Do you not see that the human of itself owns nothing in the physical world? All that of which It is custodian or all that it has for use is from the Presence of Life. Therefore, all channels in the human octave are governed by the Power of Life, if once It is given a chance to act. Of course you know It would not intrude Itself; but when you call for anything to come forth as a free Gift of Love, don't you see that Life must fulfill that; because you are not only calling to Life, which is the Producer of everything, but you are calling to the Ascended Masters, the Cosmic Beings whose Power It is to amplify and bring It forth.

GODDESS OF LIGHT

I want you to see, beloved ones, how practical all action of Life is. Of course in the past you have been taught all this greater activity of Life was mysterious, was occult, was this, that and the other thing which qualified it with such mystery that mankind only thought of the mystery instead of the Power of Life. Won't you see that? Won't you see how in all the old occult methods known, such mystery was thrown over all of these very simple things that are given forth today for the Freedom of mankind. People were made to believe they could not receive this, unless they went thru training and initiation. My dear ones, never in the history of the earth was such an initiation going on as among the "I AM" Students to-day, right in the world of human action.

GODDESS OF LIGHT

The accumulated charged energy of past centuries acting within the mass activity, and of course within individuals, to the degree that they are doubtful or inharmonious, is the thing which releases the mass activity into the feelings of individuals and which gives the greater volume to doubt; and causes the attention to be fixed upon things to which otherwise they would pay no attention. That is because some condition has released into their feeling world a greater activity, a more intense activity of that which has been the doubts and fears of mankind thru the ages.

GODDESS OF LIGHT

Until individuals will clear out the doubts and fears of past accumulation, they will find those things manifesting in their Life, but that is a matter of the individual's choice. If individuals want to doubt Us, well it is quite all right; but they will pay the penalty for that doubt, because the doubt is the thing which shuts the door.

GODDESS OF LIGHT

The Ascended Masters are not responsible for anyone of your victories or failure. They can and do assist you greatly, tremendously, to your Victory, but They are in no wise responsible. They are offering help in the kindest most powerful way known to exist; but the individual who thinks it is up to the Ascended Masters to charge that one's world with Perfection, regardless of his or her own qualification, is just making a mistake.

· LETO, BLESSED LETO ·

IT is our very great privilege to announce the release of a new song—"LETO, BLESSED LETO" by our Beloved Ascended Messenger, Godfré Ray King.

Thru this music and lyrics the Glorious Ascended Lady Master Leto will pour to those who direct their attention to Her, Her special Service to all who seek the Constructive Way of Life; and teach them how to go forth from the physical waking consciousness into the Octaves of Light

and return to the body consciously and at will; just as one goes thru the door of a room retaining full comprehension of all he or she is doing each moment. This service will never be rendered any one who is selfish or would misuse the information given.

Her Assistance will be given only to those who are obedient to the Highest Ideals and Honor of Life. Thru the use of the Violet Consuming Flame one can purify one's self to the point where thru the call to Blessed Leto, She will come and escort that individual to the Inner Octaves of Light; and help that one to the complete use of many of the faculties we all possess but know not how to use in their fulness. All can have that Assistance at all times, if they will understand this Ascended Master Instruction of the "I AM" and give obedience to Her Requests.

The cover design is the likeness of our Beloved Leto and a Gift of Love from our beloved May DaCamara whom we thank and bless without limit for her blessed service.

This song was first sung in the Philadelphia Class—which was held in Washington, D. C., and is dedicated to the city of Philadelphia. May it release the Mighty Cosmic Victory of Eternal Freedom and Divine Justice everywhere thruout that city and make of it an Eternal Alabaster City of Light for Freedom and Divine Justice to all mankind.

May everyone on earth use this song and call forth all Beloved Leto's Power to set all free as quickly as possible in the Eternal Victory of the Light of God that never fails.

N WINGS of the Dawn — Resurrection in Light
God's Glory and Splendor consuming earth's night,
Enfolds all the world in Its Great Cosmic Love,
On this Easter Morning from Jesus above!
Behold in the Light! His Great Conquering Power,
Illumining all with His Mastery each hour!
His Victory of Light from the Great Central Sun,
Is now God's Full Freedom released to each one
Who, facing the Light — "The Almighty I AM."
Surrenders completely! Lets It take command!
In Loving compassion, the Great Violet Flame,
Released in Its Fulness by Blest Saint Germain,
Spreads over — around us — Its Mantle so bright,
Consuming forever all less than God's Light!
In Beauty transcendent the earth is reborn—
Redeemed by Light's Power on this Cosmic Morn!
With Arms reaching toward us, Our Messenger stands,
Now drawing us upward — now holding our hands!
Our heart's Light is bursting in Love now in Him!
God's Flame now enfolds us — The Great Elohim!

MIGHTY VICTORY'S DISCOURSE

Minneapolis Class — September 10, 1939

I THANK you, beloved students and friends, and I do congratulate you on all that has been achieved for your state and for you; and to-night I shall once again invite you into My Garden.

Won't you be seated, and no matter what I say that might arouse your enthusiasm, will you remain as quiet as possible and remain seated so We can do for you all that is intended?

You who may not know it, remember that in thousands of centuries I have never known anything but Victory in My slightest effort. Therefore, it is My Intent to convey some part of My Victory into your feeling world and world of action, to help sustain and possibly govern some conditions which you will meet in the coming months. You do not imagine to-night what you may meet before one year is over your heads.

Therefore, this visit of the Messengers to your city has been very delightful, as you will observe in time to come. If you comprehend a small part of what My Words mean, you will see how there is established, to-night, in your feeling world the Confidence, Courage, Power and Strength which is the Power of Victory in your call to the Presence of Light, which is the dominating Power of the future in the world of America and all that is. I say, "the world of America," for without America, there would shortly be no world of the human octave.

In all that has been said by the Messengers and the Great Ones, mankind go serenely on believing that naught could happen to this beloved land of America, but don't be too sure. Let not one opportunity pass you, to call these Powers of Light into action to do for you what humanity cannot do for itself. This is imperative. We know well enough, much We may not even intimate to you, but the Power of Light is the Victory of Freedom held sustained in your America, if you will continue to make the call.

We are trying, your Beloved Saint Germain is trying, to prevent the third episode in that marvelous Vision which the Goddess of Liberty gave Washington. When We are successful, then We shall tell you some things which you will remember thruout eternity, but We may not until then.

In the Garden of My Heart, is the Victory of Light. In the Radiance of My Garden, is the Illumining Power which shall one day take Its Dominion thru mankind in this beloved America.

Let us now be so alert and so sure of our calls to the Presence of Life, that we hold sustained the Perfection which you have thus far attained here; and let the remodeling process be done at the discrimination of the wisdom acting thru human forms, instead of thru cataclysmic action.

Birds are messengers and when you see them suddenly and shall we use the term, drastically, change their course of action after one hundred and fifty years, you may be sure those messengers are being directed to draw mankind's attention, for those who will see.

Why do you think that again there is being revealed in Siberia, the condition which any intelligent person can see must have occurred at once? How do you think that which was once a semi-tropical land could become suddenly a field of ice? Those things have been done and they stand before the outer scientific world to-day, but the scientists will not explain them, because they know not the cause. We do know the cause, and in time will reveal it all.

There is so much, beloved ones, that it is not wise for mankind to become aware of at this time, since they have so much fear within them from various causes. Analyze your own feelings, your own experience of the past five years — every one of you, and see if I do not speak the Truth. Has not some very great fear beset you from some cause? Then, it is fear which must be removed from the mental and feeling world of mankind, and your Great Friend, the Cosmic Being, Ray-O-Light, who visited you to-day, shall render a Service to the student body, incomparable in helping to remove that fear. I ask you who are here to-night to follow your feelings for thirty days and then silently tell Me, whether you have not had less fear in your being than ever before.

Many people are asking for evidence. If you are alert and will observe, you will have all the evidence of Our Reality and Our Promises to you, that you can ask for. We do not believe in phenomenon — just producing a manifestation which takes your interest for a moment and to-morrow is forgotten — which in many instances produces greater doubts and fears within mankind. When We produce something, We will produce something that is permanent which you can look upon and not forget it. Then, the human which would doubt would be very unwise, but that is your condition to-day, children of earth. Your doubts are depriving you hourly of the great Perfection of Life.

Oh, I am not speaking just of this Light, but I am speaking of the conditions which you face daily. You doubt this, you doubt that, you doubt your ability, you doubt the very Life that beats in your heart. How can you do it, when there is flowing thru your being endless, Limitless Energy which you might have so qualified to have brought Perfection into your world long ago, but you did not know that? Since you have been advised of it now by your Great Friend, Saint Germain, why not utilize it? Why idly think of these things and then let your human feelings question and doubt whether this might be true or not. Why don't you take hold and try It out? Then if It does not produce Perfection for you, forget It. That is the only way. Do you go into your office or business and say: "I wonder if I am going to have any customers to-day," "I wonder if I will succeed"? If you went into your business with that feeling, your business or the thing would fail in thirty days, you all know that. You have to have confidence in something. Have confidence in your Life which is the Power and Strength of the Universe that brings you here and takes you into your Ascension one day, by the Power of this Light which is beating your heart every moment of the day.

That is why, dear people, you cannot afford to allow doubts and fears to deprive you of the power which is here, brought as a great Gift of Love, Light and Life to bring you into the Glory of your Freedom and Ascension. That is why I say to you beloved ones, he who doubts in these days is indeed lost.

Think of it! I ask you to review for a moment the homes of America. How many in a home of five people trust each other, have confidence in each other and who do not doubt some one or all of each other? Think of the poisonous breath that has entered homes by vicious gossip and started the feeling of doubt in one mind or the other or all; and then one begins to suspect and question the integrity or morality of the other. Then, the first thing you know a conflagration has started and the greater each one doubts the other, the quicker is their home which was once beautiful, shattered.

So it is with you and Life. When Life has brought to you Its Magnificent Glory and Power, Its Almighty Understanding in Its simplicity and the application which is dynamic and powerful to produce results, then you doubt It and will not use it, or will not apply it, can you expect Life to longer give you opportunities, after more than two and a half million years in which Life has said: "children, run along, you have a

long time before you to make up your mind"? Then Life did not prompt you after long, long periods of disobedience; but now the Great Cosmic Light from the Central Focus of all Life to this system of planets has said: "No longer children of earth may you play with Life. No longer may you misuse and wrongly qualify Life, since you have now become intelligent beings."

I wish to say something perhaps very strange to you, and may sound to some unpardonable; but do you know the only intelligence that is Real Intelligence, is when you have come to know your Great Presence of Life, Its whereabouts, and you are sure of It? Then True Intelligence begins to act thru your being. Observe and see if I am not right! Every student in this land will bear Me out in saying, that he or she never had begun to live, until that one touched this Real Understanding of the "Mighty I AM," and had the full confidence in Its Presence which beats each heart.

In the Light of My Garden, to-night, is not the trickling rivulet, but the River of Life flowing to you from My Garden of Light in releasing this Mighty Victory into your world of action — take notice, "into your world of action!" Too long has Life within you been dormant because you did not know how to give assistance to allow It to become dynamic and to call a Power which is within each one of you to release like that (motion of the hand) the Force of Light and Power which will go forth, shatter and dissolve the discordant things, the limiting conditions which have obstructed your way.

That is why We came to you, beloved children of the earth, because you are not able to give the assistance to yourselves which you need. You feel quite efficient when you have plenty of money and everything is going well; but do you *feel* as efficient, when things have all gone from you, and you feel that you are forsaken in the world of chaos?

Shall I become rather mathematical for a moment? How many do you suppose are living in your America to-night who are in the despair of failure; who have gone from one thing to another finding false promises, sack cloth and ashes, then after a rest try again a repetition of it?

Saint Germain has brought to you this Eternal Fountain of Life, the "Mighty I AM Presence," and thru It you have Beauty and Perfection and the Limitless Out-pouring of supply of everything you require to live happily and serve Life abundantly. That is why, beloved ones, We have come forth; for do you think all We who are assisting your Beloved Saint

Germain, would have come forth without His having opened the way?

You might be interested in knowing, the Great One Leonora, who invented the radio which is in the Cave of Symbols—the only one existing in which They talk to Us on Venus as readily as you talk from Minneapolis to Chicago – is how My first contact with Saint Germain came about. I thought when the first contact was made – "Is it possible on that darkened planet, that there is such great Wisdom as has been able to call forth in mechanism that which will annihilate space"? No sooner had I thought those words, than back came the answer: "Yes, Our Friends upon Venus, the earth is not all so dull as you think. Great Wisdom is here on this earth. It needs encouragement and strength. Would you like to give Assistance"? Without a moment's hesitation I said: "With great Joy," for feeling His Mighty Vibratory action and that Positive Voice, I knew He was One who would win His way, even among the jungles of human creation.

Precious people, you think of the jungles of your unexplored land as dangerous, do you not? Yet there are those who venture there continuously and return. I say to you, that which is human creation, which you know as the astral and psychic world, is so much more dangerous than the jungles in your unexplored land that there is no comparison. We are protecting mankind from that, and when the last discarnate entity has been taken from your state, I hope every one of you in Minneapolis who hear these Words, will in the fulness of your heart appreciate all that it means to you all.

Remember thru your great Friend, means have been provided to insulate each state from which the discarnates have been removed, that they may not re-enter. (applause) To some this sounds like childish prattle, but let Me tell you, one day you will find out that it is no childish thing. Is it not strange? Can you not think with Me for a moment and see that in spite of all the doubts, criticism and condemnation of the Great Powers of Light by the ignorance of human beings, how We still go on offering them protection and release from the conditions of their own creation? Have you any friends among you who would do that? Have you any friends who if you perform a depraved act, would not condemn you and shun you? Show Me any of your friends who would not do that. Then We, Pure Beings, come and offer you, who have made these mistakes, Our Assistance; and then sometimes, with a great smirking smile people tolerate us for a few minutes. If you invited a

very Great Being into your home would you go behind the door and smile in ridicule of your guest? If so, you would indeed be a very depraved host or hostess.

When We offer to mankind these Great Blessings, which are Real beyond their fondest imagination, would it not be well for them to consider kindly at least Our Offer, since they do not know what We can do? They do not know or believe the extent of Our Powers. The critical individual would say: "Why don't you show Your Powers"? and I could say to you: "None of your business! When Our Wisdom directs Us to use Powers, We use Them and not until then. We are quite as independent as you are! Therefore, don't try to advise Us," and We have learned that from you!

You know, dear ones, that once We offered Help so kindly and so gently; and friends will remember that in New York, when I invited the beloved ones into My Garden, it was as gentle as the summer evening breeze; but My Garden has become more dynamic because, here and there in the gentle offer of My Presence, there were those who thought I was an imaginary Being or that the Messenger had had a happy flight. Well, It is a very happy Flight, but It is Mine, not his!

Therefore, beloved ones, it is well, very well if you would be able to accept the blessings offered and then see their outpicturing in your world. It would change your joy into one of Eternal Ecstasy, when you have before you these Great Laws. Beloved ones, the Messengers' return to your city will depend upon your stabilizing and application of the Law which has been given!

Remember, and I say this to America; the people of America henceforth are going to want these Messengers, if they have them. In your city, not so long ago, there was a great repelling force, working deliberately to prevent their coming, but they came! Do you know that their five years is almost up? Beloved students, do you know that? In October, they will be given another opportunity. What if they should take it! What would you think? Would you think, that they should go on struggling and taking the ridicule of mankind in offering the greatest thing that Life has ever offered to the world of mankind? Now what would you think about it? How would you feel? Would you want to go on doing that? Think of it a few moments. It would be difficult for you to decide, wouldn't it? But since they were the only ones at the time who had the courage to give obedience to Saint Germain, in all He required to win the Victory for the people of America, thus far,

then it is some worthy record to have served for five years. (applause)

Do not be frightened at what I am going to say, but I sometimes think, it would be a wonderful thing for the people of America to think they had gone for a while and then see the difference which there would be in the vibratory action of the people of America. You may think I am talking in riddles, but I am leaving you to read between the lines.

Oh no, no, no, dear students, don't be dismayed, they are still here, yet; but I want you for a few moments to think seriously what their absence would mean. I want you to feel it. You may have encouragement, for I think I know them quite well. (applause) Remember Saint Germain, your Great Friend, has used very great Wisdom and will you observe that the cycle of five years is ending, just after the conflagration in Europe has begun? Do you understand the significance? Do you know what that means? You will pardon Me, won't you, but I am trying to put you in a certain train of thinking and feeling to-night; for I must do it in order to accomplish what I wish for you. That is why I want you to be so alert, in the alertness of your "Mighty I AM Presence" of Life.

My dear ones, I congratulate you faithful beloved students of Minneapolis and St. Paul and those who are visiting here. Oh, I congratulate you, you cannot know how much, for your staunchness, your stability to the Truth in all that you have faced, in all the doubts which those opposing the Light have endeavored to instill in your minds. Yet you have warded them off and you have gone on, in your great service to the Light.

Think what the State of Minnesota owes to you, beloved students. They probably would not pay you in so much money, but nevertheless Life is very generous and Life will compensate you in ways that your state could not do. Be assured of that; and remember! Go on, and on, and on, beloved ones of the Light, and let the Glory of your Light become so Almighty, so Powerful that Its Radiance, as you call It forth, will spread and dissolve and annihilate every particle of discord that attempts to touch your world.

Remember, there are those in this audience who have a great desire for certain achievements. Why not have them? Have you not the understanding of your Presence of Life and Its whereabouts? You know, you are connected with that Presence and that Its Wisdom and Intelligence are All-powerful

to flow instantaneously thru your body and your activity for successful achievement. Well, why not let it flow? Why look around for other human beings, when It is the governing Power of your achievement? If you allow It to have Dominion in your achievement, Its Wisdom and Discriminating Intelligence will bring into your association the people who will be Ascended Master Friends to bless you.

I marvel to-day, that individuals sometimes having very marvelous ideas and some things which are very Real — when if they would call the Powers of their "Mighty I AM Presence" into action to make the things a successful activity, still they hesitate!

My dear ones, please turn to your Presence for advice! Stand determined, unyielding, unwavering until Its clear Direction comes forth; and then you can move in Its Great Intelligence and human mistakes will cease; achievements will be at hand and without limit.

Therefore, remember in the Glory of that Light which beats your heart, is the fulness, the means by which Life will pour every good thing into your physical hands and use, by your call to that Great, Great Wisdom and Light.

Will you understand, if I repeat again to-night, and make it an anchored Power in your Life and consciousness forever — that the Greatest Wisdom, the Greatest Light, the Greatest Power in the Universe is beating your heart and giving you Intelligence with which to act? Then why not let the Fulness of It go forth? Why not be willing to give the obedience, and that means to harmonize yourselves, until there is no longer re-qualification of the energy? Then Life will pour it forth!

Everything from your Life Stream which has limited and obstructed you will be quickly dissolved, but you must stand by until this is done. You cannot tell whether it takes a day, a week, a year or ten years; but suppose it took ten years — since you have lived in mistakes for two and a half million years, wouldn't it be quite a speedy achievement?

I am trying to have you see so clearly, to-night, that the Greatest Jewel ever known to man is placed in your hands in this great and glorious Understanding, which your Beloved Saint Germain has brought to you. Cherish that Jewel, for It is within your heart! Let It expand Its Radiance, until Its Great Powers become a magnet of Life to draw from the Great Treasure-house of your Presence for all Eternity, the Glory of your Freedom and Blessing to earth and your Ascension. I thank you.

YOUNG AMERICA

· BELOVED BOB'S DISCOURSE ·

Chicago Breakfast — September 24, 1939.

ELOVED ONES, Sons and Daughters of the Light! while you are standing, I wish to say that after this, just remain seated in the great Substance which is drawn here to bless you.

Saint Germain wishes Me to convey this first: During yesterday and the day before, I am sure you all noticed the Great Power which was released thru the Messengers. Sixty-five percent of the entities of Chicago and vicinity within a radius of one hundred miles, have been removed. (applause)

You also have been informed by the newspapers of just a little of what has been going on in Russia; yet it is enough to give you an idea of the very good people in Russia and Germany, who have been shot down without provocation, because the dictators feared them. Never in the history of the world has such a thing been known as what Stalin has done in regard to the number of people he has killed because he feared them.

I cannot give you the details — it would not be Wisdom, but I say enough, so you may know that a certain group of those who were shot down by Stalin, were given their Ascension. There were some sixty-five in all. (applause) Those individuals after adjustment to these Great Forces into which they have entered, will turn the whole force of Their Power from the Octave of Light upon Russia. (applause) They will hold this Power absolutely steady and unwavering, until all that They wish is achieved.

In Poland and in Germany, those very fine men who have been shot down without provocation, have been given the same great Blessing; (applause) and if I mistake not you will see some changes.

I tell you, beloved Ones of the Light, mankind little dream the Power of the Cosmic Light and the Determination of These Great Ones of Light to stop this destructive thing upon this earth. There are so many people who are in the authority in

the octave of earth who are now calling forth these Mighty Powers and if you did realize fully, My Beloved Ones, you would not hesitate to give your last ounce of energy in your call to the Presence of Life to call forth this greater, greater and greater Power into the octave of earth.

You could not even imagine what the conditions are. I would no more attempt to explain to you what has happened in Europe within four months than anything in the world. It is too terrible. The outer world so far knows nothing about it; but I warn the whole world that those fiends incarnate, when they see that they are failing, will whine like rats to get the other nations to lay off. I tell you, if they do, they will make the greatest mistake of their lives. France and England should wade in now with all the Power at their command since they have started it, (applause) and if they will, they can clean this thing up from the world.

I tell you, beloved ones, do you see now why your Beloved Saint Germain in His very Great Wisdom, did all that was required to gain this Dispensation from the Great Central Source of all Wisdom and Power to this system of planets? Mankind for the first time on this earth, is having compensation for high ideals and right motives. The ones who stood for the Light heretofore have been martyred and destroyed. In the future, the people who stand for the Light will remain, and the destructive forces will be destroyed by their own destruction. (applause)

The Goddess of Light, the Goddess of Purity and the Goddess of Justice, Mighty Harmony and Mighty Victory are pouring Their Radiance into this room while I am talking to you. So will you, no matter what is said, remain as quiet as possible so that you may have Their Great Blessing? Oh, my precious people, if you only understood what the Qualities are which these Great Ones offer. I just want to mention one. For instance, take the Mighty Victory who has not known anything else for thousands and thousands of centuries but Victory in every slightest effort!

Now then, when He offers to charge His Victory into your feeling world for action, that cannot be touched! It cannot be contaminated by your power of qualification! Could there be anything greater offered in the world than His Victory to give you His Blessing? That is a Quality which your qualification cannot touch or change. Then you do have HIS Quality if you accept It into your world to give you the strength and power to go on and win your Victory more quickly.

Oh, do you not see, beloved ones, that these Great Ones are offering everything possible that you can accept, for your speedy release from the conditions of earth; for your successful achievement and for your health? I say to you, my dear ones, there is not one person in this room who could not call into his or her body — INSTANTLY — the quality of that Light and Its Purifying Power, which would take pain, distress and everything from your body on the spot, but you do not quite have confidence in that as yet. The Light is there! The substance and the power are there, waiting to release themselves, when you give your "I AM Presence" full confidence from the outer part of you.

You know, dear ones, since My Freedom, I have learned such a lot. As a lad, a mining engineer, just out of school, Mr. Rayborn took me under His wing, and how do you suppose I got there? You know things don't just happen. Saint Germain was the One who drew Me to Mr. Rayborn, and thru that came My Freedom.

Blessed people of earth, won't you try to feel with all the Power of your being what your Ascension and your Freedom means? It means you are *forever* Free from the limitations, turmoil and distress of this earth. The earth is not to blame, but mankind, because of the release of vicious discord from their feelings, are to blame for all the conditions that exist.

It is so easy for people whose Life Stream has not been cleansed of the viciousness generated there in past centuries, to yield to discord and the vicious forces which would even try to destroy this Light. You see many of these individuals before have destroyed those who stood for the Light. Now since they have allowed those vicious forces to release again this time, they still have the same feeling; but they do not seem to be aware that everything has changed since those days, for now they will destroy themselves instead of destroying the blessed ones of the Light.

You will remember only and up to about sixty, possibly sixty-five years ago, the Student of the Light had to win his or her victory thru the struggle of privation — Oh, not because it was the Law of Life; but because of the manner in which the black magicians had clothed that which was supposed to be Wisdom — making even the most powerful occult students believe that it was the Law. Many still believe in those teachings which have nothing in those occult laws but the force of the black magicians.

That is why, dear people, I urge you with all the Love and Kindness of My Heart, to never allow your attention to go back again to anything in the world you have ever studied in occultism or metaphysics. You connect yourself, as sure as you do, with those old conditions which just deprive you of good and hold you longer from your Freedom. Turn your attention to the "Mighty I AM Presence," the Greatest Thing in the Universe! Hold it there and you will have your Freedom very quickly!

Just think such a few years ago, I was in the mine, never dreaming such a thing existed in the world, for my attention had never been brought to These Things, these Great Laws. I did have certain ideals and held to them, but I did not have any idea where they came from. Now then, will you read again, where Saint Germain sent for Me and brought Me to the Cave of Symbols? It was the first time I was consciously released from my body, when I still knew nothing about these Laws. When I stood there in Their midst, for the first time, I found that My Blessed Mother, My God-Mother, Mrs. Rayborn, had Ascended. Do you know what that means? Then Saint Germain revealed the relationship and I saw how great had been the Wisdom acting. Remember, at those times, My Consciousness was perfectly clear, because in Their Radiance, not one thing could remain to be confusing to My Comprehension.

Now, one of the reasons I am speaking of this is, to try to make you alert and realize, that in the Radiance of this room and in the Radiance of the classes at the Civic Opera House, the same thing, identically, is occurring. I ask you to observe, and I think you all have, that never in the classes of the Messengers has there been such clearness of comprehension and firm attention. Now that means the power of momentum already gained and the greater expansion of the Radiance thru the sincerity and determination of the students.

Take this for an illustration: Beloved students, do you quite realize that you who have been so loyal here in Chicago and who want to see this Light expand, are the absolute controlling power of the feeling, acting in that Civic Opera House, if you will so determine it half an hour before you go? Command that not one thing act in that room but the Glory of the "Mighty I AM." Then every individual coming in with wrong intent would be absolutely unable to feel that wrong desire. I am prompting you on this to-day, because We must build

this now. We must begin to build this so wherever your Groups are that Radiance is powerful enough to absolutely dissolve any discord which attempts to touch your Groups or your world; and will you do the same thing individually?

Think! dear people, your Higher Mental Body, the Infinite Power of the Universe can wield the Sword of Blue Flame – I cannot stop to explain just all that Sword of Blue Flame means to you, but please accept It in your use. You CAN wield That to absolutely dissolve everything of discord which touches you or your world; and It will reveal to you the treachery or motive of any individual whatsoever. Then, is it not a Scepter of Power?

Now, there are vicious individuals who still believe they can use this same Power against the students and the Messengers. Well, such a thing is ridiculous, as if the "Mighty I AM Presence" would act to produce destruction of any kind! It is only humanly qualified energy which is destructive and the Higher Mental Body in these days will not release an ounce of energy for a person who wants to act destructively. The only thing those people can use, is the accumulated energy which has been drawn already and when that is exhausted, they will find themselves collapse like a punctured balloon. Watch them! Vicious individuals can only go on so long, because these days every ounce of energy is being shut off for them to use destructively.

You might say to Me, then, how is it these dictators of Europe seem to have such power and influence? I would not soil your hearing by telling you how they do it, but that is of short duration. The depravity which is rampant in the world, is the most terrible thing ever known in the history of the earth; and the fiendishness of the dope which is still being used in every city of America, is being cunningly used to try to get the attention and hold power and influence over the young people of America. It has taken another impulse, so people of America guard, guard, guard! The student body should redouble the strength of your Decrees to wipe out the dope from America forever! If you knew what was being done in the City of Chicago, you would be aghast. It is trying to get its clutches upon the young people; and God help the young people who have turned aside from this Light in this city. They will be an easy prey to that very thing.

I say to you blessed young people and Daughters of Light, stand guard as you never did before over the young people of

America! They are the guardians of the future! There must always be those whose faces turn to the Light, by which you, when you have Ascended, you may direct Mighty Currents of Light and Energy for the blessing of America.

This is only the beginning of the Great Dispensations for the Freedom of America and her people. This Light will go on, and on and on; but let us be so strong in all the Great Ones are offering to prevent the last episode which the Goddess of Liberty showed Washington, that it can still be prevented.

Now, I do not mean, blessed students and Group Leaders, that one should become frantic in the feeling; and I know some of you feel such great intensity in your desire to render a greater and greater service; but please do not feel desperate. Take a great calm, determination and know that your call to the Higher Mental Body of every person in America is that which does render this Service to America.

My dear people, do you not see that human beings are actually mental and feeling beings? The body is but the garment which they are wearing, but everything comes first thru their mental and feeling world; then these Decrees going forth as they are in the dynamic power with which they are sent forth, must act in the mental and feeling world of mankind, because there is no resistance there. They will go in, take hold of mankind, change the desire of mankind and make them more Pure and Perfect.

My dear people, I warn you, the students and especially our young people – every effort under heaven will be made to wreck you morally. You must be strong enough, beloved students of the Light, to stand against immoral suggestions. If you can be caused to waste your energy, then the sinister force has you in its clutches. This man who just passed on (Freud) – and I assure you beloved Lotus, that he is in the compound – was the most diabolical immoral being that was ever in human form; spreading thruout the world the most diabolical suggestions ever offered. That was where a lot of our blessed doctors in America took up those vile suggestions to get them to believe that it was right, when if they had stopped to think, they would have known better.

In this day, when the Great Ones are offering you such Assistance, there is not one desire which is undesirable within you that the Presence would not remove quickly, if you would just be calm and determined in your call to have it

done. Therefore, you are the Guardians of the Light, precious people, and you must be the example before the rest of mankind.

I congratulate you and your beloved Leaders here. The transformation which has taken place since the Messengers were here before is wonderful — never was such a miracle performed. You can be grateful. Think of it, beloved students — there are only the few who are really vicious and, on the other hand, great numbers who are loyal and are calling, knowing the conditions which have existed. Every Group in America, pour to your Groups here their Blessings of strength, courage and power to hold and win the Victory of the Light here and so it is!

Do you not see it is the first time in the history of the earth, when mankind have jumped to the defense of each other? Suppose something happened in Los Angeles which required drastic action, every student in the land would jump to the assistance of that student body there — the same as here, the same as in New York, the same as anywhere else.

Won't you see then how great is your blessing and how great is the assistance? I have thought, and thought, and thought, how to convey to the student body how grateful you should be for this limitless Assistance which is being given from the physical octave, from the student body and from the Octave of Light.

It is quite true, you really are only asked to give one-third of the assistance and the Octave of Light produces two-thirds of all that is required for your release, for your happiness, for your Ascension, for your Perfection.

Now, while We are in the quiet atmosphere this morning, dear people, I plead with you because of your Freedom, let no person, place or condition ever speak one word to you derogatory, concerning the absolute certainty of your Ascension, but do not talk of it to people. Please do not. Do not say to people that you are going to make your Ascension this time, not even to the students. Go on and cherish It in your heart. Talk to the "Mighty I AM" if you like, but do not talk about your Ascension to people in the outer world. You will gain It much more quickly.

There are a few individuals whose delight would know no bounds, if they could turn every student from this Light. We have been watching these individuals.

The Power of the Cosmic Light will turn back upon and

bind to human forms the viciousness they send out. It is the Law of Life, nothing can change it.

Therefore, beloved ones, I am saying this to you that you be not deceived, and I trust when this class has closed in Chicago that that viciousness will have ceased forever. Do you not understand, blessed people, that if this Messenger had ever done any wrong, could he stand, look you in the face and carry this Great Light and Blessing which he carries? Should he be harassed just because some beasts put forth falsehoods? He has never done a wrong to any human being on this earth in many embodiments, let alone this one; and he has stood for this Light ever since the time of Jesus, (applause)

Let us hold the atmosphere as quiet as we can, because tremendous things are being done for you, blessed ones, and I want you to feel it, if you will. There is something peculiar about it, that I do not just for the moment see the explanation, but something is done at these breakfasts which is rare indeed. Perhaps some day, Saint Germain may explain it to you, but it is very wonderful, and may you feel all that it has meant to you.

One thing more I want to call to your attention, concerning those vicious individuals who sent the newspapers to the Radio Station and called up and wrote letters, refusing to sign their names, besmirching the character of the Messengers, some foolish individual believed it and the broadcasts were shut off. Ten times the calls came into the Civic Opera House asking why they had been shut off and why the broadcasts were not on the air. Those in charge do not listen to that, but they accepted the lying vicious reports.

I want you to see what individuals will do and how ready they are to accept falsehoods instead of the Truth; but all these things have absolutely no power, and as the Messenger issued the Fiat in the Civic Opera, every Radio Station in this land will welcome these Messengers with open arms. Watch it! We can well afford to abide Our time, so can they because you are going to live a long time.

Can you not understand, my dear ones, how I long to see you there with Us? It is a very different thing, than if We had made Our Ascension many centuries ago. It is only a few years, dear people, and now look: I had absolutely no outer preparation until a very short time after meeting Saint Germain, and then in such a short time, We went to Chananda's Home in India where it was completed.

You at one time were asked to read, read and re-read the last chapter of the Magic Presence. Few have yet but a slight idea of what that conveys to you — "bodies such as were never given to man," which give Us greater Power to act in the human octave. I wish you had been with Us and had seen some of the things which We have been able to do, in the dissolving of steel and iron construction to send forth the death rays to destroy mankind. We are constantly guarding every place on the face of this earth and wherever attempts to bring forth a death ray to destroy mankind are made those individuals and their mechanics will be destroyed. It is just the same as with the secret submarines which have been planned for a long time, to go forth in their wholesale destruction.

May I call to your attention the renegade individuals who cannot remain in any nation? They go to another nation or to the islands and spread their poisonous breath everywhere. Well, such is the condition with the submarine activity. There were those individuals who failing in the world war, immediately set into action to build these secret submarines by which they would send forth their wholesale destruction because they believed that there would be a time, when there would really be a world war, which this has come so near producing.

If the people of America will send forth these powerful Light Rays into your Capital, to prevent the things that are intended to be done to drag you into war, you will stand free. Remember, you are the Authority of Life in your call to the Presence of Life, the "Mighty I AM." If the people of America and the mothers of America will say to the government: "You shall not send our men to war again," you will find the action would be the most powerful thing you ever witnessed. Remember, the mothers represent the feeling world of America and they have the authority. Since they are connected with the Life Streams of their children, they have a right to say whether they shall go to war or not. There is not one loyal person in America who would not instantly arise to the defense of America; but to go to another nation to be destroyed is another thing.

Therefore, beloved people, remember that those individuals in your land who want to sell ammunition and destructive war materials to other governments by the very act draw themselves into that in spite of anything. You cannot become a part of a thing in action and then stand free from it. Therefore, the people of America are in a position, to-day, to abso-

lutely annihilate everything and every intent which is secretly acting to draw our people into war.

If you knew, blessed people, how Saint Germain has watched your Capital, with Others, almost every moment recently, you would know He is doing all He can to prevent these things occurring – many times acting thru His Tangible Body.

Dear people, why should it seem so strange to you, to-day? At the signing of the Declaration of Independence, He stood forth in His Tangible Body so everyone saw Him. When He came to Washington at Valley Forge, He appeared in His Tangible Body to Washington; because Washington, LaFayette, Franklin and Von Steuben knew Him personally. Therefore, dear people, He is just as Real to-day as He was then.

Now then, when you have these Great Friends of Light why not accept the Power of your "Mighty I AM Presence" to render this service? I repeat again, beloved students, and do not let go of this idea: You have the right, the authority and the power to call to the Higher Mental Body of every person in America and the world to render this service, because everybody's Higher Mental Body wants the same thing you do in the way of Perfection.

You would render a great service if you issued the Fiat the Messenger issued yesterday, calling to the Higher Mental Body of every vicious individual to withdraw the Life Stream from that body. You would render a service incomparable, not only to America, but to those individuals as well; for you would stop the building of the destructive forces which one day they must meet. Just because they do not believe It, does not alter the Truth any, but these are Mighty Activities, dear ones; and do you not see there is not one thing We ask you to do that is not a blessing to every human being and every one concerned? It is the Law of Life and you cannot use the Law of Life for destructive purposes. The Law of Life only dissolves the destructively qualified energy already generated.

Therefore, you have the energy of Life at your call to render the Service you require. It is Invincible! It is Infallible if you only realize It and see It; but remember in your Trinity of Action – your attention, your physical sight and your feeling are the Trinity of Action at one point which gives you the Authority and the Power of instantaneous action. That is why you are not at the mercy of anything, dear people! You are the authority and Power of Life acting thru your call to God, the "Mighty I AM." I thank you.

HERCULES

I tell you you cannot do too much work or make too much application on your Invincible Protection from suggestion. The whole physical world is some phase of human suggestion, either thru vicious spoken word or the invisible power of radiation. Then, do you not see how important it is for you to continue the constant use of the Violet Consuming Flame — that in case you have unknowingly accepted into your feeling world suggestion, then the Violet Consuming Flame will destroy it?

HERCULES

Now notice this. Since these Dispensations have been acquired for the people of America, which eventually will encompass the earth, can you not understand how it has changed the plans of many, many things? You would say to Us: "Well, if You cannot make mistakes and if You are Perfect, then why these changes, why changes in the Plans?" Simply because the Activity from the Central Source of all Intelligence and Energy to this planet being wholly the Authority, when once called into action, may change the whole Plan of the conditions for the earth and hasten its Perfection, even beyond anything We had planned.

HERCULES

You see, if you realize what the power of your attention means, it means your Life Stream feeding into that, and if you do not want to give a destructive thing power, you cannot afford to let your Life Stream feed into it by your attention. It is the most tragic thing in the world. You cannot have your attention upon a thing without your Life energy going into it. You cannot do it.

HERCULES

For instance, in making your call to the Presence, if you don't assert Self-control, how is the call to the Presence going to do it? Your effort at Self-control forms the connection for the completion of your call and you cannot call the Presence to do something then not give co-operation by Self-control in yourself. That is how the emotion within an individual does seem to gain control over such an one, unless he or she asserts Self-control in your call to the Presence to govern it; because if no Self-control is asserted, the momentum you have gained goes on acting — it might be indefinitely.

HERCULES

Remember dear ones, while functioning in physical bodies, you have got to make physical effort for a thing which you are calling for, even for Perfection in the physical body. If you don't make physical effort, you have lost a part of it. Mankind's determination to powerfully assert authority was the first intimation of the beginning of the release of destructive forces. Of course that was thru long aeons of time gaining a momeutum, even a perceptible change; but as it gained more and more attention and more and more energy, well then it gained more and more power and speed of action. That was with no assistance from any source except the desire within individuals, and out of that came the black magicians. Human desire to move alone in the outer, to be free from its source, which of course could never be, was the beginning of all discord.

· LETO, BLESSED LETO ·

IT is our very great privilege to announce the release of a new song—"LETO, BLESSED LETO" by our Beloved Ascended Messenger, Godfre Ray King.

Thru this music and lyrics the Glorious Ascended Lady Master Leto will pour to those who direct their attention to Her, Her special Service to all who seek the Constructive Way of Life; and teach them how to go forth from the physical waking consciousness into the Octaves of Light

and return to the body consciously and at will; just as one goes thru the door of a room retaining full comprehension of all he or she is doing each moment. This service will never be rendered any one who is selfish or would misuse the information given.

Her Assistance will be given only to those who are obedient to the Highest Ideals and Honor of Life. Thru the use of the Violet Consuming Flame one can purify one's self to the point where thru the call to Blessed Leto, She will come and escort that individual to the Inner Octaves of Light; and help that one to the complete use of many of the faculties we all possess but know not how to use in their fulness. All can have that Assistance at all times, if they will understand this Ascended Master Instruction of the "I AM" and give obedience to Her Requests.

The cover design is the likeness of our Beloved Leto and a Gift of Love from our beloved May DaCamara whom we thank and bless without limit for her blessed service.

This song was first sung in the Philadelphia Class—which was held in Washington, D. C., and is dedicated to the city of Philadelphia. May it release the Mighty Cosmic Victory of Eternal Freedom and Divine Justice everywhere thruout that city and make of it an Eternal Alabaster City of Light for Freedom and Divine Justice to all mankind.

May everyone on earth use this song and call forth all Beloved Leto's Power to set all free as quickly as possible in the Eternal Victory of the Light of God that never fails.

VIOLET TEMPLE OF LIGHT

GREAT FOCUS of Flame in the Octaves of Light,
Stands the Violet Temple of Saint Germain's Might;
In Its Great Cosmic Blessing to mankind of earth,
It is pouring His Great Cleansing Flame of Rebirth—
Consuming, illumining, perfecting us all,
His Great Cosmic Love answering every heart call,
To be Free from the clouds of distress—here and now!
Lo! a Torrent descends! See His Flame! Let all bow!

Like an Ocean of Flame, It drives over Our Land,
Sweeping on — on — forever — God's Cosmic Command.
See! His Great Cosmic Victory and Freedom release!
Now possessing the earth in God's Great Cosmic Peace.
As Its Glory enfolds like a Mantle of Flame,
Everyone in the world sees Our Blest Saint Germain,
Hears His Voice! Feels His Love! Knows His Great Cosmic Height!
Beholds all the Power from His Temple of Light!

As He pours to the earth, all the Love from His Heart,
From the Violet Flame's Temple, comes forth like a dart,
Cosmic Lightning of Love, driving on everywhere —
Awakening mankind NOW, to arise and to dare
To stand all Victorious in the "Mighty I AM,"
To Be all Its Freedom by His own Great Command!

· MIGHTY HERCULES' DISCOURSE ·

August 6, 1938.
(Private Dictation)

SAINT GERMAIN:

BELOVED ones, you might have sometimes wondered whether I would fulfill all My Promises. We shall see! In the need of the world to-day, to-night I shall try to have you understand why I have called so earnestly for such Complete Harmony within those of your immediate association. This which We have planned for to-night, We have been waiting to do for four months. The need for the Messengers and the need for This Work, is a natural release of Power, which only as you saw from Our Standpoint would I be able to make it clear to you, because words just don't do it.

The Great Cosmic Being, whom We have called Hercules, is the Presence which you are feeling, to-night. Presently He will give to you the Dictation. I would suggest that all of you here, before you retire to-night, make an absolute, firm, definite call for the release of all that the Cosmic Light plans for to-morrow during the Dictation and Broadcast. (During Minute Men's Meeting.)

Such definite Power is going into action that We want to make the most of It. While the classes in Oakland and Seattle will be very wonderful, by the time you reach Chicago, this Power releasing to-night, will have reached Its Apex and by this, We expect to reach into the feeling world of the individuals not familiar with This Work, who will be drawn into the classes, to enter with a complete acceptance in their feelings.

The forces of darkness know absolutely that this Power is Real. They know We are Real, and therefore never in the history of the earth has such a fear been thrown into destructive forces, as is being done right now. When that begins to react upon some of these individuals still embodied, it will be pitiful to behold.

Again I say to you, beloved ones, there is no possible means of knowing just what can be done, until the release of the energy thru individuals actually takes place. Then you can know definitely what you can do with it. Last night and to-night, while the group of individuals is small in numbers, a Power is released, which were you to see it, you would scarcely believe your own eyes. That is what it means by the gaining of momentum.

This charge which Hercules is bringing to-night, is in answer to your long call. I want you to see, if you will, how the impulse within the feeling speaks with such Mighty Truth and Power; and again see how unfailing is your answer, how unfailing is your call.

This is the first time this Great Presence has come forth into the human octave in three hundred twenty-six thousand years, exactly. If you saw the calendar — I mean by that the eternal calendar which We have as the accessory of time held within the human octave, you would see it is exact to the day.

I do not mean that this is just because of its being the answer to the call of a few individuals. It means that the Light within the individuals acting thru the Higher Mental Bodies of each one, has responded to the Cosmic Impulse — which causes these calls to be made with sufficient intensity for it to be amplified so as to draw forth this Great Presence. You will never know, until you are with Us, what this has meant. You see the various Ones have been called forth, each One doing His or Her own specific Part; but the need among the students, to-day, is for a greater Power and Energy.

Now notice this carefuilly! I shall use the two expressions, because both are included in it. The refusal of the students to

give heed to the earnest call, to hold Harmony in the feelings, and their feeling of inability on the other hand to give that obedience, has made this demand necessary; for the students must have – and I mean by that, greater Natural Power of Protection. Therefore, these Beings who are the Authority for that particular thing must come forth to give It full release and if there were no other proof before us, that the Great Cosmic Law was going to compel the fulfilling of that which was thrown on the Cosmic Screen in the Teton, at the Messenger's first visit there, then this would be it.

One by one, the call of mankind has brought forth these Great Beings. Could you who are gathered here, fully understand and comprehend your power in your call at this time, you could transform almost any condition at once, whether it was in the government or industry. I almost hesitate to say this, because when you have so much to do in the outer I don't wish to impose more upon you; but after to-night, when there is some urgent need, if you who are here can be gathered together and for thirty minutes issue a Mighty Decree for the adjustment of whatever might be required, you would be amazed at the result.

I do not want you to feel obligated in any sense at this suggestion, but from time to time between now and the time you leave Chicago, you will find that there will be opportunities; but if you cannot be gathered in this manner, then notify each one and let it be done in their respective places before you retire at night. You see really the matter of your physical bodies being together in a group this way, while it is helpful, it is not always imperative. I have always hesitated to speak of it, lest in your rush of work, you feel in some way a sense of strain in doing it; for that is what I want you to get away from absolutely—any sense of strain—because when you really FEEL the Presence doing what is required, there cannot be any strain. It is only when you unknowingly in the feelings, feel too much responsibility in the outer that you begin to use your outer energy too much; because your call to the Presence will release and cause to flow thru you, every particle, every ounce of energy you require for use.

I would suggest, Lotus, that as soon as these transcriptions are finished or while they are being finished, try not to feel any outer strain or pull; but when they are finished, try to take just an easy steady preparation of the material for the magazine and for your future transcriptions so that there never is a feeling of rushing or taking any of your outer energy.

I would suggest that from the time you leave here, you would regulate things, so that it does not make any difference what the outer requirements are, you get on an average of seven hours sleep.

Tremendous Power and Energy will be released and We want you to feel at ease and rested, physically speaking, as much as possible during this time. A tremendous Power will be released in the Oakland class, to reach deep into the heart of that frightful, destructive thing which is gathering there because of the discord among those students and the heart of the focus there. The reason for holding the class in Oakland was not so much on account of a place, as it was to keep you out of that vortex or focus which has been gathering in San Francisco, because it does not reach across the water there.

I sometimes marvel that the students. after all that has been said, don't realize when these forces begin to touch or act thru them, that they don't stop, realize what is happening and see the force that is acting. Then, in refusing to give any response to it, stand guard over the power of the currents of energy drawn—but they have not done it. I say frankly, if it had not been for our blessed Mr. and Mrs. ———, that sinister thing would have brought great destruction into San Francisco, but seeing that they would hold the balance, I have not mentioned it before.

Oh, isn't it pitiful that people because they cannot have their human whims satisfied, turn into such destructive beasts? Really, I say that advisedly, because they become little less than beasts when they release such destructive desires and feelings just because they cannot have their human way. I am determined before the end of the Oakland Class, to annihilate that thing in San Francisco or know the reason why. That thing shall not destroy all that has been done there, or in the city either, which would very quickly follow, if that destructive force were unleashed there.

I say to you as the Staff and those not of the Staff who are present: Dear people, as you value your future existence, stand guard over any slightest sex desire that touches the world. Annihilate it instantly because, I tell you frankly, that sinister thing has become so diabolical that you must absolutely stand on guard in every way. If you will always, at the first intimation or prompting of disturbance of any kind, stop physically and call the Presence into action to annihilate cause and effect of it, then call to the Ascended Masters to amplify all the "I

AM Presence" releases, you will have absolutely no trouble in dismissing anything that touches your world – any discord or disturbance, and it is imperative because you are calling forth Great Powerful charges of Energy, so don't, please don't, allow them to be wrongly qualified.

Hercules is ready. I thank you, beloved ones, one and all, for your willingness to give the obedience. Oh, precious people, you may not quite see why I plead so earnestly for Absolute Harmony and Obedience, but it is not long until you will see and understand why I have pled so earnestly. (This was only a few months before the last of the black magicians were taken from the earth.) There must be a Focus wherein this Greater Power can be released, and there is no other place to do it. Won't you put aside forever any personal feelings for any reason that might be acting? Put them aside forever, that This Service may be rendered to mankind and the earth.

It is the application of mankind and the students which is needed, beloved ones. You have no idea how much that continued dynamic application is needed. I do not mean with any strenuousness at all, but just with great calm determination give the call. It does not make any difference what you are doing, you can make that call once an hour, if you will remind yourselves of it. It won't interfere with your regular activities in the least, for it only takes a moment to make that mighty call.

I do thank each one with all My Heart for your kindly cooperation and willing obedience. This release, to-night, has brought so much for which We had scarcely even hoped that I feel with your general activity and that of the Groups everywhere, We can accomplish what We desire. Do not be the slightest concerned about these individuals who spread falsehoods or discord. Just have no thought, except to know they have absolutely no power in any way. I will speak to you again at the close.

MIGHTY HERCULES

Beloved Children of the Light! in having come forth from the Great Power-house of the Universe, and you being a Part of Myself – of My Great Energy – in the fulfilling of the Law of the Incoming Golden Age, it will become My first and Mighty Duty to release My Power and Force thru the students who are loyal to the Light. I speak of it as a Duty, but it is really My Joy to render this Service and to show to the whole world that Students of the Light serving with Honor, Purity and Justice, are no longer subject to the viciousness of the destructive forces generated by mankind; as We shall endeavor in a comparatively short time to prove to the whole world.

With your recognition and acceptance, as a Focus of this Great Power which it is My Privilege to release, I will release a Courage, a Strength, a Determination and an Energy into and thru the students, which will brook no interference by destructive opposing forces.

Take notice of this: for wherever you have the opportunity, remember, you will be My Out-posts to carry this Help wherever you can to the young people. This is the point: wherever you have the opportunity, put forth that it is My Command, because of the need of the earnest sincere Students of the Light, that their calls be fulfilled! I have come forth to release My Courage, Strength, Power and Energy into their worlds, so they may be the Fulfilling of the Law in their service and call to the Light and stand before the whole world, as an example of the Victory of the Light.

I want more of the students to stand forth that Victory of the Light! The Messengers have proved this Law and Truth to the whole world! We have been working to this point thruout the Class Work; and now, to-night in this small way, you will understand why I have pled so earnestly and why I had to do certain things, beginning in West Palm Beach, to bring about the needed Harmony to come to this point, wherein this Help could begin to find action in the world of the "I AM" Students.

Dear ones, please, if you have ever had in your mind any question of the Reality of this Great Law or of Our Presence and Reality, dismiss it forever! This Law is Mighty. It is Real and you are acting only the Great Truth—the Mighty Law of Life. Ere long, as you come into the greater understanding and explanation of this Great Law, all these greater Powers will become just as natural to you, as writing your name or going into the kitchen and preparing your food, or whatever it may be. I hope it is not long, until you won't even have to do that.

In those ages before, mankind lived in such great Freedom because of their Great Purity of thought and feeling. Think what it means for your food and clothing to only formulate into what you require and it is there before you. It is all natural. It is a part of your Life and the Substance is always about you. Perhaps that is not quite correct. It is not always about you, if you are feeling great inharmony, so I should qualify that statement; but where there is complete harmony within the feelings, that Substance is always about you, ready to come forth at your service.

Look about you, at the Great Assistance you have to-day in the Great Friends that you have acquired who, in the interim, might be quite willing to serve you. I served those who came to the Cave of Symbols and the Rayborns. Why wouldn't I be just as willing to serve others? At those times, there was absolute Harmony manifest. There could not be a mistake made by any wrong qualification because there was no desire for discord or allowing it to manifest. Then, do you not see why it was possible for all that was accomplished to be done for the Rayborns and Bob, whose Life was one of happiness and Harmony? Even in his contact with the outer things in college and school, still the Harmony was great enough so that there was no thing in the outer world which could over-rule the Out-pouring of Light from his Inner world. There was nothing to anchor to that which would later become an activity of inharmony within his world.

You are all now coming rapidly to that point where you are entering into the identical same vibratory action which they were in at that time. So, it would be well to be patient until the fulness of that arises; and as these things begin to take place, well, just as it was with the Messenger, all these greater manifestations will be perfectly Natural as the other things you are accustomed to—for when you have observed one manifestation or you have experienced a thing twice or three time, it becomes a perfectly Natural activity to you.

For instance, in using a Light Ray with power to drill a hole in solid granite is the same Power, the same energy, that all human beings are using daily, only brought into a more concentrated focus just as you take a reading glass and focus the Sun's Rays upon a piece of paper and set it on fire. If you move the glass around, you won't do it.

Now to-day, you are coming into this Reality of Life in which you, thru your physical body, become that focus of concentrated energy called forth from your Presence, just as the reading glass represents to the conditions of the outer world in their constant shifting, changing activity. Don't you see, beloved ones, the reason instantaneous manifestations do not constantly occur, is because of the constantly shifting feeling — like that? It does not hold steady long enough to let the Power and energy act.

When you hold the human attention upon a concentrated point of activity, you steadily and surely build that mighty focus, which when you want to call it into a point of action and hold it there, will give obedience; but it takes many times

a tremendous recalling, recalling and recalling of a Focus by that power of your attention, before it will stay there steady enough to let this Power flow forth and do the thing which means the instantaneous manifestation.

You are at the point where you can just as well have it as not, if you will just maintain Absolute Harmony in the feelings. Oh, don't be concerned what somebody else does or says. It is not important at all, but it is important to maintain harmony in YOUR feelings.

I say to you, and beloved ones of the Staff, this is for your real great encouragement: "Never in two hundred thousand years have any human beings called forth the respect and Love which today is given the Messengers and the Staff. If that is not the proof of the Great Power of Divine Order and Justice and the right use of energy, then I do not know what could be done to produce a greater. The Messengers have built up, formulated and proved to the whole world — the Universe for that matter — that their application has produced these gigantic results. When you can produce these results, then any one of you, thru your application, can produce the same identical result; but you have got to be as obedient, happy, willing and determined as they have been.

Remember, ever since the Messengers returned from Honolulu, this point has been stressed and brought forth: when you have served the Light enough, and that means by Harmony maintained long enough in your feelings, then the Power of Light turns and begins to serve you. Then, as you call Its Mighty Power of action forth again, again and again, you retain — well let us put it at a very low average — you retain at least 60% of the energy which you call forth for any given objective, many times much more. That is sufficient to give you an idea. Now the word "momentum" sounds quite ordinary, doesn't it? but don't you see that in every call you make, you retain the greater part of the energy released? You do not see the outer manifestation of it always, but out of that Mighty Energy called forth, you are retaining let us say 60% of it. Don't you see in every call added to that, you have soon gained a momentum in your Life Stream of activity which makes you an Invincible Being? Do you not see how all this is a Natural Law, going forth — just your own Life? There is not a thing unusual about it.

You have got to take the human into firm command and simply take your stand with your human self — that "now you are finished! Henceforth you are going to do what I tell you

to do. Remember that I AM the 'I AM' "! When you say: "You are going to do what I tell you to do," it means that the "I AM" is asserting Its Authority and Dominion in your world and the human must subside and give way to It. That is where the Great Victory comes so quickly. That is how your answers will come more and more instantaneously, which will give you the courage and confidence that it has always done.

I tell you once individuals realize what Complete Harmony means, constantly flowing just like that (motion of hand) all the time thru your body and world, there won't be anything in all creation which will ever disturb It. You know the human all thru the ages, has tried to assume authority and of course it never had any. It is just an assumption of authority; but when the Harmony within the feeling world comes to a certain point, then the call comes into action and the "I AM Presence" becomes the Authority. Always maintain humbleness toward the Power, but a greater positiveness toward the human qualities and conditions.

That will be so, as you have observed in the Messengers. The fulness of that Power will withhold Itself until It sees that you have taken command enough of the human qualities, so they are subject to your command.

The various Ones who have been charging Their Qualities forth into the feeling world, have prepared — Oh, let Us say 70% of the sincere students. That is why We were formulating the lines and Currents of Energy to-night before We began, so that while I am talking to you, this will reach into the feeling world of 70% of these students in America and the world. Do you realize what that means and how far reaching it is from this point — your seeming little humble Focus in the world of the human octave — and what it means to the whole earth?

Now to your opponents that would sound like egotism, silly nonsense, but it is they who are unfortunate. How pitiful and how unfortunate are those individuals who try to oppose this Light or the Messengers! They are the most pitiful beings on the face of this earth to-day. Try to feel that and be at peace and rest, concerning anything they might try to do and in that will come the complete release in your feeling from any disturbance.

Jesus said to Us only today: "To think that of all the vast number of mankind who claim to represent Him and to preach in His Name — when the Truth, the Light, comes forth — that they could be so insanely vicious;" but He said, "Still some of these individuals opposing this Light, to-day, are the same ones

who caused My crucifixion two thousand years ago." They are the very same individuals come again, and when there comes such violent opposition as these two unfortunate individuals have poured out here, you can be sure that comes from a long gained momentum. However, to-day, with great speed their accumulated energy is being exhausted and they will never gain or gather any more.

So in this, you see how the old statement that evil really destroys itself is very true because the Light really never destroys anything. It draws Itself in battle array and the destructive qualities return upon their creator and the creator is dissolved. That is the Great Law of Life, but remember even before the sinking of the last remnant of Atlantis, when the whole Province sat at their tables and received their food and clothing without human effort, still they did not have the Understanding you have to-day, because it could not be given forth.

Don't you see, beloved ones, unless this Chart of Life came forth, it was impossible to give the explanation of the Fulness of the Presence of Life to hold the balance and anchorage of the Power of Life, within the feeling world and human form? You could not do it otherwise. Nobody can! No one ever did! No one ever will! Only when the Cosmic Light commanded that This Ascended Master Instruction of the "I AM" come forth, did the people have permanent help because your Beloved Saint Germain was the Lord of the Seventh Ray, compelling Him to be the Spokesman for the Incoming Perfection when it came forth.

It was not that any One of the Seven Representatives of the Seven Rays might not have done the same thing, but His Ray compelled Him to be the One to bring in this Light. He knew this long ago, even long before His Ascension. He knew that He was Lord of the Seventh Ray and He knew whatever came forth into earth at any given point, must came thru Him; but little did He dream — you might take Me to task for this statement — little did He dream at the time of Washington, that it was possible for this accomplishment to come forth to-day.

Again, I say to you, that until individuals have proven themselves, you cannot tell what the human of them will do. He knows that very well. He would not say this to you, but I shall: Can you imagine His disappointment when at various times, He has drawn you to a certain point, then some little inharmony or disturbance in some one or more of you, prevented His doing the thing He had planned at the time? This should not be depressing, but it should be of the greatest Joy,

encouragement and strength to you, to stand in firm command of your feeling, so the fulness of all He requires can be released at any time. It is magnificent.

Oh, dear ones, there is nothing to be unhappy or depressed about because you have made a mistake once in awhile. You have made a lot of them in the past and they are so much less now that every mistake should be the greatest encouragement to be firmer so you do not make any mistakes again. That is why to-day, in all which confronts you, it should be the greatest, most joyous achievement. Suppose you make another mistake or two more, what of it? It should be the greatest prompting and encouragement, to arise in firmer determination and do not make the mistake again.

Thus do you become so easily and quickly Master of yourself and your world. That means the control of the energy which flows into and thru your world. Oh, just think of it! THAT ENERGY IS ALL-POWERFUL TO DO YOUR BIDDING; ALL-POWERFUL TO PRODUCE ANY EFFECT IN YOUR WORLD, IF YOU WILL SO DECREE, DETERMINE AND STAND UPON IT. OH, DO YOU NOT SEE WHY? YOU ARE STILL HUMAN BEINGS YET, BUT IN YOUR COMMAND AND SCEPTER OF POWER, WITH ALMOST ONE WAVE OF YOUR HAND, IT WOULD SET YOU FREE IN FULL DOMINION. YOU ARE AT THAT POINT, ALL OF YOU.

Oh, surely there is not anything of the human that would be in a single instance an incentive to hold on to it, in the face of this Great Joy, Happiness and Perfection which you are ready to step into, take command of and use with Infinite Power. Oh, it is so very wonderful!

To-night, as I am charging into your world My Strength, Determination and Limitless Energy, remember — truly, It comes thru your Presence, but wholly apart from your individual effort; for in your co-operation with My Effort, there should not be one thing in your world which would ever disturb or irritate you again. Now this is being offered and it is up to you to co-operate and hold that dominion or not. I have no desire to compel you to do it but it is offered with so great a Kindness. Not only that, but with My definite Assurance and with your co-operation definite results are a fact, as powerfully and perfectly achieved as if you put one foot before the other.

Just think of it! There is not a person drawn into human embodiment who does not have something which is his or her

specialty, in which by accumulated energy that one may excel. Then as you go forward focusing upon some one definite thing, before you scarcely know it, you have become the Master of all.

Look at your Beloved Saint Germain to-day, Who is a Perfect Being. He can be the most Perfect Musician! He can be the most Perfect Artist! He can be the most Perfect Business Man! He can be the most Perfect Diplomat! It only means His focusing His Attention upon the thing required for action and there it is. Now you have the same privilege to-day, in perhaps a lesser degree of course; but in a Sufficient Degree, that would make you the Commander of the energy you call forth in your world to produce a given effect for you.

Beloved ones, remember that as this Cosmic Light comes forth and transforms the tragic desires of mankind into the desire for Great Perfection, the Perfection of art and music will be in such demand for the whole world will be craving it because of the transformation which has taken place in mankind's feeling world. Then the Beauty of the Ascended Masters, the Beauty of face and form, the Beauty of landscape and the reproducing of those beautiful places which are in the Higher Octaves, will come forth. Their likeness will be on canvas before the world to draw the attention of mankind to the Perfection that it is possible for them to attain.

Would you believe Me when I say to you, that under the present conditions, as it seems to-night, that before ten years are past, the modern art will be almost forgotten. The jazz music will be a forgotten thing, and this is one thing which might be well to do in your Decree Work. It is not so imperative, just now, but when you think of it, formulate your Decrees for the dissolving and consuming of the cause, effect, record and memory of all jazz music. It would be a very great service rendered and would help mankind to forget more quickly the conditions which they have passed thru (meaning the viciousness of the black magicians imposed on mankind for centuries past). I say "passed thru" because they largely have.

In the Perfection of the musical instruments which will come forth, there will come the qualities that will harmonize the people much more quickly. All strain in the feeling world of individuals will be dissolved, as you have found in your vibraharp, by the great soothing healing power which that particular vibratory action holds. This will be so in the music! These songs which the Messenger has brought forth, all contain that same vibratory action, which is Healing, Soothing,

also Purifying and Freeing because the qualities there, become the purifying activity by the vibratory action released.

Do you realize, dear ones, how you in your greater attunement, have become a tremendous focus for the Out-pouring of these wonderful qualities of Life which have been pushed back thru the centuries? Think how many individuals have tried to pour this Perfection thru, getting only a fragment; and they have had to give it up, because of the inharmony within their Life Streams.

I tell you, beloved ones, surely there is not anything more pitiful in the whole world, than when you stop to realize and think how long Life has been waiting to pour Its Great Perfection out thru Its Outposts – human farms – and because of too great inharmony, It just had to give it up, wait again and try again. Sometimes it did temporarily bring forth results.

Now this might sound – I am sure to your ministers, it would sound – sacreligious; but I call your attention to both masculine and feminine elements in your earthly pilgrimage where in childhood, they have held close contact with their Great Presence, even with the Angelic Host. Yet as soon as they were married and drawn away from that Ideal, the contact vanished. I presume almost every one of you knows some instance in your experience where that has been the case. Now that should not be; but if there is not complete harmony between individuals, then the result of the inharmony will crush the Light out of the individual who is not strong enough to stand against the accumulated energy charged with discord or whose Light is not strong enough to control the other.

Oh, I could show you thousands and thousands of instances in Life – to-day in this embodiment – where individuals, both masculine and feminine, have come forth with that Great Ideal of the Light surging forth. Yet, when the attention was drawn downward, the energy was released and all of the Light vanished just for a few years of human sense gratification. It is not worth it, dear hearts! It is not worth it! To think of all the Perfection mankind is deprived of, because of the human sense gratification! Yet, the human element of the world is battling as for its Life, against the Ascended Masters' Qualities of Purity, coming into the experience of mankind to-day; but it might as well acquiesce, because the Cosmic Light is COMPELLING It to come forth! Mind you, that is acting within the Life Stream of the individual, amplifying and intensifying whatever Ideal is there within the individual, with a Power which will give It the Victory.

Q. Is there not a great Cosmic Being, called Purity?

A. Yes, and by these calls, We are hoping it will enable Her to come forth! She has long, long wanted to come forth! Ever since the beginning of the decline of the Second Golden Age, She has remained in the Great Silence and has not come forth in a single instance. Her disappointment was so great, when mankind began to turn their attention down and away from the Great Glory and Perfection of producing their kind thru the projection of the Light Rays – that proof will have to be given that a few of mankind are ready to return to the original Perfection, before She would ever come forth again, but that is possible!

Once, She can be shown that this is again taking its manifestation on earth, then She will gladly, readily and willingly come forth and of course from that time on, great would be the Glory upon earth. That proof cannot be given from the Ascended State, IT HAS TO BE GIVEN FROM THE HUMAN STATE.

Q. Can't we call for that?

A. Yes. How you beloved ones have touched the Great Harmonies – the great Heart Throbs, within the Great Silence to-night! Oh, hold it, beloved ones, let Its Great Power flood your being and world with Its Happiness, Joy and Perfection. Just think of it! From your small humble focus there has gone forth these Mighty Currents to-night, all over the earth and here you sit in comfort and the enjoyment of each other's company. To the outer, it might even seem incredible that such a gigantic thing could be done in this quiet and unassuming presence and atmosphere. How little the outer knows, and yet, when ready and willing to give the obedience necessary, how gigantic becomes the Inner Action which will one day bring you into the full Consciousness of Its Activity and Inner Vision of It!

Q. Why can't we give a mass Decree to consume all mankind's disobedience thru calling to the "I AM Presence" of each one?

A. That would be a very fine thing to add to your Decree Groups. I think you do cover it in some way more or less but to make some specific Decree to dissolve and consume all mankind's disobedience, would be a very splendid thing. Call for the consuming of the cause, effect, record and memory, for that is important in all your Decree Work because to take one part of the Trinity is not the fulness of the Activity of Victory. You see it is always cause, effect and memory, which is the Trinity

of action that runs thruout all things. To dissolve one of the points of the Trinity, would not be complete Freedom.

You have watched in your own progress, how at first, you took up one angle, then you took up two, now you are using cause, effect, record and memory, which is the completion of the thing and it is so far reaching. You do not really comprehend only in a small way what is actually being done every day NOW in this Mighty Decree Work. Take these various activities of dissolving cause, effect and memory, well it means that all of the accumulation of that thing has met its complete annihilation.

I tell you, dear ones, try to feel and understand the Great Privilege that is yours to-day — the greatest of centuries. Again, I say to you, our orthodox friends would be wailing and gnashing their teeth; but Jesus Himself said it only to-day — that your work is so far surpassing that which He did, that there is no comparison; because at that time He could reach so few people, but to-day, because of the marvelous transportation which people now have, you can go in a few hours from one part of the United States to the other to be present at the classes.

Oh, dear ones, think! — there attached to your own physical heart is the Greatest Power, the Greatest Power-house in the Universe — ready to release into your world all the money you want! To go about and be where you please! Do what you please! Then to think mankind still do not believe that they have the Power to call that forth when there It is anchored within your own physical heart — the Power which does it.

The Great Divine Director was speaking to-day of the changes in your fruits and vegetables which are already coming forth into manifestation to some degree. Great will be the changes and not only that, but when your America enters into its semi-tropical activity, your fruits — for instance, your peaches, plums and cherries and, Oh, many other kinds of fruit, will become twice or three times, sometimes five times their present size and with a lusciousness that is unknown to-day because there will come forth an element which will spread over the ground as a fertilizer and no vermin of any kind will come near. This is already beginning to come forth. Then, there will be nothing to disturb the Perfect growth and production of vegetables and fruits. It is a wonderful thing!

Blessed ones, just think even in the past ten years, of the transformations that are taking place of which the average individual is wholy unaware. Only you, to-day, who are becoming more alert, are taking notice of these changes of con-

ditions. They are going on with great speed. Saint Germain has told you about many of them and called your attention to them.

This is the transforming age, for the Power of Light is taking Its Dominion! As you have been told so many times, the Power of Light knows no battle nor resistance. It just moves into action and with your call in the acknowledgment of It – how marvelous, how magnificent becomes your part! Then, you become a focus for that Perfection producing Its Perfection in your world – aside from the general activity to mankind and thru Nature.

Do you think Nature would be forgotten in the Perfection mankind are calling forth for themselves individually and for the nation? Do you think that Nature does not understand and rejoice at your blessings which you call forth upon It, just the same as an Individual? Don't make any mistake about that! You are almost ready for Its Out-picturing; but what do you think the Four Elements will do for you, when They find that you are staunch and unyielding in calling forth Perfection for those elements? Don't you think they will turn and serve you with all Power, and THEY ARE ALL-POWERFUL IN THEIR OWN ELEMENT.

Oh, that you could see and understand what it has meant in your call to Oromasis, Prince of the Fiery Element; how the attention of all the Beings of that Element have been drawn to you – as a Focus, in calling forth the Perfection of Life. When you need something from Their Element, ere long, They will offer it.

Of course, I see you do not, but try to comprehend the tremendous statement which you have all uttered so many times: "All comes forth as a Glad Free Gift of Love from the Ascended Masters." Do you realize the Power of that? All IS a Glad Free Gift of Love to mankind in your service to mankind. One day you will realize this, when you fully comprehend what that means! It is Life. That is Life acting in Reality, because Life produces all, as a Glad Free Gift of Love.

Mankind have said: "I am the owner; I am the possessor; I am the custodian; I am this and that of all that Life has produced for the blessing of all." Oh, the day that mankind understand this which I say, what a great transformation will take place! As you give all to Life, Life will give ALL to you. That does not mean mankind shall sell their houses and lands of which they are custodians and go out with a beggar's bowl. It means nothing of the kind! but it does mean giving back into

service which is required, the Pure Energy Life has given forth uncontaminated by human qualities. Then, mankind will have fulfilled the Law of Life and the return for their service to Life will be in the amplification of the energy thru the call of mankind. They will find Its immediate release of Protection and Perfection in their Life and all their Streams of Life contain. It is the most Natural Wonderful Thing in the world.

Now when you awaken in the morning, watch your thought and feeling. Do not let one FEELING say to you: "That sounded all very well last night, but my application of it might not be so easy." Enter into it! and see whether it will be easy or not! FEEL on awakening in the morning Our Great Joy and Enthusiasm, and your ability to call forth that same Power and produce exact results in whatever you want to have come forth! DO NOT LET ONE FEELING YIELD TO ANYTHING ELSE. You are Master of yourself and your world.

You know the old statement which was so often given forth in half faith to encourage mankind: "Every cloud has a silver lining." I say every cloud that has crossed your pathway has a golden lining! It is so wonderful, beloved ones, that you are coming to understand a little of why gold was placed within the earth and why mankind have fought and shed blood — each other's blood, for gold. They did not know why they were doing it but it was because gold represented the Perfection of all Life to them! In the density of their human consciousness, they felt it as a possession for commercial reasons. They felt a great impelling force, but they did not know what it was or how to govern the acceptance or recognition of the Purity which it brought to them. Thru distortion and requalification of that great impelling force, their feeling became depravity instead of the purity which was the Inner urging Power that drove them forward to possess gold.

I suppose I shall need to be held in check, too, for I long to sweep everything into action, to produce the change in your architecture, in the Perfection of everything that could be so quickly and easily done with mankind's sufficient response. You do not realize — pardon Me if I say it — how we feel, when We have the Power, the Willingness and the Readiness to just roll back all that imperfection which has been folding its mantle about you and the world's limited activity and make you forget that limitations and destruction ever existed. Then unroll that Great Scroll of Life into action, carrying with It the fulness of all that Great Joy, Perfection, Strength, Power and

Energy mankind have always craved, but because of their inharmony could not have. Yet, the Ascended Masters represent to you the fulfilment of all that Perfection!

How can mankind know the Perfection of which the Ascended Masters are the embodiment to-day? How could the world ever know of such a thing, except thru Someone who was manifesting it? Because unfortunate ignorant individuals do not understand that certain Laws of Life must be complied with for the visibility of these Great Perfected Beings to come again into their midst, is it the fault of Life or the fault of the individuals? Of course the fault of the individuals, because they have not been willing to harmonize themselves enough to have it.

How do you suppose your Beloved Ascended Master, Jesus, feels when He sees what the people are doing? While this time, He will not permit such a thing to take place just exactly as it was two thousand years ago, His so-called representatives — were He to come forth — would be the first ones to deny Him but such are the human qualities of mankind!

Do you not consider yourselves most fortunate to be getting out of human qualities? Dear ones, think how near you are to-day, to the point where We could stand you one by one on the floor and have others observe the change into Perfection which would pass into the human form, there before your eyes. Oh, do you not see in that human structure those magnificent Glorious Points of Light within the cells of your physical bodies? The Light Pattern which was placed there to produce Perfection, Beauty and Symmetry, you have clothed by discord in the feelings, until the Light in the cells is shut in. Yet to-day, there should be the greatest rejoicing on the face of the earth because you have become aware of the Law of Life — why the darkness clothes those Points of Light and how you can now remove it! Oh, there is nothing in the world to be sad about. There should be the greatest rejoicing in the world, because you have come to know the Law of why and how to remedy the conditions in every way. Oh, It is so magnificent.

Now remember, My Presence to-night, is MY COMMAND for My Energy, Strength, Joy and Dominion to take Its Place in the feeling world of each one, so It holds such complete obedience of the human that the fulness of this Great Outpicturing of Perfection must come forth speedily.

Q. Do you form a Triangle with Arcturus and Cyclopea?

A. To some extent, yes. The Beginning of My Work will be independent for the present, yet We do formulate from the

Cosmic standpoint a Triangle to the earth. For nearly four hundred thousand years within the Great Silence, the Great Cyclopea and Myself have co-operated in the release of the Mighty Currents of Energy, which you here in the human octave would call precipitation. In Our Octaves of Light, It is the natural flowing Projection of Life; for in Our Buildings and Our Grounds — I am using your own expressions here — such Beauty and Perfection as are almost inconceivable to your present comprehension, exist there just as naturally as you breathe. It is all just the Law of Life, Its Perfect Understanding and Use. All in the Universe would be of no avail, if it were not of use. So it is with you to-day.

Your energy released, if undirected, does not produce any definite results. If you had a spot on fire out here, and you turned the hose on it to put it out, if you took the hose like that (motion of the hand) and sprayed the water all around, you probably would not put out your fire. When you turn the full force of the hose upon the focus of the fire, it would go out. It is the same thing with your energy. It has been flowing forth undirected, when you could take hold of it and say: "You come here and you remain concentrated there until this thing is accomplished, is completed; and don't you dare leave it"! The energy would remain there in action to accomplish at the point of achievement, that which you desire but the fluctuating of the human attention is so inconceivable.

Mankind have always been using this Great Stream of Life but it is just as if your human self takes hold of your Life energy and spreads It broadcast. Here you are, the Blessed Presence, but where am I, the little human self? Depleated, exhausted! Because you have scattered your energy broadcast like sowing seed in the springtime. Yet here is this Great Stream of Life, the Power of the Universe, which you could direct as easily as you point your hand upon a given objective and hold it there, until the achievement is attained. It is just as natural as you sit down to the table and eat your meal; but because your attention has been let to run wild and YOUR ENERGY WITH IT, you think you cannot do it. Nonsense! Abject nonsense! You can start in to-morrow morning, you can focus your energy upon an objective, hold it there, and compel it to stay there, until its achievement is completed.

For instance, if one of you in this room would stand on the floor to-morrow morning and say to all these individuals, speaking directly to them: "Cease your power of destructive activity! Cease your falsehood! Cease it I tell you and be

silent!" it would be so, if you realized the Power of your energy released thru your command and it would be quiet.

I tell you, beloved ones, everyone of you must put down all feeling against each other. If one does something the other does not agree with, what of it? Pour forth only Great Love and kindness to each other and great thoughtfulness and consideration to each other, as you value your progress. It means everything to you.

You might think I am presumptuous; you might think Me undignified, but I say to you: "You have received a Cosmic bath, and a very efficient one; but this Cosmic bath, it will not be necessary to repeat as often as your physical ones. You may be sure, when you have utilized this which has been released to you to-night, that your Power will be permanent. You perhaps don't quite understand Our Cosmic baths, but We always supply the Garment to wear after the bath; so that has been done to-night.

When they told Me as I came forth, that there were those two beings in human form to whom I could flash My thoughts and have them repeated in the language of the outer world to-day, I thought for a moment, they were joking with Me. It is many long ages since this has been able to be done in this manner. I congratulate you, beloved Lotus and beloved Godfre, on being able to give the obedience necessary to come to this point. I congratulate you, beloved Staff for being willing to give the obedience necessary to belong to this Great Focus of Light. How you should rejoice! and those friends who are present who are not members of the Staff, you are to be congratulated to be the friends of the Friends of Light.

What a glorious word is that word in the human vocabulary —True Friendship! It covers the greatest scope in the Universe. True friendship in which there is no selfishness, no jealousy, no condition but just the Outpouring of Divine Love and Blessings, one to the other. The greatest thing in the experience of mankind is Friendship; Friends of the Light; Friends of Its Purity and Perfection; Friends of the Great Desire for Perfection, which brings Its Limitless Reward to all.

I cannot tell you how incredible it sounded to Me, after waiting so many hundreds of thousands of years, to think that such a Focus had been formed on earth and yet, I found all that had been said to Me was True on My arrival; and may I be a part of this happy earthly family, to render the Service of the Light to your fellow man?

All that has been done to-night, is beyond description. Oh,

the humbleness of Life! From here there has gone forth one of the greatest Blessings yet poured out to mankind; because the combined forces of the Ascended Masters and the Cosmic Beings have gathered here to render this Service to the earth and mankind for the protection of your America. Your calls have not been in vain. Aside from the Blessings which have come to you individually, I am sure this will always be a great memory to all who are here! May each heart rejoice forever, and may I be of such service to each one, as to give you the full consciousness of your Victory and Freedom at once!

I say adieu to you, but not good-bye! Try to feel how great My Love, My Satisfaction is, to find this condition upon earth. I shall try to come, as opportunity offers, to continue to expand this begun to-night. Possibly We can meet once a month to carry on this which We have started to-night.

Saint Germain wants to say a few more Words to you.

SAINT GERMAIN:

Beloved ones, I shall leave it to you, to hold the Sacred Memory of this beautiful night. With a powerful telescope lens camera, I am sure that you would be able to make visible the Radiance about this place to-night! For a radius of fifty feet around this place, there is a Blazing Light, which was the Light drawn forth by this Great Presence.

May I offer one more suggestion? As you retire to-night and awaken in the morning, will each of you make a definite practice of projecting the Mighty Power of Light before you and so harmonize, take command of all conditions about you and your world, and hold such complete obedience of all qualities, that not a discordant thing can find expression in your world? Begin to practice the projection of this Mighty Light Ray before you, which will hold Its Dominion and Perfection that you are no longer subject to the discordant things of the outer world which can just as well be dissolved before you reach them, as to have to experience them thru the physical body. REMEMBER! YOUR APPLICATION MEANS EVERYTHING! THE LAW DOES NOT ACT WITHOUT IT!

As you keep calling forth the Great Power of the Light, the Mighty Light Rays to go before, cleanse, harmonize, perfect and take full command of all your activities, then will you find yourselves moving in a charmed world of Harmony and Perfection; and the discordant things which would other-

wise contact you thru human beings, will find it impossible to act. While in the Radiance of your Presence, all will experience only Perfection and act only harmoniously, giving you Divine Order and Divine Justice. It is right at this time, that you should begin to draw forth this definite action.

Remember, beloved ones, you are no longer plodding children of the earth, but shod with the "Winged Sandals of Light" which carry you forth with this Limitless Energy which produces Perfection everywhere.

I congratulate and thank you for this opportunity, in behalf of Myself and all the Great Ones; and I am grateful that you are now beginning to comprehend what the Victory of the Light really means to you. It is very beautiful and wonderful.

Refrain as much as possible from ever referring to destructive individuals or personalize them, for they are powerless. Hold such dignity in the Constructive Activity of the Power of Light and Life, that it commands the greatest respect of every individual, even your so-called enemy. There is nothing to battle! Call forth the Power of Light and It becomes Its own Victory everywhere!

You to-day, who have become the Bearers of the Light, have your homes everywhere. The Great Presence of Life and the Power of Divine Love welcome you everywhere and the homes are open to you everywhere. Is it not a beautiful thought? Is it not a beautiful Reality, that all Beauty and Perfection in the acknowledgment of the Great Presence of Life, have become yours to enjoy, and it is so with all of you? As the greater and greater Harmony has come into your Life, so does Life begin to flood your world with Its greater and greater Beauty, Perfection and Abundance in every way.

You may find, that I am a rather Desirable Grand-papa. I thank you beloved ones, and in the Fulness of that Light which is your Perfection, your Dominion, yours to command, I bid you good-night. May the fulness of all Peace, all Joy, all Happiness, the Limitless Supply of all good things, the Limitless Supply of all money which you require for use, be yours at once in the Power of your Almighty call to the Treasure-house of your Presence.

Ere long, I am quite sure, you will all come to know what it has meant to make the call that "Ascended Master Friends" be raised up everywhere to bless you.

Good-night and Our Blessings enfold you always to your Perfection.

SANAT KUMARA

After two and a half million years, many times in various parts of the earth, humanity did reach a very high state, but no civilization, no people, can ever have a permanently sustained attainment, until they have known the "Mighty I AM Presence," which gives Life to the earth. Those various civilizations did NOT know that as you are privileged to know It to-day. May the full Power of My Feeling enter into your Being to-day, into your feeling world and not only dissolve all human creation which is there, but cause you to FEEL your association with Me.

SANAT KUMARA

Oh, that you might all understand clearly that the atomic structure of your body will obey your Divine Orders as quickly and completely as you would mold dough into any form. It is only because mankind have felt that it was difficult and thru allowing the atomic desire, which has grown within the atomic structure of the body, to hold its dominion, mankind have thought they could not govern it. That is a mistake. Just as soon as the atomic structure sees you are master and will not yield to it, it will obey you instantly. That is what you need to know!

SANAT KUMARA

Chananda gave you such a Magnificent Idea. I hope you will hold It and keep contemplating It, until you get the full power and significance of It. When you call the Light into action in and thru your body, It just sweeps out every imperfection of every kind. Then as the imperfection is swept out, of course the Light will naturally replace it in the atomic structure of your body with the Self-luminous Intelligent Substance which is wholly Perfect.

SANAT KUMARA

Do you know that in the contemplation of your "Mighty I AM Presence," thru your Higher Mental Body, your discrimination and comprehension is set into action which will be the Only Acting Presence within your physical forms and within your brain structure? That is why in the attunement of the brain structure, it must be rarified in order to catch the finer vibratory actions and get them clearly.

This means certain definite discipline is absolutely imperative! That is why you have been urged to follow Saint Germain's Directions because the Ascended Masters know just what you require. If you will continue to follow those Directions unerringly, the Fulness of that achievement will be very quickly attained; but if there is rebellion in the feeling, even unknown to you, then it delays the Perfection coming forth. So, I urge you to call your "Mighty I AM Presence" to take out every feeling, known or unknown, which would in any wise act upon your outer attainment. That is important, because there is so much of which you are outwardly wholly unaware.

SANAT KUMARA

It is so important to remember that the Light as It floods forth into the world, knows no struggle or battle. It just moves into action and everything before It unlike Itself, just ceases to be. That is the feeling I wish to convey to you to-day. As you call your "Mighty I AM Presence" into action that is the exact activity which takes place. There is no battle! There is no strain! There is no anxiety! It just moves into action and all unlike It disappears. If you can feel that with great earnestness, you will find it can only bring a Real Peace within you which lets the Powers of the Presence flow thru without re-qualification.

· LETO, BLESSED LETO ·

IT is our very great privilege to announce the release of a new song—"LETO, BLESSED LETO" by our Beloved Ascended Messenger, Godfre Ray King.

Thru this music and lyrics the Glorious Ascended Lady Master Leto will pour to those who direct their attention to Her, Her special Service to all who seek the Constructive Way of Life; and teach them how to go forth from the physical waking consciousness into the Octaves of Light

and return to the body consciously and at will; just as one goes thru the door of a room retaining full comprehension of all he or she is doing each moment. This service will never be rendered any one who is selfish or would misuse the information given.

Her Assistance will be given only to those who are obedient to the Highest Ideals and Honor of Life. Thru the use of the Violet Consuming Flame one can purify one's self to the point where thru the call to Blessed Leto, She will come and escort that individual to the Inner Octaves of Light; and help that one to the complete use of many of the faculties we all possess but know not how to use in their fulness. All can have that Assistance at all times, if they will understand this Ascended Master Instruction of the "I AM" and give obedience to Her Requests.

The cover design is the likeness of our Beloved Leto and a Gift of Love from our beloved May DaCamara whom we thank and bless without limit for her blessed service.

This song was first sung in the Philadelphia Class—which was held in Washington, D. C., and is dedicated to the city of Philadelphia. May it release the Mighty Cosmic Victory of Eternal Freedom and Divine Justice everywhere thruout that city and make of it an Eternal Alabaster City of Light for Freedom and Divine Justice to all mankind.

May everyone on earth use this song and call forth all Beloved Leto's Power to set all free as quickly as possible in the Eternal Victory of the Light of God that never fails.

· LANTO'S DISCOURSE ·

Sindelar's Group—June 24, 1937

BELOVED Children of the Light, I bring you Greetings from the Royal Teton—Its Love, Its Harmonizing, Its Perfecting Activity, to anchor within your feeling world, those identical Qualities.

Does it seem far away? Does it seem unusual to think that in your America, there is such a Mighty Focus of Light? There are unfortunate individuals who doubt these Realities, dear hearts. Do not be a part of that! If doubt besets you and you think the experiences of this good Messenger are untrue, the loss is yours! We tell you they *are* true! We cannot do more than that; but We want you who are so greatly in earnest, to feel It. In removing from your feeling world all doubts concerning the experiences, which are the Foundation of this Work, you will establish an acceptance, a receptivity in your world which is not otherwise possible.

Remember! There is no unascended being, who can carry you as far in the Knowledge and Understanding of the "I AM" Presence as an Ascended Being, is there? I ask you the question! Be on guard, beloved ones! Do not allow ordinary human beings to say, that they can teach you more than Saint Germain. Such would be a very great mistake! You would be deprived of the Glory and Blessings which holding fast to your "Mighty I AM Presence" can bring. After all, do you not understand—everyone of you—that your "Mighty I AM Presence" is the *only* Teacher in the world for you? Saint Germain has pointed the Way in a magnificent simplified manner. If you will walk in It, you will have your Freedom so magnificently. No unascended being can give you that!

I say this again to prompt you. Dear ones, do not let any unascended being side-track you from your own "Mighty I AM Presence" and this Magnificent Work of Saint Germain's. You are the loser, if you do. As this Great Momentum is being gained by the Power of Radiation from the Ascended Masters, you will one day see the magnificent accomplishment which will come out of it to all, who will stand steadfast to Saint Germain.

There is one thing I want you to understand definitely: any student in America, or the world for that matter, who draws aside from the Radiation of Saint Germain, will *not* have the Radiation from any other Ascended Master. I am saying this, to-night, not in criticism of anyone but for the protection of the students.

Since Saint Germain has proved the Truth of the Activity which He has started, all of the Ascended Masters have joined Him in the accomplishment, and this cannot be divided. If individuals here and there and thruout the world begin to bring forth conflicting statements concerning the Law of Life, then it means there would be only confusion and chaos among the students and mankind again. That is why I say to you, to-night, anyone who draws aside from this Stream of Light will *not* receive Radiation or Assistance from any Ascended Master.

People are quite free, dear ones, but I say again: those who turn aside from this Light, will see their great mistake. When the first ones were drawn into the heart of this Activity with these beloved Messengers and then turned aside, Saint Germain said that they would come back. They are coming back! All who have turned aside, will one day see their great mistake and come Home.

One day, you shall all know how great is the Home of the "Mighty I AM Presence," the only Real Home of anyone in all the Universe, dear ones. You may have physical houses, you may have castles, you may have estates, but there is only One Home—your "Mighty I AM Presence," in Whom are the homes for all the forms that exist thruout the Universe.

As you come into Perfect accord with your "Mighty I AM Presence," It will provide all the physical homes, conditions, supply and everything which is required for your happiness and comfort. That is the Law of Its Being, beloved ones. It is not a matter of will it come forth, or can it; but the Law of Life is abundance of every good thing for right use because you cannot have it, except for use. Mankind, to-day, are coming to understand this Law, for no one should wish to have or hoard that which he or she cannot use. If they do hoard, whatever they hoard only becomes a burden to them. This does not mean, you should not have beautiful homes and abundance with which to take care of them, so far as money and such requirements are concerned; but the FEELING, beloved ones, in you, the MOTIVE in your consciousness, is the important thing.

Therefore, to draw from your "Mighty I AM Presence" all that is required for use, is the paramount thing in your experience Life. Your Higher Mental Body, being your discriminating selective Intelligence, long before you are aware of it out here, knows what you really require. You think sometimes that you require certain things. Afterwards, you find it is something else you really require. When you begin to call the Presence into action, It impels the discriminating selective Qualities of your Higher Mental Body to act in your physical world. Then, you are having provided not only the Directing Intelligence, but the Activity and the conscious enfolding Presence of all that produces Perfection, in your requirements or daily activity.

If you would recall this to your outer mind and say daily: " 'Mighty I AM Presence'! see that I do not make a single mistake this day! I give to You the Full Power from the physical octave, thru Your Mighty Directing Intelligence, to establish this Perfect Activity within my world. I refuse acceptance any longer that the human-self—my human-self—has any power to make mistakes." Then, you take away from your own human, as well as everyone's else, the Power which you have given it to make mistakes. Do you see, beloved ones? Your human-self—in every one of you—could not make a mis-

take, if you did not release power into it; if you did not use the Life of your Presence to do it?

Now notice! We are going to cover certain points to-night, beloved ones, which will make you so firm and unyielding in the acceptance of your Presence, as being the *only* Directing Intelligence, that the human-self will no longer try to assert itself and make mistakes.

If you will follow Me closely, We will endeavor to anchor this so firmly in your feeling world that you will have the prompting every time your human attempts to assert itself. You will just calmly say: "Now just a moment! There are no mistakes in my world! Now remember that! 'Mighty I AM Presence' take command here and see that I do not make a single mistake! I know, when I make this call to my 'Mighty I AM Presence,' that the Discriminating Selective Faculties of my Being are acting with Full Power. Therefore, mistakes cannot occur"!

If you will do this with great earnestness, you will see how quickly all these disturbing elements in your world will cease. Do you not see, Oh beloved ones, that you are only concerned with the perfecting of your own world? I mean by that, you alone are responsible for your world. You are *not* responsible for any other person's world; but many times, individuals are more concerned with the other person's world, than they are with their own. That is a great mistake. It only keeps you from perfecting your world, which is the important thing.

If your world is Perfect, beloved ones, the Radiance coming out from your world would cause every other world about you to become Perfect as well. Always give the most powerful assistance possible, to help everyone who touches your world to become Perfect. Do you see your great responsibility?

We have pled with the children of earth so earnestly. Saint Germain, as many of the others, so earnestly keeps pouring this to you until you get His full Understanding and Feeling of these Fundamentals. There is no use getting tired of it; because We are going to keep at it, until you do get it. We love you enough to chance your dislike, in order to get this over to you; but you know that when Our Love, which is so great pours forth, it is because We want you, everyone, to be Free. That is coming! I tell you, it is coming and with great speed! I say it for your great encouragement and assurance. Do not ever let anything or anybody cause you to doubt! Your Freedom IS coming.

My Heart sometimes aches for the beloved students, who, possibly thru some far past momentum, have had almost tragic things express in their worlds. They have not intentionally let these things occur; but they have not realized deeply enough the need of making dynamic application in the use of the Violet Consuming Flame. This is why these tragic experiences have found expression in their worlds; but even then, they should not be dismayed because We have tried so earnestly to prompt all the students everywhere—of the absolutely imperative need of calling the Presence into action, to use the Violet Consuming Flame with dynamic Power. *Everything* of past accumulation *must* be dissolved and consumed, dear ones!

When the power of your attention, which is so great, goes to your Presence, all past accumulation of your world tries to rush forward into expression. Unless you will use the Violet Consuming Flame, by calling the Presence to do it, something you could not even imagine far back in your Stream of Life, will attempt to rush forward into expression and most unhappy things occur in this present physical life. If the precious ones would have only understood this, they could not have discord about them; because it is the explanation of why certain things rush forward into expression in the lives of certain individuals.

We cannot take each one of you and show you yet—notice that "yet"—the whole activity in your Life Stream; but promptings are being given with so great a Love, dear hearts, that if you will take Our Promptings, watch and stand guard, these things, I assure you will not occur in your world.

Let me prompt everyone of you, to-night, again. If you receive a premonition of something, do not accept that it MUST take place in your world. Just because you might be prompted by your Higher Mental Body or some one of the Ascended Masters about some particular condition, does not mean you are to accept it. It is brought to your attention so you may make application to dissolve it so it cannot find expression in your world. Please watch this closely!

You are naturally becoming more and more sensitive all the time. It cannot be otherwise; but it is nothing to fear. Quite the contrary! It is something to be eternally enjoyed and for which you should be most deeply grateful. Remember your statement which is so magnificent: " 'Mighty I AM Presence'! make and keep me Infinitely sensitive only to You and Your Perfection and absolutely non-recordant to human creation."

It is tremendously powerful and vital to your use *every hour of the day.*

We have watched the students in many localities, and every time they will not believe this or think that their particular Life experience does not need the dynamic use of the Violet Consuming Flame, they have something unpleasant happen. I do not say this always happens to everyone but who knows to which individual it might happen? We cannot always go into the entire Life Stream of every individual.

Allow Me to prompt you again to-night, beloved ones. Just because you come into the Understanding of the "Mighty I AM Presence," have heard of It or contacted It, do not feel that just the awareness of It, is all that is required for your Ascension or for your Freedom. Oh, dear hearts, do not be lazy! Does that sound rather curious? Dear hearts it is true! Do you really know what that word means? The human has used the word "lazy" and really it is not quite as serious as you might think. It means a lack of use. It is absolutely true, when you fail to use, or in other words practice the Presence sufficiently, then undesirable things intrude. It is not necessary to go through such experiences.

In This Understanding, you have gone far enough now, when you must be firm. You must be unyielding toward the appearance world. It only has power in your world insofar as you give it your attention and, through that, feed your Life into it. This is so vital to you. This is the most practical application that ever has been or ever will be offered for the use of mankind. This Instruction is definite Law. It is Mighty! It is ALL-POWERFUL and WILL PRODUCE RESULTS. There is no question about it.

These beloved Messengers are handling conditions, my dear ones, that—well even to Us sometimes seem incredible in the present understanding of mankind; but they do do it. There is no one, friend or so-called enemy, who can deny it. They produce the results! There are no failures!

Shall I tell you one quite wonderful thing? On the return of the Messengers here to your beloved city of Los Angeles, certain forces through individuals had attempted to gather a momentum. They struck at these beloved Messengers with tremendous power. For one day and a half, it required dynamic work to shatter it. It was done! Since then, even the atmosphere sings with joy and happiness.

Dear hearts, will you not see, will you not understand that in the call to your Presence, there is no human being nor

condition—there is no group of human beings who have the slightest power in the world to interfere with the Out-pouring of the Great Light from the Presence, from the Ascended Masters or from the Great Cosmic Beings? It is one and the same Substance, Quality and Condition in action. There is no resistance! There is no interference to the Call of the Presence, for as that Great Light floods forth, It simply dissolves and consumes all unlike Itself. Try to see this and feel It.

It will give you such courage, such confidence in your own application, if you can just feel It. You see the manifestation of It through the Messengers all the time, beloved ones. If they were to tell you some of the conditions they have had to handle, your hair would almost stand up, but they have no longer any concern about it. When a condition is to be met, they simply meet it, call the Presence into action and the condition is no more. We want you each one in your individual lives, to feel this so firmly.

Your Presence which beats your heart is *All-powerful* and *Real.* It is All-powerful right in your individual Life and your own affairs. I might refer to a few instances where the beloved students have written in to the Messengers. The Messengers felt so firmly: "If they just hold steady and direct their attention back to the Presence just once more, they will gain this Victory," and in every instance, it was accomplished.

Oh, my dear ones, you do have ALL power to call your Presence into action to regulate, to adjust, ot bring Divine Justice into every activity of your world and your Life. FEEL THAT. Yours is the Victory, beloved ones, remember it! How and why? By turning your attention to your Presence, the Governor of the Universe.

By this time, you must feel no uncertainty as to the requirement. I am sure there is no one here, or among the students anywhere who doubts the Power of each one's Presence to be All-powerful; but this is what some do. Many do doubt their own ability to call their Presence into action. Do you see? We are endeavoring to help you overcome this. The Divine Director has performed such a Magnificent Service for the students thruout America. Words could not describe all that He has done. Shall I tell you how far He has gone to accomplish this?

You will remember, that in San Francisco, He began to come forth and project these Light Rays—these Qualities—into the feeling world of the students. When We were in Detroit, and Cleveland was calling for the Messengers so earnestly, it did seem so necessary to go. They went for one afternoon and

evening. The Divine Director came and did this Same Work there, even for one evening!

Since the Messenger's return, He has continued that and is present to-night, doing the same thing for you. They are so determined, with your kindly co-operation, to gather together enough individuals in the United States of America who are firm and unyielding in their devotion and attention to the Presence and Ascended Masters, so a special Release of the Cosmic Light can come forth; not only to accomplish that which is required, but to flood the mental and feeling world of mankind everywhere and awaken them into this Light. It is being done with tremendous speed and power.

In your activity and in the coming Shrine Class, a Power will be released heretofore unknown. I suggest to the Group Leaders and students in this locality, to do the following every day before you go into that class. At least a half hour before, charge the Shrine Auditorium with the full Power, Perfection and Activity of the "Mighty I AM Presence," the Great Host of Ascended Masters, the Legion of Light and the Great Cosmic Beings. I know you are already issuing these Decrees in your groups; but I ask you to take up this special activity of which I am speaking—individually. If you will do this *individually,* you will find a tremendous Assistance will be given and a marvelous change taking place within yourselves.

Beloved ones, We want so much to have you realize how great Our Love is for you. In all kindness to the rest of America, you beloved ones of Los Angeles and vicinity are the heart of the Student Activity in America. You have made it possible for things to be done which could not have been done otherwise because you did it from the prompting of your own hearts. In Philadelphia and New York, there are being established tremendous Activities. We hope to bring an exact balance between Philadelphia and New York with your activity here. It would be a very wonderful thing. The Work the Divine Director did for New York will never never be forgotten! It is necessary, if possible, to make New York a balancing Activity with this.

Beloved students, you must know by this time that these are not idle activities. They are Mighty Power going forth expanding, expanding and expanding—doing a Work unheard of in the history of mankind. In spite of all human beings who try to oppose this Light—for they really have no power—It goes on, and on, and on; and It will be the Greatest Blessing ever brought to the children of earth. Saint Germain knew

what He was doing, when He established This Work. It is proof to all mankind that He has accomplished that whereunto He set His Hand. It should be proof to anyone in the world.

The beauty of It is—and please accept this same activity in your own individual world—the Messengers do not fear, do not oppose anything! They call the "I AM Presence" into action and go serenely on in their work. Perhaps you do too; but if you knew all the threatening terrifying things which have been brought to the attention of the Messengers, you would be amazed. Yet, they smile and go serenely on. The proof of this Law, is being shown the world every day through this Activity. There is no power in human creation to interfere with you or the success of your world unless you admit it through the power of your attention. That Truth must be anchored in your consciousness and feeling world for use, if I have to take each one of you individually and do it; because it is a Mighty Law. It is your Freedom! Do not give power any longer to things to harm you because without your attention upon them, they cannot find an entrance into your world. It is not possible!

Let us draw an illustration, to-night, to help you. Suppose there were four points in this room. One here, one there, one there and another over there. If you draw a line—let us make it even more tangible—if you place a wire, such as you use in your telephone activity, connecting those various points, your response over the telephone would come back to you would it not, over that wire? Without that wire you would not get the response. The wire represents your attention to a given point. If you cut the wire, in other words change your attention from a limiting appearance to the Presence which is without limit, then you must have the unlimited Activity and Power of your Presence. You are not quite sure about that!

Well let us finish it. There is another activity which comes in. It is in your feeling world. If you mentally take your attention from that appearance, change it to the Presence and the feeling is still going to the appearance, your feeling being your Power-house will win; but when you take your attention off, take your feeling with it! Do you see? Then, you have the completed action and you *can do it.*

You *can* take your feeling and your attention off the thing you do *not* want. As long as your attention or feeling is on an appearance, you are giving it power to act in your world. This is so important and it is why you should not discuss with each other, or revolve within yourself, discordant things be-

cause you are charging your feeling world with the very thing, the very quality, upon which your attention and discussion is focussed. Then, you wonder why disturbance comes into your world.

These things go on, dear hearts, and not one of you is an exception to this Law. This is the *final* point! No matter how firm you are anchored and harmonized in the "I AM Presence," if you listen to discordant things of *any* kind concerning your nation, city or individuals, you *are* allowing some of that quality to anchor within your feeling world which must act there. Does that seem impossible in your daily activity? It is not! You *can* bring yourself to the same point this good Messenger has. You can so charge your feeling world that the Power from your Presence repels everything discordant.

I want you to get the feeling that every discordant thing is repelled from your feeling world, by the Power of your Presence. It is a form of repulsion, but not to the things that are good which you need for use. Be sure in your power of qualification, that you qualify the repelling activity to act only to discordant things. As you do this you will find a constant pulsation coming from within your feeling world. You will be able to see a discordant appearance in the outer activity without accepting it, just as this good brother does. He is able to do that! He is able to listen to a thing without allowing it to register and that is what We want you to do.

If under a certain condition, it seems necessary to listen to a discordant thing in order to help it, then feel the Out-pouring from your Presence so great, that the discord cannot register in your feeling world.

I tell you, that once you get a few of these points firmly anchored in your consciousness, you will absolutely have no difficulty in governing your world and yourselves. You have no idea how important this is.

Beloved ones, who are within This Activity and the Group Leaders, the various ones who have these large Groups, and the small ones as well, you have become a Focus of the Light. If you accept discordant discussions, you are accepting discordant appearances, limiting appearances. There is no use quibbling about it. The discordant quality in such discordant discussion, will by that acceptance, find entrance into your world.

We are determined to get this so clear within your consciousness, that you feel the over-whelming Out-pouring from your Presence. Then, if it be necessary to listen to something dis-

cordant momentarily, in order to know how to handle it, you will be able to look upon a limiting appearance and yet not accept it into your world.

Thank you, I am sure you are getting this now. Fine! Dear hearts, what a wonderful thing it is, to know you are actually getting the True Feeling of these Activities. It is magnificent, and We rejoice so tremendously when we see that you are getting it. This is why it is so important, dear ones, to keep Harmony in your feelings, by constantly refusing acceptance to any limiting appearance, or discordant discussions of any kind.

There are only a few yet up to this time who have been able to bring a sufficient release from the Presence to enable Its Natural Out-pouring to keep them from accepting discordant things into their feeling worlds. To-night, you are getting this tremendously. Just hold this Activity through your Presence and feel It every time you look upon a disturbing appearance of any kind.

Suppose you were to see two automobiles crash. Instantly be calm and untouched in your feeling world! Call the Presence into action to produce Its Perfection there. If you would do this, you would render a service, Oh, so powerful! Suppose you saw they were going to meet. Say instantly: " 'Mighty I AM Presence'! hold Your protection there"! If you did that, they would never touch! The Power of your Presence is able to govern such a condition because the individuals in those cars are each one a Focus of the Presence, which will act thru them at your call.

All mechanical things of the outer world would respond instantly to your call to the Presence, even in the activity of speed, if you can once get the conviction, which is the feeling, of *it*. Why? Because, when you call the Presence into action for protection or whatever is required, it is Self-luminous Intelligent Substance which goes forth into action. It seizes and holds inactive instantly, every destructive force. Do you see? that to the Presence, the speed of human activity has really nothing to do with it; but if you release the Power from the Presence in your call for the protection of automobiles or trains which might be headed for each other and call the Presence to seize control at once and produce Its Perfection, It will do it; because the Power of the Presence is *All-powerful* to make all mechanical activity stop instantly.

You can do the identical same thing in your Groups. When a discordant condition shows an appearance say: " 'Mighty

I AM Presence'! seize that condition instantly! stop it! and make it helpless to produce any imperfection." Be alert, beloved ones, in all the requirements of the outer world of mankind. *Do not lose a single* opportunity to practice the Presence. The more you practice the Presence on conditions or individuals needing help, the more momentum you gather in your own world, to produce Perfection for you. This is why I say to you, do not be lazy in practicing the Presence.

We love you so greatly, beloved ones, and when We see you gaining your Victory as you are doing, do you wonder that We get enthusiastic in urging you on, and on, and on—into the fulness of that Power which will so soon bring the completeness of It? It is like athletes on a race track. When two, three or four are so close to the goal, one with greater power and intensity surges forward and in a few steps more, the goal is won—the Victory!

The condition is so simple dear hearts, in the achievement of your Freedom and Victory. If you give way to appearances after you have been applying the Law, you are just giving up when your Victory is almost won—when perhaps one surge would have taken you fully into the Goal—Victorious. So many of you here in Los Angeles and vicinity are near such a great wonderful Victory. Oh, do not let anything daunt you, dear ones. Go on, and on, and on, in the fulness of the Power of your Presence which knows no failure. It cannot know any failure! It only knows the Victory, the Goal!

Great is the joy to know that at last you have come to a point where no longer can anything in the world of human appearance, disturb or frighten you. You can say to it: "You have no power! 'Mighty I AM Presence' is the only Authority, Power and Activity in my world. Just run along." Oh, dear ones, you are bound to do this. You cannot fail! I am called quite a fatherly chap, and I like to think of you as My Children. In My Watchful Care with the other beloved ones, I like to think that in the moment when you might waver, it is My Great Joy to charge a Current of My Energy through the Light Ray into your feeling world; and you just brace up, look around and go on and on. There is no failure, dear ones! There is no such thing as failure in the world of the "I AM"! never! never! never! in the world! Do not accept it!

To-night, My Joy is very great in the Great Love which you are releasing. I rejoice so greatly with you. Waver not in the fulness of the Power which alone comes from your "Mighty I AM Presence." Keep calling It forth, until Its Momentum

becomes a Mighty Pulsating Power flowing at regular intervals into your world. Then, if some outer impulse strikes your world, it is carried away by the momentum gathered through your call to your Presence because your feeling world has become so charged with the Perfection of the Presence, that Its Natural Power allows nothing less than Itself to enter. That is what I mean by continuous Harmony in your feelings, and continual calling of the Presence into action. Oh, not only for a temporary achievement, dear ones, but for filling your world with the Great Power, Perfection and Momentum of the Presence which holds everything else from coming into your world. Then, if individuals project something at you, it strikes the gathered Momentum from your Presence and is no more, so far as your world is concerned. It bounds back to the individual who sends it—because it is the Law. That is why We want you to come to this point. You are so close to it now, for your call to the Presence has so charged your feeling world with Its Constant Outpouring, that any impulse from the outer world cannot enter.

I rejoice so with you, beloved ones. Remember, some of you may have heard this, but it is so great that it would bear repeating many times. Because of the call from the Students of America, the Great Wave of Cosmic Light which was to have struck the earth on the 7th of July will begin on the 1st—seven days Victory gained in the release of that Great Cosmic Light into the earth by your call! It should be the greatest encouragement imaginable to every Student of the "I AM" everywhere. I tell you, as many of the Other Ascended Masters have told you, that such an Activity is unknown ever before in the history of the earth. We say this for your encouragement and strength. It is proof to you, or should be, of the great part you are playing in this Great Great Activity for the Freedom of America and the world.

Shall I tell you one more thing? In Europe, four times in three months, an activity has been started which would have become a conflagration. It was controlled through the Decree you issued for Europe. It is a magnificent thing. Go on, and on, and on, beloved ones, in the great great part you are having as Torch-bearers of the "Mighty I AM," spreading this Wondrous Light which is reaching into every part of the world to-day. Those Precious Books have gone into every country! Into almost every country have gone these outlines, these Decrees! It is wonderful, dear hearts! You are all a wonderful, wonderful part of this Great Victory and Activity.

I thank you, beloved ones, for the opportunity to speak directly to you, to-night. As I have flashed these words before this good brother, can you imagine for a moment Our Rejoicing to have found an individual and condition which makes this all possible? In this way, no human concept can enter. We can speak Our Words to you direct as We wish, without having to carry any human quality. It is very wonderful, if you can really understand what it means, dear ones.

In the fulness of the Love of those who gather at the Royal Teton with you, who in the Higher Mental Body have visited it so often, We rejoice with you in the Love of the Great Ascended Masters, the Legion of Light, the Great Cosmic Beings. I shall add, to-night, with great Earnestness the Love of the Angels of Blue Lightning and the Sword of Blue Flame Who are rendering such a Gigantic Service to America and the world at the call of the students.

Precious hearts, how I wish even for one moment, that you might see in the mental and feeling world of mankind the astonishing Service which those Great Ones are rendering. In New York alone, since the Divine Director caused them to sweep thru every eight hours, the Service is gigantic! Even to-day, the Messengers had a letter stating that the Work is going on with an ever-increasing activity. Even people who never heard of This Work are feeling the Glory and Activity of It.

Rejoice with Us, beloved ones, and never tire of calling your "I AM Presence" into action, that you may have the Joy, Happiness, Harmony, Freedom and Perfection with which It will fill your world. Do not fear that It will not produce anything you require. It will do it! Qualify it! Specialize it! If it is money you need, say: " 'Mighty I AM Presence'! release from your Treasure-house the money I need for use here" and be so firm about it, that nothing in the world can stop Its Outpouring to you because if channels are to be used, then the Perfect Channel will be used. We want you to be Free! I thank you.

· "I AM" "I AM" "I AM"—THE ARCHANGEL · · MICHAEL'S REALITY ·

THE Cosmic Moment has struck, beloved ones, when the Ascended Masters call you to Victory and Freedom in the Light.

The Archangel Michael, who has sometimes been referred to as the "Lord of the Sun," is a Great Cosmic Being of tremendous Power Whose Authority over mankind is Real and Eternal. He wields a definite Action of the Sword of Blue Flame from the Great Central Sun and is many times portrayed holding His Sword of Blue Flame in His Hands.

Our direct call to Him is as definitely answered as the Sun exists in the Heavens. Understanding that and turning our attention, first to our own "I AM Presence," then to the Great Host of Ascended Masters and the Archangel Michael, we can make a daily call for the release of His Cosmic Activity of the Sword of Blue Flame into every destructive condition in the United States of America and into all war thruout the world.

Before His Mighty Command all on earth bow, for no human being, nor all together, can resist His Release of the Blue Flame from the Great Central Sun. Since He serves only the Constructive Way of Life—of God—calls sent directly to Him, will draw forth only that which can and does produce Perfection for the individual and in the handling of destructive forces, His Use of the Sword of Blue Flame is the Release of a tremendous, dynamic, Electronic Force which stops destructive conditions and compels them to recoil into their own cause, holding that destruction bound within itself, until it is consumed.

In the name of the humanity of this earth, we call to the "Mighty I AM Presence" and Higher Mental Body of every

human being in the world, and directly to the Archangel Michael, for the release of the Cosmic Action of His Sword of Blue Flame into every destructive condition in the United States of America, this very instant with the full Cosmic Power which He wields! He can and will release It for the protection of all who are constructive as the people themselves make the call to the "I AM Presence," for the greater release of God's Freedom for all.

Thousands of centuries ago, the Archangel Michael ruled in what is now America; and because of that former connection, He is very definitely interested in the protecting of our Nation from all destruction now, as He was then.

Because of that, those who live in America should give Him conscious recognition and call daily for every Power at His Command, to flood into our people and give them His Strength and Power to stand against every destructive force that would wreck our America, or destroy God's Divine Rights to man, which are held in guard here. In the following Decree, we issue in the Authority of Life, the command to cut our America free and call to the Archangel Michael for the release of whatever Manifestation and Power are required to guard our Freedom forever.

We send the Flame of Love from our hearts directly to the Great Archangel Michael; we ask His Instantaneous Response to this call and may the full Cosmic Power which He commands flood over our United States of America this instant, like an Ocean of Living Flame, annihilate every destructive condition and all that would rob our people of Freedom, Divine Justice and the Right to worship God as we please.

I send the Flame of Love from my heart directly to Him, and ask for His instantaneous answer, and the descent of His Legions of Angels to come forth on this Decree and see that it is fulfilled, even as we speak!

ARCHANGEL MICHAEL'S SWORD OF BLUE FLAME!
ARCHANGEL MICHAEL'S SWORD OF BLUE FLAME!
ARCHANGEL MICHAEL'S SWORD OF BLUE FLAME!
In America now descend!

ARCHANGEL MICHAEL'S SWORD OF BLUE FLAME!
ARCHANGEL MICHAEL'S SWORD OF BLUE FLAME!
ARCHANGEL MICHAEL'S SWORD OF BLUE FLAME!
Our America now defend!

ARCHANGEL MICHAEL'S SWORD OF BLUE FLAME!
ARCHANGEL MICHAEL'S SWORD OF BLUE FLAME!
ARCHANGEL MICHAEL'S SWORD OF BLUE FLAME!
Cut Our America free!

ARCHANGEL MICHAEL'S SWORD OF BLUE FLAME!
ARCHANGEL MICHAEL'S SWORD OF BLUE FLAME!
ARCHANGEL MICHAEL'S SWORD OF BLUE FLAME!
Blaze Thy Great Victory!

Great Beloved Being, Thou Archangel Michael, take up our call! Keep it charged with the "Power of a Thousand Suns," and make it so blazing everywhere in our Beloved America that it forever annihilates all that would dim the Light or delay the Victory of the Perfection of our people.

Turning our attention to the Great Cosmic Being, VICTORY, we call forth His Mighty Power in conjunction with that of the Archangel Michael, to take command of the United States of America and release such an intense concentration and pressure of the Flaming Substance of the Cosmic Light everywhere in our land, that it compels protection of all that is constructive, and the dissolving of all that is destructive.

We pour the Flame of Love from our hearts directly to Mighty Victory, and in the following Decree, issue it with the call to the "Mighty I AM," and Higher Mental Body of every human being in our country to issue this Decree also and keep issuing it from the Higher Mental Body into the physical consciousness of every human being in our land, until Its Blazing, Physical Fulfillment is made manifest for all.

VICTORY OF LIGHT FROM THE HEART OF GOD!
VICTORY OF LIGHT FROM THE HEART OF GOD!
VICTORY OF LIGHT FROM THE HEART OF GOD!
Descend! Descend! Descend!

VICTORY OF LIGHT FROM THE HEART OF GOD!
VICTORY OF LIGHT FROM THE HEART OF GOD!
VICTORY OF LIGHT FROM THE HEART OF GOD!
America now defend!

VICTORY OF LIGHT FROM THE HEART OF GOD!
VICTORY OF LIGHT FROM THE HEART OF GOD!
VICTORY OF LIGHT FROM THE HEART OF GOD!
Command! Command! Command!

VICTORY OF LIGHT FROM THE HEART OF GOD!
VICTORY OF LIGHT FROM THE HEART OF GOD!
VICTORY OF LIGHT FROM THE HEART OF GOD!
Hold America in Thy Hand!

Those who have heard these broadcasts, know that we have always closed them by saying—"The Light of God never fails" —three times at the end of the broadcast. Let us use that same Decree with such an intense call to the "Mighty I AM Presence," which is God-in-action, that the most intense concentration possible of the Power of the Cosmic Light flows forth and holds Invincible Ascended Master Protection for America and Freedom for her people forever.

Remember, we have been told that "man's extremity is God's Opportunity." Since the extremity of our people is so great this very hour, God's Opportunity to take the place of our human problems is very great also; but that can come about ONLY as the individual keeps his attention on the God-Power and Consciousness of Life, the God-Victory of Life, the God-Freedom of Life, and the God-Protection of our land, with a definite, determined call that this God-Power be charged into every physical condition of our people and change the human conditions of destruction into God's conditions of Perfection.

What man cannot do—God can do! Since your "Mighty I AM Presence" is God-in-action thru you, give It your time and attention and your direct call to It to release more of Its Full Perfection, Authority and Power into the world around you. Call that forth so constantly that it becomes like a Niagara Falls, an ever on-rushing torrent of that Substance and Energy from the Ascended Masters' Octave of Life which is qualified with the permanent Victory, Perfection and Happiness which mankind are really craving, and which should be the only condition in our Blessed America.

This God-given Land of Light, holding the Freedom and Ideals which America's Constitution represents to the world, is the "CUP" of Life's Perfection and Freedom which God, the "Mighty I AM Presence," has placed in America for the Blessing of all mankind.

It is the responsibility and duty of those who have enjoyed that Blessing in the past, to value It enough to guard It for the generations yet to come; because unless those who are living in America to-day make their Ascension in this embodiment, they will have to return into physical embodiment again and if they should return into America, they would want Freedom

then just as much as you and I want it now. Therefore, whatever we do for the protection of the generations who are to come in the future, we are doing in reality for our own Life Streams because Life compels the individual to return into physical embodiment again, again and again, until Life's Divine Plan has been fulfilled and each Life Stream expands only Perfection into the Substance and Energy of this physical world.

Understanding that those who are in embodiment to-day, may—a century or two hence—be in physical embodiment again right here, each one's main concern should be to guard every constructive activity now and perfect it so it may serve Life in its greatest blessing power in the future, so all who come back here in the future may know only that Greater Perfection of Life which will enable all to be free permanently from the limitations of physical existence.

Beloved fellow Americans, the only Permanent Protection that anyone has on this earth is by the use of the God-power of Life. That God-power is the Activity of the Cosmic Light. The Cosmic Light's Activity is God-in-action—Perfection flowing thru from the Infinite into the finite, at the call of the individual who uses the Great Creative Word of Life—"I AM."

Realizing that the Power of the Cosmic Light is the only thing that can permanently control mankind's destruction, then our main business in Life should be calling it forth so constantly that It completely over-whelms all that would destroy mankind's opportunity to express Perfection.

However, you have no comprehension what the words,—"The Power of the Cosmic Light," mean to the earth. The scientific world has in a very fragmentary way contacted what they call the Cosmic Light Rays. When you realize that the Ascended Masters can concentrate those Light Rays into whatever intensity is required to protect mankind and raise them into Perfection, you will realize that your call to the "Mighty I AM Presence," and the Ascended Masters, is a very Real, Tangible Thing; and the Power of the Cosmic Light which They release, is a very Real, Tangible Power.

You have heard us say repeatedly that last Easter morning the interference with the radio was the release of this concentrated Electronic Force from the physical Sun. The Ascended Masters can draw and concentrate that into any intensity whatsoever for the protection and perfection of all conditions on this earth to bless mankind, if humanity wants that Blessing and Perfection. The mass of mankind do. Within the heart

of every individual, there is a desire for that Greater Perfection of Life, for the heart of each individual knows that ultimately Perfection must rule Supreme; but the long accumulation of vicious, unkind feeling of rebellion by the people against not getting their own way in the gratification of their physical desires, is what has built a momentum that is now returning upon humanity as a mass pressure of the almost wholesale destruction of war.

A few individuals who have had more viciousness in them than the rest of mankind, are unfortunately the open door thru which the mass energy acts; but that is no reason for the individual who understands the Law feeling that the God-life of the Universe cannot or will not stop mankind's destruction; if enough of those who do not want to be destroyed will make the call to Life in time, with the intensity of feeling required to release the Power that stops all destruction.

If you are going to have protection you have got to use Power and that means the Power of Light because the power of physical destructive conditions is not protection to anybody or anything permanently.

In the following Decree, I make the call in the name of the humanity of this earth, directly to the Heart Center of God Almighty—the Supreme Life of this Universe—which the Ascended Masters refer to as the Great Central Sun. I call to the "Mighty I AM Presence," and to the Higher Mental Body of every human being on this earth, to issue this Decree with me, for the Protection of all that is Constructive in mankind, the earth and its atmosphere:

POWER OF LIGHT OF A THOUSAND SUNS!
POWER OF LIGHT OF A THOUSAND SUNS!
POWER OF LIGHT OF A THOUSAND SUNS!
Descend! Descend! Descend!

POWER OF LIGHT OF A THOUSAND SUNS!
POWER OF LIGHT OF A THOUSAND SUNS!
POWER OF LIGHT OF A THOUSAND SUNS!
Our America now defend!

POWER OF LIGHT OF A THOUSAND SUNS!
POWER OF LIGHT OF A THOUSAND SUNS!
POWER OF LIGHT OF A THOUSAND SUNS!
Take Your Full Command!

POWER OF LIGHT OF A THOUSAND SUNS!
POWER OF LIGHT OF A THOUSAND SUNS!
POWER OF LIGHT OF A THOUSAND SUNS!
Hold Thy Victory—Great "I AM"!

POWER OF LIGHT OF A THOUSAND SUNS!
POWER OF LIGHT OF A THOUSAND SUNS!
POWER OF LIGHT OF A THOUSAND SUNS!
Control! Control! Control!

POWER OF LIGHT OF A THOUSAND SUNS!
POWER OF LIGHT OF A THOUSAND SUNS!
POWER OF LIGHT OF A THOUSAND SUNS!
Take hold! Take hold! Take hold!

POWER OF LIGHT OF A THOUSAND SUNS!
POWER OF LIGHT OF A THOUSAND SUNS!
POWER OF LIGHT OF A THOUSAND SUNS!
Expand! Expand! Expand!

POWER OF LIGHT OF A THOUSAND SUNS!
POWER OF LIGHT OF A THOUSAND SUNS!
POWER OF LIGHT OF A THOUSAND SUNS!
Hold now Thy Full Command!

If you love your America, you will give these Decrees daily with all the intensity of your being for what man cannot do, God can and since the "Power of Light of a Thousand Suns" is the Power of God Almighty, man needs more of God and less of human war.

We stand in, with, by and for God Almighty, the "Mighty I AM Presence," and the Great Host of Ascended Masters, who are the Supreme Power, Activity and Perfection of this Universe, and of Life everywhere. That is the only Power of Life worth serving, and It is the only thing that will ever bring anybody Permanent Happiness, Freedom or the Perfection which each one really craves. He who uses the Great Creative Word of Life, "I AM," and in Its Full Authority calls for the "Power of Light of a Thousand Suns" to flood forth to free his fellowman, and continues to call, will as surely be answered by Life as the sun exists in the Universe. That is the Power of

"The Light of God that never fails"!
"The Light of God that never fails"!
"The Light of God that never fails"! and the
"Mighty I AM Presence" is that Light!

· "I AM" "I AM" "I AM"—LOVING THE GREAT · · ARCHANGEL MICHAEL ·

THE Cosmic Moment has struck beloved ones when the Ascended Masters call you to Victory and Freedom in the Light.

Oh, beloved ones, if you know the Power that is yours, or that you could have, consciously and at will, here and now in this physical appearance world, by sending your intense Love to that Great Blessed Being, the Archangel Michael, you would not let a day go by, that you did not offer to Him all the intense Love of your heart; that the Fulness of His Power might come back to you on the Love that you send to Him, and on this return current pour forth thru you His Almighty Power, His Freedom, His Victory, His Dominion, His Great Dissolving Activity of Divine Love of which He is Master and the Director.

As that vibratory action of His Energy flows thru you, and into your affairs, you would see and experience physically what Power is within your own Life and call forth from the Greater Perfection of Life, which the Great Archangel Michael is, all that you can use, here and now, as practical in this physical appearance world as your airplanes.

Remember, every Power that we call forth from the Ascended Masters' Octave of Life thru the use of the Great Creative Word, "I AM," is very practical. It is very real! It is very tangible! It is Almighty and All-powerful, and It is always victorious!

Who is there that should not want this greater good? Has humanity been out-picturing so much good they can afford to be so conceited, they cannot look to that which is greater than themselves, and call forth more of good?

Has the human way of living Life been so satisfactory? Is it so successful—when you look at the world to-day and see the on-rushing destruction of human beings' feelings? Do you think their way of living and their intellectual concepts are so satisfactory that human beings should not want something better? If you do, we do not!

I pour the Love of my heart to the Great Archangel Michael, with every breath I breathe and He answers me as instantly as I can answer you on the telephone, if you were to call me. Why? Because consciousness is everywhere. Light is everywhere. Life is everywhere, and the moment we place our attention upon Him, and send Him the Love of our Life Stream, so does His Life Stream answer us with those Qualities which are His, and do we not need more Divine Qualities in the outer world to-day?

Surely we do! There is none who can honestly deny that; and Divine Qualities do not come from the destruction of human beings. Therefore, we must lift our attention to the Great Host of Ascended Masters and Their Octave of Life.

The Great Archangel Michael is a Mighty, Real, All-powerful Cosmic Being! He is spoken of as Lord of the Sun; our great Physical Sun, which is such a Mighty Focus of Electronic Force and Life to this earth.

Calling forth to the Great Archangel Michael for His release of Perfection into our feeling world, and those currents of Energy from the Great Central Sun, to go forth qualified with His Perfection, His Intelligence, His Dominion over all discord is releasing a Mighty Power! It is a Mighty Assistance! It is Mighty Real, and any human being who has the determination to sincerely try, will be answered by the fulfilment of his call.

That is why we have said repeatedly: "Do not believe us, prove us." But if you want to prove the Truth which we say, you, yourself, must use the Law and operate It. Then the Greater Good in your own world should be all the proof you need, that we have told you the Truth; but if you will not acknowledge that which is the fulfilment of your application of the Law and give credit to that which is greater than yourself after you have received the proof, then you will not receive greater proof. Would you give someone greater good, if you had given once and the individual would not acknowledge it, and claimed that it came from somewhere else? How would you feel?

Every time human beings doubt these Great Ascended Masters, you turn the tables on them! Ask them if they were to give tremendous Good to other human beings and were ignored or doubted, how would they feel? If other human beings did to them as they have done to the Ascended Masters, how much do they think they would respond? Once the Ascended Ones have offered Good, and that Good has been denied or doubted, or the credit for it given to someone else, how much greater Good do you think the individual would deserve in the future?

Then do you understand that you must be honest, fair and square with Life—Life everywhere, not only your own Life, but the Life of the Ascended Masters, the Life of Infinite Space, the Life of your own fellowman, the Life of the planet, the Life in the atmosphere about you—because Life is everywhere?

Life is the only Power anybody ever had, has now or ever will have with which to do anything; and if you want the full Power and Perfection of Life, It can come only from the Ascended Masters' Octave of Life.

I call to any human being who cares to prove this Law, to turn your attention, many times a day, to that Great Cosmic Being, the Archangel Michael. Send Him your Love, and ask Him to charge you with His Consciousness, with His Love, His Power, His Dissolving Action of the Great Cosmic Light, to pour that into you and your problems; to pour that into your affairs and to keep it pouring until every discord is dissolved. If you will maintain Harmony in your feelings, send your Love to Him and make the call for His Power to come forth thru you to bless your affairs, and your fellowmen. As surely as you make that call, will He answer you—and why wouldn't He?

What reason would He have to refuse you? He is the Greater Power of Life. He is part of yourself, because all Life is One. When that which is greater than we, so willingly and lovingly offers Greater Good, then can we not open our hearts, and be an open door thru which Their Good can flow to others?

If we are not willing to pass on that Good to others, we are not worthy to be answered again. After all, you cannot get away from the action of the Great Law of Life. You cannot escape experiencing the results of causes which you yourself have sent forth—because Law is Law! It is inexorable! It is immutable, but the Law of Life is Beneficent because It is Energy in Perfect Balance, held qualified forever with Perfection.

When you have called to the Great Archangel Michael for His Mighty Assistance, many times to give assistance to your loved ones, to give protection, you can call to Him to send Legions of Angels if need be; because Angels are Real Beings, and They are Legion in number. Any number can be sent to envelope any locality, or to hold the Radiance of His Power around an individual or condition until the protection is given which the individual or condition needs.

Do you understand what Power we can send forth to these Blessed Ones who might be drawn into the draft, by calling to the Archangel Michael for His Legions of Angels to hold Invincible Protection around all who are the defenders of our country?

That is an Electronic Force of Light, which He draws from the Physical Sun. He qualifies It with His Power of Divine Love, with His vibratory Action and that rate of vibration can be a charge of Light around the physical bodies of those who give Him their attention! It can be held so concentrated that It becomes a repelling force to any destructive thing.

Try it out! If you have the courage to send Him your Love sincerely, honestly, determinedly and hold your feelings harmonized, He will answer you soon enough. However, do not doubt that which is greater than yourself, and then expect to be answered by It. How could you? If you doubt, stay in the midst of your own doubt, if it is of your own creation. There is no Law in this Universe that compels you to doubt something greater than yourself, unless you so choose; and doubt, after all, is but rebellion against a Law of greater Good than that of which your intellect knows.

Is the intellect of mankind such a supreme authority over the Law of Perfection? Can it tell so much about what is in the rest of the Universe beside itself, when it is so full of mistakes, so full of limitations, so full of misconcepts that it does not even understand how to use its own energy, so that it can maintain permanent good?

Please get away from the idea that the human intellect, or the human beings of this world are the authority for what happens in the rest of this Universe. That Intelligence which is greater than man, must be called into action with Ascended Master Humility, with Love, with Gratitude. When an individual will control his feelings and send up the call to his "I AM Presence," and the Ascended Masters with that attitude of mind, there is not a thing in this Universe you can ask of the Powers of Light, of the Ascended Masters, of your own

"Mighty I AM Presence," or the Great Archangel Michael, that cannot be released to you, even as you speak. Any human being on the face of this earth can prove it—not only once, but millions of times; because Law is Law, and It acts whenever you set It into action.

Therefore, call with all the Power of your heart to this Great Archangel Michael. Ask that His full Illumination be charged into every human being in our government, into every human being on this earth, with His Directing Intelligence, His ideas of Balance and of Perfection, of Divine Justice and that Great Love which gives Freedom, Perfection, Happiness, Beauty and the Victory of Life to every human being on this earth.

Call and call and call for His Mighty Intelligence to be charged thru all mankind; because they need that greater Intelligence. They are not so smart that they could not use more Intelligence! Please understand that, but if you are entitled to anything greater, you must send up your Love to that which is Greater. That is the Golden Key which unlocks the line of connection in the energy of your world and allows It to connect with the Octave of the Ascended Masters.

Therefore, learn the Power of the Ascended Masters' Love and learn the Great Victory of Humility—not a grovelling surveillance, never that, but a Great Humble Adoration to that which is greater than yourself with a great willing cooperation and acceptance of Its Mighty Power to flow thru you, so you in turn may have more Power to bless your fellowman, to perfect the earth and to raise all mankind up into permanently sustained Perfection and the Victory over all destructive forces of this earth.

The Great Archangel Michael is a Mighty Real, Tangible Being! I love Him with all my heart, with all my mind, with all my feelings, with all my strength and I give Him public acknowledgment. May every human being do likewise and have the Victory and Love which He can give you for that Light of His Mighty Dominion is Supreme and worthy of all our adoration, for He is the Power of the Cosmic Light, and
"The Light of God never fails"!
"The Light of God never fails"!
"The Light of God never fails"! and the
"Mighty I AM Presence" is that Light!

GODDESS OF LIGHT

Beloved ones, please remember you are not dealing with the Messengers, you are not dealing with Us, you are not dealing with anything but the Power of your own Life. Suppose the Messengers made many mistakes; suppose the Ascended Masters seemed to make mistakes—after all what has that to do with your own Life Stream? Not a thing. It is just for you to prove or not to prove your own Freedom thru your own Life; but if you have not the stamina and determination and backbone to prove It for yourself, then one day you will find you go on without It being proven.

GODDESS OF LIGHT

From the densest of your human octave of vibratory action to the highest, which is such an Intense Power and action of Light that you could not ordinarily look into It but for the fraction of a second, is One and the Same Energy being used. There is only One Energy, One Life, One Substance in all the Universe to be used; but mankind in their power of qualification qualify it in thousands of ways. Now that is the responsibility of the individual who qualifies it. Do you not see that? It is not the fault of Life; it is not the fault of the Ascended Masters; it is not the fault of Light, but according to the qualification you impose upon this Mighty Energy which you call forth, will It produce perfect courage, limitless strength and happiness, or will it charge it with human qualities, doubts fears and all that which drags you down and out of the Light.

· LETO, BLESSED LETO ·

IT is our very great privilege to announce the release of a new song—"LETO, BLESSED LETO" by our Beloved Ascended Messenger, Godfre Ray King.

Thru this music and lyrics the Glorious Ascended Lady Master Leto will pour to those who direct their attention to Her, Her special Service to all who seek the Constructive Way of Life; and teach them how to go forth from the physical waking consciousness into the Octaves of Light

and return to the body consciously and at will; just as one goes thru the door of a room retaining full comprehension of all he or she is doing each moment. This service will never be rendered any one who is selfish or would misuse the information given.

Her Assistance will be given only to those who are obedient to the Highest Ideals and Honor of Life. Thru the use of the Violet Consuming Flame one can purify one's self to the point where thru the call to Blessed Leto, She will come and escort that individual to the Inner Octaves of Light; and help that one to the complete use of many of the faculties we all possess but know not how to use in their fulness. All can have that Assistance at all times, if they will understand this Ascended Master Instruction of the "I AM" and give obedience to Her Requests.

The cover design is the likeness of our Beloved Leto and a Gift of Love from our beloved May DaCamara whom we thank and bless without limit for her blessed service.

This song was first sung in the Philadelphia Class—which was held in Washington, D. C., and is dedicated to the city of Philadelphia. May it release the Mighty Cosmic Victory of Eternal Freedom and Divine Justice everywhere thruout that city and make of it an Eternal Alabaster City of Light for Freedom and Divine Justice to all mankind.

May everyone on earth use this song and call forth all Beloved Leto's Power to set all free as quickly as possible in the Eternal Victory of the Light of God that never fails.

· BELOVED FUN WEY'S DISCOURSE ·

Ascended Master Youth Breakfast—Washington, D. C.
May 30, 1939

ELOVED Sons and Daughters of Light, for I refuse to accept you as anything else, all of you are Ascended Master Youth of America and the world.

You have observed the joy which has filled your being this morning. Saint Germain and Eriel, My Godfather, have requested that I become more a part of this Mighty Constructive Activity which is the Freedom of the world.

Great Joy has been given Me by the Ascended Masters who have rendered such service in China and as you know Eriel brought Me from that almost forgotten country and now I am Free. In the Joy and Happiness which has been Mine thru these years, I convey It to you. In the future, I will move among the student body, especially among you who have chosen to style yourselves the Ascended Master Youth of America, for really all of you are that.

Remember, beloved ones, you cannot hold your attention upon the Perfection of Life without Outpicturing It when you remember that you are dealing with the Law of Life and Its Mighty Perfection. There is no opposition to that Power and Perfection for It is Life. It is Light which knows no opposition.

Now, as you have received these Currents, hold this Happiness within you, and I mean by that, the continuous acceptance of your own Stream of Life which is Happiness. Why do you think that My Being has become so filled with Joy? Because Eriel so decreed it, when He brought Me to His Magnificent Focus of Light and taught Me from an infant these Laws; for when I was only twelve years old, I could perform many of these so-called miracles and it has been very wonderful.

While I do not wish to say anything that would mar this Happiness, yet we must face the Truth of Life and there is no occasion in doing so to be unhappy. I say to you fellow-students, if you allow the facing of Truth to make you unhappy, then you are unfortunate! You should rejoice more than anything in the world to have the Truth put before you, that you may correct within yourselves whatever is necessary. Why go on, beloved ones, when you know this Great Truth, allowing qualities to act within you which make you unhappy or make you miserable? Isn't it childish and foolish? Just because of the stubbornness of the human self which is filled with self-pity and self-justification, it goes on feeling hurt and peeved. You notice, I am quite familiar with your language, far more so than I am My own. While born in China, I am a real American.

You, to-day, who are having this Great Privilege—the greatest Opportunity of all the life-times you have ever lived, my dear ones, don't miss the slightest thing in this Opportunity. Every time something is shown within you to be corrected, rejoice more than if you had a million dollars placed in your hands because it is worth a great deal more. You might have all the money you could use, all the surroundings of comfort and even harmony in the outer world; but what would it amount to, if you did not use it to attain the Goal and Victory of Life?

Look! your beloved Lotus was once, in those long forgotten times, a daughter of our land when it was beautiful, when everything was the Glory of the Light. You will remember, she said to you recently in referring to our land that the use of dope imposed upon our people had been the down-fall of China; and you, beloved ones in America, have been informed that the same thing has been attempted, not only in your America, but thruout the world.

You will pardon the language I use, but I must convey to you that which We know definitely, so you may be on guard. You know, there have been renegades from every nation of the world and many have committed crimes so they cannot stay in their own country any longer. If they can get out, they go somewhere else and, because of the momentum gained, they carry only destructive forces wherever they go. Those individuals who have been criminals and escaped are the ones who have been the instigators of the traffic in dope, spreading it thruout the world. It is curious but very true, that all destructive forces which are acting can find individuals who succumb to destruction for a few dollars.

I could take you to a thousand places in your beloved America, to-day, in which individuals are lending themselves to this nefarious traffic because they are gaining a few dollars when the same energy spent turning to their Presence of Life and calling It into action would provide, thru the Power of Perfection, ten times, perhaps a thousand times what they gain in those destructive activities.

Now, beloved students, that which you have been informed of as being the sinister force, is but destructive humanly accumulated energy. You are up against the most subtle conditions, perhaps, of human suggestion. Do you know, beloved ones, that unless you harmonize yourselves enough and call your Presence to establish this Tube of Light about you which the Messengers have so often—in fact daily—called to your attention, you are subject constantly to the catapulting of human suggestions, not always intentionally directed, but they are being charged constantly into the atmosphere?

I say that you do not realize the importance. With you as students, it is quite different, beloved ones, than with the person of the outer world who knows nothing

about this Light. You cannot hold your attention upon the Presence without becoming more and more sensitive. It must be so, but that is not a quality you should not want, in fact you should desire it very greatly; but at the same time, as you grow more sensitive you must be more determined to manifest Self-control because you must hold balance by Self-control in the sensitiveness to which you have attained because when you reach a certain point that sensitiveness becomes the Scepter of Power, my beloved ones.

Eriel tells Me that I am one of the most peculiar Beings, for I have the most Infinite Power of sensitiveness; and even before My Ascension, I went with Him thruout the world and I would sense things seventy-five percent of the time before He did. He would say to Me: "Son, how is it that you, in your preparation for your Freedom, have this?" He said this many times and so, finally, one day I said to Him, when He made that remark: "Can We not find out?" He said: "Yes We can." Then He did, but I cannot take time to go into that this morning. It came thru long past experience, due to the position in the service to Life which I held and curious enough to say, I continued that thru the many embodiments in which I had lived, rendering almost exactly the same service. That is why the sensitiveness became so powerful.

As I was standing here and the Messenger was talking to your beloved ..... she sensed My Presence. As you hold your attention to the Presence, you will become more and more sensitive, more and more alert, until you will know clearly and definitely everything that is before you; then knowing it, you instantly become its master. If it be discordant, you say to it: "Be thou gone hence forever! Return no more to touch my world," and it obeys. If it be something beautiful that expands your Light say: "I welcome you in the Name and Power of Light."

You do not realize, my dear ones, how your calls are charging your world, expanding your Light; and Oh, with just a little more Self-control and the dismissing of all self-pity and self-justification, how it would open your doors, just like when Saint Germain threw the doors open in Paris. Like that, your door would open and the Flood-light of Eternity would flood your Being and the world and your struggles would be over. It is very wonderful. The opportunity before you is very great!

I am quite sure that all of you who are privileged to attend this class are feeling it, understanding it, more than ever in your experience. You have already noticed how during the classes, many many questions are answered. Well how is it that your demand for Light and Understanding is always answered? By the Wisdom which is acting in the class room, and Oh, not only the spoken word, but do you realize Our Currents of Energy are Wisdom charged into your feeling world? It is not just Substance, it is not just Light, for when you are calling to your Presence, Love, Wisdom and Power are acting in balanced form and you cannot have anything but balance in your physical body if you would hold yourselves harmonized and Free from human disturbance.

After all, my dear ones, what does it matter concerning your human desires when you know your Goal? If you do not know your Goal now, it is just too bad. The Messengers have made it so plain to you—that your Goal is the Ascension. It stands before you an Open Door beckoning you thru to your Eternal Freedom. If you cannot accept that, if you cannot do everything Life requires of you to have this Freedom after hundreds and thousands of embodiments which have brought you to this point, well would you blame anyone but yourselves, if you compelled yourselves to

pass thru the second death? That would be a long, long, long journey to retrace.

You heard this Messenger the other day when he so dynamically asserted that Mighty Truth. My dear ones, I want you as earnest students to realize what this Light means. It is not a matter of persons, places and conditions, it is a matter of the Law—because We are speaking of the Law of Light, not personalities.

If you knew what the people who have had the opportunity to touch this Light and then turned aside must go thru, my dear ones, you would never wish to see that which they must meet. That is not a matter of human opinion. It is not concerning a person, place or condition. It is the Action of the Law which they confront; because when you have gone thru hundreds and thousands of embodiments working up to this point; when your Beloved Saint Germain has brought this Release of Light to the world; and then individuals thru any reason whatsoever allow human stubbornness and viciousness to throw them aside from this Light, they will want it a long time before such another opportunity is offered. One of the reasons is, because you are at the culmination of the ages and that is a wholly different activity from anything which has ever before acted upon the face of this earth. This is the only time in four and a half million years when this point has come into action for the people of the earth.

That is why, to-day, I wish you to understand as never before, that you cannot afford to let a single human quality act within you which would cause you to feel self-justification. There is no such thing. When you are at this point seeking Light, there is only one thing—keep your attention and vision fixed upon that Presence of Life and say to all human qualities: "Stop that action now and forever."

My dear ones, because of a little foolish childish selfishness or peevishness, would you allow yourself

to be deprived of your Ascension in this embodiment? This is Real, dear people! It is not somebody's imagination; but when Saint Germain has prepared the way and has given you the Knowledge, Understanding and reason for it, my dear ones, don't miss this opportunity!

May I call your attention to two activities? An activity of the acceptance of the Truth of Life thru the Power of Harmony and thru the Power of Force. I may surprise you considerably. Do you know, that up until recently, the Power of the action of Harmony had to be used within the student body by the Power of Force, in order to cut them free from the binding powers of their own creation and that which is human suggestion about them? Do you know that many hundreds of times, the Messengers drew into themselves the conditions of the students, to protect them from the dangers of the moment? Life will not permit that any more. So you are being given more and more powerful promptings as to how to govern yourselves; but if you don't want to do it, should anyone else be worried about it?

Oh, you should know your own world. You are the decreer of your own world and remember shortly, there will be no more promptings. Never in the history of the earth has Life been so generous to its creation; because it is allowing promptings that the Great Beings of Light governing these activities thruout the world have never known.

May I tell you just a little secret of the Inner Activities which has not been mentioned to you? You will remember at the beginning of This Work and the first Conclave at which the Messengers consciously visited the Royal Teton; and the Mighty Victory issued that Mighty Fiat for the world—dismissing forever the old occult methods for the earth; what do you think happened following that? A delegation of five hundred

people was sent to Him demanding He retract that Fiat. He said: "You foolish people! Have you grown so arrogant in your own human conceit as to think that you can dominate this earth and bring about the misunderstanding of the occult laws to govern them any longer or to drag mankind down into the degradation of human creation?" He said: "Now delegation, listen to Me! I issued that Fiat thru the Authority and Power of Life and you or all your cohorts shall not change it. Do you understand Me? Now then, since you have come here to Me, you shall remain, until you understand This Law; and you shall not leave My Presence until you change, until you see this Truth and why I have given It forth; until there is cleansed from your own mind and feeling world, the arrogance of the dominion of certain occult laws which have been distorted. Do you think that I would issue a Fiat contrary to the Laws of Life with the Wisdom which is Mine, and you people in embodiment subject to human limitations, come to Me and say to Me: 'Change Your Fiat'?"

My dear ones, you in the outer world have your problems, Victory had His, but it was of short duration I assure you. Now do you understand what that has meant to the earth and why I am calling it to your attention to-day? Because then and there, the Mighty Victory stopped one of the most nefarious activities which was at that time attempting to take hold of the old occult method of which those five hundred were absolutely innocent; but if they had kept up any further authority, that force which had determined to seize upon them would have wiped most of the people from the face of the earth.

These are conditions to which your attention is sometimes called, but do not think it idle talk. These are Great Laws, Great Truths which are brought to your attention so in the call to Life, you may render what-

ever assistance your heart tells you to give in this which the earth requires.

Oh, my dear ones, you are not only working for your Freedom, but you have been shown the way which is absolutely certain, if you will follow what Saint Germain has asked. There is no more question about your Ascension than that you are sitting here this morning in this embodiment, if you will follow what He tells you; but if you do not follow it, blame no one but yourself. You know the Law and if you will not abide in It, then you alone are to blame. Therefore, I say to you dear ones, as you value your Freedom, put down every human feeling within you. If you don't you will find yourself out in the wandering maze of human creation, and then your cry for help will come too late.

The things which I am saying might seem very serious to you, but I am saying them to you in the Joy of Life because it should be the greatest Joy in listening to this Truth and how to bring yourself into Our Glory of Eternal Freedom. That is why I prefaced My Words as I did.

You cannot change Life, my dear ones, but you can change yourselves by giving the most glorious obedience to Life. Then your bodies become Perfect, your world of action becomes that of Harmony and the Glory of the Victory and Dominion of the Light as It moves before you into your world of action, gives you such happiness as it would be impossible to convey in words, for in this Stream of Light which beats your heart is all happiness. It is only the stopping of human qualities which allows that happiness to take its dominion within you. Then the little things in the outer world will give you such great happiness and when you are able to say a kind word to someone how your being will thrill with happiness. When you are able to withhold from someone some destructive force of which even they might not know, how your being will

thrill with happiness. Then every service to Life will become a constant thrill, a Power of Happiness.

That is why I am the embodiment of happiness and it is why I must convey to you that which I AM to-day because I cannot prevent it having a reaction upon you. Now you are seeing as you never did, the necessity of freeing yourselves from any quality of human stubbornness, self-pity and self-justification which might still be within you. If you do not do it you are lost. You have come to the time when you cannot waver longer. You must decide whether you are going to serve the Light or the shadows.

When you see the pictures upon the screen tomorrow night, I shall be there and will you give the closest attention you ever gave? When those thought forms go on that screen, will you know that those thought forms are what has been the binding power of mankind thruout the centuries? While they are called "thought forms," they are really feeling forms because they are created by feeling. Of course you can make your mental pictures, but unless they are charged with feeling, they are of little consequence; but when those forms are charged with very intense feeling, they can grow to the power of destroying your human form.

I shall say something else of which you have not been informed, because you are now where you must know these things. There is a certain percentage of the change of so-called death, which has come about wholly by individuals' thought or feeling creation. That is a part of them, and when it comes to a certain point, it can shut off your heart action; it can shut off any function of your body just as surely as it determines to do it because it is your energy, your intelligence which is acting. Not understanding this in the human consciousness nor feeling your power to change it, it has the power or energy of Life with which you have charged it and it becomes your dominator.

That is how people many times cannot control their temper, cannot refrain from constant criticism, condemnation and judgment and all those things which are so destructive.

I say to you as the Messenger said to you last night, blessed ones, if you do not balance your calls to the Presence by Self-control in your feelings, how can you expect the Victory? You cannot do it, you are just wasting your time and energy. You may call with all the earnestness of your intellect; but if you continue to refuse to hold the necessary control over your feelings, many times you will intensify the condition which you are trying to get rid of, instead of helping it, because you are calling forth more energy; but there is no excuse for that. You have had it explained to you so many times, but you see Life is demanding your Self control, my dear ones.

Do you understand? Please listen carefully. Do you understand that when your Life Stream demands something of Us, We must speak it? Nothing is intentionally said to hurt your feelings and if it does, it is just unfortunate; because Life is demanding, every one of your Life Streams is demanding now your obedience, your Self-control because It is offering you your Eternal Freedom at the close of this embodiment. Why wouldn't It demand something of you? Remember that it is the first time in the history of the earth that your Life has demanded anything of you; but when you have come into this Light and you have sworn your allegiance to It—don't you mean it? Is it from the neck up as Lotus says? You had better get its action in your heart, if that is the case. When you promise something to Life, Life will compel you to fulfill it.

Oh, my dear ones, how I rejoice that you are seeing the Truth of My Words to-day. It is My first voicing to you of My Humble Efforts. Again, it is a great reminder that within Joy is comprehension. Have you

thought of it, that within Harmony is Understanding, within Victory is the feeling which brings the Trinity of Action?

To-day, is one of the Memorable Days, one of the Cosmic Days in which comes the Great Great Glorious Release; and as you enter class to-day, there will not be one of you who will not feel that great Freedom and that great Up-lift; but I prompt you now, when you begin to feel It in the class to-day, instantly grasp It like that; as if you were grasping It so It could not leave you. Then hold It and command It to be sustained and all-powerfully expanding in you and your world.

This is the beginning, to-day, of a certain Cosmic Activity which I am not permitted to explain to you; but It is a Dispensation called forth for the student body of America. This will not reach beyond the sincere students. That Cosmic Light knows whether you are sincere or not, and all who are earnestly sincere and willing to maintain Self-control, will daily become Its Action within the world of the student. In every class, henceforth, this Activity will be one of the outstanding Activities thruout the class; and in Los Angeles, It will reach a Tremendous Power, because of the volume of the energy released by the great body of students who will be there.

I trust every one of you does realize, and from the Light within your hearts you surely do, that this is an Opportunity never before given on this earth. Watch, watch, watch, my dear beloved ones, and guard yourselves against human suggestions from people who are vicious toward the expansion of this Light. If you do not guard yourselves and become firm and unyielding, you will be tripped up and turned aside. We cannot prevent it. We can tell you what to do and how to guard yourselves, but if you do not do it, the fault

would be yours. Many have recently been at very dangerous points, and as the Messenger and I think Saint Germain Himself said to you: "Observe! Those dear ones who turn aside from this Light now in the crisis of the world, will meet the greatest unhappiness ever known in human experience because they will have closed the door upon the 'Light of God that never fails'."

Do you not see what your attitude does, dear people? You might say to Me: "Well Fun Wey, don't you think you are just over-stepping yourself a little? I have my Presence, how can I turn away from It?" Shall I tell you? When you turn away from the tremendous effort, which has brought the Light and the Truth of the Ascended Masters Who have opened this door, even to the knowledge of where your Presence is, you cannot have your Freedom. Why did you not have the Perfection of your Presence before? Because you had forgotten It. Well, if you had forgotten It, how were you going to have Its Assistance?

That is one thing in which Life took no part. It just waited, but when you have had the opportunity, have contacted, and your attention has been drawn to the Presence of Life, the "Mighty I AM," then you willingly turn aside, it shows to Life that you defy It, and you defy obedience to Life. That is why you shut your door and it will not be opened. That is why those who have turned aside have closed their doors and in many instances, they cannot be opened. For some it can be.

I want you to understand, my beloved students, it is nothing to fear; but the vicious individuals who have become vicious toward this Light are people who are seeking channels into which they can come and stir up the feelings against this Activity of Light and against the students. One of those is ..... I prompt you unless you guard yourselves against

that activity or anything else wherein the conductor of it remains in darkness, you should know at once that it is no good.

There have been many Christian Scientists who have become so bitter against This Light that they have shut off the expansion of their own Light because they have turned to vicious channels to try and obstruct This Work. They cannot do it dear ones. This is the Power of Light and has the Cosmic Light at Its back. Anyone who would try to oppose the Cosmic Light is so childish and foolish. They won't believe that, but they will pay the penalty just the same.

The Great Divine Director gave the Christian Scientists in America a very timely prompting. Many did listen, but many refused. That is not saying anything against the Christian Science movement. It is the vicious individuals who are in it, who have really turned aside from it believing they can obstruct This Light. That would be wholly destructive and they must pay the penalty whoever they are.

Life is no respecter of your devotion to your avenue or whatever it is. We have no feeling toward the avenue of devotion people have to the God-head but wherever viciousness exists, it is destructive and they pay the penalty. How unhappy that they do not see it. You as Students of the Light, in the various times your attention is called to these points, should remember that if you do not retain them, if you do not abide in the Light, how can We help you? Clearer and clearer and clearer comes the understanding, the explanation. Of course, the explanations have always been clear, but it has taken time to clear the creation about individuals.

Right at this point, I am going to bring to your attention one of the things I have observed which has not been drawn to your attention. Why do you suppose the intellect of individuals becomes so stubborn?

Now observe, because this is so vital and you are at the point where you should know it. Here in the brain structure is where the energy is drawn from you or thru your solar plexus. Some day, We will show you how the direct current goes there. Saint Germain said it should not be explained yet. From your open door of the solar plexus, thru which discordant feeling comes into your world, the energy goes to your brain. While you have a force-field around your body from the top of your shoulders up and around your head, it becomes the concentrated force of substance and energy because your mental power is tremendous, and especially so when you get disturbed as a great feeling goes into it. That is why, it has taken sometime to clear the atmosphere from the student body.

You will observe why more attention is being given to the individual student in this class than in other classes in the past—because enough must be cleared of this obstruction around the brain and around the head, so that you can grasp these things more clearly and be more alert to the conditions that you are contacting which so subtly come into your feeling.

Now, dear ones, only as you become alert enough, can you know this which I am going to say; but there are individuals who outwardly are so loving, so kind, who have a creation back of them which is very destructive. They have enough Self-control to have pushed it back, but when others contact those individuals, sometimes they take on that which is in the creation around the individual. If they are unaware of it that force begins to drive into their own feeling world and they begin to experience what that creation would try to express thru the other individual.

Now do not begin to condemn each other, when I say this or think this, that or the other person has some force you do not want to be around. Do not do that, but when you are around some individual and you

begin to feel irritated or disturbed, take your warning and prompting and say nothing, but move out. Move away from that individual. Then say: " 'Mighty I AM Precence' you clear that out of my world," and the Presence will do it immediately; because what does not belong to you, can be very easily erased and cleared out; but if you let it gain a revolving momentum in you, it will make you the most miserable creature in the world for no reason at all. Therefore, in giving you these promptings, will you be reminded to stand guard over yourselves and your worlds? The Messengers have become very alert to this.

So to-day, since We have covered the vital, important points, let us now turn wholly away from that and give our attention to the Exquisite Beauty and Perfection of these Great Ones, your Friends. Let Me call to your attention the Mighty Victory, the Mighty Archangel Michael, the Goddess of Light, the Goddess of Liberty, the Goddess of Peace, the Goddess of Purity, the Goddess of Justice. Those are Beings wielding Mighty Cosmic Power. It is independent from that which I just referred to, as released into the world of the student body to-day.

I wish you could see with Us—pardon Me, if I use the term—the almost violent Effort that is being made to assist mankind to their Freedom, and only recently of course was the reason touched upon. Dear ones, it is so vital for every one of you, and you are earning as the language of the Llama says: "great merit." In our oriental language, peculiar terminology is used; for when We have done something worth while We have gained merit. You might call it in your western language a jewel in your crown; but I say to you, you are becoming Jewels of Light, and how I love to think of you in that way. How I love to look into your Light and call you My "Jewels of Light," for such you really are.

Oh, my dear ones, you are not those forms. You are the Light. Don't let yourselves believe that you are those forms. They are just the garment you are wearing. You are the Beauty, the Perfection, the Dominion of this Light which beats your heart. That is the Real You.

When I first began to be able to expand that Light around My tiny form, for I was a very tiny infant, then I knew the Power of that Light. I have grown a great deal and I am taller than your Beloved Messenger, very slender true, but in this Light as the Beloved Chananda informed you, is the Power, Strength and Glory of Eternity. So beloved ones, when you require strength and added energy, remember it is here waiting to pour Itself forth into your use thru your human hands and feet to render the service to Life.

How can you feel limited knowing this Presence of Life is ready to pour Its Magnificent Energy, Its Wisdom, Its Power forth thru your hands and feet and by Its Radiance going out from your feeling world, becomes dominion of everything you touch thru the Power of Divine Love and Harmony? Oh, is it not wonderful!

The first time I began to expand the Light under Eriel's direction, until I began to see It Myself, I thought how wonderful that is and I said to Him: "Eriel, is that coming from Me?" I thought it surely must come from Him. He said: "Observe! It comes from you. Now, you try to expand that a little more intensely, then watch It, and you will see It is coming from yourself." Sure enough, I began to see and what a joyful time I had. Every time He was not around I began to try it. One day, I felt that He was going to ask Me—"How about the expansion of your Light," and I said: "Eriel, please don't ask Me to-day," because I was gaining wonderfully and I wanted, as I thought, to surprise Him; but all the time He had been watching Me. That was one point where My sensitiveness did

not reach. Then He laughed heartily and said: "Fun Wey, is it possible you still think that I do not see what is going on within My World?" I said: "I apologize, but I thought, I was going to have a surprise for you." He said: "You know in the World of Perfection there are no surprises." That was the first time I was aware of that.

So to-day, beloved ones, you are in store for many surprises unless you become that World of Perfection where there are no surprises. Remember, you were prompted to never be off guard, lest you do be surprised. Well, some surprises are very good and some are not. Certain kinds of surprises are not good for your health. So be sure, if you are surprised, that it is a joyful surprise.

Shall I say something which gives Me much rejoicing? In spite of all that it has been necessary to call to your attention, there is the most glorious Radiance of Happiness emanating from your feeling world. So, I see that I have not done any harm to you in calling your attention to these things.

Another thing that is extremely beautiful, since the Maha Chohan was here and rendered this service, do you notice, have you observed, how your flag moves in the gentle breeze? Just so, waving in its prismatic colors from you, is this Radiance and to-day for the first time, It has gone into definite action. I rejoice with you and for you because that means a steady outpouring, a steadily increasing balanced activity of the Power of Life which is the primastic colors of Light.

You know thru the crystal prism, Life pours Its correct colors and it is a very slight change from that into the perfect colors of the Ascended Masters' Octave; but the difference is so slight, it is hardly a point of consideration.

So to-day, in your feeling of the expansion of this Light, go forth; and I do urge you—may I?—to call forth

this Light every night before you retire and every morning before any thought begins to revolve in your mind. Call forth this Power and charge your being, your mind, body and feeling world with Its Mighty Radiance. Charge It to go forth more powerfully each hour until that fragrance from your Presence which pours from your mind, body and feeling world becomes the dissolving Radiance.

Remember that the Archangel Michael set the dissolving Power of Divine Love into the action of the Violet Consuming Flame which makes the completed action. When It becomes powerful enough, you could quickly charge It into action with sufficient power so everything that touched your world would be dissolved instead of entering your world and irritating or disturbing you. I think every one of you are at the point now where you should really do this.

Then, outside of Its Effect in your protective Tube of Light, you would pour forth such a great Radiance. Do you not see that Radiance would go thru your Tube of Light, because It would be the same Power of Perfection? There would be no obstruction to It, neither would It interfere with your Tube of Light. It would go thru and radiate from It and make It many times more powerful than you could imagine. Therefore, It is a definite power of action, my dear ones.

Observe! If the Messenger took the nozzle of a hose here in his hand and began to let the water thru gently, then he increased the opening it would become a power or great force, according to the water pressure of the city, would it not? Well, this is the same identical example. As you call the Power of the Radiance of your Presence forth, It will increase with the same intensity that you would increase the opening of the hose and let the intensity of the water flow; but if you do not do this dear ones, how can you have It?

I say to you, many of you who have been so irritated and disturbed by your own human feelings or that which you have accepted from something outside: if you would do this, and dismiss all personal feeling, that Radiance would go forth and dissolve everything within you, then keep dissolved and repel every discordant feeling which would otherwise come in and disturb you. That is your privilege. If you won't do it, you cannot have it, because everything these days depends upon your attention, your qualification and your Decree for what is going to act there.

Really be very cautious, beloved students, because We have observed some who are decreeing for certain requirements and it is not wholly obedient to the Law. Decree for Perfection to fill your world, and if there is money supply you require, then decree for it. Watch out that you do not try to interfere with some other Life Stream or Service to the Light, when you are decreeing for something. Remember your Life Stream, if you call forth Perfection, will see that the right thing is provided for you but don't decree for some individual to obey your command. THAT WOULD BE A VERY GREAT MISTAKE!

You know, when you come up to a certain pitch, you sometimes forget that you might interfere with somebody else. So be careful and on guard. If you call for Perfection, you can be sure the Presence of Life will provide It; but if you call for something that you want and it would interfere with the Life Stream of another, then you might get something in it you do not want. All of Life is so Majestic, so simple when you look to Life in Its Perfection.

Now in closing, let Me say to you, your Beloved Master Jesus, how We love Him, said to you so long ago: "Seek ye first the Kingdom and all else is added." Now It comes to you to-day by your Saint Germain with a Glorious Activity: "Seek ye first the Presence

of your 'Mighty I AM' and truly all things are added"; because your Presence is the Kingdom, but in the greater understanding of your Kingdom as your Presence, you find there an All-powerfully active Intelligence, not just a Kingdom to act, but the Intelligence directing that Kingdom which is quite necessary in regulating Its forces.

I thank you for this very wonderful visit. May I have a little corner in your heart? You can have as large a corner in Mine as you like. Just say the word and I will expand My Heart to encompass you all. Great is the Joy of Life in living the Perfection of Life. Oh, my dear ones, once again as you are steadily nearing your Goal of Eternal Freedom, may I plead with you, let no human quality interfere with that Glorious Eternal Freedom—the Victory of the Light and your Ascension. I thank you.

· GEMS OF LIGHT ·

GREAT DIVINE DIRECTOR

I urge each of you to stand guard over your human feelings. While it is right and wonderful to be kindly and loving to all whom you meet, yet allow no undue attention to be given any one in particular; that you may hold that great calm serene balance within your feeling world which keeps destructive qualities from intruding.

GREAT DIVINE DIRECTOR

Dear ones, do you not realize that the gowns or suits you wear, are substance and will take whatever charge you give them; just the same as one day, you will find you can mold the atomic structure of your body immediately into whatever you choose?

GREAT DIVINE DIRECTOR

How great is the stubborn ignorance of the human mind! You, to-day, have within you that which can be made a Mighty Power for good; but only thru Self-control and refusing to allow your human element within you to even have an opinion, can you be Free. That is how you gain a Mighty Victory.

GREAT DIVINE DIRECTOR

Words do not convey what I wish to give you, for only thru My Feeling can it be done, and that is: how important it is to balance by Self-control the Powers you wish to call forth from the Presence because as the Power intensifies, without Self-control, you will find yourself tripped up at most unexpected moments. That is why We have pled and asked for Self-control within each one. Do not even have opinions about others or outside conditions any more than is necessary to understand the mode of application. It is not the momentary thought of a thing that does the damage, but the revolving of it that allows the ever watchful sinister activity, which is but human creation, to find an opportunity to drive in.

GREAT DIVINE DIRECTOR

No matter what it is necessary to discuss, determine not to allow it to register in the atomic structure of your body or your feeling world at any time. What enables you to have determination? The Intelligence and Energy of your Presence.

GREAT DIVINE DIRECTOR

May I say to all, when you really enter into the Service of the Light, all human ties are really severed. People could, if they would, associate in great happiness, but if the human is not controlled, then that cannot be, and there is no Divine Law that compels any one to remain in distress.

· GREAT DIVINE DIRECTOR ·

IT IS our very geat privilege to announce the release of a new song—"GREAT DIVINE DIRECTOR" by our Beloved Ascended Messenger, Godfre Ray King.

This Great Presence, the Great Divine Director, is the Authority over the Life Streams of the humanity of this earth and can issue the Great Command for such individual Help from the Ascended Masters to be given any individual whom He sees is ready to go forward to Eternal Freedom in the Ascension.

Thru these Light Rays, this Great Being can pour forth His Cosmic Power to assist all who will give Him their attention and hold their feelings harmonious

long enough, for Him to cut away the accumulation of discord which binds them to their problems and limitations of mind and body.

The Great Divine Director is very definitey guarding the Youth of America whenever the call for their protection goes forth from the parents or guardians who will make that call.

The Light Rays which He projects are actual Light, Substance, Energy and Perfection from His Ascended Master Body. That is the way He enfolds the body and affairs of those who are calling for help. When anyone sends his or her Love to the Great Divine Director, He feels that Love instantly and answers at once with His own Enfolding Light Ray. He is a Mighty Real, tangible, living, breathing Being of such Cosmic Power and Glory as mankind can scarcely comprehend.

The cover design is the likeness of our Beloved Great Divine Director, and is a Gift of Love from our beloved May DaCamera whom we thank and bless without limit for her blessed service.

This song was dedicated to the City of Los Angeles, where it was first sung, to call forth all the Assistance of the Great Divine Director for the people of the three Americas who are determined to hold to the Constructive Way of Life and maintain Freedom and Divine Justice for mankind.

May every human being on earth hear, sing, play and use this song, contemplate this Picture of the Great Divine Director, receive His Almighty Directing Intelligence, Light and Power and be released from all that causes distress in any way. May it release all mankind from every limitation and flood the earth with His full Glory, Perfection and Love to set all free, until they are Ascended into the "Light of God that never fails."

THE PEARL OF GREAT PRICE

HE Pearl of Great Price is God's Freedom—"I AM,"
Our Life's Greatest Gift on the earth unto man!
It comes at our call and from Love's Cosmic Height,
Releases the Power in all of God's Light!
The Great Word went forth, thru the "I AM" Command—
"Light! Let there be Light!" and Light blazed o'er Our Land!
Light answers in Joy and descends now thru Love,
For Light is the Magnet which draws us above,
To all that is True and Victorious—Supreme!
God's Freedom shall reign and God's Light now redeem!
Till the Octave of Light and earth become ONE,
Illumined by Light from the Great Central Sun!

The Pearl of Great Price now is offered to all,
For Freedom and Justice have answered our call,
To remove from the earth, all not of the Light,
That mankind may live and ascend to God's Height;
For man—more than man—MUST become Master NOW—
The Great Master of Light! before Whom all bow!
Light's Victory must rule and fulfill Life's Great Plan
Light's Peace—PERFECT PEACE! govern all in Our Land!
The Goddess of Light, Her Light's Call again sings,
Light's Answering Legion Her Blessing now brings!
The Goddess of Purity by Her Side stands,
Light's Purity sweeps thru from Her Own Blessed Hands!

The Pearl of Great Price now, all mankind shall see!
The "Crystal Cup's" Cosmic Light flows, God, from Thee!
It drenches Our Land with Thy Pure Liquid Light
And reveals to the earth, Thy Conquering Might!
It cleanses America! LIGHT! TAKES COMMAND!
Its Cosmic Dominion her people demand!
Till mankind on earth, all luminous become—
In Majesty entering Light's Eternal Home—
Light's Cathedral of Jewels, where the Pearl of Great Price
Is FREEDOM'S GREAT SCEPTER, Whose Light does suffice
To give all Perfection from His Realm above,
The "GREAT I AM PRESENCE" rules here now in Love!

QUAN YIN'S (GODDESS OF MERCY) DISCOURSE

Oakland Class—August 27, 1939

BELOVED ones, O Children of the Light, what a joy it is to-day, once after a long long silence, to have My Words voiced to those, who are giving such devotion and calling for the blessing and protection of mankind and for our devastated land! (China) How beautiful it is for the Mighty Eriel to have assisted in rendering a Mighty Service to our people, in establishing conditions which We trust, will one day raise our nation again to her pristine Purity and Perfection.

What a privilege it is to see people of earth once again clearly understanding what they must do, in order to bring Perfection into the individual's world, the nation and the earth! (Thank you, won't you be seated?)

In My Capacity, as Goddess of Mercy, your Beloved Saint Germain has asked Me to explain to you to-day, how the activities of the Laws of Life change, according to the requirements of a people. You have observed the destruction of our land and our people. I have said many times: "I shall not enter heaven, until there are no more in hell."

You are coming to know and understand, beloved Children of the Light, what that hell referred to means. It is human beings' own creation, and the accumulation of that is what you have come to know as the psychic or astral world, in which there are only destructive forces. Soon, I trust, that sphere of action will be removed from the atmosphere of earth and replaced, as you have come to know, by a compound which is for the blessing of mankind; for it is to lift even those who are rebellious and take them away from their destructive activities.

Beloved ones, only when you see the Cause back of everything that is, will you understand what mercy means to the earth. Has not Life been most merciful to you? Have not the Ascended Masters and the Cosmic Beings and even the Activity from the Great Central Sun—the Source of all Life, Intelligence and Energy to this system of worlds—been merciful to you during that long period in which you have made human mistakes? Now, They have come to your rescue, that you may be Free.

That is not imagination. It is a Reality which many are seeing and feeling in Its greater Power or Manifestation to-day, even in five short years. Do you realize, my dear ones, how long in the past, it has taken to build and raise a civilization to a certain height of Perfection? Remember—complete Perfection has never been reached on this earth, since the Second Golden Age. You could scarcely believe, with all that is held in the appearance world to-day, that mankind could again return to even greater Perfection than anything since the Second Golden Age and then rise into Perfection Eternal for the earth.

You are people who have lived in our nation, who have lived in many nations; because one day, the Great Life Stream within you, saw that you would be called

upon to render a final service in balancing your score to Life. Now, you have begun to render that service. It is not all that you shall do, but it is a very beautiful glorious beginning.

In perhaps no place on the face of this earth, have such—shall I use the term—tragic changes taken place as in Northern China, Northern Russia and Siberia. Perhaps some day, We shall impart the meaning of that word to you. I think it would not be wise at present. At intervals, thru your outer scientists of the world, you have found evidence and proof of the frightful changes which took place within a few hours. If you will observe your morning paper, you will see more evidence of what is actually true. When the civilizations of Siberia were frozen within the ice and they are still preserved, even the flesh of the animals was preserved also—for they have just discovered horses with their saddles and bridles ready to go forth, frozen in solid ice. Then, you may know why at least a little of such conditions exist in China, Russia and Siberia to-day.

Perhaps I should explain to you, that Siberia was once a most powerful focus of the black magicians and it was they who brought that sudden change to destroy mankind when mankind would no longer listen to and follow their destructive suggestions.

You are most fortunate to-day, Children of the Light. In the ages past, when mankind attempted to serve the Light few, very few ever survived because of the powerful black magicians who would permit them to go only so far. Think of it! To-day, you have the Blessing of such Powerful Friends of the Light, Who have removed them from the earth forever. It is a time in which there should be a great rejoicing and the students, I trust, appreciate greatly the Service which is being rendered.

Your Goddess of Light has rendered this Almighty Service to this earth; and remember, She was the only One in the Western world, against whom the black magicians ever struck with such forceful power. In Europe, many similar things have occurred unknown to the outer world; but when She was able to release Herself from that—and mark you by Her own calls—then, you may understand your Power to release yourselves from any condition of your own creation or that imposed upon you. You can do this, thru your calls to Life and Light.

Be advised, Children of the Light, that there is no Power so Great in the Universe as that Light which beats your hearts which you can call into action and thru It have complete release from everything that exists. Life does not question you. If it be your own creation then say: "Be thou dissolved!" Life does not feel concerned. All It wants to know is your willingness, since you are its creator, to have it dissolved and removed forever! Are you as generous to each other as Life is generous to you? Since It never condemns you for your mistakes, are you as generous to each other? It would be Wisdom to think of that sometimes!

The vocabulary of mankind has become of strange use! For a long period in our land, in its beauty, happiness and Perfection, during those civilizations, the people spoke only when they could speak of constructive things. Then Self-control was at its height for over that nation there was a Radiance from its people, just as you are formulating an atmosphere over your America to-day which, outside of your Ascension, would be the most gratifying thing of your experience, if you were to witness the change that has taken place in two years.

Mankind is so prone to believe just because they do not see a thing, that it is not there or that it cannot be

effective. As has been said to you so many times, all the Great Powers you use are invisible. Why not see that? Think of us in that great time of happiness, when I walked the earth in My Perfected Body, tangible to all in our land and that Light which I was, was worshipped by all. Think of It! Our people have not forgotten Me thru all the descending centuries. In all the time, in which greater and greater density has grown in our land, still have I not been forgotten. That could only come thru the Radiance which was released from that civilization. It still holds sway before the seeming class superiority.

The destructive forces attempted to bring a similar density into your beloved America, the Americas; for it really has gained to-day a little more force in South America than your North America, tho you do not seem quite to realize it. The subtle spies who ruined our nation tried the same thing upon your nation—first planting in our land the most nefarious of weeds, which was so deadening to the human senses. Subtly knowing our less active mentalities, they steadily gained a stronger and stronger footing, imposing that daze upon the minds of our people.

How fortunate our people were who came to receive the blessings of your America. Many of them see that and I do not wonder that they do not wish to return; because if you ever saw thru outer manifestation, hell upon this earth, then you have seen it in China. At no place, have such things ever occurred upon this earth and you don't know one tenth of it as We do.

You, to-day, have your Magnificent Benefactor, teaching, prompting, guarding, guarding, guarding. So that, if you will, you may prevent such devastation in your land; because those subtle claws did not gain their victory here as they intended because of the

alertness of your people. Remember in our land, that density and *daze* which seems to be the only word that describes the condition, grew thru many generations in our land. When those claws saw they had gained a certain dominion over our people, by that most frightful substance, then they sought to gain it in America—the last place where mankind could have their Freedom. Fortunately, it failed before it was too late. You are receiving the blessing to-day of the discovery of its activity here and there is a steady and sure annihilation of it.

May I say something to you of your beloved Messengers? Had you observed all that has taken place in our land, you would be more grateful to your Messengers for their use of the words "annihilate, dissolve and consume," than perhaps anything else in the vocabulary which you use. Had our people known how to use those words, "annihilate, dissolve and consume," our nation would not be in the condition it is to-day. Of course our people would have to understand the "Great I AM Presence" of Life. At that time and long after the density of the mass grew more intense, many of our people knew this Presence, which you have come to know and hundreds saw It!

Some day, I trust to add to the great information of which you have some record. There are some paintings in China which at the right time, will be brought or transported to America, that you may see exactly the Truth of what I am saying to-day. At that time, our people knew something of the "I AM Presence"—not by being taught but by lifting themselves into certain vibratory action where they were able to observe the Presence—but It was not taught generally in our land. Only those who saw It, held It as an Eternal Sacred Memory and secretly worshipped It. I shall show you sometime, that there was a very similar Chart or

painting to that which you have to-day. It existed in that long forgotten period of which your present civilization does not know.

That is why, if I may be of some assistance in making you more alert and aware of that which you confront to-day and how you may avoid it, then I will feel very grateful—for the Goal of mankind is Freedom from this earth and Freedom does not come thru so-called death.

You know our people never fear death but many have, thru subtle misunderstanding which was intentionally spread among our people, become ancestor worshippers; but not those who once knew and had seen that "Great I AM Presence" of Life. I could show you in our land in our secret archives, the Words, "I AM," as you have written them to-day in English. I know that your Great Benefactor and the Messengers have told you the Truth for recently, I was invited to visit the Royal Teton and spend many days, going thru certain records which are there.

One day, there shall be a very strong connection between China and America. (applause) As you know, our people hold the record for honesty (applause) and as they are released from those conditions which have dwarfed them, then they will again stand forth in bodies Free like yours. (applause)

How little, Children of the Light, one part of the earth knows of another part! Oh, how very little! Your newspapers to-day are very unfortunate, that they do not realize the vast magnificent blessings which they could wield to help humanity if they would only stop looking for untruth and sensation. (applause) I am very grateful to see that from the great Ascended Masters' Octave, there is beginning to be a great change in that marvelous industry of America—your moving pictures. One day, they will be one of the most glorious channels of instruction before mankind.

When you see a thing with your eyes, you make it a part of yourself; and when you come to see, as you will, the activities of your body and within it, then you will not fear what is acting there, but you will have greater Self-control than ever. When you can watch the conditions produced by that which you put inside of your body, after a few experiences, you would not care to repeat it.

Isn't it strange that mankind as soon as a thing is out of sight, think they are thru with it? but what a mistake! When you swallow something, there must be something in interior to take care of it. It must require intelligence, sometimes very great intelligence. Since the Intelligence within is sometimes much wiser than the intelligence without, you will understand why many things which were once thought to be poison to the human form are enjoyed with great comfort and happiness to-day.

When mankind's imagination becomes excessive, it sometimes produces very unhappy results. If you imagine sometimes that your Presence is directing you and it is something else, you would have made a mistake. Do not jump at conclusions. Let the proof be shown, as your Benefactor has shown the proof of His Wisdom to you; of letting your Presence show Its Wisdom thru Its Direction of you, before you come to be too sure about It. That is protection and should be the guard of all the Students of Light everywhere.

Only in Our watchful care, as We have watched our people and the conditions into which they have been drawn, can you possibly be aware of the pitfalls of mankind everywhere they move. Now then, how do those come about? By the mass creation and accumulation of destructive discordant qualities.

You are of course observing this more and more clearly, but beloved students, won't you realize more earnestly and sincerely that in the use of all your

mighty faculties, if they were used WHOLLY CONSTRUCTIVELY, they would make you an Invincible Being in a very short time. For instance, in the use of your attention, it will hold you to the Heights, if you will let it, because that is its natural tendency. You might think I am mistaken, because of the accumulation of mankind, but I say to you I am not!

The natural impulse within the attention of mankind is to raise its vision. Did you ever see any human being who came to a crisis in Life and called for help who did not look up? Even tho the head was bowed in prayer, still the vision was lifted. That is correct, because the Light which beats each heart knows where to look for assistance. Thruout the ages, in many individuals, It has held them by Its powerful impulse within Its Directing Radiance. Mankind have many times called that Assistance a powerful inspiration, but It is more than an inspiration—It is a direct Activity of that which you have come to know as your Higher Mental Body.

Remember, beloved ones of the Light, mankind has not known these various details which your Great Benefactor has explained to you. Oh, fragments of these Truths have been known, but not the complete explanation of the details and application and how and why It does produce these definite results. This is the only time It has ever been given completely, and if you are wise, you will profit by It to the fullest of your ability and capacity in the use of energy.

How glorious it is, that so many are becoming aware that they are not limited as to the amount of energy they may use. Why do you think people become negative, as you use the term? Why did our people become half asleep? Because the brain structure which receives the impulses from Life becomes deadened! In thousands and thousands of instances, it becomes half paralyzed by that substance. You understand, beloved

students, that the substance in the marijuana weed—one of the things you have become quite familiar with here, acts to paralyze the brain. Do you know, that it goes directly to the structure of the brain, the instant it enters the body? It also goes to a certain point of activity in the feeling world and there is the first point where it begins to delay the action of the brain.

You can watch any person who has used it and you will see the exact result. They feel a lethargy and so do not keep active. Unless it is removed very quickly, it will saturate the atomic structure of the body until it will take a long time to remove the cause. It is one thing where the effect does not disappear, until the cause is removed.

Avoid these things, Oh people of America! Avoid those intoxicants! Avoid your cigarettes! Oh, Ladies of the Light! when I see in your America beautiful individuals smoking those unhappy cigarettes, I wonder what will be the result. Mothers bringing children into the world who smoke incessantly! What a tragedy upon that child! Mothers who drink intoxicants almost without limit, and then bring a child into the world saturated with that desire!

The responsibility of the parenthood of the world is very great, my dear people, very great. One has only to observe your great institutions in America, your vast hospitals, to observe the effect upon unhappy mankind.

You, to-day, who have come to know the way back to the Perfection of Life, Oh beloved ones, stand with all you are in that Great Light, receiving Its Almighty Strength and Courage to sustain you, that you may become no part of such a condition.

When I see, as I have recently, what is in your land, may I say something to you in very great Love? In spite of all the conditions which have beset our land, I did not wish to come to America. Your Beloved

Nada came to Me and said: "Quan Yin, are you not just a little prejudiced?" I said: "Do you think so?" She replied: "Well then, will you not accompany Me to America? We want you to see the change that has taken place in five short years." I came, greatly, greatly to rejoice.

There is one of our people in America to-day who could, if that one had not turned aside from this Light, carry this Great Glory into all China. Is it not pitiful to think that human desires have prevented such a Great Glorious Blessing reaching our land? Perhaps now, We shall find another who, in the great glory and enthusiasm of all that this means to the earth, becomes familiar with the knowledge of the "I AM" and goes to our land to teach our people. (applause)

You have not heard much about it, but the glorious way your precious Najah in India is carrying this Light secretly, so to speak, to the people there, is glorious to behold; for She is not subject to the conditions of one still in a limited body—altho the people do not know that She is not in a limited body.

Children of the Light, will you not please observe how all great Foundations of the world, start from one single stone! Your Glorious Saint Germain is that Jewel of Light. (applause—audience rising) He is the Jewelled Stone which is the First Stone of the Foundation of the Freedom of America. I say to the Messengers, how great was the Wisdom, when the Name chosen was—"The Saint Germain Foundation." (applause) Remember, from that one single Jewel, has spread now to the entire earth, something of the Glory which He has brought forth. (applause)

Be of good cheer, Children of the Light, it will not be long, until vicious individuals will cease to try to destroy this Light! (applause) When they begin to see their destruction's reaction, as they shall be compelled to, under the mighty application which is being made;

then if for no other reason, will they fear for their own safety and be silent. It would have been very wise, if many had been silent already.

This Light, beloved ones, is the Light of Eternity, and nothing in the world can dim It. Human opinions are of no consequence when the Great Cosmic Light chooses to assert Itself thru mankind and about them in Its ever-expanding Activity. Even though you are now rejoicing greatly, still one day, your rejoicing will be boundless in comparison to that which is your joy to-day—when you see that you have been a part, a Jewel added to that One Jewel in the Foundation of the Perfection of Life to this earth! One day, a building, a great structure, an Almighty Temple of Light, the Beauty of which you could not comprehend to-day, will stand on earth a Mighty Glory and Wonderment —the Light of Eternity!

Remember, in the Octaves of Light, you have your magnificent Temples representing the glory of the colors in what they mean to the earth and what they mean here. You will have your Temples in color here on earth, a counterpart of those there. (applause) I am told that in one of your recent moving pictures, there is a very beautiful illustration of an Emerald Temple. That might give you some idea of the beauty and magnificence which will one day be yours, to observe and enjoy. It is marvelous!

Will you try to understand, that all in those Great Octaves of Light must, one day, find their counterpart out-pictured here? When you have called to the Light for this Perfection, It must come forth. Life is compelled to answer! The time of answering depends upon the response of mankind to some degree; and yet, a sincere call sent forth which is not recalled—may I repeat that to you?—a sincere call sent forth if not recalled by you, will go on and on, until it returns to you with that fulfilment. It is the Law of Life! Oh, that

you might all understand this with the full power in Its Meaning and with all that it means to you individually, as well as your nation!

I say again, Children of Light, people of America! while you have much in your government which is not correct no doubt, yet I still say you are very fortunate; because you have within your hand the Scepter of Power to correct everything in your cities and in your government, by the Peace and Power of Light. (applause)

Saint Germain wishes me to remind you again, for the outer man so soon forgets. Please, He says, do not forget again that the Sword of Blue Flame has been placed in the Hands of your Higher Mental Bodies to wield for your protection, your Blessing, your Defense and that of America. (applause)

I say to you precious Lotus, remember your Higher Mental Body has the Sword of Blue Flame in Its Hand ready for constant use. Use it to your heart's content! (applause) May I pour My love to you thru the hand of the Messenger? You who have loved Me so much, who have given such devotion to Me in memory of that long ago. May that Memory call forth the Glory of all which was then, into Its Perfect Manifestation now and make everything you desire to-day, perfect ease and rest in action and the fulfillment of your great heart's desire. May Eternal Blessings of Life, Peace and Happiness rest upon you forever.

Yes, one day there shall come to our country one of great strength and power, thru whom our people shall be informed of this Great Light, Its use, Its Freedom, Its Power. I thank you, precious Lotus, for your Love and devotion.

Saint Germain also wishes Me to say, that one gentleman who came to have a book autographed to-day, was then and there released completely from three influences which had tortured him for many years.

(applause) May Peace rest upon him and abide in the fulness of the Expansion of his Light. Therefore, beloved ones, may you feel all that It means to you.

How beautiful, you all look to Me to-day! While I see your outer garments, yet I see your Inner Garments with which you are clothed, dazzling and beautiful in their Radiance by your call to Life. May you, each day, cause them to become more wonderful, until the Out-picturing of your call, causes the Radiance pouring forth to be your Invincible Protection and the Glory of Almighty Harmony, holding your world under Divine Order and Divine Justice—the Perfection of Life in Its full Out-picturing.

I thank you.

· GEMS OF LIGHT ·

SAINT GERMAIN

I tell you, dear ones, what someone else does has not a thing to do with your world but complete Harmony within your feeling world is everything. There is no provocation justificable in human contact, to cause you to be irritated or disturbed.

SAINT GERMAIN

In calling forth your supply of money or whatever it is, many of the students do not realize that they have not generated and gathered enough energy because they have not been steady enough in their calls and the charging of their worlds with Energy and Power of achievement. They sometimes marvel that their calls are not answered more quickly. Well it is because their reservoir of energy has been exhausted to a large extent, and they are not charging it dynamically enough, to recharge it and gain the momentum.

"I AM" the Resurrection and the Life of every one here, restoring Absolute Harmony in the mind, world and affairs of everybody!

"I AM" the Light that lighteth every man who cometh into the world; and "I AM" the Consuming Flame that consumes everything of the human creation drawn about the individual!

"I AM" the Open Door which no man can shut!

"I AM" the Fulness of Light commanding Perfect Health in the body of every Student of the Light forever sustained!

"I AM" the Light within each human heart which illumines the brain and sets it into Perfect Harmony, Divine Order and obedience to the "Mighty I AM Presence"!

"I AM" the Fulness of Activity in the mind, thru the body and out into the world of activity of every one of God's children now and forever made manifest!

"I AM" the Fulness of that Protection, radiating about every one who calls unto Me, forever sustained!

"I AM" the Full Power of Action in the mental and feeling world of mankind, dissolving, consuming forever every discordant thing in the human self! I decree that this move forth with the speed of Lightning thru the mental and feeling world of mankind, dissolving —consuming everything unlike Perfection!

"I AM" the Power of Perfection sweeping into action in the earth and in the Life of mankind with the Full Power of Cosmic Action!

"I AM" the Eternal Light of Heaven and earth!

"I AM" the Governing Presence thruout the Universe, ready to come at the call of the individual into action which is bound to produce My Perfection there and hold It sustained!

"I AM" the Presence that moves into action at the call of the individual, to hold My Dominion there and produce Harmony and the Light of Perfection!

To all who call to Me, "I AM" the Presence that never fails to answer and, to the degree that the beloved ones of earth can feel My Radiation, will I pour forth without limit to bless, to heal, to prosper, to enlighten and set them free from their human creation, no matter what the mistakes have been!

"I AM" the Presence that doeth all things well and produceth Perfection everywhere!

SAINT GERMAIN

With your adoration, your great Love to us and Harmony maintained within your feelings, there is no thing required in the outer world that cannot be done. We are just as interested in your progress, your happiness and achievement as if, in fact far more than, if We were in physical embodiment here, because We see the Goal of mankind. We see your Goal of Freedom and We can well afford to be patient. If something trips you up and throws you down, climb up and with greater determination go on. Because you slip once in awhile don't let it discourage you or cause you to condemn yourself but with greater joyous determination than ever climb up and go on.

PRESENTATION OF THE "CRYSTAL CUP" · · AT THE SHRINE CLASS ·

Sunday Evening—July 27, 1941

SAINT GERMAIN has brought to us the "Crystal Cup" of His Great Light! He is that "Crystal Cup" and He has given us the privilege of carrying His Love and Light to the people—His "Crystal Cup" of Cosmic Light!

The large Cup you saw presented here last Sunday, is a Focus for that Out-pouring into the outer world. Sanctuaries and Reading Rooms and those who really choose to accept It, can have a "Crystal Cup" from our Heart Center here. Each sincere "I AM" Student can have one for the home. There is nothing obligatory about this, as each one has free will.

There can be drawn forth the "Crystal Cup," for the sustaining and harmonizing Power in the home, for the expansion of the Light there, if you care to give It recognition; but this Activity is one which is a very very Sacred Power and It is not to be treated lightly nor is It something to be shown to everybody. It is to be held in deep devotion in the silence and is a Sacred Power-house in the home, the Sanctuary and Reading Room, if given daily attention.

Three times a day, give attention to the Light Ray or Flame for which you are calling to the Ascended Ones and ask It to descend into your "Crystal Cup." As your attention, your Love and call continues to a certain point, will the manifestation come forth to free the people. This Power of Light can come into every home, every Sanctuary and Reading Room, if you choose to draw forth the Activity of the "Crystal Cup" and charge It daily with the Love from your heart and the Light and Substance from your "I AM" Presence!

Remember, when Saint Germain gave Our Beloved Messenger the "Crystal Cup," all human limitations were stilled, dissolved and He ascended!

When Our Beloved Messenger gave David Lloyd the "Crystal Cup," all his human limitations were dissolved and He ascended!

Now let us all call forth this same Activity of the "Crystal Cup" in Saint Germain's Marvelous Release of the Light of the "I AM" to the people.

Let us call forth the Cosmic Power of the "Crystal Cup" in America, that all human limitation and destructive force in Our Beloved Land may be dissolved and the United States of America, as a Nation, ascend into that Octave of Light's Activity which brings in the full Perfection of the Golden Age. Then, Saint Germain's Freedom and the Justice of the Goddess of Justice shall reign on earth and provide the conditions

for the return of Jesus, Our Beloved Messenger and other Ascended Masters to move among mankind as in the Golden Ages of the past to teach the people and help raise them into their Eternal Freedom of the Ascension.

Since the "Crystal Cup" has come forth to us here, we can call into It, Victory's Full Power of His Crystal Cup from His Life Stream. We can ask Him to fill the "Crystal Cups" of all under This Radiation with His Victory. Let us call to our Life Streams to release their Action of the Cosmic Light thru us to fill the "Crystal Cup" of America. We are the doors thru which the Streams of Light pour into America's "Crystal Cup" from our Cups. Then, may America's Cup become so full, she too, can pour the "Crystal Cup's" Light, Blessings and Gifts to the rest of the world and fill the "Crystal Cup" of the world with the Ascended Masters' Liquid Light forever!

This Activity can be drawn forth by those who give their attention to It and attend the "Crystal Cup," giving It full acceptance—making the call and holding steady in the Purity and Power which are required to bring those manifestations forth, which will be Eternal on this earth.

For those who choose to do that, "Crystal Cups" will be obtainable. They will be uniform and We will bless every one personally and make the call. We trust they can come forth very shortly, so you may get into action.

Three times a day, stand before the "Crystal Cup" with hands up-raised. In that position you too become a "Crystal Cup" and the Flame of Life in your heart should be called forth and expanded like a Sun, forming a "Crystal Cup" of Light, into which the Great Beings can pour Their Light into you. Thru your calls to These Great Beings, They can focus Their Power

of the Unfed Flame, the Liquid Light, Their Perfection, Supply and every Activity of the Cosmic Light Substance from the Ascended Masters' Octave and charge those "Crystal Cups" to become a Power-house of Electronic Force. As you gain a momentum, the Perfection and Supply of all good things can come forth to all who give their Light and Love and attention to It.

Each day, it is our obligation to make the call for that Light to be poured into America's "Crystal Cup." As we draw the Light into our own "Crystal Cups," we ask the Cosmic Light to over-flow and fill the "Crystal Cups" of all under this Radiation! All under this Radiation should draw the Light and ask their "Cups" to over-flow and fill the "Crystal Cup" of America! Then call that America's Cup may over-flow and fill the earth with the Cosmic Light that stills every destructive force forever!

Do not discuss this Activity with anyone. It is a Sacred, Silent Mighty Activity of Life and Light because the "Cup" has always been a symbol of God's Supply and Freedom to man. We ask you to regard It as a Silent, Sacred Privilege, second to none except your Ascension. If you will do this, the Great Ones can pour an added Charge of the Power of the Cosmic Light into America. It is to call forth greater devotion to God—the "Mighty I AM Presence" and release greater gratitude in the sacred sincere Love and silence of our hearts, for all America means to us and all mankind in the Freedom of the Light!

There will come forth Instructions and Decrees to be used with these "Cups," but if you are to have this Blessing, the "Cups" must be uniform. Do not go out and get just any kind of a Cup and expect that Outpouring to be held uniform. Let us be in attendance upon the Plan of the Great Ones and co-operate with

Them perfectly, to produce the Perfection we all desire.

Each day, call forth the Ascended Masters' Flaming Substance of the Cosmic Light, to enfold your "Crystal Cup" in Their Radiance which illumines the atmosphere around It. Call forth and accept Their Power of Precipitation released into It until you gather enough of Their Electronic Force, to draw forth all that you require for your complete Freedom and for the protection of others who are constructive and to whom you may need to give assistance.

May we all stand so true and obedient to Saint Germain, Our Beloved Messenger and Blessed Jesus, that we can call forth this Greater Power of Light and may we be obedient enough to hold the protection which will enable Them to release enough of the Substance of the Cosmic Light into America for her Freedom. There are no other people in the United States of America thru whom that can come but thru you, the "I AM" Students. That is why, we have thanked each one daily for being the Open Door and for all you have done; because thru you, the Ascended Masters can pour Their Light with the intensity which America needs. It cannot be done thru people who do not know this Law.

Call your Higher Mental Bodies to remind you each day, to call your "I AM" Presence and the Ascended Ones into action to enfold your physical bodies, all "Crystal Cups," every person, place, condition and thing under This Radiation and our every Decree, in the Ascended Masters' Cosmic Light Substance and Luminous Atmosphere.

Every time we give a Decree, we should call to the Great Ascended Masters and Cosmic Beings to release the Cosmic Light of a Thousand Suns in, thru and around our flesh bodies; to condense, concentrate and solidify It within and around all under This Radiation

with such Power and Intensity that It illumines the atmosphere around each one and encloses every Decree in a Light Ray of Its Substance. Then as It goes to Its destination, It is clothed in the Power of the Sacred Fire and that is held sustained until the manifestation is complete.

Give daily recognition in your calls for supply to the Ascended Masters' Power of Precipitation. Call your own "I AM" Presence and the Ascended Ones to concentrate the Flaming Substance of the Cosmic Light around you, illumining the atmosphere about you with such Pressure and Power of the Substance from Their Octave that It compels Eternal Purity to be maintained within and around your physical body. There is a reason for this. It may be necessary under the outer world conditions of to-day for that Power of Precipitation to be released into the use of the "I AM" Students, or to a certain number of them, for assistance to others who are constructive, as well as those under This Radiation.

In using the Power of Precipitation, the Law of Purity must be complied with first of all! The substance and energy within and around your physical body, where the precipitating power would act, must be kept purified by the Ascended Masters and charged with Their Qualities and Authority because in the use of precipitation, it does take considerable Electronic Force to draw forth at least the first manifestation. In doing that, the atmosphere about you must be Pure and Harmony maintained permanently.

Let us keep calling that all our young people be sealed in the "Crystal Cup's" Flaming Substance of the Cosmic Light, which is intense enough to illumine the atmosphere about them, so destructive suggestions of the outer world cannot reach thru to destroy, injure or draw them from their Victory in This Light.

MRS. G. W. BALLARD AND DONALD

SAINT GERMAIN

As you know, in your feeling is your Power-house. When your feeling gives complete obedience to the requirements, then We are able to enter into definite action which will bring definite results. Then you will see the Law of Life acting literally, mathematically, for mathematics having come forth from Life, then Life must be mathematical in Its precision—in Its directing activity.

SAINT GERMAIN

As the momentum, thru these Mighty Decrees, goes forth into the mental and feeling world of mankind, for America's Freedom and Protection, don't you see at a certain point in the amplification of the Cosmic Light, that momentum will release, go forward and do its identical same work for the nation? It is a definite powerful thing . . . . . I tell you a gained momentum in the acknowledgment of the Presence, is one of the mightiest things individually and otherwise. You see everything which is accomplished in the outer world must have energy, it must have the Power of the Directing Intelligence of the Presence.

SAINT GERMAIN

As you realize this Power and Energy are coming from your Presence, it is not an effort. Your call does release the energy, but at the same time it is not all the energy; it is not responsible for the energy, but your call is the release or the signal for the release of the energy.

SAINT GERMAIN

Now notice carefully the difference in the action. A call without gathered energy is only power for fractional results, while energy gathered in a specific requirement dashes forward to the full and complete accomplishment.

SAINT GERMAIN

Now this sounds so very simple, but Oh what it means to you; If you would spend only two, three or perhaps five minutes charging your feeling world with Perfect Ascended Master Peace, Rest and Invincible Protection on retiring. If your outer requirements take extra time, then charge yourselves with complete rest for the hours which you have. Then, on arising in the morning before any thought or feeling begins to come concerning the outer world, stand on your feet—or if you are sort of awakening, while you are lying flat on your back in bed, begin to call forth and charge your mind, body, feeling world and activity with the Limitless Energy, Directing Intelligence, Invincible Protection, Release and Out-pouring of Divine Love and Blessings to go before you everywhere. As you keep charging that into your feeling world, there is always more or less comes forth during the activity of the day.

SAINT GERMAIN

Remember you never expend more than within ten percent of the limit, you call forth. You always retain at least ten percent. Now that means within a short time, aside from the service you have rendered for the moment, you would gain an Energy and Power which would be ready for any emergency and which would govern anything that concerned you.

SAINT GERMAIN

There is no argument in this Law. There is no hypnotism and there is nothing controversial in any way. It is a statement of the Law and people may accept or reject It; but there is no chance of controversy about It because there is nothing to be argued; there is nothing to be argued against. It is a statement of the Law of each individual's own Life; therefore, It is not controversial in any sense.

· BLESSING OF THE CHARTS AND · · FLAMES-IN-ACTION ·

BELOVED "I AM" Students, the Ascended Masters have asked that you use the Charts and Flames-in-Action, to charge the atmosphere of your homes and places of business wherever you can, with the Power of the "Mighty I AM Presence" and the Radiation of the Ascended Masters.

When you realize that the very vibratory action of the Light and energy from the Charts and Flames-in-Action, pours out the Ascended Masters' Qualities into the air of the room wherever they are illumined and in action, you can each day make the call for them to be amplified a thousand times more powerfully than they were the day before.

If you once begin to realize what a limitless Focus of Ascended Master Consciousness, Light, Energy and Power, you can call forth thru these blessed Charts and Flames-in-Action which Saint Germain has brought forth for your Assistance,

you would not miss one day in dynamically calling forth such concentrated Ascended Master Power and Perfection thru these continued activities of Light, Energy and Vibration, as would charge everything around them with the most amazing miracles and Victories of the Light.

You have not the slightest comprehension yet of what a tremendous momentum of energy you could draw forth in one month, and have it qualified with the special Quality of one or more of the Ascended Masters whose definite Activity you needed to do what you desire in producing Perfection.

Stand in front of your Chart or Flame-in-Action and call first to your "Mighty I AM Presence" and then to one or more of the Ascended Masters to pour thru it an intensified action of Their Power, Miracles and Victories of the Light—with Their eternally sustained Divine Justice, Divine Love, Ease, Comfort and Peace from the Heart of the Great Silence and each day increase that a thousand times more than the day before, until your room, home or place of business is so filled with that Substance and Power from the Ascended Masters Octave, as to produce the most amazing Blessings in you and your world.

The Ascended Masters ask all of you who have Charts and Flames-in-Action to begin doing this regularly each day; and see what a great difference it will make in your world and activities.

We call every day for the "Mighty I AM Presence" and the Ascended Masters to bring these into the use of all who really desire them and make their sincere call to the Presence to provide them with these Blessings to bring forth more instantaneous Perfection to all.

Periods of quiet for using Violet Flame or playing one of the Music Records are permissible.

These Decree Groups may be carried on for 24-hours if so desired, using Decrees in the Loose-leaf form. A new Group of Decrees will soon be released, containing those used in our recent Shrine Class.

It is permissible to take one subject and stay on it for the entire period, even 24-hours. Those desiring supply will find the use of the Supply Pamphlet for as many hours as is possible most beneficial. The momentum gained thru issuing those Decrees, must release the needed supply when it reaches a certain point. So it is with any other condition needing attention.

· GREAT DIVINE DIRECTOR ·

IT IS our very geat privilege to announce the release of a new song—"GREAT DIVINE DIRECTOR" by our Beloved Ascended Messenger, Godfre Ray King.

This Great Presence, the Great Divine Director, is the Authority over the Life Streams of the humanity of this earth and can issue the Great Command for such individual Help from the Ascended Masters to be given any individual whom He sees is ready to go forward to Eternal Freedom in the Ascension.

Thru these Light Rays, this Great Being can pour forth His Cosmic Power to assist all who will give Him their attention and hold their feelings harmonious

long enough, for Him to cut away the accumulation of discord which binds them to their problems and limitations of mind and body.

The Great Divine Director is very definitey guarding the Youth of America whenever the call for their protection goes forth from the parents or guardians who will make that call.

The Light Rays which He projects are actual Light, Substance, Energy and Perfection from His Ascended Master Body. That is the way He enfolds the body and affairs of those who are calling for help. When anyone sends his or her Love to the Great Divine Director, He feels that Love instantly and answers at once with His own Enfolding Light Ray. He is a Mighty Real, tangible, living, breathing Being of such Cosmic Power and Glory as mankind can scarcely comprehend.

The cover design is the likeness of our Beloved Great Divine Director, and is a Gift of Love from our beloved May DaCamera whom we thank and bless without limit for her blessed service.

This song was dedicated to the City of Los Angeles, where it was first sung, to call forth all the Assistance of the Great Divine Director for the people of the three Americas who are determined to hold to the Constructive Way of Life and maintain Freedom and Divine Justice for mankind.

May every human being on earth hear, sing, play and use this song, contemplate this Picture of the Great Divine Director, receive His Almighty Directing Intelligence, Light and Power and be released from all that causes distress in any way. May it release all mankind from every limitation and flood the earth with His full Glory, Perfection and Love to set all free, until they are Ascended into the "Light of God that never fails."

· BELOVED LEONORA'S DISCOURSE ·

"I AM" Reading Room—Chicago, Illinois
September 17, 1939

THANK you beloved ones. Won't you be seated and will you make yourselves as comfortable as possible, for that service which I hope to render you this evening? Please—no matter what I say, just remain seated and keep the atmosphere as quiet as possible. I trust I shall bring you some information, to-night, that will delight you.

You will remember in reading of the experiences in the Cave of Symbols, it was My Pleasure to be the Inventor of a radio, which is not yet known in the outer world. Well, since that time, some very wonderful things have happened. I had not even conceived it at the time, but seeing the need, I began to reach out and in connection with the Retreat in Arabia, I added to this physical machine some Powers which even We did not know existed, until We began to reach out for them.

Now, will you understand by this, beloved students, that even We, as Ascended Beings, unless Our Attention has been drawn to a thing, do not necessarily know all about it? Now notice carefully what I am saying, because it means everything to you—even We, as Ascended Beings, if Our Attention has not been drawn to the necessity of a thing which We have not reached out to, We do not always know about it. We do not know everything that exists in the Universe; but We CAN know anything that requires Our Assistance, by the action of Our Attention upon it.

I had invented this Radio for a Certain Power of Connection. Then when I had that perfected, I saw under the accumulating conditions what it might be used for provided I could draw from within the Great Silence that which I felt within

Me was there. Out of it, came some of the most remarkable things. Some of you have read of the Reflector, as the Messenger called It, in the Retreat in Arabia and Its powerful use in connection with the use of a Light Ray. Fortunately, this is not known and never shall be, because We shall guard It, in the outer world.

In your beloved Lotus' reference to the use of Light Rays to disconnect or cut off the ignition within an airplane, to compel it to come to earth where it could be captured and the people in it; thru this Radio, I have been able to draw into action, a Power which will counteract anything of that kind. So, if the world of mankind wishes to see evidence before them, that there are those who know more than they do, they are going to find it.

I quite understand in the feeling of some people how, at first, they think it is very peculiar that We as Ascended Beings should take an interest in earthly affairs and become Warriors of the Light. Why should We not, when enough of humanity are calling to Us for Assistance and Protection? Why should We not give that Assistance? Do you not see, beloved ones, that the CALL of mankind is what compels the release of that which is greater than what they have had up to the present time? It is a magnificent thing. It is wonderful indeed to see how necessity, as you have always understood it, is the mother of invention. Well it is really more than that because, let us put it this way, it is the compelling force in all that mankind requires.

In a crisis of this kind, you must have more than human assistance. Not all humanity put together, to-day, could even attempt to quell this which has released itself in Europe. Mind you, this has been accumulating for a long time. We hoped that in the previous world war, it had spent its energy and when the war entity of Europe was consumed, with these various channels of Assistance which had already begun, it would quell that; but you have no idea, my dear people, what hate a stirred up human feeling can become. You have seen it among some of your own people, how vicious those who had been loving and kind, can become.

When a nation has an insane fiend at its head, and I say frankly to you that is all Hitler is, an insane fiend! and he stirs up a nation into a false belief of what he can lead them into, with no regard at all for their responsibilities, then such a person is indeed insane. Mankind have a responsibility to

each other. Nations have a responsibility to each other and when they forget that, they have forgotten the Source of their being.

In connection with this which has been brought forth to counteract these conditions, I want to say something, to-night, which I am sure will quickly spread to the entire student body, America and the world. There were secret submarines built! The most powerful of them have been destroyed; but seeing the necessity, We have secret air-planes.

You remember that your Beloved Saint Germain said, I believe more than two years ago, that when the time was ready, He would bring forth a plane without wings which would anchor in mid air. Those are in action to-day! Therefore, beloved ones, remember mankind is not at the mercy of vicious fiends in the forms of human beings in spite of all the appearance world seems to indicate to-day.

In addition to this discovery, which was My Joy and Privilege, I found a Mighty Addition to the Radio activity, which I had never even thought of or contemplated could be brought into use. This shows you that the Great Wisdom of Life, knows what is needed when even We, as Ascended Beings, whose attention might not have been drawn to it, have not even attempted to draw It forth.

Could you draw anything forth in the human octave upon which your attention was not fixed? Even in ordinary school work, could you gain the solution of a problem or the memory of something in your school work, if your attention were not upon it? You know well enough you could not! Then, since your attention is the powerful activity, try to understand what it can do for you.

Remember, dear, blessed people, the importance of these Almighty Decrees which have gone forth—I think for four years, isn't it? Any how whatever time it is, since they began to go forth, the accumulation of the momentum of these Mighty Decrees in the mental and feeling world of mankind, has made things possible which never were even suspected upon this earth. It has permitted Dispensations to come forth. It has enabled the Substance of Light in various activities to be released, weakening and weakening constantly the destructive forces within the most destructive individuals, as well as within nations.

Do not misunderstand Me when I make this remark, when I say, I think the duration of the war in Europe will be very

short. May I be correct! You will remember that when your Beloved Mighty Cosmos came forth with the Two Secret Rays —you have not had any explanation about that have you? Those Secret Rays were brought forth by Him for protection against the very condition which has just gone into action in Europe. So let all make the call that He utilizes those Two Secret Rays to Their utmost in defense of the world, in defense of the people of the Light of this earth.

Make no mistake, my dear people, when We speak the Truth about an individual or a few individuals of the world, We are not speaking of all the people of that nation. There are hundreds of thousands of magnificent people, men, women and children, in Germany; hundreds and thousands of magnificent people in Russia, but they dare not disobey in a single thing. They must submit or lose their physical lives, for the disobedience of one single solitary thing. They must even lend their bodies to debauch, because they dare not refuse!

Then, do you not think that We love those people, the same as We love the people in America, who want the Light and who want the right? Remember! As your beloved Lotus drew to your attention, my dear people, do you not see that it is not the mass of the people who want these destructive things? Only as agitators get groups of individuals wrought up to the point of lack of discrimination, do they sometimes yield to destructive forces, but that is not the fault of the people. The people in the distress of the time, are reaching out and they want help, some kind of assistance. When some agitator comes along with his swauve deceitfulness, with a pretense of bringing release and relief, he is but deceiving those people; and only when they discover that they are being deceived, will they turn and face about again.

To-day, in your long search for the Light and Freedom, my dear people, you have found it. You will never find anything greater in this world or any other. Remember that! The poor unfortunate individuals who in their vicious ignorance turn aside from This Light, how they will cry out one day, when they find their great mistake!

My dear people, when the Great Ones have told you time and again, that this is the Identical Law which They applied, to attain Their Freedom and Ascension, why cannot mankind believe It? It is the identical application, even to the worded expression which you have before you to-day! IF YOU WERE DETERMINED AND EARNEST ENOUGH, you could have your Freedom in one year! There is not a thing of human

quality which could stand before that Power of Light, which you might draw forth at your will! You could have It dissolve everything which was ever generated in your Life Stream which could deprive or limit or detain you!

Therefore, I say to you, to-night, that when this Beloved Messenger came to the Cave of Symbols and I saw him for the first time, Saint Germain had told Me what He hoped to do—at least something of it—but He asked me to make no intimation of It to the Messenger. Then, looking into the Activity which was to come, no one could have believed that on this earth, there were two individuals who could have stood against what these two have stood against in five years. I tell you, beloved people, only We alone know that! The Messengers themselves do not know, but a fractional part of what they have faced and conquered!

Now then, It should be an example to the entire world, dear people, of the Efficiency, the Authority and the Power of this Great Law set into action. They can do no more than you. You can call the Law into action! They HAD to call It into action, to produce these results because the human cannot do it. Then, will not every one of you feel, you too can call that Law into action to produce the same great results? Since you are not the focus, individually, for the destructive forces which are focused at them, which they must ward off; then would you not be able to draw and hold in action a Greater Power for your Freedom, for the happiness, health, supply and all you require in your service to Life?

I wish to call your attention, to-night, to one point. Since it was first mentioned, I want to show you, the transformation which can come about when people have a correct understanding of one single point. When the Great Ones began to call your attention to the fact that every student in the land was serving Life, each one's own Life, for his or her own Freedom—the transformation which took place in the feeling world of the student body all over America was most remarkable to behold because the students seemingly had not understood It before. They thought they were serving Saint Germain or the Messengers. It is true they are assisting, but they are serving their own Life for their Freedom and that is such a vital point to keep before the individual's mind. Unless you do see that, you will find time and again things interrupting and interfering with your progress.

Now remember, my dear ones, your Higher Mental Body which the Great Wisdom of Life has provided, is the Director

of the Currents of Light and Energy, which you may call forth at will. That Presence is Wise, All-powerful and Strong. Then, mankind would say: "Well, if that be the case, why in the world haven't I had more of It manifest thru this body?" In the first place, because you did not know It was there. In the next place, after you did know, you still believed that the power of outside things, was greater than your own Higher Mental Body, which is the Real Authority over your Life Stream; for It has Power to dissolve anything in the world which touches the Life Stream of anyone of you. Oh, don't you see that, precious people?

Do you not see that your Higher Mental Body stands there with the Sword of Blue Flame ready at your command to cut you free from everything which would harm or disturb you? That is the Authority of your Life Stream, dear people! It is the Commanding Presence, and when you give the Power into Its Hands, instead of to something outside, then you will receive the Garment of Light of Invincible Protection! You will draw forth from the Power-house of your Presence, the Supply of everything, for It governs everything in all human channels which there are!

That is why this Application is the most powerful thing ever known in the world, to produce exact mathematical results if the human does not unknowingly still continue to give Authority and Power to outside things.

Oh won't you analyze your feelings just a little and see wherein you still give power to persons, places and conditions to disturb, harm or limit you? Now do not go to the other extreme and begin to feel arrogant or that your call to the Presence will produce astounding miraculous results without your giving obedience and holding Self-control within your outer self. The effort of Self-control in your outer self in addition to your call to the Presence is imperative! Otherwise, you are constantly requalifying this energy, which you are calling forth and you only get into greater difficulty.

When the Messengers have pled for these five years for Self-control and Harmony within the feelings of mankind, Oh, why can they not see it and then give that simple obedience which is required to let Life pour Its Great Streams of Energy forth into your world of action, to harmonize and produce the results you require? It is a very simple but powerful and majestic thing.

How I long to see, the entire student body give the confidence, the trust, the strength and the assurance to the Higher

Mental Body which they should be giving. My dear ones, there is not one thing in all human creation or one limitation which could stand before you if you would have full confidence in your Great and Mighty Presence, your Higher Mental Body.

I say to you in all sincerity, with sufficient confidence, trust and with determined calls, Your Higher Mental Body could transform your world almost over night! Somehow, We must do something to fire the feeling within you, of greater confidence in your own "I AM Presence." Remembering that your Higher Mental Body is the Activity of that Presence, the Authority, the Power and the Director of those Mighty Currents of Energy, then you will find your results All-powerful. You will have the confidence then, by the quick answers to your call. Many are having very marvelous answers to their calls, marvelous results but We want the entire student body thruout America and the world, to have that same result, because you CAN have it!

Now, in going back for a moment, to the calling forth of these discoveries which are important to you to-day, remember that in the Power of the release of the Cosmic Light, these more marvelous things must come forth! In Minneapolis, there began the first Release of this particular Activity of the Directed Individual Currents of Light and Energy, thru this Cosmic Light, for certain Service which must be rendered.

Some of these things, We call to your attention for certain reasons and others We withhold until the thing is achieved just as you, as individuals, if you have concentrated upon a certain objective for achievement, and then you tell many others, you find that it fails to carry out. You will know, that your mistake in divulging your secret activity, was the reason. Therefore, Wisdom has provided that We only mention that in which you can be helpful and leave undisclosed the other things which must be carried out by Our Greater Force and Powers.

Since, I have not heretofore often been present during the classes, I was very much delighted, to-night, to hear your beloved Lotus mention a number of things; because dear ones, unless you understand the vast amount of information which has been given for your use, in the concentrated Rays of Great Wisdom, you will pass by a great many things. Since the demand was so great, the vast amount of information has been given but never before in the history of the earth, was such a thing known!

Besides the books which are before you and the Magazine, my dear ones, do you not see how vast is this preparation for the day and the future? These Dictations like I am giving, to-night, will probably not always continue. I cannot tell you that; but the Information being given is the Greatest Blessing ever known to mankind. Since We are Those who have applied this Identical Law which you are asked to apply, to produce certain results for you; since It did produce those Results and Our Freedom, would it not be considerate and Wisdom to take Our Word for It, that It will do the same thing for you?

Now, that is important! When you go to school, as children, you believe in your teacher. You believe that your teacher gives you the right assistance and you accept it without question. Well since, We are the Greater Teachers of mankind, why not believe Us and take Our Word for It and go ahead and prove It?

You see there is not one single thing inconsistent in this Great Light which your Beloved Saint Germain and Others have brought forth; but when mankind listen to foolish gossip, get their feeling stirred up and cannot think straight, they think they see discrepancies, but those discrepancies are in their own minds. That is where mankind destroy themselves and sometimes act quite foolish because you do not have to listen to disturbing things, if you do not want to.

That is the condition which has existed thruout these five years, dear people. The Messengers, of course, have become so wholly indifferent. If people want to turn aside, it is quite all right; but those who turn aside thru viciousness, will never return to This Light in this embodiment. Be sure of that! Therefore, the people who do not believe Our Words, are not seeing this Truth after all.

Why do We plead for mankind? Why do We draw your attention to these things? In order that others may be prevented from falling into the same trap. Why do I say "trap"? Because it is a trap of vicious human force, which is generated by those of mankind who want to bind everyone of mankind they can, into limitations greater than they have to-day.

I have observed much, my dear friends, in various points of the United States within a few weeks, and do you know, that it is the most incredible thing? Oh, not just in This Activity, but in various activities of mankind! An individual will become irritated and vicious toward a person, place or

thing; and thru that viciousness, draw himself or herself into absolute failure, deprivation and distress after the Messengers have said this to the students, so long and so many times.

Remember, dear ones, what We told you of this Inner Activity of the Great Cosmic Law. We speak the Truth to you about It. You must accept or reject It, as you like but owing to the constant increase and intensification of the Cosmic Light you can have and are having such Great Assistance. Oh, not the thing the outer world knows as the Cosmic Light, but that which is being directed from the Great Central Sun—the Source of all Light, Power, Intelligence and Energy to this system of worlds, is what I refer to.

If mankind would even believe and do their best to co-operate with that Mighty God Power, they would have such Assistance as you could not comprehend because your motives would be right; but the individual who viciously turns against the Messengers, your Beloved Saint Germain or This Activity, turns against the Light; because It represents the Light which beats the heart of every human being on the face of this earth, every being that exists who is not on Ascended Being.

When one becomes an Ascended Being, of course that One becomes the Presence, carrying with him or her the quality of the substance from this earth, which makes such a person the Authority upon this earth. Then, you become the Law as an Ascended Being and you require no further assistance from any Source whatsoever because you have become the Law.

Your Beloved Saint Germain and Others have gone to such Great Effort to get these Dispensations, and you will never know what it meant. Words are absolutely inadequate to try to explain. Therefore, We make very little attempt to explain what it means to acquire a Dispensation from the Source that governs this system of worlds; for not one thing can be allowed to go contrary on this earth which would be out of harmony with any other one of the planets.

Therefore, in consideration of your earth and your requirements, remember that it must always harmonize with every element in the other planets of this system. Do you see the vastness of the Wisdom required, in the attempt to bring this Freedom to the people of earth? The vastness of it is tremendous! You are informed only of a small part of It because of the need of the moment; because of the requirement of keeping the destructive forces out of America.

I remind you again, to-night. In the six Mighty Decrees which you give in the opening of your Groups, the same as

the Messengers use in the opening of the Large Classes—Oh, my dear ones, do you really understand what that means? That one Almighty Decree—"The Legions of Light move across the face of the earth," think of it, my dear ones! Do you realize that It brings into actuality, the very thing for which you have called and decreed? It compels the action to take place! If you really understood, that It was a Real Activity and lent your feeling to It, which would mean the release of certain substance from the human octave thru your feeling, do you not see how powerful that would become? You would give the Legions of Light, the Authority and Power to render this Service and give the Protection which America and her people need.

Remember, my dear ones, in all that We are attempting to do, with all that exists in other nations; remember here in your nation, beloved America, are those individuals just as vicious as any in Europe, and don't forget it! They are just as ready to sell your America out and murder her people!

May I remind you at this point, that one day not so far distant, it will become an outer law that no individual can be forced to war against his or her will. A government is not the Authority over the Life Streams of individuals, as long as an individual acts harmonious to the nation! Since some of your people who have preached for your salvation, are those who have interest in the ammunition plants and sell them back to the world, then where is your foundation? When Bishops and other people will be a part of selling ammunition to destroy their fellow man, in the Name of God, the Light of Life, why can those people longer remain in those positions?

My dear people, there is no authority given to any nation of the world which can send its people to war against their will. I ask anybody who challenges that statement to go and look up the laws of their nation. Some nations have provided a means to cover up the original laws governing their nations; but in those original laws, no such law existed and there is no one in the world who can deny it or will ever be able to erase it.

Remember, dear people of this earth, the Ascended Masters and the Cosmic Beings, are the Rulers and will become the Rulers of this earth—We hope without the frightful devastation which has been indicated.

Another point, I trust you will be intensely interested in, are the secret air-planes. I was so grateful that your beloved Lotus mentioned this, to-night, for it reminded Me, to bring it to your attention! We have and have had for about eighty-

six years, a counter-acting force to the most destructive of poisonous gases. I do not believe that this most destructive one referred to will ever be permitted to be used upon this earth. It has been used three times before! I ask you to observe, its effect if you care to look it up in some of the history of forgotten civilizations. In the discoveries of cities where everything was found intact, just as if the people had walked out, that gas was used and the people's entire physical structure destroyed in a few minutes. Yet that did not affect the physical structure of buildings.

This shows you, how vicious and destructive the human qualities can become and why your Beloved Saint Germain said to the Messengers, when He asked them to go forth: "Remember, the human ungoverned, is more vicious than the animal in the jungle." Have you not seen it to be true? Human beings' feelings stirred up enough, will compel a most loving being, to be ready to tear others apart to try to justify their own viciousness. That is everywhere among mankind.

As the people were told in Minneapolis, Hitler has become one or those things who cares nothing for himself; but only to destroy all he can as long as he lasts. That is surely a depraved condition. Such becomes the feeling of thousands of people driven into a devastating war! Yet the great majority of those people, those soldiers, would be ready to cast aside their arms and shake hands with those against whom they were turned.

Is it not time, beloved ones, now since you know how to call this Great, Almighty Law into action, to make your intense, determined, Almighty Call which will one day gain the momentum and cause the release of that Force, Light, and Intelligence which will cause all human selfishness, discord and depravity to be dissolved from this earth?

You do not, I am quite sure, realize how great and wise is your Goddess of Liberty. My dear people of America, Oh that I might find words to convey what She means to you. Her Great Wisdom, brought before your attention that which has already been fulfilled. Now your Beloved Saint Germain is attempting to prevent the fulfillment of the third mighty action, which is in its throws now. It may still be done!

Remember, what was told the students that from Africa where She saw the dark cloud arise and move toward America, that dark cloud has been dissolved! That dark cloud will not move toward America because of the call of the student body

of America and the world. Those Great Ones who dissolved the cause, effect and record of that, have caused it to cease to act.

Now, in these various Activities and Blessings for mankind, beloved students, let it be of the greatest joy and encouragement to you, which could possibly come. Oh, do not let your personal problems discourage you—when they have to let go and be dissolved, before your call to your Presence of Life. Oh, never be discouraged, beloved ones, when you know the Goal now! You know there is nothing existing in your Life Stream, although you be the cause of it, which cannot be dissolved by the Greater Power of this Light released.

Remember, you are the lesser Power of the Light calling to the Greater and your call has to be answered! It is not possible for it to be refused or fail. If you see, feel and understand that, you will know it positively; but if you allow your attention to be governed by conditions of the outer world and hold you away from the Presence, in making these calls which would set you free, you will fail.

I say to the beloved Staff of the Messengers to-night: Do not allow yourselves to become so busy, that you forget to make your application. It is important and there is not anything in this world so important, my dear people, as your certain definite application each day. Then, you build that mighty momentum which will one day sweep everything that you do not want out of action in your Life Stream.

I thank you because you are feeling it to-night. I thank you for your attention and that feeling which is giving you strength and power. You blessed students of Chicago, what a magnificent marvelous change has taken place in six months —thanks to these beloved ones, who have been the Guardians of the Light.

Oh, my dear ones, do you not everyone see that it only means your constant mighty determined application, until everything in your Life Stream must disappear, which would limit, disturb or deprive you in any way?

Oh, I want to say another word, because you never knew, that I came from France to the Cave of Symbols. I knew LaFayette in France. Therefore, dear people, do you not see, it is friends meeting once again, in this Great Light?

Remember, the Light is your Goal! The Light is your Freedom! If you are not determined enough to stand in that Light and let your own Mighty Life draw to yourself your own, how can you expect anyone else to do it for you?

Now observe once again. You as one in the great body of students in America and you who attend these classes, these Groups, are the recipients of the concentrated activity and call of the entire student body of America. Then you are not alone! You are having assistance every hour which was incomprehensible before the Explanation of This Light came forth. That is why if you do not fail to observe and take notice of these points, they will give you the Strength, Courage and Power you require to sustain you in any time of crisis when something suddenly confronts you. This Understanding will make you the Victory of the Light, but you must use It yourself.

You see, dear ones, I call your attention again to this point, as your beloved Lotus stated. Since the Great Ones of Light, only ask of you one-third of the energy required to set you Free, and They will furnish two-thirds, can you not do that? Did you ever have a friend in your Life who would do that—I ask you earnestly? Then, why not make every effort upon your part? No earnest student's effort can ever be lost! Why not make the necessary effort so you may receive that two-thirds of Their Blessings to set you Free?

Now, remember, beloved ones, among you who remain earnest, sincere and loyal to This Light, I venture to say, there is not one of you who will not receive your Ascension at the close of this embodiment. My dear ones! My dear ones! to be Free in the Goal of Life, after hundreds of thousands of centuries and life after life in these limitations! My dear people, is there anything that should bind you or hold you to the limited conditions of earth, when you once really know that this is the Truth?

Oh, it is not enough for just the intellect to grasp that, you must know and grasp it in your feelings! Then, you make it a part of yourself. Then you will see, feel and know that which you cannot possibly know just thru the intellect alone; because your feeling is the Power-house. It is the Determiner of how much is going to be released for your Blessing, Supply and Freedom! These are Mighty Laws.

Since I am talking, to-night, to you—the majority of whom are sincere, I am taking up these points to give you Strength, Courage and Power and charge into your world by Direct Currents of Light and Energy, that which will be a Joyful Sustaining Power because We do not take your time and Ours, unless We render a Service worth while.

Remember, when the student body understands what an

hour or more of these Dictations and that Substance, Energy, Intelligence and Power released into the world of the individual really means, I am sure they would not require more than three experiences to be Free!

I marvel at it, when the Mighty Victory, the Beloved Saint Germain, the Goddess of Light, the Goddess of Purity and many Others have offered Their Mighty Charge of Their Almighty Qualities, of which They are the Governing Power to this earth that the students do not yet see. Oh my dear ones, do you not see what It means to you? Those who have been called forth from within the Great Silence, do you know what that means? Do you know, dear ones, why Those Blessed Individuals withdrew from the earth into the Great Silence? May I cite the reason? Yes, I must say it! They did not withdraw, they were driven into the Great Silence, by the destructive forces released by mankind. That is why your calls to-day, beloved students, the Great Activities of the Ascended Beings and the Cosmic Masters have made it possible for Them to return.

Now do you see, what you have done, in joining these great bodies of students in the Groups in issuing these Decrees? Now, I say frankly to you, beloved ones, suppose all the Groups in Chicago—just take this student body here; if We who are here were scattered and just individuals giving these same Decrees in their own homes individually, do you think for one moment, that it would do the same thing which you do in the great Groups together? It would not be more than one-fifth of the power of the concentrated energy and substance, which is released from the body of students when they are together!

That is why, where there are a thousand, two thousand, three thousand, and in the Shrine Class where there are six thousand people issuing those Decrees and Power is tremendous—think what it means! Oh, it is the same for you individually, as well as a nation and the conditions which must be remedied. Since This Great Light is the only known thing in the world which can remedy permanently, the conditions that exist about mankind, then why not realize all the Power which is at hand? Then one understands that he or she can free each one's world; and while the students are doing that, they give the assistance which is required for America, and rest of the world and their fellow-students also.

You see you are not living alone in the world. You are living for its great Victory, for the Victory of the student

body. You are living for the Freedom, Protection and Blessing of America. Therefore, try to feel, try to see and try to realize this for your encouragement. I know some of you in this room, to-night, have sometimes felt discouraged; and after giving Decrees and Decrees and Decrees you felt just a little weary. Oh, my dear ones, if you saw what was accomplished sometimes in one evening of your Decrees—released in this room, your enthusiasm would go to its height and stay there and never wane again. It is wonderful! very wonderful!

We see and know what that means and I call it to your attention, for your encouragement and strength which you should have. It is right. So, to-night, in this Preparation for the coming Class won't you all feel Our Joy, Our Happiness and Our Gratitude to you for the honorable, beautiful, magnificent service which you have rendered in your calls to Life and Light! In your calls to Those Great Ones, Who are able to render the Service.

To-night, My Great Love enfolds you every one, and may the Power of Light, Intelligence, Happiness, Strength, Courage and Supply from My World, flow into yours to give you Its Assistance in the Victory and Glory of reaching your Goal of Life in this embodiment, your Freedom forever. I thank you.

GODDESS OF LIGHT

We have seen this within the atmosphere of quite a number of individuals. They have made certain application—let Me call it "frail" application and have called for the Circle of Blue Flame and the projection of the Tube of Light and all that; but they are not cognizant of the fact that they must release enough intense feeling which releases the Substance from their bodies by which the Great Ones amplify, intensify, impel and compel the Tube of Light into action about them which would one day become Invincible.

· LIGHT IN THE BODY ·

ONLY twenty-eight thousand years ago, in what is now India, China, Arabia, South America and one place in North America, there were Groups of Beings whose Natural Radiance illumined everything, wherever they went.

"Dear people, there are hundreds of the 'I AM' Students, today, who are reaching a point where they would be able, if they only realized it, to release this Power of Light, so It would shine thru their garments visible to the outer world!

"What do you suppose caused the disintegration of your bodies? The refusal of the Light Pattern within to tolerate any more discord! When you keep on imposing upon that Light thru your discord, that Light says: 'No longer shall I permit this discord'!"

All should be a great happy, joyous, harmonious action of the Law. One can be happy and joyous without getting too personal That starts a feeling within another. Some of these things sound very simple and unimportant but they are far more important than you realize in gaining the Great Victory and Complete Harmony within the feeling world . . . . . Don't blame anyone for anything, but just rise in firmness and say: "Now here is another opportunity for my Self-control and Mastery." It makes no difference what the condition might have been or what was intended; but your Self-control and Mastery is of importance.

OUR BELOVED MESSENGER

Chicago Class—Oct. 10, 1938

(Excerpts from talk given during the Chicago Class)

WHATEVER intense desire you have been holding during the day, will act during sleep thru your etheric body, which is the next in density to the physical. That is why people sometimes experience things in sleep which are not pleasant.

All intense feeling and desire is an impelling force which acts thru your Life Stream and, if it is discordant, it will qualify your energy as it goes forth; and remember you hold the larger percent of that in your world, as it goes forth.

AIR CURRENTS—HIMALAYA

For the first time in the history of the earth, the Great Himalaya has established for action, Insulated Air Currents. This Activity has been completed and to-day is connected into this room. The same as these loud speakers carry the sound, so will this Activity which He has established here, carry the words of the future classes to the outer world, and to India.

These Air Currents will be subject to His Direction, beloved ones, instantly; for there are certain places in India where He wishes to convey This Work. The Great Masters of India and the Ascended Masters quite understand how and why the great need of India to-day must be supplied. In the teachings of India there are those who lack understanding and because of the many castes, they have confused the people in their understanding and distorted their bodies. People have been taught to sit down, cross their legs and go into Samadhi. Of course, they are having a wonderful time, while they are out of the body; but they are not doing one solitary thing for the land in which they live.

The God Himalaya has completed this Arrangement, and notice it is an Insulated Air Current! No one can tune in to that! That means He has protected It so no one can tune in and distort it.

Now hold on to your chairs! Two powerful black magicians, forty-two of their claws or emissaries and one hundred eighty-six thousand entities have been taken out of your city, since last Wednesday.

Rejoice with me! I have not asked whether it was yesterday or the day before but the hate entity created by a group of individuals in the city here against Mrs. Ballard and myself, was dissolved and consumed at the same time. I rejoice and give thanks for the release which will be for those people. My Love pours out to them with Infinite power that that hate entity has been consumed—for no longer will there be anything to feed their feelings and they can have help.

I call to the Great Presence of Life, the Archangel Michael and the Divine Director, to cut them free from every entity that has ever been drawn about them; to set them—every one—free in the Full Understanding of Life!

Thank you Great Presence of Life! and all who have been responsible for this, which will bring Freedom to those blessed ones who have not understood and have hated for no reason at all. Therefore, I give praise and thanks for their release.

May the Mighty Light Currents go out from this room to-day to each one and hold Their Radiance about them until they are filled with happiness and the limitless supply is released into their hands, if they remain harmonious and give It an opportunity. We call for their blessings forever.

SIGHT AND HEARING

What sees thru your eyes? What hears thru your ears? It is that Current of Light and Energy from your Presence. Your optic nerve does not see in itself! Then It is Life within Its Current of Energy thru your optic nerve which sees.

Oct. 15, 1938

Saint Germain has just informed me that one hundred twenty thousand people have been added to the "I AM," since we came to Chicago. If that is not the Victory of the Light, I would like to know what is.

· PURIFYING YOUR BODY ·

HE liver is the organ in the physical body where the destructively qualified energy and substance released thru discordant thought and feeling, accumulates.

All that discordantly qualified energy and substance goes to the liver first! That is where human desires begin. The sustaining of those destructive desires by the accumulation of the energy and substance drawn there, is what makes destructive habits!

All the blood of the body passes thru the liver. Any accumulation of destructive habits from former embodiments also will express itself there. The moment there is a feeling of discord, the liver is the first organ that tightens, and that means congestion.

There is another reason why the liver holds discordantly qualified substance. If you are under a tension, it interferes with the free flow of the blood thru the liver. When worry, fear, irritation, anger or any discordant feeling is acting, the liver tightens and holds whatever substance and quality is there at the time. If that tension continues the substance is not thrown off. It begins to solidify and soon the body disintegrates. All fear and discordant feelings, with the exception perhaps of depression, tighten the nerves and muscles and holds the substance there. Because of this, there should be definite attention paid to purifying the liver.

The whole world is under a tension at the present time. There is a great accumulation of destructive thought, feeling and substance in the liver of most people at this time. I mean a mass feeling as well as the individual's own feeling because the mental and feeling world of all mankind is One.

The opposite of tension is relaxation. That is why we ask you to call to Saint Germain and Nada and to visualize the Violet Consuming Flame blazing thru your liver and a soft pink and gold filmy substance coating the nerves, because of the relaxation It brings. That Light Substance looks almost like changeable satin. The moment you relax the nerves, the circulation is improved and the Light from your own "I AM" Presence can flow thru the nerves and the unnecessary or discordantly qualified substance be taken out and consumed in the Violet Consuming Flame.

It is well to do special work on your liver and make the call each day for an intensified action of the Violet Consuming

Flame, consciously directed by Saint German, to give you this help. Every time you call to Him for this Assistance for yourself, call for It to go forth and act in the intensified activity of the Violet Consuming Flame thru the liver of everyone under This Radiation. Ask the Goddess of Purity, as soon as the discordant substance is removed from the body, to replace it with Her Substance of Eternal Purity and keep that sustained until every bit of substance in your body is as PURE as Hers.

Expand the Violet Consuming Flame out thru your flesh and visualize It passing thru the force field in every Point of Light! See It ignite everything there and the tiny Point of Light at the center expand until It becomes the whole force-field. You will then have greater Harmony, ease, peace, comfort and happiness; and you will feel lighter and more harmonious in your mental and feeling world as well as in the physical structure of your body!

More than three years ago, the Great Divine Director placed a Disc of Light in the emotional body of every "I AM" Student, to help consume the discord which had been generated thru past human creation.

Let us all visualize that Disc of Light in the liver, drawing out all substance which is not absolutely pure and consuming the substance instantly. Everyone can do this with great benefit and cleanse the body of much substance which sustains the imperfection still manifesting as discord or limitation.

You cannot command the Ascended Masters. You cannot command Life. You can qualify and direct the Mighty Energy of Life to produce magnificent, even spectacular results; but Life, your Higher Mental Body which is the Governor of the Universe that flows to and thru you cannot be commanded to produce results at your human desire. It is only by loving and kindly obedience to Life in Its Purity and Perfection that you may call forth any demand.

"I AM" STUDY GROUPS

WE ask all "I AM" Study Groups to retain and expand the momentum which has been built thruout the world, among all Saint Germain's "I AM" Study Groups, of closing each Group Meeting after the Group Leader has given the Benediction, by speaking and pouring out your Love, Gratitude and Blessing to your Group Leader, as is done by the entire student body thru the Large Classes at the Shrine Auditorium in Los Angeles.

Let no student try to shut off the expansion of the Light, thru the hearts and feelings of the "I AM" Students, by trying to stop them giving a Blessing of Love and Gratitude from their own "I AM Presence" to their own Group Leaders, the Ascended Master, the Messengers and all "I AM" Students and Group Leaders thruout the world!

That is an inexcusable deliberate interference with what Saint Germain and the Other Ascended Masters have said for more than four years, in regard to letting the "I AM" Students express their Love and Gratitude to whoever has brought them Light and Blessing, and especially thru the Group Meeting.

It does not mean that the students should jump up and down every few moments, and clap their hands when something pleases them but it does mean that the "I AM" Students shall have their Freedom to release their Love, Gratitude and Appreciation when some intensely sincere effort and blessing of the Great Light has been poured out to assist them from their Group Leaders or from the Ascended Masters, the Messengers or the Staff.

Saint Germain, Jesus, Daddy and many of the Other Ascended Masters have said repeatedly for over four years that in a sudden Out-pouring of Love, Gratitude and Appreciation from the Students, thru suddenly rising to their feet and clapping their hands, many times the Ascended Masters can pour thru their minds and bodies, Their Greater Love and Blessings to the Students to heal and bless them beyond anything they

can comprehend at the present time; which is not given when the body is in a sitting position!

No student's desire nor that of any Group is going to overrule nor limit the release of Light and Blessings to the Students from the Ascended Masters; and no old custom of stereotyped repression is going to govern the conduct of the Study Groups of the "I AM" Activities of Saint Germain!

The behaviour of the "I AM" Students and their conduct in a Group Meeting and everywhere else is at all times to be dignified, gracious, kindly and natural, sincere and intensely devotional but when human beings refuse to outwardly acknowledge and be grateful to the "Mighty I AM Presence," the Ascended Host, the Cosmic Beings and the channels thru whom Life gives us Light, Love and Blessings, then they lock the door on their own minds, bodies and worlds to the acceptance of the good they desire.

Kindness, forgiveness, gratitude, Loving co-operation, consideration and outward acknowledgement of the good we receive, is absolutely necessary and is required by the Law of Life if we are to open the flood-gates to all good, which we are all trying to bring forth for all "I AM" Students and all constructive people of the world. It is just as necessary to acknowledge and thank the channel as it is Our God-Source, Who is the Giver of all good. Our Source and Giver of our Life and all good is the "Mighty I AM Presence," the Great Host of Ascended Masters and the Angelic Host.

The channel who brings us that good is selected by Life, the "Mighty I AM Presence" or the Ascended Masters! The channel is the "Cup" which carries the Blessing to us and the Law of Life requires, that we bless every channel as well as the Giver and the Gift.

Therefore, at the close of all Study Group Meetings, let all the "I AM" Students stand and say to their Group Leader:

> God bless you! God bless you! God bless you! We love you! We love you! We love you! We thank you! We thank you! We thank you! Saint Germain, Jesus, Daddy, Nada and the Great Divine Director—all the Ascended Masters, the Angelic Host, Cosmic Beings and Forces of the Elements, Mama, Don, the Staff, all other Group Leaders and "I AM" Students thruout the world and our own Beloved America too!
>
> Forever! Forever! and Forever!

The Group Leader should stand in sincere humility and gratitude with head bowed and silently offer the Out-pouring

from the students, up to the "I AM Presence" and the Ascended Masters' Octave of Light.

There is no reason on earth, why any human being should not want to speak that Blessing aloud with the other students or to clap their hands and release that energy charged with Joy, Love and Gratitude for the good they have received!

In the outer world, the audiences at symphony concerts express their appreciation audibly. Is there anyone under This Radiation who should want to do less than that—for the Group Leaders or for the Great Beings who have given us so much of good thru this Glorious "I AM" Activity of Saint Germain or to any of those who are trying to hold this Light of the Ascended Masters, to help mankind out of the distress of the outer world this hour?

Remember we cannot possibly lose by giving! It is not possible! and there is no person on earth so poor, that he or she cannot give the Blessing of Love and Gratitude from Life for the Mighty Gifts and Activity of Light, whether that Light be mental, physical or spiritual, which after all are one—for there is ONLY ONE Light!

Our Beloved Sanat Kumara said regarding gratitude in His Dictation of July 30, 1939 in Los Angeles:

"What do you think I could have done, had the Great Cosmic Law permitted the Intercessions from the Great Central Source of Intelligence and Power to this System of worlds, to be given then as to-day? Do you realize, my beloved students, that this did not come from the Great Source of Light and Intelligence of Its own volition? Do you not realize, that this came thru the Intercession of These Great Ones, Who are pouring forth Their Blessings to you? I wish you to understand this to-night! This came about by the call and the Intercession of Those Great Ones, going to the Great Central Source of Power and Intelligence to this earth! Their Requests were granted!

"I say something very important to you: Unless you see and understand this, you cannot release the GRATITUDE required —to bring about the speed of action of the Inner Powers of your own Being, which bring you the release, the supply and the conditions that you require for your Freedom.

"This I assert, to-night, with very great vehemence! You have the Assistance in this call to Light, to lift yourselves so quickly out of limitations, into the conditions of Freedom and your Ascension. The laws of earth are no longer governing you! The magnetic pull of earth—I mean so far as your

spiritual progress is concerned! I am not speaking of the outer laws, because you must always obey them when they are constructive but I am talking about your Freedom in the Light!"

Our Beloved Saint Germain said in His Dictation of December 25, 1937, as follows:

"I have known the human activity of individuals who have projected the idea of personality worship at the students during the classes; and at the Messengers and especially the students in various parts of the country. That is wholly a projected thing and I want all of you near the Heart Center to know such a thing is impossible. Do not ever, beloved ones, withhold from the students the opportunity of expressing their Love in whatever manner they wish. You are depriving the people when you try to be the regulator of it; so let the people be Free to do exactly what they feel to do. Their Love won't harm the Messengers. On the other hand, every ounce of Love that is poured out to the Messengers, is that much Freedom to the students everywhere!"

The Ascended Masters want the "I AM" Students of Saint Germain, to be Pure, Refined, Happy, Intelligent, Natural and Gloriously, Divinely Free; but They are also determined that the old shell of human regulation and interference with the Full Release of God's Blessings is going to be shattered and the Victory and Power of Light pour out their Perfection, until no human quality remains to any longer try to keep the Light from having Its Full Expansion thru everyone's Heart!

There are places in every outline and Group Meeting, where the students can pour their Love and Gratitude in Silence to the Presence and the Great Host of Light but that does not take the place of audible expression of those qualities nor the release of the Joyously Gratified Energy.

MRS. G. W. BALLARD AND DONALD.

YOUNG AMERICA

DEAR, Blessed, Precious, Young America! as "I AM" Students, the Ascended Masters are asking that all of you now enter into the responsibility of some very definite activity which you enjoy but which you can bring forth in creative lines of daily endeavor and lay the pattern actively for those who are a little younger than yourselves to enjoy. They must be taught how to help build permanent Perfection, in the Life of the Young People of Our Blessed America!

Your responsibility is very great to help guide those who are younger than yourselves so when they are your age, they will understand how to best help Saint Germain, Daddy, Jesus and the Other Ascended Masters build the things the people of the next generation will need to release more Light for thir Ascension and for those who are to follow.

In your own recreation and leisure time, try to realize how what you do, affects those just younger than yourselves.

Instead of seeking relaxation in the present outer world channels, which contain so much downright destructive and communistic suggestion to the people to lower their Ideals from Perfection, why not all get together and call to Saint Germain, Daddy, Bob, Rex, Nada and Pearl to show you many new ways, by which you can have more Real Joy than all the other young people put together and yet at the same time, use that energy to help your country, and protect and illumine those just younger than yourselves?

No one knows better than you what the younger ones like and can do, to build Perfection which is a Permanent Blessing to themselves and the world as long as it is in the Universe.

The Ascended Masters can show you ways and means of relaxation which are a constant release of Light and Blessing to all and thru which at the same time, your energy is going forth to bless you, your younger playmates, your country and the world.

Relaxation from regular routine duties is absolutely necessary for everyone but Happiness in the Ascended Masters' Activity, is the greatest relaxation you can get. It is at the same time, a permanent accumulation of good to you, as long as you live in the Universe.

We shall call this forth to help you—will you call with us and help build permanent Joy, for all to come as well as yourselves?

We shall help you to become the happiest, finest, cleanest, most wonderful young people on earth. I so decree it forever!

MRS. G. W. BALLARD AND DONALD.

· GEMS OF LIGHT ·

GREAT DIVINE DIRECTOR

We want every one to be free, if they are willing to be; but they must really want it. One cannot want the Light half the time and human experiences the other half and gain real achievement. Desire for the Light must be continuous and then there is no height that may not be attained, but if the human desires are governed only half the time, then individuals must wait, but that does not mean they can hold or bind another, for they cannot.

GREAT DIVINE DIRECTOR

Oh, that one day, you will realize what your calls to those Great Beings for the protection of America and her people mean and how They always give instantaneous recognition to that call knowing of course that the call has to be made from the human octave to give Them the opportunity to release that which is required for any given service. Then you can readily understand why We pour forth Gratitude, as well as yourselves—you for the achievement, We for the opportunity.

DIVINE DIRECTOR—BOSTON CLASS

Every human being who puts forth viciousness of any kind, will soon come to the point in the release of the Great Cosmic Light wherein the Law of Life, their own Life, will turn back upon them that viciousness sent out!

BELOVED PEARL—CHILDREN'S GROUP BOSTON

Twice or three times a day, stand and call to the "Mighty I AM Presence" to charge you and your world with the supply and use of the money you require in the Service of the Light. Make it a methodical activity and in a short time, a momentum will be gained and not one will find himself or herself deprived of the money in hand that one needs.

The older ones can use this also. The mass fear among mankind, to-day, of the shortage of money, is the thing which is affecting many people.

SAINT GERMAIN

No one has any power to oppose you, so long as you are in accord and in full Harmony with your Life; but discord, irritation and disturbance in your feeling world, are not in full harmony with your Life Stream, which is Harmony, Happiness and Perfection. So the moment something starts, just annihilate it cause, effect, record and memory right then.

SAINT GERMAIN

Remember that you have Authority and Power in the use of the Cross of Blue Flame, which issued in one of your Decrees is greater than all the physical activities of mankind put together. It cannot fail to produce the results you require, but It is the Greatest Blessing against vicious individuals that can possibly be used.

· OUR NEW MUSIC ·

The Song of the Violet Flame "I AM", Here, and Godfre, Our Loved One, Ascended

IT IS our great joy and privilege to announce the release of three new songs, "The Song of the Violet Flame," " 'I AM' Here" and "Godfre, Our Loved One, Ascended," by Our Messenger, Lotus Ray King.

Thru the "Song of the Violet Flame," our Beloved Saint Germain will pour forth His Tremendous Activity of the Violet Consuming Flame in His intense Cosmic Power, which is released thru the Music of the Spheres for the Purification, Freedom and Blessing of all under this Radiation, America and all mankind.

This Adoration to the Violet Consuming Flame brings a Tremendous Release of His Mighty Cleansing Activity to the individual and the earth; and we call for the most Dynamic Ascended Master Puriyfing and Healing Power, to release thru it and bring such Perfection and Joy as will set all Free quickly.

There are four full size illustrations of the Violet Consuming Flame in Its Different Activities, which the Students can use to visualize Its Activity within and around themselves; or anywhere they desire to call It forth. This will be of tremendous assistance in holding the eye picture of Its Action and in calling forth the feeling of Its Power within the Individual.

We trust this will make the use and visualizing of the Violet Consuming Flame a great Joy and Blessing for all and we send It forth to bring very great happiness to you and everyone.

"I AM" Here is a companion piece to "I AM" Come and is Saint Germain announcing His Presence and offering His Love and Help to those who desire Him to come and assist them.

It brings a tremendous feeling of His Reality, His Nearness and His Love, the moment we send Him our Love and accept His Presence which draws near thru this music.

May this song bring His Presence so close to all who love and accept Him that He will be able to step thru and be with the "I AM" Students often in His Visible, Tangible Body, as we have called for so long.

"Godfre Our Beloved One, Ascended" is the Out-pouring of our Love and Gratitude to our Beloved Messenger, and the acknowledgment of all the Blessings He constantly pours back to us, ever since His Ascension. It brings Him very near and releases a tremendous feeling into us all, thru that Great Power of Music, which is energy harmoniously qualified. Therefore, it is the way and means by which They can most easily reach us all to fulfill our Decrees.

We offer these Songs with all the Love, Joy and Gratitude of our "Mighty I AM Presence," and may they make you as happy as they have us and pour out Oceans of Miracles, Blessings and Perfection to all mankind forever.

May the Angelic Host and Celestial Choirs sing them with us at all times until They come thru Visible and Tangible to all mankind.

We offer our Eternal Love, Gratitude, Blessings and give all credit to our own "Mighty I AM Presence," Saint Germain, Our Beloved Messenger, Mighty Harmony, the Goddess of Music and the Other Ascended Masters who gave us help; and also to our beloved Frederick Landwehr, May DaCamara and Charles Sindelar for all their assistance in preparing them to release in published form.

May they be an Eternal Out-pouring of Miracles, Beauty, Joy and Perfection to all mankind forever.

GODFRE RAY KING
LOTUS RAY KING
DONALD RAY KING

BLESSED "I AM" Students, will you try with us to make each Study Group of Saint Germain's Activity of the "I AM," a great Joyous Out-pouring of Perfection from the Ascended Masters' Octave of Light? Let us all begin to draw closer and closer into the Radiant Self-luminous atmosphere of Light Substance from Their Octave, which They are pouring out constanty; for It will increase, as the Cosmic Light intensifies in Its Out-pouring to the earth.

Remember the more discordant conditions of the outer world become, the quicker mankind are going to be compelled to come into This Light for nothing else at this time is offering anyone, a way and means to protect themselves.

Whatever else is in the outer world to-day, has been tried for century after century; and if it were possible for mankind to help themselves, and if they knew what was the Real God Protection of themselves, they would not go down under the outer world destruction.

If they really understood what they are facing thruout the world this hour, they would arouse themselves and stop every destructive force on earth from any further action.

Until every individual understands how and why he should drive and bind all destructive forces back into the brains and bodies of the individuals who send them out, he does not awaken and do that which must be done to allow him to live and continue any constructive activity in this world in the future.

When people are in despair in the outer world and come to you for help, tell them the Truth about This Mighty Ascended Master Power and Knowledge of the "I AM"; for without It, they cannot protect themselves, nor survive into the future, in the face of what the beasts of war have already generated on this earth and what they have already planned to impose on the people further.

This Mighty Ascended Master Law is the Power of the Universe; and if used until you build a momentum, It can and must be called forth to overwhelm all unlike Itself.

Remember this Understanding of the Great Creative Word of Life—"I AM," is the Great God Power which built this planet. It is the Eternal Law of Life! It is the True Worship of God because when you understand where God is, what the Power of God is, how you can use It, and what you are supposed to do with It, you will worship the Great Creator of the Universe, with far deeper feeling and adoration than if you do not know what or whom you are worshiping; or if you have only a hazy idea of what the Great God Presence of the Universe is.

That is why this entire Ascended Master Activity of the "I AM" is the True Education of Life and the Spiritual Culture of the people. That is why It is brought forth in the interest of the public good. The True worship of God is the Spiritual Culture of the people, for without It, sooner or later, everything becomes more and more destructive, until there is only depravity and destruction left and culture is gone.

Look at the nations of the world to-day who have taken the acknowledgment and worship of God away from the people. Have they any culture left? No! because they are sinking lower and lower into the animal qualities of destruction.

When the people truly worship God, all destructive forces will fail and fail completely forever. They must first be driven back into their own cause and bound there to keep them from expanding. Then they must be consumed in order to cleanse the world and set mankind Free.

This "I AM" Activity is the balance between religion and education —therefore, it is the Best Part of all that is constructive in both and when one is educated in the Ascended Masters Truth of the "I AM," he knows that to worship Perfection is the highest education of Life. Since Perfection can only come from the "Mighty I AM Presence" and the Ascended Masters Octave of Life, which is God's Realm of Light, he attains Spiritual Culture by his True worship of God—and It can never come any other way.

· "I AM" MUSIC OF THE SPHERES ·

IT IS the request of Saint Germain, Our Beloved Messenger and the Ascended Masters who are releasing the Music of the Spheres thru the Messengers, that the "I AM" Students do not allow any of the Music brought forth in This "I AM" Activity, to be changed in rhythm; and under no circumstances is to be played in jazz or swing time.

Blessed precious ones, please do not do that if you love the Light, the Ascended Masters, ourselves or Perfection. Please play the Divine Gifts which our Beloved Messenger gave us, in the Purity and Perfection in which He received them. The least we can do to show Him our Love and gratitude to them is to keep true to that which He gave by not changing its original plan.

Every piece of music which the Messengers have or will bring forth has a definite special form, created by its own melody and rhythm. That form is for a definite service and contains certain Light Rays and Substance. If you change the way it was meant to be played, it is no longer of service to the Great Ones.

We ask every Group Leader to watch your music carefully; and if anyone playing for your Groups, tries to change the Music as originally brought out especially for this Activity, please ask them to play in strict tempo and rhythm, according to our request or stop playing.

We ask this in all the Love of our Hearts and shall watch it very closely in the future and ask all to do the same.

MRS. G. W. BALLARD AND DONALD

SAINT GERMAIN

You must hold a strong firm guard over your feelings. At the least disturbance, it does not make any difference what you are doing, stop! still yourself! and realize that it is a destructive force trying to reach you. The cause has not a thing to do with it—or what you think is the cause. The cause is wholly within yourself, if you let it in. So stand guard and at the slightest intimation of any disturbance in your feeling world or about you stop! and clear it out!

SAINT GERMAIN

Just because you make the call for protection is no assurance you are going to have it, unless you give the obedience and comply with the Law of Life to get it! Do not feel that just because you make the call that you are forever Invincible. Mankind are moving among the destructive forces generated by the mass of mankind. You are constantly contacting these things and you cannot have a cut and dried rule, that just because you make the call, you are then protected.

SAINT GERMAIN

I do not wish you to feel unnecessarily responsible, but still I do wish you to feel your great blessing, power and authority, to silence the human thought and feeling of each one; and make it obedient to the Law of your Life. The Law of your Life is naturally harmonious; it is only thru human accumulation, that it has become otherwise.

SAINT GERMAIN

No matter what the provocation is, just laugh it off! Don't mind what people say or do, that is not important; but it is important that Harmony is maintained by which We can give you the protection necessary.

· BLESSING OF THE CHARTS AND · · FLAMES-IN-ACTION ·

BELOVED "I AM" Students, the Ascended Masters have asked that you use the Charts and Flames-in-Action, to charge the atmosphere of your homes and places of business wherever you can, with the Power of the "Mighty I AM Presence" and the Radiation of the Ascended Masters.

When you realize that the very vibratory action of the Light and energy from the Charts and Flames-in-Action, pours out the Ascended Masters' Qualities into the air of the room wherever they are illumined and in action, you can each day make the call for them to be amplified a thousand times more powerfully than they were the day before.

If you once begin to realize what a limitless Focus of Ascended Master Consciousness, Light, Energy and Power, you can call forth thru these blessed Charts and Flames-in-Action which Saint Germain has brought forth for your Assistance,

you would not miss one day in dynamically calling forth such concentrated Ascended Master Power and Perfection thru these continued activities of Light, Energy and Vibration, as would charge everything around them with the most amazing miracles and Victories of the Light.

You have not the slightest comprehension yet of what a tremendous momentum of energy you could draw forth in one month, and have it qualified with the special Quality of one or more of the Ascended Masters whose definite Activity you needed to do what you desire in producing Perfection.

Stand in front of your Chart or Flame-in-Action and call first to your "Mighty I AM Presence" and then to one or more of the Ascended Masters to pour thru it an intensified action of Their Power, Miracles and Victories of the Light—with Their eternally sustained Divine Justice, Divine Love, Ease, Comfort and Peace from the Heart of the Great Silence and each day increase that a thousand times more than the day before, until your room, home or place of business is so filled with that Substance and Power from the Ascended Masters Octave, as to produce the most amazing Blessings in you and your world.

The Ascended Masters ask all of you who have Charts and Flames-in-Action to begin doing this regularly each day; and see what a great difference it will make in your world and activities.

We call every day for the "Mighty I AM Presence" and the Ascended Masters to bring these into the use of all who really desire them and make their sincere call to the Presence to provide them with these Blessings to bring forth more instantaneous Perfection to all.

· GREAT DIVINE DIRECTOR ·

IT IS our very geat privilege to announce the release of a new song—"GREAT DIVINE DIRECTOR" by our Beloved Ascended Messenger, Godfre Ray King.

This Great Presence, the Great Divine Director, is the Authority over the Life Streams of the humanity of this earth and can issue the Great Command for such individual Help from the Ascended Masters to be given any individual whom He sees is ready to go forward to Eternal Freedom in the Ascension.

Thru these Light Rays, this Great Being can pour forth His Cosmic Power to assist all who will give Him their attention and hold their feelings harmonious

long enough, for Him to cut away the accumulation of discord which binds them to their problems and limitations of mind and body.

The Great Divine Director is very definitey guarding the Youth of America whenever the call for their protection goes forth from the parents or guardians who will make that call.

The Light Rays which He projects are actual Light, Substance, Energy and Perfection from His Ascended Master Body. That is the way He enfolds the body and affairs of those who are calling for help. When anyone sends his or her Love to the Great Divine Director, He feels that Love instantly and answers at once with His own Enfolding Light Ray. He is a Mighty Real, tangible, living, breathing Being of such Cosmic Power and Glory as mankind can scarcely comprehend.

The cover design is the likeness of our Beloved Great Divine Director, and is a Gift of Love from our beloved May DaCamera whom we thank and bless without limit for her blessed service.

This song was dedicated to the City of Los Angeles, where it was first sung, to call forth all the Assistance of the Great Divine Director for the people of the three Americas who are determined to hold to the Constructive Way of Life and maintain Freedom and Divine Justice for mankind.

May every human being on earth hear, sing, play and use this song, contemplate this Picture of the Great Divine Director, receive His Almighty Directing Intelligence, Light and Power and be released from all that causes distress in any way. May it release all mankind from every limitation and flood the earth with His full Glory, Perfection and Love to set all free, until they are Ascended into the "Light of God that never fails."

To make our very own!

· SANAT KUMARA'S DISCOURSE ·

Los Angeles, Calif.—July 30, 1939

I GREET you in the Name, Power and Victory of your Life to-night, for into and thru your own Life Stream, there will go into action to-night, a charge for which you have called these five years.

Beloved ones, before I begin to talk to you, will you close your eyes and accept with the greatest intensity of your feeling, the Perfection and the Glory of your "Mighty I AM Presence" in full command thru your mind, body, feeling world and outer world activity so you may do the most possible in co-operating with Us in the great changes which are near at hand.

Beloved ones, you have thought some of earthly cataclysmic activity, but much more has gone on within mankind. The battle going on between the human and the Divine in mankind is quite cataclysmic in its action, as you may have observed. Therefore, be alert, be aware and Oh, that you may not experience it!

Let each one arise in the Dominion of his or her "I AM Presence" and into the Great Limitless Assistance which is being given! Then, go forward in Its Great Serenity with the fulness of the Light in command. Thank you so much.

Thank you, beloved ones of the Light, that your hearts respond, and may the fulness of the Great Memory of to-night be your great courage, strength and power to go forward into your complete Victory of the Light. Thank you, and won't you be seated?

Be not dismayed at what I shall say to you to-night, but understand that I am calling to your attention the Great Laws of Life which no human being can change—which not even the Ascended Masters attempt to change. The Great Cosmos having come forth, has changed not the Laws but Their Activity for the people of earth. Mankind, unless they understand this, will not understand many things which will take place in the future.

You remember right here in this spot, I asked you, to call for the return of all who had gone forth from this Light. To-night, Life compels the recall of that request. Mankind in the future, must stand upon their own two feet and, by their call to the "I AM Presence" of Life, win the Victory or fall.

When individuals have been trained under your Beloved Saint Germain and then, have willingly with great determina-

tion turned aside with great viciousness, they may no longer have Our Assistance. Only those who turn vicious toward This Light are on the edge of a precipice in the student body. Therefore, remember! For the vast student body, whose loyalty and Love is so great for the Light, for America, for the Messengers and the Ascended Masters, your Victory is very great!

We are dealing with Life, beloved ones, not with individuals, not with human forms. Will you not understand, beloved students to-night, that whatever human form is expressing viciousness is doing it willfully of his or her own volition? Therefore, it is not entitled to your respect or association. If you choose to associate with viciousness, you will become that, unless your Light is very strong.

I assert again, beloved children of earth, you are dealing with the Most Magnificent Law in this Universe—the Law of your own Life. That Law is not a respector of persons but when mankind have been taught this great and Mighty Law for a number of years, then refuse It, the fault is within them wholly. Therefore, they forfeit their right to Our Assistance and must rise or fall by their own call to the Presence of Life and cease to express viciousness of any kind.

This is the Law! Since the Great Cosmos has come forth, many of mankind have lost a great opportunity. When the Messengers, your Beloved Saint Germain and the Ascended Masters pled, and pled, and pled, with mankind to see, to understand and to live the Great Law, It was not idle talk, beloved ones, but the Greatest Truth ever known to man and the Greatest you will ever know on this earth. There is no greater Law, than your "Mighty I AM Presence."

Remember! the Assistance from the Central Source of all Intelligence and Energy to this system of planets, never was known on this earth before. When I came forth from Venus four and a half million years ago, I came of My Own Volition to assist people of earth; but even with all the Power I had, how much did I succeed? I leave it to you. Now beloved people, knowing that I am a Being of Limitless Power, I came here of My Own Volition to assist mankind, and then it was not accomplished—do you comprehend why?

I am going to show you, to-night, more than you ever saw in your Life, what your Beloved Saint Germain means to you. Those who came with Me and I Myself, owing to the free will of mankind, even with the Almighty Out-pouring and charge which We poured forth to this earth, still did not bring about the change that mankind required; because during

those ages, age after age, after age, mankind's free will was supreme and We dared not interfere with it. Only a few came out Victorious from the great mass of mankind, and your Beloved Saint Germain was One. (applause—audience rising)

Would you mind remaining standing, just a few moments while I speak these few words? Your Beloved Saint Germain who started in Europe—endeavoring to awaken mankind with but little success, sought out His Children of seventy thousand years ago and looking down those two Life Streams, saw that which He believed was enough Strength and Power of Light, to carry This Light in America and to the people of the earth. He and the Beloved Nada stood alone in that belief or Reality, whichever you may choose to call it, which has proven to be a Reality. They said: "We shall try it out." I leave it to you whether it has succeeded or not. (applause) Won't you be seated?

Because of the vibratory action in the room, no matter what I may say, will you for the rest of the evening, just remain quiet and seated; that this Great Energy may do Its Perfect Work for you.

With all My Efforts and My Assistance, I did not accomplish this. Yet to-day, He has come forth and has brought This Light which is Freedom. It has been the Freedom of every human being whoever gained his or her Freedom on this earth. The Law of the "Mighty I AM" has existed forever, but mankind have forgotten It! He has returned the Memory to mankind of the Greatest Presence and Light in this Universe, the Law of your own Life! It is not something far off not something questionable as to an opinion but a Law which governs every heart-beat that sustains your physical body! It is a Law and the Power which gives you Intelligence and achievement in the outer world or in the Octaves of Light.

It does not matter upon what octave you are operating. Life is the Authority! Life is still the same in Its Greater Power of vibratory action. Everything in your physical structure to-day contains a certain vibratory action of the atomic structure of earth. In the Octaves of Light, the same power operates in Its finer, higher rate of vibration, which brings and holds mankind within Its Mighty embrace as they go forward with their attention held to that which lifts them.

I say to you, to-night, beloved students, some of you I observe do realize It, but still some do not. Every moment you give attention to your Great Presence of Life, you are lifting, lifting, lifting yourselves into that Freedom of the Light. Oh, It

is not an idle thoughtless thing! It is not time or energy wasted; but every time you give that impulse to the Presence of Life, you are lifting yourself out of the limitations of earth, into the Glory and Freedom of the limitless supply which Life is ready to pour forth into your world at any and all times, provided sufficient Harmony is there.

The Messengers have drawn to your attention, a few things in their own personal experience, of how discord removed from their Heart Center released from the Treasure-house of the Presence—immediately—double what had been bfore. Oh, I could tell you some things to-night, which the Messengers have not chosen to tell you, which would fire you into action, let Me tell you, but I shall leave that to them.

Beloved people, the Glory and Victory of these beloved Messengers, is the most magnificent thing on the face of this earth. We know, in spite of all mankind and their vicious falsehoods about them, never have any two human beings on the face of this earth poured forth in the face of such viciousness, such great Power of Divine Love, Forgiveness and Blessings to mankind. This, I know to be Real; and when those about them would have torn them to pieces, still they poured out their Love and Blessings upon them. Thus shall it ever be; but that does not mean they must not remain positive against such viciousness. I prompt every one of you again to-night because you have known this Presence, because you are calling It forth into action, because you need to be humble and kindly and pour forth Divine Love and Blessings, yet you will have to be extremely positive against all viciousness from human beings.

Is it not a pitiful thing to know that from nowhere else in the world, comes viciousness except thru human forms? While it has been told you, few really comprehend it, that even the animals and the birds have taken their viciousness from human beings. The discord generated by mankind has been imposed upon the earth. This is the Truth of Life! Can anyone of you tell Me where any kind of viciousness is generated except thru the human form, thru the human intellect? Of course you cannot, because there is no other place in the Universe for it to come from. Then is it not time to silence it, to dissolve it from the face of the earth and especially from your world of action, if you want to be free? You cannot be free without dissolving it!

Mankind has been told now these past three years, that they could never be Free, as long as discord and viciousness

act within their feeling world. Mankind is coming to see it now.

Your Beloved Saint Germain was so gentle, so kindly, so patient, allowing most vicious discord to go on in the midst of this Activity; yet going on trying, trying, trying again, again and again to dissolve it; imposing upon the Messengers that discord, hoping that at last it might be dissolved—but to no avail—and then the end came. You see beloved ones, Your Precious Saint Germain makes good His Words. One day you will see that, with a Power and Authority which will satisfy every human being on this earth.

Therefore, to-night, in the release which is coming to you, It will remain forever active and you who are so sincere, remember the Goal of your Victory is assured! Never question it for a second! Your Ascension is as assured as if It was done to-night, as long as you remain honest, earnest and sincere to This Great Light and to these beloved Messengers. Remember, you cannot be loyal to the Light and not these Beloved Messengers. Unfortunate individuals have believed that such could be done, but I say to you, that is a falsehood. It cannot. The Messengers have been the wedges of Light which have driven this Great Understanding into mankind and when mankind lose their respect for them, they have lost the Light, and don't forget it!

We know that they have never in thought or feeling poured out anything but the Greatest Power of Divine Love and kindness! I want this great beloved student body, here in Los Angeles and vicinity, to understand this Mighty Law and in the glory, happiness, Freedom and generosity which you have expressed in carrying on This Great Light, remember—your Treasure-house I say, shall be opened! and pour Its Blessings to you! Be patient, beloved ones! Who of you can say to Me: "Sanat Kumara, since You have this great Authority, why do You not release It to me to-night?" Because I am not the Authority of your Life Stream; but you were given a magnificent Tip, if I may use your expression, and I call your attention to It to-night, because some of you missed it. When the Mighty Cosmos talked to you, He said: "I represent to you, exactly what your own Life Stream represents to you!"

Did not your Beloved Saint Germain assure you long months ago, that the Greatest Assistance ever given to mankind was being given and would intensify up to a certain point? Many of you have forgotten It, but He did say it! He told you that, and He has told you many things which have been fulfilled.

As your attention was called to-night, to these activities in the government and in the world of industry, in which these Mighty Decrees are doing their Mighty Work, is it not sufficient for mankind to see and understand that they are not dealing with idle things but with the Power of Life and Light in Its Great Commanding Presence, sent forth in their call to the "Mighty I AM," to render this Service to mankind?

What do you think I could have done, had the Great Cosmic Law permitted the Intercessions from the Great Central Source of Intelligence and Power to this System of Worlds, to be given then as to-day? Do you realize, my beloved students, that this did not come from the Great Source of Light and Intelligence of Its own volition? Do you not realize, that this came thru the Intercession of These Great Ones, who are pouring forth Their Blessings to you? I wish you to understand this to-night! This came about by the call and the intercession of Those Great Ones, going to the Great Central Source of Power and Intelligence to this earth! Their Requests were granted!

I say something very important to you; unless you see and understand this, you cannot release the GRATITUDE required to bring about the speed of action of the Inner Powers of your own Being, which bring you the release, the supply and the conditions that you require for your Freedom.

I assert, to-night, with very great vehemence, you have the Assistance in this call to Light, to lift yourselves so quickly out of limitations into the conditions of Freedom and your Ascension. The laws of earth are no longer governing you! The magnetic pull of earth—I mean so far as your spiritual progress is concerned! I am not speaking of the outer laws, because you must always obey them, when they are constructive; but I am talking about your Freedom in the Light!

Remember! Take one million students, of those whose attention has been brought to This Great Light in America to-day. As they make their calls to the "I AM Presence" of Life, each call is lifting more and more and drawing up the great mass of mankind in America. Now why do they do this? Please see and understand. America is surrounded by a Wall of Light. Then everything within that Wall of Light, responds to the call of the vast body of the "I AM" Students of Light and all are being lifted, and lifted, and lifted. Oh, even if they never heard of This Great Light, that does not change the Great Inner Action of the entire feeling world of mankind for they are being raised out of it, into a higher rate of vibra-

tory action, which makes their comprehension clearer, makes their courage greater, makes their determination more firm! All is a steady magnificent process in the Action of Life, my dear ones!

You are not acting on superstition of any kind! You are acting on the Law of Life—the greatest in the Universe—which We must obey! Which everything thruout the entire Universe, every human being, must obey!

Why do you think the Great Cosmos came forth? Because in the culmination of the ages in releasing mankind from the apex of human discord and viciousness, mankind had to have Assistance direct from the Source of Its Intelligence and Energy acting here upon this earth—but without your calls, without your determination, without your loyalty and firmness, He would never have come.

I wish all your Great Groups here to realize what a part you played in this during the past eight months. You began this great determination—many of you were not aware of it —two months before the Messengers were here at Christmas time; but since that time, the determination, the loyalty, the staunchness which has gone forth from a majority of the students has been magnificent. We witnessed it with Heartthrobs and with Joy; for when you realize the hundreds of thousands of years in which We have waited for this, you should know what it means to Us, and what it should mean to you.

You who have thought that your capacity of service was so small, my dear ones, I say in your Great Groups here, as you enter into these Decrees in a great body of a thousand, three thousand or five thousand people, then you are rendering that Service five thousand times your own capacity. Will you not see that? It is a thousand times your own capacity when you are joyful, ready, and willing to join, in the great student body and issue these Decrees. This is not idle talk. When you join with a group of people, according to the number there are, are you acting to that number beyond your own individual capacity, for each one lifts the other.

This is why I cannot yet understand, how any human being who is sane, could come into the magnificent sincerity of these Great Groups, with treachery and deceit in his or her feeling world. I fail utterly to understand it. How can any human being come into this Great Body of Students here, and not see the loyalty of those hearts when they hear them sing these songs, and issue those Decrees with the Power and

Authority of Life? I do not see how they remain to feel treachery and deceit within their hearts.

You are dealing with the Greatest Law in the Universe, dear ones, and please don't fail to see it! I rejoice with you to-night, in all these magnificent achievements of the past two months. It is so far beyond anything, that has been drawn to your attention. It is so far beyond what the average human being could comprehend. You do not fully grasp all that is being done in the dissolving of these conditions and forces which have been the great pressure upon mankind.

If anyone of you sat down in a chair and let someone step behind you and every time you wanted to get up, that one would put his or her hands on your shoulders and hold you down, you would get just a little bit of an idea of what I mean to-night, in the pressure of mankind's own creation being removed from them. It is so much less, so much less.

To-night, I want to correct the wonderment in a great many minds, when the statement was made in San Diego, that the entities from Southern California had been removed! We mean just that! Where do you consider your Southern California begins? I do not think you quite realize what your Tehachapi mountains mean to you. Why do you suppose some months ago, a few individuals saw out upon your desert a Great Pillar of Light and within It, a Great Being? That was Real, and It came very close to the dividing line between Southern and Northern California. This city could more quickly than you believe to-night, become the out-picturing of its name.

If I seem to speak just a little in riddles, read between the lines. I want you to think! I want you to feel thru your Great Presence! Beloved students, let Me prompt you on one thing, please. If there is something, you do not quite understand, please do not begin to revolve it in your thought. Simply say: " 'Mighty I AM Presence' put that on the shelf, and when my vibratory action comes to a certain point, I will understand it clearly." It would save you from going into all kinds of feelings and questionings about some point of the Great Law.

Dear ones, if you did but one thing and held to it with great firmness and intensity and just said to your "Mighty I AM Presence": "Fill me with Your Perfection! Make me Yourself in action at all times," you could not help but attain Perfection! You could not forget that, but I tell you, beloved ones, when some point of the Law comes up, you begin to

revolve and question it; and the first thing you know, you get fluttering away somewhere and you have lost your centralized focus of Power. Don't do it, please!

If you will all take the determination: " 'Mighty I AM Presence' reveal that which you wish Me to do," and be unyielding in it, how could you fail to have it? I wish you to understand, to-night, you cannot fail to have the answer to your every call; but It is Life acting and Life will not withhold one single thing from you as soon as you become harmonious enough, so that you are not revolving doubt of the Great Power of Life, as It flows forth to bring you Its Blessing.

But I say to you again with all My Heart: If there be deceit and treachery in your being, pluck it out, as if it were a poisonous serpent. You cannot attain your Freedom with those qualities! You cannot do it! You would say to Me perhaps: "must I always tell the Truth to all mankind?" Not if it is concerning your personal affairs. Just be frank and say: "I do not choose to answer your question."

My dear ones, what does the social world mean? What does the friendship of an individual mean, if that one is being treacherous and deceitful? There is no such thing as that in friendship. You must be strong enough, to say to one making inquiry regarding that which is not any of that one's affairs, in order to silence it: "I won't inform you."

How mankind have bound themselves by the false social thing of the outer world because of such treachery and deceit! They smile in your face and stab you in the back as soon as your back is turned. That is the treachery and deceit in the social world which is now considered an art. It is a very darkly colored art.

You have never seen the Messengers pretend to be what they are not and you never will! They are just as humble to-day, as when they started to carry This Light; but they are dynamic to human viciousness and discord. Well it is and so should you be.

I say to you, beloved ones, you are living under a Law that was unknown to this earth ten years ago. You are being given Assistance, you could not estimate. That is why the greatest blessings in the world are being prepared for those beloved ones who have been and remain so loyal to the Light. Now only will you have your Victory in every way; but you will leave when your Ascension is attained—that Almighty Raising, Cleansing, Purifying Power which is indescribable.

I say to you, for your satisfaction and comfort, beloved

students: it does not matter in the slightest, how your so-called passing might come about, for your Ascension under the New Dispensation. All that preparation is going on hourly now. As long as you remain loyal and harmonious to the Great Light, the Great Law and these beloved Messengers, that Speed and Power of Action will go on; and there is no human being nor all on this earth, who can interfere with that preparation for your Ascension which is every hour going on, waking or sleeping for while you are quiet many times, the greatest work goes on in the achievement of your Freedom. Then, you are not revolving human opinions in your mind or brain and its structure is quiet. The feeling world is quiet. Then, the Higher Mental Body will go on, with Its Mighty preparation.

I say to you, please still yourselves and listen while I repeat these Words. Every hour, to every sincere individual, is the Activity of the Higher Mental Body going on raising, raising, raising the vibratory action, drawing into the etheric body the Light Substance, as the Great Wisdom of that Life Stream may require. The great preparation is going on.

Oh, my dear ones, if you were to entertain a great Royal Guest—if one of the Ascended Masters were to come forth in the Tangible Body to sit at a Banquet Table with you—would you not do the utmost in cleansing and purifying yourselves in preparation for that event? Oh, my dear ones, is this not a thousand times more wonderful, than to be the guests of an Ascended Masters in the Tangible Body because this is your Freedom forever? Oh my dear ones, FEEL It as never before! This is your Freedom forever! Free from the wheel of birth and rebirth!

Of course many of them do not understand, but if the people of this earth would use the word "re-embodiment" instead of re-incarnation, it would be a very great blessing. That word "re-incarnation" does not quite fulfill the need but re-embodiment is the Truth of Life! for you come again, again, and again, in bodies similar to these, but this time, you can be Free forever. If you think I am not telling you the Truth, then you are missing a great great opportunity. We have never told you anything else, but the Truth and never shall; but you must decide, for It is the Truth to every one who accepts Our Words as the Truth. You are the authority in your world, except where great viciousness is expressed; then you are no longer authority in your world—that time has passed!

When you see the vast changes taking place everywhere and that most frightful of conditions—the communistic element—about to be removed from your earth, from your America, what a magnificent thing! That has brought in its train such grief, such heart-aches to the motherhood and fatherhood of America; brought such devastating forces into your schools and universities. It is soon to be forever removed! How grateful mankind on earth and you who understand should be; and what an encouragement it should be, that you see this thing being done before your very eyes can mankind ask for greater proof of the Ascended Masters and the Cosmic Beings of Light and Life than that? No miracle performed for an individual, no matter how great, would be more magnificent than that evidence which you see taking place and now the Light MUST come in your government and world of industry today.

Have you not been calling for Ascended Master Friends to be raised up everywhere? Do you think that call can go on unanswered? Not at all. Can any one of your calls go unanswered? Never! but sometimes in receiving the answer to your call, you forget to consider the Wisdom of your Life, which is acting to bring the answer of that call to you.

I remind you once again of the reason why every human being, who understands This Law, should know that his or her calls hold within them the Power of the answer. Since it is the lesser Life in you calling to the Greater, how could anything stand between your call and the answer? Impossible! If you see that, you will never fail to have the answer to your calls and quickly.

Therefore, as you see and understand these vital points, you will see and feel with the fulness of the Power of that Light which makes the call, the fulfilling of the answer. These very simple things are so vital to all; and remember, the farther you go in this Great Law and Its application, the more simplified It becomes.

In talking with your Beloved Saint Germain a few days ago, I said to Him: "Saint Germain, why did You give such a vast scope of application"? He said instantly: "Because of the very very great variation in the vibratory action of individuals upon earth. One will comprehend one presentation, and one another," and in the vast number of Decrees which have been given you, It was an attempt to fit all cases. After awhile, soon perhaps, you will find that those Decrees will come down to a few vital ones.

Did you ever notice, that for a time, you will use a certain Decree with great enthusiasm? Then that wanes and you take up another and you get the same enthusiasm! Then, was the Wisdom not great in giving you an abundant supply? Some struggle greatly, trying to utilize all. That might be a simile to Jonah trying to swallow the whale and yet beloved ones, how magnificent it has been. How wonderful it has been to watch your progress and the Expansion of your Light.

Oh, my dear ones, did your Life Stream permit Me to draw the Cosmic Screen here to-night, and show you just a few of your activities, you would all readily see what a magnificent thing it has been. This Law is Real, my dear ones. The Expansion of your Light is Real. Oh, just because all the problems in the outer world have not vanished, what has that to do with your progress and the Expansion of your Light? This is what will happen. One day, when the Expansion of that Light is great enough, all these problems will have disappeared and you will look around to see where they have gone. I would not look the second time. You will notice that once will be sufficient.

How many times, Oh beloved ones, how many times—mankind have looked around and hunted up something they did not want. It is only too true, and do you know that the *most* subtle way, you begin to search for what you do not want, is the revolving of discordant thoughts and feelings, in your mind and in your feeling world? When you do that, you have just started on your search for further limitations.

We are trying to put all of this in its great simplicity to-night, so you may more fully comprehend all that this means to you, and the Great Reality of this Great Light. Remember your precious, precious Messengers are no longer permitted to battle for the students. They will continue to make their calls for you and your Victory of the Light but you must take the reins, make your dynamic calls and you will find more and more of the results coming forth.

I say to all these people who within the past, thought they were endangering This Great Light or Its progress by turning aside from It, how foolish! As if this Great Light depended upon a few human beings! Anyone who wants to turn aside from This Great Light is quite free to do it. If human beings want to go on and build the tragedies of Life for themselves, they are free to do so and now they must choose!

May I endeavor to try to have you feel to-night, that one who has not contacted This Great and Mighty Law of the

"I AM," is in a wholly different position from one who has contacted It? Shall I bring to your attention two reasons tonight, why some individuals find it a struggle, when they come into this Great Light?

In the first place, their own human creation wants to hold them bound and it will try to throw every obstruction in their way unless they are very positive and firm. Then, it will have no power to do it.

Now the second reason is, that individuals who have not known This Great Law, and many who have, have great accumulation of discord in their Life Streams; and when they touch This Light, it is for the purpose of bringing that forth to be dissolved and consumed from their Life Streams, which gives them their Freedom. If they will not do as your Beloved Saint Germain and the Messengers have asked and call the Presence to use the Violet Consuming Flame with great intensity, they will have a struggle to keep the past creation from coming into the outer expression and releasing the discord which has been generated within their Life Streams. Would it be any wonder, if they met difficulties?

My dear people, you have got to do this purifying some day, somewhere. It is no longer a matter of choice! If you want to be Free, you have got to apply This Law, you have got to call the Violet Consuming Flame inot action to keep dissolved every discordant thing which comes forth, because come forth it will! It has got to come forth to be dissolved and consumed! Do not be frightened about it! Rejoice that it *is* coming forth to be dissolved and consumed. If you will use the Violet Consuming Flame, as directed, it will never find outer expression in a single instance.

I say to you, my dear ones, steadily and surely, there is coming the clearness in your comprehension—the definite assurance within your feeling, of your Victory, of the Power and Authority of your application. Hold fast to It.

May I offer this suggestion in behalf of these beloved Messengers? Please do not write long letters! One page is quite sufficient. If you ask for assistance, please do not enumerate your troubles by the page! You are making a written record of that from which, you are asking them to release you. How can you expect it, if you are going to make a record of what your distress is? Just say to the Messengers, you need assistance! The Higher Mental Body of yourself, as well as theirs, knows quite well what is required. You would hardly be able to advise that; but mankind so love to talk about their

difficulties and to write about them little realizing what that is doing and how more and more, it is binding the problem upon them tighter.

May I offer another suggestion, beloved students? To your friends who do not know much yet about This Great Light, I would suggest that you not ask them to write the Messengers for assistance. Call their attention to the books. Tell them the first requirement is for them to study and learn to apply This Law, before they ask for assistance. Then, when the Messengers give the assistance, they are not wasting time and energy. If a person asks for healing and is not interested in This Great Law, that one really does not want the healing.

Now remember, beloved ones, if one wants to be healed that one must love This Light! They cannot be healed and then go out and spread discord concerning This Law. Many have done that! It is not permitted in the future! People must study these books, because they want to grasp This Law and apply It because they want their Freedom! Then they will have It with great results.

The Messenger has had many letters from those who know nothing about This Great Light, whose attention has been called to It thru the radio or otherwise; but those individuals must understand that they must comply with the Great Law of Life, their own Life, if they wish to be healed. To ask the Messenger to perform some miracle for them, just to let them go on and have no interest in the Great Light which produces their Freedom, would be tragic indeed.

Again I say, beloved mankind is dealing with a Mighty Definite Law of Life and no one escapes! That is why, to-night, I trust that I have made clearer to you the simplicity of This Great Light and Its imperative demands upon mankind! Oh, no one is an exception! If someone wishes to ridicule This Great Light, well that one will just impose upon himself or herself great limitations and privation. If they want to do that, should you interfere?

Don't think, my dear ones, that it is up to you to drag somebody back who wants to go away from This Light. Make the call earnestly and sincerely to their Higher Mental Body, then leave them in the hands of that, but don't try to argue with people. Do you know what it does when you try too much? It is well to make one trial to plead with individuals to have them see; but if you go beyond that, dear ones, they take that as an encouragement and it makes them more fierce and vicious than ever because they think they are getting

you irritated and perhaps they will change you too. These are Great Laws which are your Freedom. Can you afford to fail, to allow them to act, to give you Their Blessing?

Dear ones, if you saw within the Activity of the gathering Power which the Messengers are continually calling about them, you would see that which would astound you! Your precious Lotus, hour after hour, after hour, serves and serves, and serves to provide for you and bring to your attention these great and vital points of these Great Laws—thru the Transcriptions and in all the ways in which It is coming forth to mankind. Think of it, beloved ones, the magnificent service which she is rendering. Then, to think that anyone should feel unkind to her for a single instant!

I thank you, beloved ones here to-night, for this Almighty Response to My Call and the vibratory action which I have sent out to bless you. It will remain forever, beloved ones! No matter what you may do in the future, still will that remain, to one day wrap you in Its Blessing and bring you home again!

In the outer world, when you have travelled abroad in other nations, where conditions are different than yours, then after a month or two or three, you start to return home, is it not a happy time? You travellers of the world, I ask you, is it not a moment of rejoicing? Even with all the beauty and Perfection which you have seen, still the thought of home brings rejoicing. Yet the Home here in the Octave of Light to which you are going now, is the Greatest in the entire Universe! It is the Home of Eternal Freedom in a form of Eternal Light, Beauty and Perfection, where all substance obeys your command instantly. Such is your Goal, beloved ones! Oh, the foolishness of mankind who do not believe that! Let them go on in their chains and you go on in your Freedom of that Great Light.

Once again I say to you, remember that your call to Life, is the lesser part of Itself calling to the Greater and there is naught stands between your call and its Answer here. It would be impossible. See that! Then go forward in the Almighty Victory, Power and Freedom of your Application of Life—the Eternal Blessing of Life enfolding you to-night in Its Infinite almighty Power and Glory, in Its Courage, Strength, Happiness and Joy which will stand forever a Beacon Light to you; drawing you on as the Mightiest Magnet in the Universe—the End of that Glory, that Goal, your Freedom and Ascension in this embodiment! I thank you.

"I AM" STUDY GROUPS

IT is vitally necessary at this time to call the Group Leaders' attention once more, to the Request of the Ascended Masters from the beginning of This Activity, to remember that you are not teachers! The Ascended Masters are the Teachers in This "I AM" Activity of Saint Germain and the Students must study the Words of the Ascended Masters in the Saint Germain Series and the "Voice of the 'I AM'!"

When the Mighty Astrea said in His Discourse published in the Ascended Master Light—page 151-152 that the Words of the Ascended Masters and Cosmic Beings were just as tangible as the "Crystal Cup" in the Messenger's Hand and carried Their Qualities into the Student's world for action, I say to you—can any unascended being teach you anything more than what is already in the Ascended Masters' Words? They do not need anyone's interpretation nor explanation because each individual's own Higher Mental Body must do that for each one.

Please, in this hour of world crisis, when the protection of America is needed so much, do not take time to talk about human beings, whether it is about yourself or others when all the energy of each one's Life Stream is needed now in the Decrees for the protection of Our Land and to save the sanity of mankind. Let us all forget the personal self of everyone and remember only God which the "Mighty I AM Presence" and the Ascended Masters are.

The Group Leaders' Responsibility at this time is to call forth Protection for the Student Group, the "I AM" Activity, the "I AM" Students and America and to be such an Outpouring of Purity, Harmony, Kindness, Forgiveness and Ascended Master Loving co-operation, that it will enable all in each Group to give their greatest assistance and most powerful Decrees for the Victory of Light to protect and supply all.

All under This Radiation need to call forth all the time—more Ascended Master Purity, Self-control, Obedience and kindly consideration for all others who are trying sincerely

to help carry This Light the best they can. At no time are personal familiarities to be allowed in any Group with those of the opposite sex. The Ascended Masters' standard of conduct is the request and regulation for all under This Radiation and there just are *no* exceptions.

Call in every Group Meeting to the Mighty Harmony, to charge all with His Indestructible Harmony, Loving unselfish Co-operation and Kindly Consideration for all. Call to the Goddess of Purity, to charge Her Flaming Substance of Eternal Purity to fill every meeting place, person, condition and thing for all under This Radiation and to compel Her Eternal Purity in all forever.

Call to the Goddess of Peace for Her Flaming Substance of Ever-lasting Peace, to charge into all and hold Eternal Control.

Call the Mighty Victory to compel His Victory with His Power of the "Crystal Cup," to fill every Group Meeting and all under This Radiation until the Ascension. Then, remember often to charge every person, place, condition and thing in every Group Meeting with the Ascended Masters' Power, Force and Action of the Cosmic Light of a Thousand Suns to govern all forever and Miracles, Victories, Blessings Supply and Joy without limit to come forth to make every Group Meeting the greatest Joy and Accomplishment in each one's experience forever.

The students in every Study Groups should call forth daily for the annihilation of all problems for all Group Leaders thruout the world, so all may give the best they have, until America and the world are Free!

Because of all the Good, we have all received thru Saint Germain's Activity of the "I AM"—at least once a day let us all remember to pour out all the Love of our hearts—in deepest gratitude and qualify every Book, Magazine, Chart, Flame and Chart in Action, Picture, every piece of Music, every Phonograph Record, Radio Broadcast and Electrical Transcription, every "Crystal Cup," Study Group Outline, Booklet, letter and announcement, which goes out under This Radiation, as an Imperishable Force of the Unfed Flame, which raises everyone into the Ascension in this embodiment, whom they contact and may they be Legion in number!

YOUNG AMERICA

DEAR, Blessed, Precious, Young America, in all the activities of your Life, form the habit now of analyzing the result of everything you do before you do it and try to see, if the results from any use of your energy of Life, is going to bring you a problem of unhappiness or a momentum of Harmony and Joy, which will make you more powerful for good in the future than you are now.

Measure everything you do, by the Ascended Masters' Standard of Permanent Happiness and Victory, over all problems! Compare what you call happiness now in your recreation, with the Activities of the Ascended Masters in which They can wield the Authority of Life to control the Forces of the Elements; to create what They desire instantly; to go anywhere They please without limitations of any kind; to release Blessings without limit and anything Their Hearts desire to give to those whom They Love and to raise them to full Freedom and Perfection also.

All Their Marvelous Powers of Mastery were not just flooded to Them, the moment They were completely Ascended. Like everything else in the Universe, Their Powers are the Results of momentum gained thru constant practice in the use of the Great Divine Law thru which They drew forth the full amount of Electronic Substance and Power required to accomplish a manifestation of some definite thing or plan.

Let us all do the same and the more constructively qualified energy and substance, we can draw forth now thru our application of these Mighty Decrees to solve our problems and those of America and the world, the more Power we will have both here and now, in this physical appearance world, and also in the Ascended State after we attain our Ascension.

If our Beloved Daddy had not drawn forth a Great Momentum of Energy here, in his calls to the Presence for help to the "I AM" Students and mankind, would He have a momentum great enough to answer all the demands that are made upon Him now?

Let us love Him enough and be grateful enough to Him, for all He gave us, to call forth His Greater Ascended Master Purity, Kindness, Obedience and Refinement here and now—each day—so more of His Ascended Master Power, which He now wields, may pour thru us whatever He wants to release to protect America and save all mankind.

His Greater Power cannot pour thru our energy, unless it is Pure and Harmonious. So our greatest desire should be, to call forth Divine Justice thru ourselves first, to Life—our own "Mighty I AM Presence," for if we are just to our Source, which has given us all, we will have to be harmonious and just to our fellow students and all mankind.

Everyone wants and usually demands Divine Justice for himself or herself but how many people are concerned at all about giving Divine Justice and being Divinely Just to our own "Mighty I AM Presence"—Life? That is the Source by which we do all we desire to do; and yet almost no one is concerned about being just to that Being from which we receive all. Let us set ourselves right with our Presence and then It can set us right with the whole world and compel the whole world to be just to us.

When all the energy which you use each day is qualified harmoniously, you will have happiness without limit because you cannot be happy when you qualify energy with discord!

Temporary emotional excitement and sensation is *not* happiness, because energy out of balance is not harmoniously qualified; and if you release energy thru uncontrolled sensation and some sudden impulse or influence outside yourself can make you use your energy one way, some other impulse and influence can also rule you, when it is qualified with that which you do not want.

Some day, sometime, somewhere, you must master the energy in your mind, body, feeling and world. Only the Ascended Masters' Qualities and Power will ever enable you to do it and only then will you know permanent Happiness and Real Freedom.

· PRESENTATION OF THE "CRYSTAL CUP" · · AT THE SHRINE CLASS ·

Sunday Evening—July 27, 1941

SAINT GERMAIN has brought to us the "Crystal Cup" of His Great Light! He is that "Crystal Cup" and He has given us the privilege of carrying His Love and Light to the people—His "Crystal Cup" of Cosmic Light!

The large Cup you saw presented here last Sunday, is a Focus for that Out-pouring into the outer world. Sanctuaries and Reading Rooms and those who really choose to accept It, can have a "Crystal Cup" from our Heart Center here. Each sincere "I AM" Student can have one for the home. There is nothing obligatory about this, as each one has free will.

There can be drawn forth the "Crystal Cup," for the sustaining and harmonizing Power in the home, for the expansion of the Light there, if you care to give It recognition; but this Activity is one which is a very very Sacred Power and It is not to be treated lightly nor is It something to be shown to everybody. It is to be held in deep devotion in the silence and is a Sacred Power-house in the home, the Sanctuary and Reading Room, if given daily attention.

Three times a day, give attention to the Light Ray or Flame for which you are calling to the Ascended Ones and ask It to descend into your "Crystal Cup." As your attention, your Love and call continues to a certain point, will the manifestation come forth to free the people. This Power of Light can come into every home, every Sanctuary and Reading Room, if you choose to draw forth the Activity of the "Crystal Cup" and charge It daily with the Love from your heart and the Light and Substance from your "I AM" Presence!

Remember, when Saint Germain gave Our Beloved Messenger the "Crystal Cup," all human limitations were stilled, dissolved and He ascended!

When Our Beloved Messenger gave David Lloyd the "Crystal Cup," all his human limitations were dissolved and He ascended!

Now let us all call forth this same Activity of the "Crystal Cup" in Saint Germain's Marvelous Release of the Light of the "I AM" to the people.

Let us call forth the Cosmic Power of the "Crystal Cup" in America, that all human limitation and destructive force in Our Beloved Land may be dissolved and the United States of America, as a Nation, ascend into that Octave of Light's Activity which brings in the full Perfection of the Golden Age. Then, Saint Germain's Freedom and the Justice of the Goddess of Justice shall reign on earth and provide the conditions

for the return of Jesus, Our Beloved Messenger and other Ascended Masters to move among mankind as in the Golden Ages of the past to teach the people and help raise them into their Eternal Freedom of the Ascension.

Since the "Crystal Cup" has come forth to us here, we can call into It, Victory's Full Power of His Crystal Cup from His Life Stream. We can ask Him to fill the "Crystal Cups" of all under This Radiation with His Victory. Let us call to our Life Streams to release their Action of the Cosmic Light thru us to fill the "Crystal Cup" of America. We are the doors thru which the Streams of Light pour into America's "Crystal Cup" from our Cups. Then, may America's Cup become so full, she too, can pour the "Crystal Cup's" Light, Blessings and Gifts to the rest of the world and fill the "Crystal Cup" of the world with the Ascended Masters' Liquid Light forever!

This Activity can be drawn forth by those who give their attention to It and attend the "Crystal Cup," giving It full acceptance—making the call and holding steady in the Purity and Power which are required to bring those manifestations forth, which will be Eternal on this earth.

For those who choose to do that, "Crystal Cups" will be obtainable. They will be uniform and We will bless every one personally and make the call. We trust they can come forth very shortly, so you may get into action.

Three times a day, stand before the "Crystal Cup" with hands up-raised. In that position you too become a "Crystal Cup" and the Flame of Life in your heart should be called forth and expanded like a Sun, forming a "Crystal Cup" of Light, into which the Great Beings can pour Their Light into you. Thru your calls to These Great Beings, They can focus Their Power

of the Unfed Flame, the Liquid Light, Their Perfection, Supply and every Activity of the Cosmic Light Substance from the Ascended Masters' Octave and charge those "Crystal Cups" to become a Power-house of Electronic Force. As you gain a momentum, the Perfection and Supply of all good things can come forth to all who give their Light and Love and attention to It.

Each day, it is our obligation to make the call for that Light to be poured into America's "Crystal Cup." As we draw the Light into our own "Crystal Cups," we ask the Cosmic Light to over-flow and fill the "Crystal Cups" of all under this Radiation! All under this Radiation should draw the Light and ask their "Cups" to over-flow and fill the "Crystal Cup" of America! Then call that America's Cup may over-flow and fill the earth with the Cosmic Light that stills every destructive force forever!

Do not discuss this Activity with anyone. It is a Sacred, Silent Mighty Activity of Life and Light because the "Cup" has always been a symbol of God's Supply and Freedom to man. We ask you to regard It as a Silent, Sacred Privilege, second to none except your Ascension. If you will do this, the Great Ones can pour an added Charge of the Power of the Cosmic Light into America. It is to call forth greater devotion to God—the "Mighty I AM Presence" and release greater gratitude in the sacred sincere Love and silence of our hearts, for all America means to us and all mankind in the Freedom of the Light!

There will come forth Instructions and Decrees to be used with these "Cups," but if you are to have this Blessing, the "Cups" must be uniform. Do not go out and get just any kind of a Cup and expect that Outpouring to be held uniform. Let us be in attendance upon the Plan of the Great Ones and co-operate with

Them perfectly, to produce the Perfection we all desire.

Each day, call forth the Ascended Masters' Flaming Substance of the Cosmic Light, to enfold your "Crystal Cup" in Their Radiance which illumines the atmosphere around It. Call forth and accept Their Power of Precipitation released into It until you gather enough of Their Electronic Force, to draw forth all that you require for your complete Freedom and for the protection of others who are constructive and to whom you may need to give assistance.

May we all stand so true and obedient to Saint Germain, Our Beloved Messenger and Blessed Jesus, that we can call forth this Greater Power of Light and may we be obedient enough to hold the protection which will enable Them to release enough of the Substance of the Cosmic Light into America for her Freedom. There are no other people in the United States of America thru whom that can come but thru you, the "I AM" Students. That is why, we have thanked each one daily for being the Open Door and for all you have done; because thru you, the Ascended Masters can pour Their Light with the intensity which America needs. It cannot be done thru people who do not know this Law.

Call your Higher Mental Bodies to remind you each day, to call your "I AM" Presence and the Ascended Ones into action to enfold your physical bodies, all "Crystal Cups," every person, place, condition and thing under This Radiation and our every Decree, in the Ascended Masters' Cosmic Light Substance and Luminous Atmosphere.

Every time we give a Decree, we should call to the Great Ascended Masters and Cosmic Beings to release the Cosmic Light of a Thousand Suns in, thru and around our flesh bodies; to condense, concentrate and solidify It within and around all under This Radiation

with such Power and Intensity that It illumines the atmosphere around each one and encloses every Decree in a Light Ray of Its Substance. Then as It goes to Its destination, It is clothed in the Power of the Sacred Fire and that is held sustained until the manifestation is complete.

Give daily recognition in your calls for supply to the Ascended Masters' Power of Precipitation. Call your own "I AM" Presence and the Ascended Ones to concentrate the Flaming Substance of the Cosmic Light around you, illumining the atmosphere about you with such Pressure and Power of the Substance from Their Octave that It compels Eternal Purity to be maintained within and around your physical body. There is a reason for this. It may be necessary under the outer world conditions of to-day for that Power of Precipitation to be released into the use of the "I AM" Students, or to a certain number of them, for assistance to others who are constructive, as well as those under This Radiation.

In using the Power of Precipitation, the Law of Purity must be complied with first of all! The substance and energy within and around your physical body, where the precipitating power would act, must be kept purified by the Ascended Masters and charged with Their Qualities and Authority because in the use of precipitation, it does take considerable Electronic Force to draw forth at least the first manifestation. In doing that, the atmosphere about you must be Pure and Harmony maintained permanently.

Let us keep calling that all our young people be sealed in the "Crystal Cup's" Flaming Substance of the Cosmic Light, which is intense enough to illumine the atmosphere about them, so destructive suggestions of the outer world cannot reach thru to destroy, injure or draw them from their Victory in This Light.

MRS. G. W. BALLARD AND DONALD

SAINT GERMAIN

How often the outer mind wonders and longs to know something of its achievement or something of the Inner working of the Law. I say to you, beloved ones, you CAN know every Activity of the Inner Law. It only means a continuous harmonizing of your feelings, a refusal to accept or listen to false human gossip or to allow your thought and feeling to revolve on disturbances that have passed.

SAINT GERMAIN

When individuals are sufficiently interested to pour forth their Love, their Power, their Life, their Energy for the Protection of America, it is one of the means of bringing the greatest and most speedy release to the individuals themselves.

IT is our great pleasure and privilege to announce that we now have on hand another supply of the Loose-leaf Decree Binders, the same as those formerly sold. Kindly send your orders to the Saint Germain Press, Inc., P. O. Box 1133, Chicago, Ill., or to the Western Branch, P. O. Box 428, Los Angeles, Calif.

· BLESSING OF THE CHARTS AND · · FLAMES-IN-ACTION ·

BELOVED "I AM" Students, the Ascended Masters have asked that you use the Charts and Flames-in-Action, to charge the atmosphere of your homes and places of business wherever you can, with the Power of the "Mighty I AM Presence" and the Radiation of the Ascended Masters.

When you realize that the very vibratory action of the Light and energy from the Charts and Flames-in-Action, pours out the Ascended Masters' Qualities into the air of the room wherever they are illumined and in action, you can each day make the call for them to be amplified a thousand times more powerfully than they were the day before.

If you once begin to realize what a limitless Focus of Ascended Master Consciousness, Light, Energy and Power, you can call forth thru these blessed Charts and Flames-in-Action which Saint Germain has brought forth for your Assistance,

you would not miss one day in dynamically calling forth such concentrated Ascended Master Power and Perfection thru these continued activities of Light, Energy and Vibration, as would charge everything around them with the most amazing miracles and Victories of the Light.

You have not the slightest comprehension yet of what a tremendous momentum of energy you could draw forth in one month, and have it qualified with the special Quality of one or more of the Ascended Masters whose definite Activity you needed to do what you desire in producing Perfection.

Stand in front of your Chart or Flame-in-Action and call first to your "Mighty I AM Presence" and then to one or more of the Ascended Masters to pour thru it an intensified action of Their Power, Miracles and Victories of the Light—with Their eternally sustained Divine Justice, Divine Love, Ease, Comfort and Peace from the Heart of the Great Silence and each day increase that a thousand times more than the day before, until your room, home or place of business is so filled with that Substance and Power from the Ascended Masters Octave, as to produce the most amazing Blessings in you and your world.

The Ascended Masters ask all of you who have Charts and Flames-in-Action to begin doing this regularly each day; and see what a great difference it will make in your world and activities.

We call every day for the "Mighty I AM Presence" and the Ascended Masters to bring these into the use of all who really desire them and make their sincere call to the Presence to provide them with these Blessings to bring forth more instantaneous Perfection to all.

Six Cosmic Light Calls.

It is permissible to take one subject and stay on it for the entire period, even 24-hours. Those desiring supply will find the use of the Supply Pamphlet for as many hours as is possible most beneficial. The momentum gained thru issuing those Decrees, must release the needed supply when it reaches a certain point. So it is with any other condition needing attention.

· GREAT DIVINE DIRECTOR ·

IT IS our very geat privilege to announce the release of a new song—"GREAT DIVINE DIRECTOR" by our Beloved Ascended Messenger, Godfre Ray King.

This Great Presence, the Great Divine Director, is the Authority over the Life Streams of the humanity of this earth and can issue the Great Command for such individual Help from the Ascended Masters to be given any individual whom He sees is ready to go forward to Eternal Freedom in the Ascension.

Thru these Light Rays, this Great Being can pour forth His Cosmic Power to assist all who will give Him their attention and hold their feelings harmonious

long enough, for Him to cut away the accumulation of discord which binds them to their problems and limitations of mind and body.

The Great Divine Director is very definitey guarding the Youth of America whenever the call for their protection goes forth from the parents or guardians who will make that call.

The Light Rays which He projects are actual Light, Substance, Energy and Perfection from His Ascended Master Body. That is the way He enfolds the body and affairs of those who are calling for help. When anyone sends his or her Love to the Great Divine Director, He feels that Love instantly and answers at once with His own Enfolding Light Ray. He is a Mighty Real, tangible, living, breathing Being of such Cosmic Power and Glory as mankind can scarcely comprehend.

The cover design is the likeness of our Beloved Great Divine Director, and is a Gift of Love from our beloved May DaCamera whom we thank and bless without limit for her blessed service.

This song was dedicated to the City of Los Angeles, where it was first sung, to call forth all the Assistance of the Great Divine Director for the people of the three Americas who are determined to hold to the Constructive Way of Life and maintain Freedom and Divine Justice for mankind.

May every human being on earth hear, sing, play and use this song, contemplate this Picture of the Great Divine Director, receive His Almighty Directing Intelligence, Light and Power and be released from all that causes distress in any way. May it release all mankind from every limitation and flood the earth with His full Glory, Perfection and Love to set all free, until they are Ascended into the "Light of God that never fails."

JESUS' DISCOURSE

Seattle Class—August 22, 1937

BELOVED Children of the Light in Seattle, Our Joy has been very great to find the response there has been in this class. I thank each one of the former students who was impelled to come to this class, for the service which they have rendered in assisting Seattle. Once the students understand and are able to give immediate response to those Wondrous Inner Promptings from their "Mighty I AM Presence," then Divine Order will quickly come in the world, and all chaos caused by human concepts disappear.

Today, you are so privileged in the accomplishment for your city, to have this Mighty Radiance in just a little less intensity than that which is given forth in the Retreats of the world. The outer world of mankind does not understand quite to what that refers. It means that each Retreat is a Mighty Focus of Light, Love and Wisdom which has been maintained for thousands of years; for instance, as the Royal Teton in your own beloved America. In India there are many places, some of which I visited before My Ministry in Judea began. It was not so easy to reach those places then as it is today, through the marvels of the transportation you now have.

The Inner Impelling Power from God, the "Mighty I AM Presence," once It begins to assert Itself—and that means by your call—will begin to release a Power of which the outer has only slight concept. The very beginning of your application in calling forth greater Harmony, greater Perfection, greater Wisdom from your Presence to act within you and your world, is the Focal Point of the Great Light which will one day flood your Being.

As you have come to know in this class, the Light which gives you Life is anchored definitely within your human heart. This Light contains within Itself all Perfection. As you have been instructed, when enough harmony is maintained in your feeling, so discord does not continue to re-qualify this energy, you will then see how very quickly Perfection will come in your mind, body and world. That Light, that Energy, if left to Its own Purity and Perfection is All-powerful to act within you and your world. Therefore the fulness and Glory of *Light* is the *Conquering Presence* of your world!

We ask everyone here, in very great calmness and serenity, to turn to your Presence and keep calling It into action until you have the *full volume* of Its Power released to produce Its Perfection in you and for you. It does not matter what the opinions of the outer world are, but it does matter greatly what is within your feeling!

Through long centuries of accumulation, doubt and fear acting within the consciousness of mankind have become very great. Yet within the accomplishment of the past—not quite three years—the most astounding results ever known in the history of mankind, have been attained. In the first contact with this Eternal, Everlasting, Freeing Understanding which our Beloved Brother, Saint Germain, has brought forth, so many thousands have given It full acceptance at once.

I say to all people of America and the earth: You, who have said you love Me so greatly, must remember that you cannot have Me without Saint Germain and all the other Ascended Masters. They are ONE in Their Great Eternal Perfection. They have gained Their Victory, as you are now endeavoring to do. Through Self-conscious application in calling Their own God Power, the "Mighty I AM Presence," the Light of the World,

into action—they have won Their Victory. They have dissolved and consumed all discord which has been created in each one's mind, body and world, or generated through the lack of understanding. They have replaced it by the Power, the Purity, the Perfection of the Presence of Life.

Your "Mighty I AM Presence" is the Presence of Life and holds within Itself all Perfection for you. That which is *Light,* cannot be interfered with when you call It forth into action. It goes into action at your call and continues to act. According to the Harmony maintained within your feeling, will It render Its Perfecting Service quickly or require time as you know it, in your human octave. Beloved ones, remember: the responsibility rests with you, as to how you are going to accept and use the ever-intensifying energy from your Presence, as It comes forth. Purity in thought and feeling *is imperative!* Harmony maintained in your feeling is imperative, if you want to be Free quickly! Stand with your Presence and call It to take command, take out of your feeling world all human desire and hold Its Dominion forever! This is the definite, positive activity by which you can quickly be Free!

Never imagine for one moment that you can be Free, without constantly calling to your Presence for greater and greater release from outer discord and for the intensification of Its own Light and Energy which gives Life to your body. Never again—if you have once had the idea—think or feel that you can be dis-connected from your own God Presence and live, or at least maintain your physical body.

As you well know, there is no death in all the Universe! To maintain your body and perfect it, is the reason for this Wondrous Understanding of Life coming forth. Will you feel your full responsibility to Life, to your world? Remember! through lack of This Un-

derstanding, you have charged your world with imperfection. Then being the decreer, the creator of whatever is in your world—in the acknowledgment of your Presence, you have the authority and power to uncreate or dissolve from your world all mistakes.

During My Ministry in giving assistance to mankind, when I said: "Thy sins be forgiven thee," I erased the record of that imperfection for the individual. Are you aware that for everyone to whom I spoke those words, it became a permanently established Law? It is the same today. When you call your "Mighty I AM Presence" into action, It becomes the permanently established Law for you and your world.

That of which I have just spoken is concerning your outer activity, but the Goal of your Victory is the Ascension. Do not let your human self deprive you of your Freedom by doubts. I made the Ascension! Saint Germain made the Ascension as hundreds of others have! Because the Western world has not known it, does not alter the Truth in the slightest. Today, the Truth is before mankind. You have all known the long worn statement: "Know the Truth and the Truth shall make you Free." What is the Truth? It is the True Understanding of Life! Without This Understanding and Acknowledgment of your Presence, there is no means of knowing the Truth. You have fragments of It, but that is not sufficient! It is only the *Whole Truth* which will one day give you the Victory. The *Whole Truth* is within your own Life, your "Mighty I AM Presence."

Beloved ones, will you not take advantage of this which Saint Germain has brought forth? Every detail of It is before you in explanation, in application and the reason for Its being so. You are no longer at the mercy of uncertain information, of uncertain instruction which might at some point lead you astray. No one can make a single mistake in the application of

This Understanding if he be sincere! If your motive is wrong, then your Energy will be requalified by your feeling and produce that which is wrong in your world. Energy itself does not discriminate!

You in the acknowledgment of your Presence, through the Higher Mental Body, become the Discriminating Intelligence. This you *can* call forth with the fulness of Its Power, to prompt and correct you at any given moment. Try to feel the importance of all this. As you become sufficiently anchored within the Power of your own Presence, you shall receive much transcendent explanation of the Greater Activity of the Laws of Life. It would be useless to give this to you before you are sufficiently anchored in the acceptance of your Presence; because your comprehension would not be acting and it would do no good.

This is the Great Wisdom which Saint Germain has used in holding you firm to the Fundamental of Life and Its application until you become so strongly anchored that We can begin to give you the Greater Explanation of the Law of your Life. Do you understand that there is but one Law acting in all the Universe and that is the Law of *your* Life? It is ever-expanding and Self-sustaining, for there is no limit to what you can understand, even in the Great Cosmic Activities of Life?

Remember you are just beginning; you have entered into the Stream of Life which *is without limit.* Try to feel this with such a great joy that it expands the Light within you. As It continues to expand, your comprehension will become greater and greater. Then in flashes, one after the other, the Presence will flash forth into your consciousness, into your feeling world, Its Mighty Revealing Activity. Your Presence which beats your heart and gives you Life is All-wise; for It can call to Itself any information from the furthest parts of the Universe at will.

Do you quite comprehend today, the marvel of the slightest activity of your attention? Behold your Reality! and then comprehend that the moment your attention is upon your Great Source of Life, the "Mighty I AM Presence," that very moment your Ascension has begun. Every moment you give earnest sincere attention to your Presence, you are increasing, intensifying your climb to Its Goal. This *is* the Goal of all Life.

The beloved Messenger has been so very patient, with great firmness and determination giving his experience in observing the Ascension in your America, the same as I left to the Eastern world. Remember! and I say this to the whole world: All of you who have loved Me, remember Saint Germain has brought forth the continuation of that which I started two thousand years ago. Today, there has come again the example in America of the Ascension. If you can be sufficiently patient, later will come the example to the whole outer world of the Ascension. It is Real! It is practical! It is within the reach of many of mankind today, and by that I mean in this embodiment!

As This Understanding of the "Mighty I AM Presence" expands and the greater volume of your call releases the Power, Energy and Activity of the Presence, it will make possible greater and greater things in the experience of mankind! That is why We urge everyone to make a sincere constant call, and give the Mighty Decrees so they may go forth setting the Law of Life in action to produce the results which are in the Decrees.

Do you quite understand yet in your Decree work, that you are not just saying so many words? With the intensity with which those Decrees are released, you are setting the Greatest Law in the Universe into action to produce Freedom, Harmony and Perfection and to

release into action in the human octave, the Intelligence which is the Governing Power of the Universe. This is why your responsibility is so great.

You have become a part of the Activity of the Great Light and your responsibility to your fellow-man is very great. Never forget that! In claiming to be an "I AM" Student, the eyes of the world are upon you. Then, if you express discord, dishonesty or imperfection, you are degrading the Light which you represent. It would be much better for one not to claim to represent the "I AM," the Light, until he is strong enough to maintain Self-control; than to go forth claiming and then not fulfilling the Law, for such would be a misrepresentation. Everyone in his call to his Presence *is* strong enough to maintain Self-control and Harmony in the feeling. Therefore, feel your responsibility to your fellow-man.

A very great accomplishment could fill your city in two years, if Harmony is maintained among the students. Remember, there are no dictators in the "I AM" Work! There is loving co-operation always. Let no student seek to over-ride or over-rule another. Just in loving co-operation let the Great Light of the "Mighty I AM Presence," expand and do Its Perfect Work. Let Its Wisdom govern and not any human desire! Then, you will have fulfilled the Law. Your happiness and all that you require for use will be released into your world. Through it, you may glorify all with whom you come in contact.

This is the only way. After you have received the Understanding of your Presence, it would be a very great mistake indeed to go on in former desires. The Law of Life, of all Life, is Harmony. Once it is maintained, the very Law of that Life, that Light, will sweep into action—first in your individual world and then out into your nation.

In your call to the Great Cosmic Light, remember: It is *All-powerful,* because It is charged with the Great Wisdom of the Group of Ascended Masters who consciously project It forth for the blessing of mankind.

Remember! I issue that Mighty Decree, which is the third time for America. In your great Washington's Vision was the First Decree issued, by that Great Presence Who gave him the vision: "If necessary, that Light as of a Thousand Suns shall descend into the earth and dissolve all human selfishness and discord from the planet"! The second time, the Great Arcturus issued that Decree. The third time, I issue It today: "If necessary, that Light as of a Thousand Suns shall descend into the earth and dissolve and consume all human selfishness and discord from the planet"! As you issue that Mighty Decree as you have been doing, then shall It do Its Perfect Work for the blessing of mankind.

Remember! the only means of anchorage to Love, Light, Wisdom and Power in *Its Intensified Action,* is the acknowledgment of God, your "Mighty I AM Presence." Remember that at all times! and see how quickly you will feel Mastery over your world, over Substance and Energy, and how quickly all doubts and fears will vanish from your world.

Remember, beloved Children of the Light! Our Radiance goes forth to you constantly. May I repeat the Wonderful Words of Bob this morning and remind you, that when you call or send your Love to *any one* of the Ascended Masters, after you have first called to your Presence; that Being projects back to you a Tube of Light; and if necessary, the Replica of Himself or Herself to render you the assistance and hold about you the qualities from that Ascended Master. There is no limit to what any Ascended Master may do in that respect.

We are trying in every way to give you the Courage and Confidence, so that in your earnest call and desire to have Freedom from human limitations, you are sustained, you are supported by Beings Who are wholly Free, Who have gone the exact pathway you must follow to attain that Freedom. We have made, every Ascended Master has made, the identical application which Saint Germain has given to you. By that application and firm determination They have gained Their Freedom from human limitations and made Their Ascension!

The Law is before you! Use It and let no human opinion to the contrary interfere with you! If you do, the fault is yours and by that you would remain in your limitations. This Law is Mighty! It is Supreme and simple in Its Understanding but All-powerful and Majestic in Its Action. Apply! Apply! Be the Law, and be Free! I thank you.

PRECIOUS BOB

Let us try to clear some of the points so few seem to grasp. You have come to know in your outer world of activity what your attention does for you. You cannot have a thing, you cannot know a thing without your attention is upon it. So do not sweep the Universe in one sweep and draw all knowledge into Their use. What would They do with it! What would They do with all the information gathered within Their Arms! Even the Ascended Masters probably would not know what to do with all of It.

· THE POWER OF THE "CRYSTAL CUP"

IN the Action of the "Crystal Cup" which is now coming forth to the student body, try to realize that when we make the call—"The POWER! POWER! POWER! of the 'Crystal Cup' of a Thousand Suns! into and thru all under this Radiation descend! descend! descend! etc.,"—then continuing, when you begin to call forth the Cosmic Action of that Light-Substance from the "COSMIC CRYSTAL CUP," you have just as definitely and just as certainly opened a connection with that Great Cosmic Activity of the "Crystal Cup" from the Ascended Masters' Octave, as if you opened the faucet and let the water flow.

You can call for the various activities of the Ascended Masters' Perfection from the "Crystal Cup" of

a Thousand Suns, by sending your sincere Love to them. When you make that call, instantly there will begin to pour back into your brain and body and atmosphere about you, the Flaming Substance of the Cosmic Light, qualified and directed by the Ascended Beings who govern Its Activity. It will be charged with whatever is required concerning the specific quality for which you call.

As you continue to gather a momentum thru your calls, then that Activity begins to release more of Its Powers to you. Please make a distinction in your Decrees between the words "Power" and "Powers." When you call forth the POWER! POWER! POWER! of the "Cosmic Crystal Cup of a Thousand Suns," you mean the increasing Pressure of the Light-Substance flowing forth thru your call. When you say: "The POWERS! POWERS! POWERS! of the 'Cosmic Crystal Cup' of a Thousand Suns," it means the attributes or special Ascended Master qualities which are contained in that Octave, are projected and concentrated by Those Ascended Beings in and thru you, so you will have more of Their Intelligence to direct, thru yourself, the Cosmic Light and the greater Electronic Force you are calling forth from your Presence.

In the various Activities of the "Cosmic Crystal Cup," we want to call forth Its Mightiest release of the Liquid Light into the United States of America, into the "Crystal Cup" of America so Its Electronic Force may penetrate thru the mental and feeling world of the people. That can penetrate the brain structure and emotional body of mankind, exactly as sunshine penetrates a fog and consumes it.

Those Mighty Streams of Electronic Force from the "Cosmic Crystal Cup" of a Thousand Suns can penetrate the brain structure as easily as an X-ray, and more so. This Greater God Power must be drawn into

the mental and emotional world of mankind, if we are going to consume their destructive desires, impulses and destructive use of the free will.

Therefore, to call forth the Power of the "Crystal Cup" into America, gives recognition to a certain Cosmic Action of the Electronic Force, which is governed by the Great Beings and Legions of Light who qualify that Light-Substance in a very definite particular way, with Their Purifying, Harmonizing, Illumining Presence and Energy. When we call that forth consciously of our own free will into America, then it gives them the opening which They require to direct those Light Rays into the destructive activities of our land; also to take up the energy we send forth, requalify it with Their Electronic Force and that for which we call and return it again into America. Thus, It acts in the rest of America to lift from humanity the destructive domination of vicious hypnotic forces.

The "Crystal Cup" of a Thousand Suns—the "Cosmic Crystal Cup" as It is spoken of—is an aggregate of a certain amount of the Light-Substance from the Great Central Sun gathered by the Great Cosmic Beings, qualified by Their Power and adjusted so It acts in the physical octave of earth in the way which will consume all that is discordant. It is because mankind have got to have a leavening power within their own energy, within their own mental and emotional bodies and that leavening Power must be the Pure Electronic Force of Light, qualified with the Ascended Masters' Consciousness that shatters the connecting lines of force in the destructive forces acting in the outer world.

The Light within every human being begins to expand and exert Its Dominion and Mastery over discord, whenever this Light from the "Cosmic Crystal Cup" is drawn into the atmosphere of earth! It has a twofold action. It purifies the atmosphere around individuals and It also has a direct connection with the

Flame in each one's heart; so It expands the Flame and that gives the individual a feeling of more strength, energy and mastery over destructive forces. In that way, It begins to dissolve the destructive qualities in the atmosphere around humanity and that which they have imposed upon it.

In other words, it begins to dissolve and purify the atmosphere of earth as well as to expand the Light within each one's heart. When that is done to a certain point, destructive forces have got to let go. Then, the full recoil of their own destruction blazes back or is drawn back into the brain and body of the destructive individuals who will not respond to the Light; and in that way it is almost as though a rubber band snapped back upon your hand.

The moment destructive forces loose their connection in the substance of the emotional bodies of the people, then the full recoil of all their own energy which has been destructively qualified, drives back into the mental and emotional body of its creator.

If people understood how to call forth the use of the Cosmic Sword of Blue Flame which the Archangel Michael wields and daily make the call to sever every line of connection with destructively qualified energy and substance in the mental and emotional bodies of mankind, they would find destructive forces returning to their creators with very great speed. The more the Cosmic Light comes in, the faster will all those forces go back to their source.

The very intensity of the Cosmic Light, as It is called forth by the student body and the Ascended Ones' Assistance, will begin to increase the pressure of that Light upon all destructive creation and will cut away from them all that wants the destructive way of Life. It will bind all destruction back into its creators because that is energy destructively qualified which be-

longs to the brain, body and emotional world of the individual who sent it forth. It does not make any difference whether it be one or many.

Individuals who start war send forth that waring impulse thru the Life energy of their own emotional bodies. Therefore, if the people who want protection will make the call to the Archangel Michael, to send His Legions of Light and the Sword of Blue Flame to sever every line of connection with the minds, bodies and worlds of all who are destructive and keep making that call day after day, they will find there will come into action at their command, an Activity of the Sword of Blue Flame which will drive destructive creation back into the brains and bodies of those who seek to destroy their fellow-man.

The Archangel Michael just happens to be a very Great Being and there are thousands of other Ascended Masters who will also answer that call. The "Crystal Cup" of a Thousand Suns pouring Its Liquid Light in and around those under this Radiation and thruout America will release the Electronic Force which not only severs all line of connection with destructive activities but will expand every Point of Light in the cells of the body of those who give attention to the Ascended Masters' Octave, from whence that Light comes.

It is because of the need of mankind for this at the present time, that the Ascended Ones have drawn forth the Activity of the "Crystal Cup." When enough of that Power goes into action, you will find destructive forces will become leashed, then they will call all the pressure of their own destruction back upon themselves.

Please give the "Crystal Cup" recognition three times a day, not only for your own Being and world, but that of America. Call forth that Liquid Light with such Power, that It stems the tide of every destructive force from everyone within our borders, until our America is eternally Free.

OUR CHRISTMAS LOVE

T this Christmas Season, our gratitude grows greater hourly to our Beloved "Mighty I AM Presence," the Great Host of Ascended Masters, the Mighty Legion of Light, the Great Angelic Host, the Great Cosmic Beings and Great Cosmic Light, for all They mean to us and all mankind.

Boundless and Eternal is our Love and Gratitude to our Beloved Master Jesus and His Blessed Mother Mary. Our Hearts' deepest call this Christmas is to our own "Mighty I AM Presence" and Higher Mental Body to make and keep us forever worthy of the Love and Protection These Great Beings of Light have given us all thru the centuries and for the limitless use of all the Mighty Energy, Powers and Gifts of Light, we have been privileged to enjoy thruout those centuries.

Great has been the abundance of all good things Life and These Glorious Beings of Light have bestowed upon us, and now, we ask Them all to release so much of Their Mighty Cosmic Light Rays thru us, that we too are enabled to go forth and do for our fellowman, what the Ascended Masters have done for us.

During the Seven Sacred Weeks of Christmas, we call to our Beloved Master Jesus and His Blessed Mother Mary to so intensify the Activity of Their Luminous Presence within and around all whom we desire to help, that Their Assistance to the earth is increased every time we visualize Their Luminous Presence enfolding persons, places, conditions and things.

Only in action can we draw forth more of Their Power to assist others; and the more Power of Their Presence and Light Rays we draw, the greater does our own Power become, to help and help and help those who are sincerely trying to do that which is constructive.

It is the Greatest Privilege of all ages to understand this "Mighty I AM" Instruction and help to carry It

to others until they all understand their Source of Life and try to keep the Harmony required until all have been given the opportunity to understand this True Worship of God.

MRS. G. W. BALLARD AND
DONALD BALLARD.

PRECIOUS BOB

You must have observed by this time how very peculiar the human is, how undependable. It will make you say and do things that ten minutes later you would give anything not to have done, yet unless you stand guard over yourselves you will keep asking: "Why don't the Ascended Masters do thus and so"! They are finished with the human octave. Does any human being think the Ascended Masters are obligated to run around at their heels and watch that they don't fall down? Oh no! Human beings are in the condition they are today, because they placed themselves there.

PRECIOUS BOB

I say to you beloved ones, when you know what a marvelous Being Saint Germain is, there can be only one thought and feeling—to worship the very thought of Him, because you are worshiping a God Being. Some day, when He comes to you in an ordinary suit of clothes and you think: "Well, well, so that is Saint Germain! He does not look so pre-possessing." Little will you know the Power that is within that form. Beloved ones, again I say to you: the opportunity is worth a hundred lives, to be able to serve Him today.

PRECIOUS BOB

Three times a day—and please don't fail, call forth the Perfect Voice of the Presence in speech and song in all Its Activity. Call forth the Perfect Feeling of your Presence to take command of your world of activity. Call forth the Mighty Directing Intelligence of your Presence to see that you do the Perfect Thing always. You will find those three statements of inestimable value to you, but do not say them without putting earnest determined feeling into it. Don't say them once, until you are ready to put feeling into it.

DECREE GROUPS

Decree Groups may be added to your other Group Activities, but these should not replace the Regular Group Activities or Fundamental Groups.

All Decree Groups should open with Invocation—either Victrola Record or Invocation on No. 1 Outline.

Six Cosmic Light Calls.

Close with Regular Benediction.

Periods of quiet for using Violet Flame or playing one of the Music Records are permissible.

These Decree Groups may be carried on for 24-hours if so desired, using Decrees in the Loose-leaf form. A new Group of Decrees will soon be released, containing those used in our recent Shrine Class.

It is permissible to take one subject and stay on it for the entire period, even 24-hours. Those desiring supply will find the use of the Supply Pamphlet for as many hours as is possible most beneficial. The momentum gained thru issuing those Decrees, must release the needed supply when it reaches a certain point. So it is with any other condition needing attention.

MIGHTY GOD TABOR

H, Mighty God Tabor of Glorious Light!
Great God of the Mountains whose towering height
Majestic, commanding, in silence Divine,
Thou dost guard and control by Power all Thine!
Great Guardian of Treasures and Blessings untold,
Thru Thee, Nature's Great Heart of Love we behold,
Thine own Shining Presence is governing all,
Releasing Thy Miracles thru each heart's call!

We love Thee and praise Thee, Beloved Tabor Dear!
Enfold us and hold us and ever stand near,
To bless us and raise us unto Thy Great Height
To guard and protect us by Thy Cosmic Might!
Illumine and charge us with Thy Wisdom too!
Prepare now the way and in Glory step thru!
We long have beheld Thee in Great Cosmic Power,
We stand at Thy side now each blest shining hour.
Expand all God's Light now thruout the whole world,
Until mankind all see Light's Banner unfurled;
Held high in the Heavens, the Hope of all here,
Oh, Glorious God Tabor, make our way all clear!
Great God of the Rockies Thou dost ever remain,
God's Keeper of Secrets in Light's Great Domain,
Till marvels unnumbered reveal Life's Great Plan
Of Glorious Freedom and Victory for man!

Oh, Being so bright, in Thy Great Heart of Flame,
We come now to rest and adore God's Great Name,
And all Life bestows thru God's Almighty Word,
The Glorious "I AM" thru Thy Voice now is heard,
In Sounds so Almighty our hearts burst with Light,
Thy Arms in Full Glory clothe us with Thy Might,
Thy Voice like the Music of Heavenly Spheres,
We hear say: My Loved Ones, My Own Blessed Dears,
Come into my heart in the Garden of God,
You shall live in the Light, no more shall you plod!
From all limitation I now set you Free,
Of Nature's Great Blessing hold full custody,
Know Nature's Great Secrets, Love, Wisdom and Power,
Be all God's Authority, each day, each hour
Command all the Elements to do God's Will
Command in Full Power—"Peace, Peace NOW!—Be still"!

· SAINT GERMAIN'S DISCOURSE ·

Dallas, Texas—June 12, 1939

I GREET you again, beloved students and friends who are here! To see your understanding gaining the Victory each day, in freeing yourselves from the habit which you have had so long, of human qualification of the energy of Life as It flows forth thru you, is a Mighty Victory, beloved ones. Now you come to understand the only thing that has ever stood between you and the Perfection which Life holds and wishes to give, is your qualification of energy.

Life is energy. Energy itself does not discriminate. You have free will and whatever feeling exists in your world clothes the energy as it goes forth from you; and if it be discordant, you will reap the quality of that in your world. There is no law in the world that can prevent it.

Mankind have not been taught that their feeling is the ruler of their world; but as sure as I am telling you, uncontrolled ungoverned feeling which is discordant will bring distress, limitations and unhappiness into your world; and more than seventy-five per cent of the ill health of mankind now and which always has been is discord in the feeling. You have no idea, until you begin to watch its action, how discordant feeling will build a condition in your body which is but its out-picturing—the cause being in your feeling world. It operates long before you see its out-picturing in the flesh, but there can be no out-picturing in the flesh, dear people, unless there is a cause within your feeling world. You are not always that cause, but if you accept the word or feeling from someone else, then you are responsible to the degree that you admitted it into your world. There could be no one else responsible for that but yourself.

The Truth is, dear people, Life has so provided you with a protecting Presence and Power which will always act, if you are harmonized enough yourself. Your Higher Mental Body, which rests between your flesh body as shown on the Chart and the Upper Figure, which is your "Mighty I AM Presence," is the director of the energy which flows thru your body. It stands ready to produce Perfection for you always, but since your qualification is the power which it contends with, unless you understand and are willing to govern it, then endless time would go on producing the same conditions which you have today.

Beloved people, you have lived hundreds and thousands of embodiments similar to these, each time accumulating more or less discord. Now Life has opened the door, even the second door into the Octave of Light, by which and thru which mankind may be free, forever free, from the wheel of birth and rebirth. It is a Law of Life, dear people, whether you have understood it or

not, or whether you care to accept it today, still it is a Mighty Truth which no human being can deny.

We who have set Ourselves free from the conditions of the physical world know these Laws every step of them and know exactly what you require to win your Victory. For instance, allow Me to call your attention to this to-night, while the Messenger is voicing My Words to you. I am acting by Currents of Light and Energy within this room, into every one of your bodies —your feeling worlds. I have not asked your permission, but since you are here, I take it for granted, you would be pleased to have that Assistance. (applause—audience rising)

In order to assist you, I must give that Assistance thru your feeling world, by the permission of your own Higher Mental Body. Life allows no interference with Its own Stream. It invites whatever Assistance is to be given, and unless that invitation is there to Us, not thru your physical sense, but thru that which is the Governor and Director of the Currents of Energy to you, then alone do We respond.

This has been going on now for more than five years to the great body of students in America and they have grown to great proportions. There are more than a million students in America who are actually applying This Law. Two million and more who have come to know of this Great Law. are deciding whether they wish to follow it or not. You today, who have seen the expansion of this Great Light, know that it is not a matter of individual opinion or of human opinions but It is the Law of Life, the Law of Light, dear people, which one day all mankind will accept, because It is a part of themselves.

Who would not want to know how to make themselves strong, courageous and able to achieve whatever their attention is fixed upon which is constructive? Life will not aid you to gain destructive power over

each other! You use but your own accumulated energy. While I have never said this to the students, I am going to explain to you tonight, why individuals sometimes seem to have tremendous energy to use for destructive purposes.

Since none of mankind, except a few of the students, is using more then ten per cent of that great energy and Presence of Life which beats their hearts, then you know that the Stream of Life flowing thru your body carries tremendous energy and power. Sometimes, when individuals have been to some degree harmonious and then they are seized upon by destructive forces, that energy is accumulated; and until it is exhausted, it sometimes becomes dynamic power.

That is why, today, in the Instruction which I have brought forth in the use of the Violet Consuming Flame, mankind can set themselves free in their call to the Presence, and dissolve and consume all destructive qualities which they have brought forth and then they will be Free. Since you have been centuries accumulating this, to have the Presence of Life at your call dissolve and consume all of that within a short period of time, is a so-called miracle performed. Yet it is all a perfectly natural action of Life.

Life never condemned one of you, never criticized one of you for all the mistakes you have made; but mankind feel the authority to criticize each other. Does it seem quite fair to Life? Does it seem quite fair to your friends to criticize them, when you do not know the causes which are acting within individuals that sometimes make them undesirable companions? Do you not see, beloved students and friends, that since you are Life, since you are a being of qualified energy in action, can any one of you tell Me, that you know the causes which are acting with each other here in the room? Of course you cannot. Therefore, please do not

sit in judgment upon each other, for seeming conditions of which you are wholly unaware of the causes.

That is the condition of mankind and has been thruout the ages. The outer human is constantly dealing with effects, rarely, if ever, considering the cause back of it. Your government is today dealing with effects, and is just beginning to awaken to the causes underneath. Now notice this carefully—when a nation begins to awaken to the causes underlying the appearance and effect, the people of the government will be able to correct the condition by the call to the Presence of Life, the "Mighty I AM Presence."

You, beloved students, have been instructed how to decree in a positive attitude of Life, to bring a definite result and it could never fail, if you are harmonious enough yourself. A great number of mankind are praying as they never prayed in their lives. Thruout the orthodox churches of the world, such earnest prayers are going up as were never sent forth before, because there is scarcely one living today in human form who does not feel the pressure of the coming events. They are approaching, of that there is no question!

I have said to the students of America these five years, if you will make the call earnestly and sincerely, as We gain the attention of enough of mankind, We the Ascended Masters, the Cosmic Beings and the Cosmic Light, will render that Service to America which she must have, or go into the most frightful destruction the world has ever known. You may not believe this. However, I tell you, the entire activity in Germany, Russia, Italy and Japan is under destructive forces; and the world sees that they will encroach and encroach upon mankind until one day, they will rest upon your shores of America.

Dear people, I know what I am talking about, since I can go there, and do once every forty-eight hours, I observe the conditions which are there, and keep the

people of America informed if they care to believe Me; and if they do not care to believe Me, they will reap the results, and too late they will know that I have told them the Truth.

Do you think I would take My Energy and the energy of the Messengers to carry This Light to the people of America for five years, if I did not know the conditions that exist in the world and know what I am talking about? There are a lot of mankind who will not believe Me; but when disaster approaches and they cannot stop it, they will remember My Words, My Love and My Kindness. I have striven so hard to give them the information, give them the Authority in the call to Life which would have prevented it.

My dear people, I am becoming more and more positive with the people of America because many do not believe the condition or that it exists. Some of your people in America are no better than the spies of Europe. Truth is no respecter of persons. There are some in your government who are supposed to be protecting it, who are spies under cover. That is where the great danger to your beloved America is to-day.

Beloved people, your calls to that Great Presence of Life, the "Mighty I AM," if you continue in the volume that has been gained these past three years, my dear people I have every hope in the world, that We will be able to release the Power of the Cosmic Light to hold the balance of all that is required in America to give her protection and keep that destructive power out of your America. (applause—audience rising)

While you are standing, beloved ones, allow me to say this: Since We are wholly free and could go on Our way and leave you to the mercy of these forces, are you not willing, beloved friends of America and fellow students, to render your utmost service? The greatest service that you can render in the whole wide world, is to understand this "I AM Presence" and call Its Powers

into action, to render this Service to America and to your people.

My dear people, mankind have believed that armies must solve the condition, but they never solved one yet. When the war was finished, all were exhausted and had to stop, the condition remained the same, with one exception. Would you like to know what that is? In your war for Freedom, which gave America her Freedom, it was the only war in this world that did not have its reaction. That was the call to Light and Life for Freedom and there could be no reaction! There was no attempt at acquisition of property! There was no attempt to deprive or bind anyone; and America has had a period of Great Freedom! Of course in your midst, as in all lands upon this earth, there are individuals, selfish, deceptive and destructive but let Me tell you to-day, you are in the position in these calls to Life which will one day remove every destructive desire from every human being in your land or remove them from your land!

Beloved ones, may I ask during the remainder of My Talk to you, that you remain as perfectly quiet as you can, in order to render the service which is here in the room to be given you. I appreciate your Love and kindness, but I wish to do this for you, while the Messenger is voicing My Words and I shall accept your Love just the same.

In the fulness of all that is required today, mankind is in a position for the first time in the history of this earth, to make the call to an Intelligence and Power which can regulate, can govern these things from the individual to your nation.

I wish to state with a powerful emphatic Truth, the Decrees that have gone forth from the student body thruout America and the world, have rendered a Service to this earth that nothing in the world in two million

years has done. Why do you suppose I established this among the student body? Because I saw it was the only means in the world of releasing this Intelligence, Power and Energy which would give mankind the protection they needed. Cannons, guns and dynamite cannot give you this protection because that is only a temporary thing. It can destroy the majority of mankind and when they come back and build up their civilization again, the same condition exists and has thruout all these centuries. Dear people, you see it thruout the history of the world. Then why when We have made the effort to bring you forth an understanding of the Law of Life, which can render that service, make it permanent, stop all war from the earth and stop the discord from mankind; then is it not worth some effort?

We can tell you exactly, if you will keep your feelings harmonized, what would take place at your call, but since We have been disappointed in so many We of course never prophesy. When We find individuals who knowing the Great Law, will not harmonize themselves, because of some petty human feeling, then how can We be disappointed at the mass who do not do it? Therefore, I say to you tonight, We could assure you as definitely as you are sitting in this room, if We could depend on the million people who are really students of This Light today, to put aside every human feeling, hold their feelings harmonious, make their determined dynamic call to Life and Light, for the protection of America and for the removal from within her borders of every destructive force, I could guarantee you inside of three years, it would be done. What a pity mankind are not yet ready to do it!

Twice in France, once in Germany, once in Italy and twice in Russia, I had established a condition that could have built what you have in America today; but the few that would pay any attention to the Great Law of

Life, which I revealed to them, said to Me: "Such ideals cannot be possible of human achievement," when all of It was the action of every human being's own Life.

Can you understand today, how I feel to you people of America whose Light has been great enough to give response to My call for your Freedom?—not Mine, for I have It; but since I love mankind enough to try once again, if this should fail, I would never try again, but this is not going to fail.

Dear people, if you ever saw determination within a Being in this world, then it is within Me. Since I have gained this great momentum so far, I am ready to move heaven and earth to carry out the fulfilment of this and whether humanity wants it or not, I shall do My utmost to hold the Dominion of the Light in America. I believe I have enough people who are loyal to the Light whom I can depend on, which will enable Me to exert whatever Power is necessary.

Remember, as your beloved Messengers have said to you: you never had such a Friend in America as "I AM." Let Me say something to you. That is quite true, but yet back of it is something still greater. I too have My Friends. One of Those Friends is the Power of the Cosmic Light, that no human being nor all on this earth can interfere with. If I can intercede and release that within the next two years, I will sweep every particle of human discord and selfishness from this planet, whether they want it or not. That is how I feel for your protection.

Now beloved ones, are you as willing to make your maximum effort as I am? I could go on My Way quite happily. Oh, I question whether that statement is quite correct. I said: "I could go on quite happily," I question that extremely. Thinking of you here in the worst condition the world has ever known, how could I be happy? How could one of the Ascended Masters, the

Cosmic Beings or the Legions of Light be happy, with mankind in the throes of the worst destruction ever known?

These are great Truths, dear people. Do you know my dear ones, that before every great cataclysm which has occurred on this earth, great effort was made to acquaint the people with the Truth of the conditions? This time there has been great response. Before the sinking of the last remnant of Atlantis, how many people out of that sixty million gave credence to the Words of Truth which were given to them? Five hundred people. To-day, three million in America are listening to the Words of Truth! Some change, is it not! That was not enough to hold the balance and those people sank beneath the waves of the Atlantic within forty-eight hours. Only five hundred who accepted the Truth escaped. They were taken away to several places.

Today, if war should come in your America, it will release the greatest cataclysmic condition which has ever been known. We have tried to stem the tide of that. We have held it in abeyance and still may do so, governing at least two-thirds of its action, if war can be kept out of America. We are telling the people the Truth. We appreciate, beloved earnest sincere students, every ounce of energy that you release in the call to the Presence of Life for the protection of America and this service which is imperative to be rendered.

Remember I am not speaking to you, when I am calling for more assistance. You are doing your part and wonderfully, but continue on, in the most magnificent effort you can command. We must trust to the Great Cosmic Light, the Great Wisdom of Life, to touch the Life within the hearts of enough more of mankind, to give all that is required.

Tonight, as I talk to you, how wonderful it would be to see a million people actually ready to release the

energy which you are doing daily! I am speaking of the students now who are actually making these mighty calls, issuing these Mighty Decrees. I say to you friends and students of Dallas, as I said to those in Oklahoma City—I am making this statement now, for I want It to reach every sincere individual in America. I will fulfill it for every sincere student who has come into this Light; who has made these determined calls and issued these Mighty Decrees for the protection of America and for the blessing of their fellow-man: "Every one of those blessed ones shall be released forever at the close of this embodiment into the Ascension and Freedom forever from the wheel of birth and rebirth. I will see that it is done, for I have the power." Can I do more, beloved ones? Can I offer more? It does not make a particle of difference to Me what your intellect thinks just now; but it matters much to Me what your Light in your heart says to Me. That is what I am concerned with.

When the Light in the heart of individuals who have been so earnest in this Light starts to dim, then I almost tremble for them. My dear ones, Life is not going to continue to give mankind an endless time, in which to make the decision of whether they are going to serve the Light or the shadows. They are at the deciding point now—mankind must decide, but that it not My affair. I am prompting and prompting and prompting mankind constantly, but I cannot be your spiritual policeman. I can only draw your attention to the necessity that is at hand. Then, you must choose as to whether you are willing to call forth this Power from the Presence of Life, the Governor of the Universe which beats your heart.

Dear ones, do you understand that this Presence of Life which beats your heart is the Governor of the Universe and could be the Almighty Governor of your Life and your world of action, if you gave It a chance? There-

fore, dear ones, try It. Give It a chance and see what It will do for you. That is why We are constantly pleading with mankind. Some listen and some do not.

Is it not strange that mankind can go on in their sleep of the senses and refuse to accept the Glory of the Light which would give them happiness, health, strength, supply and Freedom, but such is the domination of human qualities? That is their misfortune, but you beloved ones who have come thus far in the Light, remember—your attention to your Presence is the Stabilizing Power, the anchorage of that Light for Its constant expansion in your heart and in your world to render you that protection, direction, Intelligence and supply from the Treasure-house of your Presence, which will make possible for your protection the service you wish to render, to the Glory of that protection which America requires at this time.

You have your individual homes, some of you. America is the home of all, and if your homes are shattered or destroyed, then your individual homes are of little consequence. America is the greatest home of the people of the Light. Within it are the homes of millions of people and the subversive activities which have grown in America have sought to shatter them, and have to some degree; but still may they yet be restored, thru the Great Out-pouring of Light.

Tonight, I am going to draw you another illustration. There are people who have had the opportunity to accept this Light and have refused It. Those people are going out into a condition where they will observe that which will later take place in America and when they see the great Perfection which is bound to come in America, whether it be after physical war or thru its prevention, then they will see the fulfilment of every Word I have uttered these five years to the people. They can neither go on, nor can they come back;

but they will watch the happiness, the beauty and the Perfection from which they turned in the human form. That is the Great Law my dear people, believe it or not.

This is the first time I have every spoken of this to the student body, but it is time now, so I must begin to inform you of the exact results and conditions which will follow. Do you think, my dear ones, it is pleasant for Me to watch mankind fail and fall by the wayside, regardless of what America requires at this time?

America holds you within her Grail of Light! That Light shall one day win in America! I ask you, beloved students, if you are not thoroughly familiar with it, familiarize yourselves with the Vision the Goddess of Liberty gave to Washington. The third episode is what you are meeting today. Keep yourselves reminded. It will enable you to release more energy, more determination. Why?

Beloved people and you who might be listening for the first time, let Me show you this:—Every human being is a mental and feeling being. Without your mental and feeling power you would not be as you are now. You would be dumb, you would be as a post in this building. Then you are your mental and feeling world, are you not? Since the mental and feeling world of mankind are one, then when you are issuing and sending forth these Mighty Decrees, they go forth reaching into the mental and feeling world of mankind everywhere. Since mankind in that attitude are receptive, those Decrees go forth and take action in their mental and feeling world, rendering a service which cannot be estimated in words. That is Our great hope today for America.

We have observed that people who suddenly touch this Light, feel the great enthusiasm, which is positive proof—and We have watched it—that these Decrees have acted in their mental and feeling world and have made

them ready thru their receptivity for this Great Light.

Remember that in all activities in your call to the Presence of Life, you are rendering a triple service because all Life acts in a Trinity; especially when you have become aware of your "I AM Presence," Love, Wisdom and Power are set into action in balanced form. That is what has been the requirement of mankind thruout the centuries. For the first time in eight hundred thousand years, this Balance is being brought into the activity of mankind. If it were not True, then there would be not hope for mankind today.

I have wished many times, that I could have in a great auditorium, every polititian in this land and talk to them from My Heart. I know that I could change every condition in America today inside of forty-eight hours; and if I could get them together, I would show them proof, not only of Myself, but of the Laws of Life which would last them thruout eternity.

Mankind allow themselves to be governed by charged energy which is human impulse. Thousands of things and acts are done, which the individual would have given everything not to have set into action; but it is too late after it has gone forth. Therefore, beloved ones, you are dealing with a Great Great Law. No human being on the face of this earth can change It or sidestep It in any way. Every cause sent out brings its exact result. There is no power in this earth or anywhere else but the Power of your own Life which is flowing thru your body. What God wishes to do for mankind, God has to do thru you. God never does it for you! Remember that dear people! That is why your calls to Life are producing such magnificent results, even protecting those who hate you and Me.

Would you believe it, there have been those in this room tonight who hate Me so bitterly? That seems quite incredible; but it is their misfortune, quite their mis-

fortune and too soon will they find it out. I bring only great Divine Love and Blessing to mankind, and I shall continue, until the last vestige of human selfishness and discord have vanished from this earth.

My dear people, when I have gained this Mighty Victory thus far, I shall continue and one day when those individuals who cannot go forward, who cannot go back, watch the conditions of happiness and prosperity which they cast aside, then will their distress be great and only then may the Light give them Assistance.

I inform you of these Great Truths, beloved ones, but I cannot compel you to accept them. You must do what you will today, but I shall call to the Power of Light within every one of you, to show you the Truth of My Words and show you the Truth of Life, until It becomes so self-evident, acting within your human form, that all doubts and fears have left you and your world forever.

I thank you with all My Heart.

GREAT DIVINE DIRECTOR

"In memory of all the Love which has been poured out to the Ascended Host of Masters, and in the recognition which has been given Each One, do you realize, precious ones of the Light, that is a power of the activity of your attention which has been required? We have been waiting thruout the centuries, to direct forth the Currents of Energy which will help you to hold your attention more firmly, not only upon your 'I AM Presence': but on the requirements for which you issue the Decrees, that produce happiness and Perfection in your world."

GODFRE OUR LOVED ONE, ASCENDED

IT is our great privilege to announce the release of a new song — "GODFRE OUR LOVED ONE, ASCENDED," by the Messenger, Lotus Ray King.

This new song is a tribute of Love and Adoration to our Beloved Messenger, Mr. Guy W. Ballard, and is an Out-pouring of our heart's gratitude to Him, for the Blessings He is constantly releasing to all under this Radiation, from the Ascended Masters' Octave of Light.

This song is dedicated in Eternal Love and Blessing to the "Mighty I AM Presence," and our Beloved Mes-

senger. May all who sing, play or hear the lyrics and music or contemplate His Picture, feel His Enfolding Love pour back to them, bringing them Eternal Freedom in the "Light of God that never fails."

This song, both lyrics and music, is the answer to an intense call for some way in which to express the deep Love and Gratitude of the "I AM" Student Body to our Beloved Messenger for all He has done for them; and for being the Open Door to bring to them the Understanding of the Law of Life, which will lead them into their Ascension.

The Cover design is an actual photograph hand colored by May DeCamara to whom we are deeply grateful and extend to her our Love and Blessings.

May this song be sung by everyone who seeks Freedom from the distress of the outer world; and thru It receive their Freedom and release.

No greater privilege could be given one than to be the channel thru whom this song could come; and our hearts sing with gratitude and praise for this opportunity and Blessing.

SAINT GERMAIN

I do not wish you to feel unnecessarily responsible, but still I do wish you to feel your great blessing, power and authority, to silence the human thought and feeling of each one; and make it obedient to the Law of your Life. The Law of your Life is naturally harmonious; it is only thru human accumulation, that it has become otherwise.

SAINT GERMAIN

Remember, you must be firm enough to silence every particle of discord that comes to you. What is the use listening to it? You do not always know that when you are listening to discord of any kind, how much you are unknowingly accepting into your feeling world until you have come to the point where you can look upon a thing that is discordant or destructive, or hear about a thing that is discordant or destructive and yet not let it reach your feeling world.

SAINT GERMAIN

No matter what the provocation is, just laugh it off! Don't mind what people say or do, that is not important; but it is important that Harmony is maintained by which We can give you the protection necessary.

SAINT GERMAIN

If students are in an environment where a frightful suggestion exists or something starts, if the students would only be firm, stand and call forth the Power of the "I AM Presence" like dynamite—to annihilate cause, effect and record of it, they would stop it almost immediately. Sometimes, if it is viciously projected, it may take a little sense of time to annihilate it, but it will disappear.

SAINT GERMAIN

Speaking to the children

I suggest you blessed children practice every day calling forth the Love, Blessings and Power of your "I AM Presence" to bless, correct and remedy things; and see how readily it will respond to your call. Then you can test It out and find you can remedy and assist your mother and daddy wonderfully, in the things they might wish to do.

ELOVED "I AM" Students thruout America and the world, we extend to you our deepest Love, gratitude and Blessings for your wonderful Love, loyalty and gifts over the holiday season and thruout the months and years past.

May everything you have done and given in this Service to the Light, be amplified back to you a million fold in whatever way will bring to you the greatest happiness and Perfection until your Ascension.

We thank the "Mighty I AM Presence," the Ascended Masters and you for your own precious selves, your Love of the Light and all that has been done thru you, in this Service to the Light for the protection of America and the Freedom of all mankind.

May our "Mighty I AM Presence" and the Ascended Ones bless you forever and compel an ocean of every good thing to flood you and your world, until there is not room to receive the good things poured out; and may they remove every limitation from you and your world forever.

May the Flame of Eternal Love, Gratitude and Blessing from our hearts enfold you all, until you are Ascended and Free.

Eternally in the Light,

· SAINT GERMAIN'S DISCOURSE ·

Dallas Reading Room Dedication—June 12, 1939

BELOVED ones of the Light, how My Heart thrills and rejoices with you in the Victory you are winning, not only within yourselves, but in your ability to shut out the appearance world which has been distressing mankind, until that time when they see that by giving their attention to the limitations and conditions of human creation, they but invite more of the same kind.

You are realizing, I am sure, that to keep pouring forth your mighty calls to the Presence of Life, the "Mighty I AM" that the momentum steadily gains until one day, perhaps most unexpectedly, the human seeming opposition will disappear before you. Then comes the great expansion of the Light which every heart knows, which every heart wants, but which the intellect so often shoves aside; and only after more serious experiences of human conditions, will the intellect subside to the Dominion of the heart.

My dear ones, I congratulate you with all My Heart. I thought when first I brought the Messengers to your lovely city that We could establish a Great Pillar of Light here. I had ceased to believe that, and now I wish you to feel My Heart in saying to you: "I feel sure of it." (applause)

I wish to say to you beloved students here and those who might be visiting, I have not as I recall once even suggested it but since I observed your great Victory here, I think I should call your attention to it; the difference between having your own place where no other element enters and holding your meetings in a place where other elements may intrude, is as different as daylight and darkness. You cannot gain a steady Infallible Momentum where other forces intrude.

That is why I say to you, beloved ones, and I do ask every student here to, with all the loving kindness of your heart, co-operate with the dear ones who have stood so loyal to the Light, struggling and calling and calling, until now you have this lovely place here. You who stood so loyal out of the early chaos that reigned here, should rejoice and feel your great Victory. There is no human pride in that, but a rejoicing in the Victory of the Light which is within you; for, understand beloved ones, the Light in you is the only means of Victory that there is; whether It be in your commercial world, your spiritual advancement, the expansion of your Light, your health or any achievement.

You do not realize it yet, my dear ones, but let Me suggest to you that only as the Light in your heart expands and illumines the mind, do you become victorious in anything, even in your commercial pursuits. Wherever there is Victory there is the Power of the Light in action. Then you might say to Me: "Well how is it that many successful individuals do things which do not seem to be right"? Observe dear ones, mankind not understanding this Law, is constantly open to the suggestions of the outside world and the intrusions of feeling. Now, you as students have found some difficulty, may I say, in holding from your own world discordant things. Then think how much more the individual who does not understand the Presence is subject to those conditions than you are.

Dear ones, no one in the world—notice carefully—no one in the world is free from intrusion of the feeling of others; from the conditions in which they move which are discordant, unless they will take absolute control of themselves thru outer effort as well as their call to the Presence. What I mean by outer effort, is your determination to have sufficient Self-control that the Power of your Presence called forth, may find no

qualification of discord to clothe the energy which goes forth. That is the Law of every human being's Life. Energy must go forth from you, dear ones, it cannot help it. You cannot move about and energy not go forth. It is the energy of Life, the energy of your Presence, that would produce such great Perfection for you, if untouched by human qualification.

You have established this lovely place now—and may I say something quite unusual for Me? These Messengers have never hesitated to do whatever physical work was required at any time. You blessed students who have rolled up your sleeves, taken your paint brushes and have rendered tremendous physical service in beautifying your lovely place, I congratulate you with all My Heart. You have real metal within you.

My dear ones, every person, every student in the land, will one day be called upon in some manner to render physical service in connection with the Power of Light. Those who are happy, glad and willing will be the first to be released from that. Your Messenger learned a great lesson early in Life. He rebelled like fury at doing certain physical work, and then suddenly, he discovered that if he loved to do it, soon he did not have to. It is a great great Law of Life. If you love to do whatever is at hand, calling the Perfection of the Presence forth at all times just like a gentle breath, you will float, as it were, from one thing into another until you arrive at your own Perfect Avenue of Service in the Light.

No two human beings on this earth ever labored harder in physical work than these two Messengers; and even today, if it were necessary, they would roll up their sleeves and do whatever physical work was required to accomplish the purpose. That is a great great thing, a glorious thing; and those who are not afraid of physical work, will find their Light blazing to the

skies. That is why I congratulate you beloved students who have been so willing here to take hold and do the physical things necessary to make you a beautiful home in which to worship the greatest Presence in the Universe, God your "Mighty I AM."

My dear ones, Oh, that you might feel with Me just now all that this means to you! Oh, my dear ones, as you have so often heard from almost every angle of Life: "Seek ye first the Kingdom and all else is added." Never was a truer thing said in the world, but mankind in reading, repeating or relating that statement, knew not where It was. Now, today, you know that Kingdom is your own "Mighty I AM Presence." You know exactly where It is. You know your connection with It, and dear ones, how can you fail to have Its Perfection with Love and kindness in your feelings and your call to the Presence which compels that Almighty Perfection which is there to come forth?

Do you not see it is not a matter of coaxing, but it is a matter of harmony and kindness in your feeling toward all things, no matter what the appearance world is holding before you? Then that Presence of Life, your Higher Mental Body which is the great and powerful Intelligence that knows all that is required and only has waited thruout these centuries for you to come into sufficient harmony and kindness maintained in your feeling to stop the discord of the great energy released which It pours forth into you and your world of action; to bring you into the happiness and Perfection of Life.

It has been sometime since I have felt quite this rejoicing. (applause) You blessed people of Texas I have not dared say yet just why I have a very deep Love for you. Some day, I may forget Myself and tell you, (applause) but in this state entering the Union of these United States, something happened that not one in the

outer world knows today; and when the Great Wisdom of Life sees fit to have Us reveal It, you will all stand in amazement. Your Lone Star State represents a great Power and anchorage of the Light in these United States. (applause—rising)

While you are standing may I say this: "As your riders of those early days cleared out the vicious destructive forces from your state, so shall the Riders of the Light clear out of your state all political graft and destructive power. (applause) Underneath the surface of your land in Texas alone, would be enough to carry the national expenses, if governed by Wisdom. Then, think of Oklahoma and those Western states, whose mountains are filled with gold. With the Wisdom of the Ascended Masters, as the Directing Powers of your government, think how all that could be utilized and mankind be free from the excess taxation which has driven magnificent people from their homes; a sinister activity that has tried to break the morale of the American people and break up their homes; so there could not be a focus of Light wherein could come the Power that would be the Governing Power in America. It has failed and always shall! The home life of America shall be restored, if I have to go in every home in America! (applause)

I say to you beloved students of the Light: Guard your world as you never guarded anything before from all destructive forces, every thought, every feeling, your speech. When people come to you with destructive tales, silence them on the spot, if you want to be happy and be Free and have the Full Power of your Presence pour Its magnificent Majesty of Light forth and bring the limitless Perfection of Life into your use and into your world.

My dear ones, the Messengers have told the people this so long, and I urge you again and again, you can

do this only as you pour out Love and kindness; but that does not mean that you do not need to be firm under and before physical conditions. You can be ever so firm and in control of things without being unkind. That is the Victory of the Light.

I say to you beloved ones, your feeling is the Powerhouse of America; and until the feeling world of mankind is controlled and governed and will allow no discordant thing to go forth, they will be subject to human mistakes and human conditions; because mankind is the decreer of his world and the people of America, if they really understood would be the governor of America because they would pour forth from their feeling, the command of Light which would fill every official place in our land with the people of the Light, with Ascended Master Friends everywhere, in which there could not be political graft.

You might think I was a politician. I am not! but I have dealt so long with the political intrigue of the world, and I learned My lesson in France, when I witnessed the political intrigue in the nations of Europe and am still witnessing it, in more and more drastic condition all the time.

Oh, you precious people of America! God your "Mighty I AM Presence" alone knows how fortunate you are to be in this land today, instead of Europe. You cannot possibly conceive by anything I might say, the conditions that are growing daily worse there. Great masses of people living on but a handful of crude food a day; and because of the fear that is over them, they dare not utter a word to bring anything to their assistance. They must be silent and perish.

Stalin of Russia has again committed wholesale slaughter of magnificent men. You might say to Me: "Why don't the Powers of Light intercede"? Mankind, dear people, have Free will. For four hundred years,

I tried to instill into the people of the nations of Europe the Power of this Light, and I could not get enough together to even hold a Focus of the Light. They are paying the penalty of the discarding of that Light today! I had one German Prince who listened to Me with all his heart; but when I came to the point where I said: "Now you must assert this Power of the Light," he said: "Oh Saint Germain, I cannot do it. I dare not." I said: "You with the understanding of the Powers of Light dare not trust the Power of Light to carry you forward"! He said: "I am sorry, but I have not the courage," and I was compelled to withdraw. I could have changed, through him, all of Germany and Austria and these conditions that exist today would have been unknown.

That is where many are standing today and some among our students who have turned aside from this Light with human arrogance, feeling that they would defy the Light and Me. They too will meet that same fate. They will meet the downward pull of the human senses, which will drag them into privation and agony beyond words.

My dear people, allow Me to inform you that, today, mankind stands at the cross-roads of Life. You must go one way or the other. If you go to the right, you will follow the Light. No one but you can decide, but if you call to your Presence with great determination and earnestness, your Presence will cause you, even though unknown in your outer feelings to follow the right way. It is not a matter of Me, it is not a matter of the Messengers, it is a matter of the Cosmic Action of the Law of Life that is—it might sound sacriligeous if I use your terminology just at this point. No I shall not do it, but Life has waited long enough.

Remember—not in other parts of the world, but in your America, the free will of vicious human beings

can be and is being withdrawn; and that would be one of the principal hopes for the people of America. Since the feeders of destructive forces are no more, then when mankind or the students of the Light, will turn to their Presence, refuse to give power to the appearance world; refuse to allow their eyes to longer accept into their feeling world, the appearance there of distress and limitations; turning their eyes to the Presence, beholding Its Splendor, Its Treasurehouse of all perfect and good things that will flow into their world, as water flows in its course in the river. The water does not consider where it is going, but flows. The energy of Life does not discriminate, It flows; and if it carries your qualification of discord forth, distress and limitation, then it will fill your world with that.

When We have placed this before the students so long, how can any misunderstand? It is not a matter of persons, places or conditions, but whatever fills your world in qualities will out-picture and you are in its center. If you allow discord to flow forth through your feelings, you will have that in your world. Nothing can prevent it and the human arrogance that says: "Oh I will go forward anyhow!"—how far will you go?

Observe those who have turned aside from this Light. If you knew the agony that was in their heart and their world—and it will increase—you would pray and call to the Light for their deliverance. I am watching every one of these individuals who have turned vicious toward the Messengers and the agony that fills their world is pitful to behold, but they are still too stubborn to admit their mistake.

There is only one activity of Life. It might be toward any person or condition, it is quite the same. Only to turn from the Light when once you have known It, is a tragedy of human experience. Some will not believe that, but still they will reap it in spite of all I could do

unless they turn and face deliberately about, calling on the Law of Forgiveness, then righting the mistakes they had made.

I cite to you one instance, because you need it blessed precious people. That man Bryan in Los Angeles who spread such vicious falsehoods and doubts among the people of the world, all over the world, what do you think his penalty will be? One of the greatest agonies ever known outside of a black magician. He could not right this wrong he has done in a dozen life times because he would have to take individual by individual and undo the thing, the seed that he has planted in their mind.

Every one who turns against the Light is in the same condition, only his is to a far greater extent. These are conditions of Law my dear people! They are not a matter of anyone's human opinion, but it is Law that is acting! What mankind send out they must reap.

I know you feel the Love in My Heart in prompting you once again. Then It will lift you so quickly, if you care to follow the prompting, into the full glory and activity of your Presence of Life. There are so many of the beloved students throughout America just now at this point where I could do so much for them, if they would only let Me. Some who are so near being turned aside from the Great Light that I could help so much, if they would allow Me.

So dear ones, when foolish human gossip comes into your midst *kill it* with one blow and then all will be happy. A gossip in your midst can turn everything upside down. Don't permit it, dear people, if you want to be happy and bring the Light into your city, as I could bring it to you. When you have gone thru one period of chaos that will never have to be repeated, as you grow stronger in your call to the Light; but individuals do not yet all understand that their motive is

known; and many cannot control their tongues from saying unkind untruthful things. What a pity! They alone must reap what they sow.

So dear students of Dallas, won't you with all the Love of your hearts, join as one in the call to Light and in the obedience to Life; and let the fulness of that power of Divine Love, Divine Order and the Goddess of Justice, reign in your midst to bring Divine Order and Perfection of Life, to fill every one of your bodies, your world of action and your temple, your Sanctuary of Light, here with the Glory of Its Eternal Light, Perfection, Happiness, health, strength and courage sustained forever. I thank you.

GEM OF LIGHT

GODDESS OF LIGHT

We have seen this within the atmosphere of quite a number of individuals. They have made certain application—let Me call it "frail" application and have called for the Circle of Blue Flame and the projection of the Tube of Light and all that; but they are not cognizant of the fact that they must release enough intense feeling which releases the Substance from their bodies by which the Great Ones amplify, intensify, impel and compel the Tube of Light into action about them which would one day become Invincible.

· CHART OF THE "MIGHTY I AM PRESENCE" ·

The Chart of the "Mighty I AM Presence" is the Open Door thru which every human being on earth can see God Face to Face; because the Chart represents the form of each one's own Individualized Presence of God.

The Ascended Masters have said: "When you are in touch with the form of a thing—you are in touch with the Presence of that thing," because the form contains the consciousness of Its Creator. When we hold our attention upon that Chart, the consciousness of our own "Mighty I AM Presence" pours thru that form into us, whatever we call forth at that time.

Remember again, the Great Divine Director said: "Your attention is your Power of Concentration! Your feeling is your Power of Qualification! Your mental picture is your Power of Visualization!" Then, whenever we contemplate that Chart, our very first obligation is to pour out our most intense Love to that Blessed "I AM Presence" which gives us and has always given us all good and nothing but good.

We should offer everything we are and have into Its Heart; and call forth Its Limitless Light to flood us and all we do, with Its Authority, Victory, Freedom, Protection, Perfection, Obedience, Divine Justice and Lavish Supply of every good thing, to compel Its Divine Plan to control unconditionally all we do each day.

Try to feel—that just as the wave of Light, pouring out thru the Heart of the Electronic Body (the Upper Figure in the Chart) travels on and on, in Cosmic Blessing to the whole Universe, thru Its every Heartbeat—just so, should every wave of energy from our physical hearts, carry only the Blessing of Light, Harmony, Joy and Perfection into all physical activities of this world.

In that way, every time we look at the Chart, It helps us to remember what we owe to this physical world for what we use of Its Substance and Energy; and why it is so absolutely necessary to maintain uninterrupted Harmony in all we do each day—especially in all we feel each day—until all the Presence wants us to do and have, floods forth thru us in full accomplishment.

Then, Its Divine Plan of Perfection stands forth revealed in physical fulfilment. It is only when we do this in all our activities that our happiness becomes permanent and we enter into the Eternal Perfection which is our Birthright.

The Out-pouring of Life, Light and Perfection from the Great Central Sun thru each one's Electronic Body is Eternal and ever-expanding; because discord cannot reach the Electronic Body to interrupt Its Perfection, for It is the Eternal Authority over all manifestation. Then Its Out-pouring of all Good thru us would be Eternal and ever-expanding too, if we give It all authority over all in the physical octave of our experiences here.

That Blessed Wonderful Chart of the "Mighty I AM Presence" is the constant reminder to each one of us, of all Life wants to give us thru Its Mighty Light Rays; for thru those Light Rays, the Supreme Life of the Universe is constantly surging and trying to press more of Its Perfection thru every human being, who will look unto It and let all It wants to give come thru to bless all.

Then in all our attention and calls to the "Mighty I AM Presence" for Its Perfection and Protection to come thru to bless all on earth, we ourselves become more and more filled with the Perfection all require to bring balance everywhere on earth, until all are the Victory of the Ascension.

Blessed Ones of the Light, Love! Love! Love! your own "Mighty I AM Presence" at all times, in the midst of all conditions, with all your heart, with all your mind, with all your feeling, with all your strength, until all in you and your world becomes Its Perfection; and you become one with your Electronic Body in the Fulness of Your Ascension.

GEM OF LIGHT

K-17

There are so many things said which are the Great Truth; and yet mankind have just taken them as a matter of fact, giving them no power of qualification which would be the constructive thing. Just like the statement: "There shall be no other gods before Me." Who knew anything about what that meant? Most of the time, the reason they did not obey it was because they did not know what "Me" meant. They thought It referred to a Universal God. Well that qualification of Life is so widely distributed in Its attempt to focus within the substance that It really has no powerful individual effect.

GODFRE OUR LOVED ONE, ASCENDED

IT is our great privilege to announce the release of a new song — "GODFRE OUR LOVED ONE, ASCENDED," by the Messenger, Lotus Ray King.

This new song is a tribute of Love and Adoration to our Beloved Messenger, Mr. Guy W. Ballard, and is an Out-pouring of our heart's gratitude to Him, for the Blessings He is constantly releasing to all under this Radiation, from the Ascended Masters' Octave of Light.

This song is dedicated in Eternal Love and Blessing to the "Mighty I AM Presence," and our Beloved Mes-

senger. May all who sing, play or hear the lyrics and music or contemplate His Picture, feel His Enfolding Love pour back to them, bringing them Eternal Freedom in the "Light of God that never fails."

This song, both lyrics and music, is the answer to an intense call for some way in which to express the deep Love and Gratitude of the "I AM" Student Body to our Beloved Messenger for all He has done for them; and for being the Open Door to bring to them the Understanding of the Law of Life, which will lead them into their Ascension.

The Cover design is an actual photograph hand colored by May DeCamara to whom we are deeply grateful and extend to her our Love and Blessings.

May this song be sung by everyone who seeks Freedom from the distress of the outer world; and thru It receive their Freedom and release.

No greater privilege could be given one than to be the channel thru whom this song could come; and our hearts sing with gratitude and praise for this opportunity and Blessing.

If individuals make mistakes, do not begin to gossip and find fault; but just call the "I AM Presence" into action to see that the mistakes never occur again. Do not let yourself build upon conditions that make such disturbance for you. You are acting in the capacity and Presence of Life, and I am sure no one willingly wants to interfere with It.

ANNOUNCEMENT

BELOVED PRECIOUS "I AM" STUDENTS EVERYWHERE:

Because of the recent vicious attempt to interfere with Saint Germain's "I AM" Activity in our beloved United States of America, by denying us the use of the mails, in bringing This Ascended Master Light and Freedom to mankind, we are standing a million times more firm and unyielding than ever before, because this "I AM" Activity goes on regardless of any human being or all on earth.

It is the Activity of the Ascended Masters and They will carry It forward until all are free. Therefore, you can always reach us thru Saint Germain Press, Chicago, Illinois, only by Western Union Telegraph or American Railway Express Company. Until further notice, do not use the mails or P. O. Box numbers. I will come to as many of the Reading Rooms and Sanctuaries as my time will permit and greet you all personally as soon as possible.

We ask you to get your magazines at the Reading Rooms until such time as this unwarranted persecution of us and This Light is annihilated and the Victory of this Glorious "Mighty I AM Presence" stands revealed for all Eternity.

Donald and I are NOT GUILTY of the things of which we have been accused—never were and never will be. That is the Eternal Truth before God, man and the Universe and time will prove that Truth to all. We have given only Good, Truth and all that is

constructive and God-Like. We have given infinitely more than we have ever received; and never have at any time anywhere for any reason defrauded anybody of anything; and time will prove the Truth of that statement to the world also.

We have defended America and her people and all America means to the world and we always shall. We ask all to call to your own "Mighty I AM Presence" and the Ascended Masters to show you what you should do in regard to your outer world activities, then follow your own feelings and direction to the best of your ability.

We never have and do not now advise anyone what to do as we always leave each one free to follow the promptings of his or her own "I AM Presence," so only Perfection can come to all. We shall at all times continue to call for your Invincible Protection, Perfection and Limitless Supply to bless you until the moment of your Ascension.

We enfold you in all the Love of our hearts. We call the Ascended Masters and Angelic Host to stand guard over you forever and clothe you in Their Overwhelming Victory of the "Light of God that never, never, never fails."

HERCULES

Be very careful in your interpretation of the things We say. Notice carefully and please all come to the same conclusion. Now notice this carefully. When We dissolved or destroyed that which has been the accumulation in the Life Stream of an individual, We can only dissolve that which could be balanced back to the Universal. We cannot take from individuals the responsibility of that which the Cosmic Law says they must balance themselves. Make no mistake about that, and let nothing which is said before or in the future change that point. We take it for granted you understand that when We draw or cite the Law to a certain point that remains and what We may say before or after does not change that point.

HERCULES

If you give those destructive things too much attention, you begin to release a binding power thru your attention. I tell you, you are all at the point now where you can take, not a less positive attitude, but with an ease. Say: " 'Mighty I AM Presence' dissolve that! Powers of Light! dissolve that! Great Ascended Masters or Cosmic Beings! dissolve that, cause, effect, record and memory." Then take your mind off and if it goes back say: "Come back here, stay where you belong! I have called for the dissolving of that and it is done." That gives you the acceptance in your dynamic call once to dissolve it and finish it, so you don't have to feel it has to be constantly repeated.

BLESSED BELOVED ONES OF THE LIGHT

WE are discontinuing the Decree Groups at the Shrine Auditorium in Los Angeles, and there will be no further Shrine Classes at this time. The final decision was not reached until Tuesday morning, therefore, it was not possible to make the announcement last Sunday.

The regular Group Activities at the Sindelar Studios, the Reading Room and elsewhere will continue the same as usual, so far as I am advised. Many of the students have already left the city, others are leaving soon. All are free to do as their hearts direct. Coming changes will take place as set forth in the books, just when we cannot say; but when destructive forces unleash such hatred against this Light, it will hasten such activities.

We are leaving Los Angeles to make further arrangements for a suitable place to hold the Decree Groups together—possibly at several points in the middle west, where the greatest safety lies. We have not deserted Los Angeles and will return here on or about the 15th and will at that time, be able to give you more definite information regarding our future activities. If war is held out of America and conditions are such as warrant our returning here from time to time, you may rest assured we will do so; but the future remains in the hands of the Great Ones, as only They know what is in store for America in the coming days.

My Love and Blessings enfold each and every one; and we call the Infinite Blessings of Eternity upon all. We ask all to remain calm, poised, balanced and sane. Make your calls to your own "Mighty I AM Presence" to direct you as to what you should do, then be governed by that decision, knowing the Light of God never fails.

We command Invincible Protection and Perfection for you all, and with Eternal Gratitude for your loyalty to the Light and Our Own Beloved America, Until we meet again we are with you always in the Light,

MRS. G. W. BALLARD.

SAINT GERMAIN'S DISCOURSE

Oakland, Calif.—February 26, 1939

BELOVED Children of the Light, I congratulate you on your homeward journey. Since your speed of transportation has grown rapidly in the past forty years in your physical octave, so in comparison, is your speed of attainment by and thru the expansion of your Light within, entering that great and mighty speed of action.

Before continuing, I wish to congratulate the beloved ones of Oakland, San Francisco and vicinity for all the loyalty, for all the achievement individually; and the assistance which has been rendered Our Beloved America.

You will rejoice with Me, tonight, in knowing that for the present, things are under control in Europe. (applause) I expect now to devote most of My time to My Beloved America and to you. (applause) I have been absent much more than I have liked to be, but the necessity was so great, that I was compelled to divide My Attention. Let us enter into the glorious coming Victory wtih a power and joy, Oh my beloved ones, which you have not known heretofore. Well can you afford to do it; well can you enter into that happiness which you have not known.

Property of Saint Germain Press, Inc.

I say to you, my beloved ones, who seem—now notice the expression—I say "seem" to be financially limited —please use that word when the idea or the appearance is before you, it just *seems* to be. Then, you will not accept it as a Reality, for I assure you it is not! The Mighty Victory, the Mighty Harmony, the Goddess of Light with our Beloved Nada have joined Me in a Certain Activity which I may not explain to you at this time, by which that thing is going to stop! (applause) for We are determined to remove the fear and doubt from these blessed people!

You know beloved ones, if the Messenger is your Daddy, then I am the second Daddy. (applause) I must be in on that somehow. (applause) Anyhow I am grateful to be the second Daddy. Therefore let us enter into such rejoicing. I am eternally grateful that you are feeling My Reality more and more and more! You are beginning to feel Me as a Tangible Being. I am and I appreciate that tremendously because I am able to do so much more for you.

Come to think of it, I should be Daddy Number One. (applause—audience rising) May I explain to you why? Since you were My Children seventy thousand years ago, I think I should claim that. Oh, it is so very wonderful, to think that you have a Great Cosmic Mother, all of you—the Goddess of Liberty: (applause) and a Great Cosmic Sister—the Goddess of Light! (applause)

Do you know, beloved Children, that it is not very long, until These Words and Those of Harmony and Victory and the Great Ones, will become such Sacred Words to you, that you will feel as though you scarcely wanted to breathe them? Begin to feel more and more the magnificent Beings which They are, Their Limitless Power, which is gaining in Its Assistance to you, as your call to Light lifts you into their ever-increasing vibratory action. Is it not beautiful? Is it not Real? Is it not magnificent that you can have a part in it?

Property of Saint Germain Press, Inc.

Since you were the cause, I mean partly, of the limitations of the earth; then think, you today, are the vanguard raising mankind steadily and surely into that Great Eternal Freedom.

I say to you my dear ones, some of these things I do not wish to stress too much, but now We see the ever-increasing Victory of the Light, and are watching the intensifying Currents of Energy and Light that go forth from you. Will you follow Me just for a few moments, while I endeavor to explain to you just what I mean by that! If I were some distance away in the Octave of Light, and you were gathered here like this and I cared to focus My Attention here, I would see not only the combined Radiance, but I would see within that Radiance, the Light from each one.

Therefore, it is as easy for Us to distinguish the expansion of your Light, as it is for you to draw a line upon a piece of paper. This has been so exceptional and since the beginning of the recent Shrine Class, you have really entered into a new world; not that you have not been before, but a wholly different Activity is taking place now with the increasing intensity in your calls and the steady freeing of yourselves from the doubts, fears and conditions which keep touching and touching and touching your feeling worlds.

Many of you, today, are becoming practically Invincible so far as the impact of discord in the outer world touching you. Keep on until that Mighty Tube of Light becomes an Invincible Protection to you. It will do it. In this Service which We are entering today thruout America—I ask you to watch conditions! Watch your newspapers and see the out-picturing thru mankind who do not understand. Yet, you would be surprised how many of your fellow Americans are knowing of this Great Light.

Property of Saint Germain Press, Inc.

You know I am quite a close observer and I keep very close in touch with the report of all that is doing these days for I am determined to one day show you that report and then you will know that I was observing. One day, as sure as I am talking to you this minute, I shall draw the Cosmic Screen and you shall see for yourselves. (applause) Your moving picture industry might envy Me, but I could not help that; yet if some of them were present, I might encourage them to still greater Perfection.

Therefore, be of good courage my beloved ones. Oh, how My Heart rejoices with you tonight! I have always told you not to give power to the appearance world, and of course I say to Myself—"You must not either"; but as sure as you are here, there have been times in the past eighteen months, when it did not look so encouraging. When the student body was listening to vicious false gossip and allowing themselves to be disturbed in goodly numbers, then it did not look so encouraging; but, tonight, that is finished as though it had not been.

Therefore, I rejoice with all My Heart, as you are gaining the strength to say to your fellow associates, if they cannot speak kindly of This Light, be silent, then be firmer than ever! When anyone comes to you to speak unkindly of This Light, silence them instantly! Keep your world free from discord and vicious feeling, for remember there are still at large some of those who have been claws of those terrifying beings who have ceased to be. Their claws are still acting in human form. They still have some momentum, but it will not last long. Then, how remarkable it will be.

These individuals, tonight, know that they are living upon false representations, and they know the Power of This Light. There is not one of them who does not know it. Tonight, they shall feel—and every

Property of Saint Germain Press, Inc.

one within America before twelve o'clock tonight, shall feel as never before this Victory of the Light! (applause) They shall fear to attempt to oppose It any further. Furthermore, they shall take back everything they have sent out against This Light.

That one claw, who sent out so much viciousness against This Work and spread such venom all over the world, is withering and he shall wither and disappear! (applause) I tell you, my beloved ones, when I have worked for two hundred years to bring the Victory of Light this far, then I shall wade in now and that vicious force shall be no more. Do you think that I am unkind? If so, you are unfortunate. To insist on the Victory of the Light should be quite an honorable thing! (applause) Since We know all the Laws and could not misuse one, then you can be sure I am not unkind, but I AM DETERMINED! (applause)

So tonight, in the Glory of this onrushing Victory —do you quite follow Me, in that Those Words are quite apropos?—in the great onrushing Victory of this Great Light, it is just exactly that! My dear ones, since the Victory of the Goddess of Light, you have no idea of the effect upon the feeling world of mankind. I would not dare attempt to describe It to you, except to say that It is so majestic, It is so tremendous; and did you notice carefully what the Goddess of Light said to you this afternoon? I do not think you quite got the idea. May I again remind you of it? Did you notice, She said, the Great Harmony of the Spheres was released at the Final Victory over the generator of destructive forces to the earth. Do you realize what that means to you?

I tell you, beloved ones, that means the Combined Activity of the Central Focus of Light, the Cherubim and Seraphim of the Godhead and the Angelic Host! Oh, how many once believed in the Angelic Host and

Property of Saint Germain Press, Inc.

now have grown too large to remember It. Well I know Their Reality! I know Their Service to mankind, and you are fortunate, most fortunate, to have Their Assistance and Blessings!

In the Harmony that was released last night, remember your Mighty Harmony, whose Likeness you have, is the Cosmic Governor of that to this earth. Therefore, the Intercession of that Great Magnificent Assistance to mankind will allow such happiness to surge forth in the activity of the people, as has never been known. In fact, It has not been known for more than eight hundred thousand years.

In all the efforts you have made, do you not see that now, you will begin to see the out-picturing more and more in the solving of your own conditions? Then, you will rest in such happiness and such peace, that you will become more aware of the great changes as they take place; first, within the feeling world of mankind, then the out-picturing in the physical; because there is no cause anywhere—except in the feeling world of mankind; and it must reach there or act there first, to find its out-picturing.

It is the same in the Great Expansion of This Light. It is magnificent beyond words. Therefore, as you come to understand this clearer and clearer, you will become like a great mirror, in which the Presence of Light will picture to you the Glories of the coming events. Do not misunderstand Me, you are not going to become prophets, not at all; but you will begin to feel the Glory thru your feeling world, of the coming Perfection of Life.

You will be interested and our beloved Lotus will be greatly interested in this. With your Beloved Lanto and Others of the Ascended Host of Light, We went to the Great Maha Chohan, who is the Governor of the Great Streams of Energy to the earth and to Nature.

Property of Saint Germain Press, Inc.

We asked Him, if We might not have His Assistance for certain requirements in changing the conditions of earth, and He readily agreed! You will remember the calls you have made for all substance which was injurious to mankind, to wither and pass from existence. From today, this will be intensified. (applause)

I wish you to follow Me, if you will, in seeing the changes which have taken place already in so many conditions. Please do not fail to notice it and there is constantly the out-picturing of it. Sometimes, you might think it was not just a proper conveyance of this information; but if you will take notice, you will see quite readily how it comes about; for We use many channels, in order to convey this to mankind.

As your vibratory action is raised, you will come to know many many things; and as you are prompted to rise at a given moment and send forth a Mighty Light Ray, thru a mighty call, you will find that there will be hundreds of intimations of disturbance everywhere, which you will silence almost within the hour.

I am so grateful for your alertness already. Remember what a glorious time we are going to have, just as soon as this Victory is assured! (applause) My dear beloved ones, you have not seen anything yet! You have no idea what a happy chap I am (applause) or how, when I get in just the right mood, I can do a lot of things that would delight you so much. That day is coming, so go on with your glorious glorious calls, in your mighty service to mankind, and Oh, to your beloved America.

Oh, the glory of that Love which has gone forth and the substance which has enabled this Mighty Protection to be given during these past two years. Oh, my beloved ones, if you had not made these calls, if this assistance had not been given, these generators of destruction for mankind, would have still remained

Property of Saint Germain Press, Inc.

today; and they would have drawn war into America as sure as you are standing here this moment in spite of all that could have been done or that We could have done, because We need your call! We do not need it for Ourselves, but We need it for you, for your America; and praise be to the Infinite Powers of Light, it came. You did not fail Me this time! (applause)

You are going on, and on, and on, my dear ones, in that Almighty Individual Victory, as well as in this Protection for America. When America is safe, the Mighty Currents of energy will be turned on individuals and their vibratory action will be raised much more rapidly. They will see what all this and their earnest efforts have meant to bring them to the point where the Light may show them Its Victory, in ways that you dream not of!

Some of you have felt it, but I ask you all for just a few moments feel the heart-beat of gratitude from the people of Spain, the Orient and Europe, for the diminishing of that terrific destructive force. Feel their hearts throb of gratitude to you all, and to the people of America; for they have come to know that your Mighty Call has been made for months and months. They see the response and the checking of that terrific force which it seemed nothing in the world could stop. When its feeders were withdrawn, then it began to recede and feel the lack—pardon Me if I use the word—of the prodding energy which was driving them on, for only one reason in the world—the destruction of human forms.

You are the most fortunate of people, for you have been saved from that destruction. Continue on, until that which has been the accumulation of the claws of destructive individuals in America is also dissolved. It should be done very quickly. Keep on with your calls to dissolve the claws of those destructive individuals

Property of Saint Germain Press, Inc.

who are still in human form. Many were the claws of those destructive beings. Keep up your call for all power, influence and money to be withdrawn from all destructive individuals in America who have been the claws of the black magicians. Do not fail! Then, you will see how quickly the great change will come! I expect to see great transformation.

You will rejoice now with Me exceedingly, when I say to you, twelve of the Ladies and Gentlemen who are Ascended Masters from the Octave of Light, will move at intervals in Their Tangible Bodies among the cities of America. (applause) If you should see a good looking Lady or Gentleman in your city, do not jump at conclusions. I prompt you beforehand.

This to Me is the most joyful news for sometime, for I know what It means to you. I know what It means to the cities of America which need this purifying, cleansing Power so much; for as We have said to you, when We come in a Tangible Body for a definite purpose, Great is the Power released into the vibratory action of the physical world among mankind. It is needed right now more than at any time, to hasten the cleansing, purifying Activity which will give humanity their tangible Freedom, and they will know it. I am so grateful to those who have volunteered to do this!

Tonight, We have the greatest Reason for extreme rejoicing that We have had in five years. Oh, never mind, you will believe after awhile that I am a truthful Chap, (applause) and you will know very definitely, that I am not a discarnate! (applause)

I assure you, my beloved ones, that in your calls, you will find greater, greater and more instantaneous answer to your calls. Determine to accept it. Determine to have it. Then, We will lend every Assistance, because from today, We will be able to give much Greater Assistance thru the Power of Radiation, because of the

Property of Saint Germain Press, Inc.

intensified Radiation into which you have entered.

Now, may I ask something of you? You know I seldom do. You know that, but will you not please, every one of you—and I say this with all My Heart and Earnestness to the hundred percent students everywhere—will you please guard your energy? Will you please understand that pleasure sex gratification is out? If you want to render this service, if you want your Freedom, which is now so close at hand, you must call for that desire to be taken out of your world. It is very vital! It is very important! We want you to be Free; but if you insist on doing this, We can only give you a certain amount of Help.

We do not tell you what you shall do, but We want to give you the Assistance; and only with your obedience to Our future Requests, can We do for you all We would like to do. So, if you will do this, you will be given the Assistance and plenty of It. Call for that desire to be taken out and replaced by the Satisfaction of Life, and then that desire will not be there. You will have the impulse to be the God-controlling Power of your feelings.

If I could have complete obedience from a great body of students thruout America, from now until the end of August—I do not mean that you would refrain just temporarily; but take out of you that desire completely, by the end of August, some of the greatest miracles, socalled, you ever saw would have occurred; because We need this energy. We need this Light poured forth at your command thru your might Decrees to more quickly set you Free!

You know I ask very few things. I have called your attention to certain obedience to Life, but I ask this tonight of the student body; that you may more quickly have your Freedom; that We may render this Service more quickly; that We may give out the Joyful Bless-

Property of Saint Germain Press, Inc.

ings which We want to give you individually. I am sure that every one will be happy to do everything in his or her power to give Us that obedience.

Therefore, tonight while you are standing, may I call the Eternal Blessings of Light, the Mighty Activity of Its Invincible Presence to take command of you, your mind, body and feeling world; to dissolve from your physical bodies every disturbance of every kind; to restore your perfect sight and hearing; to fill you with a joy that releases the currents of energy thru you; that sweeps out all imperfection in your body into the Violet Consuming Flame; and you go forth magnificent, strong, vibrant, powerful individuals in your calls to Life; so all that is required now, may quickly be done; and that you in the joy of this service, feel the Glory of Its expanding Light and Activity; to give you the strength and courage to do all that your Great Presence of Life will prompt you to do, in the Power of Love, the Expansion of the Light and in your greater intensification and out-pouring of Divine Love, call forth the Wisdom to govern its action, that by no chance, you make mistakes in your out-pouring of Divine Love?

Let Wisdom go with It to quiet, direct, protect and perfect everything in Divine Order! Oh, may the Glory of Light charge you with Its Almighty Activity! May the Glory of Light hold you in that courage and strength which alone rest within It; and charge It into your human forms and feeling worlds, until no one or no condition can stand before you and cause the slightest quiver within your feeling world! You can stand staunch and serene in the Victory of your "I AM Presence" over all conditions and hold that Dominion there forever!

May the Fulness of that Light act now! I speak directly to your Presence of Life, acting thru your Higher

Property of Saint Germain Press, Inc.

Mental Body—to take this up, execute it with the full Dominion of the Power of Light, and give you every Assistance which is required! We must have this substance of earth and We too, are making the call for Strength and Freedom to sustain you until you feel the Full Glory of your own Dominion arise within you! Once you feel THAT; nothing in the world of human conditions, will longer cause a quiver of a nerve within your body.

Therefore, fear not anything, but in that mighty call to Light, know that Its Power goes forth, dissolving everything unlike Itself.

I love you and bless you, beloved students of this district, beloved students of America! I love and bless you and by this Mighty Individualized Power of Light! I charge into your feeling world tonight, the Strength of Hercules, the Power and Dominion of the Light and the Fulness of all the Glory of Its Incoming Perfection and Dominion over all limitations! It now takes command of you and your world and produces Its Perfection and holds Its Dominion over every condition! We thank that Great Presence of Life, it is done!

Beloved ones, I clothe you in the Power of Light! I send you forth with the Sword of Blue Flame in your hands that you may strike out of existence every discordant force that attempts to touch your world! May you see It in your hand and go before you, as you raise It to the Powers of Light to cut yourself free from every limiting thing! We in Our Assistance, will see that it is done.

I thank and bless you forever.

SAINT GERMAIN
For "I AM" School Activities

Will you make the call in your school here to those whom I shall name; first your Beloved Nada, who really is the legal authority; your Goddess of Liberty; your Goddess of Justice; the Goddess of Purity; the Goddess of Peace; the Goddess of Light. Those are the principal Ones to whom you should call in your school activities. In any emergency, after you have made your call to the "Mighty I AM Presence," hesitate not for a moment to call to Mighty Victory, Archangel Michael and the Mighty Divine Director.

SAINT GERMAIN

I marvel at the courage of your beloved Lotus to keep putting forth to the people that Our Words are those expressions which are important; for They are Cups that carry those Qualities of Life, and once the student body become fully aware of all that means, they will use only Our Words in the expression of this Great Light; because then you will have ten times the action you would, if you used just your own words. It is so tremendous.

SAINT GERMAIN

Of course if We are just a myth, then you are wasting your time. If I, who am speaking to you today, am a myth, you certainly would not have had the protection that America has had. If the Blessings I have brought forth are myths, then the blessings you have brought forth are myths, but I notice the world is willing to accept your blessings and think they are Real; then they had better think the Source is Real. Yes, that is very necessary.

SAINT GERMAIN

Now understand this with a definite Power within your own feeling world, then you will have the release. Do not wander around any longer in questioning your ability to call forth the financial supply you require. You are not children any longer—you are individuals grown to full stature in the acceptance of the "Mighty I AM Presence," and therefore become the Authority in your world for this particular point in the release of the financial supply you require. Now let Us be prompt and definite in that, so no longer will a moment's anxiety beset any one in the release of their own financial supply.

SAINT GERMAIN

In your Decrees for supply, if you allow your thought and feeling to go back and you look to channels, you are obstructing the way. Of course channels will be used, but let the Wisdom of the Presence select them. For instance, you people here in the East are quite inclined to think your supply or the channels for it should be here. How do you know? The Wisdom of Life might choose to bring it from some far point. Those in the West might think since they are anchored there, that their logical channel of supply would be there, but how can they tell? It might come from India or it might come from Europe.

· THE "VOICE OF THE 'I AM' " ·

In the future, (beginning with the March 1942 Issue) the "Voice of the 'I AM' " will be published by the Saint Germain Press, Inc., and we ask that all subscriptions and orders be sent to the Saint Germain Press, Inc., at Chicago, Illinois.

· OUR APPRECIATION ·

We wish to express our Eternal Love, Gratitude and Appreciation to Mr. and Mrs. Charles Sindelar and their blessed staff for all they have done in their splendid activity of printing the "Voice of the 'I AM' " over the past six years. We thank them with all our hearts for all they have done and the many obstacles they have conquered.

It has not been easy and no one but the Ascended Masters know just how difficult the problems have been which they have overcome. We thank them for every effort they have made to serve the Light and we shall always pour out all the Love, Light and Power of our own "Mighty I AM Presence" to bless and help them, until their Ascension is complete. They are continuing in their Group Activities in Los Angeles as usual.

We call every Blessing and Power of Love, Light and Wisdom from the Ascended Masters' Octave of Light to enfold, strengthen, supply and protect them, until they are blazing with the Victory of Perfection, Ascended and Eternally Free.

Ever in the Light,

GODFRE OUR LOVED ONE, ASCENDED

IT is our great privilege to announce the release of a new song — "GODFRE OUR LOVED ONE, ASCENDED," by the Messenger, Lotus Ray King.

This new song is a tribute of Love and Adoration to our Beloved Messenger, Mr. Guy W. Ballard, and is an Out-pouring of our heart's gratitude to Him, for the Blessings He is constantly releasing to all under this Radiation, from the Ascended Masters' Octave of Light.

This song is dedicated in Eternal Love and Blessing to the "Mighty I AM Presence," and our Beloved Mes-

senger. May all who sing, play or hear the lyrics and music or contemplate His Picture, feel His Enfolding Love pour back to them, bringing them Eternal Freedom in the "Light of God that never fails."

This song, both lyrics and music, is the answer to an intense call for some way in which to express the deep Love and Gratitude of the "I AM" Student Body to our Beloved Messenger for all He has done for them; and for being the Open Door to bring to them the Understanding of the Law of Life, which will lead them into their Ascension.

The Cover design is an actual photograph hand colored by May DeCamara to whom we are deeply grateful and extend to her our Love and Blessings.

May this song be sung by everyone who seeks Freedom from the distress of the outer world; and thru It receive their Freedom and release.

No greater privilege could be given one than to be the channel thru whom this song could come; and our hearts sing with gratitude and praise for this opportunity and Blessing.

SAINT GERMAIN

Don't you see my dear ones, you must try to get away from the human trying to be the selector of channels for anything whatsoever? Turn to the "Mighty I AM Presence" and let the Wisdom of the Presence flow forth in Its Directing, Governing action of Its Wisdom and open the channels, the right channels for the supply; then there will be no unpleasant reaction from it.

ANNOUNCEMENT

BELOVED PRECIOUS "I AM" STUDENTS EVERYWHERE:

Because of the recent vicious attempt to interfere with Saint Germain's "I AM" Activity in our beloved United States of America, by denying us the use of the mails, in bringing This Ascended Master Light and Freedom to mankind, we are standing a million times more firm and unyielding than ever before, because this "I AM" Activity goes on regardless of any human being or all on earth.

It is the Activity of the Ascended Masters and They will carry It forward until all are free. Therefore, you can always reach us thru Saint Germain Press, Chicago, Illinois, only by Western Union Telegraph or American Railway Express Company. Until further notice, do not use the mails or P. O. Box numbers. I will come to as many of the Reading Rooms and Sanctuaries as my time will permit and greet you all personally as soon as possible.

We ask you to get your magazines at the Reading Rooms until such time as this unwarranted persecution of us and This Light is annihilated and the Victory of this Glorious "Mighty I AM Presence" stands revealed for all Eternity.

Donald and I are NOT GUILTY of the things of which we have been accused—never were and never will be. That is the Eternal Truth before God, man and the Universe and time will prove that Truth to all. We have given only Good, Truth and all that is

constructive and God-Like. We have given infinitely more than we have ever received; and never have at any time anywhere for any reason defrauded anybody of anything; and time will prove the Truth of that statement to the world also.

We have defended America and her people and all America means to the world and we always shall. We ask all to call to your own "Mighty I AM Presence" and the Ascended Masters to show you what you should do in regard to your outer world activities, then follow your own feelings and direction to the best of your ability.

We never have and do not now advise anyone what to do as we always leave each one free to follow the promptings of his or her own "I AM Presence," so only Perfection can come to all. We shall at all times continue to call for your Invincible Protection, Perfection and Limitless Supply to bless you until the moment of your Ascension.

We enfold you in all the Love of our hearts. We call the Ascended Masters and Angelic Host to stand guard over you forever and clothe you in Their Overwhelming Victory of the "Light of God that never, never, never fails."

· SAINT GERMAIN'S DISCOURSE ·

Minute Men—New York, N. Y.—April 30, 1939

GENTLEMEN of the Light, beloved ones of Light! Today, I greet you in the Name, Power and Wisdom of Life; and may Its Power flow into and thru you, utilizing your forms as a power of a thousand individuals. Since in physical form, those seem not available just now, still may you be the outpost in supplying that Radiance, which is lacking because of your numbers here.

Feel today while I speak to you, the Radiance from your Brothers of Light thruout America and the world; for there are many and you would be surprised how many. I have started thru an individual in France, in England, in Switzerland, in Australia, New Zealand, Brazil and Mexico that Power which means a similar activity to yours, as the Minute Men of America. Today, their attention is focused upon this class and they are pouring out their Radiance, aside from that of the Minute Men in America.

Only as the Law of Life permits, are We enabled to give forth certain Information; but today the Power which is lending Itself for the assistance of the students in America, is beyond anything We could have expected eight months ago.

Property of Saint Germain Press, Inc.

I want you to feel and be dauntless, Minute Men of New York. I appreciate what your leader has said, that while you are not so great in numbers, you do release intensity of feeling and a Power of Radiance. I Congratulate you! Do you quite understand that the outer self of mankind is constantly looking for that which brings a thrill, that which brings an enthusiasm, because of numbers? But you who have not the numbers, remember that thru you, there can flow the Power to make up for the greater Radiance, until those numbers appear. That is the right attitude to take in the Expansion of This Light. Call to the Presence to pour thru you, what It would do thru ten people, so long as their physical forms are absent. Then you will cause the Power of Life to utilize your forms to do the things which make up for the seeming absence of numbers, and it is a very important thing.

Your activity, today is so much beyond what you conceive of outwardly; and from time to time We do try to give you that encouragement because it is not always in numbers that the greatest power flows. So try to rejoice and then please understand this—your increase in numbers depends upon the full release of your call to the Presence to reach out Its Loving arms and fill your Minute Men Groups with the earnest sincere men from New York. I am quite sure that few understand yet what that means, when you call the "I AM Presence" to reach out Its Loving Arms and draw into your Group the people, the men who belong in the Minute Men Activity in New York; because there are a great many men here who should be in your midst.

Now please feel this, when you call to the Presence of Life to reach out Its Loving Arms, you are speaking directly to the Presence of each man who should be here; which gives the invitation, gives an impulse of Life to instill, inspire and bring those very gentlemen

Property of Saint Germain Press, Inc.

in touch with you. Now if you understand this, gentle- with all it means, you will have no difficulty in drawing into your minute men Groups, the men who belong here. Of course all in New York belong here, but there are so many who need to be here. Will you please allow Me to assist you, after this Class, to draw into your midst, the men who really belong here?
(Applause—audience rising)

Remember, gentlemen, that you need to hold your guard. You need to hold your protection. There has been a deliberate effort made to prevent the expansion of your Minute Men Activity. Remember that you have the destructive people to deal with and unless you hold your guard, your Invincible Protection, and know that they have no power to keep people away from you, you will find yourselves affected.

People come into your Groups to try to spread their poisonous breath of doubt. So whenever you meet in your Groups, know that Invincible Protection is there about you! We have had to hold this thruout America! I want to say to you, because it is absolutely necessary, the movement known as———is one of the most sinister things—the influence back of it—in America today. Everything they do is in the dark and secret. No one knows who the leader is, who is there and what is back of it, but I know. You know I very rarely point out anything, but that is too sinister to allow to pass.

So be on guard gentlemen concerning it! I prompt you to stand on guard! There is nothing to fear, but you must hold your Invincible Protection. You must make your definite application in all that you do! So many things have occurred in which Our timely awareness has prevented their action.

Gentlemen here in New York and in Washington, D.C., I cannot urge you too much, to remember the need of your own conscious Individual Protection. If

Property of Saint Germain Press, Inc.

you will call that forth for your Groups and the Expansion of the Light, you will find there will be a Great Great Release.

Mankind does not know the forces with which they are dealing; but since the feeders of these frightfully destructive forces are no more, and I mean by that the black magicians, then you will understand, how just a little further effort upon your part will bring your complete release from these conditions which are the accumulation of the centuries.

I want you to understand how great this Law applies in your business, in your health and in every way the outer man requires. There is nothing that can hold or bind you but your own beliefs, your own feelings; and in this heart to heart talk today, I want to instill that strength—My Own Strength and Courage—into your feeling world for constant action; so that you are dauntless before the conditions of the appearance world. Of course, gentlemen, if you accepted the appearance world, it would be almost terrifying, even in the conditions that exist here in comparison with Europe, but these conditions are but temporary.

Now in your calls to the Power of Light these things are absolutely impossible. That is why in bringing forth this Great Light we are constantly prompting those who have become interested, to know they have Limitless Power at their call, to send forth the Mighty Light Rays to dissolve these conditions. Make no mistake about it gentlemen, the Power of your "I AM" Presence called forth into action is not confined to a certain space. It is all encompassing, and when you ask the Presence to direct Its Mighty Light and Energy forth to a certain condition, It enfolds that condition no matter what the supposed capacity may be and holds the Radiance there to dissolve that which is the appearance. The action of Life is a natural practical thing and

Property of Saint Germain Press, Inc.

there is not a thing mysterious or unusual about it.

Remember gentlemen, unfortunate individuals have spread or tried to spread among mankind that This Work was psychic or spiritualistic. It is no such thing! The whole of mankind should know that, from the great Expansion of This Light. Stand guard over the suggestions of mankind. Unless you do this, you will be interfered with constantly.

In all the Messengers have to confront, naturally they never waver. They are only concerned with one thing, calling the Power of Light into action to dissolve that which is wrong, then forget it and it is done. Therefore, I prompt you today in your individual activity, in your requirements, be just that strong and firm and know when you call the Presence into action to render a service for you, it is done! Stand by it until you see the outer manifestation!

I say to you any business man can apply This Law. It is the foundation of your business. It is the Directing Intelligence of it, and without it, you have but a temporary action. You see the activity of the business world, but you do not see as the Messengers have all that has occurred; but hundreds of business men on the point of failure have contacted This Work and reversed every condition; restoring themselves in such a short time into the fulness of the success they desire.

This Work is practical gentlemen. It is for the business world! It is for the industrial world! It is for all activities of the outer requirements of mankind, to correct the wrong and bring Its Perfection into action there. That is why I brought this forth! Do you think that We, as Ascended Beings, are not still interested in the achievement of mankind? Why would We give the Assistance, why should We use our time and limitless energy in giving the Assistance to mankind, if We did not know it was possible for them to rise out of the

Property of Saint Germain Press, Inc.

conditions which have bound them? And We are showing the exact definite way by which it is done! We had to do the same thing! We used this Identical Application and all Beings who have gained their Freedom have used this Identical Application, gentlemen, with very little variation, even in the worded expression.

The "I AM" is the Power of the Universe! It is Life saying to you, thru you, at your point in the Universe: " 'I AM' here! 'I AM' the Dominion of your world at your call," and have the Messengers not proven that so? I say this in all Truth to you—all the students put together have not had to meet what these two humble Messengers have had to meet, in carrying This Light! (Applause—audience rising)

Mankind constantly look for evidence, and so many say: "Show me"! Well look! If mankind will look at the achievement of these Messengers, they will see the proof of all that can be given them, outside of themselves; for I say to you gentlemen, unless you prove the Law of Life to yourselves, It can be but temporary. That is why you hear the Messengers say so many times: "Don't believe us, prove us," and you must prove the Law of Life to yourself, otherwise it means nothing to you. In their constant Assistance and prompting, did you ever in your life hear two individuals hourly make such calls for your happiness, your Perfection, your Freedom, your supply? (applause)

These calls are the Power and Release of the Currents of Light and Energy which render this service and they know it positively! I know that there is no opposition to that Light which they call forth, which you call forth; and if you will understand that, you will see how your application cannot fail to produce the results you require. It is magnificent!

Arise in the power of your application. Be firm, be dauntless in it! Do not let your own outer self or any-

Property of Saint Germain Press, Inc.

one's else cause you to doubt, question or fear anything! I say to you, gentlemen, with all the Love of My Heart: for individuals who doubt Our Reality, it is the most dangerous thing in their whole Life. We have given abundant Evidence of Our Reality, but have patience, until that day when Life says to Us: "Now You stand forth in Your Tangible Presence to these Students of Light," then it will be done! We cannot and never do make one move contrary to the Great Law of Life! We may not do it! Since We are Beings of Perfection, We must give response alone to Life, for Life is the Authority! We are the Authority in the wielding of the Substance and Energy of Life, but Life is Our Commander! Do you not understand that? We who are Free and Perfect Beings must obey Life!

While We have become that Presence in the Ascension, yet still do We give obedience to the Great Central Power of Life! There is no portion, not even a suggestion, but we know in the Wisdom of Life, We must give response to that Perfection! With you, for instance, who are drawn to Me in this Endeavor to bring your Freedom and the Freedom to America, your Life needs and I require certain obedience!

When I make suggestions, please do not feel that I am demanding certain obedience of you! I am calling your attention to the obedience, the requirement of your obedience to Life; for that is all it is gentlemen. There is nothing in the world that can require obedience of you but your Life. That is why, if understood correctly, in giving obedience to Life, you cause to be released all that Life holds for you in Its Great Magnificent Action everywhere.

I wish you to understand, that when you call to Life for any constructive purpose, you have the Wholeness of Life and Its magnificent action, rushing to fulfill that call in your requirements. If it is destructive,

Property of Saint Germain Press, Inc.

you can only utilize what energy has been accumulated about your physical form. Life does not and will not release Its Energy in your understanding of the Presence of Life and call to It for a destructive purpose! That is where so many have failed who have come into This Light, hoping that they would get hold of a knowledge and use of energy, by which they could perform destructive activities. Well they cannot do it, because Life will not release It!

Please understand this! One of you, *if you really* understood it, is more powerful than all destructive forces; because you, in your constructive activity, are the Power of Life in Its Dominion of the whole Universe. That is why once you understand your Power, your Dominion in the call to Life—all anxiety, all fear, all doubt will cease to be and you will stand the Dominion of that Light to which you are calling. Its Radiance will pour forth, harmonize, go before you and enable you to move into action and do the things that would be incredible, impossible without It.

This is why gentlemen, We keep you upon these Realities, until they become such a part of you that as you have used the terminology so long—they act automatically. Of course there is really not a thing in the Universe that acts automatically; but you have become accustomed to that terminology. You think the organs of your body act automatically, well they do not! They are under the direct action of your Higher Mental Body. So is everything, but as this Power and Force intensifies and increases, it acts at your calls, which many times have been made weeks before. Understand this—every call you make in deep sincerity must compel its response!

Now notice! If the Harmony of your being is not sufficient at the moment, then that Energy, that Light will stand there waiting, until the necessary Harmony

Property of Saint Germain Press, Inc.

acts within your feeling world, to allow you to go forth and perform that service. It is just precisely as if you are calling—take this illustration—for the healing of an individual form. The individual has asked for it, and in the meantime becomes too inharmonious for the Current of Life and Energy to act as it is drawn forth to them; but still will that stand there, until the moment when that form becomes harmonious enough, then it will rush into action, if it is hours or weeks later. That is the Power of this Great Law, and shows how you cannot reverse these Currents, when you have called them into action; but they go forth and just like a guard watch and hold the opportunity sustained, until they can come into action and fulfill the command of that call.

Gentlemen, that which makes the call within you for constructive purposes, is the lesser part of Life, calling to the Greater Part of Itself. You see how natural and practical all of that is and how your calls cannot fail to have the answer; for in every socalled problem is the solution, but mankind have not known it. They have not believed it and in so many instances, have refused to accept such a thing; but Life is ONE, gentlemen, thruout the Universe!

We are One with that Perfection of Life which is really you. Then why would We not be your assistants? Why would not Life command Us to go on and lift mankind to their own Source because We are a part of that same Life which you are, and have moved thru this sphere of action? Then, We belong to you. You belong to Us! We both belong to Life!

Oh, for the day that mankind can see and understand, that these numerous forms are but the garments which Life is wearing and which you have changed so many times, but that is not important. When you come to the point where you understand that you are Life inside of

Property of Saint Germain Press, Inc.

those bodies and that you are the Governing Power of Life within them, in that form; then, that Presence of Life which you are, will take command of those forms and bring them into Perfection, into obedience, into Perfect health and the Complete Harmony, in which the Intelligence of Life may flow forth into your world, harmonize and produce any service upon which your attention may be fixed.

Please understand the enormity of the Power of your attention. When your attention is fixed upon something, the Power of your Life is flowing there; and if it is upon discord, then that discord upon which your attention is fixed and into which your Life is flowing, clothes it; and it comes back to you with the discord upon which you fix your attention.

If you fix your attention upon the Presence of Life where only Perfection reigns and where the Power of Achievement is, then you will have the Fulness of that Perfection out-pictured. If discord and limitations can out-picture in your lives and your bodies, then your attention to where Perfection is, will cause Perfection to out-picture instead.

It is the most practical thing in Life, in the Universe, but mankind have not understood it. I tell you something. When I enter these Class Rooms and see among the audience the hundreds of individuals whose Light in the heart has expanded sufficiently, almost to the point of illuminating the brain and intellect; then just some little thing, some little doubt or questioning prevents that, if We could experience pain and distress it would be then. We constantly observe this in the audience.

Gentlemen, can you understand what a tragic thing it is, when individuals are so close to their Eternal Freedom and then allow some human sinister thing, doubt of Us, to come in and make them a failure? These are

Property of Saint Germain Press, Inc.

the things that We must meet! We cannot compel human beings not to do these things. Her Life Stream, would not permit Me to give the promptings that her outer demanded; therefore, she doubted Me! She doubted the Messenger! The fault is hers. The fault is every human being's who doubts!

We are constantly giving limitless proof to the world, not just what the human always demands, but it is there absolutely; but if they fail to see it, should We be condemned?

Gentlemen, do you realize the magnificence of the Dictations which have been given thru this good Brother? Never was such a thing on earth and there is no human intellect existing on this earth who could do half of it. (applause) That is one point I call your attention to, but if mankind fail to see these proofs, well is it Our Fault? It is because they allow themselves to accept human suggestions.

With all the Love of My Heart, I want to prompt you; because if anyone will listen to this and hold fast to it, it will save himself or herself untold agony, distress and limitations! Anything that makes you feel discordant toward persons, places or conditions is a sinister thing, trying to take away from you your Freedom! It does not matter from what source it comes, not the slightest; but it does matter what is acting within your own feeling world. Doubt and fear are the two most treacherous things that mankind have always had to deal with! Every human being who gains his or her Freedom must enter thru those two doors of doubt and fear. On the picture night during the class, you will see the picture which shows it very vividly.

It is a wonderful thing, and if mankind understand these things and are prompted, then they can avoid them, they can ward them off; but unless you do that, I tell you, gentlemen, you are absolutely helpless be-

Property of Saint Germain Press, Inc.

fore the forces of mankind's own discordant creation. You cannot avoid it, you are moving in a world of mankind's creation; and unless you understand that your "I AM Presence" is the Life animating your body; and your call to It will envelope you in that Tube of Light within which you are Invincible to all discord, you are constantly affected by the discord of the mass accumulation of mankind.

How can one succeed, how can one be happy, when all kinds of feelings of limitless description are constantly catapulted at that one? That is what the atmosphere is filled with—mankind's feelings thrown off and charging the atmosphere!

You have all observed in these Class Rooms, how you feel Our Radiance. Of course It began in the Class the first day here, but many times, it takes two or three days to dissolve the human discordant radiation, which has been charged into the building before Our Radiance can begin to take full command and bring the Peace, Rest, Happiness and the Glory each one feels in these Classes! That is what I mean, but unless you are on guard for your individual world, you are constantly accepting thru the feelings, limiting discordant suggestions and they act out! You do not know it is not yourself, but I do.

That is why, today, I endeavor so earnestly to prompt you on some of these things which will make you Invincible, if you will just do them. To everything that touches your feeling world or that comes to your attention, which is less than the Perfection of the Presence, say: " 'Mighty I AM Presence' stop this thing! Keep it out of my world," then you will find yourselves absolutely protected and Free.

In all the Power at My Command, in all the Love of My Heart and as your Life Stream permits, shall I charge and enfold you, Minute Men of America, in the

Property of Saint Germain Press, Inc.

Glory of that Light, Its Directing Intelligence, Its Power of Invincible Action; that you may go forward the Ambassadors of Light, charging Its Glory forth everywhere you move; and let flow thru you the Presence and Power of Light like a Mighty River and spread Its Radiance, Happiness, Its Harmony everywhere you move.

I thank you.

· GEMS OF LIGHT ·

SAINT GERMAIN

I want you to feel today how definite has been removed, the obstructing way to the Victory of the Light. Since the feeders of all destructive forces have been removed, try to understand how powerful it is. If you remove the feeders of a stream, the stream has to dry up, does it not? Well, the feeders of these streams of destructive energy have been removed; therefore, that thing must dry up. It must dissolve and disappear from the earth. It has to.

SAINT GERMAIN

Since there are so many hundreds of thousands of calls to be set Free which come from the people who have placed themselves in limitations, then the requirements of Life are being fulfilled, for the complete removing of these conditions by which mankind have bound themselves. Now this is definite Law. There is nothing can stop or change It.

· THE CRYSTAL CUP'S UNFED LIGHT ·

BELOVED Precious "I AM" Students thruout the world, let us each one make the call to our own Beloved "Mighty I AM Presence" and our Precious Ascended Master Saint Germain to focus into each "Crystal Cup" under this Radiation, a Mighty concentration of the Unfed Light from His Octave of Life, to be an intensified, sustained action of the Cosmic Light within the world of each one.

From this we many times a day accept and call forth the Streams of Light and Substance required to be the supply of whatever each one desires to use to expand the Victory, Light and Freedom of the Ascended Masters for America and all mankind; and from which the Ascended Masters can draw into each one's world all required to fulfill God's Divine Plan for each one in

Property of Saint Germain Press, Inc.

physical manifestation, here and now in this physical world, until the Ascension is completed!

If you remember what Saint German said in a former Dictation, you will recall that He asked us all to make the call for our own "I AM" Temples, "I AM" Schools, "I AM" Homes of Light and that if the proper preparation was made He might give us "Globes of the Unfed Light," like those in the Temples of South American Civilization and like those in the Retreats of the Ascended Masters thruout the world!

It is to remind each one of that God-Power which *can* come forth to bless all under this Radiation and thru them America and the world, if those who understand this Ascended Master Instruction of the "I AM" which Saint Germain has given, will make the call daily—give some definite time, attention and devotion to the acceptance, deep in the feeling, to enable the manifestation to come forth, which all are craving and which at a certain time must come to be the fulfilment of the Law of Light that forever consumes all human ignorance, viciousness and limitation forever!

The following is the Decree to give:

"Mighty I AM Presence," Great Host of Ascended Masters, Mighty Legions of Light, Great Angelic Host, Great Cosmic Beings and Great Cosmic Light!

Powers of Light from the Great Central Sun! Beloved Saint Germain, Jesus, Daddy, Nada, Great Divine Director, Mary the Mother of Jesus and Archangel Michael! The Powers of Nature and the Great Beings who direct Them, the Seven Mighty Elohim, the Seven Mighty Kumaras, the Seven Mighty Chohans, the Gods of the Mountains, the Mighty Maha Chohan, Mighty Cyclopea, Silent Watcher and Lord Maitreya!

Draw a Mighty Focus of the Unfed Light of a Thousand Suns into the Crystal Cup of everyone under this Radiation! Concentrate, sustain and increase It each

Property of Saint Germain Press, Inc.

day and make It visible to the physical sight of all mankind.

From It draw forth whatever I require to expand this Ascended Master "I AM" Activity, Victory, Light, Freedom, Divine Justice, Protection and Perfection thruout America and the world; and to fill my being and world and all under this Radiation with every good thing until we are all wholly Ascended and Free!

Thru that Unfed Light, blaze forth the Unfed Flame in whatever Power is required to overwhelm all that is not constructive in mankind the earth and its atmosphere forever; and flood Ascended Master Miracles of Perfection everywhere we go forever and to all to which we direct our thought, feeling or attention!

Compel the Power of Instantaneous Precipitation, Etherealization, Levitation and Transportation to come forth from Our Crystal Cups into the use of all those under this Radiation who will use them only as the Ascended Masters do!

Beloved Jesus, Pour forth all Your Power of the Open Door which no man—no human creation can shut! and annihilate all doubt, fear, lack, hate, anger and discord from our beings and worlds forever!

Beloved Goddess of Light! Pour forth all Your Power of the Three Open Doors into the Ascended Masters' Octave of Light and the Power of the Inner Chamber to enfold all under this Radiation forever!

All Great Beings and Powers of Light! Compel such Overwhelming Miracles, Victory, Freedom, Supply, Healing, Protection and Perfection to come forth thru Saint Germain's Focus of the Unfed Light in our Crystal Cups that they compel all that is not of the Light to be consumed this instant and the Authority of the Light to take Its Dominion in all forever and compel God's Divine Plan for all mankind to be fulfilled forever!

"I AM" STUDY GROUPS

BELOVED Precious "I AM" Students everywhere, in your Study Groups, continue just as you have in the past, only with more unyielding determination than ever, that the Divine Rights of Life in every human being to worship God as our hearts dictate, shall NOT perish from the earth!

The only hope for mankind on this earth today is for the people to turn their attention to the "Mighty I AM Presence" and the Great Host of Ascended Masters and call to that Source of all Life, Light and Perfection to come forth and give the Protection which mankind cannot hold for themselves!

There is no protection for any human being on this earth if you depend on the ways and means human beings are using in the outer world today; because all human effort fails when it ceases to remember the Name of its Source of Power and existence!

Ever since mankind forgot the meaning of the Great Creative Word "I AM"—they have been going down, down, down, into greater and greater destruction and limitation!

The only Power in the Universe that can raise them is the "Mighty I AM Presence," and Great Host of Ascended Masters! Those who refuse to call to that Source for Help will not have Help!

Saint Germain has told the business men of America for four years, that the man who did not give these "I AM" Decrees for the protection of his business would not have any business; and today you see His Words being fulfilled on every hand!

Property of Saint Germain Press, Inc.

There is nothing in this world worth living for, unless it contains God Qualities, God Plans, God Power! All else is pain in the body, grief in the mind and feelings and lack in the affairs because all else is disintegration! God is the Only satisfactory Activity anywhere in the Universe!

Beloved Group Leaders and Students everywhere, please do not let down on your individual dynamic application, as well as in your Group Activities. Now is the time for more intense calls and action than ever before! As the destructive forces grow more arrogant and aggressive, then is the time to pour on more Light! That can only be done thru the calls of the "I AM" Students to the "Mighty I AM Presence" the Great Ascended Host, the Angelic Host, the Legions of Light, the Powers of Light and the Great Cosmic Light Itself. After all it gives each of us an opportunity to increase our own power by more Cosmic Light!

That Cosmic Light is increasing more rapidly every day, and if the constant calls are made with dynamic sincerity and determination, it will enable the Mighty Arcturus and the Great Goddess of Liberty to release that "Light as of a Thousand Suns" into America to dissolve and consume all human selfishness and discord from the planet. They have said They would do it, but we must not let down on our calls to Them that this be done! When that stroke comes, all discordant individuals and conditions within Our Land will cease forever.

Children of the Light, you are the Vanguard! You are the Individual Focuses thru which this Cosmic Light can be released! Do not let one fail to make that call daily, yes hourly; for nobody on earth except those who have been trained and directed thru our Beloved Saint Germain and Daddy, know how to make the call. Therefore, a grave responsibility rests upon each one!

Property of Saint Germain Press, Inc.

It is for this reason we are calling your attention to the greatest privilege and opportunity of all life times. We know not one will fail Saint Germain, Daddy and the Great Ones at this time.

Keep calling the Powers of Light into action for America's Invincible Protection and that of her people, especially our blessed young people who are being sent into foreign battle grounds! See the Cosmic Light descend and wind Itself around each and every one and form a Wall of Invincible Protection around them at all times! These are not imaginary activities, but if called into action, It gives the Powers of Light the opportunity to bring this to pass.

Go on in your Group Activities as you always have, only with greater determination and intensity; and remember our Beloved Saint Germain said in the very beginning of This Work: "This Work goes on in spite of any individual or all put together," and He is big enough to fulfill that Decree!

We are calling hourly for your Invincible Protection, your Freedom, Limitless Supply, Strength, Courage and a greater Determination to have the Victory of the Light move into America quickly! Do not accept the appearance world! Keep your attention upon the Perfection you desire to bring forth, and say to all discordant conditions: "You have no power"! To dwell upon the destruction of the outer world draws that into your own world to handle. So be wise and alert! BE the out-picturing of the Perfection you desire! Only as you do this can you expect to see the Victory of the Light come quickly into America! Be unconcerned as to how or when it comes! Just know without any doubt that IT WILL come! Then do your part toward the hastening of this thru your calls and constant application of the Law.

We and all the "I AM" Students thruout the world are the most grateful people on this earth for the priv-

ilege and honor of carrying and defending this Ascended Master "I AM" Activity, which is the Giver of all Good to all forever!

Therefore, we should be the happiest, most courageous, most fearless, unyielding people on earth; for God, the "Mighty I AM Presence," the Great Host of Ascended Masters, the Angelic Host and Legion of Light are with us.They are our Friends of the Light and who should be down hearted with the "Mighty I AM Presence"—God, the Ascended Host and Angels for their Friends.

They are the Light of the Universe and who can take Light out of existence! Human plans may come and human plans all change, but the Light—the "Mighty I AM," the Ascended Masters, the Angelic Host, the Legions of Light go on forever; because none can take Them out of the Universe.

The Light of God never fails!
The Light of God never fails!
The Light of God never fails! and the
"Mighty I AM Presence" is that Light!

SAINT GERMAIN

We have said before that the time would come, when quickly vicious forces sent out from individuals would return upon them. That time has arrived. I mean by the Power of the Cosmic Light. This is not an individual thing at all; but the Power of the Cosmic Light which is demanding Its Reign upon earth. This hour starts Its Mighty Activity in that respect.

BELOVED Precious Students of the "I AM" School, we enfold you in all the Power of Light and the Flame of Love from Daddy's and Donald's and my Heart every day many times!

We call for all the Ascended Master Honesty, Honor, Love, Freedom, Light, Wisdom and Victory to blaze thru you in all you do until your Ascension. We call our Beloved Saint Germain, Jesus, Daddy, Nada, the Great Divine Director, Mary the Mother of Jesus, Archangel Michael, Mighty Harmony and Glorious Victory, all the Goddesses, Beloved Meta and Beloved Quan Yin to bring forth the complete Fulfilment of Your Ascended Master "I AM" School and it *shall* come!

We call our Beloved Hercules, Helios, the Seven Mighty Elohim, the Seven Mighty Kumaras, the Seven Mighty Chohans and the Gods of the Mountains to seal you in the Heart of the "Mighty I AM Presence" and the Ascended Masters' Octave of Light! to let nothing find you but the people of the Light! and to keep you forever Invincible, Invisible, Invulnerable, Victorious and Free from all but the Cosmic Light of a Thousand Suns, until you are wholly ascended, and so shall it Be!

Remember the only thing in this world worth living for is God, the "Mighty I AM Presence" in Action, in and thru you and all who are constructive! the Great

Host of Ascended Masters and the "Light of God that never fails"!

Therefore measure all you do by those standards! No matter what any other human being on earth does or thinks, you live always within what you think and feel; and no thought or feeling less than God's Perfection—which the Ascended Masters are, will ever be satisfactory to your feelings or make you happy. Nothing else is worth one moment of your time nor one ounce of your energy.

This is a Self-evident Law of Life. Any other thought or feeling always brings one or more problems with it and sooner or later all must be dissolved by the Light of the "Mighty I AM Presence"—the "Light of God that never fails"!

· GEM OF LIGHT ·

SAINT GERMAIN

Few of the students give sufficient attention to the use of the Violet Consuming Flame. It is so important, because It is what Life has provided for your use; and while the Messengers have said it so many times, still many do not feel the importance of it. It is the only means Life has provided by which your accumulation can be dissolved. Everything has its special action, and people do not understand what they say! "Since these Light Rays are All-powerful, why would They not do the same thing?" Why would Life provide the Violet Consuming Flame for that specific purpose if It were not Its Work?

Property of Saint Germain Press, Inc.

BLESSED Precious "I AM" Young People, you are America's dearest Gift from God and the Hope of the future of Our Land!

Upon you also shines the Ascended Masters' Light of God that never fails! Call It into action to do anything and everything you require, to not only BE your own Invincible Protection against all destructive habits, feelings, suggestions and forces; but call! call! call! all of the Cosmic Power of the "Light of God that never fails" to protect all constructive young people in America, against all destructive forces and suggestions, whether they be "I AM" Students or not!

Constructive persons, places, conditions and things must have our call for their protection because there is no power they can call into action by their own application, which can be their protection at this time!

Mankind for centuries have been taught the constructive principles of Life intellectually speaking; but human beings have not been given the way and means of applying those principles, until they could generate a momentum strong enough to overwhelm destructive forces. If they did, the world would not be in the jaws of destructive forces today!

Since the Energy and Intelligence of Life is the only means by which human beings ever do anything—good or bad—then the All-powerful use of Life's Energy, according to the Law of the Ascended Masters' Octave, is the Mastery of all in this physical world; and no one

Property of Saint Germain Press, Inc.

ever overcame destructive forces permanently in this world in any other way.

Many people change conditions by human force, but that is only temporarily; and sooner or later the problem appears in some other form. So, the only way to build any permanent good, or happiness is to use the Ascended Masters' Law of the "I AM" in everything we do all the time! Then the individual builds a momentum over a period of time that becomes a pressure of Light against destructive conditions which eventually overwhelms them permanently.

So it is in America today! So it is in the world everywhere and so it is in each individual's personal activities, until only God Qualities, only God-Plans, only God's Perfection can act here for all!

GODFRE OUR LOVED ONE, ASCENDED

IT is our great privilege to announce the release of a new song — "GODFRE OUR LOVED ONE, ASCENDED," by the Messenger, Lotus Ray King.

This new song is a tribute of Love and Adoration to our Beloved Messenger, Mr. Guy W. Ballard, and is an Out-pouring of our heart's gratitude to Him, for the Blessings He is constantly releasing to all under this Radiation, from the Ascended Masters' Octave of Light.

This song is dedicated in Eternal Love and Blessing to the "Mighty I AM Presence," and our Beloved Mes-

senger. May all who sing, play or hear the lyrics and music or contemplate His Picture, feel His Enfolding Love pour back to them, bringing them Eternal Freedom in the "Light of God that never fails."

This song, both lyrics and music, is the answer to an intense call for some way in which to express the deep Love and Gratitude of the "I AM" Student Body to our Beloved Messenger for all He has done for them; and for being the Open Door to bring to them the Understanding of the Law of Life, which will lead them into their Ascension.

The Cover design is an actual photograph hand colored by May DeCamara to whom we are deeply grateful and extend to her our Love and Blessings.

May this song be sung by everyone who seeks Freedom from the distress of the outer world; and thru It receive their Freedom and release.

No greater privilege could be given one than to be the channel thru whom this song could come; and our hearts sing with gratitude and praise for this opportunity and Blessing.

SAINT GERMAIN

In the coming forth of the song "Rainbow Rays" with the three cities being indicated, I could not help but smile when many were interpreting it as the only three cities that would be saved in America; when it was definitely stated they were the three Focal Points of Light. You see the human is so ridiculous and the moment it is allowed to put its interpretation upon things you see how distorted it becomes.

OUR NEW MUSIC

It is our great privilege and joy to announce the release of a folder of three songs by the Messenger, Lotus Ray King.

They are –

"I AM" HERE
ANGELS OF SAINT GERMAIN
FREEDOM'S TRIUMPH

They are all dedicated in Eternal Love and Gratitude to the "Mighty I AM Presence" and our Beloved Saint Germain, with the intense call that we be made and kept forever worthy of the Light and Love He has given us all in this Mighty "I AM" Activity; and for the privilege of carrying and protecting that Light, until all mankind are ascended and Free.

May there go forth thru these songs such Love, gratitude and adoration to our Beloved Saint Germain for all He means to mankind, that every human being on earth may be privileged to see Him face to face in His Visible, Tangible Ascended Master Body and Know Him as we do!

May all who sing, play or hear these songs feel His Mighty Reality, His Enfolding Presence and Love pouring out to them and bringing Eternal Freedom in the "Light of God that never fails."

These songs, both music and lyrics are a direct answer to our intense call, that thru music we may all pour to Him constantly our Love, Adoration and Gratitude for His Immeasurable and Eternal Gifts of Freedom and Illumination; and for being the Open Door for the Ascended Masters' Instruction of the "Mighty I AM Presence"—the Law of life—to raise all into their Perfection.

Our beloved Frederick Landwehr has made the arrangements and we call Eternal Love, Gratitude and Blessings to enfold him forever.

May these songs be sung by everyone who seeks Freedom from the distress of the outer world; and thru this music and Love receive their Freedom and release.

No greater privilege could be given anyone than to be the channel thru which these songs could come; and our hearts sing with Eternal Love, Gratitude and Praise for this opportunity and Blessing.

ANNOUNCEMENT

BELOVED PRECIOUS "I AM" STUDENTS EVERYWHERE:

Because of the recent vicious attempt to interfere with Saint Germain's "I AM" Activity in our beloved United States of America, by denying us the use of the mails, in bringing This Ascended Master Light and Freedom to mankind, we are standing a million times more firm and unyielding than ever before, because this "I AM" Activity goes on regardless of any human being or all on earth.

It is the Activity of the Ascended Masters and They will carry It forward until all are free. Therefore, you can always reach us thru Saint Germain Press, Chicago, Illinois, only by Western Union Telegraph or American Railway Express Company. Until further notice, do not use the mails or P. O. Box numbers. I will come to as many of the Reading Rooms and Sanctuaries as my time will permit and greet you all personally as soon as possible.

We ask you to get your magazines at the Reading Rooms until such time as this unwarranted persecution of us and This Light is annihilated and the Victory of this Glorious "Mighty I AM Presence" stands revealed for all Eternity.

Donald and I are NOT GUILTY of the things of which we have been accused—never were and never will be. That is the Eternal Truth before God, man and the Universe and time will prove that Truth to all. We have given only Good, Truth and all that is

constructive and God-Like. We have given infinitely more than we have ever received; and never have at any time anywhere for any reason defrauded anybody of anything; and time will prove the Truth of that statement to the world also.

We have defended America and her people and all America means to the world and we always shall. We ask all to call to your own "Mighty I AM Presence" and the Ascended Masters to show you what you should do in regard to your outer world activities, then follow your own feelings and direction to the best of your ability.

We never have and do not now advise anyone what to do as we always leave each one free to follow the promptings of his or her own "I AM Presence," so only Perfection can come to all. We shall at all times continue to call for your Invincible Protection, Perfection and Limitless Supply to bless you until the moment of your Ascension.

We enfold you in all the Love of our hearts. We call the Ascended Masters and Angelic Host to stand guard over you forever and clothe you in Their Overwhelming Victory of the "Light of God that never, never, never fails."

In Love Eternal, we sing to Thee!
Thy Cosmic Power flows now—sets free!
Clothe us in Music from Thy Great Sphere!

· SAINT GERMAIN'S DISCOURSE ·

San Diego, Calif.—January 22, 1939

I THANK you, beloved ones and friends of San Diego, fellow students and those who are visiting here today. I trust that I shall be able to set you on fire today. (applause) So will you sit down before I begin?

You know the Messenger was just saying to you, that you need enthusiasm. Well, I am going to see if I can help you. How true it is that you need to call forth a greater flow of energy, beloved students, into your world of action. Please do not question your ability to do this! The Presence of all Life, the "Mighty I AM Presence" which is beating your heart is LIMITLESS ENERGY! IT IS LIMITLESS INTELLIGENCE! IT IS THE SOLVER OF ALL PROBLEMS!

Now won't you believe that—I mean feel it? Oh, don't just think of it as a possibility; set Its Almighty Power into action! Oh, do not float around here; let Us get right into action.

You won't think Me unkind, will you, if I say a few things? My dear ones, why are these human forms here? Because right here is where the mistakes of mankind have been made—in the human octave! Right here is the only place in the world they have to be cleaned out. I know you do see that intellectually, but remember you do have all Authority and Power to call into action this Infinite Limitless Energy to go forth at your bidding; to cleanse and purify your bodies; and to go out into your world and harmonize by Its Mighty Currents of Energy everything in your pathway.

Now, beloved ones, you have heard the Messengers and some of Us say, that in the mental world, all mankind are one; and in the feeling world all are one. That is all very true, yet your individual world and that which your Stream of Life wants to do for you is quite independent of every other one! I mean

Property of Saint Germain Press, Inc.

by that, in this human form. Of course your Higher Mental Bodies and your Presence are all ONE, but I am talking right out here—let us get down to brass tacks and get into action in this Power you need.

My dear ones, you know the statement you use quite often —"You haven't seen anything yet"! Well, you are going to believe that pretty soon. You are going to realize that it was not just a statement which came forth, but back of it is an underlying Almighty Law; because I tell you, beloved ones, you have not seen anything yet, in the power and action of Life which will come forth at your call! You are just getting started!

Look, for instance, in all that the Messengers have accomplished, my goodness! they are only getting started! Just let that take hold of you today! Let that Power of enthusiasm which I am calling forth take hold of this city. By George, I am determined that this has got to be done; (applause) and remember, We are not going to let George do it, either! We are going into action by that Mighty Power and Current of your own Life!

Blessed ones of Los Angeles, won't you make your call for San Diego, that her people *awaken* to this Great Truth; and go into action here and have a Mighty Focus? San Diego, I wonder if you quite realize your position here! Now this is interesting. Do you realize that you are one focus for the defense of Our Land? You have a service to perform which is quite within your ability and your power, and that is why We are here today.

We are bound to stimulate a greater enthusiasm, a greater drawing power here, to bring the blessed people of San Diego into this Understanding of Light, and to dissolve all this silly nonsense of vicious false stories which have been spread. Beloved ones, be fearless in it! You watch it! You know I have said to you time and again I am no prophet and don't pretend to be; but you will see the vicious individuals who have spread untruth about This Work go down just like tenpins. (applause) Now why do I say that, beloved friends who are here? For the simple reason that there is not one thing in this Understanding of the "Mighty I AM Presence" which any human being on the face of this earth can justly object to!

It is the explanation, the application, the action of individuals' own precious Life which is beating their hearts every moment; and are there any human beings in this land so stupid they do not want to have the understanding of their own Life,

Property of Saint Germain Press, Inc.

to bring about greater happiness and Perfection? If there are, then they are in a bad way—but this is your own Life We are talking about. We are just an advanced action of your own Life—We who have reached the Ascension and Our Freedom! We would not ever talk to you about anything except your own Life—that is all there is in the Universe to talk about!

Remember all of these old occult things and the mystery which has been thrown around Life has been swept aside! (applause) This Mighty Understanding of Life is going forth in Its simplicity, Its Beauty, Its Power, Its Perfection, that all may understand and apply It, if they will.

Now remember, beloved humanity, in this help, We are offering It with all the Love of Our Hearts; and if you do not believe It and apply It, how are you going to get help?

Your America needs you! Your America needs Us; and Heaven knows *just now how much* it does need Us! but after awhile, when We get you regulated, you will have to look out for yourselves! Would you believe that? The day is coming when your understanding is going to be sufficient, so you will be able to handle conditions yourselves without Our Assistance! Wouldn't you want to be like that? (applause) Wouldn't you like to feel that you have the Power within yourselves to cope with and solve everything that confronts you? Is there anyone who would not rejoice in that above all things? Is there any person in this world who does not want to be independent? The only way you can be independent is by the understanding and application of your own Power of Life.

Beloved ones, so far as your individual world is concerned, it is wholly independent of every other one. Your Life Stream wants each one of you to do certain things, to accomplish certain things; wants you to be the Power that is the sustaining and drawing forth of this Mighty Power of Light into action!

You think of your problems, dear ones. Please hold this forever! You think of your individual problems; you think of the need of America today—and it is great that is true; you think of the threatening conditions over the rest of the world, which would like to pounce upon you and swallow you up. Well, that is important too; but don't you see *the Real Importance is the adoration and acceptance of Life wholly and truly for Its Own Great Perfection which It will bring forth to you? Don't you see that It would be the solving of all conditions in the world, as individuals called forth the Power of the Presence to harmonize their individual worlds?* Then all of

Property of Saint Germain Press, Inc.

those individuals' worlds become one great harmonious action for America and the world. *It has to be done!*

In order to make a thing permanent there must be enough of humanity harmonized and calling forth the action and Powers of Life to hold that sustained; because what is the use of accomplishing a thing temporarily? It is well in itself, but it is not sufficient.

Mankind has gone thru hundreds of thousands of centuries doing this thing. Now let Us help you to not do it any more. Let Us hold fast to the Powers of Light and let It solve everything and make it permanent. That is what We did in Our Individual Lives. I know—notice this carefully—how many there have been into whose Life Stream I have looked, and they said: "Well, those Ascended Masters, They are all right, because They are Free; but what about us down here?" Oh yes, I have seen that a good many times, but what do you suppose was "Us"? How do you suppose We got here? Not by blaming anything else but Ourselves for Our limitations.

Now for instance, let Me speak very plain to you today, for I want to accomplish a great deal this afternoon and tonight. Am I to blame for your conditions? Now We are going to look Life right square in the face for a few minutes. Are any of the Ascended Masters to blame for your conditions? You know They are not! Then since We are ready and willing to help you to your Freedom, could We have any motive but that which was good?

A few unfortunate individuals have said that I did not exist; have said that I was not Real. Well, boy! if I am not Real, then this building is not here. Oh, just be patient, you will find out soon enough that I am Real. Because I don't yet choose to appear before you in the Tangible Visible Form, don't get any idea I am not Real and Tangible. But I want you blessed students—and *I mean all the students—to get this mighty clear in your minds; because if you do not, you are going to come up against a lot of things in which I might give you Assistance; but if you do not believe I am Real, I cannot do it. I love you a lot more than you love yourselves. Would you believe that? It is a fact—a Mighty Truth.*

We, the Ascended Beings, love you tremendously more than you love yourselves; because you do not know yet the fulness of Life which is operating and trying to operate thru you. That is why.

I say to you, Oh my dear ones, *what We could do in assisting you, if you only realized We were Mighty Real, wholly ac-*

Property of Saint Germain Press, Inc.

cepted that We were Real and that We are Tangible. My goodness, what We could do for you! A lot of things We have to do for you which you cannot do for yourselves as yet. There is nothing unkind about this, but because your Understanding or Assurance has not reached a sufficient point yet, We must do a lot of things for you, in order to hasten your Freedom and let you give the assistance to America which is needed at this time.

You know it might sometimes seem as though We were forcing the situation a little, but that is not the case. The great need, the great demand today, beloved ones, is so tremendous that never in the history of this earth was such enormous Assistance being given. That is why I came Myself this afternoon. I tell you, I am setting forces into action while I am talking to you here in this city, that are going to do a lot of dissolving in your Group Activity, because This Work must expand here.

These people are good; they are marvelous and they must be cut free from these false suggestions and stories which have been spread about the Messengers and This Work! They shall be set free this afternoon! (applause—audience rising)

Now while you are on your feet, let Me say just a few things, beloved ones, because when I say *they shall be Free,* I mean that! I am dissolving this afternoon, thruout your city, this false thing which has been spread and the people will be set Free in their feelings.

Remember, I do not wish to coerce anyone. I do not want anyone to come into This Light who does not want It; but I tell you, the people who do want It are going to be Free to get it! (applause) Won't you be seated? You see, blessed mankind do not see the Truth, when they are surrounded by the mist of their own discordant creation; or when somebody else keeps pouring into their worlds discordant false things. Well, the blessed ones are not altogether to blame because they are not strong enough to ward off such interference.

My dear ones, you students who are so earnest, sincere and loyal in the city, won't you take it upon yourselves individually and at least once in each Group meeting, pour forth Love and Blessings upon the people of your city; not only call for them to be cut Free from all discordant things; but pour out Divine Love and Blessings upon your people here? Oh, It is a tremendous thing!

I tell you, dear ones; the Power of Blessing is an Enormous Activity of Life! You have no idea how even that one Activity

Property of Saint Germain Press, Inc.

alone would harmonize and bring about conditions which would enable the solving of your problems to come about quickly; but I tell you, dear ones, as long as you hold resentment, as long as you hold unkindness in your feelings toward anything whatsoever, you are binding yourselves, and you will never be Free in the world as long as you do it.

You think certain things are justifiable, but it is not so! There is not one condition which exists in the world that justifies inharmony in your feelings, or resentment, anger, hatred or any of those things. My dear ones, if you really understand the Law, you will never have a feeling of that kind. All of that is just holding you from the Freedom you are calling forth. There is nothing in the world can hold you here, if harmony reigns in your feeling world.

The very momentum of Life, at your call, would set you Free in such a comparatively short time, if you would resist the desire to feel unkind or inharmonious toward anything whatsoever. It is not only a matter of persons, places or conditions, it is a matter of the Law which is acting.

Almost a third of the limiting conditions of Life is the feeling of inharmony toward conditions. Well, my dear ones, if you feel like that, you are pouring more inharmony upon them.

Oh, the world is burdened under a blanket of discord, condemnation and resistance toward conditions. You cannot remedy them by that kind of feeling, whether it be in your city, nation or individual, because you have to resist that. It is a limitation there within you which will not allow the Power of Life to flow forth thru you to do the thing that is required.

I say to you, please do not pass these things by, beloved ones. The Messengers have pleaded for five years for individuals to see the need of harmony maintained in their feelings, in order to let the Power of Life flow forth, which would set them free so quickly, but they have not done it. The Messengers are not to blame. We are not to blame, but it is the lack of Self-control on your part that prevents you having Freedom and your limitless supply.

Oh, my dear ones, when I see among mankind the great desire and—Oh, may I use the word,—the awful anxiety which besets them over financial limitations and all those conditions, when here above you, my dear ones, is your "Mighty I AM Presence" beating your heart. Please listen carefully! You may have heard this a hundred times, but I hope you are going to get It this time. Precious people, here above you

Property of Saint Germain Press, Inc.

beating your physical heart this very instant, is the Presence of all Life, the Treasure-house of your world!

My dear people, there is the ONLY Intelligence, the ONLY Power, the ONLY Action of Energy, that can take command of the conditions out here in your physical world; and release into your hands and use the money supply or anything else that you desire. Of course the supply will come largely from human channels; but since the Presence is the Owner of all that is, do you not think It will supply whatever you require? Take those of you who are sitting here today—your Higher Mental Bodies are One in the Great Glory and Harmony of Life! Every one of your Higher Mental Bodies want everyone in this room to have an abundance of every good thing! You know that is true!

Your Higher Mental Body wants Perfection for you, which is abundance of every good thing! Then, just think of it, what your call for all the others here would mean for their financial Freedom, for their supply, by calling the Power of the Presence to act in all their Higher Mental Bodies and bring about conditions in the human activity whereby the release could come.

When you accept that your Presence IS the Treasure-house of the Universe and your world, and you call It into action for your supply, Its Love and Wisdom go into action to harmonize conditions in the outer world, by which the means of supply must come; because you cannot precipitate yet. I won't say you cannot, but you have not! I do not know what your Presence might do thru you, but since you have not so far, naturally the supposition would be that your Presence would go into action to harmonize conditions and people, and bring thru human channels your money supply.

My dear ones, think, think of the Love of these Messengers for humanity. If you knew the thousands of dollars that they have put into the Expansion of this Light, besides their own energy and effort in putting forth This Work, you would be amazed. (applause) Now this is a sample of Life, dear ones. Since they love humanity enough to be willing to do this and not reserve one dime for themselves, then isn't it time that humanity see the Truth of their earnestness and sincerity, their determination for the Freedom of America, and for the supply of her people?

It is easy enough for individuals to know this. I say to you, if some of these vicious individuals would try half as hard to see the great loyalty, sincerity, earnestness and Love that the

Property of Saint Germain Press, Inc.

Messengers have for humanity in pouring forth This Light —as they are trying to put destruction in the way of this "I AM" Activity—they would see a different Light themselves.

That is why I say to you—and I mean every word of it—these individuals who have been vicious shall go down like tenpins, because this thing is not right! These beloved Messengers pour forth nothing but kindness and good to humanity and an Instruction that—if people were determined—will set every human being Free.

Then I say to you, beloved students, annihilate everything that spreads falsehood toward This Work, and do not mince matters when you do it. (applause) We are pleading for your lives! Do you know that, dear people? If war came into your America, where do you suppose you would be? Remember, just because you were not in the front line trenches would not be safety to you, because you were back here apparently out of range.

You have seen that in China. You have seen that in other parts of the world. When this viciousness has been released this time, human lives won't amount to any more than a rat to those vicious forces. That is why—some of you may not believe it—but the Messengers have told you and We have told you that We have kept war out of America for more than two years, and I MEAN IT! (applause) For I tell you, dear people, ere long you will see it! You will understand that We have told you the Truth, because when certain conditions that exist in your America still today are revealed—and K-17 is determined to reveal them—then you will see and understand a lot of things that We have intimated, because We do not like to touch upon discordant things any more than is absolutely necessary. But We have to do a certain amount of it, in order that you may see the necessity of your powerful application.

One more thing I want to say to you, and I am speaking to the students now who have had this Understanding for some time. Please, dear ones, do not fall into the mistake that because you have come to know how to issue your Decrees, that you must not give physical action in connection with it. The very Law of your physical octave requires you to give a certain amount of physical action in order that your calls to Life may enable you to go into action; that it may perform thru you the Service you require.

If you sit down in the corner and issue your Decrees, you are very likely not to get the full result. There have been a

Property of Saint Germain Press, Inc.

few people able to call right to their door this Great Action of Life; but since all are not able to do that, I want to correct the thing that has grown in many people. Unless I was to take the time to look into your Life Stream, I could not tell you offhand what your Life Stream demanded of you; but since you must co-operate with your own Life Stream, and in obedience to It be ready in action to do whatever It requires of you, then, when you do that, you will have fulfilled the Law; and you will absolutely have the things for which you call.

Suppose you sat down tomorrow morning, issued your Decrees, you felt the great uplift, you felt the great power of release and your Presence required you to go down in the city to a certain building, to have released into your hands certain things, and you did not go. Would you get them? That is what I mean by action, dear ones.

Your Presence will prompt you. Remember, it is not easy for individuals to distinguish whether it is their own human impulse or the action of the Presence, when they first call the Presence into action. Do not jump at conclusions, because at first you may get a number of disappointments. You may think your Presence has prompted you and you find out it is your own human self, but do not be disappointed if such a thing occurs. Straighten up your spine and say: "Hold on here! 'Mighty I AM Presence,' You see that my human self doesn't do that again." But be joyful instead of disappointed; then, with a firmer determination than ever, call your Presence to direct you and the first thing you know, you will be directed unerringly by your Presence in all activities.

Beloved ones of San Diego who have longed for a greater expansion here, listen carefully! During this dissolving, cleansing Activity I have set into action a direct cleansing and dissolving Activity of the substance within the brain of individuals, which has held them from the clearness of direction. Now may I repeat that? I am causing to be dissolved the substance which has held the students and individuals from the clearness of the direction of their own "Mighty I AM Presence," at their call.

Now, if you contemplate that a little, and think what it means, you will have great rejoicing fill your being; because I tell you, beloved ones, that is what is needed. When you call to the Presence, Its Great Currents of Energy will take action right then and It will send you forth unerringly in

Property of Saint Germain Press, Inc.

the Perfect thing that you should do. You will act in the greatest co-operation with Life and with Its Requirements to bring the results that you see.

Now why did We not do this sooner? I know the human says: "Why didn't you do that a long time ago?" My dear ones, everything in Life must be done step by step. It does not mean that it necessarily requires a long period, but things have to be done according to what Wisdom will allow to come into action, thru your individual Life Streams and your bodies.

Your bodies must have certain preparation; and while it has been tremendous in your calls since the Messengers were here the first time, yet can any one of you say to Me that since the Messengers first visited here, you have remained perfectly harmonious ever since? No, I think you would not care to say that. Well, should that be discouraging? I should say not! Why should it be, since all mankind is full of mistakes? The thing is, not that you have made a few more mistakes, but the greatest mistake of all is to be discouraged, because you found you had.

Oh, don't you see, it is just that great determination which, every time you find you have made another mistake, to be more determined than ever that you won't do it again? You see that is the way you gain the Victory. If you slump every time you find you make a mistake, you are going to slip back two steps and go forward one. You know when you try to go up an icy hill how difficult it is. Of course you don't have that trouble in San Diego, but then there are places where they do. This is the simplicity in the Action of Life. Because, if you are going to be discouraged after you come into this Great Law and you don't want to make any more mistakes, yet under some sudden impulse you find you did, well, what of it? Just be more determined than ever you won't do it any more, then you will quit it.

Don't you see, my dear precious ones, it is the joyous activity toward these things which keeps them from sinking in and weighing you down? Don't you see you have made so many mistakes in the past, what of a few more? Now, in the knowing definitely your Goal, and in knowing it is only the matter of a short time until all those mistakes must cease thru your call to the Presence, then why be bothered if you occasionally make another one?

I tell you that is what many have been laboring under. They want so much not to make a mistake, but they find they

Property of Saint Germain Press, Inc.

have, then they sort of slump. Well, that is a mistake again; but if every time you have not had the response to your calls which you want, you say: "Hold on here now! 'Mighty I AM Presence,' what is the matter anyway? What is the matter with my feeling world? Take out that which seems to be the obstruction there!" Then in that joyous attitude you could say: " 'Mighty I AM Presence,' I call on the Law of Forgiveness, if I did make a mistake. Now let us go at it again! Let us take command and don't You let it occur again." Do you not see, beloved ones, what that one statement would do in itself? " 'Mighty I AM Presence,' don't let me make another single mistake!" Don't you see what a preventive that would be? You would be amazed how that very call sets into action the Law, thru your Higher Mental Body, to prevent further mistakes.

I say to you, you have to be patient when you first come into this Understanding of the Law. Since you have been so long controlled by human impulses; and then you call to the Presence to direct you, if you find you have made a mistake, it is not the fault of the Presence. It might not even be your fault, except in the lack of discrimination in determining what was the right thing to do.

For instance, we might add another thing to that great call: " 'Mighty I AM Presence,' see that I never make another mistake! 'Mighty I AM Presence,' see that my discrimination is always acting with Full Power." Then, don't you see, how you would be able to determine whether it was the call to your Presence that was answered or whether it was the human impulse? My goodness, you have been so long under human impulses. You should be patient in freeing yourselves from them, should you not?

Oh, I tell you, dear ones, the Door is so wide open before you. Do you remember in the early part of the Messengers' work, how many months that one thing was stressed to the beloved students: "I Am the Open Door which no man can shut"? You remember that? If you think back, you will see how that was stressed in the beginning of This Work and how true It is, beloved ones.

If you will take the stand, referring to your Presence which is acting here: "I AM" the Presence, the Open Door which no man can shut to my Great Perfection, then you will have It! Do you know, beloved ones, that there are many statements which apply to temporary conditions, and there are many statements that apply until you have made your Ascension.

Property of Saint Germain Press, Inc.

Now the statements that Jesus gave are Eternal! Just take, for instance, a few of those: " 'I AM' the Open Door which no man can shut." " 'I AM' the Resurrection and the Life." Those two statements are Eternal for every human being.

Notice how those follow. " 'I AM' the Open Door which no man can shut" clears the way for that which you call to follow: " 'I AM' the Resurrection and the Life." You might well these days say: " 'I AM' the Resurrection in Life," because that is literally the Truth. "I AM" the Resurrection in your Life, because I raise all human qualities into My Life and dissolve them there, and you become the Perfection of Life in Its Fullness.

Beloved ones, try to feel your Freedom, and after today, stand as you never did before in the Power of your own application, the Power of your Freedom, and you shall have It.

I say to you, blessed young people of San Diego, We love and bless you for your loyalty to the Light, and for your Mighty Decrees which have gone forth from the young people of San Diego and vicinity. Keep it up, beloved ones, and sooner or later you will find that all of the young people will love to come to you and join you in this Great Blessing of Life. Oh, don't be discouraged, if the response has not been all you wish.

I must say just a few more words about your attention, beloved ones. Just think of it, beloved students, young people and others—all young people—just notice this: What it would mean if you all, as a student body, took the attitude or feeling that now the Work is not progressing here as it should. Don't you see that feeling would go out to everybody? Because remember you are in a position and have the ability to call forth greater energy. Then if you send that energy forth requalified by the feeling that: Well, people are not coming as they should, you just cause them not to come! Don't you see that? So, every time that thought or feeling comes to you individually, say: "Hold on now, that is not true! 'Mighty I AM Presence' is in action here and is bringing the people who should be in This Work right now."

Don't let the feeling go out that your work is not expanding here as it should, but say: "Mighty I AM Presence," see that it does. Don't you see, then, how you reverse all those currents of human qualities? Then the Presence will reach Its Arms out and draw the people here. My dear ones, if you will all take this one stand, I will help you here. Watch, each one of you! Do not let one feeling go out from you thru the

Property of Saint Germain Press, Inc.

power of your attention, that the work has not expanded. Just take the attitude, why it is expanding tremendously! If you will just take that stand and feeling when you enter into your Decree Groups, you will be surprised what will take place. Then you give Me and the Others Who want to help you the substance, energy and the Power with which to act.

There are hundreds of people here in San Diego who, if they had the right understanding of This Work, would love It as you do. But people have listened to discordant things, untruths and believed them; but if you put forth the Power of Light, you will dissolve that. Don't accept it as real or having power!

If you give Power thru your attention to some condition, then the fault is yours, isn't it? You must reverse all imperfect or discordant conditions, beloved ones, instead of allowing yourselves to feel or say or give expression to something which would be limiting or disturbing. Simply say: "Now that is not true! I refuse acceptance of it! 'Mighty I AM Presence,' You are in full command. You bring the people! You release the money supply that is required! You take full command of This Activity and the Expansion of the Light here." Then you would not be giving human beings power.

Oh, don't you see, my beloved ones, how often you do that? Don't you see how often you say: "Well, the work is not expanding here as much as it should," or "this person is discordant and that person is discordant"? Well, don't you see how you are making it more so by the Power of your attention? Because you are feeding your Life Energy into it to make it more intense.

Oh, for that day when the beloved Students feel Pure Ascended Master Love, kindness and response to each other. When they see one in need, instead of saying: "Oh, look at that person, see what he or she is doing," if they would call on the Law of Forgiveness and say: " 'Mighty I AM Presence,' sweep in there! Set that beloved one free!"; then pour out your Love and Blessings upon that one, Oh my dear ones, what a magnificent thing it would be. You cannot afford to judge, condemn or criticize each other. My dear ones, you cannot do it! You cannot afford to do it and expect to be Free!

Just all join in that one great happy throng and refuse to accept any appearance of financial limitation or that This Work has not expanded, and you will find it will expand with a Power that will surprise you! I have been looking

Property of Saint Germain Press, Inc

around and there are a lot of people in San Diego who want This Work, a lot of people! If you will follow these simple suggestions, I will guarantee you that they will be hunting It up.

For instance, take this as one point of illustration. If you are a Group Leader and are discordant, that discordant feeling goes out and repels everybody from you. On the other hand, if you are ready and willing to call on the Law of Forgiveness for all human mistakes, you can reverse the condition. That does not mean you should ever allow individuals who are vicious in your Groups. Such conditions have nothing to do with that to which I refer. I mean as far as your controlled feeling is concerned, you must pour out that great Power of Love and Blessing; and when you are calling for Divine Love, be sure It does not take on the human quality. That is important.

Therefore, if you will do this, We will be able to assist you in bringing the people to you, who really want This Light, for every one of mankind really does, because It is their own Life. It is all there is! This explanation is the explanation, activity and use of your own Life, and there could not be a human being in the world who does not want It; but if they listen to false discordant things, well they just won't get It, but that is their own mistake! If you will not accept those false appearances, if you will just take the stand: Well now there is no person, place or condition who can spread anything in this city that will hold anyone from This Light, don't you see how you would reverse everything?

I know it is so easy to give way to these appearances, but as sure as you do it, you are simply limiting yourself. Now, won't you take that stand and let Us help you? Don't accept another appearance of lack of any kind. Just see and feel the people flooding into your Groups; then pour out such Love and kindness they cannot help but like you.

Let Me show you these beloved Messengers, dear people. If they had not been sincere, if they had not been honorable in pouring out this great Love and kindness to the people, do you think they could fill the Shrine Auditorium as they do twice a year, with all the viciousness that has been spread about them? You see that it does not interfere with it, because they give no power to the appearance world nor individuals. They know they have no power to withhold anybody from This Work.

Property of Saint Germain Press, Inc.

That is what you want to do here. Take the stand there is no person, place nor condition that can hold the people away who want This Light, or that can prevent them coming; and I tell you you will have the people. Your Groups will be flooded, because this is Life! It is the Application, the Freedom of Life in Its Understanding, and if you will do what I tell you, you will have your Groups full. You will have all you desire in the Expansion of the Light here. So will you not do that?

My dear ones, We know your feelings. We know your great loyal hearts; and be sure that We will do everything possible to assist you; but all these qualities of action must be governed, dear ones, individually and in your Groups. You must be patient with people who do not understand yet. A lot of times people are argumentative or sometimes they have a million questions they want to ask, because they are really sincere. But if you cannot answer a question, just say frankly: "Well, I don't think I am able to answer that, but read the books and you will find the answer there." In other words, read and study those books, until you have it so clear in your mind, that you can answer any question from those books.

My dear ones, while there are a few who really read and study those books, just to have the books is not sufficient. They do not carry the Mighty Radiation to you, but you must study and apply them. The Laws are all there, and if you will just do that, you will be so familiar with them that you will have the answer—I mean Our Answers—to every question that confronts you, and soon people will come to know that in the question is the answer.

Do you see the simplicity of that, beloved ones? Life and energy which formulates the question holds within Itself the answer, if you only knew it. It is true, very true, but mankind has not believed that. They have thought they must have some verbal expression. However, you can receive the answer as clearly in your feelings as the spoken word; and as you train yourselves, you will find you will be able to do that.

I thank you, I love you and I bless you, beloved ones, for this opportunity to charge My Radiation into your feeling world and render this Service this afternoon. May the Fulness of that Eternal Power of Light enfold and bless you with Its Mighty Power and Limitless Invincibility; and release from your Treasure-house the Limitless Supply of money and all else required for your happiness, your Freedom, your Service to the Light; and may you *feel* that. I have made this Call

Property of Saint Germain Press, Inc.

today, just now for your financial freedom, for your health, for your strength, for the full power of your application. Will you not accept It and let It do Its Mighty Work?

I know you do not quite see how Limitless We are, and how the acceptance of *Our Decree* would send you forth to Freedom, if you only realized how fully powerfully powerful It is. Therefore, I say to you, in the Glory of your Life which is beating your heart, in the great serenity of Life: call It forth into action, then await Its Mighty Release. For remember, your call is Life in action, accepting Its Own Self, Its Mighty Releasing Power to produce that exact result.

I thank you and bless you forever.

SAINT GERMAIN

Now take Myself for instance. Every one of you here have your "I AM Presence," have you not? Yet I, being the Perfection of Life am just as much a part of your Life as your Stream of Life that is beating your heart, because I have attained Perfection thru conscious attainment; having raised the atomic structure, purified, into the Ascended State, which gives Me the Power and Authority of Perfection here.

ASCENSION DAY

BELOVED "I AM" Students thruout the world, May 14, 1942, is Ascension Day, and this year It means more to America, to us and to all mankind than ever in the history of the world, because humanity must ascend now out of the clutches of the destructive forces, or face the reckoning that the Great Cosmic Law of Life now demands of all that seeks to destroy what God has made.

Therefore, we are privileged as never before to call Jesus' "Power of the Open Door" to clothe us all with His Luminous Presence of the Ascension in that Divine Love which transcends every human concept, and that releases to us now all the Victory and Perfection which is within His Heart.

During Thursday, May 14, let us all give constant Love, recognition and gratitude to our own "Mighty I AM Presence," Jesus, the Ascended Masters, the Angelic Host and the Legions of Light, calling all the Power of Light from the Great Central Sun to flood America and the world with the Cosmic Light, Love, Peace and Victory of the Ascension as of a Thousand Suns to raise all mankind into the Light and give them their Ascension as soon as possible.

This Day should be filled with the Music of the Spheres in recognition of the Ascension of all Life into the Light of Eternal Freedom and Perfection!

SAINT GERMAIN

Take any activity needing attention and say: "'Mighty I AM Presence' charge me with Your Invincible Protection, Your Mighty Directing Intelligence, Your Limitless Energy and keep me at peace! Keep me at rest in the service that I am to render. Make me feel at ease" You see it only takes two or three minutes to use that Fiat, which is Life calling to Its Greater Perfection.

· GODFRE OUR LOVED ONE, ASCENDED ·

IT is our great privilege to announce the release of a new song — "GODFRE OUR LOVED ONE, ASCENDED," by the Messenger, Lotus Ray King.

This new song is a tribute of Love and Adoration to our Beloved Messenger, Mr. Guy W. Ballard, and is an Out-pouring of our heart's gratitude to Him, for the Blessings He is constantly releasing to all under this Radiation, from the Ascended Masters' Octave of Light.

This song is dedicated in Eternal Love and Blessing to the "Mighty I AM Presence," and our Beloved Mes-

senger. May all who sing, play or hear the lyrics and music or contemplate His Picture, feel His Enfolding Love pour back to them, bringing them Eternal Freedom in the "Light of God that never fails."

This song, both lyrics and music, is the answer to an intense call for some way in which to express the deep Love and Gratitude of the "I AM" Student Body to our Beloved Messenger for all He has done for them; and for being the Open Door to bring to them the Understanding of the Law of Life, which will lead them into their Ascension.

The Cover design is an actual photograph hand colored by May DeCamara to whom we are deeply grateful and extend to her our Love and Blessings.

May this song be sung by everyone who seeks Freedom from the distress of the outer world; and thru It receive their Freedom and release.

No greater privilege could be given one than to be the channel thru whom this song could come; and our hearts sing with gratitude and praise for this opportunity and Blessing.

SAINT GERMAIN

To the teachers and children who are in the "I AM" School, I want you to become so sure of yourselves in regard to Our Reality, that not one thing in your world of your own creation or anybody's else can interfere for a second in your, not only acknowledgement, but full power of feeling of Our Absolute Reality. Then, We can do for you what We would like to do; but We cannot do it if you doubt us, and when that doubt becomes too much We just withdraw all Assistance and the individual must take the consequence.

OUR NEW MUSIC

T is our great privilege and joy to announce the release of a folder of three new songs by the Messenger, Lotus Ray King.

They are:

"I AM" Here
Angels of Saint Germain
Freedom's Triumph

They are all dedicated in Eternal Love and Gratitude to the "Mighty I AM Presence" and our Beloved Saint Germain, with the intense call that we be made and kept forever worthy of the Light and Love He has given us all in this Mighty "I AM" Activity; and for the privilege of carrying and protecting that Light until all mankind are ascended and Free.

May there go forth thru these songs such Love, gratitude and adoration to our Beloved Saint Germain for all He means to mankind, that every human being on earth may be privileged to see Him face to face in His Visible, Tangible Ascended Master Body and Know Him as we do!

May all who sing, play or hear these songs feel His Mighty Reality, His Enfolding Presence and Love pouring out to them and bringing Eternal Freedom in the "Light of God that never fails."

These songs, both music and lyrics, are a direct answer to our intense call that thru music we may all pour to Him constantly our Love, Adoration and Gratitude for His Immeasurable and Eternal Gifts of Freedom and Illumination; and for being the Open Door for the Ascended Masters' Instruction of the "Mighty I AM Presence"—the Law of Life—to raise all into their Perfection.

Our beloved Frederick Landwehr has made the arrangements and we call Eternal Love, Gratitude and Blessings to enfold him forever.

May these songs be sung by everyone who seeks Freedom from the distress of the outer world, and thru this music and Love receive their Freedom and release.

No greater privilege could be given anyone than to be the channel thru which these songs could come, and our hearts sing with Eternal Love, Gratitude and Praise for this opportunity and Blessing.

ANNOUNCEMENT

BELOVED PRECIOUS "I AM" STUDENTS EVERYWHERE:

Because of the recent vicious attempt to interfere with Saint Germain's "I AM" Activity in our beloved United States of America, by denying us the use of the mails, in bringing This Ascended Master Light and Freedom to mankind, we are standing a million times more firm and unyielding than ever before, because this "I AM" Activity goes on regardless of any human being or all on earth.

It is the Activity of the Ascended Masters and They will carry It forward until all are free. Therefore, you can always reach us thru Saint Germain Press, Chicago, Illinois, only by Western Union Telegraph or American Railway Express Company. Until further notice, do not use the mails or P. O. Box numbers. I will come to as many of the Reading Rooms and Sanctuaries as my time will permit and greet you all personally as soon as possible.

We ask you to get your magazines at the Reading Rooms until such time as this unwarranted persecution of us and This Light is annihilated and the Victory of this Glorious "Mighty I AM Presence" stands revealed for all Eternity.

Donald and I are NOT GUILTY of the things of which we have been accused—never were and never will be. That is the Eternal Truth before God, man and the Universe and time will prove that Truth to all. We have given only Good, Truth and all that is

constructive and God-Like. We have given infinitely more than we have ever received; and never have at any time anywhere for any reason defrauded anybody of anything; and time will prove the Truth of that statement to the world also.

We have defended America and her people and all America means to the world and we always shall. We ask all to call to your own "Mighty I AM Presence" and the Ascended Masters to show you what you should do in regard to your outer world activities, then follow your own feelings and direction to the best of your ability.

We never have and do not now advise anyone what to do as we always leave each one free to follow the promptings of his or her own "I AM Presence," so only Perfection can come to all. We shall at all times continue to call for your Invincible Protection, Perfection and Limitless Supply to bless you until the moment of your Ascension.

We enfold you in all the Love of our hearts. We call the Ascended Masters and Angelic Host to stand guard over you forever and clothe you in Their Overwhelming Victory of the "Light of God that never, never, never fails."

PEACE

BELOVED MAHA CHOHAN

AHA CHOHAN, Great Cosmic Lord
Enfold us in Thy Flame,
Reveal to us Thy Secrets too,
"I AM"! all shall proclaim!

Blaze now Thy Rays in Mighty Power,
We call forth their Great Light!
Come unto us in Love's Great Peace
And clothe us with Thy Might!

Thyself, "I AM," in Life's Great Call
When Love rules in my heart;
Charge me with Power from Nature's Realm
Compel all veils to part!

Fill us with Light and all Its Gifts
Compel Its Ceaseless Flow!
Raise us to Thee this very hour
Thy Presence all shall know!

Thy Love we call to flood the earth
Our hands reach up to Thee
Thy Cosmic Peace shall now flood all—
Behold our earth set Free!

Expand Thy Light by God's Great Word
Control all that we do!
Thy dove descends on Flaming Wing
We welcome Thee! Come thru!

Thy Hosts of Light from Nature's Heart
Bring Gifts forevermore!
Thy Glorious Self mankind behold!
Thy Presence we adore!

Ascended Master Youth of America—Washington, D. C.
April 15, 1938

BELOVED ones of the Light, we do have occasion for very great rejoicing; and I do congratulate the beloved ones of Washington, D. C. in the joy and happiness that they are able to express in the face of all they have to meet in the way of forces, not necessarily personal, but the generated forces in the Capital of a Great Nation, that naturally oppose the Light.

I want all of the students from various parts of the United States to realize, and I am sure few have, what it means to live in a city, the Capital of a Great Nation, where all kinds of treachery are going on underneath; because spies from all over the world, from every Nation, have watched your America, Our America, for twenty years as you will never know in the outer; because they acknowledge and accept the genius and ingenuity, the speed of activity and the kindness of American people. Why is it that in an emergency the American people can do in a few hours or a few days that which would take other Nations as a rule months to accomplish? This was proved in the past world war.

I want you to know this, not for any human praise, but because of the explanation which this brings forth: in the atmosphere of Europe and the Orient where mankind's atmosphere, and necessarily their own feeling worlds, have been so much more tremendously charged with discord, the very atmosphere in which they move is charged with so much greater discord than America. America being less heavily charged is why the minds of the American people think with a speed, power and accuracy that is unknown in other countries. If it

Property of Saint Germain Press, Inc.

were not for Our Beloved America, even We would not have had a single hope for the protection of humanity or the redemption of the earth; for we have tried thru so many centuries to find response from the hearts of mankind. Once in a while we would get an intellectual response for a short time, then it would disappear.

You think you have trials, you think you have trying conditions to meet, but you have no idea what Our experience has been. Even from Our Unlimited State, you can hardly realize what it means to try and try and try thruout the centuries. Again and again We have accomplished to a certain point, then had to see it dashed to pieces, many times within an hour. That is why I am taking the opportunity in the Capital of your own Country, today, to call your attention to these things. If you will stand guard, you will never fall under the conditions that influence people thru the feeling world, when they do not know what is acting.

You are the most fortunate of people in having come to know the "Great I AM Presence" of Life and Its Application. Beloved ones, do you know what a Privilege, a Power, a Joy and what Authority is yours in this Mighty Application? The words sound simple, but, dear people, the result of Majestic, All-powerful and Limitless. Therefore, just remember to go on, and on, and on, in your application, and do not ever give way because something has not responded yet to your call. Go on with your application and refuse acceptance to the appearance world. I still maintain It is one of the most important things, outside of the acknowledgment of your Presence and acceptance of the Chart. THERE IS NO ONE THING MORE IMPORTANT THAN REFUSING ACCEPTANCE TO THE APPEARANCE WORLD. YOU HAVE GOT TO DO IT, IF YOU ARE GOING TO HAVE YOUR FREEDOM WITH SPEED.

It sounds quite easy, doesn't it, when you say: "Well, I just refuse acceptance of the appearance world," but do you do it? That is the point. You do it with the intellect, but you do not do it with the feeling, precious people.

That is why I am calling your attention to it. I know you won't think Us severe, because We have had to use a positive attitude. This generated force here in Washington was determined to sweep these precious people under. I ask you people of Washington, D. C. and elsewhere, do not have an unkind feeling to the blessed Bresslers; because they have

Property of Saint Germain Press, Inc.

had to maintain a firmness that was almost unheard of in order to battle down this thing, not from personalities, but from the generated gathered destructive forces that always are in the Capital of a Nation. So give them all your support, dear hearts, and you will find their hearts are loving and filled with kindness to the limit. (applause)

Beloved ones, unless you saw from Our Unlimited Standpoint, you have no idea what loving, blessed precious people have to contend with. Because the blessed people do not remember it is a force that is acting and not personalities, sometimes things get to revolving which are wholly unnecessary and unjust to all concerned. Therefore, will you, every one of the students here, take that loving wondrous stand to each other and the Groups and have no concern? Just call the Presence into action and go on with your work! Be unconcerned and refuse to let any human being bring to you any kind of gossip. Even if the thing be true, kill it then, and you will find a Victory in your midst that is magnificent; because in the Capital of your Nation, precious people, it must be established; and I shall bring the Messengers here twice a year, for I think I see My Way clear. (applause)

A tremendous work has been accomplished during this Class, and when I say this, I want you all to clearly understand so far as the human destructive activity is concerned, three more percent of that has been dissolved. It could easily have been twelve or fifteen percent had it not been for other work that was, even just at this time, more important in your Capital. That is why the energy and Power had to be used for other things. Otherwise, We might have gained further percentage in the other way.

We rejoice with you tremendously in all that has been done and this consciously directed attempt to discourage, dislodge and drag under the beloved Group Leaders in Washington is finished! (applause) Now then, beloved ones, if you will only remember, every one of you students, not to let a word go forth from your lips that could be misconstrued into criticism of your fellow student or Group Leaders, you will be able to give much help. Please do not criticize. So much depends upon the next few months on all of this which I am asking today.

If you will do this, I assure you that things you cannot imagine will be accomplished here in your city. When the Messengers return again, you will find the most Transcendent Things accomplished. You who are here are up against a force

Property of Saint Germain Press, Inc.

that exists nowhere else in America, outside of New York. New York has really been the financial center and Washington the battleground of intrigue. There really is not a Capital of any Nation in the world which is not the battleground of intrigue and treachery—some one trying to gain supremacy over another. I do not mean individually, but over the general activity that is required for the up-building and sustaining of a Nation.

You must understand that in all the centuries I have ministered to mankind, that I know every detail. I do not even need to look in the direction of the Capital of any Country to know exactly what is going on there; because of the long, long experience in dealing with the human qualities of mankind.

Today you are fortunate, beloved ones, in having come to understand not only the Source of your own Life, but the forces that are playing upon every human being that exists; and pouring into the condition of the environment in which you live. According to your call, is it small or great. Now, you who are in Washington, New York and Philadelphia should stand together. These cities in the East are where more of this intrigue of Nations is playing. There you need more than elsewhere to hold a firmer guard about your own feeling world. Because precious people, you must—after all that has been said—surely at this time realize that your feeling world is the play-ground of everything, unless you call the Presence to hold that Invincible Tube of Light about you to protect you from it. Otherwise, it is an open play-ground for anything that wants to walk in. That is the difficulty with many of mankind today.

In your application here, you will notice We are holding you so firm upon one point—that it is Light you are calling forth from your Presence and It knows no opposite. If I can get that anchored in your feeling, and I am determined to do it while the Messengers are here, you will not have any difficulty in the future in governing your feeling or releasing the Power that produces results in your world and in the city. This is a point which I feel with all the students of America and the world, is the most important thing to do. That which you call forth from your Presence is Light which knows no opposite; It is Intelligence; It is All-powerful; It contains within Itself the Energy and Substance for the fulfillment. Therefore, if you will keep yourselves reminded in the outer activity of your intellect, that this is the activity taking place

Property of Saint Germain Press, Inc.

in your application, I am sure you will have a Power and answer to your call which you have not conceived before in whatever has taken place in your experience.

I cannot tell you in words the Rejoicing that floods My Being today. Again I want to refer to these two precious ones, the Bresslers. I know—you do not—the tremendous application they are making to take out of their worlds every human thing, every human element; and I know they are winning a Victory unto their full glory. So let every other one be as determined to have the Presence dissolve and consume out of their feeling world every human thing. Everyone who will call for that, will find the desire gone to experience or listen to gossip of any kind.

Oh, it does not make any difference, dear hearts, what is the provocation, but the quality in your feeling is the thing all students today must understand everywhere, if they are going on in their mighty Victories and they really stand ready to step thru the Open Door. Thousands stand ready to step thru the Open Door into their financial Freedom, into their Freedom in every conceivable way.

I trust the Messenger will pardon Me if I get a little strenuous this morning, but I tell you dear ones, when I see, as I have intimated a number of times, the students all approaching a perfectly Magnificent Glory into which they can step —do you wonder that sometimes I want to shake down a building, to have them feel the fulness of Its Importance; and to stand their ground in the face of all conditions, not yielding to any discord so they may go on? Then a few steps further, they would see and know definitely the Truth of these Words.

See today, all the magnificence and beauty that has already taken place in the Life of individuals, dear ones. Miracle after miracle, so-called, has already been performed in the Lives of hundreds of thousands of students. You do not see that as We do; but We see it and We sometimes mention it for the encouragement it means to all, for I tell you it is no idle thing. When you are battling the accumulation of hundreds of centuries, dear people, do you realize what it means? Here in three and a half years, dear people, you are dissolving, consuming and being set free from hundreds of centuries of accumulation. It is the most marvelous miracle ever performed on the face of the earth!

Therefore, you stand today in the Glory and Freedom which is so near in its complete out-picturing—and I mean that from

Property of Saint Germain Press, Inc.

your outer human sense consciousness of it. It is already done within the Inner Activity. I have longed many times, and it may yet come about, for instance as you are here today—to draw the curtain aside and let you see at least some of the things which We know to be, concerning yourselves, your own world and the Freedom that stands there in the mental and feeling world right now. Because you have not seen the full out-picturing thru your human structure—your human body—you sometimes feel doubtful about that Inner Achievement, or think It is not so—but It is done!

I stood yesterday watching the Divine Director, in fact yesterday and the day before in your class here; and I could have wept for gratitude and joy at the Service which He is rendering the students. He is One Who is Authority and He alone may determine whose human accumulation can be completely dissolved and consumed. He never loses an opportunity in these many months to render that Service to every one where it is possible. Yesterday and the day before, in the joy which existed in the class, made it possible for Him to do many of these things. When I see that Tremendous Work going on and the outer activity wholly unaware of it, except the Messenger, well it is just beyond words.

Therefore, I want you all to rejoice in your feeling; because you can feel it in your feeling, until you see the full out-picturing of that. Please, beloved ones, do not strain or struggle for the out-picturing; because many times thru the feeling you throw obstruction in the way, but just rejoice and say: " 'Mighty I AM Presence' You bring the out-picturing forth whenever You are ready," and It will come more quickly and you will not be under any strain in the meantime. You do not know, many of you, how tense you get in the longing to have some so-called miraculous thing appear in your midst. Well you must know definitely as you continue your application, it is not a matter of can or will It do it, but It is compelled to come forth. A Miracle greater than any you have ever dreamed of or hoped for will take place, not only in your individual lives, but in the atmosphere of earth, as the greater momentum and the greater dissolving power of the Cosmic Light's Activity goes on.

Then, as the Mighty Astrea takes more and more of the entities out of the atmosphere of earth which have been the goading power of blessed individuals, you will find relief. Dear ones, I say this for your encouragement: I do not know of anything that stirs My whole Being like seeing blessed

Property of Saint Germain Press, Inc.

beautiful characters, individuals, being interfered with or intruded upon by entities. I tell you it stirs every fiber of My Being, and since the Great Law, the Cosmic Light has permitted this Service to be rendered to the earth, My Joy every day increases for all that is being done for mankind in that one respect alone.

I say to you beloved ones, do not fail to use that entity decree with great intensity at least three times a day. It only takes you a few minutes and if you are where you cannot voice it with dignity, then do it silently; but keep that going in the feeling, for it means so much.

I have debated whether to call your attention to certain things or not, but I am going to do it today, because if you will do so, I ask you to give San Francisco and Seattle this assistance; because it is more there by far, than anywhere else. There are thousands and thousands who are being released in the Orient, from both Japan and China. You have no idea what is taking place. In their consciousness before they went into war, there were hundreds of thousands in China and Japan who longed to be in America because of the conditions that are here for their Greater Freedom. Well, no sooner are they released from their bodies than they make a bee line for their relatives in San Francisco and Seattle.

There are some coming to New York but not so many. You would be surprised. You have seen birds going in a great stream, haven't you, thru the sky? That is exactly the way those people come to San Francisco and Seattle because of their desire. The moment they were released from the body the desire compels it. So Astrea is going to have a lot more to do. Will you individually be kind enough to give Seattle and San Francisco that assistance in the Decree that the Great Legions of Light take all of those from the earth? They do not know it, they are perfectly innocent of doing any harm, but think what that feeling means, being brought into a city. That is acting in the feeling world of mankind. I tell you San Francisco needs help, because the people are wholly unaware of it, and I have not felt it wise to bring it forth before; but it is time I feel it must be done. You can give great assistance by calling Astrea to send the Mighty Legions of Light to take care of those individuals who come.

They are only seeking Freedom and Astrea can give It to them; but they do not know that, of course. I realize quite readily, the intellect cannot comprehend what it means in conditions of that kind—how a longing or desire of years of

Property of Saint Germain Press, Inc.

accumulation is the propelling power when the individual is released from the body. That very desire propels them there, and after all perhaps it may be wise, because here they can be taken where they belong, You will remember that this is a condition with which no other place in the world has to contend. To some degree it is also acting in India, but in China and largely in the Japanese ancestral worship, it holds their people to the earth; not necessarily earth-bound, but because of their desire to remain and return and get into action; because the mass of people know there is no such thing as death. They are not afraid of anything which would cause so-called death. They do not care more than a snap of your fingers whether they are taken out of the body or not; because they know there is no death; they know it from childhood, it is a part of their being. Therefore they go out with a propelling power that the average individual does not have.

So today, in this opportunity to ask for your assistance there, We shall all appreciate it very greatly, whenever you can do it, if you will give that assistance.

Today, as we continue in the class work, will everyone of you feel that complete release and that complete dominion over yourselves and your feeling world? Remember, the Power of your own Presence is your Dominion over all things in the outer world! That does not mean over other personalities, but over conditions and feelings!

I must repeat this to you again. If there were a cloth on this table—suppose it were a round table, and there were a cloth covering that table and I took hold of it in the center and raised it up—I would draw all the remainder of that cloth with it, would I not? That is exactly what takes place with every human being who will stand unyielding against any discord or in giving expression to it. As individuals raise in their vibratory action, they draw everyone else who touches their worlds to some degree with them. Then, do you not see how, if you stand as a body of students here in Washington, with only loving kindness in thought and feeling to each other, your vibratory action will raise naturally with tremendous power and speed, regardless of anything? Then, as you are all raised in this vibratory action, you will raise the vibratory action of the whole city of Washington and the people; then in the government conditions where assistance is so needed, you will find that the atmosphere of individuals in official places will be cleared; and they will begin to get these clear ideas thru which the Ascended Masters want to bring to them. But

Property of Saint Germain Press, Inc.

now They cannot release them because of the density of the discord which is surrounding those people.

This is another point that I want to mention. From five countries in Europe there is consciously directed a haze—do you know what I mean by that, a haze? It is an attempt to throw a lethargy over the mental world of the officials here and to try and impel them into doing certain things which the other countries want; but thanks to the Messengers and you blessed ones, that has been almost completely shattered.

I want to call your attention—remember this is not saying "I told you so," but you will remember months ago the decree went forth to release the gold! It is done! Now then, you have seen another achievement when it looked as though there was not a hope on earth that it would come thru into action, yet it did. Therefore, dear ones, you must see, you must feel with Infinite Power of Authority and Power of your decrees, that you send forth in the mental and feeling world of mankind. Dear people, it is the only hope on earth!

Therefore will you, no matter whether there is a special requirement or not just put that great firmness and powerful feeling in your decrees, so you may have and give this service which mankind needs at this time; because those who don't know about this Light are helpless! They are as helpless as an infant before these forces which are acting among mankind. How can you protect yourselves, if you do not know from what you are to be protected? You cannot do it, because you won't believe it.

We have had to do a lot of calling of your attention to the destructive forces; but, my goodness, if We did not do it, you would not consider it of importance enough to do the dynamic work which is required.

Now whatever accomplishment is made in the future in gaining the percentage of Victory, if you have 100% or you have only 25% to the Victory of the Light, do not let down on your decrees and application. Why do I ask that with such firmness? You have no more idea than a child, dear ones, if all the students of America today were to suddenly stop their decree work, what would happen. What do you suppose would happen? That sinister force would see you stop and would sweep over the earth like a great avalanche; but you are the Power, the Focus of Light which withholds that. So don't let anything in the world cause you to feel for one moment that you should let down on your Mighty Decree Work or your application individually; and don't let down on your Protec-

Property of Saint Germain Press, Inc.

tive Work for yourself and each other! It is imperative! You are going thru the apex of these destructive forces; and I tell you, don't let down one moment on your individual protection for each other and in the work for America; because you have gained tremendous power and momentum! Keep it up and it seems to Me your Victory is absolutely certain, if you will do this!

I am grateful for this opportunity to remind you here of the importance of all this means to you and Our beloved Nation. Don't you know, beloved ones, that the Heart of everyone is good? There isn't one whose heart and desire is not good; but if individuals are seized upon by a discordant destructive force, those precious ones many times are no more to blame than those forces, not a bit. So be charitable, be considerate, be kindly. If something seizes upon someone and makes that one feel irritable and disturbed, your great privilege is to rush to his or her rescue thru the power of your decrees, and see how quickly that one would be free and happy again; instead of allowing something to revolve thru criticism and keep piling more and more upon those blessed ones, who have been made a Focus of Light. You see? Try to feel that in all conditions which confront you. Even though you need to be positive against human qualities, still be kindly in your feeling and think for a moment: "Well, what tremendous force is playing upon them?" You know that it does not belong to them; therefore, give them your loving support; and you will see the heavens open and the Light of God, the "Mighty I AM Presence," take Its Dominion in the world of each one of you; and the Happiness, Perfection, Joy and limitless supply of everything you wish in the Service of the Light will be there at hand in the fulness of all the Blessings and the Power of Love and the Light that knows no opposite.

May that Fulness of Its Power enfold and bless each one of you in this Limitless Activity, Freedom and your Ascension now, in the Glory of that Light. Remember, beloved ones, the positive assurance, the certainty that—if you decree with earnestness and deep feeling for your Ascension in this embodiment and you do not achieve it, then you can be sure as you breathe a breath or sit here this moment, that you will achieve it in the next; because the intense desire of this Life becomes the compelling force of the next. If your attention is upon the Ascension, the Final Goal of mankind, don't you see how truly It would be ten thousand times greater, than any ordinary desire you would be confronting in the outer things of the world?

Property of Saint Germain Press, Inc.

Therefore, you see how absolutely true it would be, for your great desire for your Ascension in this embodiment, to compel It to be accomplished in the next in spite of anything; because that is the Power of Light and is always victorious, if mankind will give the co-operation and response in their feeling.

I leave with you My Love, Gratitude and Blessing and may the Power of that Light descend with Its full Infinite Power and enfold each one and every "I AM" Student in America and the world this day, with Its Mighty Dominion and Conquering Presence; and hold them so firm in the Stream of Light of their own Presence with its ever intensifying activity, that the Glory of God becomes the Power of manifestation on earth in Its Victory of Light, All-transcendent!

I thank you, I love you, I bless you and convey to you the Love Blessing and Gratitude of the Ascended Masters, the Legions of Light and the Cosmic Beings, Who are eternally thankful for the response of mankind, which will make it possible to do for the earth that which for many hundreds and thousands of centuries They have been waiting to do.

SAINT GERMAIN

Every Ascended Master is just as much a part of the Life and Light that beats your heart as your own Life is, because It is the Perfection of Life. Your Presence is the Perfection of Life and thus It becomes one in Its Action thru the human form; then when your attention goes to the Ascended Masters, who have attained that thru the conscious Power of the Ascension, They become the Authority in Assistance to you, which no other thing in the world can become in assisting you to your Freedom by conscious application.

SAINT GERMAIN

Remember, beloved ones, you cannot get away from your application—ever, until your Ascension is attained. It is the most vital thing. Do not let your attention in the outer world draw you from a certain amount of application. I mean definite application. Suppose you only made five minutes dynamic application three times a day. Set your time and make everything bend to that. Do that regularly and allow nothing to interfere with it.

WE VISIT THE ROYAL TETON

ELOVED "I AM" Students everywhere, remember we go to the Royal Teton again June 30, 1942 at 10:00 o'clock.

Try and be as quiet as possible an hour or two before, so as to give the devotion required to your own "Mighty I AM Presence" and the Great Host of Ascended Masters, in deep realization of the privilege we all have, of being a part of Saint Germain's, Jesus' and Daddy's Mighty Activity there.

We go to call forth every Power and Victory of Light, for the Protection of America and the Freedom of all mankind!

The Greatest Activity of the Cosmic Light Rays yet drawn forth upon earth will take place; and each student will be charged with all the Power and Activity of Light he or she can receive.

All who have ascended from This Radiation will be there to greet us and draw all possible Power of the Cosmic Light's Mighty Authority into action; and much of very great importance to all of us, is to be accomplished.

Try not to be under strain of any kind; but just in a great natural normal relaxed happiness, enjoy the accomplishment which will come forth; and be Oh, so grateful for all we have received in the Mighty "I AM" Activity of Saint Germain, Jesus and Daddy, and all the Blessings we constantly enjoy, which after all are Their Gifts to us forever.

We will be there to meet you in the Fullest Service of the Light that our hearts can give forever.

PILLAR OF WHITE FIRE SUBSTANCE

RY to picture clearly in your mind the action of the Pillar of White Fire Substance!

This is an Activity which can be drawn into action surrounding your own Presence and your own Individualized Tube of Light. America must have more assistance from the Powers of Light! We have been making the call—"Give us more Power of Light to protect America today."

For months past we have been giving adoration to and making the call for the Pillar of White Fire to be drawn in, around and thru the student body. In our call to the Ascended Ones for the Cosmic Light, Love and Peace of a Thousand Suns, to be descend into the earth; dissolve, consume all human selfishness and discord from the planet—it draws the Cosmic Light Substance into the atmosphere of the earth. That is released by the Great Cosmic Beings from the Great Central Sun and those who govern Its Activity in this world. It forms an Inner atmospheric condition within the general atmosphere of earth and is an Inner Substance projected into the entire atmosphere surrounding the planet.

When we call to the Great Ascended Host to seal us in a Pillar of White Fire Substance from Their Octave, They instantly project It to enfold our own "I AM Presence," outside of each one's own Tube of Light.

After calling to your own "Mighty I AM Presence" and the Great Host of Ascended Masters and Cosmic Beings, visualize that Substance around your physical body for a considerable distance, at least a thousand feet, radiating in every direction. That will enable an increased concentration of the Ascended Masters' Light Substance to be drawn forth within and around the student body. It acts like an anchor and forms an Outpouring of Their Ascended Master Substance around us, which not only shuts out the destructive creations that are in the atmosphere of earth; but will enable us to hold a steady pressure of the Cosmic Light Substance within our own bodies and our own Life-streams undisturbed.

That must come before you can have the Power of Precipitation; because an unascended being who has the Power of Precipitation must be clothed by the Ascended Masters in a Pillar of this Light Substance for a certain radius around the physical body, in order to be the guard of the concentration of the energy that is required to do the thing which you are

Property of Saint Germain Press, Inc.

bringing forth! It takes more than just the amount of energy you ordinarily can draw from your own "I AM Presence"; because unascended beings have to be assisted in the use of that Power by the Ascended Masters Who know all about It. You as an unascended being cannot draw that Power forth alone from your own Presence! You might draw the Power, but while you are drawing the Power It must be guarded by something more powerful than the force flowing thru your physical body, because you cannot draw It and guard It at the same time!

That is why in certain activities in the outer world there are remnants of the action of the Law. When the Ascended Masters are working, They always work together in twos. While one Master is drawing the Power, another Master or Group of the Cherubim or Seraphim guard the Force, while It is being drawn to shut out the currents or pressure of the atmosphere in which the work is to be done.

In the Action of the Pillar of White Fire Substance within and around your physical flesh bodies, It stands outside your Ring-pass-Not of Blue Flame; because that acts like a magnet in its drawing Power from the Ascended Masters' Octave and acts like a repellant force to the destructive activities in this world.

If you were to make a blue print of a magnet, you would take a bar magnet and put a piece of blue print paper on top and shake iron filings all over it. They would draw in toward the magnet, showing the lines of force. You would see where the lines draw from the Tube down into the individual and pour out thru the feet to bless the earth.

Your Pillar of White Fire Substance does the same thing. It draws the Electronic Force from the Ascended Masters' Octave in, thru and around your own Tube of Light for your use. After you have moulded that into what you require, it goes forth into the atmosphere to render service to the rest of Life. While the force is acting within, there is a repellant activity to the atmosphere around you. That is why it is necessary to feel yourselves insulated in that Cosmic Light Substance from the Ascended Masters' Octave to protect yourselves more powerfully.

When we give the powerful Decrees for annihilating of all human feeling from our pathway, that Cosmic Light Substance for a thousand feet around you in every direction will move before you. It will repel and drive away all inharmonious feeling. As you give It greater and greater acceptance, It con-

Property of Saint Germain Press, Inc.

centrates and will go before you, to annihilate all human feeling from your pathway.

I think it would be well, if you want to for your own individual use, to include: annihilate all human feeling; annihilate all human substance; annihilate all human thoughts; annihilate all human words from your pathway. Then you take them out of your own being and world. Call for annihilation of all that is against Saint Germain's "I AM" Activities thruout the world and against all under This Radiation; then give your Decree to compel all under This Radiation to refuse acceptance to all feeling, thought, substance and words, except those from the Ascended Masters' Octave.

Why do We put feeling first? Because every human being is a feeling creature; because feeling comes before thought; and when individuals clear this in their own consciousness, they will find themselves in the right relationship to Life.

As you call for the annihilation of all human feeling—I mean as determined as if your next breath depended upon it—together with the Decree for the Violet Consuming Flame, It will give you such release from the pull of your own human problems—from the fear and limitations in the world around you, and from the pressure of the problems and substance in the atmosphere, that you will then feel tremendously greater energy acting within your bodies! The pressure around you will release, because it is driven back into its creator.

SAINT GERMAIN

I say to you—people think they can turn away from the Messengers who have brought This Great Light to them, or that they can turn away from the Ascended Masters who have brought It forth and still retain the Out-pouring from their own "Mighty I AM Presence." My dear people, don't you see it is impossible; because their very doubt of the Ascended Masters, which is the Source of consciously attained Perfection, which is Life—just the same as their own Life that is beating their hearts—shuts the door from the greater Out-pouring of the Light from Their Heart, because they are denying a part of themselves.

WE REMIND YOU AGAIN

GAIN we make our position unmistakably plain in regard to any outer world business activity, using the faith of the "I AM" Students in Saint Germain's "I AM" Activity—to get them interested in any business venture on the representation that the money is to be used for carrying on this Light, or for Donald or myself personally.

No one has been given any authority to go to Group Leaders to get students interested in the buying or selling of anything.

What anyone wishes to do or give to Saint Germain's "I AM" Activity, must always be of that one's own free will—with no limitations or entangling connections that can ever in any way cause any discredit to the "I AM" Activity, or discord among the student body.

Whatever business ventures anyone chooses to enter into is his or her own affair; but the "I AM" Student Body shall be protected against all schemes for promoting outside business activities that should be self-sustained by the application of the people within them.

No stock selling of any kind is ever sanctioned or permitted among the "I AM" Student Body for commercial or other purposes; and we ask all Group Leaders and Students to help us protect the Integrity of This "I AM" Activity and the "I AM" Students from mistakes and losses thru such business ventures.

We have made our position in this matter clear many times before—but we do it again now, to maintain Perfection for those who want It.

We enfold you in all our Light, Love and Protection.

SAINT GERMAIN

Every call you make to the "Mighty I AM Presence" is the lesser part of Life in you calling to Its Greater Part, Its Greater Self, the "Mighty I AM." Therefore, It is the Authority. It has to be answered; and let Me assure you, my dear ones, there is no one exempt. If you would make just two, three or five minutes definite application at a definite set time three times a day, you would find the results and your ease of action supreme beyond anything you have found so far.

SAINT GERMAIN

Oh, my dear ones, your human would like to pull you from the Freedom of This Light, just as the general accumulation of mankind; and if it can get you so anxious, so concerned about the appearance out here—even in the service you render—it is slipping in the back door and getting you by the neck. You know this sounds ridiculous, but it is absolutely true. When it cannot get you in any other way it will try to get you so interested in your Service to the Light that it causes you to forget your application; because, then it knows that sooner or later it is going to get you again.

GODFRE OUR LOVED ONE, ASCENDED

IT is our great privilege to announce the release of a new song — "GODFRE OUR LOVED ONE, ASCENDED," by the Messenger, Lotus Ray King.

This new song is a tribute of Love and Adoration to our Beloved Messenger, Mr. Guy W. Ballard, and is an Out-pouring of our heart's gratitude to Him, for the Blessings He is constantly releasing to all under this Radiation, from the Ascended Masters' Octave of Light.

This song is dedicated in Eternal Love and Blessing to the "Mighty I AM Presence," and our Beloved Mes-

senger. May all who sing, play or hear the lyrics and music or contemplate His Picture, feel His Enfolding Love pour back to them, bringing them Eternal Freedom in the "Light of God that never fails."

This song, both lyrics and music, is the answer to an intense call for some way in which to express the deep Love and Gratitude of the "I AM" Student Body to our Beloved Messenger for all He has done for them; and for being the Open Door to bring to them the Understanding of the Law of Life, which will lead them into their Ascension.

The Cover design is an actual photograph hand colored by May DeCamara to whom we are deeply grateful and extend to her our Love and Blessings.

May this song be sung by everyone who seeks Freedom from the distress of the outer world; and thru It receive their Freedom and release.

No greater privilege could be given one than to be the channel thru whom this song could come; and our hearts sing with gratitude and praise for this opportunity and Blessing.

SAINT GERMAIN

Suppose you have some specific work to perform. Stand on your feet and for five minutes call something like this: " 'Mighty I AM Presence' charge me with Your Perfection; with Your Invincible Protection from the radiance poured forth from this condition. Charge me with such limitless energy that I am never weary, nor do I take on any vibratory action that comes from it. Instead, thru me Oh 'Mighty I AM Presence' pour forth Your Limitless Energy that goes forth in Its Mighty Light Rays, dissolving and consuming everything discordant within the condition (or individuals) and set it (or them) free in the service of the Light; then see that they serve the Light.

OUR NEW MUSIC

IT is our great privilege and joy to announce the release of a folder of three new songs by the Messenger, Lotus Ray King.

They are:

Great Hercules—Thou Elohim
Mary, the Mother of Jesus
Archangel Michael

It is our great privilege and joy to dedicate the songs in this folder to our Beloved Hercules, Mary the Mother of Jesus and the Archangel Michael.

May the Love and Blessings of our hearts, those of all mankind and all Beings and Powers of Light and Love, enfold them for all Eternity, in all the Glory of the Great Central Sun, for all they mean and are to the world and humanity!

We dedicate these songs in Eternal Love and Gratitude to the "Mighty I AM Presence" and these Blessed Ascended Masters with the intense call that we be made and kept worthy of the Light and Love They have given us all in this "I AM" Activity; and for the privilege of carrying and protecting that Light, until all mankind are ascended and Free!

May there go forth thru these songs such Love, Gratitude and Adoration to these Beloved Ascended Beings for all they mean to mankind, that every human being on earth may be privileged to see them face to face in Their Visible Tangible Ascended Master Bodies and know Them as we do!

May all who sing, play or hear these songs feel the Mighty Reality of these Great Beings, Their Enfolding Presence and Love pouring out constantly and bringing Eternal Freedom in the "Light of God that never fails."

These songs, both music and lyrics are a direct answer to our intense call, that thru music, we may all constantly pour to them our Love, Adoration and Gratitude, for Their Immeasurable and Eternal Gifts of Freedom, Healing and Illumination; and for being the Open Door thru which Their Help comes to us instantly and without limit.

Our Beloved Frederick Landwehr has made the arrangements and we call Eternal Love, Gratitude, Protection and Blessings to enfold him forever.

May these songs be sung by everyone who seeks Freedom from the distress of the outer world; and thru this music and Love receive Their Freedom and release.

No greater privilege could be given anyone than to be the channel thru which these songs could come, and our hearts sing with Eternal Love, Gratitude and Praise for this opportunity and Blessing.

· SAINT GERMAIN'S DISCOURSE ·

Washington, D.C.—Breakfast, April 3, 1938

MY dear blessed ones of the Light, how We all love you, and how We want to do and accomplish even more than We had planned in the City of Washington.

Only yesterday, I was here in the tangible body in your city! You want Us to come in the tangible body to you! We cannot do it, as long as inharmony of any kind continues in your feeling! It is so easy to be governed! I cannot blame your papa for spanking a little bit this morning, but it is with a paddle of Light always.

So dear ones, We have prepared very wonderful Powers, Currents of Energy, Light Rays to do all that needs to be done at this time. You cannot imagine from the invisible and the visible standpoint what is going on in your midst. How those subtle destructive forces constantly watch to find an opportunity to intrude themselves! Once individuals realize that every feeling of discord within their feeling world opens them up to this destructive force, with which the earth is charged at this time, I am sure not one human being would allow, for one moment, a discordant feeling to hold dominion within his or her feeling world, no matter what the provocation. It is dangerous, dear ones, in the extreme.

Property of Saint Germain Press, Inc.

Don't blame persons, places or conditions for a thing, but take command of your own feeling world; and as you call that Power of your Presence forth, hold and maintain Complete Perfect Harmony within your feeling, you will find a new world open to you that moment; and you will wonder how in the world, you could have allowed your attention to be held upon the things that were depriving you, which any discord does, of all the Happiness, Blessings and the Perfection of the Light that is called forth.

Please remember that your Power of Qualification in you, so far as your world is concerned, is the All-powerful paramount thing. You cannot prevent your Power of Qualification acting, except you understand that whatever discord is in your feeling, must clothe this energy. Now remember, you are calling forth great Streams of Energy from your Presence. It is Pure Perfect Energy, until It touches your human form, then it is compelled to be clothed with the quality which is in your feeling. If it be discordant, it carries that discord into your world repelling everything good that wants to reach you.

This is the Law, the exact Law of Life! You cannot afford to do it! I mean, even if it were not for these Great Streams of Energy which are called forth now to render this service for your city and America, you cannot afford to hold those qualities of energy about you, which keep opening you to the destructive forces that exist in the atmosphere of earth. You cannot get away from it, until your Ascension! You have to move in it, because it is your own creation!

Now just for a moment come with Me and see what is going on. All the students thruout America are calling for its protection; the correction of conditions in the government, in the industries and in all the activities of mankind for that matter; and yet among our

Property of Saint Germain Press, Inc.

very beloved students, almost constant disagreement —opinions are passed upon each other, which is discord! Do you not see, beloved ones, the world's eyes are upon you as students of the "I AM"? Then, don't you see, if the outer world sees one back-biting each other, is it any wonder if sometimes they think: "Well if that is an 'I AM' Student, then I don't want to be like that"? You see there are many in the world, today, whose harmony within is naturally very great. People of that type, when they come in contact with people and hear one speaking unkindly about another, think: "Well if this Instruction of the 'Mighty I AM Presence,' does not bring Peace and Harmony, then why would I want to seek it?"

You see, I am drawing the example before you, of how you appear to the outside world. If you allow discord to reign and unkind speech go forth from your feeling, then the people observe that, because you have no idea how you are being watched; everyone of you who says to the world: " 'I AM' and 'I AM' Students," is being watched; because this "I AM" Activity has become known the world over now, and it means your guard must be strong about yourself, so you manifest only that which the world would want to be like. THE ASCENDED MASTER WHO IS PERFECTION, IS YOUR EXAMPLE!

Therefore, if you will do this, then you will find your groups flooded with people; you cannot find places large enough to accommodate them! I have observed quite recently the conditions about the various cities and where the individuals, the Group Leaders pour out Love and Blessings regardless of what some of the students do, it is only a comparatively short time, until Harmony reigns in that Group. It is the most wonderful thing to observe the people who do that.

Property of Saint Germain Press, Inc.

Remember, precious ones, you are so prone to believe it is only what is apparent out here that is important; but I say to you it is your feeling which is most important. There is nothing in the Universe so important! You may smile at some one, but if your feeling is stabbing that one in the back, don't you think they feel it? People these days whether they have ever heard of This Work or not, are very sensitive, and THEY FEEL THE DISCORD JUST AS QUICKLY AS YOU DO! Therefore, if there is not Harmony and Blessing pouring forth from the Group Leaders, the students and all concerned, others do not want to come into This Light People think, if those people are Students of the "I AM" and it produces that kind of result, "Well I would not want to be like that." *Therefore, don't you see how not only for your own sake, but because of the magnet which you become to the Powers of Light, Harmony is the important thing!*

How can you be a Pillar of Light with discord in its midst? You cannot, and do not deceive yourselves! You cannot be an "I AM" Student and have discord in your feelings toward your fellow-beings! Oh, each one has his or her own world and is alone responsible for it! Therefore, no one else is responsible for anyone's world, unless one pours out discord in his own feeling to another. Then, if that one to whom such a one is pouring discord should fail, then the one who added to that discord, will be responsible for that one's failure. Don't forget it!

Remember, there is One Substance, One Energy, One Power, One Intelligence of which you are all a part! Now notice, suppose above this room there were a Great Pillar of Light; and in that were Streams or Currents of Energy, like your own coming from your Presence, pouring forth from the central location in the room, each one having Its own Ray of Light from

Property of Saint Germain Press, Inc.

that Central Focus. That gives you an idea how you are all a part of this one Great Substance, Energy and Light activity; but you here in your human form have the Power of free will, your Power of choice, as to how you qualify this Energy released into your world; I mean into your activity. Therefore, do you not see that you are wholly responsible for how this Energy acts which goes forth from your body?

Now, if the Energy goes forth in a Light Ray from your Presence, It can produce only Perfection, but remember, you are the Decreer for your world! You are the one who is calling this Energy to come forth for you; and It has to go thru you to do Its work in your world. Never lose that understanding. You can call wondrous Assistance to come forth and also the Light projected from your Presence at the direction of your Higher Mental Body; but whatever takes place in your world has to come thru your body; because that is your focus here for it. That is a wholly different thing, wholly different from the Great Universal Light around you.

What the Ascended Master does for you, He does today thru your Higher Mental Body; He would not do it direct Therefore, let Us hold this now so clear in your minds today, that you see wherein your responsibility rests; and how you are not concerned about one single thing, except the perfecting of yourselves and your world and calling forth Love and Blessings to everyone else!

Now, if you will follow this request, beloved ones, I can do for you between now and the time the class starts that which will give you Freedom; and prepare you, so you will go forth from this coming class Free Beings; and there will never be another desire in your world to speak an unkind word to a human being from any provocation whatever; that is positively cer-

Property of Saint Germain Press, Inc.

tain! I am using this opportunity this morning to remind you of these things; so you can all take command NOW and stop every discordant thing in the remainder of the days in preparation for the class, for We cannot and will not release the Energy We have prepared, unless this is done. It would be unwise, very unwise to do it, much as We long to do This Work! Must I wait still longer? After two hundred years, We have come up to this wondrous point where We are almost ready to step thru into this Freedom for America.

You love America, but can you understand how I love America? I must have loved America to have stood for two hundred years with no perceptible change in the outer world, after working for more than four centuries trying to harmonize Europe! Today, one by one there is being destroyed the outer documents that I brought forth to Harmonize and protect Europe. Then, they must reap the consequences.

How strange that mankind will continue to yield to destructive qualities, when they have the evidence before them of what the opposite can do. I am so grateful that the Great Cosmic Light has at this time come to a point where human destructive qualities can in certain instances be returned upon their creators; for it is the only hope today, to stop destructive forces acting thru individuals; many times to shatter those human forms.

As many of you know, I was compelled to do that recently, because five times I intercepted the messenger carrying the word to bring destruction to America and the fifth time I said: "If you don't stop, I will return upon you your own destruction," and I was compelled to do it! Then I went to the one who had sent this messenger and told him! I explained that heretofore the Ascended Masters had no Authority nor Power to stop these destructive forces, except by what Power of Light they exerted. Today, those who serve vicious

Property of Saint Germain Press, Inc.

forces and will not listen to the Law, will be compelled to be destroyed!

Does that sound very strange for an Ascended Being to say? Now get this point clear! We have not one destructive thought or feeling, neither do We wield one single destructive force; but We do draw a Wall of Light about individuals as in the case of which I just spoke to you; and the destruction sent out from that individual is that one's own destruction. Now, please hold this clearly in your minds and convey it clearly to your people everywhere you find them; because this must be understood in our America. We have always stated We never use a destructive force and We do not; but when individuals are determined to yield to destructive forces, the Greatest Blessing in the whole creation for that individual, is to be taken out of the body where that one can generate no more discord or make records that might take them centuries to undo.

Therefore, the Great Cosmic Light is showing a mercy never known on the earth before; but surely everyone understands these days that there is no death! You cannot die! These bodies of flesh you are wearing, are just garments that you wear temporarily; or they could be made permanent by Purification and the Ascension. You alone are responsible for what acts thru your human form, and no other person in the Universe can make you do something you don't want to do or be responsible for what you do! Everyone is responsible to his or her own Presence of Light!

Let Me call your attention to another thing, beloved ones, you cannot govern another! You cannot in the outer know what is the cause and effect of the disturbance in other individuals! Therefore, please do not judge one another! You do not know that ofttimes in the attempt to judge another, you draw on to yourself the very identical condition and qualities which you are judging.

Property of Saint Germain Press, Inc.

So do not let those qualities act in you! Pour out Love and Blessing to all, then you will be sure that your world is giving obedience; and into you and your world will pour the Purity and Perfection of your Presence, filling your world with happiness and every good thing! That is what the hearts of all mankind are craving today as never before in the world! Therefore, beloved ones, remember you are the Decreer for your world and what is going to act there. I cannot compel you; no one can, but you in your call to your Presence can maintain such Love and Out pouring of Blessing from your feeling world, that everyone who touches your Radiance will feel—Oh what is it that makes me feel so peaceful, so harmonious? Then, as they turn and watch you, by that full Out-pouring will the Light shine thru your face; until when they look upon your face, they will see the Radiance there and then they will want to be like It.

Oh, how wonderful, how Real are these Activities of mankind which so many have forgotten entirely!

Beloved ones, it is such a joy to have this opportunity to talk to you and pour forth My Assistance into your feeling world. It is Ascended Master Self-luminous Intelligent Substance to help you, to strengthen you to be so loving, kindly and harmonious and pour forth Our Radiance. From the heart will that Great Radiance pour forth, Oh with such Power—that all the world will want to be like you and will point you out among mankind and say: "There goes a Real 'I AM' Student! There is one who has come to know the 'Mighty I AM Presence' and abides within It and has Its Beauty. Perfection and Limitless Supply of every good thing, including the Happiness which every heart craves. I want to be like the 'I AM' Students! I want to be Free too." Then, the whole world will so quickly take up that feeling because remember, again I repeat to you, in the Mighty Decrees which have gone forth thruout America, you

Property of Saint Germain Press, Inc.

have no idea, precious ones, how far-reaching and powerful they are acting in the mental and feeling world of mankind. They are doing a Work unparalleled in the history of the earth; and are touching the feelings of mankind by the hundreds of thousands who have not even yet heard of This "I AM" Activity! Those Decrees are causing them to awaken and feel that there is something in Life which they have missed! Then, as from one avenue or another they come to hear of this, immediately that attunement will strike; and they will begin to reach out for the Blessing which their Presence alone can give to them.

Beloved ones, Oh My Gratitude is so great to you for your Love to the Messengers and to Us. It makes everything possible, and if you would only go a step further and keep such Harmony, Love and Out-Pouring of Blessings from your feelings, then We can do almost anything for you. Who shall say, who shall say, what We shall do for you?

Remember the Example before you in the ten Ascensions from the earth in one day, is the Example brought forth to the world of what can be done for mankind!

May I suggest, please dear ones, do not seek things, but seek the Presence, and Its Powers will act thru you to produce all the things that you require for use. Then, will come the Glory and Harmony with it which only brings Perfection! Your Presence is the only producer of things that you require for use; and as you live in your Presence enough, your Presence will produce thru outer activity, these things. Then, never will there be any discordant reaction! Never can there be loss of any kind, for you see what your Presence gives you, can never be taken away.

That is why there has been the subterfuge which has in the past held its sway in mankind in the form of deception, and especially in the business world. Men

Property of Saint Germain Press, Inc.

felt they had to work some cunning scheme, in order to get some money away from another. That time is passed never to be revived! Individuals will want their brothers to have what they have or as much. Then, as each one calls forth Love and Blessing to each other, will all be provided with an abundance of everything they require for use. Then, they will not want to accumulate a lot of things which take energy and time to take care of; but they just know the Presence always provides the things they require and they cannot be absent. Then mankind will live in True Happiness! Once again, mankind will come into their own homes, when this exhorbitant taxation has vanished!

Before the fall of every civilization, there has always come exhorbitant taxation, unreasonable taxation to the people. Let us by the Powers of Light, call forth such a Release from the Presence of all Life, that this time It can be governed by the Powers of Light which makes It forever permanent; and with the Sword of Blue Flame, the Power of Light, may the Soldiers of Light wield this Power of Freedom for mankind; so no more records be made by mankind which must be undone, dissolved or consumed; but let the Fulness of Light and Its Infinite Power hold Its Dominion in you, America and the world! I thank you!

SAINT GERMAIN

This Light is Supreme wherever It moves and to the degree that people can feel this, will they feel very quickly the dissolving process of this Great Activity. In this release of the Cosmic Light today is also a part of the answering Power to your calls for your own Temples of Light, for your own school buildings. Will you qualify that in your own individual application?

SAINT GERMAIN

In a positive attitude, it is magnificent how you carry a conviction to the people, because no one can carry any conviction in a wee wee voice. I mean your voice must be firm! People then know that you understand what you are talking about, and I tell you that is so important. Of course, there are some natures that feel frail and their voices are not strong as you think, but let them get a little angry and their voices are good and strong. So after all, it is a matter of how much willingness, how much enthusiasm and how much determination is there!

SAINT GERMAIN

Believe Me dear ones, you will get but a short way in the Great Stream of Life, without almost a fierce determination to have the Perfection which is there. You are surrounded by a world of human creation, and my dear ones, unless you burn a hole in the storm-clouds of human creation, by the use of the Violet Consuming Flame, in which you can live, you are bound to be affected by it. Your use of the Violet Consuming Flame burns a hole in the storm-cloud of human creation; and then you move in clearness and Freedom in a world of the Perfection of Light.

GODFRE OUR LOVED ONE, ASCENDED

IT is our great privilege to announce the release of a new song — "GODFRE OUR LOVED ONE, ASCENDED," by the Messenger, Lotus Ray King.

This new song is a tribute of Love and Adoration to our Beloved Messenger, Mr. Guy W. Ballard, and is an Out-pouring of our heart's gratitude to Him, for the Blessings He is constantly releasing to all under this Radiation, from the Ascended Masters' Octave of Light.

This song is dedicated in Eternal Love and Blessing to the "Mighty I AM Presence," and our Beloved Mes-

senger. May all who sing, play or hear the lyrics and music or contemplate His Picture, feel His Enfolding Love pour back to them, bringing them Eternal Freedom in the "Light of God that never fails."

This song, both lyrics and music, is the answer to an intense call for some way in which to express the deep Love and Gratitude of the "I AM" Student Body to our Beloved Messenger for all He has done for them; and for being the Open Door to bring to them the Understanding of the Law of Life, which will lead them into their Ascension.

The Cover design is an actual photograph hand colored by May DeCamara to whom we are deeply grateful and extend to her our Love and Blessings.

May this song be sung by everyone who seeks Freedom from the distress of the outer world; and thru It receive their Freedom and release.

No greater privilege could be given one than to be the channel thru whom this song could come; and our hearts sing with gratitude and praise for this opportunity and Blessing.

SAINT GERMAIN

One point, I want you to see. Take one within this room who has complete confidence in his or her own application, one who has received many instantaneous answers to his or her calls, which of course gives confidence; yet that confidence does not come wholly from the successful application. All confidence, my dear people, comes from the Light within yourselves! All courage comes from the Light within yourselves! All strength and power and energy comes from the Light within yourselves.

OUR NEW MUSIC

T is our great privilege and joy to announce the release of a folder of three new songs by the Messenger, Lotus Ray King.

They are:

Great Hercules—Thou Elohim
Mary, the Mother of Jesus
Archangel Michael

It is our great privilege and joy to dedicate the songs in this folder to our Beloved Hercules, Mary the Mother of Jesus and the Archangel Michael.

May the Love and Blessings of our hearts, those of all mankind and all Beings and Powers of Light and Love, enfold them for all Eternity, in all the Glory of the Great Central Sun, for all they mean and are to the world and humanity!

We dedicate these songs in Eternal Love and Gratitude to the "Mighty I AM Presence" and these Blessed Ascended Masters with the intense call that we be made and kept worthy of the Light and Love They have given us all in this "I AM" Activity; and for the privilege of carrying and protecting that Light, until all mankind are ascended and Free!

May there go forth thru these songs such Love, Gratitude and Adoration to these Beloved Ascended Beings for all they mean to mankind, that every human being on earth may be privileged to see them face to face in Their Visible Tangible Ascended Master Bodies and know Them as we do!

May all who sing, play or hear these songs feel the Mighty Reality of these Great Beings, Their Enfolding Presence and Love pouring out constantly and bringing Eternal Freedom in the "Light of God that never fails."

These songs, both music and lyrics are a direct answer to our intense call, that thru music, we may all constantly pour to them our Love, Adoration and Gratitude, for Their Immeasurable and Eternal Gifts of Freedom, Healing and Illumination; and for being the Open Door thru which Their Help comes to us instantly and without limit.

Our Beloved Frederick Landwehr has made the arrangements and we call Eternal Love, Gratitude, Protection and Blessings to enfold him forever.

May these songs be sung by everyone who seeks Freedom from the distress of the outer world and thru this music and Love receive Their Freedom and release.

No greater privilege could be given anyone than to be the channel thru which these songs could come, and our hearts sing with Eternal Love, Gratitude and Praise for this opportunity and Blessing.

GOD TABOR'S DISCOURSE

WASHINGTON, D. C. — JUNE 4, 1939

SAINT GERMAIN

I TAKE this opportunity, beloved students, to thank you of Washington, D. C. for holding This Light as steadfast as you have, in the midst of the conditions that have been, but which I feel sure, they will be no more. I thank every student here for the change in each one's feeling that makes for one great body of Light, and it is so important here in your Capital, beloved students.

Do you realize you are quite different from any other city in the land? You are under different laws, and yet you are all under the Great Divine Law. I want you to feel My Appreciation; and I say to you here and those in Philadelphia, New York City and Cleveland, I shall move once a week in your midst during the next six months; and I will move in New York City and here many times in My Tangible Body, to release greater Power and Force which is needed.

Property of Saint Germain Press, Inc.

If New York—and I am not speaking now of the very earnest sincere students, but if the people of New York do not want to be saved, then I want to save them. I insist that those destructive conditions can be corrected in New York, without the destruction of half or all the city. The earnest honest sincere effort which has been made by those lovely sincere students in New York is not going to be in vain.

I want to thank those beloved ones in Cleveland for the mighty power and firm unyielding stand which they have held to the Light. While you are not looking for reward, yet shall your reward be very great.

You of Philadelphia who first welcomed the Messengers, do you think We have forgotten that! Do you think We shall ever forget it? Oh no, We are just biding Our Time! Be patient until you shall see sweep thru your city that which will cause your hearts to rejoice! I thank the beloved students there who have been willing to bring themselves into harmonious action and join in their great call and happiness to unite all!

Philadelphia, please feel your very great responsibility. You have been calling yourselves the "Cradle of Liberty." It is no longer a cradle, it has grown to full manhood. Remember that Liberty of which Philadelphia was once the Cradle is no longer a Cradle; but it has grown into full power; and remember, within those boundaries of the Province of the Wissihikan was given the blessing, the annointing of your great great General which brought Freedom to your America. I was there, the Goddess of Liberty was there, even then guarding you. Many of you were embodied then and returned quickly to render this service today. I wish you would remember it.

You who are drawn to This Light, remember—it is not an outer action of Life, my dear ones, but by the

Property of Saint Germain Press, Inc.

Power of the Light which is within you, it has drawn you back again to Me. You who served in that early Freedom, Oh what rejoicing that now you are serving in the final capacity—Action of Light. That was for the Freedom and the outer activity of mankind to establish certain definite laws under which they might act; but now you are acting in the capacity of Light in the Divine Law, which will one day take Its Full Command of your land, of your bodies, of your minds and activities; and which will bring happiness and Perfection, health and prosperity to your land.

I ask you to kindly listen carefully to the One who shall dictate to you tonight. Try to feel all that it means to you. I thank you beloved students with all My Hearts. Did you notice that! I said—"with all My Hearts." Are you not My Hearts? At least I love to think of you as My Hearts. Your Love to Me surely makes you a part of My Heart.

The Mighty Tabor will speak to you!

MIGHTY GOD TABOR

STUDENTS of the Light, friends of America; tonight, for the first time, comes into action that Power of Nature which must take its action in the coming change, even in the consciousness of mankind. Since I have a large part to do, in regulating the forces and activities of the mountains and the deserts, tonight I want you to see, perhaps for the first time, what the statement so often made that one day "the desert shall become a bed of roses," means.

In the coming changes, beloved students, Nature will take a great part in the regulating of that which will bring the desert into great productive power. Once it was very wonderful, and thru chemical changes by the

Property of Saint Germain Press, Inc.

Power of the Cosmic Light and Our Assistance, it will again take on the fertility that will never change and which cannot be exhausted.

How do you think the energy of the earth became exhausted? Why do you think it must have assistance? Strange to say, mankind think that they can give that assistance. Yes, they may be of some assistance thru certain chemical activities, but how futile that is and what tremendous expense and effort it is, when We can supply it so much more powerfully.

When mankind becomes harmonized enough, they will stop releasing the discord which has exhausted—will you notice that—has exhausted Nature as well as themselves. My dear people, you believe if you go into a room, for instance, as large as the central part of this auditorium, and you close that room up without ventilation, you immediately come to the idea that you are becoming suffocated and that you must have air. Where do you think the air comes from? Do you think the walls shut out the air? No, your feeling shuts out the air from you. You remember the story of the man who went to sleep and awakened in the night feeling the room was close. As he got up to open the window he fell over something and broke some glass. He thought he had broken the window and went back to bed and slept perfectly. Strange isn't it! How peculiar is mankind, just the human part. This Great Being up here (pointing to the Presence) is quite all right.

In the coming changes, beloved ones, streams will be brought thru the desert and the desert will be watered abundantly without the great expense which seems necessary today. You will observe that We have been making the effort to make you acquainted with your Presence of Life again since you had so long forgotten It. Mankind have built this cumbersome machinery, do-

ing quite wonderful work of course—We are not belittling mankind's genius; but if they will go just a few steps further and enter into the simplicity of it, then you will find many things that you can hold within your hand which will produce such gigantic results, more than your great locomotives today.

My dear ones, it has been quite wonderful. Mankind had to be occupied; but now you begin to enter into and see the simplicity of Life, the simplicity of its mechanics. I have watched the mines of Colorado, the mines of California and the Western States and have seen the effort mankind has made to bring out the little value that they have—does that sound peculiar when I say—"the little value," when it seems they have brought out a great deal?

You today are just beginning to get a little peep into the great Reality and Its Great Blessings and Perfection. Oh, mankind has only touched the periphery of the great magnificent splendor of Life and all that Nature would do for them, if they would stop releasing unkind feelings which exhaust the earth. Mankind become exhausted by their unkind feelings, but think how far reaching it is, when it causes Nature to rebel.

Do you wonder that the inhabitants of the Four Elements do not love mankind any too much? Do you wonder that they do not? It is because you have imposed into their world your feelings. They know no discord. The Elements of earth, air, fire and water know no discord in their own world; but when you intrude your discord into their world they are very unhappy and they are repelled by mankind. Therefore, when they find one of mankind who has attained self-control and the out-pouring of Divine Love, which touches their world, then can you imagine the happiness that those Inhabitants feel!

Property of Saint Germain Press, Inc.

Now my dear ones, you have given no thought, scarcely any, to the Inhabitants of the Elements; but They could be very wonderful friends of yours. Oh, They are just as Real as you are. Beloved mankind, do not set yourselves up in judgment as to what Life is, what Nature is and what Nature contains. Nature is Life and you are Life, and yet you know so little about Life. You are just beginning to understand now.

When this great change is completed, you will find that Nature in spite of mankind's imposition upon it, will again render great service to them; but in the meantime, Nature has seen fit to provide simple powerful means by which mankind will obtain their food and supply; then Nature will be the garden of the hearts of man. Then Nature will adorn with Its Beauty the homes, the domain of man. Then will that come forth in its fragrance, its beauty, its power, its strength, of which mankind has not conceived, neither have they seen.

You think your flowers are lovely today. They are to you, but there are those so much more wonderful that you will one day think the beauty of your flowers today was just a little crude. When mankind begin to purify themselves enough, so they begin to emit a fragrance as the flowers, do you not think that flowers will then take on a greater beauty and fragrance to man?

Why do you think in the earlier days, the flowers of California had very little fragrance? Because it with other Western States, was a focus of power of perhaps the most vicious force that was ever released; and why? Because of the search for gold. My dear ones, could you have seen in those days as I did, the forces released within mankind with only the thought of obtaining gold to do the human will. How many of those people seeking gold ever sought it for Divine use? Think of it, my be

Property of Saint Germain Press, Inc.

loved ones, in the search of wealth everywhere, how much of it is being used for a Divine Purpose?

People today, in the world, who are beginning to see this and are beginning to use their wealth for the blessing and expansion of the Light, will one day see what reward that will bring; and I shall speak it very plain to you. That reward will mean their Ascension.

Mankind cannot take from the earth anything which is here, except their purified beings—the purified substance which is required for their Ascension; and if they do not do that, then what happens?

If you pass on thru so-called death, you do not take any substance of the earth with you. You have heard this before, but I want you to become familiar with it tonight. When you pass on thru so-called death, your Higher Mental Body withdraws the Life into Itself, unless the conditions have been such that you cannot leave the earth, then It withdraws Its Light and Energy; and leaves you within your own creation, with just enough energy to sustain Life; until one day in the darkness you see the Light and call to It to have Its Great Release.

Now today, beloved ones, starts the Magnificent Activity of Light throughout Nature, extending over these United States and Canada. Therefore, try to do all you can, pour out your blessings to Nature, then remember from whence comes Nature as you know it. Who is Nature? I have heard the Messengers say to you numerous times, that thru the Body of the Maha Chohan comes all energy to this earth, regulated, and directed by a Great and Mighty Intelligence. I am here at His Command tonight to bring this to your attention; because you as the student body of America must understand! Oh, you have felt it sometimes, but in the responsibility that is yours, how else can Life give Its Assistance, ex-

Property of Saint Germain Press, Inc

cept thru those who know from whence Life comes, and that It is an individual Almighty Intelligence.

As you pour forth blessings to Life everywhere, I would suggest that it would be great wisdom, for every student in the land to at least once a day pour out their blessings upon Nature. You may want Nature for your friend in the near future. If war should come into America, Nature could be a very great friend of yours.

My dear ones, in the war ridden nations of Europe what a pitiful sight meets Our Eyes. That which has been so productive, supplying the people with such abundance, much of it has been forgotten; and those fields of flowers upon which the cattle fed and the sheep, and all the conditions which brought sustenance to the people, the fiendishness of war has caused them largely to disappear; then one day when they are not there, mankind will experience and they are experiencing today, privations that would tear the heart asunder.

You who have within you the Scepter of Power in the understanding of your "Mighty I AM Presence," to prevent such conditions entering America, do not wait for a greater number of people to come into the understanding of This Light; but apply to the maximum of your efforts the call to Light, to Life, to release Its Infinite Powers.

My dear ones, that which has been called forth to bless mankind, in the various Dispensations and the Mighty Power from the Great Central Source to this System of Worlds, was never known in the world before. You are to be the recipients; you are to be blessed by It; then will you not make every effort in your being? This effort is not something strenuous or exhausting; because as you issue Decrees for the Perfection of Life, my dear people, you are drawing Limitless Energy into your being every time you voice a Decree. You have this Limitless

Property of Saint Germain Press, Inc.

Energy and every time you issue a Decree you call It forth.

Oh, please accept that, and do not for an instant think that you can exhaust yourselves by giving these Decrees. You must become stronger every time you issue one, for it is a call to Life to release that charge of energy and you must retain a certain amount of it. That would prevent all Nature becoming physically exhausted.

Therefore, in the fullness of the Power which you are constantly calling forth in Its Almighty Intelligence, see Its far-reaching Power; and remember that from tonight the Great Maha Chohan and Myself will begin this Action throughout Nature and you will find many wonderful things taking place; first at various points, then as it spreads Its Power over these United States and Canada, will the Glory of this soon begin to find its action in mankind.

What do you think you have been doing, beloved students? If you will observe the cover of "Oh World Victorious," you will see there what you have been doing. My dear ones, when you have enveloped your America, which means North America, in that Wall of Light, have you forgotten that It is a Substance? When you have been calling the Legions of Light to sweep thruout America and pass the Violet Consuming Flame thruout the land, then do you not see that is how and why the Great Maha Chohan has taken a part now in restoring that which has become absent?

Mankind in the Name of Life, which you are now all beginning to see that all the destructive forces thruout the earth are mankind's own production. Is there any other place where discord and destructive forces can come from? Show Me! Show Me and tell Me anywhere else from which they can come. Then you who are coming to understand and control yourselves are ren-

Property of Saint Germain Press, Inc.

dering a service to the earth, to Life, outside of the protection which America requires; and outside of the conditions that must come into Perfection today. Think of the service you are rendering! You are restoring that which you have defamed.

My dear ones, just as one point of illustration. What do you think the land of Europe which has been constantly drenched with the blood of mankind thru wars, is like? If you will observe the records, you will see how few years there have been at any one time, when war was not acting in Europe or the Orient. You in America are fortunate. That is why America is the only place left on earth where the "Cup of Light" could be established, sustained and expanded. Even your wars in America which brought your independence, were but fragmentary in comparison to all the wars which have been in Europe and the Orient.

So I say to you, observe these things, beloved students, be alert to all that is required, and as you call forth the Power of Light, never forget for one day, not only to pour your blessings to your fellow-man, but to Nature and the Earth. The Great Source of all Life provided the Earth for mankind, and the first command was —"Let there be Light," and Light appeared! Then substance came forth!

Some day when We have time, or rather you have time to listen to Us and We explain to you something that took place in the creation of this Earth, you will not only be greatly surprised; but you will be released from many things in which you have been held bound for these countless centuries. Do you understand, that a powerful strong belief charged into your feeling world lives embodiment after embodiment and you must live in it?

I marvel my dear ones, that mankind, especially the

Property of Saint Germain Press, Inc.

beloved student body, do not see and feel more the importance of the Violet Consuming Flame, which will set them free from all conditions of the past. If We did not keep reminding you of It, I think some of you would forget to use It. In your busy life of the outer world how powerfully it holds your attention! Notice this simile. You in the outer world give your attention to these things out here which bind you; and you only have time to sleep and eat as you think, then get up and repeat the same thing the next day. Is that not a tread-mill of existence? Life never intended you to be thus; but you have compelled yourselves to become that!

If mankind would accept what Life has provided, Its magnificent division, and in the acknowledgment of their Presence, accept eight hours service, eight hours rest and eight hours recreation, then such obedience would be given to Life that all you did in the eight hours of service would be easily and quickly done, in the acceptance of the Power of your Presence in action.

Today, I see so many fluttering about anxiously, hurrying and tensed to the limit—Oh I must get this done today, as if there was not another day! Oh, I must rush home and get dinner for my family; and the husband must rush home and bolt his food and rush somewhere else. Rather a rushing time, isn't it? Oh, if I do not catch that train home; if I miss that subway I will have to wait two minutes for another! When you are out driving, how slow that fellow ahead is going and you get all tensed up waiting for a chance to get past. Do you know I have seen Grant go in and out just like that, (motion of the hand) and if he did not make it the first time he did not give up, but would wait for the next opporunity. You know Grant likes Me or I would not dare say that; but Grant has a heart of gold—don't tell him!

My dear ones, that is the position of mankind today.

Property of Saint Germain Press, Inc.

You have observed it and why allow it? In the understanding of this Great Presence which does harmonize and bring everything into Divine Order for you at your call, why go on in that strain and struggle and hurry of the human efforts? If you will allow the Presence to act thru you, you will then do everything with ease, happiness, harmony and comfort.

Do you know it seems to Me that I am quite as interested in the new highways of your land as you, who are running your cars. When you were at the Fair in New York, you saw the genius who has designed these magnificent highways, which will come forth for your blessing, and what a blessing it will be! Mankind can then go as fast as they like and they won't harm each other. That is quite important. Is it not strange that when one of mankind sees someone else in the way what a strange feeling takes place? Instead of saying: "God bless him! 'Mighty I AM Presence' take him out of the way," impatience and discord go forth instead. That is wiser than attempting to use physical effort. You know many of mankind like to hurry and many do not like to be hurried. You might have observed that. You see We are quite familiar with their characteristics.

After all, you are very blessed precious people. I am not in the habit of throwing bouquets, but I quite agree with your beloved Lotus. What do you think it means from Our standpoint to see mankind coming to the place where they wear the colors which harmonize with Life; and draw to themselves by the very colors in which they clothe themselves, the Radiance of that quality. Oh, my dear ones, it is so magnificent! For instance, your magnificent violet; your magnificent gold; your magnificent green; your magnificent pink. All those colors in which you enfold yourselves, draw from Life each Mighty Quality. Oh, it means so much for your hap-

Property of Saint Germain Press, Inc.

piness, your health, your comfort and your strength.

One day, I trust not far distant, you are going to be able when you put on certain colors, to so amplify by your charge from the Presence of Life, the natural quality within it that you will feel the full power of its action thru your body and it will be sustained while you wear the garment.

If you were to wear a precipitated garment which some of the Great Ones might choose to precipitate for you, you understand that no substance from the outer world, no radiation would be able to touch that garment; but It would constantly pour Its Radiance into your body, because It would be in the midst of your feeling world which extends about you; therefore, It would throw off discord and charge Its Perfection into your feeling world.

Now observe! Since you have the power to charge your Tube of Light and set into action the Violet Consuming Flame, as you gain the full import of It and Its more intense action than you have at the present time, you will be able to do whatever you desire by that use. So it is only by your application and the gaining of your momentum, as you gain the greater power thru these calls, that you reverse all that has been which has brought about limitation.

Tonight, this activity has been drawn forth for the first time in the history of the earth. It has been combined with the Activity of your Great Divine Director who has held this room enveloped in the Radiance and Power from the Cave of Light in India. In these various activities to which We call your attention, if you will only realize it, they mean everything in the world to your Happiness, Freedom, Courage, Strength and your requirement. It is for you, beloved ones.

Do you think We would make the effort We do, if

Property of Saint Germain Press, Inc.

it were not that the Light in you is great enough to become the Victor over your flesh; over the conditions that have accrued in your world? It is there. The Light is great enough, if you will only accept It; and keep calling It forth into action, until Its Expansion dissolves everything else.

Again I marvel when your attention has been called so much to It, that this Light which you are calling into action knows no opposition! My dear ones, won't you feel that now? Every breath you breathe, every act you enter into, feel that it is the Power of Light that knows no opposite! Then will It be the dissolving Presence in the activity of the Violet Consuming Flame which you have called into action. You need not go on in limitations, you need not be distressed longer!

Now carry all of this into the Glory of your Goal. Your Goal is your Ascension. It is all mankind is here for, and when you determine with a great calm unyielding determination, that you are going to have your Ascension; give obediance to the Law and keep calling Its Mighty Power into action to cleanse and purify you and your world; stop all human habits which bring impurity into your body and feeling world; then how quickly, you will release yourselves from the binding powers of earth and go forth in your Eternal Body of Light, Free forever!

My dear ones, there is nothing in your world of mechanics half as practical as your own Ascension, because It is the Power of your own Life acting; and if you give all to It, It will give all to you, which means your Eternal Freedom. Do not let yourselves question these Great Laws. Apply them and then soon enough you will have in action the Full Power of the proof which will stand there in you, before you and in your world of ac-

Property of Saint Germain Press, Inc.

tion. Mankind have got to prove this Law to themselves. Do not expect someone else to prove It for you.

My dear ones, the Power is there, the Authority, the Instruction, the Information, the Application is there with Its full Infinite Almighty Power, and if you won't apply It, you cannot have Its Blessing. Therefore, I say to you, determine to have your Ascension under these Dispensations which are yours, and you will make it assured; but I prompt you that those Students of the Light who have turned to the Light and then turn back to human sense desires, will find defeat in their world.

My dear ones, you must have your energy. Do not be deceived. If you want your Freedom, you must be willing to give up that which depletes you and deprives you of the energy that is the happiness, the Victory, the health, the strength and the Power of Light which you can call forth into your body. Once you are free, then how you will rejoice and wonder, how you could ever have been bound in the sense of human desires. My dear ones, the happiness of one month's Freedom from all sense desires is worth a life time of the gratification of human desires which bind you deeper and deeper into the limitations that mankind have already drawn into themselves.

If you will only be determined, until enough of this expansion has gone forth, there will be no one in the land who will not want to give obedience and have the happiness, health, Freedom that alone can come thru it. Oh, do not mind beloved ones, if some of mankind, both men and women, become vicious; because they do not want to let go of those habits and desires. Go serenely on and call the Power of Light into action! Why should you be bound by anything in this world! You are the Power of Light! You are the Dominion in your world, and there is no human being on the face of this earth who

Property of Saint Germain Press, Inc.

can interfere with it, when you determine in the Power of your Light to have happiness, Purity, Perfection and Freedom!

Dear ones, seek your Presence more than anything in the world, then all things in the outer activity will come into Divine Order. Do not ever try to seek your Twin Rays thru human efforts. NEVER! Love your Presence so much, that Its Wisdom will govern everything in the outer world and bring everything into Divine Order for you.

I rejoice with you beloved ones, in the ever increasing expansion of your light; and one day you will come to My Home in the mountains! I have very great beauty there! I am holding as a sacred trust, one of the most wonderful glories that mankind have ever seen in so-called nature. No human eyes have ever looked upon it; but one day I hope the student body will have become purified enough, so I may invite them to come and behold such beauty, as has never been known in the structure of earth. That is My Home.

You who spend fortunes for crystal and their beauty, come and observe My Home; and see there before you, the vast wealth of the Universe in Nature, formed and cut by Nature. I often have very delightful discussions with your Beloved Saint Germain. He has many times used the Unfed Light to illumine buildings; but I have another means by which I illumine My Home. There you see the radiant colors playing everywhere in their ever changing activity; and I shall let you observe for sometime, before I explain it to you.

Oh my dear ones, you who seek Happiness, Beauty and Perfection, know that it is everywhere; and when your Life Stream has cleansed itself enough, you will find everywhere the Hands of Light beckoning to you—Come enjoy the splendor of My Home; absorb Its

Property of Saint Germain Press, Inc.

Power, Its Perfection and go forth and spread it to mankind. How beautiful! Within those vast walls bejeweled by Nature, I wield the Power of the mountains, and you are quite welcome! May we some day, not too distant, meet there and may I talk to you in person there, as I am flashing These Words to your Messenger.

I thank you, beloved Students of Light, beloved friends of America, beloved patriots; and may the Glowing Power of that Light and your thought to Me, send such Fire of your being into action that you do become the commanding Presence and Power of Light.

I thank you.

GEMS OF LIGHT

SAINT GERMAIN

Remember beloved ones, you cannot get away from your application ever, until your Ascension is attained. It is the most vital thing in your life. Do not let your attention in the outer world draw you from a certain amount of application. I mean definite application. Suppose you only made five minutes dynamic application three times a day. Set a time and make everything bend to that. Do that regularly and allow nothing to interfere with it.

SAINT GERMAIN

Every Ascended Master is just as much a part of the Life and Light that beats your heart as your own Life is; because It is the Perfection of Life. Your Presence is the Perfection of Life and thus It becomes one of Its Action thru the human form; then when your attention goes to the Ascended Masters, who have attained Perfection thru conscious Power of the Ascension, They become the Authority in Assistance to you, which no other thing in the world can become in assisting you to your Freedom by conscious application.

THE CRYSTAL CUP OF THE ROYAL TETON

RECENTLY several of us were privileged to go to the Grand Teton Park and follow the trail along the base of the Royal Teton, while we poured out the Love and gratitude of our hearts to that Mighty Retreat of Light and the Great Ones who govern the Activity within that Glorious Focus of God's Almighty Power.

The Glory and Blessing of Nature thru which we passed, made us more grateful than ever, for the Mighty Gifts and Beauty which our Beloved Maha Chohan, the God of Nature and the Forces of the Elements, constantly offer to all who will accept them.

When one gazes upon those Mighty Giants of Nature and realizes the terrific Power it takes to raise up so gigantic a mass of the earth's structure, then truly do we have cause to worship that which is such evidence of the Powers of Life which are greater than man in this physical world.

From the Glorious Royal Teton, for three days we sent every person, place, condition and thing under This Radiation, every Blessing and Power of Light for which we knew how to call.

May all the Power and Victory of Light which that Mighty Blessed Retreat holds for all mankind, pour forth in ever-expanding Authority and Activity, until It has swept out, dissolved and consumed, all human selfishness and discord today and forever.

The "Crystal Cup" at the base of the Royal Teton, containing the clear waters from which we drank, is held within the Mighty Radiation of this Retreat.

As we poured our Love and Gratitude to Those Glorious Cosmic Beings and Ascended Masters who govern that Mighty Out-pouring, we called to the "Mighty I

AM Presence" and all the Infinite Powers of Light, to come forth NOW; to protect and save America from all that would destroy, injure or limit her people; and to consume all that is not of the Light today and forever.

Let everyone under This Radiation, try once an hour to charge! charge! charge! all the Light, Power and Victory from the Royal Teton and the Infinite Powers of Light from the Great Central Sun into every person, place, condition and thing in Our Land and protect America from every destructive force forever!

Call to Mighty Victory, the Twelve with Him and His Mighty Victorious Legions to sweep everywhere and cover Our land with Their Power, Momentum and Victory of the Light of a Thousand Suns; and keep It increasing and intensifying with such Overwhelming Invincible, Eternal Freedom, that no destruction can touch Our America for any reason whatsoever!

Charge! charge! charge! Our Own Beloved America with the Light of God that never fails in such Almighty Victory that God's Freedom and Justice are the only ruling Authority in Our Mighty Land, today and forever!

SAINT GERMAIN'S DISCOURSE
MINUTE MEN—LOS ANGELES, CALIF.
June 25, 1938

BELOVED friends of America, Beloved Minute Men, I speak to you from My Heart. Into your heart and feeling world, shall enter My Feeling, My Freedom, My Determination to set America free; and keep her from the destructive forces that are devastating Europe.

Could you understand and realize your privilege today and what is before you, in your defense and use of the Power of Light, to prevent coming into your beloved America, the conditions which exist in the rest of the world, then you would arise as one man. Beloved friends of America, you would stand and hold the proper activity in your worlds; to produce the conditions which it has been My Endeavor to bring to the attention of the American people; thru My Efforts to serve America and her people for more than two hundred years.

Today, I have found sufficient response which encourages Me as well as the entire Host of Ascended Masters; so it is possible to hold America free from the devastation the rest of the world is experiencing; and to hold peace within the feeling world of mankind.

Property of Saint Germain Press, Inc

The Instruction which I have brought forth and presented thru the Messengers, Mr. and Mrs. Ballard, is the Law of your Life, the Understanding of the "Mighty I AM," the Greatest Power in theUniverse; by which mankind can call forth from the Source of all Love, Wisdom and Power, these Mighty Currents of energy; the dissolving Power and Activity of the Violet Consuming Flame for individual use; as well as conditions thruout America; and the need of this call for your government, for your industries and for your transportation activity; for I say to you gentlemen of America, without transportation, you would be lost so far as your protection is concerned.

I say to you that in commanding thru the Forces of Light, unless enough of mankind in America understand and are willing to make the call to the Presence of Light to render this service, your danger is great from two drastic sources. One is the intent to bring war into America and the other is the condition of the gas belts underlying the surface of the earth, and you stand between the two.

If mankind will not give this assistance thru their call to the "Mighty I AM Presence," which is the Source of all Life, then they will find themselves reaping all that Europe has today and worse; because all the world, and I say this to all the world—wants to see America a failure, because it holds within Itself the "Cup of Light"! It holds all that humanity holds dear! It is the last spot on this earth where Peace can be brought forth and reign, until the entering in of the Golden Age for the earth.

These are conditions of Life, and everything is being done today, to assist mankind as never before in the history of the earth! For instance, allow Me to remind you that not only is individual Assistance given mankind by the understanding of the "Mighty I AM Presence," which is the Law of Life and Its conscious application, but the Ascended Masters, the Legion of Light, the Cos-

mic Beings and the Cosmic Light, are all pouring forth Their Great Energy; Streams of Light to bless mankind and give them the Courage, Directing Intelligence and Assistance which is imperative at this time for them to guard themselves, to guard their homes, their America and their industries.

Remember, today, America stands against the apex of all human viciousness! Not that America and her people, especially her people who are a part of mankind, have not generated more or less discord themselves—which means that all mankind are responsible for the accumulated discord of the world today; but having called that force into action, then the people stand, today, in a position to reverse all this destruction which is whirling thruout the world.

No matter what has been—Law is Law! Divine Law, Life, does not condemn; the Ascended Masters do not condemn the mistakes of mankind, They only ask that the people face about, understand their mistakes and then, by the call to the Presence of all Life, endeavor to correct those mistakes; by reversing all the currents they have brought into action, which have brought discord and destruction to the world. Unless this is done, mankind will continue on as it has been in the past and civilization after civilization will come and go.

It is My Great Privilege and Joy to bring this to the attention of mankind and you, My people—for believe it or not, friends of America, you were once My friends in the ages past. You lived in the Province of which I was the Ruler and therefore, today, My Love for you, My Love for America, My Love for the Freedom of mankind is the Greatest Thing in My Being today; and every effort has been made to render you this Service and give you this Assistance. That is the only thing which will set you free individually; or give the protection to your beloved country, which is imperative at this time.

The destructive forces are concentrating and have concentrated thru communism, nazism and all those conditions. That is a pretense of the solving of conditions. The agitation and disturbing of the feelings of mankind thru the facistism of today, is just another activity which is deceiving the people and leading them on. After they are sufficiently into the clutches of those destructive activities, the sinister force reveals itself and show its fangs to mankind. I know this! You do not, people of America, who do not see with the Freedom which We do; but it is Our Joy and Privilege to bring these things to your attention, and more We cannot do.

We cannot compel you to follow Our Advice or the things We reveal; but We offer them in such kindness and with such a Power of Divine Love that once mankind understand what My Endeavor is to bring into the outer world, the protection of America and Its Freedom, every man and woman in America should arise as one, take hold of This Understanding and read these magnificent books which I have caused to come forth thru the Messenger! Then by the reading, understanding and application, the people would be able to give the assistance which America needs today; and hold the protection of your homes, your children and your loved ones; for were you to see for one hour in Spain and China the destruction of women and children, everyone in America would arise as one in their mighty defense and make the call to Life, to give them Its Invincible Protection.

Let Me remind you at this point, beloved ones, you have heard the Messengers speak often of the Cosmic Light. I wish you to understand clearly the Cosmic Light to which I refer is not the Universal Cosmic Light! The Mighty Goddess of Liberty went to the Great Central Sun and interceded for the people of earth and thru that, She has brought forth the Power of the Cosmic Light,

Property of Saint Germain Press, Inc.

which is the consciously projected Power of Light and Energy from the Great Central Sun, projected by the Great Group of Ascended Masters who are there. That is the Cosmic Light referred to in Washington's Vision and by the Mighty Arcturus; for that "Light as of a Thousand Suns" if necessary, will be released into the earth and dissolve and consume every vestige of human discord and selfishness!

It does not require so many more with yourselves, to have almost guaranteed this Protection, this Defense of America, which must come at this time, if mankind are to survive! You have recently seen the reports of the earthquakes shaking every part of Europe.

Remember, beloved people of America, the discord which mankind have generated, calls forth every destructive force. If they continue in their tremendous feeling of refusing to accept the Power of Light, Nature will turn and allow the discord to generate and build, which will bring into their midst the very thing every heart tells them should be avoided.

Beloved ones of America, I ask you to try to live from your heart! Do not accept the appearance of the world of human creation, which is the prevalent thing in America today; but turn to your own God Presence, whose Light and Energy beats your hearts. Call It forth into action; send forth Its Mighty Power; Its Mighty Light Rays. It will answer your call always, whether it be individually for your personal blessing; or whether it be projecting the Light Rays into the conditions of America, which require assistance at this time.

All of this will come at your call. Altho you do not see It, that does not alter the fact that It goes forth! Therefore,in all the energy you use which is of any consequence, the activity is invincible; therefore, trust this Invincible Power to which I call your atatention; and give the co-op-

eration with It which I know positively to be necessary for your Freedom.

As you go forth in your daily activities, you can at any moment during the intermission of activities, silently make the call to your "Mighty I AM Presence," to direct Its Mighty Light Rays forth into the condition of earth, wherever the Light may be needed and there give the greatest assistance the world has ever known.

You see before you the example of all mankind. Anything that agitates or disturbs the feeling world of mankind appears equally disturbing individually or for the nation; and in all the agitation which has been in your America, but one sinister motive was back of it; and that was to so agitate the people that the full force of the war entity of the world, (which has been consumed from the earth, since this Dictation was given) would have its dominion thru mankind; and bring its devastation everywhere.

Therefore, I am determined for one, and there are many of the Ascended Masters who are as determined as I am, to prevent this if possible! Threfore, the Messengers have gone forth for almost four years with tireless energy and with the Infinite Power of Love and kindness, pleading with mankind to study and apply these Great Laws, which would enable them to give the assistance that is needed today.

It is imperative! Not only is it needed, but unless the response is given, you will find yourselves in a condition worse than hell on earth. That is the condition you are facing today. People of America, there is no question about it! Don't sleep! Don't be deceived by the conditions which exist. They can all be remedied by this Mighty Power of Light and with a speed that would amaze you, when enough of America will call this Mighty Law into action, to remedy the conditions existing today!

Property of Saint Germain Press, Inc.

Gentlemen, I tell you when taxation has reached its limit as it has today, then that sinister thing tries to seize upon industry; and while it is right for the employees to be well paid, yet in the conditions which the sinister force is trying to impose upon you today in the demand for greater salaries, the first thing you know, there will be no industries in the world from which mankind can receive any compensation! Then you will have reached the open door to the out-pouring of all destructive forces which have been generated on earth!

Therefore, I say to you, awaken mankind of earth! Stand on your own two feet in the great acknowledgment of your Presence of Life! Call it forth in your individual Life, then into your government, your cities, the state and the nation—letting the full Power of its Magnificent Glory remedy these conditions; and by the Power of Light; instead of you being fodder for the cannons, which otherwise will one day take their toll upon mankind, as they are in Europe.

Beloved ones of America, I say to you, this is not necessary! You today have the Power to call the Presence of Light into action, to remedy these conditions and stand guard every one of you! People of America, each of you has a Higher Mental Body, which is the activity of your own God Presence—the "Mighty I AM." At your call, It will project Its Mighty Light Rays into every condition which exists in America, for the Power of Light knows no opposite; It knows no opposition! There is nothing of human force and accumulation which can stand before that Power of Light called forth, from your own God Presence—the "Mighty I AM."

The opportunity is before you and I congratulate you Minute Men who have so styled yourselves in My Name! I congratulate you with all My Heart, in the magnificent service that you have thus far rendered. Go on and on, be-

loved Brothers of Light! Go on, I say, with greater determination than ever to make this call and release this Power of Light; which is the greatest protective Intelligence that mankind need today! It will bring about thru Peace and the Power of Divine Love, that which most people cannot yet comprehend—the remedy for all conditions which exist in the world today.

You in America, who are strong enough to stand in that Mighty Power of Light and call Its Mighty Powers into action, will one day see! You have before you the evidence of these two blessed Messengers who have governed conditions time and again of whole cities when they entered their borders.

Do you not see, gentlemen, the evidence is before you irrefutably, to any person on the face of this earth, who is honest and sincere and who cares to look. Therefore, I call your attention to the evidence before you, inconceivable to the person who is not willing to investigate and understand This Great Law of Life.

Mankind have always asked and demanded proof. In the Name of your "Mighty I AM Presence," I say to you, how could greater proof be without some Cosmic Miracle, so-called, being set before you? How could greater proof be given than that which the Messengers have given to the world today?

Please understand and see that We have not yet sufficient energy from your physical world, to completely govern the conditions that are waiting with their fangs extended to strike at you and your beloved America. Unless the people will awaken and understand this and give Us their co-operation, they will experience the destruction waiting to engulf them.

I say—never to frighten mankind, but I speak the Truth that the people may awaken and understand the conditions which exist; because you cannot possibly comprehend what awaits you. You cannot see from your human oc-

tave; you cannot understand these things as We do, from the Octave of Light above you; for We, as Ascended Masters, know the Perfection which We have attained; and know the imperfection and conditions which exist here with you! We know there is only One Power in the Universe which brings a permanent remedy for anything, and that is the Power of Light from your own God Presence!

Beloved Minute Men of America; beloved friends of America, stand in the Light of God, your own "Mighty I AM Presence," and call It forth! To you, Friends of America, who may not have yet contacted This Understanding, I say to you This Work of the Messengers is for the good of America and for the Blessing of mankind. All forces who oppose This Light, which the Messengers represent, are aiding and abetting the sinister destructive forces who want to destroy you and your Amerca.

Awaken beloved Minute Men and people of America! These Messengers have offered nothing that any human being on the face of this earth cannot accept! If you are willing to lie down and let the forces of destruction destroy you, then that is your privilege; but I say to you, whether it be individual, city, state or nation, if you lie down and do not call the Powers of Light into action, you will be destroyed individually, as well as your cities, your state and your nation.

Therefore, your opportunity, today, to call these Powers of Light into action is the greatest opportunity you have ever had! It is imperative that you make this call now! It is the greatest need before mankind today! You, in the comfort of your own homes, cannot quite realize that the fulness of your Heart's Desire has only found a part of its glorious expression.

Beloved ones, your Heart's Light is the Governing God Power of your world! Let It expand in your attention to the Great God Presence, your "Mighty I AM," and

Property of Saint Germain Press, Inc.

flood your beings and worlds with Its Mighty Radiation of Light; May I repeat to you again: Your Heart's Light knows no opposite in the Universe, and no destructive force of human creation even attempts to oppose This Power of Light. That is why, the Power of Light is so all-effective in bringing the remedy which is required for the conditions of today.

So, in the opportunity that is before you, will you take a firmer stand than ever before in your life, in your call to the Light, to bring about this Assistance which you and America need today? This is not idle talk! We, from the Octave of Light, who are wholly Perfect Beings, can see, understand and know that which you cannot even imagine! Therefore, we offer this Assistance! We offer these suggestions so you may, if you will, give response; and then find one day, not so far distant, your land and yourselves expressing a Freedom and Happiness never known on earth before.

I want you to understand, today, that in the establishing of Permanent Peace and Freedom in your America, there will come the response of Nature which is at present rebelling against the inharmony of mankind! You wonder why such conditions exist as they do today. Because the selfishness of mankind has preyed upon each other, with only the thought of themselves. That must go from the face of this earth! If mankind will respond to Us, We will assist them and it will be done harmoniously and perfectly.

Too long, the people have tried thru physical means of war and such conditions to try to adjust these conditions, and never has it been done! Nothing will be done, because all war is destructive force and leaves in its train a vibratory action in the etheric records which you cannot possibly understand. It leaves an etheric record which is a magnet for gathering again more and more of those destructive forces from the feeling of mankind, and when

Property of Saint Germain Press, Inc.

its accumulation is sufficient, another war takes place.

Be not deceived! Call the Powers of Light to govern all conditions in your industries; the manufacturing of war materials and in the whole combination of your outer activities and bring about the complete and full release! If you could only see the conditions that exist! Those who wish to sell war materials, cannons, guns and everything imaginable, explosives of every kind, the most deadly ever known in the history of the earth—today are playing both sides, furnishing ammunition and arms to the first comers—to all comers.

We see and We fear nothing on earth; therefore, We tell you the Truth! Be blest by It, if you will; but unless you will give this assistance, which is your call from the physical octave, you will meet the conditions far far worse than socalled death itself.

Gentlemen, as minute Men of Myself, you know that there is no death! You but change garments! Therefore, remember the individuals who pass out thru war conditions or any destructive condition, carry with them the same feeling in which they existed here. If it be hatred of war, or hatred of those who sent them, then that power, quality and feeling remains in the feeling world of the individual.

If you could see what the Divine Director has done in releasing the boys who passed out in the recent world war, from the hatred which was generated there, you would bless Him forever! They did not know why, but they hated the thing they were facing and they hated those who sent them—and can you blame them? They were like cattle driven to the slaughter! There is no other expression that fits it, gentlemen! No other expression can possibly convey this to you; because in all war conditions the pride of manhood are driven to slaughter! You today who love your children and families, would you like to see them trampled upon, shot down because

Property of Saint Germain Press, Inc.

they are human beings? Would you like to see air bombs thrown and hundreds destroyed by one bomb; your loved ones; your children, your families?

Gentlemen, the condition that exists today, I say, is unparalleled in the history of the earth; because destructive forces are known and used today, which two hundred years ago were wholly unknown. Your forces of the air, if released with the power and intent of destruction, that exists in Europe and the Orient today, in thirty days not a city would be left in your America!

I say, awaken mankind to the Power of Light! Beware of the spy system in your country! Awaken mankind to this fiendish thing which rubs shoulders with many of you, in the pretense of smiling in your face and stabbing you in the back, by stealing from you your magnificent discoveries, your air planes and things which the people of Europe want today; because they ARE greater Perfection than what Europe has yet been able to produce. I say will you awaken mankind to these conditions?

I am appealing, today, as never before in your lives for your protection, beloved people of America; and unless you care to listen to Me, I cannot help you. ..I say to those individuals who have sent forth their mighty destructive devilish suggestions concerning This Work and the Messengers—beware! Be ready to reap its return, for it shall return! I say to you, when a destructive force faces you, you have got to be strong enough to call the Power of Light to return that destructive force back upon its creator. Would you rather be destroyed innocently, than return the destructive forces upon a vicious destructive creator? You cannot ignore these things!

Great criticism has come to the Messengers, because they understand this Law and call for the consuming of vicious forces of every kind; but unless you understand that and do the same thing, one day you will find your-

Property of Saint Germain Press, Inc.

selves in the clutches of those destructive forces. Remember, the destructive force generated by mankind has no discrimination; and when the people are seized by it, they have no discrimination! All Love from their being is gone and they only wish to manifest the projected viciousness and destructive forces, under whose influence they are acting for the time being!

Do not fail to comprehend and understand these forces! All force knows no discrimination, but it acts! You having your Higher Mental Body, which is your Discriminating Intelligence; in your call to the Presence, It releases Its Discriminating Directing Intelligence, to give you full comprehension and understanding of what these forces mean; and what they do when they are left ungoverned! You have heard the Messengers repeat My Words that —"the destructive forces of human creation ungoverned, are more vicious than the animal in the jungle." I repeat to you again today, far more destructive, for the animal in the jungle only destroys for food; but the vicious forces of mankind destroy for the activity of sheer destruction. Consciousness is acting in those destructive forces, but not governed intelligently.

Today, you who are in a position to understand and to feel, with full Glory and Power which is your privilege in rendering this service, gentlemen, Minute Men of America, I ask you with all the Love of My Heart, to redouble your calls and energy. I mean by that, charge your calls with a greater firmness and a greater determination in the release of your energy thru your Mighty Decrees: to render a still greater service, than that with which you have yet become familiar.

You cannot gauge, you cannot govern what your Great Presence of Life will do at your call! Just continue to make the calls with greater firmness, greater determination, which causes the Power of Light to release in greater volume, greater intensity and enable Us to am-

plify it with the greater intensity to more quickly bring this Assistance that you so greatly need today.

Therefore, in speaking to you today, My Joy is boundless, for again in the opening of the Shrine Class, there will come a Mighty Wave of this Cosmic Light projected from the Great Central Sun; and at the close as many of you know, will come a ten times greater release of the Great Cosmic Light. It must come, if mankind are to have the strength and courage they need today to render this service.

You don't see yet what is acting. You go out in the morning with great firm determination in your call to the Light—in great calm Peace and determination; but before the day is half over, you begin to feel the impact of human discord about you, and one thing or another causes you to feel irritable. When individuals begin to feel irritation, then the sinister force is laughing at you behind your back; because it is getting you disturbed, so it can drive its forces into action thru your mind, body and feeling world.

Remember, the guard which is needed! because all sinister activity of destructive forces first comes into action in your feeling world! Sometimes, it is acting there for hours before you are outwardly aware of it! Why? Because it is gaining its hold upon you with such deception, that you feel no outer affect, until it is ready to release into your feeling, that condition which it wants to produce.

Therefore, there is only one means of guard in the whole Universe and that is the call to your own God Presence, the "Mighty I AM" to stand guard over you; to make you aware of all that is acting or with intent to act thru your feelings. Then you are in a position to be alert to the forces which are endeavoring to use you.

Why do these destructive forces seize upon some of the students? Because it sees within them, a Light which

Property of Saint Germain Press, Inc.

would be powerful; and those who are turned aside become claws of that sinister force. I say to every one of you, stand guard over your feelings and all suggestions of the sinister things.

At the close of the last Shrine Class, because of that Mighty Decree issued, those claws of the sinister forces, cunningly went among the students and tried to claim that the Messengers were acting destructively. That Mighty Decree was for the protection of your children as well as theirs. Don't be deceived by those cunning subtle things, but stand on guard! Minute Men of today, do you realize what your willingness to enter into the Power of Life means? Do you know what it means to the rest of mankind and the Infinite Protection it means to your beloved America?

I say, beware of ALL forces today that attempt to create discord in you! No matter what the source, whether it be persons, places or conditions! There is only one safety for you and your families and that is absolute serenity and self-control over your feelings. Then, We can give you Assistance indescribable; but We cannot do it and We will not intensify the release and power of energy, if you are willingly qualifying it with discord. We want to save you, not destroy you! We want you, who are in the position today to give this assistance in America, to be the Out-pouring of the Power of Light, which you are at your call to the Presence of Life. You become the Outpost of the Greatest Power and Intelligence in the Universe that ever has or ever will exist!

Your privilege is very great! I say to all, awaken! See! You do not comprehend as I do, the magnificent service that you have thus far rendered in the release of this Mighty Power and energy in your Decrees, individually and in your Groups here! I congratulate you in Los Angeles, beloved Minute Men, for the service you are rendering! What a Blessing you are giving mankind and

Property of Saint Germain Press, Inc.

yourselves individually.

If time permitted and I could take you individually and show you your progress in the past six months, your joy would be boundless! I bid you be not discouraged at anything, but with joy filling your hearts and the release of the Mighty Energy from your Presence at your call, go forth the Victory of Light; and feel Its Mighty Power and Dominion take action in your world, as so many have!

We have seen the many in your city who have been thru long struggles financially, as the Messenger had. Then suddenly, you found the wall dissolved and the Inpouring from the Treasure-house of your own Presence pouring forth. It is the Divinest thing in the Universe! It is the Divinest thing on the earth, because then only, have mankind found their Source! Then only, do they know It is the Mightiest Directing Intelligence in the Universe. They know It is the Treasure-house! Then unlocking Its Doors by their adoration and call to that Great Presence of Life, they keep it up; until finally the Outpouring thru the physical form of the money supply, the happiness, courage, strength, Directing Intelligence, which everyone requires, finds the fulness of Its Action through everyone.

Gentlemen, I love you! Do not be afraid to say, you love each other. Oh, you are none the less a man, because you want to express the Power of Divine Love! Therefore, I say to you: in the silence of your own chamber call to the Presence of Life, the "Mighty I AM"—and keep charging, charging and charging the Mighty Powers of Light from your Presence to pour forth into your world of action; to govern, to glorify, to bless your every activity. Then, you will find that conditions which touch your world, will become harmonious; and you will feel, and it will be true, that you have actually physically entered into a new world—a world of Supreme Definite Action, the Power of Light.

Property of Saint Germain Press, Inc.

So as you go forth, stand in the glory of all that you wish to do! I call your attention to the Messenger who in his early life, longed so greatly to have his great unselfish desires to bless mankind fulfilled. Then, when he thought the time was past and that his wants had not been answered, the Gateway of Light opened and I took him into My Arms! I gave him the Understanding; made him the observer of the Laws of Life; taught him how to operate Them; and then sent him back into the world to help you! He has but one desire, gentlemen, with all the Power of his Being, which has now become tremendous, thru his constant calling and calling forth of the Powers of Light, to render you service; to set you Free; to give you all the strength and courage that mankind must have to conquer conditions, for without the courage to face the conditions of the day and be Master over them, mankind would be submerged by them and vanish from the earth!

So, in the conditions that are confronting you today, be not dismayed, because they sometimes seem terrifying. Remember, as you have so often said in your Mighty Decree Work, those human creations, those destructive forces have no power of themselves! Do not feed your Life into them by the power of your attention and thus strengthen them! When you have issued your Decrees that those forces have no power, then take your attention off those conditions. Turn your attention to your Presence or to some constructive idea and let that Power of Light do Its Perfect Work.

As long as your attention is upon destructive things, then destructive forces will be acting in and thru your feeling world. It cannot be otherwise. That is why I ask you to do this. The Messengers have to stand guard! Call your Higher Mental Body to stand guard over your feeling world, so you do not unknowingly continue to accept destructive thoughts and feelings! Ofttimes, they

Property of Saint Germain Press, Inc.

are consciously projected to make you what you otherwise would not be.

Every heart is good. Can you believe that with Me, in the face of all conditions which exist in the world? When I make that sweeping statement: "Every heart in mankind is good," if given an opportunity to act, it will prove that goodness; but when individuals are set upon by destructive forces thru their feeling world and do not know those destructive forces are acting there, then the people are helpless before the onrush of that destructive force. That is what is sweeping Europe today! There is no question about it, because of the disturbed feelings of the people, the destructive force has full sway to sweep in, set into action the outer feeling of individuals, and they become prey to the most destructive forces in mankind today.

I am calling your attention to this and I will follow it up in the broadcasts which are to follow, with I trust, a sufficiently clear explanation, so no one of you will fail to grasp the fact and feel the joy welling up within your hearts, that you have come to know the Source of Freedom; the Absoulte Certainty by which you can protect yourselves, your families and your America.

Oh, that you could know how I love America! Do you think, if I did not and had not seen the possibilities of America, I would have released energy for two hundred years to bless and protect America? Your Great Goddess of Liberty, beloved Minute Men, can you understand with Me for a few moments, what that Great Being means to you in America? Why do you suppose the Great Law of Life has provided such a Great Focus of Light for this great purpose? Do you not see that the Goddess of Liberty was provided by and sent forth by the Great Central Sun! Then think, your sister country received so powerfully the Glory of that Freedom, which she could not experience; yet sent to you the symbol of the

Property of Saint Germain Press, Inc.

Goddess of Liberty; so you could have before you what that meant to mankind.

Gentlemen, outside of our beloved Jesus the Christ, whose Symbol should be everywhere in the world—there is not a greater thing in the world today, than the Statue of the Goddess of Liberty in New York Harbor; which reminds the incoming and out-going mass of mankind, of the Glory of Freedom in the world of America. Remember! that Great Goddess of Liberty is a Real Being to you!

Beloved Minute Men, whenever you sing that song—the Goddess of Liberty, will you not do Me the kindness to feel with all the intensity of your Being, Her Power and Blessing upon your release of that energy, for the service to America which you wish to render? Never does she lose an opportunity to take up and utilize that Mighty Energy; and shall I say today, how great Her Love and Gratitude is for your willingness to establish the Minute Men of Myself, as you have styled yourselves to render this Service? It is very wonderful, and I say again to you, beloved Minute Men, watch and stand guard over every person, place and condition that attempts to agitate your feelings; or spread falsehoods into your world for any reason whatsoever! Don't believe anything because somebody repeats it! Gentlemen, I am depending on you; you have no idea how much; and how great My Love and Gratitude are to you for having been willing to be the Mighty Focus of Light, to render this service.

Feel for a moment, My Love fill your hearts and worlds and My Gratitude to every sincere Minute Man in America. It is very wonderful, and when I call your attention to these things, do not think I am a calamity howler. I am putting to you the Greatest Truths for your attention; because when you know, as you do, the power of your attention, then you know how that can become an Invincible Power!

Property of Saint Germain Press, Inc.

Gentlemen, I take you individually. Do you understand how each one of you in your understanding of your "Mighty I AM Presence," in your ability to call It forth —Its Mighty Rays of Light and energy, how you stand today—if you only knew it, Invincible Beings of Light! You are not subject to these conditions which exist, even though you have been a part of that creation, still are you not subject to it! As soon as you call on the Law of Forgiveness, then turn your attention to the Great Presence of Life, you are fulfilling the Law, and as long as you do not continue to make mistakes, then you have proven in your call to the Presence, that you are willing to change and face about and act only constructively. Then, you have become one with My Heart!

Should I remind you, that We, who are wholly Free Beings, could withdraw from the earth today and leave mankind to the mercy of their own creation? The Messengers could, but they won't. I could not even persuade them to withdraw; because their Love is so great for you, for mankind, and knowing the conditions as We have shown the Messenger; for they have existed thruout the various civilizations, thru their rise and fall! If you knew how he pleads with me: "Don't let mankind fall again"!

Therefore, I am endeavoring and the Goddess of Liberty has gone to the Great Central Sun, to call forth more Power, Every Power that mankind will accept and to which they can attune themselves, so as to allow It to flow forth! Gentlemen, I must remind you again, do you not see how it is impossible for Us to release the Full Force and Power thru you, which We want to release, as long as there is a chance of you qualifying it destructively? Do you not see We cannot do it? We would endanger your physical bodies and We cannot do that. We want you, We need you and you need yourselves!

You may not consider those physical bodies of so much importance; but let Me tell you, those physical bodies

Property of Saint Germain Press, Inc.

today—in the position in which you stand in your understanding and acceptance of the Light, are more important to you, than you can ever imagine! Why? Because certain attunement has gone on which you never had before!

Gentlemen, it does not make any difference to Me what your appearance is today in the outer world; I see and know what that Light is within you; and if I did not see how It could be brought into magnificent use and Victory, do you think I would plead with you? That is self-evident! I would be wasting My time and yours, but knowing as I do the Beauty, the Power, the Perfection of your hearts and your loyalty to America, then I will turn heaven and earth upside down if necessary, to give you the Assistance, if you will only go on in your calls for the cleansing and purifying of yourselves, to release the greater and greater Powers of Light!

I repeat to you again what I said to the California students' breakfast in Denver: "Jesus has said: 'The last enemy to overcome is death!' I say to you, the last enemy to be overcome is abnormal sex desire! Normal sex desire is for the procreation of mankind only. Don't blame Me, when I call your attention to these vital things! If you waste your energy in sex excess, you cannot hope for the Victory of the Light!

I say this with all the Love and kindness of My Heart! Sometimes individuals have become so vicious to the Messengers, because they have told them this Truth. I say to you, ungoverned sex desire is the down-fall of every civilization! I have talked this over with Jesus and He said today: "You are right, because that is where the sinister force strikes at mankind; and as a last opportunity, when it cannot reach them in any other way, then it will seize upon that desire, to bring its destruction upon them"!

Let Me help you, won't you, to erase those desires from your being? Your call to the Presence will help

Property of Saint Germain Press, Inc.

you to do it! The Great Law of Life is: that desire is only for the procreation of mankind, and there is no wrong in using it for that purpose; but when you waste it, that is your Life Energy gone forever! If there are any students anywhere who think their understanding of the Presence will enable them to replenish that Life Energy and use it for that purpose, then they have made a great mistake! Life will not release Itself for that purpose any longer; and when you have used up your accumulation of energy in that desire, you will find yourselves like a balloon with the air let out—yourselves exhausted!

Beloved friends, today, let us talk together, heart to heart! I stand the Messenger before you as an example. Look at the limitless energy he pours forth—on his feet ten and twelve hours a day and never with exhaustion; never with lack of energy, because that energy is conserved! The example is before you gentlemen, and every one who governs that will find his or her face becoming radiant and the body filled with limitless energy and strength.

Today, when the sinister force has used every conceivable means of wasting your energy, I use this opportunity to remind you with all kindness—Oh, no matter what your mistakes are, I would not condemn you for anything in the world. Please feel that, but knowing the Law as I do, I want so much to help you! I want so much to see you Free, buoyant, filled with strength, energy and courage, to meet all conditions and say to them: "You have no power!" as many of you have been able to do!

It is wonderful when I see among the students, the many who have erased desire after desire—drink, tobacco and all those conditions, just as if they had never been! Don't you understand, that when you call the "Mighty I AM Presense" to take out of you, out of your feeling world, all wrong desires, the Greatest Power in the Universe is set into action, to erase the cause, effect

Property of Saint Germain Press, Inc.

and record of that from your lives?

I love you tremendously! I know what it means to go thru those experiences and to overcome them; but it is so wonderful when it is accomplished; the joy is so great and the Freedom so great; the Blessings without limit! I plead with you and lend My Infinite Power, to give you strength to erase from your feeling world every undesirable desire that wastes your energy; and remember this is only one avenue.

The misuse of sex, the feeling of anger, irritation and distress of every kind, is a waste of the energy, not so great perhaps as is present in violent anger; but these conditions are so easily and quickly removed from you and your feeling world; as you call the Great Presence to take out of you any desire for any condition which you wish to overcome.

Therefore, I offer you, and the Great Victory whose likeness you shall soon see, has offered you His Great Light, His Great Victory! For hundreds of thousands of centuries, He has never known anything but Victory! Therefore, as He and the Goddess of Liberty offer Their great charge of Cleansing, Purifying Energy into your world, won't you accept It; and let Its Great Powers come into action to give you the Blessing, the Power and the Freedom which everyone of your hearts crave?

Any destructive desire or that which would call for a waste of energy, does not come from your heart. It either comes from an accumulated activity within your feeling world or a desire projected into your world.

Now, before I close I want to say to you, as you observe the Great Chart, the Tube of Light and the Violet Consuming Flame, there is nothing in My Experience among mankind, which touches Me so deeply and Fires Me to the depths of My Being to give release, as the projection into your feeling world of wrong desires, willingly, deliberately and consciously projected. There isn't

Property of Saint Germain Press, Inc.

anything in the world that fires Me like that; because mankind are so wholly unaware of what is controlling them and accept that the feeling is their own.

That is why I urge you, beloved ones, to call the presence to formulate the Tube of Light about you, so any discordant or immoral thing cannot penetrate it to reach you or your feeling world! Oh, when you once realize you can do that, what a different world, what a different being you will be; because today mankind are a conscious target for the projection of every vicious immoral force; and I try to put you on guard, beloved Minute Men, against these things! Remember, you have willingly entered into this Great Stream of Life, to render this service for America and under My Name! How proud I am of you, but remember only so far as you are willing, can I help you!

We stand, gentlemen, in the Victory of Light. In speaking to you today, there is nothing discouraging about it. There is just a Power of Our Energy released to fire you into firmer, more determined power, in the release of your energy to bring about these better conditions. We are so near the great ever-balancing Victory of Life! I hope We can say at the close of the Shrine Class, beloved ones of the light, that your Victory is sure!

I thank personally the students in the East and our beloved Mr. Zinke and the students here for making it possible for these broadcasts to reach mankind. Oh, if you only knew what that means. Thousands of people who for one reason or another perhaps would not come to the class, can have its blessings thru the broadcasts. When they understand that This Work is for the public good and It is the Law of Life, and that no one is asked for anything except to give obedience to the Law of their own Life to have this blessing, then is there anyone of mankind who should not want to give his or her Life to constructive purposes?

Property of Saint Germain Press, Inc.

Today, you are in the Greatest Blessing, the Greatest Focus of Light, because of your determination and desire to give this Blessing to your fellowman, for the protection of America. Remember, All the Forces of Light, are answering your call!

The thing that We are so determined to do at this time, is to prevent any wedge of the conditions of Europe finding an entrance into America! You have no idea what the governing powers of Europe have planned. I mean the destructive sinister things that are acting. Those powers are watching your America like a hawk; because for many years, they have had their spies in your midst. Remember, it is only since the Messengers began to ask the students to call for the revealing and seizing of the spies and the dope in America, that this has been revealed.

Think the Great Victory has said to you, that one of the greatest destructive forces in your midst today was dope; and look at the thousands of tons of dope that have been seized within three months, and more and more will be revealed as your calls go forth! Do you not see that in those calls, you have Infinite Power which goes forth into the mental and feeling world to touch mankind? You could not dream how the Power of Light acts and makes mankind alert: and then these things are revealed and destroyed.

So it is with all the conditions that exist in the world. In your call to the Powers of Light, gentlemen, Light is the acting Power and It only acts thru harmony! Many times, Its Wall of Forces sends back upon destructive forces their own destruction; but that is the Law of Life; that is not your desire or Mine, but don't you see it has to be done! Whoever creates destructive forces must some day reap them, because it is the Law of Life, and neither you nor I, nor anybody else can prevent It Acting. I want you to understand that, if you will; and

Property of Saint Germain Press, Inc.

don't ever let any feeling get going like it was with a few people after the Shrine Class here. If you do not return destructive force upon its creators, you will be destroyed by it.

You who are the Children of Light, do you wish to be destroyed and deprived of your oportunity to serve; just because you won't turn destructive forces back upon their creators? That is the Law of Life, it is nobody's wish to harm anybody; but if you don't do it, you will be destroyed yourselves. The Messengers would have been destroyed long ago, if they had not known that. They know the Law and they are not bothered about some ignorant human opinion about It; but they stand their ground for your protection. They could have been wholly Free a long time ago.

I want you to understand these things and do not be misled by vicious human suggestions, that try to prey upon you, to get you to think the Messengers did something wrong! They never did and never will! They are strong enough and firm enough, to hold to the Light and do whatever is necessary for your blessing and protection.

Gentlemen, the great Love of My Heart pours out to enfold each one, each Minute Men in America; to enfold you all in My Power of Divine Love, My Strength, My Courage and My Victory over all substance and energy! May the fulness of My Power of Divine Love added to yours enable you to win now the Victory of Life and the Fulness of all It contains and holds for each one.

I hold you in My Embrace of Light; in the fulness of Its Infinite Power to bless you, to strengthen you and to direct you by the Ascended Masters' Consciousness which cannot be requalified by human qualities; and may My Love pouring into your world be the "Cup of Light" which gives you the Victory into your Presence, your own Life!

I thank you.

OUR NEW MUSIC

T is our great privilege and joy to announce the release of a folder of three new songs by the Messenger, Lotus Ray King.

They are:

"I AM" Here
Angels of Saint Germain
Freedom's Triumph

They are all dedicated in Eternal Love and Gratitude to the "Mighty I AM Presence" and our Beloved Saint Germain, with the intense call that we be made and kept forever worthy of the Light and Love He has given us all in this Mighty "I AM" Activity; and for the privilege of carrying and protecting that Light until all mankind are ascended and Free.

May there go forth thru these songs such Love, gratitude and adoration to our Beloved Saint Germain for all He means to mankind, that every human being on earth may be privileged to see Him face to face in His Visible, Tangible Ascended Master Body and Know Him as we do!

May all who sing, play or hear these songs feel His Mighty Reality, His Enfolding Presence and Love pouring out to them and bringing Eternal Freedom in the "Light of God that never fails."

These songs, both music and lyrics, are a direct answer to our intense call that thru music we may all pour to Him constantly our Love, Adoration and Gratitude for His Immeasurable and Eternal Gifts of Freedom and Illumination; and for being the Open Door for the Ascended Masters' Instruction of the "Mighty I AM Presence"—the Law of Life—to raise all into their Perfection.

Our beloved Frederick Landwehr has made the arrangements and we call Eternal Love, Gratitude and Blessings to enfold him forever.

May these songs be sung by everyone who seeks Freedom from the distress of the outer world, and thru this music and Love receive their Freedom and release.

No greater privilege could be given anyone than to be the channel thru which these songs could come, and our hearts sing with Eternal Love, Gratitude and Praise for this opportunity and Blessing.

GEMS OF LIGHT

K-17

It is so important to keep yourselves reminded that every time you call the Power of the Presence into action, it is the Power of Light that goes forth Invincible, knowing no resistance from any human quality; then as you call that to be sustained, it is limitless in Its Power, readjustment, perfecting or whatever the requirement is that goes into action, and it is sustained there.

K-17

I am sure you have not quite seen the necessity of holding a sustained action, when you call a Light Ray into action to perform a given service. You must stand by that regardless of what the appearance may be, then you have set into action an Almighty Sustaining Power that will produce absolutely a given result.

OUR BELOVED MESSENGER

Whatever intense desire you have been holding during the day will act during sleep thru your etheric body, which is the next density to the human. That is why people experience things in sleep that are not pleasant.

OUR BELOVED MESSENGER

All intense feeling and desire is an impelling force that acts thru your Life-stream, and if it be discordant, it will qualify that energy as it goes forth; and remember you hold the larger percent of that in your world as it goes forth.

GODDESS OF MUSIC'S DISCOURSE
MUSICAL — LOS ANGELES, CALIF.
July 17, 1939

CHILDREN of the Light, joyous indeed is the Glory of this evening. In coming forth thru the necessity of the world today, I find after so long, the response once again to the Great Eternal Light from which all things come, even to the Highest Octaves of Light! Out of the Light came all that is; to the Light all must return!

Tonight, before I speak to you may I offer a Blessing to the artists.

Precious Lotus, great is thy courage, strength, thy determination thru the centuries to bless mankind. You shall not be disappointed in your heart's desire of this embodiment. I am here to grant your great desire. I charge My Blessing into your world of action, that the Great Music may come forth to heal, to bless, to enlighten!

Child of Light (Violet), in the Glory of Light may I assist you, that the Heart of Light within your heart may find Its Full Expression; and the joy and humbleness within your heart lift It to great heighs of attainment. I charge the Voice of Light into action to bless you and all mankind!

Son of Light (Frederick), your long pent up desire to release that Great Power and Feeling of Music, shall be granted in composition and action. May you feel the Full Power of Its Release come quickly, that the Light within your heart, charging Its Action thru the brain and Its Currents of Light thru the hands, may play with the Power of Light! I charge My Power of Musical Action thru your mind and hands! May It find the Fullest Expression in your humble obedience to Life!

Thruout the ages, mankind have long held with Inner Dominion, a great desire for the release of the Harmony

which is naturally within man. Beloved ones, tonight, allow Me to charge My Light into your voices. Will you, who have naturally such beautiful voices, accept My Charge of song and speech into your voices, so We, others beside Myself, may give you Assistance?

Do you quite understand, beloved ones, what it would mean to speak with the Voice of Harmony? MANKIND HAS NOT YET UNDERSTOOD, WHAT IT WOULD BE TO SPEAK WITH THE NATURAL INTONATION WHICH IS WITHIN THE LIGHT OF EACH ONE'S HEART! Since One has said to you: "Let the Light within your heart sing," once you quite understand what that means, any one will sing by the Power of the Presence.

There is now and then one who has some form of impediment in the speech, and if you will take the firm attitude: " 'Mighty I AM Presence' You are my voice! You speak Your Perfection thru my lips and thru my voice," You will see what change will come. You must be in earnest, of course! You must want it! Don't just try to experiment, but want the Harmony of speech and song! Desire It as you desire the most priceless thing; and one day, you will know that the Great Jewel within your Being, is the Heart of Light which beats your heart, whose Radiance comes thru the voice!

Do you quite realize that there is no such instrument in the human octave, as the human voice? There is no instrument that can imitate it. There is no instrument that can put the feeling forth which the human voice can give, when it is in Perfect Attunement with the Presence of Life.

May you observe and may you feel the Blessing which is coming to you thru your attention on the Presence of Life; and all you owe to your Great Friend of Light, your Beloved Saint Germain. If it were not for Him, I would not be here! Would you believe that the Goddess of

Property of Saint Germain Press, Inc.

Music has much to do with the Goddess of Purity, the Goddess of Liberty, and the Goddess of Justice? When I am able to assert My Dominion in the music of mankind, I will have rendered a Great Service to the Goddess of Justice and to you. May I be able to render that Service thru the attention of mankind upon Me.

Will you observe great Children of Light, how all Life is gathering Its Messengers, Its Powers of Action in concentrated form for your Blessing? Do you observe that, Children of the Light? It is a long, long, long time since the chidren of earth emitted the Light that they are giving forth today; a very long time, dear ones, and can you imagine Our Rejoicing to find the earth again responding to the Call of Life?

You remember when the Command of the Cosmic Light goes forth all Life must respond, whether it be the action of Nature upon earth; or whether it be the Life acting thru mankind! All must respond and thus acting thru the desire world of mankind must impel and compel that response! How great then is the willing obedience of mankind to harmonize with the requirements of Life, to bring the happiness and supply. Oh, my dear ones, did you notice that word, "supply," which in My short observation seems so apparently needful?

Never mind, sooner than you think, you too will reach forth your hand and receive your supply! We, of course, are not concerned, because Our Supply is always at hand. We have but to speak the Word and It is there!

The Goddess of Light invited Me to go on a journey with Her on last Thursday and I observed the process of decoration of your buildings. Seeing the smile upon Her Face, I said: "WHY?" and She said: "I am observing your astonishment." I said: "Yes." When We in our Homes and Temples of Light need but give the Command and Our Decoration changes, Our Colors change according to Our Desires; and if We wish to add jewels to en-

hance the beauty they are there—jewels far rarer than anything known on earth.

Of course, I do not wish to condemn you, but am just giving you a slight idea of what awaits you in your obedience to Life. Oh, my dear ones, when your beloved Messengers and your Great Friends of Light, have so often urged your obedience to Life, Oh one day, you will see what that means; how it releases all the abundance of Life into use; always at hand and always abundant.

I have observed that many of you have taken your beloved Lotus at her word and have called for ten times more than you require and are experiencing it, more is the joy. You will not find Life reluctant with you. You will find Life always ready to pour and pour and pour Its Great Abundance into your use; because when you have come to know the Great Presence of Life, then the Energy that passes thru you, if kept harmonious, is blessed! Would you think that you children who have called yourselves of the earth, because you had not understood the Presence of Life, could bless Life? Did you ever realize that you could bless Life? Oh, understand it tonight!

As you call forth Life and It flows harmoniously thru you, then you begin to bless Life; and you bless everything that pours thru your hands. I have heard your beloved Lotus suggest to you that when money comes into your hands, that you bless it to go forth and multiply and create Purity and Perfection! It is a magnificent opportunity to bless Life! Isn't all substance, unqualified by mankind, Pure and Perfect Life going forth on Its mission to bless?

Is it not magnificent that Life in Its Natural action always blesses? When mankind have understood and ceased to qualify with human qualities, the Power of Light as It flows forth, then will mankind see what a Blessing Life holds for them; because in your multiplication of the Blessings of Life by your Power and charge of qualifica-

Property of Saint Germain Press, Inc.

tion, then you in the human octave, from which the call of Life must come for Perfection, will find Life multiplying Its Perfection with great speed and power. That is a very joyful thing.

Oh, my dear ones, your Life is not so serious here as you think! It does seem very serious sometimes, does it not, when suddenly terrifying things confront you, but are they? Are they really terrifying? If you think so, allow Me to differ, and this is the reason! All that confronts you in the physical octave which would be terrifying, is but of human generation and creation, by clothing this Power of Light all the time! Then, that terrifying thing which shows its appearance to you by the Power of Light could be shattered! Do you not see that? No force can go forth clothed with human qualities without the Light within it by which you could shatter it on the instant! Will you see that?

Your Beloved Saint Germain says you have not been given that particular point! Will you take notice of it then and utilize it with great Power? Now suppose you have by mistake sent forth something discordant and harmful; then charge the Light instantly thru it; and explode the Power of Light within it, and it will be no more! It is a magnificent opportunity to govern even the mistakes which might sometimes still occur.

The perfecting process of the qualification of mankind at first, seems not an easy thing; but you should remind yourselves constantly, that your Presence is the Purifying Process; and not begin to feel that you outwardly are the Law or the Power! That is the mistake in the feeling of many today. While they are calling for the Perfection, yet because of outer pressure, they still feel: I must do something desperate here—and do you not get very desprate sometimes? That desperateness would not act, if you understood sending forth the Currents within that qualified Light which has human discord around It and

Property of Saint Germain Press, Inc.

expand It; or in other words, explode It, so the quality would be shattered.

Great Activity of the Great Law of Life has been given you within the past two weeks; many wonderful Magnificent Points in the use of the Great Law not heretofore brought to your attention have been given! Will you hold fast to them and utilize them? Oh, my dear ones, understanding the Great Law of Life is of no benefit, if you do not use It, and that is why many need, Oh you will pardon Me if I say it, won't you—not so much application, but more intense application!

In a few instances, I have been caused to observe individuals making such, pardon me if I use the word, "frantic" application and becoming so wrought up in their very, not intensity, but anxiety! Will you notice the difference between intensity, which is calm repose; and anxiety, which is desperate excitement! Will you observe that in your application in the future; and come to understand and instantly observe the difference? Oh, it is so worth while! Great intensity may be used without anxiety or tenseness within your nervous or muscular system!

You see whatever holds tenseness in your nerves or muscular system is not good for you; because it causes congestion within your muscular and nervous system. You remember the many times during your pilgrimage this time, that you have had a high fever, but have you not seen it dismissed almost as quickly as it arose? Perhaps the young man is in the room who recently had that experience.

How surprised one day you will be, when you come to find that any time a congestion starts within your body or a fever arises, you will say to that: "Oh, be at peace! I am in command here," and it will be at peace! You remember the statement of the Great Ascended Master Who said to the tempest: "Peace be still"! You may say to the tempest of your world: "Peace be still"!

Property of Saint Germain Press, Inc.

Not please, but "Peace"! Be still! It will not answer you, if you should say "please" instead! Mankind should say "please" to each other, but not to Life and Energy!

Have you not all noticed that as you are carried in conveyances, even in the elevators of the hotels, how polite people are getting and they say: "thank you," and "please"? They did not do it twelve or fifteen years ago. They said: "Take me to the top floor quick," take me to to the first floor, I am in a hurry"! That used to be the idea, but now: "Will you please let me off at the Galleria, the Main floor, or the fifth"? I am calling your attention to some of these things tonight because of this great change which has come within ten years.

Unfortunately a great majority of mankind are not noticing, except in a few instances, this change that is actually taking place; even before your Beloved Saint Germain began to bring out this great Vast Knowledge and Understanding of the "Mighty I AM," because the Radiance was going forth already. Instead of coming events casting their shadows before, it should be said that coming events of Perfection cast their Light before! That would be the correct statement; because coming events of the future, will be coming events of Perfection and not something which you will dread! Will that not be a day to be joyfully contemplated?

How many of you in this room—you may think of it silently of course, wake up in the morning with a great weight upon you, "Oh dear, another day." Soon there will be a joyous song replacing that feeling! I say to you, beloved ones, who feel yourselves so greatly in need of supply,—"LET THE LIGHT SING WITHIN YOUR HEART, IN THE FACE OF ANY CONDITION AND THAT CONDITION WILL BE POWERLESS TO CONTINUE! THE SINGING LIGHT WITHIN YOUR HEART WILL EXPAND ITS

Property of Saint Germain Press, Inc.

RADIANCE AND DISSOLVE THAT APPEARANCE."

Then, when the Light sings within your heart and you make your call to the Presence, the Intensification of your Light carrying the substance which is used by your Higher Mental Body in Its projection of the Light and Currents of Energy to render you the service, will find no obstruction in Its Way.

It is such a long time since I knew anything about the need of supply, that it seems almost strange to Me today, to come into the world of action where that has been creating so much distress. I can scarcely believe My Eyes, as I move above the earth and see the distress of the Children of Light upon this earth, who have forgotten that Light; but in the return of the memory of that Great Light, you will quickly find now Its Dominion within you!

My dear ones, be so in earnest! Be so sincere in your call to Light, and do all within your ability to keep yourselves harmonized; so this Light within continues to sing Its song of praise back to the Greater Part of Itself! Oh, my dear ones, tonight how I would love to anchor within your consciousness, within your feeling world, this vital point—that all your call for Greater Perfection, is the lesser Light calling to the Greater! They are ONE! How could you fail in a single instance to have the immediate response since Life is calling to Itself?

Think of that great Stream of Energy pouring constantly into your body! If there were no discord in your body, it would become even naturally, as you term it, so charged with the Purity and Perfection of Life, that even the very Radiance would dissolve the discord you would touch in the outer world. Since mankind have accepted the discord as a Reality so long, at first in many instances, it takes quite firm determination to hold Harmony within, as the call to the Light goes forth and Its River of Light

Property of Saint Germain Press, Inc.

pours before you, to keep from requalifying it; but you will gain that Victory, and quickly now in that which was released to you this past week!

Therefore, today—perhaps it is not quite as great, I was about to say: "I trust your rejoicing is as great as Ours." It is very great, but perhaps not as great as Ours. How long We have waited, waited and waited! Will you believe, that two hundred eighty thousand years ago, even with Us, when mankind was about to turn as you have today back to the Light, We got almost to the point you did, in Our Anxiety that you would continue to come back; and then We had to wait again? Then, We saw that We could not urge mankind! We just had to wait, until they were ready of their own volition to turn to this Great Light!

So I remind you—you should of course make definite reasonable effort, but don't try to force people to accept this Great Light! Give them the opportunity, but let the Light within them determine whether they shall accept It or not. Then, you will not bring upon yourself battles as some have experienced!

You know the human of mankind is a great warrior. It looks for war every time it turns around, and if it does not find war, it will make it. Did you ever notice two children playing together happily and all of a sudden, one will stop and begin to look at the other, then the warrior is starting to assert itself? Now, you are becoming warriors of the Light, a much more valuable activity!

Now remember, beloved ones, tonight has started the Great Activity for which the Goddess of Light has waited some two and a half years; so call even silently to the Mighty God and Goddess of Harmony and the Goddess of Music, to release to the earth those Mighty Healing Melodies. Those Mighty Purifying Melodies in an audience of this number, would set into action in the room,

Property of Saint Germain Press, Inc.

a Healing Vibratory Action which would heal the majority of conditions in an hour!

Do you see that the atomic structure of mankind, the physical structure, only requires sufficient Harmony, which is Life—and the vibratory action of all discord would be COMPELLED to disappear!

How do you think the Ascended Masters heal instantly? It is just like a wave from Him or Her, passes quickly up thru the human form and lifts the vibratory action into that in which no discord can longer exist! You see when you reach a certain vibratory action no discord can remain, it is not possible! There is no battle, and that is what you are coming to understand and beginning to feel now! In your attention to the Presence, you are constantly lifting your vibratory action, until soon it will be at a point where it will not accept discord any longer! That is what Harmony maintained within your feelings over a sufficient period naturally brings about!

Please do not struggle, dear ones! Just in the great calm serenity of your call to Life, let Life do without struggling that which you have been trying to do yourselves, because Life does not struggle, but you do! As soon as you will still yourselves and let Life act, then the vibratory action will quickly raise!

Oh, observe please, you have great anxiety about the healing of one condition in your body, when there may be others more important, that you have not even observed or even felt; yet there may be something starting to accumulate! Now then notice! In the concentrated appearance of distress at one point in the body, in raising the vibratory action of the entire body, that distress must disappear! Notice this carefully in this point which you have gained. In raising the vibratory action, your Higher Mental Body sees what is required and in the general raising of the vibratory action, would direct the Current of Energy required to that paticular spot and it would dissolve!

Property of Saint Germain Press, Inc.

You see this is a part of My Activity, beloved ones; because in bringing forth the Great Harmonies which MUST BE BROUGHT FORTH, the physical body and the brain structure, must reach a certain attunement before this can be done—I mean with assurance. Fragments have come thru at intervals, but to bring a Clear Channel where the completed thing can come thru is the needful thing today; and in your attention to your Presence, when sincere and earnest and without anxiety, you call with a great calm serenity and determination, then great becomes the achievement and also quickly.

Perhaps, I should be aware that for some eighteen or more days, you have not had too much sleep. Unless I deprive you of some more I will not continue too long, I trust. However, I do rejoice in this opportunity to serve you, beloved ones; and during the lovely, lovely music tonight, I was able to render, even to My Surprise, for many within the room, more than I had thought possible, which again is the proof of the Mighty Work of your Beloved Saint Germain; and the Mighty Service which He has rendered you in this Great Permanent Preparation for that Freedom which must come. DID YOU NOTICE THAT? NOT "WILL COME," BUT "MUST COME."

Oh, that I might convey to you, tonight, what an impelling, compelling Power of Life is released in your attention to the Great and Mighty "I AM." Now that does not mean without stopping; and many have tried to make this clear to you. It is rather the quick short intense call which brings results! The prolonged call which becomes mechanical because it is not charged with feeling, is not desirable, and exhausts you! May I offer a suggestion, because it is so within your grasp and so within your ability to do this? You who are serving during the day, take for an illustration in a department store, where you would be on your feet most of the time—if you will

Property of Saint Germain Press, Inc.

call the Presence to charge your body, take command of your feet during the day and sweep Its Mighty Currents of Energy thru; keeping it charged with ten times more energy than you require, I assure you there is not one of you who in a very short time, would not almost forget that you were carrying a body around during the day! Oh, it is easily acquired. IT IS NOT WELL, WHEN YOU HAVE A GREAT LAW, TO CONTINUE TO REMAIN WITHIN HUMAN LIMITATIONS!

Since you have the knowledge, then you too have the Power, the Authority and the abundance of application! Well, why not assert It? Say to all those conditions: "You have no power"! You could say to those conditions in a very calm powerful voice: "You have no power"!

You know, today, sometimes you have to yell at it, to make it KNOW it does NOT have any power! Well, remember that is of short duration; because as you continue with intense Adoration to the Presence, you will lift your vibratory action so that when you say: "You have no power," it will know it right then! Oh, you are coming so rapidly to this achievement, beloved ones! You should feel every encouragement in the world; and may you feel the Power of My Harmony of Music which is operating NOW ready for action in the Octave of Light.

Will you remember what your beloved Saint Germain has said to the Messenger and those who were present at one precipitated dinner? He said: "Why are you so concerned, and why do you think this so unusual, since up here in the Next Octave all this is prepared and I just lower It down here into your use and visibility"? So, today, I have all this Music prepared! It is just ready to lower down into your visibility and use! It is not so unusual, as it might seem.

I see that your Beloved Saint Germain is very familiar with your requirements; for I was just about to make a statement and He said: "I think I would not make that."

Property of Saint Germain Press, Inc.

So you are under His ever watchful care! I rejoice with you! How many today fully realize the Blessing of that Great Friend of Light? Your adoration, your gratitude is growing great, very great! Let it go on and on, until it expands and bursts every bond of all that is holding you in any kind of limitation.

My love enfolds you forever! I thank you.

There are a great, great many "I AM" Students in those channels, and we must all work constantly for their Light and Power to expand and make America Victorious over all that seeks to destroy us as a Nation; and over every destructive force on earth forever! The survival of the civilized rights of man, rests within America's Victory and Light; because Freedom and Justice are the only rights by which any nation survives more than a few years.

Stand by our Constitution of the United States of America and with every power of Right, Justice and Honor to God, Our Country, and our fellow-man.

The early patriots, thru full dependence on God and right, won our Freedom and left us the priceless heritage and responsibility of protecting the Freedom they won thru such great sacrifice!

Therefore, our patriotic duty is to Stand! Face! and Conquer! every force that wants to destroy America and her people!

The very God Power that gave us the Constitutional Rights of Life, Liberty and the Pursuit of Happiness, can and will protect those rights and Our Country which they have blest so long; but that God Power must act thru

the people themselves who have received those Blessings.

So, we as part of the American nation give our Love, Loyalty and constant Protection to Our Beloved Land; and as law-abiding citizens, work for the Victory of America over all destructive forces on earth, today and forever!

So do not do anything that would dishonor your God, your country or your fellow man!

We shall at all times do everything we know how to do to bring America's Victory quickly, and sustain her Freedom, Justice and protection to her people at all times.

We enfold you, all in America and all from America in foreign lands, in the "Mighty I AM Presence," and the "Light of God that never fails," and in Victory unconditional and Eternal!

MRS. G. W. BALLARD AND DONALD

GEM OF LIGHT

SAINT GERMAIN

Your application is for your Freedom, and only by application do you build up a momentum that sustains all that you gain. Just as you have built up a momentum in the old destructive activities; so must you in reversing that, build up a momentum in the constructive activities which will not only be a sustaining power, but a glory of activity and happiness that only comes from the conscious feeling of Dominion thru your application.

NOTICE

The American Flag on the cover design of the July Issue of the "VOICE of the 'I AM'" by oversight was drawn with eleven instead of thirteen stripes.

We are correcting that in the next printing and call forth the Ascended Masters' Invincible Protection to all who assist us to avoid any similar occurrence in the future.

SAINT GERMAIN

I am sure there is not one of you who when you have accomplished something, have not felt a rejoicing that can come alone from that. After so many centuries of dominion of the human self, your power of dominion now conciously brought into action in the call to your Presence, is the greatest happiness that can come to one in human form.

SAINT GERMAIN

Never weary of your application, because that is the Open Door-way to your Dominion and Freedom forever!

SAINT GERMAIN

There is not one single excuse for any human being feeling doubt toward This Work or the Messengers — not one single excuse. The books are simple, plain and substantial. The teachings are plain, practical and substantial and the Messengers have never said one solitary thing to which any sane individual can take exception.

SAINT GERMAIN

You are master of your bodies. Don't humor your human atoms a particle and don't fear them, but say to them: "Get into action now and stop that nonsense"! Be absolute in handling your physical bodies, don't let them master you.

K-17

A thing can act thru the feeling world and get the feelings stirred into action before the individual is aware of it. That is why you should be so constantly on guard, about any disturbing condition or desire to criticise each other or any condition, which would open you to the forces that are acting in those destructive qualities.

K-17

Dear ones, if you really knew and understood the Authority and Power which each one of you has to say to a condition, whatever it is, that has an appearance of destructive activity; "You have no power," and know it was the Power of Light from your Presence going forth into that, you could perform wonders.

GODFRE OUR LOVED ONE, ASCENDED

IT is our great privilege to announce the release of a new song — "GODFRE OUR LOVED ONE, ASCENDED," by the Messenger, Lotus Ray King.

This new song is a tribute of Love and Adoration to our Beloved Messenger, Mr. Guy W. Ballard, and is an Out-pouring of our heart's gratitude to Him, for the Blessings He is constantly releasing to all under this Radiation, from the Ascended Masters' Octave of Light.

This song is dedicated in Eternal Love and Blessing to the "Mighty I AM Presence," and our Beloved Mes-

senger. May all who sing, play or hear the lyrics and music or contemplate His Picture, feel His Enfolding Love pour back to them, bringing them Eternal Freedom in the "Light of God that never fails."

This song, both lyrics and music, is the answer to an intense call for some way in which to express the deep Love and Gratitude of the "I AM" Student Body to our Beloved Messenger for all He has done for them; and for being the Open Door to bring to them the Understanding of the Law of Life, which will lead them into their Ascension.

The Cover design is an actual photograph hand colored by May DeCamara to whom we are deeply grateful and extend to her our Love and Blessings.

May this song be sung by everyone who seeks Freedom from the distress of the outer world; and thru It receive their Freedom and release.

No greater privilege could be given one than to be the channel thru whom this song could come; and our hearts sing with gratitude and praise for this opportunity and Blessing.

ARCHANGEL MICHAEL'S DISCOURSE
PHILADELPHIA — MAY 19, 1939

GREET you tonight, beloved students of the Light and Friends, in the Name of Life and in the Name of the Freedom of America!

The achievement of the past months has been so unusual and in my Ministry, having remained within the atmosphere of earth the past three months; and having observed more closely than in many centuries, the activity and requirements of mankind, it has become a revelation, a very great revelation; to see so many awakening to the Power of Light, of Life within them by which they may free themselves from the conditions which are the accumulation of the centuries.

You will understand and observe through the conditions that mankind are in today, that there must have been something greatly amiss, for them to have so long lived in limitations and privation. In the hundreds and thousands of embodiments in which you have lived, similar to these, is the proof that mankind had forgotten their Source. Now today, in the great number who are again returning to the Light, not only in their attention, but awakening in the feeling world to a past memory, that is doing far more than even their outer efforts up to this time.

Tonight, I ask you to please refrain from any applause during whatever I might say; for I want to render you and the City of Philadelphia a Service tonight. We have brought into action for this Special Meeting, a Power heretofore unknown in the activity of the Messengers. We are charging—as you will observe here before you, a Special Quality into the Activity of the Violet Consuming Flame. We are charging It tonight for the first time, with the dissolving Power of Divine Love! Will

Property of Saint Germain Press, Inc.

each of you accept Its Activity, Presence and Power into you and your world? To the degree that you do this, will you be able to release yourselves from all irritation, criticism, condemnation and judgment; for those feelings are the most dangerous thing to the student body today! People allow silly little human things to irritate and disturb them. Then, they begin to resolve those discordant activities and pass judgment on the Great Beings of Light; That is childish and foolish!

Something more must be done to help them release themselves and this We have provided tonight. This is an Activity not known before on this earth!

I think some of you will rejoice in My Decision, when I say to you, I have decided to remain in This Activity, until the close of the Shrine Class. Therefore, since I have been able to achieve so much more, than any of Us could even anticipate in the beginning, We think it opportune to continue;—and as your expression says: "to strike while the iron is hot." It is getting very hot.

If you saw, as We do, the Activity in the Inner, the feeling world of mankind, you would understand how magnificent is the achievement that is going on; and I say to you beloved students and friends, regardless of all in the appearance world, be not discouraged! We are gaining a Victory and Mastery never known on this earth; and since Life has demanded that all destructive individuals be revealed; the destructive individuals and dictators of the world see and know that they are being revealed; and that their power is waning! Every day, they realize they are coping with Invisible Forces over which they have not the slightest power; and I happen to be One of Those!

When individuals are helping in this achievement and the magnificent call of three million people in America today, has gone up to the Presence of Life, the "Mighty

Property of Saint Germain Press, Inc.

I AM," it arouses Us to the fullest Power and Release that Life will permit, to bring this Assistance to mankind; so the destructive powers of the earth may cease forever. That is surely coming about, beloved ones. Your forefathers in their great endeavor here and in other parts of these United States, rendered a service to which the world should bow forever and honor them! Now, at your call, we are taking up that Victory of their achievement from the Octaves of Light, and We are determined to continue.

These beloved Messengers who are giving their all so kindly, so lovingly, and yet there are forces in America that would destroy them on the instant, if they dared; but they know that they are acting under a Power Invisible, whose Great Beings of Light are Real.

I ask you to watch every individual who criticizes and condemns these beloved Messengers, in the Light they are carrying forth! Watch them! I ask you and see them go down into abject want and distress! This is no threat, but I am stating to you, the Law of Life; and Life is demanding of mankind today that which It never did before. Life has said to mankind: "You have gone to the end of your rope! You have gone to the lowest ebb Life will permit and you have got to arise." That is Life speaking to mankind!

All these destructive forces that have sometimes a very, almost terrifying experience to mankind, still they have no power! They have an appearance of it true; but underlying, there is no power that is sustaining them. They can only use the energy which they have already accumulated; for in this Dispensation which has been given, and Life has been saying now these five years to mankind: "Utilize your opportunity to correct these conditions of your own creation," because you are not going to have an eternity to do it," and how very True that is.

Property of Saint Germain Press, Inc.

We, who are free from all the conditions of earth, know the Commands of Life and We act them! We live them! Therefore, in that Service which I am rendering and will continue for sometime, is the Freedom of mankind!

Do you think, my beloved ones, that when through these centuries, and even before the time of your Beloved Jesus, you heard of the Archangel Michael, do you think I am a Being who is not interested in the Perfection of Life; in the Expansion of Life, Its Light and Power, Its Wisdom; the Perfect Directing Activity of Its Energy? We must wield in Our Octaves of Light the same Mighty Energy of Life that beats in your heart today. That exists throughout the entire Universe.

You who observe these Charts, brought forth through the Expansion of This Light, and see your connection with the Presence of all Life, Its Stream of Energy beating your heart; then you are a part, even those human forms, are a part of that Great Perfection of Life! Once you give It a chance in the harmonizing of your being, your feeling world, that Life will go forth untouched by your discordant human accumulation! Then will you see the Power of Life and Its Commanding Presence to set you Free! Life requires no coercion! Life is ready! Are you ready to give the humble obedience to Life, which will allow that Great Magnificent Current of Life and Energy, to flow forth untouched by your human qualification? How quickly then, you would be Free!

My dear ones, you have heard the Messengers continue to call your attention to the need of Harmony; and after five years, We are seeing those blessed ones, so many who have had such a struggle to subject their human selves to the Light of their own Life; and yet, they are doing it magnificently and beautifully. My dear ones, it would not be a struggle, if you were not revolving discordant thoughts and feelings!

Property of Saint Germain Press, Inc.

I call your attention again to the fact that it is only because, you allow some discordant thought to start the feeling into action. Then you begin to revolve it, and a momentum of power is gained that sweeps you under, if you allow it to continue. Let no one say to Me, he cannot manifest Self-control if he wants to! Every human being in the world can do it! If you can use energy to become irritated and disturbed, you can use that same energy to produce Perfection and Harmony in your Life!

I ask you to observe, beloved students and friends who might be here for the first time, in all activities of Life, mankind have grown into such density by their own cause; for mankind alone are the cause of what exists in this world today. Therefore, when you are willing to bow humbly before that Presence of Life; and call Its Power with firm unyielding determination into action, to set you free from that; then you will be willing to call on the Law of Forgiveness; and pour out Loving Kindness and Blessing to your fellow-man and through that obtain your Freedom.

Now let us return to My first words! Observing this Violet Consuming Flame, notice—It is charged with the Power, the Dissolving power of Divine Love! You have been calling the Presence to use the Violet Consuming Flame about you! Tonight, you will receive an Activity, you have never known or touched. Hold this now in your application and call to the Presence to establish about you, the Violet Consuming Flame to dissolve and consume every particle of your own accumulation throughout the ages—cause, effect, record and memory! If you know it is charged with the Power of Divine Love, It will prevent you becoming irritated, disturbed or critical. This is important to every one of you beloved students!

We have watched the struggle of the students and I tell you, it seems appalling that the greatest disturbance

comes through some little, either foolish misunderstanding, mis-interpretation or wilful desire. These are conditions that every one of mankind must overcome. Do not blame anyone else, but yourselves for whatever feeling is acting in you! No one can make you feel what you do not wish to! Feel that responsibility tonight, while This Activity is in charge; and determine that you will never again for any reason whatsoever, allow yourselves to feel a discordant, critical thing; and least of all, criticize those Great Beings and Friends of Light, who are offering you everything in the world for your Freedom!

I want to say to you, beloved students, as well as those who might be here for the first time: the reason for the Ascended Masters, the Cosmic Beings and all of Us Who are rendering this Service, is that mankind have grown into such density, it would be absolutely impossible to lift themselves out, without Our Assistance. You cannot do it! Not a living person on this earth could do it and that is why We have come forth! It is why your beloved Saint Germain trained these Messengers and gave them such a Power and positive force, that no human suggestion affects them! No human criticism, condemnation, ridicule or anything can touch or affect them!

Remember when you have had years of opportunity, you who have had three, four and five years opportunity, you had better utilize it, my dear ones! You had better take command of yourselves! Some have recently been in great, great danger. So, unless you will put aside petty foolish human feelings, you will fail to observe the opportunities that are before you; and go down again under your own creations. We do not wish to see you do that; but We cannot prevent it, if you are determined and refuse to give obedience to Life and you are never asked to give obedience to anything else.

Remember your Life is Intelligence; Streams of En-

Property of Saint Germain Press, Inc.

ergy, Streams and Rays of Light. It is Law! The Law of the Universe is your Life; and if you go contrary to that Law, you will meet unhappiness and privation. These Messengers have never made one single mistake! We have never made one single mistake and never shall! So see that your human minds do not make the mistake, of feeling that We have. When We have said a thing once, then We have stated Law!

Therefore, beloved ones, in the fulness of that Great Love which floods this room tonight, let It do Its Almighty Work for you. Silently accept It, with all the Love and Devotion of your heart to take action, Allpowerful action tonight, in your world and be forever sustained in Its Power of action; that you may go forth Beings of Happiness, Harmony and Light; for only in that, can Life produce Its Perfection for you.

Think of it, in all these centuries, how you have forgotten your Source; and how grateful every human being on this earth should be and will one day be, to your Beloved Saint Germain who has made such Cosmic Efforts to bring to you the Light, the Understanding and the Freedom of Life!

I say to you beloved ones, in the destructive elements that have been released into your America, they are observing that their outward opposition has not produced results; now they are becoming more cunning and are trying to work under cover! We know them all and that is one reason why I have decided to remain and continue My Activity!

Why do you suppose of all the Cosmic Beings that exist, that I am the Wielder of the Sword of Blue Flame? I am wielding that Sword of Blue Flame throughout this room; and if I continue of the same opinion I am, tonight, I shall continue to wield that Sword of Blue Flame here, until every discordant thing of human creation is dissolved

Property of Saint Germain Press, Inc.

by It from the earth! We would not be interested, if mankind were not making these tremendous earnest sincere calls to Life for Freedom, for Happiness, for Supply, for Health and for the Protection of America!

You have heard stated many times, that America is the only point on this earth yet remaining, wherein the "Cup of Light," the "Grail of Life," can be brought forth and sutained! It is True, quite True, and was known hundreds of years ago! In your America, Light first came forth and held Its Great Perfection on this earth; and again It must come forth here, the only spot remaining, where It could come forth! Again the Dominion of the Light takes Its Command and from the Heart Center of America, spreads Its Radiance throughout the earth! That is what is being done, and I remind you again, beloved ones, in this Understanding of the Presence of Life, all Perfecting Activity works from within out; from within the Cosmic Light into the outer atmosphere of earth; from within your body and Light in your heart, in and through your mental and feeling world and then out through your physical body. Then, when you begin to see the outpicturing upon your physical body, you will understand, that underneath in the feeling world, is the cause and effect which have been removing conditions that have held you in bondage.

That is why, tonight, in the Glory of that magnificent activity, which is taking place in mankind and the great body of students, who are in their sincerity giving obedience and making that call to Life, they must hold harmony in their feeling. Remember, my beloved ones, that in your calls to Life, if you do not continue to assert your outer dominion to hold and maintain Harmony at your call, you have only fulfilled a very small part of the activity. Life will not produce Perfection for you, if you continue to revolve discordant feelings. You may call

Property of Saint Germain Press, Inc.

to Life with all the intensity of your being; but if you are still revolving and holding within you discordant feelings, the feeling will rule; because it is the motor power of your being. It is the cause of all things that mankind are experiencing.

Your thought is but a fragmentary part of the Power of your feeling world. Your speech is greater, but unless even your speech is charged with the Power of intense feeling, still would it produce but fragmentary results. That is why I say to you tonight, that when you bring the Trinity of Action, your thought, feeling and spoken word into the command of Life—Its Almighty Harmony, Its Strength, and Its Power produce results that mean instantaneous action which will satisfy the most exacting of human intellectual opinions.

Mankind has got to prove this Law for themselves. The Law is not going to prove Itself to mankind, unless they want it; but the Law will prove itself fast enough, when mankind give the obedience.

There are a few among the student body throughout America who have been waiting, thinking and feeling that We were going to come forth and give some Gigantic Manifestation! When enough of the student body are willing to give the obedience to Life, then such might be possible; but it is not going to be done to satisfy the curiosity of anyone! Mankind have got to prove this Law by their application or go without it; so do not, beloved students, begin to seek phenomena. We will come forth fast enough, when the Wisdom of Life says "Come!" but not to satisfy human opinions.

Therefore, beloved ones, you are the authority in your world; and I mean by that, in your sincere call to the Presence of Life, then Life in Its Perfection, becomes the Authority there; and will produce Its Divine Wisdom in and through you! We are your Greatest Friends in this Uni-

verse; but did you ever say to your friends: "You come to my house next Sunday"! You invite them kindly to come, do you not? So do not ever say to Us: "It is time, We were coming forth." You might cause us to wait very much longer! We do not bow to human commands!

Therefore, beloved ones, remember that We are offering you everything that Life holds in Its Perfected State. Every current of Energy We send forth, is a Current of Purity and Perfection, that cannot be requalified by a human being. That which I am establishing here, tonight, for you and charging into action in your feeling world, is the Dissolving Power of Divine Love; acting through the Power of the Violet Consuming Flame! Do you think your human feeling can touch that? Never! It is why, if you will give your full acceptance, make your silent call and accept that Power in action in your feeling world, you will find It becoming the Dominion, the Commanding Presence to hold Its Dominion forever!

You, beloved ones, have not yet learned what the full Power of Acceptance is; but if you will stop trying in the human effort to be the accepting Presence and Power, you can say to your Presence: " 'Mighty I AM,' see that 'I AM' the Full Acceptance of this." Then, be still in the human, and you will find your acceptance expanding with a speed and power that will delight you beyond words. Your comprehension and Revelation after Revelation from Life Itself, will come forth. Observe your human Heart, the Anchorage of the Eternal Light and Purity of the Universe in your human form. Then mankind insist on going on criticizing and having human opinions about those whose hands they are not yet prepared to even touch!

Mankind, beloved ones, is so prone after all their tragic mistakes, to still try to dictate what Life shall do for them! It is, may I use the term, outrageous! Therefore, beloved

Property of Saint Germain Press, Inc.

ones, remember that which the Messengers have held before you from the beginning, from their first visit here! You must be humble before the Presence of Life and these Great Ones, who are your Friends, your Benefactors; but positive, firm and unyielding to the human qualities of Life, to human beings!

We expect all of the beloved students to call for discrimination; for that Mighty Directing Intelligence with such earnestness; that We may pour forth Our Assistance to more quickly set them Free. I am rejoiced exceedingly to observe among the vast student body in America, how rapidly they are coming into that Greater Comprehension; the Greater Understanding; and seeing the Greater Attempts to give obedience to Life; for only as they see that more fully, will they have It; and be given that which will let them go forth into their Quick Eternal Freedom.

You observe the conditions and requirements of the world today! Let us just briefly refer to the conditions in Europe; the most frightful destructive powers that have ever been released! That is because of the accumulation of wars there for centuries! Even after the war entity of the world was dissolved and consumed, still there is enough in the human accumulation in the charged atmosphere of human discordant qualities, to still sustain them a little time; but remember the feeders of all desructive activities and powers are gone forever; and mankind cannot long be sustained in any destructive activities whatsoever!

I ask you to watch and observe! You will see in the years just ahead, that We have never told you one single untruth! Many are beginning to see it more and more; but when We say to you, that all destructive individuals and destructive powers have got to vanish from this earth

Property of Saint Germain Press, Inc.

—We mean that! and We mean it, in the Authority and Power of Life!

I ask you to observe, beloved ones, how it is possible for two human beings in their call to Life, to be so charged with this Power of Light, that no human suggestions affect them. These Messengers have proven it to the world! The most frightful destructive forces have been projected to try to interfere with them! They call the Power of Light and those forces dissolve. Those conditions have no power, my dear ones; and they have less and less power as time goes on, because they are purely human creation. Every discordant force, is but humanly discordant charged energy, and it cannot be of long duration; it cannot be of great power; because there is no longer a sustaining power back of it.

That is why I ask you to observe in the coming months, let us say even for two years, whether We tell you the Truth or not. When the Messengers have said to you so many times: "Do not believe us, prove us," that is the Law of Life; for in order to be Free, you have got to prove that Law to yourself! We might produce the most tremendous phenomena and fill the largest stadiums in the land; but what would be the good of it? Mankind would be no further advanced, than they are today. Whatever is of advancement must be proven by you, in your own application to Life, then you build your Foundation of Eternal Freedom.

Today, since the opportunity is offered to the student body—that does not mean only those who have been studying for five years! It might mean those who only recently are having had their attention drawn to this Great Light. You cannot judge Life! You cannot judge the Expansion of the Light within another! You cannot tell what someone's Great Presence of Life will do for them or through them.

Property of Saint Germain Press, Inc.

The evidence is before the world of what can be done; and since there have been a number of recent Ascensions, under the New Dispensation, which the Messengers have explained to the student body; my dear people, do not be foolish enough to think that that is something far-fetched or incredible! When you understand that the Presence of Life which beats your heart is the Doer of all things; then how can a puny human mind say to the Presence of Life: "You cannot cause me to ascend."

Observe, my beloved ones, those bodies sitting out there. If Life suddenly withdraw from them, they would lay there or sit there perfectly helpless, would they not? Every organ, every faculty still there just as it was a few minutes before; then that which withdrew was Life and was the Power, the Intelligence, the Feeling Presence there. I marvel today, my beloved ones, that the beloved students do not feel the full import, the Power of Light beating their hearts; to heal their bodies instantly; and It would, if they did not continue to give too much attention to the appearance world or the conditions in that body. Mankind still keeps looking outside, for health, for strength, for Light, for energy; when beating each heart is the Greatest Combination of all that ever existed in this Universe, the Eternity of Life! Once mankind realizes, they can turn to that Presence which beats in their hearts, and release instantly Its dissolving Power to stop pain instantly; then to remove from the feeling world cause, effect and record—then it will be no more! There are thousands and thousands of instantaneous healings which take place in these classes at the call of the Messengers. My goodness, dear people of America, it is the evidence of the ages of the instantaneous action and Power of Life to produce Its results.

How can mankind feel critical or rebellious to Life, because they have not given the obedience to Life, to be in-

stantly healed while those around them are? That is not always the fault of the individual, they just don't see it, that is all; but what gives every one who renders service in the outer world Power to do it? What gives the surgeon the Intelligence, the Instruction, the Power to render that Service? What gives the doctors Power to act? What gives the osteopath and all who render assistance, what acts through them? Is it not Life? You would say to Me: "Yes, but we receive certain technical training, as you term it! What good is your technical training, if it is not the Power of Life flowing forth to do it! What moves the surgeon's hand? The Power and Intelligence of Life! How does the surgeon know what to do in cases of emergency, when suddenly before him stands something with which he is unfamiliar? In his heart, he prays to the Intelligence of Life: "Direct my hands and see that they perform this Perfect Service"? You don't know how many surgeons in this world hourly are in that position, for there are no two conditions the same; and when they suddenly find themselves confronted with emergencies, if they are earnest and sincere, their hearts call to Life to direct them; to direct their hands, make them steady and perform the service!

So with you today! If you will call with that same earnestness to Life to direct you; to hold you harmonious and perfected in the Glory of that Life; then you too will receive Its same Perfecting and Directing Activity! All that is in the outer world of mankind, my dear beloved ones, is Life; Its Almighty Intelligence; Its Active Presence and Power and that concentrated individualized Presence of Life which beats your heart, which is your "Mighty I AM"—can raise you within the hour, if It so chose, into your Ascension and Freedom! Do not deny Life, Its Ability to render you any Service whatsoever. Do not deny your Presence, the "Mighty I AM"! Do

Property of Saint Germain Press, Inc.

not deny Us, the Power, the Freedom, the Authority to render the Service to you, which you cannot render to yourselves.

My beloved ones, you love your friends here in the human form, but are they stable? Do they remain your friends forever? Oh no! At the slightest provocation, they turn and rend you and criticize you! We stand your Friends forever, no matter what your mistakes are! No matter how many times you fail, We still stand, calling forth your greater Perfection and Blessings of Life! Your criticism of Us does not affect us; but Our Love is great enough to go on pouring Its Blessing to you; until one day, you realize all that It means to you! Then, in that great humble gratitude, will you say: "Eternal Praise and Thanks, Great Ones of Light, that Your Love was great enough to hold us in Its Radiance, that we might find the Perfection of Life."

Your Beloved Saint Germain, think of it, beloved ones, how many throughout America have called Him everything that the tongue could form into speech; and yet He would as quickly and readily help them, if He saw they were in earnest and sincere. Are there any human beings who will do that?

In this beautiful and wonderful atmosphere, I am grateful to hold and charge into action in your world, a Greater Comprehension tonight; that you may feel your responsibility greater—Oh not with any depression; but with a great joy that will release those Currents of Light and Energy more rapidly into your world to supply you and give you every good thing!

Here above you is this Concentrated Individualized Presence of Life holding all in Its grasp, a thousand times more than you could ever use; ready to release it into your use, in health, in money supply, in Directing Intelligence, in protection; and yet mankind go on in the unbelief that

Property of Saint Germain Press, Inc.

It cannot do it; until finally some experience occurs, that gives them the strength and joy to see that their call was answered.

May I remind you that you never made one call to your Life, to this Great Presence of the "I AM," that it was not answered! Not one! You have not always seen the out-picturing of it; but if you had seen the cleansing, purifying Activity within your feeling world, in the preparation for the out-picturing of It, you would never doubt; you would never question; but in the greatest rejoicing of Life, you would stand in the Presence, Its Almighty Light, and let Its Perfection be the Commanding Presence there!

For the gratification of some of you tonight, may I remind you, that this was the first point where the Messengers came forth, when Saint Germain sent them to carry this Light! Why did I come forth here? Why am I here tonight? Will you think about that? You could not one of you comprehend My Love for that blessed Messenger (Lotus). Her service to mankind through the ages; and then how could any human being on this earth ever feel unkind to her! Perhaps, I shall remain to guard her as long as her service is required here. I have guarded her many times throughout the ages; and not even the air shall breathe a word against her, remember that!

My dear ones, Oh, the benefactors of the ages, there are so many unknown to the outer world and yet rendering such a service. How magnificent, my beloved ones, and the human trying to be the judge. It cannot even judge itself, let alone another.

Therefore, tonight, in being here I shall hold sustained in your city, the Glory established two hundred years ago. Your Beloved Saint Germain has Friends Powerful and Strong, Who will assist in bringing the Perfection of Life to every one of you, who will want It sufficiently.

Property of Saint Germain Press, Inc.

Remember, beloved students, it is so important now in these Greater Intensified Activities of Life, that you understand and keep before your outer vision and consciousness, that you are serving Life for your Freedom! These Messengers who are giving almost twenty times in cash, besides their own humble services, in the releasing of energy to carry this Light; twenty times more than any human being has yet imagined. Show Me others in America—yes, ere long, you can. Others who have been watching you and seeing the great earnestness, the great intensity with which these Beloved Messengers have served, will come forth and render that service; for the Full Power of Life is taking Its Command, remember, my beloved ones! Regardless of all the appearance world holds, still will the Power of Light prove Itself and take Its Command upon this earth, in the Purity, Power and Perfection of Life!

I say to you, beloved ones, tonight, in all of your activity of the future stand calm, humbly obedient to that Presence of Life; and in your determined sincere call, will every seeming obstruction dissolve before you, as you move forward in the Stream of Light and Life! Feel that deeply tonight! Know in that Light which beats your heart and Its intensified activity at your call, as that Radiance pours forth tonight—remember, charged with This Activity never known on this earth, the Dissolving Power of Divine Love in the Activity of the Violet Consuming Flame—then you will have a Power of Action according to your acceptance that is Invincible.

America needs you very much! We would like to see you, beloved ones of America, held in all the achievement that you are using today untouched, undisturbed! If enough will make the call, then it shall be done; but if not, then your nation will be compelled to rebuild itself!

Property of Saint Germain Press, Inc.

We trust mankind will see that and make an earnest determined call!

Remember, beloved ones, in the magnificent service which you have been rendering, it is not always in the greatest numbers that the Greatest Power is released; but you have been doing tremendous, beautiful work here. There has been great achievement. Go on and on, my beloved ones, and remember, We stand ready at all times, to give you of Our Assistance to the very limit which your Life permits; or that the Great Law permits, for We act under Law, my dear ones, always. If your call should be contrary to that Inner Activity of your life, then We could not answer; but when it is in Complete Obedience to Life, then We answer instantly and without fail!

So please do not try to judge, in your outer opinions, as to what is being or not being achieved. When We say to you, We have achieved more, far more than We anticipated in the past few months, then that should be a signal to you of Its Greatness.

Great Powers are watching and guarding and steadily and surely dissolving these destructive forces! As you understand this, you will then one day, I trust ere long, begin to see the Great Our-picturing of It! Until then, you must be patient. Go on with your determined application! Let the Power of Its Mighty Activity flood the earth!

I wish to remind you again, how little you who are so very sincere, really comprehend all that is going forth in your mighty application, into the mental and feeling world of mankind. It is rendering a service, my dear ones, that is indescribable. Mankind must have this impulse in the mental and feeling world, to stimulate them into a greater desire for service and for greater Freedom than has been. That is why many who come into This Work,

Property of Saint Germain Press, Inc.

are gaining the understanding of It and grasping It with a Power of Comprehension that surprises many. Well, it is because in their mental and feeling world, these Mighty Decrees have gone forth and prepared the way. They do not outwardly know it, but does that make any difference, since the results are there?

That is why your encouragement should be very great in going on, and on in your Mighty Decree work. Oh yes, always be dignified in all that you do, in your Mighty Decree Work. Remember you are representing the Ascended Masters who are the Purity and Perfection of Life; and as your attention goes to Them, you must daily become more like Them in every way! It is the Law of Life!

So, tonight, in Our Humble Efforts to render this Assistance to you, in ever greater and greater sustaining Activity; will you just accept It and daily remind yourselves of that Service rendered; and how it makes you hourly more Invincible to all discordant things; and gives you Greater Power of release in your call to Life; to cut you free and to have dissolved and consumed, cause, effect, record and memory of everything, that has held you or bound you through the centuries?

I thank you.

WE REMIND YOU AGAIN

GAIN we make our position unmistakably plain in regard to any outer world business activity, using the faith of the "I AM" Students in Saint Germain's "I AM" Activity—to get them interested in any business venture on the representation that the money is to be used for carrying on this Light, or for Donald or myself personally.

No one has been given any authority to go to Group Leaders to get students interested in the buying or selling of anything.

What anyone wishes to do or give to Saint Germain's "I AM" Activity, must always be of that one's own free will—with no limitations or entangling connections that can ever in any way cause any discredit to the "I AM" Activity, or discord among the student body.

Whatever business ventures anyone chooses to enter into is his or her own affair; but the "I AM" Student Body shall be protected against all schemes for promoting outside business activities that should be self-sustained by the application of the people within them.

No stock selling of any kind is ever sanctioned or permitted among the "I AM" Student Body for commercial or other purposes; and we ask all Group Leaders and Students to help us protect the Integrity of This "I AM" Activity and the "I AM" Students from mistakes and losses thru such business ventures.

We have made our position in this matter clear many times before—but we do it again now, to maintain Perfection for those who want It.

We enfold you in all our Light, Love and Protection.

ight's Christmas Peace from the Central Sun,
Floods o'er the earth - Light's Victory won!
Its Cosmic Power sets mankind Free,
For Peace thru God's Light, all *shall* now be!
Music Celestial from Spheres of Light,
Releasing Perfection's Full Cosmic Might, —
Sounds ever within, above around,
God's Legions of Light at last have found
"I AM" flooding earth with all God's Peace —
"I AM" in their Hearts is Full Release!
"I AM" o'er the world is God's Own Name!
"I AM" in command, is God's Love Flame!

Light's Christmas Peace shall now take command —
Light's Mighty Power expand and expand!
The Angelic Host descend now too,
Great Legions of Light earth's veil step thru
The "I AM Presence" within each Heart,
Shines clearly thru, illumines each part!
In Splendor Sublime, It stands revealed,
Life's Master Presence in Glory sealed,
Whose Majesty none can ever know,
Until we see Its Unfed Flame Glow
With all the Blessings of Light's Great Power,

LADY MASTER LETO'S DISCOURSE

San Francisco, Calif.—July 21, 1937

GREET YOU, beloved students, and I feel quite honored that the call has come to Me. Tonight, I shall endeavor to release you for an hour or more into My Realm of Happiness, Beauty and Perfection.

First, I want to remind you of my delightful association with this good Messsenger. I came and met him on the boat with Bob, Rex, Nada and Pearl — they not knowing I was coming—and then Our Delightful Work began. We continued on thru France into Arabia to that Wondrous Retreat. Let Me at this point digress just a moment and urge the students everywhere: please do not use the word "Retreat" in reference to your summer homes or those places! Please do not do that! The Retreat as understood by mankind today, means a Great Place or Focus of Light from the Ascended Masters. I know many earnest students are calling for that Focus of Light which some have termed Retreats; but this is not quite the correct usage of the term; because until that Focus of Light is drawn strong enough, it is not a Retreat! To the outer world, it would simply mislead and for that reason, I request that no one use that term! Leave it for those marvelous Points or Focuses of Light, such as the Cave of Symbols, the Royal Teton, the Retreat in Arabia—those places where the Focus of Light has been acting for thousands and thousands and sometimes hundreds of thousands of years. You will find later, My reason for suggesting that; because as that becomes known, you will be called upon for the release of more Power than is yet available to manifest there. Be so practical, beloved ones, in all that you do, in regard

Property of Saint Germain Press, Inc.

to the Great Perfection which will come forth and flood you and your world!

In those Great Retreats, like the one in Arabia, in Chananda's Home and the Royal Teton, without those Great, Great Focuses of Light, beloved ones, mankind would have perished long ago; and it is only now, that precious mankind are beginning to realize that there are these Great Beings of Light; and that there is this Great Cosmic Light, which is now again flooding the earth. All of these Mighty Focuses have held the Balance for mankind. They are known to have been this Protection. Just think of it, beloved ones, the destructive forces generated by human beings in their lack of understanding, would have destroyed all mankind, but for these Focuses of Light!

May I remind you again tonight, of that Unparalleled Service, the Mighty Sanat Kumara has rendered to the earth for so great a period? It is more than two and a half million years. You who are here tonight, are not so young as you seem. You are hundreds of thousands of years old, so don't mind a few years here. The very wonderful thing soon to come about is, that into the outer world, will come this proof—that humanity have lived again and again; for the physical records are in the Royal Teton, proving it to all mankind. You might say to Me: "Well just how does that prove it"? Because they are written in the language used in every civilization. Those records are in those languages and the Ascended Masters can read every language from the beginning. So there is the irrefutable proof of the Truth, that mankind has lived civilization after civilization; sometimes reaching great heights of attainment, then not so much, then again higher.

This is a very peculiar thing, a mistake has been made in the outer understanding of mankind; and it is, that while the activity of Life is in spiral form, yet the civiliza-

tions have not always made that continuous. All civilizations have not reached as great a height of Perfection, as some others.

Now for instance, the civilization that reached its height about two hundred thousand years ago, was one of the Greatest Heights any civilization ever reached, since mankind began to forget its Source! In the first two Golden Ages, which covered a very long period of time, every one knew this Presence just the same as you know each other; but when mankind began to assert their free will and felt the authority in the outer, they receded more and more.

Beloved ones, the power of your attention is one of the most amazing things before humanity today. There is no one thing on earth or anywhere else in the Universe, that can change the Life Stream of an individual so quickly, as the use of your attention! It can make or mar and do it very quickly. Perhaps many of you as students, even in so short a time, have not felt a very great Freedom. May I remind you, blessed ones, it still isn't quite three years, since you began to be aware of this "I AM Presence," and for many of you much less. Well many miracles, so-called, have been performed with thousands of the students; but think of it, if you spend centuries of time forgetting the Presence, then you should not be discouraged in a few years, getting back to Freedom thru remembering It!

The Light is always so much more powerful than the darkness; and lack of understanding is naturally a form of darkness. Now then today, you are in a position where with let us say just ordinary effort, you can quickly come into that place, where you will feel the Full Power and Authority which your Presence is; all depending upon the firmness with which you hold your attention upon It.

Let us tonight, try to anchor so firmly within your

feeling world what your attention will do for you, so that never again, will there be one single moment in which you are not aware of Your "I AM Presence." Your attention takes you wherever it is focused. Because your Life Stream feeds Its Energy in, wherever your attention is going; and if it is fixed firmly upon something out here that is disturbing or limiting, well then all of your energy goes into that disturbance; and you have nothing else out here, by which to draw the Perfection which your heart is craving. Do you not see that, beloved ones? I know there has been so much said about your attention, your vision and your qualification; but dear ones, unless you realize and become master of them, they will compel you to stay in the conditions which your habit has established and that is not necessary. We don't want you to remain there another moment; and that is why We are making every effort possible, to convey to you what these faculties do that you are using every moment.

It sounds so simple, and yet the activity is so gigantic, so far as your Life Stream is concerned; because if you are feeding your Life into the appearance world, which is the creation of mankind; then how can you have the attention upon that which is Perfection, or from which the release of it comes? Now this is important, so important to you, beloved ones. You can govern your attention—now, in the acknowledgment of your Presence; and if you have difficulty in giving your attention to the Presence when you want to, owing to the pull of the appearance world, then you can say to your Presence: "Mighty I AM Presence"! Take command of my attention and hold it where it belongs; and don't let the outer appearance world hold my attention."

When you find it has gone off, say: "Oh no, come back here! You stay where you belong"! You will soon learn to talk to it just like a child that is disobedient, and every time it makes a mistake, say: "Come back here and

stay where you belong"! Beloved ones, I tell you, it is just like a disobedient child, when you are teaching it discipline. You must keep bringing it back, until it is satisfied to give happy obedience; because your attention will lead you to the heights or to the depths.

Beloved ones, there are many ways of wasting your energy. We are going to cover the outer part of this activity tonight. You have been urged not to hold feelings of discord within you! Well that is a marvelous thing and it is imperative; but there is another part of that which you must become aware of; and that is in letting your attention be focused upon the appearance world of discord. Why? Because you are feeding your Life into that discord to give it more power and strength. You must see that! It is an actual Truth, that is going on every moment in your Life; and unless you understand what is operating, how can you correct it? That is why We feel so grateful, that you are having anchored within your feeling world for constant use, some of these things, that I am sure you have not been vividly aware of; and I feel this, if once you get the awareness—I mean the complete awareness—of what your attention does, it will be so much easier for you to control the power of qualification and your vision! As a rule, your attention and vision are acting quite simultaneously, but not always.

Many times, people can look upon a thing and then as the vision changes, the current changes; but when your attention is upon a thing, there is no stopping the flow of your Life Current into it. That is why your attention is the first, the most vital thing, to understand; and to realize that you can govern it; because, beloved ones, I could not govern your attention! In order to do so, I would have to use a sense of hypnotic force, in order to govern it; and that is not permissible by the Law! I mean by that, I would have to control the power of your attention, which is not permitted. Beloved ones, that is

the reason why! We would like to give forth more Assistance, than We have so far been able to give; but We cannot do it, unless We have certain co-operation from you; and the first thing is giving your attention to your "Mighty I AM Presence," calling It into action; then whatever additional Assistance is required, We are always ready to give.

My Special Activity, in which the Great Ones seem to feel I have unusual ability, is in teaching or enabling blessed students to come and go from the body consciously and at will. With Bob and Rex, Nada and Pearl, it was a very easy thing, but of course, they were being held for the time being, wholly free from the influence of the outer world. They were being taken, you will remember, to the Retreat in Arabia and to Chananda's Home; and naturally, They were assisting in holding the Radiance of the Ascended Masters about them, from the time or even before they left New York.

Therefore, dear ones, just because they had that assistance, don't think that you cannot have the same thing —under a little different activity of course; because you as yet, are moving in the outer world; and while the process may require a little longer time, as you understand time; yet it is all so comparatively short. I have found many students under Saint Germain's Radiance to whom I can give great, very great Assistance; and I never lose an opportunity. You blessed ones here—several have been calling very earnestly for Me to come; and so I am here talking to you, tonight.

I want you, if you will, to feel how natural all of this Great Achievement is. There isn't anything unusual about it. Because We have gained Our Freedom, We are not unusual! If I stepped forth in My Own Tangible Body here by the Messenger, I would seem quite as natural as you. Try to feel that! Don't push Us away, by your feeling that we are so transcendent that you scarcely

dare think of Us! Don't let that feeling act! JUST WELCOME US, WITH OPEN HEART AND ASK YOUR "MIGHTY I AM PRESENCE" TO CLEAR AWAY EVERYTHING FROM WITHIN YOUR FEELING WORLD THAT HOLDS US APART!

Does it not sound strange, and yet there is so much in that which your Blessed Saint Germain told you; that the only thing that stood between you and Ourselves was a thought and a feeling; and you can change both. You know to Me, that is the simplest, most powerful encouraging thing! I know, because It is True! IT IS A THOUGHT AND FEELING THAT PREVENTS OUR VISIBILITY TO YOU, AND YOU KNOW YOU CAN CHANGE BOTH!

Now then, what is the most powerful means of changing that? Your attention to your Presence constantly; and believe Me, when I say that, it does not mean that you must forsake everything else and every moment of the day to give your attention to your Presence! Far from it! Go on about your daily activities and every time you have a few moments during the day do it. Suppose you were a clerk in a store or a business office, or in a bank or anywhere that your attention was constantly required; well even in that, there are always two or three minutes, when you are to yourself. Even though others are around you, silently you can turn your attention to your Presence and say: " 'Mighty I AM Presence'! Flood my being and world with Your Perfection." If you would do just that, it would be only a short time, until that would begin to flood forth; until it would be tangible to yourself and every one that contacted you. Don't let the appearance world deprive you of doing that!

You know the time has arrived, when no longer will mankind anywhere on earth, be required to go to the Retreats which was formerly the Law; because of the flooding of the earth with this Great Cosmic Light,

which has changed all of that. Now right out in your busy world, there has come this Law, this Application, this Understanding, where you can gain your Victory right in the midst of mankind; and the Victory gained there, is tremendously greater than if gained in seclusion from the world.

Please remember this always and hold it before your vision—when you have gained your Victory here, in the midst of mankind, you are Victorious forever and everywhere! When you gain your Victory in seclusion, then you must come back into the world and gain the Victory there. You have the Knowledge, when you come back; but you haven't made the Application! Do you understand, beloved ones, how magnificent that is and how magnificent is your privilege today?

Would you believe that there are many of you in this room, who in past embodiments have had the privilege of the training within the Retreats? Then you wonder —well what am I doing here now then? This is a rather severe thing to say, but because of your free will and choice! Beloved ones, you do have that! You have free will and choice and before you today, is that most magnificent thing—your free will and choice. How are you going to use this magnificent energy that flows into your bodies, thru your free will and choice?

I do not want to be so serious, because we have a marvelous joy here tonight; but for a moment, please come with Me and feel the importance of this. You are the decreer; you have free will and choice, to make yourselves an Ascended Being or remain in your limitations! When you determine to serve the Light wholly, then the Full Power of the Light of the Universe, rushes to your assistance. If you choose not to serve the Light, because of the pull of the appearance world, then you have but the power of human creations to help you. Notice the conditions now. Is there any comparison between the

power of human creations to hold one in bondage and the Light which is the Governing Power of the Universe?

We were Ourselves very greatly rejoiced, when Chananda last night—notice, We are quite conversant—brought this amazing Illustration to you; that when you call to the Presence, this which is Self-luminous, Intelligent Substance and Light from the Presence, just flows in, thru and around your body; and as It sweeps down, It will sweep right out of your body every imperfection. Precious ones, try with all your hearts to feel the Reality of that, every time you make a call to your Presence. It is True, that Light knows no resistance or interference!

Do you wonder why you have been urged to call the Presence to formulate this Tube of Light about you? So many times, it has been said to you—the Light knows no resistance nor interference. This Light comes from your Presence! Now notice, in formulating this Tube of Light, calling the Presence to do it, do you not see It is Invincible, Impenetratable? Because this Light knows no resistance nor interference, there is nothing can be generated to oppose It. Then, do you not see how the Light is within you? For instance, in all of you tonight, the Light which is there in your heart, which I see, is the Power of this Presence! Think for a moment. Let us try tonight, to fix that so firm in your consciousness, that you go forth from this room, tonight, Absolute Master of every situation.

The Light that is here within your heart, which causes your heart to beat, is the Light and Power of this Presence! It is not visible yet to the physical sight; but with your attention constantly going to the Presence, and calling Its Powers and Activity forth into your mind and body; then sooner or later, that Light in your heart will be visible to the sight thru your clothing! It has to do it! There is nothing can stop It in the world; because there is no resistance to This Light, as It goes forth in

and thru your body! It is impossible for It not to come forth!

Only as your power of qualification acts, beloved ones, can it be interfered with; because your free will is paramount, so far as you and your world are concerned; and it only acts by your power of qualification. Therefore, in feeling that This Light, when called forth from the Presence, just floods thru penetrating and interpenetrating—not only surrounding, but interpenetrating your body, It is just sweeping out every imperfection that is there. Then, by asserting your power of qualification, let IT act!

Now notice how simple this is—by the acceptance of the Full Power from your Presence, as the Commanding Presence, when you are accepting your presence, you are using your Power of qualification; to produce that Perfection or intensify that Perfection of the Light from the Presence, which is already in your body, and calling forth more to Its Assistance! You see how magnificent is the simplicity of that? You cannot fail to win the Victory!

I call forth at this point, the Mastery of the comprehension of your Presence and amplified by the Ascended Masters; to grasp these points in your feeling and outer consciousness; so you are kept reminded of these simple things, which are the quick and Mighty Victory of This Light!

Now then, let us take another step right following this and hold it closely. Not only for you, does This Light flood in, interpenetrating, thru and around your body; but there is another activity quite as wonderful. As this Ray of Light and Energy intensifies, It connects with the Points of Light within every cell of your body, thru those little threads of Light from the base of your brain.

You will then also understand that in every Activity of the Presence, there is always a Trinity of Action. The Three-fold Flame, the Unfed Flame, has within It the

Three-fold Activity; and remember, the Unfed Flame is established here for your Blessing! Now then, this which I have so far explained is the Three-fold Activity, the Activity of the Light within you, called forth from your Presence!

Now remember to start with—you do have This Light here within you! When your infant form began to build, This Light was established in the heart—THIS LIGHT! THEREFORE, TODAY. IN THE UNDERSTANDING OF YOUR PRESENCE, YOU DO HAVE THE POWER TO INTENSIFY THE ACTIVITY OF THIS LIGHT COMING INTO YOUR BODY, WITHOUT ANY LIMIT WHATSOEVER!

Now these points, I am endeavoring to convey to you tonight, are a Definite and Powerful Activity within you! I am establishing This Power while I am talking to you tonight; and please do not any one in the room think you are not getting It! I tell you That Power IS established within your feeling world, of these things I am describing to you; and they will remain active there whether you outwardly know it immediately or not!

Come back again to the word "attention"! Why do I call your attention to these activities? Because with your attention upon them, they become tremendously more powerful! Without your knowing the Presence was above you, how would you have any more of Its Intensified Activity? That is why Saint Germain brought This Understanding forth; because your attention upon this Presence, will bring the release of its Full Power to you!

I ask you, beloved ones, do not, please do not ever feel discouraged at your efforts! Please do not do that! You have no idea from your outer human standpoint, how great the progress is you are making; because from the Activity of the Presence, as you have been told so many times, all Activity comes from within out. Therefore,

you are not aware in the outer consciousness of the progress being made within; but when It does suddenly burst forth, then you are vividly aware in a wonderful manner! Then, your struggle is soon over!

The reason We try to encourage you not to be discouraged in the efforts that you are making, is because We see the progress you are making, is far greater than you yet imagine; and I know it is not right, it is not just to yourselves, to allow the feeling of discouragement to come in, when you are actually, from Our Standpoint, making tremendous progress! Remind yourselves of that, every time you are inclined to have a feeling that you are not making as rapid progress as you should. Silence it immediately, because the outer does not know!

Remember, the human part of you, which has held its dominion so many centuries, finds all kinds of excuses to try to get your attention; but when you are firm with it, as this good brother was with his human self; and make it realize that its day is done, then no longer, does it have any power to influence or govern you.

Does it seem strange to you, beloved ones, that heretofore, there have always been two of you—your Inner and your outer self? Your outer self is your intellect—that which you gather from without. The Inner Self is always trying to pour Itself forth to give you help; but the intellect says—"well I am the whole business here," and then the Presence just has to wait.

I know, beloved ones, once upon a time, We all went thru what you are doing now. When there is the Power of the Universe that is beating your heart and giving you Life, does it not seem a paradox, that this frail human creature down here, can limit that Presence? Does it not seem strange, but it does just that! The proof is that you here are limited beings—you need no further proof! It is not why or how it limits you; but it has done it and is still holding you in those limitations.

Now then, the proof stands before every sincere individual in the world today, that anyone in a few weeks, can prove to himself the Power of the Presence to give him release, if that one really wants to do it. We have tried in every way, to have the blessed ones realize that only inharmony in your feelings prevents this flooding thru quickly to give you Freedom; because if there is inharmony in your feelings, it does not matter what the cause is, then that energy is qualified with the inharmony which carries out into your world, making more distress for you.

Dear ones, while you are grasping this clearly let Me repeat: every inharmony that is in your feelings, clothes This Light Energy which goes out into your world. It cannot help it, you cannot prevent it! As long as that inharmony and destructive quality is in your feelings, it goes out on this energy from the Presence; and makes that condition in your world, in which you have to live, if you let it go out thru the feelings. Don't ever let any person, place or condition, make you feel that anything is responsible but yourself.

Oh, dear ones, let Me for a moment tell you about Myself. When I began to gain My Victory, it did not seem so easy. There were many things, that I did not understand as I wanted to; but there was one thing I did have in My favor, and that was a natural calm firm determination. Today, I am very grateful for it; because it led Me thru many things, that might have been a greater struggle, and that is why I say to you, if you have not this within you naturally as your own characteristic, then assert it! Be firm in your Presence, and then, you will hold more than the balance over the human; until the Full Flood of the Power of the Presence comes forth thru you and out into your world.

Remember, the Perfecting Activity from the Presence, goes thru you and out into your world, because it has to.

It does not just come down around you and go out; but all the Perfecting Activity has to come thru this Ray of Light and Energy which comes into the top of your head and anchors in your heart. So far as you are individually concerned, that is the requirement for the Perfecting Activity within you body—you and your world!

Of course, the clothing and drawing of the Tube of Light about you, is of tremendous assistance in this activity; for your Perfection comes thru the Ray of Light anchored in your heart; which expands and intensifies the Light in every cell of your body. We have been very grateful that this point has been made so vivid to the classes all over the United States. You will enjoy that immensely here, because special attention will be given to the Expansion of the Light within every cell of the body, and it will be tremendous.

Notice, beloved ones, in the classes or in the contemplation in the classes, where there are a great number of people together; if you could only realize how you do assist each other and how you can assist each other even more, it would be something wonderful and beautiful. You take a group of three or four hundred people who are pouring forth Love, Blessings and kindliness; with their attention to the Presence for an hour, two or three hours, you have no idea, dear ones, what that does in the outer. That is why We ask in the Group Activities, please do not blessed students, come into the Groups with any feeling of unkindness in you.

Put aside everything that has disturbed you in the outer world, when you come into these Groups; because you are there in the Radiance of the Presence and the Ascended Masters; unless the inharmony is too great in the Groups; then of course the Ascended Masters are not there; because they will not pour forth greater Energy to intensify discordant feeling! They will no do that! Their Love is too great for the individual; but where

there is Great Harmony in the Groups, They will pour forth thru the Power of Radiation, without limit. No Group which holds that Beautiful Harmony will ever again need have a second thought about the Radiance from the Presence and the Ascended Masters, for They are always pouring It forth! If They are not present, They are projecting Their Light Rays, which is the same Activity of Blessing. So, dear ones, upon the Harmony in your Groups, depends the Power of the Radiation, in which They are giving you Their Blessing.

I am sure after this class, beginning tomorrow, every blessed sincere student in San Francisco and locality, will have no trouble whatsoever in governing his or her feelings, and shutting out of each one's world, every discordant thing. We know what it means! We know how quickly your Victory comes thru that; not that We try to control or govern you in any way—not for a moment; but We present the Law, which will enable you to allow Us to give you Assistance, thru the Harmony you maintain within your Groups or within yourselves individually.

Therefore, beloved ones, in the Glory of that Light which is your Life, remember there is no such thing as failure! It could not be; and if your human form still insists on having pains and disturbances, well just talk a little stronger to it; and tell it, it has no power—it has felt those conditions long enough! Say: "Now you just stop that nonsense"! Does that sound peculiar? It is so true, dear ones. Pain and distress in the body, is but human nonsense, and that is the Truth! Because you have given it power to disturb you, is no reason why you have to continue to do it; for I tell you positively, if you will be firm and say to every disturbance: "Now you have no power! I refuse acceptance of any more disturbance in my world," you will quickly have but to command your body and make it do what you choose! It has to do it!

Once in a while, one of the students will say: "Well I have tried it a long time, but it has not worked yet." Why? Because you have been making your application with your head and your feelings have not been accepting your answer! That is your house divided! Suppose that has been the case. Just straighten up your spine a little straighter and assert your firmness a little stronger; then, the next time you will win the Victory! A little child falls down many times when it is learning to walk, doesn't it? Well, beloved ones, mankind are full of mistakes, so were We before We were free; but is that any reason why you should give them power. If you make a few more mistakes, well what of it, in gaining the Victory?

Notice, beloved ones, Oh, this is to Me the important point and should be an Eternal, Everlasting, Encouragement to every human being in the world! It is just this one point—the moment any one really feels his Presence is there above him, and realizes that Its Light and Energy comes in at the top of the head and anchors within the heart, the moment the attention really goes to the Presence, that moment the Ascension has begun.

Precious ones, contemplate that often! It is the Actual Truth, the Actual Law of Life. The moment your attention really goes to your Presence, feeling It is there feeding Life into your body, that instant your Ascension has begun; for to the degree of earnestness and intensity with which you turn your attention again and again to your Presence, will you become more quickly aware of It. It is the Law of Life and nothing in the world can change it, except your power of qualification. It does not change the Activity of the "I AM Presence," but it keeps carrying the activity out into your world, if it be discordant.

Now notice, beloved ones, This Light does not accept your imperfection! You cannot make It accept it; but

it does clothe It. That is where the difficulty has been with mankind in understanding or comprehending this; because they have believed that the imperfection could penetrate that Light, which it cannot; but it does clothe It, therefore, carrying the discord out into your world. That is why it is imperative to govern your feelings and keep them harmonized; but if you will make the sincere effort you can be sure that there will not be one single thing left undone, to give you the Assistance, the Courage and the strength required, to win your Victory and quickly.

At this point, beloved ones, you do not have to wait years now in your accomplishment. Please feel that—because every Assistance that it is possible to give human beings, is being given by the Great Cosmic Light, which is impelling the accomplishment, and in many ways compelling It!

I trust you will not think We are inconsiderate of your needed rest; but when We find the conditions just right, We just want to hold you so close in Our Mighty Em-Brace of Light! Oh, dear ones, half an hour's less sleep might do a great deal! So I want you to realize, that We do not wish to impose upon you, when We hold you a little longer than usual, but it is because We see the opportunity to give an added Assistance; and that is a very wonderful thing! You are becoming a part of Us! Do you realize that? It has to be so. Thru your Love to Us and Our Love to you, how could we be separated? Do you not see that? You cannot be separated from Us, dear ones, any more than you are separated from your Presence! You cannot be separated from your Presence and live—I mean have life in your physical body! Therefore, when you are pouring out your Love to Us, how can you be separated from Us?

Do you not see, that is the connecting link in all things in the Universe? It is the connecting link between your-

Property of Saint Germain Press, Inc.

selves and Us, between yourselves and the "I AM Presence"; between yourselves and everything out here in the world of human form, which you want for use.

Then, do you wonder why We say to you: pour out Love and Blessings to everything? How could money that you need be withheld from you, if you pour out Love and Blessings? Your Love goes out into that call, which manifests as money! and the pouring out of your Love never in the world can keep it from you. It would be impossible, if you understand that simple Law! Your Love pouring out, touches everything that takes form, of which money is a part; therefore, in your out-pouring of Love and Blessing, it would come back to you as the supply you require!

Oh, believe it or not, precious ones, We are going to get this thing over to you, so you will no longer be questioning in your mind, your ability thru the call to your Presence, to release whatever you require into your world! WE ARE NOT GOING TO STOP, UNTIL YOU DO HAVE IT! I TELL YOU, BELOVED ONES, WE KNOW THE WAY! WE ARE THE LAW! AND WITH YOUR LOVE, WE SHALL MAKE YOU THE LAW!

Now, beloved ones, I want to pour forth My Assistance before we close, and I trust the blessed ones will go on with the rest of whatever they have planned. I want to offer just a short Blessing:

"Mighty I AM Presence" in the Fulness of Your Life, acting within every one of these precious forms, take command tonight, in the fulness of your Active Presence and Power! Hold everything within the human activity of these blessed ones, in complete and perfect obedience to Thy Great Law, which is Life! See that the Power of the attention and the vision is held only upon constructive things; and upon the Presence of the Ascended Masters from which comes Perfection! Stand guard thru

the Higher Mental Body of each one; until the Power of the Higher Mental Body governs the attention with such precision, that the instant it goes to something less than Perfection, the outer is aware of it; and returns to that place from which comes all good! This, We charge into the mental and feeling world of each one tonight, for constant use, alertness, clearness of comprehension and the feeling of the Victory sustained! Thus, we leave the Mighty Powerful Active Presence and Intelligence within each one this night, to go on acting and acting; until all of the outer has been dissolved into the Perfection of the Presence and Its Mighty Victory!

Tonight, I clothe you in that Mighty Victory of your "Mighty I AM Presence"; and make you impenetrable to anything which would longer retard your forward progress and Freedom! Charge, Oh "Mighty I AM Presence," Your Mighty Energy, Your Mighty Healing Currents in and thru every one here; into every one of the students in the United States; and to all who are calling to This Activity for Assistance! Charge thru all, Thy Mighty Currents this night! Sweep out all imperfection; and fill those bodies with Your Self-luminous, Intelligent Substance, to the glorifying, perfecting and Freedom of all mankind; and We cause It to be forever sustained!

I thank you!

BELOVED JESUS' AND MARY'S TWO PERSONAL RAYS

S THE ASCENDED MASTERS have always taught us, during the Seven Sacred Weeks from Thanksgiving to January 15th, our Beloved Master Jesus and His Mother, Mary, pour out Their Two Personal Rays, to bless all who will give Them time and attention each day, in accepting that White Fire Substance which They do pour out thru Those Rays.

During this season of the year, when the attention of mankind is upon Them and They are releasing all possible to help and bless the people, we can call forth Their Two Personal Rays to go out and enfold all in the activity of war, so as to give the greatest possible protection, to all who are trying to stand for the Light and hold to the Constructive Way of Life.

Visualize Jesus' and Mary's Luminous Presence and Blazing Light Rays pouring forth such intense White Light, surrounded by the Golden Flame, that everything destructive that even looks in their direction, is instantly consumed by the very intensity of Their Light and the Authority and Power They project constantly.

Each of us can call to the "Mighty I AM Presence" and all Great Beings of Light and Perfection from the Great Central Sun, to expand and intensify Jesus' and Mary's Out-pouring once an hour and sustain that Activity, until every destructive activity on earth is forever annihilated and its cause, effect, record and memory consumed from the Universe today and forever!

Remember, this call which we make is Life, calling forth the Greater Cosmic Activities of Light, to protect Life and fulfill God's Divine plan for all manifestation everywhere!

It is Life Itself, in the Authority of the "Mighty I AM Presence" of every human being in this world, and all

Great Ascended Masters and Cosmic Beings, calling for the Freedom of all Life from all discord forever; and It contains within Itself, the Fulfillment of the call by the very energy which goes forth in that call.

Let us in the Great Mercy of Life, call on the Law of Forgiveness for everyone, and for all in the feelings of mankind to be cleared away, dissolved and consumed, which seems to keep all from seeing and knowing These Beloved Ascended Masters and Cosmic Beings as we do; and enable such Blessings and Help to come to all people of earth—as they have never yet dreamed.

When the people of earth want These Great Ones to help stop the destruction generated by war and other human discord—They will come and do it, but not without mankind's call. The Great Cosmic Law does not permit Their Help to be given, as long as Those whom Life has chosen to give that Help, are denied, ridiculed and criticized by the people who need their Greater Power of Life.

The people of earth cannot solve the conditions of the outer world today, except by the Power of Light; and that Greater Light can only come from the Ascended Masters who are Its Authority and control for the people of this world.

These Great Blessed Ascended Masters and Cosmic Beings of Light, Power and Perfection, can do for mankind what they cannot do for themselves; and the humanity of this earth cannot survive without Them. They are the Greater Part of the Light of this world, and only enough Light can consume the darkness which all destruction is!

Beloved Jesus, Mary, Archangel Michael, Saint Germain, Our Beloved Messenger and the Other Ascended Masters, are each an Individualized Ray of Cosmic Light to this earth! Let us give Them definite time, attention, acceptance, Love and Gratitude each day in the name of the mankind of this earth, until the Increasing Cosmic Light holds Its Dominion forever!

GEMS OF LIGHT

SAINT GERMAIN

Did you ever see anybody go forth in the understanding of metaphysical law, who won any permanent success? The reason for it is this — they have no foundation; they have no anchorage, which is the "Mighty I AM Presence"! They have to have this Explanation of the Presence in order to have an anchorage, in order to have a Foundation upon which to build, otherwise it is a fluctuating foundation which knows no landing spot.

SAINT GERMAIN

Here is a point I think I should try to help you clear and understand. The entire element of the accumulation of discord of mankind, stands in its own octave – in its stratum. When you become inharmonious and you puncture into that, it naturally rushes thru. It does not see, it does not discriminate, but it wants to find expression; and since it is mankind's own Life – its energy – and for the sake of expression we call it a blind force, because it practically is. If you open a funnel for that to pour out, the whole thing within that stratum is going to want to pour out; and many times, only when the one who has opened himself or herself to it, is taken out of physical embodiment, does that thing shut off.

GEMS OF LIGHT

SAINT GERMAIN
In all Music

In the Activity under This Radiation, you forget the technique and you let the Presence be the technique. In this, it is the Power of the Presence acting and there is no exhaustion; there is no confusion. It is often in the attempt to hold to the technique thru the outer training that caused you to become exhausted.

SAINT GERMAIN

When your attention is upon the technique of the outer, you are accepting the limitations of the outer; while with your attention upon the Presence while you are singing, it gives It the Power to make It the technique; because the Presence is the Technique in the outer manifestation. It has to be!

SAINT GERMAIN

Before you knew this, of course you had to have certain technique, you could not go forward without it; but since you know the Presence, who is the Power of all Technique, why not let It act and become the Technique in action?

SAINT GERMAIN

Life makes no mistakes! Life fits everything together, and since there is the One Great Life and all individuals are Its Out-Pouring; then each one, many times when he or she least suspects it, is really fulfilling that requirement.

GO TO THE ROYAL TETON

Beloved Ones—As we go to the Royal Teton New Year's Eve this year, the Power and Victory of the Light will flood forth to the Earth at our call, and all required to give America the assistance for which our hearts call. The amount of Cosmic Light which we call into the physical octave is dependent upon the expansion of Light through our hearts; so let us pour the devotion required, to the Great Ones at the Royal Teton, in our call for help to the humanity of Earth, which will enable Saint Germain, Jesus, Daddy, Cyclopea, Mighty Victory, Our Beloved Lanto and all others assisting from There, to release whatever is required to fill America's Crystal Cup with the Light that must redeem the world.

Let us I AM Students feel the obligation of holding such indestructable Harmony that the greatest amount of Cosmic Light may flood America everywhere, and hold our people protected until the Great Ones give the One Mighty Stroke. America's Protection is our Responsibility. All the Harmony we hold is just so much Cosmic Light, which Saint Germain and the Great Ones can use for Her Protection.

Let us not give one ounce of energy to anything less than the Perfection of the Light, for America is ours. SHE SHALL BE FREE. SHE SHALL BE VICTORIOUS. And Her Light shall blaze with whatever intensity is needed to protect America and release humanity from the claws of destruction forever.

We enfold you in Victory's Full Momentum of blazing Victory, of Invincible Protection and overwhelming supply of every good thing for the entire New and Perfect Year. We Bless all from the Royal Teton and all who carry the Light, to lead mankind into the Ascended Masters' Octave forever. We thank you, we love you, we bless you. Forever in the Service of the Light.

SANAT KUMARA'S DISCOURSE

Los Angeles, Calif. — July 1, 1937

AINT GERMAIN

Beloved Children of the Light, again it is My Pleasure and very great privilege to introduce to you, One who has not dictated before in This Activity.

Will each one of you for a few moments, close your eyes and raise your attention with great earnestness, to your own "Mighty I AM Presence" which will enable the vibratory action of the room to be raised to the point We require? (Silence) I thank you very much.

Is it not peculiar, beloved ones, how determined some people are? For instance, our good brother. He even solicited the assistance of the Messenger, and Victory is his. I am speaking of this, dear ones, while in fun, yet quite seriously; for it is an illustration to every one of you, what a determined call to the Presence will do; and how the Great Ones never once fail to respond, to that great earnest sincere call.

It is My Great Pleasure to introduce to you, Sanat Kumara.

SANAT KUMARA

After so many centuries, beloved Children of the Light, it is wonderful to find so many ready and willing to put forth every effort from within their own consciousness and feeling world, for their Freedom and Attainment.

Mankind is at last awakening into its Eternal Dominion. You cannot yet comprehend what your efforts mean to yourselves, to mankind and to your beloved America! Why do you suppose the Understanding and Explanation of the Three Fold Flame, the Unfed Flame, has been brought to your attention? Because of the Tremendous

Property of Saint Germain Press, Inc.

Activity required for the earth today. You, beloved ones, are not only calling for your own Freedom and that of America, but you are rendering a service to the earth, which I have required for more than two million years. It has always required the Assistance of the Cosmic Light, to produce a Definite Permanent Activity for the earth; and necessarily it must come thru mankind, whose forms are the projection of the Mighty Presence of God Individualized, whom you have come to know as your "Mighty I AM Presence"!

You have gone thru much training in these Great Laws, and mistake it not when I say "training"; for every one thus far, drawn under the Radiation of Saint Germain, has had definite training in some embodiment in the past. Today, as you give more and more attention to your "Mighty I AM Presence," there will be those all over the world who will recall much of the past memory! I do not advise that you give any special attention to it, but naturally, it will come about. That is the desirable way for every quality to manifest within your being. Thru your attention to your Presence, allow It to open the way for everything to come forth in a natural manner.

In all Our Activity, and to the uninitiated, it seems transcendent, yet there is no thing in the Universe that is not practical. That is why Our Beloved Saint Germain has brought to you this practical Understanding of the "Mighty I AM Presence" and Its Application, which I assure you is Invincible. No student of the "I AM," should ever again doubt or question his or her ability to call the "Mighty I AM Presence" into action, to produce any given result; for no one I trust would ask the Presence to do anything that is not constructive.

Therefore, will you join Me tonight, while I am speaking to you, in accepting your Eternally Sustained Power and Dominion, to call your Mighty Presence into action,

to produce quickly any constructive result? Perhaps it is not necessary for Me to say constructive, because you have been taught that the Presence will not release energy for any destructive purpose. Only as the individual has about him or her an accumulation of energy which he or she can qualify, can any one produce destructive qualities. Will you please remember, that with people who do produce destructive activities, it is only because they are using accumulated energy which has been drawn about them, which they have the authority to qualify.

Knowing, as you do, that energy itself does not discriminate, then you must know as you continue to call your Presence into action, the Love, Wisdom and Power of your Presence, will naturally cause to be qualified with Perfection, the energy which goes thru your form and out into your world, provided your feelings are maintained harmonious. You must realize that, and there is no one who is any exception to the rule. Tonight, I take it for granted and I insist, that the comprehension of every one in the room act with alertness and Full Power!

You who have the Understanding of your "Mighty I AM Presence" and Its Application, are dauntless before the face of men. You are not at the mercy of any condition that exists upon earth, individually, thru conditions or in appearance. Will you not remember that, and in everything that shows an appearance less than Perfection, remember that your call to the Presence is Master of that condition, so far as your individual world is concerned? This is your Authority! If you will not use It, then you must not blame any one, but yourself, if you continue in your limitations. Such conditions are not yours any longer! Even though you have been the creator of the conditions of limitations which you experience, still do I say to you tonight, you are no longer subject to them!

Think of it! You today in physical form, are having

Property of Saint Germain Press, Inc.

the Authority to wield a Power that only a hundred years ago, required years of training under an Ascended Master. Today, you have had more than two and a half years training under One of the Ascended Masters, who knows perhaps more than any other Ascended Master, the requirements of the children of earth! He has, in His Infinite Patience, given forth This Understanding to those, who care to accept the Glory of an Understanding that is the Eternal Freedom, of every one of mankind who will apply It.

I plead with you tonight, do not ever look for anything greater! There is no such thing in the entire earth, that is greater than This Information and Instruction which Saint Germain has given you. Do not any one be foolish enough, to expect to find It anywhere else.

If I were to stand you, tonight, before a Great Cosmic Mirror and show you the difference in your physical bodies today, than six months ago, you would never forget it thru Eternity. I shall remind you, again tonight, that the Greatest Powers in the Universe are invisible. Because you do not yet see the outer manifestation of the Fulness of the Perfection which you have been calling forth, should be no reason in the world, for any one to question Its Manifestation.

I assure you that there is not one person here, in America or in the world, who is sincere and who actually feels that the Presence is above and that It feeds Life into that one, who cannot quickly free himself or herself.

May I call your attention for a few moments to the conditions that have existed in your city here. Now as Students of Light, you are not beginners. You are those who have comprehension, who are determined and in earnest. Therefore, I speak to you as such; and when I say, that you cannot fail in one single thing in that call of your Presence into action, if you seem to do so, it is only because you still

allow your intellectual doubts and fears to act; or accept the suggestions of uninformed individuals.

I say to you tonight, and you have been magnificent in this, as I observe—most of you—in refusing to enter into discordant destructive qualities of thought and feeling: as long as you, any one of you, allows yourself to dwell in thought and feeling upon discordant things, or you allow your attention to be held upon or to listen to discordant things, just that long, you will remain in your limitations. You are Beings of Light now, beloved ones! You are no longer children groping in the darkness of the lack of understanding; but you are Children of the Light, alert to every requirement, which means your Freedom! You shall remain alert, more and more alert, until you feel the Full Power of your Presence, coming forth into action at any moment, like a Flash of Lightning.

Don't accept the human sense requirements of time any longer in your Life. Suppose, you do find a necessity of time, yet as long as you accept it in your intellect and feeling, still will you continue in the human sense limitations of time; but if you will say—even though the appearance is still there, if you will assert and feel in your feeling: that no longer am I subject to the human sense of time; then, you will allow your Presence to set aside fully time and space for you; so far as the Activity of your Presence is concerned in your Life.

Remember, you are—you have become the decreer of your world! Remember, you have taken the Authority, the rest remains with you! All Power is here! All Authority is here! You have the Full Authority to call this Authority into action here, in the world of mankind.

Think what the Great Himalaya said to you the other night—what He would give to have such a Group of people as this in India. In one year, He would transform half her people. Think of it! Beloved ones, will you not feel

Property of Saint Germain Press, Inc.

that this is no longer idle talk? You have entered into a Mighty Light—the Extreme Light of the Universe! Don't let your intellect any longer make you think of It in any wishy-washy manner.

These are Definite, Mighty Laws, even though these Words in which They are clothed sound simple. I say to you, that the unfortunate creatures who have criticized the simplicity of the language used, which is bringing this Freedom to mankind, are pitiful to behold! What would be the object in Our using language that mankind did not understand? Ignorance is the only thing that clothes in words, that which the average individual cannot comprehend. Great and wise ones always use simple language which even a child may understand; and you will find one day, when you have freed yourselves from these human forms of limitation, that in those Great Octaves of Light, even more simple than today, is the expression used.

When all vanity and intellectual pride have disappeared, THEN WILL MANKIND BECOME THE MASTER OF THEIR WORLD AGAIN. Do you not observe the Messenger, beloved Ones? I am sure you will pardon Me, for using this illustration. Look at the Messenger before you! The greater the Understanding, the more humble and simple he becomes, the more natural, and there isn't any condition now that can make him unnatural. That is why, beloved ones, these tremendous things can be done, because of his great humbleness; and so it is with every Student of the "I AM" thruout America and the world. Until the students can really feel humbleness within their feeling world, they will still find things to overcome; but with sincere humbleness, it allows the Power of the Presence to flow thru more quickly, with Greater Dissolving Activity, removing all imperfections.

You have been taught to use the Violet Consuming Flame. The other part of that Activity, of which so far,

We have not permitted much to be said, is in the call of this Mighty Energy from the Presence, expanding the Light within every cell of your bodies. DO YOU QUITE REALIZE THE IMMENSITY OF THAT AUTHORITY AND ACTIVITY WHICH IS YOURS? IF YOU BUT REALIZED IT, BELOVED ONES, IN A FEW MIGHTY CALLS TO YOUR PRESENCE, AFTER HAVING USED THE VIOLET CONSUMING FLAME FOR SOME WEEKS OR MONTHS, YOU COULD SWEEP OUT ALL IMPERFECTION. Thru the Expansion of the Light within every cell of your body —called forth from the Presence, you could dissolve every vestige of imperfection, which still remains within your human structure. It is only because you doubt—in the feelings, that you do not have the greater results!

Now, no one is criticising you for that; but I am explaining tonight, the reason for these things; and then, I shall proceed to govern, or help you to govern, the Activity which sets you free, from every unknown remaining quality that exists in your feeling world.

The Messengers have told you repeatedly, to call the Presence into action, to take out of your feeling world, anything that might be there obstructing the way. Now, tonight and while I am speaking, I shall set this into action for every one of you, and for all those thruout America and the world, for to Me there is no time nor space, as you know.

May I ask you in your future work, to give just a little more attention to calling forth the energy from the Presence and FEEL It expand the Light within every cell of your body; so it just dissolves every imperfection which is there? These are Mighty Activities, and, as the human element gets out of the way, you will find, shall I say, stupendous results! I mean this—every word of it.

In this Amazing Assistance which the Divine Director

has been giving you for several months, will you not appreciate it? I know you want to, but intensify it in this Way—BY YOUR FEELING. Don't just think of it with your intellect, but feel that Mighty Activity; and after tonight, you will feel It unquestionably. You will feel that Light expand, within every cell of your body at your call to the Presence, and make no mistake about it. You are no longer held in any bondage of your own creations! Do not forget that; and knowing that you know the Power of your Presence is all Authority, and the Law of Life compels the release at your call to flow forth; then, according to your power of qualification, you can draw It forth without limit.

May I remind you tonight, of two things? You, from the intellect, can hold your attention upon a given objective; but you don't always govern your power of qualification! Now then, ask the Presence to take complete command of your vizualization, your attention and your power of qualification; and COMPEL them all to act, according to the Perfection which the Presence is. Stop forever, any qualification by the human feeling within you, to longer act within your world. Then, you will definitely enter into the Fulness of that Power for which you are calling.

Do you want to be free? Of course you do—every one of you! Then, I say to you: Stop all discordant conversation! Stop all activity of discordant feeling within you; and then see how quickly your call to the Presence will produce results. Do not allow your human intellect longer to assert itself, because of the appearance world.

I say to you tonight, if you will allow Us to assist you, the Victory of your Freedom shall be swift! We cannot compel you to do certain things—the Law of your Life does not permit it; but We offer Suggestions and many times, if you will read between the lines, you will in your feeling

understand more fully some things, which We may not put in plain words to you!

Remember, We have offered Unlimited Assistance to every sincere student in America and the world! Does that mean much to you? If you but KNOW It, It means your Certain Victory! Don't accept any longer anything from the appearance world; and then, as you call your Presence into action, you will find Its Dominion taking command and your struggles will cease! Mankind never was intended to struggle! Only because they have so forgotten the Source of all Power, that in the endeavor to do things from the human or outer standpoint, their struggle has grown greater, until today, the great majority of mankind know not which way to turn.

You have had the privilege of This Understanding—This Mighty Application! Should you ever fear anything again? I cannot imagine it! You, who have become aware of your "Mighty I AM Presence," and then to think any condition in the outer world has longer any power to disturb or limit you! Say: Be thou gone, Oh appearance world! Your Power is gone! My Power is here with my "Mighty I AM Presence"; and Its Authority is without limit! Before that Presence, all the appearance world must dissolve and disappear.

Ere so long, in the Out-pouring of this Great Cosmic Light, It is taking Its Dominion in the world of mankind! So, if you choose to enter into the Activity of your "Mighty I AM Presence," you will work in co-operation with that Great Cosmic Light, which is your Certain Victory and Freedom! Remember, in your call to the Presence, for all others of mankind who do not yet understand, you will produce Mighty Results for them also!

I say to you, do not condemn! If an appearance is there, call the Presence into action to help that individual; and then, you are not building into your world, further con-

ditions to be dissolved. Your authority is alone for your world! Feel that definitely! Then, as your Light expands, you will be of of Inestimable Assistance to every one who touches the hem of your garment—your world!

So tonight, I leave with you My Blessings, My Love, and I clothe you in My Mantle of Light; that It be sustained, until your full Victory and Freedom from limitations is complete; your Ascension is attained and you enter into that Octave where the Power of the Light Is Eternal and Supreme.

I thank you.

GEMS OF LIGHT

SAINT GERMAIN

I am sure there is not one of you who when you have accomplished something, have not felt a rejoicing that can come alone from that. After so many centuries of dominion of the human self, your power of dominion now conciously brought into action in the call to your Presence, is the greatest happiness that can come to one in human form.

SAINT GERMAIN

Never weary of your application, because that is the Open Door-way to your Dominion and Freedom forever!

SAINT GERMAIN

There is not one single excuse for any human being feeling doubt toward This Work or the Messengers — not one single excuse. The books are simple, plain and substantial. The teachings are plain, practical and substantial and the Messengers have never said one solitary thing to which any sane individual can take exception.

LORD MAHA CHOHAN'S DISCOURSE

Shrine Class — January 8, 1939

BELOVED CHILDREN of the Light, since the time has arrived when the earth needs Assistance to respond to the Expanding Light in mankind; tonight, We begin the Great Spectacle, within and on the surface of the earth.

You have been calling for all destructive substance—all that injures or destroys mankind, to wither and disappear from the earth. Tonight that begins! We are very grateful to find the people today, ready to respond and even to make the call, for the release from that which at one time, seemed to be within their desire world. Now, they have come to know, it was rendering them helpless, before the face of all their fellow-men.

I refer to the dope condition which has spread its tentacles thruout the entire world! THIS MUST BE DESTROYED FROM THE EARTH! EVERYTHING THAT HAS A SIMILAR EFFECT SHALL WITHER AND DISAPPEAR FROM THE EARTH! THE PRESENT NARCOTICS WHICH ARE USED IN MEDICAL ACTIVITIES WILL BE REPLACED BY THAT WHICH DOES NOT BRING INJURY TO MANKIND.

Mankind needs Self-control! It needs the Authority of Life within the body, within the human form! Today, the Perfection of Life, Must be drawn into the physical octave and regain the Dominion which It once held! It must come forth right here in your America; for this is the spot, where the pilgrimage of mankind upon earth began!

Of all the vast civilizations which have come and gone,

Property of Saint Germain Press, Inc.

the records of them still remain; and all mankind will one day have access to them and know all that has really been. The research of the outer world cannot possibly determine all that has gone before; but the records kept thruout four and a half million years, will show to mankind the Evidence and the Truth of all that has gone before. Today is the beginning of the dissolving of all human concepts; of all that has confused and misled mankind; and of the failure to expand the Perfection of Life and all It contains for them.

Therefore, in your remaining pilgrimage upon this earth, gain Self-control, because for some of you, it will be a comparatively short time, until you have your Eternal Freedom from the earth. You can be indeed most grateful and thankful to Life and to your Beloved Saint Germain! He has drawn your attention to these things! Then, He has prepared the way. He has sought into the Inner Secrets and Heart Center of Life, to bring forth to you, this Immeasurable Assistance which is being given mankind today!

You have been somewhat concerned in your desire for all to quickly understand this Great Truth! I say to you, be not distressed! When this Great Wave from within the Heart of mankind strikes, you will not find places large enough, to hold your audiences! I assure you the Light, beloved children of the earth, is taking Its Dominion upon this earth! Mankind cannot stop It, but they will bow in obedience to It; and be only too happy to, when they see the Perfection, which It will bring forth to them!

The people have not understood, how to give obedience to Life or that It really was necessary. They have been expecting Life to do for them, what It could not do without their obedience! Therefore, I say to you, that in This Understanding of all who have come into This Light thus far, will you be the Nucleus, the Great Torch-light bringing to all mankind, that which is your Blessing today?

You always understand in your outer world of activity, when things are ready at a certain point, it always goes with much greater power and speed, and that of course is because of momentum gained; but This Light is taking Its Dominion upon this earth; and will go forth with tremendously greater speed from the beginning of this year—from this class! Therefore, you can watch Its Progress, if you like; but rather watch the Source of your own Life, that you may have Its Great Perfection, flowing forth into your body and your world of action!

Since I am the Director of all the Currents of Energy to Nature, to all that gives you food; then, it is well, that you have called to Me to remove that substance which is injurious to mankind. The ingenuity of mankind in the flesh, which has drawn forth some of the Secrets of Life, which have become so destructive to mankind, shall also be forgotten!

All intoxicating liquors shall vanish from the earth, (applause) and it is well; for the poison of the serpent is not so dangerous! The serpent would take you out of your physical body, but that which enters into your feeling world, thru the constant use of tobacco and intoxicants of all description, makes a record that holds mankind bound for life-time after life-time. They have not understood this; but since they are beginning to understand, then they will leave it entirely alone.

I say to you business men of America, the frightful belief that mankind must use intoxicants to become sociable in your business world, is a travesty on Life! In your business dealings, you need all of your faculties clear and not confused! Because a man is weak enough to allow himself to become intoxicated, he becomes a prey to those who want to influence him. Then is he unfortunate indeed, and thousands of fortunes have been lost because of just that.

You as Students of the Light who understand all these

activities, be so firm and unyielding, that never once are you drawn into the net of that condition, which would make you incapable of knowing your own mind!

One other thing, you will be very grateful for and it is, that the power of destructive mental influence, begins the loss of its control tonight! (applause) Hypnotic influence will become unknown upon this earth! (applause) When mankind are entirely released from this influence, they will feel, as if they have awakened into a new world! The great mass of mankind is influenced so powerfully today, by mental power exerted—ofttimes by unscrupulous individuals. Only were you in the place of the Messengers, would you know to how great a degree this has come about.

That is why the influence, the mental power of mankind over each other, must cease; and as mankind then understand the giving of their attention to the "I AM" Presence of Life; and receive and give Its Gifts, will It bring about such Happiness and Perfection, as the earth has not known in more than two million years.

Since We are the Directors, the Authority for these Great Currents of Life, We have found that mankind insists on going on, and on, utilizing destructive forces, until the Great Central Focus of Power to this System of worlds, has demanded this change be made! Therefore, from time to time, steps will be taken, to prevent mankind acting destructively upon each other; and I consider it one of the Greatest Blessings taken upon this earth; to restore the earth to Its Pristine Purity and Perfection, which it once knew.

You who are gathered here tonight, could you believe that once the earth bore forth such Perfection; such profusion of abundance of every kind of sustenance for mankind, that they made no effort to cultivate nature; because Its Lavish Gifts were there—placed there by whom? By Myself. (applause) Since the discord grew so great in man-

kind—anger, hatred and all those qualities—their destruction became so powerful, it imposed itself upon My Creation, which I had given for the Blessing of mankind! Then, I made much less effort to sustain and supply them; knowing that mankind must have the experience which would one day redeem them into the Light! That has been a long time coming; but It has arrived and will lift the people out of their limitations and distress; as if being lifted by Magical Power, yet It will be the Natural Action of Life!

I wish you, as a body of students, tonight, to understand and realize all-powerfully, the Privilege that is yours! Since you have lived so long, in the limitations of Life and are coming to the point where the labor for the sustenance of Life has become so great—not necessarily so, because it has been compelled by mankind themselves; then you are fortunate in being here, at a time when the Great Central Focus of Light, Wisdom and Power has said to the earth: this change must take place!

We, as the Directors of those Mighty Currents of Energy, in obedience to that Great Central Power of which We are the Representatives, find a Great Joy, in being able to release mankind from the conditions of their own creation! Many of you will be here to see it; for there will also come a general semi-tropical climate. When enough of mankind's discord is released from the earth, the earth will take on the Substance which I bring to replace the discord. After mankind have destructively charged the substance of Nature, that discord must be consumed; then the earth will blossom forth! There will be no such thing as a waste of the Sustenance of Life, which Nature, as you call It, has brought forth to bless you. Yet what you call Nature is Myself! (applause)

I am trying earnestly to have you understand, that there is no blind force acting anywhere in the Universe! All is under a Mighty Direction. Even the storms which you

Property of Saint Germain Press, Inc.

think are inevitable in certain parts of the earth, are governed by destructive forces! That destructive activity too, will vanish from the earth, as all black magicians have been removed.

It is difficult for you to understand how, that thru the centuries of mankind's discordant creation, forces have taken that up, charged and held it in action, to loose it upon mankind. I say to you, who have read the book "She," remember how she called forth the elements at her bidding! That is not imagination! That actually took place upon this earth! For you will understand, when people have retained their bodies for thousands of years, they gain tremendous Power and Wisdom.

When you are dealing with the Forces of the Elements, remember those individuals have not thought and felt as you do today; for they knew, that there was no such thing as death; therefore, in taking command of and in governing the people, they thought nothing of disposing of the bodies; because they knew there was no death! That too had to be corrected; and not for many many centuries has anything of that kind taken place; but these are all activities, which mankind have drawn about themselves.

Now, do you wonder that I say, you are most fortunate in coming into This Understanding of Life, which has taught you how to manipulate Energy, Force and Light Rays, in a wholly Constructive Activity? Some of you do not quite realize it, but you are at the point, where you can utilize these Activities of Life in a magnificent manner! You can assert yourselves, beloved children of the earth; and utilize these Constructive Powers of Life, of Light, of Energy! They are at your command and you need not be subject to any kind of destructive force in the Understanding of Life!

Life is the Governor of the Universe. Life is everywhere! You are Its Individualized Focus! Again I say,

Property of Saint Germain Press, Inc.

how fortunate you are in having before you the Truth of your Reality, your connection with the Almighty Focus of Life, which makes you Master of yourself and your world, if you only believe it and set it into action. Then I say to you, are you not fortunate? I trust that none of you, will ever fail to remind yourselves once each day, how fortunate you are!

Your ability to call forth the Powers of Life, is already sufficient to set you Eternally Free! I would suggest, that you take a thorough inventory of yourselves now; for you are going to be called upon by many people, to explain this Great Truth of Life; and you will need to know It correctly!

I say to you, you cannot spend any time so valuably in your pilgrimage, as to use every hour you can to study those books; and make yourselves familiar with this Almighty Law of Life! The Explanation is clear, It is simple, It is accurate! If you will do this, you will find yourselves in a position to render a service to your fellow-men, that you will one day see, has been your very great opportunity!

We are soon entering into this Great Wave of Light which will pass over mankind; and you will not be able to supply these books fast enough, for they are called forth by Life—not because it happens to be the experience of the Messenger; but because Life has made him the observer, and brought This Truth forth for your Great Enlightenment—for your Great Freedom!

I say to you, prepare yourselves, for should these classes be closed to all but the students who are prepared; you will find yourselves entering into a wholly new world! Then, you must be ready to give this Assistance to others less fortunate than yourselves.

Try to understand that this is an Activity of Life, which is surging forth by the Power of Light. It is the Activity of Life, surging forth to bring Its Almighty Blessing to mankind. It is not a matter of the Messengers, but your Saint

Property of Saint Germain Press, Inc.

Germain, having been the One, under whose Ray and Power of Action, the earth comes at this time, has been your Greatest Benefactor (applause) in more than two million years!

Therefore, I know you are grateful! Be more grateful, as time goes on; for as the Great Light within you expands; and you become the governor of yourselves and many other conditions, then will you see, what This Light means to you.

In all this great preparatory work, the great patience of the Messengers, being willing to serve so sincerely, it is very very wonderful, even to Me, to see your gratitude, your very great Love; and may I say your very sincere Love that pours out to them. It is well! (applause) Since We have loved you and all mankind sufficiently, to prepare Nature that she supply you abundantly; then they too have loved you enough, to bring the Great Law of Life to your attention, that you might study and apply It.

Lose no opportunity! Waste no hour in idle talk, when you might study and familiarize yourselves with This Law and Power of Light—a part of yourselves; a part of you in action; that you may have the Glory of It and be the limitless beneficiary of all It brings to you! Therefore, realize how great is your privilege.

Now as you begin this Permanent Definite Activity, and have in this class; then no longer think of your application —the Understanding of Life, as just for your individual Perfection; but think of It, as a Blessing which you can pour forth to Nature; to all Life and to your fellow-man, and to your America; for a nation is the mind of its people.

Do you wonder that your nation while far more wonderful than the rest of the earth, do you wonder why chaos reigns in your nation today? Because of men's minds. They are currents of energy being destructively charged! They believe, that they can seize and prey upon each other, and

a few prey upon all of you! I say that shall stop! No longer may mankind prey upon each other; (applause) or prey upon Nature and grow that for the destruction of mankind! (applause)

Nature is prepared, perhaps I should say, is being prepared, to render you a Mighty Service from within the surface of the earth, and from its outer surface. The Powers of the various elements are being called into action; and you will see such changes, as would seem incredible to you today. We call your attention to it from time to time, that you may see the Fulfillment.

This is in no wise any sense of prophecy, not at all; but just that you may see the Activity, as step by step you move forward, in the application and the understanding of Life; all of which is Perfectly Natural, your own self! It is a vastly different thing in thinking of some great mysterious action that is outside of yourself; and all that We shall do, all that you shall do, or anyone do for you, will all be the One Almighty Action of Life, which is your Life.

All human sense of mystery, concerning Life will disappear; and mankind will know Life for just what It is; and know how to call forth Its Perfection and know how to wield the Mighty Light Rays.

As you observe here (pointing to the Chart) my dear children of earth, how can you fail to comprehend Your Own Reality when you see the Activity thru this Animated Chart? How can you fail to grasp It, and immediately set It into action to produce Perfection for you? Those Light Rays, which belong to you, are a part of you; and This Light which is about your heart, which you have the right and privilege to call into action to perform any service; WHEN YOU KNOW THERE IS NO OPPOSITION TO THIS LIGHT, NO RESISTANCE, WHY DON'T YOU USE IT WITH EARNEST DETERMINATION, AND SEE HOW QUICKLY

ALL DISCORD WILL VANISH FROM YOUR WORLD.

As the Great Divine Director told you this afternoon, if you will draw that Power of Light down and project it out into your world, even as a Radiance, still will there be no destructive force have power to affect you; because that Light knows no opposite! Oh, how We want you to understand that, then you will have the confidence in your application that is essential! After awhile, you won't require It, because you will have the confidence by actual experience in the application; but just now, keep yourselves reminded in the projection of the Light Rays, which is the Power of Action in the Presence of Life; then, you at once, step into the confidence of your application, that makes you Invincible at once. Why wait!

In pouring forth this Radiance and calling your attention to the changes which must take place, tonight, remember you are a part of It; because you have been calling It forth! Now, I have just told you, that I am the Director of these Currents of Energy, to change vegetation and conditions upon the face of the earth, then why not you?

I say to you, on your lawns or your garden spots, on your trees, try it out and see how much you can do! Bless your gardens! Bless your trees and see how much more beautiful, they will become. Then, you will correct and annul the discord of mankind which has registered in nature.

Look at all the lavish abundance I have produced in your great forests, yet mankind in its thoughtlessness has burned thousands and thousands of acres of that, which has taken Nature many years to produce! Look at your beautiful mountains, many of them burned today, requiring years under the old activity to again reproduce them. That is mankind's destructive impulse.

What do you think happens, when the lightning strikes

and sets on fire your forests? That is no part of My Activity of Nature; but it is the drawing of destructive forces by destructive individuals, to produce that result. Those are the conditions in which you are living, children of earth; and within your hands today, is the Scepter of Power to correct it all. Will you remember that, and will you do your utmost in your call to Life, individually and collectively to continue this Mighty Service, your assistance to America? Then, as this is brought into control, bless and bless all that I have provided for you; that you may have abundance of every good thing, and no one have a single desire to waste anything!

I have provided lavish abundance for all the sustenance of mankind; and yet a few of mankind claim control of it, and leave their brothers and sisters to starve for the lack of the exchange to buy it; when it never belonged to any of them. Let us understand Life and in your call to Life, Life will become your Almighty Counsel of Defense; then, you will know your Dominion! Then, you will know that in your attention to Life, is the Fulness of all—everything you require.

Too long, too long have mankind preyed upon each other, and after hundreds of thousands of years, do you not think, that I am grateful to the Great Central Focus of Energy and Power to this System, has made it possible for Me who wield these Powers and Currents of Energy, to give this Assistance to release mankind?

Try to realize as never before your privilege, your opportunity, your Blessing which is here for you! Render your service, beloved ones, with all the joy and full feeling of the Authority which is yours in the call to Life; because if you are sincere, there can no wrong come, for in calling to your Presence, Love, Wisdom and Power is the Intelligence acting; and you could not make mistakes; but you must be willing to give such harmonious obedience, that

Property of Saint Germain Press, Inc.

quickly will all human desires be raised into the desire of Life, which your Great Presence of Life, thru your Higher Mental Body, sets into action at your point in the Universe. That is Perfect Co-operation with Life.

Surely, the Radiance in this room tonight, means that every one of you is ready to give that obedience to Life! Oh, you are hardly expected to change wholly over night, but with your sincere desire for Perfection, the Presence of Life will assist you, to quickly come into a wholly constructive feeling, in your feeling world which will allow the Powers of Life to flow forth untouched by human qualification. Then, will you have entered into your world of Perfection and know a Joy, a Happiness unknown, until you do this. Then, will you feel the Blessing which you are to Nature, to mankind and to Life!

Think what a joy to change from a destructive activity of imposing upon Life greater and greater disturbance; to pouring upon Life, your Blessing and Perfection, that It may render Its Blessings to all, and bring forth Its Perfection in the life and activity of all mankind.

Remember, in your call to Life, in your call to Us, you are only calling to the more advanced Part of yourself; for there is the One Great Life and you are a part of It. We are the advanced Part of It. Therefore, We are in a position to assist you, in raising into the Perfection which We are! It is a perfectly natural process. Try to feel It deep, deep! Try to enter into It with more and more determination; more and more activity, and have the Blessing, the Eternal Activity of the Perfection of Life, flowing forth into your world; to bring Its Happiness, Its Dominion, Its Perfection and Its Health which is Eternal, in Its Great Almighty Perfection!

I thank you.

SAINT GERMAIN

In the accumulation of the human within the Life Stream, that discord cannot get out of its octave here. Now the Higher Mental Body is Perfect, and all that is above the human octave is Perfect. The Higher Mental Body of that Life Stream is not responsible for the things that the human does; unless the human is calling to It for direction and did not get it. That is how Life has so provided that all mankind's accumulation waits for them here in the human octave, until they return again into embodiment.

SAINT GERMAIN

I say to you, that This Understanding as I have brought It forth concerning the "I AM," will stand just as It is, for thousands of years; because It is the TRUTH OF LIFE, and It is the ONLY Explanation that has ever been given to the outer world. These foolish individuals who claim to know someting about It, well they just don't! That is the comical thing about it!

SAINT GERMAIN

You are master of your bodies. Don't humor your human atoms a particle and don't fear them, but say to them: "Get into action now and stop that nonsense"! Be absolute in handling your physical bodies, don't let them master you.

K-17

A thing can act thru the feeling world and get the feelings stirred into action before the individual is aware of it. That is why you should be so constantly on guard, about any disturbing condition or desire to criticise each other or any condition, which would open you to the forces that are acting in those destructive qualities.

K-17

Dear ones, if you really knew and understood the Authority and Power which each one of you has to say to a condition, whatever it is, that has an appearance of destructive activity; "You have no power," and know it was the Power of Light from your Presence going forth into that, you could perform wonders.

THE RIGHTS OF FREE MEN

HE Rights of Free Men are Guarded by Light,
Held close in God's Heart and charged with
God's Might!
Those Heavenly Gifts, "I AM" in all hearts,
Their Blessings blaze forth when discord departs!
They Give all mankind God's Great Victory
And thru them with God's Mighty Eyes, we see!

The Rights of Free Men, Perfection compel,
For all on the earth should in Freedom dwell!
The "I AM" we know has given us all,
But Its Mighty Power in Love we must call,
To guard all those Rights from Saint Germain's Hand
For They are His Love to this Our Great Land.

The Rights of Free Men shall rule all the world,
For God's Flag of Freedom is now unfurled;
"I AM" is God's Love, God's Power of Right
And none but the Free can wield all God's Might.
His Legions of Light defend, raise, set Free
And Angels of Light assist you and me!

The Rights of Free Men, Truth, Honor and Love,
Are Life's Mighty Scepter from Realms above,
"I AM" is the Word of Great Cosmic Power
Whose Flame covers all each instant, each hour!
Its Armor of Light guards all we hold dear,
Its Glorious Love consumes now all fear.

The Rights of Free Men all mankind do crave,
And their Blessings raise, illumine and save!
The Light which "I AM", is God's Justice too,
Its Mighty Protection in Victory comes thru,
To hold as a trust all the Gifts of Light
And seal them forever in all God's Might!

CHANERA

GODDESS OF LIBERTY'S DISCOURSE

SHRINE CLASS — LOS ANGELES, CALIF.
July 4, 1939

ELOVED ones, will you remain seated while I talk to you, and no matter what I refer to, keep the atmosphere as quiet as possible, that We may render this Service to you in connection with that for America. The Great Energy has been released and in the quiet of your feeling world, It will now be the Power to go forth, and assist Us in rendering this Service.

Today, thruout our America, there has been released a Greater Charge of Life, Light and Energy, than has been known in many recent years. I have some very joyful information for you, which I am sure you will all appreciate. From within the atmosphere of our America, there has been dissolved the accumulation of three qualities of destructive forces, which mankind have released from their feeling world—anger, hate and the power of resentment. These qualities have been removed, dissolved and consumed forever, from the atmosphere within the borders of America. Notice closely, this is just from within the borders of North America, and its protection will be sustained.

This does not mean that all human beings and individuals within America will cease from expressing those qualities, but there will not be any feeders to intensify those qualities. There will still be much of such qualities generated by some of mankind. Mankind still have their own feeling world to govern; and if they would govern it harmoniously, it would only be a short time, until those qualities would be unknown within the borders of America.

This will release to the Goddess of Justice, much of what

Property of Saint Germain Press, Inc.

She requires in drawing into the Capital of your nation, Divine Order and Divine Justice; for I tell you, Saint Germain's request has been granted and that which the Cosmic Light must do for America, WILL BE DONE! This means more than any human being's outer concept could cognize just now. However, rest in the Glory of It. Continue in your mighty calls and your Decrees that go forth in the mental and feeling world.

Great changes are before you. Great changes are before Europe. Therefore, beloved ones, rejoice in all that has thus far been accomplished. Allow Me to remind you of one vital important thing. All vicious activity by individuals or groups, toward This Great Light, is not striking at these Messengers, it is striking at the protection and defense of America. Therefore, beloved people, see the Truth of Life! Foolish individuals cannot touch nor harm these Messengers; but the great tragedy of their lives is, that they are striking at the defense of America and her protection, which they should be calling for, no matter what they think of the Messengers. They should be calling for the protection of America which is their home, or I trust is; but if that vicious opposition to This Light continues, America will not be their home very long.

I say to every individual who has put forth a discordant feeling in thought or speech to this Light—Beware! of the danger you are in! I send this forth on a Current of Light and Energy, to everyone of these individuals who have opposed This Light; for they are opposing the Freedom and Protection of America, not these Messengers! I trust the people of America will understand this!

It is so foolish beloved students of the Light! How can human beings go forth and because they feel discordant to the Messengers, just because They stand for Divine Right and Justice, spread vile vicious falsehoods concerning This Great Light which every one of them knows in his

or her heart is the only Freedom to America and the world? Such an attitude has a penalty no one would ever want to pay. If they would only cleanse their minds and feelings of viciousness long enough to feel the Light of their own hearts go forth, they would see and know that every word of This Instruction is the Truth of Life!

These are qualities that are tragedies in the lives of human beings. Oh, that they could see! Oh, that they could understand! Those whom Saint Germain gave such opportunity, such privilege to serve, are the ones who turned the most vicious; because greater currents of energy from the discord of mankind were turned upon them, in the service in which they should have stood steadfast in rendering. Let no one of the student body ever criticise Saint Germain, because He has given these people opportunities. Who are you to judge, children of earth, what an Ascended Master should do, in giving mankind opportunities that you cannot even conceive! Pass no judgment, beloved students, upon the Ascended Masters and that which They do.

These people whom He has drawn into His Heart Center, into the activity, and to whom He has given these opportunities, are people who could have expanded a great—a tremendous Light in spite of all their accumulation of the past. They were given the opportunity to cut themselves free and be free from it forever. They were so near sometimes. Some of them only days from having passed the barrier of all those creations and yet failed at the last moment. Let it be an example to every sincere student in the land to stand firm, unyielding to the Powers of Light.

Oh, my dear ones, these Messengers are not a point of consideration, it is a matter of the expanding of your Light and stability to your own Light of God which is beating your heart. If you let foolish nonsense come

into your world concerning your fellow-student or the Messengers, who stand so loyal and demand such loyalty to the Light, then you are foolish children indeed. You are not dealing with human beings, children of Light, you are dealing with qualities and forces charged with human conditions, human qualities. See that please today!

Therefore, in this Service which is being rendered, remember, everything that We tell you has been done, IS as We have told you. Human opinions know nothing about Our Activities and the Powerful Currents of Energy and Light which We wield. Since your Beloved Saint Germain and Myself are responsible for the Freedom of America today, then mankind should be willing to listen to Our Words, that We may continue the Great Expansion of that Power; until all mankind live in an age of beauty, happiness and Perfection and where again will be restored the home life of your American people.

Let Me say to you, my dear ones, little do you dream as you sit here in the happiness and comfort you have today, how from the inception of foreign spies in Our Land, there has been the undermining and the shattering of your home life. That is the poisonous breath, underlying the wrecking of many homes in America and yet, few have ever understood. We know and see the causes that are acting thruout America. The most subtle underhand work of destructive forces that has ever been, has threaded its way thru your America, in the most subtle cunning manner possible; and even today, the forces of those destructive activities are endeavoring to seize upon the activities of America, who in their inception were loyal and constructive. Even since your Beloved Saint Germain exposed the inner activities of certain destructive forces in America, they are endeavoring to establish them again under different names. Do not be caught in that

any longer, beloved students. We shall keep you informed.

These qualities and destruction shall not fasten upon you if We can help it, if you will be kind enough to listen and believe that We know what We are talking about. The Power of Light is at your service! You have found your home—God, the "Mighty I AM Presence," the Governor of the Universe, the Governor of your individual lives. Will you give your attention to It; or to the destructive forces, which you know exist in mankind in the outer world, and be swallowed up by them? The choice must be yours at all times, but We inform you of these conditions which are the Truth. You must believe or not. I have served America for more than two hundred years, have given you what you have today and would have given you your Freedom long ago, if mankind would only not listen to deceitful agitators who have been in their midst.

True enough, a great deal of injustice and activity has been set into action by human selfishness, and then, that which individuals have tried to establish to correct those conditions has been seized upon by the destructive forces and has become one of the most destructive activities in your land. That activity should have brought Divine Order and Divine Justice.

Friends, Oh beloved friends and students, remember Divine Order and Divine Justice cannot come thru human beings who are agitated, excited or filled with hatred and distrust of their fellow-man! It cannot enter thru those doorways, but only in the great calmness of the people, in the stillness of their feeling world, can Divine Justice and Divine Order be established in the feeling world of mankind. It is there already in the heart, but not in the feeling world! When individuals once understand this, still their feeling from all agitation and

throw out every agitator in Our Land, then let the Great Powers of Light come forth, the Goddess of Justice, the Goddess of Purity, the Goddess of Light and Myself will be able to pour forth into your world, those Qualities that make you the Victory of the Light in the Mastery and control of yourselves.

We offer this Great Service to mankind. We cannot compel you, neither would We wish to do so; but We are determined, that the great loyal hearts in America who have thruout the centuries stood for the Freedom of America, shall not fail!

How little the people of America understand all that was done in the days of Washington; and how at her inception, the Great Divine Powers came to America's assistance constantly, far more than you outwardly understand. Remember, that Great One Who came to render His Service to the Light. He came with the Power of Freedom and gave His Blessing to Washington. Remember these Mighty Activities, Oh Children of Light! Do not forget them! Mankind today in the great pull of the attention to the things of the outer world, so quickly forget. In the future, let every day be a patriotic day in your hearts!

This day should commemorate your Freedom, which We had planned long long before it was carried out. Why not give Us your assistance now, so We may carry out the Plans that have been in action for more than a hundred years and which could come so quickly into their fulfillment and dominion? You are so fortunate, Children of the Light, who have been privileged to make these calls, render this service and release the energy from the earth.

Listen carefully now to these Words. Why do you suppose We, the Great Beings of Light, Who are the only ones who can assist mankind to their Freedom, come

forth and give these many, almost limitless, Dictations? Because thru this body, We hold Our constant connection with the earth, which is absolutely imperative, in releasing this Power that must come forth to awaken and quicken the Light in mankind; that they may cooperate and give that which We require to carry out the Fulfillment of this glorious, magnificent and beautiful Plan for the people.

Little do you who are enjoying homes of comfort today understand that just before you is a magnificent power and activity in the architecture of your homes and worlds of action. Your world of business will so transcend anything which the world has known thus far, that you will begin to understand what the Ascended Master Comfort for this world can be.

I want to make one further reference to the promises of some of the outer world activities and show you how abjectly foolish and impossible they are. Mankind only exist thru their own effort. To promise an income of twelve thousand dollars a year, regardless of what they do is insanity; or to promise an income of thirty thousand dollars a year. My dear people, it is a promise that cannot be fulfilled; because humanity must earn what they receive under the Presence and Power of Life. Such a thing cannot be established. Mankind cannot be left idle. An idle mind is the devil's workshop and the most dangerous thing in the world today.

Life has provided the Perfect Balance of Its Activity and will never change it; eight hours service, eight hours recreation and eight hours rest, which is the Balance of Life, the Trinity of Life. It cannot be changed or mankind would perish. I say to you, the idleness in your country today—not because they desire it; but because it has been imposed upon them by the selfishness of mankind, shall cease from your land. Many of these beloved

ones who are idle today and have succumbed to the feeling, that it is impossible for them to have employment, are very wonderful people.

Remember, beloved ones, continue your mighty calls, until every one w i t h i n the boundaries of your beloved America is placed IN HIS OR HER OWN RIGHT AVENUE OF SERVICE. Little do you understand and feel perhaps in rendering this service what that still means, to the placing of the people of America, in their own right avenue of service. It must be established first in the mental and feeling world, since that is the cause of everything.

Do you not see, beloved students, in these calls, you are establishing in the mental and feeling world, the Power of Divine Order and Divine Justice. The action is required first in the feelng world, in order to outpicture; that the physical flesh may be drawn into the Perfect Activity; for the Power of Light knows no opposite. Is there anything then that could prevent or retard the beloved ones coming into their own right avenue of service?

These are vital, important things to which I am drawing your attention today. Since this day is in the memory of the Glory of the establishing of Freedom for your land, allow Me to establish that Glory and Freedom within your mental and feeling world; so you may accept and charge It to be sustained, with Its Infinite Power of action that nothing can change, against which no human suggestion can stand, and with which nothing can interfere.

I SAY TO YOU, BELOVED STUDENTS, UNLESS YOU STAND LOYAL TO THIS LIGHT, YOU ARE AGAINST AMERICA! I plead with you, beloved earnest sincere students, do not divide your attention with other things of the outer world! Go forward in

this Light! I say to you, beloved students, some who have made the call to the Messengers and who feel you cannot cope with the conditions in your body and world of action thru your own application; arise in the Strength and Power of your own "Mighty I AM Presence." Do not let yourself voice or your intellect voice that you cannot achieve! Do not let yourself even feel it, but stand so firm and dauntless that nothing can interfere. There are so many to whom the suggestion has been offered, to go to the hospital where it is not necessary; but they succumb to the suggestion, when they would not go of their own Inner will. Call for the Power of Light to set them free! You have seen hundreds of instances where the Messenger has been called and the individual left the hospital without an operation; and patients have been released from the condition before they even went. Then, when mankind have that evidence before them, Oh arise, beloved ones, do not give way to the human feeling, that the Light in you is less powerful than the outer conditions of mankind, to render service to you.

If you would be firm and determined and every time such a thought comes to you stop and say: "The Power in me is the Light, the Authority and the Removing Power of all conditions in my body and world which do not belong there." Then, stand firm and unyielding by it and you will have full release.

The day is so close at hand, when mankind will stand with their attention upon that Great Presence of Life, call Its Currents into action and will free their bodies on the instant; many are able to do it today! Then, comes the Victory of Life thru mankind and in their activities, It will cause distress, anxiety and conditons that cause mankind to fear and doubt so greatly today, to vanish from the earth.

I say to you parents whose hearts are sometimes

Property of Saint Germain Press, Inc.

wracked with uncertainty concerning your children: remember your children are in the Radiance of the "Mighty I AM." Make that unyielding firm dynamic call to the Presence of those children, to release Its Power to bless and protect them, and you will have rendered a service you cannot imagine; but if your anxiety continues to pour out to them, you are but feeding the fires from which you are trying to free them. YOU MUST KNOW THE POWER OF THE LIGHT with which you have become acquainted! The "Light of God never fails"—your own "Mighty I AM Presence," is the Governor of the Universe, beloved ones.

Every assistance that is given to the outside world in training or any kind of assistance, comes from the Presence, the "Mighty I AM" of those individuals. Mankind have gathered a great deal, and thousands of volumes are filled with their experience, their achievement, if you like; but it is only a fragmentary part of what the Presence of Life can do, without instruments, without anything of the outer world, except your command to Life to take charge!

In this service today, which is being rendered, Oh my dear ones, I need not review with you, all that has been accomplished under these calls. Think, there are human beings so false and so vicious, as to try to spread doubt among mankind, about the seizing and removing from the earth of the black magicians, which WE HAVE REMOVED! They are trying it, but when you hear such falsehoods, silence them forever!

I ask you, beloved students, every letter you get of viciousness toward these Messengers, send each one to the Messengers and they will send them to the attorneys, and we will see whether that viciousness is stopped or not! Send in every one of those letters that come to you. We can utilize outer laws as well as the Inner.

These vicious individuals are going to find they have met their match.

This is the first time on this earth, that We have ever taken issue with mankind, but it must be done! We can produce evidence that would take the liberty away from every one of them already; for they are using the mails for such vicious forces and those people who do not sign their names to those vicious things, easy enough can We trace them. They forget that, and if they do not silence that viciousness, We will trace them and give the names and addresses of every one who is doing this unfortunate thing; and these vicious ones will say to you: "So the Ascended Masters have become vicious in Their Activity"! We are determined that human viciousness shall cease from this earth! Therefore, if necessary We can take a part in your outer activity, as well as the Inner!

Would you think that We should not, when We have for two hundred years planned, brought about and held the Pattern for the Perfection and defense of mankind? Then, do you think We will now allow vicious human beings, to spread doubt among the people who are in a position to render this service to mankind? Every one of you, watch! They will have fallen by the wayside and too late will cry out in agony. In your city here, there are some already doing it. Their hearts are crying out in agony.

When mankind, thru individuals, have spread doubt among dozens or hundreds of people, can they undo that by a pretense of turning back to the Light? Oh no! WHAT CAUSES MANKIND OR INDIVIDUALS HAVE SET INTO ACTION, MUST BE DISSOLVED, CAUSE AND EFFECT, BEFORE THEY CAN RETURN TO THE LIGHT. I am prompting you with all of the Great Love of My Being today. Beloved ones, be alert, be assured that these examples

are before you, for your Blessing in all these things which have occurred.

Would you have Us discard individuals whom We see within their Life-streams, will have a struggle to free themselves from the binding powers of their own creation? Would you have Us do that? Would you have Saint Germain refuse to give opportunities to those who have such great destruction in their Life-streams and by that opportunity to serve, could have been free? Try to see the Truth, the Law that is acting, then the intellect will not attempt to pass judgment. Some of the students have been doing this. They have said: "Why, why, why, thus and so? Why did Saint Germain do this or that"? Oh, We are quite well acquainted with it, and that is unfortunate for the individuals who attempt to pass judgment upon an Ascended Being Who is Wholly Pure and Perfect. Don't do it!

I am calling your attention to these things on this glorious day for a great reason, which only in time to come will you see; will you know and understand all that has been done this glorious day in the Memory of your Freedom.

Oh, beloved ones of earth, how Great, how Magnificent, is this Service that We are rendering to you and for you. Can you imagine how It happens now, when so long your Beloved Nada, who has waited thousands of years for this Service to America and later to mankind to come about? She has brought many civilizations to their height, and then has seen them crumble and fall by disobedience to Life.

I SAY TO YOU BELOVED STUDENTS, AND ASCENDED MASTER YOUTH OF AMERICA, AS YOU VALUE YOUR FREEDOM, CONSERVE YOUR ENERGY! DO NOT THINK YOU CAN DO ANYTHING IN SECRET THAT IS NOT

KNOWN TO US; OR THAT IS NOT KNOWN TO YOUR HIGHER MENTAL BODY, WHO STANDS SOMETIMES WITH COVERED EYES, THAT IT MAY NOT BEHOLD THOSE ACTS! MAY THE POWER OF THE UNDERSTANDING OF LIFE, TAKE ITS FULL COMMAND WITHIN YOU AND GIVE YOU THE VICTORY AND PURITY OF LIFE!

With These Great Beings standing ready to project Their Mighty Light Rays into your world, into your feeling world, to dissolve cause, effect, record and memory at your call, of everything undesirable there, would you for a few weeks, a few months or a few years of sense gratification, deprive yourselves of your Ascension at the close of this embodiment, when you can be free forever from all human limitations and distress? Contemplate, Oh beloved students! If you allow yourselves to waste your energy and you fail in your Ascension, then you alone are to blame, because you have been informed of the requirements! HUMAN DESIRES ARE SUCH FRAGMENTARY THINGS AND CAN BE SO EASILY CONTROLLED BY THE CHANGE OF YOUR ATTENTION, WHICH WOULD CHANGE YOUR FEELING!

Oh, how eternally grateful Saint Germain, Myself, and the Great Ones are for the stand you beloved students have taken these past three months or more, in the defense of the Light and to refuse to revolve in any conversation, any unpleasant destructive thing. I thank you for your stand to have the people come and go silently, and refuse to discuss unpleasant things before or after the meetings. I thank the beloved Sindelars for their endeavor to stop the revolving in conversation of unpleasant things, especially in reference to each other and to the Great Light.

Property of Saint Germain Press, Inc.

When something unfortunate has happened, the greatest service to the Light is to forget it; and allow no one to draw you into conversation or discussion of it. Then, you will be rendering the greatest service to Light and Life. These are Great Laws, beloved ones. We know and understand them and can inform you of them, then Our part is finished, except at your call, We will always project those Light Rays to sustain you, if you are determined to stand untouched by the discord of mankind.

Another Mighty Service that has been rendered thru certain parts of the earth, where such discord has been so deeply charged, those roots have been withdrawn and that part of the earth will begin to flourish again. You were reminded of the seizing of the last black magician whose tentacles had been driven into the earth, to hold that destructive force anchored in the structure of earth; and eventually as they thought, destroy the earth. That discord which as been generated by mankind and which has penetrated the earth, has been withdrawn together with these qualities that have been dissolved from the atmosphere of earth.

If all the beloved students who have been touched by destructive forces, for some of which they are not responsible, would only understand and see this, it would give them such courage and strength to hold the Victory of their own Light within them; but unless they believe the things We tell them and know that they apply to every one, then how can they have the Assistance We would give so lovingly and so kindly?

No matter what your mistakes are, beloved students of the Light, you will never find Us condemning you, criticising or finding fault with you—even that is not Our business! That is your world! We are stating to you the Law and how to remove from yourself these conditions. Can We do more? Can We do more than

to offer Our Great Assistance to you? You may have Our Assistance today, in that which you cannot do for yourselves. Is that not Divine Patience? I would not know what else you could call it, for This is Real.

This Service, all that We say to you, is Real, beloved ones; and as I feel the rejoicing in your hearts today, Oh my dear ones, never in the history of the earth, has such a thing been known. Today, I have wished several times during this Service, that I might reveal to you the Currents of Light and Energy coming from all the Student Groups thruout America and in foreign countries; pouring into this room with such Love, Gratitude, Praise and Thanksgiving for the Power and Intelligence which established America on her Foundation of Freedom; and knowing that today will be the celebration and rejoicing of that day, many are feeling gratitude with great intensity. There are some who will be lukewarm and some who will stand with the sympathy of foreign countries, which would cause your land to perish; but the Light is greater than all else! KNOW IT! Call IT into action! Stand in the Glory of your Presence of Life for your individual Freedom, the Freedom and Protection of America; and if you are sincere, and a sufficient number of mankind is sincere, you may be assured that We will do the rest. I thank you.

DESCRIPTION OF THE CHART

The Picture of the "Mighty I AM Presence" as illustrated in this Chart, is the Focus which mankind have required thruout the centuries, in order to hold the True Pattern for each one's own Reality before the vision, that thru the attention, Its P o w e r could be drawn forth in Its Fulness. Then, the human accumulation of discord can be dissolved and consumed from everyone's Life-stream, for that is the only reason why everyone does not see his or her own "Mighty I AM Presence" with the physical sight, any time the attention is turned to It or the call goes up for help.

The Mighty Light Rays pouring out from the Electronic Body (the Upper Figure in the Chart) are the Outpouring of that Divine Love which transcends every human concept, and which opens the Door to all the Perfection which is within Its Heart. That Door not only opens to us all the Perfection which is within the Heart of our own "Mighty I AM Presence," but also all the Perfection from the Ascended Masters' Octave and the Great Central Sun. It also opens the Door to

all the Perfection which pours forth from the Heart of Every Ascended Master who ever existed in this Universe.

Those Light Rays are the Irresistible Power of the Light from the Great Central Sun, the ONLY PLACE from which Light can come forth into any part of the Universe. That is the way and means by which the whole Universe came forth and is constantly sustained. Those Light Rays are the Power by which all substance and energy is drawn up into the ASCENDED MASTERS' PERFECTION—which is the ONLY PREDESTINATION THERE IS.

In UNVEILED MYSTERIES, the statement is made, that all your faculties are elastic! Our Beloved Master, Saint Germain and all the Ascended Ones have reminded us again and again, of our Power of the Attention, the Vision and the FEELING or Power of Qualification.

We call to the "Mighty I AM Presence" and Higher Mental Bodies of all who read or hear these words and to the Ascended Masters, to charge these words with such Blazing Ascended Master Illumination, Directing Intelligence and Discrimination, that you cannot help but get the Full Ascended Master Understanding and Consciousness which is the FEELING of all they contain and never forget them in all eternity.

We call Saint Germain and Mighty Mercury to charge you with Their Power of Concentration, Crystal Clear Comprehension and Keen Alertness, so you will understand and remember all this means to you; apply it and FEEL your close connection with Them and the Release of Their Power thru you, to fulfill your Decrees instantly.

The faculties of the intellect ARE elastic! Observe! You can hold your attention upon a problem here in this physical world, and the very next second, you can

place it upon the Physical Sun, the Great Central Sun, any planet, sun or star in space. You can also place your attention upon any Ascended Master or Cosmic Being in the Octave of Light!

Remember, when your attention is on your problem, the energy and qualities of the problem are being drawn right back into you constantly! That means into your flesh and your FEELING world; for if the problem seems serious, it causes worry and a disturbed feeling within you. The moment you think about your problem, all the feeling and energy in your body and world is in a tension, showing the qualities of your problem are absorbed thru your feeling, into the flesh structure of your body.

The moment you take your attention off your problem, place it on our Physical Sun, and begin to think about the Perfect Focus and intense concentration of Electronic Force which It holds, you begin to realize how ALL-POWERFUL MUST BE THE GREAT DIRECTING INTELLIGENCE WHICH CAN CONCENTRATE SO MUCH ENERGY INTO ONE PLACE, hold It in Its orbit, direct Its Rays to the various planets of our system, sustain It thru millions of years, hold It suspended in interstellar space, supply It with Intelligent direction and make It obey the Great Cosmic Law of Vibration and Magnetic Attraction.

When your attention is on the Sun, you are contemplating the Perfection which is there, what a Magnificent Intelligence created It, what Wisdom sustains It and what tremendous Blessings It pours constantly to you and me and all mankind; for without Its Rays of Light on this physical earth, no physical body could live here. Thru the ELASTIC POWER OF YOUR ATTENTION, you can connect with the energy of the Sun millions of miles away.

While you are thinking of It, the energy of the Physical Sun is flowing into you, filling you with Its Qualities, Its Intelligence, Its Marvels, Its Blessings, Its Consciousness and Its Power—ALL OF WHICH ARE WHOLLY DIVINE, ETERNAL AND EVER-EXPANDING!

Any instant, you can turn your attention from the distress of your problem, to contemplating the Perfection of the SUN! The moment you look there, the feeling of distress about your problem is gone; because you are absorbing Qualities from the Physical Sun into yourself. The Qualities, Intelligence, and Greater Action of Life which are there cannot help but draw forth from you, Love, gratitude, worship and adoration to that Magnificent Intelligence, Power and Consciousness of Life and Whose Substance and Energy you are privileged to use.

Thru your attention at any instant, your feelings can be charged, either with the qualities of your problem or the Qualities of the Infinite Intelligence which governs interstellar space and the Great Manifestations within it; your attention draws to you instantly either the Mighty Gifts, Illumination, Sustaining Power, Peace, Happiness and Love that are within the Light of the SUN and other Heavenly Bodies; or the limitations of this physical world which is so full of conditions people do NOT want.

If you can think of the Physical Sun, you can think of the Great Central Sun, or of every Great Being in the Universe. You can think anywhere in Infinite Space and draw forth the Qualities and Powers of Life which are there.

In contemplating that Great Magnificent Activity of Life, your feelings and world expand. They become saturated with the Qualities and Powers which are there; and all those Mighty Manifestations are Infinitely greater than you and this tiny physical world on which we live.

Property of Saint Germain Press, Inc.

When you know that your attention is elastic, you can understand how you can reach into the Infinite and draw forth all Its Gifts and Powers into action in the finite. Then you can have all the Power of the Infinite flowing thru you, when you hold your attention upon that Power long enough to let It flood you and your world.

Mankind are limited because they have held their attention fastened to the limited. They can become Unlimited the moment they hold the attention CONTINUOUSLY on the Unlimited and fasten it there.

The more you think about war and its insane vicious destruction, the more of it will there be in this world and your individual world. If you hate those who have created it, you are only adding energy to keep it sustained longer, because all war is sustained by hate. However, you have the capacity to fasten your attention to the Infinite Power of Light; and release Its Overwhelming Action into this physical world to stop all that is not Perfection, if you will make the call using the Great Creative Word "I AM," in the Authority and Power of the Ascended Master Consciousness, instead of the human acceptance of limitation.

You cannot master the problems of the finite by more of its limitations! You cannot master your problem by holding your attention upon another problem, just as destructive and trying to fight one problem with another. By the time you get thru, you will have three problems for every one you try to solve; and that is what is the matter with the whole world today! Every time the people try to solve one problem by anything but the call to the "Mighty I AM Presence" and the Ascended Masters, they create many in the place of the one, because they are not using Intelligence which is greater than the problems they are trying to solve.

If a problem is vicious here in this physical world, there

is only one thing which will change it and that is to fasten your attention to the Presence and Power of Light which dissolves all unlike Itself. That is why it is necessary for the individual to issue these Mighty Decrees for the annihilation of ALL human problems, whether they be individual, or of the state, the nation or the world. Everyone who has problems and wants to be free from them, must make the call for all mankind to be free also; because when we call for the release of enough Light to free the whole, the individual receives all that is required to free himself from pressure of the whole, which after all is the driving power that keeps crowding in more and more problems upon everyone at this particular time.

That is why it IS necessary to give Love and adoration to those Great Ascended Masters of Light who want to set you free; who want to set America free; who want to release all mankind from all viciousness forever! Can you release yourself from all the mass accumulation of all the viciousness of the centuries? You know you cannot! You know you cannot do it alone! The outer world cannot help you and does not, because it is not using consciousness above the problem.

When human beings of this world fail you, then turn completely to your own "Mighty I AM Presence" and the Great Host of Ascended Masters and say: "Mighty Beloved Ones! give me Legions and Legions of Angels, to compel the Freedom and Victory of Light everywhere! Bring Them into the physical octave and let Them do what mankind cannot"! That is what it means to have Ascended Master Friends of the Light! That is what it means to have the Power of the Ascended Masters fulfilling your calls! If mankind knew the full import of that Chart of the "Mighty I AM Presence," nothing on this earth could keep them from giving it first place

Property of Saint Germain Press, Inc.

everywhere they stay; because It is a constant reminder of the Greatest Power and Presence in the Universe and from It, comes all that will ever be required by anyone on earth as long as the people of earth remain unascended.

Therefore, keep yourselves so constantly in connection with the FULL POWER of your Presence and the Ascended Masters. that the very intensity of Their Qualities, Energy, Substance and Power flowing in, thru and around you, will automatically dissolve your problems and sweep out all your distress, as you continue to keep your attention upon Their Power of Mastery.

Command in the Power and Authority of your "Mighty I AM Presence," the Great Host of Ascended Masters and All Beings of Light, and let Their Mighty Power of Light take out of the Universe every condition less than Their Perfection; removing its cause, effect, record and memory so it can never affect anybody or anything anywhere in creation again.

In order to be free, you must command as God commands; because you have to command substance and energy to determine how it is to be qualified, if it contacts you and your world! If you feel the problem is very great, keep right on calling those Great Ones to requalify it, until it yields and never stop until it does yield. There is only one failure and that is quitting. So STAND! FACE! AND CONQUER! BY THE "MIGHTY I AM PRESENCE" AND THE GREAT HOST OF ASCENDED MASTERS FOREVER!

GEMS OF LIGHT

SAINT GERMAIN

I suggest that no one ever get so busy or allow the pull of the outer world to make that one feel he or she is so busy as not to make a certain amount of application. The outer activity of mankind is never done! You could work day and night and still there would be days of work ahead. Do what you can conveniently and leave the rest, then call your Presence into action to see that you have the time that you can do within that time happily, harmoniously and easily all that is required to be done.

ARCHANGEL MICHAEL

It is our great privilege and joy to announce the release of a new song—"ARCHANGEL MICHAEL" by the Messenger, Lotus Ray King.

This new song is a tribute of Love and Adoration to the Mighty Cosmic Being, the Archangel Michael, who forever stands guard over all who serve the Light and call for His Protection. He has for centuries given His Protection and Blessing to mankind of which they know nothing. His Sword of Blue Flame is a very Real and Mighty Focus of God-Power by which He cuts away destructive creations of individuals and conditions that cause so much destruction and suffering to mankind.

This song has been brought forth as a Mighty Magnet of the Archangel Michael's Tremendous Cosmic Power of Light, Protection and Blessing to all who will sing it with Love, devotion, gratitude and blessing to Him. It is a Focus of the acceptance of His Coming into the outer world in His Visible, Tangible, Ascended Master Body to give help to mankind.

Every time this song is sung, heard, played or the picture contemplated, each individual's energy thru his or her attention to this Great Cosmic Being becomes a Magnet of attraction which draws Him into close personal association with those who accept His Tangible Presence and Reality.

Use! Use! Use! this song and give the Archangel Michael the call which will enable His Mighty Help to get thru to bless and set you free. The music is a definite means of attuning one's feelings into His Heart and receiving the help He so lovingly offers.

The picture of Archangel Michael on the cover of this song is the work of our beloved May DaCamara, whom we love, thank and bless without limit forever.

Property of Saint Germain Press, Inc.

May all accept and know the help He gives to bless, protect and sustain them, until they see Him in His Tangible Body, when He comes forth into the outer world to walk and talk with mankind face to face.

With every atom of our beings we love, bless and give eternal devotion and gratitude to this Glorious Cosmic Being, the Archangel Michael. May all mankind do likewise and receive His Glorious Blessing.

DONALD BALLARD

CHANERA

ELECTRA'S DISCOURSE

Los Angeles, California - December 18, 1938

ELOVED friends of America! Beloved Students of the Light! In greeting you tonight, for the first time thru the spoken word, may I be able to reach and do for you all My Heart commands Me to do. In your earnestness, and while I have not been present Myself to observe it, yet, I am informed that your devotion has been beyond expression, and as your determination is growing in the desire to bring forth the Perfection of Light, so shall it be done!

I say to you who saw Chandu, the Magician, do you know that in the Far East, all that was portrayed there, was in actual physical action? Even the writer of the script was not aware that he was portraying a Reality. Today in the world of mankind, there is going on a drama of Light and shadow, that will conclude and dissolve all shadows from the earth.

I wish you to realize that in all the Wisdom of the ages, many have experienced and sought that Wisdom, yet today, thru the Love of Saint Germain, you have that Great Wisdom brought to you. So will you accept this tonight, while I am talking to you and let the full Power of Its Action find dominion in your Life, accepting it as a permanently sustained activity?

As with those beloved ones who came to My Home where we discussed something of the Law, they little dreaming of all that would follow, so with you today. How little you dream of all that is before you in the coming months, in the coming few years just ahead; and as you advance, or shall we say more definitely, as your Light advances, everything that has held you bound or limited, will dissolve before It!

You hardly know in the Western World what it really means to be bound and limited. If you were aware of the conditions that exist in some of the Eastern countries, you would think you were free, even though you experience the conditions of the day. So rejoice that you are in your beloved America, free in so many ways that are not possible in the Far East. While there are a few in those countries who experience Complete Freedom, yet the great mass of the people are not privileged as you are today; to have this Great Great Light brought to them, a Gift, the Greatest Gift of Love that mankind can experience; but Europe lost her opportunity!

When your Beloved Saint Germain longed so much to bring to Europe, this which He has brought to you today, Europe rejected it. After repeated attempts He withdrew. You in America, whose Light was expanded sufficiently have had the Joy and Great Blessing of that acceptance which comes alone in and thru the Power of Light.

You hear your beloved Lotus so often call your attention to Light, Light, Light! Oh, it is no wonder! One day, when you realize all that means to you, will you call to Light, Light, Light; and in that call, you will release those Mighty Powers of Light which govern the Universe, into your world of action and bring the Peace, the Happiness, the Limitless Supply of all that is required to govern and find action in your world.

So today the rejoicing is very great. I am privileged, tonight, to stand in your midst and feel the rejoicing that you have been expressing for some two or more years. To think, beloved ones, that today you are past the preliminary stage and you are entering into the Power of definite and Full Action. Do you quite fully realize that? Do you realize in these Mighty Decrees, you have been issuing, you have brought yourselves, have raised

yourselves into the Eternal Permanent Power and Action of Light? That is not an imaginary thing, but a very definite All-powerful action; and as you keep accepting It and calling, It will prove to you in your outer world of action, the Power which It is.

You will one day, ere long, see your call is the Decree of Life for the Perfection desire, made manifest! Now then, will you see and understand what mastery of Substance and energy means! When We call the Currents of Energy into action the manifestation is there. That is by momentum gained in your call to the Presence of Life. So will you remember that every call you make, every Decree that you issue individually or en masse, is bringing you each time a step nearer to the fulness of that momentum gained, in which will come the Instantaneous Answer to your call; the Victory of the Instantaneous Manifestation of that which you require!

It is a magnificent thing, and when We in the Far East have seen a few individuals raise themselves into that state of instantaneous manifestation, then can you wonder why We have longed to see all mankind enter into that state where they find Complete Happiness? In the physical attempts at happiness, and in feeling that thru the physical world alone came happiness, there has always been the disappointment of mankind; but when you enter into True Happiness thru the call of Life, then you have entered the only True Happiness to be found anywhere in the Universe. In that Happiness will come the release, because Happiness is Harmony!

As We see you releasing that Mighty Charged Power of Light and Energy, We know all that means to you in gaining the Power thru momentum for your Complete Freedom. You are not fully aware of this yet, but We can rejoice even before you are aware of all that it means to you.

Being invited to speak to you, tonight, I consider a very great privilege. When those beloved Children came to Me on their way to Freedom, I felt like a mother to them. I longed to keep them in My Home for some time. Remember, We who serve in certain capacities, many times are called upon to serve alone, and such has been My Capacity of serving. Ere long, I shall be released from that particular part of My Service and join with the Great Ones in the service to America and the world. (Applause—audience rising).

Thank you. You are very gracious, and I feel your kindness and Love enfolding Me. May you feel My Great Enfolding Love in return, and form Its Mantle of Light about you and join to that the Force of Invincible Protection for you everywhere you move. May I be some part in strengthening your call, strengthening your determination to have the Perfection of Life flow into your world of action, like a Mighty River, until not one thing that is a Blessing and the Perfection of Life will be withheld. Thank you so much.

May I remind you, that I have known Saint Germain for a long time! I knew Him in Europe before His Ascension and I know the Great Jewel of Light, that has come to the rescue of America. (Applause—audience rising.) I do not wonder that you rejoice and give such gratitude and Love to him; for the Light in you knows all that He is, and all that He means to you and America. I say to you, you are fortunate, the most fortunate people of America, in having such a Friend. (Applause.) Won't you be seated.

I am One who in that respect has been very greatly privileged, having seen His Activity for a long period of time. I cannot lose the opportunity of calling your attention to all that He means to you. We cannot take the time tonight, to relate some of the things I would

so gladly give you, but I remind you that you know only a fragment of His Almighty Service to mankind, even before the experiences of the Messengers began.

I have seen His Activity thruout Europe and the Orient in the Almighty Service, which He has rendered; and some day, when our time is not so limited, I may hold you for some three hours in relating much, He himself would not give. (Applause.)

Coming to the present, you have been aware of His absence so much from the Class work. I too long to tell you something of what He has accomplished in Europe, as well as this Transcendent Accomplishment in America. Perhaps I may be optimistic, but beloved ones, I Myself feel no uncertainty in the Victory of Light in America. (Applause.)

Now then, may I endeavor to assist you in realizing what a service you are rendering, not only to your Life, but your Beloved Saint Germain who has undertaken this stupendous thing. Do you realize, beloved ones tonight, what it has meant in the achievement of the past six months in all that has been done, releasing you from a pressure which you cannot possibly imagine! Unless you saw It from Our Standpoint of Life, from Our Unlimited Vision, you could not possibly realize what he has caused you to be released from already.

The matter of mankind's accumulated discordant energy, is small in comparison to the consciously directed destructive forces, that America has been released from. (Applause.) Many of you who are fond of swimming, remember when you have been under water for some time, then you come up and draw a long breath; that is the position that mankind have arrived at now. You have come up from under the pressure of consciously directed destructive forces. Steadily and surely will that dissolve and disappear.

We remind you to take notice of this, because it will be quite tangible to you. As you feel less and less the pressure you will feel the greater intensity of happiness and Freedom, not only in action, but from mental pressure.

I was in America just about eighteen months ago. I tell you frankly, I was so amazed in coming into America today. In all that We had known over there is one thing, but to have come into the environment yourself, is quite a different thing. When I became aware of all that had been achieved, I stood quiet offering praise and thanks to the Presence of all Life and the Source which you know as the Great Central Sun, for releasing those Mighty Cosmic Rays into America. Oh, that you might feel the importance of that! As you see a wave as it moves upon the ocean, it does not seem so important, does it? So in the lack of mankind's extended vision, have they been so far unable to see, except in a few instances, these Cosmic Waves of Light and Power, as they are released and move thru the earth. This has been one of the Most Beneficient Actions of Life that is releasing.

I say to the beloved Staff tonight, in some recent Dictations mention was made as to the time required for some of these vast achievements; for instance, the dissolving of the substance within the atmosphere of earth. If We were to do this individually, or even collectively, it might require a certain sense of time as you know it; but when you consider the Power and the Release of the Great Cosmic Light from the Source of all Light and Energy to this earth, do you think It would be limited? Do you think It would require time as you know it? Oh, beloved ones, enter in for a few moments with Me in the feeling of the Stupendous Activity which that is.

Please see your part in this, in the Mighty Decrees that you have released into the mental and feeling world, cleansing and purifying it; because your call remember, sets into action the Power of your Presence, which is the Power of Light, Energy and Wisdom. Then, as that is called forth from the Source of Almighty Light and Energy to your earth, that Assistance becomes those Great Waves of Cosmic Light as It sweeps thru the atmosphere of your earth and over the surface of your earth. Remember, beloved ones, that in the Action of the Source of all Intelligence, Light and Energy to this earth, when the consciousness of mankind has been raised to a certain point, more and more instantaneous becomes the Action of Light.

In the release of this Great Energy from the Great Source of Light to the earth, that is the Commanding Presence of Life! May I just touch tonight, and remind you again of the Great Command? Oh, one day, when you know that Great Command, how magnificent! Then, will you know the end from the beginning! Then, from the conception of a desire of Perfection, you will know its completeness! Then will you know that in the appearance of the problem before you, is the answer.

Does that sound just a little bit strange? It is so true. Not one thing can appear to you in your world of action, in which there is not the solution with it, but mankind have not seen that part of it. They have only seen the appearance which sometimes deprived them of the solution and made them unable to cope with the appearance, because they accepted the appearance as real. Since you have come to know that the appearance is not the action of Life, but of only human qualities, then you can say to that appearance: "You have no power," and follow it by the Power of your feeling. Then you stop the action of the appearance world and the Power of Life flows forth to change all.

You are now in a position today to release yourselves with such power, such speed of action that in the next few months, there will be thousands and thousands of the students who will enter into that clear definite conviction of their power to have instantaneous answers to their calls, the same as the Messengers do, and what rejoicing it will bring. Then, it will bring more and more into that same condition.

Now, as a matter of illustration, I ask you to please observe, if there were ten people in this room, who had the full conviction of the instantaneous answer to their call and would issue that Decree in your midst, then all of you who were within the Radiance, for instance of this room, would be raised momentarily into that same conviction. Whether you outwardly were conscious of it or not, would not matter; but you would be raised into that condition because of the vibratory action of the room; because that is the Power of Light over human limitations. That is why I say this for encouragement in the Mighty Decrees which you issue; that you should have in that group of people a greater conviction of the instantaneous answer to your call, which will give unlimited assistance to the others to gain it also.

That is why I say to you, you do not yet realize what has been done in those magnificent hours of Decrees which you have been issuing during the past months, and I say especially during the past eight months. There are so many who are gaining rapidly a fuller, more powerful conviction, that their calls cannot fail to be answered; and that will bring the absolute certainty of the answers.

I have noticed, tonight, in your response here how powerful your feeling is following your attention. Oh, it means so much, beloved ones; because WHEN THE FEELING FULLY FOLLOWS THE ATTENTION, THE ACTION IS INSTANTANEOUS. That is why

the Great Ones in calling your attention to this more recently, have asked you to compel your feelings to follow your attention; and it will bring more quickly the limitless conviction within you of the instantaneous answer to your call. That is what you are entering into and what is needed now, in bringing the Light to govern the wave of fear and depression that has passed over your America, to try to bring domination over your financial requirements.

Do not yield to this, beloved students! That is a consciously projected activity! There is no reality back of it. Perhaps it might be just a little out of order for Me to say this to you in America, but anyhow I shall take the chance. Do you know that in your America, there are a great many people who are not of the Light and who have learned something of mental power; fortunately they do not know much about the feeling power; but the politicians of your America, have sought out certain forces in order to wield mental power, to govern and gain their political ends. Well, if observation serves Me correctly, as it usually does, that power, that force is helpless! (Applause—audience rising.)

You in your great Groups here who have seen the fulfillment of your Decrees, with the exception of one, have courage for that is soon to be fulfilled. I wish to say something now, while you are standing on your feet. Beloved ones, try to feel with Me all that these words mean. You who are here, tonight, are a power inconceivable in this Understanding of your "I AM Presence." In your coming to understand, that when you issue Decrees for a certain activity in this Mighty Body of Light, YOU ARE A BODY OF LIGHT!

As you issue these Decrees, you become the Mighty Pillar of Light which is Invincible! Please understand that and feel It! You yourselves will see, the full power

Property of Saint Germain Press, Inc.

and ability you have to send forth a Mighty Wave of Energy and substance thru your Decrees, that will cleanse, purify and govern conditions in your city, in your state, in your country. (Applause.)

As I am informed, sometime ago you were reminded, that when you send forth your Decrees, it is the Power of Light and Energy going forth which knows no resistance; then when something in your nation needs to be remedied, remember in your Decrees for that specific purpose, it is the Power of Light and Energy, charged, qualified substance which goes forth. Remember, there is no resistance to a thing that you do not know.

That has been the unfortunate condition of mankind. Because they did not know these things existed, they made no resistance to them. Therefore, they were accepting these things constantly into their world. Now, let us reverse that tonight. Let us see Our Power is the Power of Light, to send forth into the mental and feeling world, this Mighty Directing Intelligence and energy; to act within the feeling world of your government, in your politicians and change their desire into a constructive purpose, instead of one of selfishness. (Applause.)

Remember, that in these Mighty Charges of Light going forth into the mental and feeling world of mankind, there is no resistance; because It is the call to Life. The Life of whoever that current touches wants Perfection! Therefore, all give response thru the Power of the Light within their hearts. See then, how definite is your action in the call to Life, to feel and have instantaneous response.

I wish you to see this tonight as firmly as possible, for then you will not fear what politicians or what the conditions are in your government, or what those in your city might do; but in the call for Divine Order and

Divine Justice going forth into the mental and feeling world of mankind, charging, charging, charging One Mighty Impulse after another; then will you see the Dominion of the Light; because that Light knows no resistance thru any human being or all put together.

That is why, tonight, in the Full Power of that Mighty Conviction which is charged into your world, realize your call to Light, is the Infinite Power and Glory of that Light, sweeping thru the atmosphere of your earth and into the feeling world of mankind, blessing them as nothing in the world can do; and ofttimes bringing the Light and charging the desire world of the individual, with that constructive purpose, which had a few moments before, been charged with the most destructive actviity.

Therefore, you are rendering a service to Life, to America, to mankind and to yourselves that is inconceivable to the one yet unascended. Therefore, let Us help you in Our Humble Explanation, to more fully realize your Power in your call to Light. In the great body of students thruout America, in their call to Light, all comes into One Great Focus, thru the mental and feeling world, of the Power of the Energy released which will bring Its Dominion.

Doubt not, beloved ones, that Dominion of the Light is bound to come in your continuous call; for daily and hourly are you gaining that Momentum and Power which is little realized yet in your physical activity, but in the mental and feeling world, you are becoming a Power.

Beloved ones, please understand Me, when I say that hundreds, thousands are going out while the body sleeps at night and rendering a service, which you could not imagine in your physical world. Oh beloved ones, be encouraged! be dauntless! before this human sense of limitation and stand the Victory of the Light!

I thank you so much. (Applause.)

THE UNFED FLAME

Los Angeles, Calif. - March 18, 1937

OUR BELOVED MESSENGER

ELOVED ones, in regard to the Unfed Flame, it is really so important that you have a clear understanding of It. In all your application, if you are not quite clear on any point, may I urge you to call for Ascended Master Illumination concerning it, and go ahead with the definite prompting which you have. Don't let your consciousness waver, when you start to give an affirmation or Decree, but go on and do it, calling for Light and you will find out the correct thing later.

In the description of the Unfed Flame in Unveiled Mysteries, in the Chamber of Light in the Royal Teton, you will find It described with three Plunes, which is the Life-giving Essence. The use of the Unfed Flame was also given in the buried City of the Amazon, as described in Unveiled Mysteries; also in Atlantis before the sinking of the last remnant; also in previous civilizations of about two hundred thousand years ago. At that time the Flame which was used, was the shape such as you use now, for instance in the candle flame, only considerably larger. That is the shape of the Flame you should usually use in representing the Unfed Flame.

If you choose to establish the Unfed Flame in your home in a place which is not disturbed, then use the Activity of the Three Plumes. For a specific activity for yourself, your family or affairs, if you wish to call the Unfed Flame into use, It should be the shape of an ordinary flame from a candle, only larger.

When I want to use or establish the Life-giving Activity of the Unfed Flame, for instance in a home or for our own rooms during our stay in a city of four or five weeks, then I establish the Flame as a Permanent Life-giving Activity! but for use of the Dynamic Action of the Unfed Flame, use the Flame as you see It from the candle. That is why I am explaining It to you for your use.

There really is a two-fold activity of It. This is another point I want to make clear. If you use the Three Plume Activity of the Unfed Flame, wherever you establish It, ask the "Mighty I AM Presence" to sustain It. You need give no further attention to It, because It will come forth and pour out Its Radiance; but in the Use of the Unfed Flame, such as goes forth from the candle for any constructive use, such as to direct It into your mind, body or activity, you will find you can speak to that Flame like you would to a person and ask It to perform a service.

I urge you, whatever you do, don't call the Unfed Flame into action unless your feeling is absolutely harmonious! Don't do it! IT IS THE MOST POWERFUL CONCENTRATED ACTION OF THE GODHEAD ON EARTH. Dear hearts, do you realize your privilege? The Ascended Ones have given this forth to you for your use. This was never known before in the history of the outside world under any circumstances!

You see, dear ones, there is nothing to fear about Its use. Just know you must keep your feelings harmonized immediately before and after calling It into action, then you have obeyed the Law. You know the Law and know the necessity of controlling yourselves. You can if you want to dear hearts. Don't let any human being ever tell you that you cannot do anything you want to do!

Precious ones, you have now entered into the Activity of the Light, which is your Freedom; and this is the Highest Activity that Saint Germain has permitted to come forth. It is for your Absolute Blessing, use and Allpowerful Action; and yet, I know sometimes in the feelings of unbelievers and doubters, they think that this is an imaginary thing. God help them! The Most Wonderful Thing in the world ever given to mankind, is the use of that Unfed Flame.

Many of you will come to know the Truth of which I am speaking tonight; as you come to visualize It and begin to see It almost as definitely as a physical activity. When you find that Flame will obey your slightest command, then you will know It is no idle thing!

As the Great Ascended Masters pass a flower or tree, that flower or tree will bend toward Them because of the recognition of its Master. So does every created thing bow before that Mighty Unfed Flame. The sinister force is as afraid of It as they are of death. That is why, if mankind or individuals who are disturbed by discarnate entities, would only understand this and give one firm command of the Power of the Three times Three or the Power of the Unfed Flame, they would instantly free themselves from any discarnates in the world or all of them.

You blessed ones who have joyously and willingly entered into the requirements of This Activity, Saint Germain wants you to have the Full Use of these things and the Full Understanding of Them!

NOTICE

Beloved Students:

Because of the outer world commercial conditions today, we are using a different grade of paper, from that which we formerly used in the "Voice of the 'I AM'." We ask that you bear with us, until conditions are such, that we can use the same kind we did formerly.

It has also become necessary for us to increase the prices on various items. We ask that you consult the list under the heading of SAINT GERMAIN SERIES, in the back of this Magazine before you order, as this list has been brought up to date and gives the correct prices.

We also call your attention to the "Publisher's Notice" in this Issue, wherein we make the announcement, that the yearly Subscriptions to the "Voice of the 'I AM'" will begin with January of each year, instead of March, and that allowance will be made for the two unexpired months of the 1942 subscriptions.

* * * *

We again call your attention to the matter of not using the U. S. Mails at this time, or sending P.O.M.O.'s to either me individually, the Saint Germain Press, Inc. or Saint Germain Foundation. You can send checks, drafts or Express Money Orders made payable to either of the above, so long as you do not send them to us direct thru the mail.

ARCHANGEL MICHAEL

It is our great privilege and joy to announce the release of a new song—"ARCHANGEL MICHAEL" by the Messenger, Lotus Ray King.

This new song is a tribute of Love and Adoration to the Mighty Cosmic Being, the Archangel Michael, who forever stands guard over all who serve the Light and call for His Protection. He has for centuries given His Protection and Blessing to mankind of which they know nothing. His Sword of Blue Flame is a very Real and Mighty Focus of God-Power by which He cuts away destructive creations of individuals and conditions that cause so much destruction and suffering to mankind.

This song has been brought forth as a Mighty Magnet of the Archangel Michael's Tremendous Cosmic Power of Light, Protection and Blessing to all who will sing it with Love, devotion, gratitude and blessing to Him. It is a Focus of the acceptance of His Coming into the outer world in His Visible, Tangible, Ascended Master Body to give help to mankind.

Every time this song is sung, heard, played or the picture contemplated, each individual's energy thru his or her attention to this Great Cosmic Being becomes a Magnet of attraction which draws Him into close personal association with those who accept His Tangible Presence and Reality.

Use! Use! Use! this song and give the Archangel Michael the call which will enable His Mighty Help to get thru to bless and set you free. The music is a definite means of attuning one's feelings into His Heart and receiving the help He so lovingly offers.

The picture of Archangel Michael on the cover of this song is the work of our beloved May DaCamara, whom we love, thank and bless without limit forever.

OUR COSMIC EASTER SUN

THOU Great Eternal Sun of Even Pressure!
Now flooding o'er the Earth Thy Substance bright—
Compel Thy Peace that passeth understanding
And still all by Thy Victory and Thy Might!
Reveal to all the "Mighty I AM Presence,"
The Scepter of all Power — Freedom won!
Hold Balance by Thy Love so all-pervading,
And make us blazing till our journey's done.

Thou Great Eternal Sun of Even Pressure!
Expand thru every heart, Thy Cosmic Light!
Until Its Fulness in each one's Ascension
Has raised all unto Thy Transcendent Height!
Thou art the Mighty Scale of Cosmic Balance,
Thru Love and Light and Peace in each one's Heart,
Expand thru us until Thy Great Perfection
Reveals the Unfed Flame Thou really art!

Oh, Great Eternal Sun of Even Pressure!
From Thy Great Heart comes Justice to us all,
For only in the Light of Thy Great Presence
Can we hear the Goddess of Justice Call!
Thy Light that pours to all Its Cosmic Mercy,
Holds us in Peace and Love without alloy!
A Mantle of Thy Substance now enfolds us,
And floods to all Thy Great Eternal Joy.

Thou Great Eternal Sun of Even Pressure!
Expand the Light within our earth's own heart
And make It blaze Thy Limitless Perfection,
Now blessing every one and every part!
Charge forth Thy Mighty Miracle of Freedom,
Thy Victory give to all and hold full sway!
Command Thy Blazing Purity and Substance,
To now release Thy Mighty Secret Ray!

Thou Great Eternal Sun of Even Pressure!
Flood everywhere and blaze Thy Mighty Love—
Give unto all the Fulness of Thy Glory
And draw all unto Thy Great Heart above!
"I AM" Thy Mighty Love and Praise and Blessing
"I AM" Thy Mighty Power ruling now!
"I AM" Thy Mighty Peace and Healing Presence!
"I AM" Thy Light to which all earth must bow!

BELOVED JESUS' DISCOURSE

PRIVATE DICTATION — SCARSDALE, N. Y.

April 22, 1939

SAINT GERMAIN

ELOVED Staff and loved ones of the Light, we have entered into a new era in the Expansion of the Light within each one and for This Work.

Today, We wish to establish in this home a Radiance that will be the Supreme Governing Activity of Love, Happiness, Energy and Strength without limit; and before I introduce the speakers, I wish to say, to our precious Mrs. Boos, We tried an experiment with your mother and to Our very great delight, It was successful. Your mother will not again return into embodiment. Her struggle, as she thought was long and great, but after all, it is worth a thousand times more than all that has been. We want you to feel a happiness that you have never felt, in her release forever from the wheel of birth and rebirth.

I WOULD LIKE SO MUCH, IF I COULD HAVE YOU WHO ARE SO CLOSE IN OUR HEART CENTER, REALIZE THAT THE GLORY OF THE DISPENSATION AND THE SPECIAL ACTIVITIES WHICH HAVE BEEN SECURED, MEAN MORE TO YOU AND THE EARTH, THAN WORDS WILL EVER BE ABLE TO CONVEY. ONLY AS YOU CATCH THE ESSENCE FROM WITHIN THE CUPS WHICH THOSE WORDS FORM, CAN YOU POSSIBLY KNOW WHAT IT MEANS. Steadily and surely is one Victory after another being won in the activity of the Messengers, until one day to a large extent the outer world resistance will have gone

down to This Light, and I rejoice for so much already accomplished.

Today, I do not wish to touch upon the world's conditions so much, as to hold your attention upon the Almighty Power of Constructive Activity, which is bound to win the Victory over the shadows. I would suggest to you Lotus and you two Messengers, that in this class, no matter what report comes to you, just hold steadily to the wholly Constructive Activities, referring as little as possible to the requirements of the world; and let Us try an Experiment here in New York, that I think will work out very successfully.

I think the people of America, I mean those who are so far having their attention held upon the "Great I AM Presence," understand enough of the destructive activities; and tonight, I wish to bring very much to the attention of the Group Leaders, a reminder to cease all reference to the destructive activities in their Groups; and let the Power of the Light flow forth, which is the Remedy, since all now know enough about other conditions.

Not you as Messengers, but if the Group Leaders, who do not understand or are not as firmly anchored as you, dwell upon those destructive conditions, they begin to build them; and that is one thing which has been rather unfortunate about ————. She has dwelt so much upon it, that it must be discontinued. I say to the beloved ones here, you have given Us very great Joy in the ever increasing Self-control and Harmony and all that means for the Great Final Victory.

From the Octaves of Light — I do not mean the Ascended Masters' Octave — but the Octave of Light where so many thousands dwell who are disembodied, the Divine Director has made it possible for the following to be done. The enormous power of the attention of those who are there is fixed upon the Activity of the

Expansion of This Light, and they are being taught to see It; so on their return again into embodiment, they will carry even the memory and very vivid feeling of the "I AM Presence" of all Life. They are all being shown It! Some are in the etheric body and some in the Higher Mental Body; but all are being shown the "I AM Presence," so as to charge and retain the memory of It in their return to earth. This will bring about a vast change in the mental and feeling attitude of the world, as these individuals again re-embody; and soon it will begin, as great numbers replace those who will go out. Then, It will hasten the Great Change in the vibratory action which the Cosmic Light demands for the earth.

It is My Great Joy to introduce to you your Beloved Ascended Master, Jesus, who will give the Dictation.

BELOVED JESUS

I greet you, beloved ones, in the Name of Light, of Life, and I rejoice with you in the Expansion of your Light which is the Christ Self of you. What a pity that the whole world does not understand the two activities of Life which are the human and the Christ. The human drawn into the Christ, and then into the "I AM Presence" of all Life, is what makes the Ascended Jesus Christ. Every human being who makes the Ascension, actually becomes the Ascended Jesus Christ.

Why does mankind not understand This Activity of the Christ? I may ask a few questions and answer them. No individual in human form, can understand the Full Meaning of the Christ, until his or her attention is drawn to the "Mighty I AM," the Presence of all Life; then as the attention is called to these Correct Activities of Life, will they begin to understand.

Please take careful notice of this. Aside from the Expansion of the Light within the beloved students, the Expansion of the Light in the mental and feeling world

Property of Saint Germain Press, Inc.

of mankind, is the most remarkable thing standing before Us today. You have heard the Messengers and the various Ones refer to It, but no one has comprehended but little of what this means.

These Almighty Decrees that have gone forth with such dynamic power from the Groups of America, are charging into action and expanding the Light in the mental and feeling world, which, for the sake of your comprehension, we will use the term "Universal." It is not quite that, but insofar as the mass accumulation in the mental and feeling world is concerned, It is. Yet, It does not expand outside the belt of the earth; but for your comprehension, We would call It an Universal action, for It is so far as the earth is concerned.

Oh, the joy that this is bringing, and shall We use the term "compelling" to go forth from the Octave of Light — note this carefully. Whatever Expansion takes place in the individual's Light, the Expansion of the Light in the mental and feeling world of all mankind, compels an exact Balance from the Cosmic Light. which is eventually to take Its Dominion upon the earth.

We have, in collaboration, connected with Pelleur and have achieved an amazing, perhaps you would understand it better, if I said an invention within the earth, under the operation of Pelleur; which will enable the change within the atomic structure of the earth, to keep balance or keep pace with the Onrushing Cosmic Light.

We found in the very beginning of carrying This Light, that a very Great and Powerful Balance must be held, to keep many individuals from becoming fanatical in their attention to This Great Light; for according to the intensity of the feeling of the individual, does It become extremely intense or what you would term a Balanced Activity. A Balanced Activity is the important thing in all things.

I wish to say to you, our beloved Mildred, that your

father in his many embodiments, has never known such extreme joy as that which is his today; and he will return well prepared to finish his journey early in the next embodiment. It seems to Me, I have never seen greater gratitude manifested, than he feels today, for your great devotion and interest to This Great Light and all that has been accomplished.

THE COSMIC SUN IS BEGINNING TO SHINE WITHIN EACH ONE'S HEART WHO IS HERE. USE YOUR POWER OF QUALIFICATION THAT IT CONTINUE WITH GREAT INTENSITY AND GREAT EXPANSION.

One of the things that gives Us great encouragement is, that in the three recent classes, the student body are comprehending; and are taking their stand with a very firm determination, to refuse to listen to gossip or to pass it on. It is one of the most vital things in the world. If it be true, it should be stopped! If it be not true, then it should be stopped! So, if you will all of you take that attitude and refuse to allow anyone to bring gossip or repeat it, you will find a speed of progress in your individual lives that will be transcendent; for remember, what was said to you in the Chicago Class. The nearer you approach the Goal, the greater the Speed of the Action of the Light within you and the greater guard you must hold over your world. These Great Magnificent Laws are unerring, and the energy, as you understand, will not discriminate. Don't expect it, because when energy goes forth from you, you alone are responsible for it. Of course that is Life.

I would like to try to express to you clearly, a mathematical action that you may to some degree comprehend what has been done even in one year. The general Expansion of the Light in America has really far transcended anything We could have expected. I want you to see the difference in Scotland, in England, in Switzerland.

Property of Saint Germain Press, Inc.

If you saw from Our Standpoint, you would realize what is occurring. Possibly Saint Germain will try to take you out and show you from Our Octave what this means.

The Radiance around those Groups in foreign countries is amazing, witnessed from Our Height. It is coming to be like a Blazing Sun of Light in their environment. If you saw this and drew back the memory from Our Height, you would see and understand, I think, more definitely, what the Expansion of This Light means to America and the world. It would do more than any other one thing would convey, for it is a tremendous thing.

When you understand that great groups of people have come again, again and again into embodiment, you will know there are two activities which are paramount — one is the great Love to each other; and the other, the great hatred. Those whom I allowed to crucify Me, are many of them in embodiment today. Two or three times, it has been intimated to you who they were, yet that is not so important; but to know that you meet again and again, those who have opposed the Light thru the various ages is important. This time of course, they are growing much more frail in their release of power and energy than ever before; and will grow more and more so, until this embodiment will finish that activity.

Will you be astonished, if I say to you, the period it has covered? More than six hundred thousand years, approximately six hundred eighty thousand years, that those individuals have opposed This Light. I mean the same Streams of Life thru various embodiments.

The Great Ones who do carry the Light thru the ages always meet this opposition, but it will grow much less in this, than at any time thru the history of the ages; because no one has ever understood during these times in the outer world's experiences, the Powers of the "Great I AM," except Myself.

BELOVED ONES, OH, FOR THE DAY THAT YOU REALLY UNDERSTAND WHAT THOSE WORDS MEAN TO YOU. NO WORDS CAN EVER CONVEY IT. ONLY IN YOUR EXPERIENCES THRU THE CALL, THE CHARGE AND THE USE OF THOSE WORDS, CAN YOU COME TO KNOW, TO COMPREHEND THEIR INFINITE POWER.

I congratulate you who are bringing this music forth. See that you let no composition pass, which does not have the Words "I AM" at least once within it. You are not acting just for the entertainment of the world, but for its Great Blessing which is great entertainment. These melodies which have come forth, the whole world will one day sing! Entertainment which comes thru the power of praise to the Source of all Life, is the greatest entertainment known on this earth or that can ever be.

Your Beloved Saint Germain today in His Praise to Me is magnificent, yet He can do the very same things. Anything that I can do, He can do, and yet, often when We meet, He still bows before Me and I say to Him: "Saint Germain, please do not do that." Then He says to Me: "You shall always thruout Eternity have My Praise and Adoration. Why should I not bow before you, even though I have the Same Powers to use! That is My Praise to Life." It is a beautiful thing.

Today in your friendship to each other, if you who have been drawn so close in the Heart Center of His Work, could feel that same Praise to each other, Oh, for the slightest thing, how beautiful and wonderful it would be. You still do not comprehend what Praise and Blessing mean, except in a small degree; but as you continue to do it, you will find Its Expansion within you and Its Comprehension taking magnificent action.

Oh, how glorious Praise and Blessings are! Saint Germain, Myself and the Others are very grateful to you

beloved Messengers, for calling the people's attention, as often as you have recently, within the past four classes, to the fact that they may not enter into self-justification or self-pity. Oh, how great is that blessing when individuals comprehend it; because by the very activity of the human nature, that is its last hold upon the Great Forces of Life, which it has been misusing so long. Those are two ways by which it tries to hold its dominion, but when that shuts off, it sees it may no longer hold its dominion in the world of the individual. Then, the Light rushes forward very rapidly.

You are the most fortunate of beings today. I mean this.

Individuals do not realize that when they have wholly turned against the Great Light, then they have got to do something that will compensate and make a balance for that great mistake.

When individuals accuse the Messenger of being untrue or deceitful in these Dictations, it is one of the greatest crimes to be committed against the Light.

Do you understand — I know your feelings, but do you understand what that is to Us? Of course We have seen that thruout the ages, but you never get accustomed to it, you cannot. When one is so near the Freedom of the Light and then he or she lets anything whatsoever — jealousy, anger, sex or anything it may be, draw that one from the Light, can you imagine what it means to Us? If We could be unhappy, it would be Our greatest unhappiness. It is not so tragic and vital, until one is nearing the Goal, but then it becomes a terrific thing to witness.

While you may not outwardly even write or anything like that for encouragement, I would suggest that you all make the call for their restoration and Victory, which of course cannot be achieved in this embodiment; but by your very earnest sincere calls and their calls, It

might still be in the next; but they have wasted the opportunity in this embodiment and it cannot be undone now.

I draw this illustration that you may see what the world of the student body is today and always has been; only in ages past, under the old occult method, it was far more tragic than today.

Beloved ones, won't you understand that these dear beloved Messengers have had the courage of regiments? Not one of you comprehends in the slightest, the forces they have conquered, because they are not permitted to tell you; but they are the Focus for the Expansion of This Light in the world today!.. That responsibility would be more than any human being could bear, but since they have Self-control, they do not allow themselves to dwell on it or consider it. Still, they are the only means by which it is possible to carry on this Expansion of the Light!

The first week of the class in Chicago, would have ordinarily destroyed a dozen people, but since their momentum has gained its powerful activity, they still remain untouched and the Victory is tremendous, over what it was on their return.

I would like to bring this point vividly to your minds. If the students with the whole power of their feeling world, accepted with great joy the Reality of these Dictations — that they are Real, they would find a Freedom, a Lifting and Expansion of their own Light, I cannot tell you exactly, but it seems to Me a thousand fold. It is these little activities within the feeling world of individuals, that ofttimes postpone the great Joy, Freedom and Clearness of comprehension and application which would come so quickly.

Now then, I am going to say possibly almost a startling thing to you. With yourselves and great numbers among the student body, if you could turn instantly

Property of Saint Germain Press, Inc.

in the FULL COMPREHENSION of your "I AM Presence" and admit Its Great Powers released into yourselves and your world, you could perform almost any so-called miracle known.

I hope you can feel My Intense Desire, to have you comprehend the Almighty Momentum that has been gained thus far; and in this Victory in Chicago, it has been intensified tremendously. That means to the student body all over America and the world, because their mental and feeling world is one! Ask yourselves silently this question: "Do you comprehend that in the mental and feeling world of mankind, which is one, among the student body whose attention is drawn to the "I AM Presence" how a distrustful doubtful feeling of a few, would spread into that entire feeling and mental world of mankind and usually first?

I want to tell you, beloved ones, and the beloved Messengers, that if anything had occurred, so you had not returned to Chicago at this time, you would have found that thing, that doubt, would have spread to almost every Student there. That is how the poisonous breath of doubt spreads among mankind. That is how the poisonous breath of communism has spread among the people of America, when charged by dynamic feeling. There were many of those people who understood something of the mental law and charged it into the feeling, but they have found their support gone, since the seizing of the black magicians. Still much of that momentum remains.

I am talking to you in this very particular manner today, for I want you to comprehend, if you will, this Almighty Victory over conditions; and show you why you must constantly keep up your guard, whether it seems needed or not. Call for your Invincible Protection, Comprehension and the Almighty Directing Intelligence, to cause you to do the Perfect Thing at all times;

to see what is acting and to discriminate when subversive things are said, to try to draw you out and draw you into discord and gossip. Watch that and guard against it, dear ones!

Even those who are not in the Staff, you do not realize, my dear people, because you are close to the Messengers, how the world looks upon you as an example. The whole human creation constantly looks for some example; some Ideal to follow, and if they meet disappointment in the individual, sometimes it is almost tragic in its effect.

Now, you will understand why in the classes, the Messengers have suddenly been impelled with no outer consciousness whatsoever, to take the dynamic positive attitude toward discordant and vicious individuals. It is to have released that Terrific Energy into the class room to shatter the condition. Those of the Ascended Masters in charge knew what was there and knew what was being focused there. Without that Dynamic Powerful Force, it would have gained its momentum and had its effect upon the people; but when that Power of the Light is called forth in such dynamic energy, It shatters and dissolves it all, the focus going back into its source to silence it.

Therefore, those who have sometimes set in judgment upon the Messengers, thinking they were too severe or kept this up too much, have made a great mistake. Just trust in the Wisdom of the Ascended Masters who do know these conditions and see how magnificent everything will be!

You who are close within the Heart Center of the Messengers, all know that they must have your confidence, your happy cooperation and all that gives them the support which is needed. It will not prevent their going on and holding it individually, but that should not have to be. They should give the Light and the Staff

Property of Saint Germain Press, Inc.

and Students should hold the Protection of all the "I AM Activity"! We are so grateful for the magnificent manner in which It has been held; but be prompted on these various points and make it an Invincible Activity for each one of you.

We thank and bless your precious hostess and host in welcoming Us and giving Us the opportunity to establish this added Intensification of the Activity here, which one day, we trust, will be the governing activity of every home in America. Oh, to once again restore that beautiful home-life which once existed here, in those ages so long forgotten, in which such magnificent Peace, Harmony and Light reigned here in what is now your America. It must be restored again!

Your beloved Lotus is one who saw the great Cosmic Wheel turn and grind everything into Its Fineness and Perfection. As the Great Cosmic Wheel turns, It brings the return again of that Great Perfection which once was, this time thru the Power of the Individual's Understanding of the "I AM" Presence of Life which makes It eternal.

You are living in a fortunate time, comprehend the "I AM," and become It! Today, please feel Our Joy, Our Happiness in this opportunity to intensify Our Blessings to you; and to hold you closer within our Mighty Embrace of Light, that the Great River of Life may flow forth in Its Great Perfection into and thru each one. As It pours Its Mighty Radiance forth into the world, It is cleansing, purifying and holding the Glory of Its Dominion forever and wherever you move. Try to feel that! Feel your responsibility to the Great Law and allow by your Harmony Its Mighty Radiance to pour forth wherever you move, blessing your fellow-man!

May I add a word, today, that you may more fully comprehend another thing? When the Divine Director asked the Group Leaders to hold to the Outline, my

dear ones, you can scarcely comprehend what it has meant! You see the Group Leaders' Activity is to draw forth by these Mighty Decrees, this Infinite Power and Its Perfection into action. This is perhaps another point which should be understood and We will try to make it clear to the Group Leaders. The Messengers have an amazing protection which many Group Leaders do not have; and if they take up the activity of the Messengers, in calling attention to the destructive forces too much or too long, they open themselves up to them.

Today, I think it is important to hold this before the classes and the Group Leaders, so that they may comprehend and not fall into that mistake. When they see the Messengers doing these things, they feel they are rendering a service by doing it. This is not the case, but it is actually in many cases endangering themselves. So much has been covered in the classes, but all of this could not be covered at once. However, I think it is wise to call this to their attention a few times, until they more clearly begin to comprehend.

You know this is said with very great Love, but Oh, if the beloved students would read, read and re-read those books and the magazines! Those magazines are carrying a volume of Magnificent Understanding; and they should be read and read and re-read! Mention this in your Contemplation Groups, and say that it was My Wish that all the students read, read and re-read those magazines. They would find a very Great Blessing. There are now and then a few who do, but the great majority go over them once or twice, then so soon forget.

I wonder if you here, today, quite comprehend this? I shall explain it. After having studied the books and various points, those points are brought to the attention again. It is a double, sometimes a triple activity, to hold the attention upon those points, until the fulness of their meaning and Power is grasped. That is one of the rea-

sons for bringing forth the Magazine, to keep bringing those things again and again to the attention of individuals so they comprehend and utilize them more and more. When the Full Glory of the Complete Victory comes in this Understanding, then you realize what a Mighty Power your ability to receive is. Mankind must again, again, again and again be reminded!

May the Eternal Joy of the Powers of Light enfold you and charge into dynamic action in your being; giving you such Happiness, Limitless Energy, Self-control and Magnificent Release from your "I AM Presence," that It fulfills your every Requirement in the Service of the Light, with a Power and a Speed of the Blue Lightning. Feel that all to which your attention has been drawn, is of vital importance to you; and as you go over and remind yourselves of these many vital things, you will rejoice in the Glorious Eternal Victory of the Light in you.

The Other Ascended Masters join Me in conveying Their Love and Blessings, Praise and Gratitude to you for your Victory of the Light.

Thank you so much.

ANGELS OF VICTORY

NGELS of Victory and Great Cosmic Rays,
Sweep o'er the earth like an Ocean Ablaze
With Flames from the Sun and Victory's Heart,
Conquering, perfecting all earth—every part!
Their Great Cosmic Scroll of Light fills the sky,
Their "I AM" Commands are heard from on High!
In Legions They come, now filling Our Land—
Thru Their Cosmic Love, They hold each one's hand!

Angels of Victory—Almighty! Supreme!
Flood over Our World an Unending Stream
Of Light and such Peace, all—everywhere bow!
Their Victory "I AM"—enfolding us now!
Majestic They Stand—unyielding Their Power,
Their Mighty Presence clothes us all this hour!
Behold Victory's Shield is leading the way—
The Victory He gives, forever holds sway!

Angels of Victory, reveal Victory's Love!
All thru the ages, Their Presence above
Offers His Victory, shows all His Great Might,
Gives all His Substance, His Great Cosmic Light;
Now all on the earth forever shall hear—
Their Voices ring out—announce crystal clear;
"The Great Word 'I AM' is Victory come thru!"
The Flames from Their Hearts blaze His Victory too!

Angels of Victory and Legions of Light,
Authority bring from Victory's Height;
On earth evermore in Victory They dwell,
To set mankind free and everywhere tell
The Great Truth "I AM" and sing Life's Great Song,
For unto the Light does all earth belong;
Until all Victory and Freedom are won
And all know their Source, the Great Central Sun!

Angels of Victory—illumine the air!
Their Blessed Presence sweeps now everywhere!
Stay with us on earth and all here control!
All Victory release! Make men now behold
Thy Power of Light—Thy Great Divine Plan—
Thy Presence and Might—God's Will and God's Hand!
Thy Glory "I AM"! Thy Victory shall reign!
All shall raise to Thee—Thy Victory attain!

SAINT GERMAIN'S DISCOURSE

Cleveland, Ohio — October 11, 1939

DEDICATION "I AM" SANCTUARY AND READING ROOM

I THANK you, beloved ones of the Light, with all My Heart! I wish you to feel, tonight, My Deep Gratitude for your great loyalty, your courage and strength here, to carry and hold the Light so magnificently as you have done. Few understand the vast achievement of the past year; and I wonder if you realize how great a part of that you have been. Do you realize, dear ones, what Real Loyalty to the Light and to Myself means?

You see, an Ascended Master cannot have human qualities, so, if I speak of Myself in this capacity, it is because the Law of Life made Me the Law, to bring forth This Light to you; and since "I AM" THE LAW OF THE VIOLET RAY TO THIS EARTH, I want you to feel what that means to you in Its use. For the first time in a very long period, it has been possible to dissolve or have dissolved and consumed that which was indescribable! It is being done with great speed and power everywhere! Its far reaching Power We have touched upon but little, but presently, I think We shall touch more upon it.

Now, before I continue and while you are standing, let us dedicate this lovely place to the Light and the Glory of the Blessing, Protection and Freedom of Cleveland and the people here.

May I, thru the Current of Energy, thru the arm of the Messenger, shake the hand of our beloved Viva, for her staunch, loyal strength and courage to stand so stead-

Property of Saint Germain Press, Inc.

fast to the Light; and may each of you feel My Hand in yours in thanks and gratitude.

"Thou Infinite Power of Light! I speak to the Higher Mental Body of every one in this city, to co-operate with our beloved Viva, the beloved students and Group Leaders here with all Its Infinite Power; to spread the Light, to expand the Light, to hold the Dominion of the Light here in this city.

We charge this chosen spot with the Power of Infinite Light, the Focus of the Light Rays of the Ascended Masters, the Legions of Light, the Cosmic Beings and the Cosmic Light, to hold that Focus here, so every discordant thing may be forever dissolved; so the Power of that Light and the Glory of all It contains, may be the Dissolving Presence or Pressure of Light; to hold about each one the Dominion of the Light released thru the Higher Mental Body; to render whatever Power and Service is required, in that service which each wishes to render.

Since every one has free will or choice, and at this time, must choose whether he or she wishes to serve the Light or not, then mankind has met the Great Divide! In your earthly mountains you have that which is known as your Great Divide. In the Cosmic Light for the first time upon this earth, there has come the Great Divide, or shall we say, the Almighty Power asserted by the Cosmic Light, in the Selective Discriminating Intelligence that sees and knows only from the Inner motives of individuals; to hold, determine and bring forth into Full Action, the Wisdom of the Cosmic Light! Such is coming into action with Great Speed and Power.

May you all silently within your own hearts determine to serve the Light and then follow that determination unwaveringly!

We draw the Mighty Pillar of Light at this Altar, so Its Radiance may go forth to heal, to bless, to prosper every one who enters within these walls; and spread Its

Radiance thruout the city, to reach those whose Light has expanded sufficiently, so they may understand, so they may comprehend!

BELOVED ONES, REMEMBER YOUR CALLS TO THE HIGHER MENTAL BODIES OF OTHERS IN YOUR CITY, ARE MUCH MORE POWERFUL AS A RULE, THAN ANYTHING YOU COULD DO IN THE PHYSICAL. THE PHYSICAL PART OF THE INDIVIDUAL MANY TIMES LIKES TO QUESTION, LIKES TO ARGUE; BUT WHEN THE HIGHER MENTAL BODY SPEAKS TO THE INTELLECT OF THAT HUMAN FORM, THERE IS NO ARGUMENT! ONE DAY, EVERY STUDENT IN THE LAND IS GOING TO UNDERSTAND THAT, WITH A POWER WHICH THEY HAVE NOT UNDERSTOOD HERETOFORE!

The human so often thinks that it has got to rush around and do something desperate in order to convey that which it wishes, many times obstructing the way; but when you really make the call to the Higher Mental Body of the other individual, YOU HAVE SET INTO ACTION THE GREATEST POSSIBLE POWER AND INTELLIGENCE TO BRING ABOUT THE RESULTS. Now, if it be constructive, then the Higher Mental Body of the other individual will co-operate with you; but if it be destructive, of course, It would not. Therefore, only the Great Law will act!

As some of you have observed, there have been those who thought they could use This Great Law destructively. Well, that is impossible! The very call to the Presence would destroy whatever destructive thing was there; but some do not understand that and only by sad experience, do they find it out.

Now, beloved ones of Cleveland, will you accept this Dedication of this lovely place as Real? The Pillar of Light which I have drawn here is REAL! Its Self-lum-

Property of Saint Germain Press, Inc.

inous Intelligent Substance, will spread Its Radiance to every one who enters these walls day or night; and will reach out into your city rendering Its Service! The Light Rays which I have called to be projected here, as a Focus for your Assistance, for your Blessing are Real! They are Self-luminous Intelligent Substance that not a thing in the world of human quality, can interfere with!

(Thank you so much and won't you be seated?) In continuing My Talk to you, since we are just a happy family tonight, at least I feel so, I hope I am able to convey to you, that I really never make any mistakes! You might suspect to the contrary, but yet it is quite true! When I dismiss someone from This Activity, it is because I have watched for a long time, the Inner motives acting; and know that it is useless to try further in this embodiment. Now won't you accept that as Law in This Great Light, because it is Law; and if you do not accept it as that, you are going to be disturbed and probably interfered with in your onward progress.

IT IS NOT BECAUSE I DISLIKE SOMEONE, BUT BECAUSE THOSE QUALITIES CANNOT BE PERMITTED TO SPREAD THEIR RADIANCE IN THIS ACTIVITY! DO YOU THINK DEAR ONES, THAT WE, AS ASCENDED BEINGS, ARE GROWING HARD BOILED? I TRUST NOT! WE NEVER CHANGE, BUT REALLY WE HAVE TO BE SOMETIMES ALMOST SEVERE TO BE HEARD! Since we have pled and pled for two years and We are not listened to, then We have to be severe to get the attention; then, usually it is too late for the individual.

Now, dear ones, in our heart to heart talk tonight, I want you to understand that I do know exactly everything —that is going on about each student in this and foreign lands! I have to, dear people! I know their motives, or can, if it is necessary. I do not mean I go about looking into the motives of every individual, but if it becomes

necessary, I must do it! Very easily by the projection of a Light Ray, and by holding them in It, the motives within the individual are revealed.

That is the Law of My Activity, since I am the Law of the Violet Ray to this earth, which is the Purifying Activity to mankind!

You know, I sometimes suspect, if mankind knew that I had much to do in connection with the Goddess of Purity, they would not welcome Me so much either; but haven't you suspected, that since I am the Law of the Violet Ray to this earth, then I must have some part in that which the Goddess of Purity does, in releasing mankind into the Purity of their own Great Presence of Life? That should not be any great crime!

Oh, my dear ones, how wonderful, how wonderful is the day mankind understands there is no sacrifice upon this earth to this Great Light! You only let go of the things that bind you, that limit you, in order to have the Freedom of everything Life holds for you; and after you have gone thru so many thousands and thousands of embodiments similar to these, going thru distress and limitations again, again and again, Oh is it not a Great Friend, Who has shown you the way to get out of that forever? It is not a temporary thing, you are forever to be Free in your Ascension, from all these conditions which have bound you to earth!

Do you not see, it is only the presence of the desire for the things of earth, that bind you to the earth? You have not known that, because you felt that you must have certain things, and it is quite right that you should. You may have all the use of things in this outer world that you can possibly require, but you are really their master, not they your master. You see the idea, dear ones? In all that there is, you must be the master of all things which you use! Otherwise, they will master you sooner or later!

It is the same way in your desires. You must have

Property of Saint Germain Press, Inc.

seen by this time, that your desire world, your feeling world, is a criterion of that which you are, whether you are going up or down! Then, if your desire world is upon things which you know must limit and pull you down, I would say to that desire world: "NOW STOP RIGHT THERE! MY DESIRE IS FOR FREEDOM, AND REMEMBER 'I AM' FREEDOM! MY DESIRE IS FOR MY ASCENSION AND YOU IN YOUR HUMAN QUALITIES, ARE NOT GOING TO CHANGE THAT"!

Dear people, do you not after this length of time, really understand that your determination will change your desire almost at once, if you are determined enough? If you will say to any wrong desire: "STOP! I WILL HAVE NO MORE OF THAT! GO IN YOUR ATTENTION, IN YOUR DESIRE TO PERFECTION AND STAY THERE"! Then you will have the Out-pouring of Perfection because your desire world, your feeling world, is the magnetic power. Why do I call it the "magnetic power"? Because you are dealing with earthly conditions—qualities which must be perfected.

Now in the desire for Perfection, the Inner Quality acting there, is the already established—Power and Pressure of Light and Life which is Perfection; but since the place where the Remedial Agent, which is required is there, (Pointing to the Presence in the chart) We must draw that Perfection here, must We not? It is in the human octave where this correction m u s t b e made! BLESSED ONES, THERE IS NOT ONE OF YOU WHO CANNOT QUICKLY CORRECT ANYTHING IN YOUR BODY OR WORLD, IF YOU SET ABOUT IT WITH GREAT DETERMINATION. The reason is this: Here beating your heart is the Greatest Known Intelligence and Power in the Universe! The same concerning your supply!

The same Great Presence is the Treasure-house of you and your world! Of course your Presence is not holding so much coined gold, silver or bills there; but do you not see that this Wise Intelligence, when you really do accept It as your Treasure-house, will bring into action in the human octave, Its Harmonious Activity which brings the release to you? THERE IS NOT A HUMAN BEING ON THIS EARTH WHO OWNS ANYTHING! MANKIND ARE BUT GUARDIANS OF IT FOR THE TIME BEING, AND SINCE THEY CANNOT TAKE IT WITH THEM, THE PROOF IS, THEY DO NOT OWN IT. As Lotus often says, you do not own your bodies. Well it is true, but pretty soon you are going to! That will be quite a different thing!

My dear ones, I feel like a little boy when I begin to think upon this point! You cannot imagine what it is to Me, after all these centuries, to see so many in America who are going to make their Ascension in this embodiment without any question about it! (applause—audience rising)

Thank you so much, dear ones, and just FEEL while you are standing for a moment, what it means to Me! I may not say anything to you now; but I do want you to know what it will mean to Me, to grasp your hand in that Octave of Light, knowing that you are forever Free from these limitations of earth, after the hundreds of lives in which you have lived. I may try to be dignified, but you will see thru it in a minute! (applause) I tell you, it is the most Glorious Thing ever known on this earth. Never was such a thing in the Universe as that day, when individuals are freed by their call to Light, to Life, from these limitations of earth. (Thank you so much, won't you be seated?)

I want you to understand, that I mean every word of that! It is no idle talk, and remember please do not try to judge, any one of you; because you might still make a

Property of Saint Germain Press, Inc.

few mistakes, that those mistakes are going to prevent your Ascension! It takes more than a few human mistakes, when you have given great attention to this Light, to deprive you of the Ascension, if you are sincere to that Great Light! Your motive and sincerity, dear people, mean everything in the world to that Victory! It is not a matter of a few little mistakes out here. Heavens, haven't there been thousands and millions in the past, and as evidence of that, please follow Me:

Since all the millions of mistakes have been made, and there is all the accumulation of the centuries; and since by the call to the Presence and the use of the Violet Consuming Flame, you can have dissolved and consumed all that accumulation, as We have told you time and time again, in from a few weeks to a few months at most; and in almost every instance, if the individual would be determined, it could be within one year; then tell Me, if there is anything greater in the world, and why a few extra mistakes would now prevent your Freedom!

Since you are having dissolved and consumed all that accumulation of the past, do you think a few more mistakes now in your sincere effort would prevent it? Watch out, that you do not condemn yourselves, because suddenly you find you made a little mistake.

Beloved ones, remember I have asked your beloved Viva to be the Guardian of the Light here in Cleveland! Won't every one of you co-operate with her to the fullest of your ability in Love, joy and happiness, that the Great Light may spread here and bring into Its Fold, the many people here who want It so much? (applause — audience rising) Thank you. I am sure you will do everything possible to help.

You see, it is not a matter of our beloved Viva, it is not a matter of you, but it is a matter of the STEADY, HARMONIOUS FOCUS OF THE LIGHT in your city;

so that the Harmony of that may reach forth and draw into Itself those who want This Light.

Now for instance, this Pillar of Light which has been established here, with the Surrounding Element of Complete Harmony, It would naturally reach out and draw by Its Great Drawing Power, the people who come here from time to time, who would become awakened to This Great Light! That is how this Mighty Focus of Light must be Harmonious, within Its Surrounding Element, in order to do Its Greatest Work, render Its Greatest Service. (Thank you, won't you be seated?)

I ask those from the west who are here, do you remember how long We have pled for Harmony, Complete Harmony in the Groups thruout America; and how We saw all that could be done? The blessed ones, not fully understanding, did not see the necessity of that Great Determination to keep the Complete Harmony there, to allow Us to do the things which We wanted to do so much, and so, We have had to wait; but I feel more certain than ever now, that it is not going to be long, until such Complete Harmony will be established thruout all Groups in America, that We will be able to pour forth and do the things We have waited for these—just about three years, to do. Oh, I mean for you individually as well as other conditions.

You see, dear ones, We dare not draw Power beyond a certain Pressure, until individuals hold sufficient Harmony within their own feelings! We cannot do it, because We would be responsible for whatever injury came to you by your lack of control. Now remember, in this of which I am going to speak, We are not responsible!

In every one of the Messengers' Classes, the step-up is continuous and growing greater, greater and greater! Since the Shrine class the step-up in each class is tremendous and will be here; and those who attended the Chicago class, felt the tremendous Charge there! Now necessarily

it must continue to be so! The matter of the number of people there, has not any particular thing to do with it; but This Great Cosmic Light and the Great Cosmic Beings in the Dispensations which have been asked for, my dear people, do you realize that is no idle thing? When We ask for a Dispensation from the Great Central Source of Intelligence and Power to this System of Worlds, We have taken on some Responsibility! Do you realize that? Do you realize, that when you call for things or a Dispensation, you are taking on the responsibility of holding harmonized the Greater Power that flows thru?

My blessed ones, do you realize what it means to become a hundred percent student? May I explain! You have made a contract with your Presence! Let us speak now in commercial terms for the moment—you have made a contract with your own "Mighty I AM Presence," to give certain obedience which that requires, to nothing else but your "I AM Presence"! Then, Life has taken you at your word and Life is very apt to hold you to that!

I say to all people in the future: THINK WELL BEFORE YOU MAKE A CONTRACT WITH YOUR OWN "MIGHTY I AM PRESENCE," TO BECOME A HUNDRED PER CENT STUDENT; BECAUSE IT MEANS YOU GIVE YOUR WORD, THAT YOU WILL BE OBEDIENT TO ALL THAT REQUIRES OF YOUR LIFE STREAM! If one wishes to become a hundred percent student with a wrong motive, it will be an unhappy day for that individual!

You see you are dealing with a Great Law, the Most Powerful in the Universe! I am not saying this to frighten any one, but I want you to feel all that It means! These are tremendous things, dear people! I know it is true and I say it quite frankly, there are some who just run along and say: "I want to be a hundred percent student," without any consideration whatsoever, as to what It means!

Well they will find out one day, that they are going to have to confront ALL that It means!

Oh, my dear precious people, is it possible there is any one who does not understand in This Great Law, that you are now dealing with the GREATEST AND MOST POWERFUL LAW IN THE UNIVERSE, THE GREATEST MAN WILL EVER KNOW! There is nothing greater than your "I AM Presence," and that is the releasing Power of the Infinite Power in the Universe into your individual world; for Its Perfecting, Purifying requirement and your "I AM Presence" of Life, which should be the Governor of your world and is the Governor of the Universe, is the Lifting, Raising Power, which raises you into your Ascension.

You know sometimes, as I pass to and fro among the students, I see now and then one who, Oh maybe for the moment in really sincere anxiety, keeps feeling that I have got to do something physical about this! Don't do that, dear ones! Go on making your call and leave all to your "I AM Presence" in Its Great Wisdom! Do you think when your calls are sincere, there could anything of human quality stand between you and that Presence which placed you here, whose Almighty Intelligence and Power of Light beats your own heart?

Oh, don't you see, dear ones, that is the Greatest Thing in the Universe, and because you do not seem to be manifesting Mastery here yet, is no reason to think or question the Authority of that Power which beats your heart! It is only because you have not cleared your world of accumulations enough, that this Great Presence does not pour thru in Its Fulness; but It will! It cannot help it!

Dear ones, please see there is nothing in the world can stand before that Presence and you, when you once sincerely call It into action! There is no human quality which can possibly do it; and I think you should feel that, dear ones, in your money supply! Your "I AM Presence" is

Property of Saint Germain Press, Inc.

your Treasure-house, and if you will look to your Presence as the Treasure-house, Its Love, Wisdom and Power will go into action in the human octave, and bring about the conditions that bring, thru Harmony, the money supply you require! It has to do it, because it is the law of Life!

You might quite justly say to Me for the moment: "Well how about the individuals thru whom that supply might come? Do you think that Presence would make any mistakes? If the Presence brought to you, thru your call to It, the supply, then would It not be Divine Order and Divine Justice?

Will you observe your beloved Messengers, dear ones! They have never looked to a human being for one dime since they left Chicago. I told them before they left, that if they would look to the "Mighty I AM" for their supply to carry This Work forth, it would come forth; and they have never wavered for one single instant; and when some sudden requirement was there, they never forgot. They turned and said: "Mighty I AM Presence," here is an emergency! Now You are the Power that supplies the money to fulfill this! See that it is done," and it was done at once!

When you come to trust the Great Wisdom and Power —now notice I say: "the Great Wisdom and Power" of your "I AM Presence" which beats your heart, you will never in this world be disappointed.

Now observe, my dear ones, why you go on day after day. Your Higher Mental Body is the Regulator, the Director of all the activities of the organs of your body, and until something gets out of order by discord, you think it is quite wonderful. You do not have to give it a single thought. You say: "I want to go here," and you go; "I want to go there," and you go; "I want to do so and so," and you do it. Well, what in the world is enabling you to do it? Do you think those physical forms are enabling

you to do that? Oh, my dear ones, surely not! Of course, you do have a certain amount of gathered energy which would involuntarily act, but, my dear people, the Intelligence, the Energy which you call forth, is from your Presence! Since It is wise enough to direct the functions of your body, and if you keep harmonious, keep you in perfect order, health and strength, why wouldn't it do anything else you require?

Do you not see, it is just human concept which could temporarily dominate in your world of thought and feeling, that deprives you of the Fulness of the Presence, flowing forth to render whatever service you might call forth or require? That is the only reason, you seem to be deprived of a single thing!

Now look again! As you know, these dear Messengers were owing five months rent when they left Chicago, because they had not been able to make connection with the supply. Well, they went forward, at My Request, believing what I said; trusting Me, trusting their Presence; and you see the result! There is not a living person on this earth, who would have the same sincerity, the same determination and give the same obedience, who would not be able to do the same thing; but you don't know the hours, and hours, and hours of the most terrific application that human beings ever made, which they made. I am going to tell you something—I don't think they will mind—from the time of their second class in Philadelphia, when they went South to Florida, then to Dallas, then California, they went North and came back to Los Angeles, no such application was ever made in this world as they made. They never stopped day or night! (applause —audience rising)

I mention this, that you may see what real dynamic application does; because there is nothing that can stand before it in the Universe; because that is the Power of Light, or the Pressure of Light called forth into action, and

all human qualities must go down before It, must dissolve before It! That is why I bring to your attention these points! (thank you so much)

Now, I am going to say one thing more concerning this which should be the greatest encouragement to every human being on this earth! Of course you know a little of it, but my precious people, you have no idea, the terrific destructive forces, that these beloved ones have had to stand against, and are still standing against to carry This Light! No such thing was ever known on this earth, as the destructive forces which have been projected to these two blessed ones, to stop This Light; but to show you how all destructive force finally destroys itself, the Messenger just had word from the west today that ———— who spread his viciousness all over the world, has sent word to one of the groups, that he thought he might just as well give it up. (applause — audience rising). He said the students would not any longer read his literature and no one else seemed interested, so he thought he was about finished! Well that is quite True! I agree with him, but it seemed a long time, didn't it? Well, don't you see, We can always afford to be patient! We could have put him helpless on a bed the rest of his days, but We did not.

People destroy themselves by their own destruction! We do not use a destructive force and even when there are those We must dismiss, still We are not using a destructive force; because their own qualities have been their dismissal and have cut them short! Won't you see that, dear people, so that there is no feeling in you, that I am making a mistake or that I am being unjust! If you do, then you make a GREAT MISTAKE!

We are touching upon a number of things, tonight, that I am sure will give you great Happiness and Freedom, dear ones. It is not quite as easy to understand the conditions that are existing in Europe tonight, yet will you clearly follow Me in these words: As these continuous

calls go forth to the Great Power of Light, to dissolve all human selfishness and discord from the earth, as the Great Goddess of Liberty and the Mighty Arcturus have said; then conditions which have held nations in bondage and destruction for centuries, must one day find that viciousness returned upon them or those who were the cause of it, which will cause to be dissolved the originators of this condition—a vastly different thing, than before This Light was known!

You see dear ones, when people of the world begin to really know that their own human physical heart, is the Outpost of the Greatest Power and Intelligence known in this Universe, then they have set into action the Greatest Known Law in the Universe, to bring about these conditions; which will eventually be the Remedy and removal from this earth of every destructive force. It is the Law of your Life, of every human being's Life on this earth!

Remember, the Higher Mental Body who is the Director of the Currents of Light and energy thru every human being, wants Perfection just the same as you want it! It does not make any difference what the physical is doing or how destructive it is, that Higher Mental Body wants Perfection, just the same as you do! Then, do you not see how after all, outside of the very atmosphere of this earth, you have every Co-operative Force or Power and Intelligence of this Universe, acting in conjunction with you and your call? Then, what is there in the world that could stand against it?

Dear ones, you have a Scepter of Power in your hands in your understanding and application of your "Mighty I AM Presence" which is the Greatest Thing in this Universe; and there is nothing to compare with It or ever will be!

I am going to say something, tonight, which I have never said and I think We should begin now. Why do you suppose, in all other various attempts to bring a greater

Property of Saint Germain Press, Inc.

understanding to mankind, and in the various things in which the Words "I AM" have been used, why do you think the Explanation was withheld? We have never explained this to any of you! Why do you think mankind have not been given this before? While many temporarily had a Tremendous Feeling at certain times, when they would touch upon the Words "I AM," yet the explanation was not given. Perhaps, many of you know of intervals in your own experience, when you would feel a sudden Thrill and Power from those Words, and scarcely before you knew it, It was gone! The reason is this: Until the use of the Violet Consuming Flame could be brought into action, to dissolve the human discord, the Power released in the acknowledgment of the "Mighty I AM Presence" would often have thrown people out of the body; because of the Power released, suddenly being requalified by human desires!

I know many have felt impatient with Me at times, but why have I led the students of America along so gently? Because I know the Power of These Great Laws! You are living the Law of Life, dear people, in your attention to the "I AM" Presence." It is no respector of persons, and when you call to that Presence with deep sincerity and determination, you release a Power you cannot imagine, unless you see with the All-seeing-eye within that which is released!

I could find a few among the student body today, who could under a certain powerful impulse, release a force from their "I AM Presence" that would stop a projectile, because I have seen that force; but they have given absolute obedience, having maintained Harmony and that Power gathered, is charged with the Power and Perfection of the Presence, which is the Power of Light, and no human qualities are there!

Therefore, this is what I wish you to understand, my dear ones, that if you, for any reason whatsoever, allow

yourselves to keep feeling inharmonious about persons, places or conditions, how could you expect the Wisdom of your Higher Mental Body to release Powers of Instantaneous Action at your call? Do you not see, dear ones, how it is only a lack of that needed Harmony which prevents you having Absolute Instantaneous Answers to your calls at any time?

I just want to tell you, because I happened to be present, when the Messenger read the letter today. At the beginning of the Chicago class, a blessed lady wired for assistance for her husband who had an acute attack of appendicitis. There seemed to be no possible chance, but to go to the hospital for an operation. The Messenger felt the powerful impulse to make the tremendous call immediately, when the wire came. He stood on his feet and made this most powerful call and at the same moment, the doctor was in the room. All of a sudden, all inflammation subsided and the doctor saw it subside! Presently he said: "Well, I think an operation won't be needed." The next day he came back and the husband was quite recovered. The wife said to the doctor: "Do you think it could have been the hot applications"? The doctor looked at her and smiled and said: "Oh no. Hot applications don't do that." Well, she said: "Perhaps it was God." Patting her on the shoulder he said: "Madame you are quite right. It could not have been anything else, because in my entire experience, I have never seen any such thing." That was the instantaneous answer to the call made!

Now, beloved students, won't you see and feel this! There is not one of you who cannot do the same thing, as you gain momentum and confidence! There are two kinds of confidence you know. We are talking about Divine Confidence now, but WHEN YOU REALLY HAVE CONFIDENCE IN YOUR "MIGHTY I AM PRESENCE," IN YOUR CALLS, YOU WILL BEGIN TO

HAVE THESE INSTANTANEOUS ANSWERS WITHOUT NUMBER! Oh, that day when you do, your joy will know no bounds! Then, you will begin to feel the Mastery and Authority which you really are!

Oh, my dear ones, just think, as you sit here tonight: This Light which beats your heart, is the Scepter of Power and Authority every moment, for your dominion over all things upon this earth, but you don't have the confidence in It! You have so long believed that persons, places and conditions out here, have power to limit or disturb you or make you inharmonious; but that really is not the case! It is your reaction to a thing that determines its effect in your world; and that reaction is your feeling toward it.

As the Messengers have so often said, you can take two people, put them thru the same condition—one will laugh it off and pay no attention, the other takes it seriously and has serious results; but in your acknowledgment of your "I AM Presence," is the Authority which is yours, if you will remind yourselves, that this Presence which is beating your heart, is going to do these things. All you are asking for, is the Authority of the Universe. Oh, what a different thing would come into action in your application, if you can feel this!

Dear ones, I ask you to just silently decide within yourselves, how many times before you start to make your application, do you remind yourselves of that? Some emergency comes along, and you leap into your application without stopping to think: "Now my Presence to whom I make my call to do this, has ALL AUTHORITY! Therefore, how could I question or doubt Its Ability to do this thing right now! Oh, how I like those two words—RIGHT NOW!

Oh, you would smile, if you had seen Me a long time ago, when I was having My battle and I would try to feel that so earnestly, then I would make a gigantic call and it did not operate. Then, I would go back to the begin-

ning, but after going thru that a few times, I tell you, that other quality just dissolved and disappeared; then, when I went into action, the result was there. I tell you, dear ones, I know from experience!

As long as you allow the human to have authority to dominate you, it will hold that dominion; but when you will stop, still yourselves and say: "Now this for which I am calling, is thru the Authority of my own "Mighty I AM Presence," under the Action of my Higher Mental Body and Its Direction; and knowing that my "I AM Presence" is the Authority of the Universe, then there is no human quality can stand between It and the achievement! Then, when I make this call, there is no question of its immediate result." After a little of that kind of preparation, you will feel a confidence, my dear people, in your calls to your Presence, that will give you Instantaneous Action.

I think all of the students are at the point now, where they should have this, and of course a great many are having wonderful marvelous results; but I want all the students who are really sincere, to have those same results. That is why I am going into this tonight. Your sincerity is so great here; your determination is so great—and really what you have achieved has been so tremendous! Do you not see how wonderful has been the answer to your calls for money supply here? Do you not see how really wonderful it has been! Yet, all that you have achieved in the transcriptions, in the broadcasts and all, is a magnificent thing, dear people, a marvelous thing. You are not a great group here of several thousand people, but your determination and loyalty has been unsurpassed, and I want you to know and feel that!

Now, then, please remain seated. You probably have thought that things have been rather quiet since the Messengers have arrived. True, in the outer! Within your city and for fifty miles surrounding, there have been re-

Property of Saint Germain Press, Inc.

moved the discarnate entities. (applause — audience rising) I just could not deprive you of that, but what a great rejoicing! One day, when you see, you will know all that it means, for these cities and states for which this has been done. Please, do not ever expect Me or any of the Great Ones to describe or make any effort to describe to you, what this means! If you knew the Force, the Power that it requires to do this, you just would not care to hear the description. Dear ones, while you are standing, will you try to see and feel this!

You think of Us as Transcendent Beings and We are, there is no question about that! You feel in the human octave, that there are certain activities of Life, which you would not like to soil your hands in doing! Did you see what We are compelled to do, in removing these discarnates, in this vast scope of your city and for fifty miles surrounding, then you would understand what We are compelled to do to render you that Service! So please, do not feel dishonored, in anything that your hands are required to do, which is honorable in the human octave; to bring Perfection and happiness to you. We have never dared venture any description.

Perhaps, the greatest battle of the Light and darkness was in the removal of the entities of Chicago. They had been held there over a long period of time and much had to be done by Actual Force! I WANT YOU TO SEE A LITTLE OF WHAT WE ARE DOING, TO HELP THE PEOPLE OF EARTH TO BE FREE! MY DEAR ONES, IF MANKIND OF EARTH COULD UNDERSTAND THIS, AS YOU ARE UNDERSTANDING IT TONIGHT, I AM SURE AMERICA COULD BE FREED OF EVERY HUMAN QUALITY INSIDE OF ONE YEAR! All discarnates could be removed and all the substance of human qualities which have been charged into the belt above and around America, would be no more.

You do not see these things and know them as We do, but my dear people, so far as their influence upon mankind is concerned, it is REAL! It is Substance, it is energy humanly qualified and sometimes, most fiercely destructive! (Won't you be seated?) That is why this has already been achieved, in preparation for the coming class, that you might receive the fullest possible benefit, for steadily and surely this Victory of the Light is going forward!

Please, beloved students, do not feel dismayed, because conditions seem to be hanging fire in Washington, D. C.! There is of course the under-current which is determined to drag America into war; but just keep knowing that it has no power and that the Forces of Light, the Cosmic Light and Those Rays projected by the Ascended Masters, the Cosmic Beings and the Legions of Light, are going forth into action! Now mark you, what the Activities of K-17 and His Legions of Light are. They are acting almost in the physical octave, enough so to do physical things, and remember with that Activity, all things are possible!

Many of the senators are being charged! We do not want to use force, WHICH WE MAY BE COMPELLED TO USE, IF THIS THING SHOULD GO THRU; but I have great confidence tonight, that it will not. All destructive forces in America are seeing for the first time in their lives, that there is a Power acting which they do not understand nor comprehend! You notice the vast change, and if you saw the papers, today, you would see where one of the first focuses in America of the communistic element, which brought such destructive power and immoral activity into our schools and colleges, has been put down. In Harvard, they have burned five thousand communistic pamphlets in that college!

Now, dear people, the people of America are awakening! It might seem slow, but I tell you faster than you realize; because there are many sources in America which, while they are not awakening to This Light, they are

Property of Saint Germain Press, Inc.

awakening into a loyalty to America which is a powerful thing! I ask you to notice the difference in one year ago and today!

You, who sometimes attend moving pictures, saw even up to a year ago, if anything communistic was mentioned, you heard great commotion of acknowledgment. Well, since the impulse to throw your Beloved American Flag on the screen has come, the change which has taken place has been tremendous, and today your Flag never fails to receive an ovation. (applause)

Now, beloved ones, I am just mentioning this to show you the trend of the mass of the people! That, I think, is a considerable transformation in almost one year. I tell you, up until a year ago or perhaps a year and a half, and up until Dies began his investigation, the people were asleep! Think what that man has done for America! Surely, my dear people, he is an Ascended Master Friend raised up, to reveal the destructive forces in America! You must observe the powerful protection he must have had to continue that great work!

After all, are you not having the evidence before you of the answer to your great calls? NEVER WEARY OF YOUR MIGHTY DECREES! THE MOST WONDERFUL THING THAT WAS EVER DONE BY MAN, IS THESE DECREES THAT GO FORTH; and yet, there are those pretending sincerity to This Light, who try to instill into people at different points, that the Decrees are no longer necessary. Dear ones, when they are not any longer needed, I will be the first to let you know with all the Joy of My Heart!

We are winning a Victory that will last thruout eternity, in and thru these Mighty Decrees! When you understand, and if you do, remind yourselves every time you send a Decree forth, that it goes into action in the mental and feeling world of mankind, just as definitely as if you threw a stone into the water and watched its pulsations

go forth, then you will feel the greater Power! It goes forth and acts in the mental and feeling world of mankind, just as definitely as you write down a word with pen and ink, but in that there is no resistance. It just goes into action; and since the mental and feeling world of mankind are one, it acts.

There is one other point I want, so earnestly, for you to get clearly tonight. In your calls to the Presence, and in the Decrees which you send forth, the "Mighty I AM Presence" of every one of you is ONE insofar as the Quality of Perfection is concerned, isn't it? Every one of you has an "I AM Presence," but your "I AM Presence" is one with the "I AM Presence" of everyone else, in the Glory and Perfection which It is.

Now then, let us take the other action. The mental and feeling world of mankind is ONE! Then you send forth a Decree which is a Fiat of Life—now let us just wait a moment! How is it that you send this forth? Is it not Life acting thru the voice of your physical form, which is sending this forth into action? Then, does not all Life want to respond and co-operate with that, to bring the results you require? You see It does. There is no obstruction, because all Life wants the same thing as you do in your call for Perfection. Then, since the mental and feeling world of mankind is one, your Decree goes forth into action, and can any one of you tell Me where the stopping point of that impulse is which goes forth?

Since it is Life that has made the call, sent forth your Decree, then will It not continue to act indefinitely? Do you see? Now then further, It will not stop unless you recall It! Since you are the one who sent It forth and you do not recall It, then the Power of Life which is you, which is Eternal, will keep that impulse going forth, and if you would ask, It would keep sending its impulse forth without cessation.

This is another point which I think We should call to your attention, if you will silently use your feeling, to call that its impulse—whenever you feel like it, say once an hour—continues to go forth, once an hour or twice or whatever you see fit; DO YOU NOT SEE THAT THE LIFE AT YOUR CALL, WHICH SENT IT FORTH, WILL CAUSE IT TO CONTINUE TO REPEAT ITSELF; UNTIL IT WOULD GAIN A MOMENTUM SO GREAT, NOTHING IN THE UNIVERSE WOULD STOP IT, PRODUCING THE PERFECTION FOR WHICH YOU HAVE CALLED. IT IS MARVELOUS!

These Powers are so far reaching and that is why! As you gain the greater confidence, the greater fulfilling of your calls will take place; and not only will you feel the assurance of the immediate action; but you will at the same time know—well now every hour or twice an hour, this impulse goes forth again and again, and again to fulfill that Decree. Do you not see, that one day not far distant, everybody, after this crisis is met and conquered, will have come to the point where they can, three times a day, send forth Decrees for their own specific requirements; FOLLOWING THEM WITH THIS FEELING of once or twice an hour or whatever they choose, SO THE IMPULSE IS GOING ON IN ITS EVER-INCREASING ACTIVITY, UNTIL THE FULFILLMENT OF THAT IS ACHIEVED; and one Victory after another would be yours as easily as you take your meals.

That is why dear people, you are dealing with Law, the Infinite Power of the Universe! Just because these bodies have seemed to be limited so long, is no reason why they should remain so! Dear ones, you who seem to have many years over your heads, please do not ever feel, that because of your human qualification, you can not have the Same Power, Youth and Energy from your Presence. You CAN draw It forth at your command!

What do you think stops age? What do you think stops limitation? What do you think stops any human quality? By refusing to accept it or give it further power to act. In your Six Mighty Decrees which you issue, my dear people, they are the most Magnificent things ever known upon this earth. "We say to all human creation: 'you have no power' "! My dear ones, do you not see, that is being charged into the mental and feeling world of the people of earth with a Gigantic Power; and it has been for more than three years now? Well Its momentum is gaining Tremendous Power. Why? Because these Great Beings of Light, seeing that sincerity, will amplify It.

Perhaps at this point, I should apologize to the Messengers and some of the Staff. In this gigantic achievement, in removing the discarnate entities, We needed some extra energy, and usually of course you go nearest home for your supply! However, the achievement is here; and I am sure they will have no cause to regret the use of the extra energy. I trust this will be satisfactory.

Dear ones, I am very happy, tonight, over all that has been achieved and the steady Victory and Momentum We are gaining in Washington. One day, I hope I shall be able and free to explain at least the high lights of all that has had to be done there. Sometimes to change a powerful human desire is no idle thing, but since it may be done, well We must use whatever is required to do it.

I say this to all students in America and the world tonight: My dear ones, in all that you have furnished, it is only one-third of what We require. Of course it is your problem, the problem of the people of the earth, yet We want you to be free—I presume, more than you do yourselves; but since that is Our Privilege to serve, and since We must furnish two-thirds of the energy—We have got to have your one-third first! We have to be sure of that, then, We are sure of the other two-thirds; but once that comes forth, then We proceed with no uncertainty.

Property of Saint Germain Press, Inc.

Sometimes, if you pay someone a sum of money and don't get a receipt you might have to pay it the second time. If you get your receipt, you are quite sure of yourself. If We get Our supply, We are sure of it—We feel quite safe.

Dear ones, this Great Service is a Glorious Joyful Thing, and We do enjoy it! Oh, when We see blessed ones everywhere, releasing that Almighty sincerity and great determination for the Protection and Freedom of America and their own Freedom and Ascension, there is not a thing in the world within our Power to give, that We would not give for your strength and Victory! After all, it is so little after all the accumulation of the ages to hold Harmony now, making your calls which allow your Great Presence of Life to give you Its Great Freedom and Ascension!

Let Me show you how. If at any time, there would be a human question come to you concerning your Freedom and Ascension, remember—it is a Law that is always acting! Your human is just as apt to say to you: "Well you are just fooling yourself. You are just wasting your time and energy. How would you have your Ascension"? and all such things you know. Well, let Me show you, why you should NOT listen to it! The human which says that, does not know what it is talking about! Your call for your Freedom and Ascension is the Law of Life, and your Presence, the Wisest Intelligence in the Universe, which beats your heart, is the Power and Authority which raises you into your Ascension. Then, how could the human intellect say to you or question the Authority of that Presence, Power and Intelligence to do it? You see you have it right by the ear every time. It cannot talk back to you, if you realize that.

I have seen a good many people in whom the intellect was talking back to them and boy, they were accepting it. That is the reason I am prompting you, tonight, so you may

never be bothered again, by any suggestion from your human self or anyone's else, regarding the Victory of your Freedom and Ascension!

You know I sometimes long in an evening like this, to take you on a journey with Me and by worded description, just briefly show you something of what you have passed thru. It would take some hours to do it, but dear people, then I am quite sure, you would understand thoroughly, what this means in your Freedom at this time; because it is Life, the Authority of Life which is doing this! You in your feeling and your intellect make the call, and since it is for Perfection, then It is the fulness and Power of Life that makes the call; and the Greater Part of Life which is there, renders the Service and lifts you into Its Perfection. Is there anything simpler in all the world or more clear?

Just see how the Intelligence, Power and Light that beats your heart, is the lesser part of that Great Light, which is the Perfection and Ruler of the Universe! Then, would there be anything to prevent that Great Presence raising you, with your attention held to It, into the Perfection It is, forever free from earth.

Don't you see how It is Real—the most practical thing known to man? There is not one thing in your mechanics, today, half as practical. There is nothing transcendent about It or unusual. It is just a Great Law of Life which is acting, and as soon as you see that clearly, well you will have the Full Perfect Confidence of It; and there would not be a single thing from that moment on, which will stand between you and this Perfection!

I am going to tell you a joke on the Messenger. You know I have been watching him for sometime, to see in all these experiences how much, if any, was registering within. So recently, he said, or he sent the call and said: "Saint Germain, how much longer is this thing going to continue"? Well I did not say a thing. So after awhile,

Property of Saint Germain Press, Inc.

he sent the call again, and so I said, "Until it is finished." Well he did not say anything more, but I could see a very great hope there, that it might not be long.

Dear ones, do you realize what it means for these Beloved Messengers to have the tremendous courage and strength they have had, to stand against all that has been and is? Just a little further and they are going to see the reason for many things, and how all of this has been working up to a point of very great achievement. After all, these things of the outer world are just human qualities; and when you remember that they have no power, Oh really in your feelings, not here (in the head) but here (in the heart), then they really do not! That is the needed activity today. Then, your feeling world has to know definitely that all persons, places and conditions which would limit you, really have no power.

Remember, in these Six Mighty Decrees which you give, there is not a thing more powerful in this world; and if you feel this Truth and Power deeply, every time you issue one of these, you will be building into your feeling world that Absolute Power and Authority which makes them a Reality in your individual world!

When you say, as you have so often, and put your deep intense feeling into it: "To all human creation, you have no power!" it is a magnificent thing! You are building that for Absolute Positive Action into your world. "The Limitless Legions of Light sweep across the face of the earth and all human darkness disappears." My dear ones, think, that has gained a momentum these three years! It is gaining an Authority, Power and Dominion which is unparalleled!

That is why, you can afford to be patient and rejoice in the Glories that await you in the Victory and Authority which is yours; because remember, in your earnest devotion and attention to your "I AM Presence," there is not one thing, that stands between you and the Perfection

which is there; which you can draw here into your body and world of action.

I thank you with all My Heart, dear ones, for this opportunity to talk to you so closely, and be so near in your hearts. May you feel Our Great Love and Gratitude to you, for every effort that you make, in your calls to the Great Presence of Life; and may you know definitely, tonight, that no call has ever gone forth unanswered! Whether you have seen the outer manifestation of it matters little, but no call to that Presence of Life, ever has or ever will fail to be answered! Outwardly the human cannot judge, but in the great momentum of your calls, remember it is the lesser part of Life, calling to Its Greater Perfection, to bring Its Freedom here!

I thank you!

ARCHANGEL MICHAEL

It is our great privilege and joy to announce the release of a new song—"ARCHANGEL MICHAEL" by the Messenger, Lotus Ray King.

This new song is a tribute of Love and Adoration to the Mighty Cosmic Being, the Archangel Michael, who forever stands guard over all who serve the Light and call for His Protection. He has for centuries given His Protection and Blessing to mankind of which they know nothing. His Sword of Blue Flame is a very Real and Mighty Focus of God-Power by which He cuts away destructive creations of individuals and conditions that cause so much destruction and suffering to mankind.

This song has been brought forth as a Mighty Magnet of the Archangel Michael's Tremendous Cosmic Power of Light, Protection and Blessing to all who will sing it with Love, devotion, gratitude and blessing to Him. It is a Focus of the acceptance of His Coming into the outer world in His Visible, Tangible, Ascended Master Body to give help to mankind.

Every time this song is sung, heard, played or the picture contemplated, each individual's energy thru his or her attention to this Great Cosmic Being becomes a Magnet of attraction which draws Him into close personal association with those who accept His Tangible Presence and Reality.

Use! Use! Use! this song and give the Archangel Michael the call which will enable His Mighty Help to get thru to bless and set you free. The music is a definite means of attuning one's feelings into His Heart and receiving the help He so lovingly offers.

The picture of Archangel Michael on the cover of this song is the work of our beloved May DaCamara, whom we love, thank and bless without limit forever.

May all accept and know the help He gives to bless, protect and sustain them, until they see Him in His Tangible Body, when He comes forth into the outer world to walk and talk with mankind face to face.

With every atom of our beings we love, bless and give eternal devotion and gratitude to this Glorious Cosmic Being, the Archangel Michael. May all mankind do likewise and receive His Glorious Blessing.

Beloved Precious "I AM" Students, in all "I AM" Study Groups and musical activities, please use only the Music of the Spheres; or music to which there are words in our loose-leaf songs (except Nos. 34, 49, 52).

Please do not use outer world music of any kind in your musical activities at any time, as Saint Germain and the Other Ascended Masters are giving the Music of the Spheres which They request us to use; because of Its Special Radiation for the release of the Ascended Masters' Consciousness contained within it.

We are building a permanent musical activity to release Ascended Master Healings, Ascended Master Blessings, Ascended Master Protection and Ascended Master Perfection and these can only come thru melodies which are charged with Ascended Master Feeling, and Ascended Master Words, which are Cups that carry Their Ascended Master Light-Substance into the minds and bodies of those who hear this Music of the Spheres.

We wish all our "I AM" Musical Activities to be kept uniform all over the world, so the Greatest Light and Help from the Ascended Masters' Octave can go forth everywhere, to bless all mankind until all are raised into the Ascension forever.

ANGELS OF VICTORY

**NGELS of Victory and Great Cosmic Rays,
Sweep o'er the earth like an Ocean Ablaze
With Flames from the Sun and Victory's Heart,
Conquering, perfecting all earth—every part!
Their Great Cosmic Scroll of Light fills the sky,
Their "I AM" Commands are heard from on High!
In Legions They come, now filling Our Land—
Thru Their Cosmic Love, They hold each one's hand!**

**Angels of Victory—Almighty! Supreme!
Flood over Our World an Unending Stream
Of Light and such Peace, all—everywhere bow!
Their Victory "I AM"—enfolding us now!
Majestic They Stand—unyielding Their Power,
Their Mighty Presence clothes us all this hour!
Behold Victory's Shield is leading the way—
The Victory He gives, forever holds sway!**

**Angels of Victory, reveal Victory's Love!
All thru the ages, Their Presence above
Offers His Victory, shows all His Great Might,
Gives all His Substance, His Great Cosmic Light;
Now all on the earth forever shall hear—
Their Voices ring out—announce crystal clear;
"The Great Word 'I AM' is Victory come thru!"
The Flames from Their Hearts blaze His Victory too!**

**Angels of Victory and Legions of Light,
Authority bring from Victory's Height;
On earth evermore in Victory They dwell,
To set mankind free and everywhere tell
The Great Truth "I AM" and sing Life's Great Song,
For unto the Light does all earth belong;
Until all Victory and Freedom are won
And all know their Source, the Great Central Sun!**

**Angels of Victory—illumine the air!
Their Blessed Presence sweeps now everywhere!
Stay with us on earth and all here control!
All Victory release! Make men now behold
Thy Power of Light—Thy Great Divine Plan—
Thy Presence and Might—God's Will and God's Hand!
Thy Glory "I AM"! Thy Victory shall reign!
All shall raise to Thee—Thy Victory attain!**

SAINT GERMAIN'S DISCOURSE

Cleveland, Ohio — October 11, 1939

DEDICATION "I AM" SANCTUARY AND READING ROOM

I THANK you, beloved ones of the Light, with all My Heart! I wish you to feel, tonight, My Deep Gratitude for your great loyalty, your courage and strength here, to carry and hold the Light so magnificently as you have done. Few understand the vast achievement of the past year; and I wonder if you realize how great a part of that you have been. Do you realize, dear ones, what Real Loyalty to the Light and to Myself means?

You see, an Ascended Master cannot have human qualities, so, if I speak of Myself in this capacity, it is because the Law of Life made Me the Law, to bring forth This Light to you; and since "I AM" THE LAW OF THE VIOLET RAY TO THIS EARTH, I want you to feel what that means to you in Its use. For the first time in a very long period, it has been possible to dissolve or have dissolved and consumed that which was indescribable! It is being done with great speed and power everywhere! Its far reaching Power We have touched upon but little, but presently, I think We shall touch more upon it.

Now, before I continue and while you are standing, let us dedicate this lovely place to the Light and the Glory of the Blessing, Protection and Freedom of Cleveland and the people here.

May I, thru the Current of Energy, thru the arm of the Messenger, shake the hand of our beloved Viva, for her staunch, loyal strength and courage to stand so stead-

fast to the Light; and may each of you feel My Hand in yours in thanks and gratitude.

"Thou Infinite Power of Light! I speak to the Higher Mental Body of every one in this city, to co-operate with our beloved Viva, the beloved students and Group Leaders here with all Its Infinite Power; to spread the Light, to expand the Light, to hold the Dominion of the Light here in this city.

We charge this chosen spot with the Power of Infinite Light, the Focus of the Light Rays of the Ascended Masters, the Legions of Light, the Cosmic Beings and the Cosmic Light, to hold that Focus here, so every discordant thing may be forever dissolved; so the Power of that Light and the Glory of all It contains, may be the Dissolving Presence or Pressure of Light; to hold about each one the Dominion of the Light released thru the Higher Mental Body; to render whatever Power and Service is required, in that service which each wishes to render.

Since every one has free will or choice, and at this time, must choose whether he or she wishes to serve the Light or not, then mankind has met the Great Divide! In your earthly mountains you have that which is known as your Great Divide. In the Cosmic Light for the first time upon this earth, there has come the Great Divide, or shall we say, the Almighty Power asserted by the Cosmic Light, in the Selective Discriminating Intelligence that sees and knows only from the Inner motives of individuals; to hold, determine and bring forth into Full Action, the Wisdom of the Cosmic Light! Such is coming into action with Great Speed and Power.

May you all silently within your own hearts determine to serve the Light and then follow that determination unwaveringly!

We draw the Mighty Pillar of Light at this Altar, so Its Radiance may go forth to heal, to bless, to prosper every one who enters within these walls; and spread Its

Radiance thruout the city, to reach those whose Light has expanded sufficiently, so they may understand, so they may comprehend!

BELOVED ONES, REMEMBER YOUR CALLS TO THE HIGHER MENTAL BODIES OF OTHERS IN YOUR CITY, ARE MUCH MORE POWERFUL AS A RULE, THAN ANYTHING YOU COULD DO IN THE PHYSICAL. THE PHYSICAL PART OF THE INDIVIDUAL MANY TIMES LIKES TO QUESTION, LIKES TO ARGUE; BUT WHEN THE HIGHER MENTAL BODY SPEAKS TO THE INTELLECT OF THAT HUMAN FORM, THERE IS NO ARGUMENT! ONE DAY, EVERY STUDENT IN THE LAND IS GOING TO UNDERSTAND THAT, WITH A POWER WHICH THEY HAVE NOT UNDERSTOOD HERETOFORE!

The human so often thinks that it has got to rush around and do something desperate in order to convey that which it wishes, many times obstructing the way; but when you really make the call to the Higher Mental Body of the other individual, YOU HAVE SET INTO ACTION THE GREATEST POSSIBLE POWER AND INTELLIGENCE TO BRING ABOUT THE RESULTS. Now, if it be constructive, then the Higher Mental Body of the other individual will co-operate with you; but if it be destructive, of course, It would not. Therefore, only the Great Law will act!

As some of you have observed, there have been those who thought they could use This Great Law destructively. Well, that is impossible! The very call to the Presence would destroy whatever destructive thing was there; but some do not understand that and only by sad experience, do they find it out.

Now, beloved ones of Cleveland, will you accept this Dedication of this lovely place as Real? The Pillar of Light which I have drawn here is REAL! Its Self-lum-

inous Intelligent Substance, will spread Its Radiance to every one who enters these walls day or night; and will reach out into your city rendering Its Service! The Light Rays which I have called to be projected here, as a Focus for your Assistance, for your Blessing are Real! They are Self-luminous Intelligent Substance that not a thing in the world of human quality, can interfere with!

(Thank you so much and won't you be seated?) In continuing My Talk to you, since we are just a happy family tonight, at least I feel so, I hope I am able to convey to you, that I really never make any mistakes! You might suspect to the contrary, but yet it is quite true! When I dismiss someone from This Activity, it is because I have watched for a long time, the Inner motives acting; and know that it is useless to try further in this embodiment. Now won't you accept that as Law in This Great Light, because it is Law; and if you do not accept it as that, you are going to be disturbed and probably interfered with in your onward progress.

IT IS NOT BECAUSE I DISLIKE SOMEONE, BUT BECAUSE THOSE QUALITIES CANNOT BE PERMITTED TO SPREAD THEIR RADIANCE IN THIS ACTIVITY! DO YOU THINK DEAR ONES, THAT WE, AS ASCENDED BEINGS, ARE GROWING HARD BOILED? I TRUST NOT! WE NEVER CHANGE, BUT REALLY WE HAVE TO BE SOMETIMES ALMOST SEVERE TO BE HEARD! Since we have pled and pled for two years and We are not listened to, then We have to be severe to get the attention; then, usually it is too late for the individual.

Now, dear ones, in our heart to heart talk tonight, I want you to understand that I do know exactly everything —that is going on about each student in this and foreign lands! I have to, dear people! I know their motives, or can, if it is necessary. I do not mean I go about looking into the motives of every individual, but if it becomes

necessary, I must do it! Very easily by the projection of a Light Ray, and by holding them in It, the motives within the individual are revealed.

That is the Law of My Activity, since I am the Law of the Violet Ray to this earth, which is the Purifying Activity to mankind!

You know, I sometimes suspect, if mankind knew that I had much to do in connection with the Goddess of Purity, they would not welcome Me so much either; but haven't you suspected, that since I am the Law of the Violet Ray to this earth, then I must have some part in that which the Goddess of Purity does, in releasing mankind into the Purity of their own Great Presence of Life? That should not be any great crime!

Oh, my dear ones, how wonderful, how wonderful is the day mankind understands there is no sacrifice upon this earth to this Great Light! You only let go of the things that bind you, that limit you, in order to have the Freedom of everything Life holds for you; and after you have gone thru so many thousands and thousands of embodiments similar to these, going thru distress and limitations again, again and again, Oh is it not a Great Friend, Who has shown you the way to get out of that forever? It is not a temporary thing, you are forever to be Free in your Ascension, from all these conditions which have bound you to earth!

Do you not see, it is only the presence of the desire for the things of earth, that bind you to the earth? You have not known that, because you felt that you must have certain things, and it is quite right that you should. You may have all the use of things in this outer world that you can possibly require, but you are really their master, not they your master. You see the idea, dear ones? In all that there is, you must be the master of all things which you use! Otherwise, they will master you sooner or later!

It is the same way in your desires. You must have

Property of Saint Germain Press, Inc.

seen by this time, that your desire world, your feeling world, is a criterion of that which you are, whether you are going up or down! Then, if your desire world is upon things which you know must limit and pull you down, I would say to that desire world: "NOW STOP RIGHT THERE! MY DESIRE IS FOR FREEDOM, AND REMEMBER 'I AM' FREEDOM! MY DESIRE IS FOR MY ASCENSION AND YOU IN YOUR HUMAN QUALITIES, ARE NOT GOING TO CHANGE THAT"!

Dear people, do you not after this length of time, really understand that your determination will change your desire almost at once, if you are determined enough? If you will say to any wrong desire: "STOP! I WILL HAVE NO MORE OF THAT! GO IN YOUR ATTENTION, IN YOUR DESIRE TO PERFECTION AND STAY THERE"! Then you will have the Out-pouring of Perfection because your desire world, your feeling world, is the magnetic power. Why do I call it the "magnetic power"? Because you are dealing with earthly conditions—qualities which must be perfected.

Now in the desire for Perfection, the Inner Quality acting there, is the already established—Power and Pressure of Light and Life which is Perfection; but since the place where the Remedial Agent, which is required is there, (Pointing to the Presence in the chart) We must draw that Perfection here, must We not? It is in the human octave where this correction must be made! BLESSED ONES, THERE IS NOT ONE OF YOU WHO CANNOT QUICKLY CORRECT ANYTHING IN YOUR BODY OR WORLD, IF YOU SET ABOUT IT WITH GREAT DETERMINATION. The reason is this: Here beating your heart is the Greatest Known Intelligence and Power in the Universe! The same concerning your supply!

The same Great Presence is the Treasure-house of you and your world! Of course your Presence is not holding so much coined gold, silver or bills there; but do you not see that this Wise Intelligence, when you really do accept It as your Treasure-house, will bring into action in the human octave, Its Harmonious Activity which brings the release to you? THERE IS NOT A HUMAN BEING ON THIS EARTH WHO OWNS ANYTHING! MANKIND ARE BUT GUARDIANS OF IT FOR THE TIME BEING, AND SINCE THEY CANNOT TAKE IT WITH THEM, THE PROOF IS, THEY DO NOT OWN IT. As Lotus often says, you do not own your bodies. Well it is true, but pretty soon you are going to! That will be quite a different thing!

My dear ones, I feel like a little boy when I begin to think upon this point! You cannot imagine what it is to Me, after all these centuries, to see so many in America who are going to make their Ascension in this embodiment without any question about it! (applause—audience rising)

Thank you so much, dear ones, and just FEEL while you are standing for a moment, what it means to Me! I may not say anything to you now; but I do want you to know what it will mean to Me, to grasp your hand in that Octave of Light, knowing that you are forever Free from these limitations of earth, after the hundreds of lives in which you have lived. I may try to be dignified, but you will see thru it in a minute! (applause) I tell you, it is the most Glorious Thing ever known on this earth. Never was such a thing in the Universe as that day, when individuals are freed by their call to Light, to Life, from these limitations of earth. (Thank you so much, won't you be seated?)

I want you to understand, that I mean every word of that! It is no idle talk, and remember please do not try to judge, any one of you; because you might still make a

Property of Saint Germain Press, Inc.

few mistakes, that those mistakes are going to prevent your Ascension! It takes more than a few human mistakes, when you have given great attention to this Light, to deprive you of the Ascension, if you are sincere to that Great Light! Your motive and sincerity, dear people, mean everything in the world to that Victory! It is not a matter of a few little mistakes out here. Heavens, haven't there been thousands and millions in the past, and as evidence of that, please follow Me:

Since all the millions of mistakes have been made, and there is all the accumulation of the centuries; and since by the call to the Presence and the use of the Violet Consuming Flame, you can have dissolved and consumed all that accumulation, as We have told you time and time again, in from a few weeks to a few months at most; and in almost every instance, if the individual would be determined, it could be within one year; then tell Me, if there is anything greater in the world, and why a few extra mistakes would now prevent your Freedom!

Since you are having dissolved and consumed all that accumulation of the past, do you think a few more mistakes now in your sincere effort would prevent it? Watch out, that you do not condemn yourselves, because suddenly you find you made a little mistake.

Beloved ones, remember I have asked your beloved Viva to be the Guardian of the Light here in Cleveland! Won't every one of you co-operate with her to the fullest of your ability in Love, joy and happiness, that the Great Light may spread here and bring into Its Fold, the many people here who want It so much? (applause — audience rising) Thank you. I am sure you will do everything possible to help.

You see, it is not a matter of our beloved Viva, it is not a matter of you, but it is a matter of the STEADY, HARMONIOUS FOCUS OF THE LIGHT in your city;

so that the Harmony of that may reach forth and draw into Itself those who want This Light.

Now for instance, this Pillar of Light which has been established here, with the Surrounding Element of Complete Harmony, It would naturally reach out and draw by Its Great Drawing Power, the people who come here from time to time, who would become awakened to This Great Light! That is how this Mighty Focus of Light must be Harmonious, within Its Surrounding Element, in order to do Its Greatest Work, render Its Greatest Service. (Thank you, won't you be seated?)

I ask those from the west who are here, do you remember how long We have pled for Harmony, Complete Harmony in the Groups thruout America; and how We saw all that could be done? The blessed ones, not fully understanding, did not see the necessity of that Great Determination to keep the Complete Harmony there, to allow Us to do the things which We wanted to do so much, and so, We have had to wait; but I feel more certain than ever now, that it is not going to be long, until such Complete Harmony will be established thruout all Groups in America, that We will be able to pour forth and do the things We have waited for these—just about three years, to do. Oh, I mean for you individually as well as other conditions.

You see, dear ones, We dare not draw Power beyond a certain Pressure, until individuals hold sufficient Harmony within their own feelings! We cannot do it, because We would be responsible for whatever injury came to you by your lack of control. Now remember, in this of which I am going to speak, We are not responsible!

In every one of the Messengers' Classes, the step-up is continuous and growing greater, greater and greater! Since the Shrine class the step-up in each class is tremendous and will be here; and those who attended the Chicago class, felt the tremendous Charge there! Now necessarily

Property of Saint Germain Press, Inc.

it must continue to be so! The matter of the number of people there, has not any particular thing to do with it; but This Great Cosmic Light and the Great Cosmic Beings in the Dispensations which have been asked for, my dear people, do you realize that is no idle thing? When We ask for a Dispensation from the Great Central Source of Intelligence and Power to this System of Worlds, We have taken on some Responsibility! Do you realize that? Do you realize, that when you call for things or a Dispensation, you are taking on the responsibility of holding harmonized the Greater Power that flows thru?

My blessed ones, do you realize what it means to become a hundred percent student? May I explain! You have made a contract with your Presence! Let us speak now in commercial terms for the moment—you have made a contract with your own "Mighty I AM Presence," to give certain obedience which that requires, to nothing else but your "I AM Presence"! Then, Life has taken you at your word and Life is very apt to hold you to that!

I say to all people in the future: THINK WELL BEFORE YOU MAKE A CONTRACT WITH YOUR OWN "MIGHTY I AM PRESENCE," TO BECOME A HUNDRED PER CENT STUDENT; BECAUSE IT MEANS YOU GIVE YOUR WORD, THAT YOU WILL BE OBEDIENT TO ALL THAT REQUIRES OF YOUR LIFE STREAM! If one wishes to become a hundred percent student with a wrong motive, it will be an unhappy day for that individual!

You see you are dealing with a Great Law, the Most Powerful in the Universe! I am not saying this to frighten any one, but I want you to feel all that It means! These are tremendous things, dear people! I know it is true and I say it quite frankly, there are some who just run along and say: "I want to be a hundred percent student," without any consideration whatsoever, as to what It means!

Well they will find out one day, that they are going to have to confront ALL that It means!

Oh, my dear precious people, is it possible there is any one who does not understand in This Great Law, that you are now dealing with the GREATEST AND MOST POWERFUL LAW IN THE UNIVERSE, THE GREATEST MAN WILL EVER KNOW! There is nothing greater than your "I AM Presence," and that is the releasing Power of the Infinite Power in the Universe into your individual world; for Its Perfecting, Purifying requirement and your "I AM Presence" of Life, which should be the Governor of your world and is the Governor of the Universe, is the Lifting, Raising Power, which raises you into your Ascension.

You know sometimes, as I pass to and fro among the students, I see now and then one who, Oh maybe for the moment in really sincere anxiety, keeps feeling that I have got to do something physical about this! Don't do that, dear ones! Go on making your call and leave all to your "I AM Presence" in Its Great Wisdom! Do you think when your calls are sincere, there could anything of human quality stand between you and that Presence which placed you here, whose Almighty Intelligence and Power of Light beats your own heart?

Oh, don't you see, dear ones, that is the Greatest Thing in the Universe, and because you do not seem to be manifesting Mastery here yet, is no reason to think or question the Authority of that Power which beats your heart! It is only because you have not cleared your world of accumulations enough, that this Great Presence does not pour thru in Its Fulness; but It will! It cannot help it!

Dear ones, please see there is nothing in the world can stand before that Presence and you, when you once sincerely call It into action! There is no human quality which can possibly do it; and I think you should feel that, dear ones, in your money supply! Your "I AM Presence" is

your Treasure-house, and if you will look to your Presence as the Treasure-house, Its Love, Wisdom and Power will go into action in the human octave, and bring about the conditions that bring, thru Harmony, the money supply you require! It has to do it, because it is the law of Life!

You might quite justly say to Me for the moment: "Well how about the individuals thru whom that supply might come? Do you think that Presence would make any mistakes? If the Presence brought to you, thru your call to It, the supply, then would It not be Divine Order and Divine Justice?

Will you observe your beloved Messengers, dear ones! They have never looked to a human being for one dime since they left Chicago. I told them before they left, that if they would look to the "Mighty I AM" for their supply to carry This Work forth, it would come forth; and they have never wavered for one single instant; and when some sudden requirement was there, they never forgot. They turned and said: "Mighty I AM Presence," here is an emergency! Now You are the Power that supplies the money to fulfill this! See that it is done," and it was done at once!

When you come to trust the Great Wisdom and Power —now notice I say: "the Great Wisdom and Power" of your "I AM Presence" which beats your heart, you will never in this world be disappointed.

Now observe, my dear ones, why you go on day after day. Your Higher Mental Body is the Regulator, the Director of all the activities of the organs of your body, and until something gets out of order by discord, you think it is quite wonderful. You do not have to give it a single thought. You say: "I want to go here," and you go; "I want to go there," and you go; "I want to do so and so," and you do it. Well, what in the world is enabling you to do it? Do you think those physical forms are enabling

you to do that? Oh, my dear ones, surely not! Of course, you do have a certain amount of gathered energy which would involuntarily act, but, my dear people, the Intelligence, the Energy which you call forth, is from your Presence! Since It is wise enough to direct the functions of your body, and if you keep harmonious, keep you in perfect order, health and strength, why wouldn't it do anything else you require?

Do you not see, it is just human concept which could temporarily dominate in your world of thought and feeling, that deprives you of the Fulness of the Presence, flowing forth to render whatever service you might call forth or require? That is the only reason, you seem to be deprived of a single thing!

Now look again! As you know, these dear Messengers were owing five months rent when they left Chicago, because they had not been able to make connection with the supply. Well, they went forward, at My Request, believing what I said; trusting Me, trusting their Presence; and you see the result! There is not a living person on this earth, who would have the same sincerity, the same determination and give the same obedience, who would not be able to do the same thing; but you don't know the hours, and hours, and hours of the most terrific application that human beings ever made, which they made. I am going to tell you something—I don't think they will mind—from the time of their second class in Philadelphia, when they went South to Florida, then to Dallas, then California, they went North and came back to Los Angeles, no such application was ever made in this world as they made. They never stopped day or night! (applause —audience rising)

I mention this, that you may see what real dynamic application does; because there is nothing that can stand before it in the Universe; because that is the Power of Light, or the Pressure of Light called forth into action, and

all human qualities must go down before It, must dissolve before It! That is why I bring to your attention these points! (thank you so much)

Now, I am going to say one thing more concerning this which should be the greatest encouragement to every human being on this earth! Of course you know a little of it, but my precious people, you have no idea, the terrific destructive forces, that these beloved ones have had to stand against, and are still standing against to carry This Light! No such thing was ever known on this earth, as the destructive forces which have been projected to these two blessed ones, to stop This Light; but to show you how all destructive force finally destroys itself, the Messenger just had word from the west today that ———— who spread his viciousness all over the world, has sent word to one of the groups, that he thought he might just as well give it up. (applause — audience rising). He said the students would not any longer read his literature and no one else seemed interested, so he thought he was about finished! Well that is quite True! I agree with him, but it seemed a long time, didn't it? Well, don't you see, We can always afford to be patient! We could have put him helpless on a bed the rest of his days, but We did not.

People destroy themselves by their own destruction! We do not use a destructive force and even when there are those We must dismiss, still We are not using a destructive force; because their own qualities have been their dismissal and have cut them short! Won't you see that, dear people, so that there is no feeling in you, that I am making a mistake or that I am being unjust! If you do, then you make a GREAT MISTAKE!

We are touching upon a number of things, tonight, that I am sure will give you great Happiness and Freedom, dear ones. It is not quite as easy to understand the conditions that are existing in Europe tonight, yet will you clearly follow Me in these words: As these continuous

calls go forth to the Great Power of Light, to dissolve all human selfishness and discord from the earth, as the Great Goddess of Liberty and the Mighty Arcturus have said; then conditions which have held nations in bondage and destruction for centuries, must one day find that viciousness returned upon them or those who were the cause of it, which will cause to be dissolved the originators of this condition—a vastly different thing, than before This Light was known!

You see dear ones, when people of the world begin to really know that their own human physical heart, is the Outpost of the Greatest Power and Intelligence known in this Universe, then they have set into action the Greatest Known Law in the Universe, to bring about these conditions; which will eventually be the Remedy and removal from this earth of every destructive force. It is the Law of your Life, of every human being's Life on this earth!

Remember, the Higher Mental Body who is the Director of the Currents of Light and energy thru every human being, wants Perfection just the same as you want it! It does not make any difference what the physical is doing or how destructive it is, that Higher Mental Body wants Perfection, just the same as you do! Then, do you not see how after all, outside of the very atmosphere of this earth, you have every Co-operative Force or Power and Intelligence of this Universe, acting in conjunction with you and your call? Then, what is there in the world that could stand against it?

Dear ones, you have a Scepter of Power in your hands in your understanding and application of your "Mighty I AM Presence" which is the Greatest Thing in this Universe; and there is nothing to compare with It or ever will be!

I am going to say something, tonight, which I have never said and I think We should begin now. Why do you suppose, in all other various attempts to bring a greater

understanding to mankind, and in the various things in which the Words "I AM" have been used, why do you think the Explanation was withheld? We have never explained this to any of you! Why do you think mankind have not been given this before? While many temporarily had a Tremendous Feeling at certain times, when they would touch upon the Words "I AM," yet the explanation was not given. Perhaps, many of you know of intervals in your own experience, when you would feel a sudden Thrill and Power from those Words, and scarcely before you knew it, It was gone! The reason is this: Until the use of the Violet Consuming Flame could be brought into action, to dissolve the human discord, the Power released in the acknowledgment of the "Mighty I AM Presence" would often have thrown people out of the body; because of the Power released, suddenly being requalified by human desires!

I know many have felt impatient with Me at times, but why have I led the students of America along so gently? Because I know the Power of These Great Laws! You are living the Law of Life, dear people, in your attention to the "I AM" Presence." It is no respector of persons, and when you call to that Presence with deep sincerity and determination, you release a Power you cannot imagine, unless you see with the All-seeing-eye within that which is released!

I could find a few among the student body today, who could under a certain powerful impulse, release a force from their "I AM Presence" that would stop a projectile, because I have seen that force; but they have given absolute obedience, having maintained Harmony and that Power gathered, is charged with the Power and Perfection of the Presence, which is the Power of Light, and no human qualities are there!

Therefore, this is what I wish you to understand, my dear ones, that if you, for any reason whatsoever, allow

yourselves to keep feeling inharmonious about persons, places or conditions, how could you expect the Wisdom of your Higher Mental Body to release Powers of Instantaneous Action at your call? Do you not see, dear ones, how it is only a lack of that needed Harmony which prevents you having Absolute Instantaneous Answers to your calls at any time?

I just want to tell you, because I happened to be present, when the Messenger read the letter today. At the beginning of the Chicago class, a blessed lady wired for assistance for her husband who had an acute attack of appendicitis. There seemed to be no possible chance, but to go to the hospital for an operation. The Messenger felt the powerful impulse to make the tremendous call immediately, when the wire came. He stood on his feet and made this most powerful call and at the same moment, the doctor was in the room. All of a sudden, all inflammation subsided and the doctor saw it subside! Presently he said: "Well, I think an operation won't be needed." The next day he came back and the husband was quite recovered. The wife said to the doctor: "Do you think it could have been the hot applications"? The doctor looked at her and smiled and said: "Oh no. Hot applications don't do that." Well, she said: "Perhaps it was God." Patting her on the shoulder he said: "Madame you are quite right. It could not have been anything else, because in my entire experience, I have never seen any such thing." That was the instantaneous answer to the call made!

Now, beloved students, won't you see and feel this! There is not one of you who cannot do the same thing, as you gain momentum and confidence! There are two kinds of confidence you know. We are talking about Divine Confidence now, but WHEN YOU REALLY HAVE CONFIDENCE IN YOUR "MIGHTY I AM PRESENCE," IN YOUR CALLS, YOU WILL BEGIN TO

HAVE THESE INSTANTANEOUS ANSWERS WITHOUT NUMBER! Oh, that day when you do, your joy will know no bounds! Then, you will begin to feel the Mastery and Authority which you really are!

Oh, my dear ones, just think, as you sit here tonight: This Light which beats your heart, is the Scepter of Power and Authority every moment, for your dominion over all things upon this earth, but you don't have the confidence in It! You have so long believed that persons, places and conditions out here, have power to limit or disturb you or make you inharmonious; but that really is not the case! It is your reaction to a thing that determines its effect in your world; and that reaction is your feeling toward it.

As the Messengers have so often said, you can take two people, put them thru the same condition—one will laugh it off and pay no attention, the other takes it seriously and has serious results; but in your acknowledgment of your "I AM Presence," is the Authority which is yours, if you will remind yourselves, that this Presence which is beating your heart, is going to do these things. All you are asking for, is the Authority of the Universe. Oh, what a different thing would come into action in your application, if you can feel this!

Dear ones, I ask you to just silently decide within yourselves, how many times before you start to make your application, do you remind yourselves of that? Some emergency comes along, and you leap into your application without stopping to think: "Now my Presence to whom I make my call to do this, has ALL AUTHORITY! Therefore, how could I question or doubt Its Ability to do this thing right now! Oh, how I like those two words—RIGHT NOW!

Oh, you would smile, if you had seen Me a long time ago, when I was having My battle and I would try to feel that so earnestly, then I would make a gigantic call and it did not operate. Then, I would go back to the begin-

ning, but after going thru that a few times, I tell you, that other quality just dissolved and disappeared; then, when I went into action, the result was there. I tell you, dear ones, I know from experience!

As long as you allow the human to have authority to dominate you, it will hold that dominion; but when you will stop, still yourselves and say: "Now this for which I am calling, is thru the Authority of my own "Mighty I AM Presence," under the Action of my Higher Mental Body and Its Direction; and knowing that my "I AM Presence" is the Authority of the Universe, then there is no human quality can stand between It and the achievement! Then, when I make this call, there is no question of its immediate result." After a little of that kind of preparation, you will feel a confidence, my dear people, in your calls to your Presence, that will give you Instantaneous Action.

I think all of the students are at the point now, where they should have this, and of course a great many are having wonderful marvelous results; but I want all the students who are really sincere, to have those same results. That is why I am going into this tonight. Your sincerity is so great here; your determination is so great—and really what you have achieved has been so tremendous! Do you not see how wonderful has been the answer to your calls for money supply here? Do you not see how really wonderful it has been! Yet, all that you have achieved in the transcriptions, in the broadcasts and all, is a magnificent thing, dear people, a marvelous thing. You are not a great group here of several thousand people, but your determination and loyalty has been unsurpassed, and I want you to know and feel that!

Now, then, please remain seated. You probably have thought that things have been rather quiet since the Messengers have arrived. True, in the outer! Within your city and for fifty miles surrounding, there have been re-

moved the discarnate entities. (applause — audience rising) I just could not deprive you of that, but what a great rejoicing! One day, when you see, you will know all that it means, for these cities and states for which this has been done. Please, do not ever expect Me or any of the Great Ones to describe or make any effort to describe to you, what this means! If you knew the Force, the Power that it requires to do this, you just would not care to hear the description. Dear ones, while you are standing, will you try to see and feel this!

You think of Us as Transcendent Beings and We are, there is no question about that! You feel in the human octave, that there are certain activities of Life, which you would not like to soil your hands in doing! Did you see what We are compelled to do, in removing these discarnates, in this vast scope of your city and for fifty miles surrounding, then you would understand what We are compelled to do to render you that Service! So please, do not feel dishonored, in anything that your hands are required to do, which is honorable in the human octave; to bring Perfection and happiness to you. We have never dared venture any description.

Perhaps, the greatest battle of the Light and darkness was in the removal of the entities of Chicago. They had been held there over a long period of time and much had to be done by Actual Force! I WANT YOU TO SEE A LITTLE OF WHAT WE ARE DOING, TO HELP THE PEOPLE OF EARTH TO BE FREE! MY DEAR ONES, IF MANKIND OF EARTH COULD UNDERSTAND THIS, AS YOU ARE UNDERSTANDING IT TONIGHT, I AM SURE AMERICA COULD BE FREED OF EVERY HUMAN QUALITY INSIDE OF ONE YEAR! All discarnates could be removed and all the substance of human qualities which have been charged into the belt above and around America, would be no more.

You do not see these things and know them as We do, but my dear people, so far as their influence upon mankind is concerned, it is REAL! It is Substance, it is energy humanly qualified and sometimes, most fiercely destructive! (Won't you be seated?) That is why this has already been achieved, in preparation for the coming class, that you might receive the fullest possible benefit, for steadily and surely this Victory of the Light is going forward!

Please, beloved students, do not feel dismayed, because conditions seem to be hanging fire in Washington, D. C.! There is of course the under-current which is determined to drag America into war; but just keep knowing that it has no power and that the Forces of Light, the Cosmic Light and Those Rays projected by the Ascended Masters, the Cosmic Beings and the Legions of Light, are going forth into action! Now mark you, what the Activities of K-17 and His Legions of Light are. They are acting almost in the physical octave, enough so to do physical things, and remember with that Activity, all things are possible!

Many of the senators are being charged! We do not want to use force, WHICH WE MAY BE COMPELLED TO USE, IF THIS THING SHOULD GO THRU; but I have great confidence tonight, that it will not. All destructive forces in America are seeing for the first time in their lives, that there is a Power acting which they do not understand nor comprehend! You notice the vast change, and if you saw the papers, today, you would see where one of the first focuses in America of the communistic element, which brought such destructive power and immoral activity into our schools and colleges, has been put down. In Harvard, they have burned five thousand communistic pamphlets in that college!

Now, dear people, the people of America are awakening! It might seem slow, but I tell you faster than you realize; because there are many sources in America which, while they are not awakening to This Light, they are

awakening into a loyalty to America which is a powerful thing! I ask you to notice the difference in one year ago and today!

You, who sometimes attend moving pictures, saw even up to a year ago, if anything communistic was mentioned, you heard great commotion of acknowledgment. Well, since the impulse to throw your Beloved American Flag on the screen has come, the change which has taken place has been tremendous, and today your Flag never fails to receive an ovation. (applause)

Now, beloved ones, I am just mentioning this to show you the trend of the mass of the people! That, I think, is a considerable transformation in almost one year. I tell you, up until a year ago or perhaps a year and a half, and up until Dies began his investigation, the people were asleep! Think what that man has done for America! Surely, my dear people, he is an Ascended Master Friend raised up, to reveal the destructive forces in America! You must observe the powerful protection he must have had to continue that great work!

After all, are you not having the evidence before you of the answer to your great calls? NEVER WEARY OF YOUR MIGHTY DECREES! THE MOST WONDERFUL THING THAT WAS EVER DONE BY MAN, IS THESE DECREES THAT GO FORTH; and yet, there are those pretending sincerity to This Light, who try to instill into people at different points, that the Decrees are no longer necessary. Dear ones, when they are not any longer needed, I will be the first to let you know with all the Joy of My Heart!

We are winning a Victory that will last thruout eternity, in and thru these Mighty Decrees! When you understand, and if you do, remind yourselves every time you send a Decree forth, that it goes into action in the mental and feeling world of mankind, just as definitely as if you threw a stone into the water and watched its pulsations

go forth, then you will feel the greater Power! It goes forth and acts in the mental and feeling world of mankind, just as definitely as you write down a word with pen and ink, but in that there is no resistance. It just goes into action; and since the mental and feeling world of mankind are one, it acts.

There is one other point I want, so earnestly, for you to get clearly tonight. In your calls to the Presence, and in the Decrees which you send forth, the "Mighty I AM Presence" of every one of you is ONE insofar as the Quality of Perfection is concerned, isn't it? Every one of you has an "I AM Presence," but your "I AM Presence" is one with the "I AM Presence" of everyone else, in the Glory and Perfection which It is.

Now then, let us take the other action. The mental and feeling world of mankind is ONE! Then you send forth a Decree which is a Fiat of Life—now let us just wait a moment! How is it that you send this forth? Is it not Life acting thru the voice of your physical form, which is sending this forth into action? Then, does not all Life want to respond and co-operate with that, to bring the results you require? You see It does. There is no obstruction, because all Life wants the same thing as you do in your call for Perfection. Then, since the mental and feeling world of mankind is one, your Decree goes forth into action, and can any one of you tell Me where the stopping point of that impulse is which goes forth?

Since it is Life that has made the call, sent forth your Decree, then will It not continue to act indefinitely? Do you see? Now then further, It will not stop unless you recall It! Since you are the one who sent It forth and you do not recall It, then the Power of Life which is you, which is Eternal, will keep that impulse going forth, and if you would ask, It would keep sending its impulse forth without cessation.

Property of Saint Germain Press, Inc.

This is another point which I think We should call to your attention, if you will silently use your feeling, to call that its impulse—whenever you feel like it, say once an hour—continues to go forth, once an hour or twice or whatever you see fit; DO YOU NOT SEE THAT THE LIFE AT YOUR CALL, WHICH SENT IT FORTH, WILL CAUSE IT TO CONTINUE TO REPEAT ITSELF; UNTIL IT WOULD GAIN A MOMENTUM SO GREAT, NOTHING IN THE UNIVERSE WOULD STOP IT, PRODUCING THE PERFECTION FOR WHICH YOU HAVE CALLED. IT IS MARVELOUS!

These Powers are so far reaching and that is why! As you gain the greater confidence, the greater fulfilling of your calls will take place; and not only will you feel the assurance of the immediate action; but you will at the same time know—well now every hour or twice an hour, this impulse goes forth again and again, and again to fulfill that Decree. Do you not see, that one day not far distant, everybody, after this crisis is met and conquered, will have come to the point where they can, three times a day, send forth Decrees for their own specific requirements; FOLLOWING THEM WITH THIS FEELING of once or twice an hour or whatever they choose, SO THE IMPULSE IS GOING ON IN ITS EVER-INCREASING ACTIVITY, UNTIL THE FULFILLMENT OF THAT IS ACHIEVED; and one Victory after another would be yours as easily as you take your meals.

That is why dear people, you are dealing with Law, the Infinite Power of the Universe! Just because these bodies have seemed to be limited so long, is no reason why they should remain so! Dear ones, you who seem to have many years over your heads, please do not ever feel, that because of your human qualification, you can not have the Same Power, Youth and Energy from your Presence. You CAN draw It forth at your command!

What do you think stops age? What do you think stops limitation? What do you think stops any human quality? By refusing to accept it or give it further power to act. In your Six Mighty Decrees which you issue, my dear people, they are the most Magnificent things ever known upon this earth. "We say to all human creation: 'you have no power' "! My dear ones, do you not see, that is being charged into the mental and feeling world of the people of earth with a Gigantic Power; and it has been for more than three years now? Well Its momentum is gaining Tremendous Power. Why? Because these Great Beings of Light, seeing that sincerity, will amplify It.

Perhaps at this point, I should apologize to the Messengers and some of the Staff. In this gigantic achievement, in removing the discarnate entities, We needed some extra energy, and usually of course you go nearest home for your supply! However, the achievement is here; and I am sure they will have no cause to regret the use of the extra energy. I trust this will be satisfactory.

Dear ones, I am very happy, tonight, over all that has been achieved and the steady Victory and Momentum We are gaining in Washington. One day, I hope I shall be able and free to explain at least the high lights of all that has had to be done there. Sometimes to change a powerful human desire is no idle thing, but since it may be done, well We must use whatever is required to do it.

I say this to all students in America and the world tonight: My dear ones, in all that you have furnished, it is only one-third of what We require. Of course it is your problem, the problem of the people of the earth, yet We want you to be free—I presume, more than you do yourselves; but since that is Our Privilege to serve, and since We must furnish two-thirds of the energy—We have got to have your one-third first! We have to be sure of that, then, We are sure of the other two-thirds; but once that comes forth, then We proceed with no uncertainty.

Property of Saint Germain Press, Inc.

Sometimes, if you pay someone a sum of money and don't get a receipt you might have to pay it the second time. If you get your receipt, you are quite sure of yourself. If We get Our supply, We are sure of it—We feel quite safe.

Dear ones, this Great Service is a Glorious Joyful Thing, and We do enjoy it! Oh, when We see blessed ones everywhere, releasing that Almighty sincerity and great determination for the Protection and Freedom of America and their own Freedom and Ascension, there is not a thing in the world within our Power to give, that We would not give for your strength and Victory! After all, it is so little after all the accumulation of the ages to hold Harmony now, making your calls which allow your Great Presence of Life to give you Its Great Freedom and Ascension!

Let Me show you how. If at any time, there would be a human question come to you concerning your Freedom and Ascension, remember—it is a Law that is always acting! Your human is just as apt to say to you: "Well you are just fooling yourself. You are just wasting your time and energy. How would you have your Ascension"? and all such things you know. Well, let Me show you, why you should NOT listen to it! The human which says that, does not know what it is talking about! Your call for your Freedom and Ascension is the Law of Life, and your Presence, the Wisest Intelligence in the Universe, which beats your heart, is the Power and Authority which raises you into your Ascension. Then, how could the human intellect say to you or question the Authority of that Presence, Power and Intelligence to do it? You see you have it right by the ear every time. It cannot talk back to you, if you realize that.

I have seen a good many people in whom the intellect was talking back to them and boy, they were accepting it. That is the reason I am prompting you, tonight, so you may

never be bothered again, by any suggestion from your human self or anyone's else, regarding the Victory of your Freedom and Ascension!

You know I sometimes long in an evening like this, to take you on a journey with Me and by worded description, just briefly show you something of what you have passed thru. It would take some hours to do it, but dear people, then I am quite sure, you would understand thoroughly, what this means in your Freedom at this time; because it is Life, the Authority of Life which is doing this! You in your feeling and your intellect make the call, and since it is for Perfection, then It is the fulness and Power of Life that makes the call; and the Greater Part of Life which is there, renders the Service and lifts you into Its Perfection. Is there anything simpler in all the world or more clear?

Just see how the Intelligence, Power and Light that beats your heart, is the lesser part of that Great Light, which is the Perfection and Ruler of the Universe! Then, would there be anything to prevent that Great Presence raising you, with your attention held to It, into the Perfection It is, forever free from earth.

Don't you see how It is Real—the most practical thing known to man? There is not one thing in your mechanics, today, half as practical. There is nothing transcendent about It or unusual. It is just a Great Law of Life which is acting, and as soon as you see that clearly, well you will have the Full Perfect Confidence of It; and there would not be a single thing from that moment on, which will stand between you and this Perfection!

I am going to tell you a joke on the Messenger. You know I have been watching him for sometime, to see in all these experiences how much, if any, was registering within. So recently, he said, or he sent the call and said: "Saint Germain, how much longer is this thing going to continue"? Well I did not say a thing. So after awhile,

Property of Saint Germain Press, Inc.

he sent the call again, and so I said, "Until it is finished." Well he did not say anything more, but I could see a very great hope there, that it might not be long.

Dear ones, do you realize what it means for these Beloved Messengers to have the tremendous courage and strength they have had, to stand against all that has been and is? Just a little further and they are going to see the reason for many things, and how all of this has been working up to a point of very great achievement. After all, these things of the outer world are just human qualities; and when you remember that they have no power, Oh really in your feelings, not here (in the head) but here (in the heart), then they really do not! That is the needed activity today. Then, your feeling world has to know definitely that all persons, places and conditions which would limit you, really have no power.

Remember, in these Six Mighty Decrees which you give, there is not a thing more powerful in this world; and if you feel this Truth and Power deeply, every time you issue one of these, you will be building into your feeling world that Absolute Power and Authority which makes them a Reality in your individual world!

When you say, as you have so often, and put your deep intense feeling into it: "To all human creation, you have no power!" it is a magnificent thing! You are building that for Absolute Positive Action into your world. "The Limitless Legions of Light sweep across the face of the earth and all human darkness disappears." My dear ones, think, that has gained a momentum these three years! It is gaining an Authority, Power and Dominion which is unparalleled!

That is why, you can afford to be patient and rejoice in the Glories that await you in the Victory and Authority which is yours; because remember, in your earnest devotion and attention to your "I AM Presence," there is not one thing, that stands between you and the Perfection

which is there; which you can draw here into your body and world of action.

I thank you with all My Heart, dear ones, for this opportunity to talk to you so closely, and be so near in your hearts. May you feel Our Great Love and Gratitude to you, for every effort that you make, in your calls to the Great Presence of Life; and may you know definitely, tonight, that no call has ever gone forth unanswered! Whether you have seen the outer manifestation of it matters little, but no call to that Presence of Life, ever has or ever will fail to be answered! Outwardly the human cannot judge, but in the great momentum of your calls, remember it is the lesser part of Life, calling to Its Greater Perfection, to bring Its Freedom here!

I thank you!

ARCHANGEL MICHAEL

It is our great privilege and joy to announce the release of a new song—"ARCHANGEL MICHAEL" by the Messenger, Lotus Ray King.

This new song is a tribute of Love and Adoration to the Mighty Cosmic Being, the Archangel Michael, who forever stands guard over all who serve the Light and call for His Protection. He has for centuries given His Protection and Blessing to mankind of which they know nothing. His Sword of Blue Flame is a very Real and Mighty Focus of God-Power by which He cuts away destructive creations of individuals and conditions that cause so much destruction and suffering to mankind.

This song has been brought forth as a Mighty Magnet of the Archangel Michael's Tremendous Cosmic Power of Light, Protection and Blessing to all who will sing it with Love, devotion, gratitude and blessing to Him. It is a Focus of the acceptance of His Coming into the outer world in His Visible, Tangible, Ascended Master Body to give help to mankind.

Every time this song is sung, heard, played or the picture contemplated, each individual's energy thru his or her attention to this Great Cosmic Being becomes a Magnet of attraction which draws Him into close personal association with those who accept His Tangible Presence and Reality.

Use! Use! Use! this song and give the Archangel Michael the call which will enable His Mighty Help to get thru to bless and set you free. The music is a definite means of attuning one's feelings into His Heart and receiving the help He so lovingly offers.

The picture of Archangel Michael on the cover of this song is the work of our beloved May DaCamara, whom we love, thank and bless without limit forever.

Property of Saint Germain Press, Inc.

May all accept and know the help He gives to bless, protect and sustain them, until they see Him in His Tangible Body, when He comes forth into the outer world to walk and talk with mankind face to face.

With every atom of our beings we love, bless and give eternal devotion and gratitude to this Glorious Cosmic Being, the Archangel Michael. May all mankind do likewise and receive His Glorious Blessing.

Beloved Precious "I AM" Students, in all "I AM" Study Groups and musical activities, please use only the Music of the Spheres; or music to which there are words in our loose-leaf songs (except Nos. 34, 49, 52).

Please do not use outer world music of any kind in your musical activities at any time, as Saint Germain and the Other Ascended Masters are giving the Music of the Spheres which They request us to use; because of Its Special Radiation for the release of the Ascended Masters' Consciousness contained within it.

We are building a permanent musical activity to release Ascended Master Healings, Ascended Master Blessings, Ascended Master Protection and Ascended Master Perfection and these can only come thru melodies which are charged with Ascended Master Feeling, and Ascended Master Words, which are Cups that carry Their Ascended Master Light-Substance into the minds and bodies of those who hear this Music of the Spheres.

We wish all our "I AM" Musical Activities to be kept uniform all over the world, so the Greatest Light and Help from the Ascended Masters' Octave can go forth everywhere, to bless all mankind until all are raised into the Ascension forever.

OUR MIGHTY FLAG

MERICA'S Flag in silent acclaim,
Floating forever in God's Unfed Flame!
Holds here Eternal the Rights of Free Men,
Giving God's Freedom, protecting and then
By raising all now in Saint Germain's Light,
Guards us forever by Hercules' Might—
Flooding the Substance of Jesus' Great Love,
Pouring all Blessings from Godfre above!

America's Fiat, God's Freedom for all,
Is Heaven's Great Gift—Love! answering our call
For Light upon earth, to ever control
Mankind everywhere and our Victory hold;
Till all not of Light is by Light removed,
And the Unfed Flame's Authority proved;
As It holds us all in Its Mighty Heart
And compels all else to quickly depart!

America's Flag stands always for Right,
Holds all God's Freedom and Victory's Might!
Forever It stands! It never shall fall,
For God is Its Power governing all!
Its Light never fails—Its Beauty Supreme
Is Balance complete and Justice' Great Stream
Of Love and Mercy and Peace evermore!
Let all God worship and all Light adore!

America's Flag wherever It waves
Protects all God Rights, sets Free and thus saves
The Rights of Free Men—the Wealth of the world,
In the Unfed Flame, It stands here unfurled;
To raise all in Peace, to hold all in Light,
To reveal God's Law—"I AM"—Freedom's Might!
The "I AM" alone, gives God's Great Command,
All shall know Its Power and Light understand!

"My Light shall fill all! All shall My Light Be"!

America's Flag guards our Liberty!
America's Light is man's Destiny!
America's Land is the world's Great Heart,
And the Unfed Flame shall fill every part;

SAINT GERMAIN'S DISCOURSE

DENVER BREAKFAST — JUNE 17, 1938

ELOVED students of Denver and elsewhere, you have been having a good time, so have We. You don't yet see Us, but We are very tangible in your midst; and once you understand how much We enjoy your happiness, then you will see how important it is, to make every effort in your call to your Presence, to maintain that joyous, happy Harmony within you, which allows the Power to flow forth, giving you and bringing into your world of action, that which every heart has called for thruout the centuries.

Think of it, beloved students, today you have entered into the Gateway of Eternal Freedom, in the acknowledgment of your Presence; and you do understand how your application is the Dominion over everything that is in the outer world; but more than just that, it is the dominion over your own human creations.

Beloved ones, when you realize that you, as individuals, have accumulated thru the centuries, that which has weighted you down. then you consider that you are moving in a great group of people, among each other, you know that there is but the one feeling world of which you are an individualized part. You see then how to some degree, all the earth, all your associations and all your environment affect you to some degree; until you have come to know this Great Presence which the Chart represents to you. Then you see how you can insulate yourself and world from your fellowman and not have imposed upon you, some of the discord that may not belong to you.

I am sure you do not realize how important this is! The Messenger pleads and pleads with the students constantly to remember the importance of calling the Presence, to hold that Tube of Light about you and use the

Violet Consuming Flame. Dear people, you do not yet comprehend how you could free yourselves in a few weeks at most, if you earnestly and with great firm determination, great calmness within you, called the Presence with firmness to set the Violet Consuming Flame into action right now; to charge It thru your body like a blow-torch, and with tremendous speed and Power of action? You could free yourselves within no time from every discordant creation drawn about you! Then, call the Presence to establish and hold that Tube of Light Invincible about you!

It is important, very important, beloved ones. You do not realize how the accumulation of mankind, which We call the sinister force, is having its last chance at them. Naturally, it is like a wild animal striking in every direction, trying to hold its claws upon mankind; but surely and steadily, it is being compelled to let go!

Remember, while tremendous work has been done, there is still more to be done. All the black magicians have not yet been taken out of the earth's atmosphere. (The Ascended Masters finished taking out all the rest of the black magicians at the close of 1938.) This is a point I want to make clear to you this morning: if there be destructive accumulation in the world of the individual, due to long past creations, the black magicians today, will seize upon that and bring it forth; to try to compel it to take command of you! That is why sometimes, if students become irritated, suddenly there will rush forth upon them that uncontrollable action, that uncontrollable feeling which will become tragic, if allowed to continue.

Therefore, I prompt you today, beloved ones, since your Light here in Denver is expanding so tremendously and as you are blessed by your altitude, I urge every student and Group Leader of Denver to stand guard with all the firmness at your command, so no irritation comes into your feeling world; thus, allowing your Light to

expand and I tell you from Our Standpoint, as We see the response here in Denver, it is remarkable even to Us!

I say to you here, have you noticed that it has been tremendously greater in the past six months? Have you noticed that the step-up has been tremendously greater, especially within the last six months? That is evident from Our Octave of Light! Therefore, I want you to know how great can be the Expansion, if you will follow these simple suggestions to stand guard over your feelings, each one; because remember, the accumulation of mankind does not lose one single opportunity, any slightest pretense to irritate or disturb you! Now, you must stand guard firmer!

Oh, don't pay any attention to these things that suddenly appear before you; or some slight gossip you might hear! Oh, dear ones, it is just those things which start and try to get you disturbed and get your attention off the Light and the Presence! It wants to get you with your neck under its heel. Don't yield to it!

I assure you that before another year has passed, your Light will blaze here so tremendously; for remember, a cycle has been fulfilled in the Messenger's return to this class, and now you enter into another cycle of great achievement! I am speaking particularly now of Denver. Here was where the larger portion of the Magic Presence was recorded! Therefore, I want you to know how important that is to you!

Tomorrow and the next day, you will be held in the Radiance of the Light from the Cave of Symbols and from Chananda's Cave of Light in India, which the Divine Director will draw here! It will envelop this room, and while it is a slightly lesser degree, yet will you have the same privilege as Bob, Rex, Nada and Pearl and the Messenger had there!

This might not seem quite Real to you, but from Our Standpoint it is so very Real! You do not quite compre-

hend that in the Great Power of the Ascended Masters, there is no limit to what They can do, and to Them space does not exist! Therefore, in all the Great Divine Director wishes to do for you, He does; and there is no power in all creation that dares oppose! When the Divine Director speaks and acts, everything in the world is silent! Therefore, ONE DAY WHEN HE STANDS FORTH IN THE TANGIBLE BODY, THE EARTH — THE WHOLE EARTH, WILL BE SILENT BEFORE HIM!

Remember the Great Governing Powers of the earth, the Great Governing Intelligence is to mankind yet invisible, but none the less tangible, and I want you, if you will, to feel that! Will you not please contemplate It occasionally—that while all the Power of the Universe, which is the regular Governing Power, is to mankind invisible, yet It has a tangible manifestation to you and to all mankind!

Therefore, do not feel that a thing because it is invisible to your physical sight, is intangible or unreal; because the very Energy that beats your heart and moves your body, you don't see. Yet you are using It; It is manifesting action thru your physical body, yet It is all invisible. That is why mankind has been so prone to believe, that unless a thing was visible and tangible to their physical touch, there was not much to it; but I tell you, that is the great mistake of mankind, because all the Powers of achievement are invisible! The Currents of Energy flow from your Presence and out into your world, by the Power of Radiation, which harmonizes all.

Look at the thousands of students who have found themselves in discord, their business in discord and as soon as they poured out Divine Love and Blessing upon the office, upon their assistants, the whole thing was transformed and harmonized. THAT IS THE POWER OF RADIATION! Now for instance—I think it is not wise to do it today, but SOME DAY, I WILL SHOW YOU

WHAT THE POWER OF MY VOICE WOULD DO IN CHARGING A ROOM LIKE THIS! I COULD CHARGE THIS ROOM, UNTIL EVERY HUMAN BEING IN THE ROOM WOULD TREMBLE LIKE AN ASPEN LEAF! THAT WOULD NOT BE HARMFUL, BUT IT IS THE POWER OF THE VIBRATORY ACTION GOING FORTH THRU THE SPOKEN WORD.

I COULD STRIKE THIS TABLE WITH MY HAND AND THE POWER OF RADIATION GOING FORTH, WOULD DO THE SAME THING. Now, dear ones, this is a perfectly Natural Action of Life. When you are calling forth the Powers of your Presence, never close your hands like that! (closed tight) Leave your hands open, and let the Currents of Energy flow forth! For instance, suppose you wish to charge your office and you want to charge forth a current of energy. Raise your hands, bring them forth and let the Currents of Energy flow out!

If you want to charge your body, close the Tube of Light underneath your feet, then call forth that charge, if the body is needing sudden added strength; but never do that, when you are calling forth the Power of the Presence except to recharge your body quickly. Leave the Tube of Light open, because if you begin to call this Power forth the charge will become so great, that your body will become disturbed by the over-charge of energy. There are many students, today, who, not knowing, have done this, and they get an over-charge and it makes them sort of nervous; but they do not understand what is acting; so be conscious that the Tube of Light is open as you charge.

If you have been ill, then as you are calling forth the charge, close the Tube of Light. That holds the charge within your own feeling world, then you will quickly replenish the strength and energy you require.

Suppose you become exhausted thru physical activity and you have not remembered to keep yourself charged, then call the energy forth! I say to you ladies, who have the appearance of years over your head, you are not subject to tire or exhaustion, if you will do this! You can keep your bodies charged with all the energy you want to use and YOU NEED NOT FEEL EXHAUSTED!

I want you to feel this, because there has been an attempt and was in New York, by the sinister force to throw over mankind and over the students, the feeling of being exhausted, after they were in the class. Don't yield to that silly thing! That does not belong to you and is but the power of suggestion! Oh no, not from the invisible, but right out here in your physical world, from forces that try to oppose This Light! So don't be subjected to it!

You are the authority in your world! Hold your dominion in your Presence and call forth the energy you require. Do not yield to anything else, and you will find you can charge yourself with all the energy you require! If you would do it—I mean as a general activity, every morning when you get on your feet after awakening, raise your hands to the Presence, and charge your body with the limitless energy you require for the day. Call the Higher Mental Body to sustain that energy in whatever you need for the activity of the day; and you will never be tired in the world.

I want you to begin using this! When you have the Presence of all energy beating your heart, why go on being limited by the energy required for use? You do not have to do that any more! Try it! There is not one of you in this room, who cannot do it.

Ladies and gentlemen, if you prefer your natural color of hair, you can have it. You do not have to have grey hair unless you want it! All of you have known how a sudden shock to the physical structure will make your hair white over night! Then, if a condition of that kind

can act thru you, the Presence of All Life can reverse that charge, and restore it just as quickly to its natural color! There is not a thing in this world of human creation which can say No to your Presence—not one thing, beloved people! That Presence is the Authority of the Universe, as well as your world; and when you give It the chance, the Authority to act in your world, It will do it! It will establish Eternal Youth and Beauty in your form! Don't yield to anything else!

My dear people, long before My Ascension I did these things! Of course, all Europe knew of My Work; and there were vicious forces then the same as today, who said I was a charletan; because I had called forth the Energy to produce in My Hand the Elixir of Life. And what is It? What is that which has been so prattled about all over the world? IT IS JUST THE SUBSTANCE OF YOUR OWN LIFE CALLED FORTH INTO VISIBILITY!

I am just waiting the time, when I may show you some of these things as I did the Messenger. Our precious Lotus called your attention, to accepting this as a precipitated banquet! Wouldn't you enjoy meeting with Me and having from My Culinary Department, your breakfast or your dinner? (Applause) My Culinary Department is always up here, and it is all prepared. All I have to do is lower it down into your visibility. Oh, it is natural, so natural, dear hearts; and isn't it strange that mankind has so forgotten their "I AM Presence," that they think they just have to scratch around out here to get enough to eat, when right up here in the Octave of Light, is the abundance of every good thing your heart desires.

Don't you see precious ones, that here in the Octave above you, is the Essence, the Substance of all that ever takes form out here in the growth of Nature; in your vegetables, fruits and all that kind of thing? That Essence is up here! We just gather It into the form We want and

Property of Saint Germain Press, Inc.

lower It into your visibility. It is the most natural practical thing in the world!

You are about the number here for whom I precipitated the banquet in India—service and all! I presume each one of you, would want to take the service belonging to you, home; and I should be very happy to have you do so! Remember Nada has Her service which I precipitated for Her. Pearl has Hers! Oh yes, it is still there, visible!

Oh, dear ones, I am so grateful that you are coming more, and more, and more into the True Feeling of this Great Reality! Oh, it means everything in the world to you! After mankind has struggled so many Life times in these limiting conditions, it is wonderful today, to find that you are steadily and surely rising out of all that, into the True Reality of Life! Then, you know that the appearance world is not the Reality! It is just a temporary appearance, and you naturally see all that you draw about you as visible substance, dissolves and disappears!

Even great cities built of stone and substance which has been drawn together, as soon as humanity withdraws from them disintegrate. Now, notice this carefully! What is it that holds all substance together? Life, the very Life which is acting thru you, beloved ones, is that Cohesive Power which holds all substance together! You, today, in the understanding of this Great Presence, can call Its Infinite Perfecting Activity into your body, going forth into your world, harmonizing and making quickly successful, that upon which your attention is held firmly!

There is no such thing as failure to anyone who acknowledges and calls forth the Power of the Presence; because all earth knows, all human creation knows, that it has to bow to that Light! The curious thing of it is, that not one thing, not even a black magician ever offers the slightest resistance to the Light, because he knows he cannot do it. That is why, while I am talking to you, today, I am trying to charge into your feeling world the convic-

tion of this; because when you once get the feeling of this fixed, nothing of obstruction in your world can stand before you, there cannot be; because then you are conscious every moment, that It is the Power of Light going forth from you, with Invincible Protection, with the Harmonizing Presence, It makes the direct condition for whatever is needful in your Life to be accomplished! Therefore, try to be reminded constantly of that.

In the morning, charge forth this Power of Light into your body and to go before you! It is Self-luminous Intelligent Substance that no discordant thing of the outer world, even tries to effect! You see many of the students are still feeling some sense of struggle! Don't do it, dear hearts! If you feel it, you make that activity of struggle in your Life. The Light you call forth does not struggle, there is no battle! It just goes forth and dissolves what you do not want; and replaces it by Its Victory and Self-luminous Intelligent Substance, which is just as Real as you are! It might be invisible to you, but still It is perfectly tangible! Therefore, today, try to feel that and keep yourselves reminded of these things, dear hearts. The outer so quickly forgets.

Now, begin today, won't you, to charge yourselves to hold this Great Charge of Energy, which is drawn in this class, sustained about you individually, in Its Ever-expanding Activity! Don't let go of It! If you do, the fault is yours! You can have It sustained in Its Ever-expanding Activity! Please do so! Thus, you will go on, and on, and on in the Expansion of that Light; and the things that once deprived you in the world of human action, will have disappeared completely; because, when that Light touches them, they have to dissolve and disappear!

This has been so wonderful here and I thank you every one for your great Love which has made it so happy and so harmonious for the Messengers! You could never know what it has meant for these two, to go forth in the world

Property of Saint Germain Press, Inc.

of mankind; because you have all observed, the human ungoverned is more vicious than the animal in the jungle! Everyone of you knows that; and only as mankind's attention is drawn to the Great God Presence, the "Mighty I AM," does that thing dissolve in the world of mankind; and then, instead of discord and viciousness which are human qualities, there will come the Glory of the Light, which is Peace and Rest and Perfect All-powerful Achievement, wherever the individual moves; because then, that Light becomes the Governing Intelligence, Presence and Power!

Don't you see, beloved ones, you don't have to struggle any longer? As you call forth this Great Power of Light from your Presence, the Light and Its Intelligence, is the Governing Power! All you have to do, is to keep the human qualities still, inactive that they no longer qualify this Great Pure energy which comes forth at your call; to heal your body, to harmonize your world of action, which means success in your slightest effort!

We have proven to the world, thru the Messengers, that all outer phases of mankind's activity have been a distortion of the Real. Take it thru all your business activities today, mankind's high pressure advertising has grown to gigantic proportion! That is a certain power of suggestion; and you will see it has almost vanished now, but less than fifteen years ago, the whole business world trained and charged their salesmen with hypnotic influence upon their customers; and they see almost their complete failure by it!

Mankind may be influenced once, but when the individual goes home and finds he has bought something he does not want, he is going to rise up in rebellion, and that is just what happened! Today, mankind is rising in rebellion against their own human creation, which has held them bound and led them around by the nose in limitations for centuries! It shall not hold its dominion upon mankind

any longer, by the Power of that Cosmic Light which the Great Goddess of Liberty has called forth to bless the earth; then with mankind's slightest effort, there shall come ten times more than their own effort to bring their Release and Freedom!

Beloved mankind, it is not quite possible yet, for you to comprehend the Fulness of all this means to you, in the assistance of the Cosmic Light which the Great Goddess of Liberty has called forth from the Great Central Sun, to bless you and amplify your every slightest effort! At the beginning of the Shrine Class, It will have amplified your slightest effort ten fold and when the closing day of that strikes, It will amplify your slightest effort twenty fold! Then, I say this, to give you some slight comprehension of what the assistance is, which you are receiving, when your interest is sincere, honest and determined in your Presence!

Don't ever make any pretense, dear ones, to the Presence of Life! It knows the Reality! Your Higher Mental Body is the Guardian, and I want you to feel two things! The time is short and I must not continue, but dear ones, remember when once you understand this, you put those bodies to sleep at night; and then charge your Higher Mental Body to take command and produce Perfection in your body; to charge those Mighty Currents thru, cleansing and purifying it while it sleeps, because then the atomic structure has no resistance!

We have not thought it wise, to bring this point forward too vividly until now; but I want you to know how you can have assistance, in addition to the application of the day. If you will, on retiring at night, you can charge your Higher Mental Body to take command and silence every human thing there; and charge that body with Perfect Health, Beauty and Perfection! Then see the difference in your appearance, when you awaken in the morning!

Property of Saint Germain Press, Inc.

Oh, I tell you, dear hearts, you are not subject to be held in these mistakes because you have made them! Don't accept that—don't believe it any longer! You can make these bodies what you choose to make them! I have proved it!

A lady once came to Me in Europe, who was seventy-six years old, and she said: "Saint Germain, I have understood that you can renew and cause Perfect Eternal Youth to be in a body like mine." I said: "Yes, I can do it." She said: "Won't you try it on me"? I said: "Do you know what you are asking"? "Well," she said, "perhaps not fully, but I just want to have this body restored to Perfect Youth." I talked with her and explained to her! I said: "What do you think the world will say? Do you know what that means to you"? "Well," she said, "I am willing to take whatever it is." I said: "Then you insist"? "Yes," she said, "I do." I said: "Very well, come with Me."

In twenty days she returned to the outer world, a girl of sixteen summers, and what happened? Her relatives hated her! She was ostracized. Those who believed that she was the same person hated her; and others who had known her, their unbelief knew no bounds; and that blessed one was compelled to go to another part of the world, to have Peace and go on; because ONCE THAT ETERNAL YOUTH HAD BEEN RESTORED, SHE COULD NOT CHANGE IT!

That is why, beloved ones, mankind does not understand the feelings that will suddenly rush forth! Therefore, those experiences taught Me a great deal of Wisdom! I have learned not to yield to the desire of mankind always!

Now, today, the Great Activity, the Great Spectacle of Life, is in action which will produce, raise and restore mankind to that Perfection which I was able to produce, and still am, in a few days; but there is the need, today, of

a Greater Action, rather than some miracle, in which the mass of mankind after a few days, would not believe, nor would they understand!

I thank you for this opportunity to talk to you and pour forth into your feeling world, these Blessings which We have prepared! I thank you, Denver, precious, precious people; precious students from everywhere! I love you, I thank you, I bless you, with My Deepest Gratitude! All the Ascended Host of Light pour forth Their Love, Blessing and Strength to you, to go on, and on, calling, winning each day more closely, the Victory of your Light over all your accumulations and creations and that of all mankind!

Remember, you can stand and move in the world untouched by it, thru your Tube of Light; and you can have dissolved quickly all discordant accumulated creations of the past! Please do it and have your Glorious Freedom now!

May the Eternal Blessings of the Light flood you and your world quickly, produce Perfection and your entire Freedom quickly!

I thank you!

Beloved Precious "I AM" Students, in all "I AM" Study Groups and musical activities, please use only the Music of the Spheres; or music to which there are words in our loose-leaf songs (except Nos. 34, 49, 52).

Please do not use outer world music of any kind in your musical activities at any time, as Saint Germain and the Other Ascended Masters are giving the Music of the Spheres which They request us to use; because of Its Special Radiation for the release of the Ascended Masters' Consciousness contained within it.

We are building a permanent musical activity to release Ascended Master Healings, Ascended Master Blessings, Ascended Master Protection and Ascended Master Perfection and these can only come thru melodies which are charged with Ascended Master Feeling, and Ascended Master Words, which are Cups that carry Their Ascended Master Light-Substance into the minds and bodies of those who hear this Music of the Spheres.

We wish all our "I AM" Musical Activities to be kept uniform all over the world, so the Greatest Light and Help from the Ascended Masters' Octave can go forth everywhere, to bless all mankind until all are raised into the Ascension forever.

GEMS OF LIGHT

SAINT GERMAIN

You must not ever forget that you must make your maximum effort in the outer at self control, then when you call the Presence into action, you will find it easy to obtain the result; but the call to the Presence without one's outer human effort to respond to that call is only half done.

SAINT GERMAIN

In all your accumulation of the past, in all that you have been, yet I offer you your Freedom. Why can people not believe it! Why can they not understand that An Ascended Being can utter no falsehood, can utter no false promise! When I have said to the student body, I will meet you at the end of this pilgrimage and assure you of your Ascension under the New Dispensation, why can they not believe it! Why can they not give the little obedience that is required the few short remaining years — and who shall say how short?

SAINT GERMAIN

Why can mankind not believe Me, when I tell them that after hundreds of thousands of embodiments in limitation and discord, I offer them their release forever? It is wholly different than anything that has ever been on this earth; and under these Dispensations, a thousand things can be done that could not be done without them. What matter if some of the shell of discord remain behind! You should worry what someone thinks about it. Since you will be in the Garments of Light of Eternal Freedom, do you think you would worry about human opinions any longer?

ANNOUNCEMENT

It is our privilege and great pleasure to announce the release of the third SONG FOLDER containing three songs, both music and lyrics, as follows:

No. 3

7. **Helios, The Dawn**
8. **Lord—The Maha Chohan**
9. **Thou Seven Mighty Elohim**

Price of this Song Folder $3.00, shipping charges 40c.

The Loose-leaf lyric sheets may also be purchased for Group and individual use.

Price 1½c per sheet (2 pages) plus shipping charges.

GEMS OF LIGHT

SAINT GERMAIN

Remember what I have said so many times, at the least intimation of any discord within your feeling world, it is a signal to stop everything right there and clean it out, before it finds momentum and action. If you will do this, you will have no trouble in gaining Mastery and Self-control, but if you let it gain a momentum, some times it is a difficult thing to govern

SAINT GERMAIN

Since we are gaining this steady almighty Victory, rejoice beloved ones as never before in all your embodiment, that you live now today and have the opportunity to render a service to Life and Light and to your fellowman, to America and yourselves. It is the most magnificent thing ever known in the world.

ARCHANGEL MICHAEL

It is our great privilege and joy to announce the release of a new song—"ARCHANGEL MICHAEL" by the Messenger, Lotus Ray King.

This new song is a tribute of Love and Adoration to the Mighty Cosmic Being, the Archangel Michael, who forever stands guard over all who serve the Light and call for His Protection. He has for centuries given His Protection and Blessing to mankind of which they know nothing. His Sword of Blue Flame is a very Real and Mighty Focus of God-Power by which He cuts away destructive creations of individuals and conditions that cause so much destruction and suffering to mankind.

This song has been brought forth as a Mighty Magnet of the Archangel Michael's Tremendous Cosmic Power of Light, Protection and Blessing to all who will sing it with Love, devotion, gratitude and blessing to Him. It is a Focus of the acceptance of His Coming into the outer world in His Visible, Tangible, Ascended Master Body to give help to mankind.

Every time this song is sung, heard, played or the picture contemplated, each individual's energy thru his or her attention to this Great Cosmic Being becomes a Magnet of attraction which draws Him into close personal association with those who accept His Tangible Presence and Reality.

Use! Use! Use! this song and give the Archangel Michael the call which will enable His Mighty Help to get thru to bless and set you free. The music is a definite means of attuning one's feelings into His Heart and receiving the help He so lovingly offers.

The picture of Archangel Michael on the cover of this song is the work of our beloved May DaCamara, whom we love, thank and bless without limit forever.

Property of Saint Germain Press, Inc.

May all accept and know the help He gives to bless, protect and sustain them, until they see Him in His Tangible Body, when He comes forth into the outer world to walk and talk with mankind face to face.

With every atom of our beings we love, bless and give eternal devotion and gratitude to this Glorious Cosmic Being, the Archangel Michael. May all mankind do likewise and receive His Glorious Blessing.

GEMS OF LIGHT

SAINT GERMAIN

Everything of ancient action which has gained its momentum and power, since it has not been dissolved, stands ready for action, and when individuals become vicious, the whole force of that viciousness finds its action among mankind; because that is its only outlet. The vicious force is not to be blamed, but the individuals who open themselves to it are responsible.

GEMS OF LIGHT

SAINT GERMAIN

We Ascended Beings have existed a long time, but the western world does not believe it; but does that take Us out of existence, just because some of mankind say We are not Real? The foolishness of mankind to deny a thing because they have not experienced if. If We denied a thing that We had not experienced when We were gaining Our Victory, how far do you think We would go? We would still be here in human limitations. That is the position of mankind today. If they doubt, they shut the door; if they fear, they shut the door less tight.

SAINT GERMAIN

Until mankind have set themselves free they need to hear the repetition of These Laws. Until they have made themselves master of the fundamentals, they need to hear it, until that has given them the Self-control and Mastery in which they no longer need it; and when they do not longer need it, the other information will be given, you may be sure of that.

SAINT GERMAIN

The opportunity to gain strength and energy from the forest and the strength and power of the mountains is something which should give you the desire to improve every moment to draw to yourselves and into your feeling worlds the strength and power of the physical octave which is the abiding power of nature.

SAINT GERMAIN'S DISCOURSE

SAN FRANCISCO CLASS

August 15, 1939

Y BELOVED precious ones of the Light! I have information for you today which I am quite sure you will never forget! Many have noticed that I was rejoicing considerably, recently. I will tell you something of why today. I have been waiting not only these five years, but a long time for this point, and for many others to arrive; and please remember these Words in all you do, in all you wish to have done and in your application.

The momentum has been gained by the student body throughout America; and I am speaking now of those particularly in America, who have gained sufficient momentum to go on and steadily gain. However, a few who might turn aside, will not affect it in any way; for that momentum will continue to build in its constructive Commanding Presence and Power, and that is what We have needed so much!

Do you understand what this means, all wavering of the energy of the student body, or individuals sent forth for this constructive purpose, is henceforth held perfectly steady like a great avalanche moving down the mountain? At first, it goes quite slowly, does it not? Yet as it gains momentum by its weight, power and force, it moves with greater rapidity. So now, in this momentum which has been gained, it will continue; because many more will come in, to add their forces in the calls to Light, than those who withdraw. So far, the few who have withdrawn are but a fragment in comparison to the great numbers who are loyal and true! I want you to feel that, so you remove any question of anxiety in your minds, concerning

the interference of anyone with this Light! There was a time some three years ago, when it could have been quite dangerous to this Light. Certain destructive forces could have acted, but they did not take advantage of it; therefore, We rejoice and of course, there is always a reason why they did not!

Now then, all discarnate entities have been removed from within California! (applause — audience rising). Dear ones, this means that the individuals within the state, who have been allowing themselves to be made claws of destructive forces, will find that there is no sustaining power! They will wander around and wonder why they have been doing certain things!

Oh, my dear ones, you have no more idea than an infant, unless you could see from Our Standpoint, the pressure which was upon mankind, when I first brought this Light forth! You would not believe, unless you saw! How could you believe, unless you saw with your own eyes, the Power of that achievement? We do not expect you to, because it is not possible in the human intellect, to grasp the fulness of all that has been done; yet I bring it to your attention, because it has been done!

This power which is gaining Its Dominion, is the Power of Light and as your calls go forth daily, and many places hourly, it is constantly strengthening and intensifying — that momentum going on and on gaining its power.

Now then, notice this carefully; when more than 51% of the momentum has been gained, remember — It begins to draw from the Infinite Power of Light Itself! Do you see, do you understand, my precious people, what it means to the Constructive Power in America? Well it is just gigantic, stupendous, collosal!

Therefore, dear ones, I want you to rejoice with all you are, at this achievement. This will mean that your officials in the state, will not be so easily preyed upon by

destructive forces! Now, really, what the Messengers have called for from the beginning, will begin to take place. Mankind and the officials will begin to be more interested in the welfare of America, than they are in their individual fortunes. How many hundreds of centuries has this been needed! and at last it is reached!

Oh, my dear ones, when you understand that for more than two hundred years, I have served the Powers of Light to bring this about, do you understand then, a little of what tenacity means? May you have the same tenacity for your Freedom, for your Ascension, that I have had for the Freedom of America which of course includes you!

Then, you and the officials of the state or the nation — as this Wider Expansion takes place in the service to Life, in the service to the state and to the nation, by the very Law and Power of Light and Life — must be abundantly provided for! Won't you see that, dear blessed students? You see as you serve the Light, Its very Power begins to produce greater Perfection for you. I know this has been in the minds of many and they have rebelled just a little bit, because things did not manifest more quickly to their liking! Well perhaps in their Life-stream, there was much to be dissolved! Suppose there were, then you must go on patiently, until that is dissolved; then you will find that Freedom! Then, you will find the forces that have sought you and attempted to deprive you, will be generous in their absence.

My dear ones, I have observed the mass of the students thruout America and have seen Oh, innumerable causes and openings for destructive forces to drive in. One time, it is the husband, another time it is the wife, who becomes antagonistic to this Light! Of course, some excuse is always there, which is many times, largely from discarnate entities.

I ask you to observe this now among the activities of the State, because the newspapers will keep you informed! They do not know it, but they will just the same. This will give you such infinite courage and strength, because my dear ones, this immeasurable pressure which is being removed from you who are in the State here, it is not possible to describe it in so many words.

I say this, to try to give you just a little idea. If each one of you were under a canopy in which great pressure was constantly bearing down upon you; and you knew no way by which to release yourself from it, that would give you some idea of what the pressure has been upon the majority of mankind.

Take what you might outwardly term, fiercely positive individuals. They repel a large part of that, but people who by nature are very kindly and inoffensive, so to speak, feel to assert a repellant force would harm someone. Oh, my dear ones, such a thing is impossible! You are the guardians of your world, and unless you repel destructive forces, they will come in just like a wedge driving in, and one day, you will find it beyond your ability to handle them.

These are such vital things to you, and remember the Mighty Victory told you, that great achievement would be attained here! Well it is done! Therefore, remember this now! Do not let yourself fall back into the old idea, that there are some entities around interfering with you, because there won't be any.

Now, will you listen very carefully? You remember in Unveiled Mysteries, where there is the description of what took place when the Messenger began to go forth with Me, in the body which I created for his use; and he looked back with some anxiety at his body laying there in company with the panther, wondering just how things would fare. Seeing that, I immediately threw the Circle of Blue Flame around both of them, then at once he seemed quite satisfied.

Now then, how do you think We keep more from coming into the area from which these entities are removed? By exactly that Same Power! By the Wall of Blue Flame! Why do you think It will do that so absolutely? Because every discarnate entity is deathly afraid of It! That sounds like a peculiar expression, does it not; but I am trying to convey to you the assurance of it! Even when the black magicians existed, they absolutely made no move in their destructive power, whenever they saw the Presence of that Blue Flame; because they knew, they could not pass It!

Now then, will you observe all over America and the earth that people pass on here and there, who have been very destructive? You might not know it in the outer world, but We do! We know everyone of them! We have their names and addresses! We are watching the operation of this Great Law! Oh, I feel so often in the audience, when the Messengers become very dynamic, in the use of this Consuming Power and annihilation of all that is destructive, some almost shrivel up; because they do not understand what that means! Oh, my precious people, that is the destroying of destructive qualities; and when the call is made from the human octave, to withdraw the Energy from wholly destructive individuals, my goodness, my dear ones, do you not see, that it is the greatest mercy which could ever be called forth in the world!

Why allow destructive individuals to go on, building and building, what would take them centuries to undo, when by the call from the human octave, for the Energy to be withdrawn, it would prevent them going on in that destructive thing which builds more destruction—no one could estimate how much, not even We; because We would not know how far it was going to continue.

Oh, please dear ones, dismiss from your minds any fear or that you are doing any wrong in using this call

to Light and Life! Remember, that all you call forth, is under the Action of your own "Mighty I AM Presence," thru the Higher Mental Body, and do you think It would do any wrong? Oh, don't you see It could not! I know a great many who have remained in distress, because they feared to make some of these calls. Well, it is just too bad for you, if you are afraid to do it. Dare to do and be silent! Remember, dare to do what you know, and be silent!

I prompt you dear students, be careful how you decree for individuals to do certain things! You are treading on dangerous grounds, if you do! The principal thing you have to do is, to perfect your own world and purify it. Do not worry about the other fellow! Of course, you may decree for his or her Perfection, but be careful what you do outside of that! You know individuals have decreed and decreed and decreed to come into the Staff! Well, had I not anything to do about it? Am I to be ignored? Is My Wisdom to be ignored, that your Decree be fulfilled regardless? Well, you notice it does not occur, unless I so wish it!

Oh, my dear ones, I must be the Regulator of this Great Activity! In spite of the few who seem to think I am a myth, I happen to know, that I am very Real and very Tangible! Some have found My Tangibility in Europe to be Real! (applause) You know many long years ago, in My Tangibility, I rendered a very Great Service at the inception of your America; and just recently I rendered perhaps in some ways a greater service in Washington and New York! Oh, I was there in My Tangible Body, quite visible to all, but they did not know it! If they had known it was Me, some of their hair would have stood straight up!

Do you know that I am subject to two conditions—a very much maligned individual and a very much feared

individual? Do you know at the mention of My Name to certain forces, they tremble for hours. Do you think I am so vicious? Oh no, they know I am not; but they know I stand for Divine Justice and I shall have it! (applause) and since the Goddess of Justice has come forth, the fulfilling of My, Our Almighty Ray; then, have you not noticed that things are taking place much more rapidly? The ladies are very important, gentlemen! You might not believe it, but I had to wait a long time for the Goddess of Justice to come forth to My Assistance! Do you quite understand that? I don't think you did! May I repeat that: "I waited a long time for the Goddess of Justice, the other Part of Myself, to come forth to My Assistance"; (applause) because She had purified Herself long before I did; and had withdrawn into the Great Silence, because of the pressure of human creation of this earth. Then, when I had gained a certain Victory thru your assistance, the great student body of America and the world, She was ready to come forth and remain. (applause).

Now, dear ones, remember that in all these achievements, it is Cosmically vital to America and to the people of America! Do you quite understand, that all this which is done now in these various achievements of which We speak, is by the Power of Light and the Authority of the "Mighty I AM Presence," which We have become! That is the same as your "Mighty I AM Presence," except, We have carried the purified Substance from the structure of earth into the Electronic Body of the "Mighty I AM," which gives Us the Authority and Power to act in the physical octave at your call!

These Laws are Almighty, my dear ones, and remember these achievements are no one's imagination! They are Mighty Real! Therefore now please keep your seats, when I say this: Long before the last cataclysm of fourteen thousand or more years ago, a city — stood here!

Property of Saint Germain Press, Inc.

Two forces, Light and darkness, operated; and there was a constant battle between the Light and darkness! That is why some who touched this Light and loved the Messengers so greatly, were later seized upon and turned aside from This Activity by that accumulation — Oh, not entities, not black magicians; but by the accumulation of that destructive force, which still remained here over that ancient focus! That is gone forever! (applause — audience rising)

Please remember that it means, dear ones, this Bay Area and Oakland, are not missed in the operation! Do you wonder that I feel so joyful, dear people, when I see surely and steadily that achievement, which will one day give you, your blessed Freedom; will see you supplied with everything you require for your happiness, comfort and service of the Light! It has to come, dear ones, if you keep up your application! There is not one thing in the human octave, which can keep it from you, not one single thing, because this pressure, this outside opposing force has been removed!

That does not mean, you may not have in your own Life-stream that which must still be consumed; but if you will call the Presence to use the Violet Consuming Flame and hold you within that Tube of Light, then if you really mean it, whatever is in your Life-stream, will go into the Violet Consuming Flame and be dissolved! Oh, that there were words to convey into your being the full import of that! It does not mean any terrifying activity of the Violet Consuming Flame, but it does mean a great calm positive determination upon your part, as you call the Presence to set the Violet Consuming Flame into action; and dissolve everything which comes forth from your Life-stream; for remember, We have said time and again, whatever is the destructive accumulation in your Life-stream of the past, has to come forth to you to be dissolved and con-

sumed; because it cannot go anywhere else! You are its creator, you were its generator and you called it forth into action; therefore, it has to come thru your Life-stream into the Violet Consuming Flame, which you call the Presence to establish, in order to set you free from that accumulation. It is the most practical thing in the whole wide world.

If you set fire to your home in fun and you did not put it out, before it gained momentum, it would burn your home up, wouldn't it? That would be your responsibility, because you set it on fire. Well, you have set on fire the human creation of your accumulation of the past; and if you do not put it out, it will put you out again, because it has many times!

Think of all those embodiments, when you have lived in these limitations. Think of all I have lived! Think of all the Ascended Masters lived, while They were rendering many times great great service; but They could not do many things then, because of the Dispensations of Life; the Cosmic Light had not so granted it; and by great privation and struggle, They won the battle for Freedom! I did! Oh, my dear ones, if you saw the period — this is the first time I have ever touched upon it and I am not going into it; but for a period of forty years, I went thru such terrifying things, as you could not even imagine; because under the Law by which I was attaining at the time! Today, my dear people, in the glory, the comfort, the Freedom of your homes and these beautiful buildings, you have the opportunity to attain your Freedom without any of that terrifying struggle, which We went thru in those ages, when there was no assistance as today. Everything was gained by your own individual effort, just bending every force and power in your being, at deadly destructive forces, which were trying to prevent you rising out of your own accumulation and into the Glory of that Presence!

That is why, my dear ones, Oh your gratitude should be so great, and I am sure it is with many; but I say to all, release such gratitude from your being, as you never thought possible for you to do, in the future! Then, perhaps seeing Life, seeing that depth of gratitude, will release more quickly Its Powers of Freedom to you!

I tell you, beloved ones, you stand in sight of the apex, the change of the world! You stand in the most glorious condition mankind has ever known; because of the ease of achievement that is yours today. Oh you think you have struggles with your problems! Dear me, what is your problem of a life time, in comparison to five years of what I went thru in that forty?

Dear ones, that is why by the Authority and Power of the Great Cosmic Light, those Great Beings Who have joined Us and released into Our Use these Powers, not known before, are making all this possible for you; and if it had not been, that I was the Law of the Seventh Ray, which is the Violet Ray of this earth, the Violet Ray could not have come forth! If I had not chosen to render this Service to mankind, still It would not have been available to you and your human creation could not have been dissolved; because It is the only Power in Heaven or earth that will do it! The other Rays of Life do not do what the Violet Consuming Flame will do! The Messengers have told you this, but I assure you that there is no Ray known, not even the Two Secret Rays which Cosmos has brought forth, will do what the Violet Consuming Flame will do in this one respect—the dissolving and consuming of your own creation and accumulation!

I want, today, to make this so vivid and vital to you, that you will with great determination and earnestness, make the call three times a day, for that Mighty Activity to be intensified! Oh, my dear ones, It cannot harm anything! It just keeps dissolved and consumed all

Property of Saint Germain Press, Inc.

discordant destructive creation of your past, as it comes forth to be dissolved, and that has to be done! My dear ones, this has to be done before your Ascension can take place!

Now, I have something to say which touches Me very deeply. For the first time in four and a half million years, this is made possible to this earth—that children in this embodiment may make the Ascension! (applause) A little one in Eureka who just made the Ascension, is one of those!

Now rejoice, and I say to our precious Lotus, rejoice now, as you hear these words. The Mighty Eriel, and the Wondrous Fun Way, who have loved China, have been rendering a stupendous Service to China. Over ten thousand children from China have made the Ascension! (applause — audience rising). Beloved Eriel has brought sixty to His Retreat in America, to prepare them for their Ascension. There will yet be raised up in China, Ascended Master Friends who will sweep the dope activity forever from within its border; (applause) and will set those people forever free from the miasma and confusing power generated by entities in the use of that substance. If you will remember, there were many among the people who became so deeply enmeshed in the use of it, that they could not leave the earth! That held the dope substance about the people; but, today, great Power will be released and great effort will be made by the Ascended Ones, from today, to remove the influence of that condition from the brains and minds of the people of China; and they will assert their Dominion! (applause)

Now, while you are standing for a few moments, please see and understand this: — In all that is being done for America and her Freedom, see how far reaching is your service, your calls to Life; and see what a seemingly simple thing it was, when Eriel brought Fun Way as an infant

from China, transporting him to His Home. He might have known, I have not asked him, but I suspect that he little knew, it was the wedge which would one day release the Powers of Light, which would set China free and bring her into a nation of honor again!

Don't forget, my dear ones, that China still holds the world's record for honesty among the nations of the earth! (applause) Not only is that record here, but We have that record! I never depend upon any human record, I keep My own!

Therefore, beloved ones, today, in this which is brought to your attention, it should give you the greatest encouragement and strength in your experience, to go forward in your Decrees, to your Victory and Ascension in the Light! When We promise you something, if you will cooperate with Us, you will find that it is done! We have fulfilled far more, than We even intimated to you!

Now observe, the Messengers thought it was quite impossible to take these three days here; but some of you thought otherwise. You took the right attitude! (applause) You called to the Wisdom of the Presence to act! If you had called to decree them here, they would not have been here; but you called for the Wisdom of the Presence to act, if it be right! Then, they came and this great achievement has taken place in three days, perhaps four days!

I want you to rejoice, people of San Francisco, as you never did before, for all that has been removed from your midst! You will find greater power and speed in the answers to your calls; and the great great release from the sense of pressure which so many have felt. Did you notice, what the Mighty Fiat was, that the Messenger gave in his invocation? Of course you did! Well do you know what that means? This to Me is the final Glory for you, beloved ones here, in the Victory of your great stability to the

Light. That means the Sword of Blue Flame will cut every sincere student free, from the influence of other individuals! Now, remember to make your calls and see that they are sustained.

I never had such rejoicing in all the other achievements that have been; because I have long long waited to have dissolved and consumed, this ancient focus here and in Los Angeles. It is a great day for the Light, a great day! (applause) I ask you to observe the great Freedom and ease, release, confidence and Power, you feel in your application! Take notice of it, then let it expand, increase and intensify! What a day for you, Oh beloved ones of California and the Bay District, what a day! Released from centuries upon centuries of binding power! My dear ones, I do not wonder at your great great love for these Beloved Messengers, who have stood so fearlessly and dauntless before all the destructive forces known to man; going forth pouring out the limit of their energy for your protection, for your enlightenment and for your Freedom; ready always to respond and to go wherever is required to render Service to Life! Remember, you who love them so much, that Life will love you as greatly and with a Power that is yet inconceivable to you!

In the Glory of this Light of which you have become a part, a far greater part than you yet realize, may you today enter into the Fuller Realization of that part of the Life which you are! Since the Light of Eternity is anchored within your physical heart and the constant expansion of the Points of Light is within the cells of your body now, then are you not in Reality a Child of the Light, Children of the Light? That has become a Reality, my dear ones! At first, it might have seemed as words, but words become a reality in the release of the Energy of Life! Therefore, you have become Children of the Light in actuality, by the Expansion of the Light within the cells of your bodies.

Property of Saint Germain Press, Inc.

That is why, when here stood one of the powerful destructive forces of an ancient focus, when it could no longer be fed, then there has come the time when its cause, effect, and record could be dissolved forever! It is done! Therefore, today, my beloved ones, is a day, I trust, you will never forget thruout eternity; because to Me, it is the Assurance of the Freedom and Ascension of everyone of you who will so determine it; and you will not find the struggle you have had in the past in your application, and doing the things you require or wish to do!

Remember you are serving Life for your Freedom! With all your Love to the Messengers and to Me, still all you do, is serving Life for your Freedom! Of course, you are giving Me great assistance in that which I wish to do for America and you; but after all, you are serving Life, and it is so important that you feel that! Don't feel that you are just serving the Messengers or Me, you are serving Life, because that is what you have to serve in order to be free!

For every assistance you give to Us, of course you have Our Deep Gratitude, but to keep before your mind and feeling, the fact that all you do in the Service of the Light, is serving Life for your Freedom, then you will have the right attitude! Then Life, one day, will turn and serve you; and hold you in Its Mighty Embrace of Light, into the Glory of Its Eternal Freedom! I thank you.

GEMS OF LIGHT

SAINT GERMAIN

The Cosmic Light is doing a Great Work for America —a very great service. May you all feel that and endeavor to abide in it as much as possible. Each one of you try to feel yourselves a part of that Cosmic Light.

SAINT GERMAIN

It is human to err, but Divine to forgive. Since the world and human beings have all made grievous mistakes, let us henceforth not dwell upon them. Knowing that each one is responsible for whatever his or her mistakes may be, let us go forth in a happy glorious harmony of our attention to our Presence, refusing to see or experience anything that is discordant, then how quickly you would arise into that Great Happiness that words fail utterly to express, because It comes from within.

GEMS OF LIGHT

SAINT GERMAIN

Oh, that you might all comprehend what a Powerhouse is your feeling world when harmonized and drawn into wholly constructive activities. I must prompt you that in the charge which you are calling forth into your feeling world, which is daily increasing, know that even the slightest feeling of irritation or disturbance should be governed. You have become a power, which you, I am sorry to say, do not realize nor understand.

SAINT GERMAIN

My dear ones, mankind would be as helpless as an infant without This Light I have drawn forth, and without the assistance and calls from the student body. Even the Light I have drawn forth, if it had not been for the utilizing of these Decrees I would still be helpless; all of Us would be helpless to render the service that is absolutely imperative, and had to be done now or not for a long long time.

SAINT GERMAIN

Today, as I stand here giving you these words, My Heart's Love enfolds you in such gratitude. Oh, suppose you have made mistakes, is it anything in comparison with the great good that you have achieved! Mankind could hardly be expected not to make mistakes until they are Ascended, but so long as you are determined and willing to get up and try again, then shall We win the Victory in the end fully and completely, never to be repeated; and remember you are on your way to your Goal, and with your determined call to the Presence, all mistakes must cease and your Victory is assured.

Property of Saint Germain Press, Inc.

Beloved Precious "I AM" Students, in all "I AM" Study Groups and musical activities, please use only the Music of the Spheres; or music to which there are words in our loose-leaf songs (except Nos. 34, 49, 52).

Please do not use outer world music of any kind in your musical activities at any time, as Saint Germain and the Other Ascended Masters are giving the Music of the Spheres which They request us to use; because of Its Special Radiation for the release of the Ascended Masters' Consciousness contained within it.

We are building a permanent musical activity to release Ascended Master Healings, Ascended Master Blessings, Ascended Master Protection and Ascended Master Perfection and these can only come thru melodies which are charged with Ascended Master Feeling, and Ascended Master Words, which are Cups that carry Their Ascended Master Light-Substance into the minds and bodies of those who hear this Music of the Spheres.

We wish all our "I AM" Musical Activities to be kept uniform all over the world, so the Greatest Light and Help from the Ascended Masters' Octave can go forth everywhere, to bless all mankind until all are raised into the Ascension forever.

"I AM" JEWELS OF LIGHT

IN Living Substance—dazzling bright,
Abide God's Jewels of Cosmic Light—
Each one a Focus of Great Power,
All growing brighter every hour!
The Light expanding within each one
Is ever pouring from the Sun,
Perfection, Beauty and God's Love—
A Mighty Presence from above,
Who, like a Magnet in the sky,
Compels release for you and I!
Now all the world shall stop its strife!
All shall behold the Crown of Life
Bestowed in Love upon all here,
To evermore make all things clear;
For in that Crown are Jewels of Light,
Those Jewels "I AM"—ALL God's Great Might!

All Jewels of Light within the earth,
Are Mighty Gifts of Heavenly Worth,
Whose own Pure Substance all may see
And thus beholding, help set Free,
To give their Light and Beauty too,
Their Blessings rare and Radiance true;
For only God's Pure Being Bright,
Can grow those Jewels to hold God's Light!
Our Love to Them gives full release
From all that is not God's Full Peace!
Our "I AM Presence"' Mighty Love
Dissolves all else, below, above,
And in Its Glory all shall blaze,
For all shall see Its Mighty Rays,
Like rarest Jewels of Liquid Fire,
Whose Living Flame now lifts us higher!

All "I AM" Jewels, we now behold,
As Cosmic Rays our earth enfold,
To rule in Majesty and Power,
To blaze Perfection every hour
For ALL Authority They bring,
They give release, so all may sing
Life's Hymn of Praise to God's Great Light,
In Them behold God's Cosmic Might!
Those "I AM" Jewels Great Nature holds,
The Royal Teton's Love enfolds,
And all Great Beings charge Their Love,
To blaze thru Them and raise above,
All mankind here with Light They bless
And by Their Light stop man's distress!
"Beloved I AM Presence" Bright,
Clothe us with Thy Great Jewels of Light!

SAINT GERMAIN'S DISCOURSE

OAKLAND CLASS
August 18, 1939

ELOVED ones, I greet you with all the Joy of My Heart, and may you feel that Joy intensify and increase in your world during this class. Let It be so sustained to forever bless you, for We have such Achievement, that like most little boys, I could not wait any longer to tell you.

This call was made some eight months ago by the Messengers and some of the Staff, and I believe all the Staff, with very dynamic power; and I know this Messenger called to Me many times, to see if this could be done! Since about the middle of the Shrine Class, We found that it was possible to set into action certain Cosmic Laws, under the new Dispensations, that this Service be rendered for which they have called, and that is: TO DISSOLVE ALL HUMAN ACCUMULATION AND CREATION—NOTICE CAREFULLY AND DON'T GET MIXED UP IN THIS—ALL HUMAN CREATION AND ACCUMULATION THAT COULD BE BALANCED BACK TO THE GREAT COSMIC LAW!

If you saw as We do, you would see that this is a STUPENDOUS THING. It is removing the pressure from mankind to about 62%. I put this specifically, that you may understand how much less is the pressure of each one's own accumulation. I am talking about people outside now who do not understand this Great Law.

Since this Service has to be rendered to America, and since mankind were not doing enough themselves, the Messengers knowing the Law, conceived that this could be made possible. YOU KNOW ONE OR TWO PEO-

PLE FROM THE PHYSICAL OCTAVE OF MANKIND CAN DO WONDERS! I HOPE ALL OF YOU REALIZE THAT! YOU, EACH ONE OF YOU, IS AN ATOM IN THE BODY OF MANKIND, ALL MANKIND! DO YOU SEE THAT? THEN, YOU HAVE A RIGHT TO MAKE THE CALL FOR THE RELEASE OF MANKIND FROM WHATEVER CONDITION YOU MAY DETERMINE!

Well, they determined that this should be done, and your response to My great Eternal Joy, has been beyond anything We could have contemplated at the time. Why? You would say to me, "Well, if you are All-wise, why don't you know"? Get away from that nonsense, dear people! I have told you time and again, if We could depend upon humanity to do what We ask them to do, We could tell you almost exactly to the moment, what the achievement would be, but you have not done that.

Haven't you seen students, a few, who swore loyalty and in earnestness for the time, then quickly turned aside? Is that not proof of what I tell you, that We could not depend upon human beings? The only time We can, is when you stand determinedly in the Light of your Presence, then you will do the thing that is of greatest assistance to Us! That is why.

You will remember some time ago, THIS CIRCLE OF DESTRUCTIVELY QUALIFIED SUBSTANCE AROUND AMERICA, WAS DISSOLVED AND CONSUMED BY THE GODDESS OF LIGHT! Well that was the sex substance released from the people of America. Of course not wholly, but it applies particularly to America, and it is mankind's accumulation of the ages. Oh, one day, the people of America who do not know anything about this Great Light, will come to find out what has been done for them unasked, unsought! We just have to do it for your protection!

Now then remember, dear people of California, don't fail to take advantage of this. Since the entities have been removed, We have also removed this substance, your accumulation! This includes the students as well, for a great many have not used the Violet Consuming Flame dynamically enough to dispose of their accumulation; because sometimes they could not make themselves believe, that they had a vast destructive accumulation; but if you saw it, you would believe!

This means you, dear students, who have not used the Violet Consuming Flame enough, are helped as well. This means more than words would ever be able to convey to you in the outer world. THAT SUBSTANCE, YOUR ACCUMULATION OF THE AGES, WAS THE PRESSURE WHICH BROUGHT LIMITATIONS AND DISTRESS TO YOU INDIVIDUALLY!

I say to you our blessed ...., your accumulation of the past has been completely dissolved. (applause). Will you take advantage of this and enter into the full happiness, and joy of all this means to you; and then go forth in the Glory of this Light as you have never dreamed possible. May you realize this and know, I have spoken the Truth to you! Do not generate any further causes and you will see the out-picturing of that Freedom which is yours!

I say to you, many many of the students have been released from so much, even in the Shrine Class in Los Angeles, San Francisco; and now for many of you, the completion of It will be here, so try to feel It! Do you think I would speak a word of encouragement to you that you are not entitled to, or did not belong to you? I want you to know this! I want you to be Free, not laboring under the deceptive power of your intellect, that you still are not Free! This Freedom is the Glory of one who serves! This blessed boy who has served so earnestly,

may he now feel Our Blessings which enfold him as never before.

May I explain to you and to our blessed ...., there are individuals, where it is impossible for Us to give promptings when We would like to; because they must be the Conquering Power without Our Assistance, as was the condition with the Messengers the first year that they went forth! They thought I was giving them lots of Assistance, but I did not! They had to stand or fall upon their own mighty application! It would not have been wise for Me to tell them that; but they have gained dauntless power and strength thru it. Our blessed .... has gained dauntless strength and Victory of the Light thru it. I congratulate you my blessed ....

The forces of destructive power that have been holding their dominion upon this earth, are seeing definitely, that they are dealing with a Power of Light which is not human; and that now, there are too many human beings calling that Power of Light into action to stop It! So many of those forces are sitting astraddle of the fence, wondering which way they are going to fall; because they know they are going to fall sooner or later! It is rather a precarious position to be in, but they were the creators of it; therefore they must handle the results.

Dear people, today I want you to realize that all these Magnificent Achievements, all of the great sincere effort of the Messengers, has not been in vain! Your efforts have not been in vain for this Power is gaining, this Light is gaining such momentum, that there will be hundreds of thousands in America, who will suddenly find instantaneous answers coming at their calls, which will give them such joy and happiness. If you do not gain a momentum by your continued application, how can you expect to have the answers to your calls? YOU must

determine that momentum! The Messengers and We can tell you about it, but if you have not yet built that momentum, it is up to you to apply the Law until you get it; because it is quite different from even thirty days ago! The Activity of the Law compels you to do now more for yourselves, because of the Great Assistance which is being given.

Observe what this which I have just told you today, means! My dear ones, words are so inadequate to convey to you what this means, this removing of the pressure of your own creation! Now notice what it means—this is the far-reaching Power. We have told you before, how your mighty Decrees go forth in the mental and feeling world to render this Service; and how thousands of people entirely unknown to This Activity, have had these Decrees go into their mental and feeling worlds; and when they touch this Light, they come up like a flower unfolding before the Forces of Light. Then, they accept It with great firmness and determination, which is a surprise to even the former students.

Since this pressure is removed from within the boundaries of America, see what this will do in the future! PEOPLE WILL BE REACHED BY THIS LIGHT WITH SO MUCH GREATER EASE AND WHEN THEY COME INTO IT, THEY WILL BE STABILIZED! You will see this to your astonishment many many times. Therefore, I wish to acquaint you with these Truths today, so you may have the Blessing! That does not mean you should cease your application! Don't ever cease that, until you are ascended, no matter what We reveal to you; but go right on with that same determination and dynamic power of application and have its Blessing, because you need it. REMEMBER, YOU NEED THAT CALL FOR YOUR INVINCIBLE PROTECTION, UNTIL YOU ARE ASCENDED.

Do not ever let up on it three times a day! Remember that! So much is being accomplished, of which never a word is mentioned, because We do not wish you to lean upon Us.

We are here for the Victory of the Light, dear ones! During those long long years, I served by Myself—believing firmly, that some day from somewhere, would come that Assistance which I required. When I asked the Messengers to go forth, do you think that I saw with My Great Wisdom, this achievement today? Of course not, because that is an Expansion of the Light which no one could determine, except as you see It acting through individuals! That was one thing which could not be determined! There are many things which can be determined, but not that! That is why, do not ever feel that in some things Our Wisdom is Supreme and in some things it is not! Have I not proven Myself to be a good businessman?

I have watched this and it is really very delightful to Me. You know every time individuals have come to the Messengers and said: "You know I could be of great assistance in advising you," the Messengers said: "Oh, yes"? Then I would see their spines straighten up and they would say: "Have you forgotten We have the wisest Adviser in our business affairs"? YOU KNOW I HAVE BEEN ACCUSED OF MAKING A LOT OF MISTAKES, BUT I NEVER MADE ONE; AND I COULD NOT MAKE ONE BECAUSE "I AM" THE POWER OF LIGHT AND ITS PERFECTION! HOW COULD I MAKE MISTAKES? IF HUMAN BEINGS MISINTERPRET MY ACTIONS, THEY HAVE MADE THE MISTAKE INSTEAD OF ME! Doesn't that seem quite logical or very real and practical, dear people?

Today, as I stand here flashing These Words to the Messenger, I am just as tangible as he is! Now this is the very joyful thing that is approaching. As the vibratory

action of your bodies and minds is stepped up and raised, don't be surprised, if some day in the class, you see Me quite as clear as the Messenger! That would be the Natural Law, but do not strain to do it! Just be patient, until It arrives, then I cannot hide Myself from you! Of course, I do not do that on purpose, but then you just have not seen Me so far; but "I AM" none the less tangible as you will observe!

That is what I want you to feel, because all the great powers which you use are invisible. You only see their manifestation. YOU ARE SEEING PLENTY OF MY MANIFESTATIONS, ONLY YOU JUST HAVE NOT BEEN QUITE SURE OF HAVING SEEN THEM. You know, poor puny human beings spread their vicious falsehoods, concerning Our Reality and concerning the Reality of these Dictations. What imbecilic puny minds they have, to try to pit themselves and their falsehoods, against the Great Light which is the Light of the Universe! Their dull vicious intellects are too depraved to understand It or even try to!

Observe that dear people! Do not be pulled into vicious vile gossip of depraved human minds! Many of those depraved human minds know only falsehood and gossip! Not even, if it were to save their physical lives, would they be willing to tell the Truth about which they have told a falsehood. Therefore, it is up to you, beloved students, in the future now, to guard yourselves against these things! After We have prompted you so lovingly, kindly and earnestly, then if you do not stand on guard, the fault is yours!

EVERY WORD OF THIS GREAT LIGHT IS REAL! EVERY WORD WHICH IS OUR WORD, CONVEYING THIS GREAT LIGHT, HAS WITHIN IT OUR ALMIGHTY QUALITY OF PERFECTION! Now notice! I am flashing the Words to the Messenger today! For an illustration, they are My Words and every

Word that he is speaking to you, is charged with My Quality of Perfection! Whoever does not believe it, is unfortunate and they won't get the Benefit, won't get the Blessing, they won't have the Protection!

This is the Law of Life and We have, all the students who have been in the Retreats, have seen this Manifestation constantly. They come into the Retreats, and at first, they see nothing but the ordinary physical sight, and as they remain, without effort the vibratory action raises and raises! WHAT DO YOU SUPPOSE SHUTS OFF THE GREAT INNER SIGHT FROM WITHIN YOU? IT IS ALWAYS THERE WITHIN THE BRAIN STRUCTURE! Where do you suppose It is shut off? Right here at your solar plexus, where all discord enters your body or your world and that causes the density. It has made the density of those organs, which otherwise would naturally see Us, fail to do so, until they were returned to that height of vibratory action, where they would naturally cognize Me standing here, the same as you see the Messenger now!

All these things are practical and Natural Laws and actions of Life; and when you harmonize yourselves enough, and the Light pours thru the heart and illumines the brain, then you see, then you hear the Voice of your Higher Mental Body speak clearly and distinctly to you! Then, the troubles from your worlds cease to be! It is not necessary to strain for those things; because if you did, you would force thru into the psychic world and see that which is most undesirable; but when you have really begun to hear the Voice of your Presence, which is the Voice of your Higher Mental Body, you will find there is no difficulty in distinguishing that It is the Presence' Voice which is speaking; because that will compel all Voices around you, which might even be human suggestion, from speaking to you!

Do you know that human suggestions can speak to you thru your feelings, as clearly as the spoken word? That is why We have endeavored to protect you and guard you against these things. If you will not believe, that human suggestion is acting about you all the time, well how are you going to be protected from it! If you do not believe We are telling you the Truth, how are you going to have Our Blessings! WE KNOW WE ARE SPEAKING THE TRUTH AND THE MESSENGERS KNOW WE ARE, AND THEY NEVER SPEAK ANYTHING ELSE BUT THE TRUTH TO YOU; BUT IF YOU DON'T BELIEVE IT YOU WON'T HAVE THE BENEFIT.

Now really in the past, in the beginning of the Messengers carrying this Light, I sometimes almost began to plan some Unusual Manifestation for the student body; either My Tangible Appearance or something of the kind, which would give the earnest students the encouragement, that they crave so much; but you know there are certain things which even We must go to the Central Source of Intelligence, from which you all came, to this earth, to determine whether We may use a certain action of the Law. When I suggested this the Great Wisdom there said: "Saint Germain, have you forgotten in your earnestness for this Release of mankind, that mankind having been the generators of these conditions, must make a certain amount of effort to get out of them or they will not remain out?" I said: "Yes, I had thought of it," and then They said: "We think it would be very unwise," and so it was withheld, but They said to Me then: "Saint Germain, You are not to blame, because the people fail to see the constant Manifestations of these Great Laws, thru the activity of the Messengers. Limitless proof has been given to America and to the people who have been in these classes and many outside; why humor mankind with trying to give

them something else that the doubting Thomases would still say was something other than what it was?"

So today, I remind you that when you call with earnestness yourselves, for the out-picturing of the Perfection of your Life, you will begin to see, know and experience that Perfection! Then, you will raise yourselves where you will naturally see Me and see Me flash the Words to the Messenger the same as you see each other!

We are coming into more and more tangibility in the use of this Great Law; and as you see that, you will find that everything works under Law and Order, Divine Law and Order; and no one can over-step that for a single moment and not pay the penalty for it!

The Great Law of Life which was once giving such Freedom to mankind, owing to the activity from the Great Central Source to this earth and the other planets of the system, is becoming more, more and more exacting; because mankind has little more time to make their decisions! That is not My Opinion, that is not the opinion of the Messengers; it is the Law of Life to this earth, coming into action and the human beings who do not believe It and cooperate with It, well they will just go down under It.

Why is it, every time that a Great Cosmic Activity takes place in the world, to bring Its Greater Perfection, there is always a certain amount of humanity who refuse to listen or pay attention to it? This time, ten thousand times the number of the people have responded thus far, over the experience in two million years. Do you see what that means? Do you see why the Great Cosmic Light, the Law is taking Its Action upon this earth more than It ever has during that previous time; because mankind must be returned home where they belong, and that which they have imposed upon the earth must be removed.

Is it not strange that people when they have seen, whether they believe in re-embodiment or not, thru historical record, this war and destruction; war and destruc-

tion; war and destruction; destroying one civilization after another, why won't they see that war is not the remedy? Even today, when this Great Light is reaching many great minds in America, why won't they come forth now and say to the whole world: "Here is the solution to human problems! Here is the Freedom of America, her people and the world! People of the world take hold and give your assistance to this," and it would all be finished in a comparatively short time!" I shall expect this yet and keep on expecting, until these Mighty Decrees go forth in the mental and feeling world and give these people, the courage to stand out before the world and say to the people: "The 'I AM' is the Light and Authority of the Universe and of every human being; and those who will respond to It, will have Its Blessing of Perfection pour forth into the world of human action; and the earth will become a paradise in which mankind shall live forever."

I thank you, beloved ones, and may you join Us now in this class, in making it the most glorious of your experience; for We have provided in this room, THAT WHICH WILL ENABLE YOU TO KNOW AND FEEL IT AND THIS WILL INTENSIFY EACH DAY! May you be Its Great Glory, receive Its Great Blessing and go forward from these ten days in your Freedom forever!

Thank you so much.

STANDING ERECT - WALKING AND SUPERFLUOUS FLESH

Excerpts from a Talk to the Students by
Our Beloved Messenger, Mr. G. W. Ballard

IF YOU will straighten your spine and stand ERECT, you will find little difficulty with the outer world! Do you know, when you let yourself down like this (slouchy) the effect is just the same as though you opened a door and invited things in.

People should train themselves to HOLD THE SOLAR PLEXUS IN! The Ascended Masters are as straight as an arrow! They know the Law! If you have superfluous flesh on your body and you will walk and hold the diaphragm in, the superfluous flesh will leave the body. Practice it! Try it!

Seventy-five per cent of the superfluous flesh that people have, is simply gas in the cells of the body. It is absolutely true. We have proved it time and again — sometimes generated from food that is not for your particular atomic structure, sometimes from discord, anxiety or fear. This is a simple means of bringing your body, your atomic structure, into Divine Order and obedience to the Presence.

Beloved ones, if you want to be free, you must do these things with DETERMINATION and with JOYOUS FREEDOM OF VICTORY. Don't you see, you cannot accomplish anything with an ALL-GONE FEELING? If you will straighten up your spine and draw in the diaphragm, keep your attention on your Presence, you can accomplish wonders!

There is a constant pressure on the delicate nerves of your spine when you slouch down, but straighten up your spine and WEARINESS and EXHAUSTION will be gone at once! Hold your body in a Divine Position for the Currents of Energy to flow thru.

The nerve fluid flows thru your nervous system just as the blood flows thru your veins. That is why Saint Germain is prompting you, tonight, to do this! It is so simple!

The SOLAR PLEXUS is a nerve center in the area of the stomach. Back of the spleen is the ganglionic center. Those are the two points where your body is interfered with from the outside. All discord from others, strikes you from the outside at the solar plexus. All vampire action takes place at your spleen.

You cannot feel discord of disposition above the heart! All discord comes in below the heart. Keep using the Violet Consuming Flame and you will lift everything into the heart area! The heart area has always been called the ALTER OF THE SACRED FIRE! The moment any influence of a discordant kind strikes the heart area, it begins to take on a purification from the Causal Body or the Presence!

That which is FARTHEST FRONT indicates what is the controlling part of your body.

It may take you a couple of weeks to learn to WALK the correct way, but if you will compel your outer to do that, you will find you will be uncomfortable, if you do not carry your body that way. COMPEL YOUR BODY TO OBEY YOU! You must take command of your mind—your body and your intellect.

Mind is but a vehicle, which you, as the Individual Flame must control! Your Presence is the Controller—your intellectual consciousness is but a vehicle of contact, in which the senses are located.

FOR GAS IN THE CELLS OF YOUR BODY—use the Violet Flame just as if your Presence radiated a Ray upon the body—WHEREVER YOU WISH, to take out the existing gas, which any of you can do.

Use your hands this way (as taught in the "I AM" Discourses page 233) and then throw the substance from the finger tips, just as if you stripped a garment off and threw it from you! You will be amazed at the feeling of your body in one minute! Use the Violet Flame and you can master the body!

GEMS OF LIGHT

SAINT GERMAIN

Do not let anyone induce you to speak a critical, discordant word about anybody. If somebody comes to you and asks about something discordant, simply say: "Well really I know nothing about it." Then, if they insist on discussing it, say: "Now, I do not discuss those things." Be firm and determined and soon no one will attempt to bring those things to you, because it is all an attempt of the sinister force to get you disturbed, so it can get its claws into your world.

* * * *

SAINT GERMAIN

The sinister force working thru individuals off guard, will use the most cunning means to try to get you to say something and then distort it! That is being done constantly among the students. If they would only take their stand! What if you do hurt someone's feelings, isn't it better to hurt someone's feelings, than to let them come into your world, upset it and prevent your achievement?

You know when destructive forces generated by an individual reach a certain point, they have to do one of two things—find an outlet or return upon its creator.

GEMS OF LIGHT

SAINT GERMAIN

Whenever you have the opportunity encourage the young people not to act upon sudden impulses. Marriage is a very beautiful thing when understood and gov-

erned; but if it comes about thru an impulse of a sinister activity, unknown to the blessed innocent ones, then it is tragic indeed!

* * * *

SAINT GERMAIN

Govern and watch all sudden impulses, and do not act without assurance, then you will find that the Wisdom of the Presence will, thru the Discriminative Activity of the Higher Mental Body, keep you from making any mistakes!

* * * *

SAINT GERMAIN

I SAY TO YOU, WHATEVER THE MISTAKES HAVE BEEN IN THE PAST, PLEASE SHUT THE DOOR AND LOCK IT! SIMPLY CALL ON THE LAW OF FORGIVENESS EARNESTLY AND SINCERELY, THEN LOCK THE DOOR BEHIND YOU! DON'T LEAVE THAT DOOR OPEN FOR THE OLD THINGS TO KEEP PILING UP AND GETTING YOUR ATTENTION; WHEN YOU KNOW HOW POWERFUL YOUR ATTENTION IS! YOU KNOW IT CAN LIFT YOU TO THE HEIGHTS OR DRAG YOU TO THE DEPTHS.

* * * *

SAINT GERMAIN

It seems so remarkable that in all mankind's experiences, these simple Truths did not come forth; and yet, We do know of course, it is simply the sinister activity of human accumulation which withheld these simple majestic Truths from reaching the consciousness and understanding of mankind, because then they would free themselves quickly!

ANNOUNCEMENT

It is our very great privilege and joy to announce the release of a small size "Crystal Cup" for either traveling or children.

It is the same shape and quality as the larger "Crystal Cup," but for individual use, especially traveling, it is more convenient for carrying.

These "Crystal Cups" receive the same Charge and Blessing as the larger ones, and, with the exception of size and weight, are in all other respects the same.

We love, charge and bless them with all the Devotion and Purity of our Heart's Love and Light; to be the Receptacle into which the "Mighty I AM Presence" and all Great Beings, Powers and Activities of Light, can focus Their Power, Unfed Flame and all the Blessings for which we call.

May every one of these "Precious Crystal Cups" be such an out-pouring of all Ascended Master Miracles, Victories, Light and Freedom, that each one's world runs full to overflowing, with all the Perfection of Light without limit, sustained and expanded to bless all Life and all that is yet to be, today and forever.

With all our Love in the Light forever,

MRS. G. W. BALLARD

Price $5.00
Shipping charges 50 cents.

Beloved Precious "I AM" Students, in all "I AM" Study Groups and musical activities, please use only the Music of the Spheres; or music to which there are words in our loose-leaf songs (except Nos. 34, 49, 52).

Please do not use outer world music of any kind in your musical activities at any time, as Saint Germain and the Other Ascended Masters are giving the Music of the Spheres which They request us to use; because of Its Special Radiation for the release of the Ascended Masters' Consciousness contained within it.

We are building a permanent musical activity to release Ascended Master Healings, Ascended Master Blessings, Ascended Master Protection and Ascended Master Perfection and these can only come thru melodies which are charged with Ascended Master Feeling, and Ascended Master Words, which are Cups that carry Their Ascended Master Light-Substance into the minds and bodies of those who hear this Music of the Spheres.

We wish all our "I AM" Musical Activities to be kept uniform all over the world, so the Greatest Light and Help from the Ascended Masters' Octave can go forth everywhere, to bless all mankind until all are raised into the Ascension forever.

"I AM" WINGS

N Wings of Light from Heavenly Realms
Come Messengers of God's Love,
Bringing to earth in Glory Supreme,
Perfection from Those Above—
Whose Hearts of Flame lift all of us here,
And raise us on Rays of Gold;
In Peace Divine and Harmony True,
"I AM" all Their Gifts untold!

On Wings of Love from Temples of Light,
Come Angels to help us now,
Their Strength "I AM" and Courage Sublime,
To help us fulfill our Vow!
They blaze Their Power and take command,
Increasing Their Light each day,
They stand revealed to all mankind too,
Perfecting us all God's Way!

On Wings of Peace from Temples of Flame
"I AM" Legions we behold—
They bring Sacred Fire to earth again,
And in Their Peace all enfold;
Their Mantles Bright and Beauty Divine
Protect and illumine too,
As Their Cosmic Peace clothes all the earth,
Each heart's Unfed Flame comes thru!

On Wings of Joy from Suns above,
Victors of Light now descend;
To hold all earth forever in Light—
Light! that is always Our Friend!
The "I AM" Light They bring and expand
And Victory's Great Victory too,
For only Light is Real Victory—
"I AM" is ALL Light come thru!

On Wings of Pow'r, Lov'd Freedom commands
Freedom for all from His Heart;
For Saint Germain is ALL Freedom here
And all else must now depart!
His Violet Flame purifies all,
It flows from His Blessed Hands—
"I AM"! "I AM"! "I AM"! that Great Flame
All Purity, He expands!

On Wings of Flame, God's Music comes thru,
To consume all not of Light,
To silence all discord everywhere
"I AM" is all of God's Might!
Its Song and Light shall fill every home
With Victory no tongue can tell,
For the Light "I AM" shall reign Supreme
In that Light "I AM" all dwell!

SAINT GERMAIN'S DICTATION

MINUTE MEN NEW YORK CITY

May 29, 1938

ELOVED gentlemen of the Light, My Heart throbs with joy at every opportunity to meet with you; and I call your attention again and again to these Great Laws! Everything that touches your outer activity of Life, is the Law of your own Life in action; whether it be governed by Intelligent Direction or by human concepts, which allow mistakes and limitations to suddenly creep in. You are the choosers of what is going to be done with this energy of Life, which is flowing forth thru your body!

You have seen this magnificent Chart. It is the exact eye picture of your Reality, your position, your connection with your own God Presence, the "Mighty I AM"! Remember those two Words, "I AM," are the Most Powerful Words in the Universe; and have thru all civilizations, come down as the God Authority; for they are the Announcement of Divinity, your Individualized Presence of God thru the human form at your focus in the Universe!

If you will understand this in its fulness, you will understand, why it is possible for you to release a greater Power, a greater intensification of the Energy of Life, than that which ordinarily flows thru, as you have heretofore understood it, as involuntary action. Then, you can by the understanding of the Presence which gives you Life, by your attention, by your call, release a greater volume of It into action, so It will cleanse and purify your own bodies and feeling world, then go out by the Power of Radiation and Light into your activity!

Do not think just because your activity encompasses quite a scope of action, that the Radiation does not go

out into every detail of it; because that is a part of your Life! Whatever belongs to the action of your world, the Radiance of your Life goes out into every detail of it, because it belongs to you! It does not go into someone else's Life or action, but it goes into your world! Feel this more and more, and know that it is the Supreme Directing Intelligence. In your previous limited concepts, you have drawn yourselves into all kinds of mistakes and limitations, because you were not dealing with the cause. You were accepting human appearances which are largely human concepts and therefore not correct.

You have the opportunity, today, thru this which I have brought forth — the Understanding of Life and Its Application — to take the Scepter of Power into your hands, and call forth this Mighty Energy, this Mighty Directing Intelligence to act in your world — first to harmonize your physical bodies, because that is the imperative need; and then your world and affairs!

Do you not see, that you cannot allow this energy to go forth in its Purity and Power, unless there is Harmony maintained in your feelings; because by the Law of your Life, your Power of Qualification is compelled to clothe that energy as it goes forth! That is why it is imperative and why the Messengers have pled and pled with mankind to first harmonize their feelings and maintain that Harmony; so, when they call this Greater Power of the Presence into action, this Mighty Energy and Substance will flow forth in its Purity.

Remember, as you observe this Chart, that this Stream of Energy, until It touches the top of your Head IS ALL-POWERFUL, PURE AND PERFECT! If allowed to go forth in Its own Purity, then by Its own volition, It would produce Perfection and successful achievement in your world; but so long as mankind will not comprehend, will not correct their feeling world, then they will continue to requalify that Energy; or in

other words, clothe It, as It goes forth, with the quality which is in the feeling! It is so imperative to thoroughly understand this!

I am dwelling on it this morning to try to help you. If you feel and hold the Truth of this, then you will understand and see; and it will give you the courage and strength to receive that Harmony in your feelings and allow this Power to go forth and produce success in your world of action.

Gentlemen, there is not one of you in this room or in New York, if you would understand these simple Laws and go forth believing Them, holding your feelings harmonious, who would not in thirty days find the opening for himself, or whatever successful achievement, he wished to attain. The opportunity is before the men of America today; and if they can harmonize themselves, whatever they choose to fix their attention upon, will become successful in that direction! There is no opposition to this Great Power of the "I AM Presence," which goes forth to bless you, to harmonize, to intelligently direct your activity in the outer world.

Unless you conform to this, gentlemen, We cannot help you! We want to! We have all Authority and Power, with your cooperation, to transform everything in your world; and We are ready to give the Assistance; but We will not do it, unless mankind will give the necessary obedience — not to Us, but to Life, your own Life! We are talking only about your own Life. We stand ready to give Assistance! We have gained our Freedom by this identical application, don't forget that! It is why We have lifted Ourselves into Our Ascension to Our Eternal Freedom. We wear Bodies of Eternal Light which We can command to raise or lower Their vibratory action at will. There is not a thing unusual about it! It is just the Law of Life acting! As you understand

Property of Saint Germain Press, Inc.

that, you will find, you can raise your feeling, your consciousness above the human limited concepts.

Remember, it requires strength and determination to reverse all human concepts, and this understanding does reverse most human concepts! There is no question about that. We know what We are talking about, but We know what It produced for Us; and We know what It will produce for everyone in the world; because It is the Law of Life, your Life acting, and We can't talk about anything else!

Now, if We could have achieved this Great Freedom — should you who have not seen into Our Octave discredit it? Because you have not seen into the Higher Octaves, you think all this is hazy, filmy and imaginary. My dear Brothers of Light, in the Octave where We are, everthing is just as tangible and Real as your physical octave here! It is composed of a finer Substance, true; but it is none the less tangible! Our Bodies which you do not see, are Real and Tangible. I am standing here just the same as this Good Brother; because I am determined to release a Radiation into your feeling world today, which will anchor you; to give you Strength and Courage to go forth Victorious in your acknowledgment of your own "I AM Presence" and the Power of your application. Do not waver in your application!

Suppose you do not have the immediate results you would like. Go on, apply the Law and one day, perhaps sooner than you expect, the wall of human resistance will come down. Then, you will find your Life filled with wonderful strength, happiness, joy and the achievement which cannot come, unless the human turns its attention where Perfection is; and that is above you, your own God Presence, the Individualized Presence of God, the "Mighty I AM."

That Chart is accurate, make no mistake about It. Unless you want to conform to It, you will have to remain

as you are. In this day, THE ENTIRE ATMOSPHERE OF EARTH IS CHARGED DYNAMICALLY WITH MISCONCEPTS, with human destructive thoughts and feelings; and you are compelled to move in that atmosphere all the time. You cannot get away from it, as long as you are in physical embodiment. Then, you must know, that mankind have got to have a Greater Understanding than they have thus far had, in order to hold or call the Presence to hold this Tube of Light about them. It will give them the Invincible Protection from the impact of the outer, for you have the impact of discordant thought and feeling driven at you all the time, just like waves.

You all know that! You know the changes in your feeling! You have moments of extreme happiness and courage, and the first thing you know, down you go into the feeling of lack of the power of achievement. That does not belong to you; that is because you have accepted the Radiation about you somewhere.

Today, you have This Understanding, you have the means of holding yourselves in the Invincible Protection of the Presence, against these conditions of human creation. This human accumulation is not only just in this embodiment; but from hundreds and thousands of embodiments in which mankind have lived. Gentlemen, make no mistake about it, you have lived hundreds and thousands of embodiments similar to this! So did I, until that day came, when the Light was strong enough within Me to hold Its Dominion and send Me forward, to the place where finally I came to understand this Law.

Before My Ascension, I understood the Law of Transmutation and did many things that seemed miraculous to the human. I worked thruout Europe for four hundred years, after I began to maintain the body which I then used, but mankind would not listen! I could have made Europe the United States of Europe and tried it.

When I found Napoleon as a youth, he was the most willingly obedient individual you could wish to find. There was not the slightest thing in his feeling world, to indicate that he would not continue to be obedient; but in an unguarded moment, he allowed the destructive forces of the world of human creation to surge in upon him and he would not listen, and you know the rest.

That is exactly the way with mankind today. THE MOMENT ARROGANCE OF HUMAN ACHIEVEMENT COMES IN FOR ANY REASON WHATSOEVER, THAT MOMENT, GENTLEMEN, YOU HAVE SHUT THE DOOR TO THE POWER, THE BEAUTY, AND PERFECTION OF YOUR MIGHTY GOD PRESENCE! You cannot afford to do it. The greater your power and understanding, the more humble you must become before this Great Presence of Light and Freedom, and the more unyielding to human creation. You must be as humble as a child before this Great Presence of Life that beats your heart.

That is why this Messenger has come to this point today. Gentlemen, there is not any of you who had a greater struggle than he had for thirty years. Remember, seventy thousand years ago he was my son! Donald was my son! That is why My Own Current of Energy is within those bodies! I have always seen to it, that that Current of Energy remained thruout these long centuries, for one day, I knew that It would take Its Dominion in whatever human form they were using at the time, when that Dominion should come forth. I saw this and I saw his struggle, up until he had grown to manhood.

Those in Our Greater Octave of Light — not knowing what I did, not having investigated — questioned his ability to carry this Light; because They saw and knew that in this embodiment by nature, he was very timid; but to Their great amazement, he arose in the Power and Strength of his Great and Mighty "I AM"

Presence; and from the beginning he has been dauntless before the criticism and the condemnation of mankind. He is absolutely fearless and had you known him in his early youth, you would have thought it impossible. Just so with you today, you who are beset in some manner by more or less fear or doubt, either of your ability, your application or of the Reality of the Presence. Won't you believe Me, when I tell you that this Chart is absolutely correct, giving you the perfect eye picture of your position to your own God Presence; and how you are connected with that Great God Presence! If you were not, you could not have a physical body. Your own reason tells you that since this is the case, you can by your attention to your Presence, call forth Its Limitless Power and Intelligence, to govern you and your world and produce Perfection in whatever your attention is fixed.

Remember, your three faculties, your attention, your physical eye sight and your Power of qualification! They are three of the most powerful faculties in the world and they go on thruout Life, even to the Highest Spheres! You are having but a fragmentary part of these great faculties to use here in physical embodiment, until you come to understand what they mean to you. "Where your attention is, there you are." You cannot prevent it; because where your attention is, every particle of your Life is feeding into that objective. What your attention is held on you become; because that is the Law of Life. You cannot change it, until you change your attention.

Your vision has looked out here and accepted all the distress and limitations, you see created by mankind. Now that is not real! It certainly does seem tangible and real, but it has no power of its own volition. The human creation of limitation and distress you see about you, is but human creation. It has no power, except the Life fed into that appearance by individuals; and

IF ALL THE PEOPLE WOULD SUDDENLY WITHDRAW THEIR ATTENTION FROM THAT: AND PUT IT ON THIS GREAT PRESENCE, IN THIRTY DAYS THE TROUBLES OF MANKIND WOULD DISAPPEAR; BECAUSE THERE WOULD BE NOTHING TO FEED THAT APPEARANCE WORLD, TO LONGER MANIFEST ITS APPEARANCE TO MANKIND.

Now, this is practical, the most practical thing in Life and when mankind understands It, they will find themselves free and quickly.

Gentlemen, I know what is in everyone of your lives! I know what is in your feeling world and your motives; and in a great city like this, it is a marvel that mankind ever maintain any semblance of Purity and Perfection! It is the most Marvelous Miracle! You talk about miracles, and yet each one of you is a living miracle today, in the fact that if you saw the conditions you are moving in constantly, you would know that it was true.

Now then since you have been able by the Power of This Light which is beating your heart, to ward off to a large degree, the conditions of human creation which would have destroyed you before you were twenty years old, then you must know that the Light is still holding Its Dominion; and by your conscious attention to the Presence of all Life, you will know you can draw Its Purity and Power and send It forth, out into your world to harmonize and produce whatever Perfection you desire to have there; also in your physical body.

I want you to understand this today. The doctors have told you, that most diseases could be eradicated, to which many have fallen a prey; but I tell you, it is impossible, unless mankind will use the Violet Consuming Flame, call their "I AM Presence" into action, to remove that thing from their blood stream. I know what I am talking about! Unless you will use the Violet Consuming

Flame, you cannot cleanse and purify your bodies and make them the receptacle for this Great and Pure Energy to flow forth; but if you will call the "I AM Presence" to use that Violet Consuming Flame and feel It go thru your blood stream, you will be able to purify the Life Stream. Feel It and as that Violet Consuming Flame is set into action under your feet, feel It just interpenetrating every cell of your bodies and entering into your blood streams to flow thru those blood streams and cleanse and purify them. My dear people, in twenty-four hours, I could take one of you and purify your blood stream absolutely complete! I want you to know how powerful this Great Law is; and just because you have made mistakes, is no reason why you should continue in them!

Remember, gentlemen, I say to those who hold so firmly to the sex idea, ONE MOMENT'S ADORATION TO YOUR "I AM PRESENCE," WILL GIVE YOU MORE JOY THAN ALL THE SEX DESIRE IN HUMAN EMBODIMENT! Remember, dear ones, We are not trying to deprive you of anything, when We ask you to conform to the Law of your Life, to use that activity only for pro-creation of your kind. You need that Energy which is Life, in your body, to hold to your Presence and call forth Its Power and Perfection!

Do not resent letting go of those habits, whether they be sex, smoke, drink, dope or any condition that besets mankind today! Dear people, REMEMBER YOU ARE BEING SET FREE AND GIVEN EVERYTHING INSTEAD OF BEING DEPRIVED OF ANYTHING! That is what mankind must understand today, to allow this Great Purity, Power and Perfection of Life to go forth!

Think what it means, gentlemen, if you allow yourself to dwell for an hour upon intense sex desire; or for an hour upon the great intense desire for drink; or for smoke, or any of those things that mar and condense the

Property of Saint Germain Press, Inc.

substance into your brain and body; any of those substances makes it impossible for the finer vibrations from your Presence, to find action and make you aware of Itself.

No matter what the habits have been, you can call your "Mighty I AM Presence," your individualized Presence of God, to take out of you all those desires and replace them by satisfaction — Its Satisfaction and Perfection, and It will do it, and sometimes very quickly!

Therefore, this is the Law of your Life which We are asking you to conform to, not Our Idea, nor Our Desire; but because We know what the Law of your Life is, and We know We had to do these things. We had to correct these conditions and so does every man and woman in the world, if they are to have the Beauty, Power and Perfection which We know they become.

In all of your activity of Life, unless you are ready to pour forth Divine Love and Blessings to every person, place, condition and thing, you cannot have your Freedom; because that is what keeps Harmony in your feeling world! As long as something is stirring up your feeling, you are susceptible to all the disturbance and destructive conditions about you in which you move! Do you not see that? Just the moment something disturbs your feeling world, you are an open prey to all the destructive forces accumulated by mankind! Your maintained Harmony is where your Great Protection comes. You must give obedience and response to the Law of Life as you call It forth; by holding balance in the human in the use of the Powers which you call forth from the Presence. As you do that, you will find your world transformed in no time — into one of happiness, strength and courage and a directing Intelligence which you would not have thought possible before!

Your Higher Mental Body which stands between your physical body and your "Mighty I AM Presence"

is that Presence, Intelligence and Form of Blazing Light which the Presence has provided! It knows the Perfection of the Presence and knows your imperfection! When you call to the Presence, your Higher Mental Body knows the slightest detail of your every requirement! We have not called your attention particularly to the Higher Mental Body up until now; because We wanted your attention fixed upon your Source of Life, which is the "Mighty I AM Presence." The Higher Mental Body always responds! You don't have to give It attention especially; but now today, We are coming to the point where it is necessary for you to keep yourselves reminded, that your Higher Mental Body is there answering your call to the Presence; and It knows everything that you need; everything that you should do, and will give you absolute Unlimited Assistance!

Once mankind comes to understand that the Higher Mental Body is the All-power of the Presence, you will know that your Higher Mental Body can come right here and make Itself visible to you at any time It chooses. It can enfold you in Its Presence and make your physical body an Invincible Power against anything in the outer world! I have seen it done time and time again! Your Higher Mental Body can speak to you, just like I am talking to you, when the obstruction in your feeling world is sufficiently cleansed and purified.

Your "Mighty I AM Presence," even Its outer rim of Radiance, never goes below your heart; and if It once did come that close, you would become a Luminous Being at that moment. Your Higher Mental Body is provided to give you Assistance in your call to the Presence and It is mighty! It is tremendous!

I am very thankful for your comprehension and your willing acceptance of this! Don't feel when We call your attention to this necessity, that We are criticizing you; for We have only one desire and that is your Freedom!

Property of Saint Germain Press, Inc.

We would no more condemn you for any mistakes you might have made, than anything in the world. Gentlemen, everyone who has reached Perfection, has gone thru similar experiences to yours, why should one condemn another!

Watch out in your Life's experience! If you condemn another, you are condemning a part of yourself; because all Life is ONE! You are individuals that is true; but still in the Great Octave of Life, all Life is One; all energy is One; all Intelligence is One; and you are the individualized Activity of those great qualities. Therefore, feel your responsibility to pour forth the Radiance of Divine Love, Blessing and Order, as you move among mankind. Your blessed Leader touched upon a magnificent point, when he said: "let us be examples." Oh, beloved Brothers of Light, what that means to the whole world! You as representatives of the Light of your God Presence and the Ascended Masters, and that is what mankind wants to see!

If you, as Minute Men of Myself, are not representatives of the Light of your own God Presence, are not examples in your daily activity of this Light and show that Mastery, well can you blame mankind, if they do not want to become one of you?

Now why are you here, gentlemen? Not just because you wanted to hear the Messenger; but because your own Light in your heart was strong enough to bring you here. I want you to feel that! It is no drawing Power of Mine or his, but it is your own Light, which is strong enough in you to take command of those physical bodies; harmonize them and hold that Harmony. As you call the Power of your "Great I AM Presence" into action to transform your bodies, your world of activity comes into the greatest success, the happiness and the limitless supply that anyone can desire. That

is the Law of your Life. It is not something imaginary, but a Great Law which acts according to your application.

Look at the condition thruout your America today. At least for forty years, since Madam Blavatsky brought forth the first idea of the Masters to the Western world and went thru such crucifixion as few endure — but it has anchored the thought and feeling in the Western World, that there were Those Who were called Masters and Who had much more than ordinary understanding and projection of Currents of Energy to cleanse and purify their worlds.

You have heard the Messengers tell you that in India there are Masters who are not ascended, but Who call their "I AM Presence" into action to make that Tube of Light so Invincible about them, that not even a bullet from an elephant rifle can penetrate it. That has been done a thousand times in India. It shows, that the Tube of Light can be made Invincible and your "I AM Presence" will do it!

Yet today, in the Understanding of your "Mighty I AM Presence" and this application which I have brought forth, you have an hundred times greater understanding than the average individual in India who has established that other condition! They have only parts of this Information. In their understanding of meditation and all that kind of activity, setting their bodies down and going off into Nirvana — it is a very wonderful thing; but as the God Hymalaya made the people of America aware, that is not sufficient! Mankind have created their own limitations and discord in the outer world. The Great Light of God must be drawn forth to cleanse, purify, and correct that condition on earth! Meditation and going out from the body will never do it in the world! That is why the God Hymalaya has become so tremendously fired with enthusiasm, over the Work that is being done in America; because the people

Property of Saint Germain Press, Inc.

are being taught the Power of contemplation instead of meditation. Contemplation is action of God! Meditation is a static consciousness or stillness, releasing no great power into the physical world where the purification is needed! After long periods of that, by the very natural law of their beings, they call forth such Purity and Perfection into those human forms, that they pour forth a Mighty Radiance. There is no question about that! There is no contemplation about that; but the Western world needs the Power of Contemplation, which is the Power of action brought forth to dissolve and consume the discord!

You are responsible for the discord of the outer world to the degree that you have felt and put forth discord to that which already exists in the world! There is no getting away from that! Every human being to the degree that each has released discord in the world, is responsible for the limitations of mankind today! Now as you understand the Law of Life, you turn all human concepts upside down, as it were. All previous concepts about Life must be cleared. Then you understand that beating your heart, is the Great Power and Presence of Life in Its fulness; and that no impurity nor imperfection can enter into your heart, because that is the Anchorage of the Light of Eternity in your physical form! Without that Light and the Light Pattern in your flesh body, there would be no flesh body in this world. There would be nothing to hold it together!

We come now to the very simple majestic point, that the Light which is within your body, is the Intelligence of Life, the active Presence that is there! Your atomic structure at so-called death is helpless. From the beginning every organ is there; but what the Presence of Life charged into the body, was the Intelligence, the Power and the Activity which was acting thru that human structure. That should be sufficient proof, and there is

not a human being on the face of this earth who can refute it.

All the mighty things that ever came thru your human form, came thru that Stream of Light and Energy from your own God Presence. Every building in New York came thru that Stream of Light and Energy as an idea, as a plan and thru the outer Intelligence there was made a blue print. Then it became the physical building, by the substance which you have here. Then the body that had become helpless was the channel for the Outpouring of all this Great Intelligence and Power of Achievement.

Gentlemen, I tell you if your medical doctors and your scientific world, would believe that We are Real and give attention to their own God Presence — first the "Mighty I AM," then send their call to Us, the whole scientific world would be transformed inside of one year! Then, the correct concepts for mankind would come forth; but in mankind's reaching out just to their individual human concepts, they have but changed one effect for another! They are not gaining the Truth of Life, except in rare intervals, and I cite one for your illustration.

Your Mighty Edison held himself away from the opinions of the outer world, so that he received and brought thru the correct things for the blessing of mankind! That is a magnificent example of powerful, Real inspiration! Only a few will hold themselves free enough from the association of human concepts, to allow Life's Great Perfection to come forth!

Without a doubt you know and realize, that those who do contact Real Inspiration must have quiet and seclusion to do it. Take your great financiers in the world today; not one of them ever reached the point of success, until he received the feeling that he must have his own private sanctuary, where he could go in by him-

Property of Saint Germain Press, Inc.

self and feel what he wanted to have become a reality in his outer Life. Those individuals did not know that, but they knew thru intuition, that they must have quiet and Freedom from the pressure of the outside world, which their sanctuary or private office became! Let Me tell you another thing, not one of those men would have ever attained great wealth, who did not have Our Assistance!

Why do you suppose I have watched so closely over America for two hundred years? Because I saw that here was the only spot on earth where there was a chance of establishing this Great Perfection on earth, for America has not been drenched by human blood! That is why your opportunity today, gentlemen, is so great! There is not one of you in this room or in America, who has become a Minute Man of Myself, whom I could not raise into all Perfection and successful achievement; if you would direct your attention upon Perfection and hold it there; by first calling earnestly, sincerely and with adoration to your own "Mighty I AM Presence."

Why have these two Messengers reached this Great Freedom and Blessing? Because they have been willing to give willing obedience first to their Presence and then to Me! That is not domination by Myself, but because they know the Power and Perfection to which I have attained; and they know that I do know what I am talking about by actual experience. The Messenger in his association with Me knows that, and all human opinions cannot change it. He knows I am Real, and as tangible as you are! THEREFORE, WHEN THE EXPANSION OF MANKIND'S LIGHT HAS BECOME GREAT ENOUGH, I WILL WALK WITH YOU AND SHAKE YOUR HANDS THE SAME AS HE DOES; AND I AM HOPING THAT WILL BE SOON. (applause and audience standing)

I want you to feel your authority, your power, to

call this Greater Activity of your own Life, to take command of yourself and your world. Don't waver! SUPPOSE YOU DO MEET A FEW OBSTRUCTIONS SEEMINGLY, UNTIL YOU CUT YOURSELF FREE, WHAT OF IT! IT AMOUNTS TO NOTHING AT ALL! THE CONDITIONS THAT HAVE DEPRIVED YOU IN THE PAST HAVE ABSOLUTELY NO POWER TODAY, IN YOUR ACKNOWLEDGMENT OF YOUR GREAT PRESENCE! DO YOU NOT SEE AND FEEL THAT? IT MEANS THAT PHYSICALLY SPEAKING, YOU MUST BE FIRM AND STAUNCH TO THAT PRESENCE OF LIGHT; AND BECOME FEARLESS, WHEN SUDDENLY AN APPEARANCE OF SOME OBSTRUCTION OR DISTRESS APPEARS BEFORE YOU!

You have accumulated long centuries and centuries and hundreds of centuries of it; but that amounts to nothing in your power and call to your Presence, to use the Violet Consuming Flame to cleanse and purify your world! The Divine Director has asked Me to say to you, that to all sincere Minute Men in America who will do special work, that He will give Special Assistance to dissolve and consume every bit of their own human creation; and not only that, but whatever mistakes you have made, where you have allowed diseases to enter into your bodies, He will assist you in using the Violet Consuming Flame with such intensity, that It will cleanse and purify your blood stream! Is there any greater service on the face of this earth that can be offered mankind than that? Not to My knowledge!

Therefore, if you will give the obedience which He asks to your Life, He can do this! Please do not think that We are asking you to do anything, but that which will give you the quickest possible Perfection! We are not trying to deprive you of anything! We are not ask-

ing obedience to Us, but We are asking obedience to your own Life, which We know is absolutely imperative if you want to be Free! It is the Law of your Life always, and remember I say again, no matter what your mistakes have been, you will not have one word of criticism or condemnation from Us! No One of those Great Beings of Light ever has one single feeling of criticism or condemnation of you in your mistakes; neither does your "I AM Presence"! Therefore, be as kindly to each other as We are to you; and as you do that, you will find you have made a condition wherein the Great Presence and Power of Life will cleanse, purify and make you a Glorious Being of Light!

It is wonderful, it is glorious to find after all the centuries of mankind's struggle, that Life will set you Free! Oh, gentlemen, think of it! This is not the only embodiment in which you have gone thru these struggles! You have lived thru hundreds and thousands of them. Now that We give the Opportunity why not take hold; make the necessary application; hold the needed Harmony in your feeling world; and let the Presence and Power of Life cause all less than Perfection to cease forever. I hold your hand, gentlemen, with all My Heart to your Victory and Freedom in the Light, and I thank you!

SAINT GERMAIN'S DISCOURSE

SINDELAR GROUP — JUNE 22, 1939

REETINGS, Oh beloved ones, with all the Love of My Heart, and when I observe—not only your outer experience, but when I see that Light, that great Love rising from your hearts in Its great sincerity, in Its loyalty to these Beloved Messengers, the greatest friends the people of America ever had, then I rejoice; and then do you not think I am grateful that I was a part of the Dispensation which would allow so many hundreds of thousands of earnest sincere students of the Light, to be free at the close of this embodiment, free forever, beloved ones?

I shall promise you, and I shall fulfill it—(applause) —that every person who stands sincere to this Light and to these Beloved Messengers and Myself, shall receive his or her Ascension at the close of this embodiment! (applause) I said to these Beloved Messengers only this morning, that it seemed too bad that they should be subject to the treachery and deceit of mankind; but that is what it means to carry the Light! They have been brave enough and strong enough to go forward and carry this Light, in the face of the greatest viciousness ever known, but one day, you shall all see what it has meant!

Beloved ones, I ask you to convey to those who might not be here, if every one—I mean of the student body who is sincere—will enter that Shrine Auditorium with the greatest out-pouring of Divine Love and the command from their Presence of Life for Harmony, Loyalty and Light in that room, I shall tell you all something before the close of that class, which will cause you to rejoice forever! (applause)

My dear ones, I wish to do a Definite Work. I appreciate your Love, kindness and enthusiasm, but if you will just remain seated, it will enable Me to do more powerfully for you, that which I wish to do while I am flashing the words to the Messenger.

Dear ones, the need of the hour as we have often reminded you, is far more than the individual requirement. That seems imperative to many. I assure you, I am quite aware of it and I shall do everything the Law of Life permits to give you Assistance, provided you are loyal to the Light; but I will no longer release one ounce of My Energy to those whom I see are deceitful and treacherous. I will not do it. They have had this great Light and if they won't stand on their feet and make this application, then I cannot take the time and energy to help them.

I want every one to be free, but when people who have been so befriended by these Messengers, become treacherous and deceitful and spread vicious falsehoods which they know are absolutely untrue, then I cannot help them. This almost wrecked things at the close of the class in New York and only by Mrs. Ballard's return there at the close of the Washington class was the day saved. These things, you do not mind from outsiders; but when they come from within those who know better and lend themselves to that, then all Light must be withdrawn!

Dear ones, it is not a matter of the Messengers, it is not a matter of you nor I, but beloved students, if you believe one word of this Great Law, you know you are dealing with Law; you are dealing with Divine Justice and Divine Order! If you do not believe that, then you are lost absolutely! You see you are not dealing with personalities. We have stated this so often. Oh, how We have appreciated your great loyalty here, and

the few who have been treacherous and deceitful are such a minority in comparison with your great Love, and the blessed loved ones who have stood so firm and staunch to this Light! I know who they are and all about it; but I ask you to be strong enough, to silence every tongue when those individuals come to you with vicious falsehoods. Don't be afraid of hurting someone's feelings, but just stop it, for they are responsible for every person whom they turn from this Light and it does not make any difference who it is.

You are under the Law of Life, beloved ones, it is not a matter of these Messengers nor Myself; but you have come into this Light under the call of the Light within you; under My Call to rally to the Light, My Friends of the centuries; and with them have come some of my enemies of the centuries! Do you believe there is not an enemy? Well if you had followed Me all these centuries, you would believe there was. You know there are certain ones who say there are no enemies. Well what is an enemy? Had you ever thought of it? The greatest enemy in the Universe, is one who denies the Light.

Therefore, beloved ones, it is not a matter of you, I, nor the Messengers, but the quality which individuals are releasing into mankind's world of action. Therefore, I take this opportunity of again reminding you of this Great Truth of Life; so you may become strong enough to stand against any human beings who would spread their poisonous breath or try to inject it into your world.

Do you quite understand—I think not, that from your midst came one into our Octave of Light, your Beloved Mr. Kelley, who has been such an enthusiast. Only David Lloyd has exceeded him; and, my dear people, He never passes one day that He does not plead

Property of Saint Germain Press, Inc.

with Us, for the student body of America and the world, until we sometimes must stop him. He is another Friend Who has joined the Great Host of Light. There are a number of others from the great blessed student body, who have joined Us in that Great Octave of Light. My dear ones feel, believe the Truth We give you, when We promise you your Ascension at the close of this embodiment! Who of human opinion dare say to Me, tonight, that you cannot do it! The imbecility of such expression of human beings who say, We Who have the Power of the Universe at Our Command, cannot give you Freedom, if you comply with the Law of Life and live, as best you can, to the Light! Let no one be so foolish!

I am fighting—if you wish to think of that expression—for your Life, for your Freedom, for that of America! Watch it! Vicious human beings' own destruction, shall take them from this earth and from the spreading of their poisonous breath among mankind! We are here the Saviors of mankind; and the world is going to know it more than they ever did in the past! I too am turning on more steam, and let Me tell you, it is time!

Therefore, you shall find this Shrine Class the most magnificent that you have ever entered, and I have prepared the way. Those Great Ones, who have come to My Assistance, have performed a Service in Washington, D. C., beloved people, that did We dare tell you, every one would go to the ceiling. I mean that literally! There are some things which We must tell you and there are some things which We must not, until the full power of its achievement is there, but in spite of all that existed, We have rendered that service.

I tell you beloved people, that when I say to you that Hitler, Mussolini and Stalin would destroy you as

rats, I mean it. They are seeking to do it; and when you have seen the picture, "The Confessions of a Nazi Spy," you have seen but a fragment of the Truth that exists in your own country! The spy net-work which is here and the stuff that is spread by Germany over this land, is the most diabolical thing that ever existed; and the German bund in America is the most diabolical vicious thing that exists today in America. When they beat up an ex-army man and wife here recently, then what will they not do?

I tell you people of America, you have got to wake up to the conditions in your midst! All German people are not like that; but these are spies from Germany and in the imbecility of that creature there, he thinks he can gain control of the world. Such puny imbeciles! and he knows very well that I have called him that!

I tell you, beloved students of America and the world, if there are any of you who are German sympathizers with that condition and those Nazi communists, then don't call yourself an "I AM" Student! They are seeking to destroy you and America. We are pleading with a Power great enough to annihilate them and protect you, if you will allow Us to do it. (applause)

Now beloved students, please take notice of this! This promise which I have made for your Ascension is the only promise I have ever made since the Messengers started out in This Work. I have said, if the people of America would give certain obedience I could guarantee certain things, but We have never made a promise outside of your Ascension, for everyone who is loyal to this Light!

The idea has been spread here and there, that because there has not been a cataclysm, that I had failed. Such insane stuff is spread among your student body! Do you think I do not know all about it? I say these things

 Property of Saint Germain Press, Inc.

to prompt you and give you Strength and Power to resist them so you will tear them out of your world and that of America. If you don't do it, you are lost, beloved students. Are you willing to battle for yourselves as I am battling for you, as the Messengers are battling for you? (applause)

Dear ones, precious people, do you realize that We do not have to do it, the Messengers do not have to do it! I could take them and leave the people of the world to the mercy of this condition. Then, these treacherous fiends say the Messengers are frauds and the dictations unreal and that I am no good! My dear people, what do you think would have happened, if the fire of these Messengers had not kept repeatedly prompting the people, in the face of all this, to keep their enthusiasm alive and these Mighty Decrees going forth? Your America would have been in wreckage today!

Remember, not so far from you, is a volcano in violent eruption in your Alaska! Do you want a cataclysm to come, in order to prove that I was right? My God, dear people, when the Great Ones of Light assisting Me, have prevented the destruction of San Francisco and the destruction of New York City; and then there are those there, who should be serving the Light, and who hate Us because they won't give obedience to Life, what do you think the reaction will be?

Therefore, my dear people we go on doing that which We know is right, annihilating here and there viciousness, its cause, effect and record! I am going to start in to pick everyone out and show them up to the world! So if anybody has been spreading this vicious falsehood they had better take warning tonight; because I am ready! My patience is at a limit!

When the Messengers have decreed and made the calls for months that this condition of the Shrine Class, should be prepared for a service never rendered on this

earth, then one near their Heart Center started to spread the vicious falsehoods about them, about the work and about Me, what do you think Life will do?

As I said to the people in Washington, beloved friends and beloved students, the spies of Europe are one thing and they are all over your land, but the spies within this Light, are ten times worse than the spies from Europe! THEY WHO TURN OR TRY TO TURN PEOPLE ASIDE FROM THIS LIGHT WHICH IS THE ONLY PROTECTION FOR AMERICA, ARE TEN TIMES WORSE THAN ANY FOREIGN SPY IN YOUR LAND. THEREFORE, GUARD YOUR LIGHT, BELOVED STUDENTS!

THE STUDENTS OF AMERICA MUST ARISE NOW AND GUARD THIS LIGHT! Your great loyalty in your great groups here while the Messengers were in the east, was wonderful. I watched those Mighty Decrees going forth with joy and enthusiasm. I watched the Love that poured out to the beloved Messengers, to the Light and to Myself, beloved ones; then is there anything that I would not do to move heaven and earth to assist you?

Oh, I know who the ones are who are not true and I will not give them Assistance, because they are doing it willingly. If they were interfered with by something else, then I would try to cut them free; but when it is done of their own volition, then I step aside and they must take the consequences.

I want you to understand this in these Group Meetings before this great class starts, for it will be the greatest that has ever been yet; because of the great momentum of five years and some other things which We have never called to your attention, I hope the release of Light and all that We require may be sufficient in this Shrine Class, so I may reveal to you the magnificent splendor of it.

Oh, do not think because We keep urging you to your maximum effort in your Mighty Decrees that We have lost hope. Oh no! When I said to the Minute Men in Washington: "Why do you suppose this Great Dispensation was secured for your Ascension in this embodiment under the New Dispensation"? I told them then and I tell you now, that if the calls of the people of America are not enough and this destructive force should come in your land, I do not wish you to remain here to see what follows! If that should occur, then I will release many of you before its arrival.

Do you know what it means to be the Commander of the Law of Life? Do you know what it means to be the Law of the Violet Ray to this earth? Well, I am that Law! I am going to try in the future to have you understand more clearly! Some of My unkind friends may say that I am tooting My own horn, but well enough, then I shall make it a trumpet! (applause)

Therefore, remember precious people, We are doing for you what it is impossible for you to do for yourselves. We know that! We have not asserted it especially before, but I want you to understand there is not a person in America, who could free himself or herself from this accumulation of the ages without Our Assistance!

Oh, my dear ones, will you not observe your beloved Messengers and to where I have raised them in five short years? Will you observe the magnificent service that is rendered in healings and freeing of mankind by the thousands, thousands and thousands? Many thousands are healed at the instant single call of the Messenger and he has the letters to prove it. I have decided that every one of those letters in the future shall be preserved, so all mankind may one day pass thru a building and observe them if they care to! In the whole history of the world,

never has such a thing been done, as the healings that have gone forth from these classes from the Messengers at their mighty calls!

Oh beloved ones, please let Me remind you again tonight, when you start to make your application for a given objective, go on and on and on in that application, looking neither right nor left; and refuse to allow your human intellect to interfere with it! Just go on, until you see that human fog dissolve before you and the outpicturing of that for which you have called.

The Messengers have been compelled to stand alone with their Presence! The Law of Life did not permit Me, many times, to come to their assistance, because they had to win this battle by their own application and they have won it! (applause) I want you, every one, to be so firm! Do not for one single moment admit that your application cannot perform any service or that your Presence of Life cannot perform that service. It does not make any difference what it is! If it is a tumor as big as a wash-tub in you, that Presence can dissolve it! If it is a cancer with roots thru your body, then the Presence can pull the roots out and set you free! (applause)

Let Me urge you one other thing, beloved students, don't fear projections from other people! Oh, some of the student body have gone on revolving that, until you are hypnotizing yourselves with the belief, that somebody is projecting something at you! Don't admit it! Don't give anybody power to project anything at you; and if you think they are, turn it back with all the force of your being and show them who is master of your world!

Oh, my dear people, you have got to rise up in the Dominion of your Great Presence of Life and not yield to these human beliefs in something that deprives or limits you. You have the Power to hold Dominion, by turning to the Law of Life beating your heart, which

is ready to surge forth with Almighty Power and render you any service for which you call! Then how in the Name of God, can you admit that something outside has power greater than your Presence of Life.

Don't you see, beloved ones, how ridiculous it is? Won't you allow Me to add My Courage, and pour My Strength into you tonight, that you may be dauntless in your application; so the Power in your call goes forth in its mighty currents of Light and Energy to fulfill that service and do it now? That Light is what you are my dear people! YOU ARE THE VICTORY OF LIGHT AND I SHALL NEVER ADMIT ANYTHING ELSE! You are the Power of Light. You have entered this Light by the Power of the Light within you, dear people! Then, you have to be the Victory of that Light!

Look at your beloved Messengers what they have surmounted month after month after month — such things as you never dream of in the world; but only a few times do they bring it in the open and speak of it. They go silently on annihilating, annihilating, annihilating these vicious human things for your protection and your blessing.

How great My Gratitude is to you, beloved students, when I see your great Love pouring forth to them. My Heart was bursting this morning, when I came to them to see how they stand dauntless and untouched by the viciousness in which they have been surrounded.

Oh My dear ones, let Me assure you of My Gratitude. You won't mind if I keep you just a little while, will you? (applause) In ten minutes, that which I have long waited for, arrives in the Power of the Cosmic Light. As I continue to talk to you and this preparation goes on, realize that you are apart from the world, YOU ARE HELD WITHIN THE GREAT CRYSTAL CUP. Although you do not see it, yet is it there, yet do you

rest within it; and instead tonight of drinking of that Purity and Perfection of Life, you will absorb Its Essence and you will be charged with the Power of Its Understanding, Its Light!

Oh, how I bless, congratulate and praise our beloved Pearl and Charles on the magnificent manner in which they have stood against the destructive forces and have won such magnificent Victory! May the Power of that Light which beats their hearts, cause them to know and feel, tonight, all that is within My Heart, within the Heart of the Beloved Master Jesus, which words will not convey. Our beloved .....! Oh, the glory of the strength and courage within that blessed child! May it expand, until every desire of her heart is fulfilled without limit. Oh, her great loyalty to the Light. Our blessed Frank whose heart throbs to the thought of Our Beloved Master Jesus. May that heart-throb fill him with Its great strength, courage and firmness to be the Victory of the Light everywhere he moves; and to spread Its Radiance everywhere and to everyone here in Los Angeles.

Our blessed, blessed, blessed .....! When I see within the heart of that precious boy, the glory of its loyalty, its strength that even he is not yet fully aware of, one day, he will feel that Inner strength and power arise, and then he will know that this Light in him, is the Dominion over every condition that exists... My very great Gratitude to him for his service. May it be all and a thousand times more, than his noble heart can desire.

It is just two minutes until this moment, and will you all be kind enough to still yourselves, then silently make the call to your Presence, that This Activity of the Cosmic Light may render for you every Service in the release of supply, the release of Self-control, the Power of the Command of Life, in your call to the Presence,

to bring instantaneous answers to your calls! Silently call to your Presence to qualify this with that Trinity of Action from the God-head.

(Silence)

It is well! Infinite Powers of the Cosmic Light, My Gratitude for this Service is beyond description! Accept the Radiance of My Light in thanks and praise for this Service, to those upon earth whom I love, and for whom I have striven so earnestly, to render the Great Service of Freedom, so I may have Your Assistance now Great, Great, Great Cosmic Light! May that call which has gone up, release the constantly increasing Stream of Thy Power and Wisdom, Beloved Light; until that Light as of a Thousand Suns, fills the earth and all human accumulation, selfishness and discord is dissolved from the earth forever; and mankind is released in the Glory of the Light of their own Presence, the "Mighty I AM," to move henceforth Free, glorious, powerful, into that Eternal Victory of the Great Great Light.

I speak directly to the Higher Mental Body of every one here, in America, the world tonight, especially every sincere student, to record within the outer consciousness, record in the feeling world of each one the Reality, the Dominion of this Release tonight! May It be so powerfully recorded there, that every one will every hour of the day, feel the Reality of Its Ever-surging Power in their feeling world, to dissolve, consume and free them from every accumulation.

May It inspire, may It fire every one of the students, to use the Violet Consuming Flame. Fail not! Three times a day, do not fail to use It with great calm firm determination! Call into action the Power of the Violet Consuming Flame in, thru and about yourselves to dissolve and consume cause, effect, and record of every

accumulation of the past! May the fulness of that Service be fully and completely rendered tonight. May every one be so firm from tonight, that not a word of destruction ever passes anyone's lips, neither will any of them allow their ears to listen to one destructive word from another.

Great Powers of Light, I bow before Thy Great Majesty and Presence in this Great Assistance, given to My Humble Efforts to America and her people. I too am very grateful, for Thou art the Light of God that never fails and never can! May that Light take command at the command of each one's Presence; and in their feeling and world of action, in their mental world, in their Power of speech and feeling, to hold Its Dominion of Perfection with the firmness of that Light to repel and dissolve every discordant thing! Powers of Light we thank Thee, I thank Thee forever!

How little, beloved ones, the world of mankind realizes what Great Service is being rendered at these intervals, in a world on the edge of a precipice in which it might be plunged any moment. So rejoice, Children of the Light, that you have come to know this Great Light which does make you hourly, daily, fearless before mankind and the conditions of the outer world; that no longer these human conditions may terrify you, deprive you or hold from you anything that Life wishes to give.

Life is beautiful! Life is majestic! Life is magnificent! in Its ceaseless out-pouring to all mankind; only requiring mankind's full and complete acceptance to bring the Glory of Its Perfection forth in the body, in the world of mankind.

May each one who is here tonight, be strong enough to feel the Glory of that ever-expanding, ever-growing, cleansing, purifying Power of the Cosmic Light, charging and filling each one's world with the Glory of Its Eternal Presence.

Beloved ones who are gathered here tonight, may I thru My Feeling shake your hands, every one now, to give you My Assurance of your Victory! Give you My Strength to stand in obedience to the Light in that Dauntless Courage of Light, that no longer may anything of the outer world deprive or limit you ever again! We are making this Supreme Effort. May your acceptance be sufficient, to allow this Mighty Activity to take hold, to take Its Dominion and glorify you all!

Beloved ones, I see your needs. I hear your calls. Still yourselves, be firm, unyielding to the Light. Silence the intellect that would make you doubt and fear; and then I will be able to help you more and more and more! Always make your call to your Presence with your maximum effort, not with excitement, just with great calm firm determination; and then rise into the harmonies of Life, of Light and behold Its Mighty Out-picturing.

You must FEEL your Dauntless Power of application! You must feel Its Absolute Infallibility! You must feel that determination which is the Out-picturing of the Inner Will of the Presence of Life, directed by your Higher Mental Body, before which no outer thing can stand.

Remember, beloved students, the Law has become such, that the free will of vicious individuals has been withdrawn, then all who pour that out must hold it within their own feeling world; and if kept up, one day, it will completely destroy them, and there is no one to blame but themselves. The Law of Life by the Power of the Cosmic Light, becomes more and more powerful each day! May the Full Power of the Light within you release! Give It recognition, give acceptance to It and Its Full Power, to charge your world and fill it with every good thing, with the Power of Its Eternal Light and Victory!

I thank you and bless you, beloved ones of the Light! Know forever, that there is not one thing that I may do which shall not be done for your happiness and blessing, health and supply. May you feel My Enfolding Arms of Light hold you, within Its Great and Mighty Embrace forever. I thank you.

GEMS OF LIGHT

SAINT GERMAIN

All the Great Powers of the Universe are within that Stream of Light which comes into your body, that not only gives you Life, but action. Think of that often and remember that in your call for money, supply or whatever is required, within that Stream of Light which comes into your body, is the Intelligence, the Wisdom, and the Power to Produce anything from your Life Stream of activity that is required in your outer use. The quantity has not a thing to do with it, except as your own feeling world limits it. The Presence is not limited, neither is that Stream of Life limited; but your power of qualification is the thing, which determines the quantity that is released into your use.

* * * *

SAINT GERMAIN

Once you come to the full realization of the necessity of placing every person, place and condition in the Hands of the "Mighty I AM Presence," It releases them and you both. Shall I say It releases you from the feeling of too great a responsibility. Often the thing that gets you a little disturbed, possibly overanxious, is the fact that you are taking too much, the responsibility of the outer, of the human, into your consciousness.

"I AM" STUDY GROUPS

* * * *

Beloved "I AM" Group Leaders and Students, it is the request of our Beloved Saint Germain and the other Great Ones, that a Violet Flame Group and Service be held every Saturday morning from 6 A.M. to 12 o'clock noon, in all Sanctuaries and wherever our "I AM" Study Groups are held.

We ask this thruout the world that we may offer greater help to all who are struggling under the problems of the outer world.

You may change Group Leaders every two hours if you so desire; and use the "I AM" Violet Flame Booklet, Decrees and Music, during these six hours.

Call during that time for the Violet Consuming Flame to flood thru each "I AM" Student, all Saint Germain's "I AM" Activities everywhere; then your Sanctuary, Reading Room, Study Groups; your city, state and nation; all activities of our government and national defense; all military activities, hospitals, homes, schools, etc., and then anything else you desire to include.

This will bring a more intense action of the Purifying, Freeing Power from the Ascended Masters' Octave and will bless you beyond measure.

During this time we shall intensify and pour out our calls and Radiation for your greater blessing also.

With all our Love and Gratitude forever, we thank you!

GODFRE OUR LOVED ONE, ASCENDED

OF THE SPHERES

In order to help all "I AM" Students to produce greater Perfection in our musical activities, we are asking all who read music to please sing from the music copy while singing in your Groups. This will enable you to sing correct time value to each note. This will help those who do not read music to sing correctly too, so when the large classes are held, the singing will be uniform and accurate.

This will be of great benefit when recorded by the large groups, for then, every Life-Stream in those groups will be an OPEN DOOR, thru which the Light and Sacred Fire can pour into the entire music, which is built up each time those songs are sung.

Thus the Life-stream of everyone who sings on those records will be able to sing thru Its Blessings every time those records are used; and thus expand the Cosmic Light and Sacred Fire thru our Music of the Spheres to bless mankind continually.

There is no greater service to the Light which we can give, than to pour out thru our "I AM" Music of the Spheres our continual ever-expanding Blessings and Purity to all Life everywhere forever.

MRS. G. W. BALLARD

CHRISTMAS FREEDOM

IN CHRISTMAS Morn, Light's Freedom came,
To bathe the world in Love's Great Flame;
And flood Its Power thruout the earth,
To raise mankind in Heaven's Birth!
"I AM"—God's Light, has entered in,
All Life's Great Victories to win,
The Greatest Gift Life can bestow,
For Freedom's Love all here shall know.

From Jesus' Heart that Flame swept thru,
To cleanse, redeem and build anew
Life's Temples Pure, with Radiant Pow'r
From Heights above, whose Great Rays shower
Each one's Life Stream with Love so great,
It raises all to that estate
Where nothing but the Light can come—
Perfection's Sphere, each one's True Home.

His Mighty Pow'r thru our world flows
And evermore His Presence shows
His Light above, His Power here,
To make their path all bright and clear;
To them He gives His Great Release
And holds them always in His Peace,
Till They too are His Victory
And stand with Him—serene—all Free!

Each one must too, ascend by Light,
Each must become His Own Great Might—
The Glorious Flame, the "Great I AM,"
That Flame He is—in It all stand!
That One Great Source of all God's Love,
Rules everywhere, all in It move!
Its Great Dominion all must be,
By Its Great Light all here must see!

Unto that Flame, we offer all
And for earth's Freedom ever call!
Each Heart's Desire, Life does fulfill,
For in the Heart abides God's Will—
To know, to dare, to do, to raise
All in His Presence and to praise
The "Mighty I AM Presence" too,
Until in Glory It steps thru!

The form of each one everywhere,
Enfolded in Light's Treasures rare,
Must brighter grow until like Him,
Flames from the Mighty Elohim,
Form Garments of Eternal Fire,
Surrounding all and raising higher
All mankind on this earth each day,
Until the "I AM" holds full sway!

CHANERA

BELOVED JESUS' DISCOURSE

WEST PALM BEACH, FLA.—NOVEMBER 25, 1937

ELOVED children of the earth; beloved Students of the Light! It is My Great Joy, and seems quite apropos tonight, to come forth and give you My Feeling and some idea of what it is My Hope to do, during these Seven Weeks which have been set aside to Me, as it were.

I said in those periods almost forgotten: "Suffer little children to come unto Me, for such is the Kingdom of Heaven." Will you bear with Me, when I say, We are all children, reaching to the Light? You are blessed children reaching to the Light. Why? Because your hearts, beloved ones, know the Light, know their Source.

If you will observe the Chart—there is the Light of the Great God Presence, the "Mighty I AM," anchored in your physical heart. You can have various organs of the body removed and still go on; but you cannot have the heart removed and still go on. That should signify much to mankind; but have you not been rather tardy in thinking deeply into the Life which is ours; in thinking into the cause of things?

I marvel today, beloved ones, that there are still among the blessed students, those who fail to give obedience to the greatest Law created—"As ye sow, so shall ye reap." Whatever you give expression to, MUST find its return into your activity and your world, and ofttimes in your body; until you understand that, until you give obedience to the first Law of Life!

Outside of your acceptance of your own God Presence, the next Law is obedience; and if you do not understand what that means, how can you give full obedience? The First Command really, is that you shall maintain Harmony in your feelings; for that is the means by which the Great God Presence will pour forth into your body, Per-

fect Health; into your activity, the Power of Divine Love; then into your world of activity, successful achievement.

Do you not see, beloved ones, how mankind's unwillingness to give obedience to the smaller things which are affecting their Lives every moment, is the reason for continued limitations, in the activity of the human octave, the human forms?

Now let us tonight—let Me assist you in the beginning of these Seven Weeks. I shall digress just a moment and assure you, beloved ones of Florida, that you have no idea as yet, how marvelous has been the answer to your call. You think it has been a long time that you have called for the Messengers. We shall try to make up for that absence, tonight and the coming days of the class, for the class is really here. It has begun! Let us FEEL that, tonight! In this Great Preparation which has been made, let us feel a determination—every blessed one—to give obedience to those Laws of Life which are your Freedom.

Do you not see, that unless you understand and give obedience to those Simple Laws, then you are in the constant swing of the pendulum of Life, which means now courage, now discouragement, now assurance, now uncertainty? Just a constant swing. Well, you do not gain the Victory in that which you would gain, in the steady forward movement in the acknowledgment of the Presence of Life, your "Mighty I AM," held to unwaveringly; then in your human activity, giving obedience, which is —Harmony in the feelings, so you no longer requalify the energy that comes forth.

If you do, you are responsible for it. You all see that, but today mankind is still over-looking this great need. THERE IS NO PROVOCATION REALLY, IN THE EXPERIENCE OF MANKIND WHICH WAR-

RANTS DISCORD! Therefore, as mankind comes to understand that, they will realize the need of holding Harmony. For instance, you who have watched the progress of the Messengers, have seen the great Peace and tranquillity within this Messenger. You see the Victory that he has gained, by refusing to accept into his world inharmony or discord of any kind; for he will not allow himself to feel any discord, any criticism nor condemnation of the conditions in the letters which come to him by the hundreds for assistance. Yet that does not enter into his world, otherwise he could not give the assistance.

Therefore, you must feel your own responsibility, beloved ones, in realizing what this means to you. The Law of Life is no respector of persons, places nor conditions! The Law of Life acts in every human being and there is no human being who can say: "I am more worthy than thou." If they do, they are but deceiving themselves.

Tonight, in the great preparation for the future, and let Me say immediate Freedom, let us take that firm stand with your human selves. You have not a thing in the world to correct, beloved ones, but your own human selves. Conditions and everything else will conform to the Harmony of the Great Power of the Presence released at your call, thru Harmony in your feelings! Those who will not give that obedience, will not find their Freedom, there is no question about that.

We so anxiously, shall I say WAIT and WATCH for everyone who will give that obedience. Then, We are able to flood them and their worlds with every good thing that their hearts desire; because THERE IS NO LIMIT TO WHAT YOU MAY HAVE FOR USE; THERE IS NO LIMIT TO YOUR HAPPINESS. THERE IS NO LIMIT TO THE POWER WHICH YOU MAY RELEASE FROM THE PRESENCE TO

FILL YOUR WORLDS WITH ITS ACTIVITY, WITH ITS DIRECTING INTELLIGENCE; WITH ITS CONQUERING PRESENCE, FOR THAT LIGHT WHICH BEATS YOUR HEART IS THE CONQUERING PRESENCE WITHIN EVERY HUMAN FORM. REMEMBER, I SAY DEFINITELY "THE CONQUERING PRESENCE WITHIN EVERY HUMAN FORM," FOR IT IS THE SOURCE OF ALL!

For instance, how did I attain My Victory and leave the example of the crucifixion to mankind? As I stated to you in one of My former Dictations, I did not know, until the Great Divine Director revealed to Me this identical Understanding and Application of the "Mighty I AM Presence." Why do mankind not understand, if that were not true, how could I have prefaced every powerful statement which was made thru My Experience, with the Words "I AM"? If it were not true, that these identical Statements were given Me, before I formulated definitely, what example I was to leave for mankind, how could I have accomplished it?

You have before you the remaining evidence of that Statement; for every important statement of Mine that you have chronicled today, begins with the Words "I AM." I had come to know, that the "I AM," which is the Source of all Life thru every human form, was the Individualized Presence of God! That is what every heart in embodiment on earth, sought then, is seeking today, and has always sought thruout the centuries.

That is why I repeat again tonight, for I say to the orthodox world and to the Christian Science activity; those who cannot accept Saint Germain and the Ascended Masters, will not have My Radiation! THE STUBBORNNESS OF THE HUMAN FEELING, MUST GO DOWN BEFORE THIS GREAT LAW OF LIFE!

There is naught in this Understanding with which any human being should find fault; and because mankind have not understood that there were Ascended Masters, that there were Cosmic Beings, and there were Legions of Light, is no reason to oppose This Instruction!

Thruout the Scriptures are the statements of Great Beings Who inspired and helped mankind, then today, when the Truth of Who Those Great Beings are, is placed before mankind, why will mankind not awaken to this Great Truth; and enter into the fulness of Its Great Activity and have that Freedom which this Understanding brings?

In former ages, it was not possible to bring forth the clearness of this Understanding which Saint Germain has brought forth today! The Law of the Cosmic Light did not permit it! I brought forth to the world more of the "I AM," than any individual up to the time, when Saint Germain brought this Instruction forth!

All Ascended Masters are Perfect Beings; all are One in Ability, but just as in the human octave, one does not do another's Work. Each has His or Her own Definite Activity and Radiation to pour forth. Today, many of you are coming to understand that in the great achievement of all things, even in the human octave of business activity, the Power of achievement comes thru the Power of Radiation.

Sometimes in previous Dictations, I have been criticized for not using the old, old terminology. Why should I? It is because those individuals have no concept of what an Ascended Being is. We do conform to the modern times, if you wish to so call it; so mankind may understand in your present vocabulary, the Truth of your Life. That is why We use as you sometimes might term it, ordinary language; for this is an Activity which all must understand, not just a few scientifically trained individuals.

In the past, beloved ones, various individuals through the priesthood, thru science, physical science and thru various avenues, have found certain understanding which they did not wish to convey to others! That time is past! TODAY, IS THE DAY OF FREEDOM TO ALL MANKIND EVERYWHERE! YOU WILL SEE IT!

You remember the statement made at the time of My Ascension when the Angel appeared to the disciples and said: "Why do you gaze up into heaven," and that I would again come forth in a like manner, for I had Ascended. I did, and I have come forth to the people of earth thousands of times, since that period two thousand years ago; but mankind have said: "No, it cannot be, Jesus is Ascended, how could He be here?"

DO YOU KNOW, BELOVED ONES, WHAT IT IS THAT REPELS FROM YOU THE TRUTH, OR THE USE OF EVERYTHING THAT YOU HAVE CALLED FOR OR REQUIRED? UNBELIEF! IT IS A REPELLENT FEELING! YOU HAVE NOT HERETOFORE KNOWN, THAT IT WAS YOUR FEELING WHICH WAS THE GOVERNING ACTIVITY IN YOUR WORLD, BUT SAINT GERMAIN HAS MADE IT SO PLAIN. I TAKE IT FOR GRANTED, TODAY, YOU UNDERSTAND THAT YOUR FEELING WORLD IS THE GOVERNING ACTIVITY WITH WHICH YOU ARE CONCERNED, FOR IT IS. YOUR THOUGHT IS MUCH LESS IMPORTANT THAN YOUR FEELING; FOR IF IT IS AN ARGUMENT BETWEEN YOUR THOUGHT AND FEELING, YOUR FEELING WILL WIN, BECAUSE IT IS YOUR POWERHOUSE, AS YOU HAVE BEEN TOLD.

Therefore, your concern, today, is in the governing of your feeling world, which in other terminology, is your emotional body extending as far as your hands reach about you; sometimes much farther; but unless you un-

derstand these Laws of Life with which you are wholly concerned, how can you correct that which is wrong?

We are All telling you that Self-control and the governing of your feelings is the Open Door to everything the Treasure-house of the Presence holds for you—in health and physical use in the octave of human life. If you will not believe that, then you will go on in your struggles and limitations.

THERE IS SO MUCH WE WOULD LIKE TO CONVEY TO YOU, BUT WE MAY NOT DO IT, UNTIL ENOUGH OF THE STUDENTS EVERYWHERE, SEE THIS DEFINITELY AND TAKE SUCH A FIRM COMMAND OF THEIR FEELING WORLD, THAT THEY COMPEL IT TO BE HARMONIOUS; SO THE GREATER RELEASE OF THE POWERS OF THE PRESENCE MAY BE THEIRS.

For more than a year, We have hoped and poured forth a Mighty Radiation to attain a certain balance of achievement among a number of the students; that We might come to them in the visible tangible body, but they do not seem to be anxious for Our Presence; for they do not harmonize themselves sufficiently, so We may come. Don't think Me severe, but I must tell you the Truth. Saint Germain, Nada, the Great Divine Director, Myself and many Others are waiting—will you understand the term if I say ANXIOUSLY, and why do I use that word? Because We want so much for you to be Free, to be Master of conditions, of your bodies and your world; so you may have the Glory and the Blessing which We see and know is just before you, and yet We must wait!

I marvel, beloved ones, that when Saint Germain so repeatedly, so emphatically, has made clear the imperative need of the Law of your Life, that the Harmony

Property of Saint Germain Press, Inc.

must be maintained, that you still do not compel It. I am not referring tonight especially to you individually, but explaining the Law of your Life so vividly, so important, to which you must give complete obedience, if you expect to have Freedom.

I marvel at it. Is it possible, dear ones, that you think it applies to every one but yourselves? Please do not. Look at yourself, every one, and see wherein you may cleanse, purify and make yourself ready for the Host of Light!

Do you not understand, beloved ones, that in this room tonight, if sufficient preparation had been made in the maintained Harmony in your feelings, that I could have stood forth in My Own Tangible Body and have spoken to you directly? We have been planning and waiting for this, but as yet, We must flash the Words to the Messenger in order to convey Our Wishes to you. It remains with you, beloved ones.

Oh, We never think of criticizing, not for anything in the world; but We must state the Law and keep on stating It to mankind until they awaken to the full import of what It means, in their own individual lives; because your Presence cannot release Its Great Power, if you are constantly requalifying it with discord. It would mean that soon you would destroy your physical body; because if the greater release of Power was still requalified by discord, then the discord would be tremendously greater. Therefore, the Great Law of Life has provided, so that Its release does not go beyond a certain point, until mankind have Self-control and compel obedience from their human activity, so they can give forth without limit.

Sometime, possibly in the near future, We may tell you something of what has occurred when the Messengers have been in their physical bodies. Only yesterday,

a Tremendous Work was done where We have long wished for them to be; and We want to thank our Beloved Donald for having been the means for it; for as they thought in the enjoyment of the outer, it made possible the Activity of the Inner Work to be done. So often, beloved ones, when mankind are sincere to the Light they feel the impulse, as they think, for some constructive outer enjoyment, when it means the release of Inner Powers.

Once you understand what it means to hold joy forever increasing in your heart, your mind and your world, then will you know how much greater is the Power of the Presence which flows forth because of that joy! Oh, do not let yourselves be unhappy! Beloved ones, depression and unhappiness are the open door to many destructive things. DO NOT LET THEM GOVERN YOU.

We love everyone of you, Oh so greatly, and We want you to be free! As We have watched the beloved students thruout America, Oh, sometimes in the privacy of their own chambers, as they have called forth to Us, that call would melt a heart of stone! I want you to know, I receive every call that you send forth to Me, and make no mistake about it! I answer that call every time, and if you are still enough in your feeling activity, you will feel My Presence, My Radiance and Current of Energy, flow into your body and your world.

Beloved ones, do not think of Me or any of the Other Ascended Masters, as someone afar off, I plead with you. Do not feel because you do not see Them, that They are far off, somewhere beyond your reach. It is not the case! These days and for the past two years, especially, as the Messengers have carried forth This Radiation everywhere, we are constantly moving in the human octave among the people; pouring forth that Radiation here and there wherever We see the Light expanding.

Property of Saint Germain Press, Inc.

That is why Saint Germain asked you to issue these Mighty Decrees, because that Activity in the mental and feeling world has prepared mankind; and you cannot yet imagine how much in the outer world. Even though many have attempted to explain it to you, still you do not comprehend, how great has been that Blessing to mankind.

Only recently, has the evidence come forth thru different ones over America, approaching people who four months ago, would not accept This Idea of the Truth at all; but today, they welcome It with open arms. That is because of the Mighty Activity of the Decrees in the mental and feeling world of mankind. So grow not weary, in rendering that service which everyone can render individually or in your Groups.

Tonight, I wish you to feel with Me, if you will, the great joy and great privilege you have, in issuing these Decrees in Groups; because according to the number of that Group, if it be an hundred people, then you have an hundred times your own effort for your achievement, for your success, for the expansion of your own Light. If it be a thousand people, then you have a thousand times your own effort for your Freedom. How I wish that every Student of the "I AM" thruout America, could understand this!

We many times see people weary of giving the Decrees and think—Oh well, why continue that! Sometimes people want to be just quiet. A CERTAIN AMOUNT OF QUIETNESS IS NECESSARY, BUT NOT WHEN YOU WANT TO RELEASE ENERGY FOR THE GREAT HOST OF LIGHT TO USE!

We want to say this to you with very great earnestness tonight. If you want to be still, then still yourselves individually; but when you come into the Groups come into them for action, for service! That is the greatest need and you can render so great a service when you

do that; but if you become weary, then it is better for you to stop and still yourselves, until you can enter in with enthusiasm!

Whether it be your business, your Decrees, or your call to the Presence, if it be done with weariness, how can you have the full result your heart desires? That is why this Messenger today, has such tremendous results from his application, because he has found, he can generate that joy and enthusiasm at will, and so can anyone else. YOU WILL SOON FIND THAT WITH YOUR ATTENTION TO THE PRESENCE YOU CAN FEEL ITS GREAT JOY, LIKE A FLASH, CHARGE YOUR MIND AND BODY FOR DEFINITE ACTION.

Let Me add My Word tonight, as many Others have, and try to help you see more clearly, the forces which are acting or playing upon you. When you feel discordant, irritated or a disturbance of any kind, it is your own human creation or something projected at you, which is trying to deprive you of your quick Freedom; because it sees you are gaining your Victory. Therefore, there is no one thing nor condition that should provoke anyone into allowing those qualities to act.

If you realize that anything which disturbs you or makes you irritated, angry or critical, is just the sinister activity depriving you of your Freedom a little longer, I am sure there is no one who would not govern such a feeling immediately. It only piles upon each individual more and more of those disturbing qualities, under which they are struggling; and they are already carrying almost more than they can bear. One must make the decision, within himself or herself.

We stand ready to give every Assistance possible that the Law of your Being will permit, for your happiness, Freedom and supply of everything you require in the

Property of Saint Germain Press, Inc.

outer use; but do you not see Our Efforts are annulled, if you are allowing feelings of discord to register and act within you? Oh, it matters not what the provocation is, it really is not any person, place nor condition. It is simply a force of human creation which is acting in the human octave. WHATEVER DISTURBS YOU, IS NOT ANOTHER PERSON. You think it is person, place and conditions, but it really is not. It is just a sinister thing and activity that sees you are gaining your Victory and it is trying to prevent the attainment. That is the law which is actually operating in every human being, when those qualities act.

Understand clearly and definitely, and I feel tonight you are comprehending as you never did before in your life: how these things and qualities that have continued to manifest in your feeling world, are the things which have been depriving you of the full result of your application, you could otherwise have had. Will you allow Me, tonight, to help you dissolve and consume every vestige of those qualities and forget that they ever existed in your world?

Precious ones, do not yield to these things any longer! Just be so happy and filled with joy in your call to the Presence, knowing that It is the Power of Light; and when Its Light releases, It just sweeps everything before It, sweeping out everything unlike Itself; because there is not one single destructive force in the Universe which opposes the Light. Do you know that, beloved ones? IN ALL THAT HAS BEEN SAID, HAVE YOU COMPREHENDED WHEN THE LIGHT, WHICH IS YOUR PRESENCE, IS CALLED INTO ACTION, THERE IS NOT ONE DESTRUCTIVE FORCE IN THE UNIVERSE THAT TRIES EVEN TO RESIST IT; because the Light is the Power, and that Light just dissolves everything unlike Itself.

I want to carry to you, into your feeling world tonight, the Confidence in your application and your call to the Light. It is the Substance of Light-intelligence that flows in, thru and around your body and out into your world. There is not one resistant thing to that Light, because all else knows it cannot act against the Light. Every destructive force knows it has no power when the Light appears! You have the example before you every day of your Life. Every evening when the night approaches and you go to the switch on the walls of your room, to turn on the electricity, the room is dark. The moment you press that button, the Light floods the room and the darkness disappears.

It is identical with the forces of irritation and disturbance. Once mankind realize, that when they call this Power of Light forth, all destructive things dissolve and disappear before it, they will be Free! Those things are not repelled. May you receive this point! When the Light goes forth, It is not a repelling activity, It is a Dissolving Activity!

Now then, when you have this Activity of Life, whatever forces object, or up to that moment have seemed to oppose, if you are calm and serene they are dissolved from your world forever. Will you not understand that tonight, beloved ones? That is why the Victory of the Light is permanent, Eternal; and whatever is dissolved by Light never reappears, unless you by your own human creation and power of qualification, bring back a similar quality.

Then, you see how magnificent is the Victory of the Light, and that you have the Scepter of Power in your own physical hand in This Understanding, by which you can govern yourselves and your worlds harmoniously. Therefore, allow the Powers of the Presence each time you call, to grow by intensification, charging and filling your feeling world about you, until it becomes so charged

Property of Saint Germain Press, Inc.

with that Infinite Power of the Pure Energy of the Presence, that when you issue a Decree and wish to send it forth, it goes forth like an avalanche, performing that service easily and quickly; and even with the speed of lightning as you have called to have done.

Your Presence, the Light, knows no time nor space. It just IS, and that is why, if you give It the proper recognition and the proper understanding in your feeling, then you are able to release Its Action, untouched by your human qualification! It flows in and thru you and you can release It in a moment. I did it time and again! I swept all imperfection out of the human form like that (motion of hand) and have thousands of times since My Ascension!

A little child recently in California awakened and said, that I had kissed her. I did! I was there and kissed her and she told the Truth! Will mankind realize the Great Powers of Light and the Great Presence of Light are everywhere? I am not limited! No Ascended Master is limited in any way! WE GO QUICKLY FROM ONE PLACE TO ANOTHER, ALMOST WITH THE SPEED OF THOUGHT; AND, IF A CALL CAME TO ME, I COULD PROJECT A REPLICA OF MYSELF AND RENDER THE SAME SERVICE, AS THOUGH I WERE THERE MYSELF. THAT IS THE POWER OF THE ASCENDED MASTER!

Beloved ones, will you not realize that the Ascended Master is a Wholly Perfect Being, Free from all human limitations? We have all the Powers of the Cosmic Activity which We can utilize. Why and how could They be limited in any way, when a call is sent to Them? Why would They not answer? You see how impossible that would be?

Tonight, in the Great, Great Joy that is filling the earth, I wish to remind you of the Magnificent Service,

the Great Divine Director has rendered to the earth, in the passing of the boys who were over seas (during the world war) thru the invitation He has extended for the adjustment of conditions. You cannot comprehend in the human what that means; but that Great Presence, that Great Cosmic Being has made the Adjustment of conditions for hundreds of thousands who passed out during the world war; so they could, if they cared to accept His Invitation, be drawn into the Ascended Masters' Octave of Light; and be taught this Identical Understanding of the "Mighty I AM Presence," to bring It forth in the next embodiment and then gain their Freedom. This is the first Compensation under the Cosmic Law, that has ever been offered on the face of this earth to people who gave their lives because of the discord of mankind.

There has never been on this earth a justifiable war. It is true, if a nation is set upon by destructive forces, they must endeavor to protect themselves; and not knowing a greater means, they must use what they have at hand and they try to, but look at the results! Never has any permanent happiness or release come of it and never can; because it is humanly qualified destructive energy which is acting; and until mankind turn to God, their own "Mighty I AM Presence," and understand how, where and what It is, they will continue in the conditions of the centuries past! There is no other way!

This Understanding of the Great Presence of Life, is the only means on earth of bringing a permanent solution of anything. It is the solving of national problems as well as individual! The Effort is being made by the Powers of Light, to set all Free! This Understanding will flood the earth, regardless of all human opposition; because with the Light, We know no opposition.

As I have just stated to you, as that is called forth

Property of Saint Germain Press, Inc.

by the earnest students themselves, Its Power floods forth more and more, and finally all human resistance goes down! Then, mankind will see how childish and foolish it has been, to feel opposition to the Greatest Blessing that was ever offered mankind on this earth; because This Understanding of the "Mighty I AM Presence," the Source of all Life, is the Greatest Understanding that can be given mankind in the physical octave; and the Fullness of It, is being given to every one who will accept and apply It.

Will you tell your friends, beloved ones, everywhere: please do not sit in judgment on the Messengers or This Work? There is no reason in the world why anyone should. It is given forth in Love and kindness. The Laws of Life are stated clearly and definitely; but many times, it is because the human is wild, because it does not wish to give the needed obedience; yet when it does, its happiness is so wonderful, that its gratitude and joy are eternal.

That is why, tonight, I utilize this opportunity not only for you blessed ones who are here, but for all the "I AM" Students thruout America and the world; to draw a Mighty Focus of Light into your cities of Florida, and especially in Jacksonville, Daytona, West Palm Beach and Miami, and will you feel this with Me?

It was My Wish to leave an Example to mankind which could never be forgotten; because the Etheric Record of My Ascension is there! Afterwards, mankind began to place their own interpretation upon the experience I had left. I had hoped to convey to mankind, that they could and would do these things, I did; not only the healing, freeing and blessing of mankind during my short ministry; but in the Example of the Cross! I did not want to leave that as a matter of distress to the people! I left It as a Victory, for when My Body was removed from the Cross, I felt no pain nor distress in that

body. When it was placed in the tomb, I returned to it, completed the purifying work and came forth from the tomb in My Higher Mental Body, as the Messenger has described to you. Then, forty days afterward, made the Ascension at noonday in the presence of more than five hundred people.

These records are Eternal and I am very grateful to Saint Germain for taking the Messenger to the environment of Judea, where My Own Ministry took place! He saw the revivifying of Those Records and was shown the Reality and that My Ministry was not an imagination; that I was not an imaginary Being nor an allegory. Oh, far from that, yet there are those of mankind today, in America and the world, who do think My Experience was but an allegory.

Oh, awaken Oh children of the earth, unto the Reality, the Fulness of your own Great Presence of Light and have Its Victory and Glory!

I knew there were hundreds of others in the Secret Retreats of the world who had made the Ascension. Then, when I met the Beloved Nada, whom you have come to know, and saw the Marvelous Assistance She had given to one civilization after another, I marveled that mankind would not understand the Glory of what an Ascended Being meant.

Today, you are so privileged to know of the many who are comprehending and understanding, that all Ascended Beings are Real, Tangible Beings. ERE LONG, MANKIND, OR SHALL I SAY THE MAJORITY OF MANKIND, WILL COME TO KNOW DEFINITELY, THAT WE ARE TANGIBLE AND REAL. Our Bodies are not physical, but We can make Them as tangible as yours! We live by the Power of Light! We live by the Power of Energy, the same as you behold on that Chart flowing into your physical body! We no longer have to call that forth,

Property of Saint Germain Press, Inc.

because we have entered into that Great Presence, when we became the Ascended Being. We have the use of that Infinite Power of Light in Its various qualifications; as Substance, Liquid Light or whatever it is We require!

That Light, beloved ones—please hold this within your consciousness forever, and those who are calling so earnestly for their Ascension, remember—that Light has taken the place of the blood stream of the human form. That Light and Energy which flows thru Our Ascended Bodies, similar to the arterial and veinular system in your bodies, today, is Light, Liquid Light! Our Bodies have the most natural appearance with a glowing color of pink to the Substance and form. That is the Activity of Light radiating from the Heart!

Do you know that in the Ascended Body, the Heart has become Light—a Heart of Light which pulsates, carrying that Energy thru the Body; the same as your physical heart carries the energy thru the nervous system and thru the veinular and arterial system?

I want so much to have you feel Our Reality and how tangible and natural is the Higher Activity of Our Ascended Bodies. It is just as practical as in your physical bodies, in fact far more so; because Our Activity is Reality! Your physical bodies are not Reality, because they are constantly changing. If they were Reality, they would be Perfect and you would retain them forever; but since you constantly cast them off and take on and build others, then that which you are utilizing, is but the past qualification of Energy and Substance. Today you are coming to know these Great Laws; to feel the Blessing of them, and each day more and more your own Dominion!

In the fulness of that Great Light which beats your hearts, your "Mighty I AM Presence," I call forth, tonight, Its Infinite Power to take command of your

minds and bodies, hold Its Dominion and produce Its Perfection; silence all human feelings of discord and requalification of this Mighty Energy; hold you within such obedience to the Light, that at the slightest impulse, you do feel and give obedience to the Light, so the Powers of your Presence may come forth quickly to dismiss all else!

That Light which passes thru and around you, knows no discord, no resistance! Therefore, let It flow in and thru you and carry out and dissolve forever, every discordant human quality. Then, in the needed human obedience, stand guard in your outer consciousness with a determination, to no longer let in any experience of discord into your feeling world. Then, the Power of Light from your Presence, will so quickly fill you and your world with Its Great Perfection; with Its Mighty Intelligence! The human will dissolve and you will have entered into the Glory of your own Eternal Mighty Reality, the Presence of Light, your "Mighty I AM Presence," your Electronic Body of Light, when you will have become the Ascended Being as We stand today!

Will you feel, tonight, My Reality as never in your experience before; so I may render you the Service required for your Freedom, for your Blessing, for your Eternal Victory in the Light?

With My Love, I thank you.

OUR BELOVED MESSENGER

(Taken from talk given at
San Francisco, Calif., Class 1938)

S THE STUDENTS call the Presence into action, they become more sensitive, and begin to become aware of and sense conditions which are in the individual, when they contact the individual. This is where the sinister force throws them off the track and they immediately feel it is the individual. They think – well that person's motive is so and so, he has that in him. That is the very thing they should not do.

If you are going to obey the Law, instead of paying attention to that thing and holding it over the individual, the student should say: "MIGHTY I AM PRESENCE," THERE IS SOMETHING WRONG HERE, THAT FEELING DOES NOT COME FROM YOU! IF IT IS IN ME, ANNIHILATE THE CAUSE, EFFECT, RECORD AND MEMORY OF IT AND REPLACE IT, WITH THE ASCENDED MASTERS' LIGHT-SUBSTANCE AND THE ASCENDED MASTERS' FEELING. YOU KEEP MY FEELINGS IN YOUR HEART! IF IT BE OUTSIDE OF ME AND THE CONDITION NEEDS TO BE CORRECTED, YOU BLAZE THE VIOLET CONSUMING FLAME AROUND ME AND GIVE ME PROTECTION AND ANNIHILATE THE CAUSE!

If the condition be in the other person, call the Presence of that individual and say: "MIGHTY I AM PRESENCE," YOU CHARGE THAT INDIVIDUAL WITH ASCENDED MASTER FEELING AND LIGHT-SUBSTANCE TO GIVE HIM THE STRENGTH TO WIN THE VICTORY OF THE LIGHT. YOU TAKE THIS FEELING OUT OF ME AND FILL ME WITH THE FLAME OF LOVE

FROM YOUR HEART AND THE ASCENDED MASTERS' LIGHT-SUBSTANCE!

That is how you anchor into your Presence first! Then you say: "I call on the Law of Forgiveness for that, whether it be inside or outside of me; but whatever it is, You annihilate its cause, and replace it with Ascended Master Feeling and Light-Substance. Hold my attention upon You and keep my feelings at peace.

If you will do this, you will have protection, but dear people, you are at a point on the path now, where the activity of the Unfed Flame has been given; the student who won't do that and won't obey it, need not complain, if he gets into an accident or even death. It is a very tremendous thing, and I AM SAYING THAT WHICH SAINT GERMAIN GAVE ME!

The student who will not take command of himself or allows his attention to become fastened on something discordant, knowing he has been given the Authority and Power of the Unfed Flame to correct the situation, will pay and many have paid with their own lives.

If you love your Presence, if you love your Life; if you want your financial success, your Freedom and assistance which can be given now, no person under This Radiation will ever do that again! Regardless of what you sense in somebody else; that is your opportunity. You have the power to give assistance, and if you don't do it, or you keep on acknowledging the thing, you will do the same thing, or worse.

Once you know the Law and have been given the use of the Unfed Flame, It is one of the most important points on the Path of Light. WHEN YOU KNOW A THING IS WRONG AND YOU FEEL IT, DON'T HAVE AN OPINION ABOUT IT. The fact that your feelings are disturbed, is a reminder—that you should jump in the Arms of your Presence and keep yourself filled with Itself and Its Feelings.

Property of Saint Germain Press, Inc.

Supposing some of you try to hold Peace and Harmony in your Reading Room and Study Groups and disturbing people come in. The condition is there to be handled. You can ask assistance of one or two of your Group. Sometimes you have to say something to get others to work with you. Simply say: there is a condition in this brother or sister which needs more Light and Love from the Presence. Will you help me to call the Light and Love from the Presence forth? Ask the Ascended Masters to fill that brother or sister with Light and Love to win the Victory in the Light. Ask the other students to give their calls for strength to call forth the Light-Substance, to fill the other individual and help win the Victory.

Know the moment you recognize a thing, there is something to be handled. The individual who will pray for his enemy is compelled to be given assistance. The Great Law dare not refuse you, if you are calling for your so-called enemy's Freedom. If you call the Presence into action to help the weak individual, then when your trial comes, the Great Law is compelled to give you assistance. That is the way you constantly safe-guard yourself.

GEMS OF LIGHT

SAINT GERMAIN

It is one thing to understand a thing then live it; but when you realize that no one in the outer has any concept of the requirements of the Life Stream of another individual; he or she cannot possibly comprehend it, therefore, if the individual interferes with it, to some degree that one is responsible.

* * * *

SAINT GERMAIN

Oh just hold yourselves like that (motion of the hand) when there is a sudden demand or some requirement. Hold steady and say: "Mighty I AM Presence" don't let me make any mistake in this! Take command and govern my feeling, direct me by your Intelligence and see that I make no mistake." Oh, so much would be avoided!

* * * *

SAINT GERMAIN

Whenever there is a need for an immediate decision, the very first thing to do is to say: "Mighty I AM Presence," see that I do not make any mistake in this! You decide this and make me understand clearly." If you do this, such tremendous things would be avoided!

* * * *

SAINT GERMAIN

Remember, that in the Glory of the Light which beats your heart, is the Infinite Power of the Light, the Infinite Strength; the Infinite Courage and the Victory over all human activity. Enter into it! Grasp your Scepter of Dominion and wield It to the silencing of every human element and glorify yourself in your Victory now!

OF THE SPHERES

In order to help all "I AM" Students to produce greater Perfection in our musical activities, we are asking all who read music to please sing from the music copy while singing in your Groups. This will enable you to sing correct time value to each note. This will help those who do not read music to sing correctly too, so when the large classes are held, the singing will be uniform and accurate.

This will be of great benefit when recorded by the large groups, for then, every Life-Stream in those groups will be an OPEN DOOR, thru which the Light and Sacred Fire can pour into the entire music, which is built up each time those songs are sung.

Thus the Life-stream of everyone who sings on those records will be able to sing thru Its Blessings every time those records are used; and thus expand the Cosmic Light and Sacred Fire thru our Music of the Spheres to bless mankind continually.

There is no greater service to the Light which we can give, than to pour out thru our "I AM" Music of the Spheres our continual ever-expanding Blessings and Purity to all Life everywhere forever.

"I AM" STUDY GROUPS

* * * *

Beloved "I AM" Group Leaders and Students, it is the request of our Beloved Saint Germain and the other Great Ones, that a Violet Flame Group and Service be held every Saturday morning from 6 A.M. to 12 o'clock noon, in all Sanctuaries and wherever our "I AM" Study Groups are held.

We ask this thruout the world that we may offer greater help to all who are struggling under the problems of the outer world.

You may change Group Leaders every two hours if you so desire; and use the "I AM" Violet Flame Booklet, Decrees and Music, during these six hours.

Call during that time for the Violet Consuming Flame to flood thru each "I AM" Student, all Saint Germain's "I AM" Activities everywhere; then your Sanctuary, Reading Room, Study Groups; your city, state and nation; all activities of our government and national defense; all military activities, hospitals, homes, schools, etc., and then anything else you desire to include.

This will bring a more intense action of the Purifying, Freeing Power from the Ascended Masters' Octave and will bless you beyond measure.

During this time we shall intensify and pour out our calls and Radiation for your greater blessing also.

With all our Love and Gratitude forever, we thank you!
