and just know We are holding your hands all the time; for in Our Love with which We enfold you, We are holding your hands all the time until you are free.

The Love, Blessing, and Light of the Great Host of Ascended Ones, the Legion of Light, and the Great Cosmic Beings enfold you always unto your Ascension. I thank you.

SAINT GERMAIN'S DISCOURSE

SAN FRANCISCO, CALIFORNIA
February 13, 1937

AFTER Our experience of more than two years, in the earnest endeavor to convey to you the Understanding of the "Mighty I AM Presence" which is your Freedom, it is most gratifying indeed, oh, Beloved Ones, to see the Expansion of the Light within your Hearts and of all the Students throughout America and the World. Again, I say, it is most gratifying to find those Books have found their way into all parts of the World, carrying their Light and their Freedom to all points of the globe.

We have been with you during the past ten days, and have with the greatest of Joy felt the loving response within your Hearts. We too rejoice exceedingly. I say this that you may know it is only the beginning of the great Joy, the great Light, the great Freedom which is yours. So many have entered into It sufficiently to know there is really no limit to that which they may attain. I say to you tonight–and I try to put into it all the Love of My Being–I congratulate you Blessed Ones in San Francisco on the Expansion of your Light, in spite of the seeming chaos which at times seemed to be in your

midst. Yet, steadily and surely have you gone forward, in the greater and greater Expansion and Perfection of your Presence of Life, which is your "Mighty I AM."

In your future work here, Precious Ones, remember that We are always pouring forth Our Radiance to you, where there is Harmony; but We cannot do it where there is not. To those who refuse to give obedience to the simple things We ask, We cannot give Our Radiance; for without obedience nothing can be accomplished. Furthermore, We will not release great volumes of energy into the use of anyone unless We are sure they will not requalify it with anger, criticism, hatred, or any of those qualities which are destructive.

One day you shall know how great Our Love is for you, and how earnestly We watch to guard everywhere. When the Beloved Messengers are prompted to warn and guard you, please do not feel that they are interfering with your Free Will at any time. Such is not the case, but as Messengers they must convey the Truth. Always just remember, their Love is very, very great for you, and they will stand by always to give assistance. Oh, Beloved Ones of the Light, your very Heartbeat is a throb of Delight from your "Mighty I AM Presence," giving you Life! Life! Life! more, and more, and more Life! As you gain in your understanding and feel your authority to call forth this Great Intelligent

Energy from your "Mighty I AM Presence," watch! stand guard! that you do not requalify It.

I am sure in this Class, as never before, you feel the greater and greater Reality of this Privilege which is yours in receiving from your "Mighty I AM Presence" Its limitless Intelligence, limitless Energy, and greater and greater Strength, more and more perfect Health. I say to you with full assurance that no one can fail if he has understood refusing acceptance of discordant appearances and conditions, and will earnestly call the "Presence" into Action. All must have Perfect Health. It is the Law of your being, Precious Ones, no matter what the conditions are, what the X ray shows in anyone's body. The "Presence" releases those Mighty Currents of Energy in and through the body and sweeps out every imperfection that is there. Will you accept it? Will you believe it? Let the Power flow through to bring you Perfect Health–it is essential. If you are constantly harassed by the feeling of pain and distress in the body, you cannot give your fullest attention to the "Presence," so that It releases the greatest volume. Therefore, sometimes one needs encouragement or strength; and I trust there is no "I AM" Student who comes under this Radiation that will not willingly, joyously give that.

I say to all of you, Beloved Students, never allow yourselves to be impatient with those who come

to you for advice or help. Do not ever answer them impatiently, and do not ever refuse help. Do not ever say to one who comes to you: "You have an 'I AM Presence.' Why do you not stand by It?" That would be unkind. You do not know the forces playing upon that one which might have discouraged him. Instead, place your hand about that one's shoulder and say: "My brother–or my sister–my hand is in yours in the Strength of my 'Mighty I AM Presence,' until you have won your Victory. Go forth, call your 'Mighty I AM Presence' into action and I will help you." Send them forth feeling that you are interested in their Victory.

We must know all that is going on, Precious Hearts, in your lives. Do you know that? Having entered into the Radiance of your "Mighty I AM Presence" in this Knowledge which I have brought forth, you invite Us to observe your world; otherwise We cannot help. Therefore, if We see you are impatient, We try to pour forth the Radiation of Kindliness which will give you patience and strength to assist. Do not ever say anything or allow a feeling to go forth that would be discouraging.

Remember! Allow no one to come into your midst, individually or collectively, who breathes a word of discord or condemnation of this Work. If you do, you will close the Door. We do not wish you to do that, but We cannot prevent you; for

everyone under this Radiation is wholly given his Free Will to choose, and always shall. We, with all the Love and Joy of Our Hearts, want to give you Freedom; but you must make your Call to your "Mighty I AM Presence" and stand by it.

Then you give Us the opportunity to–through your "Mighty I AM Presence"–intensify all activities, until you have the courage, strength, and power to resist all outer suggestions which would deprive you or detain you from your full Victory. Will you not stand so firm by your "Mighty I AM Presence" and in It, that We can always give the Assistance required, whether it is Health, Strength, Courage, or Directing Intelligence?

I say to you, all of you Precious Ones here: *Please do not accept that you cannot receive clear Directing Intelligence from your "Presence."* I have a great reason for saying this to you. There have been quite a number of Students who yet do not feel that they can call their "Presence" into action and receive the Direction clear enough to be sure. Now, Precious Ones, that is only because knowingly or unknowingly there has been some anxiety within you which has been disturbing you–disturbing the vibratory action of your being, or your nervous system.

Therefore, if you will be still and say to your "Presence": " 'Mighty I AM Presence!' You help me to be still, so that Your Directing, Intelligent

Energy can get through; make me understand–through my feeling or in some manner–make me feel clearly what I should do." As you do this, you will find in some manner *directly* what is the thing to do; but watch out! Be sure you do not, in the feeling, first begin to doubt that you are going to have the Directing Intelligence from your "I AM Presence." If you do, you start that vibratory action which is discouraging, through your feelings, before you actually know it in the intellect. That feeling of yours is rather an unruly fellow, but you can govern it–*the "Presence" will!*

This time in the Class, oh, Precious Ones, so much has been accomplished. I rejoice with all My Heart and I congratulate you. You will find that you will all go forth in such a great calm Confidence and Victory from tonight, as you have not thought possible to be attained in your outer activity. We have offered to hold your hands until the Victory. May We not do it? May We not hold your hands until you are free, *wholly free from all limitations*, feeling clearly, powerfully, definitely your Victory? We shall be so happy to do it–always through the Radiation of your Wondrous "Presence." Do you not understand that We, as Ascended Beings, are One with the "Mighty I AM Presence" of you who are not yet Ascended, and that is how We must know all about you in order to give you the Assistance which is necessary.

It is so very wonderful; you must get My Feeling! With such Rejoicing, I see how you have become able to still yourselves. In this Class such a Radiance has poured forth, although you are not yet aware of it but in a small way. Do you think, Precious Ones, that the Divine Director would have come here in your midst, pouring forth these Great Currents of Energy into your minds and bodies, if He had not seen that you were able to still yourselves enough to have the full Benefit of it? His Great Wisdom would not do that unless it was time, was right, was permanent. So I congratulate you of San Francisco and those visiting here, that you called your "Mighty I AM Presence" into action which made the way open and clear for you to be here. That in itself is a great Victory. I wish you might see in the atmosphere of mankind how many blessed ones have momentarily had good intent, but been sidetracked from the Radiation by some vicious suggestion. If you saw the number who had been turned aside from this Class by the vicious suggestion from others, in which there was no Truth, you would be surprised. If that had not been the case, this lovely, blessed place could not nearly have held them. The tragedy is theirs. You who have had the strength to come in spite of all opposition, have the Victory.

Oh, that all mankind might understand how all progress is due to their own initiative. You must

choose, Precious Ones. I speak to all mankind–into their mental and feeling world–you not only must, but you are compelled to choose, before the greater Energy and Power will be released to come into your world and produce the Perfection which you wish. If you are sitting on the fence, you will not get much Help; but when you straighten up your spine and say: " 'Mighty I AM Presence!' I am one hundred percent–or one thousand percent–with *You!* Release Your Mighty Powers into action to free me and my world!"–do you think for one moment that Its Energy will not come forth? Let Me tell you *It will,* and with no uncertainty. But if there is wavering in your consciousness and doubt, do you not see that is requalifying the Energy, and It cannot do for you what It should and what you would like to have It do? Now many times those things are acting in the feeling of mankind, mostly unconsciously. The individual is not outwardly aware of it; but if you will call your "Presence" into action, It will correct the condition.

I say to those who have been here for the first time: It does not matter what your doubts might be; if you would call your "Presence" into action three times daily, earnestly, for five minutes, inside of ten days you would have the evidence in your own experience so strong that nothing could turn you aside. The condition is, owing to the mass creation about mankind, that those who are not anchored,

unknowingly listen to the falsehood about them, which even turns them temporarily aside. Will you not explain this, oh, Precious Students, to those you contact who are partially interested? Because mankind does not understand the laws and forces acting upon them, they are often deprived of the great Freedom, Joy, and Blessing which is waiting for them.

The Radiance in the Class has surpassed anything so far, and I want you Precious Ones to know that. In the fullness of My Love I say to you, if you wish Us to come twice a year–this year and next–We will come to you. I say for your Blessing and Freedom, do not be worried about anything injuring this Work. All the vicious gossip there is, does not amount to anything. Those unfortunate individuals are but destroying themselves! They are not injuring you or this Work; *they cannot do it*. But the pitiful thing is that they still think they can.

I want to say to our blessed friends, the Christian Scientists: In their churches, I am amazed that people who pretend to pour forth Love, would turn in viciousness against this Love, this Radiation of the Light and the Understanding of the "Mighty I AM Presence," which is the Source of all Life. This is the first time I have spoken My Opinion; but I say today, and you may carry My Word to them, "It is pitiful!"

I tell you frankly–and you may carry this to all Christian Science churches throughout America and

the World: Unless they stop that, they will destroy every church and its attendance which they now have. I say this in all Love and Kindness. I wish to stop such a thing coming on, for great good has been accomplished through Christian Science; but I tell you frankly, *every source*–whether it is Unity, Christian Science, or whatever it is–that attempts to bring disgrace upon this Work or condemns or criticizes It, will fail utterly and their churches will be empty!

This Work opposes nothing in the World. It goes on presenting this Wondrous "Presence"–the "Mighty I AM"–which every human being on Earth should be delighted to know about and understand; and because they have allowed suggestions to enter their ranks and fear that this would empty their churches, they have turned in many instances in vicious hatred to the Messengers and this Work. God alone pity them!

Unity has done the same thing, through the claw of the sinister force which has entered into their Heart center. I say this to you in all Kindness, Dear Hearts. Watch! Every source that has presented some part of the Truth which condemns this Work, will fail utterly, because the Messengers have never condemned any activity and never shall! They have presented this Mighty Law of the "I AM Presence" in their humble kindness, and if people do not wish to come into this Mighty Truth of the "I AM," they

should not condemn It. I stated in the Shrine Class that the Messengers have carried forth bravely thus far and, by their powerful, dynamic Application, have held their own protection and carried the Work forth. Now then, We shall fight their battles and they shall hold their peace.

I marvel at the individuals among mankind who are too stubborn to believe the Mighty Truths recorded in *Unveiled Mysteries* and *The Magic Presence*. We never–an Ascended Being will never–use a destructive force; but mark what I tell you, as described in *Unveiled Mysteries:* the Mighty Host of Ascended Masters draw the Wall of Light, and when the viciousness of the individual strikes It, their own viciousness rebounds upon them and they must handle it–if they can.

That is the Law of everyone's being. We do not wish to harm anyone; but We shall not allow the Messengers to be harmed–nor this Work! When those within humanity have been willingly strong enough to carry forth to a certain point, then the Great Law sweeps in and takes a hand. So I say to you, Precious Ones, We love the Christian Scientists, We love all Unity, We love all mankind; but the viciousness that comes in their ranks *shall not harm these Loved Ones. Neither shall it harm the Students of the Light!* I say to you, Beloved Cora Wickham, here in San Francisco: "My Hand is in yours for your firm, unyielding stand

in bringing the Light of the 'Mighty I AM Presence' to your friends, the Christian Scientists. One day you will not be able to care for them all, so many will come. Your loving Heart and kindness will render a transcendent Service and are rendering it."

Every Blessed One of the Students here and Group Leaders, I enfold you in My Love; but do not feel inharmonious to each other. Whenever a feeling of discord or inharmony comes from one Student to another or from one Group to the other, remember, you can always know instantly it is but a claw of the sinister force driving in, trying to destroy the great good you are doing.

Now you will notice, Precious Ones, the Messengers fear nothing. They are wholly unconcerned about all this silly criticism and falsehood, which is spread by individuals because they are not permitted to drive into this Heart Center of Light. I want you to understand here in San Francisco, you Blessed Ones, that We are back of you–the Great Host of Ascended Masters–and one day, you will know that *We are even more Real than you are*. One day you will know that We are not an imagination of this Good Brother. You will find that We are *very Real*, and We can be *very Tangible*, but yet still Invisible. Do not forget that!

Some of these people who have tried to claim and prove discrepancies in those marvelous Books will one day cry out for Mercy. Mark what I tell you! We

bide Our time, but mark what I tell you! We spread it to the World: *No person, place, or thing shall ever harm or destroy this Work*. It shall go on, until every one of mankind knows this "Mighty I AM Presence," and through It, all have their freedom. I say this to you tonight for your strength, courage, power, and freedom. To Us, the silly falsehood, condemnation, and criticism is silly nonsense and has no power.

Remember, Precious Ones! To every appearance that is less than the Perfection of the "Presence," say, "You have no power!" Mean it in your feelings, and you will have no trouble entering your world or disturbing you. It is true, absolutely true, the appearances or discordant forces in mankind have no power, except the thought and feeling which goes into them and feeds them with the Life of the individual.

Look, Precious Ones, in your recent airplane accidents. Do you not see that from everything which has such an appearance, a momentum goes forth? If it had not been for the Decrees which the blessed Students of America have given, that thing would have gained a momentum, until a dozen or more planes would have been destroyed. The sinister force wants just such a thing to start so mankind may not be in close contact. I thank the Messengers and the Students for issuing the Decrees to protect the Radio, because there has been a deliberate attempt which would try to interfere with the Radio in America and

the World; but it shall not do it! I tell you, My Precious Ones, in your Mighty Decrees giving this Protection for various activities, you are rendering a Service that will go down through Eternity. Then one day, when you are farther progressed in your Life, you will see the Service rendered and the great intense Protection which has been given America and the great industries. Precious Ones, you have no idea how those marvelous Decrees have gone forth to solve these conditions of strikes throughout America. *Go on with your Decrees. Call the Mighty "Presence" into Action, that they may never have another strike.* Call Divine Justice to take place between the men and capital–between so-called labor and capital. There is no labor! There is only one thing–a Divine Service. Beloved Ones, please feel this in your outer activity of the world, and you will release yourselves from the feeling of labor or bondage. Wherever you are, whatever you are doing, you are serving this Great "I AM Presence" to your Freedom. Try to feel this, and let it take from you all feeling of being in the bondage of labor.

You heard what Mrs. Ballard, our Beloved Messenger, read you tonight of My Activities, which are rather the directing of Great Currents of Great Forces and Energy than taking any part in the political activity. So it is. But *America shall go forward! All official places shall be filled with the Power of Divine justice, and great harmonious*

Activity shall enter into America and hold Its Dominion here. Mark what I tell you!

Do not, I plead with you, longer give power to appearances of anything–whether it is in the government or your individual lives. Say to every appearance: "You have no power! 'Mighty I AM Presence,' sweep into it! Produce Your Perfection and hold Your Dominion there–Your Mighty Directing Intelligence!" My Precious Ones, *you can render a Service unparalleled in the history of the World*! Will you not do it for your freedom and the freedom of mankind?

I rejoice in the strength and power which is coming within many of the Students–that strength drawn of the acceptance of the "Mighty I AM Presence," which makes them a Mighty Pillar of Light, moving through the world and spreading Its Radiance everywhere. So I congratulate every earnest Student throughout America and the World. I pour forth a Mighty Radiance to them for strength, courage, and power to go forward victorious in whatever their choice of activity is, that they may fill the World with the Beauty, Harmony, and the Glory of the "Mighty I AM Presence" in action.

In the fullness of My Love I enfold you, oh, Beloved Students, with My Courage, with My Strength, with My Perfect Health, filling your minds and bodies until there is not a vestige of anything but Love and Harmony there–if you will allow Me. We have now

gone into the Heart of the "Mighty I AM Presence," the Ruler of the Universe! Let us abide there and let Its Heart act through these humble forms, that they may become electrified into the fullness of the Conquering Presence of the "Mighty I AM"! Stand forth in Its great calm serenity, realizing, feeling that God, the "Mighty I AM Presence," is henceforth their Director, their Victory in whatever choice their service might be.

GREAT DIVINE DIRECTOR'S DISCOURSE

ROGERS' 100% GROUP – LOS ANGELES, CALIFORNIA
March 18, 1937

BELOVED Students of My Heart, how I rejoice that I may be instrumental in expanding, or assisting to expand, the Light within your Heart which is increasing so beautifully. Since you took part in this closed Group, the rapidity of the Expansion of your Light has been so marked that I hold My Hand up to you in gratefulness for the service rendered. You will all know it is a rare privilege when you understand what this has meant, in the willingness with which you have joyously entered into this Service. It is the greatest accomplishment so far. Many of you feel and know it in your feeling world and rejoice.

Notice this, Dear Ones, all of you who have entered into this Great Special Stream of Life and Energy–I shall tell you what your willingness has done. In entering into this Special Service, the Great Ones from Venus, who have been the Vanguard of the humanity of Earth so many hundreds of thousands of years, have accepted your Service. Do you realize, oh, Beloved Ones, what that means to Our Beloved Saint Germain? He saw and had the Courage to step

forth, assuring all of Us that there were those who could carry this Message successfully–that it must be done now or never if the Earth and its humanity were to survive. Then there had to be someone found who could carry this Message, and it was achieved. Now the Great Work has gone forth; and as this Good Brother has said to you so many times, he found that in your midst today there is an opportunity to render a Service which only the Ascended Masters yet fully understand. Your being willing to serve joyously has made you a part of that Great, Great Light. Will you not feel tonight, while I speak to you, this Great Reality? You made yourselves Ambassadors of that Light, and in It you have the privilege of not only allowing, but calling forth the Light of your "Mighty I AM Presence" to spread Its Radiance everywhere you move. Think what it means as you move about among mankind!

Oh, often you move among conditions which are so discordant, and yet that Radiance, even without a spoken word, is going forth. Oh, Precious Ones, you cannot imagine how great It is. That Radiance is going forth at your charged Call–notice! *your charged Call*–because the momentum you gain from your constant Call to your "Mighty I AM Presence" becomes a *charged Call*, a charged activity, going forth everywhere, spreading Its Radiance.

I know you do not yet see this in its fullness,

physically speaking, but I see that Radiance going forth vividly, powerfully, clearly. Some of you would be gratefully surprised and even astonished to know how clearly and powerfully your Radiance is going forth from your human forms. Tonight I want to give you My Encouragement, My Strength and Energy to electrify you into the *full feeling* of the immensity of the work which you are doing.

Oh, Beloved Ones of the Light, you have heard so often why there is the need of your Call to the "Mighty I AM Presence," in order to give Us the privilege of releasing the Power and amplifying your earnest, sincere efforts to go forth and do the work required in the world–the outer as well as the mental and feeling world of mankind. Your Call *is* showing its activity throughout the Earth.

We hope ere long–if not before, by the time the Messengers return from the East–We shall have something very wonderful to convey to you. It looks today as if We would. I hope with all My Heart that We may be able to convey that to you which We wish. Then your Hearts will leap with joy unspeakable for having been a part of this Service.

The human creation of mankind has so bound blessed humanity that only now are they bursting those binding chains of their own creation. They are beginning to stand forth within the Great Light. Today, among your wondrous businessmen of the

outer world, there is coming a great desire to stand in and for the Light. As these Blessed Books have gone forth spreading their Radiance and Truth, oh, how many feel the Great Truth and Wonderful Reality which they convey! This last issue of the Magazine which has the Chart will spread over the entire Earth.

Blessed Ones, great, great is your privilege in being in the vanguard of this Service which will one day set America and the World free. It will one day bring the longed-for condition upon Earth when all mankind shall be at peace and all struggle ceases. Oh, can you not feel, even as I speak the Words, the Joy, the Reality of living in such a World? It has existed many times before and will exist again –this time permanently–for the Earth. Is it not well worth every effort which mankind can make, to once again find that established on Earth?

I want you to feel tonight My Great Love and Gratitude to this Group who have rendered such great Service. I speak to you individually for a moment. Do you realize what your being willing to serve really means? Individually, it is setting you free with great speed. I plead with you Dear Hearts who have not or do not quite feel your financial freedom yet–oh, please, do not be discouraged. You cannot fail to have your supply! Please believe Me when I say this to you, for you are so near

your freedom. Go on and on and on calling your "Mighty I AM Presence" into action, realizing that your Mighty "Presence" which gives you Life is the Treasure House of the Universe–your Treasure House–to whom you can call and have what you require released tonight. Everyone in this room who has not yet been able to feel this full Reality of your financial freedom, please take advantage of this opportunity and allow Me to assist you to have that full Feeling right now!

I call the "Mighty I AM Presence" forth to dissolve every doubt and question in your feeling of your ability to call the "Presence" into action to have this released right now. Please feel, as I speak to you, the Power of My own Accomplishment, to enter into your consciousness and world and give you My Feeling, the True Feeling of your financial release now–*at once*–and forever; that you may go forth from this room tonight, Master of your financial world, whether you have a cent in your pocket or not. Your "Mighty I AM Presence" holds the wealth of the Universe ready to release into your hands, when once you can remove the doubts, fears, and unbeliefs in your feeling, of the Power of your "Presence" to release it into your hands and use. Your "Presence" governs all channels in the World. Oh, please do not doubt and let your human intellect cause you to feel the unreality of your "Presence."

Your Higher Mental Body, Precious Ones, which knows the Perfection of the "Presence" and knows your needs, *will* answer your every Call, and does answer it. But watch out that in your feeling world there is not a lurking doubt which is obstructing the way–or the feeling of your inability to call your "Presence" into Action! It only requires your earnest, sincere Call! Keep it up, until you have the Power of your "Presence" acting everywhere. There is nothing in the world to stop It! It knows no resistance or interference, and you shall have the Power and the Freedom which It holds for you.

Please accept this tonight, and let every one of you go forth from this room filled with the Electrifying Consciousness and Acceptance of your "Mighty I AM Presence"–your Treasure House–releasing from this moment all the money you require through the Power of Divine Love, whether it be direct or through channels, to supply you and give you the happiness and comfort which you require to render the service which your Heart desires.

There is only one obstruction to the Perfection which the "Presence" holds and that is in your *feeling world*. Remember what the Messenger has said to you so many times. If your Application is not producing the results you require, then say: " 'Mighty I AM Presence,' take out of my feeling world every single thing that seems to obstruct the way, and release Your

Mighty Intelligent Energy to go forth and produce these Results. 'Mighty I AM Presence,' see that this is done now!" What could stand before that Great and Mighty "Presence," the Governor of the Universe? *Feel it deeply* tonight, while this opportunity is here! Oh, Blessed Ones, *feel it! feel it! feel it!*

Beloved Ones, it will be My Privilege to either be present each night when this Group meets, or send My Direct Radiance into the room for this Special Work which is being done–and for that Special Work which I wish to do, with your permission, for each one of you who has had the courage to step forth and join this 100% Group. It is not that We love others less–oh, not at all. We love all so greatly; but you who are willing to do this, are you not entitled to a Special Service? Would you not give a Special Service to one serving you who was willing to comply with the requirements? Do you not often give a bonus to those who have served well and unusually? Then why should We not offer an added Service to those who are willing to comply with that which We know blesses them beyond words to express? Therefore, it is My Privilege, and I offer to give you a Special Service and Assistance in this Group because you have been willing to do as We have requested.

We pour forth Our Radiance to all Groups who are sincere; but in this it is Our Privilege to give a

Special Service. If I wanted to give you a white silk handkerchief and someone else wanted to give you a blue one, is it not My Privilege? So I want you to feel how really close We have become. Oh no, no! We are not a way off somewhere anymore. Oh no! We are right here with you, holding your hands to your Victory. Will you not let Us? You know, We cannot go chasing you around to hold your hands; but We are willing to hold them to your Victory.

Oh, Beloved Ones, tonight your Hearts are beating with Mine. Do you realize that? I am sure you do; but just the same your Hearts are beating with Mine tonight. Will you feel it and ask your "Mighty I AM Presence" to qualify it eternally sustained for you? *(silence)* Have you thought, Precious Ones, how very wonderful and marvelous has been this experience tonight? Those two Precious Ones are voicing the Great Truth over the radio and in the song which is going forth; and these two blessed brothers here rendering this service–had you thought how very wonderful that is?

Oh, how very wonderful it is, Precious Ones, when personalities and personal desires can be set aside for the Great Service of the Light. One day, you shall all know what those Words mean. As the blessed ones in the Staff have been willing to serve, and their families have been willing to let them serve in so happy and joyous a manner, is it not an unheard of thing in

the history of the World? Our blessed Mr. Crouse is serving all joyously and wonderfully while his family is here; our blessed Mary Ketcham from West Palm Beach serving with such devotion and power. Dear Ones, do you not see? I but mention these things to show you how wonderful it is when we can set aside personal desires for the Great Light. When we do that, shortly we find things opening before us, wherein a Great Service can be rendered.

Today, you Blessed Ones who have outer work to attend to, also have this privilege in the great unparalleled Service which you have in issuing these Decrees, which have been going forth for mankind. Do you see how no one is deprived of any good thing when rendering a transcendent, marvelous Service which is, from the human standpoint, indescribable? It is possible for the human of every one of you to be sufficiently dissolved, so you will feel the flood of your "Mighty I AM Presence" filling yourself and your world. Oh, the joy!–for it is so like the experience of this Good Brother, whose anxiety and fear was so great in those earlier years. Today, it does not exist–and so it is with you.

Ere long you will find that no appearance of limitation or discord will have any effect whatever upon you. You will just say to it: "Oh, run along, you have had your day! Do not bother me." Precious Ones, it is with a joyous dismissal of the human appearances

that you find your Mastery. It is not in resistance, but with just that sort of indifference, say: "Oh, you human appearance, you have no power! Run along now! Do not try to bother me any more. You are just wasting your time." As you take that marvelous attitude to those appearances which not very long ago were so terrifying, it becomes, oh, so wonderful.

This Beloved Brother wants you to feel his Freedom–oh, so much. See how in such a short time a great transformation can take place. So it is within each one of you. I say, *"each one of you,"* Dear Hearts–everyone who is here! The rapid change is taking place! The human is dissolving–it has to! I command it to do so and set you free forever!

Will you believe Me when I say I shall long remember this evening? Surely, you too will always remember it, when once you come to understand how all takes place from within out, in this Great Activity and Acknowledgment of the "Mighty I AM Presence"–not from without in. Therefore, it is always amusing to Me when I touch upon this point with Students, because sometimes they think they are still having a struggle–while to Me, that is all past. Do you just get My Meaning? To Me your struggles are all past! I am not speaking in riddles. Remember, to Me your struggles are all past! Accept it, will you not?

Would you believe that sometimes We are

tempted? Shall I tell you how? The temptation is so great to extend My Hand and just lift you up. It could be done! I say that because it is true, so I may try to convey to you the Accomplishment.

The Radiance released in this room tonight from yourselves is the most astonishing thing you ever witnessed, if you were to suddenly see It. That is what it means, oh, Beloved Ones, to be obedient. Do you think there is anyone in the world who could possibly think that obedience to the Great Divine Law meant privation of any kind? Oh, how could anybody in the world think such a thing? Yet some of humanity do. They think that being obedient means they are going to be deprived of some of their sense desires. It will be well indeed when all these sense desires, all limitations, are bound forever. Does anyone want to hang on to them? I think not! This is why I say to you, Beloved Ones who have taken this step, keep on, go on, to your Glorious, Wondrous Freedom.

Saint Germain insisted that I speak to you tonight. I convey His Love and that from the Blessed Nada, the Blessed Master Jesus, the Beloved Lanto from the Royal Teton, and that Group of Ascended Masters in Arabia. They see among you those to whom they can give Great Assistance, and I convey Their Love and Blessing to you.

Dear Hearts, you who have entered into this 100%

Group, please do not ever accept one word, one thought, that We are not Real–that the Ascended Masters are not Real. We are far more Real than you are yet; for in that feeling of Our Reality, of Our Closeness, it enables you to become like Us. Do you know I just love to feel your Heart beat. When My Rays of Light go from My Heart to yours, then you become a part of Me–not the Messenger you see before you–but of MYSELF; and do you know that for some time this has been going on?

Oh, I want you to feel, Beloved Ones, We are no long-faced individuals; We are filled with Joy and Happiness–that serene, clean, pure Joy and Happiness which is always bubbling over. Our Gratitude is so great, even in Our Attainment–a Gratitude so great to the Principle of Life which We enjoy, of which We are a part, in which today We have become a Perfected Part. This is what We want to do–to help to assist you to become that which WE ARE.

I suppose We must consider time, but you know I would just like to hold you in My Radiance until every one of you just dissolve those outer garments of imperfection, and then We go on together. That is the way the atmosphere in the room is tonight. It is so beautiful that in a moment's stillness the very outer atmosphere throbs with the Joy of Freedom which It is, that Joy of Freedom which is yours NOW. Will you not accept It in Its fullness? Oh, just think–that

Freedom which encompasses all Perfection! Stand eternally glorified in Its Radiance forever!

Tonight I offer the Eternal Blessings of the Great Host of Ascended Masters, the Legion of Light, the Great Cosmic Beings, the Gods of the Mountains, the Angelic Host, and My own Love to enfold you with Its Courage, Strength, and Conscious Dominion; to sustain you and quickly lift you unto Our Freedom from every limitation and discord of every kind, until you too, like this Good Brother, can say to all limiting appearances of discord, "You have no power!" Then they have no power in your world. Oh, if you could feel that! I know you can! You can feel it–now! Say to all limiting appearances or discord of any kind: "You have no power! 'Mighty I AM Presence,' take command of my world! Fill it with Your Perfection, and hold Your Dominion within it forever!" Then feel the Glory of It actually operating.

The Blessings of the Great Cosmic Light enfold each one of you unto your Perfection and Ascension. My Love enfolds you forever in Its Transcendent Light.

CHA ARA'S DISCOURSE

RATANA'S 100% GROUP – ALHAMBRA, CALIFORNIA
March 19, 1937

HOW fortunate, oh, Beloved Ones of the Light, that you have entered into this Great Stream which is endless in Its onward Journey into your Perfection. We, who have gone the way and know the requirements of all mankind, stand by, always waiting the opportunity to give all possible Assistance at this time, in cooperation with the Great Cosmic Law.

Think of the privilege you have today in this Understanding of the Light–in being the Light, in calling the Light into action, in calling your Mighty Tube of Light into action from the "Mighty I AM Presence," to hold Its Invincible Protection about you!

How did We attain Our Freedom? By that very identical Activity: First, by the Acknowledgment of Our Mighty God Presence, the "Mighty I AM." Second, by calling It into action to produce that Mighty Tube of Light, Invisible to all human discord and creation. Then, We were able to hold Ourselves in the Balance between the human and the Divine, to allow Our Mighty "Presence" to pour Its Mighty Intelligent Energy through Our Bodies,

out through the Heart, into Our worlds, and have the Perfection which It is.

Beloved Ones, only Those who have gone the way that all mankind must go into the Ascension, know what your requirement is. The one who has not yet attained cannot possibly know. Therefore, your only Intelligent Information must come from Those who have made the Journey just a little ahead of you. We have made that Journey and therefore are able to give you Assistance, as yet little understood. Even the greatest of your Heart's comprehension of the Assistance which is at hand is little, in comparison with what you will ere long understand.

Please be aware of this, for only as you progress by holding your attention to your "Mighty I AM Presence" and the Great Host of Ascended Masters, will you steadily and surely Ascend, Ascend, and Ascend, until you pass the Balance of the human into the Divine. Then will you suddenly become aware of a clearness, an alertness, and fullness of the Power of your "Presence" within you and your world. Then will your Decree–then will your Call to the "Presence" be answered instantly.

With Ourselves, no longer is there anything within Our Consciousness or World that causes an effect of anything but Perfection. Therefore, when We call to the "Presence," instantly it is done. If We require something through a precipitated activity,

it is there. The world of substance obeys Us in whatever octave it may be. In your octave of human experience, the substance is necessarily very dense; but as you Ascend from one octave into another, the substance becomes more pliable, more easily brought into the form which you decree. Therefore with Us, We have but to feel, express the Desire, and It is there in manifested form. You are rapidly approaching the time when you can extend your hand and receive the manifestation.

Only as human doubts and fears have caused mankind, yourselves included, to limit the Power of the Life which beats your Heart to express more fully, are you yet unable to call and have it answered instantly. Yet among the Students all over America there are those who are being answered almost instantly. The Messenger before you, has come to find that he can call and it is answered, he can decree and it is fulfilled almost instantly. So today We want to convey this Truth to you—into your feeling world. Tonight, while I speak to you, there will come forth into your feeling world the Truth which I speak to you, through the Power of Radiation. It will hold Its Anchorage within your feeling world, to render you the Service required.

I know it is not easy for the human to realize the Simplicity, the Power with which these Great Laws cause manifestation, or how you may manipulate

this substance about you and fulfill the requirement, which is your need today or in the future. Therefore, as you continue to decree for greater and greater Perfection to fill your world, through the momentum there gathers tremendous speed; and you not only gain in confidence, but in your activity. Therefore you will find as you go forth in your Application, each time it acts more quickly. But watch out, Dear Hearts, that you do not try to make your Application until you have reminded yourselves that when you call your "Presence" into Action, It knows no resistance or interference–but It proceeds with the Power of the Universe to fulfill your requirements!

This is so imperative for you to keep before the outer consciousness. Then your Application will act with tremendously greater speed, because the human, through momentum and that which is within your feeling world of which you are unaware, will many times seemingly obstruct your way, until you learn that it is necessary to remind the outer intellect that no human creation is an obstruction in the way, when you call forth the Energy from the "Presence," into you, through you, and out into your world.

Now then, you may call your "Presence" to project forth a Ray of Light, and the "Presence" fulfills the condition for that Service; but for your Victory, through yourself must come the Radiance which will one day set you free. You can give great

Service even now, by calling your "Presence" to project the Rays of Light and send the Energy forth to perform the Service of the Light; but for you to gain the Victory, remember It must come through the purifying of your human form, in order for you to have your Eternal Victory.

After these two years of close association with you, do you realize how close has become that association? Perhaps you do not see Us; but does that prove that We are not moving about among you? Not at all. Remind your outer intellect that many of the things you are using in your outer world you do not see; yet you accept them, do you not? Just tonight, when you heard the Broadcast you did not see the speaker; you did not see the lines or wires connecting you with that which produced the action, did you? Yet you heard it; you received its blessing and it was quite natural to you. Why cannot mankind receive the Reality, the Blessing of the Great Host of Ascended Masters, as readily as they receive the blessing of your radio, or the use of the airplane whose propeller becomes invisible in its power to carry you forward? Yet it is there acting.

Therefore, Dear Ones, with your attention called to these various Activities which are blessing you, but yet invisible, you will see how practical is this Understanding of the Ascended Masters. They alone represent the Perfection of the "Mighty I AM

Presence." One day you will become as We are. It is not a matter of can you, but you have to! Understand that please, will you not? It is not a matter of your choice. One day, you are compelled to enter Our World, the Octave of the Ascended Masters. Your acceptance today of this Instruction and full Power of the "Mighty I AM Presence," will enable that to come about with a speed which will cut off many embodiments.

Do you realize, oh, Precious Ones, that in this Understanding of your "Mighty I AM Presence" and the Blessing which the Ascended Masters, the Legion of Light, and the Great Cosmic Beings offer you, with earnest attention to your "Presence," you can acquire in this embodiment what might take many? Remember, Precious Ones, when your attention is earnestly given to your "Presence," that instant your Ascension has begun! Do not let the human, your own or anyone else's, be foolish enough to say to you, "That cannot be." I tell you it is! And who should know better than We who have gone the Way?

Now then, if the human intellect is too arrogant to believe the Law of which We are the Fulfillment, then We cannot assist; but those who will believe the Truths We speak to them, because We are actually the Fulfillment of those Truths–then We can be of almost limitless Assistance to them. This is what We are offering the precious Children of the

Light who have been drawn under the Radiation of Our Beloved Saint Germain.

You know, it is said that I resemble Saint Germain. Well, I feel quite honored. Remember, oh, People of America! Saint Germain is the One who has enabled this Freedom to come to you! No other One of the Ascended Masters, Dear Hearts, came forth, stood His ground, and fulfilled that which He declared was and could be. He has proved that He knew whereof He spoke.

Today, a great number of your blessed people of America are proving for themselves the Great Truths which He uttered. He has worked, has labored, for more than two hundred years for your Beloved America, My Beloved America. Do you not think that We love America as well as you? Knowing that America must be the Cup that carries the Light that lights the World, do you not think We should love your America as only those who see with Unlimited Vision can love?

While I give you Beloved Ones great credit for your ability to love, Our Ability far transcends yours. Does that sound strange to you? Not at all. Only as you become free in the Light, do you realize how fragmentary is your ability to release the unlimited Power of Divine Love to bless everywhere. As this Good Messenger has told you, when Saint Germain, for his Instruction, released that great flood of Love

in his presence, he knew that he had never known what real Love was before. So it will be with you, as you Ascend, and Ascend, and Ascend–higher and higher–into the Consciousness and Activity of your "Presence." Then, too, will you understand that in your greatest outpouring to those on Earth you love, it is but a fragmentary part of that with which you will flood the World in the greater Understanding and Acceptance of your "Mighty I AM Presence."

Mankind should not feel that they have to be with each other in physical form to pour forth that great Love. As these two Beloved Messengers have come to know, their Love for each other is perhaps twenty times greater than it was before they entered into this Great Stream of Light and Activity. Yet sometimes for days they scarcely see each other in the Service they are rendering. So We want you to know, Dear Hearts, there is no absence in the Presence and Power of Divine Love. Whether you are held within each other's embrace, or whether you are miles apart, it makes no difference; and should not make any difference in the outpouring of your love and the loyalty of that love to each other.

We rejoice exceedingly in the privilege that We have, to be of Assistance, oh, Beloved Ones. Your precious Hearts are reaching out so intensely, not only for Freedom, but for your Ascension. Just think what has been accomplished in so short a

time–a little more than two years! Oh, Precious Ones here in California, in a little more than one year you have gained within your Precious Hearts that wondrous conviction, feeling, and desire for the Ascension, which it is possible for you to attain.

Think of it! People who have been in this Understanding of the "I AM" for only one year, before coming into It, could not have even conceived such a thing was possible. Yet today thousands and thousands have accepted, in the fullness of their feeling, the Reality of their Ascension, and are working toward It with all earnestness.

As you have been told before, Precious Hearts, if for any reason you do not accomplish your Ascension in this embodiment–in your understanding, Application, and powerful reaching forth for It, you would be certain to make It in the next embodiment. Remember, you carry with you everything of the achievement you have attained so far. Now, with the use of the Violet Consuming Flame, you can dissolve all discordant creations about you. Then when you return again, you have nothing to meet here but the Glory and Perfection which the Understanding of this "Presence" holds for you. Its Perfection waits to meet you. Then instead of your human creation, the Blazing Light meets you here; you go forth quickly in that Blazing Light, into your Ascension in the next embodiment.

Pardon Me if I talk too rapidly. We rejoice today in the Glory that is yours and in the great Expansion of the Light within your precious Hearts. We see It, Dear Ones, oh, as clearly as you see the faces of each other. We see and know your achievement. This is why in these wondrous days, We utilize every opportunity to convey to you Words of encouragement. Not only do those Words go forth, but Our Radiation pours out through those Words and acts within your feeling world, although you may not yet comprehend much of it. The Light is acting there just as surely as I am telling you. In Our Radiance, even now, many of you feel Its Glory within your Heart–the warmth and Radiance of the Divine Love from your "Presence." Even as I call It forth, the chest area of the Messenger is almost glowing enough for you to see it physically, and that Light is acting within you. In your 100% Groups, I say this to you tonight: A Great Service is being rendered America and the World, but do you know that something else is being done for you individually? Just for a moment *feel* this deeply! We are trying in many ways to bring your 100% Groups to a certain achievement. This is why you were impelled to start them. We want to bring you to a point where We can show you the Manifestation of these Inner Powers, which will enlighten all tremendously who are prepared for it.

This Good Messenger has had to receive certain

Preparation. Each One who dictates must have that One's own Radiance established within and about him, to enable Us to flash these Words before him which he conveys to you. This has now become such a natural activity. There is only a breath between Our Visibility and the Radiance which went forth from his shoulders to the waist tonight, in this Light which I have called forth into action within you. As the 100% Groups are more and more prepared for it, who knows when some very delightful, beautiful thing will suddenly show you all the proof you want of that which the Messengers have so earnestly endeavored to convey to you?

This is not an imaginary thing. We are not imaginary Beings. As the Great Divine Director said last night, We are really more Real than you are. Perfection is Real, more Real than that which contains imperfection, is it not? Therefore, We are the Reality.

Oh, Beloved Ones, it is such a beautiful thing to come into this closeness with you, wherein We can reach into your Heart and feeling world and give the Assistance that you so much crave. All mankind must have this until they come to a certain point of Self-mastery. As you understand this, deeper and deeper gratitude comes forth. Then you prepare the way more and more, not only for the greater flood from your "Presence," but for that which We can give to you.

We love to hold your hands, and sometimes We move about you when you least expect it. From anywhere We are, We need but to direct Our Attention to you to see what is required. When you give your attention to Us–your "Presence" first and then to Us–your Radiance, your Ray of Light comes to Us like an arrow. We know it and come back on your Ray of Light with all that is required or permitted.

Do you not see, oh, Beloved Ones, how practical is all of this Mighty Activity? Now, while I am speaking these Words, try to accept the Feeling of how practical is every particle of this so-called Transcendent Activity. It is Transcendent from the human sense, but it is all so practical and natural! The Activity of the Ascended Masters is the most practical thing in the world. As you come to feel that, you will enable Us to do so much more for you. Then, so much greater Assistance can be given than if you felt It was something too Transcendent for you yet to reach. Mankind has gone on throughout the centuries since the time of Jesus and His Ministry, feeling He was a Being so far beyond them that He could not be reached. His Heart has ached so many times for mankind when He wanted to come close and give Assistance, yet the very feeling of individuals held Him away at a great distance.

Once you learn the power of your feeling world, what a transformation will take place in your Life.

Hold your feeling harmonious to the Great "Presence." Call It with great determination into action to produce Its Perfection and hold Its Dominion in your world. Oh, then the Joy, the Beauty, the Freedom, and the Happiness that is yours! Oh, Dear Hearts, you do not need longer remain in unhappiness of any kind. Oh, do not let the human any longer have dominion to make you unhappy.

The Great Light which gives you Life and beats your Heart is Free, oh, so Free! Yet the ignorance of the human tries to bind that Light and to say to that which the Light produces: "You are mine! You must obey me!" What nonsense! Oh, the Freedom of the Light to give every human being Freedom! Once mankind learns to do that, then very great will be the happiness mankind will experience.

Is it not a tragedy, Dear Hearts, when human beings, for any reason whatsoever, try to bind others to them? It is not the Law of Life. Freedom is the Law of Life. That does not mean license to do wrong things, not by any means! But it does mean in the feeling world each one should let every other one be perfectly free. Just call their "Mighty I AM Presence" into action and feel it. Then all must be in perfect, harmonious accord. This does not mean that men and women should go out and pick up with each other's wives and husbands or anything of the kind. That is not freedom! It is worse bondage than ever, because

when mankind sets up causes, God alone knows how far-reaching are the effects. Freedom means, in your feeling world, to let everyone feel the full Glory of his own "Presence." Wonderful! wonderful! wonderful indeed! Only We who have attained that Freedom know just how wonderful It is.

Tonight I wish to remind you how very wonderful is the adoration in your songs to these Great Ones. Oh, it is very wonderful! That harmony and rhythm of your love and adoration pouring forth to Them in song, enables Them to come back to you in a Transcendent Manner which words could not describe. Tonight you sang so wonderfully, really. You know there are two kinds of singing: one that sings from the intellect and the other that sings from the Heart. You have heard singers who were as cold as ice, haven't you? Then, you have heard those whose very Radiance glows with the loving Kindness of the Wondrous "Presence" and Activity within them. Those sing from the Heart. You, tonight, sang from the Heart. You know the poetical phrase, "Two hearts that beat as one." It is far more than that–many Hearts are beating as one tonight.

Oh, Dear Ones, do you not see how, in the Acknowledgment of the Great, the Mighty "Presence," all the world becomes an expression of Divine Love? All the world becomes lovers–expressing Divine Love. Do you not see how wonderful it is? These Beloved Messengers have

learned to do that–to pour forth such a Power of Divine Love to the Students that It gives them happiness they never knew existed before in their love to each other. Their love before was very great, and yet it was not a fragment in comparison to this Great Love of the "Mighty I AM Presence" which pours forth to flood the world of the Students everywhere.

Oh, Precious Ones, you have entered into a World of Light, Love, Freedom, and Perfection. Accept it unto its fullness in all activity of you and your world. Remember, Dear Ones, no longer need you accept or hold within you the slightest inharmony in your bodies; for you know now the Light in your Heart, your physical Heart in your body, is your "Mighty I AM Presence" acting there. I leave this Statement with you tonight. Remember, your Heart is your "Mighty I AM Presence" acting within your human form. Therefore, Its Radiance pouring forth in every cell of your body through the Threads of Light that come forth, and the Points of Light within those cells, enables you to be a dynamo of the Energy from your Heart. Then to think that mankind should ever have thought anyone could have Heart trouble! It is never the Heart that is troubled, Dear Hearts; it is your feeling, just your feeling that is troubled–not the Heart.

So remember, remind yourselves, oh, Precious

Ones, that your Heart here, giving Life to your body and circulation through it, is your "Mighty I AM Presence" in your human form. Do you not see then, how you cannot help but feel the closeness, the Reality of your "Mighty I AM Presence" within you, producing Its Perfection instantly at your Command? At your Command, a great intensified Activity must sweep out all imperfection of every kind.

Many times this Good Messenger has been brought to those who were so ill and weak that they could not walk, and after twenty minutes got up and walked with full strength–showing that the trouble which was thought to be the Heart was only a human concept in the feeling world of that individual. As soon as that was removed from the feeling world, the strength of the "Presence" was there.

Oh, do not limit yourselves again in any manner whatsoever, Precious Ones. I plead with you. Your "Mighty I AM Presence" is your Storehouse of Health, Strength, Supply, Money, Happiness, Joy–everything you require is here. The Fullness of It is anchored there [above in the Electronic Body]! It is ready to pour forth, without limit, everything you require! Will you not accept that? So far as your money supply is concerned, will you not accept your "Presence" as your Storehouse? Then, if channels are necessary for your supply, those channels must work in harmony for your supply. Do you not see

how it cannot fail?

If any of you are lacking for your money supply in any way, it is because in your feeling world there is the consciousness of your limitation. In the intellect you are not aware of this obstruction acting in your feeling. Then say: " 'Mighty I AM Presence,' take out of me the feeling that is obstructing the way! You release Your Supply of money I require in the Service of the Light!"

Oh, Precious Ones, do you not see it could not fail, not for one moment? We want you to become fully conscious that your "Presence" holds ready to pour forth at any given moment everything that you require for your happiness and comfort. After all, it is through your joy and happiness that the release comes quickly of everything your "Presence" holds for you. As you stand before the Chart of your "Presence" each day, feel Its Joy and Happiness surging forth, and filling your world and home. It will do it so much more powerfully than anything mankind has yet conceived through the human activity.

Tonight, oh, Beloved Ones, you shall go forth carrying My Joy, My Happiness, My Consciousness of your supply of every good thing which you require for use. It shall remain active there within your feeling world. I so decree it. Will you not accept this in its fullness for your Freedom? How do I know that which I desire to anchor within

your feeling world for your use is acting there? By the Activity of the Light within you. Even as I issued that Decree, this moment the Light expands within you in response to My great Desire to help you. That is how We know whether Our Decree or Desire for your Assistance is acting or not. I am grateful that you are able to accept My Humble Service which I have offered.

In the fullness of the Great Light, "the Light of the World," I call Its Activity to hold you in Its Wondrous Embrace, raising, raising, raising you, until that moment when you suddenly feel yourself wholly free from every limitation, and you call forth through your greater Understanding this Blessing for all mankind.

Do you realize, oh, Beloved Ones, tonight in this hour We have been in a Heavenly, Eternal Sanctuary of the Light? It will always continue to expand for you. My Love enfolds you forever, and may your acceptance make it ever more and more possible for Our Assistance to come to you. I thank you.

LADY MASTER NADA'S DISCOURSE

"I AM" SCHOOL – LOS ANGELES, CALIFORNIA
March 20, 1937

BELOVED Children of the Light, of the "Mighty I AM Presence," My Joy is boundless tonight in pouring forth to you from My Heart, My Love, Courage, Strength, and Activity, which shall always continue to act within your feeling world.

You perhaps understand that besides this physical body which you have, you have what is termed an emotional body, or a feeling body, outside of your physical body and penetrating it. Your feeling body is your Powerhouse, or the means by which you are supplied with energy which acts through your physical body. Now then, as you understand this and your "Mighty I AM Presence," you will find you can call your "Presence" forth to charge your minds and bodies with all the energy and strength that you require; you can call forth all the courage you need.

Call the "Presence" to give you confidence in yourself to apply the Law of your "Presence," which is your Life. As you continue to call your "Presence" into action, you will find each day you gain a greater confidence–not only that your "Presence" is there and does answer you, but you have a feeling of greater calmness and

peace within yourself through calling your "Presence" into action.

Having had long, long experience with the children of Earth, it is always My Great Joy to be of Service whenever the opportunity affords. The children of Los Angeles have responded so wonderfully to the Instruction which Saint Germain has brought forth. Now, We shall do everything We can to make the children of Los Angeles an outstanding pattern, an example. Now notice! You are to be an example for children everywhere, because your city is one where children from all over America come to visit. You know that, and therefore, as Children of the "Mighty I AM Presence," you will be the example for your visiting friends who come here, will you not? You know that is considerable responsibility; for you want to be a shining Light and example, not only to the grown-up people, but to the visiting friends who will come here. I tell you that in the next two years many, many from various parts of the United States will come here to visit you. You see!

Therefore, you want to be so alert, so attentive to your Understanding of the "Presence" by applying It in all your schoolwork, that when your visiting friends come, you can with full confidence stand before the Chart and explain It to them just as this Good Messenger does. Will each one of you just feel a great earnest desire to become so familiar with the

Explanation of the Chart, that you can quickly and readily explain It, any instant you might be called upon to do so? It is a very wonderful thing, Dear Children. Do you realize, Precious Ones, that children for thousands of years have not had this privilege before?

This Understanding of the "Mighty I AM Presence," which Saint Germain has brought forth, has not been in the outer world for thousands of years. That is a long time from the human standpoint, but it is true. Now that you have this privilege in the Understanding of your "Mighty I AM Presence," It does make everything easy for you. It helps you to maintain self-control, dominion of your feelings! It enables the Power from your "Presence" to flood forth to do the things you require.

As you go forth in this Understanding, you will find as the energy continues to flood forth through you, that It gains what We term "momentum." I mean, through the continuous use of a thing, you gain power by it. That is what We mean by momentum. Often you will find where there is a requirement, that your "Presence" will suddenly charge Its Currents of Energy through to bless you–even sometimes before you ask. This is what We want you to feel, Dear Ones: that after you have called the "Presence" into action for a while, It begins to act ofttimes even before you call. Then

you will find that your "Presence," through the Higher Mental Body, is always standing on guard through you and for you. Do not forget that in your homes you can render such a beautiful Service to your brothers, sisters, friends, father, and mother. Every night will you do this for Me? Before you go to sleep, will you take a copy of the Chart, either in the Books, Magazine, or some copy of the Chart, and speaking to your "Mighty I AM Presence," simply say: " 'Mighty I AM Presence,' now You hold my body, while it sleeps, in Your Wondrous Embrace of Light. When I awaken in the morning, You take charge of my mind and body! Cause me to do the Perfect Thing always which I should do to produce the greatest happiness for myself and those about me, and to produce the greatest success in all I desire to do." Remember, you are the one who must call the "Presence" into action to govern your world. Do you know that your world is just that which extends around you for, say, the distance across this room–this part of the room here from the door forward–about twenty feet in a circle; that would be the world of the average individual. Now notice this closely! If this were a complete circle, it would be what the average person's world consists of. Does that seem a small world? Well you would be surprised how much is contained within that world!

Then your part, your objective, or that which you

require, is to call your "Presence" into action to not only control your mind and body, but this world which extends around you. It means to a large extent your feeling world and that which you have created.

Now, Blessed Children, I wish to give this to you because it means so much. You see on the Chart the Violet Consuming Flame. Call your "Presence" to pass It from your feet up and consume every discordant thing which you have ever created through the centuries, because you have lived many times besides this lifetime–in similar bodies. If you will call the "Presence" to use the Violet Consuming Flame, you will have very little difficulty in keeping your feelings harmonized; and that is what all mankind requires today.

The conditions which exist about humanity through so much inharmony make it difficult for the average person to control himself and keep harmonious, but it can be done easily in the Knowledge of your "Presence." Then, you can realize the need of the Tube of Light about you, as you see there on the Chart.

How many of you try to call the "Presence" into action and form this Tube of Light about you? How many of you do that? *(many hands go up)* Well that is lovely. There are three things that are so important to you: first, to know your "Presence" is the Giver of all Life to you and to the World;

second, to call the "Presence" to use the Violet Consuming Flame and take out of this world of yours every discordant thing and accumulation of wrongly qualified energy.

Remember now, you are living in a circle of your own world! As you call the "Presence" to pass the Violet Consuming Flame through you, It is just within and around your body. As you call the "Presence" to send the Violet Consuming Flame from your feet up, and also consume that which is around you (and will you blessed grown-ups take note of this as well), everything out here which would be discordant in this circle of your world is drawn in and consumed by that use of the Violet Consuming Flame. Every discordant thing that you have ever generated or created will be drawn into the Flame, dissolved, and consumed. It is a very wonderful thing, Precious Ones.

As you understand and, in the Knowledge of your "Presence," do this, you will free your world from everything which has disturbed you up to the present time. Then when you call the "Presence" into action, you will find a much more powerful Activity of your "Presence" than if It had to pour Its Energy through the discordant creation which is there. Humanly with your physical body you cannot do that; but when you call your "Presence" into action to do it, It acts whether you see It or not, for that is not necessary.

The third thing is calling your "Presence" to form about you this Tube of Light, as you see It on the Chart. Then, you can move in the world untouched by the discord of human creation in the outer world, which you must necessarily meet. If you draw such a Tube of Light about you, do you not see that the other people who come near you will feel the peaceful Radiance from the "Presence" pouring forth from the Tube of Light, and they would not desire to be discordant?

As you come to understand these simple things and wonderful activities, you will find your "Presence" will govern your world with such joyous, happy Freedom as you have never been able to maintain, until you began to experience it through calling your "Presence" into action.

You see, while it is true the "Presence" supplies Life to your body sufficiently so you can move about, yet that is not enough. The "Presence" waits and has waited a long, long time for mankind to understand the "Presence" is there and that the individual must make the Call to It, to enable It to release a greater volume of energy—a greater quantity of energy—to flow in and through your body and out into your world through your Heart.

The first part of your physical body which is formed is your Heart; and that is where your "Presence," through Its Ray of Light and Energy,

is anchored–within your Heart, within your body. This is how God is within, and God is without–the "Mighty I AM Presence." Only a very small part of God is within the Heart, until you consciously know the "Presence" is there. It is very small and simply supplies the ordinary use of Life to sustain the physical body.

When you know the "Presence" is there, you can call It into action. As you practice It, you continue to call forth a greater and greater volume or quantity of the Energy from your "Presence" to produce Its Perfection in your home, world, schoolroom, or wherever it is. Will you not do this for Me?

Just before you come into your schoolroom each day, will you call your "Mighty I AM Presence" into action to charge the schoolroom with this Mighty Perfection and Understanding, so when you enter into your schoolwork, all will quickly grasp what is said and be able to apply it successfully in your studies? You will find such joy if you will do that, and I will help you. Would you like Me to help you? I will be glad to if you will do as I ask and keep such great harmony in your schoolroom, such great love, and such great joy. Then the harmony makes it easy for your "Mighty I AM Presence" to give you Its Comprehension and Understanding in your studies, or in whatever is required for you to do during the day. As you do this, you will find

such a joy filling your mind, body, and world, such a happiness filling your schoolroom, that you will just love to come and enjoy it so much while you are here. You will feel that great loving desire to bless each other in all you do.

Sometimes, you know, you have studied awhile; and all of a sudden you straighten up and rest, as it were, for a few moments. In that moment, you can call forth the Blessing of the "Mighty I AM Presence" for each one in the room; and do you know what that will mean to you? Suppose there are a dozen students in the room. If you will call the Blessing on the other eleven, then you get eleven times the power of your Blessing upon yourself which you call forth for the others. Do you understand that? When you call the Blessing upon eleven other people, you get eleven times for yourself the Blessing which you call upon the others. Is that not worthwhile? It is very wonderful as you come to understand it.

Tonight while I am talking to you, I am pouring forth into your feeling world those Qualities which will become active within you, which I see you need. Can and will you remember that at any time you need extra Assistance, first send your thought, your feeling, your Call, to your "Mighty I AM Presence"; then if you wish to call to Nada, you will always have My Answer come back to you. As you try that out for a while and you find the response coming more

tangible each time, then such a great joy will fill your Heart; for you know you have a Friend to whom you can call and always get the Help.

In your home, if the need gets very great, call to your "Presence" first, then call to Me; and I shall always come back on a Ray of Light to you, to give the Help that you might need for yourself, in your home or your activity. As you do that, you will find a Great Peace and Joy always abiding within you.

Tonight as I spread My Mantle of Pink over you, which I have done while I have been talking, you absorb It into your bodies, for It is Self-luminous, Intelligent Substance. This means that It is Light-Substance–L I G H T–Light-Substance, which you are absorbing. It is the Ascended Masters' Substance, which the human cannot qualify or clothe with any discordant feeling. In that way, I shall be able to give you Assistance, in your cooperation with Me, to do many things that are very wonderful.

How many of you here are interested in art? *(many hands go up)* Oh, wonderful! Do you know that those little hands which you hold up are the Hands of your "Mighty I AM Presence"? Do you know it is true and it is right? Your hands are the Hands of the "Mighty I AM Presence." Then if you want to do some work in art, you simply say: " 'Mighty I AM Presence,' now You take charge of my hands! Cause me to do perfect drawing, to

produce perfect designs or pictures," or whatever it is you wish to do; " 'Mighty I AM Presence,' You take charge of these hands! Cause me to produce the most beautiful things, even more beautiful than I can imagine from the human standpoint." As you do that and keep calling the "Presence" to do it, you will find you will be producing the most beautiful things in pictures, designs of flowers, or whatever it is.

How many are interested in music, either instrumental or voice? *(many hands go up)* Splendid! Then, Dear Children, remember that your voice, your vocal cords by which you sing, are those of the "Mighty I AM Presence," and you simply say: "Now 'Mighty I AM Presence,' my throat is Your Throat! My voice is Your Voice. Therefore, You sing perfectly through my voice." If you will do that, you will be astonished how wonderfully and quickly you will begin to sing beautifully and perfectly.

You see, it is so in every activity of your physical body in the outer world. For instance: suppose you wanted your body to become beautiful and perfect. If it is not as beautiful as you want it to be, simply say: " 'Mighty I AM Presence,' take charge of my mind and body! Pour Your Mighty Currents of Energy through me with such intensity that my body becomes as Beautiful and Perfect as You are." Or in a more simplified expression: " 'Mighty I AM Presence,' make me beautiful and

perfect!" Then whatever is within your physical body that is not perfect will have to give place to that which is perfect. You see?

In these simple ways, you can call an All-powerful Action of the "Presence" into your Life to produce the Perfection which you require, or that which gives you happiness–because many times people, and children especially, find one thing or another which makes them feel disturbed or discouraged or produces something that is not desirable. Therefore, to anything that attempts to find action in your world which is not Perfection, say: " 'Mighty I AM Presence,' You take this out of my feeling world and replace it by Your Satisfaction and Perfection, Your Perfect Activity." Then, you will be able to do the things that you require quickly, easily, beautifully, and perfectly.

Now suppose you want your physical body and its action to become perfect. Say: " 'Mighty I AM Presence,' this is Your physical body. You take Perfect Command of it! Make it come into Perfect Order and Perfect Action." As you continue to do that, then your "Presence" will produce Its Perfect Symmetry of body and Perfect Action in your body which you require. Do you know, Precious Children, in this Knowledge of your "Mighty I AM Presence," you can produce in your body, through your body, and into your world whatever Perfection you wish to call forth?

Now, I am going to ask the Beloved Messengers and Mrs. Mundy if they will make copies of this which I have said to you, so that each one of the Schools can have it to read to the children whenever they feel so inclined. I shall be very grateful if they will do that; because each time it is read, I will be able to pour forth My Radiance through these Words which I have spoken to you, the same as I have spoken them tonight. That will give you a constant use of My Ascended Master Consciousness and Feeling which I am pouring forth to you tonight.

After a while, you will come to understand much more clearly than you do now, what these Words have meant to you tonight. As you keep calling it forth, then clearer and clearer will come the Understanding of that which I have anchored within your feeling world tonight to give you the Assistance.

I want you to know how great are My Joy and Love in this little talk to you, but I do not want to hold you longer tonight. Just remember—Nada was with you in person tonight and dictated these Words to you, because of My Great Love for you. Will you remember that and feel it is a part of your body and your Life and your activity always? This will give Me the greatest opportunity to give you all the Assistance that I can. Unless I can have your attention upon Me, I cannot do so much for you.

Do you remember, sometimes when you have seen

the man who sells balloons, how those little balloons are fastened to strings? You have seen him hold ever so many in his hand by the strings. In the same way there are threads of Light that go out from Me to you tonight, by which I give you those Qualities which I want to convey into your feeling world. This is the way I am pouring out tonight, just like Threads of Light–oh, through little tiny Rays that go out. Will you sometimes remember that–how it was done this night? Then you will have tremendous Assistance and Blessings.

I give you the Blessing of Saint Germain, Jesus, the Great Divine Director, and the Great Host of Ascended Masters. They want so much to assist the Children of Earth to their Freedom and the Understanding of the Great Source of all Life, the "Mighty I AM Presence," which every human being on Earth is seeking, but many do not yet know it in the physical senses. All will one day come to know it, for the Work which Saint Germain has brought forth is spreading so rapidly throughout mankind and the World! One day all mankind will again come to know this "Mighty I AM Presence" and have the Blessing which It alone can give, and the Happiness which It can produce.

Now, there is one more thing I want to say before We stop and it is concerning the money you require in your world now and in the future. So long as that is the means of exchange, remember, Dear Children,

now is the time for you to anchor this firmly within your consciousness: Your "Mighty I AM Presence," which supplies Life to your body, is also the Treasure House. I mean by that, It is the Intelligence that opens the way and gives the supply of money to you which you require for things in the outer world. There are many grown-ups who do not quite understand this; but nevertheless, you as children today can understand that your "Mighty I AM Presence" is your Treasure House–the means by which your supply of money comes to you.

If you will always call to your "Mighty I AM Presence" to open the way and see that you are always supplied with the money you require in your Service of the Light, then the "Presence" will provide ways and means through the Power of Divine Love and Order, so you can and will always have the supply of money you require for the things you wish to use in your outer physical activity.

This is the reason why I am asking Mrs. Mundy and the Messengers to see that corrected copies of this are given to whoever conducts the School–not copies to be given out, but just to be read to the students whenever they feel impelled to do it, because this will carry the Radiation to you each time.

Now in the Blessing of the "Mighty I AM Presence," the Great Host of Ascended Masters, the Mighty Legion of Light, and the Great Cosmic Beings, I ask

the Great Cosmic Light to hold you enveloped in Its Mighty Radiance, to produce perfect physical bodies; clean, pure, alert minds; and firm, determined attention to your "Mighty I AM Presence," which will enable you to have the fullest Release from your "Presence," the most powerful Activity possible. Your gratitude should always pour out to your "I AM Presence" for everything that is given to you for use in your Life.

I thank you, Precious Children, for this wondrous attention which you have given to Me, and your reward shall be great in return for it. You Precious Children! Do you realize that you have given just as perfect attention as any class of grown-up people? That is a very wonderful thing. You know how sometimes children wiggle around and get restless? Well, you did not, and this has been quite a long time that I have been talking to you.

So I just rejoice to see how you have already gained in your Understanding of your "Presence." It proves to Me that you must have a very lovely teacher who is teaching you in this Work. Do you love your teacher very much? Do all of you? *(Many answer "Yes.")* Fine!

Now just remember that My Love enfolds each one of you always, unto your Perfection and your Ascension–just as I have Myself and as all the Ascended Masters have made Their Ascension. All make It in the same way. Your Goal is not only to

perfect yourself, but to Ascend eventually into this Electronic Body–your "Mighty I AM Presence"–when you become an Ascended Being, the same as I am today, as Saint Germain, the same as Jesus and the Divine Director. So you see your Goal is twofold: to free yourself from limitations which the human has created and then make your Ascension. That will all come; and those who understand the "Mighty I AM Presence" in this embodiment, if they do not accomplish the Ascension now, then in the next embodiment they will, with very great certainty. This is My Love and My Wish which I have conveyed to you tonight. I trust it may be read to you so you will be reminded sometimes of this night, in which We lived in a World not made with hands.

In the atmosphere of this room tonight is the Radiance of your "Mighty I AM Presence," amplified by the Great Host of Ascended Masters. It has become a new World while We are here. You have entered into that new World which will continue to act within and about you the rest of your earthly pilgrimage here. Will you just always feel that?

My Love enfolds you forever in Its Transcendent Light. I hold you close in My Embrace of Love forever, unto your Victory and Ascension. I thank you.

ARCTURUS' DISCOURSE

LANNING'S GROUP – LOS ANGELES, CALIFORNIA
March 21, 1937

– Morning –

GREAT loving Hearts of America! Today it is My Privilege to draw your attention to Activities near at hand, in which you are a very important part. As you have been informed, on the seventh of April there will come a Great Cosmic Onrush of Light into the Earth.

Today I come to you to give Assistance; for while you are hearing My Words, My Light shall go forth into the mental and feeling world of mankind, to prepare all everywhere for the Onrush of this Great Cosmic Light. You may see some Manifestation of It or you may not, depending upon the Wisdom of the Great Cosmic Beings who are sending It forth; but there will be those of the "I AM" Students who will feel the great Exhilaration, the great Uplift that day. Those who do feel It, and even those who do not, will you qualify that eternally sustained in all activity of your life henceforth?

You see, Beloved Ones, it is not only a momentary achievement. In your conscious feeling and ability,

every step, every achievement acquired, you can qualify to be eternally sustained and all-powerfully active forever–in your Life, your mind, body, home, world, or in whatever it is for which you require that activity.

This is such a definite, such a powerful Activity into which you have entered. This Great Stream of Life into which you have entered, may I remind you again, is Self-luminous, Intelligent Substance. Try to get the fullness of this idea. Notice! Feel within your being that you are constantly, through your acceptance of the "Presence," absorbing into the atomic structure of your body this Self-luminous, Intelligent Substance. Do you not see, Precious Ones, that you must have perfect health? You must have energy without limit to send you forth like a rocket into any achievement in any direction for Perfection!

I assure you, Precious Ones, We are entering into a dynamic activity–not as you know it, but in the calm intensity of your feeling world–We are entering into the Activity of your Freedom. It shall become manifest in your mind, body, home, world, and affairs. You are not wavering any longer, you know. Now, you straighten your spines and stand firm in the acceptance of your "Presence." Remember again, Dear Ones, your determination is the activity of the Inner Will of the "Mighty I AM Presence."

Be *determined* that America shall be free! Be *determined* that your Application brings results

immediately! Do not let your human or anyone else's qualify anything that you do or call for, with anything but Instantaneous Activity! Then as you gain the momentum, you will find more and more there will come, just like rhythmic tapping, the steady acquirement of the Full Power in your Application for any achievement.

You are no longer children. You are Gods of Light in the Acknowledgment of your "Presence"! As you dissolve the cause and hold the rest of your human self that still remains, in abeyance, then your "Mighty I AM Presence" becomes the only Power acting.

During your Decrees, I stood here listening and rejoicing at the willingness of the Children of God to stand for their home–America. When you speak those Words–"The 'I AM' Country," "The Land of 'the Light of God that never fails' "–do you not realize that you have uttered the Words which release the Mightiest Power in the Universe to produce that very thing here in your America? How in the world can anything longer hold its sway of discord or deceit, when these Mighty Decrees are going forth now from nearly two hundred thousand Children of Light in America, calling with great intensity for Her Freedom? Notice the spirit with which the blessed Students of the "I AM" all over America are entering into this with a joyous exhilaration, whose Power, Dear Ones, to send forth these Mighty Decrees is doing a Work

that is inconceivable. Until you reach the state of the Ascended Masters, you cannot see the Power and Light which it is producing.

No longer do the Children of America have to give way before discordant forces–whether it be in your private life, whether it be in your home, whether it be in your city or government. Say to every discordant appearance, "You have no power!" Then it does not have any power to act in your world or in your country. When you issue these Mighty Decrees for the protection of your Supreme Court, it shall be protected. The Great Cosmic Light shall sweep in on the seventh of April, bringing an added Power that will silence all deceit concerning your government! That Mighty Light shall bring America into the Power and Glory which belongs to Her. No human being or group of human beings has any power to longer charge the Earth or its atmosphere with any deception or discord. Neither have they any power to interfere with or influence the mass of mankind, to do anything that will bring discredit upon Beloved America.

Listen closely! The Call of the Children of America for this Light, for this Protection, is the only thing that has been required throughout the centuries to release and cause the Great Cosmic Light to come forth and give this Protection! You will remember in one of the Discourses I dictated, that I said: "If

necessary, that Light as of Ten Thousand Suns shall sweep into the Earth and bring Relief and Protection to America," and so it shall be done! No longer is mankind helpless before these forces which individuals have not understood. Today every "I AM" Student who is in earnest understands the forces which they have to deal with, and they are fearless before them. When they call this Mighty Light into action, the Mighty Activity of the "I AM Presence," then the Power of the Universe has gone forth to do Its Perfect Work for each one, individually, collectively, and for nations.

Notice the difference, Beloved Ones, between the time when mankind did not know or accept its Divine Power, and now, when individuals have come to know this "Mighty Presence" which beats every Heart. Your Call to It actually releases a Universal Power to go forth and do that which you desire to have done. It will continue to act, unless the individual through discordant feeling obstructs the way. You alone, through inharmony, are the only one who can obstruct your way, or prevent the response to the Decree which you issue. Remember that, Beloved Ones! The whole responsibility is in your feeling world. When you issue a Decree, hold your feeling calm–determined that it shall be answered quickly. Stand by it with your determination, and it cannot fail to produce results for you.

Now the need today in America has been great. Yet see how great has been the Power released for Its Protection and Blessing. I wish, while I have the opportunity today, to bless this good brother, our Beloved Mr. Zinke, who has made possible the broadcasting of this Mighty Truth so far. I shall hold his hand in Blessing for that great kindness which he has done for America. Many, many people will be raised up to make these things possible, Dear Hearts, and their Blessing shall know no bounds.

Dear Ones, there are those in America today who, once they understand this Mighty Truth, Its Simplicity and Great Reality, will be so ready to give assistance for the freedom of mankind in America. Watch it! And please remember, Dear Ones, that no human, discordant thing has any longer any power to obstruct the way of the Light of the "Mighty I AM Presence." Anyone who tries it, is but just childish and foolish. While they will reap great unhappiness and misery through it, yet it has no power to obstruct anything in the way of the great Onrush of this Mighty Light.

Those unfortunate individuals who have viciously sought to intrude upon this Great Light are unfortunate indeed! It is very unfortunate for them. Those individuals who have sought to put forth vicious falsehood against this Beloved Messenger, God alone help them. I say to you, better had they never been

born in this embodiment, than to spread falsehood against him. Watch them! You or I could not wish anything upon them which will not be theirs. The unfortunate thing is that some of mankind cannot yet understand that what they sow they must reap. Now in the Understanding of the "Mighty I AM Presence," the "I AM" Students have all Power to protect themselves. Whoever sends discord to the "I AM" Students must feel its return to act upon the sender. It seems pitiful that they do not understand.

It is the same way in America. I am drawing this picture for you that you may understand it is the same with individuals as it is with America today. Those who would practice deceit to bring in certain activities for the longer binding of America, have no power! Those individuals must reap that which they would impose upon humanity. Do you not see the Eternal Blessing which has come to mankind in the Understanding of their "Mighty I AM Presence"?

Dear Hearts, be assured you are not dealing with an uncertainty! You Beloved Students who have been so earnest and may not yet have the results you would like, I plead with you, do not be discouraged. Go on and on and on in your Mighty Application, and you cannot fail! One day you will find that wall of human creation go down. You will look through and see the Great Light which is yours. You will know then that your earnest efforts have not been in vain.

No one's earnest efforts can ever be in vain in the Acknowledgment of that "Mighty I AM Presence." Today, Beloved Ones, be reassured. Go forward in your Application of the "Mighty I AM Presence." It cannot fail! And if it seems not to have produced results as quickly as you require, call the "Presence" to cleanse your feeling world of every discordant thing which may be there preventing your Application having Instantaneous Answer.

My Joy is boundless today to find before Me you who have such great strength, and whose Mighty Light will blaze forth Its Glory and give whatever Assistance is required to bring forth this Great Perfection in the World. Do not accept reports, I plead with you, Dear Ones, in the newspapers or otherwise. Do not accept any report that is less than Perfection which comes forth to your ears or your eyes. Every time a report of limitation, distress, or a disturbing thing comes, still yourself for an instant and say: " 'Mighty I AM Presence,' I refuse acceptance of that into my world or America! Take it out! Stop it forever! And do not let it occur again." You Precious Ones, if you will do that individually as you become aware of these things, oh, how quickly will they cease to act in your minds, your city, or your country.

Need I stress again to you today, how, when you issue these Decrees, they go forth into the feeling and mental world of mankind, with a Power far

beyond your conception in the outer! Do not limit your Call. Just feel and know it is going forth to the very limits of America and the Universe to do its Perfect Work. The mental world of mankind is one! The feeling world of mankind is one! Do you not see how the human cannot have power to limit your activity?

Dear Hearts, from today forth, enter into the full feeling of the Power of your "Mighty I AM Presence," to go forth at your Call and do Its Perfect Work. You physically do not do that, but your Call does release the Power of the "Presence." It matters not whether your physical body is strong or so-called less strong. You blessed ladies, who represent the feeling world of the Earth, do not ever feel that you are too frail to issue these Decrees and have the most wonderful results.

Beloved Ones, may I say this to you today? We look into the atmosphere of Earth and see in the social world, which has been taught through habit to waste long hours in playing bridge and such various activities. Think, Precious Ones, what those hours spent calling forth the Perfection of the "Presence" into their own world and America would mean! Is it not curious how mankind has sought through habit–oh God!–to kill time? Think of it! Think of the millions of times that expression has been used, "Oh, I want to just kill time." Precious Ones, if you have ever uttered

those words, please do not utter them again. Words are cups that carry the qualities which you express.

When We focus the Mighty Rays of Light and look upon the Earth from Our own Octave of Light, We have seen the great waste of time–human beings actually doing what their words express–"killing time." It means that you are depriving yourself of the time allotted to you here on Earth to produce Perfection in your world.

Today, Dear Ones, do not ever become weary of giving your attention to your "Presence," which can only produce Perfection in your world. I have noticed several instances among the Students of America today, since I came into the Earth's atmosphere this morning, about which I wish to warn you. I plead with you, do not let individuals who have fanatical inclinations and go off on a tangent, affect you, Dear Ones. This Good Messenger had a letter recently wherein a lady was in distress and had become a fanatic through a discarnate, because she could not call forth the Light as quickly as she wished, and she became distressed. Just because individuals who have been fanatical over all kinds of things in the past come into the "I AM" Study, and those old creations are still hanging around them, there is no reason for blaming this Glorious Presence of Light, the "Mighty I AM," for the reactions of their own mistakes of the past.

Now Dear Ones, when the Blessed Ones have understood the Instructions given, there is no excuse for those things. It is no fault of the Instruction of the "I AM." It is the fault of the human who requalifies Life's Energy, or some discarnate disturbing them.

Dear Hearts, here is one word I wish to offer you today in regard to the dismissal of discarnates. When you issue a Decree for the dismissal of a disembodied entity, do not let your feelings ever, even once again, feel that it has not been done. That is what is the matter with people who call for a discarnate to be removed. They feel it is still there. They may not know this in their outward feeling. For instance, at your Call every discarnate will be removed from within and about you. Do you realize, Precious Ones, when you call the Angels of Blue Lightning to take out of your world the discarnates, it is a Law that has to act instantly, and it cannot fail to produce results?

If the aftereffect still remains in the consciousness of the individual, then you who might see that, make the Call to the "Presence" to take out of that consciousness any remaining feeling which might be there. Then you will give great assistance to the individual who may have had a reaction to it through habit in the feeling.

Remember, in your Application there is not one

particle of it can fail, ever. While I am speaking to you, I am charging your feeling world with the Activity which gives you the Perfect Confidence, the Perfect Assurance that when you make Application, it must manifest. This is the power and certainty I want every one of you precious ones to feel, because there is no need of your going on longer when you can be free in one mighty sweep.

Just as it is with this Good Messenger–the difference between his Application ten years ago and today–it is as different as Light and darkness, because now he has gained the full confidence and power of conviction that when he issues a Decree, it is done. It must be, because he does nothing to reverse it; and you must do the same thing! Many of you are.

From today forth, the Students in southern California, and even those who are not here, are feeling this Charge into their worlds, because Our Ability is not limited to those present. Oh, that you might understand, Beloved Ones, how limitless is the Power of an Ascended Being or a Cosmic Being to act in the world of human affairs. There is no limit to the number of individuals one can reach. There is no limit to Our Power of Assistance, according to the acceptance of the individual.

Sometimes individuals who want so much to accept, still have a feeling within them that they

cannot quite do it. Again you have the unbalance, shall We call it, of the intellect and the feeling. The intellect says, "I want to accept," but the feeling does not quite do it. Then say: " 'Mighty I AM Presence,' You take this resistance out of my feeling. Make it receptive to that which I want to express." Then do you see how simple is the complete regulation of your feeling world for that which you wish to have accomplished?

Do not ever admit for one second that your Application can fail. It cannot do it! Today I want to charge into your world the sure, certain, definite conviction and confidence that when you apply these Great Laws of your "Mighty I AM Presence," there is no such thing as failure possible. It cannot be! Then you will find, as in one thing after another you gain the Victory, shortly everything goes down which has limited you; and you stand forth a Being of Light and Freedom, even in the physical world of mankind.

May I call your attention today to that which you call physical? Do you know really there is no physical world, as you call it? I will explain to you why. The Light within every cell of your body, which is the Light Pattern, is the Limitless "Mighty I AM Presence." Therefore, Dear Hearts, that which you clothe those Great Points of Light with, is of human creation and is that which the world, the outer world, has been

calling the physical world. Now do you not see how, in the acceptance of your "Mighty I AM Presence," you are accepting the Light Pattern of your physical body which has no imperfection in It?

As your attention is kept on the "Presence," the Light expands; and the human, the clothing or density with which you have clothed It, steadily and surely dissolves and disappears. It is a Law of Life! It is not a matter of someone's belief. It is a Law of Life–your Life and all Life! It is the same way with all Life in Nature. As individuals among mankind accept the "Mighty I AM Presence" and call It into action to produce Perfection in their lives and world, all Nature must also take on the Perfection which mankind has called forth. That is why you will find such great changes taking place in Nature. There will be greater beauty and greater distribution of moisture throughout the Earth, and balance all that kind of thing. It will be quite noticeable after the seventh of April.

Now, Dear Ones, mankind has always sought some Manifestation to prove the Existence, the Authority, if you please, of these Great Cosmic Beings, the Ascended Masters, the Great Legion of Light, and all those Great Beings who have ministered so long to the Earth. Well, there are constant Manifestations, but people do not accept Them. They do not accept the Reality of Them–but instead, use every excuse to

keep from acknowledging this Mighty Law of Life, and when something occurs, say it just happened. Now for instance, when the Messengers were in Dallas, a Great Manifestation of Light occurred and dozens of people saw It; but the most of them said, "Well, I think that must have occurred from something outside." You see, humanity is held in its own ignorance because of the great doubts and fears which have accumulated in the mental and feeling world of mankind. Until humanity will take the determined stand to acknowledge this Light of the "Mighty I AM Presence," it will continue in the bondage of its own doubts and fears. You had better make a mistake a few times in accepting a thing as an Inner Activity and find it was of the outer activity, than once fail to acknowledge and receive an Inner Manifestation of the Real! I do not mean you must be gullible, not at all; but unless you get into the habit of accepting these Great Cosmic Manifestations and these Great Inner Powers, how in the world will you have the manifestation of Them?

Your attention is the powerhouse in accepting these things. Your Power of Qualification is acting all the time; and if you do not begin to accept these Greater Activities, how can you have Them manifest in your Life? The power of acceptance is a tremendous thing, as well as is your attention; but if you will give your attention earnestly to your "Presence," you will

receive individually all the Manifestation you require–peacefully, gently, and in small ways. Then surely will come forth the great Manifestations which will clear forever all doubt from your being.

So, Dear Ones, I want you today to feel that you are no longer bound in any way. Do not fail *ever*, Dear Ones, before you retire at night–please, I plead with you–call on the Law of Forgiveness for any mistakes you have ever made; whether you know of them or not makes no difference. Then say: " 'Mighty I AM Presence,' charge my world with Your Wondrous Perfection. While this body sleeps, through my Higher Mental Body pour forth such Mighty Rays and Radiance of Light into my world, that every human creation and discordant thing there is dissolved forever!"

Precious Ones, you do not yet have but a fragmentary realization of what you could do. You are really God Beings and, once you really feel that, can experience your full Freedom.

Now We are going to take up more definitely how, during sleep, you can charge your Higher Mental Body to act–or charge your "Presence" to act through your Higher Mental Body–to cleanse, purify, and set things in order in your world, in your home, or wherever it is necessary. Do you not see, Precious Ones, that while your body sleeps there are no doubts, fears, or resistance acting within your human self?

When you charge your "Presence," through your Higher Mental Body, to act while your body sleeps, ofttimes you will awaken in the morning with a Perfect Glory blazing through you during the day and flowing out into your world.

You must see, Precious Ones, that the only obstruction that exists in your world today is in your waking state, through your feeling–accumulated feeling which We call human creation. Now then, do you not see, Dear Ones, step by step We find you ready to take hold of your Dominion with a firmer grasp, in the Acknowledgment of your "Presence"? Soon, Precious Ones, you must be wholly free from everything that binds you, even in the world of human activity. After all, as the dissolving of your human takes place, you act in a world no longer human, but Divine; and that Divine Activity will become your world of action in the years ahead of you. When the fullness of the Golden Age has come in, then you will no longer be acting through the human but only the Divine in you, which is your "Mighty I AM Presence."

Now notice: Why do I call your attention to this Higher Activity today? Because the Heart in your human body represents your "Mighty I AM Presence" in action right here–the same as America is the Heart of the World, the Earth. So your Heart is the Anchorage and Activity of your "Mighty I AM

Presence," right here in your physical form. Now let us feel this very powerfully, and no longer accept that any other power can act but the Light right here from your "Mighty I AM Presence."

Students have so often asked, when contemplating old terminology, "Why is it so necessary not to mix this with other teaching?" This is why I said to you, Dear Hearts, who have studied occult and various forms of metaphysics, to put aside everything else you ever studied. Please do not intrude old terminology into this. Just take this in the simplicity and the clearness with which Saint Germain has brought It forth; and know that right here [pointing to the Heart] is my "Mighty I AM Presence" in action–right here. Then do you not see the feeling of health, perfecting of conditions, or anything you require is right here in your Heart, ready to act and produce that which you require? If you will think of It in that way, you will see how much more powerful It is. While it is true that the greater part of your "Mighty I AM Presence" is above you, yet this part of you is anchored right here in your Heart; and as you give attention to It, this part expands until in one sweep all can be dissolved which has been limiting or discordant.

Do not limit your ability to call your "Presence" into action with such intensity that all things are quickly dissolved which are less than Perfection.

See! The reason I am saying this today is that so many times the Students write the Messengers and say: "Well, I know what you are going to tell me, but I do not quite feel I have the ability you have to call the 'Presence' into action." Well, that really is not the case. You do have the ability, only you just do not think so, you see? As long as you put it off for somebody else to call your "Presence" into action, just that much longer you are depriving yourself of the quick freedom you would have in your own determined Call to the "Presence."

Now notice, Precious Ones! Your determination is the Activity of the Inner Will of the "Mighty I AM Presence." Therefore in your Call you do not have to tear your hair out, you know; but call with firm determination, and accept in your feelings that your "Mighty I AM Presence" answers this right now. In a little while you will gain such Victory and confidence that every time you make a Call, within a few hours, a day or two, the Answer will be there. We have the proof of it constantly.

In the activity of the Messenger here, it has been so very marked. Oh, I assure you, he was more timid than most of you. When this Transformation has taken place in his Life, then there is not one of you that cannot have equally as great Accomplishment; but remember his willing, absolute willing Obedience has been the great and quick Victory for him.

Notice, Precious Ones–you know how mankind does overlook things. The Great Divine Director, Jesus, and Saint Germain have asked the Students to live according to the Group regulations. Yet again, again, and again, they come back and say, "Well, I wonder if I could not do this?" Notice the Obedience of this Good Messenger. He never questions. When They ask him to do a certain thing, he forgets everything else and does the thing They require. If the beloved Students would just do that joyously and willingly, they would see such manifestations; but as long as they want to intrude their own ideas, they are not obedient. They do not always know this–and it is not criticism, but We must explain it in the endeavor to correct the feeling which is acting within some individuals. Now, Saint Germain's Work explains Itself absolutely! Yet individuals feel that they can add to It and give a clearer explanation. It is a funny thing, is it not? They are perfectly sincere; but it is the habit of the human to feel that it understands a little better than the other fellow and can give a little clearer explanation. You see? Well, sometimes it does seem to be so; but after all, Dear Hearts, you cannot live the Life of the other individual. Make them do some work! You know the human always wants to lie down on the job and "let George do it"; but you will find, Precious Ones, you cannot do that. When you come to a certain

point, you must buckle on your armor and get busy in your application. Then you will quickly be free.

My Joy is so great for this opportunity of speaking to you Heart to Heart; for these are, oh, so real–how real, Precious Ones, are these Heart-to-Heart talks. Only in time to come will you realize how truly they are Heart-to-Heart talks, because My Heart is acting within yours while you are here today. Oh, is it not a wonderful thing to feel the Heartthrob of your blessed Hearts–notice, the Hearts of the "Mighty I AM Presence"! That Heart in you is not yours! Did you ever think about that? It is the Heart of your "Mighty I AM Presence." Yet some of you think you have Heart trouble. Is it not comical what the human will do? Now in the future, I know every precious one of you will never again think of yourself, your outer self, that you do not think of your Heart as the Heart of the "Mighty I AM Presence." That is true, absolutely true! It is not your Heart. *I mean that!* You think it belongs to you; but it is that which gives you Life and therefore belongs to the "Presence."

Now then! Now then, watch out here! We are getting down now to definite things. You accept that this is the Heart of your "Mighty I AM Presence." Then let us go a little farther. Within are the points of Light in every cell of your body which have to come from the Heart. Then that also belongs to your

"Mighty I AM Presence," does it not? Now look out! Then, what is there left that does not belong to your "Presence"? Just this covering with which you have clothed those Points of Light–the cells of your body.

You do not quite yet realize it, but those cells of your body would respond to you instantly if you would only realize it. They would absolutely obey you as quick as a flash if you only had the confidence that they would do it. It is because you have so long forgotten you are Master of your body, that the cells say, "Oh, I have got something to say about this!" But they really have not–they are just putting it over on you, they are running a bluff on you. You notice, I am getting very like you in My Expressions, but I want you to feel how close We are to you. Do you think it any disgrace if We use your expressions? If you do, why can We not? I want you to *feel* We are not far off, for We are going to make you *feel* that We are the Reality before We get through. I rejoice today to see in your Hearts the wonderful acceptance of Our Reality, more and still more than has ever been there before; and you know what that means? It means more and more quickly you go forth into Absolute Freedom from all limitations of every kind.

Oh, just feel now as I draw, or cause the Messenger to draw, his hand over his body, will you just *feel* this now? Let Me give you this Assistance, will you not?

" 'Mighty I AM Presence,' sweep out of everyone every limiting discordant thing! Consume it in the Violet Consuming Flame this instant! And set each one free in the clear comprehension and feeling of his own 'Mighty I AM Presence' as the only Activity within his human form or world." Again: " 'Mighty I AM Presence!' Sweep out of these human forms every limiting, discordant thing! Quickly dissolve and consume all discord in the Violet Consuming Flame!"

" 'Mighty I AM Presence,' sweep through each human form! Sweep out every imperfection and every limitation that is within each one's consciousness! Replace this by the Ascended Masters' Substance and Intelligence to act there with full Power henceforth, to produce quickly the Mighty Manifestations of the 'Mighty I AM Presence' when called into Action. Hold Thy Dominion in the feeling world and give everyone this Mighty Confidence in their 'Mighty I AM Presence,' Its full Power and Ability to do everything they ask It to do which is constructive!" No Student of the "I AM" would ask his "Presence" to do anything that was not constructive; and if they do, the "Presence" would not do it. Therefore, when We call the "Presence" into Action, We take it for granted that all want only constructive activity. Therefore, We bring into action today this Activity of the "Mighty I AM Presence" released within the Heart of the individual, to expand throughout the

body quickly, expand throughout the home and world of activity, and to take command and hold Its Dominion there. Will you, every one, accept that and feel It henceforth all-powerfully active?

I extend to you the Greetings of the Great Host of Ascended Masters, the Mighty Legion of Light, the Great Angelic Host, the Great Angel Devas, Gods of the Mountains, the God of Gold, and the God of Light! In every age wherein great Perfection has reigned, gold has been in generous use because it is Pure, Life-giving Energy. Again mankind will come to use it freely in beautifying and decorating their buildings and homes.

Today let us accept forever all that is required, whether it be money, confidence, courage, happiness–whatever it may be! Let us accept the fullness of the "Mighty I AM Presence" flooding our world with it. It is for the use of all, Beloved Ones. You cannot be limited in the Acknowledgment of your "Presence"; whether it be money you require, courage, confidence, Life, health, or strength–it is there. Think of it! Does that sound like a paradox?

In your Heart is all the gold you require for use. Do you realize, Precious Ones, there are three activities of gold? The metallic gold that you find in the Earth, the liquified gold that has often been used in a very wondrous manner in those former days of Perfection, and then the Essence of Gold which is your Life.

I venture, earnest as you are, perhaps not a single one of you has realized when We ask you to flood yourself with the Golden Light, that It is the Essence from which metallic gold comes. Think of it! Think of it! You are using gold in its three activities; and then mankind will take each others' lives for a few dollars of gold–when they are filled with it all the time! Perhaps these individuals have not quite so much of it, but still they have some.

I rejoice, Precious Ones, that you go forth different beings today, glorified with so much greater courage and confidence in your Application, in your ability, in your feeling that every limitation is absolutely gone down before you, and your pathway is one of Wondrous Light in which there is no human obstruction. Will you not feel that and picture it before you? If there is any shadow attempts to come into that Light, say: "Oh, no you don't; you are finished! I walk in this Pathway of my 'Mighty I AM Presence,' and there is no human creation of mine or anybody else's that is going to enter into that again." Use your determination again! Will you not do that for Me? For yourself?

My Joy is boundless for this humble Service which it has been My privilege to render today. Carry It with you always into your Full Victory. Then one day when We meet in that Great Octave of Light–you, free Ascended Beings–then I shall shake your hand

and welcome you there! Until then, We shall often hold your hand in the closing pilgrimage upon Earth for you, and give you, through Our Radiation, that Freedom, Courage, and Confidence of your Victory; for God, the "Mighty I AM Presence" in you, is your Certain Victory always. I thank you.

MRS. RAYBORN'S DISCOURSE

WOODARDS' GROUP – LOS ANGELES, CALIFORNIA
March 21, 1937

– Afternoon –

BELOVED Students of the Light, you who have read *Unveiled Mysteries, The Magic Presence*–those Books of the experience of this Good Messenger–will need no introduction to Myself. You know that at the time of My Ascension, not a single thing of this kind in the Western World had yet been made public. Even My own beloved family thought I was still in the tomb, after the Beloved Saint Germain had released Me from it. It was a very wonderful thing.

Today will you bear with Me, because this is the day of the Ascension Work for these Beloved Ones who are conducting this Class. I want to bring this to your notice and show you how this beloved one had arranged today really for My coming. She might not have known it, yet it was done–just the same as Mr. Frank Lanning unknowingly prepared the way for the Mighty Arcturus.

Now Dear Ones, the Ascension is so practical. When My body lay first in the home and then in the receptacle which had been prepared for it, I was free

from that body, discussing with Saint Germain the plans for My Ascension. Please feel, as I speak these Words to you, the Reality of My own Experience; for It will carry into your feeling world the conviction of how practical and how real the Ascension is. That must one day be achieved by every human being on Earth. It is not a matter of your choice, Beloved Ones; but the Eternal Victory over the conditions of the Earth comes finally through the Ascension.

Now there are many, many among the "I AM" Students in America today who can make that same Ascension which I did, in this embodiment. Why do you suppose this Good Messenger was brought to the Cave of Symbols, permitted to witness these Transcendent Activities and to assist in one? So he might carry back to mankind the feeling of that True Reality. Jesus, the Beloved One, conveyed It to mankind two thousand years ago or more; but who believed It? Now in our Western World, our Beloved America, there has come the same proof to mankind. Today there will be further proof, because the time is not far distant when a number of the Ascended Masters will come and make Their Bodies, Their Ascended Bodies, tangible to you so that all may see and know the Truth of which the Messengers have spoken.

Now then, in My Endeavor to convey into your feeling world the Reality which I know to be, will

you through your feeling accept this–the Radiation which My Words, as Cups, carry to you? Accept It! and allow It to do Its Perfect Work within your mind and body.

Believe Me, Beloved Ones, when I say that the sense of years over your head really makes no difference. You do not know what your "Mighty I AM Presence" can do for you. Please do not limit It. I know how I had limited Myself, believing I was entering so-called death. Yet there is no such thing in the Universe as death, oh, Beloved Ones! I say this to you precious ones with the silver hair: There is no death, never was, and never can be. It is true individuals cast off their bodies, but you are more alive then than you are in the limited body.

Now this Great Blessing which has come to mankind through the Beloved Saint Germain is giving humanity the full conscious conviction of their own ability to enter into the Ascended Masters' State of Eternal Freedom. Let Me say for your great strength and encouragement that in the interim when I lost consciousness for a few moments in the outer, and then became vividly conscious in My Higher Mental Body, it was a state of consciousness never to be forgotten. I thought it was a long time. Yet I was only a few moments entering from the state of outer consciousness into the full Consciousness of My Higher Mental Body–notice this–in which I was able

to give Saint Germain the assistance He required in enabling Me to make My Ascension. Saint Germain could not make that Ascension for Me; but He, in the unlimited Activity of My Higher Mental Body, taught Me how to release the Currents of Energy quickly from My "Presence," which did the work of refining the part of My physical body which it was necessary to raise into My Higher Mental Body.

Thus We become the Ascended Being. Remember it is the refined part of your physical bodies that Ascends and is absorbed into your Higher Mental Body. At this point, the Transformation from the human into the Divine takes place! All appearance of age leaves your body and the garments you are wearing dissolve into the Garments of the Higher Octave. Then as the Great Ray of Light and Energy descends from the "Mighty I AM Presence," the refined part of your physical body–and mark you, there is nothing left behind–the refined part of your physical body Ascends. It is absorbed into your Higher Mental Body. It Ascends on this Ray of Light from your "Presence" and is absorbed into the Electronic Body of your "Mighty I AM Presence." Then you become the Ascended Being, such as I am today, as Jesus, Saint Germain, and hundreds of other Ascended Beings are.

There is only one Process, Beloved Ones, by which this is accomplished. I have given you the exact

Explanation, as the Messenger has and always does in the Classes. Feel how practical this is and that It is within your reach. Oh, do not let the matter of years interfere with your feeling of the full consciousness of your ability to have this Victory. Do you see now the Beauty of that which Saint Germain has brought forth? We have all used this same Application to accomplish the end of this human pilgrimage, which is the Ascension. Please feel that your human no longer has power to limit you, even in your comprehension of these simple yet majestic Truths. Feel now that the Ascension is for you!

Returning again to My own Experience: It was made clear to Me how, by directing certain Currents of Energy from My "Presence," I could–instead of releasing Myself from the body–by those Mighty Currents purify that body which lay there apparently helpless, and then raise it into its Eternal Perfection and Activity.

Precious Ones, the day you experience that, it will never be forgotten in Eternity. Oh, the thrill of the Victory when you begin to see the change through the Rays! In My case, I was in My Higher Mental Body pouring these Rays forth on the body which I thought, as the outer memory closed and the Inner began, I was leaving behind. As I turned and from the Higher Mental Body began to project those Rays, I watched in every cell of that body

the change which took place. I watched the Light renewing it and installing or expanding the Life, the Light within each cell; and I watched the density with which I had clothed it dissolve. Then to see that body raise and come to Me! Thank you for feeling that so vividly. I feel greatly rejoiced that you can feel the Reality which I wish to convey to you. It will always remain, Beloved Ones, within your feeling world, and I greatly appreciate it.

My humble Efforts today will not have been in vain, for I rejoice that so many of you can accept It fully! Allow It to become active in your Life to do Its Perfect Work in your body.

The Great Ascended Masters assisting and the Beloved Saint Germain, who has such Courage, brought forth this Work and stood guard over It until now. It is expanding the Light in these Groups, which this Beloved Messenger has found he could come to and voice Our Wishes to you. Far more than that, It carries into your feeling world the Reality which We know to be for your Blessing.

So in this Activity today there is another great step of Achievement. Do you wonder, you who are so greatly in earnest, why certain Ones of the Ascended Masters are using this opportunity to dictate and convey Their Wishes to you? Because a very definite, powerful Accomplishment is being set into action within you for your Victory.

When this Class at the Pan Pacific Auditorium is completed, there will be hundreds of you precious ones who will not again know limitations. Oh, I rejoice so greatly!

At the time I returned and sang in the Ascended Body, as described in *The Magic Presence,* you could never know the Joy, the "thrill" as you express it, which filled My Being in again being able to stand forth visible and tangible in the limitless Power of the Voice of My "Mighty I AM Presence." Today there are hundreds of the blessed, beloved "I AM" Students who are beginning to sing with that Inner Voice. Oh, that suddenly all human sense of limitation might be removed, so you could *feel* the full Glory of your "Mighty I AM Presence" as It stands ready to pour forth through your Heart Its Wondrous Glory! Your Heart is the Heart of the "Mighty I AM Presence"– Its Anchorage within your human form.

May I say to you, as the Great Arcturus said today, "Your Heart is not *your* Heart, but the Heart of the 'Mighty I AM Presence.' " How well I found that out when I saw that through my human Heart in the form which lay there seemingly helpless, I could restore, purify it quickly, and raise it into Eternal Freedom. I am using that same purified Ascended Body today and always shall. You do not, after you have made the Ascension in this manner, ever return into human embodiment again. It is

not necessary! Your pilgrimage on Earth is finished, but you can come and make that body tangible and visible at will in the octave of Earth. You can render a Service indescribable and inconceivable to the one not yet having attained.

Today My Joy is very great in being able to convey into your feeling world the Reality of this which I am describing to you of My own Experience. Why do I speak of Myself? Because I can thus convey to you the True Feeling I had at the time of the Accomplishment.

Now you will go forward in the deeper and deeper Understanding of your "Mighty I AM Presence." You will be more conscious of your ability to call It forth much more powerfully each day. Know that your Application cannot fail when you call your "Mighty I AM Presence" into Action. The Power of the Universe surges into action to fulfill your requirement! It knows no interference or resistance. Then you realize your part is to keep your feeling world harmonious until the "Presence" can do the thing for which you have called. In that, you know positively It cannot fail. As you gain this confidence, you will go from one wondrous Victory to another, and with very great speed.

When I saw the distress within My loved ones who had been left behind, I said to Saint Germain, "Is there not some way We can alleviate that?"

He said, "Oh, yes." Then, We went into the home where My blessed family were together. He showed Me how to release peace and rest through the Power of Radiation to the family, and quickly they became adjusted.

Then shortly after, when Saint Germain one day said to Me (I had not yet discovered this Myself), "Great Joy is in store for you," I asked, "Just what do you mean?" And He replied, "There is going to be another Ascension in your family," and I exclaimed, "Can you mean it?" Then He showed Me how it was to be accomplished, and My Rejoicing knew no bounds. During that Accomplishment, I went with Saint Germain to the Cave of Symbols. There in the tangible, visible Body, I held My own two beloved children in My Fond Embrace. Again, can you not imagine, can you not feel even now as I speak, Our great Rejoicing?

Oh, there is no experience of grief, Dear Hearts. That is only what the human has conceived and made real to the outer consciousness. Today, this great Infinite Knowledge and Understanding is being made real, simple, and plain to beloved humanity. Our Love is so great for you. Having gone the way and knowing how wonderful is the Achievement, do you think We could ever rest until you too were all Ascended into the same Great Freedom? Oh, no! No one who has accomplished the Great Victory feels

satisfied until all of those blessed ones following on have also achieved this same Great Victory.

The Mighty Divine Director and the other Blessed Ones who have come forth have charged into the feeling world of mankind these Great Qualities. They always see within your world the Assistance which They can give, of which you are not yet aware. How you will thank the Messengers one day, when with that clear Inner Vision you see what their great courageous effort has been to bring Saint Germain's Freedom and Blessing to mankind. There is no Rejoicing in the whole Universe so great.

So, step by step, Beloved Ones, with all the Power the Law of your being permits, We are conveying steadily and surely into your feeling world that which will be your certain, complete and–We hope–quick Victory. It will be rapid to the degree that you will, through your feeling world, say to all limiting discordant appearances, "You have no power!" and really feel that is true. Then as you call your "Mighty Presence" into action to perform any given Service, you will find that the Intelligent Energy of your "Presence" will act with tremendously greater Power and Speed, because there is no feeling within you to obstruct the way. Your discordant feeling is the only thing in the whole Universe, so far as your world is concerned, that can obstruct your way. You see, within you is the Victory or the failure.

Here is the great encouragement in the Understanding, Activity, and acceptance of your "Mighty I AM Presence" today. Let us take for an example one who only partially feels the Reality of his own "Mighty I AM Presence." One day he thinks, "I believe that is true"–and tomorrow, "I am not so sure about it." That person is wavering and will not have the quick Victory. Suppose he says, "I know that 'Presence' is there, and nothing shall take that away from me." Then he enters into a positive state, and he will receive the Power more quickly. With the one who has been wavering, once he has contemplated the Chart, the Heart knows Its Reality. If he does not gain the Victory in this embodiment, then he certainly will in the next.

This is the beauty, the wonder of this Understanding of your "Presence." Whatever you do not gain in this embodiment–when you go forth free from the body, you will carry with you clearly and vividly all you have gained in the Understanding of your "Mighty I AM Presence." Then when you have cast off the body, you stand free. Thus, the Ascended Masters will take you into Their Octave of Light. They will complete the full feeling within you of your Reality and the Victory. When you come back into your next embodiment, you will quickly gain your Victory and the Ascension. That is why, Precious Ones, this Understanding is so powerful and far-reaching. Every step you gain in

the Acknowledgment of your "Presence" is Eternal. You never lose it! Nor can you ever forget it–I mean within your feeling world.

You know, the intellect is a very curious actor. It jumps from place to place out here and only judges from the appearances; but the Heart stands steady and firm. *It knows!* It never jumps from one thing to the other. It is always accepting the "Mighty I AM Presence"; but the intellect, through its ability to judge from partial information, makes constant mistakes. It says to the Heart, "Oh no, no! These things cannot be true." But the Heart goes serenely on, ignoring its attitude, knowing some day, somewhere, that intellect will have to subside and give obedience to the "Presence." That allows the Power of the Heart to act in Its Fullness. Then comes the Freedom! Then comes the Joy which fills the Hearts of all mankind.

Our precious Lady Betty is having a day of real work, but how she is being blessed in that work. I want her, Lady Betty, to know how joyously We have stood guard to give her Assistance to her Complete Victory. She is winning It in a wonderful manner. Her wonderful, limitless service in the Staff has been so beautiful. You precious ones in your way too are winning that Great Victory.

Our Blessed "Little Dynamite," as some of the Students have come to call the Blessed Messenger Mrs. Ballard–how We love her! You cannot

imagine, Precious Ones, that dauntless, limitless, courageous Service which she is rendering–working all day and all night in getting the things ready that give you Blessing and Freedom. Even today, when she would so love to be present, she is working on the Decree Book to have those Decrees ready for you, to help you all possible to your Freedom.

Oh, We want you to know, Blessed Ones, how We love you; how the Messengers and the Staff love you; how grateful is Our Love to you for your love which you pour out to the Messengers and Ourselves. You have heard the Statement so often: " 'I AM' the Open Door which no man can shut." Do you know what that really means? Your outpouring of love is the Open Door, because that Love comes from your "Mighty I AM Presence." Your outpouring of love is the Open Door which no man can shut; for it keeps you a pure, open channel for the Glorious Radiance and Energy from your "Presence" to pour forth to bless you.

In closing, let Me say to you: do not accept, Precious Ones, ever again the lack of energy in your bodies. Do not do that! It is only your human concept which limits you. Oh, just like that [wave of hand], burst every human thing that is binding you! Allow the Great Energy from the "Presence" to flow through–and It will at your Call. Try it! Say: " 'Mighty I AM Presence!' Charge my mind and

body with Your Limitless Energy, with Your Perfect Health! You are the Perfect Action of my body, 'Mighty I AM Presence'–I had forgotten that; but now, since I know it, I will not accept anything else into my world but Your Perfect Activity." If one has a sense of age, it will quickly disappear. You would feel the joyous activity of a young girl. It is possible for you to do that and quickly! The gentlemen may do the same!

Do you remember the old Statement Our Blessed One made: "Except ye become as little children, ye cannot enter the Kingdom"? Do you not see, Precious Ones, what is meant by that? As you become consciously aware of your "Presence" and are able to release Its Energy at your Call–the Limitless Energy from your "Presence"–do you not see that you have youth and freedom of action? Although you are grown in form, you are as little children in the activity of your freedom and the alertness of your intellect. This is a very wonderful thing. It is here for the use of all who really accept it.

Saint Germain, the Great Master from Venus, Nada, the Divine Director, and I have recently discussed this very Activity. We are trusting that the Great Cosmic Law will permit certain things to be done for certain of the "I AM" Students, to be an example for the rest. That which I referred to above is one of them. We may take one who shows the appearance

of perhaps sixty years–you know that is quite young these days. Then We would quickly bring about the Transformation of Eternal Youth in appearance as well as activity, that mankind may see the result of the Power of their "Presence" and what It can do for them. A few examples of that kind, I am sure, would be absolute and complete liberation of mankind. There will no doubt be many things done which will give the evidence.

You know the human. Oh, it wants evidence so much, and yet within its own human form is the greatest evidence of the Universe. The very anchorage of Life in the human form is the greatest proof possible. There could be no greater evidence, if individuals but knew it; but still there are being planned many things for humanity which will more quickly enable them to accept the great Outpouring from the "Presence" and give them the quick Victory.

I rejoice in this opportunity, in My humble way, to give Assistance to you today. I thank the beloved sister Mrs. Woodard for the opportunity of expressing My Wishes; to you, Precious Ones, for being able to accept it, for I am so rejoiced at the great acceptance you have been able to feel of My humble Efforts. Will you not carry this with you constantly–My Feeling, My Presence of your Victory?

Think of it! Only very recently, Dear Hearts, was My Victory accomplished–only just a few years ago.

Think of it! It is not from some far-off age that I come to tell you of My Victory. The Beloved Saint Germain invited Me to come, because in so recent an Achievement He says He thinks I can convey more quickly and clearly into your feeling world that which is your Victory, because it was Mine also. Today, I rejoice with all My Heart, and I shall have to stop or our Beloved Lady Betty will run out of books.

We just love you with a Love that is a Mighty Dissolving Activity, dissolving every imperfection which has existed in your world. Will you not accept It? In the use of the Violet Consuming Flame, call your "Presence" into action to complete the Activity quickly. Then stand forth joyous and free; for God, the "Mighty I AM Presence" in you–in your Heart–is your certain Victory! I thank you.

TALL MASTER FROM VENUS' DISCOURSE

ROGERS' GROUP – LOS ANGELES, CALIFORNIA
March 21, 1937

– Evening –

BELOVED Ones of Earth, how rejoiced We are on Our far distant Planet at the Expansion of your Light on Earth. Do you think it so strange that One might be in your presence from that far distant Planet, Venus? Yet if you consider it for just a moment, to Us who are free of limitations, distance, as you know it, is not considered. I know it is not easy for you to comprehend that just yet, but you will. One day you will understand as clearly as We do how, as you enter into your Freedom which is your "Mighty I AM Presence," you transcend time and space. Then the so-called far distant Planets are so near.

You must realize, Precious Ones, that the Ascended Master, as you have been told many times, does not recognize time–or space. Even this Good Messenger, as he went from place to place with Saint Germain, did not; for they went from one part of the Earth to another in from two to three minutes, in that body which Saint Germain created for his use. Will you try

earnestly not to analyze? Just feel for you there is no longer time nor space. If you can do that, you will enter into your complete Freedom so much more quickly.

Shall I tell you just how I feel tonight? It is as if We were in a great schoolroom and you were having your graduation exercises. That really is true. You are, Beloved Ones of Earth, entering into your Freedom! As I speak these Words tonight, will you be kind enough to accept My Radiance which I pour forth into your feeling world to enable you to feel fully the assurance of that? You are entering now into your full Freedom. I say to you, that no longer can human creations bind you in any way.

Oh, the joy which floods the room as I speak those Words! It shall act with definite Power until you fully realize, feel satisfied, and find manifest in your outer world of activity all the Perfection which is there. We must know that! You beloved ones have been willing and have joyfully entered in to the requirements for this Great Perfection, making a condition for Our Reception which you do not yet comprehend. You will one day know what that means.

We find the Earth ready, willing, and humbly accepting the Great Assistance which the Wondrous Kumaras have so long poured forth in Their Mighty Radiance to the Earth. We, Myself included, are but children in comparison to the Great Kumaras who

came forth so many hundreds of thousands of years ago to assist the Earth and to hold it in balance, until enough of its Children could be raised into Perfection and hold the balance themselves within the Earth. This is being rapidly accomplished now, and ere long Their Work will be finished. When it is, there will be thousands in America who will see Sanat Kumara stand before them in the tangible, visible Body—a Youth as of sixteen summers.

As you were told today, regardless of your silver hair, regardless of your appearance of age that sometimes seems to weigh heavily upon you, if you but realized it, you could shatter all appearances and human accumulation. In a few hours you could stand in Eternal Youth, Beauty, and Perfection. Mankind has forgotten its dominion because individuals have forgotten the Light, the Life, the Intelligence, the Energy which gives them Life, Eternal Youth, and Beauty. Is it not a pity that mankind has forgotten this? Life knows no age! Energy knows no age! Substance knows no age! Then what is it which feels age? Just the limited human concepts, because mankind has forgotten that everyone is really a Divine Being.

Tonight as I speak to you, please feel the Radiance from each Word entering into your being to become all-powerfully Active there, that you may hold the Substance of that which I convey to you all-powerfully Active within you. Oh, Dear Ones, you must realize

that it is not just the Words which We flash before the Messenger which are important. They are but to hold your attention while the great Inner Work is being done. All words are cups carrying certain qualities, but the far greater activity is in the Inner Radiation which goes forth into your world. Is it necessary for Me to remind you tonight that in your Acknowledgment of your "Mighty I AM Presence," all Its Great Activity takes place from within out? Therefore the great accomplishment, and greater percent of it, is accomplished within, before you become aware of it without. Your activity has previously just reversed that. You have tried to act from without in, and of course entered into greater and greater limitations; but when you realize that your Heart is the Presence of the "Mighty I AM" acting within you, then you must know that It would produce Perfection for you if there were not something acting within your feeling world which was clothing It with less than Its full Perfection. Hold close to this now, so you can have forever dismissed from your feeling world everything– so not one thing longer limits you.

We are making a tremendous Effort to free a certain number of mankind for that which is to follow! You beloved ones here, of your own volition have entered into a joyous willingness to make yourselves ready for this. Then you invite Us to come and give every Assistance possible.

To this Beloved Brother We give great, great credit for having been the means of establishing an Activity with such great volume, through which We can do certain things that will not only give yourselves freedom, but will spread the Light forth powerfully to give others freedom. When I say "freedom," I do not mean just one thing, but Complete Freedom from every limiting thing that has ever been in your feeling world or its activity.

You beloved ones who have entered these wondrous closed Groups have entered into a new world. It is also quite wonderful to see those who are really wonderful, sincerely honest with themselves, yet who feel that they are not quite ready to enter this Great Activity. So We bless all and keep on pouring forth Our Encouragement to strengthen them, until they too will feel themselves quite strong enough and ready to enter into the fuller and greater Activity which is their freedom.

I try to find Words to convey My Feeling to you of the Joy I have in coming into your midst and seeing such a great Light within you, for only a few short years ago the atmosphere about you was comparatively dense. In 1900 when We came (unknown to the people of Earth) and looked over humanity, We saw so few whose Light had expanded until It could be amplified to give them strength, courage, and dominion. We found it could not be done then (I am taking you

especially into My Confidence tonight), and We had to withdraw. Then Sanat Kumara said to Us: "The time will come, possibly nearer than you think at present, when You can give the Assistance which is needed." Sure enough, in His Great Wisdom that day has arrived!

Oh, Beloved Children of Earth, you can scarcely comprehend before your Ascension, what you owe to Our Beloved Saint Germain. He has, because of His great Courage, brought this Light and Freedom to you and mankind. Will you remember the description of Him which the Messengers have read to you from the *Fire of Creation?* Read it often, Dear Hearts, and see what a Mighty Being He is from your Earth. Remember, Saint Germain is a product of your Earth; and in spite of all of Us, He had the Conviction, the Courage, the Strength to stand before a great Group of Us and say, "I shall try out that which I feel!"–and His Victory came!

I say this to you tonight, Beloved Ones, because of the many people from the orthodox world who cannot quite understand why Saint Germain should take a place with Jesus. Dear Ones, Jesus is doing His Mighty Work, and so is Saint Germain. As the beloved Charles Sindelar has placed Them hand in hand in the magazine, so do They act for the Children of Earth. Remember that, Dear Hearts! In spite of anyone, Saint Germain must have credit for the Courage which led

Him to try out that which has become a success for mankind in setting individuals free.

Unless you do this, you will but delay your Freedom. Not that He is even interested whether you give Him credit or not; but the Law of your Life and your Earth is that credit must be given where it is due, and an acknowledgment must come forth from mankind for what has been accomplished. That Law of Life for your Earth is irrevocable! It is imperative, because mankind has drawn away from Perfection. Of their own Free Will, all individuals must come back through gratitude and acknowledgment, giving credit to Those who lift them out of the limitations into which they have drawn themselves.

Once you understand clearly these Mighty Fundamentals, then you will enter much more quickly and easily into your Freedom. Think of it, Beloved Children of Earth! In the Assistance which is given you today, the effort of attainment is a thousand percent less than it was at the time Saint Germain and those of Us who are assisting attained Our Freedom and Ascension. Now mark you, that is comparatively recent. Does a few hundred years seem a long time to you? Well, a few thousand years does not seem long to Us. Why does it seem long?

Now, let us come down to your human experiences before you entered into this Understanding of the "Mighty I AM Presence." For a moment remind

yourself of how many times, time–notice–*time* hung heavy upon your hands. You did not know just what to do with yourself. Remember that! Then what happened? You began to conceive ideas to kill time. As the Great One Arcturus mentioned this today, may I repeat it to you again tonight? Do not ever use that word or expression again, "I want to kill time." You want to *transcend* time! Will you be kind enough to use that expression, "I want to *transcend* time"? Do you know that tonight you are really transcending time and space? Why? Because your attention is upon Me. I do not consider time nor space. It no longer exists for Me, and that is why I am here tonight–to help you to more quickly transcend time and space.

Now, what takes place in this Activity? First, you will find yourself doing the outer activities with a greater ease and a speed you had not before thought possible. Then you will find this, that, and the other thing is accomplished quickly. You will find much more time to give to your "Mighty I AM Presence"; and when you do have extra time, please do not spend it in playing bridge and such things. Oh, it is not that We do not want you to be happy–but see what your attention is upon! Do you know what is in your Earth's atmosphere concerning cards, and what your playing cards represent? The element of gambling. That is the general consciousness which

pervades mankind, Dear Ones. Do you want to be a part of that consciousness? There are many other things through which you can have great Happiness. Now do not think that I am trying to take anything away from you of which you are fond. I am just citing to you the Law. We do not urge anyone to follow what We say, but We must cite the Law which is acting within you and your world.

In Our Activity upon Venus, We have the most wonderful rhythm in the dance, and music most exquisite; but never in any of those activities is there a thought of anything but Perfection–for as one enters into that great swing or rhythm of ecstasy and enjoyment, so does one learn to feel the Glories of the Rhythm of the Universe. Ere long, all broken rhythm will disappear from your Earth, for it has brought such distress upon mankind in recent years. It has shattered many hundreds of thousands! It has shattered the emotional bodies until they were unable to gather and hold sufficient cohesive activity to maintain their health. Thus has it shattered the forms, and they are lost so far as use to the individual is concerned.

Do you know why the majority of the savages in the jungle live so short a time? Because of the tom-tom rhythm that is in their jungle activities. Few live past middle age. Now and then one who through the feeling has conceived a certain part of the Law, lives

to be sometimes eighty years old or a little more.

Try to comprehend the difference between that and the former activity. Before the Understanding of the Ascension was brought into the outer world, many, many of mankind maintained Life in the body for two, three, four, five, or six hundred years. The Beloved Cha Ara, who spoke at one of your Groups recently, maintained Life in His Body for five hundred years before He made the Ascension, because He had been One who came into that understanding through the old activity of the occult law, before it was My Privilege to set it aside for the Earth.

You know of the Messenger's unyielding stand on this point and have heard him speak so firmly of that night in the Royal Teton when I issued this Decree for the Earth which has gone forth. That Decree is doing a most wonderful Work for the Earth, and I shall forever bless this Good Messenger for the strength and courage with which he asserted the Cosmic Authority with which I give this forth to so many of mankind. Oh, how greatly We love and give praise and thanks for his courage and strength to go forth and carry this Message which means everything to mankind.

That old occult law had to fade from the Earth because of the wreckage it has wrought in mankind. I tell you, Dear Hearts, it has brought forth greater wreckage into humanity than you will ever know,

because human concepts had crept in from every angle and, ofttimes, it was used to hold fear over mankind instead of to give freedom. Of course some of the occult teachers and students who had done that very thing were fierce in their attitude against this Good Brother, but they could not touch him.

So, Dear Ones, have all the courage in the world in calling your "Mighty I AM Presence" into action. Stand with firm determination by that which you call into action, for there is no means possible by which you can fail–in anything–when you call your "Mighty I AM Presence" into action.

I want to charge into your feeling world My very powerful Conviction that you cannot fail in a single instance, Dear Hearts, in your Application of your "Mighty I AM Presence." You cannot do it! I will not accept failure for any one of mankind! Every one of humanity shall apply this Law of the "Mighty I AM Presence" to their Eternal Freedom. I shall stand by It, for it was decreed that I be that Authority for the Earth; and having sent It forth, I stand back of It and of all of you until you have your Freedom.

There is naught in human creation that shall ever stop your freedom or that shall ever stop the Freedom of America. AMERICA SHALL BE FREE, FOREVER! There is naught in humanity that shall interfere with it. *Remember* all that seems to have such a desire is but an appearance; and you

have been taught to say to all such appearances, "You have no power!"–and they have not!

Oh, Beloved Children of Earth, if once you understand the Authority that you have in all appearances of imperfection or destructive activity, and you say the moment they appear, "You have no power!"–then they have not, for you or your America. Do you not see, Beloved Children of Earth, when you issue that Mighty Decree, the Power of the Universe rushes forward into action to fulfill your requirement because you are calling for the Freedom of America through the Power of the "Mighty I AM Presence," which is a thousand times more powerful than anything that would bring destruction!

See how you have the full Power and Authority in issuing these Decrees, by saying to every appearance–whether it is individual, city, or nation–to every appearance that is less than Divine Justice, "You have no power!" Mean it! Feel it! And let that Mighty Decree go forth doing Its Perfect Work. You are yet, Beloved Ones, only partially aware of the Powerful Good which is in your hands in the acceptance of your "Presence," and in the issuing of these Decrees.

"Decree a thing and it shall be so unto you." Again feel these words: "Your outer determination is the Activity of your Inner Will, the 'Mighty I AM Presence.' " All of you have determination. If you become angry, have you not plenty of determination? You are dauntless for

that moment. Then, that same determination released on the constructive side of your activities becomes many times more powerful, because it is in agreement with the Law of Life. You can generate it and call it forth at will. Do not let your human intellect ever say to you, you cannot do it. *You can,* and you do realize it more each day. Use your determination to hold in obedience everything from your own human intellect, your human creations, or anyone else's, which would attempt to interfere with your Decree. Then you have become the Master of whatever you call forth into manifestation and action.

As you advance, oh, Beloved Ones, in a clearer, more definite understanding of the Power which is within your hands to use, through the Acknowledgment of your "Presence," you cannot make any mistake. There are a few who have tried to interfere with this Law and make false accusations against this Good Brother. They have been foolish enough to think they could, through their "Mighty I AM Presence," bring destruction to him. What nonsense! God help those unfortunate creatures who utter falsehood against his character! We stand back of him! And every human being on the face of this Earth that utters aught against him or his co-worker, shall swallow those words. Mark what I tell you!

Do you think when We have found those who

have been courageous enough to carry forth this Message, and then someone comes along and tries to besmirch their characters, that We shall stand idly by and see it attempted further? I want you to spread this Word to anybody who attempts to fill your mind with such falsehood.

He has been clean and pure enough to be able to receive Dictations from Beings who for thousands of years have been wholly Pure and Perfect. That any creature is so foolish as to attempt to spread falsehood concerning such a one's character is inconceivable. The foolishness of individuals who have once thought that they could bluff mankind into obedience to their nefarious work, proves they have lost their way. No longer does the bluff of human creation affect the Student of the Light! The pitiful thing is that those individuals shall reap the agony of that which they send forth, and nothing can prevent it because they have set it into action themselves.

I want you to know, oh, Beloved Ones, that the Light protects Its own! You are Children of the Light– "the Light of God that never fails!" Through your Call, and the use of the Violet Consuming Flame to keep all creation which has been drawn about you consumed before it finds expression, you will never find anything in the world that can harm you.

Remember, Precious Ones, that anything– accident or otherwise–which happens to an

individual who has come into the Understanding of the "I AM Presence," can only come because there has not been sufficient use of the Violet Consuming Flame to keep the discordant creation–the past creation–dissolved as fast as it comes to the surface. That is the only reason. Now as mankind is coming more and more to understand the imperative need of calling the "Presence" into Action to use the Violet Consuming Flame for them, Students and individuals will always find themselves on guard and protected.

I thank you, Beloved Ones, and in the Great Love of My Being, I pour forth to you your Freedom, your Invincible Protection, your quick journey into Freedom from all limitations–and your Ascension. Will you not accept that from Me? To all, I say, do all your understanding permits to cooperate and have It as quickly as possible. I thank you.

MR. RAYBORN'S DISCOURSE

ANDREW'S 100% GROUP – GLENDALE, CALIFORNIA
March 22, 1937

MOST Beloved Students of the Light and of the "Mighty I AM Presence," I consider it a very great privilege and joy to voice tonight that which has meant so much to Me. Not just in the accomplishment of the Ascension and My Freedom through It, but as I look upon the years that passed before, I see how much I was actually living in accordance with the Law, which I did not outwardly understand then.

I feel tonight that I should be able to convey to you how you too may have this same great Freedom of the Ascension, through those very experiences which were Mine. I know now that I intuitively knew, wholly through the Inner Prompting of the "Presence" that gave Me Life, the need of outer success in Life. I knew the need was to be humble, to be kind, yet firm in that which I knew to be right.

After the Ascension I was able to see how that Great Law of My "Mighty I AM Presence" was acting through Me unknowingly, by kindness. A natural quality within My human form kept Me sufficiently harmonized, and there involuntarily

flowed through Me the great Qualities and Energy of the "Presence" to do the things required in My outer world of activity.

This Good Messenger marveled at the harmony of My men at the ranch and at the mine. That was not because of any outer volition of Mine, but was the result–now please notice this, Beloved Ones–of the Harmony that was maintained within My feeling world. Naturally, the "Presence" saw the opportunity to render a Service through this Harmony which was, as I now know, quite extraordinary.

A love poured forth through My feeling world to all that I contacted. While it seemed quite natural then and took no special effort on My part, yet I know now it was the "Presence" acting–causing a Great Love to flow forth which was of sufficient volume to keep those about Me harmonious. My family, I am so happy to say, never had a discordant vibratory action in their lives. Even Rex and Nada just were obedient. They did not quarrel or seem to have any desire except just the joy and happiness of exercise and freedom. Today there will be many come into the world in that same way.

I want you to know how naturally the Great Law of your "Presence" will act when sufficient Harmony is maintained in your feelings. As I look upon it now, there were many opportunities when I could have felt discordant; but it seemed at every condition that

might have started some disturbance, there was always an Inner Action which was stronger.

Now that is your condition, Beloved Ones, today. No matter what the outer provocation is, you, in the Knowledge of your "Presence," have acting–now notice–you have acting a stronger Impulse from your "Presence" which will control you and enable you to feel harmonious in the face of all provocation. This is what I so much want to convey into your feeling world tonight. You actually have Self-control and Mastery in your Acknowledgment of the "Presence."

Do not make it a struggle; just let your "Presence" act. You need not bother about conditions in the Acknowledgment of your "Presence." For instance, if there be qualities within yourself that you do not care to have there longer, just with a great calm serenity say: " 'Mighty I AM Presence,' take out of me that quality and replace it with Your Satisfaction and Perfection." If it be a habit, do the same thing, and the "Presence" will always respond.

If It does not just at the first time you ask, well surely you would not give up and say, "It just could not be done." That would be a great mistake and an injustice to your "Presence," because your "Presence" never fails. You are the decreer for your world. If through your feelings you requalify that which you have set forth into action, well then you will have the same old result which you previously had.

Simply say to all appearances: "You have no more power in my world! I refuse acceptance of every discordant, limiting appearance! 'Mighty I AM Presence,' take charge and fill my world with Your Activity, with Your Directing Intelligence! Release from Your Treasure House my limitless supply of money and whatever I require! Release from Your Great Fountain of Youth my Eternal Perfection and Beauty!" Ladies, and gentlemen also, should all do this if they wish. It is not vanity to wish to be lovely to look upon.

I say to you blessed ones and the blessed young people that are here: it is a great honor to your Wondrous "Presence" to maintain all the Beauty and Perfection you can. There is no limit to what your "Presence" will do for you in that respect. Give your "Presence" the great honor of releasing Its Infinite Supply of every good thing! Give It the great honor of filling you with Its Eternal, Perfect Health, which It holds for you.

Think of it, Beloved Ones! That Great Stream of Energy flowing into your body and anchored within your Heart is *all* Perfection and Power. Just *feel* that Mighty Energy expanding into every cell of your body. See, you could not have ill health; you could not have disturbance of any kind longer in your body if you would just really do that.

Now notice–if you will pardon My reference to My family–up until the Change took place with

Mrs. Rayborn, which really was not illness and I know it now, there never had been one moment's illness in our family. I know today it was because of the harmony maintained in the feelings. It allowed the Pure Energy of the "Presence" to do Its Perfect Work at the time, just naturally.

This is what you are coming to now, Dear Ones, in your Call to the "Presence." Ere long you will find a sufficiently intensified volume of Energy from your "Presence" flowing in and through your body to keep out, or in other words to keep repelled from your human form, every discordant thing; and what a joyous, wonderful thing that is!

I cite this to you tonight for the benefit and blessing of these blessed ones who have started the Activity here, that you and the young people who are being blessed by it, may know what complete Harmony in your activity means. It means success in every single effort of the outer activity; for if your feeling world is harmonious, everyone who touches its radiance will love you, because there is not anything repellent in it.

If there be discordant and ugly feelings in your feeling world, anyone coming near you, whether they be sensitive or not, cannot help but feel that repellent force. Discord is always repellent. Harmony is always attractive and constantly draws all good to you like a great Magnet. That was what

made My success in the outer world of activity. I did not make any special effort, so to speak; but I know now, Dear Ones, it was because of the natural Harmony acting within My feeling world, which attracted things to Me–wealth, health, and those who served Me harmoniously and wonderfully.

You know, from the human sense, a mine is about the most difficult place for people to maintain Harmony and Order in the feeling world, because of the old momentum which has been gained in that activity; but there was complete Harmony maintained in our experience. Those men who were, and are still there, would lay down their lives for Me if they thought it were necessary. They do not know of My Ascension yet. They think I am just traveling in foreign lands. Well, it may be foreign, but very beautiful; yet it could hardly be called foreign lands, for in that Great Octave of Life is Our Real Home.

Oh, Beloved Ones, how I long tonight to just lift you all up into Our Octave where you suddenly become aware of all Beauty and Perfection. As the beloved one sang "The Fragrance of the Lily" tonight [Mrs. Rogers over the radio], I thought, oh, how wonderful is the natural Fragrance of those Higher Octaves of Light when from everyone goes forth that Radiance and Fragrance as of some rare flower. Many of you who are still here in human form will begin to radiate that fragrance as of a rare

flower, in the Acknowledgment of your "Presence." You cannot help it.

We do see clearly the progress, advancement, and Expansion of the Light within your Hearts. What a joy, what an encouragement it is to Us to see mankind at last becoming consciously aware of its own dominion. Through it, the individual holds his own Scepter of Power in his hand, wielding It to give him freedom from limitation. Thus he attains his Ascension.

Who could have believed three years before My Ascension, what was to come? I could have no more believed that such a thing was possible than anything in the world. This Good Brother came into My home, and then so shortly after, Saint Germain came in His Tangible Body. On the first visit, We talked for some hours. In His Presence all seemed so natural. There was not a single feeling within Me of questioning, even of the many wonderful things He said to Me.

On that first visit, He said to Me: "My Brother, Mrs. Rayborn is not dead; there is no such thing. I have assisted Her to make the Ascension." I said to Him, "What is that?" He replied, "Do you not believe in the Ascension of Jesus?" "Well," I answered, "I think I do."

Now remember, Beloved Ones, I was not what you would call a church individual; but I always believed in right, justice, and kindliness. However,

when He said that to Me–all the time of course, He was pouring His Wondrous Presence and Assistance into and through My being–as He mentioned the various things, all seemed just as natural as could be. There was never a doubt or a question in my mind as He presented the various points of Activity.

We find so many blessed ones today who, when they become aware of the "Mighty I AM Presence," have no doubts or questions. They just know It is true. Every Heart in human form on Earth knows that the Chart of the "Presence" is true and correct. Many times the intellect still dominates enough so it overrules the Heart temporarily and makes the individual have doubts or questioning as to Its Reality. Once any individual has looked upon that Chart, all human doubt and questioning must cease and will disappear because every Heart knows Its own great Reality and Perfection. Every Heart knows that Mighty "Presence" is there, and the opportunity of calling your attention to It is the most wonderful thing which ever could come to mankind anywhere.

When Saint Germain said to Me: "You shall meet Mrs. Rayborn ere long, and it is possible for you to make the Ascension with My Assistance"–can you just feel My feeling now? I just accepted it, never questioning how or anything about it. I just accepted it and like a child I said to Him, "Well, whatever I can do, You can depend on Me,

I will do to assist." When we went to the Cave of Symbols and for the first time Mrs. Rayborn came in Her Wondrous Ascended Body, as tangible as our own physical bodies–no happiness, it seemed to Me, ever could excel it in any way.

I want you to feel how real all of this is which Our Blessed, Wondrous Saint Germain has brought to you. We are the living proof of all He has brought to you, even in so short a time. I want you to feel this. In your outer intellect, you do not realize what your "Presence" might do for you in a given time or quickly. I did not know what was to happen, any more than this Good Brother assisting in the Ascension on Mount Shasta, had any idea of what he experienced. That is why We in every way try to convey this into your feeling world; for in no wise, Beloved Ones, limit yourselves or what the "Presence" can do in, through, and for you. Watch out for that, and do not let your human feeling limit you in any way.

Precious Ones, in your Decrees and Songs tonight, considering the number of individuals here, it was simply amazing the Power and Energy that you released. I congratulate you with all My Heart. Never weary in the wondrous work which you are doing here in your Group. We, from time to time, will endeavor to convey to you certain Qualities, certain Activities that you may not just be aware of for the time being. Yet all of a sudden

you will find Them coming into outer manifestation in your activity as you go forward.

During this time before the wonderful Class [Pan Pacific Auditorium] there will be a great joy; for really a great preparation is going on within you so that you will comprehend and receive more, perhaps, from this Class than all that have gone before. Does that sound rather incredible? It is not, because as you advance in the Expansion of the Light which illumines the mind, you will find a greater clearness acting–a luminous comprehension, as it were.

Point after point of vital importance, you will grasp like that [quick wave of hand], hold fast to it, and never let it get away–because all these Qualities charged into your feeling world by Us, who are endeavoring so earnestly to give forth the greatest possible Assistance, will always remain active there. It is not an Activity that can ever be lost to you. Thus, a sincere effort is being made before this Class to do this; for We want you blessed ones in Los Angeles, on the return of the Messengers, to be prepared for certain things which We hope to find manifest.

Would you say that this is a Promise? Not quite. Yet who knows? Oh, Beloved Ones, when We have gained such complete Freedom and see the great love and sincerity in the Hearts of those yet in embodiment, do you think there is anything in the world that We would not do which is within the Great Law, to give

you Assistance to the same Freedom? Oh, how We long to see you absolutely free, standing with Us.

Tonight there is a marvelous Activity, because of the transformation which is taking place within your Inner feeling world. It is a boundless joy to Me and to Others who are present. Oh, Dear Ones, this is no idle fancy, but a Real and Mighty, Glorious Activity that is going on within you precious ones, to your Complete and Wondrous Freedom! Oh, Blessed Ones, go forward with great, firm determination to have your Freedom and your birthright, to have all that your "Mighty I AM Presence" has held so long in Its Treasure House for you!

While I have this opportunity tonight, I want to say a word to this Good Brother. I know you will not mind our Heart-to-Heart talk. I want him to know that I have not forgotten all that came to Me through him; for had he not come into My home, perhaps all might have been different. Saint Germain–Eternal Blessings be upon Him–knew and brought this Good Brother to Me, as He has brought him to you. To the other Blessed Messenger, you must feel how great is My Gratitude.

Dear Ones, I know this Brother seems so natural and like you. Yet could you see what is constantly going on within his outer garment, you would be surprised. This is why, Dear Ones, We can pour forth such a Radiance to you and into your feeling

world, to give you such great Assistance. Somehow tonight I feel that I can say things to you in this respect which I would not have done perhaps otherwise. Therefore, you must know, I feel that We are just like a family discussing the Perfection of Life. Will you not feel that too?

Just with such a great joy, accept into your feeling world your Complete Freedom from all limitations, your absolute Self-control and Mastery over all conditions in your feeling world. Go forth from tonight, glorified by the full consciousness of your Mastery over your world, self, and conditions! May you keep all so perfectly harmonious that there will quickly flood forth from your "Presence," the Purifying Activity which allows the full Dominion of your "Presence" to act at all times. Then you will not need anyone in the world to tell you the joy of having come to know your "Mighty I AM Presence."

We are so Real, Dear Ones! One day, when you come to shake hands and visit with Us in the visible, tangible Body, you will see We are very Real! We are Real Substance. This is what I want you to know: that as you come to the point where you make the Ascension, you take the refined human body with you. There is nothing left behind. As it is raised and absorbed into the Higher Mental Body, the Great Transformation takes place. The Great Ray of Light descends and the finer, purified human form

is absorbed into the Higher Mental Body. Then, It ascends into the Electronic Body and you become the Ascended Being, as was My great Joy and Privilege.

You never again after the Ascension come into embodiment as you are today. It is the end of all human pilgrimage on Earth. Then in that great purified, Eternal Light-Body of Substance, you go forward anywhere in the Universe you choose, receiving all Wisdom and Power firsthand. You may call forth anytime, anywhere, all you require to perform any given Service upon the Earth or on any other Planet.

Do you grasp the fullness of this? I hope I will be able to help you do so tonight. Do you grasp how–and what Eternal Freedom the Ascension means? You are not only free from the limitations of Earth, but you can go in your Ascended Body and minister to the people of Earth in such great Power and Activity. You can also go anywhere in the Universe and receive firsthand, through actual experience, any Knowledge or Wisdom that you seek. Then, do you not see how the Ascended Master is the greatest possible Assistance to the Children of Earth? They are almost unknown to mankind. Through the Kumaras, as the Vanguard from Venus, has mankind been sustained throughout all these hundreds of thousands of years–for more than four million years. Yet mankind, after every great height has been reached, has responded to the pull

of the human senses; for that pull was still great enough to draw individuals again into limitations.

Is it not an appalling thing to think that mankind could have come into a state where the outer pull of the senses was the controlling force, in spite of this great Infinite Power and Light which beats every Heart? Yet it was so. It has been so up until now when the Great Cosmic Light has come to the Assistance of mankind and is making possible this Achievement.

Does it seem incredible when I say to you tonight that more than two thirds of humanity who become aware of the "Mighty I AM Presence" in this embodiment, will either free themselves in this embodiment or the next? Think of it, Beloved Ones, in comparison with that which has been attained up to this time! The Ascensions have been at most only two a year, even in the Retreats of the World.

Now today, in this Understanding of the "Mighty I AM Presence" which Saint Germain has brought forth, there will be hundreds even in this embodiment who will make the Ascension. Then in the next embodiment there will be thousands who will accomplish it! It is almost an inconceivable thing to the average intellect, which has not been raised into this Consciousness and Understanding of the "Presence," but such is the Truth. Blessed Ones, you have a privilege today that never has been known before on the Earth.

Tonight, in seeing your wonderful, sincere efforts and activity, I was the One chosen to come forth and speak My Heart to you, by flashing these Words before this Good Brother. I feel it a great privilege and joy. Will you accept that which I have endeavored to pour forth into your feeling world? Will you accept the Perfection of your "Mighty I AM Presence," all-powerfully active within you and your outer world of activity, knowing that from this day forth you cannot be deprived of anything which you require for use in your Service of the Light?

I am so grateful for these young people who are here. What a wonderful thing for them to be willing to enter into your closed Group. Do you not see, Beloved Ones, that it is a most amazing thing from the human sense to find such lovely young people willing to do that–to abide by these regulations and requirements? Yet how great, oh, how great will be their reward and blessing!

Oh, Beloved, Blessed Ones, rejoice forever that this Knowledge of the "Mighty I AM Presence" has been brought to you; that you have the privilege of calling Its Mighty Intelligent Energy into action to produce Perfection for you and your world, to make everything harmonious. See, as you go forward in the Expansion of your Light each day, how everything becomes more and more harmonious in and about you as you continue to

call your Wondrous "Presence" forth into action. Do you not see, Beloved Ones, there is naught of human creation that can stand before the Onrush of this Mighty Energy which you call forth from the "Presence"? Not a thing that can.

Do not accept anything as longer having power to interfere with It! I plead with you, to all human appearances say with calm firmness: "You have no power! You cannot longer interfere with my world! Stand aside! and let the Glory of my 'Presence' do Its Perfect Work!" Then you will go forward so quickly into the great Eternal Freedom which every Heart knows and craves.

Tonight, in the Infinite Blessing of your "Mighty I AM Presence" and the Great Host of Ascended Masters, I call forth the Perfection of the "Mighty I AM Presence" of each one of you, into full command and action in your Life and world–to hold Its Dominion in mind and body, to produce Its Perfection there, to quickly expand the Light within your Heart until Its All-powerful Radiance fills you and your world, that every impurity and imperfection be swept out of your mind, body, world, and activity! Then you stand glorified, the "Mighty I AM Presence" in action.

Mrs. Rayborn, Rex, Nada, Bob, and Pearl all join Me in pouring forth Their Love to you, and Their full Consciousness of your Victory and Freedom. As you go forward, remember, We shall always stand

by to give every Assistance that is possible for your Complete Freedom from everything that has bound you in the outer world. Be firm! Be determined! Yield not an inch to human appearances! And as you withdraw from them all power, then in the full Power of your "Presence," remember: God, the "Mighty I AM Presence" which beats your Heart, is your certain Victory! I thank you.

META'S DISCOURSE

"I AM" SCHOOL – LOS ANGELES, CALIFORNIA
March 23, 1937

BELOVED Children whose Home is in the Light, We reach forth Our Loving Arms to hold you in Our Embrace of Light, in your conscious endeavor to free yourselves from human creation and limitation. Well do I know what that means, and what Happiness is in store for you as in your great firm determination you continue to call for the Great Loving, Powerful Activity of your "Mighty I AM Presence" to flood your mind, body, and world, and do for you that which your "Presence" alone is able to accomplish. Then in every effort that you make, you find in that achievement a permanently attained and established activity; for you do not have to keep repeating it, because once accomplished, it stands there serving you.

You who are having this Knowledge of the "Presence," your "Mighty I AM," are fortunate above all children of Earth. You become a *Great Golden Sun* as well, for you have an All-powerful Scepter of Dominion within your grasp to use. Any one of you

children from four, five, or six years can and will begin to use that Scepter with definite precision. This means the gaining of a momentum and achievement which is dauntless before all mankind.

We, all of Us who have reached the Ascended State, Beloved Ones, have gone identically the same way. There is but one road to the Eternal Perfection and Freedom for mankind! It is this identical Knowledge of the "Presence" which Saint Germain has brought forth. There is no other road in all the Universe. Every one of Us had to follow these same Steps which He has brought to you, so simplified.

In Our time the attainment was far more complicated than the Application you have today in the outer experience. Yet in that Great Simplicity, those Great Ones from Venus assisted in bringing It forth. May I remind you who are here tonight of the statement of the Great Master from Venus, when the arrangement was made for these Books to go forth? He said emphatically that these Books must go forth in a simple language which the layman could understand–free from all technical terms; and the Great Wisdom of His Decree has in thousands of ways been made manifest already. Even the children are able to apply this Law, quite as well as the grown people, and with quite as firm, definite results. That proves the Ascended Masters' Wisdom which brought forth the "I AM" Instruction in this simplicity. It is free

from all old terminology which has been so confusing to mankind in the various things that have come forth before, because each in itself has had different terminology.

Observe the people of India and Persia where We gained Our Victory–of the Orient, of the various parts of the World! Never–anywhere–has this Great Knowledge come forth so simplified and so purified as Saint Germain has given It to you. Any human being on the face of the Earth who will earnestly with determination apply these Laws according to the Direction He has given, and put out of the mind all previous concepts, will have such magnificent results as no one on the Earth could imagine, until he tries it out.

Tonight it is My Great Joy while I am talking to you–and that is Our reason for coming forth in the Groups–to pour forth Our Radiance and Closeness. It is just as though We took each one of you individually in Our Arms in the physical form and held you close, that you might know how REAL We are. One day you will know there is nothing intangible about Us.

You mothers and fathers! I am a Mother of three Children. The Master Cha Ara, who dictated to you recently, is My son, and there are two other Children who are not known in the outer world, as He is. The three Children did not make their

Ascension until after I did, but all of Our family did make the Ascension. As soon as I had made Mine, I was able to render Assistance to Them; and their willing obedience enabled Them to quickly win the Ascension after My Achievement.

Therefore, Dear Ones, when We speak to you in this manner, you cannot help but feel Our Reality and the Truth of which We speak, because It is the Truth–and your Heart knows the Truth in spite of your intellect. This is the thing, Precious Ones, that every earnest "I AM" Student will come to understand so very vividly. It is why this Good Messenger has said to the Class so many times: "Anyone without a spark of Faith, who will with earnest sincerity begin to call the 'Mighty I AM Presence' into action, will have all the proof in the world he wants–which will give him Faith if he does not have It already." This is a most astounding Statement to make, but it is true. The World has tried to live on Faith without Understanding. Its supply appears sometimes and sometimes it does not.

This is what has distressed mankind so greatly because in prayer as the orthodox world has known of it, sometimes the feeling was intensely poured forth in the prayer, which released the Power of the "Presence" to fulfill it, but not always. There have been a great many prayers that have not been answered. Now in your Knowledge and Call to

the "Mighty I AM Presence," which is the greatest Power in the Universe, you cannot fail to have an Answer. Stand by your "Presence," which is your Life, and know this Ascended Master Understanding, Beloved Ones! It does not require Faith! You have the Understanding which knows where the Powerhouse is–the Intelligence–and knows positively that you are really a part of It. It being anchored within you, within your Heart, then you know you have Its Authority there. Not even your intellect can interfere with your earnest Call, if you will make the Call!

If you will hold fast to this, you will find there will never be a single failure in your entire experience through your Call to the "Presence." You must know by this time that your Heart is a part of your "Mighty I AM Presence" anchored within, acting within your human form–which knows all the Perfection there is. You have your Higher Mental Body which is your Selective, Discriminating Intelligence. It is only too delighted to release from the "Presence" everything you require. It knows exactly what you require for any given purpose. When We came to know that, and after We had made earnest Application, We began to find that We were actually speaking to the "Presence," and often audibly.

We found We could receive Its Instruction direct. We found that a certain Intimation would be given. Then We would release certain Currents of Energy,

and They would do certain things in Our forms. Then We found that by a Great Flood of Light from the "Presence," We could sweep out of Our minds and bodies every discordant thing. Always in the beginning of the Awakening of the people to this, is the use of the Violet Consuming Flame given to them through which, if they be determined and sincere, they can purify and consume all their previous human accumulation. If used earnestly and sincerely with determination for a short time, it does not take years to enable you to be free.

Beloved Ones, if you are earnest enough, you will use this Violet Consuming Flame to dissolve and consume every bit of discordant creation which has been drawn about you throughout the centuries. That is the Magnificent Mercy of the "Presence" to mankind today. No matter how great the mistakes have been, by the constant use of the Violet Consuming Flame you can dissolve and consume every discordant thing which you have drawn into your world through the centuries. Beloved Ones, this is what We are trying so earnestly to convey into your feeling world. It does not require long periods of time to do this. If you will do it earnestly, you will feel the results in yourself, a lightness in your human forms, and a freedom which will prove your accomplishment to you in the use of the Violet Consuming Flame.

Now Beloved Ones, this is the first Fundamental

Activity. As you use the Violet Consuming Flame, it causes the "Presence" to set It into action and keeps It sustained when your mind is on something else. The Violet Consuming Flame acts! You do have to set aside a few moments several times a day while you are accepting Its Activity. Call the "Presence" to sustain Its Activity and keep It going on all the time, until every particle of your discordant accumulation of the centuries is dissolved and consumed.

In this way, Dear Hearts, you can so quickly free yourselves. I plead with you, Precious Ones, call your "Mighty I AM Presence" into action to do this with great Power and Speed that you may be free. (You will pardon Me, Lady Betty, if I talk too fast.) Dear Ones, you can accomplish anything that your Hearts desire for your freedom in this Acknowledgment of the "Presence." Do not let anything cause you to feel otherwise!

Now remember, Precious Ones, you must stand guard over your world! With the use of the Violet Consuming Flame and the Tube of Light, which you have learned to draw forth into action, you make yourselves invincible to the further discord of the outer world. Thus, as the Violet Consuming Flame consumes all that has been drawn into your world, you stand free! Then when you call your "Mighty I AM Presence" into action, Its Power can release with perhaps twenty, thirty, or forty times

more speed than It does before you use the Violet Consuming Flame enough to dissolve the human accumulation which has been drawn about you. You do not know in the outer what is there, and it is not necessary to know. Fortunately for you, you do not; but when you call the "Presence" into action to consume your human accumulation, it is done completely. Then you will never have to look upon it.

We have called to the Divine Director and those directly in charge of that Activity, to impel you so earnestly and powerfully to do this so you will never have to look upon any single part of your human, discordant creation. If you once knew the Mercy which the use of the Violet Consuming Flame is to mankind, you would sing Praises forever. In those earlier centuries, the Students never attained without looking upon some of their own human creation, and it was a most unhappy thing. We had to do it. Having discovered the way to avoid it, do you wonder We plead with mankind to believe Us and prove Us, that they may avoid many difficult things which We had to go through in Our Attainment and Achievement?

In the beginning of Our Freedom, the great paramount idea was to maintain Life in the body over long periods of time. I had maintained Youth and Perfection in My Body for more than five hundred years before I made the Ascension. My

son Cha Ara had maintained Youth and Perfection in His Body for more than three hundred years before His Ascension. In those earlier centuries the great paramount idea was to be able to do that. Today among mankind, in one great sweeping activity in the Acknowledgment of the "Presence," the individual goes forth into his Eternal Freedom, Victory, and Ascension with a speed almost inconceivable, compared to the time the Beloved Lady Master Nada made Her Ascension.

Oh, Dear, Precious Ones, We want so earnestly to convey to you the Privilege which you have today, transcendent beyond anything that has ever been known in the World. We have worked for hundreds of years, waiting for the time when this could be brought forth to mankind, that the great mass of mankind could understand It. Oh, I am sure you all appreciate how magnificent and wonderful It is. That there is a single one of mankind today who is not yet ready to accept this great magnificent simplicity and Freedom which is brought forth to them, seems incredible. In the Patience of waiting hundreds of years for this point, a few months or few years ought to be easy to wait for the rest of mankind to suddenly awaken to their "Mighty I AM Presence," and have Its Freedom and Blessing which this brings.

Now Dear Ones, will you not be more and more

in earnest and determined every day? I think of that day so long ago, as you think of time, when My Children were like these. It was quickly, even in that time, under Our Instruction and Direction that They were able to set Themselves Free. It is true, in the outer world at that time They perhaps did not have as much charged into the atmosphere about Them as the children do today, because We were in a far less densely populated part of the country.

Dear Ones, in a day not far distant, mankind will learn to live again in homes–not in buildings where hundreds of people live in one building. Where one or two individuals live in a building which is charged with discord, those persons necessarily have a battle to hold their own atmosphere free from that charge of discordant limitation about them. However, this is the Truth, if one chose to make the effort: You may take a twenty-apartment building and one family in it could begin filling the building with absolute Harmony and Happiness. They could hold it there, just for the joy of calling the "Presence" into action, to prove for themselves that they could do it. Even people without understanding would respond to the feeling with which the building would be charged.

This is why, Precious Ones, We ask you and the Messengers have asked you almost from the beginning, not to let one morning pass that you

do not raise your hands to the "Presence" and, just like you reached into the Great Substance of Light from the Ascended Masters' Octave of Life, charge the walls of the room with this Pure Substance of the "Mighty I AM Presence." Charge It to be sustained and continually pour forth that Purifying, Harmonious Radiance to everyone who enters. Beloved Ones, if you would only do that!

These precious ones [Mr. and Mrs. David Lucas] have been doing that in the school, until the Radiance is wonderful and beautiful. We love to give Assistance by amplifying every sincere effort of that kind. Therefore, you can make the atmosphere wonderful through just charging, so everyone who enters and touches it feels the Harmony and Freedom all about him, where discord was just a few moments before.

You know it is so easy to forget discord, if you only will; but it is not so easy if you do not want to. You have Free Will, Precious Ones–do not forget it! You are the decreer for your world, your business, and your activity! What you decree for yourself, your business, your home, must come forth if you do not allow it to be interrupted by discord in your own feelings. It is a Law, the Great Law of Life, Precious Ones. Oh, once the Students of the "I AM" begin to realize and understand that whatever they fix their attention on which is constructive, will be successful,

will bring in supply of all required for their happiness and comfort, will give them abundance of all they wish to give in Service to the Light!

I want you to feel tonight, oh, Our Great Closeness–the Great Reality of the Ascended Masters, the Legion of Light, and the Great Cosmic Beings, who are now sweeping the Great Cosmic Light into the Earth. Feel how close and how real It is! You have become a part of It! Do not let anything cause you to feel longer that you are not a part of this Great Cosmic Light which is filling the Earth. Besides your Call to your own "Presence," glorify the Assistance of this Great Cosmic Light. Why?

I do not recall that you have had this particular point explained to you, but tonight let Us take it up definitely. Why, besides your Call to the "Mighty I AM Presence," are you receiving a definite and powerful Assistance from the Great Cosmic Light which is flooding the Earth? Because your own Light within your Heart is a Magnet for the drawing of this Great Cosmic Light to you at your point in the Universe. Then do you not see how again it is the Great Beneficent Law that is assisting you without limit? Surely, you must understand and comprehend how great is your ability in that respect.

I repeat again and again and again to you: Never in the history of the World has such an Opportunity been offered mankind! You are receiving–oh,

Precious Ones, brought to you in the comfort of your own homes, so to speak–that Knowledge which human beings a few centuries ago traveled over the Earth hundreds of miles on foot to reach. Do you realize, Precious Ones, how before and after Jesus' ministry, mankind made pilgrimages everywhere, to try to make contact with those who knew the Law. Yet in those very days there was only a fragment of this Law given into the outer world, which you have today as a Free Gift of Love.

I want you tonight, if I may help you, to realize fully the marvelous Blessing that is at your door, which has entered into your world–for you are no longer subject to any limitations through any mistakes which you have made. Feel that for a moment deeply. You are not subject longer to any limitations, no matter what your mistakes have been. If you will earnestly call on the Law of Forgiveness, call the use of the Violet Consuming Flame into action, call the "Presence" to place about you the Tube of Light, then you have fulfilled the Requirements. You have fulfilled the Requirements of the Great Law; and the Great Law, which is "the Light of God that never fails," must respond to you–Its own. You are not separate, Beloved Ones, from the Life which beats your Heart.

Remind yourself of this often. Sometimes, when something of human discord touches you from

without, draw yourself up; straighten your spine; and say with great calm serenity: "Stop this nonsense! 'Mighty I AM Presence,' You are in command here! Silence every human thing! Take command and direct me by Your Mighty Intelligence! See that I do not make a single mistake! See that my human gives obedience in every way." Then, you set the Great Law into Action–Precious Ones, the Law of the Universe in Action, your Law of Life–to produce what you require, and It cannot fail!

This is why, Beloved Children, I want you to know that you too can produce the same wonderful activity in your Life which We have. Before five years are over your heads you can have your Life so filled with harmony and happiness that everyone who touches you will love you. Everywhere you move, all will love to serve you; and even the grown-ups can do that, if they will! As you call your Mighty "Presence" into action, people will love to serve; for that is where Divinity enters into the activity of the Earth. Think! within the natural life-span of these precious children here there will come such Perfection into this World as you could scarcely conceive, even today.

Remember, Precious Ones, the Great Cosmic Law makes no mistakes! When this Beloved Messenger saw upon the Great Cosmic Screen seventy years of the future of America, those Great Ascended Masters make no mistakes! In this great Call to the "Mighty

I AM Presence" and the Great Host of Ascended Masters to take command of America and the World, do not be dismayed when human, discordant appearances continue to find expression for a time. Do not be dismayed; but go on and on and on, calling your "Mighty I AM Presence" into Action to take command of America, Its people, and Its activities, to produce Perfection and hold Its Dominion forever. Thus, as We go forth in the mental and feeling world of mankind everywhere, soon thousands and thousands will take up that Mighty Decree and compel Perfection to be the Directing Intelligence of our government–your government–and bless the Earth with It!

Please remember, when the Mighty Arcturus said: "If it be necessary for the Protection of mankind, that Light as of a Thousand Suns will descend into the Earth, dissolve and consume all human discord and selfishness from the Planet," He knew whereof He spoke. Mankind must be preserved until the power of the Incoming Golden Age can find Its full Dominion; for the Earth must become the Light which the Great Cosmic Law has decreed. It must expand the Light and send It forth!

It is no longer a matter of human requirements or activity; but the Great Cosmic Light has said, "The Earth must blaze forth more Light!"–and so it shall be! All those who will cooperate with that Great Law

will find such Expansion of their Light that no longer will they be aware of any discordant thing. They will move in the world untouched by human discord. As they pour forth the Great Radiance of Love from their "Mighty I AM Presence," It becomes so powerful that nothing else can come in. They then move in the world untouched by discord, pouring forth their Light and Love everywhere, until all are free.

See how great your privilege is, oh Precious Ones, not only in having your own freedom, but in the Blessing you can pour forth to the rest of mankind, who are struggling, struggling, struggling. Oh, Precious Ones, you know what your own struggles have been–all so unnecessary–just because you had forgotten and did not understand any longer. Will you not enter with great and full joy into this Freedom which is yours now, and be the Perfection of your "Mighty I AM Presence," constantly called forth into action by you?

Now Beloved Ones, remember: Besides these two Activities of calling your "Presence" into action and the Assistance of the Great Cosmic Light, around your "Mighty I AM Presence," as shown by the Circle of Color on the Chart, is your own Accumulation of Good, which the "Presence" has drawn there and holds for you. It is your Accumulation of Good through the centuries. Once you have given sufficient attention to your "Mighty

I AM Presence," then that Good will be released into your outer use; for It is the threefold Activity of the Mighty Unfed Flame–the most powerful Activity which can be given into the use of the Children of Earth.

One day, possibly in three places in your America, will stand visible to all, that Mighty Unfed Flame! Then you will not require human laws in your land to hold all in Obedience; but because of the Great Light within themselves, all will give natural and willing Obedience–as they did in the civilization in South America referred to as the Buried Cities of the Amazon, as they did in the seventy-thousand-year civilization in which Saint Germain was the Ruler. All of that great Perfection will come again, on even a spiral higher in Its Great Perfection. This time It is to be eternally sustained.

So you of today are living in a period and have a Privilege unparalleled on Earth. Will you not keep yourselves reminded of this? For your precious children, will you not call their "Mighty I AM Presence" to take command of each mind and body, produce Its Perfection and hold Its Dominion there, filling their lives with the Beauty and Perfection which the "Presence" holds for them? No matter what the provocation, hold your own feelings always harmonious. Then see how quickly your homes, your lives will be filled with the Glory of your "Presence,"

which is Divine Love in Action and pours out through all concerned into your world and all that touches it.

My Precious Ones, may I just take a few moments longer to call your attention to an activity that We have seen manifest through the Messengers. In various places they have been, such inharmony and confusion reigned; but just as quickly as they came, all that subsided and disappeared. You in Los Angeles at one time saw the activity of just such great chaos. You saw when they returned how quickly it dissolved and disappeared. It can be so in your individual Life–just the same. The "Presence" did it then; the "Presence" will do it individually. When the Blessed Ones went to San Francisco, confusion was reigning there through unfortunate individuals who intruded themselves. Again, wonderful Blessing and Happiness reigns. So it is everywhere. Any place there is one or more who can stand firm and unyielding in the Activity of their "Mighty I AM Presence," Its Radiance goes forth without limit and performs Its Miracles of Harmonious Activity. This is what I want you to feel, if you will: that you too are a Pillar of Light moving in your world, whose Radiance from the "Presence" is so strong that no discord can exist in the world about you. As you determine, decree and feel this, so does it come about and cause it to be eternally sustained. It is a beautiful thing! It is within the reach of every precious one of you.

One time about thirty years ago, as you comprehend time, it was My Privilege in India to come upon a condition where a little child had been badly injured. The spine and back had been broken, and one arm and one leg. That little child–a little boy–lay there in such agony, when from the Higher Octaves My attention was called to it. I afterwards found it was because of previous association. I went immediately and lowered the rate of vibration of My Body. I became Visible, just touched the brow of the little child, and immediately all was perfect. Such is the Freedom which your Life can give you! That is the Power without limit which all can wield! As described in *The Magic Presence*, when Saint Germain touched the child that was so distorted–almost beyond recognition–immediately Perfection took its place. So you, or your "Mighty I AM Presence" through you, could today perform a similar Service, if you could but realize it and still your human activity and feeling enough.

Just as through this body you see standing before you here was given such assistance as was recorded in the Books, so could your "Mighty I AM Presence" render a similar Assistance through you. That is what he so earnestly tries to convey to you. Your "Presence" is not limited in what It can do in, for, and through you; but It does require your continued Harmony long enough to let Its Power gain Dominion. Will you not feel that?

Keep this before your outer consciousness so you may have the Blessing, Freedom, and Glory of that Light ever manifesting Its Perfection in and through you.

You are no longer limited, Precious Ones! Do not let fear beset you any longer through your seeming lack of finances. Your "Mighty I AM Presence" is your Treasure House; and if you will call earnestly, It will open ways and means by which you are supplied continually. There is no limit to what It wishes you to have. It only asks you to be harmonious long enough so It can pour forth and release all you require.

Precious Ones, think! There are but three things in the world which really deprive mankind of a flood of every good thing; and they are criticism, condemnation, and judgment. That is the origin of almost all the distress of mankind. How easily it could all be stopped and dissolved! The marvel of it is that you may call on the Law of Forgiveness and set the Law into Action to dissolve all mistakes. Do you not see how the full Scepter of Power is in your hands for your Freedom?

Today We offer Our Gift of Love to you and to these blessed ones [Mr. and Mrs. Lucas]. May your "Mighty I AM Presence" fill you and your world with limitless happiness, joy, such release of all the money and of every good thing you require. May It give you limitless Assistance in this Service which you are rendering, and

to all who are assisting. May the Glory of Its limitless Supply be released to everyone. May a limitless supply of money be released to carry on this Wonderful Work–the School of the "I AM."

If you will make the Call earnestly and sincerely, then We will endeavor to help you bring the Release of all the money required to carry on as the expansion is needed–to bring about beautiful and perfect places which will be a blessing and a credit to all, to bring limitless blessings for everyone who wishes to help and bless in this work. Remember, you cannot be limited in your Service of the Light, for money or anything else. As you make the Call for it, so will the "Presence" open the way and fulfill It without limit. Try to feel this with wonderful, definite power, and then that Answer will come to you.

We rejoice greatly in the courage and strength many of you have had to step forward and start this. What a wonderful thing! "Where there is a will, there is a way." Remember, your outer determination is the Activity of the Inner Will of your "Mighty I AM Presence." We have referred to this quite often, but We must anchor it within your feelings. When you determine to do a constructive thing, it is the impelling Power of your "Mighty I AM Presence," your Inner Self, not only urging you forward, but It will bring the supply of all that is required to keep it in harmonious action and accomplishment, if you can but realize it

and *feel* it.

So with all My Heart I bless you–every one–who have been a part in starting this Activity. Never fear, your "Presence" will sustain and carry you forward into greater and greater expansion, until all the children throughout the Earth may know the "Mighty I AM Presence." Let Me add this, Beloved Ones:

The first Fundamental in all education in the World is the Understanding of the "Mighty I AM Presence." Then all outer phases of education must become easy for the children. As you call the "Mighty I AM Presence" into action to produce Perfection in your educational world, so will the right activity of that education come forth also. All that is of real benefit, will be brought forth through your Call. The needs of the day will be fulfilled in Perfect Divine Order. It is not the thing to do to put your education before your "I AM Presence." Put your "I AM Presence" first! Then the remainder of the education of mankind will follow in Perfect Divine Order. It must be so. You should know that is the Fundamental.

The "right education" does not mean some unusual manner of teaching. It means to know your "Mighty I AM Presence" first, and It will bring about the Perfect Order of the educational system you want to use, as a natural sequence; and it will always be in Divine Order. Wherever inharmony or confusion starts, you will always know there is

something in that activity which does not belong in your education. So We want you to know you are entering into the Great Pathway of Life, which is the Balance between religion and education–your "Mighty I AM Presence." I thank you.

DAVID LLOYD'S DISCOURSE

RATANA'S GLENDALE GROUP – GLENDALE, CALIFORNIA
March 24, 1937

OUT of the fullness of My Heart, O Beloved Students of Los Angeles, I send to you on the Words of My Love, the Truth that has given Me My Freedom. Only such a short time ago I, like yourselves, was making My great earnest search for Light and Freedom.

When the Blessed Master in India said to Me, "On a great mountain in North America, you will meet the one who will assist you to the Ascension," I was just a lad; but I believed every word He said. There never was a question in My mind, either in the outer or Inner activity, that ever doubted. Yet, years after My mother passed on, then I began the search.

It seemed incredible, when I went forth with such fragmentary information, that I should attempt to find the mountain, let alone the individual. Yet always there was the Inner Impelling Force which drove Me on. When time after time I met disappointment and I would think to Myself, "I shall give it up," within an hour there would come from within Me a great

powerful, Inner Surge which could not be denied, and again I would go forth. Then the day came when, in the joy I had in hiking about on Mount Shasta and at perhaps the least expected time, I came upon this Beloved Brother seated on a log. When the Great Revelation came and I suddenly saw in his hand the Crystal Cup of which the Master had spoken, it seemed all the Powers of My Being–My entire Being–were released.

I did not know up to that moment it was possible to experience such calm joy. Instead of an ecstatic, almost terrifying joy, deep from somewhere within Me came a great deep Joy of knowing. This Good Brother, in astonishment as great as Mine, stood looking at the Cup in his hand. It filled with a Wondrous Liquid, that Wondrous Substance!

Having lived all those years without a single doubt in My being of the ultimate Victory, even at the times when discouragement came, still there always continued a certainty of knowing My Final Victory. I seized and drank that Liquid with great eagerness! Then for a moment I was almost terrified because of the great Electrical Force which charged through every atom of My being. Then the Great Light spread over this form before you, making the arms such blazing Light you could scarcely look into them. Those hands took mine and I felt again a Tremendous Charge flood My being. Each moment

the sense of weight grew less. Then as My feet left the Earth, I knew, oh, I knew My Victory had come!

As I speak to you, will each of you beloved ones feel the Truth, feel My Feeling enter into your being? As I describe to you in My humble way that which occurred, so you may have anchored within you My Feeling of the Truth of the Victory, then one day you too shall experience the same thing.

I felt all the density released from My human form and felt the purified part of My human form Ascending. As My hands left his and I continued to stand there in midair, can you imagine the feeling which one would have while standing in midair, just as firmly as you stand upon the floor–not feeling anything but the Goal that was being accomplished?

When you have revolved within your feeling world with great intensity over a period of years, the Glory of the Ascension which had been brought to your attention–as some intimation of Its Activity begins to work in you and your world, you will find there is not a single feeling of anything but just rejoicing in Its Accomplishment.

There will be no human fears, doubts, or analyzing of how you are standing in midair. All those silly human things that confuse so many of mankind are just gone. It is all so simple, Dear Ones. There is nothing complicated about these Transcendent Activities which mankind has now

come to understand–not a single thing confusing or complicated about it. Each one of the Messengers has endeavored to convey the simplicity, the Majesty of this Understanding of the "Mighty I AM Presence," which one day is your Freedom and your Ascension.

Please feel tonight as I am giving you My own Experience, speaking to you the Words of the Truth that actually occurred in My own Life and experience, then you can feel the great Reality of It which will be of untold assistance to you.

I said to this Good Brother as I stood there in midair, Myself not the slightest concerned in consciousness as to what was going to take place, but accepting the Great Wisdom that I knew was acting, "One day I shall return and render you a Service." Tonight, if you will permit Me, I shall render you a Service. Only when you have accomplished the Victory of the Ascension will you see just how much is accomplished in this short hour.

The Transformation took place and I felt it very clearly, but not having a mirror I did not see the Transformation as this Good Brother did. I knew that he was seeing It just as clearly as could be. Then, the Great Ray of Light descended from the "Presence" and I disappeared within It, leaving forever all limitations behind. You just must feel now how I felt then and have felt ever since. It is a Joy too great to try to voice, because It is alone comprehended in the feeling.

I was an Englishman by birth, so grateful for this opportunity–and Englishmen are not any too receptive. Yet how ready I was so to comprehend. Oh, My Dear Ones, in all the wide world there is nothing that really matters but Freedom from human limitations and your Ascension. Then in one day you can serve almost as much as one lifetime in the physical form.

Now will you rejoice with Me that tonight My Service has begun in the outer world again. You cannot imagine–I am sure you cannot–My Joy. You love the Beloved Messengers, I know; but you can hardly compare your love with My Love to this Good Brother through whom My Victory was made possible. It is difficult for the outer intellect to comprehend, Precious Ones, just what that means; but I assure you, through My Feeling I shall endeavor with all earnestness to convey My Feeling into your feeling world, and qualify It to act there with definite power and purpose for you.

Do not ever let your human say to you these things are imagination, or they are not true. What a pity anyone in the world could ever for a moment have such a feeling. We speak to you from the Ascended State and flash these Words, Our Words, before this Good Brother. No human concept can enter.

Do you think from the Ascended Master Octave an untruth could be uttered? If you think that, then you know very little of the Great Law. It is

the same when one is passing through the change called death–an untruth cannot be spoken! From the Ascended Masters' Octave of Life no untruth dare be spoken! There is no one who could ever have a desire to speak an untruth.

So today the greatest possible Blessing has come to you precious ones who have been drawn under the Radiation of the Beloved Saint Germain. To Him is due all credit for this Knowledge coming forth to mankind. All of the Ascended Masters acknowledge it. How all love Him, no words could possibly tell you; for the Love of the "Mighty I AM Presence" transcends anything that you have yet understood in your world of human love. Why do I say "human love"? Because, Dear Hearts, until you have made the Ascension, there is always some more or less human qualification acting within your love. It could not be otherwise, for only as you come to the final preparation is all human love replaced by the Transcendent Love of the "Presence." In your understanding of the "Presence" today, you can still the outer human emotion which would requalify the Love from the "Presence," until the Great Divine Love of the "Presence" can flow forth, scarcely touched by your human qualification which many times qualifies the Love of the "Presence" into what we call human love.

There is no human, except the discordant creation which mankind has generated. Your forms that you

call human are but a clothing of density. It is all that can be human. Your Divine Pattern, your Light Pattern within you, is not human. Just the quality is human, which you have imposed upon your Light Pattern by discordant feeling. You have come to know this very definitely. Today you realize that, and know how harmony maintained in your feeling will enable the Power of Pure Energy, the Love from your "Presence," to flow through and out into your world. Then you begin to become a Divine Being.

Notice, Beloved Ones, in the Experience of Mr. Rayborn and Myself, how all this, when it came to the Final Activity, was done very quickly. Now, you are understanding this Wondrous Knowledge of the "Mighty I AM Presence," as you are constantly and earnestly calling It into action. While your purification and accomplishment is going on, you are rendering a tremendous Service to everyone you contact, because if your desire is very intense for your Freedom and Ascension, then you pour out that feeling naturally.

Your Higher Mental Body, which knows all requirements, will utilize every opportunity to intensify your feeling–not only for yourself, but for all who come into the Radiance of your world and activity. Therefore, you are always rendering a threefold service in your great intense desire for your Freedom and Ascension.

When I saw from the unlimited state what every step gained in the Acknowledgment of the "Presence" meant, I thought no words could ever express My Gratitude. Oh, that all mankind could suddenly grasp this one simple point! What transformations would take place! Once blessed mankind realizes that the power of qualification alone has been the stumbling block in the road to Perfection, all individuals can discontinue qualifying any activity with discord.

They can hold all human activity in obedience to their great Call. They can release from the "Presence" this Wondrous Energy–Self-luminous, Intelligent Substance which will replace all imperfection (as it is taken out of every cell of the human form) by this Pure Substance, the Ascended Master Substance which the human cannot requalify. Will you not think deeply upon this?

Think of this one simple point alone: the privilege mankind has today that the Great Host of Ascended Masters and Cosmic Beings have provided for you to bless you, in the use of this Ascended Master Substance which cannot be requalified by the human. If the blessed, precious Students would understand this, oh, how rapid would be the change and transformation within their bodies and activity, because then they would keep charging the Ascended Master Substance into their minds and bodies and out into their worlds and activity.

Ere long the Creative Power of the Ascended Master Substance and Consciousness, which contains within It no discord, would begin to act in full Power in their worlds. Then all human struggle would cease. Do you not see this, Beloved Ones, how quickly all human struggle would cease?

Then let this great calm Serenity and Substance enter into your feeling world; and through It, let everything in your emotional world become so still that nothing can agitate it. You know, if you take a spoon in a jar of liquid and begin to stir it rapidly, how agitated it becomes? Well, that is the condition of most emotional bodies during, shall We say, the greater part of the day. The moment you touch some discord, your emotional body begins to vibrate just like that [quick motion of hand] to the extent that sometimes you think you have Heart trouble.

Think what it means to come to a point, Precious Ones, where all disturbing vibration is perfectly still and quiet. In all your former understanding, "that Peace that passeth understanding" is really this Great Inner Stillness. In the Acknowledgment of your "Presence," you come to the point as this Good Brother has, when such great, great Calmness becomes like the deep still waters where there is no longer agitation and disturbance. Then one has to be very firm against touching the discord of the outer world.

May I call this to your attention tonight, O Beloved Ones, so you realize what it means for a human form to be in the Powerful Vibratory Action of the Ascended Beings in the various Dictations which have taken place in your midst here during the week? Last Sunday, three Great Beings dictated and flashed Their Words before him. He must be in Their Radiation while that is being done. Then, can you imagine what the touch of a little discord of the outer world means? You would never hear him complain or say a word; but I tell you this, that you might know what it means when discord touches his world when he is raised to that Height. I want you to know, because We love him so greatly. I know you do also, but I want you to know the Great Laws that are acting.

His outer garment is like yours, Beloved Ones, but not the Inner. I ask the Staff and those immediately about him—will you not do everything in your power to hold the greatest harmony possible, as this greater Expansion and greater Power is released to bless the Students everywhere? He is steadily, as is Mrs. Ballard, steadily raising in Attunement. Your great love that pours out to them is the most wonderful thing, Beloved Ones. If individuals who are unkind and pour out criticism, condemnation, and judgment to them could see what they do, they would not do it the second time.

They, who pour forth only such great love and kindness, have sacrificed everything of the human world–if you call it a sacrifice–to carry forth this Message of Light, Love, and Truth. Precious Ones, do not let the silly human reports go forth which have been spread at times that they are flourishing with money. All they have is the Love Gifts of the Students to carry on the Work. Not so long ago the report went forth that they had plenty of money. The Love Gifts from that Class did not take care of the express on their trunks, but they never complain.

So I want you to know this, Dear Hearts. Fortify yourselves against the foolish human gossip which would try to bring discredit upon these Loved Ones whom the Great Ones love so greatly. They have had the courage to go forth and carry this Light with never a thought of themselves; but because they knew the Knowledge was so great and the Freedom so certain for mankind, they have been courageous to carry It forward. They will continue until the great mass of mankind understands that they themselves have become the Guardians of this Light.

Today, Precious Ones, Blessed Students of Los Angeles and southern California, you have become the Guardians of the Light. Remember that! Feel this is your part of the problem. If you are not strong enough, but listen to human, foolish, silly gossip which turns you aside from this Great

Truth–the Mightiest ever brought forth on Earth–then you must pay the penalty by failure. One said, who came to this Good Brother today, that certain individuals had said, well, they thought they were not interested any more in this Truth. Beloved Ones, how can human beings be so foolish! They can no more turn away from their "Mighty I AM Presence" than they can sprout wings and fly this very moment. They may temporarily turn aside; but only too glad will they be to turn back to this Mighty Source of Life, their "Mighty I AM Presence."

Oh, Precious Ones, do you not see it is not a matter of the Messengers saying that this Knowledge of the "Mighty I AM Presence" is true; but everyone has a "Presence" of his own, which should tell him that somewhere there is a Source of Life–Individualized–which gives him Life and activity! It is not contained in the human form at death; every one of you knows that. Every organ or faculty is in your body, but it is of no use. Then the Stream of Life which has been pouring into the body must have withdrawn somewhere. Remember! You are here! Then you must know that the "Presence" is there, or you would not be here!

Tonight, oh, Beloved Ones, My Joy is so great for the privilege of speaking My Wishes, My Experiences to you; for only so short a time ago I stood where you are today. This is not a far-off thing, Dear Hearts.

It is such a recent Experience that It should touch your Hearts and feeling world. Qualify It with your conscious, certain knowledge that if I could accomplish It, then you can too. Do you not see how all this is an Example to the outer world? It is an Infinite, definite, All-powerful Truth and Reality! It is an Example to you that you should attain your Freedom and Ascension without question.

Blessed, Beloved Ones, no words can describe Our Love for you and the great Desire which pours forth without limit into your feeling world, to assist you unto a like Accomplishment. I know now–so far as financial supply was concerned–I was provided for, while all this great search went on. Through the kindness of My father, who grubstaked a man in the diamond fields in South Africa, the Great Law provided for Me.

Precious Ones of today, oh, do not, please do not ever allow your human self to make you feel once again that you can be deprived of the money you desire for your happiness, comfort, or anything else you need. Only as you allow doubt to govern is there lack in your world, for the "Presence" is the Treasure House of your world. It is, and I know it now! From the Ascended State I can see how the "Presence" was acting then, but I did not know it. It enabled Me to have the time for free search. Today I see why that long search was necessary for Me, because it was building up the strength, power,

and momentum which I needed when I met this Good Brother.

Your activity in the Acknowledgment of your "Presence" is calling It forth for the accomplishment, as you think, of your problems today. Oh, Dear Hearts, it is beautiful and wonderful; but the accomplishment of solving the problems, do you not see, is only a fragmentary part of it. It is the momentum that you are gaining which is the Victory of the accomplishment of your so-called problems. One day it will stand there in full power and strength for your Final Victory.

Oh, Beloved Ones, do you not see how all is within the great power of the final accumulation of the Energy which enables you to sweep forward into the Freedom of your Victory and Ascension? It is the Victory, the end of all human pilgrimage; for you never again re-embody as you are today, after your Ascension. You have your Eternal Light Body then. You may go where you will in the Universe; and do you not think I have had a good time since?

Beloved Ones, I have not been idle a moment. All of the wonderful Places I have seen in those Great Octaves of Light–the Heaven of Earth! Dear Ones, I have seen such things as are inconceivable to the human mind today. Yet every one of those magnificent things is as tangible and real in those Octaves of Light as your physical places are today.

I bear witness before the World and the Universe!

Even in so short a time I have seen so much; for I have never stopped in the great Acceptance and Glorifying of My World with the actual Knowledge of going from place to place and seeing firsthand all of these great, these marvelous things which the whole World is one day to know. Then, you can understand how great is My Joy for being given this Privilege tonight to speak My Heart to you and to try to have you feel Its Earnestness, Its Joy, Its Happiness, and Gratitude to the Great "Presence," to Saint Germain, and to this Good Brother.

In this great stillness, just let yourselves be flooded by the Glory of My Feeling and Conviction. Accept It, if you will! Qualify It to expand with great earnestness and speed to assist you, to glorify you with all the Courage and Strength which I have and feel in the gaining of My Victory, that It may give you all the Assistance you require for the same great joyous Achievement! Feel the fullness of It sweep into and abide in your being, acting there with full Power and holding you first in Its Great Calmness, and then in Its Joyous Assurance of your Victory; for only in the calmness of your feeling world can you gain quickly the Victory of your "Presence." *Feel It!*

Oh, Great Host of Ascended Masters! Charge My Feeling into the feeling world of these Beloved Ones, all the Students in Los Angeles and southern California. Charge My Feeling into their feeling

world–My Feeling of the Glory and Victory, oh, so recently achieved. Glorify every blessed one who has turned aside from this Light through some falsehood which has been spread to them–bring them back, oh, "Mighty I AM Presence," into this Great Pathway of Light again!

Hold them so firm in Your Consciousness, so firm against the falsehoods that the sinister thing tries to feed into their worlds. Oh, sweep it out, Glorious "Presence" and Great Host of Ascended Masters! Hold these beloved ones and those who have momentarily been drawn aside–hold them in Thy Mighty Tube of Light until no longer can falsehood turn them from the Pathway of Light. Oh, "Mighty I AM Presence," reach out Your Arms and Your Hands; bring into this coming Class [Pan Pacific] these beloved ones who have turned temporarily aside! Glorify them with the Truth which they know in their Hearts, but which through the foolish human intellect accepting falsehood has made them turn aside. Bring them into Thy Great Flood of Light, oh, "Mighty I AM Presence," and give them the strength and courage to stand against the falsehoods which have been uttered! Make them stand forth in their own Freedom and Light.

We make this Call tonight. There shall not anything turn the Students aside from this Great Pathway of Light ever again! So shall I, with the Great Rays of

Light, watch over and pour forth such a Power that It will silence forever every discordant thing, every individual, who tries to pour out falsehood concerning these Messengers and the Light. They shall cease, until one day they see their great mistake and turn again to the Light.

Stop the treachery of anyone who would come into the Class of these Loved Ones and then go out and spread falsehood concerning it! That thing shall cease, for I shall watch and stand guard! No longer shall such a thing go on. I love this Good Brother as few can understand in the outer world. I told him I would render the greatest possible Service to him. So shall I, by standing guard to protect him, his loved ones, and the Light which Saint Germain has brought forth. I do it of My own conscious Volition, of My own Great Love and Power, and I am not limited in the Power I shall use! Spread this everywhere, Beloved Ones! Tell the people that David Lloyd, who made His Ascension on Mount Shasta, is standing guard over these Loved Ones and this Light! Let those deal with Me who want to harm them.

I have asked this Good Brother not to repeat My Name, but tonight I give it to you Myself. So, Beloved Ones, stand in the Glory of the Wondrous Light of your "Mighty I AM Presence." Be the fulfilling of the Perfection which It is! You have the strength! You have the Power! Yours is the Joy! Your "Mighty I AM

Presence" will release all the Strength, Courage, and Power you require for any given purpose, if you will but call It forth into action.

Never allow your human to cause you to feel that you cannot draw forth enough Power from your "Presence" to do what you require in your world. It is not true. Your Call does release all the Power you need for any given achievement and for the Glory of your Ascension. Do not let your human qualification act to prevent your entering quickly into full Freedom. "The Light of God never fails," and that Light is your Life!

Today I call forth the fullness of this Great Power. I call forth the Fullness of your "Mighty I AM Presence," to take command of your minds, bodies, your homes, and your worlds; to produce Its Perfection and hold Its Dominion there; to make you dauntless before the face of man, and enable you to refuse acceptance of any discord or falsehood which may be uttered in the world about you!

Stand forth in that Mighty Light and move forth Victorious in the Light, glorifying your home and families with the Glory of the "Presence" which never fails. It could not and never will fail. May Its Light blaze forth from your Heart, filling the world, your world, until there is no longer anything but the Light– "the Light of God that never fails"; the Light that is the "Mighty I AM Presence"; the Light that beats your

Heart and is in every cell of your body! EXPAND, O LIGHT! O LIGHT! O LIGHT! Expand within these loved ones, and assert the Glorification of Thyself, forever sustained. We thank Thee.

THE OLD MAN OF THE HILLS' DISCOURSE

SINDELARS' GROUP – LOS ANGELES, CALIFORNIA
March 25, 1937

MY CHILDREN, from out the seeming Mysteries of Infinity has come Freedom to mankind, in the Glory of this simplified Instruction which your Beloved Master Saint Germain has brought forth. In all My world of experience, none so great has ever come forth. Think, My Precious Children, today in a World so greatly in need, all symbology and expressions which have been so confusing to mankind have been withheld and will no longer be allowed to act in the World.

That which was once understood through great symbols–and it was once necessary to use them in former cycles–has passed! Mankind today must have the Law of Life in the simplicity of the "Mighty I AM Presence." Oh, Beloved Ones, while I speak to you tonight, will you feel as never before the Mighty Import of those Words–"I AM." The Great, the Greatest Creative Word in the Universe is given into your use without limit. It only remains for you to apply It with firm determination to enable you to stand in the Octave of Light where We do.

Think how long We have endeavored to minister to mankind, and yet have seen so little evidence of accomplishment. Even that which has been accomplished was but temporary. Now today, in this Great Knowledge, this Great Wisdom in Its great simplicity which the Beloved Saint Germain has brought forth, mankind shall again be free. Not for more than two hundred thousand years has mankind had such an opportunity! I plead with you, oh, My Children, feel how important it is that you apply, apply, and never weary of applying this Teaching of Saint Germain, which is absolutely certain, and without question will bring you Freedom from every limitation, and then your Ascension.

The struggle of mankind through the past few hundred years has grown more and more fierce, as the vibratory action and speed of all activity has intensified. You yourselves must see and know how great has been that speed. In your language, that "stepped-up" activity has meant so much in transportation. Then, will you realize that within your human forms there has been taking place the same identical activity, in the increased speed of the vibratory action within yourselves? It is the same as has taken place, only in a cruder manner, in your world of transportation.

From the man with the rod and pack upon his back, have come your marvelous airplanes today.

Still more wonderful ones will come forth ere long. Think in how short a period such transcendent progress has been accomplished.

You stand today, Beloved Children of the Light, in the Open Door of so much greater Transcendent Activity. Even that which is within your own scope of comprehension seems small indeed compared to it. You must realize now that in all of the Magnificent Assistance which is being given you, no one should ever for a moment feel discouraged. After having battled the forces that sometimes rock a Planet, then today, when you have before you your freedom, how can anyone ever again feel weary or discouraged?

Do you not understand, oh, Beloved Ones, that through the centuries you have continued to battle these forces of human creation continually? Now you have before you the Remedy–the certain, definite, sure Remedy. How can you hesitate? How can you ever feel–ever again–doubt or fear? With the Knowledge of the Greatest "Presence" in the Universe which gives you Life and beats your Heart, how can you ever again fear?

I, tonight, give forth to the Beloved Students of California, America, and the World, in My Humble Way, My Assistance to enable you to be free, more determined in your Application, and yet always with a great calm serenity which knows the Mastery of conditions which have heretofore terrified you.

Such is your right, such is your privilege, such is your authority, your ability. Will you allow Me, tonight, to give you such Strength that no one in California who is earnest in his Application of the Light will ever feel again one moment's doubt or fear? It seems strange how sometimes lovely Students of the Light will accept human suggestions that make them doubt this Great Truth which Saint Germain has brought forth. They even doubt the great honest sincerity of this Good Brother, who has brought forth the Great Reality of the Law to mankind in being the observer of the Great Law of Life.

Last night, those who were present had such a transcendent privilege of hearing One who has so recently achieved the Ascension, describe to you Her Experience. Beloved Ones, no longer waver, but with firmness and unyielding determination go forward in the Radiance of your own "Mighty I AM Presence." There is naught that can stop you! Nothing can interfere with you or prevent you having your quick and sure freedom! Oh, I plead with you, do not longer listen to human gossip and suggestions which make you waver and feel disturbed. The pity! Oh, the pity that mankind will longer gossip or accept vicious suggestions of another.

We are striving so earnestly to help you to set yourselves free, but without your cooperation and obedience it cannot be done. Your Free Will must

be utilized—and joyously—in order for you, oh, Precious Ones, to reach the Glory of Eternal Light and Freedom. We, who have watched through the centuries, century after century pouring forth, sometimes feel great Joy at the accomplishment. Then again, We see mankind relapse into the chains of their own creation.

This time the Light's Victory is permanent, and do you realize all of this is due to your Beloved Saint Germain? No one else chose to go forth and take the consequences of success or failure! He did! He won the battle! Praises ever be to Him! Why was it so? Because under the Great Cosmic Law, being of the Seventh Ray, He was the One to try it out. When He said to the Beloved Messengers: "I have started this Great Law in Action; My Success now depends upon you, whether you are strong enough to stand with Me"—and they have been.

As the Beloved Messenger reminded you tonight, you have now become the Guardians of this Light. We shall be happy to give you the Assistance to be the full Guardians of the Light which has done such wonderful work in California.

Now I must, because it is the Law, commend Mrs. Fisher in New York and Mrs. Ekey in Philadelphia for the transcendent work that they have recently accomplished, because it has made it possible for the Messengers to go there again.

How wonderful it is to know how the Great Law raises up those who are strong enough to go forth dauntless before human creation, which deprives so many of their Freedom in the Light.

Today, you beloved ones in California have banded together in these very wonderful Groups of people. The Light, when you are gathered as you are in this room tonight, from the Higher Octaves becomes a dazzling, blazing Sun of Light. Would you believe that, and would you like to see It? One day you shall!

The human is so strange, is it not? It so hesitates to accept what it cannot feel and handle. Yet the greatest thing in the world in all activity is that which is invisible! You all know this! The Life that gives you activity, you do not see It, do you? The radio which carried the lovely Message tonight from the lovely Messenger–you did not see its activity, but you heard it! Then do you not see how in all of the greatest activities, all Life's action is invisible? Yet you have the use, blessing, and benefit of it.

Look at your great motors, look at your great engines. You do not see the operations going on in them–I mean the one who is not familiar with them, not the engineer; yet those who ride upon the train or within the airplanes, you are not as a rule familiar with that activity which is going on in the engine as it carries you through the air or over the rails to your destination. Yet you accept it and use its blessing.

Let us be very practical tonight, that once and forever there may be erased from your consciousness, whatever causes doubts and fears within you. Why do human beings continue to let the accumulated suggestion of mankind dominate them–for that alone causes fear and doubt? Do you think the Life which beats your Heart accepts doubt or fear? It cannot. Then what is it? Just the accumulation of human consciousness,

Now today you understand how to enfold yourselves in Light's Invincible Protection, and how to use the Violet Consuming Flame to free yourselves from all discordant accumulation. If you will not do it, then you must remain in your limitations; but I plead with you–you who have been so earnest–use this! Do not cease when you are so near your Wondrous Victory.

Remember, your world is a world of your own. You are calling forth the Action of your "Presence." Thus you can and are surely clearing your world of all accumulation of the centuries. I plead with you, continue until the fullness of your achievement is attained. Then you will feel the great Outpouring from your "Presence" acting more and more quickly, until no longer does any doubt or fear touch your consciousness.

This Good Brother is a living proof before you, and those who knew him years ago know the Victory

that is his. You can all do it. We have watched him pleading, pleading, pleading with the people to stand guard over their worlds, to shut out all inharmony, that the full, Pure, Perfect Energy and Substance of the "Presence" can flow forth to fill their worlds with the Perfection which the "Presence" is. He will continue until you realize the Glory of the Scepter of the "Mighty I AM Presence" is in your hands, to command your world to be free.

Beloved Ones, tarry no longer! Arise in the Glory and the Light of your "Mighty I AM Presence"! Apply this Law with determination, and never can Victory be withheld from you. Do you not see, Beloved Ones, it is only as you waver, that disturbance intrudes? Out of the Glory which is yours, oh, Beloved Ones, comes all that is good! Never doubt for a second that every Assistance through the power of Radiation is being poured forth to you constantly, and no sincere effort is ever lost. Every step you are gaining is sustained. You cannot slip back!

Tonight, in the great calm atmosphere by which you are surrounded, in the great stillness and quiet which all need so much, you who have had difficulty in stilling your outer self will find much less difficulty in the future from tonight, with this Contact. May I remind you just why these many Dictations have come forth in such rapid succession? To charge you and your world!

For while you are listening to the various Ones, a great Consuming Activity is going on. How and why? Because you have made the Call for the Violet Consuming Flame to dissolve and consume all discord and undesirable things from your world. So now in this Call can the Assistance be given.

It is a joyous thing to see what is taking place as the various Ones have dictated to you, each One supplying a certain Quality that you need. Think of it, that you may feel–I know most of you do–that all may feel the deepest gratitude possible. Dear Ones, think what it means for all these Great Beings to take the time from Their Great Cosmic Activities to come forth and give you the Assistance which They do in these activities. Think of it! Think what it means to you! As you feel the greater and greater gratitude, praise, and thanks, you will feel how much easier it is for you to make your Application; to feel the courage and confidence you require; to give more dynamic feeling, and therefore produce more rapid results.

You cannot fail ever in your Application! We, from the Ascended State, are also decreeing this for you. Look! As you are decreeing for yourselves and for mankind, then do you not see, Precious Ones, that you have opened your Door for Us to not only pour forth through the Light Rays the Radiance to you, but you have made the way definite for Us to give you the Assistance which your Hearts so greatly crave?

Now because We do not immediately pick you up and set you into Eternal Freedom and Opulence, do not think that the work is not going on just the same. If We did that, you would cease making conscious effort, would you not? Until the human is fully dissolved, it will assert itself if the human form is given nothing to do. That is why the Messengers and We are calling forth action into your Life and world, because you must be active in something, Dear Hearts. Your mind must be occupied in some constructive activity if you want to have the greatest results.

Sometimes individuals make the great mistake of endeavoring to call forth the "Presence" all the hours of the day. That is not wise. You do not have to keep calling the "Presence" all day long, except where you are giving your twenty-four hour service. That of course is a very marvelous thing; but I mean in individuals' own lives. Do you not see, Precious Ones, how if you will utilize morning, noon, and night to give forth your dynamic Decrees and Application for that which you require, then give your attention to the other activities of the day, you will find wonderful, wonderful results? Sometimes individuals in their great earnestness keep in meditation too long; or they keep revolving things in their thought and feeling until unknowingly, they make the things they do not want more real than the things they do.

Be so practical, Beloved Ones, in all that you do.

When you apply, apply dynamically, firmly; then go on with your other outer activities, until you feel impelled again. Then give it again. With firm determination call your "Presence" to take command of you and give you today the perfect thing every hour of the day. You will soon come into the marvelous Application which will not weary you, but will keep you in great joyous contentment continually. That is what We so much desire you to do.

Now watch, will you, every one of you? If you begin to feel weary in your Acknowledgment of the "Presence," it is because the human is trying to be the doer. If you become discouraged, it is the human. Then simply say: " 'Mighty I AM Presence,' now You are the Doer, through my attention to Thee. All things are in Your Hands. You take command and see that the perfect thing is done, and that I do the perfect things also." Then you will have no difficulty, I assure you.

Remember! We who have come forth to speak Our Wishes to you, have made Ourselves a part of you. Think of it! We have willingly made Ourselves a part of you. Now you will not disappoint Us, will you? You would not think of disappointing Us in this Perfection which We decree for you. Therefore, will you buckle on your armor, the Strength of your "Mighty I AM Presence," Its Courage, Its Dominion, and let It act to your great Joy and Freedom forever?

In the fullness of the Great Light which is the Light within every cell of your body, I command It to take on definite action for your Freedom; to expand in Divine Order until all the density with which you have clothed yourself, clothed the Light–the Light pattern of your human form–is dissolved and you stand forth Free in the Radiance of your "Presence"!

Will you not accept this tonight as I call It forth for you, to become Eternally Sustained and Active for your blessing, happiness, and freedom? Feel the full Glory of It acting within you this instant, and glorify It with Me, to be Eternally Sustained and Active there, to produce Its perfect results without limit–that all human accumulations about you be now dissolved; that you go forth a Free Being of Light, which you are; and in the Mighty Directing Intelligence of your "Mighty I AM Presence," receive, be, and act Its Mighty Glory.

When you wish to determine your activity, say, "Would the Ascended Masters do this?"–and you will have no difficulty in determining your field and mode of action. Be free from all human limitations this night! Accept the Full Freedom which is yours, and do not, I plead with you, allow any activity to take place in your feeling world that will in any wise annul this which is offered! Accept, feel, and be the Free Glory of your "Mighty I AM Presence"

which is released to you this night.

I charge this activity of the *Voice of the "I AM"* with the Mighty Perfection of the "Mighty I AM Presence," the Ascended Host of Masters, the Legion of Light, and the Cosmic Beings–that this remain in a mighty harmonious activity, that no human creation has any power to qualify it with anything but Harmony and Perfection, that the feeling of its activity and blessing to mankind may ever expand, until all mankind know the *Voice of the "I AM"!*

Your Beloved Master Jesus decreed that this Magazine go forth. Your Beloved Brother Mr. Sindelar accepted the responsibility and the charge. Then you, as Students of the Light, it is for you to pour forth such a blessing that only harmony reigns within the midst of his activity in the tremendous work which is required. Will you not join with Me in this always, and see that no quality of criticism ever goes forth against him or against Mrs. Ballard, who works so ceaselessly and earnestly so this material may go forth in a beautiful, marvelous manner for your blessing and that of mankind?

Remember, Beloved Ones, these blessed ones work night and day so these things may go forth on time. Yet there are those so unfortunate as to criticize them if a few days have passed beyond the time expected. Remember, Beloved Children, My Children, you are Guardians of this Light! You are Guardians of the

Voice of the "I AM" as It goes forth to bless all mankind. Then if you allow discord or criticism to pass your lips, you have joined the sinister activity to longer withhold the Glory which the Great Radiance poured forth through the *Voice of the "I AM"* brings.

Beloved Ones, My Gratitude is boundless for those who have been willing to send forth the Books without limit everywhere. Remember, Loved Ones, every Magazine has a definite, powerful Activity in It to bless mankind. It is sent forth with that purpose, with that intent. Each one has a glorious Activity within Itself. So, Beloved Ones, spread this everywhere; and when one would feel impatient, silence it by reminding them of the nights and days these blessed ones serving work, that these things may be accomplished.

Now that your Decree Book will soon be out, oh, Beloved Ones, APPLY! APPLY! APPLY them, until nothing in the world stands before you or between you and your "Presence"! Only as you apply, Beloved Ones, can you have your freedom. No one else can do it for you. Everyone can help, but you alone are the decreer of what shall be in your world. Feel it definitely. Give your Command! Stand by it until the fullness of that Decree finds manifestation in you and your world! Stand glorified forever in the fullness of the Mighty Power which is your "Mighty I AM Presence." There is no other Power in the Universe to act but that–your

"Mighty I AM Presence."

So remind the outer often that no longer can it have even a suggestion which would disturb you in your onward Application and freedom. It is rushing unto you and your world through your Acknowledgment of the "Presence." As you continue to hold harmony in your feelings, nothing can stop the Glory of your "Presence" rushing forward like a mighty avalanche into your world to produce Its Perfection, hold Its Dominion, and supply you with every good thing in the World.

I ask you tonight, oh, Beloved Ones, even more intensely than you have been calling, call the "Mighty I AM Presence" to reach out Its Hands everywhere and bring subscribers to the *Voice of the "I AM,"* that all mankind may be blessed! Do you not realize, oh, My Precious Ones, that in your Call for the "Mighty I AM Presence" to reach Its Hands out everywhere and bring in subscribers to this Magazine, the Mightiest Power in the Universe is set into action to produce it?

Again with your supply of money or whatever is required, Precious Ones, call your "Mighty I AM Presence" to release limitless abundance from Its Treasure House–to reach out and bring into your use the supply you require, through the Power of Divine Love. You cannot be deprived of that which you require for your use and happiness. It is a great

Law of your Life, oh, Beloved Ones. It is not anyone's opinion, but a Great Law of your Life that must be, must act at your Call, must answer your Decree, must fulfill your requirements when called into action with earnest determination. It shall be done!

In the fullness of the Blessings of Infinite Light, I enfold you, all Students in California, America, and the World! I send forth to New York and Philadelphia the Glory of the Radiance which I wield, to bless, to expand those mighty activities there, until all may be saved from that which is threatening.

Great Infinite Cosmic Light! Come forth before these blessed Students of the "I AM"! Clear the way! Set them firmly upon their Pathway of Light! Hold them there dauntless until their full power of achievement is attained. We thank Thee it is done and sustained forever, unto the Perfection and Ascension of everyone. We thank Thee.

OUR BELOVED BOB'S DISCOURSE

YOUNG PEOPLE'S 100% GROUP – GLENDALE, CALIFORNIA
March 26, 1937

MY BELOVED Brothers and Sisters in the Light, tonight is My night of Joy in being able to convey to you something of that which I have experienced since this Beloved Messenger came to the Rayborn home. In My contact with him and then with Saint Germain, how little the first day when he came into Mr. Rayborn's mine, did I realize what was to follow. You beloved ones today cannot possibly imagine in your outer human sense the Beauty, the Perfection, and the Successful Achievement which is before you in your Acknowledgment and Application of the Law of your "Mighty I AM Presence."

I shall never forget the first touch of this Knowledge of which I became outwardly aware. It was when this Good Brother came to the mine with Mr. Rayborn and selected the spot where the tunnel was to be driven in–where I thought it was not possible for any value to be. Yet afterwards it proved the Wisdom of Saint Germain, even to the exact number of feet the tunnel was to be driven to reach the ore body. The tunnel did reach it and

every particle of it was exactly as He said it would be.

Can you imagine what it meant to Me when I saw it all fulfilled? I am frank to say I thought Mr. Rayborn was crazy when he started that tunnel, because from a geological standpoint it was thought to be impossible for such a thing to occur. Yet it was, and is there today.

Now to return to Our Work: At the time We left for Arabia and India, We met the Beloved Leto our first night out on the Atlantic, at dinner. She immediately took us into training and taught us how to leave the body consciously and at will–and what rejoicing We experienced! I presume I was the most enthusiastic of all, for when I found I could get out of that body and be free, I did not lose any more time. It is such a joyful thing, Beloved Ones, to know that you–the Real You–are not bound to your physical body when you understand the Law and how to operate It.

Our Beloved Lady Master Leto with such great Grace and Kindliness taught Us the very first evening how to do it. We were able to go and come from the body from that time on, without further Assistance. Your Higher Mental Body, Dear Ones, is the Thinker, the Doer of all that is good. While your physical bodies might have all the faculties still in them, yet without that Stream of Energy governed by your Higher Mental Body, your

"Presence," you would not be able to move your hand or anything else.

This is one thing I wish to convey to you tonight: Everything depends upon the Acknowledgment of your "Presence"; for then your Higher Mental Body has the full Power and Authority to release whatever Mighty Intelligent Energy you require into your outer world and activity. Without such Acknowledgment, only enough energy goes forth to just sustain Life. Do you not see, Beloved Ones, how ordinary people without this Understanding of the "Presence" are using less than ten percent of the great Energy which is ready for their use? Is it not too ridiculous, too stupid for words, to think that we have not reached out with enough intensity even to God–all Light–to release these Great Inner Powers which all of us have?

With Myself, when the awakening started, it was so tremendous–and I, without knowing it, was so ready–that after the first experience of which I just spoke, concerning the activity of Mr. Rayborn, it seemed to Me there never was another doubt in My whole feeling world. I accepted everything else from then on readily and joyfully. Of course that accounts for My rapid progress and the Expansion of My own Light which took place.

Then we arrived in Arabia, in that wonderful place. Just try for a moment to feel this as I give you a little

general description of how I actually felt, for I still retain that marvelous feeling. When we were driving along over the desert–nothing in sight anywhere but the low hills some distance away–suddenly the floor of the desert opened like the jaws of a great creature, and our automobile drove right in; the great jaw closed, and the desert floor was as usual.

Dear Hearts, can you imagine the feeling of one knowing so little about this Great Law as I did, when I suddenly began experiencing the marvels which came through It? Then We went into that great buried city and the great rooms underneath. There everything was spotless, and the Great Ones were moving about doing Their Work.

In Retreats of that kind, those who are serving rarely speak a word unless spoken to, because they have learned the Law of Silence and the waste of Energy which goes on through the general chatter of mankind, for it is of no particular consequence. When We observed them working, I realized as never before what a Great Being Saint Germain was.

I had seen Him do many wonderful things. The dinner He precipitated at the mine in Mr. Rayborn's little bungalow was a marvelous thing; but the things that followed afterwards were so much more wonderful. Today what seemed so wonderful at first is quite commonplace now. They do such marvelous things in teaching the Students the use of the Light

Rays. They can project Them, for They are tangible Substance, Dear Hearts! Remember always in your use of the Light, that Divine Love and Light–which are synonymous–are Self-luminous, Intelligent Substance. Therefore, when you pour out a great volume of Divine Love to someone you love–a person, place, condition, or thing–the Self-luminous, Intelligent Substance enfolds that one in the Perfection which It is. It produces for you and for them a wondrous activity.

You have all heard the Promptings of the Ascended Masters to use Their Ascended Master Consciousness. You must no doubt realize that this means the identical Self-luminous, Intelligent Substance of which We are speaking. The Consciousness of the Ascended Masters is the Substance which is charged with the Consciousness of Their Victory through Self-conscious attainment–Their Ascension.

Now mark you, when you call the Ascended Masters' Consciousness and Substance into action in your mind, body, and your world, that carries with It the Consciousness of Their Achievement. Therefore, do you not see, Beloved Ones, that in calling forth the Ascended Masters' Consciousness to your assistance, you are charging yourself and world with that consciousness which has already attained? Then, you see, it is so much easier and you will more readily turn and use these simple Laws of your "Mighty

I AM Presence" for the Expansion of your own Light.

In the use of the Light Rays, it so happened that We all chose to render the same Service, which the Divine Director Himself said was unusual. Therefore, in Our Service since, it has been almost indescribable, the things which We have been able to accomplish individually, in state and government. This has all been done through the projection of Light Rays, which, mark you again–do not ever forget this–are Self-luminous, Intelligent Substance.

If I were to tell you some of the things that had been done in the recent strikes, and show you how the Substance of these Light Rays dissolves discord and enables individuals to reach an adjustment, you would be not only greatly delighted, but rejoice at this Service which is being rendered. It is steadily and surely dissolving and dispelling all of the vicious, discordant qualities generated by mankind. Those qualities are being used today by that which you know as the sinister force to still try to drive its destruction into mankind.

Therefore, Precious Ones, you do have sufficient understanding to call forth, as you see in the Chart, those Rays of Light pouring out from the "Presence." You can now begin to call forth those Light Rays from the "Presence," for They are Self-luminous, Intelligent Substance. When you call the "Presence" into action to project Them to a given

point, you are rendering the identical Service that We render, only in a lesser degree. The "Presence" will always perform whatever Service you require.

Do not let your human self cause you to doubt or question, when you have called these Light Rays forth; for It will do all you require and quickly. As you practice this, you will find that you have at your finger tips the use of a Great Law. It will delight you and give you the greatest possible Happiness and Freedom–far greater than anything the outer world has to offer today!

The happiness of the human senses is but fragmentary, Beloved Ones. So few years ago, I Myself knew nothing in the outer consciousness about these Great Laws. Yet today I am able to apply Them with such astonishing Results that I never cease to marvel at it Myself. Because of the previous preparation and Expansion of My own Light, it was possible for Me to enter quickly into this Activity with Rex, My sister, and Nada.

The joke on Me was that Pearl, My sister, was being trained years before I ever dreamed of it. Even from a little girl, Saint Germain was training her. Yet she kept it perfectly silent from every living soul on Earth. When she came to Me at the mine, then We discovered she had known Saint Germain for many years already.

So Dear Ones, in mentioning these personal

experiences to you, I want you to realize how little the outer self knows what is actually going on about it. Once your attention is called to this "Mighty I AM Presence" which beats your Heart, anything in the world, Beloved Ones, might take place for you. No one in the outer knows your preparation or how great the Light has expanded within you.

Tonight it has been My Privilege to observe your Light; and that is why We can, from this night, be of much greater Service to you. We see the expansion of the Light within each one of you, and know what is necessary to be done to give you the greatest Assistance. Will you not feel how much We love you, and how much We want to render you any Service which is possible and the Law of your being permits, that you too may quickly enter into the Freedom which We now experience?

Oh, Dear Ones, I wish the Law of your being permitted Me to say certain things to you tonight which I observe here. Your joy would be boundless; but you must make your Application, for only by that do you gain the permanent Victory. This is the same reason why Saint Germain would not do certain things for these Beloved Messengers. Because in the necessity of the outer world, you are compelled to make the Application which you would not do otherwise, if you had all within your use that you desired. Therefore, in your Application the Energy is released which builds

a momentum that makes for your final Victory and the Ascension.

Just as the Good Brother [David Lloyd] who spoke the other night explained to you, that through His long search He gained the momentum that enabled Him to attain the Final Victory–today, in your Application and through your attention held on your "Mighty I AM Presence," you are building a momentum which makes for your marvelous, wonderful Victory. You will achieve It! You would be amazed, some of you precious ones, if you knew the Service you could render. You know one gets sorely tempted sometimes to tell you; but only as the Law of your being permits, is it done. Tonight will you accept from Me the Encouragement, Strength, and Assurance which I know must be for your definite, certain Victory?

As you go forward in your Application of the Great Law, there are a few things which are essential. Refuse absolutely, as I see so many of you are doing, to listen to any gossip or discordant voicing of anything that comes to your ears! Refuse acceptance of it into your world! Refuse to send out discordant feeling to anything, any condition, or anyone! Then you keep yourself so harmonized, that as you call your "Presence" forth into action, Its Powers flow through like a rushing river.

You know, when you lift a gate in a dam, the water

rushes forth. Your harmonious feeling maintained and your Call to the "Presence" are just like lifting the floodgates of your being; for the Mighty Power of the "Presence" rushes forth into your world, giving the Service you require. Your Call to your "Presence" is just as definite! Because you do not see It, makes no difference. The "Presence" acts and the Energy acts! Hereafter, in your Call to the "Mighty I AM Presence," will you not feel this? Feel, every time you call to your "Presence," that you simply lift the floodgates of your being and Its great Inner Power rushes forth to release the Service you require. I Myself have had tremendous results from this feeling, and if it will help you, then I shall be glad.

Anyone who has ever had his attention called to the "Mighty I AM Presence" can no longer be in limitation of any kind. He need not experience any kind of ill health. The instant some appearance of distress comes within yourself, or an appearance of limitation enters into your outer world, refuse acceptance of it; give it no energy to act in your world. Say to any disturbance in your body, "Get out! I refuse acceptance of all disturbance!" And it will obey positively.

As you practice this, you will have no difficulty in controlling not only the feelings in your body, but the energy which goes out into your world. You will learn to feel such a definite focus from here–your Heart

Center–that It will be like a Ray of Light going out and holding Its Focus of Light steady until the work is accomplished. It is the easiest, most wonderful way of accomplishment, Beloved Ones, that could ever be conceived for mankind.

You no longer have to struggle and battle with the things of the outer world when you call the "Presence" into action to hold you firm in the Pathway of Light. Clear out of your Pathway of Light everything discordant. Call your "Presence" to take you forward quickly into all you wish to achieve, and you will have no difficulty in doing it. Your "Presence" knows no resistance or interference, and when you call It into action, It goes forth anywhere in the Universe to fulfill your Call.

If you are not having results, remember in your feeling world there is something obstructing the way. Then call the "Presence" to take out of your world whatever the obstruction is. Then, the Power of the "Presence" will flow on to do Its Perfect Work. You are not subject, Precious Ones, any longer to the conditions which exist in the outer world!

You beloved ones who are musical or have artistic talents, utilize this Knowledge of the "Presence" to Its fullest extent! Everyone can speak and sing with the Voice of the "Mighty I AM Presence." For your hands, if you are artistically inclined or wish to play instrumental music, say: " 'Mighty I AM Presence,'

these are Your Hands! Take command of them! Produce Your Perfect Harmonies, Your Perfect Beauty and Perfection through them." Then you will make your hands a perfect channel for your "Mighty I AM Presence" to use, and the most wonderful things in the world will be produced.

In My experience up until I met Saint Germain, I had not the slightest inclination to paint, and apparently no artistic temperament; but recently, I produced one of the most remarkable paintings, which I hope one day to bring forth into visibility for you. I found that whatever I called for, comes forth into action. This is what I want you to feel. Anything upon which your attention is fixed, the "Presence" will bring forth and produce the results–whether it be in music, art, the supply you require, or whatever the activity is.

It matters not, for the "Presence" will produce the result for you through the power of your attention, your vision, and qualification; but do not allow your human self at any time to interfere with that. When you make your Decree, stand by it! When you call your "Presence" into action to perform a certain service, stand by it; for nothing can stop it but yourself!

Tonight, Precious Ones, may I convey to you the Love from Pearl, Nada, Rex, Mr. and Mrs. Rayborn, and David Lloyd, who love you so greatly. They will be of great Assistance to you and all the young people

of America. One day all the "I AM" Students, all young people will meet in one great conclave! Maybe you think I am prophesying–I am not prophesying; but it will be! It will be a very wonderful thing! You know, when the Ascended Masters plan something, it always works out. Is not that a wonderful thing to know? There is no human obstruction that can get in Their way. So We want you to feel this, if you will.

Remember, Beloved Ones, the Law of Life is Harmony. Harmony maintained is the Infinite Invitation for the Glory of your "Presence" to flood forth into your world, produce Its Perfection, and hold Its Dominion forever. Nothing in the world can interfere with it but yourself! The only way you can interfere with it is by inharmony in your feeling. That is easy enough for your "Presence" to control, if you will call It into action to do it.

Precious Ones, in the removing of habits or anything that you wish to get rid of, your "Presence" is the Power that does it. You but call the "Presence" into action to take out of you the desire which caused the habit, and to replace it by the Perfection of the "Presence." No matter what it is that has been accumulated in your Life, you do not care, because the "Presence" will take out the desire and replace it by the Ascended Masters' Satisfaction and Perfection.

This is how you can have everything that is beautiful, happy, and perfect in your Life, expressed

and acting there every moment. If you so choose you can do it, and it is sure. Call your "Presence" into action to produce the results, because the human of itself does not have the sustaining power to maintain Perfection. *Whatever the human does is but temporary; but by calling your "Presence" into action, you can have a sustained activity.*

It is because of the temporary action of the human that mankind has had relief and then the illness or condition returns. This has occurred simply because individuals did not know the Sustaining Power or Qualification. Before they knew it, the feelings became discordant and they began to accept the old condition again in the feeling. Then the whole thing recoiled. This is not so in your Understanding of the "Presence," when calling It into Action.

So tonight, with all the Love of My Heart, I convey to you the Love and Blessings of those who love you so much more than you can know in the outer, and who stand ready to give every Assistance. When you have called the "Mighty I AM Presence" into action, do not hesitate to call upon any of Us; and whatever Assistance We can give, you may be sure will be given.

We want you to go forth so victorious, so marvelous in your achievement! Do not let the human opinions of the outer world govern you. Stand firm in your "Mighty I AM Presence," calling It forth into action; and do not allow anyone to

make you feel that you are being deprived of any human sense activity. That is where you need to be firm and stand your ground against the suggestion of people who do not understand this Law. Such great strength is within you that I am sure no one of you will have any difficulty in holding your own in and with your "Mighty I AM Presence." With all the Love of Our Beings, We pour forth to you like a Mighty River Its Eternal Perfection. I thank you.

SAINT GERMAIN'S DISCOURSE

PAN PACIFIC CLASS – LOS ANGELES, CALIFORNIA
April 4, 1937

BELOVED Students of Los Angeles, great is My Privilege this day in voicing to you My Gratitude, My Boundless Gratitude for your sincerity, your loyalty to the Light, to your own "Mighty I AM Presence," and to My Humble Efforts. A great fruition is taking place, after so many centuries of effort. Not until this Understanding of the "Mighty I AM Presence" had been brought forth could mankind be sustained, or even that which was temporarily accomplished, be made permanent.

So, I give you these Words today as an eternal–an everlasting–stabilizing, encouraging Power to act within you and your world and produce the Perfection which you, through your Heart, desire. It is a long, long time since there has been released through the human forms of mankind such a Loyalty and Radiance as has come forth in this Class. I want you to know that for your own encouragement. When I see the precious, beloved Students willing to even make sacrifices to give assistance for the broadcasts which will reach so many people, then My Heart thrills with Joy and

a Gratitude which shall ever enfold you; and the Powers that I understand and wield shall enfold you!

From this Class there begins a Mighty Activity. We have asked permission of the Great Cosmic Light to encompass you today in the beginning of Its Action tomorrow. Thus shall you feel and have today that which will come into Its fullness of action tomorrow. Never in the history of mankind has there been the willing attention, obedience, and the great sincere interest in the Light that is being shown today. By the return of the Messengers to you in July, you will feel, or will have felt, many wonderful things.

You are beginning to realize, Beloved Ones, that this is not just another activity brought forth; but It is a permanent, established, Mighty Activity which is expanding within you and will always continue to expand. Even those who temporarily turn aside, through listening to foolish gossip, will return again and see their great mistake. So, Dear Ones, stand within your "Presence," untouched by human gossip or interference, knowing that all is within your grasp in the acceptance of your "Presence" and Its Application. The practicing of your "Presence" is the greatest thing on Earth.

Do you realize today what you have done in enabling this broadcast to go forth in New York? I think not, but ere long I am sure you will. You

have heard mentioned throughout the many years and centuries, the idea of brotherly Love. Is there anything greater than that? Is there anything greater than the Service you have rendered here? You are willing to make possible the spreading of this Knowledge to enable thousands and perhaps millions to hear It who would never have contacted the Work in perhaps many years otherwise. Aside from the Mighty Decrees which you have been issuing, doing so much for mankind and yourselves, you are transcending even that, in giving this to a still greater number of mankind.

I try to call this to your attention, not for any human praise, but because of the great Reality of the Light within you which has responded to the necessity and the requirement. You shall be blessed, Beloved Ones, you who have been so generous, for I shall see that you are blessed in ways which you do not know.

We from the Ascended Masters' Octave of Life, having accomplished Our Victory here, We must have the cooperation of mankind in order to release the greatest Power which We know and understand how to use. Only through your Call to the "Presence" can We release sufficient Power to govern the conditions that are confronting you today.

So much has been accomplished since the Messengers were in Honolulu that should I suddenly flash before you the achievement, you would

remember it forever. I want you to know that this is no idle thing. It is no human concept or someone's imagination, but a Mighty Activity of the Law of Life and Love which has gone into Action.

Your part of it has been tremendous in your willing obedience to call and call and call. Through your Group Decrees, such a volume of Intelligent Energy and Substance has been released into the mental and feeling world of mankind as to perform a Service almost indescribable. May I remind you today that in calling forth through your Decrees this Mighty Activity of the "Presence" and the Ascended Masters, you are charging into the mental and feeling world this Mighty, Self-luminous, Intelligent Ascended Master Substance and that from the Great Love Star.

This means only that substance remains to be purified which you have qualified in the past. Only it has power to longer act within your world. May I repeat those Words: "No longer has any qualification power to act in your world except that which has been accumulated up to this point." This means that former discordant causes cannot have any substance in the future to act in your world, because of your Call for the Substance from the Ascended Masters' Octave of Life.

The Divine Director, who will dictate to you tonight, has rendered a Service unparalleled thus far. It has been done through your love poured out

in this Class and the love from the rest of the sincere "I AM" Students through America and the World.

To Us, you must understand, there is no time nor space. We go to and fro in the World in Our Ascended Master Bodies–just as tangible, however, as yours. We require no time nor space. By that, I mean We may go from one part of the World to the other in two to three or four minutes, and that is what mankind needs to know today. They need to know this Freedom is for them! As you enter more and more into this Great and Mighty Consciousness of your Mighty "Presence," you will come to understand and feel thoroughly that the same Freedom and Dominion is for you.

It is amazing how mankind continues to believe that things to which it has not been accustomed, are impossible–just because they have not previously had information concerning such things, or their attention has not been called to them. You will find that you yourselves, ere many years are over your heads, will do exactly what you think today is impossible for you to accomplish. I am calling your attention to this now that you may watch it, if you will.

Again, I say to you: this is no idle imagination. It is a Mighty Power gone into action–your Power, your "Mighty I AM Presence." We, who have accomplished the Victory, stand ever ready to encourage, to strengthen, to give you of Our Life to sustain and encourage you unto your Victory,

and even your Ascension.

Oh, I plead with you, Beloved Students of the Light who have been in this Light for a year or more: never allow your human self or anyone else to cause you to question for one second your ability to make your Ascension, even in this embodiment. I tell you again that age as you know it, has nothing whatever to do with it. The Expansion of the Light within you has everything to do with it, and the human self knows nothing about that.

As the Messenger has so often said to you, do not limit yourself as to what the "Presence" can do for you and through you. Do not longer give power to limiting appearances. You have entered into a Mighty Stream of Light. It is All-powerful; but you still have Free Will. You still have the ability to operate your power of qualification. If you are not willing to give obedience to Harmony and hold It within your feelings, then you but delay the achievement and must wait that much longer.

I want to say a Word or two, a few Words, to you who are in these Groups. The pledges you take are to your "Presence" and no one else. Do not, I plead with you, go into those Groups out of curiosity, unless you are willing to fulfill that requirement to which you have put your name. You do not understand yet what it means, or the Action of the Law, when unfaithful to your own Light. Your Heart has always been willing,

but now your intellect has said, "Yes, I am willing to abide by this." Remember, you are acting under the Law of your Great "Presence," the All-Seeing Eye of God, your "Mighty I AM Presence," from which no single motive or act is hidden.

Sometimes the Messengers have pled with the beloved Students so long, yet they will go on doing the things that they know in their Hearts are a tragic mistake. They think that no one knows it. We cannot help knowing what is within your motive, what is within your world–for it is imprinted on the atmosphere about you, because every thought, feeling, and motive is a record which We have to read. Not that We seek to do it, but if We are going to help you, We must read it. Will you not feel now today, and hold it forever, that the All-Seeing Eye of God, which your Higher Mental Body uses, knows every single thing that occurs in your Life, every feeling and motive that is there? Do not try to deceive your "Presence"!

I am speaking with all the Love of My Heart, for I want to help you. I want you to see, if you will, the mistake of just humanly entering into a thing without a pure, honest motive back of it. Remember, in your Heart Center, as well as in the Heart Center of the Staff who serve these two Messengers, must come purity, loyalty, and faithfulness if you are to go forward in the Light! Deception is an unpardonable thing anywhere

in the World, and above all in the Students who have come to know their "Mighty I AM Presence."

So if you have made mistakes (this is the point in which I am trying to help), if you have made mistakes–and you know, the Heart always knows–there is no one who can make excuses for it. Self-pity and vanity are out. They have no part in this Work! Therefore I want you to feel that I hold your hand to help you overcome all these things. If you have made mistakes, call immediately on the Law of Forgiveness and ask the "Presence" to wipe them out, dissolve and consume cause and effect of that mistake or any other. We are watching very closely all the Students, and We know everyone that is not sincere.

So Precious Ones, let Us help you, will you not? Will you not call on the Law of Forgiveness for any mistakes you have made? Then with your face to the Light, with your attention to the "Presence," call Its Mighty Powers and Intelligence into action to give you Self-control, Discriminating Intelligence, Mastery over your human desires. Then will you go forward quickly into the full Freedom and Glory which is yours.

I am taking this opportunity today to talk to you very close in your Heart. I feel your Heartbeat while I talk to you, for in that I am trying earnestly to help you free yourself in every way possible today. The Great Divine Director has rendered you a Transcendent Service. Only when you have made the Ascension

will you see how great it is.

Think of it, oh, My Precious Ones, of all the centuries that mankind has been compelled one by one to go into the Retreats, away from the discord of the outer world in order to gain this Victory. Now this Knowledge of the "I AM" is brought forth. There is also being given the Assistance of the Great Divine Director and the Others who have come forth to assist the Great Cosmic Light in the Perfect Work It must do for mankind. Mankind need not fail if individuals will give attention to the "Presence" as they have been directed.

In setting aside the third year for you, there has been released a Blessing never before given to mankind. You have noticed, at least you have heard Us mention step by step certain accomplishments for you. That again is not any imagination, but a Mighty Reality. Today as I speak to you, My Heart throbs with greatest Joy and Gratitude that you have been able to so bring yourselves into the Requirement that the Divine Director could do this for you. Not only has this Help been given to you here, but also to the "I AM" Students throughout America and the World. How and why? Because of your Mighty Decrees going forth in the mental and feeling world of mankind and being issued uniform throughout America.

Now do you not appreciate what your blessed brother Harry Rogers did, in compiling from the Books

and the Magazines the Group Outline, which the Great Divine Director asked us to use, that the activity might be uniform throughout America for this very identical accomplishment? It has been accomplished.

Precious Ones, will you not feel and allow a great deep gratitude to fill your Heart and world for this? To some of you it may sound like so many words. Oh, that you knew how much more it really means. Will you not accept–take advantage of this Opportunity; and with a greater earnestness, greater sincerity, and greater firmness, call the Great Intelligent Energy forth from your "Mighty I AM Presence" to act in you and your world and continue this Accomplishment with the speed of lightning? I tell you that it is possible at this point, if you will follow the directions I offer, to accomplish all with the speed of lightning.

Beloved Ones of Los Angeles, who have taken the initiative in much of the Call that has gone forth, it is very wonderful. Our blessed Mr. Sindelar! He has so untiringly worked to beautify and bring forth the wonderful material that has gone into the *Voice of the "I AM"!* How everyone in America should bless him. Within that blessed Brother are dissolving all human things, all human qualities. Each day more and more he is feeling the selflessness of that great Service which he chose to render, at the request of the Ascended Master Jesus. Such loyalty of Service is a Beacon-Light everywhere.

So also is the Service of you Group Leaders and beloved Students everywhere a Beacon-Light in that same great loyalty and selflessness. So too is the twenty-four hour Service which you are rendering of your own volition. Does it not show to the World what loyalty to the Light means? In that constant improvement and beauty of your mind, body, world, and the greater supply which is coming forth for you, is an eternal proof to all mankind of the Great Reality of this Great Stream of Light.

Today, oh, Beloved Ones, great is your privilege! Great is your Freedom, which stands with the Door wide open facing into the great Eternal Light which holds all things for you. Will you not accept It? Will you not continue? The Great "Presence" has pushed back the doors of doubt and fear, and over you is written in Golden Light–your Freedom. Will you not accept It? Enter in now with great firm determination, and see how quickly will all disturbance dissolve and disappear from your world.

You are now the master of your world if you will but accept and use your Dominion of the "Presence." Never question your ability, your authority, your power of achievement. God, the "Mighty I AM Presence," whose Ray of Light and Energy beats your Heart and sustains your Life is your certain Victory always. Will you not engrave that upon your consciousness for constant use, so It

may show you and give you the eternal proof that you cannot fail? A little child when learning to walk falls down many times, but does it think anything about that? It gets up and tries again.

So today, if you have made mistakes, be not discouraged by it, but with a firmer determination arise and say: " 'Mighty I AM Presence,' see that I make no more mistakes! Take command of this mind and body! Stop this human activity that makes mistakes! Let Your Intelligence direct, Your Mighty Light protect, and hold me Invincible against any outside condition, suggestion, or anything else which would deprive me any longer of my Freedom and Victory."

Written above you in the Open Door and the Light of your "Presence" is your Victory. You have accomplished It now! Go forth! Look not to right nor left, but stand firm in the Glory of your "Mighty I AM Presence," until the fullness of It comes quickly into Action. It not only beautifies and perfects your body, but in It you stand firm, untouched by human suggestions of any kind.

When people come to you with discordant things, be silent. Then you will hold your world in this Great harmony, until the fullness of It looses the Power of the "Presence" to go forth and do what is required. No one thing is more difficult for mankind to conquer than the continual revolving in thought of some discordant thing, or continued–will you pardon the

expression–"hashing over" with your acquaintances or friends, things that are discordant. Put them out of your Life and never refer to them if you want to be free. When one human tries to blame something on to another human, they are stifling their own progress. Remember that your Heart knows well enough whether you have made a mistake or not. If you have not, then anyone who says you have, cannot harm you. So remember that. Now again I say to you, the doors of doubt and fear are open, held back by the Hands of your "Mighty I AM Presence," and above you is Freedom. ENTER IN!

I say to the precious young people, Beloved Ones of the Light! Guard your world–your feeling world! Shun drink, intoxicants of every kind, excesses of every kind as you would a poisonous serpent. You have, in the Acknowledgment of your "Presence," the quick Open Door to your Freedom, if you govern your feeling world; but do not accept the vicious suggestions that come through the schools and colleges today, through the vicious activity which has entered into those wonderful places. Know that the Purity of your "Presence" is the only thing worthwhile in your world; then you will be able to hold your balance, go forth in the Call to your "Presence," and fill your world with the Perfection It holds for you. If you waste your energy, if you accept these tragic suggestions, then you will follow the trend of mankind and be in the

limitations of the outer activity. Today you have the Knowledge in your hand, the Scepter in your hand, in the Name of the "Mighty I AM Presence," by which you can fill your world with Happiness, Beauty, Purity, and Perfection. I plead with you, *stand guard over your world!* Your "Presence" will, if called into Action!

Remember, you can love your friends more powerfully without your arms around them. Then you are not in danger of the human desires sweeping in and causing you to do things you will regret the rest of your Life. Oh, Beloved Precious Young People! I have watched the progress of mankind throughout the centuries, and have seen beautiful, blessed young men and women go down under the desires of the human and suggestions from the human that tell them they should waste their energy. Then in a few years they become decrepit and aged, when they could have maintained the youth, beauty, and perfection in their bodies, sustained by the conservation of that energy. Oh, you young people and you older people who have made mistakes! Call on the Law of Forgiveness! Take a firm, determined stand with the "Mighty I AM Presence" to hold control in your world, to take out of you all wrong desires, and to hold Its Dominion there forever.

Today, Beloved Ones, My Love enfolds you with the fullness of Its Power for your Happiness, Freedom, and Ascension. I pour forth the Great Love of the

Great Host of Ascended Masters, the Great Cosmic Beings, and the Legion of Light, to glorify, to enfold you and hold you within Its Mighty Radiance unto your Eternal Victory. The Glory of the Light of God, the "Mighty I AM Presence" within you, enfold you in Its Invincible Protection! Enfold you in Its Mighty Directing Intelligence, and clothe you in Its Mighty Light, forever sustained. I thank you.

GREAT DIVINE DIRECTOR'S DISCOURSE

PAN PACIFIC CLASS – LOS ANGELES, CALIFORNIA
April 4, 1937

GLORIFIED are all this day in the Sacred Radiance of the Great Cosmic Light which has come into action at Our bidding today, that you might have the benefit of Its Radiance in this concentrated Energy, Intelligence, and Activity. Out of the fullness of this Great Cosmic Light will come to humanity its Freedom! In your great Call to the Light, which is your "Mighty I AM Presence," you are fulfilling the requirements of the human octave of Life. Without that, the Great Cosmic Light would not be able, but in a small degree, to interfere with your Free Will. The Call of so many in America today has made it possible for this Blessing of the Great Cosmic Light to enter in the fullness of Its Power. To this end We hope for complete Freedom. The next few months will tell how much of the cataclysmic activity will be governed.

Unhappy Europe! Will you with Us visualize and call forth the Mighty Cosmic Light, the Assistance of the Great Legion of Light, the Great Host of Masters,

and the Great Cosmic Beings, to stay the onrushing destruction there? Much depends upon your Call; Europe does not understand how. The great mass of the people have largely accepted the appearance. Therefore, I ask you to give your Call for the assistance of your fellowman there. You cannot imagine the Service you might render! In all the activity of the Messengers We have never once asked this, but tonight I ask it because it is needed.

There is a great volume of energy and Light released at the Call of more than two hundred thousand Students who are sending up their Call tonight, knowing this is the closing day of this Class, knowing of some of the great Radiance which is here. How grateful, how very grateful We are, who have waited so long for the attention of mankind to be drawn to these limitless Powers that could give them the Assistance required.

You today who are learning something of this Great Infinite Law, the Law of Life and Its Conscious Application, are privileged indeed. We–who have attained, have Our Freedom, and so long have been waiting for mankind to come to the point where this could come forth–are grateful for this Call. Otherwise, this would have been the greatest cataclysm which has ever come on Earth. We hope to minimize it, so the least possible destruction will occur. May the onrushing Cosmic Light produce Its Perfection for mankind, in and through them, untouched, uncolored

by human, discordant creation. Many of you will live to see and experience the Great, Great Transformation! It is on Its way!

Tire not in giving your Mighty Decrees for the Freedom of the Earth! Know you not, oh, Precious Ones, that in the Call to the Light for the Freedom of America and the World, your Freedom is compelled to come forth because in this Call your thought and feeling are withdrawn from self? Do you know that intellectual vanity and self-pity are the greatest tragedies in the experience of mankind today? It takes away from the individual the recognition and acceptance of the Power of Light which beats each Heart, which gives each one the service he requires.

Tonight, Our Rejoicing is so very great, to be of Assistance; for the Service which it has been possible for Me to render since the Messengers were in San Francisco, I am very grateful and joyous to say, has been accomplished–because of your love, the love of the Students of Saint Germain. You shall, ere long, know what the Beloved Saint Germain has meant to you and the World!

To Him is due all credit for the bringing forth of this Wondrous Knowledge of the "Mighty I AM Presence" in Its purity, clearness, and simplicity. It cannot be misunderstood. Yet the majesty of Its Power is there. Behold It! Oh, Beloved Children of the Light, use It! Feel your authority in your Call to

your "Mighty I AM Presence" and waver not! Your Victory is sure through the Service which I have been able to render you, all Students in America, and those in the other parts of the World who are in touch with this Radiance! Do you know, have you thought how there are those already in touch with this Radiance in every nation in the World?

Quickly and surely there have gone forth these Wonderful Books, giving the Experience of this Beloved Brother standing before you. They are carrying this Light to the World. Into all parts of the World those Books have gone. Their Light carries them everywhere, and ere long they will reach hundreds of thousands and carry their Message of Light and Freedom to all.

Your Call, Beloved Ones, your Decrees have acted with almost Infinite Power. Do you realize what a blessing you are giving to the rest of mankind–you who have come to know the Glory and Freedom into which you have entered? As the Beloved Saint Germain told you today, oh, your Doorways are held back by your Mighty "Presence," because of your Call to It. Doubts and fears shall vanish from the Earth! I so decree it, that mankind may enter into the Glory of the Freedom which every Heart knows and one day will experience!

So We ask you to go on and on and on, into the greater and greater Light and Freedom.

Arise! Awaken in the fullness of the Light of your "Presence," that your Light may shine and illumine the Earth; that you may pour forth such a Mighty Radiance from your "Mighty I AM Presence" that the very Radiance becomes visible to the human form! Then will mankind seek the Light, every one!

Weary not, oh, Beloved Ones who have called so earnestly for some definite manifestation of the proof of these Great Laws. Surely you have before you, so far as proof is concerned, every proof that any Heart can desire of the Reality of these Laws and Their Application. Yet shall your Call be answered more fully. Abide in patience. Your Call cannot be denied!

Remember, as your earnestness and intensity increase and the Light within you expands, it becomes compulsory for that Great Light to answer you, if your sincerity remains dauntless. You have in your hands–oh, that you might understand it fully–your Scepter of Power and Freedom! Apply It, oh, Beloved Ones, with all earnestness, giving no thought as to time or space; but just go on in the great joy of applying the Law of your "Presence." Let It do Its Perfect Work in Its own good time. See that the intellect and human impulses do not in any way interfere with the Glory of Its Expansion; for It will one day give you all the proof in the world that you want–or anyone else–of Its Efficiency, Its Power, Its Authority. So I ask you to be patient. Naught shall be withheld from anyone

who has entered into this Freedom which just came! Make no mistake! It is no idle concept!

In the setting aside of this one-year period, it means one third of your Life-effort in this embodiment is set aside, glorifying you by an Assistance unheard of in the history of the Earth. It gives Assistance in dissolving and consuming your own creations, that you may more quickly enter into the Freedom of the Light which beats your Heart–the "Mighty I AM Presence." May you all feel the importance of these Words.

I speak as One having Authority–all Authority–human, Divine, and Cosmic! Therefore, you shall see the Fulfillment of My Words! According to the earnestness and intensity with which you continue to adore your "Mighty I AM Presence," call It forth into action, and hold harmony in your feelings, will this come quickly or yet be delayed.

The Messengers are pleading with you, with all the Students everywhere, for the need of harmony maintained in your feelings, of purity of thought and feeling. Then the Great Law can come forth quickly and do Its Work. You, Precious Ones, humanly your part is to make the Call, stand by with firm determination, and allow the Great Power of Infinite Light to flow forth through you and into your world to do Its Perfect Work, Its Mighty Process of Creation.

No longer does the power of darkness control mankind. Today it has lost its power. Tomorrow

you shall enter through your Gates of Freedom! To the degree that you can feel the Truth of My Words and feel It active within you, shall It be quickly or otherwise manifest. This is for you individually as well as the Nation. As the great Decrees go forth continuing their mighty Work, and with the Assistance of this great Light, will the Earth send forth its praise and rejoicing. Even the rocks shall tremble with the Joy of Freedom; even the trees and the vegetation shall lift themselves in rejoicing.

Such is the Power that awaits the Earth. You, oh, Precious Ones, are responsible because of your willingness to stand the impact of human thought and feeling, your willingness to go on in the acceptance of your "Presence" in spite of the ridicule of the ignorant. In that Call you have enabled this Great Light to come forth–this Great Transcendent Blessing to enter within the Earth. Feel Its Glory, Its expanding Light which will bring forth Freedom, Happiness, and every good thing.

As the Earth enters through this into its own once again, then all shall have all required for use. All human selfishness shall be wiped from the Earth forever. Then will there be released by that Light, more than mankind's fondest imagination has ever conceived, even more by far. Can you not, will you not live in this great, great anticipation, until you see the fulfilling of Its Glory?

How privileged you are to be a part of the great vanguard which is enabling this to be done. Oh, Precious Ones, do you in your outer activity sometimes feel humble because of your lack of something? Then I say to you: Arise! Awaken! Stand forth in the Light of your "Mighty I AM Presence," and allow Its Power to take out of you that feeling! Feel your authority and power in the acceptance of your "Presence" to let this Light flow forth to bless, heal, prosper, and enlighten all with whom you come in contact, and flood the Earth with Its Purity and Perfection. Mankind being the creator of all that has limited the Earth and yourself, then in that great Call shall come the release. Even the Earth shall find itself again rejoicing in the Glory of this Freedom, as well as yourselves.

Today will you not rejoice with Me, with all of Us? Enter again into great calm serenity in the sending forth of your Decrees, individually and in your Groups, that the Perfect Mighty Work of the "Presence" may go forth filling the Earth with Its Beauty and Perfection. I rejoice with you with all My Heart that there are so many of mankind today whose Light has expanded enough to allow them to recognize their "Presence."

Once they gaze upon that amazing Chart, they know they have come home once again. In that, they know and enter into the Glory of Its Application. This causes the Great Light from

within to expand and expand until every cell of the body becomes a glowing, blazing Sun of Light. Oh, Precious Ones, will you not believe Me when I say it is possible for many of you sitting here in this room to shortly call forth the Light to expand in every cell of your body, until everyone about you can see that Light with his physical eyes? There are five in this room whom I could place My Hand upon and expand that Light, until every one of you would see the Glory of It. I say this for your encouragement. Will you not let this Light expand?

In the great calm serenity and the fullness of the Great Power which is the Light within you, you have the Reward It brings. Let no one, yourself or anyone else, longer limit you in the Acknowledgment of your "Presence"! If you do, the fault is yours. Remember, nothing binds you but yourself. There is no power in Heaven or Earth to bind you longer but yourself!

In the fullness of My Love and Light I bless you, oh, Precious Ones. Today you have become a part of My Love! As those Beloved Children in India became a part of My Love, so today you have become a part of My Love! God bless you! Feel Its Wondrous Embrace enfold you and sustain you forever with Its Courage, Strength, and Infinite Directing Wisdom, Its full Power to act.

"Mighty I AM Presence" of each one, I charge through the Higher Mental Body of each one the

Activity of My Presence and Power of Divine Love, to do Its Perfect Work for these beloved ones of the Light. I call forth the Mighty Violet Consuming Flame to dissolve and consume quickly every vestige of human creation. Will you join Me in this Call in the silence and sacredness of your Heart, that Its Service and Assistance may be given without limit?

I leave with you the Blessings of the Great Ascended Masters, the Legion of Light, and the Great Cosmic Beings. Remember, the Great Silent Watcher has His Eye upon you! No longer may the Students of the Light practice any deception. Wise are they who always tell the Truth. Accept tonight My Eternal Enfolding Love, Light, Wisdom, and Power to hold you in Its Embrace until your full Victory and Ascension. I thank you.

OUR BELOVED REX'S DISCOURSE

CORPORONS' LONG BEACH GROUP
April 5, 1937

BELOVED Ones of California, it is My Great Joy to speak a few Words to you from My Heart and to remind you that not so many years ago I visited your city with My father. Does it seem incredible to you that so much could have taken place in such a few years? Think, since this Beloved Brother came into Our home in Wyoming, the Heavens have opened and We have entered into Our Real Home in Its fullness!

We thought Our mother had passed on, like most people are supposed to do. Yet after this Good Brother's entrance in Our home, We too discovered she had been Free all those years. We sometimes thought that she was possibly in the tomb where her body was placed. Then Beloved Saint Germain came to My father, explained all, and began the Instruction which so quickly set him free from the human world and activity.

Beloved Ones, feel with Me tonight, oh, how Real, how very Real is this Mighty "Presence" which beats your Hearts. In your sincere, firm determination,

holding your attention upon the "Presence," everything can and will dissolve and disappear from you and your world which has held you bound in any way. The "Presence" is doing it now, oh, Precious Ones! It is doing it with great speed.

We are so grateful that you have established a Reading Room in your city. It has been made a Mighty Focus of Light. Give your full support to it. Beloved Ones, in your Call to your "Presence," never miss one day calling your "Presence" into Action to bless that Reading Room. Pour forth Its All-expanding Power and Light, which the Great Ones have drawn there tonight. Let it be an ever-expanding Activity to spread the Radiance of the "Presence" in and through your city, to touch hundreds of those whose Light has expanded sufficiently for them to accept this Understanding of the "Mighty I AM Presence" and have the Blessing which It brings.

You will notice, Beloved Ones, that there is not a single part of this Understanding which Saint Germain has brought forth that interferes with anything in the World. It is just the Glorious Acknowledgment of the Source of your Life, of all lives. It is all Power acting in your world, taking command, holding Its Dominion, producing Its Perfection there, forever sustained; and in your power of qualification, Beloved Ones, assert this. Oh, that I might cause you to feel now the power which is within you to assert It! Assert this Dominion

of your "Presence"! Feel It deeply, until no longer a single human thing touches your world to cause you to waver for an instant.

You know, under the Radiance of Saint Germain We entered so quickly into the Glorious Radiance of Our "Presence" that We really had not time for anything else to come. It is really very wonderful. Even today, We continue to marvel at the speed with which Our Freedom came to Us, after this Blessed Brother came into Our home. He is in your home. Do you realize that? In your home–for your home is your world, and your world surrounds you! Do you realize that, Dear Ones?

The greatest home in the World is the home that surrounds you, because that is the only home you can live in. You may live in buildings, but that is not always your home, even though you may own it from the human standpoint. Unless the Glory and Harmony in the Understanding of your "Presence" is there, is it home? Tell Me! Is it home, unless there is the Harmony of the "Presence" within it?

Therefore, I call your attention to this tonight to remind you that your home is your world which surrounds your human form, the only world in which you can ever live. If you will realize this and then, in the Acknowledgment of your "Presence," fill your world with the blazing, dazzling Light of the "Presence," then do you not see, if you are in a

physical home–a building–the Radiance from your "Presence" will fill that home because It knows no obstruction or interference? If you will think of your home in that way, I am sure you will find enormous blessing and benefit.

I think you might be interested in knowing something of what We have been doing since this Good Brother returned from Chananda's Home in India. We spent four and a half months in Chananda's Home after his return. Then We returned to the Retreat in Arabia where the greatest, most magnificent Understanding of the use of the Light Rays is given forth. As all of Us just naturally selected the use of the Light Rays for the Work We were to do, We returned there to receive further Instruction.

You would possibly think that My imagination were running riot if I were to tell you the Accomplishment from that time to this, in Our ability to utilize, to direct, to wield those Powers which come from the use of the Light Rays. We are still just lads yet, you know; and yet We are able to do things today, Precious Ones, that seem absolutely incredible to the human sense. I say this tonight to carry forth the Radiance of the Truth of Our Accomplishment into your mental and feeling world, that you may feel the Power of Our Activity in your feeling world–because remember, your feeling world is your Powerhouse. Unless you do get the full consciousness of a thing into your feeling, you are

only having partial results; and that is the trouble with mankind today. Individuals still unknowingly keep trying to do a thing with the human intellect, which is not the Knower–never was! never will be! because the Heart is the True Knower, and the full Power of the "Presence" is anchored in the Heart.

When the intellectual activity is backed up by the Feeling of the Truth from the Heart and intensified by It, then the intellect can be a remarkable servant. This is why tonight I endeavor to charge into your feeling world the confidence, the conviction of your power to release from your "Presence" at your Call and anchor within your feeling world, certain Qualities which it is My Privilege to pour forth. How? Through the very Projection of these Light Rays which We have learned how to use.

Beloved Ones, if you once knew the power that exists within your feeling world through the activity of your attention, you would leave the floor in the magnificence of that sudden realization, because momentarily you would sever the pull of Earth! One day in the Retreat in Arabia when We were tremendously in earnest–in fact We had become so intense upon the acquirement of what was before Us and its use, that four times We suddenly found Our feet at least three feet above the floor. We were standing there in the atmosphere, just as firm as We had stood a few

moments before on the floor. This is how with intense attention to a specific thing, and to the extent that you have forgotten your form–does it cause the Earth to lose all attraction for your body. Then you will notice the moment your attention comes back, you settle down again.

This activity, through the attention, is what is going on in the feeling and outer activity of mankind right along. You are raising. In your recent Class, for instance, you were raised to a Tremendous Height. Again through your power of attention, in most instances as soon as you come back and touch the outer world's activity, you begin to accept its limitations; and unknowingly these act in the feeling body–the old habits to which you have been accustomed.

Here is a point We have found to be of great Assistance to Ourselves. Say: " 'Mighty I AM Presence,' take Eternal Command of my power of qualification. Do not let the old concepts or habit any longer have power in my world!" If you will do that, you will find it very helpful.

As We went on and on, We found there are those in the World, I am sorry to say, who have wholly destructive desires. We must counteract those desires among mankind. There was only within the last three months, one serving the destructive forces who conceived an idea of a partial use of the Ray–one of the Rays–that was very destructive. Of course the

Ascended Masters are watching over the World and They know immediately when anything of that kind is attempted. It had to be forestalled. It was My Joy, Privilege, and Service to act in that capacity!

Today, Beloved Ones, you are coming into an Activity which has for long periods existed on Venus. Notice! We are children yet, so to speak, and hope We always shall be; but think of it: Bob, Pearl, Nada, and I are no older than these beloved children here [Don and Marjory]. Yet We have use today of these Great Powers. In this Service which I was able to render is a Joy that is boundless; for it makes Me realize that in the Service which I am later to render in the outer world, It will continue to intensify Its Activity until one day when I come into the outer world and meet many of you, that same Power, that same Activity will be there. This is why a few moments ago I said to you, if you knew the power which you have for use in your feeling world by the power of your attention, Precious Ones, you would set yourselves free almost in one mighty sweep.

This is why the Beloved Messengers have recently called your attention to the necessity of saying so powerfully, so firmly, to all appearances, "You have no power!" Remember, Precious Ones, nothing in the World has any power except what you give it, so far as you are concerned or your world is concerned. Therefore anything that harms

or limits you, to it you gave your Life which enables it to act–to come back and do that to you. Please get this firmly in your consciousness tonight. If you will do as I request, you will find a sense of Freedom never experienced before. There is no one in the World who would not absolutely set his foot down on such limitations, in firm determination, if he really understood that it is his own Life going into a thing which comes back and harms him. Otherwise it could not act. No discord or limitation could reach into anyone's world except through his own Life. I am sure you will get this into your consciousness tonight as never before. When you see an appearance out here of limitation, if that comes back to you as a limitation, then your Life is feeding it to limit or bring disturbance to you.

Then you will say: "Now then, we are getting down to Reality. If that be the case, I shall no longer feed my Life into anything to come back and harm me." This is just what all humanity has been doing. Individuals have blamed everything else but themselves for the conditions. The Truth is, they were feeding their own Life into the things which were actually limiting them and causing disturbance. Without the Stream of their Life it could not touch their world. Do you not see that?

Tonight, Beloved Ones, I shall anchor the Understanding of this within your consciousness.

It will stand there active, for constant use. It will always remind you of Its Activity when you suddenly begin to accept that something has power to harm or limit you in the outer world.

You will stop right there and say: "Oh, no you don't! You did once, but you are not going to do it any more! You are not going to use my Life to harm me! 'Mighty I AM Presence,' take command! Cut this off and see that I no longer accept these appearances as having any power!" Do you not feel that as I am speaking it, it does enter into your feeling world now to act there with full power?

"No longer shall any appearance have any power from my Life unless it expresses Perfection. Knowing that only from the 'Presence' can come Perfection, then my attention shall go to my 'Presence'; and through my attention, there shall release from my 'Presence' everything I require in my outer world of activity. Knowing that my 'Presence' is my Intelligence, my Love, my Light, my Power to act, then to my 'Presence' alone will I give all Power, and not to human appearances. I am reminded that every time I give my attention to a limiting appearance or destructive activity, my Life is feeding it, and I certainly do not do so any more."

Do you realize, Beloved Ones, that this very Consciousness will forever make you alert? It will keep you prompted any time you start to give your

attention to old habits and limiting or disturbing things. You will be prompted instantly: "No sir, you do not do it!" You will be surprised to find how alert you become. Now mark you, this alertness is the Selective Intelligence from your Higher Mental Body. Precious Ones, notice this! Your Higher Mental Body is still limited, so far as you are concerned, unless you give It the full Power to act.

Now then, by your refusing to give power any longer to appearances which are harmful or disturbing, it is just as if your Wall of Light says, "No! So far and no farther!" Then your Wall of Light is held firm to refuse acceptance to those appearances. Your Wall of Light stands there unyielding and impenetrable. When you call to your "Presence," there is nothing which rushes in to disturb the outflow of your "Mighty I AM Presence" to perform Its Mighty Service.

Believe Me, Beloved Ones, do not give any consideration to who you have been, or anything about it. If you begin to wonder who you were and accept that you were this, that, or the other thing in some other embodiment, you are dividing your attention. Instead give your attention to the "Presence" to fill your mind, body, and world with the Perfection which the "Presence" holds. It is the same thing, Dear Ones, as when you keep giving your attention to appearances that are of the outer

world's activity. You begin to go back into the activity of the lives in which you have lived, with which you are not concerned today. *It is not what you have been, but what you are today that counts!* So watch out that you do not fall into this habit of thought and feeling; for it limits you and takes the energy which you need to make the Call to the "Presence" and to enable It to flow out into your world, to produce your Perfect Activity, and to give you Power to achieve freedom here and now.

Saint Germain is the most Marvelous Being in the world, and His practical Application of the Law in the manner in which He gives Assistance to the Students is a most unparalleled thing. He will not allow His Students to give their attention to what they have been before, if they want to be free. Just as long as you keep feeding your Life, through the attention, into that which you have been, you cannot be what you desire today. See that?

Today is the important thing. What you have been is past and gone. Only to the extent that you call on the Law of Forgiveness for mistakes made, and use the Violet Consuming Flame to set you free from your human creations brought forth thus far, are you actually accomplishing the things required. However, you will not do this if you keep feeding your Life, through your attention, back into what you have been before. Your former Life has not a

thing to do with what you are today.

I would not give a snap of My finger whether I was a prince, a king, a sheep herder—or what I was in the past, because when you come to the point of the Acknowledgment of your "Presence," then you have entered into your Eternal Stream of Freedom. There is nothing that can interfere with your Victory so long as you refuse to give your Life to discordant appearances, through your attention.

There have been any number of people who have, because of the unusualness of it, begun to look back, and thus enter into the vibratory action of embodiments in which they have lived in the past; and their entire attention was taken off the Glory of their Victory. Now that is why, Dear Ones, tonight I call your attention to this, because there are some of the Students who unknowingly are dropping into such habits. I plead with you, do not do it!

Give your whole attention, your whole Life to the "Presence," that It may again return Its Energy to you, intensified with the feeling of Its Perfection and Purifying Activity. As you do that, Beloved Ones, you will find such Glory filling your mind and body. On this particular point, do you know Saint Germain is adamant? He says, "Do not dare give your attention to any of Us before you give it to your 'Presence.' " This correct attitude is a most wonderful thing, because after all, your "Presence" is you!

It is All-powerful. Even We bow to the Majesty of the "Presence" of you who have not yet Ascended, because your "Presence" knows exactly what you require–I mean through your Higher Mental Body. The "Presence" of an unascended being is not cognizant of the requirements down here, but that one's Higher Mental Body is. It knows your requirements and needs, therefore answers full and completely if your attention is not divided.

Will you not accept this tonight, Precious Hearts, with the fullest cooperative power, and call your Higher Mental Body into action to seize and hold your attention on Perfection? Call to your "Presence" to use Its Mighty Discriminating Intelligence to stand Guard over you. Every time you start to feed your Life into some appearance out here, It will prompt you like that [quick wave of hand]. Then if you say, "Oh no, no more of that!" you will be surprised how quickly you can reverse those activities and bring your attention back to the "Presence," to prevent your Life going out into a scattering activity and acceptance of appearances that come before you. You have no idea how powerful this is.

I tell you, Precious Ones, if you were to see the energy that you feed into appearances in twelve hours of the waking state, you could scarcely believe it. Now just think what it means when you become imbued with anger, intense criticism, or some intense feeling

which releases a volume of energy in one sweep. Do you not see, Dear Ones, how you are just throwing your Life away and scattering it broadcast to do no good for yourself or anyone else? If you allow your feeling to catapult anger, criticism, condemnation, or impurity of thought, do you not see how you intensify the same activity in someone else of mankind and make it hard for that one to gain his Victory? You are absolutely wasting, completely wasting your own Life energy through such feelings–scattering it broadcast without soil to grow in, except when it strikes qualities of a discordant kind. Then you are making it hard for someone else in that one's endeavor to attain the Victory.

Now you see your responsibility to your fellowman, to your assistants, those you love. When you do such things, you are depriving yourselves constantly of the Life energy which you require for your accomplishment or upon whatever your attention may be fixed.

Dear Hearts, I am grateful, very grateful for your alertness tonight and that which you are anchoring within your world for constant use, through your feeling. I know positively that you are going forth from this room tonight filled with a Consciousness of your Victory which you have never had yet. Now do not misunderstand Me. I do not consider that is due to Me, but to your acceptance of the

Quality of the Truth which is spoken.

Watch out! Stand guard! Be alert, you Precious Ones, and do not allow any more of your energy to go forth to feed destructive things, through the power of your attention! Hold your energy, turn it back to the "Presence" and say: " 'Mighty I AM Presence,' flood me and my world with the Glory of Your Perfection. Sustain It with Your Directing Intelligence, with Your Power of Achievement." As you call Its Power into action you will feel a Glory–not a temporary thing, but an intensified, constantly increasing activity, called forth into action in your world, which will glorify you with a happiness and strength that you were not aware was there.

Notice! Your "Presence" is the Power acting. Whatever the condition is in your physical body or appearance has nothing to do really with the Ability of your "Presence." Your Call is everything. Your refusing to accept appearances which would be limiting is your power of assistance to the "Presence"; for that is all It requires to release the Fullness of Its Power and Action to produce Perfection in you and your world.

So tonight, in the Glory of the Freedom which is yours, in the Acknowledgment of your "Presence," which is the Governor of the Universe, will you not keep yourselves reminded of these simple Truths which are so majestic in action? Allow Them to

come forth in your world and produce Perfection for you by no longer feeding your Life into any discordant thing–any limiting thing.

Old habit, Dear Ones, is a thing that has to be conquered. You can quickly reverse all those habits which have taken your energy, if you will. Remember, when you call your "Presence" into action to reverse these activities, the "Presence" will do it; but you must do your part in refusing to give your attention and Life, through your attention, into these things. Do you not see how absolutely logical and practical it is? It gives you such freedom in your feeling world.

Bob, Pearl, and Nada are present with Me, and are pouring out Their Great Love upon you. They have been, all the time I have been talking. You know, I am very happy to say that My sister, Nada, has taken on many of the Qualities of the Beloved Lady Master Nada, whose picture is in the Magazine. She made Her Ascension some 2,700 years ago. In Our Association with Them, it is amazing how quickly one takes on those Qualities. As you learn to hold yourself free from discordant appearances, then They can more quickly pour into your world that which makes you like Them.

There is one more point I want to leave with you tonight, Beloved Ones: In your attention to the Ascended Masters, who have gone every step

of the way that you must go–and your attention has been given so marvelously–They can fill you and your world with the Quality which They are. In this way My sister, Nada, has taken on from the Lady Master Nada, the Qualities which She has caused to become so powerful in Her World.

First, give your Acknowledgment to the "Presence." Then if you need courage and strength that you do not seem quite able to call forth, turn your attention to Saint Germain, Jesus, Nada, the Divine Director, or some of the other Ascended Ones–Cha Ara, Chananda, or some of those Blessed Ones. They will come back to you, because Their Attention is again upon the Consciousness of that which accomplishes Perfection. Therefore, It must flow into your world to do for you whatever you require. Do you not see how perfectly practical all of that is? There is not anything impractical about any of It.

We try repeatedly to bring to your attention certain things and show you definitely how you can right now begin to govern your world. Refuse to give attention to appearances which have disturbed you, and give all your attention to your "Presence."

Now do you not see how that which is known as doubt and fear could not affect you or your world unless you feed your energy into it? That is your qualification. Your Life goes out and becomes charged with fear to come back and disturb you; or

it goes out and is charged with doubt, which comes back and causes you to doubt.

Do you not see how—right now—you are master of your world and the governing activity which controls those qualities and prevents them any longer entering into your Life or world? It is the most practical thing anyone could conceive, and it is within the use of any person who will apply it, but you must be alert. You cannot, Dear Ones, just let your feelings run riot. You must call the "Presence" into action and refuse any longer to give attention to things out here. Wherever your Life flows, it not only gives action, but must bring back its effect upon you sooner or later.

Tonight, in the fullest Power of the Ascended Host, I ask Them to anchor within your feeling world the full Power of every Word that has been spoken here, to make this practical; to give you the full consciousness of your ability to control, through the power of your attention, all of these activities which have taken your Life energy or given it a power to disturb or limit you. That no longer has any power!

"Mighty I AM Presence!" I issue that Decree for these beloved ones tonight. Stand guard over their attention! Hold their attention in control, conscious control, that they no longer feed their Life into any limiting, discordant, destructive activity to come back and touch their world! Stand guard, "Mighty

I AM Presence," over the attention of each one and hold it upon Thee! See that it is always held upon Thee and Thy Perfection! Supply their worlds with everything that they require–and in abundance! The "Presence" is not limited, and in the Light which beats your Heart–which is Self-luminous, Intelligent Substance–is all that you require.

Today you have entered into the Activity of the Mighty Cosmic Light–or rather yesterday–and you have Assistance heretofore unknown. Will you not accept it? In this humble, simple Explanation I have given tonight, will you not remember it and remind yourselves often that your attention must be to your "Presence"? Every time it tries to go to something outside, say: "Stop! I will have no more of that. You obey the Law of your 'Presence'–put your attention there! Then my world will have the Power, the Perfection which my 'Presence' is. I refuse any longer to give my attention to anything else! Therefore, there is nothing can longer enter into my world but that Perfection which is the 'Presence'!"

Out of the Eternal Light and Thy Glory, oh, "Mighty I AM Presence," We accept tonight the fullness of Thy Active Presence, Thy Eternal Guard about each one–that their attention may be held firmly upon Thee with absolute refusal to let it act anywhere else. Therefore, It releases over all of them a constant Stream of Thy Almighty Energy,

bringing Perfection, Happiness, Health, and everything good into the world of each one, forever sustained. I thank you.

OUR BELOVED NADA'S DISCOURSE

RATANA'S HOLLYWOOD GROUP – HOLLYWOOD, CALIFORNIA
April 6, 1937

TODAY, O Beloved Ones, is a cherished moment for Me, so recently have I attained the Victory and Freedom from human limitations. It is such a great Joy to convey to you the Feeling We have in this really Great Achievement. Think of it! Precious Ones, this Eternal Goal is Freedom forever from all the human has gone through in the many, many centuries in which We have all lived.

One can scarcely realize where We stood so few years ago when this Good Brother came into Our home. How little did We dream then of what was to follow. I say to you with all sincerity and earnestness: Right now, you stand in the same position! How little do you know, as We did then, what is just before you in your Achievement. Will you not join with Me in accepting the Limitless Power of your "Presence" to do this same thing for you? We did not know, any more than you do today what is before you. If one had told Us, even the day this Good Brother arrived in Our home, all that would take place, We probably

would have said it was incredible and impossible.

Our Example stands before you, Beloved Ones, in Its Infinite Power to strengthen, encourage, and allow you to feel this–the same Great Victory–is yours. Unless you allow your human feelings, through your attention and qualification, to have domination within you longer, then you too will go forth as We did. There is no mistake about it. Everything depends upon the control of your feeling world. You do have the Authority; and now, in the Acknowledgment of the "Presence," you have the Power to achieve your Victory.

In Our home We thought Our training was a private activity; but you are having almost identically the same Instruction, as It is being given to you today, through the intensified Power and Radiance of the Great Ones. We did not know the Goal any more than you do today. Yet it was accomplished.

Through Our humble Effort, We try to bring you greater Feeling of your Self-control and Mastery of your feelings, and keep it sustained. We endeavor to give you the same Feeling which We have now through Our Achievement. Then you will see how real, how very tangible is Our Assistance, which is now being given you.

The Great Ones have said to Us that in the Enthusiasm and Joy of Our Attainment–and still having a certain connection with the Earth which

I may not explain to you just now—We are able to pour a Radiance, a Strength into your feeling world, which sometimes Those far Greater than Ourselves are not permitted to do. There is some of this Explanation which I am not permitted to give you; but I can explain enough to give you the incentive, the feeling and Power to stand firm—very firm in the Acknowledgment of your "Presence." We can give you the full feeling of your authority and ability right now to achieve any given goal upon which your attention may be fixed.

Some of you have had a certain achievement in your outer activities previous to this Understanding of the "Presence." I want to say to you, today you have a thousand times greater power to go forth Victorious than you had three years ago. Is not that something to think about? To think that in three years you have gone ahead, as it were, like a rocket! Oh, there may not seem to be so great a change as yet in the outer; but, oh, Beloved Ones, if you saw from the Inner Standpoint how great your achievement has been, your courage would be boundless.

Now notice, as the Messengers have said, in the Acknowledgment of your "Presence" is everything! I mean all activity comes from within, out. In your previous understanding, you thought you had to gather all things from without, in. That activity is just the reverse of what it ought to be. All things

come from within, out. Therefore, the greater part of your achievement is accomplished before you become much aware of it in the outer activity.

It was so with My mother, even when she thought she was really passing on. One day she said to Us that she thought she was passing. When We thought she had become unconscious–and she had, to human sense–she went out from her body with Saint Germain's Assistance, and was receiving Instruction from Him as to what to do. He told her to allow her body to be placed in the tomb because of the requirement of the outer law which still held sway at the time. You see, in previous times during the achievement of these things, the outer world was not permitted to know the Inner Activity which was going on. That outer condition still held sway at the time of My mother's attainment. We grieved so deeply. Oh, today I think how foolish it was; but We were serious. We thought her passing a real tragedy, and many people do today. Dear Hearts, We assure you, as the Great Messengers have–there is no such thing as death in the world, in the Universe. You simply change your form for a finer one; but still there is no death anywhere.

Oh, the relief, the release! Precious Saint Germain made it possible, in the Cave of Symbols, for Our precious mother to come to Us in Her tangible Body, lowering the rate of Her Ascended

Body to make it visible to Us. She held Us again in Her arms. Oh! is there anything in the world so Victorious, so Wonderful as that? We had thought so long through Our previous training that death was real, although My mother knew years before that it was not, and tried very delicately to assure Us that there was no death. Yet We did not comprehend it, even with all that she put forth. Today We know it is not real, for there is no death anywhere in the Universe. If you can believe that We are truthful, then you will accept this and set yourselves free from any such thought ever again.

Oh, the Joy which comes from that definite feeling! Grief seems so real at the time. Yet there is no need of one tear in the whole world. Mankind should understand that to generate grief is but to destroy oneself! Those who understand the "I AM Presence" can call forth Its Great Joy. Your Higher Mental Body already knows all these Great Truths. Then do you not see, Precious Ones, this Law is not something really new to you, for your Higher Mental Body knows of It already? We but call your attention to certain things to awaken a response within you; and Our Feeling, pouring into your feeling world, releases into your outer use that which you already know within. Everyone in his feeling world knows of this Truth; some have called forth fragments of It. No one in the World, even in the time of Jesus, ever brought forth

such clear, simple, Majestic, All-powerful Knowledge of the "Mighty I AM Presence" as Saint Germain has brought forth. The Law of the World at that time did not permit it. Jesus knew It, and so did the Disciple John; but others did not know and comprehend. Jesus did not talk as freely with the other Disciples as He did with John the Beloved; for he understood all that Jesus was going to do, but the others did not.

So it is today. As the Light within each one expands sufficiently, then will the individual have definitely the clear Understanding of various points as they come along. In this endeavor to convey some of these practical Truths to you, My Comprehension will act within your feeling world, because My Feeling is yours while I am talking to you.

You never in all your Life heard tell of such Happiness as Pearl, Rex, Bob, and I are having. Everything, every movement, every new achievement comes as wondrous, wondrous, enthusiastic Joy. We never think about getting tired or feeling limited in any sense. We just go on and on and on, in the Wondrous Expansion of the Light, pouring forth through those Great Light Rays which you see about the "Presence." We have been able to enter into Its Great Radiance and project these Rays to do many wonderful things, which such a short time ago We could not have imagined. This is why I say to you, Beloved

Ones, do not let your human intellect or feeling limit you one moment longer. Every time a thought of limitation of any kind comes to your attention, simply say to it: "Now you stop right there! You have no power! You are not going to take my Life anymore to feed any human sense of limitation!" and it has to disappear. Do you see?

Rex said this to you last night–I felt really proud of Him. This is the point you need to remember, Dear Hearts, to understand: Everything you give power to through your attention, to limit or harm you, is your own Life doing it. Is not that an astounding thing? Think! All through these centuries, we have fed our very Life into things to harm and limit us! Well, as our beloved Donald says, "Its day is done!" It is, if you will assert it! Do you not see this? If you will assert your Power of the "Presence," and mean it, to all those appearances–their day *is* done so far as their ability to limit you is concerned, because they cannot have your Life any longer by which to do it!

Oh, every day, more and more practical, clear, and simple is this Understanding becoming to you, as you see how every movement and activity of your consciousness during the day in the waking state, you have been using these powers, but without understanding. Now that you do understand what their activity has been doing within and about you,

you will not allow your Life to feed any more energy into the things which limit or disturb you. Will you not please hold this firm in your consciousness for constant use? Because, oh, so quickly, even as quickly as We did, you can be free.

Think of it, Beloved Ones, beginning tomorrow with this Great Activity and Release of the Cosmic Light, there is being given the greatest Assistance mankind has ever had to free themselves from all human limitations, and to enter right now, today, into the steady–notice this–the steady, sure Activity of the Ascension.

As I look into your Hearts, while these Words are being flashed before this Beloved Messenger, and I see the ability within you, can you imagine My Feeling and My Determination to quicken, awaken, and bring forth into action that which I know and see to be there within you? Now, We shall not give any more quarter to the human accumulation. It has no power to limit you any longer!

I congratulate our beloved Donald and Marjory in the recent determined stand they have taken for the Victory. If they will just hold steady to that, how quickly they can be free!

In many of you precious ones, and in many of these beloved young people in whose Groups We have been pouring forth Our Love and Radiation, We see within your Hearts the Expansion of your

Light–far beyond that of which the outer is aware. Such Achievement is before you! With Purity in thought and feeling maintained, and with refusal of acceptance of any discordant thing to act in your feeling world, you would go forward like a rocket, as We did, into this Great Achievement, the Ascension–your Freedom–the Goal of all human pilgrimage on Earth.

Today, oh, Beloved Ones, you stand within the Gates of Freedom! I urge you to contemplate often the picture of *The Open Door*. This marvelous picture that Mr. Brooks of New York brought forth is really a very marvelous thing, because it does give you the exact eye picture of your "Presence" called forth into Action, holding back forever the doors of doubt and fear. As you contemplate it with a firm stand for your freedom, saying to all appearances, "You have no power!" do you not see how it makes the completed activity for your own freedom? We all rejoice in the sure, definite intensity with which you are feeling and bringing into use these Great Powers which you have always had, and which flow into your Heart from the "Presence." Each day, as all of this becomes more practical, more real to you, will find that you can assert yourself. You can issue a Decree and find it very quickly fulfilled.

Bob, Rex, Pearl, and Myself, so often since We arrived in Arabia, have discussed this so many, many

times. Hardly do We enter into a discussion until this point is brought forth: Our Great Gratitude to Our Beloved Saint Germain for having taught Us in the beginning that the Great Law does not permit the waste of this great Energy which flows through from the "Presence." We accepted that. We lived in obedience to the Law. Do not–through anger, sex, or any other condition–waste your energy! Saint Germain's explanation to Us was Law, and We lived and abided in It. Therefore We entered very quickly into the Great Perfection which the "Presence" is, and which everyone can have.

Let Me remind you again today, Precious Ones, that all mankind has made mistakes; and the great Understanding of calling on the Law of Forgiveness is a most wonderful, wonderful thing. You do not realize the full importance of it, as We see this Activity. We have watched certain individuals who were very intense in calling on the Law of Forgiveness for any mistakes which have ever been made. You do not have to know what they are; but as We see the effect of their calling in their feeling world–well, it is just stupendous! I want you to know the action of these various things which are within your use. It is so easily done! You can have, oh, the great, great Victory quickly!

Think of it! All through the centuries mankind has looked upon Jesus as a Special Being, and

thought, "Well, no one else can attain the Ascension because He was a Special Being." Yet He said in His own Words, "All these things shall ye do and greater things shall ye do." Yet mankind has clothed Him with a condition which they felt it was never possible to reach. That was the great, great mistake of humanity. He spoke the Truth to the whole living world; and all things that He did, mankind shall do! They have to do the same!

The Great Cosmic Light today comes into the Earth and compels you now, whether you will or not, to understand this. The Cosmic Light compels the Expansion of your own Light and you become more sensitive. Do not begin to feel that you are imposed upon–you have to be! Accept the sensitiveness to It, for you have the Power of the "Presence" in Self-control. Then you will govern any sensitiveness, and it will be a Blessing untold to you.

If you give way, through your power of qualification, and say you are becoming so sensitive you cannot move in the outer world, then you are undoing all the Perfection which can come to you and is there for you. You see all these things are so practical. Yet through human qualification, individuals often undo the things that they might otherwise accomplish. You are master of your attention, your power of qualification, and your vision. You may look upon two automobiles which

come together on the road. You can look upon such an activity without accepting it into your world. Take your firm stand on all such things in your cities where you often see those occurrences. Issue the Decree: " 'Mighty I AM Presence!' Stand guard over my *feeling world!* Enable me to look upon things without accepting their discord into my *feeling world*." This is what you can do.

That is what this Good Brother does, and is the reason why all the silly, untruthful reports made about him do not touch him. They cannot affect him; but Heaven help the person who does it, because it has to go back to the individual who sends it out. So it is with you. There cannot a thing enter your world unless you accept it. We want to fix this in your consciousness forever.

You know, so much has been given us by Our Great and Blessed Saint Germain! If you could see how He has poured out this Light like a mighty river, ever since the Messengers started out and came to you, your Heart would rejoice. It has just poured like a river, and I do not wonder that you do not hold clearly before you some of the simpler things which are acting in your world every day. You have come to the point now where you must become cognizant of the simple things which you thought possibly were not of importance, but it is the little things achieved that make the Great Victory.

Notice! When you take your firm stand in the Purity, Beauty, and Perfection of your "Mighty I AM Presence," the whole Power of the Universe rushes to your assistance. When you contact things in the outer world, watch out that you hold control over your feelings. You can love just as greatly in calm poise as in emotional excess or excitement. You do not have to let your human enter in and take you beyond the point of Self-control in your outer activity. By Self-control is how mankind can enter so quickly into the great Victory today.

It is such a great Joy, Precious Ones, to talk to you, to endeavor to help you feel clearly, firmly, definitely your Victory–for It is as sure as Ours if you will only take your firm stand with this. You are coming rapidly to the point where things that you are not aware of, no longer act in your feeling world. Now notice that! Heretofore, many times feeling acted within your world, of which you were not aware until you saw the outer manifestation of it. Very shortly there will be no excuse for that, because the moment a feeling starts you will be aware of what is acting. Please accept this and see how marvelous it is! Then you will not be caught unawares by a feeling projected at you–immoral or destructive activities of any kind which still remain in the charged atmosphere of Earth will not be able to reach you.

Dear Hearts, you have all had these experiences.

I question if there is anyone in the room who has not had this experience: You go into the streetcar and sit down next to someone whose atmosphere is charged with unkind or vicious feeling, and you have to battle that repellent radiation. Most of the time you do not pay attention to it, but it begins to act in your feeling world. Then after it gains a momentum, you cannot get control of yourself because of the outer accumulated pressure which rides in. If the first moment such a condition begins to act in your world, you seize it and stop it, it does not gain a momentum.

The same way with appearances: If you would instantly say to any discordant or limiting appearance, "Oh no, you have no power!" you would stop the whole activity and keep it from entering into your world to affect you. As you gain a momentum, you will find such things will give you one look and go in the other direction. You have no idea, Precious Ones, how these limiting destructive forces, in the control of this energy, know their Master. Just the minute they see you know what is acting, they will cease to bother you. I tell you these old discordant things hold sway only because previously you have not understood how to be alert. These feelings begin to act and revolve in your feeling world before you actually know what is occurring. Then many times people have a battle on. It would not be a battle at all if they really knew,

in the Knowledge of the "Presence," how to charge the mind and body, how to call the Energy to sweep out all discord–then replace it with the Ascended Masters' Substance and Self-dominion.

Precious Ones, My Joy is boundless in having this opportunity to convey My Feeling and My Words into your world. When I say "My Strength," I mean the Strength of My "Mighty I AM Presence" to assist you with Its Knowledge and Strength, until you hold your own Scepter of Dominion in your hand so firmly that no longer can anything disturb or bother you.

I leave with you the Great Love, Light, and Blessing of Bob, Pearl, Rex, the Great Host of Ascended Masters, and the Great Master whose Name is not yet given to the outer world–the Teacher, the Instructor in the use of the Great Light Rays in the Retreat in Arabia. He said to Us recently in certain Instruction He was giving: "My Children, when I had looked upon the failure of mankind through so many centuries, I could hardly have believed that so much was possible for the Children of Earth as has been accomplished in two years."

So Beloved Ones, you can see as these Great Ones do who have gone through so many centuries observing mankind's inability to attain their Freedom; then when you see humanity's great Inner Ability coming forth into action, it is very wonderful indeed. The Infinite Light and Blessings

of your "Mighty I AM Presence," the Great Host of Ascended Masters, and the Fullness of Their Active Presence and Power within you, take full Command of your mind, body, world, your Heart, and especially your feeling world! Release such a Mighty Radiance that you clearly and definitely feel your Certain Victory–NOW! Will you not accept It and be free?

Our Love enfolds you forever in Its Transcendent Light and Strength to your Complete Victory. I thank you!

OUR BELOVED PEARL'S DISCOURSE

RATANA'S HOLLYWOOD GROUP – HOLLYWOOD, CALIFORNIA
April 6, 1937

THE Victory of the ages is here, Beloved Students of the Light, with no uncertainty! The Glory of the Light expanding from the beloved Students of the "I AM" throughout America is beautiful, transcendent, and the most encouraging thing which mankind could witness.

It has been Our Privilege since the Dictations began before your recent Class, to go to various parts of America and observe that which was going on from the entire activity among the Students of the Light throughout your country. It has been most gratifying, most encouraging, and even the Divine Director said, "It is beautiful to behold!" So you may know when a Great Being of His Authority speaks those Words of Encouragement, it is far more than My Words convey to you.

For your encouragement and strength, I wish to say that Saint Germain came to Me in our great need in San Francisco, where I lived with an aunt and where Bob and I had been very happy. Then Bob went forth, and I thought I was left quite alone.

One day, Saint Germain came, when My Heart was reaching out so earnestly for love and happiness, because My dear old precious aunt did not know how to give out love and kindness. She did what she thought was right; but you who have so great a Love poured out to you and are people who release so great a love yourselves, can hardly imagine the condition that existed just at that time.

However, in My great Call to God, one night I suddenly awakened. I was just a little girl, and there My room was filled with a soft Golden Light. In the concentrated part of the Light, I saw this Radiant Presence and lo, It was Saint Germain. The curious thing about it was, I was not frightened. I just felt within Me that it was the Answer to My Call, and surely it was.

Then He said: "Child, you shall grieve no more, and you shall have the outpouring of the love that your Heart craves, from the most unexpected Source. You are not to speak of My visit to you to any living person! This will be a secret between just us. I will train you, instruct you in Laws, the Understanding of Laws that you do not imagine as yet exist. As you gain in this Understanding, you will find your being filled with love and happiness, and then a great sense of freedom. I will come at regular intervals and teach you."

Just at that time I was not attending the public

schools, and He said, "Now do not be disturbed about that," for I wanted so much to go to school. He explained, "I will take care of all that." Then He would send–I wonder if you will quite understand this, yet I feel I must tell you. The Messengers have told you how the Ascended Masters may project a Form of Themselves. When Saint Germain could not be present Himself, He projected this Form of Himself, through which He taught Me many, many wonderful things.

Then one day He came Himself, after Bob had become associated with Mr. Rayborn. With that peculiar twinkle in His Eye, He said, "Don't you think you should go and visit your brother?" I said, "I should love to very much, but I have not the means to go." "Well," He said, "I think We can take care of that." So I awakened one morning a short time after and there on My table was money to defray My expenses. In the exuberance of My Joy, I was about to rush forward and tell My aunt, when all of a sudden I stopped right in the floor. Then I remembered that our contract was one of secrecy. So I stopped to consider. Then I knew, through My feelings, I was not to let her know.

So I went forth to visit Bob, as I thought, and to My utter amazement found others who knew Saint Germain. Can you feel the happiness which filled My being through that Experience? Words could not

convey it. Then came the great revelation that Nada's mother had been trained by Him, during all the years He had been training Me. I found She had made the Ascension. The day came when it seemed to Me My Joy had reached its limit. I went with Rex, Nada, and this Good Brother to Table Mountain. I felt impelled to go away a short distance by Myself, and there before Me was this Great Majestic Being, the God Tabor.

As He talked to Me, I realized–just through a mighty flash of feeling–that We were all being directed by a Mighty Intelligence clothed in a Dazzling Form of Light. I want to tell you, Precious Ones, that Cyclopea, Arcturus, the God Meru, the God Tabor, and the God Himalaya are Beings who, the first time one sees Them, seem almost terrifying in Their Majesty, Their Beauty, the Intensity of Their Light, and the Perfection which They are–yet with all that Great and Wondrous Power, as gentle as a mother with her child whom she loves more than anything in the World. When it is necessary, like a flash of lightning Their Limitless Power can be released, which is to perform a given Service.

Tonight I will try to convey to you, into your feelings, the enormous Service which They render mankind constantly and have throughout the centuries, although mankind until now has known almost nothing at all about It.

We love you, Precious Ones, to whom Saint

Germain has brought so much, and whom We love more than any words could ever tell in the World. Yet, We must love Our own "Mighty I AM Presence" first. You know that is rather a difficult thing sometimes, when One has done so much for you. Only if you were in My position at the time He came to Me and began My training, could you possibly know what My feeling is tonight as I endeavor to describe briefly something of My Experience.

I found in the Rayborn home those kindred ones already prepared. Yet He had not permitted Me to say a word to Bob. Then I sent forth a Mighty Call to Saint Germain and I said, "Oh, isn't it possible for Bob to have this Understanding, so We can go forth together?" That which occurred shortly afterwards proved My Call was answered. Precious Ones, as in these Experiences which were Ours, do you not see that every one of your Calls must be answered also?

It cannot fail, if you will follow what He tells you–give your love and adoration to your "Presence" first! Then if at any time you feel a little inability so far as your outer requirements are concerned, call to some One of the Ascended Masters. They will always answer. It is the Law of Their Being and the Law of yours that every Call for Light, Freedom, and Understanding must be answered! If you are not aware of it immediately, please do not have a feeling that your Call has not been answered. It always is! That is

why tonight, and every day during the past twenty or more days, there has been pouring into your feeling world the Glory of Those who have been in your midst.

Try to feel, as I am sure you are more and more each day, the Great Reality of these Great Ascended Beings. They are so Real! One day you shall know it; but until you do, will you not feel that Our Experience is Real, and that We bring It to you for your strength and encouragement; that you may feel closer, closer, and closer to Us, until all human doubts and questionings are forever dissolved and disappear from your world?

May I ask you to silence that human viciousness wherever you go and meet vain intellects which try to criticize these Books or that which goes forth in the Magazine because they are written in simple language? That is all done for a purpose, so mankind may not be confused by involved terminology in any of the expressions used. The Ascended Masters could quite readily use such technical terminology that you could not understand a word of it, but that is not the purpose of this Work.

The purpose of this Light of the "Mighty I AM Presence," as the Tall Master from Venus said in the beginning, is that It must come forth in simple language which mankind can understand, and be free from the confusion of oriental or technical terminology. Will you spread this Great Truth everywhere? People

having vain intellects try to complain. Think of it! Who in the world of human activity is authority? The human mind has concocted all kinds of things for itself and has created the most outlandish words for scientific explanation, when a word of four or five letters would have carried its meaning much more efficiently. Wordiness and involved terminology is vanity of the intellect! Those precious ones do not know that; but such accumulated activity which has become dominant within them causes them to feel that in order to maintain authority, they must use so-called technical terminology.

Think of it, Precious Ones, those Great Beings, who have such Infinite Wisdom, always use simple language which even a child can understand! This is the need of humanity today, because the world–through the old occult methods of former schools, metaphysics of every description, religion, and science–has tried to clothe the Infinite, Wondrous, Beautiful Truth with technical terminology, and it has but clouded the understanding of mankind. You today are fortunate enough to have come within the Radiance of Saint Germain and the simple Teaching which He has given forth. Yet It is so Majestic and All-powerful in Its Action that It should silence every intellect which would try to find fault with It. So, if you will, you may render a great service by putting this before the people who complain that they think

it should be in a more scientific language.

You see, Precious Ones, Those who really know are like a child in Their gentleness to mankind; for the Great Master Jesus said with such Authority, "Except as ye become as little children, ye cannot enter the Kingdom." Do you know just what that means to you today? It is just this. It means in humbleness, in kindness, gentleness, and gratitude is your Doorway into the Kingdom of Heaven, which is the "Mighty I AM." It fills the Earth with Its Happiness, Beauty, and Perfection, which is not found in the creations of mankind. All who enter into this Great Truth know quickly that the greatest happiness which they have ever known through human achievement or human contact, was but a fragment in comparison to the great flood of Joy and Happiness which comes from an Ascended Being or from your "Presence," and We found that too.

When Beloved Bob was brought by Saint Germain to the Cave of Symbols and His first experience began, it was the most beautiful thing, Precious Ones, that anyone ever witnessed. The eagerness, the joy, yet without impatience, with which He entered into the Instruction Saint Germain offered–and His speed of Attainment has exceeded anything any of Us has accomplished, because of His great joyous acceptance of everything which Saint Germain asked Him to do.

So it is with you today. Just maintain the great

humbleness in the human, kindliness, gentleness, and yet firmness when it is necessary in meeting human creations. You must not forget that. When you are meeting destructive forces, you must be dynamic and firm! Otherwise it will sweep you under! It is a dominating force; but when you understand your "Presence" and then are firm in refusing to give power to appearances of any kind, then in Its Great Calmness you release from your "Presence," at your Call, abundance of all you require to govern you and your world and give you the Infinite Protection of your "Presence."

We have endeavored to convey to you the Truth from various angles, and show you that you do have Real Dominion; for you have Invincible Protection in the Tube of Light about you from your "Presence." It is only when you give power and attention to something outside of your "Presence" or listen to foolish gossip, that you open—shall we call it—a tiny crack in the door of your world. If that is kept up, the door is pushed open more and more, until finally there comes a great rush of destructive force into your world, and an accident, an operation, or something of that kind occurs.

Precious Ones, oh, that you might understand tonight your Great "Presence" in Its Fullness, and that discord in the feeling is the cause of everything which besets your human form—either disease so-

called or that which requires, as mankind thinks today, something to be removed from your body to give you freedom. Because of the belief of mankind, it does sometimes seem to be necessary; but when you think of it in comparison with your "Presence," well it is not really necessary, is it? When you know your "Presence" enough, Precious Ones, you will never need any outside assistance of any kind. Neither will you require the surgeon's knife to remove some part of you which seems to be obstructing the way.

Oh, it is so wonderful! Yet do not misunderstand Me. For those of mankind who know not this Great Truth, assistance is required of nearly all which the doctors or surgeons can give–except serums.

Today in the great Expansion of this Light, Beloved Ones, you are the most fortunate of beings, for I repeat to you again: the Expansion of the Light within your Heart and your world is the infinite, positive proof of your achievement during these many months since the Messengers have come to you. Do you think you love them? So do We! Remember how Nada, Rex, Bob, Mr. Rayborn, and Myself love them. Can you imagine Our Gratitude for this Blessed One's coming into Our midst and opening the Door for Saint Germain to come and render the Service He did for Us? Can you? You do feel, I know you do, how greatly We love him and his precious ones. How we long to pick up these two blessed ones, Don and Marjory, and carry

them away with Us. There are others of the young folks for whom We would love to do that too. If they will give the full power of their attention in joyous, harmonious determination to the Great Source of Life, their "Mighty I AM Presence," who knows how quickly that might be.

Oh, We would so love to just take away from you–instantly–everything within your feeling or mental world which longer deprives you of the Great Perfection which your "Presence" is and holds for you. It is everything! There is not anything else! These things in the outer world to which you have given such power, and thought were so necessary, are sometimes but a barrier to your Great Freedom.

Not that everything in the outer world which is of use should not be all beautiful and wonderful; but it is according to the way you qualify it, is it not? You see, your qualification is operating all the time. If you requalify the Energy from the "Presence" with something which harms you, then you are at fault, are you not? This is why We keep bringing you back again, again, and again to these simple Fundamentals which, once you grasp them, will send you forth like a rocket into your Complete Freedom.

With Ourselves and the condition which the Great Law provided, We were so quickly freed from, not only the contact, but the disturbances of the outer world. Then with Saint Germain, We saw how the

great, great Harmony in Our home had meant so much to Our progress. Our home was Our world, Precious Ones! Your home is just your world! It is not a building in which you may be dwelling, but your home is really your world! When you have come to acknowledge your "Presence," you have entered into your Real Home. As you steadily and surely give attention to your "Presence," It purifies, beautifies, and perfects your home, which is your feeling world. Then outer manifestation of every description must come into the Harmony which is within your feeling world. Do you not see that no great harm could come into your world if your own feeling world were cleansed and purified?

Beloved Ones, whenever you call the Power of the "Presence" forth into action, be sure that you have harmonized yourself first! Call on the Law of Forgiveness for any mistakes, and place yourself in the proper position for the Energy from your "Presence" to come forth untouched by your power of qualification, to render you the Perfect Service for which you are asking. Do you not see, Beloved Ones, that if you call your "Presence" forth with dynamic energy today for a given purpose, and tomorrow you become violently angry or critical of a person, place, condition, or thing, the energy which you have already called forth is compelled to take on the quality with which you charged it? I cannot see how anyone can

fail to understand this simple Law. Anyone can, with the Determination of his "Mighty I AM Presence," allow the "Presence" to hold Its Dominion in his world, through himself.

Tonight as the Blessed Ones are pouring forth Their Mighty Radiance to you, join Me, oh, Beloved Ones, in the full acceptance of Their Eternal Freedom and All-powerful Activity within you, your world, and your activity. As you do that, you have no idea how powerfully It will act. You are the decreer of your world. You are either receptive or repulsive to the Perfection of this Great Energy. If you are discordant, you are repulsive; if you are harmonious, you are receptive to the Great Powers of your "Presence." Then Its Powers go forth unchallenged, unqualified, and carry Its Perfection into your world where nothing unlike Itself can possibly exist.

You know the old saying that two Hearts beat as one? Tonight, there are many Hearts beating as one. We are all beating as one Heart in this room. Oh, Precious Ones, it is the most magnificent thing on the face of the Earth to find those so loyal to the Light, whose attention is so wonderful that it beats as one Heart–the Heart of the "Mighty I AM Presence"; the Heart of Divine Order and Perfection. Oh, I rejoice with you so tremendously, as do the Others present, that you have become able to still yourselves enough to allow this Great Work to be done–this

Great Assistance to be given to you.

Many times We four Children just burst into a Song of Praise for the Light which is coming into humanity. We look at Our Blessed Saint Germain sometimes almost in awe at the Majesty and Power of His Achievement for mankind. Then He turns and looks at Us and, with that curious twinkle in the Eye, says, "Children, stop that nonsense!" It is very wonderful to enter into such Happiness which is Ours. You can, no question about it! Remember, We are standing by until your Achievement, until your Victory, provided you do not chase Us off.

Oh, We know so well what mankind goes through in the experience of human creation. Today We stand wholly free from it and the two worlds meet–the human and the Divine. May I ask you again tonight, how many of you precious, earnest Students have thought where and what that dividing line is? The Messenger, I think, has intimated it to you several times.

Do you know that dividing line is your Higher Mental Body? There is where the human ceases and you become Free. Feel, just for a few moments, the full Power of your "Presence" acting through your Higher Mental Body. It knows your every requirement. Then just feel–decree–*silence* while I assist you, that now your complete Victory and Freedom is forever sustained–remembering always

that your determination is the outer activity of the Inner Will of the "Mighty I AM Presence."

Then your determination becomes the dominant Power of your "Presence" to fill your world with Its Perfection. So as you accept this into your feeling world, We decree that it goes into Action Invincible to produce those results for you. Now remember, the Life, the Intelligence which enables you to accept this fully is from your "Presence." Do you not see, as you come to more fully understand it, that all activity is from your "Presence"? If left in Its Complete Freedom, It would produce quickly the full Perfection which It is.

Now call your "Presence" to take full command! Refuse, Precious Ones, any longer to allow any outer appearance to make you feel discordant! Refuse to listen to any discordant gossip of any kind–because that is the thing, if you listen to it, which in a moment finds entrance in your world and begins to whirl and disturb you. This is why the Messengers and We keep pouring into you this Mighty Truth of the Law which, if entered into, will produce your freedom from destruction.

Of course, We never feel disappointed. Yet We want so much to give Assistance–for instance, for someone's voice or for their health. But if that one allows the human to rush in or cause him to feel a lack of energy and strength, well, We just

try to redouble the Radiance so as to dissolve the acceptance of the appearance of lack, energy, strength, or help. What you can do, Precious Ones, is to stand firm, and with determination refuse acceptance of anything you do not want.

Now remember, Beloved Ones, in all these Dictations that are given to you, We are talking Heart to Heart. We are not talking for the criticism of some college professor. We are talking in simple language, that your Heart may feel this Sincerity, this Loyalty, this Truth. This is how you receive the greatest Power and Assistance which is possible to be given in the Great Stream of Energy from your "Presence."

When you sit down around your table at dinner in the evening, do you stop to realize whether you are discussing things you speak of, in collegiate, technical terms or not? Do not think this sounds critical; but in some of the schools We have visited, there was not any real help being taught. You know We had a very wonderful school. Now, We have a still more wonderful one! Some of the schools in which there is such great dignity and such great assurance that every word must be just so, the blessed students most of the time are being deprived of the freedom which is theirs. They are not gaining the feeling of what their instruction should convey. Think! The feeling is the important thing; for unless the feeling is improved by the language, it has become a dead language, so to speak.

This is why I am giving you this explanation tonight; for those who have been unfortunate enough to criticize the Expressions of the Ascended Masters will do very well not to do it again. We are not concerned about the intellectual opinions of Our Language, but We are putting this Truth forth in Words that carry Our Feeling of your Victory and Freedom into your world. Is that not the most important thing which mankind requires today?

Even in Our Experience in the Retreat in Arabia, We have been given such marvelous use of the Light Rays in Their various Colors and Their Mighty Activities. Already, We have been able to use Them in an amazing manner for the Blessing of mankind and the Earth. Oh, how We have been able to stop destructive activities by these Rays–We little children! We call Ourselves "little children" yet.

Do you not see, Precious Ones, how there is nothing in the world that can limit you? Even this Good Brother's Experiences on the side of Mount Shasta, in the assistance of the Ascension, is positive proof. Anyone who disbelieves it is foolish indeed; but there stands the Living Proof to all mankind, if they can accept it. Mankind is not limited today in a single thing that individuals do, except through their own human concepts, through their feeling world.

As this Good Brother has told you many times, he had no idea what was to be done. Yet a Mighty Service

was rendered through his Higher Mental Body, the "Mighty I AM Presence." Now that Blessed One has returned to serve him as long as he wishes to serve humanity in the outer form. No earnest effort is ever lost. Your motive within you is the determining factor in your Life. If your motive is wrong, it will bring unhappiness and failure. If it is pure and good, it will lift you to the Height of Eternal Freedom. Then go forth in the Glory of your "Mighty I AM Presence," and have the Freedom which It brings.

Our Love in Its Eternal Purity and Perfection enfolds each one of you like a Mighty Garment of Light. With your permission, We shall qualify It to be Eternally Sustained and Active within and about you, to produce much more quickly your Freedom and Perfection from all limitations of your own creations or otherwise–that you may quickly enter into the full conviction of your "Mighty I AM Presence," to be the Governing Factor, the Governing Intelligence of your world.

Stop forever giving power to appearances and conditions which are less than the Perfection of the "Presence"! Do not feed your Life energy into appearances to harm and limit you. Do not! I plead with you, Beloved Ones! It is only through your attention that you feed your Life energy to limit, disturb, and cause you to fail. So take your stand, if you have not already, in the great Firmness of your "Presence"! Refuse

any longer to give any person, place, condition, or thing which is destructive any power whatsoever–any acceptance or power! Those limitations came of your own creation and they have no power, except what your Life has fed into them.

Therefore, understand this simple Explanation, oh, Children of the Light! Go forth from tonight in your Mighty Victory, free from the substance which has been qualified by human creation. Go forth, I say, in the Power of your "Mighty I AM Presence"–the Glorious Victor, the Glorious Commanding Presence over all human things. The Assistance of the Great Divine Director, before whom Universes bow, has been offered and given you. Should you ask for any greater Assistance in all the World of God's Creation than that? It is offered to you as a glad free Gift of Love–from His Heart to your Heart–through the Power of Divine Love and Its Eternal, Mighty Sustaining Power.

We love, We bless, We thank and praise you into your immediate Victory, into your full, complete Consciousness of your Freedom and the Power of the "Presence" to stand guard over you. Call the Violet Consuming Flame into action to prevent anything coming forth of your human creation from ever causing you accident or disturbance of any kind. Keep calling your "Presence" forth to rush Its Mighty Violet Consuming Flame from your feet up. At night when

you sleep, call the "Presence" to pass It through the mattress of your bed, and keep this Sustained Activity going through you. Then see and feel the peace and rest into which you will enter.

I love you, I love you, I love you, oh, Precious Ones, Beloved Children of the Light! I love you, We all love you–forever!

"I AM" ACTIVITY
OF
SAINT GERMAIN FOUNDATION

The "I AM" Activity represents the Original, Permanent, and Highest Source of the Ascended Masters' Instruction on the Great Laws of Life, as first offered to the western world by the Ascended Master Saint Germain, through His Accredited Messengers, Mr. and Mrs. Guy W. Ballard.

In the early 1930s the Ballards established Saint Germain Foundation and Saint Germain Press, Inc. which under Saint Germain's Guidance, have expanded into worldwide organizations that offer to mankind the true Ascended Master Teachings on the Great Cosmic Words, "I AM"! Saint Germain Foundation strives to keep the "I AM" Ascended Master Instruction in Its pure, unadulterated form, free from any human interpretation, personal monetary gain, or proselytizing, as It is a Gift from the Great Ascended Masters and Cosmic Beings to bring Illumination and Perfection to mankind.

Hundreds of "I AM" Temples and Sanctuaries exist throughout the world, where the Teachings are applied in "I AM" Decree Groups. The Books of the Saint Germain Series are available in many libraries, bookstores, or directly from Saint Germain Press (address below). For further information, please contact:

DEDICATION

THIS series of Books is dedicated in deepest Eternal Love and Gratitude to our Beloved Ascended Masters, Saint Germain, Jesus, Nada, the Great Divine Director, the Great White Brotherhood, the Brotherhood of the Royal Teton, the Brotherhood of Mount Shasta, the Great Ascended Masters from Venus, the Great Cosmic Beings, the Great Cosmic Light, and those other Ascended Masters whose loving Help has been direct and without limit.

TRIBUTE

WE who are privileged to carry this Ascended Master Light to the World, offer all we are and have or ever hope to be or have, in the Service of the Ascended and Cosmic Masters—whom we have been so blest as to know and love.

We send forth the intense Call that every human being on Earth sees, knows, and associates with Them as we do, in Their visible, tangible, living, breathing Ascended Master Bodies.

To know Them is to love Them. To associate with Them is to serve Them. To see Them is to obey Them; for in Their Blessed Presence, all desire on Earth dissolves into the overwhelming impulse to *be* all that They are.

To the "Mighty I AM Presence," and to the Great Host of Ascended and Cosmic Masters, belongs all credit, all glory, all power in the success of this Mighty Ascended Master Instruction of the "I AM."

To our Beloved Ascended Master Saint Germain we owe eternal, limitless gratitude for bringing this Victory of the Light to the humanity of Earth in this hour of World crisis. May every human being in the World know who He is—what mankind owes to His

great Loving Heart; give obedience to the great Law of Life; and become His same great Freedom and Perfection.

He is the Great Ascended Master who is in charge of the Perfection which must come forth in America. Our love and gratitude are boundless to Him; to Jesus, Nada, the Great Divine Director; to Sanat Kumara; to the Goddess of Liberty; and to Mighty Victory—as well as to all the other Ascended Masters who have worked for the Freedom of all mankind so long.

This Mighty "I AM" Instruction, which is given for the Freedom and Protection of America and the World, is brought forth in the interest of the public good. It is the true Education of Life and the Spiritual Culture of the people, for the whole world in the future. It is the Law of Life! It is the Gift of Love! It is the Power of Light! It is the Victory of Right!

Accept It, oh, Beloved People; for the Light now claims Its own and takes Its Dominion throughout the Earth forever!

FOREWORD

THIS Book is given to the "I AM" Students and all mankind at the Command of the Great Cosmic Beings who dictated the Discourses contained within it.

The Ascended Masters who dictated, with one exception, are all Great Cosmic Beings of such Majesty and Power as the human mind can scarcely comprehend.

The Power They wield is without limit; and this very hour They are standing guard over America and all constructive activities in the World, ready to release whatever Power of Their Light Rays is required to keep war out of America and give Protection to those who sincerely seek and serve the Light.

However, no matter how much these Great Cosmic Beings wish to protect mankind, the Great Law of Life, Light, and Energy does not permit Them to release the intensity of the Cosmic Light needed to do this, unless the people themselves awaken, reach up to the Light, and make the Call to the "Mighty I AM Presence" for the Freedom of *all* on Earth.

These Great Cosmic Beings of Light are the Guardians of the future of America, and are doing everything that the Great Law of Life permits to hold our

Beloved Land free from the viciousness and insanity of war in the rest of the World.

Every constructive person, place, condition, and thing in America and on Earth is held within the Powerful Radiation of these Great Cosmic Masters, who love humanity more than it loves itself.

Each Discourse is powerfully charged with the Life, Light, and Love of the particular Cosmic Master whose Dictation it is. Every Word in every Discourse is a "Crystal Cup" which is filled with and carries the Life, the Light, the Love, the Energy, the Power, the Healing, the Courage, the Strength, and the Supply of every good thing from the Octave of Life of the Ascended Master who dictated it.

Each Discourse carries a distinctly different Radiation and Feeling to the Student and reader; and if all who hear or read them will accept and expand the Blessing and Perfection with which they are charged, Mighty Ascended Master Miracles and Victories of Perfection will flood forth without limit to bless all.

He who serves the Light of Life is served by the Light; and the Light always knows, protects, supplies, and cares for Its own!

This Book is the Ascended Master Light to America, mankind, and the World! Accept It, Beloved "I AM" Students and readers, and enjoy the Blessings and Perfection which It brings!

Be an Ambassador of Light from the Ascended

and Cosmic Masters' Octave of Life, in this hour of the World's greatest need, that all mankind may once again come into its Home in the Light from which all came forth.

"THE GREAT GREAT SILENCE"

By CHANERA

EPISODE I

I stand in the Great Great Silence,
The Heart of the Central Sun,
Absorbed in the Light of My "Presence,
At last with Its Love all One.

I feel such a Great Calm Power,
A Stillness no words can tell,
A Peace from the Heart of Creation,
And I know that all is well!

I pray for Earth's blessed children
And Freedom I ask for all;
I pour forth the Love of my "Presence"
To answer their every Call.

I rest in this Great Light Temple,
In Life's true Silence Supreme;
"I AM" Its Almighty Splendor—
The fullness of Love's own Stream.

Light's Presence so all-pervading
O'erwhelms me with Love's Delight,
The Pow'r and Peace of Its Being
Are mine in this far, far Height.

Oh, great is my joy this moment,
Triumphant at last I stand!
At One with my Source all silent—
Its Glory no one may ban.

Oh, feel with me this Great Power
Of Light from the Heart of All!
The Throne Room of each one's Being,
Love's Answer to each Heart-Call.

Here! here in the Great Calm Silence,
Forever my "Presence" bright
Parts Its own Curtain of Glory
And "I AM" Its Dazzling Light!

I stand in the Great Great Silence,
Hold Thy Hand, O God of Light!
Thyself forever abiding,
Enfolds me with Thine own Might.

Great Source of this Mighty Silence,
The Cause of the Great, Great Blue!
Pour through me to all Earth's Children
Thy Love—make them feel It too!

I stand in the Great Great Silence
  Alone and feel all Its Might;
I know at last through my "Presence,"
  "I AM" the Master of Light!

The Peace of this Great Great Silence
  Spreads o'er me Its Magic Spell;
Absorbed in Its pure, deep Stillness,
  Life's Story I hear It tell.

"I AM"! sings the Great Great Silence,
  All Beings of Light above!
"I AM"! breathes each breath within me—
  The Voice and Power of Love.

Come now with me on this journey,
  In Vict'ry Supreme and true;
Abide in the Great Great Silence
  And feel the "I AM" come thru.

"I AM"! in the Great Great Silence!
  "I AM"! Its Power and Peace!
"I AM"! Its Might and Its Glory!
  "I AM"! and all else shall cease!

EPISODE II

I stand in the Great Great Silence,
Alone in Its Stillness bright,
Filled with Its Peace and Its Power
In the Arms of Cosmic Light.

Oh, feel with me this Great Glory!
See Its Perfection for all!
From this Sun's own Heart and Silence,
To Earth in Love comes my Call.

Oh, come to me, my Beloved!
Blessed Ones I love so dear,
Live in Light's Palace of Glory,
Enjoy the Great Beauty here!

The Heart of this Great Great Silence
Is Love's true Temple of Light;
So come, my worshiping brave ones,
Be clothed with Vict'ry and Might!

Oh, feel with me this Great Silence!
Live in It each hour, each day;
Call now your own "I AM Presence"
To bring you on Love's own Ray.

Come! fly to me, Precious Children,
  On wings of the summer morn;
Or come like a strong, swift arrow—
  On Love's Great Lightning be borne!

I call! Do you hear, Beloved?
  Will you come to this Great Height?
Oh, Precious Ones of the "Presence,"
  It is Home—the "I AM," Its Light!

Softly a Call in this Silence
  Sounds in my Dwelling above;
My Precious Ones on Earth's Planet
  Have heard and answered my Love.

I return! my Heart o'erflowing!
  In rapture, I bring Thy Light
To hold all close to their "Presence"—
  "I AM" Its Glory and Might!

They, too, then stand in the Silence
  Each moment, each blessed day;
Great is Its Glory and Freedom!
  True is Its Vict'ry and Way!

The Voice of the "I AM Presence"
Is Love's own Glory and Height;
Dwell in Its "Temple of Silence,"
Clothed now in Garments of Light!

Oh, stand in the Great Great Silence,
In Its own Pure, Dazzling Light—
Alone in the Heart of your "Presence,"
And feel Its Power and Might!

Oh, stand in this Great Great Silence
And feel It all through and through!
Rest in Its great gleaming Whiteness;
Know Life's full Blessings come true!

The Love in this Great Great Silence
Is so deep no words can tell;
I feel Its full True Power,
Its Joy sings clear as a bell.

Oh, Great is my Peace in this hour,
So deep that It thrills me too!
I live in the Heart of my "Presence,"
And send Its Light Rays to you.

EPISODE III

"I AM" in the Great Great Silence,
In the Heart of Life—the Sun!
"I AM" sealed in Love Eternal,
My Vict'ry forever won.

"I AM" in the Great Great Silence,
Full blazing Glory and Light.
"I AM" all Its Magic Splendor;
I know all Its Pow'r—Its Might!

"I AM" in the Great Great Silence,
Its Presence forevermore!
"I AM" in Its Heart so dazzling;
Its own Great Light Rays I pour.

"I AM" in the Great Great Silence,
Held close in Its Unfed Flame;
"I AM" all Its Wisdom and Pow'r,
From Its Sun of Light all came.

"I AM" in the Great Great Silence
And seal'd so close in Its Heart!
"I AM" the Great Cosmic Flame Breath—
Of Its Fire, "I AM" a part.

"I AM" in the Great Great Silence,
In Light I ever abide;
"I AM" all Its Peace Eternal,
No matter whate'er betide.

"I AM" in the Great Great Silence,
In all Its Power I move;
"I AM" Its Mighty Dominion
And know just the Presence of Love.

"I AM" in the Great Great Silence
And Its Vict'ry over all,
"I AM" Ascended! Triumphant!
To each one in Love, I call.

"I AM" in the Great Great Silence,
Wrapped in my Mantle of Light;
The Unfed Flame now within me
Sends forth Its Ray—Its full Might.

"I AM" in this Great Great Silence,
Its Love holds each world in space;
And Light with Its Glory around me
Speeds me with Infinite Grace.

I sing in this Great Great Silence
  Life's Song with Its Joy to Thee!
Light in the echoing stillness
  Reveals a new Melody.

On, on in Its ceaseless Splendor
  Flows Light from the Central Sun,
Flooding forth to all Creation
  Its Freedom to bless each one.

Straight at the Altar of Being
  I stand in my own Love's Light,
Face to face with my "I AM Presence"—
  Its Fullness! Its Glory! Its Might!

"I AM" then this Great Great Silence!
  "I AM" Its Presence all Free!
"I AM" the Life in each Being!
  "I AM" Master! Love! Light! Thee!

ASCENDED MASTER LIGHT

By THE GREAT COSMIC BEINGS

SAINT GERMAIN'S DISCOURSE

PHILADELPHIA, PENNSYLVANIA

MAY 9, 1937

BELOVED Students of Philadelphia, I greet you one and all. In the fullness of the Love of My Heart, I enfold you in the Light which is Mine, which is yours, and which belongs to all the World, in the fullness of Its active Presence and Power.

Mothers of America and the World, I greet you in the full Power of your "Mighty I AM Presence," for the service which you have rendered America and the World. I greet you in the Glory which shall yet be yours in the true, transcendent activity of birth, which is to find its expression on Earth as once before. The original perfect activity of birth is free from all pain and distress. It glorifies everyone in the fullness of quick and perfect action. Infancy will be unknown; and the Glory of God, the "Mighty I AM Presence," will find Its full Expression at all times.

There will be no lapse of time for certain physical requirements, which is the condition of physical embodiment today. We give praise and thanks that once again the Earth is to know the perfect activity of embodiment and come back into it permanently. Long ages ago mankind knew the Divine Way of birth! It was so long ago, that but for those Records in the Royal Teton, mankind could not believe that it had ever existed. That proof, that physical proof, stands in the Royal Teton today! There are the Records of all the great Civilizations which have existed upon this Earth. One day all mankind shall know the Truth which is there; for all the foolishness, the doubts and fears of mankind will be forever erased from their consciousness.

The consciousness enveloping the Earth which has been charged with discord shall become cleansed and purified! No longer shall it weigh upon mankind and cause a pressure greater than that of the atmosphere of Earth. It is rapidly being purified, and the pressure is being removed from mankind. Many feel it; and hundreds of thousands more will still feel its release, ere two years have passed over your heads.

Tonight, in Glory, Adoration, and Blessing to the motherhood of mankind, We call for the complete release of all motherhood of Earth into the Full Perfection of the Ascended Master Activity and the Great Cosmic Light—to produce Its Perfection everywhere;

to bless and hold every mother on the face of the Earth within Its Mighty Radiance, until Its full Perfection comes forth.

We accept this Full Glorified Activity, that all may feel Its Mighty Presence within them; and in the Glory of this Great Cosmic Light all shall be made Perfect! All shall enter in and be the fulfilling of the Law!

In the Full Understanding of your "Presence," remember: only through your attention is everything made possible for you. Without your attention upon a given thing, you cannot know its activity. Thus your attention becomes the first focal point for the Power of your "Presence" to come through and fulfill every requirement. Through it must come all that your Heart craves, all that you wish to have made manifest. Remember! Where your attention rests, there flows your Life.

I want to say to you, that We are wholly indifferent to the human opinions of mankind which say that in these Dictations you will find Us repeating each other. We are not concerned with the intellectual imagination of mankind! We are voicing Our Words, which are "Cups" that carry Freedom and Perfection! We are not concerned with the foolish criticism of mankind whose intellect says that certain expressions should be used. We are not concerned in the slightest! We give forth that which the people require,

and let the human criticism cease! If We followed the human opinions of mankind, We would be in the same conditions they are experiencing. Therefore, We no longer accept human opinions! We stand forth giving the Law of Life absolutely unadulterated by human suggestions. If you find that in the various Dictations We have repeated each other, then know it is for your blessing and benefit.

You have but certain words in your vocabulary. If one of mankind or twenty repeated those same words, is it plagiarizing? I want you to know in this Work, Dear Hearts, We are not in the slightest concerned about any human opinion. We give forth this Law! It is doing Its Work! And We are not concerned with human conceit.

I want you to know, Dear Hearts, in the Mighty Expansion of the Light which this Understanding has brought forth, it is just the beginning of Its Mighty, Perfect Work. The Blessed Ones have been raised up throughout the United States to give forth these mighty Decrees, and this Cosmic Light is cleansing and purifying the feeling and mental world of mankind. It will continue until the "Presence" can do the things It wishes to do, and which need to be done, for individuals, for the Nation and the World.

You today are the product of your thought and feeling. In refusing acceptance to appearances which are less than Perfection, say to them instantly, *"You have*

no power!" Then you stop the activity of those appearances. You stop the human creation which has accumulated up to this time, and you cause it to cease action in your world in the future.

Blessed Ones, I tell you the time is at hand when you must assert yourselves for the Perfection you wish to call forth! Then you will receive it! This is why I speak to you in this positive manner—to break through and shatter all the human creation about you, until you can realize the full Power of God, the "Mighty I AM Presence." It alone can produce Perfection for you and your world, glorifying you with Its Perfection forever sustained.

I rejoice with you, and thank each one in deepest gratitude for the beautiful and wonderful work you are doing in preparation for the Class. I assure you, it will be one you will never forget as long as you live —Ascended or unascended. Now remember, that is My Promise! You shall be electrified and glorified as you never have been before in your lives. It shall remain active with you forever! Remember it! Every earnest Call, which is building up this Mighty Momentum to call forth the Glory and Perfection of the "Mighty I AM Presence" into your world, shall go forth! No human creation can prevent it! And all human gossip shall cease forever from this Work and all mankind!

Remember, upon that depends your Freedom; and

I plead with you: let no Student of the "I AM" anywhere in America, continue any longer to allow himself to express one thought, feeling, or word of condemnation or criticism against his fellow Student or his Group Leader. Everyone must be free, and no one shall judge another. The only Judge in this Universe is your own Higher Mental Body. Feel this!

Dear Ones, go forth doing all you can, each one of you! Let each Group Leader be free to do what he can do, and bless each one. Then, you will have your Group flooded with people who come to you for help, assistance, and enlightenment. Dear Hearts, there is no Group Leader in the World who can hold people about him with the feeling of criticism and condemnation in his Heart. Groups under such individuals will disappear, and those who pour out love and kindness cannot find room to take care of those who come. It is the Law of Life, oh, Precious Ones.

We call to the attention of everyone the things you require. As long as you let human feelings govern, and give voice to your unkind feelings, you will be deprived of your Heart's desire. It is the Law of Life, Precious Ones! It is no one's desire; but you are the cause in your world—and if you send forth discordant activities and feeling, then you must reap just that! Nothing can prevent it but yourself.

I say to you tonight in such great Love: wipe out in one sweep every discordant feeling within your

world—your feeling world. Then say: " *'Mighty I AM Presence,' take out of me everything less than Your Perfection! Sweep through my world and activity! Reach out Your Hand, and through me bless all I contact with such an Outpouring of Thy Light and Love, that no longer is there anything left but just Your Mighty Perfection in Action.*" All can have and do this if they will.

Each one can be blessed and be such a blessing to each other, that the whole World will turn and look in gratitude to you; but as long as discord reigns within your feeling world, all good is repelled. Rejoice always when anyone can release a greater power of love than you can. Let that be an example for you to release more love. Then you, too, will stand with equal power in the Great Outpouring of Love, and call all mankind to you for their Release and Ascension.

Your privilege today, oh, Beloved Ones, is the greatest ever known to mankind. It is a privilege to pour out Love in the present crisis of mankind. The important thing is not just your individual requirement. Think of the need of America and the World. Unless mankind can have the Protection which is needed, their hope is gone.

Will you not bear with Me just a few moments? Think of it, Beloved Ones! I have worked for America and you for two hundred years and more! I could say to you I have worked for you for seventy thousand

years! Will you not join Me now in such Harmony within your feeling to your fellowman and all things, that the Power of your "Presence," to whom I have called your attention, can bring such Release unto you and your world, that every one of mankind will be blessed forever by it? I have had the Patience to go on and on and on. Can you not have a little patience, in calling your "Mighty I AM Presence" to give you harmony in your feelings and to take out every discordant thing, so you may assist now in this final crisis of mankind?

We could have gone on in the Realm of the Ascended Masters and left you to fight your battles alone! But We did not! The Beloved Messengers here, when they came back from Honolulu, could have said goodbye to you and have gone on; but they did not! Their love was great enough to go on and on, facing and conquering the viciousness which has been projected at them. They know that it has no power—and it does not have! Precious Ones, they should be an example to you. They have fought battles and stood against viciousness which has wrecked nations, I tell you; and they have remained untouched by it! The Work has remained untouched! And any human who expresses viciousness and falsehood concerning this Work is half insane.

I say to you, Beloved Ones, as long as you listen to falsehood and gossip you will be in limitations.

Unless you free yourselves and your worlds from it, you will not know what Freedom, Perfection, and Happiness is. In the experience of mankind today, only a few of the "I AM" Students yet know what real Happiness is. Only as you remove from your world all discord; only as you hold yourself in Obedience to the Great Light, will you come to the point where you will know what real Happiness is. In that Happiness, you no longer accept any appearance—you have just the Perfection of the "Presence."

Today, the opportunity of the centuries is open to you, to glorify yourself in the Perfection of the Life which beats your Heart. You cannot be disconnected from It and live. Therefore, your Life is your Light! If you will thank and praise the Life which beats your Heart, then you will have more of Its Power and Activity glorifying you. Your Life is God, the "Mighty I AM Presence," the Governor of the Universe. If you give It the opportunity, It will bless you as nothing else in the World can. How can It bless you? Only through continued Harmony in your feeling.

Therefore, Beloved Ones, arise in the Power, the Activity, the Authority of your "I AM Presence"! Take command and say to all appearances: *"You have no power! Stay out of my world! My world is the World of the 'Mighty I AM.' It is governed by and held obedient to my 'Presence'! No human thing can touch it! Henceforth, I stand free, forever free from all human*

qualities! 'Mighty I AM Presence,' Your Authority is in Action in my world! I claim Your Perfection as the only Governing Presence in my mind, my body, and in my feeling world. Hold it purified, beautified, and free from every discord, that Your Glory may pour forth and bless all mankind with whom I come in contact."

This is the Glory of mankind! You are the Light of the World! Do you know that, Precious Ones? Do you know that you, who have this Understanding and really in your Hearts accept your "Mighty I AM Presence," are the Light of the World? Think of it—you, whom I have known so many times! Many of you here in Philadelphia especially, were embodied in those earlier days of America and knew Washington. You have come again, and this time to enter into your Freedom, if you will.

Try to fully realize that Harmony maintained in your feeling is the Open Door to your "Mighty I AM Presence." Harmony is the Perfection through which you will gain your Freedom. It will pour forth in, through, and out into your world, to bless everyone who touches the "Hem of your Garment." Do you know, the Hem of your Garment is the Radiance of your world; and if It be of the "Mighty I AM Presence," then all who touch the Hem of that Garment are healed, blessed, and enlightened.

Will you not become such a Pillar of Light from

your own "Mighty I AM Presence," that all who touch your Garments may be healed? What enabled the touch of Jesus' Garments to heal? Because that Garment was the Radiance of His Being. The Radiance from you is your Eternal Garment whose Radiance or Touch can heal, bless, and enlighten! Will you not, oh, Precious Ones, so still yourselves, so call your "Mighty I AM Presence" into action, that Its Radiance becomes a Healing, Blessing, Prospering Activity everywhere you move?

In the stillness of this Radiance which is brought forth for your Blessing, for just a moment accept into your feeling world Its Mighty, Active Presence, so filling you with Its Peace, Joy, and the Electrifying Activity from your "Mighty I AM Presence," that you feel Its Glowing Mastery enfold you now and forever sustained. Then no longer can a single thing of human creation ever cause you to feel its touch. May this Radiance be so bright, that the moment discord touches It, it is consumed at once.

Think for a moment, Precious Ones! when the Great Radiance of an Ascended Being moves forth into a room or about you, all unlike It just dissolves and disappears. Now, you may become that same Pillar of Light! Even though yet unascended, still you can be a Pillar of Light, whose Radiance from your "Mighty I AM Presence"—the Authority of the Universe—can pour forth with such volume that all

human activity which touches you or your world is silenced! And the Power from the "Presence" flows forth to bless, heal, and prosper.

Today your Privilege is very great. The Honor of the Ascended Host is placed in your hands! Let no "I AM" Student do anything that the Ascended Master would not do! Will you accept your responsibility —try to feel, live, and be Their Light? When you start to do something, stop for a moment and think, "Would the Ascended Master do that?" Remind yourself that the Honor of your "Mighty I AM Presence" and the Ascended Masters is yours to maintain. It will make everything you contact so much easier if you will do this.

If you suddenly find yourself confronted with something and humanly you do not see your way out, just be still! Say to your human intellect: *"Be calm now! Be silent! 'Mighty I AM Presence,' "* (Now notice—where your attention is, there you are!) *"You take command of me and my world! Produce Your Perfection and hold Your Dominion!"* If it be a vicious condition, say: *" 'Mighty I AM Presence,' sweep into this condition! Turn it upside down and bring a Miracle of Your Perfection out of it!"* and the "Presence" will do it!

I say to you, Beloved Ones, there is no longer any excuse for mankind not having the Perfection of the "Presence"—because if they will harmonize their

feelings, refuse to accept human appearances, and then call the "Presence" to take command of them and their worlds, they will find Its Glory filling their worlds; and nothing else shall have power to touch them.

Tonight, We thank you for this opportunity of again reminding you of these Principles of Life which are Eternal—which none may sidestep. Do not think anyone is an exception to these Rules. The Law of Life is Eternal for all mankind, and there are no excuses today. As you understand this and feel the Glory which it is, so shall you be blessed forever.

In the fullness and Power of your "Mighty I AM Presence" and the Ascended Host, I enfold you in the Glory of Its Light, the Light of God, the "Mighty I AM Presence" which beats your very Heart and holds you so close in Its Mighty Radiance, that no longer can you feel or express anything but the Glory and Perfection of your "Mighty I AM Presence," now and forever sustained! I thank you.

JESUS' DISCOURSE

SHRINE CLASS—LOS ANGELES

JANUARY 3, 1937

TODAY, oh Beloved Children of the Light, I feel as though talking to old friends; for there are those of you who were with Me during the period of My Ministry, seemingly so long ago. Yet in the Great Cosmic Light, the human cognizance of time does not exist. This is why, oh, Beloved Ones, when you enter into the Radiance of the Ascended Beings and the Great Cosmic Light, as many of you have experienced, you lose the sense—the human sense—of time. Sometimes an hour or two hours seems only a few minutes. It is in some slight degree giving you evidence of that which you will one day experience in your Freedom of the Ascension.

It has been one of the greatest Joys of My entire Experience to find so great a number of the Students applying and experiencing in a practical, natural manner, in such simplicity, that which has been considered so transcendent. Saint Germain has brought this Work forward in the fullness of the Explanation which the Great Cosmic Law permits. In all the Universe there is only the Action of Divine Law, which is the "Mighty I AM Presence" in Action.

No human being in all the World exists unto himself or herself. All is a Great Consciousness, and all are a part of that Great Consciousness in action—whether it be in your physical world or whether it be in the Great Octaves higher. All is Law and Order, acting under a definite Law of Life, the "Mighty I AM Presence."

I knew many of you during My Ministry, and have observed all that has taken place in your Stream of Life since—seeing the evidence, the activity, and the willingness of many individuals to accept their "Mighty I AM Presence." Thus, for the individual to set himself Free is the only Transcendent Activity.

Your experiences in Life are like a great whip that lashes you back to your Source of Life, the "Mighty I AM." Do you not agree with Me when I say that in almost all cases it is sufficiently severe? Think of the agony mankind goes through, due to the power gained through human concept because of lack in understanding of the Law of Life. Yet they willingly go on, and on, and on, seeking the Light with the Heart; but the feeling, through the intellect, overrules in practically all outer activity.

Today, you all have this simplified Explanation—the eye picture of your Reality—by which you can govern your life, your feeling, your world and allow that Great Intelligence, the Life of the Universe, to bring Divine Order out of the chaos which mankind has

created. It seems appalling that the human intellect could have created such great chaos for mankind, as the Beloved Saint Germain has said—by forming conclusions from fragmentary information, all of which is gathered from without.

There is no *permanent* foundation upon which *any* human concept is formed. That is why, Beloved Ones, when you say to your human self and its concepts, *"You have no power,"* you take out of it the power with which you have previously charged it. Then, the full Light gains Its Supremacy in governing the outer activity of your world; but It must go through your attention. Without the attention upon the Supreme Presence of Life, the "Mighty I AM," mankind has no hope. There is no place to go without It!

Those in the churches throughout the World, who have claimed to adore Me and preach My Words, have utterly failed to comprehend this. They pray constantly to a God whom they have placed so far off, that it seems to require infinite time to reach It. This is why today the prayers of mankind are answered less and less and less. It is why these Precious Ones, who have come to know the "Mighty I AM Presence"—which is the very Infinite Presence of God to whom all should have prayed—have immediate results from their Calls, from their Decrees and their prayers.

After all, what is prayer, oh, Beloved Ones? I mean *real prayer,* the prayer which is answered. What is

it? A sincere desire of the Heart, which is *feeling*. That is what is released when prayers are answered. It is because enough feeling is released to produce the results. No result can be produced in your outer world of activity without *feeling*, because *feeling* is the Powerhouse—the outer activity of the Inner Power of the "Presence."

Today you, the Beloved Students of the "I AM" under Saint Germain's Radiation, are the most fortunate beings on Earth; for you have entered into a definite, powerful Law. It is the Law of your Life; and you get results if you are in earnest, if you are sincere and keep your feelings harmonized.

It is useless for mankind to go on ignoring the qualities of Life which individuals are using every waking moment, and many times sleeping as well. Qualities act regardless of Wisdom or ignorance, regardless of intent. If the intent is vivid, sometimes they act more powerfully. When you understand the Power of the Universe is your "Mighty I AM Presence" acting at your Command, at your Call, at the issuing of your Decrees, then you have entered into your real *Powerhouse*. When It is brought forth into the physical world, It will release you from the human creation and bondage under which you have lived for so many centuries.

How do you suppose I knew when speaking to this Good Brother—your Messenger—two thousand years

ago, that in a far distant time he would comprehend My Words? Because in the Great Cosmic Light of the "I AM," all is revealed. In this embodiment, there is being fulfilled that which I knew then. Through him, his Freedom and yours is assured!

Within the past five years We have watched over and cared for these Blessed Ones, prepared and brought forth this Release to mankind. Do you not think Our Love must be very great for them? Our Love, intensified by their great love, has poured out to you blessed Children of the Light with such great Power, that It has supplied you with strength—until you understood your "Mighty I AM Presence" sufficiently to hold your own Dominion and gain your own Victory.

Could there be any greater rejoicing in the World than for the accomplishment of that which sets mankind free from all human accumulation and creation? Why, Dear Ones, do you suppose it was planned even two years ago to hold this Class in your city at the present time?—Because We knew the Great Cosmic Law would move into Action at this time, permitting a Work to be done for you en masse, which ten days before the opening of your Class could not have been done. That is how accurate and definite the Great Law acts. We, as wholly Free Beings, must watch and act in Harmony with this Great Law, in order to render the Service which your Call has enabled Us to give.

It is one thing to render a service when asked, and quite another to render a service unasked.

I shall say a startling thing to you. Could the orthodox world, as you term it, accept this Understanding of God—their Infinite Presence, the "Mighty I AM"—in one year the Earth would be transformed. But the accumulated intellectual concepts, acting through the feeling of mankind, do not permit such Freedom to enter in—unless the individual is strong enough to stand against human suggestion from both within and without; for your own human suggestion is quite as strong as the suggestion which permeates the atmosphere in which you move.

Christian Science has taught mankind to use the mind, but so many have forgotten to love. The great blessed one who was the channel for that knowledge would so love to see a change, would be so grateful for the world of Christian Science to turn on the Power of Love. All the World is perishing for Love! Oh, that all mankind might understand that if enough Love—Divine Love—is poured forth, nothing in the outer activity can be lost to them.

When different avenues of Truth battle with each other because human concepts do not agree, what a tragedy upon Earth it is! You will notice these Beloved Messengers battle no thing, no person; for they have learned the Law, praise God! They go serenely on, presenting the Truth which they know to be. This

Good Brother, in association with Saint Germain, saw the action of that Law. He goes forth pouring out greater and greater Power of the Love of the "Presence" in every Class. He condemns nothing, but loves all. This is the Secret! If every avenue of Truth on Earth had this Secret, it would transform the World into a Perfect Paradise within a few months.

It is My Joy to speak these Words to you today, that you may know we are never separated. I feel your love, your thoughts, your prayers. If it were possible for Me now to feel sorrow, My Heart would be heavy to find the doors of so many churches closed to Me. Instead, I rejoice that a greater Expansion of the Light and opportunity have opened for Me to pour forth My Love and Assistance to those of mankind who can truly accept My Reality and My Presence. We wait long and patiently for an opportunity to serve mankind. Once more with My Blessed, Beloved Brother Saint Germain, Hand in Hand We move forward to bring Light, Freedom, Blessing, and the Ascension to mankind.

In the Fullness of My Love I enfold you, oh, My Beloved Ones. In the Fullness of the Freedom which I have, I enfold you; anchoring within every person who has come into this room, the Ascended Masters' Qualities which will find outer expression in your world as you advance, clothing you in the Ascended Master Light-substance which you will absorb—now,

I shall use a very curious expression—which "chases out" of your atomic structure, your flesh body, the imperfection which is there.

I congratulate our beloved sister, Lotus, on receiving so clearly and vividly the use of the Substance from the Love Star. That is a still greater Intensification of the Ascended Master Substance, as you previously have understood It. When It is called forth to envelop you, to clothe you, this Substance—in order to make it practical and clear to you, I say moves in and is absorbed into the body and, as it were, chases out the imperfection.

Now this is a Threefold Activity and Assistance to you. When once the use of the Unfed Flame is called into action, all human discord and inharmony must quickly give way before It; for through Its Mighty Radiance, all unlike Itself must dissolve.

All you precious ones, and all who are here from a distance, carry with you this Knowledge! It is *impossible* for any inharmony, any discord, to come from your Call to the "Mighty I AM Presence" or your Call for the Unfed Flame. If there seems to be anything else at any time, with any single individual, it is because your fear has qualified the Energy and Activity of the Radiance from the Unfed Flame, with your inharmony or discord. The Unfed Flame cannot produce inharmony Itself. You have done the same thing through long centuries; for you have been requalifying

the Mighty Energy, as It flows through from your "Presence," with your human concepts and feelings which were untrue. Thus, you have produced in your world limitation of every description.

Through Our Assistance—in the calm, serene Acknowledgment of your "Presence" and with Harmony in your feelings, you can quickly transform yourself and your world into a Being and World of Light and a God in command. The privilege is before you! *You* must choose!

I extend to you the Love, the Eternal Blessing of the Great Host of Ascended Masters and the Great Angelic Host, to bless you and give you your Freedom quickly; to give you the Power, Strength, and Courage to *feel* the Reality of your "Presence," and to allow It to do Its Perfect Work for you.

Eternal Infinite Light, clothe these Beloved Students of the "I AM," all throughout America and the World, with the Ascended Masters' Substance from the Love Star! Enfold them, and fill their minds and bodies with the Perfection which It is. It cannot be requalified by human qualifications! Rejoice, and be Free!

LADY MASTER NADA'S DISCOURSE

HOUSTON, TEXAS

MARCH 1, 1937

IT is Saint Germain's wish that I voice to you My Love and the Love of the Great Host of Ascended Masters who are ministering to the Children of Earth, in their search for Freedom and their Ascension.

Your great loving Hearts in their great Call have received an Answer. Saint Germain assures Me and you that at the first opportunity time permits, you shall have the Messengers in your midst. They must go East after the Sunrise Service and Pan Pacific Class. The need is very great there, and it will again establish conditions of Harmony so that they may return to the West in the future.

In your state of Texas, at a former time, there was a Focus here of Great Light. This is one of the reasons why Our good Messenger, Mr. Stickell, has been impelled to work so largely in this locality and about this central focus. You will remember, in reading the Books, the civilization of seventy thousand years ago at this point on the Earth—as well as in the Sahara Desert, there was also a Great Focus of Light—it was not far from here. That is the reason why Texas must

go forward in her recognition of the Light. You, who are here, now that your attention is called to it, will be able to draw a very much greater Focus and Radiation—not only of the ancient Light which was focused here; but you can expand and amplify your own, by your attention having been called to this greater Focus.

Throughout America there is coming a concerted action through this Work, and We give such Gratitude to the Divine Director for having requested that the Group Regulations be held uniform throughout America. One day you shall know how great has been the Blessing of this uniform Activity. The outer man, or the human self, even after the attention is called to the "Presence," in the newness of it while adjusting to the greater Ideals, has required time as you humanly know it, to assimilate and realize deeply what the simplicity of this Work is. You have been assured time and again that It is the exact Instruction, the exact Application which We, as Ascended Beings, did use when We had human forms like your own. It is the exact Application which all of the Ascended Masters have used, to attain Their Freedom and the Ascension.

Those of the Beloved Students who will feel this Truth deeply can be free! You will notice, We constantly stress the *feeling,* because that is your Powerhouse; and when the Students really feel the Truth

of this Good Brother's Experiences—especially the Ascension which took place on the side of Mount Shasta —then you will know positively there is no limitation for you any longer, in the acceptance of your "Mighty I AM Presence."

If you will be firm and determined in calling your "Presence" into Action, there is not one solitary thing of human limitation or seeming obstruction that can remain in your pathway. I assure you it means firm, determined, constant Application, until the human appearance of limitation goes down before It. No discord or limitation can stand before It, if you will continue to apply this Law earnestly and with determination. As you gain momentum in your recognition and acceptance of the "Presence," you will find every step becomes easier and easier.

Our Joy is boundless in finding so many of mankind joyously ready and willing to accept this Knowledge, which at first seems so unusual and transcendent. Yet It is very practical—all of It, Dear Hearts! It is as practical as anything in your outer world. It is only because human concepts have made Transcendent Activities unusual, that any such feeling acts within the individual—preventing often the use of these simple, Transcendent Qualities, which really are within every human being.

For instance, the Power of your attention, vision, and qualification is so gigantic when consciously

controlled. These activities sound so simple, and yet they are majestic, and contain within them the Power of the "Mighty I AM Presence" and the Universe. *Your attention, Precious Ones, is the most powerful attribute in the use of mankind; and it always has been —because what your attention is upon, you compel yourself to become, even in the human form.* When you realize that your attention has been on discord, limitations, seeming obstructions of every kind, and human creations, then you know why you have compelled yourselves to live in them — because of the power of your attention!

When you turn from that and give your attention to the "Presence" where all Perfection, all Intelligence is, you give It all Power to flow forth in your world. Your "Presence" will reverse not only your attention, visualization, and qualification, but the very Law compels It to act according to where your attention is. You will see at once the Great Power, the Great Intelligence which is yours in the "Mighty I AM Presence"; for It beats your Heart and gives you Life. When your attention is turned to your "Presence," you have Its full Power flowing into you and your world, not only to produce health in your body, but to flow out in your world to harmonize and make your every Heart's desire possible.

Precious Ones, do you realize that every desire of your Heart is God in Action, the "Mighty I AM

Presence"? You might say to Me, "How about the undesirable desire?" It is still the Mighty Energy of God acting, but requalified by your discordant feeling. See? Each one alone, Precious Ones, is responsible for everything that takes place in his or her world. Individuals, however, have not known this. They have felt something outside, as responsible for their conditions; but after all, that is *not* true. Every individual person *is* responsible for what is in his own world. Each one has either created it or, possibly unknowingly, has admitted it. Do you see?

You do not *have* to admit anything into your world but the "Presence." You must realize that your attention to the "Presence" is not only your protection, but prevents—if you will hold firmly to It—any requalification, any picturing through your vision of anything undesirable in your world.

Before you knew of your "Presence," you could not look upon a discordant thing without accepting it into your feeling world. This was very important to you. Wherever your attention went, you compelled that to enter your feeling world because there was no protection. Having turned away from the "Presence" *consciously,* you *must* go back to the "Presence" *consciously.* Therefore, when you come to know the "Mighty I AM Presence," you realize all that acts in your world must come through your attention or Call to the "Presence." Then, you will see how you become

the Master of your world in the acceptance of your "Presence"; and how you alone are responsible for all that is within it. As our Blessed Saint Germain so often has said: "You are the decreer for your world. Decree a thing and it shall be established unto you."

Therefore, while We have the opportunity in this very quiet, charged atmosphere, you will register what I say very much more definitely and clearly. That is why We take advantage of this opportunity in your wonderful, loving Call, which is going out to the Messengers from so many of you loved ones. We take this opportunity to start the Radiation, in preparation for the time when We shall be in your midst with the Messengers. As you understand that, you—in the Acknowledgment of your "Presence"—now become the Master of yourself and your world.

Can you imagine anything more joyful or more wonderful than this marvelous beginning of your Freedom—when so long everything outside, so to speak, has mastered you and your world. Instead of that, you shall become the Master of your own world! One of the most wonderful fundamental things which can ever come into the conscious feeling world of mankind, is to *know* those exact Words.

Will you all forever retain this Explanation, together with the momentum you gain in your feeling world to accept your "Presence" above you? It is not necessary to see It immediately, but to *feel that It is*

actually there, giving you the full Power of Its Outpouring into your world. Then through your feeling, It will answer your Call always. As you come to realize this, you will know not one single discordant thing. Not one limiting thing which has appeared before you up to this time, can longer remain in your world.

Not only that, but when your attention, through your feeling, really knows your "Presence" is there, that moment, Precious Ones, your Ascension begins! Think of it, Precious Hearts! After so many hundreds of centuries, having lived in bodies similar to these —sometimes more free, sometimes less so—now you have again re-embodied at this time to receive the transcendent Knowledge of the "Mighty I AM Presence," in the clearness with which Blessed Saint Germain has brought It forth to mankind. Think of it! Not since the height of the last great civilization on Atlantis has It ever come into the World like this. Fragments have come forth. Those in the Retreats, and some of the Priesthood of Egypt knew these Laws; but many distorted them.

Today, this Mighty Law of the "I AM" has come forth in Its simplicity and clearness. This time, It is being protected by the Great Host of Ascended Masters, so human concepts do not intrude into this Instruction which Saint Germain has brought forth. It is clear, all-powerful, and definite. As you apply It, you must have your results. I urge you, Precious Ones

—you who are so sincere and so in earnest—I plead with you, read those Books! Read! and read! and read them, until they actually become a part of yourself in your feeling world. It is not necessary that you remember all the Wording that is there; but as you continue to read, through the powerfully charged Vibratory Action of the Books, you will anchor within yourselves the exact Truth which is recorded there. I call your attention, Precious Ones, especially to the Activities which took place in the Cave of Symbols; the Activity that took place in the Royal Teton; and third, the closing Activity of *The Magic Presence,* which took place in Chananda's Home in the Cave of Light in India.

Dear Hearts, read often even just those parts, when you feel so impelled. Always finish with the close of *The Magic Presence* in Chananda's Home in India. It is only a short part there; but if you will do that, you will receive such Assistance. You do not need to take your time from other things just especially. You will be suddenly impelled to take up the Book and read certain parts. Then *feel,* oh, *feel* that which you read; and you will take into your feeling world exactly the Quality which is recorded in those Words. Remember! Those Words are "Cups" that carry the Quality which the Ascended Ones wish to convey to you. That is why these Books are so much more powerful than anything which has ever come into the outer world.

It is a very rare thing to find the number who are present here so harmonized that they are like one Heartbeat. Can you imagine Our Joy to find it so? I shall expect—We shall expect—some wonderful things to come from within your city of Houston. I assure you, if your devotion, your joy, your love, and your loyalty to the Light continue, you can bring forth anything! Then, just rejoice and go on as one happy family here, held in the Arms of the "Mighty I AM Presence," in the great acceptance of Its Wondrous Light; for It is the Governor of the Universe. Let It just pour through each body Its Wondrous Currents of Energy to heal and to enlighten. Let Its Perfecting Activity fill you, until every one becomes such a blazing Light that anyone touching your Radiance will feel Its Mighty Healing Presence.

Do you know, Dear Hearts, that in the Acknowledgment of your "Presence," every one becomes a Pillar of Light which contains healing, freeing, perfecting, blessing, enlightening Power? It is not your human form that does it; but in your acceptance of the "Mighty I AM Presence," your human form becomes a Pillar of Light, or a dynamo of the Energy and Power from the "Presence," pouring out Its Radiance.

Dear Hearts, even in your homes and business you will find It is not only the Source of all harmony and supply; but just feel the Great Power of your "Presence" flow forth through your Heart, spread out, and

fill your home and world with the Glory of Its Presence.

Do not ever urge this Knowledge of the "Mighty I AM" upon anyone, but always keep pouring forth Its Light through the Radiation. Then, hundreds whom you touch will suddenly turn and many times use these exact words: "What is it I feel about you?" —because this Radiation going forth will become so powerful, with your attention upon It, that often people will feel It to such an extent, they will actually turn and ask you about It. The Messengers have so often experienced this, and every one of the earnest Students will become the same great Radiation of Light.

You cannot give your attention earnestly to the "Presence," Dear Hearts, without a constantly greater, greater, and greater Outpouring of this Radiance coming forth, because that is the Law of your being. It is not a matter of your needing to impel something forth. The "Presence" is always joyously happy, ready, and willing.

Let Me anchor within your consciousness this one thing: every time you call to your "Presence," know that the "Presence" of an unascended being, as you see on the Chart, does not know anything about your limitations down here. It has provided your Higher Mental Body, which is the Discriminating, Selective Intelligence by which your needs and requirements

are known. Your Higher Mental Body knows your limitations and knows the Perfection of the "Presence," but will not accept your limitation. Therefore, that is the Blessing to all mankind. Realize this! And know that when you call to your "Presence," your Higher Mental Body sees all the requirements down here—knows exactly how and what to release to fulfill your need. Do you see, Precious Ones, there could not be a single failure in any one of your Calls?

This is what I want you to feel every morning; and keep yourselves reminded in every Call: "My Higher Mental Body is my Discriminating, Selective Intelligence; and when I Call to my 'Presence,' It cannot fail to respond. It has waited throughout the centuries for me to give It recognition in order to produce Perfection in my world." Therefore, your human intellect will never come back at you and try to argue with you about the activity. This is what mankind needs, because it is the human which has argued humanity out of its Higher Ideals all the time.

In many of the precious schools of metaphysics, people have used this expression; and I say it because some of you may have used it. For instance: "I am the supply of the money I require." Your intellect will often come back and say, "Where is it?" I am trying to fortify you against that. It is true; but if you will instead say, " *'Mighty I AM Presence,' see that I am supplied with all the money I require,"* then your

intellect cannot come back and say, "Where is it?" Many times people have had great difficulty with just this point. This Good Messenger himself in the earlier years had great difficulty with it. We call your attention to it, so if at any time your attention is called to it, you are immediately the Master.

We have all heard your precious Call, and Our Love pours back to you like a mighty River. I enfold you in the Radiance of My Being, of Saint Germain, Jesus, and the Mighty Divine Director. The Mighty Divine Director has charged into your Heart Center certain Qualities which He wishes to expand and amplify for you. Today is a day for which We shall always rejoice, because it is Our first opportunity to give Our Enfolding Presence direct, through your attention.

You cannot imagine just yet what it means to have the Messengers at a given point where these great Pillars of Light may be drawn for Radiation. They, being the first opportunity for the Outpouring of this Great Energy of the "I AM," naturally must remain the great central Focus for Its Activity. When We move them about from place to place, it is because the great need is there for greater Light to be drawn, to expand, and to do Its Perfect Work.

Everything in the Universe came out of Light, and all must again become the Light. Remember! Light is Self-luminous, Intelligent Substance, from which all form is composed. Divine Love is Self-luminous,

Intelligent Substance—therefore one with Light and Love. It is the Power which no sinister force in the World can use! Everything which is unlike the Light and the Power of the Presence of Divine Love, fears It. So you, in your Acknowledgment of the "Presence," which is the Light of the World, have naught to fear in all the World—visible or invisible. Stand within the Radiance of your "Presence" and go forth free from every limitation, and then into your Ascension.

The Love of the Mighty Host of Ascended Masters, the Legion of Light, and the Great Cosmic Beings enfolds you now and forever. I thank you.

GREAT DIVINE DIRECTOR'S DISCOURSE

PHILADELPHIA, PENNSYLVANIA

MARCH 25, 1938

CHILDREN of the Light! May I repeat that? *Children of the Light!* Stand forth in your mighty Glory! Release the Power of Light from your "Presence" through yourself! Your firm determination in the desire to serve the Light is your Victory. Your desire is God, your "Mighty I AM Presence" in action, giving you the opportunity to glorify Its Light which is within you. Give It dominion over your mind, body, world, and activity, to the glory of all that your Hearts desire and require!

In the fullness of the Light which beats your Heart, every one of you is the Authority, the Power, the Glory that all mankind have sought throughout the centuries. Behold the Chart! and see that Great Stream of Life, Light, Energy, Intelligence, and Power, which is Yourself. It is anchored within your own physical Heart, glorifying all mankind in the fullness of Its Infinite, Almighty Power, as they give It their attention.

You *are* Children of the Light, because the Light which is Eternal is anchored within your Heart. The Power of Life is there! The Authority and Intelligence of the Infinite Power that rules the Universe is in your

Heart! In your individual life you can have the fullness of It brought into action through your human form, by the Intelligence and Power of your "Mighty I AM Presence," as It comes within the Stream of Light which beats your Heart and gives Life to your physical structure.

Beloved Ones, tonight as I voice these Words to you, please still yourselves so I may render a Service for you. I trust that there will not be fifty people go out of this room whose human creation will not have been consumed! Give Me your attention. If you will still yourselves, in this stillness is a great calm feeling of the Presence and Power of Light—interpenetrating your physical structure; filling your physical world with Its Infinite Power of Light. Then in great, full acceptance of the Power of the Light from your "Mighty I AM Presence," let Its Mighty Activity flood your being and world.

As I amplify It through each human form, It will meet the uprising Violet Consuming Flame. Then, in Its Infinite Power and Activity, the Earth and the Heavens shall meet and be free in the Glory of Its combined Power and Activity! Such is the Glory of the ever-increasing, intensifying Power of Light. It is flooding the Earth with the Cosmic Light, amplified by the activity of the Students everywhere; by the Power of the Ascended Masters, the Cosmic Beings, and the Legion of Light.

Beloved Ones, why do you suppose the Messenger came to you tonight? Because the time was ripe. The time was ready, Beloved Ones, when certain activities had to take place for you. The Power of Light knows no opposite! Remember that in all of your activity. Remember that when It floods forth at your Call, everything unlike It disappears. Therefore, in the power of your momentum in the Decrees, it is *no wonder* the Messenger said human creation could not remain longer. Neither can entities remain in this mighty Flood of Light which goes forth.

Oh, that you might have seen the Radiance which went forth. It was your Energy! Let Me explain, so you may always remember it. As It reached a certain intensity in the power of your feeling, It raised to a certain altitude above you, which went into the Power of Infinite Light. What do you think that means to you individually? When this mighty Energy from you is released and reaches this point wherein It meets the great Activity—not only of the Cosmic Light, but this Light released from the Octave of the Ascended Masters—it is just as if It burst into a great Blazing Light and Power. In this Amplification, It is returned to you individually a thousandfold beyond what It left you, to bring about this same Perfection into the Earth for the protection of America.

Every night before you sleep, individually send forth a mighty, silent Call for the Infinite Powers of the Air

to take Their Dominion over all aerial service for the Protection of America—*the Americas*—and let this Power of Protection act! Let this outer activity of mankind give you Its Assistance and Protection for your shores. The aerial service today, Beloved Ones, is the outer activity needed to protect nations from the other warfare of mankind in the physical activity. In your Call to the Power of Light for Its Infinite Power and Protection to be released through the Power of the Air, the fullness of Its Infinite Power and Activity comes to answer your Call. If need be, It acts in your outer physical means of defense. This is how the Powers of Light are preparing the way for Its Glory to hold about you Infinite Power and Protection of Light in all you require.

Not in hundreds of centuries have there been this number of humanity ready—willing to make the Call as you are doing, for the protection of your Country; for the protection of each other; for the protection of mankind. Do you not understand, Beloved Ones, without the Assistance of the Ascended Masters, the Legion of Light, the Cosmic Beings, and the Great Cosmic Light, mankind would be as helpless as infants before this onrushing power of human creation! Take notice, please! All of you to some extent are responsible for the conditions in the outer world; but now in your mighty Calls, you have performed the act of redemption in your world to a very large degree.

So, I say to you henceforth—give no thought to what has been!

Whether you feel it necessary or not, please once a day, at least, call on the Law of Forgiveness for any mistakes which you might have made or do make. Turn your attention away from human creation and listen to no one who breathes gossip or discord. We have asked this so repeatedly; and yet some of the precious Students continue to feel critical or discordant to some person, place, or condition. I tell you, Beloved Students, you are in great danger when you do this!

We love you tremendously; but We see your danger individually when you continue to feel discord toward any person, place, or condition at this point in the activity of the destructive forces of mankind. You have no idea to what a few moments of irritation might open yourselves to. I plead with you, in the name of humanity—do not do it! Have no concern, Precious People, about anything except the cleansing and purifying of your own mind, body, and world. Do not be concerned about someone else.

I am pleading with you, Dear People of Philadelphia! Do not feel that I am criticizing you, or in any way doing anything but to lift you from the condition which has limited you in numbers here. It is because of the subtle undercurrent that has continued to manifest in your city among the Students. It is your

critical feeling to each other here which has held your numbers limited. I plead with you, Precious Ones, stop all of that now, tonight! Let your Love and Power flood forth from your "Mighty I AM Presence" to bless each other, and you will see how quickly all of your Groups will be flooded with more than you can handle. I am pleading with you for your city! for America, and the great Protection which it must have!

Do not, please, Dear Ones, oh, do not; do not, I pray of you, criticize each other or have any feeling toward each other but kindliness and blessing. *You will remember My Words, if you do not heed them.* As I said to the Beloved Ones in the West, "No longer may I prompt you!" I should love to, if it were necessary; but the Law of your Life, of your being, says "No!" So tonight, in My great Love, My great Earnestness, I endeavor to give you this Assistance. I am here to perform this Service for you that your Call and earnest love have made possible. It is not easy for mankind to realize in the limited consciousness of the human, what great Transcendent Powers are enfolding them every moment now.

You, as Students of the Light, by your attention to the Light, are being flooded by the Light; and therefore, Dear Ones, please feel Its Infinite Power acting in, through, and about you. As you pour forth great love and kindliness to all mankind, your being and world will be flooded with every good thing.

Today, several people who have chosen not to listen to Us are beginning to reap the unhappiness that will be theirs. We do not wish to see anyone reap any unhappiness, even though it might be of their own creation; but if they will not listen to Us, then We cannot help them, much as our Hearts pour out.

So, I say to you tonight, Beloved Ones, have no thought about each other but to pour forth your love, kindness, and blessings. Let the Power of the Light of your being, individually, and the Great Cosmic Light sweep into your midst; and see how quickly all obstruction will be cleared away. This precious child _____ is calling so earnestly, and you have seen the manifestations which she is calling forth with your assistance. Pour forth only love to that child, who thinks of nothing but the Light and Its Blessings to mankind. Many, many, many in America today are coming to realize this.

You will have noticed the Messengers have been compelled to call your attention to many of the conditions, the destructive conditions of the World, because mankind was compelled to know of and understand the forces and conditions with which they have been dealing. Today, more and more power is being turned into the wholly constructive activity. In your Group Activities. mankind has come to understand the forces they are opposing. The thing to do is to hold the attention more, and more, and more on the

constructive power, since the Explanation and Instruction have now been given to mankind. It is in the Books. Therefore, do all you can to hold all your energy on the constructive, upward trend—the Power of Light.

Beloved Ones, in the Messengers' Classes, when they were compelled to give the explanation of human qualities and creations, you have seen and felt the rate of the vibratory action lowered in the room. Everyone has noticed it in every Class that has ever been held. This Explanation has been given to enough of mankind, so now they are putting these mighty Decrees forth into the mental and feeling world of the people. They are going forth with a mighty Consuming Activity into the mental and feeling world. Many are being touched today in the mental and feeling world, who are not aware of what is going on; but they feel the joy, the release, and the Infinite Power acting there.

So, Beloved Ones, tonight will you please feel My Love and Blessings pouring out to you, to give you Our Assistance in this Final Effort which will hold you free from discord of any kind? As long as there is any disturbed feeling, Dear Ones, can you not see that whatever produces irritation in your feeling world is depriving you, right now, of your Freedom and Victory? There is no provocation in the outer world which warrants your being irritated. It just means that you

are binding yourselves wholly in the world of human creation, because all irritable, destructive thoughts and feelings are human creation still binding you.

Tonight it is My great, very great Joy to render a Service to as many as possible in the room, that all human feeling may dissolve forever. Then the Glory of your own Light takes Its Dominion in, through, and about you, to fill your world with Its Glory and Its Happiness. Oh, Dear Ones, Happiness! Mankind has not touched the periphery of Happiness as yet. Only when your feeling world is calm and at peace, no matter what is going on in the world about you, only then will you know what Happiness is. Precious Ones, the Happiness that floods the feeling world of the Messengers, since they have been able to shut out all discordant feeling, has brought them such Peace as the world has never known. Individuals can know this Happiness only as they come to this point of Self-control and Understanding. Oh, Precious Ones, remember—whatever causes disturbance in your feelings is human creation binding you longer to the chains of limitation.

Now, for just a few moments will you please still yourselves. Be at ease—at rest. Have no anxiety. Do not wonder what I am going to do. Just let the Light do Its Perfect Work, for all that I shall do is through your own Stream of Light which beats your Hearts. Do not qualify any feeling that comes within your body

with anything but the Perfection of your "Mighty I AM Presence," for nothing can act but to glorify you. Therefore, in the fullness of your Infinite, Active Presence and Power, stand glorified in the Power of your "Presence"!

(Silence)

I speak to the Higher Mental Body of everyone present: "Release Your Mighty Power of the Unfed Flame! Bring from beneath the feet, over the floor of this room, the Mighty Power of the Threefold Activity of the Violet Consuming Flame—dissolving and consuming every vestige of human creation that has ever been drawn about each one. Glorify Thyself, Oh Mighty Power of Light, in the fullness of Thy Activity in this Accomplishment. So charge Thy Mighty Power of Self-control into the feeling world of each one, that no one ever has the desire again to feel irritated or discordant, or to have a single opinion about anyone except to pour forth Love and Blessings and to wish them well."

Tonight in this room there is the Power and Activity from the Cave of Light in India, that the fullness of Its Power may render Its Service now to these Children of Light. Since they cannot go there, then I bring that Light here to enfold them in this room, to hold them in Its Radiance—so the fullness of Its Power may continue to act forever in their lives henceforth. Their Life is the Power of Light! No longer shall We

consider human qualities! Henceforth, the Power of Light which beats each human Heart is the Dominion within each mind, body, and feeling world. It is taking Its Dominion; holding Its Commanding, Conquering Presence there to bless each one with the fullness of Its Happiness, Its Enthusiasm, Its Goodwill to all things. It holds the feeling world harmonized in the ever-increasing Power and Perfection from the Call to their "Presence"—which continues in Its expanding, intensifying Activity to glorify each one with the Eternal Freedom of the Light.

(Silence)

We thank Thee, Oh Great Powers of Light! We thank Thee, Great Cosmic Light! We thank Thee, Great Cosmic Beings, Great Legion of Light, and Great Host of Ascended Masters!

Now, as We follow this, Mighty Goddess of Liberty, charge into the feeling world of each one Thy Mighty Feeling of Freedom and Loyalty to America. Let It expand in the feeling world everywhere and do Its Perfect Work in the regeneration of the feeling of all mankind. Lift them out of all communistic feeling in the World! Set them firm in the Light! Charge them with the feeling of Love and Loyalty for America.

Mighty Victory, charge into the feeling world of each one Thy Mighty Power and Feeling of Victory, Self-control, and Thy Mighty Power of Light. May each one release through the Quality which You place

there, this Radiance to all with whom they come in contact.

On last Sunday, this Mighty Activity was started for the Earth, so each one might spread to the others—through the power of Radiation—these Mighty Qualities which are being charged into the feeling world of all, by these Great Cosmic Beings. They are the Authority for the Earth. They are the Authority for all mankind! May each one be enabled to receive this full Activity in their feeling worlds, so It may continue to act there in Its Limitless Power to produce all that these Qualities mean to the individual, to America, and to mankind.

In the Fullness of the Infinite Power of Light which is yours, *cherish It! love It! adore It!* and call It forth with the full consciousness that this Light which you are speaking to knows no opposition. It moves forward into action.

For your bodies, in harmonizing and healing: stand and raise your hands to your "Mighty I AM Presence" in the silence of your own room. As you call It forth, feel the Power of Light interpenetrate all; pouring in, through, and around each cell; charging your feeling world; sweeping out every imperfection, every pain—its cause, effect, and record; all distress from your mental and feeling world and your physical body. Sweep it out with the full Power of Light, that the Light may hold Its Dominion forever within your

human form, as well as around it. Then, by the Power of Its ever-increasing Intensification, let Its Radiance flow out to bless all with which you come in contact. Try to feel this tonight, while you are held within this Radiance. Try to feel, Beloved Ones, the Power and Authority of Light!

(Silence)

I speak to the Points of Light within every cell of the body of each one: "Expand! expand! expand! Dissolve all human qualities! Dissolve the density which clothed those Points of Light so long and shut in their Radiance, until human forms have become filled with pain and distress. Release tonight that Light! Dissolve every bit of density. Let this Light pour forth through the human form; and restore it *now* to perfect Health, Strength, Happiness, Courage, Power, and Dominion, even in the flesh structure of the body."

Mighty Victory, dissolve all doubts and fears within the feeling world of each one! Dissolve them now, and let these Beloved Ones go forth in the full Courage, Strength, and Power of the Dominion of their own Light—unobstructed, untouched by any human quality longer. Then, make this Radiance so powerful and draw the Tube of Light about them so powerfully, that no longer will they feel a desire to have, to do, to be anything but the Power of Light in Action! So charge This forth that no longer will the Glory of Thyself be withheld from mankind!

In this great need today, stand forth, oh humanity, in your Victory of the Light! Stand forth, oh America, in your Victory of the Light! May no nation, may no group of people of any kind ever be able to touch your shores with discord! Great Cosmic Light, cleanse and purify the feeling world of every human being in America now! Charge forth all that is required to give every Assistance! Charge into your Government the Ascended Masters' Presence, Intelligence, Activity, and Power to hold Divine Justice everywhere, in all governmental offices. Hold the Dominion of the Light there.

As the Class enters into action in Washington, D. C., Great Cosmic Beings and Great Cosmic Light! take Your Dominion in that city! Cleanse and purify all! Seize, bind, and remove all entities! Dissolve and consume all human creations about the people there and all officials. See that Thy Power of Divine Justice reigns there now, Supreme forever in the Glory of Thy Eternal Light!

(Silence)

Beloved Ones, do not feel that you are being deprived of anything by the need of the Messengers elsewhere. Your great power and release of energy has made this Mighty Activity possible tonight. In this Glory, be joyful and happy. Enter into the glory of your activity here with greater happiness, freedom, and certainty within your minds that the Great

Wisdom always acts correctly. Let all harmonize themselves and release the Power of Light from within. It is energy! It is substance! Then the Great Powers of Light can take it up and bring into the Earth that which is needed.

Remember, whether it be in your individual life, whether it be in your city, whether it be in the Nation or the Earth—the imperative need, the imperative demand of the World today is the release from human qualities. I do not mean by that, you should go to extremes; but just in a great controlled rapidity of action, release the energy from being requalified. Then, the energy can be utilized by the Great Powers of Light to give mankind the Protection and Assistance which is necessary at this time.

Beloved Ones, the old staid pride of human beings and their human qualities are bound to disappear; for they have held mankind so long from being natural. Be natural, Beloved Ones, in the joy, happiness, and enthusiasm of your understanding of the Powers of Light. Old qualities of human beings are fast disappearing from the Earth; and as the human creation is more and more dissolved by your Call to the Power of Light, then shall mankind feel this great Freedom. It is just naturalness which is trying to find expression. Because of old custom, they could not release themselves from the old false pride of custom and human creation. Again I say, Children of the

Light, be natural! By that naturalness, let the full Power of Light flood forth—because as long as human beings feel limited or bound by custom, human opinions, or whatever it may be, they cannot release this power of feeling which is so needed today.

Tonight, everyone here will be able to release a power and feeling that you have not known heretofore. You will release it with ease, with joy, with enthusiasm, which will bring forth results which I am sure will satisfy anyone. Try, from tonight, never to feel limited again in any way whatever. This does not mean that you should not use discrimination or allow the Selective Intelligence and Discrimination from your Higher Mental Body to act—because remember, no one is free from mistakes until he has gained the Ascension. No matter what your mistakes are, your Great Presence of Life, your Higher Mental Body, the Ascended Masters, the Legion of Light, and the Cosmic Beings never condemn—never have the slightest opinion. They just wait for you to harmonize yourselves and give such Perfect Obedience, that the full Infinite Power of Light which beats your Heart can take Its Dominion and flood your mind, body, and world. It is the Power of Light that is your Supply! It is the Power of Light that is your Happiness! It is the Power of Light that is your Health!

I have tried to anchor this firmly in your feeling world tonight. May I remind you again that when your

body needs harmonizing, when it needs healing of any condition, feel the Power of Light—which is Self-luminous, Intelligent Substance from your "Presence"—sweep in, through, and around your body and through your feeling world. Let It sweep out every pain, imperfection—cause, effect, and record. Every one of you from tonight should be able to release this Power of Light from your "Presence" and hold your bodies, your feeling world, in complete dominion and obedience to your Great Presence of Light. I trust that everyone will with ease, happiness, and comfort be enabled to do it. If some miracle should be performed in the Life of some one of you, just give thanks and praise; be humble and go on. But if some great miracle should not be performed after tonight, do not let your human come in and begin to expand a single thought. Every time it attempts to assert itself, say, *"Be silent before this Presence of Light, and let It do Its Perfect Work!"* Then, you will hold the obedience and harmony within your own intellect and feeling world which will allow this ever-intensifying Activity to maintain Its Dominion for you.

In just four minutes, for the first time there will flood into this Group of Students the Selective Quality of the Great Cosmic Light. As It sweeps into the room, may everyone accept It with the fullness of his or her Heart's Light, qualifying It to be Self-sustained in Its Eternal Activity, for the release of the Supply

of money and all else required; for the producing of Perfect Health; for the producing of the Freedom and Ascension, as the Great Wisdom directs.

(Silence)

May I tell you how powerfully the Selective Intelligence of the Great "Presence" acts? Beside yourselves, there are fifty-six thousand of the "I AM" Students in their etheric bodies who have been drawn to this Focus tonight! If you saw with your All-Seeing Eye, you would see no roof above you. You would see yourselves in the Radiance of this All-powerful Light, held within Its Mighty Strength and Embrace; and those who have by that Selective Intelligence been drawn here, will carry this Radiance back into their physical bodies tonight. In calling your attention to these things, it has made you receptive. Please use your Power of Qualification silently, that this be forever sustained and active for you. Will you each one silently make the Call to the Great Cosmic Light to perform this same Service for every Class in the future, and every Group of "I AM" Students gathered everywhere in America and the World? Do not forget that in almost every country in the World now, there are Groups of earnest "I AM" Students. They are in South Africa, France, Belgium, Scotland, England, India, Australia, New Zealand, Honolulu, South America, Central America, and Mexico.

Do you not see how very wonderful it is to receive

this, even in the midst of a great city? Outside your Walls of Light, the world goes on in its destructive activities. Yet you are held within the Embrace of Light, as though you were in the far-away Cave of Light in India. Such is the Power of the Walls of Light. As you have called Them forth so earnestly, one day you will find those Walls of Light—when called about yourselves, your Groups, and your activities—are as impenetrable as a wall of steel.

As your Blessed _____ has often shown you the illustration, this Wall of Light which you draw about you cannot be penetrated by any Vibratory Action lower than Itself; while in your walls and even through your walls of steel, there can penetrate the Vibratory Action of the Violet Flame, the Unfed Flame, and the Powers of Light. The Power of Light, Beloved Ones, interpenetrates every structure there is on Earth, and in and through the Earth. Therefore, feel your enormous privilege in having become a part of this great, great Stream of Light which is flooding the Earth and the human forms of mankind with Its great Cleansing, Purifying Activity. This ever and ever brings Its greater Penetrating Power and Activity. Do not let your attention be drawn by the noise without. Stand glorified with the fullness of all that means Perfection for you. Remember this night! It is showing you how the two opposite conditions can have only a thin Wall of Light between them, yet it is impenetrable

to destructive forces.

Therefore, in the fullness of the illustration of the Victory of Light in the midst of a great city, you may have the assurance that the Power of Light can have Its Dominion on Earth through individuals, through cities or the Nation. That is what I want to anchor so firmly within your thought and feeling world tonight. Then you cannot be deprived of the Power and Action of Light in Its Cleansing, Purifying, Supplying, Perfecting Activity for you and your world—so long as you will give undivided attention to the Power of your own Presence, the "Mighty I AM." It is the Power of Light! the Power of Life! with Its ever-expanding, Commanding Presence and Power.

This Assistance given you today is unparalleled in the history of the Earth in more than six thousand years in this particular Activity. Remember, you came with great joy, happiness, and enthusiasm tonight; and see the results, Beloved Ones! Oh, that all mankind might know and understand what releasing the Power of true Joy, Happiness, Love, and Gratitude means in Its Harmonizing Action through the human form.

I congratulate you, Beloved Ones; and I congratulate every one of the Group Leaders and Students who have been the means of releasing this Joy and Enthusiasm into the Hearts and feeling world of each one. In the fullness of this Power which has been

released tonight, will you be kind enough to bring back the memory of it each night before you sleep, and remember what it means to you? May it be an Eternal Memory of Joy, Happiness, Freedom, and the Victory of the Light to you.

As we stand in the Presence of all Life, may each one feel Its penetrating, sustaining Power which brings the fullness of Its Victory into the mind, body, feeling world, and into the home of every beloved one. Let Its Peace, Harmony, and Glory hold Its Dominion there forever; flooding your being and world with such Dominion and Self-control, that as each one calls hourly or daily to the Great Presence of all Life, the "Mighty I AM," so the Response will come more and more quickly. The Answer to your Call will come, and everyone will see and know from his own experience the full Dominion of Its Light.

"Mighty I AM Presence," Great Host of Ascended Masters, Mighty Legion of Light, Great Cosmic Beings, Great Cosmic Light! I call Your Mighty Activity to take command of these Beloved Ones. Hold Your full Charge and Activity within their minds, bodies, homes, and feeling world, to bless not only themselves, but all with whom they come in contact. May the Power and Radiance of Light pour forth so powerfully that each one quickly, tangibly becomes a Mighty Pillar of Light as he moves among mankind, to heal, to bless, to prosper, enlighten, and glorify all.

May each one be supplied with and release the Limitless Gifts from the Treasure-house of the "Presence" wherever he moves, whether it be money or whatever it may be that is required to bring greater happiness and Perfection. Then shall this Mighty Power take Its Dominion and produce Its Perfect Results. We give praise and thanks for the full acceptance within each Heart, for the glory of Its expanding Activity, to give everyone the full glory of their successful Application—to their entire satisfaction in the Release of the Power of the "Mighty I AM Presence."

Remember! As the Power of the "Presence" is called forth into the human octave, so must It be balanced in the human form by self-control in the feeling world. That is complete Obedience to the Law of each one's Life, so Life may produce for them the glory of Its Eternal Beauty, Perfection, Health, and Limitless Supply of all that is required for their happiness, comfort, and Service in the Light. I thank you.

SANAT KUMARA'S DISCOURSE

LOS ANGELES, CALIFORNIA

JULY 11, 1937

SAINT GERMAIN:

Beloved Students, My Heart rejoices with you so tremendously today in the cooperation you have given through your Mighty Decrees for the preparation of this Class. It has made possible such tremendous Work to be done for each one of you.

My Gratitude, My Love enfolds you always; and remember that at any time of great crisis, after you have called to your "Presence," call to Me and I will give you every Assistance possible. We cannot amplify the power and energy of those whose motives are not right; but for those whose motives are, as you say in your slang phrase, "We will go the limit." We want you to know that you are not alone, Beloved Ones! You are no longer subject to even your own human creations! Means are being provided in your feeling world to give you Freedom. If you will keep harmonious and make earnest, determined Application, you will have every reason in the world to rejoice to the fullest extent of your ability. It is My great Joy and it has been My Request, that the Great Sanat Kumara dictate to you; and He has been willing to do it.

SANAT KUMARA

From Our Home in the World of Light, Beloved Ones, We have watched the progress of humanity through so many hundreds of thousands of years. Today We are finding many in whom We can expand this Light. Yet, they are such a fragment of the complete number of humanity.

To you I decree the Ability, the Courage, and the Confidence to make your Radiance become far more powerful than even the spoken word, in being an example and representative of the "Mighty I AM Presence" and the Ascended Masters. So will you, in Our Great Love for you and your great Love for Us, conduct yourselves ever in the future as Ambassadors of Light? You are really. You may not quite understand it yet, but We have made you such.

Will you notice this closely: when the Light within the individual has expanded to a certain point, your Great "Presence" says to Us: "Now Your Opportunity has arrived! Give all the Assistance that is possible to My Blessed Ones." When that Edict comes forth to Us, every Ascended Master is instantly alert. They look upon mankind, watching the expansion of your Light; of your Light; of yours; and of yours—to see where this Service may be rendered.

Why do you suppose there are Ascended Beings? Why do you suppose I came from Venus more than two and a half million years ago to render this Service

to mankind? Of Our own volition Venus offered this Assistance to the Earth.

If you are here for the first time, Beloved Ones, do not think this is strange. Mankind knows so little of the Inner operations of the Law of Life—of Being. We would not utter a false word to you, anymore than the Earth would stop its movement! When We speak to you, We speak the Law of Life, the Truth, for your Blessing!

I am quite aware that every one has Free Will; but if that Free Will is not directed constructively, then one reaps the result of the destructive qualities. There is no escape! The Beloved Saint Germain has taken upon Himself the trust, at this time, to endeavor to awaken enough of humanity, so the frightful destruction which would otherwise come upon the Earth may be at least minimized, and much of that destructive quality be governed. I assure you that never in the history of your Earth has such Assistance been given by the Children of Earth.

Sometimes I have watched your Great Groups issuing these Mighty Decrees for the Freedom of America and mankind. Then as you closed your Services, We have used this Mighty Energy. I know, unless you saw as We are able to do, you could not comprehend that which I am going to say to you; but your awareness of it is enough to make you realize that your part of this great Service is no idle thing. It is no

imaginary thing! It is a Mighty Activity. As this force is gathered and projected forth, you have all seen the magnificent results time and time again from these Decrees.

The Great Presence of Life has always said, "Command ye Me." When this Great Presence—which is the Law of Life, the Source of Life to every human being—issues a Command, all the Universe obeys It but mankind. Beloved Ones, it is not because you do not want to, but because you do not yet understand the importance of your guardianship of the Life which is given into your use. Do you know that you are only guardians of that Great Stream of Life which flows into your body and out into your world? Your bodies, these bodies, are not yet permanent, unless you accomplish your Ascension. Physical bodies are not permanent, for individuals lay them aside and take up others, many times.

Therefore, only as you hold your attention on your "Presence" and call It into action with firmness, will It clear the substance—notice, the *substance*—will It clear the substance of your brain for attunement. You understand how you tune the motors in your automobiles when something is out of order, and it makes them go more perfectly. Well, the brain of the individual is but an instrument which must be qualified and tuned to where the Finer Vibration from your "Presence" and the Ascended Masters may act through

you consciously in the outer world's activity.

You are moving constantly in these great, magnificent Vibratory Activities; but the density of the structure of your brain does not register them. That is why, Beloved Ones, in your attention to your "Presence," as the Currents of Light flow into and through your brain, expanding the Light within every cell of your body, this dissolving process goes on. The Attunement of the brain structure goes on, until clearer and clearer comes the *feeling* of the Impulse from the "Presence" through the Higher Mental Body. Thus, the feeling causes you to follow out the Impulses from your "Presence" clearly enough to produce Its Perfection in your world. Without this attunement, you only get fragmentary promptings from your "Presence."

Mankind quite often rebels at obedience to certain simple things in Life, but that obedience means the attuning of the brain structure. There are certain habits of mankind which have prevented them receiving these higher Vibratory Activities that would have given them the Knowledge they sought. Hundreds and thousands of people have sought the Truth of the Law of Life, but all the time they have continued the human habits which have created a density within the brain structure that prevented them receiving this Truth. Therefore, humanity has only received the Light of the Great Law at intervals, and then only slightly.

I say to you, Beloved Ones, that the use of tobacco in any form produces a secretion in the brain which will not permit its attunement beyond a certain point. *The use of meat will fill your atomic structure—now notice this carefully—will fill your atomic structure with fear.* I cannot take time to go into the details of this explanation, except to cite to you certain Laws, just a fragmentary part of them.

If you waste your sex energy for pleasure gratification, then you have carried out of your body the Energy from the "Presence" which you must have in order to maintain the courage and strength to call the "Presence" into action and hold to It until the human qualities which you have gathered about you through the centuries, are dissolved and disappear. Do you know in the sex energy which mankind wastes are strength, courage, and confidence? Did you ever notice that people who waste this energy become fearful, weak, and filled with distrust and suspicion? Why? Because, in the outpouring of that Life, it wastes the courage and strength which had already been gathered within the feeling world of the individual. In the waste of the sex energy the individual throws away his strength and courage for that is what goes out. The Liquid Light which flows through the nerves contains the courage and strength of Life, which is feeling.

This is why the Messengers have explained to

mankind the need for conserving the sex energy. It was never intended for anything but the propagating of the human form. The great mistake which the sinister force has seized upon, hypnotizing certain individuals and channels among mankind, has made many believe the sex activity was just for gratification. They have tried to use every possible excuse to make individuals believe they could use it for pleasure and still go on to Perfection. I say to you, Beloved Ones: that never, never, never can be! The encouragement of that mistake, through various avenues, and the excuses that many teachers have made because that desire is strong within them, *is the greatest tragedy before mankind today!*

The Ascended Masters' Wisdom is always of the most practical nature. It is not extreme in any manner; but It does give you the Understanding and the Power of your "Presence," to take out of your feeling world all desires that are not there for your good. All desires that are not for your good are but human accumulation. They are the result and come from information gathered from the appearance world. It is rarely—if ever—correct.

Remember, unless your intelligence is received from this Great "I AM Presence," the Source of all Life, how could it be correct? Mankind's world is filled with human opinions, in most cases *not* correct. Therefore, if you want to be Free, if you want to have Perfection

in your world, there is only one place from which you can ever receive It—and that is from your own God Presence, the "Mighty I AM."

All of Us had to look wholly to It, and sometimes We long so much to inform mankind of the things which they are doing that prevent the Expansion of their Light. We so long for them to be Free. There are so many of you precious ones, who have come under this Radiation of Saint Germain in the past two years, who are so ready for this Light. You are so ready to be Free! Just a little more determination and firmness on your part, in holding to your "Presence," would quickly take you through into your Freedom.

Saint Germain asked Me today to bring this to you in the Power and Radiation which I use, that you might comprehend it clearly. May it cause you to let go of all feeling that you do not want to stop any habit which longer binds you. If the sex desire is strong within anyone, do not fight it; but simply say, " *'Mighty I AM Presence,' take out of me that desire and replace it by Your Satisfaction and Perfection.*" Then keep on calling and go serenely on in your daily activity. All of a sudden you will find it is gone. You can use the same Call to free yourself from the desire for tobacco; the same with the desire for meat; the same with the intoxicants mankind uses.

I say to you as the Messenger has said to you: We

have watched the operation and effect of alcohol, whisky, and all those things on mankind. They are quite bad enough but gin is the worst thing that human beings can put into their bodies. It acts almost wholly upon the generative organs and makes the passions uncontrollable in individuals.

Now these are simple Truths, Dear Ones, which if you want to be Free, everyone must accept and obey; for they are the great Law of Purity and Perfection. Before the sinking of the last remnant of Atlantis, an attempt was made to raise a whole province of people into Ascended Beings. Their Blessings were brought to the point where all they had to do was sit at the table, and everything they required appeared before them. The Great Master who did that, or who held the focus for that Mighty Activity, spent many years of effort to bring them to this point. No one lifted his hand for a single thing. So far as their food, clothing, and shelter were concerned, all was provided for them. Then, because the time had not yet come when the Cosmic Law permitted the Violet Consuming Flame to be brought into the outer world for their use, they in secret dwelt upon the sex desire; until the rebellion in their feeling became so great within, that the Great Master was compelled to withdraw. They were so helpless without His Light that instructors from Atlantis had to be sent to teach them self support.

Now, Dear Ones, you are many of those come again! This time your Victory is sure, if you will give Obedience to these great but simple Laws. This is why you must control your Life energy! It is not that you should not use the sex activity for procreation of your kind. That is quite all right, even if you have attained a great Height; but it is the waste of the energy which is the tragedy to mankind! Your energy is given to you to hold in your body so you may have it for use.

People have been taught the use of these various things through the human sense consciousness: intoxicants, tobacco, meat, and all such things. Now what did it? Not mankind's own desire, but the accumulated destructive qualities of humanity were seized upon and used by those who had failed on the Pathway of Life. This is the thing which has bound the mass.

I say to you, in giving the entity Decree which you use for seizing, binding, and removing all entities from the Earth, you are rendering mankind one of the most magnificent Services in the Universe. I urge you in all your Groups to issue that Decree for your city, for your state, for your Nation, for all cities in the United States of America and the World. The Divine Director has offered you an unparalleled Service, if you will call to the "I AM Presence" and to Him to release those Mighty Legions of Angels of the Blue

Lightning of Divine Love, to render this Service for the Earth.

I am drawing your attention to these very vital things today for a mighty reason—far more than you know. If you will give obedience to these requests, We will give every Assistance possible to you individually, to your cities, the states, and the Nation. We do not want to see the people go through suffering, if it can be avoided; but if mankind rebels and refuses to give obedience after such a definite explanation has been given, then We must still wait. I have waited such a long time! How do you suppose One in My place feels, even though no human thought or feeling ever touches within Me or My World? Yet must I observe the failure of mankind through the centuries.

After some great impulse within humanity has lifted it, as in every Golden Age, to a great height where thousands and thousands became master of themselves and their worlds, yet they failed through the human desires, because the accumulated sinister activity of mankind began to encroach upon them. Finally the great mass gave way to it, and Our Work was undone.

Today, the Great Cosmic Law—for the first time throughout those hundreds and thousands of centuries—has placed in your hands the only Sustaining Power there is in this Universe. It is your own God

Presence, your "Mighty I AM." This is the means by which you gain your Victory and dissolve every human accumulation and human desire. Your Call will set you Free in the Action of your "Presence"—first, through the Higher Mental Body, which will govern and direct you with amazing Wisdom, until such time as you, in your Call to the "Presence" and the expansion of the Light within yourself, dissolve the density of your body enough for the Earth to lose its attraction. Then, you Ascend out of all these limitations. However, it is imperative for you to do certain things.

I want to refer today to the activity of Mr. Rayborn and His Ascension, also that of David Lloyd and the Others who have recently made their Ascension, for the reason that there will be in the minds of many the question, "If they could receive Assistance without much preparation, how is it that we cannot?" —because in their Stream of Life, the expansion of their Light made it possible for Our Assistance to be given.

Most of mankind, having turned away at a former time, having had great rebellion and disobedience in their feeling, must through the conscious Call to the "Presence" dissolve their discordant accumulation. Then through earnest desire they can raise themselves, by the Call to the "Presence," to where they also can be given Our Assistance. This is why all of you today cannot be given the same Assistance which David

Lloyd, the Rayborns and the other gentleman who made His Ascension in the Cave of Symbols received. I want to make this so clear to you today that it will stop all questioning in your minds and settle you down to definite, firm, powerful Application.

Beloved Ones, as the Messenger has said to you so powerfully and earnestly during this Class the imperative need is Harmony in your feelings; and then, firm Application and the calling of your "Presence" into action in the minutest detail of everything you require. In the smaller things you gain confidence. Then when you call for the greater, it will be done quickly and easily. The "Mighty I AM Presence" knows no small nor great! But first and forever must the outer self come into obedience. It cannot do so, Precious Ones, unless you will maintain Harmony in your feelings long enough to let—notice, *to let*—the activity within the atomic structure of your body become purified enough for this energy to sweep through. Then It can carry the remaining accumulation out of your world without requalifying the energy before it can serve you.

There are so many of you today who can maintain Harmony in your feelings. For your encouragement, I say that the great majority in this room today can do it. The only way you can sustain it, I mean by your outer activity and consciousness, is to *refuse to have a single opinion about another human being.* Then,

there will be no excuse for some disturbance starting in your world.

I do not say this to flatter you—far from it—but to give you the encouragement. Wonderful as you have become, you do now have the strength, you have the Power of Self-control to refuse right this day any further concern or opinion about another human being. You also have the strength, when discord comes to you, to say: *"We will not discuss that, no matter who it is! Our part is to make the Call to that one's 'Mighty I AM Presence,' to take such firm command that the individual, even if he be making a mistake, will discontinue it."*

Why do I explain this? Because you who are so in earnest have not yet clearly understood why, every once in a while, you allow yourselves to yield to that critical habit. To some extent, when this happens you are just undoing the work you have accomplished. We do not want you to do that. We do not want you to meet the discouragement which must come from such a mistake. If you will control such things We can give you the Strength, Courage, or whatever is necessary to enable you to come up into the Vibratory Action and Direction of your "Presence." You will know and receive definitely the constant Direction of the perfect thing to do hourly. As Beloved Nada has said, every movement—every moment—would become the Perfect Service and Activity of the moment. You must

see that this is the only means by which your Victory can come.

As long as there is agitation and disturbance in your feeling world, there is nothing perfect and permanent that can come through quickly. Then, when mistakes occur, you feel the Law is not acting. Do not blame anything or anybody for any limiting condition, any disturbance, but yourself. Then you will find it easy to refuse to have opinions about another. Your world will stay in such a state of Harmony that the Law, the Power, the Light, the Energy, the Essence will flow continually in all your activities. The Condensed Energy from your "Presence," as you are prepared for It, will flow in and fill your being. It will flow through your nerves like a Liquid Light; and once that begins to act, your struggle is practically over.

Beloved Ones, while I am talking to you, the Inner Work is going on tremendously. Will you please accept It and determine to give complete obedience? First, do not let anything enter your consciousness or world which creates unkind feeling or disturbs the feeling within you. If you do that, your feeling world immediately begins to boil and whirl like that. *(motion of hand)* It is not possible for anything to come forth clearly while that exists. It is not possible, for the energy which exists in your feeling must take on these qualities of disturbance.

Simplicity is the great Law of Life! Humbleness is the means by which your Freedom comes! Every person must take his own responsibility! Even the Appointed Messengers who were sent out had to take their own responsibility. The Group Leaders all take their own responsibility. These Messengers never say to anyone what they shall do. If individuals want to go forth and spread the Light, they must do it on their own responsibility. Why is this so—because the human cannot always be depended upon! Unless they are anchored firm enough in the Power of their "Presence" to govern them, some outer condition will whirl them into its vortex; and they will say and do things which they would not do out of it. That is why the human is not dependable.

The Messengers cannot take the responsibility, if the human asserts itself and refuses to give obedience. This is why each one is wholly responsible for himself and to his "Presence" for what he does. Your "Presence," your Higher Mental Body, is your only Judge; and *no* human being should judge another. Your own mistakes might be greater than the one you are judging, and to judge another for a seeming mistake, might be far greater wrong than that which was being judged; because to judge another is interference with the Free Will of the individual, which may not be done!

Just be firm in this Great Light, Precious Ones; for

your Freedom is right here in this Light, which has been called forth for your Assistance. Most of you have made your Application very earnestly and sincerely. That has not gone unnoticed. I could point to a few who sometimes have been so discouraged because they allowed discord to enter into their feeling worlds. They felt they were not progressing, and thought, "Oh, why can I not stop this thing?" You can if you determine to do it! Now with this added Assistance, it will be easier for you.

Oh, Blessed Ones, please understand that in this Assistance which is being given, you are almost being carried on a golden platter, as it were. So much Assistance is being given! You do not see It as yet, but one day you will. As your attention is called to these things, you will become more and more alert. As you discontinue the human desires which have caused the density or the dullness of the brain structure, you must receive the finer Vibratory Action. There will be no difficulty in doing so.

I think perhaps the Messengers have not mentioned this. You have a nervous system, which carries the Liquid Light from the "Presence" through your body; but do you realize that within the brain structure is the activity which is the receiver and the distributor? Your Heart is the director of your consciousness, which acts through the brain structure. If the consciousness in the brain structure will give obedience to the Heart,

all will move in Divine Order in its activity; but if there is rebellion of the head to the Heart, then confusion ensues because the Light—now notice this—the Light from the Heart is not able to illumine the brain sufficiently to dissolve the dense substance which obstructs the way. These are marvelous things! It all sounds quite simple; but the Life activity is very marvelous in the accomplishment of your Victory, in the perfecting of your body.

This is not intended to make anyone dissolve his home or anything of that kind; but under the Great Cosmic Law, no human being has a right to bind another. This understanding should draw people more lovingly and harmoniously together; but if there be one who is ugly and rebellious, then that one should not be allowed to limit someone else. If you will call earnestly, with firm determination to your "Presence" to take command of your home and the individuals there, seize and bind the human and dissolve all discordant feeling or selfishness within the feeling world of the individual, the "Presence" will govern everything. All will then come into perfect, harmonious accord; but you must in that case refuse to give power any longer to appearances which seem to exist there. This is why many do not feel they are having the full results, because unknowingly in the feeling they are still accepting the appearances.

In the momentum which has been gained, even in

this Life, where you have been very critical or subject to anger and such conditions, it takes firmness at first to make such a condition quickly subside. I ask you to look upon this Good Brother. As he has told you, he had acquired a very fiery temper. Even though it had gained a momentum for three years or more, yet he was able to speedily dissolve it by the use of the Violet Consuming Flame, and annihilate its cause and effect.

Everyone must be so in earnest that the Light comes first in everything. As the Beloved Messenger just told you: in the beginning, Dear Ones, if you will give enough adoration, gratitude, and attention to your "Presence," you will find every problem in the outer world solved quickly; but if your attention is on the solving of the problem, then the problem is getting the greatest part of your attention, and also the greatest amount of your energy. You make the Call to the "Presence" for a few moments, and the rest of the time your attention is on your problem. Through fear, anxiety, or some phase of activity, you are constantly disturbed by the very nature of the problem. Do you not see that?

Therefore, to your problems or to those conditions which confront you that seem to be disturbing or sometimes almost terrifying, still yourself; and in the Knowledge of your "Presence," know It is All-powerful. Speak to yourself and say: *"Stop this agitation!*

Be quiet! Be calm!" Then when you begin to feel still, say: " *'Mighty I AM Presence,' I call on the Law of Forgiveness for these mistakes. You take command here; solve these problems and keep my attention on You until it is done, until it is fully accomplished."* That is the proper mode of Application, Dear Ones; but you must be firm and hold your attention on the "Presence," even when the problems are screaming at you out here! You know, momentum is a tremendous thing; and yet, people know so little about it!

The constant pouring of water will wear away the hardest rock. The rock seems much harder than the water, does it not? Yet the water will wear away the hardest rock. Today your momentum of destructive qualities has almost worn you out. Not because it had any power, but because you gave it power; by your attention, which fed your Life into it.

Now then, We will reverse it. Notice, I speak it for you! You have become a part of Me, while I am speaking these Words! We will reverse all this condition and say to all these appearances, whatever the conditions may be: *"You have no power! No longer do I feed my Life into you to give you power! Now that point is settled."* Then: " *'Mighty I AM Presence,' I have called on the Law of Forgiveness for all my mistakes. You take command of me and my world! Hold such Dominion, such control of my feelings that I joyfully"*—notice—*"give obedience to Your slightest*

Requirement. You see that I do give that obedience." Then you place the greatest Power in the Universe in charge of your feeling world, to govern it and see that you do give obedience, when possibly of your own volition you would not be able to do it.

These things are so mighty, Dear Ones, to set you Free, if you will believe Me; if you will accept it; if you will apply it; but do not forget what I have said to you! If you do not obey, then to that degree you will make it impossible for Us to give you the Assistance which has been promised. You can choose to follow My Request, or you can say: "Very well, I shall follow my own." It is quite all right, but those who follow My Request will stand as a Beacon Light before the World!

No achievement, Beloved Ones, of any human being was ever accomplished without Our Help. Nothing of importance was ever done in this World without some one of the Ascended Masters assisting. That is why We come here. Do you think that from Our Great Heights of Attainment, even the Great Cosmic Beings forget the Earth in its shadows? Why has the Earth been called the "dark star"? Because of human discordant creation, which becomes darkness. This is why the Messengers have said to you, never contemplate or meditate in darkness. Many think, "What about it when we think of the 'Presence' during the night, while we sleep?"

May I try to make it plain to you? The difference between conscious determination to do a thing in darkness, and the natural state of night-time in which you sleep, are two very different things. Your conscious action and determination to sit in darkness for meditation or for manifestation is your choice. God, Nature, has provided the condition of night in order to give the bodies of mankind quiet and rest, so that the Reality of the individual could go out from the body, gather the energy and bring it back in the morning, to give the necessary strength and activity to the body to go on for the natural span of Life. That is a provision by Nature to maintain the balance of energy in the physical body.

Why were day and night established in the beginning? It was not always so. But why were day and night, as you experience them now, provided?—because of the density into which mankind drew their human forms. Some means had to be provided so they could have quiet—or shall I say, be compelled to receive the quiet and rest. There are those who, in the attention to the "Presence," require little sleep in comparison to what they formerly did; but let Me sound a call and warning: do *not* go to extremes in this! You had better have a little more rest than you need, than to let your great desire for the Light deprive you of the rest which you need to hold Harmony in your feeling world.

These are very simple, but mighty, practical things, Dear Ones! Today We are taking advantage of this, that you may have the most practical use of the Mighty Light and Its Perfection which it is possible to convey in words. Therefore, as these simple Words are spoken to you, still a far greater Work is going on from the Inner standpoint; and We are calling your attention to It. If you will accept It as already accomplished, you will have rendered yourself and Us a tremendous Service. Then, when you go into the outer world, do not allow any person, place, or condition to change the decision within you.

Keep everything to yourself and your God. I ask you not to discuss with each other what I have said to you today; but just feel It, with a joy and accomplishment within you as a Sacred Gift from your "Presence" which is too Sacred to even discuss. If you will do this, then We can do so much more for you.

In the fullness of your "Mighty I AM Presence," and through the Higher Mental Body of each one of you, I call your "Presence" into action to take up these Activities which I have established today, and to set your Higher Mental Body guard over this accomplishment. I cannot explain to you the details of it, but I have said enough to give your attention the power to act. Therefore, We now accept the fullness of this in its action for you. If you will give Me your attention for just a few moments each night before

you go to sleep, I will appreciate it, that this may continue in Its ever-expanding Activity, that you all might comprehend fully just what It means to you and your Freedom.

In My parting Words to you, oh, Children of the Light, oh, Precious Ones from the Heart of God: Mighty Unfed Flame, do Your Perfect Work for the Children of Earth! As their Call has gone forth and will continue, release from the Power of the Unfed Flame all that is required for the Control, for the Perfecting Activity of all that each one requires. Cause these Beloved Ones to feel and remember the Instruction that was once given them, so they may establish—call the "Presence" to establish—the Unfed Flame in their homes. Let this be in a place where It will not be disturbed; where each one may see that Unfed Flame; for It is there, pouring forth Its Radiance! Each one may do that! Choose your own spot. Consider it the most Sacred thing! Tell none but your loved ones who are in Perfect Harmony with the idea; and then, go on and receive from that Flame Its great Perfection.

In the fullness of the Perfection which We have called forth, We rest—in Joy, and in the mightiest Action of the Great Silence, that the fullness of Its Perfection may take command of all things. Glorify each one with the full Power of the "Mighty I AM Presence," to hold Its Dominion until everything of

the outer world is dissolved and disappears. Then, in Its fullness, release them entirely into their Eternal Freedom.

I thank you, and want you to know that My Love enfolds you every one, unto the fullness of your Victory. I thank you.

CYCLOPEA'S DISCOURSE

NEW YORK CITY, NEW YORK

OCTOBER 10, 1937

BY the Command of the Great Cosmic Light, We who have long acted within the Great Silence come to pour forth to mankind the Assistance that is needed today.

I think most of you understand the Activity which I represent is the All-Seeing Eye of God, the All-Hearing Ear of God. Those who wish to have greater Perfection of sight and hearing or know of those absent who need that Assistance—while I am flashing the Words before this Good Messenger tonight, direct your attention to such individuals, carrying on it your Current of Divine Love. Upon It, I will pour forth to them My Assistance.

Remember, you are not limited, except in your human concept! Remember, as the Great Ones have said to you in almost all recent Dictations, Our great Opportunity in speaking Our Wishes to you is that We may at the same moment act within the mental and feeling world of mankind to produce perfect results, or put forth the Words in which We wish to give Assistance to mankind. So, will you be conscious of that tonight?

Within the All-Seeing Eye of God, within the All-Hearing Ear of God is the means by which individuals may understand their position as Outposts of the Godhead. Each one of you is a Focus of that "Presence" wherever you move. To the degree that you keep yourselves harmonious, call forth and pour out the Activity from your "Presence," do you bless or mar the great Perfection which is always endeavoring to come forth.

Let Us take up tonight your great obligation to your fellowman and to your associates. If you pour forth inharmonious radiation to others, then to some degree you are responsible for the imperfection which might be governing them. This is one of the reasons why the Great Ones have asked all the Students to maintain Self-control and be free from criticism, condemnation, judgment, hatred, anger, jealousy, resentment, or whatever it may be; because you are responsible, Dear Ones! Suppose that someone was beset by just a tinge of jealousy and someone else noticed it. Then, two or more people begin to pour forth their feeling about it to the individual, or hold their attention on that quality. If they begin to discuss it and say, "Now that individual is unfortunate in feeling jealous," and keep putting forth such an acceptance or suggestion, soon they have piled upon the individual more of the same quality, until it will make it very difficult for that one to handle it, even in his Call to

the "Presence."

It is the same with any quality which others observe and begin to pour out to someone. Dear People, remember—the feeling world of mankind is one over the whole Earth! You cannot get away from that Truth. Therefore, individuals are responsible to each other. Humanity has not understood this except in a fragmentary manner; but you, knowing this Great Law as you do today, become still more responsible.

The greatest thing on Earth is the Power of Light acting in the Group of Students who have this Understanding. If they see one being submerged in any particular difficulty—for instance the feeling of depression, anger, jealousy, hatred, or any of those qualities which shut off the Light from the "Presence"—then the great Godlike thing to do would be to pour forth blessing, strength, and courage to help the individual to overcome it; but mankind heretofore has not understood this. Therefore, the condemnation of humanity has been very great.

The "I AM" Students are freeing themselves very rapidly. You will find, for it is rapidly approaching, that when you have attained certain definite Self-control over your feeling world, We can begin to bring forth Information and Understanding from the Realms of Light which, each time you listen to It, will lift and anchor you into It—remaining with you forever. It is only the intellect which forgets. The Heart

never does! The All-Seeing Eye of God within you, within your brain, *never* forgets! The thing which has been the difficulty with mankind is when the intellect is operating. The activity of retaining the wrong suggestion within the brain structure is what has made it difficult to forget the things that you should. Today you are coming to understand how to govern and regulate that, so you can forget the things you want to and remember only the things which are constructive.

I am sure you will rejoice with Me in the expansion of the Light within each one. I much prefer to use the term "expansion" than "progress" or "achievement" or any other terminology. The Truth of Life is really all in the expansion of the Light within your own Heart, in the Call to your "Mighty I AM Presence." When this Light has expanded enough within your Heart, It illumines the mind and the brain. In other words, It quickens the vibratory action within the brain by the expansion of the Light within the Heart, until the brain in its alertness comprehends with almost the speed of lightning. This is how the Ascended Master can render such tremendous Service.

I am reminded that the Good Messenger neglected to explain to you the manner of these Dictations. If there are those who are not familiar with it, then I wish to explain. The Words are flashed before the physical eyes of this Good Messenger by Whomever

is dictating. *There is nothing psychic nor spiritualistic about it! Please remember that. This Work is wholly free from anything of that kind and always will remain so! It is but the natural process and activity of Life which is within every human being. In the years ahead, after the great change, there will be thousands of people in America who will be able to receive in this same manner.* This Activity leaves no question. We dictate the exact Words We wish to use, conveying Our Feeling and Meaning to you. No human concept can enter into this manner of presenting Our Information and Wishes to you.

I ask all Students and Group Leaders throughout America to please explain this to your people, so that they do not misunderstand, because it has been spread about that this Work is psychic. *It is no such thing! It never was and never could be!* If It were, it could not have reached the expansion which It has today.

The so-called psychic world or astral world exists from the Earth's surface to approximately seven thousand feet above. Within that octave is all the human discord which has ever been generated on Earth by mankind, through thousands of centuries in which people have lived upon Earth. All should understand that human beings have lived upon the Earth for more than four million years. The first two Golden Ages were magnificent, during which there was no

imperfection. As mankind began to claim the Power of the "Presence" into the human self and turned the thought downward, it drew about them the density which shut in—notice the expression—which shut in the Light which had previously made their bodies Luminous.

Before the density was drawn around the body, as far as the hands could reach there was a Self-luminous Radiance, visible to the outer sight of everyone. Then people could not practice deception of any kind, because there in the Radiance about them was the Truth; for the color in the Radiance which they poured forth was the indication to all of what was in their thought and feeling.

Today, in the Octave of the Ascended Masters, They communicate great distances by flashing Their Light to each other. They converse far more by the Radiance than they do by the actual spoken Word. Such is the province—the natural province—of mankind. Humanity is now coming home again into that same great ease and Perfection. Because of the density of the physical body, life in the outer world has been a tremendous struggle, which was wholly unnecessary. The density of the body and the discord came about when mankind crossed the dividing line.

I presume some of you are familiar with the oriental terminology which has referred to the dividing line so often used, as the "Bridge of Light." That

Bridge is the Pathway from the human octave into the Octave of Light. It is symbolized and used a great deal by those in the Orient who are advanced. Today you have the full knowledge of that Bridge and how to cross it—not within the expressions or terminology which you do not understand, but in the Knowledge of your own Glorious "I AM Presence." The Bridge stands open before you to cross at any time, any moment, into the Octave of Light, and there receive the Glory which belongs to you.

About seventy-five percent of the "I AM" Students under Saint Germain's Radiation—I mean those who are loyal, earnest, and sincere—every night when their bodies sleep, go into those Octaves of Light and receive the Strength, the Instruction, the Glory, and the Blessing which is There. Just yet, you have not retained or brought into the outer memory much of It; but one day you will bring It forth in Its fullness, in Its completeness. Then how happy you will be to finish your work of the day, lie down and go forth into the Realms of Light.

Most of mankind would rather lay the body down and go out into the Realms of Light—but that may not be yet, because all must raise themselves out of the conditions and limitations into which they have drawn themselves. You understand, Blessed Ones, the only person who can draw you into limitation is yourself. Perhaps I should qualify that. In the present

position of mankind today, there is more than just yourself acting around you. Because of the earthbound individuals who attach themselves or try to attach themselves to mankind, you have more to handle than just your own activity. However, that is nothing about which to be disturbed. You are just moving among those things which have to be handled.

Remember, nothing can enter your world except you invite it. How do you do that? By the power of your attention! Do you actually realize, Beloved Ones, that through the power of your attention you invite into you and your world whatever your attention or discussion is upon? That is a tremendous thing! It has not been understood, yet it is within your understanding and control. You do not have to accept anything you do not want—by radiation, projected thought, feeling, or whatever the force may be that is acting. You do not have to accept it, just because it happens to be projected.

You have the Scepter of Power in your Tube of Light and the use of the Violet Consuming Flame. All who use That will find themselves immune, so to speak, from the discord of the outer world; but you must be firm in it! You cannot waver in your feeling. In the old terminology one would have said, "in your thought consciousness"; but I say to you, your feeling is the greatest thing in your world to be watched and governed.

Remember, I represent the All-Seeing Eye of God to the Earth! Therefore, I know what it means. Mankind for hundreds of years has been taught an attempt at control of the thought; but no human being ever did or ever will control his thought, who does not control the feeling first. It is not possible, because the feeling is your Powerhouse; and unless that is regulated, the thought will express what is in the feeling. Today, you are having placed in your hands the Scepter of your own Dominion, Self-control, and Power of manifestation—in other words, the calling forth of the Power of the "Presence" to produce Perfection in you and your world.

Do not, I plead with you, once again ever give power to the appearance world! Now notice why—for We never leave anything unexplained. All the Energy of your activity, your feeling world, and your thought world, comes from your "Presence." Of Itself It would produce Perfection and maintain it; but through your Power of Qualification, you have the authority and the power to change It, or in other words to clothe It. That is what produces the quality in the feeling world of the individual. The remedy for all requalification of discord is Harmony maintained in the feelings. Then, your Call to the "Presence" will cause that Energy to flow forth in Its Purity—in Its greatest Power and speed of Perfection. This is the need today. The reason for all manifested things is

to understand—not only in the intellect, but in the feeling—all good that goes forth is compelled to come from your "Presence"; for there is nowhere else from which it can come.

Let us for a moment cover a great scope. You know you have all the magnificent mechanical perfection which you experience and enjoy, in its almost endless ramification and expression. Yet all of that came from this Wondrous "Presence" which beats each human Heart. The Intelligence, the Energy, the Love, the Wisdom, and the Power had to come from There to produce it. The doctors, the osteopaths, the chiropractors, all of the limitless avenues of endeavor to give assistance, all the Energy and Intelligence they use comes from this "Mighty I AM Presence." Notice how very logical, natural, and practical it all is. When you come to know this, why not turn to the "Presence" wholly and let the Mightiest Power of the Universe flow through to purify, perfect, harmonize, and sustain you—the Temple of God.

The great chemical laboratories of the outer world produce such magnificent things—metals and every conceivable material which has blessed mankind. Yet within the human form is the greatest chemical laboratory in the World, and no outer scientist as yet has ever been able to quite reproduce it. Do you not see then how, as you turn to the "Presence," you can receive all Perfection, express and experience it, because

It has been drawn here at your point of expression, at your Focus of Light.

Try to feel for a few moments that you, in your consciousness through your physical body, are the greatest Focus on Earth of the Perfection of the Universe, which is your "Presence." Understand that your attention turned to the "Presence" brings Its Perfection forth, impels It into action. Your body is the Focus, and there is no limit to the Perfection it can express. Try to feel this now! There is nothing in this world that can limit you, but your own feeling. If you will accept this tonight in your feeling, you will find great changes taking place within your world, within your Powerhouse, which is the accumulated energy that you have called forth.

Remember, Beloved Ones, you can charge the atmosphere around you. We often speak of it as being as far as your hands will reach, but that is not your limit. You may expand it twenty, fifty, or one hundred feet about you easily, quite as readily. Then, your Radiance wherever you move can be a mighty Healing Presence.

The Great Ones recently have been trying to hold your attention upon your ability to release the Power of the "Presence" to produce Health and Perfection in your bodies, because that is one of the great needs today. As long as you are disturbed by a feeling of distress within the body, you cannot give the clear,

concentrated attention to the "Presence" which would bring rapid results. When I say constant attention, I do not mean every moment of the day; but during the time that you are giving definite attention to your "Presence," do not let anything interfere with it.

If you want to sit down five minutes or ten minutes and give your whole attention to your "Presence," do it! and do not let anything interfere with it. That is what I mean by your constant attention, because it must be unwavering during the time you hold your attention on your "Presence," so It can produce the greatest results. Remember, if you took a reading glass and focused the light of the Sun upon a given spot, if it is held still, it will set the outer substance on fire. If you hold your attention with that same steady focus to the "Mighty I AM Presence," then Its Power will flood forth very quickly to produce the Perfection for you. But if you move the glass about and keep moving the focus of light, it would not produce any particular result. So it is with mankind today. In the seeming inability to hold the attention steady, Individuals have not had the full result which they would like or expect to have.

By practice you become perfect. You practice music for many years to become, as you term it, a professional musician. If you would practice the "Presence" with the same tenacity, you would be Perfect Beings in ten years! What would that mean? You would

express all Perfection in music or anything else that you wished to express.

As you clear away all human concepts between you and your "Presence," everything comes forth clear as crystal. You know, as one of the Students has said, the only thing which stands between your Heart and your "Presence" is your head; and your head is where the intellect functions with its human concepts. When you understand that and say: *"Now subside! 'Mighty I AM Presence,' take command and see that my Heart is the Power which acts; and make the intellect be obedient to it,"* then you will find all difficulties in your life's experience vanish.

Now follow Me for a few moments in your memory, and record this definitely. We speak of the Ascended Masters definitely because that is the first step to the fullness of Perfection. When you have raised the purified physical body into the Higher Mental Body, then into the Electronic Body of the "Presence" and become the Ascended Being, that is your first step into the fullness of Perfection. Therefore, We refer to the Ascended Master as the first step out of all—notice—all imperfection, because the Ascended Master has no imperfection of any kind in Him.

If you clearly understand that—and the Heart does—then you will feel the fullness of this mighty Truth, which will lead you into the fullness of your Perfection. Remember that all achievement is through your

attention to your "Presence," which allows It to do the work. Light is the Father of the Universe, the only Doer. Think of it! Think of it, Beloved Ones! You today, in your physical bodies have come to know the Godhead! Is it not ridiculous that individuals have been taught that mankind cannot see God and live? How ridiculous! There are hundreds of the blessed Students who have already seen their own "I AM Presence"—which is the Godhead so far as their individual world and Life is concerned. Now you see the closeness of it. You see how practical it is. It is your very Life. The Stream of Life and Energy, Purity and Perfection which floods into your Heart *is* the Activity of the Godhead, containing within It the Trinity of Action—Love, Wisdom, and Power.

The Threefold Flame of Life will become visible to mankind! It will be the manifested Presence of the Godhead in the physical octave. This has always occurred in the Perfecting Activity of every civilization which has ever been on Earth, and will come again in this one. If mankind will be patient, until enough individuals have been raised to where these things can come forth, they will see the outpicturing of it all. Not only will there come forth that for which you have been calling individually, but you will see the great Outpouring of the Cosmic Activity, which becomes the physical manifestation on Earth. It is the Threefold Flame.

Again there will come forth the Unfed Flame, this time in Its constructive Consuming Activity. Before the sinking of the last remnant of Atlantis, the Consuming Activity of the Unfed Flame was visible to all. It is much preferred to your present cremation. The Flame stood motionless and when the body was placed in It, just disappeared instantly. It is the greatest Service that ever was rendered to mankind. This will come again. Then the cemeteries will disappear from the Earth, and what a blessing!

I am endeavoring to cover a great scope tonight because of the need. Think of it, Dear Ones, and remember what the power of your attention does. Then, think of precious humanity in its lack of Understanding, going into those graveyards and weeping, feeling that their loved ones are there—when they have gone into the Octave of Light! Where the Life was clothed with depravity and did not permit them to leave the Earth, the Ascended Masters have been removing them at the Call of the Students. In the case of the ordinary life, the individual goes into the Octave of Light immediately, as soon as respiration stops. Think of all the energy and grief wasted upon that spot of earth where the wornout garment was laid.

Oh, Dear Ones, do not ever subject yourselves to those things again. The human form from which Life has passed is no longer yours. It is no longer your loved

one. It is just the same as when you discard a garment that is no longer useful to you. So it is with the body, but it does not mean that your loved one is still there in the body. There is no death! never was! never can be in the whole Universe! All is Life and Its eternal expression and manifestation. Remember that.

Remember as you observe the Chart, the Stream of Life and Energy is all Perfection, all Purity, all of everything which you will require, and is Eternal. Remember, that between your "Mighty I AM Presence" —which is your Electronic Body—and your flesh body, is the Higher Mental Body. When Life withdraws from the physical body at so-called death, It withdraws into the Form of the Higher Mental Body and goes on in Its Activity of Life. The human form which a few moments before had Life and activity, does not have It any longer.

Remember, tonight, I want to hold your attention upon your Stream of Energy and bring to you this mighty Truth, which is the evidence to any human being on Earth who wishes to understand why this is so. All the faculties, all the organs which were active a few moments before death are still in the body. The Intelligence that acted within the brain and Heart has gone. All the organs are still there, but the body is no longer able to use them. Therefore, the Intelligence has withdrawn!

Now notice! In the Stream of Energy from the

"Presence" which came through the head, anchoring within the Heart of that human form, was the Life, the Light, the Substance, the Intelligence, the Energy, the Activity, and the Supply of everything which the body used before it lost its activity. Remember, its Activity was the Stream of Light and Energy! Then do you not see how there is no such thing as death? The Stream of Life, which is Light and Energy, withdrew from the garment that had become useless, and left it to disintegrate. The Intelligence and Life which withdrew into the Higher Mental Body, will project another body and try again to bring Perfection into the outer form. Why? I think I shall ask a few questions Myself. Why has mankind not understood? Why has mankind accepted the opinions of others? — because individuals have forgotten their Source.

When you have come back to your own "Mighty I AM Presence" — which is the greatest Intelligence in the Universe — train yourself as speedily as possible to hold your attention upon the "Presence" with sufficient earnestness and determination, until It releases the Information, the Revelation. I do not quite like to use that term, because it has been worn threadbare. The Truth is that the expansion of the Light from within your Heart is the Activity which illumines all to you.

Try for a moment with Me to feel that within the Stream of Light and Energy from the "Presence" is

every quality of everything you wish to bring forth into your use or manifestation in the physical world. Every form here before you in the physical octave came from the one Universal Substance of Light, which is Light-Substance.

You might challenge Me in that and say, "Well the Godhead must be pretty dense." Not so! The density is within the qualification of mankind, not in the Godhead; not in the Self-luminous, Intelligent Substance. Density is in man's discordant qualification which you see in the outer world of form.

In your bank vaults today, which are even twelve to eighteen inches thick of solid steel, Light will penetrate through that steel and make visible what is within. For instance, when the Lord Maitreya, Sanat Kumara, the Lord the Maha Chohan, and the Tall Master from Venus dictated, the substance of the building, so far as They are concerned, disappears from above the Messenger. It is not there really. You still see it in the physical sense because you are vibrating in the substance to which you are accustomed; but in reality there is nothing between Myself and you as I stand here, directing the Dictation to the Messenger. This Light floods from My position all over the audience. That is how the Light penetrates all substance. So far as the Light and Intelligence acting within it are concerned, the substance is not there.

Do you follow Me, Dear Hearts? I want you to so

much, because it will remove from your feeling and consciousness all sense of limitation. You really are not limited in what the "Presence" will do for you at your Call, so be very careful! Watch carefully over your feelings so you do not limit the Power of your "Presence" to act either with speed or in accomplishment.

We rejoice as We see the comprehension within the individuals coming closer, closer, and closer to the fullness in the feeling of these simple, majestic Truths. We want you to understand definitely that in voicing the Decrees as you do, all is a definite activity of the Law of Life. As you utter those Decrees, which are Commands, it is the Command of Life to produce Its Perfection here. Beloved Ones, once you can feel the Power of a single Decree in the *fullness* of its action, you will never find another limitation in the world.

It is a far different thing when you assert a human opinion. It has no particular activity! It may interest or impress you for the time being, but there is no permanent action; but when you voice words which contain the Truth of Life, you have this Understanding set into action. It is the Law of Life set into action to produce the result which the Decree expresses. That is why the beloved Students of America and the World are rendering the Great Host of Light and the Messengers inestimable Service—as well as yourselves—because this Ascended Master Instruction is the greatest requirement today.

The Messengers were strong enough to carry this Message of Light until enough of mankind could grasp It. Then they began to bring forth the Decrees, by which they could cause to act in the mental and feeling world of mankind these magnificent Activities, which set into action the great Laws of Life to produce Perfection in the World, in the physical octave of mankind.

It is so magnificent! You and beloved humanity are so privileged today to enter into this great Stream of Life, Light, Substance, Energy, and Intelligence. It is the greatest Power in the Universe, and you have Its use! Can you conceive of anything more beautiful, anything more helpful? In fact, It is the only thing that can or will set mankind Free!

Your "Presence," the Governor of the Universe, has projected you—think of it! Your "Presence" has projected you. Not quite—now notice! It has projected the Light Pattern, upon which your human structure is built. That is what your "Presence" projected, not the limitations which you express and which came from your Power of Qualification.

Notice! Notice how this Wondrous "Presence," your Source of Life started out. It gave you every opportunity to be Its Perfection! Yet because of the impact of the human world, the physical octave, after two or three years you began to take on the qualities about you and became the same density as those about you.

I want to say something at this point almost startling. If you were to take an infant of average parents and hold that child within an Invincible Tube of Light, with no human discord expressed in the feeling of the world about it, that child would never know one single imperfection. The Light from its own Light Pattern would cause its body to retain the Self-luminous Activity which is within the Light Pattern, for the Light Pattern is really composed of the Points of Light within every cell of the body. Not so long hence this will be proved definitely to the World. There is coming into use—I may not describe It as yet—that which will be a protection automatically; for It will hold a Radiance of Its own and prove this to the World.

During these three years of the Messengers' activity, especially those who were critical have said, "Why do they not prove some of these things?" The Infinite Proof is being given every day of mankind's Life! Those unfortunate minds do not want to see it, of course; but further than that, do not weary, Beloved Ones. Beside your own proof, there will come into the outer activity of the World the Proof that no human mind or concept on the face of the Earth can deny. Then these unfortunate creatures who have such intellectual vanity will find their balloons punctured, and in humbleness come into the Presence of the Light.

Remember it is only your head, where the intellect with its human concepts act, that stands between you and Perfection. Having accepted opinions by the million, human concepts of things, the intellect has not given the Truth. However, if people refuse human concepts of the things they see about them and obey the Direction of the Light within the Heart, they should very soon reach Perfection. Without Obedience to the Light in the Heart, they are building more and more of the imperfection which comes through human concepts and lack of understanding. Obedience to the Light is all that is required.

You were informed this noon of all that had been accomplished in three years. Then, you must know how true My Words are to you tonight and how applicable in your life. Allow Me to assert to you again, Beloved Ones *(pointing to the Chart)*—behold that Wondrous Stream of Light! In It is all Perfection for you. Your Heart is the anchorage of the Light in these physical bodies. No one who is sane can deny that. Do you not see, Precious Ones, even by intellectually knowing of this "Presence," soon in Its acceptance there would come the full power of this Truth into the feeling, because in that Stream of Light is all Perfection for you. You are connected with It; therefore, you are a part of the Light. It only needs the control of your Power of Qualification and Its proper use, the silencing or the discontinuing of the acceptance of

discord, to let the Stream of Light of Its own Volition produce Health, Youth, and Perfection in the body.

Tonight, as I look within you—should I ask your permission? I just cannot help it. I have to. I see there the whole picture of your Eternal Youth. just now as I look within you, I do not see your outer forms. I see Eternal Youth within you. Please accept It fully, that I may see It strong enough to cause It to outpicture. Let Me cause you to feel Eternal Youth acting with full power, so you may sing and speak with the Voice of your "Presence," never again interfered with by anything.

I am going to say another thing; please feel it! Do you realize, Beloved Ones, the power that is within your voices? Dear People, certain low vibratory tones in your voices would produce tremendous results. The time is not far off when Saint Germain will take this up and bring out these things to you.

Dear People, We cannot go on farther until you grasp and maintain control over your feelings. Then We will be able to give you all your Hearts desire. You must first understand your "Mighty I AM Presence" —Its limitless Application! your own Self-control! Then, you will see the Heavens open, and without limit there will pour forth this mighty Information about all the Forces of Life. Then you will have forgotten the discord; and as you enter into the great Stream of

Perfection, you will see how great is this Truth.

I look within the individuals here tonight—many of the very earnest, sincere Students in New York, Boston, and those visiting from elsewhere—and see the "Presence" of Eternal Youth ready to burst Its bounds and stand forth victorious within each one! Oh, Dear Ones, do not let the appearance of years affect you—because that appearance is only on your physical body. It could not stay there very long if you just felt your own Dominion. It would have to disappear and take on the Perfection which is your Light Pattern.

We long to bring into the understanding of the youth of America this great Truth, that they may at once discontinue the acceptance of age from the appearance world. There are thousands and thousands of elderly people in America today who will cause the appearance of age to disappear from their bodies. Please accept this and let It do Its Perfect Work.

We do nothing phenomenal in this great Expansion of Light; but We are holding everything steady, building a Foundation which all humanity cannot shake apart. We could do many wonderful things within certain individuals, but We are building a Foundation for humanity now!

Each one who steps upon that firm rock of the "Mighty I AM Presence" will find Its Perfection, Its Eternal Dominion within him and his world of activity.

This is how and why We want you today to feel the full Power, the Authority which is yours. Do you wonder why the Great Ones have so often spoken those Words to you? That is because you are the decreer of how this energy shall act for you, which you call forth from the "Presence." It is why you are the authority, because you are the only one who can say what shall be done.

We might want to do wonderful things, but We must have your Call. We must know—and of course We always do—the motive back of that Call. If you wanted to be beautiful just to be vain, of course We would not assist you; but if you wanted to be beautiful to be the example of Perfection, then it would be wonderful, and every Assistance would be given. Oh, there is nothing wrong about being beautiful. It is really what is intended, you gentlemen included.

Oh, Dear Ones, what a wonderful thing when manhood and womanhood begin to express the real Beauty and Perfection of Life. Oh, it is so marvelous! But what happens today when one is unusually beautiful? Be careful! Many of mankind are unfortunate enough to pass unkind remarks because a young woman or young man is beautiful. Be careful, Dear People! How can you be beautiful if you criticize those who are? Never let a thought or feeling pass through your mind, as you value your Victory, in criticism of a man or woman who is really beautiful in the physical form.

It is an old saying that physical beauty is only skin deep. Be careful, be careful! I will show you why that is wrong. The feeling world is what produces beauty in the flesh. If there were not sufficient beauty in the feeling, it could not outpicture in the flesh. Therefore, you see the old timeworn statement was not correct, as many of mankind think today. So you see, Beloved Ones, you must not judge—ever! Watch out that you never do; and, oh, you will set yourself free so quickly! Do not ever attempt to judge anyone. Then when you want to produce Perfection in yourself, no one will be able to judge you. If they do, they cannot reach you.

I feel very close to you tonight, and I shall say this: Dear People, what you condemn in another you are almost certain to do yourself, somewhere along the pathway, because you have charged that quality into your world. If you do not use the Violet Consuming Flame sufficiently, then that will outpicture in your own life. Therefore, if you condemn beauty in another, you cannot have it yourself. The Law is such that it cannot be produced for you, because the wrong quality is there. Do you not see how every particle, every single Law of the Stream of Life which beats your Heart is absolutely Perfect? Oh, Beloved Ones, It is so magnificent!

I rejoice to have had this opportunity to pour forth My Radiance while you have been listening to My

Words. They are all quite simple, but yet far more powerful is the Radiance which has gone forth for your Blessing. Try to feel It and know that no longer does anything stand between you and your "Presence," not even your head! It is really true! No longer is there anything standing between you and the Perfection which you claim from your "Presence."

One more thing. I want to say, while you through your attention are claiming the Perfection of your "Mighty I AM Presence," We are doing for you what We may not explain; but just please accept *all* that We wish to do for you. We are utilizing every means known, for the hastening of Perfection to the Blessed Ones who will give their attention earnestly and sincerely to their "Presence." I say to you, there is no limit to which We may go in order to do that, with your earnest, sincere determination. So, will you accept It today and let Its great Power go on and on and on, in Its ever-expanding Perfect Activity with you?

Oh, these precious young people! How I long to take them by the hand and through My Handclasp, charge into their feeling world such a Power that no imperfection could ever act again. Just let this go on and on, producing Beauty, Perfection, and Gods upon Earth. Not only will Gods be produced among mankind once again; but the Gods, in the fullness of Their Perfection, will once again walk and talk with mankind. I thank you.

THE SILENT WATCHER'S DISCOURSE

NEW YORK CITY, NEW YORK

OCTOBER 12, 1937

TODAY is a day of great rejoicing, Beloved People of New York, America, and Students of the Light! The Great Cosmic Light is beginning to take Its Dominion in the Earth and upon the Earth.

In My Capacity as Silent Watcher to the Earth, I watched the activity of the energy released, and see to what degree mankind is responding. Then came the day when that great Blessed Ascended Being Saint Germain determined of His own Volition to try once again to bring the Light to the World. In this Effort He has proved His great Wisdom.

Today enough of mankind, through their Call to the "Mighty I AM Presence," have made it possible for a sufficient release of the Great Cosmic Light to come into action, to not only sustain that which Saint Germain had worked during more than two hundred years to accomplish for America, but to bring forth more than He could possibly have hoped. In the release of the Great Cosmic Light, no one, not even Myself, expected to see Its permanent Release begin so quickly. I say this to the earnest, sincere Students of

the Light for your encouragement, because the accomplishment is very great.

Let no one of the earnest, sincere Students ever again feel that he has not accomplished what he would like to have done. Beloved Ones, you have accomplished so much more than We have even dared mention to you, that I want you to have all the encouragement possible. Go on and on, in your Mighty Call; and never let your human nor anyone else's interfere with your onward progress or the expansion of the Light within your Heart. It must take place at your Call; for remember, this Light called forth knows no resistance nor interference! It is the Power of the Universe, and all human discord dissolves before It. There is no question about that. If you will be patient a little longer, you will see the Power of Its Activity, as the dissolving process of the discordant creation of mankind begins to show its outpicturing upon Earth.

There is no power to interfere with this Light; with you individually, collectively, nor for your nation! No power of human creation can interfere with It. The war entity of the World, if you are not familiar with the term, is composed of the destructive creations of mankind—and they are numerous. Let us for illustration enumerate a few. The greatest perhaps of all is the war entity. That is the created form, Dear People, which draws into itself the destructive qualities of war; and when humanity becomes too discordant, it seizes

upon one or more individuals among mankind and instigates war. It stirs up one nation against another, for no reason at all.

In all the wars that have ever been on the face of this Earth—and I have watched them all—there has never been a reasonable cause for one, not once! Any excuse was used to pit human beings against each other under some pretense, usually for commercial purposes.

In watching through many centuries, seeing the distress and hearing the call of mankind through prayers to God by the millions, and being the Silent Watcher to the Earth, I was compelled to know all—all that has caused war. Yet, because of the Free Will of mankind, We could not interfere with it. The great cry of humanity has gone up so long, and now the explanation is being given for the first time. Most people did not even believe the Ascended Masters existed. Yet, They are those from your humanity who came into Our Great Octaves of Light, and have called to the Powers of the Great Central Sun, as you know It. They have called for the Power of the Great Cosmic Light to be released, to prevent humanity destroying itself.

This point you will understand. No human being can be deprived of understanding when he reaches out with the feeling of the Heart. Now, this will explain to you many things which the majority of the

Students have not understood; and why people who have been on the Pathway of Light and through failure and disappointment have turned from the Pathway, became what in the outer world is termed black magicians.

The Free Will of mankind may not be interfered with, because individuals must choose how they are going to use this *Mighty Energy* which flows from their "Presence" through their bodies. It is always flowing. Truly it is only a fragmentary part of what one *can* call forth, but still it is enough to do much damage and produce tremendous destruction.

Therefore, today in the Ascended Masters' Call to the Great Beings who govern the release of Energy and Light to the Earth, the Great Ones responded. They have seen that Saint Germain has won the Victory of gaining the attention of a few of mankind, by which They could encourage and amplify the activity, until the release of the Cosmic Light could come into action to produce the needed result. That has begun! You will see take place some very astounding things to the human sense.

Remember, Dear People of Earth—and I wish that every human being on the face of the Earth might hear these Words tonight. We are charging Them forth into the mental and feeling world; but even so, I wish they might be conscious of and hear them as you do. No longer will the discordant, destructive

qualities and creations of mankind retard the progress and the Freedom of the Earth! Mankind has prevented it for many, many centuries in their discord of every description, until the Earth's atmosphere became so charged with discordant creations that blessed mankind scarcely knew where they were. Look about you today. You see many wonderful blessed ones; but when something a little unusual occurs, they become so confused they scarcely know what to do. That is because of the condition of the atmosphere of Earth, but be encouraged.

With tremendous speed this Great Cosmic Light is being charged into the atmosphere of Earth, and hundreds of thousands of discarnate entities—earthbound for years and centuries—are being taken out of the Earth; for they have harassed mankind in every conceivable way. If you could see what has been done for your beloved city since the Messengers were here the last time, you would rejoice as never before in your whole life, or in all your lives, for the Freedom and Blessing which is coming to mankind so rapidly.

Many, many of the beloved Students under Saint Germain are already feeling the great release; the great happiness; the greater, more rapid response to their Decrees and their desires, which are being fulfilled. Go on and on and on, Beloved Ones! Never waver in your Call to the "Presence," remembering

Its Law is All-powerful. You are the Victory of Light in the acceptance of your "Presence" and your Call to It.

We have watched the letters that come to the Messengers, with such intense calls for release. Thousands and thousands of those calls are being answered—some of them instantly, according to the ability of the individual to quiet the human and let the Power directed flow in and do Its Perfect Work. Oh, Precious People of Earth, once you understand and realize that as you still yourselves in your Acknowledgment of the God Presence individualized above you, whose Ray of Light and Energy beats your Heart, as you observe in the Chart you will feel and know definitely that no power in the Universe can longer interfere with, retard, limit, or cause you to be ill or unhappy.

No power in the Universe can longer bind or hold you. Will you not feel this, Beloved Ones? Just let the great Power from the "Presence" flow in and through you; washing out, dissolving, and consuming everything within your human form—every discordant thing; replacing all imperfection by the Limitless Energy and Self-luminous, Intelligent Substance from the "Presence." It will cause your body to be strong and well; filled with limitless energy, power, and enthusiasm. Then as the Light within your Heart expands, illumines the mind, and continues, the density within the structure of the brain steadily and

surely dissolves, until you become alert, aware of these great Finer Vibrations which touch you. They are the Promptings from your "Presence" which will direct you unerringly in every move of the day, as you will come to know.

The "Presence" that gives you Life is All-powerful! It is All-wise! Learn to still yourself. Then in your firm, calm, determined Call, the greater volume and intensification of Its Energy will flow into your Heart first, then into your brain; and you will feel clearly and definitely Its Promptings concerning what you should do when you call.

Understand, Beloved Ones, the difference between intellectual attainment and Intelligence. Intellectuality is accretion, being information which you gather from the world of appearance—merely one human being's opinions imposed upon or amplified by another. Intelligence comes from the "Mighty I AM Presence" which gives you Life, and whatever comes from that "Presence" is always correct. It never makes a mistake in the world. Human beings coming into this Light sometimes mistake their own human desires for the Promptings of the "Presence," but that is not the fault of the "Presence."

As one trains himself to stand on guard about accepting all that comes through, until he is sure it is his "Presence" directing, then he will have clear, definite Direction. Every human being on the face of the

Earth will know exactly what he should do, as so many of the beloved Students do today. One blessed gentleman whom We know in your city here, knows clearly the definite activity of the day one hour from the time he arises in the morning. All may do that, if they will.

Your Higher Mental Body is a form just as tangible in Its own Octave as your flesh body is here, and stands between your "Presence" and your human form. Your Higher Mental Body is your Discriminating, Selective Intelligence. It is through your Higher Mental Body that the Power of your "Presence" answers your Call; for your Higher Mental Body knows the Perfection which the "Presence" is and knows your imperfections, your trials, and your struggles. It knows exactly what to release at your Call to give you the happiness, the supply, the health that you require. It is All-powerful; but if in your consciousness there is a feeling of doubt or you are wavering, then you will not have the immediate result which you would if your acceptance in the feeling were complete.

Your feeling world, Dear People, is your powerhouse! Your thought is but a small portion of it. If it be a decision between your thought and feeling, your feeling will win every time, because it is that from which your power comes. When people enter into wholly destructive activities, they only have the energy already gathered about them in their feeling world—

as far as the hands extend, or sometimes slightly farther. Whatever energy they have already gathered is the only energy they will have to use. When that is gone, they are finished.

There is another condition which has been so prevalent in the World, until recently. It is disembodied entities who pass on suddenly with very destructive qualities. They stimulate individuals and keep charging them for a time with added energy, causing them to do their bidding. Great release, Beloved Ones, has been brought to mankind through the Calls of the "I AM" Students to have the discarnate entities bound and taken from the Earth. It has saved suicides by the hundred, and yet it has only just begun. Dear People, when the Call is made to have all entities about individuals seized and bound, and instantly results are manifested, there is no disputing the fact that the discarnate entities were the things which were causing the difficulty and limitation of the individual. The entities have been taken out by the thousands. The Law is explained, if anyone cares to observe It and profit by It.

I wish all to know that in the Ascended Masters' Understanding of the Great Law of Life, which is your Life, the outer world has no authority at all. There are human opinions, plenty of them; but that does not mean those opinions are correct. The only ones who know the solution of Life are the Ascended

Masters, who have lived in your humanity and, by Their Call, have released Themselves from the limitations of Earth. Today They stand Ascended Beings in the great Plan of Life, wholly Free! They have gone every step which you are required to go and know every requirement. Therefore, They are the Ones who can teach you, and the *only Ones* in the whole World who *can* teach you the Truth of Life. That has been accomplished in the Saint Germain Books which are for your use. Therefore, Beloved Ones, profit by this Great Truth which is before you. We cannot compel you to accept It, but the Messengers offer It in so great a Love and Kindness.

Do you know, Dear Ones, that in the case of the young man who tried to disturb the Messengers in Boston, this Good Messenger saved his life? That is how great his Love and Understanding is. Thousands of times the Messengers have drawn the destructive qualities of blessed Students and individuals into their own bodies, and there dissolved the discord for them in order to protect them. That is what Divine Love means.

I want the people of New York this time to remember that the Messengers never send forth a destructive thought or feeling, no matter what any vicious gossip may say. They are firm, courageous, and strong; but they never condemn or judge. Therefore, they call forth without cessation the Power of the "I AM

Presence" of every individual, of the Students, of humanity, and of America; to take command of the mind and body of every individual, produce Its Perfection, and hold Its Dominion in and for every one.

They bless the police officers, the United States Government and its people, industries that bring the supplies to mankind, transportation, and especially the aerial transportation which humanity needs so much. Their only thought and feeling is to bless those great activities! They bless the school teachers, the firemen, and all public servants. The Messengers bless without cessation; and that is why, Beloved Ones, if once mankind would come, listen, and see, they would understand the Love, the Blessing, and the Power of Light given forth in the Classes of the Messengers. Thousands more could then have their Freedom, if they only would. No one is compelled to come, but thousands could come and be harmonious within the Freedom which is here in the Teachings of Saint Germain.

So, I say to you, Blessed Ones, the hour of your Freedom is here, if you care to accept this Understanding and apply It. It will not apply Itself; but you can, if you will, apply It with Infinite Power, Freedom, and Glory, and bring to you the supply of every good thing your Heart desires for use.

I am going to say this tonight because the Calls to the Messengers in the last two months have been so

tremendous for the supply of individuals. Beloved People, you who are here tonight, observe this Chart! It is absolutely accurate, according to your position to your own "God Presence"; but your Higher Mental Body, which is in between, is not pictured on that Chart. The "Presence" is your Life, and beats every human Heart in this room—the Heart of everyone in the World; and the individual who is foolish enough to be stubborn, or who will not receive this Truth, will go down in his limitations in the years ahead. I am not talking to hear Myself! I am offering My Assistance for the Blessing of you precious ones here and the Freedom of the people of America!

Europe and the Orient are in such a state that unless some great Cosmic Miracle, so called, is performed, there is little hope; but America, which is still free, in the Call of her blessed humanity shall remain so. Without the Light of America, the World, the Earth is lost. Do you know, Beloved People, that should the third episode in Washington's Vision take place in your America, there would scarcely be enough people left on the Earth to make one small city? You are facing conditions today, Beloved People of the Earth, when more than human assistance, more than human activities must come forth if the people are to be saved.

The Messenger has told you of his experience at the Royal Teton, where the Great Cosmic Screen was set

in action and the future of America shown, which certainly indicated the Victory of the Light in America. I say to you tonight, it looks most wonderfully encouraging. With all the Power of My Activity from the Octave of Light, I shall act within the mental and feeling world of mankind to stir them up, and draw into this Understanding of the "Mighty Presence" as many as possible. More are still needed to gain the balance and hold it; but in this Service rendered on the seventh, I shall expect to see many wonderful things take place for the blessing and protection of humanity.

I say to all the earnest Students throughout America and the World: do not let down for one hour in your Calls to the "Presence." I do not mean that you should become excited or frenzied. You know the Assistance and Call which are required. In the great calm, determined Call to your "Presence," It will release Power of which you could scarcely imagine. Remember, this Power is invincible—even with yourselves, the Cosmic Light, and the World.

Only when you see Its great invisible Activity coming to a certain point, do you begin to see the manifestation or outpicturing of It in the physical world. Before It can outpicture, Beloved People, It must dissolve and consume the discordant things which have prevented the outpicturing of this great Perfection throughout the centuries.

Mankind has lived hundreds and thousands of embodiments similar to these. Then what has been wrong? The great, simple Truth that the individual's attention has not been called to his own "God Presence," which beats each Heart. Without that, Beloved People, I say to you there is no hope for any human being on Earth! There is no stabilization; there is no anchorage anywhere.

This is the condition which exists in the great majority of mankind today. Through the sex depravity, the misuse and waste of the energy through anger, hatred, and the misuse of sex, the Life energy has gone from mankind. Individuals cannot gather it back. Only the people who understand their own "Mighty I AM Presence" can restore the energy which is gone, but they cannot restore it if they continue in the old habits. That is what is the matter with the people who do those things. Many do not resist the mass suggestions. They feel they can go on in the old sex habits. I tell you they cannot do it! If they do not save the energy, which is Life in them, then direct it forth in constructive activities, how in the Name of that "Presence" is anybody to have help, release, and freedom?

Dear People, We are speaking to you with all Kindness and Love. Many of mankind rebel when they are told they must discontinue waste of the Life energy if they are to be sustained and helped! Many have believed they lived only for pleasure gratification,

because they had been taught that it was the reason for being here. Dear People, you are here as Beings of Light! One day you shall be the Victory of Light! When this Cosmic Light takes a little more of Its Dominion in Earth, the wrong sex desire within mankind will vanish from the face of this Earth.

All abnormal sex desire will disappear from the feeling world of mankind! All discord and selfishness will disappear from the face of the Earth! Mankind shall love each other as they should. There will be no thought of criticism, condemnation, or judgment of another anywhere in the World. Then, the fullness of the Light of God, the "Mighty I AM Presence," will come forth and take command of individuals, produce health and Perfection, and hold Its Dominion in Earth forever.

This is a final battle between Light and darkness upon the Earth. Being Silent Watcher to this Earth, I know whereof I speak, and I lend all of the Powers of My Being to produce the Victory of Light in America and the World. I say: in all of humanity there is not the Power which is in one of My Hands. Do not misunderstand Me! I am not speaking of this Messenger. I am speaking of My own Hand—the Silent Watcher! When this Power of the Cosmic Light permits, then there shall be released into the Earth the Power of the Light! the Victory of the Light! which dissolves all human selfishness and discord from the Planet.

Oh, Beloved People, what a magnificent thing on the face of this Earth such a condition would be! Take your city here: imagine what it would be with beauty and Perfection, with all filled with love of humanity —love and kindness to each other. Every human being would know such happiness as has never been dreamed of on the face of this Earth. That is what shall be; but it can only come by enough of humanity understanding that they have their own individualized God Presence, the "Mighty I AM." They must make the Call to It with all determination and earnestness.

Beloved People of Earth! Oh, that humanity might understand, in spite of the whole appearance world, that these Great Beings of Light are using every means the Cosmic Law permits at this time, to give humanity the Strength and Encouragement which help them to make the Call, until enough Light is released to permit the Ascended Masters to do the Work.

In all Eternity, humanity could never pour forth enough gratitude and love to Saint Germain. His Power, Strength, Courage, and Wisdom in carrying forth the Light to humanity thus far, is the greatest thing that was ever done on the face of this Earth! Poor unfortunate human beings who quibble over the idea that Saint Germain has been put ahead of Jesus. What a silly nonsensical thing! Jesus is assisting

in this Work for humanity as much as Saint Germain, and so are many of the other Ascended Masters. The Gods of the Mountains, the God Tabor, Meru, Himalaya, and the Guardian of the Swiss Alps, are doing Tremendous Work for humanity. These Great Beings, Beloved People, are real! They are tangible! The Ascended Master, who has gained His Freedom by having made His Ascension, is as tangible as any human form on Earth, and far more so! Just because humanity's attention has not been called to Them before in this way, does not alter the fact nor indicate that They do not exist.

Dear People, try to contemplate often the three faculties you constantly use: your attention; your power of qualification; and your physical sight, your vision. These faculties would set you free in such a short time that it would astonish you, if you only used them in the right manner. The power of your attention alone would set you free in no time, if you would only hold it where it belongs instead of accepting the appearances of imperfection and limitation. You cannot know a thing without placing your attention upon it. Where your attention is, there you are! What your attention is upon, you become! Do not lose sight of that, please, if you want to be free!

Humanity has been enmeshed so long in the activity of imperfection. Until individuals turn away from it and turn to the "Presence," allowing the Power of

the "Presence" to dissolve it by the use of the Violet Consuming Flame, and to envelop them in the Tube of Light which makes them invincible to discord, how in the world can the people have Freedom? We know they cannot! We have seen all through the centuries. They have had hundreds of embodiments in which they have lived, yet they have not gained their Freedom. Those who will give their attention to the "Presence" and call It into action with unyielding determination, will shortly find themselves in a Glory inconceivable; and a Strength, Courage, and Power within them that is the Victory of the Light which beats their Hearts.

I say to the Beloved Ones, you cannot compel people to listen; but wherever there is an opportunity, let each one at least try to gain one or more individual's attention to this Light. As that continues, in a year's time there would soon be a million who are interested. It would be so easy in another year's time to have a million people in America interested and understanding this Great Presence of Life. Then your troubles would be over!

Oh, I tell you, Dear People, no thing in the World is so important as getting those Books to as many of humanity as possible. Do not let anyone be so foolish as to think this is said with any thought or desire to sell those Books. God knows, if such a thought were ever back of them, they would never have gone forth.

Human beings must have their attention called to the "Presence"—to God—who beats their Hearts! In the explanation that is before them in this Chart, even children can understand with a clearness and power which gives them their Freedom.

So, I say to you Beloved Ones, if you wish to serve, if you wish to help to gain this Freedom, do whatever you can to help spread these Books and Magazines, and fill the auditoriums where the Messengers are. *Call! Decree!* Oh, Beloved Ones, put the Power of your "I AM Presence" in your Decrees to open the way and let these broadcasts go throughout the whole of America. It is the quickest means by which the attention of mankind may be called to this Great "Presence." Then call their attention to the Books through which they can study this Law, apply It, and have their Freedom.

The Messengers can only reach a small part of humanity in these Classes, even if your largest auditoriums were filled every place they go. This Work, Beloved Ones, is not something that can be given in a few days in one or two lectures. In a ten day Class only a small part of It can be covered; but they can give enough to enable mankind to understand the Power of the "Presence," apply It, and have their Freedom.

This is the reason why Saint Germain has not brought forth deeper Activities of the Law of Life,

which He could so easily do. Mankind's attention must be held upon this Great "God Presence," until their Calls are sufficient to place America where it is safe. Then the other can follow, but it will not follow until they make this Call first.

We pour out such great Love and deep Gratitude for all every blessed Student in America has done; for their Calls and sincere efforts. Oh, how deep is Our Gratitude to every Group Leader in America and the World, for their courage and strength to go forth and carry this as best they understand, that more and more and more of humanity's attention may be called to this Great "Presence" from whence comes the Power of Freedom and Light.

Tonight, when Blessed Lotus broadcast, I utilized the opportunity to amplify it with tremendous Power and Speed, that it might go forth and do its work everywhere.

I wish to add My Word of encouragement tonight for the Mighty Call which began to go forth: "The Limitless Legions of Light now move across the face of the Earth, and all human darkness disappears!" What a mighty thing it is! Let Me tell you that actually, tangibly, today starts that Great Legion of Light across the face of the Earth. Remember it! *Feel it* with all the power of your entire being. That Mighty Legion today starts Its move across the face of the Earth, and all human darkness shall disappear! We want that

to disappear before any destruction reaches America, because of the onward progress which is required in the expansion of this Light, Freedom, and the Ascension of thousands in America.

Dear People, let Me assure you that the Ascension is as mechanical, as natural and practical as anything you do in the outer World today. Only because mankind has not understood It have individuals looked upon It as something incredible and impossible. People today scoff and say: "Why the idea of the Ascension! Why are not some of the 'I AM' Students making the Ascension?" They had better mind their own business! There have been three Ascensions in America which started the proof of this Great Activity, and because ignorant individuals will not accept It, does not alter the Truth of Its Reality.

This Good Brother here witnessed three Ascensions in America, and through his body was given assistance to one. Let all beware who deny it! That does not alter the Truth. Precious Ones, I say to you, because of the stubbornness of humanity who refuse to believe these things, they just go on in that same ignorance and remain in it.

Again, I say to you, and spread this Word everywhere: No longer is humanity dealing with human beings! They are dealing with the Power of the Cosmic Light, the Cosmic Beings, the Ascended Masters, the Legion of Light and Its Mighty Director! Therefore,

no longer can humanity hold its bondage upon individuals by discord; for they are dealing with the Powers of Light! They are not dealing with this Messenger. They are dealing with the Powers of Light! Let all the World understand that.

There have been those individuals who thought if they could destroy the Messengers they would stop the expansion of this Light. Let Me tell you, it is too late. This Light will go on whether the Messengers are here or not. They have done their work and done it well. They have had the courage, strength, and power of a regiment to carry forth this Light so fearlessly as they have done; and Our Love and Devotion enfold them forever.

Remember, Beloved People, the opportunity of all the lifetimes you have ever lived is here before you! Choose to utilize this Great Light and "Presence" and you can be free! Refuse, and the responsibility for that choice is yours. Remember, Dear People, We cannot compel anyone. We are offering the Truth of Life. You are free to accept or reject It; but I tell you everyone who rejects It will know It is true one day, when it is too late. How you will wish and cry out that you could have accepted It when It was offered with such great Love and Kindness.

Sometimes the Messengers have been criticized because they were firm in holding this Light free from contamination of any kind, but you are the beneficiaries

of that protection. Because their strength was enough to keep this Channel of Light clear and free, you are the ones who are receiving the Blessing. Our Blessed Lotus! Beloved People of the Earth, you will never know the Service that she has rendered. Sometimes those about her have thought she was unnecessarily firm; but I tell you, one day you will know what that has meant to mankind.

I say to you, oh, Beloved Students, how Our Hearts rejoice in seeing the great Infinite Love which has poured out to these two Beloved Messengers from the Students all over the World. Never was such a thing done before. There is such a wondrous Love poured out to them from more than four hundred thousand people, for there are many people who have the Books and Magazines who have never contacted the Classes. Yet their Love pours out. Daily, dozens of letters come from people who have not been in the Class, with the same great outpouring of Love to them, because it is right and it is real. That is why I thank all the beloved Students of America and the World for their great Love which has been poured out. It is your Freedom, Dear Ones, and It is their strength and assistance.

Remember, today the effort is almost nothing in comparison to what it was the first year that they gave out this Work. Then, they had to break down the human walls of doubts, fears, criticism, condemnation,

and hate. Those walls went down every time, and Our Eternal Love, Blessing, and Gratitude pour to those Messengers. Today there are thousands and thousands in America who are strong, firm, and unyielding in their Call and use of the Light.

To you who have read the Books, I cannot refrain tonight from calling your attention to those Blessed Children—Rex, Bob, Nada, and Pearl. So recently They stood in physical bodies like yours. Today They are Beings of Light and Freedom, wielding the Power of the Light Rays which is a delight to the Ascended Masters. These Beings, who were right here in your America, were set Free. Mr. and Mrs. Rayborn, and the gentleman, his wife and son from Tucson, Arizona, were also raised. These Beings right here in your own America such a short time ago were in bodies of limitation.

Dear, Dear People, I plead with you, put out of your consciousness, feeling, and world all doubts of the Reality of these Great Beings or your "Presence"! Call It forth with a firm determination, so no longer can the human creations about you interfere with It or cause you to remain in limitations of any kind.

I say to you who need financial help for your comfort and shelter: Dear People, your "Presence" is the Treasure-house of the Universe. It will release and bring into your use whatever you require. Do not give way, I plead with you, to appearances just because

you have in the past. Stand firm and unyielding; keep calling your "Presence" into action! Keep calling for your supply; and if you need money, say: " *'Mighty I AM Presence,' I must have money. Release it into my hands and use through the Power of Divine Love!*" Then stand and be receptive to whatever Direction you will receive, for you will be caused to do whatever is necessary in assisting in its release.

Everyone who has stood unyielding by that "Presence" with firm determination, has had the results. No human being on the face of this Earth can fail to have the results, if he will stand firm and unyielding with It and not give way to these appearances when they keep howling: "Oh, your Decree did not operate. Your Application has not worked." All such things are but human suggestions which will cause you to waver and become discouraged. I plead with you, do not do it! Your "Presence" is the Power of the Universe! There is nothing in human creation that can stay Its Power, if you stand by It and keep calling It into action. Do not yield to the limitations of money or anything else. This Power is in your "Presence." The Intelligence is there which will cause you to do what is necessary, to give you the assistance and help.

Dear People, you have not only your Call; you have such enormous Assistance—more than ever before in the World. So I say to you, stand unwavering! Do not yield to this appearance world any longer. Just

because it has frightened you once, it need not do it again. The Great Intelligence, the Great "Presence," the Great Power is the Power of Light, which will never forsake you. You have forsaken It many times, but It never has forsaken you! When you understand that your firm determination brings the release from the "Presence" then you will be firmer and firmer and firmer than ever in your Call.

I thank you with all My Heart for this opportunity of speaking to you tonight. May you feel the great, the mighty Truth of the Words I have spoken. Let them do for you all I should love to do. *Feel* their Strength, Power, and Courage flooding your feeling world, your being, with the Power which they are. Have the Eternal Glory and Freedom come quickly into your experience, which is permanent and eternal. All that you are gaining these days is yours forever! It is not something, Dear Ones, which is here today and gone tomorrow, as your experiences of the past have been. It is a great, a mighty Law of your being, of your Life, set into action to produce the permanent result.

In the fullness of the Presence of the Great Cosmic Light, I call It to enfold each one of you in Its Strength, in Its Alertness, in Its Activity, in Its mighty Directing Intelligence; to clothe you in Itself and carry you forward quickly into the full consciousness of your Dominion and Freedom in the Power of your Application.

Permanent results come only through your own dynamic application! Remember, you are the decreer of how this mighty Energy from God, your "Mighty I AM Presence," shall act for you, in and through you and your world.

Ask your "Presence" to still, to stop all wrong qualification through your feeling world; and so charge it with the Perfection of the "Presence," that no longer does the human qualification act to clothe the wondrous Energy as it goes forth, with anything but Perfection for you. I make this Call for you tonight: "Mighty I AM Presence" of each one of these beloved ones, every "I AM" Student throughout America and the World—charge their feeling worlds this hour with the Power of Thy Courage, Strength, and Thy Eternal Freedom! Sustain them in Thy Activity and Power of Light, until the outer consciousness gains the full realization of Thy Power of Light and Its Eternal Freedom, acting in and through each individual who will give his attention to It. Great Powers of Light, strengthen mankind! Cut them free from every limitation of every kind! Seize and bind all entities, carnate and discarnate; take them from the octave of Earth; and set all humanity free forever, that the fullness of the Call of each one may find its immediate Dominion!

I thank you.

MIGHTY ASTREA'S DISCOURSE

PHILADELPHIA, PENNSYLVANIA

NOVEMBER 1, 1937

SAINT GERMAIN:

Beloved Children of the Light, I have enjoyed the evening with you quite as much as yourselves; and I did not accept your disappointment yesterday. You know, if you were disappointed it was your fault —not because you had committed any wrong, but because the talk was necessary for the Activity. Notice this carefully: It was necessary for the Messenger to speak the words in his own manner, that We might anchor the Help We were giving you from the Inner standpoint, more powerfully in the physical octave. So after all, it was not a disappointment. You just did not understand it.

I want you to know, and I say to our Blessed Child of the Light here in Philadelphia, I never have failed to answer her Call and never shall. I did not yesterday; although, because someone did not dictate, for a moment you thought that might be the case, and you were analyzing yourselves to see in what way you had been the cause of it. You see how you should be careful and not jump at conclusions!

Blessed Ones, you are My Precious Children; do not

ever forget that! Everything that is possible for Me to do for you, I shall always do. Sometimes the beloved ones for the moment do not realize how great My Love is for them; and how great My Gratitude is for their wondrous, wondrous assistance in this Work which is being done. Oh, Precious Ones, I know you do not comprehend it yet, but try to. Do you realize what magnificent assistance you are giving Me in the issuing of these Mighty Decrees? Oh, could you once realize it, your enthusiasm would be boundless; and not once in your whole Life Stream should there be one moment's depression or questioning of your ability to release the Power of your "Mighty I AM Presence" at your Call.

Tonight, while this Great Presence flashes His Words before the Messenger for your Blessing, try to feel as you are listening, that never for a single moment will there ever again be the slightest question in your mind of the Instantaneous Answer of your every Call to the "Presence." If you will take this Consciousness and Feeling now during the Dictation, you will find a greater confidence arising within you than you have had before in your Application. This is the thing that is needed throughout the Students. Although you have had great success in your Application, still it is only a small part of what you can have. That is what We want you to feel—the full confidence and power of your own Application; and you are going to get it tremendously.

You know, Beloved Ones, I am going to say something quite in confidence to you. It is a wonderful thing to watch the play of your feelings. I enjoyed it yesterday amazingly. Do you realize how many times the feeling acts, when you are not outwardly fully conscious that it is acting, until it has gained some action or momentum? A great work was accomplished yesterday at your dedication. It was very great.

It is My very great Joy to introduce to you the Mighty Astrea.

MIGHTY ASTREA

In the Radiance from the Call of the blessed "I AM" Students throughout America, and in the recent Intensity that has come forth, it has become My Joy, Privilege, and Duty to answer the Call made by many of the Students and of the Staff.

Last night in your city another powerful black magician was seized and taken from the Earth's atmosphere. This individual, or shall I say those individuals always have physical bodies which give them power to act within the atmosphere of Earth. That is the reason why they act sometimes very powerfully.

I wish the entire Christian Science world might know this and realize the great Truth which it is. This individual is one who has spread so much discordant feeling among the people of the Christian Science Church. That is one of the reasons for many of them feeling so antagonistic to this Work, for there is no

other reason. There is no outward reason why any Christian Scientist should oppose this Work—not a reason in the world. Yet this influence from the inner activity has caused destructive feeling and aroused that feeling in many, many lovely, wonderful people who are Christian Scientists.

I am sure, since he was seized and taken out of the Earth's atmosphere last night, that there will come a great change in the feeling of the blessed Christian Scientists throughout America toward this Work. There is no reason why they should feel unkind to It. It is only the fulfilling of the Law, Beloved Ones, of all activities of the Light which have come into the consciousness of mankind on Earth.

Every angle of the Truth, Beloved Ones, has contained some more or less portion of the Truth; but no one thing has ever yet contained all the Truth, until mankind understands the "Mighty I AM Presence," the Individualized God Presence. Then they have reached the apex of what the individual on Earth may comprehend; and It is quite sufficient to set themselves free in their Application and Call to the "Presence"—knowing that the "I AM Presence" is the Doer, and their Call but releases the Power, Intelligence, and Energy of the "Presence" to accomplish even their Ascension. It frees them forever from the wheel of birth, rebirth, all limitations, and all binding power of the Earth.

I trust I am not speaking out of turn—now that this is to be accomplished—when I reveal to you the great intensity with which the Staff have been calling for this to be done. You will be interested to know that they have been calling for all black magicians and their emissaries to be sought out, seized, and taken from the Earth.

Tonight, I have come forth to fulfill this Call; and mankind will know a blessing, happiness, and freedom the people have not known in four hundred and fifty thousand years. Try to accept this in your feeling! That is why the Messenger saw entities going in every direction, because they know My Presence means their *compelled obedience* to the Light.

I wish every one of you would please try to be patient in your explanation concerning this entity Decree, especially to the people from the orthodox world, that only the greatest blessing in all the world comes from its use. Your loved ones who have been kindly and lived good lives are already in their own Octave of Light. They need no Assistance at the present time, but it is those who for various reasons have been compelled to remain in the Earth's atmosphere who do. The unhappy thing is that they are in an environment in which there is no good thing; but if the cause they set up was such as to compel them to remain there, then they cannot remove themselves without Assistance.

Now note this carefully so you may be able to explain it to others, because it is the greatest relief and release for mankind from grief and the thought that they might do some harm to their relatives in asking them to be taken to the Octave of Light. It would be impossible for anything but Perfection to result from your Call. Only the greatest Blessing in the world can come from issuing that entity Decree, because if the entities are not able to free themselves, then the Great Divine Director, who is the Authority for the Earth, will give them Assistance or send the Legions of Light to give Assistance and take them out; for they cannot do that of themselves. Therefore, the greatest Assistance and Blessing in the whole world is given to those who would otherwise be compelled to remain in this tragic atmosphere of human creation.

Beloved Ones, oh, you do not understand how infinitely you are blest, even though you are in an armor of flesh in its present density. You have no idea how greatly you are blest, even in the present density of your physical bodies, when you must move in the conditions which extend from the surface of the Earth up to approximately seven thousand feet. Under the present atmospheric conditions, it is fortunate indeed that mankind are not more sensitive than they are. Their suffering would be much greater. Therefore, the Great Law has provided a certain Protection, even in such vibratory action. Whenever there is a cause

set up by mankind, somewhere from the Great Realms of Light there always comes compensation for the activity; although mankind alone are responsible for their mistakes.

This is the first time I have flashed My own Words direct to the Children of Earth; and it is the beginning of My Work, which will clear the atmosphere of Earth for the incoming Golden Age. I should not be surprised to see a very great change in Europe in the next three months. I trust it will be so. Although a tremendous destructive momentum has been gained there, still with the Light, all things are possible.

Will you believe Me when I say to you tonight that from the Retreat in Arabia, from the Golden City, from the Great Central Sun and a number of other places, there could be sent forth a Radiance which would stop the war in Europe and the Orient instantly? You have been calling. Keep up your Call for Europe as well. Who shall say what might be done?

Beloved Ones, remember, because of what I am going to say, I do not wish you to relax in your own Call for Protection and all that is required. Do you know that there are hundreds today who call themselves communists that are not communists at Heart? Such suggestions dominate individuals through hate and fear, and it is all the work of the black magicians. They have tried various means of holding the attention of mankind upon destructive things in order to

destroy them. But the Light knows Its own; and while many times through the centuries there has been the so-called battle between the Light and darkness, yet because of the Great Cosmic Wheel, certain things could not be done until It revolved to a certain point. This point has been reached, and it is the only reason in the whole world why These Great Beings have come forth and flashed Their Words to mankind.

One day, Beloved People, the whole Earth will rejoice that these Books have come forth. The Book of *"I AM" Discourses*, the *Ascended Master Discourses*, and the one that is to follow carry the Ascended Masters' Help to mankind. Nothing in the world has ever been given like them and probably never will be, because they are the fulfilling of the Law. You blessed ones who have been privileged to have them are most fortunate indeed. If you have not been so aware of this in the past, please feel it intensely in the future!

As you read every Word in those Books, Beloved Ones, remember, every Word there is a Crystal Cup, carrying the Ascended Masters' Qualities and Life into your world! To have those Books is the greatest Privilege that ever was given mankind on the face of this Earth. How unfortunate any human being is who criticizes those Books, the Words, or the Explanation given there. Those are the Ascended Masters' Words, the Cosmic Beings' Words, and God help the puny

human being who criticizes them; for one day they will know that those Words carry the Qualities that I am speaking to you now. They are Crystal Cups, carrying My Qualities and Blessing into the feeling world of mankind.

Beloved Ones, when you call forth Blessings to mankind in the Consciousness of these Words if you are using My exact Words, you are charging My Qualities, My Power of Qualification, My Momentum into the world of each one for their greatest Blessing.

Now, do you understand why the Messengers have said to you that in your Groups, in issuing these Decrees, if there be a hundred—if there be a thousand—then each one of you is receiving a hundred times or a thousand times the amplification of your own efforts. This is no imaginary thing! It is a mighty, real action of the Law.

In the beginning of My Work, it is really quite delightful that It should start in the city where the Messengers first went forth. You see, the Great Law of Life never makes a mistake. Human beings who are willingly obedient will make few, and soon no mistakes.

You are so privileged in these Decrees, decreeing for yourself the Power, the Direction, the Perfection of your "Presence." Call It into action often and say: " *'Mighty I AM Presence,' take command of me and see that I never make another mistake!*" Oh, Dear

Ones, I know you do not yet realize the full privilege that is yours; but the Light is expanding rapidly within you. Oh, if you think your happiness is great now, what do you think it will be in perhaps two years more? Go forth and gain the full confidence, as the Messengers have through their Application. Then issue the Decree: " *'Mighty I AM Presence,' take command! Produce Your Perfection here, and hold Your Dominion!*" Then know it will be fulfilled immediately. Can you imagine any greater happiness confronting mankind than that?

You, who have created these limitations, disturbances, and discord for yourselves, can be the means of freeing yourselves once again and entering into the great, great Perfection which you once knew. Thus far, there is no one yet drawn under this Radiation who has not known this Law before; who has not known great Perfection. Then mankind says, "Well, if that be the case, how did I ever get in this condition?" Because you turned away from your "Mighty I AM Presence." There is no use weeping about it; you just did! Now your joy should be boundless in knowing that you are coming Home, oh, so rapidly. You can remember the difference in transportation between the horse and buggy and the airplane. With the same speed you are coming home to God, your "Mighty I AM Presence"—the most wonderful, magnificent thing that ever happened to mankind!

Since I have known that it was to be My Privilege to assist the Children of Earth in this—shall I say—very great manner, I have observed some of the Group Activities; and it has made Me feel with all the Power of My Being the great Desire to help mankind to be Free. For a long time I but projected My Rays to the Earth; for at that time it seemed useless to do anything else, because people would not give obedience to the Light. Therefore, until something came forth to draw their attention once again to their Source, their God—the "Mighty I AM Presence"—there was no means of holding the attention with sufficient continuous action for any permanent accomplishment to be made. Today again I say you are so fortunate, oh, Beloved Ones! Never let any outward appearance discourage you or turn you aside.

Oh, these unhappy individuals who have tried to turn Students aside from this Stream of Light! What a pitiful thing. There is nothing in the world ever came forth which has been such a great Blessing to mankind or ever will be, because the Ascension is the Goal of humanity, and Freedom from human limitation comes to all who know their "Mighty I AM Presence." All that is required is their earnest, sincere Application with harmony maintained in their feeling; for it enables them to have their Freedom quickly.

Any human being on the face of the Earth who will

give obedience, keep harmonious in his feeling, and make earnest Application, will find everything in his world transformed for him. Individuals must be earnest, sincere, and keep up their Application long enough to let those great Currents of Energy dissolve and consume all of the discord and disturbance which has been generated. This can only be done by the Power and Use of the Violet Consuming Flame.

Oh, that mankind would only feel the magnificent opportunity of calling the "I AM Presence" to use the Violet Consuming Flame! Tonight, without your permission, I gave enormous Assistance to all present, in your use of the Violet Consuming Flame which was called forth. That is why the Messenger saw the Activity so vividly. Keep it up, and you can soon free yourselves from every limiting thing that has been charged into your world—your feeling world. Remember, it is not of such a large scope. Then you can easily attain the feeling of the great speed of Its accomplishment, remembering there is nothing difficult for your "Presence." Its Light just moves into action and all else disappears.

When you came to this room tonight and these lights were off, the room was pitch dark, no doubt; but when you turned on or pressed the button, the lights came on. There was no battle, was there? The Light just was there! Oh, do you not understand, Beloved Ones,

that when you call the "Mighty I AM Presence" into action and Its Power, Intelligence, Energy, and Light flow into, through, and around your being, it is identically the same thing. The Light of your "Presence" will flood your body, even the atomic structure of your body. It is in the same, identical manner as the light floods this room when you press the button or turn on the switch.

Do you not see how magnificent, how easy the operation of these magnificent Laws of Life is? You see, mankind has been taught through old occult training that these things are difficult; that you must go through a long process. It would be necessary if the human were the Doer; but since the human cannot be the Doer, then this "Presence" is the Power, Perfection, and the Doer. Then, do you not see how great was the mistake of the old occult training in limiting and limiting themselves, because they did not understand? They are not wholly to blame, because the Cosmic Light did not permit many things to come forth which have since been released to flood the World.

That is why some occult students felt very unhappy toward the Messengers; for they thought they were running wild and overstepping all bounds, because those individuals did not know the Authority which was back of them. That is why My Joy is so great in making you acquainted with some of these things

tonight, because now as you enter into the coming Class, you will find, oh, such magnificent release, joy, blessings, and such confidence in your own Application. After all, everyone yet needs confidence in his own Application, because through the many letters which come to the Messenger—as Saint Germain has informed Me—it shows that still many do not have sufficient confidence in themselves. Well, it is quite all right; but try to feel that your "Presence" is the Instantaneous, All-powerful Answer to your every Call. By that feeling, you will soon gain the confidence and the momentum of the greater release. Then, all the rest is very easy.

Beloved Ones, allow Me to urge you tonight—oh, do not revolve your troubles with your friends, or even in your own mind and feeling. It does not make any difference how flagrant they seem before you; say to them: *"Be thou dissolved! You have no power!"* Then *feel it, mean it*; and as you do this, you will soon find release and freedom.

It is true, Beloved Ones, that your own human creations which harass you, really have no power except the Life fed into them. Realize that! Your human creation has not one ounce of power to affect or touch you unless you give it your Life by the power which is the energy in your attention. It cannot do it! Even your own creation could not reach you. Think of it! Therefore, if you refuse to give it attention and say:

"You have no power! Be thou dissolved!" do you not see that you stop everything right there—all your human creation—and it cannot longer harm you?

If you will say to pain or distress in your body: *"Stop! be thou dissolved!"* you have released the Power at your Command. What would dissolve it? The Light of your "Presence." Oh, if you would only do that! You can! You are bound to do it, because the Light within you is expanding to the point where It will compel it to be done. Beloved Ones, as true as these Words are being spoken to you, within twenty-four hours, if you would take your firm, determined stand, you could use this Decree in the Acknowledgment of your "Mighty I AM Presence" and the thing would be done instantly.

Please feel that in Our coming forth and giving this Assistance, Beloved People of Earth, It is no ordinary thing! It is no childish imagination! It is a release of Mighty Power for the Freedom and Blessing of mankind. Beloved Students who are so in earnest, please accept It. We speak with Authority. We are the Authority! We are the Law when We speak these Words to you.

These Words, as I said to you in the beginning, are Crystal Cups, just as tangible as the Crystal Cup in this Messenger's hand on the side of Mount Shasta. I want you to feel this tonight, because it is absolutely true. These Ascended Masters' and Cosmic Beings'

Words are just as tangible as that Crystal Cup was, and carry Our Qualities into your world for action. Oh, your privilege is so great! If you will keep up your earnest Application, refuse to accept the appearance world as having any power any longer, I assure you that ere long you will begin to feel a Joy, Power, and Confidence which will lift you above every seeming problem on Earth.

I say to you, the change which has taken place in your feeling world since you entered this room tonight is—let Me use just one Word—amazing! Try to feel it! Try to feel the Joy and Freedom which it is. None of you could ever be the same again!

Now, when you go forth, do not let your human begin to accept the old conditions of the outer world. You must be the guardian there. You are the guardian in your world of thought and feeling, and the most important is your feeling. Remember, you are the guardian at the gate of your feeling; and the first moment any discordant thing attempts to express in your feeling, say, *"Stop!"* You can say it just as firmly silently as verbally, of course. You would not want to say it verbally on the street.

Remember, Dear Ones, you are the authority in your world. When you really use your authority and issue these Decrees, you will begin to see the results very quickly. Your confidence and courage will rise immediately. When the Great Ones give the slightest

intimation of a thing for you to do, let alone a Request, instant obedience to Their Request would bring such Blessings as no one in human form can imagine. That is why the Messengers are so absolutely and completely obedient to the slightest intimation of the Ascended Masters who are directing them. As everyone becomes alert and gives complete obedience, his world will be transformed.

Tonight, in this particularly amazing atmosphere I wish to say: if there are conditions in your home with which you are not in agreement, please do not argue about them. It only generates antagonism which makes things more difficult. Instead, if you will call to your own "Presence" and to the "Mighty I AM Presence" of the others in the home, who might disagree—calling It to take command, produce Its Perfection, and hold Its Dominion—you will see all conditions righted and corrected without difficulty.

It is the habit of the human, if it sees something to be corrected, to jump on to the other person and criticize him because he does not seem to be fulfilling his obligations as he should. That is a mistake always and but sets up antagonism, which prevents the thing you wish to accomplish. Simply say, "Very well, each one has freedom." Then silently go on with your work and with great firmness in your feelings, silently say: " *'Mighty I AM Presence,' these are Your Children! Everyone has a 'Mighty I AM Presence'! Now, You*

take command of those minds and bodies; produce Your Perfection; hold Your Dominion; and bring about this which is required for the happiness, freedom, and achievement of each one." Then know that the "Presence" is doing it; and do not let your human say, "Oh my, it is getting worse!" Do you not remember the times you have said that, when a condition does not seem to dissolve immediately? It is the same when you have a pain in your body and it does not subside immediately, you say: "Oh dear, it is getting worse!"

Beloved Ones, these sound like very simple things; but they become powerful through the individual's Power of Qualification. These are simple things that mankind pass over constantly—yet which, if obeyed, would so soon give them their Freedom.

You have heard the Messengers say that there are no barriers to Divine Love anywhere in the Universe. Well, do you realize what has happened? I was going to say in three years; but I shall say in just the past year, since the great momentum of these Decrees in the great Groups has been going forth, do you know what has happened? Why do you suppose I am here tonight? Why do you suppose the Great Cosmic Beings have given forth these Mighty Dictations? Because of just that. There is no barrier to your great Love which has gone forth to the Great Cosmic Beings and to the Great Source of your being, in your

Call for Freedom.

That is why, Beloved Ones. Oh, let It go forth! Release the great Power of Life—Its great, great Kindness. Let It flood forth! Oh, I plead with you, have no unkind feeling to any human being; for through harmonious feeling you release the wondrous Power of Divine Love which dissolves all fear and hatred—even that which is generated by mankind in the past.

Remember, when something urgent needs to be done, then is the time to be still and let the Great Power of Divine Love from the "Mighty I AM Presence" flood forth to harmonize your world. Then what you ask for will be done, whether it be through individuals out here or through your Call to the "Presence." But if you are agitated, resentful, angry, and distressed, your feeling world is so disturbed that the Power of the "Presence," Its Currents of Energy, cannot flow out into your world to do what is required. Oh, do you not see it, Beloved Ones? All is so easy to understand and bring into control and dominion, if one will give attention to some of these seemingly little things of Life. The little things most people overlook and think unimportant are the things that build great limitation and distress.

Just a word spoken unguardedly concerning someone, maybe with no wrong intent—another picks it up and adds to it some firm assertion of a wrong committed. Then it builds, spreads, and grows until a

tragedy comes out of it. This is how the little things, unnoticed at first, go forth and build a whirlwind. So it is in every one of your avocations in Life. In some manner you have allowed these things, through the power of your attention, to feed your Life into them to harass, limit, and disturb you.

All are coming to understand more each day that Self-control, Dominion, and Harmony in the feelings are the Open Doors to the Perfection of the whole Universe; for through those feelings the Perfection of the whole Universe will flood into your world and find expression there. It is the Law of Life! It is a natural Law. In accepting and giving power to appearances, which are not eternal, is the reason for limitation of every kind.

Think for one moment! Try to feel with Me! Take the two, shall we call them drastic conditions; one is tragic and the other is not. Observe the appearance world—the creation and the accumulation of all mankind. On the other hand, observe your "Mighty I AM Presence"—the Source of all Power, Intelligence, and Perfection. You have been accepting the appearance world as real, when it is but human accumulation and has no eternal Sustaining Power; while here above you is the Presence of Life, of Eternity, ready to release Its Power to charge and fill your world with Perfection.

Knowing this, if you insist or continue to feed your

Life into the appearance world to harm yourself, there is no one can say nay to you. But you know the Law. You can change your attention from this flag to the piano quite readily. There is no difference in handling your problems. You can change your attention from the appearance world to your "Presence"; and every time the appearance world gets too noticeable, run back and jump into the Arms of your "Mighty I AM Presence." Then you know you are safe!

It is so real! It is so magnificent, Beloved Ones! You are feeling it tonight as never before, and I insist on it. I insist that My Feeling enter into your world and hold Its Dominion there, until you gain the full confidence and Victory of that which I know to be and which I know is in you.

Oh, the joy, the wondrous joy of knowing you have come Home to your Freedom. Your Great Presence of the "I AM" with Its Arms outstretched says: "My Children, I welcome you Home! With these Hands I hold back and seal forever the doors of doubt and fear. Come, My Child, and enter into the Light! Enter into your Glorious Home of Light, not built with hands. Enter now into this World, through the Doorway 'I AM.' Then, remain in the active Presence of Light forever."

One day, when We meet in the Great Octave of Light, you shall shake My Hand and say to Me, "I remember that night on Earth, when My Freedom

came." When you have once felt this Freedom, keep charging It into your world and often expand It, until the full Glory of It fills your being, your world with Its Magnificent Activity and the fullness of Its Infinite Power.

Even as I speak these Words, I can feel It entering into and acting within your world. I charge It to be ever sustained and active there, giving you the courage, confidence, and strength to stand dauntless in the Light of your "I AM Presence"—until Its full Power comes forth; finds Its Dominion and expression in you and your world, releases you from all limitation, and then gives you your Ascension in the Light. Enter into your Eternal Perfection, the Electronic Body of your "Mighty I AM Presence." Enter into the Glory of your Palace of Light, your Home in the Light! I thank you.

LORD MAITREYA'S DISCOURSE

NEW YORK CITY, NEW YORK

OCTOBER 8, 1937

AWAKE! Arise, O Children of New York! Your Light is come! Your Victory is assured in this Light. We have watched the progress of mankind so many centuries—always hoping, hoping, hoping that somewhere a means might be found by which We could gain their attention in a manner sufficiently powerful to hold it to a definite goal.

You who are so earnest have had some experience, without doubt, that has caused you to realize there is a principle of Light which is your Life, which is all Life. You can cause this Light to expand within you and your world, knowing It is anchored within your Heart, and that It is the most powerful Intelligence acting in the Universe. But you have forgotten the Power which is within your Life. Forgetting It, has caused you to accept the appearance world as having power to limit your Life; but upon second thought, you know such a thing is impossible.

All outer manifestation that comes through the Power of this Light is but the effect. Therefore, its cause would have to be more powerful than the effect, would

it not? Let us get at the understanding of these Truths and be more and more practical each day. All Ascended Masters are very practical, but I think Saint Germain is perhaps the most practical of any, because His Work is concerned more with the human octave than that of most of the other Ascended Masters—although many have joined in this Tremendous Activity, hoping now to free mankind.

Beloved Ones, I take it for granted and from the Radiance here, that you are strong enough always to hear the Truth. Do you realize where you are today in comparison to the rest of mankind? You stand with the war entity above you and the destructive gas belts beneath. To the human that is a rather precarious position. Yet within you, within every one of your Hearts, there is anchored the Power of Light, of Life, of Energy, of Intelligence, which is the Supreme Governing Intelligence of both conditions.

Will you for a moment realize that this mighty Eternal Truth can never vary? Human opinions may vary, but the Truth never! It is the same today and forever. The individuals' lack of understanding of this Truth, or shall We say misapplication, is the thing which has kept them from being set Free.

All are understanding this practical Application of the Law, for you can stand with your feet on Earth and your head in Heaven. Why do you suppose that expression is often used, even by Ourselves? Did you

ever know that here within your human body is the dividing line? *(placing hand just above solar plexus)* A line drawn across your human form above the solar plexus is the dividing line. If your attention is below that line then you are dragged down into the conditions of Earth. If your attention is above that line, then you will Ascend into the Perfection and Power of your "Presence."

May I add My Assurance tonight—although it has been so often given—that your attention to your "Presence" is the most powerful thing in the entire Universe. It is the most powerful Activity in the experiences of your Life Stream. I marvel today that mankind and some of the beloved Students, who do intellectually understand that their "Presence" is Real and that It is above them, still they give way to the appearance world as having power to frighten or terrify them.

Your "Presence" will always answer your Call; but if you continue to requalify Its Answer and Blessing with your fear or terror of the appearance world, then the process becomes an extended one to your Freedom. With determination raise your hands to your "Presence"; take your firm stand, even this moment, and say to your human self: *"No longer do I yield one moment's power to you! You can do all you please, but you are not going to interfere with me. You are not going to terrify or scare me because of this appearance world. My 'Mighty I AM Presence,' take*

command here and stop this human and make it be silent." Then, you do your part with firm determination.

Now notice these two activities. I am sure so few have really understood this particular point. It is one which I hope to make clear to you and hold it eternally before you in gaining your Dominion. It is the need of your complete cooperation in your feeling with your Call to the "Presence." When you have made your Call to your "Presence," do not let your human have a single opinion about it, except to accept its full outer picture or manifestation of that which you have called for. If you will take a firm stand in that with your "Presence" when you give the Command, you will find no difficulty whatever in having your Calls answered.

So many thousands of the Students are having their answers more and more rapidly. We see them everywhere throughout America. They are having more and more instantaneous manifestations. But I prompt every Student throughout America and the World, when you begin to gain the Powers of the "Presence" in action through your physical form, I warn you—stand on guard that your human does not rush in and tempt you to use those Powers indiscriminately. It is not that the Powers of the "Presence" are limited in any way; but your Application of them at the present, and in the present condition of the World, needs

very great discrimination.

You may wonder why the Students are being prompted so much at this time upon this particular point. It is vital. We do not always think it is wise to give the Inner explanation of why it is so. I think you have sufficient confidence in Us to rely upon Us until you see all of the outer activity from the Inner standpoint, as clearly as We do. We, who have been the Initiators of mankind for hundreds of centuries, know the exact requirement, Beloved Ones, of every one. While this is My first time in coming close into the radiance of the Students, yet I say to you, I am rejoiced to find as much Purification going on as has already been accomplished.

There are many things I wish We could say to mankind at this time, because to many it would be of infinite encouragement and strength; but others would take it as license. Therefore, We must refrain until such time as all will comprehend, or until Groups are drawn together who are equally ready. I question whether that will take place, because of the Great Cosmic Light now flooding the Earth; for It is becoming—now notice this, please—the Great Initiator for the Earth in the future. No longer will mankind go into Retreats; for in the outer world of human activity, individuals will gain their Initiation and Freedom. Whatever you gain in the outer world of mankind today, is a greater Victory than if you went within the

seclusion of the Retreats as in the past.

You think your experiences of the outer world are severe, but they are not in comparison to those which the individual went through in the centuries when Saint Germain and others gained their Victories. Sometimes you think the appearance which stands before you is terrifying. It is only slightly so in comparison with that which confronted the Initiate in and before His Victory.

Now make no mistake about it—those were real Laws and very definite! Their experiences were not imaginary things. While they were sometimes created and projected to test the individual, yet to that individual they were none the less real. Therefore, today you are living in an identical activity, because from the thought and feeling world there is every conceivable thing being projected at you. Now notice that carefully, Beloved Ones! Thought and feeling creations from the world of human accumulation are constantly being catapulted at your mental and feeling world. These sometimes temporarily affect the individual. One blessed brother in your city was gaining such marvelous progress, yet in an unguarded moment he was turned aside because of insufficient guard.

It seems to Me, the general mass of the Students do not yet comprehend this clearly. That which Saint Germain refers to as the sinister force is but human creation—your own creation, Beloved Ones; for

whatever part you had in the mass accumulation, insofar as you have allowed discord to find action and express through you, have you been a part of that creation.

The more powerful activity of the accumulated discordant creation of all mankind has been used by individuals who were disappointed on the Pathway of Light. They are termed black magicians.

You do have the strength within you, unmistakably, to win your Victory under any conditions. In all the Initiations of the past, no one had greater forces pitted against him in his tests in winning his Victory than this Good Brother standing before you. The black magicians who have followed him, have tried to find an opportunity to strike at him and prevent his further action. This is a more tremendous test than any Initiate in the Retreats ever experienced. Those in the Retreats had fear. He has had none! Oh, this is no exploitation of his personal self; but it is to give you the Truth of how today, in the expansion of the Light of the individual, there is the Strength of the "Presence" which is the Power and the governing, controlling Intelligence. The "Presence" enabled him to be free from fear when he saw and knew these powerful, destructive individuals were watching every moment, waking or sleeping, to catch him unaware in order to snap the Life Stream and release him from the body.

These are actual facts, Dear People. They are not imaginary things. I am trying tonight to have you see, if you will, how Infinite is your Protection! Mighty is your Directing Intelligence, through the attention, to give you the Power of your "Presence" which gives you Life. Try to feel the Strength which will enable you to never waver. Feel the full Power of your "Presence" to govern you and your world and produce Its Perfection, and to release from the Treasure-house of your "Presence" everything you require for use.

Do not give way to any more of these appearances; but stand unyielding, firm, and positive in your Call. Stand unwavering until the Release comes! Dear People, there is nothing in the world which could withhold from you these things you require for use in the Service of the Light, once you take this stand and maintain it. There is no power in the world to oppose that Light and never was. You, in your imagination, are the only one who opposes you.

For instance, if you believe something—an entity, an appearance, an obligation here in the outer world, a debt, an appearance of inharmony or disease—gives you the feeling that it has power, then you have given your Life to that appearance or condition to give it power, when it has none except your Life fed into it by your attention.

The time is here, Beloved Ones, when this point must be anchored firmly in your consciousness, and

you will go forward like a rocket into your full achievement. The Students must all realize that no longer shall they give one single appearance less than Perfection any power by their attention. Shut it off instantly and say to your human self: *"Come back here! Go to your 'Presence' and stay there! Don't you dare get out of line here."* Remember, when any discord is acting, it is *not* your "Presence"; therefore, it only has what power you give it. This firmness I am speaking about, in taking your stand against discord, withdraws the Power of your Life that has been fed into it, and the condition cannot touch you or harm you. Oh, be firm about it! Do not yield any longer to these conditions which have taken your Life, harmed and limited you.

Do feel, Beloved People, that there is not one thing in the outer world which can touch, affect, limit, or use your energy but by the power of your attention. Do you not see that your attention is the first fundamental, either to Victory or to the depths. Do you not see that nothing in the world can act without your attention through which to act, because it must use your Life! Oh, these Laws are so practical. These mighty Truths of Life are so important, and tonight We are bringing them into powerful use.

Oh, Dear People, Children of the Light, I want you to know that We also have Our own means of broadcasting. As the beloved Lotus was broadcasting tonight,

We in Our own Interior Broadcasting Activity have a Power by which We do tremendous Work.

When We have come to you in the small Groups there are many who have thought: "Well that is quite incredible. There must be something peculiar about it." They do not understand and they cannot imagine that this is but a fragment of what is being done in the mental and feeling world. Whenever We come and flash Our Words to you, they go through the mental and feeling world like lightning everywhere. Remember, the mental and feeling world of all mankind is one! The octave of the mental world is one. The octave of the feeling world is one. Therefore, when these mighty Projections go forth, We are voicing these Truths into the mental and feeling world and into the atmosphere; but That which We send forth goes through the mental and feeling world like dynamite because We so qualify It! We qualify It to go forth and take charge within the mental and feeling world of all mankind.

One day, when you know more of what is taking place than you do today, you will see how magnificent has been this Activity. It is not only you blessed ones who are present in this room who are receiving the Blessing of this Light, but hundreds and thousands are feeling the touch of this Light and these Mighty Currents which go forth into their mental and feeling worlds.

Remember, My Energy, My Light, My Qualities which go forth are Intelligent! They go forth into the mental and feeling world, finding Their way to everyone here who is attuned sufficiently to let Them act. It is not a haphazard manner of activity, something that happens by chance. It is the mighty Intelligent Direction of Light, through these mighty Currents of Energy which bring to the activity of mankind—through the feeling of the Heart—those mighty Qualities which will one day outpicture. Then they will awaken as from sleep, as many in America have already done today.

In regard to those precious Books, there are thousands whom I could point out to you today, whose first touch of those Books has caused the Flame of Awakening to blaze forth; and from that moment they looked upon Life in a wholly different way, and by a perusal of those pages have they found the Light. Therefore, in the flooding forth of those Books and the Magazines, the attention of the people is held to the "Presence," the one Supreme Being of the Universe. There is no power that can touch or compare with It.

There is no power which can touch you in your Call and Acceptance of the Power of your "Presence." Mankind will understand the Glory of the Tube of Light which your "Presence" produces about you at your Call. It is so Invincible! Then you will be able

to move untouched by the discord about you; but as long as you keep accepting that maybe something might get through your Tube of Light, you have the feeling that is the channel for it to occur. Say with firm determination, *"Not one thing can enter my Tube of Light when I have asked the 'Presence' to draw It!"* It is the same thing with anyone. I ask all the Students to please take this firm, determined stand to anyone affected by entities. You must be firm, because that individual who is the discarnate entity is firm. Say with determination: *"Not once again shall anyone touch my mental world or touch me, so get out!"* As you fix that powerful feeling within you, the thing will have to leave you.

Oh, there is nothing in the world which has power to attach itself to you or disturb or affect you, if you will call forth the Power of your own "God Presence." If something seems to affect you, then say to it: *"Get out! You have no power!"* In that release of firm determination, nothing in the world can affect you because the Power of your "Presence" is acting. Oh, remember, Precious Ones, in your Call it is the Power of your "Presence" acting which knows no resistance or interference. It is the calling of this Light down into and through your body, which produces effects. Show Me anything in the outer world of mankind today which has Power over the Light of God, your "Mighty I AM Presence." How could it?

This is how you can soon bring yourself to a point of assurance—a certain, definite feeling of the Power of your "Presence" as the ever-guarding, directing Intelligence with which nothing in the world can interfere. That is why, Beloved Ones, We say yield not a moment, not an inch to anything but the Perfection and Power of the "Presence" which you want, and It will produce it. It has to because It is the Power of Light, and your Call to It is the Release.

If the beloved inhabitants of your city saw the Inner Activity tonight, they would declare a terrific conflagration was going on in New York. It is; but that conflagration only destroys and removes imperfection within, about, and of the human creation.

It is tremendously interesting to watch the awakening of mankind and to see the Homecoming of so many. Yet I say to you, if each one of the more than three hundred thousand "I AM" Students in America and the World today would, this hour, take upon themselves the obligation to search out one individual whom they could interest and bring into the Light, in a few days or a few weeks six hundred thousand would be there. Then, if those would do the same thing, you see how fast the Light would multiply Itself. Everyone could do that.

Shall I tell you tonight how the Hearts of human beings are craving this Light? Many of them do not yet know it. You would not perhaps see it; but We

see within the Hearts of mankind the craving for this Light, because the Cosmic Light is amplifying the slightest effort or feeling within individuals toward the Light. Then, do you not see what a mighty activity the word "amplification" means? You amplify your radio activities. It seems quite ordinary, because you are accustomed to it; but when it comes to amplifying these mighty Radiant Powers into the activity of the mental and feeling world of mankind, it becomes a stupendous thing. This is why, Beloved Ones, We ask you to not be disturbed, discouraged, or dismayed by any appearance of the outer world. You do not yet see all that is being accomplished or know what tremendous activity is being poured forth in the mighty Decrees from these great Groups.

If you were sending a rocket forth and you wanted it to go from New York to Chicago, you would not be required to use as great a charge to send it as if you sent it to London or Paris. It is the same with you today. For the sake of illustration: as far as your hands extend in all directions, you can call and charge all power there to go forth to do whatever is required. Your "Presence" is the One who produces that Power; by your Call, you open the door for it to go forth to produce what you need. Your "Presence" represents the charge which sends the rocket to the farthest point. You are the decreer of where the rocket shall go and must call to your "Presence" to release the charge.

Now, presume for an instant that you do not care to send forth a rocket. The same dynamic Power that sent the rocket forth can be called into action to take charge of your feeling world, to dissolve and consume every discordant thing which was ever created there; then take command, hold Its Dominion, and produce for you without limit whatever outer requirement is called forth.

Can you not see how absolutely practical the Law, the Energy, the Light, the Intelligence is which would proceed to produce the results you require? Do you not see the form which the Power takes, makes no difference whatsoever? The "Presence" is not concerned in the slightest whether it be money, happiness, self-control, garments, automobiles, airplanes, or whatever the requirement might be. It but releases the Power and the Energy to produce these results in form for you. Your Higher Mental Body knows every form that is required for your greater happiness, comfort, and Freedom. Therefore, in your Decrees the Intelligence through your Higher Mental Body will act to produce the result. There is nothing in the outer world but yourself which can prevent the immediate action of it.

Now remember—for I want to help you tonight—you are the only one, through your feelings, who can limit you anywhere in the Universe. When you take your firm, determined stand and refuse to allow your

human feeling to limit you any longer, your Call to the "Presence" will produce magnificent results in whatever is required. There is nothing in the world that can limit you but yourself. All the destructive powers which have been created through the discordant action of mankind's feeling, all the black magicians in the World, and all the entities *have no power* when you turn to the "Presence" and accept Its All-Power to act in, through, and about you.

Tonight, I am charging this into the mental and feeling world everywhere, because some few individuals have been entity conscious. They have revolved such things in their minds until they have disturbed themselves. We want that to cease among the Students everywhere. Be calm, firm, and determined in the Power of your "Presence," and all Perfection will flood forth into and through your world. You must produce Perfection some day. Do it now!

Beloved Ones, so far as your health, strength, and energy is concerned, oh, do not yield one moment to any disturbed feeling. Let Me help you against the acceptance of any lack of energy, or illness. Such conditions come from getting your attention fixed upon what has been occurring. Many times in conversation you have heard of some condition—pneumonia, or some so-called ailment. The first time you catch a little cold, you say, "Oh, I have got pneumonia!" Dear People, I say this in all seriousness, because you have

no idea how your feeling world is acting in the accepting of those suggestions. This is why you need to stand guard constantly. If you—for the sake of diplomacy—have to listen to a conversation that would offer such suggestions, call your "Presence" into action to stand Guard and refuse acceptance to all human suggestions. The blessed medical world today seems to make that a part of their work. They think they should offer these worded suggestions to mankind. They say, "According to the diagnosis, you have so and so." If you listen to it, you will have it.

Suppose there was the appearance of it. If you will take the opposite stand and feeling, and say: " *'Mighty I AM Presence,' dissolve that! I will not have it!*"—before you know it, the thing would be gone. You are the decreer for your body and world, Dear Hearts. *Feet it, know it,* and *be it*. You cannot have someone else win your Victory. You must be firm in this stand. You want to win your own Victory—not have someone else do it for you. Therefore, Beloved People, in whatever Assistance you feel you need to call forth from your "Presence," do not yield one moment to the feeling that your own Power is not sufficient.

All mankind has been taught for centuries to look to something else outside for help, when the Power beating their Hearts is Infinite, All-powerful, and is the Perfection of health; is the Perfection of all achievement, no matter what the requirement. Therefore,

live in that Power of your Life. Feel It deeply! *Be It!* Be the Glory of God, your "Mighty I AM Presence" in full Command, full Dominion, full Power and Action.

How far do you think you are above the atmosphere of Earth while We are talking here? You think you are sitting here in the room; but I say, you are far above the atmosphere of Earth. It might sound like a paradox, but one day you will find it is true.

I use this opportunity to extend My Love, Greetings, and Blessings to all the Students of Saint Germain throughout America and the World. I trust that We shall all meet again in the Glorious Victory of the Light of your "Mighty I AM Presence."

In the future, remember this night when you were so free from everything of the outer world. Recall this Consciousness and Feeling and enter into It again at will. Such is your privilege; such is My Joy; such is My great Desire to be of whatever Assistance I may, and to hasten your Freedom and Victory in the Light.

Tonight, from the Great Octave of Light from which I come, at the request of Those ministering so earnestly, I have anchored a Ray of Light from that Octave into your city of New York; also one in Los Angeles for the activities of the future, to hold the balance of the east and west in beloved America.

This might sound strange coming from Me; but I want to fire you into the full Victory which is yours,

by reminding you again that you stand between two destructive forces. You are like the filler in a cake, and that cake is the Substance of Light. So, in spite of the fact that you are moving between two destructive forces, still within you is the Power and Light of the Universe, which holds within Itself and you—even your physical bodies—the Victory of the Light. I thank you.

LORD THE MAHA CHOHAN'S DISCOURSE

NEW YORK CITY, NEW YORK

OCTOBER 10, 1937

I COME to you Beloved Students of Earth, in the fullness of the Light of your own "Mighty I AM Presence." You have been greatly privileged, as some of the Students have come to know, in having by your earnest Call drawn to you the Great Initiator, the Lord Maitreya, who recently dictated to you.

Before I continue this which I expect to do for you today, I wish you to realize for your encouragement and strength that it takes more than an ordinary Outpouring of Divine Love, earnestness, sincerity, and determination to draw the Attention and Power of the Great Initiator. Remember, never in the outer world has that been done before! Only within the Retreats was it ever done for those who had been prepared. They were held wholly free from contact with the outer world for months, sometimes years, before this Great Presence' Attention was even drawn.

As Saint Germain's Work is the Activity required for the Earth today, so is it My Obligation and Privilege to sustain His Work. Through My Being, as you no doubt have heard the Messengers say, pour forth

the diversified Activities of the Currents of Energy to the Earth, including Nature. Will you understand that? As the way has been prepared for Me to speak directly to you in this manner, I come to give you the Courage and Strength to know that your Victory must be very certain.

Steadily and surely there is being dissolved from the feeling world of mankind and the atmosphere of Earth, all the accumulation which has been charged with human, discordant qualities. All this is rapidly being dissolved and consumed. Through My Observation, it seems to Me only a few are realizing the fullness of what the Consuming Activity means for humanity. Let Me give you a clearer Feeling of what it means to you in every expression of your activity.

Whatever is consumed by your Call to the "Presence," is forever erased from mankind and the Earth! These Activities have never been given to help the people, until Saint Germain brought this Work forth. They repelled things if the Light were strong within them; but nothing was ever consumed, because the consuming idea and understanding was not there.

Today, let Me make it clear to you that in entering the Conscious Pathway of Light, you assert the Dominion which is yours, which you have not understood before and not claimed. You are the decreer for your world; and when you enter the Conscious Pathway of Light you are compelled—not by anyone, but by the

Light of your Being, the Light of your own "Presence"—to make your own Conscious Application. I ask you earnestly never to tire, never to lose your enthusiasm in your Application. It is your Freedom!

There is nothing which can stand against your determination, when you remember that whatever quality is acting constructively in your thought and feeling world is the Power of your "Presence" called forth. Remember that! It is not anything of your outer self! If you will comprehend this, you will see how the Power which you call forth in your Decrees is Infinite! It is limitless and All-powerful in Its Protective Activity for you. Therefore, you cannot fail in anything you earnestly call forth from your "Presence."

Today, the imperative need of mankind and among the Students everywhere, according to My Observation, is the feeling of Infinite Power acting in their Call to the "Presence." Feel that It does release the Self-luminous, Intelligent Substance, which is All-powerful in Itself: and when called forth, It moves into action. The human cannot obstruct Its Way. It does not matter how drastic has been the discord, how tragic the accumulation. It has nothing whatever to do with this Light! The Light moves forth and dissolves everything before It! This is why the Messengers feel the Power of that one Decree: "The Limitless Legions of Light now move across the face of the Earth, and all human darkness disappears!" It

is actually, literally, physically, and practically the Truth.

Oh, My Beloved Ones, do you not see how long, century after century after century, We have waited for mankind to become aware of this so they could make the Call. You are the authority in your human octave! That is why you could not be interfered with even though you were making mistakes. Still, without your Call to Us, We may not interfere! Long, long, long have I waited in My Capacity to render a Service to the Earth which is beginning today to act in greater fullness and Power. You will understand that We move and act in conjunction with and through this Great Cosmic Light which is being released into the Earth; because the accumulation and discord of human beings has grown to a state where extraordinary means must be used to save the people.

You can realize now with a greater fullness what this means. In all the centuries past there have been civilizations of which rarely more than twenty-five percent came to this Great Height of Understanding; but the mass of mankind, having Free Will, would not accept It. Therefore, We just had to take Our Hands off. Does it not seem incredible?

Let us draw an illustration, that you may more clearly understand how, while being sustained by the Light of your "Presence" which gives you physical forms, you and mankind could have so forgotten. Is

it not strange? The explanation is quite easy and quite practical. Individuals being the ones who must choose how the energy is to be used, having turned aside and forgotten their Reality, they have become so clothed with density that only by gigantic means was the shell of that human accumulation broken through. Today, the marvel of all ages has come forth to the Blessing and Freedom of humanity. Therefore, in holding your attention to your "Presence"—the Source of all Life, Intelligence, Power, Activity, and Energy—you are the most privileged of beings.

I wish you to understand today that while enormous Assistance is being given, it does not free the individual from the need of maintaining his own great determination and making his own Application. Do not let anyone ever feel that he can ease up! It does not make any difference, Dear People, whether you are having the full results of your application or not. That has nothing whatsoever to do with it. If your accumulation of discord has been unusually great, more than the ordinary; then you must make greater, firmer, more determined application, until you break down the human resistance.

Do not be discouraged, Dear People, because you have not had the results which your Hearts might desire. You do not know in the outer activity what your accumulation has been. Therefore, if the Application is needed, make it! But once you intellectually know

your "Presence" is above you, do not give way again to anything less than the Glory of Its Perfection brought into manifestation in, through, and about your human form. Such is the Glory of your privilege and use of the Light, for in the fullness of Its Power you have your Victory. Dear People, notice—you *have* your Victory! Please remember that! You are not attaining, you have your Victory, I tell you! Will you not accept that? Live in it! Be it! until the full Power of this conviction flows into your being and out into your world, producing the results you require.

Remember, Beloved Ones, We must assert this until each one gets the full conviction of it. When We Call the Power of your "Presence" forth, remember, Its Power is a Self-luminous Substance which floods into, around you, and out into your world. That Light is All-powerful! It floods forth and everything unlike Itself is dissolved before It. Once you get the full conviction, you will have not one moment's difficulty in freeing yourself quickly from every limiting, discordant thing. This is the Law of your Life, the Law of all Life.

You are the Focus of the Godhead at your point in the Universe. Oh, Dear People, realize that! Do not let the impression or the suggestions of the outer world cause you to waver or question your Authority and Reality from your own "God Presence" which gives you Life. It is Life! It is you—the only you that ever

did or ever will exist in the world. That Stream of Life is you! This which you see out here is but the form which has accepted limitations and discord. It is not real. It is not true, even though its appearance is terrifying to mankind many times. That appearance could never be terrifying or limiting to anyone, except the individual feed his own Life Stream of Energy into it by his attention, which gives it power to limit.

Remember, Dear People, you are the authority as to how this energy is going to act for you. As long as you allow your human self to accept that limitations can affect you, you are feeding your Life into them to do it. Limitation has no power, if you will reverse it and say to every discordant or limiting appearance: *"You have no power! My 'Presence,' the Infinite Power of the Universe, is here sustaining this body. Then why should I accept limitations which do not exist, except in the human imagination?"*

Now these are mighty Truths. Mankind can grasp them. They are simple, nothing complicated about them; but individuals have been determined to live in that which they see in the outer world. There are thousands of people, hundreds of thousands who may have heard of this Work; yet the human says to them, "Show me!"

Dear People, all the Infinite Light in the Universe cannot show anyone what that one does not want to

see, or what he does not want to be. Such an expression is but childish foolishness of the human intellect. The only way any human being can have the proof of anything in the world is to call his own "Presence" into action. It will give everyone all the infinite, limitless proof of anything he requires, through his own being. The individual's own experience is the only thing that amounts to anything to any human being. All that another does may seem wonderful and beautiful; yet it amounts to nothing, until you prove it yourself.

This magnificent Application has been the means which all Ascended Masters have used to attain Their Victories. It is before you in Their identical Words. If you will accept It, apply It with firm determination, and not accept discord in any way to limit you, then your Application will quickly produce the results you desire.

You must use the Violet Consuming Flame, for It is the only means by which individuals can be free from their own human accumulation of discord. Those records cannot be erased unless you call the "Presence" to use the Violet Consuming Flame in, through, and about you. It is the only means by which you can free yourself from the impact or pressure of your own human creation.

Think, oh Beloved People, think! The Great Presence, the Divine Director, has consumed two-thirds

of your own human creation to give you greater freedom and strength in consuming the remainder—an Offer of such vast Assistance to mankind as has never been heard of before in the history of the Earth. Then please, Beloved Ones, take advantage of It. Understand and accept the fullness of His Power. Charge your feeling world with the Truth, the vastness of that magnificent Activity and Assistance which is yours. It is wonderful beyond all words! More than words are acting these days with you. More than words, oh, Beloved Ones! The Power of the Infinite Radiation which is going forth is resistless in Its All-powerful Activity, sweeping in, through, and about you to release you from every limiting thing.

Oh, *feel It! feel It! feel It,* Beloved Ones! While I have this opportunity, feel It as never before; and allow Me to give you the Assistance of intensifying the Feeling of your Glory and Freedom. While I am speaking these Words, allow the Light within your Heart to expand and charge in, through, and about your human form, dissolving the density of that which clothes those Points of the Light within the cells of your body. Allow your Light to stand forth in Its glowing Radiance and Power, and be free forever from limitation of any kind.

All human limitations shall cease from the Earth! The time has come when it has to be done. Our Rejoicing is great that the Cosmic Light, directed by

those Great Beings from the Great Central Sun to the Earth, makes it possible to do these things. Beloved Ones, We must keep your attention upon this great Privilege, so you may more quickly gain the feeling of how great your Privilege is today in comparison to that of the centuries past, when those seeking the Light had to win every step of the way entirely by their own efforts.

For thousands of years mankind sought the Retreats of the World. Now, I shall use this opportunity to acquaint you with what that word means. A Retreat does not mean a place in the outer world which anyone may call a Retreat! The word "Retreat" means those Mighty Focuses of Light which have been maintained for thousands and thousands of years, such as the Royal Teton, the Retreat in Arabia, Chananda's Home in India. Those are Retreats. Do not use those words lightly in your outer world today! Realize that in the thousands of years in which mankind sought the World over for those Retreats, some found them and some did not. Few did! Today the Power, the Activity which is within those Retreats has come to you in the outer world. It is very wonderful to feel, know, and see how many of the beloved Students under Saint Germain are actually in their feeling accepting and being blessed by this magnificent Truth. The great privilege is theirs today, and it is ever expanding.

This Light, the Light of the World has begun Its Journey in the Earth to free mankind. Please remember, while it is for great groups of humanity to help consume what retards their Perfecting Activity, yet there is no power on Earth or anywhere else—visible or invisible—that can affect any one of you or retard the expansion of your Light from your "Presence," but yourself.

If you will discard everything, stand in your "Presence" and keep calling It into action, then you will have the Perfection which It is. As you gain the Victory, you will find soon that no condition of the outer world affects or touches you.

You must understand that this Good Messenger before you is the fulfilling of this Law. You know of all that has been projected at him—enough to destroy an army—yet it does not touch him. Then you must know that it is more than human. The human cannot protect itself; but his assurance of the Power of the "Presence," each day gaining Its greater Power and Authority, is the Invincible Protection which is about everyone. If you do not claim It, how can you have Its use?

Oh, keep on! keep on! keep on! Oh, claim the Power of your "Presence" governing you in self-control—charging in, through your mind and body, and out into your world; producing its harmonizing Perfection of the "Presence" in your world and activity. You

are the Central Focus of your world. You cannot know anyone else's world. You have not anything to do with anyone else's world. I plead with you, do not have even an opinion about anyone else. You are the one who needs attention, each one! Never have opinions about somebody else! If you do, then you are charging your world with whatever that feeling is. You are the only one who is going to be disappointed. The other person has an "I AM Presence"! Let It take care of him, and keep the human mind off every individual's personality and conditions, Beloved Ones, if you want to be Free!

Oh yes, I know, through all the momentum and habits mankind has said: "How can I stop that criticism? How can I stop those feelings which want to mind the other person's business?" Well, it has to be done! No one is an exception to the rule, because it is your Law of your own Life. Oh, think of it! Bear with Me just a moment and feel this deeply. Everything that holds your attention, whether it be person, place, condition, or thing; all that causes discordant feeling in you, and it does not matter whether it be resentment, jealousy, hatred, criticism, condemnation, judgment, or any of those qualities—you are charging your own feeling world around you with those qualities. Then you wonder, "What in the world is the matter with my health?"

There is only one thing that produces ill health, and

that is discord in the feelings! Do you not see, Beloved Ones, if there were not discord in the feelings, there would not be anything in you by which the discord of the outer world could fasten itself upon you and thus affect you. It just is the Law. The moment something can get you stirred up, it just laughs at you! It says, "Now I have you!" And it has for the time being! You do not realize, Beloved Ones, what ten, fifteen, twenty, or thirty minutes of violent discord means in your feeling. You may forget it in half an hour; but the effect is still there, Beloved Ones! And the worst of it is that the effect is still going on long after you have forgotten it. Therefore if you are off guard again, it goes on doing its work, because you, your very Life has set it into action.

Do not let anyone, any "I AM" Student ever say to Me, "I cannot control my feelings." If someone offered you ten thousand dollars you could be angelic for a while. Now that is just the proof! You could be so happy for a while, could you not? I mean those who have not had much money. Then look at the individual who has it! The same subtle activity seizes him in some other angle. You see, no one is immune from the discord of human creation, Precious Ones!

Every human being is the product of the energy of the Great, the "Mighty I AM Presence." The original intent of Life was that It should be perfect, beautiful, and wonderful! But mankind turned its energy

down, its attention down, and has drawn itself into the density of Earth. You must understand, Dear People, We do not humor anyone's feelings! We tell you the Truth straight and unadulterated, that you may correct yourselves, if you will. Today I am saying this with a tremendous Inner Activity, because We see the rebellion in mankind among so many people when the Messengers tell them the Truth that they must govern the sex activity. We have observed the rebellion and flare in the feelings when the Messengers have stated the Law concerning this. You cannot waste that energy and have your Freedom! It, like anything else, has become a habit. When you are very hungry it is a great satisfaction to eat all you want, many times more than you want. All of these sense gratifications are but activities of human qualification.

Remember, I said in the beginning, all Energy, even that used throughout nature, passes through My Being from the Great Octave of Light above the physical world. Can it be possible that anyone for a momentary sensation would want to waste My Energy, or that which is released through Me to produce their Perfection—waste it in riotous living, when they could be Free, Perfect, Beautiful, and Wonderful so quickly! Not only that, but they can come into a position where they could reach out their hands and receive instantly whatever the outer needed for use. It is and was the intent for *every* human being to live

like that, and *you can!*

It does not make any difference what your mistakes have been up to this time. If you will turn from them, turn to the "Presence," call on the Law of Forgiveness, all of that can quickly be dissolved and forgotten. We condemn no one! You are your own condemnation into the limitations which you have drawn around yourself. Do you not see that nothing in the world but you, yourself, condemns you? This is why the Messengers have prompted the Students about this, because early in their experience they found this was acting in many.

When you have found that you are making mistakes, please do not condemn yourself! That would be still worse; but when you have seen your mistakes clearly, then rejoice because you have found them and know the Power by which to call forth the release from all of them. Such should be the greatest rejoicing.

Just as the Messengers have said to you, the time for weeping is at birth instead of so-called death, because mankind is coming into the experience Life where the power of Light and darkness act. There is no other place where the darkness acts, except the Earth and its atmosphere. The darkness here is discord and is what has caused the Earth to be called the "Dark Star." It is because of the density of human discord; but the most encouraging, beautiful,

delightful thing to all the world, is the Great Truth and Power of the "Mighty I AM Presence" to release the Light which illumines the darkness. Oh, if mankind would only take this, believe It, and feel It!

I do not wonder that you love these Messengers as you do; and I am going to say something to you this morning which I hope will be an eternal sustaining Glory, Courage, Strength, and Victory to you. Including today, in three years, forty percent of the discordant, destructive accumulation of mankind in America has been dissolved! Please understand how magnificent this Work is.

To all of you throughout the United States who are issuing these Decrees, I say this because it is true, and for your encouragement and strength. You are not acting in any imaginary thing! You are wielding a Mighty Light—the Light of all Life! the Light of the Universe! Do you not see that every time you voice Eternal Truth, you cause the Eternal *Power* of that Truth to go into action instantly? If you will call It to be sustained, It will go on and on, operating in that particular Call until everything within the human octave of activity is dissolved. You see how logical, how practical each one of these Infinite Activities is?

Now, mankind is beginning to understand how practical, how simplified, and yet how majestic and powerful these Activities are at any individual's Call.

See how definite! It does not require that one be an athlete in order to call forth the Power of his "Presence." A little child four or five years old can call forth the Light of its "Presence" with tremendous Power—easier than most grown-ups because the child's mind is not filled with a lot of human sense limitations.

If you will just feel happy and joyous about it in your feelings, and say to all accumulation: *"Well, suppose I have created you! I say to you then, you have no power! Right now you are finished!"* Do you not see what a magnificent activity it would set into action to produce that identical result for you?

Try to do the same thing as the Messengers did. They had to win their Victory by dynamic, powerful Application. We did not set them free of their obligations, even because of the great Service they were rendering. Saint Germain—how His Heart longed many times to give just a little boost to those Blessed Ones; yet the Law said, "No, you just wait." Today, We and they rejoice exceedingly that the very demand compelled them to make such dynamic Application that they won their Victory. Now they know human appearances no longer have any power. Therefore, they are free from them.

You have loved your America. Now you see, Beloved Ones, the magnificent activity for Its Protection and Freedom which is going forth every day from the precious Children of the Light in America. It is

reaching into your governmental affairs more than you know. Keep it up, oh, Blessed Ones, with ever-increasing joy and intensity; and I observe you are using those Decrees with a snap and power that is magnificent.

You have been calling forth the Activity of the Blue Lightning of Divine Love. It is outpicturing! I tell you that those Decrees go forth with the Power of Blue Lightning. Therefore, they are doing the work with a greater speed. Shall I tell you how much? Perhaps I should not say the exact amount, lest some of our technical friends think they have found a discrepancy.

It is so amusing, Beloved Ones, to see those unfortunate beings who criticize and condemn. Notice this —that which they do not want, they do not want to understand, lest it deprive them of their sense gratification. Everyone who is vicious toward this Work is scared lest he be deprived of his own sense gratifications. Therefore, such individuals try to discourage others from gaining this Truth. As though they could! As though anyone could say to this Light: "You wait. I am going to have some more fun." Today the Light says: "Your fun is finished! Now you come into line or I will see that you do." Is that not vastly different?

Do you not rejoice with Me, with all of Us, that the time has arrived for the Blessing of mankind? Oh, Precious Hearts, mankind has never lived in greater chaos

of human creation than up to three years ago. Yet never was greater Light released in any crisis of the World than today. You see, Beloved Ones, how the Great Law of this Life, the "Mighty I AM Presence," watches and watches for the balancing activity? This is why the Messengers prompt all of the Students continually, that *in calling forth any Power of the "Presence," you must balance that Power in the physical octave by Self-control.* If you do not, and you call this Mighty Energy forth, you will intensify the wrong desires. It is the Law! It is natural! You cannot help it! That is why, if you will hold Mastery by Self-control, then the Power of your "Presence" called forth will release you quickly into the great Freedom which It is.

Beloved Ones, when We voice Our Wishes to you, Our earnest Desire to help, We see among you everywhere, oh, so many whose Light is great within; yet in their feeling worlds they are not quite sure. At least at times they contact something in the outer world and for a moment think: "I wonder if that can be true. I wonder! I wonder!" You know We have asked the Messengers, although they slip occasionally, to discard from their vocabulary the word "if." Now let Us add to that, "wonder," "I wonder." The "I AM" cannot wonder! It is the outer that is wondering. Remember, the "I AM" cannot wonder, cannot doubt! Therefore, if those feelings are acting within you, do you

not see how easy it is to determine what the force is which is acting? Be alert, Dear Ones, and watch that thing because, I tell you, the moment you let this limiting consciousness express within you and something begins to act in your feeling which is less than the Perfection of the "Presence," you will know it. It is easy to put it down—dissolve it right there! But if you think, "Well, I just think I am going on and say and do that thing," then it gains a momentum within your feeling and becomes difficult oftentimes to remove.

The moment there is the slightest feeling of disturbance, if you will be alert enough when any discord, doubt, fear, or any of those qualities start to act, you will stop instantly and say like that *(snap of finger)* to such a feeling: "Oh no, just wait a minute; wait a minute! You are done for! You did not fool me that time!" As you take those particular activities and are alert to their action, you will have great joy in the Victory over all such things. It will be just the easiest thing in the world, but do not be too serious. You have made a lot of mistakes for a long while. Now rejoice that you know them for what they are, and that you are the Victorious Presence over them.

You know, We do not consider time. I so rejoice that most of you do not, and that you do not grow weary of listening to Us for two or three hours. Is it not wonderful to have released a sufficient Power of

Love to make you forget time and space? However, My Work is accomplished today, and I thank you for your attention. I thank you for the privilege of doing that which it was My Privilege and My Joy to do. I remind you that in your coming Class there will be a Victory unknown in the history of the Earth. We feel your Victory so certain, so joyfully that you must receive My Feeling, with Its ever-expanding Victory in you.

I say to all the Students under Saint Germain throughout America and the World: Within a few days there has come the great final Outpouring to the Children of Light. Having drawn the Attention and Assistance of the Great Initiator and Myself, it should bring the Victory very quickly to every "I AM" Student in America and the World who is sincere.

You will find it so much easier to hold Self-control. Stand guard over the slightest feeling of discord! Then in your Call to the "Presence," feel definitely—I mean by that, it will become almost an involuntary thing; but feel so definitely the Victory in the Call. It is there! Your Victory is in your Call! Do you not see that?—because your Call for Perfection is the Intelligence, the Energy, the Power of the "Presence"! Therefore, the Victory then is in your Call! Does that not make it seem close and simplified?

You have understood that God, the "Mighty I AM Presence" in you, is your certain Victory; but I say

to you, in every Call you make is your Victory. How could it be otherwise! Then do not let your human have any opinion about it. Every time it begins to say something, say: *"Keep out of the way! You have had your day. You are finished! Now is the Day of the 'Mighty I AM Presence' and Its Victory! My Call is Its Victory."* Do you not see the marvelous feeling it gives you that in your Call is the Victory for which you call? It is true! Accept It, and have Its great Glory and Power going forth in the Glory of that Infinite Light which beats your Hearts. I call It into intensified Activity, but do not ever think you are getting Heart trouble. Oh, if your Heart beats rapidly sometimes, rejoice that it is the great intensified Activity of the "Presence"; but that would only be momentarily. Your Heart cannot be troubled, for it is the Heart of the "Mighty I AM Presence"!

We clothe you in the great Eternal Light and Its Instantaneous, Eternal Victory. I thank you.

LANTO'S DISCOURSE

ON THE SIDE OF THE TETONS—TO THE STAFF

AUGUST 30, 1937

BELOVED Ones, your efforts have not been in vain. Out of this experience shall come a memory that will last throughout Eternity. There shall come the fulfillment in its fullness of that great Desire within your Heart, which is the Creative Activity of your "Mighty I AM Presence." Remember, every constructive desire of your Heart is your God Power! Remember, your desire for Light and Freedom is God, your "Mighty I AM Presence," acting to bring about the complete fulfillment of your desire for every constructive thing that exists.

We want so much to have you realize, there is not one thing in the whole world which you desire with great intensity that is not fulfilled through your request to the "Presence." All individuals among mankind have been having their desires fulfilled throughout the centuries, but they believed it was by their own human effort. Today, in this vast Understanding which is expanding within, you are coming to know your Powerhouse and to use your Scepter of Power—through your Acknowledgment—to release all good things; to release yourselves from *all* human creation.

The first step in releasing yourself from your own human creation is to most individuals the most difficult activity. To all of you it is being done with an ease that a hundred years ago was unknown in the history of mankind.

I welcome you into Our Radiation, into the nearness of that which was once your Home! You have all been in the Royal Teton many times; but the veil of human flesh has prevented, so far, the memory of it, or at least most of it. Now let us dissolve the veil which has stood between you and the Grandeur, the Magnificence, the Beauty of all which will one day be yours. Today you have taken the first step of entering within those great, great Walls, whose magnificence and splendor are scarcely excelled anywhere.

The Tall Master from Venus and His Group, who were there at your first visit, have come to remain until after the Christmas Activity in Los Angeles. They will pour forth Their Radiance now and until the close of that Class. All try to feel a joy, a power, a mastery over every condition which confronts you in the coming Classes, with a great calm serenity so it holds everything obedient to the "Mighty I AM Presence," and causes the people to know that you are representing the Ascended Masters' Activity.

Today there is a record made of each one of you, on those thin sheets of gold. That means a great deal! It means—if you will, you can win the Victory quickly,

all of you! But it also means a firm command upon yourself, to hold it under control. This is all within the reach of everyone quite easily.

I say to Blessed Donald, how fortunate and blessed you are to be here today! Cherish this experience always as a Sacred Memory, Power, and Strength, to sustain you at any time. Do not accept into your consciousness, especially your feeling, the things of the outer world which are projected at you. When there is any discordant appearance, with a great calm dignity say, "Be gone!" and it shall be done! Then take your mind off the disturbance, that you may hold the power and serenity which allows the Inner Power of each one of you to flow forth and have Its full Dominion,' as We desire.

If every Student would always be firm in the human obedience We require, We could tell you just to the hour and the minute everything that would take place! Be at rest concerning your requirements—only make your firm, determined Application. To each Blessed One, We want you to just know and feel that Our Hands are within yours, with a firmness so great you may often feel the pressure of that Hand within yours. Sometimes if disturbance touches your world, grasp Our Hands firmly and go forward fearlessly; for We always walk by your side to protect you.

We want to prepare you, so you may all come within the greatest Light of your "I AM Presence" quickly.

Once you do, nothing of the outer world would ever touch you or your world again. If your joy is great, then can you feel for a moment how much greater Our Joy must be in seeing those who have so long wandered in the maze of human creation, being released into the Freedom which is Eternal.

I plead with you, stand guard each one over your feeling world, so at no time you let anything begin to revolve which makes it difficult for you to handle. When you say to a human appearance, *"It has no power,"* remember, that is the Power of the Light—your "Presence"—saying, *"You have no Power!"* Therefore Its Light goes into the appearance, knowing no resistance nor interference. Therefore, you see how it is dissolved. This is how every human being could positively change or prevent any injustice ever being done to him, if at the least intimation he would call the "Presence" to project Its Mighty Light Rays into such a condition and produce Divine Justice. You see, the Light—which is Self-luminous Intelligent Substance and Divine Justice—would produce just such an effect, and nothing could prevent it.

Would it interest you to know that I have been watching you ever since you left the Lodge, rejoicing within My Heart—as I am sure you are not yet quite able to do—in the fullness of this great Infinite Feeling. Should you decide to come up to the lake in the morning, I shall be there with you, and perhaps

several others—not for a Dictation, but for a Radiance which We shall be happy to give you.

Do you wonder why you were impelled to come to this certain spot? Because it brings you within the direct Radiance of the Grand Teton. Feel Its great Power flood your being and world! Qualify It to be eternally sustained and active to produce Its Perfection in you and your world.

I just want you for a few moments to drink in this Radiance in Its fullness! Just feel It charge your minds, bodies, and activities with Its Mighty, Conquering, Expanding, Perfecting Power. Qualify It, each one of you, to be sustained forever with Its ever-expanding Radiance and Power; to produce Perfection and give you the Courage, Strength, and Assistance which are required to win your Victory more quickly than might otherwise be.

Dear Ones, you could hardly, even in your fondest imagination, picture the antiquity of the establishing of the Royal Teton. I wish to enable you to realize what the wielding or projecting of Light Rays means. In this instance, We shall use the term the Projection of the Unfed Flame. When the Retreat was first established in this great mountain, this range was much higher than it is today. In fact the whole top, one-fourth of it, was in the eternal snows.

Now, notice closely what I shall say. The One who came to establish this Retreat projected forth the

Power of the Unfed Flame and made the tube or entrance. Then that One went down into the tube with the same Unfed Flame and cut out the great Audience Chamber. That Mighty Master did not have to dispose of the refuse, for there was none. The Unfed Flame just dissolved the substance of the solid rock and left the great Audience Chamber. By the same Power of those Rays, He polished the walls more perfectly than any instrument in the outer world can do today. Within the Cave of Symbols were prepared the metals, the sheets of gold which have been used to make all those records. To the human sense it was simply a colossal thing—not only to establish this great Focus of Light and Intelligence, but to prepare and make all those records.

I wonder if you realize that the making of those records is all done by hand. For more than one thousand years the making of those records has gone on. You understand, of course, that We use the complete record of whatever was not completed in the outer record. We always have the Etheric Record, which is the counterpart of the outer record. The Etheric Record is always absolutely accurate. From it We can always make these records which are accurate and reliable.

That is why, in the great Wisdom of the Ages, all is known far in advance. Whenever a cataclysmic condition is going to disturb one of these places, or We

wish to let it, all there is transferred to a place of safety. It was the same in the burning of the Alexandrian Library. We took all of the important records from there before the fire started. We went to the Vatican and took what We wished from there. So all of Our records are complete.

That is why, Beloved Ones, in this Knowledge which has come to you, there is the reason for Its absolute Authenticity, for Its Power. By your Application, It will bring you into the Freedom and conscious Understanding by which you will one day know firsthand, of your own volition and in your own consciousness, the Truths of which I speak.

Why do you suppose these certain jewels were held within the Royal Teton for so many, many centuries —thousands of centuries? Because, there are those who must one day wear them and wield the Power which they give, for the lifting of the humanity of Earth. I trust those may be some or all of you. Do you quite realize why sometimes in a happy moment, in the sense of joke, one speaks a great Truth?

We rejoice to see you all so happy. Beloved Ones, know you not that happiness is the only means of releasing the great Powers which are now at your command and for your use? Do not let anything or what someone else does disturb you. It only retards your own progress. Do not do it. Just be at peace and rest, trusting the Great "Presence" to do the perfect thing;

and as you continue to call It into action, It cannot help but do all you require.

My daughter of long ago *(Lotus),* how clearly and often you have felt that connection in China, which was once so grand, so magnificent, and whose Light was so great. Yet today it has become so degraded, so drawn under the domination of its own creation of discord and limitation.

Mrs. G. W. Ballard: Can we not help them?

Lanto: My Child, the Great Cosmic Light is soon to do Its Great and Perfect Work! The greatest thing which can be done is to call this Cosmic Light to do Its Perfect Work for China and India. The distortion that drove into China and India through the Priesthood was the thing which makes the deplorable condition that is there today. In Tibet the fanaticism has grown so great that but for Our Knowledge of the Great Cosmic Light and Its refining, purifying activity, there would be but little hope for the restoration of that once great nation. Still, you shall all see the change which will take place in the next hundred years—seemingly inconceivable in the face of conditions which reign there today. As you know, human appearances have no power; who shall say what Perfection will reign, even sooner possibly than any dream?

I ask all of you who are here to please decree with great firmness, as you have been doing, that *"All*

human beings, all human creation, all that which creates discord or disturbance has no power!" Qualify your Decree with the Power of the Cosmic Light to act in and through your Decree, to see that those destructive qualities have no power to longer affect mankind.

We are so grateful for these Mighty Decrees which you are issuing. As Others have said to you, I say to you: Oh, how little in the outer can you even imagine their far-reaching Power; taken up by the Ascended Masters, it goes on and on and on in its Power and Activity, producing results that are so great. Try not to feel human responsibility; but place all of the seeming responsibility in the Hands of your "Mighty I AM Presence," knowing It is All-powerful to direct, to protect, and to regulate all that is required. Remember, It can do what you in the human cannot.

Our blessed _____, how grateful We have been for your service. May it ever expand to your greatest possible blessing! We feel very certain that in Los Angeles there will be one of the greatest Focuses of Light in America—in the outer world—because of the great number of Students who are there. Everyone try to feel that those little disturbances which attempt to drive in have no power. It seems strange why Students do not all realize that the least disturbance of any kind is but the sinister force, the human creation trying to prevent their Freedom—instead of continuing

to look at individuals or finding some excuse for criticizing them.

I say to you: absolutely ignore all details of gossip and everything that is put forth by the human, which is less than Perfection. Turn everyone back to his "Presence," and refuse to discuss human creation or individuals. As you do this, you will find yourselves so free. Everyone must regulate his own life. While all Assistance possible will be given, each one must take his own Scepter of Power and call forth the Activity of his "Presence"; then hold the balance by Self-control in the physical octave for that which he calls forth; otherwise he cannot balance it. If the individual does not maintain Self-control, the outer will become too much disturbed for the Power to flow through and do the Perfect Work required.

Mrs. Ballard: Will you project the Blue Lightning into Washington?

Lanto: We began it at Glacier Park, and that is why the Tall Master from Venus and His Assistants have come forth at this time. Once each twelve hours there will be projected from the Teton this Tube of the Unfed Flame, to try and bring about more quickly this Perfection which is required.

Rest assured that in your Calls, every possible Assistance will be given to regulate these things as quickly as possible. I wonder if you quite understand. If We were to do some very drastic thing in preventing some

of the destruction, certain groups of humanity would be thrown into such fear that it would make it very difficult for Us to do the things which are to follow. Therefore, We must handle the people as children and just be patient. Do not think that We have forgotten, when you do not gain your Freedom as quickly as you might hope; but just go on serenely, calmly, and firmly in your great Light and Life.

So far as your physical bodies are concerned, Dear Ones, please feel that the Light is Intelligent Substance. Just use this one Application: When you call to your "Presence" to charge your mind and body with Its Currents, feel Its Light—which is Self-luminous, Intelligent Substance—sweep through everything and produce Its Perfection. If there be disturbance in your body, feel the sparkling Golden Light from your "Presence" flow through your body, covering every nerve and cell in it. It will so quickly quiet all distress. Then, *feel* that Light-Substance penetrate every cell and flow around your body as you call It down from your "Presence." *Feel* It just sweep out every imperfection from your atomic structure, which is your physical body. Dear Ones, if you really get—as you call it—the click on that activity, you can sweep out of your body within two or three minutes any disturbance that might register there. I do trust so earnestly that ere long there will be no disturbance register in your body or feeling world.

I want to say to you, Donald—for I think you did not hear this when We spoke to the Staff—it is Our Hope by the end of the Shrine Class at Christmas time, to dissolve and consume what remains of the one-third of your own human creation, which will set you wholly free from the pressure of your own creation. We must accomplish this through the Power of your "Presence," as you call It forth into action.

This has never been possible before in the history of the Earth. This does not mean, Dear Ones, that you should let down one moment on your own firm, determined Application; for it is important, even after your own human accumulation is dissolved and consumed, to keep up your own firm, determined Application. Keep your world purified and cleansed of all discord that would attempt to act; for as long as you are moving in the outside world, the guard of Self-control must always be kept up until the day of your Ascension. No matter if your body and world are greatly purified, as long as you are in the atomic structure, which has been to some degree responsible for registering discord, then you must keep up the guard for protection until your Ascension is attained.

Remember, in the greatest joy on Earth, if for any reason you did not accomplish your Ascension in this embodiment, then you would in the next, early in that life. It means the Goal, Dear Ones—the final, complete Victory on Earth; the end of all pilgrimage on

Earth! As you really understand this, is there anything in the world which could give one greater strength and courage?

Go on and on and on, knowing that there is no longer such a thing as failure in your vocabulary or in your feeling world. It just means the certain Victory for all Eternity. Be *sure* that all which is required for use in your great firm Acknowledgment of the "Presence" in calling It into action, will come forth and be released. Just go joyfully forward, making the Call for whatever is required, whether it be your airplane or whether it be other things required for your use. The "Presence" does not mind how much you use constructively! It wants you to have whatever you want to use for any good purpose.

I think this has been said to you before: One day there will be a plane which can fly over the Teton and rest there as long as is desired; but that one will not have gasoline engines. I say to you Beloved Donald, there are currents of energy which can be used, so far surpassing the fuel in the outer world that there is really no comparison. All of this marvelous Perfection is rapidly pressing Itself forward into the outer world.

As you become more and more attuned to this great Stream of Energy, clear as crystal will come forth this glorious Perfection. We hope—this is not a promise, but We hope—after more of this Work is

accomplished and the Great Cosmic Light begins to take Its greater Dominion on Earth; that it will release the Messengers from the more strenuous activity. Perhaps I too may be getting a little whimsical; but oh, many things that will rejoice you greatly will come forth.

Beloved Ones, just know that the memory of this Glory which once was, is real. The distorted alchemical terms which are used today are a remnant of a former accomplishment. The Elixir of Life is a real, wondrous thing! It is a Liquid that will purify the human form so quickly, and make every cell release its own mighty Radiance. Then the brain becomes so clarified that the Radiance from the "Presence" flows as if It were playing upon a crystal. Thus It reveals the words, the designs, the pictures in Its great Perfection, of everything the Heart can desire. Then mankind can go on and on, creating and producing eternally, *without limit,* the Glory of all that has been forgotten and the Glory of all that is to come, in the magnificence of Its wondrous Splendor and Blessing to mankind.

Oh, be so firm, Dear Ones, in a great calm poise and feeling of Mastery. Be so kindly and sweet to everyone! If it be necessary to be firm, be so; but do not be unkindly about it. Watch the use of your language. Make it all that produces happiness, harmony, and perfection to everyone. Then you will find such a

release coming into your world, that you will begin to know all your desires are really being fulfilled.

Just be so happy, feel so kindly, and pour out such Love—and see how quickly the Power of a great Divine Love will fill your being; how everything that touches your world will bow in obedience to your great Outpouring of Love. You have already done this tremendously. Just let it go on expanding, until everything that touches your world bows in obedience to your great Love. You can so quickly do it, if you will. We give praise and thanks for this opportunity and that you are here. Just feel Our Arms about you, in Our Loving Protection, Guard, and Strength. Then with great firmness hold your own poise and Self-control.

Blessed Lotus and Betty, We will try to make it so easy for you in the work which you are to do. Just each day in your separate rooms, before you start your work, say with such a feeling of joy: "*'Mighty I AM Presence' and Lanto, help us to have the ease, poise, and speed of accomplishment that we need.*" Saint Germain, Nada, and the Great Divine Director will all give Assistance too.

Again I say to you today, Beloved Staff, do not let any human quality cause you to say anything to each other which would hurt the feelings, or which would do anything that starts a feeling of discord to revolve in anyone. Always speak so kindly to each other that

a great Outpouring of Love fills your world. Make it possible for your "Presence" to pour forth such a Power of Love, that It releases every good thing to act in perfect accord in all that is required.

Mrs. Ballard: If I keep reminding you of those Pictures, will you and the Tall Master from Venus see that they come forth?

Lanto: All will ere long come forth.

Now, Beloved Ones, all that We have desired for today has been accomplished. Feel Our Love, Blessing, and Enfolding Presence; and if you decide to come back tomorrow morning, know that Our Presence will be with you. But whether you are here or wherever you are, so long as harmony is maintained in your feelings, there will come Our Mighty Release and Assistance to you.

Do you know there is nothing throughout the centuries that makes Us so happy as to see people kindly and harmonious to each other, for it makes such a clear channel for the Outpouring of the Perfecting Activity. This Perfecting Activity means everything in the world to everyone.

Blessed Ones, I convey to you the Love of the Great Ones from Venus and the Ascended Master Saint Germain, Beloved Master Jesus, Nada, the Mighty Divine Director, David Lloyd, Bob, Rex, Nada, and Pearl, Mr. and Mrs. Rayborn, Leto, Chananda, Cha Ara, Mr. Gaylord and His Friend.

In the Glory and Radiance of the Royal Teton, I salute and clothe you in My Radiance. I qualify It to be forever sustained and active within and about you, to more quickly perfect you and your world if you care to accept My humble Efforts. I say to you adieu, but not good-bye.

LADY MASTER LETO'S DISCOURSE

PASADENA, CALIFORNIA

JANUARY 17, 1937

MY FRIENDS of long ago, we are not strangers as you might at first think, for long have many of us known each other. You of English ancestry and I have known each other for a long, long time; and those of you whom I have not met at previous times, I love you—every one.

As it has been My Privilege to render a Service for at least two centuries, so tonight it is My Joy and Privilege to give forth My Radiation to you while the Words are being spoken. The Great Host of Ascended Masters are making a resistless effort to establish within your feeling, your thought, and your world, a Quality of the Ascended Master Activity which brings more quickly the mighty results that you crave.

Will you bear with Me when I pour forth this Radiation to you? Feel as deeply as you can the Reality of this "Mighty I AM Presence" which beats your Heart; and that you can, by decreeing, retain the memory of what you do out of the body when you retire at night. First, charge your consciousness to go forth into the Ascended Masters' Octave of Light, retain the memory and bring it back when you awaken

in the morning. There are so many of you here for whom that is possible.

It has been My Privilege for a long time to give Assistance in this way. If you will do that, I will endeavor to give you the Assistance which will give you not only the memory of what you have heard and seen in those Higher Octaves—where the Ascended Masters minister without the limitations which the human feels here—but that you may feel Their Courage brought back with you. This is a vastly different thing, Precious Ones, from that which you endeavor to call forth and generate through Self-conscious activity in your attention to your "Presence." I mean, this will sustain and strengthen you tremendously in gaining your Victories through your own Application.

Every one of Us who has attained the Victory through a much more difficult period than you have today, had the Assistance of Those who preceded Us in the Ascension. Therefore, We were given strength and encouragement to stand firmly by this Mighty "Presence"—unyielding—until We began to see Our Achievement with sufficient fullness. Thus, We did not lack in any sense for courage and strength.

These Ascended Master Qualities are so important. As the Messenger said to you a few minutes ago, it is encouragement and strength mankind needs, not kicks and blows because individuals have made a

mistake. All mankind have made plenty of mistakes. From the higher standpoint, one is little different from another. All is a falling short of Perfection.

So, now in the Knowledge of your "Mighty I AM Presence" and the Great Cosmic Assistance which is being given, you are having the courage and strength to win your Victory. Notice, this Dear Ones! We have gone through every step of the way that you have to to go, and know through actual feeling every single step which you must make to gain this Freedom. Then, will you believe Me when I tell you We know your requirements wholly and completely? In the Wisdom which Saint Germain has brought forth, this Knowledge is put forth in a simple, dynamic, powerful manner, in a terminology which all may easily understand.

Will you again remind yourselves, Precious Ones, that in your Application you are using the Power of the Universe! The "I AM Presence," which beats your Heart is actually the Power of the Universe; and when you call It into action, It knows no resistance or interference. It cannot fail! Unless you requalify Its Mighty Energy—as you have so often been told—Its Perfection is always pouring through.

We are determined that you shall have the Freedom which your Hearts crave, if you will allow Us to give you Our Assistance. It is imperative that you keep yourselves harmonized! There is no one thing in the

world which deprives you of the Perfection of your "I AM Presence" more than discord. So, as We continue to plead with you to master all activity of feeling by Self-control, and hold your feelings harmonious, We too will give you Assistance—all that is possible—to help you attain Perfection. The day you begin to see Its tremendous Energy pouring forth, Its tremendous Light which is Victory in everything you require, then will you rejoice as never before in the Glory of your "Mighty I AM Presence," the Great Victor!

There are a great many people among the Students who have a natural ability to go and come from the body. Now please, Precious Ones, do not try to do that by yourselves, unless you feel thoroughly anchored in your own "I AM Presence." Call the Ascended Masters' Invincible Protection about you before any such attempt is made. If you care to call to Me for Assistance, I shall be happy to give you all Assistance possible; but go into this activity in a very calm, firm state, knowing that your "Mighty I AM Presence" is your Invincible Protection.

It is a natural thing—a perfectly natural, practical activity which mankind has forgotten. To those to whom I have been able to give this Assistance, their Freedom came at once—Bob, Rex, Nada, and Pearl. Their Joy is still boundless, even since They have gained Their own Freedom by Their own Application. Still,

in that Service great Assistance was given to them.

Mr. Gaylord, long a Messenger of the Great White Brotherhood, is with Me; for We have worked together for a long time. So, tonight it is My endeavor to draw so close into your feeling world also, that you feel how truly real not only "I AM," but that all of the Ascended Masters are quite as real as you are, quite as tangible. The more you can feel that individually and as a great group, the more you will have the Blessing and Benefit of that which We are endeavoring to give forth.

You see, no one can receive this Good who repels It, either in thought or feeling. You cannot, even in the outer world. You cannot receive a thing if you repel it, can you? It is not possible! Realize how much more it is acting in the emotional or feeling world of mankind to repel a thing, than it is out here in the physical world. Once you get the feeling, Precious Ones, that your emotional or feeling world is the great Reality, and what you see out here is but the effect, then you will begin to draw to you the intensity of the Inner Activity which comes alone from the "Presence"—whether it be the Assistance of the Ascended Masters or direct from the "Presence" alone.

I cannot impress too strongly upon you, Dear Ones, how necessary it is to be calm and firm in calling your "Mighty I AM Presence" into action, to produce any given result for you. Do not feel that it is not operating

if you do not have the immediate results you think you should have; but keep with firm determination calling your "Mighty I AM Presence" into action to produce what you decree, and you must have it! That is the way We had to attain—every one of Us who attained the Ascension. We had to accomplish It through this identical Application which Saint Germain has brought forth to you.

I assure you, Precious Ones, there is not one thing left out in those three Books which you require for your Freedom and Ascension. I do not recall that just this has been said to you before, but I feel quite free to say it: Do you think, Precious Ones, that this Mighty Ascended Master Instruction of the "I AM" just came forth without premeditation and preparation? You cannot think that, surely! All of these great Activities which come forth in the Higher Octaves of the Ascended Masters, or the Activity which comes forth through the Host of Ascended Masters, is all prepared. These Books were written years and years before they came into physical form. They were just the outpicturing of that which was already recorded in the experience of this Good Brother. *The "I AM" Discourses,* which Saint Germain dictated and brought forth, were all prepared in the Higher Octave.

I want so much, tonight, to bring into your consciousness the feeling that the Reality of everything which comes into manifestation exists first in its Light

Pattern. Everything that comes into form out here first must have its Light Pattern, your own form included. You could not have a form without a Light Pattern upon which it was built. The Points of Light within the cells of your body are the Light Pattern upon which is gathered the substance that makes your physical form.

Do you not see how practical, how wise it is to realize that this substance around your Light Pattern has been molded and acted upon by your feeling which was less than Perfection. Reverse that! Hold your outer activity in abeyance. Call your "Presence" into action, which is Perfection, to reverse and change those mighty Currents of Energy. Then you begin to outpicture the Perfection, instead of recording the imperfection which is the clothing of your Light Pattern. *It will remain.*

It is so all-comprehensive to realize that in your emotional or feeling world there is the cause of everything that comes into manifestation. If you want health, happiness, supply, and Perfection, your attention and your feeling would necessarily need to *accept,* from the only place where Perfection can come from—your "Mighty I AM Presence"—all that It holds there waiting for you. Dear Ones, think how long, how long the Perfection from the "Presence" has been waiting, waiting, waiting for something to call your attention to the requirements within your outer octave here,

which would allow Its Energy to flow through unhampered, untouched by anything but Its own Perfection.

It is the great, great Law of Life, Precious Ones! Do not ever tire of studying and applying this great Knowledge which Saint Germain has brought forth. It was intentionally made so simplified that even a child can understand and apply It. All of the old terminology has been left out, so no one might be confused in Its Application. That is why the Great Divine Director, Jesus, and Others have said: "If you can, give your whole attention to this, forgetting all that has not produced results for you; then you will more quickly have results from this Application."

It is not, Dear Ones, that you should be ungrateful for all that has blessed you, wherever it came from; but We, who have attained the Victory through this same Application, are urging you and pouring forth Our Radiation because We want you to be Free as quickly as possible. Our Radiation does come forth to strengthen, to bless, and to hold you within Our Courage and Strength until you, by your own Application, hold the reins of Dominion in your own hands. Then nothing in the world can disturb you again.

Quite often the Students write in to the Messengers and ask why certain things are not accomplished as fast as they think they should be. The Messengers had to make the most dynamic Application, without

cessation—and they still do, to hold in abeyance the things which would sweep them under. So, every one of the beloved "I AM" Students must do the same thing, until each one has gained more than the fifty percent of Perfection. Then, the great Onrush from the momentum gained gives you the assistance which requires less of your firm, determined Application than it did at first. After that is attained, you will find, just like this Good Brother, that in one sweeping Decree you can release the Power and Energy from the "Presence" to come forth and do things almost instantaneously, where before it might have taken you weeks to accomplish the same thing. You are all gaining just such a momentum, Precious Ones; and it is My Mission tonight to register this in your feeling. At this point you are gaining your Victory, which will enable you to have more instantaneous manifestation of the things you require.

Do not be discouraged. Go on, and on, and on—because until you have reached the Ascended state, Dear Hearts, you will have to continue to make your Application! There is no one to do it for you. You would not want to just be in abeyance and allow Us to do it for you, would you? There would be no Victory in that. One blessed Student recently said, when a certain thing happened: "Where in the world were the Ascended Masters? Why did They not prevent it?" They prevent a thousand and one things of which the

outer is never aware, Dear Hearts!

Will you believe Me when I tell you that the Ascended Masters for more than forty years have served mankind—seeing this point was to be reached. Why do you suppose the number who have already become interested in this Presentation have become so earnestly interested? Because all the time, unknown to them, the Great Blessed Ascended Masters were pouring forth into the feeling world Their Radiation, so when this came into outer expression they would be ready to receive it. Now that is one of the Services the Ascended Masters have been rendering the people for the past forty years.

Since Madam Blavatsky came into the outer world and attempted through Theosophy to bring some of this Knowledge and Understanding to mankind, the Ascended Masters have poured out this Radiation. Then, Mrs. Eddy brought another phase of it. Now, this has come forth as the final Knowledge in the Acknowledgment of the "Mighty I AM Presence." It is the great God Source of Life; the great Principle of Life, Individualized. It is Intelligent Action, the great Power of the Universe, glorifying mankind with Its Threefold Activity.

Our Beloved Sister so often mentions the "Threefold Flame," the "Great Unfed Flame." It is your Trinity of action, Precious Ones. The son, Donald, has also often mentioned the "Power of the 'Three times

Three.' " All of these are expressions of the One—the same great Invincible Power of the "Mighty I AM Presence" which, when called into action, produces such tremendous results. That which We term the "sinister force" fears the Supreme Power of Life tremendously; and when the Words "Power of the 'Three times Three' " are issued, the sinister force is powerless.

Precious Ones, do not, I plead with you, accept anything less than Perfection as real or having power in your world. It really does not! I am speaking these Words with other Ascended Masters who are present and charging this into your feeling world. Do you know how greatly We love you Blessed Ones; and why We are making this tremendous Effort to stabilize, to anchor you so firmly in this Understanding and your Application of It, that nothing in the world can shake you loose from it?

We rejoice, oh, so greatly, for this Privilege and means of speaking to you in this way. All We are pouring forth to you is Our Application, and there are no human concepts in these Words. While I am using Words with which you are familiar, of course avoiding all technical terminology, yet it is Our Expression. It is Our Means of conveying this to you. It touches you first through your attention; then by the spoken word; and last, by the Radiation of Our Light in and through your feelings. We are able to render you this

Service now, as We could not have a year and a half ago. You will find this growing more and more powerful as it goes on and your feeling becomes more sensitized to this great Perfection. You too, then, will feel radiating to you, acting within your feeling, the Confidence of which many have been so much in need.

When you are in the Radiation of the Class, Precious Ones, you receive—as you all agree, I am quite sure—a tremendous step-up, as you say in electrical parlance. It is true you are tremendously raised; but do you understand, Blessed Students, that since the Beloved Messengers returned from Honolulu, everything which comes through this Activity is a permanently sustained Activity within you? It cannot go back, it is not possible; neither can you. You cannot step back once you have entered into this Great Stream since that time.

You must all have noticed the magnificent change in your voices; the marvelous manner in which you issue these Decrees; and the marvelous qualities in your voices. Many wanted to sing and could not; then all at once they burst into song, surprising themselves. These are wonderful Miracles, so-called; but mankind, because it is through themselves, look upon it as an ordinary thing. It is not; it is as miraculous and as great as many other things to which you give much greater notice.

Beloved Ones, you can change your thought and feeling immediately by a few moment's attention to the "Mighty I AM Presence." When agitation, anger, and disturbance would rush in, you can calm it, silence it, and be free almost instantly. It is a magnificent thing, and We all had to do it. I say, you are having Assistance unheard of. Why? Because, Beloved Ones, you are deserving of It.

What is prayer as you previously knew it? A sincere desire of the Heart really; but in the lack of the Knowledge of your Individualized Principle of Life —which is God the "Mighty I AM Presence"—you were not anchored, so to speak, at your point in the Universe. Your consciousness was thinking of an Omnipresence. Such a concept does not enable you to bring forth a definite, special activity and manifestation at a given point, as you do now in your Understanding of the "Mighty I AM Presence" as the Individualized "Presence" whose Ray beats your Heart. That is what every one of mankind is seeking. They cannot reach Victory without It! All people have sought It, from every angle in which they have been interested.

So tonight, My Precious Ones, you are entering into the Gates of your Freedom. Will you accept It, that We may prove It through you? Is not that a fair promise? Never in Our Experience was such an Offer even permitted; but the Great Cosmic Law today has said:

"Oh Children of the Light, awaken! Awaken! and shake yourselves free from the chains of human creation! Glorify yourselves in the Acknowledgment of the Principle of Life which is your 'Mighty I AM Presence,' and stand forth Victorious in Its Light!" Mankind, without understanding that their Freedom depends upon this, cannot possibly and will not make the Application necessary for their Freedom. That is why the need of Application has been stressed constantly to the Students everywhere. It is only through their Application that they can win the Victory of their Freedom. Every Assistance in the world is being given them now—for them, to them, and through them—so they may have all that is required, whether it be Strength, Life, Intelligent Direction, Health, or whatever is required. They can have it without limit in the Acknowledgment of their "Presence."

When I think of a hundred and twelve years ago, during a time in My Ministry when the ravages of ill health were destroying mankind right and left, the Great Divine Director came to Me and said, "Why are you not rendering the Service of which you are capable?" I looked at Him in astonishment! I thought I was rendering Service. Then, in His great Limitless Power, He showed Me clearly how I was only using a small part of the Power of My "Presence" needed to render the Service. He gave a Mighty Decree and asked Me to join in it, and what do you think happened?

Oh, Precious Ones, that very hour the ravage of that distressing condition stopped; and within seven days everyone was free from it. That is how limitless these great Powers are which you have come to know.

Do not let anything, Precious Ones, deprive you of the full feeling of your Victory, your ability and power to call this "Presence" and Energy forth into action without limit. Do you not see, Precious Ones, you are moving in a world, a seething vortex of human suggestion? When the Messengers came forth at the last Shrine Class, the suggestion had been spread that it would be the last Class they would ever hold. What foolishness! Do you not see how the sinister force seizes upon one individual and then another, and causes them to start forth such a suggestion? Individuals take it up and one begins to wonder, and then another. As Students, no longer accept that! There will be many Classes in Los Angeles; and there probably will be another one here in June or July—right here in Los Angeles. So, do not accept those sinister suggestions from whatever source they come. The Great Ascended Masters know Their Business and will carry It out.

We prompt you, do you not see, Precious Ones, in every way possible, to stabilize and help you to refrain from accepting these suggestions which deprive you of first one thing or another.

In regard to the suggestion of ill health: the Earth's

atmosphere is charged with it. Notice the sinister suggestion started again recently, to spread the activity of the old time flu as coming again. Well, it is not going to do it, praise God! It has already lost its power. This is how, Precious Ones, with your assistance, We endeavor to forestall all of these ravaging things which otherwise would become so distressing to mankind.

When you hear of something starting like colds or flu, or the various names people have given to such activities, silently, individually in your rooms, or your Groups give forth this powerful Decree: " *'Mighty I AM Presence,' silence all of that! Dissolve cause and effect of it, and keep mankind free from the effects of all such things!*" In most cases all such things start with purely human suggestion. That is why, Dear Ones, We urge you and prompt you time and time again—do not accept such suggestions!

Is it not strange that the human in mankind will go to such ends to try to distort conditions and prevent the beloved Children of Light having the Blessing which is in store for them? The Messengers care nothing about these reports; but We sometimes mention and take them up, to prevent the Students being longer harassed by these false statements. You must be strong enough, Precious Ones everywhere, and not accept suggestions from the sinister force which would prevent you from gaining your Freedom through this Application. Will you take this up in your Study

Groups and remind the Students of it?

It is up to the Students, because individually the Messengers cannot always be present to prompt you. During the Classes and at every opportunity they do prompt the Blessed Ones everywhere to be firm and strong against those things. You are the loser if you listen to sinister suggestions, Precious Ones; do you not see that? You are not harming the Messengers or the Work, but you are just being deprived of the Glory which awaits you.

I am so grateful that there are so many of the Group Leaders here tonight to have this Radiation, and to go forth carrying It into their Meetings. We sometimes hear the report that small-group Leaders become discouraged because of the greater activities in the larger Groups. We love every one of the Groups throughout America, whether they are great or small. The largeness of the Group does not make any difference in Our Love, but the large Groups do release greater Power. However, do not dissolve your small Groups, Precious Ones, because of that. You do not know what is done in your Meetings through the smaller Groups, by your endeavors in issuing these Decrees. You do not know what a Service you might be rendering, but because the larger Groups have a greater momentum is no reason why you should dissolve yours.

We want you all to go on with your Groups, whether

small or large, and do all the Work you can; and Our Radiation will pour forth. Oh, Precious Ones, no one or Group is ever forsaken when they are honest, earnest, and sincere. Do you not see that? How could a Being wholly Perfect fail to render Radiation to any Group who was in earnest? Do you see that? Do not let the sinister force and suggestion rush in or disturb you. Go on and on with your Work, Precious Ones; and one day you will rejoice beyond all words to express, that you did continue to render this Service to your fellowman and yourselves. In the Service of calling forth all that you wish for yourself, to be given to all mankind too, you are rendering a mighty Service.

You are entering into a mighty Cosmic Activity. It is not just an ordinary activity of individual Application, even in Groups. Now you are calling forth the Power of Light through these Great Cosmic Beings and acting within the Great Cosmic Law. Such Activity has never existed on Earth before in any age, because the action of the Law was not at the point where it was permitted. Today you are living in a time of great, great rejoicing—a time when the Victory of your achievement is so great and so comparatively easy to what it was three centuries ago.

Shall I digress just a moment here to tell you Our conversation after last Sunday morning's Service at Mr. Lanning's? I think you would be interested. After

Jesus had dictated His wonderful Discourse, in conversation afterwards He said to Us who were present: "I rejoiced this morning with those blessed ones sitting in the open air; for in that time so long ago We had to hide in caves and places away from the rest of mankind, in order to worship as Our Hearts wished to do. Today in the open, under the great canopy of Heaven, all may worship as they choose." He said it gave Him such a great Desire to once again pour forth, as He had not done since the time of His own Ministry to mankind. He wants to try to cause you to feel His nearness and the Reality of that which all could achieve today, but which was started then.

Dear Ones, one day when you are privileged to have these Great Ones stand forth in the tangible, visible form and talk to you, then will you realize what was done that morning; what is done tonight; and what has been done through every Dictation since the beginning of the Shrine Class.

Just for a moment still yourselves, and *feel* the mighty Freeing Radiation which is pouring forth from the Group of Ascended Masters here tonight. Just let It permeate and saturate your whole atomic structure, your whole flesh body; and cause those Points of Light within every cell to expand, expand, and expand, until the Light floods your whole being. Let the great Light at your Heart just expand and expand and expand, until It envelops and saturates your emotional

and mental body, cleansing and purifying every imperfect thing and taking it out of your emotional or feeling world. Just *feel* this all dissolve as if it never had been. Then, feel the Great Ascended Master Light-Substance from the Love Star replacing it. Just let It replace and fill every cell of your body with Its great purifying Substance and Light. If it is healing your body requires, then say: *"Great Ascended Master Substance, which is Intelligent, fill all those parts which have been in distress. Dissolve with Your greater Activity everything that has been previously acting. Just dissolve it and replace it by this Pure, Perfect Substance which gives me Perfect Health, Joy, Happiness, Strength, and Courage of the 'Mighty I AM Presence' and the Great Host of Ascended Masters."*

O Sweet, Precious Presence of Divine Love! Flow in and through and fill each one with Thy Wondrous Presence. Go out into their worlds and fill all their activity with Your Presence of Divine Love, which makes everyone who looks upon them love these precious ones. Make everyone happy to serve! Give them encouragement and strength. Then, Great Source of Light, flood their beings and worlds with Thy Mighty Radiance, again carrying forth Thy Substance, Thy Ascended Master Substance from the Secret Love Star; filling the mind, the body, the emotional body, the mental body with Light! Light! Light!—until there is not a single shadow in either mind, body, or world.

Great Power of Wisdom, flood in and through the mind and body of each one! Take full command of all activity there, causing Your Wisdom to act at all times, until no longer do human concepts have power to act. Silence them, that this Great Wisdom may act at all times in each one, producing the Threefold Flame of Life in action.

How We thank Thee, O Great Presence of Light, O "Mighty I AM," for the Service which Thou hast rendered this night. We thank Thee, O Beloved Jesus, Beloved Saint Germain, Mighty Divine Director, Beloved Nada, Beloved Cha Ara, Beloved Chananda, Beloved Lanto, Mighty Gods of the Mountains! We thank Thee tonight for this Service rendered to these precious, oh, such very precious ones of the Light. May this hour never be forgotten in their continued journey in the Light. May this Radiance forever enfold and protect them with Its Invincible Power; directing them by Its Mighty Intelligence, enfolding them in Its Mighty All-encompassing Love and Light, that all may feel the Freedom, the Glory, the Infinite Life and Freedom which is theirs.

We thank Thee, Great Source of all Light, for Thy Service rendered tonight! Great Group of Ascended Masters, amplify this Feeling within these precious ones; and each day make all more powerful, more certain within their feeling, more firm to keep out all undesirable things. Make them stand with the spine

straight, receiving into their minds and bodies and pouring out into their worlds Thy great and mighty Purifying Substance. It carries within It all supply of everything that is required, which will take form according to the degree that you call It forth into action. If it be money you require: " *'Mighty I AM Presence,' release from Your great Treasure-house into my world this needed supply, and see that it is done now! See that all feeling contrary to this action is silenced and held in abeyance by me.*" Then, as you continue to make your Call, be firm and sure within yourself.

If it be health you want: " *'Mighty I AM Presence,' I stand a receptacle for Your Pure Energy! Send It forth through my body! Sweep out every imperfection, and replace it by Your Perfect Health.*" Then do not accept any feeling to the contrary; but just go on glorified more each day with the certainty of your Freedom, Victory, Health, Supply, and the Glory of Life —the "Mighty I AM Presence"—which enables you to be here. The Glory of that Life is waiting to flood your being with Its Purity and Perfection. As your attention is given wholly to your "I AM Presence," then only Perfection can flow forth.

Oh, Precious Ones, if you are calling for the Direction of your "Mighty I AM Presence" and sometimes find you have made a mistake, do not be disturbed. Go right on and call, saying: " *'Mighty I AM*

Presence,' I have made a mistake. I call on the Law of Forgiveness. If I have misappropriated Your great Energy, I call on the Law of Forgiveness; but I am dauntless in having Your mighty Intelligence, which is clear and definite, without limit." As you do this you shall have it.

My Love and Blessings, and that of the Ascended Ones gathered here, enfold you always in Our Mighty Radiance, calling you on and on and on—until that day when you stand in the Glory of your Mighty "Electronic Presence," a Free Ascended Being. I thank you.

CHANANDA'S DISCOURSE

LOS ANGELES, CALIFORNIA

JANUARY 20, 1937

WITH you who have read *The Magic Presence* I feel well acquainted, for you know to Us there is no time, space, nor absence. While reading of the experiences which occurred within Our Domain, every time you touch upon them you are in touch with Our Center of wondrous Activity. Do you realize that, oh, Precious Students of the Light? I say to those who might think they have read those Books sufficiently: do you realize that just the Words you read are only a part of this great, this mighty Activity? It is your attention to these great Focuses of Light which I want you to understand is the important thing. Only as your attention is fixed upon the Words describing these Places, which are very real, can you have the fullness of all that is waiting to be given you.

It is so with the Cave of Symbols. It is so with the Golden City, the Golden Etheric City; and it is so with the Retreat in Arabia. Beloved, Precious Ones, these things are no myth, no part of anyone's imagination! They are real physical places, mighty Focuses of Light and Power and Wisdom, by which humanity are held

in the Light—does this sound drastic to you?—held from their own destruction. Do you not see, Precious Students of the Light, if there were not some very great Assistance, the viciousness of mankind uncontrolled would destroy human beings completely.

If it had not been for the Reality of the Ascended Masters throughout the ages, beginning with the Kumaras from Venus, humanity would not exist today! This is a mighty, vital Truth. I call your attention to It that you may be more grateful to those Blessed, Blessed Ones who were the Vanguards of the Children of Light, in establishing and holding in obedience the destructive activity of the people of Earth —until that day when their attention could again be drawn to their Individualized Source, the "Mighty I AM."

If enough people would take hold, call forth the Activity of the "Presence"; use these mighty Decrees; flood Its Light into the Earth, into the mental and feeling world of mankind today, the work which humanity must have done for them can come forth now. They must have this Assistance today if they are ever to survive. I call your attention to the activities of strikes. What do you think is back of them? Certainly no constructive thing! Many of those people are honest and sincere in believing there is a constructive activity back of them. I tell, you there is not! It cannot be! It is not possible. Both sides of the activity

are out of agreement, which means a destructive ac
tivity.

The only possible solution that can come for man
kind today, individually or collectively, nationally o
internationally, is for enough of the people to call thei
own "Mighty I AM Presence" into action to produc
these results, hold the protection, and produce th
Perfection which is required. The human will not d
that of itself! So, today the opportunity stands befor
the Students of the "I AM," because the rest of hu
manity do not know how. The "I AM" Students mus
render this service for the blessing of all the mass o
mankind. There is no other way to help the peopl
out of their own discord.

Let Me call your attention to this: Look at ever
source of knowledge which has ever come forth to bles
the people. There has been no source on the face o
the Earth that has ever taught individuals how to us
these mighty Decrees, which go forth in the menta
and feeling world of the people to produce results fo
them. I know some of you blessed ones still wonde
how far-reaching these Decrees are. I tell you, the tim
is rapidly approaching when you are going to see th
gigantic effects they do produce. The most marvelou
results are being attained by issuing these Decrees in
dividually, as well as in the mighty Groups who ar
issuing them all over America.

I tell you, the destructive force has no power longe

to agitate and disturb the people. Let every "I AM" Student and everyone who knows of the "I AM Presence" issue these mighty Decrees to silence forever that invisible, destructive element which prods people into violence, physical rebellion, and all that kind of thing, in the belief they are forcing Divine Justice. Such a thing is impossible! It cannot be done! *You cannot through the human activity force Divine Justice! It must come through the Power of Divine Love generated by mankind.* This is why you, as Students of the "I AM," have a great privilege and a joy before you in bringing about this Transcendent Activity and change which must come. It cannot come from any source that does not know the mighty Power of the "I AM."

We give all praise and blessing to every channel of Light that has ever brought any Light to the people; but this Knowledge of the "I AM" is the final Knowledge which is to set humanity free, regardless of any human opinion. We know this from the Ascended Masters' standpoint! All of Us have applied this identical Knowledge that Saint Germain has brought to you for your Freedom. We applied It with earnest, firm determination and have the results. So, you must see that only from an Ascended Master Activity, which has gained Freedom by this identical Application, can you have the Encouragement, the Strength, the Assistance to sustain you, until you grasp the reins of

your own Dominion sufficiently to sustain your own power and activity through your "Presence."

Precious Ones, today your joy should be the greatest ever known on Earth. I am frank to say in the majority of the "I AM" Students it is so; but in your Knowledge of this "Presence," Dear Hearts, do not longer allow your intellect to interrupt or interfere with It. Just go on and on calling this "Mighty I AM Presence" into action with firm, calm determination. Say to everything that has any appearance of less than Perfection: *"I instantly withdraw all power from you! You are helpless to affect me or my world!"* Oh, My Precious Ones, you can do this with such speed and activity that soon nothing discordant will attempt to touch your world.

Dear Ones, it is such a great Joy for Us to continue to remind you of these simple, majestic activities. They are clothing you more and more each day with the certain, definite consciousness that you are really Master of your world. It is not so difficult. It is only because unknowingly sometimes individuals still accept through the feeling the old ideas. Do not be discouraged if once in a while those things intrude, or you find them acting in your feeling world. Just with a calm serenity say: *"Oh no, you human activity. You are finished! You cannot act! I do not give you any further power to act in my world! Therefore, you are helpless!"* As you take a firm, determined stand, do

you see that the human qualities cannot act in your world longer to produce unhappiness for you?

Please remember that We are not eavesdropping; but in our great Joy We watch—oh, We have to do it—watch the progress of the beloved Students everywhere. Can you not feel My Joy this moment as We call your attention to the mighty progress which has been made, oh, in so short a time, Precious Ones! Not one of you beloved, earnest Students who considers yourself one hundred percent for the "I AM," is the same being at all that you were even a year ago—not in the slightest. You may still look like you did; but yet I say from the Inner standpoint, you are in no wise the same being. Then, you can understand why Our Joy is so very great.

May I say a Word for the encouragement of a few of the precious ones who sometimes, when conditions sort of suddenly confront them and they do not quite see the way out, feel all-gone for a little while. Dear Ones, remember, it is not you! It is just a sinister suggestion which unknowingly you have allowed to register in your feelings. Instantly turn on it and tell it, it has no power; and you will dismiss it! Do you see that when you do this with firm determination, you take out of the quality which is starting to act, any power whatsoever to affect you longer? It is just simply marvelous when you find you have the authority and power to do this.

No earnest, precious one is ever forsaken, Dear Hearts, once you have touched this Light. Oh, it is so wonderful to know how the Great Ones are watching over you—watching for the opportunity at your Call, to amplify and assist you in every way, in ways you could not outwardly imagine. In the Activity of the Great Cosmic Light, which has become so tremendous in the outer world today, oh, Precious Ones, accept Its full Power to act in your world.

I say to you that by the end of June or July many of you will know the Truth of which I have spoken tonight. This is no idle activity; you have entered into a mighty Stream of Light, and unless you deliberately and willfully turn aside from It, It will serve you without limit. Do you realize how greatly privileged you are to be the vanguards of this Work which Saint Germain has brought forth? Why were you chosen? Why are you here in these Groups? Why have you been in these Classes? Not by just happening to be so. For your great encouragement I say to you with all the Love and Power at My Command: you are here because your Light was strong enough to make it possible for you to be selected. You were chosen among the first of the "I AM" Students to have this Knowledge and to spread this mighty Radiance forth. That is why, Dear Hearts, you are here. It is why the great intensity of the Light from your Hearts has drawn you close into this great Stream of Life. It should be of

the greatest encouragement in the world to every one of you. This is not to pat you on the back—oh, far from it!—but to give you in your feeling world the mighty Courage and Strength, because it is true. Your own Light drew you and made you a part of this great Activity.

You are the choosers of what shall come into your world. Remember this! You can, in the Knowledge of your "Presence," dismiss anything that you do not want. Assert your power in the acknowledgment of your "Mighty I AM Presence." I want to remind you again tonight, Precious Ones, that when you call your "Mighty I AM Presence" into action, there is no other Authority in the Universe.

If you wish to give assistance to someone, you do not have to ask that person's permission in calling their "Mighty I AM Presence" into action, because It is the full Law and Authority of their being and It wants Perfection to reign there; so you are not taking a chance. Do not ever let your human intellect make you wonder if you should do this or that when you wish to call the "I AM Presence" into action to bless or help anyone. The "Presence" is the Authority! You are but making the Call for their Freedom and Perfection. You, outwardly, are not doing anything but calling Perfection into the outer world, and everyone on Earth has a right to do it. So, watch out! Be free from any interference in your mental activity through

wondering if you have the right to do this or that. You have all right and authority to call the "Mighty I AM Presence" into action at any time to produce Perfection for another. Do not let anything make you waver in that; for in a Call for others, you gain tremendously for yourselves.

I know among some of mankind people have been taught that it is selfish to be free. If one individual waited for the rest of humanity to be free who do not want their freedom, it would be a long process, would it not, in attaining Perfection? Therefore, your part in the World is to call your "Mighty I AM Presence" into action to produce Perfection for you. As you gain in your own Perfection, your ability, your strength is ten, twenty, or fifty times greater to give assistance and to call the "Presence" of others into action to produce Its Perfection for them. This is why the Ascended Master is limitless in His Power and Activity, in His Power to give Assistance, according to the Law of the individual. Now that the Great Cosmic Law has permitted more Assistance to be given, you can be free, if you will.

You Precious Ones have the Law. Now apply It to your Freedom. Do not let a single thing daunt you in the slightest in making your Application. Keep it up, until you have the outer manifestation of the Perfection you decree and which your Heart desires. There is nothing in the world but yourself that can

keep you from it, Dear Hearts. Oh, how these Beloved Messengers have poured forth dynamic Application for your Freedom. They will continue to do it until you have your Eternal Freedom. Remember, these Blessed Ones are still in the atomic structure of the Earth with you; and their firmness in the Call to your "Mighty I AM Presence" for your Freedom is dynamite. It does and will produce results in spite of any human qualification.

Dear Ones, will you not join with these Beloved Messengers in pouring forth the Call to the "Mighty I AM Presence" to produce Perfection for every "I AM" Student throughout America and the World? They never cease! Will you be kind enough to join in a never-ceasing activity of calling the "Mighty I AM Presence" into action to produce Its Perfection in the World everywhere—in industry, in all activities, in official places everywhere. The blessed ones in those positions need strength to keep them within the reach of the Law of Divine Justice.

Through this a Service can be rendered today never before known in the history of the Earth. This Work, in the momentum which has gone forth, is producing results in the Inner Activity of the World. You would be positively astonished if you were suddenly able to witness it. We see all of this from the Inner standpoint, Dear Hearts; and We would not utter a Word to you that is not true. We speak of these things only to give

you strength and encouragement and to show you what your tremendous effort is producing. It is producing results beyond your fondest expectation and hope. They will come into outer manifestation. You will see and know, as the Messengers have in the hundreds of instances where the Application has been made earnestly and firmly, the results have been produced! It is only the beginning of the great mass activity which will go forth and produce such great results in the World.

Our Love is so great for precious humanity who can and will accept this great, great Light which Saint Germain has brought forth. One day, I shall ask permission of the Great Divine Director to tell you something about Saint Germain which you do not know. That Mighty "Presence" has done more for mankind than any other Ascended Master who has ever lived. Some of you may think I am belittling Jesus in this statement. That is not true! Jesus rendered a mighty Service, as the Messengers have told you—leaving the Etheric Record of the Ascension, a mighty thing! But His Service has not been continuous from the Self-conscious Application, as in the Activity of Saint Germain in the Work He has done for centuries. Remember, Saint Germain's Work, which has been called to your outer attention, began seventy thousand years ago! He and the Beloved Nada have carried many civilizations to their heights. That is what the outer

world, who have questioned Saint Germain, needs to know and shall know.

I stand as the Champion of His Mighty Activity to all mankind and shall always do so! Jesus has asked Me to make this Statement to you tonight. Saint Germain has had the Courage, and took upon Himself the responsibility of bringing many civilizations to their heights. Each time He has carried it through with the Assistance of the Beloved Nada.

These are things, Precious Ones, which the outer world is going to come to know. It is why His Work, today, cannot be interfered with by any human, sinister thing! We thank the Great "Presence" of the "I AM" with all the Love at Our Command, that these Beloved Messengers have had the strength, which He saw within them, to carry on without being destroyed; and that will continue!

Dear Hearts, will you believe it when again I assert: you have entered a mighty Stream of Light which no human, destructive thing has any power to interfere with, or retard Its onward Progress. Every destructive element—watch it!—will be swept aside as a feather in a wind storm, until the Goal, the Freedom of humanity, is reached. Is it any wonder that you, the Precious Children of the Light, pour forth such great Love to these Blessed Ones, when you have found those who have had the Inner Strength to do this? They have the strength and the courage to tell the

Students when and if they are making a mistake, and to hold them with all loving kindness in obedience to the suggestion of the Divine Director and Those whose Wisdom knows the things that need to be done.

Today, Beloved Ones, with all the great Firmness at Our Command, We pour into your feeling world the same great Firmness and Authority, to stand invincible in your "Mighty I AM Presence" until Its whole Perfection has swept into your outer world's activity, produced Its Perfection, and holds Its Dominion forever. There is no power in opposition to this Great Light anywhere in the Universe!

Show Me any teachers in the outer world who have poured forth so continuously such great Love as these Messengers have poured forth to the Students everywhere. It is unparalleled in the history of the Earth; and instead of diminishing, It is every day expanding. How can any earnest Student allow a single feeling to register in his or her being but Love for these Blessed Ones! Your Freedom, Precious Ones, comes in your love poured out to your "Mighty I AM Presence," Saint Germain, and these Messengers.

Remember, Saint Germain had the Courage and Power and Strength to bring this forth. These Beloved Messengers have had, under His Direction, the power and strength and courage to carry forth this Message in the face of the most destructive element mankind has ever sent forth. I say that to you with Authority!

The Ascended Masters, the Legion of Light, the Great White Brotherhood, the Great Cosmic Beings, and the Gods of the Mountains, seeing this, have all joined in this Activity with the Determination to set mankind free, if the people will but give their attention to Them—first to their "Mighty I AM Presence," and then to These Great Beings. This is why, again tonight, We call your attention to this mighty Activity—your immeasurable Privilege not only to have your Freedom, but the great assistance you can pour forth to bless each other and all mankind. Will you not do this, oh, Precious Ones, whom We love beyond all words to express!

Will you not with renewed determination stand with greater determination, stronger and more powerfully with your "Mighty I AM Presence," in calling It forth in great calm determination! Oh, do not, please, Precious Ones, have any frenzied activity in calling your "Presence" into action; but with a great calm, serene activity that releases such great Power from the "Presence," enter into It. *Feel, oh, feel* the Glory of your "Presence" flowing in and through you; beautifying, perfecting, and giving you Perfect Health in body and mind. Then, let It flow out into your world with Its mighty, irresistible Power to produce Harmony and Perfection there, holding everything in obedience to this Great "Presence" and Light, until everything of a discordant nature is swept out of your world and

out of the world of all humanity.

That is what We want you to have. With all th Love at Our Command and with, oh, such great Gra itude, We pour forth Assistance to blessed mankin who have been willing to accept this Knowledge c the "Mighty I AM" and carry on in this Work ind vidually and collectively, producing such great result We thank you; and in deepest gratitude We bow be fore that Great "Presence" which beats your Hear calling It into action in greater, greater, and greate Dominion in your mind, body, home, and world. Ou of the fullness of Its Great Strength, Power, and Pe fection may It reign, holding Its Dominion in you an your world; producing each day greater and greate Perfection and Blessings to you and your associate

In the fullness of the Power, the Wisdom, and th Light of the Great Host of Ascended Masters, ampli fying your Call to your "Mighty I AM Presence," W call tonight. We call this tremendously, eternally sus tained Charge into your world and activity, causin It to produce Its Results and Perfection for you. W charge you individually with the Great Ascended Mas ter Substance which will assist you greatly in gainin your Dominion, but do not give power to anythin else but your "Presence"! There is no other power i your world but your "Mighty I AM Presence"! If yo give power to something else, the fault is yours. Yo know the difference, and from now on you may no

accept discordant appearances. You may only accept the full Power and Perfection of your "Presence" flowing out into your world.

If you accept the appearance of less than Perfection, then again the fault is yours. I plead with you, stand guard through your "Mighty I AM Presence," so you do not in the feeling accept anything ever again but Its full Power and Action. Then quickly your world will be set into Divine Order and flooded with the glory, the joy, happiness and supply of everything required right at hand, to glorify you and allow you to serve in the fullest, most powerful manner that any Heart desires.

Tonight, in the fullness of the Blessing which is pouring forth to you, will you not accept It with great loving kindness; feeling Its Supremacy taking command to act in your world until you, through the full conscious feeling, feel the Dominion of your "Presence" to forever sustain you.

Tonight We leave Our Blessings with you and cause them to be ever active and wholly sustained in, through, and for you, your home, and your world. I thank you.

PELLEUR'S DISCOURSE

GREENWICH VILLAGE, NEW YORK

OCTOBER 13, 1937

BELOVED Ones of the Light, today I take the opportunity of drawing your attention to the recent experiences of some of the Students. We from the Interior of the Earth are cooperating with the Great Cosmic Light and with that which is on the surface of the Earth, to hasten the release of the greatest possible Perfection for the Earth.

In the experience of the people in Washington, D.C., who saw the sinister cloud dissolved and consumed, the Ray from underneath came from within the Earth. If through your attention you understand this cooperative Activity of all the Forces of Life, you will understand how the most gigantic Activity of the Forces of Light has been focused upon the Earth at this time. It is the most concentrated Focus projected forth since the second Golden Age, when such great Perfection reigned everywhere.

Mankind have drawn away from the Light and their "I AM Presence" voluntarily, and they must go back of their own volition. With this enormous Assistance which is being given, what would have required centuries may be accomplished in just a few years. You

must understand, in your individual lives, as well as the life of the Earth and the nations, that the Light of the "Presence," or the greater expansion of It which you call the Cosmic Light is coming into action in the Earth in your outer experience.

Your airplane propeller and fan are perhaps the most logical explanations of the Inner Forces acting. When you spin them at a certain speed, you intensify not only the action but the invisibility. When they go at such rapid speed that you do not see them with the physical sight, still you are conscious of their effect and activity. In the Activity which is coming forth at this time, you will not always see the Power that is acting; but you will see the outer effect of Its manifestation. I urge all of you, especially those who are intense: please do not allow your attention to focus upon any definite outer manifestation. Just go on in your Application, letting the Wisdom of the "Presence" direct the manifestation.

I say this for a reason, because We have seen among the Students those who, just because it would be such a great joy, really long in their feelings for the Presence of the Ascended Masters or some Manifestation of unusual Power. That, of course, in itself is quite all right; but the trouble is, Dear Ones, a dividing of your attention.

Let the Wisdom of your "Presence" within, bring that all about in Its own good time. You, a being of

Free Will, have drawn about yourself these limitations, which individuals are experiencing today. The imperative thing for all is to focus their attention upon the "Presence," which will allow the dissolving and consuming of every discordant creation you have drawn about you, or any kind of creation which is less than Perfection. This must be cleared away before it would be wise to release some other things, which will be released. Your discordant creation must be consumed before the revealing of the "Presence" of the Ascended Masters can take place.

Oh, how ready They are to come forth! As you have heard so many times, Their Wisdom knows best. They will not jeopardize the great Achievement of today for the satisfying even of blessed earnest ones in some things, which would otherwise be easily and readily brought forth. Just be patient in whatever you individually would like. First allow the great Activity to be focused for the Protection and Blessing of America, for that is the most imperative need today.

Remember, We were driven into the interior of the Earth by the discord on its surface. We were once on the surface of the Earth as part of humanity in ages past, just as you are today; but We were driven into the interior by the invading hordes whom We did not care to slaughter, so We withdrew out of their reach.

In Our Civilization within the interior of the Earth there is no discord, because Our people are trained

from childhood to be harmonious. We have means of maintaining Harmony. If there be anything discordant in the past Life Stream of the individual, We look down the Life Stream and, with the permission of the individual, dissolve and consume all that is undesirable which might have been generated on the surface of the Earth.

Beloved Ones, there are so many wonderful things which mankind will come to know; and such information will give great joy. Yet humanity's most imperative need today is to hold each one's attention upon the "Mighty I AM Presence." Then Its Power may flow forth to do what is required at this time. Afterwards—just think of it!—you can be taught to come and go from your body, just the same and just as easily as you pass from this room into the next. Leto has performed that service for Rex, Bob, Nada, and Pearl. It is only because mankind has not understood all these Inner Powers, which are all so natural and are the real Ones, that they think such activities unusual. The outer experience of mankind is but a make-believe existence. It is not the Real.

As you keep your attention to your "Presence" and with great firm determination keep calling Its Power into action, then all human accumulation will quickly be dissolved; all accumulation of whatever is undesirable will be dissolved. As the Power of the "Presence" flows through, individuals will be lifted so they

can come and go naturally from the body. Then you are free! Even as you sit here today, if Leto were to come into the room in Her Tangible Body and take you one by one, release you from the body and send you forth, you would be able to do it just as naturally as you go from one room to another and from one home to another.

All of these Powers are natural. Please feel that! Then it will be so much easier for you to come into their action and use. The trouble with mankind has been, because a subject touched upon something they had not heard of, the human immediately sets up a barrier and either says or feels: "I doubt that! I don't believe that is so!" Immediately, so far as that individual is concerned, it shuts the door to him from having further information concerning the subject, which might be touched upon at this time. Ofttimes the individual shuts the door to other things which would be a natural activity of his own being, coming to him. I tell you, there are tens of thousands of people in your America today whose Light is very great and who have had previous understanding, as is the case with many of you.

Therefore—now notice this carefully—they experienced possibly something tragic in the outer life, which caused them to turn away from this Light. That experience is still having its effect upon them. It is why some people doubt so tragically. They do not

know what the cause of the doubt is; and it is why so many people use your ordinary expression, "Show me!" Well you might show individuals—I mean the doubting Thomases—you might show them the Presence of an Ascended Being; and before twenty-four hours were over their heads, they would swear they had been hypnotized and it was not so. It is not the real individual who would do that, but it is the accumulation from past centuries of doubts and fears. Just because they fear a thing, they doubt it.

If you were to look back into the Life Stream of individuals who have used the expression of doubt, you would find back of their doubt is fear of the thing they doubt. This is why, today in the attention to the "Presence," all these qualities of mankind are swept out of existence.

You are fortunate indeed who are freeing yourselves from all these things, because after all, Dear, Blessed People, you are the ones who are to be benefited. Unless you make earnest Call to your "I AM Presence" and stand by It, you will be affected by the doubts, fears and conditions of mankind about you; and if you allow them to prevent your Victory, well, then you alone would be to blame. That is the way with all mankind who have doubts and fears. They think that they are performing some service, when it is but their own creation preventing them from the Freedom which in each one of their Hearts they really crave.

In Our Assistance, oh, how great is the Joy! Sometimes I have longed to bring you here, to visit Us and see in this great Wonderful Blaze of Light Its great calm Stillness and Peace and the soft White Light which has neither night or day. In It, all is a great calm Peace, free from the agitation and turmoil at the surface of the Earth.

Remember, Our Service to the Earth is quite wonderful because We are able to release from within, a Radiance which is helping tremendously to dissolve and consume the astral or psychic world. I notice today many whose attention has been upon Astrea, a Being who is rendering the most amazing Service to the surface of the Earth. He is not only dissolving and consuming all the qualities and conditions that make the astral or psychic world, which is next to the surface of the Earth; but He is consuming those same qualities and conditions also for the individuals who are making such earnest and intense Call for that to be done. Astrea, Oromosis, and the Archangel Michael are rendering a Service to the Earth which one day you will all see, know, and understand how very great It has been.

Rejoice, Beloved Ones, in all that is going forth. Even since your arrival in New York, how marvelous the Blessing has been! Only the Great Ones alone know. Just rejoice and do not be disturbed or affected by the outer appearance world. It really has no power

to affect individuals who will say to that appearance and stand by it, *"You have no power, in the Knowledge of my 'Mighty I AM Presence!' "* You cannot just say that physically and have the desired effect; but you can, in the Knowledge of your "Presence" as the one speaking, say to all human appearances, *"You have no power!"* and they immediately cease to have power, so far as your individual life is concerned. Try to feel that always!

I think I should perhaps call your attention today to the privilege you have to call forth more energy when you want to rest at night. If your time is cut short by the needed service of the outer world, you can have the rest in two hours which you ordinarily have in eight, if you but consciously call your "Mighty I AM Presence" into action to produce that Blessing for you. Do you not see how your "Presence" answers every Call?

Then be careful what you do in the morning when you first awaken. Through old habit your attention begins to contemplate conditions of the outer world. If you will take your stand and as soon as you become conscious, focus your attention on your "Mighty I AM Presence," the affairs of the outer world will not rush into your consciousness and begin to act so quickly. It will give you time to call your "Presence" to charge your feeling world with Its Direction, Wisdom, Energy, Harmony, and Perfection for the day's

requirement. Then you will have stabilized yourself for the day.

Dear People, you can do this so easily; but it means you must do it consciously. You turned away from the "Presence" consciously, and you must do these things in your return to the "Presence" consciously. That is the need of mankind today. The "Presence" does not act independently of your conscious Call. I should qualify that statement just a little in this respect. When you have continued earnestly with great determination to call your "Mighty I AM Presence" into action, then you gain a momentum of the Power of your "Presence" and draw It forth into the activity of the outer world. You will find innumerable things being done with what you call the involuntary action, but that means you have established a momentum by your conscious Call to the "Mighty I AM Presence."

These things sound very simple in worded expression, but they contain a Power indescribable within them. Beloved Ones, as you understand these Laws and apply them, every step is definite, powerful and permanent. Every Call you make is answered. Suppose today you started in with a definite Call for some specific purpose, and you keep that up three times a day in regular succession. Every time you call, you have raised yourself one step nearer your achievement. That is real; that is permanent! Everything you do in the Call to your "Mighty I AM Presence" becomes a

permanent thing. Every inch you gain in the Call to your "Presence" remains. You will never slide back from that point, because you cannot.

This is a wholly different activity for human beings in their Application than from the old metaphysical standpoint, because by mental power you repel a thing, but that does not mean it is consumed. You might be free of it yourself, or it might come back; but in the Accomplishment of your "Mighty I AM Presence" it is done forever, so far as your own enbodiment is concerned or your own achievement. It is also consumed from the atmosphere of Earth.

Today the Great Ones are so joyous in having drawn the Pillar of Light and the Unfed Flame into the home of this blessed one and her family. Her Heart is so wonderful, so firm to the Light and so unyielding to all else! Why do you suppose certain individuals are drawn together? Some of you will remember in the West not so long ago a certain Group was drawn together. Today, again a Group has been drawn together, because these individuals belong together. We cannot take the time today, but perhaps sometime in the future We shall tell you how you rendered a great Service to the Light while you were together. Then, you will all rejoice and feel very much closer than you do even now. Why? Why is it, that out of the millions of people in America, certain individuals should be drawn to this blessed one's home

today? Do you not see it is a great Law acting? Things do not just happen, for a great Inner Law is always acting.

Try to feel such rejoicing in all that is being done; and to any appearance of the outer world, oh, be so happy in looking that appearance straight in the face and saying to it, *"You have no power to limit or affect mankind!"* Not only do you say that for yourself and feel it, but to every discordant thing and appearance in the outer world, say, *"You have no power to affect, limit, or disturb mankind again!"* As you feel the Power in your Decree, you will put forth the assistance which is needed.

Oh, just think of it! You are in this Radiance. It is becoming more and more natural to you, but think of those who are so far out of Our Radiance that they do not even imagine what It means. They need Our Assistance; oh, how greatly they need It! Never be discouraged or disturbed if someone does not accept this Understanding. At any time individuals fail to temporarily accept It, just change the subject and call their "Mighty I AM Presence" into action in Its full Power, to take command of that mind and body, produce Its Perfection and hold Its Dominion there. Such a Call will render a great, great service. The human cannot govern these things, but the "Mighty I AM Presence" called into action will always do it.

You remember the experience in Miami, Florida —most of you have heard it—when a lady came into the Class and was so incensed at Mrs. Ballard's reading from the manuscript, that she rushed out of the place condemning the Messengers and the Work. This Good Messenger came along and someone told him about it. Ordinarily he would have said, "God bless her," and have forgotten it; but instead, he said: " 'Mighty I AM Presence,' seize her and bring her back!" She came back and became a very blessed Student.

Sometimes there are certain individuals where a sudden dynamic Call to the "Presence" would release them. It is not always the case. However, you have no idea just what anyone's "Presence" will do for anyone if you call It forth into action. That is why I am bringing this point to your attention. You have no idea what anyone's "Presence" will do, even if the outer does refuse acceptance for the moment. Your intense, dynamic Call to the "Presence" opens the Door and how do you know but what the next hour will release the individual completely into the Understanding of the "Presence" and this Light.

Today, in the fullness of this great Love and Harmony, I congratulate the blessed hostess on the great earnest intensity with which she has drawn the Radiance into the home. It has been the Joy of the Great Ones today to assist in amplifying this Radiance, and

in using a permanent Activity which will forever continue to expand to give her greater happiness, greater Assistance, greater consciousness of her own Dominion in her Call to the "Mighty I AM Presence" to produce the results she requires.

While you were in the dining room, each one of you was enveloped in the particular Radiance which is required for you individually. It will continue until you have absorbed every particle of It into the atomic structure of your body. Others have been rendering to you Their Service. Today, I shall render Mine. Maybe It is not so great as some; but still, It is helpful. It has been My Joy to enfold you—each one—in this Radiance, so you may absorb It and let It do Its Perfect Work in the atomic structure of your body. Many of you have been calling this forth, so again your Call has been answered. Of course you understand that in all Our Assistance, the amplification of your Call to your "Mighty I AM Presence" is also acting.

I rejoice in how still you are able to become. Do you know how stillness really is produced? It can only come by the quieting of your emotional body and feeling world. When you are able to enter into the stillness which is here now, you will know that you are gaining control and Mastery over your feeling world. It is the feeling world that gets agitated and makes you restless. Take firm command of it; and

every time it wants to wiggle around, say, *"Now settle right down here and be quiet!"* Soon you will gain such Mastery that you will have no difficulty whatsoever. If you choose to just sit without moving a muscle for hours, you will be able to do it. That is the gaining of Mastery over the atomic structure, which has run riot in every conceivable feeling. Is it not strange that mankind have been so governed by the sense of feeling in the outer world, when beating each Heart is the great Calm Sea of the Eternal Silence!

Only in the great mountains does the outer world find the Great Silence so naturally expressed. There you can sit and feel absolute stillness; and as you speak, your voice will come back to you from the distance. Today in this room you have entered into the Great Silence, which the Silent Watcher established for you last night. Will you *feel* It; let It enfold you, grasp the atomic structure of your form, and hold it within Our Great Silence, until every vibratory action is stilled. Then, by your power of qualification, call your "Mighty I AM Presence" to sustain It forever. At any moment you wish to re-enter this wondrous state of Silence, you are able to do so.

I call It to your attention today. Please watch It. It has thus been established. When you wish to again return into this Silence, you will find you can do it instantly—sometimes out of very great seeming agitation.

Try to accept this in the fullness of Its Power, and let It act for you.

Does it sound unkind to say to the human form: "You helpless creature! You who have taken so much credit to yourself, are without power of action, except from the Presence of Life"? True it is! This atomic structure is helpless without the Ray of Light and Energy which gives it Life in action. In this Stream of Life is all Intelligence, all Power, all Activity of achievement. It is not limited! Then, do you not see how not only your freedom from limitations can be obtained quickly, but even your Ascension? There is no outer reason. This Stream of Light is the One who performs that Service for you. It is All-wise and All-powerful. Why not have your Ascension?

Try to feel how practical all these magnificent things are—even the Ascension, the Goal of all Life. I mean so far as your outer, physical life is concerned, It is the Goal of all Life. Of course, you go on and on and on, in ever-expanding Magnificent Activity.

You who are sitting in this room, perhaps far sooner than you dream will be wielding Power which today seems so incredible to you, so much so that it seems impossible. Yet I say, with any one of you there is nothing impossible—even today—in the Power of your "Mighty I AM Presence" released into action. Try to feel It! Let It have full Power and sway! Let It have Dominion! Let Its Glory flood you and all your world!

I thank you, Beloved Lotus, for your recent Call to Me. Remember, the Light is taking Its Dominion upon the Earth. Try to feel and rejoice, all of you, in the fullness of all that is before you. Oh, you are just in the beginning as yet. Glories you cannot conceive of are before you in the great Calm Peace within, which enables the Power of the "Presence" to flow forth at your Call—unqualified by any imperfection. It will flood forth so quickly to fill your body with health; your world with peace, harmony, and the Perfection of the "Presence," releasing every good thing that you require.

The Great Ones wish Me to convey Their Love and Blessing to each one of you. Feel this day a second step in the great Victory gained. May I say before closing, to our beloved hostess, that I knew your beloved son in the long past; and in his journey I shall ofttimes be with him. He was in Our Civilization at the time We entered into the interior of the Earth, so I knew him quite well. That is why I loved to come to your home today and leave with you, your family and all, My Love and Blessings, with Its enfolding, expanding, protecting Radiance and Glory. I trust by his attention being called to Me, that he will oftimes be conscious of My Presence. That will enable Me to do many things which I should like to do for him.

With the Love and Blessing of the Great Ones, We

enfold you now in Their Eternal, ever-perfecting Presence and Activity. May each blessed one of you be blest with the fullness of the Infinite Power of Light. I say to you, Beloved Lotus: what a marvelous thing it is to broadcast to the World the Power of Light, because It is the incoming Power of the World! It is the Power—Incoming Power of America!

Every blessed one's Call has been intensified in your Acknowledgment of your "Mighty I AM Presence" since yesterday; so enter into a greater and greater joy and intensity in your Call, *"The limitless Legions of Light sweep across the face of the Earth, and all human darkness disappears!"* That is a Clarion Call which goes to the uttermost Powers of Light. Perhaps no other Call for the need today is so great as that. Why? because all activity within the Earth or upon its surface must be directed by Wisdom and Intelligence. Therefore, in the Realm of the Activity of the Cosmic Light, the "Legions of Light" means the Great Ascended Masters, the great Cosmic Beings, the Great Cosmic Masters and Legions of Light combined. It means that the Great Intelligence and Wisdom of the Universe has come into action, to direct this mighty Power of Light unto Its Perfection for the Earth.

Will you not feel It; and each time you make this Call individually or otherwise, feel and see those Great Powers sweeping from the West to the East! Notice how everything is reversed. Formerly you would have

expected the sweeping from the East to the West. Today the Great Legions are sweeping from the West to the East—sweeping back the war clouds; holding them within their own creation until they can be dissolved and annihilated.

So, We thank you, Beloved Ones, for this privilege and joy today. May you feel Its Ever-enfolding, Expanding, and Blessing Activity to each one. We thank you.

GOD TABOR'S DISCOURSE

LOS ANGELES, CALIFORNIA

JUNE 27, 1937

CHILDREN of the Light, your Hearts are reaching out so earnestly for your Freedom. Your loyalty to America is being proved so wonderfully in your mighty Decrees, which are being issued for that Freedom. May I take just a little of Saint Germain's Glory today? I belong to America too! Therefore, Dear Ones, I join with you and say that I have been working in the past for the Freedom of your beloved America. It *shall* come, Beloved Ones!

The Light is always more powerful than the shadow. When you move in the sunlight and see your shadow following, you are not frightened at it, are you? When you are in an airplane and you pass through the clouds, often there is around the shadow of your plane a complete rainbow. Have you ever seen that? It is wonderful! It is marvelous! Do you know what it means? It means the Radiance of the Light is *always* the governing power of the shadow. The shadow sometimes follows for a time and then disappears. So it is, Beloved Ones, with human creation.

Mankind in the lack of understanding have to some

degree welcomed it, not knowing how to get rid of it. The Truth is, individuals to a large degree were actually welcoming their own creation, therefore giving it power through the appearance world. Now they have begun to understand that such things are not necessary and such appearances must all be changed. In the Understanding of the "Presence," whose Power produces all change and brings in all Perfection, the whole current of energy released by mankind is being reversed.

Sometimes when you hear the Messengers use the powerful Statement: " *'Mighty I AM Presence,' turn it upside down and bring an Ascended Master Miracle of Your Perfection out of it,"* it means that the condition is being reversed. Out of the lack of understanding comes the True Understanding of the "Presence." This Understanding is the Powerhouse by which all humanity is transformed.

May I remind you again today, that in calling your "Presence" into action to produce Harmony and Perfection in your world and America, Dear Ones, there is no struggle. There is no battle! There is no war feeling in it. It is the Call to the Light. The Release goes forth; and the Light, knowing no resistance nor interference, just moves in, dissolving everything unlike Itself.

Keep reminding your outer intellect, which naturally charges your feeling world, that in the change

which comes there need be no battle. In the great calm serenity and issuing of these Decrees into the mental and feeling world of mankind, the Light—which is Self-luminous, Intelligent Substance—proceeds into action with the Infinite Power of the Universe to produce this result which you desire so much, and which is so imperative for America.

The achievement of the past three months is so very remarkable. We touch upon it occasionally to give you the Courage and Strength to realize how great it is. Words could not describe the achievement of the past three months, but I trust you will realize it in your feeling. As you enter this marvelous Shrine Class, you will feel a Release of Power that you have never touched in your Life. Even the beloved Students who have been in touch with the Work from the beginning, will find an amazing release of Joy and Strength within them.

I say to you, Beloved Ones, and I plead with you: do not give power to the gossip that goes about. Unhappy, unfortunate individuals sometimes start those things; but I ask you everywhere, do not give power to them. You cannot prevent human beings talking, but you can prevent gossip anchoring within your world. If you revolve it in thought or conversation, you are sure to anchor it within your feeling world. Say to all those stories that are brought to your attention, "Is it not unfortunate that there are a few who

listen to such things!" Please do not do it, for your own sake. Dear Hearts, if you hear such things, let them die right there. Do not spread gossip, which is so foolish.

Harmony throughout the Students is the most needed thing. People who do not understand the "Presence" are not supposed to be able to control themselves like the Students should be able to do; but if you move among people spreading discordant stories, do you not see mankind will say, "If that is a sample of the 'I AM' Students, then I do not care to be like them." Precious Ones, let Me impress upon you today as never before in your lives, that every one of you who says, "I am an 'I AM' Student," must be an example of Perfection to all humanity. If those who would like to become interested hear you discuss or repeat gossip or some discordant thing, then you have missed your opportunity to spread the Light.

If you allow yourself to give expression to those things while claiming to be an "I AM" Student, you are allowing the sinister force to act and bring in its destruction. Today, I want to make this so clear and plain that no one ever again will yield to such a thing. What is it that wants to repeat and discuss discordant things? Certainly not the "Presence"! Then, it is accumulated discordant qualities—possibly amplified by entities or something of that kind—which urge individuals to enter into such destructive feeling that they

cannot accept the Light which would be their Freedom.

It matters not what the cause of it is; so long as you allow discord, criticism, and condemnation to register in your feelings, even before you express it, then you are charging your feeling world with those qualities. Do not do that! You must handle it sometime, somewhere! If you are not strong you will not be able to handle it. Call to the "Presence" with great determination that It may stand Guard.

It is so easy. Every time someone starts to express something discordant or critical to you, say: *"Now, just wait a minute! In the Law of our 'Mighty I AM Presence' we may not give expression to these discordant things. If there is an appearance of discord there, then our part is to call the 'Mighty I AM Presence' into action to govern the situation, person, place, or condition. That is as far as we may be concerned about it."* If every one of you will just take this stand, Precious Ones, your city will be a flood of Light.

There are always those, Beloved Ones, who because there are selfish motives within them and because they cannot have their own way, often spread discordant things. Well, that is not of any importance. This concerns your business, your home, your life, your entire activity, Beloved Ones. It is not just a matter concerning the Work of the "I AM"; it concerns your whole Life. If you wish to succeed in your business; if you

wish to succeed in your musical work; if you wish to succeed in your Group Work; if you wish to succeed in any activity in which the outer world requires your service, then the foundation of that success is, first, harmony within your own feeling world.

Now mark you, if you be the head of a business, if you be the head of an activity, then you have also become the Heart center of it. If you know your "Presence" and will call It into action, and every time someone brings something discordant or destructive to you, say, *"Very well, now we will consume that right now; so please do not repeat it again."*

Do you know that it is only the revolving and repeating of a thing which makes it gain momentum in your life and finally bring disaster upon you? You can see an appearance that is destructive, but you do not have to accept it into your world. It will not register in your world as a rule, unless you begin to revolve it in thought or speech.

Dear Ones knowing these Laws, and to those who might not be familiar with this Work, I say to you: Beloved Ones, study earnestly, without previous opinion. There is nothing in this magnificent Work which Saint Germain has brought forth that can disagree with anything constructive on the face of the Earth! If mankind will calmly and serenely study It without criticism or condemnation, they will receive Its Truth; but if the Great Radiance given forth in the Books

and the Instruction is clothed with human concepts, then how can anyone know the Truth? I say, there is not one thing in all this Understanding of the "Mighty I AM Presence" which can in any way conflict with any other constructive activity. It is only as the human concept clothes it with opinions and charges it with discord, that mankind thinks it contains anything antagonistic. It does not!

Your own "God Presence," which every human being has sought throughout the centuries, is represented to you in that magnificent Chart. It gives your exact position to your own "God Presence," the only Being and Place from which Perfection can come, or the solution of human problems and conditions.

As you have been applying this in your individual life, for America, and for your cities, irrefutable evidence is being brought to you of the Power the Divine Director is setting into operation in your cities. He told the Messengers He had been waiting for this Call, for in some instances They may not even suggest a thing; but when you suddenly receive the feeling and from the human octave make the Call for a certain activity to take place, then They can release the Power, the Intelligence, and the Energy by which it is accomplished.

He caused the Angels of Blue Lightning and the Sword of Blue Flame to sweep through the city of New York every eight hours. The atmosphere of that city

was changed completely, as people by the hundreds who know nothing about this Work whatsoever are acknowledging today. Beloved Ones, as you hold yourselves calm and serene, you cannot help but see the evidence before you everywhere.

Notice, how every time the Beloved Messengers have left your city, all kinds of stories run rampant; but when the Messengers return, all such foolishness dissolves and fades out. Perhaps you would like to know just how that comes about. In the first place, it is because the Messengers are humble and loyal to the Light, the "Presence," and the Ascended Masters. In the next place, they have become so vividly aware of what has been said to you repeatedly—that when you call the "Presence" into action, It knows no resistance or interference. They have become so aware of it, that when they call the "Presence" into action, they know positively the thing called for is done. Beloved Ones, will you please do the same thing? Will you feel the same thing? Your "Presence" is the Infinite Power of the Universe. In Its Activity It knows no interference. It simply goes into action to produce the results you require in your individual lives or in America. I tell you, the accumulated discord has no power to intrude into the Heart of this Planet, which is America!

It has no power! Therefore, We join you in declaring that the appearance world no longer has any power to spread its discord to agitate mankind. As

you continue to call this Infinite Power into action, It goes forth and governs all such conditions, including individuals. We have seen destructive desires taken out of agitators in an instant, and that has stopped destructive action.

How do agitators originate? By two means: first, by the power of revolving any human discussion; second, by discordant entities who have failed on the Pathway of Light and want to spread only destruction.

Beloved Ones, incredible as it seems, I tell you that when only the human qualities are acting within the individual, as your Beloved Saint Germain has told you repeatedly, "The human ungoverned is more vicious than the animal in the jungle." It has proved true throughout the World for centuries. This is why all of the Ascended Masters plead for Harmony in the feelings, and ask all to refuse acceptance to discordant things through conversation or otherwise. It is the only means, Beloved Ones, by which you can free yourselves and your worlds and give the assistance to America which is required.

Remember again what your Beloved Saint Germain has recently said to you: The Great Outpouring of Cosmic Light, for the first time in the history of the Earth, is making it possible to release Power under the Ascended Masters' Direction to dissolve destructive forces and conditions. This has never before been

permitted because of the individual's Free Will. If you will realize this, you will find entering into your feeling world through your Heart, the Courage, Strength, and Power to release through your feeling, these Mighty Currents of Energy from the "Presence." Thus they go forth and do their work—not only in your individual world, but for others, for America, and for Europe.

Since the Great Divine Director asked you to render a certain Service to Europe, I wish that you might suddenly see with your own All-Seeing Eye what has been done through it. Do you not see that when the Divine Director asks you to render a certain Service, it is because He sees that through your effort He will be able to do certain things for the Blessing of mankind in general? Remember, He is a Mighty Cosmic Being who has seen fit to come into your Groups, into your Classes, and render this Service for the Students individually, that they may release more Power from the "Presence" into action for your cities and Nation. Then, Beloved Ones, is it not the most perfect Co-operative Activity that has ever been known?

Mankind have not known how to do this because they had so completely forgotten their "Presence." In all the prayers, magnificent as they are, which have been poured forth to God, how fragmentary are those prayers in comparison with these mighty Decrees which you are issuing! The difference between a prayer as mankind has understood it, and the issuing of a

Decree, is that most prayers are supplications; and a Decree is the Acknowledgment of God the Almighty "I AM Presence" as the only Presence and Intelligence acting. You see at once the difference in the power released to produce the results, and the difference in the individual's feeling.

This is no condemnation nor criticism of prayer. It has been a wonderful thing, even to have the previous knowledge of prayer; but you see it does not always produce one hundred percent results. In this Mighty Ascended Master Law, you know you have entered into the complete deeper Understanding and All-powerful Application of the Law. You have come to know It not only as the Law of God, but the Law of Life, of which you are a definite part. Then you know you *have* entered into the Conquering Presence of Life. It is what all are seeking to be, Beloved Ones —the Conquering Presence of Life! Does that sound as though Life had some imperfection in it? No! But because of mankind's power of qualification, it means that the power of qualification is used only for the constructive activity of Life—wholly! No longer, by your permission, can your feeling act to requalify this mighty Energy discordantly.

Remember, Beloved Ones—who have the understanding of your "Presence"—if you insist on allowing your feelings to become discordant and, through that, requalify this mighty Energy as It goes forth from

you, then you become still more responsible for the discord of the World. Remember, It is pouring forth every minute through the Power of Radiation and you cannot stop It!

I am just going to touch upon this lightly, because in the Call of the Students, We have been compelled to witness certain activities. When I see such blessed ones, in a moment when they are off guard, allowing themselves to feel discordant or give expression to the repeating of discordant gossip—which is *always* untrue—can you imagine the feeling within Our Hearts? Then, We watch for an opportunity to try through the feeling world to prompt them not to do it again. Beloved Ones, We are compelled by the Law of your Life to keep reminding you of these things, until you no longer allow them to act in your world.

There is no use giving forth deeper Teaching until individuals utilize what they have, and you have used only a fragmentary part of what is before you. Remember, you are responsible only to your own Life, *unless* you are expressing discord; then you become responsible to *all* mankind. You are adding to the burden of mankind by whatever discord you express. In the Understanding of your "Mighty I AM Presence" you cannot do this without penalty, because you have called forth a tremendous charge of Energy from your "Presence" into your feeling world. Then, if you

continue to allow discord to clothe that Energy and send It forth, you become more and more responsible to the great Law of Life and to your fellowman. The individual who does not understand the "Presence," cannot release the great volume of Energy that you can. It is not possible.

Therefore, Beloved Ones, stand guard! Call the "Presence" to stand Guard over your world! If vicious things are acting in your feeling world, stop them instantly—I plead with you! Do not have an opinion about another. If there is an appearance which seems to need correction, call to their "Presence" and then forget the incident. It is the only way you can be Free.

We love you so greatly, and We see the enormous progress which is being made by the great number of Students already. We want to give you the encouragement and the strength to stand more firmly on guard, that you may more quickly enter into your Glorious Freedom permanently.

I assure you, Beloved Ones, the Victory is yours; for the "Mighty I AM Presence" which beats your heart is your certain Victory! If you slip occasionally do not be discouraged; but with a firmer determination than ever, say, " *'Mighty I AM Presence,' do not let me do it again!*" Oh if you only knew, Beloved Ones, how one earnest Call like that would release Power into your world which would give you Infinite

Strength and Courage to stop even the acceptance of suggestions.

I want to call your attention to two things today, so the greatest possible Blessing may come to you during the Shrine Class. A few, Dear Ones, have thought the only thing necessary was to make a few Calls to the "Mighty I AM Presence" and they would have their Ascension; or that if they signed the application to become a member of the 100% Groups, it was the only thing necessary for their Ascension. Dear Hearts, everything in the Understanding of the "Mighty I AM Presence" is an individual activity. The 100% Group will give you the most amazing assistance to your Ascension, your Victory; but it cannot be done unless you purify yourself. Just because you come into the Understanding of the "I AM," do not think that you do not need to make Application; that you do not have to purify and correct yourself! This must be obvious to one who thinks at all.

Therefore, enter in, oh, Beloved Ones—into a determined, powerful Application of your "Presence." Call It forth into action for every detail! Oh, do not worry nor think that your "Presence" is too Great to handle little details. It is the little things, Dear Ones—just a little thing here and a little thing there, which finally gets to whirling in your feeling and makes a disturbing activity. It is the listening to: "I wonder why such a thing got started; I wonder why this got

started over here." Such a subtle suggestion is just an opportunity to get your attention on some discordant thing which will finally pull you into it. Do not do it!

The Messengers found, Dear Ones, the only means of keeping themselves free from the gossip of human beings was to instantly say: *"You have no power! You cannot enter my world!"* and it does not do it. Everyone must do the same. You are the only one responsible for your world. Do not feel any concern about the other person's world, except to bless it and praise it. Oh, praise and pour out blessing! What a wonderful thing!

Do you know, Precious Ones, how important it is to bless everyone and give all courage? Take yourselves here today. How many are there in this room who do not appreciate with all their Hearts a kindly word? Someone lays his hand on your shoulder and says, "I am grateful you are winning your Victory." Is there anyone here who would not appreciate such encouragement to its fullest extent? That is what mankind needs. It does not mean, Dear Hearts, at every little appearance out here, that person has gone wrong.

Now do not misunderstand what I am going to say to you. The Messengers have always pled with you to turn wholly to your "Mighty I AM Presence" for *everything*. We have watched a certain activity is why

I am doing this. If you have some serious problem to handle, be careful how you let others know your need. If the knowledge of your need touches someone who is discordant, you have just that much more to handle. This is the point! Beloved Ones, is there anything in the Universe more powerful than your "Presence"? Is there? Oh, surely not. Do you think someone in the physical—and I know you do often think it—has more ability to call your "Presence" into action than you have? Well, suppose that were the case temporarily. Do you not see that sooner or later you will come to the place where you will meet the condition when you *must* stand wholly with your "Presence," not looking to a single thing outside. The moment you *really* do that, your troubles will cease, Precious Ones. I assure you that the moment you can turn wholly to your "Presence" and say, " *'Mighty I AM Presence,' I am just looking to You!*" you cannot fail to have results.

Do you realize that century after century after century, mankind has been taught to lean on something other than their own Life, which is the "Mighty I AM Presence"? While individuals were still praying to God, they were looking around outside to see what person could assist, if that assistance were needed.

Precious Ones, as you keep calling your "Presence" into action, It will choose. Your Higher Mental Body —which is the Discriminating, Selective Intelligence

—will choose who shall give assistance if it be through human channels. Then no mistakes can be made.

You see how easy, how simplified it all is, when once you get this clearly? I am extremely grateful that the mental atmosphere is so clear today, for you are comprehending these things as never before. This today is not due to My Presence. It is just here, and I rejoice with you. Each time We come together, you move up, and up, and up, on that mighty, wondrous Spiral of Light. You are all moving rapidly. Oh, do not be discouraged, any one of you Precious Ones. Your Victory, I tell you, is so much greater today than you yet realize. Will you accept My Word for it? Believe Me when I tell you the Truth, when I say I know it!

You are a Focus on Earth of the Light from your "Mighty I AM Presence." As you hold yourselves—your feelings—harmonious, and call your "Presence" into action, It does pour out a mighty Radiance, like the heat from a great furnace, all the time. Then you *must* feel Its Radiance, for you are the most wonderful Focus of Light in the World. Will you feel your individual responsibility to keep yourselves so harmonious that this Light can keep pouring out, pouring out, and everyone who touches It will feel the uplift. This is really your responsibility in your Understanding of the "Presence." You have become a mighty Radiating Center of Light! Therefore, if you

allow discord to clothe the Light from your "Presence," are you not responsible for the discord you spread to another?

I am trying to make this so definite and clear, that in the intellect you will no longer have the slightest excuse nor have any desire to feel or express discord of any kind, because that is imperfection in your Life.

We hope, ere long, to show to the Students through moving pictures what the power of Radiation means, that all may see the difference between discordant radiation—actually operating before them—and the wholly Perfect Radiation. Once you see that, if there is any fragment left in your being of any desire not to control yourself, it will vanish then! This is the cause of all human limitations.

Now that you understand your "Presence" and are constantly calling forth greater intensity of Its Energy, remember, your responsibility is greater; and there is no excuse any longer for listening to or expressing discord of any kind! Will you allow Me today to give you the Complete Assistance and Victory, that you may be forever free from any such thing?

As you leave this room today, no longer has any destructive quality, discord, or irritating quality any power to act in your world! I call on the "Mighty I AM Presence" of each one of you, to cut you free this instant from every vestige of such desires—dissolve

and consume them out of your feeling world forever! Then, "Mighty I AM Presence," hold Your Invincible Tube of Light about each one of these precious ones, *so invincible* that never again can a discordant thing act within that Tube of Light, or within the mind and feeling world of these beloved ones.

I can render you this Service if you will accept It. We are not limited in any manner whatever. Will you, while I am speaking, issue the silent Decree that all the Students of the "I AM" receive this same Assistance today. You are one in your mental and feeling world, Beloved Ones. It is the octave in which all the mental activity, all the feeling activity of the individual is one. The "Mighty I AM Presence" of each one of you is All-wise, All-powerful Intelligence. Therefore, that Intelligence is One in Quality—Individualized. There is one Power, one Substance of which you are all composed. Knowing this, you must feel the need of your own individual harmony, in order to more quickly allow the Great Host of Light to release Their Light with sufficient intensity into the Earth, so all Perfection comes forth into action and is sustained.

I thank you, Beloved Ones.

GOD HIMALAYA'S DISCOURSE

PASADENA, CALIFORNIA

JUNE 27, 1937

BELOVED Children of the Light, I greet you in the Love and Power of your own "Mighty I AM Presence." I shall endeavor to draw you a picture, tonight, which will possibly help you to understand how great your privilege is in America. In My country of India, oh, what We would give to have what you already have in America—this Understanding of your "Mighty I AM Presence."

Do you quite realize, Beloved Ones, that you are the most privileged people on the face of the Earth! Why are you the privileged ones? Will you try to remember these Words forever? You have heard this no doubt before; but if you will let Me, I want to anchor it tonight as a constant Memory within you, because of association in that long-forgotten civilization. You, humanly speaking, have forgotten this training. Now you are recalling It—or, It is being recalled for you. You can and are having the privilege of your Victory.

Most of the individuals who have already been drawn under Saint Germain's Radiance, are those from this former civilization to which I have just

referred. Many of you failed in that civilization, bu you are *not* going to fail in this one! Because of th Great Cosmic Light, It is enabling enough to be don for you in the way of Assistance so you will not fa this time.

Remember what the Messenger has said to you Once individuals have seen the Chart and touche this Understanding of the "Mighty I AM Presence, they cannot turn away from It long. It is not possibl Oh, not because of the Messengers; but because It a mighty Truth. It is the eye picture of their Reality and no one can forget It. Oh, that all might reall understand this and silence forever all human activ ity within them.

Do you see, Precious Ones, all who have been s vicious toward the Messengers and the Work reall have no power. Dear Ones, they are but destroyin themselves; and it is such a pity. They cannot harr the Messengers nor the Work. You all see that. So do not allow anything to trip you up, Beloved Ones anywhere along the Pathway of Light. Do not liste to foolish gossip! Those who are trying to oppose th Messengers start all such things just to try to get th attention of the earnest Student, and I am rejoice that most of you are untouched by it; so, pour fort strength to others.

The Messengers do not condemn those unfortu nate individuals. It is such a great pity, because thei

energy turned to the Light would set all entirely free, if they but realized it. After the coming Shrine Class, it is Our great Hope with Our great Love pouring out to you, that everyone who enters those walls will go forth so firmly anchored in his "Mighty I AM Presence" and in the acceptance of the Ascended Masters, that no longer will anyone listen to false gossip of any kind—or any kind of gossip, for that matter.

It is for your own protection, Beloved Ones, because that is the thing which disturbs your feeling and opens you to the undesirable qualities and activities—either of your own creation or of someone outside. Remember, the mental and feeling world of mankind is one! If you do not hold about you the Wall of Light *invincible,* you may accept suggestions which are not yours and act them out. Let us be so careful of this and be so sure of ourselves, that we only accept the Perfection of the "Presence." Anything less than the Perfection of the "Presence," we do not want. Therefore, be firm and absolutely unyielding in refusing acceptance to anything less than the Perfection of the "Presence" into your worlds—into your feeling worlds.

We will assist you if you will take your firm stand and do that. Beloved Ones, you are compelled to move among the unawakened of mankind everywhere—you cannot escape them; but that does not mean you have to yield to the unfortunate conditions which are there.

You, as Students of the Light and having the Strength and Power of your "Presence"—may move among mankind, untouched by its discord. You can only do that as you refuse to listen to and accept conversation which is less than Perfection.

These are very simple things, but oh, they are powerful in your Life! This is why We keep returning you again and again to these fundamentals. We shall keep calling your attention to them, so do not get tired of it, because We are going to continue until this power of refusal becomes so anchored within you, that you are alert every instant and refuse acceptance of every discordant thing into your feeling world.

It is not a matter of persons, places, or conditions, Dear Ones—not in any sense. It is just a condition which will take your attention off your "Presence" and place it upon the discord. Do not blame persons, places, nor conditions for it. Just say to your human self: *"Now hold on! You are not going to do this any more. I am responsible here for what is in my world! If I accept and listen to this thing, it will have to act out in my world. I am firm and positive! I do not let any more of this come into my world!"* If you will do that with determined firmness, you will have no difficulty.

Do you wonder why We keep referring to this? Because you cannot go farther, Beloved Ones, until you conquer this thing! It is not a matter of persons, places,

or conditions; but Harmony *must* be maintained in your feeling world, to allow the Pure Essence from the "Presence" to pour forth into your world and perform the Service It wishes to do for you. Without Harmony maintained, you cannot do it, you cannot have it! Therefore, do not feel impatient.

Our critics will perhaps say, "The Ascended Masters keep harping on much the same thing." Well, that is true. Until mankind will conquer these things and make it possible to release greater and deeper things, it would be useless. If greater things were released to you, you would not understand them. Therefore, Dear Ones, many of you are gaining a most marvelous Victory; and you can only complete It as you refuse *absolutely* to listen to discordant things.

You cannot imagine how readily you accept things into your feeling world without knowing it. All you have to do to know the Truth of My Words is to watch yourselves, your feeling, for a few days. See how sometimes in passing an individual, sometimes in just listening for a few moments to some discordant thing, you turn and go on your way; but notice how that began to revolve within your feeling world. Precious Ones, these simple things are what must be conquered within every individual.

Now, let us make a comparison in order to enable you to understand more comprehensively. Take our beloved India: compare the great mass of our

civilization there to your America. Notice, Beloved Ones, We know this; but even in India We may not do what you can do in America, because you are the Heart of the Light of the Earth and must remain so. We are not able to do for our people anything like what is being done here for you, because the long built-up concept has taught many of the people of India to go into Samadhi—into meditation—and to release themselves from the body, to live and move and have their being in the Higher Octaves. That is not Victory! One day our people *must* come to know it! To bring the Power of the "Presence" into the human form and into the activity of the human individual, is the *only* Victory on Earth.

We do have in India many wonderful Beings, Ascended and unascended; but the great mass of our people do not know what is needed to win Life's Victory. You sometimes think you have factions among your Student Body. In India we have hundreds of factions with various ideas and understanding of the Godhead and what It means. You, outside of the agitators who cause your strikes and disturbance of that kind, have little to contend with; but in India we have thousands and thousands of fanatics.

I am drawing this picture tonight, that you may all realize how great is your privilege here. In this Knowledge of your "Presence," you *can* call It into action with such power that every agitator, every condition

less than Perfection shall vanish from your America and the Earth. Your "Presence" is not limited! Therefore, you can call this mighty Infinite Power of the "Mighty I AM Presence"—which is the Great Cosmic Light and Substance—into the mental and feeling world of mankind, until the fullness of Its Power acts there with Infinite Dominion.

You do not have to fear conditions that have the appearance of discord in your world today. An appearance does not have power to act unless the Life Stream through humanity is fed into it by the individual's attention. How do these agitators get the attention and the energy of the people to cause these things? By getting their attention through some sinister, *imaginary* thing! That is how the mass of mankind is being deceived by these agitators. They do not understand that they are being deceived in letting themselves be stirred up, for such activity is never the solution of anything.

In India our fanatics are so much worse than your agitators that there is no comparison. Remember, Beloved Children of the Light, these agitators—who through appearances which create disturbance in your industrial world and prevent the people from having their livelihood—have no power unless you give them your life energy through your attention and accept them as having power. As the Messengers have urged you, say to all discordant appearances, *"You*

have no power!" and it will not have.

Remember, Beloved Ones, you are atoms in the body of humanity. Therefore, you have the authority and the power to call forth this Infinite Power, to dissolve and consume forever from the Earth these conditions; silence all individuals who are claws of the sinister force; and to take from them all power to produce those results among mankind. There can never be a solution of anything, unless you call the "Presence" into action to bring forth Divine Justice to capital, to labor, and to all industries. Then you will find the only solution.

As Donald said to you tonight, "Union is the Power upon which your Country is built." Not the unions that breed discord—but *the union* of *Harmony*. Remember the Words of that Great Being in Washington's Vision: "So long as the stars remain and the heavens send down dew, so long shall the Union remain!" So shall it be! *"The Union"* means the Harmony of mankind which allows the "God Presence" to flow forth, causing Divine Justice to act everywhere throughout mankind.

The Messengers have experienced this hundreds of times, when individuals have called to them for assistance where Divine Justice was so greatly needed. They have issued the mighty Decree that the "Mighty I AM Presence" take command of the situation, produce Its Divine Justice, and hold Its Dominion; and

it *has* been done.

Beloved Ones, in your individual problems of life, take your stand with the "Presence," and if it be Divine Justice that is required, call Divine Justice into action; then stand unyielding until it is manifested, until it is completed! If it is supply you need, say: " *'Mighty I AM Presence,' Thou art my Treasure-house! Release the supply and money I require here through the power of Divine Love! I refuse to yield longer to anything else.*" You *can* have it, Dear Hearts. There is nothing in the world that can prevent your "Presence" releasing to you whatever you call for, if your feeling continues to accept it after you have issued your Decree. It is not possible for it to fail. It is the Law of Life—*your Life*—which is acting with Infinite Power. I say to you, no longer yield to these appearances that seem terrifying to you; for they have no power except your Life, which through your attention is fed into them.

Beloved Ones, tonight join Me in the feeling of your Victory *right now, eternally sustained!* You shall have It! There is no power in your world except yourself! Remember that you are the *only* authority for your world. You are the decreer who releases from your "Mighty I AM Presence" into your world whatever is required, and there is no other means of doing it. You may have temporary results by other means; but the permanent activity is the calling of your "Presence"

into action, until the fullness of Its Outpouring becomes so great that nothing unlike Itself can flow in. That is the power of momentum gained. Do not yield to anything else.

We have seen some among the Students, oh, who are so earnest, so lovable. Yet, because of the accumulation in their feeling world, they have not been able to release the power and energy they require to bring the fulfillment of their Calls. Then they wonder, "Why do I not have the results for which I so earnestly call?" Remember, Dear Ones, I must repeat it to you again tonight. If there are not results, it is because something unknown to you is acting in your feeling world. With determination, call your "Presence" into action to take out of your feeling world whatever is seemingly obstructing the way. Then you will have disposed of it and your Call will be answered more quickly.

It is a permanent Victory, Beloved Ones. Do not yield to looking to something outside or to others! You *can* have temporary help; but your Victory comes alone in the Acknowledgment and calling of your own "Presence" into action, until you feel so sure, so firm in your feeling world, that you never think of asking someone's assistance. You never look outside somewhere, but just stand with your "Presence." Say often: *" 'Mighty I AM Presence,' You are the Power of the Universe! Come forth here! I call on the Law of Forgiveness for every mistake I have ever made! I mean*

business now! I am determined that I shall have Your Limitless Energy and Intelligence to take command of me and my world, to take such firm command of me that my human does not make another mistake." Be firm in it and you will have the results.

Your human is the only one who can make a mistake. Your "Presence" never does! Think—all mankind has made a constant stream of mistakes. Now We are correcting that whole stream, and you are correcting it. So, if you find in your earnest effort a mistake has been made, what of it? Simply say, *" 'Mighty I AM Presence,' do not let me do it again."* Such is the Freedom, the Power which is being released in your world. Do you not see that if you crumple up because you have made a mistake, you undo all the work you have already done, and you have to start all over? Do not do that, but with the Infinite Joy of the "Presence," say: *"Oh no, you appearance world; no more do you have power! It makes no difference what stands before me that is less than Your Perfection. I declare it has no power!"* and it does not have. If necessary, in order to give you time to get your breath and gather your forces, say: *"Stop! You shall not enter my world! I will have no more of this."* Then, as you have sent forth this great Power which stops everything, say: *" 'Mighty I AM Presence,' rush forward here; take command of me and my world! Hold Your Dominion and produce what is required for my*

freedom, happiness, my supply, my comfort," or whatever it may be. Oh, these are great Laws, mighty Laws, Dear Ones, that even a little child can use; and the children do use them wonderfully.

It is only because, Dear Ones, you momentarily give way again to the power of appearances that your Freedom seems to be delayed—when they have no power except what you give them. Do not do that, I plead with you. Your Victory is so sure, so quick, as soon as you take your stand against the appearance world and know and *feel* that it has no power.

Do you not see that you have been the creators of these limitations which beset your world, and the conditions that are there? When you say to a thing, *"You have no power!"* you, being the creator of it, take the power out of it to act in your world. Do you not see that, Beloved Ones? It is so magnificent! Remember, let Me repeat again: you are the creator of every limiting thing in your world. Therefore, when you say to an appearance, *"You have no power!"* do you not see, right then and there you take out of such an appearance any power to further act in your world, to limit or to obstruct your way.

Oh, how We rejoice in the clearness of this Understanding which is coming into your world. You are grasping more firmly each time the true Victory, the true feeling of your power, through your "Presence," to govern your world.

Oh, Beloved Ones, would I not like to have a Group such as you are here for one year in India! What do you think I would do? I would transform more than half of India if I had a Group such as you have here tonight. With this Good Brother, I would transform half of India in one year. Do I sound like I was belittling My own country? Not at all! But I am endeavoring to convey to you the Privilege which is yours; the Authority which is yours; the Power which is yours in the acceptance of your "Presence," for the Freedom of yourself and your America.

In many places in India, tonight, they are listening in to you. Their mighty Rays are directed here, and every Word that I am saying is heard in India. You do not realize, Beloved Ones, that there are atmospheric currents through India from one point to another, by which We converse the same as you do by speech, only with greatly added speed. That is why a thing happening in one point of India is known in the farthest point of India in a few minutes. Those are things you are not aware of here as yet. Many of just such transcendent activities are known to the great mass of the people; but they have not learned the need of bringing down this Perfection through the physical activity, making It visible, and sending It out into the world to produce Perfection there.

One day these Books, *Unveiled Mysteries, The Magic Presence, The "I AM" Discourses,* and whatever

follows, will spread over India, because I shall see that it is done; for they convey the Truth to mankind, and the unfortunate individuals who criticize those Books are unfortunate indeed.

I want you to know that America has come again with great Light. How We rejoice, and how great a Privilege is Ours in assisting in any way We can; for this great incoming Perfection will one day spread over the entire Earth. Think of it, Beloved Ones! today before you in those blessed Books is the Law of Life; the Application; the Explanation of these Great Laws, and how to set them into action! It is all true. Anyone can prove It who will! Those who will not prove It are the losers. But you who are so in earnest, read! read! read! those precious Books, Dear Hearts. Apply! apply! apply! this amazing Energy of your "Presence." Call It into action, until there is not a vestige of any limitation left in you and your world, and It must act! It cannot fail you!

Remember this one point again tonight. I must remind you. You have heard it so often, but I am sure you forget it. Remember, your Higher Mental Body, provided by the "Presence," knows every requirement and does release whatever you need. The simple, *almighty thing* which any of you can govern and handle, if you will, is to *keep your feeling world harmonious.* Keep calling the "Presence" into action to take out everything that is *unknowingly* acting in your

world, which might obstruct the outflow of this pure Energy from the "Presence" to produce the results you require.

The greatest Service ever rendered on Earth in any age is being rendered by the Divine Director, in calling the Angels of Blue Lightning and Sword of Blue Flame to sweep through your cities, take out all discarnate entities, and continue that Service until it is done. All that the Law of your being permits at this time, is being done for you; and it is changing all of your own creations which have accumulated. All possible is being dissolved and consumed for you, so you may find less pressure upon yourselves in your achievement.

I assure you, if you will remind yourselves of these things daily, you will find it so much easier to feel the fullness of your Power and Victory quickly. Your "Presence" does not have to wait for anything. You really do not have to wait for anything, if you but knew it.

May I remind you of the statement made by the old-time Methodists? You know in their revival meetings, when they got considerably excited they said, "Now is the accepted time." That is exactly the case with your "I AM Presence" and you. *Now* is the accepted time!

Beloved Ones, I rejoice with you with all My Heart in this great, great Privilege which is yours. In looking over your worlds tonight—you can so quickly be

wholly Free, if you will. Your Victory is now certain!

When I see these wonderful young people, I think what a wonderful thing it is for them to be grasping this Understanding of the "Mighty I AM Presence." It will make them Pillars of Light moving among mankind. Do you know, Beloved Ones, there are thousands and thousands and thousands of young people, like these blessed young men, who would give anything in the world to have one hour of the Explanation of the Chart; and to have the Encouragement and Strength from the Ascended Masters which this Work gives; and to realize that all the things they have been taught in the schools, colleges, and universities are wrong, so far as their morality is concerned. Oh, that those Blessed Ones might have help! Surely, the Great Cosmic Law will open the way and make it possible for these wonderful young people to be taught this Understanding of the Law. I call to the Infinite Power of the "Mighty I AM Presence" to take command of the young people of America; expand the Light within their Hearts, and bring them in touch with this Understanding of the "Mighty I AM Presence"; take these Books to them, or provide some means by which their attention can be called to this Great "Presence." Then, O Mighty Ones, through the great Power of Radiation enfold those wonderful young people in Thy Invincible Protection and give them this Truth!

You who have had experiences of the World, I feel are strong enough to win your own Victory; but the young people fifteen, sixteen, eighteen, and twenty years old, they are the ones who need to be guided right. Many of them are in confusion because of wrong teaching. They know the Truth in their Hearts, but they see manifested all about them the same mistaken activity. They wonder—can it be true? Yet all the time in their Hearts they know it is not.

Will you, Beloved Ones—you have done it to some extent—but will you especially call for the Protection of the young people of America? Call to the "Mighty I AM Presence" with Infinite Power, that they may be brought in touch with this Understanding of the "Mighty I AM" in some manner.

As the radio broadcast expands in its work, oh, what an opportunity it is to turn the attention of great numbers of individuals to the "Mighty I AM Presence." Oh, Beloved Ones, do you not see this? In your wondrous Call for a national hookup on your radio, you can render such a great Service to bring people into this Understanding. Oh, as never before, call for it, that it may quickly come into manifestation.

Dear Hearts, when I think of some blessed ones among the "I AM" Students who want to render such a great Service—do you not see that money cannot be spent in any better manner than to produce such powerful results in getting this Understanding of the

"I AM" over the radio, and through it touch so many thousands of people quickly! Beloved Ones, there is no thing so needed today as that. The Messengers cannot reach many people in the Class Work. Even if they filled the Hollywood Bowl, still they would only be reaching a small number of humanity; but through the radio, the results that have already been produced from it are phenomenal.

Do you wonder that I am familiar with the radio? We have had it for a hundred years in India. Now, Beloved Ones—to use one of the Messenger's expressions—"We are getting down to brass tacks." We are coming to the point where, with your combined assistance, the way will open wherein these Broadcasts will go forth, reaching hundreds of thousands of people and calling their attention to the "Mighty I AM Presence."

Would you like to hear the results from the Broadcasts in New York? Out of the number of people who heard those Broadcasts, only three people—and We watched it—rejected it. Only three people who heard those Broadcasts rejected the Explanation. It is the most stupendous thing that We have ever witnessed. This is why I am speaking to you from My Heart tonight. To those who have means and wish to render Service in the expansion of this Light, I wish to say that there is no thing in the world which would render such Transcendent Blessing, as money used in the

broadcasting of the "I AM" to the World. It is a magnificent opportunity.

The very remarkable thing today is that in presenting that part of the Law, calling the attention to the "Presence" and the Ascended Masters, a great opportunity is given. The Ascended Masters, the Legion of Light, and the Great Cosmic Beings amplify and hold the attention of those listening, because in the quiet and freedom of listening undisturbed, they grasp and more clearly comprehend It. It is very marvelous. We Ourselves could hardly conceive of the results, but that is why I use this opportunity to inform you of the mass results produced by it. Through that, tremendous things will be done.

Will you just for a few moments feel in this great Stillness as if you were caught and held in the Ascended Masters Octave? Feel Their Freedom! Feel everything that is limiting drop away from you—never to be remembered, never to be recalled! Just feel yourselves held in Their great Freedom. Feel yourself your Higher Mental Body in action, pouring forth Its Radiance to mankind. Then in this great Stillness, speak silently to your "Mighty I AM Presence" and say: *"Now, 'Mighty I AM Presence,' hold me there. Even though this body goes about its daily activities, still hold me in Your Octave of Light, conscious of my Dominion from the Ascended Masters' Octave; conscious that 'I AM' the Conquering Presence of my world in human*

activity; conscious that no longer is there any obstruction to the Outpouring of the Light of my 'Presence,' which floods my world, harmonizing and producing Perfection there and holding Its Dominion." Feel It! Feel It! Feel It sustained.

I decree for you that never again in Eternity shall you ever yield Dominion to anything in the appearance world! Never again shall any appearance terrify or disturb you! Will you not accept that, all-powerfully active in you and your world? In everything that is required, straighten up your spine and say: *" 'Mighty I AM Presence'! You are the Governing Intelligence of me and my world; therefore, whatever this appearance is, it has no power! Take command and produce Your Perfection here! I, in the human form, shall be humble and obedient before Thy great Light and Law! No longer shall I allow my intellect to feel dominion; no longer shall it deprive me of Your Power, flowing through to govern my world and hold Its Dominion!"*

Oh, Beloved Ones, it is so real; it is so powerful; it is so true. No longer need a single one of you feel limitation of any kind again. We feel so joyfully privileged to be of Assistance in every way possible. Remember, with the Ascended Being: The Universe is My country. To do good is My religion. To do good is My joy. To set mankind Free is the highest Service known.

Beloved Ones, when you see a need, instead of feeling critical, always say to your "Presence": *"Oh, 'Mighty I AM Presence,' thank You! Here is another opportunity for me to call You into action to produce Perfection."* Oh, Precious Ones, will you do that always? As you pass through the appearance world in your daily activities, wherever there is a requirement, hold yourselves in absolute silence from voicing any discordant thing. Then say to your "Presence": *"Take command of this person, place, or condition. Produce Your Perfection and hold Your Dominion there."* Then be at peace within your mind and feeling world. The results will be so great, so tremendous for you.

Great Infinite Law of the "Mighty I AM Presence" that We all adore; that all are coming to know is the Eternal Solution of all things in human experience —You are here and now the Commander of the world of mankind. We call the Law of Life to see that all human beings in America and the World give joyous and willing obedience to this great Law of Life, the "Mighty I AM Presence," that Its Dominion reign forever—first in a few hundred thousand, and then to the World.

Oh, tonight, how I long to see this Understanding of the "Mighty I AM Presence" sweep our India, sweep all Europe! It would so quickly dissolve the accumulation which is now threatening them with entire

destruction. The pity is that Europe cannot see and understand that its people are living over a seething vortex of destructive action. Above them is the human creation which, if allowed to continue, will release the destructive forces beneath them. Oh, that they might see!

Beloved Ones, tonight I rejoice with you. Will you permit Me to say that I am glad to be with you; for if in any way, in My humble Way, I have rendered you a Service, then I shall be ever grateful. Having attained the Freedom which We have, do you wonder that We plead so earnestly with you for your Freedom? It is yours! Do not allow anything to interrupt the great speed with which you are going forward into your Freedom. Oh, the privilege that all have who attend this coming Shrine Class—what a privilege!

In the fullness of the Love of your "Mighty I AM Presence," I rejoice with you and stand with you, unto your Victory over limitation—and then your Ascension. May that come quickly. It can! according to your refusal to accept appearances; according to the earnestness and intensity with which you call your "Presence" into action with Its Mighty, Intelligent Energy. This can all come so quickly or require the human sense of time. Let Us help you to set aside all time and space and enter quickly into the Glory of your "Mighty I AM."

May I place My Mantle of Light and Love about the shoulders of each one of you. May It be sustained there as long as you require It, for your strength, joy, and the release of all that is required for your happiness and comfort, to assist you to your certain Victory. I thank you.

KUTHUMI'S DISCOURSE

LOS ANGELES, CALIFORNIA

DECEMBER 19, 1937

BELOVED Children of America, how wondrous has been the change since Our first humble Efforts to give Assistance to the people of Europe. Our Assistance has also spread to America. In all loving kindness, I wish to mention just two things. In the Endeavor of Morya and Myself to bring to the World the Truth that there was no death, mankind has been unwilling to give the obedience required; and because of their disobedience, turned the wonderful Understanding We brought forth into the present activity of spiritualism.

In Our Endeavor to assist and bring forth through Theosophy the Glory and right Understanding of Life, up to the time when We could have brought forth this Truth, still again humanity would not give sufficient obedience. Why will not mankind, precious mankind, give obedience to the Law of Life—love each other, so that it makes it possible for the great Truth to come forth untouched, unadulterated by human opinions!

Yet, We are so grateful to every blessed, earnest Theosophist and every other blessed one in America,

for all the service each one has rendered. Beloved Ones, for more than six hundred years the Great Ascended Masters have tried to open the way for this greater Understanding to come to mankind; but no sooner did this Mighty Truth begin to expand Its Light, than individuals with human opinions seized upon It and tried to make It obey them, instead of obeying It.

We were not then Ascended; but today, that great, magnificent Brother of Light, Our Beloved Saint Germain, has had the Courage and Strength to bring forth this "Mighty I AM" Instruction to free all mankind. Some day, when you know a little more of what He went through to win His Victory and Ascension, you will understand why He has had the magnificent Power, Strength, and Wisdom to do what no other one has ever been able to do. I have not asked His Permission to tell you this which I shall say to you, so I shall take advantage, lest He cut it off. I trust He will not be listening. But, Beloved Ones, I say to you as One who knows: never in all Eternity can mankind pour forth enough gratitude to Saint Germain for this Victory of the Light.

I have long waited this opportunity, and as He is busy elsewhere this afternoon, He will discover it later, of course; but I must say that of which My Heart is so full. Our Gratitude to Him for that Victory is Boundless and Eternal! Blessed Ones, only as the years

pass will you come more and more fully to understand what this means to mankind.

We feel so greatly encouraged. The Goddess of Liberty has set into action a certain Power through the currents of the atmosphere. Through It We feel so hopeful of quickly drawing enough of the attention of mankind to the "Mighty I AM Presence," to quickly accomplish all that is required. Will you not rejoice with Us? With all the great calm earnestness of your being, call the "Mighty I AM Presence" to project Its Currents into the atmosphere and into the mental and feeling world of mankind, to awaken humanity to this great Truth. Then the moment they touch It, they will be ready to know It is their own Life.

Through the Transcriptions, the radio broadcasting is doing a work so magnificent. I wish to take this opportunity of thanking the Students everywhere. I thank every Beloved One for the magnificent manner in which they have made possible so much of the radio work. How blessed they are to be willing to do this and render this service for mankind, for the need is so great! The time is so short, and this makes it possible to reach enough of mankind to hold the balance.

You cannot quite understand just what those Words mean. *Do you realize that it means the balance of the whole Earth, Dear People?* If America cannot call this balance into action, then balance everywhere is lost

to the Earth! I do not mean that anyone should feel unduly responsible; but you can, with a joyous and happy feeling in your Heart, make the necessary Call —not only to your "Presence," but call the "Presence" to reach Its Hands out, touch the Hearts of mankind and awaken them everywhere, that they may come into this Light and the Understanding of their "Mighty I AM Presence"; for It is the only means of bringing the release which will hold the balance for the people. There is no stabilization, there is no means of holding the balance without It.

In those early years when We were just feeling Our Way among mankind, will I ever forget those letters I received from England and various parts of Europe! Humanity telling Us what We should do, where We had made Our mistakes and how to correct them. It is wonderful, is it not, to be able to calmly and serenely wait; to abide the time when the Great Cosmic Light and Law will come to the Assistance of the mass, and bring in Its train the Mighty Victory of the Light!

You have often been prompted and told what the expression of the Words "I AM" means, and how it is the release of Infinite Power at your point in the Universe. I remind you today that your "Mighty I AM Presence" is Light. When you call the Power of Light, which is Life, into action, then you have entered into the Greatest Stream of Purifying, Perfecting Activity in the Universe. How can mankind expect to be freed

from its discord without this great Light?

You will pardon Me for this crude expression: If you were to find a pond in which much of the water was out, and you walked through that and became covered with mud, would you feel clean? In the mass of human creation and that which you know as the psychic world—which is the same as the astral world—you begin to understand how mankind is moving through a mass of very unhappy creation. If you do not understand how to call the "Presence" to hold Its Invincible Tube of Light about you, then it is very much like walking through that pond, and your garments will become bedraggled. Do you not see it?

In mankind's activities there are certain conditions which must be fulfilled. Saint Germain and the Messengers, with infinite patience, have pled and pled with mankind and told them the necessity—the need of the hour. I rejoice so tremendously today. While there is still room for more, yet the improvement has been so great, that I want you to feel great encouragement, every one of you. If you have slipped once in a while, then take a firmer hold and go on. Call on the Law of Forgiveness and do not look back. Oh, do not ever look back! You all know of the lady who took on too much solidity by looking back. So, let us not be caught in that place.

Now, Beloved Ones, rejoice with Me; for I tell you that through certain mighty air currents, this

tremendous Understanding is reaching into India with a speed that is astonishing! You do not quite understand that here as they do in India. There are hundreds of thousands of people in India today who understand how to use those air currents and how to contact them, and they are doing it. When the Great Himalaya in your city—I believe it was in Pasadena —gave His Mighty Dictation, from that hour to this these Currents of Energy from this Work have gone forth, to India particularly. That is why I am here today.

I say these things to you so you may realize, Beloved Ones, that it is not just your immediate environment that is being blessed by your Call to the "Presence"; but your Call is releasing Its far-reaching Powers. You have been told a number of times that It is reaching into the mental and feeling world of mankind, but do you realize how far? Do you realize it is the most natural, magnificent thing in the World? All is the Presence and Activity of your Life. You are a part of the One Great Life. True, you are individualized; but still you are a part of that One Great Life. And to the degree that you keep harmonious, do you bless and add to the Freedom of the World. To the degree that you are out of harmony, do you add to the downpull of mankind into greater chains.

Beloved Ones, to see unhappy individuals who try to spread discord among humanity is the most pitiful

thing in all the whole World that We are compelle to look upon. Those individuals do not understan that their viciousness is their own destruction. A reason is gone, because they have become so enmeshe in their viciousness. They think only of destruction an feel only that. The pity is that they must meet an reap it all, but it cannot affect blessed mankind! does not! A few individuals who might be tempora ily disturbed, soon right themselves and go on in th Light.

Dear People, it is not a matter of human persona ities. It is not a matter of individualities. It is not matter of the requirement of human conditions; bu the Light has said, "I shall take command of M own!" Look at your bodies! Look at this floor upo which you move! Look upon the Earth upon whic these buildings rest! All belongs to God! All belon to that Light! Mankind are custodians of certain sub stance, certain activity, certain requirements. If the do not fulfill their trust and responsibility, no law i Heaven or Earth can prevent their reaping the cor sequences of the misuse of that Life and Energy whic flows through them! You are not responsible for an thing else, except what flows through you.

Do you realize, Beloved Ones, what is in th Light which flows through your human form? I ar speaking now *without* your Call. That Life contair all good things. Then, to think that the ignorance an

unwilling obedience of mankind is permitted to go on and on and on so long; imposing discord upon that Perfect Light which would, of Its own Volition, make them Perfect and hold in the body beauty of form and Its Perfection. Yet, because of unwilling obedience, they do not have It. When We look into the faces of the beloved Students of the "I AM" who have come under Saint Germain's Radiation, We see such a transformation in those bodies, in those faces, in the atmosphere of their feeling world around them, that words fail utterly to convey to you Our Rejoicing at your Victory.

Do you realize, Beloved Ones, what it means to Us, to Morya and Myself—We two who were so earnest, so sincere? Yet, Our Beloved Saint Germain has accomplished more in three years than We did in the many years of Our humble Efforts. I want you to know this so you give Him all the gratitude of your Hearts. You do not yet quite know Him as We do; but it will not be long now, as you often say. You know I must necessarily be very familiar with your terminology because of many letters I received in those years of My humble Efforts. We have had much happiness. Sometimes, before Our Ascension, We had heavy Hearts at mankind's unwillingness to still the human intellect until the Light within the Heart released true Understanding. There is no failure in any sincere effort; and every one of you should feel that with great, great

gratitude. Every single sincere effort which you make must bring its great, great reward in the Victory of the Light.

I rejoice—and you will, I am sure, with Me—in these Words: From the time the Great Goddess of Liberty chose to take a part in this Freedom for mankind, the atmosphere of Earth has rapidly been taking on Her Transformation and Activity. Her Powers are beyond description! I shall never forget the night in Philadelphia when She announced Herself as the One who gave Washington that Vision! I shall never forget the Messenger's feeling, for he had long wanted to know.

Beloved Ones, when a Great Being like She is, comes forth and gives continuous Assistance, then surely mankind should be willing to do everything within their power to cooperate with and give the assistance necessary, to enable the Great Ones to do for them what they cannot do for themselves. Did you ever think of that? Do you really? Do you understand what it means, Beloved Ones today, for Great Beings of Freedom to come forth willingly, to give you the Assistance and do for you what you cannot do for yourselves? It only requires Harmony in your feelings and your Call to your Source of Life, to enable Them to give Assistance which you cannot gain by yourself. It is a magnificent thing. Words fail utterly to convey it! You must just accept it in your feeling. No

words are capable of conveying what it means; but you are the beneficiaries of this magnificent Blessing.

Just think, Dear People, all that is asked of you is to harmonize yourselves, make your earnest, determined Call and keep it up. Not a single thing in the world can stand any longer between you and your "Presence." The Light knows no opposition! It just flows into your world, and that is the end of human creation. It is so easy.

Only because mankind has not quite felt the seriousness of inflexible Obedience individually, they think, "Oh well, I can let go of this feeling now; then I will call on the Law of Forgiveness and get by." I would suggest you never do such a thing anymore. Do not make that mistake! We love you, oh, you cannot imagine how much; but I say to you—and I use your terminology again—do not kid yourselves! I mean that very seriously! You have all authority, ability, and power to keep yourselves harmonized and allow this great Infinite Power of Light to flow forth and do Its Perfect Work for you. If you will not do it, then you can blame no one but yourselves.

With the opening of this coming Shrine Class you will find a new world opening before you. The Cosmic Radiance is reaching a certain point of activity where every sincere individual who has been makng his Call, will begin to find a response that he has not known heretofore. I ask you to watch it in your

individual lives! These things are mighty! You are dealing with the great Laws of Life, Beloved Ones. It is not human opinion! It is no one's imagination. You are dealing with definite Laws, and do not forget it. To the degree that you obey Them, will you find everything which has been disturbing you quickly dissolving and disappearing from your world.

There are hundreds and hundreds and thousands of the blessed "I AM" Students in America today, who will soon begin to experience this with such definiteness and power that there will no longer be any question. When you begin to feel this, feel your Dominion; feel more and more humble each day. Then as you gain strength, power, and energy in the release through the Call to your "Presence," you will pour forth such a Power of Freedom and Blessing to your fellowman, your environment, and your associates, as you never did before.

Today, as We were looking over your city and seeing what was required for the coming Class, Our Hearts, oh, how Our Hearts rejoiced! There were great Streams of Light and Energy going up from hundreds of individuals in your city and environment. For your great earnestness, We just stopped and gave praise and thanks to the Source of all Life that it is possible today for mankind to be so awakened, to be so earnest in this Call that it is tangible and visible to Us. With some of you who have had moments when you

wondered how much your progress had been—if you had seen it, I am sure nothing could hold you here long.

It is a remarkable thing how, in the Great Law of Life, mankind must reach a certain state of Advancement—in other words, a certain state in the Expansion of their own Light; or, as I prefer to put it, a certain attitude of Radiation—when like that *(wave of hand)* all of the lower element just like a curtain draws back. Then, you enter into the Glory which is the Real You!

You are so magnificent! These garments which you wear do not always have such perfect appearance—I mean the garments of flesh. But still, You—the Reality—are so Beautiful, so Perfect. Oh, you are standing so much nearer to that Perfection today than a single one of you in this room realizes! Oh, may My Words be Strength, Encouragement, and great Courage to you to go on and on, until the complete Victory is sure. Then when you look back upon the achievement and find all which has held and bound you is dissolved from your world, what a rejoicing! In all the world there is nothing so magnificent.

Today, as we are here in this room, everyone is lifted above the human consciousness; for human consciousness is the only place in which imperfection exists. If you but realized it and determined to stay there—oh yes, you would move around in your human forms

quite naturally; but the difference in your feeling world would be amazing.

You know when you suddenly place a thermometer where there is heat, how it goes up and down? That is the way with the consciousness and vibratory action of mankind. Today in this Radiance you are raised. Will you please take advantage of the opportunity and determine to stand in It and remain there? You can do it! You can positively do it! Then, as you gain one step after another, all of a sudden you will see the Glory you truly are. You have seen the top of the mountain through the fog. Just like that you will stand head and shoulders above all human creation. When you really see the Glory which you really are, nothing will stop you again. You will go forward in the mighty Victory of Light!

Today, in the fullness of this Light, in the fullness of Its Radiant Power flooding your being and world —be calm, be firm, be more determined than ever, with a great calm serenity, to release from your "Presence" all that is required to give you the complete Victory; for it is your "Presence" which does it. Please do not forget this for one single moment. It is your "Presence" which accomplishes the Victory. You stand calm and serene in your Call! Is it not so little to do? —to enter into your own World of Freedom, after so many centuries of limitations! Yet it is coming. It is so great, so marvelous.

I want to say something very encouraging to the people of California. Possibly Saint Germain may decide to make you more aware of it during the Shrine Class; but even then, I want you to know today how much the Freedom of America, the Protection of America has been held by your wondrous Application here. The people of California have made it possible for much to be done which otherwise would have been impossible—financially and otherwise. I want you to know of the great service which you are rendering. It is very wonderful indeed. Ere long in the cities of the East there will come this same great awakening in numbers. You were so ready and so willing. It is marvelous indeed.

Beloved Ones, in our Heart to Heart talk today, I want you to know how deep is the Gratitude in My Heart to you; and how deep is the Gratitude in My Heart to the Great God Himalaya for opening the air channels of the Earth. Someday We shall tell you more about this. It is magnificent!

You are coming to understand the things that heretofore have been considered unusual. Yet, I say to you, there is not one thing in all the wide world unusual. All is an activity of your Life. All is an activity of the Law of Life; therefore, Life compels it to be natural. Do you not see this? In mankind's partial understanding, things were made mystical; and it caused the people to feel far away, instead of entering into the Glory

of that which was their own Life. Try to feel more and more each day how practical all of this great Law of Life is, and how It is *you*. You may have the fullness of Its Understanding and Operation if you will.

Just keep on calling and reaching out. Steadily and surely, just like a warm breath there will come into your consciousness one thing after another in courage, strength, and confidence. Knowing the great need today, I tell you it is not possible to be deprived of it. It is yours! It is your Life which is acting. How could you be deprived of it?

In the Glory of this Infinite Power of Action, I want you to feel that you have entered into the greatest Law in the Universe—the Law of your own Life and Its Mighty Activity, which every human being can use at his own point in the Universe, wherever you care to be.

Beloved Ones, I know how you feel many times; but whatever your service is, keep pouring forth this great Radiance from your "Presence"; calling It forth into action to bless your environment, your associates, your conditions, and those about you. Oh, it is such an opportunity for service! You cannot possibly know yet how great a Blessing that will carry forward to many in your environment.

Do you know that every one of you can make yourself such a blazing Sun of Light wherever you move, that the Radiance from your "Presence" will go forth

with tremendous Power to bless those about you! Will you just do that and feel the great Joy of it? Joy is the great motor of Life, and in it are all possibilities. You can generate limitless Joy, because your "Presence" and the Life which beats your Heart is the fullness of that Joy. It is not something you have to pull out from somewhere. It is right there within you, ready to expand itself; and your attention to the "Mighty I AM Presence" automatically causes it to flow forth with greater and greater volume, power and intensity. Therefore, in the Glory of the Light which is your Life, be happy! Be willing to give It the obedience required to set you Free.

You all know the need of using the Tube of Light and the Violet Consuming Flame. As you continue to use It, the Infinite Power of your "Presence" will do all that is required and set you Free. Keep at it with greater and greater determination. Refuse to accept any moment of doubt or question of your ability to call your "Presence" into action.

I say today to some who have had difficulty in their Application: yield not an inch to any discordant appearance. It does not matter whether there is pain in your body or not; if it be there, then it does not belong to you. Be firm! Be determined in dismissing it! It is only the atomic structure through your feeling world which feels it. You have all power in the Call to your "Presence" to stop it. In your moments of

stillness, call the "Presence" to dissolve cause, effect, and record of it; then no longer will you be troubled by it. Today you are in the position that when you get rid of a thing, you can erase its record. Then, never again let it touch your world. That is your great privilege. Utilize it, Beloved Ones, in its fullness!

I feel the great strength in every one of you and know that you are going forward quickly into the fullness of your Victory—*every one of you!* I thank you for this opportunity today to speak My Heart to yours, and to let you know that I rejoice with you in the sure and steady Victory you are winning. Blessed People of California, you have made it possible for this Light to be carried to the rest of America. It is magnificent! It is marvelous!

In the fullness of the Infinite Power of Light, the Glory of God—the "Mighty I AM Presence"—I call Its Almighty Power into action to enfold you in Its Infinite Protection; direct you by Its Mighty Intelligence; cause all human mistakes and discord to cease at once in and from your world forever; to set you Free and to give you such courage and confidence in your Call, in your Application, that every time you apply the Law, the Answer comes quickly. May It give you the full consciousness of your Victory in the Light now! I thank you.

MORYA EL'S DISCOURSE

NEW YORK CITY, NEW YORK

MAY 15, 1938

IN BRINGING the Great Power of Light closer to your attention, Beloved Students of America and the World, may I, too, have a humble part in this great Service of the Light to all the World?

You are rendering a Service to America, yourselves, mankind, and the World. In observing all that has been accomplished—and it is beyond all description—it compels Me to draw your attention to the great fundamental work of Kuthumi and Myself, in releasing to the World what Light was permissible in the beginning of the Theosophical Society.

I draw this comparison so you may see that mankind cannot be anchored firmly to the Power of Light and Truth without knowing this Great Presence of the "I AM," of which your Chart represents the eye-picture. Dear Ones, there is no Power to hold you anchored, there is no Focus of Power until mankind knows the Individualized God Presence, the "Mighty I AM."

The Cosmic Light not only permits it, but demands that mankind use the Words "I AM" with the Understanding that They are the Infinite Power, and that

each one has this great Individualized "God Presence" which supplies Life and ever greater Intelligence with which to act. There is only this one Source, one Point or Focus of Light to which you can come. Unless you come to this Point in your attention, you cannot have Its Freedom and Perfection. Neither you nor anyone on Earth can expand the Light to a larger degree, until you give your attention to your own "Mighty I AM Presence" and *hold it there.*

I do not mean that you must interrupt your daily activities in order to give your attention to the "Presence"; but when a lull comes in your outer activity, you can turn your attention to your "Mighty I AM Presence." For instance, the ladies or gentlemen who are in the department stores can return to the "Presence" for a few moments between activities—even when their attention is constantly being turned here, there, and everywhere concerning the requirements. There is no individual who does not have one minute or two minutes in which he can turn his attention to the "Presence" and receive Its Charge back into himself and his world. That is practicing the "Presence"; and when you come to do that, Beloved Ones, you will find such results as will satisfy the most exacting.

When Kuthumi and I began to try to release to mankind greater Light and Understanding, We could only go so far. Really, great accomplishment was attained—there is no question about that; but the Light

could not go forth to Its fullness until mankind understood the Individualized Presence of the "Mighty I AM," and the absolute, imperative need of Harmony in the feelings.

Had We been permitted to call the attention of the people to the imperative need of Harmony in their feelings in the beginning of Our Work, much greater Light could have been released. Oh, of course We did show them the need to some degree; but We could not force upon the people at that time what We knew to be necessary. Today, the Cosmic Light is doing just that in Its Service to mankind. It is a wholly impersonal thing. Now, the Cosmic Light is impelling and compelling the feeling world of humanity to accept, take hold of, and utilize this great Power which is their own Life.

All of the Ascended Masters have said to you that heretofore in past centuries, whatever was considered mysterious, mystical, or occult is not mystical today. It is just your own Life being set into greater action! I do not yet feel that it might be necessary or that it will be done; but were We to show you how mysticism, occultism, and all the things that seemed so mysterious were imposed upon mankind, you would be amazed. It was not by Us, but by mankind's own concepts. The people themselves, through certain individuals, clothed this great Action of Life with mystery, because they did not know where the Individualized

Presence of the "I AM" was nor how Its Energy was released.

That is what makes a thing mysterious. If you do not know its source, if you do not know what you are dealing with, then a thing is mysterious, is it not? Realize this! Is there anything mysterious when you understand it? From the smallest to the greatest, nothing is mysterious when you understand what it is and how it is acting. Remember, you cannot do a thing in the world unless your own Life is acting; and your own "Presence" above gives you Its Life, Its Infinite Power!

Through your attention to your own Great Presence of Life, you can draw the intense, ever-increasing fullness of Life into action, into your body, and into your human octave of activity. That is where it is required. Life is already full Dominion up there *(pointing to "Presence" above).*

I rejoice exceedingly in two very great surprises which are coming forth to you in the near future, bearing right upon this which I am talking about today. Will you, everyone, try to feel that you cannot take a breath, you cannot move a finger unless the Power of your "Mighty I AM Presence" is acting and enabling you to do it. You cannot think a thought!

Let Us clear the decks today concerning the Power of your own Freedom acting right here; and determine with all the Power and Activity of your "Presence,"

to no longer accept discordant appearances in the outer world.

Beloved Ones, why do you still find it difficult to release yourselves from certain things? With one it is the health; with another it is the financial supply. Just because you are unknowingly allowing your attention to fasten to the appearance of the condition! Because your pocket seems to be empty, you declare you have no money. From the appearance standpoint you do not have it in manifestation, but here *(pointing above)* you do have it. Your "Presence" has all the money in creation—all you could ever use in the world; but because you are accepting the fact that your pocket or pocketbook is empty, it keeps your attention fixed upon the appearance. The repellent force or fear, or whatever is acting, is depriving you because you give it more power in your sphere of activity, your physical focus here, than you do your "Mighty I AM Presence." You have not given the "Presence" the full Power which belongs to It. You do not give It the opportunity to act.

Will you take the same stand that the Messengers did when Saint Germain asked them to go forth? They did not have any money either. It was just enough to get to Philadelphia, but they put the whole activity up to the "Presence." They said: "Now, 'Mighty I AM Presence,' this is Your Work! You have all the supply, money, and everything else that is required to

supply us and send us forward, if You want to do it," and the "Presence" did! The "Mighty I AM Presence" answered!

In every problem, whether it be your health, finances, or whatever it may be, please try to do the same thing and see if it will not give you complete release. If it be your health, say: " *'Mighty I AM Presence,' this is Your body! I call on the Law of Forgiveness for all the mistakes I have made, and for getting into this condition. I want to fulfill the Law! This is Your body! You take command of it and make it Perfect.*" Dear Hearts, do you think there is anything in the world that could stand between you and your health if you do that? In doing this you have given all power unto the "Presence," which is all Health. Its Ray of Light and Energy is beating your Heart! Then how in the world could you fail to accept Its Health?

The same way with your pocketbook: " *'Mighty I AM Presence,' here I am for service!*" Whether you want to give a particular Service to the Light or in the business world, you are still serving the Light if it be constructive and it is not harming anyone. This is one thing I hope I can get clear to you, Dear Ones: The outer world requires tremendous service yet in industry and business activities. You cannot all leave the business activity to go into the Service of the Light, because you still need material food as yet. So, let the

Power of Wisdom just raise you into the next step; the next; and on and on. Do not humanly try to go ahead and do that. Just say: " *'Mighty I AM Presence,' here 'I AM'. 'I AM' ready, 'I AM' willing! Send me forth and cause me to do the perfect thing that You wish me to do every moment.*" Then you will just step right on and on and on, into the Perfect Activity of the moment. That is what is needed today.

It might be that the Higher Mental Body of many of you will want to keep you as a Focus of Light and Power in the industrial and business world, so It can pour Its Power forth there to harmonize things in the business world and bring Divine Order and Divine Justice. Of course, you catapult It forth by your mighty Decrees in the mental and feeling world of mankind; but many times there must be a Focus for the Light —a human form in the locality—in order to hold the Power there long enough to establish a permanent accomplishment.

This is a point I want to make clear to you, especially in the city of New York: you are becoming a mighty Focus of Light here. Once your city was the greatest focus of intrigue in America. Now it is about fifty-fifty with Washington, D.C. That is not surprising. You never saw the capital of any country in the World which was not a focus of all the intrigue imaginable.

Now you have come to know this, do you not see

how the Call from the "I AM" Students here can change the condition of the city? In the great number of Students, which is small in comparison with the population, but great in comparison with the short period of time, think what five hundred thousand Students could do in focusing their mighty Decrees into your city, into Washington, D.C., to charge into the mental and feeling world of the people there—like dynamite in action—a mighty, powerful Constructive Power for Divine Justice and Divine Order. Well, is there anything greater in the world which can bring permanent adjustment of all conditions?

You need not have Me tell you that all civilizations of the World have failed because there was no one in them to call the attention of the people to this Great Presence of all Life, the "Mighty I AM." Mankind is lost without It! Let any one of you today stop this hour thinking of or giving any further attention to your "Mighty I AM Presence," and see where you would be inside of three months. If you have the courage to test it out, you will see it plain enough.

I tell you, Beloved Students, you have no more idea than an infant what it would mean if all attention that has thus far been gained and focused were suddenly discontinued in America. What do you suppose would happen inside of three to six months? I mean to individuals as well as the Nation. We are determined that you blessed ones—who have been so loyal, so sincere

and determined in your Application—are going to have your Heart's Freedom, that you may go on rendering greater service.

Beloved Ones, if there are any of you who have been having difficulty with your financial supply, get it right down under your foot now and master it. I tell you, that thing no longer has any power over you! Let us stop your human qualification right now! " 'Mighty I AM Presence,' take command of every mind and body that has any sense of financial limitation! Take out of them that feeling, whether it be fear or whatever difficulty it is, acting as financial limitation! Take it out right now and set them free! Take it out—cause, effect, and record! Set them free right now in the Power of their 'Presence,' that their Calls may be answered with the speed of lightning and the power of complete release."

The same activity shall charge forth regarding your health, or the harmony you require in your feeling world. There is no one person living who cannot from this moment hold absolute harmony in his feelings, if he will watch and at the slightest intimation of disturbance in his feelings, say, *"Stop!"* Any person on Earth can control it if he will. Do not let any self-pity act now, Dear Hearts! Do not yield to anything or say, "I cannot do this," or "I cannot do that." Instead say, *"I can do anything, for 'I AM' the 'Presence' and Power!"* When you say, "I can't," you are saying the

"Presence" can't, because you cannot use "I" and not be the Power of the "Presence." When you say, "I AM," that is the full release of the Power of the "Mighty I AM Presence" at your focus of Life right here, to do whatever is decreed.

For a moment, will you just still yourselves and let this Power which has flooded the room, enfold you? Let It just be absorbed into your feeling world and your physical body, like a sponge absorbing water. The Charge is tremendous here in the room, and the Great Ones wish to give you all the Assistance possible. Just for a moment close your eyes and feel It saturate your whole body, your feeling world, and your activity. After a few moments of that, just silently say to your "Presence": " *'Mighty I AM Presence,' charge this forth into my world, my activity, for my financial Supply; for my perfect Health; for the Harmony of my being, and my Blessing which I can pour out to all mankind through sustained Harmony in my feelings.* "

(Silence)

The remainder of the day and tomorrow, will you try to remind yourself of this once each hour, that the Great Ones may be enabled to give you the Consciousness of your Freedom in every way? We want you to be such a powerful Focus of this Light that you can give a clear, marvelous explanation of this Teaching. You do not know this yet, but before long you are

going to find a flood of people coming into this Instruction. It will need every one of you with a clear understanding of this explanation of the "I AM Presence" and what the Work is. Be sure you answer all questions from the Books or the Magazines.

Dear Ones, when you can say to the world, *"Now this is the Answer of the Ascended Masters to these things,"* you will find the people will not be so inclined to question you, as if they think you yourself are giving the answer. You have no idea what it means as this Work expands. There are a lot of people who are argumentative; and when you say, *"These are the Ascended Masters' Words,"* and they say, "How do I know it is true?"—you can simply answer: *"You can believe it or not. The Ascended Masters are the only Authority because They are free Beings, wholly Perfect."* Then the people cannot come back to you and say, "Well, why haven't you manifested this yet?" Do you not see the idea? Hundreds of people have said to the Students, "Well, if this Light is what you say It is, why are you not outpicturing It?" Tell them it is none of their business! It is none of their business what you are outpicturing. How much do they know about what is in your Life Stream, which has to be cleared out? When you give that answer to people, you will clinch it. Then they cannot come back to you and say, "Why are you not outpicturing the action of this Law more?" That is the disturbing action which

wants to get you down. It has no power!

The Messengers have often said to you, if you would so prepare yourselves to answer every question from the Books, you could never be tripped up by the human. They were not permitted to go on and say why; but I am saying it to you today, for you will save yourselves a lot of distress.

It is the sheerest nonsense for any human being to say to another, "Well, if you are applying this Law, why are you not having greater results?" Such a question is purely human, destructive resentment, nothing else! It might be a psychic projection, but still it is the same thing. Do you not see how you are completely released from the responsibility of anybody coming back at you, when you say, "These are the Ascended Masters' Words." I want to tell you, it is a magnificent thing!

You have no idea of the freedom and release from human feelings it will give you if you will do this. Oh, you have no idea, My Dear People, how this human, destructive thing in the World is rapidly being compelled to let go. Do not think it does not want to hold on; but if you could see the great, great quantity of human creation which has been completely dissolved and consumed in the Violet Consuming Flame, your joy would be boundless.

You think you have been doing great things in your Application. What do you suppose We have been

doing in the meantime? I know you cannot think that this sounds egotistical, because an Ascended Being could not say egotistical things; but I give you this reminder: Whenever you have called the "Presence" into action to dissolve and consume discord and limitation, We have added Our Energy, Power, and Light to that which you have released, at least a hundredfold, because We have the Understanding and the clearness of Unlimited Vision to see what Our Power released does. This you do not yet fully comprehend. There are so many individuals among the Students in America, and now in the various parts of the World, who, if there were suddenly released to them the True Vision of their own individual accomplishment, I tell you, they would be dynamite from that hour on, because they are releasing tremendous power in the dissolving and consuming of the human creation.

The Divine Director has rendered the most indescribable Service to your city, because it is hoped—and our little lady here (Mrs. Fisher), I see was getting the feeling—it is hoped to make this a mighty Focus of Light. As the Messenger has written a very beautiful song, words, and music called "Rainbow Rays," so should those Rainbow Rays connect with Los Angeles and make a powerful Focus at those two mighty points on the landed surface of America. I cannot give you further explanation, just now, than that; but it would be a mighty thing. Sometime later you

will have the rest of the explanation.

You have seen the rainbow in the sky with its various activities; sometimes you have seen the complete circle. If you were up in the air in an airplane, you would see the full rainbow in the complete circle. The rainbow represents a certain activity, for it is a symbol of fulfillment to the Earth. Now it is coming into a Cosmic Activity; and the Great Cosmic Beings are bringing these colors into a Focus, through the Light Rays which your rainbow represents. That will be a Mighty Activity! Notice—if the segment of your rainbow goes over or through the atmosphere to Los Angeles, then where do you suppose the rest of it is? Oh, it is all there! It goes right on around through the Earth and back here. Then what does that do? It is the Power of the Cosmic Light. Through consciously directed Light Rays, containing all these qualities, the rainbow goes around and through the Earth. It regulates the power and activity of the gas belts by the Power of the Cosmic Light.

Now you see what your Call has done for three and a half years for this Protection. The opening day of your Class here in New York, that Rainbow—the complete circle—will take Its Dominion in America!

Then, you can understand why this Blessed One has had such an all-powerful, impelling force to issue these Decrees and do the Work in an untiring, marvelous manner, which would enable the Protection to be

given. What do you think that means? I know this will make you all very happy. It means that it will not be long until in New York and Los Angeles you will have your own Mighty Temples of Light, for the Service of the Messengers and yourselves whenever We wish to bring them here.

These two Focuses, according to My Idea, should be held invincible in America. I want you to see that this is the culmination and result of your mighty Decrees. You have gone on very wonderfully issuing those Decrees for the gas belts and all that kind of thing. Today I feel quite honored in becoming the spokesman who brings to your attention the outpicturing of this accomplishment, because I Myself have not had so great a part in it. I have had to do some tremendous Work in Europe which demanded My Attention, and today it is wonderful beyond description. With the continued faithfulness of the beloved Students to the Presence of Light, the "Mighty I AM," and with an ever-increasing determination to release Its Mighty Power into the human octave, you will see your reward is at hand, if you care to look at it in that way. Yet I plead with you, do not ever do anything for a reward. It is not the correct attitude, but the reward always comes. It is not quite the proper expression, but you are accustomed to using it. Instead of the word "reward," let us change it to "Victory." Instead of your reward will come your Victory. It is very much better.

I tell you frankly, Beloved Ones, you have no idea how certain expressions which you have been accustomed to use, create certain conditions. You know every voiced expression creates a definite vibratory action, and it would be very much better if some of them were changed.

Notice the Great Wisdom of Saint Germain and the Others in bringing forth this Work. They demanded and have held imperatively to it, that all technical terminology, Oriental expression, and all that kind of thing be left out of this Work. The Messengers, thank God, have been firm enough to stand by it and keep it out. You have no idea, today, what it means to you by its being kept out, because a new world is before you in which everything will be Simplicity and the Power of the "Mighty I AM Presence" in action. Keeping out all the old worded expression is the only way it can be done. Technical terminology and involved phrasing of mankind was established to confuse the people. Today, it shall be no more! The greatest Power of Life answers your Calls and acts through the greatest Simplicity, with Purity and Honesty of purpose.

The cleansing, purifying activity in the world of these Students in America has been the most wonderful thing We have ever witnessed. I tell you, Beloved Students, if you could see what your Application in calling to the "Mighty I AM Presence" and your use

of the Violet Consuming Flame has been, your Hearts would rejoice more than anything you could imagine. You cannot make the Call without the "Presence" setting Its great Power of Light into action for you. It is magnificent!

Remember, Beloved Ones, your Call to the "I AM Presence," the Tube of Light, and the Violet Consuming Flame are the things which set mankind Free. First, the Activity of your "Presence" is a great Protection from the feeling world about you. You have enough of your own to take care of; and that Tube of Light will shut the rest out and keep it out, if you remain harmonious within It. Then, as you ask the "Presence" to pass the Violet Consuming Flame through yourself, will you have fulfilled the Law completely.

This is a delicate point: when We say your attention will do a certain thing; then We say, do not keep your attention upon certain things—it sounds like a paradox, but it is not! Keep your attention upon the constructive things and not on the destructive or the limiting conditions, for that is the need today. As you do this, you will find such great results in your Application.

This activity I referred to in the beginning of the opening of the Class will do tremendous things for America. However, I will not discuss that further. I will leave it to a later activity to complete it. Stand unyielding in all of your outer requirements. Do not

for a single instant give power to any of the seeming limitations about you—whether it be concerning yourself, your city, your friends, or anything else. The minute the attention starts to focus there, say: *"Oh no! Come back here where you belong! 'Mighty I AM Presence,' sweep into this and correct it!"* Then take your attention away from it and place it on your own "Mighty I AM Presence."

The same way with your body and your pocketbook. If your attention begins to rest there say, *"Hold on now! My attention does not belong there. It belongs up here where the Power is which fills my pocketbook. So, go up there."* You will find that you will be able, through some of those seemingly simple activities, to gain a Dominion and Authority in your outer consciousness which is absolutely marvelous.

You know, there are a few things which you can get rid of most quickly by ridiculing them. Many times it takes just some little thing to release your complete Victory; for instance, like the above expression. When the attention begins to fix on the empty pocketbook and you say: *"Oh no, hold on! You get up to my 'Presence' where the supply is,"* it will give you the confidence that you are actually doing the right thing; and of course in such a feeling, you will get the immediate results.

The Messengers have often offered the suggestion that you charge yourselves in the evening. For

instance, suppose you added to your charge before going to sleep at night: " *'Mighty I AM Presence,' fill my purse with the limitless supply of money I require for use in Your Service of the Light.*" Then, you go to sleep in the full feeling and confidence that your "Presence" is supplying you constantly—and as our Beloved Lotus says, "ten times more than you need"; then you will find it will come! Do not be discouraged if your results have not been all your Heart desires. Keep on reaching out, as it were, in your feeling, to get the right Application which you particularly require to govern your feeling of the condition.

I am sure you see why you should do that. If one phase of Application is not handling the condition which you particularly require, reach out to the "Presence" and say: " *'Mighty I AM Presence,' You make me feel the kind of Application, the right Application I should have here in order to accomplish this.*" Then in a moment it will surge forth and be done. Never forget that the Power of Light is rendering the Service.

It is a very wonderful thing to see how the blessed ones are so willing to remain when a Service is being rendered. Is there any better place to be in the whole world than in the Presence of Light and the Ascended Masters? So, whatever Service you are rendering to the Light, remember it is the greatest thing on Earth! You have been here two hours and a half, and that

is marvelous beyond words. Every hour you can spend in adoration or attention to the "Presence"—I mean with joyousness, not with a sense of effort—you will see how rapidly you are reaching into the Heart of your "Mighty I AM Presence," where Eternal Freedom and the supply of all the outer world requires are released to you. It is very wonderful, Beloved Ones. You have noticed in various parts of America, in the beginning the Students thought an hour and a half was a good while to be focused upon these things. Now you do not think anything about three hours. Mankind have been willing to give eight hours or twelve hours to the contemplation of all kinds of destructive things. Then, why not give three hours to the Presence of Life? Oh, Dear Ones, this is the most wonderful thing in the world; and when we do a thing because our love to it is so great, then our results are indescribable.

I wish I had time to go on and just very briefly tell you about Our—Kuthumi's and My—early experiences. If you knew how some of the Students called Us everything. The human has a lot of audacity, you know; but We were called about everything imaginable, because We demanded a few simple requirements of Obedience. I, Myself, had some of the most drastic letters written Me. So, you should not mind if you are criticized sometimes. I did not, and I am glad to see the Messengers do not mind it; then you

should not.

Dear Ones, whenever you come to the point where anybody can say anything they please about you and you just smile and go right on about your business, then you are Free; and the rest of the requirements will manifest so quickly. As soon as the outer world of human creation sees it cannot jab you and get you irritated and disturbed, then it knows it is wasting its time and does not bother you anymore. Did you ever see two children, one a great tease who goes around pinching and prodding the other to get him disturbed? That one goes on, and if he cannot get a response from the other, he does not do it anymore. It is the same with human creation. When it sees it has lost its influence over you, it goes somewhere else; but when it starts going some place else, you say: *"Violet Consuming Flame, seize it, so it cannot act somewhere else. Annihilate it!"*

I want to tell you, Beloved Ones, you can call to the "Presence" and then watch It. You do not have to have Inner sight for this; but just mentally make the picture of the Violet Consuming Flame going out, as though It were in your hand, directed by your hand; and say: *"Mighty Consuming Flame, seize that thing!"* It is just the same way with any condition in your world: *"Mighty Consuming Flame, seize that thing! Dissolve and consume all impurities there!"* You can handle any condition in your body, oh, as easy as

breathing. It has gotten into your hair too much—that is the reason you do not handle it. Oh, do not mind if We use slang phrases; you will have to get used to them. That is ofttimes the reason you can release a thing, because in the certain peculiar feeling which is stirred into action, you are able to let go of it like that. Then it is finished.

Dear Ones, not one single thing of a limiting, discordant nature can live in your world unless your attention is feeding your Life Energy into it to make it live. Oh, do you not see that? There cannot a thing reach you, touch your world, or live in your world—I do not care whether it be inside of your body or outside—unless your attention goes to it and thereby feeds the Life Stream into it to energize it. It cannot do it! Oh, Dear Hearts, make up your mind to take your attention off the disturbance and put it on the "Presence," knowing the "Presence" has directed Its Light Rays to dissolve it. Then you are through with it. In this Understanding you are absolutely Master of your mind, body, and your world.

I am very grateful, extremely so, for all that has been accomplished for your blessed selves today. I bless you with all My Love. I am supposed to be a rather austere, dignified individual—but only when necessity demands. The Ascended Masters, Beloved Ones, are all that is joyful, happy—and, oh, with the Happiness that every human Heart has craved. Today you

are in a position to have this very Happiness of the Ascended Masters manifest in your life, your body, your world. Let It come forth in the fullness of Its great Power!

I call the Power of Light, the Great Cosmic Light, and the Great Rainbow of the Cosmic Beings to be charged into your being and world; in all the "I AM" Activity in America and the World—with Their Infinite Power of Action to carry those mighty Qualities which mankind needs to set them Free most quickly. May everyone, through the power of his attention, hold this anchorage in his feeling world and activity, so the Glory of the Light may produce and hold Its Dominion quickly. Let each one be in the particular Service of the Light which each Heart wishes to render. Whether it be in your business world or anywhere else, just be happy and let the full power of your happiness flow through. Then your associates, your employees, or those who are under this Radiation will feel that Happiness, Glory, and Divine Order are established, and Divine Justice is done everywhere—because where individuals are happy, they are willing to give Divine Justice. It is only when irritation and anger come in that mankind becomes stubborn in the human. Then the human creation of selfishness and discord rush in, causing very lovely people sometimes to want to do the wrong thing.

Therefore, withdraw all criticism and condemnation

from persons, places, and conditions. Pour it all into the Violet Consuming Flame and turn your attention to the "Mighty I AM Presence." Ask the "Presence" to take command of all minds and bodies on Earth, and their activity. Charge into their Earthly activity every Perfection which the "Presence" holds, and then see the Power of the Light hold Its Dominion forever. I thank you.

HILARION'S DISCOURSE

LONG BEACH, CALIFORNIA

DECEMBER 17, 1937

I GREET you, Beloved Children of the Light, in the Name of your "Mighty I AM Presence." Tonight I shall try to help you feel and understand your ability, your great power to become what We are today.

In the outer world of understanding and that which has previously come forth concerning Those who are acting under the Seven Rays of the Godhead—each Ray performing a certain Service—I wish you to understand that every Ascended Master, being wholly Perfect, is equal to any emergency and gives Service wherever it is required. It does not matter what the particular activity is; the demand is the important thing.

I perceive that few yet understand what it means when they make the Call to their "Mighty I AM Presence." If for any reason you are not yet able to generate the full power and feeling, to bring the sufficient release of your own Energy from your own "Mighty I AM Presence," ofttimes through the Higher Mental Body the Call comes to Us—shall I say, to Our Octave—for Assistance. The One who receives your

Call immediately projects a Current of Energy or Ray of Light and gives the Assistance required.

The "Mighty I AM Presence" is the Authority of the whole Universe. We all obey that Great Presence of Life! As unascended beings, who are not yet sufficiently aware that you have all authority and power in the Acknowledgment of your "Mighty I AM Presence," you need assistance, strength, encouragement, joy, and happiness. All of those qualities go to make up the needed harmony within your feeling world, which stops the requalifying and reclothing of your Life with the qualities that are acting in your feeling world.

That is the only possible thing which causes limitations in the activity of mankind. If you left It alone—now notice carefully—if you left this Stream of Energy alone as It flows in, beats your Heart, and then flows out into your world, It would naturally produce full and complete Perfection; but you do not do that. You generate feelings for one reason or another of more or less discord, and this Energy flowing through is compelled to be clothed. It is just as if you wrapped around that Current of Energy the discord which is in your feeling. It has to go out into your world, and of course produces conditions like the quality in which you clothe It.

Do you not see why the Messengers have pled and pled with you for the need of Harmony in your feelings?

Beloved Ones, I say to you with all firmness and kindness: you cannot go much further until you take the determined stand to completely govern your feelings; for out of that comes Freedom for everything that is.

This Energy which is waiting to release Its greater Power is always there. You cannot have a physical body and not have your "Mighty I AM Presence" above you, or Its Energy limitless and ready to flow forth; but you allow your attention to be so held upon the outer appearance world, that you forget your "Presence" and Its Energy. I know even among the Students, with some very earnest ones, something suddenly flares before you and, my gracious, it is so apparent that you, for the moment, forget your "Presence." Oh, it often occurs! Yet, the moment something starts to appear before you, stop everything and say: " *'Mighty I AM Presence,' take command! Stop that!*" Then you have the action of alertness!

One must be alert, Beloved Ones, in your Application of this Law, because if you stop an appearance before it begins to gain a momentum in your Life, it is easy; it is not a struggle. The Light never struggles! Mankind do in their Application, because they think they must struggle. Of course, that is not necessary.

I want to try to make this all so practical to you. All of this is yourself! We are yourself—perhaps a little more advanced; but We are your Life, your Life right

now this moment! Think of it! Right this moment your Heart is beating, is it not? What is beating it? Life! The greatest Power and Intelligence in the Universe is beating your Heart right now and breathing your lungs.

Notice—that same Power of Life is Infinite in Its Power and Activity. It is you who are limiting It by your attention upon the world of appearances, which are limitations. Do you not see that everything in the outer world of mankind is a human creation or limitation?

Take the most perfect things for use that you have in the outer world today. Let us step up, as it were, to the more advanced activity of things. Take your aerial navigation. Your planes are wonderful today, are they not? They are real, but they are only a small portion of the Perfection which will come forth in your aerial navigation. We know that. Now, you might say to Me, "Well, show me!" We will, but possibly not just yet.

However, all the Perfection mechanically that you have today is only the beginning of what may come forth, providing you will give obedience as Saint Germain has asked; for that is your Freedom, the only means by which It can come. If you cannot and will not give obedience to the simple things He asks, how can you expect to have the great Perfection which He has pictured to you? You will find that He makes no

mistakes, in spite of the fact that there are a few who think He does.

Oh, Beloved Ones, what do the Ascended Beings or Cosmic Beings care about puny human opinions? It is the people who have those opinions who should care a great deal. They should care, Dear Ones, because it is those vicious individuals who spread falsehoods and discourage mankind, ofttimes when they are on the eve of great success. Vicious individuals go among the Students and mankind, and some of the Students are not strong enough to stand against their viciousness.

Dear People, as long as you admit silly, vicious gossip into your world, you will pay the penalty. The Messengers have prompted the Students everywhere. All who do that are vicious claws of the sinister force, holding you away from your Victory. If you want to listen to that kind of thing, then you will remain right where you are—in your chains.

There has been a lot of viciousness spread through your city here. Oh, We know all about it! Those unfortunate individuals—God help them! They sound their own death knell when they do it. Because they have been going on for some time, they become more brazen and vicious. Well, We do not mind; but they will!

I prompt you, Dear People of Long Beach and elsewhere, until you will take your stand and throw out

of your home or your world every individual who tries to spread viciousness there, you will remain in your limitations. This Work and the Work of these Beloved Messengers is the most beautiful thing ever given to mankind, and the Messengers pour forth Love as few human beings can do. If those vicious individuals would turn that same energy to a constructive purpose, they would have made their Ascension already, because they release dynamic feeling in anger and viciousness.

In every instance of that kind where individuals have become so vicious, it was because they could not drive in and become one of the staff of the Messengers. That is the only reason their viciousness started to build. So watch out, Dear People, it is your problem! It cannot touch the Messengers or the Work; but it can disturb you, if you let it.

The Messengers have given you only Love and Truth and Light and Freedom. Every human being —it does not make any difference who they are—who sends out viciousness and falsehood, will find it returning to them. It cannot go elsewhere. That is the thing which, so far, many of mankind are refusing to see. They think they can go on putting out any kind of feeling and not reap the results. Do not fool yourselves, Dear People! The first fundamental Law of Life, mankind ignores completely. You cannot get away from reaping exactly what you send out! No

human being can avoid it. It is the Law of Life! There are some who think they can, but they are kidding themselves.

One day when We come and stand before you in the Visible, Tangible Body, and you have come to a point where We can release certain forces, We will present to you the record of those great Truths and why they are so. Then you will know how great has been the Truth the Messengers have presented to you.

Remember now, Dear People—because there has been so much viciousness spread in your city, I want you to realize the importance of this! If you do not protect yourselves, you will accept into your feeling world this destructive thing; and there is no one to blame but yourselves if you do. We want you to be free; but if you listen to that kind of a condition, you will have it in your world.

There are two points here I want to try and anchor firmly in your feeling world tonight, and they are: you listen to conversation intellectually and you say, "Well, that may be true or not—I am not interested." That is often the feeling of the individual, but what do you think your feeling world around you is doing at the same time? That is what you are not aware of.

If you are not in harmony with a thing completely and if a certain verbal suggestion comes to you—sometimes silently, but more often verbally—it causes a feeling to start within you of doubt or question. You

are not sure, but you say to the intellect, "Oh no, I will not accept that"; but your feeling is accepting it! Hours or days after your intellect has said, "Oh no, I won't accept that," something comes up in your Life's experience and you say, "I wonder if that could have been true?" There is where your feeling has accepted it and started a momentum of destructive thought and feeling. If it begins to revolve, it reaches the thought and the thought takes it up. Then you have a conflagration on in your feeling.

I tell you, these individuals who have spread such vicious falsehoods concerning the Messengers and the Work are filling their lives with tragedy, Dear People. Make no mistake about it! Oh, the Messengers or We are not concerned; but We *are* concerned about you, who sometimes unknowingly accept those things in your feeling world. It is you whom We are talking about! We do not care anything about the vicious individuals. They will destroy themselves soon enough; but it is to protect you precious people, who unknowingly accept these things in your feeling which start disturbance. Then the first thing you know, something happens in your world—a loss of finances, loss of health or something like that, and you wonder what in the world could have caused it. It is because you have accepted this vicious gossip into your feeling either knowingly or unknowingly.

Dear Ones, do you not see? I am not condemning

these vicious individuals. I am not even concerned about them; but it is the honest, sincere Student with which I am concerned. I want them to be strong and firm enough to repel all that kind of thing and keep it out of their feeling world forever. It is true—if you understand the Law sufficiently, you can hear a thing without accepting it; you can look upon a thing without accepting it. But the average individual does not. With the average individual, the moment you hear something tragic or destructive outside, you accept it into your feeling like that *(motion of hand)* because you are not on sufficient guard.

The Messenger today can look upon anything out there and stop it instantly from entering into his world. He is not an Ascended Being; therefore, if he can do it, so can you. That is why tonight I am prompting you on these things which will mean your absolute Victory and Freedom, if you care to listen to Me. That is why We want you to understand that the Messengers or We are not the slightest concerned what vicious individuals pour out; but you blessed ones, unless you know how to guard yourselves, will accept it into your feeling world, and you will find some condition coming out of it that is disastrous to you.

Dear People, let us look these things square in the face. How do human limitations in the world come about? By accepting into the feeling world a power of human creation greater than the Presence of Light.

Every human being without exception knows that he has within him the Presence of Life, does he not? But how very few people previously have given any particular thought to it! They come into embodiment; accept a few ideas; go on in the ordinary manner; and after a while lose the body. Then they get rested, come back, and try it again. Isn't that a ridiculous thing? Isn't it?

Now that you have the opportunity of setting yourselves free from these conditions forever, is it not worth any effort which you can make? Notice, Dear People, whether you believe it is really Me or the Messenger himself who is talking to you, will determine how much you are going to free yourself. The Messenger is repeating My Words and I am standing right here by the Messenger, flashing these Words before him. You probably do not see Me, but I could make Myself very tangible without being visible.

I want to say to you beloved Students, if you are going to be free you must dissolve the feeling within you that an Ascended Being is not tangible just because He or She is not visible to the physical sight. We are just as tangible as you are; and if I chose I could stand forth in a minute here, in just as tangible a form as the Messenger is. Of course, there are those who will say, "Well, why don't you do it?" I am sorry that you do not trust Our Wisdom, when it is the right time to do it.

Our Life, Our Law is Obedience to this very Law of Life which is beating your Hearts. We know It. We are willing to give Complete Obedience. Are you? That is the point! When you are as willing to give as exact Obedience as We are, then you will be where We are. Do you not see that, Precious Ones?

You know, recently the Messenger had a letter from London, saying that the language in the Magazine was very unbecoming—it said "Dear Hearts" and "Precious Ones" four or five times on each page. They thought that was out of place. We should worry about that individual's opinion? But I am speaking of these things to prompt you, Precious Hearts, not to be caught in the snare of human, intellectual conceit. That individual was so conceited he just deprived himself of the great Blessing which was there. You will notice the Messengers do not care a thing about human opinions. Some of the great intellects tore them to shreds when the Books first went out, picking flaws here and there. Well, the only flaws were those who did the criticizing. They should pick out their own flaws and get rid of them. Precious Hearts, mankind must come to Our Point of Obedience if they are going to be Free.

I sometimes stand amazed; for in the beginning mankind was given the prompting when Victory, as you have come to know Him now—the Tall Master from Venus—issued the Edict for the Earth from the

Great Royal Teton: that this Work should go forth in simple language which the layman could understand, or even a small child. He said It should be simple and understandable, but powerful and majestic in Its Activity and Results. If individuals want to allow the conceit of the intellect to turn them aside from the Blessings of this Work which Saint Germain has brought forth, then it is quite all right; but thanks to the Infinite Light, those individuals are but few. It is marvelous!

Beloved Ones, think of this Work today in America! Five years ago scarcely anybody knew that such a thing as an Ascended Master existed. The Western world scarcely knew or ever heard of such a thing. Yet today, out of the nearly four hundred thousand Students, three hundred and twenty-five thousand are accepting this Mighty Truth. They are feeling It deeply within their beings. It is their Freedom!

Why do you have advanced instructors in your schools? You have the kindergarten, grade school, high school, and so on, up to your college and university. The instructors in the universities and colleges are supposed to be much more advanced than the kindergarten. Well, the same Law applies throughout the Universe. We, having passed through the experiences which you are in today, know how to convey to you the Application and give you the Assistance which will bring you to Us in Eternal Freedom;

but if you will not let Us help you, how can We? This is what I want you to feel tonight.

In your Application, Beloved Ones, if at any point you need Assistance, then that Assistance must come to you from Us, because it is the Law of your Life. Do you think the Law of your Life, which is beating your Heart, seeing your earnest, determined desire to be free, will not call to Its Assistance anything required to give you the help which would be your Victory?

It is Life, your Life, Precious Ones, which is calling for Its Freedom. It is not a matter of your human opinion at all! Of course your human opinion can interfere with it temporarily; but it is your Life which is calling for Its Freedom. That is why your Heart knows the Truth which your intellect will not always accept. That has been the magnificent thing in this Work which Saint Germain has brought forth in this magnificent Instruction. It is simple, but All-powerful to set you free! It does mean—oh, you can't get away from it, Dear Hearts—that you must make your earnest, determined Application and keep it up, until your momentum becomes strong enough to sweep everything out of your world, consuming all disturbance or limitations.

Look upon your World today! Of all that is here, is there anyone—now notice this closely—is there one thing of your outer world today which has not some

kind of limitation? Can you show Me one thing in your outer world of the human octave which does not in some manner have limitations? I think not. Then, that limitation of the appearance world is still human creation, even with as much of the beauty and Perfection as you have. Why do I say "human creation"? Because there is still limitation in it.

For instance, take the most beautiful roses you have in the World today. They look as though they were almost as perfect as they could be; but I say to you, they are hardly a comparison with the perfection which can be and will be yet manifested in your midst. I say this to you just as one illustration—I cannot take time to give you more. If you were to take a rosebush in your lawn or garden and you would go to that rosebush every morning and say, " *'Mighty I AM Presence,' charge Your Perfection into that rosebush and bring forth the most perfect roses!*"—you would see come forth such Perfection as the human does not believe possible. You can do that! You can take an orange tree, stand and charge it with the Perfection of the "Presence," and leave the rest alone and see the difference.

This means, Dear People, any of you can prove this Law true to your entire satisfaction, if you will; but if you do not apply It, how can you be satisfied? We see the great, great, earnest, sincere, intense Application many are making—the majority; but never tire.

Never become impatient. Never cease Application until you have swept out of your world every disturbing, limiting thing. It must come because it is the Law of your Life. It is compelled to answer.

Beloved Ones, let Me remind you again tonight that when you call forth this Great Power of your "Presence," Its Mighty, Intelligent Energy goes into Action; and It is Self-luminous, Intelligent Substance! It knows no opposition nor interference! That Light does not fear the darkness! The Light knows no opposition from any kind of human creation! Therefore, when you call the Power of your "Presence"—which is Self-luminous, Intelligent Substance—to sweep in and through your body and sweep out all imperfection, Its Light just floods into, through, and around you and sweeps out all disturbance, providing you are not still determined that there is some left.

Many times We have seen the beloved Students make earnest, sincere Call and every bit of disturbance be swept out. Ten minutes later in their feelings they would begin to wonder and let the whole condition return. Train yourself, when you make your Application to be firm as the Rock of Gibraltar that the thing desired is accomplished. Then stand by it, no matter how the appearances scream at you afterwards; and you will have your Victory very quickly.

The Messengers today, Blessed People, when they make Application, stand by it no matter what the

thing says outside. They always win, because their stand and determination allows the Light and Power to continue to flow until the appearance disappears. This is what it means to stand firm and unyielding in your Application.

I thank you, Beloved Ones. This is the first privilege I have had of talking to you. Yet I, with many others, always stand ready to give every Assistance possible for your Freedom, Perfection, and Dominion. Oh, do not yield any longer, Beloved Ones, to the appearance world. It has no power! Once you will turn upon it and tell it so and *mean it,* it will cease to have power in your world. Then, as you call the magnificent Power of your "Presence" forth to take Command and hold Its Dominion in your world, so shall it be done!

The time is not so far distant when blessed ones like this *(pointing to one brought in on a cot)* will hear the words, "Arise and walk!" and they will obey —because the Light which beats this Heart is Authority, the Dominion, the Action, the Power which can make that body walk in its Freedom and Perfection.

Oh, Beloved Ones, your Life—the magnificence of It, the All-powerful Action of It is ever at your Command! Remember, you are no longer subject to the limitation of all human creation, nor your own. You can call on the Law of Forgiveness for all mistakes

of your own creation, turn to your "Presence" and face about, and wipe all human creation out of your world so quickly.

It is marvelous, Beloved Ones, when you have come to know of your Great "Presence." One day, in one sweeping Decree you can set yourself free from any discordant condition that has ever existed. There is not a thing great or small to your "Presence." The Light just dissolves all unlike Itself and takes Its Dominion forever.

Tonight, I call the fullness of the Infinite Power of your "Mighty I AM Presence" to take Its Dominion in your mind, body, and world; produce Its Perfection; and set you Free in the Victory of the Light. I thank you.

SERAPIS BEY'S DISCOURSE

SAN FRANCISCO, CALIFORNIA

JANUARY 23, 1938

BELOVED Students of San Francisco, America, and the World, I greet you for the first time in the outer world; and bring to you the Greetings and Blessings of the Brotherhood of Luxor. For the first time in many centuries this Greeting comes to the outside world.

The Order of which "I AM" the Head has long been one of the Guards of humanity; and as our Beloved Lotus has told you, Our Order is perhaps the most inflexible, because It demands absolute Obedience from those who have come to Us. Since I come to you in the outer world, do you suppose I can demand that Obedience? What do you think about it? I wonder how many of you are willing to give the full Obedience required to bring your complete Freedom quickly.

As I look into your faces, and you will pardon Me if I look into your Hearts—wonderful things are there in those precious Hearts. I say that to both the ladies and gentlemen. I marvel at the feelings of mankind which deprive them of the joy of saying in purity of thought and feeling to each other, "I love you."

I love every sincere effort you make toward your

Freedom and Perfection, which would be the pouring out of Purity and Divine Love to each other. Know you not, Precious Ones of the Light, that without the conscious calling forth from this "Presence" and the releasing of Its Power of Divine Love, you do not have true happiness? Your Call to the "Presence" is the release of Love, Wisdom, and Power in action —balanced. You will never know until you begin to feel the full release of the Power from your "I AM Presence" what true happiness means.

If you had all the outer world holds for you, insofar as things, conditions, and all that is for use in the physical octave is concerned, do you think you would have happiness? I assure you, you have only a small part; but when you begin to feel the release of the Infinite Power of your "Presence" at your Call—knowing that you are responsible for the release because you have made the Call—then you will begin to feel your Freedom, your importance to the Light. Not the importance to strut the vanity of the human before mankind; but the importance of your precious selves, your Hearts, to the Light, to bring It forth here in the human octave where It is needed. That is what you are doing today.

As We have watched the different groups of Students in various parts of America, and sometimes in other parts of the World, surmount the projection of the sinister force into their midst, it has become a very

gratifying, wonderful thing. It shows Us this: that at last, after all the centuries of work and effort—oh, I should not call it work, for it really is not—but of all the centuries of honest, sincere effort upon Our part to awaken mankind to what they really were, at last they are responding. Let Me assure you, you can all take off your hats to Saint Germain for having the Courage to bring forth this Understanding today. Without It, mankind would be helpless. I tell you, without the Knowledge of your own God Presence, the "Mighty I AM," which gives It an opportunity to expand Itself through your Heart and pour Its Radiance forth, there would not be the slightest hope for mankind.

All that is planned in Europe to sweep over your beloved Land would find an easy pathway to do it—but that sinister force has come to discover that within America there are those great souls who belong to Us; who belong to the Light; and who are awakening to the Power of the Light within them, to the degree that they are making these Decrees. They are making the Call which will one day completely annihilate every particle of humanly created destructive force. Remember, all that is destructive is but force in action. It is not intelligent because it has no sustaining power of its own. It is force released, Beloved People! That is why danger threatens you today, because it is wholly destructive force which is

being released. It is sweeping Europe with devastation. We who love you are trying to prevent that same activity in your beloved America, which has sought and fought only for Its Freedom.

Do you wonder why it is possible for this to be done for America, instead of any other part of the World today? Because it is the only spot on Earth where the great mass of people have sought Divine Justice, Freedom, and Liberty. Just because there have been projected into your government or into your world of activity those individuals who are claws of the sinister force, does not warrant you in believing that you have not the Protection of the Infinite Power of Light—because the mass of your people in America want the Freedom and the Light. It is only because agitators momentarily disturb the people by some false belief, that you have any marked distress in your Country today. They agitate the people into believing that they can right conditions by human force, which has failed for thousands of centuries!

Today the opportunity is before humanity to call the Power into action which is Infinite Intelligence, which does solve all problems through the Power of Divine Love and Divine Justice which is permanent. No accomplishment by force can ever be a permanent thing! Today it is your opportunity and you have the ability to call forth this Infinite Power of Light to take command of America and Her people; to give

Her Protection; to give Her people Protection, Liberty, and Freedom. Then there will come permanent Freedom and the release of all that everyone requires for use in the human octave, and in perfect balance to all.

This is what mankind has sought for thousands and thousands of years. They have sought something which would give the balance of all activities and qualities in mankind; but no one can have it sustained without the Knowledge of this Presence, your "Mighty I AM." There is no means of having it without that.

You Students do not yet fully realize, that in your acceptance of your "Presence" and harmony in your feelings, you could quickly sweep out of your world every limiting, discordant thing with a speed that would be amazing. Why have you not done it? Because you are allowing your attention to be constantly drawn out onto the world of human experience. In spite of yourself, your attention goes here and there on human creation. As long as it rests there, you are not having the Perfection of the "Presence" which is the intent of this Instruction. Hold your attention there firmly enough until the human appearance, which swings like a pendulum all the time, cannot draw your attention.

If I were to hang a pendulum in this room and start it in motion, how many of you would not look at it? I venture there are not half a dozen in the room who

would not turn involuntarily and look at that swinging pendulum. That is the reason, Beloved Ones, why you must be firm enough to compel your attention to stay where you put it.

I wonder if I dare say this! There are a few in this room who were once under My Instruction and you thought I was fierce. You thought My Inflexibility for Obedience to the Law was terrific. Well, maybe it was from the human standpoint; but remember! in Our Search for the Light, We do not consider the human viewpoint. If We did, We would not get far, would We?

Therefore, Beloved Ones, as the Great Law has seen fit to send Me forth into your midst, I trust you will think better of Me than you did before. I am not so fierce as you might think; but, Dear Ones, if you knew, if you saw what My Inflexibility has meant to those who came to Us through the centuries, then I think you would love Me too. You know, there are certain natures that unless you are inflexible, they will not even listen to you. Take yourselves, for instance. If I were to walk up to you and say: "Now here, you look at Me. You give Obedience now, or you are going to get what is coming to you."—how many of you would like Me for it? Would you not think I were overstepping the bounds a little? But do you know what that very statement might mean to you if you could accept it in the spirit of Love and Kindness in

which it was given?

My Dear Ones, you are learning Obedience, true enough; but you still need to give more Obedience. Where? To this Light which beats your Heart; which is your Life; and which is the Law of Life acting in your mind, body, and your world. That is where Obedience becomes the mightiest thing in human experience, because without Obedience to the Law of Life, you are constantly interrupting Its flow by your power of qualification; by the misuse of your physical sight, your vision; and by the inability—notice—by the inability to control your attention.

You will have noticed for some months past in the Assistance We have been giving, that the Dictations which have come forth before the Classes are to prepare you for the greatest possible receptivity in this Class, where the combined Forces of the Ascended Masters and Cosmic Beings pour forth Their Radiance to bless you.

As experience has taught you more and more the imperative need of Obedience to your Law of Life, I trust from what I observed tonight that in this Class We are going to gain its fullness. Then you become so anchored that no person, place, nor condition can interrupt your attention nor the flow of this Mighty Energy into you and your world to produce Its Perfection, to harmonize, and to do the things in the outer world which you need to have done for your

happiness, supply, and perfection.

Shall I say something startling to you? You know, individuals among mankind are so frightfully disturbed about their money supply. Do you know it is the easiest thing in the world? Do you know the natural flow of your Life Stream—uninterrupted—would actually produce the money supply in your hands every day which you need for use? It actually would do it! Then, why has it not done it? Because of your constant interruption of this Life Stream by discord in your feelings. That is why! I say the supply of the money you require for use is and should be the easiest part of your achievement; but if your pocketbook begins to get a little flat and there is not so very much change in your pocket, oh, what a trembling fear comes over you. Those bills on the table at home, staring you in the face, are saying, "How are you going to take care of me?" Then you succumb to the suggestion, when if you would rise up in the Power of your "Presence" and say: *"Don't you talk back to me! 'Mighty I AM Presence,' take charge of those bills! See that they are paid through the Power of Divine Love and keep my human agitation off them,"* how quickly they would be paid!

Do you not see, Blessed Ones, the only reason problems exist or bills accumulate is because of your disturbance and agitation? Such feeling does not allow enough of the Power of the "Presence" to get through

undisturbed and uninterrupted, to produce the conditions which bring it about quickly. That is the only reason you do not have it. You think persons, places, and conditions are to blame. Oh, Loved Ones, erase that from your minds please, if you want to be free.

Not all the human beings in creation can interfere with one of you in the money supply and everything else you require, when you stand one with your "Presence" and keep your attention there. Refuse to accept that the appearances of the World which breathe of discord and human limitations have any power.

Oh, the Messengers have pled with mankind to refuse acceptance of the appearance world; yet they have not seemed able to do it. Beloved Ones, will you try this? We must help you gain the Victory. Now, let us just—pardon Me if I use your expression—"pep up" and do it. Oh, do not wobble around any longer. Come into the Law of Life and let It take Its Dominion and stop the human wobbling! Precious Ones, with this God Power and Presence, the Intelligence and Power of the Universe beating your Hearts, moving your bodies about, then there is nothing of human creation which can interfere with the Outpouring of the "Presence" to produce it in your world. It is impossible for you to fail.

Take that stand and say to all human appearance: *"No longer dare you attempt to hold me in your bondage! With my 'God Presence,' I shatter and blast to*

pieces everything that has been accumulated about me! I walk forth this hour free from all human limitations!" We must shatter this power of human creation which has held its bondage upon mankind. If you will join Me tonight, while you are sitting here listening—if you will join Me in your feelings and let this Power be released in your mind, body, and world of activity, then this night it shall be shattered! You shall walk forth in the morning free—forever!

There is no power anywhere in the Universe that can interfere with your own Stream of Life flowing into your mind and body, and then out into your world, if your attention is undivided. Do whatever is required in the outer world; and the moment that is finished, turn your attention back to the "Presence," if it is only for one minute. In that minute make your Call: " *'Mighty I AM Presence,' take Dominion in this body and my world! Produce Your Perfection and hold Your Dominion!"* When you call It forth like that, you will have It, Dear People. You cannot have your Victory if you just wish for a thing, when you need to *demand* its release. You must mean business in your Call to the "Presence." You must be firm, unyielding, and determined; then the full and complete Release will come quickly.

I plead with you, do not longer yield to the appearance world which has frightened you so long. As long as you give it power—energy, which is your Life—

then it will come back and say, "I am still your master." Yet, here above you is the Great Master of all Life, who offers you all there is in the Universe as a free Gift of Love, just through the acceptance. Will you not see how easy it is! It only requires firm determination at first to bring this Release. Let us draw just a little illustration here. Suppose, after you return home tonight, you immediately say, "That all sounds very good, but here are these things." Then, "these things" will have you by the throat.

I wonder if you will make just a little extra effort tonight when you go home. If you see something there that is not desirable, instead of succumbing to its appearance, say to that thing: *"You are finished! You scared me once, but you will never do it again!"* whether it is bills or something else. Do you know what you would do? The minute you will stand up before everything which confronts your world and show it you are not afraid of it, it will just crumple up and crawl at your feet and say, "Thank you, I have found my master." That is what those appearances will do.

Every appearance in this World is a coward! Every agitator in this World is a coward at Heart, and a fiend! Believe it or not! When humanity rises up and says, "There shall not be another agitator in our America!" and every one that pops his head up, pop it down, you will be free from that thing.

The idea of hundreds of thousands of people succumbing to an insane agitator! Dear People, in the Name of God, call forth your Power from the "Presence" to silence those things forever! Many are innocent. They do not know they are being made claws of the sinister force, which is wholly destructive. Even though they do not know the difference, they are producing the same results as if they were not innocent.

Therefore, Dear People, the time has come when your Call to the "Presence" must be strong enough to silence these things in your midst. Dear Ones, you have before you the evidence! Think of the condition of your city when the Messengers came here the last time. These great hotels had been closed for months. Before the Class was over, they opened! Because of the Call for the Power of Light to shatter that condition from your city, it was done! Is there an agitator or anybody else can say it was not done? I want you to see the Light, the Authority which is within your own precious Life. It is the Master of every condition that ever confronts you!

It does not matter what is going on around you. One with this "Mighty I AM Presence" is a majority! And is not the Light more powerful than the darkness? Before you turned these lights on in the room it was quite dark, was it not? You sometimes call it "pitch dark." Well, when you turned the light on, was

there any battle? The darkness just disappeared, did it not? It is exactly the same Law acting when you call this Power of Light.

Let us first take you individually. When you call this Power of Light into action to flood your being and world, exactly the same thing takes place as took place in this room when you turned on these lights. Now, the darkness of your own human creation is not a particle more powerful than the darkness in this room before you turned on the lights. If you came in with a candle, you would not see so clearly, would you? But when you come in with these great lights turned on, the darkness has disappeared.

Just for a moment, think of the greatest light you have in the outer world today, the most powerful one. Compare that with the Power of your "Presence" which is the Light of the World. Then, has your human creation any power, the darkness of it, against this Light which you can call forth to flood your being and world, which dissolves all darkness and lets the Power of the Light take Its Dominion?

Now, I am going to say something else, quite shocking to you. There are seventy-five percent of the Students in San Francisco, Oakland, and vicinity who have time and again in their intense Call had their Freedom! But they did not have the patience to wait a few days for it to manifest. Will you believe that I am telling you the Truth? This is an actual fact, the

actual Truth. You have at times made such determined, sincere Call that the Freedom was released; but because it was not a miracle or instantaneous manifestation, you allowed the attention to go back into the limitations.

I am saying this tonight for a very great purpose, because if I am to help you, I am going to do something worthwhile, or I will not do it. If I am going to help in this business, you are not going to wobble around anymore. You are not going to go back into the acceptance of those limitations, when We have called forth your Freedom. Remember that, the next time you wobble! Remember! I am right there. If you get a good prodding up, do not blame Me, because you will receive a good sound reminder that you are slipping!

Dear Ones, I do not wish to make you over-conscious because of the need; but you are at a point when you can have your Freedom so quickly. I want you to have It! All the Ascended Masters, Saint Germain included, want you to have It. I am a new element, so to speak, to have come into the scenery; and if We do not get some results, I am going to know why. Now, I mean business. You Blessed Ones are not going to yield and begin to wobble around in these outer things after tonight. Do not do it! You are going to brace up and take your Dominion in the Power of your "Presence" and say to everything undesirable in your

way: *"You are finished, right now! Get out!"* Do not say that to your husbands and wives, but I am speaking about conditions.

Dear Ones, We do not become too serious, you know; and yet, We must be firm. You would hardly believe that with all My Firmness the greatest imaginable Happiness is within My Being; but in My Attainment, Beloved Ones, the Ascended Ones will quite agree that few ever went through such fierceness as I did. My human was the most stubborn thing ever encountered. I hope you do not encounter that which I did. I know what it means when the human is so determined within the individual to have its own way; and I tell you, Dear People, do not yield to it for a single instant! The more determined the human is, the more firm you must become in calling the Powers of the "Presence" into action to dissolve it.

We, for many centuries, have called to Us from all parts of the World those who We felt were ready for their Freedom in the Light; but remember, even the Ascended Master, until the individual has reached a certain point in the Expansion of his Light, cannot tell what the human is going to do. Now, this is the point I am coming to: in those who were called to Us from all parts of the World, for a time their enthusiasm—notice this point carefully—their enthusiasm would be wonderful, their determination something wonderful. But after a few weeks, the human within

them began to rebel good and strong at the Obedience. Then, you would see their enthusiasm go down, and down, and down, and down. Instead of a glowing smile, there would come that bedraggled look. Sometimes, when I saw a little encouragement was permissible, I would tap them on the shoulder and say: "Oh, it is not so serious as it seems. Brace up! Come back into that old enthusiasm. Where do you suppose it went to? Be careful you don't lose it! It is still within reach; hang on to it!" Sometimes they would take hold immediately and come back. Those would always win the Victory; but when I tapped them on the back to give them the encouragement and that smile failed to appear, I knew the condition was dangerous. Sometimes those would come back and sometimes they did not; and of all things! those Students would swear to you that I did not care whether they succeeded or failed—because in My Capacity I did not show to them My Feeling.

The most difficult thing in Our entire experience is to see the marks there for those who failed—perhaps only temporarily, but nevertheless they had to try again. You think you meet difficulties; but, Precious Ones, not until the day you too stand in that same position will you realize what it means to Us. The conditions of the outer world and the things you meet today are really nothing at all in comparison to that one condition. To see a beloved, blessed one with

not enough Strength or Light within him to win the Victory is sorrow indeed. If there be sorrow in a perfected state, then that would be one place it would manifest.

Beloved Ones, instead of a few individuals whom We drew to Us from all parts of the World, today your Beloved Saint Germain has gathered about Him thousands and thousands of people, giving forth this same identical Law which We gave forth after a four-year probation. This was never known in the outer world. Even with those who failed and returned to the outer world, their sense of honor never allowed them to mention the Laws which had been taught. That is one thing wherein the Great Law of Life acts; and We who represent It are eternally and everlastingly grateful, because in the training during their stay with Us, a certain honor was established which never left them.

Beloved Ones, what a magnificent opportunity you have! Can you, will you fully appreciate it? In the comfort of a beautiful room like this, in the lovely homes and the magnificent places which the Messengers have for your comfort, you are receiving the Great Law which people sought for over the entire Earth and were eternally grateful for having found It.

Do you realize, Precious Ones, do you appreciate what is before you? I am sure you do, and you will daily appreciate it more and more. If you listen to

human beings who breathe the poison of discord, doubt, and fear into your world, then you are responsible. Do you not see that? Do you not see why you must be the decreer and governor of your world? You can shut out whatever you do not want. You do not have to listen to false gossip and all that kind of thing which breathes poison into your world. The pitiful thing is the condition of those who breathe such things forth into the world of others. It may disturb them temporarily, but the persons who breathe it forth will cry out in agony for the falsehoods they have uttered. It does not make any difference what or who it is—it is the Law of Life.

I marvel at those who have thought I was severe. The Law of Life is more so, because It never prompts you. It just waits; and if you want to misuse Its Energy, It says: "Just run along. You will get tired of it." But We who know these conditions prompt, and prompt, and prompt mankind. Sometimes they do not believe Us and they go on; but those who do accept Our Help and with great, loving feeling determine to give obedience—then how quickly joy and perfection begin to fill their worlds.

I want to say just one more word about your finances. Dear Ones, the Messengers should be a mighty example to you. They have never asked for a dime in their lives. Then, how is it that the release of what is required for the Work comes forth? Because they

do not put their attention upon the beloved Students. Whenever there is a need, they go to their "Presence" instantly and say: " *'Mighty I AM Presence,' so much is needed here. See that it is supplied through the Power of Divine Love.*" Then the conditions in the outer world come about so it is done.

If you beloved ones will go to your "Presence" *first,* for your money supply in any financial need, do you not see how the Wisdom and Power of the "Presence" called forth into action will produce the conditions which bring the release of the money you desire to use? Do you see that it cannot fail? Then, the greatest Wisdom, the greatest Power, the greatest Activity in the Universe is set into action to produce whatever money you require. Oh, it has been a long time since I needed money; but I still have not forgotten how to produce it.

I want to tell you, Beloved Ones, once you have learned the Application of this Law—as if your very Life depended on It the next moment—you will always know that in the future It produces any result you call forth.

It is the same way with health in your body. Now, do not feel I am being severe, but think! We shall take it generally at first. To think that any "I AM" Student—I mean the real ones, who have come to know their own "I AM Presence"—will longer yield to the power of discord to make them ill or feel pain in their

bodies, is just too much for Me. It is true, Beloved Ones. You possibly do not quite know it yet, but in your "I AM Presence" you have absolute Dominion over those bodies.

Please accept it tonight, and let Me help you to feel it so definitely that the next time something tries to assert itself, you will say: *"Oh, no you don't! Once you were master. Now 'I AM'!"* Notice—"Once you were master, but now 'I AM' Master!" What do you think that does? You are acknowledging instantly that the fullest Power of your "Mighty I AM Presence" has Dominion and is the health in your body. Show Me any human thing that can stand against It!

It does not make any difference whether it be the human qualification of cancer, tumor, or anything else. What do you suppose any accumulation in the flesh structure of your body can do against the Power of that Light which *can* dissolve it like lightning? Only because the human hugs it and says, "I am afraid I am going to let go of it." Do you know I am quite serious in that! Do you know that is what your feelings actually do? You want to get rid of a disturbing condition; but when you call forth the full Power of the "Presence" and It begins to hurt a little more, you say, "Oh, dear!"

Pardon Me if I remind you of these illustrations which We have seen manifest through humanity for hundreds of years. Today I feel you are at a point

where I can talk Heart to Heart with you, and cause you to see what your feelings are doing to you when they are ungoverned. I want you to see what your feelings are doing. How magnificent it is when many blessed ones have grasped this point, and with great determination right at first refused to yield any longer to the old human feeling of holding it to you.

Look at your faces today. Even in six months you are new beings! The Light coming through your faces is twice or three times what it was six months ago. Then it should be greatly encouraging to you, to know that your Application is not failing in any manner whatever.

That is why I say tonight, let Me help you. Let Me so charge into your feeling world, this night, such a Power and Feeling of your own Dominion, that never once again will there be any appearance in the outer world which holds your attention upon discord for a moment. The moment you find it has rested on discord, take it off instantly and put it back upon the "Presence," whose Power goes forth, dissolves and consumes any undesirable thing that stands before you in your pathway. It will do it!

Oh, let us not yield any longer to discordant things of any kind! Remember that within all Life, everything is loving, kindly cooperation. In all Life, in all Nature, does the apple tree interfere with the oak? Does the cherry tree interfere with the peach? Is there

not a magnificent Law of Selection? Does the tomato interfere with the potato? Does the radish interfere with the carrot? Then, the Selective Law—now mark you, this is tremendous, if you get the point—the Selective Intelligence which is acting throughout Nature is what is ordinarily termed a mass consciousness. While it is directed largely by the Maha Chohan, yet it acts with definite precision. Why? Because the carrot does not interfere with the radish. It does not try to. You know you are far more important than the radish and the carrot.

Notice, we are getting down to brass tacks, as you say. Now notice! These are powerful things, Dear Ones; and once you get this in the feeling consciousness, you will never let go of it in the world.

That which is acting as a mass throughout Nature is far less powerful than the Intelligence of your "Presence" acting through you, is it not? Is there any comparison? Then why do you not have the same result that the carrot and the radish do? Because you are constantly interfering with each other. Do you not see that? Your human desire to dictate to another person and tell him what to do, when and how to do it, is the thing that plays the havoc in the human world. If you could be like the carrot and the radish, not wanting to interfere with each other, think how wonderful your life would be—filled with beauty, harmony, and Perfection.

What do you think about the beets that are red? Do you know they were white once! How did they get the color? How did they? By the feeling of human discord. Why is the blood in your body red? Because of the impurity and imperfection that is there. As soon as all imperfection can be dismissed, the blood of your body will be a golden liquid. That is why, Beloved Ones, the color of red as known in the outer world, because of the mass consciousness of it, produces irritation, inharmony, discord, and limitations to the individuals who use it or have it about them.

I ask you to watch these things, because in the outer activity of the world which is coming you will see these things disappear. The red beets will disappear. The tomatoes will change their color. Now, why? Why is the tomato red? These are tremendous things, Dear Ones. It might sound childish, but let us be children for a while. Every one of you knows that not so many years ago the consciousness of mankind said tomatoes were poisonous, did it not? People were afraid to eat them. Then where is the reason for their color? Qualification by the feeling of mankind! Do you not see that, Dear Ones? Do you see how it acts throughout Nature? Then, how much more powerfully does it act upon you, the most sensitive organism in the Universe today?

Oh, Precious Ones, sometimes you think you are hard-boiled and dense. Do you know that the brain

structure in your head, when untouched by the destructive substances of the outer world such as tobacco, intoxicants, and all such substances, is the most wonderful thing in the whole Universe of human activity. If left to its own Perfection it would sense, feel, and respond to the most delicate vibrations. Just so does your Heart respond today. You cannot do to your Heart what you do to the brain, because the Power of your "Presence" is anchored within your Heart.

Why do people sometimes say and feel, and even the x-ray shows that they have valvular trouble in the Heart? Purely by human suggestion! The Heart of Itself can no more have valvular trouble or any imperfection whatever—unless imposed upon It by human suggestion—than you can change the Activity of the Universe. Why? Because your physical Heart is the anchorage of the Power of God, the Infinite Power of Light in your human body; for within It is a tiny Unfed Flame from the Heart of your Electronic Body. That is why your Heart cannot be disturbed except from suggestions imposed upon It.

In all respect to our beloved doctors of the World, the medical doctors and otherwise, We have the records gathered from mankind where thirty-seven percent of the tumor and cancer cases among the people come by the power of suggestion; for the feeling of the individual begins to accept it. Suppose there is an accumulation of gas in the cells of the abdominal

region which causes it to become swollen, either within or without, and the condition remains there. The doctor or someone says, "Well, that enlargement looks like a tumor." If you knowingly or unknowingly accept that into your feeling intensely enough, it will produce that condition right then and there, in that exact spot.

Why do you suppose so many people's appendixes get out of order? Before mankind knew they had such a thing it was all right. It is absolutely true; but when the mass suggestion starts to sweep, then everybody gets the flash.

I tell you, Dear People, if you could for one hour with Us see the effect of human suggestions upon mankind, you would know why you need to call the "Mighty I AM Presence" to formulate that Tube of Light about you and use the Violet Consuming Flame within It, to keep you free from those things which reach into your feeling world and anchor there without your even knowing it. Oh, so many times those conditions anchor within the feeling world, begin to act and build; then later the individual wonders why that condition exists.

Without a doubt, you realize I do not cognize time nor space. Oh, Beloved Ones, I trust in My humble Way I have been of some Assistance to you tonight; and remember what is going to happen to you the next time you wobble!

Oh, let us be so joyous and so happy in the Acknowledgment of your "I AM Presence." Remember Our Blessed Bob—His enthusiasm increases daily, until it knows no bounds. He can pour forth a Radiance such as no one I have ever seen. He is doing it to you blessed ones every time He has an opportunity. Oh, just accept that great Joy of your "I AM Presence," filling your world and holding Its Dominion there. It is so magnificent!

Pardon Me if I have held you late tonight, but I think it is worth it. Let Me decree tonight your Mighty, Eternal, Everlasting Dominion and Victory in the Light! I thank you.

THE GREAT TENOR'S DISCOURSE

LOS ANGELES, CALIFORNIA

JANUARY 2, 1938

CHILDREN of the One God, the "Mighty I AM," in the search for all that you require in the outer world, what is your first requirement? Look at anything you will in Life, in your experiences of Life, and then tell Me what the first requirement is. Harmony, is it not? No particular achievement can be attained without it.

Saint Germain has perceived that you are ready for the Service which it is My Joy to render. Tonight I shall start an Activity in your feeling world which I am sure will help you greatly to hold Self-control and Harmony in your feelings—the imperative need of today. Dear Ones, even if it were not of consideration in attaining the Goal of your Victory, still Harmony maintained in your feelings is the imperative need for the protection of mankind today. As each one of Us represents a Special Activity which mankind needs, then as the time approaches We are only too glad to render Our Service to those who wish to have It. Of course, you understand, We *never* intrude! Do not be afraid that you are going to have some intrusion into your world, which you might not want.

I wonder if there is anyone who does not want harmony. Oh, Beloved Ones, realize what that means to your health, to your victory wherever your attention rests—whether it be an outer achievement or your Goal in the Light. Without it you cannot go far.

I want to say to Mr. Sindelar tonight, he does not realize, in his recent ideal figure (the cover design of the February 1938 issue of the *"Voice of the I AM"*®), how close he came to My Likeness. So, after all, from the Inner Impulses many times splendid things come forth. How often when the outer is doing a thing, one naturally appreciates it, and all that; but if the individual knew the Reality back of it, how much greater would be the rejoicing. So it is with many today who are having experiences for which they are grateful; yet did they understand the Intelligence and Power back of those experiences, how much greater their gratitude would be.

Dear Ones, once you wish to know—now *demand* to know and understand the Law of your own Life which is operating all the time. You do not need to give any special attention to the various phases of Its activity. It is just a general activity which you handle. You think you are thankful for what you have learned, but that is what you have ordinarily termed an involuntary action. It is not involuntary, however; for in all outer manifestation there is really never one involuntary action. All is directed by Intelligence and

Its activity through your body. The Light, Energy, and Intelligence of course is compelled to carry the quality which you give It because you are the authority in your world as to how this Energy is going to act for you.

The Great Goddess of Liberty drew your attention this afternoon to Happiness. I draw your attention tonight to Harmony. So, be very careful when you get the next or third point of the triangle, because that is going to mean your Victory complete. When you are able to operate all three in unison, you will find all Victories at hand!

While it is not My regular Activity, throughout the thousands of centuries in which I have lived—oh yes, so have you—yet I have loved Music. Knowing the need of the day, I shall endeavor to bring forth certain things which will not only make you happy to listen to them; but they will set into operation a certain vibratory action throughout your body. I have never seen one person in human embodiment yet who would listen to one piece clear through—no matter what the agitation was in the beginning—who did not find Perfect Harmony in his body and feeling world when it was finished.

These are the things, Dear Ones, which as soon as Wisdom directs, will be brought forth for your blessing.

That is why the Ascended Masters have said to you,

"Do not be impatient." Oh, Dear Ones, you have only been making your Call a short time yet. Three years is not very long. I marvel that human beings could be impatient for some of these things, even if it were twenty years. This Good Brother longed and pled and prayed for more than twenty years for the things that finally came. I would not say that he did not get impatient, but I will say that he never wavered. All he needed to do each day was to gather more energy and pour it out again, for that is what makes Victory!

Oh, Beloved Ones, you cannot gain Victory in any outer thing without firm determination to have it. Then, after centuries of accumulation, is it not reasonable to believe that today you would need even greater determination in the attaining of the Victory of your Life? Now, mark you, I am talking about your Life! In the attainment of the Victory of your own Life today, Harmony is far more imperative than ever before. Many have had difficulty in maintaining Harmony and Self-control because they allowed, unknowingly, to come into their feeling world, feelings and suggestions which disturbed them.

Night before last, I talked with Saint Germain concerning the nearness of the time in which certain things could be brought forth to give Assistance to mankind outside of their own direct Application. He said He thought it was not yet time; but according to the intensity of the Students' desire, it might come

quickly. Now, Saint Germain is a Musician, as well as Myself; but I feel the greatest achievement and means for maintaining Harmony within the feeling world of individuals, and the greatest means of reaching the greatest number of people *will come through music of the right kind.* I assure you that when mankind begin to hear these musical productions and feel the action within their own human forms, there will not be one person on Earth who will not have that music and use it.

There are certain compositions—now you see how practical I am—certain compositions which will heal cancer within an hour. There are certain compositions—now mark you! not only just one which will do this, but certain compositions that will release congestion within the lungs within the hour. They will cause it to be thrown off, because the natural impulse of your atomic structure is to repel everything of a discordant quality. It is not always able to do it because you keep crowding it, and crowding it, and crowding it with too much substance.

There are certain definite compositions which act upon the various organs of the body—the kidneys, the liver, and the various organs—to harmonize them and cause to be thrown off all the disturbing conditions. Those blessed organs of the human body! What a struggle they have, calling constantly, "Don't give me any more to do right away!" Yet they find it coming

down just the same. Do you know the anxiety of the people of Earth today is the principal cause of all stomach disturbance? Of course, there are other causes too. If you put too much firewater in it, it is sure to cause disastrous results. You know, I really think your American Indians had a marvelous name for that peculiar liquid. If it does not set human beings on fire, then what could? The Violet Flame is not in it, however.

I tell you, Beloved Ones, there is no Victory as long as intoxicating drinks hold their dominion in your feeling world! I want every precious "I AM" Student here tonight to know that definitely! Do not feel that you can do those things in secret and not be known. Think of it! The unfortunate activity of the human mind, because it cannot have all it wants, because it cannot do all it wants to do, says, "I will drown myself in destructive fire." That is just what the sinister force of human creation wants you to do, because then it has its dominion clear and simple within you and can destroy you.

Let us look at all of these requirements. Laugh them off, rather than be too serious. I know of precious ones who have wanted to stop smoking and wanted to stop drink; wanted to stop the use of tobacco of all kinds; and because they became too serious, it still held the desire to them. Instead, they should just let go! Isn't that a difficult thing sometimes to do—

just let go? Yet, you will find you can do it!

Is there anyone here, Precious People, even of the former Students, who fully understands what his responsibility is? When you come into the environment of other people with stimulants in your body, intoxicants of any kind—whether it be wine; whisky; alcohol; or the other thing that is worse, gin—you are pouring out that radiation. Now, mark you! that substance goes forth from you, from your body all the time, just like that *(motion of hand)*. You do not see it, but it is there going out all the time. When you begin to feed that out into other people's worlds, then you are responsible for the desires which are set up in the other individual's feeling world. Do you wonder why the Messengers have pled with you and pled with all the Students throughout America, and told them the danger of that point? You make yourselves responsible for the condition which you produce in others.

Oh, Beloved Ones, Life is so mathematically unerring and accurate. It is no respecter of persons, places, or conditions. It acts with dynamic Power and It isn't going to say to any one of you: "Now, you have been a nice little chap. Just run along and don't mind." Oh no! Or, "You have been a nice little girl; you can just have some more good times." Not at all! While It is not, yet if certain human beings understood the true activity of Life, they would call It a

tyrant, because there is nothing gets away. It compels the answer to every cause sent out centuries ago. Sometimes a cause would drive back into the periphery of the feeling world of the individual, because it did not find a responding activity from the central activity for maybe another century, until it was again drawn forth; but today it is a vastly different thing. Such discordant things are being compelled to dissolve and disappear from the Earth.

Now everything is rushing forth with dynamic energy for redemption—yours, and yours, and yours; oh, anyone's! It does not make any difference whether it is yours or someone else's. It wants to get out; and if you do not know what it is doing, it is going to get out. Then you have a struggle on your hands to handle it. This is why the great Call has gone forth from the Messengers for the people to use the Violet Consuming Flame and call the "Presence" to draw the Tube of Light. Everyone who will not or does not want to use the Violet Consuming Flame will meet his own destructive creation and have to handle it. It has either got to be consumed or rush forth into action. There is no choice about it! If you do not consume it, it will rush forward and act anyhow!

That is why it has been so imperative, and the need of using the Violet Consuming Flame is so great. Many individuals, not knowing the importance of It, will not use It enough; and suddenly things begin to rush

into their worlds which they do not like; but it is no fault of the Law. It is not necessarily the fault of the individuals even in this embodiment, but it is the fault of their unwillingness to give the obedience and make the necessary Application. There is one thing, since I have been called forth into this Activity, which I have observed so many times. Individuals, not feeling definitely the need of these things, go on and on and on, trying to ignore the requirement; but not one escapes, Beloved Ones. Will you believe Me tonight when I say to you, not one escapes!

The Great Ones have tried to convey without making it too drastic, how imperative and how real is this need. We could show you and tell you of conditions in your city which would fire you into action as never in your lives. It still seems unwise to do it, because the danger of mankind today is that in knowing of a thing, they either willingly or unwillingly begin to allow their feeling to dwell upon it, until they make the thing real to themselves.

It is also why too much meditation makes you negative, instead of doing the thing you want to do. Be quick and dynamic in all your Application, and I am sure you will have greater results. I would not call it exactly a fault, but mankind still think the demands of the outer world just must be fulfilled whether or no; when ten, fifteen, or twenty minutes a day of taking the attention off the outer things, would give you

sufficient time to hold the Dominion and Mastery in your feeling world.

Will you allow Me to help you tonight by these Explanations? Please, every one of you, when you arise in the morning do not move from your room until you call the Power of your "Mighty I AM Presence" into action, to charge your mind and body with Its Intelligent Direction; with Its Enfolding Power of Divine Love; with Its Limitless Energy. And bring your hands down over your body and charge it—you will get stronger results because you feel you are physically doing something. You do! You actually reach into this Substance or Radiance of the Energy and draw It down more firmly into the body. There is no question about it. If you would only do these things, and not let one solitary thing disturb you until you have done them—what marvelous results you would have. It only takes a few minutes; but, oh, what that means to you through the day; and watch your feelings!

Precious Ones, the requirements are so simple; yet I marvel at the pull of the attention, for it is so tremendous. The pull of the attention to the outer world must be stopped, so We must just keep on trying.

It is a long time since I have been in direct contact with the people of Earth. Yet, I could scarcely have believed ten years ago that there was so much which

is magnificent within mankind on Earth as there is today. Everyone on Earth should thank your Beloved Saint Germain! When you are inclined to be impatient, think of Him! Even in His recent Activity of two hundred years or more in His endeavor to serve America, only now is He beginning to see definite results. Then, you get impatient in a few hours.

What is impatience? I mean the quality that is acting which produces impatience. Oh, do not throw stones at Me when I say this. It is a lack of confidence! It really is, if analyzed from the Inner standpoint; for if you have sufficient confidence in your "Mighty I AM Presence," you cannot be impatient, because you know definitely that It is All-Wise and Its Wisdom and Power is directing.

You see, as individuals on Earth are so much in the pull of the outer world, you do not settle down and let yourselves get still enough to feel the Reality of these things, or to feel the various activities which many times are making people go astray in the feeling.

Today, in all that is required, you are the most fortunate of beings. Why do you wonder, when almost every one of Us tells you that?—not to pat you on the back, but because it is a great Law of Your Life which is acting. You might say to Me, "Well, I have earned it." Surely enough! Surely enough you have, by centuries of activity. If you had not, you would not even

be interested or have it now; but since you have become interested, why not enter in with the full Glory and speed of achievement which will give you the enthusiasm, the joy, and the energy? In calling forth this Energy with such power, you cannot fail to have the results and the proof that you want. It gives you the confidence to know your Victory is certain.

If you want to prove something right, you can always do it. If you want to prove something wrong, you can prove it wrong, because the wrong is in the mind of the individual who sees it. Dear Ones, remember! you are a world of your own; and the minute you allow someone to intrude inharmony in it, you are going to pay the penalty, because you accepted it; and later you will find you have to undo the whole thing.

That to Me is one of the pitiful things in mankind's experience. Dear Ones, unless you will call the "Mighty I AM Presence" to draw Its Tube of Light about you, you have no more idea than an infant of the suggestions which are playing upon you from the general atmosphere. Sometimes they are consciously directed; but even if they were not, you are moving in a sea of human suggestions all the time. If there is not something to shut them out of your feeling world, they are compelled to come in and act. Because of the quality and the activity of your feeling world, each one of you is similar. Then why would they not come in?

Here is a tremendous point! Because of the accumulation of discord and because of the similarity, the feeling world has been living and running itself, oh, for many centuries. Then is it any wonder your feeling keeps reaching out all the time, instead of standing guard? The Guard of your "Mighty I AM Presence" is actually holding Its Dominion in many of the precious "I AM" Students today. They are getting this Wall of Light to the point where It stands as a Guard around them, and nothing comes through It that they do not want. That is what every one of you should do.

Do you know how quickly your "Mighty I AM Presence" would produce your Tube of Light and make It Invincible, if you would maintain Harmony in your feelings? In forty-eight hours your "Presence" would make that Tube of Light Invincible to any human suggestions, if you would hold your feelings harmonious and maintain it.

Now, Precious People, do not deceive yourselves anymore. I say this in all kindness. I want you to have the Victory; but if you allow yourselves to get disturbed, you cannot help but see that you let the inharmony into your world. It is you, Dear Ones—you are the regulator of what is going to act in your world. No one can regulate it for you. For instance, like Saint Germain told the Messenger last night when he had this hoarseness: "Well," He said, "he went out and

found it, so it is up to him to chase it out. If I chased it out for him, he might do it more quickly the next time." So, whatever you do which allows something to find action in your world, it is your responsibility —not anything or anyone else's.

That is what mankind has been unwilling to recognize, and even more unwilling to accept—because of course up until three years ago, people were believing everyone else was responsible for the trouble but themselves; but after all, a thing cannot act in your feeling world without some invitation from you. I wish you could see your own feeling world right now. Just now, you would like to look at it. Possibly a few years ago you would not have cared to. If you were to see the change in your precious feeling worlds, even with some mistakes which you have made, you would realize it is as definite as daylight and darkness. Then go on and change it completely into the Light of the Ascended Masters.

Do not think for one minute, We would ever say a thing that was not true, even to encourage you. We might be silent; but never, never do We speak an untruth. When We see you sincerely and earnestly attaining such great accomplishment, I, Myself, will always tell you; but of course you must not be puffed up about it. The more humble you are to this Great "Presence" of all Light, the quicker will come your Eternal Freedom.

Never feel rebellious to Life, to the Ascended Masters, or to the "Presence." One lady, whom the Messenger told you about, would have nothing more to do with the "I AM" because her mother passed on. Just such feeling has been the attitude of mankind. It is so in thousands of ways; but you, today, are at the point when you can take your Dominion. There is no question in the world about it!

I also attended the Minute Men's Meeting at the Trinity Auditorium here today. Now gentlemen, do not get puffed up; but if some of you knew the voices which are within you and what your voices could do, the gymnasiums would not hold you. I tell you, Dear People, the Students of the "I AM" are going to take on the Silver Clarion Voice in both speech and song. Do not be anxious about it! Just make the Call every night before you retire: " *'Mighty I AM Presence,' give me Thy Silver Tone! Give me the Golden Tongue of the 'I AM' and Its Voice in both speech and song. Give me the Liquid Voice which will flow and melt everything of human creation.*"

I am watching My opportunity to show you what the voice can do. Of course, you understand I am not exploiting Myself—but for the blessing and benefit that it can give. Mankind have these magnificent faculties! Yet they do not even give thanks or consideration for the magnificent Jewels they have right within their own grasp all the time: your voice, your vision,

your feeling, your power of qualification—any one of which can lift you to the heights and hold you there. Then when you combine all, how certain it makes your Victory!

Beloved Ones, I just love to talk to you; but since you have to be cognizant of time, perhaps it is not well for Me to be extravagant. But if you feel like I feel, we all feel wonderful! How I long for you all to enter into your real Inner Happiness. Oh, Beloved Ones, once you touch that, the happiness of the outer world will never hold you longer. Then you will come more and more into your Inner Happiness. It will extend into your outer world. Then will True Happiness, True Harmony be on Earth; for *It is coming.* Do not be discouraged.

Shall I say something which will make you very happy? You were told that forty-seven percent of the energy needed to enable the constructive forces to hold Dominion had been gained. It takes fifty-three percent to hold the balance for Victory. Tonight America has fifty percent. Will you rejoice, Dear Ones! Will you please rejoice with all your Hearts, and go on with redoubled effort with your Decrees and your Application?

Saint Germain thinks I should tell you more of what was mentioned this afternoon. There have been a few feminine black magicians, but there was one who was so cunning that she avoided the Ascended Masters

everywhere. You wonder how that can be done. Not when you understand the manipulation of substance! Not when you know what great wisdom can do! Yesterday, she was seized and bound and will disturb the Earth no more. She was responsible for the terrible dope condition existing in America today, and also for many other conditions. She has been responsible for a lot of inharmony in the mass of individuals who wanted this Light. So, rejoice that another destructive, vicious condition has been removed from America.

Do not let your mind dwell upon these things after they are accomplished. It is imperative for you to know in your feeling world that these things have been done. Remember, the Light moves into action; and all unlike It dissolves before It! Will you always remember this in every condition which confronts you? Then it will keep you from anxiety or distress.

I join Saint Germain and the Goddess of Liberty in saying I, too, love you. Your earnestness, your sincerity can bring but one result—your Victory in the Light! Never waver, Beloved Ones! Go on and on, until every limiting thing dissolves before you and from your world. Remember, you do not have to accept one thing into your world which you do not want. Your feeling world, even though silent, will repel anything you do not want, if you will call the "Mighty I AM Presence" to charge it with the Power of Divine Love.

If it is a fierce, repellent feeling, then the "Presence" will also charge forth Its Divine Love with a powerful harmonizing activity, and the achievement will be without discord.

Therefore, I thank you for this privilege of talking Heart to Heart to you tonight. I thank you for your love poured out to Me, whom as yet you do not know; but I know you very well. You see, We have some advantage. One day you too will have that advantage.

In the fullness of the Light—the Eternal Light of God, the "Mighty I AM"—in Its great enfolding, Directing Intelligence, I hold you. I clothe you in Its enfolding Power of Divine Love, in the releasing of Its Limitless Energy into your world. Tonight may you feel Its Infinite Courage charging your mind and body with Its Eternally Sustained Activity, until never again for one single moment is there a lack of energy. May there never again be one wavering moment in your consciousness or feeling world, but instead just a steady drive forward unto the Goal—your Victory.

Tonight, I just love to add My Call to yours, so you may have a more intensified response. Feel it! accept it! charge it to be eternally sustained!

Never in all the experience of the Messengers has there ever been anything so wonderful as this Class—so far-reaching, and it will grow more and more so. Every Activity of Light has joined you with Its

assisting Power. Therefore, be encouraged, Dear Ones.

Will you just for a moment hold this Stillness and let It act within your world. Just let this tremendous Vibratory Action in the room fill your mind and body, and sweep out the cause and effect of every disturbance that has ever been there, and its record. Thank you, O Great Presence of all Life, for Your Perfect Work for these Students. Clothe them in Thy Wondrous Light, and hold Its Sustaining Power and Activity within and about them forever. Bless them with Its Eternal Perfection, ever-expanding. I thank you, O Blessed Ones.

MARY, THE MOTHER OF JESUS
DISCOURSE

GLENDALE, CALIFORNIA

JUNE 30, 1937

BELOVED Children of the Light and of America, why should I not speak to you? Have you placed Me so far away that I cannot tell of My Love for you? I am sure you have not. I take advantage of this opportunity as We are all drawing so much closer into the world of human activity, because of the great need today.

The need is very great, as it was in the time of Our Ministry so long ago—I should hardly say with My Beloved Son. Yet, I still do think of Him as that. You know, We mothers are curious beings; are We not? We seem never to forget Our wondrous Motherhood. It is quite marvelous. Yet so very much more marvelous is that day in the future when there will come again the True Motherhood and Fatherhood of form, by the projection of the Light Rays to produce those forms.

Beloved Ones, My Friends of long ago, we *are* entering into the Eternal Perfection which all have worked for so earnestly throughout the centuries. Many times, from the dimness of the Light within

humanity, it did look uncertain. There is no doubt about that. Even We from the Ascended State, at times—because of the condition of the Light within mankind—thought and discussed how long it would take the beloved people to awaken sufficiently for the Assistance to be given which is being poured out today.

May I say a Word to you tonight about that which fills My Heart to overflowing? It is about your Beloved Saint Germain. What would you and all have done without His Courage and Determination to try this out, and make the effort to bring this Understanding once again to mankind? I tell you, Precious Ones, humanity never in the world could give praise enough to Him. Shall I tell you what I do in Our Ascended State? If it sounds strange to you, please do not feel it so. I make the Call to the Infinite Source of Light once every twenty-four hours, according to your time, in Praise, Thanks, and Blessing to Saint Germain for this Work which He has given to humanity.

One day you will come to know how wonderfully true It all is. Oh, what a great Blessing It is in the hands of mankind. You have a Scepter of Power in the Understanding of the "Presence," which everyone can wield to bring Freedom from limitation, and the Ascension.

May I tonight, for an hour, just be a Mother to all of you? You know a mother has power to convey a

feeling to her child or her children, sometimes stronger than the father. So tonight, let us for a while just be Mother and children talking Heart to Heart. While the Messenger's voice speaks My Words to you, let our Hearts speak to each other. One day not so far distant, you will come to know this too as a great Reality; for you will speak Heart to Heart to each other through the feeling, as definitely as you now speak to each other in words. All Ascended Masters speak thus through the Feeling.

We often use worded expressions, but still it is not really necessary. As soon as We have a thought, the color flashes which reveals the feeling, because the thought carries the form, and the feeling the color. *Thought carries the form and feeling the color!* It is just as natural as breathing and is absolutely definite. It cannot be misunderstood as words sometimes are. You come to know what each color and thought means as it appears. Every form has a definite thought back of it.

So it is in your world of activity, Beloved Ones. This is going on all the time, invisible to most of you as yet, but still perfectly tangible. As the Messengers have so often reminded you, a thing may be invisible but still tangible. So is thought and feeling! It is completely invisible, but it is absolutely tangible to you. Will you remind yourselves of this often, that you may receive the greatest benefit and have the greatest ease in self

control—in other words, govern your feeling world with the greatest ease. You come to the point in your progress and in the expansion of your Light when it is imperative for your feeling world to be kept harmonious.

Beloved Ones, will you please feel how natural all of this Instruction is? You discuss each other! We discuss you! Of course, We always discuss you with the greatest Constructive Feeling, and you will all come to do the same thing. We have great Patience, when We see the Infinite Patience of the great Cosmic Beings who govern Worlds and Planets and Systems. They wait for the activity within those Planets to come to a certain point where its complete Perfection can manifest. Then why should We feel impatient when humanity does not always come up to the standard which it knows?

To know a thing in the intellect is one thing; and to know the same thing and sustain it in the feeling is quite another thing, as you have all discovered. Yet the joy of it is the great, the wonderful Victory which you are winning constantly. As the Great Himalaya said to you recently, your Victory is far greater than you realize; but that does not mean you should ease up on your efforts—not at all.

We have watched the progress of mankind, including Ourselves before Our Attainment; and the force of human creation has been the same throughout the

centuries. There is no change, no difference in its activity or any quality less than Perfection, when it is acting. It is the same throughout nature, throughout mankind. But once you come to the point where you are beginning to *feel* your Dominion and your Victory, oh, what a change in your world takes place! Only by having your attention fixed upon the Supreme Giver of Life can this possibly come about and be sustained. You see, no one can have a sustaining power without knowing that he has an Individualized God Presence—the "Mighty I AM Presence." He must know where his own Focus of Perfection is.

The proof is that throughout the centuries mankind who did not know this "Presence," did not have a sustaining power. They have advanced to a point and then lost it. They have risen to a certain height —and then again lose it. In each embodiment of everyone, more or less progress is made; but, you see, there has been no understanding which sustained the gain. There has been nothing to cause the individual, at the close of a span of life, to go out of life with such a firm desire for Perfection that it would be the compulsion of the next life. Whenever such a desire was within the individual at the close of one span of life, then the powerful impulse of the next life brought about great Illumination of the mind. Today you are the manifestation, you are the example of what the power of the attention does when fixed upon your

Source of Life, which is God—your "Mighty I AM Presence."

At the time of My Son's Ministry, We were taught this identical Application. Jesus was taught It by the Great Divine Director. Then He taught John and Myself. This very Instruction enabled Us to soon follow Him in the Ascension.

I assure you tonight, Beloved Ones, that when in the Wisdom of the Ascended Ones They see it is right, a complete and perfect Description and Ascended Master Explanation of what took place in His Life will be given. I mean, that which has been clothed with human opinions will be cleared; and that which has not been recorded will be brought forth to mankind. Then you will know the exact activity which took place at the time.

It is so easy for the Ascended Masters to read the records of every civilization. They are in the ethers as plain as you read your song books, your Decree Books, or the Books of Saint Germain. These are not unusual things. Only because mankind has not understood them, do they seem at first unusual; but in all manifestation and activity of Life there is not one single thing unusual, Beloved Ones. Try to feel that, I plead with you. Try to feel, no matter how transcendent the Being, how transcendent the Activity, or how transcendent the Manifestation which comes forth, still it is all perfectly natural because it is the

Law of Life. Nothing can manifest to you that is not according to Law.

Now notice! In all limitations which mankind has drawn about it, while individuals were using the energy of Life, it was the mistaken qualification by the feeling which produced limited conditions and results. It is not the fault of the Energy nor the Law of Life. It is because mankind had to be given Free Will; and through that, they must choose how they desire to direct this Energy. It is flowing forth constantly, and most of you by this time must see and understand why you have not had more of this Energy and Perfection of the "Presence" flowing through. It was simply because you did not know the "Presence" was there. Metaphysics has taught that God, the Christ, is within. It is true, but how much of It? When We Ourselves came to know this point, We made the Ascension through that Knowledge. It is true, We had previous understanding; but still, even with it We had not made the Ascension.

Dear Ones, it is so curious how mankind takes an idea and builds upon it; takes an individual and builds a creation or concept of its own about that one. Humanity generates all kinds of concepts concerning that idea or that individual. They are rarely correct; but still, according to the advancement of the individuals do mankind receive clearly or partially part of the Law which is released by whatever feeling is within them.

I trust I shall be able to fix so firmly within your consciousness the feeling that today you can have all the means you need to give you comfort and happiness. Perhaps you think of Me as a special Being. Every human being is a special being! Why? Because your own "God Presence" supplies the Life, the Energy, the Substance by which your form exists on this Earth today. Then is that not true? Is not everyone a special being?

In all religious activities of the World, the Truth to some degree has been clothed with human concepts. Believe Me when I say to you tonight, and I shall do it to the whole World: the inception of the Catholic Church was brought about by and through the Power of the Ascended Masters. There has never been an embodiment since its inception, in which there has not been an Ascended Master somewhere in that Church who was the Guardian of what took place. If mistakes began to creep in too much, they were checked.

Today, Beloved Ones, in all activities of attention to the Divinity, the culminating point is arriving. All churches, all religions, all activities through all metaphysical activities and everything which brings the attention in any way to the higher understanding of Life, or in anywise calls the attention to Divinity—all are closing into this one central point, the "Mighty I AM Presence." We see that! We know this must come! If

only precious, beloved humanity could understand this "Mighty I AM Presence," and the preachers take this Understanding fearlessly into the churches everywhere, the joy, the speed and release of humanity from the discord and limitations of today would be almost like lightning.

May I draw an example for a moment? Take your Beloved Messengers. They went forth absolutely fearless in regard to the opinions of mankind. They have grown steadily more fearless from the beginning. That is why so many people have accepted this Blessed Understanding of the "Mighty I AM Presence." Beloved Ones, if you individually could just suddenly put out of your feeling world every vestige of concern about what someone else was going to think or do, you would be so amazed how quickly and readily people would accept what you offer. Do you realize that if fear or uncertainty are within your feeling world and you speak to someone—for instance, about the Truth of the "I AM"—the probability is, the individual will question or begin to argue. But if you go to them with an absolute certainty within your feeling of the Understanding of the "Presence" and you are really correct, it will be the rarest thing for anyone to resist or doubt you.

Many times the Messengers have said to individuals in reference to the orthodox world: "Go forth fearlessly and speak the Truth! Let everyone be free

to accept or reject It." Then, mankind understands no one is trying to impose anything upon the individual. When they feel they are really being given Freedom, they will listen. So it is in your activity today. Never try to force the Truth upon anyone. Pour Love and Blessing to the people! Call their "Mighty I AM Presence" into action to awaken them to the Truth, and remember *always* that all Activity of the "Presence" is *now*! Do not feel or allow the suggestion to act in your feeling world that sometime in the future the individual will accept it. Just say to the "Mighty I AM Presence": *"You see to it that they awaken and accept this now, because we know it is their Freedom! Give them strength and courage to do this."* Then you are rendering the greatest Service possible to assist your fellowman through courage, strength, or whatever is required for them to awaken and accept their Freedom.

Everyone must be free! This is why Saint Germain told you in the beginning, it would be impossible for this Work to be organized or committees formed, or the conditions used that ordinarily act in the outer activity of the world in churches or otherwise, because people must be free! They must be turned to their "Presence"! Sooner or later their "Presence" will direct them unerringly and show them the perfect thing. It is the only way mankind can come to a point of decision within themselves.

Beloved Ones, remember the privilege it is to use the Chart, as you have it before you; to use the Violet Consuming Flame and the Tube of Light, which can be made an Invincible Protection about you—and let Me say, the Protection you need is not so much from disaster as from human suggestions. If you will call the "Presence" to hold about you Its Invincible Tube of Light, you will not accept into your feeling world suggestions of others, even though they may be consciously projected to you; and that is so very important. We see how blessed mankind are acting out the impulses of others so much more than they are their own. They do not act out the impulses from their own "Mighty I AM Presence," because of the old momentum and habits which they have accumulated through depending upon outer things—through many centuries. This is why, Beloved Ones, you are in the position to set yourselves free through this Understanding of your "Presence." The use of these activities is so simple, yet they are majestic and powerful. You are able to set yourselves free! There are thousands of the blessed ones who are actually doing it! That is the beauty of this Understanding—and can you imagine Our Rejoicing?

There are both the Motherhood and Fatherhood of God—the "Mighty I AM Presence." They are two mighty elements which are acting in the world of mankind all the time, and of course in your human

forms. The intellect represents the father, and the Heart the mother. The feeling world, both use. The Heart says to the intellect: "If you will allow me to govern, peace, harmony, and abundance will reign; but if you take the reins, having only the appearance world from which to draw your concepts, then you will make many mistakes. The Heart, being the activity of the 'Presence' within the human form, will *not* make mistakes."

As your attention goes to your "Presence," remember! Love, Wisdom, and Power are acting, balancing both the form and activity. If you allow the Heart to act—which is the "Presence" prompting you through the feeling world, your intuition—then you will soon come to the point where you will be *certain,* each time an Inner impulse or prompting comes, *where* it comes from. At first, one must call the Discrimination from his Higher Mental Body into action. You may not often know what the impulse is which is acting, until you try it out—until you keep calling the "Presence" into action. Even then you may make some mistakes. Please do not be discouraged about it, if you do! Only when you are wholly free from human limitations are you Perfect. That is only after you have made the Ascension. So, do not be discouraged if, when you attempt to call your "Presence" into action, occasionally you make a mistake. Say: *"Now, hold on! 'Mighty I AM Presence,' You stand Guard here and see that*

I do not do this again." In that way you will soon correct all mistakes, all those things.

The great beauty and power of this Application is that it only requires the right motive and great sincerity within the individual. If that be maintained, it will in a short time call forth such Perfection, such clearness of the Directing Intelligence from the Mighty "Presence," that mankind will no longer be making mistakes. However, one may not intrude upon another; but each can be of the greatest blessing to all others by pouring out blessing and calling the "Presence" into action for all whom they know or who touch their world.

You are being given All-powerful Statements which do release from your "Presence" all that is required, to govern your activity and release your supply and protection.

May I remind you of what is still acting on some occasions? The individual makes his earnest Application and then touches the outer world. Either through a spoken word or some suggestion, he starts another train of thought and feeling. That changes the whole current of energy which he charged forth into action to produce a given result. This is why the results with some do not come so quickly. There are so many of the Students who are having almost instantaneous and marvelous results. Their understanding perhaps is no greater than others having less results, except that they

have discovered the *great fundamental*—that as long as their feeling keeps harmonious and their Call to the "Presence" goes forth into action, every Call is answered, very quickly. Once they have discovered this Secret and see how quickly the fulfillment comes, they will not allow suggestions—verbal or otherwise—to affect them. They will stand firm and steady!

I want to answer one question tonight, which has been in the minds of a great many Students. We use various kinds of terminology, but always simple in its explanation so it cannot be misunderstood. When We say, any of the Ascended Masters say to you, "Stand in and to your 'Mighty I AM Presence,' " it means just that. When you stand to your "Mighty I AM Presence," it means that you are undivided in Its Power. When you stand at attention, your attention is upon a definite objective! When you want to have anything manifest in your experience, it means that you must hold a definite focus of your attention upon the Call to your "Presence"—unyielding. In not allowing anything to intrude or disturb that Call, it will act quickly.

Always ask your "Presence," when you have made an earnest Call, to stand Guard over it and see that nothing disturbs your feeling, until that is made manifest to you. The "Presence" will do it! Remember, Beloved Ones, your Higher Mental Body is one of the most Magnificent Activities of all mankind, because

It is your Discriminating, Selective Intelligence which knows every requirement. It wants you to have all good so much; but if your feeling is requalifying all the Energy which you call forth, is your "Presence," is your Higher Mental Body to blame? If you will not govern your attention, or you allow the feeling to requalify the Energy you have called forth, then your human self goes on doing the same old thing all the time, instead of producing the results you want.

Now, these are such tremendous activities! They are so very simple! The Great Ones commanded that this Understanding go forth in simple language; and It will never be changed throughout Eternity because technical terminology has no part in the Activity of the God Presence, the "Mighty I AM Presence." Many times technical terms are used to cover the lack of understanding of the subject under discussion. There is nothing in the Great Law of Life which requires technical terminology.

Take your so-called courts of justice today. If every word used were so simple that the layman could understand it, great would be the Divine Justice to all. Such Divine Justice is coming to all! Be not discouraged, Beloved Ones! Saint Germain has told you so truly that owing to the Great Cosmic Law, it is making it more and more possible for the Ascended Masters to release greater Power and Light. Then, They will no longer tolerate the imperfections of mankind!

The imperfection of all mankind has come to its breaking point, Beloved Ones! It is losing Its power every day! Will you not believe that? Will you not accept it; and to every appearance that seems disturbing, say, "It has no power!" Then that appearance can no longer have power to act among mankind.

Many are being awakened and raised up to voice the truth in your government and in conditions of disturbance throughout the World. I say for your encouragement tonight, that there *is* a great awakening in the mass of mankind. People are beginning to see the deception which has been practiced upon them by those who used what seemed to be a good means, to intrude something vicious. Humanity is awakening, I tell you Dear Ones, to the great Truth of Life; and they will not be so easily deceived in the future!

These little "Save America Folders" which the blessed ones have sent forth, calling the attention of mankind to the need for the protection of America, are doing tremendous things. Keep it up, I urge you! Keep those folders going out everywhere you can to mankind, because individuals who cannot accept this deeper Understanding of Life concerning the "Presence," will take hold and use this Law when it comes to the protection of their beloved Country—America.

You are so privileged, Beloved Ones, to be the Carriers of the Light for this great incoming Perfection! Beloved Ones, there is no service on Earth today so

great! But I say to you and to all the Students: be so sure of yourselves in your understanding of the "Mighty I AM Presence" and in your understanding of the Explanation of this Chart. I say to the individual Students, the Group Leaders, and the people who go forth carrying this Light to others: please believe Me when I say there is nothing so important as this Understanding of the Law! The Messenger has given you the correct worded Explanation of that Chart! Please follow it! Do not vary from it. Then all will see that they have a foundation upon which to build their Structure of Perfection. With the Violet Consuming Flame they have the most powerful means to dissolve and consume the old structure of imperfection.

In the so-called slums of your cities, you tear down the old buildings to put up newer ones, more beautiful ones, more comfortable ones. So it is in correcting a structure of human creations. You must tear the old down—or, in other words, dissolve and consume it. Then build your structure in the Ascended Masters' Strength and Understanding of the "Presence," for It is the only means by which you can have Perfection.

That is the greatest Joy, oh, Beloved Ones! Our Hearts entwine with yours! We long, oh, so intensely, to see you Free! We rejoice so—shall I use the word "extremely"—when We see you gaining the Victory! You are winning It! Do not waver! Do not waver,

Blessed Ones! Keep your feelings harmonious, no matter what the appearance is; and go on and on, in your earnest, determined Call to the "Presence." It is the Law of Life! It cannot fail you! It cannot fail to answer! But if you keep asserting: "I wonder if I have the ability? I wonder if this is going to be accomplished, or that is going to be accomplished?" you are dividing your power, and you will only have partial results. Do stand so firm when you have started out for a given purpose. Be sure that it is wholly constructive, then stand firmly by it! Keep calling the "Presence" into action until it is achieved. It cannot fail!

We must necessarily see the great distress of mankind from their seeming inability to release the financial supply which they require under the present conditions. With those individuals who have trouble or are struggling that way, it is because unknowingly they have accepted into their feeling world this *mass* pressure of limitation and distress.

I tell you, Dear Ones, as Others have told you, that each one in the Understanding of his "Mighty I AM Presence" knows he cannot fail, no matter what the condition in the outer world is today. It has absolutely no power to interfere with what the "Presence" will do for each one. Do you think that sounds strange, coming from Me? Not at all! These are Laws of Life! There is no selfishness in mankind, in individuals wanting to perfect themselves and their worlds. The

great trouble with humanity up to the present time, or until Saint Germain brought this forth, has been the *feeling* that they had to sacrifice everything. In doing that they but make themselves helpless to go any further.

Only as you perfect yourself in your world, can you be of greater and greater blessing and assistance to others. It does not mean that you must become an Ascended Being before you can render a beautiful service—not at all. In your Stream of Life as you go on and on to your Perfection, in calling the "Presence" of other individuals into action to produce that Perfection for them, you are rendering, I assure you, the greatest possible service you can render to your fellowman.

Under the Law of Life, everyone must stand within his "Presence" and one day draw Its full Perfection forth into outer manifestation. This is the Perfection of the form and the Ascension! Can it be possible that individuals among mankind think that the desire for Perfection of the body, which means Beauty, can be wrong? It would be a mistake if it were just to gratify vanity. The True Understanding of Life is that in the fullness of its Expression, everything is Beauty and Perfection of form—of all form which is manifested, whether it be in your physical world or whether it be in the Higher Octaves.

Life is Beauty! It is Perfection! It holds no imperfection

in itself. It is only as mankind clothes Life's Energy with discordant feeling, that It finds expression in imperfect forms or forms that are less than beautiful. Life in its natural activity produces Happiness, Beauty, and Perfection in whatever form it is manifesting, if it be allowed to do so and have its own Perfect Way. That comes when mankind stops reclothing Life's Energy with discord and the limitations of the human world through its feeling.

You must realize that one must be strong and firm at first, in this Understanding, to keep shutting out of his world the discordant things which still keep registering limitation within him. All must stand firm —and do not allow themselves to have an opinion concerning any person, place, condition, or thing; but just keep focusing their attention upon the "Presence" and keep saying, " *'Mighty I AM Presence,' there is nothing with which I am concerned except the perfecting of my world.*" Then as your Radiance goes forth, all that touches your world will want to be like it; will want to have the Radiance which they feel, which is beautiful and delightful. This is why, Beloved Ones, your responsibility to each other in your association is very great! Do you not see that? It is very great; for to the degree that you clothe this mighty Energy flowing forth from your "Presence" with discord, are you responsible for Its effect upon another.

Every precious "I AM" Student should remember

only one thing: *"I am about my Father's Business—about the Business of my 'Mighty I AM Presence.'"* As they keep giving attention to It, they will forget that others are disturbing to them.

It was far worse in some ways in the time of Our Victory than it is with you today. You have the right, the freedom, and the privilege to think and worship as you please! You have the privilege of knowing your "Presence"; knowing that there is no power in the Universe which can stand against your "Presence" when It is called into action.

The Messengers are the Eternal Proof, to any honest person of the Truth of that statement. They do not recognize or accept any opposing forces! There is not such a thing in the world to anyone who does not accept it. So it is with your individual world. You feel sometimes as if there were persons, places, or conditions which oppose you. Well, really there are not! There is no opposition to the expansion of your Light or your own progress except yourself. What many people feel as opposition is really the pull between the intellect and the feeling! The intellect wants to argue. The feeling knows through the Heart; but the intellect says, "Now, I think you are mistaken," and an argument ensues. But soon you will come to know that the Heart is always right!

Remember that Great One who has said: "When I was searching for the Truth, at first I heard many

voices. Then suddenly from above me I heard this One Voice; and when that Voice spoke, all others became silent. That Voice always told the Truth." So it is, when your "Mighty I AM Presence" is given an opportunity to speak through your Higher Mental Body. All outer voices, whether they be visible or invisible, become silent before your "Presence," which is Dominion! Precious Ones, feel that tonight with all your Hearts!

I thank you, Beloved Ones, for this opportunity to speak to you. May the fullness of the Light of the "Mighty I AM Presence" expand, illumine the mind, and set you free in the fullness of your great—Its great Perfection made manifest in your world today! I thank you.

GODDESS OF LIGHT'S DISCOURSE

KANSAS CITY, MISSOURI

FEBRUARY 16, 1938

OUT of the memories of the past I come to you, Beloved Children of the Light. In the preparation of the months just ahead, transformations in you and your world will take place. Because of the Service which this Beloved Messenger rendered Me in a time past, the Law has so regulated it that now I may render a Service to the "I AM" Students, the Children of America.

I once knew what it meant to be set upon in an unguarded moment by that which you have come to know as the sinister force, which is but the destructive qualities of human creation. Often those qualities are seized upon by individuals who have failed on the Pathway of Light, and they wield that force for destructive purposes. I was one of the victims because of being off guard at the time.

Now notice this carefully, Beloved Ones, because it means everything in your future. I had maintained Life in My body for more than five hundred years when this occurrence took place, but I thought I had won the Victory over the condition that then existed.

For nearly seventy years of that time, I had been on guard against the group of black magicians who were trying to catch Me off guard. It was easy for Me to win the battle and govern the condition; but when I was too sure of Myself, not realizing that they had not accepted the Victory I had won, I unknowingly let down the guard.

There was a long period in which I lived in the condition that was imposed upon Me. Then from your beloved North America, one who lived in the civilization before this occurred came to Me in the Andes Mountains; and in a few weeks, again My Victory was complete. My Ascension followed quickly, and no longer was I subject to the conditions of the physical world and its limitations.

Why am I explaining this to you tonight? So you may understand, Beloved Students, that never until your Ascension should you ever be off guard for one moment. In the Acknowledgment of your "Mighty I AM Presence," remember your Higher Mental Body is the Guard which you can call into action to stand Guard over you and your world forever. Your Higher Mental Body never sleeps; never forgets; and when you have called It into action to stand Guard or do certain things for you, It will always do so and remain in Its Perfect Action, if your feeling remains harmonious so that the Power can flow through at any moment to render the Service.

These are simple and majestic Laws of Life which every one of you can use if you will; but if you believe they are half Truth, you will have half results. If you believe they are wholly True and accept that in your feelings, then you will understand and have the full Blessings for which you ask. Beloved Ones, these Great Beings of Light are Those who know the Laws of Life; who have passed through human experience as you are doing, and know every detail of the requirement of every individual.

Today, Their Service being rendered to mankind, and especially America at this time, is the most wonderful thing ever known in the history of the Earth. You, in the comfort of your homes, in the comfort of these large auditoriums are having brought to you the limitless Power of Light. Why do you suppose that a Great Cosmic Being gave Me this name, "The Goddess of Light"? Because "I AM" the Victory of Light! I had to release Myself from the condition which had been imposed upon Me. Do not shudder when I say this lasted for three hundred years, because I had maintained Life in that body and I could not pass through so-called death. I had to remain in that body until I could release Myself! Then My Ascension came!

Do you realize, Beloved Students, that in those earlier centuries the outer world knew nothing of the Ascension. Not always within the Retreats was the

Ascension made known, except to certain individuals who the Great Ascended Masters saw could accomplish the Victory of the Ascension. Even in the midst of other students, these individuals moved about. They would disappear and even the students did not know what had occurred! That was because of the secrecy of the time. It is why in those earlier ages, the Truth as Saint Germain has presented It to you could not be given, because people would have been burned at the stake.

Think! Through the ages you have lived through all of it yourselves. There is a blessed gentleman here in the auditorium who lived in that civilization when this condition in South America was imposed upon Me. He has naturally great healing power in the Currents from his "Presence." I speak to his Heart My Love, My Strength, and My Consciousness into his feeling world, to lift him into the Glory of his Victory and Attainment.

May I remind you that again tonight the Great Divine Director has enclosed you in the great Globe of Light drawn from the Cave of Light in India. Only in a lesser degree than were you to walk into the Cave of Light are you having Its Blessing and Benefit tonight. Dear, Beloved Ones, try to comprehend in the feeling just what this means! To the intellect it may sound unusual, but not to the Heart, which knows It is Real. Therefore, in this great Light which enfolds

you tonight is this Radiance, consciously brought and directed to enfold you by the conscious Direction of the Mighty Divine Director. So shall you have Blessings your intellect would not comprehend at this time, but try to accept It in your feeling.

This is real, very real; and this Light-Substance which enfolds you, Beloved Ones, is more real than your very physical bodies, which seem so tangible and real to you. More and more intense has become the activity of this Light-Substance tonight, and it will continue as the Messengers go forth in each Class. When the Victory of the Light comes fully and completely, and the great, great number of Students see the Glory of which they have been a part, oh, do you realize your joy will know no bounds!

It is so magnificent, Beloved Ones. These are not imaginary things! Just because you have not seen some great manifestation in your own personal experience, please do not become discouraged and think your Application does not operate. If you for any reason have not been able to call forth the full Power, just go right on with your Application. I say to you tonight: there is not a person sitting in this room who cannot call forth his "Mighty I AM Presence" with Infinite Power, to release anything your blessed Hearts desire which is constructive. There is no question about it. If you do not, it is either a lack of confidence within you, or something that is acting in your feeling world

which is still requalifying this Energy as it goes forth. Remember, when you begin to call forth the Light of your "Presence," you are taking on certain responsibility.

If you will not give obedience or compel your human to give obedience—which is harmony in your feelings—then when you call forth a greater volume of energy, if there be disturbance in your feeling, your disturbance will take on a more intensified volume of activity because it is a greater quantity charged with that quality. The choice is yours! The Messengers have explained this so constantly that if you realize it, you will see the necessity of allowing nothing in your world to disturb your feelings.

That is why I am here to render this Service for you tonight, in connection with the Great Divine Director, because of the intensity—now notice—of the point to which you have raised yourselves by your Application. Beloved Ones, you do not imagine, you do not realize yet what your Application has done for you. There are many in this room tonight who are ready to step forth Free. In this Class, or during it, I am sure they will be wholly set Free from their own human accumulation. It is a magnificent thing!

You may not realize it, but the Great Beings, Saint Germain, and many of Us know your Calls very well. We have heard every one of them; and no earnest, sincere Call ever goes unrewarded. Will you remember

that, Beloved Children of the Light? No sincere Call can ever go unrewarded. Why? Because what makes the Call?—your Life, is it not? Could you make a Call without the action of your Life? Then, that Call *is* your Life, calling for complete Freedom within the human form. Therefore Life, the Power of the Universe, being Itself, must answer your Call in the human form. Do you not see how it is impossible for your Call not to be answered?

If there is some qualification going on in your feeling world which is still qualifying the Energy that you call forth, the fault is not in your Call; the fault is not in the Energy which is going forth. The fault is in *your feeling requalifying it*. You are given a choice as to how you wish to govern it. There is not one who cannot govern his feelings if he really wants to. When you want the Light, when you want your Freedom more than you want your breath, then you will have It!

Oh, you must mean business in your Call for Freedom in the Light, because of your long accumulated qualities which have been governing you. Therefore remember, for thousands of lives you have accumulated more or less discord. Today in, oh, so short a time, you are able by the use of the Violet Consuming Flame to call to the "Presence" to reverse everything in all the currents of Life which have acted; to dissolve and consume your mistakes, discordant

qualities, and accumulations. Then, turning to the "Presence," hold harmony in your feelings and let the Power, the Purity and Perfection which is the Life Stream flowing down from the "Presence," take Its full Dominion in you and your world. In Its great volume of Purity and Perfection, It produces perfect health in your body at once, and goes out into your world to produce such harmony that everything you desire comes quickly into manifestation.

What is your sincere, constructive desire? God in Action! Look at this jewel on the hand of the Messenger. As a lad he desired with all his Heart a single jewel of that kind. After desiring it so long, he thought it was no use and stopped. The desire went on; and when he had completely forgotten about it, it manifested. Beloved Ones, I could take you one by one and cause you to look back just through the experiences of this lifetime and show you—by the hundreds—your desires which were fulfilled, but you do not realize it. You accept these things and go on, not even recognizing that they were former desires being fulfilled today. Many times, past impulses and intense desires have become the compulsions of this embodiment.

You see, Beloved Ones, how marvelously you were acting within the Law hundreds of times; and yet, not knowing the "Presence," not knowing what was going on, you took it for granted that it was a matter of course. You have often thought, "Well, it just

happened!" There is not a thing that "just happens" anywhere in this Universe. Everything has a definite cause and produces a definite result. Therefore, Beloved Ones, you are entering into a great Stream of Life which carries in Its Stream only glorious Perfection. You, in your purity, are working for your full release. Step by step you are rising out of all conditions of your own creation, and one day you will stand wholly Free. Make no mistake about it! You will know it the instant you feel yourself Free from all accumulations.

Will you try to feel with Me for a few moments what it would mean to you to suddenly be fully conscious that every condition which has ever limited or bound you was suddenly released and dissolved; that you could go forth in the morning, making your Call to the "Presence," and have your manifestation within a few hours or few days—whatever you call for. Will you feel this just for a few moments and try to register it in your feeling world, as I pour forth the Energy to you? I want to give you the Assistance, so you feel within your feeling world My Power of Victory and Consciousness.

The Light with which I enfold you within this great Globe of Light which the Divine Director his provided, is a Current of Energy flowing into you, into your feeling world; and that Energy I am giving to you! It is yours, but It will act in you with My Power of Light.

May I repeat this to you so you may understand it fully? This Light which I am giving to you is My Current of Energy charging into your feeling world. It is yours, but It acts with My Quality and Power of Light to produce Perfection for you.

Try to feel this deeply if your body is not as strong and healthy as you would like to have it. This which I am giving you tonight, if you will give attention to It and *feel It*—accepting Its cleansing, purifying, healing Power into your bodies—will fill you with health as you call to your "Presence." Do not make a mistake about this. Do not just depend on this Energy which I am giving you. I am giving It because you are making earnest, sincere Call to your "Mighty I AM Presence." The Law would not permit it otherwise. Therefore, do not just look to the Energy which I am giving; but make your earnest, sincere Application in the Call to your "Presence." Then this Energy will give you the Assistance that makes you the Victorious Presence quickly in your health, in your supply of money or whatever is required.

Mankind is no longer subject to the selfishness and destruction of groups or individuals. Will you not feel the Power of your "Presence" to correct all such conditions? Oh, I understand quite well, having been a part of many governments. I know quite well what is going on in your government today, and how things are trying to be imposed upon your people; but do

not be dismayed at these conditions. As you, a body of more than four hundred thousand Students, issue these Decrees, do you think for one moment that you cannot regulate the conditions, even in the requirements of the government?

This Energy is Law! This Energy from your "Presence," this Law called forth into action is Divine Justice. It will act to produce Divine Justice everywhere—even in your government! Do not yield and waver an instant in your Decrees for Divine Justice in your government, for mankind and in your industries. It shall reign in America! And if you will stand with Us in your Call, I tell you, Divine Justice shall reign in your government! Then if individuals in those positions do not render It, then those will be placed in their positions who *will* give Divine Justice to Her people. Do not yield for one second to the present conditions which exist. In some ways they are chaotic; but I tell you, the Power of Light shall reign in America!

What has happened so recently? Follow this carefully if you will. In the beginning of this Work the Great Being, Victory, came forth at the Royal Teton and issued certain Edicts for the Earth. Then, the Goddess of Liberty came forth into action. Today by the Great Law of Life, I have been called forth into action, to produce in the Earth the All-powerful Activity of the Threefold Flame.

This mighty Power of the Threefold Flame represented in the Royal Teton shall take Its Victory in America, and shall draw into Its Mighty Power everything undesirable; and such things shall be no more! Try to feel that, Beloved Students, in your future Application. Remember—Victory, the Goddess of Liberty, and Myself form the Focus at your Call upon the Power of the Unfed Flame, the Threefold Flame for the Earth! One day, We trust not so long hence, It will come forth visible to every human being; and when that comes, America will lose all Her troubles!

In every age when the Victory of Light comes forth, the Constructive Activity of the Unfed Flame comes into visibility at some point upon that landed area.

The Great Presence of Life has said to mankind in all languages, in all ages: "You shall hold your peace and I will fight your battles for you, for I have weapons ye know not of." That is what the great Law of Life has said to humanity in every age. Today in your Life there is the fulfilling of that mighty Decree sent forth in every age, because enough obedience is being given by mankind today to allow Its release to come forth.

There is not one earnest, sincere "I AM" Student in America or the World today who, if he will listen and apply these simple things which are given, could not produce perfect health in the body in from a few days to a few weeks. If he would call the Currents of

Healing Energy to charge in and through his body, with the same force he does when he becomes very angry, he would have results.

I ask you to observe your own experience. Do you not have plenty of energy when you get very angry? Every one of you—it does not make any difference how frail the body—when you get very angry, can move mountains. Therefore, exert that same energy on the side of Light and Perfection and you will have the same and perhaps a thousand times greater result—because that is in cooperation with the Law of Life, which is Harmony and Perfection.

Do you not see, the only reason limitations exist in the World is because mankind has refused to give obedience? Look at Myself who had such Wisdom, wielded such Power; because I had not yet made the Ascension, still could I make a mistake by being off guard for one moment. This should be a lesson to all mankind. But no one, once he has made the Ascension, can ever be off guard; for the Ascension is the only means, Beloved Ones, of freeing yourselves from the wheel of birth and re-birth.

Do you not think mankind has wandered around long enough in the maze of human creations? It has done this for hundreds and thousands of centuries and lives. You should be greatly interested in this: Up until a hundred years ago, it was a rare thing for an individual to embody under one hundred years from the

time he had let go of his previous body, and sometimes much longer; but in the last one hundred years, mankind are embodying very much more quickly.

Need I remind you that every power you are using today is an invisible power? The currents of electricity through the wires which light your homes are invisible. You see the generator, you see the effect; but you do not see the current pass through, do you? But you can feel it! Now notice! You do not see this mighty Current of Energy from your "Presence," but you can *feel* it with Infinite Power! Therefore, I say to you again, the power of every magnificent force that you are using in your outer world today is invisible. You accept its use and think nothing about it; but if your attention is suddenly called to these things, you sometimes stand in amazement that you have not given them attention before.

I say to you, like your Beloved Saint Germain—who has called your attention to this Great Presence of all Life, the "Mighty I AM"; and the Ascended Masters—how would you know a thing without your attention upon it? Many thousands of Students today, when they first heard the Messengers and the mention of the Ascended Masters, rebelled like fury. They said: "It cannot be! If such Beings exist, why do we not know it?" How did you ever know of anything unless your attention was held upon it? In your schoolwork, in your business today, would you know anything

about them unless your attention were held upon them? If you did not have your attention upon your own business, you would probably be attending to someone else's.

Do you not see the magnificent power which comes through the concentration of your Life energy on any given objective upon which it is focused? Therefore, you become the authority of your world by the Acknowledgment of your "Mighty I AM Presence," and the conscious direction of Its mighty Currents of Energy, through Harmony, into your feeling world.

Therefore, Beloved Ones, remember from this night henceforth, that you have anchored within your Hearts the Light of Infinite Power and Intelligence which is your "Mighty I AM." You are a part of that Great Intelligence and Presence acting here! You have Its Power beating your Hearts, acting within your human forms, which you can intensify until It floods your being, world, and government with Its harmonious Presence and Power. It is Light, in which there is nothing of human creation that dare attempt to resist It. Do you see how you are dealing with a Power of Light which is all Authority? It brooks no interference of any kind! All you have to do is *keep your feelings harmonized and call It forth into action,* and there is no limit to which It will act for you under that condition.

Will you accept your Freedom now, and with a

determination you have never before experienced, face your human self and compel it into obedience to this Law of Life. What is obedience? Compelling it to be harmonious! That is all it has to do! Then the Currents of Energy from the "Presence" will flow forth; produce health in the body, harmony in your achievement and perfection in your attainment and any condition to which the attention is directed.

In My Capacity I have been assisting governments into the height of their perfection. How did that come about? By this identical Law and Action of Energy. Long, long, long before My Ascension I understood this Law; and that is why nothing could harm Me, until I was off guard. It is why there is nothing of human creation that can harm you or limit you, unless you are off guard or refuse to make sufficient Application.

Beloved Ones, realize once and forever—every human being is compelled to make his own Application to his own final Victory. There are times when you should have Assistance, when you can and do have Assistance; but when you call for Assistance, do not let down on your own Application. We see among the Students today many who—because of the pull of the attention onto outer things—do not give themselves the needed time to make the Application which holds sustained Harmony about them, so that in their Call the "Presence" will send Its Power forth untouched

in Its Purity and Perfection, to perform the Service which would be intense.

Why does the Messenger have such tremendous accomplishment in one mighty Decree today? Because he no longer has the human accumulation. He no longer has inharmony in his feeling world to clothe the Energy as he calls It forth. That is why It goes forth in Its own Purity whereunto It is sent. You may —everyone—do the same thing.

You must realize the power of momentum, which means the continuous carrying of Power from your "Presence." It would be better if you did not gather It, than not to balance It by self-control in the human octave. You must face the Law of Life, and I am prompting you! When you call forth Power of the "Presence" in a greater volume, you must balance It in the physical octave by self-control in your feeling world; and everyone can do it.

In Our great Love, and as many Others have said to the Students, We see the nearness of the Victory of so many of the "I AM" Students of America. I mean also the many who have not thought their Application was producing results. Oh, if you could see the change in your own world around you, you would never think such a thing. There is not one who has made earnest Application in whom there is not a complete transformation in that one's own world. You know definitely the imperative need!

The only thing which can give you Freedom is harmony continuously maintained in your feeling. It is so easy—just one thing to do. Then as you call the Power of your "Presence" forth into action, It will flow out like a mighty River. Of course, It knows no resistance nor interference; and It will accomplish immediately that whereunto It is sent.

Remember, Beloved Ones, your attention held upon an objective of attainment is the Power, and releases the Currents of Energy from your "Presence" which flood out continuously through your attention, to the objective to accomplish its purpose. Therefore, if you let your attention swing like a pendulum, how is the Energy going to find its objective? It is as if you took your hand like this and you directed a force to a certain spot; but if your hand keeps wavering around like that, how could it ever get there? Just so with the power of your attention.

Beloved Ones, you do not but in a fragmentary manner yet comprehend the Power which is in the attention of every human being. It is limitless! When your attention is fixed upon an objective, the full Power of the Energy from your "Presence" is flowing forth to your objective; and nothing in the world can stop its accomplishment but yourself. When you take your attention off, the Energy stops.

Let Me assure you of this point. When you are acting in a constructive manner and you call forth the

Energy to go forth to a certain objective, your attention is demanded out here in your activity of the world. Then charge your Higher Mental Body to keep that Energy pouring until it is accomplished. Each time you have a few moments, turn your attention back to your objective and let the Energy from your "Presence" flow into it. There is not one thing on the face of this Earth which you could not achieve quickly. There is not one of you in the room who could not do it.

Beloved Ones, observe the Chart please and see the Great Presence of Life! Think how absurd it is for any human being to actually feel weak, exhausted, or feel inability for any accomplishment. Think of it! Then how does the form feel those limitations? Because it has accepted limitations of the appearance world so long. Mankind has charged the World with the acceptance of limitations of every conceivable kind. But with your attention held to the "Mighty I AM Presence," and understanding that your attention upon an objective in your accomplishment is the imperative need, then you reverse all conditions of the accumulation of the past. You hold them in obedience, if they have not been consumed, and let the Energy flow forth to do its work.

I am explaining this to you tonight, so you might not feel that just because you may have human accumulation or that you might see limitations, you still

cannot acquire this Perfection and Freedom. It is absolutely within your reach! Therefore, Beloved Ones, tonight in My earnest, sincere Effort to assist you, will you be kind enough to accept My Assistance? Let this mighty Power of Energy operate within your world of action, to produce the results which your Hearts crave and which We wish to help you attain.

Therefore, in the Glory of your Great Presence of all Life, I say to you tonight: stand glorified in the Mighty Activity of your own "Mighty I AM Presence," and accept first your "Presence"; then, all the Ascended Masters and Great Beings of Light wish to give you—and you cannot imagine what They will do if you are earnest and sincere. Accept the fullness of the Power of your "Presence" and the Assistance of the Great Ones! Go forth feeling the full Victory of the Light acting within you and your world, and you will find that you can lay your hand upon a discordant spot in your body; the pain will cease at once; and the condition will dissolve and disappear. The Current which flows through your hand will produce Perfection for you. It is Light, which dissolves everything unlike Itself.

If mankind but understood that, every human being would become a mighty Power and Focus of Healing wherever he went; and even the Radiance poured forth from him would heal where it passed. Such is the Joy and the Perfection which is before you.

In the fullness of the Light which I represent, I call Its full Power into action to clothe you forever in Its Transcendent Activity, and hold you forever Victorious in Its Light—unto your Ascension and Eternal Freedom. I thank you.

GODDESS OF LIBERTY'S DISCOURSE

NEW YORK CITY, NEW YORK

OCTOBER 13, 1937

OH, BELOVED America, how great is Your Mission! Oh, people of America, how great is the service which you have rendered and are still to render!

The Messengers have been promised that they should know who I am. I prefer, for the Service which I must render, that you know Me as the Goddess of Liberty. I am the One who gave Washington his wondrous Vision. Then, do you wonder why My Symbol rests in your harbor? Not by chance, I assure you. Can you, for a moment, with Me feel what that has done for the World—My Symbol which stands in your harbor! There is never a boat comes in or goes out of your harbor, that the Hearts of those on board do not feel what that means.

Think of it, oh, Beloved Ones of America! You have your problems, yet they are not a fragment in comparison to what is acting in Europe and the Orient today. Do you not see and understand? I am sure most of the earnest Students do. Oh, that all America might understand what this means; what this Understanding

of the "Presence" and Its Mighty Call for the Freedom of America means.

Knowing what has threatened America from its inception, then do you wonder why Saint Germain has worked with such Love and Determination to protect America! I asked Him never to mention My Part in this Activity, until the Cosmic Light began to render Its Service to the Earth. Then I too would render My Service to America.

Knowing with certainty that the Vision given Washington would be fulfilled if help did not come to the American people, Beloved Saint Germain has aroused in the Hearts of the people the desire which has brought forth that Call, so deep, from Hearts so earnest. You beloved Students do not know it, but there are thousands of people in America today, beside the "I AM" Students, who are calling with Hearts so filled with Love, because they have felt the threatening condition to America as never before. They have felt the undercurrent of destructive activities which have tried to find a foothold in America. Today, how thankful and grateful you can be that enough has been done to give one the greatest encouragement to release the Power for its completion.

The Ascended Masters and We, from Our standpoint of Freedom, knew the Victory was certain from the beginning—providing We could depend upon enough of mankind. Unless We can have the Call to

the "Presence" by enough people in America, We cannot tell what human beings are going to do. That is why, when the mass are taken into consideration, a correct, absolutely certain prophecy cannot be given because mankind change so often; but where it concerns a great Cosmic Activity, We can tell you to the minutest detail everything which will take place in the whole activity. When We have enough of the people of America anchored in their Great "Presence," then We can tell you exactly what will take place in your America!

Today Our Gratitude is very great to every earnest, sincere Student in America and the World who is calling forth so earnestly, giving Us the opportunity to release these great Cosmic Powers. Oh, I know you are not quite fully conscious yet of what the past week means to you and America! Just try to feel the full importance of these Great Beings, who came in person and gave these Dictations. Through the attention of the Students—and of the people who might come in contact with those Dictations—being drawn to these Great Cosmic Beings, it makes it possible for Them to also render a Service for America which They would so like to give.

Without your attention, these Great Ones are unable to render the Service which is required. Without your Call They could not do it, and would not—because you are the cause of your limitations. All

mankind is the cause of the limitations which beset the Earth, even to blight upon the Earth.

Dear Ones, see how the discordant, destructive qualities sent forth by mankind charge the very Earth and its atmosphere. There is no other destructive force in the Universe but that which is created by mankind. Then such rejoicing as has never been known in the history of the World should be within the Heart of every "I AM" Student who has come to know this, and who is willing to give the needed obedience to set himself Free.

Beloved People, We in the Cosmic Service of the Light wish to set America Free and keep Her Free, because America is the Heart of Light for the World. If the Heart ceases to beat, then the Light goes out. The Light has almost gone out in certain parts of the Earth, although It is expanding with great speed and power here.

I say this to you tonight: If it had not been for the Statue of Liberty in your harbor, New York would not be in existence today! That is the Power within the Symbol of Light. If it had not been for the Christ of the Andes, South America would have been in the condition of Spain today. The South American people held steadfast to the Christ and could not be shaken loose—hence their protection; for when the Christ vanishes from a country, their people perish.

The greatest tragedy on the face of the Earth today

is human beings who try to take from others their faith in God. It is only by individuals' faith in God that the people have not perished from the Earth already! You, today, who have been so fortunate as to come to the real Understanding of what the Presence of God is and means to individuals, as well as the World, will never know until your Ascension how fortunate you are.

Now, let us join in one Mighty Activity! I am speaking to you tonight so this may go forth to every Student in America and the World. I am calling for their attention! May the Service America needs be rendered quickly! Unless it is rendered, you will have much to handle. If an undesirable person should come to your door and you let him in, well, you might have considerable difficulty in throwing him out. So it is today with individuals! So it is today with nations! It is much wiser to give the protection and keep out the undesirable, than to allow them to come and have to throw them out afterward. Not that it would not be done; but think what devastation would come, in order to do it!

Therefore, know this! Know the accuracy of the Vision shown Washington; for remember, until the Ascended Masters take command of America, Washington will stand. Remember, Dear Ones, today you do not know all that took place in the time of Washington, before nor since. The All-powerful Guard of

Light in Its Infinite Activity is behind the scenes. All Infinite Power is invisible; and so it was in the Activity which gave your America Her Freedom—back of that was the Infinite, Invisible Power. Saint Germain and Myself were two of those Powers, invisible to the human sight.

Tonight I am saying this to draw you closer and, if possible, try to have you feel more powerfully the Service that Saint Germain has rendered and is rendering to America. Oh, Beloved Ones, you will never know until your Ascension what He means to the World; and how in those former centuries in Europe, He tried in every conceivable way to help the people to see; but the ignorance and arrogance of the human is terrible to behold.

Today, Beloved Students, I say to you for your eternal, individual Blessing: no matter how great the Powers that you call forth, no matter how great the attainment that you reach, whatever in God's Name you do, *be humble!* There is not anything so great in the world as to be humble before this Great Presence and Power, your "Mighty I AM"—firm and strong against human suggestions, but humble as a babe before the Great "Presence" which gives you Life. Then Its Powers will flow in, through you, and out into your world, to bless you and all with whom you come in contact.

Oh, do not, do not be dismayed, Beloved Ones! We

see all that is going on in your government; and I say to you, this Mighty Power of Infinite Light shall protect your America against all human beings on Earth. That Power is Light! It shall take Its Dominion on Earth, and those destructive powers shall not come into America!

Not so long ago in your blessed city of New York there was anchored an activity which would have destroyed the Earth, because it was the head of the sinister force whose body rests over Europe. During the Class when you see the picture of the gas belts, you will observe the outline of which I am speaking.

Beloved Ones, your encouragement today is in the release of the Cosmic Light, which has made it possible for the Ascended Masters to use the Power of the Light Rays, to hold in abeyance those destructive powers which would try to gain their dominion here. Already the Activity of the Cosmic Light has begun; and there will be watchful care over America. Every destructive force that attempts to act will find itself disappointed!

Remember, Beloved Ones, continue your earnest, mighty Call to God, your "Mighty I AM Presence," which enables these Powers to act. Tonight, allow Me to remind you again of those blessed Children—Rex and Bob, Nada and Pearl—who so recently were in bodies of limitation like yours today. They are rendering this Cosmic Service to America. Remember

what the Divine Director said in the close of *The Magic Presence*: "I shall give you bodies as have not before been known on Earth." It is how They were able to enter into this Great Activity at once, and why today They are rendering a Service to America which is tremendous. Those four Children are going every way, watching and guarding.

There will come greater and greater Assistance, when the Great Cosmic Light has made it possible for the destructive qualities of human beings to be turned back upon themselves. Then the old statement you have heard so long will find its action: "Evil destroys itself." Sometimes it has been a long time doing it. Now, in the Power and Activity of the Great Cosmic Light, it shall do its work quickly.

Beloved Ones, you have heard the Messengers plead and plead and plead with mankind for the need of harmony in their feelings. They told you the day would come when the destructive qualities sent out by mankind would immediately return upon them for redemption. That time is approaching so rapidly, Dear People. Oh, that I might reach the ear of every blessed Student in America today who would listen to Me, and receive the Blessing which these Words would bring to them.

Dear People, no longer can the Messengers plead with mankind. The Instruction is before them. Read, oh, read Beloved Ones, the magnificent things which

Saint Germain and the other Ascended Ones have brought forth for your use and blessing. The time has come when individuals who wish the Light must maintain self-control, and stop sending out from their feeling world any discordant thing. Unless they do, they will be compelled to meet those qualities returning to them.

This is the Power of the Cosmic Light. It is not the wish of an individual, but the Power of the Cosmic Light is compelling mankind to draw back to them what they have sent out. Then do you not see, beloved People of Earth, the magnificent thing that Saint Germain has done in calling forth to mankind the Power and use of the Violet Consuming Flame, which makes it possible for them to be Free today—in return for those qualities that mankind have sent out!

Do you not see, Beloved Ones, the Great Wisdom and Mercy of that Blessed One who brought this Understanding to mankind! So many have passed by the opportunity to know, to understand, and to use these things and give obedience as He has asked. It would make them impervious to discordant things, for they must return; and mankind must meet the qualities they have sent out.

Oh, do you not see how great It is? How He, through the Messengers, pleads with mankind with all their great love and kindness to give obedience to this great Law, apply It, and understand that the

imperative thing is harmony maintained in the feelings, that the Power of the "Presence" might flow through and give this Protection! Today, when it is coming to the time that mankind is going to need It tremendously, the Protection and Assistance would be there.

Oh, how mankind will plead—when they had the opportunity and did not take it, to understand and apply these great Laws for the Assistance of Beloved America and themselves! While there is no death, Beloved Ones, mankind in embodiment has cut off opportunity after opportunity which would have brought such great Blessings to them.

I say to you tonight, the blessed ones who have been drawn into this great Light and have turned aside—how they will cry out for mercy because of a lost opportunity. This is why, Beloved Ones, the Messengers have pled for harmony and prompted the people to stand by their own God Presence, the "Mighty I AM." They have asked nothing else. They have been so earnest, honest, and sincere in the Outpouring of the great Love from their "Presence," and now have the love from thousands today—a thing unheard of in the history of the World.

Remember, Beloved Ones, your Beloved Ascended Master Jesus was the only One who held such Infinite Love from the World. Your national characters have had great love from mankind. I tell you, that in

Europe and India today, secretly in the Hearts of thousands of people there is the greatest Love for Washington and Lincoln. From those people who have read of it, their love flows out, and has since the liberty of America began.

Therefore, Dear Ones, remember that it is only through the outpouring of love, kindliness, and blessing that mankind open their doors to the Power of their "Mighty I AM Presence" to set them Free. They cannot have that Freedom unless they know where and how to call. Today the "I AM" Students know that, very definitely. Some do not yet have the full confidence in their own ability, but that will come as sure as you are sitting before Me tonight.

Remember, the Great Master from Venus said there were thousands in America who would awaken suddenly, as from a sleep. It is being done and will continue to be done, by the thousands, in the months ahead. Have courage, oh, Beloved Ones, to go on and on in your great Call, and do not accept the appearance world any longer! Remember the height, if you permit Me to use that term, of the destructive forces—or, the apex—has been reached and passed. Therefore, with a speed a thousand times greater than they gained their apex, will they recede and lose their power.

Never before has the Cosmic Light come to the assistance of mankind. It bears repeating, because I am

sure many do not understand what is meant by the Cosmic Light. It is the consciously projected Activity from the Heart of the Great Intelligence who governs this System of Worlds, which the Messengers have brought to you as the Great Central Sun—that is the Power from whence comes the Cosmic Light to the Earth. It is consciously projected by those Great Beings there.

Therefore, you see It is not something atmospheric. While It does act within the atmosphere, yet It is directed by a Mighty Intelligence; and that is what I am sure many have not been aware of, and it is why the Cosmic Light may not be denied. All humanity, all the pleading of humanity, Beloved Ones, makes no difference with that great Light.

Perhaps it would be well for Me to remind you how mankind has ignored such opportunities in the past, when great Blessings have been offered them. Take for instance, for your instruction tonight, in the civilization of the buried cities of the Amazon recorded in *Unveiled Mysteries,* they were warned five years before the cataclysm came. After one year had passed, then two years had passed and nothing occurred, the human qualities began to stir within them and they said, "It is all a mistake." They became more and more brazen. When the five years were up and everything became still, the Hearts of those people who had denied the Wisdom which gave them warning, felt

that fear clutch them; and before dawn the great destructive powers had done their work.

Today mankind is facing far worse conditions. When We give you encouragement for your accomplishment, please take it as encouragement! Make more earnest, dynamic efforts in your Call! That is why We give you encouragement—not so you can relax your Call, power, or energy for that which is required! If you do, then God help mankind.

The Power, the Intelligence, the Assurance is yours today; is here for your use, oh, People of America! You can have It if you will! We cannot force It upon you! So, Dear People, if there are those of your acquaintances who cannot accept this Understanding which Saint Germain has brought forth, at least plead with them for the need of Protection to America, their Country. That is the great need today.

You, who have gained your present position in the understanding of your "Presence," can never lose it in the world! Every inch you gain in the understanding of your "Mighty I AM Presence" and Its Application is anchored in you forever. You are not only giving yourself temporary release, but you are building Freedom for Eternity.

The only Intelligence in the Universe, the only Presence, the only Power, the only Place where Freedom can come from is God, your own "Mighty I AM Presence." Feel it, Beloved Ones! Then call to the

"Mighty I AM Presence" of every human being in your city, everyone in America, to take command of every mind and body, hold Its Dominion, and produce Its Perfection. I say to you, anyone of you sitting here tonight: who of you can tell Me this hour what you can do in fifteen minutes of earnest Call, acknowledging the Power of your "Presence" acting!

In your return from this meeting tonight, before you retire, anyone could stand on the floor in the silence of his chamber, with no one present, and in a low, firm voice call to your "Presence": " *'Mighty I AM Presence,' take command of every mind and body in New York tonight! Hold Your Dominion and produce Your Perfection in the mind, body, world, and activity of everyone in America.*" Who of you shall tell Me what Power might go forth to bless your city and its people! Dear People, you cannot imagine what any one of your sincere Calls would do—how many might awaken in the morning, feeling within their Hearts the fullness of this Power and the answer to your Call. Then, as that began to reach out, individuals would come in contact with someone, the Books, or something which would hold their attention upon this "Presence" and the requirement of success.

I urge you, do all you can, Beloved Ones, in your private Calls before you retire; as well as your wondrous Group work, which you have been doing. Oh, let no discord of any person, place, condition, or thing

affect you in any manner. Do not have opinions about anything. Go forth in your own "God Presence," and let Its Power flow through you into your world to protect it, and then out to bless mankind. What do you think It would do?

You who are sitting here, call on the Law of Forgiveness for all the mistakes of the people of New York. Then call down the Powers of Light and Love and Blessing upon all of them. Think what that service would do. The unhappy thing which mankind has experienced is because they do not see these great Inner Forces acting. It seems incredible that It could be going forth and doing such a Mighty Work; but I assure you, Dear Ones, because you do not see Its outer manifestation is no reason why that Inner Power you call forth is not acting to do Its Perfect Work.

Oh, Beloved Ones, do all you can, won't you? That is all anyone can do; but feel it tonight. I am so grateful to be able to call your attention to it. My part is in giving you the Courage and Strength to make a firmer, more determined Call than ever, for the release of that Mighty Power to go forth among mankind and do Its Mighty Work! Feel it, Dear Ones! Many, many of you who are here will live to see the greatest transformation ever known on Earth. The Light of God, your "Mighty I AM Presence," is taking Its Dominion upon the Earth.

In closing, I want to say to you who have been rendering this wondrous service: when you see how great it has been, you will rejoice through Eternity. Because there is no trumpeting, because there is no outer appearance as you think, does not mean the Work is not being accomplished. Those Great Ones see and know the service which you are rendering and, hence, have come to your rescue. Will you allow Them—and urge others of humanity to allow Them—to complete the Victory? I thank you.

DAVID LLOYD'S DISCOURSE

CLEVELAND, OHIO

MARCH 4, 1938

BELOVED Students of Cleveland, Blessed Group Leaders, and those visiting here: Our Love and Gratitude are so great tonight for the opportunity to speak into your feeling world that which We know.

You have been quite willing to take Our Word for this until such time as you could prove it for yourselves; but I say to you, because of your love, your gratitude, and your willingness to stand for the Light, the Great Divine Director has prepared the way for all Students throughout America. As the requirement comes about, certain Ones of Us come forth. Through these dictated Words, which carry the Qualities you need, We charge Them into your feeling world. They bring to you the greatest possible Blessing and Freedom, right in the immediate future.

Tonight, as never before in your Life, understand that you are not dealing with any human being's opinion, imagination, nor quality! You are dealing with the Quality of Perfection in your own Life, which the Ascended Masters represent. You might wonder why They represent your Life. Because your Life and Their

Life is the One Life in Its Purity and Perfection, before Its Light touches the individual's human form. Your Life and Their Perfected Life is One, because your Life is Perfect. Therefore, you will see how logical and practical all this is in the activity of your own Law of Life. We are talking of nothing else. The Ascended Masters never refer to anything else but the activity of your own Life, of which They are the conscious Ascended Perfection.

Your Life as It stands today in your "Presence" and your Higher Mental Body is Perfect; but notice how different that Current or Stream of Life and Energy is in comparison to the Ascended Masters, because you have not yet Ascended! The Ascended Masters have accomplished the journey and produced the Perfection—the purification of the human structure.

We have never touched upon this point before; but what do you think is the reason for the purification of the human structure, the human form? Because today you are the accumulation of all that has been in the past. Notice! You are the accumulation of all that has been in the past! Therefore your physical structure, your feeling world in the activity of its purification is the drawing forth of all accumulation of imperfection into the Violet Consuming Flame. The Perfection in the Stream of Life is being drawn back into the "Presence." That is what is contained in the Circle of Light about the "Presence." It is your

Goodness. Then you have drawn the imperfection from all past conditions into the Violet Flame, and all your Perfection into the "Presence." Then you as a human form stand quite Free. In the Call to your "Mighty I AM Presence," you allow the Perfecting Activity from the "Presence" to release. It starts by the use of the Violet Consuming Flame in Its Activity of Purification. As you call the intensified Energy from your "Presence" down into action, the human meets the Divine. The Divine, being the Light, knows no opposition, and absorbs the human into Itself when the Perfecting Activity in preparation for the Ascension takes place. It is perfectly natural, perfectly practical.

Beloved Ones, as you come into the fullness of this Understanding, you will see It is absolutely practical —the most practical thing in the understanding of mankind. This is why the attention held to the Ascension is imperative. It does not make a particle of difference whether you make the Ascension today, tomorrow, or in the next embodiment; but it is most imperative to begin! That is the point which is vital to you and to everyone.

There is a difference between the Ascension actually taking place, and your attention through your consciousness held upon It. Dear Ones, the Ascension takes place by the natural Law of your Life, through your *feeling* when your attention is held to

the "Presence." As the Messengers have said quite often, the moment your attention goes to the "Presence" in your *feeling* world—knowing It is there above you, and that from It you receive Life, Intelligence, Energy, and Activity—that moment your Ascension has begun. Do you see? Actually, physically It has begun. Is it not one of the most wonderful things to know? It sounds so simple. It does not require much effort to give attention to this Presence of all Life, the "Mighty I AM"; but, oh, Dear Ones, do you realize what it means? Every moment given to that Blessed Presence of Life, your Ascension, your Purification is going on. Do not let one thought, one feeling, one activity of your physical body from that moment henceforth cause you to accept for one moment that your Purification and Activity is not going on. The quickest way is to love your "Presence" intensely.

Beloved Ones, I tell you, when you really begin to give your attention to your "Presence" with earnest, determined intensity, there is nothing that can stand before you, when you are reaching out to your "Presence." Its Wondrous, Infinite Power of Light is enfolding you. It passes in and through you and every atom of your body—every cell.

Dear Ones, you will remember that at the base of your brain is the distributing point for this greatly intensified Light as It comes into your body, into every cell. In your Call to the "Presence," the *intensification*

of that Light also acts through every cell of your body.

Take for instance this illustration: As you are sitting listening to Me, our attention—your attention and My Attention—is on that Perfecting "I AM Presence," the Ascended Being, the Perfection of Life. Therefore, in your feeling is the acceptance of It. Every moment our attention is upon the "I AM Presence" and those great Perfected Ones, the raising process is going on. The expansion of the Points of Light within every cell of the body is going on. It is a definite, permanent, powerful activity which no human will can change.

Remember, once your activity and understanding of metaphysics was a temporary thing, because you did not understand consciously and in your feeling that your "Mighty I AM," the Presence of all Life, was above you and giving you Life in the physical body. You prayed to and thought of God as an Omnipresence; but when you know this "Presence" is above you, and know it in your feeling, it is a vastly different thing. The Presence of all Life, of all Perfection, beats your Heart. Instead of the feeling reaching out, wondering, "Where is that connection; where is my Stream of Life connected?" you know definitely It is there—the same as you see the Light here in these fixtures.

Your "Mighty I AM Presence" is above you! Its Ray of Light and Energy flowing into your body and

anchoring within your physical Heart, is eternal proof that above you is the Perfection of Life. Because mankind has forgotten It, they have only had fragmentary results through their prayers and through their calls. There was no intense feeling released. The prayer which was answered had to be charged with intense feeling, but mankind did not know why the answer was given. When your calls were answered you said, "Yes, God granted my prayer," but you did not know the means or operation by which it was done. You sent forth the call and saw its effect, but there was no conscious knowledge of the operation.

Today in this magnificent Activity which Saint Germain has brought forth, you see the magnificent operation of the Law. As you gaze upon that Chart, you see, feel, and know the exact detail of the accomplishment. You know the activity which is taking place within you and the Great Presence of all Life to produce these results. It was just the same with you as a child. Of course there have been some prodigies who were able to do this—but if you did not take your pencil in school and work out your mathematical problems, you did not retain the knowledge. That was the way you came to the solution of your problem. Some could do that mentally—they were very few.

Today you are in the same condition. When praying to God as an Omnipresence, you do not have the

feeling and release of the energy that you do when you know Its Individualized Presence is there before you, as shown in the Chart.

I was in the same position through My own actual experience. So recently I was in your midst. Dear Ones, do you not see what a short time ago I stood in a limited body like yours; and but for this Blessed One before you, I should have still been there. Do you wonder that My Love and Gratitude are boundless to him? I know that it was his "Presence" which gave Me the Assistance; but if his physical body had not been there, I would not have had the Ascension.

Let us come now to a very vital point. As the World and the Students stand today, he is a great Focus of Light in their midst. He probably would not like Me to say this, but then it must come forth. You have noticed that where the Messengers' bodies are, there is a most powerful Focus of the Light. There is a reason for that. In your Groups you call forth wonderful, marvelous Light and Energy because of your sincerity; but in the preparation for this Work, the "Presence" has made the Messengers a tremendous Focus of the Light. While I do not prophesy this, it should not surprise Me at any time, during the intensity of the Class—and especially during the last five, six, or seven days—to see the Light become so powerful that It would be visible to anyone's physical sight. The World is bound to have the Truth of this Light.

This is a secret. Shall I tell you what I am doing? I am calling to the Authority of Life, that before thousands of people in America one or more Ascensions shall take place as It occurred with Me, that the whole World may know the Truth which this Good Brother speaks forth. By the Power of Infinite Light, I shall see it is done! or move the heavens out of place. I am determined that the World shall know the Truth which he speaks to them!

These unfortunate creatures who try to spread falsehoods concerning him or this Work, may Heaven help them! When they say that these Books are untrue and that some silly human being supplied the books from which this Information came, it is insanity and ridiculous. Where did the Information come from which was dictated before thousands of people in California and elsewhere? Did that come from any book written at present? You know It did not! So, I tell you that I shall never stop until everyone of those vicious tongues is silenced against the Messengers and this Work. I am getting more Authority each day!

Dear Ones, do not think that I join the vicious throng. Not at all! but I am tremendously Positive! I know the Law, Beloved Ones! Remember, Precious People, that if you are dealing with a vicious force, you must wield a greater amount of energy than the vicious individual, or that vicious individual will sweep

you under. You are dealing with Law! You are dealing with vibration and energy, as the Blessed Lotus has said so many times.

Remember, your old sympathy, Beloved Ones, is a bygone thing when we come into this Understanding. Oh, once I had it too; and as I am compelled to look into the Life and Heart of this Blessed One, there too was limitless sympathy one day; but it is no more. It has now risen into the Divine Compassion which gives help to his worst enemy, so-called, if that may be; but at the same time he is surrounded by and wields a positive force which will repel and destroy any destructive force sent against him. That is what every one of you precious ones must be able to do. You are doing no wrong; you are only protecting yourselves. You, who are sincere to the Light, should you be swept under and out of your body because you would not straighten your spines, stand up, and send it back? Remember, there is no viciousness, there is no wrong in that; for you must protect yourself.

The cunning claws of the sinister force try to bring discredit on this Work, which is the most magnificent that ever came forth on Earth to mankind or ever will; and I know what I am talking about! When I had the Assistance from this Blessed Being to lift Me to My Eternal Freedom, and I stand here a living witness before the World of its truth, let no puny intellect in

the outer world say that did not occur—when I am the person who accomplished It! Is that not insane, silly nonsense for any human being in the World to say my Ascension did not occur, when I am the Being here who received the Blessing? Possibly you do not see Me, but I am here just as tangible as you are; make no mistake about it!

Therefore, I want you blessed ones to be so firm and so prompted, so alert in your feeling, that never again will one solitary disturbance touch your world. Stand in the Power and Light of your "Presence"! Let It pour forth and dissolve everything that tries to touch It.

One of the most magnificent points which the Messengers have brought forth is in the great intensified feeling—more and more powerful—that when you call your "Presence" into action, what is it you call forth? Light! All the Power of your "Presence" is contained within that Power of Light. Therefore, the first fundamental you are calling forth from your "Presence" is Light, and It knows no opposition!

Will you think of that, Beloved Ones, in every Call and all Application you make? Remember! This Help I am calling forth from My "Presence" is Light! It knows no opposition! Therefore, It proceeds to the objective for which I call It forth. The Victory is accomplished because there is not one thing in all human creation which tries to battle the Light.

Precious Ones, understand this one single point! Try to grasp it! I am endeavoring to give you the full, powerful Feeling of it sustained. Try to feel that you cannot make Application of any kind from the smallest to the greatest Call, that your Answer does not come forth through this Power of Light. Knowing this Light is All-powerful, for It knows no opposite, then how could It fail to accomplish the thing whereunto It is sent?

You are the director because you have the authority. So far as your understanding permits out here, you know the things which need to be corrected and adjusted. Suppose, as an illustration, you need a greater supply of money than you have today. Previously you thought you had to perform certain mechanical action or certain intellectual service, a certain collective service in order to have the use of that, did you not? All the time your "Presence," the Treasure-house of the Universe, was holding the Limitless Supply for you which you required.

You have believed that your supply was out here, because it seemed to come through a physical source. I tell you to reverse the situation! and I will show you why, definitely. In the first place, everything that is in physical form today came through that Stream of Light and Energy into outer manifestation—first as an idea. If it was a building, first a blueprint; then a building came into being. Your bodies, how about

that? You have them; how did they get here? That is the point. I wondered about that many times Myself. Because there is a blueprint inside of everyone's body which is its Light Pattern. That is how this structure got here. If it had not been for the Points of Light in every cell of your body, which are your Light Pattern of your human form, there would be no human form here—not one! Therefore, you see where we get more and more practical.

Now, as to the building: this building, for instance, came out of an idea and into a blueprint. Then the substance in the outer world was brought together, and here it is. Now your bodies: first, there came a little Point of Light in your Heart. That was the first point where the substance began to gather. Then, your Heart came in the fullness of Its shape and a physical being came into existence. That Point of Light within your Heart was where the "Presence" anchored Its tiny Unfed Flame to build and draw together this substance.

With your building, the substance was out here in form all ready; but yours was not. Now notice! The substance of your body was what you sometimes call the Universal Substance which is in the atmosphere about you, as well as in the mother, and in the charge that the Angel—which is usually present—releases. Therefore, around your Heart, around that Point of Light—first in the Heart—was gathered the substance

which made the Heart become the fullness of Its action in complete form. Then, the Light through the Heart begins to gather more substance and the body of the infant comes into being. It is the most practical thing in the whole world, but mankind have not understood this Law of Light.

You know how you take things for granted? I did too, but I have done a lot of thinking since My Ascension—a lot of investigating; and if you ever in your Life knew what happiness was, wait until you come over here and We take an investigating trip. Wait until you come into your Ascension! If you do not make It and you cast off that body, still We will have a good time because you will come into the Octave of Light where you belong. Then We will still have a good time, because during that time you will go right on in this Training. When you come back again you will be Master of those physical forms from infancy—the most magnificent thing in the world.

I want you to realize that you have no one to thank for this particular Assistance so much as the Great Divine Director. That Blessed Being! Even yet, I stand in awe of Him! Sometimes I have seen Him begin to release the Power, until your Heart almost stands up. Today in the requirement of the outer world, sometimes He releases His Power to go forth into the octave of Earth. It is so powerful and so intense that you just stand in awe of Him, who is doing so much. You

have not heard so very much about it, but I tell you tonight. Dear Ones, one day you shall know more about the Magnificent Work which He has done for the Students throughout America and the World in the past six months. It has been beyond words to describe! If you precious ones right here knew just what has been going on in your feeling world, you would be the happiest children on this Earth.

You do not see yet so much of the outer manifestation, but tonight I see it from within; and I tell you, Dear Ones, you have every reason to be happy and rejoice. Surely and steadily will all problems of the outer world fail to appear, because they will cease to be. Oh, never doubt it for a moment! Go on, and on, and on, in your mighty Application, your mighty Call to this "Presence." Let Its Light flow in, through, and out into your world to dissolve all problems forever. Then, your Call releases Its mighty Intelligence.

In your Application for the supply of money, you have been receiving it out here as coined money or paper money; but all the time within the Treasure-house of your "Presence" this activity was going on. Now notice! Just the same as the Light Pattern holds your human form together, just so within the Treasure-house of your "Presence" was the activity going on which brought about conditions out here in the world of the human octave, by which you received

the coined money or paper money to supply and fulfill your Call.

Everything that comes into your hands out here comes in physical manner naturally, but the supply comes from the Treasure-house of your "Presence." It cannot come from anyplace else, but you have not quite seen that. You say that it does not look as tangible as the cash here in your hand; but I tell you, when once you have grasped this idea and set it into action, you will never know again what it is to be out of the supply of money which you need—right in your hands in "spot cash."

You see, I am getting quite American in My Expression. I was an Englishman, but I love America; and I want to tell you I am learning to love It more every day, because I see within the Hearts of the American people an energy, a loyalty, a call for Freedom that only a few of our blessed people in England have today. That is why I say to the American people, you are the most fortunate of beings. I mean that! Oh, I love our blessed people! I love all people! But I can see where their mistakes have been—My own included.

Therefore, you are dealing with a definite, mighty Law. Let us repeat this. When you call to your "Mighty I AM Presence" for your supply of money—this is just one illustration—the Love, Wisdom, and Power of your "Presence" goes into action, through the energy

flowing out from your physical body. Your Stream of Light and Energy goes out as radiation—harmonizing, governing, and bringing about conditions through the Wisdom of your "Presence," to bring the physical supply of money into your hands. Once you understand that, you can never be deprived again of the money supply you need for your happiness, comfort, and Service to the Light. If your motive is wrong, your "Mighty I AM Presence" will not answer. Then the human begins to claw around in the outer world by frantic effort, through fear. Therefore, when your Heart is right—I mean your feeling is right—you will never be deprived of a thing in the world. When your feeling is kept harmonious, you cannot lack.

What do I mean by that? The outpouring of love and kindness regardless of what happens! You will all come to a point where no matter what anyone says or does concerning you or your life, you will be able to say, "Well, God forgive them and bless them," and go on about your business—because human, vicious gossip, human discord, human appearances have no power. Oh, if I could only have known that when I was a lad!

Precious Young People, if you would only understand and take hold of this Law! Your Life could be one of Beauty and Perfection. You would become invincible by applying this Law just three times a day, because Life has waited so long to receive your

recognition. Mankind has used Life's energy so long, with not a single thought or consideration of gratitude and thanks for it.

May I digress just a moment to call your attention to the Healing Power? If there are any in the room needing healing or assistance, please open your Hearts to the mighty Healing Currents in this room, that you may have any discord in your feeling world dismissed forever. Let this Power of Light flood through you and give you Its Perfect Health, Strength, and Happiness, which nothing can ever mar again.

You see, mankind has reversed almost every activity. The marvel of it is that people have had as much comfort as they have, because of the reversal of almost all the conditions of their lives. You know that in the present method of photography, you actually take the picture upside down. That is because of the conditions mankind has generated. Watch what I tell you in the near future! Your cameras will take your pictures right side up. Watch it! The whole condition of human Life is being turned right side up. You watch it! You will see the proof of these Words, because mankind is giving their attention once again to the Source of all Life where it belongs, Beloved Ones.

I hope that there is no one of you in a hurry tonight. I think I could go on all night; but, Blessed Ones, the Radiation is so lovely and you are receiving into your feeling world this great Radiance so powerfully, that

I wish we could go on and on. Oh, Dear Ones, feel with Me the Truth of your Freedom of Life, and even of your Ascension! Even if you did not make It in this body, what does it matter? You know you are sure of it the next time! Is that not something? My Dear People, whether you succeed in this body or not, know that in the next one you will be Free from birth and rebirth, and all the limitations which mankind have lived through in all embodiments. There is nothing on Earth so tremendous.

You cannot imagine what it means to have so recently gained My Freedom. Now, I come among you and see the tremendous Call in your Hearts and your feelings. Good Heavens, I have seen some of these blessed ones reaching out with a power that would mow down anything; and it will! So, keep it up, Dear Ones. Keep that magnificent power and energy going forth, and do not let anything mar your happiness.

Beloved Ones, it is the most wonderful thing, when people are sometimes unkind or say unkind things, to just be silent. They may think you have no backbone; but in that silence, your backbone is getting stronger every minute. It is when you let the other feeling in, that your backbone gets weak, but you do not know it. It is strong for a moment, but oh, Heaven help the reaction! That is just what is going on in mankind all the time. You are terribly strong when the irritation is on, but what do you feel like when it is

over? What happens then?

I tell you, Blessed Ones, it is My Privilege to see these actions; and as I move about among the Students, endeavoring to give Assistance, I see these activities going on just as clearly and definitely as you see each other right now. Do you understand, Beloved Ones, you never see anything outside your own physical octave? I mean by that, your Inner All-Seeing Eye is not active this time, up to now. Oh, that has nothing to do with the psychic sight or spiritualism! I am not talking about that. I am talking about the real All-Seeing Eye of God Activity in your own being, which the Messenger has in action.

Do you realize that We, who are Free from the limitations of the human atomic structure, see all activities—even within your bodies—just as definitely as you look upon the map and see the highways and railroads and all that. Do you not see that? We see everything—the activity of your physical bodies, the circulation, the nerve fluid, and all. We look into it and see its action, where the spots of imperfection are, and all that kind of thing. You might say to Me, "Well, if that be the case, You had better get busy on some of us." Only too well would I like to get busy, but that would do you no good. I could give you temporary relief in an instant, but what good would that do? The next day you would want Me to do it again.

Do you not see, Precious Ones, how great has been

the Wisdom of Saint Germain when He keeps turning you back, and back, and back to your own "Mighty I AM Presence"—your own Great Presence of Life. Every Victory you gain in the Call to your "Presence" becomes a permanently-sustained activity, so discord cannot again take place in your Life. Do you not see why you must make your own Application? Oh, how We would love to say "presto," and it would be done. But that cannot be! Life will not permit it.

Think of Me, when the Great Master in India told Me what to do. Think how fragmentary the information was! I marvel yet, that I had the courage to stick it out. The only thing He said to Me was: "On a great mountain in North America you will find a man with a Crystal Cup. When you have found that man, you will have found the one who can assist you to the Ascension." The curious thing about it was, it never occurred to Me not to believe it. When I see the doubt in people today, the strange thing about it is that it never occurred to Me to doubt Him. When I got so weary in the search I thought it was no use, even then there was not a feeling of doubt in My mind or feeling world. It is a miracle, so-called.

Beloved Ones, My Radiation and Experience can help you and give you the Strength that is necessary to stand like dynamite in and with your "Presence" through your Call. There is not a thing in the world that can stand between you and your accomplishment,

not one thing—I know it definitely.

Beloved Ones, take your firm stand from this hour forth—absolutely unyielding! Do not be bothered whether there is an appearance or not in the full Answer to your Call. Once you have started that Call, stick to it—knowing the Power of Light is released to accomplish it, and the Light knows no opposition! Let Me tell you, the greatest ease and rest will fill your being if you will know, even while your attention is on outer things for the moment, that this Power of Light is going on, acting to perform the Service you require. Every time you make a Call concerning problems of supply or anything, finish it by calling the "Presence" to sustain it. Then Its Activity continues to go on. It does not mean that you do not have to make your Application again. Every time you have a few moments—even if it is not something pressing or urgent—every time your attention goes back on it, release your Call again. Then go on about your business. I tell you, Dear Ones, it is necessary to make the second Call, because the outer activity of your being has been so prone to accept the appearance world. If you do not keep it reminded of the Activity which is going on, it will immediately go back to accepting the appearance world which says it could not be. That is where the outer and Inner part of you get into an argument. You know how many times it has done It.

Through the old idea, when you were supposed to

claim what you wanted—many activities of metaphysics said you must claim and accept that you already have the money. The outer self or intellect would say, "Well, where is it?" because it is the power of your attention upon the appearance world which is so limited. If that charged energy continues to act, you will still be limited; so you must reverse it. You must take your stand that the appearance world is not true.

What makes the appearance world of human discord and limitations? Certainly the "Presence" did not. It is the accumulation of discord and limitation generated in the feelings of mankind. You might say to Me, "Well, does all the appearance world carry the power of imperfection?" Yes, most of it! I mean by that, if you saw the feeling back of things in the outer world, you would find that the same human limitation is there. This is why Saint Germain in His great Wisdom has said to mankind, "Refuse acceptance of the appearance world," because the vast majority of it is but human creation. It is not Perfection in itself. Neither is it Eternal.

If your bodies were the fullness of the Christ, or God, the "Mighty I AM" which is anchored within you, they would be Perfect Bodies, would they not? Then what makes them imperfect? The accumulation of mankind's discord—nothing else in the world! Either you have generated or accepted it into your

world. There is no getting away from it; that is the exact Truth. Therefore, when you turn square around and look yourself right in the face and say: *"Hold on here! I have been at odds long enough! You have held the reins; you have led me around by your wrong ideas into all these disturbances, limitations, and discord. You are not going to do it any more! Get behind me and behave yourself! 'Mighty I AM Presence,' You come forth! Take command! Produce Perfection and hold Your Dominion!"* Every time there is the slightest question as to the Power of the "Presence," say: *"Stop that nonsense! Get out of my way!"*

You have no idea, Beloved Ones, until you begin to feel or talk like that to your human, limiting self, how soon you will be Free. You will find it just loses its power to affect you. Then you can say to the pain in your body: *"Get thee hence! You have no business here! Get out!"* and it will get! Oh, how many times the Messenger has said that. In other words, he issued a Decree for the individual. Sometimes when it was very distressing he would raise his hand and say: "Pain, stop! Get out of there! 'Mighty I AM Presence,' take command of that mind and body! Hold Your Harmony there! Dissolve and consume cause and effect of this thing, and see that it does not occur again!" The thing would stop instantly. That is your privilege too.

You are the authority over and in your body. You

are the authority in your world and what shall act within it. If you continue in the lack of understanding or the lack of acceptance of this great Truth of Life, then you allow the outer appearance world to act; but if you will take a firm stand toward it and say: *"Hold on! You do not act in my world any more! There is only one Power acting here, and that is my Presence, my 'Mighty I AM,' "* then you will shortly find that only your "Presence" will be acting there because of your acceptance and calling It forth.

You have been urged to use the Violet Consuming Flame. You have been shown the necessity of keeping consumed all of your discordant creation which comes forth from the accumulation of the centuries. The Ascended Masters' Use of the Violet Consuming Flame is magnificent and it is imperative.

There is another activity which We have not been stressing very much; but the Messengers have always asked all people in their Classes to do it, especially in the beginning of every Class. What do you suppose happens, when he asks the people to raise their hands in the privacy of their rooms and say: *" 'Mighty I AM Presence,' charge my mind, body, and world with Your Mighty Current of Intelligent Energy; with Your Enfolding Presence of Divine Love; with Your Invincible, All-powerful Protection; with Your Perfect Health, Youth, and Beauty"*? When you bring your hands down and charge your mind, body, and world,

My Dear People, do you not see how that—kept up with definite precision—would charge your world with the Perfection of the "Presence" as It met the Violet Consuming Flame. The time would be so short, until there would not be a single imperfection left in your world, because this which you are charging forth is Light—Self-luminous, Intelligent Substance from your "Presence"; therefore, the most Powerful Intelligence, Substance, and Activity there is in the World.

Tonight these tremendous Qualities, full Activity and Power are being charged into your world for constant use. As we have progressed in the Work of the evening, I will try and not keep you too long; but I do want to keep you long enough to let this Mighty Activity do Its Perfect Work. You must have been making some very tremendous Application here, for the Law of your Life has drawn certain people into the room through which this Service could be rendered tonight. I want you all to feel this; love and bless each other as you never did in your lives, especially those who are here, because it means Freedom to you. I wish you could see how Life is acting in Its tremendous Perfection—how It has drawn you here tonight for this Mighty Radiation.

I want you to know that not only the Great Divine Director, but the Goddess of Liberty, Victory, and the Queen of Light are doing this Work tonight. There

is a definite, tangible, mighty Release of Currents of Energy into this room, into and through your bodies; and when you go forth tonight, you will have lost a great deal of your human creation. Oh, it is marvelous! You precious ones! It is so very marvelous. Oh, what those Great Ones are doing, because of the great need of today! The Great Divine Director, as I said in the beginning, sometimes is almost terrifying in His appearance, in His Release of the Light and Power which He is able to project. When He sets something into action for you, it is done right then and there. When He releases the Light, things are done right then. That is what is happening in this room tonight.

I think many times I hear our Betty say, "Haven't You any mercy upon me?" When We begin to release the Power It sometimes flows with considerable speed, but our Blessed Betty is usually equal to the occasion. I am going to explain this for her comfort tonight. Does it just sound to you like an impulse sometimes, when We speed up in Our Speech in this Activity? No, it is not that. We are not just trying to see how fast Betty can go. It is because of the Charge that must be released, which sometimes seems unreasonably rapid.

Will you please remember this point always: in all Activities that the Ascended Masters do or ask you to do, there is not one thing which has not a very

powerful, definite Purpose and Reason back of it! There are a great many who do not understand that.

The Messenger had a letter today from an individual Group Leader in the South. He just absolutely insists that he must put forth his own ideas. He does not comprehend at all that the thing he needs is not his own opinion, but the Ascended Masters' Words which are Cups of Their Qualities carried into his world. Do you wonder—in the great Wisdom of the Great Divine Director, Saint Germain, and the Others—that They have formulated this Group Outline to hold a uniform activity all over the Country? If the blessed Students really understood this point, they would see the most magnificent activity in the world, because it is not human opinion which is needed today.

Beloved Ones, as you go forth more and more, you will see the magnificent Wisdom of Saint Germain in everything He has brought forth, in everything He has asked, because it is bringing tremendous manifestation.

In San Francisco a tremendous Work was done in releasing the constructive activity of mankind into this Service of the Light. It was said that when fifty-three percent had been reached you were near the Victory and Goal of the Light, which is true. So, in Kansas City the fifty-three percent was accomplished. To the amazement of all on the last day, they found that seven

percent more had been attained, making sixty percent in all. Beloved Ones, try to make it seventy percent here.

Dear Ones, this does not mean that any of Us or you can let down on your Application; but it does mean that you should be more firm and determined in it than ever. You, who have been present, will remember that our blessed _____ has said to his Group in California, "Let us make it one hundred and fifty-three percent." That would be quite wonderful, Dear Ones, because of the need today. Remember, your Blessed Lotus has always called for ten times more than you need. Let us make this great Release of the Light ten or twenty or fifty times more than is actually needed. Then, the Glory of Eternal Freedom will come.

Try to see through your feeling with Me tonight. Think of the privilege you blessed people have, who have come into the acceptance of your "Mighty I AM Presence"—up to this time, for instance. Think of the privilege that is yours in calling for the Freedom of mankind and America—the only remaining place, Dear Ones, in which there is the slightest possibility for the Freedom of mankind being accomplished. America is the only spot today which is free enough from the frightful charge of discord and war devastation, to let this Light come forth. Therefore, the great Law of Life, the Cosmic Law, chose America

as the last hope for mankind. In your Call today for the Freedom of America, My Dear People, do you not see that your privilege is the most transcendent ever given to mankind on Earth!

In your Call for the Freedom of America, how in Heaven's name could you help but have your own Freedom? It would not be possible! Do you not see that? It is because of your service. Oh, you do not comprehend but so little yet of what the Call for the Freedom of America means. It is magnificent! So today, let us rejoice as never before in the privilege which is ours to make this Call. We charge it with a firmer determination for the Freedom of America and for the Blessing and Freedom of every "I AM" Student.

The Messengers have tried to call the attention of mankind in the different Classes to what it means, when the Messengers are present. When those Classes begin session, do you realize that every Group of Students in America and the World is, as you call it, pulling for the success of that Class and the Freedom of the people in that Class? Do you not see, it is one of the most magnificent things! Never in the history of the Earth was such a thing done. Never! The true idea of Brotherly Love has started forth many times and then disappeared. Now it is actually being fulfilled!

When Groups of Students all over America and the World pour forth their Blessing to each other and call for their financial freedom and Ascension, if that is

not Brotherly Love, then you will never find it. I mean, that is real. It is not just a sputtering around in the outer world with the intellect. It means when in those Groups beloved ones issue these Decrees with feeling, it is why they have done such magnificent work in the mental and feeling world of mankind and for yourselves.

How do you suppose it suddenly became possible for the Divine Director to begin doing this Work for the Students? How do you suppose it was? Because of these Mighty Decrees going forth in the mental and feeling world. They had dissolved and consumed enough of the individuals' human creation, so He could go on and finish it. In the great need today, these people will have a greater freedom; and they will be able to release more Power by their Call to the "Presence" in the Decrees which are needed now.

Do you not see that you have had the courage and strength to stand against the world and—as the Messengers have faced this Light—stand by It! with It! and in It! Now you are beginning to experience the Glory which It is, and It is magnificent. Never have people in the human octave stood up against such a vicious vortex of human creation—which would try to deprive them of this Blessing—as this Light has experienced; but that discord has no power. Sometimes individuals are disturbed temporarily, but it really has no power! The Light is all Authority! It is the Law

of Life! That is why the people who have been so vicious toward the Messengers have no power. They are no more than a feather in a gust of wind, insofar as harm is concerned. So, do not accept any foolishness or gossip which you hear.

Dear People, let Me say to you tonight, with all the Love of My Heart, if I did not know better than to have human sympathy, I certainly would have sympathy for some of the unfortunate creatures who have opposed this Work. They will reap such agony as no one would ever wish to see. There is nothing can prevent it, because they insist on doing it. To do a thing on the spur of the moment, find it is a mistake, then call on the Law of Forgiveness is one thing. But when the Heart is constantly beating at the intellect of those individuals—telling them they are wrong—and the human intellect is too stubborn to believe it or listen, then God help them when they have to pay the penalty. Now, watch out! Because I am saying this, do not let your human sympathy go out for one second to anybody who is vicious. If you do, you will pull yourself right into that viciousness. Human sympathy is agreement with imperfection—and that is a Divine Law! Divine Compassion raises you up into the Octave of the "Presence," and gives Assistance which you could not imagine in your human sympathy. Then you keep yourself out of the condition for which you would have human sympathy.

Watch out, Dear Ones! Oh, do I not know what that means! In the sympathetic nature which was Mine, I was fortunate indeed. I did not happen to be in a condition where too much opportunity was offered Me to exercise that human sympathy, and it was very fortunate for Me. I tell you, these days you cannot afford to let one moment's sympathy go forth from your Hearts, because it will drag you right into the condition where your sympathy is and make you unable to help. If you will say: " *'Mighty I AM Presence,' raise me into Your Power; and through Your Divine Compassion, give them such Assistance as I in the outer could not imagine,*" then you will have rendered the most Perfect Service, and keep yourselves from the destructive conditions or qualities into which you would otherwise have drawn yourself. It is through human sympathy that the world has drawn itself into such deplorable conditions today.

When agitators can get the feelings of the people stirred up and disturbed, then they have all entered into a seething vortex of destructive action, and the sinister force has its claw upon every one of them. That is why nothing in the world is ever accomplished by agitation, because it disturbs the feeling of the people and they do not think clearly. It does not make any difference if the motive were the best in the world. If the feelings of the people are drawn into a condition

of disturbance, antagonism, resentment, or whatever it may be concerning the conditions which are not harmonious, then they have lost the power for permanent achievement.

That is why the only thing which can correct conditions in the World today, is enough individuals charging these mighty Decrees into the mental and feeling world of mankind. These Decrees go forth like great Waves, sweeping everywhere and touching the feeling of people who do not even imagine such a thing as this Understanding exists in the World. As that great Wave goes forth, touching the mental and feeling world of mankind, all of a sudden someone calls their attention to this wondrous Knowledge. Then they say: "There it is! That is what I have been looking for all my life!" Thousands of people who have come into touch with this Chart and this Understanding have said just those words.

That is what is taking place. The mental world of mankind is one! The feeling world is one! That is why the Great Himalaya and the Great Divine Director, when the Great Himalaya came in California, made it possible to open and direct these Currents through the atmosphere of Earth. The Great Himalaya—seeing what was being accomplished here—every Class since then has opened the Currents of Earth; and thousands of people in India, without a radio, have received this Work.

Mankind comprehends so little of all the great, the mighty Inner Activities which are going on. I am glad to mention some of these things, that you may fully understand how tremendous this Work is. See how unfortunate it was that any human beings—because they could not go on mixing this Work up with other things, and because the Messengers were firm—either withdrew or compelled their own dismissal. Then such individuals went out and spread falsehoods about this magnificent Work. Do you not see what an unfortunate thing it is for them to allow themselves to be seized upon and used that way? Yet, they just have to have the experience. Maybe someday they will see their mistakes; but in the meantime, they temporarily disturb some earnest people who would be Free in no time.

That is the only reason they are ever given a moment's consideration—because there are a few individuals who are earnest Students, and temporarily they become disturbed by those false expressions which are given forth. That is why in this Class We take up this condition Ourselves, so the people may understand how unfortunate it is to listen to those foolish things.

I say to you tonight, if the Blessed Messengers had ever made any mistakes they would be the first to acknowledge it to the world; and do not ever forget that. They would be the first ones to correct them. The

world will one day come to know it; for when those Blessed Messengers enter into the Radiation of the Class Work, there are no mistakes made. Everything is under the Direction of the Ascended Masters, and Their Radiation governs it. If they are dynamic and positive, it is because it is necessary; it is not their own idea about it.

Several have spread the report that these Dictations are not real and that it is the Messenger doing it. Dear Ones, will you show Me any human being in the world who can do it? This Blessed Brother never gives one moment's thought—in fact he never even knows Who is going to dictate. We do that on purpose, so his mind does not begin to think of it or wonder what They are going to say. He never has for a single moment. Show Me anybody in the human octave unascended who can stand before the public and voice such magnificent Truths. There have been hundreds of Dictations given—no two alike! Show Me anybody else who can do it, and then see whether these Dictations are real or not!

Beloved Ones, this Truth stands before mankind! All humanity would see It if they were left alone in their own observation. We rejoice so much that the great Light is the Dominion of mankind; and it only requires a little more patience upon the part of the earnest ones, to see all of this viciousness fade out and disappear as though it had never been.

Beloved Ones, those who do not want to stand by the Light will one day see their mistakes. I give you great credit. It takes a great deal of courage to stand for the Light, against all of the conditions which mankind meets; but it is worth a thousand times the effort and strength it requires to stand by this Light. It is the most wondrous thing in all the Universe. It is your Life, your Great Presence of Life and of Perfection—All-Wise, All-Perfect. It just requires your attention and your earnest, sincere Call, for that Perfection to reach down; take you within Its Arms; lift you into the Higher Mental Body, and then into that Great Presence of all Life, your Electronic Body, where you carry with you the Authority, the Power of having dissolved and consumed all human creations. Then you Ascend into the Perfection of your own Precious Selves of Light.

Oh, you are not these bodies, Dear Ones! These are just garments which you are wearing; they are not the Real You. If they were, they would be Perfect—filled with Health, Power, Strength, and Perfection. Just think! Did you ever in your life, Beloved Ones, know of anything in your outer activity which requires so little effort?

As you acknowledge your "Presence" above you as Real, in your feelings—knowing that you are a part of Its great Perfection; Its great Light, Energy, and Intelligence anchored within your physical Heart—

then you know all you have to do is to accept It. Give It your attention, make your earnest Call, and have Its great Perfection release in, through, and around you; fill your mind, body, and feeling world with the Perfection which It is. Then, as Its great Purified Activity reaches a certain point, It just picks you up and lifts the purified physical body into the Higher Mental Body. Then It raises you into the Great Presence where you become the Ascended Being, carrying with you the Victory over the human element of Life. That gives you Eternal Authority over all energy and substance in the Universe, which the Ascended Master is.

Try to follow Me in your feelings, in that which I will try to convey to you. When I was making My search, all the time I was expecting to find the one who could help Me. In some small degree you know what it is to momentarily expect even a step might bring you into connection with the individual you are seeking. Think of it! Today you do not have to make that search. You do not have to go through the hours of uncertainty which were Mine—the days, the weeks, the months, the years. I mean the uncertainty which comes from the yet unaccomplished.

Today, your Hearts know your "Mighty I AM Presence" is above you. You know that you only need to make your Application; to give your attention to It; to make the Call; and sooner or later It will flood

your being and world with all that is required to cleanse, purify, and place your physical body in a position where the Earth loses attraction for it. Then nothing can hold it longer. It naturally, by the uprising Power of the "Presence," Ascends—Free forever from human garments and limitations.

You see, in the purifying process of the physical bodies, the discordant qualities are thrown off. Your body may retain much of the appearance of imperfection yet, even when your feet have left the Earth. My body did not change until after My feet had left the Earth. Only after I had been absorbed into the Higher Mental Body did the Transformation take place. I still retained the appearance largely of what I had of imperfection in the physical form; but no sooner had I entered into the Radiance of the Higher Mental Body than, just like that *(motion of hand)*, all of the human, imperfect appearance disappeared —even the old suit of clothes I had on! If you had watched it as I did, dissolve—I have not tried to reach back and analyze it—but out of that old suit of clothes must have come some element out of which the other Garments of the Higher Octave came; for that suit of clothes dissolved into the Garments of the Higher Octave, such as I had never thought possible to wear.

There is no human element in this I am talking about. Why are the Ascended Masters always so

magnificent? Why are They clothed so magnificently? Because it is the Law of Perfection! They cannot be otherwise! Everyone, as he enters into that great Perfection, becomes clothed like Them—not only in the Perfect Form of finer Substance, but also the finer Garments. Look, for instance! I am standing right here while I am flashing the Words to the Messenger. Why do you not see Me? Because the Vibratory Action of My Body, unless I lower It, is above the vibratory action of your physical sight, and of course you do not see It; but if I were to lower It suddenly to the vibratory action and rate of your physical sight, you would see Me just as plain as you see each other.

Please understand, Beloved Ones, with the Ascended Master or with Myself, for instance, who have so recently been freed from limitations, I did not even contemplate it as I recall now. During those years of the search I only had—perhaps I was stupid; but will you believe it, I only thought of the words which the Master had given Me in India: "When you have found that man, you will have found the one who can assist you to the Ascension." The word "Ascension" was the only thing My consciousness fixed upon and held to. It never left Me, waking or sleeping; for I would wake up in the night saying, "When you find that man, you will find the one who can assist you to the Ascension." That phrase was repeated to Me again and again, thousands and thousands of times, Beloved Ones. I

never even thought or considered what would be the process—not even for a second, as I recall. Is it not strange?

There is something tremendous, as I see it today, and that is regarding contemplation. We find it is so much better to call the Students' attention to the use of contemplation rather than meditation, for the mass understanding of meditation has grown upon mankind and makes them feel they must sit in meditation so long that they become negative. In contemplation, the very word itself means Action of the "Presence," upon which your attention is fixed. You see, contemplation is action. Meditation is just stillness; and if you sit too long in it, you become negative. It is the very thing you do not want. So, it is very much wiser in all your consideration of the "Presence" to think of It as contemplation rather than meditation.

Oh, when I saw that Cup in his hand! Can you feel with Me for a moment what surged through My Body when I saw that Cup and I knew My search was ended? All the Power of My Being rushed forth! I saw the Light beginning to descend and enfold this body you see before you. Each moment It became more dazzling and blazing, as It came down just below the Heart—between the Heart and solar plexus. Oh, I will never forget every moment, everything that took place! The Light in those arms and about his head and shoulders was so dazzling, that at first it was blinding

to Me. As It gained the fullness of Its Power and those arms went out, My arms went out involuntarily and his hands took Mine. My feet left the Earth; and as I continued to Ascend as far as he could reach, his hands let go! and I found Myself still moving on, until My feet were some distance above his head. Then as I stood there looking back at him, can you ever know My Feeling? I had forgotten everything that was taking place with Me, but just My Eternal Gratitude to him. As he stood there looking at Me, the Light still holding about him, for a moment My attention came back to Myself. I looked at Myself, and My Garments were magnificent, wonderful to behold! I cannot tell you just what did it, but it was as though a mirror stood before Me and I saw Myself as I really was! Then came the Feeling of the great Tremendous Pull, as that great Ray of Dazzling White Light descended from My own "Presence"! It enveloped Me and I disappeared within It!

That was Real, Dear People! That was Real! The most Real thing that ever was manifest on Earth, and I want you to feel it tonight with Me! Do you wonder, then, how I feel about this Work? Oh, never with unkindness, but with a firm, mighty Determination—now that I can wield these Powers of Light—I shall never let human viciousness or gossip touch or harm him or this Work! If there were no other way, then I would dissolve those physical bodies before they shall

harm him! When he with love, gentleness, and kindness is spreading, or trying to spread to mankind the greatest Truth ever given the Earth, or that can ever come—to think that there are those in human forms who could be so depraved as to blame him or make false pretenses or accusations against him, just because they were not willing to give obedience.

Oh, Blessed Ones, I rejoice with every one of you who have been strong enough to stand in this great Light and call to yourself your own. The Light is your own, and all this Perfection which stands before you is yours! It was only waiting for the day when you would give It recognition and acceptance. Make the Call in your Application with sufficient determination in your feelings to release this Infinite Power; to give you your Perfect Bodies; to give you Courage and Strength; then in Its great continuous Release, set you free from every limitation.

Beloved Ones, I am sure you feel this with Me tonight as you never have in your life, because this is only released once! You will never receive again this exact Radiation which is here tonight! So, you are fortunate indeed who are here.

Then, after a few hours I went forth. I do not find any better word than "assimilation" to give you the idea of that which followed My disappearance from the human octave. There were about forty-two hours of assimilation, until I began to feel the full Power

of My Being. I wanted to go hither and thither and find out a lot of things; but the great Wisdom of Those about Me said: "There is no hurry. You now have all Eternity before You." As our blessed Frank has learned to say, "Just take it easy." So, I took it easy; and within a few hours I realized how great that Wisdom had been. I cannot go into the explanation tonight; someday perhaps I shall.

Then the day came when They said, "Now, do as You like"; and you would be surprised if I were to tell you just where I went. To find Myself suddenly free from all limitations, to go where I pleased and in whatever—now notice this—whatever vibratory action I chose! Can you believe it—I still wanted to find out what was above the Octave where I was! So, I began going up, and up, and up. I do not know how far I went; but in each Octave I found everything within that Vibratory Action just as tangible in its higher Rate of Vibration as the one below it.

That was the thing which troubled Me all My life, and I had to find it out. My delight knew no bounds. Once My father, when I was a lad about fourteen, touched upon this. It was very seldom he ever struck that particular mood; but this day, we had just finished dinner and he started to talk—to My utter amazement, because he was a very quiet man. He seemed to be directing most of his attention to Me. Today, I know he was being prompted by one of the Great

Masters at the time. I am sure he did not know it, but I now know that was what was actually taking place.

So he said, "Son, do you ever think about what is beyond this Octave of Life?" I wanted to say to him: "Did you ever?" but I did not dare do it. He went on and said: "Somehow I know there are many Octaves above this physical one; and somehow, I know that each Octave has its own Vibratory Action of substance." Well, my astonishment knew no bounds and I said, "Father, do you actually think that?" He replied: "Not only do I think it, but I know it! I cannot tell you how I know it or why, but I know that." He went on for some time and all of a sudden he stopped; and try as we might, we could never draw him back into that discussion again. I can never tell you how I wanted to get him to talk about it again.

Again I say to you, the Light within My own Heart, although I did not know a thing about it at that time, knew and accepted the words he spoke as the Truth. Today, I am sure as I am talking to you this minute, it was the preparation. He was inspired to call My attention to it for that which followed afterwards. There is no question about it.

So, do you not see, Beloved Ones, how you are having the greatest privilege in the entire Universe by having all of this great amount of Understanding, Application, and Law of Life given you. It has been

tremendous! Remember, Dear Ones, if it had not been for the great, urgent need and the Command of the Great Cosmic Light, so much would not have been given. Do you realize that this great amount of Truth which has been given is unparalleled in the history of the Earth?

In past ages, when people sought this Truth all over the World, they were taken in on probation. They were eased along like a small infant learning to walk, but today you are all jumping in with both feet and swimming well. Why? Notice why, Dear Ones. This is important! Why are you able to swim so well? Because of this mighty Radiance from the Ascended Masters, the Cosmic Beings, and the Cosmic Light. You would not swim nearly so well if it was not for Their Presence; do not forget that! Oh, the Blessing of the Presence of those Great Ones is beyond anything in the world! Never forget it for one moment. Mankind would be helpless and lost today if it were not for their Presence and mighty Radiation which They release.

Tonight, I want you to rejoice with Me; and as you contemplate in the future My Words and My own Experience related to you tonight, oh, may you feel it! Oh, feel it! *feel it!* with Its great Reality, until your whole being glows with that Light from within, so Its very Radiance becomes visible in your physical form. Oh, feel it in the full Glory of Its Infinite Power; and

let Its Great, Its Almighty, Perfect Activity go on and on.

You have the greatest Friends on Earth—the Ascended Masters, who will never criticize you, condemn you, nor say to you, "Why haven't you done this or that?" but just in Their great Love, Kindness, and Radiation pour It forth and await your obedience, to the extent that Its great Perfection begins to find expression within, about you, and in your world of activity; to bless you forever with Its ever-intensifying Perfection, charging you and your world with the Glory of the "Mighty I AM" in Its full Power and Action through the human form. Then, no longer will human disease and disturbance act; no longer will problems exist; no longer will illness be; no longer will imperfections be; but the Glory of your "Presence" will be in full command of all that is.

Blessed Ones, tonight, the Light in your Hearts right now is all there is! When the human form—the feeling—gives obedience to that Light within, It expands; all human imperfection ceases to be; and you become the God of Light, the Goddess of Light.

Out of the fullness of the Light of your Heart floods forth Its Perfection into your being, into your physical body; and by that firm, unyielding stand to and with your "Presence," call with such firm determination, that all things of human creation yield to the Power of your Call. As that great Light releases and

pours forth, know you are no longer a being held by the activities of your own creation; but you are a Free Being, who has cut asunder the chains of your own forging! And as they drop away, you stand forth the Commander of your own world—a Being of Light! I thank you.

MIGHTY VICTORY'S DISCOURSE

WASHINGTON, D.C.

APRIL 17, 1938

FRIENDS of the Light! Oh, what a wondrous word "friendship" is. It is the great impersonal activity of Life, which by the Inner Law of Its own attraction creates what We know as True Friendship.

Tonight, come with Me into the Garden of My Heart! Observe with Me the Beauties which are there —the release from all human qualities, and the fulfillment of your great desires. In those desires, every Heart is coming to know that its Call has been to the Light. May that Call be satisfied tonight. May the fullness of Thy Infinite Power, O Light within each human form, find Its response; and in the Garden of My Heart, gather the Flowers which will bloom forever in the gardens of their own Hearts. May they stand glorified in the outpicturing of all the great Law of Life holds for mankind. It has waited so long. It has waited until the attention of mankind would give It the opportunity to flood forth, and show to the individual whether his garden had been well tended or not—whether it had been cared for properly.

Today, many Gardens of Life are being set into

Divine Order; and the beauty which is gathering there is exquisite to behold, after many centuries of neglect. Tonight allow Me to help you in designing, or calling forth the reappearance of the design of your Garden of Life. It waited so long to again take form. In the center of that Garden of Life is your Home, the Home of Light—exquisitely beautiful; filled with all the treasures that your kind deeds have done, have brought forth and given Life. Ere long only the Perfection, the Blessings which you have given forth, will remain in your Garden.

In the cleansing and purifying of your feeling world comes Beauty again to your Garden of Life. Oh, how all long to look upon the Beauty and Perfection of their own creation. My Friends of the Light, today you have the Key to unlock your Garden gate. Enter in! and see—all unknown to you in this world of human limitations and turmoil—your Garden of Light. In your Home of Light is the Perfecting Activity going on, preparing for the day when you are able to say to all human creation—oh, with a great, victorious smile: *"No longer have you power to remain in my world. Be thou gone forever!"* Then in the fullness of the Consciousness of your Victory, will all that has taken unpleasant form in your Garden disappear and wither away—dissolving, to appear no more. Such is the condition for which the Great Divine Director has enabled you to be prepared this day.

Will you for a few moments allow Me to enter your Garden, as I have invited you to enter Mine? Let Me assist in the rearrangement of your Garden, to put everything into order so when you bring back the conscious memory of your first conscious visit there, you will bring back the Victory of Light, Its Rejoicing, Its great calm Peace, Its great and full Feeling of Mastery over all outer conditions. That is all for you, My Friends of Light! It is for everyone who will hold his attention to the Presence of Light and Life; of Victory, Wisdom, and Power. Your short labor, your short service is in just pouring out loving kindliness to everything, most of all to your associates—whether it be person, place, conditions, or things. Still, all Life responds to the outpouring of Divine Love and becomes the Victory of Light!

Let us gather about us our Friends of the Light. Let us consider for a moment what that means. It does not mean just individuals alone. You have some friends of your own creation. You have some things of your own creation which are not your friends. Therefore they are not of the Light. They are of the shadows, and the shadows have held their dominion quite a long time. Our Friends of the Light are saying to the shadows: "You may no longer have energy to sustain you! You are built upon the sands of human doubts and fears—the quicksand of human creation. Therefore, your foundation is of no avail! Therefore, sink,

you shadows, into oblivion! Wither and disappear!"

Come, My Friends of the Light! Take your Dominion in My Household, My Palace of Light! There shall we dwell forever in the Victory of the Light! The Harmonies of Life shall find their expression in the great Melodies of Life! They are Transcendent in Power of Achievement. Then, I will find and you will find the Dominion of your being, in the Power of the Light Rays. As you look about and see what Service is to be rendered, you will say: "My Friend of Light, go forth to this objective! Go forth to that person! Go forth to that condition! Hold them in Thy Wondrous Radiance until that person, place, or condition becomes the Radiance which Thou art!" Then will all become peace and rest and happiness. Then will the fullness of Life know Its own, reach forth and draw It into action. It will dwell with Its Friends in Its Palace of Light! Then will the Table be laden with the Service of Crystal Light—glittering in Its Majestic Purity and Perfection. Then, as the Essence of Life fills the Crystal Cup, will you hand forth that Crystal Cup to your Friends of Light following on and say to them, "Drink of Life in Its Purity and be Free!" Such is the Beauty and Perfection of your Friends of Light.

Tonight, may I accept you, My Friends of Light? Let My Light and My Love help to purify you—your mind, body, and world—that your Garden may bring forth the choicest Flowers and the choicest Fruits of

Life. Its fullness will be the Peace and Happiness every Heart craves, but which It has not known how to find or to bring about.

Behold the Mighty Director of your Life, the Presence of all Life—who through your Higher Mental Body is the Arranger of Life! When you are willing to give sufficient obedience to the Presence of all Life, the "Mighty I AM Presence," your Higher Mental Body will be your Friend of Light, for It is the Source from which you receive all good.

I welcome you into My Garden tonight. Will you be My Friends of Light, that I may enter into your Garden and help to produce all the Perfection and Beauty that you wish to express and that you wish to give forth? Think of it! your friends of Earth are Friends of Light when you come to think of them as the "Mighty I AM Presence." Let us try to forget the lower vibratory action which we have called the human; and as we say to that human, "You have no power," then dismiss it, forget it, and become the Friends of Light everywhere forever.

I hold you within My Heart of Light, that you may rest there in peace; so the fullness of all that Life holds for you may flow and never cease, until Its great Abundance has charged your world with Light, has lifted you into the Garden of Love—into your Palace. Your Perfect Sight lifts and holds you there in the Light and Beauty of Life. It holds you Free and lifts

you forever above all outer strife.

Call with all your Heart! Be My Friends forever in the Light, and I will call and lift you through the Power of God's own Light! Then we will move together in the Presence of all that is—all Perfection; all Life; Its Beauty and Peace in the Eternity of Light.

I thank you and bless you for being willing to enter My Garden, that I may enter yours; and we shall, arm in arm, hand in hand, move forth together to your Victory in the Light.

My Love and Blessings and those of the Great Host of Ascended Masters, the Legion of Light, and the Great Cosmic Beings enfold you forever; and give you Rest and Peace in the action of God's, the "Mighty I AM's," Great Silence—until all desires and cravings for Perfection are fulfilled in your Life. I thank you.

VICTORY'S GARDEN

I hold you in My Heart of Light,
So you may dwell in Peace.
Then, all that Life still holds for you
Will flow and never cease—
Until Its great Abundance, too,
Has charged your world with Light;
For now the Garden of My Love
Is your own Palace bright.

Your "Presence" lifts and holds you there,
Its Beauty, your own Life;
The "I AM" holds and sets you Free,
Above all outer strife.
Oh, call to Me with all your Heart,
My Dear Friends of the Light!
And I will raise you by My Pow'r,
"The Great Command"—My Might!

So, arm in arm, and hand in hand
With Legions of Great Light,
We move together, ever free,
In Gardens dazzling bright—
The Garden of your Heart and Mine,
Life's Glory you now see!
You are My Dear Friends of the Light,
"I AM" your Victory!

“I AM” ACTIVITY
OF
SAINT GERMAIN FOUNDATION

The “I AM” Activity represents the Original, Permanent, and Highest Source of the Ascended Masters’ Instruction on the Great Laws of Life, as first offered to the western world by the Ascended Master Saint Germain, through His Accredited Messengers, Mr. and Mrs. Guy W. Ballard.

In the early 1930s the Ballards established Saint Germain Foundation and Saint Germain Press, Inc. which under Saint Germain’s Guidance, have expanded into worldwide organizations that offer to mankind the true Ascended Master Teachings on the Great Cosmic Word, “I AM”! Saint Germain Foundation strives to keep the “I AM” Ascended Master Instruction in Its pure, unadulterated form, free from any human interpretation, personal monetary gain, or proselytizing, as It is a Gift from the Great Ascended Masters and Cosmic Beings to bring Illumination and Perfection to mankind.

Hundreds of “I AM” Temples and Sanctuaries exist throughout the world, where the Teachings are applied in “I AM” Decree Groups. The Books of the Saint Germain Series are available in many libraries, bookstores, or directly from Saint Germain Press (address below). For further information, please contact:

DEDICATION

This series of books is dedicated in deepest Eternal Love and Gratitude to our Beloved Ascended Masters, Saint Germain, Jesus, Nada, the Great Divine Director, to the Great White Brotherhood, the Brotherhood of the Royal Teton, the Brotherhood at Mount Shasta, the Great Ones from Venus, and those other Ascended Masters whose Loving Help has been direct and without limit.

TRIBUTE

IN offering a Tribute of Love and Gratitude to the Great Ascended Masters and Cosmic Beings who have brought forth this Ascended Master Instruction of the "I AM," we give all we are and have, or ever hope to be or have, into Their Service of the Light forever!

The Privilege of carrying Their Light to mankind is the Greatest Privilege that can ever come to any human being in this World, and never in all Eternity could we give back to Them, a full balance for all They have given us; because there is no balance for Eternal Freedom, since It is the Great Mastery of Life and the Limitless Power and Perfection of *all Light*.

To know these Great Ascended Masters and Cosmic Beings as we do, in Their Visible, Tangible, Living, Breathing Ascended Master Bodies, is worth all the struggle and suffering of all lives we have ever lived on this Earth. They are wholly Divine, absolutely Limitless, Free Beings, and to have the Privilege of Their Visits, Instruction and Direction, is the Greatest Joy that can come to anyone in this World, outside of his or her own Ascension.

The time is not far distant when once again, as in the former Golden Ages, They will move among mankind, known, loved and obeyed by all humanity, because of the Help which They must release to this World, if it is to survive and fulfill Life's Plan for its Perfection.

Perfection is the Goal of every person, place, condition and thing in this Universe; and the Ascended Masters are the more advanced Part of Life, in the Raising, Perfecting Activity for this World and all mankind.

To know of these Ascended Masters, send your love to Them, and give Them your attention, means to draw back Their Great Love, Help and Blessings into yourself and your world.

To know Them is to love Them.

To associate with Them is to serve Them and cooperate with Them!

To see Them is to obey Them in Eternal, Loving Gratitude.

To call to Them is to draw Their Assistance to help consume all human limitations.

To be in Their Blessed Presence fills any sincere, constructive individual with just one overwhelming impulse; and that is to *be* all They are, and help others to become like Them also.

To the "Mighty I AM Presence," the Great Host of Ascended Masters, and Great Cosmic Beings, belongs all Credit, all Power, all Glory, all Praise for the success of this Mighty Ascended Master Instruction of the "I AM"!

This is Their "I AM" Activity and Their Power of Light which sets mankind Free. Humanity cannot survive on this Earth without Them and Their Help; for They have held the Power of Light throughout the ages, when mankind's destruction of each other would have destroyed even the Planet and also the activities of nature upon it.

To our Beloved Ascended Master Saint Germain, be Eternal, Limitless Love and Gratitude, for giving mankind the Light within the Books of the Saint Germain Series, and showing the individual how to use the Law of Life to attain Perfection. May every human being on Earth know who Beloved Saint Germain really is, what He has done for the Freedom of mankind, and how great His Love pours out constantly for the Freedom and Perfection of all!

Beloved Saint Germain is the Law of Freedom to this Earth. He is the Law of the Violet Ray to this Earth!

He is the Power and the Understanding which mankind must have of each one's Individualized God Presence—the "Mighty I AM," in order to complete the Victory of the Light which Beloved Jesus came to reveal to the people of this World.

Humanity has had almost two thousand years to really obey Beloved Jesus' Commands:

"Be ye Perfect!"

"Now are ye the Sons of God!"

"The Things I do, all men shall do, and Greater Things shall ye do!"

"Death is the last enemy to be overcome!"

Mankind has not understood nor obeyed Beloved Jesus, or people would be more like Him. Beloved Saint Germain loves Him more than any unascended being can understand, and has brought

forth in this Ascended Master Instruction of the "I AM," the practical application of the Great Creative Word, "I AM," and worship of God, which will set all Free who are sincere and apply It.

The Ascended Masters' Understanding and Application of the Great Creative Word of God, and the constructive use of all Life gives us in this World, is the Truest Worship of God man can give, and is the *completion* of the Work Beloved Jesus began during His Life on Earth!

Beloved Saint Germain guards America's "Cup of Light" to the Earth, which must be maintained, because there is not enough Light in the rest of the World at this time to hold the balance against war's destruction.

The Great Divine Director, whose Mighty Ascended Master Instruction of the "I AM" is contained in the Discourses in this Book, was Beloved Saint Germain's Master, and together with Beloved Jesus, assisted Him into the Ascension.

He is the Great Cosmic Being who is the Authority of the Cosmic Law to this Earth, which means the Law and Activity of Life and Light in this World, in regard to holding the balance of Constructive Activities for the whole System of Planets to which this Earth belongs.

That is why His Light to America is so important at this time. He is called the Great Divine Director, because for more than two hundred thousand years He has been directing Cosmic Light Rays to keep mankind from destroying itself and nature's blessings to this Earth completely!

He is a most Majestic Being of such Power, Glory, and Love as no words can describe; and through His Marvelous Discourses in this Book may there go forth all the Light America and her people require to stop all destructive forces on this Earth forever.

Our all we give unto this Great Being of Light who has loved us so greatly that He left His Cosmic Activities to keep the people of Earth from total destruction.

To our Beloved Ascended Messenger we also offer our Eternal Love, our Gratitude, our all; for He was the *only* One on Earth who was strong enough to open the Door to the Ascended Masters' Octave of Light, and hold guard over Beloved Saint Germain's

Ascended Master Instruction of the “I AM,” until enough people could take hold of It and do their part, to hold the Protection of Light in America, until the Ascended Masters come through in Their Visible, Tangible Ascended Master Bodies to all!

This Glorious Ascended Master Instruction of the “I AM” is brought forth for the Protection of America’s Freedom, for the True Worship of God, in the interest of the Public Good, and to bless all constructive activities of Life forever!

It is the True Education of Life and the Spiritual Culture of the people for the whole World, for every one in the World can make the Ascension by applying the Ascended Masters’ Instruction of the “I AM” which these Great Beings of Light and Perfection have given.

FOREWORD

THIS Book is given to the "I AM" Students and mankind at the Command of the Great Host of Ascended Masters and Cosmic Beings. They are offering Their Help to the people of America and the World who want Freedom, Divine Justice, Protection, Supply and the constructive way of Life—enough to give their assistance in calling for the release of their fellowmen from the destruction which is trying to engulf the Earth.

The Great Cosmic Being known as the Great Divine Director dictated these Discourses before Classes of hundreds, and sometimes thousands of the "I AM" Students, at various places in the United States of America. He flashed His Words in letters of Living Light before the eyes of our Beloved Ascended Messenger, Guy W. Ballard, who then read and spoke aloud to the Students in the room.

This Great Blessed Divine Director is offering every possible Help to the people of America and the World who want Freedom and Divine Justice to be the governing Authority to the people of the Earth.

The Power these Great Cosmic Beings wield is without limit and beyond all words to describe. They are standing Guard over the United States of America and all constructive activities in the World, to the degree that the people accept Them. The people must cooperate by giving some of their own energy, which these Great Ones amplify by the Great Cosmic Light Rays to stop the further destruction of mankind through continued war.

The people must make the Call to the "Mighty I AM Presence," the Great Host of Ascended Masters and Cosmic Beings in order for the Great Cosmic Law to act in this physical world to save them.

The people who do not want to be destroyed must reach up to Those greater than themselves for Protection, because they cannot protect themselves just by human physical means. The mass of mankind cannot help themselves under the present World chaos, unless they will give these Ascended Master "I AM" Decrees. If they will do that, they will provide the opening through which the

Ascended Masters can pour Their Cosmic Light Rays to overwhelm the viciousness and destruction raging through war.

As one absorbs the electronic force—the heat and healing qualities from the sun's rays—by lying or sitting in the Sun, just so, can every human being receive the Ascended Masters' Power, Light, Qualities, Protection and Blessing, when the individual turns his or her attention to these Great Masters of Almighty Power, and through that, connect with Their Outpouring and Help.

Every Word which the Ascended Masters speak is a "Cup" of Their Pure Energy, Light, Substance, Power and Qualities; all are powerfully charged to help the Student accomplish the Victory for which he or she calls.

If the reader will still all feeling of discord within himself or herself, and notice the condition of his or her emotional body after reading one of these Discourses, trying just to accept and cooperate with the Help offered, the *feeling* within the individual will be proof enough of the Power in the Words and the Help this Great Divine Director wants to give.

If the reader will place himself or herself in the position of the Student, every possible Help will be released, according to the requirements of the individual at the time.

The Great Ascended Masters and Cosmic Beings never cease to try to awaken mankind to the use of this Law, so the people can help themselves; but the Great Law of the Universe does not permit Them to just pick humanity up—after centuries of disobedience and misuse of Life's Energy and Gifts—and take them into Perfection without any self-effort of obedience to the constructive way of Life and the Great Divine Law of Balance in the Universe!

Each Discourse carries a powerful Radiation, and if the reader, or Student will accept, give obedience, and expand the Blessing offered by this Mighty Being, greater and greater Miracles, Marvels, Wonders and Blessings will come forth to enfold all.

Only those who live and work now for the Protection of all mankind who are constructive will be protected, for everyone must now give the Assistance which saves all.

The Cosmic Light is the Ascended Masters' concentrated Power of Light to assist every constructive person and activity in the World

at this time. It also is binding destructive forces so they cannot keep expanding any farther.

This Ascended Master Activity of the “I AM” is the balance between religion and education—therefore, It is the best part of all that is constructive in both; and when one is educated in the Ascended Masters’ Truth of the “I AM,” he knows that to worship Perfection is the Highest Education of Life. Since Perfection can only come from the “Beloved Mighty I AM Presence” and the Ascended Masters’ Octave of Life, which is God’s Realm of Light, he attains Spiritual Culture by the True Worship of God—and it can never come any other way.

The Great Ascended Master Saint Germain has told us, that the Books of the Saint Germain Series in the Ascended Masters’ Octave of Light are bound in covers of jewels.

So let us all accept and use the Power and Light which the Great Divine Director offers; and draw to ourselves our own from within the Light. The Cosmic Light is the activity of Perfection.

Let us all draw and call forth the Ascended Masters’ Power and Victory of Light without limit, until mankind, the Earth and its atmosphere are purified and Free; and mankind no longer remembers how to destroy.

Be an Ambassador of Light, to carry the Light from the Ascended Masters’ Octave of Light, until all unlike Its Perfection is dissolved forever from the Universe.

Lovingly, “I AM”

THE GREAT GREAT SILENCE

BY CHANERA

EPISODE IV

To the Heart of the Great Great Silence,
I now send my Heart's deepest Call!
From the Heart of the Great Great Silence,
I draw Light to bless and free all!

All the Power of the Great Great Silence,
I feel and direct in my Love!
The Secrets of the Great Great Silence,
I draw forth—Their Miracles prove!

The Victory of the Great Great Silence,
I command with every Heartbeat!
The Wisdom from the Great Great Silence,
Can never on Earth know defeat!

The Peace from the Great Great Silence,
I hold now—for Eternity!
The Legions from the Great Great Silence,
I call to protect you and me!

The Blest Lords of the Great Great Silence,
Reign on Earth now forevermore!
All Beings from the Great Great Silence,
With our every breath, we adore!

The Scepter of the Great Great Silence,
I wield to give Earth Cosmic Light!
Each one's Sword from the Great Great Silence,
Is Crystal and Pure Dazzling White!

Life's "Crystal Cup"—the Great Great Silence,
Gives us Strength and God's Liquid Light!
The Jewels from the Great Great Silence,
Reveal each one's Power and Height!

The Substance from the Great Great Silence,
Around us forevermore flows!
The Presence of the Great Great Silence,
Each Heart craves and in Silence knows!

The Angels from the Great Great Silence,
Hold the hands of all upon Earth!
The Freedom from the Great Great Silence,
Gives mankind Its Great Cosmic Birth!

Obedience to the Great Great Silence,
Brings God's Justice and Joy to man!
Our Heart's Call to the Great Great Silence,
Brings to all the Answer—*"you can!"*

To abide in the Great Great Silence,
Gives such Glory, no words can tell!
So join us in the Great Great Silence,
And in Peace There, let us all dwell!

Lo! the Voice from the Great Great Silence,
Is now heard in Life's Full Command—
" 'Cosmic Light' *is* the Great Great Silence,
And wherever *Light is*—'I AM'!"

Remember all God is the Silence,
Remember *all Power* at hand!
Remember *all* comes from the Silence,
Whenever you *know* the "I AM"!

Now *feel all the Light* in the Silence,
Feel all of God's Peace—in It stand!
Now *feel* Great God Harmony ruling,
Now *feel all His Love* take command!

Now *feel* Saint Germain and Our Godfré,
Now *feel* Blessed Jesus there too!
Now *feel* all the Great Host of Masters,
Ascended—the Silence come thru!

Feel Their Arms reach out and enfold us,
Our Freedom Eternal bestow!
They are *real*! They are True! Almighty!
And all can Their True Presence know!

They are *all Perfection—Transcendent*,
The Silence is Their Realm of Light!
O'er all upon Earth, They are Master,
Man's *only protection*, God's Might!

So we call to the Great Great Silence,
To open Its Heart to us now,
Pour thru our Hearts *all* Its Great Victory,
The Light to which all Earth *must* bow!

Lo! A Friend from the Great Great Silence,
Answers now our earnest Heart Call!
See! He comes! A Great blazing Being!
To awaken and help us all!

His Love is so Great in Its Power,
His own Heart enfolds us in Flame;
And His Glorious Cosmic Light Rays
Cut us Free in Victory's Name!

This Being from the Great Great Silence,
The Divine Director so True,
Is Authority o'er our Life Streams—
He commands the Ascension too,

For all who will give Obedience
And adore the "Mighty I AM"!
He clothes us in Raiment of Splendor,
Now we hold His Own Blessed Hand!

He fires us too with His Feeling,
Blazing forth here, His Great Command—
Each Word, a "Cup" of His Power,
To help us accomplish Life's Plan!

Of Wisdom, He is the Director,
His Gifts *all the Powers of Light*,
We enfold Him in Love forever,
And are charged with His own Great Might!

He is Friend, Defender and Champion,
Makes us Victors by His Heart's Love!
He is Real! Transcendent! Eternal!
He directs all below and above!

Great Beloved Divine Director,
God's Presence—among men He moves!
He is Glorious! Supreme! All Master!
The *Law of the Silence, He proves*!

Come enter now into His Wisdom,
Accept all the Help that He gives!
His Glorious Light Rays are *blazing*—
And through Them in us, He now lives!

GREAT DIVINE DIRECTOR

THE "I AM" DISCOURSES

BY THE GREAT DIVINE DIRECTOR

DISCOURSE I

January 10, 1937

LOS ANGELES, CALIFORNIA

In memory of all the Love which has been poured out to the Host of Ascended Masters, and in the recognition which has been given Each One, do you realize, Precious Ones of the Light, that is a power of the activity of your attention which has been required? We have been waiting for that throughout the centuries, to direct forth the Currents of Energy which will help you to hold your attention more firmly, not only upon your "I AM Presence"; but on the Requirements for which you issue the Decrees, that produce Happiness and Perfection in your world.

Unless you saw, from the Inner standpoint, the enormous effect of a body of the Children of Light, as you have here tonight, issuing a Decree for blessing all mankind, you could not possibly comprehend what it means. Naturally, you gain from That Decree which calls forth a Definite Light Energy. Notice, did you ever hear that term before—Light Energy?

I tell you, We are entering into a Greater Activity than you have ever known; and that is why, I call your attention to these Certain Expressions which We shall use in the future; to give you a greater conviction and quicken into action, the Qualities which We have anchored within your feeling world, to produce Harmony and Perfection for you. You will not have the difficulty from New Year's Day on, in holding firm to the Light within your feeling, which you have had in the past year. While it is true, you are Beacon Lights in the world of mankind's creation; yet, even though That Light grows greater, you shall not be affected by discordant things. That Light will ere long, be strong enough in Its Own Radiance, as It goes forth—to

repel every discordant thing which attempts to touch your world. Will you please accept It, as a Powerful Activity from tonight—acting within your world, your body, your mental activity?

Is it not curious in the beginning of This Activity of the Messengers, quite a number of people thought, it was just another flash which would be soon passing out? Well you have not yet become quite well enough acquainted with the Ascended Masters, to realize They do not start something, which They do not see the way to finish!

So, today, you are entering into an opportunity which will not only bring you Happiness and Freedom; but will enable you to render a Service Transcendent beyond even your fondest expectations now; and I say to you, Beloved Ones, never was mankind so favored. You, today have every opportunity which the Heart can desire, as It is bursting Its bonds and entering Its Freedom. Think how long, the Heart has been held in bondage to the intellect.

What a Service was rendered by Beloved Saint Germain, when He brought This Knowledge of the "I AM Presence" forth to mankind! In the number today, who are earnestly applying the Law of the "I AM Presence," what a Service has been rendered to mankind and the Earth! I give My Gratitude to you, the Light having expanded thru you, for being able to accept and apply This Knowledge; which We are as anxious for you to have, as you could possibly be to have It. Is that not a good combination? I should say a Perfect Combination.

Now will you enter with Me into that Great Determination, to harmonize your feeling; to call your Presence into action; and then stand by in Its Light, until the fulfilling of that, whatever it may be, comes into manifestation?

I want to say a word to the Group Leaders here and everywhere throughout America. Do not feel you are forgotten. We are watching the activity of every one; and the Group Leader who stands upon his or her own two feet and pours out Love and Blessings to That Group, will have all he or she can handle; but the Group Leader who is watching and criticizing other Group Leaders, will probably not have any.

You are entering, or have entered into definite Law and It acts, Precious Ones, according to your feeling to your associates! It is no

one's fault but yours, if you do not hold your associates about you; for only as mankind pours forth Ascended Master Love and Kindliness, do people love to be in the Individual's atmosphere. It is a Law of your Being, which you must come to recognize now! You cannot longer deny It! Therefore, Precious Ones, will you arouse yourselves into the Fullest Acknowledgment of your "I AM Presence"? Then, It cannot fail to come into action with clearness and definiteness in your own personal Self-control, thru your feeling.

I wish to express this: "What the Messengers do for the students, they do under Direction. This Messenger, when He places his hand on the student like that, never places it there of his own volition. Remember this! Please don't urge Him to do a thing which He does not feel impelled to do! Please, Dear Students, don't do those things with each other, unless you understand definitely what you are doing. This Good Brother has been trained, as a Clear and Definite Channel for Our Operation, for Our Work; and We have charged the activity to give him Joy, for the Tremendous service which He has rendered.

I want to say another word in commendation. When Our Precious Messengers returned from Honolulu, I called one into their midst and he has won a great Victory. In humble loving kindness he has served. So, Dear Ones, all of you as our Precious Messenger told you a few moments ago, have been chosen—not only by your "Mighty I AM Presence," but by the Host of Ascended Masters; to be the Vanguard of This Great Perfection, which is coming swiftly into the world of manifestation of mankind. Notice I say "swiftly."

Today, or since New Year's Day a New and Greater Activity is taking place, within every one of your Precious Hearts. I want you to know this because, Dear Hearts, what is the use of telling something, unless you explain why and what the effects are to be. Notice again, the Power of your attention. When I call your attention to an Activity, it means at that moment thru your attention, it enables Us to do the Thing, which is required to give you the Assistance. Once you know that and really begin to feel It within you, the moment your attention is called to something, a Great Onrush from your Presence goes into action within you, to produce the results which are required.

Will you believe Me, when I tell you, within every one of you who has entered so earnestly into these Groups and those who were in the Shrine Class, a Very Definite Tremendous Activity is going on within you? Never allow your human self to requalify anything which occurs within you, with anything but Perfection. There is nothing in this World to fear!

I am getting quite personal. Why do you suppose the Name the “Divine Director” was given to Me? Not by Myself or Associates; but because it is My Privilege to direct Certain Currents of Energy, Very Definite Light Substance! When the Light within the Individual has expanded far enough, great enough; then, it is My Privilege to set aside time and space for that Individual; so one may more quickly enter into Freedom and Perfection, which the Expansion of the Light within discloses—please notice, I say, “discloses!”

I want you to feel, if you will, so close to Me that it enables Me to render This Service for you ! You will one day, come to know what it has meant, in the Provision having been made; so This Good Messenger has been enabled to receive Our Dictations in This Manner. It means Wonderful Things to you all!

Will you from this day on, never allow your human self to feel, anything which has been placed before you is unnecessary? The Use of the Violet Consuming Flame to set you Free from your human creation, is the ONLY MEANS in the world by which it can be done; and the need of charging your mind and body with the Perfection of the Presence, is imperative. I plead with you, don’t neglect these simple things! No matter what your activity of the day is, you can if you will, charge your mind and body in the morning, with the Energy of the Presence; so no matter how hard the work of the day is, you can be rested at night.

Now please apply These Laws and experience the Freedom which your Application brings to you. The Messengers have been compelled to prove This Truth in their own lives and they do it every day. Many of you are doing it, for you are Wholly Free, Precious Ones, in the Acknowledgment of your “I AM Presence”! There is not a thing in the world, It will not do for you; if you will harmonize your feeling and call It into action, but be firm and definite about it! You know you cannot accomplish anything with a half wishy-washy way

of doing it! Be calm, firm and determined to have the Perfection of your Presence, when you call It into action and It cannot fail!

Dear Hearts, I rejoice so exceedingly and have since the beginning of the Shrine Class, to see the advancement and the Expansion of your Light; the Great Freedom and Confidence which is coming into action within you; and the many things so many of you are doing, which give you Great Happiness in the Acknowledgment of your Presence. The blessed young people! Oh, what worlds of Happiness and Blessing they can have.

Do not forget your Chart, Dear Hearts, for one single day! I plead with you, don't sleep at night, until you have given a few moments Acknowledgment of your Chart. Speak to It and the "I AM Presence" above you! Don't be afraid of getting too familiar with your Presence; and don't feel you have to bow and scrape before It. Just with the Fulness of Joy, acknowledge and say: "Beloved 'Mighty I AM Presence' here 'I AM'—a Projection of Thyself! Glorify Thyself in me, in the Projection of Thy Wondrous Perfection and Mighty Directing Intelligence! Cause this body to glow with Thy Perfect Health and Strength." Please FEEL THIS, as I am describing it! "Cause this mind and body to glow with the Fulness of Thy Health and Energy; with Thy Light Substance called forth from the Love Star, which cannot be requalified by human feeling. Charge me, my mind, body and world, with the Fulness of Thy Light Substance; and cause the Intelligence which Thou art, Oh 'Mighty I AM Presence,' to sweep into action in my world; and produce Thy Perfection and hold Thy Dominion there."

It is so wonderful, Precious Ones of the Light, to know you have contacted and become aware of that Great Infinite Intelligence, which can and does release into your world, everything you require; for the Glory, the Freedom and the Perfection which It wishes to express thru you; and with which It can only fill your world, by expressing thru you. After all the centuries you have waited and It has waited, to have an opportunity to give you This Assistance, which It could not do without your attention given to It—it is so wonderful!

You are moving in a Vast Sea of Light Substance in the Acknowledgment of your Presence! Were you to see the

Atmosphere of the room, as it is charged tonight, then you would know how Great is your Privilege; to move within This Light Substance, which is drawn here for your Blessing and the Eternal Expansion of your Light.

Believe Me when I say, you have entered into a Very Powerful Divine Activity; but Precious Ones, never allow your human self to cause you to feel faint. In the Presence of This Light Substance such a thing is incredible, impossible! Don't let your human self qualify anything in your Groups with any feeling but the Strength, the Power and Joy of the "I AM Presence." In your Heart is your Perfection! All these things which occur in mankind are but the Individual's own human qualification and it is nonsense! You cannot faint unless you want to! All these things are human qualifications, which you can set aside in the Acknowledgment of your Presence! Be strong, be firm and practical in the Application of these Great Laws, that is what you should be!

Precious Ones, take your determined stand, to call your "Mighty I AM Presence" into action! Go forth, in the Glory of Its Mighty Radiance and Directing Intelligence; and you can be sure that We will give you every Assistance possible, to your quick and Eternal Freedom. If you mean business as We do, then your Freedom will come quickly! I tell you in This Group and This Marvelous Activity, you do mean business. Go on, and on, and on, until there is not a vestige of the human left!

I rejoice with you exceedingly, Oh Precious Ones, in the Glory and the Victory which you are winning. Eternal is My Love, enfolding you unto your Freedom and Ascension! Remember We are One Great Family! We are just your Elder Brothers and Sisters, who have attained just a little ahead of you; and We, with so Great a Love, are making Every Effort the Great Cosmic Law permits, to give you Every Assistance possible! We plead with you month, after month, after month; to just harmonize yourselves and hold That Harmony, until We can help you win your Victory!

In behalf of the Great Host of Ascended Masters, We call the Great Light Substance forth tonight; to enfold each one of you, as your individual requirements may indicate; to hold that Light Substance active about you; supplying the Courage, the Happiness,

the Strength; and releasing the Supply of all required for your Happiness and Comfort; all that is necessary for your Service to the Light!

I say again to you, Precious Ones, I thank you for making the call and giving the Decrees! Please continue it, and you can and SHALL have your own Home of Light in which you may meet! The Light Substance knows no limit! The supply of money provided for mankind, is really not limited, for the great Presence gives all! As you issue your Decrees for your Auditorium, for your own building in which to serve the Light, then the Light will turn and serve you and supply it! There is naught you cannot have for the Service of the Light, whether it be a home, an automobile, organs, or airplanes; but don't be impatient, I plead with you.

Go on making your Decrees! Do not limit them and you will be surprised what one year will supply to you; but when you say Those Decrees, don't let your human have anything to say afterward! Make it be silent concerning your Decree, and your Decree will go on and be fulfilled. Remember, when you issue a Decree, the Power of the Universe goes into action to perform that Service; and unless you become inharmonious and allow your human feeling to affect It, your Decree will go on and act until the achievement is accomplished! It is a Law of the Universe, no one's opinion! Therefore, if you do these things the results will be the Fulfillment of your Heart's Desire!

I say to you tonight, if you will stand with Us, We will stand with you! That is a fair contract! Accept the Full Glory of your "Beloved Mighty I AM Presence" now! amplified by the Great Host of Ascended Masters and the Laws which They apply to your Assistance! Go forth with a Happy Heart, with a Courage and Confidence born of your "Mighty I AM Presence." Then, leave the rest, as you issue your Decree, with the Wisdom of your Presence to be fulfilled; be glorified in the time in which It sees fit to produce the manifestation; and you will have in your world, that which will make your Happiness Complete! I thank you.

DISCOURSE II

February 13, 1937

SAN FRANCISCO, CALIFORNIA

Mr. Ballard:

The Great Divine Director will speak His Wishes to the students, as He flashes the Words before me in Living Light. Will you feel within yourselves the Mighty Import of These Words?

GREAT DIVINE DIRECTOR

In My Humble Endeavor to serve you, Oh Beloved Students of San Francisco, and those who are visiting here, it is with a Definite Purpose I have come to render a Service for you. From My Being, there have gone Threads of Light, Streams of Light, if you please, carrying Definite Qualities into your Hearts and your Feeling World; that you may more quickly enter into the Harmony and the Acceptance of your "Mighty I AM Presence"; and thereby gain your Victory, so you do not have to go thru a much longer period for Its Achievement.

A little less Powerful Service is being rendered for you, than there was to the Children—Rex, Bob, Nada and Pearl and This Good Brother, who came to Me in India. I have come to you here, in the comfort of this auditorium which is provided in your city. Will you feel and keep before your consciousness, that This Instruction is not an ordinary activity? Even from Our Octave of Light, It is an Extraordinary Activity! I may not set aside time and space for all of you, as a Group, as was done for those Blessed Children; but a Service occupying a similar position for you, has been rendered.

To the degree you can accept This Help and keep your feeling world harmonized, will you see the Out-picturing of Those Qualities more quickly; not only in producing Perfect Health in your body and more quickly solving the problems before you; but in quickly rising into that State of Consciousness where you no longer consider problems. In calling your "Beloved Mighty I AM Presence" into action, you not only solve the apparent ones, but It keeps you above

all problems. That is your Victory! That is the Achievement for which you have come into many embodiments!

Today, thru the Great Gracious Assistance of our Beloved Saint Germain, He chose of His Own Volition, to try out and prove—that with the Assistance of the Great Cosmic Law, the time had arrived, when great numbers of mankind could understand, appreciate and accept the Reality of their own "Mighty I AM Presence," which the Chart shows to you definitely!

The Individual, who thinks This Great Knowledge Saint Germain has brought forth, is but imaginary, can of course receive but little benefit; because the repulsion of his or her own feeling of doubt, will repel Our Help; until such time, as those Individuals can feel the Great Acceptance of This Knowledge, This Truth, the Mightiest which the Earth can ever receive!

Your Knowledge of the Presence and the Acceptance of your "Mighty I AM Presence," is the END of all Earthly Pilgrimage! Those who will apply This Truth as directed and refuse acceptance to appearances, will quickly enter into the Fulness of the Courage, Strength and Confidence which gives them the certain feeling that It is Really True.

You will understand, Beloved Ones, after centuries, hundreds and perhaps thousands of embodiments, in which each of you has lived, the gaining of your momentum of limitations, must necessarily be tremendous! Notice the vast difference in what you have known before, as the advancement of the mass—in comparison to your Individual Knowledge of your "Beloved Mighty I AM Presence"; and the Eye Picture which you have before you, thru which you are calling your three faculties of activity into vivid action for yourselves.

You may accomplish your Victory today, thru the Use of the Violet Consuming Flame; by calling your "Mighty I AM Presence" into action to pass It from your feet up, a Dazzling Radiance like a blow-torch, consuming everything discordant which you have drawn about you thru the centuries. Your achievement is definite, certain and quickly accomplished!

The accumulation of limitations which you have drawn about you thru the centuries, has been a long laborious process. Strange is it not, that mankind would willingly draw the people into more and

more dense and limited conditions? Yet, only when the people know the Great God Presence which beats their Hearts, can strength be sustained within the human form; which will enable them to hold their attention firm enough on their “Mighty I AM Presence,” to set them Free! Then, Its Mighty Energy may be released in Sufficient Quantity, Sufficient Power, to not only consume all discordant conditions and accumulations; but to draw from the Presence, those Mighty Currents of Energy—which sweep into the body like a Mighty River, if you please, and which will sweep out every imperfection.

You may wonder why We continually pound, and pound, and pound, these Definite Explanations to mankind—because they must understand This Truth. Those who refuse, will go on and spend many embodiments, before they have This Opportunity again; because those who pass out, consciously refusing This Knowledge today, will not be permitted to re-embody and gain the Glory which the next embodiment would bring.

When once the outer consciousness of mankind is given the Opportunity, and the stubbornness of the human and its ridicule, refuses acceptance to the Great Light and Truth of the Presence, then people will wait much longer than those who have not heard of It. There is only one thing in all this world of human activity, which will not allow any one on the face of This Earth to accept the “Mighty I AM Presence,” and that is the accumulated stubbornness of the human mind and feeling, the outer activity of it!

So, today, I do congratulate you, Oh Beloved Children of the Earth! Seeing the Expansion of the Light within you and your sincere earnestness, with Great Joy, I came forth into your city—into your midst; to try once again to give you Our Assistance, which will enable you to attain quick, certain, Eternal Freedom from the acceptance—now mark you! from the acceptance any longer, of these appearances which have bound you so long.

Does it sound simple, when you are asked to refuse acceptance of these appearances, when your very Life-energy has fed them to terrify, harass and prevent your achievement? You CAN turn from them now, in the Acknowledgment of your Presence; accept Its Perfection, the Mighty Currents of Energy flowing in, and thru your body, and out into your world; and have That Perfection now made

manifest in your world out here. That is a Great, Majestic Mighty Law which It is your Privilege to use.

So, today, every Assistance possible is being given to the sincere ones of mankind; to release them, not only from their own human creation drawn thru the centuries, but to give them the Great, Great and Wonderful Ascension—Free forever! from the wheel of birth and re-birth, which you have traced and re-traced so many, many times.

It does not matter whether people believe This or not, It is the Great Law; and It is not concerned with human opinions! It acts and those who cannot or will not accept It, will remain in the great wheel, embodiment after embodiment, until one day they wake up!

I know this good brother and sister, the Messengers, do not wish Me to say this, yet I am going to say it. Do you realize, and I am sure many of you do, what it means for someone to be strong enough; to stand before the World and carry This Great Truth, which Beloved Saint Germain has brought forth, for the Freedom of so many in so short a time? Do you wonder that We mention this? You should not, for I tell you but for This Truth, destruction would have found America unguarded! They in their Kindliness, Love and Humbleness have carried This Message with almost the Strength and Courage of an Ascended Being! So We congratulate them and you, for being able to accept the Great Truth personally; and apply It to your Freedom; but will you bear with Me, when I ask you to do it quickly?

You are no longer subject to your human creations or to the limitations which appear in the outer world. You, who go forth from This Class, are FREE BEINGS, if you only knew it, with THAT which has been anchored within your feeling! You are no longer subject to limitations of any kind; and if you will apply This Truth as asked; refuse acceptance to all appearances; then you shall go forth quickly and release in the Fulness of Its Mighty Power, Freedom which I tell you is yours!

I want to say a word to some of the very wonderful students, who have called the Presence into action sufficiently powerful, to make it possible for them to be in the various classes. I have watched the step-up, as you say in your outer parlance, from one Class to another, of the Great Intensity and Activity of the Radiance

poured forth; and the step-up in the clearness of their comprehension, even in This Class.

So then you know, My Precious Ones, what it means to be dauntless, firm and unyielding in your determination to have the Power of your "Beloved Mighty I AM Presence" expressed in and thru you, and out into your world. You can have It and do not accept anything else! Don't be interfered with or misled by human opinions, when you go forth from This Class! Stand solely by your "Mighty I AM Presence." Group Leaders of San Francisco, don't allow a feeling of anything but Kindness to go forth! Unite and bring the Glory of God, the "Beloved Mighty I AM Presence" into All-powerful Action here in your city; and you will be blessed beyond your fondest hopes.

I ask you Precious Ones, Group Leaders of San Francisco, come together! Adjust yourselves! Harmonize yourselves and unite in a Great Activity! Let each Group go forth and do its Perfect Work; and each other Group bless it forever, forever and forever! Don't one Group try to interfere with another! Go on—each one of you, in the Power of your Group! Be blessed with the Great Blessing which will be released! That will help you to go on, and on, and on, in This Great Radiance, which will be released in your Heart, mind and body. It is sustained in your city, for your Great Blessing, benefit and activity.

Will you accept your Freedom and your Ascension? Oh Beloved, Precious Ones, don't let the human intellect of yourselves or anyone else assert to you—that the Ascension is but an imaginary dream! It is the most Wonderful Thing in all the Universe! It is the only means, by which you can be Free from the wheel of birth and rebirth! Then, in your Great Ascended Purified Body, the Electronic Energy and Force of your (the) "Mighty I AM Presence" render a Service Infinite in Its Activity.

We, who have Our Freedom, come to plead with mankind, to accept the Freedom which is offered. Out of the Glory of the Great Cosmic Light, We call Its Mighty Intelligence to descend into the Earth; take command of America, the people and its government; sweep into every activity, into all official places, the Glory of Its Mighty Directing Intelligence; so all may feel and quickly enter into

That Great Loving Harmony of God—where all is filled with only the Light of God, the Great Cosmic Light—where all are clothed in Garments of Light.

All who will accept, may live within the Glory of their "Beloved Mighty I AM Presence," whose Garment of Light not only illumines your pathway, but becomes your Protecting Radiance, Invincible in Its Activity. Great and Mighty Light! release Thy Commanding Presence into the Earth, so all mankind may quickly enter into the Consciousness of Thy Great Freedom for all!

First quicken the Desire in the Heart which is surging in the Hearts of all mankind today. Then quickly release the Great Knowledge of This "Mighty I AM Presence"! In Its Great Current of Energy, which quickens the Light within their Hearts at Its Touch! Flow, Oh "Mighty I AM Presence" into the Heart, the mind and body of all mankind and assert Thyself! Take Thy Command! Go forth in Thy Mighty Conquering Presence and fill the Earth with Thy Mighty Glory! Such is Our Decree for you, Oh Beloved Ones, and all mankind!

My Love enfolds you always, unto your Freedom and Ascension.

DISCOURSE III

March 2, 1937

DALLAS, TEXAS

Beloved Children of the Light, it having been My Joy and Privilege to minister to you during the past three days, will you be so kind, as to accept Those Qualities which I have anchored within your feeling world for constant use? One of Those Qualities is the ability for Greater Self-control and Mastery of your human feeling. To do this, will mean Freedom to you! Will you not accept all, which it has been My Humble Privilege to convey, to anchor there; that you may go forth on your way with less obstruction, humanly speaking?

Beginning in San Francisco, the Great Out-Pouring of the Cosmic Light, has made it possible for Certain Things to be done for mankind, which it would not be wise to explain yet; but which I am taking advantage of, to give the students all possible Assistance in their Victory to their Freedom!

There is only one way, Beloved Ones, by which you can gain the Mastery of yourself, your world and all substance. That is by constantly trying, until you have called your “Mighty I AM Presence” into action with Sufficient Power, to still your human thought; and compel it to be obedient to the Law of your Presence, which is Harmony. Thus, the Presence enables your Call to be answered with a sufficient VOLUME OF ENERGY, governed by Its Intelligence, to produce that which you require.

All These Laws are very practical and no one need be deprived of what you require any longer. Oh, that you may realize, you are having a Privilege only given to a few in the Retreats, only a short hundred years ago. A hundred years seems like a long time to you, does it not? But to Us it is like a day—a day of Great Joy and Achievement. One day, you will find it the same.

The need of mankind today, has made it possible for Us to render Such a Service, tonight! Some of you will only hear Me in the intellect! Many of you will hear Me with the intellect and feel It in your feeling world. Those who can feel the Truth of My Humble Endeavor

to assist you, will find It quickly active in your worlds; and may My Assistance cause many things to disappear from your worlds quickly, for which you have long prayed and hoped. Will you not take advantage of This Opportunity?

I could not and would not utter idle words to you; but every Word I utter to you tonight, shall carry with It, the Power of Execution; not as your execution is of the outer world, but of the Power of Use and Service. Oh, that you might all understand all It means to you.

The Blessed Students who have heard many of These Dictations, are feeling more and more powerfully the True Inner Meaning of Them; and what They mean to each Individual. Once, you understand the Words an Ascended Being speaks, carry in Them the Power of Achievement, you will begin to comprehend what Mighty Power These Dictations carry! Can you accept THEIR POWER in your feeling world? Won't you try, so It may have Its FULL POWER of Operation and Action?

Oh, how We long to have mankind feel the True Import of These Words, so they may quickly dismiss all human consciousness of limitations; and call the "Mighty I AM Presence" into action, to dissolve all human creations which have ever been acquired. Then, how quickly each one would go forth—almost like a rocket—into his or her Permanent Achievement.

May I remind you, Precious Ones, that every particle of Achievement you accomplish, in the Knowledge of your "Mighty I AM Presence," becomes a Permanent Thing? There is no slipping back in anything, which you call forth and achieve in the Knowledge of your Presence. It becomes a Permanently Established Thing and cannot be forgotten and cannot be lost! Today in the Requirement, according to the Great Cosmic Law, you have now drawn within you the Victory of Achievement! If you allow your human intellect to cause you again to doubt and fear, then you will have to wait another Opportunity of the Messengers, to re-establish This Work!

We are giving you the Opportunity here and did also in San Francisco, to utilize These Qualities which We are anchoring in your feeling world for Definite, but Powerful, Use! To the degree that you can feel This Help and let It begin to act, will you find Response and Manifestation in your outer world of activity.

So, tonight, you have entered a New World, the World of your "Mighty I AM Presence." Will you say to Me: "I don't feel any change in my body, I do not see any outward manifestation of It"? If that should be your feeling, you are not apt to; but if you can say sincerely: " 'Mighty I AM Presence,' I accept These Qualities which have been given me for use! You set them into action now! 'Mighty I AM Presence,' see that I have the feeling of the Truth and the Activity of These Qualities, quickly brought into my outer use and manifestation." Then you will have Them ! You will begin quickly to experience the Truth of the Words I speak to you!

Before going on, I wish to say just a few Words to the Messengers: "The greatest need at the present time is in Philadelphia and New York, and then you will be directed what is to follow. Great need is in the World, tonight. Saint Germain will not be able to come and direct you, before you leave the city; and has asked Me to convey This Message to you." Oh, that mankind might understand, what it means to have the Assistance of Great Wise Beings Who have gone the Pathway you are treading; having conquered and set Themselves Free into the Ascension! They are Those who know every struggle, every sorrow, everything any one of you experiences. Then, will you understand how it is within Our Ability, to give such Great Assistance? We know all that you suffer.

In the ages of long ago when I achieved My Freedom, it was not so difficult; but at the time Our Beloved Saint Germain attained His Freedom, it was a hundred times more difficult than you have to contend with today. In those ages, people had to hide in caves in the mountains to worship as Their Hearts dictated! Today, you have the Great Country of America! Oh, that you might know just what that Word means to you—AMERICA! OH, AMERICA! If you clearly knew what that Heavenly, Divine Word meant, you would almost wish to speak It like the words "I AM," for It belongs to the "I AM." One day, We shall tell you Its full Meaning.

Now, Precious Ones, I am speaking to the students who are firmly and with Great Determination holding to the Light of the "Mighty I AM Presence": Your Goddess of Liberty in New York harbor, is but the symbol of that Mighty Being who is entering into the ruling world of America,—the Mighty Goddess of Liberty!

Do not fear ever! that the Great Law will fail to find Its Fulfilment in America; but those who have willingly chosen to serve the shadows, will one day know the Power of Her Radiation, which even now is saturating the Earth!

Oh, that you may know the Great Enfolding Radiance and Illumining Presence—the Great Change which is in your atmosphere, even today! Oh, Beloved Ones, when you breathe, feel and breathe the Fire-Breath of God, in which no imperfection can exist! As you think of It from time to time, feel yourselves breathing in That Mighty Fire-Breath of God, the Mighty Purifying Flame! the Unfed Flame! which purifies and strengthens every cell of your body, expanding the Light within your Heart; until It knows no interference, either from yourself or outside forces!

One day, when you are sufficiently prepared, I shall stand before you—as I stood before those Blessed Ones in the Cave of Light in India! Then, shall mankind realize the Great Beings Who have loved the World and have stood the Guards over it, are no myth of anyone's imagination! So also, shall ALL mankind know the "Great I AM Presence," Which has stood guard over it, when the people would have destroyed themselves. Precious Ones, Beloved of the Light! never again let a single thought or feeling enter your world, but praise of your "Mighty I AM Presence" which gives you Life! In Eternal Gratitude to Life, speak It before the World! Life alone pours forth to you Its Eternal, Its Ever-lasting Perfection! Yet, mankind in the lack of understanding, is constantly re-qualifying Its Mighty Currents of Energy, which would of their own volition, produce Beauty and Perfection in the human form. Those Currents of Energy, if left unchanged, would make it a Perfect Receptacle to the Outpouring of the Presence and glorify the people with Freedom quickly. Those Currents of Energy from the Presence would glorify them with Dominion, not from the human self, but over all substance. All form in the Universe, in the Octave of Earth, is composed of the One Substance—the Universal Substance of Electronic Light, which of Itself is Wholly Perfect.

Now you understand, Precious Hearts, the need of Self-control in your feeling world—stop all irritation—all destructive feeling, anger, hatred, jealousy or any of those qualities which fill your world

with distress. Stop it at once! Feel the Glory of the “Mighty I AM Presence” fill your world and flow forth with Happiness and Perfection! Only as you do that, can you have evidence of the Perfection which you long to have flow forth like a river into your world! We can only do it, as you give attention to your “Mighty I AM Presence,” thru Whom We must work! Will you not do this?

Will you not feel the Truth of Life—the Law of Life, which stands always ready to give you your Freedom? It is easy and sure—easy of Achievement with the Great Assistance which is being given.

How little you know, how many times in twenty-four hours, you, who have been drawn under This Mighty Radiation of Saint Germain, are given Protection and Assistance. He watches from the Great Octave of Light and when He is busy in other fields of Activity, He always has those who stand on guard to take His place, and watch over His Children—the Students of the Light! Whenever it is necessary, They are pouring forth Their Enfolding Radiance and Strength to encourage, to bless, to heal, to prosper all; and most of the students have no idea that it is being done. Won’t you accept this and feel Their Courage and Strength, to give you Help and always know you are enfolded and guarded; so you are never really alone?

Beloved Ones, I enfold you in My Mantle of Love! I charge your feeling world with Peace, with Self-control, with Mastery. Will you accept It, with the same Love with which I give It forth to you? If you will, then you are Free from tonight!

I convey the Love of Beloved Nada, of our Beloved Brother Jesus, of the Great Host of Ascended Masters and the Cosmic Beings, Who are ministering to mankind. The Beloved Lanto at the Retreat of the Royal Teton and Those in the Retreat in Arabia, send Their Love to the students of America. Already in India, the Masters, not yet ascended, are receiving and acknowledging the Beauty of This Knowledge of the “Mighty I AM Presence,” which Saint Germain has brought forth. More and more, you will find them giving expression to It.

I ask you, Precious Children of the Light, to stand guard over your world; and if anything or any person attempts to belittle Saint Germain’s Activity, take your cue at once and be absent! I give you This as a standard, to watch and protect yourselves from unfortunate

suggestions! If you care to do This, then the Pathway is open! The doorways of doubt and fear are nailed back for you! Will you not feel that; and go forth thru those doors, into the Eternal Freedom of your “I AM Presence”? The Privilege is yours! The Power is yours! The Authority is yours! I invite you to step thru!

In the Eternal Love of your “Mighty I AM Presence” and My Mantle of Love, We enfold you unto your Freedom and Ascension! May It be quickly! In the Fulness of your Mastery and Self-control, may It be achieved quickly. I thank you.

DISCOURSE IV

April 21, 1937

NEW YORK CITY, N.Y.

Children of the Light, of the One Great Father, the "Mighty I AM Presence"! How fortunate you are after long, long centuries of your pilgrimage upon Earth, in various embodiments similar to this; always reaching out thru the Heart. Yet the intellect has been constantly refusing the Feeling, the Action of the Heart; having forgotten completely that the Heart was the Place of Divine Action.

It is True today, as it was in the Beginning; because your "Mighty I AM Presence" is anchored in your Heart. It makes your Physical Heart, the Heart of your "Mighty I AM Presence"—in action. As you come to know, that your Presence is above you, then giving It your attention, it brings into your outer world of activity, the Power of your Presence—whose Anchorage in the octave of the human Life, is in your Physical Heart.

Will you be kind enough, Precious Ones, to hold that thought tonight—while I am dictating to you; and feel It earnestly, because it is My Desire to do a Definite Work, while These Words are being voiced to you.

As you know, beginning in San Francisco, I came at Beloved Saint Germain's Request, to assist the People of Earth. I came forth from My Home in the Light, after having rendered the Service in India, as described in the "Magic Presence."

Saint Germain, after working for so many centuries for mankind, determined to try to awaken people again. Every time He would raise them to a certain point, rebellion in the human feeling at the discipline required—for the Release of the Mighty Energy from their own God Presence, would swing them aside.

In Our Discussions, We had to decide what was the most Powerful means, by which This Assistance could be given mankind. I said to Him: "I am willing to try with You and make a Final Effort, to release the Light within enough of mankind, so the people may have the Blessings, which It holds for them"!

The Light in your body comes from your “Beloved Mighty I AM Presence” and nowhere else! The persons who do not believe the “I AM Presence” is there, as described in This Chart, will remain in their chains. No one may say they shall not do so, if they wish. That is within the choice of the Individual; but I tell you, never in the history of the Earth, has there been such Tremendous Release of Light and Energy to bless mankind, as is coming forth at this time.

We are not compelling humanity to accept and use This; but We can and do give It forth with Greater and Greater Release of Power and Energy; as the students’ attention to their “Mighty I AM Presence” prepares them for It. If they will FEEL the Directions given, there is not a thing in the world which can prevent their Freedom, Success and their Ascension.

I want you to realize tonight, if you will, Precious Ones, there is no time in human Life and experience, when mankind has not been guarded by Those Great Ascended Beings and the Great Cosmic Beings! Otherwise mankind would not exist today; because of the accumulation of the discordant creations, which the people have drawn into the atmosphere of Earth. Their accumulated discord is the so-called astral or psychic world! In it, there is nothing but destructive qualities, generated and brought forth by mankind throughout the countless centuries; ever since mankind turned away from the Acknowledgment of each one’s “Mighty I AM Presence”; and that is many, many centuries ago!

(On December 2, 1939, the Ascended Masters finished consuming the astral or psychic plane over the United States of America; and they removed all the discarnates over America at the same time.)

I would not care to even draw your attention to the length of time; but today, for the first time in the history of the Earth, there has been released This Knowledge of the Ascended Masters in Its minutest detail; so mankind, if the people will take advantage of this, thru their calls to the Presence, can free themselves wholly and completely!

By the Use of the Violet Consuming Flame, they can release themselves from every discordant thing, which they have ever drawn about them. The Individual, who is foolish enough not to wish to use

the Violet Consuming Flame, will remain in his chains and limitations. Without the Use of It, you cannot free yourself from your own creations; and so far as It being harmful is concerned, that is positively foolish; for the reason the human cannot produce the Violet Consuming Flame ! Your Presence, Who is All Perfection, is the Only One, aside from the Ascended Masters, who can produce that Violet Consuming Flame. At your call, the Presence rushes It thru your body and thru your world of activity and creations; dissolving all discordant creations from you and your world. That is the way, It sets you Free and is the Means by which you can, thru the Assistance of your Presence and the Call to the Ascended Masters, so purify your body, the Presence can enable you to make the Ascension.

The use of the Tube of Light about you is IMPERATIVE today! If you wish to move in your world, untouched by the discordant human creation about you, It is the only way you can do it.

While the Messengers are here with you, We shall endeavor to make this so absolutely clear in every detail; all those who want to, may have the Clearness, the Understanding and the Power released within them, of the Application which will set them Free during this class.

We have no desire to intrude anything upon anyone; but Precious Ones, there must be Tremendous Power in This Light being released thru these Blessed Messengers, when there is such furious opposition to them as there is today! Never has such vicious violent opposition touched anything, which has ever come forth in America, as these two Precious Ones have had to face, in the carrying forth of This Light! They have never asked anything of any one, except to love his or her own “Mighty I AM Presence” and harmonize himself or herself! They have never given forth anything but Love, Kindness and Harmony ! Yet this viciousness persists; and even the concentration of it going on all over the United States; by individuals trying to interfere with the Spreading of This Light.

In Los Angeles, in the Pan Pacific Class, Beloved Ones, everything was attempted the human could think of, to try and prevent that class. Well, it was more wonderful than ever! Much of

the same thing is being done in New York, to try to prevent the class here; but the class will go on untouched!" (And it did!)

These unfortunate individuals, who think they are opposing the Ballards and accusing them of all kinds of things—every word of which is falsehood, do they think for one moment, they are opposing the Ballards? The Ballards have not a thing to do with it, except to carry This Light; and they have had the Courage to face the "lions on the path and make them Airedales," as Mrs. Shinn says. Dear Hearts, it is the Great Cosmic Light which these unfortunate individuals are facing, not the Ballards! If Mr. and Mrs. Ballard should suddenly ASCEND, do you think This Work would stop? As your phrase is used—"Not on your Life."

You see We very often use your own expression, because it goes home clearly ofttimes. I tell you, Dear Ones, those unfortunate beings will meet their own destruction—every one of them—who opposes This Light and these Blessed Ones. They give forth nothing in this world but Love and kindness! They do give forth the Truth which will liberate and free every one of mankind; if each one will apply It with earnestness and determination. It will not apply Itself!

After the Messengers returned from Honolulu last summer, Their Work so far as their Requirements in This Activity were concerned, was finished. Saint Germain came to them in His Tangible Body and said: "Now you are Free"! If you wish to do so, you do not have to go on and battle farther in this," and they said: "Our joy is to serve. If we can be of further Service, then we are ready to continue on; until enough of mankind understand their own 'Mighty I AM Presence,' to hold the Balance for mankind and set the rest of them Free."

Do you wonder, Beloved Ones of New York, why the Messengers have been so unyielding and firm; in demanding and holding every one firm and close to the Books which Beloved Saint Germain brought forth? Because the Truth is there Unadulterated—the Ascended Masters' Words and Understanding—in which there is no human concept! Because Their Words are Power and are Cups of the Qualities which They carry! This Understanding will set mankind Free, as nothing else will do!

It is not, that there are not many wonderful things in the world; but We know This Knowledge is Unadulterated and COMPLETE as

given! It is that which We used! All of the Ascended Masters have used identically the Same Application, even the Same Wording and Expression, which is given to you by Saint Germain! All of this is given and held Unadulterated and Uninterfered with! It will give you your Freedom from limitations most quickly and your Ascension, if you will so decree It!

The Beauty and Power of It is, that any one who will start now, can in this embodiment have his or her Ascension. If such Individuals' Light has not expanded sufficiently for the Accomplishment within this embodiment, they will come back in the Full Understanding of this "I AM Presence"; because they will be trained in between embodiments in the Knowledge of their "Mighty I AM Presence"! They will come back in the next embodiment, make the Ascension; and have their Eternal Freedom in that embodiment! These are Mighty Truths, Dear Hearts, you can believe them or not.

We are not concerned, Precious Ones, as the Messengers have said in their class, who accepts or don't. Their part is to offer This Light and Its Application; and the people can take It and apply It to their Freedom, if they will. We never try to urge—I will not say, We do not "try to urge" for We do sometimes; but We never coerce, because mankind must come in, by its own Free will.

It is your Eternal Freedom, because everything you do thru your "I AM Presence," becomes an Established Activity of the Power of the Presence in your feeling world. It becomes the Presence in action, to the degree you have called Its Power forth and It becomes anchored there.

We are talking Heart to Heart here, and I say: "As long as the students listen to the unhappy gossip, the criticism and the frightful falsehoods, which these vicious individuals have put forth concerning the Messengers, the students will remain in their limitations. The Messengers will go on doing their Work and themselves be wholly Free; but the student who accepts falsehoods, will remain in limitations."

Dear Hearts, it is so Self-evident. How can any one fail to grasp it? The Messengers have pled with the students throughout these more than two years. They have said so often, Harmony is the IMPORTANT ACTIVITY within the feeling world of mankind; in order

to allow the Power of the Presence to have Its Dominion within the physical mind and body of mankind, to produce Its Perfection there. Without Harmony, you continue to clothe the Mighty Energy, which, if left in Its Natural Harmonious State, would quickly and readily set you Free! There is only one way to stop clothing it, and that is to hold Harmony in your feeling all the time!

With all the ugly things which have been said to this good brother and Mrs. Ballard, never an unkind thought or feeling goes out, even to those who do it! Because you see them powerful, firm and positive, don't ever make the mistake, of thinking that any feeling goes out but Love and kindness. They have learned the Law and they are living It, an Eternal Example to mankind, if the people will but see it.

I want you to know tonight, not only you Precious Ones here, but every earnest sincere student in New York; that from My Body, goes out a Ray of Light and Energy into every Heart and each one's feeling world; preparing them for this class beginning on Saturday; so they may have the greatest possible benefit from it. Then, if Harmony is maintained, how do you know, how soon the Messengers may come again!

You will notice, Precious Ones, whenever the Messengers have been able to reach cities twice a year, Harmony and Marvelous Activity have been maintained. Let us all join like one Mighty Wall of Light, all students in New York, in One Great Loving Harmonious Accord. For what? Not just your own Individual Expansion of your Light, which will naturally come; but for the mighty imperative need for the Protection of America.

Beloved Ones, you cannot imagine and I shall not attempt to voice to you, what stands before you; to be conquered in the Protection of America. These Precious Messengers have pled with mankind throughout these two years, more and more powerfully for that need. However, one day you will see how Great has been their Love and Blessing for America.

In These Mighty Decrees which have gone forth for the Protection and blessing of America, I tell you Dear Hearts, you would not be here today, if it had not been done. Now the foolishness in mankind may believe that or not; but We know This Truth only too

well; and if humanity will not listen, then experience must be the teacher and you know experience is a terrific teacher, is it not?

Won't you turn to your "Mighty I AM Presence," call the Power of the Violet Consuming Flame into action, to dissolve and consume every discordant thing from your world? Then, enter quickly into Joy and Freedom which the Presence holds for you; instead of going on in the experience Life, and thru the discord in your feeling, pass out of these bodies and come again into a similar condition.

Beloved Ones, do you not see mankind has been doing this very identical thing, thru the centuries? There is only one thing in the Universe, which can solve the problems of mankind and make the solving permanent; and that is calling the Power of the Presence into action; to fill and harmonize your world; to take command of mankind, and the governments of the world; and in That Call, really will come the Divine Guidance and Divine Power required. Then, as the Mighty Arcturus has said: "That Light as of a Thousand Suns shall descend into the Earth, dissolve and consume all human selfishness from the planet."

Today, not only because We who know it, say so; but there are innumerable indications in your physical world, which, if mankind knew how to interpret them, verify the very Statements which have been made throughout This Activity! The end of the ages is here! Mankind can have Our Assistance by the Call to the "Mighty I AM Presence." That is the Reason for This Knowledge being released; and for the Great Golden Age coming in quickly, producing Its Perfection for mankind. The people can cooperate and help bring It in; or they can go on and refuse acceptance of It; and go down in the discord of their own destruction! The choice is with mankind today! The Great Cyclic Law will not wait!

Mankind has been given opportunity, embodiment after embodiment; and now the Great Cosmic Light, a Great Wave of which is sweeping into the Earth on the seventh of this month, says no longer will That Light wait for the choice of mankind! It is sweeping into action! If mankind insists on allowing the destruction of the world of appearances to act in This Incoming Activity, then hundreds of thousands of mankind will have lost their opportunity.

I trust there is not one of the Beloved “I AM” Students in New York, who wants to take that chance! Now remember, We are speaking Heart to Heart tonight. Because Our Love is so great for you, who have made earnest sincere effort—in the Acknowledgment of your Presence; We insist if you will stand with Us, you shall not fail—not one! That is how Great Our Love and how great the Love of the Messengers is for you; who were willing to go forth, when they could have been Free!

It seems incredible, Beloved Ones, there could exist among your wonderful civilization today, such viciousness in the feeling of mankind. I speak plainly to you, Dear Hearts; for I want you to feel your Authority, your Ability, your Power, to stand so firmly with your “Mighty I AM Presence,” no longer can discord touch you or your world.

We want you to be Free, but We cannot do this for you! We can help you tremendously! That is what I am endeavoring to do tonight; and I do say in all humbleness, since I began This Activity in San Francisco, the western part of your United States has made enormous advancement. Won’t you accept My Humble Efforts here throughout New York; and never let a moment’s discord touch you or your world again? Pour out Love and Blessings to all mankind—Oh, no matter what their mistakes have been! Mankind is full of mistakes. Who isn’t? Who shall judge what mistake is greater than another? All is a falling short of Perfection! Won’t you take that attitude and just let the Power of the Presence pour forth Its Mighty Activity of the Ascended Masters’ Divine Love? As This Good Brother called to your attention tonight, let us take that up in the Activity of the Release of the Love from your Presence. How can it be? Only by your attention held to your Presence and the call thru your Power of Qualification; for the Power of the Ascended Masters’ Divine Love; to flow forth thru you and out into your world, thru those Mighty Light Rays going forth from the Presence. Call them into action without limit! The Presence does not limit you, don’t you see that?

You can call the Presence to project a thousand or thousands of Its Rays everywhere to carry out Its Harmonious Activity in the bodies of mankind; into conditions everywhere; into your city, to give the Protection which it needs so much. You will never know how

much, I tell you frankly. Remember, Beloved Ones, and I say this with all earnestness, you now become the Guardians of the Light in New York! The Messengers have fulfilled their part in the United States. The students, as We told them in the West, are now the Guardians of This Light; and those who turn aside from This Stream of Light, will regret it thru the time that is to come.

This Light is True! The Instruction which Beloved Saint Germain has brought forth is True! The Experiences of this Good Brother are True! and there is not a single discrepancy in those books—not one! If mankind would clear away all viciousness in the feeling, the people would see the Truth which is there; BUT NO ONE CAN SEE THE TRUTH WHOSE FEELING WORLD IS FILLED WITH VICIOUSNESS AND UNKINDNESS! Love, the Ascended Masters' Divine Love, is the Open Door to the Fulness of This Truth! Each one must call forth the Ascended Masters' Love from the Presence, to take command of his or her mind and body and hold Its Dominion!

So tonight, My Joy is Boundless, Oh Beloved Ones, for having the Privilege of rendering This Service to you. Dear Ones, do you think a thing is not tangible, because you do not see it? Don't make that mistake, I plead with you! The most Tangible Things on the face of This Earth or anywhere else today, are Those Rays of Light going forth from My Heart into yours! Don't make any mistake! I am not speaking of this form standing before you (Mr. Ballard's). I am speaking of My Form which stands here by this Good Messenger. My Form and Light are Limitless and I am not a dis-embodied spirit, don't make any mistake about THAT either!

Now Dear Ones, tonight, it is My Privilege to anchor These Streams of Light within your Hearts; and give you the Courage, Strength and Feeling of your Ability to call the Release of the Powers of your Presence into action; to set you and your world Free and into Divine Order. This Service is being rendered for every SINCERE STUDENT in New York tonight; and all who will accept It, will have Its Blessing and Benefit! One day, you will know We are more Tangible than you are. Our Bodies are Eternal, Wholly Perfect, and We have come from Those Great Octaves of Light, to render This Service to the Earth! Beloved Saint Germain, Jesus and Kuthumi were trained by Myself, in this Identical Understanding of the "Mighty

I AM Presence," which Beloved Saint Germain has given to you, even to the exact Wording and the Application! That is why We urge you, Precious Ones, to hold closely to the OUTLINE, which I sanctioned in the West for your Group Activities. Hold closely to the Books and the Application they give you; because that carries Our Power and Action into your world, which will bring your Freedom most quickly.

We are not trying to deprive you of any Individual Expression or anything you might want to do yourself; but We know This will produce the Quickest Results for you, and that is why We ask you to do it! You are quite Free to acquiesce or not; but it is because We know It is the Best and Quickest Means, for you to gain your Freedom that We have asked this, and no other reason in the world! Don't make any mistake about that!

Because the "I AM" Students will not use the Violet Consuming Flame, they come into great distress! I tell you, Precious Ones, It was released for the Freedom of mankind. It could not harm an unborn infant and those who will not use It, will not be Free! Remember, Beloved Ones, in your attention to your Presence, you are AUTOMATICALLY releasing Tremendously Greater Energy than you did, before you knew you had an "I AM Presence."

Some of you still do not FEEL your Ability to release These Powers from your Presence to set you Free. Even NOW you—are releasing a hundredfold Greater Power and Energy, than you did before you knew This Presence three years ago! That is why We plead with you, Precious, Precious Hearts, to hold firm in your feeling; because as this Greater Energy comes forth thru you and into your world, if you continue to charge it with discord, don't you see, it becomes tremendously more destructive? You cannot help it! It is the Law of your Life, when you give attention to your Presence, Greater Energy has to flow thru. It is not a matter of anybody's choice, but It is the Law of your Being! It has to come thru! Then, think! If you continue to qualify it with discord, don't you see how much more powerful it becomes, to act in your world?

That is why people are constantly swamped with discord in their minds and bodies; because for one reason or another, they have charged this Energy with discord or unkind feeling! Precious Ones,

can't you believe Me, when I ask you please to not allow suspicion to begin to act in your world; or about persons, places or conditions. Please do not do it! Suspicion becomes self-destruction! Don't do it, if you want to be Free. Don't care what the other person is doing! YOUR PART IS TO HARMONIZE, BEAUTIFY AND PERFECT YOUR OWN WORLD, IN YOUR CALL TO THE PRESENCE; AND LET EVERY OTHER ONE TAKE CARE OF HIS OWN WORLD; except to call the "Mighty I AM Presence," to bless all mankind and that is the Greatest Thing you can do!

We want to make this so clear, so definite, so plain to you this time; that never again, can anything in the world trip you up and cause you to become confused. The Perfection of the "I AM Presence" is before you, Beloved Ones; and We are willing to the very limit, the Law of your Being permits, to give you Assistance unknown and unpermitted in the history of the Earth.

During the time the Messengers are here in this Class, won't you tell all of these blessed ones, they are welcome to the class, if they wish to come? Tell them to forget everything which has disturbed them; and receive the Blessing which We want to give them. They will have great cause to rejoice if they will; because unless Sufficient Harmony can be established in New York this time, We cannot come again. The Messengers and We are pouring forth all the Love at Our Command, to bless and draw to Our Radiance those who wish to have It; and only Love and Kindness will ever go forth from the Messengers to every one, remember It!

Does this sound strange to you? Until We meet in Our Octave where We dwell, remember: As you go forth from this room tonight, you are a Part of Myself! Don't make any mistake about that! I mean exactly Those Words! My Ray of Light has gone forth and anchored in each one of your Hearts! Therefore, you have become a Part of Me! Will you accept that and keep yourself reminded of It? Then, as you do so—refuse any longer to accept any discordant appearance, as having power to disturb you or act in your world.

If you will do this, then My Ray of Light and Energy which has gone forth into your Heart, will do Its Mighty Work for you; and I am sure there is not one in this room, who does not feel My Immeasurable Power of Divine Love, flood each one's world, Being

and body! I am sure, there is not one who does not feel It definitely. That shall continue to act within you, Oh Precious Ones; and Oh, Our Love is so Great, so very Wonderful, and is the Eternal Power of the Universe acting within you!

May I remind you in preparation for the Class, remember Beloved Ones, when you call your "Mighty I AM Presence" into action, It knows no resistance nor interference of any kind! Therefore, It goes forth with the Power of the Universe to fulfill your requirements. Do you see then, how your earnest sincere effort could not fail in any way? It is the Supreme Opportunity of all your human pilgrimage upon Earth!

You know, Beloved Ones, if I were a human Being, you might accuse Me of sounding egotistical; but you know better than that! A Being of Light, Perfection and Freedom does not have those qualities existing within Him or Her. Therefore, when I say to you, the Great Power of My Love is anchored within your Heart, I mean it literally and physically, as well as Divinely!

Will you all—every one of you—do Me the kindness, before the opening of the Class, to read the last chapter of the Magic Presence? Will you do Me this kindness, and as you start to read on thru that chapter, will you be kind enough to feel yourself in the place of this Good Brother, during His Experience? It was Real, I assure you! Then, allow Me to do that which I wish to do for you. Oh, Precious Ones, please understand, We do not care about the puny human mistakes, which human beings have made. All We want is their earnestness in their attention to their "Mighty I AM Presence," which will enable Us to do for them what they cannot do themselves; and which We cannot do for them unless, they will give their Earnest Attention to the Presence!

Do you not see, how thru the centuries, We were limited; because human Beings did not know their Presence? Without their attention to the Presence, We were not permitted—because the Law would not permit Us—to release This Help. Now the Great Cosmic Light does! Oh, the Glory for mankind! There was no Release of the Light into the Earth, except at long intervals. I mean there were no Great Cosmic Impulses of That Light to help mankind. Now since Beloved Saint Germain has brought This Activity forth, It comes with

Dynamic Power twice a year! This time, on the 7th of April, there was a Sufficient Activity of the Cosmic Law for the Light to release; because of the need and Blessing of mankind today! This will come again in July. On the seventh of July there will come a still Mightier Flow and Impulse of That Great Cosmic Light into the Earth!

I think most of you have read Washington's Vision, if not, you will perhaps in the near future. I say to you, the last episode in His Vision which was a Mighty Reality, is what We are trying to prevent acting in America today. Only by enough Calls from the sincere students of the "I AM" in America, can it be prevented. When Beloved Saint Germain was talking last Sunday morning at this Precious One's Group, We allowed this Good Brother to see the Activity of the Cosmic Light which took place! In the third episode of Washington's Vision, you will notice the Great Being states, as the expression was used by the narrator: "that a dark angel in the center of the Atlantic," was the one who seemed to be the instigator of that activity, which took place in what followed! IN THE PLACE OR POSITION OF THAT BEING, A PILLAR OF LIGHT WAS PLACED LAST SUNDAY MORNING IN THE CENTER OF THE ATLANTIC, WHICH WILL REMAIN AND DO ITS PERFECT WORK!

We mention fragments of These Great Activities for your Encouragement, Strength and Blessing. If enough of the "I AM" Students—I do not necessarily mean in numbers—but if enough Earnestness is released by These Mighty Decrees from mankind, then a great part of this destructive activity, which would otherwise take place and sweep over America, may be forestalled.

Is there any one of the Blessed Ones in America or the World today, who does not want to see that done? Then, do you not understand, Dear Hearts, what a tragedy it is, when Individuals are so unfortunate as to be vicious enough, to try and oppose these Beloved Messengers; in the Freedom and Protection which they alone have been responsible for bringing into America; to prevent such frightful destruction taking place in America? That frightful destruction is not only thru the cataclysmic activity; but it is the destructive thing which has been generated in Europe for centuries, which would one day try to sweep the Earth!

These are Mighty Truths, Dear Hearts. They are not to try and frighten anyone; but mankind needs to know that in the Call to the "Mighty I AM Presence," is the only Power which can release enough energy, to bring about Protection and allow the Great Law of your Life to act; to prevent these things which otherwise must be the experience of mankind!

Mankind has gone thru thousands of embodiments in the experience Life; and the people have not gained any Freedom thru it. Now today, when the Light of the World stands before you, in the Understanding of your "Mighty I AM Presence," and the calling of Its Power into action; then think what It means to you in These Wonderful Groups, who are issuing These Mighty Decrees with dynamic energy; to go forth in the mental and feeling world of mankind! The Mighty Majestic Far-reaching Activity of Those Decrees, is beyond the fondest hopes of any human intellect.

Tonight, We bring to your attention from the Great Cosmic Light, These Mighty Truths. If you can accept This Truth and feel Its Reality, then much can be done during This Class. We brought the Messengers here at this time, to save your New York. One day, not so far hence, you will know the Truth of My Words, which I have spoken to you tonight. Will not all of you take your stand for the Protection and Blessing of this Coming Class, so the Greatest Possible Good may come to New York out of it, and the Greatest Harmony possible? It is you, Precious Ones, here who need it, not the Messengers; but their Love has been great enough to face the frightful destructive feeling, sent out from these vicious ones in the world who are acting here. The Messengers' Love has been great enough to give the Assistance.

Beloved Ones, you are Fortunate! Most Fortunate! and one day, you will every one of you tell Me so and repeat back to Me Those Words. Will you think for just one moment what It means to have become a Part of Myself! Now remember, It is not this physical form here I am speaking of, It is My Own Blazing Form of Light of which "I AM" speaking; and My Own Infinite Intelligence, by which "I AM" flashing These Words to this Good Brother, which he repeats to you. You have become a Part of That Self—Myself! Do you think you

would ever get away from Me? Think of it! You cannot escape now! Some who think they might, will find that is a mistake.

So Dear Ones, in the Glory of your privilege, go forth in the Full Power of Joy and the Consciousness of your Ability; to call forth from your Presence This Mighty Freedom and Limitless Activity of Itself. Ask It, to silence your human forever; to hold it bound and in obedience to the Great Law of Life! Let the Power of your Presence flood your world to alone act in your world, keeping it Free from human qualification of any kind. If you will do that, Precious Ones, in so short a time, you will begin to feel This Power releasing from the Light within you; which will positively give you all the Courage, Confidence and Freedom in Its Perfection which every Heart in the World craves.

So, tonight, in My Closing Words, I call your "Beloved Mighty I AM Presence" to take command of each mind and body; silence your human qualities; and cause them to remain silent and obedient to the Great Light within your Heart! I call That Light to take Its Command; to hold Its Dominion and to produce Its Perfection in you and your world! Then, you become a Pillar of Light, thru which the Power of the "I AM Presence" pours forth Its Radiance, into your environment everywhere.

The Glory of Our Light will cause people to come to you and inquire of the Glory, of the Peace and the Love which radiates from you! Then, will be your opportunity to explain to them the Knowledge of the Presence and the Chart; which gives them an Eye-picture and is a Powerful Means of their quickly entering into the Full Consciousness of their Presence; and the Perfection which It will bring forth thru them. It is not a matter of can It, or will It do so; but It does do so! The Light of your Being, the Light of the "Mighty I AM Presence," compels It to go forth; as you understand and harmonize your feeling enough; and stop the qualification of that mighty Pure Perfect Energy which stands ever ready and waiting, to flood you and your world with Its Glory and Freedom from all limitations! Then you arise into your Ascension!

DISCOURSE V

May 4, 1937

NEW YORK CITY, N. Y.

Beloved Children of Earth, your Pilgrimage is fast drawing to a close; and out of That Light from which you came, is flowing forth your Victory. Can you with Me comprehend for a few moments, the Light from which you came? The Light which is every moment beating your Heart; Out of That Great Fire-Breath of God, came your Individualization. The "Mighty I AM Presence" projected your Higher Mental Body, then the Ray by which your human form came into being! Contemplate with Me This Mighty Reality and no longer feel yourselves separate from that Great Light which gives you Life! That is your Life! That is your Intelligence and Power!

We, who know so well the Great Freedom, which comes alone from the Light; We who have It, because We have It, We know you can too! Will you not enter into Our Open Door, thru which Beloved Saint Germain has invited you to come; and no longer dwell upon the fragments of human creations? Can you bear it Oh, Beloved Children, to face the Truth; and know the fragments of Life which you are ordinarily using, are but the farthest outer covering of the Light; which is your Perfection, into which you may enter, if you will, in the Acknowledgment of your Presence, which is All-Wise, All-Powerful, and Whose Light fills the Earth? Do not let your attention go astray longer, for in your attention to the Presence, comes your Eternal Release. There is naught else to set you Free! Once you can hold yourself firm to your Presence, acknowledging It, calling It into action, then quickly comes your Release and Freedom!

We, who have attained the Victory, know all your Requirements, perhaps far better than you could even imagine. When We say to you, We know your Victory is CERTAIN, can you not accept It and let the Quality which We are knowing for you, enter in and perform Its Perfect Service for you? It seems to Me It is quite practical, quite logical.

Your teacher who taught you mathematics, who taught you English, had attained such knowledge up to that point, wherein he or she was your teacher. Today, We who have attained Freedom offer Our Services to you; because We have attained! Then you should be as open to This Help a far more Transcendent Privilege, than you were to your teacher in the schools of the physical world.

It is all quite as practical; still It is Transcendent, It is Unusual! Try to feel This, Beloved Ones, and no longer let human concepts cause you to doubt again and fear. If someone came to you and said, there was something wonderful, marvelous, over here in one of your magnificent buildings—would you hesitate to go and see for yourself, what it was and that it was there? Would you disbelieve someone and think that Chicago was not in existence—because you had not been there, or in Los Angeles? Do you not see how inconsistent the human intellect is? It joyously, willingly accepts some things and rebels tremendously at others; most of the time at the things which would give it the Greatest Freedom.

Beloved Saint Germain has brought to you This Transcendent Knowledge of the "I AM"—every Word of which is True, Vital, Living, Powerful! It is your Freedom! The Messengers have pled with you, offering so kindly every angle of Explanation; which will enable you to comprehend and understand, that It is your Application in your attention to the "Mighty I AM Presence," which compels your Freedom. Notice! It *compels* your Freedom! It is not a matter of can It be accomplished; but It does compel It at your Call!

Now will you not accept This tonight in Its Fulness? With GREAT FIRMNESS set about your application, knowing It cannot fail. Then, it only means a sufficient amount of your application to produce the results you require. Do not waver in your application. Go on, and on, and on, until results are there. I tell you that you cannot fail! All the Ascended Ones tell you the same thing, because of Their Own Achievement! If you let your feeling world resist, then you but delay your Freedom; but if you will call your Presence to give you *now*, the Full Feeling of Its Victory, your Victory—then, do you not see how quickly, you will enter into the Fulness of Its Power?

Joyous, Wonderful is the Privilege within your grasp!

Do not give way to human concepts, to human impulses which would say to you: “Oh no, no, you are just deceiving yourself, you are not gaining the Victory you think you are.” That is what your human intellect would say to you. Then you say to it : “You have no power! No longer do you govern my world! You have led me into limitations for the last time! Now then step aside! Get out of my way! “I AM” going into the Light! “I AM” going into the Light!” The Life that enables you to speak Those Words, is the Power which carries you forward to Victory in the Light! There is naught which can stay your progress—naught that can stay the Expansion of your Light! Stand firm and unyielding! Know your Victory is Certain! Why? Because God, the “Mighty I AM Presence,” which is beating your Heart and giving you Life is your Certain Victory! Naught in the world can prevent It—not even your own human creation!

Remember, one-third of your accumulation of the centuries has been dissolved and consumed for you! One-third of your probation is set aside! Oh, can you not, will you not, accept THAT in the Fulness of what It means to you? Try, for one moment, to comprehend what It means! Ask your Presence to give you the Full Comprehension of what It means to you; of the Great Assistance which is being given; of the Great Cosmic Light which makes all possible for you now.

In the great quantity of disembodied intelligences which are being taken out of the atmosphere of Earth, you will be Greatly Blest. That could not be done before. Will you not with Me, try in My Radiance, to comprehend the Vastness of this? Oh, the Limitless Assistance being given to mankind! It is as your people say in California—so “Unusual”! Beloved Ones, enter into This Comprehension now—as I utter Those Words! Feel It! Enter into your comprehension so It may act within your world All-powerfully!

I rejoice that I have been able to render you and your city This Service and how far reaching It is. Will you not enter into it Individually, and in your Groups, sustaining the Greatest Harmony possible? I do not ask you to be wholly Perfect; but I do ask you to maintain Harmony Individually and in your groups; so the Completeness of This which is now set into operation, may claim Its Great Victory before the end of this year! We are doing everything possible for your Assistance and for your city. It seems to Me all,

every one in your city, should be willing to accept Our Assistance and co-operate with It, to the Fulness of all It means to you.

Oh, how great is the Rejoicing of the Great Host of Light; because so many of mankind are understanding This Great Presence; calling It into action for the Blessing of all. For your encouragement, this morning in Europe, a Transcendent Miracle was performed. I doubt not you will see mention of it in your papers. Go on, and on, and on, Beloved Ones, in your Mighty Call to your Presence; in your Mighty Decrees, flooding the mental and feeling world of mankind with Our Great Perfection; for the Call in Those Decrees which are sent forth like a rocket, does do Its Perfect Work.

Great, Great is your Privilege in giving This Assistance to America and the World! Glorify yourselves as you feel the Transcendent Privilege which is yours! Tonight, while These Words are being spoken to you, the Final Activity is being given for your Freedom, if you will accept It.

There are many of you who have seemed to have the appearance of age, who can transform yourselves in a short time. Won't you try it, knowing that your Life only requires Harmony in your feeling, to Beautify, Perfect and bring back to your form, its youth and beauty? It is not vain to wish to be beautiful, in order to express Perfection. It is not vain to have a form of Perfect Health, to respond to your desire for Service to the Light and produce Perfection! Mankind just lost the way and now is finding It again, in Our Home of Eternal Perfection, the "Mighty I AM." Tonight, let us think of it, as a Great Homecoming. Forget this building, your old world for a moment. FEEL you have entered into This New World, where all the buildings are Beautiful and Perfect; where there is Happiness and all good things. Then in THAT FEELING, charge your feeling world with Its Reality, Eternally Sustained. As you go into the outer world again, you will find Completeness, Abundant Supply, soon finding its appearance in your world and use.

Call often on the Law of Forgiveness for all mistakes, and then say: "Beloved Mighty I AM Presence! thru your Mighty Violet Consuming Flame, wipe out all memory, all appearance of mistakes which has found action in my world." See how soon changes will take place; and in the place of that which has been disturbing and

terrifying, will come Peace and Rest which passeth understanding. Then, out of the Presence will pour everything you require. It is a Law of your Being. It cannot fail!

You are the Decreer of your world! Decree Its Perfection! Turn your attention where Perfection is, and Perfection must flow back in response, to fill your world! It is Powerful! It is Certain! It cannot fail, and I join Saint Germain in His Invitation: Come Oh, Beloved Ones! Enter thru Those Gates of Freedom, into the World of your "Mighty I AM Presence," and have in use, all It holds for you!

The Love of the Entire Ascended Host, the Great Cosmic Beings, the Gods of the Mountains and the Angelic Host, pour forth to you now; and will continue to do so for your Strength, Encouragement and your Victory! Feel and accept Its Fulness!

I glorify you in My Love and Light! My Strength and Courage are your Scepter! Stand forth! Stand forth! My Victory is yours! *Claim It! Feel It*, and then find Its Full Expression in your Life and world!

While the Messengers' human forms are absent from your city, never forget for a day, the Glory of your Victory now! Each day, as your Light expands, feel more and more Its Out-pouring. Then when they return, let the Fulness of It find Expression in holding your city in the Glory of That Light which knows no shadow, and never fails in Its Action ! You are That Light! You are the Guardians of That Light! Claim Its Fulness and abide therein! Your Victory is certain, because "I AM" the Victory of every child of Earth!

In Fondest Love, We enfold you, Oh Beloved Children of the Light.

DISCOURSE VI

May 23, 1937

PHILADELPHIA, PENN.

Your Infinite Opportunity, Oh Children of Earth, is filled with a Charged Glory, yet unknown and experienced by mankind. Yours is the Joy, the Happiness, the Power of having come to know your own God-Self, the "Mighty I AM." You may wonder why so many times the expression is used—"Your 'Mighty I AM Presence' "; because It is the Mightiest Intelligence in the Universe—the Governor of your worlds, if you please, and the Governor of the Whole Universe! It has provided for you a Higher Mental Body, Your Own Christ Self, by which It releases Its Powers to YOU WITHOUT LIMIT.

When you will once set aside human desire, or call your Presence into action to give you the Strength to set aside, your human concepts; and allow the Light of your Presence to illumine your Mind and charge your feeling world with Its Mighty Harmony; then you will quickly enter into all Freedom which is yours.

Do not longer allow your human concepts to dominate your world and limit you! There is no limitation in all the Universe, but that which Individuals create for themselves! I say to you tonight, every one of you has the Power to release yourself at once, if you will! We see and know within your Heart the Light, the Power and Ability which are there! I say to you, assert your Dominion! Do not allow your human self longer to dominate you!

Because you might have made mistakes; and because you have surrounded yourself by your own human creation, still they have no other power except what you give them! I say to you tonight: Assert your Dominion in the Power of the Acknowledgment of your Presence; and no longer allow the outer world, to limit or deprive you of that which your Great God-Self holds ready to release at any given moment; when Enough Love, Enough Kindness, Enough Harmony go forth from your feeling world to that Mighty Presence. Then, will the Door be opened wide—the doors of doubt and fear

swept aside, by the Hands of your Presence; to glorify you and send you forth a Glorified Being of Freedom.

No longer need mankind remain in chains of its own forging! Only as the people refuse to accept, apply and continue to apply, until the results are there, may they be deprived of Freedom.

You are Beings of Light! Do not allow yourselves to linger longer in the world of human creations! You have learned, you have found your Source! You have found and have the Scepter of Dominion in your hand, by the Acceptance of your Presence, your "Mighty I AM." Allow It by Harmony maintained, to flow forth into your world like a Mighty River and produce Its Perfection there.

On the Planets whose Light has expanded more than the Earth, there are those Beings of Natural Light and Freedom. On your Beloved Venus, whose Assistance has so long come to the Earth, They know what Peace and Harmony mean. They live in the Glory of Its Infinite Expression naturally! So you of Earth shall come to know —notice Those Words—SHALL COME TO KNOW your Dominion, in the Acceptance of your "Mighty I AM Presence." There is no power of human creation or otherwise, which will longer have power to detain you, in your world of human creation!

The Great Cosmic Light has said: "You must produce More Light, for there must come changes within the Earth, which will cause It to be produced"! Your opportunity is here, Oh Beloved Children, if you will call your Presence forth and stand by It; never doubting or fearing Its Ability to flood your world with Its Harmony and Perfection.

Those who still insist upon sending forth discord from their feeling world, must reap its result. Make no mistake about that! How gladly We would lift you out of all those human creations, if you would but just be FIRM AND STRONG. Glorify yourself in the Fulness of the Opportunity which is yours. Then, you will find the Glory of that Freedom filling your world and causing it to be the Perfection which every Heart knows; and has been reaching and reaching and reaching to find.

Your Light is the Light of God! You have heard the expression: "America is the Heart of the Earth; the Land of the 'I AM'; the Land in which must come the First Ascended Master Freedom to mankind"!

May I remind you tonight, your Goddess of Liberty in the Harbor of New York is but the symbol of the Great Being, Who will one day come to be known to the children of Earth! I say to you, one day That Great Being, shall stand in the midst of mankind visible to all! Then the Earth will know what Harmony means.

Try to understand, Oh Beloved Ones, everything which irritates or disturbs you, is just the human creation which wants to longer hold its dominion within and about you. It should be your signal to call your “Mighty I AM Presence” into action, to take command of you and your world.

There is no power to harm you, even of your own creation, Beloved Ones! There is no power, I say to you, which has power to harm you even of your own creations, in the Acknowledgment of your Presence! Please, Oh Beloved Students of Saint Germain, know that neither your own creation nor anyone else’s has power to limit or harm you! Even the discarnate entities have no power to touch you or harm you, if you will take your stand in the Presence of Light and say to them: “Be gone”!

Do not yield to those things thru superstition, or belief, or by suggestion. The world is full of suggestions. Be Firm! you do not have to accept them. Be Firm! I plead with you! Don’t accept suggestions from anything or anybody. If you will draw That Tube of Light about you, you will have an Invincible Protection; which does not allow suggestions of any kind, to charge your world or find entrance there. I say to you now: Be Firm! Be Firm! Be Firm!

There is no power to act except your Presence, when once you come to know It! Become serene! Issue your Decrees! either for the Freedom of America or the removal of discarnates, and then go on about your work. Do not allow your contemplation to be on that which you do not want. You compel it to come into your world if you do; but stand firm in the Fulness of your Presence, which is the All-Power of your world.

Remember, your Higher Mental Body will release instantly into your body and world, everything you require, if you will but realize it! If you will but feel the Fulness of Its Power at your Call. Feel It flow thru! Even as I speak These Words! Feel that Power flow thru you from your Presence—an Invincible Activity, forever sustained and

active within your minds and bodies. It is True! It shall remain so within you, unless you insist upon allowing your attention to go and be fastened upon discordant things!

We are in This Class, making a Tremendous Effort to set you Free—every one here! If you will but follow Our Explanations and refuse to let fears or doubts trouble you, then you will have no struggle! I say to you, doubts and fears no longer have power to hold or bind you. Doubts and fears are dissolved from your world! Whatever has been accumulated there is dissolved. If you allow your attention to be on doubts and fears again, the fault is yours! In This Class they have been removed from your world. You are given the Opportunity to stand firm with your Presence, and no longer experience what you have created.

Remember, I have said to the Students of Saint Germain in America, one-third of all your accumulation of discord has been dissolved for you in your world, and I mean Every Word of it! One-third of what would be considered in the old occult parlance, one-third of your probation has been set aside for you—all the Students in America and the World, of the "I AM," under Beloved Saint Germain. Will you not accept This and let the Fulness of Its Power act in your world, to produce Perfection for you?

Beloved Ones, is it so difficult to realize, that We are Wholly Free Beings wielding Infinite Power, today coming to render Assistance to the Children of Earth? Is it so difficult to feel It? Is it so difficult to accept the Infinite Power of Love and Freedom which We offer? Is it so difficult in the Acknowledgment of the Presence, to maintain Self-control? It means Harmony in your world, which allows these Great Currents of Energy, not only from your Presence, but Those Great Cosmic Currents to go forth with Their added Strength and Power—to strengthen and encourage you to keep on with your Call to the Presence; until every particle of resistance in your feeling world has failed to find power of action; and is dissolved by your attention held to your Presence—the Power and Presence of all Light!

Sufficient human creation has been dissolved for you in your feeling world, to let you have your Mastery quickly from today. Will you not understand, feel, believe and accept these—My Words to

you? I say to you, in this ten days, sufficient has been dissolved in the world of every one of you, to let you go Free in the Full Power of your Application and Freedom from today on.

Now then, when you can accept that, and allow Its Power to act, with your earnest, firm, sincere Application—you will find things in your world all reversed. Do not yield longer to the appearance world as having power. When I say to you, sufficient accumulation has been dissolved from your world, to give you the Strength and Power needed, to go forward from this day, Free Beings, will you refuse to accept it again? It is done, if you will turn away from everything which has disturbed you; and keep holding your attention to your Presence—not all day; but three times a day for thirty minutes, will enable you to hold your Dominion and Freedom.

Will you not accept this and have the Joy and Freedom which is here for you? Just feel Our Freedom now! This is not suggestion to you, It is simply calling your attention to that which has been accomplished for you; so you may feel more fully Its Reality; until you see SUFFICIENT OUTWARD MANIFESTATION in your Life and world, for you to know definitely the Truth of which I speak to you this moment.

YOU MUST BE FIRM! YOU MUST BE DETERMINED FOR YOUR FREEDOM! You must be determined in saying to all appearances: “You have no power”! It is True, if you will say it to appearances which are disturbing and mean it and feel it! Instantly all your world will stand Free from human appearance! Then in the Great Confidence of your Power, to hold in abeyance, things which have been previously disturbing, you will find your Infinite Power to call your Presence forth; and It will flow into your world just like a River of Light. It will perform Its Activity in Its own Harmony, Perfection and Purifying Power. It will allow the Intelligence of the Presence to take command of your world and make it one of Health, Beauty, Harmony, Perfection and Success.

Why does mankind so long for success? It is a Mighty Inner Impulse which urges the people on, and on, into Greater and Greater Perfection, if they but truly understood it. The Impulse within Life Itself, is expanding and producing Greater and Greater Perfection. Your Life, which is flowing in and thru you every moment, wants to

expand Itself; and wants to produce more, more, and more of Its Perfection and Beauty. Will you not allow It to do so? The Key is yours! It is in your hands ! Your Presence is the Power and the Intelligence! Allow It to take charge, command and direct your world; and have Its Love, Its Harmony, Beauty and Perfection!

Our Infinite Love abides and enfolds each one in Its Mighty Perfecting Presence! Oh, that all the people could quickly accept It; could feel Its Full Glory enveloping them. Remember Those Children, for whom it was My Joy to render a Service—Bob and Rex, Nada and Pearl, are already using Those Wondrous Powers of Light to bless mankind.

I rejoice with you in the Love which you pour out to these Blessed Messengers. Only in time to come, will you realize how blessed they are; and to think, Oh Beloved Ones, there have been those among the children of Earth, who were strong enough to stand against the impact of human destructive creation; and carry forth a Light in the World, then some of mankind hate them. It is only the ignorance of mankind which hates them, thru the lack of Understanding. One day, even those who have hated so greatly, will love as greatly as they have hated.

Do you know, It is a Great Truth; that one must have loved very greatly, to have hated so intensely? It is only a force acting thru human creation. It is not a Reality; but the Love of your Presence which is Life, and is Self-Luminous Intelligent Substance, is Real.

Compare for a moment the creation of mankind which in your expression is known as hate and its opposite, which is the Heart of God, your “Beloved Mighty I AM Presence,” or Divine Love. Let us compare the two. This of human creation has no power, while that of Divine Love is the Power of the Universe at your service. Do you not see in any kindness of feeling, any goodwill to all, in calling CONSCIOUSLY the Love of your Presence to bless all, you are then acting on the side of Infinite Power; but to become irritated, means you are acting on the side of human creation, which has no power.

As you understand that, you will see the futility of allowing human feeling to longer govern your world; for when human creation is pushed aside, and told it has no power to longer act in your world

or affect you, then the Infinite Power says: “Thank you! Now I am ready to act at your Invitation with Infinite Power.”

So tonight, We have said to your human creation: “Henceforth be gone! You have no power! Oh Light of God, come forth in Your Infinite Love and take command of the mind and body of each one, his or her world and home! Hold Your Dominion and produce Your Active Presence there, with Full Infinite Power.” Please accept It and let It do Its Perfect Work.

Oh, that you might feel, when I speak These Words, they are Law to you in your world; to the degree that you can accept It! I am speaking These Words tonight and calling the Cosmic Law to act in your world and the world of every “I AM” Student in America and throughout the World—even thru the mental and feeling world of those who are not here. To you, I am speaking directly and the Three-fold Activity which is the Three-fold Flame of Life, responds to you.

In the Infinite power of Light, I clothe you! In the Infinite Power of Divine Love, I direct you! In the Infinite Power of My Strength, I sustain you! In the Infinite Power of My Courage, I charge you and your feeling world, with Such Serenity, Courage and Infinite Patience, that things which once disturbed you, now you may laugh at and say: “Be gone”! With My Joy, I charge your world to act there with Infinite Power, to give you such Self-control, Mastery and Joy, the Release comes for you of your Freedom!

Will you enter into My Infinite Love and let Me clothe you with Infinite Love and Light; so you may be held in My Fond Embrace of Light; and be a Part of My Love, to hold Its Infinite Action within and about you, unto your Freedom, your Victory and Ascension?

Beloved Ones, remember your Ascension is within your reach! It does not matter what your station seems to be at this moment. It has nothing to do with your Presence! It has not a thing to do with what your Presence might do for you at any moment; thru Sufficient Out-pouring of Love and Harmony to It. Try to feel that! Try to be Free now! Try to accept This which I offer! It is Real! It is Mighty! It is Infinite!

In the Fulness of My Love, I enfold you all and every student under Beloved Saint Germain in America and the World. May all

Blessed Students, who thru falsehood and gossip to which some people have listened and turned aside from This Great Stream of Life; again enter It and undo any mistakes which they have made and then, again have the Glory which This Light and Understanding brings them.

With Infinite Love, I enfold you always and hold you within My Radiance, until your Victory is achieved! I thank you.

DISCOURSE VII

June 7, 1937

DETROIT, MICHIGAN

Thy Eternal Victory has arrived, Oh Children of Earth! Into Its Infinite Presence, the "Mighty I AM," you have entered! As you previously have given your Life, thru your attention, to the appearances of the outer world; so now shall you give your Life back to your Presence, for the Perfection which you will receive from It. The Law of Life is so simple; and yet so wholly forgotten by mankind, until Our Beloved Saint Germain brought It forth, to the attention of all again in Its Simplicity, yet in Its Majestic Action.

I congratulate you, Oh Beloved Students of Detroit and elsewhere, that you have been so privileged as to be interested and feel the Great Reality which It is. It has been My Privilege to render you a Service, which will last throughout the centuries. Will you kindly accept It, so the Fulness of Its Ever-increasing, Expanding Activity may take place within you and your world?

Your world should be very important to you, very essential; for it must become a World of Light or of darkness. You are the decreer, which It shall become. With the Outpouring of Love and Harmony, will come the flood of Eternal Light from your "Mighty I AM Presence," which will lift you into your Eternal Freedom. Your attention upon the chaos of the outer world of mankind, will allow the darkness to surely fill your world. Choose! Oh Beloved Ones, which you shall serve!

I wish to say for your Protection in the future, the unfortunate individuals, who put forth the report, that since those three books were in print—"Unveiled Mysteries," "The Magic Presence" and the " 'I AM' Discourses," Saint Germain is no longer directing This Activity —are most unfortunate! Do not accept such unhappy falsehoods! In This Activity, Its Powers are increasing from the beginning, as all honest sincere students know.

I prompt you, because you will have to meet this, when the Messengers have gone on to other fields. Be sure you are strong

enough to stand against such a false assertion! I tell you any such report is false! You must choose again! It seems incredible human beings could be so unfortunate, as to think they could accept a part of a thing and not the whole of It. I PROMPT YOU TO BE ON GUARD! AND STAY ON GUARD!

Tonight, it is My Great Joy and Privilege to inform you, that for your city of Detroit, there is being rendered a Similar Service as in New York. I have called the Angels of the Sword of Blue Flame, to sweep thru your city every eight hours—to not only cleanse and purify the atmosphere, generated by human Beings' unfortunate feeling; but to seize and bind all entities who are fostering inharmony in any way among mankind. You, as New York, will feel a change in the atmosphere. May you rejoice with Us in This Service which it is Our Joy to render!

Little does mankind yet understand, even in two and a half years, of what Mighty Invisible Power and Activity is suddenly being used for Blessing and Benefit. Yet all of your Powers of any great consequence which you use in your outer world, are from the Invisible. Why not ACCEPT FULLY within your feeling world, the Great Ascended Masters, the Great Cosmic Beings, Who are far more Real than you, and are operating with Limitless Power?

Then you will say to Me: "Why do They allow mankind to get in this condition"? My Dear Ones, the Great Ones have nothing to do about it. You are responsible for the condition you are in. The Great Host of Ascended Masters have nothing to do with it, nor have the Cosmic Beings; but you, in the fact that you had forgotten your own God Presence, the "Mighty I AM," have grown into more and more dense vibratory action; which makes you less responsive, your brain, less responsive to the Higher Vibrations which the Ascended Masters give forth! Therefore, you, mankind everywhere is responsible for the limitations of Earth. God has nothing to do with it! The Angelic Hosts have nothing to do with it! Neither do the Ascended Masters, the Legions of Light or the Cosmic Beings!

Today, mankind is learning the Responsibility is on the Individual and in the Great Mercy of the Great Cosmic Light, there has come to you the Solution, the Power, the Intelligence and the Knowledge; by which you can call It into action to dissolve the accumulation utterly;

and free yourselves from your own creations. The whole mass of mankind, can be set Free thru your Call and the Mighty Decrees given; calling the Great Powers of the “Mighty I AM Presence” into action, in the mental and feeling world of mankind. It is the Power of the Universe—make no mistake about It!

I repeat to you tonight, when you call your “Mighty I AM Presence” into action, It knows no resistance nor interference. Its Powers sweep forward with the Power of the Universe to fulfill your Requirements. If the human understands and will keep the feeling harmonized long enough, so the Power flows thru uninterrupted, unqualified by the feeling within the human self; then shall you quickly enter into That Freedom and Glory of the Light which beats your Heart. It will fill your world quickly, if you will but give It a chance!

No longer, Beloved Ones, wait for this. Enter in by the COMMAND of your feeling world! Cause It to become still! Maintain Harmony, and the Light of your Presence at your Call, will flood your mind, Being and world; and you will know what It means to worship God in Reality. Your God of whom you have had but fragments of knowledge, you find is Individualized, a Mighty Intelligence! Then why longer limit Its Powers to act in you and your world?

There is not a thing in the world which can limit you, but yourself. The Power is here! The Intelligence is here! The Knowledge is before you; and to the degree that you can accept Its Full Power in your feeling, will It fill your world with Its Power and Mighty Directing Intelligence. Let no one longer say, “I can’t.” When the Individual says “I can’t” it means I do not want to! Do not yield to it, Beloved Ones!

Your Heart holds the Light, the Anchorage within your human form which is All-powerful! Accept Its Fulness and allow It to act! To your human intellect which is filled with doubts and fears, I say: Silence it! once and forever! Then feel the Release and the Freedom which will come to you. Then when you Acknowledge That Mighty Presence, feel Its Full Power flowing out into your world! It will quickly purify and harmonize everything and let you be FULLY CONSCIOUS OF ITS VICTORY.

No longer, Beloved Ones, need mankind wait. Your Presence acts Instantaneously! To the degree you can get your human feeling still, harmonious and remain so, will It fill your world quickly or require the human sense of time. Your Presence requires no time nor space! In your attention to your Presence, remember surely and steadily the limited sense of time and space as you feel it today, will disappear from your feeling and your consciousness. Many of you who have attended the Classes of the Messengers, already know That; already realize in these ten day Classes, it has seemed almost as a day many times. “It does not seem possible,” I often hear you say to each other. “Is it possible ten days have passed?” Do you not realize, you are losing the sense of time and space, which is your own Birthright in Reality?

Only as human Beings have limited themselves in their human concepts, have they become more and more limited, more and more aware of time and space; until they actually feel they have not sufficient time, to fulfill the Requirements of their daily duties for the Light. Yet, I tell you from actual experience, with your Call to the Presence and the flooding forth of Its Energy unqualified, every one of you who works for eight hours a day, could with ease do the work you actually do now, in three hours. That is what it means, to have the Activity of your “Mighty I AM Presence” acting within and thru your human form. There will be hundreds within two years, who will prove it, beyond the question of a doubt.

One of the wonderful students today, has told the Messengers repeatedly, he does three to five times the work he did, before he contacted This “1 AM” Activity in less hours and with greater ease; and with the assurance within him that his “Mighty I AM Presence” is enabling him in every action to render Divine Justice really. If people in all your courts, your attorneys, your industries, would only understand and call their “Mighty I AM Presence” into action; how quick their business and their world would be filled with Divine Justice, Order and Successful Achievement.

THERE IS ONLY ONE POWER OF SUCCESS AND THAT IS YOUR “MIGHTY I AM PRESENCE”! Whether you have known It or not, if your Success has been great; it is because there was enough Stillness within your feeling world and enough Silent Recognition of

God; which enabled the Power of the Presence to release Its Energy into your world of activity. Only the Power of Your Presence could give you Success.

Do you know, Beloved Ones, why great industries have been formed thru one Individual? Why the Great Law enabled it to be done? Why, I ask you? Because there could not be brought together five people, who would harmonize long enough, to allow a Great Achievement for Permanent Constructive Accomplishment. Therefore, the Power had to be concentrated upon one Individual, so the God Intelligence could act, uninterfered with to establish your railroads; to establish your airlines; to establish your great industries everywhere. That is why I say to you, Students of the Light: Never again let your feelings criticize or condemn great industries; for if it had not been for them, you would have been far less advanced, than what you are today.

Remember the Advance of Life has nothing to do with Individual personality! The Advance of Life is governed by the Great Cosmic Law, and now when the Great Cosmic Law says to the Earth: “Emit more Light,” you who represent the Light—the ONLY POWER thru which the Light can come, must awaken! Thru your Awakening, the Earth will emit more Light, to take its place in the Great Scheme of Life. If it be not done by the Call of the Individuals to release That Light, then the Great Law and Nature, as you call it, will say to mankind: “No longer will I submit to your inharmony,” and She buries her opponents.

Do you not understand, Beloved Ones, why great cataclysms occur? Because of the building and ever-increasing inharmony, within the feeling world of mankind which saturates even the Earth. That is what has caused every great destructive activity which has ever been on the Earth, and you are now facing the last one! Do you wish to exist as slaves to depravity today, as the conditions are in Russia? We know the conditions which are there. Don’t let any Loyal American fail to stand by his Country and his People! You may wonder that One, Wholly Free from all earthly entanglements, speaks of the loyalty to your country! There will be those who will say, when this goes forth: “No Cosmic Being could have spoken Those Words.” I say to those critics: “Be silent! I speak, because I

am in the realm of your world! Because I know your requirements! and because I know, that if enough of mankind do not wake up and give Assistance, so shall Earth once again bury you and take her Freedom.

That is what is before mankind, and I say to all the Beloved “I AM” Students throughout America and the World: “You who have had the Courage to stand fearless, in the Acknowledgment of your Presence; issue these Decrees; and give forth your Life to the Assistance of America and the World, will one day reap the Reward which will be Eternal.

The reason 1 say this to you, is because those who have touched This Light and then turned to criticize and condemn It, will cry out for Mercy. Oh, what an unfortunate thing—and how they will cry for Mercy; because of their unfortunate human creations. It is not a matter of human opinions any longer, but it is a matter of the need of the World today.

That Call is coming from the Hearts of mankind, as never before in the World. Yet, the Assistance has been Greater than ever in the history of the World; for the people have the opportunity before them, in the Understanding of This Knowledge, which will enable them to send forth the Limitless Power of God’s Purifying, Perfecting Activity; and which will enable them to render this Necessary Service.

I say to you, Beloved Ones, your Beloved Saint Germain for more than two hundred years, has labored ceaselessly, for the Freedom and Blessing of mankind. Why was This Light brought forth here? Because in a period long past, the Glory and Perfection which was known then, existed here in your Beloved Land. Why do I speak of America? Because I too know here must come that Mighty Perfection, which was here once before; and It is the Final Activity for the Earth—make no mistake! Will you feel your responsibility, every one of you Beloved “I AM” Students; and let nothing make you waver or turn you aside from the Mighty Power of your Presence?

Why have I asked the students everywhere, to lay aside everything which they have known before; and enter into the Freedom and the Glory of the Books which Beloved Saint Germain has brought forth? Because They are the Greatest Power, the Clearest Understanding which has ever come forth to mankind.

Those Books bring the Pure Love, Power and Mighty Application which allow the Individual to go forward; and give This Freedom and Assistance to his fellow-man, America and the World. Unless people will understand The Law, take It up and live It, they will but delay the Incoming Perfection which would enter in and set all mankind Free. You have not so many years, to enter into the Final Decision!

I am charging your city, you, and the "I AM" Students of America tonight, while I speak to you, with Courage and Power. IF YOU WILL ALLOW IT TO ACT, IT WILL MAKE YOU FEARLESS AND DAUNTLESS IN YOUR STAND WITH THE PRESENCE; not only in the Accomplishment of your Individual activities; but in calling forth This Power of the "Mighty I AM Presence," which will do the Work that is required for the Freedom and Blessing of all mankind.

Why do I wish to establish a Center here and in New York? Why do We wish to establish a Certain Definite Center of Activity at certain points in the United States? Because a Great Pillar of Light can be drawn, which will pour out Its Radiance and will one day become the Unfed Flame! That Flame will pour forth Its Radiance for hundreds of miles; and enable mankind to enter into the Glory and Freedom which is each one's Birthright; although so many have wholly forgotten That Birthright!

Tonight, Beloved Ones, I speak to you as One in your midst; One who loves humanity; One who is offering every Assistance the Law of the human octave will permit; and ever increases That Assistance, as the Cosmic Light permits It to act for your Freedom and quickly. We are asking the Co-operation of you Beloved Ones in the human octave, to make This Call, so We may amplify It to do This Work required. There is no other permanent means in the World. All other means have been tried and everything has failed; because mankind did not know the "Mighty I AM Presence"—which is the ONLY SUSTAINING POWER there is. Once the people really understand That Presence, they will know Its Call set into action, makes a Permanently Sustained Activity; which will continue, until all required is accomplished for mankind. We see and feel a Quality among you, which can become a Wondrous Power for the Light. Will you all, every one of you, remember to keep yourselves harmonized; so Great Power may flow thru, to do for you, your city and nation,

what is required? To the degree you get out of harmony, are you responsible for the failure, if it comes. Remember, it is Your Responsibility. This is why I speak to you with such Earnestness tonight, from My very Heart; to endeavor by This Radiance poured forth, to reach mankind in your city here. I am trying to reach those who have not been here; and awaken their consciousness, their feeling world, to begin to reach out from their Hearts, to touch This Great Work and let Its Freedom flow into their worlds.

There is no Greater Privilege of Service before mankind today, than THE ISSUING OF THESE MIGHTY DECREES FOR THE FREEDOM OF THEMSELVES AND THE WORLD; THE SEIZING AND BINDING OF THE ENTITIES; THE USE OF THE VIOLET CONSUMING FLAME; THE CALL OF THE TUBE OF LIGHT AROUND YOU! These are Mighty Activities which are imperative for you! Will you use them and be Free? The Choice is yours, Beloved Ones.

Our Hearts, Our Mighty Light Rays are pouring out to you Unlimited Assistance! It remains for you to accept or reject. We cannot be harmed by disaster in your physical world, but your physical bodies can be! We plead with you for your Assistance, which enables all This to be done. Again I say, the choice is yours!

Remember, Oh Beloved Ones, Our Love pours forth a Limitless Stream of Energy and Intelligence; and It will continue to flood you and your world with the Fulness of Its Power and Freedom.

As tonight is the Close of this Mighty Radiance drawn for your Blessing, so will you take It into each one of your worlds of activity; and feel It ever increasing and expanding for your Blessing and Success, your Health and your Freedom? It is a Gift of Love and the Power of Our Divine Love pouring out thru your Heart, which is the Open Door to all the Perfection that exists; the only means by which It can flood your world.

My Heart enfolds you; My Light clothes you; My Energy will sustain you and the Intelligence of your “Mighty I AM Presence” called into action, will direct you unerringly in the Perfect Service which you should render. Call It into action and if Assistance be required, then We stand ready to give That Assistance.

No longer give way to limitations, Beloved Ones! Enter now the Gates of Freedom and close Them behind you—upon your world of limitations; so you may not again look back, upon that world of your own creation which has held you bound so long.

I thank you.

DISCOURSE VIII

June 19, 1937

PRIVATE DICTATION

Mr. Ballard:

Beloved Ones, you might think this is just an enjoyable evening in which we meet together; but in the Activity of the Light, there is always a Deeper Underlying Cause; for the outer desires are often used to bring about the Blessings which are to be given.

A Three-fold Activity will take place for each one here. While the Divine Director is dictating and doing His Work, which He has already begun, Chananda and our Beloved Nada will also do a Certain Work which it is not necessary to mention.

THE DIVINE DIRECTOR

Beloved Children of the Light! When I say Those Words tonight, I give Them a Fuller Deeper Quality than is ordinarily understood. These Hearts present, who are reaching out so earnestly and with such determination, for Freedom in every way, MUST FIND THE TIME AND ASSOCIATION WHEREIN THAT WHICH IS REQUIRED TO BE GIVEN, MIGHT HAVE NO INTERFERENCE IN ANY WAY. You must remember, Beloved Ones, in your feeling world, there is the Consumer and Decreer of what you and your world shall be.

The unhappy part is, that thru the accumulation in the feeling world of mankind, obstruction was constantly charged forth; to interfere with the various achievements whatever they might be. Once you understand, in your Call to the Presence, you must make your Outer Conscious Effort at Self-control, by governing the feeling; then you will quickly have the Power of the Presence flowing thru, for any given purpose or accomplishment.

It is not sufficient to just continue to Call to the Presence, without an Earnest Sincere Effort to control your feeling from the outer standpoint! That is where many students have found difficulty in realizing they must make a certain effort upon their own part at Self-control; in order to give the Powerful Qualification and co-

operate with the Power of the Pure Energy of the Presence flowing forth.

You will find from tonight, as This is anchored clearly in your consciousness and feeling world, that every impulse which would produce discord, you will be able to silence instantly and stop its action from the outer standpoint; because you will know you are the Decreer for your world, and what shall act thru your feeling.

Even though there still be some accumulation in your feeling world, there is no reason why it should longer govern you. Fortunately, there have been many in your beloved city and the surrounding places, WHO HAVE BEEN STRONG ENOUGH TO REFUSE TO LISTEN TO GOSSIP; AND I MEAN BY THAT, ALL THINGS WHICH ARE LESS THAN THE PERFECTION OF THE PRESENCE; BECAUSE AFTER ALL, EVERYTHING ELSE IS BUT GOSSIP. That is perhaps a gentle term to use, but nevertheless, only as Individuals see it is not a personal thing, can they free themselves.

IT DOES NOT MATTER WHAT THE CONDITION OF THE APPEARANCE WORLD IS! IT IS NOT A MATTER OF INDIVIDUALS OR PERSONALITIES! IT IS BUT A FORCE ACTING THRU THEM, OF WHICH EITHER THEY ARE UNAWARE; OR THEY HAVE SOMETHING IN THEIR FEELING WORLD, WHICH MAKES THEM AN EASY INSTRUMENT FOR ITS USE!

The simple, very simple Requirement to allow the Presence to act, is the reason why so many people fail to quickly grasp It. The human always tries to make things complicated, because of its lack of understanding. When the Individual realizes there is only ONE SIMPLE THING NECESSARY, and that is to allow the Pure Energy to flow forth to fill his or her mind, body, world and activity, then his or her Calls are fulfilled quickly. Then, each one will know to call the Presence into action and make the Conscious Effort to control the feeling, will enable this to be quickly done, to produce the Perfection he or she requires.

As long as people listen to discordant things and destructive experiences, they will have them in their worlds. Out of the vast number of Students in your city, there are but very few who are strong enough, just from the Power of Radiation, to repel and refuse

acceptance or allow to register in their feeling world, a destructive quality or experience to which they may be listening. That is where the danger point lies for the Students today; because, if they momentarily listen, they are allowing to register—unknowingly, in their feeling worlds, the quality upon which their attention rests. That is why We have pled with the Students, thru the Messengers, not to listen to gossip or allow it in your worlds.

I began the Radiation in the San Francisco Class. We have been urging, and urging, and urging the Students everywhere; and holding their attention repeatedly, upon these more Simple Requirements; so they get the Full Understanding of their own Individual Requirements. It is necessary for them to do this; if they are to have the Perfection which the Presence wants to pour forth.

Now remember, Dear Ones, your Higher Mental Body knows absolutely everything you require. It will produce it for you; because It has the Full Power of the Presence and does wield the Full Power to produce any Requirement in your world; but It cannot and does not produce any destructive quality.

As you enter the Conscious Pathway, the Higher Mental Body will not release energy at anytime to the Student who has come into the Knowledge of the "I AM," to produce any destructive quality; or which It sees in Its All-knowing Power, would be used for destruction! You will say to Me, then how do people continue to do things which are destructive? Because of the energy already called forth which is anchored in their worlds, and with which their feeling world is charged. When that energy is exhausted, they cannot and do not go farther, in their destructive activities. When they are exhausted, if they do not know the "I AM Presence," they do not know how to replenish that energy.

You have before you in the outer world constant examples of it. The hypnotist who uses his energy to hypnotize thru a period of years, becomes exhausted and loses all his power; because he has used up all the energy with which his feeling world has been charged, and not knowing the Presence cannot call forth more.

The same is true with many Christian Science practitioners. Not knowing the difference between mental power and the actual Spiritual Power, which is the Energy from the Presence, they go on

and produce some astonishing results in their earlier experience. They do not know they are using just mental power; but they do produce certain results for the time being, and they are greatly elated over the certain results. Yet, they find later when that energy is exhausted, they cannot any longer do the work.

The evidence of This stands today in America before thousands of people. Many, many have come to the Messengers and have had the reason explained and in most instances, they have been people who replaced the energy in the acceptance of the “I AM Presence”; because there is no power in the world aside from your “I AM Presence.” There is no human being who has any power separate from the Presence. Even the outer self could not have any Life, except That supplied by the Presence which beats its Heart.

As you look at these things from This Great Law’s Standpoint, they are simplicity itself. Our unhappy critics who criticize Us for the simple language used, are but held within their own intellectual vanity. Why should We acquiesce to the human opinions of the world; knowing the Results which are produced by the simplicity of Our Language which has been used? We use your terminology to make it more forceful to you. Why should We try to use technical terminology, which does nothing but make confusion within Individuals?

We again call your attention to some things which We want you to go forth and use tonight, with a certain outer consciousness of your Presence acting thru your mind, body and world. I assure you, Beloved Ones, you must be more firm than ever; and refuse to listen to discord or gossip! They charge your world with their qualities; and if your mind—unknowingly—begins to revolve those qualities within itself, your world is charged with them and you must reap the results.

When students come to a certain point in the Expansion of their Inner Light, their Zeal and Great Desire for Perfection is often preyed upon, to try to trip them up; but if the Students will listen carefully to the Messengers in this coming Class and use that which comes forth, every one who comes into it will be Free!

We are determined, if the Students will listen to Us and be alert, to give them, not only the Outer Worded Expression of the Application and what It does; but the Quality which It contains, will be

anchored within their feeling worlds, to render the same Service for them. At this time, more than ordinary Assistance must be given and is given; but We cannot compel the action of the Individual.

We can only—and often do—give vivid promptings; but Individuals will have no trouble in calling the Presence into action, if they will only not listen to destructive discussions. I mean any form of gossip, judgment, condemnation; and all that kind of thing with which the atmosphere of humanity is charged. It is so much easier to listen from the human standpoint, than to repel it; but one must some day be firm enough to do it, and We want to get every one of you to that point, as with This Good Messenger; where even though you listen to it, you do not allow any of those qualities to register in your feeling world. Then, you will find there will be no inclination to get irritated or disturbed about any appearance in the appearance world.

I call your attention to this tonight so you may, if you care to, watch it! In the various activities which have taken place, the Light within each one expands, thru the Acceptance of the Power of the Radiation which We give. That Light becomes more and more intensified and certain Groups are being drawn together.

Do you think, Beloved Ones, really anything ever happens by chance? Surely you cannot think that! Even in the smaller things, there must be and is a cause back of every single thing, which you do in the outer. Now then, if you have allowed some destructive quality to register in your feeling world; and you are attempting to do something destructive, then if this pressure rushes forward, where does the fault lie? Really not with the Individual, not with the Intelligence which sent it forth; but in the lack of obedience to the Law of Harmony, is what allows discord to register in your feeling.

So you will see by that why We should not judge; why We should not condemn; and yet, why We should be firm and unyielding in Our Stand to the Light, the Harmony and the refusal to listen to discordant destructive things—regardless of what they may be about. Do you think that is asking too much? Is there anything of more importance in all the Universe, than your Freedom? Is there anything more wonderful in all the Universe than your Ascension? I think not! Now at this point, let Me remind you of something, for you may be of Inestimable Assistance to others. Many people, and many

among the Students, when the Idea of the Ascension came forth, thought they had but to call to the Presence and their Ascension would be forthcoming; regardless of what their attitude in the outer world was. How unfortunate that anyone could think such a thing, when all in Life is a harmonizing, refining process. To think such a thing, for one who has lived discordantly just in this Life, say for thirty or forty years; just a simple call to the Presence would give that one the Ascension, without any effort on such a person's part, is childish ignorance. It would be childishness and a great mistake. There have been thousands who really thought so and who were really very sincere.

There is no limit, as the Messengers have told you, to what the Presence might do for you, at any given moment. That is why I explain this to you tonight. There are many who are still thinking, it does not require anything but their call to the Presence to gain their Ascension; regardless of what is going on in their feeling world. Again it is childish and foolish.

Harmony is the Law of the Universe! Unless It is maintained for a sufficient period of time, in the feeling world of each one, how can the energy flow forth unqualified? It cannot do it!

So from tonight, take your firm stand with the Presence. While This Messenger does not wish Me to use him as an example, nevertheless I must do it. I call your attention, Beloved Ones, to his experience. Up until he met his beloved companion, there was no one in the world to whom he could turn for Assistance. There was only one thing he could do; and that was stand and follow to the best of his ability, the Inner Promptings which came. Then, after the contact with Beloved Saint Germain, he was shown how very accurately, he had been following Those Inner Promptings.

If every one would only follow Those Inner promptings, you would all be able to hold to the Light; but Individuals allow their attention to outer things, to make them waver, wonder, question or doubt—when they are actually having these Inner Promptings all the time; some days not having them quite so strong as others. He did not always have them so strong that he was certain about everything, yet he continued to follow to the best of his ability. There was no one to whom he could go. That is why Beloved Saint

Germain, Nada and Myself have urged the Students, to feel the Full Power of their Presence to prompt them; then stand by It, until they can have the Full Outer Consciousness and Assurance, the Presence would always answer; because it is the Law of your Being, that It is compelled to answer.

You will soon gain a confidence in the outer, so every time you call to your Presence, instantly there will flow forth Its Mighty Energy, the Mighty Directing Intelligence, the Great Calm Certain Feeling within you, which gives you the Assurance of Its Accomplishment.

Tonight, as I refer to these various things, these Qualities are not only being anchored, but charged into your feeling world for action. Oh, Beloved Ones, it is action We need now! What do I mean by that? The Release thru your Decrees into the mental and feeling world of mankind, of This Mighty Charge and Activity. We repeatedly say to you, it is one of the Greatest Services which can be rendered; and in your Mighty Groups here, the Accomplishment has been wonderful I assure you, even in the past six months.

The ability to release Our Real Power of the Ascended Masters' Divine Love, is most commendable. Each one releases the Special Power and Activity of Divine Love required in each Group. Now mark you, Dear Ones, please notice this! Everywhere That Quality of the Ascended Masters' Divine Love is released, It becomes a Cohesive Quality and Activity, which keeps drawing more and more to Itself! You have noticed the moment some discord comes in, how the dissolving, disintegrating process starts and people withdraw. Again, when the Ascended Masters' Divine Love begins to pour forth, which is the Cohesive Quality of Life, then people come back.

If only Beloved Mankind and the Beloved Students, would become cognizant of these actions which are going on before them constantly, how beautiful it would all be; but because of the pressure of the outer world, those things are passed over almost constantly. I ask you, if you will, to watch them and see how very wonderful is the Law of Life; how Unfailing, Unerring It is, in Its Activity when unqualified by human discord.

Remember what Beloved Saint Germain has said to you from the beginning: "the human ungoverned is more vicious than the animal in the jungle." Never were Truer Words uttered! Therefore,

why accept the human and allow its disintegrating activity to begin to act in your world?

Beloved Ones, listen to Me carefully! Every moment you are listening to any kind of destructive qualities in any conversation, its disintegrating quality is then and there acting in your feeling world; because you admitted it thru your hearing. You don't know that from the human standpoint, but We have watched it among the Earnest Students. We see the cause and effects, but unless you will allow Us to help you, how can We do it?

I am prompting you on these various points tonight, because everywhere you go, you are bound to meet these things. In humanity's present state, you cannot avoid it. Do not ever be disturbed at appearances which have to be met and conquered; because until more of humanity come into the Light of the "Mighty I AM Presence," human qualities and conditions are always there to be met. See how easily these conditions are governed, when the Presence comes into action; but how can the Presence act, if the feeling world is charged with irritation and disturbance?

Beloved Ones, Oh how Great Our Love is for you! How Great is Our Rejoicing at every single Victory which you gain; and how Our Love pours out to you like a Mighty River, knowing sooner or later your Victory must come. You think you love each other, but how can you know what Love really is; until you really know the Love which has Infinite Patience with the mistakes of mankind? Yet, when We see the Great Infinite Patience, being gained among many of the students and the Expansion of the Light within their Hearts, how greatly We rejoice and how much more We can then do!

Remember, your Victory is certain, if you will just follow these simple things. It is not complicated—the Victory of Life! It is so simple most of Its Great Qualities, because they are so simple, are believed to be untrue. Don't ever admit failure in anything, no matter what the appearance world screams to you! Still say to it : "You have no power"! Oh, how much you could do for your own world, yourselves and others, when you say that!

Beloved Ones, do not at any time or in any way, allow fear of any kind to enter concerning the Messengers of This "I AM" Activity! Remember, the "Light of God never fails." There have been a lot of

prophecies made, since the Messengers left here—all so foolish! Human gossip will continue, until the Cosmic Light, as you have been told, sweeps out all human selfishness and destructive qualities from the Earth! So until that time, remember God, the "Mighty I AM Presence" in you, is your Certain Victory! No other power exists in your world, unless you continue to admit it.

Do you know, your very attention having been called to your Presence, aside from your conscious call so earnestly to It, would release one day Its Full Power of Action into your world! Then how much more quickly It will come, if you refuse to accept or listen to destructive qualities of any kind. Then keep calling your Presence into action, until Its Whole Light floods your world.

Please be reminded again tonight—there is no battle in the Achievement of the Presence. You call Its Light forth thru your mind and body, into your feeling world,—the Light knows no resistance nor interference! It simply floods into you and out into your world; and the Fulness of This Light, being the Supremacy of the Universe and the Supreme Power of your world, just moves into action and all else dissolves before It. That is the way to feel concerning the Activity of your Presence. You don't have to struggle!

Remember the simple words so often used : "You shall hold your Peace and the Presence will fight your battles." It simply means, the moving of the Light of the Presence into your body, sweeping out all irritation, all discord of every kind and replacing it with all Perfection which is the Law. No imperfection can penetrate That Light, and when you call It into action—as a Tube of Light—as a Volume of Light flowing into your world, your body, It is quite a different thing.

Please notice this point carefully: It is quite a different thing, than when the Natural Light becomes clothed by your discordant qualities! That Light has become shut in, instead of the discord being shut out. When you place yourselves in a Tube of Light, do you not see the power of human qualification, cannot reclothe the Tube of Light, which you are calling into action? Its Volume is too Great! That is why, if you once understand, when you say, for instance: " 'Mighty I AM Presence,' charge my mind and body with Your Mighty Energy, Your Strength and Courage," or whatever the quality is you require,

That is the Light of the Presence filling your body; and Its Volume is too great to be reclothed by the quality which is within your feeling world at that particular time.

Notice This Activity carefully! When the Light comes in naturally and flows thru the nerves—as Energy and Points of Light within the cells of your body, It is not sufficiently powerful, to keep the quality in your feeling world, from clothing it with the density which is in your feeling. When you stand yourself in This Tube of Light or make yourself a Pillar of Light, the Volume of That Light is too great, to be clothed by the feeling of the Individual!

If you once understand this, and as you stand yourselves in This Tube of Light; or feel yourself a Tube or Pillar of Light, moving about in your daily activity, you will soon find all of your undesirable qualities will disappear—they must disappear!

I want to say to the Beloved Ones here, tonight, We shall endeavor to take all resistance out of your feeling world, concerning your present forms; so they take on their natural symmetry. Do not resist the Perfection of your Presence any longer. Just say: " 'Mighty I AM Presence' now this is Your Form! Therefore, it has to be the Symmetry and Perfection which You are! Humanly, I take my mind off of It entirely! Therefore, 'Mighty I AM Presence,' You take command of this body now; and bring it into Your Perfect Symmetry"; then be at Peace and rest about it. Every time the human has an opinion, say: "Hold on! You are to have no opinion"! and you will find the Presence will do This Perfectly!

I want to say: you are Free from this hour! Don't longer accept anything else, any suggestion of anything else! If you will just feel This, and if you believe I speak the Truth, you will know, you will feel, your Freedom definitely in your feeling. Therefore, you will feel a strength sustained within you, which will give you Great Joy from this hour!

No matter what the outer appearance is, do not accept again for a single instant, any lack of strength, courage or power; because your Presence which beats your Heart is your Power, Strength, Energy, Courage and Everything Else which is required, to give you everything.

Remember what We have said: you shall all sing again with a Greater Power, than you have ever known! Accept That Charge, if you will, and let Its Full Power of Action go on within you. Don't allow the appearance world to have any effect upon you again; but just in Great Joy say: " 'Mighty I AM Presence' I accept the Fulness of Your Power! I say to all these appearances within or without my Being: 'You have no power'! Therefore, I stand forth Free right now; forever held in the Embrace of the Light of my 'Mighty I AM Presence' always Free and Victorious." So shall It be!

Beloved Ones, We see the Expansion of your Light! We see your Victory! Don't ever for one instant, yield to any appearance longer. Say to every appearance in the outer world: " 'You have no power'! 'Mighty I AM Presence' You are the only Presence, Power and Intelligence acting here. Take command and hold Your Dominion and produce Your Perfection."

I could go on, and on, and on, but after all, it is not so much a matter of what We say, but what you feel which counts! Won't you feel tonight, your Absolute Freedom in every way; in your Perfect Health; in your Perfect Acceptance of your Mighty Directing Intelligence? It is there for your constant use!

Saint Germain, Nada and Myself thank you all for your sincere work; and We trust you will realize, it is only just the beginning of what can unfold from within. Go on, and on, in your Great Desire for Freedom and Victory; but refuse absolutely to listen to suggestions of the outer world; to prophecies or anything of that kind. The world is full of human opinions which are of no importance; but your attention to the Presence from which ALL Perfection comes, is of Very Great Importance! Stand firm within It and have Its Blessings.

Beloved Ones, what a Very Wonderful Thing it is to give Us your attention. Do you know, while you are sitting here, you are no more a part of the outer world of mankind, than if you had never lived in it? You are living these two hours in the World of the Ascended Masters. Can you not feel It? Can you not retain It ? You can, even though you move about in your daily activities in the outer world, still can you retain the feeling of these two hours or more.

So long, as the human conditions exist in the physical world as certain limitations, from which only the Ascension can free you, We

must wait! Oh, how many times, We would love to gather those Certain Individuals together and give This Assistance. It can only be done occasionally. Will each one of you hold the Memory of This Sacred within your Hearts always, for It is greatly to be cherished?

Do not be disturbed by the appearance world. Human Beings come and go, but the Law goes on forever; and We thank you for your noble efforts very much. Beloved Ones, do you not see how in every single effort to bring Enlightenment to another, you retain a Great Blessing within yourselves? How can human Beings go on, when they have touched the Light of their Presence, as some in your beloved city are doing, thinking they are deceiving others? How can they practice deception and go on thinking it is not known? How can Students of the “I AM” do this thing, yet there are those in your city who think they are deceiving others.

Tonight, I want to prompt you on those things, so you no longer accept them. Remember, human appearances are but the shifting sands of the desert. They have no power, but to confuse the one who accepts human reports! Don’t do it, Dear Ones! Anything which speaks of less than the Perfection of the Presence, you don’t want! Therefore, cast it out of your world! It does not belong there! Then, go on in the Great Joy of your Presence.

I wonder do you realize what it means for our Beloved Betty Mundy to take down all of this, which she has so faithfully done; and our Beloved Lotus to get this ready for the Students everywhere? In a conversation of this kind, don’t feel under obligation to use in published form, just every word I have said; because it is done to bring Certain Activities within you; but it is needed to stabilize and hold such a Firmness, that no longer is there a single moment yielded to less than the Perfection which you want.

I thank all of you for This Opportunity, to again give forth This Assistance, and one day you will see how much It has meant; but remember, you are not separate from Us and you know you cannot be separated from your “Mighty I AM Presence”! Therefore, why give power any longer to human appearances, to human discordant conversations? Why do it? I am sure, you will all be strong enough from this hour, to just simply hold the Wall of Light so strong, that not a discordant thing can register within your feeling world.

May each one of you ere long, drink from the “Crystal Cup.” Who shall say how soon, you may! Won’t you accept It, until Its Arrival in the Physical Form is yours?

Beloved Ones, the Experiences recorded of This Good Messenger, are only the beginning of what you may all experience; once all disturbance is removed from your feeling world! It is not difficult! Will you give Me your Assistance just for a few moments and serenely think of the Qualities which you desire most quickly made manifest in your experience? Then send that desire to your Presence to have it established, sustained and all-powerfully active henceforth in your feeling world for constant use, forever sustained? (*silence*) I rejoice with you, each one.

I think you do not quite realize, whenever your attention comes back to this evening, instantly you set into action These Qualities established within your feeling world. I don’t mean, you should continually allow your mind to dwell upon this evening; but as you naturally do return in attention to this evening, it will instantly set into action These Qualities, which I have established in you tonight. It is a very tremendous thing, if you once really realize it. It is quite the same, only It is a more Powerful Activity for you, when you give your attention to the “I AM Presence”—the Law of Its Being, is It must act for you.

When you give your attention to Beloved Saint Germain, Nada, Myself or the Beloved Jesus, that instant, Our Qualities are acting in your feeling world. If mankind really understood this, how quickly enormous, tremendous things could be accomplished; but because of the pull of the attention upon the outer world, it is constantly shifting, you see. Therefore, in the realization that your Presence is your Stabilizing Power, it holds you firm upon a given objective, upon a given call, then you see there is not a thing you cannot do. Not a thing you cannot do or accomplish; but be sure your motives are Right.

I clothe you each one, Oh Precious Children of the Light, in My Mantle of Light and Love! In It are These Qualities which you need for use. Just wear That Mantle always for Me, and let It do Its Perfect Work for you! Why do you suppose Saint Germain was known in Europe as the “Man with the Indigo Cape” ? Do you know that color

is the exact color of the Cosmic Screen in the Royal Teton, and It was used for a certain purpose?

I say to you Beloved Students, do you realize what a very great champion you have in Our Beloved Lotus? I am sure most of you realize the hours, and hours, and hours, while most of humanity are sleeping, she is working, working, and working, for the Freedom and Victory of the Students—a most wonderful thing.

Please do not wonder why We have had such an Intimate Conversation; but because of the Work to be done for you, just feel It, forever active within you and your world; knowing definitely, no longer can a single human quality interfere with the steady forward progress to your Freedom, in every manner.

I think, Dear Ones, I should say a word or two of our Beloved Nada. Really little has been said recently, but if you knew the Tremendous Work, She is doing constantly among the Students, your Hearts would leap for Joy. Her Tireless Efforts for each one!

It is so wonderful to come to a point of Understanding where praise or blame are alike of no effect! Where it is a Joyous Service in knowing every single effort is a Steady Winning of your Eternal Victory! It is so wonderful to have come to a point of Understanding, where you know the word “failure” is entirely out of your vocabulary! It does not exist, not for an instant in the world of any one of you under This Radiation! It has gone out of your world completely!

Regarding your financial supply, just feel your Presence open the Door of Its Treasure-house and release into your use everything which is required. If channels be used, then let the Wisdom of the Presence select those channels, so there could not be a single discordant experience! There could not be a single mistake; there could not be a single failure to have that which you require for use.

It is so Definite! It is so Powerful! Please feel It! Rest in It and know—the Dynamic Action of the Presence is producing those results! Why do I say “Dynamic Action of the Presence”? Because you must feel that under certain conditions. Until you have a Greater Sense of Freedom, you must feel it DYNAMICALLY ACTIVE! Then at each Call, will come the Result.

Beloved Saint Germain, Beloved Nada, Beloved Master Jesus, Beloved Chananda, Cha Ara, David Lloyd, Rex, Bob, Nada and

Pearl; Mrs. and Mr. Rayborn, all wish Me to convey Their Love and Blessings to you. The Beloved Leto wants you to know, there no longer exists any uncertainty in you or your world. The Victory stands there ACTIVE within each one of you—in your feeling world. May it have Its Full Dominion now and forever sustained!

I thank you.

DISCOURSE IX

July 11, 1937

LOS ANGELES, CALIFORNIA

Children of the Light! From far away India, I draw the Mighty Currents, tonight, for your Blessing. You have just heard read to you, the Experiences in the Cave of Light, near Chananda's Home in India. Tonight, while It is not visible to you, a less powerful Service is being rendered. Instead of the Light as It is there, I am using the Self-Luminous Intelligent Substance—which in Co-operation with the Great Light drawn, is Active within the room for every one! Mankind has travelled over the Earth in search of what you are receiving tonight; and even to those who might be here for the first time, I say: "Things do not just happen! All is under a Great Divine Law."

Once the people understand It and realize, thru the Power of Harmony within their Beings, they can co-operate with the Great Law, to their Eternal Gratitude and Blessing. Then they will understand how Great is their Privilege in living in the present embodiment today. The Eastern world, except for a few individuals, has known so little of These Deeper Activities. Even the old occult method, did not teach Individuals how to gain their Freedom. It drew their attention to certain Requirements, but how to apply the Law was quite another thing!

Today, your Beloved Saint Germain has not left one thing unsaid or unexplained, in the Application for your Victory and Freedom. That is why never in the history of all embodiments, have you had the Privilege which stands before you tonight. In This Service which is rendered while I am talking to you, the Substance will remain untouched by any human qualification. To the degree you can accept This, will you find the disturbing things of your outer life and the limiting things, rapidly dissolving before you.

Do not misunderstand Me. This is not just so many words, but Mighty Qualities which the Words are describing to you. They are acting within your Inner World. What a Wonderful Thing it is, to become acquainted somewhat with your Inner World. So long, you

have thought that which you see out here, is all there was to Life. It is really just the shell of the Great Inner Light and Activity! Yet, mankind has thought, the human form was all there was.

Today, behold your Reality! Behold the God Presence which gives you Life; which has come to be known as the “Mighty I AM Presence,” whose very Words give Life and withdraw It. When mankind becomes filled with too much inharmony, then Life withdraws; and you are sent forth, to again return, build another form and try it again. Today that shall cease! To every one who will make earnest, sincere, honest effort, if not in this embodiment, then in the next, will the pilgrimage upon Earth cease.

Only as you call to your Presence and eventually make your Ascension, can you be Free from the wheel of birth and rebirth and the limitations of Earth. Only when you, in the Call of your Presence, allow It to dissolve and consume your human creations; and to the degree that the Earth loses its attraction for the denser human form, will you know what Freedom means!

Today the Law is given! The Application is given! The Scepter of Power is placed within your hands, in the Acknowledgment of your Presence! You can wield It to Perfection or fail to use It and remain in limitations. You are not children of Earth longer, even though you still dwell here! When your Light expands within your Heart as It is today, then I can truly and honestly say to you, you are no longer children of Earth. Will you accept It in Great Calm Gratitude? Feel It a Sacred Obligation and Understanding! Do not exploit It in the outer world, but feel with such Great Deep Gratitude, the remainder of the Activity for your Freedom, can quickly come into action.

My Work is always with the One Goal—the Ascension! It seems strange to the Western world, and yet why should it? Thousands and hundreds of thousands of people have preached the Gospel of Jesus Christ. Jesus the Christ left the Example of the Ascension to mankind; and the Etheric Record which STANDS VIBRANT in the Etheric Realm of the Earth, is always beckoning mankind on, and on, and on; until one day all mankind will understand His Words given so long ago!

Why does not mankind understand? Because the Activity of the feeling world was forgotten! It is your feeling world which MUST BE

GOVERNED to gain the Victory! I am sure your Gratitude to Beloved Saint Germain is Eternal, for having brought forth This Marvelous Explanation; for you have all required to give you your Freedom and Victory. Remember, Beloved Ones, your Determined and Firm Application is IMPERATIVE! All Assistance which you require, in your call to the Presence, IF YOUR MOTIVE IS RIGHT, HONEST AND SINCERE, WILL BE GIVEN BY THE HOST OF ASCENDED MASTERS.

Never lose the memory of the fact, that your Application is the Activity by which your Freedom comes. You cannot say: "I am too tired tonight, to adore my Presence! I have been too busy today, to give attention to my Presence"—when your Freedom depends upon your Presence! As the Messenger has said to you, Beloved Ones, it does not mean that you should sit down in the corner and adore your Presence; but every moment in your daily activity, when your mind is not otherwise occupied, you can in a flash—send your adoration to your Presence! Feel the Release of Its Mighty Currents of Energy in and thru your body, which will keep you from being tired. That will give you Happiness in your service among mankind; and if called firmly into action, will provide every condition for your Happiness, Supply and Comfort. So don't ever say, you have not time to adore your Presence!

Without your attention to your Presence, you will remain embodiment after embodiment in the conditions in which you find yourselves today or were in a year ago. Mankind drew itself into limitations, by its own misuse of the Free will. It was entirely of the people's own volition, and now they must rise out of it by their Earnest Call to the Presence. They must keep it up until that Victory, be it days, hours, weeks, months or years, is accomplished.

One who will stand in and by his or her own "I AM Presence," calling It into action, will have the Victory! Of that there is no question, and in This Assistance which is being given, could you but understand the Fulness of It, your Gratitude, your Love which has been so great to Beloved Saint Germain and the Messengers, would increase an hundred fold.

You are living in a Mighty Reality! The Laws of Life are acting with great speed within and around you. Do you understand,

Beloved Ones, whether you are awake or asleep, This Action of the Great Law is constantly going on within and around you! You for the time have forgotten It, in the attraction of the outer world. Yet the Inner Action is going on, directed by your Higher Mental Body. When your Call is sincere and firm, then will your Higher Mental Body release more and more of Its Mighty Energy, which dissolves and consumes all unlike Itself.

Do not give way to forgetfulness! Remember, you have entered the Race for Life. Listen, Beloved Ones! You have entered the Race for Life; for without your Victory, you will remain in the shadows of human discord and destruction.

You, in the outer world today, still by slight provocation and by the unfortunate human law, which mankind does not understand, place each other behind prison bars! Your prison of your own creation is the greatest one of all ! You, Dear Ones, in the limitations which have been yours in the past for so long, have felt if you could only burst those bonds which seemed to bind you, how you would go forth into Freedom! That Feeling was Real! There are thousands of people who have had that experience. They have felt, if they could only burst the something which seemed to hold and bind them, they could do much Greater Things. It was their own creation which they felt binding them. It was only a pressure of energy. It was only certain rates of vibration in the feeling! It was only whirls of energy in their emotional bodies!

Today, you have the Means of setting yourself Free. Will you apply It, Beloved Ones, and let Us help you quickly to your Freedom? It is so near! We are doing all the Law permits and in many instances, setting aside much of the action of the Law. Otherwise you, yourselves would be compelled to correct wrong conditions. You must give the Assistance, so more may enter into Greater Freedom, to give the Service needed at this time. Surely you understand do you not? In this, shall we call it—Special Service which is being rendered, it is to provide those to operate the Law stronger and stronger; in order to give the needed Assistance for the Freedom which must come forth, because the Call must come from you!

We are ready and have been waiting long. Your part now, is to make the Call with Great Earnestness and Sincerity, maintaining Harmony in the feeling in the face of any condition, no matter what, then the Release will come quickly.

There are many in this room tonight! I shall make it quite definite! There are more than three hundred people in this auditorium tonight, who could have their Freedom very quickly, if they would be firm and calm in their Call to the Presence; and command Complete Harmony in their feeling to be maintained! It is not difficult, Beloved Ones! It is only because there is not yet quite sufficient determination within you; to take command and hold control over your human self. THAT REQUIRES FIRMNESS AND UNYIELDING DETERMINATION.

Beloved Ones, when you are a little angered and you determine to have a thing, or do a thing, you exert abundance of energy, do you not? Well, isn't this much more important—your Complete Freedom? You do not have to release the Full Power of Energy which you release in the tremendous flash of anger! All Energy which is released in your Achievement, must be a Steady Out-pouring—not intermittent! By intermittent activity, you lose much of what you gain; but when you with firm determination call your "I AM Presence" into action; take firm command of your human self and compel it to be obedient; you are balancing the Power of the Presence which is called forth into the physical octave. It is what is required for your quick Victory. As you do it, and I will help, you will find ere long, that which seemed so much obstruction, so limiting in the outer world, will have lost its power.

I trust I shall find you, when the Messengers return at Christmas time, the Most Marvelous Wondrous Free Beings! Won't you accept This and let Its Perfect Activity take place in your world ? You can do it! It is for you! Allow no thing in the outer world to interrupt it!

Do not discuss This or say to each other: "I wonder after all, if that was just talk"? I urge you, to be careful! This is a Mighty Law set into action! Please be obedient and do not discuss this night with each other, if you want to be Free! Go with all the Gratitude and Sacredness of this night in Adoration to your Presence! Look not to

the right nor left! Listen not to anyone who would say anything discouraging to the Sacredness of This Night!

I understand you do not yet comprehend the Fulness of This; but it is not necessary to comprehend it all this moment. If you could I would say to you: “Be Free! Arise!” and It would be done; but your Requirements must be taken into consideration. To the degree you will do this, will you find yourself—a changed Being; and your world, a New World, which yesterday you could not have believed could take place by tomorrow! Now This is a Service being rendered. Will you accept It as a Sacred Blessing to you?

I thank you, Blessed Ones from the various cities, for making the Call to Me, to enable the Service to be rendered in the removing of discarnate entities from your environment, yourselves and your cities. I say to you tonight, Beloved Ones and you who may not be so familiar with This Activity: “The Greatest Blessing on the face of the Earth today, is in This Service of removing from the atmosphere of Earth, the Individuals who have passed from their bodies, which we call—discarnate entities.”

There are in your Earth’s atmosphere, hundreds of thousands of Individuals who cannot leave the Earth of their own volition; because of the conditions, they created before passing on! Today, the Great Cosmic Law has said this condition must be given a Dispensation! Therefore, as Authority of This Law, I have set It into action. Those who could not have reºmoved themselves from the darkness of their own creations in the astral or psychic world, which is a part of your Earth, are being released and removed by the hundreds of thousands. It is a Service never rendered on the face of this Earth before; and the Release of their pressure of discord in the atmosphere of your cities, is the Evidence that it is actually being done.[*]

Do you think We forget the rest of the World in This Service to America, when there is no race nor nation to Us? Then why do We urge you, to call and give This Service to America? Because America is the “Cup of Light” to the Earth. The Law, the Great Cosmic Law compels It to be so! It is not anyone’s particular desire; but because it is so, We must first render This Service and

Assistance to America, then This Light expands and the rest of the World may be Free!

Think of it, Beloved Ones! In the Far East, there was the Great Shamballa, where the Great Masters from Venus, Lords of the Flame from Venus, came and established the City of White. It remained there for centuries upon an island, They created for It and poured forth Their Radiance to mankind. Thru much of the East there was the worship and use of the Unfed Flame, where people came and took Fire from the Unfed Flame into their homes. That touch of the Unfed Flame lasted throughout the year.

In your use of This Great Call today, who of you shall say how soon—in your Honest Deep Sincere Effort, the Unfed Flame would become visible in your home, for which you have been asking! If you will call the Presence to establish It, who shall say when that will be done? I hope none will say It cannot be done!

Beloved Ones, I urge you, which I have never done on Earth before, to feel the deep Sincerity and the Truth of Our Sincere Effort to help you. I tell you Beloved Children of the Earth—all mankind in America! those who criticize or condemn these Beloved Messengers, should bow their faces in shame forever! They have given their all, going forth dauntless and fearless before the destructive activity of mankind; untouched by it—carrying This Truth without rest or thought of it! Then, I say to those who do that—shameless mankind! One day in the agony of those human Beings' own creation, they will call to these Beloved Messengers, as never they called to anyone in the World.

We have told you, the Messengers have told you, no human Beings can escape reaping their own creation. Then, why will any Blessed One who claims to be an "I AM" Student, allow a quality of criticism to go forth for any reason whatsoever—because you know the Law! You cannot say you don't! Every one of you knows the Law! It only means your DETERMINATION to have Self-control and you will have it.

So, I say to you tonight, the struggle of mankind has been very great; but if you will allow Us, We will help you, if you will give obedience to Our Requests. There are not many, you must notice that! We make few requests, but when We do, It means everything in

your Life Stream! Remember this! We want to help you so much, but We cannot help you, if you don't want Us to do so.

Will you understand tonight, Beloved Ones, since the Messengers' Class in San Francisco, I have left My Cosmic Activity to come and render This Service to the Classes! Each day, I have been present in every Class since then. It sounds very simple, doesn't it; but if you will turn to your Presence for the feeling of what It means in the Blessing of mankind, I am sure you will feel clearly and definitely, It is not just idle expression. Today, I rejoice with you, in the Great, Great Blessing which came to you this afternoon— how very wonderful It is. Will you not join Me in My Determination to help you to be Free? To help you to Self-Mastery in every Requirement, which will give you your Freedom? I ask you, I invite you to let Us help you! Can We do more? I think not! We can do no more than to invite you to allow Us to assist you; and then, you take command thru your own Self-control; so the Power of your Presence may be released quickly, to do Its Perfect Work for you. I enfold you in the Fulness of My Love. As the Children in India became a Part of My Love, so today, you have become a Part of My Love. Try to feel what that means to you. Then in the Fulness of your Call to the Presence, ask It to give you the Courage and Strength, which will enable you to make your Call with such earnestness, the Instantaneous Response comes without limit.

Until We meet again, in the Fulness of your "Mighty I AM Presence," thru whom I pour My Love—FEEL! ACCEPT IT AND BE FREE! "I AM" the Courage! "I AM" the Strength! "I AM" the Light within you, which gives you the Courage and Mastery of your human self. "I AM" the Full Power of Obedience within you, to every Requirement which makes for your Freedom!

In all the Universe there is but One Power, One Light, One Substance, One Intelligence—"I AM"—the Power of the Godhead; announcing Its Authority at your focus of activity in the physical octave. Remember, as you refer to the Godhead, use Those Words —"I AM"! Do not follow Those Two Words with any negative expression or feeling; because if you do, then in your Call to the Presence, you make that negative activity tremendously more powerful in your Life. Do not ever say: I am sick; I am broke; I am

limited. Don't do it, because then, you qualify the Power which you are calling forth, to produce that very quality and experience for you.

Instead, to every expression of pain in the body, limitation of finances or limitation of any kind whatsoever, say to such appearance: " 'You have no power'! I know my own God Presence, my 'Mighty I AM'! I know there cannot act in my world any limiting thing any longer"! If there is pain in the body, say to that pain: "Be silent! 'Mighty I AM Presence'! sweep out cause and effect of this." Then feel It do it, and you will be commanders of your bodies in no time! You have the Assistance! Now use It! Do not yield to those conditions or appearances, which have frightened you and made you believe you were under their domination. You are no longer under the domination of pain; under the domination of disturbance; nor under the domination of limitation of any kind! You are not! Will you accept that and live it in feeling, so you may have your Freedom now? In the Infinite Light of the "Mighty I AM Presence," the Great Host of Ascended Masters and the Great Cosmic Beings, We enfold you all in the Fulness of Their Infinite Light, Its Power, Its Activity, Its Love, Its Blessing! May Our enfolding Light cause you to feel only Love and Blessings pouring out from you forever!

We thank you for This Opportunity of calling your attention to Our Endeavor to assist you, the rest is with you. We are ready! We have released the Power, the Energy, the Intelligence to act! To the degree you will accept It and feel It, will It produce Our Perfection in your world!

In the Glory of Our Light of Infinite Power and Intelligence, I enfold you now and forever.

[*] On December 2, 1939, during the Class in Washington, D. C., the last of the remaining discarnate entities in the United States of America were taken away. The Circle of Blue Flame drawn, so no more would be allowed to enter and now as soon as Individuals pass out of the body, they are taken out of the atmosphere of Earth immediately.

At the same time, the astral or psychic plane was also consumed; for that was the accumulation of destructively qualified substance, thought and feeling forms, which had been held here for centuries.

This Transcendent Service to Our Blessed Country was accomplished by That Glorious Being, the Goddess of Light, Our Beloved Saint Germain and Others of the Ascended Masters who assisted. Our gratitude to Them is boundless and Eternal for That Transcendent Service.

We say to your doubting Thomases, We are not in the slightest concerned. If you wish to doubt, doubt and you will be the loser! If you will accept the Truth of This Law, I have told

you, you will be the Beneficiary in the Greatest Manner Possible! We are not concerned about those who doubt, but to all Earnest Students of America, We say: “Arise with the Scepter of your Dominion and all this condition in America which has endeavored to bring Her into destruction, shall dissolve from within her borders”!

DISCOURSE X

August 1, 1937

SAN FRANCISCO, CALIFORNIA

Beloved Children of the Light, you have been taught much. Tonight, will you come with Me on a journey, so you may realize more than ordinarily, that which is a part of your world, yet unknown to you. I refer to your Great Inner Light (or Life) which is the Activity of your Reality, thru your Higher Mental Body. It is a Part of you so Real, so Magnificent, that if you suddenly became aware of the Perfection which you really are, your Joy would be so boundless.

I say to you who have the appearance of years, if you suddenly saw how beautiful, how youthful you really are, the appearance of age only having registered on the atomic structure of your body; how differently you would feel. This appearance of the outer structure is but an appearance. It is not your Reality, and yet it seems so real to you.

This is just the outer garment which you are wearing, upon which you have registered the discord, which has the appearance of limitation and age. Now, We are rapidly dissolving all of that; and you will stand forth Free, wholly Free from your own creations.

It was My Joy to render a Certain Service in which one-third of your own human creation, or that of all the “I AM” Students in America, was dissolved and consumed for you. The Love within This Class has made it possible for further Assistance of this kind to be given. I may not say just how much, but just rejoice in It.

Before We continue, the Service which I began yesterday, I wish you to know is a Most Remarkable Thing. This Service being rendered you, has not been tried within the Children of Earth, for more than two hundred thousand years. I tried It at first, only as an experiment, as to what could be done with a general group of the Students. I find It can be done for all, which is an Accomplishment that brings very Great Rejoicing to Me.

As the Beloved Messenger just read to you, when the Children were before Me in the Cave of Light in India, This Same Service was

rendered. Oh, feel instead of having to go to far-off India at great expense and use of time, I have come here to you! It is the first time in the History of the Earth, a Cosmic Being has really come in Person, to render the Children of Earth Such a Service.

Now, We can more definitely plan Our Activity for the Outward Progress and the Expansion of your Light. We can determine more definitely just what you will do. Does it sound unusual, as though We had not confidence in you? Not at all, because you have not known just what your human selves would do, and it is why We could not depend on you. I feel so certain ere long, I shall know just what I can depend on; and that is a very great deal, to enable us to go forward in the Progress of the Protection of your Beloved America.

As you sit here before Me, it is quite as though you were sitting in Chananda's Audience Chamber, adjoining the Cave of Light. Tonight, as the Beloved Messenger asked you, will you feel you are actually sitting there in His Audience Chamber before Me, as was described to you? While just yet, I may not stand visible before you, as I did with those Children, yet "I AM" as Tangibly here. Therefore, in the Service which I am rendering tonight, will you be kind enough to accept It in the Fulness of Its Power, although you do not understand It? It is not necessary, but just have the Kindly Loving Feeling of Acceptance of all I am doing for you. That is all I require to do the Work.

While this is going on, I want to take you on a little Journey into the realms of discovery; and tell you why the need for the Protection of your America is so great. The destructive forces which have not yet been wholly brought into subjection—in the last lashing of the dragon's tail, it has brought forth some of the most destructive agencies. During your recent world war, there were many discoveries brought forth which were so tragic, so drastic in their nature even then; but since then, still more destructive things, have been brought into the outer use. Yet, guardedly, We have watched they were not released.

Tonight, I have made you a part of the Great Protection, far more so than you know; and far more, than I may explain to you tonight—except to simply call your attention to It! I mean, not only

you who are here, but all of the Earnest “I AM” Students throughout America!

I want to say at this point, I am so sorry for those Blessed Ones who thru foolish human suggestion, have turned aside from This Pathway of Light. I am sorry indeed, for We wanted them to enter This Great Stream of Light and Perfection. Too late, they will see their mistake. We must move forward. We cannot wait for anyone or human idiosyncrasies. We would so love to have all who have once entered This Stream of Light, move forward with Us, but such is their choice.

I shall say something and please don’t let it seem startling to you. As in the training of Bob, Rex, Nada and Pearl and those who were there, so today, We are taking advantage of opportunities. I find thru This Activity which I have started, many of you in your Higher Mental Bodies, can do Tremendous Work. That shall be utilized. First, thru the Assistance of your Higher Mental Bodies, you will be taught how to draw from the physical octave, the energy which is required. So your Higher Mental Body may project those Rays of Light, to render the Service which is needed today; until We can bring other Individuals to the point, where We can teach them in the outer intellectual mind, the use of These Rays. We see all which is occurring in the destructive activities! We must counter-balance that, by the use of the Light Rays! Now the Law of the Light is, We may not use a destructive force; but WE CAN DO OTHER THINGS! We can use the Constructive Powers, to govern the forces of darkness or destructive qualities; and this We are preparing to do!

Notice! but for your Beloved Saint Germain having brought you, as Students thus far, this would not have been possible. So you have Him to thank with all your Love and Gratitude, and I am sure you do. As He brought Bob, Rex, Nada, Pearl and those with them to the point where That Service could be rendered; so has He brought you today, in less than three years, to This Point—where This Service can be rendered in the outer world, of which you are a part—far more Transcendent, than I am just describing to you tonight.

You have been taught to say to the forces of darkness and to the human creation which is limiting: “You have no power”! Beloved Ones, send that forth with Greater and Greater Earnestness and

Intensity! Say with a Great Calm Majesty and Power from your Presence, to all human creation: " 'You have no Power'! Be thou dissolved by the Power of the Light" !

Individually, please do not miss one day, and especially at night, saying to all human creation: "In the Name of my 'Beloved Mighty I AM Presence' and the Power of the Ascended Masters, I say to all human creation: 'You have no power'! 'Mighty I AM Presence' and Great Cosmic Light! Project Thy Mighty Light Rays in and thru the Earth—establishing Thy Currents throughout the atmosphere of Earth; and cause all destructive qualities and activities there to cease to exist"! Then, We will do the rest.

These simple Calls which you are sending forth, make everything possible for Us, and it is you who need the Protection! It is your Beloved Humanity which needs Protection. When I have noticed among the Earnest Students such a great desire to serve, Oh Beloved Ones, if you in the silence of your own chamber, will make these Calls, as I have just explained, how Great will be your Service which you are rendering. Will you who are visiting here, please carry This with you to the Students in the various parts of America and the Group Leaders?

You might think We are accumulating a great deal for you to do. It does not mean, you must use all the things which are before you each day. Please understand this Beloved Students: "As you advance and We advance in the Activity which is required, and We offer certain Requirements for you to fulfill—do not let yourselves become confused by something which is added." All is a stepping up process, as you use the term in electrical parlance. It is the Light ADVANCING, going forward into Greater Achievement and Freedom. Therefore, We may ask you to do many things in the future; but remember when you have entered the Steps into the Doorway of Light, you do not pull the Steps in with you. You leave the Steps there, for the others who are to follow on. As you are advancing and more is naturally required of you, then rejoice in it.

I say to the Group Leaders concerning this: Dear Hearts, don't let your human quibble over following Directions. Joyously, Happily and Willingly just do what We Request! You don't see and know, but We do; and We ask nothing in the world except what you can do,

and that which We know is of the Greatest Service. You could not in your limited state know; but We can in Our State!

When We request something, It is for your good! Just as yet remember, Beloved Ones, you are the Vanguard of the Light! For a little time, your Responsibility is Greater; because thru the Power of your Radiation your Call is making possible the Wider Expansion of This "I AM" Activity. Thru the Transcriptions and the Radio Work, which We are opening, you will find the Open Doorway to the Expansion of the Light and the reaching of people which is necessary. It is imperative that These Books flood forth to mankind as much as possible; for They contain and hold the Explanation and the Application, by which every human Being can set himself or herself Free. It is imperative the people have them for Constant Use; because the intellect does not retain enough from just hearing the Instruction!

I ask all, please do not keep reaching out for more Explanation. Take That which is before you and apply It with DETERMINATION, WITH FIRMNESS! The Explanation is all there, if you really understand It! Don't let your intellect keep reaching out for various things; and guard your human self, so it does not run away and feel itself wiser than We.

Dear Ones, in the Service which you are rendering, I say again to you: "The Present Students of the 'I AM' under Saint Germain's Radiation, are the Vanguard of the Light; and EACH ONE must feel the Courage of his or her own 'I AM Presence,' strong enough to carry This Light; until more of humanity can be brought into the Clearness of This Understanding. Then, they will share the responsibility with you; but today, the outer world does not understand how to call forth its Protection. Therefore, the people are as helpless as infants"!

I am telling you tonight, unless Individuals understand their own God-Presence, the "Mighty I AM," they can give but fragmentary assistance. THEY CANNOT GIVE THE SUSTAINED ACTIVITY; because they must know their Presence is above them, from which they can call Its Powers into action. Until Individuals understand this, they are constantly wavering like the pendulum of a clock and soon the Presence is forgotten!

No longer will people waver, but stand in the Light and draw to themselves their own! Oh, that you understood those Simple Words! Those Words are the Majesty of Creation!—"Stand in the Light and draw to yourselves your own"! Shall I put it just a little more definitely to you? From the Octaves of the Ascended Masters there are being lowered into the atmosphere of Earth, Certain Activities, which mean Assistance in Precipitation; which mean Assistance in the Use of the Light Rays; which mean Assistance in the Power of Self-control of the Individual! All This is Assistance independent of your Call! The World is once again being set Free, although its mistakes have been great. The Cosmic Light says once again: "Mankind is to be set Free from the sweat of its brow, for its livelihood; and as the Light intensifies within the Earth, will many of you come to understand the import of My Words tonight"!

We have in the Etheric Belt, within certain parts of the Earth, discoveries of which We have known for a long time; and to Those in the Retreats for more than one hundred years, which will give your America Its Perfect Freedom! The labor problem which has caused so much unhappiness and destruction, how quickly We could solve it.

The people have been wanting shorter hours. We could show you, how to produce all you require in two hours service a day. Then in the balance of that time, you could study for your own Perfection. How many of you can tell Me tonight, if you had or were required to render just two hours service a day—would you actually give the remainder of the eight hours, to study and make Application for your Freedom? I leave that to you!

Now then remember, you are entering a New Kingdom, the Kingdom of Light—which is Its Own Supply to the Children of Earth! This is not idle talk! We have no time for such things; but I am drawing your attention tonight, to Certain Things for a Very Definite Purpose; because It not only means your advancement, but It means the Assistance which you require.

You, in your great city tonight, are sitting within This Sanctuary of Light, as though the outer world did not exist, for these two hours while you are here! It is the Rarest Privilege and Activity on Earth, Beloved Ones. You are in This Charged Sacred Chamber of Light,

very much as if you were in the Cave of Light in India; only this building is not charged for centuries with the Light where only Perfection exists, as it is there. Yet, We are drawing and have drawn throughout the classes, These Mighty Light Rays into the room, which are fulfilling a very Similar Purpose for you! That is why, as your attention is called from one point to another, the opening is there for Us, to fill your world with whatever you desire. It is Light and Happiness!

I say again tonight, do not allow one single feeling to live in you of criticism or condemnation of another; even though such a one might have made mistakes. Pour out Our Ascended Master Divine Love! Raise the Loved One who has made mistakes into the Arms of Your Presence and forget all else! You will know such Happiness! Then, you will have done Your Part, to fulfill the Law of Light and Love.

So tonight, Dear Hearts, remember—to the degree you pour out the Ascended Masters' Divine Love and Blessings, will the Door of your world open wide, into Our Eternal Light which releases all Perfection into your use; for your Blessing and for the Purifying and Perfecting of your bodies.

Can you actually believe My Words, when I say to you: "There are three hundred seventy-five people in this room, who could, if they would determine to do It and stand by It, make their Ascension in this embodiment? That is True"!

I am endeavoring in Many Ways to hold your consciousness into Our Mighty Reality, which takes from you all doubts, all fears and the human sense of limitation. They do not belong there! They are not yours! It is all just an accretion, and when you call your Presence into action to dissolve all of it, and replace it by the acceptance of all the Glories there are; you too, will feel more the Import of why I am calling your attention to these things tonight!

There are fifty people in this room, who could say to any destructive force—STOP! and it would be compelled to stop! Remember—the Light of Your Presence which gives you Life, can assert the Activity of the Sword of Blue Flame! With the number of Individuals whom I have mentioned, It could be called into action thru the Power of Divine Love and used in Divine Love.

Tonight, how My Heart rejoices in your very kind attention, so much is done. Beloved Ones, Great is Our Rejoicing. Will you please enter into This Rejoicing with Us, in the Achievement here? Remember, as in the Activity with the Children in India, so tonight, you are a Part of My Love and Light! *FEEL IT* as deeply as you can! Let Our Light do Its Perfect Work in, and thru you, and out into your world! I earnestly ask you no longer to give power to appearances, which cannot have it, so far as your world is concerned; unless you feed your Life Stream into them by your attention.

Remember, that is so important! Nothing of a destructive nature can touch you or your world, except thru your attention, you feed your Life into it. Try to feel This Truth with Great Loving Firmness. Then, remind yourselves NO LONGER shall your attention be focused upon limiting, destructive or disturbing things; or your Life be fed into them, to add to the world's unhappiness.

If you have a feeling of unkindness within you to someone else, then you are by your attention, feeding your Life Stream possibly to harm the other, as well as limit yourself. Do you see, Precious Ones, how there is always a double activity in discord? If you feel unkindly to another, you are adding to the burden of that Individual and limiting yourself.

I am so grateful you understand this clearly now, and will keep yourselves reminded, when the temptation comes to have an unkind or discordant feeling, simply say: "Oh no, too long this has been, but no longer! I shall stand in Loving Kindness to all and in the Light of my 'I AM Presence'; so Its Great Self-Luminous Intelligent Substance, may flood my world and produce everything I require."

In the Fulness of My Love, I enfold you and that of the Great Host of Ascended Masters, the Legion of Light and the Great Cosmic Beings; who are watching you so closely, trusting, hoping, you will assert your Dominion of Self-control; so the World may be flooded by your Love, the Radiance of the Great Presence and the Host of Light, to give the Service needed to set all mankind Free.

Remember, We are never separated! When you have called to your "I AM Presence," call to Beloved Saint Germain, Myself—any one of the Ascended Masters, Sanat Kumara or the Cosmic Beings. Then Assistance will come, but try earnestly to receive from your

Presence at your Call, all you require; because in It, you gain the Victory.

We love to assist, but you must *FIRST* try every means within your power, to call your own “I AM Presence” into action. Then, if you cannot quite accomplish it, We shall supply the Courage, Strength and Assistance necessary; but do not longer feel, you cannot gain the Victory over anything. We have now given you the Assistance! Try earnestly every way you know; and then, if you need Assistance, It shall come forth to you. Please remember that!

You know your Presence and Ours are not limited in any manner whatsoever! Just feel This which fills you with Our Joy and Courage of the Infinite Power of Light! Feel It ever-expanding within you; unto the Glory of your Victory—then your Ascension; Free forever in the Octave of Light with Us. One day, We shall have many Happy Visits over the Experiences of today. I thank you.

DISCOURSE XI

August II, 1937

SEATTLE, WASHINGTON

Out of the Glory of the Light which is within your Hearts, I shall endeavor tonight, to call forth into action in your world, something of the Powers of Our Light of which you have not yet become aware.

In the Authority which I wield, so far as time and space are concerned, and in the Service which I have been able to render, I am watching the opportunity more and more each day, to render Still Further Service to the students. Thru the Great Cosmic Law, which made it possible to consume one-third of all human accumulation of the past—still I am not satisfied! I think there is still more which can be done!

To every one of you Beloved Children of the Light, who is making such earnest sincere effort, who of you shall say to Me, what I may do for you! I say this even to former students—will you tonight as never before, feel the Reality of Your Freedom; the Power of your Presence surging in and thru you, while I am talking to you? Try to feel that Flood of Light, flow in, thru, and around your body; and into your world, just like water pouring thru your body.

It is so very wonderful, once you can begin to feel the Tangibility of Those Great Currents; because as you become accustomed to It, you can feel It flow thru your body; just as though water were running over your body; or something running thru the flesh of your body. The Vibratory Action, which the Currents of Energy from your Presence produce, goes thru your flesh, quite as readily as the blood flows thru your veins! This is how today in the Service We are endeavoring to give, Our Vibratory Action will so hasten your Victory. It is why We are taking advantage of these opportunities in visiting the Groups; or as the Messengers visit your Groups, We give This Service.

Do any of you think for one moment, Our Words are idle talk? I trust not! It is a Mighty Real Thing, Dear Hearts! You may not quite realize It yet; but We, the Ascended Beings, are the Reality! You—

yet in the limited state, are the unreality; because only in unreality does imperfection exist!

After all, what produces limitation and imperfection of any kind? Certainly not your “I AM Presence”! Then, what does produce it ? Your qualification acting within your feeling world, Dear Hearts! It is the only thing in the world which stands between you and the Perfection which We have. Think of it! Think of it, Beloved Ones! Just your power of qualification, acting within your feeling world, is all that stands between you and the Great Perfection and Freedom which We have!

It is not difficult. You today, can be in Our Same Position; and stand beside Us in such a short time; in comparison with the long period in which you have been drawing yourselves into these limitations. Think of the Mercy of the Great Law, Dear Hearts, that has provided the Means by which Beloved Saint Germain has brought This Understanding, so magnificently to your attention; for you have been centuries, hundreds of centuries, bringing yourselves into this present limitation! Yet, it is absolutely True, in a few months at most, you can—by calling your Presence into action, to use the Violet Consuming Flame, free yourself completely from every discordant and undesirable accumulation of the centuries.

The proof stands before you, and I am going to give the Messenger a Surprise tonight. He wondered why the change took place in the mode of His receiving These Dictations on his return from Honolulu. That was because the last vestige of his own human accumulation, had been consumed.

Remember, please Dear Ones tonight, as the Momentum is gained by the Application of the Students, you are not just in Seattle; you are one with all the Sincere Students—in the mental and feeling world throughout America! Will you please try and remember, in your Application when you are earnest, sincere and determined, you are then acting within the stratum or octave of every other “I AM” Student in America! That is why These Decrees are so powerful to set you Free; because you are having the combined efforts of all for the same purpose.

In rendering the Service to America and your fellowmen, I may not yet say to you, just how much you amplify and intensify your own

Call, for your own Individual Freedom; but remember, a Service of that kind may do for you, what no single human effort would do; because when you Joyously and Willingly give Service to America and your fellowman, you have entered into a Vast Stream of Perfection, Activity and Power!

As you come to realize this, you will see every single effort you make, toward your Freedom and Perfection—in the Acknowledgment of your Presence, becomes a Powerful Thing in your Life, There is no limit to what can be done for you! That is why I have made some seemingly, almost drastic Statements recently; because I want you, if you will, to awaken to the Reality that your Presence is All-powerful. Its Light knows no resistance nor interference, when you call It into action; and to the degree you can feel It, will you have a Speed and Activity, not only in the perfecting of the atomic structure of your body, but in the Expansion of your Light.

In the activity of your world, there is no limit! Try to feel it as never before! I want to say to some of the Blessed Ones here in Seattle who have felt considerable struggle: please do not let your human self govern you longer, in This Understanding of your “I AM Presence.” Try to release It! I will help you! Place everything in the Hands of your Presence! Your Presence is your Treasure-house! Its Wisdom governs everything concerning the Release of the money or what else you require for use. It is the Authority! It is the Certain Release, and if channels be used, Dear Ones, then the Wisdom of your Presence will select those channels! It will bring you in touch with whatever is required, if you really put things in the Hands of the Presence; to release all you require for use. It cannot fail.

Don’t let your human make you waver or longer feel, because of the appearance world, you still exist in the same state, you were in yesterday. Not one of you Beloved Students in Seattle, is the same as you were yesterday. Why? Because We are doing a Tremendous Work in your city; and you will see the result of It later! For everyone who is earnest and sincere, We are releasing into his or her world of activity, a Power from which those Blessed Ones will see the Results.

No matter how great the stress may seem, even tonight, still say to that appearance: “You have no power! There is only One Power which is governing my world and bringing the Release of what I require into my use right now”! When you take that positive firm attitude, there is no human vibratory action in the outer world in which you move, that can touch or delay the Release of this which you require.

For anyone who wants a position say: “Beloved ‘Mighty I AM Presence’ take command of my mind and body! Place me in Your position, where You wish me to be; and cause me to feel and know that no human Being nor creation has any power to prevent it. Therefore, take me Beloved ‘Mighty I AM Presence’ into My Own Right Activity—My Own Right Service and do it right now”! If you will take the Firm Determined Attitude and know your Presence is the Governing Power of your world; and of all else where It wishes to place you, your Victory will come! Do you see no one can be deprived of the Service he or she requires; or the money which such Individuals require for their comfort, shelter and clothing?

Oh for that time, which once before existed in your Beloved America, when everything came forth from the Octave above, precipitated into the use of mankind; clothing, food and everything which was required. Does it seem far off today? Not nearly so far, as you might think!

Remember, the Great Cosmic Light of which the Messengers speak so often, is the Mightiest Power in the Universe! That Cosmic Light as It comes more and more into the Governing Activity of the Earth, just like the Light from your “I AM Presence”—knows no obstruction; knows no interference; and the Cosmic Light is steadily and surely flooding into the Earth everywhere! It is why I mention these things for your encouragement, Dear Ones. FEEL IT! OH FEEL IT! as never before!

If you knew, what your feeling could do, you would be Free within a few hours. Your feeling world is the governing activity; and when you are still enough, your Call to the Presence begins to release Its Mighty Energy, flowing forth like a Mighty River into your world—carrying with It, every good thing which you desire for use. There could be no failure to a Mighty Activity of this kind!

As you are listening to These Words, I am charging into your feeling world Our Conviction! I am sure every one of you will feel It definitely active in your world; to give you Courage, Confidence and Strength; because It all must come from your Presence. The human does not have the Courage, Power and Strength which sustains Individuals thru all conditions; but the Presence does. It will release It into your use, and does do it, as is being proven in hundreds of thousands of cases.

Won't you take the attitude, tonight and henceforth, as the Messenger has so often urged the students to do; when anything shows an appearance in your world of activity which is distressing or limiting—in the first thought you have and the first feeling which operates, before anything else has a chance, just say: "No you don't have any power"! or use the word STOP! As you utter That Word, the Power from your Presence goes forth and holds it, as it were, from your world. Then say: " 'Mighty I AM Presence' Take charge here! Project Your Mighty Presence and Energy into this condition! Bring Perfection and Divine Justice out of it"! If you will do this, you will find no difficulty in releasing the Power of the Presence into action in your world, to perform any given service which you require!

So far as your health is concerned, Dear Ones, don't let your human make you feel, you must yield longer to the appearance of distress or ill health. It has no power! What produces pain, distress and ill health in the body? Discord in the feeling and the belief of the mass of mankind, they are subject to such a condition, which they really are not!

This is where you students of the "Mighty I AM Presence," can be a Magnificent Example to the rest of mankind. So many of the Beloved Students, are the Standing, Living Wondrous Proof of Health established in the body! It is magnificent!

Now let Us for a moment, step forth and see what We may do in This Magnificent Service to be rendered for Our Beloved America today! Don't question Its great need! If you saw as We do, the need, you would give your utmost to make your Call to the "I AM Presence" with such Determination, that all required would be released into action! into the mental and feeling world of mankind and the Earth; for America's Protection and the Blessing of mankind.

On the other hand, for your encouragement, I want to say, since the Messengers came to San Francisco, a Service has been rendered which would to the human, seem absolutely incredible in every way. Not only in America, but in Europe, the great accumulated war entity, is rapidly being dissolved over Europe. I tell you, Beloved Ones, after so many centuries of the lethargy of mankind, it is wonderful to see the Awakening, sufficiently within three short years, less than three years! The people are beginning to call with such earnestness; and release these things from the Presence today. Beloved Ones, it is Unparalleled in the History of Earth!

These things which are invisible to you, are as Tangible to Us as your physical bodies are. Therefore, We do not say these things just for your encouragement. We do it to give you Strength and Power to go on, and on, and on, in This Mighty Call which is doing so much more, than any one could imagine.

Again, I say to you: DON'T give Power nor attention to the appearance world! When only such a short time ago, I was able to render the Service for Bob, Rex, Nada and Pearl and those who were there; and then I see the Service which those Children render today, it is Marvelous. Their Service is again to be in America. They are standing guard and watching over. Today, a frightfully destructive activity was about to find expression, when they caused it to fail utterly! Those Blessed Children are working every hour, for They do not require rest. Because of the Wonderful Service Beloved Saint Germain has given Them, They are rendering an Amazing Service for Him today. Oh, that you could understand and feel This Reality! I know you do to some extent, but could you feel Really Saint Germain's Love and Gratitude to you Loyal Blessed Ones, who are calling forth so earnestly His Great Release, you would see how VERY WONDERFUL it is.

In this Class, those Blessed Children will render a Magnificent Service again! How They long to stir up the young people in America, to the Acknowledgment of the "Mighty I AM Presence"! Oh, in great numbers, so they can render a Service and Assistance, which They are so powerfully able and capable of doing. It will be done! There is no question about it! As the Children have been

moving among the young people in the colleges and Universities; it is very wonderful what They are achieving; what They are accomplishing.

You know how magnificent our young people are today! They are the beginning of the Incoming Perfection of physical form, for most of the young people today have magnificent bodies. Do everything you can to keep those bodies Perfect and Wonderful as they are now; because they become a Mighty Power, as the Out-picturing of the Presence intensifies, for that Service which needs to be rendered.

Tonight, in the Magnificent Vibratory action which is in the room, I long to lift you up and away into Our Octave; where you might see and know all the Perfection which exists; all that is before you, one day you *will know* and share. Be so firm and determined, Beloved Ones, in your Call to the Presence. Don't just look for Results; but go on, and on, in your Call, as though you had everything in the world which you needed; and just loved your Presence and loved to call It into action. Such is the need of the outer self which wins the Mighty Victory.

Suppose your outer need is great! So long as your attention is on it, how can it be dissolved? That is what is the matter, your attention has been too much on the condition, instead of the Presence which dissolves it. As you become aware of this just as if you broke the chains, say: " 'Mighty I AM Presence'! I am not going to get in the way any more! Everything is in Your Hands! Take command of my mind and body and of my world." If it is one whom you want to help, say: "'Mighty I AM Presence!' Take command of that mind and body and his or her world! Produce Your Perfection and hold Your Dominion! Sweep Your Mighty Currents in and thru the body; and out into the world of the Individual; see that one does the Right and Perfect thing, for his or her Success and Accomplishment."

Don't yield to appearances, Beloved Ones! They have no power, except what you give them; and as you come to realize and feel the Fulness of the Authority and Power which is yours; you will find not a single thing stands in your way; not a single delay will come in your application, for the Results which you require. If it is some

emergency, then the Greater Release of the Power will go into action, to fulfill the Requirement of the emergency.

Do you know with the Presence there are no emergencies; because your Higher Mental Body knows far ahead; and as you become still and call to the Presence, you will come to know these things ahead; just the same as your Higher Mental Body does. It is not that you cannot know them; but because of the density of the vibratory action of the structure of your brain and body; they do not record the finer vibrations, which would reveal to you these things, you would so often like to know. This is the practical manner of governing your world, and that is what Attainment means! It is what being still in the outer means.

Your human vibratory action must be still, if you want to have clear definite results, in your call to the Presence.

Suppose you needed Additional Understanding, Knowledge or Directing Intelligence for a given objective. Your Presence and your Higher Mental Body already know what it is you require; and if your outer were still enough and your brain structure vibrating rapidly enough; you would know clearly, definitely and instantly, everything you require; not only today, but days and weeks ahead.

This comes to the important point, Beloved Ones—where the need of mankind is sufficient obedience to the Law of your Life. It brings about the Freedom and Attunement of your brain structure; wherein, you can receive from your Higher Mental Body, the Clear Definite Direction! Sometimes, the Beloved Students jump at conclusions, and when it is still their own human desire acting, they feel it is the Presence. Then, they find they have made mistakes; but in such instances, they should not be discouraged.

So many times Students have felt they were in connection with Saint Germain and really were not! I urge you to be very discriminating. Don't be in a hurry, in your Call to the Presence. When you begin to receive Definite Powerful Direction, you will know It clearly and surely; but don't jump at any conclusion! Wait until you are sure. If Beloved Saint Germain communicates with you, there will be no uncertainty about it, be sure of that! Don't accept someone's communication claiming to be Saint Germain. Be sure it is Him.

We have had many instances to correct in that respect. So be careful! It is not going to delay your Freedom, to wait and demand to know unmistakably. Not at all, and may hasten it tremendously! One blessed lady, when the Messengers were in Portland, believed as firmly as she lived, that she had been receiving communications from Saint Germain. The Messenger knew instantly she had not. He waited for the time to try and explain; but it did not arrive while the Class was on there. Afterwards, a letter came from this blessed one. The Messenger had made the call to Beloved Saint Germain to go and show her the Truth. Simultaneously, she was impelled to make the Call. The time had arrived for the Communication, and with very great firmness, she said: “Now if this communication is not from Saint Germain, see it does not occur,” and it did not occur! Then, she knew the Truth of the Words the Messenger had said to her. It was not Saint Germain communicating with her; and the blessed one was set Free then and there. It was a Magnificent Thing. She was a most earnest person, who believed absolutely she was right; yet the Messenger knew instantly, she was being deceived.

A number of instances of this kind have occurred, so I prompt you, Dear Ones tonight, don’t accept those things, unless some very Definite Powerful Proof has been given; because the sinister force, or that which We call the sinister force, which is discordant human creation, tries to hold its reign over mankind.

In twenty-four hours, the Service which has been rendered your city here, is delightful beyond words. Thousands and thousands of discarnate entities have been taken from your city in twenty-four hours! You have no idea how mankind is affected, by the Individuals who cannot leave the Earth, who long for association with human Beings. Remember always, the Mercy of the Great Law which has made possible This Service for the Earth! Do you realize, only a few years ago, This Service could not have been rendered; because enough of the Free Will of the Individual could not be set aside, until the Great Cosmic Law made It possible.

Do you understand? I feel you do not just understand what We mean, when We speak of the Great Cosmic Light. It is an Activity of the Law of Life for the Earth, directed by a Group of Masters, which the Messengers refer to as the Great Central Sun. That Cosmic Light

is projected into the Earth, by These Great and Mighty Beings Themselves; a Consciously Projected Activity, Dear Ones! It is not an involuntary activity, when We refer to the Great Cosmic Light; but It is projected by This Group of Cosmic Beings who govern This System of Planets. In the seven physical planets, to your System, it acts as a "V" shape, and your Earth is at the lowest point. You came down this side (the left side) and you go up this side. (the right side) You came down here consciously, by turning your attention away from your own "Mighty I AM Presence." You kept lowering and lowering the rate of vibratory action by your attention on things, instead of the Presence; until you find yourself in your present state of density.

Now, you will begin ascending into These Planets above the Earth. Venus is your next one above the Earth on the upward trend. Therefore, Beloved Ones, that is why Venus and the Great Kumaras have been and were Those who of Their Own Volition, offered Their Service to the Earth. They offered It to mankind to whom They could give Assistance; because mankind must in its next step, go to the Great Ones on Venus, if the people do not make their Ascension here now. I do not mean in the next embodiment, but one day the Advance of the Light within Individuals impels them into certain localities.

Those who are now in the Understanding of their "Mighty I AM Presence," making the Call for Assistance, and decreeing for their Ascension in this embodiment, can have Help. Should they for any reason not accomplish it, they will carry This Exact Knowledge with them; when they have thrown off the body. They will go into the Octave of Light and continue their Instruction of the "Mighty I AM Presence." When they come back into embodiment again, they will bring with them in childhood, This Full Understanding of the "Mighty I AM Presence" and the Application of Its Laws. They will then make the Ascension quickly in the next embodiment.

That is the Far-reaching Power and Understanding of your Presence! It is why the Messengers have said to you and why We say to you: "It cannot fail in any manner." As the Messenger has said to you so often, if you will do but One thing in an emergency; still yourself and say: "I AM," "I AM," "I AM," you would release the Power

of your Presence into action! Then and there, when you utter Those Words firmly like that, It is Divinity announcing Its Power and Action at your point in the Universe, where It is expressed. There are no words in the vocabulary of any language which touch one thousandth part the Power of Those Two Words—"I AM."

That is why We ask all, please, in all reference to your Godhead or to Divinity, use the Words "I AM"—or "Mighty I AM Presence"! Do not go on using your old terminology or the things which you have known. They do not carry the Same Power as the Words "I AM"—your "Mighty I AM Presence." Think of what It means, in the vibratory action, to say: "My 'Mighty I AM Presence.' " Its Power is released into and thru your body, every time you say that; and if you say It with Great Firmness and Determination, then the Intensification of your Presence and Its Energy which beats your Heart, is released into and thru your body into action.

There is another point, I want to refer to tonight. Beloved Ones, why do not all have the Clearness of the vibratory action in the brain, which gives them the Clear Direction from the Higher Mental Body? Because of various things which have caused the density of the brain structure; until it does not vibrate rapidly enough, to let the Direction of the Presence come thru.

Shall I make another Very Drastic Statement to you? There is not One Student of the "I AM," who has been in This Understanding one year and is really in earnest, who has not stepped up a receptivity of the Vibratory Action of his or her brain, more than fifty percent in one year! That ought to be encouraging. It is True! It is Absolutely True!

The various habits of mankind which have made the brain structure dense, must be discontinued. They are alcoholic beverages, narcotics and smoke. Smoke is worse than other kinds of use of tobacco in that respect; for the smoke penetrates the fine cells of the brain; and if beloved mankind knew what inhaling smoke did, the people certainly never would do it the second time. These qualities Individuals have drawn into themselves from the appearance world; by the activity of the sinister force, who wanted to make the brain so dense, that mankind could not receive the Divine Direction from the Presence.

Another activity is the waste of the sex energy, which draws from the brain, the Illuminating Power which would cause it to vibrate more rapidly. Then, the density comes also from meat in the system. Too much starch also makes it dense. Those are the five particular activities, which have created greater density in the brain structure of mankind; to prevent it vibrating rapidly enough, to receive clearly and definitely from the Higher Mental Body, whatever would set the people Free, like that. (wave of hand)

These are actual Laws which you are compelled to live in and under. If Individuals wish to correct these conditions themselves, if they have made these mistakes; then We are ready to give Every Assistance Possible. We never judge or condemn mankind; but remember, Beloved Ones, you must be strong in your stand with your Presence; because of your own human creations; because of the mass atmospheric pressure of all mankind in which you are constantly moving.

It is why one has to be strong in the Acceptance of and holding fast to the “I AM Presence”; and it is why the Progress and Expansion of the Light of the Messengers has been so Tremendous; BECAUSE THEY WERE FIRM AND DETERMINED. After Beloved Saint Germain explained to them what was required, they were dynamite in standing guard over their own worlds. They made such Dynamic Application, as you could scarcely imagine; but that is what is required. At first, you must necessarily make firm Determined, Dynamic Application. Then, you will soon break thru, dissolve and consume the accumulation of discord about you, which has prevented your Freedom.

Beloved Ones, when such a Wonderful Condition exists, as is here in this room, We just long to take you in Our Arms and hold you there for a few moments; until every vestige of everything which has ever been accumulated, is dissolved and you stand Free! How We long to do it; but mankind must thru its own Application set Individuals Free! Wherever the effort is in earnest, We will give Assistance to the limit. Never doubt that, Beloved Ones. You are never alone when you have entered This Stream of Light; never in the world, because some of Us are always watching over, to see

where Assistance is needed, for We know far better than you, when It is needed.

Tonight in this most delightful hour, may you feel the Full Release of all that is yours! I say to you: do not longer accept any limitation! The Power of your “Mighty I AM Presence” take command of you and your world! Silence the human within each one! Cause it to be obedient to the Great Law of Life! Cause it to cease forever, requalifying this Pure, Perfect Energy which flows forth from the Presence and into your body, with any discordant feeling. Take command of each body, “Mighty I AM Presence” tonight! Hold the human so calm and serene, Joyful and filled with the Great Loving Harmony and Blessing; that Its Energy flows forth just like a Mighty River, performing Its Purifying Service! Then, let It go out into your world, harmonizing everything and bringing the Release of everything which is required.

I charge your Higher Mental Body, every one, tonight, from this moment—to stand guard over these bodies, with such Invincible Power that no longer is the human discordant. No longer, does it accept the appearance world of discord and limitations; but in the Great Calm Serenity, thru calling to the Presence; receive Its Out-pouring Limitlessly in Its action to produce Health, Harmony, Joy, Courage and Strength in the body. It goes out into the world of each one, producing Its Harmonizing Activity; Its Successful Achievement and filling each one with the Conscious Power of his or her own “Mighty I AM Presence.” Keep It flowing forth with Its Mighty Directing Intelligence, which makes no mistakes.

“Mighty I AM Presence”! tonight, assert Your Dominion in every one! Glorify Yourself in Your Expression thru mankind without limit! To those who are in this room tonight, for which a Special Service can be rendered, see It is rendered this hour!

In the Fulness of Our Love and Blessings, the Host of Ascended Masters, the Legion of Light and the Great Cosmic Beings, release into the world of these Blessed Ones—the Courage and Strength, Self-control and Dominion. There they can give co-operation to the Law of Life, the “Mighty I AM Presence”—which will enable It to release quickly, Its Mighty Power of the Violet Consuming Flame; to dissolve and consume every vestige of human creation about them.

By Its Mighty Directing Intelligence, pour forth Its Mighty Intelligent Direction and show them the Way of Life which the Presence is!

Our Love enfolds you always unto your Freedom and Ascension. Try to accept even your Ascension as Real now! for the Final Goal of all pilgrimage upon Earth, is your Ascension, all of which is as practical as anything in your outer world. Try to feel all of This Great Reality of Freedom. Live in It! Be it! Then see how quickly, It will come into the Full Power of Expression forever sustained!

I thank you.

DISCOURSE XII

August 15, 1937

SEATTLE, WASHINGTON

Beloved Ones of Seattle, sometime ago you will remember, because of the Out-pouring of the Great Cosmic Light to mankind, I was able to set aside the action of time and space. In other words, dissolve and consume for you and all of the Students of the "I AM" throughout America—one-third of their own human creation. If you understood this, it would give every one Infinite Joy, Courage and Strength!

Now, I have an added Joy to relate to you today. Since the twenty-first of July, when the recent Great Release of the Cosmic Light struck the Earth; I have been able to dissolve and consume another one-third of your own human creation for you! That means two-thirds of your own human accumulation of the centuries, including the present—has been dissolved and consumed for you!

That is how Great Our Love is for you! It means every sincere "I AM" Student in America and the World; for many have now become sincere Students in almost every country of the World. Will you try for just a few moments, to feel with Me just what THAT means to you? Beloved Saint Germain told you, your own human creation was ten times more pressure upon you, than the atmospheric pressure of Earth. Then it means also, two-thirds of the pressure of your own human creation is released from you, from your physical world. Why do I call your attention to this? Because of the Power of your Attention, which gives you the Realization; for I know you believe, I tell you the Truth.

Notice this carefully, for I am endeavoring to give you the Full Feeling—that two-thirds of your own human creation have been dissolved and consumed for you. It means two-thirds of the pressure, which is wholly an independent activity from the usual effect of your own creation, has been released from acting upon you. It is a Tremendous Thing, Beloved Ones; and it makes your own effort in your own Call to your Presence, two-thirds easier for you.

That has gone into Activity, since the twenty-first of July, since twelve o'clock on the beginning of the twenty-first. I wish you might feel quite definitely, all of These Great Cosmic Activities which sweep into action for the Earth, are a very definite thing. Ordinarily, all of the Cosmic Activity of the Earth came in, as a Gentle Blending into the atmosphere of Earth; because mankind was not yet sufficiently prepared; but as This "I AM" Activity has continued to act thru your Decrees, in Its Various Pulsations to Earth; mankind has been prepared. Now like that (a wave of the hand) It comes in a sweep, instead of the Gentle Activity which was required before. This is why We want your Attention to be on these things; because thru your Attention, much more can be done for you, than if you were not aware of It.

Let Me assure you, Beloved Ones, your Attention is so Powerful! Remind yourselves every morning, when you awake: "Now what my attention is on I become! Where my attention is, there I am"! Then you won't want to let your attention be on destructive or limiting things; because you know you become what you contemplate.

Every moment your attention is on gossip, criticism or condemnation, you are becoming that yourself! You may be ever so innocent of any feeling; but if you begin to revolve or discuss criticism, condemnation, judgment, hatred, anger, jealousy and all those things; you are charging them into your world, which you will have to experience to some degree! This is why the Power of your Attention is the most Gigantic Thing in the use of mankind today!

Your Power of Qualification and your physical eyesight, your vision, have a triple activity, which if governed constructively, will fill your world quickly with Perfection of every description! It is why in This Explanation today, I take the opportunity again to remind you of these things.

Don't think any one of you escapes! That is why I want to use this opportunity, to say to the Groups in Seattle, you waste your time; if you allow yourselves to criticize, condemn or judge anyone, any person, place or condition! You are not harming any other person; but you are harming yourselves, by filling your worlds with the quality upon which your attention rests. You cannot avoid it! So don't be foolish, Dear Ones! You should be thinking about yourselves. You

cannot harm anyone else, but you do harm yourselves more than you will ever know; by a continuation of any of those activities—criticism or gossip!

I know this Good Messenger will pardon Me for interrupting with a few Explanations; but do you realize what sometimes one sentence of gossip will do? It will wreck human lives! You do KNOW It in your calm moments! THEN, DO NOT LET ANY EXCITEMENT OR FIT OF ANGER, CAUSE YOU TO SAY UNKIND THINGS, SOMETIMES FALSEHOODS—COMPLETELY! BECAUSE ANGER KNOWS NO DISCRIMINATION! IT CARES ABOUT NOTHING EXCEPT TO DESTROY! IF THAT QUALITY IS ACTING IN YOU, THEN FOR THAT MOMENT, THERE IS ONLY DESTRUCTION ACTING.

These are vital things! You who touch This Stream of Light and have come to know the "I AM Presence," must know such discordant feeling is not permissible; for it is you who are being destroyed, limited and interfered with! You don't harm anyone else! You might affect them temporarily, but very little; especially you cannot affect the Students of the "I AM," who know how to protect themselves! Dear Hearts, I could cite to you in your earthly activity, thousands and thousands of homes and families which have been wrecked, by a sudden angry vicious sentence or remark. Oh, as you value your lives, Beloved Ones of the Light, never allow yourselves to say an unkind word, about another one of your fellow Beings! One day, you will have to face it. Now in the Onrush of the Great Cosmic Light into the outer world, which is coming more and more quickly, you won't have so much time to escape it!

We have been compelled to stand by and see happy families, happy husbands and wives separated by vicious gossip, in which there was not a Word of Truth! It is a tragedy before the face of mankind! That thing is done constantly! Over the bridge games, in the social gossip of the world, tragedy is created each day! Oh, the pity, the pity of it!

Sometimes people think they can say a word, a sentence of falsehood; and they know it is false when they say it. Yet that impulse comes on and acts; and then destruction starts and it

gathers. Homes, happiness and sometimes whole embodiments are destroyed—by a thoughtless, cruel, unkind word.

We see! We have to see! all of such unhappiness acting within mankind! Today when the opportunity is so great and Complete Understanding is before you, in how to govern these things—why they produce certain effects and limitations upon mankind—won't you join Us; every one of you, in stopping instantly every attempt at gossip? Oh, it is the most frightful thing in the activity of mankind! We know of one instance now, where the greatest injustice is being done; and those who have started it, will weep in sorrow for the mistake.

I prompt you, We want you to be Free; but you cannot do it, Precious Ones of the Light, as long as you allow these qualities to act in your feeling world, and give expression to them. There is no provocation for these things! It is only because the old destructive momentum generated by mankind, is acting in the atmosphere of Earth; and people, who do not know how to protect themselves, take it on. It is like one impulse after another, forming a momentum! The moment people get too much gin, they begin to talk! If they get a little excited, they begin to talk! If they become a little angered, they begin to talk! That is the human impulse of the destructive qualities within the human Being.

It is why under the old order, the students who went to the Retreat, were held in Absolute Silence for from three to five years! They never were allowed to speak a word! That taught one obedience! You today, are being taught by the experience of the outer world.

The Light is before you! Use it, Dear Ones, and have the Blessing and the Freedom which It brings! Remember, you are the Chooser, the Decreer how this energy is going to act in your world! Don't make any mistake about it. If you insist on allowing discord to act within your feeling world, falsehood and gossip; then you will reap those qualities and it is a most unhappy reaping.

So today, in My Calling your attention to the Achievement which has been attained; whose Blessing We are so happy to have given to the Students of the "I AM" throughout the World; and in the prepared atmosphere today, I have taken the opportunity to prompt

you again; not to do the things which bring destruction into your world.

I thank you very much!

DISCOURSE XIII

September 18, 1937
NEW BEDFORD, MASSACHUSETTS

Beloved Students of America! Great is your Privilege! Imperative is the need of your Call to God, your "Mighty I AM Presence"; to release Its Power into the activity of the physical world, to give the Assistance to mankind which is necessary today.

The world, as you commonly use the term, is "on the spot"—before the Great Cosmic Light! It will not tolerate longer mankind's tardiness, let us call it, in giving forth the assistance which is required today.

If you have not known it before, you shall tonight! There is no destructive force in the Earth or anywhere else which is not caused by human Beings! The only place where the destructive force exists is upon your Earth and in its atmosphere; which is known as the psychic or astral world. Make no mistake about it; in the psychic or astral world, which is but discordant human creation, there is no good thing; and there are no gradations of that octave of vibratory action!

Everything of a destructive nature which is generated by mankind, is held within that octave from the surface of the Earth up to approximately seven thousand feet. It is known as the astral or psychic world; in which humanity is compelled to move all the time unless—observe the Chart—unless mankind will understand the "I AM Presence," the Individualized Presence of God; and call It into action to form about the outer self the Tube of Light, which can be made Invincible to all surrounding discord. As Individuals call the Presence to do this, they will find themselves enveloped in a Tube of Invincible Protection; in which they can move among mankind, untouched by discord.

Students everywhere throughout America, who have been earnest and sincere and called the Presence into action to produce the Tube of Light, have had Its Results! Mrs. Ballard and This Good Messenger have been compelled to call That into action in order to

survive; and they have gone forth expanding the Activity of the Light, untouched by the discord of the outer world.

So you too, Beloved Ones, if you will call the Presence to formulate This Tube of Light about you, can do the same thing. It is a part of yourself! Observe the Chart! Again, That Stream of Light and Energy is you! When you call the Presence into action, to formulate This Tube of Light about you, the Higher Mental Body takes the Radiance from your Call up to the Presence, which forms the Tube of Light and establishes It about you as definitely as a wall of steel.

Remember, That Light which comes from your Presence is Self-Luminous, Intelligent Substance; from which everything in human form came forth or ever will come. Your experience in human forms, is but your Life clothed in the more condensed discord of human feeling; thru which That Mighty Light and Energy is trying to expand Perfection. Remember, the greater density, is caused by the discord which has generated in your feelings. Discord is the only thing which makes density of form.

Once you free yourselves and your feeling world, which is as far as your hands extend around you—sometimes farther—from every discord and hold your world Harmonious; you will find the Powers of the Presence flowing thru; and Perfection will reign in your world! Then, the Limitless Presence and Supply of everything you need for your use, will come forth with the ease of breathing. It is the Natural Law of your Being!

You, thru discord have closed the door, by giving power to the appearance world; which has not one ounce of power, so far as you or your world are concerned, except what is given it. How do you do it? By your attention upon the appearance of limitations, which feeds your Life into it, to come back and limit you. Without your energy it could not touch your world; because it has to come into your world by your Stream of Life and Energy, which goes out thru the Power of your attention!

Beloved Ones, remember, you have three faculties within your Being, each one of which is All-powerful! Your Attention; your Visualization, which is your physical eye-sight; and your Power of Qualification! That which is invisible to you, is the thing which plays the greatest havoc in your world, and it is your power of qualification;

because everything which comes into your world, must come THRU YOU into your world of activity. If your feeling is discordant, then it will carry whatever that discord is, into your world and produce of its kind.

These are things which mankind has not understood and the people have gone on, and on and on, feeding discord thru their feeling. All the time their discord was being carried thru this Mighty Current of Energy out into their worlds; producing discord, chaos, limitation and failure.

I tell you, Dear Ones, no person on the face of this Earth, who once becomes aware of the "I AM Presence," which beats each Heart; who will give It sincere, earnest attention and call Its Powers into action, will ever find himself or herself in need of anything. Individuals will have Omnipresent in their worlds for use, everything their Hearts desire, and there is no exception to It!

The feeling world of mankind, must be kept Harmonious, so it no longer clothes with discord, this Energy which flows from the Presence and goes out into the World. That Powerful Energy will go out into your world and produce Harmony and Perfection everywhere. Then, every one who touches your world, will have the use of everything which is required.

The human limitation within mankind, has made the people feel —because they have forgotten the "I AM Presence"—that all is here within the human form; and its authority is the intellect. The people have felt it is what the Individual sees out here, from which they must gather their power of achievement. Behold the Chart! When so-called death ensues, observe the form which was active a moment before. It no longer has Power, Intelligence nor Action! Then, what happened? Where was That Energy? Where was That Activity? Where was That Power, by which the human form acted a few moments before? Within the Stream of Energy which comes from the Heart of God, your "I AM Presence"!

Remember, Dear Hearts, That Stream of Light and Energy is not just a Principle; but It holds within It the Intelligence, the Power, the Action which every human Being is using and requires in order to have action. Then knowing that, how can any human Being in the outer world, claim Power unto its intellect of itself? It has been the

mistake of all mankind! Thru intellectual attainment in all outer activities of Life; law, medicine, music, where the Individual thru practice and application of the outer, has attained a certain degree of mastery, it has claimed the Power in those particular streams of activity, according to their understanding at the time.

While their attention was on the outer things and the desire was acting, It was the Power, Intelligence and Activity of the Presence, which gave them whatever achievement they had. When the people understand this and know everything comes from the "I AM Presence" which gives them Life; they will place the Power where It belongs. They will be enabled to draw This Power forth in a Tremendously Greater Volume; and sweep out of their worlds, every limiting discordant thing, which ever had been drawn there—even though the individuals physically were responsible for it.

When one understands, how to call on the Law of Forgiveness, for all mistakes which have ever been made, it is One of the Greatest Things any Individual can do! Then, you prove to the Presence you want to be set Right; you are not claiming Powers which do not belong to your physical body; because all comes from your Presence! When you call to your "I AM Presence," acknowledging It as the Only Power, you will be able to release into your world of activity—from your Life Stream, This Great Power and Energy which is without limit, exactly as We are able to wield It today!

Think of those Precious Children—Bob, Rex, Nada and Pearl, whom Beloved Saint Germain brought to Me in India at Chananda's Home! There in the Cave of Blazing Light, they were set Free forever! Today, think of it, Beloved Ones! Those Children made that long journey there physically. Today, I have come to you. Does It mean anything to you? It might sound like a childish question; but I say it for a Reason, even to the former students. "Does that mean anything to you"? Everything in the world, Precious Ones!

Try to follow Me, just a few moments, in feeling what the Power and Release of Our Power of Divine Love means in your world! While the Messenger is repeating My Words to you, I stand here connecting Myself with your Heart, every one of you. Will you notice I do not ask your permission. Then I am enabled to render you a

Service which the outer could not possibly comprehend at the moment; but THAT, which I do for you will continue forever; until you, thru your own Call to the Presence, set yourselves Free.

Dear Ones, please use the Terminology which We have given you. The Words, “I AM,” as written in English today, have come down from the Beginning of mankind’s appearance upon the Earth. In the Royal Teton—on your map, known as the Grand Teton, there are the Records of these civilizations—every one which has ever been on Earth. In every language which was used during those many civilizations—the Words, “I AM” as written in English today are there; showing Those Two Words are the Power of God.

Mankind needs to learn to use Those Words, as We do. In any crisis, if the Individual did not think of anything else just for the moment, and would say: “I AM,” “I AM,” “I AM,” It would release the Powers of the Presence into action! Ofttimes it would perform a so-called Miracle for him or her, then and there! That is the Power of those Two Words; and there are no two words in the vocabulary of human experience, which release the Power Those Two Words do. The Words, “God,” “Divine Mind,” “Divinity” and all other Terminology used to express the Godhead, do not contain the Power the Words “I AM” do. That is the Reason why Beloved Saint Germain has brought This Use of the “I AM” forth to mankind at this time. It is the Power which sets the people Free! Why? Because It is their own Life!

Your “Mighty I AM Presence,” your Individualized Presence of God which beats your Heart, is your Life; and your Life contains everything which is for your Perfection. Beloved Ones, in That Stream of Light and Energy from your Presence, is everything required for the Perfection of you and your world and It is without limit! Only as you have felt limitation from the appearance world, have you limited yourselves! It is not the Presence who has limited you. Today, you are in a position in This Understanding of your Presence, to set yourselves Free in a comparatively short time.

We have gone thru the experiences of mankind. My Experience of course was a long time ago. Beloved Saint Germain and Those who have more recently made the Ascension—for instance the Children, Bob, Rex, Nada and Pearl, have been able to set themselves Free!

The Beloved Master, Jesus, left the Example to mankind, but who believed It? Who was willing to try to fulfill It? Yet, He said: “All These Things I have done, ye shall do”!

Beloved Ones, why is Saint Germain the One today, Who was chosen by the Great Cosmic Light, to bring forth This Activity? Because the Seventh Ray, under which He is acting, compels Him to be the One to bring forth the Freedom of mankind! America being the “Crystal Cup” which is the Freedom of the Earth, compels America to be the Focal Point of That Freedom for the World. It is not a matter of anyone’s choice. It is a Law, a Great Cosmic Law, which has made Saint Germain the Active Individual for Our Freedom. It is the Cosmic Law which has made America, the “Cup” to release the Light of the future!

Think of it, in India, where so Great a Light has been among a few; yet the great mass of people in India, are bound far worse than you are. Why? Because the teaching which has come forth in the past, has taught the people of India meditation; in which hundreds and thousands of them sit down in a posture; and release themselves from the body and go out into Samadhi. They do go into That Exquisite Realm or Octave of Light; but what good is it doing?

The need, today, is to bring Our Perfection down into the human octave—where mankind has created the discord; and to produce Perfection here! Unless mankind understands the “I AM Presence,” there is no hope of ever bringing That Perfection in Its Fulness into the physical octave, where It is required to set mankind Free.

It is why, today, there is no Knowledge in the whole world, which can do for mankind what the Understanding of this “Mighty I AM Presence” can do for you! I say to you as the Messengers have said time, and time again: “Whether you ever heard of the Messengers again or not; if you will give your attention to your own God Presence, the ‘Mighty I AM,’ and harmoniously abide within It; by the very Power of your attention to It, you would not need anyone in the world to tell you the Power of Life; or how to bring your own God Presence forth into action! It is the ONLY WAY mankind is to be Free in this World”!

Today, the Greatness, the Power, with which you can set yourself Free in This Acknowledgment, is unparalleled in the history

of the Earth; and I say this, as One who knows; One who has followed civilization after civilization thru centuries without number!

Beloved people, I plead with you, do not accept for one single moment more, there is such a thing as death in this Universe. There never was and never will be! What seems to be so, is but the change of form. When the body is cast aside, the Energy which comes thru the top of your head and anchors within your Heart, simply disconnects and withdraws into the Higher Mental Body of the Individual, who is reasonably constructive. Between your human form and your God-Self, your "Mighty I AM," is your Higher Mental Body—a Form just as Tangible in Its Own Octave, as your flesh body is here. It is your Discriminating Selective Intelligence which acts with the Power of the Presence! It knows the Perfection which the Presence is, and knows the imperfection which you have drawn about you, but will not accept it into Its own World. When you call to your Presence, the Great Law and Power of the Universe, is set into action to fulfill your command, your Decree, and It cannot fail! It is impossible! If It seems to, it is only because your human doubts and fears have rushed in, with such power they have carried their qualities into your feeling and out into your world to produce more of their kind.

It is why We say to you, if you will harmonize your feeling and maintain Harmony; then call your "I AM Presence" into action; there is not a thing in the world, It will not produce for you—not one thing! There is no Power to resist your Presence in the World. All the human Beings in the World, have no Power against your Presence! All the limitations in your world have no Power, except the Power which you give them thru your attention! Will you believe that and set about at once, to set yourselves Free in the Acknowledgment of your Presence?

Because you have made mistakes, is no reason you should longer live in them! It is quite within your own choice! You can be Free, if you will! If you believe what I say, you can be Free in no time! If you will not believe It, then you will have to go on in your limitations! One day, Beloved Ones, you will realize We do not talk to hear Ourselves. We are far beyond exploitation; but We Love mankind with a Love which the human cannot yet understand;

because We see the Light within mankind expanding to the Power and Point, where the people can be given This Unlimited Assistance which We are offering, and they shall have It!

When I have come into these Classes, seeing the need of mankind and the Service I could render; seeing, feeling, and hearing the Call of those Beloved Students throughout America, It would melt a heart of stone. Sometimes in the secret of their own chamber, such a Call goes out from their Hearts, It would melt a stone. Then do you think for one moment, I would not respond to that and give the Assistance those Blessed Beings require; to set them Free, as quickly as possible, from all they have accumulated throughout the centuries?

Don't make any mistake! I am no dis-embodied spirit speaking! "I AM" a Cosmic Being, Who knows no limitation! I wield Power which with a Wave of My Hand could lift this building and cause it to float in the air! That is what it means, in My coming to render This Assistance to mankind! Let whoever wants to, believe it or not, as they like! One day, not so far distant, Beloved Ones, you will begin to see the Power of the Infinite Light; manifested upon Earth once again, as It did eight hundred thousand years ago!

Human Beings in their human sense of time, have so limited themselves in believing all there is in existence, is within the scope of the human vision. If it were, it would be a travesty upon the Activity of the Universe. You, who might be here for the first time, be kind enough to take one of those Charts, either in the book or the single Chart and hold It before yourself every night before you retire! Speak to the "I AM Presence," represented in the Chart, which beats your Heart! Continue with kindliness and earnest desire, to have and know the Truth; and tell Me in six months, if you do not have the Proof within yourself of what That Presence is to you?

This is a Law and an Understanding which every human Being can prove to himself or herself, if each one will. If people do not want to, it is quite their own affair, but We are calling to the people of Earth, who want to be Free; who will set aside all human concepts of what they suppose might be, and enter into This Stream of Light; call the Presence into action and have the Proof within themselves—the ONLY THING which amounts to anything is God, the "Mighty I AM

Presence”! It is their Instantaneous Freedom from the mistakes of the human creation of Earth! It is within the reach of every one in This Understanding!

Beloved Ones, I must offer a Word to you, tonight, concerning that Magnificent Being, the Ascended Master, Saint Germain, who has brought to you This Magnificent Understanding. Remember, Saint Germain said to Me in the beginning, He would try This out and I said to Him: “Do you think, you can find some strong enough in the outer world of mankind, to stand against what will be forced and focused at them, if they undertake to spread This Light?” He said: “I think I can.”

Then, the Beloved Nada and Lanto, Who is in charge of the Retreat at the Royal Teton, were the Only Ones who stood with Beloved Saint Germain, in His Feeling It could be done! Saint Germain knew, because He had looked into the Life Stream of the Messengers, who were once His Children; and saw that with their obedience, It could be done. It has been done, thanks to His Wondrous Presence!

Dear People, out of the humble efforts of the Messengers, more than three hundred thousand people in America and the World, today, are having their Freedom, in three short years! This is what I want you to understand, if you will:

No matter what your mistakes have been, there is not a thing which cannot be remedied, if you will call on the Law of Forgiveness! Call your “I AM Presence” into action, to dissolve and consume every discordant thing! Then you can have your Freedom! You do not longer have to live in the limitations and mistakes you have made in the past.

Remember to observe the Chart! You see there represented, the Tube of Light and the Violet Consuming Flame. No human Being on This Earth, can be Free from his or her own human creations; unless each one will call his or her own God Presence to establish the Tube of Light about that one! Then call the Violet Consuming Flame within It, to pass from the feet up thru the physical body; and that one’s mental and feeling world—like a great blowtorch, which gives you the feeling and sense of ACCOMPLISHMENT! It will dissolve and

consume every discordant thing which has ever been drawn about you.

Every Individual can do This, who will! It is how Mr. and Mrs. Ballard, the Messengers, have been enabled to carry This Activity forward; because they move within That Tube of Light. Twice a day, they use the Violet Consuming Flame to keep every discordant thing dissolved, which had ever been accumulated thru their activities and embodiments.

Whether you believe it or not, you have lived hundreds and perhaps thousands of embodiments similar to this. If that startles you, I would just rest in it awhile. It is True! Suppose you have lived thousands of embodiments, similar to this. Necessarily the mistakes may have been many and great. Then think of the Mercy of the Great Law, the Light of God, the "Mighty I AM Presence"—which has provided a Means, by which in a few weeks or months, you can dissolve and consume the cause of every discordant thing, which has ever been accumulated about you thru the centuries! Dear People, no such Thing was ever known in the history of the World, as This Opportunity which stands before you today! Now understand We are wholly unconcerned who believes or who does not! We present The Law to mankind! All may use It, if they will! If they won't, they will continue on in their limitation and distress; but the Opportunity is here, to call forth This Law into action and be Free; from everything that distresses you in any manner whatsoever!

It does not mean you can just say: "Now here 'Mighty I AM Presence' You can do this," then you run along and do anything you please! It means you are compelled to give obedience to This Great Presence and the Light, which is; first, Harmony in your feeling; then call Its Powers into action; then cease the old human habits, which have charged your world with discord and imperfection! That means —now hold tight to your chairs—Dear Hearts: all destructive habits must cease from your Life! It means the sex activity must cease, which is not for pro-creation of your kind! It means tobacco must go in all its forms! It means all intoxicants must go in all their forms! It means all dope must cease from the Earth forever! It means that every human Being who listens to agitation of any kind, whether it be

communism or whether it be the unions, is depriving that one of Freedom!

Let Me just for a moment, call your attention to the need of the World today. In every civilization which has ever been, the same thing has occurred over, and over and over again—always ending in the destruction of the civilization; by this same element which is called communism and the strike agitators in the world. Their destruction drives in and stirs mankind up to where it has no Governing Intelligence; and the destruction becomes so great in the world, that people destroy themselves; and those who do not destroy themselves are destroyed by each other!

Look at the Orient today! Look in Spain! Dear People, if you saw all actually taking place there today, you would not care to look the second time.

Why have We come from our Great Cosmic Activities, to try to help mankind understand the need of today? Because America is the "Cup of Light" to the World; and to prevent this destruction coming into your America. Dear People, unless enough of mankind make This Call to the Presence, that same thing will sweep your America! As you may know, if you care to observe today, the destructive element is unparalleled in the Orient; for no quarter is given men, women or children of any kind. Everything is destroyed, before the onrush of its destructive power.

That is what We are trying to prevent coming into your Blessed America! Why do We give This Assistance to America? Because America must be the "Cup of Light," for the World, if it is to exist! Because in a previous time It was the "Cup of Light"! It has come again into a Cycle where It must be the "Cup of Light" now; or the World will not survive! Dear Ones, the proof is before anyone of mankind who cares to look!

In the Call of the Beloved "I AM" Students of America today, the Service rendered had been UNPARALLELED in the history of the Earth; which proves enough of mankind are calling. We are nearing THAT POINT—where the Power of the Presence, the Light of God, will again rule upon Earth; and bring Its Mighty Activity into Dominion! This is how We know what is required; and what will bring the Dominion of the Light and Its Perfection on Earth.

So today, if you care to give assistance, the Power of your Presence, will answer your Call. These Blessed Ones here, have so marvelously and faithfully been issuing These Mighty Decrees; for the Blessing and Freedom of America and Europe, as you have heard them tonight. Can any of mankind render so Great a Service to their fellow Beings across the Earth; as those Mighty Decrees issued for the Freedom of Europe, Asia and the Orient from the ravages of war! There is only One Power, One Presence in the Universe, which is the Solution of these things; whether it be for the Individual or the nation. That is the Power of God, the "Mighty I AM Presence," called into action!

NOTICE, THIS IS A WHOLLY DIFFERENT ACTIVITY, FROM ANYTHING YOU HAVE KNOWN BEFORE; BECAUSE IN THE RECOGNITION OF YOUR OWN INDIVIDUAL GOD PRESENCE, THE "MIGHTY I AM," WHICH YOU CAN CALL INTO ACTION, A POWER IS RELEASED A THOUSAND TIMES GREATER, THAN ANYTHING WHICH CAN BE RELEASED IN THINKING OF GOD AS AN OMNIPRESENCE! That is why This Activity produces such Powerful Results in the Life of the Individual. IT IS THE ONLY PERMANENT SOLUTION OF ANYTHING THERE IS; and if enough of humanity will call, the Solution of the many problems in the city, the state, the Nation will be released; and their conditions will be solved by This Light of God!

Remember, as the blessed brother said tonight, as you go forth, you will receive Washington's Vision. The third episode referred to there, is the thing We are trying to prevent! Remember, That Great Being, the Goddess of Liberty, Whom one day you shall know, said to him: "If necessary, the Light as of a Thousand Suns would descend into the Earth; and dissolve all human selfishness and discord from the planet." That is The Law! That will be done! The Great Arcturus in His Dictation, used almost identically the Same Words! If it were not for the Release of Our Great Light, there would not be a hope for humanity today!

Is there any one in this room who actually feels this which is occurring in China today, could not come into your city? Do not make that mistake ! You do not know how soon it could come; and in the

use of destructive powers today, in fifteen minutes, the largest city in America could be destroyed!

You are facing a mighty crisis! Do not look upon it lightly, I plead with you! When I said to you, “We do not talk to hear Ourselves,” I want you to remember It; but We are trying to strengthen and encourage you; to give forth such a Powerful Call to your “I AM Presence”; and Release such a Power of Its Activity, that This Service can be rendered to mankind and the Earth. This Help can be given, if enough call.

We are Free! We are in no danger, but you are! Then, will you join Us in all the Powers of your Being, to make That Call to your own God Presence, the “Mighty I AM”—to release such Power into the Earth, none of these things, dare enter your world of America?

We always take advantage of the opportunities, such as Constitution Day! We observed among mankind, that which gives Us the Greatest Rejoicing possible. When those great parades went like a river thru the streets of the city (Boston); and We saw the people in lines on either side, when That Wondrous Flag came forth, raise their hats to Their Flag—then We knew the Heart of America was not asleep! Then We knew in the Heart of every human Being, is a Love for That Flag, which represents Freedom to the Earth!

Remember, Dear Hearts, the Statue of Liberty in New York harbor represents, a Great Cosmic Being—Who will one day release Her Power into the Earth and assist mankind. Today, Our Assistance from every conceivable angle, is coming in to bless mankind and the Earth.

Will each of you with Us, go down in the Records of the Earth, as one who loved his fellow man enough, to call to his own God Presence so powerfully, It would release those Powers which protected them and set them Free? We are making the Call for you; but We had no power to do that, until Beloved Saint Germain brought your attention to your Authority, your Ability, your Power of the “Mighty I AM Presence.” Then, We began to release more and more Power of the Cosmic Light to assist you!

As It goes on, one day, you shall know the Truth of every Word that the Messengers have spoken to you, in behalf of America and Her Freedom; and the Glory of God which shall again reign upon

Earth! The “Light of God never fails” in anything! You are That Light which beats your Heart ! Your Heart is the “Light of God that never fails” in anything!

I thank you!

DISCOURSE XIV

September 30, 1937

BOSTON, MASSACHUSETTS

Beloved Students of Boston and all who are here from other parts of America, I wish you to know today, for your great strength and encouragement; that Three Great Achievements have been accomplished thus far, during this Class. One concerning your City of Boston and two concerning your Beloved America, Our Beloved America. They are Achievements, which We could scarcely have hoped for, when This Class began. The Law does not permit Me to give you a detailed Explanation of this at the present, but whenever It does, you shall have It. It is best at the present that no further outer attention be given to It, except to know of the Great Achievement.

We have been trying for almost eight months, to bring about certain conditions, which to some degree had to come from the release of the feeling within the students, which would enable Us to do this; for remember, in all We do for America and yourselves, We must have a certain amount of your FEELING or Out-pouring of Adoration and Gratitude to accomplish It.

Try to be at Peace, all of you, concerning the number of Students here. The number is not so important. While it is always appreciated by Us, yet it is the volume of the Power of Divine Love, Gratitude and Acceptance RELEASED, which enables the Work to be done. It is why We have not said this to you in just so many words, but I shall do it now: “There is a very Great Reason for your 100% Groups and that is the feeling which you release there. I ask the Individuals who are members of those 100% Groups; do you not have a different feeling within you, in entering the 100% Groups, than you do in what is termed an ordinary Group? Do you not feel a more Sacred Power and Greater Firmness in your feelings than otherwise? If you have not noticed It, I ask you to watch It; because that is the case, as We have observed.”

Whatever will call forth from you thru the feeling, the Most Divine, the Most Sacred Feeling of the Power of Achievement, gives

you the Greatest Power; not only in your Assistance to America, but to your own Individual world. It is why every earnest sincere student should watch. I do not mean this from an outer standpoint; but analyze just what feeling is operating in you, occasionally; so you may hold it in obedience to the greatest extent, for the Requirements of the Presence.

You have no idea, Beloved Ones, how old momentum, unknown to you in the outer at the present, acts subtly in your feeling world. That is why the Guard is always needed, every night and morning. At night before you retire, and in the morning when you awaken, call the Presence to set That Guard into action, in and over your feeling world. As you do It, you will find Tremendous Assistance given.

Our Rejoicing is so great, in being able to accomplish these things, for These Three Points Accomplished are eternally sustained. I thank you for your willingness, not to be curious to know all about It. Do you know, Dear Hearts, and because this is so remarkable, I must mention it to you: when I referred to this, there was no curiosity went forth from any one! That I consider an amazing achievement within you! You rested in what I said. Thank you with all My Heart. Once you understand It you will rejoice. It is magnificent, for it shows a poise gained within you of Self-control, Precious Ones. Never lose It! I congratulate you!

Now, it is not My Intent to talk to you further than to acquaint you with this; because of what the Power of your attention does. Dear Precious People, your attention is the Most Powerful Thing. Once you can realize the Fulness of what you can do by the Power of your attention, there will not be one thing in the world which will retard, interfere with or bind you any longer. Your attention upon the “I AM Presence” is the Release of Infinite Power for every single Requirement of yours or whatever you might wish to do for others.

In My Closing Words, I want to assure you today, there have been released into this room, perhaps the Most Powerful Healing Currents in any of the Classes. There are so many calling forth to This Class for Assistance from all over America, that We are releasing this intentionally. Now will you be kind enough by the Power of your attention, to direct These Currents of Energy to anyone whom you know to be worthy; or to whom you want to give

assistance, so they may have the Help? It is a Wonderful Opportunity.

Also while I have this opportunity, I wish to thank the People of Boston, who have come here for the first time, who have accepted; and who have already received such a Great Blessing. I assure you, each one, that it is just the beginning of the Freedom and Blessing, which you can have and call forth into your world.

I might offer this suggestion to you and to all Students and Group Leaders throughout America: If you will stand by firmly in your Call; and ask the "I AM Presence," to reach out Its Hands and bring the earnest sincere people, who are seeking This Light, into the Classes, into your Groups and keep out all others; you will find you will gain a Momentum; and the Selective Intelligence of the Higher Mental Body of each one, will actually reach out Its Hands and by the Power of Attraction, draw to These Classes and the Groups, the earnest sincere people who really want the Light; those who do not feel antagonistic; and are willing to put aside their own pre-conceived ideas, at least, to find out whether they care for This Understanding.

Recently, We have observed that particular activity among the Groups and the students everywhere. Where It has been adhered to closely, the attendance has expanded much more rapidly, than if there be a feeling within the Group Leader or Individuals, they have to do something outwardly to get the attention of the people.

There are two activities and perhaps the Radio is the greatest power of getting the attention of the people, than any other thing. The reason for that is this: with the Transcriptions and Mrs. Ballard's Work over the Radio, when the people are listening to the Radio, they are wholly quiet and in their own atmosphere. There is nothing to distract the attention from the words to which they are listening.

Now, Beloved Ones, I am not criticizing the students of the Classes; but let Me just remind you, when someone walks into the room, you know how quick the attention goes to that Individual, until he or she sits down and is quiet. Notice, how easily things in the room or a movement will take your attention. I ask you for your own blessing to pay no attention to who comes in or goes out; but hold your attention upon what is being given! If you will train yourselves to

do it, you will sometimes grasp points which you pass over in that moment, which would be of Infinite Blessing to you.

I ask you to watch it. Because of old habit, the moment there is an unusual movement somewhere, the attention wants to go there; and unless you hold it in a firm grasp, it will do it. The safe way on the point of concentration, as the Messenger once said to you in the Class, is when you have before you a point of Achievement, you want to hold all your forces concentrated and focused upon it. You cannot afford to let outer activity draw your attention here and there, if you want to have Quick Accomplishment. As you hold your attention steady, it holds your forces in its one direction. Then, hold it steady there, until the Power surges in, and all of a sudden like that (wave of hand), it bursts thru and the Accomplishment is complete.

That is the power of your outer co-operation, in calling the Great Powers of the Presence forth, to any given requirement. As you watch and train yourselves to do these things, you can have so much quicker results in anything, which you call forth into action.

So will you watch it just within yourselves—not in others. Just take yourselves in command and see how you can best and most quickly utilize the Powers of the Presence which you are calling forth; and hold your outer in an Absolutely Immovable Focus, until the accomplishment is complete. As you train yourself to do these simple things, it becomes the Most Marvelous Thing in your Life. Now that does not require any great effort so to speak; but just a Great Calm Determination to do it. Try it, Dear Ones, and see how Great the Blessing is which will be yours.

I wish to thank every one present and at various points all over America; for the assistance in releasing the Power from the physical octave, which has enabled Us to accomplish These Wonderful Things. Then, may I ask you to do the same thing within the Individual? Now These Achievements have been accomplished, do not let down! Watch It! Do not allow your outer self to let down or feel: “Now that is accomplished, we can ease up.” You know what the outer self does—it wants to rest. It does not need it! Say to it: “Now go right on”! Give praise and thanks for This Accomplishment and say: “ ‘Mighty I AM Presence’ sweep in and accomplish the next thing with your Infinite Power.” Feel your Great Joy and Enthusiasm

in the next Accomplishment. Oh, Dear Ones, it is so wonderful! It is so tremendous! Once you understand what is being accomplished.

We have Faith in you, in every “I AM” Student in America! Will you not, in Our faith in you, stand as One Great Pillar of Light, each one of you to all the others and have all that is required?

My Love and Blessings enfold you, each one, always, and I say to those who have come so great a distance: Whatever We can do to add to your Freedom, your Supply, your Happiness, shall be done!

I thank you.

DISCOURSE XV

November 21, 1937

MIAMI, FLORIDA

Tonight, Beloved Students, let Me call your attention to the Requirements, in releasing the Greater Activity of your Life Stream to bring your Heart's Desire in the use of things in the outer world.

You have thought to gather from without, the things, the happiness and the conditions which you thought were necessary for your success; and for all that your Heart desires; but all have found it futile; have found it a great mistake. They have not found satisfaction, because there was no place of Permanent Anchorage; no Source to which they could give their attention and hold it there in a definite focus.

Beloved Ones, hold your attention for a moment upon Me, so I am able to anchor within your feeling, the Reason why it is imperative to have an anchorage for your attention; to keep it from wavering from point to point, and condition to condition. That is why you have your limitations today; because you have not known any place, upon which you could fix your attention, in order to have a definite action.

Tonight, if you will be kind enough to follow My Words, you will understand, as you come to know the Presence, the "Mighty I AM," is above, you have found your Source of Life, which is the Individualized Presence of God. It is why We, as Ascended Beings, as Cosmic Beings, have Our Freedom today; because We found That Presence! We, like the rest of humanity, would have remained in our limitation; if there had not been Those Who were Greater than We at that time, called Our Attention to and assisted Us, to hold our attention upon the Source of Our Life.

You of the South have not had the direct contact with the Messengers which many of the other students have, and have not had many of these explanations. I want you to realize tonight when you cast off those bodies, the body lays there with all the organs, of its physical activities. Those organs are there as they were before;

but where did That Intelligence, That Life, That Activity, That Light, That Power, That Substance go? Why does the body lay there helpless?

Behold the Chart! All the Life, Intelligence, Substance and Activity came thru that Stream of Life from the “Mighty I AM Presence,” into the body and anchored within the human Heart! When the Life Stream withdrew, the human form was helpless. You think and mankind has been so prone to think, in order for something to exist, one must see something out here. People think, they must have something in their grasp to understand that it was Real. I tell you everything you use, which is of any Power, is invisible and you know it. You do not see the energy you are using! You do not see the current of electricity which goes thru those wires and brings the Light into the room; but it is there and you acknowledge and accept its use.

Tonight, I want you to fix in your mind, whatever power you use, and the Intelligence you have used for any achievement in your human activity, came thru That Stream of Light from your own God Presence and anchored within your Heart! It gave Action to the body and Life to these human forms. Without That Stream of Light, you do not have action of the form.

Until mankind understands this and finds the “I AM Presence” and Power, to which it can anchor the attention and hold it anchored, there is no way or means to release Greater Power of Energy than people are experiencing today. Steadily and surely have they drawn themselves into the density and limitations which they are experiencing today, and by their own volition. No one asked them to do it, but they kept saying: “This is the authority, and this is the authority,” meaning the outer intellect, and in that they made their great mistake.

Dear People, you think your intellect is the knower, the doer. Where is it, when the body lies helpless? The brain is still there, but it does not act! Let us look at these things practically, so you can have Our Assistance which you need. The brain no longer acts. Then the Power and Intelligence which acted thru the brain came thru That Stream of Light and Energy. EVERYTHING YOU ARE OR

EXPERIENCE, IS CAUSED BY YOUR FEELING OR YOUR SPOKEN WORD!

Tonight, try to feel in all the previous understanding you have had, from every source of metaphysics, you were taught to govern your thought. It is but a fragment of the cause of conditions in comparison to your feeling! Your feeling is your Power-House, and unless you know how to govern it, you are lost! You cannot govern your thought—and no human Being ever did—without governing your feeling; because your feeling will flash before your thought has a chance to act. Think it over and see! Otherwise, why would Individuals suddenly without provocation, feel the blood surge thru the body in a fit of anger, until it looks like the veins would burst? It acts the opposite thru fear. The circulation recedes and almost stops, because fear is congestion.

Do you wonder why sometimes your body suddenly is charged with pain and distress? Because some fear has seized you, it congests your circulation and makes it almost unable to act; while with intense anger, the feeling released, charges your circulation forth with such force and power, that you think your veins will burst.

Let us look at these things sensibly and practically. This Understanding of Life, is the most practical thing on the face of This Earth. If mankind once understands It, the people will see they have a Scepter of Power and Application to apply in their Lives and nothing can resist It.

You Beloved Students who understand This Presence, know that which you call forth is Self-luminous, Intelligent Substance! It sweeps in, thru and around your body and sweeps out all imperfection. If you can so change It by your Power of qualification, you will be able to quickly release yourselves, from disturbance or limitation of any kind.

Limitation, is because you are giving power to something outside of yourself, when beating your Heart is the Intelligence of the Universe. AS LONG AS YOU DEPEND UPON SOMETHING OUTSIDE OF THIS PRESENCE, WHICH GIVES YOU LIFE, THEN YOU WILL REMAIN IN YOUR LIMITATIONS. THERE IS NO OTHER WAY.

You have lived in hundreds and thousands of embodiments, similar to these, and there has not been so much progress. We see and understand the pride of human intellect; but those people keep right on losing the bodies all the time one embodiment after another! If the intellect were the Knower and All-powerful, then it would be able to regulate and govern the energy of your body; and keep Eternal Youth in the body, but it does not do it. Why not? Because, until mankind understands the feeling world must be held Harmonious, in order to allow the Power of the Presence to flow thru into action and produce results, the people will not have Its Perfection.

The Messengers have pled with the people all over America; and shown the need of keeping the feeling harmonious. Yet, some of the Blessed Earnest Students go right on having all the discordant feeling they please; and releasing all the energy, all the discord and criticism they desire! We have seen some of those who pretend to love each other so much, criticize each other severely, so are you to blame for this or not ? Well the one who does it will one day see his or her great mistake.

Why will you earnest, Beloved Sincere Students not listen to Us when We know This Law; when We tell you, that until you keep Harmony in your feeling, you will not have Harmony or your Release? Then, you wonder what is the matter, you do not have Results from your Application. What is the use of pleading and calling to the Presence, if you are going to allow your feeling to criticize and condemn at the slightest provocation? What is the use?

Some of you have had three years of Instruction. Beloved Ones, your opportunity is not going to last much longer, if you continue to allow your feeling to govern your world. The imperative Demand of your life—not someone saying so, but the Demand of your Life today, is continued Harmony in your feeling. If you do not do it, you are going to pay the penalty. You Dear People, who have been in This Activity for three years and won't do that, don't blame somebody else. Blame yourself! Look at yourself and see what is wrong. Do not be blaming the other person all the time for something!

I am determined, with your permission, to break down and cut you Free, from this fiendish thing, of continuing to allow your feeling to do these things! I am not criticizing you, but I am firm and determined, if you will allow Me to help you cut yourselves Free from this condition. Do not yield to these things! I want you to be Free and have the Great Blessing which This Understanding of the Presence brings; and your Instantaneous Answer to your application! You cannot have it, Dear People, unless you do harmonize your feeling.

There are some blessed people for whom the Messengers have worked and worked and tried to help; and they keep asking them for more help, but they won't control their feeling. I say again, do not keep looking at the other person's faults, but look at yours and see what is the matter with you! That is what counts, Dear People. There is not a thing the matter, except what is the matter with yourself! Just *get that*! and hold it forever! Then you will thank Me for the day when you shake My Hand, for being firm enough, to give you the Strength and Power to control this thing forever!

Oh, We love you so greatly and We know how close some of you are to your Freedom; but you cannot go on, if you are going to allow your feeling of irritation and criticism of those you claim to love, to longer control you. You cannot do it! There is no use kidding yourselves. You will notice, I use your own expressions, because I want you to understand what I mean. I want you to know, We are using the language which you understand, even if We do use slang. We are doing it, because you understand and know what the feeling and meaning of it is. If you want to criticize Us, all right; but you are going to hear and comprehend in the language which you do understand!

Look at yourselves, every one of you; and do not ever say your friend was the cause of the disturbance within you! Take that—every one, tonight, unto yourself! Look yourself in the face and say: "Here, what is there in me I can correct, which makes me a more Perfect person"? Then you will find the remedy, correct those habits and be happy. You will know such Happiness, as you never can know otherwise!

Oh, do not blame persons, places and conditions for the thing which is within yourself! That is why the Messenger said tonight in

the beginning: Oh, Dear People, cut yourselves Free from the psychic and spiritualistic things, which open you to all the discordant entities there are! As long as you do whatever opens you to these things, you will never know Happiness, Success nor Freedom. You cannot do it. Why? Because today, the Great Law of Life demands your attention; demands your calling on the Law of Forgiveness, for all mistakes you have made; not only yourselves but all mankind! COULD YOU UNDERSTAND THE POWER AND RELEASE WHICH WOULD COME TO YOU IN ONE HALF HOUR, IN GREAT EARNEST SINCERE CALLING ON THE LAW OF FORGIVENESS FOR ALL YOUR MISTAKES, DEAR HEARTS, YOU WOULD REJOICE FOREVER.

Don't think it is all the other person. Call on the Law of Forgiveness, for yourself and all mankind. Then, hold your feeling Harmonious and at Peace, and you will see the Glory of your Presence and Its Perfect Manifestation in and thru your body; for thru your Call, is the Action and Great Quick Powerful Means of doing it.

You cannot be Free, Dear Ones, as long as those qualities of discord act in your world! It is not possible! We have seen your great earnest sincere Call thru your Mighty Decrees! Can't you feel tonight, as you never did in your Life, Our Great Love for you? Why are We so in earnest? and why do We not hesitate to point you to yourself? Because you are the only cause of any limitation or disturbance which ever came into your world. There is no other cause but yourself, Dear People. Try to see and feel it.

You must understand, I am speaking to you with such Great Love tonight; but you have got to understand these things, if you want to be Free quickly. Oh, do not wander around longer! Straighten your spine and say: "Beloved 'Mighty I AM Presence'! take out of me every discordant feeling of every kind! Charge and fill my mind and body with Your Great Peace! Your Great Happiness! Your Great Strength! Hold Your Dominion over my feeling and let the Power of Your Glorious Presence flood forth and thru into my world; to harmonize, Perfect it. Take command and produce Your Perfection everywhere." Then, you can have it quickly, Beloved Ones. There is

no other way! There is no thing which is permanent but the Perfection of your Presence.

While I am talking to you, the Great Goddess of Liberty is doing Her Great Work in your feeling world. The day you come to know what that means, you will truly rejoice. I may not explain It to you tonight, there is not time; but one day, you will all know what that has meant.

I say to you, and especially those of the Students who understand something of This "I AM Activity": "As you have heard One after Another of these Great Cosmic Beings come forth, to the assistance of mankind now—because the Great Cosmic Light demands it, you can have Their Courage, Their Strength, Their Consciousness, the Ascended Masters' Consciousness—to assist you to your Victory, if you will! Give your attention, first to your own God Presence, then to some one of the Ascended Beings and say: 'Great Beings of Light, I need Your Assistance! I need Your Courage and Strength, until I am strong enough to stand on my own two feet; and in my Call to my Presence, hold my Scepter of Power and Dominion sustained.' That is what every one will reach one day."

I urge you to realize, it is not necessary to wait years, in order to have This Great Victory. You can have It now, if you will but allow Us to help you; if you will follow the Simple Explanations We give, but if Individuals will not do this, then We cannot help them. There is no question about that! We know the Law! We live It! We are the Law! We know how to tell you what to do and how to do it! We can tell you the exact results, if you will follow Our Directions; but We cannot tell what the human of an Individual is going to do. Not even the Individual himself or herself knows.

Oh look yourself straight in the face! If necessary go to your mirror and look at your image there and say to it: "Now you have had your dominion for the last time! Henceforth, my 'Mighty I AM Presence' takes command of this body and directs and governs it! In the future, you be silent," and you will have the Greatest Release imaginable.

I say to you Beloved Students, who have been in This Activity two or three years: Do you not sometimes when you are thinking or calling to your Presence, still feel a sort of vagueness about it? You

don’t always feel quite sure of yourself, do you? That is because you have allowed your attention to be divided between the appearance world and with your “I AM Presence.” You must be able, as in the Mighty Decree given by the Messenger in the opening of the Class, to say to the appearance world, which is but human creation: “You have no power to longer touch or act within my world.” Be firm and determined! You will repel first, all discord which tries to come into your world; then by the Power of your Call to the Presence, to use the Violet Consuming Flame, you will keep dissolved everything which attempts to find discordant expression in your world. IT IS THE ONLY WAY!

We see, Oh We see so clearly, the struggle of some of the Blessed Ones; and their Hearts are so good. Yet because their feeling does not follow their attention in the application, they do not have the Full Results in the control of their human feeling. I cannot tell you tonight in so many words, how My Heart goes out to you. I can see the struggle you are having and the unhappiness which comes out of it. Don’t let it do it! Say to all human feeling: “Be silent! Stop this nonsense I will have no more of it”! Then, you will find, how quickly the human will subside within you. It must be done, Dear Ones, sometime, somewhere! So let Us do it now! Go forward into That Great Victory which your Application will bring.

Behold the Chart with Me, for just a moment! The Stream of Light and Energy comes from your “I AM Presence,” the Source of your Life! When you call to That Great Intelligence and Presence with intense feeling, It floods your mind and body with Its Invincible Stream of Light; which is Self-luminous Intelligent Substance, Energy and Activity. If your thought and feeling were still enough, Free enough from the feeling of discord, your Call would sweep every discord out of your body and out of your feeling world that instant; because the Light IS All-powerful! It knows no resistance nor interference; and when you call It forth into action, It proceeds with the Power of the Universe to fulfill your Requirement. Won’t you feel It and let It come forth and do Its Mighty Work for you at your every Call!

We don’t want you to go on, and on, not having the Results you should have! We want you to have them NOW! There is nothing in

the world, but your own feeling which can stand between you and the Complete Fulfillment of your Call right then and there. Won't you feel that, Precious Ones tonight, and let Us give you the Strength and Courage to help, which will enable you to go forth tomorrow Victorious in everything thru your Call to the Presence? Your "I AM Presence" is the Power of the Universe and will fill you and your world with Its Directing Intelligence.

Say: "Beloved 'Mighty I AM Presence'! see that I never make another mistake! See that Your Mighty Directing Intelligence takes command of my mind, body and feeling; and directs me unerringly in the Perfect Thing I should do; to have the Greatest Release from your Mighty Presence." Your "Beloved Mighty I AM Presence" cannot fail you!

At this point, let Me assure you first, the Most Magnificent Activity We have ever seen on the face of This Earth, has been thru these Mighty Decrees, issued by these Beloved Students all over America. I want you to know how very great they are and how powerful!

You can believe it or not, but I tell you, your Panama Canal would not exist today; if it had not been for the Call of the students thru these Decrees! Your Eastern Coast from Philadelphia to Maine, would not have been there today, but for the Call which has enabled Us to govern the energy and activity in the gas belts. It is the same on the Western Coast of your beloved California.

In San Francisco, when the Messengers were there, a great earth-quake was scheduled to come forth. This Beloved Messenger went there, not telling even the Staff, the danger from the human standpoint which they were going into; but having Full Confidence in the Call to the Presence that it would be governed, and it was! Then, still people will continue their inharmony.

The Release and Activity of the Goddess of Liberty and Myself today, together with Saint Germain and the Other Ascended Masters who are assisting, give you the Full Feeling of the Importance of This Great Light; and the Importance of your own Decrees for the Freedom, Health, Blessing and Supply of everything which you require.

Think of it! human Beings are living in ill health, limitations of every description, when the Greatest Intelligence in the Universe is beating their Hearts. They are in those conditions, because they have forgotten the Presence was there.

Dear People, if you will understand, not in your head, but in your feeling that your Presence is there; and It will answer your Call with Its Resistless Power and Intelligence, there is not one thing, you can ask, which will not be yours, if it be Constructive.

Remember, your Higher Mental Body which stands between your physical body and your God-Self, is your Discriminating Intelligence. Your Higher Mental Body will not longer release Its Energy, if you are going to use it destructively. The only energy which is used destructively, is what mankind has already accumulated from the past. You might say to Me: “Why does mankind continue to do that”? Because the Energy which is All-powerful, is charged into the feeling world. Sometimes it is what the people have accumulated from previous destructive activities; and they can only continue, while the energy already accumulated lasts. When it is gone, they cannot gather any more.

That is what is the matter with people today, who have been powerful and energetic and they collapse. They think, what has happened to Me? What has become of This Power, I was once able to use to bless others and myself? There have been so many Christian Science practitioners who have come to the Messengers in secret, saying those very words: “What has happened to me? I have been a practitioner for years, but what has happened now? I don’t seem to be able to do the same things, I once did!”

This is the Explanation. Precious People, they were using mental power and did not know it! When they exhausted their reservoir of energy which had already been drawn forth, they did not know how to release more! No one can release It without this exact Ascended Master Knowledge of the “I AM Presence”—except in a fragmentary manner. Once the Energy which was gathered about them is gone, without the Call to the “I AM Presence”; you cannot replace it in this embodiment.

This is the Explanation of so many Blessed Precious Ones. There are hundreds today who are interested in Christian Science,

who have had that exact experience. Sometimes, they fear to go and ask why or what the reason is. Let Me say to you tonight, Precious Hearts—there is not one thing in the whole wide world of human creation, which any human Being in the Understanding of his or her "I AM Presence," should fear; and using the terminology of the blessed Christian Scientists, they malpractice themselves and do not know it.

We have no preference for any one! We state the Law. We love every one—the Christian Scientists, Unity, the orthodox people, all mankind. We love them equally the same; but We never hesitate to tell them their short comings. If they have made mistakes, they should be strong enough to see it and hear it kindly.

It does not matter in what source your seeking has been; THERE IS ONLY ONE PLACE IN THIS UNIVERSE WHERE YOU CAN FIND TRUE PEACE, REST AND SUCCESS. IT IS TO KNOW IN YOUR FEELING, YOUR OWN GOD PRESENCE, AS IT IS PICTURED ON THAT CHART! IT IS THE ONLY PLACE IN ALL THE UNIVERSE, BECAUSE THE "I AM PRESENCE" BEATS THE HEART OF EVERY HUMAN BEING; AND GIVES LIFE TO EVERY HUMAN FORM; AND THERE IS NO OTHER ANYWHERE IN THE UNIVERSE!

To think of God as an Omnipresence, is but to receive a fragmentary part of Its Power. Only as you have an Individualized Focus, can you have a Greater Power. For instance, take your reading glass: if you hold it focused, the sun comes thru and sets the paper on fire. If you keep moving the reading glass, there is not such a focus. This is a very good simile of mankind's thought and feeling, which is swinging all the time, from one thing to another.

When you understand your Presence, then you can focus your attention upon the Goal; upon the objective of your Victory thru your attention. The Energy will flow there—the Energy from the Presence, perform the Service and win the Victory every time. Where your attention is, there your Life and Energy flow. If it be on the Presence, the Energy flows in. If it be on the lower things of Life, destruction flows into your Life Energy and destroys your human form.

Precious People, bear with Me a moment. Feel this deeply, as I show it to you! Your Life follows your attention, and flows to the

objective, upon which your attention is fixed and you cannot prevent it! Therefore, if your attention has been fixed upon human creations and limitations, you have to experience human limitations and creations in your world. When you turn it to the Presence and hold it there, keeping your feeling harmonious, you will quickly begin to release a Greater Intensification of the Light and Energy from your Presence; which will flow in, harmonize and produce Instantaneous Results at your Call. It requires momentum! It requires continued activity! When We say—turn to your Presence, We do not mean all day long; but powerfully and definitely several times a day.

There are a few people who can turn instantly, who have never known of the Presence; and feel It so instantly in their feeling and intellect, that they can upon the issuing of a Decree, have it fulfilled, but those people are not many. According to the FEELING OF INTENSITY, can they have Those Results; but if your nature is such you need to make definite application, then do not hesitate to continue, until the Results are there.

Your Application to your Presence cannot fail! It is Self-Luminous, Intelligent Substance which goes forth at your Call; there is nothing to resist and there is nothing can interfere with That Light which goes forth! It will dissolve all unlike Itself as It goes forth. It is the Power of the Universe! Therefore, as you understand It, and as you make your Call and realize why It is not just a Principle of Life, energy and action, you will know why That Light cannot be resisted. It is because the Light is Self-Conscious Intelligence—Self-Luminous Intelligent Substance.

It is why, Dear People, the most terrific viciousness ever focused at two human beings, has been focused at these Messengers, for no reason at all; but it does not touch them nor interfere with This Activity. This is why We sometimes take up these points with the Blessed Students; because for the people who try to injure them, it is a pitiful thing. Individuals who send out destructive thoughts and feeling will reap them—every one!

The Messengers never wished harm to any human Being in their lives and never shall. They love and bless every human Being —even those who criticize and condemn them and send vicious projections at them. They know the Law and they are living It; but the

unfortunate human Beings who will not believe that, will have to reap their viciousness sent out. They are most unfortunate indeed, for one day, they will understand how great has been their mistake.

This is why We take these things up concerning your activities definitely and clearly, so all may understand, if they will. You are soon going to have to choose whether you will control your feeling or not. That is why I say this, so positively. Do not ever look around and blame any one else for anything. You are the only person who is concerned. If a mistake seems to be made, call the Presence into action to correct it and take your mind off it. Then you will be Free! IT IS THE ONLY WAY! In this Great Release of Light, Power and Energy, only when you are ascended, will you come to know how great has been the Blessing of this night and of this day. Sometimes, We long to release within you the All-seeing-eye which makes no mistakes; so you might see what is going on in your so-called invisible world. To Us there is no invisible world anywhere! There is no such a thing, and the so-called invisible is only to the human octave. Everything is visible, when you are Free from the limitations of the human octave. Everything is visible, I say to you! Therefore, do not let the appearance world of the human octave longer limit you, distress you or hold your attention. Just feel with the Strength, Power and Courage of your Presence, Its Great Energy go forth and set you Free.

There is no reason in the world why you should continue longer in any limitations; if you care to take and apply These Laws and have the Freedom which They bring. There are a great many people today, who can quickly have This Freedom, if they only will! We cannot compel you to do it ! We have no desire to, but Our Love is Great Enough to give every Assistance possible, at your Call; and to give you the Strength and Energy, until you stand Victorious yourself.

Tonight, for a few moments, will you just still yourselves and let the Full Power of This Radiance, take Its Dominion in your feeling world; and just fulfill Its Mighty Desire there, to set you Free in the Glory of Its Activity? Turn your attention for a few moments to your own Great God Presence and let Its Powers flow in, thru and about you and have the Glory which It is!

(SILENCE)

Great Presence of Life, charge into the feeling world of each one, the Full Glory of Your Courage, Strength and Confidence in each one's Call to the Presence; so there is released instantly, the Full Glory of Its Power to govern; to control the feeling world of each one; and to hold Its Dominion in Perfect Harmony thru each one; until the Fulness of Its Power finds Its Complete Dominion in the Activity of the outer Life.

Cause each one to feel that his or her Life Stream, is the Action of God, the "Mighty I AM Presence" in the human form; which can be intensified, until Its Glory fills the entire body, releasing the Light which is within every cell. Cause each one to feel the Continuous Out-pouring of Its Great Light and Freedom which sets all Free and quickly. We call This and charge It to become Eternally Sustained and active within each one; produce Its Dominion; and take command of the feeling world; hold it so Harmonious in Feeling, Thought and Speech, that no longer does irritation of any kind find a resting place within the human form! We decree this to be the Victory for each one! May Our Call tonight, remain in the consciousness of each one for his or her Freedom; so It may each day intensify in Its Action to produce those results.

In the Full Glory and Power of your "Mighty I AM Presence," the Love and Blessings of the Ascended Masters, the Legions of Light and the Great Cosmic Beings, I enfold you tonight, Beloved Ones; in Our Ever-expanding, Intensified Activity of your own God Presence, the "Mighty I AM"; to flood your world with everything you require in the Service of the Light—money, food, clothes, conveyance, transportation, anything which is required.

"Mighty I AM Presence," take command of these minds and bodies! hold them so Harmonious the Release from Thy Great Treasure-house, comes forth in all required, to give them the Happiness and Freedom which comes alone from Thee! Make This a permanently sustained Mighty Activity, within the Life and World of each one!

I thank you.

DISCOURSE XVI

December 22, 1937

LOS ANGELES, CALIFORNIA

My Dear Beloved Children of the Light ! We are so grateful to find an opportunity to voice to you that which is within the Heart of Light; for if you have not thought of it in this way, do so now. Remember your Heart, while to the human sense seems physical, is Really a Heart of Light! My Heart—every Ascended Master's Heart, is a Heart of Light in Reality. Yours is a Heart of Light in Its Expansion!

Let Us for the time being, listen with the Heart tonight! Feel with the Heart tonight, and release the Mighty Outpouring of Ascended Master Divine Love thru each Heart. I wish to render a Certain Service for you, if you will do this. Just still the intellect and let the Heart listen and FEEL ALL I wish to give to It.

Before we continue, please try to feel your Heart and My Heart are One; for in Reality that is True. Then, from My Heart to yours, can be conveyed My Power of Radiation, which will do for you what the spoken word cannot possibly do! Therefore, while you are listening to My Words, let the Vibratory Action of MY Words act within your world.

In the first place, you are entering now into a Freedom, a Presence, an Activity of the Cosmic Light which holds about you—outside of your own Individual effort, a Certain Radiance, a Certain Power of Assistance. This is being done for the Students throughout America and the World; and especially those who will be present at the coming Class. As the vast number of students have been calling for this to be the Most Powerful Class yet, so shall It be a Class unparalleled in the history and experience of the Messengers and yourselves.

As the Messenger said, you have been calling for Our Visible Tangible Presence. In your cities where the greatest need is, several of the Ascended Masters have in the past few days moved in the Visible, Tangible Bodies; to release into the octave of Earth, a

Certain Power of Radiation which is required to govern the conditions at this time; for you are at a crisis, as the Beloved John said last night, rarely reached on the Earth.

Had it not been for your Mighty Decrees which have been issued, going forth in the mental and feeling world, disaster would have come before now. During the Great Himalaya's Dictation, when the Messengers were here before, from that hour, there were established thru the atmosphere of Earth, Air Currents to carry the Words or Qualities, which the Ascended Masters convey during These Dictations. These are carried forth from the Classes wherever they are held. This has never been experienced on Earth before; and it had to be done, to give the Protection which America and Her Beloved People need today.

Shall I say something to you tonight, which may seem startling? Yet do not feel it so. The sinister activity in Europe, seeing it has accomplished about as much destruction as it can at the present time, recently made a tremendous surge, to try to reach into your Beloved America. Well, it failed again, because of This Mighty Preparatory Work.

I say to you tonight, Beloved Students: in the Name of your God, your "Mighty I AM Presence," grow not impatient in your application! You sometimes question Its Power of Activity. Possibly you may not see so much of the manifestation in your Individual Life; but, Beloved People, it is not a matter of your Individual Life! It is a matter of the Protection of America and the preparing of a condition, in which mankind may live; for without it, your bodies unascended would know no happiness here.

As you have been prompted from the beginning of the Activity of the Messengers, much has led up to this culminating point of activity; where either the destruction would sweep in or the Power of Light would be sufficient to repel it; and later the Great Cosmic Light dissolve and consume it from the Earth forever! So don't, Oh don't, worry about your Individual Selves, Beloved Ones. You can be sure after a Service, such as has been and is being rendered, you will have Assistance. Don't question the care of your own Individual Life.

How in the Name of the Great Presence of Light, could any human Being who is sincere in the Call to the Presence, for the

Protection of America and its People; how could he or she fail to have It fill that one's world, which would later Out-picture as Magnificent Majesty and Victory of the Light, individually speaking? It could not be otherwise! Life, Beloved Ones, never fails Its Creation!

Try to feel at One with Me tonight! While This Radiance is pouring forth into your world, forget for the moment that I am an Ascended Being, a Cosmic Being. Forget it is anything but the Power and Activity of your own Life! We must get you to feel more Powerfully the Reality which is your Life ACTING. We are the Power of Life ACTING! Our Understanding, Our Ability is beyond yours! Think again! Still We are the Power and the Presence of Light ACTING; and this is what We want you to feel, with such great earnestness. Then you remove from your world—your feeling world, any feeling there is anything unusual about the Activity of This Great Law of Life, which produces these Results for you and the World.

Beloved Ones, as long as there is a feeling or sense of something mystical about This Great Law, you are holding It to some degree from you; from rushing in and doing Its Perfect Work for you. All of the teachings of mankind have made the Action of the Great Law of Life to the human sense, something mystical! It is not! Even the Ascension is as practical as your mathematics; because It is the Action of your Life, directed by the Great Individualized God Presence, your "Mighty I AM."

Tonight, let us enter into the practical feeling, that your Presence of Life is the Intelligence and Power which is doing these things for mankind and the World. So far as the Protection of America is concerned, will you feel with Me for a moment, the Fulfilment of the Promise of the Great Ones, whom you have now come to know as the Great Goddess of Liberty and the Mighty Arcturus? Each One has promised, if necessary, that "The Light of a Thousand Suns," shall descend into the Earth, dissolve and consume all human selfishness and discord from the planet! These Promises are Real! It does mean your co-operation with the Great Cosmic Law; and We are nearing the Balancing Activity, thru these Mighty Calls of the people of Earth.

Then, have courage to go on, and on, and on, in these Mighty Decrees! Naturally, if you believe My Words, it will give you a Greater

Courage and Strength, a Greater Depth of Feeling, in Its release thru These Decrees—into the mental and feeling world of mankind; to perform This Service which is required and It is all a PERFECTLY NATURAL PROCESS. As you become more aware of it, you begin to feel as you must now, the Fulfilment of your Calls. Beginning with the Shrine Class, you will find this acting with Tremendously Greater Power in your world; and you will begin to see more rapidly the Out-picturing of your Call.

I want to congratulate our Beloved Mr. and Mrs. Sindelar on the Magazine, for standing against destructive forces which have rarely been felt upon this Earth. Now their great struggle is passed, and I congratulate them. I wish to shake their hands, thru the Messenger's.

Beloved Students, I want to say to those who have sometimes felt critical or impatient: you have no more idea than an infant, what these Blessed Ones have had to stand against from the sinister force of human creation; for this Magazine has been a thorn in the side of the sinister activity, prodding it and will continue to! A Stronger Guard is this night placed about them, their home and activity; and a greater happiness will fill each one, their worlds and activity.

The Messengers stood against the great onslaught in the beginning, gaining their momentum, and now they can laugh at all human destructive activities and know they have no power! So these Beloved Ones will be able to say to all destructive forces : "You have no power! Get thee hence"! That is what We want every one of the Precious Students to be able to do, thru the Harmony in the feeling—say to all limiting destructive forces or appearances of any kind: "You have no power! Get thee hence"!—and it will be done!

You cannot imagine what it means to stand as a target for all the vicious forces of the Earth; for remember the Whole Earth is now coming to know of This Activity. In every country in the World, It has become known. Today, some of the unfortunate Blessed Ones, who have let vicious gossip turn them aside, are seeing their mistakes and will see them more and more; until they return home to This Great Stream of Light.

All the vicious human opinions on Earth, dear people, don't matter! Why will mankind not understand and see the first Fundamental of Life is—what Individuals send forth, they must reap! Why will people not understand and believe that—before it is too late; and they have to reap the frightful destruction they send out? Again, We shall be patient, and you will see it return upon its creator. We have been patient through many centuries, will you not be patient with Us a few years? You will see all the Proof any human Being desires of This Great Law; but It is not affected by human opinions concerning It. We are not affected by human opinions! We utilize the Great Law to the Fullest Degree, which the Law of the Individual will permit, as each one's own Light expands. Therefore We see the Glory. More and more people, the students especially, are coming to a point—where they are more and more unaffected by silly human gossip.

You must be unaffected by all gossip, for it is of the human.

As the Great Goddess of Liberty said in West Palm Beach: "It is well for each one to take an inventory of himself or herself. See wherein you can give Greater Obedience to the Law of your Life, for It is exacting, I assure you. The Law of Life is no respecter of persons! Whatever you create in your world, you will experience, even today"!

We see the Expansion of the Light within the students and their firm—Oh, so much firmer determination to stand unyielding, even to listening to destructive experiences! It is the Mightiest Thing in human Beings' experience. Any human Being who will take his or her stand; and refuse to listen to any discordant thing, will find that one's world flooded with Perfection and the good things of Life!

It is why the Messengers have pounded, and pounded, and pounded, This One Mighty Truth to the Students from the beginning. They shall continue, until the Beloved Ones get this Point into their consciousness so powerfully, they will no longer be affected by discordant things. You must do it, if you wish ever to be Free! That is why, tonight, I am taking this opportunity, to prompt you once again, in the preparation for this Class; because a Power will be released never before known.

Let Me prompt you! To every student who comes into the Shrine Auditorium, I say please, do not allow one thought or feeling of your own concept, to requalify the Release of This Mighty Energy! We must be firm! There is no reason why anyone should come into that Class and not feel a Power, a Joy, an Exhilaration, a Healing Presence, unparalleled on the face of this Earth! Don't let anyone come into the Auditorium and get faint or disturbed! Such things are going to cease! It only is the requalification, by one's own human feeling. Take your stand and don't do this! Then, you will receive the Fulness of the Healing Power.

Any person coming into the room who will harmonize his or her feeling and sustain it sufficiently, will go forth healed of every condition which has ever beset that one. Now, do you wish to take advantage of it? I prompt you, don't either in your Individual Life or in this Class, allow one single human feeling to requalify the Release of this Powerful Energy, for It will come forth from your Presence as well as from Us. It cannot produce anything but Perfection for you; Greater Harmony, Greater Joy, Greater Health and Strength! So do not let the human requalify It! Don't think I am criticizing you, Beloved Ones, tonight, but I refer you to Beloved Saint Germain's Words. A lady who was in the home of the Messengers in their early experiences, had the habit of fainting quite often; so during Beloved Saint Germain's Dictations of the "I AM" Discourses in their home, He took up the subject and sent word to the lady: "Now don't faint any more"! He said, "you don't have to faint unless you want to." Well the lady never fainted again.

Precious Hearts, I wish to help you feel and see the requalification of the action of the energy, within your world, which produces these conditions. If any person, the moment he or she feels some slight disturbance will say:

"Here, stop that! I will not have it"! in ninety percent of the cases, they will stop the whole action. You know when you begin to feel faint, you get more and more faint.

Do you know, alertness is a most magnificent thing? We are trying to convey to you—to be alert to all conditions, whether they be physical conditions and appearances in the outer world; or whatever it is that is affecting you or your world. If you will say, "STOP"! right

then, you release the Power which is the controlling element of the condition whatever it may be. If it be an appearance as an outside condition, if you will instantly take command of yourself and say: “Stop! you shall not enter my world! You shall not disturb me”! you will find yourself in FULL COMMAND of your world and the conditions which surround you.

Beloved Ones, how do you suppose We control conditions? By that very identical thing! Naturally, We are able to release a Greater Power than you are; but still We must help you make a beginning; and the sooner We do, the quicker you are Master of your world. In the Fulness of the Love, the Power of Divine Love, which I am able to release to you; if you will do this, I will assist you to a Victory and Speed of Achievement which will delight you.

We think the time has come, when the Beloved Students everywhere, must feel and make manifest This Dominion in their lives. There always comes a time in the Life and Expansion of the Light of every Individual, where after a certain amount of prompting, each one is left as you often term it—“upon his own, to sink or swim.” Does that sound cruel? No! We often feel the Call of students, longing to lay their heads upon Our Chests and weep; to arouse Our Sympathy to take their defense. Well, you may lay your heads upon Our Chests, but not to weep; only to rejoice by the Power of your own Victory!

Sometimes, when the feeling comes to Us—Oh, if the Ascended Masters are all this, why don’t They do something? They are doing plenty all the time, but let Me remind you, the Messengers did not have Us pick them up and carry them around! They had to apply the Law for their own Protection; for everything which they have, and when you will apply as dynamically as they have; and when you will refuse acceptance into your world of all foolish human gossip, you will have your Freedom then and there!

Is it not comical, that after all the Magnificent Work the Messengers have done, the Wonderful Light they have brought to mankind, there are still a few who cannot help but gossip? Isn’t it comical? It is not serious, not at all; but it shows you what you should avoid.

I bring this point to you tonight, for I think it will be of great assistance. When you hear of, or someone expresses some destructive or discordant thing, won't you be alert and say silently: 'There is something which I must avoid; or I will be reaping the same thing he or she is." It is a marvelous means of prompting yourself to avoid the things, the destructive qualities acting, which you see acting in others.

Remember, another thing: every one who expresses discord of any kind—now this is concerning the General Law of Life—is but counter-acting the Great Light, called forth to bring Release and Freedom to mankind. Do you see that? Already the world is weighted down, by human creations of discord throughout the many centuries. Relief must come now, if mankind is to survive. We are doing everything possible to be done. If you do not think We are Truthful, then of course you have lost the Benefit which We try to give; but when We see from Our Unlimited Standpoint, your Requirement, won't you let Us help you to quickly become Free from every limiting thing? We are all right! We are perfectly safe, but I question your safety, unless you are willing to give This Obedience.

It is wonderful, Beloved Ones, so very wonderful to come to the point, where you are alert and see the activities about you, the effects which they are producing and what is acting. Then, you will always be Master of the situation; but the moment something can sweep you into some kind of discord, it has its foot on your neck; just as definitely as you would put your physical foot on the neck of an Individual, and you know what that means! It means you are under its control for the time being.

This is sufficient for your prompting. Now let us take a little happier consideration in the achievement. Will you listen carefully to Me, while I state a few things which should mean Everything in the world to you! Let Me remind you, of the beginning of My Effort in San Francisco, when I attempted to give you Greater Assistance, in the consuming of one-third of your own accumulation of the centuries. Sometimes, you expect your friends to render you a service do you not? Sometimes to do you favors! Well do you think your physical friends are as willing to render you a Service as I was? Let us think deeply, this is meaning a Great Deal. I was willing to render This

Service for every honest, earnest, sincere “I AM” Student, which I did! I did My Part! Then came the time, when another one-third was consumed! Do not feel, I have done that for any one who has not been willing to give the Obedience required; but the Great Release to those who have obeyed, is manifest today in their Lives.

Now has come the Great Astrea! I question the Wisdom, tonight, of stating to you, the number of discarnates who have been taken out of the Earth’s atmosphere in the past eight months; for We have a Record of every one. Bookkeepers and accountants in the physical world think you have considerable to do; but I tell you, the Records We are compelled to keep far surpass yours; and believe Me, as accurate as your Records are here, so are Our Records accurate. I shall think it over and perhaps, give you in definite figures, the number which have been removed from the Earth in the past eight months.

That is why all over America, the pressure upon Individuals is so tremendously less today; and why there are hundreds of thousands who feel it definitely. This does not mean just the “I AM” Students; because it has taken the pressure from thousands and thousands of people who never heard of This “I AM” Activity; but THAT is the Service which must be rendered mankind. People who are relieved from the pressure of their relatives and friends in their invisible association, are feeling definitely This Great, This Tremendous Release.

We are just having a little resume, tonight. Think of it, the Beloved Goddess of Liberty, was the Great Wisdom and Power which gave Washington the Vision, you have come to know so well —the third episode of which, We are trying now to prevent acting in your Beloved Country. She, in Her Great Wisdom, saw down the centuries what would affect America; and thru Mighty Saint Germain’s Great and Wondrous Activity, is making possible to avoid the third and most destructive thing, which would ever overtake the Earth. Because it meant, if that should be victorious, there would be no place on the Earth decent for mankind to live.

My Dear People, My Dear Beloved Students of the Light, if you knew the conditions which exist in Europe and the Orient today, you

would call as never before in your Life. I tell you, you have not a fragmentary idea of the actual conditions which exist today.

Allow Me to remind you, why did Her Great Presence—Her Great Wisdom in the final closing of Her Vision say, to Washington: "That if necessary, the Great Light as of a Thousand Suns would descend into the Earth?" Because Her Wisdom saw the wavering attitude of mankind. Why do you suppose, We have been so earnestly endeavoring to bring the Expansion of the Light in enough of mankind to a point, where We could positively depend on Individuals standing by the Light of their "I AM Presence"? For the very reason, there must be some correspondence, must be some Means of Direction in the Octave of Earth, by which the Great Cosmic Law could act. It is why and how, Beloved Ones, you are acting under a Definite Law of Life which makes no mistakes. That Life is your own "Mighty I AM Presence."

The Individuals who will earnestly turn and give their attention to their "I AM Presence" WITH FEELING, DETERMINED FEELING, will soon find all mistakes ceasing from their Lives. This is why, We have pled and implored the students for these three years, to come to an anchorage in the Light of their own Wondrous Presence.

Oh, think of it! That Great Presence of Light, is the Most Wondrous Thing in the Whole Universe—regardless of the Octaves of Light! That Presence, your "Mighty I AM," is the Most Wondrous Presence and Being in the Whole Universe—actually beating your Hearts, your physical Hearts! Only now, are the greater number of mankind coming to feel this with a greater intensity; and becoming more and more firm against all discordant things.

Precious People, to hold Complete Harmony in your feeling; refuse to listen to or express a discordant thing, would within one year, fill your world with such Happiness, Perfection and the Supply of all you require, as is inconceivable in your mind, even today!

Look at your Beloved Messengers whom you love so much. Only a few years ago, they were in the same limitations as all mankind. This Beloved Brother, how he struggled thru those years. Today, he is no more the same Being that he was ten years ago, than as if he were from another planet. That is why the proof stands before you, beloved people of Earth.

To anyone, who is honest and sincere and wants to see the Living Proof, I say, it is before you all the time; of the Magnificent, Powerful Manifestation of the Sincere Application of the Laws of Life; thru the attention to the Great God Presence, the “Mighty I AM.” That is why We have Limitless Patience. Today, when We see for the first time in many centuries, the Actual Tremendous Progress being made, then can you feel with Me, the Rejoicing in Our Hearts? It is Magnificent, Beloved Ones! It is Magnificent beyond all expression, to find at last the Response from Beloved Individuals who have so long forgotten their Source.

Within the last few days, We were in a Great Conference concerning the Immediate Requirements of the Earth; and all agreed with such Rejoicing, the Response today was coming to the Great Balance; for the Light, Protection and Blessing of mankind and your Beloved America. It is a wonderful thing. Never in four hundred centuries, has such a Response been given by mankind.

Now let Us all give gratitude. Except for the Mighty Determination of the Beloved Saint Germain, this would not be today. He was the One who took the Responsibility! Remember that, Beloved Ones, and try never to forget it! He was the One who took the reins, took the Responsibility for the failure or Achievement. I won’t say what it would have meant had He failed. You, I am sure in your Greatest Love have never contemplated such a thing! Then, do you wonder only last night, He spoke of the Accomplishment; and poured forth His Love and Gratitude not only to the Messengers and the Beloved Sindelars; but to all the students for holding the fort and sending forth This Wondrous Magazine, which is doing so much more in the World, than anyone dreams of, at this time. Do you wonder He and We pour forth such Great Gratitude to the students everywhere? Remember you are the Great Family of Light! To the degree you refuse to give forth or listen to discord, are you aiding TREMENDOUSLY in the Great Victory soon to be determined.

I want to say a word to you tonight, in behalf of your Beloved Lotus. Could you know the hours, and hours, and hours, and hours, and hours, she works—day and almost all night, for the demand has grown greater, to render This Service to beloved mankind. Our

Beloved Betty, who so willingly works, until her fingers split on the ends from the constant use of the typewriter.

You cannot imagine, and as they cannot imagine, the Marvelous Service which the blessed Sindelars render here in this Center of Activity. Oh, I plead with you for your own Light, never criticize them! Please do not do it! They need your Love, your Strength, to give them the happiness needed, in their wonderful service rendered to mankind.

Take for instance, your environment here in Southern California. If every student would earnestly and sincerely pour out Ascended Master Love and Blessings to every other student, what a Transformation would take place in your Life inside of sixty days! Won't you let Us help you? Won't you let us give you Our Strength, Our Courage, Our Serenity and Poise within your own feeling, which enable this Mighty Release to go forth continually?

I know how many times great floods come forth and then there is a lull; because of disturbance, when if That Flood of kindness could be continued, how quickly every discordant thing would be swept out of your world. Then, in its place, would come the Glory of Light from the Presence, which is Self-luminous, Intelligent Substance; and It would bring you Its Eternal, Its Ever-lasting Blessing. This is why We never tire in prompting, in bringing forth to your attention, the need of the hour; the Requirements for all, for Life is exacting, Beloved Ones.

So, tonight, this Wondrous Release is going forth and is enfolding you. Remember, It is Self-luminous, Intelligent Substance. It is why in the beginning, I asked you to try to feel yourself in the Great Focus of Light from Your Presence in your Heart, so you might bring Its Great Focus here. Thru your attention, It brings the Focal Power of Our Great Light and Energy, to your point right here in the Universe.

Oh, that you might understand in its Fulness, what the simple Power of your attention means. In one's fondest imagination yet, there is none who grasps the Fulness of this One Great Activity. Remember, there is no mistake about it—where your attention is, there you are; and what your attention is on, you become!

Will you allow Me to prompt you tonight? Don't, I plead with you, ever let your mind revert to a single thing which has passed. If you would do that, Beloved Ones, what Release would come in a few hours. The reminder of the undesirable things which have passed, constantly bringing them back to the activity of your world today is useless—absolutely useless; and to so many, so very detrimental! Don't do it! What is passed is gone, if you let it be gone forever. What you are today is what matters; for what you are today, you make for tomorrow. If you bring the past into it, then the past will become tomorrow!

Think! Oh, Beloved Ones! think of what mankind has been doing so long! Stop forever the bringing of the past, into the conditions of tomorrow, thru the power of your feeling. Oh, draw a powerful line behind you and do not ever look back! If something undesirable occurs in your Life, don't begin to wonder; why did that act? why did that occur? Just say: "Thank God it was not worse! Thank God, I had the Blessing! Thank God I had the Protection! What a Wonderful, Wonderful Freedom and Blessing is bound to come out of it."

Tonight, determine as never before in your Life, to wipe completely out of your memory, everything which has passed; and if you have made mistakes, don't, I plead with you, condemn yourself. Call on the Law of Forgiveness and forget the thing forever! Oh, Blessed Ones, when you suddenly begin to be aware of the mistakes of the past, don't make a greater mistake by revolving your attention upon them. Simply with joy and thanksgiving call on the Law of Forgiveness and say: "Thank God, I don't have that any more." Then say: " 'Mighty I AM Presence!' take command of me and see I don't make it occur again today or in the future."

How I rejoice with you, in the Great Victory which you are gaining over these simple things. It is the simple things, which you pass over daily, that make for the building of your Foundation which cannot be interrupted or interfered with; and all you use with which to do it are those three faculties. Think of it! The Simplicity and Power of those three faculties—your attention, your vision and your power of qualification. They are the Moulding Power of your Whole Life. Control them! Call your Presence to control them; because they are the Power of the Universe.

If you have difficulty in your outer environment, then know your Presence is the Fulness of all Power required for any accomplishment; for Self-control or whatever it may be. Therefore, in Its Glory you see—you must see with me—your Victory now!

Beloved Ones, in the Fulness of My Great Love, and the Love of the Ascended Host of Light, I call forth the Fulness of Its Infinite Enfolding Presence; and may This Radiance released tonight, fill you and your world with such Joy, Courage, Strength, Happiness and Dominion, that never again from this hour, will anything but Perfection touch or fill your world.

I thank you.

DISCOURSE XVII

February 6, 1938

SAN FRANCISCO, CALIFORNIA

Beloved Students and Friends, while I know quite well you are not looking for it, yet shall I give you outwardly, some Reward for your great Love and kindness; which has made it possible in this Class, to do for you, your city and America that which is far beyond anything, We had expected to accomplish.

The human creation has been completely dissolved and consumed, for three hundred seventy-three people who have been in this Class. We could scarcely have hoped for such an Achievement. We feel it quite unnecessary to enumerate those Individuals; but I am sure within a few days, many will know definitely.

In the limited human concepts, I realize it is not easy for you to comprehend, what your Beloved Saint Germain has accomplished in Europe. This is the point I wish every one of you, to know definitely: You have been a part of That Accomplishment by the Harmony, the Love and Kindness which you have released here. Do you clearly and fully understand yet, the Release of your energy thru the atomic structure of your body, is imperative in Our need today? We must have a contact thru the physical substance of Earth.

We have left this octave and it is mankind who has created these conditions. Individuals must of their own volition release energy thru the human structure; which makes it possible for Us to give the Assistance mankind needs. It would be impossible, and I say so frankly, for people of their own volition, without Our Assistance to protect themselves in America today.

I think you do not comprehend Beloved Saint Germain's Reference to what He did in Europe. It should have conveyed to you the need of Our Assistance! The Law of Life is such, We may not intrude Ourselves upon you; much as We have always wished to give Assistance. There are enough in America understanding, the Presence—and each day the Understanding is growing clearer, for

the students everywhere to know the necessity of releasing This Energy.

Why do you suppose We urged, and urged, the use of these Decrees? Because We found it the only and possibly the best manner of getting you to release the energy, which We require! We amplify the energy required, to perform This Service of Protection for you and America. I think you more clearly than ever before understand it.

You have had the proof in your own experience here, of what it means to step up your Decrees and your singing to a certain tempo, which gives a joyous Release of the energy. Do you realize there is a Balance in every activity of Life? Your scales for weighing the precious metals are a very good example. When the Scale of Life stands at Balance, all the Forces of your Being are working Harmoniously and to the Greatest Constructive Purpose; but if one side is at a low ebb, then you are not working to the best advantage. When your Decrees and songs lag in tempo, it means you are not coming up to the point, where you are releasing this Energy which We require. I am very happy to make this so clear to you.

I want you Blessed Ones in San Francisco and Los Angeles to know Our Feeling! At the close of this Class today, We feel that not in four hundred years have San Francisco and Los Angeles been as safe as they are today. You may all who are earnest and sincere, justly take credit for it. I want you, every one who is sincere and in earnest, to feel how great a part you are of This Mighty Activity.

It does not make one particle of difference whether you are a frail lady, a child, or a frail gentleman; you can make your firm determined sincere Call to the Presence, and it is the imperative need. It is the Intensity and Honesty of Purpose, which is needed so greatly today; because the atmosphere of the world is charged with deceit. In the outer activities of mankind, many people have conceived the idea, if one were a little sharper and more alert in his employing of shrewd business activities, and could put something over on another, it was all right. THAT DAY HAS PASSED, BELOVED ONES, FOREVER FROM THE EARTH; AND NO ONE WILL EVER AGAIN SUCCEED IN THE FUTURE WHO PRACTICES DECEIT.

Whether it be in achievement or your business activity of the outer world, the Balance of the Scales of Life, is going to be compelled by the Great Cosmic Light! You will remember this for some years to come. You can scarcely hope for things to be Miraculously Transformed; but you can enter into Great Harmony and Perfection, regardless of many of mankind who must still make Application! YOU CANNOT HAVE PERFECTION, YOU CANNOT HAVE FREEDOM, WITHOUT YOUR OWN EARNEST SINCERE APPLICATION. THAT IS YOUR PART OF THE BALANCE TO LIFE!

Life has been supplying you with Energy all thru the centuries and what have you given back to Life? The only Judge of that is your Higher Mental Body. It has a Full and Complete Record, as to the Constructive or destructive activities which you have served.

After all which has been said, I am quite sure now, you realize not one human Being can be Free, who refuses to give obedience to Our Humble Requests and maintain Harmony in the feeling! Let us draw a crude illustration. In your electrical power house which supplies the current of energy for your cities, if the wheels and other things in that mechanism were out of order, how long do you think you would have your electricity or Light? Your feeling world represents identically the same thing to you; because it is your Power-house! If it is in turmoil and you are disturbed, then how can the Light within you go forth and harmonize and accomplish what you wish?

You do not know what I know, but I shall tell you something today; and if you care to believe Me, you will see in contemplation, how True It is. Do you think it is just your physical efforts which accomplish things in the outer world? Beloved Ones, it is the Light, the Energy of your Presence, which goes forth before you and accomplishes what you desire. When you realize Harmony is the IMPERATIVE thing in your feeling, so this energy may flow forth and go out in Its Full Power, Its Purity, Its Perfection; then you will have no difficulty in making yourself successful in your outer efforts, in the outer world. Until mankind understands that, the people will go on in their distress and limitations.

As students today, there is no longer the slightest excuse for you not having what you need for your happiness and comfort. You

should be able to govern the vibratory action about you, and call forth the Power of your Presence, to draw about you the effects or things your Heart craves.

You might say: “How about our families who do not agree with us”? That is a very important point. The True Understanding of This Presence is the Greatest Harmonizing Perfecting Activity in the Entire Universe. Now why have so many seeming disagreements occurred in families? Because the human tried to be the Doer. Precious Ones, now think it over! I urge you never to argue the question of This Understanding with anyone—your family or anyone else! Leave all Free to come to This Understanding and into It, whenever they are ready. If you pull them in by urging, they are very apt to begin to try to pick flaws. If people come in of their own volition, they come because the Light within them has drawn them; and it will be the rarest thing for them to ever turn aside for any length of time.

As the Messengers have told you, This Light, This Understanding which Beloved Saint Germain has brought to you, is clear! It is All-powerful! It is Mighty to set mankind Free; and I say to you as One of Authority: you will not have any Knowledge, any Application, any Information, any Instruction come forth, which will even touch It, in the next two or three hundred years. You will remember, when This Understanding was to come forth, even before the Messengers knew It, We decided with Those from Venus in the Royal Teton: This “I AM” Activity must come forth in simple language which the layman and the child could understand. All technical terminology, all foreign expression must be left out; because America was the “Cup of Light” of the future; and the only spot on the face of This Earth, where there was a possibility of bringing about the Right Condition for the Incoming Golden Age.

Would you like Me to tell you in figures, how many more will join you in the next six months? I do not mean just here, but all over the United States and in different parts of the World—and I mean by that those who will come into the Application of the Work? You have a little more than three hundred seventy-four thousand members I believe now. I have not checked it up Myself, but Beloved Saint Germain has the record, and when the Messengers return to the

Shrine Class in July, there will be more than two hundred thousand added to that number. I shall not say how many more. This should be of sufficient encouragement for you all to know, unless this were the Eternal Truth of Life, It could not expand and draw to Itself Its own.

You have seen all of the various angles of Truth already. Those who have been drawn to this "I AM" Activity far exceed anything else. This has brought True Understanding! In This Ascended Master Understanding, you have the culmination of all. There is not one thing left unsaid, or unexplained by which you may gain your Victory. Therefore, those who will stand by and apply It, will have their Eternal Freedom.

I say to you, as One who has Authority to set aside time and space—to dissolve and consume the human accumulation, the creation of Individuals; and to remove the discarnates from the Earth —there is not one of you, who cannot have your Freedom in every way quickly, by two simple things.

Since you have come to know the "Beloved Mighty I AM Presence," take a firm unyielding stand to hold Harmony in your feeling and make your Earnest Application. There is not one of you, who could not be Free in six months. I trust those, for whom their own human creations have been dissolved and consumed, will feel and take advantage of the Opportunity with greater power in their Application; greater intensity, greater earnestness and greater Determination. Beloved Ones, when you have lived for centuries in human creations and accumulation which has been gathered up to this time—you of course do not realize it; but the feeling, the power and the energy released thru discord, has made this condition of today. In order to reverse, dissolve and consume it, you must know you are undoing in a few weeks or a few months, what you have been centuries, hundreds of centuries accumulating! If you really understand and know your Privilege today, is the Greatest Privilege of all your pilgrimages upon Earth; you will realize the Great Mercy of the Great Law of Life, which provided a Means of doing it.

You will remember the Great Astrea, Myself, Beloved Saint Germain, Jesus and Various Ones who are Certain Authority for Certain Activities. Do you suppose We just of Our Own Desire

became This? Oh No! The Great Law of Life, which is governed by Those Great Beings whom Beloved Saint Germain has presented to you, as the Central Focus of Power for This System of Worlds, made Us the Authority for These Special Activities. Then you know that We act wholly thru the Authority of Life.

Your Higher Mental Body knows your Requirement, why you are in this particular embodiment; and what brought you here. We may not interfere with that, unless We receive the Call from your "I AM Presence," thru your Higher Mental Body. Do not come back and say to the Messengers: "There is a contradiction." Beloved Ones, there could not be a contradiction in the Law of Life! It is the Individual's lack of Understanding, which some people seize upon and by which they try to find discrepancies.

This Law of Life is Unerring! It makes no mistakes! We live in accord with It and are obeying It! When your Higher Mental Body calls to Us, for the Assistance which must be rendered, not a thing in all human creation could prevent It!

Let us clear this. You might say: "Why does the Higher Mental Body, whose Focus of Life is All-wise and All-powerful, call on Us"? The Messengers have explained, but I want you to have it definitely clear this time! When you have accumulated about you, all the discord which is your creation of the past; you do not always obey the Direction from your Higher Mental Body. We, as Ascended Beings having gone thru all this process; having attained Our Ascension thru Self-Conscious Effort, thru This Identical Application —NOW THE CONSCIOUSNESS WHICH WE ARE, KNOWS EVERY REQUIREMENT. You will pardon Me, if I use this expression —but the stubborn human Being, who will not yield and respond to the impulse from its own Higher Mental Body, must sometimes be given Assistance, in order to let that Impulse thru. When We pour Our Light Radiation, which is Our Means of Assistance, We take out of the Individual's feeling, the stubborn rebellion or resistance, so the Power of Its Presence can get thru to render the Service.

Now do you understand why in this Class, you feel so wonderful; you feel so at Peace and Rest; and you feel as though you could accomplish anything? Because the Stilling of your human, has made it possible for the Current of Energy from your Presence,

to flow forth unqualified by anything, but the Harmony which is within your feeling.

When Individuals come into the room to criticize and condemn, they are filled with turmoil in their feeling. They could not receive anything, if it were to save their lives. It would be impossible! Therefore, they should be Honorable enough to stay away. This is the Law I am citing to you—the Law of your Life, each one's Life. Therefore, those who have a desire to revolve discord; find discrepancies; or something wrong, will find it; because the wrong is in their own consciousness and feeling; and so far as they are able to see, they see only what is within their own feeling! Their feeling is their desire world; and they only desire what is within their own feeling! That is why one who is out of harmony, coming into the room, would not receive anything, except sometimes to get so uncomfortable, that one would go out.

In the realization of your Privilege today, will you take a firm command on yourselves, knowing the simple Requirements? It is not much to do really, when it enables you to have such a Release, that you will never again know what it is, to meet the problems of the outer world with fear and trembling.

Oh, think of it, Beloved Children of Earth, here is This Great Presence of all Life, which is giving you Life and Intelligence and beating your Heart, functioning every activity of your body; doing all this for you. Can't you give just a little obedience, the little which is required, to let the Light from the Presence, flow untouched by human qualification; in order to render This Service and release the Happiness and Perfection which is just waiting, waiting, waiting to push Itself thru today?

The Simplicity of it is what mankind has overlooked. Do you see why the Great Wisdom compelled These Books, to come forth in simple language and the Understanding which all might grasp? It is the Only Way mankind can get the Clearness, the Perfect Understanding of Life. All said in Those Books, every Explanation, is the Law of the Action of your Life! everyone's Life! Our Life! When We say to you, Beloved Ones, We made this Identical Application, We mean every word of It. There is but one Application in the Universe which sets mankind Free. It is first, the Understanding that

you have an Individualized God Presence above you—the distance makes no difference. From your “I AM Presence,” comes the Stream of Life and Energy anchoring into your own Heart, and It gives you Life, Intelligence and Activity. IT IS THE ONLY THING IN THE WORLD WHICH WILL GIVE MANKIND FREEDOM.

Then, knowing you have brought yourselves into this condition, by the lack of Understanding and the unwillingness to do certain things; or by not knowing you should do certain things; it has allowed discord to accumulate for centuries. The Great Mercy of Life has said: “Now my children, I will give you one more Opportunity.” This is Life for the moment speaking to you. “I have brought forth from My Secret Chamber of Life, the Fulness of the Understanding of Life.”

The one who is vicious will not understand this of course; because he or she cannot understand anything but his or her own viciousness, for such a person does not want to; but the one who is sincere and in earnest, who will still himself or herself, will know without one word from anybody, the Truth of this Instruction! Every Heart knows It, and if every Heart is left alone, It will continue to know It daily, with Greater Power and Expansion of the Light.

The Blessed Ones, who do not realize the need of standing within the Radiance of their own “I AM Presence,” and refusing to listen to false gossip, will be wavering for the time being. It will make it more difficult for themselves to apply This Law; until they have the Evidence within themselves in their own experience, of the Infinite Power of This Law and Its Application to produce exactly that for which they call.

You have heard the Messenger say it again, and again, your Call is compelled to be answered! Why? Now notice this point! What is it within you which makes the call? What is the Intelligence, the Energy, the Light which enables you to voice the words or feel the feeling? It is Life, isn’t it? Could there be anything else? It is Life, and if left alone to Its Perfection, It will always cause you to feel and do the Right Thing. Then It is Life, the Secret of Life revealing Itself to you!

Why has It not done so before? Because That Secret of Life could only be revealed and held in Its Purity, by Those Who had freed themselves from Earth’s limitations. Do you not see? How

could one yet in the limitations of your world, give you the Fulness of Life without limitations? It would not be possible! Therefore, We Who have attained Our Freedom from these limitations, know exactly how to do it. Every human Being or every Being while that one was still in the human quality, who gained Freedom, came thru this same Application; because there is only one Way. It is to understand your Individualized "I AM Presence," Its Laws, Its Whereabouts, Its Connection with you and your connection with It; and then apply the Law of your Being!

Again, why are We needed? Because Our Words are "Cups" which carry the Ascended Masters' Perfection and Qualities into your feeling world, your Life and Its Activity. That is why you need Us. Does it sound like We urged Ourselves upon you? I trust not, but This is the Law of Life!

Do you expect your children in kindergarten or the first grade, to understand the advanced studies in your schools? Would We expect you in your present state, to suddenly transform yourselves; and understand with the Fulness which We do? That would hardly be reasonable would it? Yet, there will be Individuals among you in the next twenty years, who will to the outer sense seem to do this. In fact Bob, Rex, Nada and Pearl have, but it was My Great Joy and Privilege to render the Service, which almost did that; because their Life Streams happened to be clean and Free from too much discord.

You have never received an explanation for it, have you? I am sure the Messengers will appreciate this themselves. Why was it Rex, Bob, Nada, Pearl and the Messenger were brought to Me? BECAUSE IN PREVIOUS LIVES, THEY HAD COME WITHIN A CONTINUED HARMONIOUS ACTIVITY AND RADIANCE. In a former embodiment, which it is not necessary for Me to describe, they made a Mighty Decree, understanding at that time the Law of rebirth. They decreed with a Powerful Mighty Decree, in all following embodiments, until they attained their Perfection, they would only take on embodiments where they were in Perfect Harmony; and of course it had to be fulfilled. There have been many who have done it, but this is one of the instances in which it has been My Joy to assist and to explain to you the Reason for it.

I could say many things to you today individually, but it is not necessary at this time. PERHAPS IT IS ASKING A LITTLE TOO MUCH; BUT IF YOU WOULD SPEND FIVE MINUTES AT NIGHT JUST BEFORE GOING TO SLEEP; AND DIRECT YOUR UNDIVIDED ATTENTION TO ME, I MIGHT BE ABLE TO DO SOME VERY JOYFUL THINGS FOR YOU, OR TO ASSIST YOU TO DO THEM.

Let Me remind you of the Great Power and Privilege which is yours. We have not thought it wise, to say too much, but you today in this atmosphere cannot misunderstand it. Charge your Higher Mental Body on going to sleep, to pour back Its Mighty Currents of Energy—healing if that is required; harmonizing or controlling your physical body. If you would call It to take Full Action on your awakening in the morning, you would find some very Joyful and sometimes Astounding Results!

Will you remember your Higher Mental Body is the Governor of you and your world out here, if given a chance? Because of discord, It has not been able to do Its Work. Thru your power or requalifying and clothing the energy, which goes out into your world, it produced the result of the feeling with which it was clothed.

If you want to maintain Harmony in your feeling, then charge your Higher Mental Body to make you do it. It is only waiting for the invitation. Now mark you! the difference between the human effort to do something and making the Call to the Intelligence and Power which has the Authority to do it. The human of itself has no authority! For instance, when you are using what we term the human will, it is the gathered energy in the outer activity of your world and you charge that forth. It is filled with human qualities and of course it does not produce the results you want. When you turn to your Presence and call Its Power, which is Light, Self-luminous Intelligent Substance into action—It knowing no resistance nor interference, you are bound to get the Results of Perfection. I mean outside of your outer achievement which is required. In addition to your outer accomplishment, you have called into action the Greater Power of Perfection into your feeling world. This is the greatest need of today. Will you feel It and hold to It with Definite Precision, so you may have this quick, Great Eternally Sustained and Ever-lasting Blessing?

Do you realize, Beloved Ones, there is being rendered for you the same Identical Service, a part of it, which was rendered Rex, Bob, Nada and Pearl? They were brought to Us; We are brought to you, to render This Service, because of the conditions which exist and the need of the World. There is no time and in other ways, you are not prepared to come to Us, as they did in India and in the Royal Teton or the Cave of Symbols. Therefore, We must come and give you the Assistance. We never could have done it in the world, if you had not been made acquainted with your "I AM Presence"; and been making These Earnest Determined Calls for your Freedom and Perfection. Do you see now, you are beginning to comply with the Law of your Life and return to It, something of what It has given you? I urge you today; do not mind, if We keep repeating these things, because it is so necessary. Charge, keep charging, yourselves with the Perfection of your Presence; with Self-Control, with Discrimination and all the various qualities, you wish to have brought forth. Stand unyielding, because there is never one of your Calls which can fail. I want you to realize that.

Let Me show you how impossible it is, for any Call to fail. If you made an Earnest Sincere Call to your Presence for anything, and you, for an unexpected reason, became voluntarily disturbed, the energy for the Fulfillment could not come forth. It would wait there and when you became Harmonious enough again, It would come thru and do Its Work.

It is the Law of Life and is why the Messengers have said to you, when you call your Presence into action, It is an Eternally Sustained Activity. It is an Eternally Sustained Achievement and you do not have to repeat and repeat it. When you call your Presence into action and the Result is produced, It is there and nothing has to be repeated. It is why everything in the Application of your Presence is a Permanent Accomplishment.

We want you to feel this, for in the Glory of your Life, the Stream of Energy which gives you Life, is all the Power and Intelligence there is anywhere in the World, so far as your individual world is concerned. It is the only part you can contact. You cannot go anywhere outside your own world, Dear Hearts, it is impossible! You touch the world of others, but that does not belong to you! The only

thing is the Perfecting of your own self and your world; and when you do It, you will find all around you changing too.

I know of no one thing which gives you a clearer definite idea, of what one Individual in the presence of others, with the proper Understanding, can do thru his or her Radiance, than “The Servant in the House.” That play illustrates to mankind how one with a Great Calm Out-pouring of This Radiance, can harmonize, bless and bring into Perfection, every one within his or her environment; if that one be strong enough to stand untouched by the surrounding discord.

You as “I AM” Students today, are in a position to do this, if you but realize it. You can stand in the midst of your world and hold a Great Calm Serenity and Peace. Then, as you call the Powers of your Presence to go forth, Its Radiance will go out; and all about you will become harmonized and bless you. When you do not do that, it is because you allow your attention to be fixed on the discord about you; instead of the Powers of the Presence which control it.

I am very grateful for the opportunity to bring this forth today, and to be a part of your happiness and your Love. The Great Volume of your Love which has gone forth from this room, will remain an Eternal Memory in this city. We are utilizing that to the fullest extent; and when certain things are shortly accomplished, We shall return to bless you with the Fulness which you could scarcely comprehend today.

Remember, in the Great Kindly Out-pouring of the Ascended Masters’ Love and Blessings, is the Open Door to your Complete Freedom. I do not mean, you should allow conditions of inharmony to submerge you; or Individuals walk over you—humanly speaking. Not at all, but in the Great Calm Majesty of your Presence, no one will want to walk over you; no one will want to disagree with you, if the Radiance is sufficient. That is why, Beloved Ones, so many times vicious Individuals have come to the Messenger; and usually he stands perfectly quiet, until His Radiance has an opportunity to enfold them, then their viciousness is gone. So it is with every one of you.

Every one of you today is an Out-pouring of your Great Presence of Life which is all Harmony, all Power and Perfection. You are now understanding how to keep your feeling so harmonious, you

do not requalify Its Energy as It goes forth. Therefore, Its Power is a thousand fold greater, than It was before; when you continued to requalify it, with the feeling which was within you. I am so grateful for I see so many of you who are going to be able to hold That Harmony; and therefore, win your Victory so quickly!

I shall say something else which I trust will give you Great Happiness. For two hundred eighty-three of the “I AM” students, time and space has been set aside. It means, the pressure of your human creation is withheld from you; and much of the pressure of Earth. This will make your Application much easier, much more powerful. So I say, from today, enter into the Fulness of your Life, by your Earnest Sincere Application.

DO NOT SPEAK OF YOUR EXPERIENCES OR YOUR ACHIEVEMENT TO ANY ONE ELSE. HOLD YOUR HEART THE SECRET SANCTUARY, THE SECRET CHAMBER OF ALL THE GLORY OF YOUR PRESENCE; AND LET IT FIRST FILL YOUR WORLD. Just go right on, with your own Application and let the Powers of Life, your Presence, flood your Being and world with all It is. Thus you save yourself from handling human opinions and their interference with your world.

Many times, We have seen the Blessed Students mention some experience, some application to another and a few days later find, it had all vanished. All the Joy which they had experienced had gone! HOLD ALL YOUR ACHIEVEMENT IN THE SACREDNESS OF YOUR OWN HEART. Look neither right nor left, but go on in your Application and have the Joy, Glory and Freedom which Life will give you; for all this is but Life. You are being made acquainted with your Life; and how to call Its Great Perfection into action and manifestation into a world, where human creation has reigned for centuries.

Now the Light is taking Its Dominion and don’t mind, if human things about you struggle and resist. Remember, so far as your world is concerned, when you call This Light into action, It knows no resistance nor interference, but proceeds to perfect your world. As your Harmony goes out you will assist, by Its Radiation, every one you contact to attain a Like Perfection.

I thank you and bless you, Beloved Ones, with the Fulness of My Love and clothe you in the Consciousness which is Mine; that Feeling which is Mine; to endeavor to give you the Assistance of Self-Control in Its Fulness. Then you may enjoy the Fulness of the Perfection of Life, as It flows forth into Perfect Manifestation in your outer world, and releases Its Activity and Experience.

I thank you.

DISCOURSE XVIII

March 6, 1938

CLEVELAND, OHIO

Beloved Students, in all that is being accomplished and yet to be done, We thank you with the Power of Light for your assistance; your stand with the Light to make the Call which humanity needs. I know it is not easy for you to realize, not seeing from the Inner Activity of the Law, just all required and the need of your great great assistance.

We, from the Octaves of Light and Freedom, long so much when the opportunity is so great, to release mankind from all human accumulation and all which has bound them. As many of you have come to know, it has been My Great Privilege to assist many many students, in dissolving and consuming the last particle of their own human accumulation. Do you realize, Beloved Ones, just what THAT means?

When Beloved Saint Germain has told you repeatedly, the pressure of your own human creation—before any of it was dissolved—was ten times that of the atmospheric pressure of Earth; then you must understand, what it means to be released from such pressure of your own human creation. You have often felt in your outer general experience, sometimes a buoyancy and Lightness; then again a tremendous pressure as though you were being dragged down. It is because in the moments of the feeling of Lightness in your feeling world, not thru your attention, but thru your feeling, a Radiance has come, a Release of which you are outwardly unaware. Yet it is sufficient to really lift you or momentarily repel, your own human creation and its pressure.

Today, I rejoice during this Class, for many many of you here, it will be My Privilege to dissolve and consume the remainder of your own human creation! I know quite well how earnestly many many of you have been working and making That Call. Will you try to feel with Me just for a few moments, how vital and important your Call is!

The mass of mankind does not understand. The people are unable to make the Call, because until one knows This Great Presence of All Life, the "Mighty I AM," the Power in your Calls is but slight; in comparison to what It means, when you know your own Source of Life, the "Mighty I AM." Today, it devolves upon the Students of America, until more join them which is coming so rapidly, to make This Call with such Earnestness—not with any stress or strain; but with just such Earnestness and Determination that it gives Us the opportunity to do all We require.

Let Me explain something again today, because it is not understood generally, even among the students. I am going to try to clear this in your minds; for once it is clear, you will find an Inner Change in your experience. When you decree—when you make the Call to your "Mighty I AM Presence" and the Ascended Masters, the Legion of Light and the Cosmic Beings, you are releasing Substance from within your feeling world and your physical body. Now notice this particularly—from your physical body!

This Substance is the Requirement which We need, in order to release and then amplify It, with the Great Purity and Perfection of the Substance of Life; to bring about the changes which are being made. The progress, the Advancement so far, has been beyond our fondest hopes. Mankind has responded in the most wonderful manner; and I congratulate you here and the students everywhere, upon your ability to release This Energy and Substance which We require.

Today, Beloved Ones, sixty percent of the Victory of the Light has already been attained and We hope to make it much more here. By the time We have reached New York, We hope for an achievement which will lift every "I AM" Student in America and the World into the Glory of their Eternal Victory. It does not only mean your Individual Freedom; but the accumulation of mankind of the centuries, must be dissolved and consumed completely, for whatever is to be done in the future. Without this consuming, mankind is constantly interfered with, interrupted at the most vital moments. Then, disappointment besets Individuals, sometimes delaying the Expansion of their Light indefinitely.

So today, We want you to become so anchored that not a single thing in the appearance world, will interrupt nor interfere with all which is to be done individually and for America. I quite realize, sometimes, even among the students, Individuals wonder why We keep stressing the need of America. Well Dear Ones, if America is not protected, you will have no place to call your home. Do you not see how important this is? Suppose something destroyed your physical home and you were unable to prevent it, temporarily you would be housed somewhere, would you not? So it is in America today.

America is the last spot on Earth where Our Perfection can come forth. It is vital for all the Students to realize this; because it will enable them to release the Power for the Protection of America. Then, as their own Individual Life Streams become cleansed, purified and set into Divine Order; in the Perfection, in Action, which the Presence is and holds for them, they will find the Glory of Its Dominion sustained!

In all you hold dear for your Loved Ones, for America and the Glory of all which is yet to follow, you will find Its Infinite Power of Action ever increasing; intensifying and spreading everywhere into the World to do Its Perfect Work.

Here is an illustration which will possibly help you to feel more clearly, the Glory of that which is not only the Activity in your Call from the Presence, but the Assistance We give. Suppose before you, who are sitting here today, there were a Great Light like a Great Sun; and from It came Streams of Light and Energy to each one of you. This is actually what is taking place! It means that in co-operation with your Call to your Presence and the Cosmic Beings, those Great Beings of Light, are constantly giving you Assistance of which the outer does not even dream!

As you become aware of This and begin to feel It earnestly within your Being, Oh how Great will be the Change: first, in your feeling world and then in the outer activity. When you begin to see—shall We call it, the Natural Harmonizing Activity of your world of action, all that goes forth is a Radiation from your Presence; amplified many times by the Ascended Ones and producing this condition of Harmony which is required first; because without it

Beloved Ones, you cannot have the Full Blessing and Benefit which is being released.

One thing may explain to some of you the Inner Activities. As you are calling forth This Great Light, This Great Substance, Intelligence or Energy; It is Light-Substance which you are really calling forth! It comes into your world of action, It brings a release into your world, which the human cannot possibly comprehend at this time. As you become more acquainted with the Presence, know that to still yourself, is the means of letting Its Power come forth. Then Its very Vibratory Action, as It flows out into your world, will quiet and harmonize your Entire Being still more.

(At this point many came into the room)

Wait just a few moments, until the movement in the room is stilled. I cannot give you the Release which I wish to give, until it is quieted down. (Pause)

BELOVED ONES, IN ORDER TO DO THE WORK WHICH WE DESIRE, IT IS IMPERATIVE TO HAVE NO ONE MOVE ABOUT IN THE ROOM; FOR IT CONSTANTLY CHANGES THE CURRENT OF ENERGY AND THE BLESSING WITH WHICH WE WISH TO HELP YOU. IT IS NOT EASY FOR THE OUTER TO UNDERSTAND, but, We must HAVE IT; IF WE ARE TO GIVE THE BLESSING WE INTEND. So I thank you very kindly for that quiet now.

Your Life Stream, as you call forth This Greater Release of the Energy required to cleanse, purify and harmonize your world, is the One Great Substance, which is Light! We are endeavoring so earnestly to have all realize, in your Call for This Light, which is released from your Presence or from the Ascended Masters, is the Activity required! Of course It is always first from your Presence, then amplified by the Ascended Masters; but That Substance of Light is One and the same. The Ascended Masters, as They stand in Their Purity and Perfection today, are One with the Purity and Perfection of the “I AM Presence,” of you who are yet unascended.

Notice why the Assistance of the Ascended Master is so important at this time. Do not misunderstand Me. All from the Ascended Masters’ Octave, is of course Perfection; but in order to try to convey to you these Octaves or steps, the Ascended Masters’, is the first step beyond the human. Our Ascended Master Octave is

Wholly Perfect. To help give you the idea, We would place the Legion of Light next. Then would come the Cosmic Beings—if you wish to look at This Activity as steps. This is why, mankind has not understood the need of the Assistance of the Ascended Masters. They are the Consciousness, the feeling all mankind requires today, in Its Perfecting Activity.

Without the Assistance of the Ascended Masters, Beloved Ones, I tell you frankly there would not be three percent of the people today, who would have the strength to stand up under their own creations; and that of the mass of mankind to Free themselves! Therefore, they must have more than their own assistance. That is why Beloved Saint Germain brought forth This Amazing Understanding of the Law of your own Life.

Will you understand today, that We as Ascended Beings or Cosmic Beings, are just your own Life more advanced; Higher in Its rate of Vibratory Action, than you experience here in the physical octave? Notice the Chart. It is the Stream of Life and Energy anchored within your physical Heart which gives you Life. That Life is the One Life of the Whole Universe!

For your Greater Understanding, your "Mighty I AM Presence," which is the Individualized Presence of Life, is the Image and Likeness of God, as you previously understood. It is the Focus of your Individual Activity. It has been necessary for mankind to understand the Individual Focus is there above everyone; and will be sustained in any activity, upon which the attention might be focused. WITHOUT IT NO ONE—NOT EVEN YOU IN YOUR OWN LIVES, HAVE BEEN ABLE TO SUSTAIN A CONSTRUCTIVE ACTIVITY CONTINUOUSLY. Constant change of attention causes the change of the Currents of Energy. You wonder why sometimes, things move rapidly and then a lull occurs in the activity in your own Life. Simply, because you have not known your "I AM Presence." Now that you do know It and you will call to have all your Application sustained, you will find a steady Advancement; a steady climbing and in many instances, just as though you were climbing a steep mountain. It is a very good simile of what is actually taking place in the vibratory action of your world; as you turn your attention and hold it upon your

Presence. ONLY AS YOU TURN YOUR ATTENTION TO YOUR PRESENCE CAN YOU RISE ABOVE DISCORD!

I now convey to you, the importance of concentration! I mean by that, the holding of your attention upon the goal which you wish to attain. If it be in the business world, your attention held definitely upon the goal, releases the Power and Energy in your own Life. It is the only thing that can act for you. Another's Life Stream cannot enter into yours, only by the Power of Radiation to give temporary assistance. Therefore, as your own attention is held upon the goal, your Power of Light from your Presence, is feeding into it. The more intensified your feeling and determination, the greater is the Release of the Power, to produce Perfection in the achievement you require.

This is the Power of Concentration and the ONLY MEANS by which it can be sustained. Whether it be your Freedom, your Ascension or your business activity, matters not, the same Law is acting. So many are calling for their financial Freedom. They think so earnestly it is going to be helpful. Well do not be disappointed, but let Me try to clear this for you. If you will give sufficient earnest attention to your Presence—as your Treasure-house from which all must come, you will find outer conditions will harmonize; and come into harmonious accord with that which will bring you the money supply you require! It is the ONLY PERMANENT MEANS of doing it.

If you try with the forces of the outer world, to accomplish what you desire, you may attain a certain amount of success; but there is no assurance of its permanency. You see that manifest everywhere about you. The Individual who will turn to his or her Great Presence wholly; accept It constantly as that one's Treasure-house, from which all money supply and everything else must come—all other supply—will have set into action, the Greatest Law in the Universe. It will be permanently sustained; and there is no human element which can change or destroy it.

That is the point I want to have you understand at this time in the world's activity; because the outer world is in the most unstable condition which you can possibly imagine. So do not depend upon the stability of your outer world, which is governed largely yet in your commercial activity, by the whims of humankind. I do not mean, there are not many honest sincere Individuals for there are; but they

are in the minority. The great majority of mankind, feeling tremendous pressure, feel justified in using the subterfuge of human means to supply themselves.

Today, I shall acquaint you with the conditions which exist in Europe and the World! Mankind over the entire World is feeling this pressure. With a great number of the people, it is acting as a sense of fear; and their fear comes from their desire for supply. I plead with you—all of you earnest sincere “I AM” Students, erase that from your feeling world, by the Call to your Presence. Do not let the fear of your supply enter into your feeling world. If you do, you build it up and make it most difficult for Us to give you the Assistance, which will bring you CONSTANT FINANCIAL SUPPLY.

We know quite as well as you do, the need of it today, so long as it is the means of your exchange; but there are perhaps twelve Individuals in the World, today, who have millions at their command, whose fear is the greatest you ever witnessed! It seems incredible; but I tell you it is True; and that is what has brought this tremendous pressure upon mankind; from the financial standpoint and in the industrial world! They are trying to concentrate and gather all within their own control! I ask you to watch it! All of a sudden, you will find it is like an explosion, and they will find their hold upon mankind forever released!

That is why Beloved Saint Germain has brought forth This “I AM” Activity; and why We are making This Tremendous Effort to assist mankind. It is to give the people the Conscious Understanding of the Laws which are acting about them; so they may free themselves from this condition of fear and doubt, which bind them to all kinds of destructive feeling.

I say to you as students, you have been affected here quite the same as other places in the United States; by vicious false gossip concerning the Reality of This Work, and concerning the Messengers; but if you listen to it, you are the ones who are deprived. Because some vicious Individual spreads false gossip, it does not mean that it is true; but if mankind accepts it, then the people are deprived. The Messengers will go on doing Their Work, because It is Real! It is True! It is Mighty, but the Individuals who

allow themselves to be affected by vicious things, are the ones who are the losers.

We cannot say to Individuals you shall accept This Wondrous Understanding! Get it clearly, Dear Ones! During this Class, let Our Light anchor you so firmly, that not a thing in your world can affect you discordantly. You should know that forever. Bear in mind This is not the Messenger talking to you; but the One who has come to be known as the Great Divine Director. I am that Cosmic Being, Who is flashing These Words before him! Now hold That in mind! I am the One who is Authority for the Law of Life; and if you will understand It, you will see I speak with Authority. With the obedience of mankind to the slightest Request, which We ask, you will have your Freedom! Without obedience, We cannot give you the Assistance required.

The rebellion in a few of mankind, when I sanctioned the Group Outline, showed they did not understand the need of the people or the mass of the students. The need of the Protection for America, was the reason. Do you think, Beloved Ones, I would attempt to influence you; or attempt to govern you, when I know as no other Being does, what your Free Will means? Therefore, it is with the Greatest Loving-kindness We present These Laws for mankind's use. They are here for your Blessing!

There is not one thing of which We talk that is not concerning your Life; Its Law and Its Action. There is nothing mystical! Dismiss every particle of such nonsense! Your Life, the Life of the Universe of which you are a part, makes It the most practical thing in the whole world and activity of mankind. There is nothing in the physical world today, which is as practical as This Great Activity of the Law of your own Life; because you are dealing with Vibration and Substance; and every feeling which goes forth from you, is setting a cause into action to produce results for you.

That is why We know this. We went thru the human experience in gaining Our Freedom, the same as you are. Knowing your Requirements, We have so kindly offered Our Assistance; but if mankind says We do not exist; it is the Messenger's own activity, which is giving this forth; then you have lost to a large extent, the Blessing of Our Vibratory Action; with which We release you thru your Call, from all limitations.

In My Privilege to assist the number who have been released so far, could you see this moment, the Release from the Inner Standpoint for these Individuals, your Joy would be Boundless forever. Just because you have not seen some Miraculous Out-picturing thru and from those Individuals, is not the slightest reason to think, It has not been accomplished. This is why I say to you today, go on, and on, and on, in your Application; not worrying, not being definitely concerned about the results. If you do, you are so apt to fix your attention upon the results, instead of the Power which produces them. You will see at once it is what mankind has been doing. The people are fixing their attention upon the result out here all the time, instead of Its Power of Release.

In this preparation today, for the coming Class, there is no one thing in which We rejoice so greatly, as the opportunity to visit the Groups; and to those who are present, bring a Certain Attunement for the Greater Blessing released in the Class Work.

Did it ever occur to you why these Classes became ten day Classes? Why was it not different? Because it represents the Balance between the human and the Divine. Whatever is more than that, will mean an added Power, to the Accomplishment of Balancing for all mankind. You do not know outwardly, what it means to hold the Balance over the human from the Ascended Masters' Octave; for the Release of Our Light into the octave which is a lower vibratory action. We see and know so clearly what that means; how so many have been lifted out of their limitations; and had the Complete Release from this lower octave, while still moving in it. We know there is no limit to what can be accomplished for the students. Try to realize with Me today, aside from yourselves who are students, these Mighty Decrees going forth in the mental and feeling world of mankind, are reaching thousands and thousands of people who have not yet touched This Work. It is acting in their feeling world. The moment the slightest thing comes to call their attention to This Mighty Presence, their "Mighty I AM," their feeling is prepared and ready to receive It.

It is why the Transcriptions and the Radio Broadcasts, have done so much for the Blessing of mankind and they are bringing such a tremendous number of people into This Understanding.

Therefore, remember in your Group Work and in your Decree Work, you are rendering a Service Indescribable and Unparalleled in the history of the Earth. If it had not been for that, We could not have hoped to have saved humanity, from the condition which threatens the entire World.

I said mankind might, one day, be surprised at another Transformation which would take place in Russia. I still maintain It! The change in the feeling world of those people, may bring a great Transformation there, and We are pouring the Light forth for It. The destructive element in that great country, is fast losing its power. It is why recently, We asked the students everywhere to give their assistance to Europe and the Orient. We are trying an Experiment and so far it is beyond Our expectations.

As We have found Ourselves reaching a certain point of safety in America, We have been utilizing some of This Power, released from—let Me call them—the Great American people, because they are! Who on Earth is so great as those, who give forth their Life Energy, so We may utilize It, to bless mankind and the world? Should Our Experiment succeed, you will see a Transformation in Europe which will be the Greatest Miracle you ever witnessed!

We cannot yet tell you the outcome, for We cannot depend upon Europe, as We do upon the students of America, today. Let Me call your attention to something you might have heard, some of you. Beloved Saint Germain performed This Tremendous Service. When it was planned to send a secret fleet of airplanes with their destructive power at night over America, to spread devastation, He prevented that plan's success. Five times, He intercepted the messenger, who tried to carry it out. At last, He compelled their destruction back into the messenger in order to prevent it. Then, He went to the instigator, who is at the head of a great army—made Himself visible to him—and said to him: "If you try this again, I will destroy every plane and all that is in them; and then if you persist, I will destroy your entire army, and if you think I cannot do it, try Me out" !

It is what comes from the Activity of the Great Cosmic Light, which on the seventh day of the Shrine Class, made it possible for the viciousness of Individuals to be returned upon their creators!

There is no wrong in doing that! There is no viciousness about it. Get this clear in your minds; because if you don't, you will find yourselves meeting obstruction! The World today, is under the pressure of vicious destructive human qualities. All mankind is to some degree responsible for it; but those who have utilized the destructive force, to get the governing power over mankind, to compel the people to be subservient, will find themselves meeting their own creation. When they are compelled to look upon it, they will see their own destruction.

This is not a matter of My Opinion, your opinion nor anyone's opinion. It is the Law of Life which is the Law of cause and effect; and when the cause of destructive qualities comes to a certain point of action, the reverse of that action takes place! Not all human Beings on Earth nor Ourselves, can prevent it; because it is the creation of mankind returned upon its creator.

Now you will see how great is your Privilege in the Use of the Violet Consuming Flame; and the Understanding of the Power of your Presence which is Life; to draw about you the Tube of Light, which is your Protection. THE POWER OF THE VIOLET CONSUMING FLAME DISSOLVES AND CONSUMES YOUR OWN INDIVIDUAL CREATION, SO YOU MAY NOT LOOK UPON IT. YOU NO LONGER FEEL ITS EFFECTS. YOU CANNOT IMAGINE EVEN IN YOUR FONDEST IMAGINATION, WHAT THAT MEANS TO YOU!

Utilize This Power, Beloved Students, and call your Presence into action as never before; to use the Violet Consuming Flame thru your physical body, your mental and feeling world with dynamic power! Already you have consumed the larger percent—I mean ALL EARNEST SINCERE STUDENTS—have consumed the larger percent of their own accumulation; but there are some who are trying to do this with their intellects. They are not producing the results in their feeling world. I say to you today, be sure your feeling is following the activity of your attention.

Then, what do I mean by that in regard to the Violet Consuming Flame? If you say just from your neck up: " 'Mighty I AM Presence'! dissolve and consume all my discordant accumulation by the Power of the Violet Consuming Flame," a slight result is produced; but if you are aware, your feeling is sustaining your call, then you will find

Results which are astonishing, take place in your Life. Watch your feeling follows your Call or the Power of your attention in everything you do. Whether it be in your outer business or what it is, makes no difference; the same Law is acting, whether it is for your own Purification or your business.

As you understand this, you will compel your feeling to arise as it were, and go forth on the Power of your attention. That is the Power of Accomplishment. You have heard Us say mankind in the past has used only one of the Trinity of Action; sometimes Power, sometimes Divine Love, sometimes Wisdom; but just one in itself, is not sufficient in the World today. Divine Love is not sufficient, because It lacks the Discrimination, which is within Wisdom; and on the other hand, if Power is not acting the force of action is lacking, to produce quick results.

Today, in order to relieve mankind from the mistakes of the past, Beloved Saint Germain brought forth This Understanding and the Eye Picture before you of your own God Presence; which compels Love, Wisdom and Power to act in Perfect Balance at your call to the "I AM Presence." You will see then how constant, how definite it has made the Balanced Action of Life in you and your world. Without It, you only have partial results, because one element has been missing, sometimes two; but today in the Call to your Presence, there cannot be anything lacking or missing in the Total Result, and the Completeness of It which you require.

As you understand this, you will see how Self-evident it is, and with that will come an ease, rest and confidence in your feeling, which never was there before. This is what your feeling needs. It has been so accustomed to agitation, worry, disturbance, doubts and fear. Oh yes, disturbed feeling has been acting a thousand times, when you did not even imagine it! That is the worst part of it. If you were only aware of all these things, you could stop them; but if you are unaware of them, how can you stop them or have any effect upon them?

In the Great Understanding of This Law of the "I AM Presence," again you have the Same Trinity of Action thru your physical form, which is called forth from your Presence, and again it is the Balancing Activity. You have your vision, your attention and your

power of qualification; acting within the human form and feeling world. It again is the Balance; cooperating Perfectly with the Call to the Presence, which is Love, Wisdom and Power in Action.

Dear Ones, if you were to see in the past, how your Power of qualification has been acting and clothing your Energy, producing just the opposite results from which you intend, you would be so astonished! No words could explain. Today, that is fast being remedied; and as We watch the Activity within the Life Streams of Individuals who are earnest, sincere students, We see the constant change. In eighty percent—notice how tremendous—in eighty percent, the results are tremendous.

I touch upon this point to give you the Strength, and Encouragement, to know you are not failing in your Application; not even the one who is producing the least results. Please feel This; for who of you shall say what moment, you will strike a Certain Vibratory Action. The Power of your Presence releases in one tremendous sweep, and brings you to the point of Balance, wherein comes the Great Release from your Presence, governing all activities in your world.

Sometimes Individuals have thought in the Magazine, there were contradictions of that which is in the books. It is not so! Dear Ones, the books give the Fundamental Law of Life! In the Magazine, different angles of that Law are touched upon; and if there seems to be a contradiction, remember it is only referring to Another Activity, another Explanation of the Same Mighty Thing. So do not let your human mind begin to feel, there are contradictions in This Activity. It is impossible in the Ascended Masters' Work. So if there seems to be, it is just a lack of discrimination within the human intellect, which makes you feel it for the moment, because of the suggestion which is given forth.

There are a few unfortunate Individuals who have spread the falsehood, the Ascended Masters had made mistakes; the Messengers had made mistakes; and in Beloved Saint Germain's dismissal of certain Individuals, said: "Could an Ascended Master have written Those Words" ? Well, They just did! Because it was imperative to place that human viciousness where it could no longer misrepresent the Truth, in the pretense of representing This Law.

Every Individual who condemns the Messengers and This Work, will find himself or herself out of the Radiance of the Ascended Masters. Not only that, but those Individuals say: “I still have my Presence.” I wonder! Do they? They still have their Presence attached to their physical Hearts; but they do not stop to see their viciousness released toward persons, places and conditions, clothes every ounce of the energy which goes into their Beings with destructive qualities! Therefore, they have shut off the Perfection of their own Presence, from acting in their worlds.

Do you not see this Beloved Ones? It does not make any difference what the provocation is; not only the Messengers and This Activity, but whoever once has known This Law and then allows viciousness or discord to control, is creating that one’s own destruction; and if you will watch, you will see it done. There is nothing can stop it but themselves!

We plead with the people and give them the Correct Understanding of the Law. Many still go on believing, they can send forth any feeling they choose and not reap the results! Such a thing is impossible! I am not condemning those unfortunate Individuals, but I am citing the Law which acts! The Law of Life is no respecter of persons! It is cause sent forth, which produces effect, and that is all there is to it! It is the Law of Life acting and nothing but themselves can change It, as long as they hold to such a vicious attitude.

Therefore, I say to you ladies and gentlemen, in your activity of the outer world, if somebody has done a wrong to you, please do not let yourselves become angry or feel vicious toward that one; because then you are harming yourselves! They cannot harm you. Suppose one swept away from you all the money you had; do you think for one moment, that can interfere with your Great Life acting to again produce more; if you hold your feeling harmonious, and pour forth Kindness and Blessing to that unfortunate Individual? The one depriving you temporarily, is the one who is most unfortunate, not you.

If only blessed mankind could understand this. In the experience of the depression a few short years ago, what a Release would have come. How those within the next five years following, would have restored all their loss, if they had known this “I AM Presence”; and

how to call It into action. Because the Same Power and Intelligence is there in the individual, which was there before the loss, so-called, took place.

If you and mankind will understand These Laws and utilize Them, there is not a thing acting in this World, which can harm or deprive you! That is why I say today, according to the Great Cosmic Law, there is no one in the World who has wealth, who is sure of sustaining it, without the Knowledge of This Presence. The very forces of human destructive creation are pounding at these individuals to try and deprive them. Every one of mankind who will hold himself or herself harmonious; accept the “I AM Presence” as the Treasure-house; refuse to be agitated or disturbed by the appearance of the outer world; will find his or her own individual world, supplied abundantly with every good thing.

Allow Me to cite you to the Messengers. My dear people, they are the Greatest Living Example of This Law in the World. They started out in Chicago without money, except enough to get to Philadelphia, trusting the Presence. Not only trusting, but calling It into action with the most dynamic power you ever witnessed. See what has been done in three and a half years—unparalleled in the history of the Earth by two people, without one word of advertising to the outside world. They proved the Law absolutely in their financial supply in the Call to the Presence; to bring to them the people who could accept This Law and have This Freedom, and to keep out all others.

Therefore, one has but to look at the action of the Law and see there Its Fulfillment without question. That is why I cite these things to you, so you may see they have been the Fulfillment of the Law and are today.

Never was such viciousness driven at any two human Beings on Earth as has been at them. Why? Because the destructive qualities of mankind know This Light is their annulment; know it is the Freedom of all mankind. That is the only reason! Individuals allow themselves to be made claws of the destructive force, to try to interfere with This Activity, but they have no power to do it!

As you understand These Laws, when disturbing conditions confront you, your attitude should be your Call to the Light; so far as

your own Protection and the Harmonizing of your world is concerned. Then the Full Result and Power of your Presence may come forth. I tell you, Dear Ones, it is not a matter of persons, places nor conditions! It is a matter of the Harmony in your own feeling, which allows the Power of the Presence to flow forth and produce these NATURAL CONDITIONS for you. It will do it every time! There is no such thing as failure in This Light; because It is Light which goes into action and knows no resistance. Even the destructive quality of mankind never attempts to interfere with the Light, because it knows, it cannot do it.

As you look upon It as Self-luminous Intelligent Substance, you know your Call is compelled to be answered, by the very Light which beats your Heart and gives you activity. Today, people have within their grasp, the Scepter of their own Freedom and Dominion over the conditions of Earth. Believe Me Dear Hearts, when I say there is not one of you, who cannot stand in the midst of everything—I mean in the Power of your Presence, and remain untouched by the disturbance around you. Go on, and on, and on, into the Perfection and Freedom, which your Heart knows is True and which you crave and want.

At first, when you enter This Great Stream of Light, it means a Great Firm Determined Stand to the Light; and the refusal to accept the gossip of mankind from those who do not understand. Therefore, all who are strong enough to do that, will go forward, on, and on, and on.

You as Individuals who are not Group Leaders, have only to be concerned about your own individual world, aside from your Decrees for the blessing of America; but the Messengers have been the focus of all the viciousness of mankind, and they have remained untouched by It! They always will, but it is because of their dynamic Application; and they still do it and will as long as they are serving in the outer world!

It is imperative! until Individuals have made their Ascension. You cannot be Free, without your own dynamic Application, because you are moving in the seething vortex of human discordant creation all the time.

I thank you with all My Heart for your attention; and for that which has been anchored within your feeling world to bless you. Oh, it is not just the Words which I have spoken; they but hold your attention, while into your feeling world, is the Power of Light anchored to bless you forever. It is Our Great Victory for your assistance. In these wondrous groups it is the response, which makes it possible for Us to anchor Our Power of Light into your feeling world; which not only dissolves and purifies; but gives you a Strength and Courage which sets you Free, if you but realize it.

Things which bothered and disturbed you before, will never do it after today; if you will just keep yourself reminded of this. Oh, I want you to know so much, how Really Free you are. I hope, I trust for those who attend This Class, before the ten days are past, it will be My Joy to dissolve and consume the human accumulation of ninety percent of all who are present. You may be sure, Beloved Ones, to the limit the Great Law of Life permits, will this be done, not only for your Freedom; but the Greater Assistance you may give, for the Blessing of mankind and the Protection of America.

We have watched the Individuals for whom this has been done. The release of their energy, their substance for use has in most instances been ten times that which was released before it was done. So you know what It means in your own individual lives, as well as the Assistance for America.

Today, Our Rejoicing is very great. If you only knew what the Freedom of your America means to you; and how those vicious claws have tried to enter into your government. They have tried to enter into your industries; tried to prevent your aerial service; trying to cripple your Beloved America; and this excess taxation tries to enslave you; which is always the signal for the final enslavement of all mankind! Oh, Dear People, it is quite different this time than ever before; for when the flood of Cosmic Light strikes the mass of the people, then courage goes forth; and they arise and annihilate their own would-be destroyers.

That is not sufficient. Take Russia today for instance! One man has been traded for another continuously, since the Czar was disposed of. Just changing one effect for another. That is not sufficient; but from the Heart of those people—there must arise a

mighty sincere Honest Individual, whom the people will at once see is their friend; and then would come the solution of the same problem in every country in the world.

Treachery and deceit in high places, has brought the distrust of the mass of mankind and they do not know upon whom they can depend; but as the Cosmic Light increases Its Intensification in the Earth, We are trying to so adjust It, there will be raised up in those countries—Individuals of Power, which will call forth the Power of Light to sustain them in their Honesty, Honor, Integrity and Blessing to their fellow-man. It is the only hope!

We hope they will reach a great fruition; and possibly as We find progress, We may ask the Students of the United States to add a special Decree for this. You have been using the Decree that Ascended Master Friends be raised up everywhere—a most magnificent thing; but now decree a Great Honest, Honorable Individual whose Light is strong enough, be raised up in every country in Europe; and the confidence of the people rest there; so the Power of Light's Constructive Activity takes Its Dominion.

One more thing I want to say to you. You may not comprehend it; but at least in your attention, you can and contemplate it, if you will. Beginning in this Class, there will go forth a Power of Radiation to Russia and her people, to try to bring the Great—the vast Remedy which is needed. Should this become victorious, then you can feel a Gratitude and Service rendered which will be beyond all words to describe. Remember, the beginning of this destructive element was in Russia, in connection with the three individuals in New York, who started this frightful destruction to mankind and the Earth.

Once not so long ago, We thought there seemed to be no hope to bring this transformation into Russia; but recent evidence there, has given Us renewed hope; so We will do Our Utmost to pour forth a Radiation to the mass of her people; to do what We could scarcely hope for a short time ago.

You are not only solving your own problems and holding America's Protection; but see how It is reaching into the Whole Earth! It seems so fragmentary to you I know, but in every country in the World, there are Groups of "I AM" Students; some places small,

but enough so We may focus This Mighty Power of Light at those points.

In South Africa, where as Washington's Vision has shown, was to arise that great cloud to submerge America; there has been drawn and established a Mighty Sincere Group of "I AM" Students. It is magnificent! Shall I tell you what they said concerning some destructive literature which went even to Africa? You know how the sinister thing, tries to do such things, tries to spread its destruction everywhere. When its destructive literature reached those students, momentarily they were shocked. Then they gathered themselves together and said: "Well if those Messengers are good enough for the Ascended Masters, then they are good enough for us," and they dispelled the whole thing at once! That was magnificent, and what A Great Truth they uttered!

Therefore, Beloved Ones, you see how these destructive elements have no power, if there is only a Nucleus for this Anchor of the Light within a place or locality. In the various countries of Europe, wonderful sincere Groups of Students are applying these Decrees with dynamic Power; and We shall give them more than Ordinary Assistance, you can be sure!

I want you to know how great is your Blessing and Privilege. This Light, your "I AM Presence," your Life, is the Freedom of yourself and the World. So let us enter in with renewed Enthusiasm, Joy and Energy into your Decree Work, for It releases the Substance required. You cannot help but know, as you render This Service to America and mankind, it would be impossible for you not to have your own Freedom.

Just one more word concerning your finances. Dear Hearts, please accept this and feel it with all the Power of your Being! There is not one of you here, or among the "I AM" Students, who is earnest and sincere, who could not before retiring, stand and raise your hands to the Presence something like this and then say: " 'Mighty I AM Presence!' I refuse acceptance of any financial limitation any longer! I positively refuse it! Take command of me and my feeling world! Release thru Your Power of Divine Love, the supply of money I require now!"

There is not one of you who could not have it released in forty-eight hours, if you would only realize it. Try to feel that, with renewed enthusiasm and a Tremendous Release of energy. It will bring about your Freedom in this respect, so It gives you rest and Peace in your feeling, that your Application does tremendously more in all you require.

I am determined, if you will allow Me, to assist every sincere “I AM” Student in America to be Free, from all feeling of financial limitation. Such a thing is not possible in the Understanding of your “I AM Presence.” If there has been a great momentum built, by the human sense of limitation; then call your Presence to dissolve and consume every vestige of it in your feeling world; because your feeling world is your Power-house, and there is where the things act.

There cannot one thing outpicture in your physical body which does not have its cause in your feeling world, and just remember that. I call into action today, the Mighty Love, Wisdom and Power of your “Mighty I AM Presence,” to take command of your mind, body, your feeling and your world of activity; produce Its Perfection and hold Its Dominion, and bring to everyone his or her complete financial release from all limitations. Take out of each one’s feeling world every feeling, which has accepted financial limitation, because of the appearance world! Set all Free, Great Presence of Life, and give them such Courage and Strength, Joy and Enthusiasm in their Application; the results become so instantaneous, that all doubts and fears vanish from their world forever.

In the Power of Our Great Light: Goddess of Liberty, Victory and Goddess of Light! in Thy Trinity of Action, clothe these Beloved Ones in Thy Garments of Light; which hold Thy Radiance in constant action about them; fill and charge their worlds with Thy Dynamic Action of Courage, Strength and Victory of the Light!

I thank you.

DISCOURSE XIX

April 24, 1938

DETROIT, MICHIGAN

Beloved Students of Detroit, I am grateful for this opportunity to render a Service to you today, in preparation for the coming Class, which I trust will be acceptable to all of you. The need of mankind today, is warding off the destructive conditions which exist, where destructive Individuals are trying to impose themselves upon mankind. We firmly believe with your co-operation, that ninety percent of the destructive intent which it was thought would be released upon mankind, may be avoided.

I am saying this for the first time in Our Experience, or the Messenger's experience, in conveying it to mankind. So much has been accomplished by the Mighty Decrees of the students, throughout America and the World. We Ourselves could not have believed, We could find such response from mankind. I say to you Beloved Ones, you will never know until you are Ascended Beings, the Service you have rendered. So many times, you have thought you were not rendering much Service, yet you were earnest and sincere in releasing These Mighty Decrees. It is very wonderful and it has made possible so much, which We could scarcely have hoped for, that Our Rejoicing I think, is far greater than yours.

On the opening day of This Class, there will be a Greater Release and Action of the Cosmic Light into the human octave, than has been thus far. It means everything. The Messengers even do not know it; but why do you suppose it happened that you have a twelve-day Class here? The Messengers started in to have a ten-day Class as usual, but it so happened it became a twelve-day Class. There must have been a far Greater Reason for It than the outer human knows. Will you please give attention and comprehend these things which seem just ordinary? From the Inner Standpoint, they are most extraordinary; because It is the Action of the Divine Law of your Being, or shall We say the Being of Life.

Because of what will be released, not only for your blessed selves here and the people of Detroit, who may not even be interested, Its far reaching Activity will pour out into the World. That is the reason why this has become a twelve-day Class. Even the blessed ones who are in charge of the Cathedral, thought those two days were taken; yet it was found they were not. There is a Governing Power and Intelligence, Precious People which once you comprehend It makes you stand firm. The Understanding and Acknowledgment of your Power to use these Inner Laws, frees you from human conditions. You bring these Laws into action in the human octave. Then you will understand, you are no longer subject to the conditions which exist here.

Believe Me when I say, you can move in the world untouched by the conditions about you; if you are firm enough in the Acknowledgment of your Presence. It will release Its Tube of Light about your human body and your feeling world; to make you Invincible to the impact of human creation around you. (Wave of hand which repels.) Beloved Ones, if you saw from Our Standpoint, as you move among the creations of mankind, you would see a sudden action, constantly sending its impact against the human form.

If you do not believe in, understand or call your “I AM Presence” into action, to hold Its Tube of Light about you, discordant conditions constantly affect you just like that—(waving motion of hand) everywhere you move. When discord reaches into your physical body and affects you physically, it has first acted in your feeling world. Most of the time, you are wholly unaware of it, except when you are conscious of some disturbance.

As you come to comprehend these Simple Laws, everything is just the Natural Practical Law of Life; which it is your Right and Privilege to use in the Fuller Understanding, to which you have not yet become accustomed. It does not make any difference what your manifestations have been up to date, in your Acknowledgment of the Presence of Life; it is nothing, to what you can call into action, as you go forth!

Pardon Me, if I digress just a moment, since the Vibratory Action is Right. I want to place this before you. In all the seeming opposition

to This “I AM” Activity—for no reason at all, and all the falsehoods which have been uttered concerning the Messengers and the Work, during the Washington Class; the Great Cosmic Laws were set into action, which will cause opposition to disappear from the Earth! Watch it! We do not talk to hear Ourselves, but We state Laws. We never refer to a personality, when We are stating These Laws; except in some specific instance, where work was required.

Know and feel the Power in the last Decree you issued in the opening of the meeting! If you know that Decree with the All-power of your feeling, you will find your world adamant against human disturbing conditions! When you can say to all the appearance world and human creation: “You have no power”! *Mean It* and *feel It* with the Infinite Power of Light! which is your Being, then you will find yourselves Invincible within the Presence of Light! It is Invincible and you can move in the world everywhere, releasing the Inner Power; and yet not accepting the outer into your feeling world, which limits and disturbs you.

Therefore, today as the atmosphere becomes more and more stilled and harmonized in the room; I want to render for you a Service, which it has been My Joy so many times to do! It is the releasing and dissolving wherever possible of your human creation. So you may have a Greater Release from the pressure which has often caused you to fail in the achievement, which you would so love to have had.

Let Me urge you today, to no longer give power to persons, places or conditions to interrupt, interfere with—or limit you in any way! Now in order to comprehend this, you must realize not one thing can enter your world or any condition whatever, except thru your attention, by which you connect your own Life Stream with it. It is IMPOSSIBLE FOR ANYTHING TO REACH OR ENTER YOUR WORLD WITHOUT YOUR ATTENTION UPON IT.

That is why, Beloved Ones, today, please close the door and seal it, on everything which has been in the past—up to this hour! Close it now and let Me help you to close that door! Lock it and seal it, so not once again, does your attention ever go back to what has been, whether it is good, bad or indifferent! Erase it! Shut the door! Then as you turn and face your “I AM Presence,” know henceforth,

only Its Intelligence, Presence and Power, with all Its Glory and Harmony, are acting in and thru your body and feeling world. Then, you will rejoice so much at the changed conditions. Your Life, world and activity will be filled with successful achievement, with happiness which you cannot comprehend, until you do that!

Beloved Ones, do you think what you have called happiness up to this time, is Real Happiness? Oh, you cannot believe how Great the Happiness from your Presence is, until you begin to experience It. I tell you, the Happiness in the Acknowledgment of your Presence, is the only Real Source of Happiness in This Universe. It continues to pour in at your Call and as you realize the imperative need is for you to keep your feeling harmonious. Then no longer your qualification of discord clothes your Life Energy. You will feel and know definitely, the Energy has poured forth just like a Mighty River out into your world of action—harmonizing everything and holding Its Dominion. When something is required, and you hold the Harmony; then by a Decree, it comes forth and acts in your world with the Speed of Lightning.

That is the Law and Action of the “I AM Presence.” There are thousands and thousands of the students today, who have experienced It time, and time again. They are realizing the only reason why their application has not produced extraordinary results in the past, was because unknown to themselves, discord was still acting in the feeling. While the intellect was refusing it, still in the feeling the qualification of discord was going on; qualifying the energy with the discord of the past. You cannot afford to do that! YOU MUST, BELOVED ONES, TAKE YOUR STAND AND SHUT THAT THING OFF OR SAY TO YOUR FEELING: “STOP! BE SILENT”! TURN YOUR ATTENTION TO THE PRESENCE AND HAVE ITS GLORY AND BLESSING.

You do not perhaps realize, how firm you must be, toward your own feeling world. When it has gained a momentum of centuries, you are under its pressure. You might say to Me: “Well suppose I don’t know I have lived before? Do I still have the accumulation of the centuries in this embodiment”? Yes! I will explain to you why. Because in all of the accumulation of the centuries, even though you

did not know it could be dissolved; if you have not set the Law of Life into action which would dissolve it, then it still remains.

All the accumulation, all the discord which has been in your experience of the past, still remains about you and in your world. Believe it or not! You meet all that accumulation, when you come back into this embodiment. It is just waiting there for you, because it belongs to you; and you cannot get away from it, until you know this Presence of all Life; and call It to use the Violet Consuming Flame to dissolve and consume every bit of your accumulation of discord. The Mercy or Glory of your Presence, will at your call, dissolve and consume every particle of your accumulation of discord of the centuries; in a few weeks or a few months at most, if the person is very sincere and in earnest!

Therefore, Beloved Ones, you have in your hands the Dominion to set yourselves wholly Free, no matter what the mistakes of the past have been. Is there any Greater Mercy than the Presence of Life, which says to wayward mankind: " 'I AM' not interested in your mistakes! I want you to be Free! As quick as you will listen to Me, and turn away from whatever has caused you to create the discord and limitations which you experience, then 'I AM' ready! 'I AM' the Presence of all Life, ready to forgive your mistakes, at your Call on the Law of Forgiveness! 'I AM' ready to forget all which has been; and then set the Violet Consuming Flame into action to dissolve and consume every particle of that for you."

Do you know, every one of blessed mankind is so good at Heart; but because destructive conditions have beset the people sometimes, it has made them feel almost fiendish. That does not belong to them—never! It is an imposed condition from the generated creation of mankind's discord. The Blessed Ones do not know that and sometimes yield to destructive force; causing themselves to lose their physical Freedom for an entire embodiment.

Look at your institutions, your asylums, your institutions of incarceration, your prisons, full to running over. Why? Because mankind not understanding, has yielded to this impact and impulse of human discordant creation. The people do not understand their power of qualification and what their attention does in *continuous* attention held upon hate, anger, condemnation or whatever the

destructive condition may be. They have gone thru into the octave or stratum, where all the discordant accumulation of mankind is gathered; and it has rushed in upon them and they are helpless before it.

Beloved Students and people of Detroit! If mankind understood that one point alone, it would be worth a whole life-time of experience; if Individuals really grasped what it means! People have gone serenely along in their limitations; not knowing every time they give way to some discordant thing, if it be continued long enough, they will go thru into the mass accumulation of the discord, and the mass pressure will rush in upon them!

Beloved Students, whom We love so greatly, please listen to Us and give obedience to your Law of Life, understanding every time you yield in your feeling to discord, criticism, condemnation, judgment or any of those qualities, which are destructive; you will invite the whole mass creation to enter your world and act there! Because previous understanding has caused individuals to believe they were justified in self-protection; or whatever you choose to call it, does not change the Action of the Law of Energy! In the old statement, think of it! “An eye for an eye and a tooth for a tooth,” which meant beat the other fellow to it, in all those destructive qualities. That is just exactly what mankind has been doing thru the centuries!

One man of power—human power, says to his associates: “Let’s have a war,” and he proceeds to agitate certain activities of mankind to produce it! For what? Praise to the “Great I AM Presence” of Life, mankind for the first time in the history of the world, is awakening to what the war forces are doing!

Now, the Great Cosmic Light has said to unhappy mankind : “Your accumulation has become too great!” and to the Great Ascended Masters, It has said: “Let us help once again and give the people one more opportunity to free themselves from these conditions; and explain to them in a simple manner, why the conditions have existed throughout the centuries which get beyond their control.” It is all just because mankind has not understood the Presence of Life!

As you value everything which you hold dear in your Life and the future of the centuries before you, REMEMBER THAT CHART IS CORRECT! It gives you the exact eye picture of your position physically to your own God Presence, the “Mighty I AM”; and unless mankind will understand that and accept It, as a Reality in the feeling world, humanity will go on, and on, and I would not attempt to picture into what!

Oh, Dear People, do not make any mistake about Us. We are not calamity howlers; but We are putting before you, the Exact Truth of Life, which It is your privilege to accept and utilize, if you will. If you will not, it is quite your own business; but let Me tell you, the person or student who has touched This Light and allows himself or herself to be turned aside, by some silly human thing acting, is most unfortunate indeed!

In every city where the Messengers have been, there have been a few, who thru silly human gossip, have allowed themselves to be turned from This Great Pathway of Light—the most Beautiful, Magnificent Thing on the face of This Earth. Watch them! They will drink the dregs of the cup, they have filled with destruction, and there is no describing it! We do not wish it upon them. The Messengers do not wish it upon them; but We have explained to you, the Law of Life which compels It to act. There is nothing but themselves who can change it. So long as they allow their feeling to continue pouring forth destructive discordant activity; because it is their own energy acting. This energy flows thru naturally, as We might say, thru your Life Stream. It is going all the time. Energy does not discriminate! You are the discriminating Intelligence of your world; who should say how your energy shall act thru you and your world; but mankind has not understood that. Therefore, how were people to govern it?

Today, the Beloved Saint Germain has brought to you, the Clear, Simple Understanding which a child can comprehend. It is Majestic and All-powerful in Its Action, for the Individual when applied. Let Us take you by the hand and help you to understand and apply It, with Dynamic Power and Energy. Then see how quickly your world will be first stilled. Then, as This Pure Wondrous Energy flows forth and out into your world, you will find those who hated you will turn and love you; those who opposed you, will want to serve you in the Glory of

Life; because your Out-pouring of Love has touched their world, refined it; and made it responsive to the Power of Life which is Light. Life is acting everywhere!

Precious Ones in this audience today, do you understand, you are but the Individualization of the One Great Life? If one of you sitting in this audience, were suddenly to turn and hate the rest, then those in the audience to some degree—knowingly or unknowingly, would be affected by that feeling which was sent into the room, if they did not understand how to protect themselves. Individuals are doing this constantly and believing they are not affected by it; but too late, they realize they are their own destruction.

DON'T EVER AGAIN BLAME ANY PERSON, PLACE OR CONDITION FOR ANYTHING WHICH EXISTS IN YOUR WORLD! Then, you will be in a position to call the Powers of your Presence forth to cleanse, purify and set your world into order; and have the Glory, the Presence, and the Perfection of All Life acting in your world.

Think of it! Never in the experience of outer activity have such things been done, and I just refer to two or three. The Great Victory you will understand by His Name, is all Victory implies. His Name is a Quality, a Power, an Authority! When He has offered to charge the Substance of Light, which is His Power of Victory into the feeling world of every honest, sincere student; in the Name of God, your "Mighty I AM Presence," do you realize what that means to you! His Power is Assistance for Victory in your world on the side of Light! The Mighty Goddess of Liberty has offered to charge your world with Her Power of Liberty; which is Her Quality of Action to give you Assistance. In My Humble Efforts, "I AM" the Director of Those Mighty Light Rays, I offer to dissolve and consume your human creation; as I find Individuals who are Earnest, Honest and Sincere in making their Application. Where their Streams of Life make it possible for Me to render that Service, I never lose an opportunity to give Assistance; to dissolve and consume the remainder of their human discordant qualities, which have been drawn into the feeling world.

Remember, everything in Life is a Trinity of Action. Perhaps, I should explain to you why these particular qualities are being

charged into the feeling world of the students everywhere. The demand for the World and our America especially, is Victory thru Liberty—in the acknowledgment of the Presence of all Life, which is the "Mighty I AM." America must have Invincible Protection. It is not a matter of can it, but America *must* have It! We are the Power and the Authority by the Full Co-operation of the Cosmic Beings of Light. Then can you tell Me honestly from your Heart, there is any human creation in the Universe which has any Power to oppose Our Authority of Life?

AWAKEN TODAY, BELOVED ONES, IN THE FULL FEELING OF WHAT THIS MEANS. Let Me remind you again, that which We refer to as the Cosmic Light, is not just an Universal Activity which is prevalent everywhere! The Cosmic Light to which We refer, is a Consciously Drawn and Projected Power of Light Substance into the Earth; by the Great Group of Ascended Masters and Cosmic Beings, from what you have come to know as the Great Central Sun; which is the Heart Focus of Life and Light to This System of Worlds.

Now is the only time, It has ever acted upon the Earth in more than two million years, because the need is so great; in order to hold the unity in This System of Worlds. Your planet has become known —Oh, let us put it, as a "shadow planet"; because of the discord long generated by mankind. Do you realize what it would mean, if the Earth failed in its Expansion of the Light as required; in relation to the other planets of This System? You don't know that, the intellect cannot comprehend it, but We do!

Do you wonder why Beloved Saint Germain wanted to bring forth This Light to the Earth, in the last effort to free mankind? Let Me tell you something, you could never repay Him in a million years for the Service, which He has rendered to the Earth and to mankind. Then, to think there are Individuals in America so depraved, as to condemn, criticize and put forth the vicious fiendish false statement, that the Messengers are trying to replace Beloved Jesus with Saint Germain; trying to ridicule the Dictations of These Great Beings of Light! The ignorance and fiendishness of unfortunate Individuals, is but a claw of the sinister force, to spread their poisonous breath among the students.

I say to you Beloved People of Detroit, fiendish human Beings will pay the penalty, as no human Being on the face of This Earth can understand; for the falsehoods they have spread concerning the Messengers and This Work—not the Messengers so much, as This Work, which is the Light of every human Being's Life. You watch! The end of their rope is at hand. Human Beings so imbued with the fiendishness and falsehood as to spread apparent opposition to This Light, do it only to gain money. They have failed, as all destructive forces must fail! I say that to every human being who opposes This Light; because there is nothing the Messengers give forth, which is not beautiful and constructive, and for the Freedom of mankind. It is a Service to the Earth which has never been rendered.

If you allow yourselves to be affected by such false things, you will pay the penalty; and you will continue in your limitations. I speak with Authority! I want the Blessed People and Students to have their Freedom; and be untouched by the fiendish falsehoods which are spread. Therefore, stand in the Light of your "I AM Presence," Beloved Ones, and have your Freedom!

When human Beings allow destructive qualities to pour forth, they must pay the penalty; because it is the Law of their Life! It is not that anybody wishes anything upon them, but the Law of their Life must act; and the qualities which those human Beings send forth, return home to act in their worlds. There is nothing can prevent it but themselves; and the acceptance of the Presence which dissolves and consumes it.

Let me remind you, there is no one thing so important today, outside of the Acknowledgment of the "I AM Presence," as to call It into action, to use the Violet Consuming Flame; so all discord and accumulation can be dissolved and consumed from your world! You cannot comprehend what this means to you in the intellect; but if you will only give obedience and make the earnest sincere Call to your Presence; That Work will be done! Remember, when you call your Presence to form the Tube of Light about you; and set the Violet Consuming Flame into action and continue It, it is done! The Presence always answers! Then, don't let your human requalify it again; or believe it is not acting! If you do, with such a continued feeling, you will shatter that which you have called the Presence to

produce for you; because you are the Authority, the Decreer for your world. Its energy will act according to your Decree—your feeling, because you are a Being of Free Will.

It is why, as you comprehend these Simple Laws of Life and set Them into action; you become an Invincible Being, whose Power of Light is the Governing Intelligence and Activity of your world.

Beloved Ones, Oh, rejoice! Do not accept in your world, financial limitation—or limitation of any kind, ill health—or disturbance. This Power of Light anchored within your Heart is the Power of Life, the Power of the Universe; the Greatest Intelligence which exists. Its Mighty Energy released in the body, will dissolve and consume, cause and effect, not only in the body, but in the feeling world of the Individual; and of every condition which disturbs you or causes pain or distress.

If you realized it, you could stand and raise your hands to the Presence, as if you grasped the Power, the Substance of the Presence and drew It down on the body. You could draw it into your body and all pain and disturbance would be dissolved—which was ever created there, and at once! You don't have to wait days and weeks to do it! Today, in the Intelligent Release of the Energy of the Individual by the Power of the Presence, YOU CAN WITH THE HANDS REACH INTO THE SUBSTANCE OF THE PRESENCE AND SWEEP OUT ALL DISCORD IN YOUR BODY OR WORLD. Try to feel that, and feel the Authority of the Presence which is All-powerful, to charge your world with It and do it now! Then, so quickly feel the Freedom which is yours, the Health and the Joy!

You cannot have Happiness, Dear Hearts, if your body is racked with pain and distress! No one can be happy in that condition! Suppose we took a body, for illustration, which was racked with pain from whatever cause, it does not matter. If the Individual in the midst of pain, would stand and give his or her attention to the Presence and call It into action with dynamic energy, in ten minutes; he or she could sweep the pain out of that body, and make no mistake about it! It is possible, if enough Dynamic Energy is released.

I am determined Individuals *shall* understand their Authority for Health! their Authority for Happiness! their Authority for the Release, from the Treasure-house of their Presence, of the money supply

which they require! By the Powers of Light, I command that to take place in the feeling world of mankind everywhere; and hold Its Dominion, so Individuals may awaken and be the Glorified Beings which the Light that beats their Hearts, entitles them to be!

If people do not love themselves enough, then I Love them enough; to give an Added Assistance which will awaken them into the full Power, Authority and Glory of their own Beings, their Life, their “Mighty I AM”! They can call Its Intensified Power into action, so It may purify, cleanse and set their worlds into order—to give them the Happiness which comes alone, in Perfect Health and the Acknowledgment of Life which is without limit! That Happiness is Eternal for each one.

Therefore, today Great is your Privilege! Great, Great is your Privilege! Individuals have lived so long, believing they must still be subject to the conditions of their own mistakes. Today they have This Light! We know their mistakes may no longer be allowed to rule them. THINK OF IT, THERE IS NOT ONE THING IN THE UNIVERSE, WHICH CONDEMNS OR CRITICIZES YOU, BUT YOURSELVES.

Let Me say something else—this is so Magnificent! Human Beings who criticize, condemn, judge or release any of those qualities, are criticizing and condemning themselves because they are Life. They are condemning Life, which has never offered them anything but Good! Oh, that mankind, wayward mankind, would understand these Simple Activities of Life; and then give the necessary obedience, to allow all mistakes to be erased from Individuals’ worlds forever!

In the Fulness of all you hold dear, remember Precious People, first there is the Acknowledgment of your Presence of all Life, as you observe It on the Chart! Don’t you see you are a Part of That Great Perfection? You cannot be deprived of It, if you will give It attention. Then realize the Imperative Demand of Life; not the demand of someone, but the Imperative Demand of Life, so you no longer requalify Its Great Pure Energy, as It is flowing into your body and out into your world. By understanding the imperative need of doing it, you will allow That Energy to go forth in Its Natural Practical Activity;

to produce Health, Happiness and the Limitless Supply of everything you need, for use in your world.

It is the most Practical Law in all the Universe! There is nothing in the physical world today in mechanics or anything else, which is so practical as This Law of Life when understood; to produce dynamic, definite, certain, All-powerful Results! IT CANNOT FAIL AND NEVER DID! I WANT YOU TO UNDERSTAND THAT, BELOVED PEOPLE ! Your Application, if you are honest, sincere and determined cannot fail! It never did! If it seems to, it is only because some quality is still acting in your feeling world, of which you are unaware; or you are continuing to accept the appearance.

Let Me make just one illustration and that is concerning money supply. I have watched among the students, a few Individuals who make the Call dynamically and earnestly, and ten minutes after, will begin to accept in their feeling world as true, the appearance of their financial limitation. You cannot have Results and do that, not in the Quick Full Manner you would like to have. Of course, as you continue to call, it will beat down human feeling. Stand guard over your feeling, when you have made your Dynamic Application for your money supply; and the moment any slightest feeling of doubt or discord starts, stop it and say: “Stop! Not one thing is going to generate here, to interfere with This Call! My Presence is the Authority and Power in my world! Don’t you attempt to interfere”! Then, you will govern the feeling within yourself, as sure as “I AM” telling you, and you must do it! Then, after awhile, when you make your Application human feeling will not be there to act!

Take the Messenger for illustration. Blessed People, you will never know, what He went thru in those earlier years. Even when Beloved Saint Germain sent them forth to give out This Work, still some doubts and fears were in Him. When He understood how to silence that feeling with an iron grip, and make it be still; in a short time, it was no longer there to act. Today, when He issues a Decree, He knows there is no opposition, and of course the answer is there! The answer is within the Call!

We saw him reading a letter last night, or this morning about 2:00 o’clock, and a blessed one had made the Call for help. The letter stated: “You did not answer my letter, and yet the Healing was

Complete.” Beloved Ones, if you were to understand and realize the thousands of answers, Instantaneous Healings of conditions and bodies; and all the limitations of mankind—which are released at His Call, you would know, that you too, can do the same thing. Only He has gained the Full Confidence in His Call to the Presence, which no longer allows requalification to act upon the energy as He calls It forth. You can do the same and you must do it; because you must make your own Application.

You are the one in your world who must take the initiative. Then, whatever assistance can be given is well and good; but REMEMBER, NO ONE CAN TAKE YOUR PLACE IN YOUR WORLD. You must be firm, determined and dynamic in YOUR APPLICATION—especially at first; until you break down the human creations, which have pressed upon you and limited you, as you understand it, thru this embodiment. Remember, there cannot be any effect in your world, without a cause for it! EVERY CAUSE IS FIRST IN THE FEELING WORLD, BEFORE IT CAN OUTPICTURE IN THE PHYSICAL BODY OR IN YOUR WORLD OF ACTION. Therefore, if the cause of limitations and discord is removed, then there is nothing left to interrupt This Great Pure Mighty Energy of the Presence as It flows forth!

Beloved Ones, is there any one of you who doubts the Reality of the Eye Picture, which the Chart represents to you; that your Presence is really there above you—the Presence of ALL Life? Let Us show you the proof, Dear Hearts! Take a human form which an hour ago was so happy, energetic, filled with Light, Buoyancy and Power. When Life has withdrawn, the body lies there helpless. All the organs, all the faculties which were acting are there still, but the body is helpless! Then where was that Intelligence, power, substance, energy, and activity, which was acting thru that body? Right there in the Stream of Life and Energy from the Presence of ALL Life. When It withdrew, the body was helpless. Then everything which ever acted thru that form, all the Power, Intelligence or whatever it might have been, was the Power and the qualities, which came thru the Stream of Life beating each human Heart.

You cannot deny that! There is not a human Being on the face of This Earth who can deny it. There was a Presence of Life which

was in that form which is no longer active. The Presence of Life was carrying each quality thru the human form and out into the Individual's world. Then, you know you have found the Source of Intelligence, of Power, of Life, of Action, of All Supply there is in the World.

Let us no longer be limited in the feeling world, by the idea and feeling that supply depends upon human Beings in your midst! As long as you continue to accept it, you will find yourself limited. Cut it off and turn to your Presence—the Treasure-House of the Universe—and your world. Then, remember THIS, Beloved Ones, Oh please HOLD THIS firmly before yourself forever!

When you call to your Presence for your money supply or any supply you require for use, Your Presence, is your Treasure-House actually, practically and literally! It probably would not release coined money in your hands just yet; but It is the Power of Intelligence at your Call, which sets Its Energy into action in your body. All persons, places and conditions, required to bring financial money supply into your hands—by the Wisdom, Power and Love of the Presence, will be set into action to bring it to you. You will be caused to harmonize yourself and do whatever you are required to do, to co-operate with the Activity of Life which produces that result for you.

Oh Dear Hearts, once you would only understand it, you could not be deprived of anything you need for your use. It would be impossible! There is not one human Being on This Earth, who owns anything. Oh, if mankind would only understand that! You don't even own your bodies! If you did, you would keep them! Now notice how practical all this is! If you owned those bodies, you would keep them, wouldn't you? At least as long as you wanted to. Then, somewhere something is missing!

Life is always Omnipresent and acting! It is your Limitless Supply of all you require for use! Your Presence is the Individualized Presence of God, who holds within Its Radiance and Power, the Supply of all things; in substance, in energy, in quality! As It releases the Intelligent Substance or Energy, into action in the human octave, the conditions are brought about for a Complete and Full Release of what you require. Don't you see how It cannot fail in a single instance? It just cannot do it.

Then, what you need to do is to watch, and if you are not having a quick and Full Response to your Call—don't be discouraged, but say: "Hold on here now! What is the matter with me? What is acting here which should not? What am I not doing that I should?" Then, call the Presence into action and say: " 'Mighty I AM Presence'! let me know definitely now what is the reason here." Be practical! Don't be afraid of anything, but be so practical and say: "Here let this thing stop right now! I have made the Call and I know it must be answered! Whatever human quality is in me, take it out"! Be firm about it, and Oh, how quickly, you will find your Calls being answered with Great Speed and Power! It is Magnificent!

I want to say just a few words in regard to the great industries of today. A Great Law is entering into the industrial world—the Power of Light! One of your blessed citizens, in his Heart is responding so wonderfully to the Great Laws of Life. His Light has held Its Dominion over the most destructive of forces which would have destroyed him. He is your beloved Henry Ford. I am not trying to exploit your beloved friend; but I am stating the Laws of Life. Had it not been for him and his stand against the destructive forces, which tried at one time to wipe him out of existence; the industrial world would have been in such chaos today, that most of mankind would not have had enough to eat. He was the strength and courage to the other industries of the World in his stand; because he knows God, the Presence of all Life!

Notice—today, the demand of the Activities of Life in the industrial world is imperative; and the heads of great industries are coming to realize, the old methods can be used no more! There are still a few who hold on; still trying at least to hold fast to the old ideas; but they cannot survive and do it! We believe in giving Justice and when We see an Individual who has built himself into the great, almost limitless success which Mr. Ford has, then We believe in giving credit where it is due. His only support, his only protection, his only achievement, has been in his Power of Conscious Attention to the Light. No matter what the criticism of him may have been, be careful you do not accept it! If there were now and then an Individual in his service, who might have made mistakes, don't forget, he may not have been responsible for it.

So it is in all walks of Life. It is not always the head of industries or conditions who may be responsible; because they are not always able to govern the action of those in their employ. Just as a spy from a foreign country might enter into your America; and gain information which would be your destruction, would the government be to blame for that? Possibly in a slight degree in lack of alertness, but the penalty would be on the Individual who did it.

Now remember, Dear Ones, I am prompting you for a Great Definite Reason. In the children's experiences in India, when Rex discovered a spy in the midst of the Brotherhood—notice the reason! The atmosphere of the Brotherhood had been charged by the spy, so they might not feel, see or detect his presence! Rex coming in from an outside atmosphere, wholly Free from it, was enabled to detect it! Notice what that means to the world, when you clear your atmosphere of human pressure. By calling your Presence into action, you will be alert, to detect the conditions which are about to touch your world—which would affect, limit or harm you.

Therefore, as you sense it, you can say to the wrong condition: "You have no power! Be thou dissolved and consumed by the Power of Light!" and it is done! Instead of it finding action in your world, it will have disappeared before it reached your world! That is the Power of Alertness and detection; and it is why We call with all the earnestness of Our Beings, for the students to become more and more alert; in the Acknowledgment of their Presence and all the conditions which touch their worlds; so they may be prompted.

Let Me also correct a thing which has been acting within mankind concerning promptings or the premonition of things. Such a thing is not given as an inevitable occurrence to act in your world but you are being prompted to issue your Mighty Decree, so it may be dissolved and consumed. Then, it cannot act in your world! Mankind has been accepting premonitions and promptings throughout the centuries; and have believed because Individuals received them, they must act in their worlds. Because such a prompting was received, you may say: "Be thou dissolved and consumed"! and it would be so! Remember, that as you value your progress!

Beloved Ones, My Joy is Boundless! Will you rejoice with Me, in the Service which it has been possible to render, while the

Messenger was voicing My Words to you! Seventy-five per cent of you who are in this room, have enabled Me to dissolve and consume seventy-five percent of your own human creation! My Gratitude and Joy is very Great! Accept It please! Then, as you enter into the class know you have entered into your Eternal—your Permanent Freedom; and no longer accept any condition or appearance, as having power to limit or disturb you again.

Oh, will you feel how Real all this is? I am none the less Real, because you do not see Me. Because My Vibratory Action raises My Body of Light, beyond your physical sight, is no reason why I am not Real! I am more Real than you; believe it or not! Please do not believe a thing is not Real, because it is invisible; for all the Great Powers in the World which are being used are invisible!

Many thousands of students have seen the Calls of the Messengers answered with definite precision. Now, as the Great Momentum of the large number of students, who in their great loyalty are joining in these Wondrous Decrees, the Power has become Mighty. Many of the things which were thought to take place in the World, have not taken place. All of you earnest, Blessed Ones, have been a part of That Great Service in the Mighty Decrees which you have issued. We congratulate all the students who are able to release such a Mighty Power of the Ascended Masters' Divine Love and Blessings, for It is the Secret of all things!

The refusal to accept or listen to human gossip is the Open Door to solve your problems. There the Out-pouring of the Ascended Masters Divine Love and Blessing is the Open Door, to the Out-pouring from the Presence, which will solve all things. We rejoice, so many of the students after such a long time and many repetitions of This Instruction, are beginning to understand, the first imperative need in their worlds, is to refuse to listen to or voice destruction; send forth discordant qualities; or even to allow them to act within their feeling. Then, as they pour out Divine Love and Blessings to all persons, places, conditions and things, the Whole Universe will flood their worlds with money, supply, happiness, health, strength and courage; because they are complying with the great Law of Life!

I thank you for this opportunity, to offer My Humble Assistance in that which has been rendered; and may the Glory of Our Happiness

ever intensify and increase within your feeling world and consciousness! Remember—to you and all the students, has been offered the Use of the Ascended Masters' Consciousness and Substance; which cannot be requalified by human qualification. Call It into action in your world! Charge your body with It and let Its Perfect Work go on, unto your Full Perfection. Then, you attain your Ascension into the Eternal body of Light. Oh, Beloved Ones, how wonderful it is that mankind can have the Opportunity to come home and live within the Happiness, the Glory and the Perfection which Life has always held for all Individuals; but which mankind had forgotten.

The Love and Blessings of the Great Host of Ascended Masters, the Legions of Light and the Cosmic Beings, flood your Beings and worlds and enfold you in Their Eternal Perfection.

We Love and Bless you!

DISCOURSE XX

June 19, 1938

DENVER, COLORADO

Beloved Students and Friends, while These Words are spoken to you by the Messenger, it shall be My Pleasure to release approximately sixty percent of those in the room from the most discordant accumulation, which they have drawn about themselves thru the centuries.

Perhaps you do not understand exactly what I mean; but you have accumulated more or less discord throughout the centuries and it is still about you. Few of the students have used the Violet Consuming Flame with sufficient intensity, to allow the Great Presence to have dissolved their human accumulation completely. Tonight, I shall endeavor to finish that for many of you.

Since your sincerity, since your stand for the Light in Denver has been so unusual, then shall your reward come in your own release; and those for whom it is accomplished, will feel it without question within a few days.

Therefore, tonight, will you be kind enough to accept the Radiance poured forth to you, about you and in your feeling world, to render This Service? Remember, this is at the Call of your Own Life. There is but One Power in the Universe to act and It is your own Life! We are a Part of That One Great Life more in advance than you. Having set Ourselves Free ages ago, We are in a position to help mankind today, and the need is imperative!

Therefore, during this class, the Greatest Work has gone on of any class of the Messengers. We congratulate you on your harmonized feeling, on your Love and Out-pouring, which makes this possible; for outside of the Direct Attention to the Great Presence of Life, your Harmony is the most important thing. If you but knew it, It is the Key to all things.

In all We have experienced and are observing among mankind today, I marvel Individuals have not seen in the terrific experiences they have passed thru, that it is their inharmony, which is producing

all the limitations and discord for them. The human self has so long attempted to hold its dominion, that it refuses with stubborn resistance, to accept Its Presence of Life, which would set it Free so quickly. So, tonight, according to your acceptance, may you have This Great Blessing enfold you. Beloved Children of the Light, in the Service which We are rendering to the Earth, it is an Eternally Sustained Activity always! There is no thing, no action which We start, that We do not sustain, until its Full Achievement. Therefore, as you have been drawn into this Class Room, by the Light within your own Heart, then you are to a definite degree, filled with Sufficient Light to draw this which will bless you. It is always your own Light which acts; but as you call, as the Messengers call, and the Full Force of Our Assistance comes into action, all resistance recedes, dissolves and disappears!

Therefore, in the people's lack of understanding, they have endeavored to govern and bring each other into submission and under each other's domination; creating all kinds of discord under which they had to live. When you understand, you have the Great Presence of Life to turn to, then all which has terrified you in the world of human action, dissolves and disappears before the Call to your Great Presence.

You must understand this definitely and fully; and know tonight, that you are Master of your own selves and your world, thru your attention to your "Mighty I AM Presence," which brings Its Intelligence and Power into action.

Tonight, I thank the Messenger, especially at this time, for having read the excerpt from the Magic Presence. We have brought into action, a Powerful Activity—the Most Powerful so far in the class. It is the Activity from the Cave of Light in India. It is My Pleasure to draw forth and hold you in Its Radiance for this hour; so you may absorb, receive and be blessed eternally by Its Action, which comes alone from the Power of Light.

You feel quite disappointed, if at any time your fixtures are out of order, your connections, and you have no Light. This Light of which We speak, is far more important than your Lights here. The lack of Inner Light is darkness of the darkest kind; and if you were to discern those whom We refer to as earth-bound; who have lived depraved

lives upon This Earth and cannot leave it, you would realize something of what the lack of Inner Light means! Were you to observe such earth-bound people, you would see each one has created for himself a density of darkness which is unknown in any condition of the outer life. That is what mankind so glibly speaks of as earth-bound Individuals; little dreaming in such darkness, the Individual suffers agonies beyond anything mankind can suffer in the human form.

SOME PEOPLE DISCOURAGED BY THEIR ATTEMPTS TO OVERCOME THE OBSTACLES OF HUMAN LIFE, CUT OFF THEIR LIVES BY SUICIDE; AND THEN THEY MEET THE FULL FORCE OF ALL THE DISCORD AGAINST WHICH THIS BODY WAS A SHIELD. ALL BECOMES A MENTAL WORLD, AND THE AGONY IS SO MUCH GREATER! THEN, THEY SEE THEIR MISTAKE WHEN IT IS TOO LATE. BELOVED ONES, IF SUCH AN IDEA HAS EVER ENTERED YOUR HEADS ERASE IT. YOU CANNOT GET AWAY FROM YOURSELF EVER IN THE WHOLE UNIVERSE! YOU ARE A WORLD OF YOUR OWN CREATION AND THERE IS NOTHING CAN CHANGE IT BUT YOURSELF!

Your Call to the Great Presence of Light, is the Only Power which can dissolve and consume your creations. That Wondrous Chart gives you the eye picture of the Violet Consuming Flame, by which you may be set Free; and only then, will mankind feel and understand the Importance of the Presence.

You are no longer subject to your mistakes, because you have made them. There is not a thing in the Universe which condemns Individuals but themselves. They think themselves very wise. They criticize, condemn and blame each other, for what is alone within themselves! Do not forget it! THERE CANNOT ANYTHING ENTER YOUR WORLD, UNLESS THERE IS SOMETHING TO ATTRACT IT OR CORRESPOND TO IT!

How is it, Beloved Ones, as many of you know, the Messengers live in a charmed world of their own, untouched by the viciousness of mankind? Is it not the proof that, when your attention is withheld from any destructive force; and you know human creation has no power, you can move in the world untouched by its discord? Therefore, if you will but understand this, you will find yourselves quickly moving

in the world, in your own Harmony called forth from your Presence; and It becomes the Governing Power and Intelligence of your world!

The Privilege, the Opportunity is yours. Therefore, if you will take this Opportunity, make your Application, We will give whatever added Assistance, is required to give you the Victory and quickly.

In the Power of Radiance which has been released to the Earth; and in the Call thus far, the accumulated application of mankind, is sufficient to hold the Balance for every earnest sincere student. When I see silly ignorant mankind grinning and smirking at the Great Wall of Light, one day, they shall see how they have missed their Opportunity. As if the Great Light, as if the Messengers, as if We were concerned with mankind's belief or unbelief! They are quite Free to accept or reject; but one day, when the Hearts of the people are wracked in agony, they will wish they had taken the Opportunity offered; and with the Assistance of the Mighty Radiation which is being released to mankind, had attained their Victory and Freedom quickly.

Our Rejoicing in being able to render you This Service, Beloved Ones, is very Great. You cannot possibly imagine, until you have entered into Greater Freedom what THIS means! When We see the Hearts of mankind reaching so earnestly for Freedom, do you wonder at this time, We make every Effort possible, to watch and guard you, as though you were little children? You perhaps do not appreciate that; but when the human is silenced sufficiently, thru the feeling, will you begin to understand and appreciate all It means to you individually.

The gathered momentum of the activity of men's minds, is the governing power of a Nation. If it be mis-directed, then the Nation is filled with chaos; and unless it be corrected, there will be the destruction of that civilization.

We have watched civilization after civilization come and go upon This Earth. We have watched mankind in embodiment today; and a few think they know something about Life. They think they know something about the Laws of Life! You are just beginning to learn. Believe it, Dear Ones, when mankind is willing to turn first to the Presence of All Life, the "Mighty I AM," and then to the Ascended Masters, Individuals will come to understand and know once and for

all time, the Truth of Life. Only a Being who has set Himself or Herself Free, by the Power of that one's own Application and the Understanding of Life, is in a position to convey the Truth to mankind.

This is why the Work your Beloved Saint Germain has brought forth to you, is producing such tremendous results today. The puny mind of mankind which criticizes and condemns His Work, will one day long to have It, when it is too late. I plead with you, do not be so foolish. If you do not care for a thing, at least do not condemn it, then you have saved yourself much. No one in the Universe, not even Ourselves, wants you to do something you do not want to do. Therefore, you are Free Beings, except with each other. You are not willing to give each other Freedom, so of course you do not have It yourself!

Now realize, beloved students, friends, relatives and fellow associates; if you want your Freedom, you have to give Freedom to everyone else you know. Unless you do, you will remain bound yourself, for It is the Law of Life. Therefore, profit by This Wisdom which We give. There are no mistakes in It. It is mankind in its bondage who needs Freedom. If We are willing to attempt to give Our Assistance, mankind should be willing to accept It; at least enough to try It out and see whether It will not produce definite results. That at least should be the logical activity of mankind.

In the activity of your physical life, if you are not quite familiar with a thing, you experiment and see whether it is useful to you. In the Great Laws of Life, when presented by Those who have set Themselves Free by This Identical Application, mankind ought to be willing to try It out and see. Fortunately, great great numbers of mankind have been willing to try It out and are having Freedom now.

From Our Standpoint, Beloved Ones, and I speak of it only for your encouragement—if you cannot see the Example of the Messengers, then there is not a great deal of hope! They have stood against the greatest fierceness ever projected at two human Beings; yet they remain untouched, because they must be the Example of the Law to mankind.

As students, you are expected to become the Same Example to your fellow-man. Therefore, you must study, apply the Law and

prove the Law to yourselves; which gives you the confidence to say to your fellow-man: “I know the Law, because I have proved It.” Every one of you can do it, for I say to you, no human Being in embodiment in this world can prove This Law wrong; and anyone from a child six years old on can prove It Right, if such a person really wants to.

That is why, you are not dealing with a questionable action of Life; you are dealing with the Powerful Almighty Law of your own Life, which is actually beating your Heart. It will give you the strength and power in your Call to the Presence of all Life, to win the Victory over all conditions which are before you.

Let us anchor It so strong, tonight, within your feeling world for constant action, that you never forget It. Your Call to your Life never failed in the world, never could. If you follow your Call with doubts and let human conditions and suggestions of mankind rush in upon you; if you respond to them, instead of standing with your Call and the Presence of All Life, you are very apt to be disappointed.

Remember, you are the Authority in your world and no one else! Not your dearest friend, not your husband nor wife can say to the other what you shall do; for those who bind are thus bound! Remember THAT! Beloved Ones. Say not to your fellow-man: “DO THUS AND SO.” SAY TO YOUR FELLOW-MAN: “THE BLESSINGS OF THE ETERNAL LIGHT OF GOD REST UPON YOU. GO FORTH THE VICTORY OF LIFE”! THEN YOU WILL HAVE FULFILLED YOUR OBLIGATION TO YOUR FELLOW-MAN; BUT EVERY WORD, EVERY FEELING OF CRITICISM YOU PASS TO EACH OTHER, YOU ARE SETTING YOURSELF INTO GREATER BONDAGE. DON’T FORGET IT!

I say to you Beloved Group Leaders, not only here, but everywhere in America and the World: as you value your existence, as you value your Progress and Freedom, don’t criticize other Group Leaders; don’t criticize students of other Group Leaders; DON’T CRITICIZE EACH OTHER, FOR ANY REASON WHATSOEVER! THEN, YOU WILL FIND YOUR FREEDOM QUICKLY. Whether it be person, place or condition matters not. It is the quality which you generate and set into action in your own feeling world that always deprives you.

Let everyone understand It tonight and while human creation is being dissolved for you, let This Charge go into your world and stand there—the Ascended Master Self-luminous Intelligent Substance for action, which you cannot requalify. In having removed for you the substance in your Life which you *could* requalify, should you not be grateful to Life, which has called Us into action to render This Service?

All you are or ever hope to be, depends upon your acceptance of This Light, your own "Beloved Mighty I AM Presence"; and your willingness to apply the Law set before you. In the comfort of your own city, I have brought to you, that for which mankind has searched for centuries. Many of you I see appreciate it greatly; therefore, to you be the Freedom of Life!

Beloved Ones, in all which exists upon This Earth or within the human octave, there is not one thing of importance except your Life. You have given authority and power without limit, to everything in the world but your own Life! Then, you wonder why you are not Free, or why you are in distress and limitation. Do you not see, as you have looked upon human creation, you thought it was the authority and power; giving it your Life, to send back its discord, limitations and distress to act in your world?

Look how quickly the whole world of the Messengers reversed, when they began to refuse acceptance of the human creation and outer appearance in their world. When they called the Great Presence of Life into action, see how quickly they were Free; and doing that which no one of mankind has ever done before; calling forth the Power of Light to supply and serve them, and It has not failed!

Ladies and gentlemen, in your business association, if you would call forth the Power of Light, knowing and accepting your "Mighty I AM Presence"—as the only acting Intelligence in the world of business; you would see how quickly you would reverse all discordant conditions which have ever been. You would charge all those activities with the Power of Light, which knows no opposite. It is Invincible in Its Onward Movement, toward the Expanding Perfection which It is; for It carries away every discord, drawing it in and dissolving it, so far as your individual world is concerned.

You do not have to be failures; you do not have to be subject to the conditions you see about you! If a thousand people were in distress about you, and you stood alone with your own God Presence, the “Mighty I AM,” your world would be filled with Happiness, Supply and Free from the surrounding conditions, no matter what they were!

That is why I say to you tonight, earnest, sincere, Beloved Students of the “I AM”: Never again listen to silly human gossip which says to you: “Why don’t you apply the Law”? Because that sinister thing wants to discourage you. When you have proven the Law, which you will, if you don’t listen to human gossip; then turn and hold steadfast to your Presence; and one day, those critical Individuals will crawl around like a whining dog at your heels and say: “Help me”! We have seen it done time and again!

Some who have hated and condemned the Messengers, have been compelled to call to them for help; and the Messengers were kind enough to give it, after the greatest and fiercest condemnation. That is the Power of Divine Love which they exert! That is the Power of Divine Love in the Blessing they send forth to mankind! That is the Blessing which all mankind should be giving to each other; and as you pour the Ascended Masters’ Divine Love, Blessings and Kindness to each other, the Presence and Power of Light, will flood you and your world with all the Perfection which It holds for you.

Remember, as that description was read to you tonight, of My Service to the Children, with all the Love and Kindness of My Heart, I say: “Remember ‘I AM’ THAT Same Being rendering you a little less Powerful Service; for in the numbers here who are unprepared, I cannot do the same thing fully which I did for Bob and Rex, Nada and Pearl and Those who were there! I can and have started into action in your world, the same Great Light, the same Mighty Activity, which according to your great Love, kindness and acceptance, will go on, and on, and on; in Its action of the Freeing, Purifying, Cleansing Power within you and your world. Then, one day not so long hence, you will begin to see the Result of that Purification and of the Out-pouring of the Light of God, the ‘Mighty I AM.’ ”

Each day, It will surge forth more and more powerfully thru your body, thru your feeling world; and you will then see the Greater

Harmony moving before you. That which had disturbed you and Individuals who had obstructed your way, will move out of your world; and the Presence of Life will move forward, producing the Victory of Light for you!

I commend you, tonight, to the Full Glory of God, your "Mighty I AM Presence." May Its Full Power of Action take command of your mind and body, your world of action and produce Its Perfection and hold Its Dominion there.

I call to the Higher Mental Body of each one, to stand guard; and see you are wholly receptive to the Power of your Presence; and that you earnestly make the Call which will enable Its Great Power of Life, to surge forth and give you the Blessings which everybody in embodiment craves to have, even the scoffers; even the doubters! When they are alone within their own chambers or upon their beds of straw, they will see that their scoffing and their doubt placed them on the bed of straw and privation. It does not pay to scoff at Life! It does not pay to criticize and condemn the Power of Light which is offered; for one day, mankind will want It and It will be absent!

Beloved Ones, in pleading with you to enter into the Full Activity of Life; and give the co-operation and obedience, which are necessary for the Greater Release, will you not give that obedience joyfully and willingly? I know all of you sincere students of the "I AM," will gladly.

Stand unyielding in the Great Presence of your Life! In commending you into the Hands of the Mighty Activity of that Great Presence tonight, and in speaking to your Higher Mental Bodies, I say: "Bless these children in the human form with such Obedience, such Joy and Happiness in their feeling world; such Harmony maintained, that quickly the Power of Light will bring into their experience, the Evidence which satisfies anyone—even the most skeptical—of the Power of Light, to set them Free and give them the Freedom which is their due"!

I thank you.

DISCOURSE XXI

August 21, 1938

OAKLAND, CALIFORNIA

Out of the Glory of all the Presence of Life holds for you tonight, I greet you in the Name, Power and the Substance of Light.

Come with Me into Our Great Octave of Light, and while These Words are voiced to you, allow Me to assist you thru the Power of your comprehension, to realize mankind is entering the Gateway of Freedom. The Power, the Glory of all which Life has so long wanted to release into your worlds, is beginning to have the opportunity.

It does not matter how much you want a thing brought into physical manifestation, if you do not comply with the Law of Life which produces it, still you do not have it! Therefore, tonight, It is My Joy to render a Service for you, and at the same time render a Service for your city; for since you are citizens of Oakland and have your homes here, then you need more than just your Individual Freedom, do you not? You need the environmental conditions which make for your happiness. Beloved Students, remember in all you call forth for yourselves, call forth the Harmony, Perfection and Out-pouring of Light from the PRESENCE OF ALL LIFE, TO YOUR CITY.

In every city where there are a thousand or more students, those students—if they but realized it—could by the issuing of these Mighty Decrees and calling to the Presence of Life, regulate all conditions in the city Harmoniously and Perfectly! You don't see that yet, but I assure you, We have proved it time and again!

Therefore, in coming into your city for the first time, to establish the Mighty Out-pouring of Light here; to see the earnestness with which you have sent forth these Mighty Decrees; and the determination and steadfastness of it, you could no longer be denied.

Please understand Me, when I say to you, that when Life within you calls, do you really realize what It means? You think you call of your outer volition. That is true, but what is it which enables you to

call? It is the Intelligence, the Energy, the Power you use, Life in Its All-powerful Activity! Then, It is Life which is calling.

Suppose an emergency suddenly appears in your Life and with very great earnestness and intensity, you make the Call for help, for assistance, for release, for supply; then is it not Life which is making that Call, even thru your outer volition? I say to you, Beloved Ones, when you understand all which acts thru you is the Power of Life; then you see and know, you are the Director. You must be the Director of your energy, your Life. The energy itself will not discriminate as you call it forth; but when you call your "Mighty I AM Presence" into action, Love, Wisdom and Power are acting in balanced form.

Therefore, whether you outwardly understood the fulness of all which was required or not, your motive underlying would be correct. It would be right. When you understand the Presence of Life will not release energy any longer for destructive purposes; then you will understand why all destructive creations of Individuals or conditions, are rapidly becoming helpless, to further interfere with or intrude upon mankind, to limit or disturb longer.

The Great Cosmic Light which is steadily being released to the physical world, is doing a Work words fail utterly to express. Only as you would see with the All-Seeing-Eye within you, could you comprehend what I mean, because words do not convey it. Yet, I say to you, the achievement of the past six months—in the Calls of the Beloved Students all over America and the World, is a Service unparalleled in the history of the Earth.

As We, in the first meeting here, established these Mighty Currents of Energy for you individually, for your city; and for all that is required here, We want you to feel all One. San Francisco, Oakland, Alameda, Berkeley and all the surrounding environment, won't you feel just ONE? Won't you feel a Great Happiness thru harmonious cooperation in all you call forth? To do that, means a Power released which you would scarcely comprehend at this time. As you are calling for mankind's Freedom and the Protection of America, you are rendering a Service, which intensifies your own Individual answer to your requirements beyond words to explain.

These Mighty Decrees, We have suggested for the Blessing of mankind and the Protection of America, are first, rendering a Great Service to the whole of mankind; and also rendering a Great Service to your environment; which must produce COMPLETE HARMONY and the release of all you require in your Individual life.

You have all understood and heard it presented from various angles, it is more blessed to give than to receive. That is quite true, if you understand what you are giving! Most of you interpret that to mean money alone; or the Out-pouring of Love and Blessings alone; or health, strength, courage and all those qualities which mankind requires; but it is more than just that. The Call to Life means Absolute Freedom, which your Mighty Goddess of Liberty represents to America and the World. You will remember Those Great Ones represent to you Freedom, Victory and Peace.

They are more than just a thought, Beloved Ones. Those Beings are Real! Those Beings have Cosmic Power and wield Cosmic Power! Therefore, in all you wish to have done, They are ready and willing when you give obedience to Life; to charge your feeling world, which is your Powerhouse, with the Qualities They possess!

The Mighty Victory is the Power of Victory in action in your feeling world! The Goddess of Liberty is the Liberty and Glory of Life! The various Other Ones are Freedom and Peace. When you understand what the Goddess of Peace has done—which We shall mention during the Class here, you will know It is a Transcendent Service.

It could not have been done, if the war entity of the World had not been consumed. She would not have come forth! Had She not seen and known this could be done, She would have remained within the Great Silence!

Think of it, Beloved Ones! one whole hemisphere in the throes of the destructive power—the worst ever expressed upon Earth! Those destructive Individuals are using the great cunning of the black magicians, who are prompting them—urging these destructive forces on, and on, and on. They find their urging of little avail; for since the consuming of the war entity, there is no power there to feed and sustain them! Therefore the things they did easily and quickly before and where they found ready response, they are failing to find

that speed of response today and they are amazed. They cannot understand what in the world has happened that their authority and dominion has suddenly ceased; and they can no longer influence mankind as completely as they once did so very recently!

Think of it, you who have worked so earnestly and served so earnestly in these Mighty Decrees. Oh, Beloved Ones, never tire, never grow weary; because if you realize It is the Power of your Presence acting, you cannot be exhausted in rendering that service.

I say to you: Freedom is at hand for every earnest sincere student! Don't let anything suggest otherwise or disturb your feelings; but in your great adoration and attention to your Presence, know you are then and there, releasing the Full Power of Life, which wants so much to give you Its Freedom. Why do We respond to your Calls? Now notice this very carefully. Why do We respond to your Calls? Not because of your outer volition; but because it is the Power of your Life which is calling; and all Foci of Life, which We are, and you are, must give obedience to Life. You might say to Me: How is it the Great Cosmic Beings must give obedience to Life? Because Our Attainment of Freedom, came by first giving obedience to Life. Then, when your Presence of Life calls to Us, is there anything in the Universe which could prevent Our answering your Call? Think of it! Beloved Ones, you are not any longer at the mercy of destructive forces or limiting conditions; because you have come to know Life and Its Mighty Focus, the Presence of the "Mighty I AM," which beats every one of your Hearts! Oh, don't think for one second your Presence is not there; or that It is not Mighty Real. If your Presence were not there, you would not be here! Don't forget it!

That Presence supplies you with Life as the Wondrous Chart shows; and when you accept It in the Fulness of your feeling, then you will have the answers clearly and more and more quickly, to your Calls, as the Messengers have proven. They receive Instantaneous Answers constantly to their Calls today, but they did not four years ago. They called days and weeks, many times, for the Victory of each Call; but they stuck to it, until the answer came; and that is the position of all mankind today.

When you start to make your Call stand by it, until the answer comes. Then, you will see how more and more quickly and

powerfully, will your Presence of Life answer your calls, until all of you too will have your answers instantly. That is the Power and Presence of Life waiting and wanting you to have This Great Freedom, This Great Happiness.

THINK OF IT, BELOVED ONES, IN ALL THE ANXIETY YOU HAVE PASSED THRU, IN ALL THE DISTRESS, NOT ONE SINGLE PART OF IT WAS EVER REALLY NECESSARY! Because you had forgotten your Presence of Life and you gave all power to the appearance world; you suffered under those appearances, having mis-placed your attention, having mis-placed your vision. You accepted more, and more, and more, of limitations; giving more and more Power to persons, places and conditions; which had no power to limit or disturb you, except—now notice carefully—that you fed your Life Stream into them by the Power of your attention and vision, your physical sight.

Think of it, and know that not one inharmonious, destructive or limiting thing can touch you or affect your world; if it cannot get your attention! IT MUST HAVE YOUR LIFE STREAM TURNED TO IT, IN ORDER TO REACH YOU. Many of the students do not yet see that. They know it intellectually, but in their feeling, they are not accepting the fact, that what their attention is upon, they are feeding their Life into it, to compel it back into their worlds.

Please get this, tonight, in preparation for Our Coming Class. You will hear things in this Class—the Laws of Life, which you have never heard. I want you to be so joyous, so firm, so determined in your application in the use of the Violet Consuming Flame, that you are ready in the FULNESS OF YOUR COMPREHENSION, to grasp everything which is said and apply it to yourself. Don't think what We say is meant for the other fellow. It is meant for every one of you everywhere; because It is the Explanation of Life. All We give is the Explanation of your Life.

All your Beloved Saint Germain has brought forth to you, is just the Explanation, the Application of your Mighty Presence, the Law of Life! There is not a thing unusual or mysterious about it; and Oh, try to understand and feel that. Then, when you understand It, you will see how in your application, you are Master of any condition which confronts you.

In the experience of the Messengers, as conditions arise which are distressing to mankind, when their bodies come into the environment, those conditions change. Sometimes that is necessary, so those conditions dissolve and disappear. Nobody can deny it, because it has been done many many times, and the great numbers of students have seen it take place. Do not let anyone be foolish enough in thought to refute This Statement; because it is True. Whatever the Messengers have done, every one of you can do. Their Happiness and Freedom is complete. Therefore, when they call for something, it immediately appears.

When you understand you are the Authority in your world, and as long as you hold your Life Stream free from feeding into limiting appearances, places or conditions—you will have the Full Glory of Life. It will pour like a Great River into your activity, to spread Its Great—Its Mighty Blessing to you.

TRY TO FEEL WITH ME NOW IN YOUR ATTENTION TO YOUR GREAT PRESENCE, this Mighty Stream of Light and Energy which is beating your Heart, animating your body. That is the Power of the Universe! IT WOULD ASSERT ITS FULL POWER, IF YOU DID NOT INTERFERE WITH IT BY DISCORD IN YOUR FEELING. Life would take charge quickly and naturally! You would not have to urge It! Since you have created about yourself, these limitations of discord and all in your feeling world; the discord must be cleared away. It must in order to allow Life once again to take Its natural flow; and hold Its dominion thru your bodies to produce Perfection IN YOUR WORLD OF ACTION. LIFE WILL DO IT!

LIFE NEVER CRITICIZES NOR CONDEMNS YOU FOR YOUR MISTAKES! IT JUST WAITS! WE CALL YOUR ATTENTION TO CERTAIN THINGS; BUT WE NEVER CRITICIZE OR CONDEMN ANY ONE. THERE IS NO ONE IN THE UNIVERSE TO JUDGE YOU, BUT WHOM? YOUR HIGHER MENTAL BODY. IT KNOWS THE PERFECTION OF THE PRESENCE AND YOUR IMPERFECTION. THEREFORE, IT IS THE JUDGE OF YOU AND YOUR LIFE! YET, IT NEVER DOES FOR A SINGLE INSTANT, CRITICIZE OR CONDEMN YOU.

This is why, Beloved Ones, in all the Activity of Life in Its Perfection, there is not one destructive thing. Then, what has

produced destruction in your world? Mankind's qualification of the Wondrous Energy of Life. Energy flows constantly! Do you have to call for action of energy in the use of Life ordinarily speaking? You do not consider it, do you? You go to sleep at night. If you are feeling comfortable, you do not question whether you are going to wake up in the morning or not, do you? Now suppose you get scared on going to sleep, that you would not wake up. If you were scared enough, you probably would not wake up. You do not feel afraid to go to sleep! You trust Life in some ways magnificently, don't you; but in other ways, you don't trust It at all.

Notice! Is it not strange how Individuals are constantly in conflict with themselves? They trust Life so magnificently to take care of the body, until they have done something which produces inharmony there. Then they say: "What in the world is the matter here"? Not stopping for one moment to see, they were the only cause for it. It could not be in their worlds and could not act in the body nor in their worlds, unless they were its creator.

Is it not very wonderful, Beloved Ones? Thank you, tonight, for your comprehension. Thank you. Oh, be clear and definite in your comprehension of these Simple Great Majestic Laws. I am preparing you tonight, for the Great Blessings which shall be yours, and I want you to feel Them. I want you to see, how you alone are responsible in your world. When you see this, then I can help you, as you could not even imagine; to clear your world of all limiting discordant conditions; so, when you call Life into action, you will have Instantaneous Mighty Results. That is what every one should have. There is not one of you who should not be able to make the Call now and inside of three hours have the answer. Many of you are coming to this point now.

Until it arrives, be firm and determined in your application; for that is the way you dissolve, consume and break down all of these conditions, which have disturbed and limited you. You cannot do it without your application. Don't think for one moment, Life is going to do these things for you, without your application! THE GREATEST NEED IN THE WORLD TODAY, IS THE APPLICATION OF LIFE.

Individuals have had it before them in every conceivable activity, in the attempt to explain Life! Think of it, in the old methods,

everything was made so mysterious! More and more subtle and cunning has become the remainder of human destructive creation, which We call the sinister force! Orders are being established—several of them in America and the world, where they say to you, when you enter the doors: “You must take an oath never to mention one thing which goes on in here.” When somebody says that, you had better turn and go the other direction. They are concentrating on America just now. Remember! because you will be approached. Many of the “I AM” Students have already been. A thing which asks this of you is no good! Don’t believe it for a second.

I am prompting you, because I see it. Some of the students who took that oath and attended once, not a thing in the world could ever get them to return to another meeting. Dear Ones, if you care to follow Us, We will from time to time, prompt you to keep yourselves Free from the clutches of such things.

We have urged the people to keep away from all things psychic, spiritualistic, astrology, numerology and all those things which breed and breathe limitations into your world! If you do not care to listen to Us and then you experience unhappiness, remember We tried to help you! We don’t say what you shall do! If you insist on going on with the things which limit and distress you, well Who are We to say you should not! You are Beings of Free Will. We want to help you, but We cannot do it, if you do not want Us to. We certainly would not intrude into your world in the physical, any more than We would intrude into your physical home without your invitation; or your friends in the physical world would. Oh, now and then one would, but most of them would not intrude, without your invitation.

If you do not want something undesirable in your home, do not invite it! There are many ways of invitation. You can by the feeling, invite a thing! You can by the intellect, invite a thing; and you can by taking your physical body into an environment of the thing, invite it. You know the old statement—“Certain of mankind rush in where angels fear to tread.” That is constantly going on among mankind.

Would you, if you saw a building in your city where every immoral or destructive force and action was going on, deliberately walk into it? Not if you were wise. I say this to you, as students, knowing the Power and Protection of your Presence.

It is just the same as you, in your calling forth the Presence and issuing your Mighty Decrees. If you do not balance that by Self-control in your feeling world; you are not going to get the results you desire. Just because you issue your Decrees and call the Powers of the Presence forth, it does not mean, you will have Perfection. You must make some effort at Self-control, in order to balance the condition of the Powers which you are calling forth; because they grow greater and the energy grows more powerful. Won't you see that?

One thing, I want to say so very much, tonight, to the young people here and to the young people everywhere: When you come to know your Great Presence of Life; and you begin to feel Its Great Power surging forth in Its expression of Divine Love do not interpret it as falling in Love. If you have felt or experienced inharmony in your home or your associates; then you find some person with whom you feel very harmonious always be careful and do not interpret it, as humanly falling in Love. That is perhaps the greatest danger among the students today. We have seen a number succumb to it. Stand guard, Beloved Ones! You can love just as greatly without caressing each other, as you can by holding each other in your arms. That is where mankind's danger is today.

The outer world has taught Individuals, the very things which release the pent up feeling of all mankind. It rushes forth and is uncontrollable; but when you understand how to govern and guard the feeling of kindliness and harmony which goes forth, you make it a blessing to others. Then you will never fall a prey to the sinister force, by the Out-pouring of your Divine Love to another. Remember! This is very vital! We want to forestall all of these things.

Remember! The need has been so great for the Protection of America; and all so urgent, the Messengers have not had time to take up these many things, except occasionally. So when We call it to your attention, just make a note of it if necessary; so you keep yourselves reminded of this particular activity. It means everything to you!

IF IN YOUR ENDEAVOR TO POUR FORTH DIVINE LOVE, IT BECOMES QUALIFIED AS HUMAN DESIRE, THEN YOU HAVE WASTED YOUR TIME AND ENERGY AND MUST START ALL

OVER AGAIN. Use this for an illustration, if you like. I am flashing These Words to the Messenger. My Out-pouring of Divine Love to you, so far transcends anything you are yet aware of, there is no comparison; but could any one qualify My Love in any way with the human? This is the way mankind should feel to each other.

I SAY TO YOU, GENTLEMEN, IF THERE BE ANY ONE OF YOU, WHO CANNOT LOOK UPON WOMEN WITH A CLEAN AND PURE DESIRE, THEN YOU HAVE MISSED THE GREATEST BLESSING LIFE HOLDS FOR YOU. LADIES, IF YOU CANNOT DO THE SAME THING—IF YOU CANNOT LOOK UPON MEN WITHOUT THE HUMAN DESIRE, THEN YOU TOO HAVE MISSED THE GREATEST JOY AND BLESSING OF LIFE. WHEN YOU COME TOWARD THE GOAL OF ATTAINMENT, ALL HUMAN DESIRE DOES CEASE TO BE. Replacing it comes the Greatest Power of Divine Order, producing Divine Happiness, producing Perfect Action and Direction of the Forces of Life and Love thru your Being. That is why Self-control in all things, is necessary!

THERE IS LOVE, WISDOM AND POWER IN THE TRIANGLE OF LIFE. IF YOU TRY TO USE ONE POINT OF THE TRIANGLE OF LIFE WITHOUT BALANCING WITH THE OTHER TWO, YOU ARE GOING TO HAVE DISTRESS, FOR LIFE IS BALANCE! LIFE OUT OF BALANCE MEANS SUFFERING! IF YOU USE POWER WITHOUT WISDOM TO GOVERN IT AND LOVE TO TEMPER IT, EVERYONE WILL FEAR YOU AND SOON YOU WOULD NOT HAVE A FRIEND! IF YOU USE THE POWER OF LOVE POURING FORTH WITHOUT WISDOM TO GOVERN IT, THEN IT BECOMES HUMAN; OR BECOMES HUMANLY QUALIFIED AND THEREFORE MISUNDERSTOOD.

Do you not see how in the lack of Understanding of all Life means, you have constantly been misusing that which would otherwise produce Perfection? You have done this, by your lack of Understanding and wrong qualification of the one Mighty Energy of Life!

Suppose, one of you poured forth a great Power of Divine Love and Blessing to another; and the one receiving, would interpret It in human qualities, you would have lost the Blessing completely. Do you not see that? See how mankind in the great energy which would

so bless Individuals, in their mistaken qualification of it have been producing the opposite effect of what they intended—if not at first, it grew into that.

In This Explanation, I am charging into your feeling world, the Comprehension of it—the anchoring of My Power to hold this sustained for you, if you care to accept it. I would not intrude, I assure you, if you do not care to do this! It is here ready to serve you, but I would like so much to set you Free. If you care to accept It into your feeling world for constant action, I assure you before the close of This Class, you will know what Happiness and Freedom mean.

Freedom is not license, Beloved Ones! Freedom is the Greatest Consideration for the Rights and Blessings of others; and I want you to feel that tonight. Feel Our Freedom, which is the Divine Order of Life, acting within your feeling world—the most Beautiful Thing.

I say for your encouragement, to Me it is quite wonderful. While I have been Flashing These Words to you, in your comprehension and acceptance the Light expanding within your bodies, has sent forth Its Radiance. Now you feel gratitude, you feel kindliness and all that, so far as you are capable in the outer expression; but think how much Greater is your Light, which I see releasing Itself; and going forth from within your physical body—how much greater It is! Then, do you not see, how We who are able to see the slightest Manifestation or Radiance going forth, are able to determine who is accepting? Do you not see, how We are able to determine who is accepting or who is not? To the degree you are accepting may We render Assistance. All this is quite Natural, only mankind has not believed It. Individuals have thought the Great Presence of Life, would flood them with every good thing without effort upon their part.

In your requirements in the commercial world, you think you must labor so many hours; that you must put forth tremendous physical effort. Well at the present, you do have to do so; but look at the great Truth of Life! If you would decree for your Presence of Life, to release from Its Treasure-house the Limitless supply of money; all else required for your Service to the Light; or whatever you wish to do; you would have fulfilled the requirements of Life. If you reach out here thru your physical efforts without That Call, you will find yourself

making more, more and more physical effort with less and less results!

This is why, as the Messengers have told the students throughout the classes, as long as you reach out to your fellowman for something; believing it must come from there, so long will you remain limited; and ofttimes more and more. Life has always wanted you to turn to Its Mighty Focus, which the "Mighty I AM" is; because It is your supply of everything which exists in the World. You may not quite see this; but unless the Power of your Presence acts thru your human efforts, it amounts to nothing, as many of you have found.

You work and strain and struggle with great stress in your human efforts; and barely have enough to cover your back and to feed yourself. That is not Right! When Nature has provided everything in lavish abundance for all mankind's requirements; what has happened, when some of mankind do not have abundance? Because they have been reaching out more and more to human Beings, persons, places and conditions—expecting to receive from there.

Turn to your Beloved "Mighty I AM Presence" and I am now speaking directly concerning your money supply! If you will listen, FEEL and turn to your Presence, accept It as the Treasure-house of your world; make the Call to your Presence, to release into your hands and use the money and supply you require; then the Wisdom of the Presence with Its Light Rays, will reach out! Whatever channels the Presence in Its Great Wisdom wishes to use, will come to your assistance. There is nothing in the World can stop it. Oh, FEEL that, Beloved Ones, tonight! I want to see you Free from these things which distress and agitate you so greatly.

We look among mankind and see thousands of people committing suicide every year; because they do not have food and shelter. YOU CANNOT GET AWAY FROM YOURSELF! NEVER CUT OFF YOUR SPAN OF LIFE, THINKING TO BE FREE. YOU ONLY INTENSIFY DISTRESS, MANY MANY FOLD! DO YOU UNDERSTAND, BELOVED ONES, ALL THOSE CONDITIONS ARE MENTAL? IF YOU LOSE YOUR BODY, WHICH IS YOUR ARMOR OF PROTECTION TO YOUR FEELING WORLD, THE DISTRESS WILL BE FAR GREATER, THAN IT WAS BEFORE! SO DON'T

THINK, YOU CAN RUN AWAY FROM ANYTHING IN LIFE. Straighten up your spine and make your call to the Presence. Then, if you are firm and determined, see how quickly, It will clear your world and release into your hands and use whatever you require.

There is not one in America who needs to be limited, if he or she would understand This Law of Life, which Beloved Saint Germain has brought forth to you and apply It. It is so practical, the most practical thing in all Life! You must see This for It is Life's Great Power acting, and only awaiting your Call throughout these many many centuries.

Tonight, My Joy is so great in being able to render This Service for you but not without your effort; because if you do not believe what I have said to you; you have cut yourself away from Me, and I cannot help you! WE ARE REAL! AND TONIGHT, AS I STAND ABOVE YOUR BUILDING HERE, THERE IS NO BUILDING, NO SUBSTANCE BETWEEN ME AND THIS GOOD MESSENGER AND YOURSELVES. Does that sound queer and strange to you? You see the roof here, but to Me there is no roof. There is nothing between Me and you.

Try to feel this in all rapid vibratory action of substance. As It raises in its speed of action, there is no obstruction! My Vibratory Action, being so much more rapid than yours and the building here, naturally there is no obstruction to My Radiance thru it—My Presence thru it. When once mankind comes to see and understand This Law, individuals will see how there is no necessity for limitations or distress of any kind.

Let Us help you during This Class to let the Full Power of the Light of your Presence, flow into your Being and world and direct you by Its Mighty Intelligence; hold you in Its Mighty Invincible Protection; and charge your world, your feeling world, with Our Power of Divine Love which cannot be humanly requalified.

Won't you accept It in your Individual Decrees? Charge forth the Out-pouring of the ASCENDED MASTERS' DIVINE LOVE IN YOUR CALL TO YOUR PRESENCE; to bless your friends, associates and mankind. No one can requalify Our Love humanly. Then Our Divine Love pouring forth, will do Its Perfect Work which you wish for each one. This is how you are the director of all you call forth; and it will

produce exact results! If you do not understand your power of qualification to do things constructively, the energy will act otherwise! What may be the result?

You are in a position, understanding This Law now, to know what to do and how to do it. With your determined application, exact results will be produced, as exact as mathematics. The Messengers have proved this so conclusively to the world. There is not one constructive desire in your feeling world, which cannot be supplied or granted; if you will do these few simple things.

Think of it, the desires of twenty years of these Messengers have been fulfilled! Because they have served mankind so earnestly, so willingly, so obediently; they have opened the Door-way to the Instantaneous Answer to their Calls. Beloved Ones, do not accept any longer there is a person, place or condition which can confront you, limit you; or deprive you of a single thing. Such opposition cannot exist if you do not accept it in your feeling world.

Now train yourselves, because you cannot move in the physical world today, without looking upon these things to some extent. For instance, you see an accident—so-called, and you immediately feel tension and distress, if you don't know This Law! If you do know This Law, when you see an accident occur, instead of being disturbed, you call to your Presence with a great calm sincerity, to render Its Service to bless all there. Then, your Presence projects a Mighty Light Ray into that condition; and will bring Perfection out of it, which you could not even imagine. This is how It acts.

Now remember, the old concept has taught the people that they receive premonitions; they receive promptings of this, that or the other thing, which is going to occur. My dear people, please understand and see these promptings were given to prevent the thing occurring, instead of accepting it to act in your world. This is where mankind has made such great mistakes! Constantly thru their feeling, Individuals have been receiving promptings; but they do not understand them or know how to interpret them. Then, they say: "I am due for an accident; I am due for a loss." They accept it and of course it will take place. Instead of saying, when they receive a prompting: "Thank you! That will not take place in my world." Then it would never take place; it could not. Unless people refuse

acceptance to such things and apply This Law, they are constantly allowing limiting things to have greater power over themselves.

The Messengers today, at the slightest intimation of the thing say: “You have no power! Get OUT”! and it gets out! You may do the same thing, if you will; but the moment you begin to accept a thing in your feeling, you are giving it power to act there to disturb, limit or distress you. It is not necessary, Dear Ones.

Be alert, be determined and the first thing that confronts you, which would have heretofore frightened you say: “Oh no, you frightened me once; but you will never frighten me again, for you have no power”! If you would do that you would see such a thing shrivel up and your courage rise. You would know definitely, it had no power to frighten, limit, disturb or deprive you in any way.

When these two Messengers became aware of this, what joy filled their Beings. At the least intimation today, of such suggestions about the nation or Individuals, they stand and say to each appearance: “You have no power. Be thou dissolved by the Power of the Mighty Light Rays”! Therefore a Service is rendered, which you could not imagine. If I were to tell you the Actual Truth of the Service, they have rendered the Nation, by their Individual Decrees in this manner, you would be the most astounded people. It is being done constantly.

Therefore, Beloved Ones, you can do the same thing. The Messengers still have physical bodies like yours—perhaps the vibratory action is a little more rapid; but they are still physical bodies. In their great loving, willing obedience, they have been cleansed and purified, until the Power called forth from the Presence finds no obstruction; and It rushes forward like a Mighty Avalanche to answer their Calls.

So let it do for you the same thing. You must be as firm and determined as they have been, and you will have exactly the same results; because Life makes no mistakes! Mankind does, but Life never! Therefore, as you give obedience to Life, then Life will serve you in the Fulness of Its Great Power.

Just for a few moments, will you still yourselves? Don’t cross your feet or hands. Just make yourselves willingly obedient and open to these Great Currents of Energy, as I call them forth; to pour thru

your bodies, your feeling world, so This Service may be rendered completely for you tonight.

I speak directly to the “Mighty I AM Presence,” of each one. I command the Higher Mental Body of each one, to release and pour forth the Mighty Current of the Unfed Flame thru and under the feet of each one. Hold in Its Mighty Action, the Violet Consuming Flame so all impurity may be washed out of the human body; out of the feeling world and into the Mighty Violet Consuming Flame, to free these Beloved Ones tonight! Render This Service so powerfully, Higher Mental Body of each one, that they may feel It now; and awaken in the morning, glorified by the Power of the Light which beats their Hearts. With Its Mighty Courage, Strength and Power flowing thru, may each be a world of such Happiness, Courage, Strength, the Full Power and Feeling of their Dominion over all conditions. Then nothing longer obstructs the way in their feeling world, to this Mighty Presence of Light, as It flows forth to perform Its Service for them.

We stand in the Presence of Life as Its Mighty Power and Currents of Energy are flooding forth now into and thru your bodies, sweeping out all imperfection! The Light when you call It forth, knows no opposition. It flows in, thru and around your physical body; thru your feeling world, dissolving, consuming and sweeping out every limiting discordant, destructive quality which has been acting there. Then, as you remain harmonious accepting this—qualify It eternally sustained in action for you; so It may render this Perfect Service.

When you retire tonight, going to your peaceful wondrous rest, which you shall have—call your Presence of Life, your Higher Mental Body, to release Its Mighty Current of Energy while your body sleeps. Then, there is no resistance. Charge it with the Perfection of Life! Qualify it to dissolve and consume every discordant thing, which has ever been there. Then, as you awaken in the morning remind yourself with the Joy of all Life, that your Great Blessing is Joy! Its Mighty Action and Perfection manifesting in you and your world; filled with the Glory of all Life holds, in Its Mighty Stream, as It flows into your body, beats your Heart and gives you action.

We thank You Mighty Presence of Life for answering This Command; for holding It sustained forever, until each hour, each day,

greater Harmony, greater Perfection manifest within the body, the mental and feeling world of each one; charged with the Glory of all Happiness which is the Perfection of Life, now and forever sustained.

I thank you.

DISCOURSE XXII

September 25,1938

SEATTLE, WASHINGTON

BROADCAST

Beloved People of America, in endeavoring to assist you in the understanding and operation of the Laws of Life, remember, you are an Individualized Presence of God, the “Mighty I AM Presence” of Light! Therefore, you have Authority even in the human octave, thru your Call to the Presence of Life, to call forth whatever you will; knowing of course your motive must be Constructive and your Desire blessing everywhere you move; and that means Life, your fellow-man and your activities.

As long as mankind understands that all destructive forces and their qualities, eventually return upon the Individual who generates them; then there should be no desire anywhere among the people of Earth to do things which mankind is constantly doing, and which bring the reaction of discordant activities upon Individuals.

We have become Free, thru Our Conscious Application of the Great Law of Life. Your Beloved Saint Germain has brought forth the Exact Law of Life, Its Perfect Application—the Complete Understanding of Its Application. You may apply It, if you will. The Individual who will earnestly apply It, will have all the Proof anyone desires, that This Law, the Explanation and the Application which He has brought forth, is True! Unless one uses the Law thru his own application, how can anyone know Its Power? For instance, you may listen to a Truth, but if you do not believe It, how can you be blessed by It?

In all the Simplicity of Life and Its Majestic Power, you must understand that Life acts thru Its Energy, Its Power, Its Light! To understand and have the use of It, you must have some Definite Application. In your mathematical work in school, you have a way and means by which you work out and solve the problems. Life has always provided the EXACT MEANS; and when I say “exact” I mean just that, by which mankind may solve its own problems. What you

call problems after all, are just opportunities in Life, by which Individuals strengthen their Spiritual Powers, their spiritual muscles, as it were; and release into their world of action, the Power of Life in greater intensity.

Beloved People of America, mankind has arrived at last at the understanding for those who care to study, where the people are no longer slaves of circumstances. Remember, Beloved People of America, the conditions which exist today, are here because Individuals have succumbed to the idea, that some outside conditions had power to limit or subject them! In order to have the fulness of what you require, you must overcome such an idea. YOU MUST REMOVE THE FEELING IN YOU, THAT SOMETHING OUTSIDE OF YOU HAS MORE POWER THAN THE LIGHT WHICH IS WITHIN YOU.

With great firmness stand by the Power of your Life, to which you have not heretofore given very much consideration. You have accepted It constantly in the small part of It which has been flowing forth into your world of action; because, unless you know the Source of a thing, unless you know the Power which is there, how can you have its use?

If you have a piece of machinery in the mechanical world; and it has many levers, setting certain parts of that machinery into operation; if you pull the wrong lever, you will get a wrong result; but if you understand your levers and pull the right one, you will have the exact result you expect. It is identically the same way in applying the Great Laws of Life! Once you understand, you have the Authority to act in the human octave in your human form, to call forth the Power of Life, to produce Harmony and Perfection in you and your world, then you are complying with the Law of Life and Its Requirement. As you go on, continuing to call It forth, clearer and clearer will come the Understanding from within you, of what This Application means in the Requirement of your Life. Then, as you understand more and more, the Power released is greater; your confidence is strengthened, and you say: well I accomplished that! Then you go on, and on, from one achievement to another.

Beloved People of America, and Beloved “I AM” Students, you have nothing in the future to fear, not one thing! In This

Understanding of the Law of Life, you become Master and Controller of the ENERGY which flows forth at your command. I say, “at your Command,” because you are the Decreer for your world, as to where and how that energy is going to act. At your Command, the Power of the Energy of Life, will flow forth to a given objective; if you understand the Power of Concentration and the need of holding your attention upon your Goal!

Perhaps you do not realize and understand that your concentration is your attention! When you hold your attention fixed upon a given objective to be attained, the Power of Life flows thru, with Its Infinite Irresistible Power and acts, until you have the results, you desire. That is why your fixed attention upon a thing, understanding the Power of Life, will release the Infinite Power of action there; the Power, Substance and Intelligence to constantly govern the activity, until the result is attained.

When you wish to accomplish a thing, decide upon what you want to do; so far as your outer intelligence will instruct you! If you are uncertain in any way, call the Power of your “Mighty I AM Presence,” which is your Individualized Presence of God—the Presence of Life, into action to instruct you; to stand by and see that you do the RIGHT THING, if there seems to be a lack of understanding in the outer consciousness! You are not taking chances. You are not dealing with indefinite results; but you are the DIRECTOR OF THE ENERGY, to produce the certain result you require.

If you will do this, any one can prove This Great Law to himself or herself; and to the whole world; because you are a Part of the Great Life and Its Mighty Activity in the human octave. All human forms which are here in embodiment at one time, are a Part of the One Great Life, and Its Mighty Action! To the degree Individuals understand how to call forth the Greater Power and Action of Life, will they become a GREATER PART IN THE EXPANSION OF THAT ONE GREAT LIFE.

I ask you to observe the vast number of mankind on Earth and how each one is different. No one has identically the same desire; no two are just alike. Then, you can see how earnestly Life has tried to find a means of expression; to pour Its Perfection into the Earth,

where mankind having forgotten Life, has charged and filled its atmosphere with discord, limitations and distress of every kind!

Mankind had wholly forgotten there was an Individualized Great Presence of Life, and how each one could call and release a Greater Power, a Greater Intelligence! People did not know it was possible. Even with all the attempts which have been made to instruct mankind in the Higher Ideals of understanding, still the people felt a mysterious condition; that it had to be done in some complicated manner; so Individuals might seek from another, some peculiar manifestation of the Explanation of Life! That is where the confusion of mankind has come in, concerning the Entire Universe. In fact, It was so simple the mass of mankind has not believed It.

In the Application of Life, again it is simple, but very Powerful and Majestic in Its Action, and will produce exact results. Therefore, if you want to be Free, first you must keep yourself obedient to Life, which is Harmony. That is the Outpouring of Divine Love, thru the Individual. The human cannot generate Divine Love; because it is charged with human qualities; but in its capacity to call forth from the Presence, Life's Power—which is Wholly Pure and Perfect—the outer self can call and send forth in a Mighty Stream of Action, by currents of Energy—the Power of Divine Love, which harmonizes each one's world! It prepares the way for the Great Intelligence of Life, to bring about conditions to produce the Perfection the Individual requires!

Therefore, if you want to understand This, try it out! If you do not succeed to your fullest desire, remember a great city is not built in a day ! You are a World within yourself. Beloved Individuals, do you quite understand that? You are an Individualized World within yourself, within your own feeling world and its capacity. Therefore, when you turn to the Presence of Life, with the desire to perfect yourself, you are perfecting the World!

You might say to Me—my world is of small dimension—but who shall say how far reaching that world of yours will become or how it will expand ? You are One in Life remember! Your feeling world—your thoughts and your feeling go out to the periphery of Life! It goes to the farthest distance! Therefore, to the degree that you are perfecting yourself, will you lift and assist in perfecting all which

touches your world, individually or otherwise. That is how far-reaching your World can become!

Further than that, you have a Great Privilege in pouring forth your Blessings to Nature, who has had the discord of mankind poured upon her Great Beauty and Perfection. It is time now mankind awakened to its responsibility; and poured out Love and Blessings upon Nature. Thus, Nature will come back and produce for Individuals, the Limitless Abundance they require of every good thing. Therefore, cooperate with Life! When Life sees the Individual is ready, It will pour out Its Limitless Blessings everywhere!

You are dealing with Life, and That Dispenser of Life which is your Higher Mental Body, knows with Great Intelligence all requirements, all demands and how all answers are to come! There is no such thing in Life as dealing with blind Intelligence. All Intelligence, even in Nature, all Activity is governed by a Great Intelligence; but mankind's disobedience to Life, has caused people to believe this was not True! I say to you, as One in Authority for the Earth: "There is no such thing as chance"!

Mankind's earthly activity, if the attention be given to Life, will be provided and directed with mechanical accuracy, into that which each Life Stream demands! Individuals will not find any chance anywhere along their Pathway of Life; but since mankind had forgotten THE SOURCE OF LIFE WITHIN NATURE, people have believed that all from the outer standpoint, must be a form of chance.

When you understand that you are the "Beloved Mighty I AM Presence," the Individualized Presence of Life, the Greatest Intelligence in the Universe, then you know nothing in your experience—your Life Stream can be chance! It is under Great Intelligent Direction; but if you refuse to give obedience to It, you cannot blame Life for not producing Its Perfection for you. Life is always ready; always wants to produce Its Great Perfection; but since you had forgotten Its Source, how could you have all It contains?

Beloved Friends of America, you are dealing with a Definite Law, a Definite Power! It is your Life called forth into action! Search out the Great Truth of Life which is in the Saint Germain Series of books! There you will find the Application, the Understanding, the

Explanation. Then apply It and see what Life will do for you! There is no mystery about It! Try It! The Messengers who have carried This Light forth with such earnest firm determination, have said that to thousands and thousands of people! From Our Records, which We have in the Invisible, there are over six hundred and seventy thousand people now in This “I AM” Activity!

Therefore, it is more than an ordinary activity; more than a human activity; for WE HAVE SO PREPARED THE AIR CURRENTS, WHICH THE OUTER WORLD DOES NOT UNDERSTAND, BY WHICH THE FEELING WORLD OF MANKIND RECEIVES THE MIGHTY RADIATION, GOING FORTH IN THE WORDS WHICH THE MESSENGERS SPEAK OR WE SPEAK! Therefore, We are rendering a Service to the Earth unknown and quite unbelievable to a great many as yet; but This Work shall go on, until there are ten times or more, as many people as today who understand It; or at least have the opportunity to understand, there is a Great God Presence above each human Being, which beats each Heart; and gives Individuals Life and Intelligence, by which they can expand the Fulness of all Life wishes to express or give forth thru them.

Today, you stand in the Fulness of the Presence of Life! Why do I say that to you, who do not understand yet This Great Law? Because by the Power of the Cosmic Light, which is acting in the feeling world of mankind, you are standing now—this moment—in the Gateway of Freedom. Your chance to enter in and go forward or turn aside and go the human way, is quite within your own judgment and privilege; for that remains within the action of your Free will and choice.

Since I am speaking to you direct from the Cosmic Law today, may you understand and feel the Great Cosmic Love which reaches out Its Arms, and enfolds you in the Glory of the Perfection Life wants you to manifest. To the degree you are willing to accept those Enfolding Arms of Light, that Out-pouring of Divine Love into your Hearts, will you be able to understand; there is far more on Earth than that of which you have thus far dreamed.

Mankind is awakening to the Power of the Light, which is within the Individual. For centuries and centuries, mankind has understood

that God was within; that Christ is within. Today, the people are going to have the opportunity to prove HOW MUCH OF IT IS THERE! THIS PROVING WILL FIND THAT GOD REALLY IS THERE, AND THAT CHRIST, THE ACTION OF GOD, IS REALLY THERE! CHRIST IS NOT JUST A PRINCIPLE. CHRIST IS THE ACTION OF GOD, PEOPLE OF EARTH! THE FULL POWER OF ITS MANIFESTATION, WILL BRING PERFECTION INTO ANY HUMAN LIFE. IT WILL MAKE THAT LIFE EVEN IN THE HUMAN OCTAVE, DIVINE INSTEAD OF HUMAN!

THEREFORE, YOUR HEARTS, PEOPLE OF AMERICA, ARE DIVINE. THE POWER WHICH IS THERE—THE LIGHT, GOD, WHICH IS IN YOUR PHYSICAL HEART IS DIVINE; SO ONE ORGAN OF YOUR BODY IS DIVINE! PLEASE ACCEPT IT, AND ALLOW DIVINITY TO EXPAND ITSELF INTO THE FULNESS OF ALL LIFE HAS! THEN YOU, TOO, WILL SEE AS I DO, THAT GOD IS THE DOMINION OF EARTH AND ALL WHICH IT CONTAINS. YOU CAN PROVE THIS! YOU CAN FEEL ITS MIGHTY GLORY! I ASK YOU TO FEEL IT TODAY!

Beloved Students, My Joy today, in bringing to you the Radiation, the Power of Life, is not so much the Words which I shall say to you, but the Power of Radiation. You probably do not see Me! I stand above, pouring My Radiance to you, as I flash the Words to the Messenger. Will you be kind enough, in the Fulness of the Great Love which you have expressed in This Class, to open the Doors of your Hearts—of your feeling world; and let the Liquid Light pour forth today, in Its Final Achievement of all which I wish to do for you? Let Its Fulness flow forth! May I remind you, This is the Greatest Invincible Protection to you, which We have given forth thus far!

The Liquid Light will protect you from human suggestions; from discarnate entities attaching themselves to your feeling world; and from the influence of black magicians. This is what I have started forth and will continue to pour to the students who have Right Motives; who have earnest intensity to the Light! Remember, Beloved Ones, there is nothing hidden from the Light. We know exactly what is in your feeling, in your motive! Therefore, do not try ever to deceive each other; or worst of all try to deceive yourselves.

Unfortunately, many of mankind in the attempt to deceive others, have only deceived themselves.

Remember, if you do not have the Blessing, it is because something is acting in your feeling world—possibly unknown to you. If you would be sincere in asking for everything else but the Perfection of Life, to be taken out of your feeling world, you would prepare yourself for This Blessing. This is not just so many Words! It is a Substance of Life, charged into your feeling world. Since so much has been accomplished—I cannot take the time to even intimate to you all that has been accomplished, but sufficient I think has been said, to give you some idea and to make your Hearts rejoice forever—you who are sincere; that it was your Privilege to be present at an Out-pouring of This Kind.

Because a thing is invisible, Beloved Students, does not mean that it is not tangible. My Presence is invisible to you; but I am VERY TANGIBLE and My Currents of Energy are VERY TANGIBLE. Therefore, as you feel This Glow in your feeling world, try to understand what It means and the uplift which It brings into your feeling!

Shall I say something to you which reveals the mathematical precision of This Activity, which you will perhaps appreciate? In twenty minutes, the vibratory action of your bodies has been lifted twenty percent more, than it was twenty minutes ago. This you do not understand outwardly; but to Us, it is VERY TANGIBLE. I ask you to qualify all that is done to be eternally sustained within you; because We are here for Definite Action. We are here for Definite Results in your Life and This is to be sustained. We have for almost nine months, watched for the opportunity where We could begin to render This Service for the “I AM” Students.

You have read of Bob, Rex, Nada, Pearl and the Messengers, who came to Me in India and in the Cave of Light, described in the last chapter of the “Magic Presence.” That was all very Real, Beloved Students. Far more Real than you yet comprehend; but as you read and contemplate that chapter, steadily and surely, there will come the Full Import into your outer consciousness thru your feeling world, of just what It means.

Today, you are living in a world charged with human discord and mankind must have more than ordinary protection; and also the students who want to go forth to Victory. Therefore, This Assistance is being given, Beloved Ones; and I trust that every one of you can comprehend and feel the Truth of Those Words! If you can, then We will be able to render Greater and Greater continued Service.

Do you think, Beloved Ones, that the Messengers would come and come, again and again into your midst; and We would pour forth the Radiation, which is released in These Classes, if We had not some Definite Purpose for it? To be a temporary thing would be well; but in the ultimate, it would be comparatively useless. Therefore, ALL THAT WE DO HAS A PERMANENT SUSTAINING ACTIVITY; AND NO ONE CAN RELAX OR SLIP BACK FROM THIS WHICH WE BRING TO YOU.

Beloved Ones of Seattle, the difference between your Inner vibratory action now and one year ago, is remarkable. If I were to tell you exactly, you would scarcely believe Me. You do not see yet the Out-picturing of That, as perhaps many of you would like to, but I know It is there! I know the Inner Achievement is there! I know the clearing away of conditions which is releasing you into your Freedom is acting!

Depending upon the acceptance in your feeling and consciousness, that all and more than We have intimated is being done, do you have the Release of the Courage and Strength you require. Thru your acceptance of It, will It hold you sustained, until you see the Greater and Greater Out-picturing of all that must necessarily come forth, from within out. All mankind thru long centuries, have been bringing things from without in; and as you know, largely the things they did not want. Now in reversing the process, you are bringing forth the Perfection of Life from within, instead of human conditions from outside.

I urge you and repeat it again, Beloved Ones, since you have done this for centuries, remember how alert must be the guard. Do not for one moment give Power any longer to outside things, persons, places or conditions! If you continue to do so, We cannot help you; but in a limited manner; but if you will dismiss them and know, since you have observed This Chart, that your Presence is the

Governing Intelligence, all discord must dissolve. With your attention to It, all human qualities and conditions must dissolve and disappear! Then, you will have acted in the best manner possible, for Us to give you the Full Assistance We would like to; but if there is doubt or questioning in your mind, you will constantly requalify the energy; until you will only have the partial result of all We would like to give.

Surely, you who have known the Messengers during these years, have come to know definitely they are honest and sincere; and THE TRUTH WHICH THEY HAVE GIVEN FORTH IS FROM US DIRECT! Now these are important points. If there are those who are here for the first time, you must understand, that all things which stir up in mankind—intense fear or whatever the discordant condition is, are depriving the people thru listening to what disturbs them; and holding them in their binding limitation.

You who have THIS OPPORTUNITY, need no longer go on in any kind of limitation, in any distress in your physical body, after this which has been done for you here! You can have the sensitiveness in your feeling world, by which your “Mighty I AM Presence” can direct you magnificently—accurately. Do not jump at conclusions! Wait the assurance of Its Direction! Then as you keep trying this out, you will find you can move just from one point to the other; with a definite mathematical precision which will delight you. IT WILL CAUSE YOU TO REALIZE, YOU HAVE ENTERED INTO THE DIVINE DIRECTION OF LIFE. Thus, It will hold you Free from that which might remain of human accumulation, either in your world or in your associates.

This is a point of which I want to remind you; so much has been done for many of the students, and their entire accumulation dissolved and consumed; but remember, Beloved Ones, you are moving in constant contact with the feeling world of other Individuals, for whom this has not been done. Then, if you accept feeling from others, if you accept suggestions from others, you will be acting similarly, as if it were coming from your own world.

Do you not understand why the Messenger has, in This Class especially, stressed so earnestly your Call to the Presence, to hold about you, the Tube of Light and use the Violet Consuming Flame? The Messenger and sometimes We, gave forth directly Ourselves,

that Certain Accomplishment had been reached in the feeling world of mankind; and that the students had been freed from their own human creation and accumulation. They took it for granted and have thought: Now I won't have any more problems—I won't have anything more to do, but just smile and be Free! MY DEAR ONES, YOU MUST MAKE YOUR APPLICATION, UNTIL YOU ARE ASCENDED BEINGS, MAKE NO MISTAKE ABOUT THAT!

Never forget, that just because your feeling world has been set Free from accumulation and discordant conditions, it does not mean the rest of the world has! You are constantly moving among other people who are not Free! Therefore, unless your guard is up by your Tube of Light, their discord can rush in upon you as before. NOT ONLY THAT, BUT YOU MUST HOLD YOUR PROTECTION BY YOUR CONSCIOUS COMMAND, for the Light to stand guard and repel or dissolve and consume, everything of human qualities or a discordant nature; which attempts to touch your world or find action within it.

Do you not see that? I am very grateful for the opportunity to explain this one particular point to you today; for unless you see it, you would not understand what is happening to you. Because We have rendered This Certain Service to so many, it does not mean you must let down your guard or your application. Not at all! You should redouble it with great joy, because of the Assistance which is being given you.

I say to you ladies, if it came house-cleaning time and someone offered to assist you, would you just sit down and let them do all the work? I think not. You would be so grateful that you would take hold with them and do all you could, to complete that accomplishment as quickly as possible. Now if I am willing to give you My Assistance, will you not take hold with Me and do your part? Don't expect Me to carry all. I think you see that clearly.

In This your Call to Life, which is so much beyond your comprehension as yet—and I say it really very kindly; in the human, as long as some of its qualities are yet acting, your comprehension is limited. I trust you will continue on after today, in Our Mighty Vibratory Action into which you have been drawn and held. I want you to still be held in It. Unless you determine otherwise, you will be!

Therefore, you will continue to go on, and on, in the raising, expansion and intensity of This Vibratory Action which has been released to you. You will hold It sustained, if you will do these simple things and give your attention to the Presence.

The Messenger has so often told you, certain simple things, which if you would do them, before retiring at night, would bring you such results. It is such an opportunity, Beloved Students, for you to set into action the Great Law of Life, to operate while your physical body is asleep; while there is no outer resistance, I want you so earnestly, to improve that opportunity.

I say to you definitely, if you would practice the following a little, it would do wonders for you. In whatever confronts you during the day, if it were something which seemed insurmountable, use your Decree and say: “Mighty I AM Presence!” while my body sleeps, reveal to me the solution of this problem—you would awaken in the morning, with a Clear Definite Understanding and Solution of the whole situation!

Even though This Service has been rendered, still you do not realize how much resistance is in the feeling world of the average Individual! You do not know how much still stands there thru habit—questioning this, or that, or the Power of the Light, or the Presence, to do these things! Yet the intellect sees and knows definitely, the Power of Light is in Its Full Action right there with you.

Beloved Ones, when you look at the Chart, take your determined stand that It is the Truth of Life! Therefore, your intellect cannot accept anything but the Power of your Presence at your Call; to silence all human qualities, perform Its Service and produce Its Perfection for you. There is no question about it. THEREFORE, IN ALL THE FULNESS OF YOUR HEART, YOUR GREAT HEART’S LOVE, FEEL YOURSELVES ONE WITH US.

The Love released in This Class has been very great. It proves to Me, you are capable of releasing This Power and co-operating with Life, which brings Its quick and All-powerful Release to you. As you go forward, I want you to feel you are never separated from Us. I want to see you be so strong and firm here. Even though the Messengers’ physical forms are away, they too are still with you. It

will prevent the human from accepting a let-down as so often is the case, for that must cease now in This Activity.

When We have brought you to this point, you must continue on. You will in This Group. Then, as you accomplish one thing after another, your confidence will be complete; but do not let your human once again question your ability or your authority, to call forth the Fulness of ALL YOU DESIRE FROM THE PRESENCE!

I prompt you on this, because We want to help you to be Free from all uncertainty! As the Messengers explained, when you make your Decree, stand unyielding until its Fulfillment. Then, you will be a Being of Dominion in your world. It must come! You cannot have Dominion in a wavering consciousness or feeling!

Therefore, in these promptings today, I want you to know this has not been a Discourse; but a school-room, and I want you to retain that. I insist you do, in the Full Strength of My Reminder and Prompting, which will stand guard in your feeling world and give you Its Assistance. Wherever you are, wherever “I AM,” My Rays of Light shall go forth to you; and if you want to be sure whether My Rays of Light and Energy are POWERFUL, ask Bob, Rex, Nada and Pearl! They will tell you, whether My Rays of Light have Power or not!

Remember to accept My Hand and be the Power, the Intelligence of Light acting in your world!

I thank you.

DISCOURSE XXIII

November 13, 1938

WASHINGTON, D. C.

Beloved Students of the Light, in all that you are today, in comparison to four years ago; and all you will become in the next two years, I ask you to watch the Fulfillment of your Calls, earnestly and sincerely. I am sure most of you have gone far enough in the Application of This Great Law, to see what It means to you; and as you become firmer and more determined in your Application, to give less and less attention to the appearance world, which is composed of but human qualities, then you will see how much more quickly, you will gain the Victory.

As the "I AM" Students have experienced the Expansion of the Light within their Hearts and within the cells of their bodies; it is most gratifying to Us, to see the Reality which is coming forth within you. You do not see It, but We do. We do not consider for a single moment, what your outer expression may be; but We watch how your Inner Light is sending forth, Its Color Pictures, which are the Truth of the Action of your Life.

One day, you too, will read the thought and feeling of mankind by its vibratory action, its Color Radiation; for THAT IS THE GREAT SILENT LANGUAGE THROUGHOUT THE UNIVERSE. In Our Octave of Light, We do not need to be present with each other in order to visit. We often choose to do so, but still We may flash Our Correct Thought and Feeling any distance, to those We love or with whom We wish to communicate.

Therefore, I am saying this today, so you may feel less limitation in pouring forth your Adoration and Love to your "Beloved I AM Presence" and to Us; and know how instantly—always without a single exception, comes back Our Response to you. There have been a great many throughout the student body, who at first have not seen the necessity of Our Assistance. Since they have found they have a "Mighty I AM Presence," they think they might dispense with Us. Well, that would be quite all right, I am sure; but since you

cannot quite dispense with Us yet, We continue to offer Our Assistance.

Remember, if the Call of the Light comes from within the Heart of the Individual—even though he or she outwardly hated or disliked the Messengers, or even refused acceptance of Our Reality—still We would answer That Call quite as readily! As you come to understand the Truth of This Law and refuse acceptance to the appearance world of mankind, which is the periphery of Life; then you will understand Our Position and why We cannot be deceived in Individuals.

If time permitted, I could take you one by one and tell you exactly what your feeling was at the moment; because YOUR FEELING POURS FORTH A RADIANCE. It puts forth a color which is as plain to Me and which I read, as readily as you read your books. Radiation is within the Life of every one. Before you come to that point, you will begin to feel and accept Direction thru the Radiation, ofttimes as clearly as the spoken word. Many of you do today and have been doing it for some time. Usually, if you watch and follow your feeling, when you are undisturbed, you will seldom find it wrong.

Now this point I am taking up today, for I want all of the sincere students to be prompted; because We see the reason for it. If you receive a prompting or a discordant feeling, when you are in contact with someone, do not compel yourself to dismiss it instantly. It might be a Prompting to you. Ask the Presence of Life, your “Mighty I AM Presence,” to hold you steady, and reveal what that feeling is and what it means to you! Then, you will not cast aside a Prompting from your Presence, which is a guard; nor will you accept it as something which you would impose upon someone else; because it may be the direction of some discordant feeling, which might be projected there.

I want you to be so careful, and call forth your Discriminating Intelligence; to allow you to detect these things and do only the Right and Perfect thing, to all concerned—especially to yourselves! I perceive there are so many among the students, whose loyalty and earnestness is so great, they would rather blame themselves, than accept a prompting or the feeling about someone else. The prompting is the Call, so you might make Application and dissolve

the condition; whether it be really about the person you are contacting, yourself or something projected. Then you will feel released from it.

When you are making your Application, remember the imperative need of firmness yet a while. It is Our Expectation to complete This Work for America; in removing those who are now consciously or have been pouring forth destruction to the American people. We expect to seize the rest of those Individuals, before the close of the New York class. Then proceed at once—it cannot be done before that, to dissolve the substance which has been released into the atmosphere of Earth. It is the means by which the destructive forces from every direction, have held a certain influence over mankind.

There might be some of you in the room, who have seen this operate in official places, here in your capital. This force or substance is gathered by those who know how—and drawn around Individuals to make them do destructive things. I do not mean it is drawn by those in physical embodiment. It is projected and envelops the Individual whom they want to pull down. I have seen here in your city, magnificent human Beings struggling as within the coils of a great serpent, against that force projected at them, in their efforts to release themselves from it. Rarely do they succeed, unless We see and give Assistance which We ofttimes do. It is what often happens, because this substance does exist.

It has been released from mankind into the atmosphere of Earth. Consuming it, will be the next step! When it is dissolved, you will see a release in the feeling world of mankind, which has not existed, since the close of the Second Golden Age. Since that time, there has been a constant releasing and gathering of this psychic substance into the atmosphere of Earth. Individuals sometimes are clothed in it; and if you saw with the All-seeing-eye within, the shock would be severe.

This Good Messenger in his early years, as a channel for healing, often released Individuals. He drew off those garments, clothing the feeling world; and caused them to be dissolved and consumed. THEY WERE AS TANGIBLE AS THE PHYSICAL GARMENTS YOU WEAR. THAT IS HOW TANGIBLE THIS

SUBSTANCE CAN BE DRAWN ABOUT INDIVIDUALS, TO PREVENT THEIR HAPPINESS AND SUCCESS; OR TO INTERFERE WITH THEIR PERFECT HEALTH!

Now mankind is fast being released from it. I am calling it to your attention, today, so the student body all over America, may make the Call that it be done with the closing of This Class and the beginning of the one in New York. With your firm determination and all the Mighty Energy you have released here, I do not question for a second that it can be done; for the consuming will increase thru the releasing of Our Mighty Energy.

Therefore, you stand in a position today, GREATER than has ever been, in your hundreds and thousands of embodiments; for you are calling, you are accepting, you are acknowledging the Greatest Power in the Universe, to save and sustain mankind. It is the Power of Light, which is Individuals' own Life! You do not understand this, but throughout the ages, it has not been understood! Mankind has had no explanation, because every means was provided to keep human Beings from understanding the Simplicity, yet the Majestic Power of Life!

It is My Privilege to wield all Life's Power in governing the Currents of Air and Energy. I trust the time will come ere long, when I can take you in a Class Room like this; stand before you, as I did with the Students in India, before they entered the Cave of Light; and render to you a Similar Service. "I AM" ready! "I AM" willing! Are you? Then, let us determine to do that! It shall come about! (*applause*)

I congratulate every one of you and the students throughout America! I congratulate the Staff about the Messengers for the Victory, Self-control and Mastery all are gaining ! We have been waiting for this to be complete enough, so We might do some of these things, which would give you such Strength and Encouragement; and settle forever in your minds, that We are Real. I know a great many of you do not question it for a second; but there are others at times—don't mind if I say it—who wonder just a little. Therefore, don't wonder any more! Be sure within yourselves. Then, soon enough, will come all the Proof you desire.

If it had not been for the unhappy Individuals who have spread such viciousness and discord among mankind, This Service might have been done already; but since many of the students were not anchored sufficiently, they listened to that viciousness. It disturbed their feeling world and has caused Us to withhold Our Presence! If Firmness can be held firm enough to dismiss those things, I see no reason why We could not come and talk to you in person!

May I remind you, that in your outer activity, when you become determined enough, it usually comes about, doesn't it? When you become determined enough in having Our Presence, visibly and tangibly—and then you give the Obedience Life requires, would there be anything which would stand between you and Us? I think not! Remember, what Saint Germain has said to you: "The only distance between you and Us, is your thought and feeling." That should not be very much, should it?

WE WANT YOU TO FEEL A GREATER CLOSENESS. You do! I am very grateful for it, for you do feel much Greater Closeness; that much Greater Reality of Our Presence! As you have seen and felt the Activity of the Radiance within the room from time to time, there cannot be any question in your mind, there is an Intelligence which produces This Change of vibratory action! You know quite well, how the first three days you do not feel quite so happy, then all of a sudden, the Happiness returns.

IF YOU CAN LAUGH AT AN APPEARANCE WHICH SUDDENLY COMES BEFORE YOU AND WHICH IS SEEMINGLY TERRIFYING, YOU HAVE DRAWN ITS FANGS RIGHT THEN! ONLY, IF IT CAN THROW FEAR INTO YOU, WILL IT CONTINUE TO PERSECUTE YOU! IT IS THE SAME WAY WITH ALL DESTRUCTIVE FORCES WHETHER EMBODIED, WHETHER A CHARGE IN THE ATMOSPHERE, WHETHER A DISCARNATE OR BLACK MAGICIAN. IF THEY CANNOT PRODUCE FEAR IN YOU, THEY LEAVE YOU ALONE! THEY MIGHT WATCH FOR AN OPPORTUNITY TO STRIKE; BUT WHEN YOU ARE FIRM ENOUGH AND FEARLESS ENOUGH, THEY WILL LOOK FOR OTHER FIELDS!

Since you are to be set Free so soon, and no more discarnates are to be permitted to come into the boundaries of North America,

you can soon forget there ever was a mention of them. Many people have been fearful, but mankind had to know of the forces and conditions, under which people were laboring. Only by your attention being called to this and by your Calls to Life, to Light and the Power of the "Mighty I AM Presence," the Greatest Intelligence in the Universe—to have the discordant substance from these individuals dissolved and consumed and the individuals themselves released and removed—would it ever have been done on This Earth! Had We not called your attention to these things, then how could it have been done?

If you will have confidence enough in Our Wisdom, as It comes from time to time, and not pass judgment, you will not be disappointed I assure you. If you allow your human opinions to judge as to what We should do; then you will probably be disappointed. As you see Continued Proof of all We have intimated, you will see after all, We are Real; and have told you the Truth at all times!

In the ages past, when people sought Us from the farthest corners of the Earth, for This Great Light and Wisdom, about fifty-five percent of Those Individuals succeeded in giving the Obedience which Life required. It was accomplished in the Protection of the Radiance of those places—the Retreats provided for It. Be careful, Beloved Ones, in your use of the word "Retreat." THAT WORD really refers to those Sacred Sanctuaries of Light—not just a place, you go to in the outer world for rest! I like very much, the term which many are using for the concentration of Divine Forces-the Word "Sanctuary." It is very apropos, for This Activity and all it attracts and means to you. Your Sanctuaries are each one a Sacred Focus of the Greatest Thing in the World— the "Mighty I AM Presence," the Power of Light!

Therefore, as you go forth now, just stand firm and unyielding in your Application, remembering that in these Mighty Decrees which you issue in the opening of every Class, Our Mighty Power does move into action: "THE FORCES OF LIGHT MOVE ACROSS THE FACE OF THE EARTH AND ALL HUMAN DARKNESS DISAPPEARS"! MY DEAR ONES, THAT IN ITSELF, IS AN ALMIGHTY POWER AND ACKNOWLEDGMENT! IT GIVES FULL AUTHORITY FOR THE POWERS OF LIGHT TO PERFORM THIS

EXACT SERVICE! YOU WILL NEVER KNOW UNTIL YOUR ASCENSION, WHAT THAT ONE STATEMENT AND DECREE ALONE HAS MEANT FOR AMERICA! THE GREAT BODY OF STUDENTS, MORE THAN SIX HUNDRED THOUSAND HAVE BEEN ISSUING THAT DECREE; AND ACCORDING TO THE ADJUSTMENT OF YOUR TIME, IT IS ALMOST CONTINUOUS THROUGHOUT THE TWENTY-FOUR HOURS. THEREFORE, IT MEANS A CONSTANT RELEASE, A CONSTANT POWER OF MOMENTUM BEING DRAWN, FOR THAT CERTAIN THING, FOR WHICH IT CALLS.

When you say to all human creation: “You have no power”! think what that means in the great body of students! With the Power of Light and Energy, which goes forth, saying to all human creation, all limiting and destructive qualities: “You have no power”!—then, you stop their action, as definitely from further interference with your world, as if you drew a Wall of Light.

Therefore, realize that in your Individual activity, the Same Exact Power is exerted and the same results are produced. Remember this, for We are constantly prompting you, more and more to be aware, to be alert, to these things in your Application. Take notice of the results which come! Oh, so many things are occurring about you, for which you do not give credit to the Presence; but the Mighty Decrees which you have used have produced these results! I WOULD RATHER BE MISTAKEN A DOZEN TIMES IN MY CALL BEING ANSWERED, THAN TO MISS ACKNOWLEDGING IT ONCE.

Remember, Acceptance is a powerful thing in your Life; and if you will accept every little thing, as a MANIFESTATION AND ANSWER TO YOUR CALL TO THE PRESENCE; then the Greater Fulness will flow, flow, and flow; until like a great river everything of a discordant nature will be swept from your world at your Call. It is your Application which brings such tremendous results.

Had you not responded three years ago to This Mighty Application, these last two years the Messengers would not have been here—or any of your cities in America. They beat down by their Mighty Application alone, the first year, every obstruction of human qualities which arose before them! Had the student body not

responded by the issuing of These Mighty Decrees, We would have withdrawn them from the service of mankind. Therefore, AS ONE GREAT BODY OF LIGHT, I CONSIDER YOU HAVE PRACTICALLY WON THE VICTORY! GO ON, AND ON, AND ON, UNTIL EVERY ONE OF YOU, STANDS FORTH IN THE COMPLETE FREEDOM OF YOUR LIFE! Any report in the future which comes concerning your Nation, concerning your political situation, concerning your industrial activities—upon which all of your physical Life depends; you must be ready instantly and firmly to say to that appearance, if it be limiting or discordant: "You have no power"! As the great body of students say that and feel it deeply; you will hold in abeyance everything, which destructively affects either the government, your cities, your industries or your transportation; until the Powers of Light can dissolve it!

I want you to feel Our Absolute Authority today, in your Calls to the Presence of Life! It is imperative! Beloved Ones of the Capital, you have been aware of the battle you have been waging; but you only know a small part of it. By being able to stand and hold the Light, it will now bring a Great Release to you—Greater Freedom and a Greater Rest in your Mighty Service to the Light!

Therefore, I want you to feel how We stand by watching—ready to release to the Individual, as well as the great student body, whatever is required at your Call; to give you health, your limitless supply, the Directing Intelligence and Invincible Protection which you require. We are your Friends of Light! We see far beyond that which you do; and so far as the Activities of your Life Streams are concerned, We know far ahead many times, what you are going to confront. In your Decrees, did We show you how much of that which would otherwise have acted, has been prevented from acting in your Life, you really would rejoice!

Now let us join hands in the Glory of This Greater Service into which We are entering; for from this day, We enter into a Tremendously Greater Service than any thus far. Therefore, as you observe the changes which will take place in all avenues of Life, remember the All-Seeing-Eye of God which you call into action, is the Revealing Power of all destructive forces, which would attempt to destroy you and your Beloved America. As you call It into action and

then abide in the Wisdom of the Presence, to bring forth Its Full Revealing Power, not one thing of human creation can interfere with or prevent it.

Therefore, you are moving like Charmed Individuals, as it were. If you can but realize it, This “I AM Presence,” Its Tube of Light and Its Use of the Violet Consuming Flame, will make you a Charmed Being; and I mean by that, untouched by any discordant destructive thing.

I am sure in the pleading of the Messengers, since they have been here, you have all now become firmly enough anchored in the demand for Harmony maintained in your feeling; to give Life Its Full Opportunity to flood your Being and World with Love, Happiness, Strength, Supply and All Good Things; which will give you the ease and rest in your feeling, that are needed.

I urge you—not all, but some who have been using a great deal of time—to use less time in your Decrees, but MORE DYNAMIC ENERGY. MAKE THEM SNAPPY AND FORCEFUL! THEN GO ON ABOUT YOUR BUSINESS. WHEN YOU RETURN AGAIN, MAKE DYNAMIC POWERFUL APPLICATION! Five minutes of that is more valuable than twenty-five when you are not releasing the dynamic energy! Therefore, as you come into the Fuller Activity of the Light, you will see this; you will understand it and by experimenting, you will see how much more time you have to do other things.

REMEMBER, TO KEEP BALANCED BY SELF-CONTROL IN THE OUTER, ALL THAT YOU CALL FORTH FROM THE PRESENCE. Remember again, Beloved Ones, wherever your attention goes, your Life is feeding into that objective. If it be Perfection, it will produce Greater and Greater Perfection for you. If it be discordant, limiting things, then you must remember, you are inviting them, into your world of action. Therefore, THE CONTROL OF YOUR ATTENTION MEANS EVERYTHING TO YOU! IT IS NOT A MATTER OF A MOMENTARY FIXING UPON SOMETHING! YOU CAN WITHDRAW IT AND PUT IT BACK WHERE IT BELONGS! THEN SAY TO THAT APPEARANCE WHERE IT MOMENTARILY RESTS: “YOU HAVE NO POWER.” THEN YOU STOP THAT FORCE ACTING, THE MOMENT YOUR ATTENTION GOES TO IT;

AND SO PREVENTS IT COMING BACK ON YOUR LIFE STREAM TO ENTER YOUR WORLD.

My Dear Ones, you cannot observe a thing, you cannot turn your attention anywhere; you cannot let your feeling go forward, without your own Life Stream of Energy feeding into that objective. Then, think what a most unfortunate thing it is, when people are angered at each other or really hate each other. Look what you are doing to Life! The Stream of Light which goes forth—your Life, to a person, carries destruction like dynamite into the world of the Individual; and for all of that you are responsible. It never pays!

YOU KNOW THE STATEMENT YOU HAVE MADE SO MANY TIMES: "CRIME NEVER PAYS."

IT NEVER COULD! NO DESTRUCTIVE ACTION OF ANY KIND, EVER GAINS ANYTHING BUT MORE OF ITS KIND! Therefore, I say to you Beloved Students: be firm; be strong in your Application, and unyielding in your determination to have Perfection; but you cannot have It, if you allow destructive qualities or feeling to act and go forth charging your Life Stream.

I am sure you do not keep yourselves aware of this enough! If you sent forth, or in other words, generated thirty percent of an activity of destruction or feeling to an Individual, ten percent of that feeling would go forth like a rocket, if it were violent anger or hatred; and you would retain twenty percent in your own feeling world of what you generated. It is approximately the proportion acting, in a lot of the conditions which you generate.

What a pity it is that Individuals do not want to understand These Great Simple Laws which would bring such Freedom to them. Yet they cannot have It, unless they give Obedience to This Law! Keep yourselves reminded constantly of These Requirements; and you will have no trouble in your Application and having its answer.

Remember, any destructive feeling which goes out to persons, places or conditions from anyone, is destruction sent out to Life; for Life is acting thru every Individual! If the Individual requalifies that or sends it forth in wrong action, Life is not responsible in any way; but you are responsible for Its misuse! After all, coming back to the fundamental, the principle underlying all disturbance, all destructive qualities sent forth—is but disobedience and destruction of Life. The

unfortunate thing is, that it does not always stop with the person, place or condition into which it is directed. It is so far reaching beyond your fondest imagination, that it does not pay any one to allow himself or herself to be influenced, to send forth one discordant destructive feeling!

I urge you—notice! I say, "I urge you," to give This Cosmic Law Obedience; and see then how quickly you will be lifted into conditions you could scarcely imagine today. I tell you frankly, the matter of calling forth your supply is one of the smallest items in the experience of mankind; and the reason Individuals do not have it at their Call, is because they are not harmonious enough. Unbeknownst to themselves, they keep requalifying their Life energy and it becomes repulsion instead of attraction! The old statement made so long ago: "STAND IN THE LIGHT AND DRAW TO YOURSELF YOUR OWN," IS ONE OF THE GREATEST STATEMENTS; ONE OF THE GREATEST TRUTHS; BECAUSE IF YOU WILL STAND IN THE LIGHT OF YOUR "MIGHTY I AM PRESENCE," IN A WHOLLY HARMONIOUS ENVIRONMENT, YOU WILL DRAW TO YOURSELF, YOUR OWN AND IN GREAT LIMITLESS ABUNDANCE.

I thank you with all My Heart for your kindly attention and for RECEIVING what I have been able to give you today, anchored within your feeling world. REMEMBER, WHEN YOU ARE TEMPTED TO BELIEVE SOMETHING HAS POWER TO INFLUENCE YOU, REMEMBER MYSELF ANCHORED WITHIN YOUR FEELING WORLD IN THE LIQUID LIGHT, WHICH I HAVE PROJECTED INTO YOUR FEELING WORLD. DO YOU THINK ANYTHING COULD HARM ME? THAT IS A PART OF MYSELF IN YOUR WORLD FOR YOUR BLESSING. DOES THAT MAKE IT CLEARER TO YOU?

In My endeavor to serve you, I have anchored within your feeling world a Part of Myself; by which I may act there at any time to serve you! I hope, if you want My Presence to act there, you know the Law and will be Harmonious. If you are not, it means you do not care to have Me! Therefore, I will wait, even though "I AM" there in your feeling world, still must I wait! I could force Myself thru your inharmony; but you do not understand, such a thing would not be wise. Sometimes the students have called forth with great intensity:

“Make me do the thing, I should do.” Well that is a kindly invitation, but since the Law of your Life is the Governing Power, it would hardly be correct for Us to take command of you; but you can rest assured since this has been given to you, WE WILL DO ALL YOUR LIFE STREAM PERMITS, TO ASSIST YOU QUICKLY INTO THE FULL VICTORY.

It reminds Me today, of Our many experiences at Chananda’s Home in India; for you are giving Us the same attention, the same feeling as though you were there. That means everything. One day, when We are able to show you the Light Rays projecting from Ourselves; We will show you how We govern the Light as a Consuming Activity, or as a Creative Activity: I long for It! I long to give you all that would give you Strength and Encouragement, and could never be changed again; but you must make the effort, Beloved Ones! I cannot just take your responsibility and project a sufficient force to repel everything you meet. Your Application and Strength must bring you to the point, where you are untouched by any discordant thing or suggestion.

We are giving you Tremendous Help to do it. Will you do this and not forget it for a single day? KEEP YOURSELVES REMINDED, IT IS MY GOLDEN SUBSTANCE IN YOUR WORLD WHICH I RELEASE TO GIVE YOU HELP. THEN YOU WILL FEEL, I AM THERE AND NO THING IN THE OUTER WORLD CAN HARM OR LIMIT YOU IN ANY WAY. REMEMBER, THE MIGHTY VICTORY HAS PROJECTED HIS SUBSTANCE OF VICTORY INTO YOUR WORLD! THE GODDESS OF LIBERTY HAS PROJECTED HER FREEDOM. These might sound like Words to you; but to Us they are Qualities acting within your feeling world. To the degree you accept Them, keeping your outer mind reminded of it, will you find its Greater and Greater Power acting and serving you.

Therefore, in the Fulness of the Light which beats your Heart and gives you action, I charge you with Invincible Power, to take command of your mind and body; to give you Its Perfect Self-control; Its Perfect Harmony; Its Invincible Protection; Its Mighty Directing Intelligence; and to hold you so steady in the Harmony of Itself, that Its Directing Intelligence flows like a river; sweeping everything—all suggestions before it; and you move in the Pathway of Light—feeling

the Full Power of Its Achievement in everything required, in the Service you wish to give.

Stand in the Fulness of your Presence, God the “Mighty I AM”—in “The Light of God that never fails” and draw to yourself your own!

I thank you.

DISCOURSE XXIV

January 8, 1939

LOS ANGELES: CALIFORNIA

Beloved Children of the Light! I congratulate you, on the preparation and position in which your Application has placed you today. We shall begin Our Activity, as I did with the Substance in Chananda's Home! I am standing here by Saint Germain's Chair—the first time, I have brought Myself on to the stage! I will pass My Mighty Rays to you from My Forehead, Throat and Heart! May you realize This is the Observation of Life, of you and your world; for the coming activity of the six months before you.

It is Our Desire to hasten, to intensify the Expansion of Your Light as rapidly as possible, owing to the requirements at this time. Therefore, if there are any in the room who do not wish Me to do so, just send Me your thought and I shall pass you by. This is a Definite Activity of Life, and while little is understood in the outer world, yet We understand It quite well. If you care to co-operate with My Sincere Efforts, which are Infinite, then you will profit greatly by It.

The Western World has been unaccustomed to these more Idealistic Great Laws of Life, which you are coming into now! So, if you do not understand all that I do or call to your attention, please just accept It. Your Heart knows!

Your Higher Mental Body knows. Your Higher Mental Bodies have called to Me to render This Service! It is not only of My Volition, but It is the Call of your Life, which causes Me to be here today, to render This Service! Therefore, the Greater Part of the Activity will take place thru your feeling world; thru the atomic structure of your body in the Expansion of the Points of Light which are there. As you realize it, please hold yourselves as quiet as possible, and no matter what I might say during the Dictation, please just remain seated. Today, I wish you to remain as quiet as possible, in order to render This Service.

In rendering My Service to Bob, Rex, Nada, Pearl, this Good Messenger and those who were present in Chananda's Home, it was

an Eternal—an Ever-lasting Thing. THERE ARE THOUSANDS AMONG THE STUDENTS, HUNDREDS WHO ARE HERE, FOR WHOM IT IS POSSIBLE TO MAKE THE ASCENSION, THRU THE NEW DISPENSATION! I ask all of you, even though you might be here for the first time, to please accept That, as a Possible Activity in your experience. Thus, you will make and hold yourselves ready for all your Stream of Life wishes to do.

Remember, We never perform a Service of This Kind for anyone, unless your own Life Stream is calling to Us, because It is the Authority for you. We may render many other kinds of Service, but This is only at the Call of your own Life Stream! Since It is such a Definite Action, I ask you in the future, no matter what conditions confront you, to remain as poised in Self-control as possible! OUR ACTIVITY WILL GO ON, DAY AND NIGHT WHILE YOUR BODIES SLEEP AND ALSO WHILE THEY ARE WAKING. IT IS A CONSTANT ACTIVITY WHICH WILL GO ON, IN ITS CLEANSING, PURIFYING ACTION OF PERFECTION. SINCE THE GODDESS OF PURITY HAS COME FORTH, LIFE DEMANDS THIS SERVICE BE RENDERED YOU.

Never in the outer world, has anything been so magnificent as This Class, for all who have been privileged to be present. That is the reason for Our Service coming to you today. Life is holding All in Its Magnificent Readiness for release to you. Beloved Ones, in the lack of understanding, Oh how you have pushed aside, as it were—some of you for several life times, the Magnificent Perfection which Life—I cannot quite say struggled to bring forth, because Life in Itself never struggles—but thru the Higher Mental Body, saw the possibility of giving to you. Your feeling often caused a tremendous struggle in trying to free Itself, and reach out for the Blessings, which It knew were there; but when the attention was held so powerfully on the conditions of the outer world, the appearance world, the feeling was not able to release the Blessing of Life.

That is why, if you understand the Great Extreme Privilege which is yours in Our Understanding of Life; you will see how in co-operating with It, today, you have made it possible for This Service to be rendered. Please do not pass any human opinions about what I shall do. You know nothing about it; but I know exactly what I AM

doing, *and I AM doing it!* Therefore, be kind enough to accept ALL I offer, even though you might be here for the first time. Later you will see and understand why It has been done.

The need of mankind today is so great, every possible effort Life can permit, is being made; and I know many of you have sufficient Release of Light, to understand the Import of My Words, and that which I shall do for you. Remember, in all which is done, except in a few Activities of the Currents of Energy, you may, if you so determine, undo it; because you are the Authority as to how the Currents of Energy will act. In the Service which has been rendered in Previous Classes in preparation for This, a few have determined not to give obedience! They have made it impossible for Us to give them the Blessing, but that cannot be helped. It is the choice of the Individual; but you, today, who are understanding sufficiently to know something of the Meaning of My Words, I am sure will not fail to give the Obedience to Life; which enables This Mighty Work to go on in Its Blessing, Its Perfecting Activity; for the Release of your America —for the Release of your America from going thru the destruction which would destroy its people. That, is why We have brought about such Powerful Means of reaching mankind; and We will reach two million people more within this year!

I want you to realize THIS is not an ordinary thing. It is a Mighty Activity of your own Life; calling as the “Call to Light,” indicates to you, for Its Freedom—not only calling, but demanding It! How is it that Life can demand certain things now, when It never has before? Because of the Cosmic Dispensation which has been given. The Source of all Life to this planet has said, the Light must expand within the people on this planet! Since This Group of people has been chosen as the “Cup of Light,” the Heart Focus for the Earth; you who are ready to give attention and obedience to Life, must be those thru whom This Light first expands! Its Radiance pouring forth in your Calls, touches the feeling world and activity of others of mankind.

It would be almost incredible, if I were to state to you mathematically, the Power with which This “I AM” Instruction does reach mankind. I mean by that, the power of the momentum which you have gained within This Class, especially. When you set

ponderous machinery into action—for instance, in your electric plants for generating the power, for heating, lighting and all electrical activity, you must have things in order. If something is out of order, then the entire activity is held in abeyance; until it is put into order, so the whole may go forth in BALANCED ACTIVITY.

While you are in somewhat of a similar position, Life will not permit you, who are ready to give obedience, to longer be held back by others who might not give the obedience. Therefore, I am more than delighted today, to call your attention to these facts; because in the mass raising activity, it would largely depend on the combined Harmony and Obedience. Since Life has made this slight change, I am grateful those who can, may go forward now, and the others follow later, if necessary.

Today, in accepting the Vast Power and Freedom, thru the Dispensation for your Ascension, I ask you, Beloved Ones; please do not look upon this idly. Do not think it is just someone's imagination. It is a Reality, and remember, those who accept Our Assistance and do enter into the Ascension, will never in eternity return to this dense sphere of Earth! They will function forever in their Purified, Perfected Bodies, as We are doing today!

Think of it! This is not said to make you feel bad; but to make you feel charged, with the Current of Energy which is contained in My Words! Some of you were with Me at the time so long ago, when I went forward and you chose to give your attention to the things of the world. Now, once again, We meet to go forward together!

The Greatest, Mightiest of all the Power of Understanding, is this one point! Think, thru so many hundreds of centuries, you have played with the things of the outer world! In My choice to go forward, in the Perfection which was Ours then, I have gone on into This Great Glorious Dominion and Authority over Life! It makes it possible for Me to now give you Our Assistance today. Please see what Almighty Progress has been made, since those Children came to Chananda's Home in India with your Messenger. Think of it!

There were a few who received That Great Blessing. Today, thousands and thousands within your America, are being prepared for a similar thing. Do you not see what your Calls and what Saint Germain has meant to the world, in bringing forth This

Understanding of Life, which has made all of this possible? Do you think for one minute, if you had not made the earnest sincere Call to the Presence of Life, your “Mighty I AM Presence” and to Us, these Things could have been done? It would have been impossible, because you would not have made the necessary preparation! While you do not know all you are doing in the outer activity of your Life, I say the preparation is there! Otherwise, I would not be here today, giving you This Opportunity and rendering This Service, which you could scarcely estimate! The fact is, it is being done, which shows you have given the obedience and made preparation for It!

In your Full Acceptance and in not allowing your mind or feeling to waver, by the suggestions of someone’s unbelief; you will hold steady in Our Mighty Blessing and Service which is offered you; to go forward continuously in Its Mighty Expansion.

THOUSANDS AMONG THE STUDENTS, WHO WOULD OTHERWISE PASS THRU THE CHANGE CALLED DEATH WITHIN FIVE YEARS, WILL ASCEND INTO THEIR ETERNAL FREEDOM. I SAY TO ALL OF YOU WHO COME TO THE POINT WHERE YOU WOULD PASS THRU THE CHANGE; SAY TO YOUR PEOPLE AND GIVE THE FIRM COMMAND: “THAT YOUR BODIES OR THE SHELL WHICH REMAINS VISIBLE OF YOUR BODY, REMAIN ON ICE FOR THREE DAYS, THEN BE CREMATED; AND THAT NO ONE TOUCH THOSE BODIES FOR EMBALMING.”

Already in three different instances, those, who have made the change which others not understanding thought was so-called death, have made the Ascension. In each instance, there has not been one particle of Life remaining in the cells or structure of the flesh that remained behind; which is physical evidence of the Truth, they have made the Ascension.

There are quite a number who will make that change within a few months; but if you will follow This Instruction, you will enable the Full Complete Activity to take place which is required. Since today, your progress has prepared you very efficiently for this, it can easily and readily be done.

Could you see the Forces and Power which are being drawn from what you term Nature, from within the chemical elements and within the surface of the Earth; you would see one of the Greatest

Spectacles ever witnessed on This Earth. There may be places in the United States where It will become visible to the physical sight, although I cannot definitely assure you of that at the moment!

You, perhaps, have not thought of it so very seriously, but when the God of Nature and the God of Gold, were called forth to render Their Service to the Earth and to mankind, you have no idea how It has released the Intelligence, the Power and the Forces of the Four Elements—earth, air, fire and water! You former occult students may know something about that, not so very much; but however there is an Almighty Truth in It. Only when enough of mankind comes into the Understanding of This Light, can such Assistance take place. Again, I call your attention to the Magnificent Activity which your Calls and Mighty Decrees have released.

On the Messengers' return here in July, will you please discontinue any previous meetings, outside of the Class itself! We wish to complete at that time, Certain Definite Work for America and for those who will be here, We wish you to have all the rest required; so you may have Our Service rendered to you in the class room. We find many people have become very weary; and I make This Explanation to you, for the Tremendous Activity and the Service in July. If you will do this, you will find a Power of Acceptance in your world of action, which will go beyond anything you have thus far imagined!

Plan, if you choose, to have your meetings before or following the main Class—I mean your Group Meetings. Then you will give the Full Power of your attention and acceptance of that which will be here in the Class room. It will be greatly to your blessing and benefit.

Please understand all We request is such a Powerful Definite Blessing for you! When I asked the Outline be followed, my Dear Ones, if obedience to My Request had not been given, this today would have been impossible. I cannot blame you for wanting to give expression to your own ideas; but since certain Requirements have been imperative, We had to hold you definitely in a Balanced Harmonious Activity for the release of Energy from the large Groups all over America! That is why We held steadfast to the Request for the Outline to be followed! It is imperative that it still be followed anyway for this next six months and possibly longer depending upon

the Requirements; and see just how great is the achievement and regulation of conditions, which will be necessary in America!

There is not only the Protection for America, which is to be considered, but there is the condition of change in your government; in your cities; in all official places which must be made; and it must be made largely this year! At least, the entire preparation must be brought to a place of control, so that which is required may follow! This must come! Mankind is bound to be released from the limitations and domination of human qualities!

For the first time in the history of your Earth, the Inner Secret Service which has always been in existence, is taking Its Dominion in the Earth. There will be nothing hidden, which will not be revealed, but not necessarily to the curious! You have been using This Statement, without fully understanding just how far reaching it was. When you have taken the Statement: "There is nothing hidden that shall not be revealed," you should realize there has to be a Process by which it is done.

Of course your Decrees, your Call is Powerful; but there must be those who can operate That Law, in the physical octave; and within the Inner Secret Service are Those who can do It. This has come into action definitely! One of those Great Ones talked to you recently! Our Inner Activity of Light, has been set into definite action, and it is why these conditions can and will be revealed! There cannot be a thing to prevent it.

The treachery and deceit in official places, in your government, in the conditions of the capitols of your states and various places, will be revealed! The people will know what is going on! Then, they will no longer support the destructive people, because they will see the evidence of what is going on. There will be no mistakes made and those who have had such intent will see—may I use your expression —"the game is up"! I assure you, the political game in America and the whole world for that matter, has been a treacherous thing; bringing upon mankind great privation.

How much does it matter, if individuals thru treachery and deceit, gain a few hundred thousand dollars, leaching it from their fellow man; if they find they cannot take it with them? Why go on

doing these things? That is to be stopped forever, in your Beloved America!

How great, my Dear Ones, should be your gratitude, and I am sure it is; for I have never known such a thing in all of Our Experience, since you left Me in that long ago. I have never known such Great Power of Divine Love and Gratitude being released, as has been in This Class. I congratulate you deeply, sincerely.

I congratulate you who have been so firm as Group Leaders, in holding with STAUNCH REALITY to the Outline and to the Purity of Life! I do congratulate you! I do congratulate you, Mr. Sindelar, on the strength which you have had to carry on the Magazine in the face of all opposition. You are to be congratulated really and the Goal which is yours and Mrs. Sindelar's is well worth the effort which it has required.

I say to you fellow-students, the Messengers have met terrific forces and conquered! You have not realized the terrific forces from every conceivable source, which have been focused to try to stop the Magazine! Every one of you in your Service to Life, should make your Calls for the Expansion of the circulation of That Magazine. Beloved Jesus said: "It shall be the most sought after periodical in the World," and so it shall be!

It will do Tremendous Work in that which We must accomplish in this six months; the completion following in the second. As you do this, you will render a Service never known in the world!

I am going to ask you a question and just thru your feeling answer Me. Do you realize in the combined Service, of getting the Books and This Magazine before the world, just what that means for its Victory! Do you know already people who have committed wrong, seek some Explanation of Life to help them? You saw in a recent newspaper article, the first outer evidence of how thousands and thousands of people have come in touch with These Books.

When destructive people are caught and the end of their destructive activity has arrived, their whole Life and attention seek the Understanding of Life!

You have no idea, My Beloved Ones, what THESE BOOKS mean to humanity today. Remember the transcriptions and the broadcasts, call people's attention to the Presence of Life, the

“Mighty I AM Presence,” and to This Mighty Teaching; but the Magazine is the next step which should reach those people in preparation for the Explanation of the Light in the Books.

As all of you read and study, if there is no other way, hand those Magazines after you have read them, to others to read, thus calling attention to them. You will render a Service to yourself and your America which will transcend anything so far. It is quite easy to do this. It requires no expense on your part, except your subscription to the Magazine and the means of handing it out; but it is necessary. That is why I want you, if you will, to render This Service to America. I say to every one of you who is very earnest and sincere, YOUR COMPLETE FINANCIAL RELEASE IS COMING! Stand unyielding and firm in your Call and it must appear! Please do not let your attention be fixed upon the conditions, which exist in the outer world; because if you do, thru your feeling, you will continue to deprive yourselves! The conditions which exist in the rest of the world, have nothing to do with your INDIVIDUAL SUPPLY, called forth from your Presence! Now please understand that, every one of you Blessed Students.

There are a great many still who find themselves thinking: “Well how can I accept my limitless supply, when such outer conditions are existing in the world”! It has not a thing to do with you; but as long as you insist on holding that attitude, you will experience the same thing, the rest of the world does. That is not necessary in This Great Law! You are talking to the Presence and Power of Life, which governs all in This World! Then, why should you pay attention to the conditions which mankind has created for and around the outer self. Now you are stepping out of that; and it no longer belongs to you, nor is it a part of you! If you see this, you will step out of it; and you will step into the Freedom which I am describing to you!

Today, in This Heart to Heart talk, I want you to realize every Word is a Power of Light, which has gone into action in your feeling world. If you will recall what I have said to you, then you will keep yourselves firmly reminded, so you do not yield to outer things. You will not yield again to the appearance world which has been depriving you. See the number who are in this auditorium today! Would you believe Me, when I tell you that your attention upon the

appearance world, has been largely the means of depriving you of the things for which you are calling? Sometimes in your feeling world, you were still accepting the conditions, which existed in the appearance world of limitations. Then of course you could not have the Fulness of the Release for which you were even calling. There are many who would have had their Release to a large degree, even without calling; if they had not kept their attention fixed upon the appearance world, which is but limitation!

BELOVED STUDENTS, WHETHER YOU ARE MASCULINE OR FEMININE—WHEN YOU FIND POLITICIANS—WHEN YOU FIND INDIVIDUALS IN OFFICIAL PLACES, WHO SEEM TO BE DOING WRONG, DON'T LET YOURSELVES BECOME ANGERED, IRRITABLE OR CONDEMNATORY TOWARD THEIR PERSONALITY! IT IS A QUALITY ACTING! IF YOU BECOME CONDEMNATORY, YOU ARE GOING TO DRAW THAT SAME QUALITY WHICH YOUR ATTENTION IS ON, INTO YOUR WORLD. YOU CANNOT AFFORD TO DO IT AT THIS POINT! I SAY TO YOU EARNESTLY AND SINCERELY, YOU CANNOT AFFORD TO DO THIS! YOU ARE AT A POINT NOW, WHERE YOU ARE GOING FORWARD QUICKLY TO YOUR FREEDOM, IF YOU WILL DO THESE THINGS I ASK; BUT YOU CANNOT AFFORD TO DO DESTRUCTIVE THINGS!

You see when mankind does not know the necessity of Self-control, then automatically, the Life Stream will do certain things for you; but when you come into the Conscious Knowledge and Application of Life, you must give obedience; and make the Application which holds the Balance of these conditions. The Responsibility is yours. Of course, THERE MUST BE YOUR OBEDIENCE TO LIFE. These are important things to hold before your attention.

As the Messenger said to you, it is so—shall I use the expression "extremely ridiculous"—when one understands, what the attention does, in feeding the Gift of Life into conditions which limit or harm that one. Don't you see how pitiful it is! You *can* control your attention! There is not one of you who cannot do it; but if you insist on feeding your Life into discordant appearances, limiting appearances; and accepting there is a power of human creation to

make you ill or distressed, then how can We prevent it! Your Free Will is paramount, since you are not destructive Individuals! We cannot interfere with that. With your obedience, We can do wonders beyond your fondest hopes; but We must have a certain amount of obedience to the Law of your Life, in order to do so. Obedience to the Law of Life is your Freedom!

Therefore, I ask you for your own progress, to please watch these simple things in your Life Activity; so you do keep your attention flowing to Constructive Things! Then, as Our Great Outpouring intensifies, you will not find yourselves at intervals, in a struggle against things to which you have given power.

There is another point which I want to bring to your attention with Almighty Power! A few of you have been disturbed, as you thought, by entities. Now don't blame the poor entities! Some of that condition is within your own selves; and most of it is projected to you by human Beings, not entities! The day is not far distant, when the Student Body in Los Angeles and vicinity, will clean out every vicious person who is opposing This Work; and that one will stop projections and distress, which have been imposed upon a great many of the students.

Call to Myself and Victory in any such disturbance; and perhaps it will be well to call to Beloved Astrea, to seize and bind the entities, if there should be any around; but most opposition is consciously projected and it is vicious and it is vile! Persons who are so vicious, they would not give obedience to Life and This Law; and then try to project their devilishness at Individuals who are earnest and sincere in This Light, should be stopped. Do not give them any quarter. We are going to stop this thing! Not only turn back upon them their own viciousness, but use physical means if necessary to stop allowing them in your Groups or your association!

People should go about their own business and mind their own business; and if they are not interested in This Truth, they should leave It alone! There is a Mighty Reason, when I take this up Myself. You know I have not referred to it before, but it is time it be stopped; and the vicious falsehoods which are spread to try and prevent the Messengers holding these classes, should be silenced! It is ridiculous, when This "I AM" Instruction of Saint Germain's, brings

only good to the people. The students should band together and stop it! Go to the officials, explain the Law and the Fundamentals of This Truth! Show them what these destructive Individuals are doing; and see they are silenced forever. That is the way to clean these things out.

Don't be afraid to do it! I want you to be Free! Don't feel you have to continue to be harassed and heckled by these insane creatures; because that is all they are. If they were not, they could not do these things. The idea of people who take it upon themselves humanly to interfere with your progress or the Expansion of your Light, is too ridiculous for consideration and should not be tolerated for a second! Remember! K- 17 will give you Limitless Assistance in revealing and bringing forth evidence to silence these creatures!

Will you for just a few moments accept Our Out-pouring now? First, the Radiance will be spread over the audience; and then out of that Radiance, will come the Currents which each Individual requires. Let all spend perhaps two minutes in silence, so This Radiance may have Its opportunity to flow in and assist you.

(SILENCE)

My Dear Ones, it is positively remarkable how you are able to still yourselves. I mean by that, not just the physical part of you, but the feeling world which is more important. I congratulate you with all My Heart. It shows what you can do! I want to show you how well you co-operated. What it seemed to Me must require at least two minutes, was accomplished in one. You remember in India, that which would have taken two years was accomplished in two days. I wish you to see, Beloved Ones, what your cooperation in obedience to Our Requests means to you. It means everything in Life in the Attainment of Its Perfection.

While I have been rendering This Service, the Goddess of Liberty, the Goddess of Light, the Goddess of Peace and the Goddess of Purity, Whose combined Out-pouring makes a Certain Concentration of Power, which later We will explain to you—are enthroned above you, pouring out Their Radiance! Their Currents of Energy went forth thru This Radiance and spread over the audience, to render Their Service!

Please do not try to explain to yourself how It was; what It was; or anything about It. Just accept It, and I assure you, We will do the rest. In some of these things, you cannot be of assistance, except to give your Full Acceptance; because you do not understand and Our Words would not cause you to understand, how to be of any special assistance, for We are the Doers. Just let Us do that which We know is essential; and do not allow your intellect to wonder anything about it!

I want you to feel, Dear Ones, that Our Assistance is not so much in what I am saying to you, in the outer worded expression; as It is of the Inner Activity which is so important—in order to hasten the Expansion of your Light, your comprehension; and give you a Fuller Power of Acceptance, in that which you will continue to call forth individually.

Will you on retiring each night, remember this afternoon and call for its Continued Action! It only takes a moment to call for Continued Action, the Continuous Expansion of Our Radiance which has been spread here this afternoon. Then, you will by your attention, keep the Power flowing, to do these things and bring about the Completion.

In human experience among so many people, there has been the enthusiastic desire to start something; but they do not hold the enthusiasm, to go on to the finish! Now your enthusiasm and your gratitude are sufficient, to carry you on to the completion of all you require in the Service, which We wish to do for you. So in the remembrance of all I have said, will you be kind enough to give the Full Obedience, in making your Call and giving Me your attention; which will keep this in action, until what is required is completed?

I presume Saint German thinks I am a rather doubting Thomas; but when He said to Me at the beginning of This Class, it could be done at the close of the Class, I waited to see. Of course, I had not been giving as much attention to you as He has; for when you have watched with Me—thru the centuries, in which We have watched mankind, you do not wonder that I question—not their desire; but their ability to give sufficient obedience to do these things. However, it is marvelous, because whenever He has said something will be done, I have found it accomplished.

I not only congratulate you, but I congratulate your Beloved Saint Germain for being able to do This; and He has done It from the beginning. I want you to realize that He is the Authority for you; and when in the beginning, We questioned the ability of the Beloved Ones to give Sufficient Obedience, He was right and has won! I want you to fully appreciate that, and I am sure you do. I want you to fully appreciate the Almighty Confidence He has in you; and you have not caused Him to regret one single effort! Is it not Magnificent Co-operation with Life?

You here in the city of Los Angeles can have done for you, a similar thing which was done in the Quiet of the Great Mountains—the Silence of the Great Mountains, and Purity of those Great Mountains in India! You are having done for you a similar thing today, in your city in the outer world. Does that mean anything to you? Does it not convince you, the Power of Life is actually taking Its Dominion in the outer world?

Again I thank you, I congratulate you with all My Heart! Stand firm, determined and unyielding in your Call to Light and to Life! Let Its Mighty Expansion go on within you—being more and more fearless and dauntless; knowing mankind has no power to limit you; no power to impose discord or pain or distress upon you!

Beloved Students, as well as those who are not students—who may be continuing their practice of assistance to relieve the distress of mankind—YOU ARE RESPONSIBLE FOR SUGGESTIONS WHICH YOU OFFER! IF YOU ARE AWARE OF SOME CONDITION WITHIN A HUMAN BODY, PLEASE DO NOT VOICE IT. SAY: “WELL HERE IS A CONDITION WHICH IS A LITTLE OUT OF HARMONY.” CALL THE LIGHT INTO ACTION TO GIVE YOU ASSISTANCE WHATEVER IT IS; BUT REMEMBER A GREAT RESPONSIBILITY RESTS UPON THOSE WHO OFFER SUGGESTIONS, WHICH CAN ACT UPON THE HUMAN BODY AND FRIGHTEN THE INDIVIDUAL; OR CAUSE GREATER DISTURBANCE IN THE BODY! Human Beings are so prone to accept human suggestions; especially if it be something concerning their bodies, for mankind is body conscious. I mean by that, Individuals give so much more attention to the body, than is necessary. A little twitch of a nerve or

something and they get excited and think something more distressing is the matter.

Don't do that! You are in a position to command Obedience and Harmony in your physical body! Stand unyielding in it; determined to have it, and you will be very grateful; because you will learn to quickly dismiss disturbances in the body, such as pain and distress. My Dear Ones, do you forget the cause of everything which acts in your physical body, has to first have its cause in your feeling world? Then, don't you see how powerful and great is the COMMAND, to act in your feeling world!

Suppose there were an intimation of pain and you say: "Mighty I AM Presence," silence that human quality! It has no power! Then, your Presence must act in your feeling world with Full Authority. Then, distress cannot Out-picture in the physical structure of the body; because there is not one thing can act in the physical structure, whose cause did not first originate in your feeling world; because It is the cause of everything! That is why discarnate entities have caused so much distress to mankind, because they come and hover about the body, touch within your atmosphere; and you begin to feel in YOUR FEELING WORLD whatever is in them.

I think I should call to your attention today, so you remember it, that no imperfection which the physical body holds, can enter into the Higher Octaves of Light. If one be insane here, that one cannot be insane in the Octaves of Light; because that condition is within the brain structure! While the cause was most of the time in the feeling world, still the effect, which Out-pictured was in the brain structure of the body; or was an Interference in the nerves with their Balanced Quality of action. Those conditions do not enter into the Higher Octave!

If you have lived in such a condition, that you have bound yourself to Earth, the disease or condition with which you passed out, would not actually be in the next octave; but you would be holding the memory in your atmosphere of the condition with which you passed out! That is what is charged into the world of those left behind! Individuals who have discarnates hovering about them, often Out-picture the feeling of the discarnates; because the memory of that feeling, charges its quality into and thru the feeling world of the

one still in physical embodiment; and that person begins to Out-picture the same thing. The Simplicity of Life, makes you Master of the entire situation.

Do you not see how, if such a thing touched your feeling world, if you would just call forth the Light and blaze It forth, by Its Mighty Radiance, you would cut loose instantly anything which had attached itself to your feeling world. You have not felt your Authority yet; but I want you to feel It today! No matter what touches you or disturbs you, call forth the Light; and feel It expand thru every cell of your body and cut yourself loose from such things! You can dispel anything that comes around you; whether it be the projection of something into your physical body, entities or anything of the kind! It will act the same, insofar as you are concerned. Therefore, you are the Master!

Continuing what I said a while ago, to anyone who is disturbed by these projections; or if it be entities, call first to Beloved Astrea, then call to Me and I will stop that thing acting in your world! Recently so much viciousness has been projected at the students, I am determined that thing shall stop! If you will make your Call to Me, after you have called to your Presence, then at the same time, feel This Light go into and spread out in Its Dynamic Powerful Radiance, I will cut you Free!

Nothing in the world, my Dear Ones, can find action within your feeling world or affect your physical body, unless you let it. I want you to feel your Mastery! Don't keep accepting that something has power to touch you! It doesn't make any difference what it is! This Life Stream is, as you observe It here! (pointing to Chart) Think of Its Mighty Intelligence and Mastery! That is what you call forth! When you do call It forth and expand It thru the body, isn't it just the same, as if you turn the Light on in this room when it is dark? The darkness disappears ! Well, all human qualities are darkness or shadows; and they have no power in the Presence of This Light. As you feel Our Light call It forth and expand It in, thru and around your body, It just acts automatically!

If you observed Its Action with the All-Seeing-Eye as I did, you would see the Light flash and blaze out around this body, as definitely as a Flame Itself. It means nothing destructive can stand

within That Flame. I want you to feel Our Mastery, Power and Assurance! There is no reason why you should be disturbed by any thing. It means so much now to take the Mastery; so nothing disturbs the constant Increasing Power, Harmony and Radiance which is about you.

I thank you and I am eternally grateful for this opportunity to serve you today. May It remain a Happy Glorious Memory within you always; until that day, when you stand in Our Octave of Light and I shake your hand and welcome you Home. Your Home is there, not here! I know that definitely! Therefore, you have just been on a peculiar vacation. Now you are coming Home today, to render your Real Great Service.

I thank you.

DISCOURSE XXV

April 16, 1939

CHICAGO, ILLINOIS

Beloved Ones of the Light, for such you are or you would not be here; therefore, I claim you, EVERY ONE, into the Light tonight!

I have drawn the Radiance from the Cave of Light in India where the Children, referred to in the "Magic Presence," received Their Freedom! I have charged this audience and this room with the Radiance which is there! Will you be kind enough to accept Its Interblending Power with your Life Stream; to harmonize, to intensify and to bring the most rapid fruition of the Powers of Light, to act within your human form?

My Province for many centuries has been governing and assisting in perfecting the outer manifestation of the Life Streams of Individuals—for more than two hundred thousand years. The conditions which are existing in the appearance world today have had power or found expression among mankind.

Now notice! The conditions which have been dissolved from the atmosphere of Earth; the black magicians are no more! Much of the humanly created substance charged into the atmosphere of Earth has been dissolved; and mankind's own accumulation of the ages, is being rapidly dissolved and consumed. Do you not understand the Tireless Efforts and the Energy which are being released to bless mankind and set the Earth Free once again? You might be justified in saying that from the appearance of Europe and the Orient, there seems little evidence of These Words. Oh, quite true! Quite true! but is the mankind of Earth wiser than I, who for two million years, have been the Authority to This Earth?

You can scarcely believe, Beloved Children of Light, that such a Stupendous Change can take place; and yet you shall see It! You have been told a number of times, this is the culmination of the ages. Only as you see certain coming outer manifestations, will you understand how very True it is! There are those who could have This

Great Opportunity and This Power of Action in their lives, but they do not take hold of It. How unfortunate all do not take advantage of It!

We have been patient a long time. We can still be patient for a time. Then the Great Law of Life says: “No longer, Children of Earth”! No longer may you have time to make up your minds! The Great Law of Life says then: “I shall make it up for you”! That is not unjust! It is a Blessing unknown to mankind today, for when the people will not do what is right; and after having imposed too much of the shadows upon the planet on which they are living; the Great Cosmic Law always demands the Release of Life’s Purifying Power, which will dissolve and consume the accumulation of mankind.

Oh, that the people might be ready! Yet, in all the ages which have passed, when people have been prompted to prepare for the coming changes, still in their unbelief they have said: “Thou art foolish”! Too late, they found they were foolish. Today, there are a great number of mankind who say: “Why be concerned about the coming changes! I will survive or pass out.” How do you know you will do either?

The Law of This Earth has undergone vast changes! There will be many who will say to Me: “How can Life change Its Laws”? Life never did, but the people in their interpretation of that which they believe is the Law of Life, are sometimes far from the Truth! We alone who know the Truth, should at least be listened to. When These Great Changes begin and the contending human Beings upon This Earth, see the Vast Cosmic Power taking action against their puny human selves, they will see how frail indeed is human effort.

Oh, the arrogance of HUMAN minds, to think they are authority; to think they hold dominion over the intellectual attainment; or to think they have the wealth of what is gathered about them! Beloved Ones of America, what would you be today, but for your Great Goddess of Liberty; pray tell Me! Where would you be, today, without Her Help? You would be a nation in bondage. You do *not* understand! Even though you believed My Words, STILL YOU DO NOT UNDERSTAND WHAT YOUR GODDESS OF LIBERTY HAS DONE FOR YOUR AMERICA; how Her Protecting Presence has stood guard, holding Her Almighty Freedom and Liberty for America;

holding the Power of Its Eternal Light, so one day there might come the response from mankind.

Will you believe Me when I say to you tonight, your Beloved Messengers, who in their Classes have read Washington's Vision, containing that which the Goddess of Liberty gave him in those days of great trial, have drawn your attention to Her Great Help? Can you understand what that has done, as It spread Its Radiance among mankind; causing the people to release the Assistance which they must give, if these changes are to come; and if that third episode is to be kept from action in America? The people of America must give response to Her Presence of Life; and bring forth Its Action in the Call to Light, to give the Assistance which She has shown you so plainly.

Beloved Students and Friends of Beloved America, you Loyal Patriots, for there are many!—Remember those early days of effort, privation and giving of all, by those who were Real Patriots. It has not been in vain! By These Mighty Calls to save the Civilization of America, there is coming a Great Great Release and Relief! Even as in Washington's day, when Beloved Saint Germain came and brought Release and Relief to Him; so today, shall come the Power of the Cosmic Light; to give Him the Assistance which is required to render That Service; which He is determined to give to your America and to the World!

How fortunate it is Beloved Ones, that you are privileged to become His Great Family of Light. One day, you will understand how great is your Privilege. He sought for two hundred years in Europe, to get the attention of millions of mankind; and yet but a few individuals would respond. After waiting more than one hundred and fifty years, He said: "I shall try once more." Then, He found those who had been His children in an ancient time; and remembering the Strength they had, as His children at that time, and the privileges which were granted them, He determined to try again. He has not been disappointed in them. He has not been disappointed in you!

Be assured, Beloved Ones, THAT INITIATION which once came only within walled temples, is now being given in the outer world, thru your every action of the day. Life has now expanded Its Great Scope. There have been so many who have not had quite sufficient

patience. They have been within a few days or a few weeks of their Freedom and yet, have forsaken the opportunity of centuries! May the Light which is now intensifying, henceforth hold every one strong within the Light of his or her “I AM Presence”; so each one’s patience may continue, until he or she observes the Victory!

You have observed conditions of the past! Fall not into the mistakes which you have seen; but standing steadfast within your Presence of Life, your “Mighty I AM Presence,” stand firm and unyielding, until you see the Glory of your Victory achieved! Fifty Individuals within five years, who stood within a few days to a few weeks of their Victory of Life, have turned aside and returned into their unhappiness. If you would observe them, you would prevent yourselves making the same mistake!

We long to see you Free. We long to see you patient, until your Call to Life will set you Free! Since We are giving such Great Assistance, mankind should be patient! When the people have had for centuries, hundreds and thousands of lives in discord, to be patient a few years, even today, should become easy.

Beloved Students, We have prepared the Way for the Glory, the Expansion of the Light in your city. Since your Beloved Saint Germain saw fit to bring forth This Great Light here; We feel obligated to Him, to endeavor to establish a Mighty Focus of Light to spread Its Radiance! Even the Cosmic Powers as you observed, have come to Our Assistance. Will you go on in the old way feeling discord toward each other, when the Culmination of all Life stands at your Open Doorway? Can it be possible, mankind will not see, before the people stands the Open Door into the Octaves of Light!—the Jewelled Door of Achievement—of Eternal Victory? Is it possible that mankind and the Student Body will not see? Just because of little human differences, should Individuals allow sufficient discord to drive in, and turn them away from the Light; or delay their Victory which could be quickly achieved?

Beloved Ones, the Opportunity of Eternity is here! You alone must choose, and value all the promptings We give; and that is a thing which heretofore has been absolutely forbidden. In the requirements of the Earth at this time, these things are being permitted, which have never been done in the history of the Earth.

You who have failed so many times before, now when you stand absolutely ready for the Victory, will you fail again? Some have, but will you? You must decide! There is not one thing in This Universe which could make you fail but yourself—your own human self.

Remember, there are two of you—the human and the Divine. The human has been growing very frail in its power of dominion; and in your Calls to the Light, the Light within you has grown strong in Its Dominion! Will you not allow It to continue; until all human qualities have entirely vanished? Then in the Greatest Raising Power of your Presence of Life, the Earth can no longer hold its dominion over you! In the Glory of Its Magnificent Splendor of Life, stand and again gaze upon the Earth; looking down your Life Stream on all that has been —seeing the years, the centuries of wasted energy.

Such is the condition of mankind. Centuries of wasted energy, and yet Life does not condemn you! Life does not say to you: “You shall do thus and so”! It says: “If you will give obedience, thus and so shall be the result”! Will you, My Beloved Children, give That Obedience? Will mankind awaken now at This Opportunity? Those who refuse it this time, will be compelled to wait a long time!

When Individuals think in their intellects, to cast aside the Opportunity which Life has offered them, it is quite a tragic thing. They feel, they are defying the Forces of Light! What a pity! What a pity! Life will not take you by the shoulder and say to you: “Give Me your Obedience”! Life waits in Its Infinite Patience for mankind, to willingly give the Obedience required for Freedom!

Beloved Mankind, you must understand you alone must determine to give obedience to Life! In the case of vicious Individuals, their Free Will is now withdrawn! That is why you are seeing such great changes in your schools, and it will also come in the political world! I say to you ladies and gentlemen, watch ! You will see the greatest changes in the political world you have ever witnessed; because its destructive influence and power are gone! Watch it and see! The gathering together of treachery and intrigue to prey upon the mass of mankind, shall cease forever!

Mankind SHALL arise in the Call to the Presence of Life for Its Dominion here! Remember, many of you who are here, have felt such inability, such helplessness before the forces of the appearance

world. Ladies and gentlemen, arise! Accept the Power of your Dominion, in your Call to Light and be frail no more! The most delicate lady in her Call to Life has Power Infinite; and you strong men, physically speaking, in your Call to Light with the ENERGY which is there, can release the Power of Life; to clear the conditions of the Earth; and render This Service which mankind needs in America today! Will you not render It?

Do you quite understand your Beloved America is like a Good Mother holding you in Her loving embrace? Do you understand, that is what your America means to you; from Her Bosom giving forth the glories of all mankind needs for Sustenance, Health, Strength, Energy and Power of achievement! Oh, Beloved Ones, you who live in the great cities, have forgotten the agricultural world! Remember it again please! Remember, without it you are lost! Remember—without your producers of the supplies of the world, you are lost! So, protect your supply of every kind! Remember—protect your transportation which has been brought to you in such magnificence! It is at the point of Great Achievement! Will you in the lack of your Call to Life, let It be delayed for another fifty years? You could have magnificent transportation within twelve years. It could be filling the Earth. You could have breakfast in New York and dinner in Los Angeles. Then, you could have breakfast in Los Angeles and dinner in London!

Try to follow Me for a few moments and understand—that in the atmosphere of Earth, there are Currents of Electrical Energy of which the outer world knows nothing! In the new means of transportation, there will come something of the Knowledge of these air currents! Then, you will go into those air currents; and be carried with their Natural Speed, far beyond what your airplanes have today. Those Natural Electrical Air Currents, will carry those planes at a speed far beyond what you have today. By the airplane's own power, its speed can be three, five or seven times what you have today.

These are the conditions which are before the people, if they will make the Call to Life and let the Presence of Life bring It forth! They must call for all human selfishness to be wiped out; for that is what is withholding these things from mankind; because of the fear of loss of great wealth in cumbersome machinery! The machinery of the future

will be simple, light and magnificent; for the old cumbersome machinery must go! It has rendered a great service, beautiful and magnificent; but it cannot hold on forever. It must give way to that which is more Perfect; and everything which becomes more Perfect, becomes more simple; becomes lighter in weight; becomes more enduring.

As you have machinery today which is using almost human intelligence, yet there is that which is standing ready to come forth to you, so much more Perfect. For instance, let Me draw one illustration for you. There is machinery waiting to come forth into which you may dictate a volume; and it will come out at the finish, bound and complete.

Tonight, while I am talking to you, flashing My Words to the Messenger and he is speaking Them to you; instead of conveying his voice as you do over your radio; if you could see around the Messenger, you would see the mouthpiece to these Currents of Energy—carrying My Words throughout the nation and directly into the feeling world of the students! Do you realize this day, the entire "I AM" Student Body of America and the World is focused upon this room? The Students are receiving Our Radiance! Since they have been so obedient and willing to prepare themselves, I have arranged there shall go forth, the Exact Radiance which is here, to bless them in their loyalty and faith to the Light. Thus, We are considerate of the Requirements of those who are loyal to the Light.

How can it be? I ask you, how can it be, there is one in human form, who has heard of This Glory and Freedom of Life and who has not understood? Yet, soon will It be accepted throughout America, as the Greatest Ideal of Life and the Greatest Power of Its Perfecting Activity ever known to mankind, for so It is!

The mass of mankind must come to understand This Magnificent Understanding as the Individual's own Life. Your Beloved Saint Germain brought It to your attention! Yet every particle of It is your own Life—Its Understanding, Application and Freedom of your own Life. Who should not want it? Who should not be willing to give the Obedience required in order to have Our Freedom, I ask you? There are those who rebel, for such is the condition of human qualification of Life's Energy; and human accumulation does not

want them to be Free. Not understanding, they give way to it and lose the opportunity.

However, I greatly rejoice tonight, in seeing in the near future, the Glory of That Light which will hold mankind steady in its slightest effort; in the forward movement and expansion of its Light and Freedom! Beloved Ones who have the Light thus far, you should be determined in your Calls to Life for your fellow man; until the point is reached wherein the Great Light Itself, holds individuals within a certain Grasp, as it were; until they can be sustained in the achievement!

Try to understand your Great Privilege today; and remember you are nearing the time, when you will be compelled to stand within the Radiance of your own "Mighty I AM Presence." Only so far, can such Powerful Assistance be given! Then, you must take hold and finish! So, utilize the Opportunity in the Radiance which is being given now; and go forward like a rocket which you can do in This Great Attainment!

May I say something most encouraging? My Dear Ones, observing the Activity of This Light for five years and seeing the achievement here; it is the Greatest Encouragement to Us in the Continued Expansion of the Light in mankind; and It will expand and continue, until the Full Volume which We require is released. I rejoice with you in your willingness to serve the Light; and in your Great Loving Gratitude to the Messengers, Saint Germain and to Life.

Oh, My Dear Ones, I appreciate your Great Love for the Messengers, but one day when you see what they really have meant to America and the World, then will your Gratitude be great indeed. Today, to find the Response to the Light from the people of America, is a Magnificent Attainment. I congratulate you, I thank you, I bless you for your interest, for your determination to have the Freedom of Life!

Go on, My Beloved Children, and We will give you every Assistance which is possible to be given. Remember Blessed Ones of Chicago, We shall be watching over you! We shall be standing ready, to give you every Assistance for which you will earnestly call.

May you remember, that for the Victory of the Light in your city, you must have Harmony. There must be Love to one another; your

willingness to put human qualities aside; and join, as One Great Point of Light, for the Blessing of mankind in America! I feel definitely sure, that every one of you will rejoice greatly to give This Obedience to Life.

May the Powers of your Light lift you quickly into Its Final—Its Eternal Freedom, Its Perfect Health and the GLORY OF THE LIGHT BE IN FULL COMMAND OF EVERY ONE to produce Its Harmony and Perfection everywhere for you forever!

I thank you.

"I AM" ACTIVITY
OF
SAINT GERMAIN FOUNDATION

The "I AM" Activity represents the Original, Permanent, and Highest Source of the Ascended Masters' Instruction on the Great Laws of Life, as first offered to the western world by the Ascended Master Saint Germain, through His Accredited Messengers, Mr. and Mrs. Guy W. Ballard.

In the early 1930s the Ballards established Saint Germain Foundation and Saint Germain Press Inc., which under Saint Germain's Guidance, have expanded into world-wide organizations that offer to mankind the true Ascended Master Teachings on the Great Cosmic Words, "I AM"! Saint Germain Foundation strives to keep the "I AM" Ascended Master Instruction in Its pure, unadulterated form, free from any human interpretation, personal monetary gain, or proselytizing, as It is a Gift from the Great Ascended Masters and Cosmic Beings to bring Illumination and Perfection to mankind.

Hundreds of "I AM" Temples and Sanctuaries exist throughout the world, where the Teachings are applied in "I AM" Decree Groups. The Books of the Saint Germain Series are available in many libraries, bookstores, or directly from Saint Germain Press (address below). For further information, please contact:

DEDICATION

This Series of Books is dedicated in deepest Eternal Love and Gratitude to our Beloved Ascended Masters, Saint Germain, Jesus, Nada, the Great Divine Director, Mighty Victory, our Beloved Ascended Messenger Guy W. Ballard, the Great White Brotherhood, the Brotherhood of the Royal Teton, the Brotherhood of Mount Shasta, the Great Ascended Masters from Venus, the Great Cosmic Beings, the Great Cosmic Light, and those other Ascended Masters, whose Loving Help has been direct and without limit.

DEDICATION

This Book is dedicated to the *Victory* of our blessed World! Victory means "the gathering of the Energy, the Power of the Sacred Fire from the Heights of Creation, in and around yourself; then pouring It into the conditions around you to compel them to yield you Perfection. *It is the fulfilling of the Divine Plan* that brings Happiness and Peace to all!"

Victory is the Fullness of God, and that means the Fullness of the Power of the Great Central Sun to the Earth.

Victory is the Eternality of all the Love in the Great Central Sun; and every moment That is surging into the atmosphere of this Planet, in and around every Life Stream embodied here, It is also pouring in and through all of the Ascended Masters, the Cosmic Beings, and the Great Angelic Host who govern this System of Worlds!

May the Words and the Radiation of *Victory* carried in this Book go forth on the ethers to all mankind, charging into their lives the Victory and Freedom that is required to *free our beloved World* from all that is not of the Light!

We call to God, the "Beloved Mighty I AM Presence," to *charge the Radiation of this Victory* as these

Words are studied, into everything that is God-loving in our Nation; charge this Victory into and around every constructive person on the Planet; charge this Victory into everyone we contact; into every channel of Service throughout the World, especially into all officials in our government, every government throughout the World; and do whatever is necessary through this Radiation of Victory to bring *Peace on Earth* now and for all Eternity!

We call to God to saturate our worlds with this *Victory of the Cosmic Light*! Stand our Guard against all outer world conditions! Charge *Cosmic Christ Victory of Illumination* into everyone in every channel of our government, all educational channels, and into all who serve humanity in any way. Charge forth the *Invincible Victory of God's Heart* to possess and rule everyone of authority in any channel of government throughout the World.

So it is to this Service, and the *Victory of the World*, that we dedicate this Book; and to our Great Ascended Master Victory, His Cosmic Legions, and the Great Host of Ascended Masters from whence *all* Good and Protection in the Universe has always come. We thank Thee.

TRIBUTE

It is with very Great Love, Joy, and Gratitude, that we offer a Tribute from our Hearts to the Great Cosmic Being, known as Beloved Mighty Victory.

He is One of the Great Cosmic Beings who came from Venus to assist the Earth in its final struggle to overcome the destructive forces in this World.

We offer to the "Beloved Mighty I AM Presence," the Great Host of Ascended Masters, the Great Cosmic Beings, the Great Angelic Host, and Beloved Mighty Victory—all we are and have or ever hope to be or have, in Their Service of the "Light of God that never fails" to bring God's Invincible Love, Freedom, and Victory of that Light everywhere forever!

The Privilege of carrying the "Light of God that never fails," the Ascended Masters' Instruction of the "Mighty I AM Presence," is the Greatest Privilege that can ever come to anyone in this World. Never could we give a full balance for all we have received from the Great God Presence of Life, the "Mighty I AM Presence," for the Freedom of God's Heart which is ours for Eternity.

To know the "Beloved Mighty I AM Presence," the Great Ascended Masters, the Cosmic Beings, and the Great Angelic Host as we do—in Their Visible,

Tangible, Living, Breathing Ascended Master Bodies—is worth all the struggle of all lives we have ever lived on this Earth.

These Great Divine Beings are absolutely Free; and to have the privilege of Their Visits, Instruction, Direction, and Help is the Greatest Joy that can come to anyone in this physical world, outside of each one's own Ascension.

The time is not far distant when once again, as in the former Golden Ages, They will move among mankind—known, loved, and obeyed by all humanity because of the Help which They must release to this World if it is to survive and fulfill God's Divine Plan for its Perfection.

To know these Great Ascended Beings is to love Them. To see Them is to obey Them. To associate with Them is to serve Them; for in Their Blessed Presence, all desire within every human being dissolves into One Overwhelming Impulse—to BE all that They are!

To the "Beloved Mighty I AM Presence," to the Great Host of Ascended and Cosmic Masters and the Great Angelic Host belong all Credit, all Glory, and all Power in the Success of this Mighty Ascended Master Instruction of the "I AM."

To our Beloved Ascended Master Saint Germain, we owe Eternal, Limitless Love and Gratitude for bringing this Victory of the Light to the humanity of

Earth in this hour of World crisis.

To Beloved Mighty Victory do we owe Eternal Limitless Love and Gratitude for the Service He has already rendered in setting aside the old occult law for the Earth, and removing the frightful fear from those who are seeking to attain God's Victory on the Pathway of Light and trying to gain their Freedom in order to help all mankind.

To these Great Ascended Beings does all credit belong for bringing the Victory of the "Beloved Mighty I AM Presence" to the mankind of Earth, that all may be Free.

May all on Earth know who these Great Ones are, and what mankind owe to Them for the Great Loving Care which They have poured forth through the centuries to all who will accept Their Presence and Reality.

They are as Real as the Universe itself, and none can take Them out of the Universe. All mankind's doubt, ignorance, or denial of the Presence, Power, and Authority of these Great Divine Beings is not greater than the God Intelligence and Law which created and sustains this System of Worlds and to which the Planet Earth belongs.

These Divine Beings are the Invincible Law, Authority, and Power of God everywhere They move in the Universe; and They are the Invincible, Perfect Master Presence of Life—the "Mighty I AM,"

everywhere forever!

The Mighty Cosmic Being Victory has never known anything but Victory for hundreds of thousands of centuries, and has offered His Power of Victory to assist Beloved Saint Germain to bring the Victory of God's Light and the Love of God's Freedom everywhere to cleanse the Earth, mankind, and all upon it forever.

The Mighty Cosmic Being Victory and His Great Cosmic Legions of Victory are now entering into the affairs of mankind, to compel the Victory of Light, the Freedom of Light, and the Power of God's Invincible Love and Perfection to take Their Dominion through mankind, to govern all in this World according to the Divine Plan of all Life expressing here in the future.

This Mighty "I AM" Instruction, which is given for the Freedom and Protection of America and the World, is brought forth in the interest of the public good! It is the Eternally True Intelligence and God Education of Life! It is the True Spiritual Culture and Protection of the people for the whole World in the future!

It is the Law of God's Life!
It is the Gift of God's Love!
It is the Power of God's Light!
It is the God Victory of Right!
It is the God Authority of Perfection everywhere

throughout Creation.

Accept It, oh, Beloved People of America and the World! for the "Light of God that never fails" now claims Its own and takes Its Dominion everywhere throughout the Earth forever; and the "Mighty I AM Presence" is that Light!

TRIBUTE

It is to the complete Freedom of the World and the mankind upon it, that we pay tribute to this Great Cosmic Being Victory, and to His Tremendous Service and Assistance to mankind in offering the following explanation of how *Victory* may be obtained; and how we may fill the World's "Crystal Cup" full to overflowing with Liquid Light, and keep It pouring forth as Cosmic Victory until the whole Earth is cleansed and the last human being on Earth is Ascended and Free!

May God, the "Beloved Mighty I AM Presence," come to our assistance today, and answer our prayers (Decrees) for the Freedom and Victory of the Earth; and release to mankind, through the Radiation of these Words of Victory, that which annihilates forever all that would rob them of their Freedom, Justice, Protection, and Supply which God has commanded shall be maintained on this Earth forever!

Beloved Mighty Master Victory, we ask You, Thou Great and Wondrous Being, to charge through these Words You have given us, Your Invincible Victory which floods over the Earth—covers it with Your Flame of Victory! Take up Thy Residence once again among all people of the Earth! Teach us how to so live in that Flame of Victory from Your Heart, that we may see

God, the "Beloved Mighty I AM Presence," and receive more clearly Its Perfection pouring forth! Show us the Way of Victory for this Earth; and give mankind the Courage and Strength to stand for what is Right within this Nation! Give all the Illumination to free our Nation and the World from all the hordes of evil that threaten to destroy us at this time of World crisis. Give our blessed young people the Strength of Your Victory to stand against anything that wants to degrade them, and You make them a Shining Example to all mankind of this Victory and Freedom from God's Great Heart!

It is to this end that we offer these Words from the Great Cosmic Being Victory; and we thank Him with all of the loving gratitude of our Hearts for His Mighty Instruction given herein. We thank Him for showing us the Way to Eternal Victory and Freedom for mankind.

May everyone who reads these Words *feel and know* the Power of Victory, and manifest in his or her own world all of the Blessings that are rightfully his and that bring Eternal Happiness to all our loved ones forever!

FOREWORD

This Book is given to the "I AM" Students and all mankind as God's Way to live Life—at the Command of the Beloved Mighty Victory, who dictated all the Discourses contained within it.

They were dictated before Classes of hundreds and thousands of "I AM" Students at various places in the United States of America. He flashed His Words in Letters of Living Light before the eyes of our Beloved Ascended Messengers, Guy W. Ballard and Mrs. G. W. Ballard, who then read them and spoke them aloud to the "I AM" Students in the room.

The Beloved Mighty Victory is offering every possible Help to the people of America and the World who want God's Authority, Freedom, and Divine Justice to govern this Earth and all upon it.

The Invincible Power these Great God Beings wield is without limit and beyond all words to describe. They are standing guard over the United States of America and all Constructive Activities in the World, to the degree that the people want and accept Them and call unto Them for Their God Help to all.

The people must cooperate by giving some of their own energy, which these Great Ones amplify by the Cosmic Light Rays as well as Their own Personal Rays,

to stop further destruction of mankind through continued war!

The people themselves must make the Call to the "Beloved Mighty I AM Presence," the Great Host of Ascended Masters, the Cosmic Beings, and the Great Angelic Host in order for the Great Cosmic Law to act in this physical world to save them.

If this Law were not true, the Great God Beings who have come to all mankind and given the Great God Law of Life in every age, would have stopped mankind's suffering and destructive activities centuries ago, because those Great God Beings have poured out and taught God's Love to mankind in every age.

The people who do not want to be destroyed or made slaves to the destruction and depravity of war —which is simply criminal insanity—and all who want protection against its viciousness must give these "I AM" Decrees! Through Them they can use the God Authority in each Life Stream to release the Invincible God Power of Life to protect them and prevent war—because there is no protection nor safety in just physical means of so-called protection!

What one nation can develop as physical protection, every nation can develop also. Therefore, unless individuals and nations will use the God-Power of the God Beings who are greater than mankind, how can they be protected against the accumulated destructive energy of the mass of mankind?

If unascended mankind will use these "I AM" Decrees, they will provide the opening through which the Ascended Masters can pour Their Cosmic Light Rays to overwhelm the viciousness and destruction through war!

As one absorbs the electronic force, heat, and healing qualities from the Sun's Rays by sitting in the sunshine, just so can every human being receive the Ascended Masters' Love, Power, Light, Qualities, Protection, Perfection, and Blessing. When the individual turns his or her attention to these Great Masters of Almighty Invincible God Power, the individual connects with Their Light Rays, Their Outpouring and Help.

Every Word which the Ascended Masters speak is a "Cup" of Their Pure God Energy, Light, Substance, Power, and Qualities; all are powerfully charged to help the "I AM" Student accomplish the Victory for which each one calls.

If the reader will still all feeling of discord within himself or herself, and notice the condition of his or her emotional body after reading one of these Mighty Discourses by Beloved Mighty Victory, trying just to accept and cooperate with the Help offered—the feeling within the individual will be proof enough of the God Power in the Words and the God Help Beloved Mighty Victory wants to and does give through His Words.

If the reader will place himself or herself in the same attitude of mind as does the "I AM" Student, every possible Help will be released, according to the requirements of the individual at the time.

The Great Ascended Masters and Cosmic Beings never cease to try to awaken mankind to the use of this Law, so they can help themselves; but the Great God Law of the Universe which creates, directs, and maintains Great Systems of Worlds does not permit the Ascended Masters to just pick humanity up—after centuries of deliberate, willful disobedience and misuse of Life's Energy and Gifts—and take them into Perfection without any self-effort of obedience to the constructive way of Life and the Great Law of Balance in the Universe.

Each Discourse in this Book carries a Powerful Personal Radiation from the Beloved Mighty God Being, Victory; and if the reader or Student will accept, give obedience to, and expand the Blessing offered by this Mighty Being, greater and greater Miracles, Victories, Marvels, Wonders, and Blessings will come forth to enfold all.

Only those who work now for the God Protection and God Illumination of all mankind who are constructive, will be protected; for everyone must now give the assistance which saves all!

The Cosmic Light is the Ascended Masters' Concentrated God Power of Light, to assist every Constructive

Activity in the World at this time. It is also the Binding Power They use to bind destructive activities so they cannot expand farther.

This Ascended Master Activity of the "Beloved Invincible, Victorious Mighty I AM Presence" is the True Knowledge and Power of God! It contains and explains the best part of all that is Constructive in all religion, all education! When one is educated in the Ascended Masters' Knowledge and Truth of the "I AM," he knows that to worship God, the "Beloved Mighty I AM Presence" of All Life, does bring Perfection, and is the only True Happiness and Education of Life; and only through this Law applied can Happiness and Perfection become Eternal for every human being!

It can never come any other way, because the Ascended Masters have said: "This is the Way by which We attained Our Perfection and accomplished the Ascension as Jesus did, and as He said all must some day do also. We know you can too, because We have; for We were once human as you are today."

The Great Ascended Master Saint Germain and others of the Ascended Host have told us that the Books of the Saint Germain Series—of which the Book *The "I AM" Discourses* by Beloved Mighty Victory is Volume IX—are bound in covers of Jewels of Light in the Ascended Masters' Octave!

So let us all accept, be grateful for, and use this

Great Ascended Master invincible God Power and Light which the Beloved Mighty Victory offers, and draw to ourselves our own from within "the Light of God that never fails"—the Cosmic Light of a Thousand Suns, the Activity of all Perfection; for the "Mighty I AM Presence" is that Light, and "I AM" THAT "I AM PRESENCE" for all Eternity!

Let us all draw and call forth all the Ascended Masters' Powers and Victory of Light without limit, until mankind, the Earth and its atmosphere, all within and upon it are purified and Free forever, and mankind no longer remember how to destroy the Handiwork of God!

BE an Ambassador of Light, to carry the Light from the Ascended Masters' Octave of Life, until all unlike Its Perfection is dissolved and consumed from the Universe forever!

In the Invincible Honor Flame of God's Cosmic Heart "I AM,"

GODFRÉ RAY KING

BELOVED VICTORY'S REMINDER TO THE STUDENTS

May I remind you that there is only one Victory in all of Eternity, in all of Infinity, in all of Creation—and that is the Perfection produced by the Cosmic Love from Our Octave. *Victory is the Eternal Perfection of Life's Divine Plan fulfilled* in ever-expanding Love, Beauty, and Radiation to all the universe around you.

Just the fulfilling of the desires of the outer self is not Victory. Victory is the Perfection and the Beauty of the Ascended Masters' Octave, brought into this physical octave with such Power that none can change It; none can ever diminish It; and none can ever prevent Its ever-expanding Gift of Itself to the rest of the Universe.

The Unfed Flame in the Heart of every human being is the Focus within each Life Stream that is the Open Door through which Life—through the Radiation of some Ascended Master—holds the Life Stream connected with the upper pull of the Ascended Masters' Octave, until one day the outer self takes the authority and the Command to turn all things unto the Light!

I represent Victory to the Earth, and do you comprehend what My Fiat meant when I said, "None of mankind should fail"? That is paramount to saying that My Cosmic Flame of Victory shall intensify and expand around every Life Stream on the Earth until the Victory of the Ascension is attained!

There must come something to draw mankind's attention away from their misery and the hate and destruction that has sought to engulf them; therefore, the Great Cosmic Magnet of My Victory is a Flame of Love so irresistible that It compels Victory! The one who will accept That and call forth that Flame of Victory to surge through the physical form, and surge into the conditions of the outer world, will become a Great Magnet that lifts mankind so much more rapidly than the Cosmic Law would permit at any other time.

Mankind is taking their Initiation in Love. The Earth is passing into the Cosmic Spiral wherein Our Flame of Cosmic Love and Victory becomes the Authority in the Incoming Age. The Law of the Incoming Cycle is to produce everything that comes forth on this Earth by the Cosmic Law and Flame of Our Love; and that means that mankind unascended cannot draw forth enough Love, uninterrupted, from their own "Beloved Mighty I AM Presence" to accomplish that which fulfills the Divine Plan and holds the Protection at the same time.

Precious Ones, with your correct understanding of all My Flame of Love means to the Earth, My Flame of Victory means to the Earth, when you understand the Power that is within That and you call It forth into the substance of this World, all things will begin to yield their Victory to you.

I thank you.

VICTORY

Mighty Victory:

My Beloved Ones, in the fullness of the Cosmic Victory which "I AM" to the Earth, and which you are fast becoming, I welcome you tonight into the Garden of My Heart as the Family of Victory, the Legions of Victory, the Almighty Cosmic Flame of Victory, which must expand throughout the Earth and enfold it in the Cosmic Flame of Cosmic Love's Victory, which is the fulfilling of the Law! . . .

As you become more and more aware of My Flame in and around you, It will make you more certain and more positive, as you move among the rest of mankind. It is not a positiveness which antagonizes others; it is a positive Courage and Strength which comes only with the Victory of Accomplishment!

As you win one Victory after another, and one Activity after another of the Divine Plan is unfolded and fulfilled through you, Our Feeling and Assurance within and around you will increase to such pressure that others will feel the moment they come into your atmosphere, they can be Victorious. They will know they absorb Its Feeling from you. You will find more and more of the people of the outer world acknowledging It. They will admit it as they feel It more and more.

Let Me tell you, one of the Secrets of Victory is Our

Joyous Confidence which just rests within your Knowledge of the "I AM" and the Ascended Masters' Determination to assist you. All of the Great Ones have promised to give you Help! They have poured Their Love without limit! They have offered everything from Our Octave! That becomes around you, Precious Ones, an Intensifying, Ever-increasing Momentum of the Substance and Energy from the Ascended Masters' Feeling World. Their Feeling begins to accumulate in and around each one of you and then It intensifies. The Ascended Ones charge more and more and more and more of It in, through, and around you. Day after day It grows greater until others suddenly coming into your atmosphere—as long as you maintain Harmony without interruption—will feel the Ascended Masters' Feeling and Assurance of Victory. It will come in addition to the release of your own feeling from your "Presence." This is how you may convey to others in the outer world, especially the business world, the actual Substance and Feeling from the Ascended Masters' Octave. . . .

Is there any reason you should not be happy after that? Now, do you know what those Words mean: "Prove Me now, if I will not open you the Windows of Heaven, and pour you out a Blessing until there is not room to receive it"? I ask you to apply those Words to this of which I have spoken.

Keep acknowledging Our Cosmic Flame of Cosmic

Victory in and around your physical body, day after day—once an hour, or more often if you can! Just hold your arms up to your "Presence" and say: *"Charge again, intensify and expand Your Cosmic Flame of Cosmic Victory around me; and see that I feel naught but Your Ascended Master Victory!"* Then just turn your attention to your "Blessed I AM Presence" and say, *"Thank You!"* . . .

I am conveying into your feeling world tonight, the Feeling of Victory which We have when We call the Law into Action, because in Our Octave, in Our Feeling World, there is no such thing as uncertainty of any kind! How could there be, when I have not known anything but Victory for hundreds of thousands of centuries? Do you realize that means more than a million years? . . .

Precious Ones, thank your bodies for what they have done for you, as surely as you expect them to serve you each morning. Just as surely as you expect that, won't you remember to pour your love and blessings upon those bodies and thank them for all they have done thus far? You will be amazed at the relaxation which will come within them when you really, deeply appreciate and thank those bodies for all they have done at your command.

Don't accept what you don't want to feel! If you do, you hold on to it. In the Power of the Cosmic Flame of Cosmic Victory, which We want each one of you

to feel, It comes around you, first of all, like a Mantle of Flame—an Atmosphere of Flame about you. It expands to a certain Radiance, and then begins to intensify in Its Activity directly around the body. *Then there comes the condensation of Our Substance which is like an Armor—like a Golden Armor, harder than steel to the human creation, but soft and flexible and harmonious to the one who wears It!* . . .

You cannot convey It very well in the physical octave. Only as you would see a brilliant light upon burnished gold, would you comprehend what Our Substance is of the Golden Flame of Cosmic Victory, which condenses upon the body. It is very brilliant, and the Radiation of Its Light is so intense, It frightens human creation at its approach. Not that We ever use fear, but all human creation fears the Light; and the more intense the Light, the quicker it recedes. . . .

So will you acknowledge your Cosmic Armor of the Cosmic Flame of Cosmic Victory! I want you to begin to acknowledge this daily, and see the difference in your own bodies! This has a powerful Healing Effect, as well as an Insulation—and a Power of Accomplishment to produce Victory in whatever channel you are active, so long as it be constructive. . . .

We want so much, as soon as possible, to bring forth Manifestations which are to be sustained; and whether the outer world sees Them immediately or not, is not important! As soon as They come into the outer, Their

Radiance spreads just like that! *(motion of the hand)* Wave after wave after wave of this Knowledge will go forth and encompass the Earth! It will shut off the consciousness from mankind which has held the people in distress and ignorance! The Law of the Universe is Light, and Its Ever-expanding Perfection is the Fulfillment of the Divine Plan in the Victory of Its Ever-expanding Power of the Sacred Fire!

Some of those who have denied the Reality of Beloved Jesus, the Angelic Host, and the Ascended Masters, will be the most surprised beings when certain Manifestations take place in the outer world! If they pass out of the body before then, they will be surprised to their own benefit for the rest of Eternity!

The consciousness of individuals which says there is no God must be annihilated! If you could see what takes place in their mental bodies, you would be amazed when they begin to awaken after they pass out of the physical body! They rest for a time in the upper atmosphere of Earth; then they begin to awaken and try to know where they are and why they are still existing! I am telling you the consternation sometimes is considerable! There are Those who are giving Instruction at that time, and who have been watching those Life Streams. If a Life Stream understanding the Law is ready to undo the mistakes of the past, the next time you will find its frightful stubborn rebellion is submerged. Then the Light of the Higher Mental Body is allowed to hold the attention on the explanation of

the Law, until the acceptance releases through the individual enough Light to hold the Balance against the human creation, until it be consumed. . . .

So just rest in the great Cosmic Victory of blessing each other, and expanding your uninterrupted Harmony in the Acknowledgment of your Divine Plan fulfilled! Oh, My Loved Ones, if you bless those bodies as many times as you said there was something the matter with them—you would not have another pain nor limitation. . . .

I have brought you a Secret tonight—My Secret of Victory. Wear My Armor and try Me out! I have told you I would never leave you, until you are Free! I have taken away many of those bundles of your human ideas and feelings. Now I leave you My Armor of Golden Light, so blazing the human cannot look into It! Won't you wear It? Won't you make the atmosphere about you the Blazing Cosmic Flame of My Cosmic Victory; and just expand, expand, and expand It? Whenever there seems to be imperfection, just say: *"Oh, 'Mighty I AM Presence' and Mighty Victory! Plant Your Cosmic Flame of Cosmic Victory there and wipe out all else!"* . . .

To have Victory, you must *acknowledge It*! To get rid of your human, you must turn your back upon it and *command it to be no more*! . . .

Thank you, and with all Our Blessings, We clothe you again in the Invincible Protection of the Cosmic Flame of Cosmic Victory. I thank you, and good night.

ANTHEM OF PRAISE

Blessing by Beloved Victory

OUT OF THE FULLNESS OF THY HEART, Thy Great Glorious "Mighty I AM Presence," We accept tonight for these Children of Earth the Fullness of this Cosmic Outpouring into every Heart here. Oh, Thou Glorifying, Expanding, Electrifying "Presence" of all Life Energy within each one, radiate through these Children of My Heart until everywhere they move they are a Glorified Being in action.

Great Cosmic Beings who come with Me, take advantage of this Outpouring and release through these earnest, blessed ones, everything their own "Beloved Mighty I AM Presence" wants them to have, with such Speed and Activity of Light that they never lack for any good thing!

Let the Glory of Thy Self go forth, oh, Great Presence of all Life; for Thou art that Power. Thou art Mighty Intelligence in action; and this Great Cosmic Victory goes forth performing Its Perfect Service, and It cannot be interrupted by any human thing.

Anchor into the consciousness of these blessed ones, all that You want them to have, to absolutely sweep everything of imperfection out of their worlds; and that Great Light that beats their Heart—let them enter

more fully into Thy Glory!

We rejoice in all the Love of Our Hearts at this great Accomplishment for these the Children of Earth!

We rejoice in all of the Fullness of Our Hearts in the Glory of that Mighty Activity surging forth today, building Its Momentum until It sweeps into action and *is* the Power of the "Presence" here in action.

We rejoice and thank the Great Host of Ascended Masters for Their Great Assistance; and for all of Their Great Courage that is released into this room to these the Beloved of My Heart, to help them to go forward to their Eternal Victory!

In Thy Name, and by Thy Power we forever abide!

EDITORS' NOTE

The first part of this Volume contains Discourses which came through Mr. Guy W. Ballard. These were received on the Light and Sound Ray from Beloved Mighty Victory while the Ballards were on tour in the 1930's.

We bless Mr. and Mrs. Ballard for being the ones through whom the Beloved Ascended Masters could dictate these Mighty Words of Instruction for the blessing of mankind.

Part II of Volume 9 contains Dictations which came through Mrs. Ballard in the 1940's. These Discourses were given before thousands of Students during Classes in Chicago, from November through December 1944. One Discourse contained in this Book was given in Santa Fe, New Mexico in October 1945.

Mr. Guy W. Ballard (1878-1939)
Mrs. Edna Wheeler Ballard (1886-1971)

" 'I AM' going to say—and I say It until We all come forth Visible and Tangible to all mankind—I stand back of what Beloved Master Jesus said in the beginning of this 'I AM' Activity that the Mighty Saint Germain wanted to bring forth, that *We would not dictate through anybody but these Messengers until We come forth in Our Visible, Tangible Presence*! Those who say they are getting Dictations from the Ascended Masters are simply not telling the Truth and are under the control of psychic forces. Don't let anybody under this Radiation accept that nonsense!" (Beloved Mighty Victory, February 23, 1958)

GREAT COSMIC BEING, VICTORY!

By Chanera

Great Cosmic Being, Victory,
From Venus, God's Love-Sun,
We thank and bless Thee for Thy Flame—
Thy Pow'r of Vict'ry won!

Within the Garden of Thy Heart,
We come to dwell with Thee;
And there abide in Thy Great Love,
Till all mankind are Free!

Thy Vict'ry and Thy Pow'r Supreme
Release now at our Call;
And in God's Mercy so Divine,
Speak Thy Command to all!

Thy Mantle of Authority,
We wear to set men Free;
In all the Vict'ry which Thou art,
Abides God's Purity!

Thou art the Master o'er this World,
Thy Vict'ry all must know
As from Thy Hand God's Flame goes forth,
God's Blessings to bestow!

Great Vict'ry Dear, to Thee we come
  In Love—Thy Law to be,
Till we reveal Thy Presence here,
  And all, Thyself do see!

Let Thy Great Cup of Liquid Fire
  Pass now from hand to hand,
Till all behold within Its Depths,
  God's Flame all understand!

Thy Unfed Flame of Cosmic Power
  Surrounds us as we move;
And does command all where we go,
  To all Thy Presence prove!

Thy Victory is God's Great Power
  That none can e'er deny;
Thy Presence is God's Cosmic Love
  That no one can defy!

Now hand in hand with Thee we walk,
  With Thee stand side by side;
For Thou art with us evermore,
  No matter what betide!

Blest Vict'ry Dear, Thy Great Christ Power
  Now surges through us all,
As onward flows Its Mighty Flame,
  Fulfilling every Call!

Like oceans roll, Thy Flame commands,
And all else must give way!
Thy Presence like a Blazing Sun
Abides with us to stay!

The Fullness of Thy Cosmic Love,
Thy Secret to us gives;
Thy Shining Glory floods us all,
As in Thy Heart each lives!

Thy Scepter raise! Thy Flame Release!
Thy Voice make all now hear!
In Freedom's Name we send this Call,
As His Great Bells ring clear!

Thy Legions send to free God's World!
Thy Hand raise here today!
Let all Thy Light Rays now go forth,
As we God's Music play!

God's Plan fulfill! Protection hold!
Till all give all to God!
Thou hast called all mankind to Thee;
Thy Legions have Earth trod!

Come! Flood us all with Vict'ry now!
Come! Hold God's Full Command!
Thy Angels call, to bless all here!
Thy Cosmic Flame "I AM"!

Forever onward, as we go,
  Thy Vict'ry shall expand;
And we, like Thee, through Cosmic Love,
  Become God's Fiery Hand!

Thy Temple Bright of Cosmic Flame
  Floods o'er our World Its Rays;
Within Them flowing evermore,
  Are all God's Perfect Ways!

Great Hosts of God from Cosmic Realms
  Flood our World with God's Light;
For all God's Vict'ry we command,
  By Thy Full Cosmic Might!

Great Miracles of Vict'ry come
  From Thy Great Cosmic Height!
Great Wonders everywhere appear
  In Thy Flame Dazzling Bright!

Great Gifts and Blessings from on High
  Make us all Thy Success!
Thy Justice and Thy Mercy too,
  Through us Thy Love express!

Thy Vict'ry by Thy Great God Pow'r
  Through aeons shall release!
Thy Mast'ry and Thy Presence here,
  Shall hold Eternal Peace!

The Garden of Thy Heart is Real;
In It each one can dwell—
And as Its Beauty we behold,
It heals and makes each well!

The Vict'ry of Thy Life and Light
Is God's Eternal Truth!
The Mantle of Thy Strength and Love
Is Everlasting Youth!

Thy Widsom and Thy Mighty Pow'r
Release Perfection's Flame;
Thy Great Expanding Harmony
Protects all in God's Name!

In Silence too, Thy Flame so Bright
Is blazing Thy Success;
For Thy Great Vict'ry reigns at last,
God's True, Full Happiness!

O Vict'ry Dear! Blaze Lightning through—
The Lightning of God's Love!
Sweep onward all Thy Hosts of Light,
All-conquering from above!

Oh, "Mighty I AM Presence," come!
Command Thy Vict'ry now!
Thy Mighty Hand and Cosmic Law
Cause all on Earth to bow!

Thy "Light of God that never fails"
  Is always Victory!
Thy Sacred Love of God's own Fire
  Compels all to be Free!

Thy Mighty Goal for all to reach
  Is each Ascension won!
May Vict'ry's Presence here abide,
  Till our Earth's journey's done!

Thy Mighty Love—God's Honor Flame—
  Is waiting to enfold
All here in Victory's Victory now,
  And Cosmic Joy untold!

Oh, "Mighty I AM Presence," blaze!
  Great Victory with us stand!
Oh, Love Supreme—All God's Great Self—
  "I AM" Thy Great Command!

DISCOURSE I

February 6, 1938

SAN FRANCISCO, CALIFORNIA

Beloved Children of Earth, We pour the Fullness of Our Gratitude to all who have been willing to give their assistance for the Freedom which We have determined to bring to the people of Earth. As you continue in your acceptance of the Great Presence of all Life, the "Mighty I AM," and in your Application, you come into the Understanding, Comprehension, and Full Power of Feeling that all you require is the Light of your "I AM" which gives you Life—you come into Its Greater Intensifying, Expanding Activity which knows no interference nor resistance of any kind.

In the beginning I call your attention to this, as the Messenger often has done, for the Work We wish to conclude tonight! Will every one of you be kind enough to feel Our Power which We are releasing tonight into this room? First I am calling your attention to the White Heat of a furnace as referred to in

The Magic Presence—in the Cave of Light—which after all is not heat! Then I am calling your attention to the Glorifying, Achieving Power which you call forth from your "I AM Presence." It is Self-luminous, Intelligent Substance, which is Light!

In all the Universe there is no resistance to Light! In your physical activity, you have the example before you in electricity. You feel that you have reached considerable achievement, and truly you have in the use of electricity; but the Currents of Energy and Power which the Ascended Being is able to release so far transcend the power of your electrical currents that there is no comparison!

You who have studied some of the laws of electricity know when you go beyond a certain voltage the electricity loses its shocking activity to the body. The vibratory action of the Currents of Energy which We release to bless mankind sometimes are so Powerful, there is not the slightest sense of feeling in the body of the Activity; yet the Purifying Power of It transcends your fondest imagination!

That is why in the Messengers' pleading to the "I AM" Students everywhere to harmonize themselves and maintain Harmony, it was with the desire that We bring your vibratory action to a point where We could begin to release these Currents of Energy to complete the Raising Activity for you so much more quickly. Not that We wish to hurry you; but still,

knowing the need, if you do not have it now, many of you will lose the opportunity this time. I mean by that, the Full Achievement which it is possible for you to have.

Will the earnest, sincere Students be kind enough to do Me the favor for the coming six months and not allow your attention to rest more than a moment on the thought of death? There is no death in the whole Universe! Yet many in the human octave still believe there is. However, that is not the case. Please watch and keep your attention away from it. Even if your attention does revert to it because of some appearance, take it off and go on about your work!

By the time the Messengers return here again, We want to find a release, a joy, a happiness, and the full consciousness of your power of Application—perhaps astonishing many of yourselves. We are endeavoring to give this Assistance, but We must have your cooperation to do it! Not that We wish to impose anything upon anyone, but if you wish to have Our Assistance, We are able to give It, providing you will comply with Our Request.

I was given the Name of "Victory" by the Ascended Masters who have made the Ascension from your Earth, because all that I have attempted to do has been Victorious! There is not such a thing as the memory of a single limitation in My Consciousness or World of Activity, and has not been for a tremendously long

period! That means there are no records in My Feeling World of such a thing.

Now, you who have been rendering service in this Class will be able to feel, accept, and be that which you did not dream of at the beginning of this Class! As the Messengers move forward in this "I AM" Class work, you will see plenty of Manifestations of the Powers of the "Presence" to satisfy the most eager; but if you have not the patience to continue until the Wisdom which is directing this "I AM" Activity sees fit to release these things, then you will meet disappointment. That, however, is not necessary if all will remember Our Great Wisdom is directing the Messengers—regardless of anything to the contrary. Then all will rest in the Greater Understanding, Comprehension, and Experience of this Vast Achievement.

This might sound like just so many words to you; but if you saw within the atmosphere of the room—as I am able to do—Our Activity, you would think far differently. When you understand that Our Words are Cups which carry Our Qualities, then they are far more than just spoken Words! The Words flashed to the Messengers are the Activity—the Inner Activity—which brings Its Charge and Currents of Energy into your world! If you do not feel an outer sense of it, do not be disturbed; but just accept Our Powerful, Cleansing, Purifying Activity into your world.

While I continue to speak to you, will you give

free rein to Our Power to take out of you any undesirable desire that might be there which you do not wish? The Energy of Life is resistless because It is Light! The Wisdom of Life is the Directing Intelligence within Light which governs through It! The Activity of Divine Love as you understand It, is a Balanced Activity which brings the Mighty Harmony within the human form.

In the future, will you be kind enough to remind yourself that every Call to the "I AM Presence" is the Signal for the releasing of this Balanced Activity which compels a Charge of Current through your mind, body, and feeling world, not possible before this Class began? I do not mean that this can be done for those who might be here for the first time, or two or three times; but I am referring to the very determined, earnest, sincere "I AM" Students who have a certain power of Application.

I ask you to watch the Activity of the Radiance about yourselves as you move among mankind. Do not speak of It to anyone, but you just watch and feel the Radiation and Its effect upon those with whom you associate. Please do not speak of It to any one of those among whom you are moving, but just watch. If you wish to have evidence of a Power of this Light acting naturally through you, then you will have it; but please do not discuss It with anyone. If you do, you will annul the results—the effect!

From Our Various Activities on the Earth, the Light Rays have been directed for your Assistance. We from the Royal Teton have been pouring forth a Constant Activity, changing Its Vibratory Action as was required; and you have all enjoyed a Feast of Loving Kindness and Harmony seldom experienced among the mass of mankind! You may have this forever sustained, if you will!

From this Class on, the "I AM" Students everywhere will find themselves coming into a Calm Serenity, Dignity of action and feeling, which will keep Our Calm Serenity in their feeling world of this Power—which allows It to pour forth with ever-increasing, intensifying Activity.

Let Me touch upon just a few points in your America to show you all that is being done. Saint Germain has but now and then touched upon a vital point, bringing it to your attention; but I tell you, your Calls and those of the "I AM" Students all over America have made many activities possible! I am going to mention one, perhaps two, tonight, which will give you a Joy that I hope will remain forever.

The greatest menace to the American people today is dope, and We have found the means of freeing them forever! You have no idea the inroad of that in your America by the sinister activity which has wrecked the nations of the Earth for century upon century. It has spread as a sinister breath in the most cunning,

secret way, all over your America. For the protection of the young people of America, whom We must have and need for the incoming Golden Age—and through your blessed Calls for their protection, the Great Powers of Light think We have found a Solution to quickly absorb all this thing throughout America. It will be done almost as secretly as it came.

You have no idea, Precious People of Earth, the danger which has confronted your young people of the entire America! Many unfortunate beings who have been pretending to reveal this nefarious thing to your people, have been but the claws for its dispensing. Now, Beloved Ones, will you do Us the kindness—the Powers of Light the kindness—to make the following Call? I shall ask the Messengers to put a paragraph in the next Magazine, asking the Students all over America to issue this Mighty "I AM" Decree for the dissolving and consuming of all dope, its cause and effect in America; to call for its annihilation, and to the Forces of Nature to no longer allow to be produced that from which it is made! We will then at your Call take up this activity; and in all parts of the World where this substance has been grown, it shall wither and disappear!

I say to you, so you may know the far-reaching Powers of your Call—We have not touched upon this, and Saint Germain has touched upon it but very little: You perhaps think war is your great danger today, and so

it is; but this poisonous breath and substance which has been spread among the people would unfit them if war came into your Country! Then the sinister force would seize upon the feeling of mankind, and by the use of dope make them unfit to cope with their adversaries. That is why tonight I am asking all sincere Students of America, individually and in your Groups, to give three Decrees if no others: for the seizing and binding of the entities, keeping war and dope out of America.

It is incredible that the cunning of the sinister forces can spread a condition of this kind over the entire America with such rapidity—principally because in the large cities things go on unnoticed, which in the smaller localities would be quickly discerned.

Let us change the scene please. Look beyond this into the greater achievement which, with your determined cooperation as has been thus far, shall come forth. After the Victory of the Light holds Its Dominion in America, you will see arise—replacing much in your present cities—a Beauty, a Perfection which will thrill every human being to the limit with the Beauty and the Perfection which will be there! You will have time for the recreation you desire; and by the Powers of Light and Energy released, will supply come to you. Then you will know "Peace on Earth, Good Will to men"; for then will there be no ill will to each other! Television and all of these various things will

be brought into common use, and the Great Cosmic Mirror will then come forth for the Blessing and Perfection of mankind!

While the intervening activity of the perfecting of the outer structure of mankind goes on, you will find mechanical instruments under the direction of great minds, which will assist beyond your fondest imagination today to gain the Victory and the Perfection of your human form! There are Lights which can be used with the proper understanding! One of the blessed "I AM" Students has touched this and contacted It. It will bring Great Peace and Health when it is maintained, and We think We shall bless her with many wonderful things. In the meantime, do not look to these things mechanically to which I refer; but go on in your earnest Application, and let the Great Law take care of what is brought to your assistance. Will you remember that?

Never for one moment look to mechanical things for your assistance, but go on applying your Law of the "I AM" which is Invaluable! For the great mass of mankind, after certain changes have taken place, then the thing is to bring the mass into a Greater Perfection quickly. Then these mechanical inventions shall be used to bring mankind into a quick attunement when they will begin to call forth these same Forces you are able to call forth now from the "I AM Presence."

This could not be done until certain Work was done in America. These instruments are all ready to come forth! That which Bob and Rex destroyed was mentioned to you. The frightful danger of it was that they had contacted the Cosmic Mirror! Notice, Beloved Ones, a thing which has once come into being makes it etheric record; and if there are those who secretly are unscrupulous, they will sometimes pick them out of the etheric records. Therefore, do you understand the Great Guard which has been constantly placed over mankind to shield and protect innocent individuals from frightful destruction? That is why I gave you this glimpse of what stands before you, and which will be yours.

We stand in the midst of two great extremes—the Greatest Power of Light ever known on Earth, and the greatest destructive power. If it had not been that America is a point where this Focus of the "I AM" Light could be held, you would all have followed the example of every civilization which has gone down in the past! Much of your America, the Orient, and Europe would have disappeared; and the continents of Mu and Atlantis would have arisen and taken their places. The Great Cosmic Law and the Great Laws of Life have said this greatest destruction was not necessary.

To bring in this Perfection, perhaps several hundred years in advance, is why this Tremendous Effort

is being made by the Powers of Light, the Ascended Masters, the Cosmic Beings, the Legions of Light, and the Great Cosmic Light Itself! Great Joy should fill everyone's Heart of those who have come to understand the Teachings which Saint Germain has brought forth; and they should stand steadfast by this "I AM" Instruction to bless themselves and render this Service! They will one day find themselves Beings of Happiness and Glory, for this Service will never go unrewarded in the future. It shall bring in your Great, Great Perfection.

I say this to you tonight so you may contemplate the Blessing which is yours. Some of this which I have said to you has become a Law, has become a Command for your Perfection! What do I mean by "Command"? Not of you physically, but of the Currents of Energy which belong to your Life!

May I add just a few Words to the explanation the Messenger gave concerning the consuming of your human creation, and setting aside of time and space? Please observe the Chart! You see around the "I AM Presence" that Magnificent Circle of Color which represents your accumulation of good through the centuries. Our Great Desire, because of the need, is to bring you — as many as possible — to a point where this can begin to release into your world of activity and use. That is why Our Service has been rendered in this Class. Will all of you who care to, accept that as

a Real, Actual Activity in your Life, right here in your physical world, to let the Service be rendered which is so much needed?

Will you be kind enough to remember the Radiance of this Class? I am saying this for the individuals whose human still wants proof! Will you remember the Radiance of this Class, and then remember the Radiance when you come again and see the change? You have noticed the change in every Class! It will "step up," as you use the term, more rapidly now.

So, Beloved Ones, I want you to have, because of your attention, the greatest possible Assistance which can be given! I say to you who have been out of employment, who have not had the conditions you would like: Stand alone in your room; raise your hands to your "Mighty I AM Presence"; and say with firmness, which you will be assisted to feel: "No longer do I accept one single thing of the limitations or conditions of Earth! 'Mighty I AM Presence,' take command of this mind and body! Compel the outer into obedience and sustain it! Stand guard over it, and see that no longer does the outer self feel discord and inharmony." Then to the best of your ability hold your self-control as you meet conditions in the outer world, and you will see how quickly you will find it perfectly easy to maintain Harmony in the face of whatever conditions you are required to meet.

Beloved Ones, so often the remark has been made,

not unkindly, about the great number of "I AM" Decrees, Affirmations, and Statements which have been given. Just now, when I am giving you these particular Calls, it is because in the charged atmosphere of this room they contain Immeasurable Power for your Blessing! If you would retain in your feelings the same feeling you have now while I am speaking, you would be able to return to those Calls and feel the same feeling in the quiet of your own home that you do now! Because of disturbance by the wavering of the attention, mankind does not always retain this which We give! I ask you to charge yourselves to retain this now, so when your attention goes back to these Calls again, you will be able to draw—in the silence of your own room—the same Radiance which is here now! Then you will find your Mastery!

Do you not understand, Beloved Ones, that We are using every angle possible to come at these Points of Truth, so while one assists a few greatly, another will assist another group more? In this way We are able to give all of you, according to your rate of vibratory action, that which you can utilize to the Greatest Advantage at the time. That is why We sometimes suddenly, like this, give forth Mighty "I AM" Decrees for your Blessing—because under the Radiation of the moment, It does Tremendous things in your feeling world and the outer activity of your world as It goes forth. Perhaps you have not been reminded that in

the charged atmosphere like this, whatever is given for your Blessing is charged forth into the activity of your world ahead of you, to act there for your Assistance! I realize this particular point has not been definitely put before you, but it is imperative!

Therefore, retain this! I remind you that the Divine Director and Myself are doing this Work together today because We maintain and can project, according to the vibratory action to which you have been raised, a tremendously Sustained Activity in your feeling world! There is not one in this room who has come throughout the ten days of this Class, who does not have but very little of his or her own human creation left. Think of it, Beloved Ones! We Ourselves did not know such a Service could be rendered, because We do not know to what degree We can depend upon the outer feeling of mankind. This has been so unparalleled in the joy, love, and kindness poured forth, that We want It to be an example to you of the future in your individual activity.

In your love and kindness poured forth in this Class to Ourselves and the Messengers, do you not see that It can continue in your individual Life by your outpouring of love and kindliness to persons, places, and conditions? It is the Example before you, Beloved Ones. Try to feel It! Try to keep reminded of It, so you may have this Great Magnificent Expansion continue on and on, acting within you. Oh, because you

do not see It with your physical eyes does not mean It is not acting!

Please remember, almost all the forces you are using are invisible! Can't you trust Us just enough to allow that to act which We so joyously wish to give for your Assistance? Let It have an opportunity to act! Oh, of course, if you do not care for It, We would not intrude It; but you who do want It, oh, just open your Hearts and your feeling world to the Full Glory of Its Power and Activity. Then everything your attention rests upon—the "I AM Presence" or Ourselves—in the slightest Activity taking place, you will cause to be Eternally Sustained and have the Blessing of It.

When you have been told from the beginning that you are the decreers for your world, of what is going to act there and how this Energy called forth is going to act for you, won't you believe it? Won't you keep yourselves reminded of it? The power of your attention is a Magnificent Activity to produce any constructive result required in your Life! By the fixing of your attention upon an achievement or accomplishment, the Power of your Life flows into it uninterfered with, as long as your attention is held there. Once you understand how great is this Power, you will use it. Of course, the Messengers and We have tried to convey that point to you; for the one-pointed focus of your vision—your physical sight—your attention, and your power of qualification act with Infinite Power to produce any given

result which is constructive.

There have been a few who have, by a stretch of imagination, believed they could take this "I AM" Instruction and turn It into destructive activity against the Messengers—against the Light! They forget that they are calling on the Powers of the "I AM Presence" to produce this. The "I AM Presence" is Perfection and will not produce any destructive activity! Therefore, individuals can only use the accumulated energy already drawn about them, for any destructive purpose; and today, that will not last very long. Therefore, let no one be so unhappy as to think he can take this Great "I AM" Energy and use It for destructive purposes! It cannot be done!

Tonight, will you be kind enough to accept the Eternal Blessing of the Group of Friends who are with Me at the Royal Teton, the Great Ascended Masters, and the Great Cosmic Beings who are giving such Assistance to the Earth at this time. Give Them your love! Give Them your attention, after first focusing it to your "Presence." Then call forth this Power with a great calm, serene Majesty which allows the feeling to be governed; and let Our Blessings fill your world with Our Happiness, Our Perfecting Activity, the Glory and Powers of Light!

I commend our Precious Lotus with all My Heart for her tireless Service in the Class and outside of it. May the whole World bless her for that Limitless

Energy and the Glory of Life which is hers. May you all know and be the same Glory, and render that limitless Service which she is rendering to blessed, precious mankind. Let no man or woman be so proud in the human octave as to hesitate to use the endearing terms of "beloved" or "precious" to their friends and associates. Remember, Beloved Ones, in those words is the feeling of kindliness which mankind needs today—oh, so much more than you can imagine; and every ounce of energy you put forth filled with love and kindliness is lifting mankind to where they can be the Victory of Light!

May your memory of Me and My Words to you, always contain the Feeling of Victory in your Life, in your activity, in all that you desire! Even unto your Ascension, still may the Word "Victory" shine out before you and beckon you on to the Final Goal—your Ascension!

I thank you.

DISCOURSE II

February 27, 1938

KANSAS CITY, MISSOURI

Beloved Children of Earth, in My Endeavor to give the Assistance today which has been planned for you, remember the Victory in My Name is carried to you into your feeling world while the Messenger repeats My Words for future requirement!

Far beyond Our Expectation has been the Achievement here! We like to see the evidence in mankind as well as yourselves. How far We can depend upon the earnest "I AM" Students to stand by the Light of their own "Mighty I AM Presence," and to issue the necessary Decrees to enable Us to produce the Results which you of Earth so much need, We do not yet know.

The culmination of certain activities in Europe has compelled Us to speed up this Activity in America and, as you so often term it, "step up" your Activity to hold Our Dominion against the destructive activities which are the shadows of Earth. To Us, as We see from the Higher Octave, all discord of mankind is but a shadow. Sometimes—not so much in your America, but if you were in England and Germany—

you would find sometimes what they term a grey fog. This is the nearest description I can give you of the conditions which exist from discord among mankind.

Human beings who continue in considerable discord clothe themselves in a greyish garment of substance, just as tangible as your physical dress or suit of clothes. The Messenger has had innumerable experiences in drawing off that garment from those who were ill, and throwing it into the Violet Consuming Flame, and they were free at once—showing it is that discord with which mankind clothe themselves which is their mistake. Just as you have clothed the Points of Light within the cells of your body, and they no longer give forth their Radiance to the physical sight, so do you clothe yourself in the very thing you do not want, by discord! Therefore, for the "I AM" Students, I take it that is no longer permissible.

I do not like to say this; but since it is the Law of your Life, I think it very wise to say it—then you may decide! The time is so short, when you are going to have the opportunity to decide. You perhaps think sometimes the Messengers are somewhat urgent in almost the demand for Harmony in you and your world! Well, that is not because the Messengers desire it, but because they know what you are facing today!

The frightful destructive qualities generated by mankind and projected at them are the thing which

is your danger today. When you have entered this Stream of Life, make no mistake, you must call forth more than ordinary Protection! Not that there is the slightest thing to fear—not at all; but because you become a Greater Focus of Light and more noticeable, then you must have the greater Protection. We trust by July you will have passed beyond a certain place in the position of the Cosmic Light which will make it much easier for you to give obedience to this Great Law of Life!

When I speak these next Words you will see another reason for the Achievement here. In this small audience, the human creation of three hundred forty-six "I AM" Students has been dissolved and consumed! Out of that, there are twenty-six for whom you could not have believed it was possible; but because of the great sincere love poured out to the Messengers and the Light, the Cosmic Law has allowed this to be done! The Great Divine Director is greatly pleased with that which has been possible; and He thinks by this, that in future Classes He may depend upon a certain number of the people for whom He can do this. And that will give greater and greater and greater Assistance for the Freedom of America.

We are watching with all Earnestness to bring about a condition where a sufficient number of mankind can be shown—for instance an audience who could be lifted in Vibratory Action to where they could see these

Activities as the Messenger does! Only far more in that case would be revealed, so they might bear witness to the Perfection which the Messengers have described for more than three years! We firmly believe, in what has been accomplished here, that it may be done—because mankind has been calling for some such Revelation, but notice the difference since Saint Germain brought this "I AM" Activity forward.

In the first year there was, I am frank to admit, considerable curiosity among the Students as to Our Reality, and as to the various things they were calling forth—for instance, Our Tangible Presence; but today that has grown into a Great, a Mighty Sincerity which is most gratifying to Us, and surely should be to you. It means that from the Expansion of the Light within your own Hearts there is coming that Mighty Activity which refuses all subterfuge of any kind.

That is what We have been requiring. Mankind from their feeling world must dispel all curiosity, all anxiety for these Great Manifestations! Then when they come, they will do for mankind what they are intended to do, because no thing is brought forth to satisfy anyone's curiosity—that would be quite childish. But when something Transcendent is brought forth, it is because It brings a Tremendous Release and Freedom to mankind; otherwise We would not make the Effort!

That is why We call forth the Light of your "Mighty I AM Presence"—not only by your conscious effort, but your sincerity, your love, your honesty—for remember, you are bound to face that! There is not a thing which can prevent it. Why? Because your Life demands it! Nothing in the world but your own Life is demanding, now at this time, that you face yourself and see whether you are honest, whether you are sincere, whether you are strong enough to stand against human suggestions—and if you will take the reins of Mastery in the acceptance of your "I AM Presence," hold that Dominion, and remember in holding your Dominion, you are not the doer because you are the caller, if you will pardon that term. You are the one who is calling Dominion forth, and that is why these Ascended Master Qualities must be certain within your feeling world—Honesty, Sincerity, Purity, and you must be free from false pride.

If you have a Revelation, if you are permitted to observe, or if you have tremendous success from your Application, and then you feel for a single instant, "Well, my Light is very much brighter than my associates because I was able to do this," that would be very likely your downfall!

"I AM" mentioning some of these things today because they are so subtle. You have been taught something about your thought world, but mankind even yet know so little about their feeling world. You will

accept something in your feeling, and you will not know it until it outpictures; and that is where your danger is. That is why I am prompting you today against all that is in the atmosphere and that in which you move in the outside world. If you draw that Tube of Light about you, or call the "I AM Presence" to draw It, you cannot fail to have the Protection which is necessary.

We are touching upon and calling forth the things you most need. We are not going into any elaborate discourse, for in the Victory which is gained here, We are calling forth these Qualities and Powers within your own selves which you need right now; and with your obedience to that, in six months every one of you will thank Me and bless Me for having called your attention to certain of these things!

You know there are a few people who look to Us, expecting Us to flood forth some great Magnificent Expression of Life which they won't understand. Would that not be childish and foolish? What mankind needs is the simple language, conveying the Qualities into their world of action which produce Results - not some scientific explanation which the mass of mankind does not understand.

When Saint Germain talked to Me the first time, and when I saw what He wished to do, with all My Heart I joined Him in this "I AM" Activity; and We have remained at the Royal Teton to give this Assistance, not

returning to Our Homes as We had previously intended! If the Ascended Masters from your civilization love you, then realize how much We do if We are willing to remain and give you Our Assistance!

May I remind you of the Great Sanat Kumara who for four and a half million years has blessed your Earth with His Presence! He and His Associates came from Venus and remained! After the great change takes place, and He comes forth in His Tangible Body so the World may see His Reality and know how He has blessed the Earth, then He will return to Venus! These are Great Truths which mankind needs to understand; for knowing the power of your attention, you must understand that without it, there is not a thing which can take place in your world!

The Glory of mankind is at hand! I have the Confidence in you, in all the "I AM" Students, that you are now strong enough to stand against all suggestions of the outside world and let your Light go on expanding, through your Tremendous Determined Calls which is the Assistance the Cosmic Law requires. I shall depend on you to give this Assistance to Saint Germain! All the Earth will bless you one day because you were courageous enough to stand with the Light and call It into action for the Freedom of America and the Blessing of the rest of mankind!

The Great Divine Director, the Goddess of Light, and the Blessed Nada have determined to try an

experiment in Europe. Should this prove out, you will see some of the strangest changes you ever witnessed on Earth. That remains to be seen! In the Assistance you are giving in these Calls for the Protection of mankind, their Blessing, and the Service you are rendering or releasing from the physical octave—a sufficient amount of Substance which is not needed for America, They intend to utilize and use there for this experiment! So you see how far-reaching it is.

You are not the frail beings that you think you are! I wish that some of you might suddenly see the Power of the energy released in some of your "I AM" Decrees. Let no one in the future have the slightest feeling that you cannot make a Call with the strength and energy necessary to release sufficient energy for whatever your "I AM Presence," through the Higher Mental Body, wishes to do for you and in your world of action. Accept this right now and let the Fullness of Its Power of Action go forth! As you do this, you will see sufficient outpicturing to satisfy yourselves and fulfill your fondest hopes!

Therefore, today while this Tremendous Radiance is going forth, and the great depths of your beings are being touched, you will feel that which you have never felt before! Do you know that there is a Height and a depth to your being? From the depth of your being is being brought forth everything to be disposed of. While I am holding your attention on these simple Words,

great Activity is going on in the most important part of you, so far as the physical world is concerned; and that is your feeling world!

So I want you to know that some day when the need is passed and you want to bask in some flowery language, then We will give It to you! Oh yes, We could! We could recite Poems and give you Expressions which would just about lift you out of those chairs, but that is not so important just now! I am grateful to see in your feeling world that Acceptance, that Humility which is so vital to the future. Remember, Dear Ones, before the Light be humble—no matter what Manifestations take place; but before the face of man and human viciousness, be as positive as you like, because you must be positive against those human creations!

Now understand, in the dissolving and consuming of your human accumulation, it means you are released from the pressure of your own creation, which makes it so much easier for your Answer to come from your Call! There is much else I might say, but it is not wise at this time. Just let that be sufficient; and if you will abide in the True, Sincere Feeling, accepting all We desire to do for you, you will have Its Manifestation in your feeling world. It is not necessary for you to understand all the details of It, but remember your feeling is very important to Us!

Saint Germain has thus far done for mankind what has never before been done on the face of this Earth!

Therefore, I am so grateful for your sake, for the great Love which is growing for Him among the great number of "I AM" Students from all walks of Life, because it is important! Oh, not that He needs it, but because you need it—because America needs it! Saint Germain is the Heart of this "I AM" Activity for America, the same as your physical Heart is the Focus of the Light from your "I AM Presence" for your physical body! It has to be so! The Law of Life has made it so! It is not anyone's particular choice, but the Ray under which He operates compels Him to be the One who is the Heart of Freedom for America. That is why He was Wise enough and Fortunate enough to select from His own Family those He could depend on!

I ask you today, can you with Me just for a moment feel how fortunate you are—beings who are caught in the Great Radiance of Light drawn forth by the Divine Director from the Cave of Light in India, which for thousands of centuries has been the Purifying Glory of the Mighty Light Activities through the Earth, where thousands of individuals have entered, who have been set free from the limitations of Earth? You, who are right here in the comfort of your own city, are having It brought to you! You are being enfolded in It, when people have sought the Earth over for that Privilege!

We try in many ways to give you the Feeling of the Privilege which is yours, because when you attain to

a Certain Point, a Certain Intensity of that, you will find your Complete Release—because only through Gratitude and Blessing do you hold your Armor about you! Since I have touched upon that, may I remind you there has been the constant Call, the constant decreeing for your Armor of Light! Now you need not answer Me, but I ask you, how many of you sitting in this room, have actually accepted that in your feeling?

Think of It! Contemplate It! Do you know what it means when a Great Presence offers you something and you, in your ability to feel the Reality of that for the moment, think, "Yes, that is wonderful"; but an hour later you feel, "I wonder just what all that means anyway"? Observe what it means to hold an acceptance in your feeling of the *Most Perfect Thing in Life which is offered to you!* The Great Beings of Light have said to you, "according to your acceptance will We clothe you in that Armor of Light which is Assistance to your Call!" Now how many of you—just be, oh, so really honest now for a moment with yourselves—think, "To what degree have I accepted that?" You see! It is Tremendous!

Make yourselves so alert and remind yourselves daily of that which has been offered you; for instance: your Armor of Light, your Freedom, the dissolving and consuming of the remainder of your human creations and accumulation! Then you will see what it has

meant to pour forth your love to the Great Ones of Life and to issue your "I AM" Decrees, which is the releasing of your energy for your Freedom! Then you are complying with the Law!

So in the future, Beloved Ones, I urge you—go on and on in your Mighty Decree work! Will you allow Me to remind you that until you are released from It, give strict attention to the Divine Director's Outline so all this "I AM" Activity may be uniform! Dear Ones, let Me say something so kindly—it might sound a little severe, but don't take it so! I say to all the Blessed "I AM" Students, Group Leaders, and everyone everywhere representing this "I AM" Activity: don't be so anxious to give expression to your own feeling or powerful impulse as you are to stand by and use the Ascended Masters' Words, which carry Their Cups of Light—a vitally important thing for America and yourselves today. Won't you remember that?

Oh, I know mankind has thought—you know the human element—"Oh dear, I just can't go on with the same old thing over and over; I have to have a change! I cannot do these things! You know I want expansion, and I have to have it." That is all right, quite right! All that will come in good time. But today, Precious People of Earth, the need is for America and don't worry one moment about your own expansion or expression! You will find plenty of opportunity for that, but the need today is this Great "I AM"

Activity for America. Your "I AM" Decrees and your Harmony among each other are very important so this Great Release of Power goes forth—and then see how quickly will come the accomplishment!

I know, I have seen it while watching a few, so far as giving forth the Instruction is concerned, in art and music—various ones begin to call forth the Energy and Power of the "I AM Presence." They become inflated and think, "Oh my, this is marvelous! I shall give this forth to the World." Be careful! Be careful! The first which comes forth is not apt to be as perfect as that which follows! So just let it flow and keep track of it. Then after a while, when you see this really great Perfection come forth, then you will say, "Was it not a good thing I held that thing in abeyance at first!"

That is the position of mankind today. When you feel this Great Power of your "I AM Presence" flow forth, say, "All right, just go ahead"; but to the outer self's expression say, "Just wait!" until Its Great Perfection begins surging forth! You will thank Me for that remark I am sure, because then you will know what it means. Now why do I prompt you on that? Not to hold you back, by any means, but so you may avoid these suggestions about which I have been talking to you. If you put out something which you think —because it is your first expression—is magnificent, and it should not quite be, then there comes back at you the criticism and condemnation of the World!

That is why We do not want you to allow these things to go out until you find you are giving forth the Perfect Expression which your "I AM Presence," through your Higher Mental Body, intends. Oh, just let it flow! Don't think you must stop because the first you have given expression to, isn't accepted by the outer world! Don't mind that, but just let it flow! Just let it keep flowing; and all of a sudden, when it strikes a certain vibratory action, the whole World will accept it. There will be thousands among the blessed "I AM" Students who will have that recognition. The Students don't quite see this, but that is where self-control and governing of this energy comes in!

Precious Ones, now remember My Words—every one of you will come to a point where you will all of a sudden, some day in your Call, feel the Energy from your "Presence" surge forth so you will think you are going to burst—because It is a Tremendous Release! Then is the time to say: "Hold on now! Wait a minute! 'Mighty I AM Presence,' take command here! Release that in the proper manner, and see that I do not get excited about it." Then you are governing the flow of this Energy! It is the most important thing in your Life right now, because you will find that Energy surging in every one of you! There is not one in this room who has been here throughout this Class who will not feel that, so I am prompting you to govern it!

If you had a great volume of water behind a dam,

and you wanted to use that for irrigation, you would release just the amount you wanted, would you not? But suppose you pulled the whole gate out and let it all out at once, what would you do afterwards? That is just exactly what I am talking about! This Great Energy which you are calling forth in purifying and charging your feeling world, the large percent of it yet needs to stay there! Then as you gain this, when something wants to come forth, or an achievement before you needs this Energy, you can say, "Now go and do your Perfect Work"; and just as straight as you point your finger to an object, will go that Energy in the Full Volume to accomplish whatever is needed!

That is what every one of you needs to do in calling forth and holding that Great Energy in and about you, so when the necessity arrives you can release it to do whatever is required. Why do you suppose I am prompting you today to do this? Because the time is not far distant when you may need it! You will want to have that Energy where, on a moment's notice, you can release It for your own Blessing and that of others!

Between now and the time when the Discourse follows tonight, We shall endeavor to decide whether We may speak to you of certain Cosmic Activities which have taken place during the past twelve days, or not. If it is thought wise, then We shall call your atten-

[illegible] Very Great Cosmic Activities have taken

place in the northern part of South America, throughout America, through southern Europe, New Zealand, and Australia. These are particular Points or Focuses; and while the results are not yet complete, it is the only reason why We should withhold the Information describing the activity to you.

Again may I refer to your own humble efforts! These conditions, even certain Activities of the Cosmic Light would have been absolutely impossible to release, had it not been for these Mighty "I AM" Decrees sent forth by the mass of the Students! May you rejoice forever in your part of that Service!

In the Fullness of that Light, that Authority, that Energy which It is Mine to convey and control, I charge your beings and worlds, your activity with Perfection of Our Light, which knows no opposition! May you be able to accept It today and feel Its ever-expanding Activity in your Life, in your activity, in your homes and your world! Try not to battle anything in the future, but rather in the Great Calm Serenity of your "I AM Presence," call It forth into action to govern all things; and let this Light which I charge forth into your feeling world and activity today, do Its Perfect Work for you. This is a very Tangible thing, quite as Tangible as if I precipitated a Garment to you to wear and to use—quite as Tangible!

Therefore, in My Humble Endeavor to give Assistance today, remember—"Victory" is My Name! Victory

is the Power which goes forth into your feeling world, to remain there ever active! Will you accept It and let the Power of Victory act in your world, to produce these results you require? I trust you will! I want to give that Assistance! I am quite able to give It! Therefore, according to your acceptance, be It unto you!

I love you! I thank you! I bless you forever, in the Power of the Infinite Light and Its Expansion of your own "Mighty I AM Presence," forever sustained, all-powerfully active in you and your world!

I thank you.

DISCOURSE III

April 30, 1938

DETROIT, MICHIGAN

"I AM" ASCENDED MASTER YOUTH

Beloved Students of the Light, My Joy is very great today in having the opportunity to render not only the Service and Assistance to you Beloved Young People, but to all of you. May I remind you how tremendous is becoming the means provided to assist you! I think you will appreciate this fully: the God Himalaya is Authority on establishing the Currents of Energy which contain a certain Quality of the Rays of Light, which carry and convey to those absent—especially into their feeling world—the exact Words that We say. Although they might not be able to repeat what We give Word for Word, yet within their feeling, there is anchored the Quality which is within the Words We convey. The God Himalaya has provided this today; and it will be active throughout the remainder of the Class, so the young people of America may be reached.

A part of My Work for the Earth belongs to the young people of America. During My Dictation in Washington, D.C., some of our beloved young people here received the Radiation, even to the Name

"Victory"; so you see how clearly there is but One Presence in the mental and feeling world of mankind. As you come to be sure of this in your feelings, you will understand that in giving forth these Mighty "I AM" Decrees, which the "I AM" Study Groups and "I AM" Students individually are sending forth, you are performing a Service for mankind which is unparalleled, and which the outer cannot possibly conceive as yet—even with all the marvels which it has been your joy to experience. As you go forward, your own Light expands and the Power of your own Radiation is intensified. Then will you come to feel these things clearly in your feeling world—as clear as if it were the spoken word; for in your feeling is both sight and hearing.

Don't ever forget that! If you keep yourself reminded of that, you will be able to receive tremendously more —because in the first expansion of your Light from what We term the ordinary human being, you must necessarily receive first through your feeling; and then as that intensifies, the day will come when from right directly above you, you will hear the Audible Spoken Word! Then you will find no further chance of mistake!

You who have read Ouspenski's work will understand that man's joy when in his search he, like many others, began to hear all kinds of voices around him, [illegible] were probably largely entities! He knew that

something was not right, and he kept on calling. Then all of a sudden above him, this One Powerful, Masterful Voice spoke; and from that moment on, the other voices around him became silent! That is the experience of many of mankind today. Do not listen always, Beloved Ones, to the first voice or words you hear! Be sure they are constructive! You need not fear that your "I AM Presence" is going to withdraw Its Power if you wait to be sure you are right! Be sure! Then go ahead! That is important!

Yet today, freedom from the pressure of human creation is being given to mankind, which even eighteen months ago We did not see how it would be possible; but the response of the "I AM" Students has been so magnificent, and the loyalty of their feeling to the Light. Remember, as Saint Germain has requested you from the beginning: your first loyalty is to your own Life! No matter how much you love Us or the Messengers, hold your loyalty and attention to your own God Presence, the "Mighty I AM," because in that is your Freedom! Whatever We or the Messengers might do, if it were not for your sincere, firm, loyal attention to your "Presence," it would only be a temporary thing! You see that surely!

Therefore, as you give attention to your "I AM Presence," your Higher Mental Body—knowing all that is required for you and what to do—releases Help in answer to your Call. If Our Assistance is needed or

your Call to the Messengers, then your Higher Mental Body will see that is done. Won't you feel today, Beloved Ones, your Higher Mental Body is just as tangible to you as your physical bodies? For It is the Power, the Intelligence which acts at the Direction of the "Presence"—because your "I AM Presence," as you are unascended beings, knows nothing about your troubles down here, but your Higher Mental Body does. It is the most Magnificent Presence; and you, Gentlemen—don't mind if I say this—you are as beautiful as the ladies. You know I am commented upon many times for being extremely beautiful; and do you know what produces beauty in form? The outpicturing of Divine Love and Blessing and the Harmony maintained within your feeling world!

Perhaps you think We are fairly persistent, but Dear Ones, the habit which has grown so long in mankind to criticize the slightest thing which does not agree with your opinion, is the most dangerous thing in the activity of mankind. Beloved Ones, mankind is not to blame just at this time, because that is an accumulation of the centuries—those qualities, I mean, which have been gathered in the past. You are not wholly to blame for them in this embodiment. It is an acquired, accumulated—not only *momentum,* but it is a *quality* which has been built into your world and around you, which makes it so difficult today for some individuals to cease doing discordant things.

Now notice! You have the Remedy with the speed of lightning to correct any of those things, if you just keep yourselves reminded that *you must balance by self-control in the human octave the Powers you call forth from the "I AM Presence"!* If you will keep yourselves reminded of that, it will be a prompting of inestimable value to you. It is the promptings on time which count.

Let us be so practical today, so you feel each prompting and stand guard forever over your feeling, so no disturbance of any kind finds action in your feeling. Then when you call to the "Presence," you will be able to shut out the discord. Some of our blessed young people are receiving Transcendent Help. The Divine Director is dissolving as rapidly as possible all human creation around our young people and also many others! Therefore, the Service rendered gives Us very great Joy!

I rejoice that ere long the "I AM" Students, even from the beginning, will suddenly come into that practical feeling of just how tangible We are. We are right here and their Higher Mental Bodies are right here, just as tangible as their friends in the physical form; but those Friends who are with your Higher Mental Body will never deceive you, neither will your Higher Mental Body.

Beloved Ones, won't you do yourselves and all of Us who want to help you so much, the kindness

today—through which your "Presence" will assist you —to hold Complete Harmony in your feelings continuously, until the Outpouring and flow from your "Presence" of Its Light gives you abundance and supplies you with everything your outer self requires? It is the Law of your Life. It cannot help it.

Therefore, today while the Messenger is voicing My Words to you, I take advantage of rendering this Service to give you the Assistance to conquer this, because "I AM" Victory in your feeling world! Will you not accept that? Where Victory reigns in your feeling world, nothing else remains there but Victory!

I do not say this is an experience which may come to you; but it is not impossible that one day not so far distant, Saint Germain will suddenly find a group —such as this—so harmonious within their feelings, that He can draw aside the curtains and let you look upon your Higher Mental Bodies—the REAL YOU! And that moment will be your Eternal Victory in the Light! Not that It is necessary for your Victory, but It would be of enormous encouragement; of that there is no question. So, as We ask you to maintain harmony in your feelings, do you not see it is not with any sense of criticism or arbitrary idea, but because of Our Great Love which pours forth; for We know the exact Requirements which would give you Freedom and Victory so quickly.

... imagine how Blessed is your Beloved Saint

Germain? Shall I say, as you do, We all "take off Our hats" to Him? You do not yet realize how that Mighty Being of Light, for more than six hundred years, has struggled to find enough of humanity willing to harmonize themselves, wherein He could render the Service which He has held steadily throughout six hundred years. Think of it from your human cognizance of time, what that means! He has stood unwavering in His Determination that one day He would find enough of humanity ready to harmonize themselves, so He could render that Service for the Earth which He knew must come. You have been kind enough to respond to His Great Call.

Think of it, in America today nearly half a million people, through the humble efforts of these Beloved Messengers, have started the Great Awakening, which will become the Great Spectacle for the Earth! Won't you be patient and go on with your great Application, until the Great Cosmic Light releases Its Final Mighty Impulse into the Earth, when the curtain between the invisible and the visible is no more? When enough of human creation has been dissolved, then the remainder of the curtain of flesh—otherwise "limitations"—will dissolve and disappear, and you will walk and talk with Us as you do with each other!

Sometime when the present great need is completed, We will endeavor to show you, all your assistance has meant to dissolve the discord of Earth. We

do not Ourselves wish to keep repeating various things, but We know it is only by such repetition that you come into the full Realization of what it means. Today, in this response of mankind, the Glory of it is so great that you must feel Our Rejoicing; for the way is opening very rapidly when, through the radio and various other means, will come the complete freedom in the giving forth and the expansion of this Light, as the resistance of mankind goes down.

While I have this opportunity to speak to you today, I want to bring your attention again to a point which is so tremendous concerning the people who willingly or unwillingly oppose the Light. Many, many of these people have said, "Well, you cannot take away from me my own 'I AM Presence.' " Surely no one wishes to, but this is the thing they do not understand. When they oppose the Light, they shut themselves off from the Radiation of the Ascended Masters. Whether they believe it or not—they do! Furthermore, in that resistance, they shut off the Outpouring of Perfection from their own "I AM Presence," and only too late will they find that out! That is why if mankind do not agree with this Expansion of the Light, if they would only go their way, have no feeling or concern about It—then they would not build a condition which some day will rend them asunder because it is destructive. It is a matter of qualities, Beloved Ones, not human -lities nor individuals; for it is a power

of qualities acting, and if it be destructive, each one must reap it.

Therefore, I say to you in this quiet atmosphere today, keep your attention away from people who oppose the Light in any form whatsoever, or who are antagonistic if they disagree about something—because if you allow your attention to be on a destructive quality which seems to be acting in someone else, if your attention holds fast enough on that, you will compel that quality to act within yourself; for *"What your attention is upon you become; where your attention is, there you are."* This is such a simple Statement, but yet it is the Key to the Powers of the Universe!

Won't you feel that today? I think it would be magnificent if you would put up a little slip in your room for every little thing that comes up—"Where my attention is, there 'I AM.' " That means your Life is acting there; and "What my attention is upon, I become." Then you will see the imperative need of keeping your attention upon the "Mighty I AM Presence," the only place in the Universe where Perfection is or where It can come from! As you do that, it will make it so much easier for you to silence the feelings which start disturbance in your feeling world.

You must not mind if We keep reminding you of these things, because We cannot go on to Greater Explanation until mankind conquer that feeling world

of theirs. You cannot be free until you do it! Therefore, when We have these opportunities of talking Heart to Heart to you, it is a very wonderful thing; and you cannot help but feel Our Tremendous Power of Divine Love which enfolds you, and which charges into your feeling world with Tremendous Power. Again today, while the Messenger is voicing My Words, "I AM" charging into your feeling world, with definite Power of Action, My Victory which carries through My Power of Ascended Master Consciousness, which is a Quality of consciousness the human cannot requalify. Then I have rendered you a Service which nothing in the world can give but that Quality!

If you can accept that with the Great Love of your Heart, and in the Great Love with which I give It forth, being fully conscious in your feeling that It is My Victory of Achievement over all limitations, all conditions, which "I AM" giving you, then Victory is yours! What am I giving you? My Life! The Quality I charge into your feeling world is My own Life—not a Universal Life, but My own Individual Life, which "I AM" charging into your world for your Victory! Won't you contemplate that, until you get the Full Feeling of what that means?

Do you see then, that there is not one thing which can confront you in the world of human action, over which you do not have dominion? Do you think there [illegible] your human octave that won't bow its

head to Me? I mean anything of energy and substance. Don't you see there is not one single thing in your human octave—because it is energy and substance which you are dealing with; and all energy and substance bows to any of Us who are Ascended Beings, because it knows We have become its Master!

Now notice, in a lesser degree, when your Beloved Messenger in Los Angeles turned upon his human self and told it that it no longer had any power, look what happened—how quick he became Free, and he maintained It! That again shows how necessary it is for you to take your stand against human qualities or any disturbing or discordant qualities which are acting or attempting to act in your world.

If you say to those qualities of action: "Now stop! I will have no more of it! My attention has gone to my 'I AM Presence' and it is going to stay there until that Harmony and Perfection of my 'Presence' holds Dominion in my mind, my body, and my feeling world!" As you take that stand, you will find you will be Master of the situation! It only requires a firm, determined stand to conquer these things, which are but qualities generated. It is not just you yourselves who are to blame, but it is acting in all mankind, because these qualities are acting in their feeling world. That is why violence of any kind—whether it is in you individually, or whether it is in groups of people, or a nation—opens mankind to the full force of all the

destructive element which has been generated by mankind through the ages!

Do you not see how absolutely mathematically it acts? That is why agitators never do any good in the World! On the other hand, they do extreme harm; and there is no human being who is an agitator of any kind, who is not a claw of the sinister force—remember that! Therefore, in your individual work, oh, I plead with you, do not be concerned what another human being is doing! Just keep calling on the Law of Forgiveness for all mankind, pour forth Divine Love and Blessing to all, and call your "Mighty I AM Presence" to charge every one of mankind with the Qualities of Self-control and Power each needs, to cleanse and purify each individual's world. Then go on serenely in cleansing and purifying your own world. Look neither right nor left to what somebody else is doing, but just rejoice that you are able to serve in the Harmony of your Life! That is the only thing which counts!

As long as individuals allow themselves to be irritated and disturbed, they pour that forth instead of good and harmony which mankind require. I say to you in such Great Power, within everyone in human form is God's Great Good; and if they are left undisturbed, that Good will express itself always! How many times the Messenger has found people violently angry and disturbed, and when he laid his hand upon [illegible] the discord melted away at once. So

can you, if you will only train yourselves to be still in emergencies; and if someone speaks unkindly to you, just be still and know: "That is not my 'Presence'! That is but the human quality acting; therefore, it has no power to disturb me! It is just another mistake! So we call on the Law of Forgiveness for it, and call all Blessings upon that one, because he or she needs it!"

Oh, Beloved Ones, can't you see how responsible you are? Suppose ten of you in this room were in a group of people and one became agitated, violently critical; and the nine of you began to pour out condemnation and criticism upon that individual because he or she had momentarily yielded to it—don't you see how you would pile upon that one, ten times as much discord as that under which the individual was laboring? Maybe that one did not want to do it, but not understanding, momentarily responded to it. Therefore, if all will leap to the assistance of the other one who is having those difficulties, do you not see how all difficulties would be solved and the help given mankind?

Precious Hearts, FOR A MOMENT, think! Here, beating every one of your Hearts, is the Power of Light Perfection which can never be changed. In your Heart is the "Anchorage" of that Light, shall we call it for a simple expression. The end of that Stream of Light is anchored within your Heart! It is Perfection, and you are That! You really are, and whatever else

expresses does not belong to you! It is but a human quality somewhere which you contacted!

It is so magnificent! How simple and easy it is to govern all of your world of feeling and activity, if you understand the simplicity of it. It is not complicated, it is not difficult! So will you please feel that? Remember always, when something starts to disturb you: "How could that be disturbing, when here is this Great Purity of Light, which knows no such thing? Then this thing which is trying to act in me is a human quality from somewhere." Oh, do not locate it! Don't try to locate it, Dear Ones! You know the human has always thought, "It is not me, it is the other fellow"—but it is the human acting! Don't do that! You are the governor of your world, and you are so rapidly coming to that point where the clearness of your understanding will constantly keep you prompted.

I say to our blessed young people today: Precious Children of the Light, let Me clothe you in My Victory so you will always see your "Presence" clearly in your feeling, and let Its Great Powers flow through! Beloved Young People of Detroit and America, with the Understanding of your "I AM Presence," how to call It into action, and how to maintain Harmony in your feeling, your world can be one of beauty and successful achievement on whatever your attention is fixed, through an Invincible Power with which no conditions of the outer world can interfere. Just stand firm

and unyielding in the Light of your "Presence"!

Keep Loving Harmony in your feelings, and keep calling your "Mighty I AM Presence" into action; and ere long, that Great Power of Light will flow through with such a momentum of Power, there would not be the slightest thing in your world to reach your body to cause disturbance, or cause you to feel limitation of any kind! It is a Great Law of your Life! Remember, there is not one thing unusual in the Magnificence of Life, even to the Ascension! All of It is practical! It is as practical as anything in your physical world today! If you will look upon it in that manner, you will see how much easier it is to accept the Perfection of Life, as you go on. It is only something of human complication which thinks it is far off.

Do you not see, you cannot be separated from Life for a moment? Its Fullness and Power are always ready to flow forth in the outer world. It only requires complete Harmony in your feelings. Stop, of course, all human qualification—then everything is natural; and as you begin to find you can hold that Harmony, your joy is boundless!

Look at the Messenger! Dear Hearts, at one time he had a temper, I suppose surpassing most of you; and today not a thing of the outer world holds disturbance or causes him to have one moment's feeling of condemnation, criticism, or any other quality! Therefore, Beloved Ones, the only thing which ever

touches him yet, is if he thinks someone is in danger of failure. Then he is not able always to shut out that sadness. Even then, that is only momentarily acting, for he arises in the Power of Light and charges forth Its Mighty Victory of the Light to that individual who he knows is in danger.

Won't you do that also to your fellowman? Do not add to their burden under which they are already laboring, but call on the Law of Forgiveness. If they seem to have made mistakes, then call forth the Power of the "I AM Presence." Won't you all feel that? Now please hold this definitely—when you want to give assistance to a person in such a condition, remember your Call releases a Light Ray direct from your own Higher Mental Body to that individual! That Light Ray is the Power of Light-Substance which knows no resistance nor interference. It proceeds to render Its Service. Then you are humanly at rest and free. You cannot through the human do these things; but if you will make the Call from your outer self and always mentally picture the Light Ray going forth to render the Service, you will see how easy it is to keep your human opinions off the individual personality—and knowing the Light Ray which has gone forth is All-powerful to render Its Service, then everybody is at peace, rest, and ease!

Won't you do that in everything which confronts your Life in the future, and see how quickly such

peace, rest, and happiness will fill your world with success—because you cannot have success without Harmony maintained in your feeling world! Many times people rebel because they are apparently financially limited. Back in their Life Streams is the only cause. There must have been irritation and rebellion—maybe criticism and condemnation for one reason or another; and that quality is there pushing away from them the money supply they require.

In every case of that kind, if those blessed individuals would call the "I AM Presence" into action with great firmness, to charge Its Violet Consuming Flame through their bodies and worlds—especially their feeling worlds—with dynamic power to dissolve and consume whatever quality is repelling their supply, they would find things would begin to pour in, instead of being pushed away. It is the sure remedy to overcome the so-called financial limitations of any human being!

Beloved Ones, your love is so great, please do not blame anyone else ever again for anything whatever! Just please don't do it, and see how quickly your blessed world will come into Divine Order; and then you will see all the proof your Hearts require that your Freedom is at hand.

I trust your joy is as great as Mine today! I can't tell you how I love every one of you and all of our young people in America. *Mark you, I shall find some means of reaching our young people in the Tangible*

Form! I shall find some means of reaching them in great numbers, so their attention goes to their "I AM Presence" of Life, and be held there firmly! Since We have seen and found this response of mankind, do you think there is anything in the world We would not do to make this expand with Limitless Power? If We can go this far in the remedying of these conditions among mankind, then We can go on to the Complete Victory; and won't you all join Us in that Great Consciousness?

Oh, Our Hearts rejoice at the prospects in Europe and the Orient! Oh, Beloved Ones, with all the feeling of your "Mighty I AM Presence," pour forth a Call for the Complete Victory of Peace there! Do you know what it would mean if suddenly all war in Europe and the Orient would stop under this momentum which is gained? A Transformation almost inconceivable would take place in mankind, because you have the Great Power of the Cosmic Light surging forth at regular intervals now!

Strange is it not—I mean just to the human concept—how it has been so regulated. The Messengers knew nothing about it; the Staff knew nothing about it; and yet the beginning of these Classes has been so regulated by the Power of Light, that the opening of each Class will be a Greater Intensification in the release of this Great Cosmic Light! Beginning with this [illegible] there will be a Regular Impulse which will carry

on until the opening of the Shrine Class. It will be the most powerful Release of the Cosmic Light up to that time, and people from all over the World will be at the Shrine Class.

Now in closing I am going to say something to you, and don't misunderstand it please. Individuals who are financially able or can call to their "I AM Presence" and have the financial supply provided, when it is possible for them to come into the Radiance of these tremendous Classes, will never know until their Ascension what each Class means to them! We do not mean that people should feel they must attend all of the Classes of the Messengers, not at all; but where the Presence of Life provides the means and opens the way for you, it is the most Transcendent Blessing—and you will never know how much, until your Ascension.

Beloved Ones, I think I shall say just a word to the Staff. I am wondering in My Heart today if the beloved Staff realize the Sacred, Infinite Privilege which is theirs. I shall leave that to them. It is wonderful! It is wonderful, Dear Hearts; and they are precious ones, that Staff. They may not know it, but We know how precious they are. Therefore, so do We know how precious everyone is. You may not always realize that, but We never waver in that knowing, the certain consciousness of that, because We see only your Light! We do not see human mistakes, nor are We concerned

with them; but We see your Light and your Perfection always, and that Light which is really YOU—your Victory, My Victory in you, of the Light!

I thank you.

DISCOURSE IV

June 19, 1938

DENVER, COLORADO

SAINT GERMAIN

Beloved Students and friends of Denver, since the Mighty Victory holds the Quality of Victory and is able to convey It into your feeling world for your activity, I have asked Him to give the Dictation, for this is your need today!

I want to say to you how very grateful I am for the earnest, loyal sincerity with which you are carrying on; and remember, "I AM" Students and Group Leaders everywhere—you are not serving Me, you are not serving each other. You are serving the Light for your own Freedom! Please remember that! You are not serving the Messengers; you are serving the Light for your own Freedom, and that is what each one should feel in order to have the greatest results possible!

I cannot tell you how very great is My Gratitude for the wonderful, loving kindness and harmony which you have manifested to the Messengers, which has made their work so easy here, and made it possible for Us to do that which is beyond even Our fondest Imagination—and that is considerable!

Now as the Mighty Victory talks to you, will you

just with all the kindness and calm quiet of your beings, accept into your feeling world the Qualities which He wishes to establish there, to help you most rapidly on your way to Complete Freedom?

MIGHTY VICTORY

Beloved Students, in the Service which is being rendered mankind today and your position geographically, I think I should whet your appetites just a little bit. Do you know how close you might be to the City of Light to the Westward? I leave that with you to think it over! Do you know where that comes forth on Earth, it must be above a certain altitude? Now be careful—don't jump at conclusions; but it is very encouraging.

I say, you are fortunate in living in this altitude, as the Messenger stated to you, surrounded by vast acreage of country in which there is practically no human creation! Do you know what it represents to Us? It is as though you stood against the Great Wall of Light which lends Its Protecting Powers to you! Truly that is the case.

I say you have no idea, friends of the mountains, what is in those Magnificent Rockies today! You have heard of the Cave of Symbols and a few places, but I tell you within the heart of these mountains so near

you are things which would lift your Hearts forever to the Heights! One day you will find your great mines, which have been in operation and have produced such blessings for mankind—were only just the beginning. So I encourage you, Beloved People. If you love the mountains, if you love your financial freedom, pour out your love and blessings to the "I AM Presence" of Life and to all Nature! Then see what Nature will do for you!

Today there stands before mankind such Power and Speed for their Freedom, and We frankly admit that We are able to do infinitely more than We conceived —I mean considering the conditions which existed in mankind even six months ago. When We chose to come to the Royal Teton and make Our Homes there for two years or more to give this Assistance to mankind, you may be sure We saw the opportunity for the Victory of the Light for you and beloved mankind.

Did you understand fully what the Radiance from the Royal Teton and from the Cave of Symbols means to you, you would understand how great was your privilege and what Power you could call forth for yourselves and your city, to bring about and release that great Perfecting Activity!

You know it is not just an individual affair. While the final Great Perfecting Activity must come through individuals, yet you are working as one great body.

Let Me remind you again today, because it is very necessary. When the Divine Director asks the "I AM" Students throughout America to follow a certain routine, it means that makes each one—all Groups and "I AM" Students—one Great Body of Light, whose released energy from the human octave—from human bodies—is necessary for the Release and Activity of the Cosmic Light! As We are taking that up, expanding, intensifying, and amplifying It, you will see what that means for all of you.

Beloved Students, you might be very wise, but I do not think you are wiser than the Ascended Masters. I know the human in a great many kinds of whisperings in your ear, says, "You can formulate your own Decrees." Surely! and some go ahead and do it, but those are your words! That is not the same as the Ascended Masters' Words which are Cups that carry Their Qualities!

Allow Me to suggest that you be very careful. Isn't it strange how mankind just at moments, either through great enthusiasm or feeling, think they too can receive the same Great Power from their "Mighty I AM Presence," or think, "Why should I hold to those Decrees which the Ascended Masters have given? Why can't I rise up, straighten my spine, and receive some too?" Surely you can, but you are not Ascended Beings! Remember that! One day you will be, but you are not yet!

So be careful, Dear Hearts, in replacing the Ascended Masters' Words with yours. I know you see this! I know you feel it, and it is important, very important at this time! Is there anyone here who does not want the most rapid progress possible? If you do not follow that which They ask, how can you have the Greatest Achievement in the shortest time?

I am trying to be so practical with you today, so you comprehend and grasp these things which sometimes sound simple, but they are very vital in your Life! Very! I wanted to take you into My Garden today; but since these things are vitally important, We shall postpone that until another time.

It is wonderful, Beloved Ones, how mankind can just let go of disturbing conditions. They can be released and drop away like an old garment which was disturbing them. That is what happens when they come into the Knowledge of this Great Presence—the "Mighty I AM." It is True! Do not let this which I am going to say confuse you; but in the accumulations around you, sometimes you have really formed many dense garments. As your attention goes to the "I AM Presence" and this Light begins to release Itself in greater volume, one by one those garments let go and drop into the Violet Consuming Flame!

This Good Messenger before you, in his earlier experience, had vivid proof of this; for at that time, when he thought he had to draw the conditions off

from the bodies and the feeling world of the individual with his hands, he made many, many discoveries. Many times, as he drew his hands down over those bodies—not touching them—and he would draw off that substance, according to the conditions which existed would that substance be of very unpleasant colors. He did draw that off! While he did not understand the Unfed Flame or the Violet Consuming Flame then, yet he understood It as the Fire of God into which he threw that undesirable substance; and garment after garment was drawn away from individuals who were very ill—and when the last garment was drawn off, they arose well.

Now I wish to show you how you can handle the Substance of Light which some call the Universal Substance. We call It Self-luminous, Intelligent Substance! You can gather that, draw It forth, and spread It over a human form which is ill; and as that one absorbs It, he or she will arise well! How many times in your life, this life, have you been so ill at night, and awakened feeling wonderful in the morning? Sometimes you had a sudden illness in the day, and in a few hours you would be transformed and be strong and well again. How do you suppose that came about? Sometimes from your own Higher Mental Body was released this Self-luminous, Intelligent Substance which just enveloped the body; again, some one of the Ascended Masters seeing the need, projected a

Light Ray carrying this Substance, enfolded you in It—and the other substance was dissolved. That is how magnificent is your opportunity and your ability today, to cause to be dissolved everything which might limit or distress you, as you call forth these Light Rays.

As We have been rendering this Service to mankind and for the Nation, from the Royal Teton We project these Mighty Light Rays, carrying this Substance and Intelligence.

Beloved Ones, when you want to have peace, happiness, and rest, and have freedom to love your God as you please and adore It, if there seems to be obstruction in your way, call the "Mighty I AM Presence" to envelop any person, place, or condition in Its Mighty Radiance and dissolve the human qualities! It will do it, but don't doubt it when you ask it to be done. You sometimes do doubt in your feeling, when you don't know it intellectually. So watch and see that your feeling is responding to your Call every time.

Today, in Our Great Joy in ministering to mankind, We have found such response. If you could see Our Records and how many hundreds of centuries it has been since there was any perceptible response to Our Humble Efforts, then you would know why We often speak of Our Gratitude, each one of Us, in finding your response today.

Do you think that is just the response to Us? No,

of course not! In one sense it is, but the principal response is in the response to your own Life. It is that in which We want you to be firm and unyielding! We will give every Assistance, but We must have your attention to your own "Mighty I AM," first and always! Then afterwards you can make your Call to Us, if you like; but remember, We cannot allow you to begin to feel you can lean upon Us. You would not have your Freedom and We would do you an injury, because you would begin to lean again on something outside of your "I AM Presence"! It is because mankind have done this throughout the centuries that it has brought about all these limitations.

Observe the Messengers in this lifetime. They have achieved more Victory in four years than they did in all the other years together. Don't you see what it means in knowing the "I AM Presence" is there, by giving It your attention and in calling Its Mighty Intelligent Energy into action? If you see that result in three or four years, then what can be done in as many more? I want you to feel the encouragement of this.

Look upon the mechanical progress of mankind in the outer world progress in forty years. See the transformation which has taken place in your means of conveyance, for instance. When mechanical change and blessing in the speed of conveyance can take place in forty years, as it has with you—then how much greater would be the speed of the Power of Achievement of

the individual who has direct communication with the Greatest Power and Intelligence of Life? Do you not see, if you have made this great progress in one, two, three, or four years, what eight years would be—because every year will more than double the speed of achievement which you had in the beginning! That is the Power of momentum gained.

Never, Beloved Ones, forget the power of your attention. It will lift you to the Heights or pull you down to the depths. Don't let it be fixed and held upon destructive things of any kind; if you do—down you go! If you hold it, or turn it back again and again to the "I AM Presence," then you are constantly rising. Every time it begins to look too much out here, and begins to accept the appearance world, say: "Hold on! Stop that! Come back here where you belong!" You will soon become so alert that there will not be a moment when your attention becomes fixed on something out here which would pull something discordant into your world, that you would not be able to draw it back and put it here where it draws forth Perfection! *(pointing to the "Presence")*

I do not think you quite comprehend yet, that when you fix your attention upon discordant, destructive things out here, you pull that activity into your world and experience it—just as definitely as if you threw a lasso around it and pulled it surely and slowly in. It is your Life doing that! You do not want it to, but

because you have not understood, you have been compelling your Life to pull into your experience the undesirable things! Now let Us determine, let Us help you, if you will, to hold the determination never to do that thing again! You can face about any moment you determine to—because if you will, you can have the Full Power of your "I AM Presence" in your determination and strength to do it.

Why do you think you have strength in those physical bodies? How much strength would be there if Life suddenly withdrew? They would just collapse and lie there helpless. So the strength is not there; it flows in and through the body, but it is not generated there. I smile so many times as We move among the beloved Students, among mankind, thinking they have to eat and eat and eat to have strength in the body. Well of course habit has made it seem necessary, but what would that food do in the body without this Life taking care of it? You would soon get overloaded, wouldn't you?

Now this is very practical. Therefore, Beloved Ones, Life acts upon that food and withdraws the essence from it, or whatever is there. Some of it does not have so much, but do you know what the atomic structure of the body is? It is the density gathered about those Points of Light, which is in your stomach cells, and what do you think that does? That habit is not satisfied unless there is a certain amount of substance in

the stomach, regardless of what it is going to do there.

The Messengers and the Staff have found out that they do not eat one third of what they did, and yet they are stronger than they were before. I do not mean, Dear Ones, that until you grasp sufficient Fullness of the "Presence," that you could suddenly leave off two thirds of your food; but as your attention goes to the "Presence" and is held there, the Love, Wisdom, and Radiance of the "Presence" will cause you to do perfectly the things you should do. Then say, " 'Mighty I AM Presence'! cause me to do the Perfect Thing of the moment." Then you will be fulfilling constantly everything which is required; and as you are raised in vibratory action through your attention to the "I AM Presence," the undesirable things will surely and steadily drop away.

That is why We call your attention to these things, because if you will give obedience to this, you will find such Freedom in no time. The Great Energy, Strength, Power, and Courage comes from your "I AM Presence," because It is the Pure Essence of Life. Saint Germain used to very often first gather the Substance together, and then afterwards, precipitate the Elixir of Life—and It produces marvelous results! You today have the same Elixir of Life flowing into your bodies, exactly the same which He produced in outer Manifestation to mankind! They drank It and received the cleansing, purifying activity through the flesh structure!

I want so much to convey to you today that in all mankind's search for the Fountain of Youth, they had It all the time right here, in the "Presence" above them! In the earlier centuries, you have no idea how many hundreds of people sought the World over in search for the Fountain of Youth! Mark you, the transportation was not a fragment of what you have today; yet with all the hardship and privation, they sought and searched the World over for something which would give them Eternal Youth. Why did they do that? Because something in here *(pointing to the Heart)* knew It was attainable; but not having a clear enough concept of It, they thought they had to search outside.

For instance, many of you have read in the book called *She,* of where she stood in the Sacred Flame of God's Love and maintained Perfect Beauty and Health in her body for many, many centuries. That is no myth! Mankind think all these unusual things, so-called, are sometimes someone's imagination! Let Me tell you, the Great, Great Truth has been trying to find Its way to mankind all through the centuries; and now and then one who might be in sufficient attunement was inspired with Great Truth. But in most instances, they did not hold steady enough to get the Fullness of It; and before It was completed, their own human concepts intruded and the individuals did not know one from the other.

We can show you through many things, Magnificent Statements of the Law and Truth, but with them are mixed other things which are misleading! Therefore, in Saint Germain's "I AM" Activity, you will never find one word, one phrase which could in any way be misleading. It is the Statement of the Law—clear, definite, powerful, concise—that all may grasp and use! This is because the need of mankind today has been so great, it had to be done or they could not survive!

I say to you, have courage; do not let down for a moment on your Application! A few more Classes with the achievement as great or greater than this will change the whole affairs of America.

Now you think that you have been enjoying yourselves, and you have been greatly blessed, but what else do you think was being done while you were listening? Through the Great Currents of this Mighty Radiance, which was released for your Blessing, these Currents have been going forth everywhere! You do not see that. You do not see the current flow through the wires that gives you the light, but it is acting there. So it is with this. These Great Currents of Energy go forth everywhere!

Let Me remind you of one thing. I was in your midst the other day when the Messengers called your attention to the plague in India, which is becoming so far-reaching just now. What do you suppose happened

when you called for that Release of Power? Great Currents of Energy charged forth, coming from the physical octave, which the God Himalaya took up and projected into the plague condition! Watch the papers and see the change in a few days! The evidence is before you constantly. I invite you to watch and see how quickly that plague will subside!

The mass of mankind does not know what that means in the slightest. But, oh, how they could remedy everything in city, state, or nation with enough individuals together who would call for that which was required. Call to the "I AM Presence" of Life, and It will release those Mighty Currents! This is what occurs in the Assistance of the Ascended Masters, the Legion of Light, and the Great Cosmic Beings who take that up, amplify It, and hold It focused upon a given objective, until the thing is done for which you call!

How do you suppose the strikes were settled every place the Messengers have gone? Because they made the Call which was necessary to release the energy from the physical structure, which is the element the Ascended Masters required. The Ascended Masters took It up, amplified and projected It into their meeting places; and the strikers changed their minds.

It is a joyful thing to be able to have people change their minds because they want to! Do you see then, how all becomes a natural process? They might not

have known a few moments before, that they wanted to change their minds; but suddenly they had a desire to do it. That is how all things can be changed in the experience of the individual, as you call these Great Light Rays to take command in your world of action! Your "Mighty I AM Presence" holds those Mighty Currents of Light steady, amplified by the Great Ones; and the first thing you know, your world is moving in Perfect Harmony.

I saw the Messenger reading a letter just before he came down, and the lady who wrote it had been calling for help concerning the settling of an estate. Such chaos reigned and she was in such agony and distress. So the Messenger sent her a letter to calm herself, call the "Mighty I AM Presence" into action, and he would assist her. Her distress was so great because she was about to be deprived of much. He was quite sure everything would come into Divine Order, and Divine Justice reign—and later, behold, it did!

Dear Hearts, there is not one thing in the Life Activity before you where you cannot call this Great "I AM Presence" into action, to hold these Mighty Light Rays focused to bring Divine Justice and Order out of it, because not one of you wants anything but Divine Justice—not even for yourselves! You don't want all of mankind to be set aside for you—because when you call for Divine Justice to everyone concerned, then the Greatest and Fullest Power of Divine Justice will

act for you!

I prompt you upon this one point, for there are many in this room who need this Assistance and who can have It: Suppose injustice has been done in your world of activity and you want Divine Justice to take its place. How can you have Divine Justice start into action until you are willing to pour forth love and blessing upon all activity? If you will do that *now*, and call the "Mighty I AM Presence" and the Ascended Masters to see that Divine Order and Divine Justice are produced in your world, don't you see, you cannot be deprived of a single thing?

If in the past something which seemed to be yours seems to have gone away from you, how do you know that it might not be returned, its equivalent, or even something better? Do you not see Life owns all that is, and you are only custodian of what happens to be in your worlds? Do you not see that? Do you not see, then, why Life can produce for you the Fullness of all good things, if you will only realize It—*feel It deeply?*

Now remember, your Call to your "I AM Presence" releases the Infinite Power of the Universe into action, to produce the exact result for which you have called. It is imperative that you understand not to allow your attention to run hither and thither while this Infinite Power is in action! That does not mean you must concentrate on It or call every moment of the day; but

take at least five minutes one, two, three, four, or five times a day. If there is something vitally important, then hold the Full Focus of your attention upon the objective and its accomplishment, knowing that Divine Love, Wisdom, and Divine Justice are in action there, producing the perfect result!

My Dear People, there is not one thing which could not be immediately accomplished! Understand please, I ask you not to do it too long at one time. *The average person today cannot hold a powerful concentration of the attention very long; and do not do these things when you are extremely tired! Call the "I AM Presence" to replenish your energy before you make your Application! It would be the greatest thing for you if you would just do it in all these things which We have given to help you. You can say: " 'Mighty I AM Presence,' take command of this mind, body, and world of action! Charge forth Your Divine Order and Divine Justice into it! Hold It steady for constant action."* Well, do you think whatever has gone amiss in your world could bring privation or limitation to you, with such an "I AM" Decree of Power going forth to the Presence of Life?

Remember, what is It which is sending forth these Decrees? Oh, do you think it is just you physically? It could not be! It is your Life which is acting, and when you are speaking in the Name of the "Mighty I AM Presence," don't you see Its Power and Authority

are issuing these "I AM" Decrees for yourself or others? Then how could It fail? It could not do it!

These are simple things which you need to keep before you when you do your work or expect to have results—then they will gather a momentum powerfully! That is why I am utilizing this time today to remind you. The next time I have an opportunity, We shall take one of the most Wonderful Journeys you ever took in your Life—I promise you that—for Our Life for so many hundreds of centuries has only All-powerful, Invincible Victory!

When I look upon the action of mankind, I cannot conceive how it is possible for mankind to be so limited! I have not known what such a thing was in thousands of centuries, and of course, I now have the Full Divine Memory and have had for a long period! I have had the Full Divine Memory of everything which has ever been in My complete Life Stream; but fortunately from the beginning I was able to hold to the Great Presence of Life, the "Mighty I AM," with such Firmness that I never had to contend with in My Life Stream what humanity and many of Our people have had to overcome!

If you could only see the Perfection which is on the other Planets of your System! Oh, Dear Ones, in Our Homes on Venus, everything acts with such precision, such Divine Order; and our children ten and twelve years old naturally perform so-called miracles—or a

service equal to many of the unascended Masters on this Earth today! That is because Great Purity, Perfection, and Understanding of Life are there.

We do not require much of it, but We have some mechanical activity which would delight your Hearts. For instance, one thing I might call to your attention, since you have to deal with it so much in your present activity today; and that is concerning the publishing of books, magazines, and newspapers! Our mechanical inventions are so great that one simply speaks or talks into an instrument and it goes on in the action of printing and binding, and comes out a finished volume. That is the difference between your mechanics of today and the Perfection of the Planet Venus, which We use constantly there.

Be of good courage! Before in your America, there has been great Perfection, and with your assistance it will come again on a far higher octave than previously—at least three octaves higher! That means everything to you, Dear Ones! While you have not yet seen such Great, Great Activities, who of you shall tell Me what transformations would take place in your Life in the coming six months as you continue your great firm Application in your Calls to your Great Presence of Life? Oh, no one knows! I could tell many of you the marvelous things which are indicated; but if you should decide not to stand firm to your "I AM Presence," then I would have been a false prophet,

wouldn't I? So We are very cautious how We prophesy, but there are those who prophesy and don't feel so cautious! So be careful of prophets, and be careful of human suggestions which say to you: "You had better look out, you are in danger of an accident; your business will fail; you don't look so well today! Why, are you feeling ill? You look so pale"—and such things as that.

To any individual who says such things, if you are wise, you will say, "Just kindly run along"; and if he will not do it, kindly say it a little more firmly! Remember you are the guard over your world of action, as to what is going to take place there! Don't forget it, Dear Ones! If you will call your Higher Mental Bodies to stand guard, They will prompt you and give you the courage and strength to be firm enough to repel all destructive human suggestions of every kind!

Oh, don't you know that, Dear Hearts? Just think what you have been doing! You have welcomed discordant suggestions into your world by the armful when saying, "You cannot do this, you cannot do that—look out!" Well, you have looked out long enough—you should look up!

That is why, Beloved Ones, today I thank you for giving Me the opportunity to give you Assistance. How We love to give Assistance, when We have lived in that Great, Great Freedom and Perfection so long, knowing not one single thing to mar Our Worlds of

Action, not one single discord to cause a ripple upon Our World of Great Achievement or that which We wish to do! Then to be able to project into your world of action—into your feeling world—a Substance and Action which even your human cannot requalify, do you not think you are quite fortunate—because, Dear Ones, if mankind could not have this Assistance, there are very few who would be strong enough to stand up against the impact of human creation, to call forth the Power of the "Mighty I AM Presence" and hold their Protection long enough to win their Victory.

Therefore, remember and be grateful for all the Divine Director and the Mighty Astrea have been doing! Need I remind you that the Mighty Astrea with His Legions has taken so many discarnate entities out of the Earth and its atmosphere! It is one of the Greatest Services which could be rendered the Earth. Oh, how many of you have been cut free from entities who have been hovering about you, your whole lifetime!*

---

*Near the end of 1939 the Mighty Astrea, the Goddess of Light, and others of the Ascended Masters and Cosmic Beings took away all discarnate entities from the United States of America; and no more will ever be allowed to remain or enter here. Since then, they have taken all discarnate entities from the Three Americas; and all the "I AM" Student Body have been asked to keep decreeing for them to be taken away from all mankind, the Earth, and its atmosphere—until it is completely accomplished.

There are two kinds of entities: first, the discarnate entities, which are those who have cast off the physical body; second, there are the humanly created entities, which are the thought and feeling creation produced by destructive thoughts, feelings, spoken words, and acts—through hate, anger, jealousy, and

Call at least twice a day—it only takes you a few minutes—call earnestly and sincerely for the Mighty Astrea to send His Legions to take away, and into the Octave of Light, any and every entity who attempts to reach into your world or come about you! Then you will keep your world wholly free! Do not be afraid of those things; they have no power, unless they can throw fear over you.

I saw another letter the Messenger was reading this morning—one who had written him two years ago and did not like his answer; therefore kept right on refusing to follow his direction to act, and of course she still has the entity!

---

so on—by those who are in physical embodiment.

All individuals who pass out of the body, if they have been principally constructive in their desires, do not remain in the atmosphere of Earth but are taken by the Higher Mental Body and the Ascended Masters directly to the Octave of Light—which is that part of the Earth's atmosphere above all destructive vibratory action. This is not the Ascended Masters' Octave, but is simply the upper atmosphere of Earth where those who pass out of the body dwell between embodiments. There they rest for a time, absorb the results of the earth life, and receive Instruction from the Ascended Masters between embodiments, until they come into the lifetime, the physical embodiment, in which they receive the Ascended Masters' Conscious Understanding of the "Mighty I AM Presence" and begin to use this Law of the "I AM" to dissolve and consume all their discordant creations, limitations, mistakes, and problems—by the use of the Violet Consuming Flame! When that is accomplished, they are given Assistance by one or more of the Ascended Masters to accomplish the Victory of the Ascension! Once that is attained they never take on physical embodiment again.

Children who pass out of the body through so-called death, stay in the Octave of Light until they re-embody again.

When people sleep, the waking consciousness of the individual goes to the Octave of Light and receives Instruction while the physical body is being filled with energy—unless one experiences unpleasant or destructive sensations while the body sleeps. In that case, the waking consciousness does not get out of the lower atmosphere of Earth, but becomes caught in the destructive feelings and creations there.

I want you to know, after some unpleasant experience there are many people who have half hypnotized themselves by their own suggestions, and that is the reason why it sometimes requires considerable time to free them from those things! True enough, the entity who got hold of her twenty years ago had made life very miserable; but if she would only listen and understand what We say, take her stand and rise up, she could throw him off instantly—and having noticed that letter, I shall do some of the throwing Myself! After he is done away with, she is very apt to believe for some time that he is still there because of the feeling with which she has charged the atomic structure of her body.

That is why I explain these things and prompt you, so when you have called the Mighty Astrea to seize and bind the entities and take them away, you can be sure it has been done! After that, do not let your human self go on accepting there is something else around, because if you do, that very suggestion will sooner or later invite something else. It is in this Knowledge of the "Mighty I AM Presence" today that you are the Absolute Master of your world in your Call to your "Mighty I AM Presence"; and Beloved Ones, *please feel that!*

I am also very glad to find the "I AM" Students very good natured, so you don't mind if We run overtime a little. Today, let us feel this Eternal Rejoicing. I say

that with all the Earnestness of My Being; for there is not one thing which can touch your world that should cause you one moment's anxiety, when you once know this "I AM Presence," if you are quick and firm in calling It into action! No appearance, no condition can last any longer than you are calling your "Presence" into action to dissolve it, if it be undesirable!

I want you to feel that, and I am sure you do, for there has been great comprehension in this Class; and I want you to sustain it when the Messengers have gone on to Los Angeles. I think you do, but I just want to remind you that you will never find two beings in the human octave who will love you as they love you and will work incessantly for your Freedom as they do! We have watched over four years, and Beloved Ones, when We see the determination, the tenacity, the Unyielding Power they call forth to stand against human creation, it is a powerful thing! Sometimes We almost feel inclined to pick them up in Our Arms and take them where they can have a glorious rest, but they do not need it! Their joy in Service is unparalleled; and so We appreciate more than you can ever know, your love, your gratitude, and your blessings to them.

We too can say as you do: We love you! We love you! We love you! And in the Fullness of that Transcendent Power which is Ours to wield, with your obedience, We too can help you to free yourselves—just

as if you raised your hands like that, and if something were before you, in one sweep you could walk forth into the Glory and Freedom of your Life and Its Mighty Activity!

Remember, you are never alone! Henceforth, you have become a Great Army of Light, and your weapons are the Mighty Light Rays! Remember one thing more: Do not accept for one moment, because of some old occult ideas, that you had better be destroyed by something vicious than to destroy it! Well, if you are wise you will destroy it first. Now get this, Beloved Students: There are a lot of people who have been so imbued with the old ideas—"If something wants to destroy me, I will have to lie down and let it do it." Do not believe that for one second! You have your own Stream of Life to live, and if you allow something to cut it off, then you are to blame! Don't be afraid to repel destructive forces! Don't be afraid of calling for any destructive thing to be destroyed, blasted, and annihilated! Do that to destructive forces! If you don't, you won't be here long, I assure you!

That is the idea which has allowed mankind to meet such distress. In India today those blessed, blessed people—and the Great God Himalaya knows it well enough—that in their abstractness, the mass of them have become almost helpless in the physical octave! They long so much to sit the bodies down and go out

into Samadhi! Remember what the Great God Himalaya said to you in His Dictation: "The need of India today is to realize that they must call this Great Perfection in and through the physical body, and perfect the conditions of the outer world—or they will continue to re-embody century after century in the same conditions"!

That is why the World is in its distress today! Beloved Ones, in this Magnificent Understanding of the "I AM" which Saint Germain has brought forth, there is nothing which will ever touch It throughout the centuries, because It is teaching mankind to bring about Perfection and raise the physical structure into that Perfection which is an Eternal Thing! You might sit in Samadhi for centuries and you would still be there, because you have not drawn forth Its Perfect Activity in and through the physical body! That is what must be done—because that is where you have willfully brought forth the limitations! Therefore, don't be misled by these conditions which exist in the outer world! Unless you will arise in the Power of your "Mighty I AM Presence," you will remain in limitations!

Therefore, I say to you today: Arise! Awake! O Children of the Light, and enter into the Fullness of Its Glory, Its Perfection, Its Dominion; and have It manifest in and through your physical bodies! Then raise the Purified Structure into the Glories of Light,

the "Mighty I AM," and be Free in the Power of Its Light and Dominion forever!

I thank you.

DISCOURSE V

September 15, 1938

SEATTLE, WASHINGTON

Tonight, oh, Beloved Ones of Seattle and elsewhere, I greet you in the Name and Power of Life! I greet you in the Name of My Victory—Its Power and Its Action, charged into your world to hold Its Dominion there to sustain you until that day when, with that Great Eternal Smile of Happiness upon your face, you feel the Full Power and Victory of Life within you and your world of action.

Oh, there is no thing in all the world so wonderful as to feel the Glory, the Victory of Life! My Victory is the Victory of Life! Tonight, as I have charged into your feeling world that Mighty Quality of My own, making you a part of Myself, then you will want to do everything within your power, I am sure, to keep harmonized and call with firm determination to your "I AM Presence" to have Its Perfection manifest in your world. As you do that, remember, at every Call there is always a Current of Light and Energy drawn forth from My World to bless, sustain, and give you My Assistance to your Victory in the Light; to your Victory over human limitations, human qualities—

transforming them into the Victory of the Light!

As you are entering into this Class, and with this Opportunity tonight which is Mine to so charge you and prepare you for this Great Release which will come beginning tomorrow—really it begins at twelve o'clock tonight—you will feel the Full Glory and Blessing which is yours!

Beloved Students, tonight, try to feel and dismiss forever from your feeling world any consciousness or feeling that We are unreal! We are just as Tangible as you are! But because—in Our Octave which is of so much more rapid vibration—your physical sight does not see Us, does not alter Our Tangibility! Remember, of all Powers which act to bless mankind, the greatest of all which ever have been, are invisible! Yet you accept them for the great Benefit which they release into your Life, but you take so much for granted!

It would be just as easy for any one of you—for it is quite simple—to turn out these lights and turn the Current of the Cosmic Key to flood the room with Light. We do it constantly! We do not require any artificial light or fixtures! Therefore, Our Power is so much greater than that which is generated by your electric generators, or whatever gives you power here. It is quite wonderful that you have these outer means to produce light and the convenience which you have today, although they be artificial; but you can have

so much greater Power of Light, without any artificial activity whatsoever!

Why is it that you require these artificial lights in the room to give you light, comfort, and heat? Now this sounds rather severe, but it is because mankind has become so artificial within themselves! They have so far forgotten the Great Reality that almost all their activity is limited and artificial! Observe here *(pointing to the Chart)*, Beloved Ones! This Ray of Light, before It touches your head, has all the Power in the Universe! Now, because of your lack of acknowledgment and acceptance of sufficient Harmony to allow It to flow, you have come to believe that the Life which is acting through your body is limited, because of your power of qualification; but It is not!

Of course, you do have power to limit Its Flow by the disturbance in your feeling world, but that is not the fault of Life! That is the fault of those who have forgotten the Powers of Life, the "Mighty I AM Presence"—not knowing it is necessary to keep Harmony and make the determined Call! Notice! I say definitely, "the determined Call"; for the average individual does need to make that determined Call at first, because of the great accumulation about each one!

Try to feel this, as I speak these Words to you. The difference between your feeling this morning and your feeling tonight, as I am talking to you, is tremendous, even since I began talking! Necessarily the vibratory

action in the room must be greatly intensified when I flash the Words to the Messenger and he reads them to you! That is My Vibratory Action going forth into the room! Therefore, the condition of the vibratory action of your feeling world at ten o'clock this morning and at this time now, is vastly different!

Now then, when you are raised in your vibratory action at a time like this when We are pouring forth Our Radiation, you can hold and sustain that, Dear Ones, indefinitely! Won't you feel It, and hold It so determined that you can hold yourselves continually in this Vibratory Action to which you are raised tonight? You perhaps do not see any particular change in the outer, and sometimes not even in your feeling; but My Dear Ones, the change is there, because the activity in your acknowledgment of the "I AM Presence" has to come from within out. Whatever is done must clear your feeling world; so the outpicturing comes naturally and normally, because that will never do anything of an abnormal nature to you or for you.

You may be sure what Life does for you, will come through a natural and normal process. Even the Currents of Energy which I release into your feeling world are a Perfectly Natural Action of Life! To one who does not think along the Higher Ideals, that one might think this sounds rather unnatural, or sounds rather peculiar—but why? You do not see the currents of

energy bringing this electric light to you tonight, but you accept it! You do not see Me perhaps, but why can you not accept Me as readily as the current which brings your electric light to you? Is there anything more unusual about that? Not a thing in the world!

I want you to feel how Natural We are, how Natural Life is, and how Natural is even the Higher Attainment of Life! It is a perfectly natural, normal thing! There is not one single thing about it which is not. Don't let yourself feel, because an Ascended Being is present, that there is something abnormal about it! There is not in the slightest a thing abnormal.

When you want to get the Real, Glorious, Natural Feeling of the Great Ones and the Great Laws of Life, turn your attention to Rex, Bob, Nada, and Pearl, who so recently stood here in physical bodies like your own, and think about Them! That is not imagination, Beloved Ones! Those children were real, right out here in the outer world; and Bob was a mining engineer. Those children were real and had physical bodies, yet today They are Free forever! Try to feel the Reality of that! The individual who says that is not true and cannot be, is most unfortunate indeed. If you who want to be Free, if you want the Light and want the Truth, don't listen to things that bring disturbance or discouragement into your world! Be firm! Do not

let people talk silly nonsense to you!

Beloved Ones, let Me tell you something important tonight! There is not one of you in this room, in the acknowledgment of your "I AM Presence," who could not walk within the radiation of a raging mob, and by Absolute Fearlessness, call the Power of Life forth which would silence every one of them on the spot! You must FEEL the Power of Life! You must FEEL Its Dominion to govern every condition in the outer world, in your homes, and in your world of activity. You don't have to be unkind about it, but you can be so firm that the Power of Life releases Its Mighty Energy so there is no opposition to It.

Human creation does not have any power before the Power and Presence of Light and Life, which are really one and the same. Therefore remember, Beloved Ones, when you are calling this Great "I AM Presence" into action in your world, you are calling the Balanced Activity and Power of Life—Love, Wisdom, and Power—which is the Mighty Focus of God, the "Mighty I AM Presence," at your point in the Universe; and there is no power to resist It! There is no power to override It, so long as you keep calling It forth! Your world is the action of It! You as an individual must call It forth; and whatever is going on around you, has nothing to do with your Victory, has nothing to do with that which you admit into your world in the Name of Life!

Therefore, no person, place, or condition has any power over your "Mighty I AM Presence," if you but knew it! As you stand silent, calm, and firm in your Call to the "Presence," and Its Mighty Current surges through your body and out into your world of action, It is the Commanding Presence of Life! You must feel that, Beloved Ones! Then you can be Free so quickly from any limiting conditions of any kind!

I know what you have to face in the outer world. We quite often see conditions which arise among friends and in the homes of those who want the Light! Suppose there is only one in the family who accepts this Light and wants Its Great Freedom, and the others oppose that one. If such be the case, don't talk about it! Just silently, in the Full Power of your "I AM Presence," feel Its Mighty Currents of Light and Energy either flow into your body and out into your world —or direct from the "Presence" into your home and the world around you! Command It to silence all human qualities and hold Divine Harmony and Divine Order there, so all may have the blessing which Life wishes to give, because you as one in that home have God Right and Authority to demand Light and Freedom! There is no group of human beings on Earth who has the right to deny you your desire for Light and Freedom!

That does not mean people should be unkind to each other; but I tell you, Beloved Ones, when you

are silent and refuse to discuss the Great Law with those who wish to criticize It, and then stand in great calm firmness, they will be compelled to let you alone! If they want to argue with you, just simply say: "We will not argue this point! If you do not care for the Light, then be quiet"; and I tell you that Power of Light will go forth through you, which will silence all such qualities and make those people so ashamed, they will not try to interfere! I want you to feel that Power tonight because in the coming times ahead, every one of the "I AM" Students will want to know and be so firmly anchored in his or her own Great "Presence," that each one can render such Great Service—because all will be called upon to do it.

Changes are coming! There is no question about it; but I firmly believe that before the Great Changes come within the Earth, still greater changes will come within the feeling world of mankind! It must come with the demand which is being made by nearly six hundred thousand today! How can Life fail? How can the Cosmic Light fail to come forth and give Its Assistance?

I want you to feel tonight, Beloved Ones, that your Wondrous Goddess of Liberty, that Wondrous Cosmic Being, has watched over America with Saint Germain for all these years—more than two hundred years! Do you think those Great Cosmic Beings give time and energy unless They think They see an opportunity to

render mankind a great lasting Service? Today, you sometimes become discouraged at a few disappointments. Remember that Saint Germain for four hundred years has worked for the Freedom of Europe; and still today, when there looks like little chance of restoring the Victory of the Light, He is working on with a Determination that the Light shall yet rule in Europe as well as America! *(applause)*

Fortunately, Beloved Students, there are many, many, many of the "I AM" Students who are now at the point where they can come forth and give tremendous assistance through their Higher Mental Bodies, in the requirements of today! Some of you who do not retain the memory of it on awakening, would be so astonished if you knew what you had done and accomplished during the night! Never in the history of mankind has so much been accomplished by individuals still embodied, as is being accomplished every night by the Students of the "Mighty I AM Presence." It is a magnificent thing!

We seldom touch upon it, but I want you to have the Encouragement tonight; for many of you here are giving Great Assistance while your bodies sleep at night! Since I have called your attention to it, just give praise and thanks and no further thought to it! Of course, you all understand that when you speak to your "Mighty I AM Presence," It is your Higher Mental Body who hears, understands, and answers, because

your "Presence" has provided your Higher Mental Body which knows both conditions. Therefore, when you understand that, when you are preparing for sleep, say: "Now, 'Mighty I AM Presence,' tonight, while this body sleeps, see that I render the Greatest Service of which I am capable, through my Higher Mental Body."

I say to the Staff, because We have not mentioned this particular point before: In your opening Decrees in the Classes, when you speak of the Mighty Legions of Light moving across the face of the Earth, do you know that many of you have joined that Legion of Light; and while your bodies sleep, you are rendering your Service in the Great Army of Light? When It moves across the face of the Earth, you are rendering a Service the human could scarcely comprehend, even today!

Realize that all these Perfecting Activities come from within out, and it is the same with national and international activities. *It is the feeling world of mankind which must be governed and through which all things must act!* Therefore, as this Great Activity goes on within, one day when the outpicturing really begins, you will see what it has meant.

Today, in the conditions in the world of industry, the Service of the Light needs to be given! The conditions here in your blessed city need Great Light! It is really a beautiful city with so much water around

you. When the Messengers came to your city the first time, you will never know the danger which filled and surrounded your city! Today, you are steadily and surely being freed from every vestige of the danger which threatened you then!

Oh, it is so beautiful, it is so wonderful to see how all destructive forces of mankind can be dissolved and dissipated by sufficient Call to the Powers of Light! Those Powers of Light are of course your "Mighty I AM Presence." You see the evidence before you! The communistic control has been erased from your city; and the little which still remains will vanish, because mankind are awakening! They are awakening in the Strength and Courage of their own Power of Light; and in It, they are not afraid of what another human being shall do to them.

All over America and even in the seething vortex of Europe today, there are arising strong and mighty individuals! Never cease your Call, Beloved Ones, for Ascended Master Friends to be raised up everywhere to bless you! Don't fail to make that Call, because mankind needs it.

You do have the Greatest Friends in the World in the Ascended Masters, the Legions of Light, and the Cosmic Beings! Do you know, Beloved Ones, how gloriously Saint Germain, the Goddess of Liberty, and the Goddess of Light have drawn the Powers of Light to your America? The Goddess of Liberty has interceded

with the Heart of the Great Central Sun for the Freedom of America—because once that is established, then the Freedom of the Earth must come! It is the only place on Earth where there is a hope for It to be established, so It may be spread to the rest of the Earth!

You do not realize, Beloved Ones, what it means to live in a land and country which has been drenched with human blood! You cannot realize what that means, and We shan't attempt to have you; but just remember, your America has had the least of it, of any nation of Earth, and for a long period! You perhaps do not quite understand that. I cannot take the time tonight to go into the explanation, but for a long period your North America has had comparatively little bloodshed. The whole World is awakening with a speed and power which delights Us very much; and there will come a fearlessness which, ere long, will not tolerate a dictator on the face of this Earth! *(applause)*

Ere long, the Great Cosmic Light will replace all that for the people of Earth because the Light will take Its Dominion, and then all the feeling world of mankind will become One in the Harmony and Action of Life.

Try to realize what it means when two, three, four, or perhaps more individuals send millions of people to death, so-called—you know there is no death; but

I mean the activity which takes them out of their physical bodies, and cuts short their span which Life had intended for their Light's expansion!

Do you not see, Beloved Ones, how mankind has been hypnotized by the vicious, devilish fiendishness of those dominating individuals among mankind! How do they do it?

Oh, Dear Ones, all that viciousness is not in the form of such individuals, or in that which they have accumulated—don't you see? It cannot be—but it is in the force focused upon them, which makes them all a hypnotic power to carry mankind—millions—into the vortex of their vicious, devilish destruction! That time must pass, Beloved Ones, with the speed of lightning, until mankind will no longer tolerate such a thing! Why should they?

The Students of the "Mighty I AM Presence" today are becoming a Power on the face of this Earth *(applause)*; and if everyone, I mean every "I AM" Student in America, realized this night the Power which is within each one's own Scepter of Dominion in the acknowledgment of their "Presence," what a Transformation would take place in ninety days! You are really rendering an Enormous Service in these Mighty "I AM" Decrees, which are constantly going forth in all parts of America—for which We are deeply, deeply grateful; but as each one arises more and more into the Full Feeling of the Power of their Great Presence

of Life, which they can call forth and release into action, then how much more quickly will come a change among all mankind which all wish to see! That is coming!

Since the Messengers were in New York, Beloved Ones, the change has been so tremendous within America that We sometimes stand amazed Ourselves —because the earnestness of the great number of "I AM" Students has become so great, and the constant Release of the Cosmic Light is strengthening every one of you, giving you Assistance which as yet you little comprehend. Then the Divine Director suddenly determined to release an added Power!

You have all of course known of the ancient armor and the various physical means of protection against outer destructive conditions. Well, times have changed, and are changing so tremendously and with such speed! Remember, the Divine Director is a Mighty Authority; and when He sees the time has arrived to release into the feeling world of the "I AM" Students, or individuals, this Power which makes them Invincible against human suggestions, against entities, and against black magicians, then He has started to render a Service to the Earth which will find Its Dominion with the Power of Lightning! That is what is being done, Beloved Ones, to all the "I AM" Students whom He sees are sincere! He is releasing that Power of Liquid Light into their feeling world, which

makes them Invincible against human suggestions, against entities attaching themselves to their worlds, and against the influence of black magicians!

Oh, Beloved People, I know the Western World sometimes thinks that sounds like silly nonsense, to speak of black magicians. Well, let Me tell you, there are thousands and thousands in America today who have been prevented from attaining success and happiness because of those vicious creatures who failed on the Pathway of Life and are determined that mankind shall not go Free! That condition exists! Those creatures have been cunning enough to seldom show themselves or let anything be felt except their tragic influence; but today they are losing their power, and they know that their day is finished! *(applause)**

Is it not the most wonderful thing on the face of the Earth to find those Great Beings of Great Power, Wisdom, and Light, who are willing to render Constant Service to the Earth? Oh, My Dear People, if your Beloved Saint Germain had not brought this "I AM" Activity forth at the time He did, your America would be in the same condition as Europe today! You would not be sitting here in the comfort of your own home with even as much peace as exists today.

There are plenty of things to be corrected in

---

*Remember all black magicians were seized and taken from the Earth at the close of 1938, and all discarnates from the Americas were removed at the same time! No more will ever be allowed to enter or remain here.

America, but the condition here is Angelic in comparison to what is existing in Europe and the Orient today. Don't be fooled, Precious People, because the destructive forces are preventing everything possible coming forth concerning the actual condition which exists there. Russia, Germany, and Italy are nations imprisoned today! They cannot move; they do not know one moment's Freedom! Therefore, Dear People, do not be deceived! That is what the communists wanted to bring into America!

Oh, understand Me, when I speak of those people, I am speaking of their agitators and those people who were sent here from Russia and Europe to spread that nefarious thing—for what? To destroy mankind! The mass of the people do not know what is intended by the communists! There are many wonderful people who think themselves communists, but that is because they have been deceived and misled by the false promises! When I am speaking about the communists, I mean those people who are vicious in the extreme! Those agitators who come among you, Dear People, care no more for you than the rats in a cellar! Remember that! They are using the opportunity to leach off every source of supply from unsuspecting mankind, and to feather their own nests and fill their pockets with money which they send to Europe to put forth further destruction.

If the people of America knew the money which

has been gathered by these communists and sent to buy ammunition to destroy mankind, they would rise as one body and destroy every one of them in America this hour. *(applause)* The communists do not know what to make of the Light which is interrupting their activities. They realize their every move and feeling is becoming known, and it will become more and more so!

Humanity and the people of America shall not be preyed upon by these vultures in human form, and they shall not deprive these innocent people in this Country. The strike agitators take the money and food away from the people and their precious families, because of the vicious, lying promises made to them! Those agitators know it, but the unfortunate individuals who believe them, don't know it! That is the pitiful thing about your blessed people today!

Be of good courage! This Power of Light and these Mighty "I AM" Decrees are going forth in the mental and feeling world of mankind, and are awakening the people as you cannot imagine, even yet, to the realization of what is going on about them! The power of these destructive individuals is growing less every hour! You have heard that evil destroys itself—particularly so when mankind begin to understand how to call the Power of Light into action; then they can no longer hide their nefarious intentions!

Oh, My Dear People, in your cities, in all large cities

of America, there are spies today who would cut your throat as quick as to look at you; but since the statement was made in Boston through the Messengers of what has been going on, that thing has spread all over the Earth. Those individuals, as soon as they have lost their dominion, are filled with the most frightful fear. You take those people who want to destroy millions of people, and bring them up to face death, and you will see the pallor of fear blanch every cell of their bodies! All of those agitators are filled with fear, and they run their bluff of dominion over people who fear them!

Therefore, Beloved Ones, understand that your Power, your Call to the "I AM" Light is stronger than a regiment of individuals who want to do wrong! Will you please bear that in mind? Your individual Calls to the Powers of Light release a Power which is greater than a regiment of humanity intent upon destruction. I want you to feel that and know why your Decrees have been so magnificent and so imperative at this time.

Do you realize, Beloved Students, that if it had not been for the "I AM" Decrees issued by the Great Groups of "I AM" Students all over America, much of what We have accomplished would have been absolutely impossible? I want you to feel how great a part you are of this Great "I AM" Activity and Protection of America and yourselves, for it is necessary to hold

it! It is very necessary! If there had not been the requirement for the Call of mankind, present conditions in the World would never have been; but when mankind see that in all the prayers and all the Calls which have gone forth through the centuries, they have not rendered the service, then there has been something missing—when all that has gone forth in the past has not produced the results required to save the mass of mankind!

If you come into the employment of an individual, he expects you to produce certain results, or out you go! Well, that is exactly what the Great Cosmic Law has said to mankind today: "You have had centuries to produce results and you have not produced them." Now, We are showing you once again that by which you can produce exact mathematical results! If you do not take hold and use It, then the fault is yours! That is where the World stands today!

The Open Doorway of Freedom for mankind, is here in the Understanding of the "Mighty I AM Presence"; and there is not one thing in this "I AM" Understanding, the experience of the Messengers, or anything which is wrong in these magnificent Books! There is not a thing which any person on the face of this Earth could not accept, or which would interfere with anyone else's religious ideas, if individuals would look upon It as Life, which It is! It is the fanaticism of mankind who look to channels for Freedom—

instead they should be using the Light of the "I AM"! Otherwise they are making a grave mistake! Could you see, could you believe, how many, many activities start with a firm, magnificent intent to bless mankind, and then have been used for destructive purposes, you would be amazed! Many have been seized upon, distorted, and turned into cunning destruction; and when recently some of those activities were revealed, the people were amazed.

When the Messenger told the people the first time he made the trip around America, that these experiences were True, and that these Great Beings knew everything which was going on among mankind, the people did not believe it! There were only a few who accepted the Truth; but when these things were revealed, their nefarious activities stopped, and then it was openly spoken of so the whole World might know it, those individuals saw! They not only saw, but experienced the physical activities of some of those things; then they had to believe! They will believe more and more of what the Great Beings of Light will do for the people of Earth who are sincere.

Dear Ones, this Mighty Instruction of the "I AM" has been no idle imagination of anyone! This is a Great Reality which is going forth in the Final Effort to save mankind! I, for one, believe firmly that mankind are going to give the response which will make the Victory forever complete! I know the human so often

forgets, but try to keep this Idea firm in your consciousness; and if you do not do it otherwise, just make a little note of it and place it in your room, where you keep yourselves reminded.

Every Call you make to your "I AM Presence" is a Power released into your world for your Freedom, for your Victory, for your Ascension! There is no power in your world or around your world which can oppose It but yourself. Now whatever step is gained in your Call to the "I AM Presence," every particle of Freedom and Victory over limitation, is permanently sustained! You cannot go back in whatever is achieved in your Call to the "Presence." That is vastly different from anything else ever thought of by mankind!

Mankind in the previous metaphysical understanding could forge ahead for a while; and then something would trip them up, and down they went and back they went! Not so in this Understanding of the "Mighty I AM Presence"! Everything you gain in your Call to your "Mighty I AM Presence" becomes an Eternal Thing in your Life and your Life Stream—and it is Natural! Therefore, you cannot go back! You must hold permanently whatever is attained!

Therefore, as you go on in your Mighty "I AM" Calls, oh, please do not look for some astounding manifestation at your Call! Just go on with the greatest joy in your Call to the "I AM Presence" of Life, and let Its Great Wisdom govern all activities! Then

you will find so much more than you ever dreamed of taking place in your Life! *Sometimes when you fix too firmly and strongly upon the objective, you get into the objective instead of the "Presence," and you either miss your Victory or delay it!* Therefore, just with a great joy of Application, keep calling and calling your "Presence" into action, and let Its Great Wisdom govern all else. Then you will find as you keep charging, there will not be one thing denied you!

Since I mentioned this, We have observed the Messenger in every Class in the beginning of it, urges the "I AM" Students everywhere, before they retire at night, to call to the "Presence" to charge their feeling world, their physical bodies with the Intelligence, the Energy, and the Powers of the "Presence"; then do it again on arising in the morning—but people forget to do it! They wake up in the morning and they think: "Oh, Dear, how I feel! Oh, I should like to sleep ten minutes longer or half an hour longer. Oh, why do I have to go to work at this time in the morning?" Yet here before them is the "I AM Presence" which would answer their Calls at night, and charge their bodies with the Limitless Currents of Strength and Energy and Power! Then when they awakened in the morning, they would feel refreshed, happy, and glad to get up to use that energy.

As long as you think of work, Precious Ones, you will be tired! Do you know there really is no such thing

as work? You have made the mistake by so qualifying it; but after all, there is only Service to be rendered to Life! What do you suppose you are doing here in these physical bodies? You did not just happen to be there! You are quite inclined to think you need three meals a day, a comfortable place to sleep, and all that! True, you are entitled to it; but instead of that, you are here to render a Service to Life which gives you your Eternal Freedom! Isn't that a wonderful thing? Isn't that something to think about, rather than the drudgery, work, and idea that you are serving something outside of yourself—when every effort you make, if you really understood this Law, is serving your own Life.

Oh, what a change, what a magnificent thing, and how different you would all feel when you awaken, to remember that you were serving your own Precious Life and striving toward your Freedom through it. I know that ere long the great change will come in the consciousness and feeling of mankind, so they realize and understand that everything they do is the Service to their own Life for their Freedom; and in what a magnificent World you will then find yourselves living! Oh, regardless of the appearance, there is everything in the world about which to be encouraged and strengthened.

We feel such rejoicing, and your Beloved Saint Germain rejoices so greatly. He has been doing such

Tremendous Work in Europe. He just returned a few moments ago, and I extend to you His Love and Greetings. When you remember constantly the admonition so wonderfully given—that you are not to give power to the appearance world, and you must know that all human creation has no power—you will reach your Mastery!

My Dear People, would you consider for a moment what you do, by constantly—just twice a day for two or three minutes—calling your "Presence" to charge your world. Say: " 'Mighty I AM Presence,' charge into my feeling world the Full Power of Your Feeling, so when I issue the Decree that 'all human creation has no power,' It charges into my world instantly and reaches out with such Power that, so far as my own activities are concerned, there is not one thing in human creation which has power to touch my world or that I feel it." You would soon have such a Momentum going, that everything which touched your world would have to come into Harmony with it!

You see, Dear Ones, the Power is yours! The Power is in that Stream of Life which beats your Heart, in every one of you; and you must accept It! You must call It forth into action to have Its Blessing. It won't act to sustain Life, unless you do call.

Dear Ones, I have seen a certain condition a number of times within the past two months, and I speak of this so you may see and understand the Power which

can be called forth and charged into your feeling world! I have observed when the Messenger comes into the presence of certain individuals, their bodies tremble all over, because there were certain conditions in their feeling worlds which know instantly that he knows what is there. Day before yesterday, he went into one of your stores here to purchase a little trifle, and the individual's hand who waited on him shook so he could hardly handle the article. The individual did not know why that was, but it occurred because that Power or Radiation went forth to dissolve the discord and bless him!

Now, Dear Ones, Life will answer you every time! You can so charge your world with the Power of the "Mighty I AM Presence," that Its Great Harmony flows out and compels obedience wherever It moves. It has to do it. Life is the Dominion of Earth, when given attention and the opportunity to exercise that Power. All humanity's accumulation and human creation has no power against that God Dominion, or against the individual, when once he or she knows that; but if individuals not knowing the "Presence" keep accepting the power of outer appearances to disturb, limit, or deprive them, then they are giving power to the appearance which does it—the appearance itself could not!

Remember the thing the Messenger has said so often recently, as to why it is so necessary to keep your

attention off discordant, limiting things! When your attention, your vision, is fixed upon some discordant or limiting thing in the outer world, your Life through your attention feeding into that, brings it right back into your world for action! Then, don't you see how —unless you withdraw your attention from limiting, discordant things and discordant people—you will bring back the very things into your world which your attention accepts! That is why the old statement so long given is so True and Powerful—"Where your attention is, there you are; and what your attention is upon, you become." There never was a truer thing in the wide world, because the very force of Life compels it. If you want to give your attention to things, you must expect to handle them, because you invite them to come into your world and act!

You see, Dear Ones, there is no use fooling yourselves—may I use your expression, "kidding" yourselves—that such and such is not true just because you do not want to believe it or you do not want it to be true in your world—because the Law acts unerringly! *If you feed your Life into something limiting or disturbing, you must expect to have it act! Since the Messenger understood that, the moment something out here is the slightest bit discordant or limiting, he says: "Hold on! Don't you accept that into my world here! 'Mighty I AM Presence,' see that it is cut off." Then, it does not feed back through the attention.*

You can govern all such things and can look upon a thing without accepting it, but you have got to be CONSCIOUSLY AWARE OF IT.

That is why mankind have believed God would act for them independently! Well God does not do it! You are given Free Will, and you are the decreer of how the Currents of Energy and your Life are going to act in your world! Unless you understand that and control it, you won't have your Freedom!

That is why, tonight, My Joy is very great in having this opportunity to talk to you and tell you, whether you need it or not, how great is Our Love for you; and how We stand back of you when We see you are loyal and determined to the Light! Oh, you can be sure you are never alone, Beloved Ones! You are never left unguarded; but if individuals find things in their Life experience which are not in keeping with their desire for Harmony and Happiness, and they keep going back and contacting, and contacting, and contacting those things, how can they hope to be Free? You must be strong enough, Dear People, to shut off the thing which has been disturbing you!

Now, your Call to the "I AM Presence" will so establish about you Its Armor of Protection, that you can be kept Free from all those things! Don't let your human limit you or make you believe because a condition exists about you, that you have longer to submit to it! You do not have to make any outward tragic

activity in releasing yourselves; but in a great calm, firm, determined calling of the "I AM Presence" into action, you will find those conditions will dissolve around you, just as surely as I am telling you!

I ask you to begin now to charge yourselves with the clear, full, and complete Comprehension of all which is given in the Class; and that you hold It forever sustained with Its Almighty Power of Action for your Mighty Directing Intelligence, your Invincible Protection, your Limitless Supply of money, and all else required!

Now, Beloved Ones, just one more word before I go. I know the conditions which exist in your World today, and the mass pressure of mankind which affects a great many people; but you do not have to let it in! You, in the knowledge of your "Mighty I AM Presence," do not have to be deprived of the money you require to use! Your "I AM Presence" is the Treasure House for you and your world, and when you call to your "Presence"—and you will hear this repeated a number of times in this Class—when you call to your "Mighty I AM Presence" for your money supply, remember that your "I AM Presence" is your Treasure House, just as tangible as if It held a chest of gold visible in your hands before you!

Now understand how this acts! In your Call to the "Presence," Its Love, Wisdom, and Power go into action in the physical octave about you, to bring about

the conditions necessary for the Harmonious Release of the money supply you require. After all, no human being owns anything in this World! You cannot take it with you, you see? Those who pass through so-called death may have millions, but they cannot take that money with them! Therefore, they were only custodians of it! Oh, let us look at these things so sensibly, so naturally, so we get the full import of all they mean!

Take the great number of "I AM" Students today: if they but realized it, in the Call to the "Presence" as their Treasure House, they could no more be deprived of anything they need for use, than anything in the world. Why? Because the great mass of the Students issuing these "I AM" Decrees for the Financial Freedom of every one of the "I AM" Students, become a Mighty Action, in addition to their individual Calls! That is why, tonight, I want you to grasp this more fully, because in your Call which has been so precious, for the Limitless Supply of money for the Messengers to carry on this "I AM" Activity—all of that is a magnificent thing! It is a Mighty Action of the Law and cannot be delayed! It cannot be withheld!

Therefore, your Call to the "I AM Presence" of Life—which is the Governing Power and Intelligence of all there is, either manifest or unmanifest through human forms—has to be the Governing Power of the "Presence"! Now you see and understand that! The

Messenger had a letter just yesterday from an individual in the East, and that one had allowed himself to drop into a condition of distress and said: "Well, it seems to me, the 'I AM' Students who have money are the ones who have the greatest success in their Application." What abject nonsense! Of course that individual will get a good letter to lift that feeling from his world.

Dear Ones, remember this! Oh, you Precious Ones who are having any financial struggle apparently, remember this especially! These Blessed Messengers, when Saint Germain asked them to go forth, had not a dime to their names; they did not wait for something to bring limitless financial supply into their hands before they went into Service. They owed five months rent, as they have often told you; but they went forth willing to make the effort, and Life answered them abundantly!

Beloved Students, never let your human selves or anybody else ever try to put a discouraging idea into you! It makes no difference where you are, what position you are in today! Remember, start right in and say to your "Presence," " 'Mighty I AM Presence,' lift me out of this!" Then see that you give Willing, Happy, Joyful Obedience to Life; and you will be raised out of the disturbance before you hardly have time to realize it!

When these Messengers went forth, Dear People,

they started without money, without prestige of any kind, carrying to humanity that which the World rebelled against—the "I AM" Light! They drove their way through everything! Of course, the first year the people who really were vicious thought and they very often said, "It is just a flash in the pan, it will soon go out." Well, it has not gone out! *(applause)* I mention this, that you may have strength in your financial problems and conditions, to stand unyielding in them and say to every limiting thing: "Get out! You have no power! You cannot scare me any more! You have no power in my world! My 'Mighty I AM Presence' is my Treasure House and governs everything in my outer world, to bring Its release of supply into my use! There is no other Power, and I accept nothing else!" If you will take that stand, oh, how quickly the Powers of Life will answer you and bring into your hands the release of that which you need for Service! If the Messengers have not proven that to the World, then there is no such thing as proof in existence!

That is why We make them so firm! The "I AM" Students who allow the human self to make them yield to deceptive, limiting things, will have them in their worlds! Thousands and thousands of people in America today say, "Oh dear, if I just had so much money, what I would do with it!" I wonder what they would do! That is the question! Their intent is very good, but the effect of the money when it is in their use might

change the intent!

Dear Ones, you have to win your Victory through your own Mighty Application! You then have a Joy and Strength, a Power and Dominion which you would not trade for anything in all the world, and don't forget it! Oh, it is the greatest Feeling of Freedom ever in the world when you know that your Application has been answered every time! That is where you are the Victor! Every one of you can have It and go forth from this night, My Victory—your Power and Victory in the Light!

I thank you.

DISCOURSE VI

October 4, 1938

CHICAGO, ILLINOIS

Beloved Children of the Light, how greatly I rejoice with you in your great intense love, your enthusiasm, your determination to have Freedom—the Action of Light!

Tonight, in speaking to you, two activities will take place. You will hear My Words expressed by the Messenger, but you will not see My Currents of Energy entering into your feeling world! You might feel Them and probably will, but you will not see Them. The Powers of Life, even in your human octave, are invisible. You see the manifestations of Life; but the Inner acting Power and Currents of Energy, even through your outer electricity, you do not see acting. You accept the electricity as a fact, and you use those mighty currents of energy. You know they can produce light and heat when properly controlled, or they can destroy Life. They can destroy the greatest buildings in your city! Then it is a matter of conducting, controlling, governing the Power of the Invisible Currents of Life!

You are dealing with Currents of so much higher

Power than the currents through your electric wires, that there is no comparison. You believe that electricity can produce so-called death and destruction, and from the human standpoint it does often occur. Today, in calling forth the Currents of Energy, the Power of Life from your Mighty God Presence—the "Mighty I AM"—you are dealing with Tangible, Powerful Currents of Energy, Beloved Students. If you do not understand the absolute necessity of self-control through your outer efforts in obedience to the Powers of Life which you call forth, you will find yourselves in difficulties.

The Messengers have so instructed the Students throughout these four years, to guard and to have self-control, but how many have really done it? Many determined right then and there on the first hearing to take command of the outer self and give the obedience to Life, which is self-control! This is very vital, it is very important to you, Beloved Ones! You might say to Me, "Oh, dear, I have struggled; I have tried, but I do not seem able to hold my self-control." That is just a human opinion! That is really not the Truth! You might honestly believe it is; but I say to you, it is not—because everyone within himself or herself has the Power of Life beating each Heart! Your Life is the Power of Self-control, only you don't quite believe it! Do you see?

It is True, quite True, Dear Ones! The Power of

Life in your Hearts giving action to the organs of your bodies—which enables you to speak, to make Decrees, give your Calls to Life—is Life in Action! Do you not see that? Do you think it is just your intellect which is making the Call? Of course through your voice and intellect the sound is being made, the thought is acting; but still the Power back of that is your Life which is actually beating each Heart.

Therefore, Beloved Ones, try earnestly before you begin any Application to show yourselves, your outer self, how and why your Application cannot fail! It is the Power of Life issuing the Decrees, making the Call! It is the Power of Life fulfilling It, and how in the world can It fail to be answered? It cannot!

Now let us get right down to business, for We want to anchor tonight in your feeling world a Power of Confidence, of Assurance, of Determination in your feeling world, which will say to your human self every time it asserts itself: "Shut up and sit down! Get out of the way here! The Power of Life is now going into action, and is taking Its Dominion! You have had your day! Now be quiet!" As you do this, you will find your ability quite sufficient—the Ability of Life—to silence all human thoughts and feelings and give you the Mastery and Self-control which is required!

I say to you, Beloved Ones, believe Me, you cannot go beyond a certain point without this Mastery and Self-control! I mean by that, through outer

effort! You have the confidence, the determination, the assurance that your Application produces results right at once. If it does not at first, don't be discouraged; for at the same time, you must keep calling forth the Instantaneous Action to your Call, which is the Power of Life answering!

Allow Me, if you will, to give you this Assistance tonight; for My Currents of Light and Energy go to every one of you, and are carrying My Power of Victory! I have not known anything else for century, upon century, upon century! I have made a very Special Effort tonight to guard, to govern these Currents, so I might stand forth before you tonight, almost Visible, in order to carry more powerfully My Currents of Energy into your feeling world; for in Our Love for Saint Germain as well as yourselves, because of His Mighty Effort for the people of America and the World, We are doing everything the Law, the Great Cosmic Law, permits to hasten the Victory of His "I AM" Students everywhere!

Were you to see from the Invisible standpoint, you would agree with Me that never in the history of the Earth was such a thing known or attempted. Because you do not see Us, because you do not see Me standing here, does not mean that I am not here, and very Tangible! That is what you as Students need to feel. You think it, all right—but to feel it, is far more important! Therefore, I say to you tonight, FEEL Our

Reality! You do not have to see a thing to have the feeling of its reality! That is why so many of you are experiencing such Happiness, because you are really feeling the Reality of your "I AM Presence" and Our Reality!

Do you realize that it is as impossible for you to direct your attention to Myself or some of the others of the Ascended Host and not receive back Our Direct Current, as it would be for the Sun to stop Its Action, or the Earth to stop its action? It is Life, My Dear Ones! It is Life, and that is all the Messengers have ever talked about! We are Life, the same Life which is flowing into and through you! We have gained Our Freedom by the same identical Application which you have before you! It IS the same Application which you have before you! It is the same Application throughout the centuries, throughout all civilizations, throughout the ages! When you come into the Great Reality of the Truth, It is so simple, so far as Its Worded Expression is concerned, that any child may understand It, because extraordinary language is but mankind's attempt to cover or make mystical the Truth, which is so simple!

You will remember, Beloved Ones, in reading *Unveiled Mysteries,* it was Myself who came forth and issued that Mighty Edict for the Earth! Do you think I would issue an Edict for the Earth unless I had the Authority? Do you think We, as Perfect Beings, would

overstep any bounds or would try to exploit Ourselves before humanity? Oh no! You will notice that We are not affected by human opinions. People may think well of Us or ill of Us, because it is quite the same to Us, so far as We are concerned; but it is vastly different to you!

If you think discordant thoughts and feelings, discordant feelings toward anything, to the degree you allow that to act within your feeling world, are you depriving yourselves of your Freedom! There is no getting away from this. I want to talk to you so clear and straight tonight, that you will have this Power in such Almighty Action in your feeling world, you will never be deprived again of anything you call forth; for you know the Law! You know a destructive quality will produce destructive action in your world. Constructive qualities, feelings, and determination bring the Infinite Power of Light into action in, through, and out into your world, to harmonize and let the Full Power of Life flow forth to produce Its Great Perfection for you. There is no stopping It!

Oh, My Dear Ones, you believe—or have in the past—that persons, places, or conditions could harm you, could interfere with you, or could delay your progress—oh, wipe it out! Wipe it out of your memory! In the Understanding of your "Mighty I AM Presence" called into action, there is no power of human creation individually or collectively which can

interfere with It, because It is the Power of Light that knows no opposite. It goes into action, into Its objective and does Its Perfect Work! Therefore, I say to you, Beloved Ones, do not doubt your Application; do not doubt the Power of Light to answer It—but stand in the Fullness of Its Mighty Power and let Its Work go on, and Perfection will be your joy and experience!

That is why I say to you, Beloved Ones, you are not dealing with an uncertainty in this Great Application of Life. You are dealing with the Powers of Infinite Light! Life is Light! Your "Mighty I AM Presence" is the most Powerful Concentration of Light, Power, Energy, and Wisdom in the Universe! You are Its Mighty Outpost in the human octave! Is it not strange, is it not almost pitiful that you have not believed this, when beating your Hearts all these centuries has been this Great "I AM Presence" and Power of Life which knows no opposite; and only because you did not understand, have you so far forgotten Our connection, Our Reality, that you have believed in everything in the World but your "I AM Presence" of Life!

Is it not strange? Think of it! Mankind in its misunderstanding has so forgotten the Presence of Life, that it believes in everything else but the God Presence of Life—giving Power to everything else but that "I AM Presence"! Oh, Dear Ones, I plead with you,

do not ever do that once again! Do not let your human intellect make you feel that you can stand any longer in the presence of any destructive thing out here in the human octave—stand in your "I AM Presence" of Life, knowing Its Power is flowing forth through your bodies; and by the Great Projection of those Light Rays, as you see indicated there *(pointing to the Chart)*, you can see those Rays going forth around you and before you everywhere, dissolving all human discord and sending you forth the Ambassadors of Light everywhere you move—the Victory and Power of Life! That is what you want to feel! That is what you want to be! That is what you want to accept into your world, to let It have Its Full Dominion which is the Presence and Power of Life. Therefore, I say to you, Beloved Ones, all Life is yours awaiting Its Opportunity!

I am going to digress just one moment to remind you of something. Rejoice with Me that many of you here tonight have called forth with such earnestness, that you have charged your feeling world with a Power of Light you would not believe possible, even from Me! It is right there, ready to find action in your world with just a little more determination upon your part—possibly a little more Application. Won't you believe Me when I tell you it is True? At present, you would think it is incredible; but it is not, because I see It there!

Why did I make this Special Effort tonight, to come more into Tangibility? In order to give you this Assistance! In order that I might see the requirements from within your octave, to give the Assistance which would be most helpful. Tonight, be sure in your feeling you are accepting this which I am offering; and I trust that I am not imposing anything upon you! I would indeed feel chagrined, if I thought so!

I am talking to your Hearts, not your intellects; and your Hearts, I am very grateful, are responding beautifully. Isn't it joyful to look into each other's Hearts and see what is really there? Oh no, oh no, there is nothing psychic or spiritualistic about that! It is just the Law of Life, Dear Ones, in Its Perfect Action! Don't you see there is nothing mysterious about Life? Life is the most Beautiful, Perfect Thing in the world; and It is the Producer of all Perfection and Beauty which has ever been.

There above you, Precious Ones, is your Higher Mental Body—so Beautiful, so Perfect and All-powerful—and It is just waiting for enough Harmony to be maintained long enough in your feeling world to say: "All right, My Child, now you have given sufficient obedience; so I will begin to release My Great Powers into manifestation, into your use—because I could not trust you with Them before you governed your feelings, could I?" Your Heart says, "Of course not!"

This is just the position of all today! I say this for such Great Encouragement to thousands and thousands of the "I AM" Students over America and the World: that so much is being gathered by your Calls to the "I AM Presence," and just a little more effort at self-control and harmony held in your feeling would release the Great Outpouring of this called forth! It is magnificent, Beloved Ones! Oh, you are no longer the prey of discordant conditions. You are no longer the prey of limitations of any kind, because you are coming to know Life in Its Infinite Power.

Therefore, I say to you—arise and FEEL this as I say it: "Arise in the Power of your own Life, your 'Mighty I AM Presence'!" I say: " 'Mighty I AM Presence,' take Your Dominion in the feeling world of these beloved ones! Charge it with Your Great Victory and Power! I charge it with My Victory, Its Eternally Sustained Power, Its Courage, Its Strength, Its Confidence, Its Power of Action in the human octave to bring into action now, the Glory and Victory of Life which has waited so long to find Its Expression through these human forms—to be the Outpicturing of Life now and forever sustained." Accept that, Beloved Ones, as your Great Action of Life, feeling the Full Power of all It means to you!

You came into this room tonight—and I say this to every one of you—in the present point of the Expansion of your Light; but you shall go forth from

this room tonight a new being, a different being than you came in! You know that I speak the Truth! You shall know It more and more by the end of this Class!

Do you realize how determined We are in your Victory? Won't you be just as determined as We are for you to have It, so you will have It! I marvel sometimes, Beloved Ones, when We are charging forth these Mighty Currents of Energy, when the Hearts of the individuals are so good, so fine, yet the feeling is standing still! Now I shall stir up your feelings tonight, so that your feeling takes hold and sets into action these Qualities which I am pouring into your feeling world! *(applause—audience rising)*

Beloved Ones, you may not all have been present to see it, but I have; and when the moving picture people are ready for great results, they say, "Action." So tonight, I say, "ACTION!" within the feeling world of every one of you, to bring forth now Its Manifestation of Perfection! While you are standing, I utilize this opportunity to pass these Mighty Currents through your bodies, and ask you to feel the sweeping out of all discord. If there have been disturbances in your bodies—physical discord, pain, distress, or illness of any kind—just accept the Fullness of your Outpouring of Life sweeping out of your physical bodies and out of your feeling world, erasing cause, effect, record, and memory of everything which has ever caused disturbance within your physical bodies. If you can

accept that in Its Fullness, anything which has ever disturbed you will be swept out of your bodies—whether it be irritation, disturbance, ill health, lack of strength, or whatever it may be! Now is your opportunity to have it swept out of your feeling. And call Its Action to be forever sustained, that Its Power of Action may always find Perfect Expression in and through you, and out like a Mighty River into your world of action, to silence all discord and harmonize all as you move forward the Victory and Power of your own "Mighty I AM Presence."

Beloved Ones, the preliminary work in this Mighty Activity has been completed, and now We are going into definite action! I take this particular locality to bring something perhaps closer home in your feeling world. You in the city of Chicago who have been calling so earnestly, with such a great Love for the return of these Messengers, have been issuing these Mighty "I AM" Decrees with such tremendous energy, enthusiasm, and power. Do you know that you have charged the feeling world—I mean into the feeling world of every person, shall I say, of ordinary attainment—with the Charge and the Power of these Decrees? They do not know that outwardly, but you will when they touch this "I AM" Instruction. Then they will blaze forth like a Light!

We have seen this within the past three months increasing with tremendous rapidity, with extreme

Power, and We know the effects. You have no idea in the outer consciousness—you sometimes do feel it momentarily—the extent of your Mighty Work in these "I AM" Decrees! It is a Service rendered to the Earth which would be absolutely impossible without them.

Now if you really understand that an "I AM" Decree issued by an individual or a great Group, is an Activity in the mental and feeling world of all mankind, which is *one*—therefore, its very individualization must feel some portion of that Mighty Decree throughout the Land! Do you see the stupendousness of why We urge the Messengers to urge you to issue these Mighty "I AM" Decrees with such power, enthusiasm, and determination? It is vastly important for your loyalty to America and its Protection. That has spurred you on to an activity in your Application, which you probably would not have gained otherwise! Do you agree with Me? I think you do. *(applause—audience rising)*

If your beautiful home were about to catch fire, you would try to prevent it before it got started, wouldn't you? Suppose a fire were creeping up to your beautiful home or building and you had the power, which you would have, to stop that—wouldn't you do it? Surely you would! The same thing is acting today in the Power of these Mighty "I AM" Decrees going forth which dissolve the discord.

Do you not see, Beloved Ones? Let us be so frank with ourselves tonight. There is not a thing in the Universe but human beings who can generate discord, distress, and limitation. Nature does not! Oh, mankind have accused Nature of a lot of things for which It was not responsible! Mankind do impose upon Nature their discord, just the same as they clothe their own Power of Light, which comes into and through their physical bodies. I am frank to say that is not a happy thought; but We have to look at it and look it square in the face, in order to take away from it its power.

Don't be afraid of anything which has been acting within you. If you have made mistakes, don't hesitate to say to yourselves: "All right, I made a mistake! I am ready to correct it, and you are not going to fool me again." Then you will make mighty progress; but if you think it is impossible for you to make mistakes, especially through your feeling when you do not know it, then you are making the greatest mistake ever—because your feelings are acting constantly, and much of the time your intellect is unaware of a great deal. That is the thing over which the "I AM" Students today at this point need to stand on guard.

One of the most vital things you as 100% Students need to understand today, is to keep calling your "I AM Presence" into action. Remember, the Higher Mental Body knows all the requirements of

the physical. It knows the Perfection which is waiting to answer and pour forth the full Quality and the quantity of Intelligent Energy required to produce Perfect Results. If you on the physical side say, "Oh, no, I did not make any mistake; that was the other fellow," don't you see, you are making it impossible for you to accept the fact you do make mistakes, when you are actually making them!

Now, let Me remind you, in all due respect to our blessed friends the Christian Scientists, the denial of a thing will never in kingdom come, take it out of action! You may push it aside, and many do; but oh, when it comes back! *(applause)* There are thousands of our precious Christian Scientists today who have found it coming back, and they wonder what is the matter now with the denial when it does not do the work! They have come to the point where they have to acknowledge the Power and the "I AM Presence" of Life, because the Cosmic Light has said, "Mankind! you shall not ignore Me any longer!" The Cosmic Light is saying that; and thank God—the "Mighty I AM Presence" and the Cosmic Light are willing to take that stand!

Now I am going to say something very startling to you, so I give you warning beforehand! Did you ever hear anything about any Release of the Cosmic Light until Saint Germain brought this forth? Did you ever hear anything about It? No, I am sure no one else ever

did! Then, there is always a reason! There always has to be a cause for everything, does there not? Well then, where is that cause? Let us find it! Oh, you are going forth with a Mighty Weapon in your hands tonight! Where is that? Why has the Cosmic Light responded just now? It is because you, Beloved People of America—the Children of Light—are making this Mighty Call through these Mighty "I AM" Decrees! Remember, the Mighty Goddess of Liberty and the Goddess of Light are largely responsible for this Mighty Release of the Cosmic Light!

Oh, We are not talking about the Cosmic Light the outer scientists refer to, which is the Permanent Streams of Energy to the Earth. We are talking about the Mighty Cosmic Light—the Self-luminous Substance which is released from the Great Central Sun to the Planets of this System and to the Earth. We are determined that the other Planets shall not say, "that dark star"; for they have justly said it in the past because so little Light expanded from the Earth. That is why they look upon it as a dark star. We shall show them, with your cooperation, that it is a Star of Light! *(applause—audience rising)*

Beloved Ones, oh, I want to congratulate you and every "I AM" Student in America and the World, for this ever-increasing enthusiasm, joy, and energy in releasing this Mighty Power—your Mighty Energy from the physical octave! My Dear Ones, it is so absolutely

imperative that a certain amount of what you would term outer energy—of course it is the Power of Life, but it is the energy acting within and through your physical bodies which is required by the Cosmic Light, the Ascended Beings, and the Cosmic Beings to render this Service to the Earth. If the Cosmic Law had not been thus, it would have been done ages ago! There would not have been any distress here; and never would the other Planets have been able to say, "the dark star." Won't you be seated.

That is why I want you to be so encouraged. I want you to feel joy and happiness in the Great Service which you are rendering. Oh, Beloved Ones, as I have heard the Messenger many times say—that even the humblest individual, even a little child can issue these "I AM" Decrees with a Power ofttimes of instantaneous results. That is why We must clear away, Beloved Ones, all accumulated human creation in order to let your feeling world be absolutely a mirror, Pure and Perfect, through which this Mighty Energy can pass without being clothed by discord within your feeling. Oh, do you not see that, Beloved Ones?

Oh, there is nothing in the world which can irritate you unless you admit it! What do human thoughts discordantly expressed amount to? Not a thing! Even though they are directed at you, still they have no power—if you understand the Law! Yet they certainly do have effect upon mankind who do not understand

this Law of the "I AM." They are swept hither and thither by the feelings of the mass when those feelings are released—sometimes by your so-called friends and relatives.

Oh, you all know how many times one in the family feels the full responsibility for the rest. Isn't that a curious circumstance! The strange thing about it is, in the old idea of serving, they believe they must accept it—when in the Great Law of Life, everyone has to stand on his own two feet! So don't you let somebody lean on your shoulder! You have a "Mighty I AM Presence." You have two feet; now you stand on them! If it is something urgent, you make a Mighty Call for the Blessing, Relief, and Help to that individual; but be mighty careful about letting anybody get the habit of leaning on you! Don't let anybody weep on your shoulder. If you do, you know those tears might be seeds planted in your feeling world, which would sometime later want to come back into action again.

My Dear Ones, oh, please realize and understand that there is no reason for sadness, for tears in this World—unless of happiness! If you want to weep because you are so happy, well that is quite all right. Then, those seeds will produce greater happiness; but look out for the other kind of tears!

Shall I draw you one illustration? I think that will be quite sufficient. I could take you to homes in

America where you would want to weep because of the feeling of grief in those homes. I say "America," but I could take you to hundreds of thousands of homes in Europe in which so many tears have been shed through pain, distress, and disappointment, that any person walking into those homes would want to weep at once! Now that is how the atmosphere of an environment is charged with the feeling of the people there; and you know at funerals, everybody weeps whether they want to or not! They start out so bravely; but finally they succumb, and for what?

Oh, don't think I am hard-hearted, but I want to break that false feeling away from you precious ones. The old overcoat which is that container, is not your friend or your relative or your loved one. You know that! You don't weep when you throw away your old overcoat of last season! Now really and sincerely, there is not a particle of difference. That body from which Life has withdrawn is but a substance which is lifeless, and is no more valuable than your old overcoat—because you cannot wear that and you can your overcoat. Do you see?

Now let us be practical! I want to erase any feeling ever again from your precious Hearts that anything can cause grief. Oh, My Dear Ones, oh the energy, the failure, the limitations of Earth which are caused by mankind's grief—just because they do not understand! Now, My Dear Ones, you must understand! You

cannot go along any longer like an ostrich with your heads in the sand!

When I approached tonight, I was delighted beyond expression. As you quite well know, My present Home has been for some time at the Royal Teton. Your great love in your Call for the Messengers is the most glorious, beautiful thing I have ever witnessed in a city where so much discord has been, through the centuries! You don't know it perhaps, but long ago a city was here on this same spot, which mankind does not know existed! This is the first time it has ever been mentioned, but Chicago is not the first city on this location!

Why do you suppose, Beloved Ones, that Saint Germain chose Chicago as the first Release of this Mighty Intelligence? You who are here should be very happy, but be careful of your feelings! Do you know it has taken almost six years for you to believe what the Messenger said was true? However, this is encouraging. It is said that slow progress makes a mighty foundation! So you see you are building a Mighty Foundation [The Saint Germain Foundation].

Tonight, as I approached and saw in the atmosphere of this city, the Blazing Light which was here as your love released and you sent your Call to the "Mighty I AM Presence," words fail utterly to convey the Glory in My Heart! Try to feel it—the Glory which is in My Heart tonight! It is again proof that

the Life of mankind released to the point of Victory of the Light, is the Victory over all human conditions!

Today, where once the dark shadows of mankind's creation obscured the Light, even as it has the Points of Light within your physical bodies, yet no longer is it able to do so. Your Light, Beloved Ones, in the city of Chicago, tonight stands forth as a Mighty Blazing Beacon to the Powers of Light—and how They rejoice! How you should rejoice that the willingness to give response to Life has been within you, which would call forth this Mighty Release! Oh, it is the most encouraging thing, and you should all be so greatly encouraged!

That is why tonight I made this Special Effort to give you such Courage, Strength, and My Victory, so It will remain forever in Its Ever-expanding Activity for you, because it is Action We want now, Beloved Ones! It is not just intellectual Application, or a feeling that someone can sit down in the corner and the "I AM Presence" will pour everything into his or her lap. That is not the idea! Life is Action! Life is perpetual motion, the Greatest in the Universe! It never stops!

Precious Beloved Students, do you think your efforts, your work for Life is finished by your efforts of the day? You have thought so, and you also think sometimes, "Oh dear, oh, isn't it nice to stretch out!"

Remember, if you really had been calling the Energy of your "I AM Presence" forth into action, you would not be so anxious about that. You have Limitless Energy! Your Presence of Life here above you is the Great Outpouring at your Call.

Anyone can prove this who really will! When you get up in the morning, call forth this Limitless Energy for whatever you want—ten times more than you require! You see I am quoting Lotus—and you will have an abundance for whatever you require during the day. Oh, Dear Ones, please, please do not any longer feel exhausted, feel tired and distressed, when you have all the Energy you want here above you! Oh, you can have It at your Call! You can have all the Peace and Strength that you want! Then stand guard over your feeling world! If something occurs suddenly, some so-called tragedy or condition which would ordinarily cause you distress, stop! Still yourself, and let the Power of Life take command of you FIRST, and then of the condition.

I want you to feel tonight that you are the Mastery, the Victory of Life! Sometimes, Beloved Ones, individuals rebel because the Messengers have urged and urged them to feel the Fullness and Power of Life. They have urged the "I AM" Students everywhere to realize that whatever the Messengers have done, the Students could do, which is true; but never can anybody replace the Messengers! *(applause—audience*

rising) Why, Beloved Ones? Because so few are willing to give Complete Obedience. These humble Messengers who have come to wield such a Power, are still as humble as the day they left Chicago! *(applause)* The beautiful jewels and things they have today for use, are Gifts of Love! So don't anyone ever envy them the Gifts of Love, because they wear them for your Blessing and for the Blessing of all, and never for personal gratification of vanity.

Beloved Ones, you perhaps will never know until your Ascension, the Mighty Work these two humble Children of the Light have done, and given to you and every "I AM" Student in America and the World. They are hourly making the Call for the "I AM" Students' protection, their limitless supply, their health, their strength, their courage to stand in the Victory and Power of Light and have Its Full Dominion! *(applause—audience rising)* Thank you, Dear Ones. Won't you be seated.

I sometimes think, Beloved Ones, because the Messengers do remain so humble, so natural, that sometimes individuals overlook the Service rendered to mankind. Oh, it is unparalleled in the history of the Earth, Beloved Ones! *(applause—audience rising)* They no more think of themselves or what they wear, than if it did not exist—because their one thought and outpouring constantly is for the Blessing of the Students and the Protection of America,

which must be given!

You know in times past so much thought was given to the Christ and the Service of the Christ, but who was willing to become the Christ in order to render that Service? Who was willing to give the obedience to Life? I ask you, Beloved Ones! Think, in all the World, all of the viciousness which has been projected toward these Beloved Ones, from which they have remained free and untouched. Think what the individuals who have sent that forth will one day pay—it will be such a penalty as nobody could imagine!

There are people here in this city who, because they listened to falsehood, have held hatred against this Beloved Messenger—because of a thing for which he was never responsible in any way! Their hatred has in most instances deprived them of every good thing! Their unkind feeling has done that, and will as long as that feeling is held!

Because you who are here in Chicago need to understand that, you also need to be able to meet it! If this Good Brother had ever committed any wrong, do you think the Ascended Masters would have chosen him to bring forth this Great Light and Truth? Think about it! When he was clean enough, pure enough, honest enough to be chosen by the Great Powers of Light to carry this Light and help and bless all, then you must know how great are his own Light and Strength and Obedience! Then some puny human

beings condemn him because of listening to falsehood.

Do you not see how ridiculous, how outlandish that is, that any human being in hatred should sit in judgment upon another, accusing and condemning for something—when such a thing does not exist. However, such are human frailties! But every human being pays the penalty for every discordant thing he or she has ever sent out; and that is why people are bound by limitation, illness, and distress in their own worlds.

Now behold! Beloved Ones, you all know definitely the Messengers went forth from your city here, owing months of rent, but trusting to the Powers of Life to correct the condition—just to render this Service. When Saint Germain said for them to go forth, they went, using their rent money to get to Philadelphia, as a blessed one here tonight knows. Now then, had they doubted the Power of their Application, had they doubted the Power of the "I AM Presence" of Life to supply them—they probably would have returned; but they said: " 'Mighty I AM Presence,' now this is Your Business! This is Your Work! We are ready and willing! If You wish us to continue this Service, then You have all Wisdom and Power to provide the means to do It," and you have seen the result! Now that is so with every human being who exists!

Only today, the Messenger had a letter from a gentleman who had made many failures in Life. He

wanted to borrow twenty-five hundred dollars from the Messenger, and he said, "Well, you have made good." Sure enough, but he does not have to make good for the other fellow! *(applause)* Now that is just the position, the attitude which mankind take, that makes them failures! The Messengers have what they have today, by the most dynamic Application ever made by human beings on the face of this Earth *(applause)*—and in the face of the greatest hatred and viciousness ever projected at two human beings. If they can rise out of that condition and be unaffected by it, which they have done, then can't you as individuals rise out of your own individual conditions with the Great Power of that same Life? *(applause)*

That is why I mention this tonight, because this should stand as the greatest encouragement to you for your Victory, of anything on this Earth; because they stand a Living Proof of having won the Victory in the face of all this condition! *(applause)* This is why, Beloved Ones, I want you to see, feel, and understand you must make the same Application. That is what brings your Victory!

Now remember, the Messengers have followed the Ascended Masters' Words and Application, which have brought them these Tremendous Results; and it is why you beloved ones can win the same Victory in Life, if you will have the same firm determination and make the same unyielding Application which they

made! Dear Ones, time and time and time again, when most of humanity are sleeping, they have issued these Mighty "I AM" Decrees to Life for your protection, for your supply, for your health and your blessing. *(applause)*

Now one more thing: I want you to understand here in Chicago, while we are having our family talk tonight—every person has this same Power of Life! The Messengers have shown the example! How did they succeed? Now this is important! Because they refused to accept any falsehood, any gossip, any destructive condition into their worlds. Remember, this Beloved Messenger has opened those letters, and if you know anything about what vibratory action means, in the tragic Calls for help from thousands and thousands of individuals, you must know his Light and Strength to render that Service! Do you know what he must be, not to accept that into his world and yet give the Assistance? There have been thousands and thousands of instantaneous answers to his Calls, and the records are there! *(applause—audience rising)* Thank you; won't you be seated.

You think you are practical because you are in the physical world, but let Me show you how practical We are. From the beginning of this "I AM" Activity, We have kept an Accurate Record of everything which has taken place. This Inner Record makes no mistakes. Humanly you might make mistakes occasionally

in your mathematics, but We never do! Therefore, We have the Exact Record of everything which has been done, and the progress of every "I AM" Student; and We have not complained once about being exhausted!

Now why do We have to do this? Not to keep tab on you, but to see—now remember again, keep this in mind—how strong a Release of the Cosmic Light can come into the physical octave to help you. These Great Ones at your Calls have interceded with the Great Beings in the Great Central Sun, to bring forth this Great Cosmic Light in these Mighty Waves! Therefore, in order not to release a Power greater than mankind could utilize or govern within themselves, We must know your strength—because remember, you are a Focus of this Cosmic Light! You are calling to the Presence and Power of Light— your "Mighty I AM"—are you not? You are also calling to the Cosmic Light, which makes you an Outpost, a Focus of the Cosmic Light!

Don't you see, Beloved Ones, you are not dealing with an imaginary thing; you are dealing with the Power and Intelligent Currents of Life and Energy, which you are calling forth into action! Then do you not see why it was necessary that We had to keep those Records? We had to, in order that the Cosmic Light might not release Itself and sweep into action before the people are ready.

We are forming a Mighty Foundation, Dear People, which will never be shaken; and every inch We gain toward the Freedom of mankind, at your Mighty Calls, is sustained there forever! *(applause)* This is wholly different than has ever been in mankind's experiences, because mankind—not having understood the Presence of Life, the "Mighty I AM"—had no Sustaining Power nor Permanent Protection called into action! Therefore, things have come, produced a certain amount of results, and then disappeared from physical action because there was not a Sustaining Power, for mankind did not call It forth!

Now, in the Understanding of the "Mighty I AM Presence" and the issuing of these Mighty "I AM" Decrees continually, the results will follow so much more powerfully and quickly. Oh, Dear Ones, you rejoice at the results so far, but you are only just getting into action. The results here will follow in the future, so transcendent in their expansion that your joy will know no bounds; but if you do not keep up your Calls, how are you going to express this Greater Accomplishment? Don't you see, there is no opportunity to let down?

Of course We do not mean you should keep under any tension. There should be just a great joyous relaxation in using the Power of Light as you call It forth! Then you stand the Mighty Outpicturing of all this Perfection which you call forth! I want you ere long

to realize this Outpicturing in your bodies. I am starting It especially here tonight, to show a Mighty Outpicturing of the Perfection of Life through your physical bodies. Many of you have had marvelous results, but I want to see every one of you transformed by the Power of Light going forth through your bodies! You can have It! As you see this Outpicturing coming forth, not only in your affairs, but in your physical bodies, you will stand the Victory of Light!

If you find yourselves once drooping with the weight of troubles, straighten your spines and stand there the Victory of Light! Oh, what a wonderful thing! Feel that, Dear Ones! Feel that Mighty Victory which is yours, taking command of your physical bodies, producing Harmony, Happiness, Health, Strength, and Power within those human forms. Let It hold Its Dominion there! Oh, It is within your reach, every one!

Because the world of human opinions has said when you have forty years or more over your head, you must become an old individual—is not that the sheerest nonsense? Mankind have accepted it and of course in their accepting, it acts in its Outpicturing; but it does not have to exist. Really, any one of you could start in tonight and, inside of three months, show the most Magnificent Outpicturing of Youth in your bodies. You would scarcely believe it! Only as you see the proof at your Calls, will you know what strength

and courage it would give.

I think I shall tell you a little joke on the Staff. You know they are such busy people, they have not noticed the great change which has been taking place! *(applause)* They are getting handsomer and younger each day! *(applause)* I commend them! You know, when individuals think they have been very busy, they should come into the Staff! They admit they never knew what it was to be busy before, but what a Blessing it is!

Let Me say to you, Beloved Ones, mankind is awakening with Tremendous Power and Speed. *(applause)* I thank all, and the blessed one who is in the audience who has been instrumental in so much of the broadcasting going forth! I thank her with all My Heart *(applause—audience rising)*; for I tell you, Beloved Ones, you have no idea how far-reaching that is! We have been watching and making a Record of the effects of the Transcriptions and the Broadcasts, aside from the other part of this Activity. Because We are practical, We want to see how much is accomplished by that effort, for the response has been so tremendous. We have not even told the Messengers how great it has been, but ere long I expect We shall.

I tell you, Dear Ones, it does reach mankind! I want you to understand this, because of the Magnificent Activity which it is! You find mankind in a quiet attitude of listening to a Broadcast through the radio in

perfect stillness and quiet. There is not a thing to distract the attention. You don't mind if you stand a few minutes, do you?—for I want you to have the Radiance and Blessing here. Otherwise I would have asked you to sit down.

This Mighty Current which is pouring forth and the Release of Light through your Calls, your Mighty "I AM" Decrees, has prepared the way. Now notice, this Outpouring has gone forth into the mental and feeling world of mankind. There being the mass feeling world, the mass mental world, then each Outpouring goes forth in Its own Activity, spreading like a Light in the darkness, into the mental and feeling world of all mankind! Then, when they are quietly listening to a Transcription or Broadcast, they are in a position for the release of that which has gone forth to enter into action in their feeling world; and when they hear these Words, the Light takes Full Action within them. We have observed and have the Records of those who have come in through the Broadcasts, and We find they come in with a marvelous preparation in their feeling worlds for the comprehension and understanding of this "I AM" Activity!

This is why I say this tonight, because this blessed one here, as well as the one in the west, has been giving great assistance—as well as all those who have assisted in any way. Therefore, I say to you, oh how great is the Blessing of that effort made, Beloved Ones! After

all, there is only one Service which can be given and that is the Service to Life. It is Magnificent and wonderful beyond words! Mankind think they serve for this thing, that thing, or the other thing; and after all, when you understand all you do, all that you can express is just your Service to Life. Oh, It is the most beautiful thing in all the World! Beloved Ones, there is only one thing which can be served, and that is the Service of Life for your own Freedom! Thank you so much. Won't you be seated.

I say to our Beloved _____ , how great will be the Blessing of her Group Work in this room. I qualify this Charge to remain in action, to bless you in your work *(applause)*, to bless you in your Service to Life. Will you not always remember that? Beloved Ones, everything you do is the Service to Life for your own Freedom! Oh, it is such a beautiful thing!

I have been the Joyful Observer of your great, your mighty, your precious efforts in your Calls! Go on and on and on, dauntlessly. *Children of the Light! Go on and on and on, in your mighty determined Application, your refusal of acceptance of any discord into your world—giving all mankind Perfect Freedom, refusing to offer advice, turning everyone back to his or her own "I AM Presence" of Life, the only One who knows what each Life Stream requires; for in turning the attention of each one back to his or her own "Mighty I AM," the Higher Mental Body is given*

an opportunity to project Its Mighty Intelligence, Its Strength, Its Health, Its Courage, Its Energy, which otherwise It would not be given the opportunity to do! That is why the Messengers have constantly turned everyone back to the "Mighty I AM Presence"—refusing to give advice, leaving everyone free to accept or reject. Then mankind more quickly come into the understanding that their Call to Life, their "Mighty I AM Presence," is the most important thing in their existence; and the quicker, the stronger, the more powerfully they turn to It, the quicker are they Free in the Full Power of their own Application!

That is what makes your Victory! That is what makes your Freedom, because you cannot have your Freedom through someone else. You can have Great Assistance, but that is only temporary until you gain the Full Victory and Power by your own Application! When you once feel that, what a Joy, what a Release! No words will ever be found which could convey what that Feeling is within the individual, when each one begins to feel the Full Power and Freedom of his or her own Application and Its Infinite Power of Action!

Tonight, My Love enfolds you always, and We hold your hands in Ours, pouring forth Our Love, Strength, Courage, and Victory until that day when you in smiling Radiance to the "Presence" say: "Thank You, 'Mighty I AM'! at last 'I AM' Your Victory, the Glory of Your Mighty Victory of Life, brought into

Perfect Manifestation on Earth!"

In the Fullness of all Life holds, I call for Its Mighty Release to come forth now into your worlds, giving you Limitless Supply of money and all else required; giving you the Mastery and Self-control so all discord is forever closed out of your world—that you with your faces to the "Mighty I AM Presence," the Power of all Life, go forth the Dauntless Ambassadors of Light!

I thank you.

DISCOURSE VII

October 16, 1938

CHICAGO, ILLINOIS

Beloved Students of the Light, since one of the three greatest and most vicious vortices of destructive activity in and over your city, has been dissolved *(applause),* I wish you to come with Me tonight. Come into My Heart! Come into the Radiance which is Mine! Come into the Victory which is Mine! Come into the Victory which I have known throughout the centuries, because I have forgotten there was anything in the World but the Victory of the Light! Come with Me into the Garden of My Heart!

That is a very large Garden, and many of you have been within Our Garden although you do not as yet retain the memory of it. Therefore, what is there? Victory, Life—the Most Powerful Action and Presence of Divine Love—Free of course from all human qualities, charged with the Power which you need!

While the Messenger is voicing My Words to you tonight, allow Me to charge into your worlds My Victory, so you too may go forth from this room tonight, feeling definitely the Power of the Victory of your Light! That is why I give you My Victory, for My

Victory is Light—the conscious use of that Mighty Power of Light, the Greatest in the Universe! How and why? I have so long been the Power of Victory, that the Great Cosmic Light has given Me that Name!

Many have not known this, but My Great, Great Teacher, the Mighty Sanat Kumara, for four and a half million years has watched over your Earth. Seventy years seems a considerable time, does it not, in the human octave? But not so in those Great Octaves of Light. Therefore, you have been fortunate to receive the Love of your Sister Planet, which has been your great God Mother, Venus. Her Light has always poured Its Radiance to the Earth, consciously projected by Ascended Beings there. Had it not been for that, your Earth would have vanished long, long ago.

This Great Presence, Sanat Kumara, is soon to leave your Earth, and I mean by that within a hundred years. Therefore, I ask you tonight, Beloved Students, be kind enough to convey this everywhere! While you have the opportunity, pour your love and adoration to the Greatest Benefactor of the Earth—the Greatest ever known to the Earth or who ever will be known!

Tonight, I have invited you into the Garden of My Heart. We shall enter into the Perfection which is there, which belongs to you who love the Light! Do you realize, Beloved Ones, what it means to adore the Light? To adore your "Mighty I AM Presence"—God

Individualized? When you do that, you have entered through the Doorway into the Great, Great Light!

Before I continue, I want you to know that your Great and Mighty Love released to the Light and to the Messengers tonight, enabled Us to finish the dissolving of this one of three of the greatest, most vicious vortices of destruction in your America; so there are but two left! Remember, when the Messengers were in Seattle—We did not tell them, but a mighty seething vortex of destruction was destroyed in the western part of your America. *(applause)* This means to you, Beloved Ones of America, that half of those vortices have been dissolved and consumed and will be no more. *(applause)*

I say this for your encouragement, for your strength in the final Victory which I trust is very near at hand. Will you not continue to pour forth that Mighty Love to Life, to Light, so We can say to you either at the beginning or at the close of the Christmas Shrine Class, that the Victory for America is won? *(applause—audience rising)* It seems quite possible at this time.

You of Chicago in this Class do not yet realize what your great Call for the return of the Messengers, your Great and Mighty Love which has poured out, has meant in the dissolving of this vortex to which I referred. Rejoice with Me! *(applause)* Now then, I encourage you, Beloved Students of Chicago and vicinity, because you will go forward with much greater

speed, power, and ease than you have had—very much greater; for We are placing a guard over you here. That is the first time a city has had a Special Guard! *(applause)* According to your SINCERE ACCEPTANCE of that, will you be released from many, many things. Therefore, We rejoice extremely with you. Won't you be seated.

I am talking very deliberately to you tonight, for I want to render a Service which will be everlasting in your worlds of action. *(applause)* I would rejoice if you could sometimes see these Inner Activities of the Great, the Mighty Law and Power of Life! You all must know and remember that all the Purifying, Cleansing Activity and all Perfection must outpicture and first be accomplished in the mental and feeling world of the individual, before it outpictures in the body.

You have all noticed that after very violent irritation with some individuals, the body will be covered with blotches of irritation. So the conditions within the Earth's atmosphere have irritated and disturbed mankind more than you will ever know; for We have seen so many kindly, loving people suddenly become very irritated and disturbed. They could not tell why, but it just was there. That is because in an unguarded moment they had opened themselves to the mass accumulation. That is why!

You cannot quite realize or understand the importance of calling your "I AM Presence" to establish Its

Tube of Light about you. My Dear Ones, do you not realize even with all the Messengers have said to you, your Tube of Light is an Invincible Power of Protection, shutting out all disturbed conditions of mankind's creation about you? Please, won't you feel that? Will you not call the "Presence" into action to establish It and keep calling, until you feel the Full Force of that Invincible Protection about you? Every one of you can do it.

It does not matter even if you are here for the first time: as you observe that Chart and make the Call, you can have It because It is the Power of Life acting; and if you will keep yourselves harmonious enough, there is no reason why you should not have It at once—for all you call the "Mighty I AM Presence" to produce in, through, around, and about you, is done at once!

Now what do I mean by this Special Guard which is placed about you and your city here? It is to keep shut out any of that destructive activity which has been acting here so long. So many individuals, after the Call has been made to seize and bind the entities which have been disturbing them—because of the habit in the atomic structure or belief, still accept that they are acting. Now, when you are informed by the Messengers that a condition has been removed, it has been removed right then! *(applause)* So train yourselves to accept that in the fullness of your feeling.

So much depends upon your controlling your feeling! Beloved Ones, your feeling world is your Powerhouse; and since you must have everything that manifests come through your feeling world first, you must understand the vital importance of Harmony maintained in your feeling world, so the Power of Life's Mighty Action as It comes forth in Its Greater Intensity at your Call, carries no part of your human qualification or clothing of discord.

There are twelve people in this room tonight who, in thirty days, could make the Light through their bodies visible! If I were to tell you who they were, the rest of you would not try. Since it might be any of you, you all had better try. *(applause)*

Remember, Beloved Ones, I trust you have accepted My Invitation; for in My Garden, the Garden of My Heart, is Perfect Happiness! Do you know, not one in this room knows what Happiness really is? *(applause)* You might say to Me, "Yes, I think I do," but I would have to disagree with you. There is not one in this room but these two Beloved Messengers, who has yet come to know a slight experience of what Real Happiness means; for only will you know that, after you have held your feeling world in Perfect Poise and Harmony over a certain length of time. Then you will begin, in that Perfect Harmony of feeling, to know what Real Happiness is; then no condition of the outer world will disturb you or irritate you.

Then will My Happiness begin to find Action and Expression in you.

When I sometimes move among the Students and mankind, when I hear people in discussion, see their thoughts and feelings, and they think: "How could there be an Ascended Master who is tangible when we have believed all there was, was right out here—what we could see in the physical world?" If that were true, Beloved Friends, it would be a travesty on Life. One short span of Life for mankind to reach Perfection would be the most childish, foolish thing that ever was in their minds!

You live again, again, and again, hundreds and thousands of embodiments, similar to these. Once you begin to understand that, then you will begin to understand more of the Reality of Life. I ask you to kindly observe this Chart as I am speaking to you; and never again as your future depends on it, let your attention go anywhere but to that "I AM Presence" of Life for everything you require! The Wisdom of that "Presence" will take care of personalities in the human octave, but what you want to do is to call to that "I AM Presence" and look nowhere else for it. Then will you come to know Its Mighty Answer so quickly.

The Life which beats your Heart is the Most Powerful Thing in the Universe. You who want health, My Dear Ones, turn with the intensity of Love and

Power to that Mighty Presence of Life, and refuse to accept any other appearance in your bodies or your world. Stand with the Power of that Infinite Light! Let Its Mighty Currents charge through your bodies like a Mighty River, sweeping out everything but the Perfection of Life which flows in, cleansing and purifying!

If you will use the Violet Consuming Flame, Beloved Ones, call your "Presence" to do it for you, how quickly you will prepare the way. Your Call to the Presence of Life, finding no obstruction there, will fill and charge your bodies, your feeling worlds with Its Great and Mighty Perfection! Then you will understand what it means to feel My Victory!

Beloved Ones, the privilege is yours! As long as you waver in your feelings, you will find obstruction in your way; for you in your feelings put it there! Since you know that is not the thing to do, then guard your feelings with self-mastery and self-control! Do you understand, Beloved Ones, that your Call to the Presence of Life must mean your balance of self-control in the human octave? How can you expect the "Presence" in your Call, to pour forth Its Harmony, Freedom, and Perfection if you will not give obedience to Life, or if you will not give obedience by self-control in your feelings?

You are calling to Life! Life is answering, but your fluctuating feeling will change your feeling and still

give power to the appearance world in numerous ways! Then how can you have the Perfection of the "Presence" quickly?

What I want to do tonight is to help you to have this Perfection come quickly. In your "Presence" there is no time nor space, and you have observed these ten days have passed like a breath. When your attention is upon the "I AM Presence" and Power of Life, you forget your bodies and you forget time; and that is what the human mind needs to do. It needs to forget those bodies long enough to let the Power of Life flow in and charge them with Its Health, Strength, and Perfection.
