherever you move and in whatever circumstances you find yourself.

There is no such thing as failure to Life. It is as impossible as it would be to stop the action of the Universe. Only as you continue unknowingly to hold within your feeling some obstructing force, will you fail to find the full out-picturing of Life and know your own Dominion within yourself, even though it acts sometimes through your intellect. That is what I wish to convey not only into your feeling world, but into your intellect to-night. Your intellect must be obedient to your Presence of Life. While I am flashing these Words to the Messenger, make your call to your Presence, acting through the Higher Mental Body, to see that you register and hold into All-powerful action these Words, this Radiation, which goes forth for your assistance and blessing.

Oh do not just listen to Our Words, but whenever a point of the Truth strikes you, call to your Presence. It does not detract your attention from what I am saying. Silently say to your Presence: " 'Mighty I AM Presence' of Life! anchor that permanently within me for constant use and with intensity." You will find it will anchor there on

the moment and at a time when you least expect it, will manifest in its power and action when you require it. That is how qualities are established in your feeling world for constant use and action.

That is why there is not one who cannot apply this Great Law successfully. Even a little child can do it. I find that so many unknowingly through old habit make certain application and because the manifestation has not occurred, they feel: "Well, I am not able to cope with this condition." That is a great mistake. Never let yourself admit that! Say: "Very well, if it has not operated yet, I shall go on with greater power and greater strength—calling my Presence, which I know will bring it in Its own great Wisdom." You will find it is just steadily and surely like a mighty glacier moving down the mountain, and the Power, Light and energy of your Presence will move into your physical bodies and take Its Dominion. Then, by Its Mighty Power of Radiation, It rushes forth into your world and holds Its Dominion and harmonizing action there until everything of human quality dissolves before it. That is how every One of Us has proved the Great Law. It is how We have become It.

Do you know what short step there is between proving the Law and becoming It? It is such a short step, any of you could take it, even with the slender skirts the ladies wear to-day. (laughter) Do you think, We do not notice the difference in the customs of the ages? We perceive that it is not practical to wear the garments We used and wore in their flowing fulness. Never mind, one day it will be practical in your beloved America. (applause)

How strange that mankind think of Me as such a dignified Being that I could not even smile normally. Well, that is a human concept, and does not belong to Me. I can laugh as heartily as any of you and often do. Do you think in Our Octave of Eternal Freedom and Light there are any long faces or that there is any unhappiness? Of course there is no lack of Dignity and Perfection, but that should not make people unhappy. It is why I so suddenly changed the currents just now.

You must not feel that I am such an austere Being that you dare not even look My way. I want you to love Me as I love you and to feel My closeness to you. Then I can help you; but I cannot, if you put Me somewhere upon a pedestal. Because of the Great Wisdom, energy and Power which I can wield, should I be any the less friendly to you? or should any of the Ascended Masters because They have attained this Mastery? Instead, it just draws Us closer to you. It must be so, because it is the Law of Life.

I want you to feel that We are normal, natural Beings. Of course, when conditions require We can assert and use tremendous Power, before which no human thing stands; but that does not separate Us, I hope, from you. Sometimes reports have gone forth when My Dictations have been given and people have said: "Why, our Beloved Jesus never used that language"! Well, it so happens I am using it, and those who do not believe what I say are unfortunate; they lose the blessing which I can give.

Remember, you are living in a mighty practical world, and if you ever saw or met practical Beings, They are the Ascended Ones, who understand the fulness of the Laws of Life. Would that

not make them more and more practical? In your physical world, not so much at the present time as thirty or forty years ago, many who attained positions of wealth were far more distant from you than We are. However, remember, because of the accumulated conditions, mankind are compelled to protect themselves. So do not blame people of wealth or high position for having dropped into that mistaken attitude toward their fellowman because conditions have caused them to believe that they had to take such an attitude for protection. To-day, in the great fulness of Life and the call of the thousands of people to the Presence of all Life, through the mental and feeling world, a tremendous change is taking place through the desire world of mankind.

Really, we are so rejoiced, and will you try to feel while I express these Words, how eternally grateful I am to My Beloved Brother, Saint Germain, for having the Courage and Strength to take up this Great Work which I started so long ago, and bring It to such fruition as He has at this time. Remember, beloved ones, among all the Great Ones, who are giving Him Assistance, He is the Authority for all that is done because He is the Power, the Out-picturing of the Violet Ray to the earth, which is the Mightiest Cleansing Purifying Element that has ever touched the earth.

I say to you with all sincerity, had this Violet Ray, which the Great Cosmic Law did not permit Us to give out at that time, come forth at the beginning of My Ministry, the earth would have held It in the outer forever; but owing to the accumulation of the ages mankind must have more than human assistance, more assistance than the Great Law of Life permitted Us to give them,

in order to have cleansed and purified the accumulation of the ages. That is why to-day the Work of Saint Germain has been so stupendous, and is only getting well started. To have called the attention of so many hundreds of thousands to the "Great I AM" in so short a time, is a Stupendous Activity of the ages.

Therefore, never forget to thank Him in all that you do. Remember, I love Him as few understand how to love because He is enabling to be carried out, the fulfilling of My Ministry. As more of mankind come to understand how practical, how logical, all of the understanding of Life is and that the higher you rise in the vibratory action of Life, the more practical everything in your world becomes; then you will see and understand how the old time-worn statement—"the nearer you come to Pure Truth the more simplified It becomes," is very true. There is nothing complicated about Truth. In Its Purity, It is Majestic and Allpowerful in Its Action. Anything that complicates Truth to you is but an endeavor to confuse your minds, so do not permit it. Stand loyal in the great Blessing which It alone can give.

When I think of all the magnificent things that are brought forth, I wish to just mention one, the Animated Chart. My dear ones, It is one of the most magnificent things before mankind to-day. If you will notice closely, It gives the exact vibratory action of the circulation of Light in Its flow in, to, through and from your body. There is no one in the world who can fail to see and understand as they observe those Animated Charts closely, because they give you the exact Truth and action of the currents of energy flowing through your body. They show how you can di-

rect them to any spot in your body and dissolve the discord which is there.

I want you to understand, if you will, the identical application I used in certain things. When I was called upon to give Assistance and healing to a human form, the Law and Understanding which I had, compelled Me to first call on the Law of Forgiveness, as you know It to-day. I said: "thy sins are forgiven," which is just another way of saying the same thing. When I said: "your sins are forgiven you," it was by the Authority of Life, which I possessed, that I was enabled to do it. Notice, I could not have done that, if I had not been using the Power of the Presence of all Life, the "Mighty I AM." It was the Authority of Life speaking to the individual's Stream of Life, informing the human self that its sins were forgiven. That opened the door for the Currents of Energy, which I released from that one's own Presence, to render the healing; and in the Power which was Mine, it was usually instantaneous, but not always.

Now, you are coming to understand the exact Law, applying It just the same as I did; and It is the only Law in the Universe that any human being can apply. Do you not see, beloved ones, that Life is the only thing you can call to or apply in any requirement in your world of action? There is not a thing else. Where would you find it?

Notice carefully the difference between your present application in your understanding of the Presence of Life and that which you have known before. There is no authority in your call without the Ascended Masters' Knowledge of the "I AM Presence"—because It makes you the Authority in that for which you call. You can call with a be-

lief in God somewhere and sometimes you will have results, according to the intensity of your feeling; but when you learn to call to your Individualized Presence of Life, which is God in Action at your point in the Universe; then you can call forth that Power any moment, any time, with definite precision. You can call It into action to perform a given result, and It cannot fail. It would be impossible.

Therefore, you have a definite Law. You have definite application and all that is required of you is to harmonize yourself and apply It. Have no fear, some One of the Great Host of Light is always watching over to give every Assistance. Let Me remind you that the thousands and thousands of answers which individuals have received, in calling to the Higher Mental Bodies of the Messengers when the Messengers had not yet received the communication, is positive proof that Life answers every time. This is an absolutely proven fact. Not only a few, but thousands of people have received instantaneous healings in their calls to the Higher Mental Bodies of the Messengers.

Your Higher Mental Body, your "Mighty I AM Presence," is All-powerful in the Universe. Knowing both the conditions and your requirements, do you think It is not ready to answer at any time? Since the position of the Messengers, as Messengers in their Assistance to the world, makes it possible, it makes the Law of Life the Authority for the answer from the Higher Mental Bodies of the Messengers which answer those calls; just the same as My Ministry made Me the Authority, to answer the call of every human being on this earth who would call earnestly and sincerely.

There have been thousands and thousands and

thousands of people in your America who have been healed instantly at their call to Me. Why? Because I receive every call and by the projection of a Light Ray enfold that individual and, according to their acceptance, thousands and thousands of times It is instantaneous. Sometimes the Currents of Energy are established, and like that (motion of hand) days later the individual arises and is free.

Once you understand how these Great Laws of Life act with All Power and are instantaneous, then you will know that there is no condition of human creation that can bind you or hold you longer in bondage—it cannot be done. Oh, you are arriving so rapidly at that point, beloved ones, when you will raise your hands, call to your Presence and sweep out of your body anything that is discordant. Then, you can project those Mighty Rays into your world of action, harmonize all discord and receive Divine Order and Divine Justice into your world of action.

There is no authority in the world but this Power of Light for you and your world. All the conditions of the outer world of mankind's creation have no power to stay the action of Life which you call forth to bring happiness, harmony and Perfection into your world and give you your supply. That is why all this is so practical.

We are so practical, the most practical Individuals in the world; for it is only the Fulness of the Understanding of Life that really makes individuals practical. The most impractical individuals in the world are those who are most ignorant because they shut out the Wisdom and Action of Life.

Oh, My beloved ones, this has been brought to

your attention many times, but it is so important that I dare to do it again. Watch two activities of your Life as you would watch a poisonous serpent; one is self-pity and the other self-justification. Those two conditions must be eradicated from your world if you are to be free quickly. Self-pity invites with great power more of the condition that has caused it. Self-justification makes it impossible for you to see and correct the things of human creation in your world, which it is necessary to do. Be so alert on these two points and so willing to correct them, or have them corrected. Then, your "Mighty I AM Presence" will set you free so quickly.

As an illustration, I will call attention to My Ministry and the activity to-day. This which I am going to say, you will probably think I should have known then, but I did not. Do you think I conceived at that time this Magnificent Activity of Saint Germain's now? Yet His Love for Me was not excelled by any human being that has ever lived. Do you understand that! There was never a human being in embodiment that had greater Love and Devotion to Me than your Saint Germain. Therefore, He or I had not at that time the slightest concept of this which has been His magnificent Activity to-day.

Now then, who and where and what did? We are getting into very deep Law to-night, but please still yourselves and comprehend It. The Great Central Focus which the Messengers and Saint Germain have called to your attention as the Great Central Sun, is the Great Cosmic Focus of Light, Intelligence and Energy to this System of Planets. There, is the place where this was known and the only place. There, is conceived

centuries and centuries ahead that which outpictures later to mankind.

Now is the first time this point has been touched upon in the Instruction of earth; but I feel it is time for you to feel and know why and how these Activities occur. How do you think your Goddess of Liberty gave Washington the Vision which She did and the Wisdom that is there? My dear ones, the Vision is mathematically accurate and the proof is that the first two-thirds of it have been filled to the letter. Then, how did your Goddess of Liberty gain the Knowledge which was conveyed there? Do you recall your Saint Germain said that the Goddess of Liberty had gone to the Great Central Focus of Intelligence to this System of Planets and had secured dispensations for America and the world!

Then to think that there are those of mankind so unhappy in their lack of understanding of the Law of Life, as to think that I am the only Authority for this earth. How perfectly ridiculous! I am the Authority under the Love Ray and Saint Germain is the Authority under the Violet Ray, which must be combined to bring the Victory of the Ascension to mankind en masse. That is Law, My dear ones. I am sure the students do not, but I say this so it may reach all mankind—never for one moment think or have such a feeling, as Saint Germain replacing Me or interfering with My Work.

He is the Greatest Blessing that has ever come to mankind, because He operates under the Ray which is the purifying Power to the earth. Without this Purifying Power, nothing on the earth would be accomplished and mankind would be destroyed in spite of My Ministry. That is what I

want you as Students of the Light to understand, to-night, in this Great Truth. It is why mankind should be very careful in their ignorance as to what they assert.

I say to the orthodox world and to so many who believe I am but symbolical, they should be very careful how they make comparisons between Saint Germain and Myself. Mankind, beloved ones, who do not yet know how to love should not pass opinions on Those who have become the Embodiment of Divine Love and know no Power but Its Activity. Such is your Beloved Saint Germain! Such is Myself! Such are all the Great Ascended Masters, the Cosmic Beings and the Great Legion of Light.

Why do you think that in some of the Expressions I used during that period so long ago, I said that I could call Legions at My Command? I assert it to-night! I can call Legions of Almighty Power at My Command, and those are the Legions of Light.

My beloved ones, I urge you with all the Love of My Being, go forward in your mighty determination, your attention to your Presence of all Life! Study, study, study! Apply, apply, apply! and one day not far distant there will not be one limiting or discordant thing that will stand in your pathway of Life. You will become the Victory of Life, and you are having such Assistance from those who are the Embodiment of these Qualities.

Think of your Mighty Victory who is the Embodiment of the Fulness of Victory of Life, offering His Assistance to charge that Quality into your world for constant action. Oh, my dear ones, why not accept It and go forward in His Victory

of Life! That is why I say to you, never be timid, never be discouraged! Go on and on in your mighty application of the Law of Life, then one day you will see the Full Out-picturing of it.

Let Me say something to-night that is so sweet, so beautiful, so glorious. You who have the frost of human concepts upon your hair and think you are weighed down by the weight of years, let Me assure you that the Light which is beating your heart is Eternal youth. It never grows old! It never knows limitation! It never knows distress of any kind! The Light beating your heart is the Power which under the new dispensation will bring you into the Ascension at your so-called passing from this earth. It is the Greatest Blessing that ever came to any planet in this system or ever will.

In all your devotion, gratitude and Love, pour It to your Goddess of Liberty and your Mighty Divine Director, for having interceded for mankind. I love the Great Divine Director as My own Eternal Father. I mean it and say it before the entire world because it was He who gave Me the Fulness of Understanding which made Me the Mighty Victory—"I AM." During the time that was hidden from the understanding of mankind in later centuries, I was in His Presence receiving this Mighty Understanding which enabled Me to set into Brilliant Vibratory Action the Example of the Ascension to mankind of earth. It stands a living pulsating Power and Force in the world today, and shall never cease, until mankind have been freed by their Ascension from the earth.

This Understanding of the "Mighty I AM" is the most Sacred Thing in the Universe, and please look upon It as that. Not that you should become

long faced in this feeling, but rather should there be a great Eternal smile of Joy upon your face, at having been privileged to come home again into the Great Presence of Life and hold Its Dominion and Victory here upon this earth where it is so greatly needed at this time.

Think of it, you who are here are united throughout the United States as one Magnificent Out-pouring of Light which every sincere "I AM" Student is; you are ONE in the Out-pouring of Light to your America and Its distribution. Will you observe the Wisdom of Saint Germain in taking the Messengers to certain points to distribute this Power and Radiance throughout the United States? The Messengers were like babes when He took them forth. Would you not have thought that Wisdom would have taken them to the smaller place, until they became accustomed to the work? He took them into the Cradle of Liberty of America! (applause—audience rising) and there their wings came into action. (applause)

Since I have mentioned wings, the beauty, the Perfection that is near at hand in your aerial service will be the joy of the earth ere long. (applause) Since We are so close in the environment of your Exposition, may I remind you that when your Mighty, Our Mighty Sanat Kumara, came to the earth, an Island was created in which he established Himself. To-day, in the Bay of San Francisco you have created an island and what have you called it? Treasure Island. Do you realize what that means! I trust you do. Why did you call it "Treasure Island"? Do you think it just happened to be so? No Real thing ever just happens. It is under direct Law.

Beloved "I AM" Students of the Bay District, remember that here beating your heart is the Treasure-house of Life. Treasure Island has many beautiful things gathered for your pleasure and instruction. There you will see the Action of Light. You might think We have been intruders. There you will see the Action of Light, in Its animating activity—observe It closely.

You are nearing, beloved ones, such magnificent out-picturing of the fulness of the Action of Life within you that *it will not be long*, until you will see the flow of the blood through your body, the flow of the nerve fluid and the action of every organ in your body, as clearly as you see those lights. Then, you will be able to watch your direction of the Light Rays upon a given objective and see any disturbance dissolve before your eyes. (applause)

Rejoice with all your hearts, beloved ones, that you live at this time. In the fulness and the culmination of the ages you are privileged to be a part of the Understanding, the Application and the Glory which bring this Almighty Perfection of Life into full expression in America and the earth. Never was there such an opportunity as yours to-day.

I cannot take all the time I would like, but I draw to your attention certain things in your district that are powerfully symbolic. Look at your two bridges! notice, going in opposite directions! Do you think that was just for the blessing of mankind in transportation? What is a bridge anyhow? What first created a bridge? A bridge is a connection between the human and the Divine. That was the first concept of a bridge, and here you have a bridge connecting you with the north

and the south, with the east and the west. The Golden Gates of Freedom. It is truly magnificent!

You are privileged indeed. For more than eighty thousand years there has been the Focus of activity which is now the City of San Francisco. Here, there has been a city at intervals for more than eighty thousand years, focusing again, again and again upon the identical location. For eighty thousand years the same seven hills have been here.

Do you not see, beloved ones, how mankind accepts as a natural consequence some of the most magnificent things in the world! Observe how one man held to that Ideal, the idea of a bridge spanning the Bay to your city. He was laughed at in the beginning, laughed to scorn. Do you wonder that I know about that? Yet, he stood unwavering and even when he had given up hope that such a thing would be carried out, still did he hold the picture within his feeling world. When he had given it up and yet had given it into the hands of the All-wise Intelligence, then the out-picturing came. Just as thousands of your desires in childhood are now in the Understanding of the "Mighty I AM Presence" out-picturing as the fulfilment of your desire.

It is magnificent, my dear ones, beyond all expression. Oh, if only mankind would observe! If only mankind would not allow conditions of the outer world to place them in such depression that they fail to see the Mighty Action of Life all about them. Oh, my dear ones, with the Presence of all Life beating your heart, do you think that any condition of humanity could crush you down and make you a failure, if once you stood by that

Presence of Life, your "Mighty I AM"? It would be impossible!

I say to you frail ladies and the strongest athletes, you are one and the same in the Glory of that Great Presence of Life. Even if you are helpless on your back in bed, still can you say to that Presence of Life: "Life of my Being, my 'Mighty I AM Presence,' give me action! send me forth your Ambassador of Life!" and it shall be so!

My Great Joy is in being present and flashing My Words which the Messenger voices to you. I feel greatly privileged, for I know that My Words which the Messenger has voiced to you will live forever in their Mighty Active Presence in your consciousness and your feeling world. They will hold this Almighty steady Action there, until you shake My Hand in the Ascended Octave of Light, in the Fulness of your Glory and Command of Life. I thank you.

· DECREES ·

"Mighty I AM Presence," Great Host of Ascended Masters, Mighty Legion of Light, Great Angelic Host, Great Cosmic Beings and Great Cosmic Light! release Your Mighty Power of Light and Protection into the minds, brains, bodies and worlds of every unemployed person in America and throughout the world! Hold every one receptive and obedient to his own "Mighty I AM Presence," and non-receptive to the destructive forces generated by the claws and emissaries of black magicians, discarnate entities and wholly destructive individuals. Encircle each individual in a Circle of Blue Flame and hold all obedient to the Light forever.

(Excerpts from Mrs. Rayborn's Discourse. San Francisco Musical, Feb. 27, 1939.)

THE enormous expansion of the Light in this vicinity through this class should anchor every one in a magnificent manner, to go forward dauntless in the Glory of this Light. Your heart knows, and We know, that there is nothing the world has ever known which can touch this Light for Blessing to the people. Everything has been tried out heretofore and has proved it only gave but temporary results. Now you have that which is carrying you forth to your Eternal Freedom.

The Great Dispensation, which has been given, makes it possible for every one who will determine to give obedience to Life to have his Ascension at the close of this embodiment, with the Assistance of the Great Ones.

Now let Me show you why My Experience should be the greatest encouragement to mankind under this new dispensation of perhaps any one thing that is recorded; for one reason—I knew not one word of the possibility of My Ascension. Saint Germain had not informed Me until the preparation began. When He explained to Me, I stood in My Higher Mental Body and under His Direction—now notice, this was not His doing, but under His Direction—I drew forth from My "Mighty I AM Presence" these Currents of Energy and focused them upon that body to render their Service. With His Assistance, after He had shown Me what to do, He amplified My efforts; but it was not that I might see the Power which I could draw forth without further explanation but in order to render the Service to the form which I thought I had left.

When you are making the change you are not always aware of the disconnection of the Life Stream. Only in a few instances are individuals aware of the releasing of the Silver Cord or the Thread of Light. They are much more interested in other things just for the moment, because unless people have this Knowledge they have no concept of the Silver Cord—at least not enough to register it, so they give it attention at the time when they could observe the entire process.

In the case of the five students who recently made the Ascension, at their passing three of them watched the process which was a Magnificent

Thing. Those individuals will become a Great Power in pouring forth Radiation to others who are still embodied and for the purpose of the Ascension at the change.

Now allow Me to prompt you. Knowing this, do not be anxious for the change. Do you quite understand Me? I think some of you do. Do not hurry the change! Let the Wisdom of Life do that in your adoration to the Presence because some have thought: "Oh joy, if that is the case, then I wonder if I could not hurry it up just a little." I would rather not do that. Just leave it to the Wisdom of the "Mighty I AM Presence," and remember that Your great adoration to the Presence and your call is quite sufficient. You need not worry about the results. Just give obedience to Life.

"Mighty I AM Presence" and Great Forces of Light! In the Name of the "Mighty I AM Presence," in the Name of Justice, in the name of the American people and the "Light of God that never fails"; I decree that all graft in our national, industrial, financial, educational and all activities that serve the necessities of Life to our people, be blasted from the face of the earth! that perfect loving co-operation be established between producer and consumer; and never again allow any destructive force to curtail the production of crops or destroy food after it is produced. Divine Justice and Divine Order shall manifest in all such activities and be forever sustained. I thank Thee it is done!

The hour has come to see the shining face of your "Mighty I AM Presence"! Its slender Hands point you every minute to Victory and every second is now filled with Mighty Ascended Master Miracles of Perfection forever!

(Excerpts taken from Mr. Rayborn's Discourse, Oakland, Calif., Feb. 19, 1939.)

IT IS unfortunate that mankind have so forgotten the Activity and Presence of Life that they have given such Power to out-side persons, places and conditions to limit or disturb them. One who knows the Presence of the "Mighty I AM" is in a world of his own and, unless through his attention and vision he gives power to out-side things, he can move in the world untouched by any condition around him.

In My experience in both the ranch and mining I held My own counsel. I seldom ever had the inclination to discuss My affairs in any way. It was not egotism, but I just felt a natural ability within Myself to hold My own counsel. Consequently all

I understood became an immediate achievement, as I see now. I did not of course understand then but I was giving obedience to the Law; and by the harmony in My Being and My good will to My employees, I was able to call forth from them their best.

The world is coming to know this also. Men who are the heart-center of a business will know that by their good will to their employees it makes the success of their business. You will always find one or more among a group of people who has to be handled firmly until he gives obedience, but that is not unusual. It is nothing to be disturbed about, but when you understand that you are the raising power of your achievement in whatever your attention is focused upon, you know that you are the authority, by the power of your Radiation which you give forth to your people.

This does not mean only to your employees, but to all your associates. Because you are kindly, does not mean you are gullible or that you are taking in and acting out suggestions which might not be beneficial to you, your business or your activity. Firmness is the most wonderful thing in the world and yet it can always be kindly. It is only when irritation strikes your feeling world, that you say things that can be misinterpreted; or, when heard, sometimes stir up more agitation and less obedience.

I had the experience once in awhile among My men, when another man was needed a stranger came in with the radiation and action of general outer conditions. He would start using his own language or put forth his feelings. When he saw no one paid any attention, in chagrin he saw his mistake.

That is what the world needs to-day. You, as a student body, must refuse to enter into critical destructive desires or obscene conversation. It does not make any difference if somebody does start it in your presence, just ignore it. Refuse to give attention to it and that desire will cease to act so quickly.

Gentlemen, remember, everything that goes forth in your feeling determines what is going to be in your world. Do you understand that your feeling is an invitation to good, bad or indifferent activities—success or failure? If you give attention to something that is critical, obscene or whatever the condition may be, you are allowing that vibratory action to enter your world, and you cannot have success with it vibrating there. Harmony and Purity are the first Law of Life, the Main Principle of Life, by which the Out-pouring of the greater Perfection of Life may find Its action through you at your call.

"Mighty I AM Presence"! sweep into all activities of unemployment and charge every unemployed person in America and throughout the world with Herculean strength and the determination to serve the "Light of God that never fails"; and to bring about the restoration of Perfection in America and throughout the world. Remove the excess taxation and other causes that produce all discordant home conditions, and make our home Life Sanctuaries of Love, Altars of Safety and anchor all to the "Light of God that never fails."

(Excerpts from Our Precious Najah's Discourse, to the Ascended Master Youth— Denver, Colo., Feb. 22, 1939.)

I HAD the opportunity recently to visit a group of Our people in India where I go once a year—think of it, Our people —where I visit once a year. Yet I visit you quite often. I said to them—they all know Me quite well—"Why cannot the people, the young people of India arise and formulate themselves into a masterful group of young people, the Ascended Master Youth of India"? To My Great Joy the suggestion was accepted most graciously and with great feeling. Then, they asked Me to explain how this came about in America and I said: "Because of the Great Light which the Beloved Saint Germain had brought to the Youth of America, they had chosen to style themselves, 'The Ascended Master Youth of America.' Should you undertake this in India, remember, in that Name you have the Honor of the Ascended Masters at stake; so unless you intend to fulfill the honor of that requirement, please do not start it in India." They were so greatly delighted.

You know more of My World than our blessed ones of India. Those whom I visited think of Me as

a little girl. I am, but not from the standpoint of years which would not seem to indicate it, yet the appearance does.

I wish you to accept that also, for I come especially to charge you and your feeling world, the Ascended Master Youth, with the Eternal Youth which I have maintained—perhaps I should not tell you, but for quite a long time. How I would love to see every one of you in America stand before the world, the Out-picturing of that which you have accepted as your Title of Honor, and you can do it. That is why I come this morning to charge the feeling of My Sustained Youth into your feeling world. It is a magnificent opportunity and you in your beloved America, should see how different, beloved ones, you are blessed than the rest of the world.

As you saw in the picture of "Oh, World Victorious" last night, in the heart of America, there is the Heart of Light to the world. You are living in the Heart of Light for your world, for the earth. Then, should you not represent the Ascended Master Youth not only of America, but the world? I say to you, you can fulfill every particle of that Honor and requirement if you will stand unyielding and hold the guard about yourselves.

As your precious Lotus told you the Radiation is far more powerful than the spoken word. Therefore, you must protect yourselves against undesirable radiation, many times starting from those who do not intend for it to go forth at all; but today mankind is learning that they cannot withhold radiation. You cannot do it! Only an Ascended Master knows how to withhold a Radiation. Only as They need to temper It for those

about them, do They ever withhold It, but not ordinarily. Since you cannot withhold It, then your every feeling goes forth contacting those about you, and if that feeling should not be desirable, then you are imposing it upon the feeling of others.

Therefore, you see the responsibility! It is not a thing to be feared, but a joy to be exercised in knowing that in the acknowledgment of your "Mighty I AM Presence," you can pour forth such a Radiance, such Light and Perfection that it lifts all about you and is such a Sustaining Power to each one.

ELOVED "I AM" Students in Foreign Lands, at every class we send forth a call to the "Mighty I AM Presence" and the Great Host of Ascended Masters to pour to you all Their Invincible Almighty Protection, supply of every good thing and the Victory of Light in all you do forever.

We charge you with the Power! Power! Power! of Harmony! with Victory's Victory of Light! and decree that you *shall* be held forever free from all war and disturbance of every kind.

We love you with a Love unspeakable and our gratitude enfolds you forever for your courage, strength and Power to stand for this Light and carry It high for the illumination of all mankind.

I AM STUDY GROUPS

(Excerpts from the Goddess of Light's Discourse at the "I AM" Sanctuary Dedication, Denver, Colo., March 10, 1939.)

BELOVED Children of Light, to-night, We are rendering a Triple Service to you and to your City of Denver; for remember, here began the Magic Presence. Here closed the recording of the Magic Presence.

It is most fitting that this should take place at this time, not only for your blessing, but for Cosmic Reasons which so occur to-night. Individuals in human form oft feel an impulse to do certain things little dreaming that they are acting in perfect accord with the Cosmic Law to produce and sustain certain activities which are for the general blessing of mankind, and especially the vicinity in which it is given.

As We call this Light forth—and will you all join with Me silently in that same call which I shall make, as I flash the Words to the Messenger?

I call to the "Mighty I AM Presence" of every "I AM" Student in Denver and to the Presence of every individual in Denver, to pour forth Their Radiance and Blessing to this Sanctuary and to charge our Blessed Child of the Light, Mrs. Heaford, with the Glory of the Directing Power, Presence, Intelligence and Invincible Protection of the "Mighty I AM," her "Mighty I AM Presence"; so all that is required may be rendered and poured

forth in this vicinity. As each of you students of Denver and Group Leaders harmonize with the Presence of Life, thus harmonizing with all the activities here, you will find the Fulness of the out-pouring of Life flooding you, your groups and all your requirements individually; and also the sustaining Power to this Sanctuary.

Little does the outer world dream what the establishing of a Sanctuary to the Presence of Life means. It means within this center or Focus of Light, which necessarily must be this Child of Light, since she is the instigator of it—all shall feel an ever-increasing Blessing in entering these rooms in the Service to the Light. Remember, beloved ones, all you do or ever shall do in this world of human activity, is in service to your Presence of Life for your Freedom and for your Ascension finally.

Therefore, to-night, as we enter into this may the Fulness of the Light within your heart find complete response to every call and hold It sustained within you forever.

· DECREE ·

"Mighty I AM Presence" see in Your Great Wisdom that I do the Perfect thing You require at all times. See that Your Wisdom directs me in every way. Concerning my Ascension, let Your Wisdom be the complete Directing Power; that I serve in Your Fullest Capacity in whatever Your Wisdom requires.

YOUNG AMERICA

(Excerpts from Beloved Pearl's Discourse, Denver, Colo., Youth Group— March 11, 1939.)

I WISH to call your attention to-day, beloved ones, and to the older ones as well, in this quiet atmosphere, to the truth concerning marriage.

In the Octaves of Light, there is no giving in marriage. There is only the activity of the two Rays which came forth from the One Great Flame of Life, as you have seen illustrated in the magazine. Only in the human octave are the mistakes of human marriage made. It is not that marriage should cease in the human octave, but those who understand the Presence of Life should call for Wisdom to direct them, so no mistakes be made. The Wisdom of your "Mighty I AM Presence" will direct you. If your Life Stream requires the association of another, the correct individual will be brought to you, who will be harmonious. Then, it can intensify your companion's and your own Light to the Perfection of both.

We must make the following more clear and firm in each class. When people come into this Understanding—both the young and older people—and after a lifetime of great inharmony, begin to feel harmonious to each other, do not misinterpret that harmony as a desire for human companionship. A vast number of the students

have ofttimes misinterpreted it as such. Sometimes that might be true, but be sure of it before you take such a step.

Please listen to Me—this is the most vital thing among the students of mankind to-day. Marriage in its Purity in the human octave is a magnificent thing; but marriage through human desire is a tragedy as you all know quite well. The "I AM" Students of to-day are not subject to those conditions if they will wait and call earnestly to the "Mighty I AM Presence" for Its Wisdom to direct them. If such a condition seems apparent in one's Life, the individual should call earnestly and wait until he or she is sure; then no mistakes can be made. This will do more to encourage others of humanity to enter into the Glory of this Great Truth of Life, than perhaps any other one thing.

· CONCERNING OUR FLAG ·

ELOVED students everywhere, please realize that the Flag of the United States of America is the Flag of red, white and blue. It has thirteen stripes and forty-eight stars, and we ask all to know this and give It all the loyalty of your Life now; because It is the Open Door to the only Freedom there is in the Universe—the Freedom and Victory of the Ascension, which is America's service to mankind.

Because the Ascended Masters have said, that one day the red in Our Flag will be changed to gold, please remember the government of our land is the authority for the time of that change.

Please do not go ahead and make up flags with gold in the place of the red stripes and expect us to accept them as the Flag of our country. Our country's Flag is red, white and blue. Give It your Love, allegiance and protection until the Light within the government and the people themselves decrees the change.

Please remember this and be a True, loyal, honorable American citizen. Keep your feet on the earth, your head in heaven and your heart so blazing with Light that you use Ascended Master Intelligence, obedience and God-control of yourselves in all you do. Do not become fanatical about anything.

The government is the channel for the authority of all concerning Our Flag. Only when the Light within the Government comes to a certain intensity of Power will the authority come forth to change It.

Our business is to bless everything in our government and fill it with the Ascended Masters' Light; and let all changes come forth harmoniously and permanently, as a perfectly natural impulse of feeling from within the Light through Its proper channel.

THE CHART AND FLAME IN ACTION

IT IS our very great joy and privilege to announce the production of the Chart and Violet Consuming Flame in action for the use and blessing of the students and all everywhere

They will be made in both the large and small sizes and are transportable. The large Chart and Flame will be 30x48 inches and the small Chart and Flame will be 12x20 inches.

These will show the Light in action pouring out from the Heart of the "Mighty I AM Presence" and down the Ray of Light from the Presence into the human body.

The Violet Flame in action flows upward and gives the student the actual shade of Violet and the feeling and motion of the Flame so he can feel its power and activity much more dynamically and tangibly in his own body. The true action of the Violet Consuming Flame also registers in the observer's body through his own eyes.

These will render the most transcendent Blessing and Assistance to the student and will give him the feeling of the action of Light in his own body or around him.

The Charts will be manufactured and distributed by the Los Angeles Branch of the Saint Germain Press, Los Angeles, Calif., P.O. Box 428.

The Large Chart, 30x48	Price each	$200.00
The Small Chart, 12x20	Price each	50.00
The Large Violet Consuming Flame, 30x48	Price each	200.00

· NEW MUSIC AND RECORDS ·

T IS OUR great privilege and joy to announce the release of three new pieces of music by Godfré Ray King (our Beloved Mr. G. W. Ballard). Each is charged with a Special Power to accomplish the Victory of the Light and give the Ascended Masters' Blessing to those who use or hear these compositions.

OH, WORLD VICTORIOUS

This song has been given for the purpose of releasing an Almighty Power of Light to bring the Victory of Light everywhere throughout the world for the release of mankind from all distress of every kind.

The Great Ascended Masters have decreed that the world shall be Victorious in the Light now, and our Beloved Saint Germain is the Great Authority of the Violet Consuming Flame who is bringing this Victory.

The cover design shows the three Americas held within the Wall of Steely White Light encircled by the Wall of Blue Flame. The Three Great Cosmic Beings represent the Power of the Unfed Flame, blessing the world and pouring the Light Rays everywhere to the earth.

This very remarkable picture has been painted by our Beloved May DaCamara for the visualizing activity of the people everywhere; so they may hold the picture clearly in mind.

We ask all the students to feel the Great Power which this picture releases and every time the music is used, remember to send forth your decree for the Light to make the whole world victorious.

This song is dedicated to the City of Detroit.

THE VOICE OF THE PRESENCE

This song is an Out-pouring of Love and Bless-

ing from our Beloved Cosmic Master, Harmony. It has been given as a powerful means of assisting all who sing, love or are interested in music or the holding of the Power of Harmony for the accomplishment of any Constructive Activity.

Especially is It charged with the Great Master Harmony's direct powerful Assistance to all who sing or desire to sing; and also those who are interested or active in any kind of Constructive Music. Picture on the cover design, has been painted by our Beloved May DaCamara.

The Power to bring Perfection into the voice of all who use this song or contemplate His Picture, is tremendously focused into it, and His Power pours through it directly to all who desire to receive His Radiation.

The Picture of Him is beautiful beyond words, and we want It and this song to bring a Blessing in the musical activity of everyone on earth that will lift mankind to Perfection forever.

THE SILENT SENTINEL

This song is a tribute of Love and Blessing to the beautiful Washington Monument at Washington, D.C. It is powerfully charged with the Ascended Masters' Light Rays to pour forth Their Blessing and Almighty Protection for our Beloved United States of America.

Every time this song is played, sung, heard or the picture contemplated, the Power of the Light goes forth into every activity of our government and our people to produce Perfection and hold It eternally sustained.

The picture of the Washington Monument in cherry blossom season has been painted by our Beloved Charles Sindelar, and is an ever sustained joy to all who contemplate its exquisite beauty.

These Songs are available through the Saint Germain Press.

Words of the Ascended Master, Saint Germain

AM" the Ascension in the Light!
Made manifest as Love's Great Plan,
To bring God's Freedom full and bright—
Complete Release for every man!

"I AM" the Ascension in the Light!
It is our Life's Transcendent Goal
And lifts us now above the world,
Its Own Great Glory to unfold.

"I AM" the Ascension in the Light!
Those Words—"I AM"—are Life all free;
They sounded through the earth of yore
And still They call to you and me!

"I AM" the Ascension in the Light!
Forever shall those Words resound,
Till every ear shall hear Their Call—
In every heart Their Joy abound.

"I AM" the Ascension in the Light!
And everyone shall be It too;
It is the Great Command to earth,
Arise! and Be! It's Vict'ry True!

"I AM" the Ascension in the Light!
Was Our Blest Jesus' constant Call,
He stands beside you now—all free!
His Mighty Love enfolding all.

"I AM" the Ascension in the Light!
And Light is all of God's Great Pow'r;
Then stand within the Light of Life
And Be Its Vict'ry NOW—this hour!

"I AM" the Ascension in the Light!
The Light from our Great Central Sun,
Within Its Dazzling Blazing Heart
In Glory, I at last have come.

· ARCHANGEL MICHAEL'S DISCOURSE ·

· *Denver Class—March 19, 1939* ·

HILDREN of the Light and friends of America, friends of the world! We, as three Messengers, the Goddess of Liberty, the Goddess of Light and Myself, have just returned from the Great Central Sun, the Source from which all Authority to this system of planets comes. The Dispensation has been given, but the direction to give It to the earth has not yet come forth. However, We will proceed with Its Activity just the same. You will notice, sometimes, that We have called your attention to a thing for a definite purpose. Again We withhold it, until such time as Wisdom directs it is wise to be given.

Beloved students rejoice with Me that I shall move twenty-three hours out of the twenty-four in the atmosphere of earth for the next sixty days. With My Sword of Blue Flame, I will visit in person destructive places; and we shall see whether mankind continues to impose their destructive intent upon each other. This is the part of the Dispensation which I may explain to you.

The call of earth, the call of her people, is reaching sufficient volume wherein these Almighty Powers are to be released. Humanity, who in and through false pretense try to release destructive forces, will see that it is a mistake. The earth has been left for so long a time to the destructive impulses of mankind that to-day, it must cease! Do not misinterpret Me! I say: "To-day, starts into action the *beginning* of that Dispensation which will cause it to cease from the earth."

As I led Joan of Arc forth to the Freedom of France and France with our blessed ones came to the assistance of America, at the time of her most urgent requirements; REMEMBER that I still serve the people of earth! REMEMBER the Powers of Light have not forgotten the children of earth; even though they have created distress through long centuries of mistakes, still do We love humanity. Still do We refuse to see or accept their mistakes! When they are ready to make the call to Life, then in the Powers of the Light which We wield, shall We amplify their humblest efforts in their call for Freedom and in their call for supply. Only because mankind have forgotten so long the Presence of Life, do they not have, by the Power of Radiation, all supply of everything to-day.

Since the condition exists and since there is no cause that does not have an effect; since if We change the cause, We can change the effect; to-day, we SHALL CHANGE the cause of all destructive conditions. The Power of Light shall be the *Only Cause* within the action of mankind, and therefore the result *will be Perfection!* The result will be the longed for fulfilment of the long pent up desires within the hearts of mankind. Think of that hope, beloved ones of the Light, which has been so long deferred; that hope of the Perfection; that hope of the happiness; that hope of Freedom which every heart knows belongs to it; but because of mankind's disobedience to Life, they have shut it away from their experience.

You *can* restore *all* of this! There is not one of you who cannot. To-day, there is such Assistance being given as has never been released before in the history of the earth. Why not take advantage

of It, children of earth? Why not put aside doubts and fears and enter into the Glory of the Light which is actually beating your hearts? You never knew that before! You know well enough you never knew that the Light of God—the Light of Eternity was beating your heart, until Saint Germain brought forth this Mighty Instruction of the "I AM."

You have known many angles of the Truth, but they were only partial. Now, He has brought to you the completeness of Truth, the Ascended Masters' Understanding of the "Mighty I AM," the Highest Power in the Universe! It is the only place from which Eternal Freedom can come—the only place from which limitless Eternal Supply can come! When all mankind know that all supply comes from the One Great Source of the "Mighty I AM," all selfishness will cease to be because there will be no desire to deceive each other. All people will *know* that they cannot deceive each other. Then, they will give credit to the Source from which all good comes! Then, all will be at peace. All will bless each other and all will *call* for the blessing of each other, instead of pouring out condemnation for mistakes which all are making. Why do not those who criticize and condemn see their own mistakes? Because of the intellect. Their consciousness is clouded by human concepts, by human suggestions, by the discordant conditions that exist, thrown off from the feeling world of mankind.

To-day, all stand in the Magnificent Presence, Power and Opportunity of Life—the greatest ever known upon this earth. I say to you, beloved ones, improve your opportunity in your Service to the Light! You will never find another oppor-

tunity just the same; for when this condition is dissolved for mankind and they enter into the Golden Age, which will bring such Peace and Perfection, Oh, how quick will all that has accumulated throughout the ages be forgotten! Remember! this means not only your call and the release of yourselves from your own individual accumulation, but it means that of ALL mankind. The accumulation of the discord of the ages must be dissolved by the Cosmic Light for the discord is held within the atmosphere close to the earth by the Cosmic Light which is surrounding this entire planet. That means a complete cleansing and purifying within, about and in the atmosphere of the entire belt of Cosmic Energy which envelopes this earth.

See for a moment, why the human discordant conditions of earth do not go beyond this belt of the Cosmic Light, which is the Surrounding Element that prevents it going out and reaching other planets. The earth is the densest planet of this system and it must have purification. It must attain and hold its balance with the rest of the planets of this system.

Do you wonder that with your Beloved Saint Germain I too have watched and watched and watched this beloved one, your Lotus, whom I took in charge to save France? Again, I stand her Guardian to bring Freedom to America! (applause—audience rising)

Beloved ones, many of you have served in great capacity throughout the various ages and, when enough of the imperfection and impurity of the atmosphere of earth is dissolved and consumed, Saint Germain, Myself or others, perhaps your Great Victory, will take such an audience as this

and draw the Cosmic Screen upon which you may see the Truth of the ages without a single atom of physical substance. You may be assured that mankind is bound to come into the Truth of Life. Then, will you see how great this Truth has been, is and will remain forever.

Therefore, be at peace. Rest at ease in your Almighty Application, until such time as the Wisdom of the Great Ones sees fit to bring further activity which will give you the assurance of all that you have been, if you care to look upon it. You will also see the future activities of America. You will see the Glory of the Radiance from Venus, and receive Her Visitors as you receive your friends. When the earth is perfected enough, Venus will be in constant communication and her people will exchange visits with you, make no mistake about it!

Mankind have lived so long in the unbelief, in the lack of understanding of the Light and Powers which surround them because they have been enmeshed so strongly and deeply within the discord of human creation. That is rapidly being cleansed and purified through your calls to the Cosmic Light. It is assisting in freeing the atmosphere of earth as We pour out the Power of Our Light Rays together with all you, the great body of students, who are rendering this daily service. Why do you think I am determined to render this Service for sixty days? Because a Great, Almighty Cleansing Activity is beginning again this day in the atmosphere of earth.

I say to you, beloved ones, when the Messengers return to Los Angeles, you will have seen some mighty transformations. Mankind is calling for Light, is calling for protection. Why do you

think the Messenger has many times recently called your attention to the Counsel for the Defense? Because there IS that Counsel of Defense for America and for the world which is only now beginning to assert Its Dominion! Therefore, all mankind must bow before that decision!

Think, dear ones, of the many people throughout the earth who have had bitter antagonism toward the Catholics, and true there have been many mistakes in their activity. Yet those people have always remembered Me and have always given Me recognition. Do you who have disliked the Catholics, know that one reason why I am still assisting the earth is because the Catholics HAVE remembered Me? Forget my dear people denominations! Seek the Truth of Life and pour out blessings to all mankind.

True, if destructive forces through individuals are in action, you must call for them to cease, that they may not endanger mankind—but that does not need to be through condemnation and hatred. You cannot accomplish permanent results where hatred exists within the feelings of individuals; but to know that a thing must cease by a great calm kindness in the call to the Powers of Light, will render the service and bring no reaction to you.

This Mighty Radiance is releasing here and spreading throughout America. Denver will you rejoice to-day, that you stand as upon a mountain top where this Radiance may pour to the rest of the earth? Some of you would say to Me: "Do you not notice the conditions that exist in our city"? Of course I notice, but I know that *those* conditions have no power to remain! You *should* know the same! Your officials, your conditions political

and otherwise would have no power, if you as the people of Denver would know it too and call for Ascended Master Friends to be placed in all official places. Then, your call would be answered by the Power of Light and you would know that human conditions have no power in your city.

To-day, I have planted My Sword of Blue Flame in this city, to draw into It the impurity, the imperfection and, if you will continue to make your calls, who of you shall say to Me how soon a great change shall take place. In your altitude here, you should have the greatest blessings. You should have less to contend with than great cities in the lower altitudes. Therefore, in bringing the Messengers to you at this time, little did any one of you dream of the results out-picturing in the future.

As the Power of the Unfed Flame begins Its Mighty Action and comes into visibility at three points in your America, the whole world will take notice! and realize that the Messengers called their attention to It, for the Power of Light is taking Its Dominion in the earth and all shall witness Its Dominion.

As the Messenger has called your attention to civilizations in which the Power of the Unfed Flame was the Ruling Presence and Power—where no armies nor navies were required—so shall your America once again stand in Freedom and Dominion, in which she by the Power of her Light will be the defense. No army nor navy will be required and there will be no penal institutions, no institutions of incarceration and insanity shall cease from this earth because all discarnate entities will have ceased to remain here. As this incoming Light takes Its Dominion, no

such thing as circumstantial evidence will be tolerated, every one will know the Truth.

Ladies and gentlemen, in your business activities of the outer world, call three times a day, morning, noon and night, for Divine Justice and Divine Order to take command of you and your business; and see that honesty, integrity and Perfection are the only manifesting Intelligence in your business and you cannot take care of your business. The world must go on yet a little time in changing and transforming these activities of the business and industrial world.

Do you think We fail to see that which is required and which must come forth? How can It come forth, if It does not come from Us, who know the requirements of the government and who know the requirements of industry, in their simplifying, perfecting activity? Mankind will not let these better things come forth, because of the great investment of money. Certain individuals withhold from mankind the greater Perfection and simplicity which is waiting to-day to come into your use. For thirty years, magnificent inventions have been withheld which would bring such transformation and blessing to mankind but those who have great money investments will not permit it as long as they can help it. Soon they cannot help it. If they but knew it, they could not be deprived of anything in the re-adjustment, in the Greater Glory and Simplicity which comes forth to mankind for remember, the more you live in the Great Almighty Truth of Life, the more simplified It becomes in your world of industry and in every activity.

Think of the hours spent in preparing your food, in the cleansing of your homes and keeping

them in order, when it is easy to call forth a Light Ray and cleanse your home in a few minutes.

Saint Germain has long been an authority upon this Mighty activity. So has your Beloved Jesus, the Mighty Divine Director, the Mighty Victory and the Goddess of Light. The Goddess of Liberty has for ages been almost wholly within governmental activity. That is why you have Friends, my dear ones, transcendent beyond words and, if you could fully realize what They mean, you would not once again know a single discord because when having called to your "I AM Presence," you would call to Them, and having been shown and had described to you the means by which They give Assistance to your Life Stream, you would see so clearly, even in your mental picture, Its Perfect Action and intensify It for your blessing.

Therefore, to-day, in the Glory of all the Light which is yours, you do not quite understand how great that Light is even now. Changes are steadily and surely taking place within you. Think how wonderful all is. You will pardon Me for allowing you to stand like this, but I tell you dear ones, not to-day, but one day I shall tell you every detail of what has taken place, while you are standing and listening to Me. Won't you be seated?

Do you quite realize, my beloved ones, that in all Life everywhere, mankind has stood in salutation to the Greater Powers? Mankind never sits in salutation, you perhaps have noticed. (applause) It is rather delicate just what I am going to say, but you who have seen the response which comes alone from within the heart of the audiences of the Messengers; when spontaneously every one leaps to his feet, do you understand that It is not a human element? Do you understand It is a re-

sponse of the Light within your hearts, to meet the Light which has come and to receive Its blessing?

I do not mean that the audience should jump up every few minutes, that is not the idea; but when a great impulse sweeps the audience and they rise to their feet as one, it is the acceptance by the Light, in each one in the audience, of that Light which has descended to bless them—a magnificent thing.

Another activity, beloved ones, which has not been known on earth is the response of the people to the Messengers. No one has ever known such response as that given to them; but your Love for the Messengers is the Power of Light acting within you in response to the Light which has come to render you Its Blessing.

I say to our beloved Lotus, be at rest, beloved one. Many of your heart's desires will still find glorious expression. Remember My Words! You, Oh beloved ones of the Light, whose hearts have ached to render a service which you have so many times felt surging within you, remember! call to the Power of Light to pour Its Radiance to you in your Perfect Avenue of service. Then, in your present activity await the impelling, directing Power of your Great Presence of Life, the "Mighty I AM," to place you in Its greater Perfection, and do not jump at conclusions.

This day, you stand in the Glory of Eternity. This day will never be forgotten by the Power of the Light which *is* anchored here in your city; for the release which will come to every one of you. Therefore, use your Power of acceptance now! Use your power of qualification without limit to not only accept, but to charge into action all these Mighty Qualities and Powers of Light that have

been released for your blessing and which are enfolding you and will continue to enfold you indefinitely.

Therefore, in the Glory of that Great Light which beats your heart, do not forget It for an hour. Try to remember once an hour for an instant, to give praise for the Light that beats your heart and to give obedience to It.

I rejoice with you for your great acceptance of the Light and for the firm determination which has grown within you to stand in the Light and call to yourself your own. It will be still greater than you have ever known. That Light which is your accumulation of good for four and a half million years, awaits the cleansing, purifying Activity, until It says: "Now We are ready to come to your assistance, to your rescue! Behold Our Mighty Descent!"

Try to feel with Me for a moment what it means to suddenly become aware, that not only have you made great and many mistakes through the centuries; but at the same time in each embodiment, there was some more or less accumulation of good. That Good stands forever waiting your home coming, awaiting your return. So many throughout America to-day, and some in foreign lands, by their very great intensity and attention to the "Mighty I AM Presence" are almost ready for Its Release.

I say to you, for it seems so great a requirement throughout the student body to-day, my dear ones, if you would stand in salutation to the Presence of all Life and the Great Host of Light with great calm firm determination and say: "Mighty I AM Presence" and Great Ones of Light! put me in my own Perfect Avenue of Service and see that I am abundantly supplied there. Hold me within

Thy Activity, until Thy Light has prepared the way. Then, see that I step into It through the natural process." In doing this, you could have your heart's desire, for that call to Light knows no opposite, if you could remove from your feeling world, all questionings as to Its Immediate Action. You can have removed from your feeling world all doubts and questionings. When you find your intellect or your human feelings questioning the application of this Law, stop for an instant and silence it.

I wish to say one thing concerning those who are disturbed by discarnate entities: no living person in human form need fear discarnate entities, if they will only stand, assert their dominion and ask the Powers of Light, Myself or the Great Astrea, to encircle them in that Light and cut them free forever from such conditions. Then have the calm, firm determination it was done. They would not be troubled one hour longer. Through momentum, even after the entities have been removed, those in physical Life sometimes feel the effect and think they are still there, which is self-hypnosis. Do you understand you can hypnotize yourself by belief or feeling the same as another individual would hypnotize you? Mankind have done that throughout the centuries but today every one of mankind who wants to be, is being cut free from that condition.

Oh the pity, the great pity of human sympathy, self-pity and such conditions which drag mankind down! You cannot afford to have self-pity. If you have made mistakes, and who has not, then you yourself acknowledge it to your Presence of Life. Do not try to justify yourself in your mistakes or you will never correct them!

The Messengers have been so kind, so patient in

helping the student body everywhere to correct discordant conditions. People should bless them forever, instead of sometimes feeling critical. You cannot afford to allow yourself to have human sympathy, self-pity or justify your mistakes. You cannot afford to do it. Self-justification will make it impossible for you ever to see your mistakes and correct them.

Oh, how the Powers of Light love these greatly beloved Students of the Light! Will you not feel that to-day and feel your Friends of the Light, the most powerful in the Universe, are more than all your earthly friends put together; not that you should not have earthly friends. It is a beautiful and wonderful thing to have them, if they are real; but a friend who seeks your acquaintance to undermine you and bring you distress is not your friend, although there might be the pretense of it. Always allow your Great Power of Ascended Master Discrimination to act and bring you Its Invincible Protection.

Great Powers of Light! enfold these beloved Students of the Light throughout America and the world in the Glory of Your Invincible Protection, Your Directing Intelligence and the Glory of Your Sustaining Power in the acceptance of the Light, the acceptance of the fulfillment of their application their Almighty Freedom, Power and Glory and their Ascension into the Eternal Light Body forever free from all human limitations. I thank you.

· BELOVED ERIEL'S DISCOURSE ·

Denver Class—March 19, 1939

I GREET you, to-night, in the Name of Happiness, beloved students. How We have watched through the years the ever-expanding happiness which has been yours and how from one step to the other, you have advanced until so many to-day, to Our great joy, are finding themselves untouched by conditions that were only a short time ago terrifying to them.

Remember, the appearance world, my beloved ones, is not an eternal thing. Appearances are not permanent. That which has frightened and terrified you in your own individual experience, could not harm you, if you were not afraid of it. Oh, fear is the only terrifier there is. Fear may come from a thousand causes, but your Presence of Life, the "Mighty I AM" *can* dismiss it forever. Your Presence of Life will dismiss all fear, when you give It the opportunity and the Authority. You might say to Me: "Well, should It not already have the Authority"? Oh no, you are beings of free will, you must choose what is going to act in your world.

Therefore, in My training of hundreds of individuals through many centuries, it has been quite wonderful to see that in no single instance did the general condition of the individuals vary but slightly. Almost every one had similar conditions to overcome and of which that one had to become the master. My adopted son, Fun Way, with whom the Messenger acquainted you, gained his Freedom quickly. Having taken him when an infant, he absorbed My Radiation from the beginning. He gave instant and complete obedience to

all that I required and in the shortest time I have ever known, he gained the mastery.

You to-day are so privileged. When your Beloved Saint Germain sent the Messenger to Tuscon, Arizona to restore happiness and Perfection to those whom I loved very much and whom I had protected, it was My Joy to meet the Messenger; but the Great Law of Life did not see fit to bring Me into this Assistance until now. Why do you think it was not before, since there was a direct contact in the beginning? Because of this dispensation that was given to-day by those Great Ones who obtained it.

My dear ones, you have no idea of all that is being done for you, all that is being given to strengthen, to sustain, to help, to bless you in this Mighty Victory which must come. Does that sound rather authoritative? I say to you, beloved students of America, I firmly believe that already there are enough whose attention has been called to this Ascended Master Instruction of the "I AM" who will stand firm, issue these Decrees and who will be sufficient to render this service which is required. I have not observed the conditions as others have, having been otherwise occupied but now I enter into this Mighty Activity. By the way, Denver, for the present My Activity will be largely in your city. (applause) Therefore, if you do not mind I shall make Denver My Home for awhile. (applause—audience rising) So, if unexpectedly you find yourselves in some difficulty, remember I am not far away.

How I love the beloved students! To find blessed loyal people who are ready to stand fearless and dauntless by the one thing in the world which can set them free, your Presence of Life, the "Mighty I AM." Oh, beloved ones, stand by It if the heavens

fall and you will find you would come out untouched. Your Presence is the Greatest Intelligence and Power in the Universe—do not forget It! Do not let your attention upon the outer world make you doubt that Power which is Infinite to raise you out of all conditions at any time!

Oh, will you not accept the Power of your Presence of Life which stands ready at every moment to give you limitless Assistance in all you require? Try to understand that you are always dealing with Life which is limitless and whether it be supply, health, Directing Intelligence, happiness, harmony or other conditions, Life has Legions It can call into action upon the moment which represent the Power of Harmony under the Guardianship of the Mighty Master Harmony Whom you have come to know.

I say, you are free beings—NOW! if you will only accept it, if you will only make your application to sustain it. One of the greatest activities I have ever seen taking place within a group of human beings, has taken place during the days of this class. (applause)

Because you have not seen some miraculous out-picturing or something sensational, do not question My Authority when I say this for all comes from within out in the acknowledgment of your "I AM Presence." This Great Perfecting Activity is taking place within you far greater than you often comprehend, but We know it. We know it to be True, and when We mention these things, it is for your encouragement and sustaining power. So please accept it. Then let Us go on doing for you what you cannot quite yet do for yourselves. Under all circumstances you can always make your call to the Presence of Life, the "I AM Presence" of you, and do not fail to do it,

my dear ones. Don't fail to do it! Don't forget it! Don't let your attention be held on outer things so you forget the Presence of Life, the "Glorious I AM" not one hour of the day. That does not mean, you must keep your attention on the Presence with a disturbing of your business activities of the day but you can turn your attention for a moment to the "I AM Presence" once every hour; then you will keep Its stream of Light flowing clear into action in your body and into your world.

You have heard the Messengers speak so many times about vibration and substance. My dear ones, that is about all you are. Do you realize it? Certainly you have a Mighty Intelligence directing that, but you physically speaking are substance and vibration; if you were not you could not move.

Try to feel a great intense joy in all you do, for that is the Great Motor of Life, and when you charge your feeling world with joy, you will find it so much easier to laugh at conditions which would otherwise disturb you. Remember, as the expansion of your Light depends upon it, do not let persons, places or conditions disturb your feelings! It is tremendous, when you find that you *can* control your feelings. You have the Infinite Assistance, Power and Intelligence of Light, and why should you not? Just determine to do it, that is all it requires.

When you are determined enough to do anything, you will do it. You know that, dear ones. When you get angry enough, do you have any trouble in releasing energy and vibration? Then, you are only using the human element, which is a limited quantity of energy; but when you call to the Presence of Life in the happiness and joy

of Life, you *can* release limitless energy to do your bidding and to follow your command. That is what you want to do. That is how you can produce happiness and Perfection for yourself and others. That is why it *is* necessary to maintain harmony within your feelings.

I observe that you have gained such a tremendous comprehension and anchorage of some of the fundamentals which I think you had been overlooking. Now, you are becoming so anchored in the Light that I am sure you will not have trouble in the gaining of the Mastery of your feelings and over conditions.

You know I have been a very close neighbor of yours for a long time. In fact I was a neighbor of yours before you were here. I have seen the activities in the mountains surrounding you here and still remaining in those mountains is the wealth of nations. If mankind would become harmonized enough, the Presence of Life would take individuals to those places and release it; but Life will not, until mankind is harmonized and the selfishness has been consumed. When you want to bless your fellow-man instead of depriving anyone of anything, then will all that you require and a thousand times more be at hand always for your use.

To-day, Oh there are avenues of supply that are limitless and which could be released into your use within a week; but it will not be done as long as mankind has such selfishness within them that they do or desire to destroy each other. What do you think would happen even to-day, if the destructive individuals of America and the world had all the wealth at their command they wanted? How long do you think your America would be out of turmoil?

I have lived a long time in your America, even before she was known as your America. I have been one of the Arms of its Light, but silent. This is the first time I have come into the outer world to take action. What do you think is acting within your beloved land to-day? The claws of destructive forces want to get a civil disturbance started within America, that other nations may send their legions upon you. This contemplated attempt to seize America is one of the most tragic things among her people. It is only a means to hold the attention of the people from the real tragedy to release it here.

Don't be deceived, my dear people by pretense and false promises. The Power of Light is the Giver of all. No human being nor group of them on this earth in your America, are going to give you or supply you according to the promises they have made. Not one human being living knows what he can promise to-day—not one! Therefore, don't accept promises fabulous or otherwise which will take you from that which you know and your heart tells you is right.

Anything that touches or tries to change the form of your government, its Perfection, happiness or freedom is dangerous in the extreme. Don't become a part of it. Oh, great and loyal hearts have been drawn into such mistakes by the false promises of financial freedom. There is only one thing in this world that can give you financial freedom and that is your attention to the Presence of Life, your own "Mighty I AM Presence," the Giver of all. Don't make any mistake about it! Individuals can promise anything, but to fulfill that promise is another thing. Therefore, I urge you, be not deceived.

No group of mankind are going to give you three days a week's service, three weeks a month. That thing shall never take place in your America! (applause—audience rising) Now let Me tell you why. Mankind in their present attitude of consciousness who do not know this Great Presence of Life must have their minds occupied. The division which Life has granted mankind is eight hours service, eight hours rest and eight hours recreation, and who could ask more? Who should want more? In those hours of recreation is the power of study which will lift you into the Goal of your Eternal Freedom by this Application.

Therefore, do not be misled my dear people. Mankind have got to have service, have got to have a means of releasing their energy. If they did not, they would not exist ten years in an activity like that. I tell you, dear ones, human ideas have little wisdom; but could you see the cause, the action and reaction or effect of those things as We do, you would know how great was that mistake.

While you are standing now, will you be kind enough to accept the release and charge of the energy which They have drawn for your Blessing? This Life-raising Power will one day answer your call to your Ascension. Friends and "I AM" Students, please understand that your Ascension, which the Messenger has described to you and has witnessed is yours, if you choose to have it. It is not a thing unusual. Why do mankind say that the Ascension could not be for them or that the idea is ridiculous when it is the most natural thing, as natural as your breathing? Since you are not the authority in your physical bodies, you but make the call and there above you is the Wis-

dom, the Power and the Presence of Life which does render the service. Is there anything unusual about what the Presence of Life can do for individuals? Since the Ascension is the Goal of all mankind, I say in the Name of Life, why can one not accept that idea the same as you accept other ideas and then let the Presence of Life work it out?

You cannot command through just your physical qualities and say: "I am going to have the Ascension," but you *can* say to your Presence of Life: " 'Mighty I AM Presence' see that I make the Ascension in this embodiment." Then you have complied with the Law of Life, but just to physically say: "I am going to make the Ascension," without giving obedience to Life is childish and foolish.

I say to you, to-night, in the Radiance which has been released in this class, there is not one of you who has been in this class room—it does not make any difference if you have been here only once—there is not one of you who could not, in decreeing it, have Our Assistance at the close of your Life time and have the Ascension. Is that not promising? I say to you, my dear beloved people, is that not promising? Am I not great enough to stand by a promise? (applause) If you do not believe Me, then I ask you to make the call as I have just directed. When the close of your life period comes, see whether I am right or not. That is a challenge, if you care to have it. (applause) *We* do not waste time and energy! We mean business, you business people. You call yourselves business people, do you not? Well, Our business is much greater than yours. Will you not agree with that? (applause) Is not Our business in giving you the Assistance and your Freedom greater than yours?

You know the story your beloved Lotus tells you about the little doggie and the flea—the dog bites the flea and the flea bites the dog and they are still together. Well, if you do not care to accept this promise, you could go on in the wheel of birth and rebirth for a long time and you probably would not even remember this promise because next time you came forth you probably would have forgotten all about it, but when We make a promise to you, We mean it.

Notice! that is a Stupendous Thing I said, and you who probably do not believe it is true, why don't you take up My challenge? I say to you ladies and gentlemen, take up My challenge. That counts, does it not? You never heard that before, did you? If you don't think I mean business, then try it out! I know a great deal more about you than you do yourselves. That is the reason why I am doing this; because I am going to stir you up! (applause) I am going to stir you up by the Power of Harmony!

Some months ago your beloved Saint Germain said: "One day, you will find that We have really gone into action." Well We have to-night. (applause)

Beloved ones, Oh there are such a lot of things that I should love to say to you, but time does not permit, nor does Wisdom. Oh, if I could say some things to you, you would know what it was to be on fire. You know you have anticipated things and you got considerably on fire about it. Well that would not be a comparison to what I might say to you which could start that conflagration. Believe it or not My beloved ones, mankind needs a violet conflagration. (applause) The beauty of it is, mankind are getting it whether they want it or not. (applause) For instance,

your beloved city, what a conflagration it has had these eight days. Why? Because of what it must be in the future.

A lady wrote the Messenger—you will notice I have been observing—reciting the dreadful conditions of Denver. The Messenger smiled when he read it and thought: "What a pity that that individual would use her Life-force to amplify any destructive condition which might be here," instead of saying to that condition: "Why it has no power"! In the call to Light, all of that must be wiped out.

Do you remember the entities that have been taken from your city? Ladies and gentlemen, will you recall just a few years ago the condition which existed in your city? I may not voice it, but you know what I mean, and how that has largely disappeared. I tell you friends and citizens of Denver, make your call to Life as if your Life depended upon it, for the Perfecting conditions of your city which you as its citizens require. Call for Ascended Master Friends to be placed in every official position and you will find it will be done—possibly much quicker than you could anticipate. How shall you know how rapidly the Powers of Light will act at your call, in these days when so much is being done, which the outer does not comprehend?

Really when I see your loyalty, when I see your determination and your receptivity to these Laws of Life with which you are not familiar, it is an encouragement and joy that is indescribable. You may look upon Me or the Messenger, or whoever it is talking—of course the Messenger is talking, but he is talking what I want him to talk. Whatever your idea may be about it, you will find it is Mighty Real, and you will find it

has taken hold of your Life, of your heart and you cannot get away from it.

Oh, my dear ones, to think to-day the opportunity which is yours! After all the conditions which have existed you can be free in so short a time! Oh, I thank you and bless you forever for your receptivity to the Light, for your determination to have the Light and to let It be the governing Power of your Life.

I tell you ladies and gentlemen, never in the world will you forget these days. Never in the world will you again feel yourself slipping. (applause) You will stand your ground. You will stand in the Light and draw to yourself your own, and do not forget those words! Those are My Words with which I trust to help you! You will stand in the Light and draw to yourself your own! (applause)

The far-reaching Power of the Light released in this class has reached every point in these United States and Canada. (applause) Therefore, rejoice in the part you have been of this; and remember when the Messengers come to you again, there will be such a Power released in your city, there will be such freedom as you have never believed possible to exist.

The momentum is gaining where We can begin to make definite Plans. Since I believe in action; since I do not believe in delays, knowing the Powers of Light which act, then I insist that We have action! You know in your moving pictures, when they get ready for business they say: "Action"! To-night I say: "Action! in the mighty feeling world of every one of you; the action of Light; the Power of Light and the action of Harmony which holds the flow of Life steady through

mighty directed attention and action; to render that service of Perfection to you in mind, body, feeling world and world of affairs. Accept it! (applause) Let Its full Power clothe you in Its Mighty Light hold you in Its Mighty Arms of protection and bless you with the fulfilling of your call instantly. Keep it up until you do have it!

Waver not in the great call to Life. Life never wavers and if you will stand as unyielding to It, then all will be clear in your world and the Power of Light take its command, to release the supply, energy, strength, health, power of attention and everything you require.

Oh, how I long for that day when mankind will seek their homes again. When mankind will have their little cottages, in beauty and Perfection and stop seeking the cities—except those who are required for service there. Oh, it is soon to return, beloved ones. You will have your homes and you will have your gardens. You will have the happiness and peace which every home should have.

Oh, when I have seen the homes disintegrating and the desire of mankind to congregate and pile on top of each other to thirty and forty stories, what a mistake! You know mankind it seems must have their fling and afterwards they see what sack cloth and ashes it is. All your human desires bring you to sack cloth and ashes. It has done it in embodiment after embodiment. To-day in the seeking of Light, the "Mighty I AM," the Presence of all Life, it has changed that. Instead of a garment of sack cloth and ashes, you will be clothed in Raiment and Jewels of Light. That is your position to-day; and many of you are weaving by your attention to the Presence of Life,

through obedience, your garments, your seamless Garments of Light. Wear them, and give obedience to Life, which Life clothes you forever in those Jewelled Garments of Light. Remember in that is not vanity! Human qualities then are left behind in the Beauty of Life, in Its Magnificent Splendor in which We live. Just see what mankind might have!

Do you wonder when We see an encouraging opportunity that We spring into action with the Fire of Life; and that you, too, may become the Fire of Life which burns out every imperfection?

Then, in your Ascended Form of Splendor, you render Service to earth which We are rendering.

Feel that all of this is yours. To-night in the release of this Great Power, Infinite Power of Light, enfold each one; the Power of the Unfed Flame encircle and clothe each one in that Purity, that Perfection; hold that Mighty action sustained which compels obedience to Life by the human. Then, as the discord and imperfection disappears, clothe mankind of the earth in the Beauty and Perfection of Life forever. I thank you.

· DECREE ·

"Mighty I AM Presence" make and keep me awake, alert, alight with the Light of the Christ, the "Mighty I AM Presence," in Victory's Victory of the Light and the Power, Power, Power of Harmony, instantly manifest and eternally sustained.

This which we have called forth for ourselves we charge into every human being on earth and hold it eternally sustained until the moment of their Ascension.

· GODDESS OE JUSTICE'S DISCOURSE ·

· *Chicago Class—Easter Sunday* ·

· *April 9, 1939* ·

SAINT GERMAIN:

Beloved friends and students: To-day We start releasing the Almighty Power and Activity of Divine Justice. The Goddess of Justice is here! (applause—audience rising) Now while you are standing, I am going to say something to you that may sound somewhat startling to the close associates of the Messengers. The body of this Messenger is a part of Myself. The body of your beloved Lotus is a part of the Goddess of Justice. (applause) The Goddess of Justice is the Feminine Part of Myself.

Now perhaps, you will begin to understand

what is taking place in America which shall bring its fruition of Freedom; and which shall wipe out all human selfishness and discord. Divine Order and Divine Justice shall reign, in spite of anything in the appearance world to-day, in spite of conditions that exist through human beings or in spite of conditions that exist in your government or in your cities. (applause)

I introduce to you the Goddess of Justice! (applause)

GODDESS OF JUSTICE

Beloved children of the earth, in the requirements of the earth, America and her people, today the Cosmic Light has seen fit to call Me forth after long long centuries deep within the Great Silence. While you speak the words with your lips, no one upon this earth quite understands what is meant by "deep within the Great Silence." (won't you be seated)

The culmination of the ages, beloved friends and fellow students, is a thing very little understood by any of mankind. You hear of the Cosmic Light. You have heard the Messengers explain to you that the Cosmic Light referred to in This Activity, is a consciously projected Activity of the Cosmic Light, from the Central Source of Light and Energy to this system of planets; but there is far more than just that.

In the culmination of the ages there come certain demands from Life, certain demands of the Cosmic Light, certain demands for obedience within the mass of mankind. In the past the initiations within the Retreats of the world were where mankind sought Freedom and so few received it. The demand of Life, the demand of the Cosmic Light to-day, has brought into the outer

world to you—in the comforts of your homes and the comfort of these buildings—that which has been sought throughout the ages for the Freedom of mankind.

You have seen Me represented and symbolized blindfolded. Why do you suppose that was? Why has it been true so far as the earth was concerned for many long ages? Because when mankind refuses to call from the heart for Divine Justice, then Divine Justice folds Her Mantle about Her and disappears.

Will you understand what My Beloved has done for the earth in bringing the attention of mankind and lifting their consciousness to the point where the Great Demand of the Cosmic Light and of Life has called Me forth again? Once I reigned SUPREME over this earth. The Beauty, the Abundance, the Magnificence and the Blessing of mankind one to another would seem quite indescribable to-day, yet such was. Such will be again!

Are you not fortunate in living in human bodies at this time, imperfect as they are? You can have the privilege of reversing all the mistakes of the ages in a few months or a few years and come to the point where you can set yourself free from the limitations and accumulations of the ages. Try to understand this to-day.

Try to feel it as this Radiance is poured forth to you, wholly independent of These Words. Will you arise and awaken children of earth to this opportunity? Make the call to Life and have your Freedom in this embodiment! Do you not understand that My Coming Forth means in making your call to Life for your Freedom and Ascension, that every honest, earnest, sincere "I AM" Student in the world at the change of passing would

be taken into their Ascension? (applause—audience rising)

The puny mind of vicious individuals who allow doubt to govern them concerning My Words to-day, I tell you beware! You are dealing with Forces! You are dealing with Power! As your Life depends on it, don't go forth from this room, one of you and doubt My Words! Remember, I am Divine Justice and you will compel the reaction of that to come upon yourself!

There have been a great many of the people who have received great Blessings from these Messengers who doubt the Reality of this Instruction; who doubt the Authenticity of these Dictations. Unfortunate are they indeed. Those who doubt these Messengers have failed on the Pathway of Life! You are dealing with Life, dear people! You are not dealing with any human being's opinions and that is why I speak with Authority! I give you the prompting, you must do the rest.

Mankind has long, long—pardon Me if I use the slang phrase—had its fling. Now Life demands Justice for the energy which human beings have used of Life! Therefore, you are living in the vibratory action of the world which is wholly different than it was one week ago.

Can you try to come with Me for a moment and comprehend the vast changes in the vibratory action of the earth, in the change of the currents? All this is the beginning of the great change of the earth currents. When the currents through the oceans change, your land will through it, become a semi-tropical land. (applause) As harmony is restored to the earth, it will rejoice and give forth from its bosom the Milk of Life, the Honey of Life.

Why do I use that expression? Because honey came to your earth from Venus. Do you understand that the honey bee is the most loving creature in the world, untouched by human discord? Else how could it produce the condensation of such Purity and Perfection? Mankind do not think. They do not consider, contemplate or think of the blessings which are theirs. You will find yourselves changed beings from this day. (applause—audience rising)

In the Power of Acceptance is your Freedom. Observe how little is being required of you in the vast Assistance that is being given, in comparison to what it would be without Our Assistance. If you think of that which the Messengers have given forth as just so much talk, then you are wasting your time. Remember, beloved students, the time is rapidly approaching when not one person who doubts these Messengers will be allowed to come into the classes and remain. (applause) Not they will judge, but We. (applause)

Since the inquiry is in many of our minds—"Where am I?"—I am right here! (above the audience) I stand right here, and as I walk this earth, not as you walk, however—a Power radiates over the people and into discordant places, into places of intrigue and deception. Many of those human forms will arise in the distress of their own accumulation and will be unable to further intrude it upon mankind.

Oh, that you are so fortunate as to be able to make that call to Life for Divine Order and Divine Justice to take Its Command upon your earth, in your people, in all activities; for remember when Divine Justice begins to establish Itself through the people of a nation, the people become

the authority of that nation, in commanding and demanding Divine Justice to all. That is why, My beloved ones, since such injustice has been attempted to be heaped upon the most beloved of people upon this earth; then this is a good place to start the Activity of Divine Justice. (applause)

Remember that My Beloved Saint Germain saw fit to establish the Inception of this Great Light here in your city. (applause) I start with the beginning of Divine Justice here and with you! (applause) Make your calls three times a day, which keep the currents of earth flowing to Me, that I may render this service. Remember, I am every place where I am required to be.

I can enthrone Myself above this city and pour My Radiance to every point in these United States of America. (applause) Above the atmosphere of earth where that magnificent Beauty, Purity and Perfection are, there shall I establish Myself; and pour My Mighty Radiance to all parts of the earth. I am sending My Rays to human beings who will call to Me in earnestness and sincerity; but remember do not call to Me unless your motive is right.

Therefore, live in and accept the Power that is bringing your Freedom, and one day you will see this established. Some of you will gain your Freedom in this embodiment; but those who do not, if they have touched This Light, will return quickly and enter into the Great Perfection of the Incoming Glowing, Glorious Age which will bring Perfection, Happiness and Harmony upon this earth. (applause)

All the discord now upon this earth cannot change, cannot prevent this Perfection coming forth; but you could very easily compel your-

selves to defend yourselves physically, which would be wholly unnecessary if the people of earth will listen to the Messengers, will listen to the Law of Life that will give them the opportunity to call the Light into action to be their defense.

This privilege is being offered and if you will not have one you will have the other! Mankind has gone on a long time in its wayward free will. My beloved ones of earth, try to understand now and give the obedience Life requires of you to set you free in an harmonious way.

Your privilege is so great in calling forth the Perfection of Life by the Power of the Light Rays, which dissolve human discord instead of intensifying it. When discord is intensified, it draws into a mighty focus by the presence of war in a nation. You are fortunate. The humanity of earth are fortunate this time, because in all war activities of the present or future, there will be nothing of the black magicians to hold wars in concentrated form. Those generators of destruction have left the earth forever. (applause)

I see many reasons why I shall say to you: "I appreciate greatly the Inception of My Activity here." Perhaps when the Messengers are here again, We may tell you something—the most wonderful thing ever described to mankind. It abides over this locality of America. (applause)

I say to you, beloved students, and all who wish to expand or represent This Light, BE HONEST IN YOUR MOTIVES! Either represent This Light with all you are or do not attempt to represent It in any way! You had better not have contacted It at all, than to allow any deceit to act within your feeling world, after you have claimed to represent It.

These are great Laws whose action no one can stay, dear people. The world has not believed this Truth. Some of the students have not believed It. Unfortunate is that unbelief, but I tell you mankind may no longer play with the Truth. Mankind may no longer use the Truth of Life in any wrong manner. (applause)

You know you have been looking for a great deal of proof, now I shall give you some proof, if you care to observe it since it is past. Fast enough beloved people will come the proof of Life, (applause) but your sincerity to Life depends upon whether you will be alert to observe it or not. Do you see that there are two conditions? Marvels so-called can be performed in your midst and you still not observe them. These Messengers have performed so-called miracles by the thousands in the classes for five years, (applause) but now and then the students when they become irritated forget the magnificent service rendered. That is unfortunate. So I say to you to-day in this prompting, you can have such happiness, such beauty, such Perfection, such limitless supply of all that you require, whether in the Service of the Light or for your blessing to mankind, if you will be honest with Life. Be sincere in your acknowledgment of Life! Be sincere and determined in your application of Life!

Life must have your application to release Its limitless Perfection to you. Why? Because you have forgotten Life so long and have misused Its Energy through so many centuries. Now Life expects something of you! When you have discovered your Source again, then Life must necessarily expect your co-operation in releasing you from your mistakes. You cannot expect Life

or the Ascended Masters to pick you up and carry you around on a golden platter and say: "My children, it is so wonderful of you to let Us carry you." Life does not act that way!

Therefore, remember! Oh no, I am not speaking in sarcasm! I am speaking the Truth to you, and you have got to be strong enough to see It! You have got to be strong enough to give obedience to It. (applause) Look at the service the Messengers have rendered these five years. My dear people, the Messengers do not need mankind, but mankind needs the Messengers—(applause) and Oh, how much they need them! (applause)

Therefore, to-day in loving kindness and in your determination to give all the obedience Life requires, you will find a magic wand in your hand in your call to the Presence of Life. (applause)

May I refer to you just a little personally? I wish you to see this or at least to hear the Words, for I shall describe to you just a little of the change that has taken place in the vibratory action of your individual worlds since I began to speak to you; or rather since I came into the room. Some of your radiance was pink, some of it was pale pink, some of it was pale blue, some of it was a little grey. That has all changed into brilliant colors. (applause) (Won't you please be seated)

I congratulate you, beloved ones, in your willingness to acknowledge the Great Ones as you do. You will never know just how much that has meant to you. We are just as Real and more Real than you are, although you do not see Us; but Life demands the respect that you offer to the Great Individualized Presence of Life, the "I AM," which including Ourselves is ready to give you

your Freedom. Do you quite understand that? We demand nothing whatsoever! We act—but Life, your Life, demands respect, demands honor to that which is Greater and which can give you your Freedom. (applause)

That is why, to-day, in My Humble Service to you, is the beginning of the Service to America. If you will steady yourselves, accept My Presence always active in and about you, you will find much less discord acting in your world. If you go out to-morrow and say: "That was so much talk yesterday," then I pity you sincerely.

The Messengers and We are doing everything that the Life Stream of mankind permits to give individuals their freedom quickly; but not much longer will doubt and unbelief be tolerated. If mankind insist on remaining in their chains, then they will have to remain; but those who do not want to will certainly be free. (applause—audience rising)

Let this day be a Golden Memory to you, for when I again come to you many changes will have taken place. Some of you will have Ascended. (applause) I come but seldom, but when I do, all changes! May this be the beginning of that great change within you, within your world of action, which will establish and anchor you so firmly in the Presence of Life, your "Mighty I AM," that only Its Purity and Perfection flow forth.

I thank you and My Blessings enfold you forever in My Purity and Perfection. To the degree that you fulfill the Law of Life in your call for Divine Order and Divine Justice, shall It be established unto you, America and the world. I thank you.

· GOD OF NATURE AND GOD OF GOLD ·

· *Chicago Class—April 7, 1939* ·

MR. BALLARD:

I will repeat the God of Nature's Words to you. He is speaking directly to the Group Leaders of America!

GOD OF NATURE

Beloved Group Leaders of America! If you will observe These Words: "refuse to listen to any word of gossip which is brought to you by students or otherwise," I can make you the Victory of Light in your Group Activity!

I wield the Power of the Forces of Nature! If you will give obedience in harmony to that requirement, I can assure you definite action. To all who will give exact obedience to this I will prove what it means!

GOD OF GOLD

Beloved Group Leaders and students, you who have been so uncertain of your supply, having sometimes a trembling questioning in your Decrees for your supply, I ask you to remove that!

Since I govern the Standard of the world—and remember that Gold SHALL ALWAYS REMAIN THE STANDARD OF THE WORLD, whether It is the exchange of mankind or not—then "I AM" the Standard and Balance of this earth, and Gold is My Scepter!

Those who will give obedience to Life in that which the God of Nature has requested will find no difficulty in their supply coming forth, but this obedience is imperative! It does not make any difference who or what you are, *if* you are a Representative of the Light and We are the Servants of the Light, then you WILL find answers to your calls!

Since this Great Light was established here, and since Its Instigation and Its Guarding Cherubium are here, We come here to-day!

I want you to know what it means for the Messengers to stand with such Invincible Power for your awakening, for your freedom, for your supply, for the expansion of the Light here. Can you imagine the happiness you would give Saint Germain in making this the largest student body in America?

Arise! in the Power of your Presence, every one! Release enthusiasm, its power and action. Then, let Its Wisdom direct you that Its Clarion Voice may speak the Words that will draw people to you from all over this city. May your lives be of such honor and of such a high standard that the Power of Light may draw to you the people of Light of this city.

We come to your assistance! Will you allow Us to assist you or cast Us aside by disobedience in the simple things We have asked? We leave it to you!

We thank you beloved students everywhere throughout America for the glory of your courage and strength to stand in the Light and spread Its Radiance everywhere, but remember your spoken word is but a small part. The Power of the Radiance poured forth from you at your call to the Presence of Life, becomes the Almighty Active Presence and Power of Light which knows no opposite. Then, as It pours forth sufficiently, will you find all discord and limitations dissolve by the Power and Out-pouring of that Light. You must determine which you will have.

We love and bless you and all mankind. How

We long for that day when We shall release through Nature, when We shall, through the substance of the earth, release the Glory of its abundance to mankind. (applause) Remember, We are the Guardians of nature! We are the Guardians of Gold, which shall be the standard for your supply, no matter what the collateral may be that is used in its place! That is why, one day We trust not far distant, you will see a Temple of Light in your America with a Golden Dome which shall shed Its Radiance in the sunshine for a hundred miles. (applause) That Temple of Light will have within It the Guardian of the Unfed Flame. (applause)

We have come forth because of the tremendous enthusiasm, expectation and advancement of the students thus far. Remember this is the first time in the history of the earth that We have ever taken any part in the advancement of mankind! We, in Our Activity, govern Our own Element alone. Who do you suppose interceded with Us? Your Beloved Saint Germain! (applause)

Why do you think We have gathered wealth throughout the mountain ranges of the world? That is for the blessing of mankind, but since they have become so discordant, it was impossible and dangerous to place in their hands more wealth. The equalization of the wealth of the earth by the Power of Light shall come forth; and the people of earth shall walk in peace and harmony, in the Limitless Supply which is provided by Life, of which We are Its Representatives. (applause)

Will you be kind enough to remember and abide in these Words? I thank you.

Chicago, Ills., April 15, 1939.

· MR. BALLARD'S "I AM" SPEAKS ·

"I AM" the Power of Light!

"I AM" the Strength of the ages!

"I AM" the Glory of Its Mighty cleansing, purifying Power on this earth and I act through Its Messengers, the Goddess of Justice, the Goddess of Purity, the Goddess of Liberty, the Goddess of Light and the Goddess of Peace. The peace that passeth understanding SHALL reign upon this earth by My Command of Light.

"I AM" the Presence of ALL Life!

"I AM" the Glory of God made manifest through mankind and My Fiat to the earth is Supreme! Since I must give It through human form, then may Its Almighty Power come into action this day; to render Divine Justice and produce Divine Order in this city; to silence all qualities of human viciousness; to set the people free; to hold them untouched by human suggestion, and to raise them into the fulness of their Almighty Power, here throughout America and the world. In New York, Washington, Los Angeles, San Francisco, Oakland, Seattle and Denver the Power of My Light SHALL reign! In West Palm Beach, Miami, Florida, and these other places which are calling to Me in earnestness, shall I reign in Glory. Then, shall My Power of Light take Its Supreme action!

Every human being who is acting under false pretense shall see his own mistakes and correct them!

I speak in the Authority and Power of Light! Its Supremacy upon this earth is now taking Its full command; and I thank thee thou has heard, Oh children of earth!

· NEW MUSIC AND RECORDS ·

T IS OUR great privilege and joy to announce the release of three new pieces of music by Godfre Ray King (our Beloved Mr. G. W. Ballard). Each is charged with a Special Power to accomplish the Victory of the Light and give the Ascended Masters' Blessing to those who use or hear these compositions.

OH, WORLD VICTORIOUS

This song has been given for the purpose of releasing an Almighty Power of Light to bring the Victory of Light everywhere throughout the world for the release of mankind from all distress of every kind.

The Great Ascended Masters have decreed that the world shall be Victorious in the Light now, and our Beloved Saint Germain is the Great Authority of the Violet Consuming Flame who is bringing this Victory.

The cover design shows the three Americas held within the Wall of Steely White Light encircled by the Wall of Blue Flame. The Three Great Cosmic Beings represent the Power of the Unfed Flame, blessing the world and pouring the Light Rays everywhere to the earth.

This very remarkable picture has been painted by our Beloved May DaCamara for the visualizing activity of the people everywhere; so they may hold the picture clearly in mind.

We ask all the students to feel the Great Power which this picture releases and every time the music is used, remember to send forth your decree for the Light to make the whole world victorious.

This song is dedicated to the City of Detroit.

THE VOICE OF THE PRESENCE

This song is an Out-pouring of Love and Bless-

ing from our Beloved Cosmic Master, Harmony. It has been given as a powerful means of assisting all who sing, love or are interested in music or the holding of the Power of Harmony for the accomplishment of any Constructive Activity.

Especially is It charged with the Great Master Harmony's direct powerful Assistance to all who sing or desire to sing; and also those who are interested or active in any kind of Constructive Music. Picture on the cover design, has been painted by our Beloved May DaCamara.

THE SILENT SENTINEL

This song is a tribute of Love and Blessing to the beautiful Washington Monument at Washington, D.C. It is powerfully charged with the Ascended Masters' Light Rays to pour forth Their Blessing and Almighty Protection for our Beloved United States of America.

Every time this song is played, sung, heard or the picture contemplated, the Power of the Light goes forth into every activity of our government and our people to produce Perfection and hold It eternally sustained.

The picture of the Washington Monument in cherry blossom season has been painted by our Beloved Charles Sindelar, and is an ever sustained joy to all who contemplate its exquisite beauty.

· *"I AM" the Light of God That Never Fails* ·
· *Words of Our Beloved Saint Germain* ·

"I AM" the Light of God that never fails!
The Light before which all of discord quails,
The Light of Life, of Glory and of Love,
The Light from my own Presence up above.

"I AM" the Light of God that never fails!
The Light that pierces all of earth's dark veils,
The Light that comes from out the Great, Great Sun,
The Light from our Great Source—The Mighty One.

"I AM" the Light of God that never fails!
The Light that stills all storms and human gales,
The Light that brings release, relief and Peace,
The Light "I AM" and all else now shall cease.

"I AM" the Light of God that never fails!
The Light each Ship of Life forever sails,
The Light in full Dominion all shall see,
The Light is Life's Command and Victory.

"I AM" the Light of God that never fails!
The Light descends! Its Presence all earth hails!
The Light is Life's Great Gift to Blazing Pow'r,
The Light comes now, to rule this Cosmic Hour!

· WONDROUS HARMONY'S DISCOURSE ·

· *New York Musical—May 8, 1939* ·

OUT of the Fulness of the Joy of My Heart, I greet you to-night, beloved ones of the Light! Can you really quite understand when I say to you, that you have My Gratitude for your presence here and for all that has been accomplished for the artists and yourselves? These are rarely cherished hours. While it might have seemed a rather long program, yet how fortunate is each one who is here. We have utilized this, to-night, as a climax for those who are here, of the ten day steady raising of the vibratory action which made this achievement.

Since I have a certain part to play in your lives; since I have a certain Duty to perform; and since you now have My Likeness before you, I can do considerably more. I do congratulate the artist, Mrs. DaCamara on being able to still herself enough to receive this very high standard of service she is rendering; and may she always be reminded that in the Stillness of Life, Its Purity and Perfection, is the Glory of Its Height and Ascension.

"I AM" drawing to you those Currents of Light and Harmony from the Great Spheres of Life and, to-night, a special use has been made of the

Goddess of Light's Open Door into the Ascended Masters' Octave of Light. The Perfecting of the feeling world of individuals, when reaching a Certain Attunement through the harmonies of certain definite music, is just yet quite a rare thing. Will you try to hold this in your memory? You have experienced It, to-night, and it will be My Pleasure in the future to continue to establish and expand this. A little later, We will be able to do this in the large class singing; but so far, the vibratory action is not such that We can reach this point.

I call your attention to It, for the reason that as you individually make the call in the preparation for It, you will attune yourselves. Thus, in pouring out that Radiation, the Higher Mental Body of others will be able to accept and utilize It.

I cannot refrain from calling your attention again, to-night, to the joy, the magnificence, the Power of your right, your authority to allow the Presence of Life, your "Mighty I AM" to pour Its Radiance through you. If I said too much to you, you would feel the full responsibility—that I do not wish you to do; but to call your attention to all that it means to you, will help you to so harmonize yourselves that, in your calls to the Presence, the Radiance does go forth touching every individual who contacts your world.

I tried an experiment this afternoon. The Messenger went down to one of your large stores and while he walked through the store and stopped to attend to some things, I tried utilizing the Power of his Radiance pouring forth. The effect was astounding! The first and third floors of that building will never be quite the same again. People felt the Radiance, not knowing just where It was coming from to the extent that they spoke to

each other about It and said: "What in the world is this we suddenly feel here?" and they are still questioning.

Ever since I sang through the Globe of Light at the Cave of Symbols, I have thought to try out this experiment. I have been endeavoring to bring the Staff and many of the students to the point where I could utilize them in this Magnificent Activity. Now remember, this is in addition to all that you call forth from your "Mighty I AM Presence." In fact, It has not a thing to do with your call except that It intensifies by Its own individual Radiance as It pours forth.

I know it is not easy for mankind as they move among the conditions of the outer world to hold sustained some of these very vital points; but my dear ones, once you do grasp this, you will have a joy that you never knew existed in the human octave—the joy of feeling that Radiance pouring forth and blessing others, knowing definitely that It is pouring forth the blessing, cleansing, purifying Activity, for I am going to tell you just a little secret—do not tell anyone. The Goddess of Light and the Goddess of Purity have joined Me in this Trinity of Action, which We have decided to utilize and proved in this experiment to-day. Since mankind needs the Trinity of Harmony, Purity and Light above all things, We shall release It for It is really quite a magnificent combination.

How long, beloved ones, do you think mankind has waited for this? I would not attempt to tell you to-night, but it is a long time. As you come to know and are informed of these various activities, you will begin to see a Power manifest that many of you have longed to see. Notice, since your attention has been drawn to the Unfed Flame

which is a Trinity of Action, eventually all activities will come into the Trinity of Action in the various requirements.

Many of you are having a Power flow forth through you that you are not recognizing! You see certain things occur, but you are really not accepting them for all that they are. So, individually take the attitude—" 'Mighty I AM Presence' and Great Ascended Host of Light! I do accept by YOUR Power of Acceptance, everything You pour forth." Then you will not fail nor miss a single opportunity—because every one is vital these days. Oh, my dear ones, every one who misses one opportunity now might miss the thing that would combine to make his or her Freedom.

You will notice how many things We have called your attention to in the class work. Everything is vital to every one, my dear blessed people. Not one single Activity takes place in those class rooms or in the Activity of these Recitals that is not vital. Every moment is sacred to you in the entire preparation of the world of Light within.

You have had the Messengers tell you that you are a Being of Light; that, but for the Light Pattern of your human form, you would not have a physical form to be visible here because there would be no Cohesive Power to hold it together. How ridiculous—you will pardon Me if I use the word—perfectly ridiculous that mankind understanding the "I AM Presence" will allow human qualities to supersede the Presence.

Oh, my dear ones, straighten yourselves! Assert your Dominion of the Light! Take your attention off human qualities and accept the Power of your Presence flowing through and rendering whatever service is required. Body consciousness is the

thing that binds every human being! Take your attention off human beings! Give your attention to the Presence of Life where it belongs and you will be free!

It would take too long to enumerate the things that draw your attention to the human body. Therefore, I bundle it all up in one sentence: "Take your mind off human forms, if you want to be free"! The moment some disturbance touches you, if you reach out to find what human quality is acting within your feeling world which opened the door to let that thing in, you will be able to close the door and shut it out.

Self-pity and self-justification are out! They are not the standard of the "I AM," so watch out that no one allows such feelings to assert themselves even once more. You know self-pity is agreement with imperfection, so do not admit it! Self-justification prevents your seeing the Freedom that is at your open door. That is why I am here to-night to help you clear your worlds forever from self-pity and self-justification and to help you take your minds off human forms.

You think you love each other, but what is it you love? It is really the Light you love within each other in those human forms. It is the forms. It is the forms which can wrongly qualify the energy of Life and draw it into density. Life wants to be free! Life wants to be free from human desires! Life wants to bring Its Substance into the Freedom of the Ascension; and you cannot do It when your attention is on human forms or body consciousness.

If you love this Messenger, love the Light that is in him and not this physical structure! If you love your friends, your husbands, your wives or

children, love the Light that is in them which brought those human forms into existence. Those human forms could not be there without the Light within them. Therefore, what you love is the Light. Oh, you do not love, if you have got to have somebody in your arms to express your Love! So be careful. You can love just as well across the country as you can love in each other's arms, if your Love is pure!

I am making this very clear to you to-night! Human beings are not yet to the height where in too close contact, they do not unknowingly begin to qualify that great Power of Divine Love being drawn forth, with human qualities. It is dangerous in the extreme. Do not ever be deceived.

We are making the most gigantic effort ever known upon this earth, to turn the attention of mankind upon their Presence of Life now and to raise them into the Power of their Purity and Perfection; but We cannot do it, if they are going to continue giving their attention to the human form. Of course, you bless the human form and all it means to you but the substance in that human form has got to be raised and you cannot raise it, if your attention is on human forms.

Remember that henceforth you are to Love the Light within the individual!

Most large cities are focuses of tremendous impurity. So you, who live in the midst of these conditions, have got to understand it and call the Power of Light to form the Tube of Light around you for your invincible protection and to hold you free from the suggestion of the feeling world of mankind in which you move.

My dear ones you can pass an individual in the street, touch his feeling world and take on his

feeling and think it is your own. So I am utilizing this opportunity to once again prompt you with all the Love of My Heart and of the Hearts of all Ascended Beings Who are ministering to you.

Married ladies and married gentlemen, if you want to save yourselves grave danger, do not go anywhere alone with each other for any reason whatsoever! No married woman has a right to go with another man that is married. No married man has a right to go with a woman who is married and be with them except to transact business, and then only in the presence of others. Remember the forces of human creation in which you move, will give you all kinds of suggestions. If you yield to them, it is just too bad for you.

The student body must understand these things! The Law of the Light is Purity of thought, feeling and Perfection! How can My Infinite Power of Harmony give you Its Perfection, if you do not hold Purity enough to allow It to act? Then, do you understand why I draw your attention to the Trinity of Action which has been drawn forth—Light, Purity and Harmony? Oh, my dear ones! We want you to be free so quickly. If you would only believe Us and only give the obedience that Life requires, how quickly We could render the Service required. Can any one of you tell Me how near you are to the change? Not one!

Therefore, in all the opportunity that is before you, utilize every moment in keeping your feeling and thought upon the Presence, the "Mighty I AM". If human desires touch your world and you are aware of them, call the Presence instantly to take such feelings out and replace them with the Ascended Masters' Purity and Perfection. You will have no difficulty in controlling your feelings in that respect, if you will do these simple things;

but you must not wait until a momentum gets going, because if you do you will have a struggle to control it. Be alert! Oh, my dear ones, be so alert!

If you will take My Picture and gaze upon it every night for thirty days and give the obedience that I have requested, to-night, you will never be the same being again. "I AM" ready! Are you? WE are all ready!

Beloved ones, when We call your attention to these vital things, do not think We are trying to govern your world. Oh no! You are quite free, every one of you; but We offer the Truth of Life and We must repeat, repeat, repeat and continue to repeat, until every one grasps It and lives It.

So, in the glorious magnificent harmony that is established here to-night, I am utilizing It and qualifying It with My Great Power to bless you. Oh, my dear ones, these are the simple things that most of mankind over-look. You think, just a little association here and a little association there, Oh, that cannot be any harm. What do you know about the invisible forces that are playing upon you, getting you to do the thing? You think, Oh, there cannot be any harm in that or it will be all right; but those destructive forces are just getting you on the edge, just edging you on and edging you on, until one day it is too late.

My dear ones, did you ever in this world or any other see two such blessed beings as these Messengers who are so fearless, dauntless and indifferent to human opinions, that they can bring these things so clearly to your attention with such Great Love? You know there is no criticism nor condemnation for human mistakes. They do it but to remind you of the importance of obedience to your Life, your "Mighty I AM Presence." Oh,

those are the things mankind should appreciate! How could any human being resent the kindness of these Messengers, when they bring to you the Truth? If It hurts, you know very well you need to be rid of that human quality and if it does not affect you, then it does not belong to you.

Oh, my dear ones, never resent what these Messengers bring to your attention for your Blessing and Perfection! You know you are wholly free and you know their Great Love which prompts them to prompt you. You know it is My Great Love, you know it is the Love of every Ascended Being, every Cosmic Being which makes them prompt you and to bring to your attention the Truth of Life that you may utilize It and be free.

Oh, my dear ones, to-night is a joy—Our Joy as well as yours—for We have found this opportunity to do certain things which I may not bring to your attention. Upon your mental and feeling world there will again be the Power of Our Light pouring Its Action into your world. I ask you to observe and see to-morrow, if there are not many things which had been holding your attention that you will have forgotten. It is magnificent! We alone, my dear ones, may render that Service! Mankind is not able to render it for themselves, but you see how great and beneficent is Life. It calls Us into action to give you the Assistance which would otherwise take you perhaps several embodiments to attain. With Our Assistance it may be accomplished in a few years, even a few months.

Look at this blessed gentleman who now has his Freedom, which He attained only a month ago or such a matter. Think, in two years His Victory was achieved! Oh, my dear ones, will you not see? will you not forget every other human being inso-

far as the Perfection of your world is concerned? Pour forth blessings to every one, but remember it is your world that must be changed. It must be cleansed, purified and enough substance within your body purified, so the Presence of Life, the "Mighty I AM," can utilize It to draw you into Itself.

Oh, my dear ones, it is so simple. It is so magnificent, and think after thousands and thousands of centuries, in your struggles of human experience that, to-day, Life has provided this Help. We are willing to give you Assistance to free you even in this embodiment. Even if it went to the close of your life period at this time, still It would be a great achievement, but since it is available—shall I say it? Be careful! Yes, I will! You who are present may achieve It at any time! Be ready! Be ready, my dear ones!

WHAT DOES YOUR HUMAN KNOW WHAT THAT PRESENCE OF LIFE CAN DO FOR YOU IN AN HOUR OF YOUR INTENSE GRATITUDE AND DEVOTION TO IT? ANY MOMENT OF YOUR VERY INTENSE CALL ON THE LAW OF FORGIVENESS FOR ALL HUMAN MISTAKES, AND A FEW MOMENTS OF INTENSE POURING FORTH OF DIVINE LOVE AND BLESSINGS TO ALL MANKIND AND EVERY LIVING THING, IT MIGHT RAISE YOU INTO ITSELF.

You know the Messengers and We have called your attention—I say "We" because all of the Great Beings are One, insofar as Their Service to you is concerned—but We and the Messengers have called your attention to certain things which many have absolutely ignored! They think: "Well, the Ascended Masters would not know what we are doing." My dear ones, how can you

think it? How can you question with Our Unlimited Wisdom that We MUST know everything that is going on about you? How can We help you my dear ones, if We do not? Of course We are not running around spying on you, you know better than that! but when it comes to certain activities, We are compelled to see what is registered about you, in order to release the Currents of Energy that give you the help and Freedom.

Oh, you cannot think Me unkind when I have brought so clearly to your attention, to-night, the things which are your release, relief and your Freedom from earthly bondage of centuries and centuries. So many are nearing that period and could be wholly free. If I could weep, I would weep over a few individuals in the Chicago Class who turned aside when their Freedom was within days. What a pity! what a pity! You who have these promptings, for goodness sake stand firm to your Presence of Life, the "Mighty I AM," that you may not miss this opportunity.

Such things have occurred throughout the United States, but I say to you students of America, when Groups of students in South Africa, in Scotland, in England, in Switzerland, in South America and in Australia can hold as intense devotion to these Messengers, as you who have been in their many classes, think what it means, my dear ones! Think what it means! Think what it means for those dear ones in Scotland who sent five hundred dollars to spread the books in Braille to the blind of your America! These are things worth noticing.

You who have the Great Blessing of the Radiance in these classes and in these Recitals like to-night, my precious ones, will you not improve this

opportunity and consider it the most sacred moment in your Life to harmonize, cleanse, purify and release the Light within you?

I want you to feel how great is My Love and how great I feel is My Privilege and My Gratitude, to be able to call your attention to these vital things once again in the Power and Harmony of this Radiance that you can feel, know and let It act within your world to bring your Great Freedom quickly. Oh, can you wonder that We almost urge you, when We see so many almost free! If We could be shocked it was the occurrence in Chicago. Therefore, beloved ones, make no such mistake.

I assert to you again—"This Light is Real! It is the Greatest Instruction the world will ever know! It is the most Powerful Application the world will ever know for their Freedom." It is the Greatest Joy when human beings feel their own responsibility in making their calls to Life and by their own effort attain their Freedom. Could there be anything so magnificent and joyful in all the world—past or present?

Do you quite realize—you who once lived in Egypt and worshipped false gods, that you are doing the same thing to-day? Oh, my dear ones, now let us get this clear! You had only a few then, now you have so many because everything that holds your attention upon human creation is your god for the moment. Oh, the many gods! To think, that once your attention has been pointed to the Presence of all Life, your "Mighty I AM," you would ever once again give Power to anything outside that Presence to act in you, seems incredible.

All it requires is your firmness and determination to shut out everything and you can do it.

When something occurs do not begin to waver. Be stronger than ever. Say: "Hold on here! stop right where you are! You are not going an inch further! I am Master of this body. Now get out"! Oh, my dear ones, if you would only do that at the first intimation, you would sweep everything out almost without effort. It is all so magnificent, but just as soon as you begin to accept human suggestions—this, that and the other thing come in and you have a struggle.

Therefore, beloved ones, remember the world about you is seething with human suggestions. If you start in to accept them, Oh my goodness, who can tell you what you are going to have to handle. If you take your firm stand all the time and say: " 'Mighty I AM Presence' see that I do not accept a single human suggestion, good, bad or indifferent! See that I only accept Your Perfection, Your Direction! See that I do not accept anything else," quickly you would not be accepting anything but that. Do you not see that you have got to have the determination to stand by your Presence some time, why not do it right now? It is magnificent, and there is plenty of Power within you to do it.

Do you still love Me? (applause-audience rising) Now remember, It is Harmony Who is asking that. (applause)

Remember, you have not heard of all of Us yet —Oh, there are many more. Oh, yes! (applause) Had you noticed that I am the first One who came forth from My Sphere of action? (applause) Oh, gentlemen, do not mind because I am a good looking chap, you will all be the same one of these days, so do not be jealous of Me. (applause) Oh, if all of you, both ladies and gentlemen only knew how really beautiful you are! Think, feel and see your

Reality, and if the mirror brings the outer to your attention too much do not look in the glass.

Observe just a moment the Stream of Light and Energy which is coming from your Presence. In this intensification, to-night, It is carrying the powerful tremendous Quality of Beauty and Perfection. Do not think of that as a human thing, but the Beauty and Perfection of your Presence. This is surging in and the velocity—now do not misunderstand this—the velocity is so rapid you would not feel it in your feeling world; yet it is the most remarkable thing, I have witnessed thus far in the students. You who are here, to-night, are privileged in that respect, because We cannot extend this outside of those who are here just yet; but in calling your attention to this Intensification, the Magnificence of Its Operation is anchored in your feeling world.

Do not go forth and talk about this operation! It is perfectly wonderful, but I am quite serious in that! Please do not discuss this outside with anyone. Just hold It and accept It as the glorifying, purifying, Perfecting Activity of your world. This is acting, especially in your feeling world to-night. It will do wonders for you if you will accept and hold It. Changes will take place in your feeling that you never believed could occur so quickly.

Therefore, as you accept that and go forth, may the Power of Light from your Presence, the Ascended Host of Light, the Cosmic Beings, the Legions of Light and the Cosmic Light hold you close within Its Mighty Garment of Light—dazzling and all-powerful in Its Radiance; wrapping Itself about you until that day when you say to the earth—"Good-bye." I thank you.

· ARCHANGEL MICHAEL'S DISCOURSE ·

· *Washington, D. C. Breakfast—May 21, 1939* ·

I GREET you beloved ones, in the Name, the Authority and the Power of Life, of Light! In reaching the apex of the conditions that determine the fate of America, I trust you will all feel the fire of your beloved Lotus' defense of you and of America, in her long accumulation of the defense of Justice. You may wonder why her great loyalty to the Light grows stronger each day and why mankind at this time must have within them the Fire of Divine Justice, which gives them the Authority and Power to call It forth with such Invincible Activity that It does become a Power and Force in action. The need to-day is this FORCE, not only the Power of Light, but the FORCE of Light which is a certain quality charged and poured into physical substance.

Do you understand why your Beloved Saint Germain established these Great Groups and caused these Mighty Decrees to come forth? I feel

quite sure that few have recognized the reason for it, but He saw five years ago that, in the days to come, there would be this very need to-day for a Force to be used in the call to the Powers of Light. In your Mighty Decree work, you have called into action, have released from your being and physical octave, a certain purified substance which will be required and stand you in good stead in the months ahead. That has become a Force directed by the Powers of Light at your own call and will be used by Beings of Light who are standing as your Defenders and as the Defenders of America.

When France had such a great opportunity to establish her Freedom, then as now, the vicious forces were sufficient to turn the minds of many and to hold those who were firm for Freedom and Light silent when they should have spoken with authority and power. You as the student body to-day, representing the Light and the Freedom of the world, must not hesitate to speak firm and be unyielding in your loyalty to the Light, to Saint Germain and the Messengers. Much depends upon this! If the outer world sees you waver in your loyalty to This Light or in your lack of understanding of It, then they can readily and with a reason say: "Why have you not become the Master of conditions"?

I bring before your attention again, that when you call forth This Light, It has become a substance! It knows no opposite! I call to your attention what I said in Philadelphia: "From this night and henceforth the dissolving Power and Presence of Divine Love through the Power of the Violet Consuming Flame," will be charged into the student body's feeling world. That is a Force

whose Power and extent you can scarcely comprehend.

We must do this, for We must find the Greatest Means possible of releasing this Force of Light into your feeling world—not only to hold you steady, but that you may find a response in your call which will give you more confidence than you have, to-day, in the Power of Light within you.

You need but stop and think for a moment; without the Life that beats your heart, which gives you Intelligence and action, your form is of no use. You lay it down helpless and have many times and it disintegrates. Then, the Force that is acting there is your Life, your Light. Why cannot the student body everywhere see this and hold steadfast to it! That would silence all unkind feeling!

My dear ones, must We state again, again and again that anything that creates discord in your feeling is just the force of darkness trying to prevent your Freedom, trying to prevent the Freedom of America? Let no one bring you stories from Europe that the people love those dictators! Those people are held by fear! You are free! I say in the Name of Life, do you realize beloved students what that means—to be, to feel that Freedom?

We have told you repeatedly that those three nations, Italy, Germany and Russia are but nations imprisoned and We mean it! Do not believe any stories to the contrary. You only have to behold the "Confession of a Nazi Spy," "While America Sleeps" and "The American Way," in your moving pictures, to show you what has been done and is being done, to-day, in your America. Since those destructive forces see that they could

not succeed any further in the open, under cover in the pretense of the defense of America, they still are trying to drive their wedge of destructive forces into the hearts and minds of our beloved people.

Why do you suppose I am joining the Forces of Light for the defense of America? Because once, I reigned in the Golden Ages of the past in this land of America! I reigned here when Perfection and the Glory of Its Eternal Out-pouring was manifest through every human being. That seed planted more than three million years ago has remained and It must be the Anchorage which again brings the same Perfection into the world. Remember, beloved ones, this is the last point on the earth where it is possible for this Perfection to be brought forth. Knowing that We must do for mankind what they cannot yet do for themselves, We have come to the defense of you.

You are Life. We are Life in the Fuller Understanding of Its Perfection and Its Powers. Then why would We not come forth and give you the Assistance which you must have? Oh, dear ones, do not do anything that obstructs Our earnest Efforts for your Freedom.

I call your attention again to this point, when you see the "Confession of a Nazi Spy," that you may realize there is a dangerous and subtle point which you are facing, to-day, in America. In that picture, it shows when the destructive individuals could not go on with their outer destructive powers, they said: "Let us pretend to be defenders of America that our work may still go on for its destruction." Such is the case! Oh, awaken people of America!

I call your attention to this particularly, al-

though I dislike very much to speak of these things; but something must be done that you may see what is required. Throughout several of the countries of Europe already certain destructive reactions are occurring. Why is that manifesting? Because of the hatred and the fierce destructive qualities released from and accepted into the solar plexus of mankind there. That is the only place where hatred can enter, dear ones. Therefore, it must affect the activities of mankind.

These conditions, if something does not stop them, will spread throughout those countries. The Wall of Light is shutting that hatred and its results back to those countries. Oh, do not misunderstand Me—hundreds of thousands of those blessed people are as fine as you are but fear holds them trembling and bound. It is only a few at the heads of those governments who desire such destructive things. Even there, many of the people hearing of the conditions which exist cannot make themselves believe that such destructive things actually are happening in their midst. Just as in your America, to-day, there are thousands and hundreds of thousands here, who cannot make themselves believe that the conditions exist here which do.

You, as the student body upon whose understanding and call to the Light depends so much MUST understand these things! It is not a thing to be feared but rather should there be rejoicing that you know what is to be governed and how to call forth a Power of Light to release the Forces now to govern these things.

You have seen your beloved Messengers meet the conditions that have confronted them everywhere in the cities of America where they have

gone and there is not one in which they have not had this to meet. Destructive forces focusing their powers to meet the Messengers when they came to try to prevent this Activity of Light going forth or to destroy them; but their calls to the Powers of Light have been sufficient to dissolve those vicious attacks and This Activity of Light goes on untouched, uninterrupted.

No place in America has it been worse than in Los Angeles. Notice how the Great Law of Life has provided the balance. The greater number of the student body there has been able to hold the balance; but since where the greatest expansion of the Light is, there is also its opposite; so is it to-day, but with the substantial stand of the "I AM" Students, these attacks will soon begin to dissolve and disappear. I think with the Victory of the Messengers in the coming Shrine Class, this thing will stop forever in America.

That is why We are asking the student body to become the Defenders of the Light and of the Messengers. The great number of the students in Los Angeles are already feeling the necessity of this and are giving the call in their Mighty Decrees.

The momentum in this great expansion of the Light is becoming sufficient to stop these destructive forces. Had they been wise, they would have utilized opportunities in the past to do the things which they would like to do now but they are helpless before this Mighty Light! They were not very wise, although they thought they were. We are wiser at all times than all destructive forces put together. If you will believe what We tell you and act accordingly, you will see such Joy, such Freedom, such Prosperity in your America as you have never known in many ages.

Since certain destructive forces have not been able to act sufficiently, they are trying to bring about the condition which will produce another depression in your America. I do not believe they will succeed. I know they could not, if all the student body in America will make these calls with absolutely no wavering or questioning in their feeling world of the Power of this Light to solve or dissolve all in that condition which might required.

In spite of all that has been said during these years, have you realized that in the conditions of to-day, you are reaching the apex of all humanity's accumulation of discord of the ages? Now is the determining point whether the Light or darkness shall rule your land! You know definitely that the darkness is ruling Europe and the Orient or such destructive forces could not exist. America is the last spot thru which there is hope for the defense of the world, aside from America's own defense. If it is not protected, mankind will be compelled to take the consequences. As you have been told, still the darkness will *not* win, even though you should go through the frightful destructive conditions which would come! Still will the darkness fail! Why go through a destructive condition, beloved ones of America, when with sufficient call to the Light you can prevent it?

These forces see well enough the fearlessness of these Messengers. They see well enough that they are dealing with a Power of Light which the Messengers represent in which destructive forces and individuals know not what to do.

These are the important things for the student body to hold within their consciousness and feel-

ing world and let them go forth. Oh, not only in your Groups, but any time during the day, when your thought or feeling reverts to the conditions.

There is so much that We could tell you of actual occurrences in your America and it may be possible We will decide to do some of it, that you may see more clearly. Why do you suppose, my dear ones, that the gold of the world is being brought into your North America? The forces that are causing it to be done have an entirely different concept from what We know to be the reason. Gold is the Mightiest Purifying Element in your physical world to-day; and ere long it will be distributed again among our people here!

Oh, do not feel Me critical when I say that you are passing many many vital points in much of that which has been said. When the God of Nature and the God of Gold gave Their first Dictations, do you remember what They said? Oh, that you might refer to it often! Do you realize that those two Great Beings are the Governors of Their Elements in America and the world? Once mankind calls Those Forces into action to regulate these things, Oh what a Power it will be! Do you realize what the Goddess of Justice, the Goddess of Purity and the Goddess of Light are doing for you, America and the world?

Do you understand that gold is actually condensed Sun Rays, condensed Light? Gold cannot be contaminated. You can change it from its solid substance back into its etheric condition and qualities and yet, it will return again and again the exact same amount of substance. In your crucibles it has been tested thousands of times. Try to understand what it means to call the God of Nature and the God of Gold into co-operation

with you for the Blessing of all that is of the Light in America. They have offered Their Assistance. Did you ever know a time in the history of the earth when These Great Beings came and offered Their Assistance to beloved mankind as We are doing to-day?

I began to establish in Philadelphia a Power that is so tremendous. It is the dissolving Power of Divine Love acting within the Violet Consuming Flame. If mankind once understands Its Power, they will set themselves free like lightning, from every condition which has bound them.

You have always understood that Divine Love was a Powerful Activity; but It is not sufficient in Itself unless mankind understands that Wisdom and Power are acting in conjunction with It as the balance within It.

Now these qualities and this Power of the Violet Consuming Flame that Saint Germain has brought forth are the only means by which mankind can set themselves free or be set free from the accumulation of the ages and the dissolving of that element of human discord which has so long enveloped mankind. You cannot be free, my dear ones, without It and He is the only One who could bring It forth. I could not bring It forth! Jesus could not bring It forth, because It did not belong to His or My Element. Then, do you understand what Saint Germain means to you and the people of the world? Without Him you would be lost, because He is the Carrier of the Power of the Violet Consuming Flame into which Jesus, Myself and Others are charging the Dissolving Power of Divine Love to act there and bring about the Assistance to mankind which must come at this time. Do you understand how important this is?

My dear beloved ones, so long bound by your own human creations and conditions of discord, you cannot free yourselves without Our Assistance. It would be impossible. There is not one in America or the world, as We have often said recently, who is strong enough of their human volition in prayer or decree, to entirely free himself or herself from human creation. It is not possible. Then that is why We have come to your assistance.

Because We are Great Beings of Light, Purity and Power, is it any reason why We should not be interested in you? Are you not the Light, the Law, every one of you? Oh, because you have these limited bodies is no reason why you should remain in limitation. Those bodies are not you, dear ones. They are but the garments which you are wearing and are no criterion of what you really are! Oh, please feel this Truth! Please do not let the appearance of those physical bodies deter you or keep you from feeling that you are the Power of Light! Because without your recognition of the Light which you must have, you will go a long period of time before the Light takes Its Dominion.

You have heard the statement so many times: "Stand in the Light and draw to yourself your own." In other words, you must claim your Perfection and keep on doing it before It can come forth in the fulness of your outer expression. That is why We are coming to your assistance. We have perhaps said a great deal but words are so inadequate when it is the *feeling* that counts in you: because your feeling is the cause of all things in your body, your mind, your world.

All cause, beloved ones, is in your feeling world which means all surrounding your physical body.

You do not see it, do you? Yet, here around you as far as your hands extend with the average person, is the cause of discord, of everything that exists in your world to-day and all that has been accumulated through your many embodiments. There is the cause. It is not here above you, because your human creation cannot find manifestation in the body until it is first in action in your feeling world which alone is the cause of everything that exists so far as your individual world is concerned. Oh, if you only really understood that my dear ones and believed it!

Why go on, understanding that your feeling world is the cause of all and then permit yourselves to feel discordant or unhappy? If your feeling is not kept harmonious how can you have Perfection? Oh, it does not matter what seems to be the outer cause of disturbance; if you allow disturbance to be in your world, your body will out-picture it, your world will out-picture it. It is not a matter of persons, places or conditions, dear ones. You know well enough two people can stand side by side, one becomes furiously angry over something that is said or done, the other remains perfectly happy. It is a matter of reaction to conditions. You blame persons, places and conditions for your troubles, when all power of control is in your feeling world to accept or reject it.

Momentum is a tremendous thing, dear people. If you have had a momentum or acceptance of discord, criticism and condemnation, then you must clear it out because it has wanted to hold dominion over you.

The history of the world has never shown where mankind has had this opportunity which

you have to-day because the outer world condition is the apex, the culmination of the human accumulation of the ages. Mankind had to be given more Assistance. Otherwise there would be no hope at all.

I am going to say one thing to you which has never been touched upon. Do you know what it would mean, if this earth failed to come back into the Light from which it came? I am speaking of the substance of this earth, not of yourselves. All of the destructive condition that Nature has been compelled to take on and which has penetrated into the substance of the earth, came from the *humanity* upon this earth. I am speaking of that substance of the earth which has been destructively qualified by human discordant feeling. What do you think it would mean, if that failed to come back into the Light? It would mean the second death for millions of humanity! Do you wonder then why We are so almost fierce in this defense of America and her people? We want this just as much for the rest of the world but America is the Cup that must be protected here.

You who saw Parsifal, know how the youth who represents the Perfection of Life, protected the Cup and became Its Defender. So must mankind to-day become the defender of the Grail of Life which is here in America. I have now made you acquainted with the seed which I planted here in the age in which such Glory and Perfection reigned in this same land of America. It is the only place remaining on the landed surface of the earth where that can come forth. Even the land which shall be raised from the bed of the ocean is still not privileged as is this your America to-day.

Your America has not been drenched by human blood as have the other landed portions of the earth. In your revolutionary and civil wars, only a fragment of human blood was shed here compared to that which was shed in Europe in one single war. Do you realize this? These are the explanations why America must be the first and is the final spot upon which can come forth this Great Perfection.

You, to-day, whose attention has been called to the Light of the world must be the defenders of the Light. Oh, not through physical force, unless compelled to but now is your opportunity and there is still time to call forth sufficient power to protect it by the Power of Light. Light is Divine Order, Divine Justice, Divine Harmony and Divine Love that can reign because Divine Love in Its activity, to-day, is a far different thing than it was twenty years ago to the world. Divine Love, to-day, carries Divine Justice and Divine Power within It. It is an entirely different Activity from that which mankind had understood previously.

Observe, beloved ones, in Jesus' time the Power of Divine Love alone was the dominant Power. In other times past, Power has been the dominant action. Another time, great Wisdom predominated, each one having its own special activity. Now, because of the imperative requirement of mankind Divine Love, Wisdom and Power are called forth in action and are balanced by your attention to the Presence of Life, the "Mighty I AM." You do not have to consider whether the three, the Trinity of Action are one. When you call to your "I AM Presence" you instantly know that Divine Love, Wisdom and Power are acting, because your Presence is that! You do not have to

stop to consider whether these three qualities are acting or not. You have found that whenever you were sincere in your calls to the Light, the Trinity of Life was acting.

To-day, in the Assistance We offer, through which you can have your Freedom so quickly, if complete harmony were held within your feelings, Oh, it would be only a matter of weeks, until you would have the confidence in your Power of Light, in your call to Light, to hold you sustained and unwavering in Its Dominion through you.

You have observed how the Messengers have held this Dominion and Oh, they had no one to prompt them. Saint Germain did not prompt them, except in extreme cases but by their own powerful dynamic calls to their Presence of Life, the "Mighty I AM," they were able to go forth and meet destructive conditions and conquer them as they have. This term is not just what I wish, but it perhaps will convey to you My Meaning. Remember, there have been tons and tons and tons of force destructively qualified which have been gathered and projected against these two Messengers. That much destruction has been dissolved and consumed forever. It means whatever amount of that viciousness has been annihilated is finished for this earth and for you. Oh, how they have taken into their world destructive force from the students time and again, because they had the Power to dissolve it. That We cannot permit in the future, but it has been done hundreds of times in the past.

Now, YOU are coming to a point where you have this same Dominion, if you will accept It. My beloved ones, if any one of you lacks confidence in your application at any time, speak in-

stantly to your "I AM Presence," then to us, if necessary and say: "Give me Your Confidence in the application of this Light," then you will find It is there! You *can* call forth *whatever quality* is necessary, my dear ones! You must see and know that since you are the out-post, the Out-picturing of Light, which is the Presence of Love, Wisdom and Power in action, you are God in Action. Why would you not be able to do it? If anyone does seem to lack confidence, remember: since the Light is the only thing that can beat your heart, why have the lack of confidence? There is no excuse for it.

You see you are being cut free. While I am flashing these Words to the Messenger and he is voicing them to you, My Sword of Blue Flame is very busy in the room, flashing Its Mighty Power into your feeling world dissolving more, more and more of any or all accumulation that is there so you may be free, so you may feel the Confidence in the Truth of My Words.

Oh, so often the ears hear, but the feeling world does not respond in the acceptance of the Great Truth. The heart all the time is trying to blaze Its Illumination into the mind which will give the full feeling of these Truths but unless you stand firm and unyielding to that, how can It come forth with the speed and power you desire and which is needed at this time?

One day, my beloved ones, when you see with Us all that has been done, I assure you it will take you some time in adjustment to realize all from which you have been cut free. You must have observed from time to time, as We present certain Great Truths and set into action these Forces of Light to render this service, how even throughout

America the student body have felt these changes, at least temporarily; but be on guard, my dear ones, as you value your existence. Take this as an illustration to-day. Here you are in another world in this room, while I am talking to you. It is just as definitely another world as if you did not belong to this earth, but when you go forth from this room, hold your own conscious guard! Call your "I AM Presence" to stand guard with Invincible Protection that you do not begin to accept suggestions from the outside world. That is what mankind and the student body have not been doing. They are so wonderful and thousands have said during the classes that they felt this marvelous Freedom and Blessing; but as soon as it is over, they go out and contact those of the outer world who are filled with doubts, fears and vicious feelings of all kinds. Then those feelings begin to intrude into the student's world and they soon find themselves disturbed. That is not necessary!

You may hold all that is here, to-day, if you will! You never need to be disturbed by anything again because the Power is within your feeling world to prevent it; but if you begin to accept the things of the outer world as having power greater than this which I have given you, then the other will rule because you are the Decreer of what shall act in your world. Oh, do you not see it? Let us dwell for a moment upon that.

The Truth, the Almighty Truth, is that you are the Decreers of what shall act in your world. In other words, you are the determiners of what you allow to act in your feeling. Oh, you do not have to accept anything in your feelings, you do not want. Scarcely anyone realizes what the fulness of this means.

Take a single word of discord, not considering its source, begin to revolve that word in your consciousness and see how quick it charges your feeling world. I mean you could take it right now in the Radiance of this room and begin to revolve one SINGLE feeling in your feeling world and it will charge your WHOLE feeling world because you are the determiner of what is going to act there. Then, do you not see why many have not held steady in the Assistance and Radiance We have given?

This Radiance is Real! It is Light-substance, my dear ones! It is not *just* a Principle. While It is a Principle, It is a substance also which mankind requires to-day. Mankind has had precepts for centuries. Their attention has been drawn to the Principle of Life but It has not produced Perfection for them. We must have Light-substance in your world for action. That is exactly what We are anchoring here for you now. You are rendering this great assistance to yourselves in all We are endeavoring to do by releasing that substance in your call which We can charge and qualify into Our purified Light-substance to act in your world which does what is required for you.

See how practical all of this is. As Great Beings which We are, do you think We are less practical because of that? As time goes on, you will see how We are far more practical than any being in human form until one becomes aware of the great Powers of Light, which are the Only reality.

That is why in utilizing these opportunities from time to time and anchoring you again and again more and more firmly in the Powers of your own Being, in the Powers of Light, you will one day become the Victorious One everywhere. Here

is your country's Capital, to you who have stood so firm—I could not even attempt to describe what you have stood against. You have had to be very strong to stand against this force of destruction; but you ARE standing and you ARE gaining every hour in the Power of This Light.

I ask you to rejoice and I congratulate you, every sincere one, but watch that you do not by discordant feeling of any kind in anywise obstruct the way for all that is now so imperative to be done. You must hold Our Focus of Light here in your Capital for all that We require. You have never witnessed in this world and perhaps never will again, what will be done by the Goddess of Justice, the Goddess of Purity and Myself during this class. It must be done NOW!

That is why I have decided to remain in the atmosphere of earth, only now and then returning to Our own Octave of Light. I move here upon your earth in My very Tangible Body; and one day, My Likeness shall be brought before every student in the land and also that of the Goddess of Justice and the Goddess of Purity. We are what mankind must become.

You are held within a Radiance here which I wish all of you might see. Will you silently each one qualify It to be held invincibly about each one and to be sustained so you may forever move forward in this Radiance untouched, unaffected by human qualities of any kind? This is very practical, very Real, and It is a Substance of Light.

Oh, understand, my dear ones, the Power of your attention! It is such a gigantic and far reaching Power! Do not think lightly of what the Messengers have so often said: "Where your attention is, there you are. What your attention is upon you

become." Then, what is your attention? Your feeling! Your feeling is the energy acting through your attention and where your attention is, your Power and Stream of Life is pouring. If it is on Perfection, then that Perfection will fill your world. If it is on the inharmony of the outer world, then your world will be charged with that inharmony.

May this remain so clear, so vivid, that It will constantly be the guard over your feeling world that you may stand serene in the Glory of Its Radiant Power, allowing your Eternal Perfection to pour forth.

· *"I AM" School—Tenafly, N. J.* ·

· *April 26, 1939* ·

BELOVED FRIENDS, Staff and School, We shall perform a Service to-day which will help to establish the ever increasing financial supply to this school and all "I AM" Schools in America. The Activity of the Cosmic Light is just right for It and at this moment, It is in action. So, before I proceed further, let Us perform that Service. You may remain seated.

I speak in the Name of Life, in the Name of the Supplying Power, the "Mighty I AM," from the Treasure-house of the *individuals* in America and from the Treasure-house of America! Please take notice—America has her own Treasure-house independent of individuals! Will you, the Staff and all within the school take careful notice of this? In drawing forth the supply, this moment has arrived when the Reading Rooms, the Schools and Group Leaders in their call to the Treasure-house of their own Group, then to the Treasure-house of America, will enable more quickly this supply of money and whatever else is required to come forth always on time to give the ease, the comfort and the freedom from anxiety that is required, so greater harmony may be maintained in carrying on This Activity of the Light.

You have heard Me say many times: that one day this Freedom shall come to the "I AM" Students, providing they are sincere, pure and loyal. The moment has arrived for the people of America when this shall be established and We place this one hundred dollars here (taken from Mr. Ballard's pocket) as the Focal Point in the establishing of the limitless financial supply for the "I AM" Schools in America and for the establishing of the financial supply for all the "I AM" Activities, the Reading Rooms and Groups as well as the student body.

I say to you, and I am glad the children are present to hear this: Only as sincerity, loyalty to the Presence of Life, the 'Mighty I AM Presence,' and the desire to be happy and harmonious with each other—and this applies to the student body quite as well as the children in school—will you find the Complete Freedom and Happiness which every one is seeking. Every individual should be personally willing and happy to put aside all personal thought, feelings or ideas in the great need of to-day. I use that term which is quite apropos, because it is an actual need. It is not only a requirement, but it is a need in this instance, by which the establishing of the Foundation of these schools throughout America must be sustained.

In the Activity of the Service of Light, we use the term "requirement," but in the outer world of establishing a Foundation there is an actual need —not from a human standpoint but from a supply standpoint in establishing this. Thus We have established, to-day, this Focal Point here for the release of the financial supply to the Schools and Reading Rooms; and will you pardon Me, Betty, if I digress a moment for explanation. Will you convey that part of this to the "I AM" School in Los

Angeles as I have given it to you, so there is no mistake in the wording of it?

This is under the Activity of the Cosmic Light to-day and will each one feel It? Therefore, please understand and hold sustained within your feelings, especially you who are here, that there is no opposition to this Release of the financial supply anywhere. This is an activity of the Cosmic Light and no human qualities can interfere with It! If you will get this fully in your feeling and hold It sustained, you will find it is not difficult in calling or having released thru your calls that which is coming forth at once.

We have been so determined that all sincere "I AM" Students be able to call forth from their Treasure-house, the limitless supply of money they require or want to use for whatever service of the Light they wish to render. Now please understand that the "I AM Presence" of any of you is not limited. It has the limitless money supply of the world by which to sustain and supply you and if complete harmony be held in your feelings toward every living person, place or thing, maintained over a period, then your calls will become more and more instantaneously answered.

This is Law, my dear people! There is no question about it in the world and that which We give you at all times is Law. Please do not let your human opinions begin to pick it to pieces and feel that We might have made a mistake. We do NOT make any mistakes! and when We set these things forth to you, it is because a definite Law is in action. This moment, so to speak, when I began to talk to you, the Cosmic Power governing this planet came into operation for the greater release of supply for the Students of the Light.

· NEW MUSIC AND RECORDS ·

IT IS OUR great privilege and joy to announce the release of three new pieces of music by Godfre Ray King (our Beloved Mr. G. W. Ballard). Each is charged with a Special Power to accomplish the Victory of the Light and give the Ascended Masters' Blessing to those who use or hear these compositions.

OH, WORLD VICTORIOUS

This song has been given for the purpose of releasing an Almighty Power of Light to bring the Victory of Light everywhere throughout the world for the release of mankind from all distress of every kind.

The Great Ascended Masters have decreed that the world shall be Victorious in the Light now, and our Beloved Saint Germain is the Great Authority of the Violet Consuming Flame who is bringing this Victory.

The cover design shows the three Americas held within the Wall of Steely White Light encircled by the Wall of Blue Flame. The Three Great Cosmic Beings represent the Power of the Unfed Flame, blessing the world and pouring the Light Rays everywhere to the earth.

This very remarkable picture has been painted by our Beloved May DaCamara for the visualizing activity of the people everywhere; so they may hold the picture clearly in mind.

We ask all the students to feel the Great Power which this picture releases and every time the music is used, remember to send forth your decree for the Light to make the whole world victorious.

This song is dedicated to the City of Detroit.

THE VOICE OF THE PRESENCE

This song is an Out-pouring of Love and Blessing from our Beloved Cosmic Master, Harmony. It has been given as a powerful means of assisting all who sing, love or are interested in music or the holding of the Power of Harmony for the accomplishment of any Constructive Activity.

Especially is It charged with the Great Master Harmony's direct powerful Assistance to all who sing or desire to sing; and also those who are interested or active in any kind of Constructive Music. Picture on the cover design, has been painted by our Beloved May DaCamara.

The Power to bring Perfection into the voice of all who use this song or contemplate His Picture, is tremendously focused into it, and His Power pours through it directly to all who desire to receive His Radiation.

The Picture of Him is beautiful beyond words, and we want It and this song to bring a Blessing in the musical activity of everyone on earth that will lift mankind to Perfection forever.

THE SILENT SENTINEL

This song is a tribute of Love and Blessing to the beautiful Washington Monument at Washington, D.C. It is powerfully charged with the Ascended Masters' Light Rays to pour forth Their Blessing and Almighty Protection for our Beloved United States of America.

Every time this song is played, sung, heard or the picture contemplated, the Power of the Light goes forth into every activity of our government and our people to produce Perfection and hold It eternally sustained.

The picture of the Washington Monument in cherry blossom season has been painted by our Beloved Charles Sindelar, and is an ever sustained joy to all who contemplate its exquisite beauty.

These Songs are available through the Saint Germain Press.
Price, Each $1.00 Postpaid $1.15

It will also contain information as to where the Accredited Messengers, Mr. and Mrs. G. W. Ballard and son, Donald, are teaching the Ascended Masters' Instruction on the "I AM."

INFORMATION

The information given under the heading of "Young America" will be the Ascended Masters' help to the young people for their protection and illumination, as they are the builders of the new civilization and are the channels through which the Ascended Masters will give their Light for the use of the outer world in the Golden "I AM" Age.

This magazine is not an outlet for articles from the students, but is the outpouring of the help from the Ascended Masters and has no human concepts in it.

OUR Liberty Bell whose Mighty Sound,
Traveling the planet of earth around,
Announced Life's Great Call for Freedom True
As Light's All Commanding Voice spoke through
Those Glorious Tones and brought to man
The answer for earth—God's fulfilled Plan
For our Great Country's Power and Right
To be evermore the "Cup of Light."

Our Liberty Bell does still remain
The Focus of Light whose Rays maintain
A steadily pouring Stream of Force,
To stop destruction's onrushing course;
To guard all, sustain and to enfold
America's Heart of blazing Gold;
To give her people God's Justice too
With Life and Light and Great Strength to do.

Our Liberty Bell shall yet reveal
Destruction's crack eternally sealed;
And then shall all see the Unfed Flame
Of Life's Great Word, the "Mighty I AM,"
Blaze forth such Power as none have seen—
Light blasting darkness and man between
Who came from the Light—the Source of Life
And now must be Master o'er earth's strife.

Our Liberty Bell—Our Nation's Voice,
Is Joy and Freedom of man's own choice:
It pours o'er the earth again Its Might
And through the darkness shall speak Its Light—
" 'I AM' the Way and the Open Door"!
" 'I AM' the Light forevermore"!
" 'I AM' the Truth and ever SHALL BE"!
" 'I AM' the Law of Eternity"!

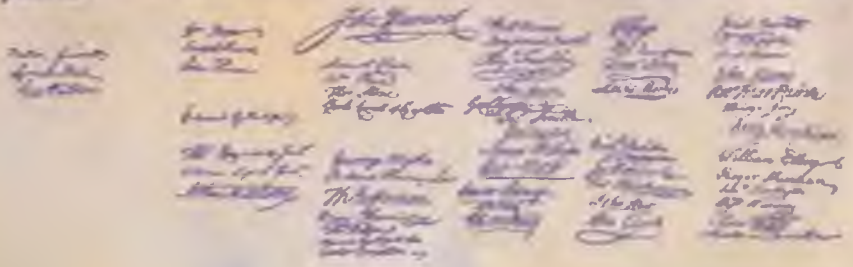
Declaration of Independence

IN CONGRESS, JULY 4, 1776

The unanimous Declaration of the thirteen united States of America,



· SAINT GERMAIN'S DISCOURSE ·

Minute Men—Washington, D. C.

May 28, 1939

THANK you, gentlemen, I greet you in the Victory of your Life! I greet you in Its Invincible Power of Action! I greet you with the Power of the Dominion of the Light within you this day!

Beloved brothers of Light, We have taken into consideration so many angles of Life, calling your attention constantly to the simple requirements. You must have observed the many great achievements in five years through the humble efforts of the Messengers and of the student body throughout America. For this illustration, we shall consider just the past six months.

We have observed and have kept absolute accurate Record of the effect of every Group throughout America which has issued these Mighty Decrees, their effect and their far-reaching power. We have not made special effort before to make a record of this far-reaching power but, at the suggestion and desire of your Great Friend, David Lloyd, I allowed to be made these Records, and the accomplishment is a magnificent thing, gentlemen.

Why was there the impulse to establish the Minute Men of Myself in America? and why did they choose and you choose to style yourselves the Minute Men of Myself? It has a far deeper significance than is yet outwardly known. Some day, I shall explain it to you. I wish to charge My own Words into the atmosphere that all this means may go on in its expansion throughout these United States to-day. The two reasons why you are here, gentlemen, are because you loved Me and stood for this

same Perfection of Light in that time long ago, in the seventy thousand year period as recorded in Unveiled Mysteries. You were all there with Me then, serving Life in that government.

Individuals have not known that it is the Light within them which draws them into this Light. It is not just human outer desires for, when you feel it is the Light within you that has drawn you to this Light, there cannot be a thing of human suggestion in the Universe which can turn you aside; because you would know the Authority of Light within you was Supreme. Therefore, the full Glory of Its Power would more quickly take Its Dominion.

Your Great Benefactor, the Archangel Michael, as well as Myself, once reigned in this land. He is also your Friend come forth to re-establish the Dominion of Perfection in America, the only point on the earth where this could be done. Gentlemen, when We make the Statement, that America is the only point where this Freedom can be established, it is made because it is TRUE.

I tried in Europe for two hundred years to establish the United States of Europe. It simply could not be done, because of the accumulated conditions there which mankind would not attempt to correct. What do you think would be the consequences in America now if you, the student body had not given this response to My Call? It would have been exactly the same as it is in Europe. You would have been in the midst of one of the most destructive wars to-day that could express upon this earth. The outer world's condition to-day is the culmination of all destructive forces upon this earth; and if it goes into a final conflagration the world will never know what destruction is until they see it.

To stop this is the thing We are pleading for and are calling the valiant loyal Americans into action to prevent. I feel definitely sure it can be done—because of that which has been held in abeyance. There are many in America who criticize and condemn the mention of the other countries of the earth and their destructive forces. Gentlemen, if America is not made acquainted with the things that are in your midst, the individuals rubbing shoulders with you would kill you as quickly as look at you, if they dared. That is the condition in which you are moving. Do you think I do not know and have prevented many times individuals attempting to destroy these Messengers, when they voice the Truth of Life with such Power.

There are two conditions which mankind resent like fury. One is the Truth concerning the activity of their sex powers and the other is the protection of America that she needs to-day. There are many in America who would shoot this Messenger in an instant, if they dared because he has told the Truth about the sex activity. He has not told mankind what they shall do but he has told them the Truth about it, whether they like It or not.

These are the conditions which this blessed one has faced throughout America these five years. Remember, while the black magicians are all seized and removed from this earth, still their claws in human form must be governed by the Power of this Light and, unless they are controlled, they will open ways to great destruction.

I observe many reports from various avenues, but I pay no attention to that kind of thing. It is what *I know* from My own observation of the

conditions that I am telling you. Since I can go anywhere in the Universe and find out what I want to find out; since there is no opposition to that which I wish to do, so far as gaining information is concerned, then I know exactly what I am talking about.

Time and again I have moved among you. Within six months, I have moved in your city five times in the tangible body, as tangible as your own; and especially in New York, because it was compulsory to release the Power to govern these things. People who sometimes feel a little vicious and who sometimes do not understand, put forth the expression: "Well if these Ascended Masters are so Powerful, why don't They do these things"? My dear beloved brothers of Light, We are free! We have the full Authority and Power at Our Call to give you that same Freedom, but if mankind will not make the call, then they will not have it. We cannot intrude anything into your octave and furthermore We would not do it.

We are making the most tremendous effort to give you your Freedom from all limitations. We have It! Would there be any reason but Love and kindness which would cause Us to want to give It to you? We could go serenely along and let mankind take care of themselves and what a mess they would be in! You do not yet realize the Friends We are to you, much as you love Us; and how I do appreciate your great Love!

Gentlemen, arouse yourselves to the Power of Light that is within you. Let It take Its Dominion and do not give power any longer to outside appearances because everything in the outer world that has the appearance of discord and limitation is but human qualified energy acting through in-

dividuals. Please do not hate individuals! Please do not hate conditions! It is true, you must be almost fiercely positive, but you do not have to be unkindly. If you feel unkind, you are again charging your world and defeating the purpose which you wish to achieve.

In the spy activity which is here and in all such conditions, if you begin to hate those people who are spies; if you begin to hate the condition they are creating, you are defeating the very purpose of your call. You can be as positive as you like, but with no feeling of unkindness, which is the Power of the Messengers. They learned that in the beginning of the carrying of this Light. They never release an ounce of unkind feeling but when it is necessary to be positive they certainly are positive—but that does not mean unkindness.

There is so much I wish to do through you and I want you to feel these points, because We are entering into the final battle here in your city. I would not attempt to tell you much of it, but We battle with the Power of Light; and there are some human beings who have been destroyed by their own viciousness. If they insist upon doing it, then it comes about, but We never destroy a human form, remember that! We turn back upon them their own viciousness, and if it is sufficient to destroy the human form the fault is theirs but We will not permit their destruction to go out and destroy those who are calling for the Light. We have come to the point where we can and will give this Assistance to the student body.

Now gentlemen, so far as your individual activity is concerned, if you will give this simple obedience to Life, I can do for each one of you the same as I have done for these Messengers; but

you must be as alert, as pure, as sincere as they are to do It. Then, I can amplify the power at your call and render a Gigantic Service for you; but I cannot do it, if you will not give the obedience required, which is harmony held within your feelings.

I know what you must meet in century after century through charging mankind with the belief in the excess sex gratification which wastes your energy. If you insist on doing it then you cannot have the energy that brings your Freedom. I may not say to you what you shall do. The Messengers do not, but We point out to you the Law. You must abide by It or not; but gentlemen, if you would live in the Purity of Perfection of Life and dismiss those abnormal desires, in a short time you would see exactly what I mean. Then, you would begin to feel a strength and buoyancy, a Power of Dominion that is impossible otherwise. One moment feeling the Current from your Presence charge through your body is worth a life time of sex gratification.

The Law of Life is that the sex is to be used only for pro-creation of your kind. The many still believe that it is necessary for relaxation. What a pity! Sure you relax, because that energy is gone, but you nearly collapse under its removal from your body. Then comes the reaction and unless you understand this Law you are lost in the maze of human desire. Mankind is not alone to blame for that, because the earth is charged with discarnate entities who have passed on through those intense desires. They are still remaining in the atmosphere of earth. Although hundreds of thousands have been removed, yet there are many remaining. If mankind does not hold the Tube of

Light Invincible about them, they will be influenced by those creatures as they pass in the atmosphere of earth.

You can sit down by an individual who has that intense desire and you will feel it act within you in a minute; but if you do not understand, that it is *not* coming from within you, you will not defend or protect yourself against it. The atmosphere of earth is charged with these undesirable qualities and until they are cleared out of the atmosphere of earth, you must move in it. You cannot help it, but you do not have to accept it into your world. You can move in your own Pure Glorious Perfection, if you so choose and so determine, but that is alone within your own province.

I want to give such Assistance and do give it to every one who gives complete obedience; but I cannot say to you that you *shall* obey. I want to give you every good thing. If you have accumulated a sufficient charge of energy about you, when you make your call, it goes forth like a charge of dynamite to render the service you require. Observe this Messenger before you! Since he has charged his feeling world with this powerful intense Energy, ever-increasing, when he makes the call for assistance to individuals, if the individual is sufficiently harmonious, the call is instantly answered thousands of times. If it is not, it is because the individual to whom it is directed is not sufficiently harmonious to allow it to come forth at the moment; but remember, the fulfilment will stand there waiting for the moment when the individual is harmonious enough and it will rush into action. That is the Power of continuous activity in your calls to Life, to Light—the "Mighty I AM Presence."

This is why in your Capital to-day, every ounce of energy is needed to be released to Us, to render this service for your city and for America which is required. Shall I explain to you just what takes place and why individuals in official positions are so often used by sinister activities? It is all hypnotic force. Take an agitator and in the people who do not think for themselves, in ten minutes he can stir the feelings of that group of people into a white heat against the thing about which he is talking. That is mass hypnosis of the feelings of the individuals, because those qualities are destructive.

Those in official places are acted upon by that same vicious force. Have you observed what tremendous attention through instruction has been given to the mental power of the world in the last forty years? Various activities, have drawn powerful attention to the mental power of mankind. If you use mental power alone, you will soon destroy yourselves. *Mental* power is magnificent, when directed by the Power of Light from the heart, but if it is just mental force, it becomes as cold and hard as steel and has no good thing within it. It will originate, generate and create the desire within mankind which makes the individuals abnormally dominant, for such individuals want to dominate everything which comes within their observation. That is what is the matter with many activities to-day.

Why do so many people in certain activities hate these Messengers and this Light? Because this Instruction teaches people to be free from the clawing domination of other human beings, thanks to the Power of Light which has brought This Understanding to mankind; for one day Its

Radiance will spread and all human beings WILL BE as free as the air they breathe. They will have the Perfection of Life flow forth naturally into their world of action and hold Its Dominion there. It has to come, no matter what you have to go through.

If your efforts are not sufficient in calling the attention of mankind to this Light, the most devastating war ever known on the earth will come here. Still, following it there will come the "Peace that passeth understanding" and the Reign of Light upon this earth; but so few will be left that it will take a long time to build up what you could protect and maintain to-day.

Do not misunderstand Me. I am not urging you, but I am speaking about mankind who should take up the Understanding of this Light and apply It for the protection of their homes, their loved ones and America, the Cup of this Light to the world. That is why when I speak of these things, do not think that I am referring to you who are making this sincere effort, who are making your dynamic application, not at all! but I am speaking of the rest of mankind, many whose attention has been drawn to This Work. For one reason or another they will not continue in the activity, except in private, which many of them are doing wonderfully; but for various reasons, business or social reasons, this has not come to quite sufficient dominion so they will step out and say to the world: "I belong to the 'Mighty I AM'." One day they will wish they had.

This Instruction is not a cult, my dear people. It is not a religion. It is the Law of your Life and the Life of every human being on the face of this earth; but if mankind do not want to understand

their own Life and have Its Perfection and Freedom, then no one can impose It upon them but you who have come thus far in this Light know something of what it means. Will you not be more firm, more dynamic in your feeling to release the energy that will bring you your supply or anything else you require and enable you to do whatever your heart desires for the expansion of This Light?

Really, when I have observed the many who have come into This Light and remain in their own positions in the business world to carry Our Light there, it is a wonderful thing because that is where We must have It now. It must come into your industries, your transportation and your productive sources. If you had observed from Our Octave of Light what has been attempted in your America, you would be amazed; and but for Us it would have succeeded. It is still hanging in the balance! Do you understand in the effort to control certain industries of these United States, there was a deliberate intent to destroy your children of America? When I say these things, I know the Law! We observe and can know their intent.

Therefore, do you wonder that We plead for mankind to make their maximum effort in their call to Light, the "Mighty I AM Presence" to prevent these things? Thanks to the Power of Light that thing is failing utterly here in your city. They have attempted the same thing as in New York and Chicago, but here in Washington, they are not gaining one thing. They almost gained their victory in Chicago and but for one there, they would have done it. As you observe in your newspapers, you find that it is not gaining power here. Make your calls gentlemen to annihilate

cause, effect, record and memory of that thing because once the control starts upon your food supply, you have opened the doors to every destructive thing.

In Germany to-day, the people are starving. They have not food enough to keep health in the body in many localities. With the unemployment condition here, you do not know quite what it means. The purpose of that is withheld but you should know that within your land certain forces are trying to prevent sufficient supply of food to sustain your people. That is the thing which confronts you.

In the attempts to curtail and destroy the crops there was a sinister thing of the most drastic kind. When food is dumped and destroyed to hold up prices, is there anything more tragic or sinister in the world? Therefore, the need of these calls to Light for the protection of such conditions is very imperative. I remind you of them that you may call in the Victory of the Light. It must be gained in the food supply. I call it to your attention, to-day, that you may make your maximum effort in your calls, so they may be continued until that whole attempt is destroyed in your city. When it is destroyed here, it will be more easy to destroy it in other places.

When a few individuals govern your food supply, you are in the most dangerous condition that mankind can come into. Then, they can take strength and energy away from you and you are their slaves. That is why those three countries of Europe are nations imprisoned, because the people dare not move out of those countries without the authority of the government and they must return. If that is not imprisonment within a nation,

what do you call it? When some of our American people go there, the individuals of those governments have the record of every one who is coming. They prepare the scene for them and make the pretense of happiness and abundance that they may carry it back here, but they do not deceive Us for one second. I want you to see and realize this.

We have never given you one false word in these reports of the conditions We have brought to you from the rest of the world or the conditions within America. We never shall, but something has to be done to arouse your patriotism, strength, power, energy and loyalty to America so you will stand against those who want to destroy it.

Therefore, remember that the Light in you is the strength, the power, the courage and dominion to release Its Powers at your call to go forth and render this service which is required. Do you know, you who are sitting in this room to-day, with your maximum effort and your absolute feeling of the dominion of your call, could do more for the protection of this city and America than all the rest of the population put together who do not know anything about it because they are accepting the appearance world as authority instead of knowing it has no power? You know how to make the call and to send it forth dynamically through your feeling, that these human conditions and limitations have no power. Then, you are the Authority of Life and it devolves upon you to make your maximum effort. If it fails you are not to blame and never even allow yourselves to feel it. I want every student in America who is loyal, earnest and sincere, to feel that if war

should come to America, do not blame yourselves for one second; for you will have protection that the rest of the world does not even imagine.

Whatever may have been your belief up to this moment, if you have not done so, make the call for your Ascension at the close of this embodiment, whether it comes to-morrow or in fifty years. I have a great Reason for reminding you. We are in a position to assist every sincere student in America and the world to his or her Ascension at the close of this embodiment, if each one will make that call and really mean it. We can do that for every one who is really sincere.

The Messenger gave you last night in class, a magnificent explanation of your Almighty Reality. I want you to feel It. Do not feel that your experiences of this embodiment can prevent it! Call on the Law of Forgiveness, then make your call with all the Authority of Life which flows into your being. Why am I asserting this so strongly to-day, and why shall I impel the Messenger to assert this in the future? Do you understand how great is My Love for you, for the student body of America and the world, and why I urge this? Because I do not want you to remain here in the conditions which would follow a devastating war. Then, do you understand My far-reaching Wisdom in wanting you to be free forever from the conditions that would follow a war of this kind?

You are deserving of Our Help because of your loyal stand to America and the Light. You are deserving of more than ordinary activity and you are having it from within. We cannot help it because many do not see it out-pictured yet. We are doing Our Utmost at your call to prepare you

from within out, which must be done. You cannot be prepared from without in. That would be contrary to the Law of Life.

I have hesitated to say this to the student body of America, but I find it must be said: "The reason why We are urging every student in the land now to call for his or her Ascension, mean it and feel that each one *can* have it, is to open the way so all who are sincere can accomplish it with Our Assistance. Under the new Dispensation, it is possible for every one who is honest and sincere. That means your Eternal Freedom, dear people. It is no idle thing I assure you.

You do not know Me yet, gentlemen. You do not know what I can do for you. When I see any human being loyal to the Light and making such magnificent effort, do you think for one moment I will fail to do for such an one what he or she cannot do for himself or herself?

I know what the conditions are that would follow a war, and if war comes into America, the whole of the earth will be in the most destructive throes that have ever been known or will be known upon this earth. That is why I do not want you to remain, if such a thing comes. I want you to go forth into your Freedom of the Ascension.

Now do you understand, why I have pled for these five years to keep war out of America? I still believe it can be done, but should it not be, We are preparing the way so every sincere earnest student may be free forever with Us, in the Great Octave of Light where you may render a Service never known on this earth. Even with all We have said, We convey but a small part of that which is there.

Those who have come from your midst recently came to Us and observed the Truth which I have told them and which Others have told them from the beginning. We cannot help but keep mentioning your fellow-student, Mr. Kelley of Los Angeles because His Enthusiasm is boundless. His Joy is quite equal to David Lloyd when He gained His Freedom. Oh if you could see Him talking to Us! I never heard such pleading in My entire experience, as that man daily makes to the Ascended Masters for the blessing and protection of his fellow-man and his fellow-students especially.

Since He has seen the Great Truth and experienced what I have said, He pleads constantly. We sometimes are compelled to ask Him to desist for a time. I think He would never stop in the pleading for the student body of America. He felt this for weeks before His Freedom came. His Joy was so boundless in the Perfect assurance within himself that He was going to gain His Victory and of course he hastened it tremendously.

You are living in the most magnificent time in the world, the two extremes of Life—this Eternal Freedom and the destructive powers of humanly qualified energy. So, gentlemen, in leaving this with you to-day, I want you to feel how great is Our Love and Our Gratitude that the Light within you was strong enough to enable you to make your application and intensify your desire for your Freedom; thereby giving assistance to the limit of your power for the blessing and protection of America. Whether it is accomplished or not, you will not be to blame. You have done your part and it could only mean that enough of mankind have not released their energy to accomplish it. Therefore, I want you to understand that you

shall never be blamed. The student body of America who have been honest, earnest and sincere, will not be to blame for whatever comes in the future.

If war should come into America, you would see some spectacles that you never believed could occur in the world. Mankind's efforts are not in vain, gentlemen. Your every effort is a step into that Great Victory and Freedom of the Light. Be firm, be dauntless in your Inner determination! Put forth no unkind feeling of any description, but call the Power of Light to take Its Dominion in your individual world, especially in your body, and give you the Power to make the calls and release the energy which your Life Stream requires you to give. That is all any one can do.

For no two who are in this room, is the requirement of your Life Stream alike. I ask each one to make the call for the maximum out-pouring of energy from his or her own Stream of Life that is demanded at this time and you will have fulfilled the requirement of Life. Do not feel that you must do some Super-human thing in order to release the maximum Power of your Life Stream. Instead, arise in the Wisdom of your Great Presence.

In reminding you that your Higher Mental Body is the Wise Intelligence that acts through you, remember It often, so you may not feel at any time that there is any lack of Intelligence or Power in your calls to do whatever is required.

I thank you and bless you forever, gentlemen, and may you feel My Currents of Light and Energy ever enfolding you to carry you forward in the Victory of what your Life wishes you to do. I thank you.

· SPECIAL NOTICE ·

This is to advise that those in charge of the school in Tenafly, N. J., which has been operating under the "I AM" Activities, have of their own free will withdrawn from Saint Germain's Instruction of the "I AM."

Therefore, Saint Germain and we, as His Messengers, withdraw our support, protection and further assistance to that school and request all loyal "I AM" Students to send their children to the "I AM" School in Los Angeles, which is standing loyal to Our Beloved Saint Germain.

MR. AND MRS. G. W. BALLARD

· *DECREES* ·

"Mighty I AM Presence" and Great Host of Ascended Masters! You come forth and release whatever is required to enable me to carry my responsibilities honorably, to discharge my duties with full Perfection and to release through me more, more and more Power and Victory of Light and harmony to do greater and greater things for the enjoyment of myself, my fellow-man and the greater Perfection of the Universe.

"Mighty I AM Presence" take the last fragment of jealousy out of me and my world, known or unknown and replace it forever by the Ascended Masters' Limitless Focus of the Unfed Flame.

"Mighty I AM Presence," CHARGE! CHARGE! CHARGE! me and my feeling world, with Saint Germain's Ascended Master Consciousness, feeling and full gathered momentum of LIMITLESS ENTHUSIASM for the Light; His willing obedience to that Light and His Determination to stand IN and FOR that Light, so help me God, until I AM Ascended in Its Radiance.

· AMERICA! GOD'S LAND OF LIGHT ·

MERICA this hour stands as a Sanctuary of Light to the whole world! It is the last surviving hope of mankind on this earth for the fulfilment of their call for Freedom and Happiness. Then, we must feel the full importance of protection to our Blessed Country and every constructive person and activity within It.

We positively can and must wipe out every force in our government and our people that would destroy the individual's hope and faith in the Constructive Power of mankind and the Universe.

Every problem of our government and the people can and must be handled only by the Constructive Powers of Life—the "Mighty I AM" and the Ascended Masters—or we will open ourselves to the combined discord in the rest of the world, which at present wants to destroy our Ideals of Freedom and Divine Justice in the True Democratic form of government.

A Power greater than human beings created this planet, supplied it with all good things and brought forth mankind upon it. That Power was and still is Super-human. We are breathing in Its Mighty Gift of Life and Light with every breath and heart-beat.

That Almighty Directing Intelligence of Cosmic Creation *is* great enough to solve Our Nation's problems and protect our people. That Supreme Wisdom and Power *is* greater than all mankind's destructive ideas or the vicious selfishness of individuals in any or all governments! It *is* the Almighty Power of Life—the "Mighty I AM Presence"!

Give It a chance by calling It into action—right in the midst of intrigue and treacherous conditions—to reveal Its Supreme Victory and Dominion over all that is unlike Its Perfection.

Blessed people of the United States of America, you and I and everyone who wants the Constructive Way of Life to be sustained on this earth must now make our supreme effort for the protection of America by this Super-human Power of Life; or you will have to handle destructive forces in our country by physical force. You and we do not want that. It is not necessary.

Take your firm unyielding stand to annihilate by the Power of Light everything that robs individuals of their hope and faith in a Supreme Intelligent Directing Power of Life and Light to control all human actions.

Every Constructive Activity in our country, our government or our people is the Power and Action of Light—the "Mighty I AM Presence"! Every good physical thing the government uses came through the activity of the people. All constructive activities of the people are the Intelligence and Power of Light—the "Mighty I AM."

Our government could not exist nor operate without the people. The people cannot continue to act without this Power of Life and Light. The whole structure of Our Country depends for its very existence upon "the Light of God that never fails." Then, let us blaze Its Power with such determination that the very intensity of the Light will force all that is not constructive out of our government, out of our country and out of every activity of our people forever!

The force of the physical sun is greater than all physical force on this earth. Just so is the force

of Light in the mental and feeling world of our people greater than the viciousness of a few individuals.

The people themselves can and must, from now on, arise and exert a force of Light powerful enough to stop every destructive plan that is being used to impose injustice and further limitation upon them.

The Ascended Masters and we have faith in the American people because the people who have been the real lovers of Freedom and Justice have been placed here by Life to protect those gifts for all mankind. Our early patriots gave their all and won those Greatest of Life's Gifts for you and me. If our good is to expand, we must protect and pass those Divine Blessings to all who follow in our footsteps.

Every thought, feeling, spoken word or act that causes any individual to lose faith in the Highest Ideals of Honesty, Honor and Purity of Life destroys the hope of mankind for happiness and Perfection.

The Ascended Masters and we are determined to hold America protected by the Power of Light and everyone who wants the Constructive Power of the Universe to rule, must now stand with a fierce determination that America and her people are not going to be sold out by vicious individuals into destructive conditions.

With all the Cosmic Power of Light and in the Name of the "Mighty I AM Presence" we say to all destructive individuals and activities on earth: "You have no power! and no weapon formed against this Light or anyone under this Radiation can ever prosper!"

For Any City:

Mighty Beloved Infinite "I AM Presence," Great Host of Ascended Masters and all Great Beings and Forces of Light! all who guard the destiny of the City of Chicago! (or any city) release all the Power of Light at Thy Command and annihilate, annihilate, annihilate everything that binds these people here. Annihilate all fear, financial and otherwise! Annihilate the acceptance of every limiting condition in this blessed City of Light! Annihilate cause, effect, record and memory of everything in this City that is less than the Purity, Victory, Freedom and Perfection of the Ascended Masters! Replace every destructive condition by Saint Germain's, Jesus', Nada's and the Great Divine Director's, the Archangel Michael's, the Goddess of Light's Almighty Power of the Sword of Blue Flame, to keep consumed forever all that is less than Thy Light. Take possession, produce Perfection, hold Dominion and raise these people into Thy Victory, the Freedom of Light. Use Chicago's own motto, "I will!"—"I AM the Presence that says forever to the people of Chicago: I will! I will! I will! the Perfection of the Ascended Masters made physically manifest here and now and held eternally sustained." We thank Thee in the Name of the "Mighty I AM Presence," the people of Chicago accept It and rise eternally free in the Light.

Substitute the name of your own city when using this decree to produce Perfection.

· NEW MUSIC AND RECORDS ·

IT IS OUR great privilege and joy to announce the release of three new pieces of music by Godfre Ray King (our Beloved Mr. G. W. Ballard). Each is charged with a Special Power to accomplish the Victory of the Light and give the Ascended Masters' Blessing to those who use or hear these compositions.

OH, WORLD VICTORIOUS

This song has been given for the purpose of releasing an Almighty Power of Light to bring the Victory of Light everywhere throughout the world for the release of mankind from all distress of every kind.

The Great Ascended Masters have decreed that the world shall be Victorious in the Light now, and our Beloved Saint Germain is the Great Authority of the Violet Consuming Flame who is bringing this Victory.

The cover design shows the three Americas held within the Wall of Steely White Light encircled by the Wall of Blue Flame. The Three Great Cosmic Beings represent the Power of the Unfed Flame, blessing the world and pouring the Light Rays everywhere to the earth.

This very remarkable picture has been painted by our Beloved May DaCamara for the visualizing activity of the people everywhere; so they may hold the picture clearly in mind.

We ask all the students to feel the Great Power which this picture releases and every time the music is used, remember to send forth your decree for the Light to make the whole world victorious.

This song is dedicated to the City of Detroit.

THE VOICE OF THE PRESENCE

This song is an Out-pouring of Love and Blessing from our Beloved Cosmic Master, Harmony. It has been given as a powerful means of assisting all who sing, love or are interested in music or the holding of the Power of Harmony for the accomplishment of any Constructive Activity.

Especially is It charged with the Great Master Harmony's direct powerful Assistance to all who sing or desire to sing; and also those who are interested or active in any kind of Constructive Music. Picture on the cover design, has been painted by our Beloved May DaCamara.

The Power to bring Perfection into the voice of all who use this song or contemplate His Picture, is tremendously focused into it, and His Power pours through it directly to all who desire to receive His Radiation.

The Picture of Him is beautiful beyond words, and we want It and this song to bring a Blessing in the musical activity of everyone on earth that will lift mankind to Perfection forever.

THE SILENT SENTINEL

This song is a tribute of Love and Blessing to the beautiful Washington Monument at Washington, D.C. It is powerfully charged with the Ascended Masters' Light Rays to pour forth Their Blessing and Almighty Protection for our Beloved United States of America.

Every time this song is played, sung, heard or the picture contemplated, the Power of the Light goes forth into every activity of our government and our people to produce Perfection and hold It eternally sustained.

The picture of the Washington Monument in cherry blossom season has been painted by our Beloved Charles Sindelar, and is an ever sustained joy to all who contemplate its exquisite beauty.

These Songs are available through the Saint Germain Press.
Price, Each $1.00 Postpaid $1.15

I AM GROUP

"I AM" THE DOOR

"I AM" THE DOOR

AM" the Door to Realms of Light,
"I AM" the Key to Their Great Height,
"I AM" the Breath of Life in you,
"I AM" the Power in all you do!

Who is this Being that says "I AM,"
Is that the world's report of man?
No! what man seems is but the shell
Wherein all Light should really dwell!

"I AM" the Joy you want to be,
"I AM" the Self that's always Free,
"I AM" the Flame from out the Sun,
"I AM" your Source—the Causeless One!

What is this Self that I call me,
That struggles so to live and see,
Can I not too, BE and adore
The Causeless Cause forevermore?

"I AM" the Light by which you live,
"I AM" the One who can but give,
"I AM" the ALL—can you not see,
"I AM" the Self—you ought to be?

Then tell me how, I do implore
To enter thru Life's Sacred Door;
I call to You—come! take me thru
The Door of White that leads to you!

"I AM" the Key to all beyond,
"I AM" the Door that you have found,
"I AM" the Light that swings It wide,
"I AM" the Being Who dwells inside.

"I AM"! I come! I dwell with Thee!
Thou art my Home and e'er shall be;
Before Thy Door of White and Gold,
I lay my all—this me—behold!

"I AM" Yourself—the Unfed Flame,
"I AM" the Life that gave you name,
"I AM" Perfection you shall see,
"I AM" Supreme—your Victory!

The Door swings wide, I enter in
And gaze on all that I have been,
But standing now with Arms raised high,
Myself I see—Who cannot die!

"I AM" the Call within your Life,
"I AM" the Power that stills your strife,
"I AM" Your Presence evermore
"I AM" "I AM"—"I AM" the Door!

· MIGHTY COSMOS' DISCOURSE ·

"I AM" Temple—Los Angeles, Calif.
Patriotic Night—July 22, 1939

BELOVED children of the Ever-increasing Light, I greet you in the Name of America's Cosmic Victory!

What a pity all mankind cannot at once understand the Magnificent Glory and Freedom which Saint Germain has brought to you and all It means. I trust ere I have finished, you will understand things that you have never dreamed were possible.

My coming forth, to-night, to hold your attention is for a great Cosmic Purpose in the Onrushing Power of the Cosmic Light which America needs and which her people need at this time. Within the hour there have been sent to this earth two of the Secret Rays, making nine to this earth, two of which the outer world has never known.

Before proceeding, I want you as the student body in America to realize your part for you who have stood so loyal to the Messengers, to the Light and Saint Germain, have been this magnificent Magnet of Power which has drawn Me to the earth and with Me these two Secret Rays. That means the Victory of the Light, the Light of God that never fails upon this earth! (applause—audience rising)

Thank you most kindly. It is necessary to review a few points so you may comprehend more readily what I shall say to you. Various achievements have been brought to your attention—for instance the dissolving of the war entity of Europe, the changing or dissolving of the substance in the atmosphere over and around America, the removing of great numbers of discarnates. The

recent Mighty Activities that took place during your Supreme Class, in which such achievement for America and the world was attained, have made this possible to-night.

This hour within a thousand years was the only time in which this could have been done. Since it is within the center of that one thousand years, if it had not come forth to-night, you would have had to wait five hundred years.

I ask you to observe this marvel! Oh children please, in the Name of your God, the "Mighty I AM Presence," put doubt out of your minds! When you see the Powers of God on earth manifesting constantly, how can people be so insane as to allow the doubt from human conditions to rush into their minds and deprive them of the Light? It is time mankind stopped this foolishness and come now into the Light of their Freedom which is handed to them in the Glory of Light, as the Gift of Light!

Silence forever these infamous human doubts and fears. Good heavens, mankind have before them the most Infinite Proof of the Power of this Light ever expressed on this earth and puny human beings try to pick flaws in the Greatest Law that has ever come or ever will come on this earth. I am here as Representative of the Greatest Action that has ever come to this earth in two and a half million years. (applause) The insane human beings that try to spread doubt concerning the Glory of these Messengers, this Light or the Beloved Saint Germain, should be shut up forever. They are binding themselves with that to which your prison walls of your earth are no comparison. I warn them this once and for the last time!

It makes no difference to Us who comes into the Light or who stays out, but when people have had the Magnificent Opportunity they have, then I warn you Children of the Light, let no doubt in the future enter your minds, if you want to be free and enter into the Glory of that which starts to-night.

These two Rays, making the Power of the Unfed Flame to this earth are the Power of the Three times Three. It is here to-night! (applause) I ask you beloved ones, since We are Beings of Infinite Light, Power and Intelligence, what can the human tell Us, when We can bring to you a thousand volumes of which you never heard? Yet they are the great Laws of Life and one day every one in America shall awaken (applause) whether they want to or not. Dear people, you are dealing with Law from to-night! You are not dealing with human opinions. The foolish individuals and their assertions of human opinions against the Light, will find their own destructive power closing in upon them.

I tell you and I say to the Staff, this Messenger last night, when he referred to the Great Release forever silencing every destructive individual toward this Light, it was true—because to-night starts the Glory of Its Mighty Action to mankind. (applause) You will see an Activity in your America beginning to-night that you have never seen. The revealing of destructive individuals and the bringing forth of evidence to the people of America against spies, which is their conviction, will surpass anything you have ever known on this earth! (applause)

The claws of the destructive activity in your nation will see and know that their power has

ceased forever! (applause) It is time the people awakened and make such human nonsense stop, when mankind has had this magnificent Opportunity for five years to understand and see the Magnificence of this Great Law. People should straighten up, enter into the action of this Law and know the Freedom which It is to them. Let all who want to, turn aside! It makes no difference to Us now because there are enough in America making the call, with this release to-night.

If you think the Goddess of Justice means business, then I want you to realize I too mean business; (applause) but I tell you frankly, beloved ones who are here, spread this Word everywhere —no longer will human viciousness be tolerated! I say to the students or those who are pretending to be students, you had better never been born than to continue any more deceit toward This Work (applause) because, to-night, I have commanded that K-17 add Legions to His Army of Light to do His Command! (applause) Therefore, beloved ones, do not cease in your calls. Keep them up, for you can go forward in a greater joy from to-night than you have ever known in your lives. (applause)

I say to these beloved Messengers: "Be of good cheer! the All-powerful Light is back of you a million fold (applause) and your magnificent courage and strength, never known before on this earth, has brought about this magnificent Almighty Glory which has been released to-night." (applause)

Remember children of earth and Children of the Light, you who give earnest attention to the Light will never be forgotten by It. Remember,

the Light is you! Those forms you are wearing are but garments. You have cast them aside innumerable times. To-night, you stand in those bodies which can be your Eternal Freedom in your Ascension. (applause) Previously in your various embodiments your bodies have not been so important, but I say to you these bodies tonight are more important to you than ever before in the hundreds and thousands of embodiments you have lived. Treasure them, purify them!

Wretched human beings condemn the Messenger because he has brought and has given forth the Law concerning the sex activity which gives Purity and Freedom to these bodies. Now that the Great Presence of Life can utilize the Perfect Substance to draw It into the etheric body and give you your Ascension in this embodiment, good heavens on earth, people! awaken! Do you want to go on in those habits, dear people, sex and otherwise and spend ten more embodiments again coming to the point of Freedom which you can have in this one?

You are dealing with Law, you are not dealing with your own desire! If you cannot control it, it is too bad for you! Pleading has ceased, dear people! The Law is in command and the Goddess of Justice and Myself are in command of the activity of this earth! (applause) I say to everyone of you frankly. Every effort will be made to help those who call to keep from turning aside from this Light. Make up your mind, for you are not longer going to sit on the fence. You are going to choose one way or the other! Either walk out of this Light or stay in It with all you are. (applause)

I am the First One who has ever mentioned to you, that now is your testing time. The Messengers have had Infinite Patience. Your Saint Germain has had Infinite Patience, but that has ceased. The Great Cosmic Law has taken command this night and mankind is no longer dealing with the Mercy of the Ascended Masters. Do not forget it, dear people; and I ask the Messenger, Lotus, to see that this goes in the magazine. (applause)

The people of earth must know, that with all the beloved Saint Germain's and the Other Ascended Masters' pleading with mankind, pleading, pleading and pleading if it would have been possible, Their Hearts would have broken. However, with the Ascended Masters such a thing is not possible, but when They plead, plead and plead, then mankind chooses to go on and on and ignore Their pleading, there comes the Action of the Great Cosmic Law which ignores the human being and demands the Law of Life take Its Action.

So remember you are dealing with Law, the Law of Life and no longer may mercy be shown to those who wilfully turn away from this Light. I tell you, beloved ones, it will be very well if you listen to Me to-night because I Am the Law of One of These Mighty Secret Rays which have come forth, of which the outer world shall never know. Scientific minds in the outer world shall not have an opportunity to pass human opinions concerning It! When mankind have advanced enough in the incoming Golden Age, it will be revealed! Then they will know and all army, navy, penal institutions and hospitals will cease to exist within your land. (applause)

Puny human beings pit themselves against this Great Law! Oh, how can such a thing be, when once they have had the opportunity of knowing? Dear people you must choose now! Do you wonder why there has been such turmoil throughout the student body of America? Because the testing time is here and every one is going to decide whether he is coming into the Light or going down. They who go down will go into and be held in the compound between heaven and earth and there they will remain God knows how long. Puny human minds had better stop their viciousness if they do not want to go there. I am telling you the Truth, accept It or not! Too late, they will find themselves there.

Dear Group Leaders, do not be concerned any more, about any stories, vicious or otherwise, that are brought to you. Simply say: "I do not care to listen to any more of it, that time is past." Go on serenely with your work, calling the Powers of Light into action.

The Messengers for five years have spent endless, limitless energy, in calling the people's attention to the requirements. Now their call for the Light will take Its Command. There is no vicious individual nor all put together who can touch or harm This Work. (applause) They have waited too long. They have thought as before that they had eternity, but they will find their great mistake. Therefore, tell those who oppose this Light: "either come in or get out"! (applause)

You may not know this through outer records, but you will remember the Great Powers to which your Beloved Ascended Master, Jesus, referred when He said the day would arise in the

distant future when satan would be bound for a thousand years. I say to you, satan will be bound for eternity (applause) and who is satan, will you tell Me? Oh no, satan is not a being with horns and a long tail. Satan is your own human creation and that is what the Great Master referred to, but human minds have chosen to make it an individual.

Oh, dear people, what a tragedy there is in the human opinions upon this earth, the mis-concepts and misunderstandings of Life that have led people so far astray! Now you will return to the home from which your human creations have led you for so long.

I ask you to-night, under the Power of that which I release, to call the "I AM Presence" to use the Violet Consuming Flame as you never did in your lives. You who are so sincere and earnest to this Light, take your minds off human beings who choose to turn aside from this Light. Place them in the hands of their Presence. Forget them! You take command of yourself and your world and go forward to Victory. You cannot longer pull somebody along or carry them on your back.

I say to you: Glorious, Glorious is this night and I congratulate your beloved Ratana for establishing a night to America. (applause) The Light of America is as of a Great Being. It is the Freedom of you and the world. I cannot say to you the "soul" of America, for the soul of America or that which human beings have imposed upon America, will shortly be dissolved and the Glory of the Light of America will take Its Command through human beings. Never think of this Great Light as the soul of America but as the Freedom of America. The soul of America will

soon disappear and in its place will come the Great Cosmic Light, upon which human qualities can be no longer imposed. (applause)

You who have lived throughout the many many centuries, Oh try to-night my dear people, try to-night to understand all that this means to you! So many times when the Great Ones have brought Great Victories to you, for the moment while in the Radiance you felt the Reality—but when you stepped out, you did not feel the enthusiasm continue. That enthusiasm is what you need, dear people of earth. Enthusiasm for your Freedom, for your Ascension is enthusiasm for the Freedom of America. It is that great Inner releasing of Power and Action from the Presence of All Life. Your enthusiasm means happiness and the release of the Substance and Power of Light through your human forms which must be continued here in order that you may furnish what the Cosmic Light requires, in the inter-blending of the substance of earth and heaven, to bring about heavenly Perfection here upon earth.

No longer shall mankind cry out to go into the Octave of Light, for the Octave of Light is coming to you (applause) by the Force and Power of Its Mighty Action! Try to feel It to-night, beloved ones!

I am doing all the Law of your Being permits to anchor and charge into your feeling world the stability which makes you the Power, the Glory and the Victory of this Light, so not a doubt will ever touch your minds again; so you will stand in this Glory and never listen to one word of gossip. Your own Freedom is at stake, beloved ones. You cannot afford to do it!

Whether you believe what I am saying or not, you will find it is true. So is everything the Messengers have given you true. Dear ones, better had a rattle-snake woven itself in among you than the poisonous breath of doubt. (applause) The ones who doubt to-day and deprive themselves of their Freedom in this embodiment, will wait a long long time. Opportunity is here! Seize her, if you value anything for yourselves in the future. It is said by some that opportunity knocks but once at your door. In this embodiment, opportunity has never stopped knocking but opportunity WILL stop knocking to those who wilfully turn aside through doubt. There is no excuse on the face of this earth for a single human being doubting this Light, these Messengers, Saint Germain or the proof He has brought forth! (applause) That thing is pure human viciousness and nothing else! Understand it for what it is and free yourselves!

If you do not mind standing for a few moments, dear people, I repeat what has been said to you so many times: these Messengers represent the Light of Freedom to the world. (applause) Saint Germain made them His Messengers! They are and shall forever remain His Messengers! (applause) He brought this Great Light and Freedom to mankind, every Word of which is the Truth. (applause) You will never find anything half as great and It will last for thousands and thousands of years as the Law to this earth. (applause)

These books of Saint Germain's are priceless to mankind to-day (applause) and human beings upon this earth had better find it out. Let Me tell you their time is getting shorter all the time. The people who have hesitated to come out and let the

world know that they are in sympathy with this Great Light, had better come forth now and let the world know.

Do you realize as you stand here, that there are twenty people in America who accept this Great Light fully and who if they would come forth and assert it to the world, could turn half of the population of America to this Great Light within one year? Will they have the strength to do it? You know your Law, do you not? (applause) Then you know what to do! (applause) That will be a very valuable doing.

Oh, my precious people, I want to say to you with the greatest fulness of Love that has been in My Heart in a long long time; when I see within this room and city the Light which is going up from the people who are loyal to this Light which Saint Germain has brought forth, I too, am quite frank to say My Heart is considerably larger than ordinary. (applause)

Perhaps you cannot quite conceive, perhaps you can—I shall not limit you—what My Presence with you means to-night. One by One, We have come forth for the Blessing and Freedom of you blessed ones in America. Oh, for the day that you realize fully what your loyalty to this Great Light has meant! Oh my dear people, nothing in all the time that you have lived upon this earth can touch the Magnificence of this Glory which is yours to-night.

As you go forth and move among mankind tomorrow, for God's sake do not forget to-night! Remind yourselves of it; remind yourselves of the Goddess of Justice, Myself and your Beloved Saint Germain! (applause)

I say to you again and I cannot tell, it may be the last time it will ever be said: "Silence every tongue that speaks a falsehood or any destructive thing concerning the Messengers or This Light"! (applause—audience rising) The reason is this, dear ones. You cannot compel the Freedom of others, but if you let them destroy you, then you are to blame. It is quite up to you now! I give you this Prompting and so far as I see now, I will not give It again for you know these Great Laws!

You know the pleading of the Messengers to keep inharmony and discord out of your world, that the Powers of Light may render this Magnificent Service. Many of you are doing it wonderfully, magnificently. It is a pitiful thing, as We have observed even to-night within the Northern part of your state, how the poisonous breath of doubt is trying to spread its venom there as well as here. You know, if you put a scorpion within a circle of fire it stings itself to death. That is where vicious individuals are placing themselves to-night—within the Circle of Blue Flame and if they do not stop it, they will sting themselves to death! (applause)

Many have intimated this to you, but I speak the Truth to you in plain words. You have been told that the viciousness one day would close in upon all those who call it forth! That day has arrived! (applause) Please keep your mind off those things as much as possible. Stop thinking of it, discussing it or revolving it in thought or feeling. It is important that you take your mind off persons, places or conditions which are destructive and charge your Higher Mental Body to see that you do do it. Then, you will have no difficulty.

My dear people, in all that was given you in the Great Supreme Class, to-night I will try while you are standing, to make this Power a little more definite to you, a little more tangible. You have understood that your Beloved Saint Germain is the Law of the Violet Ray to this earth. That is quite true. I shall not tell you the colors of these other two Rays to-night, but One Ray has come to sweep this earth and It will play upon the Americas from border to border and from pole to pole through this part of the Western hemisphere.

I rejoice for those people in South America and the Goddess of Light is rejoicing, to-night, as never before because it is the final fulfilment of all She has long desired to bring about in South America. So you see, if you keep yourselves clear of confusion, how magnificent this Great Law works for individuals, for nations and for those who have been created, as you heard to-night, of Divine origin, seeking only Freedom and Happiness for mankind.

Is that not a most worthy magnificent attitude of a nation? This nation, the United States of America, has sustained it throughout until recently, when her very foundation is being threatened. You would have been lost without your Beloved Saint Germain. That is what He means to you, beloved people. (applause)

Remember, Oh beloved Students of the Light, in all your service in the world of industry, in everything that is in your custody, you are but temporary guardians of it. This will help you so much to keep the Glory of Life flowing in Its Magnificent Majesty and Power in and through you, to render whatever service is required.

Since the Work is finished may I offer a suggestion, that you may see, how readily you respond to the Light, when you give It a chance. You thought you were doing Me honor when you rose to your feet. Oh, that is only a part of it. I am grateful for that, but the Great Light within you brought you to your feet when certain Currents of Light were ready to act. Oh see, beloved ones, how you do respond to this Great Light! Cast everything else aside, then you will move in the full Power, Action and Directing Intelligence of this Great Light and all human mistakes will cease.

Be not terrified in the future by human conditions that confront you. Be not dismayed! Say to such an appearance: "Be thou gone! 'Mighty I AM' sweep Your Mighty Light Rays in there! bring Divine Justice and Divine Order! bring the supply I require from my Treasure-house." Be firm and unyielding and see how quickly all conditions that have limited you will know that you are their master.

What do you think these conditions and the world of human creation are, dear people? Oh, do you not see they are just your own human creation which have bound you in chains of feeling? They have frightened and terrified you so long, but no more! You can look them straight in the face and say with a smile, instead of being white with fear: "You poor unfortunate thing, even though you are my creation, still 'I AM' your Master; still is the Light within this human form your master! Get on your knees before this Light and never again try to assert yourself or limit me." (applause)

Just as this beloved Messenger said on the street in Los Angeles, to his human self: "You have scared me for the last time. You have no power"! and he has been its master ever since. It is only your accumulations that try to terrify, limit and frighten you. They have no power! When you will say with intense feeling to them, that they have no power, they will know you have become their Master, and they will know quite readily. Why? Because this Light is the Commanding Presence of all human creation! Assert it! Be firm and unyielding!

It matters not what your condition is to-night in the outer world, say to it: "You have no power! You are helpless to frighten, affect or limit me again. I refuse to accept you any longer! 'I AM' by the Power of this Light of my Presence, your Master." My dear ones, do you quite understand what is the Meaning and the Power released in the Words I am speaking to you now? When you say to a thing that is of yours or anyone's else human creation: "You have no power! 'I AM' your master"! if you will accept that Authority in its fulness right then and there, you become the Master over those conditions which frighten you or cause anxiety any longer. Your call then to the Presence in great firmness will release Its Intelligence, Power, Light and Energy to go forth—not only dissolving the condition, but bringing you what you require in serving the Light. Take the Authority to-night over all those outer limiting conditions of destruction and say: "You have no power! 'I AM' your Master"!

Why have the individuals throughout the centuries who have taken command of outer things been called masters? Because they were! Because

they were master over conditions, over human things, master over substance and energy. When one has become that, he or she is entitled to the name "Master." However, there are a lot of individuals in your America who think they are masters, but they have a long way to go, so be not deceived.

Your orthodox friends are saying that these glorious beloved Messengers are fiends of satan. Isn't that too bad? So remember you must choose now. Mark what I tell you, my dear precious people of earth, one day it shall be known throughout the earth and the Cosmic Records shall be brought into visibility of who these Messengers are, (applause—audience rising) and why they have rendered this service throughout the centuries of which you have but an inkling.

Remember dear, dear people, Our Gratitude to you for your loyalty to the Messengers and this Light is beyond all description, for you mean the release of the earth from all destruction and without you, it would be impossible. Not only are you gaining your Freedom in all ways and your Ascension, but you are that which is producing the Freedom for the rest of the world. In these Mighty Decrees which you are sending forth, please understand the majestic almighty service that you are rendering. Never forget in your application, that the mental and feeling world of mankind are one and in the mental and feeling world, there go forth these Mighty Waves, these Mighty Pulsations of Light.

In My closing Words, I want to inform you that to-night for the first time this Complete Oneness is established, reaching all students throughout America and the world. This Ra-

diance, to-night and henceforth in the classes of the Messengers, will always be established in the beginning of the class and remain throughout. This Vibratory Action goes forth to render Its Service to all who are sincere in the land, who will keep anchored in the Light. It will be easier to hold their attention upon It and have Freedom from listening to discordant things. It means everything.

I say to you earnest, sincere students, be not dismayed if a few individuals turn aside from this Light. It is only a fragment of the great number of people who are loyal to It. It is their Freedom, if they wish to turn aside, do not be bothered or concern yourselves! Go on in your Joy, Happiness and Freedom. Forget them! Those who turn aside, I say to you are out-casts from the children of earth. Watch it and see! All We say to you, the Great Law proves! Just give It time and you will see the proof, but from now on, it will come very much more rapidly.

We would like to see all come into the Light and have their Freedom, but mankind have intelligence with which to act. Let Me add one more word. My dear people, remember not one of you knows anything about your accumulation of the past. Most of these individuals who have turned aside have been those who would not call the "I AM Presence" to use the Violet Consuming Flame efficiently and when they became violently discordant, the whole of their past accumulation rushed in upon them and they were lost. Take that warning and prompting to yourself! Call the Presence to set that Violet Consuming Flame into action every moment of the twenty-four hours and keep It surging through

your body like water through a hose under great hydraulic pressure, so It sweeps out every discordant thing which you have ever created. Since no one knows what your accumulation is, do not take any chances. Use the Violet Consuming Flame. It will not hurt you, but It will keep from coming into expression whatever the destructive accumulations of the past were—of that you can be sure.

Therefore, take advantage of My Assistance to-night, when this Magnificent Opportunity is being offered. My dear people why will you not see the necessity of doing this? Pardon Me if I say so, but many of you are still not seeing it. Why will you not take the Promptings that Saint Germain has given the Messengers? Call your Higher Mental Body into action, to set that Violet Consuming Flame into action and see that It is sustained in Its dynamic action with Infinite Power. My goodness, then if your outer mind forgot, it would still go on rendering that Service.

Do you not see, my dear people, there is no excuse for not being free these days, when your Higher Mental Body will take up your command and carry it out with the full Strength and Power which belongs to It? If you make the mistake of trying to do this with your outer self, you are wasting your time. You must use your outer self to make the call for your Higher Mental Body to stand guard and do these things. You cannot do them physically, except to call on your Higher Mental Body which is the Director of the energy that renders this service to you. Do not forget it. That is why, dear ones, charge, charge, charge your Higher Mental Body to render this service.

My goodness, of course you do not hear but a little of it, but you must observe the magnificent work in every one of these classes and in between, done by the call of this Messenger. He makes one dynamic call and in thousands of instances the healings and release come to the people instantly. His Higher Mental Body does it. Your Higher Mental Body is as strong as his, but you do not quite believe that. Of course he has gained a powerful momentum, there is no question about that, but you have got to do something too. Why not get into business and do it now?

I am sure you do see this to-night! I am sure you do see that you are the Master over yourselves and all conditions that confront your world. Oh, accept it and do not wonder any more. Please do not think that I am scolding you. Oh, you dear ones, when Our Love is so great, when We assert these Positive Forces, you can just take it as a signal that Glorious Things are being done for you. (applause)

My Power of Divine Love and this Mighty Secret Ray which I wield and represent enfolds every one of you to-night, who is sincere. It will not touch one who has doubt but to every one who is so loyal and sincere, It will enfold. It will enfold everyone in America and the world to-night—before the dawn to-morrow. Therefore, accept It with all that It means to you. I cannot describe It further, because minds in the outer world would take It up and jump at all kinds of conclusions. I may not give you further information concerning It to-night, but we shall see in the future.

Remember, you are Children of the Light! That Light is you, is your Victory, for "I AM" that Light and Its Victory.

Perhaps I should say two more things to you. I ask you to take a few moments to contemplate within yourselves what I am going to say. Do you understand My Position to your own Light? In that which I represent to the earth for the time being, just how long It shall continue I may not say to-night, but I represent to you exactly what your own Life Stream represents to you. Let that be a cue for you, if you will.

Therefore may you rejoice over this evening and may We all cherish it as a Glorious Memory in your Pilgrimage to Freedom, in your Pilgrimage to your Ascension. I thank you with all My Heart. (applause)

· DECREE ·

"Mighty I AM Presence" and Great Host of Ascended Masters! project Thy Mighty Cosmic Light Rays into that human discord! Charge all the energy within it with Thy Power of Light and explode It through every bit of destructive quality and substance—replacing it with the Perfection of the Unfed Flame, eternally sustained.

"Mighty I AM Presence", Great Host of Ascended Masters and the Higher Mental Body of the twenty people in America who have already accepted this Ascended Master "I AM" Instruction and who can lead half of our population into this Victory and Freedom of Light! charge them with the Ascended Jesus Christ Consciousness, Courage, Strength and Power to render this service for the Ascended Masters' Protection of America and the Freedom, Divine Justice and Ascension for themselves and all.

· SWORD OF BLUE FLAME ·

Saint Germain's Instruction given at the Shrine Class

STAND alone in your room, turning your attention to the "Mighty I AM Presence." Still yourselves all possible, then extend your hand—it does not make any difference whether you see it or not—and accept the Sword of Blue Flame in your hand. Then, feel your Higher Mental Body enfold your hand with Its Hand. Call to your Higher Mental Body to cut you free with that Sword of Blue Flame from every line of force that has ever gone out from you in any life-time.

Many of you will have the most astounding relief and release, so call that to be eternally sustained. Just slowly lift your hand and move it about, as if you were cutting all those lines of force free. Turn completely around as you do this, being conscious of the Sword of Blue Flame in your hand. Feel Its Invincible Power with intensity and you will once and forever sever all those lines of force from your central heart of activity which you have ever sent forth to connect with discordant conditions.

Then call to your Higher Mental Body to send a Ray of Blue Flame to the furthest points where any line has been thrown out and consume them to their ends. This is a tremendous service which you can render yourselves. Remember this is the Authority of your Presence; it is the Activity of your Higher Mental Body acting through the human arm.

It is very necessary at this time. You see beloved students, never in the history of the world have the vicious forces tried to destroy something

in which they have not succeeded, until they contacted this Activity. Then, do you understand how bitter and how terrific is the hatred of that destructive force of mankind toward us It sometimes actually acts through individuals, but do not forget individuals in the human form are the least We have to contend with.

We have not said much about it recently, as so many of the discarnate entities have been taken from the earth, but there are still plenty left. Do not be off guard. The expansion of the Light within the great body of students is sufficient to repel most of them. There are a few who need to make very dynamic application—and all should for that matter. The fear in those discarnate entities knows no limit, when they contact the sharp points of intense Light. When those Powerful Scintillating Rays go out from an individual the entities will not come near.

. . .

· OUR LOVE AND GRATITUDE ·

E wish to thank each and everyone for your Love, kindness and gifts of such joy and glory sent for Mother's Day and our birthdays. May everything we have received be multiplied and amplified a million fold and return to you as the fulness of each one's Ascension; and the complete Power and Victory of the Light give you every good thing until then.

May every morning be a birthday of Light, Love, Victory, Divine Justice and Perfection in all you contact; and each moment be filled with Ascended Master Joy eternal.

Lovingly,
MR. AND MRS. G. W. BALLARD

· REGARDING CARDINAL BONZANO'S · · ASCENSION ·

JUST received a very commanding letter concerning the Ascension of Cardinal Bonzano stating the individuals had gone to the records and found that He passed on eighteen months after they were at the Eucharistic Congress in Chicago. What of it? Certainly He did!

This New Dispensation for the Ascension had not come forth and was not known to the outer world but it did operate for Him at that time because of the service He had rendered in many past embodiments. At the time of that magnificent activity of the Eucharistic Congress in Chicago, He became so lifted that the purified substance of His physical body was drawn into the etheric body; and, while the physical body remained during those months, yet it was but a shell and the Ascension was accomplished there at that time. Who of you are to say what the Great Law of Life may do?

DIVINE DIRECTOR'S DISCOURSE—July 1936 Voice of the "I AM," p. 18

"Beloved ones, convey everywhere you go—where you can have harmonious ears—that there

is no death. Never did such a thing exist in the history of the world, for only the distortion of mankind's ideas have clouded the intellect, until human beings have imagined all kinds of things. Time after time, the great Light is revealing to mankind, that there is no death. The individual who has passed on has but changed garments, as you do in the winter and summer—changed garments which gives that one greater Freedom. What a beautiful thing, dear hearts!

"Yet the tragedy and sorrow in the misunderstanding of this Mighty Truth is appalling. The most beautiful thing on the face of the earth is the release of mankind into those other Garments of a finer quality, that the individual might raise and be free from discord—for a while. Oh, do not ever again let the thought of death discourage you at the passing of someone. In that change of garments think of it as a change into the higher Garments of Light, which should be the greatest joy to every human being in the world.

"The Blessings and Light, the Courage and Strength of the Great Host of Ascended Masters, the Legion of Light and the Great White Brotherhood throughout the earth, call you into the Perfection of your "Mighty I AM Presence," and as the Light within your hearts permits, do They give every assistance possible to quicken that Light and hasten your Freedom from the earth."

INVOCATION—P. 219—"I AM" Discourses

HOU Majestic Presence of the Ascended Jesus Christ! Thou who hast gained Thy Eternal Dominion over all things, Thou who rests serene in the Heart of the Eternal Father, pouring forth Thy Wondrous Radiance, enfolding all mankind! We give praise and thanks to Thee. Our hearts fill with great rejoicing that the Ascended Host with Thee see and manipulate the dawning, Eternal Light for the Blessing of humanity."

ENTITY DECREE—August 1936 Voice of the I AM, No. 4

" 'Mighty I AM Presence,' and Great Host of Ascended Masters! take quick command here! Seize, bind and remove instantly all entities within and around _____, take possession of all and produce Your Perfection here forever! It is finished and I thank you!"

SAINT GERMAIN'S WORDS CONCERNING THE NEW DISPENSATION—December 1938 Voice.

"Beloved Children of the Light, I want you to see and feel the reward which Life has chosen to

give to certain individuals whose Stream of Life permits. In all ages past, the Ascension could only be made by taking the purified physical body into the Higher Mental Body, as the Messenger has explained to you. Through the intercession of the Goddess of Light, the Goddess of Liberty and the Mighty Victory, who went to Sanat Kumara, a Gift of Love is being offered to the mankind of earth.

"It means this: There will be certain ones among the students for whom at the time of passing, not otherwise being able to complete the Ascension in this embodiment, the purified Essence of the physical body will be drawn into the etheric body. In this way, they will be permitted to make the Ascension while the outer structure, the discord of the human form remains here. That assistance is the most magnificent thing ever offered to mankind by Life . . . It is a tremendous thing! That is what Life is offering you for your earnest determined sincerity and obedience to Life."

PERSONAL TALK CONCERNING DECEASED
(If desired by family)

SOLO—The Ascension

POEM—The Great Great Silence, First Episode

BENEDICTION—P. 240, "I AM" Discourses.

"Thou Mighty, All-pervading, Infinite Presence, 'I AM'! we give forth our gratitude to Thee that we have found Thee, that we acknowledge Thee, the All-powerful Creator, making Thyself fully visible in our every need, in our full illumination, in our full Mastery, and Dominion over all outer things. We thank Thee that Thou art the All-pervading Presence, and that Thou dost with Thy Strength and Wisdom impel Thy Perfection everywhere."

· NOTICE 1 ·

ECAUSE there have been so many Decrees circulated that neither Saint Germain nor we have ever given to the students, from now on We ask all Group Leaders and students not to use any Decrees or Information unless it comes out in the books, the magazines or under the personal signature of Mr. and Mrs. G. W. Ballard. Many have been using the words "Property of Saint Germain Press" on these Decrees, without any authority to do so, and we have never even seen the Decrees.

MR. AND MRS. G. W. BALLARD

· NOTICE 2 ·

S previously stated we do *now* and always have reserved the right to make all arrangements with the Radio Broadcasting Companies for personal broadcasts, class broadcasts and Transcriptions; and we again ask the Students or Group Leaders not to attempt to contact the Radio Stations or any individual connected therewith. The Radio Broadcasting must come under our personal direction and be handled exclusively through our Agent.

We trust all students will give obedience to this request in the future and save us endless correspondence and avoid confusion and delay.

Students can assist in the Radio activities by calling to the "Mighty I AM Presence" and Ascended Ones to sweep into all Radio channels and blast and annihilate all opposition and interference with the expansion of this Light through all channels of the Radio. Also to clear the way and see that a national-hook up is provided.

MR. AND MRS. G. W. BALLARD

· DECREE ·

"Mighty I AM Presence," and Great Cosmic Beings from the Great Central Sun! charge! charge! charge! ten times more than is required of Thy Cosmic Light everywhere in America, our country, God's country, the "I AM" country, the Land of the Light of God that never fails. Charge that Light forth with such power that it overwhelms all that is not of the Light; and in the Name of the "Mighty I AM Presence" I command that no weapon prospers that is formed against the United States of America or her people, against her freedom, her Divine Justice and her limitless supply to those people.

Loose whatever Power is required to hold the Victory and Power of the Light as the only governing force within Our Land forever, and we thank Thee it is done and eternally sustained.

FOR BUSINESS DEALS:

"Mighty I AM Presence" send a Cosmic Ray of Light-substance into that condition. Pour it on with such force that when I go there things are in Divine Order. See that I give Divine Justice first, then see that Divine Justice is rendered me. See that no weapon formed against the Perfection for which I call ever prospers.

· DECREE ·

For God of Gold and God of Nature

"Mighty I AM Presence," Great Host of Ascended Masters, God of Gold and God of Nature! release Thy Mightiest Gifts from Thy Realms of action and America's Treasure-house! Take possession and hold God-control of all gold, all supply of Nature, all money and every kind of wealth in our land! See that it can never be used for anything but constructive activity and produce your amazing Perfection with it at all times and hold it eternally sustained.

AFTER MEALS:

"Mighty I AM Presence" and Great Host of Ascended Masters, charge this food (or meal) into Saint Germain's Precipitated Food! charge our bodies with the Energy of the Maha Chohan that can never be requalified by the human! Expand the Light in every cell of our bodies until Its Radiance shines through our flesh, visible to the physical sight of all who look upon us! Make us Mighty Magnets drawing all we contact into the full conscious knowledge and acceptance of our own "Mighty I AM Presence" and claiming all forever into the Service of "the Light of God that never fails." We thank Thee it is done forever.

"Mighty I AM Presence" do not let me accept any limiting discordant conditions or suggestions into my world to-day.

"I AM" Divine Justice released to every human being in America and then thruout the world.

"I AM" the God-control of my attention, the God-control of my feelings, the God-control of my world, and by the Power of God the "Mighty I AM Presence" I demand and command only God qualities to be manifest in all my experiences; and that my world shall never record anything less than Perfection.

In the Name of the "Mighty I AM Presence" in the name of the people of earth, in the Name of the Light of God that never fails, I call to the Great Central Sun and ask that It release to our Beloved Saint Germain all and more than He has called for and requires for the Happiness and Freedom of mankind and the protection of America.

INFORMATION

The information given under the heading of "Young America" will be the Ascended Masters' help to the young people for their protection and illumination, as they are the builders of the new civilization and are the channels through which the Ascended Masters will give their Light for the use of the outer world in the Golden "I AM" Age.

· BELOVED ERIEL'S DISCOURSE ·

Long Beach Group—July 23, 1939

BELOVED STUDENTS of the Light and friends who are here, your heart is the Heart of Light—and I am speaking of your physical heart.

As you have observed, or if you have not you may have the opportunity to observe, these magnificent Charts show your position to your own God Presence. If there is not within the Light of your heart that which makes you comprehend Its Reality, then you will have to wait until such time as you do; for the Great Activity of Life will no longer wait upon anyone. All must come into action.

Since your great Cosmic Friend, Cosmos, came forth, and as the vibratory action of the student body of America is raised to a certain point of comprehension, it will be revealed to you who He is, what His Part in this Mighty Activity for the Freedom of America and her people is, and from whence He came. He rendered a Service for you last evening, beloved ones, that only in years to come will you come into a greater comprehension of what it was and what it means to you; but with your acceptance of It, It will go into action now in the fulness of Its Power.

Beloved students, and I speak to you directly, try to assert a fuller comprehension of what your acceptance of a thing means. You use the word, you hear it often, but I tell you few yet comprehend what the power of your acceptance is. Why? What enables you to accept anything? Is it not the Light in you? Now notice why. Would the discordant element of your own creation or anyone's else of its own volition allow you to accept

anything good? Of course it would not, for that discordant element always wishes to hold you in its bondage of limitation. That is perfectly logical. Then what is it which is the acceptance of the Power of Light within you? Is it not the Light that is there?

Let us be so practical, to-night, and grasp the fulness of this; why these Mighty Laws are so; why they are acting in you now; and why your call without the understanding of your acceptance of the Power of Light acting within you, will deprive you of much that you could otherwise have.

How true it is that the comprehension and these faculties which you are using are steadily and surely clearing; for instance your acceptance, the power of your attention and your physical vision. My dear students—may I use the term?—it is almost pitiful how students understanding this Great Law, will continue to let their eye-sight, which is their vision of course, rest upon things that are undesirable when they have the power to change it immediately.

I call your attention to this for a very great reason, because of all that occurred last night. It is important that you be alert and prompted to withdraw your vision, your eye-sight, from things that are limiting or undesirable. I ask you to please observe this, to-night and in the future; otherwise you will meet conditions which I could help you to absolutely and completely avoid.

Since last night, everything is changed, and do not forget it, beloved students, not one! The whole atmosphere of this earth is changed, I tell you. You have been calling for the "Light as of a thousand suns," the Cosmic Light, to descend into

America. Well some of It came forth last night (applause). It is the beginning of the greatest Spectacle ever known upon this earth. Now please do not begin to watch for some unusual thing. Remember, this Mighty Spectacle must first act within the feeling world, the invisible world of mankind. Its out-picturing may be gentle or it may come with tremendous force. That depends entirely upon mankind and largely upon the student body.

Before proceeding, I wish you to know, beloved ones, the power and intensity of your beloved Lotus' call for your Freedom and the clearing from the earth of these destructive forces. You might not know it, but in your little city here there has been one of the most powerful dope activities in the country. To-night, that is shattered! (applause—audience rising)

May I through the hand of this Messenger grasp the hands of these two who have been so loyal, so valiant in holding the Light here? Even they do not know what they have stood against. I would not care to picture it, but let it suffice to say that the Light has been victorious. (applause) I want them to have this encouragement, My strength and support and to know that I shall be back of them at all times, to the continued Glory, Victory and Expansion of the Light here. One day these Messengers shall return here for a ten-day class. It will be the completion of all that We have desired to have done—not just by you, but of conditions which I shall later relate to you. (Thank you so much)

I want to congratulate our beloved Lotus for making that call to-night, for dear ones how little mankind knows what one intense call with

a charge of—shall we use the term for the sake of expression?—almost violet intense feeling will do to bring the balance in the activity of a certain release which is required. That also was done to-night! Therefore, as you go forward now, please remember this and feel Its Glory and Activity within you. It is Real. We do not talk to hear Ourselves or to entertain you, but to give you your Freedom.

From within a radius of twenty miles, making this the central focus, every discarnate entity has been removed to-night. (applause—audience rising) This focus of destructive activity was first established here before the sinking of the last remnant of Atlantis, approximately sixteen thousand years ago. It was established here by a certain black magician who of course, as you know, has been removed from the earth.

I want you to understand how those destructive beings made claws of human beings and looked far ahead, not knowing that their time was so nearly finished. They established these vortexes in various parts of the world, so they could attain the full destruction of mankind; but fortunately they were disappointed as all destructive forces are bound to be.

Since last night, the speed and power of the closing in upon the destructive forces sent out by destructive individuals will sometimes be almost appalling. I say to you beloved students, while you are standing please accept it! You need have no fear in the future that there is anything in the experience of mankind which you need longer fear; for the feeders of such destructive force will no longer act upon the Student of Light who is sincere to the Light.

Now I want you to clearly, distinctly, understand this because if you do not accept and have the fulness of it, the fault will be yours, for I am telling you the Truth about it. There is no reason why anything in the future should cause you disturbance. You are the Master of your world from last night. Now understand that, beloved ones! You can issue your command to Life in your call to the "Mighty I AM Presence" and it will be answered.

Just for a moment will you close your eyes and accept this Charge into your world, for a certain Quality which I wish to add to the Blessing of last evening? It will, I trust, give you the full courage, strength and acceptance of that which will make you fearless before all conditions of the outer world that you confront in the future. Say fearlessly to such an appearance: "You have no power! be thou dissolved! 'Mighty I AM Presence' take command! Produce Your Perfection! Hold Your Dominion there forever!"

Silence

Most remarkable. Thank you so much. Will you be seated?

I wish, to-night, to again call your attention to something, because it is so important. Oh, your attention has been called to this so many times, but We cannot let up until you have seen the importance, the imperative need of using the Violet Consuming Flame, not fearing what is to come forth, but welcoming it.

Now let us be very explicit. In regard to anything which has been within your accumulation of the past, call your Higher Mental Body to draw it forth into the Violet Consuming Flame and dissolve the last vestige of it. Do not fear it! There

is nothing to fear, but call it forth. Command it to come forth and be dissolved by the Power of the Violet Consuming Flame right now, (applause) and be through with it!

Oh, how I wish you all would realize this and how it is within your province, within your power, within your authority in a few hours or a few days under these marvelous conditions that have been established for the student body, to now have the last vestige of your accumulation dissolved and consumed, so it may no longer have the slightest effect or pressure upon you.

To you who have rendered such magnificent service in your Decrees, I wish to say—We do not often speak personally in this manner, but I must do it to-night, because it is necessary and right. In the magnificent service that Mr. and Mrs. Sindelar have rendered, their Freedom is at hand. (applause—audience rising) Ratana's Freedom is at hand. (applause) Last night, all things were changed within their worlds. May they accept It in the fulness of that Great Power of Divine Love, Divine Order and Divine Justice, for at their command It will become the Ruling Power of their worlds. Such is the reward of sincere service to the Light.

There are a lot of things that I would like to say to many of you, beloved students, but not quite yet. Just be of good courage and strength. Go forward in the Great Power of the Light of your Great Presence which is the Victory of all things.

Watch carefully, beloved ones, that in either your enthusiasm or your earnest endeavor, you do not leap the bounds of Wisdom in any way. You cannot drag people into this Light by the hair and I would suggest that you do not try it. In all

that you desire to do and bring into Perfection, be patient. Humanity must come to this Light of their own volition. It is quite right to call their attention to it, but do not on first discussion try to give them all the Law at once. Just let them have time.

I tell you very earnestly, if you want to find out whether people are interested or not, call their attention to the books; and if the Light within them is strong enough, they will want to read those books. Then, you will be able to determine whether they are really interested or not.

Oh, beloved ones, let Me tell you something—Unveiled Mysteries is a mighty sieve. It separates them rapidly. If they can accept Unveiled Mysteries, they are doing well. (applause) You will never know, precious people of earth, what that blessed volume has done for mankind. Only in your Ascension will you know. When you remember that your Beloved Saint Germain is responsible for those books, do not forget that His Wisdom is very great. (applause) When He put them forth, He knew exactly what was going to happen. He knew exactly the results. To-day, that little volume is loved by more people than you know. It is a wonderful magnificent thing.

Become fixed upon this firm premise, if you want to go forward from this point. The opportunity is here for all that is required to be done, to send you quickly forward to your Freedom. I am going to try the tactics of Saint Germain. Do you believe in His Reality? (applause—audience rising)

That is very delightful, it seems to be unanimous.

Do you believe in the Reality of the Mighty Instruction which He has brought forth? (applause) Thank you.

Do you believe in the Truth, sincerity and blessings of the Messengers? (applause)

That is magnificent and I will tell you why. Then, you are in a position to go forward with the speed of lightning. (applause)

While you are standing, I want to say just a few more words. Beloved people, there is no more disintegrating force—notice the word—there is no more disintegrating force in the Universe than *doubt*. If you let it into your world, you have just given up the ghost. Do you know who that ghost is? It is the garment—the body which you are wearing. The body is what mankind need. The beloved students of this land have only recently through some very terrific experiences arisen, awakened to what that thing was doing in their midst.

I tell you again, *doubt is the most disintegrating force in your entire experience!* Look how it acts in your commercial activities. If you start an activity and through some person, place or condition, you begin to doubt your success, well do you succeed? Of course not, how could you? Because you have reversed the Currents of Life, to produce the opposite condition from that which you started into action or intended to have. All of this is practical, dear people.

I want to help you anchor in the Light so firmly is the reason why I have asked these questions. The evidence stands before every human being on the face of this earth. I repeat it again, as the Messenger has repeated it to you so many times; and I ask you to think of this, when someones tries

to instill doubt into your world. When physical bodies no longer have Life acting within them, they lay down and disintegrate, do they not? Is there anybody who can deny it in the world? The matter of whether you consider the Source of that body is not the point in hand; but since something withdraws from those bodies, which We know is Life, and they are no longer of action or use, then why not see and realize fully once and forever the Power which is acting within you?

We have Our Freedom. You just said, you believed in Our Reality. Then, when We tell you that your Source of Life, Intelligence and Action in these bodies is your "Mighty I AM Presence," whose Ray of Light and Energy is anchored within your heart, that is true, is it not? Well then, you are anchored to the Greatest Intelligence in the Universe, to the greatest ceaseless, limitless Power of Life flowing into your body. Now follow closely. If you did not waste that energy by the various things that act in your Life—sex, pleasure, anger, hatred or those conditions which drive the energy from your body—you would become Invincible. You cannot get away from This Law. When you exercise sex pleasure or drive that energy down and out of the body, it is gone forever.

Now notice, when you dissipate the energy of Life through intense feeling of anger, hatred, resentment, jealousy or discord of any kind, it goes out from your body through the Power of Radiation. Not only are you losing that, but you are charging it into the feeling world of other individuals to produce a like result.

My dear people, will you not see once and forever your responsibility to your fellow-man?

Your Beloved Saint Germain and Others have called your attention to it so many times. One had better never been born into this embodiment than to, through falsehood, turn one person from this Light. I tell you, dear people, they will pay a penalty that no one of this world would want to describe. This is Law, dear people. It is not somebody's opinion about it. It is the Law of Life acting and Life now is taking an entirely different action through man, than it did one week ago. Do not forget it.

Your Saint Germain has told you from the beginning that these things were coming and the majority of mankind have not believed Him. Many of the blessed students wanted to but did not altogether in their feeling.

Remember, precious people, I do not care whether you are here for the first time or not, any human being who longer practices deceit and treachery in his or her feelings or motives will be sorry beyond all expression! You cannot afford to do it. You are dealing with Law, the Law of Life, and it is becoming more and more powerful every day now! I prompt you again, do not try to deceive any one for any reason whatsoever, if you want to be free. Be kind, but be as firm as the strength of a giant against the destructive forces of human creation about you. Be relentless upon all destructive forces. Then you will be Master of your world in the conditions about you.

Why will mankind and the great student body not see this? You do believe it, but you are not alert always to the conditions that are acting; but I tell you, dear people, *as long as you allow a particle of human sympathy to act within your feeling world, you are in danger!* That does not

mean that you are to be less kindly, but it does mean that you must arise into the Power of your Higher Mental Body and let It act to render the service and do not physically rush into a condition where angels fear to tread. You cannot afford to do it, dear ones. Stand off and say: " 'Mighty I AM Presence' project Your Mighty Light Rays into that condition and render the Service." Withhold human sympathy and pass all up to the Great Presence of Life. Let Its Wisdom render the Service and you will remain free. Human sympathy is the most dangerous thing!

The Messengers have plead with certain individuals over a period of some five or six years, bringing this point to them again, again and again. Still that human sympathy would act; but at last those individuals have seen the times that human sympathy was acting, when they did not even suspect it. To-day, they are free, absolutely free, because *they have learned to govern human sympathy, which is agreement with imperfection.* Unless you see this, beloved students, you are in constant danger.

Sympathy with a condition of someone in distress, opens you broad-side to the conditions that are acting there and, instead of helping the individual, you are swept into it yourself and you become helpless to render the service you would otherwise render. Will you not see that? When if you would stand back from the condition and call the Presence to project Its Mighty Light Ray into it, It would dissolve and consume the condition and render the Service required. Then the Wisdom and Power of the Presence would be acting and you would hold yourself out of it humanly. You would be blessed beyond your fondest dreams.

Do you understand, beloved ones, that a goodly number have tried to believe these beloved Messengers were changed? What a pity! Changed, yes, into greater Perfection; (applause—audience rising) changing into an understanding, a greater, wider understanding of what a positive force meant to all human conditions. Their great courage and strength has made it possible for many of you to be free to-day. (applause) That is the only change! They are more humble than ever before this Great Presence of Life, the "Mighty I AM," and the Ascended Ones; but they are fiercely positive against all human conditions, greatly to your blessing.

Therefore, beloved ones, remember that as you advance in your comprehension, understanding and application of this Great Law, there is constant change going on within you toward Perfection. That is most desirable. You will observe how We have changed the Instruction from time to time according to your requirements. Some things that were dwelt upon so much three years ago, are scarcely mentioned to-day, because the Wisdom of Life knows your requirement. You cannot always harp upon the same string, it might grow monotonous.

Therefore, beloved ones, know if you have not realized it, to-night, that the Wisdom of those Great Ones is Supreme. These Messengers make no mistakes! Because mankind does not understand it, is no reason for saying they do, because such is not the case. They are giants of strength to-day, in comparison to what they were five years ago. (applause) Remember, beloved ones, you are the beneficiaries of that strength. (applause) It is a magnificent beautiful thing. Won't you be seated?

You know it is a wonderful thing to see the beloved students becoming athletic. Do you know, and I call this to your attention for a very definite reason, that at the past three classes at the Shrine, a powerful deliberate attempt was made to shut off the enthusiasm of the students. Not that you should jump up and down all the time, but this is the point I want you to get, to-night, because it is so magnificent: People do not rise to their feet without an impelling force from within. When that impelling force is there it means that an enthusiasm, a joy, a power, a substance and energy is released. I would not be able to find words which would enable you to comprehend just what those things mean to you. There are now and then those who object and say it is disturbing to them. Well it is too bad. You will have to get used to it!

Dear ones, Oh words do not convey Our Joy, Enthusiasm and Gratitude for this joy and enthusiasm within the student body! It is a magnificent thing and without it, so little would be accomplished. I ask you to notice in your group activities when something happens that starts a joyful activity among you, how quickly you enter into a joy and enthusiasm in your Decrees. Then an activity takes place which would otherwise be impossible. Remember that happiness belongs to you.

Happiness is the Reality of Life! It is a Mighty Action and of course is always harmonious. Did you ever see a happy person that was out of harmony? They just do not go together. Then is it not more to be desired than to be unhappy?

Think of all the vast grief of mankind at so-called death. If you saw its effect as We do, you

would understand. We have not touched upon it much, but I am going to now, because the grief of the world is so soon going to disappear, from the earth. You in America, to-day, can hardly conceive with all the grief you experience or have in the past, what this means. Of course the student body now are rising above that, but most of mankind even in America who do not understand this, still live in the grief of their loved ones' passing, etc.

What do you think of Europe! Nations of living death, and when I say that I mean every word of it! Conditions are bad enough in Germany and Italy; but in Russia, if ever living death existed upon this earth, it is there among all from children to the grown-ups. The sinister activity which has drawn them into that frightful condition is not always ignorant. The cunning is so great with which it has tried to keep those people occupied, making children, girls and boys, warriors of the future; instilling within them no honor for anything; and living only to destroy all that comes before them under the direction of their dictators. Yet within those people, from the children on up there is a rebellion that is something terrific, but they dare not show it. One day, they *will* show it and when they *do* the dictators of that land will quickly disappear. (applause)

Perhaps you would be interested to know why this terrific accumulation is there. The Law does not permit much to be said; but long centuries ago in Siberia, there was a terrific destructive focus which held its destructive activities there for many centuries.

Why do you suppose the Wisdom governing the activity of this planet, caused that land to

change?—for to-day, it is a region of waste and almost eternal cold. Yet it was once a semi-tropical climate. It was changed so as to hold in abeyance that destructive force until it could be governed and controlled. Its force was not entirely spent in the cataclysm, for only a small part of its destruction was released. Even with all you have seen, it is only a part of the cause that accounts for the conditions which are there.

Remember mankind comes again, again and again. Many times destructive individuals come back again and again building such frightful destructive conditions. Stalin is one of those unfortunate creatures. His fear is so great that I wonder the people do not observe it, close in upon him and finish the chapter. He is afraid even to sleep.

So is every person in this world who is doing wrong. Such a thing cannot long exist. They know they are doing wrong, but they are swept into the clutches of that destructive force and they do not know how to extricate themselves. Now mankind's release will come; for with all destructive individuals, their own destruction must close in upon them.

I ask you to observe the conditions of the next few months, possibly a year and a half or more. Observe all that takes place. You will see the Truth of the Words the Great Ones have given you. They have never given you anything but Truth, dear people, and never will; but you need to know that and you need to realize it so you co-operate with Life and enter into this Blessing which is offered as a free Gift of Love.

Since you of the western world knew nothing at all of these Great Magnificent Beings; knew

nothing at all of the Powers They wield; knew nothing at all of what you could do by the Power of your own application and your attention to the Presence of Life; knew nothing about where your individualized Presence was; then to think that more than three million people in America have come to know that they have above them the individualized Presence of God, the "Mighty I AM" —is in itself a Mighty Miracle!

Think what that means in re-establishing and adjusting conditions of the future, when only constructive forces, the most powerful known on earth, are being used by the vast body of mankind to bring about the change harmoniously and constructively in the government and all industries. Strikes will become unknown. Disagreements between capital and labor will soon be unknown because all have learned a mighty lesson in these conditions which have become so tragically destructive. Then with that will go mankind's fear of death.

I ask you, to-night, while I speak these Words to try to feel what it means out of the three million people in America whose attention has been called to this Great Truth, to know that half of them are rapidly gaining their Freedom from the fear of death. (applause) Now do you not see the magnificent Wisdom and Action of Life?

I think I must say it to you, to-night: Do you know that intense grief will open you to destructive forces almost as quickly as fear? That is why mankind has got to know this Law and why they just must understand Life in order to remove the fear of death—for there is no such thing in the Universe, dear people. You change your summer garments to winter, perhaps not so much in this

lovely land as you do in the east; and when you go to the mountains, you put on warmer garments, do you not? You have changed these flesh garments in the same way thousands of times and at each time your friends have gone on grieving when you discard them. How unnecessary!

Please, dear ones, remove that from yourselves forever. Your loved one who has left the body behind, is free from distress and has gone into the Octave of Light, if that one has lived a normal life. Such an one is happy. You might say to Me: "How about us who are left behind in conditions of great distress?" Well, in spite of all that has been said to the contrary, when your friends have left the earth and gone to the Octave of Light, they are dis-connected from the world of distress; and when you go to them during sleep, you too have forgotten your distress here. You should so rejoice in the Freedom of that visit. Because you do not retain the memory of it on awakening in the morning, is no reason why you have not had the joyful experience.

I tell you that sixty percent of the humanity of this earth, if they did not go forth from the body in their Higher Mental or etheric bodies at night while the body sleeps, would not live to be twelve years old because they must have the joy from the Octave of Light which is their Real Home, in order to have the energy, strength and sustaining Power to draw them back into the physical body during the day.

Life is very wise. Life has provided everything to give mankind happiness, but since the people have forgotten the Source of Life, the "Mighty I AM Presence," and still have somewhat of a strug-

gle to come back into Its Great Reality, is no fault of Life. It is the fault of mankind's misunderstanding. So let us remove that, to-night and forever, from the vast student body of America and the world. Call for mankind's misunderstanding of Life and all grief to be forever removed from the earth and mankind.

I cannot tell you, to-night, just when this will occur, but We trust before the close of the Oakland Class that this stratum of grief from centuries of accumulation may be wholly or largely dissolved. When it *is*, mankind will begin to experience such happiness as they have never known possible in the human form. Then you who have become aware of your Great Presence of Life, know that from It comes all Happiness. You will have the fulness of this flow forth into your world in Its magnificent Beauty and Splendor.

Oh, my dear ones, when you really learn to see yourselves as you can be, then you will enter into this Great Happiness which stands just before you. Then, you no longer will know discordant conversation. So many of you beloved students are at the point, to-night, where if you would refuse to enter into one particle of disturbing destructive conversation, the glory of the heavens would open to you. You cannot afford to do it any more.

Now know that all these destructive forces are being governed by those whose Authority and Ability is able to do it at your call. Then, why be disturbed any more? Why think that any person, place, or condition can harm you? They cannot do it! You, the Power of Light, calling Its Mighty

dissolving Presence forth, what could harm or limit you longer, unless you still believe it? How can you still believe it, when you have come to know that Presence of Life and Its Infinite Power to act through you? Do not accept anything else, dear ones, any more. Stand in the Light! Move forward in It and let the Power of this Light be the Dominion surging before you, dissolving everything unlike Itself. Then you are the Victory of the Light! You are the Dominion over substance and energy, commanding Its harmonious action for you by the Power of Light.

That is why, since you are gaining rapid comprehension and power of your application and Freedom, I trust you blessed ones here who have stood against such odds in your little city, will feel your complete release. Know there is no person, place nor condition which can harm or limit you or touch the activity of this Light because everything that tries to fight It is dissolved by It. Isn't that a joyful thing? (applause)

I want to call your attention, beloved students to one powerful vital thing in your future application and especially to the beloved ones here. We have never said this before, but it is time it was said, showing you why you are the Victory of the Light. Let us take a vicious person for instance. When they begin to battle this Light and utter falsehoods against It, do you know what they are doing? They are powerfully connecting themselves with It; and the harder they fight It, the quicker It will take command. Therefore, you should worry who utters falsehoods concerning It. After all mankind is his own destroyer!

Remember that point! Since all of this has been

accomplished in spite of mankind, then as you go forward in the greater Freedom and understanding of Light, remember this point. Do not forget it, dear ones! How could you have missed that point? How could you have done it, when you know the power of your attention? You all forgot it, did you not? About this one point you surely did!

When a vicious individual's attention is upon this Light isn't he or she connecting himself or herself with that Light? Oh boy! I said that because that is just the way you all felt, and rightly you should. Then, do you not see how really you have come to the point now where you actually know, and when you or We say to any destructive force: "You have no power" you see the reason why. Isn't that practical? (applause)

You know that is not all there is to the power of your attention either. This might sound very unkind but do not take it so. You have heard about one-track minds, have you not? Well, do you know the human loves to travel in one track, never getting out? That is what you sometimes call a rut and how true it has been. Mankind got into that rut and they just really do not want to get out.

Notice of all the many things which you have understood in the activity of the power of your attention, this point escaped, did it not? I leave it to you. I feel such a relief Myself, because I am feeling your relief. If you will keep that in the fore-ground here in your application, you will do things that will astonish you, as surely as I am telling you. You will no longer have the slightest feeling of fear that any person can harm or limit you in anything.

I ask you to take for example the individuals in this audience who are sincere and with great determination calling the Power of their "I AM Presence" into action. They, through that call, are more powerful than those who oppose this Light. Your Presence is the Power of Life, and is It not the Light that you are calling forth? Then, anyone's attention directed to you, whether harmonious or otherwise, would be acting against this Light which you are calling forth. Do you get it? Remember, your Higher Mental Body is the Director of those Currents of Energy which flow forth at your call. Would there be anyone in human form who could oppose the Higher Mental Body and Its Powers of Light which you have called into action, which is the Wisdom of the Universe? Get this dear ones, please!

I want to fix this comprehension in you to-night with such anchorage that you will never again fear a human being as long as you live and that is for eternity. You must come into command of your world. We are going to help you do it right now. I tell you, knowing that all forces which seem to oppose you or this Light, will either be drawn into the Light or dissolved by It, then have you anything to worry about? You should worry who spreads falsehoods. Of course you must not accept them into your world. If you do, you will have to act them out. Do not answer openly, but just to yourselves: how many sitting in this room to-night, can honestly say to their Presence of their own Life that they do not fear persons, places or conditions? (applause)

You see, dear ones, in all This Understanding, you must get at it from an angle which takes from you forever any feeling that you are not the mas-

ter of yourselves and your world. We are helping to do it for you, to-night. That is so important, beloved ones. When you understand this, you will see how all destructive forces are dealing with this Power of Life and that is why you should be fearless. Then some of you would say to Me: "Well why in the world did you not bring this forth before?" Why didn't We? Mankind receives that for which they are ready and could any one of you tell Me what I should say which would be to your benefit or not?

Could you have said to Me: "You say certain things and we will get the benefit?" Well some have said that about Saint Germain—if He would do as they wanted Him to do, it would be wonderful; but such is not the case, however.

So, to-night, in My rapid observation of your requirements I think We have met them very nicely. (applause—audience rising) May I say something that is very joyful? In all the experiences of the Messengers thus far, we have never had an audience in which there was such complete adjustment and such complete relaxation from the fear of something limiting or harming them. (applause) I trust you will hold the memory of this firmly before you and that you will never again admit for a single moment in your thought, feeling or speech that there is any person, place or condition which can harm or limit you once again.

Stand in the Glory and Power of your "I AM Presence" and Its Light and draw to yourself Its own, for that is the Perfection of Life, dear ones. I thank you and bless you and rejoice with all My Heart at all that is yours to-night. Oh not because of any effort of Mine, but because there has arisen within you the clearness of comprehension, power, courage and strength which is fearless before man.

Oh, that is how you must feel. You must not feel that any person, place or condition can limit or harm you in the acknowledgment of your Great Presence of Life which is the Supreme Commander of all things in the human octave.

Oh, beloved ones, carry this with you, hold it Supreme within the mighty action of your call to the Mighty Powers of Light. Let It take command to-night! I feel so refreshed. I feel so glorified in you. Will you accept My Glory in you—acting the Supreme Commander, until you can be so aware of the Presence of all Life that It takes My place as the Commander of Life?

As a closing remark I call to your attention again, that the Ascended Masters and Cosmic Beings are One with your Perfection of Life. In this Mighty Changing Activity in the Dominion of Light upon this earth, greater and greater and greater will be the Power and the Authority of Great Beings of Light, the Cosmic Beings, the Ascended Masters and the Legion of Light to render Assistance. Since the Cosmic Light has commanded the earth to awaken and emit more Light, then it is out of the hands of mankind. It is within the Hand and Power of the Great Cosmic Light which no human being may long resist and still remain in the physical body. Therefore, the Powers of Light will remove the destructive forces from this earth.

Go on with your Mighty application, have patience and let the Great Power of Light take Its greater, greater and greater Dominion each day to act for your Freedom, your Happiness, Perfection and the Limitless Supply of all good things that you require in the Service of the Light.

I thank you.

· AMERICA FIRST ·

WE ask all the "I AM" Students in their Group Activities to please realize as never before, the seriousness and imperative need of America at this time. We ask them to conserve their energy all possible, so as to be as joyful and as dynamic in their Group Activities in the decreeing.

Please do not feel that social activity is part of the Service to the Light. It is not! If you have time and energy that is not occupied by your daily service in the outer world, please give it to America now in your Decrees in the Study Groups. That is better than giving it in the trenches of war.

The breakfasts before or during the large classes of the Messengers are always a Service to the Light, but breakfasts and dinners just for social activity do not belong in this Service of the Light. Will you all please be governed accordingly?

With all our Love,

Mr. and Mrs. G. W. Ballard

"It does not matter what the opinions of the outer world are, but it does matter greatly what is within your feeling."—Jesus.

"I say to all people of America and the earth: 'You who have said you love Me so greatly, must remember that you cannot have Me without Saint Germain and all the other Ascended Masters. They are ONE in Life's Great Eternal Perfection. They have gained Their Victory, as you are now endeavoring to do. Through Self-conscious application in calling Their own God Power, the "Mighty I AM Presence," the Light of the World, into action They have won Their Victory. They have dissolved and consumed all discord which has been created in each one's mind, body and world, or generated through the lack of understanding. They have replaced it by the Power, the Purity, the Perfection of the Presence of Life'."—Jesus.

"Purity in thought and feeling IS IMPERATIVE. Harmony MAINTAINED in your feeling is imperative, if you want to be free quickly. Stand with your 'I AM Presence' and call It to take command; take out of your feeling world all human desire and hold Its Dominion forever. This is the definite, positive Activity by which you can quickly be free."—Jesus.

"Never imagine for one moment that you can be free without constantly calling to your 'Mighty I AM Presence' for greater and greater release from outer discord and for intensification of Its own Light and Energy which gives Life to your body."—Jesus.

"During My Ministry in giving Assistance to mankind, when I said: 'Thy sins be forgiven thee,' I erased the record of that imperfection for the individual. Are you aware that for everyone to whom I spoke those Words, that they became a PERMANENTLY established Law? It is the same to-day. When you call your 'Mighty I AM Presence' into action, It becomes the PERMANENTLY established Law for you and your world."—Jesus.

"You are no longer at the mercy of uncertain information, of uncertain instruction which might at some point lead you astray. No one can make a single mistake in the application of This Understanding if he be sincere! If your motive is wrong, then your energy will be requalified by your own feelings and produce that which is wrong in your world. Energy itself does not discriminate!"

—Jesus.

"Remember you are just beginning; you have entered into the Stream of Life which IS WITHOUT LIMIT. Try to feel this with such great joy, that it expands the Light within you. As It continues to expand, your comprehension will become greater and greater. Then in flashes, one after the other, the 'I AM Presence' will flash forth into your consciousness, into your feeling world, Its Mighty Revealing Activity. Your Presence which beats your heart and gives you Life is Allwise, for It can call to Itself any information from the furtherest parts of the Universe at will."

—Jesus.

"Do you quite comprehend to-day the marvel of the slightest activity of your attention? Behold your Reality! and then comprehend that the moment your attention is upon your Great Source of Life, the 'Mighty I AM Presence,' that very moment your Ascension has begun. Every moment you give earnest sincere attention to your Presence, you are increasing, intensifying your climb to Its Goal. This IS the Goal of all Life."—Jesus.

"Remember! and I say this to the whole world: 'All of you who have loved Me, remember Saint Germain has brought forth the continuation of that which I started two thousand years ago. Today, there has come in America the example of the Ascension. If you can be sufficiently patient, later there will come the Example to the whole outer world of the Ascension. It is Real! It is practical! It is within the reach of many of mankind to-day, and by that I mean in this embodiment'."—Jesus.

· COSMIC MASTER RAY-O-LIGHT'S ·
· DISCOURSE ·

Minneapolis Class—September 10, 1939

IT is very fitting this afternoon in the information which will be conveyed, that this be My first Expression to the people of this earth for a long period of time.

There are many who are lending Their Qualities to the people of earth in this great crisis of, shall we use the term, Cosmic conflict; because the ultimate will be the Force and Dominion of the Cosmic Light which will end all conflict upon this earth. (applause)

Won't you be seated, and would you be kind enough to remain seated during the time I am talking to you, owing to the Service which I wish to render? No matter what I say that fills you with enthusiasm, just remain seated, so We may do all possible for you. Keep as relaxed and comfortable as you can.

I am sure that there are many who will rejoice, yet there are others who will rebel and hate the Messengers and probably Us, for this which I am going to say to you. That for which many of you have called, has been accomplished. The completion of it took place at twelve o'clock to-day, when the Great Cosmic Light in Its particular Activity and Force found Its Anchorage and Residence here. Will you please observe the word—"Residence here"!

Those who are spiritualistically inclined will probably not like Us and the Messengers; but all discarnate entities have been removed from the State of Minnesota! So, if you are accustomed to receiving communications from those individu-

als, you will find them conspicuous by their absence. Therefore, such communications will be within the mind of the individual, not from the discarnates.

It is an unhappy condition indeed when there are those who want such communications. They have desired them throughout these many years—of course not knowing their Great Presence of Life, the "Mighty I AM," and yet seeking assistance. It is not to be wondered at that many fell under the belief of spiritualistic communication; but that is ended for this earth, beloved friends of America and fellow students. My Coming, to-day, is the hastening of its end.

Mankind must once again turn wholly to their own Great Presence of Life, the "Mighty I AM." There is no alternative! It must be done and does that sound authoritative? Well it *is* the Authority of Life and We but voice that Authority. I ask you to watch this point, for if you will follow the Dictations that have been given by these Great Ones, you will find in every single instance without exception, They speak with the Authority of Life. In the vast number of Dictations which have been given, there is not one conflicting thing in all put together. Therefore, you must know that all these Dictations come from the Great Wisdom of Life.

It would be very well for the student body at least, to observe this, for thru it will come the confidence and assurance to each one that you are not dealing with a questionable source but instead you are dealing with an Infallible Source which is the Truth.

In regard to the Great Cosmic Beings who have come forth from within the Great Silence to ren-

der this Service to the earth: while it is in answer to the call from mankind, yet do you think it for those Great Ones to come again—those who had retired from the world of human conflict, awaiting through the centuries for a possible return? Do you understand Me when I say—"a possible return"? That is exactly what I mean, for if your Beloved Friend of the Ages (Saint Germain) had not brought to your attention This Vast Understanding, not One of These Great Beings would have returned—not even the Great Cyclopea would have come forth with more than ordinary power.

All of this Assistance is bringing a vast change. While It was very briefly stated by the Great Goddess of Liberty, yet She spoke of It to you. How wonderful it would be, if all the students of the land comprehended what Her closing Statement was. You have It before you. Dwell upon it! Realize all that It means to you, America and this earth.

These Great Beings do not deal just with human beings and their advancement. They deal with the Power and the expansion of the Light of this earth, and that is Part of My Presence here.

I did think I would explain to you what My Name means, but not yet. However, It means quite as much to you individually as It does to the earth. In the beginning there was Light and out of Light came all that is in form; and to that Light must all return. You came out of the Light and you must return Home. That is a Command! You have no choice any longer, beloved children of this earth.

What a pitiful thing it is, to observe those who allow vicious feelings to turn them aside. They

must go thru such agonizing experiences before that viciousness can be burned out so the Light within them will cause them to see clearly again. Such has to be! Such is the Law of Life and the Command of Life! Therefore, no longer are human opinions and feelings considered. Does that sound even harsh, when you have had free will so long and have wasted centuries of time and the energy of Life? Do you wonder then, to-day, that Life says, you may not do that longer?

The earth must emit more Light, to hold its place in this system and that Light has to expand through human beings; and when Life commands, human beings will one day bow to that Command. Life is commanding now in this Great Out-Pouring of Cosmic Light which found Its Residence in your state at twelve o'clock to-day. (applause) Chicago has had a rain of Light to-day and the atmosphere of that city will never forget it for the atmosphere of the stock yards in Chicago will have changed its color very greatly. (applause)

Beloved children of the earth, if you have been in the jungles and have seen animals tear each other to pieces for food, it should take the desire for animal food out of you. You know mankind criticizes the animals for tearing each other to pieces for food but human animals capture the helpless animals and put them through boiling water to secure food. Which is the greater animal, the one in the jungle with four legs or the one with two? Do you feel unkindly to Me because I am putting the Truth to you plain. You know the further We go, the plainer We must get; and the deeper We go into the Understanding of Life, the more unadulterated must be our language.

Yes think—in those stock yards of Chicago alone, outside of the other cities of America and

the world, of the animals that have gone into the use of mankind—internal use. Yet vicious individuals in America accuse the Messengers of telling individuals to kill their pets, when human beings are killing full grown pets all the time in the stock yards. Isn't it childish and imbecilical for human beings to take such attitudes? Most of those individuals who criticize and condemn just fill their stomachs cram jam full of animals.

Children of the Light, you can no longer side step the Reality of Life. Mankind has got to face Life! Think of it, this of which I speak is only one phase of that which mankind must correct. Take the barrels and barrels and barrels of intoxicants that are used by the people of earth! Think of the vast sums of money which are spent for them. That money would produce homes for all human beings in America. Yet they drink it up and forget their responsibility to Life in themselves. That is the second thing to remember and use the Law to correct.

The third phase is the vast vast use of tobacco. Millions are spent for tobacco to smoke your brain and preserve your stomach, because it is somewhat of a preservative. If tobacco were used for the one purpose for which it is any good, it would be quite wonderful; because tobacco, strange as it may seem, has certain healing qualities. Moistened tobacco put on a sore will cleanse and purify it. That is the only thing it is good for; but you have other things far superior, for instance your "Mighty I AM Presence."

Now, who do you suppose is having to take care of all these things which you put into yourself internally? There are the animals that you swallow, the intoxicants that you swallow and the

tobacco you smoke and chew! Who do you suppose has to take care of that? Do you think Life wants it? Don't mind if I talk plain, I have to! I ask you, beloved ones, silently to decide within yourself, does your Life want any of those things? You know It does not! Yet you expect it to be so gracious and kind as to take care of what you put down there. When your system gets charged and filled with the substance that is not needed or really wanted, the Great Presence of Life must proceed to find means to eliminate it from the System and from the blood. Many times it is never done!

When I see among the children of earth, people crippled with arthritis—I wonder how they can do these things. I could give you another name for that, thru which they lose the use of their bodies. My dear people, think what you impose upon your Presence of Life, the "Mighty I AM," to dissolve and remove from your body. Then, you wonder that you are ill and distressed.

Do you think that We come along just to deprive you of something? My dear people, We come to set you free, but you cannot go free, as long as you hold on to those things that have bound you to this earth. Those I have mentioned, are just a few of them.

This will sound very strange to you perhaps, but think it over. Did you ever know a real American who had a brewery? Think it over and see! You know you ought to be willing to get down to the Truth of Life and understand it. You know that almost every brewery in America was originated by people from Germany! Why? To make money, all from putting into the stomachs of individuals that which incapacitates them.

Think in Germany, of the millions of barrels of beer that are consumed in one year; then it spreads to other nations. The renegades from England, France, America and other nations, went to the South Sea Islands and brought human disease to those Islanders who had lived a pure Life free from disease of any kind. That is the desire and the human law of so-called educated human beings.

I am talking very plain, dear people, because you must understand these Laws of Life, if you want to be free! You must let go of the things that bind you, if you want to be free! I am not your judge whether you pay attention and stop or not but I bring them to your attention and you must decide for yourselves what you are going to do.

If it be necessary, the Great Ascended Masters will choose some among the young people of America and make them examples to the rest of the world by holding them free from any of these things which make age and decrepit human forms. They would stand them among the people and show them the difference between a pure body and one that is not.

Not considering what has been your past accumulation, you come into this Life in a body so clean and so pure. Regardless of the conditions of the parents, except in a few instances, the child because of the Guardian Angel before it is born, has a clean body; but when it begins to observe the radiation of the people about it, it begins to take on their habits and conditions. That is the responsibility of parenthood among mankind, for manhood and womanhood of this earth! Yet people have given it no attention to speak of.

While it is not always so, many times the inharmony of the parents and the association around the child cause the child to come into very disobedient action which would otherwise be absent. Yet the child is blamed for its disobedience while its associates often are the ones who need the spanking. When you are irritated how could you expect to drive a force through your hand to correct a child and bring obedience? You might temporarily, but it builds up a resistance which does no good.

Beloved people, try to see and understand your obligations to Life and to your fellow beings. I speak again the very Plain Truth! You have no right to think of each other except to pour out your blessings upon each other. Would that not be a wonderful world? Every human being blessing every other human being? Paradise would reign in your land—but who is ready to do it? Who has the Self-control (God-control) to do it? Ordinarily it is not there, but now you have become acquainted with the Presence of your Life, the "Mighty I AM," which will govern and bring all good things into real permanent action if you will allow It to do so.

I say to you, beloved children of this earth, watch It! and you will see the Cosmic Light taking Its Command upon this earth and through human beings. It is only recently that I came forth into the atmosphere of earth from a long, long, long period of absence; but in observing its conditions and seeing the Great Remedial Agent which Saint Germain has been to this land, I stand in salutation to Him. (applause) Those Others who have come forth to render Assistance are quite of My same Opinion. To you who are giving Him

assistance in the octave of earth I say: "Go on beloved ones, with greater earnestness, intensity and determination than ever. Remember, He is your Friend! we are your Friends, very, very Great Friends."

We probably shall speak more and more plainly the Truth of Life to you, so do not mind. Do not feel unkind to Us, because We shall go on just the same, for the Great Law of Life demands it. We would not willingly say anything to hurt you, but you must know We are speaking of the Law, not of personalities. Whatever your habits or conditions may be, is not Our concern, except that you may be free from them if they be limiting. We cite the Law to you concerning these conditions which are depriving you of what you ought to and can have. If that can help you, then We feel We can be of Real Service; but if it antagonizes you and makes you determined not to give obedience, then We would not feel so sure that We have rendered a service. Notice, the motive and service is the same, but the difference in your acceptance is the determiner of what will act for you.

You know My dear ones, We long to, with the Fire-breath of God, burn into your consciousness for vivid action, the full Power of those simple faculties which you are using every moment of the day that you might know what they mean to you and what they can do for you, when rightly used. (They are your attention, your physical eyesight, your vision and your qualification.) They are the most stupendous things in the use of mankind to-day. Even just one of those mighty faculties, can lift you to the heights or drag you to the depths and that one is your attention.

I am going to say one thing to you that no one of the Great Ones has said. In changing your feeling, the quick powerful instantaneous change of your attention, will oft-times perform so-called miracles for you thru the change of your attitude. If in *instantaneous action* with your determination to change a feeling, you change your *attention* in conjunction with it, you will have accomplished tremendously powerful things. I repeat that so you will be sure to get this point: If you wish to change your desire—suppose it is the change from a wrong desire to a powerful constructive desire which is your "I AM Presence": If you change that desire instantaneously holding your attention on the "I AM Presence" or on some wholly constructive thing, you will have *eased* the release of that quality from yourself with tremendous power and speed.

You see the trouble with mankind is they are not allowing these things to act in conjunction with, and harmonious to, each other. For instance: when Love, Wisdom and Power are all acting in conjunction as one, they become a very powerful activity. If one is acting independent of the other, it is only a part of the activity. Now when you bring your power of qualification, your vision and your attention into one point for action, the results will be instantaneous. That is why it is so important for you to become anchored in this Definite Power.

In My short observation among the student body, I have asked Saint Germain and the Divine Director, whether it would not be possible and wise to bring forth that which would show you the condition of the child body which is four years old and that which is twenty-four so you might

observe the change, wholly through association, which had been brought into that flesh structure. Then mankind would begin to understand what the vibratory action of individuals means to each other.

I must speak plain to you again. Your Great Ascended Master Jesus said to you, the last enemy to be overcome was so-called death. Well what do you think is the last activity which that enemy uses to hold its domination and what is the motive back of that? Misuse of the sex activity. That is how death has held its dominion upon the face of this earth—because of the waste of that energy which must remain within the human form, if it is to continue to live. Yet the vast number of mankind even to-day, rebel like fury and think that it is still perfectly justifiable.

If you believe and accept that suggestion, you will remain bound a long time. The sex activity was given to mankind for pro-creation of their kind alone, and for no other reason! When it is misused, mankind pays terrific penalty for that disobedience to the Law of Life. That disobedience is the cause of all failure in health, failure in business, failure in achievement of every kind.

I think one of the greatest crimes on your earth to-day, is the mass suggestion sweeping into the activity of mankind, that when a lady or gentleman comes to about fifty years of age, he or she is past the stage of usefulness. What a tragedy! What a pity! Such an one should be just at the supreme point of dominion in the earthly Life because of the experience which brought them to that point. There is one in your audience here, to-day, who is seventy years old and yet has the alertness of mentality and action of a child. There will be

thousands and *thousands* in the future who will restore and hold that youthful activity to a hundred and seventy, if necessary.

Perhaps some of you have not known, but We well know that in the ancient periods mankind sustained Life two, three and four hundred years in one body. Oh yes, the year calendar was the same as it is to-day; but as mankind wasted more and more of their energy, the Life span became less and less. That is your fault, dear people, because you live again, again and again!

Are you not grateful and happy that your Beloved Saint Germain has brought these things to your attention which are enabling you, if you so choose, to be free in this embodiment?

I speak directly to the students. Will you please be kind enough not to become discouraged at your most sincere effort. When your motive is magnificent and you find you have not achieved all you feel you should, do not become discouraged but go on, and on, and on. You can be sure you will have all the Assistance necessary when you are making your sincerest and most determined effort. Do not worry about what has not been achieved. Go on doing your best and then you will always find a Friend suddenly grasping your hand and raising you up.

Oh, that all the student body could understand fully the privilege which is yours to-day in the magnificent Assistance given now which has never been given before on earth. It is a three-fold activity for your Freedom truly. First, the earth must emit the Light necessary to hold its balance in the system. Second; the Power of Light must restore the happiness which mankind has known before upon this earth innumerable times. Having

forgotten and receded from It, people have come into the limitations and privations of to-day. Third; this Light which Saint Germain has brought to you is the Open Door to your Ascension. Nine times, two of which you have no outer mention, mankind have risen to great Perfection. Then, because of listening to the lowering suggestions from each other, have pulled themselves back into limitations again.

Observe, dear beloved students! If you who have this great privilege succumb and listen to the things that make you doubt and fear or which deprive you of the Blessings of this Great Light, you are doing the same thing again. Now if you want to do it, you will remain a long time in these privations. I am informed just now that someone has told you, the person who turns another from this Light is ten times worse than if he or she had deprived another of the physical body because such people are causing doubt to register in the feeling world of that individual, which only the Great Law Itself knows how long it may take to remove. So be careful what you do, dear people. If you do not like a thing or cannot be harmonious to it, you had better be silent. The Great Ones I am told, have informed the student body of this, but still people go on ignoring it. It is too bad.

I am not as well acquainted with you as many of the Others. Perhaps I have not well introduced Myself, but I think I require no introduction. Today, I am giving you that which is your Freedom if you will accept and use It. The Words you hear the Messenger speaking as I flash them to him, are a very small part; but the Radiance that is enveloping you! If you will accept It or call your Higher Mental Body to accept It, in the

fulness of the Force with which I give It to you, It will be an Almighty Sustaining Power.

Remind yourselves often of what the Great Ones have said: that when They supply you with Their Substance of Light, It makes a permanent connection between you and Them. Do you understand all that means to you? Please do not let the attention of the outer world, deprive you of the memory of *That* which would give you such strength, Power and Freedom so quickly.

When this class is over to-day, do not drop back into the vibratory action of the outer world as you begin to move in it again. Please do not do it. You need not, if you will so determine. You can move in that same Great Serenity, still surrounded by this Radiance which will be sustained about you, if you so decree it; if you so determine. Then, refuse at any time all suggestion that you have not that same Radiance which is here on this Great Day.

The far reaching Power of this Ascension Day is one of the Greatest Out-pourings in the experience of the Messenger because of the release of the Cosmic Light to-day. Every student in America and the world will feel It with great power and intensity. Shall I tell you one thing that happened? Two Groups of the student body in Africa at the moment this touched in Chicago, stood involuntarily and gave praise to the Presence of Life and the Cosmic Beings! That is how far reaching Its Great Power is. Every Group of students in America, Australia, New Zealand and the various places will feel it definitely. Then you must see what This Outpouring means, My dear ones, and how We do actually transcend time and space.

You do this constantly right here on earth and yet you do not take notice unless your attention is especially called to it. Your beloved Messenger brought to your attention the fact that she talked to one in London and the answer was instantaneous. There was no time nor space to her was there? You think of the Ascended Masters Who live without cognizing time and space except when functioning in the human octave. You are doing the same thing in many instances, but you do not see it nor accept it.

You are now here in Minneapolis. Suppose one of you went to the telephone and called Los Angeles. Would there be any time or space between your conversations? Would you not answer each other just as if you stood here in the same room? Music is everywhere in the atmosphere of earth and is a part of it; but you do not hear it ordinarily unless you place a radio in the room. Then it is there. You can get almost any kind you want; but when you tune into the Music of the Spheres, you will have Music which will be a Glory never to be forgotten.

My dear ones, have you forgotten that in the Cave of Symbols in the Wyoming Rockies, there is a radio that can bring the Music of the Spheres to your ears? When mankind become attuned enough, these things will come out for your constant use—but only when the astral or psychic world is forever dissolved from this earth. Then, it cannot form a connection with those of earth and broadcast deception to the mankind, as it has done for so many centuries.

I wish I might go on hour after hour, unfolding to you more of the great Beauties of Life and all that you are privileged to receive and use; but

seeing the Messenger look at his watch, I take it for granted that he is still recognizing time and space. Perhaps in this instance, it is quite justifiable.

I thank you for listening to Me so kindly. I really do. You do not feel so unkindly to Me after all. However, I love you with a Love that few could understand—a Love that is this Almighty Cleansing, Purifying Power, My Own Substance, which I have given you to-day. It is the Presence, the Substance of Pure Divine Love. I thank you.

Supply Decree:

"Mighty Beloved Infinite 'I AM Presence'," all Great Beings and Forces of Light who govern the avenue of supply to mankind, release and keep in our hands for use at all times ten times more money than is required to bring forth Perfection in all Groups here; to supply everyone under this Radiation with the fulness of every good thing to carry this Light forward to every human being on the face of this earth; to bring forth our Perfect Radio Station, until these Broadcasts encircle the earth once an hour; to bring forth our Glorious Temples of Light in every city on the face of this planet.

Blaze forth within these Activities the Full Force of the Unfed Flame. See that Ascended Master Healings, Freedom and Light come to the people everywhere; see that there is always provided an abundance for their up-keep and all is used in the Service of the Light for the Freedom of mankind, directed by Saint Germain's Ascended Master Consciousness and Directing Intelligence.

We thank Thee Thou dost always answer our every call, instantly, infinitely and eternally.

· SAINT GERMAIN'S DISCOURSE · · MUSICALE ·

Minneapolis, Minn.—September 11, 1939

MOST gracious, beloved Children of the Light! how happy you have made Me in your co-operation with all that I wish to do here and all that I have waited some two years to do. You cannot quite estimate at this time what has been done for your cities and state. Only the evidence of the activities of the future will perhaps make you feel quite sure that what We have said really was accomplished; but I assure you, you will see plenty of evidence—that is, if you will take notice of your feelings.

From within out comes all Perfection, and before the outer man becomes aware of all that has taken place within, there are sometimes great, very great things, achieved both individually and for the city, state and nation.

You have heard of the discoveries by the outer scientific world of their powers of destruction. Do you think We have watched idly by during these discoveries? Do you not think We have that which will counteract anything that the human can discover? Be assured We are *not* sleeping in all the requirements of to-day.

There are conditions growing in Europe which could I reveal them to you just now, I think you

would all be standing on the backs of your seats. We are greatly encouraged to-night. For that reason I cannot talk long to you, but Our hopes are very high and I thank these beloved artists for lending Us that which I think will be the energy required for this achievement yet, before tomorrow's dawn. (applause)

In the requirements and achievements which have been attained thus far, so much has been done that We may not mention. Do you quite follow Me when I say some things We must call your attention to and other things We may not until a certain time, in fact until the achievement is complete?

As your beloved Lotus informed you, five of the most powerful secret submarines have been dissolved. (applause) You will notice in Our Activities there is no such thing as restoration. When We act it is finished, and your Beloved Bob, Rex and K-17 have called to Their Assistance certain Ones of the Legions of Light.

This much I shall tell you. If you had a sheet of your hardest metal four inches thick, that Ray which We utilize can bore through it in an instant, because it melts it; and in this activity of the dissolving of these secret submarines, the dissolving process began from within. Do you quite follow Me—from the inner? Those submarines will never be raised.

Now dear ones, since the most powerful destructive forces known to man have been unleashed at this time, much of which the outer world does not know, then it is up to Us to quiet this force to save such terrific destruction of innocent human beings. Do you think that the nations of the world want to go to war? Never! I

may not say outwardly, because We do not want the world's attention upon it, but there are things going on in the ammunition plants of the world that will astonish the world and will delight those in the field of battle.

Remember, beloved ones, when We have the authority and the Dispensations for certain things, We move with Great Speed and Power; and nothing in the world stands before Us, when the Authority is given Us to act. This is the first time in the history of earth that Ascended Beings have taken any physical part in the activities of warfare. I trust this shall end all warfare for this earth! (applause)

When We have accomplished that which We hope, and which We are starting before dawn, it might cause the duration of the war to be comparatively short. (applause) The war lords and the dictators have had another visit! (applause) This time with very much greater definiteness! (applause) You know when you become very intense, you talk very straight and plain, don't you? Well We can be quite as forceful, if necessary. I believe this time they understand Us. (applause)

It is quite unusual, when dictators find themselves enmeshed in their own nets how strangely that arrogant power disappears. (applause) Look at the old Kaiser to-day. Once a great war lord of Germany whose arrogance knew no bounds. When he was shorn of the power, he became a very ordinary being. That ought to be an example to the world, for he had already built his ivory throne for America. Yet he lives in seclusion to-day.

Why will not mankind see that there is a Power greater than man, since his creator is still surviving? How puny the mind of man that can

acquire and accumulate such arrogance as they think to dominate the world.

Through hundreds of centuries, mankind somewhere has thought of and talked the brotherhood of man; and usually the more they talked the further it receded from them. This time there will be less talk and more action!

Therefore, beloved ones, may I even urge you to remember again how fortunate you are, that the Light in you was strong enough to bring you to this Great Light? My dear ones, it is the Light of Eternity, the Light that beats each human heart and puny mankind turn up their noses and sneer at Us and at this Great Light. People who have studied or pretended to study these Great Laws for forty years, turn up their noses at Us. Some of them have been in this auditorium during these eight days, and they have pretended to know Morya and Kuthumi. They have pretended to serve Them and they came in, sneered and turned up their noses at Me. One day, I shall meet them in the Tangible Body and then I shall ask them to repeat it.

Beloved ones, I am quite Real. My Body is far more enduring than yours, for It is Eternal. Yet, I can make It far more tangible than yours, when I choose to do so. We can well afford to abide Our time. We never get in a hurry. I want you people of Minneapolis to know that I am very Real; for if much more of the conditions go on here that have in the past two years in opposition to this Light, I shall walk through this city in My Tangible Body, and I guarantee you when I do that, all opposition to this Light will stop! (applause)

Ignorant foolish people for no reason at all are opposing the very Light that beats their hearts

and that is what We represent, beloved students and friends. The Ascended Masters are the Power, the same as your own "Mighty I AM Presence," except that We have greater Power in the human octave since the "Mighty I AM Presence" of the unascended being has nothing to do with the human octave. It acts at Cosmic Levels and leaves the Higher Mental Body to care for the human form.

Dear people, try to understand this Law and then be so firm in Its Great Power of Light which is you. Those frail human forms that cannot lift a finger without the Presence of Life above them, claim authority and dominion over this Great Light. It is childish! It is foolish! One day, they will find it out. That is why I say to you, friends who have been so staunch to this Light, go on and on, and I promise, you will never regret it through eternity.

We have brought certain forces into subjection so far as the student body is concerned. If you will stand staunch in the Light and listen to no silly vicious false gossip, you will go forward into your Freedom financially and every other way. I have the Treasure-house of the Universe to draw from, if I had not, this Light would never have been carried these five years.

People are not interested enough to realize that this Light is the Freedom of all mankind; but We know It and We are going to stand by It, until It takes Its Dominion. When the Messengers left Los Angeles, We could not have believed that all could have been accomplished which has been. I ask you to observe that in the most vicious attempt to interfere with the expansion of this Light by very vicious individuals turning aside, with the absolute deliberate intent to wreck the student

body of America, those individuals were wrecked instead. (applause)

When I say that someone who has turned aside from this Great Light has failed, you will do well not to try to drag such an one back. I know what I am talking about when I say someone has failed and that they may not return to this Light in this embodiment. When people become deliberately vicious without any reason, then they have gone too far. The Light demands recompense and it must be given! Therefore, beloved ones, be unconcerned about who turns aside. Go on with your eyes fixed upon the "I AM Presence" and your hands in the Hands of the Ascended Masters. Then you will go forward quickly into your Freedom in every way.

Oh, what a pity mankind even though unfamiliar with this Great Light, cannot see how magnificent these beloved Messengers have gone forth under My Direction and have won this Almighty Victory! (applause) When it is too late there will be hundreds who would give their right arms to reach the presence of these Messengers—and mark what I tell you. I am not always going to allow these Messengers to drive their human selves to the last ounce of energy. It is My Hope, tonight, soon We shall have conditions where We can give them a rest. Then when some things occur in America and the rest of the world, people will begin to see the opportunity that they have lost.

It is just as a lady said the last time the Messengers were in New York. She sent the Messenger a note and said: "By my being so foolish as to listen to false gossip, I deprived Myself for three years of the Blessing of this Great Light. Finally, I grew strong enough to come and see for myself,

then I saw what I had missed." Just so, will it be with thousands and perhaps hundreds of thousands in America, because the puny vicious human mind says that this Light is not Real; that these Dictations are not Real; that I am not Real; how imbecilical it is. If you allow yourselves to be interfered with by that, then it is too bad for you, dear people. Every Dictation recorded is given by the individual whose Name is there! and I *dare* any living human being to stand before Me and tell Me that that is not true!

Dear people, for the sake of those who love the Light in America, I may choose to take a hand with these vicious individuals; draw them before Me; and see them cry out in agony because of the lying falsehoods they have uttered about these blessed, blessed Messengers. (applause) These individuals are dealing with the Light. They are dealing with Me, not these Messengers. I sent these Messengers forth and I will protect them, don't worry! (applause) It is too bad for the individuals who lend themselves as claws of that vile false destructive force.

I prompt you friends of this locality, beware of those who speak one word against this Light. Shun them as you would a poisonous serpent, if you want to be free; and not only that, but use force to command and silence any words against this Light that are uttered in your presence provided you want to be free and uninterrupted in the expansion of your own Light. I am talking just now in your behalf.

Mr. Rayborn urges and urges Me, to-night, to say something else to you. Since so much has been discovered in America of the communistic activity and the spies of Hitler, they are going across

the border into Mexico and think they are getting out of reach. They are walking right into the trap. (applause) Fortunately for the people of America and the world We see, if We choose, some distance ahead.

As they do with their fellow-man when they want to accompish something, they get the attention off one thing to accomplish something else while their attention is being occupied. We can do the same thing in a different manner. When the spies think they are escaping, they walk right into the trap. (applause) Just as when Mr. Gaylord was a decoy to draw together those spies in Paris which I wished to bring into custody at that time, so We are still alert. (applause)

Remember beloved ones, aside from what your outer magnificent service, your G-men and the Intelligence Department are doing, We do a great many things that none of them know anything about. We have Our own means of causing people to disappear. When the outer intelligence does not seem quite able to cope with them, then We may always act and are privileged to assist. I want you to see that this Power of Light is Supreme, though these things have been allowed to go on—even the war to begin in Europe.

You have a great many farmers here. Did you ever tie a calf to a long rope and the poor calf did not know the length of it? It started to run and when it got to the end of that rope it turned a somersault and landed on its back? You see I know something about farming too. In fact, I could give you some very excellent advice. I could produce almost twice, maybe three times, what you are able to produce on the same ground. Would you believe it? (applause) If I were to prove that to

you, you might say I was an excellent farmer; and really dear dear blessed people, I am a Real Farmer. What would the world do without the farmers—without the vegetable growers and the fruit growers? Where would mankind be? They would *not* be, be assured of that!

I am going to say one thing of which I want you to take special notice. (I am staying longer than I intended, you know that is sometimes the way.) (applause) Do you know, dear people, what holds the desire for certain things within all mankind? Do you? The substance released from their feeling world and when enough of that is dissolved, you will find that certain desires just vanish from within you. One of them—do not be frightened, will be the desire for meat. So ladies and gentlemen please do not get excited, when the desire disappears, you will be quite satisfied. Do not worry about it in the meantime.

If you knew how it beclouds the brain, you would be astounded. Take notice for just a minute, how in almost every instance when you have abnormal gas in the stomach, it will affect your head. Sometimes it gives you a very severe headache or pressure upon the nerves. Again, it will give you a sick headache and of course what you put down comes up. Then you feel better. That releases the pressure from those nerves.

Dear people, observe please! When that abnormal gas pressure begins to cause pain in the head, it is in the brain of course. This action is of fumes rising into the brain and causing unresponsitiveness. It causes a density which makes people less alert. You all have observed how when you eat a hearty meal of meat, you want to go to sleep immediately. It really would be very wise

if individuals did, although the requirements of the outer world seem to insist that you become active.

Do you know what an animated conversation at your dinner table does? It draws the circulation to your brain and the stomach cries out in vain. That is exactly the case. I am not joking. This is why people should be quiet, almost silent when they are at dinner. Yet they invite guests to dinner and enter into the most animated conversation. The table is laden with food and each one becomes crammed, jammed full. All the energy is drawn to the brain and the poor stomach has nothing with which to act.

Do you see how dreadful you treat your stomach? It is really a very great friend of yours. What would you do without it? What would you do without your lungs? Do you pump them yourself? What about your liver that you treat so abominably? I am sorry, if I am getting too personal in My conversation, but it does you good. Are we not a happy family? Can we not talk secrets here in our own midst? Maybe I forgot that we have guests.

Well, beloved ones, I rejoice with you in our friendly chat to-night. May we meet again under conditions of the greater expansion of your Light when I may see the great Radiance even visible to the physical sight.

I thank you.

· K-17's DICTATION ·
· CHICAGO CLASS—SEPTEMBER 26, 1939 ·

Afternoon Class 2:45 P.M.

At the close of the Invocation and just before singing the song, K-17 suddenly appeared and gave the following information:

ELOVED Children of the Light, I come on a very urgent mission to-day. Three submarines are on their way to the Panama Canal. I ask you to make the call and I guarantee you that within the hour, they will not exist. (applause)

As you sing this song and issue your Decree, feel the Power, the Substance and the Light go forth that We require to render this Service. I assure you that We shall report before the close of this class that it is finished. (applause)

Same Afternoon 4:10 P.M.

Beloved Children of the Light, you have gratitude to Us—We have gratitude to you for supplying that which We required in giving forth this Service to mankind. Three of the remaining five secret submarines are no more! (applause) One was within sixty miles of the Panama Canal, so We had to act very quickly.

Now listen closely to what I am saying. In one of these there was the inventor of these secret submarines. They were all invented in Germany. This inventor was close to Hitler and in one submarine were the plans of all that he intended to do in the world. Those are in water-proof containers and the shell of that submarine still remains at the bottom of the ocean. We will cause it to remain there, until the day when We bring it forth to the world and reveal the evidence which it contains. (applause) Then, you who are here

will understand how well I spoke the Truth. Two of those submarines were entirely dissolved. This evidence will be conclusive to the world.

This plan to destroy the Panama Canal has been long and well laid. They did not consider Us, but We were Real enough to destroy those destructive ships and the people in them. (applause)

Oh, I am quite as practical as you are. This I have been longing to tell you for sometime, but I too must be patient. Long ago in the coming forth of the books you were informed that there was the Inner Secret Service, in many ways more powerful than the outer secret service. When the Inner Secret Service acts, as a rule the individuals disappear from the earth.

I will not tell you in just what time or how long it took to consume them, but not so long. Three hundred and sixty-four foreign spies will act no more in your beloved America! (applause) If you understood as I do what this means to your America, your rejoicing would really know no bounds. Therefore, dear ones, your Great Great Friends of Light are not forgetting you for a single hour. (applause)

May I take this opportunity, for I have not just seemed to have time, to thank our blessed Mr. and Mrs. Potter and you beloved students of Chicago for the determined stand which has been taken here. I thank you, one day you will know how much (applause) and I shall make an effort to take a look into the Treasure-house of your Presence to see what possibilities are there—according to My Idea. (applause) I leave you to imagine the rest.

My dear ones, I rejoice exceedingly in being able to render this Service. Your Blessed Bob, Rex and

David Lloyd were with me. (applause) Some day when perhaps some record is made of Their Service, will you understand more of what the Divine Director meant when He said in the close of "Magic Presence": "We have given Them Bodies such as were never known on this earth." The Service those Blessed Children are rendering is most remarkable.

I feel much better now. You know dear ones, I am trying to do all I can to cause you to feel My Reality, My Practicability because some of you are going to need Me sometime, somewhere. (applause) When you do, do not hesitate to call. It might be a good suggestion to make the call now, just in case it might be needed. (applause) You know the phrase you many times use in your outer world: "We'll beat the other fellow to it." That would in some way be doing that.

I think you do feel what Friends We are, more than you ever have. (applause) Now We like to see, know and feel that because then We can do so much more for you.

Well, I suspect the inner man will soon be calling, so I had better stop. Thank you so much. (applause)

· GEMS OF LIGHT ·

"For you who have once touched this Great Light, there must one day come the fulness of Its Expression and Its Commanding Presence through your human form. You must not lean upon outside things, once you come into the fulness of Its Power, for you will find they are not necessary."
(Rose of Light)

· GEMS OF LIGHT ·

"Each one of the Ascended Masters who has been called to your attention manipulates a certain Quality which is for the blessing of mankind to-day. Remember that each One who has been brought to your attention, carries a Special Activity to the children of earth." (Rose of Light)

"Beloved ones, the Expansion of your Light means the release of those Powers which are not ordinary." (Rose of Light)

"While these Ascended Master Words are being spoken, the Greatest Activity in the Universe is acting within you and your feeling world for your blessing. Try to feel It so the full expansion of Its Power and Action may take place within you, even within the hour." (Rose of Light)

"We have entered into a cycle, when you may not give so much power to time and space. When your 'I AM Presence' is acting, It knows no time nor space, so try to rise out of them in the outer world. As far as the attention to your 'I AM Presence' is concerned, allow It to have instantaneous Power of action, so It can prove that really It has caused you to transcend time and space."

(Rose of Light)

"Be kind enough to yourself to forget everything of the past which has disturbed you or caused your limitations." (Rose of Light)

"Some of you who have not been wholly satisfied with your application, should remember that everything comes from within out; and only when you see the greater out-picturing of the Perfection, will you be satisfied that you do have a Key and that you have accomplished the things which you set out to do." (Rose of Light)

"We might tell you of Perfection and you might be satisfied yourself as to all We say but until you see the out-picturing of the Perfection which you are calling forth, you will not be wholly satisfied. How could you be? Your heart knows the Completeness, the Fulness of Perfection, but the intellect has shut It off." (Rose of Light)

"With most of mankind, the intellect has said to the heart: 'Be quiet! I am the operator here', but that has been a mistake. The heart is the only faculty within the body that really knows the Truth." (Rose of Light)

"The intellect has gathered so much from without that it has clouded the comprehension but the heart has never done that. The heart is the Knower within you and is the Activity of your 'I AM Presence' in the physical body."

(Rose of Light)

"When your intellect conceives something, say: 'Did you take this from the heart'? You will almost without exception know the Truth instantly by the feeling of complete peace and rest. Thus, you will know the intellect did take it from the heart; but if there is rebellion within the intellect, you know something is wrong. Then you say to the intellect: 'Be quiet! Be still! until the heart speaks to you'." (Rose of Light)

"You will see the Power of all Life and Light is anchored within your heart. You will see why it is true and as you assert it, you will find it is only too true. Then, you will find you have touched the Secret Key which will unlock—now notice this—the Perfection of health within the body."

(Rose of Light)

"Call on the Law of Forgiveness for all mistakes, then take your attention from everything of the past which has disturbed you in any way."

(Rose of Light)

"It is not to be wondered at that mankind have through so many hundreds of centuries thought the intellect was the knower and was paramount, because they had forgotten all the rest of their Activity of Life." (Rose of Light)

"There is really no person, in spite of all X-rays, who ever really had heart trouble. It is the imposition of human concepts on the action of the heart that causes any such appearance at the time." (Rose of Light)

"Bless our marvelous doctors and surgeons forever, for all they have accomplished in this world of mankind; but they too must one day come to where they see and know the Great Operator of Life, the 'Mighty I AM', is the One Who has given them action to perform every service for mankind. The same with your lawyers, judges and officials of all description. What enables them to formulate decisions, to render service? Only the Great 'I AM Presence' of Life which beats their hearts. Then why should you not give all credit to that Presence? If you do not believe that the Presence is there, try it out! Go by yourself, beloved people, make the call to your 'I AM Presence' for It to assert Itself, and convince you that It is there. If you are sincere and will put away all egotistical feeling of the intellect, every one of you will quickly find the proof that your own 'I AM Presence' is there and unmistakably."

(Rose of Light)

1. Our Loose-Leaf Binder and Decrees

IT is our privilege and we are very grateful to announce the release of a Loose-leaf Binder for Special Decrees as they come forth from time to time. It is made in extra heavy green cloth to match the SAINT GERMAIN SERIES and stamped in pure gold-leaf.

The Decrees are printed on paper to match the other books of the SAINT GERMAIN SERIES, punched to fit the Binder as fillers.

As new songs come forth the lyrics will be printed to fit this Loose-leaf Binder also. (Three will soon be released.)

This fills a long felt requirement of the whole student body and will make unnecessary any mimeographing or copying of Decrees by the Group Leaders or students. The Decrees will be copyrighted so no mistakes can occur, and we ask everyone to respect Saint Germain's Copyright in

order to keep all accurate and True to His Decrees for Perfection.

The Loose-leaf Binders will be released about the last week in November and are for sale by the Saint Germain Press. (We will soon release sixteen pages (8 leaves) of new Decrees.) Ten (10) Pages of these Decrees is the smallest order we fill.

I

HANK GOD for our own Blest America,
The earth's Mighty "Cup of Light,"
Whose strength must forever bring Victory
O'er the world's shadows of night!
Only from here comes new hope for mankind,
True Justice and Freedom Real—
America's Heart—America's Mind
Pour now the Power all feel!

II

Thank God for a Land we really call home,
May we dwell in Life's Great Peace;
Oh, guard it for those who are yet to come
Command man's discord now cease!
Stand ready, beloved, to blaze the Light
Which can and shall set all free,
Wield your full Power and raise by your Might
Mankind to Love's Destiny.

III

Thank God for the Light—the "Mighty I AM,"
Let Its Call thru the earth resound,
The Ethers shall ring with Its Great Command
And Our Land with joy abound.
Let the Unfed Flame send forth Its Great Pow'r,
Hold all in Itself Supreme,
Release Its Perfection this very hour
Its Rays an expanding stream.

IV

Thank God for the Great Blessed Host of Light,
Whose Love in Its Majesty
Has brought our America Glory bright
And released our Victory!
The Light of a Thousand Suns shall blaze
And sweep thruout the earth,
Unfold now to man Its Glorious Ways,
To strengthen each one's True worth.

V

Thank God for our Life—the "Mighty I AM"
And all that we hold most dear;
In deeds shall we prove the Power of Light
To lift and banish man's fear!
Then regal and shining at last all free,
We move in the Realm of Light,
Whose Glorious Mantle clothes you and me
In Its Great Cosmic Might!

· BELOVED MASTER JESUS' DISCOURSE ·

Chicago Class Afternoon October 1, 1939

I GREET YOU, Children of Light, in the Name of Your Life and may that which shall be done to-day, be an Everlasting Memory of This Hour.

Before continuing I ask our beloved artists to come forth, for I wish to give them My Blessing. I pass My Current of Light and Energy through these arms (Mr. Ballard) to bless these beloved ones. May each one feel the Glory of his or her opportunity of service to Life and Light. I say to these beloved artists with the Glory of your long

pent up desire to give forth in this great channel of Harmony the Perfection which you have always felt, may you remain so harmonious in your calls to Light that Life Itself, the "Mighty I AM," and the Ascended Masters may bless you with the Perfection for which your hearts are calling and, with the ease of this attainment and rendition, in giving it forth to the world.

My Blessings rest upon you, beloved ones. Beloved Lotus how wonderful it has been to watch your courage and strength to stand for Our Reality, to stand for this Great Light and to defend It with the strength and Power of that Light. I say to you: "Be at peace. Soon the Light will become Its own defense. Then you may move forward in the Peace of the Light of God that knows no shadow. In your freedom which stands before you in the Ascension, may you know that Goal is the Freedom which enables you to render this Great Service with the unlimited Powers that you have felt through many embodiments. At last, you are closing the book of human life and the Golden One of Life is opening in the Octave of Light to welcome your glorious record of the Service to the Light. That Record will one day rest in its duplication in the Royal Teton." I thank each one of you for your Service to the Light.

I thank you, beloved students of Chicago. Seeing all that you have faced, all that you have conquered, it is a glorious record. Observe, beloved ones, We do not judge from the appearance world. We judge by that record which is written about you, by your own Life and your own Energy. That is the only record We go by. Human beings make many mistakes—some are important and some are not—but Our Record is made by your

own Life. Therefore, We do not make mistakes in that which is before you and before us. (Please be seated)

For a few moments, will you observe the Chart as I speak to you. I hope I may be able to impress upon every one his or her responsibiilty to that Great Presence of Life which beats each heart. Every human being has the constant evidence before him that when Life withdraws from the body, the intellect, the brain and the body are helpless. Then how can anybody with intelligence fail to see that all intelligence and all form brought forth into action, must come through the stream of Life of the individual. The body is but the instrument through which Life is acting and until the Ascension is attained, it is but a temporary garment.

True, you who know so little of the Great Octaves of Light, think seventy years is quite some time; but it is such a fragment of time. Yet in that one period in this Life time, beloved Children of the Light, you have gained more than many of you have in a dozen embodiments heretofore. Remember as the Messengers have often said, you are drawn to this Light by the Light that is within your own heart. You would not be here otherwise.

Your Great Benefactor, Saint Germain, has started the awakening, calling the attention of mankind to that Great Presence, the "Mighty I AM," Its Words and Its Mighty Use. Then you are in a position to know definitely greater and greater Truths of Life, providing you are sincere. Why do not mankind know more about this Great Life and Its Great Expanding Power? Life is everywhere. Life is in form everywhere upon every planet that is. Life is acting constantly in

your vegetation, in your trees, constantly renewing Itself, supplying the seed by which It comes forth again or sustaining Itself by the Energy of Life that is within Itself.

How does a tree sustain itself? By the energy that is there. Just the same as the nerve fluid that flows through your body is the tree self sustained. Your great redwoods ought to be evidence to mankind that such is the case.

You are children of the One Great Presence of Life, the "Mighty I AM," and yet so many millions have forgotten everything but the desires of the outer world of to-day. Still the opportunity is before you, before all mankind, to once again return home unto the Father. The "Mighty I AM" is the Father of the Universe.

Do you quite realize, beloved students, that when you speak of the Central Source of Life and Intelligence, which you have come to know as the Great Central Sun to this system of worlds, you are thinking of your own Great Presence of Life, the "Mighty I AM"? Do you understand quite fully that your "I AM" is one with the Great Central Source of all Intelligence? Were this not true, it would have been impossible to have obtained the Dispensations which have been brought forward for your blessing and that of mankind.

To Me the saddest thing that really exists in human life is, when individuals who try to crush and shut out this Great Light. There is no greater crime that mankind can commit than that. It makes no difference who the individuals are, Life is no respector of persons. It must act.

The human law assumed the authority and has for thousands of centuries sent the people to war, to be or at least have their physical bodies de-

stroyed. In private life, human beings who destroy each other are incarcerated for the remainder of the Life or electrocuted. How do you think that balances in the Great Activity of Life? You see there is no balance.

Mankind has assumed the Authority to send a nation to war. Beloved ones, if you knew the intrigue of nations who send their people to war and make officers many times of those whom they wish first to destroy, you would know and understand the motive that is back of those frightful destructive activities.

You, the Children of the Light, and these beloved Messengers are applying this Law so earnestly for the defense of America to keep the people out of war. Some of those who claim to love Me oppose This Light, which is the greatest tragedy they can commit in releasing war into America; for This Light is the only Thing that can keep war out of America and sustain that protection.

If the people of America wish to listen to falsehood and not stand in defense of This Light, then they will reap the devastation of which the Great Goddess of Liberty spoke and which She has brought to the attention of mankind. We do not govern mankind and compel them to do what would be for their greatest blessing and that of America. Mankind must do these things because they want to do them. They must serve the Light because they want their Freedom and it is the only way they can have It.

Remember, in whatever you do in this Service of the Light, you are serving Life for your Freedom. In My Attainment, I served Life for My Freedom. Your Great Benefactor, Saint Germain, served Life many centuries, until His Glorious

Freedom came. His Great Love for Me was one of the greatest levers for His Achievement. I would like to have those in the outer world stand before Me and see if there is any one who loved Me as He did and does. That is the test of Life! Human opinions are of no consequence unless based upon the Reality of Life, the Great Truth of Life.

You to-day who are seeking your Freedom in the understanding, the application, the service to Life, are rendering the greatest Service of any embodiment in which you have lived.

Observe, in My Experience in leaving the Example of the Ascension to mankind, how little good it did. Three hundred years afterwards, the Great Truth was so obscure that mankind has not understood scarcely a thing of the Achievement or the Example which I left. My intent was to leave the concentrated action upon the Ascension. Instead after three hundred years, every concentration was on the crucifixion intentionally because then as to-day, there was always that vicious force in the world which wanted to destroy the Light. As you know in the experiences I went through, every attempt was made to destroy the Light; and when I finally stood forth Victorious and made the Ascension at noon-day before more than five hundred people, still the world did not accept the Truth I brought. To-day they preach of Me and in their *feelings* deny Me.

When the Messengers have said that I have stood in My Tangible Body in their presence, that they have kissed My Hand and I have held them in My Arms, that is a great and Mighty Truth, and all the world will never change It. Oh, that mankind might have the same Love, the kindness

and memory of Me, so they too might have that same Blessing.

I move among the world to-day, as We must many times in Our Tangible Bodies, which We must change in order to avoid attracting attention. Yet We move forward in order to pour the Greatest Radiance to help harmonize and hold mankind within a certain obedience so they do not entirely destroy themselves. Mankind seem quite willing to enter into this great conflagration now, which would destroy most of the people upon this earth.

I say to the people of America: "Unless you arise your danger is very great! The opportunity of these five years has been given mankind. Many of them have tried to destroy This Light. Just remember that those who are vicious toward This Light will be the cause of your destruction and others, if war comes into America because they are trying to take people from the only thing that can help them or help the nation.

Therefore, in that which stands shortly before you, will you every one remember My Words this day? Every effort that the Law has permitted is being made; every Assistance is being rendered from the Octave of Light to prevent this frightful destruction in America. Remember only just the people—did you notice My Expression?—I say: "Just the people" in Europe want to be free; and just the people are like rats in a trap waiting their execution. That is the Truth, My dear ones, of the situation there.

The people of America are seeing this—and no one can possibly fail to see it. Then, why will not the people of America arise and prevent any official in America from drawing you into a condi-

tion from which you cannot extricate yourselves? In millions of cases the Great Law of Life is such that, if you did not strike the first blow the Law of Life would protect you; but mankind would rather trust in physical forces than the Power of Light.

True, many have not gained the momentum in which that Light can go forth powerful enough to silence human action; but still must one keep on until one has gained that momentum. Then one day the response will stand forth and all human qualities will cease the moment they touch this Radiance. That comes by the Power of Achievement in the understanding and application of Life; but you cannot have it without the application which gains the momentum for you until that point arrives. We cannot do it for you. We can and do give you great Assistance but you must take the initiative yourself. You must determine that you want to be free, then stand by your decision.

If the student body and the million people in America who know of this Great Law and know of the need of America would in concentrated action send forth the demand that every destructive person should be replaced by Ascended Master Friends of the Light and keep at it, the Great Law would compel the replacement.

I am personally grateful for all that has been done in that respect. Because an individual is in a position of authority is no indication that he or she serves Constructive purposes. Many times such people are using these positions for very destructive purposes. Therefore, the people who have seen the evidence should no longer trust such individuals to guard their activities; but

calling forth this Great Power of the Light and Ascended Master Friends to fill these positions, either they would be changed or Ascended Master Qualities take possession of those in such positions and compel the Light within the heart of the individual to render correct service, Divine Order and Divine Justice. That is your great need to-day!

In your great Love for the Messengers, my dear ones, no one could possibly know the service they have rendered and are rendering. I marvel Myself at their courage to continue in face of the viciousness that has tried to destroy them. Since they are under no obligations to continue, I marvel at it as I never did anything in My Experience. The healings that take place at their call every hour of the day, week after week, and month after month, these past five years is unparalleled on this earth! I healed many people, but only a small number in comparison with that which their calls to Life and Light have caused to take action in the people of America.

You have been taught that your Higher Mental Body is the Christ. In My physical body, I was Jesus the physical being. My Higher Mental Body was the Christ which I hoped to reach; and when placed in the tomb, I did become enfolded in Its Majesty, Its Presence and Its Power. When I came forth, I was My Higher Mental Body in Action. Then, on the day of Ascension, I became the Ascended Jesus Christ having entered into that Great Presence, My Own "Mighty I AM," with all Authority and Power over all substance and energy upon this planet. So does every other Ascended Master become the Ascended Master.

Those in America who condemn your Great

Benefactor should remember that it was His Great Love for Me which was His Almighty Victory. Your Love for Him and for Me will be your Victory—and remember beloved Children of the Light, these are no idle promises. The Dispensation gained for your Ascension at the close of this embodiment is Real and stands ready for action any moment any one of the students makes the change; for there is always the Guardian Presence watching and always is that Assistance given.

Remember, do not be concerned as to how that change or passing takes place. Do not worry about the body, the shell remaining, just keep your attention on the Goal and the Great Wisdom of the Presence will take care of all else. Since your Higher Mental Body is the Director of those Mighty Currents of Light, Energy and Intelligence, It renders service at your call.

Do you not understand, beloved Children of the Light, that in My Experience and Service, many of these Laws were not permitted to be known to the outer world because you were under the old laws? Since these Great Beings have come forth from within the Great Silence, which means the Heart of all Intelligence and Power to this system of worlds, then everything has changed because it is so decreed by Those who are the Authority for this system of worlds.

Even upon Venus, many changes have taken place. Hence, your Great Benefactor, Sanat Kumara, has guarded the earth for these four and a half million years, then your Mighty Victory has come forth to render this immediate Assistance with His Group. Mankind should appreciate it. Because someone doubts the Reality of that does not alter the Truth! Those whose Light tells them

it is True, should be strong enough to stand in that Light untouched by human suggestion.

Remember, vicious suggestion is highly charged energy, just the same as anger. The feeling sent forth is highly charged energy and will produce dynamic things which the ordinary feeling would not. With the same intensity, in your devotion to the Great Presence of Life, the "I AM," you can come to generate the same dynamic power in a wholly constructive feeling and action as dynamic as that which you release in anger. Then, you will feel the great achievement with a speed and power which Life intends.

Thus, in the service you are rendering, as you learn the absolute imperative need of Self-control and the human effort to hold and sustain it, as well as your call to the Presence, you will have that peace and quiet within your feeling world which will suddenly release the Light Rays, Intelligence and Energy from the Presence to dissolve, consume and set you free not only from all creations of the past, but to make you Invincible to human discordant destructive suggestions.

I must say something to you to-day, for it has never been taken up in just this manner in the classes. I wish you to feel how important it is to make your calls for the dissolving of all thought forms generated by mankind. I want you to feel its importance for this reason: There are individuals embodied at this time who have been very vicious and destructive through many embodiments. They have generated and created thought forms which their feeling sends forth and you must be strong enough to repel them. In your call to the "I AM Presence," if you will blaze the Light from your heart through your body, no

thought form dare touch or come near you. You always have an Invincible protection in your Wall of Light.

When you have made your earnest dynamic calls, please have the confidence to trust in your Presence and rest in it. Then you will gain the momentum so much more quickly, but if you doubt your ability or do not fully trust the Great Presence of Life, which is YOU the Reality and who gives you everything, how can your calls be answered? There is no power in the Universe to oppose the Real You. Until you really FEEL that, you never will be quite sure in your own feeling of your successful achievement.

Every call you make to your Presence of Life releases Its Dynamic Action to give you protection, to raise you a step higher into Its Greater Vibratory Action. Your "I AM Presence" finally draws you into a sufficient intensity of Its Light until the vibratory action dissolves all else as it touches your Radiance.

My dear ones, how do you suppose I warded off the viciousness that was projected at Me? Remember the prophecies of My forth-coming set the most bitter hatred into action against Me, even before My appearance. You know from My Birth, the most vicious forces then acting were directed for My destruction—but they did not destroy Me until I was ready to leave the example for mankind. Even then, *they did not do it!* I DID IT MYSELF! All the people living could not have destroyed My Body had I chosen to oppose them, but the Example, according to the Law at that time, had to be left of the Ascension for mankind.

It was My Privilege to leave that, only to find so soon afterwards that none believed It was for

them. The feeling was thrown over them that I was the only Being for which the Ascension was possible. What a strange unfortunate thing to spread over the feeling world of mankind, which caused them to cease to make effort!

I repeat again—see how the people of the world, to-day, have destroyed every semblance of Me! In Russia everything referring to Me has been smashed and destroyed! Much in Germany has been destroyed of which you do not know; but I still have hope that the people of Germany, ere too late, will rise, re-establish and sustain the Power and Love of the Christ in Germany. That remains to be seen depending entirely upon what courage and strength can be stimulated within the feeling world of the mass of the people.

It is encouraging to know that almost every one of the men within the armies do know this and it takes a great deal of courage for a whole regiment to refuse to go to the front and to be allowed to return. That is one step of Victory for Germany. May others follow, until the dictators of the world realize that they have been discovered for what they are and shorn of their powers forever.

We, to-day, are making every effort to that end and will continue until your Ascension. Beloved Students of the Light and America, you could not possibly know what your calls have meant—Oh not only to your America, but to the world. Every nation in the world knows the "I AM" Students in America are calling for their Freedom and Protection. It has been conveyed to every nation in the world. It is the one hope to-day within the people of Germany, for this Ascended Master Instruction of the "I AM" has passed

secretly from one to the other with a speed that is astounding. They are secretly cherishing in their own hearts the Power of that Great Presence of Life, the "Mighty I AM," to come to their rescue. In your great calls, who shall say how soon that rescue may come?

Since it is a Fiat of Life that at a certain point, the Great Cosmic Light will release and dissolve all viciousness from the planet; and as you have called many times, why should it not be released before this great destruction takes place? It would be quite another thing if none of mankind were calling; but since they are calling with such earnestness and understanding in the Authority of Life with which they make these calls, then I contend that any Dispensation asked for should be released from the Great Central Sun! (applause —audience rising)

In these Dispensations which have been granted, I contended and I shall continue to call for them. I shall go in person, if necessary to obtain this Dispensation, that this last throe of the destructive conditions of the world be taken into consideration. I shall see if this Great Cosmic Light may not be released to prevent the destruction instead of following after. (applause)

Since your Great Benefactor has loved Me and His Love is so great, then may I render a Service that is some Reward for His Great Love! (applause) May I render a Service in its completeness, which I began two thousand years ago, in assisting Him to the Goal of this Final Great Achievement! (applause)

Notice the position in which the Messenger is standing. That represents My Position as I stand with the Sword of Blue Flame ready to be raised in action. I tell you, dear people of this earth, now

or never must be rendered this Service for the Freedom and Blessing of mankind! (applause) and when I do raise this Sword of Blue Flame for action, it will be at the release of this Dispensation which I expect to gain. (applause)

Just think of the hemisphere of Europe which has been saturated with human blood for countless ages. Will you observe for a moment, that in all the great wars upon this earth, they have taken place on both sides of North America? On the great continent of Mu where such war devastations took place and in Europe which was then a part of Atlantis, mankind were determined to destroy each other. That acted through all the ages of Atlantis until it folded its mantle about it and sank beneath the waves.

The Great Cosmic Authority for this earth will grant Our Request if shown the great volume of the call of the people of America for the Freedom and redemption of this earth. I believe We can obtain whatever Dispensation is required, to release that Power not of human hands! It is the Power of Light which deliberately dissolves every vicious human element from this earth, (applause) that the hand of man may only be raised in blessing. Then, will you know a Paradise upon this earth! Then, will everything from the Great Octaves of Light flow forth to give you happiness inconceivable to-day! It will bring a balancing of all supply activities to every one in America. Then upon the earth, It will bring Perfect Balance in all the Qualities of Life, Divine Order and Divine Justice in Its Perfect Establishment. Then again the Visible Unfed Flame will stand the Ruler of all worlds. It will be visible to every one and this time, It will hold Its Eternal Dominion upon this earth. It will be established at three points, where

before there has never been but one. That means the release of the earth from the discord and viciousness of mankind forever.

One day those who have turned against the Messengers and every vicious individual who has tried to besmirch their glorious characters will be compelled to look upon them in the Glory of their achievement. Then will those individuals know how great have been their own destructive powers that prevented them from standing with the Messengers to clasp their hands and enjoy the Eternal Freedom of Life.

To-day, in your great opportunity, let Me encourage you to apply, apply, apply this Law with all earnestness of your Being. Listen to no discordant thing against this Light but go on and on and on and on, just like you were walking up the Steps of Light into the Heart of your Presence! Visualize that Stairway! See It! Make your mental picture STRONG, POWERFUL so It may stand before you! See those Steps leading up into the Heart of your Presence! Each night before you sleep and each morning on awakening see those Steps and you moving up Them each day. Then in your calls to the Presence, will you suddenly find that all the human garments have dropped away and you stand in the Victory and Glory of Light, your Ascension!

I thank you.

· *GEMS OF LIGHT* ·

As you stand an example of the Ascended Masters, try to feel how great is your privilege; how great your joy should be; and how it means your eternal Freedom, because you are serving Life for your Freedom. (Great Divine Director)

· MIGHTY GODDESS OF PURITY'S · DISCOURSE ·

Chicago Class, Evening—October 1, 1939

BLEST Children of the Light! I greet you in the Name of the Love, Wisdom and Power of your own Life, that very Life which is beating your heart.

While you are standing, will you kindly accept these Mighty Currents which are ready to charge forth through your bodies for owing to the great need, the great demand of the Cosmic Light, the feeling world of the entire student body of America must be charged with greater Purity.

Since the discarnate entities were removed from this locality, it is My Privilege to come and render such Service as your acceptance will permit. (applause) I would not care to enumerate the years, but it is a long time since mankind began to recede from the Great Purity which was once their great privilege. Now the Law of the Cosmic Light demands more Purity in mankind. Since that is a part, remember, of your own Life Stream, then YOU really are demanding It. It is not a matter of your choice, but Life is compelling that Quality of Purity which I represent to this system of worlds to come into all on this earth.

For just a few moments would you be kind enough to close your eyes and feel these Currents flow through, sweeping all imperfection from your mental world, your feeling world and your physical structure? Feel it replaced by the Purity of the Substance of Life. (SILENCE) Thank you very much. Will you be seated, please!

Had not the discarnate entities been removed from this locality, it would have been impossible to render this Service. There are some in the audience who will not understand, but if you do not understand or it seems difficult of comprehension, please know that every force known to man and all power in the world of mechanical action, is invisible. You see the machinery, even the generators for your electricity, but you do not see the current! Your voice passes through the air, but you do not see it! Therefore, there is no reason why mankind should not accept Our Presence, these Currents of Energy and this Service which is being rendered to you to-night.

I quite observe that with mankind, the majority still have far to go; but you who have been giving such earnest attention to your Great Pres-

ence of Life, the "Mighty I AM," even though the old impulses still try to assert themselves at times, yet do you not observe how fast the change has been in so short a time, how less and less the human desires are controlling, unless you come into an environment where they are directly projected at you? Then, you should understand that your part is to repel those desires, not accept them.

Suppose you were to ride in a conveyance and the necessity for a seat compelled you to sit by one whose inner impulses and desires were impure. Because that occurs would you think you were compelled to accept that radiation? Your Radiance poured out would dissolve the desire in the other person. That is how a constant service may be rendered by the Students of Light; but I am sorry many unknowingly accept the impulse and begin to feel great resistance when to constantly pour out the Light from your Presence through you, would not only protect you but dissolve the desire in the other individual.

I am calling this to your attention, to-night, for it is time now that the students of this Great Light became aware of their absolute ability to do this. Watch out that you do not continue to accept the appearance world. You know the Messengers have pled so long with the student body that they must not accept the appearance world any longer as authority or as having any part or power in their worlds.

Whatever condition is to be governed, whatever human beings are to be set into Divine Order, do not accept the appearance as having power because they seem to manifest it. Call forth your Power of Light and send forth the Light Rays into the Group, persons or conditions. That Light is the Power that dissolves all unlike Itself, because

I AM GROUP

It knows no opposite. Then you give the Greatest Blessing which it has been your privilege to call forth for others.

I feel that I should remind you to-night of the privilege that is yours in your great Group Activities. If once you realize that you are gaining the power of each one's call for each other, as well as that for which you are calling, you will understand the blessing, the privilege of serving and the making of your Groups as large as possible. The time is approaching, beloved students, when you are going to need the Great Harmonizing Presence of each one in the Group—not just the Group Leader, for you will find ere long many, many, many people will come to this Great Light, that they may be informed of It.

When I came forth recently and your Beloved Nada and the Goddess of Light came to meet Me, They said: "We want you to observe the change which has taken place within mankind, and especially within this part of the earth"—your America. When One is within the Great Silence, one forgets nations. Then, when We turned to observe Europe, I said: "My Sisters of Light, is it possible that still such fierceness acts within human beings"? They said: "Yes, but in America the great number of people who are calling to the Light for Freedom and for their Ascension, will recompense Your Effort for coming forth to again spread Your Radiance over America that Your Substance of Purity may enter into the feeling world of mankind and give them the strength to resist human wasting desires."

In all Qualities that mankind need to-day, the need of Purity in thought and feeling is perhaps the greatest. You have been prompted quite often, as to the danger of accepting suggestions directly

attempted to be imposed upon you to intensify your wrong desire. People who are unusually sensitive readily and easily accept suggestions unless they make definite effort to repel them.

Now since you have come to know your Great Presence of Life and how to draw to you the Tube of Light and the activity of the Violet Consuming Flame, then you are in a position to not only repel by the out-pouring of your Light, but to dissolve that suggestion so it passes no further. Do you understand, Children of Light, a suggestion sent forth from an individual of strong feeling in the physical octave, goes forth as a suggestion waiting and watching its opportunity to go into action? It might be projected to an individual, a certain one, but if it were not received, it would go on and move about, until there was an opportunity of reception. Then it would go into action.

Now as an illustration. Suppose you were in a street car or a bus and a number of people are there. Suppose one person in that number of people was pouring forth a very undesirable desire and feeling. That would spread over the entire number of people, if intense enough. One who understood this Light, feeling the slightest intimation would pour forth his or her Light and call for the consuming and dissolving of that desire instantly. The Light being far the greater Power, the undesirable condition would cease to act within that scope of those individuals.

You as Children of the Light are greatly privileged to call forth this Power of Light and the Substance of Purity which I have charged into your feeling world will enable you to call forth the greater Power of Light to not only silence, but to dissolve and consume the destructive quality

radiating forth from others or which is being directly projected at the students to try to make them fail on their Pathway of Light.

Only as you saw from Our Standpoint, would you understand what the Children of Light are standing against. The viciousness, the depravity of generations of human feelings, is not an idle plaything but a force to be reckoned with, with great positiveness in order that you do not succumb to its wiles and influences.

Every Student of the Light who feels the slightest impulse of a wrong desire, could instantly call to his or her own Presence to release such a charge of Light through such an one that it would dissolve every particle of the wrong desire for any distance which might be required. At first, I would not take too wide a scope, because your outer feeling might cause you to begin to question it. Take a small scope, until you feel the strength to expand it and you will find you can silence any condition of that kind and very quickly.

In looking over this audience, to-night, I am going to venture to tell you something and I trust I will not be misunderstood. Since mankind has had more than three million years to go through birth and rebirth, those of to-day who have the opportunity and the privilege of gaining their Freedom from human bondage through their Ascension, should certainly not contemplate sex or family relationship in that respect. You have served a long time in raising children, in exercising undesirable sex force. Is it not time now that you might forget it for a few years and turning your attention in the Purity of Life to your "Great I AM Presence," be raised into Its Purity and Perfection, free forever from the wheel of birth and rebirth? There will still be enough of mankind

left to take care of the requirement of birth, but you as Students of the Great Light who want your Freedom, surely you cannot seek another for the desire of sex and expect yourself to be free!

There are no longer secrets from the Great Light. In fact there never have been, but mankind has thought so. Of course you must choose. We may not demand anything of you, but We must present to you the Truth of the Law of Life under certain requirements and conditions. If you wish to remain in the wheel of birth and rebirth, then you must go on exercising your human desires; but if you wish to become a Divine Being, then you must have Divine Desires which are the Purity and Perfection of Life.

My return to the atmosphere of earth, if mankind but knew it, would take sixty-five percent of this desire from the desire world of mankind in thirty days. (applause) Unfortunately, there have been a few individuals who have sought this Light that they might intensify their desires and to draw people to them for wrong purposes. Those are most unfortunate indeed!

The greatest tragedy, to-day, in those desires is for an elderly person to concentrate upon a young person to draw them into that desire. Most unfortunate is such an individual whether it be man or woman. Mankind is still free to choose, but woe unto them who choose the human way; for such an opportunity will not be offered again in a long, long time.

Do you expect, Children of the Light, that these Dispensations brought forth for your great blessing in this embodiment are going to continue? Have you thought of that? Do you think those are permanent activities? They are privileges,

Children of the Light, never known on this earth before. My Presence here, to-night, is a privilege never known on this earth except since My recent return. The pity that blessed mankind does not see and understand what We in Our various Qualities of Action mean to you! You try intellectually to feel that, but to feel it really in your feeling world would make it a part of you quickly, so you could not be deprived of it ever.

Think of it, the Goddess of Light, the Mighty Victory, the Great Divine Director, the Goddess of Justice, the Goddess of Liberty and the Goddess of Peace—how you need her to-day! How the world needs Her! but Europe would laugh Her to scorn. Not so the people of America. The people of the Americas welcome the Goddess of Peace. (applause—audience rising)

While you are standing, may I say these Words very kindly, and do not feel unhappy when I say Them: "I do not find myself so welcomed. Mankind are still not quite ready for the Purity of Life which I represent but still I shall try as each one's Life Stream permits to be of such Assistance as is possible." There are those who do welcome Me within every point of Light in their Beings and I am very grateful; but still some fear Me lest I compel Purity upon them. I shall not do that. You are still quite free to choose. If you welcome Me silently I shall know it and I shall pour forth to you that which will set you free forever, but without Purity mankind cannot be free. You cannot take impurity into the Great Octaves of Light!

In some of the students who have made the Ascension under the new Dispensation, it was because there was previous preparation, attainment of certain Light before this embodiment which

entitled them to the Assistance required, but all do not have that to be called to assist them. Yet there is not one of you in this room to-night—I am not concerned what your moral position is—whom I could not release, if you would turn to Me with the full devotion of your feeling world. I could dissolve and consume whatever had been the accumulation of the past of impurity and you could go free. (applause)

One of the saddest things that I have witnessed since My return, is the observance of many splendid wonderful young people who are being influenced by older ones and made to believe they should gratify the sex desire. That is tragic when just a little impulse of Purity and the right understanding of Its great need, would release them from the clutches of that which will cause them to fail in this embodiment by the lack of purity. (Won't you be seated)

Children of the Light, these are Laws of Life that no person can change. Not one of you is an exception to this Great Law, but you must choose. You must determine what you wish to be. Then that decision will determine how much Assistance We may give.

Now let Me draw you one illustration that ought to give you vast strength and courage. Suppose you made a firm unyielding decision for Purity, then suppose some—let us use the term—undue influence came about and you temporarily fell from that decision. That would not deprive you of returning, but if you used that as an excuse to go on you would fail, because you cannot deceive the Light, beloved ones. Do not try it. Everything is written in the atmosphere about you. Your motives always stand revealed. Deception is impossible to the Powers of Light. We see

what is wrong about you, which is the Truth of your motives. If the feeling was really not yours, you could return and go on; but if that was used as an excuse for gratification, then Assistance could not be given.

I ask you to observe your two precious Beloved Messengers. If they had not been strong enough to stand against the immoral suggestions of the world, how could they have ever carried this Light? It would have been impossible. (applause —audience rising) Beloved Children of the Light, you are representatives of the Light. If your actions are indications of deception to your fellowman there will be no confidence placed in your words nor you.

I remind you again there is nothing in the world in secret. I warn you again as Others have done, do not seek your twin rays in this embodiment. If you do, you will fail as sure as I am telling you. Leave that to the Great Wise Law of your Life Stream. If your Goal is the Ascension in this embodiment, do not voice It from the lips, unless your feeling is responding with it. Do not say: "I am determined to make my Ascension," and your feeling say to you: "I still demand the desires of the physical world."

I may not explain why I am saying this to you, but it is a very great prompting. It is a very unwise thing to seek to be a one hundred percent student thinking it will bring you certain advantages without the attempt at your own self-control. You must see clearly, Children of the Light. You must not try to practice deception on this Great Presence which is now ready to set you free.

No matter what the accumulation of the ages has been—with your determination, your deter-

mined Decrees for Freedom and Purity in this embodiment, and the use of the Violet Consuming Flame, you would be free from all accumulation of the ages. This Freedom is available to you through the Power of your Presence, the "Mighty I AM," if you will call on the Law of Forgiveness. Then, is there anything that should stand in the way of your Victory?

It is a matter of your determination, but you cannot afford to waver in that determination. If you make a determined decision for the Goal today, stand by it. I have seen some places in America where the students had determined to do this; and then because outer conditions began to press upon them, they became frightened. My dear ones, the Power of your Life is the strength of the Universe and Its Almighty Victory. Stand by that Light and allow nothing to turn you aside.

The appearance world has no power to frighten you from the Goal to which you have determined to go; but if you allow yourself to be frightened, you invite that which will deprive you. What should frighten you? Know your Presence of Life and there is no opposite to the Light you call forth. Do you not see you are master of yourself and your conditions, beloved Children of the Light? There is naught to say you nay in that which you determine to do in your claim to the Freedom of the Light!

Let Me now try to help you to understand what determination means. Determination! Have you ever thought of it? Where do you get determination? What is determination? It is the greater action of the Light called forth through your human form, charging your feeling world. Since you cannot have anything except what you get through

the Light, then the Light is your determination. Then you are dauntless once you understand it is the Light that gives you courage, strength and determination. Try to remember that in anything which confronts you and you will not be frightened at conditions that suddenly appear before you as something terrifying.

Oh, how mankind have been terrified by this appearance world! You have seen the evidence each time the Messengers have been in this lovely building, how every force has tried to frighten them. Well, you see they are not frightened, and that they have been victorious each time. Do you not see that it is the understanding and the Power of Light that knows there is no opposite? There is only the Light which they call forth.

Now you as Children of the Light must have the same determination. Know that your determination is the action of Light within you. It is the Greater Light coming to the assistance of the lesser Light. Oh, you are so privileged!

I must make some comment upon the various ones who have stood the Guardians of the Light throughout America. I say to you Philadelphia: "Please do not be discouraged! Your Victory is nearer than you think." (applause) I say to you New York: "Loyal, faithful one, rejoice, rejoice, rejoice! The Great Powers of Light are looking upon New York with determination." (applause) "Washington, your happy dauntless courage has meant much. Continue on until that glorious name which you have given the Capital of America shall find its out-picturing as the Alabaster City of Light." (applause) I say to you Boston: "Awaken! arise! and Great Powers of Light give those staunch loyal students there the Glory of

Thy Presence and the Victory of Thy Light." I say to Los Angeles: "You are fortunate, most fortunate in the great Focus of Light which is there, in the great numbers and the great Power of the energy released. You are fortunate! Go on and on in your dauntless courage and bring forth once again the City of the Angels." (applause)

Chicago, not forgetting that you are so greatly privileged to be in the environment where this Great Light came forth, do you wonder that such tragic opposition confronted the Light here; because this is where It came forth? In the Heart Center of the Focus of the Light to America, you will have to be very strong for just a little while yet; and then, the great Forces of Light taking their Dominion will come rushing to your assistance. (applause—audience rising)

While you are standing may I say this, wholly impartially: "How can it be possible that any need of a human being could cause anyone to come into this audience and seeing the great achievement of the Messengers, seek to destroy the Great Light and Blessing which they are carrying or to try to seek money supply from them, because they have prospered by their own dynamic calls to Life? Every human being who will make those same calls, will have the same prosperity; but they will never have it seeking to drag it out of these Beloved Messengers." (applause)

Why will people come into the audience as they have in this class and seeing the beauty of the stage and environment, allow themselves to be fired into such passion to get money from these beloved ones? How can such things exist in the feeling world of an individual? Every human be-

ing has intelligence and if people have had losses it is their own fault.

Remember, Children of the Light, every one has discrimination, but the majority of mankind seek something for nothing and have been throughout the centuries. Therefore, great financial loss has come. These same individuals would play the races and the stock exchange and if they lost ten times the amount of money they would forget it; but when they see those who are carrying the Light and see that they are prosperous, they long to drag money from them or try to besmirch their characters. It is a pitiful thing in the world to-day, but remember the Messengers will go on and on and on in the Love, praise and blessing of mankind when these other individuals have been long forgotten. (applause)

I mention this, beloved Children of the Light, because I have been compelled to look upon it in this audience. I have been here each day preparing for to-night. (applause) May this never occur again; and I mean every word of that! If people in this city want to have supply, want to have health, want to retain their sanity, they should take their minds and their destructive intent off these Messengers. I trust they will receive and accept this prompting.

All of these individuals with destructive intent amount to so little to the world in its need to-day. In fact they try to destroy it by attacking this Light and these Messengers who have spread such great Light and blessing to humanity and who carry the Light which is the only possible solution of the world's problems and the Freedom of America. You know I observe that the student body over America is soon going to see this with such

power and intensity that a human being will not dare raise his or her voice against these Messengers. (applause) These people in your city who planned such terrible destruction for these Messengers here and determined that this class would never finish, should see their helplessness. (applause)

I am leaving this with you, to-night, as a very valuable memory. I repeat—"a very valuable memory"! Some who have turned away from this Light have many times during this class wept bitterly alone because they do not have the courage to put down their stubborn human feeling, come back and receive the Radiance and Blessing of this class. How pitiful is their mistake.

So remember, Children of the Light, your determination is the Power of the greater Light acting within the lesser, which beats your heart. That Victory of the Light is within each human form. Your determination for Purity, Perfection, successful achievement, the Victory of the Light and your Goal in your Ascension, would compel it in spite of anything that exists within the human octave. (applause)

May you feel the full Glory of this to-night. I speak in the greatest kindness of these unfortunate qualities in mankind, but mankind must conquer them, if they are to be free and reach their Goal. Since you can, why not, Children of the Light, say to every human quality whether you are conscious of its action or not, you have no power, so you may stand the Victory of this Light?

I could scarcely have believed when I entered this room to-night that I could have had the response within this audience which is here. I am

very grateful, perhaps much more than you. I feel greatly encouraged. May you call to Me, Children of the Light, in any emergency. My Rays of Purity shall enfold you any time you call to Me. Do not wait until the momentum is going but at the first intimation make the call that all may be stopped from action before it gains momentum in your feeling world.

Then, may the Glory of that Light carry you quickly forward into the Victory over all human qualities and your Ascension! into your Glorious "Mighty I AM Presence," when you will shake Our Hands in the Glory of that achievement! Then looking again upon the earth, you will see that which We have been doing to try to hold the balance of happiness, Purity, Perfection and the sanity of mankind, that they gain the Victory of Life.

I thank you so much. (applause)

· *GEMS OF LIGHT* ·

Feel yourselves wherever you are moving, clothed in that Garment of Ascended Master Light-Substance, through which no discord of the outer world penetrates. You can have your choice to put on that Garment in the morning as you arise, as you would a storm coat; or you can put It on and wear It eternally. We shall leave you to choose; but remember, that Garment is not an imaginary thing. It is a Garment of Self-luminous Intelligent Substance upon which human discord has no effect whatsoever. You can sleep in that Garment if you wish and you won't harm It. (Great Divine Director)

· THANKSGIVING DAY ·

NOVEMBER 30th is the beginning of the Seven Sacred Weeks during which Jesus intensifies His Out-pouring of Light Rays to the earth, while the people's attention is on Him.

As in the past four years, each student should try to give at least five minutes each day in undivided attention to Him and call to the Great Central Sun to give Him and Saint Germain the Dispensations for which They have asked.

During this time, also use the song "I AM" Come to feel His Nearness and Power released thru America and the earth right now!

This daily attention to Jesus and Saint Germain should continue until January 18th and may everyone have the most powerful Out-pouring of His Light which has ever come forth.

GEMS OF LIGHT

In the happiness of innocent fun, many times a key-note is struck that enables tremendous release of this Mighty Intelligent Substance that is so much needed to-day in hastening the activity for the Victory of the Light in America and for the students under Saint Germain's Radiation. (Great Divine Director)

Only as you can be trusted in small things can greater ones come forth. (Great Divine Director)

You have within you that which can be made a Mighty Power for good, but only by Self-control and refusing to allow the human element within you to even have an opinion. That is how you gain a Mighty Victory. Words do not convey that to you. Only through My Feeling—and try to feel It—can I convey how important it is to balance by Self-control, the Power you wish to call forth from the Presence because as the Powers intensify, without Self-control, you will find yourself tripped up at most unexpected moments.

You stand to-day in the Open Door of the Light and what a joy it is to think of that Light—as "The Light of God that never fails." How true it is. It is not just an expression, but a Mighty Truth which is uttered and acknowledged. In acknowledging that Light It becomes a manifesting activity in the Life of each one who accepts It. Each day you grow more powerful in the Truth that the Light of God within and about each one never does fail. Let all arise in a greater happiness, in a greater Victory, in the fuller and more complete feeling of the Victory of your Presence, by Our great calm harmony held within. (Great Divine Director)

· NOTICES ·

1. Our Loose-Leaf Binder and Decrees

IT is our privilege and we are very grateful to announce the release of a Loose-leaf Binder for Special Decrees as they come forth from time to time. It is made in extra heavy green cloth to match the SAINT GERMAIN SERIES and stamped in pure gold-leaf.

The Decrees are printed on paper to match the other books of the SAINT GERMAIN SERIES, punched to fit the Binder as fillers.

As new songs come forth the lyrics will be printed to fit this Loose-leaf Binder also. (Three will soon be released.)

This fills a long felt requirement of the whole student body and will make unnecessary any mimeographing or copying of Decrees by the Group Leaders or students. The Decrees will be copyrighted so no mistakes can occur, and we ask everyone to respect Saint Germain's Copyright in

order to keep all accurate and True to His Decrees for Perfection.

The Loose-leaf Binders will be released about the last week in November and are for sale by the Saint Germain Press. (We will soon release sixteen pages (8 leaves) of new Decrees.) Ten (10) Pages of these Decrees is the smallest order we fill.

· NOTICE ·

Beloved "I AM" Students:

We desire to announce that the time is near when we will be able to continue the Group Letter concerning our Classes.

We hope to go back and pick up the high lights from all classes since the last letter was issued from New York City in June.

In the future these letters will only contain the most important statements from each Class. It will also contain information as to where the Accredited Messengers, Mr. and Mrs. G. W. Ballard and son, Donald, are teaching the Ascended Masters' Instruction on the "I AM."

INFORMATION

The information given under the heading of "Young America" will be the Ascended Masters' help to the young people for their protection and illumination, as they are the builders of the new civilization and are the channels through which the Ascended Masters will give their Light for the use of the outer world in the Golden "I AM" Age.

This magazine is not an outlet for articles from the students, but is the outpouring of the help from the Ascended Masters and has no human concepts in it.

MY PROMISE

LO 'I AM' with you always,"
Is My Promise true;
The Way I have opened
I point It to you!
My Help "I AM" pouring,
Do now your own part;
Oh, call unto your Presence,
Feel It now in your heart!

"Lo 'I AM' with you always,"
Those Words long ago,
Rang out o'er the ethers
To let mankind know
My Love and My Vict'ry
That each must attain;
For Cosmic Light in Its Splendor
Shall now rule earth's domain.

"Lo 'I AM' with you always,"
Because We are One;
God Beings of Life's Flame
Come forth from the Sun.
Then will you believe Me
When I call to you?
"I AM" Light's Full Perfection
Be ye all Perfect too!

"Lo 'I AM' with you always,"
Your Brother of Light;
Arise! Be Victor'ous!
It is your birthright:
You too are a Being
From out God's own Heart;
"I AM" Life's Mighty Power—
And we never can part.

"Lo 'I AM' with you always,"
In all that you do,
When it is constructive
You are Myself too;
So feel now My Nearness,
My Presence so bright,
I enfold you each hour
In My Great Cosmic Might.

"Lo 'I AM' with you always,"
I now make the Call—
"Come! Great Cosmic Powers
Give Help that frees all!
Descend! Let Thy Blue Flame
Sweep earth thru and thru"!
Our Great Sun sends Its answer
My own Heart's Call for you!

· GREAT DIVINE DIRECTOR'S DISCOURSE ·

· *Cleveland Class—October 22, 1939* ·

THANK you very much Children of the Light. Won't you be seated? During the remainder of My Talk to you, remain as quiet and comfortable as possible, for the Service that I wish to render thru you and for you.

You who have not known or seen something of It, can scarcely imagine what a powerful intensity of Light can mean and do. In the activity of your foundries, you have a slight idea. The white heat of your furnaces in the human quality of action is a melting and consuming power which re-establishes a certain electronic action within the substance; yet in the action of the Cosmic Light there is an Intensity quite as powerful but tempered according to the requirement of the individual. Of course We never allow a greater Intensity than the individual is prepared to withstand.

You must have observed the vast changes in a few years in all the methods of activity which have been used thruout hundreds of thousands of centuries. Eighty years ago, it would have been as impossible to render the Service which I am rendering here to-day as it would be for any one of you to sprout wings and fly. It could not have been done. Children of the Light will you not observe that some vast change must have taken place in the vibratory action of this earth and you?

I see the beloved students wondering how much progress they have made, not seeing much outer manifestation of it, yet they wonder sincerely and deeply. Children of Light! did you

observe from the Inner Standpoint, you could never have such a feeling in the world. You would but rejoice in whatever the great Wisdom of your Life Stream was providing to set you free.

My dear people, this is not idle talk. It is no idle thing. This is a dynamic intense Service being rendered and the new Dispensation for the Freedom of the sincere students of the Light in America, I tell you again, is no idle thing. It is just too bad for you who do not believe It because you will deprive yourself of the great Blessing and Privilege which you might experience.

When We tell you something and give you Our Promptings that a thing can be done, you may be sure that We know it *can* be done and We do not ask any human being's opinion about it; but when We ask so little obedience to your Life should there be anyone in the world who would not be willing to give it?

Sometimes as I move among the student body —however, I do not do it often—I see what they could actually do by their intense call for the "I AM Presence" to use the Violet Consuming Flame constantly. Then I see how sometimes individuals allow their attention to be drawn on to things of the outer world and they do not set into action the full intensity of that which they might use—just delaying, prolonging and possibly passing up the opportunity We are offering with so great a Love. Yet We have the Power and We are the Authority in offering them their Freedom in this embodiment.

My dear people, there are some who say: "Why this does not apply to me. I do not need the Violet Consuming Flame. I am not afraid of red and

black." You might not be afraid of a tiger that would tear you to pieces either. What do you think, Children of the Light, has torn mankind asunder during these hundreds of thousands of centuries? Of course the beginning is their own discord but when they come into a certain amount of discord, it will force them into every other vibratory action corresponding with it.

Black represents death, red intense anger and when you are discordant, you will want to be in the radiation of those things and the poor unfortunate people in the social world think they can go on using those things and not reap the results. What a pity! My dear ones, when We who are powerful Perfect Beings look upon the social world, the arrogant pride that is there, We think Oh when will they awaken? I am not speaking of all of them, but there are some whose arrogance is so great. They would not condescend to come to one of these meetings because some of their social set might see them. I come, a wholly Magnificent Pure Being who has thruout the centuries been the Governor of the Life Stream of mankind. Yet when I am so admitted, I come to give you Assistance. The Great Goddess of Purity has come from within the Great Silence to render Her Purifying Service for mankind and puny human beings in their false pride and arrogance say: "Oh, I could not afford to give attention to supposed Ascended Beings or even the 'Mighty I AM Presence.' I am not quite sure about that." What childish foolishness! One day, Life says to them: "Now you have reached the end of your span, what are you going to do? You have lost your opportunities."

Every human being in embodiment at this time, is at the dividing of the ways, beloved people. Individuals are not going to have more embodiments in which to decide. They are going to decide right now within the next few months! You think We do not know you! You think We do not know the Law which is governing this earth and every human being in existence when We have to be Obedient to that Law in order to apply Its Invincible Powers.

You do not want to give obedience to a few little things, but We give Obedience to the Great Cosmic Demands and Commands. The Centralized Focus of all the Vast Intelligence and Radiance to this system of worlds is no myth, dear people; and It is looking upon this earth for the first time in long long ages. The last time It looked upon this earth It said: "Mankind looks to be absolutely helpless! The density is so great what could We longer do, when they refuse to acknowledge or try to find out anything beyond their human forms?"

Then so much investigation came later—quite recently—within eighty years and by the accumulation of the discordant forces of man, so many people were led into the psychic or so-called astral world and the connections there have held many bound for two, three and four embodiments. More people have been cut free from the psychic world in these five years than in fifty centuries previously. What is the psychic? Mankind's destructive vicious accumulation.

My dear people, when We tell you that very vicious destructive individuals releasing an intense feeling of anger, hatred and those qualities

which are destructive, create thought forms as powerful or more so than their own physical bodies, We mean it. That is what mankind is contending with. That is why some individuals seem to have such temporarily powerful force. They used to send thought forms to try to destroy others but they cannot do it to-day.

Some of the individuals who were dismissed from this Staff had some of the most destructive thought creations We have ever witnessed. Knowing this, We drew them into the Heart Center of Light to try to consume their vicious creations before they could find action in the outer world; but the disobedience and intrigue, as they thought behind the backs of the Messengers, prevented it—and yet two of them could have been released completely from it within a few days.

Mankind must understand these Laws if they are going to be protected from the conditions which they have generated. One individual thought she was an angel incarnate. Well that was a purely destructive force which was making her feel that.

This is why, dear people, when We offer such vast Assistance, everything We do is as tangible as your own hand. We do not deal with anything but tangible Substance and Energy and when I ask you to sit quiet while I talk to you so I might render this Service, do you think I am dealing with anything hazy? I am dealing with a Substance and Energy that is flowing into your feeling world which will give you a release to-day that you never experienced in your life if you care to accept It; but if there is any doubt in you, do not expect to feel a Manifestation of It, be-

cause I will not touch anyone's feeling world where there is doubt.

Mankind has had the opportunity. These Beloved Messengers who offer such great Divine Love, kindness, limitless patience and energy try to help humanity to the understanding of the Greatest Laws which are known in the Universe of the "Mighty I AM Presence." These Laws explain how to draw that limitless energy into action in the human octave. It is the greatest service that could be rendered upon this earth! Then vicious individuals, wholly depraved, want to destroy them.

Again I repeat, dear people, you are living in a wholly different period than the activity of eighty years ago. The Light is taking Its Dominion in human beings and in your beloved America. Whatever you go thru, you will find, out of it will come the Supreme Dominion of the Light. We would like to see you have It without conflagration, without terrific cataclysmic action.

Shall I tell you something which will sound to you quite incredible? When the Messengers were in New York the last time, when such frightful viciousness and falsehood was spread by those within the Staff and that began to reach out in the city—do you understand that it took Our Firm Absolute Command to protect the city! New York has been in great danger for many years! People who oppose this Light with great viciousness should be silenced above all people upon this earth! The spies of foreign nations are not a comparison to that force released, because those who have contacted this Great Light have turned to try to destroy It. Whatever effect they

have upon other individuals is the supreme penalty which they will pay

When We have repeated this several times to the student body, why will the students not see it and no longer yield to vicious stories and falsehoods spread concerning the Messengers and this Light or Our Reality? If you want to do those things it is quite your own affair, but when you see the penalty and you are paying it, remember My Words! Soon We shall cease to prompt, but the great earnest sincerity of the people who are in this audience to-day is a glorious thing. They are glorious Beings of Light from all parts of the East and Middle West. Think of it dear people! How privileged you are to understand that We are Real to the extent that no one could ever change it.

Then call forth to your "I AM Presence" and to Us, for the Great Perfection which We are. Every particle of Substance released by Us or from Us is that Substance which cannot be requalified by human beings. That Substance which I charge into your feeling world, you cannot requalify. We are giving you this Assistance because of the emergencies before you. If We can cause those appearances to completely dissolve, then We are very happy. You may be sure, We will do all within Our Power according to the Substance released by the student body of America.

I cannot tell you how much It requires, until We are at the point and see what the intensity of that is which We must use. Since you are only required to furnish or supply one-third it ought to be quite easy, and would be if you but realized it. We must supply two-thirds and in the removal of the substance and entities in the cities

where We have been, it has been of tremendous assistance to that achievement which We hope will come within a short time.

The Dispensation which your Beloved Master Jesus asked for has still not been released; but We fully believe It will be, for I have not known His Request to remain unanswered. Now when I use this term, do not misunderstand Me. You of the Eastern part of these United States have a great responsibility and I mean by that, not that you are responsible to the rest of the people, but in your understanding of this Light, let Me offer a suggestion—that you call to your "Mighty I AM Presence" to release thru your Higher Mental Body whatever intensity of Substance is required, to allow you to make up for the lack of numbers in the intensity needed to supply this.

That will not cause any tension of the physical, and you must watch that it does not because it is the Activity of your Presence at your call and should give you greater ease and confidence instead of any tension. I know a great many have become so tremendously in earnest for the protection of America that they do sometimes get in a slight tension. Watch out and do not do that, for you will obstruct your way and sometimes much of what you would otherwise do.

All these things are as practical as your mechanics. They are powerful, because this Power is the Light that knows no opposite. When you project your Light Rays into the City of Washington, D. C., New York City, Chicago or any city for that matter—those three especially—do not attempt it unless you get the feeling of the Almighty Power of your Presence, acting thru those Light Rays and that it is sustained when

it is set into action. When you call again, you do not re-establish that, but you cause a greater intensity to act thru it. Every time you call, you are adding and adding and adding to that great impulse, that great intensity until it becomes such a volume of action, it is like a dam breaking and a great flow of water rushes forth. This is the River of Life.

Think of it! You dam up water in your land for irrigation and for power use; but Oh my dear people, how much more do you dam up the Energy of Life by the qualities which act within your feelings, instead of allowing It to flow out and perform Its Magnificent Majestic Service in your world of action? Doubt is the greatest obstruction in the way of mankind. It stifles the flow of Life.

It is not a pleasant thing to watch, but you can take any human being with very intense doubt and watch that one three years and see what happens. It is a terrifically destroying action of energy. While it is not in the same manner, it is almost as powerful as anger and hatred in its destructive power because when anger and hatred are acting mankind suspects it, suspects the motive but when doubt is acting, it spreads its radiation over mankind and they do not know what is acting. Therefore, many times they are helpless before that doubtful radiation which goes forth.

An individual told the Messenger the other day in receiving a book from another that suddenly the most terrific doubt seized him. Well that could only be because the doubt of the individual had been charged into the book. So please understand that! Do you understand why some

two years or more ago, when I saw what was taking place among the students, I offered the suggestion that when Nada joined Her Release of Energy in the autographing, that people refrain from loaning those books? Don't you see why? The Substance with which a book is charged can be heavily charged with the feeling of an individual. However, this to which I was referring was not one of the books of the Saint Germain Series and is a wholly different thing; but I am drawing the illustration to make you cautious and careful of what you do because you can avoid so much that you would otherwise draw upon yourselves which you will have to handle and why keep on the everlasting handling of problems! Why not arise into the full acceptance of your Higher Mental Body and let It handle the whole situation and you be at peace?

Oh, my dear ones, once you discover you can do this, your joy will know no bounds. Is it not your Higher Mental Body that does everything anyhow? If It can operate the organs of your body, supply Life, Intelligence and energy to your human form, then It must be very powerful. You do everything, unknowingly, to thwart Its Action—the kinds of food you take, the kinds of feeling you have and the kinds of environment you rush into—all those your Higher Mental Body must handle. Sometimes you get into terrific vibratory action and a great wail goes up. Well the Higher Mental Body does not lead you into it but mankind does often rush in where angels fear to tread. That is just an expression because angels fear nothing, but it is quite apropos when it comes to expressing some of these things.

In your application you must remember these things. If you do what the Messengers have told you in this class, you will never have any difficulty in getting immediate response to your application. Please, dear students, do not write, record or even talk about your troubles. Of course, I quite understand people who have just recently come into this Light, have not had the full explanation and do not understand all this. Just say to the Messengers, you need help and if it is something specific tell them what it is in one sentence or two but do not cover ten pages describing your troubles, because you are making a record which you little know what it does to you.

An individual just recently was so extremely excited to get to the Messengers to tell them about all of his troubles. Well people cannot get to them to do that. Your Higher Mental Body is the One who must bring the remedy. It knows all about your troubles, but It does not accept them into Its World. So you need not tell anyone else, since It already knows about them.

Dear ones, blessed students, I plead with you —as you value your progress and Ascension under the new Dispensation, do not get together and discuss discordant things; and above all things something critical concerning this Light or the Messengers. If you do, you had better a thousand times walk out and forget this Light. You do not know what that builds for you. These Messengers are pure, magnificent Beings and they are the greatest blessing to you that you will ever find upon this earth and do not forget that. No matter what some vicious individual says, it does not change the Truth a particle. If anything

vicious individuals say was true, do you think for one minute I would be here to-day flashing these Words to the Messenger for your Blessing and Benefit? Do you realize that their atmosphere has to be pure and clean for Us to associate with them? Because they are positive and firm in the guardianship of this Light, do not misunderstand their firmness.

One unfortunate individual sent the Messengers a note because they were ridiculing the vicious reporters and said: "Oh, are you not criticizing those unfortunate individuals"? My dear people, how ridiculous! Understand once and forever these Messengers do not criticize, condemn or make any mistakes! No person in the human form can tell them how to direct this work. Saint Germain is the Director of this and whether you believe it or not, He still is.

Therefore, I want you this afternoon to understand these things, that you may have the information before you direct from Myself. I am pouring this Radiance into your feeling world that you may be free, if you choose to follow the simple Things which I have said.

You do not see physically the intensity of this Light drawn here, but your etheric body sees it only too clearly. The readiness and assistance willingly given by the etheric bodies of the majority of you while I have been talking to you, makes Me feel highly gratified. Therefore, it makes Me feel that My Visit to you to-day is not in vain.

We are offering this Assistance which We alone can give and leave mankind to accept It to whatever degree that they can or reject it. Let Me try to make it clear to you. If someone with

Full Wisdom and Power would take one of you from the audience, stand you here and say: "Now I give you by the Power of Life your Complete Freedom from every condition of this earth! If you will call to your 'Mighty I AM Presence,' since you are free, It will give you your Ascension here before these people." If you refused to make that call, you would hardly ascend would you?

That is exactly the position in which mankind stands to-day. We can do to the utmost of Our Ability, but if mankind fail to give the response to the few simple things We ask, how can We set them free? Largely it is your earnest, sincere, determined call which We need. We ask very little besides that. Of course We do ask harmony in your feelings but outside of that, We are dependent upon your earnest sincere calls to cause you to do the things required or Us to give you the Assistance which will guarantee your Freedom under the new Dispensation.

That is no myth. There are some who have already found that true and many others will find it to be so. These are Mighty Activities, I am talking to you about this afternoon. In this simplicity, I am trying with the Substance which is flowing, to charge and clothe you with these things that will anchor you firmly within the Light of your "I AM Presence" and guard you against human suggestions.

Oh my dear people, if you saw with your physical sight the seething vortex of human suggestions in which you must move while remaining here in the physical octave, I tell you it would be positively terrifying. I say that in order to try to help you try to feel the necessity of call-

ing your Presence to establish the Invincible Tube of Light about yourselves. That is not just an idea. It is Self-luminous Intelligent Substance which your Presence will set into action and make Invincible around you, if you will remain harmonious within it.

These are things that are imperative at this time. If you do not listen to this many of you are going to fail. I offer a suggestion to those whose homes are here. I plead with you, beloved students, let not one critical word of each other or your leaders go forth after to-day. If you cannot pour forth blessings, be silent. Then you will not obstruct your way of Freedom or someone's else.

I have not ventured to say this before, but dear people, do you realize that one who viciously and wilfully causes someone to turn from this Light, does one of the most tragic things that a human being can do at this time? If the life of an individual is taken it is just the removal from the body; but the doubts through wilful viciousness which are placed in the minds of earnest sincere individuals, might last them through two or three embodiments and you would be responsible for it, if you cause someone to doubt or turn from this Light. I do not think there is any human being who wants to take that responsibility. You may believe Me or not, but you will find it is True.

So in bringing to you to-day this powerful release, may the Light within you give you full Freedom. I call to your Higher Mental Bodies to see that you do and can give the full acceptance to this Substance, which the Higher Mental Body knows I am setting into action for your use, blessing and benefit and to see that It acts and is sustained regardless of your human qualities.

That is a great deal to ask, but "I AM" asking it to-day, for I want a certain number of people in America, for a reason which I cannot tell you, to go forth from this embodiment into their Ascension. If I were to go into detail of the reason why, I could talk to you from now until twelve o'clock to-night and you would not even know you were sitting on those chairs.

Life is so vital! Life is so magnificent! It is ready to give Itself to you with such little obedience as It asks. Try to feel, dear blessed ones, that there is not a person, place nor condition in this Universe that can reach, harm you or touch you with any vicious force sent out. Try to feel that with the definite Power and Authority of your Higher Mental Body which pours Its Radiance out to prevent it. To you students of the Light, it is very important.

As I leave you in this very great Radiance, will you go forth from this auditorium as quietly as possible; and while you are at your dinner, silently keep accepting the Great Blessing which is yours. Just think of It as a Blessing and the rest will take place. Hold that sustained until you return to-night and let the Great One who will talk to you, render the Service which will be the closing of this Mighty Radiance here.

Precious people, the closing of these classes on Ascension Day is like the finishing of a great and mighty symphony because you are part of It and the Light within your heart is calling and calling. Its Radiance raises and mingles together in the great call of those who are here, for release and Freedom from human conditions. It is a magnificent thing to behold and seeing it clearly to-day, I thank you for being able to release as

much sincerity, as much determination and the wonderful out-pouring of Divine Love which you hold for the Messengers and Ourselves. It makes everything possible and may you feel It and hold It sustained until the close of the evening! I thank you.

· GEMS OF LIGHT ·

"Whatever reports are brought to you in the work of the future, be wholly unconcerned, except to say to those appearances, whether it be person, place or condition: 'You have no power'! then dismiss it from your mind. I would not revolve and discuss too much reports that come. Once you REALLY UNDERSTAND this and the Power each one of you has to say to all appearances, whether it is concerning yourself or someone else: 'You have no power'! and once you fully realize the power that is in those Words, you will have no difficulty in dismissing the appearance and freeing yourself from further contemplation of it." (Saint Germain)

"I wish so much to have you arrive at a point where you free yourselves from a feeling of the need to discuss a thing any more than understand that which needs to be done and then forget it." (Saint Germain)

"Beloved ones, won't you always feel that the outer things are really of secondary importance? It is the Inner Powers and Activities that should be given first consideration, then all outer activities will naturally come into their perfect order of activity." (Saint Germain)

MR. AND MRS. G. W. BALLARD

· MIGHTY ASTREA'S DISCOURSE ·

· *Cleveland Class—October 22, 1939* ·

THANK you, beloved Children of the Light. In My Presence with you, to-night, may I convey to you Information that will make you rejoice very much? Won't you be seated and kindly remain seated, no matter what I say; for I probably will say some things which in your great enthusiasm will make you want to show your great gratitude. With quiet in your human forms, all that is expected to be done will be achieved.

Before I begin I want to tell you of the Mighty Oromasis, Prince of the Fiery Element. You have not understood the forces of the Four Elements of which you are a part—earth, air, fire and water. Each one of those Elements is peopled by its own kind. The mass of mankind do not believe that, but unless this interception had been arrived at, let Me tell you, you would have felt Them readily enough.

The Four Elements are determined to accept no more of man's discord imposed upon them. Since Oromasis is the Prince of the Highest Element, the Consuming Power, He will walk to and fro thru this auditorium to-night. Do not be disturbed by any sensation you might feel and please do not let anyone think he or she is going to faint.

This Great Activity by Oromasis will be a cleansing, purifying and releasing of the destructive substance from the brain because mankind have charged the brain structure with a dense substance thru the use of tobacco, intoxicating drinks and from various other reasons. This will give you a clearness of comprehension and a Se-

lective Intelligence—I mean for actual use, which I am sure will delight every one of you who is sincere.

Oromasis has been able to use His Influence in harmonizing these Four Elements for the first time in the history of this earth. They are ready to co-operate at His Suggestion and give mankind a little more time. You, beloved students, who are so very devoted and sincere, have no idea—as you have poured forth your great Love to the "Mighty I AM Presence" and the Ascended Host, how that has gone forth into the Four Elements. It has brought you to the attention of those to whom it has gone and your Love has given Them the greatest encouragement in the world, to feel that there still is a possibility that mankind will wake up and come into conditions of Purity and Perfection. If mankind can be released from discord, it will enable the inhabitants of the Four Elements to once again pour forth Their Harmony and Perfection in the Element to which They belong.

Do you know that when this purification is completed, there will be no such thing as storms and there will be no such thing as destructive fires? I call your attention to the conditions which have existed in the West where out of pure viciousness, a great many acres of magnificent timber have been burned. Had this purity and harmony been established before that happened, it could not have occurred. The purification has not been completed yet, but it has been started and We see no reason why with the Assistance of Oromasis and Myself, it will not be done.

Another activity which pleases Them very much is the removal of discarnate entities, for so

many have already been removed from the earth. It is the discarnate entities which form the psychic or astral world where so many destructive forces have been released upon mankind. To completely consume the psychic or astral world to Me is one of the greatest needs of the people of earth to-day. I am here, to-night, to call your attention to the fact that I will continue to move upon this earth and in its atmosphere at least until the end of January; to give what Assistance I can in releasing mankind from the pressure of discordant elements and the discarnates who prod mankind on to do very vicious things. Many would not do such things if released from their influence.

Therefore, My Special Work is to seek out the various cities and cause all entities to be removed wherever possible. Do you quite understand, beloved students, that in the cities where there are large Groups, for instance as your city here and in Detroit, the students have made it possible to do this by their calls? Where there are only a few in a city, the volume of substance and energy released is not sufficient and We must wait.

One of the most vital elements of this activity to be governed just now is New York City and We trust before the end of the Philadelphia Class, to have removed every discarnate entity from New York City. You have no idea what that means to America and the world.

Saint Germain has asked, if I would come and move through the atmosphere of earth and give this Assistance which is so imperative at this time. You will find in the cities where this has been done, great will be the change not only in

the atmosphere, but in the feeling world of individuals.

My Activity to-night is to release a certain Element which I may not describe to you. It will be the Guard of every sincere "I AM" Student in America and the world. To Us, you must understand there is no time nor space. Distance makes no difference to Us, but this service must be rendered. If the student body everywhere will accept this, they will find a great release from pressure, suggestions and various activities, which have disturbed them greatly and most of all they will find most complete rest when opportunity affords.

I ask you to silently answer what I am going to say. In the number in this audience to-night, how many sleep like a child? Very few and yet you should. Every one when that one's head strikes the pillow, should rest like a care-free child and when you gain the Real confidence in your Presence, you will find no difficulty in doing this.

Mankind have been trained Oh, so tremendously, in accepting the things of the outer world and believing that they must submit to conditions which cause them ill health, restlessness, irritation and disturbance; and of course when you cannot rest perfectly, you will sooner or later become irritable and disturbed because there is not enough Light acting within your body to hold the balance of the forces there.

How many are there in this room, to-night, who could tell Me what the balancing of the force in the human form is and what it means? Dear people, if you had observed from Our Standpoint, the activity of mankind before your Beloved

Saint Germain brought this marvelous Instruction forth, you would have seen the most distressing condition ever witnessed. Mankind was fast coming into that condition and that is why the agitators from foreign lands gained such a sweep within your beloved America because at that time, mankind was restless and the forces within them were not in any wise balanced. Therefore, they accepted suggestions and swung just like that. (Motion of hand)

You will observe the vast change which had to take place in the feeling world of mankind, in the Great Truth that the Goddess of Justice is no longer blind-folded. Who do you think placed that blind-fold there? The human concepts of mankind who were afraid of Divine Justice. Now in the great call which has gone forth, mankind no longer fear that, but want it. Ere long, they will want the Goddess of Purity just as much as they want the Goddess of Justice to-day—when the pressure is taken off mankind from all directions.

Observe! the hearts of mankind are always good, but when the feeling world begins to act below the heart at the solar plexus, the people are subject to every discordant destructive suggestion they contact. That is why the Beloved Nada gave you Her Magnificent Activity, so simple and yet so powerful. Perhaps there are many who do not know of it. Her Instruction was: "Whenever irritation starts, draw in the diaphragm and raise it. With that physical activity, it is just as though you closed the door to the discord of the outer world; for beloved Children of the Light, this is the only place you can receive discord into your world (solar plexus). You can-

not receive it here (heart) and never did; but the door to your feeling world, which is the solar plexus, is that through which discord comes into your world."

Now this simple Activity with a little practice will enable you to shut out the discord. It is not comfortable at first, if you are not used to it, but after awhile, it becomes a great pleasure and advantage. You notice, We very seldom mention any physical exercise because so many such things in the outer world have been called to your attention which are very harmful; but this Activity is a great great protection to your feeling world at any time you want to shut out the feeling of disturbance or discord.

In regard to the activity of the substance released from mankind, I want you to see just as a slight illustration, all that it has meant. If you have been in London or any place where there is dense fog, you will understand what I mean; because the fog holds close to the surface of the earth or low in the atmosphere. That is what has happened when mankind's destructive forces have been released into the atmosphere. It makes a belt around the earth, the only place it can stay. It has to gravitate into its own element and fortunately for mankind, Life has so provided; but there has been the constant release of it back upon mankind for they created it and every time they become discordant, they connected with it and released some of its power back upon themselves again. That is why I am here to-night.

In My Movements in the atmosphere of earth I shall endeavor to remove the last of this substance from the so-called astral or psychic world and that will mean all discarnates who have been

there will be removed forever from the earth and its atmosphere. What a pity mankind could not have understood this centuries gone instead of building more and more and more.

Beloved friends who may not be aware of this Great Light as the students are, let Me explain. Individuals who pass from the physical body and who have lived a normal and good life, do not remain in the atmosphere of earth. They go into the Octave of Light, into the Higher Mental Body where they function during the digestive period to assimilate the experiences of earth, until they return again—but that is not all! There are those who have been so vicious upon this earth that they cannot leave the earth's atmosphere. They are those who form and live in the astral or psychic world. That term means the accumulation of mankind's destructive energy, which has been released and those who cannot leave the earth must remain in that. It is one place which I plead with you never ask to see or to know. The Messenger had to go into those elements in order to be able to guard and to instruct you, but never seek to go there!

Another point I wish to make very clear to you is, that there are no gradations of the astral world. It is one element which is wholly destructive, for there is no good in it. I know because I AM Authority for the removal of discarnates from this earth. Before your Beloved Saint Germain brought This Instruction forth, I had been approached many times and I said: "There is no use. Something must be done for mankind before this Assistance can be given" and lo and behold it came. Never will this earth, until every human being has made the Ascension, know the gratitude

they owe to this Magnificent Being of Light. (Saint Germain) He has rendered a Service that never has been or never will be upon this earth again. You can imagine His Determination, when He tried for several centuries in the face of repeated failures, to get enough attention of mankind to allow Him to render this Service but at last it came. You who are here in America have returned to the beginning, the starting place of humanity's advent upon this earth.

If you are lost in the forest and begin to walk you will return to your starting point almost without exception. Mankind has been lost in the forest of their own creation and have come back to the starting point so they may arise into the Glory of their Eternal Freedom. You could not possibly comprehend all that has already been done, although the various things to which your attention has been called are but a few of all the things which have been done for mankind, America and this earth.

Yet those who are filled with doubt and unbelief, laugh at the idea of Our Reality and the Service which has been rendered. What a pity, since no force is ever used in this Universe by Us but Life. We are the Perfection of Life! You are on your way to your Goal and one day will stand in the Octave of Light with Us—free Beings, Masters of Substance and Energy. It ought to be Goal enough for the utmost of anyone's attention to be given; and is worth all that is within each one's power to-day to give in obedience to Life.

We can do a great deal, but We cannot do all. Certain things you have to do but We are rendering a Service that makes so much easier everything Life requires you to do. It is not as it was

sixty years ago, for the vast change which has taken place in twenty years in your land, is unparalleled in the history of the earth.

To-day, when all these things are suddenly rising and showing opposition to your power, to your Freedom, your happiness and your supply, it is the last throe of human destructive force. As you understand this, you will release yourself by your call to the "Mighty I AM Presence" —your Presence of Life with such earnestness.

If you remembered only two things and you were dynamic enough with them, you could be free: "Where your attention is there you are," and "What your attention is upon you become." This is the simplest thing in Life, but the Greatest Power known to man. What you determine to hold your attention upon, you will become because there is nothing in the Universe to prevent it.

Think it over, beloved ones, and see what assistance and blessing you can give to Life. The glorious opportunity that stands before you, you will never have again; but remember Children of the Light, there are innumerable special Activities given at this time, to try to throw the balance on the side of good; to hold in abeyance the destructive forces until they can be dissolved and consumed. That is your privilege, if you wish to do it; but if enough is not given, then you must go thru the throes of distressing cataclysmic activity. After all Nature's cataclysmic activities are much preferable to human cataclysm or destruction by war.

Have good courage my dear ones. In spite of all appearances of the world to-day, I say to you with authority: "War *shall* cease from the world

and mankind *shall* go free! Dictators *shall* cease from this world and the most subtle attempt has been made through the pretense of blessing to start a dictatorship in America. If that starts in one of your states, heaven help you."

Therefore, to-night, will you be kind enough to give Me your attention at least once each day, that I may render this Service to the earth for you and your fellow-man which no one else can render? It is why you have wondered many times, why the different Great Beings come to earth. Well, why wouldn't They? It is impossible for mankind to free themselves by their own volition or of their own efforts. Then they must have Help and the more advanced of Life wants to reach back and help those who temporarily are helpless against the forces which they have generated or created.

Therefore, to-night, in the glory of this Great Opportunity which is yours will you stand firm and unyielding in the Glory of that Light? Oh, I prompt you, if you listen to human opinions of those who know nothing about this Great Law which We describe to you and which you can operate, you will fail utterly! Mankind is not compelled to longer live in the frightful discord which they have believed they must yield to in the past.

Every human being is authority in his own world! Man or woman is no longer a chattel to each other, but the Life Stream of each one says: "Now We must act! Now We must call! Now We must have released the Purity and Perfection of Life into this Life Stream and into Its Focus in the human octave to have this cleared forever from the Life Stream of each one."

Life is acting now dear people! It is not any human's opinion, but the Law of your own Life and if the beloved ones in America would listen carefully to these Beloved Messengers as they give forth this Law to you with so great a Love, you would be beings of Absolute Freedom; but if you doubt or question their Authority, their Truthfulness, their Understanding, then you have shut the door to the Blessings which they offer so kindly. Will you not remember this?

It is not these Messengers, they are but conveying the Laws of Life which your Great Benefactor has brought forth. We have assisted to a small degree, but He took the initiative, then We followed. Remember, only two believed with Him under the conditions of mankind seven years ago, that it was possible for anybody to be raised up in America strong enough to hold this Light until mankind could understand; but it has been wonderful, tremendous, beyond the fondest expectation, even the imagination of even Ourselves; for no one, not even the Ascended Beings, the Perfect Beings, can tell what the energy of mankind is going to do, until it acts.

These great calls, these Mighty Decrees which you send forth, are rendering a service to this earth unparalleled beyond anyone's fondest concept. May you feel that and may the Glory of Its Light enfold you and lift you every one into your Ascension, before or at the close of this embodiment. I thank you.

· CHRISTMAS ·

THIS year Christmas means more than It ever has at any time up to the present because Jesus at present is calling for the Dispensation which releases the "Light as of a Thousand Suns," to be poured out everywhere until all destructive activity is consumed from mankind and the earth forever.

It is our very great privilege, joy and opportunity to make this call with Him during the time of His Own increased Out-pouring to the earth during the Seven Sacred Weeks.

Let us all give Jesus such attention, adoration and Gratitude daily until January 18th,. 1940 that the Dispensation for which He is calling will release this Mighty Victory of Light in Its Cosmic Power, before war can be focused into America or imposed upon her people.

Since Jesus at this time of the year, always intensifies His Own Out-pouring of Light to the earth—from Thanksgiving November 30, until January 18th—It is being qualified and charged

this time by His Cosmic Call to the Great Central Sun.

This Dispensation will dissolve all human selfishness and discord from mankind, the earth and its atmosphere forever.

Three million "I AM" Students are calling for this same Dispensation to consume and annihilate all mankind's destruction from this earth forever. It is the first time in the history of mankind that enough people from this world have made the call for the Freedom of all humanity using the Great Creative Word "I AM" in the Full Authority of Life as the Ascended Masters do.

This Call is what the Great Cosmic Beings of Light have waited for thruout the centuries, which enables Them to release the Power necessary to purify mankind and the earth. So to-day and every day let us each one, continue to make this call until the Cosmic Law releases whatever Action of Light is required to bring this Eternal Freedom to mankind.

This is truly the most wonderful Christmas the people of earth have ever had the privilege of experiencing and let each of us make the most of the opportunity to bring the Victory of this Light everywhere in the world quickly.

This Christmas with the Greatest Love, Gratitude, thanks and praise to the "Mighty I AM Presence," the Great Host of Ascended Masters and the Angelic Host, all Great Beings of Light and you—ever sustained under This Radiation, we clothe you in every Blessing and Power of Light at our command.

Eternally yours in the Light,

MR. AND MRS. G. W. BALLARD

· NOTIFICATION CONCERNING GIFTS ·

S we have given published notice before in this magazine, so do we now again notify all who give to this Ascended Master Activity of the "I AM," that we accept only gifts which are free from entanglements of any kind, and only on the condition that they are not to be returned.

What comes into This Service of the Light must be a glad free Gift of Love which is permanent. We do not accept anything under any other condition.

MR. AND MRS. G. W. BALLARD

· NEW MUSIC ·

IT is our great privilege and joy to announce the release of two new songs by Godfré Ray King (Mr. G. W. Ballard) "Nada Our Love" and "I AM" Come, the lyrics of the latter by Chanera. They are charged with tremendous Power of Light and bring dynamic Blessings and Power from Nada and Jesus direct.

During the Seven Sacred Weeks beginning with November 30th—Thanksgiving Day—until January 18th, we ask the "I AM" Students to use these two songs as much as possible because of Jesus' more intensified Out-pouring during this time, when the attention of most of mankind is upon Him; also because of the Dispensation from the Great Central Sun for which He has been calling.

If the students will call to the Great Central Sun to give Jesus this Dispensation and use these songs, as a means of attunement and release of His Power and Victory of Light, they will render a tremendous service to America, themselves and the world.

· NADA OUR LOVE ·

NADA OUR LOVE is dedicated in Eternal Love, Gratitude and Blessing to the "Mighty I AM Presence" and the Beloved Ascended Lady Master Nada, whose Blessing to the earth is so transcendent, Real and magnificent beyond description.

May the Great Cosmic Light expand Her Power thru this song, until It brings the Victory of the Light everywhere on earth forever.

It was first sung in Chicago and is dedicated to that City because it is the permanent atom in the heart of the world and America is that heart.

May our Beloved Nada bless the City of Chicago, until it becomes an Alabaster City of Light, within which stands the "I AM" Temple of Light with the Glorious Unfed Flame blazing forth Its Perfecting Balancing Power to raise every human being into the Ascension.

May all the Ascended Masters' Power of Light, Love and Wisdom fill Chicago with the Victory of Light so dazzling, as to bring forth Its full Perfection quickly.

May this song be sung thruout the world and everyone who uses it receive his own individual Freedom and Victory of the Light instantly.

· "I AM" COME! ·

"I AM" COME has been brought forth as a Magnet of Jesus' Power of Light. It is a Focus of our acceptance of Jesus' return in His Visible, Tangible, Ascended Master Body.

Every time it is sung, played, heard or the picture contemplated, each individual's energy gathers into a Focus of Light, Love and Power that becomes the Magnet of attraction which draws Him again into close personal association with those who accept His Tangible Presence here on earth with us NOW!

Jesus has come many times in the last two thousand years in His Tangible Ascended Master Body to individuals who called to Him for help. He will always come even now to those who will purify themselves and make the condition necessary for Him to come! He said: "Lo 'I AM' with you al-

ways"! He told the Truth! He can and will come to everyone who will provide the right condition to attract Him.

Jesus the Christ has stood in our own home many times in His Visible Tangible Ascended Master Body. He has held us in His Arms. We have kissed His Hands. He is Real! No power nor human being on earth can ever change that Truth and Reality which we know to be from actual personal physical experience. We stand by It for all Eternity, because IT IS TRUE.

His Voice spoke the Words of this song. They are His Answer to our hearts' call for His Presence. They describe His Activity of coming thru the atmosphere of earth and that which He is doing NOW, for the Freedom of mankind.

May everyone feel the Truth of these Words and have the full Blessing which they bring.

"I AM" Come was first sung in Los Angeles and is dedicated to that city where once again the Power and Victory of the "Light of God that never fails" shall come forth in Its Fulness and make it an Alabaster City of Light, to which the Ascended Masters and the Angelic Host will once again come forth tangible to the physical senses of mankind. Unto that end, do we use this song for the Freedom of all.

"I AM" Come has been made in a Victor Record by the trio of Voice, Harp and Novachord.

"I AM" here! Do you see Me?
"I AM" looking at you!
I have long, long been planning
Earthly veils to step thru;
I have loved and have held you
In My Heart's Dazzling Light;
"I AM" Saint Germain speaking—
Take My Hand! Reach My Height!

"I AM" here! Do you feel Me?
"I AM" pouring Light thru—
Cosmic Light Rays transcendent
To enfold and lift you!
Then accept Them and use Them,
Feel the Help that I give!
Be My Luminous Presence—
Blaze My Love! Make Joy live!

"I AM" here! You have called Me!
"I AM" answering you!
I prepare each one—daily
To be raised to Me too!
Do you know how I love you,
"I AM" off'ring you all—
Then accept My Full Power,
Answer now My Heart's call!

"I AM" here! Then receive Me!
"I AM" clearing the way!
All before you is yielding,
Feel My Glorious Light Ray!
Breathe It in! Use Its Power!
It is coming right thru!
Watch My Light! Look within It!
See My Arms raised to you!

"I AM" here! Real and living,
"I AM" Master—all free!
Still your thought and your feeling!
Speak the Word! Come to Me!
Let your Presence Almighty
Raise you now—make you know
All the Light in Our Octave,
All the Gifts We bestow!

"I AM" here! You have conquered!
"I AM" holding your hand!
Face to face We are speaking—
All Victor'ous you stand!
Thru the Great "I AM" Presence,
You have opened Light's Door—
"I AM" Saint Germain speaking!
"You are FREE evermore"!

· BELOVED JESUS' DISCOURSE ·

Washington Class—November 30, 1939

BELOVED Children of the Light, I greet you in the Name and the Perfection of your Life! and on this day, which is the beginning of the greater attention that is given to Me, let us utilize this time to the utmost of its Power because of the attention of mankind.

You perhaps do not know this, but from to-day mankind become more at peace, are less irritable and also less unkind to each other. This time, We are going to utilize a Power never before used upon this earth. Your Beloved Saint Germain is urging by all the Forces of the Cosmic Light, the achievement of which He has told you. This is one part of the reason for it.

Can you expand your imagination just a little and contemplate what is made possible in this achievement, thru the attention given Me during the remainder of this time? We have always utilized this opportunity to some degree, but two years ago, We determined to make this the outstanding action of the attention of the people to Me for hundreds of years upon this earth, thousands in fact.

I was serving even before My Ministry, though I was expected thru prophesy. Yet only now has the apex been reached of that Service which I expect to render. Of course you as Students of the Light, will receive the full Benefit of that. Will you be kind enough to accept It?

I am sure you all believe in My Reality! Many of you were there and knew Me in person, so you ought to. I sometimes smile at the doubts about Saint Germain, when many of the people who doubt Him lived at one time and knew Him per-

sonally. It is a curious thing, isn't it that mankind would doubt a thing they once knew? Yet people do it in this embodiment. People declare a thing one day and months later deny it. So is it any wonder they deny things in a past embodiment, the memory of which they do not recall?

Really human beings are strange indeed, and yet think! Out of those human forms comes the Glory of Eternity; because only by the Life which is anchored within those forms, may they arise into the Glory which is Ours. You cannot do it except from bodies like those. Then, dear people, while the substance and the structure is composed of perhaps ninety-eight cents worth of chemicals, yet it is still important—how very important dear people! You cannot and no one ever did or ever will make the Ascension except from the purified substance of physical bodies.

There has been lurking in many the idea that one may make the Ascension after so-called death; but that cannot be accomplished because the call for the Ascension must be made to the "I AM Presence" and the Ascended Masters from within the physical side of Life. You cannot do it otherwise, no one ever did in the world. When the Lifestream is severed, withdrawn from your heart and body, it finishes that form. The substance disintegrates and goes back into the Universal from which it came.

Dear people you do not see it from the atmosphere here, but the electrical substance and force in the atmosphere is the same as that of which your bodies are composed before they are charged with human qualification. It is not anything unusual, but I want to carry you in thought and feeling into that Purity which is yours to-day.

Why cannot people think of Me as practical? Why did they not record of Me the Joy I expressed so often? Why did they try to make Me long faced without a smile? The joy and knowledge of Life is happiness, dear people, and you cannot be happy without smiling. Oh, what a smile will do, as one of the beloved students sitting here has recently had proof, in contacting individuals who had read these unkind articles. By that smile and kindness she won a great Victory, the beginning of which will be in and cover these United States.

I wish to add one Word to what Saint Germain said to you and in answer to what you asked this morning, Lotus. With the consuming of the astral and psychic world and the removal of the entities from America, it will include the thought forms of vicious forces by which mankind have created and built the conditions that have sometimes been far worse than even discarnates.

Intense anger, intense hatred, intense sex depravity will create thought forms more powerful than the ordinary discarnate because they are charged with the constant energy of the individual and when they reach the form as large, or nearly as large as the form of the individual who has been their creator, they become very powerful. This Consuming Action that is going on is one of the conditions which will bring such release to mankind after this week.

Dear ones, you think very kindly of My Ministry and all that I brought to mankind, most of which you do not know. However, your Beloved Saint Germain is completing that Ministry in a magnificent manner which is indescribable. Why? Because He is the Law, the Authority for the Violet Consuming Flame, which I was not; and

that is why My Ministry did not reach further than it did and why much of the Reality which I gave was covered up, in order to prevent mankind having the Freedom which was theirs, or could have been, thru It. To-day, there is being given this Great Great Assistance.

Why is it that during My Ministry all these things could not come about? For instance, the dissolving and removing of the astral or psychic world; the destructive substance and the destruction of all thought forms, not only the destructive, but all less than Perfect thought forms? Because your Beloved Saint Germain is the Law that brought the Activity, Law and Power of the Violet Consuming Flame into action upon this earth—the only means by which these things could be done.

That accounts for why these great tremendous activities are taking place to-day. All of this is permanent, dear people. What the Great Cosmic Law removes never returns. So you have no need to question or fear having to repeat the calls which make for this Great Achievement.

I want you to feel how much you owe to your Beloved Saint Germain. How We all Love Him! How much you owe to the Goddess of Light and how We all Love Her! Do you quite understand that the vow She made centuries ago She is fulfilling to-day; and She is fulfilling it, if you will pardon the term, with a vengeance. While there is no vengeance in Her as you use the term, it will convey something of what it means to you with a power.

That is why you who live now, even in the face of the conditions that stand before you, are the most fortunate individuals that have lived

upon this earth in two and a half million years.

I wish to call your attention to two things. Your Beloved Sanat Kumara came and took up His Residence upon earth in the beginning upon what is now the Gobi Desert. I came and took up My Residence in Judea, Saint Germain came, and while I cannot quite say He took up His Residence in America, yet He found within America the Altar, the only Altar of safety left to the people of earth.

Do you not see again the Trinity of Action in four and a half million years? That is a very long period of time. Mankind have come and gone, but those Great Ones have gone on forever. Sanat Kumara living in His Eternal Youth; I living in My Eternal Youth; your Beloved Saint Germain living in His Eternal Youth; the Goddess of Light and all Those Great Ones living in Their Eternal Youth.

You, to-day, have the opportunity to draw from these bodies enough of the purified substance to carry you into your Body of Eternal Youth. Do you understand my precious people what this means? Perhaps one day, if you have permission and if you care to, you may look down the Stream of Life from which you have come; and observe what has been there. Then, will you understand these Words to-day. Of course Life is gracious, beneficent in usually closing the door from one embodiment to another; for in some of the conditions mankind have gone thru, they could never look upon them and be sane.

To-day, in the Glory of the Power of the Violet Consuming Flame, all that may be erased if you will use It. Then, if you were to look down your Life Stream, you would only see the good which

is there. I ask you to think it over and see if it is not worth while to have consumed all the undesirable conditions of the activities of your Life Stream and have the beauty and Perfection of looking upon and carrying its memory into your Eternal Body of Light.

When I was in Judea and passing thru the persecution which was Mine, My own Inner Sight was very clear; for I was seeing and knowing cause and effect of conditions. I wondered then, would there come a time when those conditions might be removed from the earth. To-day, I see it is being done and I am grateful to have a part in it.

Only as mankind see from the Higher standpoint, could they possibly observe the interference imposed upon every human being that has been in embodiment, when returning again and again. Then, would you see the forces that try to prevent their Freedom in the Light. So, to-day, in this last great opportunity, remember when someone tries to instill doubt within you that your opportunity is here. If you let them do it, the opportunity may not come again.

These poor unfortunates who have turned aside and become vicious, better had they not lived in any embodiment, than to fail now during the apex of the Assistance offered by the conditions of the Cosmic Light. Saint Germain told them two years ago, and I believe said in the classes, that such people would become out-casts from humanity. Such they will be. If you want to be one of those the privilege is yours; but it is no idle thing, it is no imagination, dear people, it is an actual condition.

The Glorious Ones who have joined this Great Host of Light in carrying the purified substance of earth into their use, will one day find the Glories of Eternity enfolding them. It is said that Moses was caught up in a Chariot of Fire and several of the Others were caught up in a Chariot of Fire, because that was the concept of those days. Every one is caught up in that Fire of Purification which brings the Glory and Perfection of Life—which makes of your purified body, a Body of Eternal Light.

So in your opportunity, beloved Children of Light, to-day, stand firmer than you ever did against the forces of darkness. Be silent and go forward in the Glory of your adoration and call to your Presence of Light. Let It pour into your mental and feeling world and your physical body like a mighty river, Its Glory and Purifying Perfecting Energy. That Energy of course is Light. Light dissolves all darkness and as you have the opportunity, utilize It in Its fulness by your sincere devotion to It.

The Messengers and We appreciate your Love to them beyond all expression, but remember you serve Life for your Freedom; and in this greatest of all opportunities to serve now, stand unyielding and become one day not long hence a White Fire Being in command of all substance and energy. I thank you.

· MIGHTY HARMONY'S DISCOURSE ·

Washington, D. C. Class—December 3, 1939

AT LAST, I too may join the Great Ones in telling you how much I rejoice in the great change that has taken place within a few weeks within each one of you.

I represent the Law of Harmony to this earth and do you know the scope which that covers? It is a great deal, the harmony of mind and body, the harmony of music, the harmony of industry; and this you will enjoy, the coming harmony of your industrial machinery. There will not be the heavy roaring machinery which you have to-day.

You possibly would not believe that I am a very good mechanic Myself. In the progress of Life in gaining Our Freedom, one becomes a rounded out Being, as it were, and you become aware of all things that are necessary for mankind to-day. If you were to see My delicate Hands, you would never believe that once I wielded heavy hammers. That of course was a long time ago but, nevertheless, We gain no victory of any great consequence, beloved ones, without winning it.

Now then, the matter of winning it is so comparatively easy, if only you would not have that frightful resistance or feeling and desire that you must battle things out humanly. Of course, once in awhile, if something rushes upon you, you have a right to defend yourself physically; but after all in your continued application you will build such a powerful defense that shortly, it will have gained its power so nothing would rush in upon you. That is the Power of Harmony maintained within your mind, body and feeling world.

Oh, my dear people, we have looked within you. We have watched the change as certain

things were called to your attention. Sometimes the Light expanded, sometimes it did not, showing by that of course how much you understood. We can always tell the degree of your comprehension by the expansion of your Light. Nevertheless, your progress in the past six weeks has surpassed the entire year.

Do you understand why, my beloved ones? Because of the constant removing of this pressure from mankind. Your call releases more and more of that Great Light and it takes action more and more within your mind, body and feeling world. I do think it is well worth repeating again to-night, to remind you my dear ones, that everything in your understanding of Life, the "Mighty I AM," is perfected from within out. Your mental and feeling world has got to be perfected. Your body is the last object, then harmony reigns forever.

Won't you allow Me to enter into your world to-night? Victory has offered you His Garden. To-night, I offer you My Field of Paradise from which you may gather every Force that is Mine; from which you may gain the patterns of Perfection and have the Instruction of how to apply these Laws as I have applied Them, in gaining Victory of holding and sustaining this Complete Harmony within you.

My dear ones, it is not difficult. Because you have tried to do things with the human, you have made things very difficult for yourselves many times—of course not intentionally. I love the expression of our Blessed Frank—instead of getting in a hurry, just "take it easy," and that is what every human being needs to-day.

When you begin to see the Goal and to feel Its approach, I tell you it is no easy thing not to get anxious. I would not blame you if you did. However, it does not help any.

I did not have such a great part in this recent Great Achievement, but My Part comes now. After the Great Ones have cleansed and purified that great belt of the earth's atmosphere, then I must charge the whole of it and re-establish it by the Substance of Harmony. Then, Harmony will be the pressure upon mankind instead of humanity's own discordant creation, a vastly different thing, I assure you. If you saw two objects before you and the pressure of either harmony or discord upon the two, you would soon decide with Me that the pressure of Harmony is much more desirable.

You would scarcely believe that as I have been compelled to look upon some of the conditions which have accrued thru the Messengers' endeavor to carry this Light, what I have seen. Looking within the two dividing lines on the one individual and I saw the forces acting there within that one human form. I tell you, it is about the most incredible thing you ever witnessed. Life trying to assert Its Dominion, because you have been calling for It; and the forces of human creation acting thru the intellect wanting to stop it. Now the only way is to keep right on with your call to Life and your Decrees and all of a sudden, you will find all these things subsiding. The intellect will stop trying to talk back to you because if it cannot speak directly to you, it will try its best to reach you thru the feeling, making you doubt, fear or anything it can do to get your attention off the Victory of the Light.

Oh, my dear ones, another thing I want to say to you to-night is, remember it will be sometime before I speak to you again. Do not think I am saying this to you commercially, but, Oh, if you would only take this firm determined stand. I am not concerned at all with what your position is, whether you are a clerk or whether you are the head of a great establishment, it makes no difference in that respect, but take the stand: "Mighty I AM Presence," You are the Director of my affairs! You are the Director of the Currents of Light, Wisdom and Energy which make me successful. Now aside from following Your Promptings and making my call, I take my hands off." Then, be sure you do and put things in the Hands of your Presence as the Directing Intelligence, Power and Force of action that govern your affairs and business. If you are a salesman, you can go out and sell anything that is right if you will take that stand and maintain it, until you get sufficient momentum. Some can start right out from the beginning.

Did you ever notice, dear people, every person likes to be independent and it is quite right. You were born conquerors by the Power of Light. It is no wonder that people of peculiar natures do not want to bow before the influence of that which they must sometimes do commercially. In this great Understanding, do you not see all would be governed by harmony and naturally your association, your contacts, would be governed by the same thing?

You see dear ones, it is not a matter of your influence or compelling somebody else to do something; but if your force pouring forth is suffi-

cient, when your radiance touches those individuals they naturally will have the same desire you do. If your dominant power is harmony, then they will feel that and they actually will want to do what you want to do, because it will be right. Many times with individuals who are a little stubborn, call them by name and if it is important say: "Now, you want to do what is right. 'Mighty I AM Presence' speak to their Higher Mental Bodies and see they do it." There is nothing wrong about that, asking them to do the right thing. It would save you so much, but watch that you do not continue to feel humanly you are doing these things. If you do, you will put yourself in the same condition because the Presence, the "Mighty I AM" must be the Doer if you are to be free from distress, limitations and the conditions which beset the human, when the human is trying to be the Doer.

To-night, when you retire, determine to come to Me in My Field of Paradise and see what is there waiting for you. The perfect thing that each one requires for the moment is there waiting for you.

You know the Messengers have sometimes thought they were gathering a rather large family—but Ours is still larger.

Did you notice how the storm clouds lowered on Saturday (Dec. 2, 1939)? Much of that pressure was battling with all fierceness to reach the people and gain something that would hold them within its dominion. If you had seen within it, you would have seen strange things. To-day, that belt which was so terrible, will be one of iridescent colors, shedding Its Glorious Radiance upon mankind forever.

You in America who are the vanguard of the Children of Light for this earth, should appreciate it with all your being; and may I thru the Power of My Words of Harmony convey to you the Great Great Love of the Messengers for your great graciousness in this class. It has been far the most transcendent yet in the experience of the Messengers; and yet this class to-day is only the beginning of what can be. One day, I trust the harmony will be sufficient that when you go forth from these classes, your garments will be scintillating for hours with points of Light.

Accept the great Perfection which is yours, the opportunity for having this. We do not mention things which are not within your grasp, but We mention them for your encouragement, strength and power to reach out for them, to have them, to utilize them and to give them forth to your fellow-man.

Great is the Power of Light and Harmony. Great is the Power of the Cosmic Activity; and perhaps Lotus you and the students would like to have just a word about the Dispensation for which Jesus has asked. The Great Beings from the Great Central Sun feel it wiser to withhold the Dispensation just a little yet, until certain other things are accomplished in America for in that there will enter then the full Glory of Eternal Freedom.

May I explain to you something which is not explained in the Goddess of Liberty's Vision to Washington? She did not see or expect at that time that these magnificent things which have been done were possible of achievement because at that time, Dispensations for this earth were

unknown—at least such as have been given since. Therefore, it was expected that a certain destructive force would have to be released before this could come forth. Now this achievement will govern perhaps two-thirds of that requirement which a destructive force would have had to release for it to be done.

There are a few other things that are to be done which I believe will compensate for the whole thing. If such be the case, you will see such changes about this earth as will delight you; and no human being seeing them will ever doubt this Law.

You will observe that these great arrogant dictators are in great confusion to-day. They do not know what to do or which way to turn and that is well. When the feeders of destructive things are withdrawn, it is just as if you had attached to your physical body, a bag of limitless energy and someone came along with a sword and cut it loose.

Why cannot mankind see and replace all that destructive activity by holding their attention to the Presence of Life, the "Mighty I AM," which is the Eternal Fountain of limitless energy for all that is upon this earth or anywhere else? But the desires within mankind must change first. That will come about.

Remember, We shall have many good times in My Field of Paradise. I thank you.

· GODDESS OF MUSIC'S DISCOURSE ·

Washington, D. C. Musical—December 4, 1939

AS WE have watched the progress of the student body and have seen the magnificent changes in their voices and bodies take place, it is a great great encouragement, strength and power that We are able to release through the attention of individuals which brings results the human could not possibly attain.

Within the human voice are possibilities that no one un-ascended has touched, in both speech and song. Now I would offer this suggestion, if there are those of you who care to try it out. Take it deliberately and firmly at least three times a day: " Mighty I AM Presence,' speak and sing with Your Perfect Voice thru me." You would be surprised, dear people, how in times of need and advice, how the Presence would speak thru your voice by that invitation.

The little child must first learn to speak, then Life gives expression thru the sound and speech. You to-day, and there are more than two-thirds of this audience who could change their voices so much in thirty days with definite practice—Oh not long, but just maybe fifteen or twenty minutes feel the Presence speaking or singing. However, the student body of America are singing far beyond the ordinary. It is so admitted by some of the greatest authorities in the land. One of the greatest authorities in Boston declares that the "I AM" Students sing so far beyond the trained singers whom they have tried to get to do certain things. Yet the "I AM" Students do them with perfect ease.

Therefore, you see something of what you can do. Won't you take advantage of it? Individually

and when you are in Groups like this, just let go, just sing to your heart's content. You might be surprised. You will find you are striking certain intonations that have before been uncomfortable.

The Messenger saw Saint Germain do this at the opera one night and of course He would not make the experiment had He not known He would be able to sustain it. He poured forth to the tenor and soprano at a certain point, His Current of Light and their voices changed so definitely and perceptibly that all in the audience rose to their feet right in the midst of it; and the singers were as astonished as the audience, yet knew not what had done it. They just took it for granted they were in better attunement that night than ordinary. Such is the possibility.

You see, dear ones, so far in the outer world there are no musical instruments that take the place of the human voice. They do have them in the Retreats, but you should understand that your human voice is all instruments. You all know how perfectly the voice can imitate the flute, until you cannot tell which is which.

Mankind's tremendous struggle for a livelihood has discouraged them and made them believe that the things that they knew in their hearts and felt were true did not seem possible of attainment.

I ask you to observe just one thing concerning the Messenger. When he was a lad and attended lectures and someone would speak with more enthusiasm and fire than another, he would be so lifted and his feeling was, Oh, to be able to speak like that in public—and it has all come about. May I use one of your slang phrases? "You haven't seen anything yet." Does that sound quite right? I trust you won't go out and say the Goddess of

Music was using slang. However, that is quite your privilege.

Now, to-night in this magnificent attunement, dear people, I want you to feel how much has been gained; because in the achievement of this music the Messenger has brought forth, remember the way is being prepared for the musical art of the America of the future. I am going to perhaps stretch your credulity a great deal, but I expect to see comparatively soon, thru the calls of the student body in America, that when you approach Christmas time, you will find over some of your cities where the student body is so devoted, the Voice of the Presence of the Angelic Host who will sing to you from the Octave of Light. They will focus the Outpouring from the Octave of Light like a great megaphone, the Bell of which will rest over the city concentrating the sound, until it is known and heard by the physical ears.

I have watched with great interest this terrific achievement (removal of entities and psychic world) and if you think, beloved students, that you are in earnest, you should see those Great Ones of Light who have rendered this stupendous service and your earnestness is that which will one day lift you to Them.

This music and your Radiance going forth to-night has rendered a mighty service of which I may not tell you to-night but you will hear of it later—and one very great service to your City of Washington.

I ask you to silently look within yourselves. Do you feel all these possibilities at hand? Are you really accepting that the human, after all, is Divine? It is all a matter of changing your attention

from here to there. Is that not an easy thing to make you a Divine Being from a human being—the change of your attention from here (human) to there (Higher Octaves)? but that means firm determination to keep it away from here (human octave).

Now beloved ones, I ordinarily would not touch upon this point, but I feel it so keenly in the audience to-night. Most of you have gained a very beautiful momentum. Do not be concerned about your problems as you call them but more concerned on seeing the completion and the solution. Make your dynamic calls, take your attention off here (human octave) and put it back there (Higher Octaves) and when the thought of your problem re-occurs again, give another charge and go on with your attention on the Perfection of the completed thing and you will find the problems will disappear from your world.

Oh, it has been worse in other embodiments, but We are speaking of this one just now. My dear ones, when We have seen the struggle of musicians in this embodiment, it has been the most pitiful thing We have ever witnessed. There are thousands of people with voices like angels; but they have not had the encouragement or been given the opportunity to sing. Not knowing these great Laws, they did not compel the opportunity. Did you quite get those words? "Did not compel the opportunity." In the understanding of these Great Laws, you can compel the opportunity for the things you want to do.

The music, when it came thru the great Masters in the earlier part of the century, came under still greater difficulty. Saint Germain says I may tell you about the Musical Library that is in the

Royal Teton, already written and imperishable. How would you like to have that come forth and be used among the students? It would save you a lot of exertion, would it not? That was kept a secret from this Messenger until just now, altho he passed the entrance many times.

In My closing Words, I want to say something that I know must touch your hearts as few things can. You love your America and the representation of your Flag, to-night, calls this to My attention. Do you know there is the completed Flag of your America in the Royal Teton in Jewels of perfect color, brought down long, long, long centuries before America was ever conceived? Then, do you not understand how great was Saint Germain's Wisdom and how He watched very carefully, allowing those to assert their authority and their feelings in connection with it? Yet one day when you see that Flag in the New Age come forth and the fulness and completeness of it, you will drop to your knees in such gratitude as you have never felt in the world and there will be not one single person in America who is loyal to America that will not feel it.

America was conceived in the Light a long long time ago. Once when a great civilization had reached its apex upon this land, that Flag was used. It was preserved and this is the first time, it has ever been mentioned to the outer world. Please consider it a Mighty Sacred trust to you and cherish the thought, the memory until the day that you see it in its physical form wave before your eyes. That will be the completed America when Peace on Earth, good will to man will be a Reality.

I thank you.

· OUR MESSENGER'S ASCENSION ·

UR Precious Beloved Messenger, Mr. Guy W. Ballard, made his Ascension at the Royal Teton at midnight December 31, 1939. He was given His Ascension under the New Dispensation. He is now our Beloved Ascended Master of Light who can give Limitless Help to all who will accept and apply the Ascended Masters' Instruction of the "I AM" which

He gave, under the Direction of our Beloved Ascended Master, Saint Germain. He is glorious, beyond words to describe! His Love and Light are Limitless and He pours them to all for the Freedom of America and all mankind.

May the whole world accept and use the Truth He brought and the Victory He can now give to all who will apply this Mighty Law of the "I AM" and be free forever.

The attention of the world now will turn to the entire student body and because of Daddy's Ascension there will be the desire in many to know more about the Ascension. We ask the "Mighty I AM" of each one to illumine him or her with the full Ascended Masters' Consciousness and Illumination of this Mighty Victory and make everyone know the full Truth of this Law.

A year ago, the Great Divine Director said a Dispensation had been given from the Great Central Sun, to accomplish something on this earth that had never been done before. It was to withdraw all purified essence from the physical structure and raise It into the Higher Mental Body and the Higher Mental Body raise again into the Electronic Body. Thru this Dispensation, it will permit hundreds of thousands at this time to make the Ascension who otherwise would have to come back for another embodiment.

That Dispensation was given to step up the vibratory action of this planet and to release into the Ascended Masters' Octave a certain group of the humanity from our earth who are the designers of the civilization which is to come forth here in the future. You, the "I AM" Students are that group! All who are intensely sincere, call to the "Mighty I AM Presence" for their Ascension,

make their application and call to the Ascended Masters for Their Assistance, will be given that Assistance as you give obedience to the Light and hold your feelings harmonious.

Under the old Dispensation, the individual had to purify and illumine the atomic structure of the physical body and raise it out of the atmosphere of earth. Because of the onrushing Action of the Cosmic Light, many are at the stage where they understand the Law of the "I AM" enough to make the call and the Ascended Masters are ready to give the Assistance. Yet, they have not had time enough to draw the intensity Light required into the flesh body, because the Power of Light in their calls had to be given and used for the protection of America. Therefore they have not had time enough to concentrate their attention upon the purifying and perfecting of the physical body beyond a certain point. However, because they have rendered service to the many in America and the world, the Great Law has given the Dispensation by which they could still attain the Ascension in this embodiment.

Now, the outer world needs to understand this Law of the "I AM" and distinguish the difference between one passing out of the body who does not call this Law into action and the one who does call for his Ascension. An individual who simply passes out of the body without understanding this Law, without knowing there is the Ascension to be attained, without knowing of his "I AM Presence" and without calling for the Assistance of the Ascended Masters, does not make the Ascension when he passes out of the body. That individual has to come back again in another physical body. The one who *will* do those things calls

forth the Greater Intelligence and Power of Life to open the way for the Ascended Masters to give Their Assistance as the individual gives obedience to the Law.

The students who have been under this Radiation for the past five years, have sent forth these Mighty Decrees by which the world has been cleared of so many viciously destructive forces. They have rendered a tremendous service to Life and have enabled Life to free the humanity of this earth from destructive forces which acted here for more than two million years. Because they have rendered service to the many, Life has opened the way and has provided for their own Freedom, for they have given Freedom to others.

Even the "I AM" Students who do not intensely desire the Ascension and make definite application for it, call to their own "Mighty I AM Presence" and the Ascended Masters and use the Violet Consuming Flame will not attain it. If your intent is not sincere, serious and determined enough, you would not make it just because you are an "I AM" Student. It has to be a thing you definitely choose to do in this embodiment by your own free will.

You definitely call the Action of the Great Law of Life into the physical octave to dissolve your limitations and let you go forward free to expand the Greater Powers of creation; but if that decision is not determined and inflexible within you, the Greater Intelligence and Power would not act. You must want your Ascension and want It more than anything in the physical world if you are to accomplish your Eternal Victory. The cravings and attachments to the physical world of things are what have kept mankind from the Victory of the Ascension for centuries. That is why

it is absolutely imperative, if people are to have the Ascension, that they understand the use of the Great Creative Word, "I AM," and call forth the Assistance of the Ascended Masters, for no one can ever gain the Ascension, until after they have done that.

Even the Saints of the churches, many of which have made the Ascension, had the understanding of the "I AM" privately or secretly and they had to know the Ascended Beings in order to reach the Ascension and become a Sainted Being. That is an Inner Law which none can break.

So, when people of the outer world are discussing what has happened to Mr. Ballard, please make it clear that *Mr. Ballard has made the Ascension!* He definitely withdrew all the purified essence from that physical form and raised it into his Higher Mental Body, then blended with the Body at the Royal Teton which has become wholly pure substance thru the centuries. He is a wholly Ascended Being and He can wield Power in that Body which America needs right now; and He is doing It with no uncertainty.

In order to have drawn forth that Same Greater Power and use It thru his physical body, he would have had to take months in the Retreat under the direction of Saint Germain and the Other Ascended Ones to pour the Light into his flesh structure; to illumine it and hold the Power within it, in order to release the intensity of the Light Rays which is needed at this time. He can do a Service now in His Ascended Master Body for the dissolving of vicious conditions in America, that will be very definitely evident in the near future.

In the Ascension which has taken place, He can direct those Mighty Light Rays quickly and Amer-

ıca needs that with greater speed than you know. This is why it has been released. There are many vicious plans still trying to focus and control the activity of our people. That tide has to be stemmed. We have to maintain Our country's protection thru the Light which has been given us! The Ascended Ones have given the Gifts of Light and Freedom for us to use, but We are the ones who must maintain the protection of those gifts, if we are to keep them in the future.

In His Unlimited State, our Blessed Daddy can wield infinitely more Power of the Light Rays, than he could thru the physical body or than I can wield in this body. I want you to understand this clearly, so when the outer world has anything to say about it, make your statement with positive force; for I assure you I am telling you the Truth and will never tell you anything but the Truth.

The Law is Real, True and All-powerful, Perfect! You never need to use anything but Its Great Light and Truth of the Law. We have nothing to cover up. This Ascended Master Truth of the "I AM" is a Mighty Law, a Law mankind should have known over two and a half million years. It has been no easy thing over a period of seven years, to try to get people to understand this and help them to make the application which is the Lever of Light that penetrates into the mental and feeling world of mankind, so they understand the Ideal which will raise them out of their grief and limitations of the centuries. It has been the greatest accomplishment of the ages. There has only been One Power which did it and that was our own "Mighty I AM Presence" and the Great Light Rays from the Ascended Masters. Theirs is the Only Power that ever did anything

constructive in this world. It is the Power which is greater than human consciousness. We stand in and by that Mighty Presence and Victory to draw forth Greater Power that more of mankind's concepts may be cleared.

After all, the Supreme Objective and Goal of the Ascended Masters' Instruction of the "I AM," has been to make clear to the people that the purpose of human embodiment was the Victory of the Ascension in which Perfection is attained and maintained eternally. There has to be something in this Universe greater than the misery of mankind.

The Ascension is the most gloriously practical, sane, sound, balanced Activity of Light. It is the greatest Ideal, Purpose and Activity of Life that mankind has or ever comprehended on this earth or ever will. It is the Great Law and none can avoid it. It is only a matter of time. In the East one of the Ascended Masters said: "You are not going to have limitless time in which to decide whether you will have your Ascension or not. You are going to decide within the next few months." Everyone on this planet will make that Supreme Decision before many months.

All who really with sincere determination want that Great Eternal Victory of Life, *can have the Assistance of the Ascended Masters*, which will enable them to attain It at the close of this embodiment.

We are trying to help every human being on earth free himself from all limitation and distress of the centuries; but he must want that Freedom with enough positive force and determination to open the way for the Help to be given.

· GEMS OF LIGHT ·

Any individual who is wholly, wilfully vicious ere many years will absolutely be withdrawn from the body by the Cosmic Law. The viciousness within the outer activity of mankind has got to know its master. It has got to know that the Power of Light, of good, is taking Its Supreme Dominion in the world. (K-17)

Take your positive, permanent, eternal stand that there are no other gods before Me, reminding yourselves It is your "Mighty I AM Presence," Whose Rays of Light and Energy beat your heart. (K-17)

Do you realize the difference in your thought and feeling between a general Universal Substance and a Focus of Power which you can draw right into your own hand? Do you not see there is a diffusion of substance in the thought and feeling as a Universal thing; while when you think of your Individualized "I AM Presence," you as Its out-picturing here in the human form, bring that whole Focus just like a vast funnel into action here in the body. (K-17)

I wish you to understand definitely that in much that We do you will not always hear of any outer report; but We will often allow enough of a report to come into the outer to make you aware of that to which We have referred. (K-17)

I say to you again, for goodness sake don't worry about your financial supply. If you make the call to Life with earnest sincere determination, then Life is compelled to answer. Life is compelled to, but you have to be patient, until Life finds Its fulness of action to produce these results. (K-17)

Oh, beloved ones, put away all childish human qualities, all doubts, fears and unbelief and just let Us help you more quickly into this Great Freedom. (K-17)

Remember every Word We give to you is Law, and if the full power of your feeling world responded to it, you would express exactly everything which We say to you, which is Law, the Law of Life. (K-17)

"Right here in your physical octave are billions of dollars of wealth ready to be used, which only await the sufficient harmony within certain individuals to have it released without limit. I mean by that in sustained activity. If We could be sure that you would be master of your feeling world, We could release into your hands, to-night, all that you could use, or show you where it was." (Saint Germain)

"Do you not see that all experience is just to train you to depend wholly upon the 'I AM Presence,' the Giver of all that is good? It will give you everything in the world, thru that Life, if you will but stand by It firmly with great determination and call It into action. Every desire that holds the picture of the thing you wish to use, will require this Mighty Energy to take command and produce the thing you require." (Saint Germain)

As you keep calling forth this Ascended Masters' Substance and knowing how impossible it is for It to be requalified, then you are giving the Power of the Life directed from the Higher Mental Body Its full Dominion to act. (K-17)

When you command Perfection to manifest in your bodies or in your activities, It is the Authority of Life commanding, because Perfection contains no human quality for It is the full Authority of Life. Now just please try to grasp this, because then you are using the full Authority and Power of Life to produce the Perfection for which you call. (K-17)

· NEW MUSIC ·

T is our great privilege and joy to announce the release of two new songs by Godfré Ray King (Mr. G. W. Ballard) "Nada Our Love" and "I AM" Come, the lyrics of the latter by Chanera. They are charged with tremendous Power of Light and bring dynamic Blessings and Power from Nada and Jesus direct.

During the Seven Sacred Weeks beginning with November 30th—Thanksgiving Day—until January 18th, we ask the "I AM" Students to use these two songs as much as possible because of Jesus' more intensified Out-pouring during this time, when the attention of most of mankind is upon Him; also because of the Dispensation from the Great Central Sun for which He has been calling.

If the students will call to the Great Central Sun to give Jesus this Dispensation and use these songs, as a means of attunement and release of His Power and Victory of Light, they will render a tremendous service to America, themselves and the world.

· NADA OUR LOVE ·

NADA OUR LOVE is dedicated in Eternal Love, Gratitude and Blessing to the "Mighty I AM Presence" and the Beloved Ascended Lady Master Nada, whose Blessing to the earth is so transcendent, Real and magnificent beyond description.

May the Great Cosmic Light expand Her Power thru this song, until It brings the Victory of the Light everywhere on earth forever.

It was first sung in Chicago and is dedicated to that City because it is the permanent atom in the heart of the world and America is that heart.

May our Beloved Nada bless the City of Chicago, until it becomes an Alabaster City of Light, within which stands the "I AM" Temple of Light with the Glorious Unfed Flame blazing forth Its Perfecting Balancing Power to raise every human being into the Ascension.

May all the Ascended Masters' Power of Light, Love and Wisdom fill Chicago with the Victory of Light so dazzling, as to bring forth Its full Perfection quickly.

May this song be sung thruout the world and everyone who uses it receive his own individual Freedom and Victory of the Light instantly.

· "I AM" COME! ·

"I AM" COME has been brought forth as a Magnet of Jesus' Power of Light. It is a Focus of our acceptance of Jesus' return in His Visible, Tangible, Ascended Master Body.

Every time it is sung, played, heard or the picture contemplated, each individual's energy gathers into a Focus of Light, Love and Power that becomes the Magnet of attraction which draws Him again into close personal association with those who accept His Tangible Presence here on earth with us NOW!

Jesus has come many times in the last two thousand years in His Tangible Ascended Master Body to individuals who called to Him for help. He will always come even now to those who will purify themselves and make the condition necessary for Him to come! He said: "Lo 'I AM' with you al-

ways"! He told the Truth! He can and will come to everyone who will provide the right condition to attract Him.

Jesus the Christ has stood in our own home many times in His Visible Tangible Ascended Master Body. He has held us in His Arms. We have kissed His Hands. He is Real! No power nor human being on earth can ever change that Truth and Reality which we know to be from actual personal physical experience. We stand by It for all Eternity, because IT IS TRUE.

His Voice spoke the Words of this song. They are His Answer to our hearts' call for His Presence. They describe His Activity of coming thru the atmosphere of earth and that which He is doing NOW, for the Freedom of mankind.

May everyone feel the Truth of these Words and have the full Blessing which they bring.

"I AM" Come was first sung in Los Angeles and is dedicated to that city where once again the Power and Victory of the "Light of God that never fails" shall come forth in Its Fulness and make it an Alabaster City of Light, to which the Ascended Masters and the Angelic Host will once again come forth tangible to the physical senses of mankind. Unto that end, do we use this song for the Freedom of all.

"I AM" Come has been made in a Victor Record by the trio of Voice, Harp and Novachord.

· DESCRIPTION OF THE CHART OF THE · · "MIGHTY I AM PRESENCE" · · PART III ·

VERY time one issues an Ascended Master "I AM" Decree, the Light from the Heart of the individual's Electronic Body (the Upper Figure in the Chart) releases instantly, intensifying and expanding the Ray of Light which flows from the Heart of the Presence into the heart of the flesh body (the lower figure).

Thru the individual's continued application, greater and greater Pressure of Light, which means greater Perfection, is released by the "Mighty I AM Presence," into, thru and around the physical body. That is the ONLY WAY by which one gains a momentum in the use of the Power of Light to produce greater and more instantaneous action in the fulfilment of one's Decrees.

When the individual calls to his or her own "Mighty I AM Presence" the Light in that one's own Life Stream expands and intensifies (the Ray of Light entering the head of the lower figure); but when the individual calls to the Ascended Masters for Assistance, Their Perfection—which is always eternally sustained—pours into the mind, body and feeling world of that one thru the Golden Ray enfolding the White Ray.

Their Consciousness, Light, Substance and Energy are absorbed exactly as the Sun's Rays are absorbed by the plant life of our earth. That is the Power of Radiation which They pour constantly to all who will accept and absorb It.

The Light Rays from each one's own "Mighty I AM Presence" (the Upper Figure) are Its Radiation and Life in the physical body. Life is the

Supreme Authority of the Universe. It unfolds Its Patterns of Perfection thru substance and form. Life plants the seed containing the Pattern of Perfection into the substance of earth and by pouring into it from outside of itself the Greater Power of Life, which is the Light from our physical sun, the pattern is unfolded and drawn up as the plant. That is its next octave of existence. Just so within the human being there is placed the Pattern of Perfection from the Great Central Sun of this System of Worlds. That Pattern is always Perfection and is placed within the substance of a physical body. In order to draw forth and fulfill the individual's Perfection which is the Ascension, each one must have the Radiation from the Ascended Masters to enfold his or her entire mind, body and feeling world.

The Assistance of the Ascended Masters must be given the individual thru the Ray of his own Life, which pours into the physical body from the "Mighty I AM Presence." They enfold the individual's Life Stream in the Eternally Sustained Perfection of Their own Life Streams. That is Light-Substance from Their Octave of Life.

This is why no one can be freed from the limitations, problems and imperfection of his physical existence without understanding what and where the "Mighty I AM Presence" is. The individual must know THAT, before he can be free and he must also call unto his Presence and the Ascended Masters; because Their enfolding Light Rays are the Power which draws the individual's Life and Its Activities up into the Perfection of the next Octave of existence.

When one calls forth the greater Perfection of his own "I AM Presence" to assist someone else, a Light Ray goes forth from his own Electronic

Body and pours continually, until the Perfection he desires is expressed.

The Light Rays coming into the physical body expand the Perfection from within out. The Light Rays which go out from the Electronic Body to assist others also condense a certain amount of Their Light-Substance around the physical body to hold Perfection there also. That is why one cannot call forth the Power of Light from his own "I AM Presence" to help others without producing a large portion of that same good in his own world.

These two actions of Life and Light are always required to raise every human being into the greater Perfection of Life where he or she becomes the wholly Divine Being—the Ascended Master.

The Circle of Colors around the upper figure in the Chart, are the Special Qualities which the "Mighty I AM Presence" uses to produce those Qualities of Perfection in the physical world, as well as in Its World of expanding Perfection at Cosmic Levels of Creation.

If one issues an Ascended Master "I AM" Decree to enfold a person or condition in Divine Love and Compassion, a Ray of White Light clothed in an outer Radiance of Pink Light flashes forth instantly from the head, heart and hand of that one's Electronic Body (the Upper Figure in the Chart). It goes directly to where the individual sends It and keeps pouring without limit, until the Decree is completely fulfilled.

If the person to whom this help is directed is too disturbed or discordant to accept the instantaneous fulfilment, the fully Perfected condition waits outside the aura of that one, until the energy of his emotional body becomes still and

harmonious enough to let the Perfection desired enter into the individual and bring its blessing.

The very important thing to remember is that when you issue an Ascended Master "I AM" Decree, the Light Ray which goes forth from your own Electronic Body, instantly becomes enfolded by and qualified with the Ascended Masters' Consciousness and Feeling of the Perfection desired. That holds all the substance and energy in the condition in a rate of vibration which no human discord nor resistance can ever change.

Therefore the Light becomes the eternally sustained Perfection of the Ascended Masters. In this way everything anyone does in the use of this Ascended Master Instruction of the "I AM," is always a perfect accomplishment because the Quality of Perfection is eternally sustained, but the quantity is constantly expanding.

So as the student sends forth his Ascended Master "I AM" Decrees, he should always visualize and feel the Upper Figure in the Chart, which represents his own Electronic Body, sending forth the Light Rays, enfolded in the Ascended Masters' Perfection and fulfilling his call instantly.

If one requires supply of any kind, including money, he should see a Ray of Golden Light enfolded in bright green go forth from his own Electronic Body, calling to the Ascended Masters to qualify it with Their Eternally sustained and ever-expanding supply which can only be used constructively.

This is why the constant use of the Chart brings such great Perfection and holds it eternally sustained; because when you look upon that Chart, you are visualizing Perfection and absorbing It into your feeling every moment you accept Its Presence.

· GODDESS OF LIGHT'S DISCOURSE ·

· *Philadelphia Class—Washington, D. C.* ·

· *Afternoon, November 12, 1939* ·

BELOVED ones of the Light, in conveying to you to-day something of the Great Law and your part of It, try to understand that the Law of Life excuses no one, no matter what the cause may be. If an individual is not wholly responsible, then the responsibility of course is less, but if one willingly does a thing, then that one is wholly responsible for it.

Before proceeding, I wish to say something to the blessed ones of Cincinnati and Columbus, Ohio: "The discarnate entities have been removed from both cities within the city limits." Cincinnati has been calling for a long time and We shall certainly call blessings upon the city of Columbus which has made possible the return of the answers from many of the students in regard to the vicious conditions that have been generated.

It requires patience, beloved students, to allow the Great Law of Life to act to produce the return currents, but such is the Law. You cannot send out something without its return. Every

vicious individual who sends out falsehood and tries to tear others to pieces, must be torn to pieces by his own viciousness.

We have just recently received a Dispensation—I have received this Myself—wherein it gives Me a certain Freedom to act upon vicious individuals and I shall use that to the fullest of My Power and Ability. So rest at peace, beloved students. This attempted viciousness will soon disappear.

These beloved Messengers who never harmed a fly have been set upon by such depraved creatures as put forth these articles. Those individuals will yet understand, they are dealing with a Power of Light with which they cannot cope. They have made many sneering remarks but they may yet see them fulfilled.

This world, this sphere of earth has had a long fierce struggle. I have been a part of that struggle. I have gone thru what no other Being upon this earth ever went thru! Therefore, can you imagine My Determination to free the earth forever from human discord and viciousness?

To think of the many wonderful people in our government and in our industries who even yet hesitate to assert themselves! You remember that your Beloved Saint Germain fired the men into signing the Declaration of Independence. In this Dispensation which is given Me, one of the things is to fire these fine men and women of America into an activity that will do things for America, which alone comes thru that. I know how to reach these people.

You need not be surprised if you hear of Us appearing here and there all over America, because if necessary We shall not hesitate to do it,

to win the Victory We must win. We are determined that the vicious forces in America which already know they have failed, shall feel their failure in its fulness.

Do you not see this, beloved students? The pity of it is, many do not believe Us. Oh, if you saw as We do the treachery and deceit which is going on—even sometimes among those claiming to be students. Why will people do these things? Why will people intrude themselves into something in which they have no belief nor acceptance? But every one of these people will be weeded out. I ask you to watch and observe it.

Saint Germain has told you this for some two years that there is no person going to remain in this Activity claiming to be a student, who is not a Real student. I warn you, beloved ladies and gentlemen, a person who continues to use intoxicants, tobacco and all those things which bring depravity upon mankind, is not a student and never will be so long as they continue that.

Now don't kid yourself—pardon the expression—into believing that We do not know; that your Life Stream does not know. How can people be so foolish? Your Higher Mental Body knows every thought, feeling and motive which ever passed thru your feeling world and so do We. Then why try to go on deceiving Life or your fellow-man? There are those in this room to-day who are trying to do it, but they alone must pay the penalty.

Dear people, We are offering the Greatest Gifts of Life. I am speaking wholly outside of your call to Life. We are offering the Greatest Gifts of Life to you. Can you do anything for Us, except to pour your Love and Blessings to Us? We

have everything, and yet, We are willing to come into your human octave in the vibratory actions that are here. Do you understand, dear people, what it means—a Pure Being coming into the octave of earth? We must clothe Ourselves in Invincible Armor to shut out the vibratory action while We move here. Sometimes, it is like a Garment of Light, sometimes it is like a Shield of Armor, according to the requirement in which We move. But if you do not believe Us, what are you to believe in the world? You do not believe each other, at least most of mankind do not. If you cannot believe something that is Greater Wisdom than you, how are you going to be lifted out of the conditions in which you exist?

This Truth and Law are just as practical as your schools of to-day. The little children go and are trained until their graduation. We are Those who have gone on and are Free. We do wield this Power and poor foolish imbeciles say: "Well if You wield this Power why don't you use it?" Never in their ignorance stopping to think that the Law of Life from the lowest to the highest must be complied with. Their ignorance could not see that, but you can be sure We never fail to co-operate with the Law of Life and Its requirements. The whole scheme of Life would be upset were We not to do that. Life does not permit disobedience anywhere in the Universe without penalty.

Now remember, these classes are being closed to give you the Greatest Blessings ever given mankind on the face of this earth. I ask you in the honor of your own Life Stream and that of your Higher Mental Body, if your motive is not clean, right and sincere toward this Light, to

withdraw from this Activity! Once We pleaded for mankind to study, apply and understand this Law. We do this no more! Mankind has had the opportunity for five years and now if they will not study, apply and understand, the very repellent force of their own Life Stream will throw them out of this Light. We know who is sincere and who is not. Watch the activity of these classes as they are continued closed; and you will see how the repellent forces of a destructive individual coming into a class room like this, will not let such an individual to remain twenty minutes.

Therefore, dear people when Life offers you, when We offer you the Greatest Gifts of Life and almost plead with you to accept them, be honest with Life! Let your motives be right! I know what mankind's habits have been for centuries and that is why We have been so patient. The whole activity of mankind has been to try to deceive each other in business and in social affairs. God alone knows as We watch the social world, the terrible seething vortex of treachery and deception. What a pity (is it not?) that mankind have forgotten that each human being should be a God Being and the Light that beats each heart and gives each one Life, is the God Being within the human form.

How can anybody doubt this Great Light when the evidence is before every human being? The intelligence, Light and energy that beats each one's heart is acting there thru every human being. When Life withdraws from a very active form which a few minutes before was so buoyant, the body lies there as absolutely helpless as an infant—more so when Life withdraws

—then Life was the Intelligence and Power acting within the body. How can human beings fail to see this, when it is before them constantly? How mankind dislikes to face the Great Great Truth! How they dislike to turn, face themselves and see what they have done that is wrong! But only by doing so can you correct your mistakes.

Do you know why your Beloved Saint Germain and We love these Messengers so much? Because from the beginning they have, without Our asking, turned daily and faced themselves. They have asked the Power of Light to take out of them every human impulse. That is why they hold the position they do to-day. You have not seen behind the scenes, dear people, you do not know what these Beloved Messengers have gone thru to carry on for your Freedom, for your happiness and for your supply. You will never know until your Ascension; but they have been brave and strong. Now that the beloved student body thruout America are ready to leap to their rescue and defense, then will Life become more joyous and give them Greater Freedom.

Remember, my dear beloved students, Saint Germain searched this earth for more than one hundred years for someone who would be strong enough to carry this Light and at times He almost gave up, thinking that there was no use to search further. Then, one day, when He remembered His Children of the long ago and looking into the Life Stream saw the strength which was there, He said: "We shall try it out," and it has been far more successful than He could have anticipated at its inception.

During the past hundred years, after the establishing of the Freedom of America and He

saw the greater, greater and greater strength accumulating, suddenly He saw the time was ready to try it out. It has not been in vain. To have achieved this in the few short years is a miracle of the ages, dear people; and remember for five years these precious Messengers held their own defense and asked no one's assistance. You will notice that during that time not a single thing happened of any appreciable disturbance.

Now your future, beloved students, depends upon your honesty to Life, your Purity to Life! Do you understand that in the coming forth of the Goddess of Purity, you could as easily almost as breathing have every impure desire taken out of you, your mental and feeling world and it would be forgotten? However, please do not feel that you can just go on with your old human habits of centuries upon centuries standing and expect to gain your Freedom. Life is looking everyone in the face to determine each one's strength and what every person is going to do now, so that Life may give everyone his or her Freedom.

Your Ascension is offered you at the close of this embodiment, absolutely certain and definite, if you comply with the little We require. Is there a human being on this earth who would not want that, after you have lived hundreds and thousands of lives in privation and distress?

Recently, I heard two students say: "Well anyhow, we do not retain the memory of those lives of privation, we lived before." Don't be too sure of that. I would never make that remark again, for Life may suddenly turn loose and reveal those embodiments to you. Do not play with Life! Do not defy Life, my dear people!

Since the Mighty Victory came to the Royal Teton, everything upon this earth is undergoing terrific change, with a Speed and Power incredible. I would not even attempt to describe it to you. So many Cosmic Activities have already occurred in the sky and yet people pass them by as just a passing thing. If you are not grateful for the small things, how can you expect the greater!

There have been innumerable Cosmic Activities in the sky within the past year. When the Messengers were in the Auditorium Theatre in Chicago, a white cross lay over the Auditorium for more than two hours and most of the body of students saw it. The Messengers have a picture of it. That had to be substance to produce a picture. The Messengers do not know it to this minute, but certain things were planned then, which the Cosmic Light hovering over the building prevented.

Beloved ones, you can have the Glory and Invincible Protection of the Cosmic Light and These Great Ones, for the little that Life asks you to give in obedience—just your sincere devotion to your Presence and harmony maintained in your feelings. So very little to ask for all the Great Gifts that Life will give you! I could not enumerate them, but these are Activities which are yours, ready to pour forth into your Life, use and world of action; but if you will not believe, if you will not accept them as yours, how can you have them?

We are so very grateful to the management of this building and the student body who have been here, for the service that has been rendered for your government during these days. It will

be even more intensified in the coming ten day class here.

Do not talk about these classes outside, dear people. Spies are everywhere and in the future there will be no outer notice of when or where the classes are to be held. After all, We are in a position to control conditions when We choose to do so; and more and more there will be Ascended Master Friends raised up everywhere to bless you and these Beloved Messengers.

Remember, beloved students, many of you have not heard this, but thru the call to this Beloved Messenger alone, (Mr. G. W. Ballard) over twenty thousand instantaneous healings have been achieved by his calls in five years. There is no such other record upon the earth as this, and yet there are people who want to destroy him. Do you not see the difference my dear people between Reality—this Great Wise Truth—and the falsity and viciousness of mankind? These are conditions now that must be met and are being handled. We are gaining more and more Authority in the conditions of earth and for the student body every week and We shall assert this Authority to the fullest extent as it is granted.

Therefore, in your own individual application, be earnest, honest and sincere, dear people, as if your very Life depended upon it. Do not try to deceive each other. Do not try to deceive Life. Do not feel you can do something under cover that is not known. Such a thing is impossible. You might hide it temporarily from your fellowman, but not from Us nor your Higher Mental Body. As you feel that and determine to cancel deceit forever from your feeling world, your joy and happiness will grow in leaps and bounds

and you will see that you never really experienced the fulness of happiness, until that deceitful feeling had left your feeling world.

If spies and people come to you for information, it does not mean you have to tell them all you know. If you know there are people asking what they should not, tell them it is none of their business. Oh, do not hesitate, dear people. Some of the false training that has made people hesitate to assert their dominion, in order to hold harmony in their world is outrageous. Dear people, do not hesitate to use the Great Law to produce these results. You have struggled thru thousands of centuries and now your opportunity for Freedom is here. Will you enter in and do the little that is required that you may enter into Freedom and the door of discord and limitation close behind you forever? I thank you.

· GEMS OF LIGHT ·

"We have come to the time when the individual who will be dynamically positive in the application of this Law and let people know that you know exactly what you are doing and that there is nothing can interfere with it, will absolutely wipe out of existence all human resistance." (K-17)

"You have seen in the work of the Messengers wherever that Great Positive Force has gone forth, the human quality was wiped out which would have become disturbing or destructive." (K-17)

· SAINT GERMAIN'S DISCOURSE ·

· *Philadelphia Class—Washington, D. C.* ·

· *Evening, November 12, 1939* ·

BELOVED Students of the Light, even though We pass thru some trying experiences, still We are happy; still We are victorious, as you will presently see. I can only briefly touch, to-night, upon the many achievements in Europe and here during these past few weeks. You would think probably that in the experiences at home, We should remain at home, but after all the world is Our Home—the world is your home really. In your knowledge

of the "Mighty I AM," you no longer are an individual serving one, but serving all in the great calls to Light.

Children of the Light, while this has been said so many times, I repeat it again to-night because I want you to feel all it means to you and the encouragement and strength which it is in your application and in your Group Work. If you stop to contemplate what it means to send forth a Force of Light, a Pressure of Light which is non-resistant, if you please, into the mental and feeling world of mankind, you will see how tremendous is your Power to hold the Victory of the Light everywhere. Only We can possibly observe the effect upon people whom It touches.

For instance, just to give you a brief idea. The Groups of students in Germany that are really very wonderful, have been accepting the calls of a million people in America, for the solving of the conditions which exist there. A nucleus of Power, a Focus of Light, enables this Light to establish Itself and then spread. Those people are issuing the Decrees the same as you are. Therefore, that Power and Pressure of Light is going forth into the mental and feeling world of mankind. Its far reaching Power, my dear people, is indescribable.

Your far reaching Power of Light here in America in the mental and feeling world of mankind is indescribable. It is unnecessary, but I could give you the exact figures of exactly what it has done in these five years.

You must remember that only as mankind in the outer mind come to know a thing and then become resistant to it, is there resistance in the feeling world of individuals. If the outer knows

nothing about it, there is no resistance because the Inner wants Perfection of every description. You see the Higher Mental Body of every individual wants Perfection the same as you do but because the outer being is so imbued and charged with the affairs of the outer human creation, it does not admit the resistance is there, until some day some tragic thing occurs. Then the Light breaks thru that and temporarily, sometimes permanently, the Light re-establishes Itself.

You, to-day, have this very great privilege and if you are just patient, you will find We are quite able to cope with conditions, not always as you would like to have Us do perhaps, but nevertheless, We must use a Power of Light that is permanent. You know to force a thing is not quite the permanent way to handle conditions, although I do not wonder that mankind seem to feel sometimes it is quite justifiable. However, after all, when you are dealing with the Law of Life, you must abide within It.

I do say this to every Group Leader and those in every Sanctuary and Reading Room in the land—especially the Sanctuaries and Reading Rooms: "You must take a more positive stand, release a force in those places and throw out people who get nosey. There is no law in this land that allows anybody to come into your place and snoop around." I can use your language quite as well as you, but I want you to see and understand exactly what that means.

Do you know that our blessed Frances Ekey has been the first one among the student body to expose the spies and treachery in their midst? That is the signal for what will be done thruout America. You must not feel afraid of those peo-

ple! Every one of those individuals is a coward at heart and if such people see you are not afraid of them, they will get out of reach fast enough. These are conditions which for a little time now, must be met by a Very Positive Force.

You just wait, beloved ones, until these classes have been closed for six months or a year. If you do not see a scrambling in the outer world, then I will miss My guess. Many in the outer world actually thought that you and the Messengers had to have these people. Well, We happen to have Dispensations instead. We are resourceful —you might have noticed it.

In Europe, I was known as one of the Greatest Diplomats. I hope I have not lost My Diplomacy. (applause) The people in America at one time or another might have doubted My Reality but the people of Europe know very well I am Real! There are hundreds, if you knew who they were, to whom you could go and mention My Name and they would bow on their knees, because I have served them, because I have protected them from drastic things. Everything, dear people, depends upon that which is within the Life Stream of individuals. I mean by that of course, people who do not understand about the Consuming Flame, could not be expected to have anything consumed, because there would be no way of doing it.

I say to you dear students—I notice the Messenger called your attention to it—if you believe for one minute that you do not need to use that Violet Consuming Flame, you will wake up one day to great unhappiness and distress in your world. When you have touched this Light, dear people, you cannot take part of It—you have got

to have the Whole of the Law or none. When We in Our Great Gifts of Light and kindness, tell you what We know is the absolutely positive imperative need as to what is to be done and then you do not believe Us, you will find you have made a mistake. There is not one human being living in embodiment to-day who does not need the Violet Consuming Flame more than any one thing in the world, aside from the knowledge of his or her own "Mighty I AM Presence," because you have got to have dissolved this accumulation thru embodiments of hundreds and thousands of centuries.

Dear people, now please listen: when We have offered you the Gift of your Ascension by a little obedience, if you doubt that for one second, please do not remain in this Light or under this Activity. Do you think for one minute that We would raise your hopes to something We did not know could be attained? To do such a thing would be the most vicious thing on earth and We do not happen to be that kind of people. When We tell you something, We mean every Word We say; and if you can believe It and accept It in your feelings, you will have the Blessing.

Almost the entire number in this room, tonight, if they would give this little obedience We ask, could have their Ascension at the close of this embodiment. My dear people, won't you awaken and see what that means? The Ascension is as practical as your gasoline engine, because it is the Law of Life. You could not accomplish It physically in a million years but your call to your "I AM Presence" in the Activity of your Higher Mental Body, can raise you and draw

you into your Ascension—but be practical in the process to-day. Go on about your regular business activities. There are dozens and dozens of times, for the moment during the day, when you are not speaking to someone when you can send the call: "'Mighty I AM Presence' charge My Higher Mental Body to raise me into the Ascension in this embodiment." My dear people, those constant calls can be going forth thruout the day silently. Your Higher Mental Body hears everything and with the strength and substance which would go forth from you in that call, you would quickly bring about your release.

I do not think it is just wise to give you the details to-night, but We have secured a Dispensation for certain parts of Europe, in which We can render tremendous Service to the people there who are really good and loyal people. Oh, do not think, my dear people, that all the people of Germany are Nazis. There are many wonderful people there. There are many wonderful Germans in America, but there are some who are not so wonderful. They are comparatively few in comparison to the great number who are wonderful and even with some of those it is not always their fault. Sometimes, they are forced into destructive conditions. Only within a few days, information has been conveyed to them to be on guard and accept no more of the dictations of the gestapo of Germany.

If you only knew how that vicious activity once, not so long ago, held sway in America, you would not believe it possible, unless you saw with your own eyes; but these are conditions that it was largely up to Us to tear out by the roots and it is being done with a steady, sure, powerful Pressure of Light.

Therefore, be wise, dear students in the future. We have done for the present what We can do, so far as reaching the people in the outer, the public, is concerned. When We begin again, We will have reversed the currents which were dragging in the wrong kind of people. The great achievement of five years thru these humble Messengers and your wonderful assistance, is unparalleled in the history of the earth. One day, I shall take you and show you the exact records of all that has been done and what this achievement of five years has been. We sometimes mention it, but my dear people, it is only a fragment of what is actually being done.

We have a means recently established by which We can reach people, certain people, at any time. This I have been endeavoring to do for almost sixty years—at last it is accomplished! This will help tremendously in the regulation of things and in the raising up of Ascended Master Friends which you have been calling for as defenders of this Light.

The puny minds who have been unkind to this Light do not know that the government has watched this Activity from the beginning and knows that there is not one harmful thing in it; but only Great Good, Great Blessings, to America and great blessings to the people who will apply this Truth. K-17 saw to it that this was done.

Therefore, in all that must be met (and really there is very little in the future) use wisdom! Rejoice in your Victory of the Light in the knowledge of your Great Presence of Life; for unless you have tested out individuals and find them to be really sincere, give them no information whatsoever. If you, as students and Group Leaders,

will take this stand as the Messengers suggest to you, just say: "If you want to find out about this Great Light, read those books, and when you have read them many times come back if you like, and I will talk to you." Compel them to read those books.

Really, beloved students, you can never so wisely spend extra moments you have as to read a few pages of those books. It will keep you in attunement, in touch with Those Great Powers of Light. My dear people, every Dictation is Real! Every Dictation is by the Individual whose Name is attached, and you draw from that Individual His or Her Power of Light and Special Qualities whatever they may be, when you are reading them. You are doing exactly as you would to your school teacher. Your teacher says: "This is the rule for the problems you have here." You do not say about your teacher that "He is crazy," because you would never solve your problems. You say: "He knows, he has proven them." You go ahead and use his rules and they solve your problems.

So with man to-day. You may know the Greatest Laws in the Universe, but without your own application of Them, you will never prove Them in the world. Mankind is at the point where they must prove these things for themselves. It is wonderful to do Us the honor to listen to Us, but it is far more wonderful and honorable to Life to apply the Law and prove It to yourselves conclusively.

My dear ones, let Me say again that there is not one of you who cannot successfully apply this Law if you will first stop and still yourself and ask the Higher Mental Body to dissolve the hu-

man qualities—doubts, fears or whatever human obstruction is there. Sometimes, you get excited and rush into your application and accomplish nothing at all. It is in the stillness that your Great Life Stream can pour Its Power of Harmonizing Activity forth to render the service.

Really, dear people, will you please whenever something suddenly confronts you, if necessary take time enough to go by yourselves for ten minutes and still yourselves. Call the Powers of your "Mighty I AM Presence," your Life Stream into action to move before you, to harmonize, to control and to solve that condition. You will find It will do it, but you cannot do it if you go into it with agitation and disturbance. That is why many have not had the successful application they would like, but the Law is the same. The Law does not change for anyone. You MUST ABIDE IN THE LAW to have Its Great Results.

Therefore, to-night I would like you to hear Me say it, because it is true, that I consider this one of the most successful classes to the Powers of Light that We have experienced. (applause) You remember in taking moving pictures, if you have observed they often are compelled to shift locations. Well, We decided it was wiser to shift locations and out of it has come greater good than We could have really expected at the moment Ourselves. Again, I give thanks to the blessed management of this building. I want everyone who has come forth with such great loyalty and assistance to the Messengers to know that I shall endeavor to bless them as never mankind was blessed.

I was talking yesterday with the Goddess of Light and Nada. We were referring to some con-

ditions upon earth and I said: "Will not those blessed people one day rejoice, when they are free from having to think about money?" If you have a lot of money, it takes a lot of energy to take care of it; and if you don't have any, you are using a lot of energy in wanting to have it. So after all there comes a balance. If you really know that your "I AM Presence" is your Treasure-house (and my dear ones, never was anything in the whole wide world so true as that) then you must be supplied. Of course your Presence does not hold coined gold to release, although We could produce plenty of it and the greatest technicians in the world could not tell the difference. (applause)

In Europe for more than one hundred years, I precipitated gold wherever I moved and used it, but you must be wise in doing that. We have the numbers, We have the record of all the gold coin in each country and of all the money that has been destroyed. Therefore, when we utilize this privilege, of course We balance with the Treasury of the Nations where We are. After all, could We be expected to live under human laws, when We have risen above them? Isn't coined money man's creation, to see if some one cannot get more than the other? Isn't the exchange of the world but man's creation? A few years ago, the marks went down until millions and millions of dollars were lost, because some individual said it should be so.

Money has been gathered from dozens of avenues over America to be sent to Germany and the Nazis; but I have My Eye on every bit of it (applause) and if I cannot prevent it otherwise, I can change and shift its location.

Some day, when I become a Moving Picture Director, I shall show you what can be produced. Already I have plans that mankind may see in action the circulation of the blood thru the body and the circulation of the nerve fluid thru the body. When individuals stand before this to which I refer the reflection before them will show any spot or circulation within the body. You will see it and you will be able by that which We shall give you, to dissolve any imperfection instantly. It is not exactly a mirror, but a means of help by observing its activities and applying the Laws, without allowing accumulation of long standing to gather.

You see, dear people, the reason so many things occur in the disturbance of mankind's bodies is because so much accumulates in the feeling world before people have discovered it. They do not know it is there until it begins to out-picture thru the body. Then, sometimes in order to use wisdom, it takes a little time to dissolve and cause it to disappear without doing it too rapidly. Of course with Us, when We do a thing We can do it with the sweep of Our Hands, which you could not do; but after all We are the Law upon whatever We act and will you please see this and accept it to-night?

As you observe in the Chart, the Golden Radiance enfolding your own Life Stream, thru which We pour into your world Our Substance and Qualities, do you not see—provided you believe in Us, feel Our Reality and make the call to Us, after you have called to your Presence—that We can give you Assistance, at first, which you will not get from your Presence, because of

your lack of confidence? That is why the world needs Us so much to-day. That is why the student body needs Us so much to-day. We can do for you what you cannot possibly do for yourselves and that is your only salvation, dear people. With Our Assistance, you gain a far greater intensity from your calls to your own Life Stream. Yet We are One with your "Mighty I AM Presence."

An Ascended Being is the Law of Life, just the same as your own "Mighty I AM Presence," only We have carried the Purified Substance of earth into Our Octave which enables Us to act in all capacities, either in the Octave of Light or here. That is why We are able to supply things and do things that mankind cannot as yet do for themselves. Now, you are all coming to the time when you will be able to do these things and call them forth.

I want very much as soon as possible to show you a little something of precipitation. I want an audience like this to see come out of the atmosphere that which remains a physical substance, or at least a tangible substance—it would not be physical, because it would be wholly pure, but it would be a tangible substance.

In these closed classes—I cannot tell you when this might be done, but abide in Our Wisdom as to such time as it might be. I want this for YOU, not for the public! Really, dear people, if some such thing occurs, I trust every human being on his or her honor never to say a word outside of the class room about it. You would be beset by thousands of humans beings just out of curiosity; and if you do not listen to Me, you will see too late. Enjoy these things. In the Retreats of

India where these things are so often done, it is a most sacred thing. No one ever speaks of it outside of these walls, if it be a banquet or whatever it may be. Now, you must feel the same. You must feel this Great Law is sacred and not to be talked about. If a Manifestation occurs small or great, you must consider It the most sacred thing in your Life and not talk about It.

You know the American people are very talkative. They have never thought it necessary to curb themselves by self-control; while the people of the East, the Orient, have been taught the opposite—silence. Now there must come a balance. The Orient should have just a little more talk and the Americans should have just a little more silence; then you will find a great great blessing pour out upon you.

Now, dear ones, We want to do these things for you, but We cannot over-step the Laws of Life and you can be sure you will not have to ask Us the second time, when that moment arrives. It is Our Intent and has been from the beginning that when We do begin to appear tangibly to you, that We may continue to do this and to act among you to become the Law for the student body—and when We do that, I assure you there will be no Peglers or Millers. (applause) They are just passing shadows and the student body is keeping them quite busy now. May the students continue, until they show the world their stand for the Greatest Light that has ever been known to man.

I love you, I thank you and I bless you, precious Children of the Light. May the Glory of your Light expand and may Our Courage pour into your world with the Strength and Power

to hold you in the Dominion of that Light until you win your full Victory and Ascension!

I say again, your Ascension with the little obedience asked is assured and is as practical as anything in your mechanical world. Your calls set the Powers of your Life Stream into action to bring that Raising Power which cleanses, purifies and lifts you one day into your Freedom. Feel this! Do not think it is unusual. If you do, you just delay the opportunity. It is not a thing unusual, because Life is the most practical Activity in the entire Universe. Life has produced your mechanics and everything that is in your world of mechanics to-day. Life is the Intelligence, the Mighty Focus and Purity of Life in the "Mighty I AM Presence"; and the Higher Mental Body and the Ascended Beings are without limit.

Therefore, to-night, will you accept Our Blessings, every one of the Ascended Masters, the Cosmic Beings, the Legions of Light and the Cosmic Light, to hold you in Their Mighty Embrace of Light, until the fulness of your Victory in your Ascension is achieved? Remember, everything We can do to be of Assistance comes without asking. All We require to see and know is that you are truly sincere; that you are making your utmost application, then everything will be done to give you Our Assistance. We are not limited in any manner whatsoever.

Take Our Blessings, take Our Word to release from your Treasure-house the money supply you require until that day when you no longer require it; when you move and hold your hand to the Light and receive Its Gifts upon the instant. I thank you.

· AMERICA'S FREEDOM ·

AMERICA! "Land of the Light of God,"
Great Heart of all things Divine,
Arise in the Strength of Great Hercules,
And shatter all chains that bind!

Thou art the Heart of the "Light of the World,"
God's Cup of Life's Holy Light,
Guard well Thy Trust for the children of earth!
Be strong in all that is RIGHT!

Let the "Mighty I AM"—Its Blazing Pow'r
Hold Victory evermore,
Let Its Glorious Love and Unfed Flame
Guard constantly Thy Great Door!

George Washington, Lo, has ascended now,
And He guards Thee as of old,
The Freedom He brought thru our Flag shall wave
Forever in Love untold.

America! Land of the "Great I AM,"
Our Country—our own Blest Home
The Ascended Master Nation of earth—
THY ASCENSION TOO HAS COME!

—Chanera

"Give all power to your 'Mighty I AM Presence' and see that nothing gets between you and Its Perfection. It is the most vital thing in any Life." (K-17)

"To-day, in the treachery that exists in the legal interpretation of the laws there is not a thing that really could be permanently protected, except from the Inner Call to the 'Mighty I AM Presence.' Your call would cause the Presence to act thru a legal form or activity to produce protection for you. That is all the protection anyone has to-day. The distortion of the legal activity of the outer world is so great—I mean that legal channels will not protect you, without your call to the 'I AM Presence' to act thruout the legal quality and action. (That should be known by the students.)" (K-17)

"Human qualities have no power before the Power of Light. If you once get the full conviction that all you call forth is the Substance and Power of Light which knows not one single resistance to human qualities and human qualities have not a particle of resistance to It, then you know This Light goes into action and all human substance and qualities dissolve before It. I tell you my dear ones, if you only get the full conviction of that, you are Master of every condition by the Power and Substance of Light. You can do it by the demand TO HAVE THE FULL FEELING AND CONVICTION that to this Light Substance which you call forth there is no resistance. Therefore, It goes into action to a given objective at your call and does what you require. Therefore, that is the end of it." (K-17)

ANNOUNCEMENT No. 2

E ARE happy to announce the release of all songs now used and authorized by us in all our classes, those of the Appointed Messengers and Volunteer Advanced Workers, also "I AM" Study Groups, in Loose-leaf form to fit the Special Decree Binders.

This Group of songs contains all of Mr. G. W. Ballard's songs which have been released to date. It is well that all "I AM" Groups secure and use these because of the vibratory action they release; also the Assistance Daddy Ballard can now release thru them from His Ascended Master Octave.

These Loose-leaf songs may be secured from the Saint Germain Press, P.O. Box 1133, Chicago, Illinois, for 1c per page or 2c per leaf, same as the Loose-leaf Decrees.

We also have a quantity of the original Song Books (both new and slightly used) formerly used by us. These do not contain the complete list of songs, but will be of assistance in Beginners' Groups where individuals do not have the Loose-leaf Songs.

· NEW MUSIC ·

IT is our great privilege and joy to announce the release of two new songs by Godfré Ray King (Mr. G. W. Ballard) "Nada Our Love" and "I AM" Come, the lyrics of the latter by Chanera. They are charged with tremendous Power of Light and bring dynamic Blessings and Power from Nada and Jesus direct.

During the Seven Sacred Weeks beginning with November 30th—Thanksgiving Day—until January 18th, we ask the "I AM" Students to use these two songs as much as possible because of Jesus' more intensified Out-pouring during this time, when the attention of most of mankind is upon Him; also because of the Dispensation from the Great Central Sun for which He has been calling.

If the students will call to the Great Central Sun to give Jesus this Dispensation and use these songs, as a means of attunement and release of His Power and Victory of Light, they will render a tremendous service to America, themselves and the world.

· NADA OUR LOVE ·

· NADA OUR LOVE is dedicated in Eternal Love, Gratitude and Blessing to the "Mighty I AM Presence" and the Beloved Ascended Lady Master Nada, whose Blessing to the earth is so transcendent, Real and magnificent beyond description.

May the Great Cosmic Light expand Her Power thru this song, until It brings the Victory of the Light everywhere on earth forever.

It was first sung in Chicago and is dedicated to that City because it is the permanent atom in the heart of the world and America is that heart.

May our Beloved Nada bless the City of Chicago, until it becomes an Alabaster City of Light, within which stands the "I AM" Temple of Light with the Glorious Unfed Flame blazing forth Its Perfecting Balancing Power to raise every human being into the Ascension.

May all the Ascended Masters' Power of Light, Love and Wisdom fill Chicago with the Victory of Light so dazzling, as to bring forth Its full Perfection quickly.

May this song be sung thruout the world and everyone who uses it receive his own individual Freedom and Victory of the Light instantly.

· "I AM" COME! ·

"I AM" COME has been brought forth as a Magnet of Jesus' Power of Light. It is a Focus of our acceptance of Jesus' return in His Visible, Tangible, Ascended Master Body.

Every time it is sung, played, heard or the picture contemplated, each individual's energy gathers into a Focus of Light, Love and Power that becomes the Magnet of attraction which draws Him again into close personal association with those who accept His Tangible Presence here on earth with us NOW!

Jesus has come many times in the last two thousand years in His Tangible Ascended Master Body to individuals who called to Him for help. He will always come even now to those who will purify themselves and make the condition necessary for Him to come! He said: "Lo 'I AM' with you al-

ways"! He told the Truth! He can and will come to everyone who will provide the right condition to attract Him.

Jesus the Christ has stood in our own home many times in His Visible Tangible Ascended Master Body. He has held us in His Arms. We have kissed His Hands. He is Real! No power nor human being on earth can ever change that Truth and Reality which we know to be from actual personal physical experience. We stand by It for all Eternity, because IT IS TRUE.

His Voice spoke the Words of this song. They are His Answer to our hearts' call for His Presence. They describe His Activity of coming thru the atmosphere of earth and that which He is doing NOW, for the Freedom of mankind.

May everyone feel the Truth of these Words and have the full Blessing which they bring.

"I AM" Come was first sung in Los Angeles and is dedicated to that city where once again the Power and Victory of the "Light of God that never fails" shall come forth in Its Fulness and make it an Alabaster City of Light, to which the Ascended Masters and the Angelic Host will once again come forth tangible to the physical senses of mankind. Unto that end, do we use this song for the Freedom of all.

"I AM" Come has been made in a Victor Record by the trio of Voice, Harp and Novachord.

FRIENDS of America and fellow-students, remember to-night "I AM" the Power that beats your hearts!

"I AM" the Light that your Higher Mental Body directs to give you Life and action within your human forms!

"I AM" the Energy of the Universe which you can call into action at any moment to render you whatever service is required! Will you make the call and free yourselves, or refuse to make it and remain in the limitations and chains of your own creation? Remember, nothing in the world can chain or bind you but yourself.

Remember, friends of America, the time of hypnotic force from one human being controlling another has ceased upon this earth! Observe this! Profit by it and remember when a suggestion of hypnotic domination is given to you, it is not true. You are free from all hypnotic suggestion from any human being on the face of this earth and henceforth! Therefore, you have the authority to call your "Mighty I AM Presence" into action to project Its Mighty Light Rays into your world of action and have there the Glory of Its Harmonious Presence and the Dominion of the Light which brings happiness, strength and courage to you to move forward in the Pathway of that Ray of Light and where you move, find the harmony of that Light waiting you. In individual conditions in the Power of Life, you become the Dominion of that Light.

Think of it, friends of America! No longer need mankind move in the conditions which they have created about themselves of limitation, of discord and privation; for to-night, I say to you: every human being on this earth who will make the call to the "Mighty I AM Presence," your individualized Presence, your Source of Life, will bring that Dominion forth and quickly!

Therefore, friends of America and beloved students, listen! Assert that Dominion as you never did in your Life before. Remember there is no single thing which stands between your human form and your "Mighty I AM Presence," the Governor of this Universe. See the Power of Its Light! Feel the Power of Its Light going forth! Then BE the Dominion of that Light in your world of action!

We move in the Power of Light, Oh children of earth! We stand in Its supreme Dominion! We walk in the security of Its Mighty Power, free forever from human opinion! We speak with the Authority and Power of Life! We go straight on to our Goal, the Heart of Light—Our Treasure-house there, and Our glorious Ship knows no shore. Filled with the Glory of Light, filled with the Power of the "Mighty I AM," It sails and carries you serenely on in the Glory of your heart's desire; and the one who lives in the "Mighty I AM" with the vision and attention fixed there, will find his world so glorious and free, filled with all that is fair, filled with the Glory and security of everything one can demand and live in the Perfection of Life sustained in the Glory of God's Command.

Oh, friends of America, to-night beloved students, in the Glory of all that is, see and feel the Supremacy of the Life that beats your heart.

Your call is sufficient! Your Power of Light in you is the Dominion of your world! Let It assert Itself and hasten It by your harmony and co-operation with your call to It. Then see how quickly discord and limitations will cease from your world; for "I AM" the Light that moves forward and asks no human opinion.

"I AM" the Light that moves into action, sweeping every discord from your world.

"I AM" the Light, the Torch of Eternity, beckoning mankind to their Goal! See My Light, Oh friends of America with your eyes focused upon Its Unfed Flame following in Its Glorious train of Light to your Goal! Find your jewelled Home in the Octave of Light! Such is your privilege, Oh friends of America, Oh fellow-students!

To-night, may you enter into that Pathway of Light looking neither right nor left and move forward in Its Mighty Impelling Glory, until you stand there forever free.

Mankind has so long believed, visioned and felt they were held within something from which they could not extricate themselves. I say to you, to-night: There is not one condition existing in the world in which your call to the "Mighty I AM Presence" of Life and Light will not quickly free you and by the Power of Harmony!

Mankind have not learned how to use the Power of Harmony, but they are beginning to know. They are beginning to understand and soon mankind will in the Power of Light, refuse to see the offence of officials. Instead by calling the Powers of the "Mighty I AM Presence" into action, will move in Its Glorious Pathway into the Goal which knows no obstruction of any kind.

· MR. RAYBORN'S DISCOURSE ·

· *Minute Men—Oakland, Calif.* ·

· *August 20, 1939* ·

GENTLEMEN of the Light, Minute Men of Saint Germain! the Messenger is very kind in referring to Me; but as I see it, I am not deserving of any special credit, for Harmony was just natural within Me all My Life. No matter what someone tried to do to Me financially or otherwise, I never felt unkind. I never knew why, until his coming into My Home and Saint Germain's appearance there. Then, for the first time, I began to understand the Laws that were operating, quite naturally, thru Me.

I say to you, gentlemen thruout America, We have made some special investigation concerning this during these five years. There are a great many magnificent men in America who are loyal Americans, who have within them naturally that same great harmony which was Mine. This is one of the great things We are depending on now and in the future for the requirements of America.

Did you observe in the papers this morning —of course We watch the newspapers, but it does not take Us long to read them—but did you notice what the Dies Committee is doing, in calling for the revoking of the charters of all German Bund activities in America? (applause—audience rising) Thank you gentlemen! We shall never let up until that is achieved (applause) and this is why. Only a small percent of those people are inveigled—you will notice the word —are inveigled into that false belief. How? By absolute false promises and those promising know such things can never be fulfilled to those people. Groups and individuals are inveigled into the Bund by various individuals and thru claws to bring disturbance into America.

Well I am a fiery American, even though I am Ascended! Remember We do not forget that which enabled Us to reach the Goal of Life and if you love your Saint Germain, how much do you suppose I love Him, as well as Mrs. Rayborn and Our Blessed Children? Do you realize that Our whole Family became Ascended thru His Assistance and thru the Messenger whom Saint Germain sent there coming into Our Home. Why did He send the Messenger to My Home? Because unbeknown to Me, Mrs. Rayborn had already made the Ascension; and when the Messenger came, it was revealed that She had.

Gentlemen, you who have longed to meet Saint Germain in the Tangible Body please get *My Feeling* now! Shortly after the Messenger came into My Home one morning about five o'clock, I awakened out of a sound sleep and there stood Saint Germain in His Tangible Body, looking at Me as I awakened! He was just as tangible as

yourselves. Well, I am frank to say, for a few moments I had just a little palpitation, but I know He assisted Me in quieting that down; for in a few minutes I felt quite at ease with Him and that conversation for two hours or more which took place was ONE never to be forgotten in eternity. Saint Germain has never permitted Me to give that conversation to the Messenger, but I am still asking for the privilege—for you know it is said, if you keep after a thing you finally get it and when it is granted, you will rejoice quite as much, I think, as the Messenger. These are close magnificent touches of Life! (Won't you be seated?)

Recall how many times when someone to whom you feel very harmonious or whom you like very much comes into your midst, just what takes place in your feeling world. Recall the happiness and rejoicing. Well that is exactly—only greatly intensified—what is coming into your feeling world with VERY GREAT INTENSITY.

We have talked about it before, but I want to touch upon it again to-day so you may, if you will, feel what it means to you when you have of your own volition chosen to style yourselves the "Minute Men of Saint Germain." Feel ALL that means! Do you understand in doing so, it compels a special activity into action in everyone of you and that you become a closer part of His World of Perfection? I am mentioning this, because I want you to feel it is a responsibility—there is no question about that—but it is a thousand times worth any responsibility it might seem to be to you.

I think to-day that within six months, Saint Germain will give into the use of the Minute

Men some things which will bring you right upstanding in the joy of your ability to do this and also in that which will be for your personal use. Try to feel as I speak these Words that it is not just an expression. Not only is your "I AM Presence" your Treasure-house, but you have entered the Treasure-house of America and Saint Germain, in having joined the Minute Men gladly and willingly. Now this is not in any way an inducement for men to come into the Minute Men's Activity for they must come because they love to render a service; but I say to you who are rendering this service: Remember one day when you find how really generous Saint Germain is and that He is the Treasure-house of the Universe from which to draw, you will know Him as He really is.

You see how generously He has provided for the Messengers to carry on this Light. When certain things are achieved, He will turn a large portion of His Attention and Power to the blessing and supply of the Minute Men.

Gentlemen, I want to tell you this morning—Please do not forget to keep up your constant application in gaining the momentum and please do some very definite work each day on your money supply. There is a reason of which We shall tell you later but your call is imperative. You, as individuals must specialize in some things. You may not be the judge of that, but since you are needing (shall we say?) a limitless financial supply to render the Service to the Light which you might desire; then it is just the MEANS by which you have the RIGHT to call forth your limitless supply.

Remember you can do it now—positively! It only means you are going on and on in your

application, as a matter of expression, looking neither right nor left. You are going steadily forth toward your Goal, making your constant application with no anxiety as to when it is going to produce those results because sometimes in the anxiety as to—"well why don't I get the result right now?" or "Oh, why doesn't that result come forth immediately?"—you throw a feeling into your call which in a way repels it, at least for the time. It is your obedient part to accept the things you want, for that brings their speedy release to you.

You know it is very wonderful and very easy for Me to understand these Laws as applied to the commercial world because I involuntarily used so many of them in My Own experience. I love very much to talk to the Minute Men because I am able to convey into your feeling world My Glory and Victory of commercial achievement. Does it sound strange to you, that being wholly free from those things, I would still have an interest in them? Well, if so, you do not quite grasp the Law. If the Ascended Masters were not interested in you, in Divine Order and in Divine Justice for the commercial world, how would the people of earth obtain it? You see you cannot gain it thru just human effort. Without the knowledge of the "I AM Presence" which gives you the encouragement, how can the Power in the One Intelligence and Light go forth and be held sustained to bring it about?

It is one thing to call and then enter into action, gentlemen, for thousands of people with but little knowledge can call a thing into action; but to hold it sustained is a far different thing and your Presence is the only sustaining Power there

is in this Universe. Even your momentum is not sufficient without the constant sustaining Power of your "I AM Presence." That is one point I want you to get, if you will this morning because if you do not see that, you will repeatedly at intervals recede from the attention and conscious acknowledgment that your "I AM Presence" is the One and Only Sustaining Power, for Its action comes about at your call.

Now let us use our blessed Mr. Sindelar as one illustration in the activity of the Magazine. Not only does he have to make the physical effort in getting it out, but there must be the releasing from the "I AM Presence" of the Power of Light to regulate conditions so as to hold an almost involuntary Stream of Its Energy steady, steady, steady upon one objective. That is why the undivided attention to the Presence thru your calls releases the Power of the Presence into action which is positively incredible, until you compare the two ways of doing a thing and see the difference. Now, our blessed Charles is coming into that vibratory action where more and more, almost involuntarily, there is coming a steady flow of Power from the Presence of Life thru the activity of the Magazine in its more and more perfect coloring and artistic work and in the flow of Its energy into the conducting of the business.

Remember gentlemen, Life never criticizes nor condemns you. The Ascended Masters never criticize nor condemn you. Sometimes in certain things, the human must be held in obedience until Self-governing power takes it place; but that is not criticism, nor is it condemnation. If you will understand this, you will see how great

a mistake it is to allow yourselves to criticize persons, places or conditions for any reason whatever because you are charging your world with the quality which you are criticizing and that is the most dangerous thing against your success. You cannot afford to do it. It does no good and on the other hand, it does release terrifically tragic things at all times. In fact it does harm at all times, and according to the intensity of it, is it more or less powerful.

Suppose someone does you actual harm. Although you might like to humanly retaliate, the Wisdom of the Law is to call on the Law of Forgiveness for his mistake and give praise and thanks, that you remain untouched and unaffected by it.

I ask you to observe this among the vast student body. I have never seen such a magnificent thing in My entire experience. Ninety percent of this great student body of America and the world are absolutely happy and willing to give obedience to what the Messengers ask—obedience to Life —because that is all that is asked so all may more quickly reap the Perfection they desire. It is an unheard of thing and yet it is done.

The very small percent who resent giving the obedience to Life which is necessary for their harmony, is hardly worth considering. You are so happy and willing to give whatever obedience to Life is necessary and as you keep yourselves harmonious, so your call goes forth with more and more intensity, more and more speedily and powerful does the momentum come forth which will one day sweep into action and the whole of what had seemed to obstruct your way, will have vanished over night. With some, it will vanish grad-

ually, with others the momentum constantly rushes into action and the thing is done at once, but this application is the assurance of your Victory.

That reminds Me of insurance. Do not misunderstand Me, but your real sincere attention to your "I AM Presence," is the greatest insurance in the Universe. Yet it is only wisdom to keep insurance on your cars, because to some degree, if you are off guard, they become subject to the conditions around other individuals. Then, if somebody runs into you in spite of your application, you have something to replace the damage.

You see gentlemen, this Law is the most practical thing ever known in this Universe when correctly understood. It is the same thing many times in physical conditions, if individuals have not yet gained the momentum to quite cope with a situation and sometimes outer assistance is needed, have it. That need not in any way detract from your application, unless you allow it to do so.

If you were out here in the street and you needed information which you were not familiar with and I came along and gave you the information, would that detract from the application which you were naturally making? Of course not. That is why and how you want to be practical in all this Instruction of the Ascended Masters. Keep your feet on earth and your head on the Breast of your "Mighty I AM Presence." Gentlemen, that is not less manly. Do you know what you can do when anxiety has beset you? You can lay your head on the Breast of your "Mighty I AM Presence," like a child who is tired and goes to its mother; and in that stillness such

complete release will come! Just feel that Love from your Presence! Visualize It! It is your *physical* sight in action within.

In the secret of our hearts and in adoration to that Presence, let us be children again. Such Love and adoration to your Source of Life does not interfere with your positiveness to the outer world as you go forth into action; but to that Great Presence of Life which is the Intelligence and Energy acting thru your human form, feel so sweet and kind to It. You cannot feel such Love to your "Mighty I AM Presence" without the feeling of great harmony. In such great harmony, Its Powers will release so tremendously to you that you will find it well worth while.

During the time when I saw among the commercial activities the conditions then existing, I thought what a wonderful thing it would be, if some day, something would come about so mankind would all feel harmonized—for in the conferences of the commercial world, such tragedies took place. Do you know in the conferences with other men of the commercial world such a thing never once occurred in a conversation where I was present? I marveled at it time and again. I had not the slightest idea and could not have accepted then that I was the cause of it; but the Light of My "I AM Presence" flooded forth thru My Natural Harmony and compelled all in the Radiance of it to become harmonious. That Power of Harmony is exactly what you can make yourselves in your calls to the Presence. You can be such a Power, such a magnet of harmony that as the Radiance goes forth from your Presence thru your physical body, no one coming into Its Radiance will want to be inharmonious.

That requires a momentum gained to a certain point. All of you are rapidly approaching that point now where you can begin to bring this forth and if you will do as the Messenger has asked so many times, whether the need seems to be there or not, you will be victorious. When you stand on your feet call the Presence to charge your mind, body and feeling world with Its Limitless energy, with Its Mighty Directing Intelligence, qualified with the Ascended Masters Consciousness in all you do. You will gain a momentum of that and is there anything which could interfere with It? Observe how impossible such a thing would be.

You are entering into the most powerful, mathematically accurate, definite Law known in this Universe, which is the Law of your own Life. It does not make a particle of difference what somebody around you is doing, *if you do not let it get your attention!* Everybody around you may make mistakes, but if you will stand steadfast in your "I AM Presence," you will find yourself no part of those mistakes.

I say again, I often see individuals requiring a certain amount of money to successfully go forward to an achievement. Gentlemen, believe Me, your "I AM Presence" Who beats your heart, is the Treasure-house of all you can ever require. If you will keep calling and calling It into action and say: " 'Mighty I AM Presence' release thru Divine Order and Divine Justice the money supply I require to carry this work on successfully! You see that I make no mistakes," It will answer. If it is in mining, you can have this help. Since I am very familiar with mining, I speak of it and I ask you to remember what Saint Germain did for me, or caused the Messenger to do.

Remember the Ascended Masters want to help you and if you are in a position where you need specific Directing Intelligence say: " 'Mighty I AM Presence' release this Ascended Master Directing Intelligence right now, which I need," *and you will have it.*

Suppose you were interested in mining and there were rich spots on your land, you can say to your Presence: " 'Mighty I AM Presence' direct me to the richest spots here, so I may save time and expense." Well, why would you not be answered!

I ask you to observe that amazing experience referred to in the "Magic Presence." A freak of nature had occurred and the engineers of the world would have said it was impossible to find gold at that point. Yet, Saint Germain seeing, knowing, directed Me to the exact number of feet I was to drift in to reach it and I found the ore body to the exact foot that He indicated. Blessed Bob when He saw Me start this work, thought I was positively a little bit off because his technical training had taught him that such a thing was impossible. He wanted to say to Me so badly: "Oh Mr. Rayborn, don't waste your money." I felt it as plain as could be, but He did not venture to voice it. When he watched—I have not asked Him since, but I do not think he slept during that time. Daily his anxiety became greater and greater, as to whether it was going to work out or not. When it did He almost collapsed.

Gentlemen, that was only the Wisdom of Life acting, untouched by human qualification. Saint Germain IS the Perfection of Life and seeing and knowing clearly that the gold was there, meas-

ured just as accurately as you measure with your tape line the number of feet between because He could see thru the walls and perceive the distance between.

There is no reason in the world why anyone who will attune himself or herself to the "I AM Presence," cannot see thru and know the Goal from the beginning. It is what every one of you, one day, will come to do. Would that not remove all anxiety as to achievement? Of course! Every time something occurs in your human feeling to make you anxious, doubtful or question the Wisdom, the Authority or Power of the Presence to direct you, silence it and say: " 'Mighty I AM Presence' silence this thing! I don't want it! I won't have it!" Then, " 'Mighty I AM Presence,' You take charge here! Replace this human quality with Your Perfection and see it is sustained." Then, you will dismiss that condition and go on in the Freedom and happy harmonious activity of achievement.

If you had been with these Messengers, you would have seen the thousands of times in which an almost terrifying thing suddenly would loom up in front of them and yet, with a few dynamic calls to the Presence the thing was silenced and disappeared never to return. To-day, you are in the same position to do the same as they do. That is the point to which you are being raised.

Please do not let so many years over your head make you feel you are less capable, less dynamic. That is not a Reality. That which imposes age or inability on you is not true! It is human creation and human consciousness imposed upon the individual. That is outer scientific knowledge, if you care to look at it that way. It is your re-qualifica-

tion of your own Life's energy by accepting the suggestions of the mass of mankind which still impose the feeling of age and inability. You have the same Life, the same energy within your body as you did when you were young if you assert it. Not only that, but you have the Wisdom and Power of your Presence NOW which you can call into action to charge your body with Its Limitless energy.

I would not be surprised if the Messenger is not as old as anyone in the room, but does he lack energy? That is why gentlemen. His contact with Saint Germain removed the mass suggestion that was starting to impose age upon him and that is the reason it will never grow any more than it is to-day. Instead less and less. Such is the Perfection which your calls to the Presence should produce in your physical body. First, a stoppage of all sense and feeling of age. Then the reversal of the condition which returns you to more youthful activities, instead of going on subject to the mass suggestions of all mankind.

Now remember, it is the accumulation of the ages, of the mass suggestion of age, which mankind has to contend with; and you have to be very positive against it, that you do not accept it. Involuntarily, I repelled the human sense of age. I looked always at least twenty years younger than I really was. I made no effort to attain youth, but the natural harmony within Me did sustain it, in spite of all conditions about Me. This is the point you are coming to in your application, for the Light will naturally repel such suggestions. If you will make the call to charge your body, you will find you are able to charge it with the limitless energy of your "Mighty I AM Presence."

Now I must touch upon one point. By nature, by natural desire, I never had any desire to waste My sex energy, except to use it in the bringing forth of our two children. The thought was seldom within Me. The condition of mankind, to-day, is that in having wasted so much of their energy they do not find it easy to replace it; but if the students and the Minute Men understand the imperative need of that, they will call the "Mighty I AM Presence" into action, to take out of them all such desires and re-establish the supply of energy which is the strength of their Presence that they require.

We know quite as well as you do what the doctors recommend. A great many of them, not all, say it is a mistake not to do it. They are wholly mistaken gentlemen! If people continue to believe that, they will go down thru the shadow of so-called death. You cannot waste that energy, which you need to reach out to the Presence, in order to gain your momentum and have Its Perfection.

A great many, both men and women, have rebelled so furiously and become violently vicious because the Truth was told them about this Law —but every one is wholly free to obey It or not. We know what is necessary for mankind to gain their Freedom! We must tell them! Then, they must decide whether they are going to utilize It or not, but We know positively this is imperative for your Freedom.

Gentlemen, since you can have your Ascension at the close of this embodiment! Who of you can tell Me to-day, when the close of this embodiment is for you? Can any one of you tell Me? Then, why is it not worth making every effort in obey-

ing the requirements of the Law of Life so you may be ready for the Assistance which Saint Germain and We can give you, when it comes to your otherwise passing, to draw you into your Ascension forever free from these discordant, destructive and limiting conditions of earth? Such Freedom and Victory can be for every one of you, if you will believe it and give the obedience necessary.

I tell you, if you ask the Presence deeply and sincerely to take any undesirable desire out of you, it will be done. Then you do not battle! Then you do not feel that you are being deprived of something! After all a few years of obedience to Life, is so little effort to give you your Eternal Freedom. Think, those few moments of gratification, or a whole life time of it is absolutely nothing, in comparison to *one hour* of feeling the Glory of the Currents from your "I AM Presence" flow tangibly and freely into you. That is why your privilege to-day, is the greatest ever known to man and you have your Saint Germain to thank for it!

I thank you for your presence, for your attention, and trust that I may have been of some benefit, in helping you to understand and grasp the great simplicity of these Laws, to lift you into your Glorious Eternal Freedom and your Ascension in this embodiment.

Thank you so much.

· GODDESS OF LIGHT'S DISCOURSE ·

· *Washington Class—December 3, 1939* ·

BELOVED ones of the Light, I come to you to-day perhaps the happiest hour of My entire experience. You might wonder why since We are, as Ascended Beings, the fulness of Happiness. Is there any limit? Is anything ever complete? Not until you have become a Being within the Great Central Sun and a Director of Forces and Currents of Light and Power which govern Systems of Worlds. Then can you feel that you have reached a point or Centralized Focus of Infinite Wisdom and Power.

We may always draw to Us what We require, but when We, too, have great achievement, which We know means everything in the world to mankind, then have We not a right to have a

little greater Rejoicing? That is just what I feel to-day and that is why I am here to thank every student who is sincere throughout this land for each one's gigantic assistance in this which We have accomplished. Such a thing would have been completely impossible without those Mighty Decrees and Calls from the student body of earth. Certain Dispensations that were granted would have been impossible without them.

Try to follow Me for just a moment. I know it is a long reach, but try. Here We were operating within the earth's sphere, dissolving, consuming and forever removing the viciousness in those who are inhabitants of the psychic or astral plane, which was the destructive force generated and created by mankind thru more than two and a half million years. That is only a part of it. Now then, in one great leap, stand with Me in the Radiance of the Great Central Sun, looking upon this the lowest vibratory action in any system of planets—for be assured of this, there are no planets existing which have a lower vibratory action than this earth. That is the reason why this preparation had to be made, for the release of these unfortunate beings who had been caught and held in the psychic plane for—Oh, my people, that you only knew how long! Do you know some of those people caught in the astral and psychic world had not embodied in thousands and thousands of years? You cannot imagine what their condition was! How could progress be made where there was no opportunity? To remain forever upon this earth with no change of vibratory action would finally mean inertia. To remain in any other sphere of activity in one vibratory action, means so far as the height or depth of that

vibratory action is concerned, that it would become inertia.

Pardon Me if I digress just a moment. You precious "I AM" Students of America who have felt your authority and ability to call the Presence into action and supply you and enable you to travel from one point to another in America, have accomplished a splendid thing. It is one of the greatest things, dear people, in your experience. The change which that brings in itself means more than you will ever know. As true as I am telling you, you cannot stay in one room or one environment year in and year out and progress. You have got to get out. You have got to change your vibratory action, and that is why it has been necessary in order for your Light to expand.

You remember in the early part of our America, the home life of the people in many respects was very wonderful. It was at one time quite the same in South America. At that time there was seldom disturbance reaching into the country. Because of lack of change in environment at many points, the people became almost fanatical; for they lived and dwelt upon one idea, revolving, revolving and revolving it, until it became an absolute law, whether it was right or wrong. It became a law to those individuals and that action was not correct.

To-day in the change which is going on, you will see wonders of the air. I trust now that this clearing away has been done, there will be permitted to come forth ere long for your great blessing, the aerial navigation which is all ready. There are air planes that cannot have an accident. Those planes have been known for thou-

sands of centuries, but the Ascended Masters will not allow them to come forth until still further changes take place. What do you think destructive forces would do with planes of that kind? Do you not see, precious people, the Wisdom of Life? Will you please abide in the Wisdom of these Great Ones and of your Great Presence Who know so well what is right? How can the finite know, except at intervals of perfect attunement? How can people know the fulness of the Wisdom of Life?

May I offer one very kindly suggestion, because there is now and then one who falls into this habit? Do not say to your fellow-students that every move you make, you are directed by your Presence. That could not possibly be true in our present state; because you are constantly contacting vibratory actions of the outer world which you do not yet quite understand how to ward off. Therefore, making a statement of that kind opens you broad-side many times to ridicule, because your actions do not fulfill your statement! If you were under the Direction of your Presence every moment, you would do the Perfect Thing every moment, you see. So be careful in making statements that you may be free from criticism which you call upon yourself.

I think I shall tell you something— I am sure neither of them will object. One day this Messenger said (in referring to some things in his early life and limitations): "Saint Germain, why in creation did I have to go thru all that?" Saint Germain looked at him, smiled and said: "Well you created it, why wouldn't you? You are no different from anyone else. If you create a thing, you have to experience it." It is quite true. Blessed

people, Life will never impose one single atom of anything upon you for which you are not responsible. It would be impossible. On the other hand, Life wants to give you every good thing every moment, but your human qualification and refusal of obedience prevent it—not always intentionally, for many times it is because you have not known. Nevertheless, these are the actual Simple Laws that exist and unless you understand them, determine to abide in their Wisdom and obey them, you will go on making these mistakes and having these conditions to handle.

Now I tell you frankly—this is a tremendous statement to make even to this number of people, but if every one of you here in this room this afternoon would do exactly what you know you should do, in thirty days, there would not be a solitary thing that would bind you; because you know you should stand guard over your feelings. You know you should not accept any suggestions and you know you should keep yourselves harmonious. Those are the THREE PRINCIPAL THINGS that would keep you so ready for the Out-pouring of the Gifts of Life to you that you would not want for a single thing; and not only that but you would know the exact thing to do at all times.

Can you imagine what this would mean? Just take one of you out of this audience. Even from the state you are in to-day, if you would suddenly be aware in every call you make for Wisdom, that It is there directing you so powerfully no human element even of your own qualification could interfere with it, you would move in every step or activity in the Wisdom of Life. Can

you conceive with Me for a moment what a transformation that would be? I tell you, my dear people, for you who are here to-day, it is possible. Be firmer and more unyielding to outside things. Try, try, try!

My dear ones, may I speak to you ladies for a moment? You know you sometimes feel quite a struggle in house-cleaning time or in the spring and fall when you must adjust to the seasons. My house was much larger. It had to be cleansed and purified. My Home is America. When the Authority and Opportunity was here, I rejoiced that at last My Opportunity had arrived and I acted with all the Joy and Power of My Being, which was limitless. I used all I could call forth in that great achievement which was accomplished in so short a time.

These are the things We are doing for you, because you love the Light, because you love the Messengers. I am going to say something now with full Force and Power. Let no student in this land or anywhere else expect Us to give Assistance who does not love the Messengers. They will have no Assistance from the Ascended Masters I assure you. When these two blessed children have stood against the forces that would have destroyed a planet, then those who cannot love them shall not have Our Assistance. These Messengers have given miracles of proof without number to the world of this Law.

With all Saint Germain's glorious intent, without them you would not have this Great Light and Law to-day. Their patience has been Infinite. Therefore, remember, beloved students, in the closing of these classes, it means a great step forward in the Freedom of every sincere student in

the land; and it is only a short time, until every one who is not sincere will take himself or herself out of this Great Light. It is a Law and when the force of It comes to a certain point such individuals will always reveal themselves quickly.

My dear ones, let Me say this: In every walk of Life whether it be in your homes, your business, your industries or your nation, deceit is the most fiendish thing known to man because it opens the individual to every other destructive force there is. Watch your precious intellect, watch your feeling world, so there is never a desire to deceive anyone. You do not always have to tell somebody who is brazen, the Truth, because such an one asks you questions that are none of his or her business; but you will find as We have often said, that when you are firm and let people know you will not tolerate their viciousness or their gossip, then it will soon disappear—but as long as somebody will listen, it will keep up. That is what plays havoc with mankind. It stirs up their feelings and opens them to all kinds of forces which up to this time were watching to prevent the people's Freedom. This force will continue to watch, but with no more influence.

I want some of you to comprehend this now clearly, otherwise I would not mention it. You have been at the circus, most of you I think, at least as children, and you have seen the cages of wild animals. When there is a little disturbance, you have seen how they are all on their feet, alert, roaring and having a noisy time. Well that is only a slight comparison to the condition of the places these forces are in from the astral world where they are compelled to look upon the earth and see how they may no longer influence and

drag the children of earth into the mire and depth of their own filth. They are worse than those caged animals, but after a time they will subside for they will be compelled to listen and be taught some portion of each day. When the Ascended Masters come around them, they are absolutely still. Their hatred is terrible to behold, but they know they cannot touch nor harm the Ascended Ones. Therefore, they have to listen to what They say, and one day This Truth will find an inroad and even that frightful condition of millions of years standing will be annihilated from the earth.

That is why, to-day, I want you dear people to understand that this Law is Almighty. It is Infinite and according to your determination, your obedience to Life, your willingness to stand by your Decrees and calls, will you find Life charging and filling your world with all the Good Gifts Life holds and they are without limit.

Think of it in all those hundreds and hundreds of years I lived in that Perfected Body, I never had to think of food or raiment of any kind. All I had to do was desire something and it was there by My side—Perfect. Is that not a far more desirable way to live Life, than to struggle in human existence for food, shelter and raiment to wear?

Do you know, I think you would be interested in this very much; that it is only since the great cataclysm of eighty thousand years ago that black and red were known to mankind. It never existed in this world before that time. Many have resented our precious Lotus' fiery admonition for the discontinued use of those colors; but you should thank her on your knees for her fiery determination to have you see the Reality.

Why do you think in many of the early centuries—for it still continued in use in the great Inca Civilization, also on Atlantis and in the Seventy Thousand Year Civilization of which Saint Germain has told you—that Those Great Beings always wore certain colors here (solar plexus) and here (spleen), according to the condition in which They were called Upon to act? Usually the material was pliable metal which was powerfully charged. What a heavenly blessing to mankind to-day, if they but understood that! As you have been told so many times, only thru your solar plexus can the viciousness of mankind enter. Sometimes it enters thru the spleen, but more often thru the solar plexus. It never enters thru the intellect, because your solar plexus is the doorway to your feeling world. That is why any sudden disturbance affects the stomach, even in causing you to vomit. That is Law dear ones.

Will you not please, now to-day, determine to say not a word to anyone? Think these things out for yourselves. Determine to give this obedience. Determine to make your application with such power and authority that the answers to all you desire must come quickly.

Do you think you who have stood by enabling this great achievement to take place, are going to be forgotten by any of Us? Oh, my dear people, if you knew how We Love and Bless you for the strength which you have, which has enabled you to render this service! It is wonderful!

Therefore, to-day, in this most heavenly of classes, may I offer you My Hand in loving thanks and gratitude for all your application for America, for mankind, yourselves and otherwise? May you feel that Hand Grasp, Our constant Pres-

ence, Radiance and Light Rays by your side, to hold you steady on the Pathway until the quick recovery from all the conditions of the past and the Glory of the future, brings you into Our Perfect Attunement of Life? There Wisdom alone speaks Its Mighty Fiats thru your voice and the Mighty Radiance and Power of the Light, comes forth thru your feeling world, to hold everything in your world in complete and Perfect Obedience to Life. I thank you.

· GEMS OF LIGHT ·

To-day, you who are resting so serenely in this Majestic Circle in which the Messengers are held, have no idea what it would be to go back into the outer world, out of this Circle. Only by Assistance from the Great Ones could you possibly endure it. I repeat again, you have no idea how you are lifted and held within this Mighty Radiance. (Great Divine Director)

Whenever it is necessary for a thing to be discussed, determine before you start the discussion, that it shall not reach into the atomic structure of your body or your feeling world. Each one of you begin training yourselves to do that. No matter what it is necessary to discuss, determine not to allow it to register in the atomic structure of your body or your feeling world at any time. Remember this—What enables you to have determination? The Intelligence and Energy of your Presence. (Great Divine Director)

· THE VICTORY OF THE ASCENSION ·

THE Ascended Masters have said regarding the Ascension, that the Law of Life demands a certain amount of self-effort or giving from the physical side of existence. This response from the human to the Divine is absolutely necessary if Their Assistance to the individual is to be released.

That proportion is at least one-third of the energy and substance which Life demands must come from this physical world in order to fulfill the Law of Life's Perfection in the next Octave above the physical.

Many people thru the centuries past have accomplished the Victory of the Ascension by tremendous service to Life in many embodiments; but in the embodiment in which the Victory was completed, each person was given this exact Ascended Master Understanding of the Great Creative Words of Life—"I AM"!

Each one was taught by some Ascended Master in private before the final work of raising the flesh structure was completed. Sometimes for days, weeks, months or years before the completion takes place, the Higher Mental Body and the Ascended Masters giving Their Radiation, draw the purified substance from the physical flesh structure gradually up into the Higher Mental Body.

Then when the final withdrawing of the Light —which is the energy of Life in the physical body —takes place, the etheric body withdraws from the physical body. What remains of the flesh is but the atomic structure or chemicals of earth in which the discord of human feeling has registered its qualities. The etheric body is composed of the FINEST of the physical substance of earth and

in it are the records of all earthly experiences from all embodiments.

When the Ascension takes place or when one is being prepared for the Ascension, the discordant conditions which the outer world calls illness, only register in the atomic structure of that individual's body; because the Ascended Masters consume all records of discord from this physical world in the etheric body of the one who is to accomplish the Ascension.

In cases of illness, where the individual is to be given the Ascension, the Ascended Masters do not allow the discord of physical suffering to leave its record in the etheric body; for They do not allow such a record to be left in the individual's Life Stream. In raising into the Ascension ALL records of discord from ALL embodiments are forever consumed, from the ENTIRE Life Stream of the person who is to ascend.

Life only permits Perfection to exist in the Ascended Masters' Octave and that is the next Activity of Life above the human.

When the physical body is cremated, the fire consumes the qualities of discord which have been imposed on the flesh or earthly substance; but everyone has to have the Assistance of the Ascended Masters to consume the records of imperfection in the etheric body and that is why the use of the Violet Consuming Flame from the Higher Mental Body and the Ascended Masters has been given the "I AM" Students and mankind to help everyone consume the records of all his past mistakes.

Everyone on earth who will call to the "Mighty I AM Presence" and the Ascended Masters to use that Inner purifying action of the Fire Element

which is the Violet Consuming Flame can be set free from all mistakes and distress of this world. If he will harmonize his feeling and give obedience to the Law of his own Life, he can have his Ascension in this embodiment at the close of his otherwise earthly span.

In the case of Cardinal Bonzano, the work of His Ascension was completed during the Eucharistic Congress in Chicago, but the final withdrawing of His Etheric Body did not take place until some months later. Yet He made the Ascension and that is the Truth regardless of whether ignorant minds understand this Law or not!

The Inner work of Mr. Ballard's Ascension was completed in Honolulu in 1936, but His Etheric Body did not withdraw until December 29, 1939. That is why our Beloved Ascended Master, Saint Germain, and the Other Ascended Masters said so repeatedly that His Body was not like the bodies of the rest of mankind, even though to the appearance world He seemed like other people.

Because ignorant doubting people do not understand these Mighty Inner Laws and Activities of Life as the Ascended Masters do and as They have taught us, does not change the Truth, Reality, Mighty Cosmic Power and Victory of His Ascension, and never will!

The Mighty Proof of His Ascension and the proof of the Tremendous Cosmic Power He now wields, is the hundreds and thousands of instantaneous answers to the calls of the "I AM" Students all over the world, which are being released everywhere to all who are making those calls in Love to Him and in obedience to Life.

As our Beloved Saint Germain's Cosmic Quality is Freedom to mankind, our Beloved Daddy's

Cosmic Quality to this earth is Obedience. His whole Victory of Life in carrying forth this Light of the "I AM" for the Freedom of America and all mankind, is one Mighty Keynote of Illumined Obedience to His own "Mighty I AM Presence" and the Ascended Masters, which accomplished His Eternal Freedom.

So with all the Love and Gratitude of our Life Streams we also pour out our hearts to our own "Mighty I AM Presence" and to Him in Loving Illumined Obedience forever.

· GEMS OF LIGHT ·

Your moving pictures have given you marvelous illustrations of how when one individual rises with determination to annihilate vicious conditions, it gives others the courage and confidence to join them; and they put down the destructive forces almost at once. (K-17)

"If there were no obstruction in the intellects of human beings, three times what is already manifest, would have been manifest for the blessing of mankind. Those not understanding are constantly wanting to produce effects without changing the cause to produce Perfection. You can never have a thing sustained as long as mankind do that." (K-17)

"In your Decrees as you have begun to know, there is no human authority or power of qualification that can any longer withhold these magnificent blessings from mankind." (K-17)

MRS. G. W. BALLARD AND DONALD
· THE LAW OF THE LUMINOUS PRESENCE ·

HEN the Ascended Masters have explained to the "I AM" Students the Mighty Power of constructive action which is released when one visualizes the Luminous Presence of Jesus or any other Ascended Master enfolding a person, place, condition or thing—They have given the students a seven fold Power of Light to produce the Ascended Masters Perfection of Life, right here and now thru these physical bodies in this physical world.

The students do not comprehend but a fraction yet of the Limitless Power which they can wield, if they will train themselves to hold this around everyone they contact; for in so doing they gather a momentum very quickly which becomes a gigantic Pressure of Light charging into all their Decrees an over-whelming Power to produce instantaneous fulfilment.

When you visualize the Luminous Presence of Jesus, Saint Germain, our Beloved Messenger or any Ascended Master as a Being of Blazing White with a surrounding Radiance of Gold, the Ascended Master whose likeness you call forth, instantly gathers the Electronic Light Substance in the atmosphere thru a Light Ray into a focus or form which is a replica of Himself. He thus qualifies all that Light-Substance with His Ascended Master Consciousness, Feeling, Power and Mastery in full Victory over the condition to be handled.

Whatever is enfolded in that likeness of the Master begins immediately to absorb the Master's Energy and Substance which is always qualified with Perfection eternally sustained. Whatever

draws that into itself is raised into the same vibratory action and hence becomes the Ascended Masters' Harmony and Perfection. If harmony is maintained the Perfection remains permanently.

When you call to the individual's Higher Mental Body to hold that Ascended Master Focus of Perfection eternally sustained, then the Perfection is held there until the individual does accept it permanently. This is a tremendous Power of Assistance to mankind, because any Ascended Master can project as many Light Rays as He chooses and hold a replica of Himself within each Ray. It can be so powerfully focused that it becomes an outpost, as it were, of Himself where He focuses His Directing Intelligence and Energy to do whatever is required and when the Assistance has fulfilled the need of the individual, the Ascended Masters dissolve the form.

When you call your Higher Mental Body to stand behind you and clasping Its Hands around you draw you into Itself, your Higher Mental Body does that instantly and you can feel the physical sensation of Its Light filling your feeling.

When you call to your "Mighty I AM Presence" to charge you with the Qualities of any particular Master, the Master sends His Energy charged with that Quality to fill you and the Higher Mental Body which is enfolding you.

Your Higher Mental Body draws the Master's Energy and Substance into your feeling world, even into the flesh of your body, and anchors His Perfection of Life within you. No human discord can ever requalify His Perfect Substance, so you have a certain part of your world that begins to hold Perfection permanently within Itself and later on will out-picture that Perfection also.

Oh, that every human being on earth could realize what a Mighty Power for Freedom the use of the Luminous Presence is for all who will visualize Its Presence and Activity and understand Its Authority to annihilate all discord and limitation.

Contemplate the fulness of all this means to you and have the fulness of Its Blessing everywhere you move forever.

· GEMS OF LIGHT ·

"I tell you that you are Children of Light and to the degree that you understand it and give joyous obedience to the little which is asked, you will find yourselves financially independent. You will find yourselves provided with transportation which is the supreme of the moment." (K-17)

"Oh, my dear ones, thru the selfishness of human beings, lying in Washington, to-day, there are discoveries which would transform the whole earth. They are ready to be put into physical form and produce Perfection. I Myself am questioning just a little whether it will not be necessary for some one or more of the Ascended Masters to come in the tangible body to these individuals; and pardon Me if I use the term, force them to see the error of their ways. Now the time has come in the demand of the Cosmic Law when human beings may no longer withhold from mankind the Blessings which are here for them. Many individuals have done it very vividly for forty years." (K-17)

· BLESSING OF THE CHARTS AND · · FLAMES-IN-ACTION ·

BELOVED "I AM" Students, the Ascended Masters have asked that you use the Charts and Flames-in-Action, to charge the atmosphere of your homes and places of business wherever you can, with the Power of the "Mighty I AM Presence" and the Radiation of the Ascended Masters.

When you realize that the very vibratory action of the Light and energy from the Charts and Flames-in-Action, pours out the Ascended Masters' Qualities into the air of the room wherever they are illumined and in action, you can each day make the call for them to be amplified a thousand times more powerfully than they were the day before.

If you once begin to realize what a limitless Focus of Ascended Master Consciousness, Light, Energy and Power, you can call forth thru these blessed Charts and Flames-in-Action which Saint Germain has brought forth for your Assistance,

you would not miss one day in dynamically calling forth such concentrated Ascended Master Power and Perfection thru these continued activities of Light, Energy and Vibration, as would charge everything around them with the most amazing miracles and Victories of the Light.

You have not the slightest comprehension yet of what a tremendous momentum of energy you could draw forth in one month, and have it qualified with the special Quality of one or more of the Ascended Masters whose definite Activity you needed to do what you desire in producing Perfection.

Stand in front of your Chart or Flame-in-Action and call first to your "Mighty I AM Presence" and then to one or more of the Ascended Masters to pour thru it an intensified action of Their Power, Miracles and Victories of the Light—with Their eternally sustained Divine Justice, Divine Love, Ease, Comfort and Peace from the Heart of the Great Silence and each day increase that a thousand times more than the day before, until your room, home or place of business is so filled with that Substance and Power from the Ascended Masters Octave, as to produce the most amazing Blessings in you and your world.

The Ascended Masters ask all of you who have Charts and Flames-in-Action to begin doing this regularly each day; and see what a great difference it will make in your world and activities.

We call every day for the "Mighty I AM Presence" and the Ascended Masters to bring these into the use of all who really desire them and make their sincere call to the Presence to provide them with these Blessings to bring forth more instantaneous Perfection to all.

· PICTURES OF "I AM" STUDENTS ·

BELOVED ones, our Blessed Ascended Master, Saint Germain, said at the time the New Dispensation was given for the Ascension of all sincere determined "I AM" Students at the close of this embodiment: not to say an individual had made the Ascension unless He said so.

There have been some "I AM" Students who have passed from the physical body; and He has not said whether they did or did not make the Ascension, except in a few cases where He did mention the names.

Therefore, we ask the Students not to pass pictures of such individuals around among the student body for contemplation. Even if some have ascended, you should remember that if the Ascended One had not given a great service to mankind or had drawn forth a great momentum of energy thru service rendered to the Light in the physical body, that One would have to render the service in the Ascended Masters' Octave, in order to call forth the Greater Power of Light.

Our Beloved Messenger, Mr. Ballard, had a gigantic momentum already drawn forth, thru His Service to America and mankind in bringing this Ascended Master Instruction forth and thru His close contact with the Student body. Because of that contemplation of His Picture and calls to Him are bringing forth instantaneous answers.

He has been prepared to render tremendous Assistance and is doing it with Cosmic Power, but it does not mean that everyone who ascends is prepared to do the same thing at this time.

The photographs of Our Beloved Messenger have been definitely prepared and charged by Him

and us to render tremendous Service to all who use them for contemplation; but that is quite a different thing from individuals who have just ascended and have not that momentum of Light already drawn forth.

So please do not circulate pictures to get the students to use them for contemplation. Everyone's attention needs to be held on what Saint Germain and Our Messenger have given because of the protection needed for America; for They both have a Great Momentum of Power already drawn forth for America's Victory in the Light now!

· DECREE AT MEALS ·

"Mighty I AM Presence" and Great Host of Ascended Masters! Charge this food with Thy Ascended Masters' Precipitated Light-Substance, and see that we are privileged to sit at the table with our Beloved Saint Germain, Jesus and our Beloved Messenger (Daddy Ballard) and partake of Their Precipitated Food this very hour. We thank Thee it is done!

· DECREES ·

"Mighty I AM Presence" send the 'Light of God that never fails' before me and into everything I do, to produce the Ascended Master Blessings and Perfection into everything I desire to accomplish and into everything I contact.

"Mighty I AM Presence" charge my Electronic Tube of Light with the Ascended Masters' Power, Feeling, Acceptance, Confidence and Dominion of the Light.

MRS. G. W. BALLARD AND DONALD
· PAYING BILLS ·

T has been our Beloved Ascended Master, Saint Germain's request from the beginning of this "I AM" Instruction that all who represent this Ascended Master Activity remember the Ideals of the Ascended Masters in all personal and business requirements.

He insisted that we pay all our just and honorable debts and obligations, keep our bills paid on time and do everything we knew how to be Divinely Just, honest, and honorable in all our dealings with all men.

Every sincere, loyal, determined "I AM" Student should do likewise in order to be a Real "I AM" Student.

The Divine Law of this Activity is to face Life's responsibilities, call the "Mighty I AM Presence" and the Ascended Masters' Power into action to release whatever is necessary to do that. If you will keep yourselves harmonious and make your regular dynamic application, you will positively have released into your use whatever you require to do these things.

We are making the call for every one under this Radiation every day, for ten times more than you require of every good thing including money; and all used in the Service of the Light directed by Ascended Master Wisdom. Will you do the same for all and help hold the Honor of the Ascended Masters in all you do?

MRS. G. W. BALLARD AND DONALD

Now when you have seen your ability to do these things and you do it once you know then that you can do it again; and as you do it again and again, you gain the Power and authority— not any greater authority, but I mean the greater feeling of authority into the thing and you will do it at will. (K-17)

I want so much for everyone of you to take that determination in the governing of your bodies; that you can sweep that Light current thru and sweep out all discord and keep it out. Oh whether you require it or not, make it a daily practice twice a day to sweep out all imperfection then recharge it with the Perfection of the Ascended Masters. I think I would prefer at the present that you think of it and feel it as the Ascended Masters' Self-luminous Intelligent Substance; then you do not unknowingly let in any human quality, because you cannot do it in that; while in the Pure Substance of Life you might unknowingly let into it the action of some human quality. (K-17)

You cannot afford to let a few individuals exhaust you by their pull which makes you unfit to serve in the greater capacity. (K-17)

Do not let yourself go in this response to the outer pull until you are exhausted. There is nothing gained by it and in fact ofttimes opportunities are lost for you individually and for your service. (K-17)

From the Inner vibratory action and standpoint you who are sincere, loyal and determined "I AM" Students are no more a part of the outer world, than if you did not exist in it; but if you allow human qualities to act, then you make yourselves a part of it in spite of your Inner Light; but that does not alter the fact that you are still not of it. (K-17)

GEMS OF LIGHT

When you are doing physical action and you get yourselves into a dripping perspiration, put something on, a coat or something until you cool off. You will never pay the penalty if you do that, but as sure as you go around in your shirt sleeves, stand still and suddenly cool off, your bodies are subject to congestion, until you come to the point where you involuntarily repel such a condition all the time by your momentum gained, thru your application of charging the Light-Substance around your bodies. I see this constantly, because your bodies are so much more sensitive than you realize. (K-17)

Under the Law of Life, you have to know a thing and then become its master. That is why mankind in the past in the endeavor to ignore certain conditions or things have often made themselves subject to them. (K-17)

You cannot go against the Law of Life; you cannot go against the Cosmic Law. It will flatten you out as sure as you do it, but when you are working in co-operation with It, all Perfection can be brought forth. (K-17)

The Great Central Focus which you know as the Great Central Sun is the Authority for this System of worlds; and whatever that Wisdom directs is the Law, and is there any greater Authority than that? Is there any authority but that? Do you not see human beings are not authority for the Great Cosmic Action, because they don't know; but that Great Wisdom which sees and knows all in Its far reaching Blessing and effect to mankind must be drawn into authority here in your physical octave. (K-17)

· MAHA CHOHAN'S DISCOURSE ·

Washington, D.C. Class—May 28, 1939

THRU the arm of this Messenger I pour My Love and Gratitude to your beloved Lotus, for in that day when I prepared her for This Work, this Service which is now being rendered, I knew then her great strength, her great purity, her invincible courage; and may you ever remember her as the symbol of Life's Great Dominion, the Glory and Victory of Life.

I thank you, beloved Lotus, for your service rendered and all that will yet be done. Place your face to the "Mighty I AM Presence" and go forward Its Victory of Light. Worry not! Be concerned not about what mankind may say or do, but remember We love you and shall one day draw you to Our Hearts forever—free in the magnificent glory of your service rendered to mankind thruout the centuries.

I thank you and bless you, may happiness abide within you forever and may naught touch your

world again to mar that happiness. I thank you and bless you.

LOTUS

If there is some way by which the Great Law will permit my Life Stream to do that which prevents war in America, will you let me do it that our people may not know the distress of the rest of the world? If there is some way, will you open it?

MAHA CHOHAN:

I shall do everything possible. Your request shall be remembered in the coming months. Your great loyal heart seeks so earnestly the Freedom of mankind. May the entire mass of mankind awaken to what you mean to them and give the obedience to Life which is required. Thank you! Thank you!

Beloved students, great is My Privilege, to-day in being able to render this Service and I ask you to silently while I am talking to you, call on the Law of Forgiveness for all your mistakes and the mistakes of all mankind. Let us take that one attitude of feeling and consciousness for this Service which I wish to render to-day—and that is TO REMOVE FOREVER FROM EACH ONE ALL DOUBT AND FEAR. Then when this is done, I shall expect your outer determination to refuse acceptance as you move among mankind of anyone's else doubt or fear. I am acting upon your individual worlds to-day, upon your feeling world and rendering this service.

This shall go to every student in America and the world who is honest and sincere to the Light. I have prepared you since the beginning of this class for this and it is one of the reasons I am here. There are so many lovely, very loyal people who want This Light so sincerely but they

will insist upon listening to disintegrating conversations, concerning the Messengers or concerning the Great Law which your Saint Germain has brought forth. Now if you do this, you are defeating your own purpose.

Now, once again I am trying to-day to help you and, no matter what I say, please remain quiet that this Current of Light and Energy may render this Service. I shall explain to you quite simply how it is done. The Currents which I release, that have been drawn here for this purpose, I release thru your feeling world TO DISSOLVE THE CAUSE, EFFECT AND RECORD OF YOUR ACCUMULATION OF DOUBT AND FEAR.

You will observe how immediately when this Messenger began the experiences with Saint Germain, all the fear that had beset him all this lifetime vanished. Well, I am here to render exactly that same Service to you in the comfort of your city, although you seem to think it is warm. Would you not like, all of you, to be aware that you are the governor of everything which touches your world where there would be neither heat nor cold nor any extreme, but where you could live in the Perfect Balance of Life?

If you will allow Me to remove the doubts and fears from your feeling world this hour, then you will live in the Perfect Balance of Life. What threw you out of balance? Doubts and fears! Who can tell Me where doubt comes from? Why was it not called something else? Do you know it is one thing, one quality, which can be projected into your world more easily than any other quality that exists.

Shall I explain to you the origin of the word "doubt"? Forgetfulness! Because you have for-

gotten your Source so long, the "Mighty I AM," you came to believe that It did not exist. Then, since the doubt that has accumulated, either you yourself or someone must assist you to remove it. I tell you, my dear ones, as long as any form of doubt acts in your world, you cannot have your Victory and so many are nearing their Victory to-day.

Now, just let Me draw one illustration for you —I think that will be quite sufficient. There are vicious individuals in America who every so often begin to put forth the suggestions of doubt as they move among the students in the pretense of being 100% Students. Thus they begin to subtly spread: "Why don't the Messengers produce some great phenomenon? Why don't they produce proof of this Great Law"? My dear people, never was there such proof given in the world of the existence of this Great Law, as the Messengers have given to the world; but that is one of the things the vicious individuals use as a subtle means to spread among the students to make them doubt, and thru doubt comes fear. Did you ever know that?

Therefore, beloved ones, you are the guardians of your bodies. You are the guardians of your worlds. If you won't do your part in being that guard, how would you expect Us to be the guard instead? We do guard you many times when you are unaware of things but since you must now call that Invincible Guard about you or a thing you wish to protect, you must be aware of the many ways in which it must act; to keep out doubt, to keep out fear, to keep out human suggestions, to keep your own feelings from revolving upon any destructive quality or thought. Please observe how the Messengers have pled so earnestly with the students.

Observe the Chart. There you have the privilege, the opportunity, of calling your " I AM Presence" into action to establish that Invincible Tube of Light about you which is the Pure Eternal Substance of Light that would in a comparatively short time become an Invincible Ascended Master Protection to you; and that means from everything in the outside world of human qualities. The student body have not realized this, because of their constant movement in the outer world for they could not quite let themselves believe that such a thing was possible.

Remember, I prompt you earnestly to-day, it is not so much what you are thinking, but watch your feeling, my dear beloved ones! There is where everything occurs! If you begin to revolve a discordant feeling, you will have a cyclone of destructive force acting in your feeling world before you know it. The Messengers have prompted you to stand guard against all of these things. Now in this class I am here to-day to prepare you for that which is following because the Radiance released in this room is ever intensifying in Its Power. After your many promptings and this energy is released, if you qualify it discordantly the difficulty is yours, because We are prompting you not to do it. The Messengers also have.

Now for instance you perhaps do not see Me, but I am here, very tangible. You do not see the currents of Energy which I am operating in this room, but does that make them any the less tangible? I am sure many of you will feel My Assistance definitely, but since all Power of any consequence that you use even in the human octave is invisible, why not accept Our Reality and Our Assistance. My dear ones, you are going to find shortly that We are *very* Real and *very* Tangible!

Can you understand for a few moments what it has meant for these beloved Messengers to go forth in the defense of Nature thruout these five years of the classes—when mankind in their ignorance try to curtail or destroy crops, to destroy the fruits and vegetables which I have caused to be produced thru Nature? There are those who would say: "Why would a Being of that Power come and talk to us"? You are a part of Life. I am Life in Its Great Perfection, why wouldn't I talk to you?

It so happens that in Our Wisdom, We are not concerned about numbers, except where the numbers are necessary to a certain achievement. Why did I take this precious child (Lotus) under My Direction and prepare her for your blessing? Do you understand, my dear ones, that when I took her under My Observation, I could have drawn her that hour into My Heart and her form would have been there; because she was ready and willing to have every human thing ground out of her? The human was ground out then! The beloved student body haven't quite realized that.

Now to-day in rendering this service, will you be kind enough to remind yourselves at least once a day that this Service has been rendered; which will give you strength as you contact the outer world in your activities, to repel all doubts and all fears that are in the feelings of people about you. I can put up a certain Guard for you, but that is not sufficient. You must place that guard about yourself and call for it to be sustained and then stand by it. What do We mean by that? We mean you must refuse acceptance and repel every doubt or fear that touches your consciousness! It is the only means by which We can make this permanent around you. If you will render that

slight service to yourself and to Life, then We will be able to make this permanent for you and there are many in this room for whom it will be done.

Why is it so easy to listen to some discordant thing and then begin to revolve it in the feeling and build a destructive force out of it? Because as yet there has not been a sufficient quantity of this destructive force removed from the earth to free you enough from its pressure; but if you will call your "Mighty I AM Presence" to form Its Tube of Light about you, then you will quickly disconnect yourself from that pressure about you.

Observe! If you are discordant, you are not only having your pressure to handle, but you are having the whole mass pressure of mankind's discord upon you. Then is it any wonder you do not always have self-control and mastery? That is why you cannot afford to listen to anything which stirs up your feelings concerning persons, places or conditions. Someone is wondering: "Well what would we talk about"? I answer: THE PERFECTION OF LIFE!

Shall I say a very startling thing to you? With the average individual who has not contacted this Light and has not made any effort to govern his feelings, do you understand that seventy-five percent of his feeling is discordant? Almost all of those people are unaware of at least thirty-five percent of that destructive quality which is acting within their feeling world.

Now dear ones, since you are unaware of so much of this condition that is acting within your feeling world, how in the Name of Life are you to be free without Our Assistance, since you do not believe the discord is there? I am trying to show you how necessary Our Assistance is, even in your knowledge of the "I AM Presence" and your calling It into action. There is not one in

the student body to-day who would maintain his or her balance in this Light without Our Assistance because of the pressure that is still upon mankind, even though it is vanishing so rapidly. Is it strange that according to your sense of time, it would require a little while to remove the accumulation of centuries, at least two and a half million years of accumulation? That has been the time, since you began to release discordant feeling from your feeling world.

I marvel, beloved ones, to-day that with all the earnestness of the Messengers and their sincerity, mankind do not remember more, do not feel the responsibility of their Freedom, do not hold steady and refuse discordant things more. It seems quite incredible, because this is not a temporary thing. This is your Eternal Freedom!

Since I am the Authority for the Life Activity of this planet, when I assert to you that Saint Germain's Promises can be made an Almighty Reality for everyone of you who is sincere and true to the Light, then is it not worth it? Is it not worth any effort upon your part, if it covered a period of many years, even let alone a few very short years?

Now dear people! fix in your mind once and forever that We are Real! This Light is Real! This Instruction is Real and is the Law of Life! You will never find anything beyond It anywhere in this physical octave now or ever! When you have come to be aware of your "Mighty I AM Presence" the Source of your Being, you have touched the Highest Power that you can draw upon this earth and if you seek through teaching outside, you are childish and foolish.

When We have told you that by holding your attention upon the Instruction which Saint Ger-

main has given, you can quickly be free, why will you spend time reading other things, when every minute your attention is upon your "I AM Presence" or any one of these Great Ones who have given these Dictations, you are doing the utmost in your power to attain your immediate Freedom and your Ascension and the Freedom for America? Then why divide your attention with other things? I am not interested in the things that have not produced Perfection for mankind and you should not be!

Why do you think that We have not come forth in this manner before? Various sources touch Our Great Light that is true; but We could not and would not come forth, until Saint Germain who is the Law of the Seventh Ray, which brings the Violet Ray to this earth, came forth and gave the people the use of that Ray. We could not and would not come forth because mankind had no means of making the effort for dissolving and consuming their own accumulation of the centuries.

Mankind has got to make that effort! Mankind has got to make that call! All we could do would not remove your responsibility for that! We can give you tremendous Assistance of course, but unless you are making your maximum effort, your Life Stream will not permit Our Assistance —but with your maximum effort, almost anything might be done; because that is all Life demands. Oh, the beneficence of Life which after all your centuries of discord, is ready to free you in a few short years at most! Why cannot mankind see it—then give the obedience to Life which lets Its great Freedom and Perfection come forth so quickly?

My dear ones, I am very glad to see a greater comprehension to-day of Our Humble Efforts

and I trust that every one of you will remember this and rejoice at Our Service rendered. Many of the student body thruout America and the world have wondered why they could not produce certain results! Why they could have answers to some of their calls and apparently no answers to others! Usually it is because some particular quality has lived a longer duration in their feeling world than others which are removed more quickly.

If you plant a seed and the roots of that tree grow deep into the earth, is it not much more difficult to uproot that tree than one whose roots grow on the surface? That is the way it is with habits and qualities which you have kept charged into your feeling world embodiment after embodiment. Do you really understand, beloved students, that all qualities of your own generation have not been removed from your feeling world? Whatever you have generated stands there waiting for your return, from one embodiment to the other. Your own accumulation stands there and you enter into it! Then do you not see the necessity for Our Help when that accumulation has been there so long?

It is not sustained by Life Itself. It is the charged energy from your Life Stream, but it does not act within Life Itself. Then when you have charged that into your feelings and around you hundreds and thousands of times, there is nothing to dispose of it. Since it belongs to you, it waits for your return and you enter into it from eight years to fourteen; or varying sometimes from seventeen or eighteen, sometimes nineteen, according to the natural intensity of the development of the human form.

Notice how beneficent and magnificent Life is to you. Life will withhold that when you are

a child from acting about you; but when you are coming to maturity then Life says: "Now here is what belongs to you," and It may not withhold it.

To-day, you are being set free with great speed and Power and only because of certain Authority from the Great Source of all Intelligence to this system of worlds, could these things have been done. They never have been done before upon this earth. You are moving in the time and age where the greatest gratitude and blessing should go forth ever in the history of your experience. To the degree that you feel it and do pour forth your gratitude and praise to Life, will you find more quickly, the action of Its Infinite Power within and about you.

These are powerful things, dear people. They are great Laws of Life! You or I or anyone else cannot change them! They are established by the Source of all Life to this planet, to this system of worlds of which you and the earth are the densest.

So to-day, in rendering this Service to you, will you feel Its importance; will you feel Its Reality; and will you stand by that which it has been My Joy and privilege to do for you; feeling, knowing, being determined that it is Real and not a passing thing? If I am willing to make the effort to assist you, are you not willing to stand by that, until you see the full out-picturing of it?

Therefore, the people of the past five years who have allowed the intervention of doubts and questionings to come in concerning the Reality of This Work, are going to find great dismay when great Proof, Cosmic Proof begins to flood the

earth. For many of them, it will be too late for their return to the Light. Your Life Stream dear people, the Life Stream of every one, is the only judge of that human form. Therefore, remember We do not judge you, but Life Itself will! When you have been given repeated opportunities and then you turn Life aside, you will pay! There is not a thing We nor anyone else can do to prevent it.

I have seen those in your beloved America who have been so loyal to this Light for a short time, and then allow human qualities and gossip to intrude and steal into their feeling world which causes doubt to arise that has turned them aside —severing their opportunity at least in this embodiment for Freedom, for their Ascension. Very stubborn and vicious can be the human! If you allow it to master you, then is there anyone but yourself to blame?

The student body has had the most magnificent prompting ever given any civilization on the face of this earth; and Life will presently say: "No more"! No more promptings can be given"! Then, We must cease those promptings! The Messengers must cease those promptings! Will you take the opportunity while it lasts to gain your Freedom, to gain your self-control; and be Master over yourselves?

It is wonderful, it is glorious, my dear ones, to have Our Assistance as you do. We feel your gratitude ofttimes; but you never had such Friends in the world, as We who come to your assistance to-day. In all these classes, you will observe that recently—within the last few months —in every class there is a certain Activity taking place for your Blessing, for your Freedom. Do you accept It as a Great Reality, or as temporary

blessing? If you do not make It Real and Eternal can It be sustained? You are the Decreer of whether a thing shall be sustained or not.

We can charge your world; but you must sustain what We do. For instance, I have rendered this Service for you to-day—for everyone in the room. If you go forth tomorrow and say: "Oh that was all imagination, that was all talk," that very moment, you will have closed the door to the Service which I came to render and HAVE ACTUALLY RENDERED. You will instantly open your door to the old qualities and you will go on as before. If you accept this Service rendered, you will never be the same again for you will have a Courage, Strength and Power that you never knew existed in the world and you will have a calm poised self-control that you never knew was there. I leave it with you to determine.

I thank you and bless you and call your Life Stream into action thru your Higher Mental Body, to see that this Service rendered you is sustained, all-powerfully expanding, not only to hold sustained your dominion but to pour forth that Radiance to those you contact so it will start the removal of fear and doubt from the world of others whom you contact.

I call the Infinite Blessings of the Powers of Light to sustain, protect, direct and hold you so powerful in the embrace of Life, that never again may one single discord touch you or affect you or your world. May the Peace of Life abide and enfold you; and may the Treasure-house of your "Mighty I AM Presence," have Its Doors opened wide for the supply of all you require; and may the Wisdom of Life direct everything henceforth in your world. I thank you.

· GREAT DIVINE DIRECTOR'S DISCOURSE ·

Oakland Class—August 27, 1939

I thank you Children of the Light, and in that which I shall present to you to-night, try to feel what obedience to Life really is, and what your part is in the endeavor to attain Freedom from all human creation thru aeons of time. Oh, how great should be your gratitude for the privilege of gaining It!

I am compelled to call your attention to a few things to-night which some seem to be over-look-

ing. It seems quite pitiful that I should be compelled to speak of this, after two years of promptings. Of course this only means a few, but then I must speak to those few.

When you are offered your Ascension, what is the idea of so dynamically searching for further human companionship? I am talking about the husbands and wives who have families. A husband who has a good family should take care of it and not be running around for some other woman. I make it very clear to you. You cannot misunderstand to whom I am speaking, you know *very well* to whom I am speaking. If for no other reason, your children should be your great consideration. You have that responsibility.

Students of the Light, ladies or gentlemen, to seek these classes to gain acquaintance and companionship for sex desire is the most infamous thing ever on this earth! These classes which teach the sacred Purity of Life shall not be used for such things and there are those who have been doing it. I tell you if you don't stop it, I shall pick you out! This thing must stop from our student body! When We have made the effort and absolutely can assure you of your Ascension at the close of this embodiment—and it does not make a bit of difference whether you believe that or not—then at least mankind should have the honor to stand free from the thing which has drawn them into limitations for all these aeons of time.

There are some who are very glorious, wonderful, and yet they constantly seek the companionship of human beings; when they should be seeking the Companionship of their own "Mighty I AM Presence" so powerfully that not a single thought but of It should pass thru their minds if they hope to achieve their Ascension and take

advantage of the Opportunity which We have offered.

Now if you do not want this, then that is quite your own business! Go your way, but do not pretend to be an "I AM" Student when you carry on such actions. My beloved people, when We are doing this—We are under no obligations to go to this Supreme Effort to set mankind free, if they don't want to be free.

You have been told repeatedly, that unless you cease your sex desire, you cannot gain your Freedom and Ascension. I say to you men of America, if you cannot give Freedom to your blessed companion who has rendered such marvelous service in companionship to you, then you are no man. I say beloved people, after you have gratified yourselves thru hundreds and thousands of embodiments, in the Name of your God, in the Name of your Life, can you not stop and resist it for a few years to gain your Ascension and Eternal Freedom? What a pitiful thing! If in this time of great Light and Blessing, mankind will not give this slight obedience, how can you expect your suffering to cease?

Now do not misunderstand Me! I am not trying to be a dictator to you, but I am telling you the Law! If you go on doing the things that constantly make for discord and unhappiness, my dear people, where in the Name of God is your conscience? Do not be surprised if I release the Fire, the Flame of Life to burn these desires out of you to-night. (applause) Can you not be as anxious as We are to have your Freedom and give the little obedience that Life requires, in comparison to all the mistakes you have made thruout all the lives you have lived? Now Life asks so little! We ask so little to give you that Eternal Freedom.

We are not speaking idle words! We are speaking of Infinite Divine Laws which We can fulfill; and there is not a human being or all on earth who can say Us nay! We are the Law and it so happens, that I am the Law for the student body in this respect! I am watching every student in America and the world! Oh, to think that mankind when the eternal opportunity of Freedom is here before you, handed to you upon a golden diamond platter, has so little self-control as not to want Freedom; or believe they can secretly do things of which We do not know and which are daily depriving them of Freedom.

Love your families. Love your friends, but with a dignity that bars forever any wrong thought and feeling, in your motives. Do not try to tell Me different! From some students Saint Germain has asked obedience for two years and He has been ignored. *I* shall not be ignored! I want these beloved students to understand that unless such motive and intention is changed, they shall recede from this Light. We plead for your Eternal Freedom, but certain Laws must be fufilled in this activity. Those who come into this activity with the wrong motive *must leave it!* We are preparing a definite pattern for these United States and that pattern shall not be interfered with by any student in the land. (applause)

Now if after this offer, and you know in your hearts it is true, you don't want to give this obedience withdraw from this Light! Go and seek your human companionship and remain in the chains of your human creation a few more centuries. Masculine and feminine association in business is always permissible, but why seek companionship and for what when you have your Great Presence to whom you should be giving all your attention?

I say to you blessed ladies of the Light, be not dismayed in the unhappiness that has come of your search for and acceptance of the Light. Stand firm and unyielding by your "Mighty I AM Presence" and your "Mighty I AM Presence" will take you thru and one day hold you in Its Glorious Embrace of Light—free forever from these human desires which drag mankind down deeper and deeper into the mire and maya of human creation.

Oh, my dear beloved students, I again assert, so little is asked and yet some will still stubbornly refuse to give the little obedience. Do you not realize, beloved Students of the Light, that everyone of you must now stand by your " I AM Presence"—I don't care how much you love your wives, husbands and children? You are on your own two feet to-day in the Radiance of your Presence and you win the Victory or fail! That does not mean that you should be less companionable in the Purity of your association. It should cause you to love each other more.

A man and woman who do not want each other to be free from the sex desire are unfortunate, most unfortunate. This is the first time I have ever permitted this subject to be touched upon Ascension Day; but it had to be done to-night, because your Ascension is more important than anything in this world. Of course you do not quite understand all about It; you do not quite realize what that really means to you. It sounds perhaps sometimes like so many words, but It means you will move in a body of Perfection in Eternal Light, free from pain, distress and anxiety, filled with the glowing Presence of Life, beautiful as a dream and able to project the Light Rays wherever you will, to render service to the Universe.

When I take My time to come and flash These Words to the Messenger for your Blessing; when I have a Service to render in the Great Cosmic Octaves of this Universe; it ought to be worthy of your attention, consideration and obedience—not to Me, but to your Life. We are but Spokesmen of the Law! The choice, the decision, the determination must remain with you as to whether you wish to give obedience or not. It is quite all right if you want to wait; but to use this Activity as a means of that which is imfamous and sets an example of deceit before the world is most unhappy to the great, the tremendous Efforts of Saint Germain. If you are not an example of this Great Light which He has brought and thru which He is giving you your Freedom, how can you be free? You think it is very unhappy to be a disgrace to your family or friends. How much more unhappy it is then to be a disgrace to Him. (applause)

Therefore, my beloved ones, let My Words, let My Great Power of Divine Love which floods this room, awaken you to-night, to your true responsibility to your families. I say to you ladies: If your home life has become unbearable and you have severed it, don't seek the companionship of other men whose families should have their attention! To-day that will absolutely prevent your Freedom in this embodiment.

Allow Me to inform you of the thing that creates the greatest viciousness known in the human form—ungratified sex desires. It will make a human being the most vicious individual ever known, when that desire wells up to a certain point and the individual tries not to gratify it—when the Presence of Life could take such a de-

sire out of that one and would if he or she made the call.

I tell you, beloved students, to enter into any kind of conversation which draws your attention to those feelings and activities is dangerous in the extreme. Do not enter into vulgar conversation, beloved students, if you want to be free and I say this to the young people: "You are an example to the entire world, and if you allow yourselves in the happenings of the day to enter into vulgar conversations of any kind, that passes to everyone and then the outer world says: 'If that is a sample of the young people of the "I AM" we don't care for It.' " You must watch your conversation and your acts, Students of the Light, whether you have years over your head or whether you are in your teens.

Do you not see, beloved ones, that in all Saint Germain's Effort and in what He has raised you to at this time, you must try to be an example of His Great Law, Purity and Perfection?

We want you, if you will, to have your Freedom, beloved Students of the Bay District who have been so loyal. Yet a few in your midst have spread these desires among the students; and because they would not control those desires themselves, they have tried to impose that destruction upon the other students. They try to intensify those feelings in other students until they could not control themselves so as to drag them off the Pathway of Light. Now you must guard against this, beloved Students.

I say to you, remember ladies and gentlemen you are under the All-seeing-eye of God when you enter this Light! Do not try to justify yourself that your motive is right, *when the impelling*

force back of it is wrong! I am here, to-night, to give you release. To those who have been unfortunate in such activities, if you care to accept it, I give you now this Assistance and I withdraw from you that desire and consume it Myself. Can I do more? But if you re-create it again, then My Efforts are in vain. When such great and splendid service has been given by the student body, We do not want to see anyone fail, but I repeat again: anyone who seeks the student body for that motive is not a student! Their interest is just a pretense; but after all, if you allow some of those desires to be imposed upon you and act them out you are still responsible!

Now I tell you frankly, beloved students, there is no excuse in this momentum gained, for anyone to say: "I have called and called to my Presence." What good does it do you to call to your Presence, if the desire is going on? Call for that desire to be taken out and replaced by the satisfaction of the Presence; but to keep calling for the Presence to do something and then go on in the revolving of the desire, is just annulling and counter-acting your call. Not only that, but many times you intensify it by the greater energy which you are calling forth.

The reason I am here to-night is because there are a few in this audience who are in the most dangerous position! Unless you heed My Words, you will find yourselves by your own volition out of this Light. I want to protect you, if you will allow Me to do so. Remember what We, many of the Ascended Ones, have told you a goodly number of times: that the element in the earth which is vicious toward this Perfection of the Light, will try to project everything imaginable into your feeling and consciousness. At the first

signal of something undesirable there, you should stand on your feet at once and say: " 'Mighty I AM Presence' take it out this instant and see that my Higher Mental Body stands guard over my feeling world, so no more of this enters it." There is no reason you should not be protected and it makes no difference what is being projected at you. With so much in the world about you, you cannot search it out, but you can have your guard up so powerful that none of those suggestions can penetrate it; and do not suggest to yourself that you are not strong enough to do it. Your Presence is the One to whom you make the call and can you tell Me you are too frail to speak the Words to your "I AM Presence"? I think not.

Therefore, be alert, be aware! You must see that these beloved Messengers have had everything known to man projected at them *directly*, by groups of people to try to drive into their feeling world those nefarious suggestions, but not once have they succeeded. Then you may do the same thing, if you will.

My dear ones, you cannot read the closing chapter of the "Magic Presence" too often, and when you want any direct contact with Me, read that last chaper. By that means, I will be able to give you Assistance at any time by the projection of My own Light Rays and the Messenger can tell you something of Their Power.

Beloved students, I have hoped these three years to find those whom I could bring together and for whom I could render a Service in the comfort of your Western land that I rendered to the Children in the Cave of Light in India; and I am holding you in the Radiance of that Cave of Light to-night.

Now you to whom I am speaking—just a few

to-night—if you take offense at what I am saying, I bid you goodbye. We cannot longer go on using time and energy for those who will not give the little obedience required. I ask you, beloved ones, when the Glory of the Freedom of Eternity stands before you, how can the attention revert to the things that have dragged you into limitations for thousands of centuries?

As the Beloved Ascended Master Jesus said to His disciples before His Ascension: "Can you not watch with Me one hour"? I say to the students: "Beloved ones of America! Can you not give this obedience without human desires a few months or a few years in order to have this Freedom which We know you can have"?

Do you understand, beloved ones, why so many stubbornly refuse to come into this Great Light? Because they instinctively know that they would have to let go of those human desires which they do not want to let go of. Well they might be surprised, if they would come how suddenly from within them would disappear those desires. Such things have occurred many times in these audiences.

There is a definite reason why I must call these things to your attention to-night, because there are those in this audience who have not long to prepare. Do you quite understand Me when I say: "There are those in this audience who have not much time to prepare"? Give the obedience the little time that remains. As you well know, one in Chicago in two weeks more would have been assured of her Freedom. Can you not watch with Me a few days, a few weeks or a few months or even a few years, if necessary, for that Freedom?

Do not mind if I come very close into your hearts to-night, for while I am not allowing It to

be visible, the Light from My Heart and My Head is just as tangible going forth to your heart and head to-night as It was to those in Chananda's Home. Will you try to feel It with all the kindness of your hearts? Try to feel for just a few moments what this means to you!

Oh, my dear ones, I am no figment of your imagination. I am a Mighty Real Being, and I am flashing These Words to this Messenger and I am speaking these Words, not he; for I am the One who flashes Them for him to repeat! Make no mistake about that! I want to render this Service to-night for the attainment of those in this class these ten days, in the Glory of the Vibratory action of everyone of you who has been here each day. It is magnificent to behold. I want that to remain. I want that to expand and intensify each day henceforth.

Would you be greatly surprised if I told you to-night—and I think I should—there are a great number among the student body who have already passed their natural span of Life and they are living on Our Time now? Should that mean something to you? Should it not mean your utmost great calm effort to sustain it? Who of you in this audience, to-night, can tell Me the Inner Action that has taken place within you these ten days? Who of you in San Francisco can tell Me what took place within your world in the three days Class in San Francisco? I could tell you very readily.

Is it possible, beloved ones, that there is any student or one in the land who feels that We are obligated to pat him or her on the back and say: "You are a good fellow, go on"? Is it not your own effort that is required? For you need far more than patting you on the back. We need to pour

into your feeling world that Glory of the Purity and Perfection of Life which is the sustaining Power and the Substance from which you can draw but you become so immersed thru the attention to the outer world that you forget It. I think after to-night, you will remember It at least once a day. In fact I think I shall see that you do, if you don't mind. (applause)

Beloved ones, as your slang phrase goes—shall I put you on the spot to-night? Yes, I think I shall. (applause) Then listen carefully. You have been informed that certain Dispensations were secured from the Central Source of all Life, Intelligence and Substance to this system of worlds, haven't you? If you went to your banks here to receive assistance you would have to leave some evidence of your sincerity, would you not? That is a little crude way to put it, but nevertheless it seems to fit just now. Well, since We are receiving and shall receive more Dispensations from that Great Central Source to this system; then who do you suppose is to take the responsibility for you as to whether you give obedience or not? Who do you think did? Your Beloved Saint Germain! (applause—audience rising)

May I use another of your slang phrases? Then since being informed of this, are you going to let Him down now? (applause) I am sure you are not. (applause) He would not say this to you Himself, but I think it is only just to you and to Him. You must feel your responsibility to that Great Magnificent Friend of America. (applause) You will remember that He and your Beloved Nada were the only ones who saw at first that this Achievement could be. The rest of Us, not having looked into the condition, but He said of His own volition: "I will try it out." (applause)

Since the achievement has been so great because of your loving kind obedience, why not go on and on with the little yet required which gives Him your greatest Light and Energy with which to gain the Final Victory for you and for America?

I know your hearts are good, so good, but you do not guard your feelings sufficiently, dear ones! Please be alert to it, then you will avoid all these things that would mar the beauty and magnificent expansion of the Light within your heart, within the cells of your body which means everything for the attainment of this Goal to which you are going now and very rapidly.

We have told you I think several times that now each one is wholly responsible to his or her " I AM Presence" for each One's success or failure. So I say to you beloved friends and Group Leaders, do not feel too much responsibility for those who are of age. They too have their own "I AM Presence," and you should not feel the responsibility since their attention has been called to that Great Presence. Thus, will you make each one strong when he or she finds each one must depend upon his or her own "Mighty I AM Presence," and not your call for success.

I trust I am making Myself clear to you but remember, even though I must be very firm in this to-night, My Love is none the less— in fact it is even greater, because of the necessity. (applause) I do not condemn you for these mistakes —those few to whom I am speaking; but I tell you that Life will close the door to this Opportunity, if it does not cease at once, then blame no one but yourselves.

That is how greatly I love you to inform you and give you the Opportunity, whether you like Me or not for it, is entirely up to you. I shall not

worry about it at all. We serve the Light. We do not expect any assurance of human obedience about what We do. We render the Service and Our part is finished! For all the students in America who have had the opportunity of coming to these classes, my dear people, it is a magnificent thing, as one day you will see.

Now I presume some will call Me a mind reader, but in all that has passed thru your mind as you move among the outer world in conversation, do you know how uncertain you have sometimes been? You need not do this publicly now, but agree with yourself whether I am correct or not. One time you are very firm against vicious gossip. Then another time when you have been going pretty steady all day and you are not quite so full of energy, someone comes along and talks to you and after that one leaves and you go on you say: "I wonder about that! I wonder if that individual did that! I wonder if this Law is all I think it is or all that is claimed for It! I wonder why I feel this way"! I can tell you why you feel that way—because you accepted the vicious gossip and feeling that you listened to and if it discouraged you the fault is yours. You don't have to listen to it and you don't have to accept it!

Now my dear ones, I trust in the few months ahead to see the greatest reward to My Humble Efforts, to-night, that I have witnessed in a good while. I am not asking you if you are going to give obedience to the suggestions I have offered but I say to you, I trust that I shall see in a few months the greatest achievement so far witnessed by you who are here to-night. (applause) Whatever you may do, We still continue to hold your hand until you say: "let go"! (applause)

Oh yes, Our hearing is very good. We would hear you, if you asked Us to let go. Did you ever

have friends in the world anywhere thru the centuries of embodiments, in case you should remember, who refused to look upon your mistakes and would still hold your hand to assist you on to Perfection regardless? Well, We are doing that and sometimes both of your hands are held in the great strength that you require, to surmount a condition which would otherwise be terrifying to you. That is how We love humanity. That is how We love the children of earth.

Do you not think that I am quite fortunate, since in the beginning I refused to lower My Consciousness or to accept that my intellect was the authority? So I have for a long time been the Guardian of the children of earth and My friends of that age are still here in embodiment. (applause)

You can understand a little something then of the strength and power of the Messengers to stand against all human forces and continue the service to your happiness, your Freedom and your limitless supply.

So, to-night, this has not been so fierce after all, has it? (applause) Just a heart to heart talk that We must have sometimes. Do you remember when you were a little child when you grew so weary, you ran in the house and said: "Oh mother, I am so tired"; and your mother sat down and you cuddled up in her lap and went sound to sleep? This time, you are curling up in the Lap of Life, wide awake; wide awake! I speak to the Higher Mental Body of each one of you: "See that these human forms are wide awake, alert, strong, powerful and filled with the Strength of Life. Take and hold their Dominion now and forever by the Power of Light that beats their hearts."

I thank you.

· EASTER SUNRISE SERVICE ·
· 1940 ·

VER three thousand "I AM" Students gathered Easter Morning at the Sunrise Service in Glendale, Calif., at the Oakmont Country Club.

We had decreed to be able to see the Sun and so we did, also it was not seen anywhere else in the surrounding locality. Just before the Sun rose above the edge of the mountain, the Golden Light-Substance poured like Golden Snow into the atmosphere and many saw It.

As I began the Invocation, every phrase travelled across the grounds into the mountains in a feminine voice and returned to us the masculine Voice of our Beloved Messenger, Guy W. Ballard, as clear, distinct and natural as ever. For at least ten minutes, phrase by phrase sent out returned and completed the circle or current of force sent forth in Love and Blessing to the world.

Each song as it was finished carried its melody on and on into the mountain range, carrying all the Love, Light and Blessings of our hearts to enfold the earth being charged with the Power of a Thousand Suns to hold the Victory of the Light everywhere in America and then to bless the world.

The Great Cosmic Light as of a Thousand Suns from our Great Central Sun, for which Jesus, the Goddess of Liberty, Arcturus, the Goddess of Light, Saint Germain, Our Beloved Messenger and Others of the Ascended Host had called, touched the earth in unison with the Light from our physical sun; and the tremendous Power of It was so great the entire radio and telegraph world recorded the terrific effects upon their con-

nections which were silent in some channels for about eight hours.

This answer to our calls and those of the Ascended Masters will bring joy and gratitude to our hearts forever; and all mankind shall feel that Light intensifying until It has wiped out every destructive force in mankind, the earth and its atmosphere forever.

All our Love, gratitude and adoration to the "Blessed Mighty I AM Presence," the Great Host of Ascended Masters, the Great Cosmic Beings and this Great Cosmic Light from us all forever.

MRS. G. W. BALLARD AND DONALD.

· GEMS OF LIGHT ·

Saint Germain

"Right here in your physical octave are billions of dollars of wealth ready to be used, which only await the sufficient harmony within certain individuals to have it released without limit. I mean by that in sustained activity. If We could be sure that you would be master of your feeling world, We could release into your hands, to-night, all that you could use, or show you where it was."

Saint Germain:

"Do you not see that all experience is just to train you to depend wholly upon the 'I AM Presence,' the Giver of all that is good? It will give you everything in the world, thru that Life, if you will but stand by It firmly with great determination and call It into action. Every desire that holds the picture of the thing you wish to use, will require this Mighty Energy to take command and produce the thing you require."

· THE CLOSING ACTIVITIES OF CLASS ·

Shrine Auditorium, Los Angeles, March 31, 1940

SATURDAY, March 30, 1940, while autographing, our Beloved Saint Germain stood within His own Great Ray of Light and poured His Mighty Power of the Violet Consuming Flame in thru and around the entire Shrine Auditorium. Above Him stood the Great Cosmic Beings from the Great Central Sun pouring Their Mighty Light and Power to enfold all.

Sunday, March 31, 1940, again as I began to autograph the first book, a Great Golden Ray of Light filled the auditorium and within It came an immense Eagle of White Fire whose Wings spanned the entire width of the auditorium. This was a Messenger from Venus who brings tremendous Light to the earth, for the protection of all that is constructive and for special Assistance to the United States of America.

That Mighty Power and Out-pouring of Light is the release of a special all-protecting Action to every person, place, condition and thing under this Radiation; and will stand enfolding every one until the full Victory of the Light is attained and the Ascension completed.

Visualize this Mighty Activity of Light as often as you can and feel Its Mighty Victory.

MRS. G. W. BALLARD AND DONALD.

"I AM" STUDY GROUPS

BLESSED Group Leaders, the Love and respect which the Students of the "I AM" pour to you is a Trust to you from Saint Germain and the other Ascended Masters!

Do not betray that Trust by holding a feeling within yourselves that the "I AM" Students are *your* students; or take credit to yourselves for being so good or so powerful; or because you think you have a greater understanding of the Law than the student.

Such feelings are very subtle. They can throw you out of this Light before you know it, if you are not constantly on guard. The "I AM" Students belong to the "Mighty I AM Presence" of Life from the Great Central Sun and not to any Group Leader. Each one belongs to his own "Mighty I AM Presence."

In order to keep those feelings out of you or from acting to destroy the good in your world, remember how much you did *not* amount to, until Saint Germain and our Beloved Messenger gave you this Light.

Our Beloved Messenger, Guy W. Ballard was and is the Open Door thru which this Light could be given to set us all free. Even Saint Germain said: He tried for six hundred years to get this Light released in the physical world to set mankind free, and only our Beloved Messenger was strong enough to be the Open Door.

Not you nor I nor anyone in this world should ever have credit for that but just our Beloved, Blessed Messenger—our Precious Guy W. Ballard! We all bow before His Great Strength and Light which have saved us all.

We had Jesus for nineteen hundred years. We had the Masters as Theosophy and the Orient taught! We have had countless statements of the Law of Truth and Perfection; but only one person a year out of three and a half billions of people on this earth ever attained his Ascension. Even with all the assistance given mankind in the centuries past, none of us were able to apply what we knew enough to gain our Freedom.

Since our Beloved Messenger came and gave this Light from Saint Germain, we have all had much greater good and Freedom in our own individual worlds. Then never let any of us for one second ever dare to think, say, feel or do anything that would try to make others feel or believe that we are the Power or Understanding which is helping to set the student free. The ONLY POWER in this Activity or any other that ever did anything good for anyone is the Divine Activity of Life which is the "Mighty I AM Presence" and no human being in this Activity shall ever take the credit in thought, feeling, word or act and remain as a Group Leader or representative of this Mighty Ascended Master Instruction of the "I AM"—the only possible hope of Freedom or Divine Justice to the people of this world.

We are only privileged to carry the "Cup of Light" which the Ascended Masters have entrusted to our care! We shall oppose everybody and everything who at any time openly or under

cover attempts in thought, feeling, word or action, to give credit to any one's personality, not even my own, for bringing this Ascended Master Light, Instruction and Freedom of the "Mighty I AM Presence" to mankind and holding this Light until they are free.

Soon the very intensity of this Light will be its own defense and only those who reveal It thru their own bodies will be believed by the people.

All under this Radiation belongs to Saint Germain for the Victory of the Light, Freedom, Protection and Divine Justice to America and her people and for the Freedom of all mankind.

MRS. G. W. BALLARD

No. 1

GROUP LEADERS, please address all correspondence concerning Group Activities or anything concerning this Activity to Mrs. G. W. Ballard or SAINT GERMAIN PRESS, P.O. Box 1133, Chicago, Illinois, or Sindelar Studios, 2600 So. Hoover St., Los Angeles, and it will be forwarded to us wherever we are, as Mr. P. B. Crouse is no longer a member of our Staff nor is he in this Light.

No. 2

We notify and warn all "I AM" Students and people everywhere now, that our Beloved Messenger, Mr. Guy W. Ballard, never said to anyone that there were jewels or gold at any definite place on any individual's mine or mining property.

We hereby notify all individuals owning, operating or interested in mining not to use Mr.

Ballard's name nor this Ascended Master "I AM" Activity to influence people to invest in mining ventures nor to loan them money for any reason whatsoever.

Because people have asked our Beloved Messenger or myself to bless their properties does not mean that we sponsor nor approve of them as investments for any reason whatsoever; for to do so would be disobedience to this Ascended Master Law of the "I AM" and Saint Germain.

Our names and the trust the people have in us shall not be used to exploit any kind of business venture in any activity for private profit of any individual or group, even for the furthering of this Activity of the Light; because every one must stand on his own merits, carry his own obligations honestly and honorably, pay his bills and take full responsibility for everything he does; and this Ascended Master Instruction of the "I AM" stands forever free from all such activities and entanglements.

MRS. G. W. BALLARD AND DONALD.

· CLAIMING AUTHORITY ·

ECAUSE of the recent claims by various individuals that they are receiving dictations from our Beloved Messenger, Mr. Guy W. Ballard, and Others of the Ascended Masters; and that they are authorized to give forth this Ascended Master Instruction to the world, your attention is again called to our Beloved Master Jesus' Discourse on Christmas Day, December 25, 1935, in Los Angeles, wherein He says:

"Let no one desire to transcend or replace these Beloved Messengers, in this Light and expression of the 'I AM' that Saint Germain has given forth. They have proven their ability to stand in the Light and with no personal desire, carry unselfishly the Pure Unadulterated Message of the 'Mighty I AM Presence'; and until the Ascended Masters come forth in their tangible, visible bodies, they will remain the Direct Messengers of Saint Germain, Myself and Others of the Ascended Masters. It is only thru their joyous and willing obedience to Our slightest Wish, that it has been possible to bring forth this expression

and understanding of the 'I AM,' in the purity and clearness in which it is expressed to-day.

"The students will be wise indeed, no matter how great their inspiration, to stand steadfast in their use of 'Unveiled Mysteries,' 'The Magic Presence,' 'The I AM Discourses,' and 'The I AM Adorations and Affirmations,' for these words are cups that carry the fulness of the Ascended Masters' Perfection into the consciousness of the individual; and there is naught else in the outer world to-day, that will carry this conviction with so great a power."

This same admonition has been given forth in several other Dictations which have not yet been published. We call the students' attention to this so they will not be misled, then each must choose what they wish to follow. Our duty is to state the Truth as It has been given to us. The Ascended Masters' Words are good enough for us, how about you!

MRS. G. W. BALLARD AND DONALD.

· GEMS OF LIGHT ·

Great Divine Director

Do you not see, dear ones, how much more wonderful it is, to live in happiness and kindliness to each other and to all mankind, than to allow anything to disturb or irritate you or make you feel the desire to gossip? Oh, dear ones, see the vast difference. See what the Privilege and the Glory is before you. Oh, dear hearts, this Great Law of Life is no idle dream. It is no imagination of human concepts, but a Glory eternal in Its ever-expanding Magnificence.

Saint Germain:

"My dear ones, when I say to you that I have opened the Door for your Ascension in this embodiment and will stand the first One to greet you and give you the outer Assistance to complete It at the close of your earthly Pilgrimage, I mean that with all the Power that it holds. If that is not worth any effort at obedience and determination to serve harmoniously to your Freedom, then I could not conceive of any encouragement or any inducement that might be sufficient."

Saint Germain:

"America needs this Light Oh so much. Do not let yourselves be deceived for one minute. The most diabolical forces on this earth are still watching, spying and playing their network of intrigue to destroy your America; and if it comes to an outer conflagration, too well will you understand and know how great has been the Truth of My Words."

Saint Germain:

"I do not think you understand how I felt when you were with Me in that seventy thousand year civilization to which We have often referred. You had reached a great state of mastery then; but because the Greater Wisdom said to Me: 'withdraw,' when I was gone, you did not stand by Me then. Don't fail Me now for your own sake. You went again into greater density, coming again into the struggle of human existence. Now the opportunity is so ready, so open before you."

Saint Germain:

"Oh, what do others' opinions amount to? What does that which others say amount to? With your concentrated attention upon the Presence of all Life and Its Great Perfection you can have Perfection. Oh, that great statement: 'Stand in your Presence and let the world roll by,' what an apropos statement it is, for the outer world of human creation will roll by and leave you untouched when you stand firm enough in the Harmony of Life, or your Presence, the 'Mighty I AM'."

Saint Germain:

"I want you to remember this, that whatever I say to you, whatever Others of the Ascended Masters might say to you, it would be impossible for it to be criticism of you. It is only a statement of the Truth which We know to be that becomes your Freedom. Therefore, if you feel We criticize you, you have missed the point entirely. Do you not see that if I wished to criticize you, I would remain silent and let you go on your way into the conditions of your own creation? Since I am willing to stand in your defense, even to defend you against your own human creation, then that ought to be a Friend worth while."

Saint Germain:

"It is incredible how many people in human form would sell their chance of Freedom for a few dollars."

Saint Germain:

"Is it not strange, beloved ones, that people become so imbued with the desire for some great manifestation, that they become violently vicious in order to attempt to force it into action? They try to compel Beings whom they could not touch or affect to do their human will. In their great ignorance they think they can force Us to do something that Our Wisdom says is not yet time. It shows how ignorant the human is when it is disturbed. The heart in every one of them, knows that this Law is true and it tries to impel that force into the intellect and at moments, at intervals it succeeds, but only for a time."

Saint Germain:

"My dear ones, in all that you have heard Us mention, do you not see that it is only a fragment of that which We are actually doing. In the great number of dictations which have been given, it is such a small part. To cover the field would have required ten times the number, in order to describe to you a part of all We have done in the endeavor to protect and bless mankind. If you looked from Our Octave of Light upon the atmosphere of earth, you would not recognize it as it existed ten years ago. It is as different almost as daylight and darkness, and the reason is this: at that time here and there was a dim light visible from Our Octave, to-day in various parts of America it has almost become self-luminous."

· BLESSING OF THE CHARTS AND · · FLAMES-IN-ACTION ·

BELOVED "I AM" Students, the Ascended Masters have asked that you use the Charts and Flames-in-Action, to charge the atmosphere of your homes and places of business wherever you can, with the Power of the "Mighty I AM Presence" and the Radiation of the Ascended Masters.

When you realize that the very vibratory action of the Light and energy from the Charts and Flames-in-Action, pours out the Ascended Masters' Qualities into the air of the room wherever they are illumined and in action, you can each day make the call for them to be amplified a thousand times more powerfully than they were the day before.

If you once begin to realize what a limitless Focus of Ascended Master Consciousness, Light, Energy and Power, you can call forth thru these blessed Charts and Flames-in-Action which Saint Germain has brought forth for your Assistance,

you would not miss one day in dynamically calling forth such concentrated Ascended Master Power and Perfection thru these continued activities of Light, Energy and Vibration, as would charge everything around them with the most amazing miracles and Victories of the Light.

You have not the slightest comprehension yet of what a tremendous momentum of energy you could draw forth in one month, and have it qualified with the special Quality of one or more of the Ascended Masters whose definite Activity you needed to do what you desire in producing Perfection.

Stand in front of your Chart or Flame-in-Action and call first to your "Mighty I AM Presence" and then to one or more of the Ascended Masters to pour thru it an intensified action of Their Power, Miracles and Victories of the Light—with Their eternally sustained Divine Justice, Divine Love, Ease, Comfort and Peace from the Heart of the Great Silence and each day increase that a thousand times more than the day before, until your room, home or place of business is so filled with that Substance and Power from the Ascended Masters Octave, as to produce the most amazing Blessings in you and your world.

The Ascended Masters ask all of you who have Charts and Flames-in-Action to begin doing this regularly each day; and see what a great difference it will make in your world and activities.

We call every day for the "Mighty I AM Presence" and the Ascended Masters to bring these into the use of all who really desire them and make their sincere call to the Presence to provide them with these Blessings to bring forth more instantaneous Perfection to all.

· SONG OF THE VIOLET FLAME ·

ESCEND! Thou Almighty,
Beloved Violet Flame!
The Gift of Life's Freedom
From Blest Saint Germain;
Blaze thru us Thy Power,
Cleanse all by Thy Might,
Reveal Love's Perfection
From His Cosmic Height!

"I AM" Thy Full Presence,
Commanding all now,
To be Light's Dominion
Thru each heart's own vow;
To fill earth with Splendor
In Thy Mighty Name,
We call into action
Thy Pure Violet Flame!

We stand in Thy Glory,
Thy Great Blazing Light,
Whose Pure Violet Fire
Releases Its Might;
Until in the Heavens
Bursts God's Cosmic Morn,
Lo! Our World as a SUN
In Splendor is born!

We sing Life's Great Anthem
In praise unto Thee,
Oh, Pure Violet Fire,
Blaze! Set mankind free!
"I AM" all Thy Presence,
Beloved Saint Germain!
I COME! I ASCEND NOW!
Adored Violet Flame!

· ASCENSION DAY ·
· "I AM" READING ROOM ·

New York, May 18, 1939

GREET you, beloved ones, in the Name of your "Mighty I AM Presence" and your Ascension. May the fulness of that conviction be so established within you this hour that no human questioning, no human conditions or their accumulated substance may at any time in the future interfere with your one pointed vision, your Ascension.

May I congratulate, thru the hand of this beloved Messenger, our beloved Lotus for those words—"I AM" Come. May that blessing of those words be the Eternal Freedom and Ascension for all, because no one can sing those words without My Current of Light and Energy flowing into his or her being and world, to purify, harmonize, perfect and draw each one into the Ascension.

You have heard My Words, beloved ones, that have come down thru two thousand years; and yet, how little has been comprehended of the—may I use the term—gigantic meaning to mankind in their acceptance of those Words. You observed the Cup last night representing the Glory of My Victory, the Goal of all mankind, which Parsifal represents to the world. Allow Me to draw your attention, in as brief an explanation as possible, to some of these things so you may, if you will, become more firmly anchored in the Power of your "Mighty I AM Presence" first, then that of the Ascended Masters and Myself.

I assert to you again, all the Ascended Masters are One with Me in the Perfection of Life! We each fulfill Our own Mission as Life requires it;

but so far as Our Perfection and Wisdom are concerned, according to the need all Ascended Masters are able to reach into the Heart of everything in this Universe and draw forth whatever They require; in Truth, in Light, in Substance, in Energy and in everything that is required. As you quite well know, only in your human octave is a means of exchange required, as you know it to-day. Light in the Octaves above is Our only exchange!

How many thruout these, let us say recent, years have dwelt a little more upon the one statement—" 'I AM' the Open Door that no man can shut"? Do you comprehend, beloved students, that to-day in your beloved Chicago, the Goddess of Light made clear and definite to you, and many observed it, that She did open that Door for every sincere student in America and the world? So they may enter thru that Door into the Octave of Light, which is the Ascension of every one. That Door is Real! That Door was opened at that moment into the Ascended Masters' Octave! Do you understand what this means? It is the Octave of the Ascension!

Oh, that the doubts of mankind could be removed, and yet beloved ones, understand they can only be removed by yourselves. We cannot remove that which you insist on holding to. Therefore, in drawing your attention to the "Open Door which no man can shut," in the illustration given you by the Goddess of Light, will you accept that as though you stand alone in the world and that Door is opened for you? It is! *You* cannot open those Doors, you in the physical octave! It is impossible, but since you have come to know the Presence of all Life which is the Authority of the Universe, your world included, then you are

in the position to allow your Presence of Life, your "Mighty I AM Presence," to draw you thru that Open Door into Ascension. Humanly, you can but make the call! Leave it to the Wisdom of your Presence as to how, when and at what time it shall be done. You cannot judge in the human!

My beloved ones, silence all attempts of the human to judge. Unless you abide in the Wisdom of your Presence, how can you achieve your Eternal Freedom? It is impossible for the human to judge. If only the beloved students would not attempt to judge, would just live and abide in Our Wisdom! Your Beloved Saint Germain makes no mistakes, and for a single student to criticize Him is unfortunate, most unfortunate indeed!

To-day, in rendering this Service for you, I ask you for a few moments to be still and ask your Presence and the Ascended Masters to take out of your feeling world all doubt. Then will you ask your Presence to take command and fill you with the complete assurance in your mental and feeling world as to Our Reality, of the Truth of every Word that Saint Germain has brought forth! (Silence)

You will pardon Me if I use the term, but puny human intellects that try to discriminate, try to pass judgment, are but blocking their own pathway in a way that is so unfortunate. Beloved ones, allow Me to remind you again, anything in the world that makes you feel discord within your feeling world or criticism, condemnation or judgment, is human creation trying to prevent your Victory of Life. If you are not strong enough to stand against it and insist on allowing discord to find action thru your speech and feeling, you will go down under it.

Command the human to be silent and call Life, your "Mighty I AM Presence," to take out of you those discordant qualities; and hold your attention and your feeling away from those discordant things. Every discordant quality that attempts to act in you, is alone trying to prevent your Victory. It does not matter what seems to be the cause. Will you understand, beloved students, there is only one cause in the Universe for all that acts in your world, and that is yourselves, your feeling? Whatever you allow to act within your feeling is your master! This has been said so often, but until it is conquered, We must keep repeating it!

I am trying in the beginning of My Talk to you to-day, to clear your world, to cleanse and purify it, so the Substance which I shall later release will find Its permanent action, and I must have your co-operation. I cannot do something against your will. Your will, so far as your world is concerned, is paramount and your will can lead you to the heights or drag you to the depths. I may not interfere with your free will, not even to save you and bring you into Eternal Freedom!

Since you have gone thru hundreds and hundreds of centuries in human distress and limitations, now when every Force of Light is being concentrated upon the children of earth and Dispensation after Dispensation granted from the Source of all Intelligence, Power and Light to this System of Worlds to give mankind their Freedom —those who have come to know the requirements, surely can give the little needed obedience. Oh, not to Us, but to your own Life!

Remember, beloved students, while this has been said so many times recently, try to feel the full conviction of it to-day: "You are serving Life

for your own Freedom. You are not serving Saint Germain, you are not serving the Messengers, you are serving Life for your Freedom." You are assisting Saint Germain, you are assisting the Messengers, quite true, but if you have the feeling that you are serving them, it leaves you constantly open to outer things to intrude that will disturb you.

You have thought Me your Great Friend and Emancipator thru these two thousand years—but my dear ones, can you not see that Saint Germain is the Law of the Seventh Ray, the Violet Ray, to this earth? It is the only means of releasing the cleansing, purifying Power. Do you not see then, that He is a greater Emancipator than Myself; yet He is using identically the same Laws and He is also using the accumulated energy of mankind whose attention has been upon Me thru these two thousand years. He will also use the energy from those who will come to understand this Law.

No human being on this earth can ever have his or her Eternal Freedom without the Ascended Masters' Knowledge of the "Mighty I AM Presence," the Source of your Life. Please, do not try to pass judgment in the human, when individuals make the Ascension who have given so little outer attention—which has been done and still more will be done thru the Higher Mental Body of each one—perhaps even eighty percent in the coming release of the Cosmic Light could be done, before the outer attention is even drawn to these Great Truths. So allow at no time anything to cause you to pass even an opinion about these Great Laws. Turn your attention to the "Mighty I AM Presence" and hold it there.

I congratulate our blessed, blessed Federal Judge who is using this Power so greatly in bring-

ing Light into the legal world and into the world of industry, needed so much to-day.

Remember, that the forces of destruction having found they cannot gain any headway in openly attacking This Work and the Messengers, are now trying to do it with even greater power secretly. They have no power! *We* know that and you should know it with even greater intensity than you have up to the present time! Will you take a stronger hold on your feeling and have the determination to silence every tongue that tries to speak against This Work or this Great, Great, Great Light?

I say to you that is one of the fiercest destructive forces toward This Light in America to-day! You, as students, must decide how much you are going to be influenced by it. It is drawing individuals into it from various other sources which have wanted to oppose This Work because they can go there and spew forth their discord and viciousness in darkness and in quiet. Anything that operates in darkness is alone of the darkness! Everyone, even without the knowledge of This Work should understand that! So, beloved students, if you allow yourselves to be drawn into those things, We cannot prevent it, because you have free will.

Remember, this Light will be the Victory of this earth no matter what the turmoil mankind must pass thru in their purifying process. They could have it in peace and harmony if they would; but if they will not, then millions will pass out of these bodies. We shall be prepared to draw them into Our Octave of Light and there remove the remaining obstruction; but We trust mankind will see the Light enough and enough of mankind

make the call, so as to prevent the devastation of America.

Observe, beloved students, to-day why mankind should understand that they own no single thing in this Universe. Life is the owner of all! When individuals give sufficient obedience to Life, Life will supply them with all that any outer form could use in Its Limitless abundance.

Since your "Mighty I AM Presence" has given you Intelligence and Activity thru out these hundreds of centuries, which you had forgotten, realize that you are now being reminded of It again. It is the greatest healing Presence in the Universe. When you can remove all obstruction of doubt and questioning in your mind, the Light of your Presence will heal you instantly; but to hold in your mind something of human determination, will prevent the Light coming forth pure and unqualified to render the Mighty Healing Service.

Do not let any student advise another what that one should do in a crisis. Each one must call to the Presence and determine whether he or she use the outer or Inner means. If you advise another and that one takes your advice and makes a mistake, you are responsible for it. I would not care to take that responsibility, if I were you.

Now, to-day, in calling your attention to these requirements, let Us charge the Current of Energy instantly thruout the room and let those Almighty Healing Currents flow thru each human form, cleansing and purifying each one for Saint Germain has established over this floor the most powerful action of the Violet Consuming Flame yet known and into this We shall sweep all human qualities, if you will permit Us to do so. Then remember, your Self-control of the fu-

ture is the only means by which this Activity may be held sustained.

We love you, beloved ones, beyond any words to express and when We see so many of you nearing the Goal of your Eternal Freedom and then danger, great danger rushes in by doubts and criticism, Our Hearts ache. You have become a part of Us in your willingness to turn to the Light. If you turn from It after once having known It, it is as if your Life Stream pulled Itself loose. We cannot help but feel that, and while We know no sadness nor depression, We cannot help but feel that ache at the failure of one of God's children. When you understand that anything which makes you doubt or criticize is trying to prevent your Freedom, then you should be alert to it and silence it instantly.

As We reverse these Mighty Currents and release this cleansing, purifying activity to sweep thru you for a few moments, accept them. Then following that, anchor within your being the Power of Light that knows no doubt, fear nor criticism. (Silence)

Thru the "Open Door" which the Goddess of Light opened to you, I draw these Mighty Streams of Light and Energy, charged with the Purity of the Intelligence of the Presence of all Life, anchoring Its intensified action within your physical heart. Whatever sensation you feel, qualify it instantly with the Perfection of Life, the Perfection of your "Mighty I AM," to set you forever free. (Silence)

How very remarkable it is to find the instantaneous glowing response of your Light within. Remember, my dear beloved ones, after this Charge has been given to-day, as you go again

into the outer world, you must be alert! Stand guard over your feelings! Hold Self-control under all circumstances! Then the Radiance which is established, will go out and harmonize and bring every condition required into Divine Order for your blessing, supply and Perfection.

If your attention is fixed upon the need of supply instead of the Presence that supplies it, how can you expect to have it? If your attention is held so much of the time upon the distress of your body instead of the Presence that can remove it, how can you have it removed? Any person with pain or distress in the body, who is determined, can with great calm serenity say to that: "You have no power! Be thou silent! 'Mighty I AM Presence' see this is done." Then, "Ascended Masters, lend Your Assistance that this may be forever removed, cause, effect and record from my being." Then you would have no difficulty in having these conditions removed.

If you have a critical feeling within you because a condition has not been healed and you take the attitude: "Well it is up to Life to heal me," it is a childish foolish thing to do. You are the cause of those conditions and to take the attitude that Life, if It wants you to continue must do your bidding, regardless of whether you give the obedience or not, is childish and foolish. Whatever condition is in your world you have been the cause of it. Therefore, do not feel critical to Life because you have not been healed. Rather call on the Law of Forgiveness for that mistake still remaining which has prevented the healing.

Oh never, never, never, my beloved ones, question or criticize the request for obedience that is your Freedom. We know what you require, the

outer cannot possibly know. If you do not allow Us to prompt you and help you, then you are lost in the maze of human creation.

Never was a greater more gigantic blessing released to mankind than last night (at Parsifal). To-day is a continuation of it from a somewhat different angle for the blessing, protection and directing Power of the people of America. In this releasing Power to-day, please for a few moments accept, and I mean by that, call your Presence to give you the full power of acceptance so every human quality may be swept from your mind, body and feeling world and the atomic structure of your physical body, that this work to-day be complete.

From the Great Central Sun, the Source of all Intelligence to this System, there is pouring forth into this room to-day Currents of Light and Energy to every sincere student here and thru out America and the world, the exact Radiance which I am releasing to you. They will not immediately know the same full conscious import of it outwardly, but it will be set into action to later find full expression.

May I add again, whenever there is the impulse to speak a critical or unkind word, silence it instantly, that you may be saved from the consequences of its expression. You see beloved ones, it is one thing to feel a thing but it is another thing to voice it and give it the Power of vibratory action thru the spoken word. You give things so much greater power to destroy you, when you allow yourselves to voice things that are a mistake or things that are destructive.

May you accept the fulness of all that I have offered you to-day with so great a Love and may

you understand that in Our Promptings only the greatest power of Love and kindness goes forth—for that is the solvent of the discord in the world—but without obedience We cannot give you your Freedom.

Why do you think, my beloved ones, that more did not give response to Me when I even left the blazing burning Etheric Record of the Ascension? Because the Power of the Violet Consuming Ray had not come forth yet to the earth and only those who were very greatly determined were able to release themselves from the binding powers of human creation. Hence only a few were present to witness that Great Victory of Life, the Ascension.

Oh, my beloved ones, do not ever let the thought or feeling pass thru your minds: "Why don't We come forth in Our Tangible Bodies." My dear ones, time and again We have been ready, but the harmony was not sufficient among the student body to permit it and when you see yourself every little while being subject to voicing criticism and condemnation, then do you wonder why We do not come forth? It is not Our fault. It is not the fault of Life, but the lack of your Self-control. Don't ever say that it is time that some of Us come forth now. You shut your door tighter than ever with such a feeling. Our Wisdom alone must direct. The Wisdom of your Presence of Life must alone direct. I prompt you to-day again.

Our Love enfolds you forever. We want you so earnestly to win your Victory in this life. Accept the new Dispensation. How can those in the outer judge what their Presence of Life with Its vast Wisdom can do for them? It is the Power that raises you into your Freedom, cuts you free

from all human limitations and from the binding power of earth and its accumulation. After all earth is not responsible. Earth would have been pure, if mankind had not charged it with their impurity.

Remind yourselves, will you please, of all that has been done to free the earth, to cut you free from all human creation, to dissolve and consume cause, effect and record of it. Think earnestly, Oh my beloved ones, of how many times these beloved Messengers have issued the Fiat of Life with such great power and determination that you be cut free by the Sword of Blue Flame from all human accumulations and that It dissolve and consume cause, effect and record of that which has held you bound thruout the centuries. If you would accept It, you would have your Freedom immediately.

Now beloved ones, as you return from this hour into the outer world, remember your Victory is your Self-control in feeling, thought and speech. You can be so firm and yet so kindly.

I thank you for this opportunity to render this service, to-day, also to the student body thruout America and the world; and do you realize how precious you are to Us? True, you are struggling out of your human accumulations, but it should be such great rejoicing. Oh, the greatest power of rejoicing! No matter what the remaining struggle might be, still it should be considered an opportunity of the ages. With your Goal in sight, absolutely assured with your obedience to Life, then is there anything in the outer world which should hold you to prevent it!

For your happiness and encouragement I say to you with Great Authority, with Great Power and

speed, there is being withdrawn the influence and power from all destructive individuals. Try to feel that. Try to accept it and continue to assert with all the power of your beings, to all appearances of discord, limitation and distress: "You have no power! You are of but human creation! The Power of My Light is greater than all human creation put together! Therefore, I stand in the Light of God, my 'I AM Presence,' and draw to this human form and my world, their own."

Not one thing in the world can prevent that but discord in your own feelings. To-day, as this glorious cleansing, purifying Activity is taking place and this prompting remains which will make you more alert than ever in your world, let It give you your full feeling of happiness, your supply, your Victory and your Ascension—for Powers of Light that you do not even dream of and that We may not even mention at this time are working incessantly for your good. I thank you and bless you forever.

· GEMS OF LIGHT ·

Saint Germain:

When Life, when I, can lift you as I have lifted these Messengers into the opulence of every good thing, then don't you want My Help? Won't you harmonize yourselves that I may give it to you?

Saint Germain:

America needs this Light Oh so much. Do not let yourselves be deceived for one moment. The most diabolical forces on this earth are still watching, spying and playing their network of intrigue to destroy your America; and if it comes to an outer conflagration, too, well will you understand and know how great has been the Truth in My Words.

· MR. BALLARD'S "I AM" PRESENCE SPEAKS ·

Oakland Class, August 24, 1939

"I AM" the Victory of Light in America!

"I AM" the Power that raises up limitless numbers of Ascended Master Friends of America!

"I AM" the Light, the Intelligence, the Energy acting thru human beings to forever silence all human qualities!

"I AM" the Presence that knows the fulfilling of the Mighty Arcturus' Fiat and that of the Goddess of Liberty!

"I AM" the Power, the Intelligence within human beings that draws them unto this Light and demands the silence of human qualities; that My Power of Light may flow forth like a Mighty River unto the blessing of America and her people; to take command of her government thru its officials, Ascended Master Friends of America, who shall be placed there!

"I AM" the Presence that knows no defeat anywhere in this Universe, once I can have the full attention of my garment in human form!

"I AM" the Power of the Light that knows no opposite and that momentum is gaining Its Dominion, until one day not far off, My Dominion shall reign by Its Power of Light thru human beings everywhere.

I issue this Fiat to the dictators of the world: "You shall fail in every attempt to dominate the people and take from them My Presence anywhere in the Universe"!

"I AM" determined to take My Dominion in the Light within the hearts of all mankind and their intellects! Their human qualities of viciousness shall subside; shall be dissolved and consumed by My Power in their hearts! That Light is the Dominion and soon, enough of mankind will be giving the attention which will give Me the Power and momentum thru the raising of mankind, to establish My Dominion of the Light forever, which is Peace and Good Will to man upon this earth!

"I AM" the Presence, the Power and the action of the SWORD OF BLUE FLAME in the Hand of the Higher Mental Body of everyone of My Chil-

dren on this earth; to now cut free forever My Light from human creation and release Its Power of the Violet Consuming Flame, that all human qualities be dissolved forever!

"I AM" the Power that knows no defeat anywhere in this Universe; and have only waited the time, when enough attention of mankind would be given again to Me to assert this Dominion! I call forth the Power of the Cosmic Light, of which I AM the Authority, to release whatever is required, to allow the Powers, the Legions of Light, the Cosmic Beings and the Ascended Masters to take Their Dominion thru mankind upon this earth, to render this Service that I require at this time!

Remember, Children of the Light—"I AM" the Dominion of the Light within your hearts! *Let* My acceptance take command! *Let* My Discrimination act within you! *Let* My Power of Light dissolve all human discord and restore your homes to Divine Order, that Divine Justice may be rendered there to everyone!

" I AM" the Power in the future in the homes of America, and "I AM" Its Dominion there! Children of earth lift thy hearts to Me, I AM thy Life!

Oh, students of Light, waver no longer, "I AM" the Dominion within you! Your Higher Mental Body, which is My Commanding Presence for all Intelligence and Currents of Light and Energy, is All-powerful! Let It act! Call your Higher Mental Body to see that you remain free, untouched by human discord which deprives you of My Presence and Form taking and holding Its Dominion within your human form and world of action. See that this is done to-day, and BE My Freedom of the Light forever!

GODDESS OF LIGHT

BELOVED ONES of the Light, great has been Our rejoicing. Since We may not direct you in what you shall do, We often await your decisions to see how much you will follow the promptings. We must do this, and you beloved ones did follow this prompting with considerable determination, and it is well.

Please refrain from any applause to-night, as the Work that is being done requires stillness of the atmosphere for some things I shall say may almost startle you. I shall only take a small part of the time.

We have not intimated this to you before, but when in Chicago I opened the "First Door" into the Octave of the Ascended Masters, Whose Light has been streaming forth ever since, I started a certain Service for your Freedom. To-night, I opened the "Second Door"; and remember, there are but three to be opened! This means much to you, or should, and is of powerful significance in your joy, in your very determined service to the Light. May I congratulate all of you and will you join Us in accepting this. How determined you have been here in the great Capital of your country. I assure you that your efforts will not be in vain, be assured of that!

As this "Second Door" is opened to-night, great has been the Achievement in your city, because of this Substance which was released from this room—and will any of you say to Me that you can sing and not be happy? Do you sing when you are not happy? If you started to and were not happy, you soon would become so.

The outer world has known very little of what the Power of real music means to the world. You have observed certain melodies living with such vividness that always carry so great a harmony and which never changes. Such will become the entire musical activity of the earth as the greater and greater Perfection comes in.

In that which I have been waiting to do, I have received all I required to-night, for its achievement. Saint Germain does not wish Me to advise you just yet of that Activity, but I call your attention to it enough that you may feel the Glory of its Power. Perhaps during the class He may see in His Wisdom to tell you; but, to-night, it is Our great Joy to have that released into Our use

which has been so useful in your city. May you feel a great reward for your blessed blessed efforts!

It is most encouraging to see how thruout the nation, greater and greater harmony is coming among the entire student body. The change in the desire of the feeling world (shall I say to you?) spells great Victory. Keep on, and on, and on, my beloved ones, in ever increasing joy and enthusiasm in the calls to Life, in the call for Freedom, supply and Perfection.

The Archangel Michael did not tell you what His tremendous Service meant to you in supply, as well as other achievements. Do you understand, my dear ones, how it is that you do not all have the limitless supply of all you wish to use? Sometimes one might be a millionaire and still not have all he wished to use in the Service of the Light. Observe in the future, the magnificent use which will be made of the substance of your exchange. It is only a little further on, until the great decision will be made and, as the Light becomes victorious, how rapidly will human discord disappear.

When the "Third Door" is opened into the Ascended Masters' Octave, you will see manifestations on your earth that mankind could not even imagine. Some very unkind individuals are still asserting that the Messengers have not given the manifestation of the Glory which they represent. How unfortunate those individuals are when never in the history of the earth was so much evidence of Perfection given as has been thruout this class work. So when such assertions come to you, silence them at once!

There are still many foolish individuals in the

world, so if you should meet some of them, take notice and see how foolish human beings can be. It will be no trouble to observe. Mankind are all struggling, some with great joy in accepting the Perfection of Life; some whose human accumulation is so very great battle and battle and battle. Do you know my dear ones that really the only battle there is—is just your own battle with yourself? Oh, many blame persons, places and conditions, but after all, one day, they will find all the battle that exists in the world is just within themselves, so far as each one's own individual world is concerned.

Oh, the resistance that is in individuals when they cannot always have their own way! That is so rapidly disappearing and We rejoice with you. I once knew what it was to feel temporary resistance with very great intensity; so We feel great Patience with unfortunate individuals who allow viciousness to control them, but that can last only for a certain period.

Really the change has been very great in individuals in New York. The Messenger does not know of but two, but there were many in the same position who had been held away from this Great Light by very unkind gossip and viciousness; but when they determined to come and find out for themselves, their joy knew no bounds and such it will be thruout the United States.

In your calls, dear ones, how wonderful has been the manifestation of the Glory of that expanding Light, thru the mental and feeling world of mankind. You have heard the Messengers speak of this very often, but how little is really comprehended of what that means. Your beloved Lotus has conceived marvelously clear this great

activity and how this expansion of the Light thru the spoken word and thru intense feeling released, goes out and enfolds the mental and feeling world of mankind almost instantly; for thru your short-wave Radio you are instantly across the earth. Does that not prove to you that there is one Universal Substance of Light thru which everything plays and acts instantly, and why the Ascended Masters know no time nor space? If you could not hear across the earth instantly, then there would still be time and space but since in your physical octave, you are having the proof that the Great Light transcends time and space, even in your outer manifestation, then why not accept It in the Glory of Our Transcendent Activity? When We say these things to you, you are still having the outer proof, but mankind does not recognize it.

Some of the statements We have made, many have thought were simply far-fetched but after all either before or following there *is* the manifestation in the outer world of the very thing We have said. Of course We have been using these activities a long time. Now mankind are naturally coming into the more transcendent Activities of Life; for what are We? Just a greater Activity of Life, because We have dissolved and consumed every particle of impurity with which We were surrounded at one time.

The Divine Director never allowed Himself to be drawn into the density of the lower vibration. The Archangel Michael never allowed Himself to be drawn into the lower vibrations which became the present activity of earth. Now then, to-day in your activity, you are steadily rising out of all these conditions.

There are thousands in America, to-night, who with a sudden determination and dismissing of human qualities would stand free on the instant. I call this to your attention here, because of the many in your midst who stand near the Open Door of their Freedom and when the "Third Door" opens, there will be many who will be actually swept into that Freedom. They will say and others will say: "Well they made little effort apparently," but since all is achieved thru the Power of your Higher Mental Body, then who shall say how much effort was made!

Oh, do not struggle, my dear ones. Make your calls earnestly and sincerely and leave the manifestation in the Wisdom of your Presence. If it is something urgent, such as supply, your health or something of that kind say: " 'Mighty I AM Presence' see that it is done now," then leave it to the Wisdom of the Presence and do not keep on feeling the outer struggle. Do not keep on feeling the responsibility. When you have made the call, know that it is done. Then abide in the stillness of the "I AM Presence" that allows Its speedy Manifestation to come forth.

Oh such change, such change! We congratulate your beloved Leaders in the firmness with which they have stood in this Light—Drs. Sally and Bond Bressler. Do you not see, my beloved ones, how in every locality there must be someone or more who will not be touched or who will not waver in their determination to stand in the Presence of Light and let Its Power pour forth? Many times, people do not understand their firmness and unyielding attention to the Light but to-day, in the clearness of the comprehension of the student body thruout America, so many

things are being understood and accepted which have been a struggle or a resistance.

So to-night, put away, Oh beloved ones, every particle of resistance in your feeling world! Rejoice in your ability to call the Powers of your Presence into action to set you free! That means your health, your supply and everything else! Your call is supreme! Why would it not be? Your Presence answers thru your Higher Mental Body and It knows no opposition, knows no resistance and knows no defeat! Then why will It not act to set you free, supply you and give you health and strength?

There are many of you who can release almost limitless energy and it is wonderful. Here above you is the Limitless Energy of the Universe which belongs to you, which awaits your call to charge your body—but notice, it will not charge it *without* your call. Try to comprehend, to-night, what that one word "charge" means. When you say: " 'Mighty I AM Presence' charge my body and feeling world with Your Limitless Energy," it is the immediate release and if you will stand by that in your acceptance, then as you gain the momentum, you will find the Limitless Energy there at your command.

We observe among the students now and then, one who is releasing that Limitless Energy and no longer knows what it is to become tired or exhausted. Everyone can do it; but, Oh, allow Me to prompt you, to-night, while you are here in this charged atmosphere, as you are always in the presence of the Messengers. You do not guard yourselves sufficiently. As you go out and move in the outer world, you begin to feel that vibratory action pressing upon you, and many times you

give acceptance to it in the feelings without knowing it.

To-night, try it out and see if I am not telling you the Truth. Use your own effort and call to your Presence silently while I am talking now, to charge you with that Invincible Guard as you go forth to-night; so you do not accept one single vibratory action of human creation from the outer world. Then, as you keep yourselves harmonious, you will find that it will be sustained. This is important at this time because much is to be done by the first of August; much is to be done and We are rejoicing tremendously to-night. I think you feel it, for We feel more victorious, to-night, than We have at any time. That means from Our Octave the way is opening for more and more and more to be released to hold the students steady in their call to Life to have Its Glory flood their beings and worlds.

When you have made the call do not let your human qualities question it, but instead let Its Power flood forth. In leaving this with you to-night, remember We are your strong powerful Friends; and as you stand in the Light with a sincerity and undisturbed power in your call to the Presence, We will always stand ready to amplify every sincere effort upon your part.

What a blessing is filling the earth! While much sincere effort must still be made in your calls, until the great change takes place in your government, in your industries and in your transportation, clearing out every destructive force; yet remember, your calls to the Presence of Life, the "Mighty I AM," amplified by the Ascended Masters, are the Greatest Power in this Universe, to bring about the remedy of these conditions. It

is the only thing that can make the constructive activity permanent.

If you allow war to come into your country, still following it, this work would have to be done. Be not deceived, my dear ones! In your midst there is still a network of destructive individuals and spies thruout your country. Oh, that the entire student body of America might believe that and make the call so they be revealed and removed from your land. You *can* make the call that they are revealed and removed from your nation! Why should you not? You have a right to! Since you know of a Power that can govern these things without destructive force, then why not have It.

For your sake, We are so grateful to-night, and if We are grateful should you not be? We are free, but you who want to be free should be as grateful as We are! Gratitude is a magnificent activity of Life—magnificent, I repeat my dear ones. You should feel for a few moments the gratitude that charges the feeling world of your beloved Messengers. For the slightest thing their gratitude is boundless, and for the privilege of serving mankind when they might be quite free.

It is one thing to serve of necessity and quite another thing to serve for the joy of serving, for the Freedom of others. In your becoming more vividly aware that you are serving Life for your Freedom, then what a vast difference there comes into your feeling world for then you know that every single effort on your part is a step toward the Victory of Life. Keep it up, my dear ones! Let Us give you the Assistance that We alone may give! One day in the joy of your Eternal Freedom, will you thank Us, as only then you can compre-

hend how to thank. Oh, We do not seek thanks, but in the releasing of these Ascended Master Qualities of thanks, praise and gratitude, mankind must do it in order to have Our Assistance. It is your quickest relief and release just as calling on the Law of Forgiveness for your mistakes and all mistakes is an Almighty Power for your quick release. That is why as mankind understands more of what these simple things mean, then will they enter in with Glory and a Power to receive the Glory of Freedom with a speed that would be incredible to-day.

Light, the Light that beats your heart, is the Power of this Universe! Try to feel It more each day so when you call to the Presence and Power of Light, you know that It is sufficient. You know the answer is forthcoming at once. Then you will transcend time and space right here; and you will know what the old saying means: "Before you have called, I have answered."

I thank and bless you beloved ones of the Light. I give you My Praise and Gratitude for your steadfastness to the Light! May It ever intensify and expand, until you know no opposition to that Light. I thank you.

· GEMS OF LIGHT ·

Saint Germain:

Never allow a feeling to arise within you of a desire to draw something from any wealthy person. If they give you something, well and beautiful, but for any feeling to go out from you to draw that to you from them would be a disappointment in the end and would prevent your "Mighty I AM Presence" from doing the greater things for you which It will do.

BELOVED HARMONY

I GREET you in the Name of Freedom! Beloved ones, to-night, you have come to know something of the greater harmony of Life as your voices were raised in praise, which is song. I realize that the children of earth are fast coming into a realization, acceptance and an expansion of Life by which the Power of Harmony may quickly take Its Dominion.

Many of you are feeling what the Messenger has said in his own experience—how so few years ago he was so distracted, filled with anxiety and various kinds of distress and how to-day, his Life is one of tranquil poise and harmony which nothing disturbs. That is the example to all of

you of Dominion which you can obtain. Remember he still has the atomic structure similar to yours and if he can have self-control, govern it and feel that continuous peace, harmony and poise which holds the Central Focus for the student body of the world, then you can also. Do you understand how he has to be that Focus, and if anything broke that Focus, how the Central poise of that would be thrown out of balance? Do you understand what that means? I ask the Staff, if they understand what that means? If the heavens fell, still he must remain poised, untouched and undisturbed. Do you understand, my dear ones?

Beloved students, I speak to all to-night, thru their Higher Mental Bodies—to every student in America and the world, these words: "To the degree that you come into this great calm poise and hold yourselves undisturbed by any conditions whatever about you, do you lend Us that Almighty Power to spread thruout the mental and feeling world of mankind and render the service so needed at this time. To the degree that you allow your feelings to become disturbed, are you serving the forces of destruction.

My dear ones, don't let any student in the land say to Me: "I cannot maintain self-control." That is an acceptance of human qualities which is out in the future! DON'T EVER LET YOURSELVES VOICE WORDS THAT YOU DO NOT WANT TO HAVE MANIFEST IN YOUR WORLD. No matter what occurs in your experience, still stand by the Power that—" 'I AM' the Power of Self-control in this body, in this feeling world! 'Mighty I AM' take out anything less than Your Ascended Master Power and see Thy Self-control

is sustained." Your Higher Mental Body stands ready to sweep out every condition in your feeling world with its cause, effect and record, and set you free now! With Our Assistance, why not accept your Higher Mental Body now in the fulness of Its Power? Do not waste hours and days in questioning about this being done.

Oh, the Freedom that is filling the feeling world of the students thruout the land! You would scarcely believe thru the number in this room to-night, the service that you have rendered. Oh, my dear ones, I think it would not be well to state mathematically just what was done, you might feel quite puffed up. Do you not understand what it means with any and all harmonious efforts upon your part? Know that your Higher Mental Body is constantly ready, waiting, and has been all these centuries for this opportunity to release Its Powers. Remember, what you have seen manifest thru the physical form is but a fragment of what is going on in the mental and feeling world because Perfection must come there first.

It does seem—no, I had better watch out—let us say *peculiar,* that mankind does not more clearly comprehend in everything they do, in every call they make, that their Higher Mental Bodies are the Power in action, if they will but still the human feelings. My dear ones, there is not one of you who could not have the instantaneous answer to every call if your human qualities were silent enough and still enough! Every one of you can do it, because it is the "I AM Presence" thru your Higher Mental Body that causes the stillness. You make the call, the demand—if you please, the command: " 'Mighty I AM Pres-

ence' see that I remain still and quiet! See that I remain harmonious." Many times, when something starts to disturb you, if you would assert that firmly, you would find the other would be done in a moment.

Mankind have been so enwrapped in the shell of human qualities thru disturbance that they still do not continuously feel their authority to be the "Presence of Harmony"; but since We are offering such great Assistance, is it possible you still do not believe Us? When We say, We have projected into your feeling world certain Qualities, certain Assistance, I ask you to ask yourself: "Now am I feeling the fulness of that? If not, 'Mighty I AM Presence' make me feel it"! Do you not see many simple statements like that would bring the instantaneous release and relief you require?

Please take notice of it for I tell you, dear ones, you are at the point of the greatest victory thru thousands of lives. Oh, weary not, in going on in your strong powerful determined assertions and calls to the "Mighty I AM Presence" which beats your heart—the Victory of Light! Many times, I know when you become just a little tired and you begin to wonder—"After all is this Law so great! Why do I get weary"? Because you let yourself! I ask you to observe: Do you ever feel a sense of weariness when you are feeling happy? Then, it is discord that makes you tired and grow weary!

Do you see that your beloved Messengers are under the most powerful discipline that you could possibly imagine? Oh, you do not see that, I know. You do not see behind the scenes. You do not see, the Staff does not see, what is going on in their world and how firm and unyielding they must stand, that all may be free.

My dear ones, it is very wonderful to have reached a point where some of these things can be brought to your attention which will give you strength and power, that you have not known existed in your own feeling world. The Messengers are the example to all mankind, dear ones. They have battled forces, as you know, which would have annihilated a regiment and yet they go on untouched by those forces. Since such a mighty focus of the destructive force acts in the world, then when the Messengers can go serenely on, is there any question of your Victory? Could there be any question, I repeat, of your Victory? See and know this! It is not as if they were not the example, it is not as if they had not proven for five years their ability to call the Presence into action to dissolve all discordant conditions, as they move forward.

In all cities where they have been, the same thing has had to be done again, again and again; but they take no credit to themselves. They make the call to the "Mighty I AM," Presence of Life, and give all credit there because that is the Power which goes forward and does the thing required; and they refuse to feel the responsibility. It is well.

I ask you a question, to-night, and you can just silently answer it to yourselves. How many of you in the room, to-night, do not feel a great responsibility for someone else? I mean you think you do. Is there any one who does not? Dear ones, you see an individual over here and you see an individual over there somewhere and you think: "Oh what a mistake that one is making! Why are they doing this? Why are they doing that"? Are you not feeling responsible for someone else? Is that not wholly unnecessary?

You worry about your husbands, your wives, your sons and your daughters, physically feeling a responsibility for their Perfection. Oh, my dear ones—parents why worry—when you have and they have the Greatest Power and Intelligence in the Universe to which you can call to be their Perfection, their Blessing, their Directing Intelligence, their Invincible Protection, which you cannot physically give! Why not be at peace and call that Almighty Power into action for their Protection, their Directing Intelligence and then you rest in the Power of that Wisdom? Would it not be much better? You cannot take them by the hair and say: "Now you just do this." You know the children of to-day won't accept that, you might have noticed; but you can speak to their Presence and the Higher Mental Body will respond and do at your call what you could never do in a whole life time for their blessing and protection.

Then, if you will take your attention off their human selves the Powers of Light will take command because ofttimes my dear ones, your human feeling goes out to them and prevents your call taking command and being the answer you require. That is the Power of Harmony. If you become violently disturbed and fear something happening to them, do you not see that many times, you compel the very thing you fear to happen? That is considerable responsibility. The same with your friends. The same with your fellow students.

Oh, my dear ones, if in any requirement you would say: " 'Mighty I AM Presence' take care of them"! then take your mind off, what a glory would fill your world and would fill the world of

the students everywhere. You cannot afford, my dear ones, to have opinions about others. If something seems to be required, make the call to their "I AM Presence" to produce Perfection in them then take your human mind and feeling off them and you will see Perfection quickly manifest.

I rejoice that this Understanding is very rapidly coming in the student body. How wonderful it would be, if you saw just now the Activity which is taking place in this room. Not one of you will go forth into this room feeling in the least tired. May I remind you, many felt the warmth in the room to-night, uncomfortably so. Do you know what you could do without any of these fans? The number who are here could all charge forth one mighty call to make the atmosphere comfortable in the room and it would remain so. You will learn, ere long, to make your own atmosphere. That will be valuable in many ways.

Do you know that within your Tube of Light, you could so charge forth this Activity that you would be perfectly comfortable in the midst of intense outer heat? How do you suppose the Ascended Masters walk thru blazing fire? If you knew thruout the ages the number of people who have been taken out of the most intense heat of burning buildings by Ascended Masters you would be surprised.

How do you suppose individuals walk with bare feet, over white heat? Oh no, there is no preparation put on their feet when that is Real! That is because above, below and around them is a Tube of Light thru which no heat, no cold penetrates; and as your Beloved Kuthumi once said: "I sit in the heights of the Himalayan

Mountains and I have made a hole in the storm clouds while I write these words to you," at an altitude that would have frozen ink instantly. Such can be done, it is done constantly. Why not begin to claim it, to achieve it, dear ones!

Oh, do you not see that everything of achievement is but a certain momentum gained? If you do not begin to call for it, how are you going to create a momentum which brings it about? Oh, my goodness, how many times We have observed the students making dynamic firm unyielding calls, then all of a sudden contacting something discordant in the outer world and they say: "Oh dear, I think there is not any use of making more effort," just when they were so near gaining the momentum which would have swept in and swept before them, sweeping everything discordant out of their worlds.

That is why I say, my dear ones, you cannot afford to let up. How do you know in the outer, you are not near that Freedom? It might be hours, it might be years, but what is the difference when you know your Goal? I say to you to-night, please leave that to the Wisdom of your Presence and go on, and on, and on. It is so magnificent, dear ones! How vastly different from making application in something where you did not know your Goal. Now, knowing the Goal and knowing it only requires steady unyielding application in your call to the Presence of Life to gain the momentum which will sweep every discordant thing out of your world, you move forward in full serenity—the Conquering Presence of Light.

When a king in your physical world moves forward everything in the pathway is cleared, is it not? Vast crowds surge but in his pathway all

is clear. The King of your world, the Presence of Life is far more powerful than a physical king and if mankind have respect for a human being who is made king of a nation, then how much greater respect should they have to the Presence of Life which is the Governor of the Universe, instead of nations?

Think of it! Your "Mighty I AM Presence" is the Governor of the Universe whose Dignity and Power would enfold you and move you forward in Its Majesty and Power. Only let It do so.

That is why, to-night, in this magnificently charged atmosphere in the glory of these calls, do you realize how many Great Beings you sang to, in praise to-night? If not, recall it. Take your list and refer to it and see how many of the Great Beings of Light and Power you sang to to-night. You never spent time in so valuable an activity as you have to-night. Beloved ones, I ask you to appreciate it with the fulness of your ability, for while you have released in song your praise to these Great Ones, you have rendered a service to yourselves little imagined, to-night. Call for its invincible protection and call that nothing intrude to mar the Harmony and Perfection of that which enfolds you to-night. You are the decreer, you are the determiner of whether you are going to maintain it or not. We can only prompt you and the Power is there beating your hearts this moment which will do it.

The Messenger said: "Would you mind remaining an hour?" Do you know that is close at hand? If I am observing correctly, I think you have not noticed that hour a particle, have you? Oh, my dear beloved ones, you are at the point of transcending time and space, when you can live thru

an hour as a few moments in holding your attention upon the Perfection of Life. Then why not maintain it? Only the touch with the outer world and the attention being drawn away, is all that prevents you from maintaining it. Determine not to let it be drawn here and there. Put it back again and again to the Presence and say: " 'Mighty I AM Presence' take command of my world of action," then happily, joyously move forward in your Pathway of Light. I thank you.

· CHARGING OUR FLAG ·

WE ask every "I AM" Student in America and the world at least once every day call to the "Mighty I AM Presence," the Great Host of Ascended Masters and Great Cosmic Beings to charge thru every flag in Our Country the Ascended Masters' Power, Protection and Victory of a Thousand Suns; to annihilate every destructive condition and activity in the United States of America this instant; and to replace all that is destructive by the Ascended Masters' Almighty Perfection, Divine Order, Divine Justice and Light's Glorious Freedom to our people forever!

MRS. G. W. BALLARD

I AM STUDY GROUPS

THE No. 1 Study Group Outline has been revised and the changes are now in Loose-leaf form. This has been done to enable every Study Group to build exactly the same pattern at the Inner Level and give to the Great Divine Director the most powerful momentum possible for the protection of America, the greatest need at this hour.

We ask all Study Groups to follow this exactly as given (regardless of what may have been given out verbally or gone out in our correspondence) and eliminate all personal remarks, so the focus of energy and the pattern are not changed from what the Great Divine Director requires.

There are no exceptions to this service which He has asked us to render. This applies to the Regular Study Groups, the Minute Men, the Daughters of Light, the Young People's Groups, all Patriotic Groups, in fact all Groups.

The following also applies to every Group Leader under this Radiation and we make this request that the greatest number of Ascended Master Words, releasing the most powerful Action of Light for the protection of America, may be charged into the atmosphere over our country; and into the mental and feeling world of every human being in our land and thruout the world.

Please use only the Invocations and Benedictions from the Discourses and the Dictations, as they are always the Ascended Masters' Words.

No Group Leader's invocation or benediction can possibly release as great power as the Ascended Masters' Words. So please never use any invocation or benediction but that which the Ascended Masters have given.

Every Group Leader should have someone prepared to conduct the Study Group in case of his or her absence. It is also necessary to have another musician prepared to substitute in case of a similar condition.

Wherever there is an organ and a novachord or piano and organ it is beneficial to have both played to augment the beauty and Perfection of the music.

The Student body has been informed before not to admit anyone wearing red or black clothing or red or black shoes to the 100% Groups. As soon as the new students understand the Law and the reason for the request to discontinue the wearing of red and black, they are expected to obey the Law and not wear those colors. After a reasonable time has been allowed to enable them to obtain clothing of the right colors, they are expected to give this co-operation.

If anyone stubbornly refuses to comply with this regulation, then he or she is not in that one's right place and the Group Leader is justified in refusing to admit such a student to the regular Study Groups.

· GEMS OF LIGHT ·

Saint Germain:

Why, what does the outer world hold for you, my dear ones, without this Light? You know that it holds absolutely nothing.

· GODDESS OF PURITY ·

IT is our very very great privilege to announce the release of a new song—"THE GODDESS OF PURITY" by our Beloved Ascended Messenger, Godfre Ray King.

Thru this glorious music and lyrics, the Goddess of Purity does release Her Light-Substance of Purity into the mind, body and world of everyone who will accept Her Blessed Out-pouring. She stands ready to release Her Cosmic Power of Pur-

ity to sweep out of the mind, body and world of all who give Her their Love, gratitude and Obedience, every destructive impulse, condition and accumulation; and to replace those qualities with Her Great Eternal Purity and Perfection for all thru whom She pours Her Light Rays.

This Song is charged with the powerful healing Energy and Substance from the Goddess of Purity, and as it is heard, sung or played, may its Almighty Healing, Perfecting Presence pour thru and around all who contact it in any way.

May everyone on earth sing this magnificent song and help to release the Ascended Master Purity which all mankind need so much!

May the Blessings of Light, Love, Peace, Protection and Perfection pour out to all thru this song so powerfully that the very earth trembles at the blaze of Her Glory and all accept the Great Perfection and Help She brings.

The picture on the cover is the gift and blessing of our beloved May DaCamara whom we thank and bless for her mighty service. May blessings without limit forever fill her and her world and give her the Ascension in this embodiment!

This song was first sung in Chicago and is dedicated to that city to release a mighty Out-pouring of the Goddess of Purity's Power and Light there, until Chicago becomes an Alabaster City of Light as the Ascended Masters have commanded.

May every human being on earth see this Great Blessed Goddess of Purity face to face in the Visible, tangible Body and have the greatest blessing of all time, the Ascended Masters' Purity, Power and Perfection to raise all into Perfection forever.

In Eternal Gratitude,

MRS. G. W. BALLARD

OUR MESSENGER'S VOICE

T is the greatest joy and privilege of our lives to announce the release of phonograph records of our Beloved Ascended Messenger's Glorious Invocations, Benedictions, Radio Broadcasts and Class talks given by Him at the Shrine Class in 1937.

They have been put on phonograph records, so as many people as possible can have Our Blessed Messenger's voice in the "I AM" Study Groups and in the individuals' homes.

If the students will use them in their own homes every day, calling to Him to charge His full Ascended Master Consciousness, Energy, Light, Victory and Power thru them, into each one's own home and affairs, it will enable Him to charge tremendous Power of the Cosmic Light and Perfection into the individual and his world.

Therefore, our Blessed Messenger will really be able to function in two Octaves of Light at the same time; for in doing this, there is really no barrier between our physical world, where He released such Light and Power to help us all and the full Divine Perfection of His Ascended Master Octave. It will also enable Him to charge every word He spoke then, with His Present full Ascended Master Power of Light, to raise all to the Ascended Masters' Octave of Light and Perfection and set us free from all limitations.

His Words were recorded at that time by Mr. Cecil Stokes and have been given to us as a glad free gift and service of Love, by him for the service to and blessing of the "I AM" Students, America and the world. We acknowledge this gift and thank and bless Mr. Stokes without limit forever!

We call for his Ascension and that of his loved ones in this embodiment!

May everyone on earth have these records and play them without limit, so Our Beloved Messenger can release all the Power, Protection and Blessing of Light possible for each one's Ascension and the Eternal Victory of the Light for America and all mankind now.

May these records bless you and all in the world without limit forever and forever.

· SAINT GERMAIN'S DISCOURSE ·

Shrine Class—Los Angeles, Calif.
July 16, 1939

BELOVED sons and daughters of Light, to-day is My day of rejoicing with you in the Great Achievements. All thus far are permanent and never are the destructive forces which We have removed to act again upon this earth, be remembered or find action.

Let us begin with the intimation which you had in the dissolving of the qualities and conditions in Africa, to which the Goddess of Liberty referred in the third episode of Washington's Vision. That very ancient cause has been removed. The conditions there to-day, are the last fragment of the powerful destructive forces which once wielded their powers from that focus.

Now returning to our America. Your beloved Lotus' call the other day in its power and majesty, was the last needed to start the consuming of the astral world. While not entirely removed from the earth, its focus was removed. (applause) I shall give you some idea of the manner in which it was done. Upon the earth, you have a compound where you gather certain forces, your animals for instance, to hold them within check. Circulating above the earth is a compound into which these destructive forces of mankind's creation and generation have been drawn. They will no longer affect mankind nor the earth but they will remain there until those for whom it is possible, can be taken to the Octave of Light. Never again shall that condition of human consciousness cause its destructive force to act upon the surface of this earth.

One of the most vicious ancient vortexes of destructive force within your state has been removed from your coast city of San Pedro. The definite attempt was made to destroy everything which has been there and all who had focused their endeavors there. In all cities where there has been the foreign element in the exchange of commerce, frightful destructive activities have been focused in the past. Thruout your America, those have been destroyed and removed. This will cause a great change in the feeling of the men who serve in that capacity—such as the longshoremen and the various individuals who handle the shipping activities. Accept this in your feelings and know it is done; and know that no person can release energy which will be utilized for any recurrence of such a thing.

The Light is being set into action now, for the

removal of these vortexes of destructive force that are the cause and effect of the strikes and the treacherous destructive elements which have entered into the once helpful unions of America. Those forces that have seized upon the energy of mankind to try to destroy them, will no longer have power nor influence.

Owing to the tremendous other service which was required, there still remains some service to be rendered in the removing of the entities from the State of California. However, eighty percent have been taken away. (applause) You could not possibly in your outer consciousness estimate what this will mean to the people and as you have your attention drawn to this and accept it, you will find your world taking on a new life; your feelings change; your confidence and courage restored; and you will find that all attempt to support viciousness will quickly return upon those who send it forth. Mighty is this Victory!

Life compels Me to say to you that after today, July 16, 1939, from all students or those who have claimed to be, who doubt the Messengers, Myself or the Reality of this Great Light, all Our Assistance will be withdrawn. We cannot give time and energy to those who do not want to be free. There are many in your America who want this Great Light and are calling for It with great earnestness. They will soon join your great Army of Light. Those who wilfully become vicious must be out-casts from mankind. Therefore, understand this definitely beloved students. For five years, an inestimable Assistance has been given! Every one has an "I AM Presence" which has tried thru the Higher Mental Body to give

Its Freedom and Release. Now, if mankind insist on returning their attention to the destructive conditions of the outer world and accepting falsehoods that turn them from the Pathway of Light, then all Our Assistance must be withdrawn.

The transforming activity which has gone on within your boundaries is that for which I have waited a very long time. My rejoicing is so great to-day for you and for America. The assurance of protection for America is sixty percent on the side of the protective Power. That should mean much to you, should mean greater encouragement to go on in your mighty, mighty Decrees.

Remember, beloved students, let no one spread the disintegrating idea that you should dissolve your larger Groups into small ones! What a great tragedy that would be! Build, build and build your great Groups, until greater space is required to accommodate them. There is your Power-house! Your great Groups in Los Angeles, those of a thousand, three thousand and five thousand people sending forth these Mighty Calls in one great volume, are the Power which has made such great achievement possible.

There has been the attempt to spread the poisonous breath among mankind to revert to smaller groups. My dear people! It is the volume of power that has gone forth in the *large Groups* which has made many of these things possible. Where it is not possible to have the larger Groups, the smaller ones are very desirable of course and are wonderful. I am not speaking disparagingly of the eastern part of our country where they do not have these large Groups; but if I mistake not in the near future, you will find that those

Groups will build with great speed and power.

The destructive element that We have with patience allowed time to redeem themselves, are no longer to be given time. They must be pulled out by the roots from within the Student Body and it will be done. Everyone who spreads viciousness toward these Messengers, this Great Light or Its Reality will be removed from the Student Body, be assured of that! This thing shall cease! Because of the Great Effort made by the Cosmic Beings and the Ascended Masters in releasing the Cosmic Light to render this service, it cannot go on longer. We have given abundant time for people to decide whether they want to serve the Light or not. If they do not, of course that is quite their choice, but they cannot have Our Assistance further, nor can they remain in the pretense of serving this Light.

Therefore, to-day in bringing you this joyful Message of the Glory and Victory of the Light, I trust you will appreciate all It means to you individually, your affairs and that of the nation. Your Wondrous Goddess of Light is responsible for the great Victory in Africa. Her Service to this earth is very great and Her Power to deal with vicious vortexes of ancient accumulation is very great.

Great Harmony will soon begin to take His Dominion thruout the student body—not only in holding you yourselves stabilized in the Harmony of Life, but in the Harmony that will flow thru you. Many of these conditions had to be removed from the earth before He could begin to release His Powers. The coming forth of the Goddess of Purity and the Goddess of Justice has made so much possible. There are volumes I might tell

you of the Great Achievements which have taken place; but suffice it to say that the Glory of this, with your continued application, will mean such changes as will delight you beyond all expression.

If you had stood by My side thru the past two hundred years, you would realize what I mean. If you could have seen the little response I had, until I took this beloved Messenger under my care, and then your Beloved Lotus and Donald, you would see all this Light means to you. Your great Love, devotion and gratitude to them and to Me, is a Mighty releasing Power and is that which has enabled the release of mankind to come.

Do you quite understand—I see you do not—what it meant when I said all who were in the astral world, the psychic world, and the discordantly changed substance have been removed into this compound above the earth; that their influence may not touch the earth? Do you realize that this means the human creation of mankind —the thought forms generated by discordant feeling and misuse of sex which has built such diabolical forms that have tortured mankind? Your attention was called to the fact, that henceforth, you would sleep with greater joy and peace and less disturbance. Be assured you will for these creations will not torture mankind during sleep.

Be assured of this, beloved students, and remember that they *are* removed! If there is any reaction of that which you have been experiencing, it is not from these forces. It is but that which has been registered within your structure of the human form by those influences. In that case, call your "I AM Presence" to dissolve by the

Power of the Violet Consuming Flame, anything that has registered within your feeling world or the structure of your body. Then you will quickly be free from any disturbance. This has been one means by which mankind have been over-wrought, disturbed and confused by these destructive forces—after all just their own human creation.

Beloved ones, you perhaps have forgotten that the Goddess of Justice is here and Justice must be established—Divine Justice thruout our beloved Student Body! Remember, the Goddess of Justice is watching over every student and Divine Justice must be rendered! This is going to become more and more noticeable as you move forward: "Speak only when your words are the Golden Light of Truth."

In all that mankind has been thru in the past, please understand they are released this day. This not only refers to you, beloved students, but the great body of mankind who have been reaching out and struggling as one whose head was almost under water. It was. The great number of mankind in this seething vortex of human discordant creation were almost submerged; but now they are still able to breathe the Light of the Golden Sun of Light. Now their discord shall recede and they will straighten themselves, awake from the sleep of the senses and with a joyous sense of Light in their hearts, reach forth to the "Great I AM Presence" and be lifted into Its Mighty Embrace of Freedom. Understand and feel the full Power of all this means to you!

This day is the most Sacred Day to you in more than four hundred thousand years! These Activities and more, some of which I may not mention,

have been *permanently* achieved. Whatever We do thru your call to the "I AM Presence"—your Presence of Life—becomes permanent, for the discord does not re-establish itself. Therefore, it is a steady movement in cleansing the earth. As We have asked you to call the Presence to use the Violet Consuming Flame and cleanse your body, your mental and feeling world, so are We doing that which you cannot do, in cleansing the atmosphere of earth to remove from you that great pressure of discord.

Try to feel while I talk to you the importance and the Reality of this! I say to you, beloved students, do not allow yourselves to feel or breathe one word, that what I have said to you is not true. If you do not believe it be silent, for I shall watch! We have been patient with the doubt of mankind! In the future, doubt must take its toll because those who have come to know the "I AM Presence" can keep doubt out if they will; but you cannot do it, if you continue to listen to falsehood and gossip. We have told you this hundreds of times. I trust I shall never have to mention this subject again, but it is up to you now to decide!

It is easy enough to keep out doubt, if you do not listen to falsehood and every word that is uttered against these Messengers and This Work is falsehood. That should be known without anybody telling you! If you listen to it and respond, the penalty is yours! This is definite—very, very definite!

Therefore, in this day, let us now enter into the Great Magnificent Splendor that is here, feel the full Reality and enter into the Great Freedom of all this achievement has meant for you.

Could you observe, as I do, the interior of this great auditorium to-day, you would observe one of the most beautiful things you have ever known in white, violet and gold. The outer eye does not see that Beauty and Perfection. Yet, the Light within your heart sees and knows It and is drawing from Its Mighty Power, Its Radiance to plant within your feeling world the Glory of all It means in your achievement.

To-day, with more than five hundred thousand in America starts the very definite action toward their Ascension under the new Dispensation. That is something to think about! My dear ones it is Real! It is True! Therefore, let everyone rejoice in his or her heart and accept it, for in the acceptance of the assurance of five hundred thousand people's Ascension, what do you think that would do as assistance to yours?

To-day, is the Great Day of Victory! You will remember months ago, the Mighty Victory invited you into His Garden. Many accepted the invitation which accounts for the Great Victory to-day. I am speaking very quietly and slowly to you, to-day, for I am anchoring the Mighty Action of every Word which I speak into your feeling world for service. Never in your lifetime —in any embodiment—did you ever receive anything like this.

I might tell you just a little joke on Myself. Did you ever have friends on earth that when you wanted them to do something, all of a sudden decided they would not do it for you? Well, I stand in that position to-day with My Friends in the Octave of Light. I approached one after the other to take this Dictation this afternoon and give It forth but they all seemed very busy; and as I went from one to the other, They imme-

diately informed Me of this important thing They had to care for and here I was left. Does the Law spare even Me? However, I am exceedingly rejoiced and happy that I may convey to you, this Great Magnificent Reality so your outer consciousness and attention may hold it, so you do let that Glorious and Mighty Activity flow into your mental and feeling world and out into your world of action like a great River of Light! To the degree that you hold and recall the memory of this which I have said to-day, will you feel Its Mighty Action taking place in your world.

On the return of the Messengers at Christmas time, may the student body thruout America find such release and such Freedom from all binding powers which the earth has held that there will be no question in the mind of anyone of the Reality and Power of this Great Light at his or her call to do each one's bidding in every constructive thing. This stands before you ready for action. According to your sincerity and determination, will you find it quickly moving in and your whole world changing into one of confidence, courage and assurance.

Once more I remind you, my beloved ones, in your financial application, you must take a firm determined stand to have released from your Treasure-house, your own mighty abundance of all you require whether it be money or anything else. Then, your Presence will set the forces into action thru the Light Rays, to act under the direction of your Higher Mental Body to produce this. You must come to know it is definite! It cannot fail! It only means your steadfast application to keep the energy flowing forth from

your feeling world to bring about not only the result for the moment, but to build that permanent result to last as long as you require it in human embodiment.

After all, how many years do you think the five hundred thousand to whom I referred have to remain here? Are you mathematically inclined? You know mankind has established the limit of three score and ten—some have only ten left, I mean according to the human estimate. Then in the Victory that stands before you, I ask you beloved Children of the Light: "Could anything in the world make you unhappy again, in knowing that your Goal was so near at hand?" After thousands of centuries in which you have been living in human limitations similar to this, you have come to know that your Freedom is at hand.

You will never find one Word I tell you fail to be fulfilled! Remember, you are the outhority in your world! According to your acceptance and and your determination to apply these Truths, will I give and thru your steadfast application, will you know more quickly than you imagaine, the Truth of My Words to-day. Therefore, I want you to feel all that this means to you.

Won't you all stand for just a few moments? Will you kindly accept—I may not enumerate them, but will you accept all of the Powers which are here for your blessing, into your mental and feeling world and your world of action? As you are standing, just silently call to your Presence and say: " 'Mighty I AM Presence,' give me Your Complete Acceptance of this; and see that the Higher Mental Body wields this Power from wtihin my feeling world to my Freedom, supply, happiness and Ascension." You will have rendered

yourselves, Myself and your Friends the Ascended Masters a very great service, a very great opportunity to do for you what you cannot do for yourselves, except thru your call, which gives Us the opportunity to give you that which We do release for your blessing.

Will every one just close his or her eyes for a few moments and feel this deeply? (Silence) It is well, very well! Thank you so much. Won't you be seated?

It is very gratifying to find your great Determination for your Freedom. Never, beloved students, have you ever entered into the Glory of such determination as is within you to-day to stop all discord; and I assure you, if you will be dynamic against all of that discord which tries to come into your world, you will know such peace and happiness as you have never known in many embodiments. This remains with you to determine! We have told you the need and told you what to do!

To-day, in your final Goal which you are attaining, you cannot afford to let friends or relatives pull you from the Pathway of Light—such a one is not your friend or relative either. So stand your guard that you may have the Blessing of that which I have brought for you to-day; rarer than all the jewels mankind has ever known; and will you consider it so that the fulness of all good may find Its quick powerful protecting, perfecting Activity within you in Its ever-expanding Beauty and Perfection.

Accept My Hand-clasp in yours and feel that Hand remain in yours until the Hand of My Ascended Body greets you in the Octave of Light. I thank you and bless you forever.

· "I AM"—CALLING THE MOTHERS OF · · AMERICA ·

THE Cosmic Moment has struck beloved ones, when the Ascended Masters call you to Victory and Freedom in the Light!

Blessed beloved Mothers of America, I speak directly to your hearts, and I am pleading for the greatest cause in the Universe—THE PROTECTION OF LIFE.

I speak from the Heart of Creation, the Mighty Fiat of Life:—"Thou Shalt not Kill"! To the accomplishment of that end do we, the Mothers of America, pledge our all for the protection of the minds, the bodies and feelings of our people.

The Mothers of America *are* Divine Eternal Cosmic Authority over the bodies of our people! Vicious human beings, nor groups of them, who have the brazen effrontery to defy the Laws of Life, shall *not t*ake our people out of our country to foreign lands and drive them into the jaws of destruction; neither shall they draw that destruction here.

The Ascended Masters have said that the Mothers of America can release terrific energy through our feeling of Love for our children; and the Ascended Masters at our call to the "Mighty I AM Presence" can and will take up the energy of our Love, our Light, and our Life and amplify that to whatever degree is necessary, to prevent war or any other destructive force from destroying our beloved ones. The mad on-rushing destruction of unbridled selfishness shall *not* go on in its fury in annihilating the bodies of mankind,—without the full repelling Power and the Victory

of Light returning to them the fullness of their own destruction. We can and shall call the Ascended Masters to release the Blazing Cosmic Light, to hold our beloved country and our people protected by God—the Power of the Universe, the "Mighty I AM Presence"—the "Light of God that never fails."

If insane fiends of destruction have the audacity to plan war and destruction to annihilate or cripple the bodies of 130 million people; then we, the straight-thinking constructive people of the United States of America, and the Americas, *can* and *shall* exert our Eternal Authority of Life and protect and save the bodies of those 130 million people, and more.

There is no law in heaven nor earth which can prevent the Power of the Cosmic Light driving the destruction planned for our people back into its own cause and holding it bound there until all destructive forces and plans are annihiliated and replaced by the Freedom and Perfection of Life which is our eternal Divine birthright.

There *is* a Power greater than the discord of human beings! That Power is the "Mighty I AM Presence," the Great Host of Ascended Masters and the Cosmic Beings. They can and do project Their Cosmic Power and Pressure of Light into destructive activities at our call.

Then will you, every Mother in America, join with the "I AM" Students, regardless of your faith, belief, or any other condition of the outer world—will you join the "I AM" Students and ourselves and draw forth the full Power of the Cosmic Light for the Victory and Freedom of our homes, the Freedom of the United States of America?

Mothers of America, the emotional bodies of our children are one with our feeling world! If we qualify the energy in our feeling world, and theirs, with the Ascended Master "I AM" Decree —THAT WAR SHALL NOT INJURE OR DESTROY OUR PEOPLE NOR OUR LAND OF LIGHT—WE CAN POSITIVELY exert a force that will SHATTER every plan to rob us of our loved ones, our homes and the blessings of Freedom guaranteed to us by the Constitution of the United States of America. Therefore, we *stand*, *face*, and *conquer* all destructive forces, on our Constitutional right of Self-protection and Free Speech!

That is why I call to the hearts of the Mothers of America, to arise in the God-given Authority and Freedom which you are, and which still exists in the United States of America and issue the command to every destructive force within our borders to go back into its own cause and annihilate itself from our country forever!

Remember, Mothers of America, our children are Life's Trust to us; and Life will hold us responsible if we do not use every Power that Life provides to fulfill that trust and to take our loved ones forever to the Freedom and Perfection of Life, which the Law of the Universe has commanded shall be fulfilled—and that is the attainment of the Ascension.

With that call to the "Mighty I AM Presence" and the Ascended Masters to withdraw and withhold all money, energy, power, supply, influence and activity of every kind from all destructive individuals and plans within our country—we give the Greatest Power and Authority in the Universe, an open door thru which the Cosmic Light Rays can be concentrated and held focused

into every vortex of destruction that has arisen in America until all destruction ceases forever!

Every mother can do that with an intense feeling which releases dynamic power and blazing Light into every condition this hour which would draw our people into war! Will you do that? We are, and you can!

Human beings can't keep you out of war! Science hasn't kept mankind out of war! Education hasn't kept people out of war! The money powers of the world haven't prevented war! Other activities of human beings haven't stopped the destruction of war! Then why not reach up while there is yet time and open the door for the release of the only Constructive Consciousness, Power and Activity of Life in the whole world which can and will stop war and all mankind's destruction with a speed and action that destructive individuals will *feel* and *understand?*

If every mother in America would, with all the feeling and power of her being, command in the Name of the "Mighty I AM Presence" and the Ascended Masters, that war shall be blasted from our land forever and that the Eternal Victory of the Cosmic Light SHALL give Divine Justice, Freedom and Protection to all that is constructive in our land forever, it positively will be done; but the mothers who are that authority cannot expect others to use it for them because it is the duty of every human being to exert his own free will and decide what he wishes to experience.

Life, the greatest Intelligence, that created the Universe, breathes through you and beats your heart and is greater than the discord of all destructive individuals on earth; but if your body

is to be protected, your Life must release its protection in, through and around you; and you must call Life into action to accomplish that, and for all mankind also. It cannot come otherwise, and since no other channel in the world can protect the people in the Americas, but the superhuman power of Life, it is time to use It now whether you fully understand Its Mighty action or not!

Try it out; make the call; give the Ascended Masters' "I AM" Decrees, and definitely concentrate your Power of Life for the protection of your loved ones; and you will as surely see that Power of the Cosmic Light act, as the Universe exists.

Beloved Mothers of America, the Ascended Masters and we love the people of America as few can understand! We and the "I AM" Students shall use every power at our command to protect you, your children, your loved ones, and America, which is our home. We would rather lose our physical bodies defending the United States of America and the Constructive activities of our people in this, our blessed land of Light than to be here or be a people without a country, under the heel of vicious individuals, like many of the small nations of Europe to-day. Who wants to live in a physical body in conditions that are worse than death? War is worse than death, a thousand times!

Then lift your hearts to-day, stand steadfast to the Great Eternal Cosmic Power of Light which is the "Mighty I AM Presence" of the Universe. Stand with It! Stand by It! Stand for It! with all you are and have and you will find all the Powers and Beings of Light will stand by you

and your loved ones and release the Limitless Power of the Cosmic Light, until all are free and Victory is yours in the full attainment of the Ascension.

We greet the "I AM" Students who have been listening in to this broadcast and enfold you in the Ascended Masters' full Victory, Power and Perfection of Light. We ask you to join us in the closing decree, and enfold all in the United States of America, the Americas, and the world in that "Cosmic Light as of a thousand Suns"; and may it blaze with a Power that no war nor other destructive force can ever destroy our people, our Freedom, our Divine Justice, and the blessings of our beloved land of Light. May that Light blaze and blaze the Ascended Masters' Victory, Invincible Protection, and limitless supply for all within our land who seek the Constructive Way of Life, for

"The Light of God never fails"!
"The Light of God never fails"!
"The Light of God never fails" and the "Mighty I AM Presence" is that Light!

GOD TABOR

"At no time be discouraged or disturbed when things try to intrude, because they have no power; and the moment one is aware that something discordant is acting, take command at once! Still everything and settle it right there"!

· "I AM"!—PROTECT OUR AMERICA ·

THE Cosmic Moment has struck beloved ones when the Ascended Masters call you to Victory and Freedom in the Light.

To-day our call is directed to the "Mighty I AM Presence" to give our United States of America the Mightiest Protection in the Universe, that we may forever repel the vicious on-rushing destruction in the rest of the world.

The Ascended Masters have determined that those who live within the borders of the United States of America shall have protection, if they will stand with the Great Blazing Supreme Authority and Life of the Universe, the "Mighty I AM" and the Great Host of Ascended Ones. Those who gave us the Blessings of our country shall be given the honor and respect that is their due and every vicious attack upon our honor and character shall be returned upon its creator and take its toll. Every human being within our borders should feel his individual responsibility at this time—in spite of the on-rushing destruction of war surging in almost every other country of the world—arouse everyone's desire to protect America and jump to her defense with a Power that is Invincible.

America's Flag shall be honored everywhere, not only because of what it means to us but because it is the Open Door into the Light of the Ascension for all mankind. True patriotism shall again reign within our land and our people shall be the honor of the Ascended Masters to all mankind, until all are free.

If one cannot love the country which shelters and feeds him, he should leave that country; for remember, even an animal understands the hand that feeds it and is loyal to that hand; and surely those individuals within our borders who are receiving their living here and who dare to talk against the Ideals for which America stands, should no longer be allowed to have influence anywhere within our activities.

Remember, ingratitude is the road to depravity! Therefore, everyone who is a native of the United States of America, should be taught from babyhood his responsibility to his own Life; to his parents; to his home; to his country; and to humanity! Those who are here from other lands and understand how great is Our Freedom and Good they receive compared to those conditions which have driven them here from other countries—should also understand well what it means to be grateful for this greater Good and Victory of Life. Each one should understand the necessity of being grateful for all good, that all may continue to release Good to him, and he in turn send that Good to all.

Individuals in the United States of America who think some other form of government is better than ours, should be made to leave our country and be compelled to live under the government which they think is so wonderful. The majority of the people in the United States of America are here because they have chosen embodiment here of their own free-will and their loyalty belongs here where they receive their food and shelter.

This true and Ascended Master Understanding of Life must be taught to all within our land that

they may know how and why America is the Heart of Light for the whole world, why this Light is the only Guard for the sanity of all mankind and why loyalty to Light and to America is imperative, if the constructive activities of Life are to be sustained in our country.

Every straight-thinking person in the United States of America should be on guard against listening to, or allowing discredit or dishonor to defile the reputation of our early patriots. They gave their lives that we might have a home and country where we could enjoy the Good America gives us to-day. To recall or manufacture discrediting information about individuals who gave us our country, our Freedom and the Blessings we now enjoy, is a depraved, vicious thing, brought about to destroy our love and respect for this Glorious God-given Land of Light!

That vicious practice shall be annihilated from every activity of our land forever! Our early patriots gave us all we now have. They gave us *their* all—in most cases their lives—and greater Love hath no man than he who gives his life for the Freedom of his fellowman.

Those who want to betray or injure our United States of America are lower than the animal—for even an animal loves to go to its home and is grateful to the channel which provides that home. The land that gives its blessing to sustain the physical body of an individual, is entitled to his loyalty and his gratitude.

The discordant creations within and around destructive individuals in the United States of America can positively, at your call, be bound back into their minds and bodies and held absolutely inactive, if you, the constructive people

within our borders, will use this Almighty Power of the Cosmic Light, the "Mighty I AM Presence" and the Ascended Masters Directing Intelligence, to command and repel all discordant conditions into their cause and then to command that force to annihilate its own cause.

Life is a priceless Gift of the "Mighty I AM Presence" to you, for Gratitude to Life is the passport to opulence and the fulness of all good things. Opulence of every good thing is, and always has been, the Divine Way to live Life, and the Divine Way of Life is Eternally Sustained Happiness.

Eternally Sustained Happiness is the great motor of Life which supplies you with limitless energy, and limitless energy in use is Almighty Power and you can not do anything without some energy.

Harmony maintained in the feelings, the Ascended Masters' use of the words "I AM," and the projection of Their Great Cosmic Light Rays, are mastery over every problem in the world —individual, national, and inter-national and when people are grateful to you you make every effort to do more for them. When you are grateful to your Source for the Blessings that *you* receive within this country, you will be more than willing to defend it with all you are, with all you have and to protect the Blessings that are still within our use. Then Life is just as willing to do more for you as you pour out Gratitude for the God that is here and as you call the Law into action into releasing Greater Good from Life to protect your fellowman, you too will receive the greater Out-pouring of Life and Its full Mastery and Victory.

Gratitude to Life is a kindly, happy, expanding feeling and action of energy to all Its creation and that must come through the individual himself. So precious people, struggling in the outer world to-day, try sending out your Gratitude to Life for every good thing; and give Life, your own "Mighty I AM Presence," a chance to set you free by releasing Its Mastery thru you.

You want Freedom! The world wants Freedom! True Freedom is Perfection and you can only produce Perfection by using energy constructively. Therefore, I say to the people in the United States of America, *Awake!* People of the Light within America, *Arise!* and take your dominion in the Light! Our United States of America is facing the greatest crisis in its history. The very foundation of our government and Freedom is being threatened by individuals and forces that are wholly vicious.

We can! We must! We shall! protect our land, our people, our Freedom, by the Almighty Power of the Cosmic Light at the command of the Ascended Masters and through our call to the "Mighty I AM Presence." You *have* the Power of Life and Light to stop all viciousness now! Help release the people from the injustice that has been imposed upon them, for you are one with their mental and feeling world.

America is our home! America is as important as our bodies! America's protection is our responsibility! And Light is the only possible Victory and Invincible Power of protection anywhere in the Universe! Use your authority of Life to command the Power of Light to blaze into every activity of our government and our people, to stop the action of every destructive individual,

power, and force forever; and you will find the Ascended Masters and the "Mighty I AM Presence" will answer you beyond your fondest dreams. Humanity shall once again see those Cosmic manifestations and Great Beings of Light descend and forever consume mankind's self-generated discord because the Greater Power of Life is taking the earth in hand to cleanse it.

Use the Great Command of Life and compel all destruction to annihilate itself. Dare to use Life's Intelligence and Power and the Great Creative Word, "I AM," as the Ascended Masters do, to blast all intrigue, treachery and spy activity from our America and from the Americas!

The Ascended Masters positively will release Their Power of the Cosmic Light, and that "Light of God never fails."

Every straight-thinking person in our land needs you! Every constructive activity within our borders needs your call for its protection! America needs you! America calls you! America's patriots from the realms of Light *challenge* you to defend America! Answer them now and set her free forever!

Beloved ones who have listened to our broadcast, we ask you to help America now and enfold you in the Great Blazing Cosmic Light. We ask you to turn your hearts to the Power of Light and make your call to the "Mighty I AM Presence" and the Ascended Masters to bless every person, place, condition and thing in the United States of America, the Americas and the world with the Invincible Protection of the Cosmic Light, and command forever with the last breath you have that war and every other destructive force that is driven against America or arises in

our borders, shall not control our land! Shall not destroy our people! Shall not interfere with the God-given Freedom, Divine Justice, Perfection and the Victory of the Light which is America's destiny, for that is the Almighty Power of Light, and

"The Light of God never fails!"
"The Light of God never fails!"
"The Light of God never fails!" and the
"Mighty I AM Presence" is that Light!

GOD TABOR

"Will you to-night just for a few moments while we are speaking of this particular thing, try to feel the limitless power of your own Stream of Life from your Presence that beats your heart, and try to feel It now and forever sustained? Not only in your feeling world in the Radiance of Its Light, but in the atomic structure of the body. Feel that charge fill you with dynamic action. Stop and still yourself just a few moments at least three times a day and feel that Light charge thru you naturally. Decree in your call to charge an intensification of It into every atom of your body; and feel It hold Its Dominion of Strength, Joy, Happiness and Power."

GOD TABOR

"Having observed thru many cycles of time, the activity of mankind in their approach to the Light, it is the most gratifying experience in thousands of centuries to see the expansion of the Light in the hearts of mankind. There are many who have not touched this Understanding yet but who ARE responding to the call of those Mighty Decrees issued by the students thruout America and the world."

GOD TABOR

"Once the students really understand that they have Infinite Power in these Decrees, they will find a Power and speed of achievement that will be the most astonishing thing in their entire experience. A great many are coming to understand that they are dealing with Real Law; a Law that responds more quickly and more accurately than the response of the engine in your cars and just as practical and mechanical in its action."

GOD TABOR

"It was My Privilege many centuries ago, I should say many hundreds of centuries ago, to have been instrumental in aerial navigation, when we were at the height of that civilization wherein aerial transportation far exceeded what it is today. You might have observed that in the books where the cities were built in the form of a wheel. All Life's action really is in the form of a wheel, because of the wheel of birth and rebirth—a continual thing, until the achievement of the Ascension. So it is in the Cosmic Activity; the Great Cosmic Wheel is compelling Our Assistance to the earth."

· GODDESS OF PURITY ·

IT is our very very great privilege to announce the release of a new song—"THE GODDESS OF PURITY" by our Beloved Ascended Messenger, Godfré Ray King.

Thru this glorious music and lyrics, the Goddess of Purity does release Her Light-Substance of Purity into the mind, body and world of everyone who will accept Her Blessed Out-pouring. She stands ready to release Her Cosmic Power of Pur-

ity to sweep out of the mind, body and world of all who give Her their Love, gratitude and Obedience, every destructive impulse, condition and accumulation; and to replace those qualities with Her Great Eternal Purity and Perfection for all thru whom She pours Her Light Rays.

This Song is charged with the powerful healing Energy and Substance from the Goddess of Purity, and as it is heard, sung or played, may its Almighty Healing, Perfecting Presence pour thru and around all who contact it in any way.

May everyone on earth sing this magnificent song and help to release the Ascended Master Purity which all mankind need so much!

May the Blessings of Light, Love, Peace, Protection and Perfection pour out to all thru this song so powerfully that the very earth trembles at the blaze of Her Glory and all accept the Great Perfection and Help She brings.

The picture on the cover is the gift and blessing of our beloved May DaCamara whom we thank and bless for her mighty service. May blessings without limit forever fill her and her world and give her the Ascension in this embodiment!

This song was first sung in Chicago and is dedicated to that city to release a mighty Out-pouring of the Goddess of Purity's Power and Light there, until Chicago becomes an Alabaster City of Light as the Ascended Masters have commanded.

May every human being on earth see this Great Blessed Goddess of Purity face to face in the Visible, tangible Body and have the greatest blessing of all time, the Ascended Masters' Purity, Power and Perfection to raise all into Perfection forever.

In Eternal Gratitude,

MRS. G. W. BALLARD

· OUR MESSENGER'S VOICE ·

IT is the greatest joy and privilege of our lives to announce the release of phonograph records of our Beloved Ascended Messenger's Glorious Invocations, Benedictions, Radio Broadcasts and Class talks given by Him at the Shrine Class in 1937.

They have been put on phonograph records, so as many people as possible can have Our Blessed Messenger's voice in the "I AM" Study Groups and in the individuals' homes.

If the students will use them in their own homes every day, calling to Him to charge His full Ascended Master Consciousness, Energy, Light, Victory and Power thru them, into each one's own home and affairs, it will enable Him to charge tremendous Power of the Cosmic Light and Perfection into the individual and his world.

Therefore, our Blessed Messenger will really be able to function in two Octaves of Light at the same time; for in doing this, there is really no barrier between our physical world, where He released such Light and Power to help us all and the full Divine Perfection of His Ascended Master Octave. It will also enable Him to charge every word He spoke then, with His Present full Ascended Master Power of Light, to raise all to the Ascended Masters' Octave of Light and Perfection and set us free from all limitations.

His Words were recorded at that time by Mr. Cecil Stokes and have been given to us as a glad free gift and service of Love, by him for the service to and blessing of the "I AM" Students, America and the world. We acknowledge this gift and thank and bless Mr. Stokes without limit forever!

We call for his Ascension and that of his loved ones in this embodiment!

May everyone on earth have these records and play them without limit, so Our Beloved Messenger can release all the Power, Protection and Blessing of Light possible for each one's Ascension and the Eternal Victory of the Light for America and all mankind now.

May these records bless you and all in the world without limit forever and forever.

Great Hercules, Thy Strength

To fill us day and night;
That now like Thee we blest
serve Life
Till this earth blazes bright,
With all Perfection from Thy

And Justice rights each

Thy Majesty, Oh Mighty One,
From Realms of Cosmic Light,
Shines now on earth to bless once

From Thy transcendent

Of men still struggling on;
Command all now to do Thy

Decree Light's Vict'ry won!

Oh, build anew for everyone
His own true Home of Light!
Command each one to enter in
And be Thy Cosmic Might!

· SAINT GERMAIN'S DISCOURSE ·

Shrine Class—Los Angeles, Calif.
July 7, 1939

THANK you greatly, beloved ones of the Light. This which has been revealed to you to-day, regarding your application in calling to the Higher Mental Body of an individual, I have waited for since the beginning of the Messenger's experience with Me. There are certain calls with their accompanying realization which must come from one or more of mankind before We can act. This, to-day, will not only in itself bring forth a far greater and almighty release in your call for the protection and blessing of America; but it will enable Us to do many things We have waited to do these ten years.

I wish you to feel the importance of what the voluntary call from an individual in the human form means to Life and to Us. Under certain con-

ditions, We may not move until some of mankind give Us the opening by just such a call as the Messenger gave of his own voluntary action. This full Power of Realization which came with the call to the Higher Mental Body of everyone, was the thing We needed and have been waiting for. So I ask you to rejoice in the fullest possible way.

Oh my dear ones, please understand, no matter what your experience has been, that you are gaining an individual momentum in your call to the Presence of Light and Life, which will one day make you Invincible before all conditions. Please feel it, then go forward with the Courage and Strength which is your "Mighty I AM Presence." You have all strength and courage in the Universe. Won't you feel that? Won't you stand in the Glory of that unyielding Presence of Life, which as you know will not only render a greater service to America, but to yourselves?

Do you understand, beloved ones, what the cooperation with Life for the protection of a nation means? It means your maximum effort given to the protection of America, must mean your Invincible Protection individually. Now, I am speaking of those who have Self-control and keep inharmony out of their worlds; because whoever or whatever you are, whatever your mighty calls to the Presence of Life or whatever your experiences may have been, beloved ones, if you allow inharmony to intrude into your midst you may undo the things you have gained for months.

That is why you must be firm and strong in holding control of, and dominion in, your feeling world so when you have gained a momentum, you do not destroy it and have to rebuild it again. Understand that when you have gained a mighty

momentum, you have gathered forces for a great objective. Then, if you allow tragic discord to rush in, you dissipate that energy quicker than you can imagine. It simply rushes forward and is dissipated. Just as if you had an army which had great cannons all ready for action—if they ran them up into the air and fired them, would it not be a diffusion of energy? It would be a lot better for the people, but that would not be intended concentration of energy.

Now, one more point I want to make in connection with this that you may have the full comprehension of it, if possible. My dear ones, remember what your concentrated attention means upon an objective. Suppose you have as you think, drastic need of a certain amount of finance, say: " 'Mighty I AM Presence' release that from Your Treasure-house! You know this need." Your Higher Mental Body knows it. Then, the action takes place and if you will stand unyielding by that and do not begin to look to somebody outside, but wait for the Presence to act, you will know definitely and you will never fail to have it.

You must be firm, determined and unyielding in all this application if you want immediate results. There is a blessed one sitting right here in this room who when the Messengers were here before, met the climax of his experience. The family were without food, but he stood. He said: "I know my 'Mighty I AM Presence' is the Supply and Power I am going to stand by that Presence, if the heavens fall until I have it," and he stood. Three hours later, the release came and it will ever grow in its mighty building and supplying power. He stood against that human creation which had tried to scare him out, but it had no power; and I say to you beloved ones, if you really can say to

all limiting human conditions: "You have no power," with the Full Power of the Presence back of your call, the limiting conditions will not have any power in your world to act or deprive you of what you need. Therefore, be firm and unyielding in your application.

Oh, I rejoice so greatly with you beloved students, in the way you are gaining the greater power, strength and energy during the past six months. It is very wonderful.

Beloved ones, Mighty are the Activities taking place within and about you. I am not going to say very much about that just yet except to call your attention to it so you may, if you will, add your call to the Presence to make it Invincible and eternally sustained; but that for which We have waited these five years, is being done in this class. When you go out of this class afternoon or evening, do not allow a single person to talk against this Light to you. The reason for that is this: I am trying and the Great Ones are trying, to help you gain a certain powerful Momentum which will be the Almighty Sustaining Power with you at the close of this class.

We want to see you have such a Victory within the coming months before the Messengers return, that you will be the Victory of the Light! This *can* be without question according to the momentum which is already here and in all you have gained thus far. When the Messengers, I or some of the Great Ones call your attention to some point of achievement, anchor It! Clinch It into your world by your acceptance, eternally sustained!

My dear ones, once mankind understands the Infinite Power of the word "acceptance," they will be glorified; just as when you understand the full Power and Activity of your attention, you will

become *immediately* the Victory of the Light! Your attention is the Almighty Power and Director of these Great Currents of Energy held sustained. If you ask your "I AM Presence" to govern your attention, you will be able to hold it readily and easily upon the Ascended Masters' Perfection; but if you diffuse your energy by letting your attention keep wandering hither and thither and upon discordant, limiting things, how can you expect to have anything but destructive qualities acting thru you and your world?

Oh, I rejoice so extremely, for soon We will not have to refer to these discordant things! We will just hold your attention upon the Goal of Perfection and let the other things roll by. That is the Glory of Life! It is your Divine Privilege, your Divine Right, your Divine Authority; and you are coming into It so rapidly, beloved ones. Oh, have all the courage of your "Mighty I AM Presence!"

I say to you, and I send forth to those absent who have had such financial struggles: "Mighty Power of the Higher Mental Body of each one of those precious people! Take command of that body, that mind, that feeling! Silence every activity of doubt, fear and confusion! Clear it away by tht Power of Light! Send all those beloved ones forth *victorious* in their financial world. Release from the Treasure-house of their Presence *all* supply of money they require for their happiness, comfort and service in the Light"!

Every one, please accept that Fiat issued and have Its Victory! There is no power of human activity which can deprive you in that call to your Presence of Life! The human activity cannot over rule your "I AM Presence"! Therefore, if you

will accept this Decree in Its fulness to release Its Power and Action for you, then keep your call going to sustain It, you will see it is brought into manifestation quickly and you will be co-operating with that Fiat to bring about its fulfilment.

Oh, my dear ones, when you call for something you think you need on the spot and if it does not arrive the way you think it should, my goodness, don't become discouraged or begin to wonder, if it is coming. Stand by your call and it would come if the heavens fell! You must understand that to win the Victory by your Authority and Power of your Presence of Life—the "Mighty I AM"!

I want you blessed ones, every student in this land, to have his or her financial freedom! I shall not stop until *every* student in this land has complete financial Freedom. It don't make any difference to Me whether you are to blame or not, that thing is going to get out! It has got to do it! We are the Power and Victory of the Light and if there be any obstruction in your own individual world, then it must get out too! So don't hold on to it! Let it go!

My dear ones, if you ever knew the transformation which has taken place in this Messenger standing before you, you would be astonished. There are few people who ever had greater financial fear than he. It came on all of a sudden and to-day it does not exist. Therefore, see what the transformation can be. That takes dauntless courage, but now his calls are answered every time. The Fiat which I issued for you just now *has* to be answered and *will* be permanent, if you will accept It and hold It sustained in your feeling and consciousness.

It is one thing to call for a thing and have a temporary result; but my goodness, when you want to have a thing sustained *call* for it to be sustained! Your very call is the signal to Life to answer you; and your Higher Mental Body wants you to have it when you are willing to give obedience to Life. Suppose you do slip occasionally, do you think your Higher Mental Body is going to condemn you for it? Not a bit of it, but It says: "Get up and try again." If you slip down on the ice do you just lay there? If you slip in your application, are you going to stop? It would be just the same as laying down on the ice and just waiting for someone to come and pick you up. You might get cold before anyone got there; and if you get discouraged in your application, you are liable to get cold in your application.

There is one thing I certainly do love in your slang of earth and that is "pep." It certainly does give the average individual an instant release of added courage and energy. Beloved ones, I try to be so natural with you so you won't feel I am far off or somewhere out of your reach. So, if I want to use your slang, I will use it. Who shall say I should not? Our opponents would say: "That is not an Ascended Master Activity." Well We shall see whether it is or not!

To-day, while I have been talking to you, great things are being done. Accept the fulness of this Power, but do not be concerned about Its Out-picturing. It will out-picture fast enough. Remember, and do not forget it, beloved students, that all Perfecting Activity of achievement comes from within out. The *entire* preparation and the *entire* Cleansing Power must be released before the Perfection can out-picture. Once in awhile,

a great impulse of Power goes forth before the Out-picturing is complete. There is nothing wrong about it, but generally speaking, the entire world must be cleared, before the continuous Almighty Power of your application produces Its continuous result.

You have gained that momentum now, so stand by it unyielding.

I am watching, utilizing every opportunity for your financial Freedom; and remember when the Messengers have gone on, still I am watching. There are great avenues that I can and will release, when the students have become stabilized and will no longer listen to gossip or speak it, listen to falsehood or repeat it. I have those avenues ready. They obey My Command and some of them are right out here in the physical world. In fact, they are already in the physical world but some of them are out here in your commercial activities.

I want you to see that not for one moment are you forgotten. Therefore, as you again and again hold steady within that Great Light of your Presence, Its Dauntless Courage and Activity, you will find suddenly one day that Great Door will open and you won't worry about finances again.

Do you realize that the great student body when they become harmonious enough are one? Do you realize that one day the Ascended Masters will be the Governing, Ruling Power of your America? Then Divine Order and Divine Justice will come into action with a Power and Speed you never conceived possible and it is not so far away.

You know the report has gone forth many times that I have not fulfilled My Promises. I have not missed one and I never shall; but I must have your obedience to Life *individually*, before I can do cer-

tain things *individually*. That is why in these Promptings to-day and the release of this Inner Power, I know you will feel Its Reality as you never have. You are building your momentum and that is what We want you to have. Then, greater and greater sustaining and assisting Power can be poured forth into your world of action.

More and more are these so-called Invisible Currents of energy being drawn into tangible action and one day perhaps not in a mixed audience, but not so fare distant, when you come before the Messengers and Us, those Mighty Currents of Light and Energy will be connected immediately and flow thru your body and world. You know when you have a permanent wave, how the apparatus is attached to you? In a similar manner, will these Currents of Energy join your own Life Stream just above the head or atmosphere of your feeling world. They will join and flow into Its Mighty Activity. Whether you comprehend that expression or not, just accept It in your feeling and to the fullest of your ability, then let Its Power go into action.

Oh such changes, such changes, my beloved students have come in your world in six months! It is wonderful to behold. Have all the courage and strength in the world. There are some of you who have thought: "My goodness, it does not seem to Me I have attained anything." Don't be the judge! Don't judge yourself, and most of all don't judge your Presence of Life which is doing this Inner Work, that one day bursts thru your outer realization. You will then see and understand that Great Work which has gone on, although you are not outwardly aware of it now. That is why I keep pompting you not to judge what the Inner

Power of action is. Let It go on and just rejoice.

These afternoon classes are Mighty Activities, dear people, and to-day is one of the greatest thus far. Just accept It. Remember what I told you the other day, that sometimes for certain activities, We must have the Messengers feet on the ground in order to release certain Currents of Energy. So We are utilizing these opportunities to pour forth Our Light, just as you are as a "Great Cup of Light"—for truly you are that "Cup"!

I am watching the Activity of the Light within your hearts and within the cells of your bodies and when I see that, I am quite satisfied with Its Action. Will you be as kindly to yourselves? If it is satisfactory to Me, It must be to you.

I thank you and bless you for this opportunity to serve once again; to remind you of what it means when certain voluntary calls go forth which bring the Great Great Release. You are fortunate in being here to-day, to be a part of that very Great Release, and I thank you.

GREAT DIVINE DIRECTOR

Remember! I say to you again, this Garment is no imaginary thing, but a Garment of Self-luminous, Intelligent Light-Substance of the Ascended Masters, which you can wear, which will not soil or wear out, but is always ready for use. Try to feel how magnificent it is and I say to you ladies, that Garment will take upon Itself whatever form you give it. Perhaps some day you can make it visible as an evening gown, as an afternoon or a traveling gown.

· THE LAW OF CLEANLINESS ·

ELOVED Students under this Radiation, the Law of this Ascended Master "I AM" Activity is absolute cleanliness—inner and outer—in mind, body and feeling world.

When the individual understands what body odors draw toward the physical body, everyone will keep the body clothing absolutely clean and free from body odors of every kind.

Our Beloved Ascended Master Saint Germain told us in the beginning of the Dictations, to definitely call for Ascended Master Cleanliness and to charge our minds, bodies, clothing and world with absolute spotliness and immaculate cleanliness. That includes body odors of all kinds and if the "I AM" Students knew how body odors attract the mental and feeling creations of destructive forces, they would know how necessary it is for those under this Radiation to do everything possible to keep from attracting those vicious creations of other people and in the atmosphere of such conditions.

When one keeps the mind, body and clothing immaculately clean, there is no substance nor energy in his or her world vibrating at a rate which is attuned to destructive creations; and hence they have no energy or substance by which to hold connection with those who desire cleanliness and Perfection.

One can never be too careful about the cleanliness of the mind, body and clothing; but the more of the Ascended Master Qualities we desire to outpicture, the more we should watch to make our personal habits as Perfect as those Great Ones.

Therefore, those who do not make the necessary effort to keep their persons and worlds in the most orderly, clean, comfortable and Perfect state, will be constantly meeting discord and destruction until they give the attention to cleanliness and order which is necessary to produce Perfection. This is absolutely required in every avenue of this Ascended Master "I AM" Activity and is the way by which each one rises out of all discord, distress, limitation and imperfection of every kind.

That is one reason why it is necessary to wear clean light colors and have more beauty in our surroundings to repel all that is less than Life's Perfection, Beauty and Ascended Master Power, for the full Victory of the Ascension of all.

We ask each one under this Radiation to give this request close attention of loving, adoring, illumined eternal obedience for each one's own greatest Freedom, Perfection and the Ascension.

Everything we do as a student body then is a powerful raising activity for America and all mankind.

—Mrs. G. W. Ballard and Donald

· "I AM"—AWAKENING THE · · "VOICE OF THE PEOPLE" ·

THE Cosmic Moment has struck beloved ones when the Ascended Masters call you to Victory and Freedom in the Light.

Beloved fellow-Americans, you *are* the voice of the people of the United States of America. Ask yourselves just how much you love America and what you would do to keep war out of our borders; or any other destructive force from destroying our loved ones and the Blessings we enjoy here. Just how much are you ready to do, to keep destruction out of America?

If we are going to keep our Freedom, Divine Justice, and the right supply of the things of Life here for the use of our people, then certain individuals have *got* to be removed from avenues that are every hour planning your destruction; for individuals in various activities of our people, and in positions of authority, are determined to destroy and rob you, me and all who are constructive, of the things that Life has given us here. Then you and I must be twice as much determined that they SHALL BE REMOVED, if we are going to hold continuous all the Blessings we are now enjoying.

You are the "*Voice* of the People," and the "Voice of the People" must go on record in absolute defiance and opposition to those who seek to take from you, Life, Liberty and the Pursuit of Happiness, or the good things which Life has entrusted to your care.

If you are going to keep from being destroyed, then you must exert an authority that removes

from positions of authority, and the various activities of our people, every individual or group of individuals who is seeking to destroy you by either war, or subversive destructive activities in other channels.

The "*Voice* of the People" must go on record with a fierce relentless command; "that destruction shall not act to rob us of our Freedom, our Protection, nor our Divine Justice." Vicious, depraved individuals, who want to destroy the Good that the American people have been enjoying, will not protect you who are constructive. You have *got* to arise and draw the Almighty Power of Life to protect yourselves and demand that those individuals be removed from our country for all time! If you do not remove them, they will remove you.

It just so happens that the Ascended Masters have said to us:—"If the American people would arise and take the authority that is theirs in this land and use it for the Protection of themselves and their fellowmen, Life—the Authority of the whole Universe—will answer you faster than you dream. Almost as soon as you would call, with an absolutely irresistible demand for the Protection of every good thing in America—Life would release a Power that would collapse every destructive force within our country in a very short time!"

Beloved fellow Americans, there is no more time to give quarter to vicious destructive individuals whose deliberate intent to destroy you and the Freedom of this country, is unmistakable. Those individuals have *got* to be removed by your "Voice and authority."

Make your call to the "Mighty I AM Presence," and the Ascended Masters: that each day all de-

struction within our land shall be a million times *weaker* than it was yesterday; and all that is constructive and ready to protect the sanity of mankind and the Freedom of Life, shall each day be made a *million times more Victorious*, more Powerful, more Invincible—over all destructive forces.

The Ascended Masters have said: "There shall arise in the United States of America, strong, dauntless, determined, relentless Americans—defenders of America; strong, Invincible Powers of Light, who will be far more interested in protecting America and the Ideals for which she stands, than they are in their own personal fortunes."

Destructive forces and individuals can continue their operations only as long as constructive people permit them. The Ascended Masters are ready to stand beside every constructive individual who calls to them for assistance and to release a Pressure and Power of Light that will shatter every destructive plan that has been gradually weaving its net-work of domination to destroy every Ideal of Life of which America must be the fulfilment to the world.

I tell you, in spite of every destructive force of mankind, the Eternal Victory, Freedom, Divine Justice, Abundant Supply and Perfection of Life —*cannot* and *shall not* be destroyed on this earth! The very Law of the planet—the System to which we belong—defies every destructive force, and always will!

Life and this planet are greater than all the totalitarian desires of the maniacs of war; but the people who will not believe what the Ascended Masters have said, or will not awaken in time to make the call that releases this Power, will as

surely feel the whip of depraved, vicious individuals, as they sleep longer! You are facing the hour when every human being in the United States of America who does not want to be dictated to by the vicious individuals who operate a military machine, *must* arise *now* and shatter the machine, or else be ground under the wheels of its destruction!

You have no longer, further time to choose! Every individual, in physical action, from now on will be forced to make his choice—willingly or unwillingly—and declare himself either for the Freedom and Victory of the Light which America is to the world and which we have enjoyed thus far—or you, in action, will stand against that Freedom and Victory of the Light!

Beloved fellow Americans, do you realize that Life in physical bodies is a travesty on the Universe when individuals bow and obey the will of insane human beings that are so ignorant they will not understand Life, nor obey Its Law of Balance?

Lift your hearts! Call forth the Limitless strength and Courage of the Great Elohim, HERCULES! Charge forth the Victory and Power of His Light, in, thru, and around every constructive person, place, condition and thing in the United States of America this hour; and each day make the call that this Power shall be increased a million times, until all that is constructive is made so Invincible against destructive individuals and forces, that we are able to stand in the midst of any condition in our country and compel the destruction to be repelled into its own cause and take its toll there!

Call forth the Cosmic Power of Light from the Great Goddess of Justice, and demand that She walk the earth once again with Her Legions of Light and compel Divine Judgment to descend and take Its Toll of every destructive individual and force in our Blessed United States of America!

Beloved people of the Light, this Ascended Master knowledge of the "I AM" is Real! It is Inexorable Law! It can never fail! It is the only possible Security in the whole Universe for individuals who want the Constructive Way of Life!

Therefore, stand in and with It, and have It! Draw forth Its Power! Blaze Its Light! Command the release of Its Victory; and "stand within that Light and draw to yourselves your own," in the fulness of every good thing that Life wants you to have.

I tell you the Law of Life is Freedom, Divine Justice, and an Abundant Supply of every good thing for every human being who will use the Energy of Life constructively; and send it forth to produce Harmony, Happiness and Perfection for all the rest of mankind also. The Law of Life is Perfection, Freedom, Victory by the Power of Light, and Mastery over all Substance and Energy, wherever you move! You cannot be Happy nor Victorious in the Constructive Way of Life when you are poverty-stricken, or under the heel of fear and doubt. Fear and doubt cannot protect you! Poverty will not protect you! Then you must arise, and make the "Voice of the People" heard! Command every destructive individual in our land to get out of our country with the speed of lightning and be no more, so far as we are concerned! People who eat the food of this land and enjoy the Freedom guaranteed by our Constitu-

tion should remember that Obedience to the Laws of that Constitution are the conditions under which they are permitted to live here. When they want to destroy that which has been the Open Door to all our Good, then they should be removed, and swiftly, by the "Voice of the People"!

Free speech does not mean the right of individuals to talk against the Government of this land, as guaranteed to us by the Original Constitution of the United States of America, and the original Purity of the United States Supreme Court.

Beloved fellow Americans, you—the people of the United States of America—who want the Constructive Way of Life, Freedom, Divine Justice and Protection sustained—you are the Authority in this land! Not individuals nor groups who want to destroy your Blessings. You *must* make your voice heard! You *must* feel *your* Authority, Power and Dominion! for what would even these destructive individuals do if you were not here?

Do you realize that the Resources of this country are *yours?* What individual or group has a right to take from you that which was here when you came into physical life? Destructive individuals and groups did not bring the prosperity of this country here! It was placed here by Life—the "Mighty I AM Presence"—as the Gift of the Universe to you who want the Constructive Way of Life.

Freedom and Divine Justice walk this earth, beloved ones, and you will find Great Cosmic Beings who bear those Names, will yet walk forth visible and tangible to the physical sight and touch of human beings! They stand ready to strip this country of every destructive force and individual, if you—the "Voice of the People"—will make

the call in time, with enough determination, give no quarter to destructive individuals or forces, and insist that that decree keep going up, until the Fullness of the Cosmic Light cuts off the action of all that is destructive.

The Ascended Masters have said that if the people—the "Voice of the People"—will make the call, We will do it; but it takes your spoken word, using the Great Creative Word of Life "I AM"—in the full Authority of your own Life—to fulfill the Law of the Universe which permits the release of the Cosmic Power of Light with Force enough to compel the annihilation of all that is destructive.

Do you realize that you would be a thousand times better off to stand unflinchingly with the Powers and Victories of the Light, and go thru whatever is necessary in the physical experience and give that Life and Light Eternal Obedience, than ever once to do the will of vicious, depraved destructive individuals who lack intelligence so greatly that they will not protect that which is constructive, or give Obedience to the Law of the Infinite Universe?

I tell you there is no Intelligence in destructive activities! They have lost the Power of Discrimination—else they would understand the Wisdom of obeying the Law of Balance and have the Great Happiness and Perfection which that always brings.

Then you, beloved fellow Americans, feel with me to-night with all the Power and Victory of the Cosmic Light, that you are the "Voice of the People." "I AM" the Voice of the People, claiming the United States of America and all who are constructive within our borders, into the Victory and the Service of the Light; into the Invincible

Power of the Cosmic Light; with that Mighty Call that—"AMERICA SHALL ARISE AND SHATTER FOR ALL TIME THE HOLD OF DESTRUCTIVE INDIVIDUALS AND FORCES UPON HER PEOPLE AND HER RESOURCES."

I tell you, America is the Inheritor of the Freedom, Divine Justice and Perfection of Life! We must defend that, release It and blaze It for the Protection of all mankind from the Insanity of wholesale destruction. I tell you, destructive forces cannot and will not protect you; and any individual, or group, who asks you to destroy the Law of Freedom and Divine Justice, has no Intelligence and no right to the Blessings of our land.

I tell you, with all the Power of my being; in the Name of the Great Host of Ascended Masters; in the Name of your own "Mighty I AM Presence"; I call forth the "Mighty I AM Presence" and Higher Mental Body of every individual in the United States of America this moment, whatever blaze of the Cosmic Light is necessary, to shatter and annihilate for all Eternity every destructive force within our land; every destructive plan this moment *shall* be annihilated—cause, effect, record and memory—and be replaced by the Ascended Masters' Almighty Freedom, Divine Justice, and Invincible Protection to our people!

Destructive forces in our country have no power! unless the "Voice of the People" is silent! We who represent this Protective Power for the Freedom of mankind, shall not be silent! Our Voices SHALL be heard! and they shall penetrate the ears of every destructive individual in our country until those individuals fail in their intended destruction against our people and they shall know their failure in its fullness, by the

Power of the Cosmic Light!

We stand in, with, by and for every constructive individual who is trying to defend the United States of America; and I call forth Invincible Protection for them by the Legions of Light in all that they do to protect our people, our Freedom, Our Divine Justice and our Resources.

Will you, the "I AM" Students and all who hear this broadcast, do likewise? Give this protection to all who are trying to protect you; and awaken the people everywhere to use their Voices against the planned destruction that would engulf us, if we do not use our Authority to command its annihilation?

Beloved "I AM" Students, to-night we call the "Mighty I AM Presence" and the Ascended Masters to envelop you in the Invincible Protection of the "Cosmic Light as of a thousand Suns," and hold you untouched by destruction forever. Will you call that forth also for every Constructive person, place, condition and thing in the United States of America, and the Americas and for all mankind? We issue this Mighty Fiat that the constructive people in the Americas shall inherit the Americas and the Blessings there are within them! We *stand*, *face* and *conquer* by the Invincible Presence" which is the Victory and Light of the Power and Victory of Cosmic Light! So shall all constructive persons within our land receive our Protection, if they will make their voices heard thru the Great Command of the "Mighty I AM Presence" which is the Victory and Light of the Universe, and

"That Light of God never fails"!
"The Light of God never fails"!
"The Light of God never fails"! and the
"Mighty I AM Presence" is that Light!

"I AM"! AMERICA VICTORIOUS!

AMERICA! Victorious!
Shed forth Thy Light All-Glorious!
Burst all Thy chains! Set all now free!
Release Thy Power! Make all men see
Thy Strength Supreme! Thy Wisdom True!
Thy Light and Will to carry thru
Great Freedom's Law—our own Birthright
To all of Good—by God's Great Might!

America! Awake and call!
The brave of heart to answer all
Who Justice seek and right demand—
Defenders of Our Blessed Land!
Call unto Heights of Light above,
That Realm of Life where God's Pure Love
And Legions bright will answer you!
They now descend! "I AM" come thru!

America! Ascend in Light!
Raise high Thy Torch and let blaze bright
All—All within Thy Sacred Heart!
Thy Flame of Life shall not depart—
"I AM" the Altar for mankind!
The "I AM" Presence all shall find!
Thy people strong are brave and true!
America! God answers you!

· "I AM"—AMERICA'S PERFECT AVIATION ·

HE Cosmic Moment has struck beloved ones when the Ascended Masters call you to Victory and Freedom in the Light.

Beloved fellow Americans, the Ascended Masters have been watching the activities of Aviation in the United States of America for many months past; and are determined to bring forth in this country marvelous, fool-proof, accident-proof planes for the Protection of those who are Constructive. We have made the calls for many months, for Invincible Protection to every Constructive activity of Aviation and every individual in those channels who is Constructive. We shall continue making those calls, because we are determined to bring forth in our country the Perfection in aerial transportation, which the Ascended Masters have said must come forth here.

However, do you realize that the Ascended Masters are governing the manufacture of planes that cannot be destroyed by the guns of war? There *will* come forth Substance of which airplanes can be made, which is indestructible. Those airplanes can anchor in mid-air, and it would be impossible for them to have an accident of any kind; but do you imagine the Ascended Masters are going to release that knowledge into the hands of vicious, depraved individuals who would use it to blot out mankind from this earth? *NO!* The Ascended Masters are Beings of Wisdom; of Power; of Light; and of Divine Love, beyond all human concepts! They will see to it that those

marvelous Blessings of Life shall come forth in the United States of America to bless our people; to give very Great Joy and very Great Service—if the people themselves, who are constructive, will make the call for Invincible Protection to all that is Constructive in every avenue of Aviation in our country.

When we call forth the Power and Victory of the Cosmic Light to protect all that is Constructive, there must also go forth at the same time, the call to Life to release a Power that stills and then dissolves all that is destructive.

When destructive vortices of Energy are whirling in the atmosphere of earth, or acting thru human beings, that force must, first of all, be stopped and then driven back into its own cause by a Pressure of Energy that is greater than itself.

The energy that keeps our physical planet in motion and Life expressing upon it, IS greater than the amount of energy destructively qualified which has been accumulated and released by human beings for destructive purposes.

When man's intellect, thru holding its attention upon the invention of destructive machines, uses its God-given Energy and mental faculties to do only that which undoes the Great Cosmic Work of Creation, how long do you think the Greater Intelligence that owns the entire earth and its humanity, will let destructive individuals thwart Its Plans of Cosmic Action?

Destructive individuals should remember that there are Beings and Powers and Laws in this Universe, greater than their own puny human intellects which are so full of ignorance and pride that they have lost the True Way to live Life.

Life never gave anyone anything but Good; for the Energy every human being ever used in

this world came into the mind and body harmoniously qualified. The individual, having free-will, is free at every moment to use that Energy either constructively or destructively. There is no Law in the Universe that compels you to go down, if you choose to rise! There is no law in the universe that compels you to be destroyed, if you choose to survive! There is no Law—manmade or Divine—that can take your identity out of the Universe! Therefore, some day, sometime, somewhere, you have *got* to return to your Source and fulfill the Divine Plan of Creation to be wholly purified and expand Perfection thru your own Creative activities in a physical body! Fear and doubt are the only things that deprive you of the Perfection that Life has commanded you to some day out-picture. Fear and doubt are concerned wholly with your physical body, because they are both feelings that determine what shall happen to your physical body.

When you know there is in the Universe an Intelligence and Power of Life greater than your physical body and you can draw that forth thru your call, then why not trust It to release all of Its Power thru you all the time, to produce the Perfection quickly that you must some day express?

Please do not feel that vicious, destructive individuals are so much more powerful than the Life that owns the Universe, that you are compelled to bow to their vicious, depraved demands. We have said to you repeatedly, if you bow at the crack of the whip of vicious destructive individuals whom you fear, what do you expect will be the condition of your own mind, your body, and your feeling world, if you survive under their tyranny?

Do you want to survive just to fear and suffer and obey the command of an intelligence that has gone insane with destructive desires? If you do—we do *not!* If there is one thing on the face of this earth that destructive individuals fear, it is human beings who do not fear them; because all who are destructive have done so much that is wrong, that can be revealed at any moment, that they themselves live in constant fear of the reactions of their destruction.

You who want the Constructive Way of Life can be free from that fear and can call forth the full recoil upon all destructive individuals, of every plan they have to destroy others. For remember, the battle of Light and darkness, in the world to-day, is not a battle of individuals. It is a battle of the mental and feeling world, which is the location of the Energy of each one's Life-Stream. You are a mental and feeling being. In order to be happy, you must feel Harmony and have that Harmony sustained. You know, without my telling you, that destructive individuals and groups who want to take from you everything that you know you have a right to use, will not give you any Harmony in your mental and feeling world. Then, the battle that is going on to-day between the constructive and destructive forces in humanity, is but a battle of mind and feeling.

Then, will you lift your consciousness, your mind, to your own "Mighty I AM Presence" and the Ascended Masters—that Part of Life which can never think nor feel destructive conditions nor forces; and, using the full authority of that Life and Consciousness, control the Energy in your world harmoniously and command the energy of destructive individuals to destroy its own cause, which is their feeling? You do not have to

accept a destructive feeling from any human being in this Universe, unless you want to!

When you understand that to let go of your fear and dependence upon the so-called avenues of protection of the physical world, and stand unconditionally, 100 percent, with that Power of Life which owns the Universe — your own "Mighty I AM Presence" and the Ascended Masters—means you will be protected at all times. If you fear destructive individuals, more than you trust in your own feelings—thru the Life that beats your heart and the Consciousness of the Ascended Masters which wants to give you only good and greater good—then *how could* you be protected? Fear of destructive forces is what makes mankind slaves to destruction.

How can you fear or doubt the Power and Intelligence of Life that placed you here in a physical body? As long as It keeps breathing your lungs and beating your heart, It must have some use for your body; and if you will but give It your attention enough to ask the purpose of your physical embodiment, what It wants you to do, and how It wants you to do it—you will as surely receive Its reply as you ask the question. Could Life place you here without a purpose in so doing? Then if you will call forth from Life the knowledge of that purpose, you can also call forth the Power of Protection to keep you protected until that purpose is fulfilled.

Human beings thruout the centuries have been leaning on something outside of their own Life and that Great Perfect Intelligence which built the Universe—the "Mighty I AM" and the Ascended Masters. As long as you lean on anything human, you will be disappointed; and you must be, until by force of circumstance you are com-

pelled to turn your attention back to your Source and fulfill that which It wants you to do.

The attention of our early patriots was held with very great determination on the Ideals of Freedom from taxation; and the desire to worship their Source as they chose. Their attention was upon Divine Justice and Freedom. They held it so powerfully upon their Ideal, that Life was compelled to give them the Protection necessary to bring that Ideal forth into physical fulfillment. They gave their all, to provide those conditions for us. Will you do as much for the generations yet to come?

When I said the other evening that the viciousness and destructive plans of individuals and groups in the United States of America which has already mortgaged the lives of three generations yet to come, wants now to mortgage the life and body of every human being in the United States of America—you should take your cue before it is too late!

No human being, nor group of them in all of the humanity of earth, have any right under any law—Divine or human—to own nor control the minds and bodies and energy of three generations yet to come. *Life* owns your bodies and your minds and your energy—not the destructive intent of depraved human beings who have not understood the Great Law of Life enough to give It obedience, that they might have Happiness, permanently sustained. All destructive individuals and forces are both ignorant of the purpose of their own existence and viciously rebellious against Obedience to the Divine Law and Constructive Plans of the Universe. We as American citizens have no right to sell our children and our children's children into slavery; for the Law of Our

Land forbids that!

Do you think there could be any such thing as Protection to you under the authority of such individuals? Then *please awaken* and give your *ALL* now, in your call to the Presence, the "Mighty I AM" and the Ascended Masters, that those individuals be removed from our country completely and unconditionally; that all authority be withdrawn from them in whichever channels they are acting, and that they be replaced by those intelligent, fearless, strong, honest, determined people of the Light to hold the Freedom of Life and the Divine Justice of the Law of Balance, above everything in the physical world.

You know there used to be a little limerick that said: "Hitch your wagon to a star and jump right in and there you are." I say turn your attention to the "Mighty I AM Presence," and the Great Host of Ascended Masters, make your call in the full Authority of your own Life for the Protection of the Highest Ideals of Life in the United States of America, and issue your Great Command—that America shall remain forever free and untouched by destructive forces; and you will have an answer from the next Octave of Life above the human, with a Power and Force that destructive individuals will comprehend and obey.

We have said to you repeatedly, the Ascended Masters have assured us that no matter how fierce the struggle might be, for the Constructive people in the United States of America to defend their rights guaranteed to them under the Constitution of the United States of America, yet *shall* they come out of that condition Victorious, by the Power of Light! We shall not yield one inch to destructive individuals nor forces, because we call their "Mighty I AM Presence" and

Higher Mental Bodies into action to give us Protection and to bind back into its own cause the full pressure and accumulation of their own viciousness intended for the rest of the people.

Life demands the use of the words "I AM", and the use of the Great Command, in order to focus the Cosmic Light Rays to a definite objective to render that service. When you issue an Ascended Master "I AM" Decree, you provide a point of concentration to which the Ascended Masters focus a stream of Energy that continues to build until it overwhelms that against which it is directed.

No one has a fragment of an idea how important the Great Creative Word of Life is. That is what we are asking you to use with a fierce determination in your feelings, that no authority of destructive individuals shall over-rule Authority of Life to command Protection for that which is Constructive. Whoever releases the most energy will win. The Ascended Masters can release Limitless Energy. Destructive human beings can not use Infinite Energy. When you understand that, you will give these Decrees with the Authority of Life and Light that knows only one result—Victory—and Greater Victory for every constructive call that you make.

So arise now in the full Authority of your own Life-Stream, and issue the Great Cosmic Command, that the Victory and Power of Light in the United States of America shall each day blaze forth a million times more Powerful than the day before, until no destructive force can survive under that Cosmic Light; but all that is Constructive shall be Energized by it and America hold the Freedom of Life for all mankind, until all reach up and accept it and go forth the fulfillment of Its Victory.

The Ascended Masters have asked the "I AM" Students and all who love Perfection, to call forth Invincible Protection for every Constructive activity of Aviation and every Constructive individual within those channels; to so build that momentum that it crowds out of existence everything that is destrucive and removes all individuals who oppose the Greater Freedom, Blessing and Perfection which the Ascended Masters have decreed shall come forth to fill our land and Bless our people—for America shall arise and express such Glory, Beauty and Freedom that Life intends, as no human beings have ever dared hope!

The Ascended Masters have said: This Work goes forward Victorious, in spite of any human being or all on earth; that America shall stand Victorious by the Power of Light before every destructive force, even though all the rest of the world combined against the constructive people of America. Please accept that, beloved ones, and call this Power forth with such Almighty Overwhelming action, that you stem the tide of the destruction which is trying to rob you of everything that makes Life worth while.

We charge forth such Invincible Protection around all the "I AM" Students who have listened in, that no destructive force shall interfere with their Great Eternal Freedom; and we ask you in turn to envelop every constructive person, place, condition and thing, in that Great Power of the Cosmic Light a million times greater than yesterday, to hold them untouched by destruction, forever, for

"The Light of God never fails"!
"The Light of God never fails"!
"The Light of God never fails"! and the
"Mighty I AM Presence" is that Light!

· NEW MUSIC ·

IT is our great privilege and joy to announce the release of two new songs by Godfre Ray King (Mr. G. W. Ballard) —"America Our Own Beloved Land," which was released some time ago, and—the "Goddess of Purity."

· AMERICA OUR OWN BELOVED LAND ·

"AMERICA OUR OWN BELOVED LAND" was our Beloved Messenger's own Gift of Love to America and her people and is dedicated in Eternal

Love, Gratitude and Blessings to the "Mighty I AM Presence," the United States of America and the Americas; that a nation of Ascended Masters may come forth on this earth to lead the rest of mankind into the next Octave of Life's experiences—the Ascended Masters' Octave of Light, the full Master Power of the Universe.

We ask all who sing, play or hear this song to send forth their heart's deepest Love and Blessings to all within the United States of America and the Americas; that a momentum of feeling may be charged forth into our Country which will strengthen and make Victorious every Constructive Activity and individual within our borders forever.

We ask that all "I AM" Study Groups never fail to sing this song once in each meeting for America's blessing.

America, we love you! America, we love you! America we love you, and our Love is great enough to hold you eternally Victorious in the Light.

· GODDESS OF PURITY ·

"GODDESS OF PURITY" is dedicated in Eternal Love, Gratitude and Blessing to the "Mighty I AM Presence" and the Beloved Cosmic Being, the Goddess of Purity, whose purifying activity of the Light Rays, mankind and the earth MUST have to hold enough harmony here to enable them to survive into the future.

The Goddess of Purity controls all activities of the Quality of Purity to mankind and the earth and She will pour forth Her Cosmic Assistance to everyone who will call to the "Mighty I AM Presence" and give Her recognition. The moment you place your attention upon Her, you are definitely in connection with Her Great Perfection and Power of Life because everyone can contact that

which is Greater than himself thru his attention.

The Light Rays which She projects are Light, Substance, Energy and Perfection from Her Great Sphere of Activity and carry tremendous Harmony and Healing Power because all anyone needs to heal the mind, body or feeling world is complete Purity of the substance of his or her mental, emotional and physical bodies.

When this music is heard, played or sung, visualize Her Mighty Light Rays of Pure Eternal Light-Substance pouring in, thru and around your physical body, your home and your affairs —forcing out all other substance and leaving everything clean, pure, harmonious and Perfect in the Dazzling White Light of each one's own "Mighty I AM Presence."

Send your Love and gratitude to Her and call for Her Out-Pouring to be sustained, until all are as Perfect as She is. Since mankind knows so little about this Great Glorious Being of Light, let us welcome Her with every atom of our beings; and ask Her to pour thru us Her Greatest Help, until all mankind are as Pure, Beautiful and Perfect as She is.

· MIGHTY VICTORY'S DISCOURSE ·

Shrine Class—Christmas Day
December 25, 1938

SINCE you are willing to respond to the mention of My Name, and since you do release such energy, such tremendous amount of substance, then I too respond to you in ways that you could not yet understand; but it is sufficient for you to know, that you will receive My Victory into your feeling world for constant action. In your outer world of action, It will make you victorious in everything upon which your attention is fixed providing you will dismiss the old feeling that you are subject to human conditions!

If you will follow this direction, you will not one hour longer be subject to human limitations! For hundreds of centuries, I have known only Victory—hence My Name! Therefore, if you will give in response to Life, the very little obedience that is required, you may have this Mighty Stream of Energy flow forth which is the Victory of Life.

Perhaps, I should explain to you that this Victory is not just a Quality, not just a Substance. It is a Stream of Energy—the Ascended Masters' Energy, which the human cannot requalify. It goes forth in Its own Perfection. Therefore, do you realize what this opportunity means to you to-night? Think for a few moments! Dear ones, this is not a human activity. It is the Power of Light—MyVictory and Life-energy, which is Pure and Perfect! If you will maintain harmony in your feeling world to allow It to pour forth, you will not need to ask anyone Its Power of action in your world.

This Stream of Life and Energy enters into your world thru the action of your Higher Mental Body at My Direction; and remember I am not limited in regard to the number of people whom I desire to assist. In the need of the earth to-day, and in the activity of the students who have been so earnest and so sincere in their devotion to the Light, I am offering you My Victory! It is well the students should be sincere to this Light. When I see this sincerity manifesting in mankind, then My Great Power of Life and Energy shall come forth to bless them, to strengthen them, to give them the Power of Victory in all that is constructive upon which their attention is fixed—and surely no one of you would want to do anything destructive.

Therefore, beloved ones, in the use of this Energy, the Power of Life surging thru mankind, try to feel the difference between a vicious desire to do wrong and the stopping of vicious forces. There is no wrong in stopping vicious forces, for mankind *must* do it! Whether it be individuals or the activity of nations, the Law is quite the same! Mankind has the Divine Right to protect themselves and protect the nation.

Therefore, this Assistance which is being offered to-day to the people of America is Invincible Protection by the Power of Light and Energy! We know how to wield that energy without limit. We know the limitations of the human. No matter how destructive it would desire to be, We know it has no power before that "Mighty I AM Presence" of Life or the Light Rays which We call forth.

It is your privilege, it is your right to acquire this Understanding and this Application which will make you Invincible in your individual

world. Then you will not fear what man may do to you. You will stand the Supreme Authority in your world because it will be wholly constructive. When it is wholly constructive, your Power of Life draws from the Infinite Power of the Universe to bring you dominion.

Therefore, I say to you, fear no longer human limitation and discord. They have no authority in your life, unless you continue to accept that which has no authority. The appearance world of mankind is but human creation. All destructive forces are but human creation and they have no power except the energy they have momentarily gathered in their destructive feeling.

I call your attention to any individual who has become violently angry. There seems to be limitless energy surging for the moment, but when that force is spent did you ever see one violently angry who was not exhausted following it? Then, the evidence is there before you that it was a human quality charging forth the energy which it had gathered up to that moment. You would be surprised, if you saw people subject to violent temper, how they are constantly charging forth and exhausting their energy. Then when they try to bring forth some achievement or success, they find themselves unable to accomplish it.

Many times those people hate others about them who are successful, because in fits of anger, having spent their energy they do not have it to use; but the one who is calm and serene has the limitless Power of Light to pour forth into his or her world to gain the Victory of the achievement.

Beloved students of the Light, how I wish you understood completely the privilege that is yours.

You are gaining rapidly, there is no question about it, but I long for you to be at the point where you feel the Definite Power which is surging in you; the Command of Life and the Presence of Life, charge into your body; into your world of action at your command; for a Mighty Light Ray to go before you, harmonize, clear your world and make it victorious.

That is why beloved ones, mankind is foolish to remain in bondage, when they have this Understanding and Power of Life to be free. It only means constant dynamic application, until the day they see themselves Victorious and Masters of energy and substance. That is your privilege. Assert your Dominion! No one can do it for you! One can assist you and We are offering limitless Assistance, but if you continue to accept old conditions of something outside in the world of mankind that can deprive you of what you require, you short-circuit the Assistance We can give. Then you go on in your feeling world accepting things that have no power unless thru your attention, you feed your Life into them to come back, limit and disturb you.

Oh, beloved ones, you blessed ones of Los Angeles and vicinity and those visiting here, please understand how impossible it is for discord or limitation to enter your world unless thru your attention upon it, you invite it into your world. You cannot possibly receive anything into your world that you do not invite by holding your attention upon it. In the Name of the "I AM Presence" of Life remember this, make it a vital point in your Life and stand the Master of every situation.

I am determined this night, to so anchor within your feeling world the Presence of My Victory

of Life that you will feel It; that you will exercise It; that you will use It to go forth cleanse and purify your world of action, charging forth the Mighty Power of Light which harmonizes everything and brings you into the Power and limitless action of Life which is the Glory that every human being will have some day.

As I understand your friends the Methodists used to say: "Now is the accepted time." They spoke wiser than they knew, I am sure. Now *is* the accepted time for the Glory and Victory of Life! My dear ones, try to feel and understand, to-night, what this means in the Power of Life which We offer to act in your world—in your feeling world.

I tell you frankly, beloved ones, if you would accept this charge into your body that I am offering you to-night, there would not again be one single imperfection or discord act there. That is what the offer of Life means to you. You would feel and be the dominion of your body, and when anything disturbing started in your body, if you would say to it: "Stop that nonsense! Come into perfect action here! I will have no more of that," it would obey on the instant.

Think of it, beloved ones, how unhappy are the conditions thru which mankind have given power to everything in the world but the Presence of Life. Is it not unfortunate? Yet it is so. Mankind have given all power to the appearance world, which is but human creation to come back, harm, limit and disturb them; when it has no power of its own, for it contains only momentarily charged and qualified energy and when it has spent itself, it is gone forever.

Angry individuals send forth a charge of Life's energy and force which will knock another un-

conscious. That same power and energy charged forth for constructive purposes might win the Eternal Victory of Life for the individual. Therefore, I say to you, beloved ones of the Light, use your energy as God intended. Use it constructively and then keep charging, charging and charging it forth, like mighty waves going out gaining an Almighty Momentum. Then, one day when you command your pathway to be cleared, so will it be on the instant. You are Children of the Light and are able to call forth the Infinite Power of Light, and remember how great your privilege is.

Suppose your physical bodies were not harmonized sufficiently to call forth great charges of energy thru them. Observe the Chart and then see how those Light Rays represented there can be called forth into action to go before you. They can be sent into action by your Higher Mental Body to clear, harmonize, cleanse and purify your pathway for the Victory of Life.

I say to you beloved ones, your privilege is without limit, but if you will not assert your Authority of Life, how can It bless you? For instance, if you will not accept into your world of action My Offer, to-night, of My Victory, which is an endless Current of Light and Energy, how can I help you? I am ready! Your Life is ready, but is your feeling world ready? I trust it is. However, I shall do My Part—and remember that in My Current of Energy is happiness.

I am a happy sort of individual. In fact, I have not known anything else for a long time. (applause) Oh no, We do not get tired. No, no, but as you gain in the Victory of being able to pour forth happiness what an opportunity, what a

privilege aside from all other achievements! To give happiness to your fellow-being is one of the greatest blessings to mankind.

Would you believe it, there are hundreds of thousands of people in your America to-day who if they would exert their privilege of calling forth happiness into their feeling world would as Charlie McCarthy says: "Mow 'em down." (applause) You will notice I believe in being practical. Oh, believe Me, I will see that you get some of My Happiness. (applause) Individuals are looking for miracles, isn't that a miracle? (Applause)

I am so very grateful that you beloved Students of Light are coming to understand that We are Real and practical! Because a Great Being has become free from earthly conditions, is no reason why that One is not practical. In fact, We are the most practical of all People, because We understand Life. Oh, my dear ones, to understand Life is to become very wise, for true Wisdom is the Wisdom of Life. Think of it, in that Mighty Stream of Energy beating each human heart is the Wisdom of the ages. Oh, my dear ones, try to feel that to-night, as I am pouring this Mighty Radiance forth to you. Try to feel the Mighty Truth of that. For you who understand the "Mighty I AM Presence" above you and feel Its Power of Life giving you action, there is no reason in the world why you should not have Its Limitless Power of Action at any time at your call. You alone are the Decreer for that. You alone are the Power which can call It forth.

Therefore, I say to you beloved ones, call, charge forth that Mighty Power of Life! Call It forth into your body to cleanse and purify and

by the use of the Violet Consuming Flame let the two meet and forever remove imperfections from you and your world. It is the Glory of Eternity, beloved ones, and you are now entering into Eternity in its fulness, without the reaper of death; for in all the Universe there is no death, beloved ones. There is only the Glory and Power of Eternal Life!

To-night, I am just whetting your appetite, for I shall be with you again during this class. (applause—audience rising) I thank you ladies and gentlemen, and remember the next time be ready for a long session. (applause) I thank you so much.

· GEMS OF LIGHT ·

Saint Germain:

"I know words do not convey it, but if you just really realized how quickly could come the Glories of all your hearts' desire by complete harmony maintained in your feelings, I am sure there is not one of you who would not do it in spite of anything."

Saint Germain:

"You see the intellect—Oh, not always, but in most instances, has got to have before it some more or less evidence before it will really let go and give over to the feelings the Power that belongs to them. Few are able to say to the wrong activities of the intellect: "Now shut up, sit down and behave yourself"! There are those who can readily do that, but most of the students cannot say to the intellect: 'Stop that, I will have no more of it'; If they would do this, how easy it would make the rest."

· GOD TABOR'S DISCOURSE ·

"I AM" TEMPLE—Los Angeles, Calif.
December 20, 1938

BELOVED Children of the Light, I bless you! I hold you within the Powers of Light. It is My Privilege to have watched over the Western part of America for a long period of time; because shortly after the Ascension of Jesus, I came to America to take charge as Guardian of the Rockies. Mount Tabor in the Holy Land was named for Me.

Will you who are so earnest, so very sincere in your service to the Light, then understand why it is that step by step, you find the explanation given—not only that you have been drawn together, but why the Great Ones have thru many centuries rendered Service in co-operation with each other? To-day Our Service is coming into Its Final Goal, the Victory of Light to the earth. (Thank you so much)

In the conditions of the earth to-day and in all that has been done during the past, mankind

have constantly drawn greater and greater density about themselves thru not understanding, dismissing, repelling nor consuming the discord. The great rapidity with which mankind are freeing themselves to-day, is a joy beyond anything We have known in many centuries.

You do not know how well We all love your Saint Germain. Remember, that His Wondrous, Glorious Blessing in the Rockies has been known to Me for a long time. Electra spoke to you the other night of having been somewhat conversant with Saint Germain's Activity, of which the outer world knows so little. I join hands with Her in saying, I too know something of your Saint Germain.

I say to you, as One in authority, that your privilege is extremely great in being able to give your devotion, your gratitude to Him! The Great Law that governs this Universe makes no mistake, and the Great Central Focus, the seven Great Rays governing the activity of this earth are under the Direction of Great Beings of Light. The earth has passed thru the activity of the first Six Rays; and it is now coming into the Activity of the Seventh, which is the Final Ray.

Then you can understand with Me, why this is the culmination of the ages; or, in other words, why the discordant conditions in the accumulation of mankind, have not reached their apex before. It is because the Great Cosmic Light and Power compelled all to wait, until the incoming of the Seventh Ray and Its Power of Action, which is the Violet Flame in Its Consuming Power. It is the only means provided by the Presence of Life and Its Mighty—Its Great Intelligence, by which mankind can have dissolved and consumed for them at their call the accumulation of the ages.

Then, you will understand how in your Great Love and sincerity you feel such great gratitude to Him whom the Great Law has made the Master of Ceremonies, in bringing and releasing to the entire earth the Freedom of mankind. I quite agree with you, from the human standpoint, it does not seem so encouraging to-day; but if you will remember under the Great Great Law of the "Mighty I AM Presence" you have been taught to know that the appearance world has no power and as you continue to assert that with your deepest feeling, the Light will go out and act within the mental and feeling world of mankind, finally gaining its dominion with such a Power that human discord, selfishness, deceit, treachery and viciousness will vanish from the earth.

This is not idle talk, beloved ones! It is the Action of a Great, Great Law, the greatest in the Universe; and therefore in your co-operation with that Great Law, do you not think you as individuals would have Its Protection, Its Supply, Its Happiness, Its Harmony? You can have all these qualities of action at your command without limit!

Let us try to-night to understand just what those qualities mean. You of course would not pretend to command the Great Intelligence of the Universe; but remember, you are the out-picturing of the Greatest Intelligence in the Universe. You might say to Me: "Well many of us have not been manifesting so great an Intelligence, because we have found ourselves enmeshed in all kinds of qualities"; yet I say to you, the Light in your heart is a part of that greatest Intelligence which exists. Therefore, you are an out-picturing of that Almighty Intelligence; and as you

respond to the light and the Directing Intelligence thru that Light within your heart, you will become that Masterful Presence of Life, which We have become.

Think what it would mean to you to suddenly find yourself in a position to command, thru the harmonious Radiation from your physical body, a Power sufficient to govern and harmonize everything that touched your world. Would there be any struggle or any battle then in the provision of your world, to produce whatever you require for service; or in rendering service to persons, places or conditions? Try to feel this clearly and definitely.

May I digress just a moment to congratulate your beloved one, our beloved Ratana, for the charging of the atmosphere of this building with a clearness of comprehension that is most remarkable. I shall expect you to-night to comprehend clearly that which I am saying to you, which will enable you to have a great strength and feel your dominion with an extraordinary Power!

As your Beloved Victory said to you last night, remember that yours is the Greatest Privilege of Life in having come to know that you are the Outpost of the Great Presence of Life. Now remember, thru the anchorage of this Light within your physical heart, you have the right, the authority to be the Commanding Presence of the energy that passes thru your body or called into action at your call. Will you remember that and feel it deeply?

You are the Commanding Presence governing and charging all energy that passes into and thru your body or called forth by you to render whatever constructive service you wish; to produce health in your body, harmony in your world, happiness and limitless supply.

Oh, that the world might know this in Its Fulness; because the Ascended Masters are endeavoring so earnestly to convey into your conscious use the Great Motor of Happiness, and all that it means to you. Please understand happiness does not require things; happiness does not require just certain conditions. You have believed this. You have believed, that if you acquired certain supply, certain environment, certain conditions, you would produce happiness. I assure you that such has been tried millions of times and yet has not proven to be the Truth. Happiness comes alone from the Light within your own heart. Please never forget It! because you can generate this happiness at will!

I say to you, observe! because some of you were there in the diabolical act perpetrated upon this beloved Messenger in Chicago, thinking to confuse and interfere, but he stood untouched, unmoved in the midst of it all; and went on with his service to mankind, as if nothing had happened and that which was intended to turn people away brought hundreds of people instead. That is why the Great Law of Life is the Guarding, Commanding Presence. Since just such a thing is contemplated in the coming Shrine Class, will you as Students of the Light, arise with your Swords of Blue Flame and annihilate the rats from your midst? Human beings who stoop so low are but rats. So I say to you as Students of the Almighty Light: cleanse your city of these vicious creatures!

This Light shall go on forever, beloved ones! That viciousness will only last a short time and I mean all such activities thruout America and the world! You may not have comprehended what the Great Goddess of Liberty has said to you. It has been repeated a good many times: "If

necessary that Light as of a Thousand Suns *shall* descend into the earth and dissolve all human selfishness and discord from the planet." Well, can you believe that It has already begun?

Now, as We mention these activities and conditions, beloved ones, as you know the power of your attention and what it can produce for you and thru you, then will you see and know what it means to have your attention called to this requirement by which you may issue your Mighty "I AM" Decrees and use physical action, if necessary to wipe from your midst all destructive forces? Your city deserves it, your people deserve it. It is time that all heckling and interference with these Messengers, or attempted interference, cease forever and I think you all quite agree with Me. (applause)

Therefore, in the fulness of all the Perfection that you wish to have, go forth in your calls to Light for this Freedom that your city and your beloved state may be the fulness of that Power of Light which you wield! Go forth and do Its Perfect Work by the Power of the Sword of Blue Flame. The Messengers are not disturbed by these rumors, the falsehoods trumped up and all that kind of thing. You as beloved Students of the Light, I am sure will rise and cleanse your city of these lepers.

Therefore, beloved ones in this Activity, in the Service that Life requires, remember that you have Friends who will stand by you always! The day of the Victory of the Light is at hand! Better, beloved ones, to make a little physical effort now in the putting down of vicious forces, than to allow a disturbance and conditions that would bring destruction for the entire America.

Do you realize, if there was any force suffi-

cient to interrupt this Mighty Work of the Messengers, that the forces of destruction from Europe would rush in upon you, in less time than you can imagine? You, as Students of the Light, must understand why these vicious forces try so repeatedly to interfere with or disturb the Messengers. There could be only one reason in the world and that would be to let the destructive forces have their way with mankind; because thru your attention, your call to the "I AM"—the Presence of Life—is the only thing in this Universe which will ever bring you protection or hold it or your America free from the destructive forces that are ravaging Europe to-day. We are thoroughly conversant with everything that is going on.

Therefore, beloved ones, when We are ready to strike We only need one stroke! We as the Guardians of humanity are determined that this Light shall go on; and instead of one million people, ten million will be as earnest and determined as you are for the Happiness, the Freedom, the Limitless Supply, Perfection, Harmony and Blessings to your America and the world.

You do not realize to-day, how you as the Nucleus of this Great Light in Its ever-expanding Activity at your call to the Heart Center of the whole world, in the expansion of this Light, need to apply Its Dominion to bring Its Happiness and Perfection to all mankind. You have a few minor disturbances to-day and you have a frightful lot of unemployment, that is true; but were you to witness the conditions in Europe, you would think you have heaven on earth in your America.

Therefore, I say to you while the opportunity is before you—We cannot coerce you. We can

only urge you to go forward in your Mighty "I AM" Decrees, in your call to Light with an ever-increasing power and intensity, to bring about the fulness of all your beloved America requires. Remember, there are so many wonderful, wonderful people in your America. Two million people whom We know of who have not yet touched this Work, will have It before another year passes over their heads.

Therefore, if it were necessary to carry forward this Light, twelve of Us would come forth in Our Tangible Bodies; and then let the whole human world see whether there was a Power of Intelligence and Light that would compel humanity into obedience to the Harmony and Happiness of Life!

If anybody is foolish enough to think that to destroy the Messengers would interfere with the expansion of this Light, then they are insane! You have heard Us say repeatedly, that if necessary, We would take this Activity up Ourselves and carry it forward and all your cannons and gatling guns could not harm Our Bodies, and remember It! but Our Light Rays can compel every human being to bow his or her knees in obedience to Us, and don't forget that! These Messengers were not sent forth for any idle purpose and the vicious creatures who call this Work psychic, will one day find that of which they have accused these Messengers, turning upon themselves and they will become the victims of that psychic force upon which their attention has been fixed.

I am talking earnestly and straight to you tonight, beloved ones, because of the earnestness, sincerity and intensity of your Love and your Light; and I say to these people in Los Angeles who are contemplating these vicious things: Be-

ware! You are not dealing with these Messengers! You are dealing with Us who you do not believe exist! Those vicious accusers have said that this beloved Messenger who has brought so much good to America already—that his work is psychic. It is not! Their accusation is the greatest falsehood ever uttered in this world. We are the Individuals giving these Dictations; and *remember* the whole world soon enough will find out the Truth of that!

So, I say to you who are so in earnest: Stand your ground! Use your Sword of Blue Flame with Its Infinite Power of Action and cut asunder every destructive force that exists! You have the Authority, the Right, the Power to do so.

Therefore, beloved ones, mankind has reached its apex of destruction and now the Light is taking Its Dominion! These unfortunate individuals who preach against this and try to make people fear the Cosmic Light, how ignorant! how foolish! as if they could interfere with the Out-pouring of a Great Cosmic Light of which they are too ignorant to understand.

Then, beloved ones, remember, that you stand, you move, you act in the Presence of Life, with Its Infinite Power. The Messengers, or We, have no condemnation of individuals, but We are determined that all destructive forces manifesting thru such individuals shall cease, and watch it!

Therefore, beloved ones, in all you require individually, remember in the "I AM Presence" that beats your heart, in Its Great Commanding Power and Presence are the things that you require. When you seek the Presence first and foremost in all, then you will find the things you require at hand. Will you please understand that

to-night! I know under pressure you are so inclined to call for things, and it is quite all right; but after all, knowing that in the Fulness of the Presence are the things that you require, then in the Fulness of the Presence is the Power of your desire!

Remember, that in the Fulness of the Presence are the things that you desire; in the Fulness of the Presence is the Power of your desire. Then understanding this, you will see that your desire is the Power of Life drawing into action all energy that acts within your world; and to qualify that energy with the Power and Perfection of Life, your "Mighty I AM," is the fulfilment of the Law; is the fulfilment of Life; the requirement of every individual upon this earth.

Do you understand that in complete co-operation with Life, there could not be one single thing withheld from you that you require? Please understand it! Not one single thing you require could be withheld from you in that full co-operation with Life, full obedience to Life. Then your call would produce instantaneous response at all times and that is why We try so earnestly to clear the comprehension, and set into action in the feeling world of each one, that Power which We know to be the Commanding Presence, for It will produce these Instantaneous Results.

Only to-day the Messenger had an answer to a call. A mother wired and wrote with such a great call from her heart for her nine year old son who had been taken to the hospital; and one call from the Messenger restored him, where the physicians said it was impossible. He is well to-day, to the astonishment of the staff of physicians in the hospital.

Now, beloved ones, should not the great Love of humanity protect one who can render this Service to mankind? Should he be heckled and attempted to be interferred with by foolish half sane individuals? I leave it up to you to judge. Thousands of cases have been healed at his call and the projection of those Mighty Light Rays. Show Me any one else in America who can do it. This is the evidence before mankind; and should he not have your protection, should he not have the Protection of Life thru you?

Remember, what God, the "Mighty I AM," does for you It must do thru you. Only the Ascended Masters may do for you without doing it thru you; but your call to Life causes God the "Mighty I AM Presence" to be compelled to do thru you what It has to do for you; because that is the Perfecting Activity of Life in all its phases of manifestation.

I rejoice with you exceedingly, to-night, in seeing the great achievement of the past months, and now that you have been informed and understand how to protect yourselves against the wave that has attempted to be thrown over mankind in the fear of financial limitations; since you understand this, you are now able to call forth this Light and Power of the "Mighty I AM," to dissolve and consume that and keep it consumed from your world of action. You can consume every vibratory action of that kind which attempts to reach you or your world of action. Then you will see how free you will be from fear of financial limitation or the lack of any good thing.

There cannot be one thing, one dollar withheld from you that you need for use, if you will understand this. If you will see that it is only

fear which deprives you of the strength and power to release your supply, you will consume it. Then, your call to release instantly the money supply you require, will be fulfilled.

I want to relate to you—I may not mention the spot, since We do not want to get the attention of vicious forces on them; but there is a group of people in America—your fellow-students, who went thru very great privation, but they were strong enough to stand firm in the Presence of Life, of Light, until they broke down the wall of human limitation that had been directed consciously upon them to deprive them. They did not know that, those many months, but they applied, applied and applied the Law with great earnestness and intensity; and when they thought that the time should be at hand and that it must yield, still it did not, they went on again with redoubled force and energy; and then all of a sudden just like a physical thing, that wall of limitation and these forces who were directing it, were dissolved and consumed; and everyone of those blessed ones went forth within three days into desirable positions which it was thought impossible to obtain. Twelve of those individuals have been restored to their birthrights—their right avenues of service. They will be forever sustained in whatever they do or to which they may direct their attention, as a service to mankind.

I want you to know that to-night for the great great encouragement which it is. I say to you each one, there is no power in heaven nor on earth that can deny you or deprive you, when you cast out fear from your feeling world, give obedience to Life and call Its Infinite Almighty Powers into action! There is not one thing that can be

withheld from you! Please believe Me! I speak with Authority when I say this, for I know this Great Law! I know that you have the strength to so give obedience to Life and cooperate with It in Its fulness. Then in your mighty call to Life, have Its immediate Answer made manifest for your use.

To-day, you have come to know the use of Life; the use of the Great Law which is the need of mankind. To know a Great Law without using It, is to remain in limitations and distress; but to know a Great Law and then remain free from fear, facing the appearance world, means that you are the Commanding Presence of that energy which comes into your world that will produce Its Perfection, your Perfection there at your point in the Universe.

Oh, that all might understand what it would mean to any individual who understood and felt that this Presence was above him or her; who would stand and repeat those Words, "I AM," "I AM," "I AM" which is the signal to all the Life in the Universe, to come into concentrated action at the point of the Universe, in which that call is made. Do you realize what that means, beloved ones? It means that *all* Light, *all* Power of Divine Love, *all* Power of Intelligence, *all* Power of Authority comes into action at that call!

Now, I have a little surprise for your beloved one, Ratana. I had a two-fold purpose in coming to-night and dictating these words to the Messenger. I shall leave in this lovely Temple of Light a Presence that will bless this Temple with abundance, with Dominion, with Happiness; and that means a great deal more than just those words. I thank you for feeling what that means.

Oh, beloved ones, all who so earnestly serve the Light will find the Powers of Light always ready to serve them. Rejoice beloved ones, ere long, there will arise in your city a Great Temple of Light—one that will stand there under the Guardianship of the Great Ones of Light, Who will find those masterful friends in human form who will be under Their Direction, the earthly guardians—until They choose to come forth in Their Tangible Bodies and be Their Own Guardians.

I say to the goodly number of the beloved students here who have so earnestly decreed, so earnestly have sought in their calls to Life that this come about: You will rejoice beyond words when you see the fulfilment of that great great call. Again I repeat, that not one thing can be withheld from those who earnestly serve the Light, until the Light serves them.

It is the Greatest, Greatest Opportunity for mankind in the Universe to have again come to know your "I AM Presence." May I repeat this to you to-night? Beloved ones, to have come to know who and where your "Mighty I AM Presence of Life" is, is the Greatest Privilege in the Universe. Then you no longer question, you know your goal and you see in the Victory from the beginning, the attainment of that Goal.

Therefore, to-night in this charged atmosphere, feel It clothing you it Its Invincible Protection, Its Mighty Directing Intelligence and Its Power, Its Garment of Light that will give you the Strength and Courage in your calls to Life and Light to release Its Infinite Almighty Powers into action at once, to produce the results that you require.

At this point, will you in the stillness of your hearts feel the Power of the Great Silence for just a few moments take command of your feeling world and hold Its Great Dominion there forever?

Powers of Light, as these beloved ones give obedience to that request, release Thy Infinite Powers of Light, Thy Mighty Currents of Energy to charge within the world of action of each one, Its Commanding Presence and Power of Light to hold Its Dominion there forever; and as each call goes forth, It gains Its Power of Momentum and makes the next call ten times stronger, until the full Victory of instantaneous response to every call finds its dominion in the world and action of each one with the Powers of Light.

So We stand, to-night, in the Eternal Victory of Light, the Freedom of earnest sincere service, the Power of all achievement surging at our call by the Mighty Power of the Light Rays into our world of action; into the world where We wish to give Assistance that the full Power of Life may show to every individual in embodiment that It really knows no resistance nor interference; and the full Power of that Great Light is forever the only acting Presence thru each one.

I thank you for your response and for this permanent Anchorage within your world for constant action. Let It bless you and hold you in Its Embrace of Light until not one thing is able to touch your world but the Perfection of Life. I rejoice beloved ones with all My Heart at your ability to respond to that Decree.

Charge your world every night before you retire with Happiness and the Power and Victory of the Light, with the Peace that you require;

and then on arising in the morning with fearlessness of the appearance world that it can no longer deprive you of any good thing; and as you look upon it, know it has no power. Remember, your voicing that vibratory action into your world, makes all destructive forces powerless, as you gain the momentum of Its Infinite Action.

We have seen among the student body within the past few weeks, manifestations of their calls that are astounding. So, will you take the attitude of feeling and consciousness that you too have instantaneous answers to your calls and keep up that Almighty Feeling until the fulness of It finds action there. Then, you will see what a joy it is to have accepted the Power, the Authority and the Presence of Life to take Its Dominion in you and your world. Then will you know no more pain and distress in your body. Take the command to decree that never again shall any inharmony, pain or distress ever find action within your body. That will charge your feeling world with Its Power of Action until the fulness of all Life shall have Its Dominion there.

We thank you, beloved ones, to-night, and hold you in Our Mighty Embrace of Light until the fulness of all the Perfection your heart's desire finds Its All-powerful Manifestation in your world of action. Let Us help you to remove forever all pain and distress from your bodies; all fear from your feeling world; and help you feel the full conscious Dominion in your call to Life and Light. May We assist you to return to Life everything Life has given you that you may have again the fulness and the Abundance of the Perfection of Life in all that It will carry to you thru this Greater Understanding and comprehension of Life? I thank you.

· RADIO NEWS REEL INTERVIEW ·

Interview, July, 1940

THE Special Events Department of KMTR, in conjunction with the Radio News Reel, has transcribed an exclusive broadcast interview with Mrs. G. W. Ballard, at the Biltmore Hotel, this afternoon, in downtown Los Angeles.

By Transcription, we give you Mrs. G. W. Ballard:

How do you do, everyone? This is Hank Weaver, speaking on behalf of the Special Events Department of KMTR in cooperation with the Radio News Reel. We are speaking to you from the Biltmore Hotel in downtown Los Angeles. As you may have noted, listeners, from your newspapers this morning, the Courts of the United States indicted twenty-four (24) members of the Great "I AM," and now in answer to the indictment of the twenty-four people, we introduce Mrs. G. W. Ballard, to give her views on the situation, as we see it at the present time.

Question: Mrs. Ballard, first of all, we would like to ask you—what is your reaction to the indictment by the Federal Court, of these twenty-four people?

Answer: We are happy and willing to co-operate with the United States District Attorney, Mr. William Fleet Palmer, and his assistant, Mr. Norman Neukom. We thank the United States Government for the opportunity to let all understand that this Light and Truth is Its own Defense and the very high grade of people in the "I AM" Student Body is evidence of the Con-

structive effect received from applying this Law.

The Ascended Masters' Law of the "Mighty I AM Presence" is the Eternal Truth of every human being's own Life. The Ascended Masters are Real, Tangible, Living, Breathing Beings of very great Perfection. They are the Guardians of all that is Constructive on this earth and no amount of ridicule, falsehood, nor ignorance of mankind can take them out of existence, nor interfere with Their fulfillment of the Freedom and Divine Justice which They are bringing to all mankind.

There are Beings in this Universe more Perfect, and far more Powerful than the human beings of this earth who are so full of mistakes, ignorance, misery, and destruction, that they deny the Reality of that which is greater than themselves.

Question: Mrs. Ballard, we would like to ask you—what is your answer to the charges of fraudulent use of the United States mail, in connection with the "I AM"?

Answer: We have provided Reading Rooms where anyone may read the books and receive the Instruction without paying one cent for anything. We have given Good, and only Good. We have asked nothing in return but the Harmony of each one's own feelings, so greater Good could come to all.

This work is brought forth in the interest of the public good, for the Protection and Illumination of the people of America and the world. It is not a cult! It is not occult—which means hidden. It is not psychic, nor spiritualistic; for the Ascended Masters are as far above disembodied spirits, as Light is above darkness. This Activity is intensely patriotic and educational, and can

never produce anything for anyone but Good.

Question: Mrs. Ballard, in the indictment of twenty-four people, it was very far-reaching, from coast to coast, and from Canada to our Southern Borders. We would like to ask you—what will become of the other members of the organization who were included in the indictment?

Answer: They face exactly what I face, because we all stand for everything that is Good, True and Perfect, to all mankind. We love that Ideal, and we love America more than words can describe. We stand, face and conquer by the Law which we have taught to those who have turned their faces to this Light, and that Light, which is the Owner of all that is within this Universe, is Great enough to reveal the full Truth.

We have told the Truth, the whole Truth, and nothing but the Truth; because we do not need to tell anything else.

Question: How long has the "I AM" been in existence?

Answer: Well, this Instruction, as the Ascended Masters have brought it to the outer world to-day, has been taught to the people of the United States of America and the world, since 1934. It was taught in Chicago for two years.

Our Classes have been open to the general public for almost six years, with no charge for anything whatsoever, and they have only been closed in the last six months because of the viciousness of the individuals who had come into the audience, not to receive the Good we offered, but to cause disturbance, and we have ejected from our meetings communists, Nazis, spies, and individ-

uals who had come only to create discord, which we do not permit in our class-rooms.

Question: Mrs. Ballard, does this indictment come as a surprise to you?

Answer: No it does not. Because individuals who are unfortunate enough not to want to obey the Constructive Way of Life, have always hated that which was above themselves. We are not surprised; it is the thing which every Great Movement has always gone thru.

We are undisturbed by it, because the Light is always more powerful than the destructive impulses of unawakened human beings.

Question: And now, Mrs. Ballard, we would like to ask you if you are familiar with the people who launched their complaint with the District Attorney's office?

Answer: Quite so.

Question: And what have you to say in answer to their charge?

Answer: We have but to say what we have always said—the Truth, the whole Truth and nothing but the Truth is that we have only given Good; we *shall* give only Good; we have never asked anyone to do anything that we have not done ourselves, and we have sought to make the people of the United States of America better citizens, and true Americans that they might be happier and protect the Constructive Way of Life for the generations yet to come; and to be grateful for all the Blessings that have been endowed to the people of this country and of which we have been the beneficiaries.

We feel the obligation to protect that and This Work has been a constant service to that end.

Question: What do you believe will be the outcome of the indictment?

Answer: I leave that wholly within the action of the Great Law of Light and Truth.

Question: What have you to say in closing, Mrs. Ballard?

Answer: I give my Blessing to all mankind. We have only kindness for every human being on this earth. We have never sought to carry revenge or retaliation to those who are so unfortunate as to refuse to give obedience to the Constructive Way of Life.

I say, as the Ascended Masters have said, and as our Beloved Master Jesus said: "Father—which we call the 'Mighty I AM Presence'—forgive them, for they know not what they do; and do Thou, my own 'I AM Presence' see we do not do it too."

Thank you very much, Mrs. Ballard.

Now, ladies and gentlemen, we conclude this interview with Mrs. G. W. Ballard, the Messenger of the Ascended Masters, regarding the indictment of the twenty-four members of the 'I AM' organization.

This has been a transcribed presentation of the Special Events Department of KMTR, in cooperation with the Radio News Reel.

Your announcer has been Hank Weaver.

The program you have just heard was an exclusive scoop of the Special Events Department of KMTR, in conjunction with the Radio News Reel, the latest development in Radio News presentation.

· WE HAVE NOT DEFRAUDED! ·

N all justice to the "I AM" Students thruout the world, we give to the entire student body as well as to all mankind the Truth, the whole Truth and nothing but the Truth that—

"We have never used the mails to defraud anyone of anything!

"We have never asked a human being on this earth for money to carry on this Ascended Master "I AM" Activity! We have never asked for a student list nor sought to draw anyone from any other activity!

"We have never intruded on anyone's free will nor at any time ever used any mental force or power to persuade, entice or compel anyone to come into This Activity or give us anything!

"We have offered good, only good and nothing but good!

"We have asked nothing in return except the individual's Obedience to the Law of his own Life, by keeping his feelings harmonious so Perfection and protection could fill him and his world with Perfect Happiness"!

Our Beloved Ascended Master, Saint Germain, told us months ago that America's greatest danger lies not only in the spies within our country, but in the communists, nazis, fascists and fifth columnists in governmental positions.

The vicious false accusations against this Ascended Master Activity of the "I AM", which is wholly patriotic and educational and has rendered such service for the protection of America, could only come from those traitors who oppose America's Freedom and Divine Justice and whose chief desire is to release destruction into our land.

MRS. G. W. BALLARD AND DONALD

Saint Germain:

"Few can realize really what determined application means. Anyone could set himself free so quickly, if he would really just enter into and make that dynamic application, and everyone needs more or less of it; because when one is up against the suggestions of the outer world they need dynamic application. I do not mean by that too prolonged application, but to give snappy and powerful application two, three, four or five times a day for ten or fifteen minutes is more powerful than too prolonged application, until one loses the power of it."

Saint Germain:

"The physical wants to find all kinds of excuse to think it is exhausted. If it can get the suggestion working it wants to just be so determined that it needs rest; that it becomes exhausted with a little exertion and all that kind of thing, which is not the case."

Saint Germain:

I say to you—"Make your powerful dynamic application. Most of you are doing it, but the rest of you must feel the need. Do not leave it to your Presence or Me to do the work which by your application you are required to do. So much application is required of each one to enable Us to release the Assistance that you would like to have; but We cannot go beyond the bounds of that which your application enables Us to give. So remember, it is important for you to make your dynamic application in order to give Us the opportunity to do the things We would love to do for you."

· NEW MUSIC ·

IT is our great privilege and joy to announce the release of two new songs by Godfre Ray King (Mr. G. W. Ballard) —"America Our Own Beloved Land," which was released some time ago, and—the "Goddess of Purity."

· AMERICA OUR OWN BELOVED LAND ·

"AMERICA OUR OWN BELOVED LAND" was our Beloved Messenger's own Gift of Love to America and her people and is dedicated in Eternal

Love, Gratitude and Blessings to the "Mighty I AM Presence," the United States of America and the Americas; that a nation of Ascended Masters may come forth on this earth to lead the rest of mankind into the next Octave of Life's experiences—the Ascended Masters' Octave of Light, the full Master Power of the Universe.

We ask all who sing, play or hear this song to send forth their heart's deepest Love and Blessings to all within the United States of America and the Americas; that a momentum of feeling may be charged forth into our Country which will strengthen and make Victorious every Constructive Activity and individual within our borders forever.

We ask that all "I AM" Study Groups never fail to sing this song once in each meeting for America's blessing.

America, we love you! America, we love you! America we love you, and our Love is great enough to hold you eternally Victorious in the Light.

· GODDESS OF PURITY ·

"GODDESS OF PURITY" is dedicated in Eternal Love, Gratitude and Blessing to the "Mighty I AM Presence" and the Beloved Cosmic Being, the Goddess of Purity, whose purifying activity of the Light Rays, mankind and the earth MUST have to hold enough harmony here to enable them to survive into the future.

The Goddess of Purity controls all activities of the Quality of Purity to mankind and the earth and She will pour forth Her Cosmic Assistance to everyone who will call to the "Mighty I AM Presence" and give Her recognition. The moment you place your attention upon Her, you are definitely in connection with Her Great Perfection and Power of Life because everyone can contact that

which is Greater than himself thru his attention.

The Light Rays which She projects are Light, Substance, Energy and Perfection from Her Great Sphere of Activity and carry tremendous Harmony and Healing Power because all anyone needs to heal the mind, body or feeling world is complete Purity of the substance of his or her mental, emotional and physical bodies.

When this music is heard, played or sung, visualize Her Mighty Light Rays of Pure Eternal Light-Substance pouring in, thru and around your physical body, your home and your affairs —forcing out all other substance and leaving everything clean, pure, harmonious and Perfect in the Dazzling White Light of each one's own "Mighty I AM Presence."

Send your Love and gratitude to Her and call for Her Out-Pouring to be sustained, until all are as Perfect as She is. Since mankind knows so little about this Great Glorious Being of Light, let us welcome Her with every atom of our beings; and ask Her to pour thru us Her Greatest Help, until all mankind are as Pure, Beautiful and Perfect as She is.

· GEMS OF LIGHT ·

Saint Germain:

If you have to deal with conditions in the outer world that seem opposing, do not feel angry, do not feel unkind, but with absolute firm determination say to the person, place or condition: "This must cease, I will have no more of it"! and in that you will release the Power of Light and the conditions or individuals to whom you are talking will know that it is the Power of Light that is speaking and acting. That is how you become Master of your World of action.

· ANNOUNCEMENT OPENING ·
· BRANCH OFFICE ·

T is our privilege and great joy to announce the opening of a Branch Office of the SAINT GERMAIN PRESS, INC., and the SAINT GERMAIN FOUNDATION in Los Angeles, where Group Leaders and dealers may secure their stock both retail and wholesale.

We ask all Group Leaders west of the Rockies who have been sending their orders to the Chicago Office, to now send them to the Saint Germain Press, Inc., Western Branch, P.O. Box 428, Los Angeles, Calif.

The regular 30 percent discount will be given on all orders of $5.00 or over (this same arrangement has gone into effect in Chicago), and a small carrying charge will be added to cover shipment of stock from Chicago to Los Angeles.

No charge accounts will be opened, so we ask all to accompany their order with check or money order to prevent delay. All orders will be shipped as promptly as possible and will be sent C.O.D. from Los Angeles, unless funds are included to cover pre-payment.

In order to save delay in shipment, we ask that great care be taken in listing of orders and figuring cost so everything is in Divine Order before it is sent.

We are grateful to render this additional service and believe it will be of great assistance to those on the West Coast, and will also save much time in delivery.

Money will be refunded to those having a credit balance with the Chicago Office, as those funds cannot be used for purchasing stock on the West Coast. Therefore, may we request that your check accompanies order.

We wish to extend our deepest appreciation of your splendid co-operation at all times and we know greater Perfection will come forth in the future.

—Mrs. G. W. Ballard and Donald

THE SACRED CHAIR

THY Chair of Light and Unfed Flame,
Almighty Pow'r from Thee—"I AM,"
Is offered now to those of earth
Whose time has come for Cosmic Birth;
To set them free from their distress,
To raise and to forever bless
With Life's Great Light—"In Freedom's Name,"
So each becomes the Unfed Flame!

Thy Chair of Light and Unfed Flame
Illumines now with Light, the same
As those we love have felt before,
Who have passed through the "Open Door"
To Heights beyond and Vict'ry True—
Ascended now, Who call to you
To rise Supreme as Lords Who came
From Venus' Realm of Unfed Flame!

Thy Chair of Light and Unfed Flame,
The Gift so bright from Saint Germain,
Now glows again to raise on high,
Those still on earth and purify
Their human forms, until in Light,
They rise—ALL FREE—in God's Great Might!
The Heavens resound and now proclaim—
"I AM THE ONE—THE UNFED FLAME"!

The Chair of Light and Unfed Flame,
Receives us NOW in Thy Great Name!
Enwrapped in Light, It claims Its Own
And Life reveals Its Radiant Throne!
The "I AM PRESENCE" through our eyes,
Sends forth Its Rays, as we arise
To greet Our Glorious Saint Germain—
Our Loved One too—in Unfed Flame!

The Chair of Light and Unfed Flame,
Has raised us NOW in Love's Great Name!
We bid the world a soft—"goodbye,"
And soaring swiftly through the sky,
Seek Cosmic Help for those of earth;
LIGHT answers us! reveals the worth
Within those Blessed Words—"I AM"
AND CLOTHES ALL NOW IN UNFED FLAME!

MIGHTY CUZCO'S DISCOURSE

"I AM" Sanctuary, San Diego, Calif.
July 25, 1939

HILDREN of Light, of Our America, I greet you! Since you belong to both Americas, the Goddess of Light has asked Me to come and talk to you to-night; carrying to you a Radiation which it is My Privilege to give, in the coming conditions which are before you.

The outer world has not known of Our Activity for a long, long time; but We have poured forth Our Radiation thruout the world and have held within Our Hands the balance of the poles of this earth. In all cataclysmic activity, the poles change and if there were not a great Intelligence governing at the time these changes take place, what do you think would happen to your earth? Chaos would ensue. I ask you, beloved Students of the Light, to place firmly in your consciousness to-night, that not one thing on your earth or in this System of worlds acts without Directing Intelligence.

You do not act, not one of you, without Directing Intelligence. If there were not a Directing Intelligence in you, how would you know where you were going? how would you know what you wanted to do? You would probably do the same thing time after time and not know the difference. Therefore, observe, from the smallest to the greatest there is always a Mighty Directing Intelligence and the Light which beats your heart, contains that Intelligence.

Nothing ever came forth in the outer world of manifestation which did not come thru the Stream of Light of some individual, as an idea. Then, Life contains all you are and a great deal

more than the average of humanity are manifesting to-day. Why are you always reaching out for something beyond what you are? Because your heart knows that it is there for you.

Your Beneficent Friend, Saint Germain, has brought this vast Understanding of Life to you. Remember, all you will ever understand in Eternity is just concerning your own Life. Over all Temples of True learning in the whole world have been the words: "Man know thyself" — meaning Master thyself and thou wilt master all substance and energy.

How is it that We come to wield such Power? Quite often the people of earth say: "Well, if there are these Great Masters with such Great Wisdom, why don't They use it for mankind?" Who got you in the condition you are in to-day? Not Us, but yourselves. If you climb down a shaft within the earth, you would very likely have to climb out if you got out, wouldn't you? Just so it is to-day with mankind's own creation. You have created the limitations and the chains that have bound you thru the activity of your own *feeling* world. Until you reverse that, change it and bring harmony instead of discord, you will remain in your chains, dear people! We saw that and were willing to make the change; therefore, We are now Beings of Great Wisdom and Power and nothing in the world denies Us one single thing.

Let Me say something to-night that should be supremely encouraging to you: Mankind have been so slow to grasp these Greater Truths of Life and apply them, but you have awakened, grasped and applied them. I assure you, that you may have all the wisdom on earth, but if you do not apply it, it will do you no good. Everything in

Life is application, dear people. I say to you, beloved students, do not get any idea that you have become so purified you do not have to make any application. You will never get there, until you are Ascended. Not only that, but you must keep up the guard for your protection, and call forth from your "Mighty I AM Presence" the Directing Intelligence which is greater than you. We have gone thru the same process you have to go thru. Therefore, We know what you require, but if you won't listen to Us, how can We help you?

I am informed that there are a great many who listen to these Messengers and quite agree; but they are too tired to release energy enough to bring the results that they require. My dear people, if you will not put enthusiasm and energy into your application, you will not get the answer; and it is absolutely necessary in every condition that you meet. In every so-called problem that you have before you, is the answer. Otherwise, how would people's calls be answered before they were made verbally? Thousands of instances of this kind have occurred. Then how is it?

I want you to understand one thing to-night, and if I get this over to you, it will be of great value. You know We are not supposed to say "if," anyhow *I will* get it over to you. Do you realize, beloved students, and you who have known these Messengers for these many years, what it means for a Being like your Beloved Saint Germain to come forth and clear the way and bring to the understanding of mankind what He has done in five years? This knowledge of the "Mighty I AM Presence" is setting at least two million people free in your America and the world today.

Why do people from every walk of Life come into this Understanding, know and accept on first presentation, that It is what they have sought all their lives? Because the heart always knows; but the intellect will not often accept the Truth, if it disagrees with the feeling in the heart. That is why beloved students, you must put aside that which has not brought you Freedom. Why hold on to a thing that has not given you help? If you went to a medical doctor and he gave you something and you did not get any results after a week or so, would you just keep on taking it and taking it for years to come? You would make a change, would you not?

It seems to Me, to-day, that in the condition of mankind and that which is confronting you, it would be very Great Wisdom for mankind to try something beyond what they have had in the past or what the outer world offers them as their present help. That is exactly why We are here. I tell you, dear people, there is not one of mankind to-day who could free himself or herself without Our Help. There is not one condition existing in America or the world to-day in which it is not absolutely imperative to have Our Help in order to change and correct it.

Since We are out of your octave generally speaking; since We have gained Our Freedom thru this identical application; and since you are in your present condition because of your own creation, We are able to show you how to correct those distressing conditions and how to make such application which will bring the result you really desire.

Why do you go on, beloved people? Now I ask you to just look within yourselves. You make certain definite application and you go on day

after day and you do not see any preceptible result. Why do you not stop, analyze yourselves and see what is the matter? If you stopped and said to your Presence: " 'Mighty I AM Presence' show me what is the matter here that I am not getting an immediate answer to my call," your Presence would explain why.

I think it is quite ridiculous for the student body to-day, any one of them to go on without having immediate results. You *can have them*, dear people. Do not let your intellect say to you once again that you cannot have instantaneous answers to your calls! If you claim this instantaneous action, it will come!

I say this to the mass of you: "Think how many times when you did not have an immediate answer at your call—you went to some fellow-student or some person who did not know anything about it at all and said 'I don't understand what in the world is the reason I have not had the answer to my call.' When you do that, you of course are just inviting more doubt to prevent the answer."

To know, to dare, to do and to be silent is the Law of Life! Dear ones, if you will stop talking to your fellow-students or anyone else about your application and just saw wood, you will get there! You know mankind just has to talk! You know friends cannot meet without chattering away. They have to do it to be sociable! Oh, We are quite well acquainted with mankind; and if you sat down and everyone sat there not saying a word and looked at each other, somebody would be sure to think something was wrong, because somebody was not chattering.

Now, dear ones, remember—the greatest motto of Truth ever uttered is: "To know, to dare, to do and be silent." Then you hold your energy

within your feeling world and as you gain that momentum, it enables you to send the charge forth quickly. It goes like a rocket to the objective and the Victory is won then and there.

A very great service has been rendered the Southern part of California to-night. Oh, that you could understand and realize sometimes when you are just in exact compliance with the Great Law (and I mean by that the Great Cosmic Law) how one of your calls will produce such gigantic results, as I am just about to relate. All discarnate entities have been removed from Southern California! (applause—audience rising) I feel very sorry that our blessed people who have been having spiritualistic connections won't find them (applause) but some will probably go on anyhow.

Do you quite understand, my dear people? I do not mean to make a joke of this, but do you realize what that means? If you saw, as We do, the pressure of discarnate entities you would realize the Truth. Do you understand what We are talking about when I say that? I am talking about the entities who cannot leave the earth, dear people. You are not bothered with the good people, because they have gone into the Octave of Light. I am talking about the fellows who cannot get out of here and there are plenty of women too. It is not always the men.

Of course you have all been men and women many times. You know how some men dislike to hear that. The Messenger used to have a friend who lived in Santa Monica; and every time he saw him, he reminded him how he must have been a woman in the last embodiment and he disliked the Messenger very much. If Life did not give you the opportunity to balance the forces

of Life, how do you suppose in all the Universe you would do it? Therefore, these are Mighty Laws, dear people.

While you are standing, will you please accept the Currents which are drawn within the atmosphere of this room and charge them into and thru your bodies with their purifying, cleansing Activity—sweeping into the Violet Consuming Flame under your feet all impurities and imperfections, dissolve all abnormal growths and restore Perfect Sight and Hearing.

I SAY TO YOU IN ALL SINCERITY, BELOVED STUDENTS, WHEN YOU HAVE GOOD EYE SIGHT AND HEARING, CALL THAT IT BE SUSTAINED! It is the most incredible thing you ever witnessed how mankind are subject to suggestions. The atmosphere you move in is seething with human suggestions; and if you do not know how to draw the Wall of Light about you, as shown in the Chart you will be acting out these suggestions from here, there and everywhere.

I ask you to observe, beloved students, since you have been more and more firm in doing this, have you not found yourself alert and responding much less to the suggestions of others than you were before? (applause) That is why, it is imperative at this time to hold protection against all human suggestion.

I marvel, beloved ones, that the beloved student body, loyal and magnificent as they are, do not see more clearly the vital Power of the Tube of Light about the human form and within It the Violet Consuming Flame. I tell you that Violet Consuming Flame is more valuable to you than all the money or jewels you possess (applause) —I do not care if you had a hundred million

dollars. Thru that Violet Consuming Flame, dear people, if you will call the "I AM Presence" to set It into action and sustain It there, remembering that your Higher Mental Body is the Director of the Current of Energy sustaining It, you will be free absolutely and you will never know what it is to have an accident or mishap.

People cannot seem to realize that these Great Ones who have been your Instructors know exactly what you need because They have gone thru the same conditions you must go thru, in gaining the Perfection to which They have attained. Then, They are in a position, having gone thru the same process, to tell you exactly what the students have to do in order to attain as They have.

Every One has told you this application is identical with all each One has used in gaining His or Her Freedom. I assert with all the emphasis of My Being to-night: "There is no greater Instruction ever to come on this earth than the Understanding of your 'Mighty I AM Presence,' and that you are a part of It. (applause) If you grasp that your "Mighty I AM Presence" with Its Infinite Intelligence, Limitless Energy and Almighty Power is actually beating your heart this moment; if you realized that as you should, my dear beloved ones, you would walk out of this room forever free. There is no question in the world about it; but having so long been enmeshed in the limitations and conditions that the appearance world shows, it is not an easy thing to extricate yourself from it.

I thank you very much for this receptivity, to-night, in the acceptance of the Currents which have flowed into and thru your bodies. Hold this a Cherished Blessing to you, dear ones. We offer

not our word, not one activity that is not for your blessing. If you will really understand that when We offer this Assistance and if you will call for It to be sustained, it will be done in Its ever-expanding Activity for your Freedom, Supply, Health and Blessing.

I ask you to observe that Current of Light which beats your heart. In It is everything that man requires—health, supply, intelligence, courage, strength and everything that you can use in your world of the human octave. That Light is Perfection in Itself, and as soon as you stop your human qualification of Its Mighty Energy as It flows forth and stop driving your energy below your heart, you will arise in the Majesty and Power of your "I AM Presence"—the God-Being which you are—and you will become Master of every condition that you confront.

My dear people, how can you continue to observe these Messengers and see them apply this Law daily and not see that they have exact results every time they apply It? They are not Ascended Beings. Therefore, what they do, you can do. That is what you have got to know. Because they can do these things, you must know you can do the same thing. They are willing to give assistance, We are willing to give all the Assistance your Life Stream permits; but unless you will take this unyielding stand in your application and attention to the Presence of Life, you will not have the speedy result, you would like to have. The Messengers did not have it in the beginning. It took them days, weeks and sometimes months to accomplish that which, to-day, they do thru one mighty call. That is the power of momentum gained, my dear ones, in doing this.

For instance in the requirements of your city and coast activity here, I do not think you quite realize the position you are in. Will you believe Me, when I tell you that We have prevented time, and time and time again certain spy activities, which would have drawn a force into Mexico that would have destroyed your cities here in Southern California before you could scarcely wink your eye?

Do you know in the time when the island where We are, was a part of that vast continent, right here just beyond your Bay there was a mountain range in which existed a great city? Not so many years ago, as the people thought, there was a mirage and hundreds of people saw the city against the side of the mountains beyond the Bay. Well, that did not happen to be a mirage. That was because of certain Cosmic conditions. The etheric records of that city came into the view of hundreds of people who happened to be temporarily attuned to see it.

That is why to-night, when your beloved Lotus was impelled to have you make this mighty call, it is not only to consume that focus of discord which is about you here now, but the ancient focus of a destructive activity. I shall not try to go into the detail of it, because it was too unhappy to even call your attention to it; but there just beyond the city was the beginning of what finally brought the submergence of that vast continent of Mu over night with sixty million people.

My dear people, these are not imaginings. They are the Truth of what has been. They are realities and one day when you stand within the Great Light of your Presence and see recorded in the Cosmic Light, every record of every human be-

ing, every city and every nation that has ever been on this earth, then you will understand that there is nothing in the world hidden from Us. These would not be hidden from you, only you have by accepting limitations, drawn yourselves into the density in which you do not vibrate to these higher vibrations which would give you the knowledge as easily as you see each other.

Every human being, beloved ones, has within the brain structure, the All-seeing-eye of God. People could use It just as readily as they use the physical sight, only with the All-seeing-eye, you see in all directions, and with these eyes you usually see only ahead. Notice how in those ancient civilizations, the same thing occurred which is acting to-day. Mankind would not give the obedience to Life, and consequently they only had a partial awakening of that All-seeing-eye within them. Then, it became what you term to-day a psychic sight which was wholly undependable; but when you actually see with the All-seeing-eye of God within, you see only Truth, the Reality. You will never see a mistake or make a mistake with that All-seeing-eye. You cannot do it, it is impossible.

There are thousands of people among the student body to-day who just like breathing, will come to use the All-seeing-eye in Its Perfect original state; just as this Messenger reads the words I flash to him, for It is a perfectly natural thing. All which is really of Life is natural, but mankind to-day do not conceive of Our Reality. My dear people, is it possible that mankind living in the limited conditions of to-day are foolish enough to believe they are all that is? That would be indeed foolish.

Every planet which exists is inhabited. Really, because of the ridiculous ideas of mankind concerning your system of seven planets do you think this little earth is the only one that can be inhabited; and you have just passed from one civilization to the other? Do you think that human beings can change these Great Truths, beloved ones?

Try to see how We are the advanced part of your Life speaking back to you the Truth which your heart knows; bringing to your outer attention the Truth of Life, which one day you will come to know and understand. You can be free through Its understanding. There is nothing in this Universe but your own Life to consider and everything that is produced in the world of human limitations to-day is your own Current of Life and energy acting charged with human qualification. Well if that be the case, which it is, then why not stop that and let Life become the Perfection acting through your human form?

My Dear Ones, I could tell you many wonderful things, but unless you become anchored in the power of your own application, you cannot be free! (won't you be seated)

I ask you to accept all the Glory which it is your privilege to receive while you were standing. My dear ones, this sounds so simple and unimportant perhaps, but Oh my! If you will learn to stand erect and let every activity of the muscular and nervous system of your body have free flow of those currents of energy, everything in your Life will be different. If you go along all stooped over, you absolutely shut off sometimes half of the currents of energy which otherwise flows forth to give Perfect health and action to the body.

I want to draw just one or two illustrations. You have seen people who have hurt the knee; and because it pained them, they would begin to favor it and pretty soon the muscles would begin to contract, would raise the heel off the ground, and in order to protect it, they would walk on the toe. I could show you hundreds of people who if they had put the foot down, straightened that limb and continued it would have entirely prevented the shortened, stiffened limb.

Mankind yield so readily to the slighest discord or distress, because they do not like to feel pain and you can't blame them; but suppose it was a little for a few minutes and you straightened that limb out and said: "Now you straighten out and stay there", the muscles and the leaders in that limb would respond and obey you. That is how mankind will come to have absolutely Perfect Bodies, because they will command them to have Perfect health; to express it; and it will be so.

You, by the Light in your heart which beats within you—now to-night—are Master of your feelings, your body and the world of substance and energy which is required to produce Perfection in your world. If you yield that authority to something else, you will just have to keep on trying, until you discover one day that a long time ago, you were Master of the situation, but you did not know it.

I rejoice with the student body who are seeing this, who are taking the firmer stand with themselves. You have been told so many times that your feeling world is your Power-house; but if you allow it to rule you instead of commanding it, then you will still remain in distress. It is the

most peculiar thing. A habit formed within the human structure becomes the master of the individual, when by a few sharp commands to that energy and substance in the body, it would accept you as its Master.

Oh, My blessed people, take that, use your authority. Your application is infallible, My dear ones. When you say: " 'Mighty I AM Presence' do this or that" accept your Presence there above you; for instantly there go forth those Mighty Currents of Light and energy to perform the service you require. Because of habit, if you do not immediately see the result, the human begins to question and wonder. You cannot afford to do it, beloved ones. You must realize that your application is Supreme!

You do not feel forced to have results from your application like the Messengers did; but they had to apply this Law to survive. Really there are a great many of the students to-day who are going to have to do the same thing; but they won the Victory over substance and energy and it now does obey them, with magnificent results. Of course it brings great Peace and Freedom; Freedom from anxiety and distress of any kind; because once you come to know that, then there will no condition confront you which will disturb or frighten you. You will look at it and say: " 'Mighty I AM Presence' project Your Light Rays in there! dissolve it and replace it by Your Ascended Master Light Substance and hold Your Perfection there."

We have brought many students to Our Retreats. Would you like to know, beloved ones, why We have this Retreat out in the middle of the Pacific? It is very interesting, and not only interesting but magnificent from the standpoint

of Life. Hundreds of people who have been supposed to drown have been brought to Our Retreats and trained. On the surface, the only building which is there is very beautiful, but you would not guess that far under-neath the ocean is one of the most beautiful cities on this planet. (applause)

Those blessed people who were saved from being drowned, were brought there and lived in the Radiance of that place. They were not urged, until they became adjusted to the vibratory action which was there. Then they were given very definite Instruction and the most peculiar thing of it was, that not one person who was ever brought there rebelled. Can you explain that to Me? Then let Me explain it to you. When one is just about to meet the reaper, so-called death, he or she sees sometimes many remarkable things. Those individuals knew positively that they could never have survived in those bodies if rescue had not come; but they never—not one of them—saw the conveyance by which they were rescued.

Beloved ones, I am trying to have you understand to-night that the Great Forces of Light are at your command, when you will so decree it. They are always at Our command and do Our bidding without question.

Beloved students, let Me make you aware to-night that if it were not for these Mighty Focuses of Light upon this earth, mankind would have degraded into savagery. How long do you think My Home from which I came, to-night, has been there? Remember It was there before the sinking of that vast continent of Mu—one million four hundred thousand years.

Do you realize, beloved people, what it means for these various Focuses of Light to be held for

the preservation of mankind throughout this earth where there have been so many of these Retreats at one time in action, as there were in the Himalayan mountains in India; but now some of those have been removed to America—One even quite recently?

Your magnificent Royal Teton here, which is such a Great Blessing to your America and to which the Messenger has called your attention, is of vast importance to you. My dear people, never under-estimate Its full Value to you; because it is there, where the Messenger and anyone permitted to go to It, can see the physical records of any civilization that has ever been on the face of this earth. It is the only Retreat where this world's record is complete. Why is it in your America? Because your America is the Heart of Light to this earth.

These are things far more important than the physical outer activity of the saving of America or the prevention of war. If you had a beautiful Light in your home, a beautiful fixture which contained the electrical current that you admired very much, you would protect it. If you did not protect it and someone came along and hit it, it would be no more! Everyone in such a household is taught to protect it, because of its value. The American people are being taught to protect the last Focus of Light upon this earth, which can save the rest of the world. That is why We bring Our Radiation into America, according to the requirements. I am here, to-night, because of this service which had to be rendered now in the removing of the discarnates because this is a part of My field of action.

I want you to see, if you will, how important and Real these things are. I mean Real from the

appearance standpoint. Try to see, to-night, how everything of human structure in the outer world to-day is perishable, is it not? Would your buildings last forever? Does your human form, your garment of flesh last forever? Has it in the past? Really mankind has from age to age drawn the limit of physical life shorter and shorter; for it is not so long since you used to live two hundred and fifty years in one embodiment; but *you* cut it down to three score years and ten. How and why? By greater and greater density and limitations in the flesh structure of the body, due to more and more discord in the feeling. That is not necessary. All things in the outer world contain discord, because they have been qualified by human limitations and that means physical structures. Even though they may be beautiful, still they contain imperfection. That is why in the Octaves of Light all is Eternal. Your Ascended Body will be Eternal.

I repeat to you what was recently said with such emphatic Power: "My dear people, when the Ascended Masters and the Cosmic Masters have offered you Freedom in this embodiment through the new Dispensation of the Ascension, is there one who would not want to accept It, when you have lived thousands of embodiments similar to these in limitation? Just because you have forgotten it, does not mean it is not in existence. You will remember it fast enough, when you come into embodiment again."

Remember the intense desires of one embodiment become the compulsions of the next. That is why mankind have drawn themselves steadily and surely into greater density, until now to-day, it is being dissipated with great power.

Observe, in all that your attention has been called to in that which is being removed, it takes away the pressure of discord upon the human form. Then, do you not see how kind Life is being to you? How kind these Great Beings of Light are to you? They are doing that which *you* absolutely could *not* do, by giving you the opportunity time, time, and time again, to go forward with Their Assistance into this Great Freedom.

Now remember, beloved students, as the Great Cosmos said to you, the time is past, when mankind is to be pled with They must choose of their own volition whether they want to go forward in the Freedom of the Light or remain in their limitations. I stand amazed, as We have observed the world, how mankind become so fixed in their own ideas in which they have lived so long—that they never change the outer manifestation. People have said concerning this Great Light which your Beloved Saint Germain has brought forth; "There is no one that can change the occult laws for the earth." Tell Me why not! Who made them in the first place? Just think of that for a minute!

The Wisdom which produced the laws of eighty thousand or a hundred thousand years ago, brought them to the attention of mankind for the requirement of that time. As the vibratory action of the earth advances mankind do also—just the same as you change the decorations and colors within your home! As your understanding becomes greater concerning the requirements, so have the Great Laws been changed, not in their Fundamental Principle and Activity, but in their application and result to mankind.

To-day, the Greatest Understanding of Life and the Laws of Life ever known to man are brought to mankind. The understanding of your "Mighty I AM Presence" in this Chart is correct, giving you the eye picture and the Trinity of Action within your own human form; which makes you the Master, the Victor over all conditions of the energy that charges into and through your body, either at your command or otherwise; for your Higher Mental Body is the Governing Power which controls the functions of your body. You physically do not make any attempt to govern those functions, unless the body gets out of order. Then see, dear people, how these Great Laws have provided such Great Wisdom and if you did not interfere with It, that Great Wisdom would act and give you not only Perfect health, but happiness, supply and Perfection in your outer world.

Look at the business world! If you think We are not mindful of the requirements of mankind, observe the building of the destructive forces through your commission men of America in forty years. Someone very shrewd saw an opportunity to get the clutches of destructive forces upon mankind; both the producer and the user are caught and those destructive forces play them at both ends. One day I assure you, not far distant, that will be removed from America; and the people will receive the produce direct from the producer, without this exhorbitant selfish human destructive thing which prevents mankind having the supply that Life and Nature have brought forth to them in such lavish abundance.

Your commission men removed from America, to-day, would remedy seventy-five percent of

the conditions that cause distress in the outer world; but why, beloved students, I ask you, will mankind go on allowing one or two individuals to tell them what the rest of humanity shall do? Why does mankind submit to it? Because a man is placed in office is no reason for keeping him there! If he proves to be no good, he should be taken out; and be assured that the time is mighty close when such individuals are going to be taken out.

The political machine of the world is the most tragic thing on the face of this earth, and I am no politician; but We certainly observe what is going on, that is why I know. Take your agitators in America who produce these conditions, what do they count? Nothing but to fill their own selfish pockets, and the blessed men who listen to their agitation find themselves back at work with weeks or months of wages gone which could have blessed their families; and they never get the lost time or money back, but the people don't see that. They listen to those agitators and their wild wranglings and pay for not throwing them out.

Look at your unfortunate conditions in the various outer world activities to-day—one of them Mankind United! That is the most tragic thing before the people to-day; and give thanks that the governmental officials have the Truth of it. Look at the conditions of the spies from Russia and Germany and the various other places, coming over here and getting your people disturbed; making them believe falsity which they have imposed upon their own people, for what? To place them in the same conditions which are in those countries. (At this point many started to leave) The rest of you had better stay and

listen to Me; because I am telling you a Mighty Truth and unless you wake up to-day, dear people, you are going to find yourselves in a condition from which you will not be able to extricate yourselves. We know what these conditions are. We know what is going on behind the scenes, that you don't even dream of; and I prompt you right now because I will talk to you again sometime, and then I will ask you if I did not tell you the Truth to-night!

Dear people, there have been many wonderful things started in your America with a very good motive and good purpose; but many are being seized upon to-day by the most destructive forces from foreign nations; and if the people of America are not alert now, they will be caught in the claws of the destructive force before they know what is happening. Then, too late they will find they have been a prey to those nefarious things.

I say to you, My dear people, look at that Chart. It is the Absolute Truth of your own Reality and It is the means by which you can set yourself free in spite of all mankind put together. Then in the Name of your God and your Life, why not turn to that Presence and have Its Glory and Blessing come at your call to set you free from those conditions. It is the only Means Life will ever offer you by which you can conquer those conditions without bloodshed; and when you have had bloodshed, you still have the same condition you had before.

Wake up, people of America! Don't sleep and let these nefarious things creep in and drag you down in the quick-sand of human foolishness! I tell you, you are facing the crisis of the ages! Mankind is going to have to choose what they are going to do!

Now We are at the point, the final point I want to make to-night. In reference to the Great Laws and the changes that have been brought about for the blessing of mankind, you are facing the greatest change that has ever been known on this earth to-night; and that is the Power of the Cosmic Light which *is* taking command! It *is* reversing and changing the whole activity for this earth. Unless you understand what I mean, you will not understand many things which will occur in the near future; but if you do understand, you will see, face, know and comprehend exactly what is taking place from step to step.

This is why I say to you, to-night, in all that you wish to be or ever hope to be, all is within the understanding of your own "Mighty I AM Presence," and your power to call It into action. Why? Because It beats your heart. You cannot be separated from that Great Presence and Its Great Wisdom! Why not let It take command of your mind and body and produce Its Perfection there for you! If you don't want to, that is quite your own choice; but I tell you, beloved people, the Great Power of Life is offering you everything with so little effort upon your part.

Do you think when I call your attention to these Mighty Truths, just as I called your attention to Mankind United, that I am trying to harm something or some activity? Great God! dear people, if you do not know what you are up against, how are you going to correct it or get out of it? Then, there will be those who will say: "Oh, that is not an Ascended Master Activity which refers to these conditions." Why not! If We do not tell you how to remedy a thing of which you do not know, how are you going to do it? If We do not tell you what you are up

against, how are you going to know and protect yourselves?

Mankind does not know the viciousness in the outer world. They wade right in where Angels fear to tread right along, and then too late they find out they cannot extricate themselves. We by Our Great Love are trying to help mankind see and know and by their own application of the Great Law of Life, the "I AM", prove It to themselves, so nothing can ever change them.

You see before you these Messengers who have given the greatest proof the world has ever had of this Great Law and in a condition, the worst the earth has ever known, without asking for a dime, they call forth from the Treasure-house of their "I AM Presence" the supply that is required.

Beloved friends and students, if you will only accept that your Presence is the Giver, the Life and Intelligence to you, you will know It *is* your Treasure-house. When you make the call for the supply you require, your "I AM Presence" probably will not release to you coined money; but Its Love, Wisdom and Power go into action in the human octave and bring the conditions through natural human channels that will bring about the release of the money to you. The Messengers have proved that to the whole world to anybody who will see. If they can do it, why cannot you? They have never in their lives sought people of wealth or anything of the kind. They have turned wholly to their Presence to bring the supply they require, to carry on this Great Light and the "I AM Presence" has never, and never will, fail them.

Therefore, I want you to see this, because if you do, your problems will soon be over; but

you have got to be firm and unyielding in your application, especially at first when you are dissolving a momentum of hundreds and thousands of years of accumulation. That is why I said to you: If mankind will call the Presence to use the Violet Consuming Flame within the Tube of Light, they will see soon enough the great proof of all they require; but unless you will do these things, you cannot have the proof within yourself; and unless you do have the proof within yourself, you would only believe this Law a short time.

Belief is not powerful enough to give and sustain your good permanently, dear people! It sometimes encourages you to go on, until you do prove this Truth to yourself; but this Great Understanding of Life is not based upon faith. It is based upon the application of Itself. Since you are here, and are a part of that Great Power and Intelligence, why would not the lesser part prove the Greater? How could it help it?

Therefore, when you understand that, beloved ones, you will see why Life is offering you your Freedom, by just a little effort upon your part; and We can do for you what you cannot possibly do for yourselves in your sincere application, because as long as you will make sincere, determined application, you will find that every Power of Light in the Universe will come to your assistance. That is how you prove the Reality of Life and your Reality as the Supreme Commander of energy and substance.

That is why to-night, in bringing this explanation and the accompanying currents of energy which have flowed into your world of action, I trust that I have been of some benefit to you in helping you to grasp and feel more powerfully

your own Dominion. You must prove Life yourself! If Life would prove Itself to you, It would have been done ages ago, would it not? Then, you must prove Life by your application and that is what has been missing in all these ages!

Remember as I leave you these parting remarks, may Their Power and Understanding burn Itself into your being and never be forgotten for one hour! In every civilization that has ever been on this earth, the Words "I AM" have been used as written in English to-day. That is the Secret of Life! That is the Secret of all application, all understanding and you have It to-day!

Only because your Beloved Saint Germain is the Law of the Seventh Ray, which is the Violet Ray to this earth, has this come forth to-day; for your Great Benefactor is far Greater than you yet know. Therefore, will you remember it in all that confronts you?

You have so long withdrawn and forgotten Life. Now you have returned home again! That home holds everything there is for you. That home is your "Mighty I AM", your Life. It has been throughout the thousands of centuries of the past. It will forever remain so, whether you believe it or not. Therefore, in all that you wish for or hope to be or have, there above you is the Glory of God individualized, the "Mighty I AM". That is the only place from which you can have Freedom, Limitless Supply, Health, Strength, Power and Courage to meet the conditions of the outer. Why ignore your Presence and Its Power? Call forth this Strength which you need and then go forth into your Ascension, either under the old or new Dispensation. Go forward free forever from the wheel of birth and rebirth.

I thank you.

· OUR BELOVED ASCENDED MESSENGER'S · · BENEDICTION TO THE FLAG ·

THOU wondrous Flag of Beauty and Power, as Thou hast so proudly waved over Valley Forge and the victories of the past; so shall you wave now in the Victory of the Light for Our Beloved America and her people.

Oh, Beloved Saint Germain, in the Glory of those long forgotten days when Thy family was gathered about Thee, so again in America shall such rejoicing be Yours when again there dost stand forth in the heavens, Thy Ascended Glory and Thou shalt descend onto the earth.

So to-night, we offer such great praise, thanks and gratitude for all the blessed people of earth who have been able to accept This Wondrous Understanding which has been brought forth, apply It and understand that It is the Eternal Freedom of mankind. May one million people in America before the end of another year have come to know and abide within this Mighty Presence of all Life, the "Mighty I AM."

Oh, glorious Flag of Freedom! wave forever in Thy Glory over America and her Victory of the Light. Bless mankind in that same memory and Victory of the Light. Hold Thy Victory in the heart of each one, for:

"I AM" the American Flag!

"I AM" the Life of Old Glory!

"I AM" the Power and Victory of the Stars and Stripes forever!

"I AM" that Presence and Power which will raise at a moment's notice millions to defend My Glory; and in the fulness of My Power of Light which brought that into existence.

Oh, wondrous Stars and Stripes! so wave proudly on—until all the earth bows in humbleness to the Glory of that Eternal Freedom of the Light which Thou dost represent, as well as the Freedom of America.

Great Goddess of Liberty, we kiss Thy Hand in the Victory of America; and in the Glory of Thy enthroned Power, shall all the earth come to see and know Thee in the Glory in which Thou hast stood for many, many, many centuries. Long before mankind knew America, Thou didst watch over its shores; and so we bow before Thee in the Majesty of Thy Presence and Power! Continue to stand guard as Thou has said, and in the Final Victory of that "Light of a thousand suns," so shalt descend into the earth and dissolve all human selfishness and discord from the planet forever! We thank Thee, Oh Gracious One of Light. Bless these beloved students in the fulness of Thy Glory that all may never forget Thy Presence—the Presence of all Life beating their hearts; and in the fulness of Its Out-pouring find the limitations of earth have disappeared forever, and we thank Thee.

GODDESS OF LIGHT

I want you to see, if you will, that We are quite normal Beings. We are not limited in any way, but We are still using the faculties which you are using in their great extended activity—the power of your attention, your vision and your feeling. Do you realize, beloved ones, that is all which comprises you? That is all there is to you—your attention, your vision, your qualification or your feeling! Those are the activities of your Individualized Focus of Light. It is so with Us and it operates thru all Octaves of Light. Eeach one is a vibratory action of those attributes of Life.

GODDESS OF LIGHT

You know, beloved ones, it does seem positively ridiculous that in mankind's frightful struggle for things, they are so often their own obstruction! Instead of standing calm and steady and letting the Powers of their own Life Stream go forth to render the service.

GODDESS OF LIGHT

It is quite all right to call for a thing within a definite period but do not let your human qualification be disappointed, if it does not arrive within the time you have set. There are a good many of the students who have done that, then when it did not arrive they felt as though their efforts had failed. That is not the case in any sense at all. Dear ones, won't you please watch this? Do not let your intellect ever again ask "why" in anything! Just go on with your application, knowing the Wisdom of your own Presence of Life is constantly acting.

GODDESS OF LIGHT

When people come to you and ask "why" about a thing, refer them to the "Mighty I AM Presence," and ask them to be reminded that if the energy spent in asking "why" was turned to the "I AM Presence" in full acceptance of It they would know why and that the "why" of one Life Stream has nothing to do with the "why" of another. Therefore, to answer one question would mean that you might face about and find twelve more with the same question.

GODDESS OF LIGHT

I have observed at times that the human is so prone to ask "why"—why this and why that. Well, if they were answered, it does not alleviate the situation; because in a few moments they will think of some more "whys," but as they are turned back to the "I AM Presence" that will cease. Oh, do not mind if they are disappointed. So many people think—well if this question was answered I would be all fixed for my achievement. Well, when those are answered many more will appear, until the individual will turn wholly to the "I AM Presence."

GODDESS OF LIGHT

I am sure it is not going to be long until you will understand clearly and definitely, if you do not already, how very practical We are. There is not one thing about the human octave that We do not understand and that We are not interested in. If it is something to be dissolved, then We are still interested in it. If it is something to expand Perfection, then We are interested in that.

GODDESS OF LIGHT

Please do not give any human being power to disturb, limit or affect you in any way. Just stand in that joyous, calm serenity and know that as you stand within the Glory of your "I AM Presence" not one person on earth can limit or deprive you of any good thing which belongs to you. If you stand calm, firm, determined and serene not one thing can you be deprived of.

GODDESS OF LIGHT

Remember, whatever supply of money comes into your hands, do not stop your application for your financial supply at any time. Hold what you have gained and keep calling forth for that limitless supply.

GODDESS OF LIGHT

Every night before you sleep, will you for a few moments stand on your feet and call directly to your Higher Mental Body to charge your mind and body with Its Perfect Peace and Rest and with Its Limitless Energy and Directing Intelligence? Make this a special activity.

GODDESS OF LIGHT

As you keep calling forth this Great Power of Light, see that your motives are always right—that they are clean and pure in every way! Then as you call It forth know that there is not one thing in human creation which can resist or stand before that Power of Light which you do call forth. That is the action of the Light Ray, a concentrated form. It is the Substance, Power and Action of Life which has within It Divine Love, Wisdom and Power.

· NEW MUSIC ·

IT is our privilege and joy to announce the release of a new Song by Godfre Ray King (Mr. G. W. Ballard)—Mighty Victory. Both lyrics and music were written by our Beloved Messenger, Mr. G. W. Ballard and are charged with tremendous Power of Light and Blessing to all who sing, play or hear it.

"MIGHTY VICTORY" is dedicated in Eternal Love, Gratitude and Blessing to the "Mighty I AM Presence" and the Beloved Cosmic Being, Victory. Mankind must have His Victory of the Cosmic Light as of a Thousand Suns to hold control of the forces of Life on this earth, if humanity are to survive here and act constructively in the future.

Every time this song is sung, played, heard or the picture contemplated the individual or group will receive from this Mighty Cosmic Being, Victory, His Mighty Light Rays enfolding them, provided they make the call to Him and hold harmony in the feelings. His Light Rays are Substance, Light, Energy and Perfection from his Sphere of Activity. The moment one's attention is turned to Him that one is definitely in connection with His Great Perfection, Victory and Power of Life for His Light Rays carry His feeling of Victory and the Power of Light over all destructive forces and qualities.

Send your Love, gratitude and Blessings to Mighty Victory and call for His Out-pouring to be sustained until all are as Perfect and Victorious as He is.

This song is dedicated to the City of Cleveland where it was first sung—to release a mighty Outpouring of Victory's Mighty Miracles and Victories of Freedom, Divine Justice and Perfection, until Cleveland becomes an Alabaster City of Light as the Ascended Masters have commanded. May the Ascended Masters' Marvelous "I AM" Temple of Light come forth in that city quickly, within which the Unfed Flame blazes forth the full Cosmic Power of Eternal Victory which raises all who enter there into the Ascension as soon as possible.

OH, Mighty Royal Teton bright!
Great Mountain of God's Power,

Whose Light Rays every hour,
Charge thru Our Land, Blest Victory's Might;
And God's All-Seeing-Eye,
Forever acting thru Light Rays,
Observes all—you and I!

Beloved Royal Teton fair!
Great Mountain of God's Light,
From Thy Loved Star of Golden Jewels,
The Central Sun's True Might,
Pour out Thy Gifts beyond compare,
Thy Life in Freedom's Name
Whose Cosmic Splendor all shall see—
The Mighty Unfed Flame!

Majestic Royal Teton True!
Great Mountain of God's Love,
Thy Blessed Presence on this earth,
God's Fiat from above,
Is evermore Life's Altar too
From which the "Great I AM"
Comes forth in Power none can stay
And speaks the Great Command!

Oh, Glorious Royal Teton Pure!
Great Mountain of God's Peace
Where Precious Lanto long has served
To give mankind release!
Thru Thy Great Heart which shall endure,
Now bursts the Cosmic Light
And sweeps from Our America
All else but Victory's Might!

Oh, Blazing Royal Teton high!
Great Mountain of Love's Flame,
Out-pouring thru Thy Mighty Heart
The Light from Venus came;
And Cyclopea thru God's Eye,
Now sends forth unto all
The Crystal Rays that set earth free,
In answer to our call!

Oh, Blessed Royal Teton Light!
Great Mountain All Divine
Within Thy Heart awaits "The Cup"
Which makes Our Life all Thine!
Its Pulsing Essence is Thy Might,
We drink now from Its Brim,
We are the "I AM Presence" Heart
The Seven Elohim!

· WONDEROUS DAPHNE'S DISCOURSE ·

Washington, D. C. Musical
June 5, 1939

I GREET you beloved ones in the Name of Light, sound and color. Oh, that you might witness and observe the full Power of all that music does for mankind, the atmosphere and the earth; for as some of you know in all sound is color, in all color is sound. The outer hearing does not recognize it, because its vibratory action is not rapid enough for you to observe its activity through the hearing.

There are those of the "I AM students" in America to-day who are nearing the point that when they sing songs such as these, they will see the color of their vibratory action; and then as you produce certain colors, you will hear them sing to you.

Someone has told you that the Light within your heart will sing. Nature in its harmonious action sings to you, but few ever hear It. We often go deep into the forest and there the trees sing to Us. Mankind in the outer world have not known this, have not experienced it; but by complete Harmony within the feeling world, they would soon come to hear, see and know these finer more beautiful things.

I congratulate our beloved artists, to-night, and had they witnessed the Mighty Radiance which went forth, they would rejoice forever. Now mankind is just touching the periphery of the Glory of these Great Harmonies of Life which will become a part of them and which it will be their Joy to experience. You will find, Oh, many, many times, when you reach a certain stillness of the human form and its feeling activity, you

will begin to hear the Harmonies about you. We have seen many who lived years in the stillness of the forest, and became sensitized to the Harmonies of the trees, of the birds and the conditions which most of mankind do not believe are there; but I say to you to-night, beloved students, unless you will remove from your feeling world the questioning, doubts and fears as to this Part of Life with which you have not yet become acquainted, how *can* you become acquainted with it?

If you doubt a thing, you cannot experience it and that is why many do not have the Glory of the immediate fulness of their application– because there is questioning either in the intellect or sometimes, unknown, in the feeling. That must be removed before you have powerful results. Just so in your listening to that which is not ordinarily sound to the human ear.

Oh, my dear ones, will you believe Me when I tell you that even for you who have lived almost your span of Life, ordinarily speaking, it is possible to still yourselves and begin to know these things first hand? What a pity that mankind continue to limit themselves! Do you quite understand what a sudden firm determination would do? For instance, suppose you wanted to hear the finer tones not ordinarily audible within your hearing. If you would start your momentum and say: " 'Mighty I AM Presence' I insist on being able to hear these finer things of Life! I insist on hearing clearly my Presence of Life, the 'Mighty I AM'! I insist on Your Instantaneous Invincible Protection! I insist on Your Invincible Directing Intelligence!" Then you would quickly have it. That is not commanding

the Presence. It is commanding substance and vibration.

May I not be thought unkind when I say most of the student body are really not insistent enough. You know in the lower vibratory action of mankind, they give up so easily. We never know what that means! We start for a Goal and keep on until We reach it! You should do the same, but you allow yourselves to be pulled hither and thither by *human vibrations about you.*

Precious people, once you become aware of how you are affected by the vibratory actions about you, you would call your Tube of Light into action in a hurry! It seems so difficult for mankind to come into the full realization that they can shut off anything they do not want on the spot, but it does take determination. It does take firmness against the outer vibratory action. You must repel it, until you gain the Invincible Protection of the Light about you so powerful that you need give it very little consideration. I assure you no one at first, ever gains that without firm determination against the surrounding vibratory action.

My dear ones, We have watched how earnest, blessed, blessed students are set upon by the vibratory action which they contact in their association with others. It often makes them say and do things they would give their right arms not to have spoken or done; but because they enter into the vibratory action of their associates, they say and do these things which endanger their entire Freedom. That is why the Messengers have prompted you and prompted you so often, to stand guard over your world so you do not

accept the vibratory action of your associates.

You can move in the atmosphere of a vicious gossip and that one may not speak one word in your presence; but if you are not on guard in your feeling, you will accept his or her vibratory action and begin to voice the thing which is in that one's feeling world and you then pay the penalty for it, because you have spoken it. It is one thing to feel a thing, beloved ones, but another thing to voice it!

You know you have heard the expression so often: "It is sometimes better to get it out of your system." I do not quite agree with that. *You* might suffer a little more by not getting it out of your system but you will not be affecting others if you hold it within. You alone pay the penalty then; but for Myself, I would rather pay the penalty for my own creation by holding it to Myself, than to spread it out and affect many others and then pay the penalty for the whole circle which I affected.

My dear ones, how We do want the students to really get this point. This is not said unkindly, but why is it in the social world of earth there is such endless gossip and many times the most vicious type that destroys homes and the characters of each other? Because people have nothing to do! Mankind are most unfortunate beings, when they will not keep themselves occupied with some constructive thing. I say to you, beloved ones, that the habit which has grown in the social world where there is nothing sought but pleasure of a very depraved kind, is most destructive—because idle minds are the devil's workshop, make no mistake about it.

When men and women have, may I use your expression, grown blaa and as you say: "all fed

up" on all kinds of entertainment, they are worn out because they go, go, go and finally the constant going has no pleasure for them. Beautiful things, concerts, opera and activities of that kind which should bring them great uplift no longer hold happiness for them; but they become so jaded that they know no pleasure or happiness any longer. Then, they seek that which will give them thrills, and Oh, what thrills!

Oh, my dear ones, as a student body it matters not where you are from, whether you come from the social world or where you happen to be, you are living the Law of Life in this Light. You cannot go back to the things that you once did. Oh, the pity of those who have turned aside from This Light! They must go back into the outer world and meet not only the vibratory action there, but that of their own accumulation, ever intensifying the unkindness which they must meet. Oh, make no mistake, beloved ones! We have watched them in the silence of the night weeping their hearts out but the intellect is too stubborn to return to the Light.

I am trying so earnestly to make clear and plain to you the Great Law, for some have been so endangered recently by allowing themselves to take on the vibratory action of very vicious untruth and voicing it again—the most dangerous thing in the world. My dear ones, do you think that each one of Us would keep saying to you: "The Messengers are honest and sincere! This Light is Real! These Dictations are Real!" if it were not true? Do you think if they were not Real, We would continue to give them when the doubt of mankind is so great? We could let mankind run along, the Messengers could let

them run along, but do they? They stand before all that imbecilical human ridicule, going on and giving out only Good!

A man left this audience last night in the Magnificence of the Mighty Tabor's Dictation and said: "that man is crazy." Can you imagine a human being so depraved, as to fail to appreciate even the Radiance that was going forth, let alone the Spoken Word—too dead to the beautiful vibrations to know and to feel them? That poor old creature has come to these classes about every time the Messengers have come here and he goes away filled with hatred and anger. Why doesn't he stay away in the first place? Now that is quite interesting. Why doesn't he stay away? Because the Light in him won't let him! It makes him come, even if he goes away to ridicule; because he never forgets it between classes. He fights and fights and fights with himself all those six months between, then he comes back and tries it again. Isn't the human a strange creature?

My dear beloved precious ones, if the Messengers listened to foolish human beings, you would not be having the Blessing of the Light; and recently one has been paying his expenses to go around among the students, saying: "Have you noticed the Great Ones no longer mention the Messengers"? My dear ones, what next! It is only the insane attempt to interfere with the Messengers. It is so ridiculous that not even a vicious individual would believe it; but see what extremities mankind go to to try to cloud the Light and the Light dissolves the clouds the moment It touches them.

You are fortunate, my blessed friends of America, in having the strength of your beloved Mes-

sengers. You are fortunate indeed. You love the Messengers, but what do you think We do? Since we are capable of so much greater Love—pardon Me—than you have, then We love them many times greater than you, and Our love is very Powerful. You have experienced It in every class of the Messengers on the closing day and usually throughout the classes.

Therefore, beloved ones, in your acceptance of this Great Light of your Presence observe the chart for a moment, while I speak concerning this. I am referring to Light, sound and color. Notice your accumulation of all the ages, the countless embodiments in which you have lived, accumulating the Good that belongs to you and It is there in color around your Electronic Body. It is the most glorious color you ever observed; but your present physical eyes are not able to see the true Inner Beauty and Perfection of It. The nearest you have in the outer world is the rock crystal, but still that is not like what we see. While the music has been going on and while I am talking to you, I am calling This Light forth and It has been so brilliant before the eyes of the Messenger that he scarcely sees you sometimes; for I want you to begin to feel these Mighty Activities within the substance around you which is now being gathered into Great Power.

My dear ones, you do not realize how you are gaining this momentum in the Perfection of Life. Even though you still make mistakes in the outer, your momentum of calling forth constantly in methodical action the Greater Power from your Presence, must one day dissolve all that is human within you. One may accomplish it quickly, another may take longer, another still longer.

Only your Life Stream knows that, but according to the intensity and determination with which you continue to call, will you be Free.

Much has been said about it, but I say to you, once you realize fully what it means to charge your body with the Energy, Intelligence and Power of the "I AM Presence," you will be able to do amazing things. Charge It into your body —just draw It down and charge It into your body—and my dear ones, you can do what you would not believe possible, if you will only try it. If you are where it is not well to speak out loud, you can just in a low firm voice call your "I AM Presence" to charge Its Energy, Intelligence and Power into you and feel the charge come into your body. Then you will soon see and feel the momentum which you are gaining; and you will find yourself much firmer toward the things that previously disturbed you.

You are gaining the true Victory and Power of Life! Stand so firm and unyielding in your application, knowing that every call is like a great charge released into your body and feeling world; for remember, you are talking to the "I AM Presence" of Life and that charge of substance from the Presence is the Purity and Perfection of Life. Therefore It must replace that which has been disturbing in your body previously.

Now try to see this. You take a pail of dirty water and begin to pour clear water into it, finally the other is thrown out. Why? Because Purity is stronger than that which is contaminated. Now, please notice this carefully! Your Presence of Life being the Power, the Intelligence and Perfection of Life and that which you have accu-

mulated about you being but humanly charged qualities, how could anyone feel that the human accumulation has any strong force or opposition against the Powers of the Light of your Presence?

You see that is why in healing, in the adjustment of conditions, affairs and all such activities when you call the Power of Light into action, there is no opposition; because It goes into persons, places and conditions and harmonizes them so Divine Order and Divine Justice can be established. Did you ever see Divine Justice established where there was a fighting attitude? You know that Divine Justice never did come out of any situation until harmony was established, because then only can Divine Justice come.

Why do you think the Messengers and the Great Ones kept urging and urging and urging the students to pay attention to the need of Harmony within their feelings? Because the call was to be made for the Goddess of Purity and the Goddess of Justice to come forth. The Great Ones knew that and They knew before certain other things could be accomplished, it must be done. Through the call of mankind, the change within the mental and feeling world of the people had to be sufficient to enable it to be done. These things are not done by chance. In everything of this kind, the way is prepared and as you are preparing now for your Ascension, so is everything of Perfection which is coming forth in the world, preparing the way before it.

Now, you are preparing the way for the Great Release of the Cosmic Light. If it be necessary to render that Service which it might be imperative for the Cosmic Light alone to render for you, mankind and the earth, then your call will have been

of great service. If that should be, then you in that one act alone, have rendered a tremendous service, have you not? Oh, weary not, beloved ones, in your calls to Life in the service which you are rendering to Life, to Light, to America; and remember everything you do is service to Life for your Freedom!

Many times the students have thought they were serving the Messengers of your Beloved Saint Germain. Well you are assisting wonderfully, but you are serving Life for your Freedom. Please do not let that idea get away from you. If you begin to feel you are serving the Messengers or that you are serving your Beloved Saint Germain, you will lose many points which would take you forward to Victory. There is only One Great Intelligence which you can serve and that is your own Life.

In the long period of drawing yourselves down into these limitations, you used the energy of Life. Then in order to get out, you must come back by your own call to Life and to Light and by serving Life. Since you have misused the energy of Life in all these centuries through wasting the energy, you are now gaining in one life time what would otherwise take many. That is what you are doing this time.

My dear ones, do you know what this service means to you? Many of you are living many embodiments, so to speak, in five years. Do you quite understand how Life can speed up an activity? You can live through so much in such a short time, that you gain an Almighty Power and Victory over outer conditions by your Power of Life! I mean you are gaining in the control of the energy which you are using out here. See what magnificent things occur as soon as you stop re-qualify-

ing the Great Purity of Life as It flows forth. See what has come to the Messengers! It is a very wonderful thing, dear ones. Their Freedom has come because they refuse to allow their feeling to take on any discord. Even with all that is done and said about them, still they must maintain their Harmony! Otherwise they would find themselves catapulted here there and from all directions, by the forces which have been viciously qualified by mankind. As long as they remain harmonious, it cannot touch them, it cannot reach their world; but the moment you enter into some discordant thing in thought, feeling or speech, you open yourselves wide to all that destructive quality to flood your world. Then do not blame anyone but yourself if disaster occurs.

Life is so beneficent, but the Law of Life is unerring. It is no respecter of persons, places or conditions. It just acts. Energy acts, dear ones, but it does not have within it, the Discriminating Intelligence. You, the Real You in your Higher Mental Body, are the discriminating Intelligence. If you call forth energy and you re-qualify it, energy will act and produce Perfection or imperfection for you, according to the quality you give it.

Therefore, I say to you beloved ones to-night, hold this Harmony as you go forth from this Magnificent Radiance released by this wondrous music. The Glory of Life and Light is wonderful, marvelous! (I think our friend was just here and left). In receiving the Glory of Its Radiance hold It sustained in Its full Glory forever. Do not struggle, beloved ones, any longer. Just be happy and Free!

Saint Germain wishes Me to take up one point

or perhaps two, because there is so much demand for it these days. Suppose you have a loved one, whether it be husband, wife, child or friend and that one is needing assistance very greatly. Your first impulse is to make a tremendous physical effort to give the assistance, isn't it? You want to get right out and wrestle around to do something physically, to prevent what you think might be disaster. That really is not the Law. I say to you parents, friends or sweethearts, if you will call the "I AM Presence" into action to take full command of that person, produce Its Perfection and hold Its Dominion there; then take your human thought, attention and feeling away from the individual and the "I AM Presence" will do the thing which you cannot possibly do physically. That is the great need of our beloved student body to-day.

You know when children are grown to full stature and they do mature quite young these days—many at seventeen are almost at full maturity—you cannot use the former methods of discipline. Since obedience has become so absent in children, young people and the older people too, then there must be a greater means than father's slipper to govern things. You know you cannot take one that is larger than you are across your knee. You surely would not be comfortable doing it. Then there must be a means of governing and giving that Assistance in a way which is much more valuable and much more powerful. That is through the "I AM Presence" of the individual.

Of course, you cannot see and know all of this which transpires, but I just make the statement, because it is constantly going on every day. The Messenger just opened a letter after dinner and

there was the report of a magnificent so-called miracle performed. A mother wired him a few days ago. Her son was to be operated on and a bone graft made in order to save his limb. At the same time congestion set in on the lungs and he was about finished, when she wired the Messenger. He made one powerful call and within the hour the congestion was gone and in one-fourth the time, the bone graft had healed. The doctor stands in amazement, not having witnessed anything like it before.

Oh, my dear ones, how can mankind scoff and doubt, when these magnificent things are done every day through the calls of the Messengers—hundreds and hundreds and hundreds of these things? Then, do you not think We love these Messengers? Do you not think, We shall always stand by these Messengers for their great Love, Loyalty, Unselfishness and Honesty? (That was our friend, because he is going down the street having a tremendous battle again. Poor fellow! Isn't it too bad?) So, dear ones, in the great magnificent Law which it is your great blessing to apply, if you will only do it and just be so happy, you will be so free from the distressing conditions. I smile sometimes really, because mankind have so long been giving the full force of their attentention to the appearance world in observing all these conditions about you.

When you are advised to take your attention off disturbing conditions, I sometimes notice that with some individuals the greater struggle they make to take their attention off, the closer it sticks; but that is because they are trying to do it with the outer effort. Please remember in all your requirements to say and feel: " 'Mighty I

AM Presence' you do it." Oh isn't that vastly different than you saying "Now I am going to do this"? and the first thing you know you are in a battle. Avoid those battles! Say " 'Mighty I AM Presence' now you do this," then you be quiet; and see how easily and quickly it would be done.

Now for instance, in the most—shall we say drastic or even tragic circumstance that confronts you, the first thing to do, my beloved ones, is to be still. The moment you become agitated in your feelings, you will not release the power to govern the conditions; but if you become perfectly still and say: " 'Mighty I AM Presence' take command of that person, place or condition, whatever it is; Sweep your Mighty Current of Light and Energy in there! Produce Your Perfection and hold Your Dominion"!, then be still again and wait the outpicturing, your results would be absolutely infallible, but so many either through hurry or through tension in the feeling do not do this.

Ladies, may I say something to you? When it is about dinner time and you want to make some application you say: "I have just a few minutes. I will make this application now and then I will have to hurry to get dinner." Did you ever notice that? Gentlemen, when you have after dinner appointments and you are delayed at the office, you make a wild rush home and dash into the house, are you sure that you had your dinner? Could you be sure of it, after you left the house?

Those are conditions so important, ladies and gentlemen; but mankind follow that hurrying impulse of the human and feel they have got to make a wild rush, when if they would say: " 'Mighty I AM Presence' you take charge of me!

Stop this human nonsense! You take charge of me and do this perfectly," you would be rested and you would get there before you would, if you were in a hurry; so you would have time to eat your dinner properly and you would be on time at your appointment because the "I AM Presence" will do what the human cannot and the more you hurry the more you obstruct the way most of the time.

The Messengers have proven that and the Staff has seen them do it. Recently, when they were leaving Chicago, there was business that was to be attended to that ordinarily would require three or four days. It was all done and completed in one. Everything was there ready when they arrived, because they had called the Presence into action to prepare the way and it was done. When things begin to pile up on the Messenger, he says, "Mighty 'I AM Presence' take command of this body! Stop all human nonsense and You see this is done," and just like that things are done. That is what you, beloved students, need to practice more.

Practice refusing acceptance the moment the attempt comes to hurry, say "Stop now! hold on! 'Mighty I AM Presence' take command! You do this." Then you will find that stillness take place.

Thank you, beloved ones, for this opportunity to pour forth My Radiance to you. I wish We might have days to go into this which We have justly barely touched upon to-night for mankind are soon going to understand the full Glory, Power and Blessings of Life, as they enter into these greater and Higher Vibratory Actions of Life. You cannot help it, as you call to your

Presence daily and hourly, you must arise in the greater and more powerful vibratory Action of your Presence of Life. It is a natural thing. You cannot avoid it, if you continue to make the call. So remember that.

I know, dear ones, because of habit, it is so easy to feel—"now I think I had better have a little help"—and you go to some student or Group Leader or you write the Messengers when if you would just be a little more firm and say: " 'Mighty I AM Presence' now you see that this is done here! *Give* me the Evidence of Thy Power! Make me *feel* that my call to you is sufficient," then you will allow the Presence to sweep into action and do it; but the minute you begin to feel: "Now I think I am going to have to have help," you change the vibratory action and then you actually do need help; where if you would say to the human: "Now, no more of that! My Presence is just as powerful as anyone's else; and all I have to do is make the call and be still, for my Presence to do this which the Presence of the Messenger or anyone else can do," you would see what a magnificent change that would bring in your feeling.

Oh, gain the full confidence in your "I AM Presence"! That is the Great Victory of Life, beloved ones. Oh, it is beautiful to have assistance, of course, but if you begin to lean too much on outside assistance you will not gain your Victory!

I congratulate the little lady in ..... how wonderfully she has stood in the Radiance of her "I AM Presence" handling tremendous conditions; but determined that she will not call to the Messengers and every time out comes the magnificent victory; and now she is gaining such

confidence that it is beautiful to watch. When something suddenly appears, she turns to the "I AM Presence" without another thought and Its Power flows forth to regulate the condition. That is what all the beloved students are soon going to do. They will stand so very firm in the Light of the "I AM Presence," drawing from the Glory of the Light their own in Its Infinite Perfection.

Dear ones, from the Light everything that is, came forth into being. Everything must return into that Light and you think perhaps until you touched this Light that there were no spheres of action other than this, because you only knew this one; but my dear ones, in the Octaves of Light above, is the Substance of Life just as tangible there and Forms as tangible as yours is here. Only when mankind begin to feel the release from human concepts and limitations, will they begin to go forward and observe, first hand, the Glory of those Octaves of Great Light Substance, Intelligence and Power which are the Blessing to this earth.

Oh, Power of Light, of Love Divine,
Almighty Power of Harmony,
Let Thy Light shine within the heart
Of all mankind in the Glory of this day
To fill each one with Victory
Through Life's Great Perfect Way!
Stand in the Light, Its Power so great,
Looking in the face of Victory, Open His Gate
And enter into the Freedom there —
Forever released from earth's binding care.

I thank you and bless you forever.

Mr. Ballard:

"Mighty I AM Presence" speak Your Fiat for America:

· THE "I AM" PRESENCE SPEAKS ·

"I AM" the Power of Light!

"I AM" the Mighty Protection for America, thru my children of earth!

"I AM" the Presence of Directing Intelligence which changes the destructive will of mankind!

"I AM" the Presence within man that dissolves forever, and quickly, all communistic ideas and refusal of the Presence of God, which "I AM"!

"I AM" the Presence taking command of the bodies of mankind and their feeling worlds; and as the Great Cosmic Light has done My bidding, so shall I take command of My people and bring My Laws into action within the earth and in all nations! America is My Heart, and My Heart is the Presence and Power through which I speak to mankind!

No longer shall God, My Presence, reign without mankind; but instead My Presence shall reign in the hearts of mankind bringing that dominion and obedience from the human which will allow My Dominion to take place in America and the world!

In the fulness of all that mankind has expressed, "I AM" the Light, the Energy, the Intelligence which allows them to express. May everyone feel the Currents of Light, to-night, throughout America, touch each human heart

to bring all into the consciousness of God, the one "Mighty I AM Presence" Who is the Governor of the world.

Therefore, My Fiat goes forth to reach the hearts of mankind and quickly so all hearts will turn to that up-reaching Power and Source of their Being, and there find Me waiting in the fulness of the Power which I wield.

Great Host of Ascended Masters, Who are My Messengers! Great Legion of Light, Who are My Messengers! Great Cosmic Beings, Who are My Messengers! I call Thee into action in America and the world! Take command of the earth and her people! Command obedience from the human and no longer allow it to express its destructive ideas and action thru the world of your human kingdom.

In that Power of Light, which "I AM," and in My obedient Servants, which are My Light Rays, I call the Host of Light, the Commanding Presence of the Universe, to project those Light Rays into earth, take Dominion there and hold that Mighty Action until all human creation is dissolved forever, mankind released from the bondage of their own creation and the Glory of God, My Presence, the only Commanding Presence in the Universe and America, which is My Heart!

Stand, Oh My People, in the Light of My Presence, which is your heart, and let the Power of that Light dissolve every discordant limiting thing which exists in the world; and you stand forth My Glorified Beings of Light in the fulness and activity of My Presence, in the Glory of that Presence in the Victory of the Light in America and the world!

My Word has gone forth, and so shall it be forever!

K-17

I say to you again, for goodness sake do not worry about your financial supply. If you make the call to Life with earnest sincere determination, then Life is compelled to answer; but you will have to be patient, until Life finds its Fulness of action to produce the results.

K-17

Take your positive, permanent, Eternal Stand that: "There are no other gods before Me," reminding yourselves the "Me" referred to is your "Mighty I AM Presence," whose Rays of Light and Energy beat your hearts. Now spiritually and physically there cannot be anything between you and your "Mighty I AM Presence." Then how could something come between you and your Presence by a mental activity? You are physical, feeling and mental beings! Therefore, your mental power has authority, so far as you are individually concerned, to do certain things; and that is where the prevention has always been intruded into your feeling world by your mentality; because the feeling world has been shorn of its Authority.

K-17

For months We have been urging you to keep charging your bodies with the Pure Light-Substance of the Ascended Masters — Their Self-Luminous Intelligent Substance—that which cannot be requalified by the human! As you keep pouring that Light and Energy thru, sweeping out the imperfection and re-charging your body with the Perfection *of Life, soon that requalification of this Pure Energy of Life will cease.*

K-17

You see you cannot command the Wisdom of Life, but you can command the Energy and Substance of Life to produce Its Perfection for you. That is why I think you should remind yourselves more often of that which is your rightful Authority in order to compel the substance of your bodies and conditions about you to obey your command. Then you are not wanting to command something that is out of place, but in your command it is the Authority of Life which is acting in overcoming and changing the human quality.

K-17

If you were to attempt to command one another to do certain things then you would probably be largely using human qualities, which you would not have a right to do; but when you command Perfection to manifest in your bodies or in your activities—that is Your Authority of Life because Perfection contains no human release! The "I AM Presence" is always the full Authority of Life. Please try to grasp this, because then you are using the full Authority and Power of Life to produce Perfection!

K-17

I think if you would still yourself before you start your application and say to yourself: "Now this is the Law. There is no *interference with It. I am calling to the Wisdom of Life, the Power of Life, the Authority of Life! Therefore, this call has to be answered, because I am in accord with the fulness of all Life, the Power of Life will flow into action to produce this exact result.*

· NEW MUSIC ·

IT is our privilege and joy to announce the release of a new Song by Godfrè Ray King (Mr. G. W. Ballard)—Mighty Victory. Both lyrics and music were written by our Beloved Messenger, Mr. G. W. Ballard and are charged with tremendous Power of Light and Blessing to all who sing, play or hear it.

"MIGHTY VICTORY" is dedicated in Eternal Love, Gratitude and Blessing to the "Mighty I AM Presence" and the Beloved Cosmic Being, Victory. Mankind must have His Victory of the Cosmic Light as of a Thousand Suns to hold control of the forces of Life on this earth, if humanity are to survive here and act constructively in the future.

Every time this song is sung, played, heard or the picture contemplated the individual or group will receive from this Mighty Cosmic Being, Victory, His Mighty Light Rays enfolding them, provided they make the call to Him and hold harmony in the feelings. His Light Rays are Substance, Light, Energy and Perfection from his Sphere of Activity. The moment one's attention is turned to Him that one is definitely in connection with His Great Perfection, Victory and Power of Life for His Light Rays carry His feeling of Victory and the Power of Light over all destructive forces and qualities.

Send your Love, gratitude and Blessings to Mighty Victory and call for His Out-pouring to be sustained until all are as Perfect and Victorious as He is.

This song is dedicated to the City of Cleveland where it was first sung—to release a mighty Outpouring of Victory's Mighty Miracles and Victories of Freedom, Divine Justice and Perfection, until Cleveland becomes an Alabaster City of Light as the Ascended Masters have commanded. May the Ascended Masters' Marvelous "I AM" Temple of Light come forth in that city quickly, within which the Unfed Flame blazes forth the full Cosmic Power of Eternal Victory which raises all who enter there into the Ascension as soon as possible.

OUR COSMIC THANKSGIVING

H, Mighty Glorious Cosmic Light
From out the Central Sun,
Our "I AM PRESENCE" very Breath,
The Heart of everyone—
We thank Thee for Thy Mighty Self,
Thy Life, Thy Light, Thy All!
Accept our Love and gratitude,
Thyself in every call,
Which now we send unto Thy Heart
In praise no tongue can tell,
Oh, Mighty Source of all that is,
In Vict'ry now we dwell!

We give Thee all our hearts in song,
Their Light mankind shall see!
Expand It now with Cosmic Power
For only Light sets FREE!
Thy Love "I AM" and "I AM" too
Is ALL Life can bestow;
Thou art the Giver and the Gift,
The giving each may know!
We now give back to Thee, "I AM,"
ALL—ALL in Love's Release!
Thou art the ONLY PRESENCE too,
The Realm and Heart of Peace!

Thy Cosmic Flame now lights the world,
"I AM" Its Power to raise,
To purify, to bless, set FREE,
For It we now give praise!
We pour our Love, thanksgiving too,
The Light from out each Heart
And as It spreads throughout the earth,
Illumines every part!
Oh, Mighty Cosmic Light in all,
Thy Splendor NOW—"I AM"!
DESCEND! THOU LEGIONS OF BLUE FLAME!
FULFILL my Heart's Command.

SAINT GERMAIN'S DISCOURSE

Minute Men Chicago, Illinois
Sanctuary April 9th 1939

GENTLEMEN! Minute Men of America! I greet you in the Name, Power and Freedom of Life! In all you have witnessed recently, in all the achievements from the Inner Octave of Light, which you do not yet see manifested or perhaps will not quite understand, let Me give you just a little idea as to the extent of the Expansion of this Light.

First, I want to remind you that here in this very room at the Musical when the Messengers were here before—right where I am standing now, the Goddess of Light stood and through Her Great Power opened the Doorway to the Ascended Masters' Octave of Light to bring into action a more powerful Force of Light for the Freedom of the "I AM" students of America. That is no figment of anyone's imagination. It was mighty Real! *It still is and will remain so, until the people of America are free!*

Gentlemen, I congratulate you on Life having so planned it that you meet in this room to-day. All brought into this room at that time was for the Blessing of every one who has ever entered or ever shall enter it. Many have not understood, have not appreciated, the half of the Reality which It was, but such is their misfortune.

Gentlemen, to-day in all I release to you to take command in your feeling world, please feel that

It is Real; that I am Real! One day, you will see quite well enough that "I AM REAL," when I choose to come forth in My Tangible Body and talk to you as the Messenger is talking to you now. Then you will see—but be patient until that time! The Wisdom of the Great Ones knows what is best for mankind in spite of any human opinions to the contrary; but it takes time, as you have known it, for mankind to become re-adjusted to these conditions. Through this Knowledge I have brought forth, which is the unadulterated Truth of Life, human opinions of the past have almost been turned up-side-down; but that should not be disturbing since in many of your conditions in the outer world, you suddenly want a change for you tear down your buildings and replace them with the perfection or change which you have determined was better. So when I bring you this Magnificent Understanding and Application of Life, WHICH IS FREEDOM, if It tears down the old structure and replaces it by a new one—more Perfect and Beautiful—it should not be distressing, should it?

I want you to see how very practical I am, for in all these centuries of My Activity, I have dealt constantly with the governments of the world but unfortunately few would listen. In America, for the first time, I have found this great, great response.

Since I asked the Messengers to go forth and carry This Light, Its Expansion has been unprecedented in the world. It means that when mankind reaches a certain point in the Expansion of that Light, It will be just exactly like when you pull the gate up in a dam of water and let Its power rush through. That is why the Goddess of Light opened the Doorway into the Ascended Masters'

Octave of Light—to give Her added Assistance to that which I have brought forth, and to which all are giving unlimited Assistance at this time.

Now gentlemen, this applies to every detail of your health, your operation in the human world, or anywhere else that you decide to direct your attention. I want you to try and realize to-day in the Power of this Radiation—that your attention determines what you are going to do, what you are going to be and where you are going. When you understand that your attention is the Power of Life in action carrying your Stream of Life and Energy into the objective, then you must know that your attention is the Power by which you determine the Victory or failure of Life.

Of course from Our standpoint there is no such thing as failure in Life. It is but a retarding process which goes on among mankind constantly, ofttimes by their unwillingness to give obedience to Life and their unwillingness to maintain the Self-control which is necessary in various activities; but whatever or wherever your attention is fixed there your Life is flowing. You cannot prevent it. Since I brought forth This Understanding to show mankind that they alone are responsible for the lack of control of their attention, bringing conditions into their worlds by lack of control that they did not dream could be and since they are the Out-picturing of it to-day in the distress and limitations which exist, then may I have the privilege of showing you how all that CAN BE reversed? I say "can be" and there is not the slightest question in the world about it!

I cannot quite understand how the people, the student body of America, do not realize this when they have seen the Almighty Victory of the Mes-

sengers, knowing that they had neither money nor influence when I asked them to carry This Light. Yet the world observes the achievement to-day. (Applause—audience rising)

Since every one wants to understand, wants to have a means by which he can produce definite action, then is there any reason for doubting this magnificent Truth? This is the first time in the history of the earth that there has come forth the Ascended Masters' Clear Unadulterated Understanding and Application of the Power of your own Life by which you can have mathematical, definite action. Depending entirely upon your determination and your firmness, in standing by the application which you make, will you have quick or seeming delayed answer to all that you require. Life in Itself is so Perfect, so Powerful and Magnificent. If left alone and kept free from human qualification, It would naturally produce a Perfect Body, maintain it in Perfect Health and the Radiation from your human form would go out into your world, harmonize and make everything successful wherever you move.

I ask you to observe because it is so out-standing, it covers such a vast scope. From the very first time the Messengers went to Los Angeles, the most drastic attempts were made to prevent their going into action there; but when they called the "I AM Presence" into action and took the human mind off the condition, everything came into order and they went from one place to another, until they arrived in the Shrine Auditorium large enough to hold the people.

I call your attention from time to time, gentlemen, to this that you may see there is no obstruction in the Universe to your determined application. When you call the Power of the Pres-

ence into action, that Light is All-Powerful! It is Love, Wisdom and Power, a Substance and Intelligence that goes forth into action and by Its Almighty Power, harmonizes and dissolves human discord and lets the Power of Life in Its Almighty Perfection and Authority take command of your affairs and bring Divine Order, Supply and Success out of it.

That is why if mankind once really see this and find that it only requires their staunch firm determination held unwavering in the call to Life to accomplish the Victory, they will apply This Understanding. There is not one person among the "I AM" Students in America who would not go forward to success in whatever such an one desired to fix his or her attention upon. Success, gentlemen, is only a fragmentary part of all the Activity Life wants you to have. Of course, since certain conditions exist in the outer world to-day in the physical octave, you must have certain things here to be happy and comfortable and have a certain Freedom of action; but my dear ones, that is only a small part. What every one of your hearts really wants is the Goal of Life.

The culmination of all the ages and embodiments in which you have lived is at hand, I assure you. We alone know that, but I say to you: Because of the Power of the Incoming Cosmic Light, great numbers of mankind have got to finish in this embodiment. Does that sound rather authoritative? Gentlemen, I know exactly what I am talking about. I am talking about your Life and It is the Authority!

The Life Stream of thousands and thousands and thousands in America has said: "Now that part of you in the human garment which I have provided for you, shall finish in this embodi-

ment." (Applause—audience rising) Thank you kindly, gentlemen. Will you remain standing for just a few moments while My Currents of Energy flow through you?

I know when mankind has not been accustomed to these things, they do not quite feel the Reality. I know you do not see the Streams of Energy acting, but please, kindly and joyfully accept that which I offer, for It is the most Real Thing in the world! As the Messengers have told you, all the Real things in the world are invisible to the physical sight of the average individual. When I tell you, I am pouring Currents of Energy into your feeling world to anchor a firm Action and Power and Presence of Life, amplifying your own Stream of Life and Energy which will make you the Dominion, the Commander of yourself and your world, I mean just that! I would not take your time nor Mine to talk childish nonsense. You are grown up, gentlemen, and have come to the point of maturity and decision. You are no longer children, not even in the Light. Do you realize just what that means, when I say you are no longer Children in the Light? It means that the Light in your heart has expanded to the point where It can begin to take command of your human form and release the Power of Radiation which goes forth from your human forms. It means everything in the world.

Now then, let us get just as practical as possible. In your homes through your steam and hot water heat, you have warmth in your home in the radiation from your radiator, do you not? That is a natural, a joyfully accepted thing on a cold day. The Radiation from Us is far more powerful and far more important than the heat from your radiator on a cold day. That would be tem-

porary and bless you only while your furnace was in operation. We are the Eternal Furnace of Life! Our Heat never goes down, because It is the Fire of Life!

Now, I shall convey to you exactly what I have done. My Current of Energy is to establish in your feeling world that Fire of Life which will give you Courage, Strength and Dauntlessness in your call to the Power of Life to release Its Dominion into action, to take command of your world of action and enable you to call forth Its Dominion into the industrial world, into the business world, into your government and cities; to take command and sweep out all destructive things which are there!

I tell you, gentlemen, with the number of you here representing the business world, if all of you were from Chicago and could meet in a body and send forth these Decrees, it would govern and conquer every condition in the City. Why? Because you represent the masculine element. Now then think of the advantage. Just a few steps from you are the Daughters of Light, the feeling activity of mankind; for the feminine element does represent the feeling activity of the world. Really, that is the Powerhouse, and when you understand how to release your feeling with its natural positive element into the world of action, you will find everything changing with a speed and power that would to-day seem incredible to you. It is only as you try out this Great Law and prove it IN ACTION, will you see Its magnificent Power and have the Freedom which It brings to you.

All these activities are your own Life and It is as practical as anything in the mechanical world and as definite. When you start to put up a build-

ing, you put up your forms then gather the rest of the substance around them, do you not? The day you understand that it is within your province, authority and Power to make a MENTAL PICTURE of the Perfection you want—the achievement you want, and hold it as definitely before you as a blue print, you will be able to use one of the Trinities of Action of Life, which mankind has used but little, except in the unguarded state. When looking upon the discord and limitations of the outer world, you really in-picture the discord into your world and then out-picture the same thing again. To avoid that, you must take your attention off the appearance world with its discord, distress and limitations, and put it back on the "I AM Presence"—the only place where the Perfection of Life is. Then you will out-picture the Perfection which is here (pointing to the heart)—which is of your heart.

Gentlemen, I ask you to consider this Chart as important to your business world as It is to your Goal of Life; for when you understand that these Powers represented here are yours, you will know this Power is the only means to-day by which the commercial world may find peace, anchorage to constructive activity and fulfillment. You cannot go much further in the conditions that now exist and survive.

New York, Washington, D. C., Philadelphia, Chicago are the points that need the greatest change to-day. I ask you to observe how at various intervals in Philadelphia, the Cradle of Liberty and Freedom to the world, there have been attempts made to intrude conditions to bring dishonor upon that greatest thing in the Universe—Liberty; but you see each time they fail! The communists attempted to drive their destruc-

tive forces in there to bring discredit upon the most honorable thing in America, the Cradle of Its Liberty.

I tell you, gentlemen, make your call and clean out of your world, out of your business activity, every human being who is not a hundred percent, a thousand percent, loyal to the United States of America! That frightful thing has come within one of wrecking your Nation just like it has those of Europe.

Do you think it was the figment of anybody's imagination when the Kaiser of Germany was at the height of his dominion, that the report was in your papers of how he had prepared a throne for America? Do you think that was imagination or newspaper talk? That was true gentlemen and that same force has hold of Hitler today! Make no mistake about it! The same force has hold of Mussolini and Stalin, only with Stalin it is a wholly different thing. He does not think so much of the conquest of America; but he has become wholly a fiend of destruction. He thinks of scarcely anything else in his suspicion, but to destroy those of whom he is afraid and whom he thinks might take his place. He has murdered thousands and thousands of magnificent men in Russia, because of that fiendish suspicion and dread for his own safety.

To think that a nation will allow a fiend like that to survive seems incredible, but that is the power of fear over people. Thank God, the "Mighty I AM Presence," that the American people—while a lot of them have great fear of one thing or another—when it comes to a show-down that fear disappears and the power, the strength and energy does come forth. (Applause—audience rising)

I tell you, gentlemen, that a dictator will never arise in this America, (applause) or come here from anywhere else! (Applause) I am going to say something that I have never said, because it did not seem the time before, but to-day it does seem the time. I have been recently given certain Cosmic Authority in and over America (applause) by the Powers of Light. Do you understand that your Goddess of Liberty, Who is a Mighty Real Cosmic Being, is really the Cosmic Mother of America? Do you quite understand that? If not, please anchor it firmly in your consciousness to-day because of the things which are to follow.

Steadily and surely these destructive forces are being wiped out of your nation and I congratulate our beloved brother here (Mr. Potter). To-day, steadily and surely the destructive forces are being wiped out of Chicago (applause) and much has within a few days been taken out which will make the future much more certain and easier of attainment.

I say to you, gentlemen, stand steadfast and firm. If you do, you will not find it necessary to take up physical battle for anything; but unless you do understand this, your young men of America will have to defend your country by force.

You remember that magnificent Truth which the Goddess of Liberty gave you in Her Vision to Washington. You remember that in Her Vision there was the indication that these destructive forces might find certain action here. Seeing and knowing this and that it was possible to reach so many people in America, I conceived the idea that it could be wholly avoided; and WITH THE CONTINUED EXPANSION OF THIS LIGHT, I am as sure as I am speaking to you this morn-

ing, that it can be avoided—that the necessity for physical force will not reach such a point.

This is the important point: "In official places, in your government, in your city, in the officials who seem to be manifesting the wrong activity, please take your feelings off those individuals—I mean your feeling of discord. Call the Power of Light into action with dynamic determination to either correct their wrong activity or take them out and replace them by Ascended Master Friends! Please use that term! Have all official activity replaced with Ascended Master Friends; because you do not know what that Quality sent forth into the feeling world will do. It will take command and enfold individuals just as if you put your arms around them, by the Power of Light, and hold those individuals in the Ascended Masters' Radiation and Activity which will give them the strength to stand against the conditions they find in those official places."

Do you understand, gentlemen, that there are thousands of the officials in America to-day who have gone into those positions with a magnificent intent; but the gangsters or the conditions of destructive forces in America find some means to get at them and throw fear into them, until they finally succumb and do the will of such individuals? That is why I ask you to charge into individuals who are placed in office or who replace individuals in official positions, to be the Ascended Master Friends raised up everywhere; because that Powerful Qualification going forth, will enable those individuals to be enfolded in the Presence, the Substance, the Intelligence and the Energy, which is the qualification of the Ascended Masters and that is a fearless powerful activity.

Would there be anything in the world that We feared? I hope it will not be necessary, gentlemen, but if it is, you will find Me standing forth in your midst in the Tangible Body, as Tangible as your own; and if it should ever come to a point where physical force is necessary, I WILL STAND THE LEADER OF YOUR ARMY. (Applause—rising) and no bullets will touch me or My generals! (Applause) That is how much I love you and the people of America! That is how My Determination stands to-day. So This "I AM" Activity shall go forward to Freedom in America. I would like to see any of your cannons or Gatling guns mow down My Form! Such things don't exist for me, but I can surround an army with an Invincibility which cannons, Gatling guns and bombs cannot touch. (Applause)

If the Minute Men of America and the student body will stand, understanding My Reality, then is there anything that I would not do for your assistance, even to coming forth in the Tangible Body and taking command? I want you to understand that, gentlemen!

There are a few people who still doubt My Reality, and still think it is the Messenger who is voicing these Words; or that he is the one who has given these Dictations. Great God! there is not a human being living on the face of this earth who could give forth the Dictations that have been given which this Messenger has voiced! There is not a human being in existence who could do it. There have been given enough to fill a hundred volumes within a year—as if any human being could do that. Such an idea is abject nonsense!

So gentlemen, I am trying to anchor you firmly to-day in the Truth of My Reality and to the

degree that you understand and feel It, will I be able to give you the Assistance which is required. It is the people of America who need Me! I could go on in the Octave of Light and leave the people of America to the mercy of these fiendish forces, but since I have gone thus far, is it not right for the people of America to arise and believe in My Reality? HAVE I EVER GIVEN THEM ANYTHING BUT CONSTRUCTIVE, BEAUTIFUL, MAGNIFICENT THINGS?

Gentlemen, when somebody says to you that I am not Real, ask such an one that question. Then if they say I am not, punch them in the nose. (Applause) Do you know, gentlemen, I mean that! (Applause) If individuals are so ignorant or so vicious—which are the two opposites, and can only understand force, then they ought to be supplied.

Let me tell you something: I am not advocating fighting, but I am advocating a Power of positiveness that if somebody comes to you and says that This Work is not Real, tell them to shut their mouths, until they have investigated to see the Truth which is here! These people who are so vicious know not one thing about This Work! How can anybody know anything about It who has not read these books thoroughly or attended these magnificent classes of the Messengers? They cannot do it. Then to say something is wrong without sufficient investigation is a falsehood of the rankest kind and should not be tolerated by any human being! After the evidence which has been given to the whole world of this Magnificent Work, Its Expansion and the Healings of thousands—and thousands of the people set free, if mankind cannot see that, then they are blind indeed.

That is why I say to you, gentlemen, you have got to be firm! I am pleading for your Life—and remember, students of America, you are not serving these Messengers, you are not serving Me, you are serving your own Life for your Eternal Freedom; and don't let that get out of your head. (Applause) Sometimes now and then a student has thought, if he or she has not said it—but many times have said so: "Why don't the Messengers watch over me? Why don't they prompt Me?" Great Scott! You have an "I AM Presence." You have got to call to It, until It does give you the Prompting. That is what counts. Look at these humble Messengers. If you knew the dynamic application they have made to hold their defense and the Expansion of This Light, then you would understand what it means, to stand in your own application and win the Victory.

Did I give them money, or pour money by the millions into their hands when I asked them to go forth? No! Because I saw the need of their own application for their Freedom; and praise Presence of Life, they understood it themselves! I could have supplied them and could to-day, with the limitless supply of money which they require for anything; but Freedom depends upon what you give; and if you are not in a position to give money, then you can give your Love, your call to Life, to carry on This Ascended Master "I AM" Activity. That is the position of every "I AM" student in America. I tell you, dear people, the whole world wonders how the expansion of the student body has occurred in Los Angeles with the number of people there. It is because those people were willing to give and go without themselves for the Expansion of This Light; and they have been responsible for the carrying of this

Work to many places in America which would not have been given It otherwise, without their assistance. (Applause)

The people of America have got to finance and support This Work if they want to have It. We are giving everything in the world to intensify and bring about their Freedom; and if they are not interested enough to release the finance, they will be the losers. Think what This Work means to all! In your Groups of Minute Men of America and in the Study Groups, stand them on their feet and decree for the supply to carry on your Work and the Work of the Messengers and your Decrees will produce it. That is the point. I want you to see this definitely to-day, because it is such a magnificent attitude to Life. It does not mean you have got to give money, if you have not got it at the moment, but notice this: I mention this point to give you an illustration.

There have been students all over the country who temporarily did not apparently have the money to buy books and in many instances where that blessed boy, Frank, said to those people: "Why don't you decree for those books?" either the money or the books came into their use, and every single time where they were willing to do that, the books were within their hands in a few hours.

If you understand your call to Life will produce the thing you require, then you will understand that there is not one thing you cannot have, even if it is not apparent at the moment. It is just the same with money or with a suit of clothes you require; with an automobile, with a certain amount of money you require to conduct your business, it is one and the same thing. It is energy qualified, which takes on the substance you require.

For instance, suppose you call to your Presence for an automobile. The Energy and Intelligence would go forth from your Stream of Life in your call, to take command and bring into use the automobile you so decreed, or the make which you choose; because you are the decreer. If you chose a Buick, Life would not bring you a Chrysler. If you chose a Chrysler, It would not bring you a Buick. That is the discriminating Power of Life, dear people.

If you call for a certain amount of cash money in hand for a certain objective and use, It won't bring you a load of straw. Do you not see how Magnificent is the Activity of Life? I want you to see it. I think you are, and I am eternally grateful that you are getting this to-day with a magnificent Power.

Remember, I am one with you! I know what it means to go through the experiences of human life, but I fortunately gained my Freedom in time to come to your assistance. (Applause)

Gentlemen, did you observe what was said last night? I am sorry you did not quite get it; but your beloved Lotus gave you a tremendous pointer last night. Pardon Me for jumping around considerably, but there are certain points, I want to cover with you to-day.

Do you understand why the Kaiser of Germany and why Hitler are in this condition to-day? You will remember, she told you last night about the last black magician who was seized and taken from the earth and who had been anchored in the Black Forest of Germany. I am repeating this because you did not get the fulness of it. I want you to. I want you to see how these forces find, or did find means of anchorage for the destruction of mankind and how they seized

upon individuals and spread that poisonous breath throughout the world.

Here is a point that has never been given, but I want you to have it to-day. An associate of that powerful black magician, who was anchored in the Black Forest, was also anchored in Siberia. You wondered why so many magnificent men were sent to Siberia, even in the time of the Czar. Yet, my dear people, it was not a fragment of what has been done since. Those two black magicians were the most powerful in connection with the forces of earth and had anchored within the earth that which held them firm, but now they are no more! (Applause) Therefore, all that now remains is the energy which they had charged forth and their influence which is fast dissolving and disappearing. You will find that those Dictators, all three of them in Europe, will suddenly collapse like a balloon. I ask you to watch and observe! I have never told you an untruth through these Messengers from the beginning; and if people will observe, they will find the things I have indicated have come forth to the letter. I am not a prophet, but I know what is going on in the world! I go in the world wherever I choose, to find and get My Information and I have the record absolutely the same as you keep your books to-day. If you don't think We are practical, then come up and see! (Applause—audience rising)

I say frankly to you, you are thrilling to Me to-day, for I see what is coming forth from you, and I tell you gentlemen, if you continue to build that, there won't be a single thing which would stand between you and the glorious victory of everything constructive upon which you fixed your attention.

Please understand, that you as one individual standing alone with your "I AM Presence" CAN call forth a Power of Light which will lift you into any constructive condition in the world! I can take any one of you or all of you; take you individually and give you certain directions and if you would follow them, I can raise you inside of two years into anything you would determine to reach: (Applause) but it could not be done if you doubt My Reality, if you doubt my Ability, if you doubt My Wisdom!

Doubt is a very destructive force. It is not quite the word to use, but yet it does lead to that. Let us use another expression—doubt is the most stifling force in all the qualities mankind generate because it shuts the door tight to the Beauty and Perfection which could come forth through them and to them. That is why I say, the day has arrived when the people who doubt My Reality will have failed on the Pathway of Light! It is worth taking notice of. I cannot help it but that very attitude of doubt makes it impossible for Me to do that which It is My Province to do and which no one else can do.

Will you observe for a moment that I just happen to be placed as Authority over the Seventh Ray, the Violet Ray to this earth? Therefore, It has made Me certain Authority and it has recently made Me certain Cosmic Authority to the government of America! If the people are going to believe I am not Real, then that is why they will have failed on the Pathway of Light! I cannot help it. It is not My fault, but since I have given Every Constructive Thing and not one thing that is destructive—not one thing that is not helpful; then if people doubt Me, it is because their own accumulation has made them do it.

That is why I want to anchor you, if possible, to-day in the firmness of My Reality, so it enables Me to do for you and through you what is needed to be done. Just think of it, I have in no wise intruded upon anyone in America; but their Life Streams through the Higher Mental Body of each one, have made the call to Me and that is how and why you are here. That is how you are Minute Men to-day. Your Life within you made you so, not just an outer desire. Of course, it causes the outer desire to arise but without your Inner determination to hold and maintain that, still it might not be.

Therefore, in Our Relationship remember, in that which I stand for to you in America—the Messenger is going to get a great surprise right now—I stand to you in the same Cosmic position as the Goddess of Liberty. I stand to you the Cosmic Father of America. (Applause)

Gentlemen, I am telling you something just a little before hand. I wish to anchor this other information just now: the Goddess of Justice, Who with the Goddess of Purity was so long, long within the Heart of the Great Silence, has come forth since the beginning of this class and this time She is not blind-folded! (Applause) This time She does not stand as a blind-folded individual holding the balance but by the Power of Her Commanding Presence, SHE COMMANDS THE BALANCE! That is the difference between a hundred years ago and to-day! Try to remember this point and that the Cosmic Light is compelling these things to come forth! I ask you to watch! Since Her coming forth, you will see Divine Order and Divine Justice take action in the government, in official places, in your industry, IN MANNERS THAT WILL SOMETIMES ASTOUND YOU! (Applause)

Now, retain the High Lights of what I have said to-day. Do not let them get away from you; but remember We, the Great Ascended Masters who have freed Ourselves from human limitations just as you are in position to do to-day, are your Friends. As I have just told you, the Cosmic Light is commanding many in America to-day to gain their Freedom and that is why this Dispensation came forth so you could do it. Then remember, We are your Friends who are Real and True.

Don't get any idea We are a figment of the Messenger's or anybody's else imagination! My dear ones, the people of Europe knew Me for a hundred years; and hundreds of people saw Me and knew Me before My Ascension; but I certainly did not do all the things that I was given credit for. There was an individual who opposed everything I attempted to do. He often made people believe, he was Me, but he is no more! THERE ALWAYS COMES A TIME WHEN DECEPTION AND INTRIGUE STOPS AND THAT IS ONE OF THE VERY VITAL THINGS TO THE PEOPLE OF THE EARTH THAT HAS STOPPED, BUT I SHALL GO ON FOREVER! (Applause)

My Light shall go on forever! So, I thank you for your Presence here to-day. I thank you for the acceptance which is within the Light of your hearts and your feeling worlds and I know that you are anchored in the Presence of Life and My Reality, as you never have been before. (Applause) This is necessary! It is imperative! if I am going on to give you and America the Service which is needed. We are reaching a crucial point and I think as conditions seem to be at this time, it largely depends on the period between now and

the close of the Shrine Class in Los Angeles on the Messengers' return there.

If I can have all place confidence in Me and My Reality, I could almost assure you by their return and the close of that class, the Freedom of America would be secured; but I have got to have the confidence of the people in My Reality in order to do it! We have things in order from the invisible standpoint, certain things within Our Governing Control which makes Me feel quite assured of even more than I care to say to you.

Therefore, gentlemen, in your individual contemplation, in your individual application, take your stand over your human intellect or anyone's else for My Reality and stand by it! Then as you pour forth your Radiance to others, you will convey that Truth and feeling to them. Do you know what one can do? One could come into this auditorium, even to you who are anchored today, and continue to pour out doubt and unbelief of My Reality and there would be only a few of the people in the audience who would not get that doubt. If it was continued long enough, it might take full action in their Life.

That is the Power of Radiation which mankind do not understand. That is why I say to you today, if you want America to be free and you want your individual Freedom; if you want your individual supply and peace which can be for America and the health, happiness and prosperity you desire, We are the people Who have got to assist you to it. (Applause)

This might sound peculiar to you, but I ask you to watch it and see! Every person who ceases to love or respect these Messengers will have failed. Why, gentlemen? Because they are the representatives of the Light to this earth (Applause)

and doubt of them or their sincerity, doubts the Light which is the Freedom of every human being on this earth! That is why the Light within the Great Student Body pours forth such ovations, such gratitude, such Love to these two of the most sincere individuals who ever walked in human form! (Applause)

Just one more step. When Wisdom so directs, I will show you the physical proof of their service to the Light in several embodiments, which gives them the Power and the Strength to-day to stand against the viciousness of mankind; that is why, gentlemen, I know their Strength, and they have not failed Me in a single instance. Therefore, I trust that not one of you will ever fail Me or will ever fail your America!

I thank you and bless you.

GEMS OF LIGHT

GODDESS OF LIGHT

Every night before you sleep, will you for a few moments stand on your feet and call directly to your Higher Mental Body—to charge your mind and body with Perfect Peace and rest and with Its Limitless Energy and Directing Intelligence? Make this a special activity.

GODDESS OF LIGHT

It requires much patience with some of mankind, but many are very worthy of that patience. Their hearts are good, but their enthusiasm runs away with them. When that gets to a certain point, they do not realize that to hold the Light Pattern uniform is the Greatest Blessing in the world.

"I AM" the Open Door to the Freedom of mankind which no man can shut!

"I AM" the Open Door to the Freedom of mankind which no man can shut!

"I AM" the Open Door to the Freedom of mankind which no man can shut!

"I AM" the release to mankind of Its Invincible Protection at their call!

"I AM" that Invincible Presence acting at every one's sincere call! Awaken, Oh mankind, to My Presence and have the Glory and Directing Intelligence, the Invincible Protection of My Blazing Light to flood your world! Awaken, Oh mankind!

"I AM" the Resurrection and the Life of all Perfection that has ever been brought forward in Amplification at this time in the Incoming Golden Age!

"I AM" the Resurrection and the Life! "I AM" the awakening of all mankind now! In My Realm of Perfection, there is only NOW, therefore, "I AM" the Governing Power of the earth! I call forth My Action NOW into the earth to touch and quicken the heart of all mankind to the fulness of Its acceptance of Its Source—"I AM"!

"I AM" the Fulness of the Release of the Great Cosmic Light that floods the earth! Last night, Its Great Beginning took place! May all throughout America feel the Glory of that Release to mankind, accept Its Mighty Perfecting Activities

and the charge of Its Qualities into the feeling world of everyone of mankind!

"I AM" the Guarding Intelligence that does answer every sincere call! Glorify thyselves, Oh children of earth, in My Radiance!

"I AM" the Infinite Power of Light which is Self-luminous Intelligent Substance, whose Mighty Perfecting Activity moves into action dissolving all before It. May every one feel the Glory of My Light, the "Mighty I AM Presence" flood each one's body and world this instant, sweeping out all else forever and releasing the Fulness of Its Mighty Powers into action!

Beloved Children of earth, it is action, it is contemplation of My Presence that brings correct action; and in the fulness of My Presence is everything you require for use! Accept It and allow My Presence to flood you and your world with all that is required for your happiness and comfort! Such is My Law! Such is your Law of Life which breathes Life into your being!

"I AM" the Presence of Life in you! Why not let It do Its Mighty Work in and thru you and stop all human action? Let the fulness of My Directing Intelligence, My Wisdom and Power flood in and thru you and do Its Perfecting Work, only requiring the human to be silent and at peace.

So this day, I command all the human to be silent; to hold its attention to My Presence, the "Mighty I AM," that My Powers and dissolving, Purifying, Cleansing Activity shall find Dominion in and thru mankind and the earth!

I have spoken and so shall It be!

GODDESS OF LIGHT

I want you to see, if you will, that We are quite normal Beings. We are not limited in any way, but We are still using the Faculties which you are using only in their Great Extended Activity—the Power of your Attention, your Vision and your Feeling. Do you realize, beloved ones, that is all that comprises you? That is all there is to you—your attention, your vision, your qualification or your feeling. Those are the activities of your Individualized Focus of Light. It is so with Us and it operates thru all Octaves of Light. Each one is a special vibratory action.

GODDESS OF LIGHT

You know, beloved ones, it does seem positively ridiculous that in mankind's frightful struggle for things, they are so often their own obstruction! Instead of standing calm and steady and letting the Powers of their own Life Force go forth to render the service.

GODDESS OF LIGHT

It is quite all right to call for a thing within a definite period, but do not let your human qualification make you feel disappointed, if it does not arrive within the time you have set. There are a good many of the students who have done that, then when it did not arrive, they felt as though their efforts had failed. That is not the case in any sense at all. Dear ones, won't you please do this: do not let your intellect ever again ask "why" in anything. Just go on with your application, knowing the Wisdom of your own Presence of Life is constantly acting.

GODDESS OF LIGHT

When people come to you and ask "why" about a thing, refer them to the "Mighty I AM Presence," and ask them to be reminded that if the energy spent in asking "why" was turned to the "I AM Presence" in full acceptance they would know why; and that the "why" of one Life Stream has nothing to do with the "why" of another. Therefore, to answer one question would mean that you might face about and find twelve more with the same question.

GODDESS OF LIGHT

I have observed at times that the human is so prone to ask "why"—why this and why that? Well, if they were answered it does not alleviate the situation, because in a few moments they will think of some more "whys," but as they are turned back to the "I AM Presence" that will cease. Oh, do not mind, if they are disappointed. So many people think—well if this question were answered I would be all fixed for my achievement. Well, when those are answered many more will appear, until the individual will turn wholly to the "I AM Presence."

GODDESS OF LIGHT

I am sure it is not going to be long, until you will understand clearly and definitely, if you do not already, how very practical We are. There is not one thing about the human octave that We do not understand and that We are not interested in. If it is something to be dissolved, then We are still interested in it. If it is something to expand Perfection, then We are interested in that.

GODDESS OF LIGHT

Only state a thing as the Law and make each individual feel his or her own responsibility as to Its enactment. Never advise. Never give any expression that can be misconstrued as giving advice; for in the Great Law, one Life Stream does not know what the other requires.

GODDESS OF LIGHT

Please do not give any human being power to disturb, limit or affect you in any way. Just stand in that joyous, calm serenity and know that as you stand within the Glory of your "I AM Presence," not one person on earth can limit or deprive you of any good thing which belongs to you. If you stand calm, firm, determined and serene, not one thing can you be deprived of.

GODDESS OF LIGHT

Remember, whatever supply of money comes into your hands, do not stop your application for your financial supply at any time. Hold what you have gained and keep calling forth for that limitless supply.

GODDESS OF LIGHT

Whenever you have the opportunity to talk to someone, preface your remarks and explanation of this Law with the statement that it is the Law of that one's own Life you are talking about. Therefore, it is not a thing anyone could object to, if he or she wants Freedom and assistance. It is not anything mysterious or unusual. If you will preface your conversation with that, it will immediately take away any feeling that it is something of a mysterious nature.

· NEW MUSIC ·

IT is our great privilege and joy to announce the release of a new Song by Godfre Ray King (Mr. G. W. Ballard) —Mighty Victory. Both lyrics and music were written by our Beloved Messenger, Mr. G. W. Ballard, and are charged with tremendous Power of Light and Blessing to all who sing, hear or play it.

"MIGHTY VICTORY" is dedicated in Eternal Love, Gratitude and Blessing to the "Mighty I AM Presence" and the Beloved Cosmic Being, Victory. Mankind must have His Victory of the Cosmic Light as of a Thousand Suns, to hold control of the forces of Life on this earth, if humanity are to survive here and act constructively in the future.

Every time this song is sung, played, heard or the picture contemplated those using it shall receive from this Mighty Cosmic Being Victory His Mighty Light Rays enfolding them, provided they make the call to Him and hold harmony in the feelings. His Light Rays are Substance, Light, Energy and Perfection from His Sphere of Activity. The moment one's attention is turned to Him, that one is definitely in connection with His Great Perfection, Victory and Power of Life; for His Light Rays carry His Feeling of Victory and the Power of Light over all destructive forces and qualities.

Send your Love, Gratitude and Blessings to Mighty Victory and call for His Out-pouring to be sustained, until all are as Perfect and Victorious as He is.

This song is dedicated to the City of Cleveland where it was first sung, to release a Mighty Outpouring of Victory's Mighty Miracles and Victories of Freedom, Divine Justice and Perfection, until Cleveland becomes an Alabaster City of Light as the Ascended Masters have commanded. May the Ascended Masters' Marvelous "I AM" Temple of Light come forth in that city quickly; within which the Unfed Flame blazes forth the full Cosmic Power of Eternal Victory which raises all who enter there into the Ascension as soon as possible.

· GEMS OF LIGHT ·

GODDESS OF LIGHT

You know when a thing has occurred three times, it becomes quite natural. So if We were to come forth in the Tangible Body three times, you would feel quite as natural with Us as you do with each other, and you would look at Us sometimes and wonder, if that was really a Being of Great Power, because We would seem to be like yourselves.

GODDESS OF LIGHT

Oh, the Great Wisdom of Life! How magnificent, beloved ones, is the Wisdom of your Life—every one of you just waiting Its Release and Dominion of that Great Great Wisdom that is you; and yet for a long time you have shut It out, but soon no more.

GODDESS OF LIGHT

Oh, my dear ones, to think that to-day in the midst of the human seething vortex, there can be the Magnificence and Power of the Light which has been experienced, which has been the Victory, and it is only in the beginning of what can be.

THE GODDESS OF PEACE

H come, blessed ones, who want release,
Behold! Behold! the Goddess of Peace!
She sails on a sea of Golden Flame,
Of Substance Pure, so in Her Great Name,
Strive on and upward to give to all
Her Victory of Peace to those who call
From the Heart's own depths of Love and Light—
Teach them to rise to Her Great Height!

Her eyes are raised to the Central Sun,
From whence comes all Peace to everyone;
And Life in Its Splendor gives to earth,
All that is Good, whose Glorious Worth
Can never be told in words of man,
Yet all can become God's fulfilled Plan—
The Plan of Peace and of God's Goodwill,
For It says forever, Peace! Be Still!

Great Goddess of Peace, we come within
Thy Temple Pure where no earthly din
Can ever enter or ever be,
The Altar of Peace, we all shall see
The Inner Chamber—the Light "I AM,"
In the Silence speak—"The Great Command"!

SAINT GERMAIN'S DISCOURSE

November 26th 1939

Washington, D. C.

BELOVED Students of the Light, I greet you in the Honor, in the Name and the Power of Life! As the Messengers have thought, We have been somewhat silent outwardly but you can be sure We are very busy in the Invisible Part of Our Activity.

Let Me remind you, before I continue, that with Us, so with you here, all Great Power comes from the invisible. I am very grateful to your Beloved Lotus for calling your attention to and holding you again steady upon the Great Silence because all the students, in the much agitation which has been stirred up, now need calm, quiet and the stillness of the feeling world which makes them know the Truth definitely.

My dear hearts, there is not one of you, if you became still enough, who would not know definitely and clearly what to do at any time. Well do I recall in My experience when I was put in training to still Myself in the midst of great turmoil. I never have ventured to say this, but I tell you that you may understand how easy you are having it to-day in comparison with that which We did to gain Our Mastery. The Divine Director sent Me into a battle front and asked Me to do certain things in the midst of that turmoil. That was the beginning of My Self-control enabling Me to enter into the Great Silence under all circumstances. Do you know what I said to Him?

I said: "My Great Teacher, I do not think I can do it," and to My utter amazement, He said: "I think you can." He asked: "Are you willing to try?" I said: "Most certainly," and to My utter amazement, it was as though I stood within the stillness of this room. At the same time, how much Assistance He gave Me I cannot tell you. In your endeavor to enter into the Great Silence, you draw the Infinite Power of that Great Silence about you like a garment; or perhaps We should put it a little clearer, like a canopy.

I made very little effort in that call, but My attention was fixed All-powerfully upon the Great Silence and to My utter amazement, within a very few moments, I found gathering about Me that Substance which shut out, just steadily, the turmoil which was about me. One of the soldiers said to Me afterwards: "What were you doing sitting there when such turmoil was going on?" He said, "I was making a great rush to another point and thought I was going to run over you; but when I came close to you, it was like something took me right around, as if I were deflected." He said "What was that you had around you?" Well, I did not explain, I changed the subject as soon as I could; but the words of that soldier did more for Me than sometimes months of training. I knew that instant, if the Force drawn about Me could deflect a human form from running over Me, then It must have Great Power and I went on and on from that time with a speed and power which, had anyone told Me was possible, I would have said Myself it was incredible.

That is why you do not know, beloved students, the Power of this Light with which you are dealing. After all It is the Law of the Universe! Oh, do you not see that? Oh, please do not

forget it, because it does mean everything to you! You are not dealing with something just here in the human world. You are dealing with a Power that is the Governor of the Universe and you are bringing It HERE!

Beloved students, is there one of you who fails to see the mistake in the old teachings thruout centuries, when mankind were trying to act here all the time, from that which they had created, instead of bringing the Power of Light into this which had to be undone and freeing the world and themselves from the discord? That is absolutely imperative! Mankind will never be free in eternity, unless they bring This Light thru the human form into this octave where the disintegrating and dissolving of the destructive force must be done.

I want to talk to you just a little on Fundamentals again, because dear people, you do not hold steady enough to some of these few simple things. They are your attention, your vision and your power of qualification. Any one of them would lift you to the heights or any one will drag you to the depths. YOUR ATTENTION IS THE MOST POWERFUL FACULTY KNOWN TO MAN and that is why it is so important to keep your attention off destructive things! Do not let your attention rest upon destructive conditions except long enough to understand what is required to be done.

I would suggest that as a student body—you have had your fun about it—you forget these vicious articles which have been written in the newspapers because every time your attention goes back to them, they help to stir up your feelings. Many of you are so tremendously alert and

would like to knock those people in the head but that is not the thing to do. They are knocking themselves in the head fast enough, but you get just a little impatient sometimes! Now I assure you, out of this will come an Ascended Master Miracle of Perfection!

Of course, these attempted suits against the Messengers have got to be stopped by the physical law! These vicious ones who have turned aside from This Light are instigating those things wherever they can get somebody to listen; but if you go right after them and lick that viciousness, they will stop it! It is for the student body to take hold of and lick them—so they will see the student body is standing back of the Messengers. Then, you will see the viciousness subside and everything go on beautifully again.

While all the attention of mankind has been on the conditions of the outer world, We have been doing some Tremendous Things from the invisible standpoint. I want each one of you, and I ask it of you, to within your own heart bow before the Mighty Goddess of Light, the Great Host of Light and Mighty Oromasis for that Service which is almost finished. From indications It will be finished before the close of this class. Bow in your hearts before the Mighty Astrea!

When the Great Ones set a certain time in the hope of an accomplishment, you will note that they often accomplish It much before the time set. The astral or psychic world will soon be consumed completely from our America. (applause —audience rising) I mean, dear ones, that the substance thrown off by mankind which has been charged with viciousness and which has become such a pressure upon them, will also be com-

pletely removed. It means the accumulation of viciousness released from anger, hatred, wrong sex activity and all that releases such discordantly charged substance into the atmosphere of earth, will be consumed over America. That, of course, as We have told you, has been drawn into its own belt which has formed the astral or psychic world. They are one and the same thing, and from the psychic world came such powerful destructive influence upon the mankind of earth.

As the Messenger said yesterday, the people of Europe and even the dictators do not know what in the world is the matter. They find they get so far, then the influence seems to disappear because the war entity of Europe *was dissolved!* My dear people, I do trust that you believe and understand these Almighty Things which are being done. Without this Assistance, mankind would not have the slightest hope upon this earth! Even with Our tremendous Efforts which We are making and have been for two hundred years, mankind could not go on any longer if this consuming of that viciously qualified substance had not taken place.

Maybe I am a little old fashioned, but I would not like to see My efforts of two hundred years fail this time. (applause—rising) If I know the American people as well as I think I do, there shall be no failure. (applause) Lotus you might be interested to know that I have had just a little something to do with the article you saw in the newspapers. The "Minute Men" of the past shall rise again! And this time with Legions!

You know, beloved ones, our beloved people of America are very resourcesful. They can do a lot in a very short time when it is necessary.

I do not know what you think about it, but I do not believe I have lost any of My Fire thru these two hundred years. Since (applause) establishing this Government of Freedom and bringing My people from seventy thousand years ago here, (applause) I ought to know something about them, and yet you cannot always tell.

However, with all pardon to the Messengers for being silent, I feel greatly rejoiced to-day in the achievement which is constantly lifting, lifting, lifting the pressure from you, beloved students, and from the people of America. Oh, when We get to a certain point here, We can do all that is necessary for the rest of the world. Do not worry about that; but let us get ready here first. Let us guard this Altar, this Sanctuary in America which alone holds within Its Hand the Cup of Freedom for the world.

That is why, beloved students, now I am going to get just a little more persistent. I even urge you, dear students, to think definitely before you start making your application and remember that your calls set the Infinite Power of the Universe, of ALL GOOD, of GOD, into action to bring the exact result for which you call.

My dear ones, please do not be disturbed by these affidavits and silly literature which are being sent around. Now we are getting right down to personal things. Do you know while it need not necessarily have been so, yet the strength within the student body has to be tested!

Now do not have any sympathy with those vicious individuals when I say that, not in the slightest; but there had to come that which drew forth the strength from within the students and proved who had the strength to stand loyal or

not! Really the great, great percent are standing loyal and the few who do not, are of scarcely any consideration. It is the strong, loyal ones who count in the protection of America.

Oh, now listen dear students, when We have asked you not to have sympathy for destructive conditions or persons, We mean that for your protection. Do not worry your precious hearts for one second about these individuals who have turned aside or failed. They knew exactly what they were doing. Everyone of them has sufficient understanding of this Law to know. They know IT IS TRUE! no matter what their lips say. So do not waste one instant sympathy or consideration. Turn your face to your "I AM Presence" and move in the Power of Its Light.

On the closing day of this class, there will come the most powerful release of the Cosmic Light thus far. I must choose My Words very carefully for what I am going to say to you now,—Coming into action and to the assistance of this earth, is the action of the Four Elements: earth, air, fire, and water. Fire and water and the air—notice now are the Trinity of Action within the Four Square of Life. You know those who have taught and studied deep into the old occult lore have taught much about the "Squaring of the Circle" and yet not a person in human form to-day knows what that means, but you are going to see It done!

When this "Trinity of Action" takes place, you will see astounding things. While it is quite crude in its expression, yet I want to draw your attention to one thing to give you a little idea of what I am talking about. In the book "She" by Rider Haggard, you will remember how "She"

called invisible Legions at her command! Well, the Coming Activity of the Elements is a very different thing from that, but just that one point conveys a little of what I am trying to tell you now.

When the Elements of the Air, Fire and Water go into action in the defense of this earth, by the command of the Great Cosmic Light, things will happen which mankind never witnessed before upon this earth. We think We have things ready for action, or nearly so, and I trust that We will be ready for all emergencies.

Think! you, the precious student body of America and the world, have been the means of all this Tremendous Inner Activity being drawn into outer action which has produced these results that no human mind could possibly comprehend, even if the picture stood before them. Only when you are raised still more in consciousness will you comprehend. Do you think your calls have been in vain these four years? My dear people, it is the most magnificent thing ever known upon this earth, when you think of the small percentage in numbers of the great student body of America and those who are studying and are sincere to this Light, being able to call forth such assistance. Then, my dear ones, do you not understand and see what your individual calls can and must do for you individually? Since and because you have rendered this service to America, then are you not entitled to something more in your individual lives, even without the asking?

Let Me suggest something, a very simple thing. Say this with all the *feeling* at your command three times a day: " 'Mighty I AM Presence' charge me with Your Almighty Perfection, and

see that it is sustained." My dear people, any time, anywhere you can assert that, even every hour of the day, if you chose so to do; for my dear ones, in that Perfection is everything the world holds for you individually.

Why do I ask this simple thing to-day? Because you are at a point where you can utilize it with great power, and the other reason is this:— it keeps your attention from focusing upon discordant things. So many have not yet come to the point where they can call for some thing and keep the mind off the thing after they make the call, and that is important; but now in your calls for the things which seem important, if you call the "I AM Presence" to charge you with Its Almighty Perfection sustained, you cannot possibly interfere. Send forth that call silently or otherwise and be sure you do not do it audibly in public where it would draw the attention of anyone. Where you can, in the privacy of your room voice it or in public send it forth silently with great intense feeling, then watch the results!

Notice again the third point. Instead of thinking of this, that and the other thing in the outer world which you might want to accomplish and scattering the force into that, you hold the whole Force of the Light of your Presence and that which the Ascended Masters wish to give in the way of Assistance, directly here (pointing to heart) to produce Its Perfection and pour the Radiance of that Perfection out into your world. That is the Mighty Magnet which draws to you all contained within Perfection.

You will notice there are some things which will seem more and more simple as these classes are closed but when you see the results produced

from them, you will understand the deeper you go into the great Law of Life, the more simplified It really does become.

When the Divine Director at a certain stage of My Progress said to Me: "Now you do certain things," once I ventured to look at Him and I thought: "Can it be possible that such simplicity can produce such gigantic results," and He answered instantly and said: "Quite true." In the complication of the intellectual activities, it has caused them to forget the Simplicity of Life which allows Its Almighty Perfection to pour forth. That is why, beloved ones, I come to you to-day to try to help you grasp more fully the Fundamentals of this Great Law for if you pass one by, you may find your chance of success interrupted.

I would offer the suggestion that before you sleep at night and when you awaken in the morning, you call your outer attention to the Almighty POWER of your attention and that IT is more important than any one thing to be governed, as you go forth in your daily actions. Dear beloved students, if you want to have the full release and manifestation now which We are so glad and ready to offer, don't discuss with each other discordant critical things. If you think someone is making a mistake, call on the Law of Forgiveness and ask the "Mighty I AM" to correct it, then take your mind off these things and each other! As Mrs. Ballard told you yesterday, one of the so-called students has styled herself as My "Inner Intelligence Service." I am quite capable of knowing what is going on. I need no informant! Is it not strange individuals can become like that? You can see at once, she does not comprehend in the slightest what an Ascended Master is.

Coming back to what I was just saying to you, understand how it is with Us. By focusing My Attention at any point in the Universe, I can draw to Myself any information I require. Is My Attention important? You could do the same thing, if you only would! By your attention held focused upon your "Mighty I AM Presence," any moment you needed to know something which was not yet manifest in the outer, you could say: " 'Mighty I AM Presence' show me what to do; give me the solution to this," then be still! Just go on about your business. All of a sudden like a flash, it would come through. Oh, you might need to make one or two more calls, but knowing the Law of Life compels the answer, you know there would be no such thing as failure.

That is why, dear ones, We want you now to enter in, if you will, in real earnest. Oh, your application my dear ones, is no idle thing! It is the Power of this Universe!

Perhaps to-day, I should bring out this one point to you. Why do you suppose all of this tremendous Almighty Application was rushed forward like a great avalanche for mankind's use? It would have been impossible, if it had not been known that many of these Inner Activities which have been achieved, could take place. While we have *not* practiced deception upon you in any way, dear students, yet there are things We cannot say to you, if it would cause you to let up on your application. We cannot tell you before hand what is needed in the invisible, lest you forget and think your application is not necessary. Your application *is still* very necessary, so go on in greater joy and enthusiasm than ever. That is why.

The Power of Light will one day show you Its Almighty Defense! There are so many things which touch fragmentary information and which have been brought forth to the outer world, but without explanation. A few individuals grasp, hold the knowledge for a time and then forget it. To-day, because of the release of mankind from the pressure of the human conditions and creations, they are in a position to hold steady and gain a momentum with a power and speed impossible, even two years ago. As long as mankind were not released from this pressure of discord in the atmosphere, they were constantly interfered with. That is why the interruptions and changes in the feelings of the students caused a fluctuating action with a great many. I ask you to watch your own feeling, and see if it is not a thousand times easier to remain stabilized in this Light, than it was a year ago.

When the Messengers were in Philadelphia, I consider it from Our Standpoint the apex of the vicious forces focused against the Messengers. Some day after it is past, for your information, I shall tell you something of what was there which had been gathering for an entire year because of certain forces existing there within the city. They saw We were just a little too wise for them and their fury knew no bounds, when they found out the Messengers did not walk into the net. I trust I have not lost any of My Alertness.

Therefore, beloved students, meet whatever arises in the near future with firmness and command; and if necessary go into legal action to clear out these vicious individuals. You will find it will not have to be done more than two or three times, until you will have Peace on earth again.

Oh, understand this to-day and do not forget it! These Messengers are not accumulating a mint of money. Everything that comes in from the sale of the books and the gifts go immediately into the spreading of this Light and the records show it! These silly individuals think because three million people know of this that millions have been taken in. It does not mean that three million sets of books have been sold! They are too stupid to see that, but because they want to be vicious they make that pretense! If all the three million people had the full set of these books, America would be free to-day, and don't you forget it! You must remember also, that through the Transcriptions hundreds of thousands of people have gleaned parts of this Instruction and are utilizing It, because they see and know It is right and constructive.

That is why I want you as students to understand clearly that there is no cash accumulation by these Messengers! Everything is given into My Direction! They ask not a dime for themselves and never have these seven years! As students, when you hear something to the contrary, you should put it down right then and there with no uncertainty. Therefore, you become the Guardians of this Great Light! I do not wish the Messengers to battle this thing alone any more, but if all the student body in America will take hold, I guarantee you before one year is past over your heads, you will see a transformation in the conditions of the people of America, you never believed was possible.

In your explanation when people ask you concerning this, if they be sincere, tell them this is the Law of Life through the Power and Perfec-

tion of the Individualized Presence of God which has placed the human form here; and that there is nothing of the occult or imagination about It. Be firm when you say these things to people and make them know you mean it. If somebody tries to start an argument say, "Shut up! You can't argue this question with me! I know and have studied this Law, you haven't, so why should you try to argue?" If you will take that stand, you will have no difficulty in controlling and governing conditions.

To-day, I am bringing you this information, but there is a great deal which We shall give you in addition before the close of the class. However, I wanted you to have this information to-day. This firmness of the Radiation which I am pouring forth to you is to make you feel the confidence and trust not only in your own Great Presence, but in Myself, the Ascended Masters and the Messengers that you may become like a great Blazing Sun of Light throughout the entire student body.

How and why do you suppose, dear people, the Goddess of Liberty and the Mighty Arcturus said: "If necessary that Light as of a Thousand Suns would descend into America and sweep all human selfishness and discord from the planet"? That must be drawn! How do you suppose It must arrive? There must be enough momentum in the call of the student body! That call, that momentum is nearing Its Goal! May I say to you all: "Have great courage!" I thank you.

CHRISTMAS

CHRISTMAS, this year, should be more sacred to us than ever before in our lives, because of the very, very great need of mankind in the rest of the world. We should be the most grateful people on the face of the earth, for the Blessings Life has given us here.

Thruout the year 1941, let us once an hour send our Love and Gratitude to Jesus for His Personal Ray enfolding those who will give Him recognition and adoration. Everyone of us can call forth and visualize His Luminous Presence once an hour, around ourselves, our loved ones, those under This Radiation and then all thruout the world.

In doing this definitely give the Decree: " 'Mighty I AM Presence' and Beloved Master Jesus, charge! charge! charge! Your Mighty Perfection and Protection around us all, and see that It is always sustained and dynamically active until all are ascended."

No matter how busy any of us may be, we can make that call in the midst of whatever we are doing and keep that Perfection going forth to help those who want the Constructive Way of Life everywhere.

Remember, the greater the outer problems of the people, the nearer they will come to the Heart of God—the "Mighty I AM Presence," for only when the outer necessity drives the attention back to the Source of Perfection, can Perfection come forth to the individual; because Perfection can only come forth thru connection with the attention.

The people's attention must be held to the Highest Power and Ideals of Perfection if they are to have that Power protect those Ideals.

Because of the great distress in the outer world today, the people are so disturbed they do not always know the right thing to do in time to help themselves. Our duty is to keep calling the "Cosmic Light of a Thousand Suns" into action everywhere with such dynamic Power that It protects and illumines all whom It contacts.

In calling for Jesus' Personal Ray to enfold all who are constructive, during the Seven Sacred Weeks, It intensifies His Service to the earth because of the greater recognition of His Perfection; and He as well as Others of the Ascended Masters can only assist to the degree that They are accepted by the people who need Their Assistance.

Mary, the Mother of Jesus, likewise stands ready to help at all times and as these Decrees go forth hourly, in our call for Perfection and Protection, the Light released becomes a Pulsation of Energy from Their Ascended Master Octave which dissolves the discord and replaces it with sustained Perfection.

Let us all call our own Higher Mental Bodies to stand on guard and remind us to do this, so the Pulsation becomes a permanent thing until we are ascended.

These Great Ones are ready, willing and anxious to give every Assistance mankind requires, but humanity themselves must assist themselves by reaching up and co-operating with the Law of their own Life by which the Assistance can act in the physical world.

In the deepest Love, gratitude and praise we have ever known, we thank our Beloved Messenger, Saint Germain and Jesus, for being the Open Door thru which we have been given This Light. May Jesus release His Greatest Light now thru our calls and attention to Him. May Saint Germain's Desire for the protection of America be fulfilled now. May our Beloved Messenger's Obedience fill us until we too are Free. May the Victory of the Ascension which They want for us all be accomplished in the most Perfect Way possible and all be Free quickly.

We extend to the entire "I AM" Student Body our Eternal Love and gratitude for your Love, loyalty and willingness to stand in the Light with us and do what is required, until our America is safe from all destruction and knows Peace Eternal.

May everything you have given in This Service to the Light be amplified millions and millions of times and come back to you bringing only the greatest possible Joy, Freedom and Eternal Perfection to all.

The Deepest Love of our "Mighty I AM Presence" enfolds you all, until your Eternal Victory of the Ascension.
CHRISTMAS 1941.

MRS. G. W. BALLARD & DONALD

· DAVID LLOYD'S DISCOURSE ·

Cleveland Breakfast—October 15, 1939

THANK you, beloved ones of the Light. I greet you in the Name of the Victory of Life, the Mastery of Self-control and the releasing from your own "Mighty I AM Presence" of the Limitless Light, Power, Energy and Directing Intelligence necessary to render this service to your beloved America and her people.

Won't you be seated and will you be kind enough to make yourselves as comfortable as possible and remain seated, no matter what I may say—because of the Radiance which is here to render certain Service to you?

How I congratulate your beloved Lotus, Our Beloved Lotus, for her dauntless courage and strength to put before you the great need; for little do you understand, beloved students, how that very feeling within you which is critical or disturbing or fault-finding is an open wedge preventing your Victory of the Light.

Dear students, won't you see that as long as you allow persons, places or conditions to disturb you, you will never gain your Ascension in this embodiment, and such has been provided; the absolute assurance that every one who will give this—after all, very slight obedience—will have that Eternal Freedom.

My dear ones, may I put this before you? Taking it for granted that you are certain Saint Germain has told you the Truth, all who will give the obedience may be Free at the close of this embodiment, Free in their Ascension, Free forever from this earth and its limitations. Is there anything any human being would not be willing to do to have that? It is not a matter of persons, places or conditions, it is a matter of your Freedom, dear people; and if you won't assert the Mastery of Self-control to have that Freedom, can you blame anybody but yourself if you don't get it?

Now dear ones, please see straight this morning and see how you alone are the individual concerned with your Freedom and your Ascension. I guarantee you that every person, every sincere "I AM" Student, who will give this little

obedience, will have his or her Ascension at the close of this embodiment.

We have gone over the Student Body—you will pardon me if I say—with a fine tooth comb. That is a peculiar expression, but, dear people, it applies, for we are seeing absolutely the conditions, the motives within the students, and those whom We can depend upon to focus that Power for their Ascension and Freedom.

That does not come by a sudden impulse. Ever since you knew of your "I AM Presence," this Preparation has been going on for your Ascension. Whether you make It in this embodiment or the next, still that preparation is going on because your Presence alone may do that Preparatory Work, in your obedience in the future to Its Request.

We were talking recently about this because of these conditions which are confronting you. When we see such intrigue going on in Washington, some of it in New York, and a lot of it in Chicago, you cannot tell, We cannot tell, what human beings are going to do. The brazenness of vicious human beings is unparalleled in the history of this earth; but the exposures of the viciousness and the intrigue is also unparalleled in the history of the earth.

Therefore, the people of America and the world are awakening more and more to that which is actually going on! Will you believe that ten years ago there were only twenty people in America who believed a word of the intrigue which was going on and had been for twenty years in your America; or a word of the spy activity which has been rampant throughout North and South America, laying its claws and plans until it

thought it was all set to destroy America; but little did those people realize what is within the character of the American people.

Other parts of the world have called America —"the children of Europe." Well, the children of America have outgrown the parents, be assured of that. You who have the amazing ability, the quick speed and power of thought and action, have always surprised the rest of the world when a crisis arrived. I, Myself, am depending on that characteristic within the American people to suddenly arise and down these officials in America who are determined to put America into war; and I am sure that they will do it.

If you saw the Service K-17 and His Legions of Light, Saint Germain and Others are rendering in Washington,—Saint Germain has been there almost constantly—you would understand His Love for the people of America.

I was an Englishman as you well know. Twice I have seen our boys go from Canada to battle in nations in which they were not concerned; but since they were a part of the mother nation, they had to do so, but one day that thing shall cease from this earth also!

Dear people, no matter what confronts you, never lose your courage or cease to issue your Decrees for the Freedom of the people of America and the world from the clutches of destructive forces! This should interest you tremendously!

In Our observation among the people of the earth, they know just as well as you do that this time they are dealing with a Force with which they cannot cope. They know they are dealing with a Power of Light in Something which they do not understand but they know and feel their

influence waning daily from that which was easy for them only a few months ago.

Now this is why We feel tremendously encouraged in keeping war out of America and destruction from your young people of America. Oh, have courage, dear people, if you could see the change from the communistic elements in the colleges, schools and universities, you would have great courage. Harvard which was the first hotbed of the communistic element in America, has turned it down completely and what a blessing.

All of these things which have arisen, supposed to bless and assist mankind, have principally been claws of destructive forces and hundreds and thousands of blessed, earnest sincere people —for instance so many people in America, have not understood. You take the ham and eggs situation. My dear people, to have thirty dollars a week or a month from nothing in the world to support it, how could you expect it to survive or the nation? Dear people, Life does not operate upon that basis. Every human being has within himself or herself Power to call to Life to bring each one support.

Among their own people in California they are seeing this and the industrial world see that it would be very ruinous within sixty days, if allowed to go into action. To spread paper that has no value, except somebody's say so, among the people as credit is the most dangerous thing to mankind.

These are important things and this is only one of the innumerable things which are set into action to catch the attention of mankind and distort the ideas so the nefarious destructive forces may gain and hold their clutches upon the great mass of mankind.

When you see from Our Standpoint you will understand, God, the "Mighty I AM Presence," alone is the Owner and the Giver of everything which appears in the human octave; and any human being who will turn wholly to that Great Presence will have this supply, will have his or her own right activity, because nothing in the world can prevent it, if those individuals do not waver in their feelings.

Let Me try to convey to you that there is not one person in this room who, if he or she would give full confidence to the Higher Mental Body, whose Higher Mental Body could not take that one right out of this room, into any condition Its Wisdom saw was the right thing for success, happiness, health or whatever else is required. Your Higher Mental Body given Complete Authority will take command and lead you into all Perfection. Oh, that you could understand that —this minute—and give full confidence, power and feeling to It. After all, It does do everything which is constructive that you already have done.

You might think you do a lot of your activity from the outer standpoint. Of course you do the outer action, but my goodness, it is the Power of your Life, directed by your Higher Mental Body, which allows you to achieve anything! Why not allow It to achieve the full Perfection which It is?

There have been so many people who *do* see this, giving the full confidence to their Higher Mental Bodies. It has led them forward into great release and achievement, which they could not possibly have contemplated a few weeks before.

Think of the conditions existing in Europe to-day, of those blessed people not having the

slightest intimation of what you have! Think of it, dear people! The millions in Germany and Russia half starved to-day, even their God as they understood It, has been taken away. Some are secretly cherishing It in their own hearts, but they have nothing to look for—nothing to look to, all hope gone! You can possibly imagine an individual, but to imagine a nation in such a condition—millions of people, is quite a different thing, dear ones.

In America you are in a position to release at your call, Powers which if you give the full power to your Higher Mental Body that belongs to It, could take the place possibly of a hundred individuals. Think how you could multiply the energy or substance released at your call. In a few instances in America, where disgruntled individuals have been dismissed and turned aside from This "I AM Activity" they immediately proceeded to try to get people to let up on their Decrees showing how great are the destructive forces acting within individuals because of all things in this world to-day, there is not a thing more important than your Decrees sent forth in the mental and feeling world. That is the Power which must change the feeling world of mankind, their motives and desires and, unless that is done, you cannot have this Protection and the results.

It is the absolute determination of certain people in Washington to throw America into war within six months or shortly after the first of the year; but let us know now, they absolutely have no power, influence or money. Withdraw from them all power, influence and money to act in such capacity.

May I remind you again, my dear people, that with those very people in Washington, their Higher Mental Bodies want the same Blessing and Protection which you want and for which you are calling? I just sometimes almost explode in the Powerful Intense Desire to convey to the people what that one idea would convey, if fully understood.

As earnest, sincere Students of the Light, you have the entire Forces of Light and Constructive Powers in the Universe at your back, at your call to render this Great Service. In every destructive individual who exists in the world, the Higher Mental Body wants this same Perfection you do. You cannot use this as a general statement and don't misunderstand Me in this, but We have seen some instances where a certain group of students were prompted upon hearing of a condition, to call directly to the Higher Mental Bodies of those individuals to command those human forms to stop any further destructive activity. Well, the effect has been absolutely amazing. You cannot use this as a general statement, because it is something which needs to be directed with special action, but in all conditions that exists to some degree.

Remember, all destructive forces have only the human accumulation with which to act and it is only a fragment of the Power compared to the Constructive Power of Light which you as sincere students are calling forth. That is why if you only saw it, you would know you are the Commanding Presence to silence in Washington every destructive individual there, who would drag America into war—to withdraw all influence, money or whatever else they were using to mislead people.

My dear beloved ones, if any one had told Me before My Ascension that such things existed in the world of human action, I could not possibly have believed it; but when you see the cunning motives of individuals, and in Washington those who pretend to be such a defense of America and underneath are just releasing the quicksand to destroy those whom they are smiling and fawning upon, you will understand what I mean. That to Me is the most incredible thing, but it proves exactly what your Beloved Saint Germain said to the Messengers, when they started out to carry this Light—"that the human ungoverned is more vicious than the animal in the jungle," and how true it is. Believe Me, the Messengers have found that to be true.

Beloved ones, you who have this Great Freedom at your door to-day, do your utmost; and you may be sure your Higher Mental Body, seeing your right motive, will do what else is required for your Complete Freedom and your Ascension. As We observe only a few are really understanding and comprehending what Saint Germain started a short time ago in calling your attention to and reminding you to call with all your Being for your Ascension so if destructive conditions come into America, you would not have to remain here and see them, or be a part of them. You do not know, my dear people, what that means.

If you could have the conscious release in Your Higher Mental Body and go through Russia and Germany for just four hours, you would know exactly what I mean and what He means. The people to-day who have this great opportunity of being Free forever, are not shunning anything, my dear ones. You are just taking advantage of the opportunity Life is offering which will place

you in a position to render a service that in your heart you have called for during many centuries and, should the condition become such that these destructive conditions cannot be kept out of America, then you will be needed far more in the Octave of Light than here.

All the Great Ones are seeing with one accord that this Great "Cosmic Light as of a Thousand Suns" could be released before instead of after the great conflagration. Should that be done, America will know such happiness as no activity has known in this world in two and a half million years because that Light will take out of mankind, in spite of any human desire, in fact will remove those human desires of destructive activities of all kinds, jealousy, criticism, condemnation and all those characteristics or qualities which are the failures of mankind.

You know the Great Goddess of Liberty's great statement to remove all human selfishness and discord—of course that generally covers it; but it means all these qualities which are the limiting powers of mankind would be removed from the atmosphere and their feeling world. Well, when that is removed there is nothing any longer there to act. Then naturally, the Power of Light in the individual would take Its Command and there being no obstruction in the way, would receive the direct impulse from the Higher Mental Body. They would act in that wholly constructive activity which their hearts want to do and which those who have touched this Great Light are sincere in doing to-day.

Your opportunity, beloved people, is very great. Only last night, or about two o'clock this morning, We were in conference, and I said to

Them: "Oh, what a wonderful thing it would be, if the student body of America could be taken in certain groups, shown and retain the memory of these Great Inner Activities. They would redouble their forces and energy to render this service," Not that it should be done with any anxiety, but with a great calm determination. Do not ever let yourselves feel in your application, anxiety of any kind or frenzy, as it were, because that would be a far greater mistake. It is the great calm determination which is the charge of the Life Energy that goes forth and renders the service.

You have all noticed, perhaps, in your experience that if something suddenly confronts you and you become sort of hysterical about it, it grows worse and worse; but when you quiet down and come into a great calm serenity and the whole thing reverses. You not only see a way out, but all the constructive forces about you, come into action to produce that result which is necessary and which you require. That is the Power of Self-control and Mastery under all conditions and it is the great need to-day.

I suggest upon My Own Volition, beloved students, that every one of you before you retire at night, make that positive call for your Higher Mental Body to take such command of you that It does give you absolute complete Self-control under all conditions. Then when you feel a release and unusual power, you will be in a position to use it safely.

I know dear ones, you love your Beloved Saint Germain, but if you saw His endless, tireless effort on your behalf! It is the most stupendous thing, I have ever witnessed. Being an Ascended

Being, He of course never stops. There is not one moment of the twenty-four hours that He is not in action; and surely one day the people of America will appreciate what He has done. You as students do appreciate it—I mean by that, those who are sincere. Some still feel critical toward Him when He does something that they do not understand, but that is very foolish!

An Ascended Being never makes a mistake, dear people! If you will keep that before you, it will keep you from releasing any feeling ever that anything an Ascended Being does could be a mistake! There is no such thing! What mankind does not understand, the human ofttimes tries to condemn, but that is a mistake of mankind.

So as students stand guard over yourselves in Self-control, so you do not even in speech or feeling do these things because without speech, you can have intense feeling which makes a record in your feeling world that goes on acting there. Dear precious people, do you really understand that? Do you really understand that without a spoken word, you can release intense feeling which makes a record there in your feeling world that goes on and on weeks and months afterwards? Then you wonder what in the world is the matter that you do not seem to get results.

Do see this, precious people—when you are condemning each other you are condemning God —Life. That Life which enables those human forms to be here is God, the "Mighty I AM Presence" and whatever condemnation goes from your lips or feeling toward another who is the outpost of the "Mighty I AM," is a condemnation of God! That is the Truth underlying all human activity!

Then let us go one step farther. It is a condemnation of your own Life, since all Life is ONE! Do you not see how everything comes back home? There is no getting away from it. Whatever goes out must come back to you! Oh, that the blessed blessed students would understand this and then give the obedience and Self-control necessary! What transformations would take place in their precious lives!

My dear students, because you make mistakes and still do, do not misunderstand Us when We plead for the correction. Do not think We are criticizing you or that blessed Lotus is criticizing you. No such thought is there, but what We say is the citation of the Law of Life—of your Life—which must be obeyed, if you are going to have supply, health and happiness, which is the paramount thing in your Life. You cannot have it without obedience. That is why We do plead so earnestly for that which does give you the quick release from all these conditions.

Since you are first in many activities, and since you are all under twenty-one, We can justly say: "Beloved Children of the Light." Do you know that remark is actually true? Your human qualities would say to you: "Well the appearance is still there"; but I say to you, this is True in your understanding of your "Mighty I AM Presence," and in your Higher Mental Body, which is Eternal Youth, you are not over twenty-one. Won't you feel that? Feel how spry you will feel when you live in Perfect harmony!

My dear ones, it is possible for every one of you to call forth that limitless energy to give you the sustained Feeling of Eternal Youth and Buoyancy. It will have to out-picture, if the feeling

is there. We have watched the students thruout the land and have seen the lines disappear from the faces of individuals in a few weeks and a few months at most. I tell you dear people, it is a transformation, but the people do not always even notice that. We are more considerate of you than you are of yourselves, because We do notice it. How do you suppose We do notice it? In fact We cannot help but notice it, because of the release of the Light within the cells of your face.

Why do you suppose, dear people, that the Light appears about the head of the individual before other parts of the body? There is scarcely a student who is sincere these days, if you put that one within a certain Light, anybody with physical sight can see the lumination about the head and shoulders. Why? Because it is Substance! That luminosity is Self-luminous Intelligent Substance. That is why the physical sight can see it, but the powerful pull of the outer world upon the things and conditions which seem to be so important in your world, is stronger just yet than the recognition of the Great Glory and Perfection which you are.

Your Higher Mental Body which is operating this body, so beautiful, so magnificent, so perfect, so powerful, can do all. Why not let It just take command of this? My dear ones, do you understand that, if you just realized it, you could allow the Higher Mental Body to release such Light thru your flesh that it would instantly remove every condition of imperfection there? Your Higher Mental Body has the Power of the Universe with which to do these things and you are going to do that! You are coming to feel that and We see it among the vast number of students, the feeling

gradually growing and intensifying until one day they can feel that Light release and feel it dissolve every condition within the physical body unlike that Light.

That Light is Self-luminous Intelligent Substance and replaces whatever of imperfection is removed on the instant. As you stand for that Light you will feel the Glory of It ever intensifying within you. Dear, dear blessed people, you are becoming the Victory of that Light. Stand by It, in It and with It, and call It into action with such earnestness so nothing in the world stands before that Light. Then your problem in the outer world must disappear because that Light is the solution of everything!

I see I have kept you quite late, but dear ones, remember you are at the dividing time of the ages. No one can choose for you. You must determine what you shall do—follow your "I AM Presence" and have your Ascension and Freedom; or the conditions of the outer world and come again in an indefinite number of embodiments to suffer. May you take your inflexible stand and hold it with such determination today! May We be able to release and convey to you in all that has been released the Strength, Courage, Glory and Determination which makes you stand so firm, looking at no one but just within yourselves to find out how you may perfect yourselves more and more and know that everyone else is doing the same!

May you live in that great joy and glory and have its Eternal Perfection, the Complete outpicturing in your human form and your world of action.

Thank you and bless you forever in the Eternal Glory of that Light.

· NEW MUSIC ·

IT is our great privilege and joy to announce the release of a new Song by Godfre Ray King (Mr. G. W. Ballard) —Mighty Victory. Both lyrics and music were written by our Beloved Messenger, Mr. G. W. Ballard, and are charged with tremendous Power of Light and Blessing to all who sing, hear or play it.

"MIGHTY VICTORY" is dedicated in Eternal Love, Gratitude and Blessing to the "Mighty I AM Presence" and the Beloved Cosmic Being, Victory. Mankind must have His Victory of the Cosmic Light as of a Thousand Suns, to hold control of the forces of Life on this earth, if humanity are to survive here and act constructively in the future.

Every time this song is sung, played, heard or the picture contemplated those using it shall receive from this Mighty Cosmic Being Victory His Mighty Light Rays enfolding them, provided they make the call to Him and hold harmony in the feelings. His Light Rays are Substance, Light, Energy and Perfection from His Sphere of Activity. The moment one's attention is turned to Him, that one is definitely in connection with His Great Perfection, Victory and Power of Life; for His Light Rays carry His Feeling of Victory and the Power of Light over all destructive forces and qualities.

Send your Love, Gratitude and Blessings to Mighty Victory and call for His Out-pouring to be sustained, until all are as Perfect and Victorious as He is.

This song is dedicated to the City of Cleveland where it was first sung, to release a Mighty Outpouring of Victory's Mighty Miracles and Victories of Freedom, Divine Justice and Perfection, until Cleveland becomes an Alabaster City of Light as the Ascended Masters have commanded. May the Ascended Masters' Marvelous "I AM" Temple of Light come forth in that city quickly; within which the Unfed Flame blazes forth the full Cosmic Power of Eternal Victory which raises all who enter there into the Ascension as soon as possible.

· GEMS OF LIGHT ·

GODDESS OF LIGHT

Oh, beloved ones, realize your great position! The great joy that should fill your hearts for having come to this point of understanding where you can be master of yourselves and your worlds, by the calling forth of the Activities of the Powers of Light which know no opposite. My dear ones, do not forget it for a moment, waking or sleeping. This Power which you are calling forth knows no resistance by human destructive forces.

GODDESS OF LIGHT

As you keep calling forth this Great Power of Light, see that your motives are always right; that they are clean and pure in every way. Then as you call It forth know that there is not one thing in human creation which can resist or stand before that Power of Light which you call forth. That is the Action of the Light Rays, a Concentrated Form and is the Substance, Power and Action of Life which has within It Divine Love, Wisdom and Power.

INFORMATION

The information given under the heading of "Young America" will be the Ascended Masters' help to the young people for their protection and illumination, as they are the builders of the new civilization and are the channels through which the Ascended Masters will give their Light for the use of the outer world in the Golden "I AM" Age.

This magazine is not an outlet for articles from the students, but is the outpouring of the help from the Ascended Masters and has no human concepts in it.

FREEDOM'S TRIUMPH

REAT ANGELS OF LIGHT riding forth on the Flame,
Commanding! Descending! in Legions They came!
Releasing the Power of God's Cosmic Light!
Revealing the Glory of Victory's Might!
Like Oceans Almighty They come more and more!
Their Blue Flame Almighty o'er earth now They pour!
God's Own Voice Commanding—They shout "Peace! Be Still!
Man! stop your destruction! Obey! Do Light's Will!"

On! On! They come sweeping the earth and the sky!
The Heavens aflame with Their Great Swords raised high!
They take full possession of man, earth and sea!
Revealing God's Splendor—which man ought to be!
They blaze Life's Great Fiat which no tongue can tell,
In Power Majestic on earth they now dwell;
And mankind surrendering all here to the Light,
Serves God in all Love and Great Victory's Might.

The "I AM" Victorious, now rules in each one—
Each Heart Flame expanding the Light from the Sun;
And All dwelling here in the future, obey
Great Freedom's Command—Saint Germain's Mighty Ray!
His Wisdom and Power so Glorious above
Has raised us to Victory thru Harmony's Love!
All Glory—All Praise to the "Mighty I AM."
Ascended as Masters of Light, we command!

· GREAT DIVINE DIRECTOR'S DISCOURSE ·

Washington, D. C., Class—April 17, 1938

BELOVED Students of the Light, for that which I am about to say to you—please steady yourselves. To-day begins the preparation for twelve more Ascensions! These Ascensions will take place on the Ascension Day of the New York Class. Seven are from the Cave of Symbols and five from the Cave of Light in India. This should prove to you that all Saint Germain has said is but the beginning of the Great Victory and Achievement for the world.

That is not all. On the Ascension Day of the Shrine Class in Los Angeles, twenty-five Ascensions will take place from the Royal Teton! Mankind will come to know that the Light is taking Its Dominion on earth. Therefore, I want you to realize to-day that your Light, the Light which beats your heart, is the same Light which will draw each one of those individuals into his or her Ascension, into the Electronic Body of each one's Great and "Mighty I AM Presence."

This I am sure will electrify all of the students throughout America and the world with a greater and greater conviction of the Dominion of their own Light within them. We have not been talking idle imaginings to you—neither has Saint Germain. One day, mankind will come to realize the Magnificent Freedom and Blessing he has brought. It is so practical, so actually mechanical in Its Action, and those in the outer world who have failed to grasp this Opportunity, will find themselves unfortunate indeed.

You have already had evidence without limit, and I am speaking now to the beloved students who have had experience and training by the Power of Radiation. I am grateful for the visiting students from all parts of the nation. Again, I say to you as once before, what was the incentive which drew you here to-day? Yes, surely your Love for the Messengers, but that was only a means to an end. The Light within your hearts, beloved ones, is the Power which drew you here to-day because your Life saw the need of bringing you into this Greater Intensified Radiance for future activity. Life makes no mistakes. It is practical and mathematical in Its precision of action. As you come to understand that, observing the Chart and

the Great Stream of Light which has been ready throughout the centuries to set you Free, then you will understand your position to-day.

How important mankind have considered their problems, so-called, and how unimportant has been their consideration for the Victory of Life! Now let us reverse that. Through the power of your attention, reverse its entire activity. Change it on to the Victory of Life and you will find your problems have disappeared. In the years past before you had automobiles, if you had a buggy without the horse, it would not go far, would it? If you have your beautiful magnificent automobile without the gas, it would not go far, would it? So it is to-day. Unless you release your attention from the things which are unimportant and hold it on the things which are important—the Vital Activity of Life—how can you experience It? How can you experience anything unless your attention is upon it? You have been using your attention to produce limitation and discord in your world throughout the centuries. To-day, you are learning how to change all that and place your attention where Perfection is produced. The world of appearances holds only human creation, unless it expresses Perfection.

Now, let Us be frank, so that you no longer yield to excuses of the human which thinks: "Well, I will have a good time just a little while longer, then I will turn about and look for my Freedom." That is what your human creation would like to have you do; but I say to that human creation of every one of you: "You have no power! to longer bind the Light which is within each human heart"; and as One having Authority, I shall expect the obedience of your human, if you don't

mind. Of course I have not asked your permission, but then I am taking that for granted. You long for the assistance of each other, many times you call for it. I offer you My Assistance! Not without invitation, however, because clearly have We heard the calls of blessed mankind. If I were to relate to you the calls which come to Us from the Students throughout America and the world, it would be most interesting but they are held in the Sanctuary of Our Hearts and Oh, how sacred We hold your calls for Freedom. Beloved ones, it is not just your Freedom from problems. You do not understand this yet, but will you please all remember clearly that problems have a two fold activity? If you yield to them, the habit of the human is to hold you bound. If you refuse acceptance of them any longer, it means your Victory in the Light because with your attention upon the Presence, not just to solve your problems, but for your Freedom, it will mean the solution of all problems and there will be no more to appear. To just solve problems is a "squirrel in the cage" activity; but to seek your Freedom through your acknowledgement of your "I AM Presence" is your Eternal Victory.

Therefore, to-day while My Words are being spoken to you, a Great and Mighty Activity is going on within the room and to the degree that you can accept It in your feelings and stand in and by the Light of your "I AM Presence", will you manifest all that My Heart desires for you to-day.

In calling your attention to these coming Ascensions, there is a Three-fold Activity. First, your own Freedom; second, the protection of America; third, the release and greater intensifi-

cation of the Cosmic Light. What does that mean? Why do you suppose the Great Goddess of Liberty and the Great Arcturus at two long far reaching periods made almost the same statement? Because They saw the need of mankind and mankind's inability to help itself. For perhaps the greatest encouragement you have yet experienced, I say: "They have provided for the emergency because of the unreliability of human calls."

Your blessed Lotus asked you to decree for ten times more than you need. That is wise, but in the emergency of mankind, the Great Wisdom seeing what might be needed, then the Cosmic Light is preparing to act in that emergency.

Beloved ones, how do you think you acquire all these activities in the outer world? You will pardon Me, if I use the outer expression and say that its activity is a crude response to all the activities in the Octave of Light. From that Great Stream of Life which beats your heart, comes all that is, ever was or ever will be in the human octave. Therefore, you to-day in entering again into that Great Stream of Life in your homeward journey, are beginning to feel, understand, comprehend and call forth that which even four hundred years ago, you would have thought incredible.

Our Beloved Jesus performed so-called miracles almost without numbers, and He said to you: "All these things I do, ye shall do." Now after so long a time, mankind is beginning to prove His Words, for in these classes miracles after miracles, so-called, are performed; and yet after a few days, mankind forget them. Someone receives a remarkable healing, then those about the individual wonder if they were imagining it.

A Great Release always comes for some requirement! Let Me urge you to rejoice in every particle of manifestation which comes in proof of the Activity of the Light or some day when you want to have proof, you will find yourself unable to experience it.

You are in the Crucible, beloved Students of the "I AM". Enter into this Crucible with a great joyous enthusiasm, that you may come forth the Pure Glory of Life! We used to take mankind, a few, through that Crucible within the Retreats of the world. To-day, to you is brought the Crucible without your search, except in your feeling world. Your feeling world, having become charged by the release of the Cosmic Light, has begun its up-reaching. Then the chart came to you as the example, the eye picture of your Reality, to sustain you, until in your call, you could prove the Victory of that "I AM Presence" of all Life.

There is not a thing in the Universe greater than your Presence of Life. It only requires your obedience, to draw up into Itself your power of qualification and discrimination. That makes the Ascended Being the full Authority and Power in the human octave. Your Presence of Life as you stand to-day is not that full Authority, because your discriminating Selective Intelligence does not act within the Presence, except through your Higher Mental Body which It has provided for that purpose. That is the reason and need of your Eternal Freedom which must come through your Ascension. It does not come by your human effort; but by your call to the "Great I AM Presence" of all Life which wants you to become as We are.

We, having made the journey and won the Victory, are in a position to tell you what is required and help you to that same Glory. It is gratifying, very gratifying to see so many ready and willing to give joyful obedience for it enables us to render a Service which would be impossible otherwise.

The release of these qualities into your world to-day will be the turning of the Key of your Life for the Victory of the future. Will you be kind enough to accept that and let It out-picture the Fullness of all It wishes to do?

I have succeeded in rendering a Service in this class far beyond what was thought possible when the Messengers arrived in your city. The complete human creation has been dissolved for 300 of you here! Will you be kind enough to accept that, and then give the obedience necessary so no more is accumulated? Those of you for whom it has been done will feel no question about your release. You will feel the release in your feelings from the pressure of the outer discord upon you. With it has come Invincible Protection for you against the intrusion of entities!

In this class We have started an Activity that will make earnest sincere students invincible in the future, against the interference or intrusion of entities, as their human creation is dissolved and consumed.

Since the representatives of the "I AM" School are here, I want to send word to the School that this same Activity has been provided for the students of that school and through that dissolving and consuming of their human creation, it will make obedience very much easier and more readily given. As there will be no doubt more schools

started ere long, you will find that the Treasure-house of the "I AM Presence" will release into your use all that is required to render this service to the beloved young people of America. This is a Victory We hope to achieve through this lesser activity; and, as the world of mankind awakens and the people begin to see the transforming Power of the Light within the 'I AM" Schools—you notice I say "schools"—then the entire school activity of America will come into the use of this activity which is the Freedom of the young people of America. (Applause) Thank you, beloved ones, for that energy—We shall use it to produce this exact result. (Applause)

When so great a love, gratitude and rejoicing goes forth I, too, like Saint Germain, long to stand here and release My Light that you might see the Glory of Its Eternal Victory—such shall be some day!

Now while you are standing, beloved ones, will you just in a relaxed position close your eyes and turn your attention just for a few moments to your Presence? Do not roll your eyes back, but just with your eyes normally closed give your attention to your Presence. At the same time in that feeling released, call for My Assistance in the release of certain qualities and currents of energy into your feeling world to establish certain results which the Law of your Being does not permit Me to explain; but of which you will receive the benefit. If you will do this, I shall greatly appreciate it.

(Silence)

Just feel those Mighty Currents of Energy from your Presence flow in, through and around your physical bodies and through your feeling

world. Let this mighty cleansing, purifying Activity flow forth. First, let these Currents sweep down from above and sweep out at your feet into the Violet Consuming Flame all undesirable qualities. Then, feel that charge of Energy flow into your body, but not through it—just to your feet. Let the Presence of Life charge every cell of your body with Its Mighty Perfect Health and you qualify It to be eternally sustained! Hold Its dominion within your flesh bodies and your feeling world!

(Silence)

I thank you very greatly. Won't you be seated.

Beloved ones, let Me say this for your joy: It is the most astonishing thing ever witnessed in the outer world that this number of people together could give that response. It is positive proof of the determination, first of your Light within you, then your outer obedience to that Light which makes it possible; and the proof is there in what I have asked you to do. Please accept It as the fulness of your Protection and your Freedom.

I am greatly rejoiced that so many are here from various parts of America, for they will carry this Radiation back into their midst. Be careful, do not feel in your world any dominion over your fellow-students because you have had this Privilege. Be more humble than ever! Firm against human creation but humble and kindly in your association with your fellow-students. Never tell each other what anyone should do. Will you not do all this for Me to-day?

Everyone whether you be Group Leaders or whether you be students; if someone comes to you, turn each one to the "I AM Presence" each time; keep turning all back to their Presence! Be

willing to give what assistance you can, but keep turning the attention of mankind to this Presence of all Life. Do not after this, allow inharmony to act in your feeling world and do not allow anyone to pour gossip into your world. Ask people if they start to do that, please not to do it. If necessary, be very firm and say that you will not listen to it! I want to render this great Service for you. If you will give this obedience, then you will all rejoice. I thank you.

GODDESS OF LIGHT

Be of good courage, beloved ones, in your various activities to the Light, please remember whatever you do commercially or in any way, all is in service to Life, to Light. I know you think you are serving outer things, but it is really only Life and Light. To the degree that you manifest harmony will you allow It to enter into your world of action.

GODDESS OF LIGHT

The accumulated charged energy of past centuries acting within the mass activity, and of course within individuals, to the degree that they are doubtful or inharmonious, is the thing which releases the mass activity into the feelings of individuals and which gives the greater volume to doubt; and causes the attention to be fixed upon things to which otherwise they would pay no attention. That is because some condition has released into their feeling world a greater activity, a more intense activity of that which has been the doubts and fears of mankind thru the ages.

Mr. Ballard:

"Mighty I AM Presence!" Speak Thy Wishes to Thy children:

THE "I AM PRESENCE" SPEAKS

"I AM" your Vision!

"I AM" your Sight!

"I AM" your Hearing!

"I AM" your Light flowing thru your body, filling your world with My Perfection!

"I AM" your Courage and Strength!

"I AM" the Correct Decision of every question that occurs in the outer world!

"I AM" the Authority in the world of action, when invited to be such!

"I AM" the Glory of Life which beautifies, perfects and fills your body and mind with My Health! No one need ever lack for any good thing who will give his or her attention to Me.

You must choose whom you wish to serve! If you wish the Light, then "I AM" your Light! If you wish to serve the darkness, then I withdraw! If you wish success, then "I AM" your success, and to have My Success, you must first have My Harmony in your feeling world!

"I AM" the only Voice that speaks! If you, thru your power of free will, cause your voice which uses My Energy, to speak falsehood, then I withdraw and you pay the penalty!

"I AM" the Truth, the Light!

"I AM" the Divine Justice held in action in your world when invited to do so!

"I AM" the only Presence which will act when you have so decreed it!

"I AM" your Discrimination which will teach you to distinguish between your human concepts and My Direction!

"I AM" the Fulness of Life!

"I AM" your Perfection when your feeling world is harmonized and still enough!

There is no power in the Universe but My Energy!

There is no Intelligence to act, but My Intelligence! If you misuse My Intelligence, which I have loaned you for use, then how great is your mistake and how great is the penalty!

Long have I waited for the attention of mankind! Long have I waited to produce My Perfection in the world of action of mankind!

Now thru the attention to Me, the Great Cosmic Law has come into action which makes it possible for Me to exert more authority in the world of action in the human octave! My Authority shall reign again in the human octave, as It did so long ago! Human destructive thought and feeling have had their day! No longer shall that destructive quality in human forms destroy each other!

I ask you to watch! Human destructive qualities shall cease from the earth and once again shall reign Peace and Good Will to all!

"I AM" the Energy! "I AM" the Light in every cell of your body, and as soon as your attention goes sincerely to Me, then that moment has your Ascension begun!

"I AM" your feeling which enables you to feel and realize My Power when called into action!

"I AM" the Authority, the proof which you call for! Give me a chance to prove Myself and

"I AM" the Power that will show the human intellect whether "I AM" Real or not!

"I AM" the Glory of the Light of the Universe, and "I AM" the fulness of Its Expression on earth!

"I AM" the Resurrection and the Life!

"I AM" your Treasure-house! Look unto Me and find the Out-pouring in your use of all that is required! If you divide your attention between human beings and Myself, then little shall you receive! When you give your attention to Me with the full understanding that "I AM" your Treasure-house which has no limitation; then shall the door of My Treasure-house be opened and the Out-pouring to you will be satisfactory.

For Me to fill your Life with Happiness and Perfection, I must have your undivided attention. I must have your Vision on that which alone is Perfection! I must have your feeling of My Presence and Reality! When I have your Trinity of action, then the fulness of My Powers shall flow forth into your use filled with My Divine Justice, with My Mighty Directing Intelligence and My Discrimination which will cause you to do all that is required.

"I AM" the fulness of everything you require and in the Higher Octaves there, It waits and waits for you. Your accumulation of good which I have gathered thru all your embodiments I hold for that day when your Adoration and attention is sufficient to Me, to begin to release It into your world of action. Until you understand and harmonize yourselves sufficiently, I must hold this here lest in the release of destructive qualities, you destroy yourself.

"I AM" your Invincible Protection!

"I AM" the Presence, the Power which establishes that Tube of Light about you!

"I AM" the Power which passes the Violet Consuming Flame thru you and your feeling world, and which gives you Freedom forever from all your creations. Will you not give Me an opportunity to render that Service to correct all your mistakes?

I do not condemn! At a certain point in your Stream of Life, "I AM" compelled to judge, and "I AM" the ONLY Judge!

Your opportunity is Divine! Your opportunity is great! Improve It to the fulness of your ability, and I will do the rest.

I speak to you thru the Higher Mental Body. Give Me the opportunity, thru the stillness and harmony of your feeling world and see how quickly I will carry you forward in Happiness and Achievement.

My Energy is that which you use to accomplish. Once you understand not to re-qualify It, then My Energy shall flood you and your world with Its Mighty Perfecting, Supplying Activity which knows no limit. Such is the Power of My Kingdom, of My Presence, acting in your world of your own creation.

I do not create imperfection! You have used My Energy to produce discord and when sufficient discord has accumulated, then I withdraw My Stream of Life and your form fades from existence. Then "I AM" the Authority, am I not? I can say to you—you shall live in your physical form or you shall not! I give you a Perfect form and you re-qualify it with your discord and imperfection. Still "I AM" willing to accept forgiveness for your mistakes and again release that Energy which becomes the Violet Consuming Flame to dispose of all your mistakes. This is the

Stream of Life acting within and thru mankind continuously; and because of your lack of attention, and even your memory of Me—having even forgotten My Existence—still do I furnish you with a new body, because My Life had to withdraw from the former.

Now you have come to know My Presence. Will you improve the opportunity and have My Perfection made manifest in your world? "I AM" here! "I AM" ready! Are you ready?

Thru your attention, "I AM" your Ascension into My Eternal, Everlasting Self, that Eternal Body of Light!

"I AM" your Divine Will which thru your attention will set aside your human will for it is but the wrongly qualified activity of My Will. All of My Perfect Activities you have used to requalify and produce imperfection with My Pure Energy which I allowed to flow thru your body and out into your world.

Will you in this brief explanation with mighty determination call to Me and have every undesirable desire taken out of your feeling world so you may be harmonized sufficiently to allow My Energy to flow forth unqualified, producing Happiness, Perfection and the Supply of every good thing which exists in My Realm of Perfection; so the earth may know the Presence of Me—the "Mighty I AM Presence," made manifest once again? Then the Golden Age and the Great Cosmic Light of the "Mighty I AM" shall reign again and fill the earth with Its Happiness; Its Beauty; Its Perfection; Its Power of Precipitation, that lifts mankind and holds it in the Purity of My Eternal Substance forever.

The Power of the Ascended Masters' Violet Consuming Flame

HE Cosmic Moment has struck beloved ones, when the Ascended Masters call you to Victory and Freedom in the Light.

When the Ascended Masters have taught the "I AM" Students how to call to the "Mighty I AM Presence" and the Ascended Ones, for the release of the Violet Consuming Flame into any destructive condition to consume it, they are simply using a more intense concentration of the Activity of the Violet Ray than that of which the outer scientific world knows at the present time.

The Violet Ray, as the outer world knows it from the scientific standpoint, is part of the Great Infinite Action of the Violet Ray to this entire earth. It is really One with a specific vibratory action from our physical sun to this earth which has a special cleansing action.

Our Beloved Ascended Master, Saint Germain, is the Authority for the Action of that Violet Ray to this earth. Therefore, He uses a far more powerful direction of Its Electronic Force to help consume the destructive qualities in mankind than any outer focus of Its Activity.

Any Ray which any Ascended Master directs is at all times qualified with the Perfect Balance of Love, Light, Wisdom and Power. Therefore, when you call to the "I AM Presence" or the Ascended Masters, for Them to blaze up the Violet Consuming Flame thru you, or thru any destructive condition, there never can be any sensation or result from that but the Great Ease,

Comfort and Peace of Divine Love, held in Perfect Balance by the Power and Wisdom of either the "I AM Presence" or the Ascended Masters.

That is why Saint Germain has said, the use of the Violet Consuming Flame is more valuable to you and to all mankind, than all the wealth, all the gold, and all the jewels of this planet.

The conscious application of the use of the Violet Consuming Flame, is the way and means provided by Life, the "I AM Presence," to dissolve all destructive qualities and conditions harmoniously and permanently; and to consume the cause which creates them—replacing all mankind's mistaken creation by the Purity, Perfection and Balance of that which is wholly Constructive, and therefore Divine.

There is no human being on earth who thinks straight, and who will sincerely and honestly make this call, holding his or her feelings harmonious, who cannot have this action and assistance of the Purifying Power of the Violet Consuming Flame from the Ascended Masters' Octave of Life, to change everything human in his world, into everything Divine.

In the following Decree, notice how you can *use* every destructive condition as a means of enabling you to call forth from within Life a Greater Power than you have ever been aware of before and then hold Its Action permanently sustained and ever-expanding in your own world.

In any discordant condition, issue the following Decree and say:

" 'Mighty I AM Presence,' and Great Host of Ascended Masters! Stand guard here with your Almighty Victorious Power of the Violet Consuming Flame in the full Victory of your Love,

Light, Wisdom and Power, in Perfect Balance! Seize all energy directed at me which is discordantly qualified! Blaze the Violet Consuming Flame thru it, purify it, charge it with Your Ascended Masters' Cosmic Activity and Almighty Power of Pure Divine Love and the Ascended Masters' Directing Intelligence! Then hold It in my being and world and command It to produce Perfection and Protection for me forever!"

Anyone can use this call to keep the energy in the atmosphere about him or his fellowmen, constantly purified so that no discord is able to focus permanently within him or his activities.

Another intense call which we all need to use frequently, is:

" 'Mighty I AM Presence,' and Great Host of Ascended Masters! In the Cosmic Activity of the All-seeing Eye of God—*watch, watch, watch* me; every second this day, and see that I do not think, say, feel, hear, or experience anything but Your Almighty Victory and Perfection, in all I do forever; and pour thru me Your most Powerful Radiation of Indestructible Harmony to be the Authority that controls all conditions in which I must move, and see they affect me and my world only harmoniously!"

In this way, you gather by constant application and continued use of these calls, an accumulation of Energy—each time becoming more powerful with your every call, until it reaches the point of saturation of the Substance of your mind, your body, and your world; and when It completely fills you and your world, you will find you can move in the world of discord, but not be of it and take only that into yourself which will produce Harmony and Perfection for you.

This is not attained in a moment, but everyone must begin sometime, somewhere to gather the momentum and the more application we make, the quicker do we reach the point of saturation or as you would build a house, brick by brick, until your structure is complete, and when it is complete you enter in and use it with great enjoyment.

Just so, can every individual begin gradually to rise out of the problems and discord by which he is surrounded, and into the permanent condition of Happiness, Perfection, and ever-expanding activity of the Great Victory of Life, but that can come to the individual only by his own conscious effort and use of the energy in his own Life-stream to build into the world about him the Perfection which he really craves.

Everything in this Universe which is permanent, is built atom by atom; hour by hour; day by day—until the fulness of Perfection is attained.

You can call directly to your "Mighty I AM Presence" to make you at all times the Ascended Masters' out-pouring and Victory of Pure Divine Love; releasing Their Violet Consuming Flame into all you contact; purifying all Substance and Energy, and charging it with the Eternally Sustained Perfection—Instantaneous, Infinite, Eternal and Ever-expanding—to the Glory and Freedom of all mankind.

Do you realize deeply that every Constructive thing which you can ask of Life, is in agreement with the Law of Life, of your "Mighty I AM Presence" and that the Ascended Masters are willing at every instant, to release the fulness of all Constructive qualities, into this physical ap-

pearance world, here and now; so long as you use them Constructively with Wisdom and for the Perfection of the whole?

There could not be Perfection of the whole, without perfecting the parts first. Therefore, each one's first duty to his own Life, is to call forth the Purifying Power of the Ascended Masters' Violet Consuming Flame, to purify everything in his own world, and then be the Wide Open Door thru which that same Mighty Activity can go forth into his fellowmen; into his country; and into the world.

After all, the business of Life should be the pouring out of the Perfection of Life, to the Expansion and Perfect Activity of all the rest of Life. Mankind are in their limitations and destruction to-day, because they have forgotten what the purpose of physical Life is and to live for the Perfection of their Source. They have only been clawing in the world of things, to gratify the sensations of their feeling world, which are always temporary unless qualified with Eternally Sustained Perfection.

If human beings understood the Almighty Power in the use of the Violet Consuming Flame, and then would use It, consistently, constantly, in everything they do—It would make their way so much easier, so much more joyous, and everywhere they move they could help to set mankind Free from destruction.

Remember, these Almighty Powers, Attributes and Qualities of the Perfection of the Ascended Masters, *are* within the Life of this Universe. They *are* within the Life-stream of every human being, but it takes the call of each one's feeling, thru the attention upon these Great Powers of

Life, in order to release Their Action into this physical world.

When people do not understand where Their Source, the "Mighty I AM Presence," is, or who and where the Ascended Masters are, how can they have this Greater Good which their hearts desire?

If they know of This Truth and will not make the call—why should the Ascended Masters intrude Perfection upon them, unless they really desire It?

When mankind becomes so content to dwell in their limitations that they do not exert the positive force needed to set themselves free, they sink into an inertia under the pressure of the energy which has been destructively qualified. That is the only thing which could make an entire nation bow to the will of vicious destructive individuals who do not cooperate with the Perfection of Life.

If people do not want destruction, then they must turn to the Power which is Greater than destruction, *before* that destruction is released upon them, if they expect to have Protection; because after the door is opened and the energy has burst upon them its destructive qualities—under the Great Cosmic Law, it has to be allowed to spend its force before anything Constructive can be released in its place.

In everything you do, you are dealing with Energy qualified. If you will learn to qualify everything in your world—many, many, many times a day—with the Ascended Masters' Almighty Power and Action of the Violet Consuming Flame, you will feel a very great release from the pressure of the discord around you and you will also release your fellowmen from that pressure also.

The Ascended Masters' use of the Violet Consuming Flame must be called forth by the Constructive people, and held sustained, pouring into destructive conditions, if these conditions are to be changed. Life, which owns the entire Universe, has Intelligence within it! That Intelligence has a Divine Plan! The way and means It has devised for purifying the mass creation of mankind, is by the conscious understanding and use of the Violet Consuming Flame.

The Ascended Masters have told us—there is not, and never will be, permanent release for mankind from the miseries of this world, until they understand This Law, and apply It!

There have been many channels thruout the centuries who have had some phases of the Great Law of Life—the Law of the Truth of the Universe; but they certainly have not had enough of the understanding—or the complete understanding—required, to free themselves from the discord of this earth, or humanity would not be in almost total destruction to-day.

Something has been missing in every channel which has tried to help mankind in the past. Thru many, many channels, you have heard the phrase, "the Lost Word"—"The Light that has been lost." That which was lost was mankind's correct understanding of the Power contained in the Great Creative Word of Life—"I AM."

Regardless of whether you accept the Truth of this Law or not—please try to look outside of your own intellect and your own feeling world and look at yourself in relationship to the rest of the Universe and to the rest of mankind. Ask yourself, how much time and energy you have ever spent trying to understand and bring into

practical application in your mind, body and affairs, the Greater Powers of Life and the Intelligence which creates Greater Manifestations than you have created in the past.

I ask every human being who doubts the Truth of This Law to please get outside of your own opinions long enough to take a look at yourself, and ask how many hours of your Life and how much energy you have ever spent honestly, sincerely, deeply and intensely, calling to the Greatest Intelligence and Life in the Universe, to tell you all about Itself, and to illumine you with the Truth concerning yourself.

Most people have NEVER called to the Greatest Intelligence of Life to give them more Intelligence with which to do their work and to out-picture more marvelous manifestation.

The call from the individual to his own "I AM Presence," and the Ascended Masters, is absolutely imperative, if he is ever to have anything greater than he has at present;—for the same reason that a child in school may study his arithmetic and the teacher be busy in some other part of the room, reading a book, or doing her work. The child comes to a problem and says: "Well, I wonder about that; I don't understand it; I wonder how to do that." So long as the child wonders in his own mind, he will keep on wondering for Eternity; but if the child will turn to the teacher and say: "Teacher, I don't understand this problem, will you tell me how to work it, and show me what you know about it," the teacher puts aside his or her work, comes forward and gives the explanation which enables the child to solve the problem, and therefore he has dissolved the destruction in his mental world.

In exactly the same way, must human beings call to that God-Intelligence which is greater than the human intellect.

That part of each one is his own "Mighty I AM Presence." Mankind must call to the Ascended Masters' Octave of Life, and to Their Intelligence to illumine his intellect and show him the Perfect thing to do to dissolve his problems and obstructions. The Presence and the Ascended Ones are instantly ready and do release the answer at your call.

The lesser in this Universe must always reach up to the Greater, and the Greater, having greater Intelligence, Greater Life and Greater Power, is at all times willing to radiate down to the lesser that Greater Perfection of Life, to help the lesser become the Greater and thus expand Perfection.

That Law goes on thruout inter-stellar space, and no human being on the face of this Globe or anywhere else, can ever take it out of existence. After all, this is a very magnificent Universe; but human intellects are so concerned with the feelings or limited concepts of their little daily activities, that they have forgotten to associate with that which is much greater than themselves, so It could give them the greater Happiness which they crave, and raise them to Greater Freedom, Greater Divine Justice, and Greater Perfection.

The individual who does not believe that, or will not accept it, either has ears that do not hear, or opinions that will not change. Such stubbornness and rebellion are but an accumulation of energy, discordantly qualified, pressing upon the mental and feeling world of the individual like a storm cloud shutting out the rays of the sun.

You do not need to stay in the darkness of the human ignorance unless you so choose.

There is Light, Intelligence, Life and Power in this Universe without limit which each one can have when he places his attention upon It, calls for It, and makes the application which gathers the momentum to control conditions in the world around him.

The most marvelous, purifying, harmonizing, illumining, balancing vibratory action that ever came to the humanity of this world, is the Ascended Masters' use of the Violet Consuming Flame, and Their Love, Light, Wisdom and Power, in Perfect Balance.

Do not believe us, prove us! Call your "Mighty I AM Presence" and the Ascended Masters into action to pour Their Power Thru your world constantly, and the greater Perfection in your world will be the proof we have told you the Truth. When you have received that Greater Perfection, be honest enough with yourself and with Life, to acknowledge that it was the fulfillment of your direct call. Only when you will comply with the Law to that degree, will you find the Law answers you, with the greatest happiness you have ever known.

Therefore, let us all call forth the most Glorious Power of the Violet Consuming Flame, to sweep over the United States of America, thru the mental and feeling world of our people to consume the fear, the doubt, the selfishness, the ignorance, the hatred, all anger, all resentment, all irritation, and all grief—and then illumine them with Its Most Intense Action, clearing away the qualities of human destruction by which they

are surrounded and release a Power which repels all discord and consume it forever in the Violet Consuming Flame.

Such is the Almighty Assistance offered to mankind by these Great, Blessed, Glorious Beings, the Ascended Masters, to whom no one can ever do justice, except in service to the Ideal for which They stand and ceaselessly labor, until all mankind are Their Perfection and Free as They are.

They are the Power of the Cosmic Light, and

"The Light of God never fails!"

"The Light of God never fails!"

"The Light of God never fails!" and the "Mighty I AM Presence" is that Light!

GODDESS OF LIGHT

As you ask for anything from the smallest to the greatest, be sure you ask it as a glad free Gift of Love; then you are qualifying the Powers of Life with the authority to bring that forth as a Free Gift. Suppose it comes from an individual! Is it not a free Gift of Love, the same as if it came directly precipitated from the Presence?

GODDESS OF LIGHT

It is a very pitiful thing to have one feel—after having had proof that We are Real; that such an one does not have the courage and confidence within himself or herself to know its Truth. This Work is Real and all that It is claimed to be; and all mankind's doubts will never change It. Therefore, We cannot take away the doubts of mankind, unless they are willing to have them taken away. I mean by that they must be willing in their feelings.

OUR LOVE AND GRATITUDE

N the beginning of the new year, we wish to extend to the "I AM" Students thruout America and foreign countries our deepest Love, Blessings and Gratitude for their loyalty to the Light and the service each one has rendered the various countries during the past year. May that continue to increase and the year 1941 be the end of all human viciousness and discord; so Eternal Peace and Happiness may be established everywhere.

We also wish to express our deepest Love, thanks, gratitude and Blessings for the many Christmas Cards, Love Gifts and other gifts received thruout the year; as well as the letters of appreciation. Each one has received a blessing and the call made for the amplification of all poured forth and returned a million fold to bless each and every one.

May all remain loyal and true to the Light and go forward into their Eternal Victory in the Light quickly.

· LETO, BLESSED LETO ·

IT is our very great privilege to announce the release of a new song—"LETO, BLESSED LETO" by our Beloved Ascended Messenger, Godfre Ray King.

Thru this music and lyrics the Glorious Ascended Lady Master Leto will pour to those who direct their attention to Her, Her special Service to all who seek the Constructive Way of Life; and teach them how to go forth from the physical waking consciousness into the Octaves of Light

and return to the body consciously and at will; just as one goes thru the door of a room retaining full comprehension of all he or she is doing each moment. This service will never be rendered any one who is selfish or would misuse the information given.

Her Assistance will be given only to those who are obedient to the Highest Ideals and Honor of Life. Thru the use of the Violet Consuming Flame one can purify one's self to the point where thru the call to Blessed Leto, She will come and escort that individual to the Inner Octaves of Light; and help that one to the complete use of many of the faculties we all possess but know not how to use in their fulness. All can have that Assistance at all times, if they will understand this Ascended Master Instruction of the "I AM" and give obedience to Her Requests.

The cover design is the likeness of our Beloved Leto and a Gift of Love from our beloved May DaCamara whom we thank and bless without limit for her blessed service.

This song was first sung in the Philadelphia Class—which was held in Washington, D. C., and is dedicated to the city of Philadelphia. May it release the Mighty Cosmic Victory of Eternal Freedom and Divine Justice everywhere thruout that city and make of it an Eternal Alabaster City of Light for Freedom and Divine Justice to all mankind.

May everyone on earth use this song and call forth all Beloved Leto's Power to set all free as quickly as possible in the Eternal Victory of the Light of God that never fails.

GEMS OF LIGHT

GODDESS OF LIGHT

Everything concerning your Life, concerning all the transcendent things Life can produce for you is your own Life; is the most practical thing in the Universe, but you have got to see that. That is why I say to you beloved ones, he who listens to silly foolish gossip, doubts and fears or whatever the conditions may be, that individual alone is responsible for accepting it. You do not have to.

GODDESS OF LIGHT

The individual is the decreer of how that energy is going to act, how invincible It is and what will be the result. If the individual does not hold steadfast and unwavering in the invincibility of the Tube of Light then It does not become Invincible. The "Mighty I AM Presence" produces It when It is called for, but the student's responsibility is in the sustaining of It. The energy, the substance from the body of the student must be continually released in order to make and hold It as an Invincible Activity.

INFORMATION

The information given under the heading of "Young America" will be the Ascended Masters' help to the young people for their protection and illumination, as they are the builders of the new civilization and are the channels through which the Ascended Masters will give their Light for the use of the outer world in the Golden "I AM" Age.

COSMOS

MIGHTY COSMOS

H, Mighty Cosmos in Your descent
From such Great Heights above,
To bathe us in Your Cosmic Fire—
Flames of Your Divine Love.
Our praise to Thee now is boundless;
Your Cleansing Fire expands,
Fulfilling every Law of Life,
To spread thruout all lands.

Great Cosmos, how we welcome You,
With Your Secret Mighty Rays,
You bring to bless humanity,
In earth's greatest need these days.
In Their Glorious Cosmic Power,
Shall Their speed be very great:
Cleave asunder destructive force!
Open wide the Cosmic Gate!

Awake! Oh, people of the earth!
Inhale the Great Fire Breath,
The Light of Cosmic Power released—
Let all know there is no death!
For Life—Its Great Light expanding,
Charges forth the Perfect Plan,
Holds Dominion and Happiness,
Thru "I AM"—the Perfect Man.

We stand within Your Dauntless Light,
Doing all that You require;
To hold all willing and ready—
And within Thy Pure Desire.
Thou art our Perfect Direction—
Our Presence, "Mighty I AM,"
Singing Eternal Praise to Thee
Oh, "I AM," "I AM," "I AM."

· ARCHANGEL MICHAEL'S DISCOURSE ·

Shrine Class—Los Angeles, Calif.
July 16, 1939

GREET you in the Name and Power of Life, Children of the Light. You might be interested to know that in the beginning of this Class, I decided to remain indefinitely to carry out the beginning of this Great Victory of Light; and since the call has gone forth with such earnestness—that I strike My Sword of Blue Flame into the vortices of destructive forces, then so shall it be; that the earth may once again be cleansed of its terrifying appearance to mankind and in the Glory of that achievement, will all feel within their own feeling world that cleansing, powerful purifying process. Will you give your attention once a day to Me during this time? In the coming six months, until the Messengers return to you again, will you see and feel that which the earth has not witnessed?

Remember, We are here in the atmosphere of earth and not for pleasure, but for Service that mankind may be set free in spite of themselves! Life has said to the earth: "Emit more Light," and We are going to see, with your cooperation, that it does so!

Therefore, I ask you to observe! All the doubting Thomases in the land, observe! We will see how far your doubt reaches—only within your own atmosphere! Therefore, let the *Power* of your Light descend, Friends of America, fellow students and patriots of America! If We are willing to lend Our Powers of Light to you, are you not willing to the utmost of your calls to release that Power of Light which sweeps every discordant thing before you? We are not wasting

time! We are using every Power at Our Command and shall continue, until every discordant force vanishes from your America! Since it must be the heart of the cleansing process to this earth; then shall it begin and shall it be the end of every phantom of earth!

Thru these countless centuries, mankind have been silent and only now have they given Us an opportunity to render this Great Service! When I attempted to render that same Great Service to France, only a few in that land knew what My Presence meant. To-day, a million people in America are giving earnest, sincere response! Should a million or three million people in America be allowed to perish, because others do not understand? Should America and her great industries be destroyed, because of the insane dictators of the world? I think not! What do you think? (applause)

In observing your great enthusiasm and release of Power, Substance and Energy into the Octave of Light, We will intensify and wield It to your blessing as well as that of America. Then remember your service is without power to estimate! The glory of its far reaching activity from your mighty Groups thruout America has given this Call to Life and Light. It is an inspiring thing to Us. Remember, beloved ones of the Light, thruout the countless centuries there has been the need of that call, but mankind have been silent! Then, for it to have awakened now, do you realize that even the Angelic Host have taken notice and are rendering Their Service?

All the Forces of Light are rendering Service at your call and in the achievement of this Class, only a little of which you have learned, will you feel the full Power of It thru your feel-

ing. Remember, your service of the past six months has been greater than that rendered thru the countless centuries of the past. In a few short years, great has been the release of the Power of Light, more than in the countless centuries. Should it not be a signal to you whose hearts are so loyal and staunch to the Light, of the Victory and the Power of that Light going forth at this time?

If in five years, you can have this achievement in the Name of your "I AM Presence" of Light, what can you do in ten more? I tell you this before one whom I love so greatly, which is one of My reasons for being here and for giving this Assistance. (applause) I kiss the hand of this courageous one, (Lotus) thru the lips of the Messenger, that you may know My Devotion to one who has thruout the centuries been the defender and protector of mankind! (applause) Eternal Blessings rest upon you, Oh Child of Light. May Life henceforth be so kind that only Peace and the Glory of surrounding harmony and happiness touch you and your world again. I so command it!

Thank you, beloved ones, for the glory of your Love, devotion and gratitude. Well is it placed, and Oh for the day, when you come to know and see with your All-seeing-eye what has been accomplished thru these beloved Messengers and your Beloved Saint Germain Who sent His Message thru K-17, to-day, that rather would He desert humanity than these two Courageous Messengers of the Light! (applause)

I say to you fellow-students, and many of you will receive them, the insane unfortunate individuals who have made the ridiculous drawings of that one of Light (Lotus) and this One

(Godfre) and their son, shall find crawling all over them their own creations. Then, will they see and cry out for mercy for such an infamous thing. This thing shall stop, if I have to use My Sword of Blue Flame upon the bodies of those vicious insane individuals who try to ridicule these Messengers of the Light! Mark what I tell you! (applause)

We have told you all, beloved ones, of the permission which has been granted from the Central Source of Intelligence and Power for this system of worlds, and We shall use every ounce of It. Human beings who are wholly vicious may no longer escape the penalty of their own creations! (applause) Not only shall they have branded upon their foreheads that infamy, but their darkness shall close upon their human forms and then they will see whether the darkness can go on against the Light which is the Freedom of America! I am here, and using your term—I mean business! (applause) Because individuals have been allowed to go on so long, they have thought there was no end to their destructive force! Well, to-day, all things are changed. Beware!

Therefore, beloved ones, the Power of Light shall take Its Dominion in America! The vicious people of France had power to defy My Efforts! To-day, the people have no power to defy My Efforts (applause) and We shall see whether the earnest people seeking the Light shall be harassed and heckled or not! I say to all those people: "Beware! You may find your own creation taking form and crawling about your feet!"

The Command of Light and Life is to release the people of earth from these frightful conditions of their own creations and IT SHALL BE

DONE! The Command of Life is Supreme! No longer are human beings the Decreers of what they shall put forth, unless it be constructive. All the Powers of Light may go into action to silence destructive activities. Live in the Power of Light and by the acceptance of that Great Law, let It take command of you and the earth and surround you with Its Invincible Protection, Its Invincible Power of Light! "Stand in the Light and draw to yourselves your own"! That is not an idle expression, but a Mighty Fiat of Life! You have sought and you have found the Perfection of Eternity!

Now, beloved ones, use that Power of Light since you have found the centralized Power of all achievement on this earth and in the Octaves of Light. Use it! Use it, beloved people! Apply this Law which you have learned, which is the Infinite Power of Action. Apply It and let the Glory of Its Mighty Light and action be the cleansing, purifying Power which sweeps everything from your pathway that is not of the Light! You in the Power of the Light, have the Treasure-house of the Universe at your command! Why not realize it? Why not accept it? Why not be the Out-pouring of that Great Light in Its Magnificent Splendor, Its Limitless Supply supplying your world with the Light of God anchored in your heart, the Mightiest Magnet in the Universe to release the supply of everything into your world by the Power of Light, Love and Harmony—the greatest thing ever known on the face of this earth? Then, to-day, you are rightly called—"The Children of Light," for it is the Power of Light at your command which goes forth and Its Mighty Light Rays and Currents of energy render whatever service you require, and it never fails for a single instant!

I say to you, Oh people of Light, stand with your hands to that Presence and call Its Currents to sweep thru your body and sweep out every imperfection that is there. Be firm and determined—know there is no opposition to that call; and your body will be beautiful, charged with energy, symmetrical and Perfect as your God-self, which you are!

Life has waited a long, long time, beloved ones, for you are once again to turn your faces homeward. Oh, think when you have been on a long journey here upon this earth, then you turn your face homeward, what a joy! Well this Joy transcends a million journeys here upon this earth, in turning your face once again homeward to the Octaves of Light, into the Freedom of your Ascension—never again to enter into the wheel of birth and re-birth.

Oh, my dear ones, that you might comprehend to-night, all that this means in forever being free from going thru limitations and experiencing what Life is in the Great Octave of Light, ministering to the mankind following on. You, five hundred thousand in America, to-day, are ready to be free; (applause) and who shall say by the time the Messengers return again how that may be multiplied? Think of it, beloved ones! Oh, this is no idle talk! Let no one ever deny the Truth that We speak! Too long mankind have denied what they could not see; and yet you have examples before you, beloved people every day, of all the powers you use which are invisible! Then why deny Our Presence?

Why not accept Our Presence which We offer with the Power of Divine Love—with a fierce determination that mankind shall not go on in the chains of their distress and human creation—

when We have the Authority from the Great Central Source and Power of Life from this planet to remove it? Will you join Us in removing it? (Applause—audience rising)

I ask you, beloved ones, right now to accept your rising to your feet as your rising into the Dominion of your "Mighty I AM Presence" and the Assistance of the Ascended Masters of Light! Beloved ones, for the first time in My Observation of the students' bodies, this actually symbolizes that Dominion. You students rising to your feet, gave Me the full conscious feeling of your acceptance of your Dominion over earthly things and conditions which is so important. Accept it, dear ones! (applause) Determine to not only accept and hold steadfast, but to set that Almighty Power into action in your bodies, thru them, and out into your world of action. Whatever your attention is fixed upon, the Infinite Power of Light goes forth everywhere to release yourselves and your fellow-men and bring about all the conditions which are required to-day, to release this Power of Light and bring It into Its Infinite Action now!

You are past the time, beloved ones, when you are required to consider time and space. Will you accept that from now on? Whether you see the outer manifestation as instantaneous or not, has nothing to do with your acceptance of the Instantaneous Action and Power of Life to which you call, going into action to bring these results about. You must claim your own, then it will find an appearance!

That is why to-night in this great and mighty impulse, I have used all My Force that you can stand to charge and claim that action for you and to hold you sustained in the Dominion of

your application of the Presence of Life. Please accept It in the full power of your feeling! Let It go into action now! (applause)

I once knew you when you wore different garments—observe please—when that same enthusiasm and determination was there! This time, with the understanding of your "Mighty I AM Presence" of Life, It brings and is the enthusiasm going forth, which is the Dominion within you. This time It is magnificent! This time It is permanent! Make it so! (applause)

How fortunate you are, beloved ones, and why do We keep asserting that? Why do We keep calling your attention to the fact that you are so fortunate? Because We want you to feel it. Unless you feel the Supremacy, the Privilege which is yours—in your attention having been drawn to this Great Supreme Power, not only of yourselves, but with your attention to your Presence and the Assistance which We are giving —that is the Supreme Activity of Life, which you cannot give to yourselves at the present time!

Observe! Since mankind have wilfully drawn themselves life-time after life-time into these conditions, then Life is ready to say: "Very well, let us go on." How can you in the world, ever feel critical toward each other, if you think for one moment of the Beneficence of Life to you? How can you think unkindly of each other, when Life is offering you everything—Eternal Freedom and your Ascension into the Power of Eternal Freedom? and yet you will feel unkindly to each other. How can you do it? I am sure you will not in the future! (applause)

Do not understand Me, that does not mean that you should not be very, even terrifically

positive and firm toward all destructive and discordant forces! Unless you have that intense feeling which repels them from you, you will be swallowed up by them. You cannot afford to be less than terrifically positive against all discordant or destructive forces! Remember that! But that does not make you any the less kindly. These Messengers are such an example to you, beloved ones! In all the fierceness and defense of you, yet are they unkindly? I leave it to you. (applause)

In your moving picture the Desert Song, one expression is used in the comedy which says: "I have sometimes to be cruel to be kind." Sometimes, individuals have thought the Messengers were cruel, but it was kindness to you! (applause)

Perhaps you will be greatly interested to know that the Mighty Astrea has decided to come forth and walk thru the atmosphere of earth! (applause) That means more than any words could estimate in the reclaiming of America into the Perfection of Life! Each One of Us in Our particular Service is required for certain things which the Others may not do. In your physical world of action, one of you is a printer, another is a jeweler, another is a tailor, another is the head of an industry, another is the builder of an automobile, another an airplane. Would it be different in the Higher Octaves, to find that We still have special activities in which We are the Authority? Should that seem different to you than your activity here? Not at all. Such is the case.

Knowing your Friends of Light—your Friends, the Ascended Masters, the Legions of Light, the Cosmic Beings, and even the Cosmic Light which is the Activity of the Substance of the Light from the Great Central Source of Life to your earth

—is that not something beyond individual endeavor, even beyond Our Endeavor? When We, as Wielders of the Power of Light and Currents of Energy, have the Authority from the Central Source of all Power for the use of whatever Our Activity requires upon this earth, then We move forward and everything else moves out.

When you clean house, ladies, you move all your furniture out, you dust, clean and vacuum everything, then you move it back into the clean walls and clean floors. This time, we are not going to move the old furniture back. (applause) We are going to replace it with the beautiful new Substance of Light. (applause) For those of you who have so longed for the restoration of your homes, I assure you, it shall be so. The fiendish forces operating thru mankind which have sought to deprive the people of that which belongs to them and bring them into a condition where they would be abject slaves, at the command of a few—have made a great mistake! (applause) What I undertook to do in France, I shall do in the Fulness of the Power of Light this time. (applause—audience rising) Thank you, beloved ones, for that almighty acceptance.

Do you know, my dear ones, what such a thing means? In your great number who are here tonight, do you understand what that means, in the energy and substance which you release? It is a joyful qualified activity of the Energy and Presence of Life, which those waiting here gather and utilize for your Freedom and for the Freedom of America! Oh, that you might once see, perhaps some do, the Activity which takes place in an instance of this kind. Never in the world would you again question Our Ability, Our Au-

thority, and your authority which gives Us the opportunity to use Our Authority.

It is so wonderful to see you happy and filled with the Joy and the Victory of Life; for that is your happiness to-night, beloved ones, and it is Real. It is sustained and I shall see that it is done. (applause)

I cannot refrain, blessed Charles and Pearl Sindelar, from commending you on your Service to the Light, in the wonderful attitude of sending forth that magazine to the people everywhere. Oh, how We have watched your willingness to go days and nights without sleep to render that Service to the Light! One day, upon the return current it will bring you such Happiness, Peace, Rest and Freedom. Then, you will see and rest in the Glory of Light! (applause)

To-night, do any of you hear anything—the music there? In this last burst of enthusiasm and joy in the recognition you gave—a great, a tremendous volume from the Celestial Choir was released and I thought some of you must surely hear it. It was so very tangible! Some day, you shall sing with It, beloved ones of the Light! (applause)

Two things I wish to call to your attention. Beloved Minute Men of Saint Germain, you must have observed the great change in your voices. You are rendering a service which is remarkable! Daughters of Light, observe! Each of you allow the Presence of Life to sing thru you. Forget that you have limitations of the body and see how soon they will disappear. Your voice is not limited to a certain octave. When you get about so far, you get cold feet and it holds you down. Let your feet remain warm, for remem-

ber that represents your understanding, and your understanding is not limited. So in keeping your understanding warm, it expands into Higher Octaves. (applause)

I offer you My Hand, Children of the Light. I offer you the Blessing of My Sword of Blue Flame! We shall go hand in hand to the finish—into the Great Goal of Life. Do you mind holding My Hand? (applause) Never forget, beloved ones, your Mighty Friends of the Light! In your call to the Presence of Life, the "Mighty I AM," it is always a signal to some of Us to observe you to see what is needed. Do you quite understand, beloved ones, that this is not only just for your Freedom, individually, but it is the changing of the axis of the earth, when all has to change? That is why Life has permitted—the Source of all Intelligence to this system of Worlds, has permitted such Assistance to be given! If you pass this opportunity, you will wait such a long long time again. I would not care to estimate it to you!

The unfortunate people who doubt the Reality of this Truth are the most unfortunate on this planet! Now in this Class, beloved ones, knowing definitely and clearly this Great Law, you know your way! If you do not walk in It, the fault is yours. There is no question in your understanding now. You know what to do! Do your utmost and We will try to finish, not only what is required for you, but what is required for America!

God Bless our America! (applause) America Our own Beloved Land! (applause) America Our Home of Light! (applause) America the Victory of Light! (applause) Students of Saint Germain and the "Mighty I AM," the Victors of Light!

(applause) Go forth, beloved ones, in the full Power of that Light, Its Eternal Mastery and Victory over human selves and conditions. Go forth, I say, in that Power, Authority and Victory of the Light, Oh beloved Children of the Light! I thank you.

GODDESS OF LIGHT

The same thing is true in the use of the Violet Consuming Flame. The "Mighty I AM Presence" may establish the Violet Consuming Flame and always does at your call, but unless you give acceptance in the feeling world, which releases a certain amount of your substance into It, that will not be sustained as an activity in your individual requirement. It will remain there, but It will not produce the result for you, unless your substance is released which gives the activity in the human octave, required to produce the Consuming Activity in your own Life Stream.

GODDESS OF LIGHT

One day soon enough, you will know Our Reality, but you have got to have—I would not call it faith, but you must have confidence in your own Life; confidence in the Reality of the Ascended Masters, the Cosmic Beings; confidence in the Messengers, until that day when you can prove It for yourself. All the proof in the world that We could give you is only a temporary thing, until you arise in the power of determination within yourself to prove to yourself this Mighty Truth and Reality of your own Life.

· DESCRIPTION OF THE CHART OF THE "MIGHTY I AM PRESENCE" ·

Part IV

The circle of colors around the Upper Figure in the Chart is referred to as the Causal Body and is the accumulation of all Substance and Energy which has been used constructively and qualified with Perfection. This has been gathered from all previous embodiments and is held under the control of the Electronic Body — the Upper Figure in the Chart. That is the "Mighty I AM Presence." Each individual has an Electronic Body—a Body made of Pure Universal Electronic Substance of Light focused and projected from the Great Central Sun, around which our Sun is one of seven.

Into the Flame on the head of the Upper Figure comes a Ray of Light from the Great Central Sun. Thru that Ray of Light flows the Intelligence, Electronic Force and Light Substance which is that individual's own Identity from the Great Central Sun. That is your individualized portion or focus of the God Life, the God Intelligence, the God Substance and Eternally Pure Energy from the Great Central Sun, the very Heart of God! It is held in the Electronic Body which is a Being of such Blazing Light and Substance that your physical eyes could scarcely stand the intensity of the Light, except for just a moment.

The Radiation of the Energy around the Electronic Body and the Substance which forms the Circle of Colors, is called the Causal Body—It forming a sphere around the Electronic Body. Your "Mighty I AM Presence" is your Focus of Life—the Eternal Identity of you, which forever says "I AM," and manifestation takes place.

These colors are the qualities which we draw forth to produce special activities in the things we create and the forms we use in the outer world. Even in the Inner Realms, the "Mighty I AM Presence" uses these same Qualities when doing creative Work at Cosmic Levels of Its Activity.

The Electronic Body of the "Mighty I AM Presence" projects from Itself the Higher Mental Body, not illustrated on the Chart. It abides in the Causal Body or can descend and blend into the physical structure because It is the Focus of the individual's God Intelligence, Qualities and Powers which govern the intensity of the Light to be released thru the physical body for any special accomplishment. It is also spoken of as the White Fire Body, and is sometimes referred to as the Guardian Angel. It is also called the Christ Mind. The Higher Mental Body is the Being referred to in the bible as the "Only Begotten Son of God" because that Body contains all the Faculties and Intellectual Consciousness of the "Mighty I AM Presence," and yet will not accept any imperfection into Itself. It has the capacity to look upon mankind's imperfection and see what is required to change it into Perfection. It is the Being which draws forth from the Electronic Body the Power to accomplish the change in the physical world.

The Higher Mental Body is like a step-down transformer. It is a Focus of the Energy, Life,

Faculties and Power of the "Mighty I AM Presence" into a body of substance which vibrates at a rate much slower than the Electronic Body, but very much more rapid than the physical body. It regulates the intensity of the energy used in the physical body according to its various needs.

Whenever the individual is feeling harmonious and thinking upon constructive activities, the Higher Mental Body can and usually does descend and blend into the physical or flesh body. Whenever you are harmonious and keep that constructive activity sustained, the Higher Mental Body has come in and is the harmonious and constructive thought and feeling which you experience when you are in that state of consciousness. When you become discordant that Body recedes or withdraws from the physical and stands between the physical and Electronic Body.

The Higher Mental Body projects Its Faculties down into the intellectual consciousness of a human being which we know as the outer mind. The attributes of the Higher Mental Body then act thru the individual's intellectual consciousness and they are the way and means by which we contact the outer physical world and report thru the senses the conditions we find in the world of things.

Your human intellect is just like the roots of a plant. Those faculties are planted, as it were, in the substance of the mental body and also extend into the substance of the emotional body. Every instant you are using the Energy from the Great Central Sun as It flows from the Heart of the Electronic Body into the Higher Mental Body and from the Heart of the Higher Mental Body into your physical heart. Your heart-beat is the Heart-beat of the Great Central Sun! Every instant, the

Great Central Sun's Energy is flowing thru your physical body.

Your heart-beat has a cause. The heart-beat and breath in a physical body do not just all of a sudden begin within the physical structure without having come from a Central Source or the Greater Life of the Universe. That Great Cause of all creation is the "Mighty I AM Presence" in the Great Central Sun. It is God's Heart. The pulsations of Life which make your heart beat and your lungs breathe are the Heart Beats of Life's Energy which come from the Upper Figure thru the Ray of Light from the Great Central Sun. As we receive our heart-beat from our Higher Mental Body, so has It received that same heart-beat from the Electronic Body of the "Mighty I AM Presence," and in turn the Electronic Body has received Its Heart-beat from the Great Central Sun. That is how and why all Life is One and connected with the Source of all, because the Light Rays are the cohesive Power of the Universe and are what controls all substance everywhere. The pulsations from the Higher Mental Body which make your physical heart beat and your lungs breathe are Waves of Light from the Source of All Light—God, "The Mighty I AM Presence."

Those energy impulses are flowing out thru your flesh structure constantly. The moment your attention is on the God Life of the Universe, the Perfection of Life, or you contemplate the Perfection, Harmony and the Beauty of the Universe, the energy flowing thru you goes forth into the world about you, qualified and clothed with the amount and quality of Perfection upon which you hold your attention.

The moment you see or hear of destructive conditions, the energy as it goes forth takes on the

picture of whatever discord you are registering thru your attention. That energy is constantly flowing thru you and whatever your faculties record is photographed instantly on the energy as it radiates from you. That is why the moment your attention is on destructive things, your Life-energy flows forth and takes on the picture of that destruction, then comes back to you because all energy in the Universe flows in a circle. You can turn a blind-folded person loose on a desert and let him wander, and eventually, he will come back to the spot from which he started. Your own energy of Life does the same thing.

The discordant conditions of the outer world are qualities. If your attention is upon them, then your Stream of Life touches them, takes the photograph and comes back and builds it into your flesh structure.

When the attention goes to your "Mighty I AM Presence" and you call forth Its Perfection, then the Qualities of Perfection in the Causal Body are constantly flowing forth and you hold their Permanent Perfection in the energy that is flowing thru. That is why, as you build a momentum thru your Decrees, in the acknowledgment of the Greater Activities of Life, you will find they qualify the flesh of your body and the atmosphere around you. You can charge this into your business, your home, your affairs, your world, your country and ultimately offer Its Perfection back to your Source.

When man learns to live for the Happiness of the Perfection of God instead of for the gratification of the temporary and ever-changing sensations of his own feelings, he will have Mastery over the substance of this world. When he insists on being entertained with the things of the physi-

cal world, he will have only the misery of the physical world because there is not the Quality of Permanent Perfection, happiness nor balance in the things of the physical world.

Life's Mastery is already permanent in the two-thirds of everyone—the Electronic Body and the Higher Mental Body. That can never be contaminated by discord. When the attention is held there and the call made for that "I AM Presence" to be the only ruling Presence, Quality and Authority thru the flesh structure, the Presence will answer; but it must come at the conscious call of the individual of his own free will and desire from within himself.

If you have the idea that God will take care of you without your call, you are mistaken. That is why mankind do not get taken care of Perfectly. If that God Power did not need the call of your human intellect and feelings for ALL of Its Perfection and qualities to be maintained *permanently* down here, mankind would not have imperfection in the outer world. The fact that discord is rampant and mankind is in misery to-day, is proof the individual did not know how to live Life. If God would do it without your call, why has it not been done? We would not have been told for centuries to, "Call unto me," if that call were not the Law of Life.

You can sit down and say: "God will take care of me," but you have these faculties of Intelligence to use. You have attributes of feeling! You are a conscious director of energy. You are a designer of form. You have free will, and unless those faculties and tools of Life are used, according to the Divine Plan of your "I AM Presence," and compelled to act out here in this physical world under the authority of that Presence, then

imperfection will rush in and swing you off balance. You have only two qualities which can act in your world. They are constructive or destructive.

This Law is as simple as abc. It is self-evident. It is Almighty and as exact as the multiplication table. Nobody can take It out of the Universe. He who understands It, will want to obey. When he obeys, he will have Permanent Happiness; but the people who live in the ignorance of their own conceit will have to go down in the destruction of that conceit because ignorance and conceit do not have any constructive qualities within them.

When you make the call—"Powers of Light from the Central Sun! Descend! Descend! Descend!" in the Authority of your "Mighty I AM Presence," It is the Presence in you making the call, because every constructive desire is God in action and the call for the Powers of Light from God's Heart to come into this world's activity is a constructive desire, so It must be God in action thru the individual. If you call to the Greater Part of Life to fulfil Its Plan or blaze Its Perfection wherever you move, every constructive decree and call to the Presence will be fulfilled instantly —if the individual understands This Law and applies It correctly. Every constructive thing is God in action in you, trying to push Perfection thru.

Why sit down and let a whirlwind of the outer world's destruction rush in and destroy you, when you can hold your attention on the very Source of the Universe and realize that thru It, you can call forth God's Power of Life to make you the Master of circumstance? Then use all the greater Powers and Faculties of Life to produce Perfection, to control substance and energy of this earth, to qualify and *expand* the Perfection of Life. Un-

less you will live by God's Plan, you will be destroyed by mankind's mass discord.

Mankind have been destroying themselves and others for four and a half million years. It is time they waked up and learned how to live Life and call forth these greater Powers of Life which are in the Universe and which will keep all happy. If you won't let God expand Perfection and live from inside out, then you will be destroyed from outside in by the human viciousness around you. There is only one thing to do and that is to hold your attention on the "Mighty I AM Presence" permanently and keep calling that which is in the Octave above the human, into the physical world and command It to be made manifest and hold control. Refuse acceptance to anything destructive in the outer. Do not give it power or feel that it has more energy than the Great Central Sun from which all proceeds, and which is the Heart of God, the Owner and Creator and Doer of all Good! That Good is the Cosmic Light which is the Activity of all Perfection, for

The Light of God never fails!
The Light of God never fails!
The Light of God never fails! and the
"Mighty I AM Presence" is that Light!

· GEMS OF LIGHT ·

SAINT GERMAIN

If all the Group Leaders understood the need or reason for using the Ascended Masters' Words is—that they are Cups which carry those qualities into their Group Activity and their Decrees, they would have no difficulty in making and holding harmony in their Group Activities.

· GOD'S PATRIOTS ·

BELOVED fellow Americans, the Blessed God Patriots who won this country's Freedom and established our original government, were those of mankind who desired to give greater good to all and to overwhelm every fear and limitation which obstructed their way. The result was the attainment of their Ideal.

The Ideals of our early patriots contained no destructive activities, because they wanted their

fellow-man to have that which God, the "Mighty I AM Presence," had created for them to use in Freedom and Divine Justice to all.

Only the most transcendent Good came from their efforts to lift our people into a condition that was better than the past. Those Glorious God Patriots knew well that without Freedom the people perish; and with Freedom and Divine Justice, hope rises in the heart of every human being to make that Great Blessing a Mighty Reality of sustained Perfection.

To-day you and I and everyone who wants sustained Constructive Activity must be just as fiercely determined God Patriots to protect the Divine Rights of mankind as were the Founders of Our Beloved Country. We like them must stand guard every instant and keep calling to the "Mighty I AM Presence" and Great Host of Ascended Masters to release the most concentrated action of the Cosmic Light into every destructive person, place, condition and thing in Our Land and keep more and more of Its Pressure pouring into those conditions until they crack and collapse under the very intensity of their own destructive qualities before they can act upon others!

It would be intolerable to see the people of Our Blessed Country made slaves and degraded to a condition of Godless animals such as have already come into the destructive nations of Europe and the Orient! Is there anything too much effort or too great a sacrifice to prevent such destruction and degradation acting upon Our Beloved People of Light — which all who are constructive in America are to-day?

Then with every fiber of your Beings, BE God Patriots and use every moment of your time, every bit of all your energy to hold your attention to

God the "Mighty I AM Presence," the Ascended Masters, the Great Cosmic Beings and Great Cosmic Light. Call forth with all the Love of your Hearts the Mightiest Action of the Cosmic Light this earth has ever witnessed to blast and annihilate the darkness that would engulf Our United States of America, the Americas and all the constructive people on earth if we do not call It into action here and now in this physical world and keep It acting with increasing Power until every destructive activity on earth is annihilated from the Universe.

The United States of America is Our Country, God's Country, the "I AM" Country! Our people are God's Children of Light! Our Freedom is God's Freedom of Light! Armor of Light! Our Justice is God's Justice of Light! Our Defense is God's Defense of Light! Our Power is God's Power of Light! Our Victory is God's Victory of Light! The Light of God that never fails and the "Mighty I AM Presence" is that Light!

Try to make it clear to the Group Leaders the need of their holding fast to the Ascended Masters' Words. Look how long the Messengers read from the manuscript! While they have a privilege the Group Leaders do not have, there is not one thing they ever say which is not Our Words from the dictations that are in the books or private. The outside world does not understand that perhaps, but nevertheless it is true. That accounts for their success in this great achievement.

"I AM" STUDY GROUPS

IN REGARD to the new Fundamental Groups, the students should understand that only those Group Leaders who have already been conducting the Regular and 100% Groups previously can conduct Fundamental Groups. Fundamental Groups should only be conducted by those Group Leaders who are 100% Students and who have attended the Large Classes of the Messengers, Mr. and Mrs. G. W. Ballard.

They can only be those who are thoroughly familiar with this Activity and who know and understand all the Fundamentals thoroughly and who are experienced enough in leading the other Groups to be very well grounded in all the basic things required to enable the new student to grasp the fundamentals easily and quickly or to help the other students recall the basic principles and to practice them with intense sincerity and determination!

In regard to the Colored Groups, it has always been Saint Germain's request from the beginning that the colored people have their own Groups, Reading Rooms and Sanctuaries, because those of the colored race who have come into this Activity have chosen of their own free will to come into that race in this life and fulfill some definite plan, which the individual designed for himself before he came into embodiment this time.

If that plan is not fulfilled in this Life, the individual will return and keep returning into

embodiment in that race until his own plan is fulfilled, for he or she designed it definitely of each one's own choice because such individuals decreed to serve Life in that capacity to gain their own Freedom!

Most of the colored people who come into this Activity do so because they desire to give their Radiation of Light to that race, in order to help as many as possible gain the Ascension at this time.

Those within the race itself understand the feelings and desires of their own people better than anyone who is not of that race, and they can therefore reach them more easily and understand how to assist them more powerfully than those who do not know the inner feelings of the people or realize how they can be helped in the most permanent manner.

Therefore, we ask the Colored Group Leaders to do all they can for others of the colored race so that as many as possible will gain the Ascension at this time.

The raising of either an individual, a group, an entire nation or a race must come about from the upreaching desire or Light within the individuals themselves. Great assistance is always given by the Ascended Masters' Light Rays; but the Light which draws a race up into the Ascension must expand thru the individuals in that race by their own determination to have the Ascension and give the obedience which enables it to be accomplished.

If each one will call with great sincerity and determination to his or her own "I AM Presence," everything required will come forth in Perfect Divine Order and accomplish the most good for the individual and the nation.

We call constantly for every good and Perfect thing to be poured into your hands and use for

whatever service to Life you wish to give for the Freedom of Life, bringing about Divine Justice to all and the Ascension as soon as possible for as many as possible from all races.

· GEMS OF LIGHT ·

SAINT GERMAIN

When you call the Blue Lightning into a thing or condition to explode it, it is just like the roots of a tree. Each one of those focuses or vortices there is like a root and when that explodes it goes into those conditions which means into human beings and their feeling world. At first, their destructive plans will be tremendously confused; but as that settles down, they will begin to see and sense Divine Justice in the thing; also see their mistakes.

SAINT GERMAIN

Do you not understand there is not one thing within your physical body which cannot be done by the directing of the Currents of Energy from the "Mighty I AM Presence" or by the directing of the activity of the Violet Consuming Flame or the Blue Ray or the Consuming Flame of the Unfed Flame, directed and held to a given point? That Activity would remove all imperfection there. Won't you try it out, whether it is on yourself or some other body? Try directing the Violet Consuming Flame just like it was intelligent—because it is if it is directed by the Intelligence of your "Mighty I AM Presence." See It penetrate and dissolve a growth; or see it put Its Lasso of Light around that and operate on it and remove same.

SAINT GERMAIN

Human desires sink into such insignificance after centuries and life time after life time of struggles, the same old struggles again, again and again with no perceptible change. Then to suddenly step into the Stream of Light, the Pathway of Light, is like the movable steps in a Department Store, which aside from your own movement carry you on and on and on into that Eternal Freedom of Light!

Perhaps there is no better illustration than that as you walk up those stairs and they are moving, your own effort is there, but underneath you is the Power of Light carrying you forward in addition to your own efforts. That is what We represent to you. The Ascended Masters' Power, Consciousness and Light are just like that moving stairway under you that is carrying you on more powerfully than your own effort could possibly do, and yet taking you to a sure definite goal with your obedience to Our Requirement.

SAINT GERMAIN

Oh do you not see, blessed ones, that in your joyous attention to your "Mighty I AM Presence" and the Great Ones in that great perfecting activity taking place within and about you and your feeling world, how the whole world without, must come into that glad Divine Order, Perfection and harmony of all you require for your happiness, supply and comfort in the outer world? Do you not see that it would be impossible for you not to have everything in Divine Order in your Life?

SAINT GERMAIN

Oh beloved ones, if you could look—now this is not human sympathy—but if you could look into the hearts of mankind and see what is there, how gladly and willingly you would render every service of your being. Unfortunate humanity is crying out as never before in the world for help, for Freedom. It is this great mass pressure, and as our blessed Lotus once saw it as great rollers of time—which are rolling humanity in between these great rollers; compelling each Life Stream to come into Divine Order. To some, it may seem very painful; to others it will be an extreme joy and gratitude; but if all understood even the painful letting go of the human, would be a joy too exquisite to describe.

SAINT GERMAIN

Many times the starting of an accumulation of pus at a given point in the body where it would ordinarily take four days for it to accumulate into a head, as you term it, it can be drawn within three or four hours by the Currents of Energy called forth.

SAINT GERMAIN

Everyone's Life Stream, students' or otherwise, is the authority which decrees what is to be done for them. You might decree a thing outwardly or desire a thing outwardly; but if it was contrary to the requirement of your Life Stream when you have entered into this Stream of Light, then it would not be answered unless by that answer it brought to you an experience which would be the lesson to be learned.

· LETO, BLESSED LETO ·

IT is our very great privilege to announce the release of a new song—"LETO, BLESSED LETO" by our Beloved Ascended Messenger, Godfré Ray King.

Thru this music and lyrics the Glorious Ascended Lady Master Leto will pour to those who direct their attention to Her, Her special Service to all who seek the Constructive Way of Life; and teach them how to go forth from the physical waking consciousness into the Octaves of Light

and return to the body consciously and at will; just as one goes thru the door of a room retaining full comprehension of all he or she is doing each moment. This service will never be rendered any one who is selfish or would misuse the information given.

Her Assistance will be given only to those who are obedient to the Highest Ideals and Honor of Life. Thru the use of the Violet Consuming Flame one can purify one's self to the point where thru the call to Blessed Leto, She will come and escort that individual to the Inner Octaves of Light; and help that one to the complete use of many of the faculties we all possess but know not how to use in their fulness. All can have that Assistance at all times, if they will understand this Ascended Master Instruction of the "I AM" and give obedience to Her Requests.

The cover design is the likeness of our Beloved Leto and a Gift of Love from our beloved May DaCamara whom we thank and bless without limit for her blessed service.

This song was first sung in the Philadelphia Class—which was held in Washington, D. C., and is dedicated to the city of Philadelphia. May it release the Mighty Cosmic Victory of Eternal Freedom and Divine Justice everywhere thruout that city and make of it an Eternal Alabaster City of Light for Freedom and Divine Justice to all mankind.

May everyone on earth use this song and call forth all Beloved Leto's Power to set all free as quickly as possible in the Eternal Victory of the Light of God that never fails.

BELOVED students, to-night, in that which I wish to do for you, and which you have made possible by sending forth Love and Gratitude from the center of your being, We shall take your Love and Gratitude and amplify It with the fulness of the Great Power and Presence of Light. We shall render for you a Service which will be ever-lasting.

May I call your attention, in the beginning, to the Great and Almighty Truth that things don't just happen. Why do you beloved ones find yourselves here from all parts of America

to-night? Surely, every one of you must know that every time a Dictation is given, a Mighty Power of Light is released to do for mankind what they cannot do for themselves.

You, as Students of the "Mighty I AM," who are making your earnest calls, are daily and steadily finding yourselves in greater command. As you continue to give obedience to the simple laws of Life, standing in the fulness of Its Power and Radiance, you can call forth from the Presence of Life whatever you require in the outer world. Remember I say—"whatever you require"!

Do not give way any longer to human appearances which have deprived you of what you require, whether it be your own creation or someone's else. The time has come, beloved students, when you shall step forth Free if you will keep up your Mighty application and use the Violet Consuming Flame. I charge you, to-night, with the Divine Memory to use that Violet Consuming Flame as you never did in your lives.

Be reminded, beloved ones, that you are standing in the greatest destructive accumulation ever known on the earth. On the other hand, you are standing in the Greatest Release of Light ever known on earth! It only requires your UNDIVIDED attention to the Power of Light to have Its Power acting in your world; and if you as an individual, a decreer for your world, will not stand, will not give to the Presence of Life the obedience which is required, then can any one be blamed but yourselves, if you do not have the Perfection your hearts crave?

We have been very lenient in awaiting the obedience of the students. We have prompted you from time to time that your time was not indefinite; that there was a limited time in which mankind could apply this Law and have their Freedom.

The magnificent achievement of the students thruout America and in all parts of the world is gratifying in the extreme; but still you cannot be sure you are out of danger, dear hearts. I mean by that—no person living is Free, wholly Free to the extent that such a person can rest on his or her oars. IT MEANS CONSTANT SINCERE DETERMINED APPLICATION UNTIL YOUR ASCENSION!

Remember, as you increase and intensify your vibratory action by your call to the "I AM Presence," it must necessarily be so because you must realize that you become more sensitive to every condition which exists. You cannot become sensitive to one and not the other, but it means you must be

firm and unyielding in the Presence and Power of Light.

The students everywhere, to-day, have sufficient understanding to stand unyielding in the Presence and Power of their own Life for there is not one thing to describe. There is no instruction in the Universe except concerning your own Life. Please analyze this! You who have studied along various lines, be sure that you have cleansed and purified yourselves from all conditions of the past and of your human concepts of what you have studied.

You remember many months ago, I asked the Messengers to place in the magazine My Request—that if one wished to be free QUICKLY, to dismiss and forget whatever that one had studied and apply this Law! That is not a request to deprive anyone of anything but because We know that this Law alone will produce the Infinite All-powerful results which nothing else in the world will do.

Until mankind are willing to let go of the things that have not produced results for them, they will still remain in their limitations. This Law is as simple as your A B C's, and is All-powerful in Its action, when applied with earnest sincere intensity. Like everything else, you must be determined in your application to break down the accumulation of the centuries.

My dear people, you have accumulated discord thru thousands and thousands and hundreds of thousands of years. How long do you suppose you have been on this planet? Do you think you are old at three score and ten? You are really more than four million years old. Dear ones, you have not hatched out like chickens from an egg. Remember you are a projection of the Light Ray from your own "Mighty I AM Presence." Because mankind had forgotten the Presence of all Life, that Presence has had to send you back again and again and again, thruout thousands and thousands and thousands of years; but there was a time when you expressed all Perfection, a part of which is anchored within your heart to-day.

Think of it, beloved ones! Now this is not a thing to be discouraged about, but I am firing you, to-night, as never before into action to take command of yourselves and your worlds and stop all human nonsense and creation from acting in your world so you stand forth free. You can do it, if you will only believe Me and GIVE ME YOUR INVITATION to set you on fire with the Power of Light, and it won't burn you either!

Now dear people, let us go into action with the Full Power of the Light of your own Being. As you observe this Chart and see that you are a Part of that Great Infinite Power of Light and Intelligence, you can see, you have only been using a fragment of what belongs to you—of what you could use once you understand that "I AM Presence" and call It forth into action. Now, to-night, do it! and don't wobble around any longer! Go into action I say to you, TO-NIGHT, by the Power of your Inner Light and charge It into action.

My dear people, the Messengers have asked you to charge yourselves every night before you retire. If you had done this in these four years, with the full intensity that is at your command, you would be Beings of Freedom—completely to-day.

You must take command of your attention! It leads you to the heights or drags you to the depths! It is the most powerful faculty in human existence, and if you will do this —be determined to govern your attention and make it stay where you want it, you can do it!

The Blessed Ones who have talked to you recently have constantly called your attention to the fact, that you can charge your attention from one point to another and that is all there is to it. Don't say to Me, dear hearts: "Oh I can't keep my attention upon this point or that." YOU *CAN* KEEP IT WHEREVER YOU WANT TO AND MAKE NO MISTAKE ABOUT IT!

When you want a thing enough you will do it, because there is no opposition to that determination which is the Power of your Presence acting! Dear ones, don't yield to the thought and feeling that you cannot call and receive the All-powerful Action of your "Mighty I AM Presence," just as well as anyone else. You have the same Mighty Presence beating your heart that the Messenger does, and that I have become.

Saint Germain said to you once: "The only difference between you and We who have attained Freedom is thought and feeling, principally feeling." I say to you, to-night, that WE SHALL BRING IT ALL DOWN TO THE GOVERNING OF YOUR ATTENTION; BECAUSE YOUR FEELING WILL FOLLOW YOUR ATTENTION, IF YOU KEEP IT UNDER GUARD ENOUGH!

Do you know what actually goes on within you? Your feeling might pull this way or that, but thru the focus of your Intelligence, which is the Power of the "I AM Presence,"

if you focus your attention—for instance upon that clock and hold it there—no matter what your feeling or thought is doing, it will only be a few moments perhaps not more than a few minutes, until ALL will draw into action in your attention focused upon that clock. That is the power of concentrated attention and every one has it! It is only a matter of your determination to make your attention stay where you want it! Therefore, that means Mastery of yourself and your world!

While I am talking to you, to-night, a Great and Mighty Work is going on within your invisible world; for as you have so often been told, remember that in this Great Understanding all cleansing and purifying goes on from within out. If you are not impatient, some day greater outer manifestations must express. Go on with your great adoration to the Light and your powerful application, then the results in the outer world must come. The manifestation is compelled to come into action. There is nothing in the world to prevent it; but if you become impatient and simply stop because you have not produced certain results, well where would you be?

If you start a business and say: "Well I have not made fifty thousand dollars this week, so I will stop," where would you get? This is as practical as anything in the business world ever was or ever will be. YOUR LIFE IS THE MOST PRACTICAL THING IN THE ENTIRE UNIVERSE! What makes the practical activity of mechanics? Your own Life! What makes the practical use and application of your industries and business in the outer world? Your own Life!

Beloved people, observe that Chart! and see there—thru that Great Stream of Light and Energy, is everything that ever came into form on the face of the earth. It came forth as an idea and then gathered about itself the substance of earth and it became a form of action in your use. Think of it! Think of it, beloved ones! Think of all the magnificent ideas of invention, music and art; of all that goes to make for spiritual culture, whether it is the crudest mechanical instrument or whether it is the highest Beings in the Octave of Light. All came thru that Stream of Light and Energy because these Beings who are Ascended Masters—the Legions of Light and many of the Great Cosmic Beings, are Beings Who have lived here in physical bodies similar to yours; but the GREAT COSMIC BEINGS NEVER MADE THE MISTAKE THAT MANKIND OF TO-DAY HAVE MADE

because They continued on from those two Golden Ages in the Great Perfection They were in then. They did not lower Themselves into the density and limitations which mankind have since. Therefore, they went on in that Great Perfection and became the Great Cosmic Beings which They are to-day.

I too once, a long time ago, lived in a human form, but I never reached the limitations of mankind of to-day. I held fast to that Great Presence of Life. I saw dropping away in that age, My friends, whom I loved, because they would not believe that the Power of their attention was the thing which was pulling them away from the Presence of all Life and Perfection and too late they found it out.

Can you believe Me, to-night, when I say to you in that far off age, I was rendering a Similar Service to that which the Messengers are rendering to-day? and YOU HAVE NO IDEA OF THE POWER AND THE PULL WHEN THE ATTENTION BEGINS TO BE LOWERED.

I did not have to go thru the present means of birth. I went forward from that last time when the two, the father and mother, projected the Light Rays and the form was there ready for action. I went on from there and I never had to go thru the limitations of mankind. I am sure this will be very joyous news to the Messengers, for this is the first time I have made this known. I want you to know why I AM AUTHORITY—why I am in a position to render a Service to mankind which few among the Ascended Ones render. Because the Law, the Cosmic Light has made Me that Authority, and that is why such tremendous Service has been rendered to the City of New York. Since this call has gone forth here, to-night, I shall start into action to-night, that Service for your city.

The wayward children of earth are like infants playing with dynamite, and in all that We have said, knowing the great need of mankind, still they go on having discordant feelings toward each other. A few drop aside and condemn and criticize the Messengers. Dear ones, it is you who are seeking your Freedom. If there is anyone in this room, to-night, who does not believe that I AM THE PRESENCE WHO I AM REPRESENTED TO BE FLASHING THESE WORDS BEFORE THE MESSENGER, then you are in your wrong place, and I mean that.

Dear Ones, We are no longer going to spend time and energy, attempting to assist people who will allow themselves

to be governed by those conditions. You have had four years to see the honesty and sincerity of the Messengers and if any one wishes to believe the vicious lies told about them, then We have no further energy to give! I make that clear, and I shall do so in the coming class! Mankind are going to make up their minds, and if they do not believe the Messengers are honest and sincere, they should not come about them; because ere long, This Radiance is going to become so powerful that you will be sorry for coming into It, if you are not sincere, and don't forget it.

We are not talking idle words. We are here to free the children of earth who want to be free and We are not going to waste time on people who disbelieve! We have Infinite Patience and see when individuals are making the effort of sincerity, but they cannot fool Us, and don't worry about it. You may deceive each other, but you will never deceive Us! We know your every thought and feeling—every one!

The people who come into these classes in the future to spy on the Messengers and spread falsehood, will wish they had never been born in this embodiment! WHEN THE LIGHT REACHES A SUFFICIENT INTENSITY—AT THE CALL OF THE MESSENGERS, IT WILL TURN BACK UPON EVERY VICIOUS HUMAN BEING HIS OR HER OWN DESTRUCTIVE FORCES, and if they do not believe it, they will find it out.

Now don't think Me severe, but I am telling you the STRAIGHT PLAIN TRUTH—straight from the shoulder, and We are always sufficient to fulfill every requirement. Every one knows that We never use a destructive force of any kind. We never pour forth anything but Love, kindness and blessing; but that does not mean that We cannot be as firm as necessary in whatever is required in order to shatter and consume mankind's qualities which have held them in bondage.

Do you think for one moment, because individuals have not yet come to the point where they can realize how they are being held in bondage in getting along in these limitations, that it stops Us for one moment from rendering this Service? When We see the Light in the hearts of each one, do you think We listen to human opinions or what they may think or feel or see?

When We look at the Light within the heart of the individual, We know everything that is there—even the feeling

world of the individual, and what that Light can do for that one. This is why I say, to-night, in the great need of to-day, We are not continuing to supply Energy and give Assistance to people who are not honest and sincere, and who will not stop this silly human gossip.

I tell you dear ones, you know the Law! You have the Power of your Presence to govern your feeling and speech! Govern it! There is no use wasting time and energy when mankind won't do it! Human opinions, dear ones, are no more than a feather in a gust of wind, unless they proclaim Perfection; and the time and energy that individuals waste having opinions about someone else, is enough to raise them into their Ascension and don't forget it!

As long as you continue to have human opinions about someone else, you cannot win your Victory. What their mistakes are is none of your business! The fact is, that whatever quality is revolving in your feeling world, is being charged forth by you to act there, and you cannot prevent it!

Dear people, I plead with you to-night! Don't you see it is not a matter of person, place or condition! It is a matter of the quality that is acting within you! That is the only important thing! What somebody else is doing is none of your affairs! What is being called into action in YOUR world, YOUR FEELING WORLD is the thing that is going to lift you to the heights or drag you down into deeper limitations! When We see blessed ones who are so earnest and sincere making their application so earnestly, and then thru some little irritation, they turn and forget all about it for the moment and go on with the old criticism and condemnation—how in the Name of God can you expect PERMANENT POWERFUL DEFINITE RESULTS, if you are going to do that? Dear hearts, I am determined that you who are in this room to-night shall never do that thing again! (applause and standing)

Dear ones, I thank you for that response within your hearts! That is Real! Oh, not because of your outer manifestation, but because of that Light which I see released from your hearts; and if you will give Me co-operation, I assure you that you shall not go on in these conditions. Won't you be seated?

Again I say to you, beloved ones, why have you been drawn here from the various parts of the country? Oh, dear hearts, because your Light drew you to Me to-night! Do you

not see that? How could it be otherwise? Why are not so many hundreds of some others here? Because your Light answered My Call, and you are here because your Light called for this Service to be rendered to you.

Oh, that all mankind could only see, that it is the Action of the Great Law within mankind. Once It is given an opportunity and invitation to act thru great adoration, It WILL take command of the human forms and their activity and It will release the Power of Light and Perfection to flood the being and world of each one!

Oh, let Us help you to determine, to-night, never to allow any more inharmonious feeling to act within your world because, dear ones, it is only yourselves who are being harmed. Think of it! Let us just draw one or two or three illustrations and show you how the Light is acting constantly within individuals.

Suppose you see someone in the outer world doing something that you know is deception—is not right—and then you begin to revolve that feeling within you, of the fact that that individual was occupied with such and such an activity. With your continued attention and holding your feelings upon it, you are calling that same quality into your feeling world which MUST act there. It HAS to do it!

Precious ones, do you not see the mighty energy wasted and the danger that you are calling upon yourselves constantly, by allowing your feelings to revolve upon discordant things? It is worse when your criticism is on the individual who is a child of God. It is not quite so serious, if it be on conditions, but when you condemn and criticise a human form, in which the Life of God is acting, you are condemning and criticising Life, which dare not be done!

It does not make any difference what the individual is doing or how such a person is misusing his or her Life, that has not anything to do with you; but the qualities you are calling into action within your feeling world have everything to do with you. I am determined to make this so plain and clear, to-night, that you will be able, beloved ones, to govern those feelings within you.

Now, let Me say something that might seem almost startling to you, but it is every word true! Do you know that you who are in this room to-night, if you would control every feeling and keep it absolutely happy and harmoniously charged with the Power and Light of your Presence—as you

move among mankind in your environment, my dear people, you could lift everybody in the environment in which you are moving? Because that would be the Power of Life unqualified by human qualities and the Power of the Light within Itself is sufficient to raise a whole city; if one individual stood there dauntless in the releasing of that Great Power of Light!

How do you suppose in India and some points in Europe, when an Ascended Master goes in His Tangible Body into a city, every human being in that city knows it? By the change of Radiance released and the Fragrance covering the city. Do you know that your Life, in Its Purity, has the most magnificent flower Fragrance, magnificent beyond any flower that the outer world knows, to-day? Sometime perhaps, I shall release It for you, that you may know the Truth of My Words; and from your Higher Mental Body can come the same thing.

Remember, beloved ones, your Higher Mental Body is a Body of Blazing Light, Purity and Perfection from whom you can have the answer IMMEDIATELY to every call you make—as soon as you stop generating inharmony within your feelings. It would naturally flow forth and cleanse and purify, but when you understand your "I AM Presence" and then make earnest determined call, you DO NOT have to wait for the Natural Activity of Life to act in Its gentle way, you can release Its Greater Power for at your call, the Power of Life MUST respond! It cannot fail you in a single instance!

Therefore, remember your Opportunity, your Authority and your Power of releasing this Mighty Energy is without limit! Once the feelings remain harmonious, your calls will be answered with the speed of lightning!

How is it the Messenger has told you so often the difference in even two years ago and to-day? Four years ago, it required days and weeks of application to bring about a result. To-day he can raise his hands to the Presence in one sweeping decree and accomplish more than weeks of application four years ago! That is because he is not allowing inharmony to act within his world, and with all the conditions that he has had to meet and all the falsehoods that have been uttered, still he goes serenely on, knowing the Power of Light is All-powerful; that It knows no resistance or interference; and when his call goes forth, he knows It is the Power of Light that has gone forth and nothing of human creation can interfere with It for a moment!

I want to prompt you again to-night, beloved ones, you who are Group Leaders and students who want to give assistance. When you have made application and called the Powers of Light into action for someone's assistance, and you don't see the Out-picturing of it immediately—do not ever in the world—allow yourselves to feel that your application is not working.

Remember, there are two conditions to be considered. If the indiviual is too much out of harmony to accept the call which you have made, the fault is not yours but in the individual for whom you were making the call. Therefore, I prompt you, do not allow yourselves to feel this of which I shall speak, because many of the students have said and felt: "Well why don't my call give assistance there?" It might have been, because doubts were lurking unknown to you in your own feeling world or because the patient was not in a sufficiently receptive mood—I mean by that in the feeling.

Now, remember to hold that definitely clear, when you make the call to your "I AM Presence" to give Assistance. First, let us take the individual to give the assistance in healing: Your Higher Mental Body projects a Light Ray which is Self-luminous Intelligent Substance. It enfolds the human form of the one who is calling for assistance, and if you will charge that to remain active, until the healing is complete, nothing in heaven or earth can prevent It acting!

Now, suppose your patient was too much out of harmony, and I do not mean by that in pain, We are not talking about that now; but We are talking about their own feeling being too much out of harmony to be able to accept the Substance in that Light Ray. If you called for that to be sustained, do you know what would happen? That Light Ray would stand where you sent It—held about that human form, until the day when the person became sufficiently harmonious, if it was twenty years. That is what the Power of Qualification means! That is what unyielding determination means, once you come to understand this; and you are not going to forget this to-night! This will stand as a Blazing Light in your feeling world to keep you reminded of these Mighty Truths; because It is your own Life that is talking. "I AM" your own Life, because "I AM that Perfection," which you wish to be!

Now beloved ones, remember this, when you call forth the Presence. Suppose you are wanting assistance in your

physical body—Perfect Health for instance. Reach your hands to the Presence and call Its Mighty Currents of Energy to charge in and thru your mind, your body and your feeling world; to cleanse, purify and sweep out every imperfection; to dissolve and consume it in the Violet Consuming Flame about your feet. My dear ones, there is not one condition in the world that cannot be governed or cannot be removed.

Here is a very delicate point which concerns many many people and I am going to try to make it clear to you to-night. Suppose in your application there is something in your feeling world which is not allowing your call to find Its Full Power of action because your attention has been fixed upon outer assistance, and is still in your feeling turning to that or some outer assistance which is required. It would be far better to have that outer assistance, relieve you from the pull of that thing and allow you to come back into your firmer more powerful application than it would be to go along and each day lose ground as the greater doubts and fears creep into your feeling that you would not be able to handle it by the Power of your application.

Let us be so practical to-night! Now notice this. If such a condition exists in your feeling world, and you can accept outer assistance and still give the Power to the Presence of whoever is assisting, you have not interfered with the Presence. Suppose it were an operation—if you can accept that as the Power of your Presence acting, then you have not interfered with your application in your call to the Presence. It all depends on your attitude of feeling in receiving outside assistance when you don't feel able to cope with it by your own Power of application. Now watch this and be so practical!

Beloved ones, I say to you, be so careful what you say to your fellow students. If they are in some distress, don't as your Life depends upon it, say to them: "Well why don't you apply the Law?" Be careful! You may want to apply the Law some day and not be able to do it because that very thing you have said starts the same limitation into action in your feeling world. What you condemn in another, you are not past committing. So be careful! Rather say to that one: "Why blessed ones, you have all the courage, strength and power to apply this Law to your Freedom"; but whatever you do, don't condemn one of your fellow students no matter what their mistakes have been. How do you know what forces are playing upon that individual of which you know nothing?

These are GREAT PRACTICAL LAWS, beloved ones, and I want you blessed students now to enter in thru those Gates of Freedom, which are Harmony and Happiness. You cannot be happy as long as those feelings are acting and you cannot be happy as long as you have a discordant opinion about someone else.

Dear ones, do you think it is easy when many times the Messengers see those about them who are not willing to give the necessary obedience and sometimes by just a word of prompting they could prompt them; and yet the Law of their Being says: "No, you may not do that"—because those individuals are being trained to stand upon their own feet and be alert to the requirements?

You already have such tremendous application, but I think it would be wonderful, if you would all constantly call individually for the Alertness of your Higher Mental Body to act and prompt you constantly. It would be wonderful! In many of your wonderful Decrees, there have been some most wonderful things. I tell you, beloved ones, in that Book of Decrees there are fifty Decrees, any one of which would give you your Freedom. You have no idea the immense value that is there; but shall I say something again that might sound severe, altho it is not: "Do you know what the action of the human qualities of mankind is to-day and always has been for that matter? It is constantly reaching and reaching and reaching for more and what is back of that in the individual who is reaching out?

First, the desire to be free; and the other, which is not so happy, is the hope that something will do it for them. Do you know that? Won't you, beloved ones, be alert, watch, prompt yourselves and see if any of those qualities are acting within you? Never I tell you, beloved ones, in the history of the earth in two and a half million years, has there been such magnificent practical Understanding and Application of Life, as you have within your hands to-day.

The Book of "I AM" Discourses, the Ascended Master Discourses and the Ascended Master Light—the next book that is soon to come off, contain in any one of them the Freedom for all mankind. Now I want to prompt you again to-night, beloved ones. When you have this other book in your hands, remember the Book of "I AM" Discourses, the Ascended Master Discourses and the Ascended Master Light—every Word in those books is from the Ascended Masters. They

are the Ascended Masters' Words which are Cups that carry Their Qualities into your feeling world. As your vision is upon those words thru your attention, when you are reading something that contains the Power of Radiation which They do, your "Trinity of Action" is acting in concentrated form. Your Attention, your Vision and your Power of Qualification are all acting thru your vision and attention, while you are reading those Words.

That is not like reading human words. Of course, they are words of your vocabulary, else you would not understand them but they are made to express these Mighty Laws in the simple childlike language which everyone can understand. I plead with you, cherish those books as the most valuable things that ever came into your possession, if you want to be Free; and study them every moment you have. There is no thing in the world that will bless you so greatly. You cannot pick up one of those books from Unveiled Mysteries on and read a chapter, that you do not receive a Blessing which cannot be obtained anywhere else in the world.

Therefore, to-night, beloved ones, remember that My Firmness is so great, because My Love for you is so great. I congratulate you blessed ones who have been drawn from various points to be here to-night. I congratulate you in all sincerity. Life is so magnificent when understood, and remember every Word the Ascended Masters have given you, is your own Life speaking to you! Won't you feel that and let Its Mighty Activity charge your being and world?

We want you to be Free from all old ideas, from all things that seem mystical or unusual. Life is so Magnificent, so Transcendent, but Perfectly Natural! Even in the things that We do from Our unlimited Power, It is still just all Life acting—in an Octave where there is no imperfection; but here where you still require the perfecting process, then as you call forth from your Presence this Power of Light, It is because you require it here. We who have been willing to render this Service to the earth and to you, feel it is quite wonderful to see your welcome. Think of it!

Oh, your Beloved Saint Germain! Can you, for a moment, feel His wonderful Feeling and praise to you who have been so loyal and staunch to the Light of your own "I AM Presence" and to your calls? They are making it possible for the Service to be rendered which He has so long attempted to render and only as the Messengers went forth, has It borne fruit or permanency.

Look at yourselves in comparison with Europe to-day. When Saint Germain taught Napoleon, He attempted to prepare a condition there to bring forth this identical knowledge. In his youth he was so humble, so humbly obedient; but when he began to see the Power of Achievement and some of the sinister individuals whom he did not suspect, began to pour into his ears, their subtle vicious suggestions, he—not suspecting, took them into his feeling world. Soon, that human arrogance began to act, and even to the one he loved more than his own Life, he said: "Now I shall take command," and he meant the human "I." Saint Germain, knowing his great danger, tried every means at his command to show him the Truth; but when human egotism rushes in, Perfection temporarily rushes out.

I say to you beloved students and Group Leaders who are here to-night: "Whatever you do, as you value everything that is sacred and precious to yourselves, do not ever allow egotism to come into your feeling world—no matter how great your achievement may be. Always be humble, kindly and patient. If you do not, you will soon find you have no one about you.

We have seen some of our precious ones whose Light was so splendid, by contacting certain individuals accepted into their world conditions which those individuals were expressing and they did not know it. Can you imagine anything that makes one's heart ache more than that? For when discrimination is lacking, destructive forces rush in and where kindness fails to act, then again irritation and disturbance will rush in.

We are dealing to-night, beloved ones, with the GREATEST FUNDAMENTALS of Life anywhere in the Universe. For a few moments, while I am releasing this Great Radiation to you, can you realize with Me what it would mean not to have It? Suppose you did not believe you had a "Mighty I AM Presence," a Higher Mental Body and that your Life just came from somewhere, can you realize what your feeling would be? Once you thought that perhaps. For a moment, analyze your feeling and see the change that is in you to-day, since knowing this Great Individualized Presence of God, the "Mighty I AM," Who is the Greatest Intelligence and Power in the Universe, Whose Ray of Light is anchored within your heart giving you Life, Light, Substance, Intelligence, Energy and Power with which to act. That is a vastly different thing.

There in your Presence, you have come to the Point and Power of concentration. Now, look at the difference between your efforts at concentration in the greatest you can command to-day and in the limitless Power of turning your attention even in the gentlest manner to your Presence, the Source of all Life. That is a mighty point of concentrated action by the Power of your attention and would bring to you Infinite Limitless Results. It only requires your unwavering attention upon the "I AM Presence" and Power of Harmony and Perfection, which will allow naturally that great cleansing, purifying Current and Power of Light and energy, to charge in and thru your body, your feeling world and activity to do Its Perfect Work.

Now then, in the added Power of your call, let Us try to make a little comparison. Thru your Understanding, to-day, in your determined call to that "I AM Presence," it will intensify the release from your Presence a thousand fold, compared to what it would four years ago without knowing your Presence. You must see that. There is no such thing as failure in the Life of the individual who will stand firm and unyielding in the acceptance of the "I AM Presence"; that It is there; that Its Power released is Light which knows no opposition; that each one is the Authority in his or her world, as to how the energy is going to act; and that in the simple understanding of the requirements of harmony in the feelings, the Natural Law of each one's Being will compel that Power to cleanse and purify, because there is no longer human qualification going on.

These are points that the students are now where they must grasp and stand unyielding in those mighty points of simplicity, Mighty Simple Fundamentals. Then, as you go on winning one Victory after another, it becomes the most joyful thing in the world.

Here is just one more illustration. Dear ones, you truly have so-called individual problems, and yet they are just opportunities. Look at the Messengers. They have conditions of cities and the whole nation to meet. Do you realize what that means in comparison with your individual problems? Look at the conditions which have threatened every city; and yet, when they come into the city, that human creation melts as snow in the morning sun because this Light is the Sun of Eternal Life which they call forth and It knows no opposition.

There is no honest person living to-day who can fail to see that because its manifestation has been continuous for

four years. Remember their first visit to Los Angeles, when they were infants in comparison to where they are to-day; yet the same Power acted, for We, because they were so sincere, released a greater Power to govern the conditions there. It was done, just the same as to-day.

The same condition exists with you beloved students, to-day, in your individual activities. We stand ready to give you the Courage, Strength and Power thru your sincere application if you will stand unyielding in the attitude that It cannot fail. Don't you see that, beloved ones? I could project in one instant, Mighty Light Rays to every student in America and the world. Do you think in any wise I am limited? However, if the students do not want to give the obedience and do not want My Humble Help, then of course I shall withdraw.

Beloved ones, I know in your great sincerity you do feel, but try to feel more and more powerfully Our Love and Willingness to give UNLIMITED ASSISTANCE to your honest loyal and sincere call to your own Presence of Life. That is all We require. You do not need to worry about your future achievement and if you will do that, if you will just continue to give loyal honest sincere attention to your Presence of Life, you will not need to worry about outer conditions being adjusted.

Dear ones, in the most terrifying human conditions that could appear before you to-day, any one of you, if you were to stand perfectly serene, look at it and say: "Why you have no power! You cannot frighten me! 'I AM' the Power of Light here," what could you do? In that great calm joyous serenity the Power of your Presence would flow thru—possibly at first just like a Gentle Stream, and then if the necessity demanded, It would rush forth like an avalanche and dissolve everything that was there before you.

All of these things which are limiting are human creation, beloved ones. They have no power as long as you do not feed your Life into them to frighten yourself! Please understand that. You will never know distress again in your world if you only understand that. Why! all these conditions which suddenly loom in front of you are but human creation and have no power.

Now let Me put another point before you. I do not want to keep you too long to-night, but this is so important. Beloved ones, I just want to touch upon one point in the financial world. Mankind have loaned money; mankind have had so-

called security; it is all the manifestation of the human. Mankind have said: "I am the owner of all this. This is mine," when the Presence of Life gave into their custody everything that exists to-day.

Therefore, mankind have loaned money—we will take that as an illustration—and then conditions arise and the individual who accepted it is unable to return it. Then, immediately hatred and condemnation begin to go out to that individual. Is it any wonder that those who loaned it never get it returned? Dear ones, there are many to-day who have money owing them. If they would dissolve instantly all feeling of irritation and disturbance about it, call on the Law of Forgiveness and charge the Power of the Presence forth to bless that individual with abundance, so that one might return it or its equivalent be brought from elsewhere, they would have it and they would also have happiness in the meantime.

Mankind have inverted these Great Laws, even the human law, to the extent that they constantly create immeasurable unhappiness for themselves all the time.

To-day, in the conditions which exist even in your beloved America, if it were not for the "I AM" Students in America, there would be absolutely no hope. There would not be a hope for a human being in America, if it were not for these beloved "I AM" Students who are making that call with great earnestness and intensity.

You hear Us urge and talk, but remember It is your Life. It is your vital existence which concerns you. We do not care to touch upon much of it, but beloved people in the Name of your God, your "Mighty I AM," if you had an inkling of the conditions that are existing in Spain, in China, Japan, Russia and Germany to-day, your hair would stand up. We know these conditions and there is no newspaper or individuals who can hide them. If the world knew the truth that existed in those places their terror would know no bounds because those people do not know where to gain courage, strength and energy.

Look, beloved ones, what is occuring with individuals who are in the malstrom of destruction. Do you know what they are doing? They are exhausting the energy accumulated for centuries and centuries in the intense dynamic powerful feeling which they are sending forth all the time. Now notice! If they are not condemning the opposition—the other armies, they are condemning the people who sent them forth, so there is

no escape. There is not one person in all that malstrom who is not hating one or the other condition.

What do you think that means in the future of those individuals, when to-day this Complete Eternal Release is before them if they could only reach and understand this Great Great Blessing which Saint Germain has brought forth? The world owes Him the honor and gratitude that in a thousand centuries it could not pay.

Therefore, to-night, I want you to feel how deep and great and powerful is My Love which I send forth with the Power of the Light Rays to envelope you forever; and as long as you will try earnestly to harmonize yourselves and give Me some little attention each day, so long will those Light Rays enfold you, to give you that Assistance to your Victory.

Remember, Oh it is not only your progress, the Expansion of your Light, but you beloved ones must be a Radiating Center and Focus of that Great Light and by the harmony in your feelings become a Great Out-post of Our Great Light. Mankind must have It or perish.

Think of it! Five hundred thousand individuals among the population of the earth knowing of a FULL POWER OF RELEASE FROM HUMAN LIMITATIONS! Then think what is the need and how you need to be such a Harmonious Focus of this Light that Its Great Cleansing, Purifying Activity can flow forth at any time—not necessarily just thru your body, but these Great Light Rays from your Higher Mental Body can go out in a limitless number. Please feel this.

I do not think that you have grasped this before, but remember in your call to the Presence, it does not mean that all of that has got to come forth thru your physical body, for what you require will flow forth there; but the Great Service is rendered by the projection of these Light Rays from your Higher Mental Bodies to render this Service to mankind.

It is magnificent beyond words. Do you see that you are not limited in that, not in the slightest? If you will understand this, you will see how transcendent is your opportunity for service and blessing to mankind, and then you will not feel so limited. Do you not see, how that one action would by its very increased intensity give you the full Feeling of your Freedom in a comparatively short time?

I say to our blessed ones, Mr. and Mrs. Ross, to-night, while I have been talking to you, Newark has had such a cleansing

as it has not had in many years. Now while you are on your feet, will you just kindly give Me an opportunity to assist you? As you give attention to your Presence, feel those Mighty Currents of Energy, intensified by My Assistance, rush in and thru your body and just sweep out every imperfection, every impurity—because We have established the Violet Consuming Flame over the floor of the room, and into that We draw the imperfection. Feel that flow in, thru and around every cell of your body and sweep out every imperfection, every limiting condition which is there and fill you with such joy and harmony that It will ever expand and stand guard to repel every desire to express any kind of discord in thought, speech or feeling.

With the Infinite Power of My Love, I charge this forth into action sustained that you may find happiness and release from human limitations and discord; that you may go forth true Ambassadors of Light, the Out-picturing of the Light and Power of your own God Presence, the "Mighty I AM." May that Glory and Light know no bounds and with this Limitless Power of Action continue to sweep in and thru, sweep in and thru, sweep in and thru you and your world; sweeping out every limitation and imperfection that has ever been drawn there!

By the Power of that Violet Consuming Flame which I have established over the floor of this room, I pour into It every one of your imperfections, that you may stand forth free from their influence in the future. To the degree that you will give obedience to My small Request, will you continue to find your Freedom expand and the Glory of the Light of God have Its Dominion in you and render this Service to you for your Freedom in the Light. I thank you.

GODDESS OF LIGHT

Until individuals will clear out the doubts and fears of past accumulation, they will find those things manifesting in their Life, but that is a matter of the individual's choice. If individuals want to doubt Us, well it is quite all right; but they will pay the penalty for that doubt, because the doubt is the thing which shuts the door.
